The EVENING BULLETIN PACIFIC STATES TOUR.

WEDNESDAY, APRIL 17, 1907.

This vote is good until May 7, 1907.

SENATORS KILL PROMISED PRIMARY LAW

Primary Law Killed This Afternoon By Treason Of Senate

GOVERNOR'S VETO IS OVERRIDDEN

The Senate this afternoon resumed its consideration of the primary law. Knudsen moved to reconsider the vote on the paragraph providing for a fee of $10 to be paid by candidates for nomination, which had been stricken out. This carried and Knudsen moved to re-insert the paragraph in the bill. This was lost.

Smith moved to reconsider the proposition that the vote should be placed in the ballot box by the voter himself. McCarthy rose to a point of order, the section having already been reconsidered.

McCarthy moved to pass the bill in second reading.

Thereupon the Senate killed the bill by the following vote:

Ayes—Hayselden, Hewitt, Kalama, Lane, McCarthy, Smith—6.

Noes—Brown, Chillingworth, Dowsett, Gandall, Knudsen, Woods, Bishop, Makekau—9.

Gandall and Knudsen, the Kauai delegation, were the ones who by doing the weathercock act, changed the vote so as to kill the bill.

The Governor's veto of the bill exempting the pineapple, sisal, starch, vanilla and other industries, was taken up and overridden.

MORNING SESSION.

The Judiciary Committee reported on House Bills 88 and 89, establishing county registration offices and providing for the office of county registrars. It stated that the object of these bills was the same as that of Senate Bills 24 and 25, which were tabled. It therefore recommended that the House bills be tabled also. Adopted.

Chillingworth reported for the Nuuanu Dam Committee that Expert Schuyler would have his report ready at the end of the present week.

FAVORABLE REPORTS.

The Lands Committee reported on Senate Bill 163, providing for the reimbursement of settlers for improvements placed on lands, which they had given up, and which had later on been sold, recommending its passage. The same committee reported on House Bill 175, providing that stones, crude oil and other refuse may not be thrown into harbors, recommending its passage.

Senate Bill 106, appropriating $20,000 for a tomb and monument for the remains of certain Hawaiian kings and high chiefs, passed third reading, only Knudsen, Kalama and Bishop voting against it.

House Bill 79, relating to the issuance of certificates of Hawaiian birth; House Bill 169, relating to judgments, executions and new trials; House Bill 184, making the minimum daily pay for laborers on public works $1.25; passed third reading.

STANDARD OIL BILL.

Senate Bill 61, the Standard Oil bill, came up for second reading. Dowsett offered some minor technical amendments, which were adopted.

Smith moved to indefinitely postpone the bill as the government would lose $5,000 a year by taking the revenue which it now derived from its oil storage house, away from it.

Chillingworth said that no such sum had ever been derived.

MOTION TO KILL LOST.

Smith quoted figures from the report of the Superintendent of Public Works. Chillingworth told him to deduct the salaries. He also called attention to the government tanks at Iwilei, which were not government tanks, and from which no income was derived, and which had been established by some evasion of the law.

Smith's motion to indefinitely postpone was lost.

(Continued on Page 2)

LEM ABLES' THINKS OF CRICKEN SUIT

Lem Ables consulted an attorney this morning with a view to completing his suit against the Hawaiian Gazette Company for a libel committed by the Advertiser this morning.

The paper reports that Ables' twenty hens produced $6.25 each cash income for the "fiscal year." The period was for three and one-half months only. If Ables loses the suit, he will charge the expense up to free advertising he is getting in the small farm line, and as a real Arab patroller of the finest style.

One of the most brutal cases of child-beating ever brought to the attention of the local courts was before Judge Whitney yesterday. A little youngster named Henry Hickey was brought in with his legs a mass of bruises where he had been most unmercifully beaten by a man named Louis, who claimed to be some relation of his by marriage. It was shown that Henry was not a good boy but played truant and he was sent to the Reform School while his assailant was fined $20 by Judge Whitney for the brutal beating he had given the youngster.

HOUSE STRINGING LOCAL OPTIONISTS

Members Having Fun At Expense Of Bill's Supporters

MEASURE WILL PROBABLY DIE LINGERING DEATH

Representatives Take Things Easy and the Speaker Allows Them to While Away Time in Play

HOUSE

48th Day—Forenoon Session

There wasn't a great deal of business on the Speaker's table this morning when the House was called to order, so the members were allowed to play a little. As a means of relaxation and amusement, they occupied themselves with stringing the local optionists.

The local option bill, House Bill 75, was called up and made the occasion of all sorts of arguments. Amendments were plastered over it until it looked like the victim of rheumatism. And all the while the members knew that they were merely killing time. There is no intention on the part of the House of passing the measure. If the statements of several of the members and the attitude of most of them may be taken at face-value.

There were few speeches against the bill. Its earnest opponents realize that the friends of the bill did it more damage the other day than its enemies could, so they content themselves with assuming an earnest look and offering amendments. It is true that there are a few of the members of the House who really want the bill to pass, but they are in the great minority. Others would come out openly and oppose the measure if they were not afraid that it would injure them politically with the anti-booze people. So they lie low and say nothing.

The salary appropriation bill went through third reading without further amendment, though it was expected that some one would want to break into it again to give some forgotten friend a boost.

House Bill 95, to provide for the exemption of the family homestead from forced sale, was the first bill to be taken up on third reading. Correa, its introducer, spoke in support of it. "By this law," he said, "the family is protected, the children are protected, and the homestead is protected. I move it pass."

Rawlins also urged the passage of the bill, which he said would inure to the benefit of the poor man. The bill passed.

House Bill 214, relating to licenses for theaters, shows, etc., passed third reading, and Joe Cohen is safe.

House Bill 216, regulating the insurance business and imposing penalties on unlicensed insurance companies and agents doing business in the Territory, was read the third time. Rawlins stated that the bill is gotten up for the protection of the people of the Territory. The San Francisco disaster has shown the need of protection in insurance matters, and this bill would allow the people to know what the companies have back of them and the extent of their responsibility.

Rice said the bill would also make the companies pay their insurance tax, which they do not all do now. The bill passed by vote of all present except Kanihо, who always votes against any measure introduced or supported by Rawlins.

House Bill 220, fixing penalties

(Continued on Page 2)

REMEMBER

That the next count in the Pacific States Tour Contest takes place Thursday (tomorrow) afternoon. Get your votes in early.

Engineer Officer Coming

Col. S. W. Roessler, the chief of army engineers of the Pacific division, is due here on the Korea on April 29. According to Capt. Otwell he is coming to make an inspection of the conditions which now exist in the Territory in regard to the work under his department.

The coming of Col. Roessler means without doubt that renewed activity will be the order of the day in regard to fortification work in and around Honolulu. Since Capt. Otwell has been here the plans for fortification have been going ahead fast and the arrival of his superior officer will mean without doubt that even more active steps towards a complete protection from an invading enemy will be pursued under the direction of the War Department.

While Col. Roessler is here he will probably be called on to make a report on the harbor range light, about which there has been more or less controversy between the U. S. Engineers and the Territorial officials.

ROBBER CONFESSES

ST. PAUL, Minn., April 17.—John Sunderson, who held up the clerk of the Northern Express Company and secured $25,000., has confessed.

WARSHIPS THREATEN

TANGIER, Morocco, April 17.—A naval demonstration has been made off Magudor. The situation is grave.

ARRIVED

Wednesday, April 17.
Whaler Carrie and Annie, off port, for water and supplies, 12:50 p. m.

DEPARTED

Wednesday, April 17.
Schr. Robert Lewers, Underwood, for Hilo, to load koa for Coast, 2:30 p. m.

Mrs. Gunn calls a general rehearsal at the Opera House this afternoon at 3 o'clock.

Furnished housekeeping rooms or small cottage is wanted. See classified ad.

COMMAND IS GIVEN TO MATE CLEMENT

Capt. Ritchie Of Ship Loch Garve Was Often Drunk

BRITISH OFFICER IS DISRATED BY COURT

Charges Made Against Master of the English Ship Are Fully Proven According to Verdict of Court

Capt. Ritchie, of the British sailing vessel Loch Garve, which was ashore on Kamala reef, Molokai, recently, has been found guilty of drunkenness by the naval court which has been investigating the case. His ship is taken from him by the order of the court and placed in charge of the mate, pending instructions from her owners, and Capt. Ritchie has been ordered to pay 66 pounds, 2 shillings, the costs of the court.

The certificate held by Captain Ritchie as master has not been revoked but this action will probably be taken by the British Board of Trade when the findings of the local court are forwarded by the British Consul.

The finding of the court in part is as follows:

"Finding and order of a naval court held at the British Vice Consulate, Honolulu, in April 1907, to investigate a complaint made by R. L. Clements, the certified mate, S. J. Hale, the second mate and fourteen other seamen, belonging to the British sailing ship Loch Garve, of Liverpool, viz:

"That C. Ritchie, the master of the said ship, was repeatedly under the influence of drink during the voyage of the vessel from the port of Autofogasta, Chile, until she was towed off Kamaio reef, Molokai island, Territory of Hawaii, and that his navigation of the vessel tended in[illegible] to endanger the lives, limbs and property of those on board the vessel.

"That having heard and carefully considered the evidence given before the court in the presence of the accused, we find that the charges against him are fully proved.

"The court being unanimously of the opinion that the safety of the ship and crew absolutely requires it, orders that C. Ritchie be suspended as master of said ship and that with the consent of the consignee of said ship, R. Clements be appointed to act temporarily in the stead of C. Ritchie as master thereof, until the wishes of the owners be known.

"The court, however, in view of the sentence given above, does not feel called on to deal with the certificate of the said C. Ritchie."

The court which found Ritchie guilty was composed of Capt. Combe, of the Restorer and Capt. Pearson of the Helga and was presided over by Acting British Consul Forster.

ANNAPOLIS DANCE AT SEASIDE HOTEL

Captain Clark, and the officers of the U. S. S. Annapolis, will be the guests of the Seaside Hotel tomorrow evening, when a dance will be given in their honor. Preceding the dance, a special dinner, with music furnished by the famous Ellis Glee Club, will be served on the open lanai. On a balmy moonlight night, a more ideal spot than the Seaside Hotel, with its beautiful lawns overlooking the ocean, cannot be found, and doubtless all local Army and Navy officers, and their wives, to whom a special invitation is extended, together with society and townfolk, will be present to greet the visiting guests of honor.

Superintendent Babbitt will leave for Koolauloa tomorrow morning. He goes for the purpose of inspecting some school lands, and will at the same time report on the proposed right of way across school property sought by the Koolau railroad.

Hawaiian-bred pony, saddle and bridle for sale cheap. See classified ad.

Congressmen Who Come To Hawaii

Delegate Kuhio received a letter from his secretary by the last steamer under date of April 5 in which the plans for the Congressional party up to that time are given.

McClellan says that acceptances have been received from Hamilton and wife, Capron and wife, Cole, Conner and wife, Bates, Littlefield and wife, Keifer, Col. Hepburn and wife, McLachlan, Davidson, Alexander and wife, Acheson and wife and Senator Piles.

A circular letter sent out places the time limit when acceptances must be in, as April 8th. When this date is reached McClellan, in conference with Mr. Hatch, will then make up the substitute list. It is a matter of regret that Dalzell and Smith of the Appropriation Committee cannot come.

Mr. McKinney, Mr. Reynolds and Mr. Higgins are coming on the June transport at their own expense and it is also hoped that Mr. Batholdt will come at that time. He is interested in public building matters.

Secretary of the Navy Metcalf is likely to come to Honolulu on a war ship this summer when he will probably be accompanied by Senators Perkins and Flint of California.

The party will be in the islands fully three weeks according to the latest schedule.

EARTHQUAKES ON TWO CONTINENTS

MADRID, Spain, April 17.—A severe earthquake has been experienced at Tartosa Murcia. Much damage is reported.

SHAKE IN RUSSIA

ASKABAD, Asiatic Russia, April 17.—Severe earthquake shocks were felt here today.

TURKEY FEELS TREMOR

CONSTANTINOPLE, Turkey, April 17.—An earthquake shock was felt here today.

WIDESPREAD DAMAGE IN MEXICO

MEXICO CITY, Mexico, April 17.—It is reported that the Mexican coast from Acapulco to Salina Cruz has suffered damage from the recent earthquake shocks. Tiapa is said to have been destroyed.

C. P. Morse, the local freight agent Mexican Central R. R., by which his for the American-Hawaiian S. S. Co., line ships across the Tehuantepec Isthmus states that he has received no news in [illegible]. He says that if there had been regard to earthquakes at Salina Cruz, any considerable damage done he would which is the western terminus of the have been notified.

Squires To Rest

SAN FRANCISCO, Cal., April 17. Bill Squires, who arrived by the steamer Ventura from Australia, says that he will rest before arranging any match with American fighters.

A modern house with large grounds and verandas near town is wanted. See ad.

The Value Of Confidence

In no line of business is the buyer's confidence of more importance than in the selling of clothing.

The dealer who attempts to convince the buyer that his goods are the best, and that his place is the place where the best could be obtained, must see that the facts conform to his statements, and that his goods are in every way up to the standard. He had better never try to sell to a man than to mislead him or to exaggerate; for the customer will quickly discover such practice of misrepresenting merchandise.

There is never danger of a protest and always a certainty of full value received when a coat or suit is recognized as

CORRECT CLOTHES FOR MEN,

which has the endorsement on the label,

LOCAL AND GENERAL

The next announcement in the Bulletin's Pacific States Tour Contest will be published Friday, April 19.

Panama hats cleaned at the Globe. *

Tallyhos, livery, autos. Stkyds. Stbls.

Best cup of coffee in the city. New England Bakery. *

The Nihau, arriving today, brought 6300 bags of sugar.

Kukui nut with Masonic emblem is lost. Reward at this office.

Oceanic Lodge meets this evening for work in the third degree.

Floral Parade Paradise of the Pacific, 15 cts., at all newsstands. *

J. S. McCandless is going to the Coast for a stay of some months.

Just in—fine assortment National Biscuit Co.'s crackers. Day & Co. *

Regular meeting of A. O. H., Division No. 1, C. B. U. hall, at 7:30 o'clock.

K. Kitagawa, an eminent Japanese journalist, is in the city en route home.

Miss Locke's Dante class will meet at Kaiulani Home tomorrow at 3 p. m.

A letter received by the last mail states that the strike at Goldfields has ended.

The authorities of Hilo and Honolulu have begun a crusade against the mosquito.

Take your carriage or automobile to Hawaiian Carriage Manfg. Co., for up-to-date repairs. *

The steamer Nevadan has a full passenger list for San Francisco. She will leave on Saturday.

A witness in the Loch Garve hearing yesterday testified that the captain was "paralyzed drunk."

Mr. and Mrs. L. L. McCandless are occupying their summer cottage on the other side of the island.

Telephone Main 149, to Levy & Co., the family grocer. Your order will receive prompt attention.

Court Lunalilo, No. 6600, Order of Foresters, meets this evening at 7:30 o'clock in K. of P. Hall.

Strengthening and nourishing is the fine lock beer put out by the Honolulu Brewery—this beer is sold also in bottles.

J. A. M. Johnson failed to connect with the Hongkong Maru as was his intention. A train wreck caused his delay.

Cesar Pizarro, representing a South American newspaper, is a passenger on the Peru. He is on a tour of the world.

Miss S. E. Treadway left today by the Hongkong Maru for a trip to the Orient.

Try some of the Dr. Deimel linen-mesh underwear, delightful to the skin. Sold by McInerny, the Haberdasher.

Wallach does not use sewing machine oil in his formula, but Benny & Co. sell it. 1266 Fort street. Phone Main 488.

Theodore Roosevelt Camp No. 1, U. S. W. V., will hold their regular meeting this evening in Waverley hall, at 7:30 o'clock.

A three-days' special sale of table linen and napkins begins tomorrow at Sachs'. It will be a big saving event for housekeepers.

The Camera Club held a meeting at the Y. M. C. A. hall last night. An interesting paper on camera work by Mr. Hart of Maui, was read.

One of the greatest blessings of today is the Angelus piano player. Anyone can play it and everyone enjoys it. Hawaiian News Co. Ltd.

The Matson steamer Hilonian, with passengers and freight, leaves tomorrow noon for San Francisco. She will also carry the U. S. mails.

Waikiki Inn is now owned by W. C. Bergin. Accommodations, supplies and attendance absolutely first class. Finest bathing on the beach.

"Whistler" Noble, the popular Bulletin newsboy, is confined to his home by a severe cold. His customers will be cared for by one of his associates.

Jas. A. Law left in the Hongkong Maru this morning bound for Vladivostok. Mr. Law will make an extended tour of the Orient before he returns.

For 25c and 25c per yard the most beautiful Dresden ribbons are on sale at Blom's. And the new lines of laces are the prettiest goods ever shown here.

Treat your iron roof to a coat of "Arabic." There is no better preservative made. California Feed Co. agents.

L. M. Waterhouse, in his automobile, got slightly mixed up with the running board of a Rapid Transit car yesterday afternoon. Both vehicles were somewhat damaged.

Scale bugs are reported to have been found among the fruit taken away by the Los Angeles excursionists. A number of plants that were affected were dumped into the ocean.

Jas. N. L. McGuire has moved his Curio and Florist Business to the store formerly occupied by the Island Meat Market, No. 1141 Fort St. *

The following sugar is on Kauai according to Purser Miles of the Mikahala: H. S. M., 3599; W., 200; M. A. K., 15,795; G. & R., 3398; McH., 38,385; K. P., 3650; F., 50,000; K. S., 2500.

The following freight arrived from Kauai on the Mikahala today: 2800 bags of sugar, 26 empty wine casks, 195 bags empty bottles, 52 bundles of hides, 4 bundles of pelts, 67 bags of horns, 89 packages of sundries.

Union Electric Co., 1118 and 1120 Union St., is the leader in all kinds of electrical work, fixtures and wiring. Private telephones, bell work, etc.; also dry batteries. Estimates gladly furnished. Phone 315. *

The Glee Club that accompanied the Los Angeles excursionists back to the Coast are reported to be shy on employment. Although their music is charming all who listen, engagements are not piling over each other. The boys state that they will move on east if times do not brighten up.

The Dramatic Club of Oahu College has in preparation the well-known play "The Rivals." It will be placed on the boards on the eleventh of next month at the C. R. Bishop hall. Many new costumes have been ordered from San Francisco, and an endeavor will be made to have the production out-shine last year's play.

Quality
Quality
Quality

has always been one of our chief aims. Lowering the price by lowering the quality, and substituting, is not our policy. The cut in quality is always greater than the cut in price, and the spectacle wearer is the loser.

PRIMARY LAW

(Continued from Page 1.)

Chillingworth moved to pass the bill second reading. Carried.

WOULD KILL PRIMARY LAW.

House Bill 41, the primary law, was taken up for second reading.

Chillingworth moved to table the bill.

MOTION IS LOST.

This motion was lost by the following vote:

Ayes — Chillingworth, Makekau, Woods, Brown and Bishop—5.

Noes—Hayselden, Hewitt, Kalama, Smith, Knudsen, Lane, McCarthy, Dowsett and Gandall—9.

On the announcement of the vote Chillingworth left the Senate chamber.

$10 FEE STRUCK OUT.

Makekau moved to strike out the paragraph providing that candidates for nomination at the primaries should pay a $10 fee. The object of the law was to secure the nomination of the best men, he said, and therefore these men should not be burdened with such taxes. The better class of people would be scared out of the running for fear of losing their $10 fees.

Smith answered that the fee would tend to keep down the number of candidates for nomination.

The motion to strike out the paragraph carried.

TO PUBLISH LISTS.

Lane moved to amend the bill where it provided that the county clerk should furnish candidates with lists of the candidates, by making him publish such lists in both the English and Hawaiian languages. This was adopted.

Lane moves an amendment that the voter when marking his ballot should be ten feet away from the inspectors. This carried.

He offered another one providing that the voter and not the inspectors should place his marked ballot in the ballot box.

FEARS BALLOT STUFFING.

"Is not this getting back to the old days of ballot-box stuffing?" asked Knudsen.

Lane said that by this amendment much fighting would be avoided.

Smith also fought the amendment. He did not see why the inspector should not be allowed to deposit the ballots.

Lane told the old story of Bipbe's manipulation of the ballots in the famous Seventh of the Fifth. "And I know whereof I speak," he added.

Smith said that this was a step backward. The method suggested would open the door to ballot stuffing.

Lane showed that as each voter was given only four ballots and as he had to give back three to the inspectors he would only have one to mark.

Smith said it could be done anyhow. The stuffing of ballot boxes was one of the most iniquitous practices the Territory had had to contend with.

MAKES ANOTHER STAB.

"Don't you think it would be better to table the bill," suggested Chillingworth, who had just returned.

The amendment passed.

NOTLEY DISPLEASED.

Chas. K. Notley, the Home Rule leader, who had been watching the proceedings, left the chamber at this stage, shaking his head in vivid expression of his disapproval of the bill.

Lane moved to strike out the provision that a committee organized for the purpose should enter substitutes for nominees who withdrew or died. He thought the parties were well enough organized to attend to such matters. Smith attacked the amendment. After some debate the amendment was adopted.

ABOUT NON PARTISANS.

Lane moved to amend the bill providing that "each non partisan candidate, who shall have received not less than 20 per cent of the votes cast" should be nominated. He wanted it to read, "who shall have received the highest non-partisan vote." McCarthy amended the amendment to make it "receiving." This was adopted.

Kalama moved to cut out the payment of primary election inspectors by the Territory. He said that the Territory should not be made to pay, since the nomination fee was cut out.

Smith said it would not be fair to the inspectors to ask them to work for nothing.

Chillingworth wanted to know where the money was going to come from.

Kalama's amendment carried by a vote of six to seven.

"That kills the bill," cried Chillingworth gleefully.

"If that's the means the opponents of the bill take to kill the bill, I vote to table it," said McCarthy.

Smith reminded the Senators of their pledge to support the bill. "We should not try to kill the bill by underhanded means," he ended.

PREDICTS RUIN.

Chillingworth said that parties had been paying for inspectors before. Why could not those who were so interested pay for the inspectors. Then he grew excited.

"I predict that this bill will create such a crisis," he said, "that every man will be sorry he voted for it and will leave the Islands. I made a pledge to support the platform, but when I find that something in that is wrong, I shall buck it, and buck it to the last ditch."

Smith said in a calm tone, which was a relief after that passionate outburst, that he had had his misgivings about the bill, but it had been tried and found successful on the mainland and should be tried here.

An amendment passed providing that the Territory and not the counties pay the incidental expenses.

Lane moved to pass the bill on second reading as amended.

Makekau moved to indefinitely postpone, which was lost by the following vote:

Ayes—Brown, Chillingworth, Dowsett, Makekau, Woods, Bishop—6.

Noes—Hayselden, Hewitt, Kalama, Knudsen, Lane, McCarthy, Smith and Gandall—8.

A recess was taken until 2 p. m.

Experimenting with new and untried Dentifrices is dangerous. Keep to SOZODONT, a standard for sixty years. Called "The Honest Dentifrice" because, in all that time no effort has been spared to produce a Dentifrice the teeth require. It purifies while it cleanses.

WHEELER GOES EAST ON IMMIGRATION

New Immigration Law Carelessly Drawn And Rushed

Regarding the recent decision on immigration handed down by Bonaparte, the San Francisco Examiner has the following to say:

William K. Wheeler of this city, who was recently appointed a member of the Federal Immigration Commission by President Roosevelt, has gone to Washington to assist in organizing that body and enter upon his duties along with his eight confreres on the commission. He will be away from the city several months, because the commission is charged with making an inquiry into the whole subject of immigration and reporting its conclusions to the next Congress.

Among the subjects that will be considered, Mr. Wheeler said just before departing for the East, are Japanese immigration, the relations of immigration to the needs of labor in the South and West, the advisability of imposing stricter educational tests upon aliens desiring admission into the country and the desirability of increasing the head tax paid by immigrants.

From what members of the California Congressional delegation quietly say, the new immigration law rushed through the last Congress is rather loose and carelessly drawn in a number of its sections.

HOUSE STRINGING

(Continued from Page 1.)

for violation of the rules of the Board of Agriculture and Forestry regarding the importation of plants, fruits or vegetables, passed final reading without debate.

Senate Bill 97, fixing the date for Supervisors' meeting as the first Wednesday after the fifth day of each month, was deferred until tomorrow on motion of Rice.

SALARY APPROPRIATION BILL.

Senate Bill 30, the Territorial salary appropriation bill, came up for its final reading and went through, though not by a unanimous vote. Hughes voted no.

BILLS DEFERRED

House Bill 212, exempting coffee property from taxation, on motion of Correa, was deferred until this afternoon. Correa, a member of the Agricultural Committee, wanted to bring in a minority report.

House Bill 215, the Governor's bill, making special appropriations for the Loan Fund, was deferred until Saturday on motion of Rice.

TRUANT OFFICERS

The Health and Police Committee reported favorably on House Bill 219 introduced by the Education Committee, making deputy sheriffs truant officers and requiring that each deputy or such police officers as he may designate shall call at least once a week at each school to ascertain what children persist in absenting themselves from the school. The report was adopted.

House Bill 75, the local option measure, was called up. A motion was made to refer it to the special committee of which Rawlins is chairman. This brought forth a vigorous protest from Rawlins, who said he didn't want to touch it. "I was told this morning," he said, "that I was holding the bill up in my committee; that I was opposed to it. Let them prove that by the records. I suppose they blame me because the defects of the bill were shown up here the other day. I don't see that this bill is a matter to be considered by the committee that has under consideration the liquor bill. They are separate and distinct matters. I hope the bill will not be referred to my committee. We have troubles enough now."

The Speaker stated that the bill had not yet been reported from Committee of the Whole, and was still in the hands of that committee.

The House went into Committee of the Whole with Sheldon in the chair.

Kaleiopu offered some amendments to the bill, the effect of which were to have the voters vote on the question of the sale of liquor instead of on that of the prohibition of the sale of liquor, and strikes out the words "in this precinct," which would make the question read, "shall the sale of liquor be licensed," without any restriction as to the precinct. The effect of the latter amendment, however, would be nil, as it is only the precinct that votes on the question, and the vote of a precinct on its own question could not affect any other part of the Territory. On being shown the effect of the amendment, Kaleiopu withdrew it.

Kaleiopu offered some other

MERCHANTS WANT STEAMER SUBSIDY

Encouragment Suggested For Honolulu--San Pedro Line

The matter of a subsidy for a steamship line between Honolulu and San Pedro was brought before a special meeting of the Merchants' Association held in their rooms in the Young building yesterday afternoon. Owing to the fact that there was not a quorum of members present the meeting was changed to one of directors of the Association, at which the members were requested to stay and also to take part in the discussion.

The matter of the subsidy was brought before the meeting by President G. W. Smitt, who said:

"The matter of asking the Legislature to subsidize a steamship line between this city and Los Angeles has been brought up mainly through the efforts of Mr. J. O. Lutted, who has taken a great interest in the matter. It is proposed to offer a subsidy of at least $1,000 per month to any steamship company which will put on a line between the two ports which shall have a fast boat of sufficient passenger capacity, with fruit-carrying accommodations, the same to be conditional on the offering of at least a like amount by the city of Los Angeles or her merchants. The speed of the vessel, her passenger accommodation, tonnage, etc., will of course be definitely decided before any action is taken.

"This meeting has been called that we may consider the matter and take action before the adjournment of the Legislature. We, Mr. Lutted and myself have talked the matter over with Governor Carter and feel that we have his approval of the plan."

W. W. Harris said: "There has been a bill introduced in the House on this subsidy matter, the outlines of which I can give you. It proposes a subsidy of not over $50,000 per year for a steamer to carry fruit from the Island of Hawaii to the Coast. This bill was introduced by Representative Akau and is at present in the hands of the committee in the House and will be reported in a few days."

F. W. Macfarlane said: "I cannot say that I approve of the bill which has just been mentioned by Mr. Harris. In the first place, it is for the Island of Hawaii alone, and then, too, I think the amount is excessive. In regard to the plan proposed for a line to San Pedro I wish to call your attention to one thing. Is it not strange for a commercial body such as this is to discriminate between the cities of the Coast by wishing to offer a subsidy to one and not to another? I do not know, of course, how San Francisco would take it, but that city has always been our friend commercially and I would hardly feel that we would be treating her right to offer a subsidy to Los Angeles trade."

Mr. Lutted made a long speech explaining some of the points of his suggestion and laying particular stress on the fact that he wished to see a boat which would carry bananas under modern arrangements run from these Islands. He stated that also with a subsidized line cheaper rates might be expected and a rate of 30 cents a bunch on bananas would make the business profitable to even the smallest of shippers while at present it was almost impossible to send bananas to the Coast and get any profit whatever.

J. D. Paris offered his ideas as follows: "I do not think that offering a subsidy for a line between this city and Los Angeles can be classed as discriminating against San Francisco. What we want is to get into connection with Los Angeles, as at present it is the tourist center of the United States. If we can do this and at the same time get cheaper rates for our fruits and open up a new market it will be doing a great deal of good to the entire Territory. The bill that Mr. Harris has mentioned is, I believe, too broad, and the amount asked, $50,000 per year, is excessive. Mr. Lutted's suggestion of $1000 per month gives us something tangible to work on and makes a basis on which the Los Angeles Chamber of Commerce may work."

W. W. Harris stated that he did not believe that it would be possible to pass either the bill already introduced or a bill calling for a subsidy of $1000 per month through the Legislature at the present time. He said that the Legislature had already appropriated about $400,000 more than the revenue for the coming biennial period would amount to, and he thought that Governor Carter would veto any such bill even if it were passed by the two Houses.

After a good deal of discussion a motion was passed that the directors of the Association take the matter up with the Promotion Committee and endeavor to get the use of the money which would be appropriated by the Legislature for the use of the committee.

The Association appeared to be unanimous in the opinion that there could be no greater promotion than the establishment of a new line of steamships between this city and San Pedro. It was also ordered by the board of directors that the legislative committee take such action as was deemed advisable to have the Senate agree in conference with the House appropriation of $12,000 for promotion work. This item was placed at $5000 by the Senate.

THROW OUT CHINESE

The special committee appointed on House Resolution 159, to investigate the condition of the Iwilei laundries, made an important report to the House this morning through Sheldon, its chairman. The committee found a condition of disgusting filthiness existing there. The report bears all the earmarks of anti-Chinese sentiment, and its recommendations clearly satisfy those who hope to profit by legislation against the Chinese laundries. The findings and recommendations of the committee are as follows:

The Government laundries are in filthy and insanitary condition, and a source of danger to the public health.

The Territory is engaged in assisting the Chinese washmen at a large annual loss.

The Territory is being deprived of revenue by reason of being engaged in the laundry business.

The buildings used by the Territory for laundry purposes are in a state of bad repair and it would cost a large sum of money to place the same in a sanitary condition.

The Territory by spending the public money in assisting a private enterprise is competing with citizens in an unfair and unlawful manner.

Recommendation — Your committee respectfully recommend that no public money be spent after July 1, 1907, upon the Government laundries at Iwilei; that the present laundry buildings be taken down, and the land upon which they stand be leased in small parcels, preferably for laundry purposes.

"In conclusion your committee beg to report that they have prepared a bill relating to the laundry business, which will be introduced without delay."

The report of the committee was adopted, and the bill promised was promptly introduced by Sheldon.

The bill provides that persons or firms desiring to carry on the laundry business in Honolulu must get a permit from the Superintendent of Public Works, accompanying the application for such permit with fee of $5. The Superintendent of Public Works shall pass the application up to the Fire Chief, who shall approve or disapprove of the application. If the Superintendent of Public Works is satisfied that the business will not become a public nuisance, he shall grant the permit. In case he refuses to do so, the applicant may ask for a Board of Arbitration, whose majority decision shall be final.

The annual license fee shall be $25. The business shall be subject to such sanitary regulations as may be prescribed by the Board of Health. Any person who shall carry on the laundry business without a license, or who shall violate the provisions of the Act, shall be liable, upon conviction, to a fine not exceeding $100 for each offense.

The bill passed first reading by title.

$600 IN FINES

At last the che fa cases which have been pending before the District Court for so long have come to trial and if the appeals which will be taken to the Circuit Court are not sustained the Territory will be $600 richer as the result. Judge Whitney was not at all lenient in the cases, which were all tried together. Sagami, the banker of the game, was fined $250 and costs, the go-between was given a $200 fine, and the three agents were assessed $50 apiece.

The game was conducted in a most cunning way, the agents, the banker and the go-between all having rooms where they transacted their business in different sections of the town. The case has been postponed from time to time, but finally came to trial.

In the matter of Abigail K. Campbell Parker vs. Abigail K. Campbell Parker, trustee, et al., the demurrers of Alice E. K. Macfarlane and the Kawanakoa minors were over-ruled this morning.

NEW STEAMER TO BE NAMED VIRGINIAN

Fine Accommodations On A.-H. Vessel For Hawaii Run

More details arrived by the mail yesterday in regard to the Maine, the new passenger and freight steamer which will be placed on the run between Honolulu and San Francisco by the American-Hawaiian Steamship Co. One important change is in the name of the ship which, according to the custom of the company should end in "an," as Texan, Nebraskan, Hawaiian, etc. As Mainean would not sound well this ship will be known in the future as the "Virginian."

The American-Hawaiian company is spending a large sum of money on the Virginian in order that she shall be second to none of the steamers on the Pacific Coast in her passenger accommodations and with this idea in view General Manager Burnham, of the company has made a special trip to England with the object of finding out the very latest wrinkles in fittings for the new vessel. She will be able to carry 160 first class passengers and should be placed in commission in September, reaching the Pacific Coast and going on her Honolulu run before the first of the year.

JAPANESE EDITOR

PLEASED BY NEW IMMIGRATION LAW

Editor K. Kitagawa, who is returning to Japan on the Hongkong Maru, is recognized as one of the most brilliant journalists in Tokyo. He has been in the States, collecting information and studying the modern method of printing newspapers. He was in Sacramento for three years, where he conducted a business of his own.

"Since the trouble over the school question started, there has been and is still in evidence a spirit of discontent and dissatisfaction between the Japanese and the Americans," said Mr. Kitagawa, "the immigration act which restricts the coolies coming to the mainland will be for the best interests of the Japanese people. The Hawaii Japanese who have been coming to the mainland in the past are very much inferior to the American Japanese and it was largely due to their ignorance that the school trouble started.

"The Americans in San Francisco are disgusted with these ignorant Japanese, and they frequently stop them on streets as they pass by and call them 'Japs' and bad names. Sometimes they throw stones, sticks and potatoes at the Japanese on the streets.

"I am therefore pleased with the immigration law restricting the coolies from entering the United States," said Kitagawa.

"The ill-feeling which exists between the Americans and the subjects of Japan, should be brought to a halt. The Japanese are looking to the United States government as their father, mother and brother. Commodore Perry, an American, who spread the light of civilization into Japan, and whose story is revered by the Japanese, should at least receive the attention of the Americans. They should not degrade their country by stoning and insulting the poor, ignorant Japanese who are on the land of the free, and whose only protection while there, is the old glory," said Kitgawa.

Editor Kitagawa is a professional interpreter and served as a Korean-Japanese interpreter during the China-Japan war. He was decorated by the Emperor after the war.

YOUNG LOCAL MUSICIANS TO GIVE MUSICALE

What greater pleasure is there than to sit and listen to music and especially when rendered by little tots. How proud a parent feels to think that their child can sit before an audience and entertain them, and yet they themselves cannot play a single note. To this end Mr. Ernest Kaai announces to the music-loving public his annual recital of the students of his school. The program will contain excellent selections, which will be sure to charm everyone. The violin quintet, composed of local amateur violinists, has an excellent number and many who feel doubtful as to their ability to perform that world-famed opera, the "Bohemian Girl," will surely be stimulated to start similar organizations, which are so common in the old country. The performers, Messrs. Klein, Sam Manu, Beakbane, Holokahiki and Kaai himself, have never been heard on the local stage with these instruments, and it is being looked forward to with a great deal of interest by our local violinists. All these choice musical selections will be given at the Young Hotel pavilion Saturday evening, April 20th. Dancing will follow.

Otachi wants a divorce from her husband Saito, and if he is guilty of all the things she charges him with it is not to be wondered at that she does. She alleges that he is in the habit of hitting her with his fist, pulling her hair and kicking her. Furthermore, he fails to provide for her and lets her rustle her own food and look out for lodging for herself.

Low prices at the New England Bakery.

THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS — MRS. GEORGE WALTERS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to budding womanhood. The second is motherhood, and the third is Change of Life.

Perils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that **Lydia E. Pinkham's Vegetable Compound** made from native roots and herbs has carried thousands of young girls over the critical period of puberty, has prepared mothers for childbirth, and in later years carried them safely through the change of life more successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this fact beyond contradiction.

Mrs. George Walters of Woodlawn, Ill. writes:
Dear Mrs. Pinkham:—

"I feel it my duty to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me in preparing for childbirth. After suffering and losing my children a friend advised me to try your valuable medicine, and the result was that I had very little inconvenience, a quick recovery and as healthy a child as can be found anywhere. Lydia E. Pinkham's Vegetable Compound is a blessing to all expectant mothers."

Mrs. Elva Barber Edwards, of Cathlamet, Wash., writes:
Dear Mrs. Pinkham:—

"I want to tell you how Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life without any trouble whatever, also cured me of a very severe female weakness. I cannot say enough in praise of what your medicine has done for me."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Walters and Mrs. Edwards it will do for other women in their condition. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and helpful.

During its long record of more than thirty years its long list of actual cures, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person.

Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

Welcome To Our New Store

YEE CHAN & CO.

We have had re-modeled the old and historic building formerly occupied by Messrs. Castle & Cooke, King and Bethel Sts.

We have fitted the new store with the most modern fixtures and devices for displaying dainty DRY GOODS, NOVELTIES AND WOMEN'S, MEN'S AND CHILDREN'S SHOES.

We have filled the store with a wide variety of stylish, good, up-to-date Merchandise from the London and New York Markets, our aim being to give the best goods that the best markets supply at our well-known CLOSE PRICES.

We cordially invite you to inspect this fine stock in our NEW BUSINESS HOME, which will open on the 15th of April, 1907.

WEDNESDAY.....APRIL 17, 1907.

What has become of the Tax Commission resolution?

Pass the Primary law. It represents a party promise and protects honest government.

Extreme follies that force Federal control of sanitation may in the course of time be offered as blessings in disguise.

If party-pledges are made with the reservation of conscience that they may be broken at any time, what's the use of party-pledges?

Los Angeles kickers are devoting all their adverse comment to the steamship in which they traveled. They have only pleasant things to say of Hawaii. And 'twas ever thus.

Was the attendance at the Merchants' Association meeting of yesterday an indication of the enthusiasm among mercantile men over the proposed steamship line between Honolulu and Los Angeles?

Cuba's drought is one of the blessings in disguise that the prophet who told of higher-priced sugar did not figure on. This should be a guarantee that four cents is not necessarily the top-notch limit for this season.

TIME TO CHECK FOLLIES.

The action of the United States Marine Hospital Service this morning ought to bring some people of the town and some legislators sufficiently to their senses to enjoy a few lucid moments.

It is well to remember that Hawaii may go off on as many idiotic tangents as it pleases, but it must pay the price on each and every occasion in an increased feeling of distrust among those responsible for keeping the avenues of commerce clear, and the mainland protected from the natural result of a community gone daft in its indifference to modern science and high appreciation of fakes and fancies.

The Bulletin does not believe that recent action taken by representatives of the people has had any direct influence on the Federal officials. These officials must consider exact conditions and be guided by the common-sense orders of the National Department backed by official sense of responsibility.

It stands to reason, however, that as Federal officials contemplate the follies put on record during the last few weeks, their sense of duty must cause them to doubt the stability of local intelligence, and consequently become more strict in the enforcement of Federal regulations. To do otherwise would subject them to the charge of serious and inexcusable dereliction.

Isn't it about time for the people of this Territory to recall the fact that the United States Government and the American people expect more sensible action from Hawaii than is found in reduction of funds for combatting contagious diseases dangerous to commerce, and at the same time stampeding in a wild race to glorify "intangible dogmas and quacks?"

If the business-men of the city have not also gone crazy, it is about time they stirred themselves a bit and made it forcibly known that they also are supposed to have some representation in and some consideration from the Legislature.

HAWAII AND "US"

[Los Angeles Times]

Enterprises of the Los Angeles Chamber of Commerce have ever been noted for bringing results. Many organizations of this nature are famed for banqueting and talking and boasting, but never doing. It has been the habit of the Los Angeles Chamber to "go there." With regard to Hawaii, it is not only a case of there and back, but of assurance that a substantially financed steamship line between Los Angeles (San Pedro Harbor) and Honolulu is likely to be established as the first-fruit of Commodore Wiggins's excursion.

This is a well considered and logical project with conditions amply warranting the investment and enough business in sight to promise success. The sea route from Honolulu to San Pedro is the short route and the favored one. If properly invited our national commerce with our island territory will follow this direct line. This traffic is already great and must grow enormously. As for Southern California, the Hawaiians need our hay, grain, oranges, lemons and other products and we are hungry for their fruits. The passenger travel in both directions is increasing. The business for the proposed new steamer line is visible to the naked eye.

On such a rational and satisfying basis, this project fathered by our Chamber of Commerce, must, it seems to us, be a winner. In promoting the enterprise the Chamber has made one of its greatest strokes for Los Angeles and San Pedro Harbor.

HONOLULU WEATHER

NEW ORLEANS STARTS

ITS ANNUAL FIGHT

AGAINST MOSQUITOES

Galveston, Tex., March 30.—At the meeting of the Board of City Commissioners, City Health Officer C. W. Truehart secured permission to advertise for 120 barrels of crude carbolic acid for use during the coming summer. This acid will be one weapon with which to combat mosquitoes during the warm weather, and will also greatly assist in diminishing the plague of house flies in the city.

An average of 150 barrels of carbolic acid is required each year to fight the mosquitoes, besides a large amount of crude kerosene, which is distributed over all open water that cannot be drained. The pools of wafer in gutters are excellent breeding places for mosquitoes, and these little pools, as well as all larger ones, are treated with crude oil.

Dr. Trueheart says: "The conviction steadily grows that the extermination of the mosquito, especially in cities and towns, constitutes a most important function of the health department. Not only is the spread of yellow fever prevented, but the health and comfort of man and beast is greatly added to. That the practical extermination of the mosquito is impossible of accomplishment is also recognized. It is simply a work of systematic, persistent and thorough screening of cisterns, treating with carbolic acid all waste water cesspools and barrels, buckets and other water containers kept in the cotton presses along the waterfront for fire extinguishing purposes."

WALLACH IS NOT YET SENTENCED TO JAIL

Wallach, the quack doctor, hasn't got his yet. It is still coming to him. He was ordered to be in court this morning for sentence, but the sentence was not pronounced. The motion to arrest judgment was argued and the Judge denied it. He then ordered Wallach to appear at 9 o'clock Saturday morning for sentence. The motion for a new trial will be argued at the same time.

WORK OF HOUSE WAS MOSTLY ROUTINE

Salary Appropriation Bill Passes Second Reading

HOUSE.

47th Day—Afternoon Session.

The work of the House yesterday afternoon was mainly of a routine character and there was nothing that came up to cause much debate. One bill, the one relating to the location and establishment of laundries, was put through its final reading and sent to the Senate. Three new bills, a concurrent and a joint resolution were introduced. The Territorial Salary Appropriation Bill was reported from Committee of the Whole and passed second reading. A large number of bills were reported from various committees.

LAUNDRY BILL.

House Bill 241, relating to the location of laundries, the intent of the bill being to allow the erection, under the rules of the Board of Health of washhouses other than those owned by the Government, passed third reading by a vote of 16 to 11.

SUPERVISORS MEETINGS.

Senate Bill 97, changing the date of Supervisors meetings to the first Wednesday after the fifth of each month, met with strong opposition. Rice moved to table the bill, but the motion was lost and the bill was deferred until today.

SECOND READINGS.

The following bills came from the Printing Committee and were carried through second reading:

House Bill 221, to abolish the office of Commissioner of Public Instruction.

House Bill 222, relating to and amending the statute regulating trust companies.

House Bill 223, to limit the time within which actions for compensation for damage or injury to persons or property may be instituted.

House Bill 224, relating to regulating the business of farriers and horseshoers.

TWO FISCAL BILLS.

Two new bills were introduced by Rice and passed first reading by title. One relates to the Registrar of Public Accounts, authorizing him in the absence of the Treasurer to exercise the powers and authority of the latter official.

The other bill authorizes the Treasurer to appoint fiscal agents to facilitate the sale, purchase and redemption of Territorial bonds and the payment of interest thereon.

PUNCHBOWL PETITION.

Castro introduced a concurrent resolution to the effect that it is the earnest wish of the Legislature that Congress, either by special legislation or by legislation that would cover all similar cases in the Territory, shall enact a law amending the laws of the Territory so as to give to the Punchbowl dwellers the right of purchase or re-lease of their land.

The resolution was adopted.

CORPORATION LAW COMMISSION.

Rawlins introduced a joint resolution calling upon the Governor to appoint a commission of three members to be known as the Corporation Law Commission, to examine and investigate the corporation laws of the Territory and consider their legal operation and effect, the manner of their enforcement and general adaptibility with respect to existing conditions, and consider ways and means for the revision and improvement of said laws as may be deemed advisable. The Commission shall make report of their work to the Governor not later than July 1, 1908.

The resolution passed first reading by title.

Rawlins introduced a bill to provide compensation for the above Commission.

The Judiciary Committee recommended the passage of House Bill 95, to provide exemption of the family homestead from forced sale. The report was adopted.

The same committee recommended the tabling of House Bill 165, relating to impeachment, on the ground that there should not be a general appeal

A CASE OF NERVOUS PROSTRATION

Relieved In a Remarkable Manner By Pe-ru-na.

Pe-ru-na Is a Systemic Catarrh Remedy.

Especially Adapted to Cases of Nervous Prostration

Caused By Overwork, Mental Strain or Extreme Summer Heat.

IN latitudes where warm weather is of long continuance, the inhabitants become more or less accustomed to it.

In Temperate Zones, however, where the change from winter to summer is great, the system is sometimes poorly prepared to meet the exigencies of hot weather. This is the cause of much sickness.

Stomach catarrh, indigestion and dyspepsia are not among the least of summer ailments.

INDIGESTION CAUSES WEAKNESS.

When the digestion is disturbed, the assimilation is also affected, and as a result the body does not receive the nourishment it should. Lassitude, weakness, brain fag, loss of flesh and nervous prostration are the natural results.

What is needed is a remedy that will restore the digestive organs to their normal condition.

Such a remedy has been found in Peruna. It has proven itself of great value in thousands of cases of this kind.

Its action has been remarkable at times in restoring some patients who had given up all hope of recovery.

PE-RU-NA'S BENEFICIAL EFFECT.

But there is nothing strange about Peruna's action. It simply tones up the mucous membranes of the organs involved, restoring them to their normal conditions and leaving Nature to perform her duties unhindered.

That person who has sound, healthy mucous membranes lining the entire digestive tract is well-guarded against the usual summer ailments.

Peruna is the means whereby to attain this most desirable condition.

If you suffer from any of the above mentioned symptoms, try a bottle of Peruna.

One bottle of this remedy is often sufficient to convince any one of its merit as a safe and reliable remedy for all catarrhal conditions.

We have many letters of gratitude received from persons who have experienced its benefits.

These testimonials are proof to us that Peruna has not failed in the mission for which it was intended, that of relieving suffering and restoring health.

MR. P. BRIEN, 23 Third Street, Limoilou, Quebec.

"The fatigues entailed by my duties as accountant began to weaken my system about a year ago. I felt that I would not long be able to withstand the severe strain upon my nerves, as, a thing unknown to me before, I would long for office hours to be over in order to rest.

"I gradually *grew weaker* and a few months later my *sight* was *impaired*. I then *broke down completely* and was obliged to take to my bed. I was also suffering from palpitation of the heart.

"After a few weeks' treatment by a local physician, I was in the same critical condition and as the doctor held out no great prospects for me, I decided to experiment on myself.

"I took several remedies advertised as tonics, but did not derive any benefit.

"Peruna was then given a trial, and before I had taken it a week I felt my condition improving. After a few weeks more had elapsed, during which time I followed the directions carefully, my shattered nervous system became firmer, my sight stronger and I hoped to be out soon again.

"My expectations were realized, for in three weeks I assumed my duties as accountant at the office.

"*Peruna* certainly *worked wonders on my system*, and for persons run-down from overwork, I believe it is the most efficacious tonic."

Assistant War Correspondent Recommends Pe-ru-na.

Mr. H. B. Manley, Assistant War Correspondent during the War in China, care "Black and White," 688 Craig St., Montreal, Canada, writes:

"When a man travels in extremely hot or cold climates, he realizes how valuable a friend he has if he carries a bottle of Peruna.

"I know of no article in my traveling outfit which I have learned to praise higher.

"If you are suffering with the extreme heat, Peruna restores you, or if you are afflicted with a cold, la grippe or bronchitis, Peruna restores you in a short time.

"Or if you suffer with sleeplessness or if your appetite is poor, again Peruna acts as a good, true friend and is the tonic needed.

"I have tried it for months and am only too glad to acknowledge it as a true, loyal standby in times of trouble. I do not hesitate to recommend it to all."

Completely Run Down—Pe-ru-na Restored to Health.

Mrs. J. Colson, 851 Notre Dame street, Maisonneure, Montreal, Can., writes:

"Last winter I contracted a severe cold which affected my head and throat so I had to take to my bed and could not do my housework. A friend advised me to get a bottle of Peruna, and I procured a bottle. I felt better from the start. I have taken three bottles and am a new woman. My daughter's system was also completely run down and after using Peruna she is again restored to health."

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by the following druggists and will supply the retail trade in Honolulu, Hawaii: Benson, Smith & Co., Hobron Drug Co., Honolulu, Hawaii.

SUGAR

Willett & Gray's Sugar Journal of April 4 reports on raw sugar as follows:

RAWS.—The week under review has been a waiting week, in which the Easter holidays added to the quiet and indisposition to do business, and the changes taking place amount to little or nothing in their influence on the situation.

Spot centrifugals gained 3c. per 100 lbs. in quotations, and a similar gain in shipment sugars.

An effort on the part of sellers to obtain a further advance was met by refusal thus far on the part of buyers, although the final recovery of strength in the European markets is in favor of sellers again. The offerings of Cubas are now at 2 1-4c. c. and f., for 96 test in the least desirable positions, and 2 5-16c. for all April shipments, 96 test, while for May shipment purchases can be made at same price for 95 test basis.

Buyers hesitate at these prices, but the tone and tendency favor sellers. At the close it is generally believed that some 75,000 bags were sold for May clearance at 2 5-16c. c. and f., basis 96, equal to 3.67c. duty paid.

Receipts for the week were 38,765 tons, meltings reduced by holidays to 34,000 tons and stocks increased to 262,391 tons, against 246,318 tons last year. Total stock in the U. S. and Cuba together, 674,391 tons, against 494,318 tons last year.

European markets were also interrupted by holidays, and suffered reaction of only 3-4d., which is fully recovered at the close, which is steady at 9s. 3d., equal to 3.92c. per lb. for 96 centrifugals.

There are no indications of weakness anywhere, although quietness may prevail while waiting developments from Cuba.

Sales for the week amount to about 200,000 bags of centrifugals at prices full up.

Just now is the critical period as regards estimating the final outturn of the Cuba crop. If our information proves correct and the grinding of cane draws to a close during the next few weeks, there will be no necessity of changing our present estimate from 1,250,000 tons, except to say that this is now a minimum estimate. If, however, on the other hand, the crop receipts should continue on the present high scale, it will naturally increase the final crop figures, as according to a cable just received by us from Havana the crop production for the entire island to March 31st is 1,017,192 tons, requiring only 238,808 tons more to complete 1,250,000 tons.

The next few weeks' returns from Cuba are of extreme importance in deciding the effect on the crop as given in our last issue.

WORK OF HOUSE

(Continued from Page 4)

from a Board of Impeachment to the Courts of the Territory for the reason that such a Board is a different kind of a body and proceeds in a different manner to that of the Courts.

The report was adopted and the bill tabled.

FINANCE COMMITTEE REPORTS.

The Finance Committee reported favorably on House Bill 216, relating to insurance corporations and companies. The report was adopted and the bill carried through second reading.

The same committee recommended that House Bill 45, relating to license fees, be tabled as the subject matter has been covered by House Bill 213. The report was adopted and the bill tabled.

On recommendation of the Finance Committee the House tabled Senate Bill 7, relating to marriage licenses. The committee felt that to limit the granting of marriage licenses to deputy sheriffs would make it too hard for some people to get married, as it would necessitate in some instances travelling some miles to get a permit, while now permits can be obtained from the many agents who have the right to grant them.

Two awa license bills, 174 and 191, were tabled on recommendation of the Finance Committee, which stated in its report that the subject matter had been covered by House Bill 208.

The Finance Committee made another report recommending the tabling of House Bill 185 on the ground that its subject matter had been covered by the passage of House Bill 88. Adopted.

Still another report made by the Finance Committee was on Joe Cohen's measure, House Bill 214, relating to licenses for public shows. The committee recommended the passage of the bill with certain amendments. But the amendments proved a hard jolt for Joe compared with the original bill, which made the license fee for shows $60 annually. The amendments change this to $60 per 30 days. The report was adopted.

The Miscellaneous Committee reported on Kaleo's House Resolution 163, asking that $20,000 be inserted in the appropriation bill for the construction of the Horseshoe road around Pauoa valley, and $40,000 for the purchasing of the spring water of Pauoa valley. The report was favorable and lengthy, going into details as to why these appropriations should be made. Adopted.

The Agricultural Committee reported favorably on House Bill 212, exempting the coffee raising industry from taxation for five years. The report was adopted.

Senate Bill 30, the salary appropriation bill, was reported from Committee of the Whole and passed second reading. The bill now carries an appropriation of $1,712,140—$16,000 less than when it came from the Senate.

SHIPPING ON COAST

The bark R. P. Rithet, Capt. Drew, reached San Francisco on April 5, after a fine passage of 18½ days from this city. The bark Edward May, Captain Jorgenson, from Eleele, arrived on the same day.

The schooner Defender sailed from San Francisco for Mahukona on April 9, with a general cargo valued at $16,106.

The schooner Helene, Captain Thompson, cleared from San Francisco for Honolulu on April 9.

"Why does the higher price of beer worry you so? I thought you were a tee-totaller."

"Yes, but I have five sons at the university."—Lustige Blatter.

HOUSE STRINGING

(Continued from Page 2)

amendments to the wording of the bill which were purely technical. He also moved to strike out the provision that the rules for voting for members of the Legislature shall govern in voting on the liquor license. He offered a few other amendments designed to plug up some of the holes made in the bill the last time it was considered.

Mahoe, who has been remarkably silent recently, objected to voting on such a bunch of amendments, as their meaning had not yet percolated through his head. He moved that the committee rise and report progress and defer action until tomorrow. The motion receiving no second, the chairman asked the interpreter to enlighten Mahoe as to the meaning of the amendments. But Mahoe was still in the dark. He wanted to know what would happen in case of a tie vote. Pali explained that that is provided for in the bill.

Then Kaniho took his turn at amending. His amendment was that in case of a tie vote a new election shall be held. It was lost. Kaleiopu's carried.

Rawlins had another. He wanted to add a new section to the effect that the Territorial Secretary upon receipt of the returns from each precinct shall publish in English and Hawaiian papers a list of those precincts which have voted to allow liquor to be sold, and of those which have voted against it. This would serve as a notice to the public (a man would know where to go to get his booze). Adopted.

A motion was made that the committee rise and report progress and recommend that the bill pass second reading. There was a squabble of about 15 minutes over the form of the report.

Rawlins ended it by remarking that it seemed to him that the House wanders off one day on questions of high finance and the next to rhetorical and grammatical construction.

Silva moved the committee rise and ask to sit again April 30. Lost.

Kaleiopu's motion that the committee rise and report progress, recommend the passage of the bill on second reading, and ask further time to file a written report, carried, and the committee rose.

COFFEE BILL.

House Bill 212, the coffee bill, was taken up on second reading, Correa being ready with his minority report.

Correa was of the opinion that the bill was introduced in the interest of the wealthy growers who own large tracts of coffee land, and not in the interests of the small growers, who have not even asked for tax exemption. It would operate rather to the advantage of those who already have their coffee plantations established than to that of new growers. The decline of the coffee industry, he claimed, is due not to taxation, but to natural causes. Moreover, the finances of the Territory are not in condition to stand any such drain as would result from exempting coffee land from taxation. The minority report recommended the tabling of the bill.

The majority report was also read.

Pali moved the adoption of the minority report. Sheldon moved the majority report be adopted, as it would be an inducement for settlers to come to the Territory. "Coffee-raising," he said, "is about the only thing a husband and wife can take up alone. On Hawaii many families depend largely on coffee. We are trying to devise ways to get people to come here to live. I think this is one of the ways to do it.

"I did not introduce this measure for the benefit of the rich or of those who are already established in the industry, but for those who will take up homesteads. We have removed the taxes from railroads and irrigating ditches; why not from this industry, which makes Hawaii so well known?"

Pali couldn't see how this bill would encourage settlers to come to Hawaii. There is no provision in the bill for that. "We got the Russians to come here and settle, but it didn't do any good; they left us again. If you go to Kona you will find very few Hawaiians engaged in coffee-raising. They have leased their land. The passage of this law will not benefit the Hawaiians. It is only people of other nations who would get any good out of it.

Kalelopu supported the bill, which he said is the only exemption bill that will benefit the Hawaiians; they won't get any good out of railroad and irrigating ditch exemption.

Correa made a speech in opposition to the bill. The tax exemption idea is going too far, he thought. "First thing we know, we will be called on to pass a bill exempting sugar plantations from taxation on account of the low price of sugar."

Kaniho seconded the motion for the adoption of the majority report.

The majority report was adopted, carrying the bill through second reading.

House Bill 34, establishing a hospital at the Kalihi receiving station, was returned from the Senate with new sections added to the effect that if a person is suspected of having leprosy he shall be summoned to appear before the District Magistrate to submit to medical examination.

BY AUTHORITY

ACT 63.

AN ACT

RELATING TO COSTS BY COURT.

Be it Enacted by the Legislature of the Territory of Hawaii:

SECTION 1. Neither the Territory nor any County or Municipality thereof or any officer acting in his official capacity on behalf of the Territory or any County or Municipality thereof, shall be taxed costs or required to pay the same or file any bond or make any deposit for the same in any case.

SECTION 2. Summary judgment may be rendered in any proper case, at the instance of the clerk or any party interested, against the principal or principals and surety or sureties on any bond for costs or appeal bond, by either the appellate court or the trial court as the case may be, after at least ten days' notice to such obligors, and in case such judgment is rendered by the appellate court, execution thereon may be issued by either that court or the trial court, for which latter purpose the case or matter may be remitted to the trial court. This section shall not apply to bonds filed before this Act takes effect.

SECTION 3. Any appeal bond or bond for costs filed or cash deposited for costs by any party or parties in any case, may be enforced or applied for the payment of costs, notwithstanding that the costs may be adjudged to be payable by any other party or parties, in which event the party or parties paying the same may, by writ of execution or other appropriate proceeding, obtain reimbursement from the party or parties adjudged liable for the same. All cash not applied to costs shall be returned to the party or parties who deposited the same.

SECTION 4. This Act shall take effect upon its approval.

Approved this 15th day of April, A. D. 1907.

G. R. CARTER,
Governor of the Territory of Hawaii.

ACT 64.

AN ACT

TO AMEND SUBDIVISION 5, SECTION 62 OF CHAPTER 14 OF ACT 39 OF THE SESSION LAWS OF 1905.

Be it Enacted by the Legislature of the Territory of Hawaii:

SECTION 1. Subdivision 5 of Section 62 of Chapter 14 of Act 39 of the Session Laws of 1905, is hereby amended to read as follows:

"5. To Regulate and Prescribe by Ordinance within the limits of the County all local police, sanitary and other regulations not in conflict with the general laws of the Territory, or the rules and regulations of the Territorial Board of Health, and to fix a penalty for the violation thereof, which said penalty may be by fine not to exceed $500.00, together with the costs of court, and in the event of default of payment of such fine or costs of court that the offender shall be imprisoned until such fine or costs shall have been discharged by operation of the general law in such cases."

SECTION 2. This Act shall take effect from and after the date of its approval.

Approved this 15th day of April, A. D. 1907.

G. R. CARTER,
Governor of the Territory of Hawaii.

ACT 65.

AN ACT

TO ENABLE THE COUNTIES TO PROVIDE FOR COUNTY LOANS.

Be it Enacted by the Legislature of the Territory of Hawaii:

SECTION 1. The Treasurer of each County with the approval of the Board of Supervisors of such County, is hereby authorized and empowered to issue from time to time bonds of such County, with interest coupons attached thereto, the principal and interest to be payable in Gold Coin of the United States of America, or its equivalent at its present standard of weight and fineness, in the manner, upon the terms, and for the purposes in this Act stated, but the total of such indebtedness which may be incurred by any County shall not exceed three per centum of the assessed value of the taxable property in such County nor shall the amount of such indebtedness which may be incurred in any one calendar year exceed one per centum of such assessed value.

SECTION 2. Such bonds shall be issued only for the purpose of meeting the requirements of the County for the erection of penal, charitable and educational institutions, and for public buildings, wharves, roads and harbor and other public improvements.

SECTION 3. No bonds shall be issued until a resolution authorizing the issue thereof, setting forth the amount, rate of interest and the term of the proposed bond issue, with a detailed statement of the uses to which it is proposed to put the proceeds of such bonds, shall have been passed by the Supervisors of the County and confirmed by an Act of the Legislature approving and permitting such proposed issue or such amount thereof as the Legislature shall deem advisable; nor shall any such issue of bonds be made until approved by the President of the United States.

SECTION 4. All bonds issued under the authority of this Act shall bear interest, payable semi-annually, at a rate of not more than five per cent per annum, and be made redeemable in not more than five years, and payabl in not more than fifteen years from the date of issue thereof or in such other time or times respectively as may be hereafter authorized by law.

SECTION 5. All such bonds and interest coupons shall be exempt from any and all taxes whatsoever, and the payment of the principal and interest shall constitute a charge upon the consolidated revenue of the County issuing them.

SECTION 6. The proceeds of all bonds issued under the authority of this Act shall be devoted exclusively to the purposes for which the same are issued, as expressed in the Resolution of the Board of Supervisors and the approving Act of the Legislature.

SECTION 7. The Treasurer of the County, with the approval of the Chairman of the Board of Supervisors, shall determine the denomination of bonds issued under the authority of this Act and of the approving Act of the Legislature, and the place or places where the principal and interest of such bonds, or any of them, shall be payable, and the method of their redemption.

Said Treasurer shall make such arrangements as may be necessary or proper for the sale of the whole or any part of each authorized issue. Such arrangements shall provide for the sale of such bonds by the County itself, either by private sale or by public advertisement for tenders at least once each week for not less than nine weeks, in a newspaper of general circulation published in Honolulu, and in a newspaper, if any, of general circulation published in the County, but no bond shall be sold at less than two per cent. below its nominal par value; provided that before any sale is made the Treasurer shall first secure the approval of such sale by the Board of Supervisors.

SECTION 8. All bonds issued under the provisions of this Act shall be lithographed or steel engraved, and shall be signed by the County Treasurer and the Chairman of the Board of Supervisors, and be sealed with the seal of the County. Interest coupons may bear a lithographed or engraved fac-simile of the signature of the County Treasurer.

SECTION 9. The Treasurer of the County shall pay the principal of such bonds at maturity, and the interest thereon as the same becomes due at the place or places and in the manner prescribed for such payment under the provisions of this Act.

SECTION 10. In case of any default in the payment of the principal of any such bonds at maturity or of the interest thereon when the same shall become due, the holder of any of the bonds on which any such default is made may bring an action at law against the County making such default, for the amount due by reason of such default, and should any moneys be then or thereafter payable by the Territory of Hawaii to the County defendant in such action he may in the petition and prayer for process insert a request to the court or magistrate issuing process to insert therein a direction to the officer serving the same to leave a true copy thereof, attested by the High Sheriff, or his Deputy, or the Sheriff of the County or his Deputy, with the Auditor of the Territory, who hereafter in this Act is called the garnishee.

SECTION 11. Service of such process upon the garnishee may be made as follows: if the garnishee lives or has his office in the district where such process is issued, by handing such copy to him personally, or leaving it in his office with a deputy, clerk or other employee therein; if the garnishee does not live, nor have an office in the district where such process is issued, by handing such copy to him personally, or by depositing it in the nearest post office, enclosed in a sealed envelope, postage prepaid, and addressed to the garnishee at his office in Honolulu.

SECTION 12. It shall not be incumbent on the garnishee to appear and answer such process but the trial of such action shall proceed in all respects as if the garnishee had not been made a party. But from the time of service upon him, it shall be unlawful for such garnishee to draw, sign or issue any warrant payable to the order of the County defendant or any of its officers or permit or cause the same to be done, for any moneys which may be then or thereafter payable to such defendant until the action shall have been finally determined and the judgment therein rendered, if any, shall have been fully paid and satisfied with legal interest thereon; but all moneys due or to become due to such defendant shall be held in the Treasury of the Territory from the time of such service until such final judgment or determination of such action; provided, however, that no more shall thus be held than shall be sufficient to meet the demand with costs and interest of plaintiff or plaintiffs in such action.

SECTION 13. After final judgment or determination of any such action the party prevailing shall obtain from the Court by which such final judgment or determination was made a certificate, which shall sufficiently describe the action to apprise the garnishee of its identity, and shall state the nature of the final judgment or determination made therein, and such certificate shall be immediately furnished to the garnishee.

SECTION 14. If final judgment is rendered against defendant in any such action such garnishee shall immediately thereafter draw, sign and deliver to the plaintiff or plaintiffs a warrant or warrants for the sum held by him in obedience to such service of process; and if such sum shall not equal the amount of such final judgment, then the drawing, signing and delivery of such warrants shall continue to be made from time to time until such final judgment with interest shall be fully paid. All warrants so drawn, signed and delivered shall be charged against the defendant.

SECTION 15. In case of successive actions being so brought against the same County defendant, precedence shall be given by the garnishee to that in which process is first served on him; and if two or more such processes are simultaneously served, precedence shall be given in the order of the priority of their issue by the courts or magistrates respectively issuing them. This order of precedence shall not be disturbed by the fact of a posterior suit being carried to final judgment earlier than its anterior in time of service on the garnishee, but in such case the garnishee shall draw, sign and deliver warrants on account of such earlier judgment for only such sums as shall be payable upon such judgment from the amounts which shall thereafter become due and payable to such defendant. All amounts held on account of such anterior suit shall be held until the final judgment or determination thereof, and then applied in payment thereof. In case such amounts shall not be sufficient to fully satisfy such judgment, then all judgments obtained in posterior suits shall be again postponed to that in the anterior suit until it is satisfied.

SECTION 16. The power and authority given in this Act to the several Counties to issue bonds shall not be held in any manner to authorize and empower the Counties or any one of them to levy and impose taxes. But should any county hereafter be authorized and empowered by law to raise revenue by the levy and imposition of taxes, and make default in the payment of any judgment secured against said county, upon an action at law for the collection of the principal or interest or any part of either thereof, of any bond of said county, the Treasurer of such county shall thereafter reserve from the consolidated revenues of said county, as soon as received, money sufficient to pay such judgment.

SECTION 17. This Act shall take effect from the date of its approval.

Approved this 16th day of April, A. D. 1907.

FATAL FALL FROM MAST AT SYDNEY

George Roenitz, the pineapple capitalist, is at Sydney, N. S. W., from whence he will tour the world. Mr. Roenitz was on board the training ship Herzogin Sophie Charlotte when the following tragedy occurred:

A sad accident occurred yesterday afternoon on board the German training ship Herzogin Sophie Charlotte, resulting in the death of Werner Bolm, 20, one of the cadets belonging to the vessel. Bolm had been sent aloft, and he was on the jigger mast fixing some ropes when he missed his footing and fell a distance of about 80 feet. His head struck the roof of the navigation school, a building on the main deck, and his skull was smashed. Dr. Silver Wood, the surgeon of the training ship, and Dr. A. Murray Will, were quickly on the scene and pronounced life extinct. The Civil Ambulance removed the body to the morgue. The deceased, who was a native of Brunswick, Germany, was one of 54 cadets now undergoing a course of training, and was in his second year. He was very popular, and his tragic death was deeply regretted by the ship's company.—Sydney (N. S. W.) Herald, March 26, 1907.

CONSUL UYENO TO REPORT ON 'FRISCO AFFAIRS

Japanese Consul K. Uyeno of San Francisco, who has been granted a leave of absence by his home government, is returning to Tokio on the Hongkong Maru. He was banqueted last night at the Mochizuki Club at Waikiki. Consul General Saito and his staff and Mr. Akai of the Specie Bank were present and a general good time was enjoyed. Consul Uyeno held the San Francisco post for the last seven years and is taking the first vacation. During his absence, Acting Consul Matsubara, who was formerly here, will look after the Consulate affairs.

Consul Uyeno is a splendid type of Japanese and both he and Mrs. Uyeno are handsome and dignified. In an interview with a representative of the Bulletin, Consul Uyeno said that he is going home on a leave of absence and will officially pay his respects to his superior, the Minister of the Department of Foreign Affairs. When interrogated further, Consul Uyeno said that the school question has somewhat worried him and is a delicate question to handle.

"Yes, I am going to submit my official report to His Excellency, the Minister of Foreign Affairs, when I arrive in Japan. I cannot give out the subject matter at this time."

Consul Uyeno expects to be sent back to San Francisco, where he and Mrs. Uyeno are well liked and respected by the people.

JUDGE DOLE HANDS OUT SOME SENTENCES

Judge Dole this morning handed out the following bunch of sentences to some of those who have been convicted of violating the Federal statutes:

Natsu got three months for adultery. L. Ah Leong, for unlawful cohabitation, was sentenced to pay a fine of $500. Moriguchi, Kee Hon and Kaaialii, all convicted of manufacturing booze without a license, were given three months in jail and sentenced further to pay a fine of $100 each and $500 on top of that as penalty.

Kanakanui and Lilili, the two boys who stole cigars from a post office, were given hard labor sentences, the former getting a year and the latter 10 months.

QUARANTINE PLACED ON OUT BOUND SHIPS

Surgeon L. E. Cofer, in charge of the United States Marine Hospital Service, sent out notices this morning announcing that a quarantine would forthwith be established on all out-going freight and passengers from the port of Honolulu.

This action is the result of six deaths from contagious disease within the last few days. Regardless of what a local Legislature may do, the officers of the United States service can take no chances.

"The quarantine will be the same that has been instituted on previous occasions," said Dr. Cofer this morning when communicated with by 'phone. "I have just sent out the letters to shippers. We can afford to take no chances in view of the number of Portuguese and Porto Ricans going to the Coast."

LICENSE BILL IS FINALLY PASSED

SENATE

47th Day—Afternoon Session

The Chair appointed Chillingworth, Brown, Hayselden, McCarthy and Gandall as a Conference Committee on House Bill 136, the general license bill.

The House returned Senate Bill 70, making additional appropriations for the Public Works Department and the Bureau of Agriculture, with a minor amendment, in which the Senate concurred.

KALAMA SCENTS A RAT

House Bill 204, to encourage water systems for the sale of water, came up from the House. Kalama moved to reject the bill. He explained that it exempted ditches from the payment of taxes. He did not know whether the bill came from the Hawaiian Commercial or the Hamakua Ditch Co.

Chillingworth said Kalama was misrepresenting facts.

Kalama's motion failed and the bill passed first reading.

HOUSE BILLS PASS

House Bill 203, establishing the rights of hotel keepers in respect to the baggage of guests; House Bill 202, relating to the holding of corporate stock by banking corporations; House Bill 179, regulating the expenditure of public moneys; House Bill 194, providing a sinking fund for the redemption or purchase of Territorial bonds; House Bill 208, relating to licenses; House Bill 205, to protect the public from animols.

FAVORS LIBRARY BILL

The Miscellaneous Committee reported on House Bill 184, making the minimum wage for laborers engaged on public works $1.25 a day, recommending its passage. The same committee reported on House Bill 138, the library bill, recommending its passage. It also reported on the petition for a wireless station at Kalaupapa, recommending that it be tabled, as the appropriation bill was already out of the hands of the Senate.

Woods moved to reconsider the vote on the report of the Conference Committee on the license bill, which was tabled this morning because it would license fishing boats over 30 inches beam, and knock out the billboard license.

JAPANESE FIND CHAMPION

Chillingworth said the fishing boat license was directed against Japanese boats and was therefore unfair. The sampans were already paying $24 a year for the mooring privilege in Honolulu harbor. He claimed that Senators had bragged that the bill got at the Japs. Makekau, he said, had actually roared in his efforts to knock out the license.

Makekau explained that he did not want to endanger the bill by making stubborn resistance to one single item thereof.

Smith said the bill should go to conference. He did not see any reason why fishing should be licensed more than taro-growing. Fishing, as it was being carried on, was a public benefit, as fish was now cheaper than formerly.

FISHING IS A TRUST

Dowsett said there was no greater trust than the fishing business. Between Kahuku and Honolulu no fish could be had because all the fish was sent to Honolulu, where fixed prices were maintained. The report was finally adopted.

The Ways and Means Committee's report on House Bill 161, providing for the payment of claims against the Territory, incurred before June 30, 1905, was adopted. This cuts out the item to reimburse the Pioneer Mill Co. for money advanced during the Lahaina riot.

Knudsen moved to reimburse Jared Smith in the sum of $1,873.86, which he advanced to complete the library building at the Experiment Station.

The bill passed second reading and was placed on the special order of the day for Thursday at 2 p. m.

Kalama moved to raise House Bill 79 from the table. It relates to the issuance of certificates of Hawaiian birth, and passed second reading.

SPORTS

THREE TEAMS TIE

The D. H. A. C. bowling team downed the Alohas by a good wide margin at the Baths last night and they are now tie with the W. K. N. and Olohu teams.

These three teams must play off the tie. The first game will take place Thursday evening at 8 o'clock between the Wela Ka Nioi and Olohu teams. There is more rivalry than ever between these teams and the greatest match of all is expected.

This is how they now stand:

	P.	W.	L.	Pct.
Olohu	3	2	1	.666
D. H. A. C.	3	2	1	.666
W. K. N.	3	2	1	.666
Aloha	3	0	3	.000

OAHU COLLEGE TOURNEY

The Oahu College boys are going to have a bowling tournament at the Hotel Baths alleys on Saturday morning. Prizes will be offered by the management and a handicap match will be pulled off. Only students of Oahu college can enter.

Following are some of the entries: Harold Gear, Ira Wells, E. Hedemann, F. Wichman, A. Wilcox, P. Hall, R. Hitchcock, H. Bond, O. Hind, Wallace Cooper.

PASSENGERS

Departing

Per S. S. Hongkong Maru, for Orient, April 17, 12 m.—Mrs. A. M. Brown, Miss Helen Brown, Miss S. Treadway, J. Low, M. Maddison, Mrs. A. Berger, H. Tanaka, Mrs. W. H. Avery, Chas. Pettit.

JAPANESE COOLIES WELCOME TO CHILE

Honolulu is not the only port which is getting a large share of Japanese immigration, according to a statement made this morning by Capt. Filmer, of the Kasato Maru. In speaking of this he said:

"There are from 7,000 to 10,000 Japanese going to Chile each year. My ship takes about 900 a trip and we make about three voyages a year, and the other vessels which go there from Japan take three or four times as many more. The Japanese are gradually replacing the Chinese and work on rubber plantations or any other kind of labor which they can get. The Chinese are going into business, running little stores and so on and are doing very well.

"The Japanese government makes restrictions in regard to the number of emigrants who can be taken away, but on the other end there is no trouble. There is no inspection or deportation such as there is here. They welcome all the Japanese who come there and the more they get the better they like it.

"The reason that I have put in here is to get coal. The charge in Callao is $17 per ton and you can see that at that rate there is not much of an object in buying coal at that port. Here it is high enough but not as bad as that."

LADIES ARE ALL GOING

How often is it that people are given the chance to see girls in aquatic sports? It is certain that there are not many places outside of Hawaii where this is the case.

On Saturday night at the Hotel Baths some of the greatest young lady swimmers in the country will show what they can do in the water. In the States a girl that can dive from the side of a tank into the pool is considered something out of the ordinary. On Saturday night these young ladies will dive from the spring board, the high dive and even the rafters. There is but one young lady in this country who has the nerve to make this dive from the rafters and she will be on hand to startle the audience.

The Berry girls will engage in a 50-yard race.

Lawrence Cunha and Wallace Cooper are going to swim a 50-yard match race. These two lads are very evenly matched and a close and exciting race should result.

The Oahu College boys are hot after the cup offered for the water polo match against the Diamond Heads. They are practicing daily in their pool at the college. The relay race between the D. H. A. C. and College should also prove close and exciting. Both teams are composed of men who are fast swimmers.

The usual funny stunts will be included to keep the large crowd in a good humor. The Wompus riding contest will be a new one on the public. This animal is the king of buckers and the youngsters who can stay on his back the longest will be given a prize.

There will be tub races and also a blind-fold race.

The Hawaiian Swimming Club will produce some new stunts in the exhibition line that will make the spectators sit up and take notice.

George Crozier has successfully carried out his Monte Christo act in practice and he has fully deceived the public and has them all guessing as to how he gets out of that bag.

The seats for the show are going with a rush at the Baths. There are, however, some choice ones left for the price of 50c. The general admission will be 25c.

Miss Gertrude Baker has handed in her resignation as Librarian of the Honolulu library.

BY AUTHORITY

BOARD OF COMMISSIONERS OF AGRICULTURE AND FORESTRY.

Notice is hereby given that Mr. W. M. Giffard has been elected President of the Board of Commissioners of Agriculture and Forestry to succeed Mr. L. A. Thurston, resigned.
