WHAT SUCCESS OF McKINLEY MEANS

General Upward Tendency of Stocks Noticed on 'Change.

BIG BOOM WAS NOT SERIOUSLY ANTICIPATED

Election of Republican Candidate Was Anticipated—Cause of Firmer Condition of Stocks for Fortnight Past.

There were happy smiles on the faces of the stock brokers this morning as they emerged from the meeting of the Stock Exchange. While the big boom they expected had not taken place, there was nevertheless a general upward tendency of a number of the stocks and a firmness in the cases of those stocks which on Saturday seemed to be showing a downward tendency. All this is attributed to the election of William McKinley as President of the United States and the consequent guarantee of good sound money. A few of the brokers were disappointed, but the majority were more than pleased at the outlook.

Among the men interviewed this morning about the improved condition of affairs was B. F. Dillingham who recently returned from the States after successfully placing Olaa bonds. Mr. Dillingham had the following to say:

"Everything is advancing. McKinley's election is the best possible news that could have been received here when the question of the money market is considered. Stocks have been going up steadily in anticipation of the election of McKinley.

"I can speak more intelligently on Olaa stock, for that is a matter I have had in hand and one to which I have been paying a great deal of attention. During several weeks past, a large number of orders have come in for blocks of Olaa stock. A market has been created for this stock on the Coast and I feel certain that I have succeeded in creating, in the minds of financiers on the Mainland, a market for other good, substantial stocks.

"It is my firm conviction that, had it not been for the fact of the confidence felt by the financiers interested in sugar that McKinley would be elected, I would not have been successful in placing the Olaa bonds, news of which you have already published in your paper.

"Last June, when I was on the Mainland, the election of McKinley was by no means certain and the financiers presented a conservative front but, on the occasion of my last visit, the situation was much changed. The pulse of the great public had been felt and all signs pointed to the re-election of McKinley. The financiers showed a greater willingness to invest in Olaa bonds and when the time came for the consummation of the proposition, they were even anxious. I do not hesitate to say that I was a little afraid I would not succeed in getting the money but I knew that as soon as confidence in the election of the great man from Ohio was established, I would have no trouble. In this, as you see, I was not far off.

"While on the Coast I saw a great many contracts made with big houses that were entirely subject to the election of McKinley. Orders were sent in with the proviso attached 'If McKinley is elected, send the material ordered; if not, cancel the contract.'"

Mr. Hass had the following to say: "There is no doubt whatever that the news of the election of William McKinley as President of the United States has brought to these islands a feeling of confidence that has not existed here for a long time. It has had the tendency of [illegible] the people who for months past have been working so hard for a market for our securities, particularly in the East.

"Capital will come into the country from the Mainland as a result of the election of McKinley and the resultant establishment of a feeling of confidence. I do not look for a sudden jumping up of stocks. On the other hand, I believe there will be a gradual but steady growth of the upward tendency which you must certainly agree, is a more healthy state of affairs than a sudden boom which could not be expected to hold.

"There is no doubt whatever in my mind that the firmer tone of the stock market for the past two or three weeks has been due to the general belief in the election of McKinley as President of the United States. This has been taken as a foregone conclusion so that the effect of the election may be said to have been felt in the islands before the news actually arrived here. [illegible], I do not feel that there is to be a sudden dash of stocks up the ladder."

Willard Brown, one of the foremost stock brokers of the city expressed the same opinion as that given the Bulletin by Mr. Hass. He had not looked for a big jump but he had looked for stability. In this he had not been disappointed. The election of McKinley had been anticipated with the result that stocks had gone up steadily during the past two or three weeks. The same thing was true of Hawaiian stocks on the San Francisco market. There had been no big jump as had been anticipated by a great many people.

Governor Dole thought undoubtedly the result of the Presidential election would have an immediately good effect on financial and business affairs. "I don't think," he said when asked for his opinion, "that there was ever any doubt of the result in the States. There was not a cessation of business owing to the campaign, only a certain holding back in Wall street perhaps."

Delegate Wilcox Rather Likes It

Robert W. Wilcox, Delegate-elect to Congress from Hawaii nei, was seen this morning and asked as to his feelings about the election of William McKinley as President of the United States. Mr. Wilcox had the following to say:

"The election of McKinley means a great deal for the people of these islands. I know that he is favor of the opening up of Pearl Harbor and I know also that he is in favor of every measure that will result in the development of the islands and an assurance of prosperity to the people.

"The Independent party is only for the islands and I am aware of the fact that there is no such party in the United States. When I go to Washington it will be as a representative of the people of Hawaii nei and I will be neither Independent, Republican nor Democrat. This policy I would have carried out even if Bryan had been elected.

"I do not mind saying to you that I believe the election of McKinley will result in more good to the people of these islands than the election of Bryan. I know that McKinley means to do for us the very best he knows how but I do not know what Bryan would have done had he been placed in the Presidential chair. I may say in closing, that I am not at all disappointed in the election of William McKinley as President of the United States."

CONTINUED PROSPERITY FOR HAWAII

San Francisco, Nov. 10, 1900.

SPLENDID NEW GROCERY EMPORIUM

The New Stores of H. May & Company, Limited.

IN THE BEAUTIFUL BOSTON BUILDING

Three Old Established Firms Combined—Finishing and Furnishing of Stores of Modern Style and Convenience.

Henry May & Co., Ltd., filled the first part of Saturday evening with a popular attraction before the Zealandia with the Presidential election news was [illegible]. With the stores and offices lighted up and the windows artistically dressed with brightly labelled goods, the establishment made an appropriate showing of itself in its new quarters in the Boston building.

People who remember the dingy grocery stores of less than a dozen years ago, which were modeled after the [illegible] of Waybackville, must have pinched themselves to [illegible] they were not dreaming at the opening of this magnificent mart. The company occupies the entire ground floor and cellar of the Boston building, a handsome four-story structure erected by the estate of the late Charles Brewer. It stands on the site of the coral store that for many years was occupied by the firm of H. May & Co., wholesale and retail grocers. The corporation retaining that name is an amalgamation of that firm with the firms of H. E. McIntyre & Bro. and J. T. Waterhouse, all dating back about half a century. Tom May is president and manager, H. E. McIntyre vice president, F. T. P. Waterhouse secretary and F. D. Auerbach treasurer.

On the right from the entrance is the retail, and on the left the wholesale department. The entrance, by the way, is one of the most imposing in Honolulu architecture. Between stately pillars is an open vestibule with [illegible] floor, looking, in the middle, toward the staircase and elevator, and, on either side diagonally, to the May stores as already stated. Both departments are connected by open passage ways in the interior. The [illegible] stalls, fitted with bank screens and [illegible] with [illegible] mirror panels, stand across the middle of the floor toward the rear. Behind them on either side are the city delivery and the country shipping arrangements, both having outlets to a spacious yard where vehicles are discharged and loaded.

The counters are of oak with panels of curly redwood. They have in places handsome glass compartments, with sloping glass lids where fancy crackers, etc., are displayed. [illegible] show cases have arrived in the East. Aside from the retail store [illegible] is the refrigerator, with many compartments for such articles as butter, cheese and other perishables. [illegible] have been thought out for [illegible] the two grand results of attractive display and convenient handling. In every respect, indeed, the May corporation's new quarters are modern and metropolitan.

New Monitor Arkansas.

Newport News, Va., Nov. 10.—The monitor Arkansas was launched at the shipyards today. The event was successful. Miss [illegible] Jones, daughter of Governor Jones of Arkansas, christened the monitor as it started down the ways. In addition to Governor Jones and a party of Arkansans, there were present Governor Tyler of Virginia, a large party of naval officers and a number of invited guests.

Damage Done By Kona Throughout All Maui

TRACKS WASHED OUT FLUMES BLOWN DOWN

Corn in Kula Suffers—Claudine Unable to Land Her Lumber—Money Loss Not Very Heavy.

The steamer Claudine arrived this morning from Maui with reports of one of the most serious konas ever experienced in that island. The Claudine left Honolulu last Thursday morning and encountered heavy seas and a gale of wind in the channels. She had a deck load of lumber for Lahaina but could not land the wind and sea preventing. On East Maui little difficulty was experienced but at Kahului no work could be done as the railroad was washed out and all of Kahului practically under water. Saturday afternoon the Kahului R. R. Co. were able to deliver [illegible] end of the wharf all the sugar on hand at Kahului but no freight could be hauled from the interior. On returning to Lahaina the wind and sea had abated permitting the landing of lumber and freight.

Purser [illegible] reports great damage to corn and potatoes in the Kula district and cane blown down at Hana. The roads all over Maui are almost impassable and the telephone lines were down so that communication was impossible. It is reported that the lumber schooner [illegible] lying in Lahaina harbor had a very narrow escape on Friday night expecting momentarily to be dashed upon the reef. It is also reported that the large flume at [illegible] was blown down. The shipping at Kahului and other parts of Maui is safe. In relation to the damage done the Kahului railroad a Bulletin reporter saw [illegible] of the firm of Alexander & Baldwin, agents for the road. Mr. [illegible] said:

"Mr. Baldwin writes that it was the severest kona that has visited Maui within his recollection. Kahului was under water for two miles and all the track in the vicinity of Kahului was washed out. Traffic will be stopped for a week at least. The damage done [illegible] is probably not very great but the loss in time cannot be [illegible]."

Considerable damage was done at Spreckelsville and [illegible] flumes were washed out. Houses blown down and a lot of sugar cane laid flat. The [illegible] of Spreckelsville has also gone. At [illegible] several acres of young cane were washed out and Mr. Baldwin says that [illegible] Wailuku has suffered heavily. That the plantation had [illegible] acres of its cane washed out, besides considerable damage to [illegible] and Paia suffered very little damage in spite of the fact that ten inches of rain fell. These places are better prepared for rain. No detailed report from Wailuku could be had as the telephone wires were down.

R. G. Dun Dead.

New York, Nov. 10.—R. G. Dun, head of the Mercantile Agency firm of R. G. Dun & Co., died in this city today of cirrhosis of the liver. Mr. Dun was born in Chillicothe, Ohio, in 1826. He had been suffering since the early part of last summer.

Judge Humphreys is hearing [illegible] Messrs. [illegible] appear for [illegible] and Messrs. [illegible] for [illegible]. [illegible] this morning. [illegible] testimony was struck out on account of [illegible].

OFFICIAL ADVICES FROM WASHINGTON

Governor Dole Trying to Save Interest on the Debt.

PLAN TO STOP SHIPMENT OF CUSTOM COLLECTIONS

Hawaiian Lands Sales—Another Cemetery Scheme—Storm Sewer in Fort Street—Triangular Land Deal.

Governor Dole read important correspondence from Washington to his council this morning.

The Interior Department, through which Territorial affairs are communicated, had referred to the Secretary of the Treasury the matter of shipments of customs receipts in coin. Governor Dole has received a letter from the Secretary of the Treasury suggesting that the duties be paid to the Treasury office at San Francisco, whose receipt should be accepted for payment by the Collector of Customs at Honolulu. This is the plan in vogue for cities of the United States which have no Treasury office. They make payment of duties to the nearest subTreasury.

As to land matters, President McKinley has under consideration, according to advices received by the Government, the Hawaiian land sales made between July 7, 1898, and September 28, 1899.

The matter of Hawaiian silver coin has been referred to the Secretary of the Treasury.

According to the annexation resolution Hawaii was to pay the interest on the Hawaiian debt so long as Hawaii collected customs tariff. Governor Dole wrote to the Secretary of State, suggesting on the inference that Hawaii should not have to pay interest on the debt after ceasing to collect customs revenue, that until the debt was taken up by the United States Government the customs dues collected in Hawaii should be paid to Hawaii, or at least as much of them as would pay the interest on the debt. This matter is also under consideration of the Secretary of the Treasury.

The council authorized Treasurer Lansing to transfer $100,000 from the current account to the loan fund.

H. Hackfeld & Co. have sent in a bill of $[illegible] for taking the pilot off the steamship [illegible] by the tug Fearless last week.

Engineer Edwards had submitted an estimate for constructing a storm water sewer in Fort street. It amounted to $5000 and the council agreed it would be money well spent.

Superintendent McCandless reported triangular negotiations about land between the Government, the Bishop Estate and Mr. Holt. The last named party want a piece of land in Liliha street which the Bishop Estate will let go in exchange for land it loses through the widening of Queen street. No action was taken.

The Rapid Transit Co. has submitted a new proposition regarding a cemetery beyond Diamond Head.

W. C. Achi wants the right of way for a ditch in Pukoi street connecting with his development operations. The matter is left with the Superintendent of Public Works.

WITH THE INDEPENDENTS.

The big luau in celebration of the victory of Robert Wilcox and the Independent party in these islands will be given on Wednesday evening. [illegible] has been chosen as treasurer. An attempt to get the drill shed for the occasion will be made.

According to the present outlook, Robert Wilcox will leave for Washington on Saturday next.

A valuable horse belonging to [illegible] was shot in front of the Wilder Steamship Co.'s offices on Fort street this forenoon. The animal, ridden by a Portuguese, fell and injured itself so badly that the course taken was at once necessary.

The latest styles in shirts and ties are to be found at [illegible], Hotel street. Tel. [illegible] White.

Mandolins, guitars, banjos and all other musical goods will be sold at a great reduction by the Bergstrom Music Co., Ltd., from now on until the first of the year. Mandolins as cheap as $[illegible] each.

A trip to the back rooms of the HONOLULU PHOTO SUPPLY CO. will more than repay anyone who cares to see the actual work of printing, toning and framing of photographs.

WIRELESS FOR ENGLAND

London, Nov. 9.—The Daily Mail this morning makes the following announcement: The Postal Departmental Commission which has been inquiring into the subject will shortly report, after some months of deliberation, in favor of the earliest possible adoption of Marconi's system of wireless telegraphy by the postal authorities.

The Commission is also arranging as to terms for the acquisition of the Marconi patents and negotiating with France and Germany regarding their attitude towards Marconi's inventions. This evidently means a complete revolution in the telegraphic system.

The Russians sent two columns from Lutai to Yang Tsu on Sunday.

Ting Yung, acting Viceroy of Chi Li, the Tartar General, Kwei Heng, and Colonel [illegible] were shot at Pao Ting Fu by order of the court martial. The French have arrested Chung Li, president of the Board of Revenue, near Peking.

McMahon in Southern California.

A private letter by the Zealandia, from P. Maurice McMahon, bears a Los Angeles date and Pasadena postmark. "I arrived here Nov. 3, and will stay perhaps a week longer; am having a splendid time, so many old friends to see and dine with. What a time there was last night, election returns coming in—such shouting and demoniacal blowing of horns! My health is getting better every day, still my hand keeps lame. Write to me here, some of your letters will catch me as I chase about." McMahon seems to have given up South America altogether, and is now talking about taking a trip to Tahiti; his most intimate friends believe, however, that after getting the benefit of a little more travel along the Pacific Coast that he will return to "Fair Hawaii Land," content to remain here.

Will Honor Manley.

New York, Nov. 10.—Joseph H. Manley of the Republican National Committee, will be honored by his townsmen in Augusta, Me., on Monday night when he reaches there. He will be met at the station by a citizens' committee and escorted to his home or a hall and there will be fireworks, music and speaking. Mr. Manley will leave here this afternoon for Boston and spend Sunday there, going to Augusta on Monday afternoon.

Senator Scott will leave this city this evening for Washington and on Monday or Tuesday he will go to his home in Wheeling, W. V. On Thursday he will start for Colorado on a business trip.

At last Niihau has been heard from. For the 56th Congress it gave Parker 17, Wilcox 4 and Kawananakoa 6, and for the 57th Congress Parker 15, Wilcox 1 and Kawananakoa 7. In the Senatorial election Niihau gave W. H. Rice 15, G. N. Wilcox 12, Kahilina 6, Bishop 1 and Nakapaahu 1.

The Book Contract.

The Attorney General has rendered an opinion on the Board of Education book contract to the effect that a contract with Mr. Dunn would not be binding on the Board's official successor. It is held that according to law, the Board cannot go out of the book purchasing and sale business.

McKINLEY AND ROOSEVELT ELECTED BY LARGEST PLURALITY EVER KNOWN

Republican Party Has Clean Sweep of Country.

CARRY NEW YORK, INDIANA, NEW JERSEY, AND MARYLAND

Bryanism Given Its Death Blow—Western States Again In Line—Congress Solidly Republican.

New York, Nov. 7.—The Sun says: The republicans of the nation spoke yesterday for honest government with no uncertain voice. Not only has Mr. McKinley carried all the states which were his in 1896, but he has added thereto several states in the far west, enough to materially increase his plurality in the electoral college. The Congress of the United States will be republican by an increased majority and there will be republican gains in the senate. The misguided adherents of Bryan are crushed in every direction. There is scarcely a spot in the entire country where they made any gains or cut any considerable figure in the voting. In New York City the democrats made a slight gain over the vote of 1896, but fell far below the normal democratic majority.

In Brooklyn there are losses for McKinley over the vote of 1896, but large republican gains over the vote of [illegible] years ago.

The New England states are solid for McKinley. The middle states all vote for him. The south is probably unchanged from the vote of 1896. It is in the far west, therefore, that President McKinley has made his greatest gains. At this writing the returns are meagre, but there is no doubt that several states which were carried by Bryan in 1896 gave their vote to McKinley this year.

Of the so-called doubtful states Maryland votes for McKinley by 12,000 to 15,000. West Virginia gives a republican plurality of not less than 10,000. Kentucky, although very close, apparently has also gone republican. Indiana rolls up a larger republican vote than she gave in 1896, and Illinois is overwhelmingly republican.

Wisconsin surpassed her record of four years ago, when she gave 102,000 plurality to McKinley. The entire congressional delegation is republican.

Minnesota gives McKinley 50,000 plurality and elects a republican legislature that will elect a United States Senator to succeed Nelson. The republicans elect four out of seven congressmen. South Dakota gives McKinley a plurality estimated at 3,000.

North Dakota more than held up its record of four years ago. McKinley's plurality is about 10,000. The legislature is overwhelmingly republican.

Nevada remained true to free silver and gave Bryan a plurality of from 500 to 1,000. Bryan carried Missouri by a reduced plurality. Both sides claim the governorship, the democrats for Dockery by 15,000 and the republicans for Flory by 10,000.

Arkansas gave a reduced Bryan plurality. It will be about 15,000. In some places there was so little interest in the voting that the polls were not opened until 9 a. m.

Oregon voted for McKinley, giving a plurality estimated at 12,000. This is a big gain over 1896.

Bryan has probably carried Montana. Wyoming is republican by from 2,000 to 3,000. A republican congressman is elected and the legislature is strongly republican.

California returns come in slowly, but early reports show heavy republican gains over 1896 and the state is safely republican. A big vote was cast in Washington state, and the count is being made very slowly. The republicans claim the state.

Kansas went republican by about 20,000.

The Ohio plurality for McKinley will not be less than 50,000. Congressman Lentz, democratic anti-imperialist, was defeated for re-election. The republican gains in Utah indicate that McKinley has carried the state by about 10,000 and that the republicans have elected their state and congressional tickets.

Bryan lost his own state to the republicans by estimates varying from 5,000 to 10,000.

Accept His "Lot."

Lincoln, Neb., Nov. 8.—William J. Bryan sent the following telegram [illegible]:

"Hon. William McKinley, President of the United States: At the close of another presidential campaign it is my lot to congratulate you upon a second victory.
W. J. BRYAN."

Washington, Nov. 7.—Representative Loudenslager, who is in charge of the eastern headquarters of the republican congressional committee, said tonight that his private and the press dispatches indicated that the republicans would have 200 members in the next house of representatives against 157 for the opposition.

At the headquarters of the democratic congressional committee, Mr. Kerr, the secretary, denied the claims made by the republicans to a majority of from forty to fifty in the next house. He says that the information he has received makes it certain that the democrats will have at least 160 members, with the prospect of one or two more seats which are still in doubt, leaving the republicans a majority on the face of present returns of only twenty-five. Chairman Richardson declined to give out any statement on the general result, merely saying he did not wish to talk at this time.

The next senate, assuming the state legislatures will fulfill their duty and choose senators to represent their states, will stand, on the basis of yesterday's election, 56 republicans, 31 democrats and 2 independents, with the legislatures in doubt in three states, with the privilege of electing two senators at this time. The legislatures in doubt are Delaware and Nebraska, in each of which states two senators are to be chosen, and Utah, with one senatorial chair to be filled. Among those classed in the independent column are Senator Stewart of Nevada and Kyle of South Dakota, who in the last congress acted with the republicans on all party matters. Turner of Washington and Harris of Kansas, who acted with the democrats, and Wellington of Maryland.

Largest Plurality Ever Known

Chicago, Nov. 8.—McKinley's plurality in republican states, 1,305,900.

Bryan's plurality over Bryan [illegible].

Highest previous plurality, Grant's in 1872, 763,000.

The plurality of popular vote secured by William McKinley in his second successful contest for the presidency of the United States far exceeds any for the office. It tops his own plurality of 600,719 in 1896 by 200,000 votes, and exceeds that of General Grant in 1872, up to the present year the greatest on record, by [illegible] votes.

The Times-Herald today secured from its correspondents in every state in the union the latest and most accurate estimates available of the popular vote. In the Times-Herald's table of plurali[ty]

Vote of the States for McKinley and Bryan

New York, Nov. 8.—The vote of all states in the electoral college seems now clearly to be indicated. The last state to leave the doubtful column was Idaho, which shows a plurality of something above 1,000 for Bryan, fourfifths of the voting districts having made returns. This seems to be conclusive, there being little probability of enough republican votes in the late districts to change the result. Nebraska is apparently republican, though there is still some doubt as to the complexion of the legislature. Both parties still claim the state for presidential electors and for governor.

The vote in the electoral college will probably be: For McKinley, 291; for Bryan, 156. Following is a table showing the electoral vote and pluralities by states:

WALK OVER IN NEW YORK

New York, Nov. 8.—At 11 o'clock the indications are that President McKinley has carried New York state by a majority over Bryan of about 150,000, compared with a republican majority in the last presidential election of 268,469. The total vote in the city of New York is approximately 60,000 larger than it was in 1896, and up the state the increase is about 50,000. In the city Bryan wipes out the plurality of 60,000 which McKinley had four years ago and took on a plurality for himself of about 25,000. Up the state McKinley barely held the vote which he had in 1896, the added vote going to Bryan.

The vote for B. B. Odell, Jr., republican nominee for governor, is considerably larger than that for McKinley. In Brooklyn, particularly the democratic nominee for governor, Mr. Stanchfield, appears to have been scratched.

The election passed off quietly, both in the city and state. There were no more than the usual number of arrests of men accused of attempting illegal voting at city precincts, and where the accused made it clear that they were innocent they were allowed to return to the polling places and vote.

Returns from congressional districts are scattering and incomplete. On Long Island McKinley and Bryan are running close together and all estimates are valueless.

In the Wall street district, which includes the borough of Richmond, Staten Island, Nicholas Muller, democrat, is probably elected. Republicans concede the election of William Sulzer.

A SPLENDID VICTORY.

The splendid victory of President McKinley and the Republican party in the national elections is in its last analysis a demonstration that national integrity shall be maintained be the attack upon the financial and industrial system of the country or a dastardly effort to trail its flag in the dust of weak incompetency. A more magnificent endorsement of a wise, honest, conservative but postive government policy has never been given than that William McKinley and the Republican party received at the polls on November 6.

It means that the protective policy will be maintained, that rebellion will be wiped out, that the flag will be upheld in any and every portion of the globe where it has been planted by the splendid valor of virile young American manhood. Bryanism, epitomizing national dishonor, discontent, prejudice and commercial disaster has been buried so deep that the igois fatuus leader will of necessity turn his attention to other fields where ignorance rules and the doctrine of the anarchist is the national banner. In each and every detail of his campaign Bryan has suffered a complete defeat. The people demand the maintenance of the producers of prosperity, the protective tariff and the gold standard. The bugbears of imperialism and trusts has been ignominiously dumped into the political scrap heap frim which it arose.

To Hawaii, the national result foreshadows an era of prosperity such as has never been known in the palmiest days of its past history. With our main industry protected and the increase of American power inthe commerce of the Pacific assured, the results of local elections are matters of small importance. Continued prosperity on the Mainland gives promise that investors will not hesitate in dealing with the industrial securities offered by this most promising of the new possessions. Hawaii has had its fill of booms. Having passed this stage it is now within the period when values will move steadily upward, money easier and the people contented with an honest return for their labor.

FIRM AND INDEPENDENT

New York, Nov. 10.—A Cabinet officer especially close to the President is quoted in a Washington dispatch to the Herald as saying:

"The Chinese question in all its phases was discussed by the Cabinet and it was determined to follow the same policy hitherto observed. The United States will join no power or group of powers, but will act concurrently with all, if it deems it desirable in the interest of harmony and the attainment of the principles to which it is pledged, though it will preserve its time honored course of independence of action."

Mr. Wu, Chinese Minister, said last night that there could be no doubt of China's purpose to pay the indemnity the powers would demand.

"Where there's a will, he said "there's a way and China has the will."

Regarding the objection to the proposition that China should increase her import duties, it being urged that the foreigners would then pay the indemnity, he said:

"That is a great mistake. The proposition to increase the tariff was first made about five years ago. What we call the likin tax at every barrier, is very annoying to the foreign merchants and they have advocated that a proper increase in the tariff be made and the interior tax abolished. It would be to the advantage of both China and foreign nations if the tax were to be increased and the likin abolished. China has vast resources and I am confident of her ability to pay a reasonable indemnity within a time sa tisfactory to the powers."

Mrs. Gillig to Marry.

New York, Nov. 3.—The announcement of the decree of divorce in favor of Mrs. Harry Gillig caused no surprise among her friends and acquaintances here who come from the Pacific coast. It is rumored that the divorce will be speedily followed by another marriage and that Mrs. Gillig will become the wife of a young man about town who is generally described as boyish-looking and the son of a wealthy promoter. The name of the young man is not mentioned at present, but it is said that he has been a consistent member of Mr. Gillig's immediate circle of friends.

Yale-Carlisle Game.

New Haven, Conn., Nov. 10.—The football teams of Yale University and the Carlisle School for Indians met in their annual contest here today. The temperature was ideal for such a contest. At the end of the first half the score was Yale 23, Carlisle, 0.

BOOM ON WALL STREET

New York, Nov. 9.—For the third day of this week transactions on the Stock Exchange exceeded the million mark today, and it was the biggest sort of bull market. There was tremendous realizing of profits because of the great advance in prices since election day, but all sales were easily absorbed by the demand for stocks, which has not been equaled since the boom which started with the Spanish war and culminated in the spring of 1899.

Orders to buy securities came to Wall street today from all sections of the country. Prices closed at or near the top, advances ranging all the way from fractions to points. The feeling of relief and unmixed joy over the result of the election on the part of men with money has found the fullest expression in the securities market. Realization of the fact that investments in securities could now be made without fear of financial repudiation has caused a great rush to buy. There have been speculative purchases on a tremendous scale in the industrial group of stocks, which is made up of so-called trusts.

The sales of stocks on the Stock Exchange today aggregated 1,900,367, and on Wednesday 1,362,829 shares. Yesterday's enormous total, to which might be added dealings in $4,508,000 par values of bonds, represents the record bull day in the history of the Exchange and is next to the record day, which was a best one, namely December 18, 1899, the day of the panic attending the failure of the Produce Exchange and Trust Company, and helped along by the Boer war, when sales aggregated 1,794,450 shares.

An immediate result of the enormous increase in Wall street business is a higher quotation for seats in the Stock Exchange. Standard Oil stock in the curb market participated in the general strength, establishing a new high record by selling at $660 a share, an advance of thirty points for the day.

DEATH OF JAPANESE

A Japanese, abed about 30, Fukuokao by name, dropped dead on the Wilder Steamship Co.'s wharf this morning shortly after the arrival of the Claudine from Maui ports. Fukuokao was himself a passenger on the Claudine who had taken passage at one of the Maui ports at which the steamer is in the habit of stopping. He had been on the wharf but a very few minutes before he fell. ePople rushed to the place to give the man assistance but there were no signs of life. It is believed that the fellow died of heart disease.

As soon as possible, Sheriff Brown summoned a coroner's jury and, together with the members, went up to the office of the Board of Health where the body had been removed by the patrol wagon. There the jury was sworn in and adjournment taken until 1 o'clock in order to give Dr. Pratt time enough to perform the autopsy. The jury is composed of the following: S. Kubey, Richard Daly, J. Schnack, F. Weeed, W. E. Bivens and James Brown.

The fact that the man was a Japanese, coupled with the fact that the body of deceased turned a little darker shortly after death, caused all kinds of rumors to be spread about on the streets. Some even went so far as to state that death was the result of bubonic plague.

HARVARD AND YALE WIN.

Cambridge, Mass., Nov. 3.—A marvelous defense, which completely stopped and broke up the famous guards-back formation, a speedy and brilliant offense, together with some bad errors by her opponents, gave Harvard a most satisfactory victory—17 to 5—over the University of Pennsylvania on Soldiers' Field this afternoon.

West Point, N. Y., Nov. 3.—Fully 5,000 people saw the football game here today between West Point and Yale. The score was: Yale, 18; West Point, 0.

Honolulu Hennessey.

Honolulu, Nov. 5.—T. K. Hennessey, a young man who says he belongs to Honolulu, is under arrest charged with grand larceny. D. C. Ferguson of 307 Eddy street accuses him of the theft of $175 and some private books and papers. Ferguson alleges that Hennessey and a man named J. D. Barrett shared his lodgings Saturday night. Hennessey got up first and when Ferguson awoke he missed his money. When Hennessey was searched, after his arrest, $174.45 and Ferguson's books and papers were found on him.

Stanford's Big Victory.

Stanford, Nov. 3.—The Stanford 'Varsity put up the best game of ball this afternoon that has been played this year. They walloped the Reliance Club men about like children and ran up a score of 44 to 0.

The Orpheum.

The management of the Orpheum have decided to make no change tonight in the first part sketch on account of the enormous success that "His Relative" has met with. Conlon and Ryder have spared no trouble in bringing this laughable skit up to a first class presentation, while the scenery used is very appropriate.

New turns will be given by the talent in their respective parts, bringing out new songs, etc. Those who have not seen "His Relative" should not let the opportunity pass.

BULLER HOME AGAIN

Southampton, Nov. 10.—This city was in gala attire today and thousands of visitors from London and elsewhere participated in the ceremony of conferring the freedom of the city upon General Buller. A civic and military escort led the way to the scene.

General Buller's carriage was deluged with flowers. Lady Buller accompanied General Buller. Replying to the address on the presentation of the freedom of the city, the General exhibited great emotion and arraigned his critics vigorously. He declared that when the history of the war was fairly written, it would be found that the British army in South Africa had confronted difficulties far greater than any army operating against an equally civilized enemy had ever previously experienced. He cited the Boers' superior range of vision and familiarity with the Kaffir language and country.

On his arrival at Aldershot, General Buller will be received by Major General Sir William Francis Butler, in command of the district and other dignitaries.

Building Plan Changed.

Since the plans of the new buildings of the Union Feed Company were drawn by Mr. Swain the architect, the company has acquired from the Bishop Estate a lot fronting 350 feet on the Beach road and 150 feet deep. On this new lot the stables will be erected instead of going in the group as originally planned. The change is good in more ways than one. Excavations for the foundations of the buildings are progressing. Mr. Swain will make two more visits to Honolulu, besides the present one, before the Union Feed Company's structures are completed.

BRYAN IS SURPRISED

HASN'T RECOVERED YET TO ANALYZE THE RETURNS

Thinks Prosperity Cry Did Him Up--Defeated But Not Discouraged--Thanks All His Helpers.

Lincoln, Neb., Nov. 8.—W. J. Bryan tonight gave out the following statement concerning the election:

"The result was a surprise to me and the magnitude of the republican victory was a surprise to our opponents as well as to those who voted our ticket. It is impossible to analyze the returns until they are more complete, but, speaking generally, we seem to have gained in the large cities and lost in the smaller cities and in the country.

"The republicans were able to secure tickets or passes for all their voters who were away from home, and this gave them considerable advantage. We have no way of knowing at this time how much money was spent in the purchase of votes and in colonization. But while these would account for some of the republican gains they could not account for the widespread increase in the republican vote. The prosperity argument was probably the most potent one used by the republicans. They compared present conditions with the panic times of 1893 to 1896, and this argument had weight with those who did not stop to consider the reasons for the change. The appeal 'Stand by the president while the war is on,' had a great deal of influence among those who did not realize that a war against a doctrine of self government in the Philippines must react upon us in this country. We made an honest fight upon an honest platform, and having done our duty as we saw it, we have nothing to regret.

"We were defeated but are not discouraged. The fight must go on. I am sure that republican policies will be repudiated by the people when the tendency of these policies is fully understood. The contest between plutocracy and democracy cannot end until one or the other is completely triumphant."

Concerning himself, Mr. Bryan said: "I have come out of the campaign with perfect health and a clear conscience. I did my utmost to bring success to the principles for which I stood. Mr. Stevenson did all he could. Senator Jones and the members of the democratic, populist, silver republican and anti-imperialist committees did all they could. Mr. Hearst and his associates in the club organization put forth their best efforts. Our newspapers, our campaign speakers and our local organizations all did their best. I have no fault to find and no reproaches. I shall continue to take an active interest in politics as long as I live. I believe it to be the duty of the citizen to do so, and in addition to my interest as a citizen I feel that it will require a lifetime of work to repay the political friends who have done so much for me. I shall not be a senatorial candidate before the legislature which has been elected. Senator Allen deserves the senatorship which goes to the populists. Mr. Hitchcock and Mr. W. H. Thompson are avowed candidates for the senatorship. They both deserve well of the party, and I am too grateful to them for past support to stand in their way, even if I desired a seat in the senate."

Mr. Bryan says he has no plans at present other than to remain at home, where he returned from the fatiguing campaign. He denied the report that he would remove from Nebraska and make Texas his home.

If I Should Die Tonight.

If I should die tonight,
And you should come to my cold corpse and say,
Weeping and heartsick, o'er my lifeless clay,
If I should die tonight,
And you should come in deepest grief and woe,
And say: "Here's that ten dollars that I owe!
I might arise in my large white cravat,
And say: "What's that?"

If I should die tonight,
And you should come to my cold corpse and kneel,
Clasping my bier to show the grief you feel,
I say: If I should die tonight,
And you should come to me and there and then,
Just even hint 'bout payin' me that ten,
I might arise the while,
But I'd drop dead again,
If I should die tonight,
—Ben King.

SAN FRANCISCO PLAGUE

SACRAMENTO BEE SAYS IT CAUSED RECENT DEATH

Nurse Who Attended Boy Supposed to Have Plague--Bee Charges San Francisco With Deceit.

Sacramento, Nov. 8.—Annie Rodde died in San Francisco Saturday at the Pacific Hospital of the bubonic plague. She was a resident of Guenville, Plumas county, and her people ordered her remains shipped home for burial, not knowing the nature of the malady. They were informed by the local Board of Health that she died of plague, which also stated that the remains were cremated. She was an estimable young woman, belonging to one of the most reputable families in Plumas county.

The Bee this afternoon received information from San Francisco that Miss Rodde died at the isolation cottage connected with the Children's Hospital and not at the Pacific Hospital. She was a nurse at the last named hospital and had been sent out to attend a white boy supposed now to have had the plague. The boy has since died and been buried. The San Francisco authorities had the body exhumed and are morally certain the case was one of plague, but are unable, on account of the fact that it had been buried, to substantiate their belief absolutely. There is no doubt, however, that Miss Rodde died of plague. The body was cremated and the building in which she died was burned.

Editor Hale of the Quincy (Plumas county) National Bulletin, telephoned to the Bee office this afternoon that Undertaker Murray, of that county, acting under instructions from the family of the young woman, had notified the undertaking firm in San Francisco to take charge of the body and forward it to Plumas.

The firm sent word to Undertaker Murray that the young woman had died from a contagious disease which after thorough investigation had been found to be bubonic plague.

Mr. Murray then wired the wish of the parents of the young woman that the body be cremated.

The San Francisco papers have refused to publish any of these facts, though they are accessible to them. However, Editor Hale is not bound by their shortsighted policy any more than is the Bee, and will tonight publish the story in his county, where the dead girl is known and where all the circumstances are known to be true.

PACIFIC MAIL CHANGES

New York, Nov. 9.—E. H. Harriman was today elected director of the Pacific Mail Steamship company to fill the vacancy caused by the death of C. P. Huntington. Harriman is now one of the largest individual stockholders of the Pacific Mail, having purchased, it is said, about 20,000 shares. His influence will hereafter be effective in the management of the company and it is not unlikely that he will be elected president at a meeting of the board next week.

Rumors that Harriman had acquired the Huntington interest in the Pacific Mail company were emphatically denied by representatives of the Huntington estate today. The statement was authoritatively made that no portion of the Huntington holdings had been disposed of. The Southern Pacific railroad will continue to have a very important representation in the Pacific Mail. Harriman's large interest in the property, it is declared, is due to the fact that as the dominating power in the Union Pacific railroad he saw the necessity of having a voice in the management of the Pacific Mail, which has a large amount of traffic to dispose of to transcontinental railroad lines.

Should Harriman decide to accept the presidency of the Pacific Mail, it is understood that he will have a free hand in carrying out such measures as he may deem best for the development of the company's interests, so long as his ideas are not incompatible with the interests of the Southern Pacific railroad.

The directors of the Pacific Mail company adopted memorial resolutions in honor of C. P. Huntington today. No action was taken relative to a traffic contract with the Panama Railroad company.

VIGOROUS CAMPAIGN AGAINST THE FILIPINOS

McArthur Receives Orders from Washington--Army of 70,000 Men to be Put in the Field At Once.

New York, Nov. 10.— Major General MacArthur, it says a Washington special to the Herald, will personally direct the vigorous military operations to be directed against the Filipino insurgents. Major General J. C. Bates will probably be assigned to duty in Manila as the executive head of the military government in the Philippines during the absence in the field of General MacArthur.

General MacArthur has clearly indicated that as soon as the rainy season shal have ended he will take personal command of the troops. This action has received the emphatic approval of the president.

Plans of the war department communicated to General MacArthur for suppressing the rebellion contemplate the division of Luzon into districts and the mobilization of sufficient troops in those districts to effectually shatter any insurgent forces that may be operating therein.

Before the congressional session is very far advanced the campaign should be far enough along to shed some light on this question. If an army of nearly 70,000 men prosecuting the most vigorous campaign cannot overcome the Filipinos, the administration will have a strong case when it asks congress for an increase of the army. It will be able to put the request on the ground of absolute necessity.

In army circles the suggestion is made that it might be advantageous to offer a reward for the apprehension of Aguinaldo. Officers are convinced that his capture would have an important effect on bringing about an end to the insurrection.

BOERS' HARD FIGHT

GEN. DE WET IS KEEPING UP CONSTANT WARFARE

Daring Attack on British Rear Guards --Roberts Now Scheming for Capture of Steyn.

London, Nov. 10. — Lord Roberts, telegraphing from Johannesburg under date of November 8 reports to the war office as follows:

"Smith-Dorrien reports that the two days' fighting mentioned was very hard. His force consisted of 250 mounted troops from the Fifth Lancers, his Royal Canadian Dragoons and mounted rifles, two Royal Canadian artillery guns, four guns of the Eighty-fourth battery and 900 infantry of the Suffolks and Shropshires.

"The Boers were met soon after starting from Belfast and hung on the front, flanks and rear until the Komati river was reached, where they stood at a very strong position. From this they were forced to retire by a wide turning movement by the Suffolks and the Canadian mounted troops around their flank.

"Our casualties the first day were six killed and twenty wounded, chiefly of the Shropshires. The next day the Boers tried to seize the strong position on the bank of the Komati from which they were beaten out November 6, but were prevented by Colonel Evans, with the Canadian Mounted troops and two of the Eighty-fourth guns, galloping two miles and seizing it in the nick of time.

"In the afternoon an event unprecedented in this war occurred when some 200 mounted Boers suddenly charged the rear guard to within seventy yards, when they were stopped by the Canadian Dragoons. During the fight sixteen Canadians fell into the hands of the enemy.

"Our casualties were two killed and twelve wounded."

Another dispatch says:

"General De Wet is now the real leader of the Boer cause, and his prestige will be impaired by this recent serious defeat. A dozen other Boer generals are still in the field. Botha, whose health is better, is on the veldt near Waterval and Viljoen is near him with Delarey. Schalkburger is in the mountains near Lydenburg and Erasmus is in the south. Grobler and Lemmer are in various sections of the Transvaal.

"Lord Roberts has evident ly made the capture of De Wet and Steyn his next work and is employing his Mobile mounted forces to hunt him down at all hazards.

GAGE TO RESIGN

New York, Nov. 10.—The Commercial Advertiser says: It was announced at national republican headquarters today that the secretary of the treasury, Lyman J. Gage, will resign from the cabinet and Charles J. Dawes, the comptroller of the currency, will be asked to succeed him. Mr. Gage is going back to be president again of the First National bank at Chicago. The announcement was positive and from an authoritative source. The change will be made before the expiration of the president's first term.

Bridge Dangerous.

Hilo, Nov. 15. —The old trouble of construction of the new bridge at Waiakea has returned and the structure seems to be in danger of going down. During the present heavy rains the sand has washed out through the cracks, making large holes extending to the foundation. Supervisor Vierra had men at work yesterday dumping rocks into the holes, believing they would form a foundation at the piles and eventually settle so that sand could be filled in. On one side of the walled approach a large crack has appeared.—Herald.

Chinese Failure.

Hilo, Nov. 16.—Man Sing Company, at Nine Miles, Olaa, have gone into voluntary bankruptcy. Their liabilities are something over ten thousand dollars and their assets between five thousand and six thousand dollars. It seems that Ah Wan, the manager, who has recently returned to his fatherland, the Chinese empire, feathered his nest at the expense of the company if the statements of those who have had an opportunity of knowing the facts are to be believed.—Tribune.

FRENCH BARK BOSSUEL

The French bark Bossuet returned to port yesterday, after being out two weeks, on account of the sickness of Captain Lobene. The bark Bossuet it will be remembered was fined $1000 by Collector Stackable for not complying with the customs regulations.

By imperative instructions from the Treasury Department at Washington the Collector of Customs was compelled to impose the fine, having no option in the matter. But believing that there were mitigating circumstances he recommended an appeal to Washington and advised the department of the facts asking that at least a portion of the fine be remitted. His advices by the Zealandia contained instructions that the fine had been remitted to $20 a reduction of $980.

Dr. Jobe, quarantine officer, went on board the Bossuet this morning to see Captain Lorbene and ordered him to the hospital. He is of the opinion that the Captain is not seriously ill but is suffering rather from a slight aberration of mind superinduced by his troubles with the Custom House. Dr. Jobe believes that when Capt. Lobene hears the welcome news of the remission of his fine he will be all right., "It is simply a mild case of wheels," remarked the doctor.

PACIFIC FREIGHT CHANGE

New York, Nov. 10.—The contract between the Pacific Mail Steamship Company and the Panama Railroad Company, which expires on December 16th, may not be renewed. It is reported in Wall street, the terms of renewal proposed by the railroad company being unsatisfactory.

The Pacific Mail Company has been carrying the railroad company's freight on the Pacific ocean, but it is said that the railroad company may now make arrangements for its Pacific traffic with the California and Oriental Steamship Company, which has its principal terminal at San Diego, Cal. and runs from that port to the Hawaiian Islands and to Japan and China, making stops at San Francisco when necessary.

J. Edward Simmons, president of the Panama Railroad Company and L. B. Stoddart vice president of the California and Oriental Steamship Company declined to discuss the report.

Ship Flintshire in Trouble.

San Francisco, Nov. 9.—A victim of the elements, the British ship Flintshire is making this port under a jury rig, and the story of her trials will not be learned until she is boarded off the Heads, perhaps several days hence. The bark R. P. Rithet, which came to anchor outside late yesterday afternoon, reports speaking the Flintshire at a point 500 miles west of port, but the date was not given in the Rithet's memorandum. The Fintshire was dismasted, and was proceeding very slowly under jury rig. She was apparently in no distress otherwise, but it is believed to have passed through a storm or series of storms of great severity. The Flintshire said from here on September 23d last, grain laden, for Queenstown, and her departure was made notable by the fact that upon crossing the bar she suddenly ran into a terrific gale and was unable to land the pilot, Captain Scott, who was carried down the coast several hundred miles and was taken from the ship at sea by the steamer George Loomis and landed at Ventura, coming home by rail nearly a week later. Before Captain Scott left the Flintshire, however, she had had a rough experience, part of the time being on her beam ends and the cargo shifting. Order and quiet was restored, however, before he took leave of the vessel, and she was believed to be far on her way toward Queenstown.

Schooner from Hongkong.

By the last steamer from the Orient was received the news that, a short time previous to her departure, a schooner laden with opium had set out for the Islands. Although she has never actually been in port, she has seen the Islands at a distance several times and has always succeeded in landing her contraband cargo. The agent and owner of both the cargo and the schooner left for the Island of Hawaii not long ago and it is supposed that he went there in anticipation of the arrival of the schooner at a date not far removed from the present. Of course, the place of landing is not known to the general public.

Jack McVeigh will be back in his old stamping grounds at Mauliola at the beginning of next month. The quarantine station is in good condition so that there will be no necessity for any improvements.

Rithet's Trip to 'Frisco.

A San Francisco paper of November 10 contains the following on that vessel's trip from Honolulu:

After lying outside all night in the fog, the bark R. P. Rithet came into the harbor yesterday, bringing a cargo of 32,392 bags of sugar. The captain of the Rithet reported that he sailed from Honolulu on October 11th, and for the first fifteen days out had light, baffling winds. On November 2d, in latitude 33 degrees 30 minutes north, longitude 159 degrees 25 minutes west, Barbara Paschal, aged 2 months and 14 days, died from natural causes, and was buried at sea the same day.

Gage Denies It.

Washington, Nov. 10. — Secretary Gage denied emphatically this afternoon that he contemplated resigning from the Cabinet before the expiration of President McKinley's first term. As to his future movements he said he had not made up his mind what he would do after March 4th next.
