2:30 Edition

Evening Bulletin, Est. 1882, No. 6765
Hawaiian Star, Vol XXIV, No. 7806

12 PAGES—HONOLULU, TERRITORY OF HAWAII, FRIDAY, APRIL 20, 1917.—12 PAGES.

PRICE FIVE CENTS

FRENCH CRUSHING GERMANS ON WEST; BRITISH ADVANCING

DEALERS ASSERT MAKE LESS THAN AT LOWER PRICES

Importers Say That Coast Advances With Freight Added Leave Them Narrower Margins of Profit Than Before

Wholesale prices of stock feed in Honolulu have increased in some instances nearly one-third since war was declared April 6.

Honolulu wholesale dealers are today compelled to pay more for grain, hay and feed f. o. b. San Francisco than they sold them here for 90 days ago.

Local supplies of feed, grain and hay are short, buyers not realizing a few months ago that wholesale prices would go as high as they have.

Last year's hay crop was small in California and from present indications will be no better this summer.

These are the principal facts ascertained today by the Star-Bulletin as the result of visits to the biggest wholesale grain, hay and feed firms in Honolulu. Local dealers claim they are not profiting by the tremendous increases and that they are not making as much on sales as before.

Longley Quotes Prices

From Supt. A. T. Longley of the territorial marketing division the following wholesale prices charged today on feeds were obtained:

Small yellow corn, $72.50 to $74 a ton. Two weeks ago today the price was from $67 to $68. A year ago, $35.

Scratch feed, two weeks ago, $67 a ton; today, $80.

Wheat, two weeks ago, $69; today $89.

These quotations are obtained from local wholesale firms for the information of ranchers. They are issued weekly. Retail prices average 15 per cent higher, Longley estimates.

On stock feeds, Longley's figures today are:

Bran, was $40 two weeks ago, today, $52.50; barley, was $55, today $64.00; middlings, quoted today $55 a ton; middlings was $50 two weeks ago, today $65. Island rice bran has jumped $10 a ton. It was $30 normally, but today is $40 a ton.

No Island Corn Now

There is no island corn now in the market, Supt. Longley says. None of the other stock feeds are grown here except rice bran. Longley thinks the increases due largely to the war. This is not the season for island-grown corn. The last crop is all sold and the new will not be in until July.

Wheat hay, Longley reports, has not risen correspondingly in the last two weeks. It is quoted wholesale today at $39@45 a ton, and alfalfa from $39@42. It was $39 two weeks ago. This is far above normal, however.

That the advances are partly due to the war and partly to the enormous shortage in hay, grain and feedstuffs in California, was stated this morning by F. W. Macfarlane, president of the Union Feed Company, Ltd.

Macfarlane said that because of today's unparalleled prices the consumption of feedstuffs is less, and that his firm is doing all in its power so to conserve its limited stocks as to take care of its regular customers.

No Stocks Laid In

"With us it is not so much a matter of price as the efforts we are now making to provide for future deliveries," he said. He said frankly that the Union Feed Company has not laid in stocks beyond actual requirements because it does not anticipate that the present high prices will last beyond the harvest of the new crops in August and September.

Macfarlane praised the work of Manager A. W. Carter of the Parker Ranch on Hawaii, who has, he said, been able to put on the local market corn grown on his ranch, of better quality than the California product, and at a lower price than corn imported from the mainland.

In a nutshell, Macfarlane says, the present unparalleled prices are due to the war, to the lack of a "carry over" of crops from the preceding year and to short crops coming this summer. With large crops of grain and hay a fair percentage is usually carried over by the growers. Last year's crops were short, there is now no "carry over" to help out, and the coming crops are likely to be short again this year, reports from California indicate.

Tells of Coast Prices

A letter dated April 12, received by the Union Feed Company this week from its San Francisco agency, graphically describes the California hay shortage, which is worse in proportion than that in grain and other feedstuffs, as follows:

"With hay quoted at $33 a ton wholesale, costing the consumer $35 and promising to reach $40 within a short time, stock raisers and dairymen are facing the alternative of killing their stock or watching them slowly starve.

"The hay shortage has become serious. The 1916 crop was a million tons below the 5,000,000 ton figures reached in California in 1915. January of this year was raw and cold with little rain. Pasture which would or-

BOARD OF HEALTH MAKES REPORT ON COST OF LIVING

Control of Prices Comes From Outside Territory; Supply Shortage is Blamed

"There has been a more or less steady increase in the price of nearly all foodstuffs since the beginning of the great war in August, 1914. We do not find that retail merchants of the territory have caused any unusual increase in the price of foodstuffs since the declaration of war by the United States. Whatever increases there have been appear to be merely in line with the general upward movement since August, 1914."

This summarizes briefly the findings of the board of health in an investigation to ascertain the cause of increases in the prices of foodstuffs in the territory, the investigation having been made in conformity with the provisions of a resolution introduced in the house of representatives.

Grain Crops Are Small

In part, the board's report reads as follows:

"In the first place the fact is of serious import that the crops of wheat and grains for 1916, in general, were from 30 to 40 per cent short of those of 1915, and as a consequence the surplus of the 1916 crops is practically consumed. There is also a shortage in live stock. Canned goods in general are increasing in price.

"The wholesale price of condensed milk has advanced. The jobbing price of Eagle brand on March 15, 1917, was $7.65 per case. On April 12, 1917, the jobbers' price was $8.

"The price of fresh milk in Honolulu is from 12 to 13 cents per quart on February 1, 1917, since which time there has been no further increase. A few poi dealers have made a slight increase in the price of this article, but as a general thing there has not been a material advance. We are told by taro planters that they expect the price of taro will shortly advance from 90 cents per bag to about $1.20.

"There is a steady and persistent advance in the wholesale and retail price of sugar. We have not heard any local complaint regarding an advance on this item.

Flour Continues Advancing

"Flour is advancing steadily as the following quotations will show:

"January 6, 1917, $8.20 per bbl. of four bags; March 5, $8.40; April 3, $8.80; April 7, $9.40, and the latest

Elkus Ill of Dread Fever

(Associated Press by U. S. Naval Wireless)

THE HAGUE, Netherlands, April 20.—Ambassador Elkus, U. S. representative to Turkey, is seriously ill of spotted typhoid at Constantinople.

NOMINATIONS BY GOVERNOR FACING HOLDUP IN SENATE

Long List of Recess Appointees Appear Today, But Nothing Done on Auditor

Gov. Pinkham sent to the senate today, subject to the confirmation of that body, some 250 appointments made by him since the last legislative session. The typewritten list of names covered eight and one-half large pages, the last three pages of which are of election inspectors.

Three appointments, however, were lacking on the paper. Two of these—territorial auditor and surveyor general—are very much desired by the senate. The third, that of land commissioner, has already been with the senate some weeks.

The governor's long list has not poured any oil on the senatorial waters, largely because of the fact that the places of auditor and surveyor were left unfilled.

As soon as word had been passed about this morning among the half dozen senators present that the list of appointments was down an informal executive session was held in one of the committee rooms off the senate chamber. As a result of that meeting, it is said, the senate is as far if not farther than ever from the confirmation of Bertram G. Rivenburgh as land commissioner.

When the list was searched through in vain for the names of appointees to the two offices fireworks began to sparkle.

As a result it was probable at the end of the meeting that the long list of appointees would be deferred when read formally before the meeting. It was also probable that a motion would be made to send a letter to the governor stating the exact stand of the legislature. This stand is to confirm none of the nominations until all have been sent to the senate.

As a matter of fact there is a big question whether the senate can force the governor to send in the names of men for the positions of auditor and surveyor, by refusing to confirm other nominations.

Section 80 of the Organic Act provides that the governor may make recess appointments which shall expire at the end of the next senate session if unconfirmed by that body. There seems to be nothing, however, to prevent a renomination on the following day.

One senator today expressed the belief that while such a thing might be possible, it would be plainly breaking the spirit of the Organic Act. This senator did not believe the governor would rename a man who had been left unconfirmed by the senate.

All of the names sent today have been announced through the press from time to time as they were chosen by the governor. Many of them date back to 1915.

REPUBLICANS TO HOLD BIG RALLY

A big Republican rally has been called by Mayor John C. Lane for Saturday night at Aala park at which time he and other members of the G. O. P. will explain to the voters the merits and demerits of the charter bill. The Hawaiian band will play during the evening.

Among those who have been asked to speak are Representatives Bernard Kelekolio, Archie Kaaua, Robert Ahuna, Joseph Kalana; Senators George Kamanoha, Stephen L. Desha and William C. Achi, A. M. Brown, David Kalauokalani, Albert Kaniwe and Ioela Kiakahi. While the meeting is principally called for talks on the charter the platform will also be opened for discussion to any of the municipal candidates who may wish to speak. All the supervisors will be asked to address the voters.

SENATOR OF FRANCE HELD AS A HOSTAGE DIES FROM SORROW

PARIS, France—Charles Sebline, senator for the Aisne department, is reported to have died of grief and privation while being taken to Germany as a hostage. Senator Sebline, who was 71 years old, remained in his home at Montercurt among his constituents throughout the German occupation. He was forced to accompany the retreating Germans after seeing his house and sugar plant destroyed and his estate ravaged.

CUBA P. O. BUSINESS RENEWED.

Postmaster D. H. MacAdam received a cablegram this afternoon from the third assistant postmaster-general, Washington, D. C., announcing that money-order business with Cuba, which has been suspended for the last 30 days because of the revolutionary troubles there, will be resumed, effective next Monday, April 23.

The bill granting to women the right to vote under certain conditions in incorporated villages for all town officers, except road commissioners, was passed by the Vermont senate.

FREAR PROPOSES COMPROMISE FOR PROHIBITION BILLS

Plan Which Will Allow July Vote Suggested to Senate Committee

Prohibition matters pending territorial legislation took what may mean a new turn this morning through a proposal made to the senate judiciary committee by former Governor W. F. Frear.

This proposal is to effect a compromise between the opponents of Senate Bill 33 and the opponents of House Bill 383, substituted for the senate measure by inserting the sections of Senate Bill 33 in the bill from the house.

This, as Governor Frear explained, would meet such objections as the house has raised. It would work out as follows:

If in the plebiscite next July a vote favoring prohibition carries, the prohibition clauses of Senate Bill 33 will become effective at such time as the bill provides in the following year.

In the interim the validity of the law could be tested.

Should the courts find the law invalid—as the house committee declares it—an alternative plan then may be allowed as under House Bill 383 of having a special session of the legislature called to enact a prohibition law.

Chairman Castle at once expressed approval of the suggestion, and Coney also favored it. It is probable that if the committee reports later these two will file a minority report recommending such a plan.

On the other hand Senators Makekau, Kamauoha and Robinson favor tabling the house bill outright and dropping the prohibition question for this session of the legislature.

The question was brought up today whether the house would concur to the proposed amendments which the minority members favor.

"They must at least go on record," replied Castle. "Sometimes a proposal meets them half way."

Technical amendments will probably be made to the house bill, several necessary changes having been found by the committee.

Castle stated for the committee—including Makekau—that it was absolutely opposed to the concurrent resolution prepared by the Anti-Saloon League and introduced by Makekau, providing for a petition to Congress to enact prohibition in Hawaii. Castle said the committee had stood consistently for home rule and did not favor carrying the question to Congress when the people of the territory could as well decide.

Governor Frear pointed out that portion of the house bill which provides that the result of the election shall go to high officials in Washington. To inform Washington that the territory had failed to carry prohibition would be merely making a complaint and not asking for relief, he said. It would be "washing our dirty linen over there."

"There is no need for worry on that point," said Castle, "that portion won't pass the committee."

CLUBS LINE UP FOR EARLY CLOSE

Clubs of Honolulu are rapidly falling in line in the movement to close bars at 7 o'clock in the evening, starting next Monday, as the liquor license commissioners have decreed the saloons and hotel bars shall do.

The Commercial Club was the first to take such action and Phoenix Lodge came next. It is understood that such a stand will be taken by the Elks and the University Club has a committee appointed to investigate and report.

Last night the Pacific Club unanimously passed the resolution to place themselves in the same class as the hotels. E. I. Spalding, president of the Country Club, who is one of the board of governors of the Pacific Club, was present and said that the Country Club would probably take the same action.

At one of the best attended meetings held by the Phoenix Lodge the matter was discussed last night and agreed upon. Julius W. Asch, leader of that lodge, said that for such a momentous question he wanted an expression from as many members as possible and nearly 150 turned out to voice their approval.

Although the 7 o'clock closing provision will strike the Phoenix Lodge hard inasmuch as no meals are served there the members started practise immediately following the meeting last night by ordering various kinds of soft drinks.

Clubs having cafes will serve liquor with bona fide meals until 10 o'clock the same as the hotels and restaurants but such lodges as the Elks and Phoenix, which have no cafes, will close tight at 7 p. m.

A rumor that Heinie's Tavern would close for an indefinite period when the new ruling goes into effect was denied by the management today.

Krupp's Great Plant Reported Hit By Strike

(A. P. by U. S. Naval Wireless)

AMSTERDAM, Netherlands, April 20.—Reports have reached here that the great industrial strikes in Germany have now spread to the munition plants. It is said that workmen are refusing to continue in the huge Krupp plants at Essen.

WILSON AGAIN DECLARES HE IS FOR CONSCRIPTION

Writes Kansas Solon Warning Congress on Committing Nation to Volunteer System

(Associated Press by U. S. Naval Wireless)

WASHINGTON, D. C., April 20.—Once again, on what is practically the eve of the great fight in Congress for compulsory military service, President Wilson came to the fore yesterday in a letter to Congressman Helvering, demanding that Congress exercise the uttermost care before definitely committing the Nation to the volunteer system in this war.

In his letter to the representative Mr. Wilson explained once more and fully the reasons he has for supporting the army experts in their stand for universal service and selective conscription, and he indicated once more that he intends to insist upon the passage of the bill which will give the government a real army and a stable supply of material for the ranks.

It was learned yesterday that, following a conference with Minister Van Rappard, the Dutch minister here, President Wilson has announced that no matter what policy may be adopted by this government in regard to placing an embargo upon exports nothing will be allowed to interfere with the stream of supplies to the Entente Allies. Furthermore it was stated that the President told the Holland minister that the United States has no intention of putting an embargo on exports except where it is believed that Germany is profiting by them, in which case instant steps will be taken to shut off the flow of supplies.

CALL BOY SCOUTS TO MAKE GARDENS

(Associated Press by U. S. Naval Wireless)

WASHINGTON, D. C., April 20.—Secretary of Agriculture Houston today issued a call to the Boy Scouts of the country to help in the "home garden" movement. In the call he asks that the Scouts observe April 21 as "National Planting Day." The call is to be sent out to 218,000 members.

Boy Scouts of Honolulu will answer the call from Washington, said Scout Commissioner Harry S. Hayward today when informed by the Star-Bulletin of Secretary Houston's move.

At the annual meeting of the Scouts a week ago Director Westgate of the U. S. experiment station urged that the Boy Scouts take up gardening in view of the national emergency. Last night Scout officials held a meeting and will hold another tomorrow night to plan details of the project, which is already indorsed. It is not possible to observe "National Planting Day" April 21, but an effort may be made to observe it the following day. Already the local Scout organization is listing vacant lots which may be secured for planting.

U. S. CONTROL OF PRICES IS URGED

(Associated Press by U. S. Naval Wireless)

WASHINGTON, D. C., April 20.—Secretary of Agriculture Houston today recommended to the senate that the Council of National Defense be empowered to fix food prices.

MINERS SENT TO YUCATAN

[By Associated Press]

MEXICO CITY.—Six hundred miners from the camps surrounding Del Oro have been sent to the state of Yucatan where they will begin grading work at once on the railroad line to be built by the state to connect the Isthmus railroad at Santa Lucretia with Merida.

ALLIES DELIVERING BLOWS AT NIGHT; ANOTHER BIG DEFEAT FOR TURKS BY GENERAL MAUDE

DAY'S NEWS IS TRIUMPHANT FOR ENTENTE FORCES—LONDON SEES GREAT RELIGIOUS SERVICE CELEBRATING U. S. ENTRY INTO WAR—KING AND ROYAL FAMILY JOIN IN CEREMONIES

(Associated Press by U. S. Naval Wireless)

PARIS, France, April 20.—Fighting by day and by night, Gen. Nivelle's French troops along a wide front are smashing the German positions as fast as they are made, and the whole German defense is weakening under the blows.

Last night there was violent artillery and infantry fighting. The French gained Laffaux and occupied the Vauclero plateau after a hard struggle, the plateau giving them a commanding position.

The failure of the Germans to offer normal resistance on this long front is now the feature of operations in Aisne and Champagne. Gen. Nivelle's armies are in no danger of losing the initiative and gradually all the German salients along the Soissons-Auberive front are being crushed out.

LONDON, England, April 20.—Victory for the British arms was reported today from a number of theaters of action.

On the western front there has been fierce fighting. An official statement late today says:

"We gained ground last night at Villers and Guislain."

Gen. Maude, whose exploits on the Tigris have won him fame, and who is commanding the British forces in Mesopotamia, reports that his men have forced a passage across the Shatt-el-Adhem and attacked the Turkish main positions. The Turks are declared to have been completely routed, with 1244 taken prisoner by the British.

In Egypt, where the Turks and tribesmen have been carrying on marauding expeditions, the British have advanced well to the north. At Wadi Ghuzze, in southern Palestine, they have captured the Turkish positions for six and one-half miles.

Britain Commemorates Entry of U. S. Into World-War Against Prussianism

LONDON, England, April 20.—With a solemn religious ceremony and with public rejoicing, the entry of the United States into the war against the Germans was celebrated today.

A religious service at St. Paul's cathedral focussed the principal celebration commemorating America's partnership in the war with the Entente Allies. The Stars and Stripes floated from the highest tower of Parliament Building—the first time a foreign flag has been so displayed.

The service in St. Paul's was unprecedented, in that it was in commemoration of the act of another nation. The king and royal family and all ministers, as well as members of the American embassy and representatives of the other Allies were present, and thousands of persons crowded the famous halls.

Germans Massing On Riga Front; Fleet In Baltic For Smashing Offensive

(Associated Press by U. S. Naval Wireless)

PETROGRAD, Russia, April 20.—Official advices made public here last night tell of the concerted movements of the German fleet and armies in the Riga zone, afloat and ashore. According to this report a large portion of the German fleet has been moved from the Kiel canal refuge where they have been hiding from the British fleet to the neighborhood of Libau. A number of warships are now in the Baltic.

While this movement has been going forward the massing of large bodies of German troops south and east of Riga, which was reported some time ago, continued, and the naval and military authorities are firmly of the belief that the Russians are fated to bear the brunt of another great German attack on the northern front, supported by the warships.

This would bear out the warning which the liberal government sent out shortly after the revolution.

U. S. POTATO CROP ANNOUNCED SHORT

(Associated Press by U. S. Naval Wireless)

CHICAGO, Ill., April 20.—Mayor William Hale Thompson, who is heading a "home gardening" movement here, said today that an expert investigator for Armour & Company estimates that if every seed potato in the country is planted, the crop will be 25 per cent under the normal.

Locally, there is a limited supply of Irish potato seed potatoes, and all of the known supply of the nonblight Hamakua hybrid, now much in demand, has been spoken for, with literally thousands of persons planning to plant potatoes in home gardens. Hundreds of applications are being received by the United States experiment station and by Vocational Instructor Bryan from children who desire to enter the Star-Bulletin's potato growing contest, announced last Saturday. The news today from the mainland indicates that the potato crop of the United States will be one-quarter short and it is up to Hawaii to raise every potato possible in the next few months.

SPAIN WARNED BY RETIRING PREMIER

(Associated Press by U. S. Naval Wireless)

MADRID, Spain, April 20.—In his letter of resignation to King Alfonso, Count Romanones, retiring premier, declared that the defense of the lives and interests of the Spanish people is not assured if the government policy continues to be bound by the limitation hitherto existing.

Manuel Garcia Prieto, former president of the senate, has been asked by the king to form a new cabinet following the resignation of the Romanones cabinet yesterday. Sr. Prieto immediately afterward announced that he would at once organize a new ministry. It is understood that Alvarado is to be minister of foreign affairs, Aguilera will be minister of war and Miranda will be minister of marine. Bureis probably will become minister of the interior and the Duke Alba will be minister of finance.

This indicates that Romanones had planned to take more active hostile measures against Germany for the sinking of Spanish vessels in violation of international law.

$5000 IS ASKED BY COOKE TO FINISH WORK IN HOUSE OF REPRESENTATIVES

Solons Drive Through Mass of Business as End of Session Draws Near

Members of the house of representatives today settled themselves into the work of the last 10 days of the session, and indications now are that the calendar will be wiped clean of all business when the last day rolls around.

But one bill was introduced today, and it probably will be the last house measure. It was presented by Representative Cooke, chairman of the finance committee, and provides for an appropriation of $5000 to carry the house until the close of the session. Shortage of funds has been in evidence during the last few days, and there is little doubt that Cooke's bill will be rushed through both houses and up to the governor. It comes up for second reading in the house tomorrow.

House Works Quickly

The house today passed six house bills on second and six house bills on third reading. One senate bill failed to pass third reading. Discussion on house bill 260, relating to officials becoming interested in public contracts, was cleared up and the measure passed second reading. Six house bills came back from the senate. What amendments there were were concurred in and the entire batch is now ready for the governor. Five bills were received from the senate and passed first reading in the house. They come up on second reading tomorrow. This all goes to show that the house is working with unusual rapidity. No more bills will be introduced after today except by unanimous consent

The senate bill providing an appropriation of $1000 for a publicity campaign to assist in recruiting men for the National Guard pursuant to the policy of the war department and the proclamation of Governor Pinkham, came to the house today and passed first reading. It will come up for second reading tomorrow.

Would Create New Office

Representative Kawewehi introduced a resolution to create the office of inspector of restaurants and boarding houses, the position to carry a salary of $1500 a year. Representative Andrews introduced a concurrent resolution urging that only citizens and persons eligible to become citizens be employed on federal works.

A resolution introduced by Representative Kupihea directs the board of health to release one Florence K. Silva from the Molokai settlement and pay her transportation charges to Honolulu.

FROM YESTERDAY'S LAST EDITION

TEXAS FREES ALLEGED MURDERER OF LECTURER

GALVESTON, Texas, April 19.—George Ryan, accused of the murder of William Black, an anti-Catholic lecturer, was freed today when the charge against him was dismissed on motion of the state.

HUNDREDS OF AMERICANS STRANDED ABROAD

NEW YORK, N. Y., April 19.—More than 800 Americans are stranded in the Scandinavian countries, unable to get home, and now virtually without food, according to passengers arriving from Copenhagen.

TWO HUNDRED MILLIONS IN WAR CERTIFICATES

NEW YORK, N. Y., April 19.—The federal reserve bank announced today that Secretary of the Treasury McAdoo has authorized the issuance of $200,000,000 in two and one-half per cent certificates of indebtedness. In case of the authorization of the proposed war bonds, subscriptions in certificates will be accepted in payment for the bonds.

NATIONAL GUARD PUBLICITY BILL PASSES SENATE

Members of the senate voted unanimously this afternoon to pass the appropriation bill of $1000 for a publicity campaign to recuit men to the national guard. The bill will be sent immediately to the house.

HOUSE VOTES $100,000 FOR GUARDSMEN'S DEPENDENTS

The house this afternoon passed on third reading the senate bill appropriating $100,000 for relief of dependents on national guardsmen who may be called to the colors. The bill fixes a minimum monthly allowance of $50 for each dependent family.

ANTHRAX SUPPRESSION BILL IS IN SENATE

Following a conference this afternoon with Territorial Veterinarian Victor Norgaard and board of agriculture members, Senator J. H. Coney introduced in the legislature a bill to appropriate immediately $25,000 for "controlling, suppressing and eradicating from the territory anthrax and hemirrhagic septicemia." The bill classifies these diseases as acute, infectious and contagious and affecting men and beasts.

COMMITTEE FAILS TO AGREE ON ABATEMENT BILL

It was announced late this afternoon that the members of the judiciary committee of the house have failed to reach an agreement on the abatement bill. Four of the members, it is understood, are against its passage. Chairman Andrews says that another meeting will be held tomorrow morning and that, if no agreement is reached then, he will suggest that the bill be reported out with no recommendations, thus allowing the house to consider it in committee of the whole.

PRETEND TO BE DUMB

ROME, Italy.—Because there have been in this war a number of genuine cases of men who have been struck dumb by gun shock it has become a favorite form of malingering by men who wish to avoid the risks of the firing line or particularly desire to be sent home. They act as though they could hear absolutely nothing. Neither a cannonade nor the voices of their mothers who sometimes are brought to see them can they apparently hear. Under these circumstances a shrewd old army doctor has discovered that the sound of the dropping of a coin immediately behind them almost invariably makes them turn.

EDITORS ARE PUNISHED

[By Associated Press]

TOKIO, Japan.—Daikichiro Tagawa, a former member of the Diet and under secretary of state, has been sentenced to five months' imprisonment for publishing an article regarded as reflecting on the dignity of the Imperial House. The article elaborated upon the activity of the elder statesmen in connection with their recommendation to the Emperor to appoint Count Terauchi premier in succession to Marquis Okuma.

The editor of several other magazines which reproduced the article were convicted and sentenced, or fined.

PROGRESSIVE MERCHANTS ADVERTISE IN The Star-Bulletin

Read their Ads. and profit thereby.

They strive to assist you in your buying

Co-operate with them by trading with those who CARRY THE BEST.

COMMITTEE IS DIVIDED UPON CHROPRACTICS

Upon the question of chiropractics, brought before the legislature in a house bill, the senate committee has split, having filed two separate reports on the question.

Bitterly opposed to licensing chiropractors under the terms of the bill, Senators Castle and Robinson represent the minority of the committee. Senators Makekau, Coney and Kamauoha favor it.

The minority report points out that the medical profession has been working for years on the question of infectious and contagious diseases and the prevention of epidemics; that the standard of the medical profession is very high, requiring a severe course of study and high class examinations.

"We are now asked to admit as 'doctors' a certain class known as chiropractors," says the report, "without examination, except that in general they shall have been admitted in another state by a state board."

The report declares that the course of study required of chiropractors is "absurd." The minority of the committee is convinced that graduates of courses prescribed for chiropractors are not properly qualified to diagnose cases.

"The main objection, however, is that of infectious and contagious diseases. Honolulu, being a port of call for the entire world, is particularly subject to danger from such diseases. We have already had several terrible epidemics, and the reason that more have not occurred is because of the vigilance and intelligence of our medical profession," the report says.

The majority of the committee, favoring the bill, express the belief that it should become law on the ground that it will provide further safeguarding of the public health. It says that local chiropractors have demonstrated their ability to cope with disease successfully. The proposed plan is practically the same as admits osteopaths to practise here. In case of infectious or contagious diseases, these men would be under regulations of the board of health.

DAINTY STEAMER BASKETS SOLD AT LANIAKEA

For your friend who departs by the Great Northern, have a nice steamer basket prepared by Miss Alexander, at Laniakea, 1041 Alakea street. Let her fill it with selected fruits, jams, jellies and delicious confections, such as home-made divinity fudge, coconut candy, etc.

Tea-dance as usual tomorrow, 3:30 to 5:30. Music by Kaai's Glee Club. Come and enjoy it.—Adv.

HOUSE NOTES

This is the 50th day of the session. Ten days more to go.

Representative Cooke's frontage tax bill passed third reading today.

The bill to increase the salary of the chairman of the Maui supervisors passed third reading.

Representative Marquez introduced a bill appropriating $1000 to encourage aeronautics in the territory.

The governor has signed house bill 150, as Act 101, appropriating $9000 for a macadamized road in the Puukapa homestead district, South Kohala, Hawaii.

The house has received from the supervisors copies of a resolution urging legislative action to secure, when possible, the judiciary building for use as a city hall.

Reconsideration of the vote to override the governor's veto of the bill providing that the utility commissioners shall serve without pay, comes up in the house tomorrow.

A bill introduced by Representative Paschoal directs the superintendent of the marketing division to distribute seeds for food production, and appropriates $2500 for their purchase.

USE NUMBERS NOW

[By Associated Press]

MEXICO CITY.—The department of war has announced that hereafter the regiments, brigades and divisions of the Army will be designated by number instead of by name as at present. At present the majority of organizations bear the name of some leader or take the designations from the locality in which they were raised.

DEALERS CLAIM PROFITS ON STOCK FOOD SMALLER THAN HERETOFORE

(Continued from page one)

dinarily be good grazing ground at this time is nearly barren. No crop can be expected before June and stock owners who have been feeding their surplus of baled hay, which would normally carry them to April(are facing bankruptcy. Their storage barns are empty, they have no pasturage, hay which should sell at $17 is doubled in price and even then obtained with difficulty.

"The conditions which exist in California are duplicated in other states. We are buying the surplus stock of Oregon and Washington now and must replace it from our first California crop. Idaho and Montana are buying in the same markets and the prices are soaring. The purchase of a single 1000 tons, three weeks ago, sent the price from $13 to $23 a ton and the freight had to be added. We are paying $25 for hay in Los Angeles, $5.50 for freight and selling it at wholesale today for $33."

All Prices Go Up

Treasurer Thomas V. King of the California Feed Company today showed the Star-Bulletin wireless messages and cablegrams from the firm's San Francisco offices, showing that the price the company now has to pay for hay and feed f. o. b. San Francisco has risen tremendously in the last month. He says the firm cannot make the margin of profit now which prevailed when prices were comparatively normal three months ago.

King's radiograms show that Sure-milk cost his firm $45 a ton in San Francisco on last Monday, April 16. The normal price on this dairy feed is $28. Barley wholesale the same day cost the firm $55 a ton f. o. b. San Francisco, against $35 last September and $25 to $30 a ton last summer when the crop was being harvested. Wheat hay today is costing $32 to $35 a ton at San Francisco, not counting freight to the islands, where last September and October it was $18 and $20 a ton.

King says the ranchers are making more than the dealers, and that the San Francisco dealers are boosting up prices on the local wholesalers so that to "break even" the local firms have to increase prices accordingly.

BOARD OF HEALTH MAKES REPORT ON COST OF LIVING

(Continued from page one)

cable announces a price of $10.60. Present indications all point to a further increase. The cause is a world-wide shortage and we believe this shortage is not due, in the main, to a shortage of wheat crops, but to an abnormal demand."

Meat Prices Little Changed

"During the present year there has been but a slight increase in the price of fresh meats in Honolulu. The high price of feed has caused a local underproduction of hogs. The only people who can afford to raise hogs are those who have swill supplies.

"Mutton increased in price about two months ago. It is expected that local prices for fresh meats will advance soon. There has been no sudden or definite increase in the price of fresh fish in the local markets.

Rice Prices Explained

"Many rumors have been extant regarding local corners in the rice market. A local dealer made careful inquiry and found that on April 12 there were about 6000 bags of Hawaiian-Chinese rice in the territory. The local high price is due to the serious mistake our local dealers made in shipping large quantities of the last crop to the coast. Local dealers are now unable to purchase rice on the coast in the quantities they could use even at the present high price. Rice should retail for at least $5 per 100 pound bag to warrant its production under local conditions.

"Since about March 15, 1917, there has been a rather sharp increase in the price of rice, corn, wheat and its products, beans, condensed milk, and pork products, due to causes over which neither our wholesale or retail dealers have control.

Outside Control of Prices

"The prices of foodstuffs on the local markets are as a rule directly controlled by outside quotations.

"From our investigation we believe our local merchants are face to face with a most difficult situation, one that will require the utmost vigilance on their part to even secure regular stocks of supplies.

"As to the price of such, it lies entirely without their control and is governed wholly by the volume of consumption and production; with the former, at the present time, in excess of the latter."

FOUR FIRMS COMPETE ON SEWER LAYING JOB

Informal bids for furnishing labor to install a 2-inch to 6-inch sewer line approximately 1200 feet long, at the insane asylum, were opened at 11 o'clock this morning by the department of public works.

Four bidders competed, the lowest of whom was V. J. Burgess, who bid 9 cents on the two-inch, 12 cents on the three, 22 cents on the four, and 27 1-2 cents on the six-inch sections.

Another bidder was J. L. Young, whose high bid was because he bid on joints instead of installation only. His bid was 47 cents, 66 cents, $1 and $1.25. H. H. Foster bid 12, 16, 21 and 26 cents. The Durant-Irvine Company, Ltd., bid 21, 28, 32 and 51 cents.

TREASURE SEEKERS DESECRATE TOMBS OF OLD JAPAN'S ROYALTY

[By Associated Press]

TOKIO, Japan.—Desecration and despoilment of imperial tombs near Nara for purposes of robbery has led to the discovery that other ancient tombs scattered through different parts of Yamashiro province have been broken open and contents of value removed.

The treasurers disinterred from the tombs of members of the Imperial family who reigned both before and after Christ include objects of rare non-appraisable value. Some of the jewels and ancient mirrors are said to date back as far as 2,000 years. Among articles stolen were several ancient necklaces and a number of old metal mirrors containing 50 per cent gold with exquisite antique designs on the back. Another curious relic was stone pillow used in the earliest epoch of Japanese history.

The hieroglyphics on the back of the mirrors are entirely new to aechaeologists though they are presumed to be of Chinese origin. The precious stones are valued at many thousands of yen and are supposed to have come from China.

Traditions have long been current as to the value of the relics buried in the imperial and other ancient tombs including the tradition that one tomb contains a wonderful golden cornet of fabulous value.

The relics and jewels which have been recovered since the arrest and sentencing of the robbers will be turned over to the imperial household department.

FREIGHT LIMITATION FAILS

[By Associated Press]

LONDON, Eng.—The scheme for the limitation of freights to France and Italy which was planned to attract increased tonnage for the transportation of coal from England, has failed to bring into the service the required number of steamers at the fixed rates and in compliance with requests from shipbrokers, the authorities have agreed to make the plan more elastic. The schedule rates of freights can now be adjusted in order to attract more neutral tonnage.

Whooping Cough SPASMODIC CROUP ASTHMA BRONCHITIS CATARRH COLDS

Vapo-Cresolene

ESTABLISHED 1879

A simple, safe and effective treatment for bronchial troubles, avoiding drugs. Vapor-ized Cresolene stops the paroxysms of Whooping Cough and relieves Spasmodic Croup at once. It is a boon to sufferers from Asthma. The air rendered strongly antiseptic, inspired with every breath, makes breathing easy, soothes the throat and stops the cough, assuring restful nights. It is invaluable to mothers with young children.

Cresolene relieves the bronchial complications of Scarlet Fever and Measles and is a valuable aid in the treatment of Diphtheria.

Cresolene's best recommendation is its 30 years of successful use.

Sold by Druggists.

SIOUX INDIANS HAVE THEIR FIRST NEWSPAPER

[By Associated Press]

POPLAR, Mont.—The first newspaper known to be published in the language of the Sioux Indians has just been started here. It is called the Fort Peck Sioux Pioneer, and its first issue was printed partly in English and partly in the Sioux language.

The advertisements were entirely in Sioux except the names of the merchants who advertised. Gus Hendrick is the publisher and it is his intention to issue monthly.

The first edition was exhausted at 5 cents a copy, and a second edition placed on sale brought 10 cents a copy.

WANT U. S. LOAN

[By Associated Press]

ROME, Italy.—The Popola Rom No and other newspapers urge the Italian treasury to contract new loans in America, not for the money in itself, but to be able to pay with it what Italy needs to import from the United States without further increasing the exchange rate which has reached 7.80 lire for each dollar, a loss of 53 cents on a dollar. They observe that the loans of Italy in America are smaller than those of any of the other Entente Allies, reaching only $50,000,000.

The Cramp Shipbuilding Co. of New York was awarded a contract for constructing two vessels for the United States government at a cost of about $8,000,000 each.

MARKET IS FIRM BUT SALES SMALL

Plenty of carrying orders are in the hands of local stock brokers but most of such orders are a shade under present prices. There are selling orders also but there is no pressure to make such sales. The result is a firm and rather quiet market. Sales shown by the stock exchange sheet today give transactions between boards of 350 and at the session 254 shares. Bond sales were $3000 San Carlos 6s at 104 and $5200 Telephone 5s at 106. Prices on stock sales were Waialua 31 3-4, Pioneer 38 1-2, Rapid Transit 140, Hawaiian Commercial 49 1-2, Oahu 28 3-4, Pineapples 41 1-4, and Ewa 33 and 32 3-4.

Among the unlisted stocks Engels Copper weakened slightly and sold down to 6 and then to 5 7-8, Minerals sold at 92 and at 91 cents, Montana-Bingham was 38 cents, Mountain King 54 cents and Honolulu Oil $3.10. No sales were reported on Madera, which was quoted at 26@28 cents.

ALASKA MAY FURNISH FIELD FOR WOOD PULP

[By Associated Press]

PORTLAND Ore. April 12.—Large tracts of timber suitable for conversion into news print paper are standing in the Tongass and Chugach national forests in southeastern Alaska, according to H. S. Graves, chief forester of the United States Forestry Service, who was here recently.

"We are certain capital will soon be interested in these tracts and that a pulp mill will eventually be erected, Mr. Graves said. "There are a number of saw mills in the reserves, but a paper establishment should be erected."

The committee of munition manufacturers of others conected with the munition industry, which was organized under the auspices of the Council of National Defense, held its first meeting at the War Department.

FEW CANDIDATES FILE NOMINATIONS

Although 40 nomination papers have been taken out by prospective municipal candidates only two have been filed with the county clerk. These are John C. Lane for mayor and David Kalauokalani for county clerk. Practically every candidate seen, however, has his blank filled with names in his pocket but there seems to be considerable hesitancy about filing them due to the uncertainty over the charter. All candidates have until next Saturday, April 28, to file the nomination papers and it is expected that they will wait until the last moment in order to see whether the new charter will be signed or vetoed by the governor.

Some of the candidates have declared that they will run only under the present charter while others will probably come out if it should happen that the election is held under the provisions of the new charter.

Of the present board of supervisors C. N. Arnold, Daniel Logan, Robert Horner, William Ahia and Ben Hollinger have taken out their papers and have announced that they will run for supervisor. William Larsen is still undecided and F. M. Hatch has emphatically declared he will not run.

Among the Republicans who have taken out papers for the position of supervisor are Charles Holoua, John Kenia, Manuel Serpa, A. K. Vierra, John Luiz, Archie Kahele and Charles H. Belline.

In the Democratic column are Edward Hanapi, W. H. McClellan, Lester Petrie, E. H. F. Wolters, John Markham and James Pierce. John Uluihi took out 20 papers to distribute among the Democrats among whom are the above.

J. C. Cohen and Joseph Fern are now out working for signatures for mayor. Others who will run are Eddie Hopkins, sheriff; A. M. Brown, city and County attorney; James Bicknell, auditor; D. L. Conkling, treasurer.

SUNDAY WORK IN ENGLAND ASKED

[By Associated Press]

LONDON, Eng.—In an effort to stir the English farmers and workers on the land to a realization of the danger of starvation that, he says, threatens the country, Sir Arthur Lee, director general of food production, a new department created as a result of the intensified submarine campaign, has issued this appeal:

"To all ploughmen and workers on the land: In the trenches German shells come over on Sundays as well as on weekdays. German submarines are just as active on Sundays as on any other day. The enemy takes no holidays. He uses every hour to destroy your country and kill your brothers.

"Will you not work every hour from daybreak to dark—weekday and Sunday—for the next few weeks? Your work may make just the difference between winning the war and losing it."

Sir Arthur's appeal speaks volumes for the seriousness of the food situation in England. "We have got to do our maximum amount of planting by the end of April," he said. "We have got to work Sundays and holidays or our crop will not be a success. It is our best answer to the submarine menace and the sooner the people realize it the sooner will they conquer the danger of starvation.

Sir Arthur is making stupendous efforts to carry out his program of tilling the soil and planting all the seed possible by the end of April.

RULING IS IMPORTANT

[By Associated Press]

LONDON, Eng.—The English courts have decided that the British born sons of German parents cannot during the war renounce their British nationality and thus evade military service in this country.

President Wilson has nominated Mrs. Ampler F. Cardell to be postmistress at Fortress Monroe, Va.

LOCAL AND GENERAL

The Elks meet at 8 tonight.

"Cousins" will have annual meeting and roll call Saturday afternoon.

Lodge Le Progres confers the third degree at special meeting tonight.

Polynesia Encampment, I. O. O. F., meets for regular business this evening.

Moses Kamiho, was arraigned in federal court this morning on a statutory charge. Plea was reserved for April 25.

Among those departing for the coast is W. N Patten of the Patten Company, Ltd., who goes on a two months' business trip.

The case of I. Brooks, accused of shooting a negro soldier, will be taken up by the grand jury at its regular meeting this afternoon.

Grand jurymen who served on the last term will find salaries for their services awaiting them at the United States marshal's office.

In the land case of Namai Leialoha versus Mahiai in a judgment on error to the circuit court, second circuit, the supreme court today affirmed judgment of the circuit court.

The quartermaster's office at Schofield barracks has announced that a large amount of army equipment, including buzies, carts, harness, cook ranges and blacksmith's supplies, will be sold at public auction April 28 at the post.

A special meeting of the members of the Chamber of Commerce will be called for the first of next week, to discuss matters relative to roads and various bills now in the legislature. The exact day has not been decided upon.

Kate Welsh McEwen, the notorious woman of ill fame, left for the mainland on the last ship to depart. Her husband, a negro ex-soldier, paid her fare and worked his way on the same boat. Kate had been pardoned by the governor on a promise that she would leave the territory. Rosie Williams, under the same stipulation, decided to remain and serve out her six-month sentence.

HELP CRIPPLED SOLDIERS

ROME, Italy.—Crippled soldiers in Italy have been taught a number of useful trades, among them the making of artificial flowers, baskets, the cutting of cameos, leatherwork, bookbinding and many other things. These objects have found such a ready sale in the larger Italian towns that several American women are forming a committee to forward them to the United States.

Common Sense Is Best Medicine

A brisk walk every day will do wonders for run-down people.

We are inclined to eat too much, drink too much of other fluids than water, keep late hours and neglect our rest and exercise.

Common sense would do more for the world than medicine does.

When your back aches and you feel dull, tired and nervous, have headaches, dizzy spells, rheumatic pains and urinary disorders, first cut out the bad habits that have loaded the blood with poisonous uric acid. Then to repair and strengthen the weakened kidneys, use Doan's Backache Kidney Pills, the remedy used all over the civilized world, and indorsed by your own neighbors.

"When Your Back is Lame—Remember the Name." DOAN'S BACKACHE KIDNEY PILLS. Sold by all druggists at 50c a box (six boxes $2.50), or mailed on receipt of price by the Hollister Drug Co., or Benson, Smith & Co., agents for the Hawaiian Islands.

SEEKS WARSHIPS FOR OPENING OF BIG NAVAL BASE

Plans for proper ceremonies to attend the formal opening of Pearl Harbor in 1918 are urged in the following concurrent resolution introduced in the house today by Representative Kelekolio:

Whereas, the drydock at the Pearl Harbor naval station, it is expected, will be completed and ready for service in June, 1918; and

Whereas, this drydock is the largest and the only one of its kind in the United States of America; and

Whereas, by the value of its construction, technically overcoming what science and the application of modern engineering methods thus far failed to accomplish; and

Whereas, for these reasons, the opening of this great drydock at the Crossroads of the Pacific, the nearest outpost and rampart of the mainland of the United States, centers the undivided attention and interest of the scientific world upon this momentous event and for reason of such achievement, construction engineers from all quarters of the globe will not only be interested, but plan to be present at the celebration;

Therefore, be it resolved, by the house of representatives, the senate concurring, that the Honorable J. K. Kalanianaole, delegate to Congress, be herewith requested to petition the secretary of the navy to lend his cooperation in a fitting representation of the United States warships in this important event should war conditions permit their being present."

ARMY ORDERS

First Lieutenant C. P. Stearns, fourth cavalry, has been ordered to report at Schofield barracks to take an examination for promotion.

Most Effective Remedy Mother Had Ever Used

Dr. Caldwell's Syrup Pepsin Relieves Baby When Other Medicines Failed

There is nothing so necessary to a child's health and comfort as regularity of the bowels. All children are especially susceptible to stomach trouble and any overstrain of the sensitive organs has a tendency to obstruct elimination. This condition is responsible for much of the illness of childhood.

To relieve constipation a mild laxative should be employed. Cathartics and purgatives are violent in their action and should be avoided. Mrs. Alfred Du Bois, Mt. Holly, N. J., says Dr. Caldwell's Syrup Pepsin is without doubt the most effective remedy for constipation she has ever used and that it is the only remedy she could find for her baby. Little Earl was badly constipated during his first year and nothing she tried seemed to help him until she got a bottle of Dr. Caldwell's Syrup Pepsin. Now he is a fine, strong, healthy, boy and she thanks Dr. Caldwell for it.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiates or narcotic drugs; it acts gently without griping or other discomfort, and appeals to children because of its pleasant taste. Druggists everywhere sell it for fifty cents a bottle, and every mother should have it in the house for use whenever occasion arises.

To avoid imitations and ineffective substitutes always be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois, or by calling at Benson, Smith & Co., wholesale distributors, Honolulu.

MONEY FOR THE NEW ARMY.

Uncle Sam's new army, whether raised by selective conscription or by the volunteer plan, will cost the country a huge amount.

Training of men for an army of 500,000 is estimated by Senator Chamberlain, chairman of the senate military committee, at $156,000,000 but his estimate did not include provision for housing the men, being based on the theory that the training would be done during six months of good weather. The general staff plan for an army of 1,500,000 estimated the cost at about two billions. The president is understood to be favorable a system which will necessitate training of men throughout the year, in whihc case barracks are necessary.

One item of fortifications alone totals $100,000,000. It is interesting to note that in Washington comment this is referred to as a trivial sum.

In truth, expenditures of modern warfare run into staggering figures. Yet it is noticeable that little objection seems to be made to America warfare on that score. As the richest nation on the globe, the United States can finance an army of two million men if necessary, without the strain that has been put upon the resources of either England or France

WHY FORCE THROUGH A CITY CHARTER?

Very few indeed are the men anxious to see Governor Pinkham sign the new city charter bill. Among those who will be disappointed if the bill fails to become law may be reckoned the two whom Judge F. M. Hatch fittingly referred to as the Advertiser's proteges, Messrs. Andrews and Murray. The majority of the legislature doesn't care a whoop for the charter bill, but outside legislators feel that the Oahu delegations should be backed up. The fact, however, that the Oahu delegations in house and senate indorsed widely different bills ought to be remembered.

Those steering the "convention charter" on its disreputable way in the house joined with the senate only because they wanted to rush the bill through and make the governor either sign it or veto it. They did not want to take a chance of a "pocket-veto." Hence they assented to any old charter.

Chief Justice Robertson, Judge Hatch and others who do not speak without due consideration are strongly of the opinion that the present legislature should not force through a charter revision bill. That opinion is very widely held. The legislature will be in line with growing public sentiment if it upholds a veto by the governor, in the event that the chief executive refuses to approve the charter bill.

NEXT: A CITY HALL.

The "Civic Center" is taking shape, even though the Waikiki reclamation project has faded into the dim future.

Governor Pinkham's insistence on the release of the esplanade lots near the waterfront from federal use to full territorial control makes possible the erection of a new office building for the territory which will not mar the present beautiful Capitol grounds.

To complete the civic center project, it remains for the unsightly row of Oriental shops and stables on the mauka side of King street from Punchbowl street to the Mission Memorial building to be torn down and modern structures comparable in beauty to the Memorial and the Library of Hawaii to be erected there. Then, at the other end of the new "center," the "gore" lot should be occupied by a city hall. In fact, no building project in Honolulu is more generally needed than a city hall. The governor has a transfer of property in mind for this also, so that there is hope of action, though it may be slow in coming. Few building projects, public or private, move fast in Honolulu.

HOME ECONOMY IN HAWAII.

Through the cooperation of household experts and dealers in food commodities, the Star-Bulletin today begins publication of a series of "Home Economy" pages.

The increasing cost of living in this territory—all over the United States, for that matter—is of serious concern. With meat, eggs, fish, milk, flour, meal, canned goods and countless other articles which figure in diet all on a rapidly-ascending scale, the family of small means has a severe struggle to keep the table supplied without going into debt, and for the very poor there is almost the certainty either of debt or of reducing the mode of living below the standard of healthful nourishment.

The housewife is constantly asking: How can I hold down expenses? How can I shop inexpensively? How can I plan a menu within the means of the breadwinner of the family?

The problem is acute and it gives promise of growing more acute. That is the situation which has prompted the Star-Bulletin to make some investigation into the possibilities of systematic planning of home economy..

First this paper asked a number of housewives what their principal problem is. The consensus of opinion is that the supplying of the table with wholesome, inexpensive foods is the greatest difficulty.

Then the Star-Bulletin asked the College of Hawaii to work out on a practical basis simple but adequate menus for three days, as types of what can be done by the average family in Honolulu. The college was asked to take present prices, and commodities on the local market, and make up suggestions for meals within reach of the purses of the families of even less than moderate means.

The first of a series of articles by the college, with accompanying menus and recipes, appears on page 5 today. It will be followed by other articles.

In addition to the weekly home economy articles, the Star-Bulletin will undertake to answer questions bearing specifically on home economy subjects, and its columns are open also to suggestions of any sort on the same line.

Germany officially denies that any submarine is operating in the western Atlantic. The denial will hardly satisfy the men of the U. S. destroyer Smith, which was missed only 30 yards by a torpedo. It will be remembered that Germany denied having attacked the Sussex and the submarine commander had a nice little drawing to show that the vessel he torpedoed must have been another steamer—a denial and a drawing afterward shown to have been ridiculously false and mistaken. Germany's official denials are worth no more than Germany's official treaties.

The city needs roads, need equipment, needs buildings, needs efficient service. Yet various city employes spend an amazing and unjustifiable amount of time lobbying around the Capitol for the charter bill. An occupant of the bench refers to this activity as a "public scandal." Yet so far no city official has called these time-wasters and malingering politicians to account.

The saloon-keepers led the way, among the liquor-dealing fraternity, in adopting a seven o'clock closing-hour. Will the clubs do no more than the saloonmen?

Bryan offers his services. The best service he can render is to clamp a padlock firmly over the north and south sides of the mouth that made Nebraska famous.

As a silencer Secretary Daniels appears to be a grand success.—Philadelphia Ledger.

The intercollegiate stands ready to give way to the international.—Philadelphia Ledger.

ABATEMENT BILL STILL REMAINS IN COMMITTEE

Measure to Check Vice May Be Reported Out Without Recommendation

Up to press time this afternoon the senate abatement bill was still hanging fire in the judiciary committee of the house, with little likelihood of the members reaching an agreement either for or against the measure.

It is now reported that the members of the committee stand four to one in favor of recommending that the abatement bill be indefinitely postponed. Chairman Andrews, however, has suggested that the bill be reported out without recommendation and that the house take action on the measure in committee of the whole.

POSTOFFICE CLERK WILL RETURN TO HIS DUTIES NEXT MONDAY

Louis Feary, clerk in the house of representatives, expects to return to his position at the postoffice on Monday following the call sent out for all employes of the office to report, as announced in Thursday's Star-Bulletin.

Nicholas Hoopii, assistant clerk of the house, may go back to the postoffice after the close of the session, although, when he accepted the legislative job, he resigned from the postoffice, intending to remove to Kauai at the close of the session.

NATIONAL GUARD WILL TAKE PART IN MEMORIAL CEREMONIES ON SUNDAY

The second and third battalions of the 1st Infantry, National Guard, with the attached sanitary troops, have been ordered to take part in the memorial ceremonies in the capitol grounds Sunday morning. They have been ordered to be ready to leave the armory at 9:30 o'clock.

ASSOCIATED CHARITIES ANNUAL REPORT IS OUT

Copies of the seventeenth annual report of the Associated Charities of Hawaii were received by mail today.

On the inside front cover and facing the title page are told the objects of the society, how to use it and how to help. Lists of officers, directors and committee appear further on and are followed by statistical reports, minutes of the annual meeting which was held March 23, copies of charter and of bylaws, list of contributors and the report of the rehabilitation committee which the Star-Bulletin has already run in full.

The financial report shows receipts of $22,447.53 and disbursements of $19,686.58 of which $6000 was for investments. Relief given for the year amounted to $7515.96, salaries and office expenses, $3758.96, and personal services to the poor, salaries, $2227.42. Its assets are now $45,951.54.

APPROPRIATION BILL NOW READY FOR HOUSE VOTE

After Numerous Changes is Only $32,000 Less Than Senate Measure

With approximately $32,000 pared from the senate's total of $3,884,125, the finance committee of the house has completed its work on the appropriation bill and expected to report out on it some time today.

One new insertion in the bill which is of special interest at this time in face of the steps urged to conserve the food supply of the territory and to promote gardening, is an item of $5000 for salaries and expenses of demonstrators of the growing of food crops.

This money is placed under the territorial marketing division and is for the next biennial period. The expenditure of this money will be in the hands of the superintendent of the division with the approval of the agronomist in charge of the experiment station.

The so-called emergency fund, which takes the place of what was formerly the governor's contingent fund, has been reduced from $100,000 to $50,000, with the treasurer retained as the disbursing agent.

Marketing Division Restored

Funds for the territorial marketing division have been inserted in the bill by the house committee, this department being allowed $30,000 on the regular appropriation and, as mentioned before, $5000 for demonstrators. The number of demonstrators is left open.

The house committee has placed in the bill an item of $7200 for the experiment station, which was omitted by the senate. Of this sum $1200 is specified for experiments and demonstrations on Hawaii.

A new item of $36,000 is allowed the board of health in order that it may pay a weekly 50-cent ration allowance to each inmate of the Molokai settlement.

All Islands Benefited

The medical and dental supervision of the islands has been divided by the committee instead of letting it remain in a lump sum as provided by the senate. This, explains Chairman C. H. Cooke, will insure the other islands receiving this service as well as Honolulu. The appropriation is $19,000, Hawaii and Oahu each getting $5000, Maui $4000 and Kauai $3000.

An appropriation has been made by the house committee for the purchase of an automobile truck for the leper settlement to take the place of the old bullock carts which have been found to be inadequate.

The appropriation for the girls' industrial school has been increased from $50,000 to $71,000.

An increase of $12,000 in the appropriation for the College of Hawaii has been made, the senate figure having been $42,000. The figure now is $54,000.

A new item has been added to the prison fund, this being $10,000 for the purchese of furniture and fixtures for the new prison of Oahu.

That part of the appropriation bill providing for engineers, department of public works, has been stricken out.

With the exception of these changes, the bill remains practically as it came to the house from the senate. The form of the bill, however, has been completely revised, putting it back into the old form.

LETTERS

PASTEURIZATION OF MILK

Honolulu, T. H., April 19, 1917.

Editor Honolulu Star-Bulletin.

Dear Sir: Kindly allow me space in your valuable paper on the milk question which is now before the senate. It is my opinion that this is the most important question before the public today as it means health, more especially the health of children under the age of five years and health comes before wealth. Recently I was asked whose goat I was after but I want to tell you that while I have always differed with the authorities of this territory on bovine tuberculosis testing, I now find it has been a farce for the simple reason that cows that are so rotten with bovine tuberculosis that their meat is not allowed to be sold for human consumption. These cows do not react to the above test and pass and remain in the herd and their milk sold to the public. This is a fact and if you doubt it I refer you to the territorial veterinarian.

That being the case there is only one way to get pure milk free from tuberculosis germs as well as any other contagious germs such as are found in typhoid, diphtheria and scarlet fevers, and tonsilitis: and that is pasteurization, which is heating the milk to a temperature of not more than 145 nor less than 140 degrees Fahrenheit.

Now to back up my assertions on the pasteurizing of milk, will quote you a case right here at home and during the present week. A case of typhoid fever sprung up at a dairy on this Island and what was the first thing the Board of Health authorities damanded of the management? They demanded that all the milk from the above named dairy must be pasteurized or else it would have to be destroyed.

I now will quote Charles H. Lerrigo, M. D., president of the Kansas Association for the Study and Prevention of Tuberculosis in human beings, as follows:-Everyone of mature age can point to healthy children who have found in pasteurized milk their sole food supply for as much as a year at a stretch.

The success that attended the noble efforts of Nathan Straus in supplying pasteured milk to the infants of New York City is a matter of history. The first year, he dispensed 34,400 bottles of pasteurized milk from a single dein New York. In 13 years his work had grown so that 17 milk stations dispensed 3,142,252 bottles of pasteurized milk. In the meantime the infant death rate, which when his work began, was 96 out of every thousand, fell to 55 per thousand. Such facts as these are the convincing things that pot in New York. In 13 years his work make doctors feel that pasteurized milk is healthful and safe, and even go so far as to declare that all milk should be pasteurized, for many doctors believe that therein is the only way to safety. Such is the belief of the commissioners on Milk Standards appointed by the New York Milk Committee. The committee scoured the country for the very best men in medicine, sanitation, public health and laboratory work, particularly those recognized as authorities on the milk question.

They got them, too. Among them are Dr. W. A. Evens of the Chicago Tribune, Dr. John F. Anderson of the Hygenic Laboratory, Dr. A. D. Melvin of the U. S. Department of Agriculture, Dr. M. P. Ravenel of the University of Missouri, Prof. M. J. Rosenau of Harvard Medical School. Dr. J. N. Hurty of Indiana State Board of Health and Dr. John S. Fulton of Maryland. Seventeen such men as these—the finest public health men in the country—make up the committee. And this committee, composed of such men, working from the broadest standpoint possible of public welfare, voted for the pasteurization of all milk.

Would far-seeing men of this stamp order pasteurization of milk if it in any manner devitalized it? Would they order a measure causing so much work and expense if it were not of vital necessity. You know the answers to these questions, but you may yet ask: Why the necessity, if the production of milk is now in a better and cleaner basis than ever before? It is the "safety first" principle, the need of making absolutely sure in so vital a thing. You see, milk is a splendid food, not only for human beings but also for disease germs. Let a germ fall on unfriendly soil and it will die. Let it fall into the milk and it grows strong and hearty and proceeds to raise a family. And in spite of utmost precautions it is still very easy for disease germs to get into milk. But there are things no dairyman, conscientious though he may be, can absolutely control. One of these in the employe who happens to be a disease carrier. He feels well, he works well, he looks well: He does not know, nor does anyone else, that he is a disease carrier. Years ago, perhaps, he had an attack of typhoid fever, or of diphtheria. He thinks himself fully recovered, has almost forgotten that he ever had the disease, yet the germs of it still linger with him, and in milking the cows, or in washing the cans, or performing some other duty about the milk he manages to transmit to it the deadly germ.

Then, too, we know that a working man, with a living to earn, does not feel disposed to quit his work every time he feels indisposed. So it not infrequently happens that a milker is sticking doggedly to his task in the first stages of a contagious desease, not realizing that he is in danger of transmitting that disease to innocent purchasers of the milk that he is handling.

Few people realize the food value of milk and ice-cream, so I will give you a few comparisons as follows: One quart of milk is equal in food value to (a) three-fourths of a pound of beef-steak, (b) 8 hen eggs, (c) 2 pounds chicken, (d) 2 pounds codfish. One quart of ice-cream is equal in food value to (a) one and one-half pounds of roundsteak, (b) 4 pounds potatoes, (c) 18 hen eggs.

In conclusion, will state that the milk question is a serious one and should be given considerable thought by the community.

Respectfuly yours,
C. H. BELLINA.

Meeting the High Cost of Living By Careful Planning of the Meal

Economy Menus, Compiled in the Department of Chemistry, College of Hawaii, Show How To Do It

HEREWITH the Star-Bulletin presents the first of a series of Home Economy articles, written especially to meet the problem of household expenses in Honolulu. It is prepared by the College of Hawaii, with household experts coperating with the chemistry department. Every suggestion has been worked out in practise. Small variations of prices may occur from day to day but the principles will not be affected. On this page also are given suggestions from dealers in household commodities who are prepared to help the housewife who orders with an eye to sufficiency without waste, and to necessary comforts without needless luxuries. It is suggested that these prices be saved for future reference.

WE eat because we need food, and because we enjoy the process. There are two primary physical needs to be supplied: material to repair that constant waste of the body tissues which must continue as long as life exists; and material to oxidize and yield the energy required for all our activities and for the maintenance of the body temperature. Extensive investigations have been carried out by physiologists to determine how much is required, both of body building material and body fuel. The menus given are for a family of four, a father, mother and two children over ten years. The food values of all meals have been calculated and the quantities are ample for the physiological needs. The prices are those at which the articles may be obtained in Honolulu this week, expressed to the nearest whole cent and do not include the cost of fuel required for cooking. The quantities of articles requiring cooking are those of the original materials, not the cooked products —for example, 4 ounce oatmeal means that weight of the dry cereal as purchased. It will be not-

RECIPES

COCOANUT BREAD PUDDING

1 cup bread crumbs.
2 cups milk.
3 tablespoons sugar.
1 egg.
Seasoning according to taste.
Bake in a slow oven until firm, then cover with grated coconut.

SHEPHERD'S PIE

Line a baking dish with boiled rice, fill with minced cooked meat and any gravy left from the pot roast; season, cover with a layer of rice and bake about 20 minutes.

GINGER BREAD

1 cup molasses.
2 cups flour.
2 level tablespoons lard or Crisco.
1-2 cup cold water.
1 teaspoon each of ginger, cinnamon and soda.
The menu contemplates using half the quantity at one meal.

SPANISH RICE

1-2 pound rice.
1-2 can of tomatoes.
1-2 medium onion.
Bay leaves.
Salt and pepper.
Boil the rice until tender. Either put the tomatoes through a sieve or use in pieces. Cut the onion in small cubes, place, with two or three bay leaves, salt and pepper to taste, in the tomato and heat thoroughly together for five minutes. Add to rice, stir and serve hot.

Schofield Notes

(Special Star-Bulletin Correspondence)

SCHOFIELD BARRACKS, April 19.—First Lieuts. Vincent P. Erwin and John M. Eager, Field Artillery, have received orders to report to the president of an examining board at Schofield Barracks for the purpose of undergoing an examination for promotion to the grade of captain.

Maj. Hugh Wise, Quartermaster Corps, who has been on duty in Honolulu as assistant to the department quartermaster for the past month, has been relieved from that duty and ordered to report to the constructing quartermaster at Schofield Baracks as his assistant. Maj. Wise was formerly in the 25th Inf. and his many friends will be delighted to learn of his return to his former post.

Second Lieut. Charles A. McGarrigle, 2d Inf., has been attached to the 1st Bat., 25th Inf., Schofield Barracks, for temporary duty.

The following named officees have been assigned to the 9th Field Artillery: 1st. Lieut. Clyde A. Selleck, attached to Bat. A; 1st Lieut. C. Wyeth, temporarily attached to Bat. F; 2d Lieut. Patrick L. Lynch, from unassigned list to Bat. B; 2d Lieut. Ivan N. Bradley, from unassigned list to Bat. A.

Capt. Corbit S. Hofman, who arrived on the last transport from the states, has joined the 32d Inf. and been assigned to command Co. I of that regiment. Capt. Hoffman has selected quarters at Castner. Capt. Charles H. Rich, who was also a returning passenger from leave on the transport, has been assigned to Co. M, 32d Inf., and is also quartered at Castner.

First Lieut. Hugh B. Keen, 32d Inf., has been relieved from duty with Co. M and attached to Co. A of that regiment, and 1st Lieut. James N. Peale, infantry battalion adjutant, 32d Inf., has been relieved from temporary duty with that company.

Capt. William Holliday, 25th Inf., has been assigned to Co. A of that regiment, and Capt. Jere Baxter has been attached to the Mach. Gun Co., 25th Inf.

In a cable received from the war department, it was announced that when an officer wished to transfer from one regiment to another it must be a mutual transfer.

A baseball game of particular interest to the fans at the post will be played at the post Athletic field, Schofield, on next Sunday. The teams of the All-Chinese and the 32d Inf. will cross bats and an unusually large crowd will be on hand to see these evenly matched teams meet on the diamond.

Capt. Richard H. Kimball, 4th Cavalry, received his commission to the grade of captain during the past week and was assigned to the 4th Cavalry. The captain has been in the 4th Cavalry since January, 1914, and his many friends both on the post and in Honolulu are delighted that he will remain on the island.

Mech. Herman Richards, Bat. B, 9th Field Artillery, upon his departure from Schofield Barracks as attendant to the authorized mount of Lieut. George S. Gay, 5th Field Artillery, will be transferred as a private to Bat. D, 5th Field Artillery, and upon completion of his duty for which ordered to Fort Ringgold, Texas, will be directed to report to his commanding officer for duty.

First Lieut. Cuthbert P. Stearns, 4th Cavalry, has been assigned to Troop D of that regiment. Lieut. Stearns arrived on the last transport.

First Lieut. Cuthbert A. Stearns, 4th Cavalry, has been ordered to report in person to the president of a board of officers at Schofield Barracks for the purpose of undergoing examination for promotion to the grade of captain.

Second Lieut. Lawrence W. Flagg, Inf., has been relieved from duty with Co. E of the 25th Inf. and has been attached to Co. K of that regiment.

A board of officers has been appointed to meet at headquarters, Schofield Barracks, for the purpose of investigating and making a report upon the circumstances attending the death of Pvt. Herbert H. Milam, Troop C, 4th Cavalry, who was drowned near Kahuku, Oahu. Detail for the board: Capts. Charles W. Van Way, 4th Cavalry; Stephen H. Smith, Medical Corps, and 1st Lieut. Leopold J. H. Herwig, 4th Cavalry.

In orders received from the headquarters, Hawaiian department, Quartermaster Sergt. Harrold C. Marshall, Q M C., has received honorable mention for meritorious conduct in saving, at the risk of his own life, the wife of another soldier from drowning, on October 29, 1916, at Kahala Beach, Oahu.

Cpl. Gratis B. Wilson and Pvt. Chris Moeller of Co. L, 32d Inf., also received honorable mention for meritorious conduct in saving a fellow soldier from drowning on February 15, 1917, in the Anahulu River, Oahu.

Second Lieut. Maury Mann, Inf., has been relieved from attachment to Co. C, 25th Inf., and attached to Co. M of that regiment.

First Lieut. Philip L. Thurber, 1st Field Artillery, who arrived on the last transport, has been assigned to Bat. C of that regiment. 1st Lieut. John C. Eager, Field Artillery, who also arrived on the last transport, has been placed on the unassigned list and detailed as assistant to the acting adjutant of the 1st Field Artillery.

First Lieut. Vincent P. Erwin, Field Artillery, has been attached to Bat. F, 1st Field Artillery.

Second Lieut. Arthur N. White, 1st Field Artilley, has been assigned to Bat. A of that regiment.

Second Lieut. Marvin Conrad Hyser, 1st Field Artillery, who arrived on the last transport from San Francisco, has been assigned to Bat. C, 1st Field Artillery.

First Lieut. Bertram Frankenberger, 1st Field Artillery, has been relieved from assignment to Bat. C, 1st Field Artillery, and assigned to Bat. F of that regiment.

"That new girl of mine breaks everything."
"How about the Ten Commandments?"
"Oh, I don't care so much about those; they're not mine, you know."—Boston Transcript.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)

FORT SHAFTER, April 20.—The following enlisted men are to take a four months' instruction in the school of bakers and cooks which class will commence on April 15, 1917, under the direction of Lieut. Carl A. Hardigg: Pvts., first class, Tony Lipkowski, Battery A, 9th Field Artillery, and James W. Lewis of Battery D, First Field Artilly; Pvts. Elmer Carl, Battery B, and Mitchael G. Boback, Battery C, 9th Field Artillery.

As all the companies of the Second Infantry are at their barracks in Fort Shafter, the practise of baseball has commenced again, and we hope that in the near future there will be some exciting contests between the different companies, and also that the All-Star Shafter team will meet some of the teams of Honolulu and Schofield Barracks.

Upon the recommendation of the commandng offcer of Co. A, 2d Inf., the following promotion is made in that organization: Cpl. Andrew Bodner, to the grade of sergeant, to fill the vacancy left by Sergt. O'Neil being discharged.

Notice has been received at Fort Shafter from headquarters that no furloughs will be granted enlisted men unless under exceptional circumstances.

Pvt. George A. Garboske, Co. H, 2d Inf., has been transferred to the Quartermaster Corps, Fort Shafter. Pvt. Garboske has received this appointment after nearly three weeks of special duty with the Quartermaster Corps, to determine his ability for the position.

Second Lieut. Charles A. McGarrigle, 2d Inf., Fort Shafter, is attached to the 1st Bat. of the 25th Inf., Schofield Barracks, for temporary duty.

Pvt. Charles R. Ross, 1st Plat., Co. E, 3d Telegraph Bat., Signal Corps, Fort Shafter, will proceed to Honolulu, and upon arrival report to the department adjutant for duty as chief operator of the military lines of Honolulu, relieving First Class Sergt. John E. Johnson of the same organization who, being relieved, will return to Fort Shafter. The Quartermaster Corps will furnish the necessary transportation.

Nurse Anna McGonigle of the Army Nurse Corps, who arrived on the transport Thomas, has reported for duty to the commanding officer of the Department hospital.

The noncommissioned officers of Fort Shafter and those coming from other posts to attend the school for officers in the volunteers if so needed, are having a very busy time. Their school hours are from 8 to 11:30 in the morning, and 1 to 3 in the afternoon. They meet in the Fort Shafter theater at 8 and again at 1, then they are divided into classes for that period of study or lectures. The company dining rooms used for this purpose are those in the main garrison. After the classes are excused for the day, the men find they have to sit up until taps and study for the next day.

The cooks and bakers' school of Fort Shafter held their examinations in the Second Infantry library last Tuesday under the direction of Lieut. Carl A. Hardigg, officer in charge of the school. The names of those who graduated will be published later.

Schofield Gets the News

Today's latest telegraphic and local news is communicated to the 6000 soldiers and their families at Schofield Barracks through the large circulation of the Star-Bulletin at Uncle Sam's largest post.

COUSINS TO HOLD ANNUAL MEETING

Descendants of the pioneer missionaries of the islands will meet in the Mission Memorial tomorrow afternoon for the annual meeting of the Mission Children's Society, commonly known as the "Cousins Society." The meeting is called for 3:30 sharp and prompt attendance is urged as there are many matters of business which must be completed before 4 o'clock.

At 4 o'clock the family roll call will take place. This is the third year for the signing of the five-year roll call cards so popular with the younger generation of Cousins. There will be a report from the Chamberlain house committee and Mr. Erdman is expected to tell of his plan of making it a living memorial to the fathers and mothers. Some short and interesting addresses will also be delivered.

Last year there were 132 descendants of the early missionaries in attendance at the "Cousins" meeting and these were representatives of 25 out of 41 families. At the family roll call then the descendants of the late Amos S. Cooke led in numbers with 25 in attendance.

The officers elected last year were Miss Agnes E. Judd, president; George R. Carter, vice president; Mrs. R. W. Andrews, secretary; Lyle A. Dickey, treasurer, and R. W. Andrews, recorder.

PASSENGERS EXPECTED

To arrive from mainland: Albert Campbell, John Sullivan, E. J. Brust, Mrs. J. A. Grant and two children, Master Angus, J. Wormser, Miss M. F. Flood, Miss Katherine Gianella, Mr. and Mrs. Floyd Emmans, Mr. and Mrs. H. F. Damon, Mr. and Mrs. M. A. Rathbone, A. W. Spalding, Miss Martha Ruddy, Mowry Smith, Mrs. W. H. Little, Maj. and Mrs. Wm. Baird, Mrs. K. V. Knudsen, Dr. Harold Adair, Mrs. Hays, Mr. and Mrs. C. I. Parker, Miss Nina F. Thomas, Mrs. Katherine M. Yates, Mr. and Mrs. E. I. Parker, Mr. and Mrs. J. E. McInerny, H. N. Castle, C. R. Turner, J. B. Locker, Mrs. E. J. Brust, Mrs. Angus, Waldo Marsh, Mr. and Mrs. Somers, Miss Monica Gianella, Mrs. E. Hedges, Mrs. A. J. Ralston, S. F. Hassett, Miss Rathbone, Mr. and Mrs. C. C. Rosser, Mr. and Mrs. F. M. Avery, Mrs. Mowry Smith, W. H. Little, Mrs. Lechsinger, Mrs. Ito Tagami, Mrs. Phillip Rogers, Miss Holbrook, Miss Gertrude Meyers, Miss M. A. Goodrich, Mrs. H. N. Short, Mrs. Geo. Bowles and Augustus Knudsen.

LETTERS

CHICKENS VS. GARDENS

Editor Honolulu Star-Bulletin.

Sir: The article signed "Swat the Chicken," was good when dealing with an intelligent or educated neighbor. They certainly would feel sorry and keep their chickens at home. But what about the class that don't care; do not feed them; just let them run at large. And where they find the most seeds to scratch up there is where they will flap their wings and shout in gratitude 5:15 Sunday mornings, the day for a few extra hours' rest! There is a desire expressed by the heads of the island for more gardening, which is good. But how can you raise vegetables when chickens scratch out the seeds?

ANOTHER SWAT THE CHICKEN.

MORE ABOUT FLAG DIMENSIONS

Editor Honolulu Star-Bulletin.

Sir: Notwithstanding the statements to the contrary, I still not only contend but assert that the dimensions given by me as the proper ones for constructing the American flag are correct. Sgt. Sharp's criticism and figures prove me right, and these have been verified by later measurements. Even if I should be wrong I am certainly glad that I have started something.

As for the flag size solution attempted by one who signs "Sergeant, Co. M, 'Hawaii's own,'" and found my letter so amusing, and says that he is not serving a flag "19 stripes long." I wonder if he knows how long the flag is that he is serving. One would never know, from the dimensions that he quotes. It seems that he is pretty sure it is 13 stripes wide, but as for its length (fly) he very much resembles a clam. I don't wonder that my letter was amusing to him when I claimed that there was a certain length to the flag.

I should expect about the same answer from some child on the street, but the child at least might make a guess at the length of the flag (fly), and that's more than the member of "Hawaii's Own" has done. Perhaps he doesn't know.

AMERICAN.

LONDON WINDOWS DIRTY

[By Associated Press]

LONDON, Eng.—London is a city of dirty windows. This is especially true of the windows of the large office buildings and the hotels. Women cleaners have been employed but they have confined their work to the windows nearest the ground. Most of the work is at dangerous heights and the insurance companies have refused to insure against accidents to women window cleaners.

Greek residents at Jacksonville, Fla., have volunteered their services to the United States in the event of war.

William Valonsky, of Spring Valley, N. Y., was sentenced to serve ten years in prison as a second offender for highway robbery.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

OVER $150,000 SPENT ON ROADS 5TH DISTRICT

A letter from F. Schnack, secretary of the Kalihi Improvement Club, complaining that the board of supervisors during its term of office had done nothing for the fifth district in regard to roads, brought forth a spirited denial on the part of Supervisors C. N. Arnold, Tuesday night. He declared the board had spent over $150,000 in that district.

"When Mr. Schnack says we have done nothing he evidently forgot the Pali road and retaining wall, Beretania street, Smith street, the Ewa-Waianae road, Waimea road, the road at Wahiawa, Telford road at Hakipuu, Pulaa coral road, concrete culvert at Kaneohe, Puunui district, Waialee road and several bridges and small stretches of roads about the island. All of these have been, are being or will be very soon put into a permanent condition," Arnold said.

SOUTHERN PACIFIC'S SUMMER RATES IN MAY

Wireless advices received this morning by Commercial Agent L. C. Thompson of the Southern Pacific's local office, from the big railroad's San Francisco offices, advise him that the annual summer excursion rates from Pacific coast points to the eastern states and return will become effective May 31. Sale dates for tickets at these reduced rates will be on sale all through the summer. The schedule of fares is not mentioned in the message, but will probably arrive in a few days by mail from the mainland.

RUSSIA TO MAKE OPIUM

[By Associated Press]

PETROGRAD, Russia.—The Russian government has arranged for the extensive cultivation of opium at Tashkend, the former capital of Russian Turkestan. The product will be the monopoly of the department of health, which is to manufacture it solely for medicinal purposes. Growers are to be required to hand over the entire crop to the government agents at a fixed price under heavy penalties.

BY AUTHORITY

NOTICE.

The following Rules and Regulations have this day been adopted by the Board of Harbor Commissioners of the Territory of Hawaii and will be effective at the Port of Honolulu until further notice:

No vessel or craft of any description shall enter Honolulu Harbor from one-half hour after sunset until sunrise.

Vessels of over fifteen tons (registered classes) may move from pier to pier within Honolulu Harbor during day or night.

Vessels under fifteen tons are prohibited from any movement whatsoever in Honolulu Harbor from one-half hour after sunset until sunrise, except ships' row boats, where said ships are anchored in the stream.

CAUTION: Offenders against these regulations will be subject to arrest and will endanger themselves to the fire of the forts, after being warned by a shot across the bows.

Dated: Honolulu, April 19, 1917.

BOARD OF HARBOR COMMISSIONERS.
By its Chairman,

EVA LANG SCORES HIGH TRIUMPH AS GIRL OF STREETS, 'THE OUTCAST'

CAST OF CHARACTERS

Geoffrey ..... John Halliday
Hugh ..... Reynolds Denniston
Tony ..... Homer Barton
Valentine ..... Miss Anna Tyler
Nellie ..... Miss Cordelia Haager
The Maid ..... Miss Valentine Sidney
Miriam ..... Miss Eva Lang

An actress of unusual intelligence, force and charm was introduced to Honolulu theater-goers last night when Miss Eva Lang, one of the two leading ladies of T. Daniel Frawley's company, appeared in the principal role of "The Outcast" at the Bijou theater.

Just for a moment let us re-set the stage. Three men were in a London bachelor's apartment. The bachelor, Geoffrey, was drinking himself to death because a few weeks before the girl he loved had married a man with more money. In this cold "throw-down" he had sunk into the dregs of despair. The friends came to cheer him up in their awkwardly-tender way. One of them in a fit of frivolity saw passing below the window a person he mistook for a policeman and to have a little fun with the "bobby" he took a seltzer bottle and directed its stream upon the passer-by. Then he gasped with dismay for the passer-by was a woman, and he had damaged her hat. To make the damage good and to bring a change into the atmosphere of monotonous gloom, the men called the woman up to this bachelor apartment.

She enters -- "the Outcast." That entrance last night between 8 and 9 o'clock is an event in the theatrical history of Honolulu. For it brought before the local public an actress who combines an intelligent conception of her role with an ability to "get it across" the footlights--and in the barnlike Bijou theater, that is no small achievement.

Here in brief is the development of the story—necessary to appreciate the work done by all the players last night in a drama which presents many difficulties: The outcast is taken in hand by the disappointed bachelor and for a year he gives her everything but the status of a wife. Meanwhile she improves amazingly. From a slangy, badly-dressed, reckless creature of the streets—though driven there by hard circumstances—she becomes an accomplished and beautiful woman. Yet Geoffrey cannot forget the girl of higher station he had loved. Finally this girl, her marriage distasteful, turns to him again and his weakness shows up in his impulse to make clandestine and illicit love to her. This brings a crisis into his relations with Miriam, the girl from the streets. How the crisis works out, through fiercely contending emotions—for Miriam has given him a world of wonderful love—is the ending of the fourth and last act.

Throughout all this play Miriam is the dominant figure. The strength of this part reminds one of the splendid role of the young wife in "The Third Degree," said to be the greatest feminine role in melodrama written in the past 15 years. "The Outcast" has opportunities almost as fine, though the whole play is lacking in dramatic action. It is well worded, with a few good situations, but dialogue overwhelms action throughout.

Miss Lang's work in the third act is as fine as has been seen from any actress here within the memory of the present critic. Her heart-broken cry to Geoffrey, 'Don't send me back to the streets," sends a quiver of pity throughout the audience. And throughout the play her acting stamps her with unusual competence. It may confidently be predicted now that Miss Lang will be very popular with local playgoers.

The other characters are well taken, but the construction of the drama subordinates them and in some cases makes them actually weak. Geoffrey, while he has moments of vigor, is after all a wavering sort of a thing, whose role becomes more and more unsympathetic. The other main feminine role, that of Valentine, the girl who threw him over, is likewise too weak to find a hold on either the sympathy or the indignation of the audience. Miss Anna Tyler handles it perhaps as well as it can be handled.

Mr. Reynolds Denniston, well known theatrical man of this city, surprised and delighted his friends with his very good work as Hugh, one of Geoffrey's friends. He has a fine stage presence and is thoroughly up to his part. Miss Valentine Sidney, another Honolulan, has a small part as a maid, which she carried off adequately. The rest of the cast did creditable work.

While "The Outcast" is pitched in a low, dramatic key, absolutely unlike the roaring farce-comedy, "Fair and Warmer," with which the Frawley company opened, it gave much satisfaction to the audience. The company is now shown to be capable in all-around stock work.

CORNS LOOSEN OFF WITH MAGIC "GETS-IT"

2 Drops Do the Work, Painlessly.

"I tell you, before I heard of 'Gets-It' I used to try one thing after another for corns. I still had them. I used bandages and they made my toe so big it was murder to put on my shoe. I used salves and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and scissors, but now no more fooling for me. Two drops of 'Gets-It' did all the work. It makes the corn shrivel and get so loose that you can just pick it right off with your fingers!"

There has been nothing new discovered for corns since "Gets-It" was born. It's the new way—the common-sense, simple, sure way.

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Honolulu and recommended as the world's best corn remedy by Hollister Drug Company and Benson, Smith & Co.—Adv.

Corns Drive You Mad? Try "Gets-It" and They'll Feel Right Off!

Y. W. C. A. PARTY TO VISIT CAVE AT KAPENA FALLS

Members of the outing party of the Young Women's Christian Association will study the hieroglyphics in the cave near Kapena Falls with Lorrin A. Thurston tomorrow afternoon.

The party will leave the association building at 2 o'clock and will go to the Thurston home for a brief explanation of the general subject of these prehistoric drawings in Hawaii. A paper recently written by Miss Katherine Lyman will be presented at that time. Pictures of other specimens will also be on exhibition.

The specimen to be seen tomorrow is about five by six feet, and is within easy walking distance. The trail on Judd street to the cave is about one mile long, not at all difficult, but tough and wet enough to make tramping clothes desirable. The return will be made by another trail, showing a number of beautiful scenes. Reservations should be made at the Y. W. C. A. today.

FATHER AND SON DINNER WILL BE HELD AT Y. M. C. A.

More than 85 members of the association will be present at the Father and Son banquet which will be held at the Y. M. C. A. this evening. Dr. A. L. Dean will preside and several fathers will tell of the days of real sport.

Ed Towse will speak on "If I Were a Boy Again." This will be followed by a vocal solo by George Andrus. George Andrus will talk on "Athletics When I Was in the Game." Following his talk, members of the cadets will play on the ukuleles and will then perform a hula dance. F. E. Steere will follow with a talk on "Busting the Big League Fences." Ernest Kaai will play a ukulele solo and Rev. L. L. Loofbourow will talk on "Dad and the Boy."

Following the program the crowd will adjourn to the gymnasium where an exhibition will be given. This will be followed by an indoor baseball game between the fathers and sons. F. E. Haley will captain the Dad team and Andrew McGill will have charge of the team of the boys. The baseball game will be followed by a relay race between the fathers and boys and then all will adjourn to the tank for a swim.

NERVOUSNESS AND BLUES

Symptoms of More Serious Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. Robt. Stopiel, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

A PROCLAMATION

WHEREAS, the Congress of the United States has declared that a state of war exists, and

WHEREAS, the desire of the War Department is to recruit the National Guard of the United States of America and the various states and territories up to full war strength, and

WHEREAS, all men enlisting since war was declared will be discharged immediately upon the termination of the existing emergency and not compelled to serve a full term of enlistment, and

WHEREAS, the Hawaiian National Guard has proved itself a leader among all of the National Guards of the various states and territories.

NOW THEREFORE, I, LUCIUS E. PINKHAM, Governor of the Territory of Hawaii and Commander in Chief of the Hawaiian National Guard do request that every man physically fit and not otherwise exempted from duty do immediately volunteer his services to the United States of America and the Territory of Hawaii and enlist forthwith in the National Guard of Hawaii for the period of the war's duration.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the Territory of Hawaii to be affixed.

Done at the Capitol, in Honolulu, this fourteenth day of April, A. D. 1971.

(SEAL) LUCIUS E. PINKHAM, Governor of the Territory of Hawaii.

"There's a Reason"

HOUSEHOLD ECONOMY SUGGESTIONS SHOW HOW TO EAT INEXPENSIVELY

(Continued from Page 5)

ed that the average cost for the three days runs thirty cents per day per person. Lower costs are possible but would curtail the variety. A small kitchen garden, where lettuce, carrots, beets, etc., are raised, will be a great conveniences and add variety at a minimum of cost. In compiling these menus, economy, variety, food value, and as much pleasure as possible in the eating have been kept in mind.

Feeding a family on thirty cents per day per person requires careful planning. For example: one would purchase three pounds of beef for a pot roast for the dinner of the first day of which one-half would be eaten at that meal, a pound used for the shepherd's pie of the second day and a half pound used as minced meat on toast.

ECONOMY MENUS

(Continued from Page 5)

SECOND DAY

BREAKFAST

	Prices
Corn Bread	.14
1-4 lb. Bacon	.10
2 oz. Butter	.05
Coffee, Milk and Sugar	.05
Total	.34

LUNCH

DESPITE EFFORTS AND UNWILLINGNESS HOLLAND IS LENDER

[By Associated Press]

THE HAGUE, Netherlands.—Despite her efforts to prevent it, Holland is becoming, perforce, a large lender to the belligerent states. Great Britain set the example of paying for its large supplies of dairy and other produce in exchequer bills, and, when Germany demanded the same privilege, neutral Holland could not see its way to refuse, however differently it might regard Berlin paper. Holland has been trying to apply the brake on this downward road that might land it in uncomfortable circumstances but, so far, apparently unsuccessfully.

While these nations demand virtually everything on credit, they require little Holland to pay for her imported goods in cash. In one respect this operates to Holland's advantage owing to the fact that the rates of exchange in Germany and Austria are depressed and Holland purchasers, consequently, pay less now than they would after the war when the exchange rates may have risen.

In the effort to prop up the rate of exchange in Germany and Austria, an organization for the control of exchange values has been formed. No marks or crowns, as the case may be, are permitted to be sent out of Germany or Austria unless authorized by these organizations. This means that German and Austria buyers of Holland goods cannot pay the bills until these controling bodies have approved the purchase. Checks drawn in payment of luxuries shipped from Holland into Germany and Austria are held up pending approval, the authorities ruling that claims arising from the imports of luxuries cannot be settled until after the war.

Trade between Holland and the Central empires has been seriously hampered by these restrictions.

RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

DE RUSSY ARMORY IS VOTED BY COMMITTEE

Six thousand dollars for an armory at Fort De Russy is the final decision of the ways and means committee, the report being filed yesterday afternoon with the senate in the loan fund budget. Earlier in the day the committee voted to allow only $2000 for the item.

For additions to the main Honolulu armory an item of $6000 was allowed. Other allowances are as follows: Hawaii, $37,500; Kauai, $24,500; Maui $11,000.

NORFOLK ISLANDERS HELP

SYDNEY, Australia.—Norfolk Island which is peopled by descendants of the mutineers of the British ship Bounty, English sailors who married Tahitian women and fled with them to escape British justice after the seizure of the Bounty, has just furnished several more recruits for the Australian forces. At least four Norfolk Islanders who were direct descendants of the Bounty's mutineers have been killed in action.

ALL DIFFERENCES ARE FORGOTTEN AT HOLSTEIN BANQUET

Dove of Peace Hovers Over Genuine Love Feast at Biennial Affair

Without dirges and flowers, legislative hatchets were buried and the dove of peace fluttered about with unclipped wings last night at Speaker H. L. Holstein's biennial dinner to members of the house of representatives and half a dozen distinguished invited guests.

In other words, those who have bitterly opposed each other on the floor of the house since the beginning of the session 50 days ago, "shook hands and made up." What has occurred on the floor in the way of differences became a theme for humorous reminiscent talks.

Two long tables, beautifully decorated with Shasta daisies by J. Kaniau Evans, comfortably filled the gold room at the Alexander Young hotel. At the head of the table was Speaker Holstein, Gov. L. E. Pinkham, President Charles Chillingworth of the senate, Chief Justice A. G. M. Robertson and Mayor John C. Lane. As a background to the setting was a huge American flag draped gracefully across the will. It was an impressive moment when the guests, with glasses raised, toasted the president of the United States as the strains of the "Star Spangled Banner" filtered in through the window from where the Hawaiian Band was stationed on the roof garden.

Many Toasts Offered

Many toasts were dunk—to the president, the governor, the mayor, the speaker, the president of the senate, the delegate, and the press. Many brief speeches were made—not carefully worded, stilted talks, but impromptu orations which struck home. Some were patriotic, others humorous, others serious, but each and every one went to show that there is no breach between the lower house and the administration.

Gov. Pinkham spoke in substance as follows:

"Two San Francisco women were visiting the Country Club. As they looked over the green lawns and out to sea, one of them remarked, 'How beautiful!'

"Gentlemen, I wish there were many more who could enjoy the beauty before us, and this has led me to ask the question whether or not we fully appreciate the beauties of our territory.

"My ambition has been, and now is, to make this city worthy of the beauties of nature and to improve on what nature has already done.

Recent Developments Gratifying

"I am very much gratified over what has occurred during the last few days. With plans on foot for a civic center and making Waimanalo beach accessible, gives me courage. Your governor has worked hard for more than two years to clear the way so that the legislature and the citizens could see to it that the beauties of these islands be brought more to the notice of travelers visiting our shores.

"We have often heard of our important position in the Pacific. And, instead of growing less important, we are becoming more and more important. No one can tell on what day we shall become the vital point in the Pacific Ocean.

"We know our position, and we have evidences of what the national government thinks. Hawaii is the gateway to the Pacific Coast. She seeks no quarrel with anyone and has never stooped to offend any nation and she is known the world over.

Hawaii Example to Nation

"Hawaii today stands with clean hands. This territory has been an inspiring example to the entire nation. We are now on the offensive and have yet to test ourselves."

Speaker Holstein cordially thanked the members of the house for the work they have accomplished this session and then offered a toast to the press. President Chillingworth told of the hearty cooperation between the house and the senate. Mayor Lane told how his legal department had succeeded in weeding out a large number of bills detrimental to the administraton.

Chief Justice Robertson spoke reminiscently of the "Lady Dog" legislature, the first legislature ever held in Hawaii. In introducing the chief justice, the speaker referred to him as "one of the fathers of our country, although he is still a young man."

"I have no sympathy for those who would cast slurs upon the little government of this territory," said the chief justice. "In all its branches it is governed as well as the average country."

As chairman of the finance committee, Representative Clarence H. Cooke told of some of the trials and tribulations that have been faced not only by the chairman but by the members.

Finance Bill Slashed

"For the last several nights," he said, "I have worked on the appropriation bill. And the result is that, when it is reported out, the house won't like it, the senate won't like it—and the people won't like it."

He went on to tell something of the work of the committee, and how it has been absolutely necessary to use good, sound common sense in the consideration of all bills.

"But, gentlemen," he concluded, "there is not one member of the finance committee who does not stand ready to take his medicine after this legislature has closed."

Later in the evening Speaker Holstein called upon Representative Lorrin Andrews to act as toastmaster, and all the members of the house were called on for a few words. The Molokai trip was referred to as somewhat of a joke, and tribute after tribute was paid Gov. Pinkham and Speaker Holstein. The dinner closed with the singing of "Hawaii Ponoi."

After spending a little time on the roof garden, a majority of the guests brought the evening to a jolly close at Heinie's Tavern, where they sang and "talked it all over" until a late hour.

WAR IS LIKELY TO PROVE COSTLY

Five appropriation bills are now before the legislature which, if passed, will set aside for the benefit of the National Guard, if it be called to the colors, a total of $378,595.67.

The largest item, which is estimated at $202,595.67, is for the pay of territorial and county employes who may be called to the colors in the service of the federal government. Its purpose is to pay a part of the difference between what the employes would get from the government as soldiers and what they are receiving now.

Another large item is for $100,000 for the relief of the families and dependents of guardsmen called into the service. There is also a bill for $50,000 to pay the substitutes who would take the places of the present employes called into service, another for $25,000 to pay members of the National Guard who may be called out for patrol or guard duty in the service of the territory. Lastly there is a bill for $1000 to pay for a publicity campaign to obtain recuits in order that the guard may be brought up to war strength of approximately 9000 officers and men.

It has been estimated that if the Hawaiian brigade at war strength is called into the territorial service it would cost the local government close to $2,...,000 a year exclusive of the above appropriations.

BUTTE GIRLS TO SEE LEGISLATURE

Speaker Holstein's biennial dinner had a jolly aftermath at Heinie's Tavern, where a number from his party and another party composed of the Montana girls and their friends, made up most of the mid-week crowd. The members of the house sang several pretty, old Hawaiian songs for the fair visitors at a long table across the hall, and when the legislators were answered by a hearty Montana yell from the Northerners they responded with nine rahs for Butte, the home of the delegation.

On the roof earlier, Mayor Lane and a number of those in Speaker Holstein's party were presented to Mrs. Cooney, manager of the Montana party, and others. The mayor expressed a few appropriate words of welcome to the party and offered his services in anything that made for the pleasure or convenience of the party while here.

The Chamber of Commerce has already signified its willingness to be ready to assist the visitors in their pleasure jaunt here, and members of the legislature have arranged for a visit there at 11 o'clock Saturday morning. The party sees the queen today and goes around the islands.

SMITH TO FLY HERE IN JUNE

That Art Smith, the aviator whose feats have made him one of the most famous airmen in America today, will fly here in June is now practically an assured fact. This morning it was announced by Albert A. Rhine, Smith's representative here, that authority for the flights has been obtained from Governor Pinkham and General Strong and he is now negotiating with the Hawaii Polo Club for the use of its grounds at Kapiolani park. It is understood that the polo club has given a favorable answer and an agreement will probably be reached soon.

Art Smith passed through here recently on the way to Japan. He is to return in June and, according to the present plans, he will stop off here then and give the exhibition flights.

ENTERTAIN ON ROOF GARDEN

Why not visit the Roof Garden after the show? Dancing every night from nine to twelve, music furnished by the famous Russian orchestra.

Tiffin and supper are now served on the roof and smart people are seen there daily entertaining their friends. —Adv.

FIRE QUICKLY EXTINGUISHED

Fire was discovered on board the Matson ship Manoa shortly before 1 o'clock Thursday morning while she was lying at Pier 20. The Central fire department made a run to the ship but members of the crew had put the flames out with fire extinguishers before the firemen arrived. Charles Spencer, wharf superintendent, says he believes the fire started from a live cigarette carelessly thrown into some hay in the hold.

ROOF WILL KEEP OPEN AND SELL NONINTOXICANTS

Now that it is settled, so far as the liquor license board is concerned, that there shall be no liquor sold at night in Honolulu during the war except with bona fide meals, a common question of the streets is "What will become of the Roof?"

"The Roof" is the popular name which has come to designate the roof garden on the Alexander Young hotel which has for so long filled a large place in the hearts of entertainment seekers in Honolulu that it has become almost indispensable to them.

After the dinner party or the theater or the private dance it has become the custom to finish off an enjoyable evening "on the Roof." It is always cool up there and so far this winter it has been open with service at hand and music for dancing as well as other entertainment features every evening.

When one has nothing else to do; is too tired to move about and too restless to sleep, "the Roof" is always there, or has been. A quiet, sunny place to go of a morning, a handy place to drop in at noon or for spare time at any hour, it has been. Now people are wondering what will become of it.

After Saturday night alcoholic drinks are "pau" on the Roof. The entertainers are going, also. Whether enough support will thereafter be given the Roof by residents of Honolulu so they may always have a first class place to rest and enjoy themselves and to take their friends and visitors remains to be seen.

Last summer, with no restrictions on drinks, there was no attempt to keep the Roof open during the week. Now many dubious ones, while still hoping the Roof will not close, doubt if it can successfully continue. The management, however, believes the dancing and music can be made a self-supporting proposition. At least, it is going to make a strong effort to keep it open during the summer.

"I believe we can keep the roof open without the sale of liquors," says Harry E. Stinson, manager of the Young and Hawaiian hotels. "People looking for evening recreation will probably not stop coming to the Roof because no liquor is sold; in fact, many may be encouraged to come for that very reason. Anyway, we shall see in a week or so just how much Honolulu wants the Roof. It is the management's sincere wish to keep it open if supported."

Stinson says there will be no beating around the bush trying to sell liquor at night on the roof on technicalities but declares one can get anything in ices, ice cream, soft and cold drinks and cold lunches and suppers.

WORK ON BATTLESHIPS MAY BE SUSPENDED

(Associated Press by U. S. Naval Wireless)

WASHINGTON, D. C., April 20. — Secretary Daniels announced last night that the officials of the navy departments of the United States have been for some time, considering the wisdom of temporary suspension of all work on the great dreadnoughts and five battle cruisers, now under construction for this government, and the devotion of all the labor and material needed for those ships upon the construction of merchantmen and submarine chasers. The Secretary of the Navy pointed out that the vital need at present is for ships to take the places of the vessels sunk by the German sea-sneaks and to carry food supplies and munitions to the Allies. It was also pointed out that it will be years before the battle cruisers can be of actual military service, while the chasers can be prepared for the destruction of the submarine within a few weeks and the merchantmen can be completed within six months.

VILLA BAND BEATEN IN SAN MIGUEL FIGHT

(Associated Press by U. S. Naval Wireless)

JUAREZ, Mex., April 20.—Villistas yesterday were defeated by the government troops at San Miguel, according to information reaching here last night. One hundred of the bandits were killed and the remainder were scattered by the federals. Word to this effect came to the Carranza officials from Chihuahua last night.

CATHOLIC CLERGY PLEDGE SUPPORT TO PRESIDENT

(Associated Press by U. S. Naval Wireless)

BALTIMORE, Md., April 20.—The Catholic archbishops, after a conference here, have sent a letter to President Wilson in which they pledge the loyal support of their church and expressing their entire faith in the President and accepting whole-heartedly the decrees of Congress.

COHEN CONTINUES HIS MAYORALTY CAMPAIGN

Speaking at Kamamalu park last evening, J. C. Cohen continued his campaign for the nomination for mayor on the Republican ticket.

Last night Cohen paid special attention to Mayor Lane, whom he blamed for such governmental ills as Honolulu may have suffered. He characterized the present Republican municipal administration as a patchwork government.

QUICK ACTION TO CHECK EPIDEMIC TAKEN BY BOARD

Wireless Messages From Kauai Send Dr. Norgaard Back; Legislature to Aid

Indications that the anthrax situation on Kauai may have become more serious and that the cattle raisers of the island certainly are fully awakened to the danger were received in wireless messages yesterday and brought immediate action. Dr. Victor A. Norgaard has returned to the island. A bill appropriating $25,000 to meet the emergency was introduced in the senate and assurances secured that it would pass both houses, and further steps to put into operation precautionary measures have been taken.

Following the return of Dr. Norgaard from Kauai, wireless messages were received which did not specifically state but indicated that the anthrax epidemic had become more virulent and that cattle were dying fast. These messages did not say that it had attacked any cattle other than those on the Princeville plantation. They were sufficient to bring hurried action from the board of agriculture and forestry. One message was from the cattle growers' association of Kauai and asked that some one be sent to take charge of the situation. In answer to that message Dr. Norgaard left at the earliest moment. At the same time steps were taken to secure legislative aid and the senate bill mentioned in the Star-Bulletin's late news column was introduced.

This morning a member of the board of agriculture and forestry told the Star-Bulletin of the messages that had been received by the board and by individual members and the steps taken to check the epidemic. He said that enough vaccine for 2000 innoculations should be in Kauai by the middle of next week and that still more had been ordered for shipment on the first steamer for the coast and that Dr. Norgaard would devote his every energy and attention to the matter.

Anthrax is a disease which affects cattle much as apoplexy affects human beings. The animals are apparently in good health in the morning but are suddenly stricken down and but are suddenly stricken down and in price the saving of every animal is important and the loss is more than ever serious. Once in a district it is very difficult to eradicate as the germ gets in the soil and is of tenacious vitality.

EVERY DAY FLAG DAY IN EL PASO

[By Associated Press]

EL PASO, Texas.—Flags fly from poles in the public parks and plazas, from city buildings and many private buildings the year round here on the border. This has long been a custom in El Paso and when Loyalty Day was proclaimed recently, it was only necessary to decorate the homes and a few privately owned buildings to make the city gay with flags.

In each of the 13 public parks and plazas a large American flag flies the year round except on bad days which are few in the Southwest. On all school buildings the American flag is unfurled and furled each day during the school year with appropriate ceremonies. The chamber of commerce building has a flag flying every day while the fire stations, city and county buildings and other public buildings display the national colors at all times.

Following this plan, the public buildings in Juarez, across the border in Mexico, have Mexican flags flying daily.

MANY ENROLL IN OFFICERS' CLASS

More than 30 students have enrolled in the officers' reserve corps class at the Y. M. C. A. and it is expected that at least three classes will have to be formed to take care of the candidates. One full class of 20 has been organized under the instruction of P. M. Smoot, and Rolla K. Thomas is now making arrangements to secure another instructor for a second class.

The interest in the class work has increased during the past few days and Thomas expects a large enrolment. No applicant will be accepted unless he can meet the army requirements. Several business men who have had experience in military work have already joined the class.

RAILROADS CAN RAISE FREIGHT RATES JUNE 1

(Associated Press by U. S. Naval Wireless)

WASHINGTON, D. C., April 20.—The interstate commerce commission yesterday formally granted to the railroads of the nation the right to file tariffs to increase their freight rates 15 per cent. The rates under the new taiffs will go into effect June 1.

POISON FOUND IN SUPPLIES OF THE RED CROSS

PHILADELPHIA.—Albert W. Staub, director of the Atlantic division of the American Red Cross recently threw a verbal bombshell into the ranks of the local Red Cross at a meeting held in the headquarters, 221 South Eighteenth street.

"You women of Philadelphia want to clean house," he told prominent society leaders. "Go over the list of your members and study everyone until you are sure of her loyalty to the cause. Under no circumstances allow any one in your board rooms unless you know who they are. Keep persons out of the workrooms who have no right to be there."

Many of those present were astounded at the remarks of the head of the organization for the Atlantic district, which takes in New York, New Jersey and Pennsylvania, and many were quietly resenting the imputations cast upon their membership.

Director Staub then proceeded to explain the meaning:

"I'll tell you why I am insisting on these precautions," he added. "Recently I found in a New Jersey town bandages which had been prepared at one of the Red Cross headquarters and which had been soaked in poisonous chemicals and then dried, so when they were put to use they would kill the man on whom they were used.

"More than this. In addition to bandages, some of the dressings had been filled with ground glass so that when they were used on open wounds they would cut and cause suppurating sores that would increase the sufferings of the patients.

Prosecutions to Follow

"It is pretty hard to think of any loyal body of Americans being imposed on in such fashion, but I tell you it has happened within the last three weeks and the results of our investigations were turned over to the department of justice and it is about to institute prosecutions."

TEUTONS SHOOT HOLLWEG ADDRESS AT RUSSIANS

(Associated Press by U. S. Naval Wireless)

PETROGRAD, Russia, April 20. — The war office last night made known the last German trick to influence the Russian soldiers in the field. Shells loaded with a small charge of explosive, and containing copies of the address delivered in Berlin by Dr. von Bethmann-Hollweg, the German chancellor, in which he declared that the Kaiser had no intention of endeavoring to restore the Romanoff dynasty, have been fired into the Russian lines. They are burst open by the charge and the copies of the address scattered among the Russian troops.

SINN FEINERS DECLARE IRISH INDEPENDENCE

(Associated Press by U. S. Naval Wireless)

DUBLIN, Ireland, April 20.—At a meeting of the Sinn Fein Society held yesterday it was decided to issue a proclamation announcing that Ireland has become a separate nation and as such demands a representative at the peace conference which shall come at the end of the war.

WHY RHEUMATISM COMES WITH COLD WEATHER

(By Valentine Mott Pierce, M. D.)

A close connection exists between these two—cold weather and rheumatism. Prof. Alex. Haig of London has the most followers in the medical profession in the belief that the presence in the system of uric acid, or its salts in excess, is the real cause of rheumatism. Every one has recognized the difference in the appearance of their water as soon as it gets cold; there is often a copious sediment of "brick-dust."

Several causes may lead up to an accumulation of uric acid in the system, which, in turn, cause rheumatism or gout, or creaky joins, swollen fingers, or painful joints. For one reason the skin does not throw off the uric acid, by profuse sweating, as in the hot weather, and the kidneys are unable to take care of the double burden. Another reason is that people do not drink as much water in cold weather as in summer, which helps to flush the kidneys. Again, they eat more meat in cold weather, and some people are so susceptible that they soon develop rheumatism after eating meat.

At all such times persons should drink copiously of hot water, say, a pint morning and night, and take Anuric (double strength) three or four times a day. This Anuric comes in tablet form and can be had at almost any drug store. It dissolves the uric acid in the system and carries it outward. I would advise everyone to take Anuric occasionally, and continue for three or four weeks, and in that way avoid rheumatism, gout and many of the painful disorders due to uric acid in the system.

Make yourself healthy and strong by open-air exercise and diet. Then cleanse the liver by occasionally stimulating its action with a pleasant laxative composed of the May-apple, dried juice of aloe, and root of jalap, sugar-coated and long sold by all druggists as Dr. Pierce's Pleasant Pellets. —Adv.

VON HINTZE WAS GERMAN ADMIRAL

Further light on the watchfulness with which the Dutch steamer Rembrandt was guarded in Yokohama by Japanese officials, to make sure that her party of German diplomats and consuls did not go ashore, is thrown by the Japan Advertiser of March 31.

The Rembrandt was at Honolulu recently taking bunkers before proceeding with her 28 diplomats and consular officials, who have been granted safe conduct.

It develops, according to the Japan Advertiser, that the has-been German minister to China, P. W. von Hintze, is a full-fledged admiral of the German navy. He was minister to China for several years, until that country severed diplomatic relations with the Teutons last month. The diplomat commands no fleet, however.

Von Hintze, according to a portion of the article recently published in the Outlook at the time of Admiral Dewey's death, has had a spectacular career. He was demoted by the Kaiser from the German fleet and ordered to China. To get there, the European war then being in progress, he adopted various disguises, changed his name, and finally arrived in China on a Norwegian tramp steamer, of which he acted as supercargo during the voyage, deceiving the boarding officers of British cruisers which held up the boat to see if he might be on board as a passenger.

While the Rembrandt was at Yokohama she was required to stay outside the breakwater and no one was allowed on board except persons in charge of supplying the liner with provisions. A Japanese cruiser guarded the Dutch boat while she was at Yokohama, having been ordered to that port from the Yokosuka naval base specially for that purpose. The Japanese took no chances on the Germans getting ashore.

While the liner was in port here no one but Admiral von Hintze was allowed ashore by the immigration and customs officials. Soldiers with rifles stood at the gangplank to see that no other German came on the dock. Von Hintze was allowed ashore here only when the Spanish consul, Senor Luis Guillen Gil, acting for the German government, accompanied him.

FORT DE RUSSY CLOSED; ALL ENTRANCES GUARDED

As a precautionary measure, Gen. F. S. Strong, commander of the Hawaiian department, has ordered that all approaches to Fort De Russy be closed. Armed guards are now station at Dewey avenue and Saratoga road at their junction with Kalia road with orders to allow no one to pass. People living ewa of the fort on Kalia road must now go around by Kalakaua avenue to reach the other side.

Gen. Strong says that nothing has happened but the department is anxious to avoid any unpleasant occurrences and therefore closed all entrances to keep out any one who might wish to damage property within the reservation.

NAVY NEEDS TWO COOKS AT WIRELESS STATIONS

Two male cooks are wanted by the United States navy, to enlist in the Naval Reserve for immediate service at the wireless stations at Kahuku and Heia. The pay for cooks in the navy ranges from $66 to $98 a month and the term of enlistment is for the duration of the war, after which time one may continue on the active list, or go again on the reserve list with retainer pay.

Applicants should communicate with Mr. Fred G. W. Cooper, naval station, Pearl Harbor, by phone or in person.

RAPID TRANSIT OPERATES CARS OVER NEW TRACKS

The cars of the Honolulu Rapid Transit & Land Company yesterday operated over the new tracks on Kalakaua avenue which are located in the center position. The cars are switched onto the new tracks at John Ena road and are turned back onto the old track in front of the Seaside hotel. The old tracks are to be torn up to the latter point and the Spalding Construction Company will immediately start paving the mauka side of the avenue. When the work has progressed as far as the Seaside hotel a new cut-over will be made further along by the transit company.

FISHERMEN CAN GATHER BAIT FREE AT WAIKANE

No charge can be legally made of fishermen by property owners at Waikane beach for collecting bait along the shore, the board of harbor commissioners has decided. Commissioner Tom Church brought up a complaint from various anglers, at the board's special meeting Thursday afternoon, saying he had been asked to bring the matter before the board. The beach at Waikane is government property, the board believes, consequently no money can be collected from fishermen who gather bait along the shore. The board will take up the complaint with the land commissioner.

INDIANS ARE ENLISTING

[By Associated Press]

RAPID CITY S. D., April 20.—A number of Indians have enlisted in the South Dakota national guard. In a company at Rapid City, 18 were enlisted.

SUGAR INDUSTRY MUCH INTERESTED IN LAND MEASURE

Chillingworth Resolution Asks for Land Board on Leases and Homesteading

Members of the territorial senate yesterday afternoon went on record for radical changes in the present land laws when they voted 12 to 3 to adopt a lengthy resolution submitted by President Charles F. Chillingworth which petitions Congress for amendments to the Organic Act.

The resolution, which is said to be backed by the governor and by island planters, proposes to put land control with a territorial board appointed by the governor. This body of men will determine what lands shall be set aside for homesteading and what shall be leased on long terms to plantations, such action being approved by the land commissioner and the governor.

Other Bills Are Tabled

Other land bills before the senate were tabled yesterday to make action consistent with the report of the committee of the whole which had the matter under consideration. Senator M. C. Pacheco sat as chairman of the committee and late in the afternoon, following a long debate, rose to report the vote of the meeting to the senate proper.

Much of the discussion yesterday centered about the proper length of leases, the majority of the senators seeming to feel that the longer a lease ran the more a plantation was willing to pay for it.

Chillingworth ventured the opinion that short leases were of little advantage, that they were rather of disadvantage, in that they allow only one company to bid on land and thus eliminate competition. Longer leases would bring in bids from other companies than those situated near the land.

Senator Shingle, who expressed favor toward the resolution now in Congress fathered by Kuhio, whereby the legislature would be given control of public lands, thought that 25 years for a lease was too long. He proposed 15 years instead and so moved.

Must Warrant Large Expenditures

Senator Baldwin admitted that the 25-year lease might be long, but considered the 15-year lease too short and was willing to split the difference at 20 years. A shorter period did not warrant costly investments.

To prove Baldwin's point Senator Coney spoke of certain mills in the territory whose leases are about to run out and who do not dare to make further expenditures until they know what disposition will be made of their land. Baldwin's 20-year amendment finally carried.

Pacheco Voices Opposition

Pacheco expressed opposition to the resolution, which, he declared, was a backward step. It curtailed the efforts and struggles of years to build up an independent farming community and tended toward the feudal system of old.

Pacheco put the motion which carried as already stated, and Senator Baldwin then moved to table his own amendment which provided that homesteaders might take out leases for 999 years at 4 per cent rental, also increasing the allowance to 80 acres of agricultural lands and 250 acres pastoral. The motion to table carried. A similar bill from the house was tabled. House concurrent resolution 16, giving land control to the legislature, was similarly treated by a 10 to 5 vote.

BIG EATERS GET KIDNEY TROUBLE

Take a Glass of Salts Before Breakfast if Your Back Hurts or Bladder Bothers You

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

AMATEUR PLAYERS MUST BE CAREFUL NOT TO COMPETE WITH PROFESSIONAL

John Soper, Chairman of the Registration Committee of the A. A. U., Says That Players Once Warned Will Have More Difficulty in Being Reinstated — Pacific Amateur League Will Play Amateur Baseball This Season—All Have Cards

Any amateur player who competes with a professional in a regular league series, where admission is charged, will forfeit all rights to their amateur standing. This was the statement made by John Soper in discussing the athletic situation in this city.

Amateur baseball is receiving a big boost among the fans of Honolulu at this time, and consequently the players are anxious to know what will be the outcome of the various organizations. The old Oahu League was recognized as a professional league, and Soper, who is the chairman of the registration committee, said yesterday that changing the name would not in any sense change the status of the league. The Honolulu League and the Service League will both play professional ball.

A Strange Mixture

The Honolulu League has been making efforts to take amateur players from the Pacific League, which is an A. A. U. organization, but have not met with good results. The plan of the Honolulu League was to play three professional players with other juniors, as opposition to the amateur league. These juniors would automatically become professionals as soon as they competed in the league games.

One of the managers of one of the Honolulu league teams was under the impression that the junior players would not be professionalized, but it is known that the league was opposing amateurism in spirit, as the officers of the league did not know or should have known that it was impossible to play professionals and amateurs on the same teams.

According to managers of the Pacific Amateur League some of the players on the teams have been approached and asked to give up their amateur standing. Soper said that these players should be warned that if they compete with professionals they will be barred, and will have a difficult time gitting back into amateur baseball circles. "When a player is warned that he will be barred from amateurism if he does not live up to the rules of the game, and then professionalizes himself, he will have a much harder time getting back in amateur sport than the player who was professionalized through ignorance," said Soper.

It has been rumored that the old players of the Oahu League who played in the last series have asked for cards in the A. A. U., and it is also reported that the Honolulu League, after bucking the amateur end, has now petitioned for amateurism. The sign last year showed that amateur baseball has come to stay, and within a few years the professional will be as lonesome as a duck in a desert.

Last year Sam Nott, president of the Pacific Amateur League, said that amateur baseball was here to stay. The Pacific League met much opposition from other organizations, but made such a success that amateur baseball will have a banner season in 1917 without a doubt. When players like Bill Inman, Bill Janssen, Kai Luke and others announce that they want to become amateurs something must be in the air. According to the A. A. U. officials these players may be reinstated two years after making application in case the authorities are satisfied that the players want to live up to the amateur spirit in athletics.

COSMOS DEFEAT NATIONAL TEAM AT Y. M. ALLEYS

Y. M. C. A. BOWLING LEAGUE STANDING OF CLUBS

	P.	W.	L.	Pct.
All-Chinese	8	7	1	875
Oahus	12	9	3	750
Cosmos	12	9	3	750
Hawaiis	8	4	4	500
Mid-Pacifics	16	6	10	375
Nationals	16	1	15	063

Last night's match—Cosmos 4, Nationals 0.

The Cosmos look like real contenders in the second series of the Y. M. C. A. Bowling League. Captain Atherton's men seem to be able to make just enough more than their opponents to win a big majority of the games. Last night they took four from the Nationals with a comfortable margin in each case although none of the games were walk-aways.

While the Nationals failed to win a game, Jimmy Woolaway had an opportunity to fatten his average by rolling 530, the best total of the evening. Glen McTaggart continued to qualify for special mention with a 204 score, the best of the match.

J. C. Chamberlin was the Cosmos' best man, although W. A. Ham had high single game by one point. All of the Cosmos bowlers are going to practise up for the match with the All-Chinese next Wednesday. This encounter along with the match between the Oahus and Hawaiis next Thursday will go a long way toward settling the championship.

Last night's dope sheet:

Nationals—	1st	2d	3d	Total
Woolaway	142	190	198	530
Haglund	140	...	...	140
Kai Luke	...	135	141	276
McTaggart	204	124	...	328
Brown	...	...	146	146

OLGA DORFNER SETS NEW SWIMMING RECORD

ATLANTIC CITY, N. J., April 7.—Olga Dorfner of Philadelphia last night won the 200-yard swimming contest of the middle Atlantic division of the Amateur Athletic Union, beating her own American record.

Her time was 3 minutes, 4 4-5 seconds, thus clipping two-fifths of a second from her former record.

A forestry surveying trip expected to cover a circuit of nearly a hundred miles in an almost inaccessible part of the White Mountains has been started by two New Hampshire College professors.

George Cunha Will Not Leave Amateur Ranks, Says Decker

George Cunha will not turn professional but instead will swim on the Honolulu Y. M. C. A. team which will go to the mainland this summer. Harry Decker said today that Cunha announced before he left that he intended to secure a position in San Francisco, and would continue to train and would be ready to join Duke Kahanamoku, Clarence Lane, John Kelli and Harold Kruger when these swimmers arrive in San Francisco.

Cunha says that there is a better opportunity for work in San Francisco, and consequently felt that he wanted a chance to work where he could continue training. Decker is confident that Cunha will make good in the mainland meets.

BASEBALL TEAMS PLAY ON SUNDAY

Doubleheader Benefit Game at Moiliili Field This Afternoon; Games in Morning

Baseball again will be in the limelight on Sunday when the Asahi baseball team stages a doubleheader at Moiliili field. In this card the Asahis will meet the Pacifics in the first game and the Fort Ruger Giants will oppose the All-Japanese.

The Asahis under the management of K. Murashige have sold a large number of tickets for the game and are expecting a large crowd. Nushida will work for the Asahis and Dennis is expected to perform for the Pacifics. In the last game of the day T. Moriyama will oppose either Pruitt or Stewart.

In the games in the morning the Commercial League teams will battle it out. The von Hamm-Young team will meet the Advertiser at Moiliili field and the Star-Bulletin team will oppose the Lewers & Cooke aggregation at the same field. Coombs will play Spaldings at Athletic park and the Hawaiian Electrics will play Schuman at the same field. In the afternoon the Braves will meet the Ewa team at Athletic park.

VITT FAILS TO SIGN AND IS SUSPENDED

DETROIT, Mich., April 11.—Oscar Vitt, star thrid baseman of the Detroit Americans, who declined to sign his 1917 contract because of salary differences, was automatically suspended today. Suspension was the result of his failure to report to Manager Jennings before the opening game.

Bobby Jones will play third base at least temporarily.

While operating a circular saw in the Boston Navy Yard, George A. Pitcher of Everett, a carpenter, was struck in the chest by a piece of flying wood and killed instantly. He was 60 years old.

SCHOFIELD TO TURN OUT FOR BIG CONTEST

Infants Will Meet Chinese in Post Battle; Baby Regiment to Uphold Honors

(Special Star-Bulletin Correspondence)

SCHOFIELD BARRACKS, T. H., April 20.—The Baby Regiment apparently has taken the place of the Wreckers in the defense of Schofield baseball honors, as it is billed to check an invasion of the All-Chinese at the post athletic field next Sunday afternoon. This will be the first appearance of the Chinese at Schofield to do battle with the 32nd Infantry, and as a previous encounter between the two forces in Honolulu resulted in an exciting game, the Celestials managing to squeeze out a win by one tally, it is expected that the baseball population of Schofield will turn out en masse to witness the battle. The infants put up a rattling good exhibition of baseball last Sunday when they defeated the coming Fort Ruger aggregation, and with Mashaw in any kind of form expect to annex another win. The 32nd Infantry will present its strongest line-up for the battle, namely, Chief, ss; Boyle, 2b; Cassels, lf; Holcomb, 3b; Buckland, rf; Stratton, c; Ralls, cf; Jackson, 1b, and Mashaw, p.

The early part of May should bring the Service League into action and classy, Major League baseball should be the order every Sunday afternoon at Schofield and Honolulu, and at Schofield some of the large crowds that witnessed the games of the series between the Wreckers and Infants should be on hand, though even an average attraction brings the faithful to the national pastime in droves.

PACIFIC LEAGUE MEETS TODAY

There will be a meeting of the Pacific League at Davies & Co. this afternoon at 5 o'clock. All managers of the teams are requested to be present. The schedule of games will be discussed, and other matters in connection with the play during the season will be reviewed.

KAISER'S CAR SOLD

[By Associated Press]

LONDON, Eng.—An automobile which was built in Germany for the personal use of Emperor William and which had been sent to London just before the war to be fitted with an English body, has just been sold for $35,000 to a Danish shipowner. The car has been in the hands of the bodybuilders ever since it was finished and was ordered sold by the courts to satisfy their charges. It is called by English experts the most luxurious automobile ever built, and the price paid for it at auction is believed to be a record for a car for personal use.

ROSS WINS A. A. U. 150-YD. MISSES RECORD BY 1 SECOND

CINCINNATI, O., April 10.—Norman Ross of the Olympic Club of San Francisco, came within one second of the record for a 60-foot tank when he won the 150-yard senior national A. A. U. back stroke swimming contest at the Cincinnati gymnasium tonight. His time was 1:50 3-5. D. L. Jones, wearing the colors of the Illinois A. C., won the 100-yard national A. A. U. junior swim in 0:58 3-5.

Ross Earns Medal

SAN FRANCISCO.— Norman Ross, Olympic Club, whose triumphant swimming tour of the East has resulted in successive victories for the local boy, is to be specially honored by the officers and members of the Winged O. When Ross returns home, which will not be for several weeks, he is to be presented with a medal of merit. This will be the second time such a trophy has been presented by the Olympic Club, Millard, the long distance runner, having been similarly honored. The medal is in the form of a maltese cross, overlaid with a laurel wreath and the club emblem. On Friday, Ross will participate in the Sims special 100-meter race at the Chicago A. C. He will then go to Portland to visit relatives and upon his return home the club here will tender him a banquet.

RULE CHANGES WILL BENEFIT AUTUMN GAMES

Football if Played This Year Should Be Better Sport Than Ever; No Sideline Coaching

Although there may be no football next fall, as far as the intercollegiate branch of the game is concerned, recent changes in the rules ought to make it better than ever, if it is possible to play.

More skilful execution of the forward pass will follow the added protection give nthe receiver of the ball. In the event of illegal interference the ball will go to the offended side at the point where the foul was committed. This rule will have the effect of checking the catcher of the pass, which was frequently done last year.

As the rule stood, with the penalty of 15 yards from the point where the play started, it afforded players an opportunity of beating the rule by preventing a pass of from 20 to 30 yards at only the loss of a 15-yard penalty.

The action to curb the practise of sending substitutes into the game for the mere purpose of carrying information from the side lines is to be commended, for there is nothing in the game more unfair or more unsportsmanlike than this form of coaching. Unfortunately, there were evidences of this practise in games played not only here, but in some of the big intercollegiate games in the East.

The committee has always deplored such tactics, and some time ago cleared the side lines of the many coaches who used to do spy duty. It was hoped that this would abolish this evil, but the rules committee found it necessary to pass a rule which prevents a substitute from holding communication with the other players when he enters the game until one play has been made.

The multiple kick was abolished before it was given much of a trial, because it was contrary to the principles of a field goal that was laid down by the founders of the game. If a kick of this kind were allowed to count as a field goal it would likely make scoring very easy in the future, when the play was better known. Then all the skill which comes only after long, tedious practise in kicking field goals in the legitimate way, off the gorund, would go for nought. Although the multiple kick was not widely tried last season, it is known that in instances where it was practised, it quickly developed to a point where its success was common. One case has been cited of a school team which scored all of its field goals in this manner last season. A play which could be developed so quickly by schoolboys would in a short time make field goals too common for the good of the game.

Although the football rules committee didn't seem to think so, there are many football men who believe it is within the jurisdiction of that body to make the numbering of players compulsory. The committee this year did not even discuss the subject. With almost all colleges agreed that the idea is a good one, it is unfortunate that one or two should hold out against the majority. Popular clamor has been the means of affecting many changes in the past, and it may be a means of causing a change in this instance.

The Massachusetts Coast Artillery Corps, comprising 12 companies, was instructed by the War Department to make immediate requisition for equipment needed to bring it to full war strength.

GUISTO, RISBERG AND OTHER STARS MAKE IMPRESSION

Opening Games in Majors Show Work of Players Well Known to Honolulu Baseball Fans

Reports received of the opening games in the majors tell of some of the performances of players who have appeared before local fans. "Swede" Risberg, who was here with the Venice team, beat Terry of the Stanford squad for the shortstop berth on the White Sox in the opening game.

Jim Scott pitched for the Sox and they downed St. Louis by a score of 7 to 2. Walter Johnson started out in excellent manner, holding Philadelphia to three hits and no runs. In this game Ping Bodie failed to secure a hit. Babe Ruth also showed some good pitching for Boston, allowing the Yankees but three hits.

Harold Janvrin, who was here with the All-Americans, did not play in the opening game with the Red Sox, as Barry was at second. Louie Guisto started out well for Cleveland, getting two hits in the first game. Ray Chapman was back again at his position in the short field. Tyrus Cobb started out with two doubles in the first game with Detroit, and Bobby Jones of the Seals last year played good ball. Wolters broke in with two hits in this game. Kenworthy, Bohne and Kelly did not play in the opening games. Kelly will be used as a pitcher by the Giants.

ROSS MAKES BIG HIT IN NEW YORK

The New York papers are devoting much space to Norman Ross and the Olympian's record-breaking swims. This is a bit of the story in the New York World of his victory over T. Cann from the pen of L. de Handley, the best known acquatic expert in the country:

The fight between Ross and Cann will long be remembered by those who were lucky enough to see it. It kept the spectators on their toes from start to finish. Until the very end the issue was in doubt.

The New York lad got off the mark first at the gun and had a slight lead up to 25 yards, but the Coast man closed in on him on the second length. Both drew gradually away from Wheatley, swimming almost shoulder to shoulder, Ross with a slow, powerful, six-beat single trudgeon crawl, Cann with a more rapid four-beat variety of the same stroke.

At 100 yards Ross led with a slight advantage in 58 seconds, and he increased it by a few feet in the next 50, but Cann was not yet beaten. With a game effort he slowly crawled up on the Californian, and when the latter reached the 200-yard mark in the new world's record time of 2 minutes 8 seconds, the young Mercury Footer was again at his waist.

As the two thrashed down the homestretch in a shower of foam it looked for a space as if Cann would overtake his flying opponent, but it was short-lived hope.

Swimming strongly to the last, Ross hit the line a victor just a stroke ahead of Cann.

Ross' time for the full distance, while faster than the former record of 2 minutes 23 2-5 seconds, made by Herbert Vollmer last year in the same pool, is not so fast as his own mark of 2 minutes 21 3-5 seconds, set in November in the 100-foot bath of the Olympic Club and now awaiting official A. A. U. sanction.

Cold weather aches follow exposure. Soothe and relieve them with Sloan's Liniment, easy to apply, it quickly *penetrates without rubbing.* Cleaner than mussy plasters or ointments, does not stain the skin.

HONOLULU RAPID TRANSIT AND LAND COMPANY

NOTICE OF CALLING OF BONDS FOR PAYMENT

Notice is hereby given that pursuant to the terms of that certain mortgage or deed of trust dated May 1, 1902, recorded in the Hawaiian Registry of Deeds in Liber 239, page 105, given by the Honolulu Rapid Transit and Land Company, a corporation, to the Union Trust Company of San Francisco, Trustee, securing an issue of $4,000,000 in bonds, the said Honolulu Rapid Transit and Land Company has elected and intends to avail itself of the right and privilege of redeeming and paying and will redeem and pay all of the said bonds now outstanding at the expiration of fifteen (15) years from their date, viz., on May 1, 1917, the same being also an interest-paying date.

And notice is hereby given that the numbers of said bonds to be redeemed and paid are as follows: Numbers 15-50 inclusive, 61-64 inc., 70-95 inc., 101-109 inc., 117-129 inc., 131-138 inc., 141-207 inc., 213, 215, 220, 221, 223-239 inc., 241-251 inc., 259-281 inc., 295-298 inc., 303-307 inc., 313-319 inc., 321-328 inc., 331, 333, 334, 340-343 inc., 345-352 inc., 354-356 inc., 358-368 inc., 370, 371, 373-389 inc., 391-397 inc., 400-404 inc., 415-440 inc., 451-460 inc., 465-486 inc., 492-514 inc., 517, 525, 526, 532, 534-549 inc., 551-554 inc., 556-582 inc., 584-586 inc., 592, 595-600 inc., 664-672 inc., 674-676 inc., 679-690 inc.; that payment will be made on said May 1, 1917, at the said Union Trust Company's office in San Francisco, Cal., or at the National City Bank in New York, N. Y., or at the First National Bank in Honolulu, T. H., at either of which places payment will be made therefor.

And notice is hereby given that the interest note of any bond or bonds called for payment then maturing will not be paid unless the same is presented for payment when the bond to which it belongs is also presented.

And notice is further given that the said bond or bonds so called for payment will cease to bear interest after that date.

Dated, Honolulu, January 27, 1917.

HONOLULU RAPID TRANSIT AND LAND COMPANY.
By CHARLES H. ATHERTON,
Treasurer.

NOTICE TO STOCKHOLDERS

Mutual Telephone Company.

The following resolution was authorized by the Board of Directors of the Mutual Telephone Company, at a meeting held on Wednesday, March 21, 1917.

WHEREAS, at a Special Meeting of the Stockholders of the Mutual Telephone Company, held on Monday, February 10, 1913, at 2:30 p. m., a resolution was passed authorizing an increase in the Capital Stock of this Company from $400,000 to $750,000, by the issuance of 35,000 new shares of the par value of $10 per share;

AND WHEREAS, at said meeting, a further resolution was passed authorizing the Directors of said Company to dispose at any time, or from time to time, any part of said issue by issuing same in accordance with the provisions of Article XVII of the By-Laws of the Company, relative to offering new shares pro rata to the stockholders at par;

AND WHEREAS, there remains 13,443 shares of Capital Stock in the Treasury still unissued from the issue of 35,000 shares above referred to;

AND WHEREAS, it has been estimated that the Company will require approximately $150,000 for Permanent Improvements during the ensuing year;

BE IT RESOLVED, that the said new stock, when issued, be offered first to the Stockholders of record, as of May 1, 1917, pro rata and at its par value, and, if same, or any part of the same, is not paid for, on or before its date of delivery on July 1, 1917, the Directors are hereby authorized to sell any of such stock not taken, at not less than its par value;

AND BE IT RESOLVED FURTHER, that all such sums realized from the sale of the shares above referred to shall be used on account of the payment of said Permanent Improvements.

Sig.) J. A. BALCH,
Treasurer.
6742—Mar. 24, 26, 27, 28, 29, 30, 31, Apr. 2, 6, 9, 13, 16, 20, 23, 27, 30.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii. In Probate. At Chambers.

In the matter of the estate of Mary S. Corbett, deceased.

Notice of petition for allowance of accounts determining trust and distributing the estate.

The petition and accounts of Hawaiian Trust Company, Limited, as Ancillary Administrator with will annexed of the estate of Mary S. Corbett, deceased, having this day been filed wherein petitioner asks that the same be examined and approved and that a final order be made distributing the remaining property to the persons thereto entitled, and discharging petitioner and surety from all further responsibility herein:

It is ordered that Friday, the 11th day of May, A. D. 1917, before the judge presiding at Chambers of said Court at his Court room in the Judiciary building, in Honolulu, City and County of Honolulu, Territory of Hawaii, be and the same is hereby appointed the time and place for hearing of said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property.

Dated the 29th day of March, A. D. 1917.

BY THE COURT.
J. C. CULLEN,
Clerk.
6747—Mar. 30, Apr. 6, 13, 20

Sealed Proposals, indorsed "Proposals for three magazine buildings, Kuahua, Hawaii," will be received at the Bureau of Yards and Docks, Navy Department, Washington, D. C., until 3 o'clock p. m., May 7, 1917, and then and there publicly opened, for one magazine building having concrete foundation walls, reinforced concrete floor, platform and steps, hollow terra-cotta tile walls, wood framed roof covered with asbestos shingles and wood floor on sleepers; one filling house of wood frame construction, built on concrete piers, having the walls and roof covered with corrugated steel: and one test house of wood frame construction built on concrete piers, the exterior walls covered with rustic siding, the roof covered with asbestos shingles and the interior walls and ceilings sheathed, at the Naval Ammunition Depot, Pearl Harbor, Hawaii: Drawings and specifications (No. 2343) can be obtained on application to the Bureau or to the Commandant of the Naval Station, Pearl Harbor, Hawaii. Bids will also be received at the Naval Station, Pearl Harbor, Hawaii, until 9:30 a. m., May 7, 1917, and then and there publicly opened. F. R. HARRIS, Chief of Bureau, March 24, 1917.
6759—Apr. 13, 20.

BY AUTHORITY.

RESOLUTION NO. 746.

Be it resolved by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of One Thousand, Five Hundred Dollars ($1,500.00), be, and the same is hereby appropriated out of all moneys in the Permanent Improvement Fund of the Treasury of said City and County, for an account to be known as Reconstruction of 68-Foot Span Bridge, Kalihi.
