### Kohala Ditch Scheme

If the bill introduced in the House by Delegate Wilcox granting to the Kohala Ditch Chmpany the right of way over public lands in North and South Kohala becomes a law, Samuel Parker and his associates will receive at the hands of Congress, without compensation, a privilege for which they were willing a few months ago to pay to the Territory of Hawaii an annual license fee of $1,000, to be increased after five years to not less than $2,500 per year. Not only that, but it is a privilege which is of considerable value to the government, as is evidenced by the willingness of other companies to pay for similar rights, and by the offer of the syndicate headed by Col. J. W. Jones to pay to the Territory the same annual rental as the parties now applying for a franchise from Congress offered to pay at one time.

While there are but four or five leases of similar import now in force within the Territory, the corporations holding them are paying into the treasury large sums of money annually for the water privileges granted to them by the Territorial government, and which were approved by President McKinley.—P. C. A.

### Mrs. Hoffmann's Will.

The will of the late Maria Louisa Hoffmann was filed for probate Wednesday, with an application for the appointment of W. O. Smith as executor. The value of the real estate of the testator is placed at $19,000 and of stocks, bonds and cash at $38,900. To Maria L. Morse Dix of Chelsea, Mass., a niece, Jessie C. Morse Soule of Washington, D. C., niece, and Samuel A. Morse, nephew, of Milton, Mass., are bequeathed the sums of $6000 each. To Amatia von Gravemeyer of Hilo is given $1000 in cash and also the lot, corner of Wyllie and Nuuanu streets, valued at $10,000. The homestead in Nuuanu valley, valued at $9000, is given to Mary A. Burbank, who receives also one-third of the residue, and also two-thirds in trust for her nephew, Holmes Ellis, and niece, Alberta Ellis. To the Chinese servant Alipai is given $100.

### The First Local Mint.

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall. It is interesting to enter the large main working room, where general manager McDonough and his corps of assistants are at work. The cool and large lanai is a proper resting place and the vaults, where the "bars" to be minted and beer are kept present a very tasty spectacle. The Mint is open from 5:30 a. m. to 11:30 p. m. and during those hours the work never ceases. Visitors after looking over the place will find first class refreshments and the purest of liquors.

### Answer of General Denial.

Defendant in the case of Henry Smith vs. Mary A S. Rose, Wednesday filed answer of general denial. The suit is over the transfer of a strip of land for street purposes, abutting on defendant's land on Fort street and the Governor, acting for the Territory, is made a party. Defendant says: "That the land conveyed to respondent by said Sanford B. Dole as Governor of the Territory of Hawaii as aforesaid, was so conveyed in compliance with the law for a valuable consideration, and that said deed is in all respects legal and valid." The Government gave the defendant the preference in this land transfer.

## THE TUA-TUA TREATMENT.

"The statement emanates from the Board of Health that the tua-tua remedy proved itself a failure at the hands of Drs. Camp and Hoffman, when they experimented with it upon lepers at Kalihi.

"Dr. Camp says to us that he was not given time enough for his experiments, and he now wants to modify the report he made to the Board about negative results. In the case of a Portuguese leper living in Honolulu, whom he has treated, Dr. Camp says there has been marked progress towards recovery.

"It looks as if the Board of Health had reached its conclusions about tua-tua without a fair test. Would it not be wise, in view of the news from Tahiti and from Dr. Camp's local practice, to have one?"

THE INDEPENDENT concurs in the above quotation taken from yesterday morning's Advertiser, and would further insist that the Board of Health should, by all means, give this remedy a fair and an impartial trial. No time should be lost. The test should and ought to be made, and that as soon as possible, or as can be conveniently undertaken.

## TOPICS OF THE DAY.

The reported action taken by the Board of Directors of the new Protestant Episcopal Church in these Islands, at a meeting held on Tuesday evening, is the natural outcome of matters ecclesiastial and consequent upon the stubborness displayed. After clamouring for Church "annexation," and when given to those that desired it, they now seek to destroy all decency and decorum in Church discipline.

THE INDEPENDENT would like for information regarding whether it is customary in the Attorney-General's department to permit the High Sheriff to make a man pay for meals when he is held for investigation upon a very serious charge? An instance of this kind has been brought to our notice, and without first inquiring of those of the authorities here mentioned, we prefer taking this means of placing the matter on record before the public rather than "hide under a bushel."

An American Churchman of the Mainland writes us the following: "I have been reading with sincere interest accounts of your Church proceedings. I think Bishop Willis ought to have *insisted* that he should be retained as Bishop of Honolulu all his life. No American Bishop can take his place just now. No American Bishop can, for years, gain the love, the respect, the confidence with which Bishop Willis is regarded by all, especially by the *natives* and their friends." So say we, for we know whereof we speak. No other one man has done as much for the Church than what the Bishop has done, all for the love of his Master and Lord, and what he has done, he has done it unselfishly without a murmur.

If the Spokesman for the Democratic party here expects to curry favour with the native electorate, it should refrain from casting slurs and calling names upon our people. We cull the following from its last issue and would particularly draw attention to the last part: "One of the bald-faced shames of the last campaign was the defeat of Hon. W. H. Rice, Democratic candidate on Kauai for the Senate. He and George Wilcox made Kauai what it is. In place of Rice and C. H. Bishop, Kauai sent to Honolulu two tubs of poi that were no good to the Garden Isle and a mere spot on the moon to the Territory." THE INDEPENDENT, claiming to represent the Hawaiian portion of the local English speaking press, resents the uncalled for remarks. "Two tubs of poi" in a native may mean two tubs of something else in a white man. Such remarks are not conducive to bring about good feeling and fellowship.

### Honolulu Rapid Transit Co., Ltd

The annual meeting of the above corporation was held in the company's headquarters yesterday afternoon. The attendance was a large one, there being 2,051 shares, out of a total of 2,500, represented. The elections resulted as follows: President, L. A. Thurston; vice president, J. B Atherton; secretary, J. A. Gilman; treasurer, L. T. Peck; auditor, Charles H. Atherton; directors in addition to the above, W. R Castle, George P. Castle and J. H. Fisher. C. G. Ballentyne, the manager, was also made a director ex-officio. The report of the manager, which was read at the meeting, sets forth the condition of the company in full, and was deemed satisfactory and very encouraging.

### And Still Another Suicide.

A telephone message was received yesterday afternoon from Ewa that the dead body of a Japanese had been found hanging in a shed on the Government road between Waipio and Waipahu, suspended by the neck from a crossbeam. The body was discovered by a Portuguese boy, who met a Mr. Owens walking along the road, and told him of his find, that the body of a Japanese was hanging in a shed used by the labourers on the road. It was this Mr. Owens who sent the message here, after substantiating the information given him.

THE INDEPENDENT 50 cents per month.

### A Bicycle Accident.

T. Osborn, a school boy, son of Manager Osborn, of the Concrete Construction Company, was badly hurt by a fall from his bicycle on Beretania street yesterday afternoon, caused by the swerving around of a friend's horse and striking his bike. He was unconscious when picked up, and upon being examined by Dr. Mays, his collar bone was found broken. After the fracture had been reduced, he recovered consciousness sufficiently to be removed home. He is getting on nicely, better than what was expected.

### Church Directors Act.

The notice hereunder was yesterday posted upon the door of the Cathedral Church of St. Andrew:

NOTICE.

To Whom It May Concern:

Pursuant to a resolution of the Board of Directors of the Protestant Episcopal Church in the Hawaiian Islands, heretofore adopted, this Cathedral will remain closed, save and except, at such times, and for such purposes, as may be designated by the Dean and Wardens.

BY ORDER OF THE DIRECTORS.

January 28th.

## BY AUTHORITY.

## LOCAL AND GENERAL NEWS.

The mail by the Doric closed at midnight last night.

The French cruiser Protet will be open to visitors on Sunday afternoon.

A Sheriff's sale under execution appears under "By Authority" in this issue.

F. J. Wilhelm has been out and in town every day this week for a little while.

The Doric arrived yesterday afternoon and left about 10 o'clock this morning for San Francisco.

Today is King Lunalilo's birthday anniversary, who was well known as "Prince Bill" before becoming King.

The Alameda was signaled at 1:15 o'clock this afternoon as being 20 miles off Waimanalo. She will arrive about dark.

W. B. Wright, Chief Clerk of the Public Works Department, is nursing a sore hand, caused by hitting at something hard.

The inmates of the Lunalilo Home were treated to a luau and a band concert today, this being founder's day at that institution.

W. E Crowell, deputy sheriff at Koloa, Kauai, has been promoted to be deputy sheriff at Waimea, in place of Walter Wright, resigned.

This being the last day to file tax returns for this year, a large number made and filed returns, availing themselves of the last opportunity.

The Catholic Band will play on the Protet on Sunday afternoon, at the request of the French Consul, instead of yesterday, as previously arranged.

The Home Rulers held their regular weekly meeting last evening at Foster Hall. Nothing much was done other than to wait for developments.

A sailor on the barkentine Irmgard was struck by a sling of sugar yesterday, and sustained a fracture of the right leg. He was taken to the Queen's Hospital.

It is reported that the coming Calico ball in aid of the Eye and Ear Infirmary will surely be a success, judging from the number of tickets already sold.

Superintendent of Public Works Boyd has been ill for several days, and as a consequence, no meeting of the Executive Council was held yesterday. He is not yet out.

M. S. Grinbaum & Co. have purchased the land on which their store is located on Queen street, from the Anthon heirs, of Denmark, for $50,000. A new business block is to be erected on the premises.

It is reported that the officers of the Doric do not take much stock in the rumor that the British sloop of war Condor is lost. They think and say that she is probably lying to under canvas for maneuvers, after the fashion of British men of war.

The following sugar is reported ready for shipment on Kauai: K. S. M., 5,000; V. K. 1,100; W., 800; Mak., 10,750; G. & R, 3,050; McBryde, 15,202; K. P., 4,200; H. M., 4 230; L. P., 1.200; M. S. Co, 23 460; K. S. Co., 750; a total of 69,742 bags.

Jno. F. Colburn, treasurer and manager of the Kapiolani Estate, Ld., intends to leave on a business trip to San Francisco by the Alameda on Wednesday next. It is understood that there is a likelihood of Edmund H. Hart's accompanying him as an amenuensis.

There will be a Poverty Social this evening, given by the Ladies' Aid Society of the Methodist Church, at the residence of the pastor, Beretania and Miller streets. There will be a literary program. All attending wearing jewelry or other expensive apparel will be fined. Admission will be 25 cents.

### Married.

FIDDES-TITCOMB—In this city, Jan. 30, 1902, by the Rt. Rev. the Bishop of Panopolis, James Hall Fiddes to Miss Mary Ann Titcomb.

### A Noted Boer Chieftan to be Shot.

GRAAF REINET, Cape Colony, Jan. 19.—Lord Kitchener has confirmed the death sentence passed upon the Boer commandant, Scheepers, who was captured last October. He will be shot next Saturday.

Of all the Boer leaders, Scheepers was the one most hated by the British. Following his capture he was accused of the murder of five natives, who were alleged to have been shot by the commandant's orders. Scheepers denied the accusation, with the exception that he admitted the execution of one native, who was captured while acting as a spy for the British.

The execution of Scheepers will arouse the Dutch of Cape Colony, who believe that the Boer leader acted in accordance with the rules of war in ordering the native spy to be shot.

### The Mohican Has Gone.

The U. S. training ship Mohican left this port at 9:30 o'clock yesterday morning for Christmas Island, Guam, the Philippines and other ports of the Orient. During her stay in this port, Capt. Couden had eight young men enlist on her, six being Hawaiians (one half-white), one white and one negro

A number of the friends and relatives of the newly enlisted men accompanied the Mohican in boats as far as the lighthouse. The Mohican is due back here about July 4, and by that time her men will have traveled thousands of miles and seen many strange sights. Many more Honolulu boys could have enlisted on this vessel had there being vacancies for them.

### A Ray of Hope for the Condor.

VICTORIA, B. C, January 17.—Captain Fleet, senior officer on the Esquimalt station, suggests that the overdue sloop of war Condor is no doubt sailing to Honolulu, having used up her coal, owing to the extra labor entailed on her engines by the severe storm on the night of January 31. He points out that it is rarely indeed that a British man-of-war is swamped by a sea, no matter how heavy the storm.

The United States steamer Grant left this afternoon for the west coast of Vancouver Island to investigate the reports of wreckage on the island shores. The identity of the upturned schooner which, when last heard of, was battering against Cape Beale, will probably be learned.

### To Remove an Administrator.

Kaia Kaaihue has petitioned for the removal of J. K. Prendergast as guardian and administrator of his mother's estate, the late Naomi Kaaihue, who was killed some time ago by her paramour in a crazy fit of anger. In his petition he asks that the administrator be required to make an accounting, which he alleges has not been done. He complains also that the estate is worth $13,000 instead of $8000, as is given by Prendergast in his inventory, and states also that he is allowed but $250 per week. He requests that Makaio be appointed guardian in place of the present administrator.

### "A Trip to Coontown"

There was quite a fair sized audience last evening at the Orpheum to greet Ernest Hogan and his company. This farcical play can only be enjoyed when seen. A change of program is likely to take place tonight, and all should avail themselves of the opportunity.
