WHITE STAR LINER CYMRIC SINKING; NOTE OFF TO GERMANY

CONGRESSMEN REJECT IDEA OF BIG FORCE

In Two Overwhelming Votes, House Rejects Senate Amendment

EARLIER DEBATE SHOWED LINE-UP OF PARTY MEN

Mann's Tactics Shown in Maneuvering to Prevent Conference

[Associated Press by Federal Wireless]

WASHINGTON, D. C., May 8.—By two overwhelming votes the House of Representatives today refused to agree to the Senate amendment of the army reorganization bill for a standing army of 250,000 and a volunteer army of 261,000 men pledged to 30 days' training yearly.

In the debate Representative Kahn of California asserted that he believes that foreign nations at the end of the war will demand an indemnity of the United States because of losses of their citizens in Mexico, and that he believes a large army is advisable.

SENATE CONFEREES ARE ALL "BIG ARMY" MEN

WASHINGTON, D. C.—Democratic leaders in the House finally defeated the efforts of Minority Leader Mann to prevent the army bill from going to conference unamended.

A special rule, adopted after brief debate, paved the way for action in the House.

The rule permitted one motion to recommit the bill, but most of the Republicans, resenting Speaker Clark's recognition of Representative London (Socialist) to make the motion, declined to vote on the proposition and it was defeated, 248 to 1.

All Big Army Men.

When the Senate conferees were announced there was much comment on the fact that all "big army" men had been named.

Senator Hitchcock, second majority member of the Military Committee and opposed to a large standing army, was not on the list.

The conferees are Senators Chamberlain, Peckham, Broussard, Dupont and Warren and Representatives Hay of Virginia, Dent of Alabama and Kent of California.

Mann Renews Fight.

For almost a week Representative Mann had led the fight in the House against sending the measure to conference. He insisted upon having it recommitted to the Military Committee, with instructions to strike out the provision for a nitrate plant and to insert the provisions of the Senate bill for a 250,000 standing army and a federal volunteer force.

During the discussion on the rule today, Mann contended that a regular army of at least 250,000 would be needed for first line defense, if the country were drawn into war.

The nitrate plant proposal was attacked by Representatives Lenroot of Wisconsin and Longworth of Ohio, who declared it was placed in the bill at the behest of the "water power lobby."

Representative Hay replied that the conferees never would agree to this provision, until ordered to do so by the House. Prolonged applause followed.

Kahn Not Recognized.

When an overwhelming majority had sustained the rule, Representative Kahn moved to recommit, and strike out all the Senate amendments except that relating to increasing the army to 250,000.

Simultaneously, Representative London of New York, opposing military and naval increases, offered an unqualified motion to recommit.

A long parliamentary wrangle over who should be recognized followed, and the Republicans, guessing that Representative London was the favored, because he voted against the original House bill, while Representative Kahn had not, threw Representative Britten of Illinois, a Republican, who stood alone with London against the original bill, into the breach with a motion to recommit.

The right to make such a motion, Republican leaders contended, belonged by tradition to the minority.

Speaker Clark Unmoved.

"The gentleman from New York is a minority in himself, and he is recognized," the speaker ruled, while Republicans stood up and shouted objections.

Mann declared it was a Democratic trick, and motioned the Republicans to remain in their seats when the vote on the motion was taken.

Application for a passport has been made in federal court by Miss Juanita Day, a teacher at Punahou, who intends to travel in Japan and China. Miss Day will leave Honolulu in the Tenyo Maru on June 16.

Independence Of Filipinos Is Long Way Off

Quezon Tells President He and His Followers Wish More Self-Government for Present; New Commissioner

[Associated Press by Federal Wireless]

WASHINGTON, D. C., May 8.—Philippine Commissioner Manuel Quezon, who has been working hard in Washington urging Philippine independence, told the President today that he and his followers have abandoned the idea of freedom for the Philippines in the near future and said he hoped Congress would pass the house bill giving a greater measure of self-government, but setting no date for the independence of the islands.

WASHINGTON, D. C., May 9.—The President today nominated Eugene Reed of New Hampshire as one of the Philippine commissioners, to succeed Clinton Riggs.

WILSON DEFENDS BRANDEIS WITH STANCH LETTER

[Associated Press by Federal Wireless]

WASHINGTON, D. C., May 8.—A letter from President Wilson, giving his reasons for nominating Louis D. Brandies for associate justice of the supreme court and urging his confirmation, was read before the senate today.

In this letter the President characterizes the charges against Brandeis, over which the senate sub-committee on judiciary has been working for weeks, as "intrinsically incredible to any who really know Brandeis." He said also that Brandeis is the friend of all just men and a lover of the right.

ICE CREAM VENDOR PUT UNDER ARREST

For offering for sale in the Iwilei district this afternoon some very dirty looking ice cream, a Chinese, Ah Lee, was arrested by the police about 2 o'clock on a charge of selling impure foods.

"If we can't hold him on that charge we will accuse him of selling without a license," said the police captain. "Any person that will try to dispose of such dirty trash to unsuspecting children deserves a severe penalty. Probably many tots are under the sod for no other reason."

The ice cream was in a rusty can, seemed full of dust and looked as if it had been refrozen several times.

NEW RAPID TRANSIT CHARTER CONSIDERED BY UTILITIES BOARD

Consideration of the final draft of the proposed amendments to the Rapid Transit Company's franchise occupied the attention of a special meeting of the public utilities commission this noon. No changes were recommended. The meeting was very short.

Another meeting of the commission for the same purpose will be held tomorrow noon.

BIG ISLAND SUGAR MEN IN AUTO ACCIDENT; ONE KILLED

George P. Lillico of Onomea Dies and David Marnie of Olaa Badly Hurt When Machine Turns Over in Washout

[Star-Bulletin Special by Mutual Wireless]

HILO, Hawaii, May 8.—George P. Lillico, overseer of Onomea Sugar Company, Papaikou, was killed instantly on Sunday evening, and David Marnie of Olaa Sugar Company was badly hurt in one of the worst auto accidents the Big Island has ever had.

Lillico and Marnie were riding in an auto when they struck an old washout on the road beyond Pahala Sunday evening. The car turned over and caught both men, Lillico being crushed to death. Marnie, who is assistant engineer at Olaa, was badly injured but he may pull through. The men were taking a Sunday trip to Kau.

GOVERNOR WILL BACK UP $98.55 OF FORBES BILL

Forbes Was Informed By Attorney-General That Dinner Account Was Illegal

"It has been intimated in a question asked me that there has been a misuse of public funds. I don't know anything about any misuse of funds but I do know that I propose to back up the expenditure of $98.55. I do not know of any one in my end of the business who has not spent a pretty good per cent of his salary to keep the government going. By this I mean that I will back up this item of Mr. Forbes' accounts out of my own pocket."

Thus declared Governor Pinkham today while testifying in the injunction suit brought by Arthur A. Wilder to prevent the payment of $98.55 incurred by Charles R. Forbes, superintendent of public works, during his recent trip to Washington, D. C. The suit is one of four launched by Wilder against the governor, Forbes and other territorial officials, all seeking to prevent the payment of expenses.

Prior to the beginning of the trial Circuit Judge Stuart denied a motion to dissolve the temporary injunction and dismiss the case. He suggested that all the suits be tried together, but Attorney-general I. M. Stainback stated that this would be impossible The court then ruled that the cases be tried separately.

The suit now on trial involves the expenditure of $98.55 for a dinner to senators and others in the national capital. There was introduced in evidence a cablegram from the governor to Forbes authorizing the latter to expend $100 in this respect.

Called to the witness stand, Forbes testified he was informed by the attorney-general's department that the dinner bill could not be paid.

"I said it would be all right," Forbes testified, "and added that, if that was the case, I would pay the bill out of my own pocket. I am still of the opinion that the bill will have to be paid out of my own pocket," he added.

Governor Pinkham was asked whether he intended to have the $100, mentioned in the cablegram, paid out of the funds of the territory.

"I object to that question because it is leading," said Governor Pinkham. He added, however, "I authorized the expenditure and expected it would be paid out of the funds of the territory for the benefit of Oahu and no one else."

"Did you ever investigate into the legality of the bill?" the governor was asked.

"I did not," he answered. "I had no data on which to make it."

The governor added that, since he was informed that the bill was not illegal, he has paid no attention to it.

"I propose to pay it out of my own pocket," he added. "I do not propose to see Mr. Forbes pay it out of his pocket."

Further hearing of the case was to be had this afternoon. It is not expected that Judge Stuart will hand down a decision until the hearings of all four cases are finished.

SHERMAN LOSES TWO DAYS IN NORTHEAST GALES UPON VOYAGE

Five days late, three of them due to waiting at Nagasaki for the Philippine transport Merritt, hung up on a reef at Tientsin, to arrive, and the other two caused by bad weather between Nagasaki and this port, the United States army transport Sherman, from Manila and Nagasaki, docked at noon today at Pier 6 and will leave at 9 o'clock tonight for San Francisco.

MORE

The Sherman brought to Honolulu 14 first-cabin, 12 second and three troop. Total passengers on board when she docked were 829. Through passengers from Manila are 62 first-cabin, 44 second and 476 troop. At Nagasaki 37 first-cabin, nine second and 172 troop passengers joined.

Very rough northeast trades, with a setrong head sea made the passengers much more seasick than usual. Capt. Frank Hall is master of the Sherman. Henry Hobson is quartermaster's agent, while John McGoarty is quartermaster's clerk.

CLEVELAND WINS FROM TIGERS IN EXCITING GAME

Western Teams in American League Play in East Tomorrow; National Leaders Win

[Associated Press by Federal Wireless]

CLEVELAND, May 8.—In their last game before making the first eastern trip, the Indians defeated the Tameless Tigers of Detroit by a score of 3 to 1, and start on their eastern invasion with a lead over Washington. Cleveland will meet the Red Sox in Boston tomorrow, Detroit will meet the Athletics at Philadelphia, the White Sox play in New York and the Browns in Washington. In the National League the three leading teams won their games today. The scores of the games today are as follows:

American League.

At Cleveland—Cleveland 3, Detroit 1.

At Boston—New York 4, Boston 0.

At Philadelphia—Philadelphia 4, Washington 2.

National League.

At Brooklyn—Brooklyn 2, Philadelphia 0.

At Chicago—Chicago 2, Pittsburg 1.

At New York—Boston 6, New York 2.

EXPECTS SUGAR INDUSTRY WILL GROW RAPIDLY

California Manager of American Beet Sugar Company Talks of Conditions

Maj. J. A. Driffil, manager of the California plants of the American Beet Sugar Company, arrived in Honolulu today on the Ventura with Mrs. Driffil and their daughter, Miss Emma Driffil. They will leave May 17 on the Niagara for Australia.

"Although my visit here is entirely for pleasure and recreation to doctor up poor health," said Mr. Driffil, "I intend to inspect several plants and plantations while in the Hawaiian islands."

Speaking of the prospects of the sugar industry Mr. Driffil said that it would now grow materially since the tariff question has been definitely settled by Congress. In the beet sugar production on the mainland, Mr. Driffil said the increase would be particularly marked.

"Our company wasn't tying up any more money in the business until it knew just how matters stood," said Mr. Driffil.

The American Beet Sugar Company owns six plants. One is in Nebraska, three in Colorado and two in California. The largest, which is located at Mr. Driffil's home in Oxnard, Cal., has a slicing capacity of 3000 tons daily.

Mr. Driffil has been in the sugar business 25 years. He has been with the National Guard for 17 years and holds the rank of major.

"I have nothing to say about the National Guard," he said, "except that it, like sugar industries, is growing rapidly."

Mr. Driffil was in Honolulu 17 years ago and again two years ago. He says he always likes to come back.

New Expedition May Be Rushed Across Border

Villa Bandits Who Raided Texas Towns Believed to Be Headed for Interior, Where Pursuit is Hard

[Associated Press by Federal Wireless]

ALPINE, Texas, May 8.—Veteran plainsmen here, thoroughly familiar with the border country, believe that the Villa bandits who raided Glen Springs, Boquillas and Deemers early Saturday have headed now for the Mexican interior, where pursuit is difficult.

It is rumored that Jesse Deemer and a storekeeper's clerk at Boquillas were carried across the border and murdered.

Private Tyree of the U. S. army is missing and fears are entertained for his safety.

WASHINGTON, D. C., May 8.—As a result of the latest Villa outrage, it is possible that a new American expedition will be sent across the border, pursuing the bandits who raided Glen Springs. Secretary of War Baker made this statement today.

It is considered that the agreement with the Carranza government as to the hunting down of the Villistas is in operation. Gen. Funston may take any steps to pursue the Villistas he sees proper.

AIR AND NAVAL BLOWS DEALT

Official Teuton Report Tells of Various Combats in North Sea

The following cablegram from German sources tells officially of air and naval combats between British and Germans off Flanders last week:

"BERLIN, Germany, May 8.—The German admiralty reports officially that off the Flanders coast on the afternoon of May 5 an enemy aeroplane was shot down in an air combat, with the cooperation of a German torpedo-boat. The arrival of British forces impeded the rescue of the machine's operators.

"On May 6 a German torpedo-boat captured, unhurt, a British aeroplane and imprisoned both of the piloting officers.

"The British submarine E-31, on the morning of May 5, was sunk west of Hornseyff by artillery fire from a German ship.

"The Zeppelin L-7 has not returned from reconnoitering. According to the British admiralty report British sea forces destroyed an airship in the North Sea on May 4."

GERMAN CONSUL AT BALTIMORE NOW INDICTED

[Associated Press by Federal Wireless]

NEW YORK, N. Y., May 8.—Carl Luderitz, German consul at Baltimore, was indicted today by a federal grand jury, charged with aiding the German "war-plotter," Horst von der Goltz. Wolfe von Igel, former attache of the German embassy in Washington, was reindicted for conspiracy to defraud the United States in shipping oils to Germany entered falsely in the manifests as fertilizer.

Consul Luderitz was named in the confessions of the German agent, von der Goltz, in connection with various shipping and bomb plots.

AMERICAN HELD IN DUBLIN IS RELEASED

[Associated Press by Federal Wireless]

LONDON, Eng., May 8.—James M. Sullivan, former United States minister to Santo Domingo, and arrested in Dublin for alleged connection with the Sinn Fein uprising, has cabled the American embassy here that he has been released.

TROOPS OF NEW ZEALAND AND AUSTRALIA IN FRANCE

[Associated Press by Federal Wireless]

LONDON, Eng., May 8.—It was announced by the war office today that Australian and New Zealand troops have now arrived in France.

FRENCH BARK IS SUNK

[Associated Press by Federal Wireless]

LONDON, Eng., May 8.—The French bark Marie Molinos has been sunk by a submarine, but without casualties.

PRESIDENT NOT SATISFIED, IS HINT, AND WILL DEMAND CLOSE OBSERVANCE OF LATE PROMISE

ADMINISTRATION TO CONDUCT NEGOTIATIONS WITH GREAT BRITAIN REGARDLESS OF GERMAN PLAINT—REPORT KAISER BROACHED PEACE TO POPE AT EASTER TIME—HOT FIGHTING AT VERDUN

BULLETIN.

[Associated Press Service by Federal Wireless.]

LONDON, Eng., May 8.—The White Star liner Cymric is reported sinking, presumably from disaster in the war zone, but there are no details.

NEW YORK, May 8.—White Star officials here today said that the Cymric's cargo included the usual war supplies. The liner sailed for Liverpool from this port April 29. She carries a crew of 100, and as far as know no American were aboard.

(The Cymric is of 13,370 tons, built in Belfast in 1898, home port Liverpool, and in the war-trade between New York and Liverpool.)

WASHINGTON, D. C., May 8.—The American reply to Germany's note of last week has been cabled to Berlin. It is only 200 words in length and will be made public tonight.

WASHINGTON, D. C., May 8.—The United States will not sever diplomatic relations with Germany now but will hold the German government strictly to its new pledge not to violate international law in submarine warfare.

It is learned that a brief note is being drafted in answer to Germany's long reply last week. This note informs Germany that so long as the new instructions to the German submarine commanders are observed, diplomatic relations will be continued, but the United States cannot allow Germany to dictate as to the negotiations between the United States and Great Britain.

It is hinted that the President is not satisfied at the apparent conditions attached to the German pledge, and will stand by his demand for cessation of submarine outrages, regardless of the negotiations between the United States and Great Britain over the latter's food blockade.

The new German instructions to submarine commanders were contained in last Friday's despatches, as follows:

"Guided by this idea, Germany hereby notifies the United States that German naval officers have received the following instructions:

"'In accordance with the general principles governing the visit, search and destruction of merchant vessels, as recognized by international law, such vessels, within or without the war zone, shall not be sunk without warning or without saving lives, unless they attempt to escape or resist.'

"But neutrals cannot expect that Germany, forced to fight for her existence, shall forsake, or the neutrals restrict, the use of her effective weapon, if meantime the enemy is permitted to continue to violate international law."

Did Kaiser Suggest Peace to Pope?

LONDON, Eng., May 8.—A Rotterdam despatch says that Kaiser Wilhelm wrote to Pope Benedict at Easter-time expressing the hope that, with the King of Spain, the Pope would be able to construct a scheme the object of which would be a conference of the belligerents, with their consideration that of an early armistice, and, following this, the hope of peace "without detriment to the legitimate aspirations of the nationalities."

GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS, May 6.—German patrols were successful today southwest and south of Armentieres. Many prisoners, 2 machine guns and 2 mine throwers were captured. Near Givenchy and Engohelle a British attack against several craters occupied by us was flatly repulsed.

Left of Meuse: Artillery and infantry combats in the district southeast of Haucourt are still going on. We were again successful in combats not yet terminated. South of Varneton, Sergt. Maj. Frankl on May 4 shot down a British biplane. This is the fourth areoplane shot down by Frankl. Emperor Wilhelm has recognized the achievements of the brave flyer and appointed him an officer. Southeast of Diedenhofen a French aeroplane landed inmates and were prisonered.

Official: Austro-Hungarian Admiralty reports five Austro-Hungarian aeroplanes on May 4 bombarded Valona in the morning and Brindisi in the afternoon. Valona batteries and port aeronautic station establishments were several times effectively hit. In Brindisi hits were noticed on railroads, trains, station buildings, magazines and the arsenal in the midst of a group of destroyers. Several bombs exploded in the town. Enemy's aeroplanes ascended for defense but were immediately chased away. On the return trip fire on the sea cruiser Marcopoli was encountered. The crew is standing crowded on deck effectively attacked with machine gun. In spite of violent defense fire, all Austro-Hungarian aeroplanes returned safe from Valona and Brindisi.

SUNDAY.

GERMAN HEADQUARTERS, May 7.—West of Meuse combats are still going on. Artillery fire is especially active on both sides. East of Meuse early this morning French attacks in the districts of Ferme and Thiaumont failed. At several places on the west front the enemies' reconnoitering detachments were repulsed. A German patrol south of Lisons captured several prisoners.

On the east front a Russian torpedo boat abelled without effect the northeast coast of Courland between Royen and Markgrafen.

Furious Attacks in Verdun Zone Today

[Associated Press by Federal Wireless]

PARIS, France, May 8.—Furious attacks are being made by the German artillery and infantry today upon the French positions near Hill 304, in the Verdun district. The attacks have all been broken down and the German losses are "extremely heavy," according to the official announcement.

The Germans have been driven from a trench east of Hill 304. East of the Meuse river a series cellor and former ambassador to place, the Germans being driven from a trench south of Haudremont.

The fighting now is almost as violent as in March.

GERMANS CLAIM SUCCESS WITH TAKING OF TRENCH ON BLOODY HILL NO. 304

BERLIN, Germany, May 8.—The Germans have captured the entire system of trenches on the northern slope of Hill 304.

PRINCE VON BUELOW SAID TO BE CALLED TO TALK WITH KAISER

LONDON, Eng., May 8.—A despatch from The Hague says that Prince von Buelow, former chancellor and former ambassador to Italy, has been summoned to military headquarters by the Kaiser, and that the visit is said to be of great political significance.

Additional and overnight telegraph news on Page 9.

PROSPERITY IS REFLECTED IN FINANCE WORLD

Stocks Strong, Reports Good, Interest on Realty Loans is Reduced

In today's stock market Olaa advanced to 18.27 1-2 over 18.25 as the asking price on Saturday. The last sale quoted on that day was 18.12 1-2, which makes today an advance of 25 cents.

Trading in volumne was not heavy at the opening of the week but prices remained strong and not a decline is to be noted in the list. In volume, as in advance made, Olaa led the way with a total of 1110 shares, with McBryde next, in the latter stock the sales totalling 865 shares. Total sales reported between boards and for the session were 2890 shares.

Consolidated Oil Reports.

Reports of the Honolulu Consolidated Oil Company were received by mail today. This report shows cash on hand, $17,805.13; accounts receivable, $1,542,503.84; bills receivable, $52,579; taxes prepaid, $5,651.89; properties, etc., $2,486,269.52. The surplus is $1,021,066.49. Sales for the year totalled 1,892,128 barrels of the value of $937,220.55.

Pacific Sugar Mill.

Stockholders in the Pacific Sugar Mill are in receipt of a call for a special meeting to be held May 18. The call states that the object of the meeting is to determine whether the capital stock shall be divided into shares of a par value of $20 instead of $100. This would not in any way reduce the capitalization of the corporation.

J. W. Waldron, secretary of the corporation, stated this morning to the Star-Bulletin that a number of requests have been received for the proposed change, that some of the stockholders believed that a par value of $20 would make the shares more available, more easy of negotiation in the market and that in pursuance of such request, the meeting had been called.

Interest is Reduced.

Fortunate investments and the establishment of an excellent credit have enabled the Mutual Building & Loan Society to reduce interest rates. Such reduction affects not only new loans made by the company but is extended to borrowers already on the society books and to whom loans were made at 8 per cent. They have been so advised in letters from the society. The reduction to such borrowers is 1 per cent and the rate at which new loans are made and on the present loans is the same, 7 per cent.

SANUKI TAKING MUNITIONS TO VLADIVOSTOK

First of the Nippon Yusen Kaisha fleet to complete a round the world voyage by way of the Cape of Good Hope since the company ordered its liners to abandon the Suez route after the Yasaka Maru was submarined in the Mediterranean, the fine big freighter Sanuki Maru called here for bunkers today, arriving off port from New York via Panama and coaling at Pier 16. She resumed her voyage to Vladivostok this afternoon.

Laden with munitions of war and supplies for the Russian government, including 1000 tons of smokeless powder for infantry rifles, many tons of gun cotton and ordinary cotton, thousands of blankets for the Russian army and 10 small Packard cars, also for army use, the boat's cargo totals 9350 tons dead weight.

Officers of the Sanuki, the commander of which is Capt. S. Nishimura, the first officer S. Shibutami and the second officer, Y. Hashimoto, said they had heard the powder was being carried at a rate of $150 a ton, and that the general cargo was bringing $60 a ton.

Boats to Call Frequently.

Watchmen guarded the big freighter day and night in New York to keep suspicious characters and possible bomb-planters off the ship. The Sanuki, a fine twin-screw boat built two years ago in Scotland, left New York April 8 and left Panama April 18. There were two steamers waiting to pass to the Pacific side and three coming to the Atlantic end. One was the Japanese steamer Nissei Maru.

Chief Officer Shibutami said N. Y. K. freighters will call here after this about twice a month. The next boat of this line to arrive will be the Toyohashi Maru, expected here June 12. She left London April 8. The Sanuki steamed from London March 4. She has no passengers.

PERSONALITIES

MR. and MRS. CHARLES KING are through passengers today on the Oceanic liner Ventura. Mrs. King will be remembered as Virginia Thornton, who has been playing in repertoire on the mainland. She appeared here at the old Orpheum theater about nine years ago.

FORESTRY MEN TO GET GOATS OF KAHOOLAWE

Four Hundred Wild Ones Will Be Taken Next Week in Drive on Little Island

Four hundred wild goats on the island of Kahoolawe are to be disposed this week by Territorial Forester C. S. Judd and the members of the forestry commission, who will leave on Wednesday for what promises to be one of the biggest goat-hunting expeditions ever staged in the islands.

Kahoolawe island, which lies on the lee side of Maui, is all a part of the territorial forest reserve, but goats that have run wild upon it for many years are fast ruining the vegetation.

In their characteristic manner of thorough eating they have cropped the herbage so close that roots and stems alike have been molested. Then the strong trade winds sweeping down upon the bare hilltops have finished the job, tearing up the soil and stripping it bare of growth.

Thus the island has been bared of vegetation in many portions, and has reached a condition where the forestry commission has thought it necessary to take active steps to save what portions are left.

"We will begin at the northern end of the island," Forester Judd explains, "and will then work toward the south, driving the goats before us much as jack rabbits are driven in the big jobs of that sort in the West.

"Our object will be to get the goats into pens, but of course many of them will break and run during the driving process and will then have to be taken with rifles. It is estimated that there are about 400 goats on the little island."

Commissioners A. L. C. Atkinson and Arthur Rice will accompany the territorial forester, and Atkinson will take a band of men along to aid in the big drive. The party is due here again on May 16.

POLICE NOTES

Pai kau or tin kau? The answer to that question determined the fate of a dozen Chinese in police court Saturday for gambling. Judge Monsarrat decided it was tin kau and each defendant was fined $5 each.

Chang Kow, who was working with the police, testified that he was playing tin kau, a regular gambling game, with all the defendants in a barber shop on Hotel street about 3:30 yesterday afternoon. Ah Kwai, a witness for the defense, told that the Chinese were playing pai kau, which is only a pastime game.

For being profane on the streets, Charles Dall was fined $5 in police court Saturday. Two drunks paid fines of $3 each. S. Lund, up for vagrancy, pleaded guilty and was sentenced to two months. Lund had a chance to get out of town not long ago when in court but did not take it. He has been sponging on his Scandinavian friends ever since. Several cases were continued until next week.

John Anderson, second mate on the schooner Helene, was discharged from a charge of assault on Carl Carlson, a sailor on the Helene, when Carlson asked that the case be dismissed.

For embezzling $10 Arthur Keahi was sentenced to three months. Keahi admitted taking $10 from Julia Kaiwai to have changed and failing to return with it.

A 16-year-old youth was running a gambling game at Camp No. 2 Saturday night when a raid was made by the police and five arrested, according to the police. The men were all tried in the police court this morning and admitted their guilt. All were fined $5 with the exception of Jim Bell, the youth reputed to have been running the game, who was committed to the juvenile court for investigation. A brother who appeared for Jim Bell said he was only 16.

Joe Souza shot his brother, Charles, in the leg yesterday while practising with a .22 caliber rifle in Atkinson Park. Charles was treated at the emergency hospital and the route of the bullet located in the left thigh. The bullet was not found or removed.

An even dozen alleged Chinese gamblers were dismissed from the police court this morning without trial when the prosecution admitted the evidence was insufficient to hold them. The men were arrested in the duck ponds in the vicinity of the Waikiki car line yesterday by Capt. McDuffie and his squad. "There is no doubt in my mind that there were 40 or 50 Chinese in a house playing chin chan," said the captain today, "but they had dogs posted to make all possible noise when we approached and by the time we got there the evidence had disappeared. Other Chinese were also posted to watch for any raids."

The police have started a campaign to rid all sections of the city of questionable women and force them back to the district restricted for their residence. Two who were arrested yesterday by the police on Fort street will be arraigned in the police court Thursday. They were recently driven out of what is known as "Bloodtown," near Wahiawa, the police says.

YOUNG HOTEL AUTO STAND

RULING OF 1803 BROUGHT OUT TO UPHOLD PROTEST

Atty. George A. Davis Claims Vaughan is Judge and Cannot Prosecute in Court

Away back in February, 1803, 113 years ago, the supreme court of the United States held that the appointment of a federal official is considered made as soon as the signature of the president is affixed to the commission.

A copy of the case in which this decision is contained has been handed to Federal Judge Charles F. Clemons by Attorney George A. Davis as a basis for the latter's recent objection to Horace W. Vaughan assisting in the prosecution of cases in the United States court.

Mr. Vaughan's commission as federal judge has already been received, bearing the signatures of the president and the attorney-general, but Mr. Vaughan has not yet taken the oath of office. But Attorney Davis holds that he is now judge, and no longer U. S. district attorney.

The case cited by Attorney Davis was a mandamus proceeding against James Madison, who, in 1808, was secretary of state. The object of the suit was to force him to give commissions to certain justices of the peace.

In deciding the case, the supreme court stated as follows:

"It is, therefore, decidedly the opinion of the court that when a commission has been signed by the president, the appointment is made, and that the commission is complete when the seal of the United States has been affixed to it by the secretary of state."

Mr. Vaughan's commission has been returned to Washington for the correction of an error in the date of his appointment.

JAPANESE FORCE IS ATTACKED BY CHINESE BANDITS

Troops Stationed in Shantung Province Assailed By Outlaws

(Special Cable to Nippu Jiji).

TOKIO, Japan, May 8.—Brigands of Shantung province, China, have attacked the Japanese troops stationed in that province, and yesterday a number of the troops were killed and wounded.

Japanese soldiers are now guarding the railroad line between Shantung cities. Since the capture of Tsing Tao, there has been an anti-Japanese feeling developed in this province, as the Chinese maintain that Japanese influence in this section is spreading.

After the capture of the German position, Japan took over the Shantung railroad, and from this time on the Japanese have had trouble with the Chinese brigands. Yesterday morning an attack was made on a station by the brigands and a number of the Japanese troops were killed. The minister of war in Tokio has ordered troops from Tsing Tao to take the field against the outlaws.

RETAIL TRADES WORK OUT PLANS ON CELEBRATION

At 4 o'clock this afternoon the special committee appointed by the retail trades board will hold its second session and will make further plans for the participation of the retail merchants of the city in the arrangements for the celebration of Kamehameha Day and the bringing here of a record-breaking attendance from the other islands. It will hear reports and act thereon.

Among the reports which will be given to the committee this afternoon will be one that stickers bearing the slogan, "We hope to meet you in Honolulu June 11," are printed and are ready for distribution. These are to be used in the islands' mail of the various business houses of the city.

Another report will tell of the rereduced rates on the O. R. and L. secured. A round trip rate of $1.75 from Kahuku, $1.50 from Waialua and $1.25 from Waianae will probably prevail from Saturday, June 10, until the following Wednesday.

Secretary Brown of the Chamber of Commerce will suggest that he start on his "boosting" trip through the islands next week instead of May 21, as was originally expected.

Still another report will be on the special committee that was to see the hotels. This committee will report what, if any, reductions they will give for the celebration period.

The proposed Army and Navy Y. M. C. A. will be discussed at a meeting next Thursday of the directors of the local central association.

The Farwell Bleachery at Lawrence, Mass., granted the demands of its operatives for a ten per cent increase in wages.

ROAD BONDS ARE TO BE DEBATED BY SUPERVISORS

Matter of Loan Will Be Up After Memorial is Disposed of

The outlook for better roads for Honolulu next year brightened up today. Mayor Lane announced that his message on the advisability of a $750,000 bond issue—$600,000 for a belt road and $250,000 for a new city hall—would be brought from the dormant position on the table it has occupied for a couple of months and discussed at tomorrow night's meeting of the supervisors and George M. Collins, city engineer, exhibited a letter he had received from Wasnington saying that a federal expert on road making would be sent here for the asking.

All expenses of the expert will be paid by the federal government. He will do anything the city asks to help build more and better country roads. His services are not available for the laying out of city streets, but to use the mayor's words, "If bonds are issued for the construction of a belt road the city could use him very handily."

The proposed memorial to the governor asking for a special session of the legislature will also come up tomorrow night, but it appears to be the consensus of opinion among the supervisors that it will be downed by a substantial vote. "Too late," they all say when asked what they think chances are for adoption of the document.

It has been the program of the administration all along to first dispose of the memorial and then to bring up the question of a bond issue. The mayor's announced intention to take his message from the table tomorrow night is pointed to by city officials as proof of the fate of the memorial.

Secretary Raymond C. Brown of the Chamber of Commerce has had several long talks with the mayor on the proposed bond issue and unofficially has indicated that he believes that the chamber would back the movement. With that organization behind it the supervisors believe they can put the bond issue through. If so it will be the first on the islands. Some time ago a proposal to issue county bonds was voted on in Maui and rejected by a large vote.

JUDGE STUART TO LEAVE HAWAII ON JUNE 1, HE SAYS

Circuit Judge Stuart will leave Hawaii about June 1.

He has not decided when he will return, if he does return.

Whether he is leaving Hawaii for good, he declines to say.

These facts were brought out today during an interview with Judge Stuart regarding the status of his resignation, which now is "somewhere in Washington."

"My resignation was to take effect as soon as the department could supply my place," said the jurist. "I have no doubt that it will be accepted. I am expecting that it will be accepted any day now. I suppose that, by this time, my resignation is in the hands of the proper officials in Washington."

Judge Stuart says that he is planning to leave Hawaii June. He intends to go to Los Angeles, and thence to St. Louis, where he will attend the Democratic national convention. He may also go back to Colorado where, he says, he is interested in a case which has been pending for more than three years, and which he would like to see disposed of.

"From Colorado," he adds, "I shall probably go back to Los Angeles."

He added, however, that he did not care to make a statement regarding whether he intends to return to Hawaii, if at all.

ATTORNEY DAVIS MAY STUMP FOR G. O. P. CANDIDATE

If the new Republican nantional committee so desires, George A. Davis, local attorney, will go to the mainland to "stump" for the man which the G. O. P. puts forth as its candidate for President.

He states that a mainland political leader has requested that he hold himself available for a call, which, Attorney Davis expects, will come shortly after the adjournment of the Republican national convention in Chicago.

"I cannot tell you who this mainland politician is," says Mr. Davis, "but I have decided to accept the call if it comes. If I am requested to do so I shall leave Honolulu immediately."

Mr. Davis adds that it makes no difference who is put forward by the party as its candidate for President—he is going if summoned. He has also announced that his "hat" is in the "ring" as regards the local election and that he will be in the fight as candidate for senator from Oahu.

CONDITIONS NOW IN PHILIPPINES FINE, SAYS BARRY

Major General on Transport Sherman Says Preparedness is a Live Question

That conditions—both commercial and military—were never better in the Philippines than they are right now, is the opinion of Maj.-gen. Thomas H. Barry, who is on the transport Sherman en route to the mainland, having been transferred from command of the Philippine Department to that of the Central Department at Chicago.

"Fine," was the word with which the general heartily responded to the question as to how conditions are in the islands. "Our soldiers there are in splendid shape, are working steadily each day to keep fit, and they are on the qui vive all the while.

"Preparedness and a bigger army are talked in the islands just as you folks are talking them here, I presume," said the general. "The army is waiting to see what Congress is going to do with the question.

"The question of Philippine independence is another one that receives attention, and because it is still unsettled causes some amount of uncertainty everywhere."

Speaking of the sugar industry in the islands, Gen. Barry says that the news of a continuation of the tariff caused rejoicing there.

"Shippers there face the difficulty, however, of getting their goods carried away," he says, "owing to the scarcity of boats. I presume the same condition applies here. The sugar business, and in fact all of the business in the islands is in good shape."

As to the Japanese question, the general would venture no statement, merely that "a whole lot of Japanese excitement seems to be idle chatter." He likewise refrained from expressing any opinion as to whether or not the Filipinos should have their independence.

Gen. Barry has been in the Philippines for the last two years. This was his third term there. Since taking command of the troops he has made a wonderful record, according to Philippine papers and other army officers, for efficiency in his men. He said today that he will take command of the Central Department in Chicago just as soon as he arrives. Mrs. Barry is with him on the transport.

As soon as the gang plank was up this morning a group of officers from the Hawaiian Department went on board and paid their greetings to the senior officer.

Among these were Brig.-gen. John P. Wisser, Brig.-gen. Frederick S. Strong, Capt. David L. Stone, Lieut. Richard Kimball, Lieut. Lester D. Baker, Lieut.-col. James B. Houston, and several others.

Gen. and Mrs. Barry were to be entertained this noon at lunch by Mrs. Ella Rodman Ayres, Waikiki, an old friend of the family.

MAGAZINES ARE SEEKING ARTICLES ON HAWAII

Although Albert P. Taylor has written a number of articles on affairs in Hawaii for various publications, the requests for material are coming in each mail, and many publications are asking for regular contributions. Among the publishers who have written for material are: Union Pacific Bulletin, International Railway Journal, Arrowhead Magazine, Seven Seas Magazine and others.

KAHULUI BREAKWATER IS NOW BEFORE SENATE

Secretary Raymond C. Brown of the Chamber of Commerce this morning received a cable from Geo. McK. McClellan at Washington, stating that the rivers and harbors bill, containing the appropriation for an addition to the Kahului breakwater, would be before the senate for consideration. Mr Brown made an appointment with Delegate Kuhio at the home of the latter at Waikiki and went out to consult with him on methods of procedure and ways and means that will work toward favorable action upon the bill with the appropriation for the breakwater included.

INFORMATION IS SOUGHT

Samuel Mishkind, last reported to be in Honolulu about Christmas, 1914, is sought. He is about 35 years old, 5 feet 8 inches in height, weighs about 175 pounds, has light and curly hair, and is reported to be in the insurance or moving picture business. Any information should be sent to the Star-Bulletin.

Why Tolerate Catarrh?

You have noticed no doubt that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes.

Scott's is pleasant to take.

CHINA WILL BE IN WEDNESDAY FROM ORIENT

A radiogram received today by Hackfeld's shipping department from the China Mail liner China, states that she will arrive at daylight Wednesday from the Orient.

There are eight cabin and 15 steerage passengers for Honolulu, 10 bags of mail and 180 tons of cargo. Out from this port the China has room for only eight cabin passengers for San Francisco. She will probably steam for San Francisco at 5 o'clock Wednesday afternoon, according to Manager F. W. Klebahn of the local agency. She will take mail.

The members of Harmony Lodge will meet in the I. O. O. F. hall at 7:30 o'clock this evening.

The Norwegian bark Primus has not been heard from and is believed to have been lost with all the crew.

MAJ. CONKLIN SAILS TONIGHT FOR MAINLAND

Maj. Arthur S. Conklin, chief of staff of the Hawaiian Department for the last three and a half years, will sail this evening on the army transport Sherman for the mainland. He has been assigned to duty at Fort Williams, Maine.

In military diction Maj. Conklin is "manchued" into post service again tomorrow, the major having served out the time that any officer is allowed to spend on staff duty, and so goes again to post duty as a matter of military rule.

With Maj. Conklin's departure, Honolulu loses one of its most efficient officers, and one who will be missed in many lines of activity.

Fort Williams is one of the most popular army posts in the Eastern Department. It has four companies, the 5th, 49th, 89th and 155th, Coast Artillery Corps.

CONSUL H. MOROI CITES DUTIES OF YOUNG JAPANESE

"I truly believe that the essence of Confucianism, Buddhism and the Bushido and of Christianity are identical; their differences are to be found in their external rites and ceremonies," declared Hon. Rokuro Moroi, Japanese consul-general, in an address at a meeting at the Japanese Y. M. C. A. yesterday, where he met several hundred Japanese young men and women. The meeting was held under the auspices of the "Hundred Club" of the Japanese Y. M. C. A.

Speaking of the duties of the younger Japanese, Consul-general Moroi said, in part:

"The duty toward the United States. Many of you are born of Japanese parentage in these islands, live peaceably under the protection of the American government, enjoy your life in the midst of a sympathetic and hospitable American community, and are receiving American education. Because of these benefits you receive, you are urged to strive for your highest development and to become good and loyal American citizens and thus you will prove yourselves to be good children of the country which has adopted you.

"The duty toward Japan. By virtue of your birth here you are the citizens of the United States. Yet you should remember that you are born of Japanese parentage, and in this way you are related to Japan. I quite agree with Professor Scott, who made a remark at the last graduation exercises of the Japanese Central Institute that the respect toward the country of one's parents and the loyalty toward the nation which has adopted him do not conflict with each other. So you are in a favored situation to contribute your share toward a better understanding between America and Japan."

A common needle passes through 80 operations in its manufacture.

EVERYTHING For The Eye and Ear

This is What She Wrote:

"It is so excellent that I want you to send me another, as I want to give it to a friend."

This is an extract from a letter we received from Australia last week. She had purchased a "Little Gem" Ear Phone when passing through Honolulu on her way home from the states, and she was so pleased with it that immediately upon her arrival she wrote us to send her another.

ANOTHER SHIPMENT HAS JUST ARRIVED.

UNABLE TO SAY IF JURORS WILL PROBE ALLEGED "FRAME-UP"

Will the territorial grand jury be asked to investigate the charge of "frame up" made against Chang Chau, Leilehau storekeper, by Jesse Gray, who was recently removed as police officer at Wahiawa?

"It is impossible to say at this time," said Deputy City Attorney Will Carden today, when asked the foregoing question. "It is also impossible to tell when the grand jury will meet again. It has not met for months, owing to the lack of funds. But if a special session of the legislature is called we will have the necessary money before June."

Attorney Carden added that he has had time to give but little thought to the allegations of Gray, who charges that his dismissal from the police force for accepting "hush" money was due to a conspiracy in which Chang Chau was implicated.

Chang Chau is now on trial in the federal court on a charge of receiving government property alleged to have been stolen from Schofield Barracks.

MANOA IMPROVEMENTS LIKELY TO BE BEFORE SUPERVISORS TOMORROW

Final award of the contract for the Manoa improvements will probably be made by the board of supervisors at its meeting tomorrow night. The assessment ordinance has been signed by the mayor and collection of the tax on Manoa property owners for the contemplated improvements is under way.

After the motion authorizing the signing of the final contract has been passed by the board, F. R. Ritchie, the successful bidder on the job, will file his bond of $187,631 for the carrying out of the contract, his certified check will be returned to him and the contract signed.

When all the assessments or the first instalments have been collected, the amount of the bond issue is known and assurance that the bonds will be sold has been secured by the city, Ritchie can be instructed to proceed with his work. This will probably be in about six or seven weeks.

RAWLINS TO ARRIVE TOMORROW; DUKE WILL COME BY LATER BOAT

W. T. Rawlins, who handled Duke Kahanamoku on the champion's tour of mainland swimming centers, is expected home tomorrow on the Wilhelmina. Mail advices from the coast say that Duke booked for the same steamer, but E. H. Steel, close friend of Duke, heard today that Duke is coming by a later boat.

Though Duke had sustained several severe defeats on this trip, his friends were preparing to welcome him back with the same cordiality they showed when he was arriving with a long string of championship records. They will postpone the welcome until he does come. It is generally believed here that Duke's travelling was so constant he was unable to do himself justice in the tank contests.

The members of the guild and woman's auxiliary of St. Andrew's cathedral will be guests at a tea which Mrs. John E. Baird will give next Wednesday afternoon at her home at Waikiki.

MICHIGAN'S SONS RENEW OLD DAYS

Members of the University of Michigan Alumni Association were guests of A. L. C. Atkinson at his home at Puuloa on Saturday evening. The crowd left the University Club early in the afternoon, and upon reaching the Atkinson abode the annual "track meet" was held. A dead heat between Judge Alexander Lindsay and Arthur Thayer in the 100-yard dash was the first event.

This was followed by a 220-yard dash between Captain H. J. Hatch, U. S. A., and Richard Quinn. Both runners breasted the tape together, and in the second heat Quinn finished ahead by inches. Judge Clarence W. Ashford and Col. Frank W. Coe starred in the long distance events.

After the track meet the members adjourned to the dining-hall, where a most enjoyable repast was furnished by the ideal host. A Ypsilanti steak was prepared, and the dinner proved to be a successful one. Short talks were given by the members present. Those who attended were, A. L. C. Atkinson, Judge Clarence W. Ashford, Wade Warren Thayer, Judge Alexander Lindsay, Frank H. West, Col. Frank W. Coe, Arthur P. Thayer, Richard Quinn, Owen Merrick, Capt. H. J. Hatch, Dr. W. L. Reesman and Dr. H. N. Kerns.

FIVE WITNESSES TESTIFY AGAINST CHANG CHAU, ET AL

Five witnesses were called by the government today to testify in the case of Shang Chau, Ah Fook and Ah Foon, Chinese, charged with receiving goods alleged to have been stolen from the cavalry quartermaster's stores at Schofield Barracks. The witnesses were Capt. W. S. Browning, U. S. A.; Ah Get, Fong Ning, Kam Yen and C. H. Chun. Trial of the case probably wil last for two or three days.

HONOLULU LADY RECEIVES FLATTERING ATTENTION

Mrs. C. S. Goodknight writes from Washington, D. C., stating that the people in the Capitol city are anxious to know more about Hawaii, and requests the Hawaii Promotion Committee to forward literature to Washington. Mrs. Goodnight states that Preston. Mrs. Goodknight states that Presitalk on Hawaii.

The writer states that at the congress of the Daughters of the Revolution, held in Washington, her "head was turned" by the members who wanted to meet "the little lady who came all the way from Hawaii." Mrs. Goonknight expects to lecture in the East this season on "Hawaii."

SECRETARY PAUL SUPER LIKES HIS NEW WORK

Paul Super, former general secretary of the Honolulu Y. M. C. A., writes from Bates College, Maine, stating that he is finding his new work very interesting, and at present is assisting in raising funds for the erection of a new association building in Portland, Maine. Mr. Super will attend the Y. M. C. A. international convention in Cleveland, Ohio, on May 12.

The supervisors will meet at 7:30 o'clock tomorrow evening.

There will be work in the third degree at a meeting of Schofield Lodge, F. and A. M., at Leilehua this evening.

A business meeting of the members of Honolulu Lodge No 409, F. and A. M., will be held at 7:30 o'clock this evening.

The Hilo Board of Trade has decided to apply for admission as a member of the Chamber of Commerce of the United States.

Under a bond of $1100, Mrs. Ida Reed was on Saturday appointed by Judge Whitney as guardian of Arville B. Coonradt, a minor.

Bids for the construction of a road from Lahaina to Lahainaluna school will be opened Saturday morning by the superintendent of public works.

Gov. McCall's recommendation for the abolition of capital punishment was voted down by the joint Massachusetts committee on judiciary.

Action for damages in the sum of $5750 for alleged assault has been filed in circuit court by Caspina de Cambra against Manuel Cabral.

Augustus B. Arleigh applied on Saturday in the circuit court for a divorce decree from Mabel W. Arleigh. The Arleighs were married on November 11, 1912.

Testimony in which he declared the queen to be perfectly sane has been signed by Dr. A. N. Sinclair. The testimony has given recently in Judge Whitney's court.

Federal trial jurors not engaged in the case of Chang Chau et al. have been excused until 8:30 o'clock tomorrow morning.

Members of the Naval Militia have been ordered to attend drill in the Capitol grounds at 7:30 o'clock tomorrow evening.

Competitive bids for the construction of the road from Lahaina to Lahainaluna, Maui, will be opened next Saturday morning at 11 o'clock in the office of public works.

Plea of not guilty has been entered in federal court by William Monrae, colored, charged with selling liquor without a license on a government reservation. The case has been continued until called up.

Pleading guilty to a charge of bigamy, Felix Dellatan was sentenced by Federal Judge Charles F. Clemons today to spend one hour in the United States Marshal's office and pay a fine of $1.

The case of Harry T. Mills, trustee in bankruptcy of the estate of D. F. Turin, against the Kaimuki Land Company, is dismissed in an opinion handed down by Circuit Judge Ashford today.

Showing receipts to the amount of $7690.15 and disbursements in the sum of $6771.93, the second annual accounts of the Bishop Trust Company, guardian of Ching Chung Lai, a minor, have been filed in circuit court.

Hearing on an order to show cause against "Hen" Wise was to be had in Circuit Judge Stuart's court this afternoon.

Reserved questions in a matter of the estate of John Ena have been referred to the supreme court by Circuit Judge Whitney.

Members of the Y. M. C. A. night school will give a musical program on Thursday evening in the school room. The Punahou quartet will be the feature guests of the evening.

Declaration of intention to become an American citizen has been filed in federal court by David Jamieson of Kohala, Hawaii, a native of Scotland and a bookkeeper by occupation.

A preliminary hearing of the case of David Geler and his wife, Clara, charged with violating the internal revenue laws, was to be had before U. S. Commissioner G. S. Curry this afternoon.

Mothers' Day will be celebrated by the young men of the Y. M. C. A. on next Sunday morning when the members meet at breakfast in the cafeteria. Each member of the dormitory department will wear a white flower in honor of his mother.

All employed boys' clubs of the Y. M. C. A. will meet for supper tonight at 6 p. m. Following the supper moving pictures will be shown and then the different clubs will begin their three months' series of indoor baseball, track events and aquatic stunts.

Bids for printing the Hawaiian Digest were opened today in the office of the clerk of the supreme court as follows: Honolulu Star-Bulletin, $2.18 a page; Hawaiian Gazette, $3, and Paradise of the Pacific $2.12. No date has been set for the awarding of the contract.

Quick work was done by the police in recovering early Sunday morning the big Packard car which was stolen Saturday night from George Renton at the Ewa plantation. It was found in Iwilei. A man giving the name of MacLean is held for the theft.

A meeting of the Panama-Pacific International Exposition commission was to be held in the territorial secretary's office in the Capitol this afternoon. Draft of the final report of the commission will be passed on at the meeting.

The sixty-first anniversary of the founding of the Strangers' Friend Society, the oldest charitable organization of the Pacific, is being celebrated this afternoon with a social meeting at the home of Mrs. A. J. Fuller, Nuuanu street.

The Knights of Kamehameha will meet this evening at the Y. M. C. A. Members of the Washington Club of the intermediate department of the association will hold their weekly meeting on Wednesday exening, May 10.

One hour in the United States marshal's office, without costs, was the punishment inflicted on Raymundo Martin in the federal court today by Judge Charles F. Clemons. Martin pleaded guilty to having committed a theft on a military reservation.

The health committee of the board of supervisors, accompanied by the mayor, is visiting Queen's hospital this afternoon in order that they may acquaint themselves with conditions in this city supported institution. The Hawaiian band will play from 3 to 5.

D. L. Withington will be the Thursday evening speaker at the Y. M. C. A. He will choose as his topic, "What Will We Do With Mexico?" Mr. Withington has spent some time in Mexico and is familiar with the situation in that country. He will base his discussion on the life of the people as he found it while in that country.

Because two of the three members of the territorial prison commission are absent on the mainland, no meeting of that body is possible at present, and paroles long overdue for certain inmates of the Oahu prison are being held by Sheriff Jarrett. Jarrett has taken his troubles to the attorney-general but has received no help save the information that he must wait until the two absent commission members have returned.

The Order of Fools was founded in 1331 by Adolphus, count of Cleves, for humane and charitable purposes. And some one has the temerity to declare it extinct.

Try Murine Eye Remedy

J. WALTER DOYLE BACK FROM TRIP TO MOVIE CENTER

J. Walter Doyle, who has been on the coast for a number of weeks looking into theatrical propositions for local houses, arrived on the Ventura today. He said he would lay several matters before the Consolidated Amusement Company heads here and expected there would be an announcement later as to forthcoming attractions.

He spent a large part of his time around Los Angeles, now the movie center of America and the focus of much theatrical activity.

Allan Doone, the popular Irish balladist and actor, is a passenger on the Ventura, with his stage partner, Edna Keeley. They are on their way to Australia to open the Doone season there with the company he has organized. Later he expects to bring his company here for a season and then take it to the mainland.

NO "SHAKE-UP" IN SCHOOL DEPARTMENT SUPT. KINNEY SAYS

A report which reached the Star-Bulletin today to the effect that there was to be a sensational "shake-up" in the department of education, accompanied by a dismissal of a number of teachers, is emphatically denied by Henry W. Kinney, superintendent of public instruction.

"Whoever started such a yarn is talking through his hat," Supt. Kinney declared. "The report is rather remarkable in that it is exactly opposite the truth. There will be fewer changes in the schools this year than there has been for some time past. Nearly all the teachers in the big schools want to stay, and there have been very few applications for transfers."

MONDAY.....MAY 8, 1916.

CARRANZA'S IMPOTENCE.

Carranza's impotence and Uncle Sam's duty are clearly proved in the raid into Texas made by Villa bandits last week.

The raid was even more daring than that at Columbus, for it came at a time when the entire border was on the alert, and when American troops were deep into Mexico on a punitive expedition against the very outlaws who for the second time outraged the United States.

Carranza's claim that he can punish Villa and the Villistas if the American troops will withdraw has always been ridiculously false; it is not only ridiculously false but cruelly false in the face of these murderous raids over the border.

Uncle Sam has a job of house-cleaning to do in Mexico; a job of policing to do; a job of fumigation to do. Either rid the border country of these pests and police Mexico until some stable and adequate government can be established, or else admit we don't want to tackle the job, and let Americans know they will not be protected either in Mexico or on the American side of the border.

THE GOVERNOR'S "ATTITUDE."

In a letter to the press, C. H. Dickey says, "I am sorry that the governor has taken the attitude he has on the subject of the big reservoir in Nuuanu valley."

Just what the governor's attitude is Mr. Dickey doesn't say but the rest of the letter indicates that he thinks Mr. Pinkham has somehow stopped or is going to stop the use of Nuuanu water, or has definitely blocked or is going to block the Hillebrand Glen power project.

What has the governor done?

He has submitted to the Oahu Loan Fund Commission, which has the matter in its hands, the definite, vigorous and timely statement of experts that the Nuuanu reservoir at present is a menace to the health of the city.

He has submitted data indicating what can be done to make the water safer, to guard the purity of its sources and of the impounding plant.

He has drawn attention to the lack of reliable facts and figures concerning Nuuanu water and the Hillebrand Glen project. One of the very first results was to show that the city's published figures contained a serious error regarding the potential power to be secured.

He has brought the subject sharply before the public, and the Oahu Loan Fund Commission as a result has secured from the board of health recommendations for remedial measures.

The Loan Fund Commission is not bound by the governor's opinions in this case. It can go ahead with its plans if it wishes to do so. Nothing can be blocked unless the commission allows it to be blocked, and then there will probably be a sufficient reason for the blocking. What the governor did was to rivet public attention upon this ancient problem of Nuuanu water, and if his attitude results in measures to clear the problem and the muddy water as well, the public will recognize his service.

THE CITY'S DUTY TO THE BABY.

City governments are waking up to the importance of welfare work for babies. This is evidenced in the activities in that field of the first city department of public welfare, which had its birth in the new charter of the city of Dayton, Ohio. Dr. D. F. Garland, the director of the department, declares that baby welfare work is made necessary by the results of changing social conditions which affect the physical, moral and economic life of the community. Some of these results enumerated by Dr. Garland are:

Individual freedom and the enjoyment of equal political rights were secured early in the last century, and with this result attained, everything seemed to have been gained. However, long before the close of last century the civilized nations, including America, found that:

Unnumbered millions of the people were herded together in the slums of great cities where air and water were luxuries.

One-third of the world was underfed.

Hundreds of little children in our great wealthy cities were going breakfastless to school.

A great army of vagrants, dependents, insane, feeble-minded, moral delinquents was abroad.

Pauperism, crime and physical degeneracy were forcing themselves upon the attention of society as our state institutions became more and more crowded.

Every year more than 100,000 people were injured under the driving wheels of industry, and scores of thousands killed.

In our mad rush for material good, one-eighth of our new-born babies never lived to complete their first year.

One hundred sixty in every 100,000 population were dying annually from the preventable disease of tuberculosis, 75 per cent of these deaths occurring during the productive period of life.

Three million persons in the United States were seriously ill at all times.

The annual wage loss to workers caused by sickness in our country amounted to $500,000,000 plus the added cost of medical care.

Ill health was directly or indirectly responsible for three-fourths of the applications for aid to charity.

NORWAY HELPLESS.

Norway's protest against the illegal seizure of mail by the Allies is likely to get the Norwegians little in the way of relief. They are not strong enough to force Britain to anything the British do not want to concede.

Incidentally, the Norwegian Socialists are working on a program which is anything but militaristic. Complete disarmament for Norway is called for in a bill which has been introduced in parliament by the Socialist faction of that body. This measure asks the government to frame and pass as soon as possible a resolution or bill providing for the abandonment of the whole army and navy. It also asks that all treaties between Norway and other countries, which might possibly a hindrance to complete disarmament, be either altered or replaced by new treaties, and that treaties providing for arbitration in all controversial questions be secured with all foreign nations.

This bill is in accordance with the program of the Norwegian Socialist party, which during the last election advocated disarmament irrespective of whether other nations would disarm or not. Since the Socialists control only one-third of the assembly the bill now pending will not be passed this session, but if they should get control of parliament at the next election, a bill of this nature undoubtedly would be passed and become a law, say correspondents.

Ex-Governor Glynn of New York has been chosen to make the "keynote" speech at St. Louis convention. Glynn is some little keynoter. Elihu Root delivered a thunder-blast against the administration recently, the occasion being the opening of the New York Republican convention. Glynn was picked out to answer Root and along with his answer piped out a little keynote stuff in advance of the Democratic campaign. All the Democrats were perfectly satisfied Root's speech had been punctured and all the Republicans were perfectly satisfied Glynn's speech was a frost, and everybody appeared satisfied.

Deputy Sheriff Asch acted promptly in recalling the commission of the Pearl City jailer convicted of holding a prisoner without trial and of other abuses. Some of the testimony against the jailer may have been exaggerated but the records showed enough laxity in the jail administration to warrant exemplary punishment and the dismissal will be a good lesson in more than one quarter.

Neither the British nor the French press is satisfied with the German note and both are proceeding to advise the United States what to do. It is safe to predict their advice won't cut any particular ice just now. The question is not what London or Paris thinks of the note but what Americans think of it.

Santo Domingo's president has quit in order to avert armed intervention by the United States. Carranza is more obstinate.

The rapidity with which Progressives are re-joining Republicans suggests a new form of recruiting-plot.

The Navy League is suing Henry Ford for $100,000. Must have remembered T. R.'s six-cent verdict.

Uncle Sam may turn the other cheek to Germany—in fact, several others.

Villa bands are smashed but Pancho's soul goes running on.

K. C. B. Wants To Come to Hawaii For A Real Vacation Or Something

Here is an interesting piece of news which J. Walter Doyle, theatrical and publicity man, brought back from the mainland on his arrival today by the Ventura:

K. C. B. and Mrs. K. C. B. may come to Honolulu this summer.

Now K. C. B. is one of the characters of the coast and he's rapidly coming to be a national character. He is Kenneth C. Beaton of the San Francisco Examiner, familiarly known to a wide circle of friends as "Kenny." He's the chap who writes that column, "Ye Towne Gossip" in the Examiner every morning, made up of short, staccatic sentences which end anywhere or nowhere, with asterisks and other typographical embellishments between. He's one of the big journalistic hits of the coast and personally is as likable a man as ever hammered newspaper stuff out of a typewriter. Several Honolulu newspaper men know him and all admire him immensely.

K. C. B. wants to come to Honolulu for a vacation trip this summer and if he does will bring Mrs. Beaton and probably his trusty typewriter. If he comes there will be some publicity flow from that typewriter which will attract attention the country over.

Walter Doyle says that the lure of Hawaii has Ye Towne Gossip firmly in its grip and that the chances are good K. C. B.'s name will soon be on a booking list.

PERSONALITIES

M. G SANTOS, editor of O Luso, has gone to Hilo for a visit of two weeks.

F. C. ATHERTON and Mrs. Atherton have returned to Honolulu from a visit to Maui.

A. J. WIRTZ of H. Hackfeld & Co. has gone to Maui and Hawaii on a business trip.

MRS. FRED L. WALDRON will return to Honolulu tomorrow from the mainland, where she has been visiting.

SAMUEL K. PUA, sheriff of the Island of Hawaii, who has been visiting in Honolulu, returned to Hilo in the Mauna Kea last Saturday.

J. M. DE GOUVEA and Mrs. de Gouvea, accompanied by the latter's mother, left for their home in Hilo on the Mauna Kea last Saturday.

FRANK E. THOMPSON and Mrs. Thompson of Kinau street welcomed the arrival yesterday of a baby girl. Mother and child are doing nicely.

ARTHUR M. BROWN, city attorney, has returned to Honolulu from Maui, accompanied by Mrs. Brown. Mr. Brown underwent an operation while on the Valley Island.

S. C. HUBER, formerly of Tama, Iowa, and recently appointed U. S. attorney for the district of Hawaii, is expected to arrive in the transport Thomas, due here one week from today.

ALICE HAYWARD, who took part in a number of amateur theatricals in this city during the past several seasons, is visiting friends and relatives in New England and the Empire state.

CHAS. F. LOOMIS, boys' work secretary of the local Y. M. C. A., will sail for Kauai tomorrow on the Mauna Loa to begin association work on the Garden Island.

MRS. HAZLE SHEROD is recovering from an operation which she recently underwent at the department hospital, Fort Shafter. She is now confined to the home of her mother at Schofield Barracks.

MARTA GOLDEN, popular comedienne, well known to Honolulu theatergoers, who recently decided that the photo-drama was too strenuous and resigned from the Charlie Chaplin company, is now in the eastern states in vaudeville with Truly Shattuck.

SAM BLAIR, former local theatrical magnate and the man who brought Paramount Pictures to Hawaii, is now business manager for John Drew, according to recent advices from the mainland. Mrs. Blair, May Taylor, is visiting her parents in New York city.

DR. D. W. RYAN, licensed chiropodist of California, has decided to come to Honolulu to practise, according to news sent here by a friend on the coast.

VITAL STATISTICS

BORN.

LOPES—In Honolulu, April 30, 1916, to Mr. and Mrs. Frank F. Lopes of 212 Iolani avenue, Auwaiolimu, a daughter.

KOBAYASHI—In Honolulu, April 30, 1916, to Mr. and Mrs. Kisaburo Kobayashi of Nuuanu street, near street, a daughter—Ayako.

OKA—In Honolulu, April 28, 1916, to Mr. and Mrs. Tatsuzo Oka of 54 North Beretania street, a son—Hiroshi.

HORNER—In Hilo, Hawaii, April 26, 1916, to Mr. and Mrs. Eugene Horner, a daughter—Violet Olive.

BAPTISTA—In Ninole, North Hilo, Hawaii, April 22, 1916, to Mr. and Mrs. Jose Baptista, a son.

THOMPSON—In Honolulu, May 7, 1916, to Mr. and Mrs. Frank E. Thompson of 1134 Kinau street, a daughter.

KEKOA—In Honolulu, May 5, 1916, to Mr. and Mrs. I. Kekoa of Kapahulu and Waialae roads, twins—Samuel and Papai.

KAHUE—In Honolulu, May 7, 1916, to Mr. and Mrs. Moses K. Kahue of 1265 Pua lane, a daughter.

BOYD—In Honolulu, May 7, 1916, to Mr. and Mrs. R. K. Boyd of Kukui street, a daughter—May Luukia Boyd.

MARRIED.

CABRAL-KAAEAE—In Honolulu, May 6, 1916, Manuel Cabral and Miss Mary Kaaeae, Rev. Father Philip of the Catholic cathedral officiating; witnesses—Mary Hoopii and Elizabeth Fernandez (Manuela).

LETTERS

WAR RELIEF CONTRIBUTIONS

Honolulu, May 5, 1916.

Editor Honolulu Star-Bulletin.

Sir: The War Relief Committee of Hawaii, at a meeting held on May 5, at the office of C. M. Cooke, Ltd., ordered the following amounts sent through the American Red Cross: Two thousand dollars to France and $1800 to Armenia.

This brings Hawaii's total of contributions to $109,452.15.

Yours truly,

JAMES A. RATH.
Secretary and Treasurer.

WALTHAM

—the name sums up over fifty years of careful watch-making. The Waltham factories first placed American made watches in the lead all over the world. There are about 20,000,000 people who see the name "Waltham" on the dials of their watches every day.

This firm recommends the Waltham Watch because of its accuracy and because it is not too expensive for the average man or woman.

H. F. Wichman & Co.

Jewelers and Platinumsmiths.

LITTLE INTERVIEWS

—CHESTER A. DOYLE: Talk about rain on Hawaii, I saw Muscovie ducks roosting in trees, and they tell me that the frogs all have rheumatism. If you don't believe me, ask Judge Stuart.

—JAMES S. McCANDLESS (by mail from San Francisco): We have been having regular Honolulu weather up here ever since we landed. The Shriners who made that memorable trip to Hawaii this spring are all singing the praises of the islands for the way they were entertained. Aloha nui!

Representatives of public and semi-public organizations of Honolulu will meet in the rooms of the Chamber of Commerce at 4 o'clock tomorrow afternoon to discuss the preparation of a model charter for presentation in the next Hawaiian legislature. The meeting will be at the request of the civic federation

LITIGATION MAY NOT BE ENDED BY NEW R. T. CHARTER

Chairman Forbes' Recent Comment Taken as Indicating No Agreement to Quit

Litigation between the territory and the Rapid Transit Company will not necessarily be dropped as a result of the amendments to the company's franchise—if they are made. This was indicated during the conference between representatives of the company, the utilities commissioners and the supervisors Friday night.

Charles R. Forbes, chairman of the public utilities commission, in a short talk at the close of the conference, said that he had noticed that there had been comment published in the Star-Bulletin on the fact that he did not ask the Transit company's representative two questions included in his original list, "Are you willing to pay all the expenses in the government litigation?" and "Are you willing to drop all further court proceedings?"

He declared that after consideration he had decided that it would be improper for him to ask the questions; that he believed the supreme court of the territory must decided whether or not the company owes the territory the money it claims to be due under the terms of the present franchise, and if it decided in opposition to the holdings of the lower court the suit must be carried to the supreme court of the United States.

At the beginning of the negotiations between the utilities commission and the Rapid Transit Company, the dropping of all litigation, with the elimination of the consequent expense, was hailed as one of the benefits to accrue to the territory as a result of the granting of a new franchise.

Senator Coke, the commission's attorney, said he understood the litigation would be dropped, but Chairman Forbes' comment indicates that no agreement on this point has been reached and neither side may be likely to broach it.

DR. S. D. BARNES TELLS FILIPINOS OF DUTIES AS GOOD U. S. CITIZENS

"You Filipinos must be united in your ideals, not separated into dialects, in order to be strong, and you must be united with the people of the mainland in order to be patriotic to a great central government," declared Dr. S. D. Barnes in an address to Filipinos last Saturday evening. Dr. Barnes talked to his hearers on patriotism from the standpoint of unity and, to bear out his statements, took several examples from American history. The meeting was well attended and manifest interest was displayed.

ODD FELLOWS CONSIDER SELLING OF PROPETRY

At a specially called meeting of Excelsior Lodge, I. O. O. F., which has been called for tomorrow night, the matter of a sale of their Fort street property will be under consideration. The trustees will then render a report and ultimate decision pro or con may be made.

For some time past the matter of a change of location has been under consideration. The present site, close to one of the busiest corners of the city with the noise that is attendant on such locations, has a tendency to disturb meetings. At the same time highly attractive offers for the property have been received. It is to determine whether one of these offers shall be accepted and if so as to where the lodge shall move to or build anew.

HOW APPENDICITIS CAN BE PREVENTED

Honolulu people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-i-ka has easiest and most thorough action of anything we ever sold. The Hollister Drug Company.—Adv.

HONOLULU DAIRYMEN'S ASSOCIATION

WILL RESERVE FOREST ALONG VOLCANO ROAD

Territorial Surveyor Now Busy on Big Island Getting Data for Forester

In accordance with a plan of the forestry commission to conserve bits of Hawaiian woodland as tourist assets, Territorial Forester C. S. Judd has announced his intention to have portions of land on each side of the Volcano road on the Big Island turned into the forest reserve.

An engineer from the territorial surveyor's office is on Hawaii now engaged in running lines in the district and securing data which will be given to the territorial forester.

"This is a portion of the wooded section which lies on the old lava flows," Mr. Judd comments, "and is covered with ohia, tree ferns and iele vines. It is one of the prettiest spots on the whole island.

"The portion we intend to take for the reserve, after the lease has run out in 1918, begins on the Hilo end about four miles from that city, and runs about four miles toward the Volcano to the Puna boundary. On each side of the road the reserved land will extend for about a mile, reaching on the left side to the railroad line.

"In open places which are scattered here and there through such districts we intend to plant ohia and ferns, which grow readily, and which will soon cover the bare spots."

J. C. ANDERSON WAS ASKED TO RESIGN, WHITNEY DECLARES

John C. Anderson did not leave the office of probation officer of his own volition. His resignation was requested by Circuit Judge W. L. Whitney as the result of the discovery of an irregularity in an estate of which Anderson was administrator.

This statement was made by Judge Whitney today, who added that between 18 and 20 persons already have handed in their applications for the position. He does not expect, however, to appoint a new probation officer before next Wednesday.

WINNING KAM ATHLETES ARE HONORED BY DANCE

Nearly 300 guests were present at the dance given Saturday evening by the Kamehameha Alumni Association at the Bishop Hall, Kamehameha school, given in honor of the athletes who won the Cornell track meet and cross-country run for three consecutive years.

George Woolsey, star long distance and mile runner of the school, and winner of the cross-country run last February, was presented with a handsome silver cup by the students of the school. On presenting the trophy, Ernest C. Webster, president of the school, said that in past years Kamehameha had been at the top of the athletic column, but more recently the athletes had not been up to their standard. Now the old spirit has come back to them and they are once more at the top.

Harold Godfrey, president of the Kamehameha Alumni, spoke to the athletes a few rousing words and in turn was followed with a little talk by Capt. Booth, military instructor and athletic coach of the school.

YALE PROFESSOR WILL ENJOY VACATION HERE

H. E. Sweezy, noted tourist agent in New Haven, Conn., writes to Albert P. Taylor, secretary of the Hawaii Promotion Committee, stating that he has booked Professor and Mrs. W. L. Phelps of Yale University for a trip to Honolulu this summer. President and Mrs. Arthur T. Hadley had arranged to make the trip to Hawaii, but have postponed their visit on account of illness.

AD CLUB WILL HEAR KAMEHAMEHA DAY PLANS

"How can the merchants advertise Kamehameha Day and make it a royal event?" is the question that will be asked at the weekly luncheon of the Ad Club on Wednesday.

Van Afiderson, advertising expert, will address the members on "Advertising.' Members of the Retail Board of Trades and the Chamber of Commerce have been asked to be present. Bill Bailey on the ukelele will be featured by courtesy of the Hawaiian News Co.

ATTENDANCE AT SAN DIEGO AT START AVERAGES 3000

Attendance figures for the San Diego exposition average around 3000 each day, according to Fred J. Halton who is in that city at present. The attendance on March 18 was 1500. On March 25, there were 10,302 paid admissions and several thousand have attended on other days. Mr. Halton states that the attendance at present is very encouraging.

BIBLE CLASS TO DISCUSS "PROBLEMS OF THE POOR"

Discussion of the topic, "The Problem of the Poor," is on the program for tomorrow night's meeting of the men's Bible class at the Y. M. C. A. The subject will be presented by Rev. A. A. Ebersole, leader of the class, who will use the New Testament teachings as a background for his remarks.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic-remember a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled Get the genuine, made by "California Fig Syrup Company."—Adv.

PLAN BENEFIT FOR FRENCH WAR SUFFERERS

For the benefit of the French war sufferers, Miss Beatrice Castle and Miss Vera Damon will give an entertainment at the home of Mrs. F. J. Lowrey next Monday evening. Recruiting posters and war letters will be shown and read, and a musical program will be rendered. Miss Castle's friends are assisting in the sale of tickets, which are $1 each. The War Relief Committee last Friday ordered $500 to be sent to France through the American Red Cross.

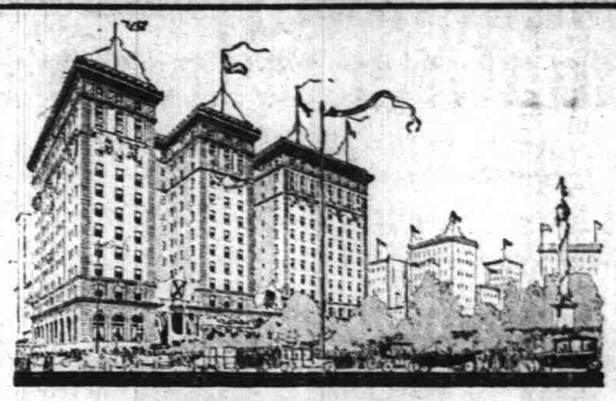
QUINN ASKS THAT HAWAII COURT OFFICIALS RESIGN

Merely as a matter of form, he says, Judge Clement K. Quinn of the circuit court at Hilo has asked for the resignations of the officials of that tribunal. Judge Quinn is still without a clerk, according to reports from Hilo. Palmer P. Woods was offered the position, but declined it for personal reasons. The offer to Woods was made through Circuit Judge Stuart, who returned to Honolulu from the Big Island last Saturday.

GIRLS OF Y. W. C. A. PLAN ANNUAL MAY FESTIVITIES

Dressed as shepherdesses, woodnymphs and other quaint folk, 75 members of the local Y. W. C. A. will dance on the lawns of Arcadia, the home of Mr. and Mrs. Walter F. Frear, next Saturday afternoon. The affair will be the association's annual May festival, and esthetic and folk dancing and music will be features of the program. A special musical program will be rendered by the Y. W. C. A. glee club.

Drill for members of the naval militia will be held in the Capitol grounds tomorrow morning at 8:30 o'clock. Members are asked to report at the Bungalow.



WITH ITS WONDERFUL DECORations by Albert Herter in the cafe, symbolizing the gifts of the Old World to America; the Lounge, inspired by the Chateau Brissac, in which society assembles daily for afternoon tea; the stately, spacious Rose Room, where dancing is enjoyed every evening; the Italian Room, walled and ceiled with beautifully carved hazel wood and famed for its portal of gleaming twisted pillars surmounted by a golden image; the Colonial Room, in which the fashionable world produces original plays in a completely equipped theatre---with countless original artistic details (such as Arthur Putnam's puma motive) in its many public rooms---with such unique and exclusive service as the Turkish and Roman baths for ladies (11th floor) and for gentlemen (12th floor), supplied with salt water pumped directly from the ocean; the Electric Grill, where table d'hote meals are served at moderate prices---the Hotel St. Francis is one of the most interesting show places in San Francisco, and a place at which interesting people invariably gather.

THE HOTEL ST. FRANCIS, the largest hotel in Western America (over one thousand rooms), faces an entire side of Union Square, "the center of the city's life and color," where the activity of all famous carnivals like the Portola, Native Sons' fiesta, and New Year celebrations are focused, and where military displays on such occasions as the visits to the St. Francis of President Roosevelt, President Taft, Prince Fushimi of Japan, Prince Tsai Hsun of China, Admiral Evans in command of the battleship fleet, and other dignitaries, have provided historic spectacles.

NOTE---While the Hotel St. Francis will never lower its rates beneath the point at which it is possible to provide a service at least equal to that of the best metropolitan hotels in the world, it respectfully invites comparison between its charges and the tariff established by any other hotel of the first rank.

SHIPPING & WATERFRONT NEWS

VENTURA MEETS COLD WEATHER COMING OVER

Arriving off port this morning after several tramp steamers had dropped anchor, but getting the doctor and entering port first because she is a passenger and mail boat, the Oceanic liner Ventura, Capt. J. H. Dawson, commander, docked at Pier 10 at 7:15 this morning, 15 minutes ahead of time, coming from San Francisco. She is leaving at 4 o'clock this afternoon for Pago-Pago and Sydney.

Cold weather was an unusual feature of the voyage. It was so chilly after the liner was two days out from the coast that the officers had to put on their heavy blue uniforms and passengers wore their wraps and overcoats most of the time. This lasted until the islands were neared yesterday. The passage was smooth, and mal-de-mer was unknown among the passengers.

Only 24 passengers came to Honolulu on the Ventura. They included Maj. J. A. Driffil, a big beet sugar man of Oxnard, Southern California, one of the owners of the big Oxnard sugar factory. He is on a trip to Australia, and is stopping off here, waiting for the Niagara. Passengers for Honolulu were 15 first cabin, 9 second and 2 steerage.

Through passengers are 32 first cabin, 22 second and 3 steerage. Freight for Honolulu was 119 tons, mostly beef and butter. The liner's through cargo is heavy, 2458 tons, general.

Theatrical Men Aboard.

Another passenger stopping off here is E. J. Tait, manager for J. C. Williamson, Ltd., the Australian theatrical firm. He is stopping off here waiting for the Niagara. It is said he has been studying motion-picture production on the mainland with a view toward establishing studios in Australia.

Allan Doone, the Australian actor who appeared here last winter, is a through passenger, going to Sydney accompanied by his wife.

Song Chong, who was formerly a well-known ball player here, returned to Honolulu with his bride, a San Francisco Chinese girl.

Fireman is Burned.

The Ventura has a new second steward, A. Oliver taking the place of Harry Contors, who had a bad fall in San Francisco and hurt himself. He will go back next trip. A fireman, C. Redding, was burned by an oil burner back-firing in the boiler room. He was not burned badly enough to necessitate taking him to the hospital here, however.

PASSENGERS ARRIVED

Per Oceanic liner Ventura, from San Francisco, this morning.—Mrs. F. Anderson, S. Chong, Mrs. Chong, J. Walter Doyle, Major J. A. Driffil, Miss E. Driffil, Mrs. A. C. Jacobs, C. Kemper, Miss A. E. Lansdown, R. T. Shaw, C. Mel, E. L. Tait and wife, C. H. Welley, Thos. Burke and wife, Mrs. C. D. Luce and two sons, Mrs. E. Maesland, Miss M. Maesland, Mrs. C. Niskanes, J. de la Nux, J. Menaslie, F. Thomas.

Per I.-I. str. Claudine, from Maui, May 7.—C. C. Clark, C. E. Ferguson, A. M. Brown, Mrs. A. M. Brown, Ah Ching, Chuck Hoy, Kunui, C. L. Hall, T. Hayama, F. Apana, Dr. Straub, F. C. Atherton, Mrs. F. C. Atherton, J. L. Mulligan.

Per I.-I. str. Mikahala, from Maui, Molokai and Lanai, May 7.—Mrs. E. E. Pitts and child, Miss I. Namauu, Mrs. K. Lono and child, Mrs. H. Watbond, Miss A. Meyer.

Per I.-I. str. Mauna Loa from Kauai, May 7.—Miss Clark, Mrs. Cuningham, J. Amoriu, N. H. Zimmerman, H. L. Freeman, E. K. Hanapi, N. Perez.

FIREMEN LEAP INTO SEA IN ATTEMPT TO LEAVE AIKOKU MARU

Three firemen from the Japanese tramp steamer Aikoko Maru are believed to be dead. They jumped overboard from the steamer near Maalaea bay, leeward Maui, Wednesday night, according to the story told by officers of the boat, which arrived yesterday morning for bunkers and left in the afternoon for Yokohama.

The men were found missing Thursday morning, and two life preservers and a plank were also missing. There was a boiling sea running at the time and the ship was a mile and three-quarters from shore, so little hope that the men were able to land alive was entertained by the ship's officers.

The Aikoku Maru was forced to lie in the lee of Maui for four days because of severe gales. She left San Francisco April 20 with 3500 tons of iron bars and 17 automobiles for Yokohama. In the gales she rolled to 40 degrees in attempting to cross the channel between Maui and Oahu.

A full despatch of mail for the Philippines, Hongkong and connections is leaving at 5 this afternoon on the U. S. army transport Buford. Mails close at the postoffice at 4 o'clock. If there is any mail for the German postoffice at Shanghai the Buford will take it.

MAKENA BREAKS RUDDER; COMES HERE SAFELY

There came near being another marine disaster Saturday on Molokai, to add to the two already happening there in the last few weeks, when Dr. J. H. Raymond's power schooner Makena, used to carry meat from Maui to Honolulu, broke her tiller while between Maui and Molokai, bound for this port.

The skipper managed to bring his boat near enough to the shore of leeward Molokai to land a sailor in a small boat. The man walked overland to Kaunakakai, where he sent a radio to Honolulu asking for help.

Young Brothers' tug Makaala, Capt. "Bob" Purdy, left at once and, on arriving at the scene of the accident, found that the Makena had been able to make temporary repairs to the tiller. The Makaala's men helped to make the repairs more complete and convoyed the Makena to this port. Both boats arrived here at 11 o'clock yesterday morning.

BAD WEATHER IS HOLDING BACK WILHELMINA

Radio advices received this morning by Castle & Cooke's shipping department from the Matson liner Wilhelmina, Capt. Peter Johnson, state that she will not arrive off port from San Francisco until 9 o'clock tomorrow morning. She is usually off port by 6:30 a. m. Bad weather is probably holding her back.

Passengers on the Wilhelmina for Honolulu are 102 cabin and 30 steerage. She has 203 bags of mail, 52 packages of express matter, five automobiles and 5246 tons of cargo for this port.

For Hilo there are 756 tons of cargo; for Port Allen, 848; and for Kaanapali, 120. Total cargo on the liner is very heavy, 6979 tons. The Wilhelmina's normal capacity is only 6000 tons.

HARBOR NOTES

The Oceanic liner Ventura brought 635 sacks of mail from San Francisco this morning.

Mail for all Japan, Shanghai and connections left on the N. Y. K. freighter Sanuki Maru this afternoon.

Kekaha sugar amounting to 6600 bags arrived yesterday from Kauai in the inter-Island steamer Mauna Loa. Passengers were 33.

The inter-Island steamer Kinau brought 4028 bags of Grove Farm and 969 of Lihue sugar from Kauai yesterday. Only six passengers came.

At 10:43 this morning the Norse steamer Cuzco, bringing a nitrate cargo from Chile for the Pacific Guano and Fertilizer Company, was sighted.

Next mail from San Francisco, 208 bags, will arrive tomorrow morning on the Matson steamer Wilhelmina, due off port at 9 o'clock tomorrow morning.

Next mail for San Francisco will leave on the Matson steamer Lurline at noon tomorrow. Mails will close at 10:30 tomorrow morning at the postoffice.

The U. S. army transport Sherman from Manila was sighted at 10:30 this morning, and was due to dock at Pier 6 this afternoon. She will steam for San Francisco about 9 o'clock this evening.

Of 450 sailors examined by Dr. William F. James of the public health service, as required by the Seamen's Act before certificates as able seamen can be issued, only 30 gave their birthplaces as the United States.

The Mauna Loa reports the following sugar awaiting shipment on Kauai, by bags and plantations: N., 4400; V. K., 850; McB., 5861; H. S., 8407; Koloa, 21,985; Makee, 15,000; Kilauea, 4150; Lihue, 5070; G. F., 3446.

Yesterday morning the Argentine Republic training ship Presidente Sarmiento steamed for Yokohama, continuing her 16th cruise around the world. She is en route to Buenos Aires via the Cape of Good Hope.

At 6:30 Saturday night the American-Hawaiian steamer Georgian steamed from Hilo for San Francisco, five days late, with 9368 tons of island sugar for overland rail shipment. She will load at San Francisco for the Far East.

The postoffice may despatch second-class mail matter, parcels, papers and the like, by the transport Sherman, due to leave this evening about 9 o'clock for San Francisco. Letter mail will be sent by the Lurline at noon tomorrow.

Iowa is the first state to establish a library of motion picture films of current events for the use of future historians.

HARIMA REPORTS MANY DREDGES AT PANAMA

Carrying general cargo and case oil from New York to Otaru and Hakodate, Japan, by way of the Panama Canal, the Japanese tramp steamer Harima Maru, Capt. K. Yamamoto, arrived this morning for bunkers and will resume her voyage tomorrow morning. She is docked at Pier 7.

Badly in need of paint, varnish and a general overhauling, the Harima took about twice as long to maneuver alongside the dock as a steamer in good repair would. She failed to answer the helm quickly, and nearly butted the harbor end of the pier when coming in; her winches worked badly and she acted generally as if there was something the matter in the engine room.

Capt. Yamamoto said his cargo is 4200 tons, and that he left New York March 30 and Panama April 16. The Harima is now owned by the Kobe Pier Company, which bought the aged vessel, built in 1885, from the Kishimoto Kisen Kaisha six months ago. The skipper claimed the ship was chartered six months ago by the Standard Oil Company at a rate of 25 shillings a ton, which, if true, means her owners are not getting rich from this voyage.

Dredging Progressing.

"There are half a dozen dredges at work in Culebra Gut," said Capt. Yamamoto, "and about 40 barges carrying away the dredged material. My ship draws 26½ feet of water, but there was plenty of water in the cut when we passed through."

Capt. Yamamoto expects to be able to make the voyage from this port to Japan in 16 or 17 days with good weather. The steamer has no passengers. She left New York on the same day as the Japanese steamer Tenyru Maru, which Capt Yamomoto says should arrive some time tomorrow from Panama.

BUSY TIMES ARE SCHEDULED FOR INSPECTORS

On the arrival of Supervising Inspector J. K. Bulger of the first steamboat inspection district tomorrow morning on the Matson steamer Wilhelmina from San Francisco, Mr. Bulger and Thomas J. Heeney, United States inspector of hulls, will have considerable work on their hands.

They will sit as a board of investigation into the grounding of the Inter-Island steamer Maui as she was leaving the harbor for Hilo recently and the grounding of the Inter-Island steamer Mikahala in last week's kona at Kalaupapa, windward Molokai.

After this is finished the inspectors will leave for Hilo to make an inspection of the tug Printer. This tug come over here recently to be inspected, but owing to the illness of Capt. William Howe, federal inspector of hulls, an inspection could not be made. Capt. Howe is still sick, and Supervising Inspector Bulger, whose district includes California, Arizona, Oregon, Washington, Alaska and Hawaii, is comng to take his place temporarily.

VESSELS TO AND FROM THE ISLANDS

(Special Wireless to Merchants' Exchange.)

SEATTLE—Sailed, May 8, U. S. A. T. Dix for Honolulu.

SAN FRANCISCO—Arrived, May 8, 11 a. m., str. Sonoma, hence May 2.

SYDNEY—Arrived, May 8, schr. J. H. Bruce, hence March 15.

HILO—Sailed May 6, 6 p. m., str. Georgian for San Francisco.

SEATTLE—Sailed, May 6, str. Hilonian for Honolulu.

MIDWAY ISLAND—Sailed, May 6, 5 p. m., schr. Flaurence Ward for Honolulu.

YOKOHAMA—Sailed, May 3, str. Persia Maru for Honolulu.

Radio Messages.

STR. CHINA—Arrives from Nagasaki Wednesday daylight; proceeds to San Francisco 5 p. m. same day. Passengers, 142 cabin, 41 second-class, 519 Asiatic steerage. Mail, 10 bags. Honolulu cargo, 179 tons.

TRANSPORT SHERMAN WILL TAKE AWAY 310

According to information at the local quartermaster's department the army transport Sherman, which reached port today will carry approximately 310 passengers from here to San Francisco. The number includes the following: First-class, 22; second-class, 19; troop, 240; sick, 7; prisoners, 22. One hundred and eighty tons of freight will be loaded here for San Francisco and the mainland.

PASSENGERS BOOKED

Per I.-I. str. Claudine, for Maui, May 8.—J. Fassoth, A. P. Hoester, Dr. Ochiai, Jack Linton, Mrs. T. B. Linton.

FUND FOR FRESH AIR CAMP ASKED FOR BY PALAMA

Palama Settlement workers will soon start a campaign for money to carry on the fresh air camp at Waialua. When asked how much was needed James A. Rath said:

"We will take all we can get. The more we receive the more unfortunate people we can take care of this summer."

Mr. Rath returned yesterday from a short visit to the camp, where he inspected a new water system that is being installed. He says the camp will open earlier this year, on June 26. It will be continued 10 weeks.

"By the new water system we will save $150," says Mr. Rath, "and we will have more water for our trees and flowers."

The fresh air camp is for the benefit of women and children who are in need of a change from the city, but who cannot provide for themselves. It is only one of the many departments of the Palama Settlement.

JAPANESE SAYS OFFICER CAUSE OF HURT HEAD

A Japanese, Kanita Taniguchi, was removed Saturday from the Kaneohe jail to the emergency hospital here for treatment upon order of Julius W. Asch, deputy sheriff. The Japanese' head had three distinct marks of blows with a blunt instrument, one of which cut his lips, tongue and chin so he cannot eat.

The man was placed under arrest Saturday at Mokapu by a special policeman, B. W. Roscoe, who says the Japanese assaulted him with a club filled with nails. The Japanese, on the other hand, declares Roscoe was the assailant. Friends of the Japanese say they will bring charges against Roscoe.

Commenting on the case, Deputy Sheriff Asch says that the Japanese works for R. W. Davis, deputy at Mokapu, and Roscoe is employed by Fred Harrison. There is some difficulty between Davis and Harrison over the division of land. The Japanese says he was fishing and Roscoe ordered him off the place. The Japanese refused to go and Roscoe knocked him senseless with a club, according to the Japanese.

POTTER CASE DISMISSED; DAMAGES ALL PAID, SAYS PROSECUTING ATTORNEY

The case of George Potter was stricken from the police blotter this morning. Mr. Potter was charged with violating a traffic rule when W. G. Lillis, chauffeur examiner, was slightly injured in an auto collision Saturday. Prosecutor Chillingworth recommended that the case be dismissed as evidence was insufficient and because Mr. Potter had paid all damages.

ALLEGED HOME-BREAKER FLAYED IN POLICE COURT

When a man breaks up a home it is time to quit.

This is the opinion of Prosecutor Charles F. Chillingworth as he expressed it during the trial of George Peterson this morning in police court. Peterson was fined $25 for being on the premises of James Goldstein May 3, without excuse. Notice of appeal was given.

Attorney Chillingworth said further than any man who would return to a place where he had caused so much sorrow, after "tanking up" on gin should be given a good thrashing.

Peterson recently served a prison sentence on a statutory charge, the authorities say. He was warned by the marshal not to return to the girl's home. Testimony this morning showed that he did this and refused to leave when so ordered. The judge found him guilty. Peterson says he was asked to come and went on business.

CITY ENGINEER FINDS GAS COMPANY AGREEABLE

George M. Collins, city engineer, had his little say today regarding the gas company's "bumps," which have been the occasion of much letter writing lately.

"The gas company has been very courteous," he declared. "Whenever I have had a complaint regarding the condition of the streets torn up by it a word over the telephone has resulted in prompt action. Some of the criticism made against it has appeared to me to be very unjust."

MULES TIE UP TRAFFIC.

Four heavily-laden mules tied up traffic on Alakea street this morning for a quarter of an hour. The mules were hitched to a couple of dump wagons filled with dirt which was being deposited at the Kapiolani building. Aided by a policeman and several passersby the driver finally induced the team to pull out of the way and let the assembling autos and street cars past.

COMMITTEE THANKS THOSE WHO HELPED MAKE FETE SUCCESS

The executive committee in charge of the Cherry Blossom Fete recently held at the Hawaiian Hotel will meet tomorrow morning and may make public the total receipts of the fete. Both spectators and workers pronounce the affair a distinct success and it is anticipated that at least $5000 will be forthcoming to add to the building fund for the proposed home for Japanese women and children.

In a statement to the Star-Bulletin today, the committee thanks not only those who assisted, but the public, in helping to make the affair a success.

"The Sins of the Mothers"

The most prodigious sensation ever presented to the picture patrons of the Pearl of the Pacific—Honolulu

REALISM ALTOGETHER INDESCRIBABLE

"THE SINS OF THE MOTHERS"

Appeals trumpet tongued to all who love their children

"The Sins of the Mothers" is a story of gambling. The Heroine is a beautiful girl with whom gambling in all its forms is a mania. She is loved by a strong man. Her future is before her but the gambling passion lures her.

First the bridge tables of fashionable society—then to the race tracks and finally to the notorious gambling hell kept by her mother—eventually the house is raided by her husband, who has become district attorney. He doesn't know that she.....

ST. ANTHONY'S IS DEDICATED WITH SERVICE

Special services at 10 o'clock yesterday morning, at which Mgr. Libert H. Boeynaems, bishop of Zeugma, officiated, served to dedicate St. Anthony's church, the handsome new Catholic edifice in Kalihi.

Bishop Libert was assisted by Rev. Father Ulrich Taube, pastor of St. Anthony's, and Rev. Fathers Patrick St. Ledger and Alphonsus. Several hundred persons attended the dedication, which was both successful and pleasing.

Following the dedication solemn high mass was celebrated by Bishop Libert, a special musical program being rendered by the orchestra and choir, led by Father Ulrich. The dedication sermon was delivered by Rev. Father Lenehan, chaplain of the 4th Cavalry, U. S. A. In the afternon an old-fashioned bazaar was held at the church. The Hawaiian Band played.

"DRUMMER EVANGELIST" SEEKS ISLAND DATES

Billy Williams, the "Drummer Evangelist," has written to A. E. Larimer asking if there was an opening here for a good evangelist. It is not known whether Mr. Williams is a traveling salesman or a member of a band, so Mr. Larimer stated that he would turn the letter over to the members of the Inter-Church Federation.

3-YEAR TRIP IS PLAN OF MR. AND MRS. F. J. GREEN

On a three years' trip which will include many months in the deep South Seas, Mr. and Mrs. Francis J. Green are outgoing passengers on the Oceanic liner Ventura this afternoon.

They will go first to Sydney and after touring a large part of Australia, New Zealand and New South Wales will voyage up into the South Seas. Eventually, if the war is over within the next two years, they will return to Honolulu by way of Europe.

Mr. Green is deputy trade commissioner of New South Wales for the Hawaiian islands, and will investigate southern commercial and trade matters with a view to drawing the attention of American and Australian businessmen to the advantages of more trade between the countries.

SPIRITUALISM IS DECLARED EVIL

The Peace Palace was well filled last night as Evangelist McCord spoke on the stirring topic as advertised: "Spiritualism Exposed." He said:

"Spiritualism, both in its ancient and modern forms, is Satan's masterpiece. This dangerous "ism" is rapidly controling the world, and is adding to its platform all that is most fascinating and dangerous in the false religious systems of today.

"Spiritualism must owe its origin to one of four things, namely: To fraud, to the spirits of our dead, to loyal angels, or to demons. Is it a fraud? We answer yes, and no. It is a fraud in that it misleads people as to the identity of its principal agents. It is not a fraud, for its wonders are not always accomplished by trickery. This is the testimony of such well known investigators as Alfred Russell Wallace, F. R. S., Sir William Crookes, F. R. S., Sir Oliver Lodge and many other prominent men in the scientific and literary world. These men tell us in grave and sober speech that the spirit of a girl who died 100 years ago appeared to them in visible form. She talked with them, gave them locks of her hair, pieces of her dress and her autograph. They saw her in bodily presence, felt her person, heard her voice; she entered the room where they were and disappeared without opening a door. These savants declare that they have had numerous interviews with her under conditions forbidding the idea of trickery or imposture.

"Is it the spirits of our dead? The word 'soul' and 'spirit' occur in the Bible over 1600 times, or the spirit an immortal spirit.

"Is it the work of loyal angels? It is impossible to believe that angels of light could so forget themselves as to be guilty of the pranks played by unseen forces in the seance chamber. Though they are all 'ministering' angels, still they would not stoop to the deception acknowledged by the mediums themselves.

"As spiritualism has flourished in the past so it will prosper to the end. It was spiritualism perhaps more than anything else that brought about the ruin of ancient Israel, and the same power is doing the same work among the professed people of God today. Spiritualism destroys faith in God and the Bible."

No meeting will be held at the Peace Palace tonight, but the subject for Tuesday will be, "The United States in Prophecy." Come and hear the history of this wonderful nation given in the Bible, and the part it will play in world politics and religion.

BIG ISLAND AND MAUI SUFFER FROM STORMS

Considerable damage has been suffered on Hawaii and Maui as a result of the torrential rains of the last week, according to news received in Honolulu. The storms on Hawaii were accompanied by thunder and lightning, some damage being done by the latter at Olaa. On both islands the roads suffered as a result of the downpour. Manager Charles F. Eckart of Olaa Plantation, while driving along the government road in his automobile, narrowly escaped being struck by lightning.

TENDERS ARE SOUGHT FOR BUDDHIST TEMPLE

Tenders for the construction of the $90,000 Buddhist temple to be erected in upper Fort street are called for in an advertisement inserted in today's papers by Emory & Webb, architects of the building. They are to be opened June 5.

Y. M. C. A. OFFICERS TO BE CHOSEN THURSDAY

The annual election of officers of the Y. M. C. A. will be held at the association building on Thursday at 12:30 p. m. The 15 directors will choose the officers for the coming year. Those holding office at present are: Frank C. Atherton, president; W. G. Hall, vice-president; Robert Anderson, secretary, and Richard A. Cooke, treasurer.

According to information which has reached Honolulu, Manuel R Jardine, postmaster at Homestead, Kauai, attempted suicide last Friday by shooting himself with a revolver. Jardine told Deputy Sheriff Blake that the abuse which he received from friends on account of drinking led to the suicide attempt. He is now in the Koloa hospital and is expected to recover.

ARMY & NAVY

TRAINING TIME BUSY ONE FOR 1ST INFANTRY

Following is the schedule of garrison training for the 1st Infantry, U. S. A., Schofield Barracks, as outlined in a general order from regimental headquarters:

1st Battalion—Preliminary instruction range practise, July; range practise, August. Company instruction per week, five days in May, four days in June, three days in September and four days in October. Battalion instruction per week, one day in June, one day in September and one day in October. Regimental instruction, days per week, one in September and one in October.

2d Battalion—Preliminary instruction, range practise, May; range practise, June; company instruction, days per week, July 5, August 4, September 3, October 3. Battalion instruction, days per week, September 1 and October 1.

3d Battalion—Preliminary instruction, range practise, June; range practise, July; company instruction, days per week, May 5, August 4, September 3, October 3. Battalion instruction, days per week, August 1, September 1, October 1. Regimental instruction, days per week, September 1, October 1.

Headquarters Company — Preliminary instruction, range practise, July; range practise, August. Company instruction, days per week, May 5, June 5, September 5 and October 4. Regimental instruction, October 1.

Machine Gun Company — Range practise, July. Company instruction, days per week, May 5, June 5, August 5, September 5 and October 4. Regimental instruction, October 1.

Instruction of Machine Gun Company in musketry and gun firing will be conducted as prescribed in Par. 10, Page 3, Memo, May 1, 1916, and instruction in musketry by training of men on special duty will be regulated as prescribed in Par. 7 of that memorandum.

During the months not set aside for preliminary instruction for range practise and range practise for respective battalions, parades by battalion: 1st Battalion, Monday; 2d Battalion, Tuesday; 3d Battalion, Wednesday. In September and October regimental parade, Fridays

BUSY SUMMER AHEAD FOR 25TH INFANTRY

Orders have been issued from headquarters of the 25th Infantry, Schofield Barracks, outlining the training season, which is to last from May 1 to October 31.

Company, battalion and regimental training, tent pitching, signaling, first aid and bayonet combat, physical training and final inspection at the close of the season will fill in the time with many activities.

The remainder of this month will be used in preparation for range firing. June, July and August will be devoted to company training; September to battalion training, and October to company, battalion and regimental training.

HEARING OF SYLVA ON HOMICIDE CHARGE IS PUT OFF TO FRIDAY

John F. Sylva's name was called in police court this morning for a hearing on the charge of manslaughter in the first degree in the case of Policeman Fred Wright. The case was postponed until Friday.

NAVAL MILITIA MAY SOON SEEK TRAINING SHIP

Students of Situation Believe Smaller Type of Boat Best Here

That Hawaii's territorial naval militia will be sufficiently organized within a few months' time to warrant requesting the federal government to send a training ship here is the belief of officers and men of the organization. The request, when made, will reach the federal authorities through Governor Pinkham.

Considerable discussion has arisen here among those interested as to what type of ship should be asked for in the petition, and though there is a deal of grandeur about handling a big cruiser, it is generally felt that such a ship would not be suited for the local militia.

On the other hand a small vessel, such as a torpedo boat destroyer, would be a very suitable means of cruising about these waters. Instead of being tied up for the greater part of each year to be used only for drill work of the stationary sort it could be used for several cruises of short duration during the twelve months.

It is felt that an oil burning vessel would also be looked on with favor here rather than a coal burning boat, but students of the situation point out that the prime requisite would be a vessel of not too large proportions.

Though no commander has been chosen yet for the sailor militia, equipment is coming gradually and being put to good use. Already the natty white and blue uniforms have been received and early last week were worn in downtown streets for the first time.

In addition to the uniforms there are 120 rifles and a similar number of belts, bayonets and canteens. The officers at present are as follows: Executive officer, Lieut. Richard E. Lambert; surgeon, William C. Hobdy; paymaster, Cyrus D. Bishop; ensign, 1st division, William H. Stroud; lieutenant, second division, John A. McKeown; ensign, Leslie W. Branch.

BRONCO BUSTING WILL BE STAGED BY 4TH CAVALRY

Broncho busting of the real old Wild West type will be demonstrated soon by boys of the 4th Cavalry, Schofield Barracks, upon the score or so of Hawaii ponies that have just been purchased by Lieut.-col. J. B. Houston of the Quartermaster Corps. The horses are expected at any time now, and cavalrymen versed of old in the lore of the range are looking forward with eagerness to the coming events.

Good riders are not scarce in the 4th Cavalry, and it is safe to say that the wiry ponies, fresh from the grass-clad foothills of Mauna Kea will be ridden "straight up" and without any pulling of leather. The horses are to be shipped on Inter-Island steamers to this port. Besides the horses for cavalry purposes nearly a score are also expected for the field artillery at Schofield Barracks.

K BOATS WILL CRUISE TO LAHAINA IN JUNE

About June 1 the four submarines of the third division, the K-3, K-4, K-7 and K-8, will leave their Pearl Harbor base for a cruise to Lahaina, Maui, and return, accompanied by the submarine tender Alert.

The K-4 is in drydock here today, having her bottom cleaned and painted. The division will be stationed in and around Lahaina for a month for target practise and sea maneuvers.

Robert Beckerman, a sailor from the K-4, is in the department hospital at Fort Shafter today, recovering from a fall of 12 feet from a stage on the drydock Saturday, where he was busy working on the ship's hull. He received a sprained shoulder and was generally shaken up. The man is doing finely, the hospital reported today, and should be out in a few days.

COMPANY A TO DRILL TONIGHT FOR CONTEST

Company A, 1st Infantry, N. G. H., will turn out tonight at 7:30 o'clock for drill, preliminary to the military contests to be held next Sunday at the Capitol grounds. Capt. Henry P. O'Sullivan is very anxious that a large number of men report tonight, as these preliminary drills are very important.

NEW BUILDING READY AT KAMEHAMEHA SOON

Of the five new buildings at Fort Kamehameha to be used as quarters for officers the first will be completed within a month, according to officers at the quartermaster's department today. The new buildings will be modern in every detail, and adapted especially to the Hawaiian climate. Work on the new barracks at Fort De Russy is progressing well.

GOLD DUST PAIR WIN FIRST PRIZE AT MASKED BALL

Gold Dust Twins, Charlie Chaplins, Sailor Suffragettes, Native Flower Girls, and Yama Yamas by scores, together with more than a hundred other varieties made up the dancers in the mask ball at the armory on Saturday night.

Beyond a doubt the dance was the most successful of the benefit series yet held there, both in numbers and in excellence. From 500 to 600 persons attended, and most of them danced. Music furnished by the Royal Hawaiian Glee Club proved highly enjoyable, and made for much of the success of the evening.

Sergt. Bruce W. Shelton, who had charge of the affair, is highly pleased with the results of the dance. The next dance is to be given May 20.

Two girls, dressed as the original "Gold Dust" twins, won the prize, which was an immense box of candy. A Charlie Chaplin who paraded throughout the evening was considered by many as a close contender for first honors.

WILL WED OFFICER OF BRITAIN'S ARMY

Announcement of the engagement of Miss Sylvia Wilder of Washington and Lieut. Alvary Gascoigne of the British army has just been made at the national capital. Miss Wilder is a daughter of Col. Wilbur Elliot Wilder, formerly commander at Schofield Barracks, and is well known to Honolulu's society set. Lieut. Gascoigne is now with the British army in Flanders. It is planned that the wedding shall take place in Washington next autumn

ORDERS OF THE HAWAIIAN DEPT.

Pursuant to instructions from the war department, Quartermaster Sergeant Joseph D. Novotski and Pvts. Victor L. Hill, Adam A. Jankowski and Fred F. Robertson, Company H, 1st Infantry, will be sent to Fort McDowell, Cal., on the first available transport for discharge on account of moral degeneracy.

AUTO ACCIDENT VICTIMS KNOWN BY MANY HERE

With both relatives and friends of the army officers who were killed and injured at Lawton, Oklahoma, in an automobile accident last Saturday, residing on Oahu, the incident has brought a spirit of sadness over the local army posts.

Lieut. Harold S. Naylor, who was killed, was a brother of 1st Lieut. Charles J. Naylor of the 4th Cavalry, Schofield Barracks, and 2nd Lieut. John E. McMahon, 3rd Field Artillery, who was injured, is a son of Lieut.-col. John E. McMahon, 1st Field Artillery, at the same post. Lieut. Naylor was well known in Honolulu as a polo and golf player. He left here about six months ago. He was 33 years of age and is survived by a widow and two small daughters.

Young McMahon is a student officer at the military school, Fort Sill, Oklahoma. Lieut. E. E. Pritchett, 5th Field Artillery, who was killed in the accident passed through here on his way from the Philippines in February. He leaves a widow and three small daughters. Richard C. Scott, 4th Field Artillery, the fourth member of the party, was also seriously injured.

Mrs. Naylor is the daughter of Col. William A. Simpson, and Mrs. Pritchett is the daughter of Col. John A. Lundeen, C. A. C.

The Lieut. Scott referred to in the telegraph despatches is probably 2nd Lieut. Richard C. Scott, 4th Field Artillery.

Col. McMahon received a telegram yesterday morning from Lieut.-col. E. F. McGlacklin, 5th Field Artillery, Fort Sill, informing him that the report that Lieut. McMahon had been killed was incorrect and that his son was only moderately injured. Lieut. Scott is seriously injured.

Col. McMahon cabled for more details.

Fort Shafter Notes

[Special Star-Bulletin Correspondence]

FORT SHAFTER, May 8.—On account of the heavy winds and rain last week at the fort the troops on the target range were unable to get but little practise at shooting and on several occasions were forced to return to the barracks before the scheduled time. However, today weather conditions were more favorable and the work commenced in earnest.

The dance given by Col. F. W. Mansfield Camp No. 8, U. S. War Veterans, at its hall on Friday evening was well attended considering that it was such a rainy night. About 100 were present and all had a most delightful evening. The Pali Glee Club furnished the music for the dancing and it was after midnight before the guests departed. Delicious refreshments were served during the evening. These dances are growing in popularity with the enlisted men and each dance finds an ever increasing attendance, for a most pleasant evening is always given to everyone

Upon the recommendation of the commanding officer, Company A, 2nd Infantry, Lance Cpl. James W. Gulley has been appointed corporal, vice Goodwin, furloughed and transferred to the army reserve.

A telegram has been received at the fort from the department commander directing all post commanders to grant enlisted men of their commands whose services can be spared permission to participate on Decoration Day, May 30, in the memorial services to be conducted in Honolulu under the auspices of the George W. De Long Post, Grand Army of the Republic.

Capt. Edwin S. Hartshorn, 2nd Infantry, has been detailed on the general court martial as a member, relieving Capt. Edward A. Hickman, Signal Corps. This is due to the fact that Capt. Hickman has been detailed by the war department to inspect the company of the Signal Corps, National Guard of Hawaii.

Upon the recommendations of their respective company commanders, the following promotions have been made at the Fort: In the Machine Gun Company, Crpl. Richard Stockton, to be sergeant, vice Pain, furloughed and transferred to the army reserve. Pvt. Neil A. Twamsley, to be corporal, vice Stockton, promoted.

In Company B, Pvt. Harry T. Newman, to be corporal, vice Stauffer, reduced

In Company H, Cpl William Hayes, to be sergeant, vice Kearney, appointed first sergeant.

In Company K, Cpl. John Lee, to be sergeant, vice Hailparn, transferred Pvt. John H. Williams, to be corporal, vice Lee, promoted.

HONOLULU, TERRITORY OF HAWAII, MONDAY, MAY 8, 1916. NINE

AMERICAN PATROL PUTS UP PLUCKY FIGHT IN BANDIT RAID ON BORDER

Texas Towns Looted and Two Americans Kidnapped By Raiders

U. S. CAVALRYMEN LOSE SEVERAL MEN IN SCRAP

Funston Starts Punitive Force on Trail of Marauders; Rangers in Pursuit

[Associated Press by Federal Wireless]

WASHINGTON, D. C., May 8. — Taking advantage of the exposed condition of the Texas border, a body of 200 Villa bandits crossed the Rio Grande, Friday night near Boquillas, Texas, rode 15 miles into the state, attacked a detachment of American cavalry stationed at Glen Springs, killed three troopers, looted the stores and residences of the place and swung back to the border again, stopping long enough to kidnap two Americans and brutally murder a deaf mute lad, who could not answer their questions.

Despatches from El Paso announced last night, shortly after the facts of the raid became known, that Gen. Funston had acted promptly and has ordered four troops of cavalry to the scene of the raid, and it is expected that the troops will lose no time in crossing into Mexico after the Villistas.

Three Towns Looted.

While Glen Springs was the main objective of the raiders, Deemers and Boquillas also suffered. Boquillas was the scene of the kidnapping, and stores and houses were looted by the robbers.

At Glen Springs there was a border patrol consisting of nine men of the 14th United States cavalry, in charge of a non-commissioned officer. The men were quartered in a small adobe house, back of which was the corral for their horses. The first intimation the troopers had of the approach of the raiders was the sound of bullets striking against the adobe wall of their quarters, followed by the crack of rifles. Then came a chorus of wild yells as the bandits, almost 20 to 1, poured into the town.

Troopers Put Up Game Fight.

Although so greatly outnumbered the cavalrymen put up a game defense. For three hours they held the adobe house, until the walls were like seives, as the bullets from the rifles of the robbers sang through them. Time after time the Americans drove back charges of the attackers, emptying many of the Mexican saddles and losing three of their own men shot down behind the only protection available. Several of them were wounded.

The bandits continued on until they reached Boquillas, where there is a good ford across the river.

In this town they are said to have repeated the outrages they had already committed at Deemar and Glen Springs. Here they kidnapped two of the American citizens of the place, lashing them upon the already overburdened cavalry mounts, and forcing them to accompany the column.

Texas Rangers Take Up Chase.

The news of the raid was a long time in getting out, but it finally reached the line of the railroad yesterday morning, and the whole district is ablaze with indignation. A body of 50 range riders and cow men gathered at the little town of Marathon, on the railroad, and began the pursuit of the robbers, vowing that if they are captured every member of the band will be hung on the spot.

'BRITAIN'S SWORD UNSHEATHED TILL WRONGS RIGHTED'

Lord Cecil, in Statement, Declares Prussia's Power Must Be Crushed

[Associated Press by Federal Wireless]

LONDON, England, May 7.—Lord Cecil, speaking in the name of the British government, yesterday issued a statement in regard to the German reply to the United States, covering those points in which the British are accused of violations of the international law respecting war.

"The German note contains glaring misstatements concerning the actions of Great Britain," he said. "The measures which Great Britain have taken against German trade have been carried on with a scrupulous regard for the lives and safety of neutrals and no innocent blood has been shed in the carrying out of the orders of the British admiralty.

Lawlessness Preceded the Blockade.

"Germany claims today that her submarine campaign was undertaken as a measure of reprisal for the orders in council establishing a food blockade of Germany by Great Britain, but her submarines attacked without warning, and sunk merchant shipping before the British blockade was ever established.

"The wanton slaughter by German troops, acting under orders at times, of old men, women and helpless children in occupied territory in Belgium and in Northern France belies all the pretended tenderness which the Germans now profess towards noncombatants.

"No later than in April the German chancellor declared that Germany would never run short of bread or grain, despite the British blockade, while in his note to the United States he now declares that England is starving Germany."

Lord Cecil's statement quotes Count Bismarck and Count Caprivi as justifying every step the British have taken in the ordering of and the carrying out of their blockade, and then concludes with the following reply to the German suggestion that terms of peace offered by Germany had been ignored by the Allies:

British Peace Terms Remain Unchanged.

"It may well be that Germany wants peace, or it may be that the suggestions made in the note are there only to make it appear that Germany is inclined towards peace. Our attitude is the same today as it was the day war was declared. It has never changed. We drew the sword unwillingly and will sheath it gladly, but we will never abandon our task until we have reestablished the supremacy of law over national lawlessness, have made certain of the sanctity of treaties solemnly entered into, have established the right of the small nations to live and have removed forever the menace to the civilized world of Prussian militarism."

IRISH REVOLT IS CRUSHED; MANY KILLED IN SCRAP

Thousand Prisoners En Route to London to Stand Trial For Treason

[Associated Press by Federal Wireless]

DUBLIN, Ireland, May 8.—The finishing touches to the Irish revolt are believed to have been completed and the smouldering embers of the rebellion have been stamped out effectively. One thousand prisoners are reported to be on their way to London, where they are to stand trial for the crime of treason, or to begin serving sentences already imposed upon them by local courts.

The official estimate of the number of dead has not been given out, but there have been at least 150 civilians killed. The number of wounded and injured in the fighting or by tumbling walls of houses is still unpublished, although various estimates and reports have been printed.

The Countess Markovicz, one of the leaders of the revolt, who was tried and sentenced to death, has been reprieved and her sentence commuted to life imprisonment.

According to despatches from London, Lewis Harcourt has been appointed to succeed Augustine Birrell as chief secretary of Ireland.

IN WAR ARENA

GERMANS GAIN TRENCHES ON WESTERN FRONT

LONDON, Eng., May 8—The French report states officially that the infantry attacks on Hill 403 have not been resumed, although the artillery bombardment by the Teutonic heavy guns continued all day and well into the night. On both sides of the Meuse, however, in other sectors of the long Verdun front, the Teutons pushed forward again, adds the statement. They forced their way into the advanced trenches east of Hill 304, despite the heavy fire from the French 75s and hand grenade attacks by the French grenadiers.

Gain Near Douaumont.

Between Haudremont wood and Fort de Douaumont, the Germans finally won a footing in the first line trenches held by the French. No mention is made of counter-attacks.

The Germans attempted a strong reconnaisance south of St. Mihiel, but the French troops which encountered it, drove them back without trouble. A patrolling force near Lanfroicourt, which encountered a French command, also was routed with the loss of many men.

Allied Transport Reported Sunk.

Berlin reports that the Overseas News Agency has received word of the sinking of a large allied transport in the Mediterranean Sea late last month. The vessel, which is said to have struck a mine, was carrying Russian troops, and 600 of them are said to have drowned when she foundered.

The German official statement announced that a Teutonic warship succeeded in sinking an English submarine, the E-31, west of the Danish coast on May 5. This statement is flatly contradicted by the British Admiralty.

On the lower Stripa river front the Russians have apparently begun a new advance and the late reports last night announced that they have been pressing forward over a wide theater.

BERLIN HEARS SOUDAN TRIBES IN REVOLT

BERLIN, Germany, May 7.—An Overseas despatch announces that Great Britain is now facing serious trouble in the Soudan, where the Arabs have organized an extensive revolt. The news reaches here by way of Constantinople.

The Constantinople correspondent states that the revolution, which has already attained large proportions, is headed by Ali Dinar, the Iman of Darfour, who is at the head of troops with 8000 camel cavalry. This force is said to be marching on the British station in Northern Soudan and is such that the British cannot make a successful stand and are falling back towards the Nile.

NAVY DEPARTMENT AND BATTLESHIP TALK OVER WIRELESS PHONE

[Associated Press by Federal Wireless]

WASHINGTON, D. C., May 7.—By means of wireless telephony the navy department and a warship at sea were in touch yesterday for the first time in the history of the navy. At the same time the department was in touch with a number of the land stations and orders were telephoned direct to several commanders.

OHIO BULL MOOSERS GO UNINSTRUCTED TO CHICAGO CONVENTION

COLUMBUS, Ohio, May 7.—The Ohio Progressives yesterday elected their delegates to the Chicago Progressive convention. The delegates have been given no instructions and will go with free hands.

PRESIDENT STILL STUDYING NOTE FROM GERMANY

[Associated Press by Federal Wireless]

WASHINGTON, D. C., May 8.—Secretary of State Lansing, following a lengthy conference at the White House, announced that President Wilson has not as yet made up his mind regarding his course of action with reference to the last German note, replying to the American demands that Germany cease her illegal submarine warfare against merchant ships.

A little later it was authoritatively announced that should a German submarine sink another vessel carrying American passengers diplomatic relations will be severed with Berlin without waiting for an exchange of communications.

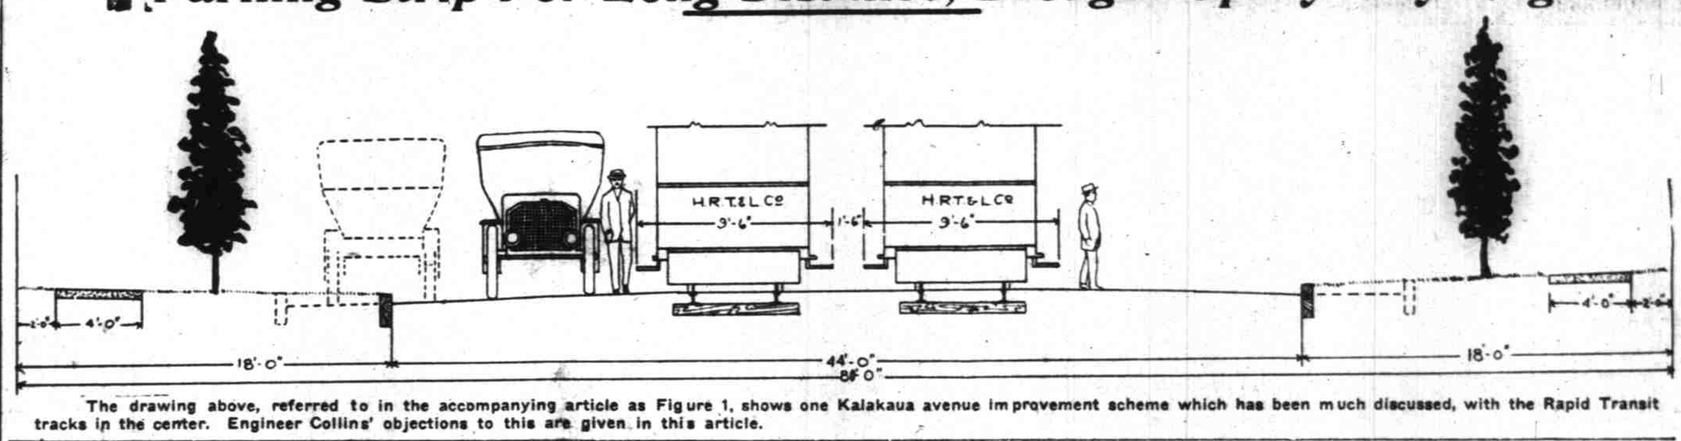
PRESIDENT JIMINEZ' RESIGNATION CLEARS DOMINICAN CRISIS

[Associated Press by Federal Wireless]

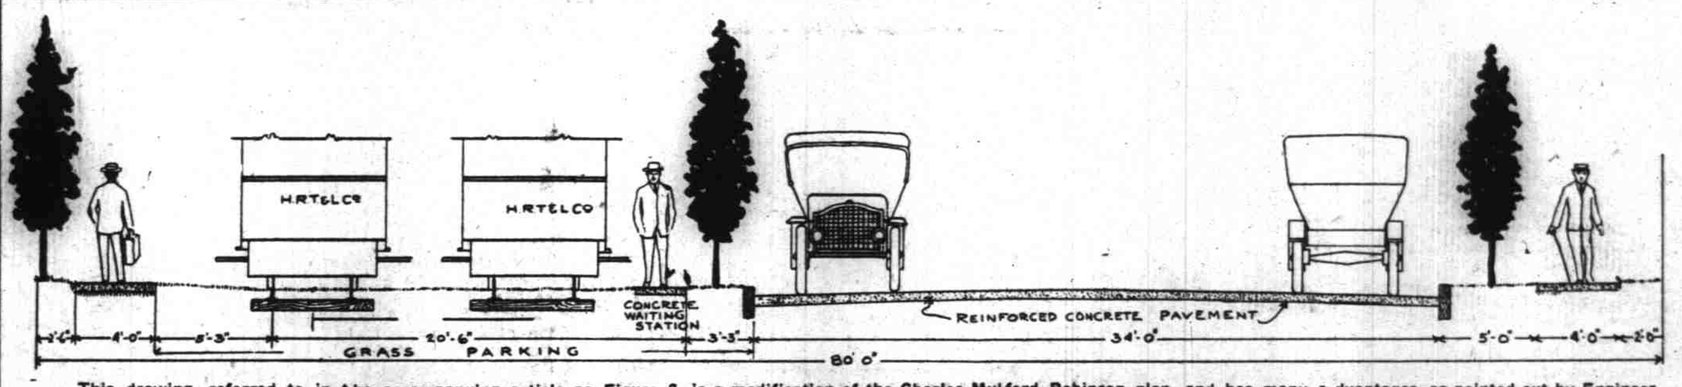
SANTO DOMINGO, San Domingo, May 8.—President Jiminez has resigned to prevent armed intervention of the United States. Order has been restored and Congress will appoint a provisional president, to serve until an election can be held.

It is estimated the unfilled tonnage of the United States Steel Corporation in January showed an increase of 200,000 to 300,000 tons.

Radical Changes in Kalakaua Avenue, Including Tearing-Up of Parking Strip For Long Distance, Brought Up By City Engineer



The drawing above, referred to in the accompanying article as Figure 1, shows one Kalakaua avenue improvement scheme which has been much discussed, with the Rapid Transit tracks in the center. Engineer Collins' objections to this are given in this article.



This drawing, referred to in the accompanying article as Figure 2, is a modification of the Charles Mulford Robinson plan, and has many advantages, as pointed out by Engineer Collins. It cuts the width to be paved from 44 to 34 feet and is expected to allow faster movement of traffic of all sorts.

Supervisors to Receive Recommendations for Change in Car-Tracks and Routes for Other Traffic on City's Principal Boulevard—Drawings Illustrate George M. Collins' Plan

Radical changes in the improvement scheme for Kalakaua avenue are recommended in a report to be made by George M. Collins, city engineer, tomorrow night at the meeting of the board of supervisors. In a blue print accompanying the report he shows all four of the various schemes proposed for the development of the avenue, the objections to each and its favorable points. Two of these schemes are indicated in the drawings above.

He urges that immediate attention be given to the avenue "in order that construction may be completed before the coming tourist season and before additional money is spent for temporary repairs."

There are many detailed exhibits and tables included in the report—exhibits and data that the residents of that district would be especially interested in, but which are too lengthy to print here. They may be seen in the office of the city engineer, or of the county clerk, in the McIntyre building.

The report recommends that the parking in the center of the road between Ena road and Makee road be abandoned, that the type of pavement to be laid be changed from bitulithic to reinforced concrete and that the scheme of sub-drainage suggested by Charles R. Forbes, superintendent of public works, be abandoned.

The scheme Collins proposes will give the Rapid Transit Company room for double-tracking at any time, without the necessity of tearing up a permanent pavement the city has paid for, provide a clear roadway 34 feet wide, sidewalks four feet wide, waiting stations of concrete for the alighting street car passengers to stand on while traffic passes and room for a row of trees down the center of the roadway in the transit company's strip.

Hopes to Save Taxpayers Money.

In a summary of his plan's advantages, Collins declares that among other things it will mean that the board of supervisors will be able to pay 45 per cent of the entire cost and that it will reduce the assessment against abutting property owners from $5.58 a front foot to $3.45 a front foot.

There are five street cross sections on a blue print Collins has included in his report. The first shows Kalakaua avenue as it is constructed from King street to Ena road. This he describes as the ideal treatment of an 80-foot boulevard without car tracks.

The next cross section is of Kalakaua avenue as it is at present from Ena road to its end with a ten-foot parking in the center, 20 feet of roadway from the parking to the makai curb and 12 feet of sidewalk space on that side, 30 feet of road with car tracks running over it and 8 feet of sidewalk space on the mauka side. He points out the objections to this: Permanent pavement laid and paid now on the mauka side of the street will have to be torn up when the avenue is double tracked by the traction company, with double tracking there will not be room for an automobile to pass two street cars, it does not lend itself to good traffic operation readily, it will not accommodate the constantly enlarging stream of traffic on the avenue a few years from now, it does not provide safe parking facilities for automobiles on either side of the street, it does not provide for openings in streets to be laid out on the mauka side by the Waikiki reclamation scheme, it is unnecessarily expensive as the parking costs much to maintain, when permanent pavement is laid it will be a menace to life as traffic will travel faster, it requires 44 feet of paving against 34 in scheme he recommends.

One Plan Opposed.

The next section (figure 1) shows the car tracks in the center of Kalakaua avenue, a scheme that has been much talked of by supervisors, property owners and others interested. This Collins objects to as it does not allow for parking space for automobiles on either side of the street, as automobiles cannot pass each other alongside a street car, as passengers alighting from the cars step directly in front of the fast traffic down the avenue, as there would be much opposition from the street car company because of the expense to it and consequently delay in getting the improvement and as it gives a commercial aspect to the road.

The fourth drawing shows the scheme proposed by Charles Mulford Robinson in his report on "Boulevards and Drives for Honolulu." Modified as shown in the next drawing (figure 2), Collins believes it is the right scheme of improvement.

What Collins Favors.

Beginning on the makai side of the 80-foot road, the first 11 feet is set aside for sidewalk and parking, the next 34 feet for concrete roadway, then comes a curb, a strip of grass, a concrete waiting station (at every corner), the street car tracks with grass between and then the sidewalk. This would provide parking facilities for automobiles on both sides of the road, would cut the width to be paved from 44 to 34 feet, would provide plenty of room for passing, would eliminate street car interference with traffic, would afford safety to passengers alighting from the cars as they would step out on a waiting station curbed from the traffic, would allow faster and better street car transportation, would allow construction independent of the Rapid Transit Company, would eliminate the probable opposition of the transit company with its consequent delay, would furnish a place where the sewer and gas pipes could be installed without tearing up the pavement every time repairs or changes are made, would allow faster and safer motor traffic, so Collins says.

But he notes one objection to the scheme. It would necessitate parking automobiles 30 feet from the property line instead of 12 feet on the makai side of the street. This is in his report.

Brought Forward for Discussion.

Privately he admits that there may be other objections to the scheme, and says that he has brought it forward primarily for purposes of discussion, believing it to be the best scheme of all that have been proposed yet knowing that there are objections to it. "It has been said that children will wander over the grassed tracks more readily than out into the street, and that there is that danger in the scheme," Collins said this morning. "Again, it has been pointed out that people alighting from the cars will have to cross the tracks in some instances. Cars will not run oftener than at five minute intervals out there, so I do not see that that is a very strong objection, but I have picked flaws in all of the other schemes and I am perfectly willing to have others pick flaws in mine. I consider it the best of all. It is up to the supervisors to decide what they want to do."

Much study of conditions affecting the pavement and improvements on Kalakaua avenue was made by the engineer before his recommendations were made. His report deals with the growth of Honolulu, showing by graphic curves that it will probably reach 100,000 by 1930, exclusive of an army population that is to reach 30,000 next year and may be many times that in 1930, with the Waikiki reclamation scheme of the territory, by which streets are to be cut through Kalakaua avenue every 240 feet and which will add at least 1000 people to the population of the immediate district; with the development of Kapiolani park, the public baths, the hotels along the avenue, the beaches and the aquarium, which will cause the double tracking of the avenue in future; with the traffic on the avenue, which was counted from 6 a. m. to 10 p. m. on April 23; with the change from horse to automobile traffic in the territory as shown by taxes collected on vehicles; with a dozen minor facts that will affect the avenue in the future.

Urges Use of Concrete.

Study of the traffic conditions on Kalakaua avenue, which he found to be 95 per cent automobile beyond Ena road, convinces him that a reinforced concrete pavement six inches thick with a squeegee coat of road oil and stone screenings will furnish a satisfactory road, Collins declares in his report. He says that the present and future use of the road, with practically nothing but rubber-tired vehicles running over it, does not warrant a more expensive pavement. A bitulithic surface is recommended in a report he made about two months ago, on instruction of the supervisors, but he declares in this report, which contains his own opinion, that if necessary the roadway can be surfaced at some future time with a bituminous top of bitulithic or Topeka specification.

He recommends concrete as the proper pavement for the avenue as it is particularly adapted for the class of traffic on Kalakaua avenue, is reasonable in cost and within the means of the city, and as it must be used as a base for any type of pavement. He points out that the city must pay 45 per cent of the cost of the improvement and declares that a pavement of relatively low cost, as concrete, should be specified.

Shows Cost Difference.

In a table of costs he shows the difference between the scheme at present before the board, paving the entire present surface with bitulithic, and the scheme he proposes, paving a 34-foot width with concrete. Under his scheme there are 26,950 square yards of paving to be done at an estimated cost of $2.75 a square yard for bitulithic and $2 for concrete. Under the scheme now before the board there are 35,060 square yards of paving to be done. The assessment per front foot against the property owner under his scheme is $4.39 for bitulithic and $3.45 for concrete. Under the other scheme it is $5.58 for bitulithic and $4.31 for concrete.

The cost to the city and county ranges from $33,880 for concrete on his scheme to $54,177 for bitulithic on the present scheme.

Sub-drainage of the road he deems unnecessary, as the level of ground water and the surface of the water in the ponds and ditches bordering upon the avenue stands at the elevation of high tide. He declares sub-drainage impractical under abnormal conditions such as existed early this year. Charles R. Forbes, superintendent of public works, strongly recommended that a system of sub-drainage be installed when Kalakaua avenue was improved, in an address to the board on the subject late in February.

Every business has a DOMINATING IDEA that offers it success in the easiest, quickest and best way.

The dominating idea of the Star-Bulletin is that it goes into the home in the evening when the whole family is at home talking over their buying for the morrow.

Why not let it present, at that time, the dominating idea of YOUR store, Mr. Merchant?

—THE AD MAN.

THEATRICAL OFFERINGS

MIRACLE MAN BY GEORGE COHAN BIJOU OFFERING

George M. Cohan, the versatile American comedian, musical-comedy star, playwright, producer, author, songwriter, theater manager and all the et cetras that can be found in the theatrical profession, was never considered, even by his most ardent admirers or closest friends, as a dramatist. "Little Johnny Jones," "45 Minutes From Broadway," "Yankee Doodle Boy," and offerings of a like nature have brought fame and dollars to the Cohan coffers—all being in a "lighter vein." Now comes Cohan with a genuine surprise—a gripping comedy-drama, in which the dramatic action surpasses the work of most leading writers of the "heavy" of the present generation—"The Miracle Man."

At the Bijou theater, commencing tonight and continuing tomorrow and Wednesday, the Lytell-Vaughan players will present "The Miracle Man," and it is said to be one of the very big things in the splendid repertoire of this superior company of artists. The Lytell-Vaughan players do all things well that they have thus far essayed, and it is a foregone conclusion that in their hands the work of Cohan will not suffer.

The play takes its name from the principal character, an old faith healer known as The Patriarch (E. D. Hales). To his little community comes a gang from New York, three men and a woman (Evelyn Vaughan, Bert Lytell, Henry Shumer and Alexis Luce). Their plan is to turn the extraordinary abilities of the Patriarch to their own profit by commercializing his spiritual powers. How the Patriarch, in his turn, combats and converts the crooks and leads them to travel "straight" is the theme around which Cohan has built his remarkable story. The entire company is in the cast, with those already mentioned in the larger roles.

In this offering Hales is given his first big opportunity since the opening of the stock season. He has shown himself a clever character actor in everything he has undertaken and should prove a prime favorite after tonight's performance. Miss Vaughan and her talented partner, Bert Lytell, as the leaders of the gang of bunco steerers, have big parts and can be relied upon to extract all that is in them, while Henry Shumer, who made the hit of the last show in the role of "Boney," the "nut," and Alexis Luce should do good work as members of the gang.

DAINTY ACTRESS CHARMS CROWD

Arrangements are always made by the manager of the Liberty theater for the handling of a "larger" crowd when a few of the brighter stars of Paramount pictures are due to appear. Marguerite Clark is one of these stars and the crowd that packed the Nuuanu street playhouse last night was sufficient evidence of the good judgement of the manager. Marguerite Clark, either on the stage or screen, is a delightfully bewitching little actress. Dainty is the word which best fits this little lady in her present feature film, "The Prince and the Pauper."

"The Prince and the Pauper" is the first work from the pen of Mark Twain to be handled by the cameraman as a photo-play and, provided Honolulu audiences may be taken as a criterion, it will shortly be followed by other works from the same author.

Marguerite Clark, of course, is entrusted with the dual role, that of the prince and that of the pauper. The prince would be a beggar and the pauper would be a prince. Through their great resemblance the opportunity presents itself and the change of positions is made. With the transition each has a different slant on life and the pauper quickly tires of being a prince while the prince equally as soon tires of being a pauper. Each longs to return to his former and natural mode of existence. Mark Twain's burning satire is not lost in the picture. "The Red Circle," chapter three, adds to the interest and fascination of this, the latest serial.

TWO FINE PLAYS CLOSE TONIGHT

Good things come to an end quickly! This is true of theatrical as well as other things in life. Witness the big double bill at the Hawaii theater, which will be shown for the last time tonight. Dustin Farnum, Enid Markey and Louise Glaum will close in "The Iron Strain," a Thomas H. Ince production, and Raymond Hitchcock, Mabel Normand and Mack Sennett will close in "My Valet," a Sennett production, with the performance of this evening.

This combination of feature films is easily one of the banner bills of the Hawaii theater. It introduces a galaxy of talent such as is seldom got together on one program.

Dustin Farnum has been seen here before and often. His work is well known to local lovers of the silent drama. In "The Iron Strain," a story dealing with society life in San Francisco and the more rugged existence in an Alaskan mining camp, he has a splendid opportunity to display his remarkable talents.

Raymond Hitchcock is one of those American comedians who haunt New York and but seldom is seen off Broadway. As a consequence a Hitchcock film is a big drawing card and popular with film followers. Mabel Normand is no stranger in this city, having appeared here in "Tillie's Punctured Romance," and several other of the Chaplin features. "My Valet" is a "comedy of comedies," Mack Sennett being one of the big specialties on this line of work, both as a producer and an artist. The Hawaii bill should be seen to be appreciated and tonight will be the last opportunity afforded to either see or appreciate.

HAWAIIAN SONGS ARE ILLUSTRATED

If the fame of Hawaiian songs has not traveled around the world, it has certainly spread over the mainland. Marc Klaw was recently quoted as saying that in New York "On the Beach At Waikiki" was the most popular song since the days of "Alexander's Rag Time Band." With the increasing popularity of Hawaiian songs, the question has often been asked, "Why aren't they illustrated?" It would seem no attempt has been made to do this until Mr. Baker, the local photographer, realizing the rich pictorial possibilities, set to work. He chose as one of his subjects the beautiful song, "Ua Like No a Like," one of the sweetest of Hawaiian melodies.

"Ua Like No a Like," like many of the songs of other races, is a love story. A Hawaiian maid sits under a tree weaving a lea for her sweetheart, who is shown coming through a tropical forest. Presently she hears a footstep and turns to see him approaching. The meeting takes place. The girl rises and places the lea about her lover and as the birds flit about in the branches of the trees he calls her attention to the bird's affection for its mate and tells her that just as the bird loves its mate just so is his love for her. Meanwhile she sings "Ua Like No a Like" (sometimes translated "Sweet Constancy," but perhaps more accurately, "Our affection for eac hother is mutual, I love you just as you love me").

Mr. Baker has wisely chosen the beautiful grounds of Ainahau as a scene setting—a couple of popular young Honolulu people take the part of the principals—and the technical rendering is perfect. These pictures will be exhibited, along with Mr. Baker's other scenes, at the Hawaiian Opera House Friday and Saturday evenings of this week. A Hawaiian sextet will sing the song.

POWERFUL PLAY TEACHES MORAL

A great moral, told in powerful and impelling manner, is the feature of "The Sins of the Mothers," now appearing at the National Theater. The picture is well worth the attention of parents and children alike. It points more strongly than any sermon to the error in teaching the young girl or boy the first rudiments of the card game.

The heroine, a beautiful girl, is first seen as she returns home, fresh and pure and full of the love of life, from the convent, where her mother sent her as a very young child. One sees her about to enter society. She is loved by a good, strong man. Her future is before her. Then she is taught to play cards. It was innocent enough at first, perhaps. But the excitement was too much for her.

A terrible heritage, unknown to herself and to her wonderful husband, slowly grips her. She cannot resist it. How it lures her, first to the bridge tables of fashionable society, then to the races, and finally to the notorious gambling hell formerly kept by her own mother—these phases in her gradual degradation by a power over which she has no control are displayed graphically.

Photo-dramatization of Edward E. Rose's great stage drama, "The Rosary," will replace the present feature on the National's bill Wednesday. This also carries a strong moral lesson, and is said to be as good as any sermon. The leading parts are taken by Kathlyn Williams, Wheeler Oakman and Charles Clary.

MOVIE COMPANY IS COMING SOON

A company of moving-picture operators is leaving San Francisco on the Matson liner Matsonia on May 17, according to word from the San Francisco office of the Hawaii Promotion Committee. The company is called the McGowan Company and will bring a number of Ford cars as part of an advertising plan. They will stay in the islands some months.

NEW AMBULANCE IS TOO POPULAR WITH PUBLIC, POLICE SURGEON SAYS

Riding a gift horse to death has been changed to riding a free ambulance entirely too much. Police Surgen R. G. Ayer says that some people don't know how to appreciate a good thing and work it to a finish.

The physician told that six orders for the new emergency ambulance had been received one morning.

"The very purpose of the ambulance is being defeated," declared the doctor, "and something must be done. Not long ago I was permitted to purchase an emergency ambulance for this department and the people were told its services would be free. This is true, but 'services' doesn't include taking everyone who is sick to and from residences and hospitals."

Dr. Ayer said matters had come to such a point where people in very good circumstances were calling for the ambulance.

"The only proper use to which the ambulance can be put," explained the doctor, "is handling emergency and desperate cases and caring for those who are unable to care for themselves."

PLANS PROGRESS FOR CHINESE BENEFIT PLAY

Now that the Cherry Blossom fete with its picturesque setting is a thing of the past, more attention can be given to the coming presentation of "A Bit of Old China."

Within the confines of the Opera House stage will be the royal-walled garden of the imperial palace.

Her royal highness, the princess, who is in deep sorrow over the prospective loss of her beautiful home, is attended by her old governess and favorite maids, and surrounded by her friends, who endeavor to beguile her with song and dance. A little juggler is summoned to appear before them, and charms with her grace and beauty.

In dancing she drops from her neck a locket containing half a coin. This identifies her as the lost princess—and in this restoration, there is great rejoicing. Several beautiful posters are being places on exhibition and are to be sold after the play.

The artists are Miss Esther Ing and Hin Li, the talented son of Dr. Li.

"Green Stockings" is the title of a play which will be presented at Oahu College next Friday evening by the members of the Punahou Dramatic Club. It is reported that tickets are selling fast.

ANOTHER DISTRICT WILL ASK FOR IMPROVEMENTS

Another district is to be improved under the frontage tax laws.

Puiwa, Park and Laimi streets are to be paved, graded and storm sewers installed if an improvement project now being planned by George Collins, city engineer, goes through. More than the necessary 55 per cent to prevent opposition is owned by James T. Taylor and he is in favor of the scheme, in fact has urged it at several board meetings.

The total cost of the improvement is estimated at about $18,000 by Collins.

The British meteorological office has established a station for furnishing weather information and forcasts to aviators and aeronauts.

Says She Was Saved From Operating Table

Brother and Sister Both Relieved by Simple Remedy Available to Anyone.

In her gratitude for a remedy that saved her from the possible necessity for an operation, Mrs. Carrie Heflin of Coats, Kans., writes: "Had it not been for Fruitola and Traxo I might nave been on the operating table by now. It relieved me of at least one hundred and fifty gallstones. It surely does work wonders. My brother also had suffered for years and has been greatly benefited by Fruitola and Traxo."

Fruitola is a powerful lubricant for the intestinal organs, softening the congested masses, disintegrating the hardened particles that cause so much suffering and expels the accumulation in an easy, natural way. Traxo is a splendid tonic, acting on the liver and stomach with most beneficial results, and is recommended for use in connection with Fruitola to build up and restore the weakened, run-down system.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Honolulu they can be obtained at Benson, Smith & Co., Ltd.—Adv.

Waterhouse Holds Fast Chinese to One Bingle

"Big Chief" Pitches No-Hit Game for 8 2-3 Innings, Then En Sue Takes Joy Out of Life With Infield Hit—Sensational Rally Staged By Honolulus in Last Inning, Which Nearly Brings Victory—St. Louis Captures Game By Score of 3 to 2

Oahu Senior League Standing.

	P	W	L	Pct
25th Infantry	3	3	0	1.000
St. Louis	3	2	1	.667
Chinese	2	0	2	.000
Honolulus	2	0	2	.000

If Charley En Sue ever enters a popularity contest among the ball players in Hawaii, you can mark down right now one vote he won't receive. "Big Chief" Waterhouse of the 25th Infantry baseball team said many evil things of the Chinese centerfielder yesterday and after the evidence is all in one can hardly blame the man with the aqua-residence name for taking this attitude.

The box score says, 25th Infantry 4, Chinese 0. That's all fair enough, but when a pitcher has worked for eight and two-thirds innings without one hit secured off his delivery, and then some burglar comes along and steals the family plate, it is time for discussion.

Joy Out of Life.

Waterhouse had breezed through the game without allowing the semblance of a hit. Hoon Ki was the only man to reach first base on the Chinese aggregation, taking a stroll to Hakinsville by virtue of a walk. If you take all the evidence you might call this work mighty classy heaving. But somebody is always taking the joy out of life. This is how it happened.

On two occasions before, En Sue had hit ground balls to the infield, and it took fast fielding to get him at first base. This time up En Sue slammed a ground ball to Leavelli, who was doing duty at third base. The utility man picked the ball up clean and made a perfect throw to Hawkins, but the speeding Chinese star had beaten it out, and the "Big Chief" lost a no-hit game. With any other man at bat, Waterhouse would have had his name in the minus bingle column.

Waterhouse the Star.

Capt. Rogan played through one game in which he was not the hero, and credit is due Waterhouse for his good showing. He fanned nine of Kim Luke's warriors, and held the team safe. He had excellent support, Crafton robbing K. Chun of a double on one occasion by a great catch in the left veldt.

If anyone went out to the ball orchard yesterday afternoon to see the 25th Infantry team slam the ball over the lot against Hoon Ki, their mission was a failure, as the Chinese twirler pitched good ball. He held the 25th contingent to six hits, which is a pretty fair showing as showings go nowadays. The Schofield visitors secured but one earned run off his delivery.

Kan Yen Scintillates.

While the 25th Infantry team played faultless ball, some of the Chinese players were making a great showing. There has not been any better third-base playing than that of Kan Yen yesterday afternoon seen here in some time. He looked fitted for the job, and handled eight hard chances without a bob. If they had another Kan Yen behind the plate, it would not be a bad idea to keep him at the hot corner. Ah Lee and Cheong handled their positions in good shape, the latter landing 15 chances without

Ki walked and stole second. beat out an infield hit. That ll the doings of the Chinese on the Fagan secured a hit in the me and Waterhouse sacri- ed. Fagan was caught at third on infield hit and Waterhouse came me on Hoon Ki's error when Rogan l. In the fourth Smith doubled, third and romped homeward on a wild pitch. Waterhouse hit one through the infield for a homer in the fifth. Rogan walked in the eighth, stole second and scored on En Sue's error.

The score:

25th Infantry.

Summary—*Batted for Leong in ninth inning; home run, Waterhouse; two-base hit, Smith; sacrifice hits, Waterhouse; double play, Hoon Ki to Ah Lee to Cheong; bases on balls, off Waterhouse 1, off Hoon Ki 1; struck out, by Waterhouse 9, by Hoon Ki 1; wild pitch, Hoon Ki. Umpires, Stayton at plate, Chillingworth on bases. Time of game, 1 hour and 10 minutes.

St. Louis 3, Honolulus 2.

There was considerable din and noise in the vicinity of Athletic Park yesterday in the last inning of the baseball fracas, which was won by the St. Louis team by a score of 3 to 2. Things of note had to happen after 8 1-3 innings yesterday. That was the program.

To begin with the St. Louis team were leading by a score of 3 to 0 when the ninth stanza was aborning. It looked very much like a shut out for Heaver Janssen. Nishi and Williams began the last inning by taking three waves each at the ball. Then came Souza, he of the poultry contralto notes and slugger of much note. Souza proceeded to hit safely.

Punchbowl Navy Sinks.

Then Nye who had been guarding the center field patch let the gates open and dropped Bushnell's drive. Then came a hit by Ornellas, and Flizer was the man to clean 'em up. Flizer straightened one out to the left wall, and Souza and Bushnell tallied. Carroll ambled. There was much noise in this period, and Perry, the man who said "Don't Give Up the Ship," was at his station. With the shouts of thousands ringing in his ears, he let the vessel sink, and the Punchbowl navy was dismantled. Three strikes settled the admiral.

For five innings Janssen and Williams had been pitching a great game, and the blonde heavers were sending them back to the bench. Two hits had been garnered off the St. Louis pitcher, while Williams had allowed one bingle. After two men were out in the sixth inning, Moriyama and Akana singled and Williams was pitching to Nye. Williams evidently had forgotten the kind of ball Nye likes, and in a pinch it looked like poor judgment, and Nye sent one against the trees in left for a homer. Result three runs.

It was a good game throughout, and the crowd was on its toes in the ninth, but Paresa lost out in the pinch when the admiral failed in the critical moment. Both Williams and Janssen pitched good ball, while the Honolulus excelled in fielding. Meyer's miscue being their only bob. Dumshot and Bushnell made a number of good stops during the game.

Summary: Home run, Nye; two-base hits, Ornellas, Carrol, Flizer; sacrifice hit, Leong; hit by pitcher, Peterson; bases on balls, off Janssen 4; struck out, by Janssen 10; by Williams 7; passed balls, Soares; umpires, Stayton at plate, Chillingworth on bases; time of game, 1 hour, 45 minutes.

M'ANDREW AND FENWICK WIN FOUR BALL FOURSOME

J. A. McAndrew and James Fenwick were the winners of the four-ball foursome yesterday morning at the Oahu Country Club. Playing consistent golf all the way they turned in a net score of 63 for the best ball. McAndrew had a net score of 75 for the round. George Angus and R. G. Bell was second with a best ball score of 65.

The links were crowded during the morning and afternoon and many of the contestants played good ball throughout the tourney. Golf has taken hold on the Honolulu populace just now, as both the Country Club links and Moanalua were crowded yesterday.

The leading steel companies have in hand contracts which will enable them to run to capacity in the more important products for the full year of 1916.

LOCAL ATHLETES WILL MAKE TRIP TO COAST SOON

May Not Go to Portland Meet; Plans for San Diego Events to Be Considered

Plans to send a track team to the mainland have been arranged, but as yet no definite date has been settled upon. Portland has been granted the A. A. U. meet for the Rose Festival period, but inasmuch as this takes place early in June it is not thought that the local team will be able to make the trip to the Rose City.

Another meet will be held in San Diego in the fall, and San Francisco may stage a meet during July. If arrangements could be made for a quadrangular meet between the Olympic Club, Caledonians, Sacramento and Honolulu, the local squad might have sufficient strength to make a good showing.

At the present time the stars such as Murray, Kelly, Norton and House are in school, and these hurdlers would prove too much for the local contingent should the team go to the coast within the next month. Then with Wilson, Murray and others in the runs, Sisson, Caughey and others in the field events, the local boys would not score heavily, but in a summer meet in July and August, the local cinder path stars ought to figure. A team to the coast will help athletics here.

YESTERDAY'S SCORES IN THE BIG LEAGUES

Coast League Standing.

Yesterday's games:

At Vernon—Vernon 5, Salt Lake 1; Salt Lake 6, Vernon 3.

At San Francisco—Oakland 2, San Francisco 1; San Francisco 11, Oakland 9.

At Portland—Rain.

Saturday's Games.

OAHUS AND HONOLULUS MEET IN CURTAIN TILT ON "Y" ALLEYS TONIGHT

Y. M. C. A. Club Bowling League.

	P.	W.	L.	Pct.
Dormitory Club	28	25	3	.893
P. B. C.	28	16	12	.571
Triple A	28	15	13	.635
H. A. C.	28	0	28	.000

This Week's Schedule.

Tonight—Oahus vs. Honolulus.

Tomorrow—Triple A vs. Dormitory Club.

Wednesday — Cosmos vs. Cheechakos.

Thursday—All-Chinese vs. Service.

Friday—P. B. C. vs. H. A. C.

The Y. M. C. A. bowling leagues are in their closing stages and will finish spring schedules within the next two weeks. The Oahus have cinched the senior league championship and the Dormitory Club has the club league pennant tucked away.

Warm fights for the other first division places are on in both leagues. The Service, Honolulus and All-Chinese are closely bunched for first division berths in the senior league. The P. B. C. with the Triple A in the club league will struggle for second place.

Tonight the Oahus will play the Honolulus in their last match of the spring league. Tomorrow the Triple A will bowl at 3 p. m. with the Dromitory Club, rolling a pursuit match at 7:30. League matches follow on all the remaining nights of the week except Saturday.

TWO SHUT OUTS IN COMMERCIAL LEAGUE YESTERDAY MORNING

Commercial League.

	P.	W.	L.	Pct.
Iron Works	1	1	0	1.000
Reach	1	1	0	1.000
Gas. Co.	1	0	1	.000
Telephone Co.	1	0	1	.000
Service First	0	0	0	.000

Henry Chillingworth's aggregation of iron workers won the opening game in the Commercial League yesterday morning at Moiliili field when the star pitcher, White, sent 19 of the Gas Company team back to the bench via the strike-out route. The final score was 7 to 0. Gray for the Gassers struck out 10 men.

The teams:

Iron Works—Kawai, c; White, p; Clark, 1b; Freitas, 2b; Reed, 3b; Maunakea, ss; Bush, lf; Palenapa, cf; Kamana, rf.

Gas Company—Gray, p; Palau, c; Quintal, 1b; Hampton, 2b; White, 3b; Okita, ss; Ludwig, lf; Takimoto, cf; Haiko, rf.

Score by innings:

Gas Co. .....0 0 0 0 0 0 0 0 0—0

Iron Works .....0 0 0 0 0 4 0 3 *—7

The Reach team reached out considerably yesterday morning and defeated the Hello Boys by a score of 11 to 0. F. Joseph was on the mound for the winners while Brito did the heaving for the Automatics.

The teams:

Telephone Co.—Brito, p; F. Zerbe, c; W. Williams, 1b; Johnson, 2b; A. Asam, 3b; H. Zerbe, ss; Halemanu, lf; W. Rice, cf; Russell May, rf.

Reach—F. Joseph, p; M. Joseph, c; Horn, 1b; Dias, 2b; Santos, 3b; Bushnell, ss; Robertson, Silva, lf; Domingo, cf; Colburn, rf.

Score by innings:

Telephone Co...0 0 0 0 0 0 0 0 0— 0

Reach .....1 1 0 6 3 0 0 0 0—11

Next Sunday's games will be Iron Works vs. Reach and Telephone Co. vs. Service First.

WORLD'S RELAY RECORD MADE AT DRAKE RELAY GAMES AT DES MOINES

DES MOINES, Iowa, April 22.—Three meet records were broken and two new world's records established today in the university class at the seventh annual Drake relay meet, held in the Drake stadium here. Seven thousand persons, many of them from colleges which participated in the relay, thronged the stands.

In the special 220-yard dash, the feature event of the program, Hoyt of Grinnell College romped away from his competitors, completing the distance in 0:21 2-5. Hohman of Illinois was second and Shearer of Drake a close third. According to Coaches Stagg of Chicago, Farrell of Michigan and Gill of Illinois, Hoyt's time represents a new world record for the 220 on a curved outdoor track.

In the four-mile university event Wisconsin outdistanced all other competitors and broke the meet record for the distance, finishing in 18:03 2-5. The former record, also held by Wisconsin, was 18:04 2-5.

World's Record.

Wisconsin took from Chicago the meet record of 1:30 for the half-mile relay, made in 1915. The Badger runners took the lead from the start and were never headed. Hohman of Illinois finished second, with Hardy of Notre Dame the closest sort of a third. The winner's time was 1:28 4-5, a new world's record.

Note—Dan Kelly is credited with a mark of 21 1-5 seconds on a slightly curved track at Spokane in 1906

GUARDSMEN ARE DRILLING HARD FOR TOURNAMENT

With the big preliminary military tournament but one week away, national guard troops on this island are bending every effort to fit themselves for a creditable showing. The tournament preliminaries are scheduled for next Sunday morning, beginning at 10 o'clock.

Company commanders in practically every instance have issued orders for men to turn out for extra drills during the week, and several companies are to drill tomorrow in practise. Some companies will hold drill every night during the coming week.

No admission will be charged to the events next Sunday morning, as these are preliminary to the final contest in June, but from the manner in which the companies have been holding practise it is evident that high class work will be featured.

Bleachers will probably be hauled to the Capitol grounds, which have been chosen for the big event, and it is hoped that a large crowd of citizens will turn out to see the boys in action.

Shoe races, wall scaling, blanket rolling and many other feature events promise a highly exciting contest, for the rivalry between all the companies is very keen.

Ten companies will compete in the events, and from each battalion leading companies will be picked, making the June tournament a battalion contest. Arrangements will be made for staging the Sunday tournament within the armory in case of rainy weather.

HARD FIGHT ON FOR PLACE IN MYRTLE BARGE

Oarsmen Promise to Make Good Showing at Hilo Regatta; Eight Men to Make Trip

"Work" is the slogan at the Myrtle Boat Club these days, and to those who do not get into action little hope is held out for making the crew. The trip to Hilo has been the magnet for drawing many of the members into the barge, and a hard fight is on at present for the senior crew.

The Myrtles will send only one crew to the regatta in Hilo harbor on July 4, and only two substitutes will be taken along, consequently there is considerable rivalry among the oarsmen. Many of the Myrtle Club members will accompany the crew to Hilo, and as a result the oarsmen are getting down to work to carry off a victory.

Four Old Men Back.

Four of the senior crew of last year are out again, Anderson, Buster Carter, Norman Oss and Parker taking their seats in the six-oared barge. Bill Paty is ill at present, while Vierra is on the coast, and five men will fight it out for the two places, providing the four senior members make good.

Wilhelm Smith, who made the senior crew in past years, is out for practise and is making a good showing. Hilo Boyd is also working out every day with the crew, and according to the dope has an excellent opportunity of making the crew. In addition to these men John O'Dowda, who made a good impression last year; Frank Beckett, who has been out of the game for some time, and Max Rosa, formerly of Hilo, will make a strong fight for a place on the crew. Unusual interest is being taken in the trip to Hilo, and the Myrtles are making an effort to send the largest representation with their crew.

TROOP G HAS GOOD LEAD IN CAVALRY LEAGUE BALL SERIES

4th Cavalry League.

Standing of Teams.

	W	L	Pct
Troop G	10	1	909
Troop L	8	1	888
Troop E	7	1	875
Troop A	6	3	667
Troop K	5	4	555
Troop C	4	5	444
Machine Gun Troop	3	5	375
Troops D and I	3	6	333
Troops B and M	2	7	222
Troop F	1	8	111

[Special Star-Bulletin Correspondence]

SCHOFIELD BARRACKS, May 6.—The Troop G baseball team has completed its schedule of 11 games in the race for the 4th Cavalry championship, and has won all but one. It remains for either L or E to win all their remaining games and tie G Troop for first place. In such an event a special series will be required to settle the ownership of the bunting.

Either E or L will be eliminated in the next game when these two teams clash on the diamond. In addition to defeating E, L must defeat A in order to tie G for first place. A will give almost as hard a battle as E.

Games Played Friday.

A double-header was played Friday afternoon on the Castner diamond. In the first game K Troop had little trouble defeating I, scoring 12 runs to I's five. The second game was a walkaway for the L Troop team which defeated F Troop 11 to 3.

B Troop was supposed to play D on the Schofield diamond, but B Troop forfeited the game.

Hospital Corps Has Strong Nine.

Games with the Hospital corps team have been carried along on the cavalry schedule, but have not been taken account of in the standing of the teams. With Phillips, the old 25th Infantry pitcher, in the box, the pill-rollers have a formidable nine, and have made a very good showing. A few days ago they were defeated by E Troop 7 to 6, in a very close and well-played contest. They were victorious over L Troop, the second team in the league, by a score of 7 to 0.

JUNIOR LEAGUE MANAGERS TO HOLD MEETING TONIGHT

There will be a meeting of the Junior League this evening at 7:30 at the office of Dr. I. Chun, at corner of Fort and Pauahi streets.

This may be the final meeting of the league before its opening, and the manager and captain of each team represented are urgently requested to be present.

The completion of the schedule and the final arrangements for the series will be gone into, and if all teams are represented tonight there should be no further delay in the opening of the league, which is slated for Saturday, May 13, 1916.

BATTERY F WINS FIRST GAME OF SEASON SUNDAY

First Field Artillery League.

Standing of Teams.

	W	L	Pct
Battery C	7	2	777
Battery B	6	2	750
Battery E	6	3	667
Battery A	5	4	555
Battery D	2	8	200
Battery F	1	8	111

[Special Star-Bulletin Correspondence]

SCHOFIELD BARRACKS, May 8.—For the first time in the present series the nine from Battery F won a game of baseball and scored a shutout against the D Battery team, 6 to 0.

F Battery has just missed winning several games before, but a streak of bad luck would always crop up to wrest a victory away at the last moment. F Battery has never been able to hit, and in fact scored but three hits in the game yesterday. It was D Battery's poor playing in the field during the last two innings, and their inability to hit Selfridge, that permitted F Battery to annex a victory.

Good Pitching.

Selfridge pitched an excellent game, and received the excellent support that his work in the box deserved. Only once did D Battery come near scoring. Jablonski attempted to score from second on Richardson's fly to center but a pretty relay through Baurtnut at short cut Jablonski off at the plate on a close decision.

The score:

	R	H	E
Bat. F	1 0 0 0 0 0 0 2 3	6	3 2
Bat. D	0 0 0 0 0 0 0 0 0	0	3 8

Batteries—Selfridge and Carrico for Battery F. Schultz and Czernecki for Battery D. Struckout, by Selfridge 7, by Schultz 4. Base on balls, off Selfridge 2, off Schultz 2. Double play, Bensinger to Baurtnut to Carrico. Umpire, Hollingsworth, 25th Inf.

Battery A Surprises E.

In a game that was more replete with hard hitting than good playing generally, A Battery finally managed to nose out the one-time leaders by a score of 13 to 12. It was a very close contest, full of excitement, as first one team gained the lead and then the other.

The score:

	R	H	E
Bat. E	0 0 5 1 0 1 1 3 1	12	10 6
Bat. A	2 0 0 2 0 0 4 2 3	13	12 4

Batteries—Garber, Stoll, Henderson and Penman for Battery E, Burnett and Wilkinson for Battery A. Home run, Smart. Three-base hit, Bailey. Two-base hits, Bailey, Klusman and Smart. Struck out, by Garber 11, by Stoll 1, by Burnett 4. Base on balls, off Garber 1, off Burnett 1. Umpire, Goliah, 25th Inf.

SEWER BOND CONTRACT FILED IN TIME LIMIT

Harry S. Sands, successful bidder for the construction of a culvert under Nuuanu avenue near the Country Club has filed a bond for the carrying out of his contract and the contract has been signed.

Sands underbid his competitors by nearly $300 on an $1800 job and they thought that he was going to renig as he had not filed his bond. Contractors have ten days after award of the contract to comply with this condition, but the bond is usually filed within a day or two. Sands took a week before he got around to it.

PAINT WILL FLY ON LETTER BOXES SOON

Postmaster William F. Young is doing a lot of figuring on a painting contract. He has 118 mail boxes which need painting.

There are 94 ordinary letter-boxes to be painted the regulation green, and 24 of the big combination letter and packages boxes. Pedestals of the letter boxes will also be adorned with their new spring coat of paint.

NEW DIVISIONS OF BOYS' CLUBS FORMED AT "Y. M."

The boys' department of the Y. M. C. A. has formed two divisions of boys' clubs, one to consist of four clubs for grammar and normal school students and the other to consist of four clubs for employed boys. A meeting of the employed boys will be held each Monday evening at 6 o'clock, and the school boys will meet Saturday mornings at 9 o'clock.

Eight stitches were taken at the emergency hospital to close an ugly scalp wound on the side of R. Gunther's head. Gunther is a sailor on the schooner Alice Cooke. He told the police that he was struck by a glass oil lamp which was thrown in a row on Pauoa road near Nuuanu street. Suspects were arrested, but later released.

At the present rate of copper consumption of about 1,000,000 tons a year the present visible supply would last considerably longer than 20 years.

H COMPANY WINS 15 INNING GAME AT MAKIKI PARK

Shafter Team Finally Wins Great Game From Nippons of Junior League

[Special Star-Bulletin Correspondence]

FORT SHAFTER, May 8.—H Company from Fort Shafter played its best game of ball yesterday, when it took the scalp of the fast Nippon team and added another to its long list of victories this year. Except for the two games lost to the Alerts, and these later were defeated, H Company has a clear record and has never had a defeat.

The game on Sunday was played at Makiki park and about 600 lovers of the game were there and none left until the finish, which proved to be a real marathon test of endurance.

Both teams were in excellent form and but few errors were made. In the first inning Lindsay (H Company) got on base by an error from Turasige; Zearie also got on by error from Kameya and Zearie stole third base. Hayes followed with a three-bagger, both Zearie and Lindsay scoring. Schaetzel walked and Logsdon followed with a two-base hit, scoring Hayes. No more scoring was made by the fast soldiers until the seventh, when both Zearie and Lindsay displayed some more good stickwork, which gave one more run and tied the Nippons, and from here until the fifteenth inning they were held down and were unable to score.

Clean Up In 15th Inning.

The real sensation of the game came in the 15th inning, when Zearie came to the bat, and with one man on base knocked out a three-bagger, and from all appearances brought home the winning run; but the Nippons stoutly protested, as they said it was a foul ball. It was getting late and the crowd had moved over the foul line. Umpire Jarvis called it a fair ball, but H Company let it go as a foul and the decision was changed, and it went as a dead ball. Robinson came to the bat, and as luck or good fortune would have it, repeated Zearie's work and again knocked out a three-bagger, thus bringing home the bacon.

O'Dell was in unusually good form and held up in fine shape during the entire 15 innings, not once weakening. He pitched his best game of ball and showed everyone that he was a real genius in the box. He struck out 15 men during the game.

Lindsay was the star base stealer and made three of the five runs. Robinson and Hayes share equally in batting honors, each knocking three-baggers. For the Nippons, Iwata as pitcher, did some excellent work and Tsukiyama as short stop starred throughout the game, making some wonderful pickups.

NOVEL TRADE SCHOOL PLAN TO BE CONSIDERED

At the meeting of the educational committee of the Y. M. C. A., which will be held tomorrow afternoon plans will be announced for the organization and establishment of a co-operative trade school, which will mark the opening of the day classes at the association.

The feature of the trade school will be the half-time classes for printers' apprentices, giving the student half time in the work room and half time in the class room. Employers will pay the students for full time. The association will employ a faculty of teachers who will have charge of the school features.

Have You a Furnished Ro om To Rent?

Fill up your vacant rooms. Make them pay instead of being an expense. A few lines—with a good description and location of the rooms—in Star-Bulletin's classified sectin., *3:20 p. a Mill and W *9:15 a. *3:20 p. 1:15 p. m. hua—*11: 00 p. m.

Telephone 2256

FRENCH FISHER BOYS.

In your queer sabots and your flowing cap
You're a picturesque sort of a little chap,
And it's hard to think of you in the strife
And danger filling a fisherman's life.

Find another boy.

ANSWER TO YESTERDAY'S PUZZLE.

Upside down in foliage.

NOTICE.

PUBLIC HEARING, MAY 9, 1916.

PROPOSED IMPROVEMENT OF VANCOUVER HIGHWAY EXTENSION AND ROCKY HILL STREET WITHIN THE LIMITS OF THE PROPOSED "SEA VIEW FRONTAGE IMPROVEMENT NUMBER THREE," IN HONOLULU, TERRITORY OF HAWAII.

TO THE OWNERS, LESSEES AND OCCUPANTS OF LANDS ABUTTING ON SAID STREETS, PROPOSED TO BE ASSESSED FOR THE IMPROVENMENT OF SAID STREETS, AND TO ALL PERSONS INTERESTED GENERALLY:

NOTICE IS HEREBY GIVEN that in accordance with Resolution No. 482 and Resolution No. 487, as amended by Resolution No. 497, the Board of Supervisors of the City and County of Honolulu, propose to improve Vancouver Highway Extension and Rocky Hill Street in the District of Honolulu aforesaid, upon a frontage basis.

I. CHARACTER OF IMPROVEMENT AND MATERIALS.

(1) Grading.
(2) Setting lava rock curbing.
(3) Constructing concrete gutters.
(4) Paving the entire improvement with asphalt macadam, approximately seven and one-half (7½) inches finished thickness, excepting only that portion of Rocky Hill Street lying between Vancouver Highway Extension and Sea View Avenue, which shall be paved with concrete six (6) inches in thickness.

II. FRONTAGE TO BE ASSESSED.

The frontage to be assessed abutting on Vancouver Highway Extension begins at Maile Way and extends to the intersection of Vancouver Highway Extension with the north line of E. C. Rowe's property, and abutting on Rocky Hill Street as proposed to be extended begins at the end of Hunnewell Street and ends at the south boundary of Sea View Avenue and includes both sides of said street, exclusive of the intersection of said streets.

III. ASSESSMENTS PROPOSED.

(1) The cost of the entire improvement including the cost of acquiring new land and excluding the cost of new curbing, shall be paid by a general assessment at the maximum rate of $2.29938 per front foot against all land abutting upon said proposed improvements, both sides included but not including the intersection of Vancouver Highway Extension and Rocky Hill Street. The total frontage is 3,389.40 feet.

(2) The cost of new curbing shall be paid by assessment at the maximum rate of $0.40 per front foot against the abutting lands in front of which the same shall be laid.

IV. NEW LAND TO BE ACQUIRED FOR ROAD EXTENSION.

A strip of land of a uniform width of forty (40) feet is to be acquired from W. E. Wall for the purpose of extending Rocky Hill Street from its present north boundary to join with Hunnewell Street; said strip of land being more particularly described as follows:

Beginning at a point which is the intersection of the east property line of Hunnewell Street and the south boundary line of the "MANOA IMPROVEMENT DISTRICT NUMBER ONE," and running thence by true azimuths:

1. 209° 21'—34.53 feet along the east line of Hunnewell Street, thence, on a curve to the left, radius 20 feet, the azimuth and distance of the long chord being
2. 348° 50' 30"—25.98 feet; thence
3. 308° 20'—111.91 feet; thence on a curve to the right, radius 60 feet, the azimuth and distance of the long chord being
4. 325° 04' 30"—34.56 feet to the south boundary line of W. E. Wall's property; thence, along said property line
5. 75° 00'—40.00 feet; thence, on a curve to the left, radius 20 feet, the azimuth and distance of the long chord being
6. 141° 52'—9.36 feet; thence
7. 128° 20'—151.00 feet to the south boundary of the "MANOA IMPROVEMENT DISTRICT NUMBER ONE;" thence along said south boundary
8. 265° 45'—33.43 feet to the point of beginning and containing an area of 6283 square feet.

V. ESTIMATES OF COST.

(1) The maximum estimate of the entire cost of the improvement, including engineering and incidentals, is $9146.83.

(2) The maximum estimate for new curbing to be borne on a frontage basis by Separate Assessment, is $1353.32.

(3) The maximum estimate of the general improvement to be assessed on a frontage basis, is $7793.51.

(4) The maximum rate to be assessed per front foot for the general improvement, is $2.29938.

(5) The maximum rate, new curbing assessment per front foot, is $0.40.

All of which appears in more detail in the Engineer's report hereinafter referred to and incorporated by reference.

VI. FURTHER DETAILS.

The map and general plans, and other data so prepared by the Engineer in his report dated April 4th, 1916, and adopted by the Board, with respect to the proposed improvement (incorporated herein by reference) may be seen and examined by any person interested at the Office of the City and County Engineer and of the City and County Clerk at any time during business hours, prior to and including May 9th, 1916. Resolutions Nos. 482, 487 and 497 (incorporated herein by reference) and on file in the Office of the City and County Clerk.

VII. HEARING.

A PUBLIC HEARING respecting the proposed improvement will be held by the Board of Supervisors at their Assembly Hall, on May 9th, 1916, at the hour of 7:30 o'clock p. m., or as soon thereafter as those interested may be heard, at which time and place a full opportunity will be given to all persons interested, to present suggestions or objections to the proposed improvement or any part or detail thereof.

Dated, Honolulu, Territory of Hawaii, April 15, 1916.

D. KALAUOKALANI,
Clerk, City and County of Honolulu.
6450—Apr. 15, 17, 18, 19, 20, 21, 22, 24, 25, 26, May 3, 8, 9

SEALED TENDERS.

Sealed Tenders will be received by the Board of Harbor Commissioners until 2 p. m. Wednesday, May 10th, 1916, for furnishing Engineering Instruments and Materials. Specifications and blank forms of proposal are on file in the office of the Board of Harbor Commissioners, Capitol Building, Honolulu, T. H.

The Board of Harbor Commissioners reserves the right to reject any or all tenders.

(Signed) CHARLES R. FORBES,
Chairman, Board of Harbor Commissioners.
Honolulu, April 27th, 1916.
6460—10t

SEALED TENDERS.

Sealed tenders will be received by the Oahu Loan Fund Commission of the Territory of Hawaii at its office in the Capitol Building, Honolulu, T. H., up to 11 o'clock a. m. of Thursday, May 11, 1916, at which time and place same will be opened, for the construction of 8" and 6" sewers.

Plans, specifications and form of proposal and any information desired may be secured at the office of the Honolulu Water Works, in the Kapiolani Building, Honolulu, T. H.

The Oahu Loan Fund Commission reserves the right to reject any or all bids.

(Signed) E. G. DUISENBERG,
Secretary.
6463—10t

LEGAL NOTICES.

IN THE CIRCUIT COURT, FIRST Circuit, Territory of Hawaii.

In the Matter of the Estate of Martina Barenaba of Honolulu, Oahu, Deceased.

The Petition and accounts of Henry Smith, administrator of the estate of Martina Barenaba, deceased, wherein petitioner asks to be allowed $982.10 and charged with $1530.12, and asks that the same be examined and approved, and that a final order be made of Distribution of the remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibility herein, having this day been filed;

It is Ordered, that Monday, the 29th day of May, 1916, at 9 o'clock a. m., before the Judge presiding at Chambers of said Court at his courtroom in the Judiciary Building, in Honolulu, City and County of Honolulu, be and the same hereby is appointed the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted.

Dated the 17th day of April, 1916.

By the Court.

A. K. AONA,
Clerk.
6451—Apr. 17, 24, May 1, 8

IN THE CIRCUIT COURT OF THE First Judicial Circuit, Territory of Hawaii—At Chambers—In Probate.

In the Matter of the Estate of Katherine Singer, Deceased.

Notice to Creditors.

The undersigned, Trent Trust Company, Limited, Executor of the Estate of Katherine Singer, Deceased, hereby gives notice to all persons having claims against the Estate of the said Katherine Singer, deceased, to present such claims, duly authenticated, and with proper vouchers, if any exist, even though such claims be secured by mortgage of real estate, to the undersigned, at its place of business, 916-920 Fort Street, City and County of Honolulu, Territory of Hawaii, within six months from this date or within six months from the day they fall due, or such claims will be forever barred.

And all persons indebted to said estate are hereby notified to make immediate settlement with the undersigned, executor as aforesaid, at its said place of business.

Dated at Honolulu, this 10th day of April, A. D. 1916.

JAPANESE MAY ERECT CANNERY FOR OWN GOODS

Cooperative Plant is Suggested to Make Pineapple Cultivation Profitable

"Japanese may form a cooperative company for the erection of a pineapple cannery," said K. Kawamura, city editor of the Nippu Jiji. "That is the only solution to the question of continuing the cultivation of pineapples among the Japanese, as at the present time the cultivaters of pineapples are in financial distress."

This statement was in answer to a question as to the possibility of the Japanese pineapple growers continuing to raise the pines. It has been rumored that the growers on this island would abandon the raising of pines and plant sugar cane.

In talks with Japanese identified with the pineapple industry it is discovered that the growers have lost money the past year, and that the cultivated area is decreasing rapidly. At the present time, according to the Japanese, the price paid is insufficient to pay for the cultivation.

Japanese growers state that the pineapple is the only source of revenue at present and that the only step to take is to plant sugar cane or organize a cooperative company among the Japanese.

According to a Japanese familiar with the situation, the pineapple growers would begin the planting of sugar cane if they were encouraged. Failing in this it is thought that a move would be made to erect a cannery to take care of the products.

A plan for the establishment of a cannery on a cooperative basis was broached about four years ago, H. Eitake, then concul-general, taking an active part in the movement. Many of the Japanese were enthusiastic over the plan, while others did not want to invest owing to the possibility of a loss. Then again the Japanese growers, according to a prominent Japanese, failed to see farther than their nose, and wanted immediate payment for their pines in preference to waiting for a dividend.

Japanese growers complain that the canners signed a contract some time ago to pay $15 a ton for the product, but since that time the price has dropped as low as $5, and at this amount the growers state that it is impossible to meet expenses.

Y. M. C. A. SECRETARIES MAY MEET IN HONOLULU

Y. M. C. A. secretaries from all of the states and countries bordering on the Pacific may come here in 1918 to a Pan-Pacific Convention, if the plans of local leaders can be arranged.

It is thought that with a campaign during the next two years the project would become successful. This would bring to Honolulu secretaries from all the countries of the Far East, from the Pacific Coast and from Alaska.

"We would surely welcome the secretaries here," said A. E. Larimer of the Y. M. C. A. "It is a big project, and all those things take time, but with live wires coming from every section bordering on the Pacific, the interchange of ideas would be worth all the time and trouble it would cost in preparing for the convention. Big men would come here and it would naturally add to the publicity of Hawaii.

"The plan was suggested by Alexander Hume Ford, who has been active in working for conventions for Honolulu, and I am sure that all of the members of the local association will approve the plan should it be feasible," he concluded.

COMMITTEE RECOMMENDS ATTENDANT AT HOSPITAL

The police committee recommends in a report to the board of supervisors filed Saturday that the emergency hospital physician be empowered to appoint an attendant for the hospital. Attention is called to the great amount of work being done by the hospital at present.

Before action can be taken by the board a recommendation from the mayor is necessary.

FEES OF INTERPRETER SUBJECT OF CONTROVERSY

Pablo Manlapit believes in making the most of his opportunities. "If two dollars can be made to grow where but one grew before—why not?" asks Pablo.

That is why, according to William T. Carden, deputy city attorney, he is petitioning the board of supervisors for $50 for services as Filipino interpreter in the case against O. A. Steven. Carden has offered him $10, and thinks that might possibly be too much. Pablo says he worked on 20 different days and that 50 cents a day is too little for any self-respecting interpreter. He has appealed from Carden's ruling and asks that the board authorize payment of $2.50 a day—despite the fact that the board legally has nothing to say in the matter.

Pablo gathered evidence for Thompson, Milverton & Cathcart, attorneys, in the case against Steven. Then he brought the witnesses to the city attorney's office and interpreted the evidence they would offer at the trial.

WOMAN WEAK, DIZZY, NERVOUS

Health Restored by Lydia E. Pinkham's Vegetable Compound.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house." —Mrs. L. N. Burnham, 35 Globe Ave., Jamaica, N.Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

If you need a medicine for Women's Ailments, try Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential) for anything you need to know about these troubles.

CLEMONS' LETTER ON 'BUMPS' IS STARTER FOR NEWSPAPER JOLTS

Answers and Retorts on Gas Company's Pipe-Laying Made in Press

Federal Judge Clemons' letter in Saturday's Star-Bulletin complaining of bumps left in the streets by the Honolulu Gas Company's pipe-laying gangs, and bringing in the Outdoor Circle, stirred prompt reply late Saturday from F. J. Lowrey, referred to as vice-president and director of the company and also as the husband of the president of the Outdoor Circle.

Mr. Lowrey sent an "open letter" to Judge Clemons, which was printed in yesterday morning's paper. He wrote in part:

"It would seem to me that your complaint should have gone to the office of the company rather than to the press, or if you had to go to print there was no occasion for you to bring in the name of the Outdoor Circle, or refer to the husband of the president of that body of women, who, in the face of such odds, is accomplishing much toward the better of many conditions in our city.

"It is the bringing in unwarrantedly of this body which I resent. I venture to say that the condition of the road at the front entrance of my residence is as bad as what you refer to. It was occasioned by the water department (for many of whose sins the gas company has been blamed) and as soon as there has been time for the trench to settle fully, if the restoring of the street has not been attended to, I shall request Mr Murray to have it done

"I shall do it because I understand it to be his duty, not on account of any position which his wife holds in some society."

In this morning's paper Judge Clemons replied in another "open letter," in part as follows:

"My Dear Mr. Lowrey: Regarding our letters in yesterday's Advertiser and Saturday's Star-Bulletin, my only purpose in writing to the press about "bumps" in the highways was to arouse some discussion of the whole subject of the negligence of all who have occasion to make street excavations. The aim was general reform and not alone reform in the particular cited instance of the gas company. Hence no complaint was then made to that company in particular, though the matter was intended to be taken up with it, and it was hoped that the public utilities commission and the next legislature, within their respective spheres, would also take up the general subject, with the idea of protecting our streets, bad enough as they are, against the negligence of all, including even the city water works department.

"But the mere fact that my letter has actually caused any offense is enough, of course, to make me regret what was intended only as above expained And I hereby tender to both of you who were referred to my most humble apologies. I should not have written anything in any way capable of possible misunderstanding. Brevity is the soul of wit, but not always the soul of tact or of understanding.

"Further, as to my reason for not first going to the gas company's office with my complaint, I had permanent and wider reform in mind, and, frankly, my experience with particular pronounced 'bumps' of the company's making caused some doubt of the practicability of any such complaint."

Another effect of Judge Clemons' letter was a reply from Acting Manager Frank Q. Cannon of the gas company, stating that the company would call on the judge today for a list of "bumps."

RECREATION PIER PLANS WORKED OUT IN DETAIL

Plans for recreation features to be installed in the reconstructed Piers 8, 9 and 10 at the foot of Fort street have been worked out in detail and will be presented to the Harbor Board at its meeting Wednesday. As announced in the Star-Bulletin, Charles R. Forbes, chairman of the board, plans to provide a place for a bandstand, comfort stations and numerous other luxuries in the piers now under construction.

The third floor of the pier will be open to the ocean breezes and benches and chairs scattered about. The band will give evening concerts and welcome the coming and speed the departing guest from a properly planned band-stand. The recreation floor will be open to public meetings, for fetes and other public purposes. It is hoped by the harbor commissioners that the place will become a favorite resort for the people of Honolulu in the evenings.

The roof garden will include the upper floor of all three piers, which form a U with one side running down the Ewa side of Fort from Allen street, the other across the foot of Fort and the last up the Waikiki side of Kekuanoa street. This will leave a large court in the center, which will be paved and used for parking automobiles and wagons. It was originally planned to erect a public-owned cold storage plant in the court, which is now occupied by the old customs-house, but on investigation it was found that the city has ample refrigerating facilities and the idea was abandoned.

The superstructure of the new piers is already under construction. It is to cost $285,000. The sheds, which will have 150,000 square feet of floor space and accommodate four of the largest ships coming to this port at a time will cost about $200,000.

GELER AND WIFE OUT ON BOND: NEW PROBE STARTED BY MARSHAL

Further investigations of a report that cocaine and other drugs are being trafficked in large quantities in the Iwilei district have been made by Marshal J. J. Smiddy, Assistant District Attorney Samuel B. Kemp and Deputy Marshal Otto Heine. While the marshal admits that some evidence was secured, he declined to disclose the nature of it.

Statutory charges against Dave Geler and his wife, Clara, have been withdrawn in the federal court and they now stand charged with violating the internal revenue laws. Geler has been released on bond in the sum of $1000 and his wife on bond of $500. Six bottles of morphine were taken from Geler's safe deposit vault at the Henry Waterhouse Trust Company by federal officials yesterday morning. A preliminary hearing of the case will be held on May 9.

The excavation work for the Alfonso Canal, at Seville, has been concluded. This gives an extension of six kilometers (3.73) miles), 15 meters (49.2 feet) in depth. The canal cannot be completed until the Guadaria river course is changed, as the river crosses the canal, and the engineering director is now studying the problem of diverting the stream.

Francis Joseph has been emperor of Austria for 67 years, which is longer than any other ruler in modern time has been on a throne.

SUPERVISORS DO NOT WORRY OVER WATER REPORTS

Reports on the sanitary condition of the city's surface water supply, submitted to the loan fund commission by the governor and the board of health, will be sent to the supervisors and read at their next meeting. Although the reports condemn Nuuanu water in no uncertain terms, members of the board do not appear to be very much excited over the problem to be submitted to them.

Asked what would probably be done with the reports, a member of the board, one closely connected with the water department by the way, replied. "Oh, laid on the table, I suppsoe." That was about the attitude of a number of other supervisors interviewed. All declared that they had not seen the reports and asked that they be not quoted in the matter until they were more sure of their ground.

"But if there was anything we should get excited about the board of health would have taken action toward shutting off the Nuuanu water supply long ago," one member explained. "It can't be so serious as the reports declare or the board wouldn't dare to permit the city to continue to use the water."

HAVE YOU DYSPEPSIA?

Can't Eat, Can't Sleep, Always in Pain and Suffering

"Eat What You Want," Says This Physician.

"Indigestion and practically all forms of stomach trouble are, in almost every instance, due to hyper acidity. Too much acid first produces dyspepsia and indigestion; next the stomach walls become irritated and it is only a short time until it eats through the walls, causing ulcers in the abdomen, which in turn are followed by cancer and death; therefore stomach sufferers are required to avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you try a meal of any food or foods which you may like in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. Drugs only upset the stomach. Bisurated magnesia has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug. As a physician, I believe in the use of medicine whenever necessary, but I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and you will find you sleep well and the usual belching, gas, sour stomach, bloating, indigestion and other conditions entirely removed." Advertising Is the Great National Business Science

In that Science the Nations of the World Will Soon be Competing Bitterly. America Leads Now, and the Advertisers of America Will Help to Keep This Country in the Lead.

By Arthur Brisbane, Editor, New York Journal and New York American

Advertising is the art of transferring an idea from your mind to the minds of others.

The advertiser's task is to see a thing clearly, DESCRIBE IT SIMPLY *and convincingly*.

The great mistake of the professional advertising man is lack of simplicity.

The most idiotic mistake of the business man who has something to advertise is the notion THAT HE CAN DO IT HIMSELF BETTER THAN A PROFESSIONAL.

The picture above, by our humorous genius Tad, illustrates the commonest folly of the business man who fails to see that you cannot be at the same moment the DYNAMO in the power house grinding out the current and the brilliant BULB that sheds light and tells what the dynamo is doing.

The business man is the DYNAMO, the advertising man is the electric BULB that tells of the dynamo's work.

The bulb that thinks itself more important than the dynamo is foolish.

The big dynamo that thinks it can get along without any bulb and make a success of a lighting plant all by itself is a foolish dynamo.

Advertising is an art and science important to all the nations and to every man in the nation.

Advertising is to business, industry, manufactures, WHAT PRINTING AND LANGUAGE ARE TO THE HUMAN RACE. Advertising is the SPEECH OF BUSINESS. Without it business is dumb.

To exaggerate the importance of advertising and of its untouched possibilities is not easy.

For instance, this nation of ours does thousands of millions of business yearly with other countries.

In South America the right kind of an INTERNATIONAL ADVERTISING CAMPAIGN would sell thousands of millions MORE of our products to the Southern republics alone.

And the right kind of advertising campaign in China and all of Asia would sell other thousands of millions.

The great thing is to get the RIGHT brain to do the advertising.

You must have the man who understands China, what China wants, what China believes, what kind of advertising language China understands.

You must have a brain similarly equipped to deal with the Argentine, and Chili, and Peru, and Brazil.

The great nations of the world are bankrupt, or bankrupting themselves as rapidly as they can.

England spends fifteen millions a day on war, lends six hundred millions to Italy, and heaven knows how many thousands of millions to France and Russia.

Soon, let us hope, war will stop, and then will begin THE GREATEST ADVERTISING CAMPAIGN THAT THE WORLD HAS EVER SEEN.

Turning from blood and murder to business once more, the nations will want to spend and purse will begin a desperate fight to get back the business lost.

What a magnificent thing it would be for this country if the Government could clearly understand that national advertising means, and if the United States could begin NOW the great campaign of national development to suggest the world that will soon be begun with terrific energy by the other nations.

From the nation that needs new markets down to the man who has just invented a new lamp wick, and needs the public to KNOW WHAT HE HAS DONE, the world's problem in business is advertising.

To advertise means "to inform." **The intelligent business man and manufacturer says: "I have produced such a product at such a price. But the world is not INFORMED and does not know what I have to offer."**

The advertising man, competent and alert, says: "I can inform the world, and while you devote your energies and genius TO PRODUCTION I will devote mine to DISTRIBUTION by telling your story."

Foolish is the man who wants to build a house and thinks he needs no architect. Foolish the man with a broken leg who sends for no doctor, and trebly foolish the man with something worth selling who does not secure the services of a man WHO KNOWS THE ART OF TELLING what the business man has to say.

Long since it was stated four things that the advertiser must do or fail:

1.—He must make the public SEE his advertisement.

2.—He must make the public READ it.

3.—He must make the public UNDERSTAND it.

4.—He must make the public BELIEVE it.

Is advertising difficult? It is, indeed. It would be easier to start a new religion on a successful career in the United States THAN TO START A NEW BRAND OF SOAP.

Get the name of your client's product so thoroughly in the public brain that the product and the name you advertise become synonymous.

If in the United States you say "Tiffany" it means jewelry. If you say "Delmonico" it means food.

Advertising genius properly encouraged can actually take a meaning from a word as old as the language, and transfer it to a new word, to a new name.

How is this done? First of all, BY REPETITION.

"Repetition is Reputation."

The great French revolutionist said that success called for "audacity, audacity, more audacity."

Advertising success calls for REPETITION, REPETITION, MORE REPETITION.

There is advertising in every year of the human being's life. The new-born baby advertises its need of food and a bath with pitiful squalling.

The little boy twisting his hat in his hand, asking for work, seeks to advertise his qualities as an office boy.

The young man in his courting is a tremendous advertising agent, hoping that he will favorably impress one who is the entire public to him and persuade her to accept what he has to offer.

To every advertiser of every kind these things are of vital importance in bringing success.

Know exactly what it is that you have to say

Know that you are telling a truth which is useful to the public.

Express yourself with SIMPLICITY, for that is the greatest of literary art.

There is no literary discipline as valuable as advertisement writing, if the work is understood.

You must avoid dryness, which discourages the reader.

You must avoid unnecessary words; every one of them costs money; every surplus word discourages the reader and drives him away from your advertisement.

You must know where to begin—just where your reader's interest begins. You must know where to stop, just where HE would stop if you did not.

You must avoid the appearance of preaching at the people, for the people get all the preaching they want on Sunday.

You must write exactly as though you were TALKING to the reader, for an advertisement writer is a salesman.

You must manage your public, find your way into their minds, and you must manage your client very often, for in the beginning advertising is discouraging; dollars go out and do not come in.

Many a man in business can wait patiently while a factory is going up brick by brick—knowing that the bricks must be bought and laid first. But he cannot wait patiently while his reputation is being built up brick by brick through advertising. He wants to get returns on the first load of bricks thrown on the vacant lot.

To keep him while he teaches the public is difficult—but difficulty is what makes advertising interesting.

Advertising is important, not only because it helps business, but because it increases the efficiency of labor.

Advertising renders public service, the great advertiser puts his fortune INTO HIS REPUTATION, and if he dies his successor cannot AFFORD TO DAMAGE THAT REPUTATION.

No man sets fire to a factory that has cost millions.

No man sets fire to an advertising reputation that has cost millions and injures the quality of the advertised goods. That would destroy the reputation.

Every man, excepting the fool, knows that the foundation of advertising success is honesty. And the higher you hope to build THE MORE POWERFUL YOUR FOUNDATION MUST BE.

ASSOCIATED ADVERTISING CLUBS OF THE WORLD — TRUTH

This is one of a series to Advertise Advertising, by the Associated Advertising Clubs of the World (headquarters Indianapolis). Write for booklet, written for buyers like yourself. Every man or woman who buys any kind of commodities will find it profitable reading.

WESLEY THOMPSON'S "BATTING AVERAGE" GETS BOOST UPWARD

After a lengthy absence from court circles, J. Wesley Thompson, who has been nominated by the President for a Hawaii judgeship, entered the federal tribunal Saturday and hoisted his "batting average" up near the thousand mark. After a brilliant argument by Mr. Thomsapn, Judge C. F. Clemons declared that his demurrer in the case of Emeiio Calasicas should be sustained and the defendant was allowed to go free. Calasicas was charged with demanding wages from the government by means of false instruments.

India annually exports about 1,000,000 pounds of fish maws and shark fins for edible purposes, mainly to other oriental lands.

The total production of explosives in the United States, exclusive of exports, was 225,126 short tons in 1914 and 250,008 short tons in 1913.

Swedish inventors have perfected a cellulose wadding for dressing wounds that is made from chemical wood pulp in thin sheets like tissue paper.
