MONEY ON HAND

A Considerable Sum Available for School Houses.

PALAMA AND HILO FIRST

Lady Appointed to Responsible Position—The Koolau Agency. Teachers Assigned.

Minister Cooper, Inspector-General Townsend, Deputy Inspector Gibson, Prof. Alexander, H. M. von Holt, Chas. L. Hopkins, Secretary Rodgers, Mrs. Dillingham and Mrs. Jordan were present at a special meeting of the Commissioners of Education held at 2:30 o'clock yesterday afternoon.

Minister Cooper reported that the

MISS ROSE DAVISON.

Cabinet had appropriated $50,000 to be used at once for new school houses. He considered the 12-room school house at Palama, to cost $25,000, and the 4-room house at Hilo, to cost $4,500, should be built first, being most urgently needed. On motion of Mr. Von Holt Minister Cooper was authorized to go ahead at once with the work of securing tenders for the buildings.

The question of assistant secretary and Honolulu school agent, provided by the new law, came up. Considerable discussion arose over it. There were three applicants. Miss Rose Davison was elected on vote, her commission to date from August.

T. H. Gibson was appointed Normal instructor. Mr. Gibson has just completed a long term most faithfully and satisfactorily as Deputy Inspector of Schools.

The matter of a permanent school agent for Koolauloa and Koolaupoko, to succeed Wm. Henry, resigned, was the subject of considerable discussion. Mr. Von Holt wished to provide an agent for each of the districts. This was thought unnecessary by Minister Cooper and Prof. Alexander. Henry Cobb Adams was elected for both districts.

Mr. Von Holt presented the name of Julian Monsarrat for school agent of Kau, to succeed Mr. Meinecke, resigned. Other names were presented. Matter was deferred.

Mr. Townsend brought up the subject of enlarging the printing outfit at Lahainaluna. Colonel Parker had enthused teachers with the importance of printing arrangements. Lahainaluna wished to enlarge its facilities so as to be able to take over entirely the paper enterprise. The sum of $640 was appropriated for surplus material required for the outfit. It was decided to put in the school a man competent to do printing and editorial work.

The following transfers were made: J. N. Taggard and wife from Waianae to Kalihi-waena; Cyril O. Smith from Hilo Union School to Wainae.

Armstrong Smith asked for leave of absence until Christmas in order that he may take a course under Colonel Parker in the Cook County Normal School, Chicago. He stated in a letter that arrangements had been made for the course. Allowed.

Mrs. Frazier was transferred to the Fort street school; Mrs. Green was promoted to be principal of the Beretania street school; Mrs. Gunn was made principal of Kawaiahao school; Miss Bella Weight of Hilo was appointed assistant in Kawaiahao school; Mr. Greany from Kapaa, Kauai, to Hilo Union school; Mrs. Kelsey from Kekaha, Kauai, to Hilo Union school; Miss Thurston from Papaikou to Hilo Union school; Miss Malin from Mana to Waimea; Miss Hadley from Kilauea to Lihue; Miss Bindt from Molokai to Kapaa; Miss Mary Parker and Burnet Smith to Kapaa; John Bush, Jr., to Kilauea; Miss Jones to a position in Kohala; Miss Birdie Kennedy to Fort street school.

At 5 the meeting adjourned to 2:30 p. m. Thursday.

Next Transports.

The St. Paul was to have sailed from San Francisco on July 29, and should arrive here next Saturday. She has the first battalion, South Dakota regiment, and Minnesota and Colorado recruits. Capt. James G. Blaine, Jr., is probably among the officers on board. The Scandia and Arizona are to sail on August 7th for Honolulu. The latter is the largest vessel on the Pacific and but recently came into possession of the Government.

Gaelic Passengers.

John Ena and family and Captain C. J. Campbell returned by the Gaelic, which arrived in port shortly before 3 o'clock this morning.

Frank Hustace and wife, George Kleugel, Allen Herbert and wife and Miss Stella Love are among the town kamaainas to arrive.

Percy Goldson comes down by the Gaelic to get out a special Hawaiian illustrated edition of The Wasp.

LARGE POST HERE

Honolulu Is to Be an Important Garrison.

Naval and Military Base With Strong Fortifications—Honolulu and Pearl Harbor.

(Chronicle 26).

The fact that Honolulu is to become a most important post of the Army becomes more certain every day. Maj. Langfitt, commanding the battalion of engineers, has been asked to lose no time in leaving for Honolulu, in advance of his command. Being a skilled engineer, he will make a preliminary survey of the harbor and plan in a superficial way the fortifications that will be erected at once. The defenses are to be of the most modern and formidable kind.

"Uncle Sam will make Honolulu impregnable," said a prominent officer last night. "The city is to be a naval and military base and will be the site of the strongest fortifications in the world, if money and brains can construct them. This will take time, but meanwhile steps will be taken so that the city will not be open to attack. A reservation will be secured by the Army, and on it will be erected barracks and houses for officers, to form a post of considerable size.

"Just how many men will compose the garrison cannot be said, but I look for several thousand to be detailed for the Islands within the next three months. Before three years have elapsed Honolulu and Pearl Harbor will be able to defy the battleships of any hostile nation. The next Congress will be asked to make a large appropriation for this purpose, and millions will be spent in the work."

Liliuokalani Returns.

Ex-Queen Liliuokalani, her secretary Joseph Heleluhe and John S. Richardson returned by the Gaelic this morning from Washington. Mrs. Dominis

LILIUOKALANI.

is in good health. She would talk very little about her plans. Before leaving Washington she made preliminary preparations for suing the United States Government for possession of the Hawaiian crown lands, and will shortly return to America to appear in the case. J. O. Carter was rowed out to the steamer and was the first caller upon the Ex-Queen.

The Philadelphia.

The Philadelphia will be expected to arrive tomorrow, but may not show up before Thursday or Friday. Captain Campbell of the I. I. S. N. Co., who returned by the Gaelic this morning, said that her orders were to come down under slow steam, which may mean a voyage of eight or nine days.

FOR ONE WEEK ONLY.

Fine French challies, all wool, 25c a yard, French organdies, printed nainsooks, fine white dress goods, all fresh goods and new patterns, go at 5 cents per yard at L. B. Kerr's great clearing sale.

GEN. MILES LEADS ARMY

Forces of United States Are Now In Porto Rico.

JAPAN, TOO, WITH AMERICA

To Attack Manila—Germany—Embassadors Inquire—In Madrid—Fever.

LANDING IN PORTO RICO.

ST. THOMAS, July 25.—The United States troops under General Miles are landing today on the island of Porto Rico, near Ponce on the southern coast. So far as known no fighting has taken place.

Captain Lotze, of the German steamer Croatia, which arrived here yesterday and reported having been fired upon three times off San Juan, Porto Rico, on Saturday, by an American war ship, understood to be the United States cruiser New Orleans, was quoted in an interview today as saying that the first solid shot fell within two yards of the ship. The steamer was immediately stopped, but her captain adds that two more shots were fired over the Croatia's bows from close range.

Later an officer from the New Orleans boarded the Croatia and asked if the ship was injured. Captain Lotze was highly indignant at being fired upon, as he considered his ship was outside the blockading zone. He says he saw nothing of the invading fleet.

NEW YORK, July 25.—A cable to the World from Turks island says: The British steamer Stella from Jamaica, bound to Porto Rico for a cargo, arrived here today. The captain reports that he saw fourteen American war ships off Torguas Island, Hayti, last Friday, bound for Porto Rico. The Stella was boarded by men from the gunboat Dixie and warned not to proceed to Porto Rico, on account of the blockade, so she came here to cable to the owners for instructions.

MORE FOR PORTO RICO.

NEW YORK, July 25.—A special to the Sun from Washington says: Information was received by the War Department today that Major General Brooke, who will be second in command at Porto Rico, would sail from Newport News tomorrow on the cruiser St. Louis. He will be accompanied by his staff, and as he is to be carried on the fastest vessel in the Navy it is probable that he will be landed in Porto Rico within the next four days.

JAPAN WITH AMERICA TOO.

LONDON, July 25.—A special dispatch from Shanghai says four Russian men-of-war have left Port Arthur and it is supposed that their destination is the Philippine Islands. Another dispatch from Shanghai says the Japanese war ships Yoshino, Chin Yen, Itsukushima and Sai Yen have been hastily dispatched to Saiseho to re-enforce the Japanese squadron ordered to co-operate with the British and American Admirals in the event of international complications.

While the dispatch does not explain the matter it is inferred that the squadron is desired to be in readiness for Philippine operations.

EMBASSADORS INQUIRE.

WASHINGTON, July 25.—One Embassador was at the White House on July 11th and the German Embassador last Friday. It turns out, according to the diplomat referred to, that they all came back under instructions to make precise inquiries on the subject of the Philippines. Japan and China, who are interested because of their proximity to the islands and of the possible effects upon them of a radical disturbance of the relations of European nations in the Far East, also sent their Ministers to ask similar questions.

These inquiries were met by the statement, it is said, that whatever the issue may be in the islands the United States will endeavor to so conduct matters there as to give no just cause of offense or anxiety to other nations, having in view always the rights and duties of this Government and the best interests of all others.

MANILA HUNGRY.

HONGKONG, July 25.—The situation in Manila grows more desperate hourly. The Spanish at last concede that the insurgent is hemming him in, and fears that the water supply of the city will be cut off. The loss of 3,500 prisoners has told severely, and the city is growing hungry. The desperate Spaniard partially vents his spleen on the Englishman in Manila, but dares not go too far. Over the door at the Spanish Military Club there is a placard making a filthy reference to Englishmen.

KING JOB OPEN.

LONDON, July 26.—A dispatch to the Daily Chronicle from Shanghai says that Li Houi, the King of Corea, desires to abdicate and to take refuge at the British consulate at Seoul. The British Consul, however, declines to receive him.

CAMARA AND WATSON.

NEW YORK, July 25.—Admiral Camara's Spanish squadron is being strengthened as much as possible to give battle to Commodore Watson at Ceuta. Spain has abandoned the Canaries to protection of land fortifications.

LEO'S HEALTH.

NEW YORK, July 25.—A cable to the Sun from London says: Information as to the Pope's serious state of health cabled a fortnight ago, requires no modification.

RELIEVING DISTRESS.

SANTIAGO DE CUBA, July 23.—The distribution of relief from the Red Cross steamer State of Texas is progressing favorably.

KLONDIKE GOLD.

VICTORIA, B. C., July 23.—Over a million—and it would almost be safe to say a million and a half—dollars' worth of gold was received in Victoria today. Nine-tenths of this amount of gold was brought by the 166 passengers who arrived on the steamer Garonne early this morning from St. Michael, most of them having made their way down from Dawson.

SURRENDER COMPLETE.

SANTIAGO DE CUBA, July 25.—The 7,000 Spanish soldiers at Guantanamo laid down their arms today. The 3,350 men from Palma Soriano, San Luis and Longo surrendered yesterday to Lieut. Miley, and today pack trains with provisions were sent to them.

HONOLULU FORTIFICATIONS.

SAN FRANCISCO, July 24.—Major Langfitt, in charge of the Third Battalion of the Second Regiment of United States Volunteer Engineers, has been ordered by General Merriam to make surveys for the proposed fortifications of the harbor at Honolulu.

FIGHTING IN CUBA.

MADRID, July 24, 10 a. m.—A telegram from Havana reports that the insurgents attacked Gibara, on the north coast of the Province of Santiago de Cuba, and the garrison, after a severe fight, evacuated the place. Many of the insurgents were killed. The dispatch also reports that a force of Americans landed and invested Tunas de Zaza, and the war ships shelled Galamalacoa.

TO ATTACK MANILA.

LONDON, July 25.—A special dispatch from Madrid says that General Augusti, Captain General of the Philippines, has telegraphed to the Government as follows:

"The Americans are about to attack Manila. Grave events are impending."

ISLAND OF YAP.

WASHINGTON, July 24.—It is learned that Admiral Dewey in a recent dispatch to Washington stated that the inhabitants of the Philippines are better able to govern themselves than are the Cubans. It is said that the Monterey has seized the island of Yap, Caroline Islands, by this time if her commander followed the instructions of the Government authorities.

GERMANY FRIENDLY.

LONDON, July 25.—The Berlin correspondent of the Daily News says: "According to a dispatch from Washington the interview between President McKinley and the German Embassador, Dr. von Holleben, was very cordial, the latter assuring the President of the friendly feeling of Emperor William and Germany toward the United States.

IN OLD MADRID.

NEW YORK, July 25.—A cable to the Tribune from Madrid, via Paris, says: The situation is far more critical than at any previous time since the war began. Not a day passes without the Emperor of Austria exerting his strong personal influence with the Queen Regent, urging her to make peace at once, no matter at what sacrifice; for in his opinion the only salvation of the dynasty depends upon her ability to do so.

The disaffection of the army increases day by day. Officers of every grade accuse the Ministry of incapacity in conducting the war, and charge them above all with criminal neglect in failing to supply the Santiago force with food and ammunition.

MILD YELLOW FEVER.

WASHINGTON, July 24.—A dispatch received tonight by Adjutant General Corbin says that 396 new cases of fever of all classes were reported in the camp before Santiago yesterday. As the same dispatch reports only four deaths, and none of them from yellow fever, from among the hundreds of cases of fever known to exist in the camp, the war authorities are more than ever inclined to the belief that the cases of yellow fever are of a mild type.

DICTATOR OF PHILIPPINES.

CAVITE, June 20.—The Filipinos in revolt against Spain formally declared their independence and proclaimed a dictatorial Provisional Government at Old Cavite on the afteroon of Sunday, June 12th. Emilio Aguinaldo is President.

WILL RESIST MILES.

ST. THOMAS, July 23.—The Spaniards of San Juan de Porto Rico are making extensive preparations to resist an anticipated attack on the part of the United States war ships, which are understood to be convoying the army of invasion commanded by General Miles.

REWARD OF MERIT.

At the CHICAGO CYCLE SHOW in 1897, each visitor on entering the Show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits. Name of Bicycle....."

The "Shirk" received 17,489 ballots against 12,377 the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this Show, the above speaks for itself. The HONOLULU BICYCLE CO. have secured the Agency for this strictly high grade wheel.

IT WILL INTEREST YOU TO CALL AND SEE IT.

The SHIRK is the best thing that ever happened.

SHIPMATES, ATTENTION!

Remington Standard Typewriter!

WHAT IS IT?

A simple, compact, and durable machine, which successfully performs the work of the pen, with a tremendous saving of time and exertion.

WHAT WILL IT DO?

It produces, with speed and certainty, in clearly legible printed characters, one or many copies of any kind of writing, excepting such as must be done in books.

TO WHOM IS IT USEFUL?

To every one who has writing to do. In business circles its desirability is assured. Lawyers and journalists cannot do without it. Professional and scientific men realize its worth to them. The author and thinker find it invaluable. It conserves the most potent kind of energy—that of the brain—by reducing to a minimum the mechanical labor of writing, and distributing it among all the fingers of both hands. Writer's cramp disappears where it is used. It presents the printed appearance of the work to the mind at once.

WHO CAN OPERATE IT?

Any one of ordinary intelligence. A very few trials enable any one to write upon it readily. Thereafter it is only a matter of practice.

ABOUT TO LEAVE

Provisional Program for Departure of Transports.

PENNSYLVANIA SAILS FIRST

May Leave Tonight—Rio Coaled. Peru-May Take Carolines-Room Relief-Stores Taken.

The Montana and California troops were called aboard the transport Pennsylvania at 5 o'clock yesterday afternoon and soon after the vessel moved out into the stream. Unless news by the Gaelic changes the program she will sail during the forenoon for Manila. The Rio de Janeiro, now coaled, will pull into the stream at 5 o'clock this afternoon and she, with the Puebla, will sail early tomorrow morning. Depending altogether upon the Gaelic's news the Peru, with Major-General Otis, may await the arrival of the Philadelphia.

From Honolulu to some point in the Pacific, known here only to the two Generals in charge, the expedition will proceed without a convoy. At the point indicated the transports will be met by one or more of Admiral Dewey's ships and escorted to Manila. There is rumor among the men that the expedition will proceed to Ponape in the Carolines and there pick up the Monterey and Brutus, leaving a garrison of regulars. This report, naturally enough, lacks official confirmation.

The volunteers on the Pennsylvania loaded the vessel with private stocks of provisions yesterday afternoon. Among the items was about 3,000 pounds of choice, round steak, which will go on ice. There were fruits of all kinds in abundance, cakes, jam, jellies, eggs, cheese and canned goods galore. These articles the boys expect to enjoy on the dreary last half of the voyage.

There were nearly 1,400 men on the Pennsylvania, which is the smallest and slowest vessel in the fleet. Seventy-five were yesterday transferred to the Rio de Janeiro which evens up matters better and somewhat relieves congestion on the Pennsylvania.

The South Dakota troops were entertained in the usual way on the grounds of the Executive building at noon yesterday. All of the officers were taken to the Club and dined by the officers of the N. G. H. The Hawaiian band played on the grounds during the feast. After the feast President Dole received the men on the grounds. With him were Mrs. Dole, and several other ladies. The men formed a long line and marched by in single file.

An official sanitary inspection of the City of Puebla, the measles transport, was made yesterday forenoon. She was found to be in rather uninviting and unhealthy condition all over, chiefly on account of overcrowding. A thorough cleaning was ordered and last night the men slept ashore near the business houses of M. W. McChesney & Sons and Brewer & Co.

WAS AS PRESIDENT MR. DOLE SUBSCRIBED.

This Will Silence Gossip That Has Been Started.

An item that appeared in the financial account of the President upon returning from his special mission to the United States early this year was "$500, contribution to the Maine fund." The statement in full was presented to the Senate. The whole of the money for the trip came out of a special appropriation made by the Council of State. A considerable sum of the total was returned to the treasury as a Government realization. It is not believed that anything of that sort has ever occurred in any country. In matters of this kind usually there is a deficit requiring a special claim and additional settlement.

Lately gossip, initiated from a direction or in a quarter that need not be speculated upon nor designated, has had to do with the $500 item of "contribution to the Maine fund." It has been sought to place the President in a false light. All the facts, the whole situation, is clear and apparent and correct enough to those who wish to understand it rightly. Mr. Dole does not require a defense, but a straightforward explanation should end the discussion or consideration.

The contribution of $500 was sent by means of draft to Minister Hatch at Washington from San Francisco the very day the President and party left the United States for the Islands. Maj. C. P. Iaukea, the President's aide, made the suggestion that this be done. There was no thought whatever of Mr. Dole making the tender other than in his official capacity, he being at that time the especial representative in the United States of this Government and as such the guest of the nation over there. That the donation was offered from the funds placed at the disposal of Mr. Dole for the trip expenses, contingent and otherwise, was well understood and so communicated to Minister Hatch. The Government here had been liberal in providing for the mission of Mr. Dole and it was accepted as a natural thought that such a disposition of a portion of the fund in this matter would be considered graceful, meritorious and in good taste. That is all there is to it. That the contribution had been accepted was not learned till some time after Mr. Dole and party had returned to the Islands. It then appeared that President Dole had given the money as President and the statement of expenditures for the mission was entirely frank and clear upon the point.

President Dole, when addressed upon the matter promptly gave the version here recited and was surprised to learn that any construction other than he had placed upon the transaction could be made. Maj. Iaukea and Mr. Hatch are of the same mind.

LET WISDOM NAME THE PRICE.

There is a point in bicycle value to go below which means a cheapening in quality. Modern methods and large output brings low price and high quality together in STERLING BICYCLES. At present prices there is more value for the money in Sterlings than any other bicycle in the world. Pacific Cycle & Mfg. Co., Agents.

"WATERED" STOCK.

The recent increase of the stock of the Ewa plantation from $1,000,000 to $2,000,000, without a payment in cash for the increased issue is loosely spoken of as the "watering" of the stock, and as the introduction of Wall street ways of managing corporations.

The term "watered" is loosely used and in this case cannot be justly used. The strongest language would be justifiable in denouncing the Wall street practice, if the new issue of stock represented neither money, solid assets, or undoubted values. It is this sort of manipulation that deceives the public, and catches the "lambs," because the lambs rarely study values.

The issue of stock for full value received, is quite another matter. There is no real distinction between the issue of stock for cash actually paid in, and the issue of stock for cash actually earned by the corporation, and converted into permanent betterments, and assets. The opportunity for the grossest frauds occurs in putting a fictitious value on the betterments and assets. But when the valuation is justly made, it is considered a perfectly legitimate and conservative process, founded on perfectly sound business principles.

The betterments and assets of the Ewa plantation have been estimated by the assessor for the purpose of taxation, at over $2,000,000, and this estimate, after contest in the Courts has been confirmed. Such a confirmation disposes of any question as to intrinsic values. The case is different from that of the Western Union, of which there is an outstanding issue of over $80,000,000 in values of stock, values dependent, however, on contracts with railroad corporations to do their telegraphic service.

The time has come for those who are studying the morals of financial corporations, in civilized countries, to become acquainted with the singularly honest management of the sugar corporations on these Islands, excluding several well known cases.

If the "promoters" and capitalists of the financial centres, clearly comprehended the fidelity and the uniform integrity of the financial managers of these plantations, and their indisposition to permit inflated values, they would be not only surprised, but deeply grieved, that they had not been permitted by Providence to open some schools of finance here.

No doubt we shall soon have some of these pioneer promoters here, who will point out the large flocks of "lambs" on the Mainland that are ready to be roasted and eaten by the gentlemanly wolves.

PEACE PROSPECTS.

The dispatches from Washington and Europe have the ear marks of peace negotiations. But the public and the newspapers have not been taken into confidence by the diplomats. President McKinley is overwhelmed with advice from the people who are deeply interested in the war, and he does not propose to solicit advice about the terms of peace.

There is evidently some strong suspicion that the President may be too moderate in his demands. The national blood is very hot, but the President's blood is cool, as the responsibility rests upon him of making the negotiations for peace. The Constitution does not expressly allow him to make terms of peace. He is Commander-in-Chief, but that office does not imply the power to acquire territory, or fix terms of indemnity.

Congress alone can declare war, (Art. I, Sec. 11) under the Constitution, and it alone, it is presumed has the power to fix the terms of peace.

Practically, the President negotiates the terms, and Congress ratifies them.

Should he conclude terms of peace, he will do so, after consulting his supporters in Congress, and upon such terms that Congress will probably ratify.

These negotiations are probably now being made, but they involve so many difficult questions, and considerations, and the Spanish statesmen are in such an embarrassing position, the President will keep his own counsels, and prosecute the war, until he is perfectly satisfied that his terms will be acceptable both to Spain, and to Congress. The education of the Spanish people causes more delay than was expected by the President.

WAR AND BEER.

The war is making for temperance. The war tax of $1 on each barrel of beer, has stimulated invention and a glass is made so "that it is as thin as the thinnest beer glass at the brim, but by the application of the most deceptive art the glass is so arranged in the bottom and far down the sides that it cuts off about a fourth of the capacity and at the same time adds no perceptible weight." The consumer pays the same price, but gets one-fourth less beer. It is said that the deception cannot be detected excepting by experts.

The consumer in this town may feel rather dissatisfied with the exhilarating effects of the drink, but if he complains, he will be told that it is his patriotic contribution to the war tax and to the temperance cause.

Besides it will lessen his confusion when he is suddenly called upon to shout the war cry of "Remember the Maine," or the political war cry of "Remember Maine."

A MISUNDERSTANDING.

There appears to be a curious misapprehension, on the part of many of President Dole's friends, regarding his contribution to the "Maine relief fund," last February, while he was in San Francisco. It is due entirely to the inaccurate statements of the newspapers of the Mainland that he had made the contribution, but without specifying whether it was a personal or official act. For this inaccurate statement he is not responsible. It was therefore inferred by many, without reason for it, that he had intended to make the contribution a personal one. Upon rendering his account of the expenses of the trip to Washington, the item was included as part of public expense account, as it should be.

Having known for some time, that there is a unfortunate misunderstanding of the matter, which would greatly annoy Mr. Dole, if he became aware of it, we have investigated it, and publish the results of that investigation in another column. If the Legislature had taken the least trouble to make any inquiries on the subject, there would not have been any misunderstanding whatever.

THE PASSING HOUR.

Col. Wm. J Bryan took his regiment from Omaha to Jacksonville to embark for Cuba and did not make a single speech on the road.

• • •

The bacteria known to science now number 560 species, not counting the men who get worsted in arguments down town and go home and badger their wives and children.

• • •

Those 400 engineers who are coming here to look after the building of the Honolulu garrison and to plan fortifications will doubtless carry on their labors with the view to preserving all the beauties of this place.

• • •

"Police must be American" was a stipulation of the United States in the surrender of Santiago. The provision should have read: "Police must be American Police." This alone would be technically and practicaly correct.

• • •

They say there will have to be more leg room under the tables in the transport shore dining room when the long men from Tennessee arrive. And when those mountaineers yell the echoes will come back from the Pali in eight seconds and all the clocks in town will strike twelve and stop.

• • •

"Soapy" Smith, the gambler and confidence man killed by a Law and Order League guard at Skaguay, was one of the very few remaining terrors of the West. These peculiar lawless characters have been kept on the move for several years and a number of them have found Alaska to be really the "jumping off place."

• • •

More and more do those directly engaged in entertainment of passing troops become convinced that the idea of dining the boys was little less than inspiration. The affairs on the lawn of the Executive Grounds are mutually agreeable. Further they seem to have the approval of the rain doctors, for not once yet has a shower interfered with a picnic.

• • •

The Government of Spain seems to be so organized that the whole has an easy way of escaping responsibility. It is cabled from Madrid to London that Toral and Blanco were given free hand in the Santiago capitulation "for the reason that the Government did not desire to expose itself to the criticism that might follow." It is doubtful if the Spaniards in general will be reconciled to, even if they accept this distinction.

CORPORATION NOTICE.

Notice is hereby given that the American Sugar Company, limited, has been organized under the laws of the Republic of Hawaii, by Articles of Association duly filed in the office of the Minister of the Interior, and has elected the following officers for the current year:

Alfred S. Hartwell ..... President

RALLY OF SINGERS.

Gathering Tonight to Practice Star Spangled Banner.

The Annexation Club officers, at the suggestion of a number of citizens, requested Mrs. C. B. Cooper to sing the solo verses of Star Spangled Banner on the occasion of the flag raising. Mrs. Cooper consented to do this and for the purpose of organizing the chorus called to her aid Professor J. W. Yarndley. The other song for the day will be Columbia.

Mrs. Cooper and Professor Yarndley would like to meet at the High School building this evening as many of the singers of the city as can attend a short rehearsal. This call is particularly to members and ex-members of choirs and glee clubs, to all who have been identified with choral societies and to all ladies and gentlemen who feel that they can assist and who are willing to do so. The accompaniement will be the Government band, under Capt. Berger. It is desired to have as strong and representative a chorus as it is possible to organize on such short notice.

Let there be a grand rally of singers at the High School Building tonight. Come and bring your voice and bring a friend with a voice.

Dance At Boat House.

There was a very enjoyable dance at the Myrtle Club Boat House last evening. About 75 people in all were present on invitation. Many officers from the transports were there. Mrs. Sewall, Mr. and Mrs. Hatch were present for a short time during the evening. The music for dancing was furnished by a quintette of native boys.

Japanese Matter Ended.

S. Hirai, acting consul for Japan, called at the Foreign office yesterday morning and received from Minister Cooper a warrant on the Hawaiian treasury for the sum of $75,000, being the amount voted by the Council of State in full settlement of the immigration dispute between Japan and this country. The money will be forwarded in the shape of bank exchange by the Gaelic today to the Government at Tokio.

THE SPICE OF LIFE

May come from many a source. We all enjoy a good laugh and when one considers how easy it is to assume duties which tend to create ill health it is not remarkable to find so many who are suffering.

MALT

Close attention to one's duties, no matter the nature, sooner or later the labors will soon become a task in this climate. You feel tired, can't eat and relish your meal; imagine you are unfortunate and long for a change.

NUTRINE

Just think a moment and consider whether the cause of your ill feelings are not due to lack of tone to your stomach, thereby overtaxing your nerve force, which eventually wrecks the whole organism.

NEVER

Try a few bottles of a true and tried remedy which has no equal as a system toner and health producer. Your physician endorses it. It will build you up and make you feel well again.

TIRES

Your druggist carries it in stock. If not ask him to get it. It has no superior.

Single bottle, 35 cents.
Three bottles for $1.00.

Buttermilk Soap

Has gained a larger measure of popularity to the years it has been on the market than any other soap made.

It is the Highest Standard of Quality in every detail and particular.

You cannot be too cautious about the quality of soap used on your face or hands. Many of the so-called "purity" face soaps are nothing more than a mixture of harmful ingredients put up in an attractive wrapper to sell at sight.

BUTTERMILK
TOILET SOAP
Over 1,000,000 Ladies who have used it pronounce it the Best Soap in the World For the Complexion.

KENILWORTH LOST

Capt. Baker Meets Death on the Big Ship.

Burned--Cargo of Sugar From Island of Hawaii---In Sewall Line. The Master.

BATH (Me.), July 25.—A cablegram was received by Arthur Sewall & Co. today from Valparaiso stating that their ship Kenilworth, bound from Hilo, Hawaii, to New York, had been burned. The cable stated that Captain James G. Baker, First Officer Piper and a boy named Hobson had lost their lives. The Kenilworth was laden with sugar.

SAN FRANCISCO, July 26.—Captain Baker had been in command of ships for thirty years. He was born in the town of South Dennis, Cape Cod, about seventy years ago, and at an early age became a mariner. His first ship was the Asa Eldridge and in the ensuing year he was master for various periods of the ships Sterling, Henry Villard, John Rosenfeld, C. F. Sargent, Commodore and finally of the craft on which he perished.

The Kenilworth, a four-masted bark-rigged craft, was ranked as one of the finest ships in the American steel sailing fleet. She was built in Scotland in 1887 and was of the following dimensions: Length 300 feet, breadth 43 feet, depth 24 feet. Her gross tonnage was 2,293, net 2,178. The ship was almost destroyed by fire in 1889 at Port Costa, where she was lying with the British ships Honauwar and Armedia.

Advices as to the manner of the destruction of the ships are meager, the last thing being a private dispatch to D. R. Dearborn, New York agent, from Valparaiso, Chile, confirming the first report that the Kenilworth had put into that port in flames.

An Old Discussion.

MR. EDITOR:—To settle a controversy will you answer this question: Is the word of address "Ma'am" applied correctly to an unmarried lady?

SUBSCRIBER.

(The Standard Dictionary says the word "Ma'am" is a contraction of the word "madam," corresponding to "sir" in the case of men. It means also a dame, a mistress; as a school ma'am. It is, it would seem, applicable to unmarried women.)

Odd Fellows Entertain.

Harmony Lodge, I. O. O. F., entertained a large number of visiting brothers from the United States transports last night. Speeches were made and a thoroughly good social time was had to 11 o'clock. Coffee was served and cigars were passed around. Excelsior Lodge will have work in the initiatory degree this evening. All visiting Odd Fellows are invited to be present.

Sick Soldiers.

There are ten sick soldiers at the Red Cross hospital and eleven at the Queen's hospital. The United States military hospital will be opened this week. The men in quarantine with measles are doing well. No men on sick report will be taken away with this expedition.

May Resign.

On account of friction between the physicians and nurses on one side and the Executive of the Red Cross on the other there will likely be some resignations handed in this morning.

Police Court.

Kawelo was given a month at hard labor yesterday for battery on Kiliona. A batch of twenty-four Chinese paid $4 each into the coffers of the Court for gambling.

Sugar.

NEW YORK, July 25.—Sugar 4 1-8.

MAGAZINE RIFLES.

NEW YORK, July 23.—A special to the Times from Washington says: At least 20,000 of the volunteers who go to Porto Rico are to be supplied with the Krag-Jorgensen magazine rifle, used by the regular Army.

SPANISH CHEERS.

NEW YORK, July 24.—Prisoners of war cheering the flag of their captors was the unusual sight witnessed at the Union dock in Brooklyn today. The sight was all the more significant as the cheers came from Spanish throats —245 returning prisoners.

WAR BALLOON.

WASHINGTON, July 25.—The balloon used by General Shafter's army at Santiago, has been sent from Tampa to Porto Rico to assist General Miles in his operations.

TO SAVE THE COLON.

NEW YORK, July 25.—Lieut. R. P. Hobson, who surveyed the Spanish cruiser Chistobal Colon, says she can be saved and has negotiated with the Merritt & Chapman Wrecking and Derrick Co. to that end.

PRINCE OF WALES.

Dispatches of July 23 state that on account of blundering country doctors the Prince of Wales may have to use crutches all his life, and will at best walk with a limp. The injury to his knee was far more serious that at first reported.

SIR GEORGE APPROVES.

LONDON, July 26.—Sir George Sydenham Clarke, the expert on naval tactics and coast defenses, writes to the Daily Graphic today strongly approving American annexation of Hawaii and Porto Rico.

CAVALRY HORSES.

SAN FRANCISCO, July 26.—The Iriquois, formerly the tug Fearless, is in San Francisco bay with steam up ready to tow the ship Tacoma to Manila. The latter carries the horses for the 4th Cavalry.

BY AUTHORITY.

SALE OF LEASE

—OF—

Premises and Building Now Occupied by Messrs. C. Brewer & Co., Ltd.

On THURSDAY, September 1st, 1898, at 12 o'clock noon, at the front entrance of the Executive Building, will be sold at Public Auction, the Lease of the premises and building now occupied by Messrs. C. Brewer & Co., Ltd., on Queen street, Honolulu.

Term—20 years.

Upset Rental, $1,200 per annum. Payable quarterly in advance.

The sale of this lease is upon the condition that the lessee to cut the Queen street end of the building off to conform with the street line, as laid down by the Government Survey Department, and put a modern iron, or stone and glass front in same, rebuild the wall at the makai corner if found necessary, take out all windows and doors and replace same with plate glass and new frames in lower story, put in a new floor raising same to proper level, put in fire proof vault in the building and to thoroughly renovate and repair the premises, and place a six foot stone walk and curbing around the same. The total amount of expenditure to be not less than $10,000.

J. A. KING.
Minister of the Interior.

Interior Office, August 1, 1898.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Plows, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

TRAM WAKES UP

Wants Double Track and Conversion Rights.

Attorneys Before the Cabinet—Law Questions Will go to Supreme Court—New Company.

The Hawaiian Tramways Company, Ltd., has waked up again. It is in the field for new privileges and with promise of new policy. The company proposes to convert the mule line to an electric power concern. It asks for the right to have double tracks on King street from Thomas Square to Waikiki and on Beretania street from Punchbowl street to Punahou. The Tram people have lodged application with the Cabinet. This was done by Attorneys Neumann and Hatch yesterday morning.

There exists doubt concerning the grants to the Tram Company. This question resolves itself in most particulars to interpretation of law. This is to the extent of an apparent issue. The Cabinet will refer to the Supreme Court. The proceeding will be shaped into a suit with the Minister of Interior on one side and the Hawaiian Tramways Company, Ltd., on the other. The matter will go to the tribunal of last resort at once.

Several times the Tram people have made a movement in the direction of the trial upon which it is now said to be. The first in recent times when the question of a charter to another Transit Company was before the Legislature two or three years ago. Another spell of activity was evidenced when the citizens started in upon the organization of the present Honolulu Rapid Transit and Land Company.

It was said yesterday by a gentelman substantially interested in the welfare and progress of the Tram Company that the corporation was now in earnest, that plans had been matured many months ago. It was added that in case the decision of the Supreme Court was favorable to the company the double tracks would be laid at once and the change from mule to electric power made without delay.

One of the local men prominent in the new Transit Company remarked last evening that nothing the Tram people could do in the manner proposed would make any difference whatever to the Honolulu concern. Its plan of campaign would be followed, and that without loss of time. The home capitalists believe they are making a good investment and will carry out the original purpose of giving the town modern transit service at a reasonable cost. It is more than likely, it is now given out, that the Honolulu company will use compressed air for power.

AUGUST TERM CIRCUIT COURT.

Calendar Called — Jurisdiction. Cases Handled.

The Circuit Court of the First Circuit, August term, opened at 10 o'clock yesterday morning with Judge W. L. Stanley on the bench. Attorney General W. O. Smith, Deputy E. P. Dole and Deputy A. L. C. Atkinson appeared for the state. The court room was crowded with attorneys, defendants, witnesses and spectators at the opening. Cases were called and disposed of as follows:

Republic vs. Makaainana, larceny in the second degree, pleaded guilty. Sentence today. Kaulukou for defendant.

Republic vs. Keaka Naiwi, manslaughter in the first degree, pleaded not guilty and trial was set for this morning. De Bolt for defendant.

Republic vs. John A. Baker, gross cheat, appeal was withdrawn and sentence was, at the request of the prosecution, suspended. De Bolt for defendant.

Republic vs. Keawe and Koi, highway robbery, plea of not guilty. Trial today. Kaulukou for defendants.

Republic vs. Lemi, maintaining lottery. Appeal withdrawn and fine paid. Kaulia for defendant.

Republic vs. Cupid Kalauianaole, affray, nol. pros. Kinney & Ballou for defendant.

Republic vs. Jim Shearn, assault with dangerous weapon, continued for the term.

Republic vs. Gouvia, alias Camachero, practicing medicine without license, no appearance. Will be called again today. J. Q. Wood for defendant.

Republic vs. Wm. Crewes, drunkenness, and same vs. Lo Hong, assault with dangerous weapon, were both dropped by the prosecution.

Republic vs. G. L. Edwards, set for tomorrow. George A. Davis, attorney for the defense, denied the jurisdiction of the court on the ground that the Republic of Hawaii had ceased to exist.

Two charges of assault and battery against Apana were dropped.

The case of the Republic vs. W. D. Hamilton, murder in first degree; same vs. Hock Yok Yung, manslaughter, first degree, and same vs. John Braun, were all set for Wednesday.

Republic vs. H. Klemme, affray, dropped by prosecution. Humphreys and Gear for defendant.

Last was the case of W. J. Coon, unlawful possession of opium. There being no appearance of either defendant or bondsmen, bail in the sum of $1,000 was declared forfeited.

Attorney Cecil Brown made verbal inquiry concerning court jurisdiction. Judge Stanley says the court considers its jurisdiction unimpaired. A petition or protest or motion may be filed in a few days.

The case of the Republic vs. Keahi was the only case up for trial. Dole for prosecution, Kaulia for defendant. Charge, larceny in second degree.

To Meet Demands.

L. B. Kerr's comes forward with improved methods, and facilities for handling his trade. A visitor to this establishment will observe a perfect new system for handling cash sales. The upper part of the room is a network of wires which lead back to the business office, and the long wait for change is a thing of the past. The system is the latest and up-to-date and well worth an inspection.

RAINIER BEER

Is a winner with the "boys." They drink as much of it as they like—without fear of having a "large" head next day. Rainier leaves no unpleasant after-effects. It's the most delightful of all fine beers. On tap or in bottles at the Criterion.

GEOGRAPHICAL SOCIETY.

Second Annual Meeting and Election of Officers.

The second annual meeting of the Hawaiian Geographical Society was held in the High School Building last evening. The following subjects connected with Hawaiian Geography were discussed:

1. Faults, with reference to amount of displacement and to cause.
2. Terraces, indicating probable change of sea level.
3. The water falls on the Island of Kauai.
4. Direction and force of winds in different localities.
5. Source of lava at base of Telegraph Hill.
6. Significance of crusts of the oxides of manganese and of iron common at Palama.

In the course of the discussion important facts were brought to light by Messrs. Gibson, Wood, Brodie and Bush.

At the close of the meeting the following officers were elected for the ensuing year: President, H. S. Townsend; vice-president, Jos. S. Emerson; secretary and treasurer, Edgar Wood.

Gazette (semi-weekly) will be issued as usual this morning for the out-going Island and foreign mails. Copies in wrappers at the newsdealers and publication office.

A HORNELLSVILLE MAN

Has a Novel Experience With an Old Acquaintance.

If ordinary mortals—and Hornellsville, N. Y., mortals are no exception—get a cinder in the eye, or if some dangerous wound or compound fracture of a limb fall to their lot, every available means is employed to dislodge the former and the best known expedients are used to bind up or set the latter. If the average citizen has a corn or backache, he wants to get rid of it as it is an annoyance; but if it eases up a little and flirts with him for a short time the anxiety to part with it diminishes in direct ratio to the flirting. Now, if this meets the eye of the reader who has backache, and there are ninety chances out of a hundred that it will, if that reader is anxious to get rid of it, follow the simple plan adopted by Mr. Wm. B. Van Dusen, of Van Dusen & Marvin, of 15 Church street, Hornellsville, N. Y. He says: "I fully realized the danger of neglecting kidney difficulties, and when I began to have pains in the back, followed by bladder trouble that was growing serious, I procured Doan's Backache Kidney Pills and used them with beneficial effects. The kidney secretions had been very high in color and contained a good deal of brick dust sediment. This was quickly corrected, and the pains in my back were cured. I have recommended these pills to others, who have used them with most satisfactory results."

Doan's Kidney Pills are for sale by all dealers; price 50 cents, or will be mailed by Hollister Drug Co., Ltd., general agents for the Islands. Remember the name—DOAN'S—take no other.

Fence, Fence, Fence!

Please don't take offense when I tell you an Iron fence is the greatest that ever happened at 58 cents per foot and erected and painted. Be modern and show your beautiful homes. Down with the hedges and board fences (relics of by-gone days) and beautify your grounds and the city by throwing them open to view. It does not take a scholar to see the economy in beauty and durability in an Iron fence over all others at our prices. Every one acknowledges its superiority in every way, but former high prices have kept it from all but the wealthy. Iron and Wire Work of all kinds at lowest prices.

The Hawaiian Iron Fence Co.

Come to Attention!

At this time, when the minds of the people are absorbed with greeting and aloha toward the army of visitors, attention should not be forgotten to personal wants. Note the attitude of the soldiers when attention is called. They are all business, so should be the civilian when attention is called to their personal needs. Newspapers are the medium of attention and thought and through them we call the public to attention. Shoes need attention, your feet need consideration. We have shoes to suit everybody in price and style. We ask your attention and patronage.

Hawaii Ponoi.

Mr. Hall Promoted.

Chas. Hall, who has been a clerk at the Custom House for many months, has been selected to fill a place in the office of the Auditor-General and will make the change in a couple of days. Mr. Hall has been a faithful and efficient man at the Custom House and well deserves promotion. W. F. Storey, now an inspector, will succeed Mr. Hall in the Custom House. Mr. Storey has for a long time been one of the best men on the field staff at the water front.

CHURCH RECEPTION.

Enjoyable Program for the Visiting Boys In Blue.

Members of the Christian Church gave a reception and social to the Boys in Blue last evening. The church was filled. Charles E. Rice was master of ceremonies. Rev. T. D. Garvin welcomed the visitors. Among the numbers carried out were: Solo, by Miss Louise Boardman; recitation, W. C. Weedon; recitation, "Judge" Grommatt, Company K, 14th Infantry; remarks, Rev. Harris; song, by a Japanese Minister, a visitor. There were several other selections and specialties by volunteers from the ranks of the Boys in Blue.

During the evening lemonade and cage were passed around in the big audience. Young ladies of the church attended to this duty in an excellent manner.

Bargain in Shoes.

We hear the expression used constantly. So much so that in nine cases out of ten it really has no significance in connection with facts.

A bargain in shoes represents standard value, at the right price and at the right time.

The cheapest is not always the best neither is the best always the cheapest. Buy a good article and you will get satisfactory wear out of it in the long run. Buy a cheap article and it will keep you on the jump continually to duplicate, then you might buy shoes on this basis every week in the year and never get your money's worth. Turn over a new leaf and buy an honest shoe at an honest price. This is the kind of values we offer you.

The Manufacturers' Shoe Co.,

A Baby's Skin

Is the most delicate of all delicate things, and is more subject to external influences than a grown person's.

The quality of the soap used in the baby's bath is of great importance, because it means a happy, healthy child or a fretful one, with skin full of irritation caused by the excessive alkali in the soap.

Curative-Skin Soap means much to the mother. It is as pure as it is possible to make a toilet soap. It will not cause skin blemishes, but possesses a soothing effect; it cleans but does not irritate. Try a cake. It is its own best advertisement. Made in America, too. Get it of

Hobron Drug Company.

WHARF AND WAVE.

Alalauwa are pau.

The bark Martha Davis sailed for San Francisco yesterday afternoon with full load of sugar.

The Government dredger is operating again, this time near the mouth of the harbor channel. Capt. Paul Smith, is on the bridge.

The Japanese steamer Kee Lung Maru with about 400 Japanese returned laborers will sail this afternoon for Yokohama. She has discharged her freight at Irmgard wharf.

Sampans are being shipped from this port to the other Islands for use by the Japanese in fishing. A Japanese hui of ship carpenters are now located here and are turning out sampans in great numbers.

The schooner Transit sailing last Saturday for San Francisco took 16,127 bags of sugar, 1,847,980 pounds, valued at $68,753 and shipped by T. H. Davies & Co. for (D) 4,293 bags and D. K. 2,675 bags and W. G. Irwin & Co. for Hutchinson Mill, 9,159 bags.

The troopship Pennsylvania left the Mail wharf at 5 o'clock yesterday afternoon and anchored just off the lighthouse. The other transports are located as follows: The Rio at Oceanic wharf, the Puebla at Brewer's and the Peru at Irmgard wharf. The Puebla's hold was thoroughly cleaned out last night, all the troops sleeping on shore, either under the wharf shed or around the boat landing.

In a Bad Fix.

The British bark Gwynedd, well known in this port, from Portland to the United Kingdom with wheat, has put into Curban France. She has lost all her boats and compasses.

The Gwynedd is well known in this port and her genial skipper, has the sympathy of the entire waterfront.

Excelsior Lodge, No. 1, I. O. O. F

A meeting of the above Lodge will be held at Odd Fellows' hall, Fort street, THIS (Tuesday) EVENING, August 2, at 7:30 o'clock.

WORK IN THE INITIATORY DEGREE.

Members of Harmony Lodge and all visiting brethren are invited.

A special invitation is also extended to all brothers aboard the troop ships in port to be present.

Per order N. G.

FOR SALE.

SPECIAL BUSINESS ITEMS

ART AND SCIENCE.

At the World's Columbian Exposition art and science was thoroughly exemplified. The greatest achievements of modern times were on exhibition. Among the many beautiful displays none attracted more attention than that made by the Singer Sewing Machine Company. It won the enthusiastic praises of all. B. Bergersen, Agent, Bethel street.

The City Carriage Company possess only first-class hacks and employ only careful, steady drivers.

Carriages at all hours.

Telephone 113.
