Wilder's New Steamer Kaiulani in the Port

The steamer Kaiulani of the Wilder Steamship Co. came into port from Hilo this morning with a full cargo of sugar. The Kaiulani went straight from San Francisco to Kahului, Maui, with a full cargo of general merchandise. From there she came here and then left for Hilo. The Kaiulani remained there for some time and then came back here during the quarantine. She was then despatched again to Hilo and has been at that port since January 14.

The Kaiulani is th enewest boat of the Wilder S. S. Co. She was built by Alevander Hay of Alameda according to plans submitted. She is built particularly for carrying freight. Her length over all is 140½ feet, breadth 30 feet and depth, 12 feet. Her gross tonnage is 384 and net 243.

The Kaiulani was brought from San Francisco by Captain Jacobsen but she is now in command of Captain Mitchell.

Sh eis afirst class boat with good speed and, like the Maui and Helene, will and sugar in Honolulu at a rate unsurpassed by all others of the inter-island fleet. Her machinery was built by the Union Iron Works. It is very probable that she will run regularly between Hawaii ports and Honolulu.

From Plague Camps.

The auctioneer held forth at the drill shed yesterday afternoon in the midst of an interested lot of buyers. The articles on sale were the furniture and odds and ends from the Kalihi detention camp. The principal event of the sale was the disposal of all the iron beds to Lewis & Turk of the Sailors' Home for just twenty-five cents apiece less than the cost price. The other articles also brought good prices.

The school children who are getting votes for their favorite teachers should take note of the opportunity offered them to secure one of the valuable prizes offered to the person who shall secure the most subscribers to the Bulletin by July 31. A good chance for some bright young boy or girl to send their favorite on a vacation trip to San Francisco and at the same time get a brand new $70 bicycle.

$200.00 IN PRIZES

The BULLETIN offers to the persons who, between February 1st and July 31st, shall send in the largest number of new subscribers, the following prizes:

1st Prize Cleveland Bicycle, $70.

The winner of the 1st prize is at liberty to choose between models 90, 92 and 94 of the 1900 Cleveland Bicycle. Model 94 is a road racer, weight 20 pounds. Model 92 is a light road wheel, weighing 22 lbs, and Model 90 a heavier road wheel, wt. 24 lbs. The bicycle to be selected from the stock of the **Honolulu Bicycle Co.**, agents for Cleveland Bicycles. (The choice may be made between the corresponding ladies' Models, should the winner of 1st prize be a lady).

2nd Prize, Singer Sewing Machine................$60.00.

The winner of this prize may choose between these three styles of machines: that with oscillating shuttle and top cover, that with vibrating shuttle and cabinet top, both five-drawer machines, or the "Automatic," with three drawers. This machine will be furnished by **B. Bergersen**, sole agent for the Hawaiian Islands.

3rd Prize, Premo Senior Camera, 4x5, with Outfit, ...$40.00.

The Premo, Sr., has Double Swing Back, Double Sliding Front, and Rack and Pinion for focusing. This camera may be used with either Plates or Films. The outfit includes 1 Plate Holder, Tripod, 3 Trays, Developer, Fixer, Negative Rack, Graduate, Stirring Rod and Lantern. Camera and outfit are from the **Photo-Supply Co.**, sole agents.

4th Prize, a Zonophone, the Latest Improvement on the Gramophone, with 6 Records, $30.00.

This is the loudest and most natural talking machine yet invented. It is to be selected from the stock of the **Bergstrom Music Co.**, sole agents for the Hawaiian Islands.

The following conditions of the contest must be observed:

1. All subscriptions must be prepaid at least three months in advance.
2. No renewals or transfers of subscriptions will be counted in this contest as new subscriptions. Each name must be a bona fide addition to the subscription lists.
3. Subscriptions should be sent in as soon as secured, together with the name and address of the person to whom the subscription is to be credited, as well as of the subscriber. Great care should be taken to give ACCURATELY the full name and address of each new subscriber.
4. **Any person in the Hawaiian Islands is eligible to try for these prizes.**

Subscription Rates: $8.00 per year, $2.00 for three months; strictly in advance.

THE WATERMAN IDEAL FOUNTAIN PEN. All sizes, all shapes. H. F. WICHMAN.

IMPROMPTU CIVIC TALKS

Group of Citizens Discussing Matters Relating to Streets.

Fault Found With King Street Name Dividing Line—Beretania and Fort Street Extensions.

A Bulletin reporter ran up against a hive of thoughtful citizens mostly of the Democracy. They were discussing all sorts of civic problems.

John J. Egan said: "That's the biggest mistake shown in a morning paper about street naming and house numbering. Instead of making the dividing line at King street bridge, it should be at Fort street. This is bound to continue the principal street.

"Well, even if it should become Nuuanu street, Fort street will still be nearer the middle. King street bridge is too far out. I don't care whether you make it east and west or north and south. It's the division line I am talking about."

Charles L. Hopkins remarked: "That's a foolish idea to slant Beretania street off to join King. The opening of the branch may be all right, but the name should be reserved for a probable continuation of Beretania street in a direct line."

John E. Bush asked in mocking testiness: "Why don't you keep dinging at them about opening up Fort street? It is a main artery naturally, and of far more importance than other proposed extensions. Someone has said that the neglect of Fort street is because only Portuguese and kanakas live in it. Your Republican papers are no good. Yes, my home would be on Fort street if it were extended."

To come down to actual things. Road Supervisor Campbell has struck Alakea street in his downtown resurfacing operations.

Thomas Square is in a bad way. Dust is ankle deep in its paths, and its foliage and verdure are wilted. A knowing one says the cause of these evils is a lack of water. The starting of the Kalihi pump ought to prove a remedy. When the Superintendent of Public Works fulfills his promise of making cement sidewalks for the square, it is hoped the improvement will be only part of the attention paid to that breathing space. Thomas square ought to be one of the chief ornaments as well as utilities of Honolulu.

WHAT LAWYERS ARE DOING

Kinney, Ballou & McClanahan for defendants give notice of objection to the commissioner's report on the partition of land in Rita C. Tewksbury vs. Antone G. Cunha et al., on the ground that the proposed partition is inequitable, in that lots 1 and 2 are of greater value than lots 3 and 4.

Campbell & Pettus by their attorneys, Kinney, Ballou & McClanahan, file a plea in abatement to the suit of C. F. Jenne for $8000 on a promissory note. They allege that an action in every way identical is pending in the Superior Court of San Fancisco, and pray judgment if the Circuit Court here will or ought to have further cognizance of the case. Garnishees named in the proceedings are William G. Irwin, Claus Spreckels & Co., Henry Waterhouse, C. W. Dickey and Hawaiian Automobile Co., Ltd.

Kinney, Ballou & McClanahan move for a commission to Samuel Rosenheim, a San Francisco notary public to take the testimony of M. A. Rothchild, Morris Feintuch and George Goetinger on behalf of plaintiff in the suit of George Goetinger vs. J. C. Cohen.

Judge Stanley gave a hearing on the master's report in John S. Antone vs. W. R. Castle. Magoon & Long and J. M. Vivas for plaintiff; F. M. Hatch and P. L. Weaver for defendant.

Schooner Rosamond Delayed.

San Francisco, June 16 —The new schooner Rosamond is delayed in sailing for Honolulu, and was not the first vessel to clear for the islands under the new shipping laws, as expected. The bark Roderick Dhu had that honor. The Rosamond nas been finely fitted up, and takes several passengers in addition to a cargo of 2000 tons of freight. Mr. and Mrs. Walter P. Carter go in the new vessel as steward and stewardess, the owners of the Rosamond having decided to make a feature of the passenger business to the islands.

PROGRESS BLOCK

TERRITORIAL LAW OFFICE

Attorney General Dole Discusses the Work of His Department.

Lloyd M. Robbins Appointed Assistant—Deputy Cathcart's Proved Efficiency Mutual Division of Labor.

Lloyd M. Robbins has been appointed by Attorney General Dole as his assistant, a position provided by law in addition to the deputy, who is J. W. Cathcart as previously reported. The Attorney General, while speaking very highly of both his deputy and assistant, could not say how the work should be divided. He compared the office to that of a law firm, among the members of which work is allotted to suit the occasion. They would all help each other, and altogether perform the law business of the Territory. Mr. Dole held that the staff was as important as the head in the department.

Mr. Cathcart, at the late Circuit term of the First Circuit, ably assisted then Deputy Attorney General Dole in prosecutions. Mr. Robbins is a bright young lawyer hailing from California.

KILOHANA MUSICALE.

Large Audience Hears Artistic Singing and Playing.

The new home of the Kilohana Art League already seems too small. Last night the exhibition room was crowded to the walls with members and guests at the entertainment provided by the Musical Circle.

Miss Cornelia Hyde and Mrs. H. M. Mott-Smith played a duet on two pianos with pleasing effect. Children from Kaulani school sang two selections in chorus, proving to have been well trained for concert. Miss Maud Kinney delighted the company with a violin solo. Miss Peck and Miss Griswold's vocal duet, "The Angel," gave keen enjoyment. H. M. Mott-Smith's ever-pleasing violoncello playing concluded the first part.

After a sociable intermission Mrs. Vernon Tenny and Miss Castle played a duet of Schuman on two pianos beautifully. Miss Delia Griswold charmed all hearers with her vocal rendering of Schubert's and Rossini's music. Paul R. Isenberg overcame the handicap of a cold so well with a German song, "Das Herz Am Rhein," that the audience was bound to have another, and had it. Mr. Mott-Smith's violoncello furnished a magic spell for the concluding number.

Lemonade was served to the people at intermission and conclusion. A considerable portion of the spring art exhibit remaining undistributed gave added pleasure to the evening.

Catholic Benevolent Society.

At a meeting of the Catholic Benevolent Union last night the following officers were elected: President, J. P. Eckardt; first vice president, M. A. Gonsalves; second vice president, James Eylett; recording secretary, L. R. Medieros; financial secretary, A. W. Seabury; treasurer, Father Valentine; sergeant-at-arms, V. Fernandes. The following constitute the Board of Directors: F. C. Betters, J. R. Santos, Benjamin Guerrero, A. E. Murphy, J. A. Hughes, Julius Asch and A. S. Nasciemento.

Tale of Japanese Wit.

A tale of Japanese wit has been revived in Paris in connection with the recent visit of Prince Kanin and his suite. A Japanese Embassy had come to Paris some years ago to arrange for three ports to be opened in France and Japan respectively. The French selected Yokohama, Yeddo and Han-Yang. The Japanese at once suggested Havre, Marseilles and Southampton. "But Southampton," said the Frenchman, with a burst of undiplomatic laughter, "is in England you must know. "Yes," said the Japanese, "and Han-Yang is in China!"

O. R. & L. Notes.

There will be excursion rates on all the trains of the O. R. & L. Co. on July 4.

Business is booming down the road. All the freight trains possible are sent out daily.

The observation car is about finished. The painting will take a month or six weeks. When this excellent piece of workmanship is put on the road, Honolulu people will be surprised.

Passenger traffic down the road is increasing as the Saturdays and Sundays roll by. Very soon the morning trains on those days will have to be enlarged.

Sugar for 'Frisco.

The bark R. P. Rithet sailed for San Francisco shortly after 12 noon yesterday with 21,296 bags of sugar shipped as follows: 25 013 bags by C. Brewer & Co. to Welch & Co.; 2851 by W. G. Irwin & Co. to J. D. Spreckels & Co. and 5430 by Castle & Cooke to Welch & Co.

Fo rfine full dress shirts at $1.00 each L. B. Kerr & Co., Queen street. These shirts are strictly high grade as to fit and quality.

UNDERWRITERS CONSULTED

Scheme for Compelling Fireproof Rebuilding of Chinatown.

Superintendent of Public Works Confers With Insurance Men—Mr. Schaefer Gives His Views on the Matter.

John A. McCandless, superintendent of public works, yesterday afternoon took counsel of members of the board of underwriters with regard to the rebuilding of Chinatown. Another similar conference will be held on Thursday afternoon. Mr. McCandless said today that the idea is to have the new Chinatown more of a fireproof character than the old one. The suggestion being considered was that of raising the insurance rates for buildings not fireproof.

F. A. Schaefer was asked for information from the point of view of the underwriters. He said:

"It was a mistake to publish that the suggestion to raise rates emanated from the insurance companies. It came from the other side and was offered for the consideration of the rating committee.

"Some of the holders of lots cannot build without insurance. The lumber merchants would not give them credit for material. On the other hand, if the insurance rates are made prohibitive on non-fireproof buildings then fireproof buildings or none will be erected.

"There are hardships involved in such a rigid measure. Some of the holdings are all that the owners possess, and where it is a leasehold with but eight or ten years or less to run a fireproof building is out of the question. Of course they can sell out, but may not be able to get value in so doing. Therefore, all that the underwriters promise is to give the whole matter full consideration.

"We should all like to see Chinatown rebuilt as fireproof. As the new wharves are to be built in that quarter, it is a highly important matter. If a fire swept Chinatown again it would reach the wharves and endanger them and valuable shipping.

"The fireproof limits can only be extended by legislation. It is likely that if they are extended over the old Chinatown area, a new Chinatown will be built farther away from the center of the city. Indeed, this is what we see going on already."

THE BREWERY GETS WATER

Water was struck by McCandless Bros. on the Brewery premises at a depth of more than 800 feet this morning. It is sweet water and flows three inches above the top of the pipe. After the bore is cleaned out it will be sunk deeper to increase the flow. As it is, however, the well assures a good supply for making both beer and ice.

On Warrant From Maui.

Ah On, special police officer, arrested Sing Tai this morning on a warrant from Wailuku, Maui, on the charge of larceny in the second degree by stealing $35 some little time ago. Sing Tai escaped to Honolulu while the Maui police officers were searching for him. He will be sent back to Wailuku in the Claudine this afternoon.

Police Court Notes.

In the Police Court this forenoon the following cases were disposed of: Yoshimura, common nuisance, $5 and costs; Nagayama, same charge, $6 and costs; Toyo and Iwamoto, same charge, reprimanded and discharged; John Hallerson, riding a bicycle without a light, $5 and costs; Kawamoto, common nuisance, $2 and costs.

Police vs. Co. F.

Captain Parker of the police force and Captain Sam Johnson of Co. F, N. G. H., met at the police station this forenoon and agreed to have the shoot between their teams at Iwilei on the afternoon of July 14. The police will now cease their revolver practice and again take up their rifles.

Kinau Back Friday.

The Kinau will be back from Hilo and way ports on Friday night. This is so she can begin taking on freight the very first thing Saturday in order to get away for Hilo for the races at the appointed time. Commdore Beckley says the Kinau will not be later than midnight Friday.

Sugar on Kauai.

The Niihau reports the following sugar on Kauai up to yesterday afternoon: K. S. M., 13,000; V. K., 700, Mak., 23,000; G. & R., 12,000; McB., 1500; H. M., 6600; M. S. Co., 9000, and K. S. Co., 7000. Total of 72,800 bags.

FOURTH OF JULY.

A great number of Hawaiian and American flags can be gotten in Iwakami's store, Hotel street.

THE NEW BOARD OF HEALTH

Reorganized to Include the New Attorney General.

Difficulty About Getting Anyone to Accept the Presidency—Medical Executive Officer May Be Appointed.

All of the commissions have been issued for the reorganized Board of Health. Secretary H. E. Cooper's membership was by virtue of his being Attorney General, so that he retires and is succeeded by the Attorney General of the Territory. Dr. Day resigned for good before his recent trip to the Coast. The new board consists of the following named:

Dr. C. B. Wood, Dr. N. B. Emerson, Geo. W. Smith, F. J. Lowrey, Dr. C. B. Cooper, E. C. Winston and Attorney General E. P. Dole.

Some time ago Dr. Wood announced that he would not continue as president after the change. There has been much speculation in the community as to who should succeed to the presidency.

Attorney General Dole said today, emphatically, that he would not be president. Had that position been tacked on to his office he should not be Attorney General. He would not say anything about the probable incumbent of the chair. Probably, as appears from what Mr. Smith says, the Attorney General could not if he would.

Mr. Smith would have been glad to give the reporter a pointer if it were in his power. As the matter stood, the members had been shying the presidency at each other's heads, but none of them would allow himself to be hit. (This is not a Cockney pun.)

As to the candidacy of Dr. Garvin, the medical executive officer's name had been canvassed for the position. Mr. Smith held that the place was not legally foreclosed against one not a member. The law was silent on that point. There was a strong belief that the board might employ a president from outside its membership, and therefore bestow the presiding functions upon the medical executive officer as extraordinary earning leverage for his salary.

Nobody seen today on the subject could say whether or not the board would hold a meeting tomorrow. It has not assembled since the Territory began its existence.

AMERICAN ENGINEER KILLED.

New York, June 15.—Major Louis L. Seymour, an American in command of 1200 engineers, known in the British army as the railway pioneer regiment, was killed at the Zand river, between Rhenoster and Bloemfontein, on Thursday. His brothers, John S. and Frederick Seymour, engineers of this city, received cable messages today from Heckstein & Co. of Cape Town and from Mr. Jennings, consulting engineer for Alfred Belt & Co. of London, telling them of their brother's death, but giving no details.

The Girl from Paris.

A good house saw the performance at the Orpheum last night. The popularity of "The Girl from Paris" during the three days run of last week induced the management to extend the bill in this week which was evidently not a mistake as there were many who are taking advantage of this opportunity to see the excellent performance.

For the remaining nights, of "The Girl from Paris" and continuing thereafter the house prices will be reduced to orchestra seats 75 cents, parquette circle 50 cents and the gallery 25 cents. At these prices the house should be filled to overflowing.

Captain Lettarblair Tonight.

The Neill Company will present this evening for the first time in this city the four act comedy "Captain Lettarblair,' by Margaret Merington; this play was originally produced by E. H. Sothern and ranks as one of his most successful productions. The story of the play is extremely interesting and contains a well defined plot, a charming love story and a great deal of clever comedy. It is one of those plays peculiarly adapted to the Neill Company and in it the organization will be seen at its best: the scenic embellishments, as in all the Neill productions, will be elaborate and appropriate.

Health Board Stables.

The Board of Health stables are being enlarged on account of the additional stock that will be needed for the new excavators. Six of these are now in use and the remaining six will be on the streets in a few days. The old excavators have been turned over to the road department and are now being fitted up as sprinklers. One is already in use.

Gent's Hermsdorf dye black sox superior quality, two pairs for 25 cents, at L. B. Kerr & Co.'s, Queen street for one week only; don't fail to see them.

Disquieting Rumors From Chinese Capitol

Washington, June 16.—A disquieting rumor in diplomatic circles has arisen tonight from the London despatch to the effect that all the foreign legations in Hongkong have been destroyed and the German Ambassador killed.

No official confirmation of this despatch has been received and in some quarters it is considered without possible foundation, as it can hardly be believed that the Chinese officials in their most bitter moments could allow such a barbaric horror. On the other hand there is the possibility that the anti-foreign sentiment among the lower classes has got beyond all possible control, and an era of murder and rapine has opened such as the world has not seen in this century.

Should the despatches be confirmed it is the general sentiment that troops will be rushed to Peking by every civilized power, and the Chinese nation as an independent identity forever wiped out.

Plenty of Water Now.

The trouble with the recently installed pump at Oahu College has been remedied and now water flows from the artesian well on the grounds in quantities sufficient to supply all the trees and plants.

A short time ago the Punahou springs went dry, a thing that was unknown to the oldest kamaaina, and it was found necessary to put in a pump. At first, this did not work very well and the plants and trees suffered a great deal. Indeed, it was feared that a great many would die. However, the trouble was remedied just in time and now the vegetation is as it used to be.

Yacht Races.

The yachtsmen of the city have arranged the following events for the Fourth of July, subject to change:

First class—La Paloma, Clarence Macfarlane; Eva, Oscar White; Helene, Fred Whitney.

Second class—Hawaii, Judge Wilcox; Healani, Frank M. Hatch; Marion, J. Lightfoot.

Third class—Clytie, T. W. Hobron; Harpoon, Harry Wilder; Leona, Hui; Malolo, A. B. Wood; Pokii, H. Williams.

Fourth class—Edith L., Sam Dowsett; Pauline, Frank Godfrey; Abbie M., H. M. Dow; Anna, Charles Chillingworth.

It now remains for the Fourth of July committee and the yachtsmen to come to some agreement as to prizes.

RETURNED FROM TRIP

A. V. Peters, who was the delegate from Court Camoes to the Subsidiary High Court of the Pacific Coast, A. O. F., has returned in robust health. He was elected chairman of trustees of the High Court for the ensuing two years. The Examiner and other papers on the Coast gave interviews with Mr. Peters on Hawaiian affairs. From San Francisco he took a trip up north, visiting Seattle, Portland, Victoria, etc. Everywhere he was well received by the press and people.

Wm. H. Marshall, at one time connected with the business office of the Bulletin, has accepted a position on the reportorial staff of the Honolulu Republican. Mr. Marshal is an able writer and one of the best news gatherers of the city.

'TIS FRANCE AND RUSSIA.

Britain's Old Opponents Combine In China.

New York, June 14.—A special to the Sun from Paris says: The failure to receive definite news from Peking within the next two days will cause the gravest apprehension here in regard to the fate of the international forces that have been sent there to guard the legations and protect the missionaries. It is not known how the troops are provisioned or whether they have telegraphic or other signaling apparatus.

A prominent diplomatist, discussing the attitude of France in the Chinese affair, told the Sun correspondent today that as this country had no important interests in North China, it would follow Russia's lead in everything, especially as it was convinced that Russia was desirous of adopting an unselfish policy that would be a benefit to all powers.

The arrival of the large Russian force now marching on Peking, this diplomatist said, would not alter his opinion, for the need of succor of the legations was most pressing, and exceeded the resources of the composite force advancing under the British Admiral, Seymour.

He does not believe that Japan views with suspicion the arrival of Russians at Peking, which is due to the necessities of the case. Finally this diplomatist declared that he did not believe the powers were united in regard to th coverthrow of the Chinese Government as yet, although he was of the opinion that England and Japan were aiming in that direction, with the purpose of installing the reform party in China in power. This party is said to be pro-English.

OTIS WELCOMED HOME.

Rochester, N. Y., June 15.—Major General Elwell S. Otis was given a warm welcome today in this city, his old home. There were at least 100,000 strangers in the city.

General Joseph Wheeler reached the city about noon and was given an enthusiastic reception. The celebration reached its climax in the parade, which took place in the afternoon. The United States Army was represented by about 1200 men of the 15th Infantry and the Fifth and Seventh Artillery, the regimental band of the infantry heading the regulars. The Marine band from Washington was also a feature of the procession. Regiments of the National Guard of Pennsylvania and New York, several separate military companies and many civic organizations were also in line.

A special rehearsal of the Amateur Orchestra will be held tomorrow, Wednesday, evening at 8 o'clock. All members must be present.

The Single team beat the Married men in a game of cricket on the Makiki recreation grounds Saturday afternoon. The score was 88 to 53.

The new Kalihi reservoir on the hills back of Kamehameha, was staked off yesterday. An 18-inch pipe will connect the pump with the reservoir.

There was a good attendance at the meeting of the Missionary Gleaners in Central Union church yesterday afternoon. Routine business was transacted.

The Oahu College branch of the Y. M. C. A. will hold its annual public meeting in Pauahi hall at 8 o'clock this evening. The Rev. J. C. Hay will address the meeting.

"Loyalty to Conviction" is the subject of Rev. W. M. Kincaid's baccalaureate sermon before the class of 1900 of Oahu College in Central Union church Sunday evening.

Miss Bella Bores and Sergeant Manuel Souza were married by Father Valentine in the Catholic Cathedral Saturday evening. Later on came the marriage of Francisco Inace and Jose de Silva.

Haleiwa, or the "Beautiful House," the new Waialua hotel, cannot be surpassed as a quiet resting place and is a beautiful spot that should not be missed by tourists on any consideration.

Kimura, a Japanese laborer employed in the work of discharging the Strathgyle freight, barely escaped death Saturday night. He fell from the main deck to the bottom of the hold, through the main hatch, striking on his head. Fortunately, besides a scalp wound and a few bruises, he was unhurt.

SEATTLE BEER.

The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle," is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

Alsen Portland Cement

is the strongest and most serviceable cement made and will permit the admixture of a larger amount of sand or gravel, with less loss of strength, than any other brand; it is therefore the most economical.
"ALSEN" has NO EQUAL in COLOR, FINENESS and SAND CARRYING CAPACITY. It WEIGHS LESS PER BUSHEL (measuring about 10 PER CENT. MORE CEMENT TO A BARREL than other brands, which very materially REDUCES its cost as compared with other cements) it is therefore an ECONOMICAL cement to use and SPECIALLY ADAPTED FOR FINE CONCRETE WORK.

COMPARATIVE TESTS.
Tensile Strength in Pounds Per Square Inch Made at Royal Testing Station, Berlin, 1889-90.

	Neat Cement		One part Cement Three Parts Sand	
	After 7 days.	After 28 days.	After 7 days.	After 28 days.
ALSEN	701½	841½	106¾	[illegible]
DYCKERHOFF	622½	704¾	248	[illegible]

PREMIUMS: World's Fair, Chicago, 1893. Adelaide Jubilee Int. Ex'n 1887. Centennial Int. Ex'n Melbourne, 1888. New Zealand & So. S. Ex'n, Dunedin, 1889-90.
CAPACITY AND SALES.—The output of the "ALSEN" factories is, at the present time, larger than that of any manufactory of Portland Cement in Europe.
The yearly sales of Alsen's Portland Cement in the United States is greater than that of any other brand.
The following test made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the sea wall around Governor's Island, New York Harbor, has never been equaled by any other cement. It is as follows:
TENSILE STRENGTH PER SQUARE INCH: One Day, 184 pounds; Seven Days, 600 pounds; Thirty Days, 818 pounds. For Sidewalks it gives the best color and the most endurable wearing surface.
Testimonials from most eminent engineers, architects and contractors endorsing the high grade quality of "ALSEN" furnished on application to

FOR THE GLORIOUS FOURTH

Committee Selected and General Program Outlined.

George W. Smith Chairman—Ball Likely to Be Omitted This Year—Sports, Literary Exercises and Fire Works.

Hawaii's first Fourth of July as a full fledged American Territory will be celebrated after the time honored custom which has given Honolulu a wide reputation for American enthusiasm.

The meeting of citizens called at the drill shed last evening was not as largely attended as usual, but there was a sufficient number to do the business in hand, set the ball rolling. George W. Smith, chairman of last year's committee called the meeting to order. Mr. Smith stated that he wanted it distinctly understood that he was not a candidate for this year's chairmanship. He had held the position for fifteen years and thought it about time a change was made. He particularly urged that the chairman be a representative Hawaiian.

Before the meeting had time to consider the matter, T. McCants Stewart moved that it be the sense of the meeting that Mr. Smith serve another year. This motion was seconded and unanimously carried. Clarence Crabbe was elected secretary of the meeting.

In opening the business proceedings Mr. Smith announced the welcome news that there was $975 in the treasury left over from last year. This was particularly cheering in view of the drafts made upon the community for recent celebrations.

Mr. Stewart moved that a committee of 21 be appointed by the chairman of which the chairman and secretary of the meeting should be ex-officio members. This carried and discussion passed to a general review of previous programs, and the events most advisable to include in this year's list. The discussion was as a suggestion to the committee. The general sense of the meeting was that the ball should be omitted, as it was the most expensive feature of the day, and the Admission Day ball had just been held.

Mr. Stewart gave particular mention to the literary exercises. These should be made a special feature this year as many of our new American citizens were seeking instruction in foundation American principles. Mr. McCandless suggested that several eminent speakers would arrive in the China in the persons of new Federal officers.

On motion of Ed Towse it was voted as the sense of the meeting that the Fourth of July program include salutes, morning and evening, parade, literary exercises, sports and fireworks.

After the meeting Chairman Smith appointed the following general committee and sub-committees:

G. W. Smith and C. L. Crabbe, ex-officio, W. G. Smith, treasurer; T. McCants Stewart, J. J. Kelley, W. G. Smith, W. R. Farrington, E. S. Gill, C. J. McCarthy, Wray Taylor, G. W. R. King, F. L. Hoogs, Ed Towse, Geo. F. McLeod, J. W. Jones, W. G. Ashley, M. E. Grossman, J. H. Fisher, A. Brown, George Stratemeyer, W. J. Coelho, C. A. Graham, J. K. Brown, Major Ennis.

Literary and Musical—W. R. Farrington, T. McCants Stewart, W. G. Smith, E. S. Gill, F. L. Hoogs, Ed Towse, Wray Taylor and C. A. Graham.

Finance—W. O. Smith, A. Brown and J. H. Fisher.

Decorations—George C. Stratemeyer, G. W. R. King, J. J. Kelley.

Parade—J. W. Jones, C. J. McCarthy, and T. B. Murray.

Salutes—Major Ennis, George McLeod and Colonel J. W. Jones.

Sports—C. J. McCarthy, W. George Ashley, Ed Towse and M. E. Grossman.

MISS TERRY IS SAFE.

New York, June 15.—Dr. A. B. Leonard, secretary of the Missionary Society of the M. E. Church, received the following today from Tien Tsin:

"All those at Tsun Hua safely arrived here. Shan Tung is ordered to Chin Kiang. Peking is in a dangerous state. Chinese army is quite uncertain."

This disposed of the rumor circulated a day or two ago that Miss Terry had been murdered. She was at Tsun Hua, and it appears that all the Methodist missionaries have arrived safely in Tien Tsin. Chin Kiang is on the Yangtse river, about 200 miles above Shanghai. The Shang Tung missionaries will go there if they can.

The Turk Must Reply.

Constantinople, Thursday, June 14.—The United States Legation has not yet received a reply to the note regarding the indemnity question handed to the Porte on May 21st, and Lloyd C. Griscom, United States Charge d'Affaires, is making verbal representations to the Government and pressing for a solution of the matter.

France Sends Cruiser.

Paris, June 15, 1:30 p. m.—At a Cabinet council today the Minister of Foreign Affairs, M. Delcasse, announced that a swift first class cruiser had been ordered to proceed to Taku to reenforce the French naval division at that place.

The Evening Bulletin, 75 cents per month.

NOTICE.

To Our English-Speaking Friends:

The Chinese merchants and residents of the Hawaiian Islands, represented by the undersigned, being desirous of providing for their sons a thorough and comprehensive education in English, raised in pledges from August to December, sufficient funds to justify them in undertaking to erect commodious buildings for this purpose in Kamakela. The contract was let and the main buildingpartially completed, when the plague broke out and interrupted the work. As you well know, our countrymen have been the greatest sufferers from this epidemic and the fires connected with it. Consequently those who generously subscribed toward the school enterprise, being called upon to donate large sums for the relief of their fellow-countrymen who have suffered severely from the fire, find themselves unable to fulfill their pledges at present. The main building is now on the point of completion, and the contractor, himself homeless, is in great need of his money.

In this emergency, and because we believe you recognize that our motives in undertaking this enterprise were philanthropic, our object a commendable one, and that we are in no wise at fault for the straits in which we now find ourselves; we therefore solicit such contributions to our present needs as your benificence will allow. Send all cash or pledges to Wong Kwai, Box 954, Honolulu.

Very respectfully yours.
WONG KWAI,
CHU GEM,
L. AHLO.

TUESDAY.....JUNE 26, 1900.

Opponents of prompt municipal organization find a chilly reception for their honest though mistaken views among Hawaii's progressive citizens.

Honolulu will prove to the satisfaction of all patriotic citizens that however frequently celebrations may follow each other, there is always plenty of enthusiasm on tap for the Fourth of July.

As an example in the advantages of municipal government, it would be possible for the city council to settle the street numbering business within a week of its being brought up for discussion.

Rumors of murder let loose in the Chinese capital stirs the barbaric blood of even civilized nations. If this story proves not to be a canard, certain it is that China will pay the penalty in rivers of blood.

A special session without a special election will solve the legislative problem without arousing serious opposition from the other islands or giving local citizens to believe that their interests are being slighted.

One of Supt. McCandless' strongholds is his energetic effort to find ways and means when he finds the people requesting an improvement that can be furnished by his department. Whatever mistakes are made in this direction will be counted in Mr. McCandless' favor.

Really the most remarkable feature of the Fourth of July meeting was the ease with which T. McCants Stewart proposed that the chairman of the meeting appoint the general committee. Which goes to show that slates are not to be feared when preparing for the celebration of the Declaration of Independence.

To think that Gen. Otis should have been greeted by an ovation on his return to his old home in Rochester, N. Y. and that Gen. Joe Wheeler should come up from the South to participate in the jollification. The anti-imperial and Democratic press have evidently made a serious error in balancing up the account of Gen. Otis' standing with the people.

The wise men who oppose the numbering of houses in Honolulu are doubtless past masters in the art of always seeking something for nothing. The price of house numbers is a decidedly small premium for householders to pay for the privilege of having their mail delivered each day. Civic pride is not expressed by a policy that puts up with old customs because modern conveniences cost a little more.

If Hawaii will adopt the policy of assessing property holders for betterments to their holdings resulting from street widening and extension the Chinatown problem would not present very serious difficulties. Heretofore street widening has always been conducted on the basis that great damage is done the property owner, when in nine cases out of ten his land has been very much enhanced in value. Thus the government pays the full price for damage and private individuals get all the benefits.

Members of the Republican Territorial committee were placed in office to discuss and decide upon such a course of action as shall make for the best interests of the party as a whole. If the secretary of the committee is to be selected from outside members of the party, the name of Charles Wilcox is earnestly recommended. Mr. Wilcox has proven himself first class worker, he has a wide acquaintance and high standing throughout the Islands and is generally admitted to be eminently capable of performing the duties of the position.

ILL TIMED OPPOSITION.

Opposition to municipal organization throughout the Territory does not come as a surprise. This opposition was to a certain extent apparent in the discussion of the Hawaiian bill before Congressional committees and was so far successful that the original amendment, making municipal organization mandatory, was modified, leaving the matter optional.

In some quarters this opposition is prompted by the personal desire to keep up the old custom of holding the administration of affairs throughout the Territory in the hands of a few, while others take the slow going, indifferent view that the Islands have "got along" under the system of centralization for all these years and they see no immediate necessity for a change, even as an American Territory.

If Honolulu and the Hawaiian Territory is to forever roll in the deburums of tropical procrastination and indifference, then there is indeed no immediate necessity for municipal organization in Honolulu, Hilo or any other place in the Islands. On the other hand, if the citizens of the Territory propose to fulfill the duty of their high calling as American citizens, lend their efforts to such measures as shall make for the continued progress of the Islands and the development of the Territory on the broad American lines of modern advancement, and thereby give to the citizens of every island, town and hamlet the full degree of home rule to which they are entitled, if it is the honest desire to move forward, not backward, the people will not hesitate to grapple manfully with the problems of the hour as presented by the organization of municipalities.

A slight increase in taxation may indeed result from the organization of town, county and city corporations, but experience has proved that the householder, or merchant cannot invest his money to better advantage.

As the Territorial law gives Hawaii a government practically independent, so municipal government will give each city and town the full freedom of independent progressive action that will meet the demands of local interests. The time has passed when the people are satisfied with or their interests best served by being tied down to the say so of the capitol building of Honolulu. They will not allow the wheels of American progress to be clogged by indifference or the possible personal or local advantage gained by centralization.

Good Returns From Municipal Enterprises

Any one skeptical of the results of municipal operation should carefully study English gas history, not only because, next to water, the gas industry and its management by municipalities is the oldest of any municipal undertaking for profit, but because most of the opponents of such public operation have given up the fight against public operation of water works and concentrated attention on gas and electricity. I have made a study of 109 private-owned gas companies and 79 public plants in northern counties, using the latest returns to the House of Commons that are at hand, viz., those for the fiscal year 1897-8. These private companies, with sales of 15,637,405,000 feet, received from gas, rent of meters and stoves and from residuals and other sources 74.7 cents per 1,000 feet. The public plants, selling 20,511,331,000 feet, obtained 75.4 cents, or seven-tenths of a cent more than the private companies. On the other hand, not only were the operating expenses, before deducting residuals, 2.3 cents less in the public plants, being 52.4 cents per 1,000 feet, as compared with 54.7 cents in the private companies, but the consumer obtained three advantages from his slightly higher payment of less than three-quarters of a cent per 1,000 feet on the average. One of these advantages arose from the considerable payment to the sinking fund, so that ultimately, after the debt has been paid, the cities will be able to sell gas at merely operating cost, if they so desire. In the second place, so far as the consumer is a taxpayer, relief in tax burden from the net profits of the gas works equaled in a large proportion of cases the very slight advantage of the gas consumers of the public plants, and one that alone much more than counterbalances the above three-quarters of a cent of increased charge, was the higher candle power. Of the gas sold by the public plants in these six northern counties, 41.8 per cent was above 18.5 candle power and only 2.3 per cent was below 16.5 candle power, while of the sales by the private companies only 27.5 per cent was above 18.5 candle power, and 37 per cent was below 16.5 candle power. A clearer illustration of the superiority of public management under what the critics consider substantially similar conditions could not be imagined. To be sure, the average sales of the 109 private plants, of about 142,000,000 feet, was considerably less than the average sales of 260,000,000 feet in the public plants, but after the output of a plant reaches 140,000,000 feet the economies do not increase rapidly with the increase of another 120,000,000 feet. In the above companies is sold nearly one-half of the gas of the public-owned plants and one-fifth of that of the private-owned plants of the United Kingdom.

It is no wonder that during the past ten years thirty-eight private gas works have been bought by cities and no changes have occurred in the opposite direction in Great Britain. There would be much more rapid change to public ownership of the gas industry were it not for the English laws, which prevent a municipality entering upon this business without first buying out the existing company at its franchise value. Gas franchises in England were granted many decades ago, before limitations of time and provisions for public purchase at reasonable prices were thought of.

On March 6, 1899, the Local Government Board, as previously ordered by the House of Commons, submitted a return of all the leading municipal undertakings from which any revenue is derived in the United Kingdom. It appears that the average annual net profit on water works during the five years ended March 31, 1898, was 4.2 per cent of the outstanding capital. In gas works the profit was 7.47 per cent, in tramways 6.00 per cent, and electric lighting 4.6 per cent, making a total average profit of £3,215,281, or 5.14 per cent of the total capital outstanding in March, 1898, of £62,547,969. The total average annual net income on certain other municipal undertakings, such as markets, baths, cemeteries, working class dwellings and piers, was £308,387, or 4.27 per cent of the capital of £9,335,263. Still other undertakings of municipalities, such as sewage disposal, slaughter houses, public libraries, harbors, etc., were not investigated, since the revenue feature with them is intentionally and rightly made subordinate to considerations of health, education and general social advantage in their management.—E. W. Bemis, N. Y. Times.

LABORERS ON HAWAII.

Hilo, June 23.—There seem to have been some slight "emeutes" at various times and places on this island during the past week, as well as on the other islands of the group; a state of affairs which was only to be expected at the period of transition from the old to the new political and industrial regime. On the whole, however, these troubles have for the most part settled themselves when the misunderstanding which occasioned them was corrected.

In most cases a desire on the part of the Japanese contract laborers to secure their cancelled contracts previous to proceeding with their labors caused a suspension of work, and wherever this was granted them, as at Waiakea, they settled down quietly to earn their bread "at the old stand" as free laborers, making no disturbance when ringleaders, who had stirred them up to serve their own ends, were discharged by the plantation management.

The real leaders and directors of the Japanese everywhere are acting with discretion and good faith, and will probably be able to guide their countrymen through this critical period to the satisfaction of all save the deliberate and malicious malcontents.—Tribune.

HILO POST OFFICE SCORED.

Hilo, June 23.—H. H. Hall, who represents the United States Postoffice Department, arrived in Hilo on Wednesday's Kinau and left for Honolulu by return boat. Mr. Hall's visit was to consult with the postal officials here relative to the conduct and management of this branch of the Territorial office.

Mr. Hall says: "The present post office quarters are a disgrace to the town and the Government, and something must be done to make an improvement in this respect at once. The United States Government will erect a suitable building here without doubt in the near future. In the meantime something must be done to remove the post office to more decent quarters.'

Mr. Hall, while here, endeavored to find room in some of the new blocks, but nothing available was altogether satisfactory. It is probable, however, that some change will be made.

As soon as the business of the office reaches $9000 per month the free delivery system will be inaugurated. It is now within $2200 of that mark, and at the present rate of increase this improvement in service is not far away.—Tribune.

A SPRING MESSAGE

To Our Friends and Patrons.

GREETING:—

SPRING IS WITH US once again, and as we extend the season's greeting, we would like to have you think of us first when you contemplate the purchase of your

Spring Clothing

IF YOU HAVE BEEN a customer of The Kash in former years, we will want to continue your patronage; but if you are not within the fold and have never been, you will make a mistake. If you will favor us with a call, if you will allow us to show you our spring beauties in Suits, Shirts, Hats, etc., we are sure of winning you to the extent of giving us a trial this season. Our name receives consideration among all fashionable dressers, and is a guarantee of the best CLOTHING and FURNISHING GOODS, AT RIGHT PRICES. What you will buy of us will be right, it must be right.

HERE YOU WILL SEE IN OUR Clothing fine tailoring at its best; here you will find qualities as represented, and prices in every instance the lowest consistent with the grade of our garments. We will refund you your money on any article purchased of us that is not entirely satisfactory. When you are satisfied and pleased we shall be, but not before. Yes, we are making a bid for your trade. Can we have it? SINCERELY YOURS,

The "Kash,"

Good Air. Good View. Good Health.

A special invitation is extended to everybody to visit Honolulu's most delightful residence site

PACIFIC HEIGHTS.

Via Maxima

Kaiulani Drive aptly termed, the Via Maxima or Grand Boulevard, and in itself an artistic piece of engineering—affords easy access to all points, as also scenic and marine views of exquisite grandeur at every turn.

Electric Railway.

Contracts have been let for material, and the work of construction, equipping and installation placed in the hands of a competent electrical engineer to be fully completed by June 1st. Having an independent power plant we are prepared to furnish electric power for lighting, heating and other purposes, to our home builders at most reasonable rates.

As Promised.

Our reservoirs are now completed and water mains laid so as to supply each lot. Permits for making water connections will be granted on application.

An inspection of the attractive homes now building, or the names of purchasers of lots, will convince anyone that PACIFIC HEIGHTS is the choicest and most select of all the residence sites of Honolulu.

For further information, prices, terms, etc., apply at the office of

Private John Spoiled It.

On the floor of the House, at least, the Hon. Amos Cummings of New York has proved a failure as a friend of injured birds, and all on account of irrepressible John Allen of Tupelo, Miss. Representative Lacey's bill to prevent the importation of certain of the feathered tribe was under discussion, says a Washington correspondent and Mr. Cummings was telling how wicked the English sparrows are.

"Only the other day," he said "I was walking through the Capitol grounds when I saw a poor little robin surrounded by sparrows that were picking it to pieces. At my approach the sparrows fled, but the robin was unable to use its wings. I picked it up and took it to my home, a short distance away. There I gave it a drink of brandy, and it died a moment later. Under its wings——"

"If it were the same stuff you gave me yesterday, I wonder it lived that moment," broke in Private John.

Mr. Cummings looked reproachfully at Mr. Allen and sat down, while the House roared. What was under that robin's wings will never be published in the Congressional Record.

(To the Memory of Robert Burns.)

Why sigh for him whose earthly days
Are spent in ordinary ways,
Who merely plods along,
And, after all is done, lies down
Without high honors or renown,
Unglorified in song?
No fools will dig up stories then
To pass along to future men,
Or wrangle o'er his dust,
Or call him great or write him down
As soulless mountebank or clown—
To him the grave is just.

St. Louis Strike Ended.

St. Louis, June 15.—By a practically unanimous vote the striking street railway union men decided today to accept the new proposition presented by their executive committee and to empower the executive committee to settle on the basis of the clause regarding reinstatement without reference to the union.

The lone weeping willow on Put-in-Bay Island, which for eighty-seven years has marked the last resting place of the sailors who fought with Commodore Perry in the battle of Lake Erie, in 1813, has fallen. After Perry had received the sword of the defeated English commander, the dead bodies of the sailors were picked up from the decks of the ships, carried ashore and interred on the beach, a few rods from the water's edge. There was nothing to mark the graves, and a little willow tree was planted in the mound.

The Essex Institute of Massachusetts has received from the United States Legation at Peking, China, an attested copy, authenticated with the certificates and seals of the Chinese and American Governments, of the imperial edict making a demigod of General Ward was the creator of the Chinese army afterward commanded by "Chinese" Gordon. This is believed to be the only copy in the original Chinese to be found in this country, as the State Department at Washington has only an English translation of the document..

The Evening Bulletin, 75 cents per month.

FITZ MAY FIGHT AGAIN.

His Hand is Better and He is Looking for Match.

New York, June 15.—Bob Fitzsimmons had another operation performed on his hand today, and the results were so flattering that the former champion is figuring on going into the ring again. The Cornishman's prospective rival will, in all probability, be Tom Sharkey. Fitzsimmons called on Tom O'Rourke today and said he would be pleased to fight Sharkey in preference to any one else.

"If Sharkey defeats Gus Ruhlin on June 26th," O'Rourke replied, "I will make a match with you the following day on any reasonable conditions, the match to be fought in August.'

This seemed to satisfy the auburn-haired boxer. There is also talk of having Kid McCoy and Fitz meet in a six-round bout at Chicago next fall. McCoy is inclined to make the match.

South China Quiet.

London, June 16, 4:20 a. m.—The Hongkong correspondent of the Times, under yesterday's date, says: The southern provinces of China are still quiet, although there was a slight disturbance recently against the Catholics in the village of Tai-Lek, near Fat-Shan. There are some misgivings at the idea that the military authorities are about to cause a further depletion of the Hongkong garrison.

Some of the qualities of the Tribune wheel are blue color, perfection of parts, lightness, strength, durability and speed. •

WON'T TAKE SECOND PLACE.

Dewey Says He Does Not Aspire to Run With Bryan.

Washington, June 15. — Admiral Dewey, who returned from his Western trip on Wednesday, was seen today and asked whether or not he would define his position relative to the Vice Presidential nomination. He replied that, inasmuch as he had not been offered the nomination, it would perhaps be presumptious in him to say that he would not accept it.

"But," it was suggested, "many Democrats throughout the country are discussing the desirability of placing you on the ticket with Mr. Bryan.'

"I have never contemplated being a candidate for Vice President,' replied the Admiral. "I am not a candidate for nomination to that office and would not accept it if nominated. My position is unchanged. I stand now where I have stood for the past three months."

The above statement was submitted and approved by Admiral Dewey.

Russians Land Guns.

Tien Tsin, June 14.—The Russians have landed four eight-centimeter guns. These, with the 1700 men will start on the march for Peking tomorrow. A train filled with searchlight patrols the line between Tien Tsin and Taku. The opinion is growing that the imperial troops will attack the international column near the capital, probably at Feng-tai. General Tung Fu Siang is in front and General Nieh in the rear of the guards. Ten thousand foreign drilled troops are still at Shanghai.

EVE OF CUBAN ELECTIONS

Much Depends on Use of Suffrage by the People.

Nationalist Party Seems to Lead in Havana—Qualification for Voters—Probable Number of Votes to Be Polled.

New York, June 14.—A special to the Tribune from Washington says:

The returns of the elections to be held in Cuba on Saturday next will be awaited with considerable interest in this country for several reasons, although it is not expected that the sentiment in favor of independence or of annexation to the United States will find a direct expresion until the time arrives to choose members of a constitutional convention.

How soon that will be may depend somewhat on the conduct of the impending eections which are to be for municipal officers—alcaides, treasurers, judges and members of councils.

In order to be qualified to vote a man must be a native Cuban or the son of a native male Cuban, born while his parents were temporarily living aboard; or a Spaniard living in Cuba at the time of the treaty of Paris, he has not made declaration of his decision to preserve his allegiance to the crown of Spain. He must be 21 years old or upward on the day preceding the election and must have lived in the municipality in which he intends to vote at least thirty days immediately preceding the election.

He must possess, in addition to the foregoing, one or more of the following qualifications:

Ability to read and write; ownership of real or personal property to the value of $250, American gold; service in the Cuba narmy prior to July 18, 1898, and honorable discharge therefrom, whether a native Cuban or not.

No insane person, idiot, pauper or person who is deprived or suspended from the exercise of his civil rights by sentence of a court (except for a political crime) shall be allowed to vote. No person shall be eligible as a candidate for a municipal office other than a qualified elector of the municipality who is able to read and write.

The order under which the election is to be held provides regulations for the registration of voters and no person not registered will be allowed to vote. The cost of the election including compensation of registers and election officers, ballot boxes, ballots, etc. is to be paid out of the Cuban treasury. The order also prescribes regulations for nominations of candidates, returns of registers and election officers, etc.

According to the latest Cuban census bulletin the number of males of voting age is 417,953, 290,995 being native Cubans, of whom 118,278 are able to read and write and are therefore qualified voters. Of these 25,095 are colored persons. How many others were qualified to vote by virtue of ownership of property or on account of service in the Cuban army is not known. Neither are the figures accessible which would show how many voters have been registered but it is known that the registration was pretty general, especially in the larger municipalities like Havana, Santiago, Cienfuegos, Matanzas, Pinar del Rio, Santa Clara and Puerto Principe.

The first step in placing the administration of civil affairs in Cuba in the hands of the Cubans as a result of Cuban suffrage will be watched with keen solicitude by the military authorities not only in the island, but in Washington, for on its success and the success of other steps which it is hoped will follow without any great delay will depend to some extent the speedy withdrawal from Cuba of a large portion of the troops now stationed there, whose services will be needed elsewhere within the next few months when the volunteer army now serving in the Philippines will have been disbanded. Two battalions of the Sixth Cavalry are already under orders for the Philippines and they will be followed by other battalions and regiments from time to time.

Havana Mayoralty Fight.

Havana, June 15.—Today, on the very eve of the elections, the only feature of the struggle in Havana which gives rise to the least interest is the contest for the Mayoralty. It is a foregone conclusion that a large majority of the Municipal Council will be Nationalists. The National party organs claim that all true patriots will vote for General Alejandro Rodriguez, who is a "true type of the revolution." Senor Estrada Mora, the independent candidate, on the other hand, declares that the contest is a struggle between the sword and the toga, he, of course, representing the toga.

Senor Mora pledges an honest administration, pointing out that if elected he will take the office untrammeled, because he belongs to no political party.

The total value of merchandise, gold and silver imported into Havana during the three months ended March 31, 1900, shows an increase of $3,915,281 over the same period of 1899. The total value of merchandise imported into Havana during the month of March, 1900, was $4,333,226. The total value of merchandise imported from the United States during March, 1900, was nearly as much as the total imported from all other countries combined.

SALE OF LAND IN MANOA VALLEY
HONOLULU, OAHU.

Opportunity is given to purchase in Manoa Valley a beautiful situated property containing all the necessary essentials for a homestead and where healthful climate and picturesque scenery are in the midst of historic surroundings and all in contact with improved grounds, planted with various foreign fruits as well as supplied with fruit trees indigenous to Hawaii The acreage of 45.64 acres in fee simple and 31.16 acres under long and favorable leases.

Included in the improvements on the fee simple portion is a roomy, modern dwelling house furnished with sanitary and other conveniences; there is also situated thereon a roomy carriage shed and stables.

The celebrated Waiakeakua (Water of the Gods) Falls is in near proximity, and the cool, clear, sparkling water therefrom flows through the grounds, supplying ample opportunity for increased irrigation to the acreage already planted and which is capable of considerable improvement.

For further information apply to J. H Boyd, Interior Department.

The use of the Singer in millions of homes shows the unprecedented success of these ideal sewing machines. It is convincing proof that the Singer excels in all kinds of family sewing and art needle work. All our sewing machines are of the best construction, beautifully decorated, and are mounted on selected woods in finely finished cabinets of artistic designs. B. Bergersen, Agent, 1614 Bethel street.

Boer Ranks Joined by More Foreigners

London, June 15.—A dispatch from Lourenzo Marques, dated yesterday, says: "President Kruger is holding on to his gold and issuing paper notes from a press in his executive car. The Boer Government's coin in stock is exhausted, and the officials are now paying out plain gold disks unstamped. Some who have declined to accept notes have taken their salaries in gold bars. The Boer Government is still paying out much gold in that way.

"Two steamers arrived at Lourenzo Marques yesterday bringing several thousand tons of supplies consigned to Portuguese merchants, but destined for the Boers. One hundred Americans, Frenchmen, Germans and Hollanders have arrived there by various steamers, en route for the Transvaal. Mr. Crows, the British Consul General, has large stocks of clothing for the British prisoners, but he will not forward them until he gets assurances that the Boers will not take them for their own use."

General Buller will be unable to advance further until he gets supplies. Nearly every farmhouse, as the troops passed, flew a white flag. The British took nothing without paying for it, and a brisk business was done in milk eggs, bread and chickens by the thrifty housewives, who were pleased to get so much English money. One woman, whose husband and two sons have been fighting, said: "You British are unlike our people. They took my horses in exchange for sheep and mealies, and made me make butter, which they never paid for. I am sending to have my men come home at once.'

Usually the first question a Boer woman puts is: "Will my husband be shot if he is captured?"

One young man was pulled from under a bed and he went on his knees begging the British patrol not to shoot him.

Roberts Latest Report.

London, June 15, 6:15 p. m.—The War Office has received the following dispatch from Lord Roberts:

"Pretoria, June 15.—As I telegraphed yesterday from one of our outposts, fifteen miles east of Pretoria, the Boers evacuated their position during the night of June 12th. They had paid so much attention to strengthening their flanks that their center was weakly held and as soon as this became evident, on June 12th, I directed Ian Hamilton to attack. He moved against Diamond Hill with the Suffolks, Derbyshires and City Imperial volunteers, supported on the left by the Guards brigade.

"It was grand, seeing the way our men advanced over the difficult ground and under a heavy fire. The casualties, I am thankful to say, were less than 100, a very small number considering the natural strength of the position which had to be carried. Our seizure of Diamond Hill caused the Boers to feel they were practically surrounded and this resulted in their hasty retirement. They were being followed yesterday by some of our mounted corps. Hamilton spoke in high terms of the troops engaged. Hamilton received a contusion from a sharpnel bullet in the shoulder, but is not, I am happy to say, unable to perform his duty."

The rest of Lord Roberts' dispatch deals with the casualties and General Baden-Powell's movements in Western Transvaal, where Baden-Powell, with 800 men, is systematically re-establishing order and collecting arms and supplies. About 600 Boers have surrendered and Baden-Powell captured 230 prisoners. According to Baden-Powell's report the Boers will readily discuss terms of surrender and they all appreciate the work of pacification performed by his troops.

KLERKSDORP SURRENDERED.

London, June 15, 11:05 a. m.—The War Office issues the following dispatch from Lord Roberts:

"Pretoria Presidency, June 14, 10:40 p. m.—Klerksdorp surrendered on June 9th to an armed party sent on by Hunter. Kitchener reports that the Boers attacked a construction train early this morning north of Rhenoster river. He sent out mounted troops and drove off the enemy before they could do much damage. One man was killed and eleven wounded, including two officers.

"A messenger from Klerksdorp reports that Cronje, who commanded there, determined to surrender as soon as he knew for certain that Pretoria was in our possession. His example has been copied by many in the neighborhood. The court house is now said to be full of arms.'

The War Department reports that the total receipts of the Porto Rican treasurer for the month of April, 1900, were $105,869.18. The receipts were divided as follows: Customs, $70,279.92; postal, $6,287.02; internal revenue, $27,588.84; fro mmiscellaneous sources, $1,713.40.

SHIPPING NOTES.

The Protet will very probably sail tomorrow.

The Thomas will sail for Manila this afternoon.

The American bark Albert will sail for San Francisco with a full cargo of sugar this afternoon. The Albert has been a long time in port.

The Claudine from Kauai ports Sunday brought the following cargo: 2718 bags sugar, 280 bags potatoes, 66 bags corn, 134 bags taro and 58 hogs.

The W. G. Hall from Kauai Sunday brought 5900 bags of sugar for Alexander & Baldwin. She reports 69,820 bags of sugar on the Garden Isle.

Among the arrivals from Maui ports in the Claudine Sunday were the following: J. P. Cooke, E. R. Adams, C. S. Crane and wife, F. C. Atherton, H. A. Allen, C. Kaiser, Mrs. D. Kaapa, C. E. Haynes, H A. Isenberg, A. P. Boller, D C Hoffgard, Mr. Rothwell, Mrs. W. A. Lowrie, Rev. J. Kekipi, Mrs. B. Rickard and Enos.

Wheel Wouldn't Work.

Six young men and six young women started out in a yacht for Pearl Harbor Sunday. At the entrance to the channel an island schooner happened along. The man at the wheel on the yacht tried to get out of the way but there was something wrong and the island schooner barely missed smashing into her. Then the six young men, finding further progress impossible, rowed the six young ladies ashore.

Claudine Passengers.

The following are booked to leave for Maui ports in the Claudine this afternoon: F. J. Cross, Dr. Garvin, C. E. Haynes, Mrs. Otto Oss and child, W. L. Hardy, Alfred J. Tate, T. Bowden, Mr Hobbs, Mrs. S. E. Bailey, Mrs. J. P. Dias, Rev. E. G. Silva, wife and child.

Pilots Feel Law's Effects.

San Francisco, June 16.—While there is general rejoicing over the application of United States laws to the islands of Hawaii, and great benefits appear to have accrued to shipping interests, there is one class of men—patriotic Americans, too—who will suffer under the new laws. They are the pilots, who number a score. Heretofore they have been privileged to speak all the vessels of the big fleet doing business between San Francisco and the Hawaiian ports, obtaining half pilotage, even their service were not required, and full pilotage when they brought the island vessels into the harbor, which was not often. Under the new conditions the vessels have been placed on the enrollment of American vessels, and not even half-pilotage may be expected of them in arriving or departing, though the regular rates must, of course, be paid when the pilots are called upon. The enrollment is accorded to all vessels plying between domestic ports, and Hawaiian ports are now in that class, though ships doing business between the Pacific Coast and ports of this country on the Atlantic side must take out a registry, on account of liability to touch at foreign ports en route. If they did so, having only enrollment, they would be considered by foreign port officials as without papers and would be subject to a heavy fine to the usual vexatious delay.

REVENUE OFFICERS CLASH OVER RHODERICK DHU.

San Francisco, June 16.—The ship Roderick Dhu, which left this port on Thursday bound for Honolulu, will be received by revenue officers upon arrival at her port of destination. The Roderick Dhu carried a cargo largely made up of beer, tobacco and spirits. Under the Hawaiian act all such merchandise became subject to internal revenue tax at noon Thursday. The goods on the Roderick Dhu were not stamped. The vessel left after the noon hour, clearance having been secured before the local revenue officials had a chance to interfere. Letters were sent yesterday to Honolulu, instructing the revenue officers at that port to receive the Roderick Dhu and prevent landing of taxable goods until the tax is paid.

The local revenue office received instructions some weeks ago to allow no vessel to leave here with unstamped goods after the Hawaiian law should go into effect. Appeal was made yesterday to the department for a modification of the order as to several vessels which are partially loaded with unstamped goods. Owners of vessels complain that to break their cargoes would cause great and unnecessary expense. They have agreed to give bonds to insure payment of the tax at Honolulu. Under this arrangement the Government will suffer no loss and it is probable that the offer will be accepted. This privilege, if allowed, however, will apply only to the vessels which had taxable goods on board at the time the law went into effect.

NOTICE.

NOTICE IS HEREBY GIVEN THAT the undersigned having made application to the Department of the Interior, in manner and form required by the statute, have on December 12, 1899, had issued to them by the Minister of the Interior a Certificate of Registration under the seal of the Department of the Interior, securing to them the exclusive use throughout the Hawaiian Islands, for the term of twenty years from the said date, of the labels hereinafter mentioned and described:

Five colored labels bearing upon them the words "Florida Water." in size as follows: One label 8⅛ inches by 10¾ inches, one label 5¼ inches by 6¾ inches, one label 3¾ by 4½ inches, one label 3 inches by 3¼ inches, one label 2¾ by 2¼ inches. Two labels printed in black and white, bearing upon them the words "Oriental Hair Tonic," one label being in size 7¾ inches by 8¾ inches, and one label 2 inches by 4 inches. One blue label bearing upon it the words "Bristol's Sarsaparilla," in size 3¾ inches by 7¾ inches. One red label entitled "Bristol's Sarsaparilla," bearing upon it a representation of its inventor, Bristol, in size 2¾ inches by 4½ inches. One scroll label bearing upon it the words "Bristol's Sarsaparilla," in size 4¾ by 9½ inches. One plain black and white label bearing upon it the words "Directions for taking Bristol's Sarsaparilla," in size 3½ by 6¾ inches. One black and white label bearing upon it the words "Bristol's Pills," in size 3¾ by 4⅜ inches. Two trade marks of Lanman and Kemp, in size 1¾ by 4¼, and ⅜ of an inch by 2½ inches.

That all the said labels and trade marks are enrolled in and preserved in the Treasury Department of the Hawaiian Islands, in a volume entitled "Registration of Labels and Trade Marks," on pages 72 to 85 inclusive, and reference is hereby made to said volume and pages for a fuller description of said labels, and all persons are hereby warned against using said labels or trade marks, or any infringement thereof, under the penalty in such cases by law made and provided.

LANMAN & KEMP,
