W. B. Lymer Says Specifications for Pumping Station Machinery Were Altered After Bids Had Been Advertised For

NOTHING "SLIPPED OVER," SAYS MURRAY IN DENIAL

Lynch Asks That Lymer Produce Letters Said to Prove the Charge, But Loan Fund Commission Rejects All Five Tenders

All five of the bids for furnishing equipment to the Kakaako sewer pumping station were rejected this morning at a meeting of the Oahu loan fund commission, held in the form of a public hearing at the capitol.

Lawyers and representatives of the various firms that had submitted bids on the equipment were present, and verbal fireworks at times were highly effective.

Attorney W. B. Lymer roused a bit of ire when he said that friendship on the part of the manager of the water department had led to an amendment in specifications after bids had been advertised for, in order to let the Lynch company in on the bids. Lymer declared that any contract thus awarded would be invalid, and asked the commission to reject all bids and call for new ones.

Chairman Lester Petrie and Manager Murray both informed Lymer that Murray was not a member of the commission and that he had not had a part in passing the specifications. Lymer then withdrew his contention insofar as the commission was concerned.

James Lynch, representing the Lynch Company, declared that Lymer's statement was too small to be answered, but denied that there had been any favor shown in the matter.

Lynch wanted Chairman Petrie to ask Lymer to show certain letters in which Lymer had stated that he could prove his contention, but Commissioner Castro rising to a point of order said that the matter was so complicated that in view of public interest the bids should all be rejected. Castro so moved and the motion carried.

"I can show the papers," said Lymer, just before Castro's motion.

Harry Murray, manager of the water department, declared after the vote to reject that he had done nothing in the matter that he could not answer for. There was nothing "slipped over" on any bidder, he declared, and no protests had been made prior to the opening of bids.

A second motion by Castro was passed, providing for the specifications to be reconsidered by the board.

Congressman Frear Says Hawaii Trip Seems Like Dream

Wisconsin Representative is Anxious to Come to Islands Again and Be With Ad Club

Representative James A. Frear of Wisconsin is not too busy with affairs congressional to forget Hawaii's charms, to which he paid tribute on his visit here with the Washington party last spring. In a letter to President Farrington of the Ad Club, responding to an invitation, he writes:

"Washington, D. C., Dec. 16.

"Hon. W. R. Farrington, president,
"Ad Club, Honolulu, Hawaii.

"My dear Mr. Farrington:

"Just a word to say that in the midst of labors I want to acknowledge your invitation to be present at the Ad Club on December 6. I would like to have heard Evangelist Brown and to have joined in the Ad Club anthem, "I Love You, Honolulu."

"It all seems like a dream and a wonderfully pleasant dream at that. We think of you frequently, and in this mail I am in receipt of Christmas greetings from Mr. and Mrs. Riggs. Some day I hope to be with you again."

RUN CARS HOUR LATE

All street cars of the Honolulu Rapid Transit Company will be kept running on schedule one hour later than usual tomorrow evening, to accommodate New Year's Eve crowds.

SEVEN THOUSAND EXTRA VOTED AT SHERIFF'S PLEA

Police Department Will Have More Than $1150 Extra Per Month Next Half Year

SUPERVISORS LAY DOWN CONDITIONS FOR GRANT

Rose Must Give Heed to Suggestions From Board in Return for Extra Amount

Increasing by practically $7000 the appropriation of the last six months, the board of supervisors late last night voted an appropriation of $75,000 for the police department in the coming half year budget. The action came after a lengthy discussion pro and con upon the question of the sheriff's need for more money, and of the efficiency of the office.

Mayor Lane today gave out the following statement for the board relative to the increased appropriation:

"On account of the charges of inefficiency of the police department made through various sources during the last several months, the board of supervisors has appropriated the sum of $75,000 for six months in order to enable the sheriff to carry out the plans he deems advisable to make that department efficient.

"This action is taken on the understanding between the board and the sheriff that any suggestion the board makes through the police committee regarding the best interests of the department will be cooperated in by the sheriff."

Rose Outlines Plans.

Sheriff Rose said today he would put on three detectives, three motorcycle men, and two lunas to boss the jail prisoners who will work in Kapiolani park. Heretofore the prisoners worked in three gangs. Now there will be but one.

"I have $75,000 for six months," Rose said. "This is for salary and expenses. The extra officers will be used as the regular force is, in suppressing gambling and kindred activities. I understand that unless I keep the department up to standard I will get no increase when I come before the supervisors again."

Rose says more patrolmen are badly needed as he has only nine. He needs more detectives, because half the present force are used as interpreters and he wants enough men to keep some on duty at detective headquarters all night, which cannot be done now.

25TH SOLDIERS AGAIN INVOLVED IN A STABBING

Two Privates Fight and Johnson Stabs Leonard; Good Chance for Recovery

The second stabbing affray within a few days occurred at Schofield Barracks this morning, and, like the first, it was between two soldiers of the colored 25th Infantry regiment.

Private Leonard of Company K was stabbed in this morning's row by Private A. Johnson of the same company. Though the wound is serious, there is good hope that Leonard will recover. He was taken immediately to the hospital.

The quarrel occurred while the men were at work at a hayshed unloading some hay. Corporal Dial, who was in charge of the detail, reports that the men had been quarreling for some time at their work but he had kept them apart. His back being turned for a few moments, they began to fight, and Johnson stabbed Leonard in the left breast, under the arm, with a pocket-knife.

Others who were near the scene of the fight say that Leonard struck the first blow and that Johnson then whipped out the knife and used it effectively. Johnson is being held by the military authorities.

GRAND JURY THOUGHT TO BE INVESTIGATING DEATH OF MRS. MOORE

Although a coroner's jury did not fix blame on Miss Dorothy Spring, a tourist, and Dr. John C. Peden, a physician at the Queen's hospital, in connection with the death of Mrs. Mary Moore, it is believed that the city attorney's office this afternoon took the case before the territorial grand jury, and that a charge of manslaughter may be preferred against the couple. Deputy Attorney A. M. Cristy said that he "might bring the case before the grand jury." Mrs. Moore died at the Queen's hospital last Monday as the result of injuries received by being struck by an automobile in which Miss Spring and Dr. Peden were riding, the former being at the wheel.

ROBS PLANTATION OF $14,000 OVER SIX-YEAR PERIOD

Hans Reichelt, Assistant Bookkeeper of Lihue Plantation Co., Arrested, Confesses

STUFFED PAYROLLS TO HIDE HIS PECULATIONS

Trusted Employe Manipulates Books and Lives Extravagantly on Proceeds

Hans Reichelt, assistant bookkeeper of Lihue Plantation Company, Kauai, has ended a career of six years of peculations with confession of systematic thefts amounting to about $14,000 of the plantation's funds. He is under arrest and will be vigorously prosecuted by the Kauai authorities, the officers and directors of Lihue plantation being determined that his crime shall be adequately punished.

News of the embezzlements of Reichelt, who was a trusted employe and as such given discretion in the handling of funds, reached Honolulu yesterday with the return from Kauai of D. P. R. Isenberg. He, with Rev. Hans Isenberg, president of Lihue Plantation Company, made a close investigation of the irregularities and an examination of the accounts. Mr. Isenberg confirmed today the fact of the thefts and stated the position of the plantation to be that the crime must be followed by deserved punishment.

Reichelt, he says, has confessed to the thefts, which he succeeded in covering up by a system of padding payrolls. The exact amount is not yet known but it will be very close to $14,000. The man was arrested on Tuesday.

Manager F. Weber of the plantation recently returned to Kauai after some time in Honolulu at the hospital. He detected the first evidence of irregularity by finding on a pay-roll the name of a laborer and a payment made without the usual mark to determine what sort of work the man had done. The plantation's system is to mark on each pay-roll the sort of work for which the payment is made. Thus after a payment for railroad labor will be the abbreviation "r"; for cane-cutting, "c.c."

Reichelt's explanation of why he did not fill out this particular pay-roll item properly aroused suspicion. Questioning by Manager Weber broke down Reichelt's defense and soon the whole story was learned.

For perhaps six out of the seven years he has been in the plantation's employ, Reichelt has been stuffing the pay-rolls. In one month he got as high as $400. By various manipulations he accomplished his work free of detection.

The money has been spent in various ways. He built a fine house and lived extravagantly. In fact, it has been learned that he borrowed money on his note from Chinamen on Kauai, not getting enough from his manipulations of the accounts.

Such of his assets as can be realized upon have been turned over to the plantation authorities. His wife has a homestead, but the plantation officers will not take it from her. She has three children and much sympathy is expressed for her.

Reichelt came to the islands about seven years ago from the states. His father is still living in Germany. When his large expenditures and extravagant scale of living were commented upon, Reichelt's explanation was that he was getting money from his father.

Sheriff Rice has the prosecution in hand.

MAYOR INVITES ENTIRE CITY TO NEW YEAR DANCE

Mayor Lane extends the following invitation to the people of Honolulu for the open air ball to be given by him tomorrow night:

"Tomorrow night being the eve of another New Year, the people of Honolulu are hereby extended a cordial welcome to attend the sidewalk dance and Hawaiian tableau which are to be held on Bishop street and in the park adjoining.

"Dancing will start at 7:30 o'clock, and will last until after midnight. Let the people of Honolulu come out and enjoy to the fullest this last night of the year."

Old Hawaiian gods, priests, kahunas, chiefs, warriors—a stalwart array of at least three score people—will take part in the tableau which has been arranged at the mayor's request for a special stunt at this New Year's Eve celebration. The tableau will be staged at midnight and will last about half an hour.

The British steamer Oakfield, recently reported in distress southeast of Cape Race, N. F., was towed into St. Michaels by the Lady Ninien.

Prohibition Men Getting Ready For Big Campaigns

National Leaders Meet in Chicago, Discuss Possible Nominee in 1916 for President

[Associated Press by Federal Wireless]

CHICAGO, Ill., Dec. 30.—The opening guns of the national prohibition fight which will be waged next year in conjunction with the presidential campaigns and the lesser political fights in the states are being loaded in Chicago today.

Prohibition leaders from various parts of the country are assembled, to consider the coming general campaign.

They predict that unless the Republican and Democratic platforms of 1916 contain prohibition planks, there will be many defections among the voters, who will insist on a campaign against the liquor traffic.

Several possibilities are mentioned for presidential nominee on the prohibition ticket, including Ex-Governor Haley of Indiana; Ex-Governor William Sulzer of New York, Former Congressman R. P. Hobson of Alabama and Ex-Governor Eugene Foss of Massachusetts.

Sulzer, elected in the Democratic landslide of 1912, was soon after in hot water politically, and was ousted from office on charges of graft and corruption, his enemies of Tammany Hall being behind the fight on him.

William Sulzer

He has since favored the Progressives on several occasions.

ORTERIC OF LOCAL FAME, IS SUNK BY SUBMARINE

And now the unfortunate steamship Orteric's troubles are ended, her sinking by a German submarine being mentioned in the Vancouver Sun of December 16.

Less than four weeks ago the Star-Bulletin gave the news that the federal circuit court for the ninth circuit, California, had affirmed a decision of the local federal court, awarding the United States government the sum of $8962.30 as penalty against the Orteric for infraction of the law relating to the carrying of passengers. The Orteric had brought a load of immigrants from Europe to Honolulu and was fined by customs officers here for deficiencies in passenger accommodation, the case being that of the United States against J. F. Findlay, T. Clive Davies and W. H. Baird, representing the owners—the Bank Line of ocean carriers.

The ill-fated vessel was built on the Clyde to the order of Andrew Weir & Co., and with its sister ship, the Luceric, made its maiden voyage to British Columbia by way of Suez canal Of 4105 tons net and 6536 gross, those ships were, at the time they made their appearance in the trade, regarded as among the finest cargo carriers on the Pacific. Apart from their large cargo space they were originally fitted for the accommodation of something like 1000 Chinese steerage passengers.

JAPAN DECIDES ON ATTITUDE TO REBELS IN CHINA

Cabinet Holds Meeting at Bedside of Sick Premier; Results of Conference Kept Secret

(Special Cable to Hawaii Shinpo)

TOKIO, Japan., Dec. 30.—The Japanese cabinet held a meeting today at the home of Premier Okuma who was forced to his bed last week by illness. The cabinet decided the attitude of the Japanese government toward China, but nothing was given out after the conference.

Three more provinces in the south of China have announced their intentions of throwing their strength with the revolutionists. One province, Sze Chuen, has already revolted, while the province of Kiang Su is expected to make the announcement of independence at any moment. Shanghai is the port of the Kiang Su province.

Yuan Shih-Kai for the first time since the straining of relations between the parties in China is worried. The head of the monarchy party has been conferring with his cabinet night and day since the first provinces revolted.

Trouble in Chang King.

(Special Cable to Nippu Jiji)

TOKIO, Japan, Dec. 30.—The district of Chang King in the province of Sze Chuen in central China has declared its independence, and the troops in the garrison in that city have joined the revolutionary troops in the other independent provinces.

NEW YEAR'S FOR SEAMEN.

Observing New Year's Eve, the Seamen's Home and Seamen's Institute will hold a social evening tomorrow night at 8 o'clock in their building, Alakea and Halekauila streets. Every sailor in port is invited to attend. The affair will be the first social program enjoyed by the crew of the wrecked Chilean bark Ivanhoe in a long time. The crew are making their headquarters at the Institute.

On the program are instrumental and vocal numbers, games, and other features which should make the evening pass quickly. Refreshments will be served at the close of the program by a committee of women from the Ladies' Missionary Union.

PLAN TO UNITE AMERICAS GIVEN BY MR. LANSING

Secretary of State Proposes Union to Settle Disputes and Prohibit Aid for Revolts

[Associated Press by Federal Wireless]

WASHINGTON, D. C., Dec. 30.—Secretary of State Lansing suggested today at the session of the Pan-American Scientific Congress that all nations in the Pan-American Union join in a convention binding them to arbitrate all boundary disputes. He also suggested that the nations agree to prohibit shipments of arms to revolutionaries.

Mr. Lansing's proposal is supported by the President and is being forwarded to the home and foreign offices by the Latin-American representatives at the Congress. The plan is regarded as a step in a broad plan for the preservation of peace in the western hemisphere and a closer union of the Americas.

LONDON, England, Dec. 30.—Official from Paris.—In an engagement in the Adriatic sea between a squadron of the Allies and an Austrian division, two Austrian torpedo-boats were sunk. The remainder of the Austrian squadron fled, pursued by the Allies. The loss of life is not stated.

The Austrian division had come from Cattaro, along the lower Austrian Adriatic coast, and purposed to bombard Durazzo, the Albanian port.

It is reported that the French have occupied the Turkish island of Castelorizo, in the Aegean sea, and will use it for a naval base.

GENEVA, Italy, Dec. 30.—It is reported that the Italians have occupied Durazzo.

LONDON, England, Dec. 30.—Reports from the eastern arena yesterday and today lead the war experts to believe that the activity in the Bukowina district means an important battle in progress. In this section the Russians have taken the offensive and along a 40-mile front are battering at the German and Austrian positions. The front extends from Pruts north to the Dneister.

That there is heavy fighting on other parts of the eastern line is shown in unofficial advices from Russian sources which say that the Germans futilely attacked the Russian positions in the region of Lake Babit, while the Russians are threatening Mitau. The success of the Russians around Mitau is likely to endanger considerable forces of their opponents.

Macedonia Quiet; Allies Think Germans Lack Troops for Invasion

[Associated Press Service by Federal Wireless]

LONDON, England, Dec. 30.—The situation in Macedonia is unchanged. No further friction between the Greeks and the Bulgarians is reported.

It is believed that the Germans are not able to spare sufficient forces to make an attempt against the strongly-fortified Allies who are camped around Saloniki. To this reason is ascribed the failure of the Teutonic soldiers to follow the retreating Allies from southern Serbia into Greece.

French Claim Success In Vosges; Say Berlin Partially Admits It

[Associated Press Service by Federal Wireless]

LONDON, England, Dec. 30.—After days of ferocious battling in the Vosges section, the French claim to have made a successful advance at Hartmannsweilerkopf, where they reported capturing some strong positions several days ago. The success here is partially admitted in the Berlin announcements.

Berlin Says Germans Have Taken Back Hartmannsweilerkopf Positions

[Associated Press Service by Federal Wireless]

BERLIN, Germany, Dec. 30.—There is heavy fighting today in the Vosges. The Germans have recaptured the positions near Hartmannsweilerkopf.

Further to the northwest the British made a surprise attack near Lille, but the assault failed.

Recruiting Tension Is Relieved

[Associated Press Service by Federal Wireless]

LONDON, England, Dec. 30.—The domestic tension in England over the prospect of compulsory military service is being relieved. There is much speculation as to the method to be adopted to reach the unmarried men, the majority agreeing that the Derby plan of attesting as to whether one is married shall be extended.

"Sunny California" Mantled With Snow; Oranges on Whitened Boughs

[Associated Press Service by Federal Wireless]

LOS ANGELES, Cal., Dec. 30.—When dawn came today over Los Angeles and the surrounding country, a remarkable spectacle was revealed. In many points in the citrus fruit districts orange-trees were mantled in snow. The temperature, however, is not freezing and the oranges are believed to be undamaged.

At many California points snowfall is reported for the first time in years.

SPOKANE, Wash., Dec. 30.—Temperatures of zero or below are reported from many points in Idaho, Montana and Washington.

'MYSTERY OF MAVERICK' NOW DEFINITELY SOLVED; IN WAR PLOT

Steamer Was to Have Secured Cargo of Arms From Schooner, but Winds Prevented

"The Mystery of the Maverick" has been solved at last.

Many Honolulans have been wondering what was behind the visit of the Maverick to Hilo some months ago, her later voyage to Batavia, and what was the connection between the Maverick and the schooner Annie Larsen, which put into Grays Harbor, Wash., in distress. Now the mystery is straightened out in tales told by members of the Maverick's crew who recently passed through Honolulu on their way to San Francisco. These stories correspond pretty well with what the local papers learned at the time but could not entirely confirm.

The Maverick was to have met the Annie Larsen off Lower California, receive a cargo of arms and supplies from the schooner, and proceed to Batavia, presumably to help carry out a German plot to start trouble along the China coast or in India.

Tales of how contrary winds blowing on the coast of California upset a scheme to cause a native uprising in India were brought to Honolulu and San Francisco by nine members of the Maverick, former Jebsen steamer, arriving on the Seiyo Maru from Hongkong. The Maverick is still in the harbor of Batavia, Java.

The party was composed of Oscar Erickson, chief officer; William Reed, second officer; Owen McGee, first assistant engineer; T. H. Kenny, cook and George Strub, Neros Hernandez, A. Gonzales, Jose Bernal and F. Fernandez, members of the engine crew. McGee is the only San Franciscan and formerly lived at 357 Thirtieth street. The other officers are from San Pedro and San Diego.

According to an interview with Reed in a San Francisco newspaper the Maverick was supposed to go to Socorro island March 18, and connect up off the coast of Lower California with the schooner Annie Larsen, which would place aboard the steamer a cargo of arms and supplies. The Maverick was then to proceed to Batavia and await further orders.

Unfortunately for the plans, the Annie Larsen ran into a flat calm, later followed by a severe blow. The schooner was blown north, eventually bringing up at Hoquiam, Wash., where it was seized by the government. The Maverick, after cruising about 12 days searching for the schooner, decided to head for Batavia, stopping at Hilo on the way.

The Maverick's tanks were well filled with fuel oil and when Batavia was reached anchor was dropped and the crew waited orders. Their wages came regularly in the form of checks on the International Banking Corporation. Who sent these only Capt. H. C. Nelson and the purser knew.

At one time while waiting for the Annie the Maverick was overhauled by the Rainbow and Kent, British cruisers, and subjected to a thorough search.

When Hilo was reached King, the purser, left and returned to San Francisco and, according to Reed, he joined Jebsen and made his way to Europe with him, going down on the U-36, recently, dying with Jebsen.

The Maverick has been secured by the Maverick Steamship Company, of which concern Harry J. Hart of 321 California street is the prime mover.

Three Arrested for Annie Larsen Theft.

ABERDEEN, Wash., Dec. 18.—Three arrests in connection with the theft of a large number of rifles from the cargo of the schooner Annie Larsen, said by the federal authorities here, were made today, when J. Ultican, O. Rassmussen and John Axson were taken into custody.

It is said that Ultican, who was recently arrested in connection with an attempt to burn a building in Cosmopolis, has confessed, implicating the other men. They were kept apart, but whether they admitted the crime is not given out.

The arms were taken from the Annie Larsen by the government several months ago, when that vessel was forced to put into this port for food and water, having a cargo of rifles and 1,000,000 rounds of ammunition, supposed to have been consigned either for Mexicans or for Germans. The government seized the cargo when Supercargo Page escaped. The thefts were made from the storage sheds.

RULES FOR TRAFFIC TO GOVERNOR'S RECEPTION WILL CLOSE ONE STREET

Automobiles bearing guests to the reception which Governor Lucius E. Pinkham is to give tomorrow night at the palace to the people of Honolulu will have to follow certain routes. Machines may enter the palace grounds through the King street or the Punchbowl street entrance, and may drive out only through the Richards street gate.

Hotel street from Punchbowl to Richards will be closed to all automobile traffic during the reception and dance.

Mounted policemen and traffic officers will be detailed by Sheriff C. H. Rose to direct traffic and prevent violations of the rules. Plans for the handling of traffic were formed by James D. Dougherty after consultation with the police authorities.

FIND NO EVIDENCE IN RAID ON SUPPOSED DEN OF ORIENTAL GAMBLERS

Tuesday night when Sergt. of Detectives Kellett and several of his force raided the Honolulu Picture Framing Company's store on Bethel street, between King and Fort, they found 18 Japanese and Koreans upstairs and 15 downstairs, but although they believed a gambling game had been running, they could not find either cards, dice or money for evidence.

In entering the downstairs rooms where the game was thought to be conducted, Kellett and his men had to force open a trap door and crawl through it, giving those below plenty of time to hide any cards or money which might have been in use. No arrests were made.

FOUR OF HONOLULU'S WELL-KNOWN MEN GOT HERE 35 YEARS AGO

Thirty-five years ago when the old Pacific Mail steamer City of Sydney steamed into Honolulu harbor she brought in four young men, still resident here, who have played important parts in the business and public life of the islands. The four were J. S. McCandless of McCandless Brothers; J. A. Kennedy, president and manager of the Inter-Island Steam Navigation Company; F. M. Swanzy, managing director of Theo. H. Davies & Company, and Jonathan Shaw, now business agent of Oahu College, and formerly tax assessor under the republic.

None of the four men had known one another previous to boarding the City of Sydney at San Francisco.

DIAMOND KEKONA WILL ENLIST IN ENGLAND'S ARMY

In a letter which came yesterday from Diamond Kekona to his father, Dick Kekona Diamond, the young Hawaiian wrote that as soon as his wife recovers from illness he intends to enlist in the English army "to bring honor to the name of Hawaii." He will be the only Hawaiian fighting in any of the European armies, he thinks.

Kekona, as a musician, left here nine years ago on a passenger boat for Philadelphia, and after playing there went to Germany and France and later to England. He married an English girl and now lives in Kidderminster. In his letter he says conditions are bad, men 50 years old and over are enlisting, and that he intended to go with the army before had his three-day-old baby not died and his wife become ill.

"Aloha Nui Loa," he says at the close of the letter, "I would like to see Hawaii again."

ARMY OFFICER FINED $100; STRUCK WOMAN WHEN PASSING CAR

For passing a street car while it was standing at a street intersection, Capt. C. B. Parker, 2d Infantry, was fined $100 and costs this morning in the police court. The heavy penalty was fixed because it was shown Capt. Parker's machine ran over and severely injured Mrs. William Dudy at the corner of Fort and King streets. Mrs. Dudy's husband is a sergeant at Schofield Barracks. She did not appear in court today.

Many witnesses were summoned in the case, which was argued at length by attorneys, Capt. Edward K. Massee appeared for Capt. Parker and Attorney Chillingworth for the prosecution.

STREET RAILWAY CASE SUBMITTED TO JUDGE STUART FOR DECISION

After winding up all unfinished matters, the case of the territory against the Honolulu Rapid Transit and Land Company, a suit for injunction, was submitted to Circuit Judge Stuart for his decision.

It is estimated that no decision will be rendered for at least three or four weeks. Attorneys for both sides have submitted their briefs to Judge Stuart, and he has been supplied with a transcript of the evidence, which covers more than 2000 typewritten pages.

STORM DAMAGE AT SCHOFIELD ABOUT $20,000

An estimate of the total damage done at Schofield Barracks and Fort Castner by the heavy kona wind that swept over the military posts early Christmas morning places the damage done at at least $20,000. Immediately after the compilation of the estimate, which covers the probable cost of repairs, a cablegram was sent to the war department at Washington asking a special appropriation at once for putting the barracks in habitable condition.

The sum asked will merely suffice to repair the frame buildings, and cannot be used for any permanent improvement. Three barracks were almost totally demolished, and will practically have to be rebuilt, and quarters will have to be provided for the recruit companies, which have been sleeping in tents, most of which were ruined by the storm.

In the quartermaster's office it is hoped the department may plan to do away with the temporary frame barracks and a larger sum may be set aside to build permanent quarters, frame, but constructed with a view to permanency.

Tourists desiring passports to foreign countries must make application to Foster Davis, clerk of the United States court in this city. Mr. Davis has announced that all those who wish passports must first report to the court and their application will be forwarded to Washington, where it will be passed upon by the state department. All passports will be issued from Washington after the application has first been made in the local court.

RELAY RACE IS CALLED OFF BY 'Y' COMMITTEE

The Y. M. C. A. relay race from Schofield to Honolulu, scheduled for New Year's Day, has been called off At a meeting of the race committee today it was decided that inasmuch as the association had many events planned for New Year's Day it would be best to cancel the race program.

Many of the interfnediate runners had made good time in the practise runs, and it is expected that the association will stage the relay race at some other time. Although not entered under the colors of the Y. M. C. A., many of the long distance runners, who are members of the association, will take part in the distance runs at Kapiolani park on Sunday afternoon.

LOCAL AND GENERAL

Federal court trial jurors have been excused until further notice.

Either today or tomorrow the second final instalments on the liquor licenses for Oahu must be paid to Carlos A. Long, secretary of the liquor board, at his office in the Kapiolani building, King and Alakea streets.

An order was issued from federal court today to the effect that Marshal J. J. Smiddy reimburse Judge Sanford B. Dole and Reporter O. P. Soares for actual expenses incurred during the term of court held in Hilo last August.

An illustrated article by Prof. Vaughan MacCaughey of the College of Hawaii on the subject of "Hawaiian Blow-Holes," appears in a recent number of Scientific American. It describes the blow-holes that occur along the Oahu and Kauai coasts, and tells of their interesting features.

The Nippu Jiji will not publish an edition tomorrow, but the special New Years edition, which will give an account of the sugar industry, the pineapple and coffee industries and other features, will be issued on Saturday morning. The edition will contain 28 pages of descriptive matter on Hawaiian social and business life.

The bond of the American schooner Halcyon for its appeal of the libel suit brought against it by the Inter-Island Steam Navigation Company, was fixed at $500 by Federal Judge C. F. Clemons today. The libellant's bill of costs was approved as submitted. In a decision on the case, Judge Sanford B. Dole found for the company.

MORNING ON 'CHANGE

A livelier tendency was manifested on 'change this morning, with trading heavier than earlier in the week, and prices fractionally stronger at many points. Olaa has rebounded to 9 5-8, McBryde to 8 3-4 and Ewa to $27 while Hawaiian Commercial stands at $43.50. Honolulu Brewing has struck skids, and sold at $17.50. San Carlos was active, between boards, at $9. The first sale of Honomu since the stock was at $130 was made today at $175. Heretofore bids and offerings have been widely apart, bids standing around $150 and asked prices at around $200.

H. A. C. CLUB PUTS LIMIT OF 25 TO MEMBERSHIP

Members of the H. A. C. Club met last evening at the Y. M. C. A. for their weekly dinner, and plans were formed for social and athletic work for the coming year. It was decided at the meeting to limit the present membership to 25, and Leon Ebersole and Gordon Wakefield will be appointed a committee on membership for the hte coming year. Ronald Higgins and Werner Smith were appointed members of the athletic committee.

A ladies' bowling tournament will be held at the Y. M. C. A. some time next month, and the H. A. C. members are at present arranging details for the competition.

NO WIRELESS MESSAGES HEARD YET FROM TAHITI

Although the Mutual's wireless plant has been listening every night for signals from the new French station at Tahiti, nothing has been heard as yet. The station is expected to be in service by January 1. Regular messages from Honolulu to Tahiti will be handled by the Mutual Wireless, a Marconi plant. The Federal will not handle any of the Tahiti business.

SZE CHUEN GOES OVER TO REBELS; CANTON WAVERS

(Special Cable to Liberty News)

SHANGHAI, China, Dec. 30.—A report received from Chang King this morning states that the entire garrison of troops in Sze Chuen province has gone over to the revolutionists, and the province has declared its independence of Yuan Shih-Kai. Sze Chuen is the most populous province in China and is the center of the opium industry. The last census gave the population of this province at 70,000,000.

A despatch from Canton states that the people of Canton province are preparing to declare their independence and this province will be joined by Fukien which is north and east of Canton. Prominent politicians state that Fukien will be forced to cast its lot with the revolutionists as it is entirely surrounded by provinces in sympathy with the republican movement.

Divorce suits were filed in circuit court today as follows: Hattie Makua against Ephriam Makua, desertion, and Rose Christian Soares against Christian Soares, non-support.

THURSDAY.....DECEMBER 30, 1915

FREE DENTAL CLINIC PROBABLE.

Realizing the need of a free dental clinic in Honolulu, the board of supervisors yesterday decided during a caucus on the 1916 budget to appropriate $50 a month toward this useful work. About $800 is needed in addition to the $600 thus assured, and with $1400 Palama Settlement will undertake to secure a competent dentist and give dental service free to the people so poor they cannot afford to pay. Even in the midst of calls for charity funds from all sides, this $800 should easily be raised among the more fortunate people of Honolulu. Perhaps when the value of the service is better known, the supervisors will pay for it entirely from public funds.

BOOZE RESPONSIBLE.

"Booze is responsible for this killing," said a man from Schofield yesterday, referring to the fatal stabbing affray in which Private Benjamin Franklin of the 25th Infantry was the victim. "Franklin had been drinking. He got into a quarrel with Corporal Carchell and bullied Carchell until the latter stabbed him with his pen-knife. Booze did it."

This is something for the "personal liberty" advocates to think about. Franklin, of course, exercised his right of "personal liberty" by liquoring up and bullying the corporal. A death by violence is the result.

These repeated crimes of violence and lust due to passions inflamed by strong drink are the best possible arguments for the temperance forces. Hawaii has had so many crimes in recent years directly traceable to booze that public sentiment is growing with remarkable rapidity in favor of prohibition in this territory.

POLITICS AND PRISONS.

Politics, state and municipal, have been the bane of American prison administrations for a hundred years.

Hawaii has had some of the experiences of other commonwealths. Thanks to the personality which High Sheriff Jarrett has put into his task, the territorial prison is doing a splendid work toward rehabilitating the men sent there for punishment. But the county jail, administered primarily under the patronage system of politics, is a focus of incompetency. Nothing but a thorough political house-cleaning is likely to root out this incompetency.

Where politics and efficiency clash in prison administration, the politicians are sure to attack the modern ideas of penology as visionary and impractical. New York is getting an illustration of this. Thomas Mott Osborne, the warden of Sing Sing prison, has just been indicted for alleged mismanagement of this big penal institution. The fight made on Osborne by the patronage politicians of the state is notorious. They have not only attacked him from without, but have stirred up discontent and even violence within the prison walls. William Willett, a lawyer, was sentenced to Sing Sing for corrupt politics—buying judicial nominations was the exact offense—and immediately he began inciting the prisoners to testify against Osborne, so it is alleged by investigators. Willett supposedly is working with a gang of politicians on the outside. This is a sample of the many methods used to "get" Osborne, who gave up a business that had made him a millionaire simply to help the state in trying to reform the terrible old prison of Sing Sing.

Osborne's work, however, speaks for itself, nor does it lack stanch friends to speak for it. On the very day that a revolt was incited in the prison, a judge of the court of general sessions of New York declared that not one prisoner released from Warden Osborne's supervision has come again into court.

Politics and prison administration can't mix without detriment to the administration. The only way to insure the community against such political manhandling is to get the prisons from under the control of politics.

Occasionally some one who still trustingly confides in our expert knowledge of the war asks us, "What has become of Grand Duke Nicolaievitch." His address has been missing for some time but from the progress those Russians are making in Persia we are inclined to think he'll soon be registering somewhere around Bagdad.

In promoting the monarchy President Yuan perhaps had no more idea of the trouble he was stirring up for himself than Anstria had in sending that original note to Serbia.

Germany is said to be getting nitrates out of the air. Previous reports had indicated that the upper regions were devoted exclusively to aviation and divine interposition.

Col. Roosevelt's presidential intentions are still worrying his enemies and his friends. The former are afraid he'll run and the latter are afraid he won't.

The Allies' "campaign of attrition" is so successful that only two million Teutons are available for the dash through the Balkans and against Egypt.

Kitchener denies that he is to wed the Dowager Countess of Minto. It is obvious that just at present he is otherwise engaged.

How doth the little busy plot expand each shining minute, involving foreign attaches who swear there's nothing in it.

Berlin despatches indicate that Hartmannsweilerkopf was captured after desperate fighting, a syllable at a time.

Greece is displaying all the enthusiastic symptoms that Italy did—before Italy got into the war.

Even on his honeymoon the president's life is one note after another.

MARKLE TELLS OF LOAN SHARK RING DEALINGS

Further confirmation of the belief of the city attorney's office that a "loan shark" ring is, or has been, in existence in Honolulu, is given by the testimony of Edzal Markle, who, according to the city directory, is a motorman with the Honolulu Rapid Transit and Land Company, in the three-day trial of W. L. Peterson, who yesterday was found guilty of usury.

Peterson is the second of four alleged "loan sharks" who have been convicted in the circuit court. Two of the 14 charges against John Vivichaves were tried in two days, resulting in two convictions. He pleaded guilty to the third charge. One more charge remains against Peterson. Markle pleaded guilty shortly after being arrested, and is still awaiting sentence. Following his pleading the city attorney's office said that it might use him as a witness.

If the testimony which Markle gave during the Peterson trial be correct as far as his memory serves him, some interesting "inside" information regarding the workings of the purported "ring" has been uncovered. The jury was just eight minutes in convicting Peterson.

Markle's testimony regarding "inside" matters was brought out on direct examination by Attorney Will T. Carden, who is handling the usury cases for the city attorney's office.

At the close of the trial yesterday afternoon, and after the verdict had been returned, Attorney Carden moved that the court commit Peterson to the grand jury on a charge of perjury which, Carden alleged, had been committed by the defendant during the hearing. Judge Ashford declined to do this.

Vivichaves is scheduled to be sentenced some time after the first of the year. It is expected that Peterson will be sentenced at the same time.

CHAUTAUQUA CIRCUIT TO HEAR MACCAUGHEY

The Chautauqua Institution of New York has engaged Professor Vaughan MacCaughey of the College of Hawaii to deliver a series of lectures upon natural history, with special reference to pedagogical methods, at its summer session next summer. These lectures, with accompanying field work, will extend over a period of six weeks. This is the fifth year of Professor MacCaughey's lectureship at Chautauqua. He will also lecture there upon Hawaiian natural history.

Frank Millici, fruit dealer of Niagara Falls, shot down at Jamestown, N. Y., after a street quarrel, died in Jamestown. He refused to name his assailants.

throughout the county. The board voted to grant the janitor at Waikiki school a salary of $35 a month.

Several requests for appropriations were read at the meeting last night and filed with the proper committees. The Associated Charities ask $800, the Free Kindergarten Association $400, and the Carnival decoration committee, $500.

By motion of Supervisor Arnold, passed by the other members last night, the clerk is instructed to return all bids on the electric light building for an extension of time of 10 days. This is in order to make a slight change in the specifications. The bids were to have been opened today.

F. M. Swanzy has called the attention of the board to the fact that water from Makiki canal is flooding his land on Kalakaua avenue, and covering it with foul refuse from upper sections of the city. Mr. Swanzy predicts an outbreak of disease if the refuse is allowed to remain long on the land.

Supervisor Hollinger introduced an ordinance governing the duties of the superintendent of parks, school grounds and playgrounds, which passed first reading by title. The ordinance provides for a length of term to conform with that of the supervisors with whom he serves, and places him under bond. He must also report to the supervisors once a month on the amount of work being accomplished.

Dr. A. N. Sinclair, superintendent of the Anti-tuberculosis League, has again written to the board asking that an appropriation be set aside for the erection of a school for children affected with the "white plague." The superintendent says that Deputy Auditor G. W. R. King has informed him that he does not think the territory can use money from its $120,000 fund for fighting tuberculosis, in the erection of such a building.

LITTLE INTERVIEWS

—CHARLES LOOMIS: The "Treasure Hunt," which will be one of the features for the boys of the Y. M. C. A., is sure to attract interest, as last year's hunt was a complete success.

—FLOYD EMMANS: The dinner at the cafeteria on New Year's night will be a new feature. We have made every arrangement for the ladies, and the musical features during the dinner will be appreciated by all.

—WILLIAM P. DREIER: The boys of the intermediate department of the Y. M. C. A. are taking an active interest in the affairs of the day, and our debating societies have proved to be successful in drawing attention to the current events.

—ROLLA K. THOMAS: There has been a large attendance at the religious and educational meetings at the Y. M. C. A. during the past month. The night school enrolment has increased, while the Bible class Tuesday evening was well attended by members of the association.

—A. P. TAYLOR: "The Isles of Perpetual Summer." This is the new phrase that is being used by the Promotion Committee in the campaign of publicity. I believe that this phrase will become popular as it will give tourists an idea of the nature of our climate. We should be pleased to be here now, with the thermometer registering only 22 above zero in San Francisco.

CARTER NOT ALLOWED TO LEAVE HOSPITAL; SOLDIERS LOCKED UP

Physicians today refused to allow Henry Carter to leave Queen's hospital, where he has been under treatment since he was stabbed in the abdomen in a fight Christmas Eve, and charges which were to have been preferred against Oscar Nelson and John K. Stuart, 2nd Infantrymen suspected of being implicated in the cutting affray, will not be brought before the grand jury until after the new jury meets, January 10.

Nelson and Stuart have been booked for assault with a deadly weapon, at the city jail, where until today they were held for investigation. No new evidence of importance has been secured, and both men still deny that they cut Carter. Carter today is greatly improved, and is out of danger.

MUST SERVE YEAR FOR TAKING PAIR OF PANTS

By request of the prosecution the charge of first degree burglary standing against Yee Kup Soon, a Korean, was today changed to larceny in the police court, and Soon pleaded guilty and was sentenced to a year in jail. Soon is now serving the last of a previous year sentence and the sentence imposed today will be added to this.

Soon stole a pair of pants from a Japanese while he was temporarily out of jail, from which he escaped while acting as trusty.

SOLDIER LANDS IN JAIL AFTER LIVELY EVENING

As an end to a lively evening during which he took an auto belonging to Kekahuna Brothers, Leilehua, and after driving it about the city stopped in the Iwilei district, John J. Herbert, Battery F, 1st Field Artillery, landed in jail last night and is now held for trial by the military authorities. David Kekahuna missed the machine and phoned to police headquarters and after a long search Herbert was found, and admitted he took the auto.

Personal Mention

CHARLES S. DOLE, district magistrate of Lihue, Kauai, is visiting in Honolulu.

T. H. PETRIE of Castle & Cooke Ltd., is expected to return from the coast in the Matsonia next Tuesday.

DR. MINAHAN, one of the famous surgeons of the Middle West, whose home is at Green Bay, Wis., is visiting the islands. Dr. Minahan is now a guest at the Moana Hotel.

GEORGE S. RAYMOND, territorial school inspector, will leave for Hilo in the Mauna Kea on Saturday, January 8, to inspect the schools on the Big Island. He will be absent for five or six weeks.

D. K. KAPAHEE has been reappointed by Governor Pinkham as district magistrate for Koloa, Kauai. Kapahee has served as magistrate in Koloa for several years. The appointment is for a term of two years.

REAL "ANCIENT MARINER" LOST LIFE ON IVANHOE

There was one "ancient mariner" on the Chilean bark Ivanhoe, wrecked on the Port Allen breakwater Christmas night in the Kona gale. He was Juan Haute, the old bark's Chinese cook, whose age, according to Capt. A. H. Biehl's report, was 86 years.

The aged Chinese signed at Valparaiso, Chile, July 29, for the voyage to Port Allen with a nitrate cargo. It was the last trip he ever made, because he was drowned when the bark went on the rocks.

Juan refused to leave the ship, although he could have done so easily with the rest of the crew. Perhaps he thought he was too old, and that then was as good a time to die as any. The bark herself was 47 years old.

WIRELESS SERVICE TO ALASKA POSSIBLE NOW

Day message and night letter wireless service between Honolulu and Alaska points is now possible for the first time, Manager W. P. S. Hawk of the Marconi Wireless Telegraph Company's local office announced today.

Messages will be sent from here to San Francisco, thence to Astoria and from there to the Marconi's Alaska stations at Sitka, Cordova, Ketchikan and Juneau. Mr. Hawk received notice by mail Tuesday of the establishment of this service. Heretofore cable service has been the only means of quick communication.

Guaranty Trust Co., of New York declared the regular quarterly dividend of 6 per cent. and an extra dividend of 2 per cent.

MOVING DAY FOR Y. W. C. A.; PLANS FOR BIG OPENING

Moving day has started for the Young Women's Christian Association, and furniture, equipment, plants, rugs, carpets and other material is being brought into the new headquarters by the dryload in preparation for the beginning of active work in the building tomorrow.

Two new pianos have been received, and a combined reflectograph and stereopticon, a gift from J. T. Warren and W. D. Westervelt, has been installed in the big room upstairs in readiness for future entertainments there.

Tonight Miss Helen Taylor, who is to make the dedicatory address next Sunday afternoon in the opening exercises, will give a lecture on "Nose-rings and Anklets" to the girls at the Homestead on King street. This is a summary of some of the things she saw on her recent trip through India.

Miss Taylor is to speak on Sunday evening at the Methodist church on a subject not yet announced, and to morrow evening she will be present at the same church for the watch meeting.

Miss Cora Varney is anxious to have all the ferns and plants that are to be given to the association by Honolulu people brought in by today or tomorrow. Strng hardy ferns are especially desired, and abut 10 hanging baskets will be much appreciated. In cases where givers cannot send the flowers she will make arrangements to have some one call for them.

Chile's public debt is $50 per capita.

SUPERVISORS DEBATE ON PAVING AND FAVOR CONCRETE FOR 6TH AVE.

Shingle Asks Why Board Has Changed Its Stand on Warrenite

When Supervisor Robert W. Shingle asked of the other members last night whether or not it is the intention to put only concrete upon the city's new streets, he was answered by Supervisors Larsen, Robert Horner, Ben Hollinger, Daniel Logan and Charles N. Arnold. Mr. Ahia was the only one of the members who failed to speak on the subject.

Mr. Larsen's explanation was long. It covered the subject of concrete from top to bottom, cited instances of concrete work about the city that had stood the test of heavy traffic for many years, and ended with that now familiar motto, "I am for concrete first, last and always."

Mr. Shingle stated in reply that he is not opposed to concrete, but that he wonders if it is best for the board to lay all streets with this substance when it is yet only an experiment in the Hawaiian islands. Should the board not rather put down some other substance as well?

"When I left here two months ago," said Shingle, "we had practically decided on Warrenite pavement. I come back now and find that you have your minds made up to use concrete here, there and everywhere about the city. Can we take a stand like this?"

Larsen thought so, as he stated. He spoke of Queen street, where, he said, Warrenite had proved unsuccessful, and asked J. A. Gilman, representing the Warrenite style of pavement, to tell him why this is so.

Gilman said that the fault lay in the foundation beneath the Warrenite in the places mentioned by Larsen, and not in the Warrenite itself.

Logan predicted that cement would shoot skyward if the city established concrete as a standard pavement, and said that property owners should be allowed to say what they desire.

Hollinger thought that concrete of at least six inches was the only thing, and said that even this must have a top dressing.

Arnold closed the argument at last and vigorously. His words had evident weight upon the other supervisors, and cries of "kokua" were heard when he sat down.

"If we are going to get ahead," said Arnold, "why then don't we agree on a pavement that we can purchase from more than one firm. If we have to patch concrete we can do it with more concrete, but we must patch Warrenite with asphalt macadam, or else let out a contract for more Warrenite. Concrete, if properly put down, is more durable than Warrenite will ever be.

"Won't durable pavement lower the tax rate in future years?" said Arnold. "I don't care who gets the contract, but I do believe that each of us wants to think that in years to come we can point with pride and say, "I helped put that road through."

Following the discussion, which lasted more than an hour, the board voted for a six-inch pavement of concrete on 6th avenue, Kaimuki. The final settlement will be made, however, at the public hearing to be set some time toward the first of the year.

WHITEHOUSE OUT AND IN; TAKES BRAND NEW JOB

L. M. Whitehouse tendered his resignation to Mayor Lane yesterday afternoon, the mayor informing the board of the engineer's action in the meeting last night and stating that the resignation had been accepted.

After the letter had been placed on file, Supervisor Shingle rose to introduce a resolution naming Whitehouse as the new consulting engineer of the city. This carries out the plan outlined a few days ago in the caucus of the supervisors.

Supervisor Horner voted in the negative on the appointment of Whitehouse as consulting engineer, stating as he voted that he had opposed the segregation of the engineering offices from the start, and could not vote "yes" on the resolution which created a new office.

MEMO'S OF MEETING OF CITY SUPERVISORS

The supervisors' meeting began at 8:10 o'clock last night, and lasted until midnight. The next meeting will be on Tuesday night.

Supervisor Hollinger has offered to investigate the salaries of school janitors with a view to regulating them

COLORED LANTERNS WILL LIGHT COVERED ARCHWAY

Active work on the covered archway between the capitol building and the armory, which is to be used on the night of the governor's New Year ball, began yesterday.

Inspector A. Richley, who is in charge of the work over a large gang of men, says that he intends to decorate the interior of the archway with Japanese lanterns, and that similar lanterns will be used also on the front of the capitol.

Automobiles may enter the grounds from either the makai or mauka gates, but the building proper will be entered from the makai side only. The eastern end of the grounds will be closed to automobiles on Friday night.

All of the frame work of the archway is in place today and workmen are putting canvas over for a covering. The archway leads in a direct line from the capitol steps to the armory. A panel of the iron fence has been removed where the temporary structure enters Hotel street.

MOTHER WANTS TO KNOW WHERE SILAS HARRIS IS

Is Silas Harris, a former member of the American steamer Mackinaw's crew, still in Honolulu? His mother, Mrs. Matilda Harris, R. F. D., No. 1, Box 26, Sherwood, Ore., has written to the Seamen's Institute for information as to his present address.

In her letter, according to Superintendent C. F. Mant of the institute, Mrs. Harris said her son wrote her from Honolulu that he had left the Mackinaw at this port, and intended to ship on another steamer as soon as he could get out. His mother has had no word from him since October, and is very anxious about her son. Mr. Mant asks anyone knowing Harris' whereabouts, to notify him.

When preparing to attend the Governor's ball on New Year's Eve, do not neglect your evening slippers. We have a large line of Mazie slippers in bronze, kid, patent and white, and some of the popular satin pumps in black and white, also the bronze beaded Genesta pumps. NEW YEAR'S EVE AT COMMERCIAL CLUB QUARTERS

There will be several hours of jollity at the Commercial Club on New Year's Eve. Club members and their guests will gather here to speed the parting year and welcome the new one.

Th affair is so arranged that members may drop in and out any time during the evening, going to the other New Year events in progress that evening, and returning for the "open house" in the club quarters. Music for dancing will be furnished from 9 to 12:30. Many members are planning to spend the entire evening there, while others will mingle with the street crowds or go to the governor's ball.

NEW YEAR'S EVE AT YOUNG HOTEL

The management of the Alexander Young cafe is at present booking dinner parties for New Year's Eve. The serving of a special dinner will begin in both the cafe and rathskeller at 6:30, and no tables will be reserved for later than 7 o'clock.

Special musical features will be introduced, similar to Christmas Eve, and the three entertainers who have now become favorites with the Honolulu public will appear at the rathskeller from 6:30 to 9 o'clock. After that hour the program will be transferred to the roof garden and will be continued until 12, when the birth of the New Year will be celebrated.

Anticipating that many of the guests will desire a light supper, the musical program will immediately after midnight be resumed in the rathskeller, where the festivities will continue until 2 a. m.

The patrons of the hotel, tourists, townspeople and officers of the army and navy and their ladies are cordially invited to be present.—Adv.

NAVY LEAGUE WOMEN SEEK MILLION NEW MEMBERS BY FRIDAY

The membership committee of the local women's branch of the Navy League, of which Mrs. J. Morton Riggs is chairman, is hard at work getting local women to sign pledges of membership. It is the idea of the main organization, which has headquarters in Washington, D. C., to secure the pledges of 1,000,000 members before January 1, and Mrs. Riggs is anxious that all signed pledges from Honolulans be sent to her not later than tomorrow. A cablegram is to be sent to Washington, probably tomorrow, giving the figures of the Hawaii membership.

MANY KIDDIES ATTEND PHOENIX XMAS PARTY

Children to the number of 268 gathered in Phoenix hall last night and enjoyed a musical program and big Christmas tree furnished for them by the lodge members. The program was opened with a selection by the Hawaiian Band, this being followed by instrumental music by a Hawaiian orchestra, violin solos, motion pictures and a song by Neil Slattery. Early in the evening the Christmas tree was lighted, and C. C. Cunha in Santa Claus costume, leading a crocodile and attended by a clown, made his appearance. Each child received an individual present, as well as a quantity of ice cream, candy, nuts and fruit.

CREW OF IVANHOE TO STAY UNTIL FEBRUARY 4

Not until February 4 will the officers and crew of the wrecked Chilean bark Ivanhoe be able to start back to Chile. There is no T. K. K. South American liner due before that date, when the Kiyo Maru is scheduled to arrive here from the Orient.

According to J. W. Waldron, consul for Chile, this morning, the Kiyo is the first steamer available. The officers and sailors will have their board bills and room rent paid by the Chilean government until the Kiyo arrives to take the 15 survivors home. They are at the Seamen's Institute.

The Kiyo is scheduled to reach Valparaiso March 30. Capt. A. H. Biehl said today he desired to thank Harbormaster Capt. George B. Leavitt of Port Allen, and the captain, officers and crew of the ship British Yeoman, also there, for their kindness in lending every assistance to himself, his officers and his shipwrecked crew when the Ivanhoe was wrecked Christmas night on the Port Allen breakwater in the Kona gale.

WHARF ROAD TO BE INSPECTED BY WHEELER

A. C. Wheeler, acting chairman of the harbor board, will leave for Hilo next Wednesday morning on the Mauna Kea to inspect the alleged faulty pavement which J. C. Foss, Jr., has laid on the Kuhio wharf road.

Foss has sent samples of the road to the board, which were on display yesterday at the meeting of that body. The contractor has stated to the board in previous meetings that he believed personal feelings have formed a large part of Inspector William Greger's condemnation of the concrete pavement. When Wheeler returns he will report to the board how he thinks the question can best be settled.

Young Brothers have asked the board for permission to install a 500-gallon tank and a pump on the Queen street boat landing.

WANT FORMER SPOKANE RESIDENTS TO GREET PARTY OF TOURISTS

With about 40 Spokane residents making a special excursion to the islands as passengers in the Great Northern on its next trip from the coast, former Spokane residents will be asked by the Promotion Committee to foregather and organize themselves into a reception committee. The secretary of the Promotion Committee will be glad to cooperate with the Washingtonians.

Portlanders and Seattleites are being organized into a reception committee to greet the Royal Rosarians of Portland, who are to make an excursion to the islands next April. Riley H. Allen, editor of the Star-Bulletin, is the chairman of this committee.

VENTURA IS BRINGING BIG MAIL FROM COAST

The Oceanic steamer Ventura is bringing 765 bags of mail from San Francisco, according to a radio message received yesterday from her by the shipping department of C. Brewer & Company, Ltd., Oceanic agents. The liner is due about 7:30 o'clock Monday morning.

There are 11 passengers for Honolulu, 151 tons of refrigerator cargo, and the mail. The steamer sails the same afternoon, between 2 and 3 o'clock, for Pago Pago and Sydney. To date, there is no one booked from here for either port.

SCHOONER KITSAP ON FIRST VOYAGE HERE

Advices to the Merchants Exchange give the schooner Kitsap as sailing from Blakely, a Puget Sound port, December 16, for Honolulu, and anchoring in Clallam Bay December 17. This is apparently a new schooner, as The Guide gives her as 451 tons register.

The only other Kitsap listed in the Fireman's Fund Register is a schooner of 123 tons.

The new Kitsap is believed to be the converted barge Gardiner City. The New York Maritime Register of December 8 says the Gardiner City was to be converted into a schooner.

The Kitsap is bringing a lumber cargo here.

At 11 o'clock tomorrow morning the Hill liner Great Northern is due to arrive at San Francisco. The big steamer left here Sunday night at 11 o'clock, taking 132 passengers from here and 97 sacks of mail. No radio as to the speed she has made has yet been received by the firm of Fred L. Waldron, Ltd., the local agents.

INTER-ISLAND TO MAKE NO CHANGE IN SAILINGS

Steamer sailings of the Inter-Island for 1916 will be exactly the same as they have been in 1915, Passenger Agent Oliver C. Scott of the Inter-Island Steam Navigation Company, Ltd., announced today.

As Saturday is New Year's Day, the Mauna Loa sailed at noon today, a day early, for Maui and Hawaii ports. The Claudine sails at 5 o'clock this afternoon, also a day early, in order to return to Honolulu at midnight Friday, allowing her crew and passengers to pass January 1 here.

The W. G. Hall sails at 5 o'clock this afternoon for Kauai, and will return early Saturday morning if possible.

After January 1, however, all Inter-Island boats will go back to their old schedule, which will be maintained throughout 1916. The Inter-Island's new steamer, the Shoshone, will carry no passengers.

HARBOR NOTES

Arrival of the bark Kohala at Everett, Washington, yesterday, is reported. She left Port Allen November 25.

With a cargo of nitrates on board from Mukilteo, the schooner Prosper arrived at Port Allen yesterday.

Sand and other cargo is being discharged at Pier 2 by the Shoshone, the Inter-Island's newly-purchased steamer.

Due here from Manila January 4 is the U. S. army transport Thomas. The transport left Manila on time December 15.

The W. G. Hall yesterday brought from Maui five crates of pigs, six of chickens, 14 barrels of honey, 860 bags of sugar, and 30 packages of sundries.

The U. S. army transport Sheridan is due to sail from San Francisco for Honolulu and Manila, January 5. She is scheduled to arrive here January 13.

At 5 o'clock this afternoon the American-Hawaiian steamer Minnesotan will sail for Port Allen and Kahului, to load 9000 tons of sugar for New York.

At 5 o'clock this afternoon the Matson steamer Manoa is sailing for Kahului. She returns here Saturday morning early, and will leave Tuesday for San Francisco, taking the next mail.

Next week it is expected the motor boat Pilot will be placed in commission. The craft has been built by the Inter-Island for Young Brothers. She is 45 feet long, and motive power is a 50 horsepower motor.

With 765 bags of mail on board, a week's accumulation, the Oceanic steamer Ventura is due here about 7:30 Monday morning from San Francisco. She sails the same afternoon for Pago Pago and Sydney.

In from Maui, the Inter-Island steamer Claudine today brought 21 cabin passengers, 19 crates of pigs, one of turkeys, 11 barrels of wine, 36 hogs and 174 packages of sundries. Purser J. F. Mackenzie reported moderate northeast winds and sea on the inward trip.

London newspapers state that a Swedish torpedoboat destroyer saved the American bark Andrew Welch from capture the night of November 15 by a German torpedoboat, as the bark was lying off Haelmstead. The Welch left San Francisco August 19, with a cargo of beans valued at $150,000.

Delayed 15 hours in leaving Vancouver because she had to wait for belated European and eastern mail forwarded via Seattle, the Canadian-Australasian liner Makura did not dock here until 6 o'clock last night, 11 hours late arriving. She landed 11 first-cabin, 12 second, and three third-class passengers here, and sailed at 9 o'clock for Suva, Auckland and Sydney. She took 27 passengers from here.

Radio advices received today by Castle & Cooke's shipping department state that the O. S. K. steamer Panama Maru will be off port from the Orient at 7 o'clock Sunday morning, with 80 steerage passengers and 1290 tons of freight for Honolulu, also 42 bags of mail from Japan ports only. Her sailing time is not known. No mail will be despatched by her, the postoffice stated today. The Manoa, sailing Tuesday, will take mail.

INTER-ISLAND BOATS SOUGHT STORM REFUGE

That the Inter-Island steamers W. G. Hall and Kinau were forced to take refuge in Ahukini Bay, Kauai, to avoid the fury of the recent kona gale, is stated by the Garden Island. Says this paper:

"The worst rain, wind and thunder storm in many years started in between Lihue and Hanalei Friday morning, coming from the south. In the early afternoon it was plain that the Kinau could not make Nawiliwili, so she took refuge in Ahukini bay, where the W. G. Hall was already lying.

"There were flashes of lightning and several claps of thunder. At one time for a period of several minutes hail of quite respectable size fell along the coast being most noticeable at Nawiliwili."

THEATRICAL OFFERINGS

'KILMENY' IS LIBERTY WINNER

The special all-star cast with which the Oliver Morosco Photo-play Co. has surrounded Lenore Ulrich in her firm debut in "Kilmeny" constitutes a delicate compliment to the intelligent taste of film audiences. Such a cast in a stage play would be the talk of the town. It includes such notables as Myrtle Stedman, one of the famous beauties of the screen; Herbert Standing, who plays leads with Sir Henry Irving, and Sir Charles Wyndham; Victory Bateman, who was leading woman for Edwin Booth and Tomasso Salvini in her teens; Howard Davies, who was long connected with Wilson Barrett in England and the Lieblers here; William Desmond, a famous matinee idol of both America and Australia; while down to the least member "Kilmeny" represents one unbroken piece of sheer managerial good luck.

Lenore Ulrich herself is known the country over as the star of Oliver Morosco's sensational stage success, "The Bird of Paradise." "Kilmeny" is the attraction on the Liberty theater program for the last half of the week.

Chapter 14 of "The Diamond From the Sky" promises thrills galore.

'AFTER DARK' ON SCREEN TONIGHT

"After Dark," William A. Brady's stirring photo-play built around the days of the Spanish-American war and in which Brady personally appeared in the leading role upon its stage presentation many seasons ago, will be shown at the Liberty theater tonight for the last time.

"Old Tom" is the character made famous by Brady and it is a picturesque character. Tom is a soldier of Uncle Sam and while on the battlefield is shattered in mind and body through the news of the unfaithfulness of his wife. Old Tom goes to the bad, while his only child, a daughter, marries a wealthy and wild "man about town." The husband turns out to be a scheming villain with the girl in his power. He endeavors to drown her, leaving her for dead. Old Tom saves the child.

In the end, as in all melodramas, justice triumphs, the villains are repaid in their own coin, Old Tom mends his ways and becomes a respectable and picturesque member of society, happy in the love of his only daughter.

The drama is from the pen of Dion Boucicault and Alec B. Francis is seen in the leading role.

MAUD POWELL IN SECOND CONCERT

The world's greatest woman violinist and the greatest of all American violinists, Mme. Maud Powell, will this evening give her second, and last, violin recital at the Hawaiian Opera House, assisted by Arthur Loesser, the pianist whose work made so favorable an impression at the Monday evening recital.

Grieg, Mozart, Chopin, Beethoven—these are a few of the composers whose masterpieces will be rendered this evening by the greatest woman violinist the world has known. Monday evening's storm kept many people away from the concert that night, but a large attendance will be on hand this evening.

NEW YEAR'S EVE AT YOUNG HOTEL

The management of the Alexander Young cafe is at present booking dinner parties for New Year's Eve. The serving of a special dinner will begin in both the cafe and rathskeller at 6:30, and no tables will be received for later than 7 o'clock.

Special musical features will be introduced, similar to Christmas Eve, and the three entertainers who have now become favorites with the Honolulu public will appear at the rathskeller from 6:30 to 9 o'clock. After that hour the program will be transferred to the roof garden and will be continued until 12, when the birth of the New Year will be celebrated.

Anticipating that many of the guests will desire a light supper, the musical program will immediately after midnight be resumed in the rathskeller, where the festivities will continue until 2 a. m.

The patrons of the hotel, tourists, townspeople, and officers of the army and navy and their ladies, are cordially invited to be present.—Adv.

If you go to the Governor's New Year's Eve ball, and you surely will, you will want to be up-to-date in the matter of slippers particularly. LAUDER'S SONG FOR HONOLULU NOW PUBLISHED

With cover in tropic green and the countenance of Harry Lauder greeting his many friends in Hawaii with a merry twinkle of the eye, "I Love You, Honolulu," the song that Scotch Harry wrote, sung and has made famous, is on sale at Cunha's Music Store on King street.

The enterprise of James A. Dunbar has brought out this song by his old friend Harry, who made his local appearance under Mr. Dunbar's direction. Mr. Dunbar has added two verses to the one which Lauder wrote. Next week it will be on sale at all the music stores, being published by Mr. Dunbar.

VAUGHAN TAKES FIRST STEPS TO CLEAN CALENDAR

Dismisses Three Petty Statutory Cases By Nolle Prosse; May Dospose of Others

Three cases involving the commission of statutory offenses, or so-called petty violations of sections 316 and 318 of the penal code, were nolle prossed in federal court today at the instance of Acting District Attorney Horace W. Vaughan. The cases were declared dismissed and were stricken from the calendar.

The first case stricken was that of Ho Tong, a local Chinese jeweler, which has been pending for several months. The second was that of Mikaele Kaliokalani et al and the third that of Arthur Jones. The warrant issued in the Jones case also involved one Annie Kekoula, who pleaded guilty and received sentence. Jones was never located.

It is this type of petty cases which have been awaiting trial for months that Mr. Vaughan says he intends to wipe off the calendar. The more gross violations of sections 316 and 318 will be prosecuted, no matter how long they have been awaiting trial, he says.

Both Mr. Vaughan and C. C. Bitting, his assistant, were hard at work today preparing to "clean up the slate." No word has yet been received from the attorney-general granting Mr. Vaughan permission to regularly appoint Mr. Bitting as assistant district attorney. At present, Mr. Bitting is giving his services gratis.

KAUAI MAN, WORRIED OVER HEALTH, KILLS SELF BY HANGING

Despondent over the condition of his health, George Gardner of Kalaheo, Kauai, committed suicide several days ago by hanging himself to a tree near his home. Gardner's body was found by a man named Kuaa, who was led to the dead man by a dog, which came to where Kuaa was working and then ran back to the body whining.

Gardner is a nephew of Mr. and Mrs. William Kruse of Eleele and has a family of 13 children. He has lived on Hawaii for a number of years and only recently returned to Kauai.

MUCH APPENDICITIS IN HONOLULU

Every week many cases of appendicitis are taken to Honolulu hospitals. Much of this can be prevented by the use of buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. One spoonful of this powerful mixture ONLY TWICE a week keeps entire system CLEAN and prevents appendicitis. Most medicines act only on lower bowel; Adler-i-ka acts on BOTH lower and upper bowel

Just ONE SPOONFUL is so powerful and cleanses bowels so THOROUGH it relieves almost ANY CASE constipation, sour or gassy stomach. ONE bottle has relieved mild cases appendicitis. Although powerful, it works GENTLY and NEVER gripes. The INSTANT action is surprising. The Hollister Drug Co.

BOOZE IS CAUSE OF FATAL FIGHT AMONG SOLDIERS

Private Franklin Partly Intoxicated When He Started Row With Corporal

That Pvt. Benjamin Franklin came to his death from a knife wound in the abdomen inflicted by Corpl. Benjamin Carchell, was the verdict brought in by a civilian jury under Coroner Henry H. Plemer of Waialua yesterday, after an inquest held at Schofield Barracks, where the tragedy occurred. Carchell is held in detention at Schofield, and will be tried by the military authorities on a charge of manslaughter as soon as evidence is gathered and arrangements are made for the trial.

Liquor and an overbearing disposition were the fundamental causes of the killing, according to the story told by men of the post. Franklin had been in the guard house, it is said, and was released just before Christmas Day, when he immediately proceeded, supposedly with booze bought at a place near the post, to get half drunk. When he began a row with Carchell, about noon, he was much under the influence of liquor.

A poker game for small stakes was in progress in Company I, barracks when Carchell and Franklin began an altercation. Franklin weighed 200 pounds and was inclined to bully Carchell, and in the fight chairs were picked up by the men. Before they used these the trouble was smoothed over, but a few minutes later Franklin is said to have begun the argument again, and attacked Carchell while the latter had a pen-knife open in his hand for some purpose. Before Franklin could strike Carchell the latter stabbed him with the pen-knife.

Yesterday after funeral services at the post the body of Franklin was sent by railroad to Honolulu and from here will be shipped to San Francisco and then to Lexington, Kentucky whence Franklin came and where he has relatives.

Franklin served through the Philippine campaigns and has a splendid record as a soldier, but was overbearing with his comrades and inclined to look for trouble.

Carchell is now half way through his second enlistment, and has been a corporal less than a year. He is said by his superior officers to be a good soldier and a fine man, of good habits and even temper. Drinking is admitted to be at the bottom of the trouble.

Two weeks ago a fight at the Leilihua Beer garden, near Schofield Barracks, resulted in Pvt. Charles Walters being seriously injured when he was struck on the head with a beer bottle. Walters was taken to the post hospital, and physicians said that he would probably be ruined mentally as a result of the blow. Agitation looking to the closing of liquor places near the post was begun at the time, and it is now said that sentiment is even stronger.

A. & B. SHIPPING CALENDARS OUT EARLY MONDAY

At 8 o'clock Monday morning Alexander & Baldwin's insurance department ship calendars for 1916, 7500 of them, will be distributed to Honolulans, affording them a sure means of knowing when ships will come and go throughout the ensuing year.

The new calendars, according to A. H. Jones of the firm's insurance department, who has charge of their compilation, contain the list of steamers formerly included plus Great Northern, Persia Maru and Sierra sailings. These are three steamers not on the run when the calendars for the last quarter were printed.

There are two dates concerning the Great Northern, which should be changed, as the calendars were on the press before the change in dates was announced by cable from San Francisco. The calendar gives the steamer as arriving from the coast March 12. This should be changed to read March 13. The Great Northern will also arrive March 31 instead of April 1.

The new calendar's January sheet bears the novel inscription, paraphrasing Omar Khayyam, "Now the New Year, Reviving Old Desires, the Thoughtful Soul Protects Itself from Fires."

Calendars will be distributed from the insurance department, third floor, Stangenwald building, and from the usual place for stevedores, the auto taxi stand on Merchant street, opposite the building.

Mr. Jones said today that only one calendar will be given to a person, and that if business firms send their employes after more than one, it will be necessary for the latter to have a written order for them.

GARRISON WANTS HALF A MILLION MEN ENROLLED

Declares Country Totally Unprepared For Either Defense or Offense

[Associated Press by Federal Wireless]

WASHINGTON, D. C., Dec. 30.—That the nation is hopelessly unprepared at the present time either to enforce any of its rights abroad or even to defend its own territory against the invasion of the army of any first-class power has been shown by a recently conducted resurvey of the situation from a military point of view carried out by the war department, according to an announcement made by Secretary Garrison yesterday.

The general situation, as complete reports from many sources show it to be, is bad, declares the secretary, and haste in preparing the nation for its own defense is most necessary.

It is vitally necessary today that the war department should get the names of trained soldiers, ready to volunteer at the first call for men, to the number of 400,000, and towards the preparation of such a list of names the war department will now bend its energies.

Secretary Garrison proposes to go before Congress, as soon as it reconvenes, and inform the members that the administration wants to enroll and train within the next three years a force of not less than half a million men and to take such other action as will, within the next six years, provide the nation with a force of reservists, liable to call to the colors, of half a million more trained men.

The administration desires likewise to inaugurate now a system of fostering the various munition plants of the country during the time of peace, thus assuring the country of an adequate supply of munitions should a time of war ever arrive.

TRAWLER SUNK BY TEUTON MINE.

AMSTERDAM, Netherlands, Dec. 30.—The British trawler Erin foundered and sank in the Channel yesterday, with the loss of three members of the crew. The Erin was seining for German mines and had caught one in her net, in hoisting this from the water the mine exploded, tearing a hole in the hull of the trawler.

WINTRY WEATHER LOCKS TROOPS ON BATTLEFRONTS.

LONDON, Eng., December 30.—Unusually severe weather in Russia and a winter colder than the average along the western front has checked the general activities and it is probable that for the next few weeks there will be few developments of note in either theater of the war.

The Wilson liner Marengo, which went ashore near Deal, England, was refloated.

FORD PACIFISTS HAVE DECIDED ON CAMPAIGN PLAN

Hope By Sheer Persistence to Win Belligerent Nations From Erring Ways

[Associated Press by Federal Wireless]

COPENHAGEN, Denmark, Dec. 30.—Lieut.-gov. A. J. Bethea of South Caroline, who is ill, is the latest to announce his intention of leaving the Ford peace mission and returning home. It is likely that he will sail on the first American-bound liner from this port.

Yesterday the first of the Ford party members arrived here, the others being due from Stockholm tomorrow. No formal welcome was extended and the delegates received no official recognition.

At the Swedish capital, the Ford mission leaders announced that they had agreed upon a definite working program. They will first submit their peace plans to the governments of the various belligerent nations. If these governments reject the proposals that the war should come to an end, the proposals will be again submitted, and the various warring nations will be appealed to in the cause of peace until the persistence of the peace advocates attracts attention and their plans receive consideration.

A number of lawyers trained in international law will be retained to draft the various proposals to be submitted in suitable text and to advise the delegates concerning the international technicalities to be observed in their work.

Members of the party state that they know that certain of the belligerents are ready now to listen to peace proposals.

COUNTRY SHIVERS FROM WORST COLD SPELL IN YEARS

[Associated Press by Federal Wireless]

SAN FRANCISCO, Cal., Dec. 30.—From this coast to the Atlantic the northern and central sections of the United States are in the grip of one of the most severe cold spells experienced in many years.

Yesterday there was snow in Berkeley and Oakland, while the cold further north in the state and throughout Washington and Oregon is severe.

NAVY MOTOR BOATS PLANS SUBMITTED

[Associated Press by Federal Wireless]

WASHINGTON, D. C., Dec. 30.—The plans of the designers for fast motor boats to be carried upon the decks of battleships, for use against submarines, have been submitted to the navy department. Following the example of the British, the department will recommend the building of a large number of these submarine destroyers.

ANDREW ROSS, "KING OF COCOS ISLAND," DEAD

WELLINGTON, N. Z., December 30.—Andrew Ross, known as the "King of Cocos Island" because of his residence on that famous goal of many treasure seekers, died here yesterday.

Noted Americans Head Plan For World Peace

Ex-President William H. Taft (left) and John Hays Hammond, honorary and active presidents of the new World Court, which has been formed to secure the cooperation of various nations, so that international disputes may be settled by action of an international judicial body.

[Associated Press by Federal Wireless]

NEW YORK, N. Y., Dec. 30.—William H. Taft was yesterday elected honorary president of the World Court, the object of which is to secure the cooperation of the various governments for the formation of an international judicial body for the investigation of questions of international dispute, the the avoidance of war.

John Hays Hammond was chosen active president of the American organization designed to lead the way for the permanent international body hoped for after the war.

The members of this body are planning for a congress to be held in Louisville, Ky., in April, at which delegates from the various neutral nations of the world are expected.

Rumors Declare Rebel Leader Sailed From New Orleans In Disguise

Associated Press by Federal Wireless]

NEW ORLEANS, La., Dec. 30.—According to reports published in the local press, "Pancho" Villa arrived here yesterday in disguise and boarded a steamer now on its way to Havana, Cuba. The reports cannot be confirmed, but it is known that there are Mexicans aboard the steamer and that friends of Villa, who are residents here, made the first reports of his presence.

El Paso reports state that the Villa army in Chihuahua is no more in existence, recent surrenders including 11 generals and more than 10,000 men, forming the great bulk of the Villa force.

The country is generally quieting down. A force of 800 Carranzistas has reached and occupied Juarez and more men for the garrison are on the way.

TEMBLORS KILL TWO

[Associated Press by Federal Wireless]

SAN SALVADOR, Guatemala, Dec. 30.—The series of earthquakes from which this district has been suffering for the past several days, is continuing, the tremblors increasing in violence. Yesterday the first casualties were reported, a wall being thrown down upon four persons, two of whom were killed and the other two injured.

In Vermont 5,076,375 maple trees were tapped this year.

Washington Hears New Proposal Will Be Submitted By Berlin

[Associated Press by Federal Wireless]

WASHINGTON, D. C., Dec. 30.—New proposals from Germany for the settlement of the claims of the United States arising out of the killing of 101 Americans in the destruction of the Lusitania are expected here next week, Berlin having intimated that Germany is anxious to settle the outstanding questions between the German and American governments.

CHINESE SAILORS PASS SEAMEN'S LAW TEST

[Associated Press by Federal Wireless]

SAN FRANCISCO, Cal., Dec. 30.—Amongst the applicants for certificates as able seamen, under the requirements of the Seamen's Act, ten Chinese sailors, members of the crew of the China Mail steamer China, formerly of the Pacific Mail, have been examined by the inspectors. Of these, it was announced yesterday, seven will be granted their certificates. The other three passed in all but the physical tests, being rejected on that account.

TOKIO, Japan, Dec. 30.—Prince Hiroshito, the eldest son of Emperor Yoshihito, will be raised to the rank of crown prince with appropriate ceremony on April 29.

BLAME IS NOT FIXED FOR MRS. MOORE'S DEATH

Before a coroner's jury investigating the death of Mrs. Mary F. Moore, who died Monday from injuries received December 20 when struck by an automobile driven by Miss Dorothy Spring, Dr. John C. Peden and Miss Spring yesterday declined to testify "on advice of attorneys."

They stated they were advised that being already under indictment and subject to trial it was not necessary to offer any evidence at the coroner's inquest. Miss Spring, who is said to be only 18 years old, appeared to be much perturbed.

After hearing a number of witnesses the jury, composed of A. V. Gear, Fred Turrill, Sam Hardesty, C. A. Stuart, H. C. Brown and J. Uluhi, assigned the injuries inflicted by the machine driven by Miss Spring, accompanied by Dr. John C. Peden, as the cause of Mrs. Moore's death but did not touch on the question of whether the driver was careless or the autoists wilfully failed to render aid.

Miss Spring and Dr. Peden were represented by Attorneys E. J. Botts, John W. Cathcart and F. E. Thompson, and Assistant City Attorney Cristy appeared for the prosecution.

The story of the accident was retold without variations. W. T. Rawlins, Dr. and Mrs. C. G. Patterson, Mr. and Mrs. J. W. Sellers, the latter four tourists stopping at Hustace Villa, and Charles Gulick, a chauffeur, were in a machine coming down hill, and Gulick, Patterson and Sellers saw the accident. The woman was struck from behind. They did not agree as to whether Miss Spring and Dr. Peden slowed down after hitting Mrs. Moore, or whether they answered their calls.

FIRST ANNUAL RECEPTION BY 'Y' PRESIDENT

The first annual president's reception in the history of the Y. M. C. A. will be held on New Year's night when President Frank C. Atherton and Mrs. Atherton will receive the members and friends of the association from 7:30 to 8:15 in the lobby of the building.

Invitations were issued this morning to a number of business men and their wives, and the New Years program for the evening has been announced by the committee in charge of arrangements. Tourists in the city are cordially invited to attend the president's reception and enjoy the program. Other friends of the Y. M. C. A. and residents of the city who would be interested in the program have also been asked to be present.

A. E. Larimer, chairman of the music committee, has announced that the Knights of Kamehameha will play during dinner hour in the cafeteria, and during the reception Mrs. Chas. L. Hall will render a solo, G. J. Boisse will play on the cornet, and Robert Heen will entertain with selections on the ukulele. Mr. Larimer states that he will have other musical features for the evening.

AD FIRST M

Dinner in Cafeteria.

Floyd H. Emmans will have charge of the dinner which will be given in the cafeteria from 5:30 to 7:30. During the dinner hour Mr. Emmans will have arrangements made so that all who dine may adjourn to the bowling alleys and billiard room preceding the reception.

Following the president's reception the guests and members will have an opportunity of witnessing the basketball game between the All-Stars and the All-Service teams. This will be followed by a gymnastic exhibition by students of the school under the direction of Glenn E. Jackson physical director.

Clair Tait, champion exhibition diver of the Pacific Northwest, will give a number of exhibitions in the pool following the gymnastic exhibition, and many of the best swimmers will meet in competition.

MARGARET WILSON ADVOCATES SCHOOLS AS SOCIAL CENTERS

[Associated Press by Federal Wireless]

WASHINGTON, D. C., Dec. 30.—Miss Margaret Wilson acted as presiding officer at the meeting of the American Civic Association yesterday. In her opening address, the president's daughter urged the policy of making better use of the public school buildings as social centers.

The association adopted a resolution urging that Congress name a committee to consider the creation of an international park at Niagara Falls, the congressional committee to confer with the Canadian government and secure the appointment of a Canadian committee for the consideration of the international project.

BENCH WARRANTS OUT FOR ARREST OF WAR PLOTTERS

Police Will Drag Congressman Buchanan From Nation's Council to Face Charge

[Associated Press by Federal Wireless]

NEW YORK, N. Y., Dec. 30.—Bench warrants were issued in the United States court here yesterday for the arrests of Frank Buchanan, member of Congress from Chicago; former Congressman H. Robert Fowler of Elizabethtown, Ill., attorney for the Labor's National Peace Council; R. B. Martin, member of the council, and Herman Schulteis, also a member, all of whom have been indicted as principals in a conspiracy to foment strikes in American munition factories, for receiving pay from a foreign government for their efforts to cripple American industry, and for bribing others to stir up trouble in American manufacturing plants.

These four refuse to surrender themselves to the federal authorities and warrants have been issued accordingly and sent to Washington to be served.

Their alleged accomplices, Jacob Taylor, president of the council; Frank Monnett, former attorney-general of the state of Ohio, and David Lamar, known as "the Wolf of Wall Street," yesterday surrendered to the United States marshal and were released on bonds of $5000 each.

Capt. Frank von Rintelen is still a prisoner of war in England and beyond the reach of the American authorities.

PAN-HELLENIC BANQUET DATE IS NOT CHOSEN

Committees were named last evening at a meeting at the Y. M. C. A. of Greek letter fraternity men to arrange for the annual Pan-Hellenic banquet for Honolulu. The date has not been chosen, though probably some Saturday late in January will be decided upon.

J. Brooks Brown, Alpha Tau Omega, was chosen general chairman for the event, and the following committee was named to handle arrangements, date, place and other general details: Guy H. Buttolph, Phi Beta Kappa, chairman; C. S. Franklin, Phi Delta Theta; Lloyd R. Killam, Sigma Nu, and Frank C. Atherton, Psi Upsilon.

Wallace R. Farrington, Beta Theta Phi, was made chairman of the committee on entertainment, and will be assisted by Albert M. Cristy, Phi Gamma Delta, and A. L. C. Atkinson, Phi Delta Phi.

On the committee for invitations and publicity are J. Brooks Brown, chairman; C. S. Kennedy, Phi Kappa Psi, and Hallett Abend, Kappa Sigma.

Decorations will be attended to by a committee made up of W. R. Ouderkirk, Phi Kappa Psi, chairman; C. M. Hite, Phi Kappa Sigma, and H. P. Agee, Kappa Sigma. Mr. Farrington was elected toastmaster, as well as chairman of the entertainment committee.

ANNUAL TREASURE HUNT ON SATURDAY MORNING

Amateur Sherlock Holmeses, Nick Carters and other famous sleuths will be seen wandering around the city on New Year's morning, when the second annual boys' "Treasure Hunt" takes place. Glenn E. Jackson is arranging the plans for the "Treasure Hunt" this year, and all boys who are members of the Y. M. C. A. are eligible to participate.

Last year 16 boys started out, each with an envelope in his hand telling where to find the hidden treasure. Fred Kiesel was the Sherlock Holmes of the crowd and after wandering around the city for two hours finally located the treasure in the drawer of a bootblack's stand across the street from the Y. M. C. A.

This year a new plan will be followed, but the plan is to give the boys only a hint of where the treasure is located, and then they must work out the necessary clues for the location. It is expected that telegraph poles and other objects used in last year's hunt will be utilized again this season. The hunt will be started about 9 o'clock in the morning.

COTTON WORKERS GET WAGE INCREASES

[Associated Press by Federal Wireless]

BOSTON, Mass., Dec. 30.—A general wage increase, affecting a majority of the lowest paid operators in the cotton mills of northern New England, was announced last night by the officials of the cotton factories association. The wage increase will be shared in by about 75,000 employes, and will go into effect at the first of the year. The advance, it is understood, will average 5 per cent for all workers whose pay is now $10 a week or less.

CONSCRIPTION TO FILL RANKS OF CHINESE ARMY

Yuan Orders Imperial Troops Into Dissenting Province to Quell Revolt

Associated Press by Federal Wireless]

PEKING, China, Dec. 30.—Commencing on Saturday, an order bringing into effect a conscription policy for the manning of the Chinese army will go into force, the government making an announcement to this effect yesterday.

Orders were despatched by the minister of war, in the name of Yuan Shih-Kai, to the commanders of all the troops in the provinces adjoining Yunnan to advance into that province for the suppression of the revolt gathering headway there.

It was announced yesterday that France has refused the request of the Peking government to be allowed to transport troops into Yunnan by the Yunnan-Lienchau railroad traversing French China.

IMPERIAL GUARD IN REVOLT.

SAN FRANCISCO, Cal., Dec. 30.—The revolutionary leaders have cabled to the leaders here that the troops of the imperial guards, ordered into Yunnan by Yuan Shih-Kai to suppress the revolt there, have refused to obey the order and are deserting, aligning themselves with the rebels.

Word was received at the revolutionary headquarters here that the Chinese of Texas have raised a fund of $10,000 to aid the republican uprising.

Minister Koo, at Washington, yesterday issued a statement which says: "The disturbance in China is confined altogether to the one province of Yunnan. The government is controlling the situation."

LABOR MEN PLAN TO UNIONIZE LOS ANGELES

[Associated Press by Federal Wireless]

SAN FRANCISCO, Cal., Dec. 30.—Another concerted effort is to be launched to "unionize" the city of Los Angeles, where the labor unions have been least successful in all the West, and where the application of the principle of the "closed shop" has been defeated many times.

The labor union leaders of the nation are to start the new year with a vigorous campaign to enroll all the Los Angeles labor into the ranks of the various unions.

Twenty-one organizers of the American Federation of Labor and representatives of the various international unions to the number of 69 are here, planning their general campaign. They will leave in time to open their work in Los Angeles on Monday morning.

SO THE PEOPLE MAY KNOW

WHAT ARE YOUR LIMITATIONS.

The official record of the Publicity Department of the successful Filesse store of Boston contains these paragraphs, eloquent thumb nail sermons from the text that determination knows no limitation:

Sales volume is to be planned on the basis of the public's buying capacity and not in view of the limitations, real or imaginary, of any department of the store or of the store as a whole.

This means that planning shall always be ahead, pulling the store up to maximum efforts and results.

BUYERS READ NEWSPAPERS.

We find that the businessman, or the substantial, thoughtful person, almost without exception, is a very constant reader of newspapers.

We regard the newspaper as having the greatest influence in advertising, as we believe it has in various other fields today. We believe that its influence can be increased. The cost of advertising is large—in fact, it is tremendous, but the work that it can do more than offsets this cost when it is working at its best. We expect to be bigger and bigger users of the newspapers in future advertising, as a matter of good business for us and in order to lower selling costs by building volumes so that the consumer will continually get more for his money.—Geo. M. Brown, President General Roofing Mfg. Co.

MAKING READERS READ.

I believe, with one of the foremost advertising writers,

That an advertisement is great or little as a whole, not because of certain paragraphs.

That men forget the wording in a moment.

That they must not forget the impression.

That the greatest stories are most simply told.

That the story of the crucifixion as told by Saint Matthew is the greatest story told in any language.

And that never was a story told more simply or with less affectation.

I believe, with one of the foremost public service corporations:

That "The voice with the smile wins."

That when talking through type, as with the telephone, it pays to remember that the smile on the face, the twinkle in the eye, are inevitable to our audience.

That this being so, it is well to try to put the smile and twinkle in the tone.

And that a careful choice of words will enhance the value of what we say—never forgetting that scolding is nonproductive of quick results.

I believe, with one of America's foremost merchants,

That if there is one enterprise on earth that a "quitter" should leave severely alone, it is advertising.

That to make a success of advertising one must be prepared to stick like a barnacle on a boat's bottom.—Walter G. Bryan.

1ST INFANTRY WINS IN CLOSE GAME AT POST

York Holds 25th Infantry Team Scoreless for Eight Fast Innings

1st Infantry 5, 25th Infantry 4.

(Special Star-Bulletin Correspondence)

SCHOFIELD BARRACKS, Dec. 30.—The 1st Infantry were victorious over the 25th in the second game of the holiday series played yesterday afternoon. Each team has now one game to its credit, and the deciding game is scheduled for Sunday afternoon.

York's Fine Performance.

It was a great game in which York has made himself the most popular man in the entire 1st Infantry. It looked bad for him in the first inning when the heavy hitters of the 25th slammed the ball all over the lot and scored four big runs. Rogan doubled, Crafton singled, Johnson was hit by a pitched ball, Smith flied out to York, Goliah singled. Swinton hit through Maddes, scoring Crafton and Johnson, and got around to third on Gallaher's fumble. Hawkins was next up, and landed a pretty single, scoring Swinton. Jasper ended the disastrous inning by striking out. This ended the fun for the 25th, for York settled down and pitched as he has never pitched before, and not again did Saunder's men have even a chance to land another run.

Dunlap Makes Long Hit.

In the second frame after Sadtler had singled, Dunlap rapped the sphere far over Jasper-Hatter's head for an easy home run. This raised the spirits of the 1st Infantry, and in the following innings they knocked Jasper out of the box. Two were out when Judd singled, Maddes followed with another safety, and Gallaher clouted the ball for a double, scoring Judd. The next ball pitched hit Sadtler on the hand, and the bases were full. Dunlap was on again, so Saunders pulled Jasper and sent Rogan to the mound. Rogan closed the inning by fanning Dunlap.

Rogan Not Invincible.

The score was now 4 to 3 in favor of the 25th, and the 25th rooters began to take heart when Rogan took the mound. Rogan had shut out Sadtler's team in the previous game, and had allowed but a single scratch hit. Rogan however, got badly battered in the fourth. Buckland started with a single to center, took second on Stratton's sacrifice, third on a wild pitch, and scored when York singled over second base. York came in for the winning run on Judd's two-base hit.

This was the 1st Infantry's last chance, for no one could touch Rogan in the innings that followed, and strike-outs were of great frequency.

25th Plays Errorless Ball.

It was bunching hits that won the game for Sadtler's men. The 25th played errorless ball, in spite of many shifts in their team, and the absence of Willis, who is on leave, and Fagin, who is in the "pill."

The ball grounds dried off quickly after the recent torrents, and though a little slow was in very good condition. More than 1500 witnessed the game, only one-third the number that is expected to turn out for the final contest Sunday.

Following was the score:

25th Infantry.

Summary: Earned runs, 25th Infantry 1, 1st Infantry 4. Left on bases, 25th Infantry 4, 1st Infantry 4. Home runs, Dunlap. Two-base hits, Rogan, Gallagher, Judd. Sacrifice hits, Goliah 2, Heaton, Stratton. Double plays, Johnson to Rogan. Hit by pitcher, Sadtler by Rogan, Johnson by York. Bases on balls, off Rogan 1. Struck out, by Jasper 2, by Rogan 8, by York 8. Wild pitches, Rogan 1. Umpires, Sgt. Collins, 25th Infantry; Cpl. Kratky, 1st Infantry. Time of game, 1 hour 43 minutes.

BUNTS AND BOUNDERS.

In yesterday's game five hits and three runs were made off Jasper in two and two-thirds innings, three hits and two runs off Rogan in five and one-third innings, four runs and eight hits off York in nine innings.

With Jasper knocked out of the box yesterday and Rogan with a sore arm, the mound work in the deciding game Sunday will probably fall to Waterhouse.

The 25th will lose both Willis and J. Johnson when the next transport sails for the mainland. Both of these ball tossers have been transferred to the 24th Infantry.

It was a bad day for outfielders who could not cover much ground with the field so muddy. There are some who blame the 25th outfielders for the loss of the game. The 1st Infantry outfielders don't get any blame, first because their team won, and second because the 25th hit very few beyond the infield.

Which attraction will draw the largest crowd—the boxing exhibition at the ball park New Year's Day, or the deciding game in the series between the 1st Infantry and the 25th Infantry on the following afternoon?

MAYOR LANE TO JUDGE MEET AT KAPIOLANI PARK

Brig.-Gen. Samuel I. Johnson Offers Valuable Cup for One Mile Race

Mayor John C. Lane will act as one of the judges in the Kapiolani track meet which will be held at Kapiolani park on Sunday afternoon. E. N. Jackson, chairman on arrangements, has announced the officials for the meet on Sunday which include the names of Mayor Lane, Charles F. Chillingworth, Lester Petrie, Patrick Walsh and Peter Baron. Benjamin H. Mills will handle the gun in the dash events, and the timekeepers selected are Ben Hollinger, Bill Chilton and William Ferrey.

Brig.-gen. Samuel I. Johnson of the National Guard of Hawaii has donated a handsome cup for a special one-mile race for enlisted soldiers and members of the National Guard. Inasmuch as there are a number of long distance runners in the service, this race should be interesting. It is expected that the time for this event will be around 4:50.

Antone Kaoo Comes Back.

Lovers of the track and field will welcome the news that Antone Kaoo, the grand old racer of Waialua, will be entered in the five-mile run. Kaoo has many followers in the territory, and the race between the contestants is looked upon as one of the feature events of the day since the announcement that Kaoo would again put on a spiked shoe.

Japanese merchants throughout the city have been active in donating prizes for the events, and many Japanese have entered in the bicycle and walk event. It is expected that Yamashiro, one of the speed burners of Hawaii will be entered for the sprint events.

Bicycle Offered.

L. P. George of the Schuman Carriage Company has agreed to donate a racing bicycle for a two-mile race, providing Ivy of the 25th Infantry and Plemer of Waialua will enter this event. Both cyclers are fast and Chairman Jackson has announced that he will make every effort to land the speed merchants for a match race.

Since the announcement of prizes for the events many merchants have come forth with prizes for the participants. Ed Quinn and A. Tasaka have contributed $2 prizes. Others joining in the movement are Fashion Clothing Store, $2.50 merchandise; Weedon Bazaar, one electric walking cane; mint Saloon, 24 quarts of Blue and Gold beer; Rycroft Arctic Soda Company, six dozen soda water; Hawaii South Sea Curio Company, one jewel box.

The race events will be called at 1:45 sharp, and heats will be run in the 100 and 220 events. Entries will be received up to 1 o'clock on Saturday afternoon. N. E. Jackson will be at his office at 1183 Alakea street from 8 a. m. to 1 p. m. on Saturday to receive late entries.

The program for the day as arranged by the committee is as follows:

1. Two-mile bicycle race—Open.
2. 100-yard dash.
3. One-milk walk for novices.
4. One-mile run—For enlisted soldiers and National Guard members.
5. 220-yard dash.
6. One-mile fat man's walk.
7. Two-mile heel and toe championship.
8. One-mile walk—Japanese.
9. 440-yard dash.
10. One-mile bicycle race—Japanese.
11. Five-mile run.

A ROSE WITH ANY OTHER NAME THEY SAY

The "Babes" of football are rated among the best players in the country in their positions. Both are anything but babes. They are giants. There is "Babe" Spears of Dartmouth, who stands six feet and weighs 230 pounds. He was chosen as a member of the All-American team as left guard. But he is not the biggest babe. White of Syracuse, who also was chosen as a member of the All-American team as right guard, is 6 feet 5 inches tall and weighs 256 pounds.

Hughie May Trade This Pitcher

Reports in the Stove League state that Jennings is figuring on a trade for the French pitching star of last year, Jean Dubuc of Montreal. Inasmuch as Jennings was in the market for pitchers, this news comes like a bomb to baseball fans as Dubuc was one of the stars with the Tigers last year. The Tiger boss purchased James and is known to be in search of another pitcher, but if Dubuc goes, Detroit fans will want Walter Johnson, "Dutch" Leonard or some other star in exchange.

Olympic Club Tossers To Arrive February 1

The Olympic Club baseball aggregation from San Francisco will arrive in Honolulu on February 1 on the Great Northern to play a series of games with local teams. This news came this morning to Chairman Ed Nell of the baseball committee by cable from the Olympic Club management.

Inasmuch as the Olympics are scheduled to play during the Carnival it is expected that a longer schedule of games will be played with local teams. This announcement of the early arrival of the Winged O players means that the first game of the local series will be played on February 5 and another game on the following day.

Eight Games With Olympics.

The baseball committee have not yet arranged a program for the series, but it is thought that at least eight games will be scheduled during the stay of the San Francisco club boys. Reports from the mainland state that the Winged O team will be overly strong, and without doubt such players as "Peaches" Martin Traumatolo, Benn and McGrath will give the locals games worth while.

Manager Nell of the Punahou team has announced his pitching selection for Saturday afternoon at Athletic park, when the new organization receives its first workout against the strong Chinese aggregation. "Bloody" Williams will be the heaving choice, and as he has been working in good shape recently should hold the Chinese sluggers down.

Strong Line-Up.

Henshaw or Lyman will be behind the plate with one of them on first. Although Doty is a first sacker, he may be shunted to second for this one game, while Otis Sadtler will probably be found at short and Peden at third. If Chillingworth can get in condition, there is a possibility that he may be in the game. His recent injury may keep him out of the line-up. With Lang Akana, O'Brien, Argabrite and Inman for the outfield positions, the Punahous should present a strong combination.

This game will be one of interest to the fans as the followers of baseball have been denied the game for some time, and with two fast teams playing after the recent downpour it is expected that Athletic park will be jammed when the cry of "Play ball" is wafted over the field on New Year's Day.

WANT WINNING TEAM? HERE IS THE WAY TO GET ONE, SAYS FOLWELL

Bob Folwell, Washington and Jefferson football coach, besieged with requests to "loosen up" on his system of teaching the forward pass, hands out this advice:

"Get your men together. Tell them at the outset that they are the best bunch of football players ever gathered on one field. Show 'em how to use the forward pass and then tell them they can work it better than any other eleven in the world. Keep telling it to them.

"In other words, make your men believe they are the greatest ever and they'll become great."

SHARPE'S CONTRACT HAS FOUR MORE YEARS TO RUN

Dr. A. H. Sharpe, Cornell's ootball, baseball and basket-ball coach, has a contract with the Ithacan institution which has four more years to run. He signed a five-year contract a year ago. Sharpe is rated by many as the best all around coach in the country. He has put Cornell teams in the three sports over which he has jurisdiction at the top of the ladder.

Cornell men attribute the splendid showing of the Ithacans on the gridiron to the teaching of Sharpe. Cornell's victory over Penn recently made the third consecutive win for the Ithacans over the red and blue. The recent victory made Cornell's fourth over Penn on the gridiron. Cornell won in 1901, 1913, 1914 and 1915. In 1906 the teams played a no score tie.

Wolgast Joins "Down and Out" Club For Good

The recent defeat of Ad Wolgast, the "Cadillac Wildcat," by Leach Cross in New York means that the boxing game has lost one of its greatest stars. Wolgast is "all in." That statement will cause no sensation, as Ad has been slowly reaching the point where he was a second or third rater in the ring of today.

News comes from the mainland that Wolgast has been barred from fighting in New York. This is evidently the last straw. Defeated by Cross and then barred from the ring in New York gives the Cadillac boy no chance to fight in another bout of prominence. Like Battling Nelson, he has had his day, and he passes out of ring history a young man.

A Real Champion.

When Ad was at his best there was no better man in his class, and while he ruled he was a real ruler. Wolgast showed the Californians a lot of good fighting. No one who witnessed the battle on the mainland, when Ad Wolgast pounded Battling Nelson to bits in 40 rounds at Richmond, will forget the power of the conqueror. Nelson had the ability to assimilate punishment, but Nelson needed it in that battle. No man ever received a worse punishment in the ring.

Ad was a favorite in those days, and when he was supreme over Owen Moran, Frankie Burns, One Round Hogan, Joe Rivers and others, he was a real fighter. Then came Willie Ritchie. The San Francisco boy won from Wolgast on a foul, and since that time this has been a thorn in the flesh to Ad. Wolgast was leading up to the time of the foul, and looked the best of the two boys, but since that battle the fighting Dutchman has never been able to win back his laurels.

Wolgast won the light-weight championship at the age of 22, and now at 27, when many fighters are just beginning to start, the Cadillac boy is through — a "has been," defeated by Cross and many others, barred from the New York ring, and a member of the down and out club. "Give me Ritchie," was the cry of Wolgast, and even now, when the once great fighter is all in, he still believes that he can win. "He was a great little fighter in his day," you hear that often. The expression "in his day" always brings up regrets, as it will in the passing of Ad Wolgast.

25TH INFANTRY WILL NOT PLAY P. A. C. TOSSERS

Baseball fans will not have an opportunity of witnessing the 25th Infantry-Portuguese game at Athletic Park on Sunday afternoon on account of the Schofield schedule, which calls for a game between the 1st Infantry and 25th on the Schofield field. Otis Sadtler has announced that York will be on the mound again next Sunday, and expects to add another victory to that of yesterday.

The ground at Athletic Park is being placed in good shape and it is expected that the fans will be able to witness a game between the Chinese team and the All-Army on Sunday. Ben Hollinger stated this morning that he had not yet arranged plans for Sunday afternoon, and the grounds may be dark on Sunday, making the baseball feature on New Years, when the Chinese All-Stars play the Punahou team.

BOBBY VEACH GETS CALCIUM WITH SAM AND CHAMPION TY

DETROIT, Mich.—Bobby Veach was the third Detroit player to lead the American league in cracking out doubles. The other Tigers with such a performance to their credit were Cobb and Crawford. Tyrus excelled in 1908 and 1911, with 36 and 47 respectively, and Sam starred in 1909 with 35. Veach last season bettered the exploits of the leaders of 1908 and 1909, but was eight hits shy of Cobb's 1911 total.

It mattered little to Veach whether he was playing at home or abroad when he was adding two-base hits to his record. Of his 39 smashes for the double figure, 20 were pounded out in contests on Navin field and 19 in games on alien lots. That is as near a 50-50 split as is possible. Robert got two-thirds of his doubles off right-handers and a third off southpaws. He collected eight two-baggers off the St. Louis pitchers, six off Boston's, six off Chicago's, six off Philadelphia's, five off Cleveland's, five off New York's and three off Washington's. Four times did Veach insert a pair of doubles into the same game. Weilman and Hoch of St. Louis were located for a pair on May 29; Collins and Pennock of Boston suffered on June 9; Perryman of St. Louis on June 22, and Foster of Boston on August 26. Not one of Veach's 1915 doubles swept the bases clear of three runners. He poled a couple of triples, however, last season that brought in three men.

SPORTS TO BE FEATURED AT 'Y' NEW YEARS

Both the Service and All-Star basket-ball teams worked out at the Y. M. C. A. last evening for their game on New Year's night. Manager John Gomes has worked hard to put a team in the field that will hold its own with the championship Service quintet.

"Red" Brown and "Bill" Dreier will divide the work at center for the All-Stars. Harry Henry and Jim Nott will play forward with Ben Clarke as first aid. Dean Lake and Harry Melim will start at guard, with W. H. Meinecke, R. W. Gaylord and John Gomes as emergency men. At yesterday's practise the team lined up with Henry and Nott as forwards, Dreier, center; Lake and Melim, guards. Gomes went in for Lake in the last few minutes of scrimmage.

Service Five Strong.

The Service team has practised daily this week and will have a strong lineup on New Year's night. Lieut. Green is billed to play a half and all of the regulars will be on hand. Hackett, Gevarder and Green will be forwards, Noyes and Merillees, centers, with Wheeler, Cosgrove and Gevarder guards.

New suits will be provided for the All-Stars, who will appear in white with a red letter "A." The Service have their new black "S" on a gray uniform. Glenn Jackson has been selected by Managers Brush and Gomes to referee the game. The largest crowd ever seen in the hall will doubtless be present as the game forms a part of the New Year's open house at the Y. M. C. A.

Gym Exhibition.

Following the basket-ball game, which begins at 8 o'clock, there will be a gymnasium exhibition by the high school gym class, which has been trained for the occasion by Physical Director Jackson.

At 9 o'clock one of the classiest exhibitions ever seen in Honolulu will take place in the Y. M. C. A. swimming pool. Clair Tait, champion diver of the Northwest, will given an exhibition of high and fancy diving. Lorrin Thurston and Robert Fuller, Hawaii's best divers, are practising with Tait, and the stunt should be a great attraction.

Leo a Champ.

L. Fullard-Leo, holder of numerous world's records at swimming during the past 15 years, will show the best strokes and give a swimming exhibition. Leo has run the 100-yard dash in 10 seconds, run the mile in 4:30, and won various medals for boxing, wrestling and other athletics. Leo has done the 100-yard swim in 56 4-5, the 220 in 2:30 1-5, the half-mile in 11:22, the mile in 23:57 and has a splendid record for the 15-mile swim.

Preceding the athletic features will be a dinner in the cafeteria, to which ladies as well as men are invited from 5:30 to 7:30 o'clock. A reception and concert program in the lobby will follow the dinner, the special hour for the reception being designated for 7:30 to 8:15, and a large number of invitations have been mailed for this event.

The bowling alleys and billiard room will be open to men and women throughout New Year's Eve and a reception committee will be on hand to show visitors through the building. Altogether the New Year's open house at the Y. M. C. A. promises to be the best in the history of the local association.

There is a man in Pittsburg 60 years old, who still plays baseball. Joe Cantillion ought to land him quick for his Minneapolis team.

If Fielding Yost goes to Yale it will probably start a football war. The Wolverines may retaliate by starting a rival college in New Haven.

That American League Pitcher who said the other day that Ty Cobb wasn't so hard to fool took good care not to make the statement in playing season.

Headline writer informs the populace that "Skull Practise Was Held at Harvard." You may make your own puns.

Some of those Federal League clubs are about as tired of war as the Kaiser.

When you realize that Pat Moran received all of $5000 for winning the National League pennant, while Jawn McGraw got 30,000 fish and finished last, it is easily seen that virtue is its own reward.

Any way you look at it the life of a football coach is not exactly a bed of roses. If his team wins, the man who makes the touchdown gets all the credit, and if it loses the coach gets the hook.

A Chicago man is walking to Portland, Me., for the fun of it, which goes to show that you never can tell about a sense of humor.

STANFORD WILL HAVE VETERAN TEAM IN 1916

Bonnett Will Be Only Cardinal Star Missing on Cinder Path

Stanford will be well represented on the cinder path this year and reports coming from the mainland state that the Cardinal squad will have enough stars back to make them the best rounded organization in the field next season. Local alumni state that this year's track meet should be the best in history.

Stanford will meet a number of the organizations on the coast this season, and will then go East for competition. The team will enter the I. C. A. A. A. A., the track classic of the East, and will also stage dual meets with Yale and Harvard.

Murray a Star.

Looking at the material that is left over from last year, we find Peg Murray for a start. Murray will not have to take a back seat, for any of the track men in the hurdles in the East, and should land eight points in the high and low sticks against the best in the East. Then the Cardinal will have Norton and House. Norton is consistent and should come close to grabbing points in the eastern intercollegiate. House may startle the world, as he did in high school; if he does he will figure in the events. Last year he did not show to advantage in the A. A. U. meet in San Francisco.

Paul Wilson is picked by many to be a star in the mile. "Skin," as he is called by those who know him, is a great miler, and was that in high school. He first came into prominence when he went south to the Berkeley meet from Portland and was picked to win the mile. On the same team was Vere Windnagle. Vere was a great half miler and once held the interscholastic record. Vere sprang the surprise of the day by beating Wilson to the tape in the mile by inches. Both runners broke the record for the California interscholastic.

Milers to Meet.

Wilson is supreme on the coast, but when he goes East he will have plenty of competition. He is a great runner but Stanford should not feel sure of points with Overton, Hoffmire, Windnagle and others entering this event. Windnagle, who recently won the cross country run for Cornell against Harvard, will represent the Ithacans, and this meeting in June will be the first opportunity the two stars have had of testing each others strength since they were students in Washington high school in Portland. A place in the intercollegiate mile event is the best hope of Stanford. If Wilson can do better than 4:19, he should have a chance for first place.

Reg Caughey, who usually heaves the shot around 47 feet should place next year in the eastern classic, while Sisson in the broad jump is sure of a place if he continues his work of last year. Templeton and others will attempt the high jump. Bobby Krohn should do something this year in the pole vault, as last year he went over the 12-foot mark on a number of occasions.

Bonnett Leaves Team.

If Chace returns to Palo Alto and with Lynn Dieffendorf and others in the Stanford may annex points in the 440, but the eastern event has never been won in very slow time, and Stanford will have to have a 49 second man on the team if they expect to place. The biggest loss to the team will be the graduation of Bonnett. The former Stanford half miler would have scored at least in the eastern events, but without him the Cardinal can hardly look for much in this event.

Palo Alto will wave no flags when the results of the 100-yard dash and two-mile run are flashed across the continent, as the Cardinal will not have any sprinters of note to take care of the century and furlong. Dick Grant flashed across the track horizon for a time, but last August Dick dropped out in the 220-yard dash at the Exposition and failed to do much. Chapman, from Santa Rosa, who was a star in high school, is a good man for the coast, but the East has the faculty of picking up two milers who can run the distance around 9:30, which Chapman has not yet done.

Taking the dope from the men on last year's team, not figuring the new stars of the year, Stanford should annex close to 10 points in the hurdles; perhaps two in the mile; three in the shotput two or three in the broad jump; two in the pole vault, and perhaps one in the high jump, which would give the Cardinals about 21 points. These would at least place them in second place, and if the other teams cut in on the field, might possibly land them in first place.

DOCTORS ON TRACK OF CURE FOR FATAL FORM OF ANAEMIA

BALTIMORE, Md.—An important step in the fight against leukemia, a fatal blood disease, is declared to have been made at Johns Hopkins hospital.

Practical transmissibility of the disease has been established as the result of research work extending over three years. The important conclusion faces the medical men that the disease may in some instances be contagious.

The test work was done with a group of Plymouth Rock hens. More than 100 of them were used and one line of investigation showed transmission of the disease to the fifth generation.

Leukemia is the fatal form of anaemia. It is a disease in which the white corpuscles of the blood greatly exceed the normal proportion. Sometimes the malady will run as long as three years, but it always causes death.

A semi-weekly passenger service between Berlin and Constantinople, and Munich and Constantinople, via Bulgaria and Serbia has been inaugurated.

IN 90 CHAPTERS — A CHAPTER A DAY

FOR THE MERCANTILE MAN — FOR THE MANUFACTURER — FOR THE AMBITIOUS YOUTH

CHAPTER XXXIX.

WHY DO STORES HOLD SALES?

Especially when it comes to sales, the buyer selects the stock for his department to feature on the basis of its stability, which means its advertisability. All special goods which are thus to be featured in a sale are chosen by the buyer—the department manager.

The merchandise manager, who acts as a sort of head buyer, may suggest and may often initiate. But, as a rule, it is the buyer who says: "That shall go at 99c and that at 46c." And very frequently the buyer will choose what goods are to go into the ad. He will mark prices on those goods. Sometimes so low that every such article he sells will mean a loss to the store and therefore a black mark against the profit of his department.

He knows his first job is to make money for his department. And yet, he willingly and knowingly marks the goods below cost. He willing puts in a pair of gloves that cost him $1.05 and marks them 95c. Every pair he sells is a dime out of the store's coffers. But the buyer realizes that this is one way to attract people to his store so that they see the service and realize how pleasurable it is to deal there. That is why he offers them a real bargain—a bargain which is not only a bargain in the ad—but is really a bargain in the actual value of the goods.

The department store is built on advertising. But this advertising is often made successful by bargains—the merchandising ability to sell at tremendously low prices. For, prices of themselves will attract trade for a department store.

The department store can do this because they can sell enough other goods to make up for the loss they may incur on an advertised bargain. So it is volume of business that underlies a department store's success. For that is what makes possible this kind of action-advertising.

Of course, all department stores do not have price as the keystone of their business-getting. But most do. If they do not have price, they must have some sort of an appeal of class, exclusiveness or style. And yet such stores all over the country are apt to resort to price-attraction every now and then.

Of course, the buyer's job in connection with advertising is one of detail and simply pertains to his own department. Seldom does a buyer initiate a sale in his department of sufficient importance to dominate the entire store. Such is most often true of furniture departments. Furniture sales are apt to become the major attraction of a store, for the reason that furniture mounts into money so fast. A furniture sale may turn over 20 or 30 thousand dollars a day in a great big store.

That means that they can afford to buy a page, for instance, in the biggest newspapers, and yet have enough business so that that page advertising for the one department would only cost at the rate of 2% or 3% of the volume of consequent sales. But you can see how impossible it would be for the notion department, for instance, to have a sale all of its own and, like the furniture department, predominate the store through a page of advertising. If a notion department buyer got all the business in the city in his line that day he probably wouldn't get enough to warrant the cost of advertising on anything like a 2% or 3% basis.

Usually, however, these little sales details are simply constituent elements of merchandise attraction which the buyers prepare and plan are to serve merely as units in a general sales scheme which the advertising manager of the department store conceives and conducts. Some big stores will have different sales of this kind almost every week in the year. This week it will be "Employes'" Sale—next week, the "Employer's" Sale—another week, the "Department Heads'" Sale and so on, through the "Golden Harvest" Sale and a lot of other such events. To each of these, buyers, or department heads, contribute. They participate simply by having their little department items included in the general occasion.

Many old established stores have these events in almost as conventional and inevitable rotation as the calendar itself. A good many of them know now just what kind of a sale they are going to have a year hence.

A New Year's Gift For You

The Star-Bulletin will present some one of its many readers a beautiful Sonora Phonograph, Mahogany finish, net price $35.00.

Absolutely Free on January 6, 1916

THE SONORA PHONOGRAPH

was the only instrument given a perfect score of 100% for tone quality at the Panama-Pacific Exposition, San Francisco. This instrument plays all makes of disc records, Victor, Columbia, Edison and Pathe, with one sound-box, and is provided with a jewel needle, making changing of needles unnecessary.

A tone modifier is its latest attachment, making it possible to graduate the volume from the loudest to the softest volume while the record is playing. The motor is extra strong, allowing several records to be played with one winding. This instrument is on exhibition at the Hawaiian Phonograph Supply Company, 150 South Beretania Street, and will be demonstrated any time during the contest.

Count the Dots

This beautiful prize will be awarded to the person giving the correct total number, or the nearest correct total number of dots contained in the above picture **for the entire period from December 7, 1915, to December 31, 1915, inclusive.**

All the dots inside of the wreath must be counted each day, as the number of dots will be changed daily. Clip the bell from the Star-Bulletin each day, count the dots and insert your count in the space provided on rim of bell, then write your name and address plainly on the lines below, place clipping in envelope, seal it up and deliver to Hawaiian Phonograph Supply Company, 150 South Beretania Street, either by mail or in person. The contest will close with the issue of December 31, 1915, of the Star-Bulletin, and the last counts must be delivered at the Hawaiian Phonograph Supply Company, 150 South Beretania Street, **not later than 9 a. m., Thursday, January 6, 1916, at which time the prize will be awarded.**

Contestants may send in their clippings daily or weekly, or all together after the contest closes December 31.

Back copies may be procured at the Star-Bulletin Office at any time.
