HAWAII DECISION FROM WASHINGTON

(Special to The Star.)

WASHINGTON, D. C., May 17.—The United States Supreme Court handed down a decision this morning affirming the decision of the Supreme Court of the Territory of Hawaii in the case of Gray vs. Nohoiloa.

The case mentioned concerns the will of Hikaalani Hobron Nohoiloa, deceased, who was an inmate of the Molokai Settlement at the time of her death in June, 1906. The will was contested by Kaimiola Nakookoo Gray, a niece of the deceased, one of the heirs at law, who was left without provision, the will, according to the construction placed on it by Judge Kepoikai, the local Supreme Court and finally the U. S. Supreme Court, giving all the property to the husband of the deceased who is at the Settlement. The contest was made on the use of certain Hawaiian phrases and the testimony taken wah mainly upon this point. E. C. Peters represented the niece in the original contest and Holmes & Stanley the husband.

COSTS LAW DECLARED TO BE CONSTITUTIONAL

A unanimous decision of the Supreme Court was rendered this morning in the case of Thomas Carpenter vs. H. L. Lawson, overruling exceptions of plaintiff. The syllabus and opinion by Chief Justice Hartwell are as follows:

The statute, Sec. 1893 R. L., is not unconstitutional and does not impair the obligation of a contract by requiring a plaintiff to pay the costs when a judgment recovered by him in the district court is reduced one-fifth in the appellate court although the costs exceed the sum awarded him for breach of the contract sued on.

There was evidence in this case to sustain the judge's finding, jury being waived, of an express agreement for payment of a stated sum.

The plaintiff having obtained judgment for $15 and costs in his action in the district court of Honolulu for the use and hire of four trestle horses, ten scaffolding planks, one water barrel, one mortar board and four mortar galvanized buckets for fifteen days at $1 a day, the defendant appealed to the circuit court, and the parties having waived jury the judge found for the plaintiff in the sum of $7.50. The judgment appealed from having thus been reduced more than one-fifth the costs ($16.75) were awarded under Sec. 1893 R. L. to the defendant, and under Sec. 1894 R. L. judgment accordingly was entered making a balance of $9.25 in favor of the defendant, the plaintiff's counsel objecting on the ground that the sections cited are in violation of Sec. 10, Art 1 of the constitution in destroying his right to recover the $7.50 awarded, and moving to set aside the finding as contrary to law and not supported by evidence. The objection was overruled and the motion denied, to which rulings the plaintiff excepted.

The judge considered that the evidence showed an agreement that fifty cents a day be paid for use of the things. The plaintiff testified that before procuring the materials he told defendant that he, plaintiff, could obtain use of them at fifty cents per day and that defendant thereupon told him to go and get them; that he first charged fifty cents a day and sent a bill for that amount; that he put in the bill for $15 after the defendant did not pay fifty cents, Walker, from whom he hired the things, charging him $1 a day. Walker testified that he charged $1 a day and thought that a very reasonable estimate although his estimate value of the things was $26.50. The defendant testified that he engaged the plaintiff as a plasterer on the Art Theatre building at $6 a day, the plaintiff saying that he had all the necessary tools to complete the job; that when the plaintiff told him he did not have enough scaffolding and so on and would have to rent some, and said it would cost about $2.50 or $3, the defendant approved the price, but the plaintiff afterwards demanded $7.50. Walsh, who was in charge of the building, testified that the plaintiff told him he could get the stuff and that it would cost fifty cents a day.

There was evidence then to sustain the finding. The statute is peremptory in requiring costs to be awarded to the appellant "if the defendant against whom the judgment is rendered shall appeal and the amount recovered in the court below be reduced one-fifth or more," and was enforced in Nakaneiua v. Kailianu, 5 Hak. 179; Kamalu v. Lovell, 5 Haw. 181; Scott v. Apau, 12 Haw. 157.

There is no doubt that the legislature cannot destroy all effective remedy for breach of contract since "the existence of some sufficient remedy is essential to the obligation of a contract." 3 Page on Contracts, Sec. 1765. But plaintiff's failure to recover as much in the circuit court as was awarded him in the district court results from his having claimed too large a sum in the first instance. Statutes appear to be common which require that "when on appeal the plaintiff's recovery is less than that awarded him in the inferior court" he pay the costs. 5 Enc. Pl. & Pr. 163, and Jones v. Spencer, 36 Ark. 82, in which such a statute is cited. It is stated that in perhaps the majority of jurisdictions an appellant who obtains a modification of a judgment in his favor is entitled to costs. 11 Cyc. 214.

No decision has been cited and upon considerable examination we find none holding that such statutes are unconstitutional.

Exceptions overruled.

G. A. Davis for plaintiff. C. F. Clemons (Thompson & Clemons on the brief) for defendant.

NO APPEAL FROM LAND COURT DECISION

The Supreme Court this morning rendered a decision in the matter of the petition of J. B. Castle, appeal from the Court of Land Registration. Justice Wilder is author of the opinion, the decision in full being as follows:

An appeal to this court does not lie from a decision of the court of land registration.

This is an appeal from a decision of the judge of the land court denying the petition of J. B. Castle to a registered title to a certain portion of land set forth in his petition, the title to which portion was found to be in Helen Boyd.

No objection was made by counsel, but at the argument the court of its own motion questioned whether an appeal lies from a decision as distinguished from a decree of the land court, no decree having yet been entered.

The statute was originally as follows: "Appeals shall be allowed from all decisions, judgments, orders or decrees of the court of land registration to the supreme court in the same manner as appeals are taken from the decisions of the circuit judges in chambers." R. L. Sec. 2407. This section was amended by Act 43, S. L. 1907, so as to read as follows: "Appeals solely upon points of law shall be allowed from any final order, decision, judgment or decree of the court to the supreme court," with other provisions not necessary to be referred to.

In Mutch v. Holau, 5 Haw. 314, Un Wo Sang Co. v. Alo, 7 Haw. 637, In re Walters, 10 Haw. 25, Barthrop v. Kona Coffee Co., 10 Haw. 398, 403, and in Kahai v. Kuhia, 11- Haw. 3, 5, this court held that under a statute allowing a party to appeal from any decision, judgment, order or decree the appeal should be taken from the decree. This construction of a similar statute, which has always been adhered to, requires its adoption as to appeals from the land court.

The appeal is dismissed.

Geo. A. Davis moves to set for trial the case of Frank J. Kruger vs. John F. Colburn, executor of the estate of David Kawananakoa.

Motions to set for trial have been filed by W. C. Achi for defendants in the cases of Kahanahookahi Paawela vs. Frank Archer, Alex. Smith Jr. and Nakai, replevin, and Joe Keaulana and Abraham Keaulana vs. Ben Poepoe and Annie Poepoe, ejectment.

Judge Robinson granted the petition of Alexandrina Freitas to have Trent Trust Co., Ltd., appointed administrator of the estate of her late husband, Francisco Freitas, valued at $2075 and consisting of two lots and a house at Kaimuki, a shoemaker's outfit and household furniture.

Judge De Bolt has given judgment in $20.24 in favor of Harry T. Mills again Leon Chee, on a claim of $100.24. It was on appeal by from Honolulu district court.

A stipulation is filed between the United States and those interested in the estate of August Dreier whereby the sum of $14,650 to be paid for property of the estate at Waikiki, condemned by the United States, be paid to Thompson & Clemons for distribution according to the respective rights of the beneficiaries of the estate.

Judge Robinson has decided against plaintiff, holding that a writ of execution should be allowed, in the suit of N. S. Sachs Dry Goods Co., Ltd., against Annie K. Hart.

FREAR TO MEN

There will be a meeting of the Men's Club at the Sunday school room of St. Andrew's Cathedral on Thursday evening at 8 p. m.

Governor Frear will address the club on the Legislative session of 1909. This should prove a most interesting topic not only to the club but to all the men of this community, to whom a cordial invitation is extended.

Dr. Brinckerhoff who was recently elected president of the club will preside.

LAND AWARD COMMUTATION

Governor Frear is going through the laws of the late session, annotating the old laws where they are amended. He has consulted with Land Commissioner Pratt about the law for securing payment of commutation on the land awards of1847. There are claims against about 1000 landholders, on very small lots such as kuleanas in many cases. An advertisement will shortly be issued calling for payments. The rate is one-third of the value of the lands at the time of award, which is much lower than present day valuations.

EWA JAPANESE PRESENT DEMANDS AND GO TO WORK

THIRTEEN HUNDRED HAWAIIANS, PORTUGUESE AND OTHERS SUCCESSFULLY RUNNING AIEA AND WAIPAHU PLANTATIONS—THREE THOUSAND MAY BE SECURED—LABORERS AT EWA WANT ADVANCE OF OVER FORTY-FOUR PER CENT ON PRESENT RATES.

The plantation strike situation is greatly improving. Thirteen hundred strikebreakers are at work at Aiea and Waipahu and the Ewa Japanese laborers have returned to work, temporarily at least, having presented demands or requests for increaed wages appearing below in President Tenney's statement, which demands represent a horizontal advance of forty-four and fourth-tenths per cent on present rates of wages paid.

Thirteen hundred Hawaiians, Chinese, Portuguese, Porto Ricans and others went down the line in the 7 o'clock train this morning for Aiea and Waipahu and those mills are running in good shape and getting along very well in spite of the fact that over three thousand Japanese are idle. The Hawaiian stevedores and the Chinese, Portuguese and other laborers, who are all being paid $1.50 per day, seem glad of the opportunity and are working industriously and willingly. The capacity of the Hawaiian stevedore for work is well known. The payroll of the strikebreakers is amounting thus far, to $2,000 per day, about double the rates that would be paid the ordinary Japanese laborers. Since this added expense is borne generally, by all the plantations, the additional pay is not working any hardship on the two plantations now affected by the strike. So far the planters appear to have a decided advantage, for there are more strikebreakers being gathered and it is expected that a total of at least three thousand can be secured at $1.50 per day.

A statement of the labor situation at Ewa plantation was this noon furnished by E. D. Tenney, president of the company, as follows:

On Saturday afternoon a letter, written in the Japanese language, was presented to the manager of the company by a committee. This letter was translated by the interpreter at the plantation to George F. Renton, manager, as follows:

Ewa, Hawaii, May 15, 1909.

Geo. F. Renton, Manager,
Ewa Plantation Company,
Ewa, Oahu.

Dear Sir:

All the laborers on Ewa plantation, except the contract laborers and women and boys, wish to have their wages raised eight dollars per month of 26 days work.

The women and boys wish to have their wages raised four dollars per month of 26 days work.

The contract cane loaders wish to be paid twenty-three cents and seven-tenths per ton of cane cut of 2,000 lbs. per ton of cane loaded of 2,000 lbs.

The contract cane cutters wish to be paid twenty-five cents and one-fifth

The contract cultivators under present contracts wish the contract price to be paid them per ton of cane cultivated to be one dollar and twenty-nine cents per ton of cane. If contractor cuts and loads cane, then he is to receive forty cents per ton more.

The contract cultivators also wish the advance for their living expenses to be $15 per month of 26 days work.

(Signed) The Committee representing all Japanese laborers of the Ewa Plantation Company.

To this letter George F. Renton made the following reply:

Gentlemen:)

I have received your letter of May 15th and a translation of same in which you have requested an increase of wages for various classes of work.

In reply, I beg to state that the matters contained therein will receive my earnest consideration, and a reply will be given as soon as possible.

Yours truly,

(Sgd) GEO. F. RENTON,
Manager, Ewa Plantation Company.

The Ewa mill is grinding today and a large proportion of the Japanese force of laborers are at work, as usual,

THE LOG-BOOK

The Curtis International Marine Turbine Co. and associated companies have filed a bill in equity in the United States Courts against the Wm. Cramp & Sons' Ship and Engine Building Co., Philadelphia, for alleged infringement of their patents. The Cramp Co. has been notified to answer the complaint. Questions of priory of invention in turbine engines have given both the courts and shipbuilders considerable trouble.

SAN FRANCISCO, April 17.— Two foreclosure suits have been started at Eureka against the H. D. Bendixen Shipbuilding Co., now under lease to the Chas. R. McCormick Co., which concern recently purchased the tools and material at the yard for $9,000. One suit is brought for $30,000 by the Bank of Humboldt County and the other for $32,000 by the Bank of Eureka.

Two battleships of the Dreadnoght type were launched this week in France. The Diderot, second of the six Dreadnoughts building for France, was launched at St. Nazaire, on April 19, and the Condoret was launched at the same port on the following day. They are of 18,320 tons displacement and will have quadruple-screw turbine engines of 22,500 i.h.p., with 19 knots' speed; the armament consisting of four 12-inch guns, twelve 9.4-inch guns and smaller pieces.

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED MAY 1, 1909.

Honolulu, May 3, 1909.

GENERALSUMMARY.

Rainless weather conditions obtained in the Hamakua and portions of the North Kohala districts of Hawaii, and very light rains in the Hilo district. (The districts given for the several islands are those provided by the late legislative Act.)

The greatest amounts of rainfall were reported from the Koolaupoko district of Oahu, and ranged from 2.75 to 3.39 inches. The amounts of rainfall, in inches, in the other districts were: Koolauloa 1.01, Honolulu 0.32 to 1.18, and Ewa 0.11; Hawaii—North Kohala 0.00 to 0.11, Hamakua 0.00, N. Hilo 0.14 to 0.57, S. Hilo 0.24 to 0.83, Puna 0.65 to 1.72, Kau 0.68 to 0.75, and S. Kona 2.02; Maui—Hana 0.24 to 0.75, Makawao 0.27 to 0.32, Wailuku 0.31 to 0.67, and Lahaina 0.15; Kauai—Hanalei 1.26, Kawaihau 0.82, Lihue 0.60, Koloa 0.63, and Waimea 0.56; and Molokai—Molokai 0.20 to 0.36.

The total amount of rainfall was below the weekly average of ten or more years on windward Hawaii and leeward Oahu, and in scattered sections of Maui. The departures from the average, in inches, in the several districts were: Hawaii—N. Kohala —1.08 to —1.32, Hamakua 1.47, N. Hilo —2,52 to 2.53, S. Hilo —1.81 to —3.07, Puna —0.78, Kau —0.16 to +0.15; Maui—Makawao —1.23, Lahaina —0.08 and Wailuku +0.18; Oahu—Koolauloa +0.52, Koolaupoko +1.91 to +2.28, Honolulu —0.24 to —0.77, and Ewa —0.10; and Kauai—Hanalei +0.07, and Waimea +0.40.

More rainfall than during the preceding week was reported at all stations on Kauai, Molokai and Maui; at all on Oahu, excepting in the Ewa district, and at all in the Kau, Kona, and Puna districts of Hawaii. The excesses did not exceed 1.00 inch, excepting in the Kona and portions of the Puna districts of Hawaii and the Koolaupoko district of Oahu, where they ranged from 1.36 to 2.94 inches.

The mean temperatures were higher than those of the preceding week on the leeward sid of Oahu, in the N. Kohala, Hamakua and S. Hilo districts of Hawaii, generally on Maui; elsewhere they were loewr; the greatest excess over last week's was 3.0 deg. and deficiency 2.1 dg.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the group:

	Temperature.	Rainfall.
Hawaii	77.7 deg.	0.52 inch.
Maui	72.8 deg.	0.40 inch.
Oahu	73.0 deg.	1.46 inches.
Kauai	71.2 deg.	0.77 inch.
Molokai	74.2 deg.	0.28 inch.
Entire Group	72.2 deg.	0.66 inch.

At the local office of the U. S. Weather Bureau in Honolulu partly cloudy to cloudy, muggy weather obtained, with the mean relative humidity ranging high—74 to 85 per cent daily, and 77.6 per cent for the week. Measurable rain fell on four dates totaling .32 inch, .24 less than the normal, and .14 more than during the preceding week. The maximum temperature was 82 deg., minimum 67 deg., and mean 73.6 deg., .01 deg. below normal and 0.5 deg. higher than last week's. Southerly winds prevailed on the first three days, and northeasterly on the remaining, with an average hourly velocity of 6.7 miles. The mean daily barometer ranged from 30.00 to 30.14 inches, and the mean for the week, 30.00, was 0.04 inch aboye normal.

STRAIGHT VOTE WILL WIN FOR INCOME TAX

(Special Correspondence.)

WASHINGTON, D. C., April 26.—If the income tax amendment to the tariff bill ever comes to a vote in the Senate, it will stand a reasonable chance of adoption. This fact is known both to the friends and enemies of the amendment, and from this time on the efforts of Senator Aldrich, the chief objector to an income tax, will be bent in the direction of preventing a vote on either the Cummins or the Bailey amendments. He will endeavor to prevent this by the exercise of shrewd parliamentary tactics, or by resort to some subterfuge which will win over the votes of a few senators who at heart are not favorable to an income tax, but would be compelled to vote for it if the issue should be squarely raised.

At one time it was believed that Senator Aldrich could easily control the situation by drawing to his support four or five Democratic senators who have been subservient to his will at critical times in the past. But it turns out that these senators, with possibly one exception, are now openly in favor of an income tax, and will vote for one if they have the opportunity.

There are 32 Democrats in the Senate; there is one vacancy. It will therefore require 46 votes to adopt an income tax amendment. If all the Democrats vote for it, fourteen Republican votes will be necessary, or fifteen, if Aldrich can get the one Democratic vote on which he now reckons.

Republican advocates of the income tax believes there are more than 15 Republicans who will support the Cummins or some similar amendment. Their estimate may be too liberal; they may bank on men who will desert them, but they insist that if the issue is brought to a vote, and Senators are compelled to go on record for or against an income tax, that they will get enough votes to win.

The latest estimate claims the following Republican supporters of an income tax amendment, if the proposition goes to a vote:

Borah, Idaho; Bourne, Oreg.; Brostow, Kans.; Brown, Nebr.; Burkett, Nebr.; Carter, Mont.; Crawford, S. Dak.; Cummins, Iowa; Curtis, Kans.; Dixon, Mont.; Dolliver, Iowa; Gamble, S. Dak.; Guggenheim Colo.; Johnson, N. Dak.; Jones, Wash.; La Follette, Wis.; Piles, Wash. and Warner, Mo.

Not all of this above named Senators, however, would work to force a vote upon an income tax amendment; on the contrary, some of them would quietly, if not openly, work with Aldrich to stave off action, and would be immensely relieved if the amendment should, by some hook or crook, be sidetracked.

One of the suggestions that has been made is that action on the income tax shall be postponed pending a further study of the problem. Some of the opponents of the tax have suggested that the amendments bepigeon-holed, and that a congressional committee or commission be appointed to study the income tax question in foreign countries where it has been tried, and to study the probable operation and effect of such a tax if imposed in the United States. Another propositon which may be advanced by Senator Aldrich is that the income tax be allowed to go over until some regular session of Congress, with the understanding that it shall be taken up as a separate measure in the event the new tariff bill fails to produce sufficient revenue to run the government. Aldrich, of course, contends that if Congress economizes, the new bill will produce all the revenue that is needed, and insists that revenue raised by an income tax would be superfluous, and would result in lowering the duty on some of our imports, to the detriment of American industry. The sincere income-taxers take no stock in this talk.

The situation, viewed impartially, is about this: The advocates of an income tax will win their fight if they can bring about a straight vote on their amendment; they will lose their fight if they permit Aldrich to out-general them. The unfortunate part of the situation, from the standpoint of the income-taxers is that they have no one in their ranks who is the equal of Aldrich as a tactician or as a parliamentarian.

Out of the 18 Republican senators named above who probably would vote for an income tax amendment if brought right up to the line, there are not more than 12 who earnestly believe in the income tax, and who are ready to vote for it at any and all times. Conceding the whole Democratic strength will support an income tax amendment, the insurgents and Democrats, when united, would be two votes shy of the necessary majority.

Knowing the adroitness and resourcefulness of Senator Adlrich, and the inclination of weak senators to scramble for cover when a critical fight cofes on, the outlook for the adoption of an income tax amendment t the Payne-Aldrich tariff bill is not the brightest in the world. Indeed, it will be rather refarkable if such an amendment can be adopted.

ADMIRAL URIU ON ASSIMILATION

Vice Admiral Baron Uriu, while passing through Honolulu the other day, addressed the staff of the Hawaii Shinpo. He is quoted as saying:

"Assimilation means expansion; without it, our countrymen must be shut in in a small island empire. Assimilate with the people wherever you go and do it thoroughly. Why do you think of sending back your children to your home country? If they grow up to be honest and respectable citizens elsewhere, that is enough. They are doing their real duty.

"Liberty and equality are all right in school books, but often they are not practicable in all places and at all times. Be patient, and aspire to cause yourselves to be treated equally and with respect by others.

"I have great confidence in you, gentlemen. You ought to be able to shape the policy of the resident Japanese and steer them toward a peaceful assimilation."

COFFEE TREES FOR SEATTLE FAIR

J. M. McChesney, the coffee merchant, has planted in tubs for shipment on the transport Dix for exhibition at the Seattle Fair, six coffee trees. Two are full grown with berries, round, green and about the size of cherries. They were ordered by the Crescent Manufacturing Company, of that city, and are from the Waianae Company. They will make an attractive exhibit, and will no doubt be an interesting sight to most of the visitors to the Fair. A full grown bearing coffee tree will be something new in the states. The trees are too all appearance in excellent condition.

MOTOR MAIL DELIVERY.

New York Experiment May Be Generally Adopted.

NEW YORK, April 14.—Mail delivery by automobile, the first experiment of the kind to be tried by the Post Office Department, began in New York at midnight tonight, when four high-power electric machines were placed in commission in the upper part of the city.

An extension of the service will depend largely upon the success of the present trial, although indications are that the innovation will be successful, inasmuch as Postmaster Morgan, of New York, has studied the question carefully and is confident of the result.

You Want the News First?

You want Your Ads Read?

Here is some advice---

Honolulu more than any other city in the World, is a place where the EVENING PAPER gets the news first. The clock here is over two hours behind the clock at San Francisco, four hours behind New York and ten to eleven hours behind the clocks in the European capitals.

This means that when THE STAR is going to press The Day Is Closed In Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for THE STAR.

Under modern conditions it takes practically no time to prepare and transmit news and

The Star gets every Evening the Cable Dispatches giving

The News of all the World

For the day just ended

Here are some of the features that go to make the evening paper the predominating factor in an advertising campaign:

It is delivered at the home each night when the whole family has plenty of time to read it.

It is carried home by the business man when his day's work is done and it stays there. A morning paper is usually carried down town by the head of the family and hurriedly read.

The evening paper is not read hurriedly, but thoroughly, so that all the advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective purchaser time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The morning paper the day after.

The evening paper presents the news first. The morning paper merely elaborates it.

GEORGE F. HENSHALL .....MANAGER

MONDAY.....MAY 17, 1909

Let loose a line of bees in President Taft's considering can. He had it on Saturday, Mr. McClellan cabled, about visiting Hawaii.

PESSIMISM PROHIBITED.

General prosperity characterizes business in Honolulu at present. The strike of the plantation laborers is the only dark cloud on the horizon and that has not yet reached a point of precipitating trouble upon general trade. All the various branches of business are doing well. Each merchant in this city has the same story to tell—that since January 1 he has done the biggest business in the history of his house.

The coming of the Marines and Cavalry has had a great deal to do with this, while good sugar crops and prices have had their effect. With still larger forces coming here in the near future, there is no place for pessimism. Our cloud has not merely a silver lining but is of the pure metal itself. Hawaii and Honolulu in particular, whence the reflection will reach to the outside territory—is bound to feel a great wave of unprecedented prosperity for several years to come.

CHANCE STILL REMAINS FOR SECURING COFFEE TARIFF.

After the activity of a few years ago, on the part of Honolulu merchants, in a campaign to secure recognition of Hawaiian coffee in the Army and Navy commissariats, it is surprising that nothing at all seems to be doing here now with regard to a tariff on coffee. There is still time to take some action, in view of the cabled information that the tariff bill will not be settled before August. Mr. Louisson has been doing valiant work for several months in Washington in presenting telling arguments for a protective duty on coffee, showing that only a small rate need be imposed to make coffee growing in Hawaii and Porto Rico a profitable industry and, with respect to this Territory, to build up the citizen element of the population. Some time ago a rather unfavorable report on the chances of securing protection to coffee was received, but articles in mainland papers since then indicate that the cause is not at all hopeless.

So strong are sectional influences to maintain rates, or at least to prevent slashing reductions on the respective products of industry which are the life blood of prosperity in different sections as sugar is in Hawaii, that the very object of increased revenue, one of the most important of the reasons for tariff revision, is threatened with failure. It is by judicious reductions of schedules that imports would be increased, incidentally developing trade whereby exports would also increase, and from the greater volume of imports naturally more customs revenue would be collected. But the opposition is so strong against cutting down schedules on commodities other than those for which the United States depends mostly or altogether upon foreign countries—and these already have the benefit of either the free list or the minimum rates—that the revenue purpose of the tariff revision policy will be defeated unless some means not in the original program be devised. One of such means now being freely mentioned, without indication of serious opposition, is that of a moderate duty on coffee.

In this situation, the time is opportune for something being done, at this end of the line, to aid Mr. Louisson in his campaign for a coffee tariff.

It looks like hard lines to make owners of land several times removed from the original grantees pay commutation to the Government on awards made over sixty years ago. Yet the Legislature must have seen justice in the exaction, or surely it would never have provided means of enforcing it. All the same if these were private claims they would have been as dead as Julius Caesar before most of the people now living in the islands were born.

THE LOG BOOK

When people in this city state that they are going to the Alaska-Yukon exposition the steamship men here sometimes wink quietly to themselves. From the present indications there will be very many local people who wish to go from here to Seattle and who will either stay at home or walk across the briny deep. The steamers which leave fo rthe Coast between now and next September are far overbooked already and still there are number of tourists to be cared for, who will have round trip tickets and so have the first call for accommodations. The result will probably be that many of the local people will find that they cannot get any accommodations and must stay at home.

It is just possible that, should sufficient bookings be obtained and arrangements be made for a cargo, the Oceanic Steamship Company might be prevailed to run an excursion to Seattle from this city, using the Sierra for the purpose. If this should be taken up it would probably solve the difficulty without much question. A reasonable roundtrip rate could be charged which might attract many who otherwise would not make the trip.

Particulars are to hand from Antwerp of a steel salvage pontoon specially constructed to raise sunken vessels, and for the general assistance of ships which may be in difficulties on the Scheldt. The pontoon in question, named "Redder IV," was constructed by the Alblasserdamsehe Machinefabrick, to the order of the Societe Anonyme de Remorquage a Helice, Antwerp. A few weeks ago a trial was carried through of the salvage gear with which the pontoon is equipped. The pontoon is divided by four watertight bulkheads, and is provided with a steel mast, 49 ft. 6 in. in height from deck, and four derricks. Her length is 99 ft., her breadth 26 ft. 6 in. and her draft 10 ft. On the bow of the pontoon are two anchors, and an iron beam fitted with a three-shaver block, the lifting capacity of the latter being about 50 tons. On deck a movable steam crane of 8 tons power with a jib 33 ft. long is installed. The craft is provided with a double steam-winch for the discharging of cargo, and also with two steam windlasses. One of these, placed forward, is for lifting wrecks, and, when disconnected, serves to work the anchors. The after windlass is employed for lifting the anchors. In the engineroom there is a marine boiler of 120 lbs. pressure. The steam dynamo motor for the electric light and for the electric centrifugal pumps is of 25 kw. and 100 volts. The suction-pipe of the electric pumps has an interior diameter of 6 in. The pumps each have a sucking capacity of 450 tons per hour. The centrifugal pump with which the pontoon is equipped is very powerful. The diameter of the suction pipe is 24 in., and it is worked by means of a compound steam engine. The sucking power of this pump is not less than 3,000 tons an hour. The distribution of 24 rubber pipes of 6 in. diameter allows the suction of the water out of several holds of a sunken vessel. The pontoon's equipment includes a powerful air compressor, with two cylinders. An efficient fire-pump, to which three hoses can be adapted, is placed on deck.

The new Dreadnoughts proposed for Austria will be 492 ft. long, 92 ft. broad and will draw 26 1-4 ft., with a displacement of 20,000 tons, the armament to consist of ten 12-in. guns in turrets. The average thickness of the armor will be 11 in., and the cost of the vessels will be approximately £2,300,000 each. The new vessels will be fitted with turbine engines of 25,000 horse-power and will have a speed of 22 knots. The cost of the ships will be, rather higher than that of similar vessels built in England, as they are to be constructed in Austria-Hungary. Two of the vessels are to be entrusted to the Stabilimento Tecnico, at Trieste, which has hitherto built nearly all the Austrian warships, and the other two probably at Fiume, where a great dockyard will be built for this purpose.

THE ART THEATER.

"David and Goliath" will be the feature film at the pretty Art theater this evening, beginning at 7 o'clock. As the name indicates, this is a Biblical study and in it the arrangers have spared neither pains, time nor money in bringing it out true to historical account. On that consideration alone the film is more than worth seeing, not to speak at all of its general art merits. Other features of tonight's program will make the eveing's entertainment of the highest and best class.

TAFT IN NEW YORK.

Returning to Yale, Attends Theatre With Family Party.

NEW YORK, April 14.—President Taft, on his way to New Haven to attend a meeting of the Yale Corporation tomorrow, stopped over in New York tonight, as the guest of his brother, Henry W. Taft.

The President's trip from Washington was made in a private car attached to the regular New York express of the Pennsylvania Railroad, arriving at Jersey City at 6:37 p. m. With him in the party were Mrs. Taft, their son, Robert, several of his schoolmates who have been Easter guests at the White House, and Captain Archibald Butts, the President's senior military aide.

Miss Helen Taft and a girl friend rode with them as far as Philadelphia, where the two young women took another train to return to college at Bryn Mawr.

The President, with Mrs. Taft and a number of relatives, attended a performance of "If I Were King," by E. H. Sothern, at Daly's Theatre, this evening. On his return from New Haven tomorrow he will again stop in New York to attend an evening performance before leaving for Washington, where he is due to arrive Friday morning. The active life Mr. Taft has led for many years past, coupled with constant traveling, has given him comparatively little opportunity for theatre-going and he now takes advantage of every opportunity that offers.

The President is still being strongly urged by western Senators and Representatives to make an extensive trip through the West this summer, but the matter is being held in abeyance. Estimates as to the cost of such a trip, however, are being made.

PRESIDENT PASSES THROUGH CITY.

President Taft passed through West Philadelphia station in his private car, the "Magnate," yesterday afternoon at 4 o'clock, though all of him that appeared was the top of a plaid golf cap in the window of his smoking compartment. He was on his way from Washington to New York to visit his brother, Henry W. Taft, and as the train made a stop of only two minutes, the President declined to come on to the platform. BE SURE AND SEE THE INAUGURATION

Manager Congdon, of the Park Open Air Theatre, is going to show the greatest motion picture that has ever been seen here. He has secured the exclusive rights of the film which contains the leading events in the inauguration of President Taft. The ride of Roosevelt and Fairbanks with Taft and Sherman from the capital to the White House, the procession of many thousand men in uniform as they wended their way from the capital to the White House. West Point cadets and Annapolis middies are seen with the world's greatest musical organizations. The governors of many of the states and their staffs and the political clubs of the middle West and the East. More than a million persons were on the streets during the procession braving the fiercest blizzard in the history of Washington. The snow is seen falling and blowing in the blasts of wind which swept Pennsylvania avenue that morning and every detail of the march is brought here where the public may see with perfect comfort an event that is looked forward to every four years by half the population of the states. Admission to the entertainment will be ten and fifteen cents the first exhibition of the Taft picture being this evening. Mr. Bonine, at the solicitation of Mr. Congdon gave a private view of the picture at his rooms in the Oregon block last night. Every character shows clearly and their faces would no doubt be recognized by acquaintances. The Blaine club with striped umbrellas make a good showing and will attract as much attention here as in Washington. The "Spirit of '76," a picture familiar to everyone, is seen in real life in the procession, the fifer and drummers marching at the head of the Minute Men of 1776.

MIXED LABOR REPLACING JAPANESE

(Continued from Page One.)

and it is expected that practically every laborer will be at his usual task tomorrow.

ANOTHER PLANTATION FIRE.

If the new fires which have broken out on Ewa and Waipahu plantations are of an incendiary nature, directly or indirectly through the strike situation, it is not believed that any of the striking Japanese are guilty, but rather is it supposed that some of the outside agitators are endeavoring to precipitate matters by resort to violence. Plantation authorities and police are investigating the outbreak of flames in two fields and in a trash pile.

Fire was discovered in a trash pile against the Waipahu mill, just outside the fire room, at 2 o'clock Sunday afternoon, but there was little or no damage. At the time, the wind was blowing away from the mill. Manager Bull's present working force extinguished the blaze, but none of the striking Japanese many of whom were near at the time, lent a hand to put out the flames.

SHERIFF IS WATCHFUL.

Sheriff Jarrett is being kept well informed of conditions on the striking plantations and is ready at a moment's notice to get on the scene, with deputies if necessary. He was informed this morning by Deputy Sheriff Fernandez of the Ewa district that the plantation laborers on Ewa had returned to work and that everything was quiet. He therefore did not consider it necessary to go to Ewa today.

ATTITUDE OF MERCHANTS.

An article in the Bulletin has created a wrong impression in regard to the attitude, concerning the strike, of the Japanese Merchants' Association. This association has not acted to recommend to the planters that the wages of the Japanese plantation laborers be raised, but what it is doing is to study the situation with a view of arriving at some practical solution of the difficulty and another meeting to this end is to be held this evening or tomorrow.

WORD FROM WAHIAWA.

A Wahiawa citizen is much perturbed by the strike situation and has the following to say by way of suggesting a cure for strikes here: "I see the Japanese are on a strike, but do they realize that they are doing something in their own light? They have set the ball rolling. Would it not be a good plan to replace the striking Japanese with English laborers? There are thousands upon thousands in the coal mines in the north of England at the present time who would be glad to have the opportunity to come here and replace the Japanese. I am sure, if the planters would give them one dollar a day, they would be worth more at that price than the Japanese are at eighty cents. They would work more. And another thing, the Englishmen would take the oath of allegiance to the United States. I have an agent in the north of England, and all the planters have to do is to cable money for passage and the men can get here inside of a month."

ALL QUIET SATURDAY NIGHT.

Saturday evening found everything quiet on the three striking plantations. Ewa reported the situation unimproved and that it was unlikely that the Japanese would return to work today. Waipahu declared that it would finish up the cut cane on Sunday, working all day, as usual. Aiea reported that there would not be as many men working Sunday as on Saturday but work was well under way with the strike-breakers, the fields being cleaned and the grinding going on.

WONT TRUST STRIKERS.

Storekeepers, Japanese and others, in the neighborhood of the striking plantations are insisting on cash payments for all goods purchased by the strikers. One of the reasons for this is that the storekeepers are being compelled to pay cash for rice purchased wholesale from the city dealers. This will soon show as a particular inconvenience to the strikers and may help induce them to return to work.

LANDLORD AND TENANT.

It would appear to be the general opinion that the Japanese strikers are wrong in their claim that they cannot be ousted from the premises of the plantations, though they refuse to return to work, and the opinion is expressed on every hand, outside the Japanese, that they have no more right to insist on staying in their quarters on the plantations, while striking, than a yardboy in Honolulu city would have the right to insist on living in his employer's house after he had been discharged or other he had quit work and was ordered to get out.

MAKURA ARRIVES HERE MAY 24

The Canadian-Australian steamer Makura left Fiji for this city last night at 9:30, which means that she will arrive in this city on Monday, May 24. This follows up and confirms the statement published exclusively in The Star that she would arrive here early in order to take a party of excursionists from Victoria to the Alaska-Yukon exposition at Seattle. She should arrive here Monday morning and will sail the same day for Victoria.

The American-Hawaiian steamship Alaskan, with a full load of sugar from these islands, reached Delaware Breakwater yesterday. She sailed from Hilo for the Atlantic Coast via the Straits of Magellan on March 21.

Beating, Cheating, Gambling

WIFE, STOCKHOLDER AND ANTI-CRAP-SHOOTERS ALL HAVE COMPLAINTS.

Whether the past record of Philip Freitas is against him or not, he is now accused of beating his wife. He denies that he ever raised his hand or any other weapon to her, and he also has "witnesses" who did not see him do it, although they were contiguous at the time. On the other hand there are those who say he did maltreat her. So conflicting was the testimony in police court this morning that Judge Andrade told Freitas to come around Saturday.

Philip says his spouse has been too affectionate with others, also that it was she who beat him, with a broom, nor did he try to take the broom from her. The lady, on the stand, denied that she had been unfaithful, refuted the statement that she had burned his clothes, and otherwise declared she was a good woman and that Philip was all to the no account. Philip had witnesses to show he was working aboard the S. S. Hyades when he is alleged to have beaten the lady.

CHARGED WITH GROSS CHEAT.

A. T. R. Jackson was in police court this morning, charged with gross cheat, his case being continued until May 25.

Mrs. Mary Ann Horner swore out the warrant against Jackson, alleging that he had defrauded her of $498, the amount she contributed to what is called the Metropolis Trust and Savings Bank, of which Jackson is agent. Attorney General Hemenway prepared the warrant, the concern being suspected of being not what it presumes to be and there being the alleged possibility that it is a swindling game, or incapable of meting its obligations.

BIG BUNCH OF GAMBLERS.

Chef of Detectives Joe Leal arrayed a large bunch of crap shooters of various nationalities in police court this morning. Five Hawaiians he gave a lively chase yesterday afternoon having, with his officers, broken up a seven-eleven game at the corner of School and Asylum streets. One was chased up Aiewa, another downtown and, generally, it was a five cornered steeple-chase. Each of these five were fined $9 each. Six Japanese had their cases go over until Wednesday and five Porto Ricans will be heard tomorrow.

Seven drunks were disposed of in quick order by Judge Andrade.

An affray case meant four dollars each for a negro from the Dirigo and a white sailorman.

GOOD LIVING.

Unless the surroundings are pleasant no one can consider himself as getting the right sort of living. Eating pate de fois gras from a kitchen table littered with unwashed dishes does not tend to make a man feel that he is getting out of life all there is in it. At Haleiwa harmony exists everywhere. There is a splendid cuisine and all the surroundings are pleasant to the eye. The service is good and the rooms are free from mosquitoes. Manager Bidgood sees to it that there is no cause for complaint and consequently none is made.

HOT WEATHER AND CONSTIPATION.

There is a close connection between hot weather and constipation. People do not seem to understand this, and even doctors are slow in comprehending it.

Constipation depends mainly on dryness of the bowels. During the hot weather the fluids of the body are drained away in perspiration. Unless considerable extra fluid is drunk, the internal organs are deprived of their usual amount of fluid. The fluids usually used by the bowels to keep the contents moist, are absorbed into the blood and evaporated on the surface of the body, to cool the body during the hot weather. Hence, constipation.

It is very unfortunate indeed, for any one to be obliged to take drastic cathartics to relieve constipation. Of course drastic cathartics will clean out the bowels, but the habit of constipation remains just the same. Even a little worse.

If a mild and gentle stimulant of the bowels is used, combined with a tonic that has the double effect of stimulating the natural peristaltic action of the bowels, as well as attracting to the bowels the necessary portion of fluids, if such a remedy could be devised it would be of great value to the people during the hot weather.

It is believed that Peruna comes nearer to being a perfect remedy in this particular than any other popular household remedy. Taken according to the directions on the bottle, it not only increases the appetite and gives strength to the nervous system, but it produces a slight action of the bowels, overcoming constipation without producing a cathartic action.

We are in receipt of a great many letters confirming the statements made above. One will suffice for illustration:

Mr. William Eckert, 273 North Eighteenth St., Columbus, Ohio, writes:

"I have been afflicted with chronic constipation for twenty-five years.

"About six months ago I was feeling badly, and concluded to use Peruna as a tonic. To my surprise, before I had finished the first bottle of Peruna I noted that my bowels were moving regularly, without any physic. From that time to this my constipation has disappeared. Peruna has not only built me up, but it has cured me of chronic constipation."

NATIONAL GUARDS WIN GREAT GAME

AFTER ONE OF FIERCEST BALL CONTESTS EVER WITNESSED HERE, THE LOCALS, IN SEVENTEEN INNINGS, BEAT MARINES BY THE NARROW MARGIN AND SMALL SCORE OF THREE TO TWO—PLAY BY INNINGS.

After one of the greatest baseball games ever witnessed in the Hawaiian Islands the National Guard team yesterday afternoon defeated the United States Marines, after playing seventeen innings by a score of 3 to 2.

The game was a "slap, bang" affair from the jump, the last innings being about as hotly contested as the first. There were errors, and many of them, on both sides; but so keen was the playing that neither side profited much from them.

The playing of the National Guard was immense. Every man was on his mettle and made every point that he possibly could. But in the Marine team they found all they could handle and almost then some. The Marines certainly put up a great game, a swift game, a sportsmanlike, manly game; and they took their defeat like the gentlemen they are.

The crowd was perhaps the largest that ever gathered at Aala park for a baseball contest. All around people were packed dozens deep, and all the chairs that could be scraped up were brought into service. Numbers of officers and ladies, as well as hundreds of enlisted men from the various camps and forts were present and rooted for the Marines. They encouraged, cheered or hooted as best served their side. The Guardsmen also had their friends out in plenty, although they rather reserved their cheering for the last, holding, perhaps, to the old adage about the fellow who laughs last.

Had the Marines won in yesterday's game they would have been tied with the Guardsmen for the championship; but the situation now is that the citizen soldiers are certain of victory.

In the absence of Fernandez on the other islands, Pedro, a member of the Aala baseball team, umpired throughout the long game, and well he did it too. His decisions were fair and seldom questioned.

Near the middle of the game the National Guard took Bushnell out of the box and put in Burns. There were those of the Guard rooters who feared that this was a mistake; but their apprehensions were soon put at rest. Burns pitched a tremendously strong game, striking out man after man. In this connection it should be remembered that Gibson pitched the entire seventeen innings for the Marines without assistance and never seemed to weaken.

The game started with the National Guard to bat. Lemon flew out to Winter. Kaai and Bushnell hit for a bag each. Sumner flew out to Hayes. Lota died at first. Marines up, and Williams fell at first. Hayes struck for two bags, but Gaw and Call fanned.

In the second innings, Kaia, of the locals, hit safe. Marcallino flew out to Williams. Soares walked. Burns flew out to Gibson. Lemon walked. Kaai hit for a bag, scoring Kaia and Soares. Leman was saught between second and third, retiring the side. In this inning the National Guard made their only (two) runs recorded until the first half of the seventeenth innings. For the Marines, Davis went to first on dead ball. Gibson and Anderson died at first, and Makin flew out to Kaia.

In the third, Bushnell, of the locals, flew out to Hayes and Sumner and Lota were retired at first. Winter, Williams and Hayes died at first, ending the Marines' half.

In the fourth, Kaia, Marcallino and Soares were retired at first. For the Marines, Gaw failed at first. Call ... for one bag and on a two-bagger by Davis, reached home. Gibson took first on balls. Anderson and Makin both died at first.

In tht fifth, Burns of the Guards, fanned, and Lemon and Kaai were retired at first. For the Marines, Winter fanned, Williams failed at first and Hayes couldn't find it.

In the sixth, Bushnell of the guards, flew out to Makin. Sumner hit safe. Lota and Kaia both died at first. Of the Marines, Gaw and Call fanned. Davis hit safe and on a wild throw reached second. Gibson retired at first.

In the seventh, Marcallino flew out to Winter, Soares died at first and Burns fanned. The Marines fared little better. Anderson flew out to Burns, Makin hit for one bag. Winter failed at first and Williams fanned.

In the eighth, Lemon died at first. Kaai took first on balls. Bushnell struck for a bag. Sumner and Lota wore retired at first. Marines up, Hayes flew out to Lemon, Gaw and Call fanned

In the ninth, Kaia flew out to Hayes, Marcallino was hit by pitcher and took first. Soares hit safe. Marcallino made a fine steal of third and tried for the plate but was thrown out. Burns hit safe, but Lemon fanned. When the Marines came up, Davis hit safe. Gibson flew out to Bushnell and Anderson was retired at first. Davis scored. Makin reached first on a fumble by Burns, but was caught off.

This ended the nine innings and left the score tied, 2 to 2.

In the tenth, Kaai, Bushnell and Sumner, of the locals, died at first. Winters, of the Marines, failed at first and Williams and Hayes fanned.

In the eleventh, Lota died at first, Kaia flew out to Winter. Marcallino hit for one bag, but Soares failed at first. Gaw and Call, of the Marines, fanned. Davis hit for one bag but Gibson flew out to Burns.

In the twelfth, Burns hit safe. Lemon and Kaai went out on fouls and Bushnell flew out to Williams. Anderson came up heavy for the Marines by landing a two-bagger. Makin and Winter fanned, and Williams flew out to Bushnell.

In the thirteenth, Sumner, Lota and Kaia died at first in one, two, three order. Hayes, of the Marines, died at first. Gaw hit for one bag. Call fanned. Davis hit safe but Gaw was thrown out at second.

In the fourteenth, Marcallino died at first. Soares fanned. Burns hit for one bag and Lemon took first on balls. Kaai flew out to Call. For the Marines, Gibson hit for one bag. Anderson flew out to Kaai, Makin to Burns and Winter failed at first.

In the fifteenth, Bushnell and Sumner died at first. Lota hit safe, but was ditched on a try for second. Williams, of the Marines, after a tip fair, failed to run and was put out by Soares. Hayes flew out to Burns and Gaw to Bushnell.

In the sixteenth, Kaai died at first, Marcallino followed suit and Soares fanned. For the Marines, Call fanned. Davis (whose batting all through had ben phenomenal) hit for one bag. Gibson flew out on a foul, and Anderson fanned.

In the seventeenth and last innings, with darkness creeping on and everybody tired out, Burns walked. Lemon hit safe and stole second. Kaai hit for one bag and Burns made the great run that settled the contest. Lemon tried to steal the plate but was foiled. Bushnell hit for a bag, and Kaai died at the plate. Sumner hit safe, but Bushnell was thrown out on the third desperate attempt of the Guardsmen to reach the plate in that inning. For the Marines, Makin hit for one bag. Winters fanned. Williams died at first. Hayes flew out to Kaai.

This ended the great game.

The official score was:

A meeting of the teams of the Riverside Baseball League who have remained in, will be held at the office of A. L. C. Atkinson tomorrow evening for the purpose of reorganizing and arranging for a continuation of the season's games. It is stated that Atkinson will be elected president in place of A. K. Vierra, resigned, and that a new secretary will be chosen.

HEAVY BATTING OF SCHOOL BOYS

Saturday's baseball games in the Interscholastic League were notable principally for heavy batting. Not one, but all of the teams came up good and strong in that line, forcing the scores upward. For instance, the first game resulted 18 for the Oahu Collegers and 16 for the High School; while the second was little different, the Kams making 12 to 5 for the St. Louis college kiddies.

Whether it was the fine weather, or an off day for the pitchers, or the presence of so many people at the side lines—little matters. Almost every man seemed to have some sort of a batting streak on and the outfielders were given all they could do chasing runaway balls. The official scores were as follows:

In connection with the last game—the contest between the Kamehamehas and St. Louis collegers—the disparity in the size of the players was very noticeable. The St. Louis college players are mere kiddies in comparison with the stalwart members of the other teams; and the lads deserve all the praise they are receiving for the mighty fight they are putting up against the bigger boys.

WHAT MARATHON RUNNERS WILL DO

Following is the agreement signed by the runners in the Y. M. C. A. Marathon on June 11:

1. To be at Kapiolani racetrack ready for the start at 1 p. m.
2. To conduct ourselves both in action and language, as gentlemen.
3. To furnish our own attendants for the race.
4. To instruct and not to allow our attendants to set pace or to keep time of our pace, also prevent as much as possible anyone from pacing by running or riding in or on any sort of a conveyance.
5. Not to shoulder, step on, touch, interfere or allow our attendants to interfere in any way with any other contestant.
6. To abide by the decision of the judges, and to enter a protest within twenty-four hours if fouled, or on sufficient reason, making all claims in writing, addressed to E. H. Hand.
7. To report any fouling that may come under our observation that may be done intentionally or unintentionally by any other contestant, and to do so without consulting anyone.
8. To go over the course before the day of the race, so as to avoid all possibilities of making any mistake.
9. To appear in a neat running costume consisting of half or quarter-sleeve shirt, fly or closed-front pants, of any color, with our alloted number fastened with not less than four safety pins, securely to the back of our shirts between the shoulders.
10. To finish the race if possible, so long as it does not endanger health.
11. To run an extra one-quarter of a mile within ten minutes of the time we finish the race, in case we tie for first place."

The following runners signed their names:

INVINCIBLES BEAT EHLERS BALL TEAM

The Wall Nichols Company's "Invincibles" met the B. F. Ehlers Company ball team at Aala park Sunday and the latter got decidedly the worst for introduction. However, the Ehlers team is a good one, all needed being a little more practice. The results of the contest were as follows:

	1	2	3	4	5	6	7	8	9	
Wall Nichols	0	1	1	2	6	3	1	0	2	—16
Ehlers	3	0	4	1	0	0	0	0	2	— 7

CHINESE AGAIN WALKOVER AALAS

The big military league baseball game in Aala park yesterday afternoon was preceded by a lively go between the C. A. C. and Aala teams, who are now engaged in playing off a tie for the championship in their league. This game was particularly warm while it lasted, and resulted in victory for the Chinese by a score of 5 to 2. The following was the score by innings:

	1	2	3	4	5	6	7	8	9	
Aala	1	1	0	0	0	0	0	0	0	—2
C. A. C.	0	3	0	0	0	2	0	0	*	—5

ENTERTAINMENT OF THE GOLF CLUB

The chowdr and smoker of the golfers at the Country Club Saturday evening formed a happy ending of a day of excellent sport on the links. There was some good music and specialties of devious kinds.

In the afternoon Hartwell's team won from that of T. Gill by a score of 12 to 8.

Nearly a hundred members and friends of the golf club attended and enjoyed the good time.

SOME BASEBALL ON GAROEN ISLE

Nawiliwili, May 15.—In a close game of baseball played at Nawiliwili last Sunday between the Nawiliwilis and Niumalus the former won by a score of 17 to 16. The players were all Hawaiians.

At Lihue there was a game last Sunday between pupils of the Lihue night school and Kalehaka, on the one side, and the Lihue, or Yamamoto nine, on the other. The score was 37 to 11, as follows.

	1	2	3	4	5	6	7	8	9	
Yamamoto	1	10	4	1	1	3	3	4	3	—37
Picked team	5	0	2	0	2	0	0	0	2	—11

SPORTDRIFT

In the High School handball tournament the following four games are yet to be played: Biart vs. Rice, McCandless vs. Norton, Tracy vs. Douglas and Carden vs. Johnston.

Paddy Walsh and Dahl Fahy entered late Saturday evening for the walking match in the Y. M. C. A. program on June 11.

There was a fairly good turnout of polo players at Moanalua Saturday afternoon for the first practice go of the season. The big time at the Country Club took some of the players away, but the start was not a bad one.

In the Kapiolani League two very good games of baseball were played at Kapiolani park Sunday afternoon. The first, between the Reach and All Star teams, was won handily by the former, the score being 10 to 1. In the second game the Toxiwas defeated the A Hawaiis, 9 to 6. A. Medeiros, who has just been reinstated with the Reach team, pitched a great game.

The golf match at Moanalua next Sunday will be two ball foursome, and will start at 10 in place of 10:30 o'clock. Two handsome prizes will be put up on the day's results.

In the Oahu Plantations League yesterday Ewa defeated Waialua at baseball by a score of 13 to 2. On account of the Aiea players having to work, the game between Honolulu plantation and Waianae was set over to a future time.

BIG SILK DYEING DEAL.

Foreign Syndicate Buys Wiedman Plant for $2,500,000.

PATERSON, N. J., April 14.—The Wiedman Silk Dyeing Company's plant, one of the largest of its kind in the world, has been sold to a foreign syndicate of dyers for $2,500,000.

M. Schleye, who came to this country recently, acted for the foreign syndicate. Mr. Weidman is given two years in which to close his connection with the plant. It is understood here that the foreign syndicate represents $100,000 in capital. It operates large dyeing plants in France, Switzerland, Germany and Italy.

A POPULAR AMERICAN REMEDY.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., U.S.A., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market." For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

ROMANCE OF BOER WAR.

Young Woman Nurse Comes to America to Wed ex-Soldier.

PITTSBURG, April 14.—A romance begun at the time of the Boer war was concluded here today by the arrival of Miss Louise Holden, of Liverpool, England.

The young woman was met by Thomas McKee and an hour later they were married. McKee was wounded in the Boer war and was nursed by Miss Holden.

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. Will Young, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

Mr. William Schieber, the popular master stonemason of Hanamaulu plantation, left for a well earned vacation trip to his old home in Germany, by the Alameda last week. This will be his first trip back to the home country since se first arrived in these islands on the German immigrant ship Ehrenfels in 1883. His first visit in Germany will be with his sister, whom he has not seen for thirty-seven years. The Garden Island reporter is credibly informed that this community need not be surprised if Mr. Schrieber brings a bride back with him when he returns next September.

The marriage of Antonio Nobriga, the acting manager of the Hanamaulu Store, and Miss Georgina Carreio, one of the belles of Hanamaulu, was solemnized at the Catholic church in Kapaia last Sunday, before an overflowing congregation of the friends and well-wishers of the bride and groom, by Father Julian. The principals in the wedding are both kamaainas on this island and in fact were both born in Hanamaulu, have lived there all their lives, and obtained their education at the Hanamaulu school; and as a consequence their friends are legion in this neighborhood.

Road macadamizing will be started again in Lihue district in the fall. The work will begin in Kapaia Gulch, at the bridge where the present macadamized road stops, and wkill be carried through Hanamaulu and on as far as Kaupena valley, the last little valley betfore the Wailua flats are reached.

Missouri House Votes for Constitutional Amendment.

JEFFERSON CITY, April 14.—The lower branch of the Missouri Legislature adopted a resolution today for the submission of a prohibition constitutional amendment to the people at the regular election in November, 1910. If the Senate concurs, the Governor's signature will not be necessary.

The anti-saloon forces were led by Mrs. Carrie Lee Stokes, of Kansas City, and Mrs. F. H. Ingalls, of St. Louis, who worked with the doubtful members for many weeks. They will transfer their energies tomorrow to the Senators. The amendment would close all saloons, breweries and distilleries in the State.

Mrs. Timmons, daughter of Mr. and Mrs. Charles W. Fairbanks, did not go on to Japan with them. She is yet the guest of Governor and Mrs. Frear and booked for return to the mainland. It is said she will have to pay the $200 penalty for coming here in a foreign steamer, which would not be the case if she had continued her journey.

Frank Cunha, who until three months ago when he was taken sick was foreman at the brewery, died at his residence on Punchbowl street last night, from cancer of the stomach. He was sixty-five years of age and had lived in Honolulu for forty years. He leaves a widow and six children, one of whom is a daughter. The funeral will take place from the house at three o'clock this afternoon.

The bevy of Hawaiian young women going to Seattle to represent this Territory will comprise Miss Irene Boyd, Miss Wattie Holt, Miss Pauline Evans, Miss Callie Lucas, Miss Mundon and Mrs. Charles Siemsen who will leave Honolulu in the Alameda, May 26, chaperoned by Mrs. Will Cooper. Later they will be joined by Miss Maud Woods of Kohala and Miss Daisy Todd. Mrs. Augustus Knudsen, wife of one of the commissioners, will aid in looking after the party at the fair.

Oahu College is giving a course in first aid to the injured. Short talks by medical men will be given in the Punahou Preparatory School, Charles R. Bishop hall, on Mondays at 1:45 p. m. The students in the upper grades and in the classes in physiology will be required to attend, and all other students may attend. Today Dr. James R. Judd will talk on "Hemorrhages." On Monday, May 24, Dr. N. B. Emerson will speak on "Asphyxia and Drowning," and on Monday, June 7, Dr. C. B. Cooper will speak on "Fractures, Sprains and Dislocations."

LAST NAVY COAL HERE

NEXT LOAD MAY NOT BE NEEDED TILL PEARL HARBOR WORK IS READY.

The big ship Dirigo, which arrived in port last Saturday evening will probably be one of the last sailing vessels to enter this harbor with coal for the Honolulu naval station. A large amount of fuel is now on hand in this city and unless Honolulu should receive a number of visits from the vessels of the Pacific fleet within the next couple of years it is thought that there is plenty of coal on hand to last till the new naval station at Pearl Harbor is completed.

In the plans which have been made for the Pearl Harbor station a location for coal bunkers has been provided. The plant will be somewhat similar to that of the Inter-Island Steam Navigation company's at the Bishop wharf in that the vessel will be able to come alongside of the bunkers and receive their fuel direct from chutes. This will not only mean a great saving of money and labor but also of time. In the coaling of vessels at the Cavite station in the Philippines, the machinery is such that one of the big battleships can be completely provided with fuel in about three hours, the plant being able to place from 600 to 800 tons of coal on board each hour, the amount depending on the location of the bunkers of the ship and their consequent accessibility.

No plans for the exact type of bunkers to be used at Pearl Harbor have yet been made by the Navy Department, but this will be among the first parts of the work to receive attention. Through the bunker construction the naval vessels will be coaled at much smaller expense and, as has been stated, with a saving of a great deal of time.

SAILOR CRAZED BY GINGERBREADEATIS

The tale of woe which is told by the sailors of the Dirigo, which arrived in port on Saturday evening, is one which is typical of the sea lawyer. The sailors of the vessel were running around town yesterday claiming that when the vessel arrived in port they had been ordered ashore by the captain without being paid off and with no money with which to eat.

The truth of the matter is that the men walked ashore themselves when the vessel got alongside the wharf and took with them the steward and cook. Fresh provisions in great quantities were brought down from the market, but there was no one to cook them on board nor were the men there to eat them. This part of the matter is left out of the story of the sea lawyer.

One of the members of the crew handed Shipping Commissioner Almy (editor of the Pathfinder) a long communication this morning complaining that they had not been given their daily allowance of food on the Dirigo since April 2. He stated that the captain had offered the weekly allowance, but had stated that the cook would not make gingerbread for the crew. The peculiar part of the communication was in the long bill-of-fare for each meal served since the time of the complaint and which showed a variety of which which was good enough for a first-class boarding house. No complaint was made whatever of the quality of the food, but from the letter it is apparent that the complainant wants gingerbread several times a day on the ship which employes him.

EXTRA DIVIDEND FROM BREWERY

A strong runtor is going the rounds that within a short time the Honolulu Brewery will hand out an extra dividend. The directors of the company, when questioned, refused to deny the story and coming from good authority it is generally believed. The understanding is to the effect that the brewing company has accumulated quite a surplus and that part of this is to be divided among the stockholders.

On the Stock Exchange today lower prices ruled, following the natural course of events with the strike in progress. Ewa sold for $28 this morning, while Waialua was at $90. Oahu Sugar was at $31.25. Hawaiian Commercial sold for $30. No large blocks of stock changed hands, there seeming to be a general feeling out of the market for the present, rather than any general bear movement.

A SCRAP OF PAPER

Several pleasant surprises are in store for those who attend the Punahou Dramatic Club's play, "A Scrap of Paper," in Charles R. Bishop hall Saturday evening. Miss Cowan, the head of the oral expression department at Oahu College, where acting, speaking before an audience and the fundamentals of distinct speech are taught, has succeeded in bringing to light several very promising young actors. The cast also contains several well known amateur actors of this city.

Miss Cowan, who is directing the rehearsals for this comic drama, has had a wide and successful experience in producing plays in Boston and neighboring cities, where the audiences are the most critical. The utmost care and pains have been taken in selecting the present cast and it is being put through a most rigid coarse of training. Those who have seen the cast rehearse predict that the performance will certainly outclass any given by a school organization in this city.

The tickets which have been in the hands of the students for the past week have sold so easily that it appears as if a full house will greet the young performers at the rise of the curtain Saturday evening. If one has the blues Saturday, a good way to get rid of them will be to get a ticket at the Bergstrom Music Co. and come to the show at Punahou. There is not a dull moment in the whole comedy.

CLEVER COMEDY IN "THE GOSSON"

Lovers of true Celtic wit and humor, a pretty love story, and a play that will please all classes of theatregoers will find in "The Gossoon," the offering at the Orpheum tonight, something to delight them. This is the last week of the Elleford engagement and the management has selected three plays that will be sure to leave pleasant remembrances of this pleasing organization. "The Gossoon" is something new in Irish comedy drama. It is not a story of Ireland of a hundred years ago but a pretty picture of the Emerald Isle and its quaint peoples and serves to present all of the big cast in a strong light. There are several great comedy character parts and all of the favorites of the organization will have a great chance to please. The Osborn children will appear in the cast and will have between acts a neat Irish sketch in which they will introduce some new Irish songs, and dancing in the style of the "Ould Sod." A special children's matinee will be given on Wednesday when the offering is "Hello Bill," a 3-act farce that has a lot of good things to please the little folks as well as the adults. The Osborns will present some Hawaiian songs and their famous hula. Ray Collins has during the week's plays several new ballads with illustrations that will please. The matinee prices for Wednesday are ten cents for all school children and twenty-five cents for adults to any part of the house. Seats are now in sale for all performances.
