MYSTERY SHROUDS CHANGES IN HAWAII'S ORGANIC ACT

SWEEPING MEASURE ON WHICH NO ONE HAS BEEN CONSULTED

"I HOPE THAT CONGRESS WILL ADOPT THE SUGGESTIONS MADE BY GOVERNOR FREAR. THE BILL AMENDING THE ORGANIC ACT WILL BE INTRODUCED TODAY AND THE HEARING HELD THIS WEEK."

This is from a private letter written by a Cabinet official on December 8. It was received in the last mail and contains about the only definite information there is regarding the details of the amendment of the Organic Act that is going on in Washington.

In addition to this is the statement given out by Acting Governor Mott-Smith last Saturday, in which he outlined amendments to be recommended by the Governor and of which no other definite information had been given locally.

The questions put by the Bulletin last evening are considered by business men as particularly pertinent to the situation.

They don't understand why all this serious work should be going on in Washington without apparent consultation of the citizens who are to enjoy or suffer the results. The whole community considers the amendment of the Organic Act a very serious matter and one that should not be gone into without serious and careful deliberation.

J. P. Cooke, who was on the Advisory Land Commission, stated this morning that the public knew that the public hearings on the land question were held with a view the the amendment of the Organic Act, and he presumed that the Governor's amendments were in line with the recommendations of the Commission to strengthen the homestead features of the land laws. So far as that was concerned, he thought the people had notice enough, and the surprising feature was that the public did not take a greater interest in the work and hearings of the Commission.

The railroad bond guarantee amendment, however, was opposed by the majority of that Commission.

Carl Smith of Hilo was the only one who reported in favor of it. Mr. Cooke did not see how the Governor came to include this in his amend-

ONE BILL COVERS ALL AMENDMENTS

Acting Governor Mott-Smith stated this morning that he had not been advised whether or not the Governor's proposed amendments, which were given in substance to the press some days ago, had as yet been compiled in a bill and presented to Congress. He said that all the amendments would probably be incorporated in one bill, entitled "An Act to amend Section 55 of the Organic Act."

"I am very much of the opinion that we should proceed with extreme care when amending the Organic Act," said Mr. Smith. "I have felt

Burglaries Reported But Police Keep Mum

Another burglary, which was reported to the police, but which the department has been keeping quiet about for reasons of its own, occurred last Sunday night at the residence of Archie Robertson on King street, Pawaa.

"I was dining at the University Club that night," said Robertson this forenoon. "And did not come home until quite late. The burglar evidently first tried to get in through the bedroom window, as we found marks from his bare feet, which had been covered with mud, on the veranda directly under that window. The window was locked, and he gave up the attempt. He then went to the kitchen window, which, I think, must have been left unfastened by my Japanese servant. He had placed a box under the window, which is some distance from the ground, in order to climb in.

"The burglar went through the kitchen and into the dining room. Here a gas light was burning as well as a kerosene lamp on the sideboard. He turned out the gas light complete-

TIE VOTE

With but two more precincts to be counted, the recount in the Kauai election contest is now exactly even. Baker and Blake each have 425 votes at the present time, though it seems that the end will be in favor of Baker. All of the ballots have been counted in every precinct save the Fifth and the Sixth.

There are still a number of challenged votes to be ruled on by the Court, and if any or all of them are thrown out, the result will be in favor of Baker, though Blake's attorneys have challenged a number of votes also.

The Rapid Transit Co. has completed the surveys for its line to the Pearl Harbor naval station. The line will run from the present terminus makai of the government road.

Castro, Gomez and Dutch Ships That Barricade Venezuelan Ports

[The idea is spreading in Venezuela that President Castro, who is now in France, has gone forever. It is stated upon excellent European information that the President of the South American republic has $60,000,000, on deposit in European banks. Conditions in the republic are assuming a grave aspect, and General Gomez has taken the Presidency, while taking action to secure the withdrawal of the Dutch warships. These vessels are now making a demonstration along the entire coast. Among the most powerful vessels of Holland's navy now on the scene are the Jacob Van Heemskerk and the Gelderland. Orders have been issued at Washington for one or more American vessels to hurry to Venezuela.]

LABOR LOSES CASE

WASHINGTON, D. C., Dec. 23.—Chief Justice Wright of the Supreme Court of the District of Columbia rendered his decision today in the famous Buck contempt case involving the highest labor leaders of the country.

The decision is against the Federation of Labor officials. President Gompers of the American Federation of Labor was sentenced to one year in prison. John Mitchell of the Miners' Federation was sentenced to nine months in prison, and Morrison of the Federation of Labor to six months.

The case involved the boycott methods of declaring certain concerns unfair. The defendants violated a court order. Gompers admitted that he fathered the publication of unfair firms in his magazine. Mitchell was less ready to acknowledge responsibility.

The case will be appealed.

Any man who tries to figure out the dope for the Christmas soccer game is pretty likely to come a cropper. On the surface the operation looks simple enough, but when the wise man tries to get down to cases, he is likely to land with a thud which will awaken the echoes. One clever lad undertook the job yesterday afternoon, and after an hour's work, he found the answer—according to the relative showings of the teams, the Mailes should be able to beat themselves by a score of something like 2 to 1. Then he quit and announced that he should stay quit.

SAID MASTERPIECE WAS VERY IMMORAL

Liquor Board Wouldn't Allow Corregeo In "Scotty's

In days gone by, when "Scotty" Meston was in the height of his glory in Honolulu, there hung a painting, an undoubted masterpiece, on the walls of the Royal Annex Cafe. On first and casual glance the most striking feature about the old masterpiece, perhaps a genuine Corregio, might be the nude figure of a woman, reclining.

W. C. Peacock, the owner of the painting, feels assured that the canvas, if not a genuine Corregio from the hand of the wonderful old master, is at least a study that was conceived and painted three or four hundred years ago. Experts, men who should know about such things, have pronounced the canvas centuries old.

Yet this is the identical painting which the Board of Liquor Commissioners condemned as immoral!

The masterpiece now hangs in the gallery of J. J. Williams.

BURGLARIES REPORTED

(Continued from Page 1)

ly, and placed the kerosene lamp on the table after turning it down so that there was practically no light from it. He then went to the bedroom door. This awakened my wife. She saw the man, but owing to the almost complete darkness, she thought that it was I, and she called out: "Is that you, Archie?" As she got no answer, she got out of bed and called, "Who is there?" At this the burglar ran out through the kitchen and climbed through the window through which he had entered, making considerable racket as he did so by colliding with a gas stove which stood right under the window.

"My wife immediately notified neighbors, and a message was sent to the police station. An officer arrived at about 1 o'clock. He asked a few questions, but beyond that I have heard nothing further from the police."

A noticeable feature about this attempted burglary is the fact that its circumstances are practically identical with those of the Spencer, the Akaka and other similar affairs which have occurred in the last few days, indicating that the same person is responsible for these jobs. In each case the burglar has entered through a window, using a box as a ladder. He is evidently an unintelligent person, who trusts to luck for his booty, rather than making a systematic search for silverware and the like, and that he is of a timid nature is shown by the fact that in every case he has been easily frightened off by the outcry of women.

J. O. Lutted, the proprietor of the New England Bakery, has been singled out for a couple of burglaries. Last Saturday night a burglar forced open the back door of the room next to the restaurant and tackled the safe which was there. The main door of the safe was open, but the inner box was locked. The latter was taken by the intruder out in the back yard, where he smashed it open, obtaining about $15 or $20 worth of Hawaiian coins and some jewelry. A revolver and some postage stamps which were lying on a table in plain view, were not touched.

On Monday morning Lutted found that the back door leading to another room had been forced open, the padlock being broken off, but the thief had obtained no booty in this case, as the room contained only pasteboard boxes used for the packing of tabasco sauce.

Some weeks ago Lutted lost some jewelry from his residence in Manoa valley, but this was apparently a case of daylight pilfering rather than of burglary. Reports have been made to the police about all these cases, but nothing has been given out about them by the authorities.

McShane, the messenger boy who is alleged to have had something to do with the Mme. Lambert affair, has had a charge of burglary placed against him. As far as can be learned from the police, the principal evidence against him is the fact that he admits that he loves Mme. Lambert, and that he has been pestering her with his attentions.

Chief of Detectives Kalakiela and his staff are making strenuous efforts to cope with the burglary epidemic. Last night all were out almost all night, some on wheels and some on foot, patrolling the town from Diamond Head to Kalihi, but nothing was found of any value in the matter.

WINDJAMMER SAILS

Shortly after 10 o'clock this morning the bark Andrew Welch, operated by the Matson Navigation Company, cast off her moorings at the Mauna Kea wharf and started for San Francisco. As the vessel will be on the high seas Christmas day, a goodly stock of dainties, such as sailormen delight in, was taken on board to supply the holiday "fixings" for the Christmas dinner.

THERE'LL BE MUSIC AT CHRISTMAS TREE

1500 Children Take Part In Christmas Of Malihinis

The Malihini Christmas Tree will be ready for the children at 10 o'clock Friday morning, in the Young Hotel Park.

It will be the greatest tree that ever was, and fifteen hundred children will receive gifts from Santa Claus.

Early yesterday morning the chief Santa Claus telephoned the Bulletin office and asked that five hundred more tickets be printed. One thousand had already been run off, but the demand was so great that they had to have more.

The tickets are all numbered from one to fifteen hundred and each ticket goes to a child who is vouched for and will appreciate the good things. Among those coming under this heading are one hundred of the Bulletin newsboys under twelve years of age. One hundred tickets were handed in to the Bulletin this forenoon for the boys, the only condition being that they should go to the littlest fellows.

There will be great doings. The Santas and the Santa Clausesses will be on hand. The children will be there, and the police have promised to have an ample guard to keep order.

There will be the best music to be had. Kaai's Glee Club and the Hawaiian Band will alternate in furnishing music.

Action, action all the time, will be the spirit of the occasion. Just like Santa Claus. Always busy and always making people happy.

The Malihini Christmas Tree will be a great treat to the town.

CENTRAL UNION CHURCH CHRISTMAS

More than six hundred Sunday school children of the Central Union Church, accompanied by their parents, congregated last night in the meeting-room of the church and were elaborately entertained by the officers and members of the church. It was a Christmas entertainment. The room was decorated with tropical plants. Besides enjoying the musical and literary program arranged for the occasion, the young people were presented with Christmas gifts, such as candies and other tempting delicacies. Before the program was over refreshments were served.

The room was filled to its utmost capacity. Following was the program:

Part I—Orchestra; Song No. 16; Prayer; Song No. 273; moving picture, "Breeding Pheasants"; Orchestra; moving picture, "Tommy's Birth day"; Orchestra; moving picture, "The Dollmaker," "A Practical Joke."

Part II—Orchestra; Song No. 160; dialogue, "Christmas Tide"; Welcome to Santa Claus; Distribution of Gifts; Distribution of Candy; Refreshments; Orchestra; Goodnight.

MIXED COMPOSITION

"Gimme a pound of sugar," snapped the crabbed woman in the red sunbonnet. "What will it be, madam?" asked the rural storekeeper, who was slightly deaf. "Oh, I reckon it will be a composition of sand and glucose. That's what it always turns out to be when I buy it here." And the next time the crabbed woman in the red sunbonnet came in the old storekeeper sent his brightest clerk to take her order.

POPULARITY EXPLAINED

"The looking glass is the only truth-teller that is universally popular with the fair sex," remarked the typewriter boarder. "That is because women interpret its reflections to suit themselves, and not literally," rejoined the scanty-haired bachelor at the pedal extremity of the mahogany.

PASSENGERS DEPARTED

ALDEN BESSE COMING

After a long period of lawsuits and idleness, the old bark Alden Besse has been overhauled and placed in commission at San Pedro, Cal. She will load a general cargo for Honolulu.

THE KINAU came in from Kauai today, arriving early this morning. She brought as freight 7000 bags sugar, 80 bags rice, 164 bundles hides, 51 boxes honey, 6 crates C. W. P., 65 crates oranges, 1 horse and 240 packages sundries. Purser Grube reports the S. S. Vermont having left Eleele yesterday morning for Newcastle.

THE PACIFIC MAIL lines Siberia will arrive here Christmas morning in all probability. She will sail either that night or the following morning. If she arrives early Christmas morning her sailing time will depend entirely upon whether or not the agents here are able to get stevedores to unload her cargog that day.

HACKFELD & CO. received a cablegram yesterday announcing the departure of the steamship Korea from San Francisco for Honolulu on schedule time. She is due here December 28th.

THE CLAUDINE arrived this morning from Hawaii, Maui and Molokai ports. Her cargo consisted of 484 railroad ties, 2171 feet ohia lumber 12 cords wood, 1 horse, 38 hogs, 161 packages hides.

THE REPAIR work on the Inter-Island steamer Helene is about completed. The Helene has been thoroughly overhauled and is not only in first class condition, but looks trim and shipshape.

THE OCEANIC liner Alameda is due here at daybreak Christmas morning. She will bring about the last of the Christmas mail, and will also bring a large cargo of miscellaneous merchandise.

PURSER GRUBE of the steamer Kinau reports the following sugar ready for shipment on Kauai: Mak., 28,794; G. & R., 2000; K. P., 4500; P., 4355; H. M., 1400; K. S. C., 2000.

THE IWALANI sails tomorrow afternoon for Hamakua, Hawaii. She will take a large consignment of freight for Christmas and New Year.

FREIGHT WILL be taken on board by Inter-Island steamers tomorrow but under no conditions, will any be received on Christmas Day.

THE AMERICAN schooner Alice Cooke, Captain Penhallow commanding, left this morning at 8 o'clock for Puget Sound.

THE STEAMER Helene left today for Pepeekeo, Hawaii, where she will discharge cargo for the stores there.

Attorney Peters has filed his brief in the tenement house case. He has taken up the constitutional points in the case almost exclusively, claiming, in the first place that the Board of Supervisors had no right to pass the tenement law, and in the second place that the law itself is unconstitutional. Deputy County Attorney Milverton will write the brief for the Territory in answer.

Registrar Merriam has proposed a new form of acknawledgment, one that has been tried, accepted, and now in use in all of the States, for the Territory, and he will embody his ideas in a bill which he will present to the Legislature. The present form of acknowledgment which is in use in the Territory is radically different from the one in use in all the States.

N. S. Moyer and M. Carroll, soldiers from Camp Shafter, got into serious trouble last night, when they tried to make merry in a tenement house at King street, Leleo. It appears that they went up on the veranda where a Hawaiian man and woman were sleeping. They smashed he electric light, and then proceeded to make advances towards the woman. The inmates of the house were aroused, and a general hubbub followed, which was broken by the arrival of Officers Mokumaia and Humeku. The soldiers tried to escape, but were arrested and taken to the station. This morning they appeared in court on charges of being on the premises of another at night without lawful excuse, but at the request of an officer from the camp, they were turned over to the military authorities, by whom they will undoubtedly be severely punished.

The police state that while the soldiers who have been here for some time are a very well behaved set, the ones who have arrived but recently are the cause of considerable trouble.

It was also reported to the police last night that a Chinese had been severely beaten o nthe corner of King and Maunakea streets, but while the man was found in a battered condition, he was not able to give any information as to the identity of his assailants.

THINGS THAT HAVE BEEN DONE IN THE WHITE HOUSE THAT WILL BE DONE NO MORE—AUTOMOBILES TAKE PLAC OF HORSES—NO MORE TENNIS CABINET. SLEEP LATE

(Special Correspondence)

WASHINGTON, Dec. 7.—Foreman Conover, presiding genius over the White House stables, who knows more about splints, spavins, shoe blisters and the heaves, than any man in the Roosevelt Administration, a man who can tell the age of a horse by his cough, may soon have to forget his equine learning and study up on carburetters, sparkers and petrol, to hold his job. Report has it—and automobile sales agents are cocksure of it—that President-elect Taft is going to depart from the Roosevelt policies in one instance at least and install automobiles in the stables of the Chief Executive, where now broughams, station carts and victorias furnish means of locomotion for the first man in the nation.

Judge Taft has become quite fond of the automobile. During the summer he traveled at least three hundred miles in as many different machines and not once did the candidate suffer any delay or inconvenience from a broken trace or a colicky mare. The President-elect is convinced that the automobile is the thing. In Cincinnati his chief delight was his daily spin in Brother Charlie's touring car, a machine so big, by the way, that it can hardly turn around in a four-acre field.

President Roosevelt has frowned on the auto. His tastes have run to timber toppers and single footers. But Mr. Taft has ideas on the subject himself and shortly March 4 the big barn set aside for the President's equipager may house touring cars, roadsters, runabouts and electric pheatons. The last named may supersede Mrs. Roosevelt's brougham, and the runabouts may be designed for the use of Miss Helen, Mr. Robert and four years will be the most interesting children in the land. The touring car may safely be kept in the garage subject to the call of the President.

This innovation in the new Administration will occasion some disquietude among the rubbernecks of the capital. The red, white and blue cockade and the red, white and blue rosette on the heads of the footmen and horses respectively have long served to identify the White House carriages. Just where the rosettes will be attached if machines are used is a matter that will be left to Private Secretary Carpenter, who, by the way, will be quite another change in the order of things at the White House.

Mr. Carpenter is a much different man from Secretary Loeb. He, is younger, smaller and more timid. He blushes when he is asked a hard question and much dissembles. Also, he is not married. The auto will dispose of one vexing problem. The secretary is entitled to a government carriage with a half ton of silver mounted harness thrown in. It would be a shame for so much style to go to waste on a single man; a 35 horse power fast wagon will be more in keeping with his bachelor tastes.

The greatest change the new Administration will inaugurate will be the ousting of the Rough Riders and the tennis cabinet by the Yale Class of '78 and the veterans who carried the constitution and the flag in the benevolent association in the Philippines. No more will the joyous shout of "Jimmie" Garfield and "Archie" Butt of Gifford Pinchot, and Ambassador Jusserand resound from the famous White House tennis court while the sacrilegious rubber neck wagon orators inform their patrons that if they look quick they may see the "President reaching for a high ball."

The high tennis balls suggest something else about the new Administration. President-elect Taft is an abstainer from vinous, malt, hop and other intoxicating liquors. They do not agree with his digestion. In this connection it may also be said that the day of 6 o'clock rising in the White House will end with March 4. President Taft, unlike President Roosevelt, who jumps out of bed at 6 and rushes for a cold tub, believes that sleep at that hour is the best employment that can be put to time. Nine o'clock finds him protesting against getting up.

The national sports will change with the swearing in of the new President. Judge Taft likes a fish as a gastronomic and sporting possibility. He likes to read about hunting, but he frankly confesses that hunting as a pastime doesn't appeal to him. He much prefers horseback riding with his cronies, Gen. Edwards and Gen. Crozier. This exercise, with golf at the Chevy Chase Club, will keep him in condition and the tennis rackets now littering the Executive Mansion will have to give way to the brassie and midiron.

Even the White House furniture will change somewhat. The large, comfortable chair which was once Mr. Taft's as Secretary of War in the Cabinet, will be moved to the President's place. The President's swivel chair in his private office will give way to one built on more generous architectural lines. The library shelves in Secretary Loeb's room now bending beneath the weight of "The Works of Theodore Roosevelt," "Big Game in the West," "Camping and Tramping with President Roosevelt," "The Many Sided Roosevelt," Henry Cabot Lodge's "History of Theodore Roosevelt," "Roosevelt, the Boy and the Man," "The Rough Riders" and the Roosevelt Bears" may soon give way to Greenleaf on Evidence, Parsons on Contracts, Chitty on Pleadings, Kent's Commentaries, Cooley on Torts, and Blackstone.

Old Gentlemen for Bodyguards

During the next Administration Chief Wilkie, of the Secret Service, need not detail any lithe limbed athletes as Presidential bodyguards. Fine old gentlemen, even if they have a slight touch of the gout, may fill the places acceptably and retire after four years of arduous labor with well developed equatorial proportions.

A new order of things will obtain in Washington when Chief Justice Fuller swears in Mr. Taft. The Cabinet room during the public reception hour may become clogged up with visitors, as Judge Taft will not have acquired that handshake and pull along that goes so well with the Rooseveltian "De-lighted!" Moreover, Charlie, the White House footman, will have to reduce that lump on his chest if he hopes to hold his job and slide under Judge Taft's new automobile to see what has gone wrong with the thing. Charlie had best be spry, because William, Mr. Taft's flunkey for several years, has won greater fame than ever by memorizing his master's labor speech and by whipping an Ashtabula (O.) colored man who still swore by Foraker when the Taft special arrived. Monico, Mr. Taft's Filipino servant, will take Jim's place. Jim has shaved President Roosevelt while the President talked with visitors. Jim's dexterity will not be needed during the next Administration as Monico and a little hot water will furnish the new President with a shave good enough for his bill.

And it's vale Oyster Bay, the summer capital. Next summer the capital may be most anywhere. Heretofore Mr. Taft has spent his summer at Murray Bay, Can., at the home of his brother. From now, though, he will remain in the United States. This bit of information may be of value to summer resort proprietors and real estate agents.

THREE MESSENGER BOYS IN TROUBLE

Another incident in the war between the two messenger service establishments conducted by M. F. Peter and J. Santos respectively on Union street, took place last Saturday night, as a result of which three boys of the Santos faction are at present languishing behind the bars of the police station with charges of malicious injury placed against them.

The story which the police tell of the matter is as follows: Manuel de Mello, Eddie Auld, and George Farta, all Santos boys, conspired against Peter, and one of them took off the nut of Peter's buggy, while the two others kept watch to guard against discovery. A little later Peter returned and started with his wife and sister-in-law for home in the vehicle. The buggy had proceeded only a few feet when the wheel was dished, and Peter and the two ladies were spilled into the road, much to the delight of the boys. Luckily, the horse was a tame one, and no one was hurt seriously.

CHRISTMAS DINNER AND DANCE AT SEASIDE

The holiday spirit will prevail at the Seaside Hotel on Christmas night, when a special dinner will be served, to be followed by a dance. Ernest Kaai's original glee club will furnish music for both occasions. The decorations of the dining lanai will be in keeping with the holiday season, and a general all-round good time is assured those who spend Christmas night at this popular beach hotel. Table reservations are coming in rapidly, so telephone your order, No. 834, early. Watch for our menu to be published later.

BAKER LEADS IN RECOUNT OF ALL

Supreme Court Allows Second Count Of All Ballots

From the present standing of affairs, it appears that George E. H. Baker will be sustained by the Supreme Court as Auditor of the County of Kauai. In the recount of all the votes of all the precincts, which was allowed by the Supreme Court this morning, Baker has gained considerably over Blake, who is contesting, and if the apparent irregularities in voting in two precincts as discovered by the attorneys in the recount, are allowed by the Supreme Court, Baker will be declared elected.

Chief Justice Hartwell rendered a decision this morning, allowing the recount of all the votes for Auditor in the County. He stated that he did this in the interests of public welfare, and, as a matter of fact, he considered it only right and fair that the total number of ballots cast for the office should be counted, so that no one man could say that he had not been given justice.

The recount was immediately begun, and shortly before noon was completed. According to Attorney E. C. Peters, for Baker, the latter will undoubtedly be sustained as Auditor, as five ballots, in all, have been found which are clearly improperly marked for Blake. The Democratic attorneys, Wade Warren Thayer and E. M. Watson, have also singled out a number of ballots which they claim are improperly marked for Baker.

The Supreme Court may arrive at a conclusion in the case this afternoon. At present all odds are in favor of Baker, notwithstanding the count yesterday in the Lihue precinct, where Blake gained a lead of one vote.

ments, if he has done so.

"I agree that amending the Organic Act is a very serious matter," said Mr. Cooke, "and we should go into it very carefully and know all that is going on. With the possible exception of the railroad-bonding matter, I do not see but what the people have had ample notice on these land matters which I suppose—although I don't absolutely know—follow the recommendations of the Commission."

W. O. Smith stated that the Governor had not held any conference with him or any organization with which he is associated. There were certain recommendations which the Bar Association had endorsed about the salaries of Judges, and possibly the bill had to do with this. There was also the Advisory Land Commission suggestion.

that we should not seek exceptions not enjoyed by other Territories. We should accept the benefits and the responsibilities of our Territorial position and we should do nothing that will jeopardize our status on an equality with the Territories of the mainland. We should vigorously oppose any change that may possibly put us in the same class with the possessions, the Philippines or Porto Rico."

"No, I was not consulted by the Governor," said President George W. Smith of the Merchants' Association, when asked if the Executive had consulted him either as head of the Merchants' Association or as an individual. "I think he should have gotten in touch with the commercial bodies before he recommended the amendments, or, at least, if he did not wish to do that, he should have waited until the Legislature convened in order that he might ascertain its attitude in regard to the question."

President Jas. F. Morgan of the Chamber of Commerce said that he knew nothing whatever about the matter.

The members of the Legislature who have been seen also state that they were not honored with consultation by the Governor on the subject.

WHENCE THIS ORGANIC ACT AMENDING?

The Organic Act of the Territory of Hawaii is in process of amendment by the Congress of the United States.

If there is any citizen of Hawaii, now in the Islands, who knows what these amendments are or how far-reaching they may be in shaping our future, he has failed to make himself heard.

All the information to date is obtained from a private letter from a Cabinet officer that the bill has been introduced and the hearings begun. This is definite!

The Acting Governor has given out extracts from Governor Frear's letter outlining amendments that he intended to incorporate in a bill to amend the act.

In this indefinite detail given out by the Acting Governor is contained a railroad-bond-guarantee provision which has received the disapproval of all but one of the Advisory Land Commission. The people generally in the Territory know nothing of it.

All this business, of the most serious and vital import to the present and future of this Territory, is going on before the United States Congress and even the copy of the bill, or preliminary draft, has not been seen in Honolulu.

What does this mean?

Is this not a case of the Territory of Hawaii being governed, rather than governing itself?

Isn't there involved in the progress of events one of the most serious situations the Territory of Hawaii has ever faced?

WHO WANTS THE ORGANIC ACT AMENDED?

WHO CALLED FOR THE RAILROADS OF THIS TERRITORY to be put on the basis of the railway enterprises of the PHILIPPINES?

WHERE does the command for the changes come from, and WHO is to pay the fiddler if this gay and merry dance winds up in such a radical upheaval of the Organic Act that even the Governor will have to admit that the whole thing has gone farther than he expected and he wished he hadn't gone into the affair?

The question involved is a momentous one of public policy.

The amendments outlined by Acting Governor Mott-Smith are numerous enough to suggest a general revision of the Organic Act.

WHO HAS EVER HEARD that there WAS TO BE a general revision of our Organic Act AT THIS CONGRESSIONAL SESSION? What business bodies, what legislative bodies, what real or assumed representatives of the people have been consulted regarding the POLICY OR DETAIL OF A GENERAL REVISION?

If the Advisory Land Commission is cited as one consulted, WHY IS IT that, included in this volunteer revision is one of the provisions to which each member of the Commission, with one exception, was opposed?

WHO PUT THAT AMENDMENT IN THE BILL? And why?

The whole thing, as it has thus far proceeded, is based on wrong methods and mistaken ideas of government.

So far as this paper is concerned, the railroad-bonding scheme looks fairly good on the face of it, except that the Territory should be the guarantor of the bonds if the principle is to be recognized and adopted. Hawaii is not a "possession".

Just at the present time, the wisdom or folly of this particular item is secondary to the fact that our laws are being made for us and we, the people, the common herd, the subjects of the regal and viceregal establishment that might be—but we hope is not yet—don't know anything about it. And according to the manner in which the game has been played up to date are not supposed to know, or at least are to be the last ones informed and consulted.

Whether Governor Frear is the inventor of this new system of government we don't know.

His utterances contrary have been such that the Bulletin will not charge him with the responsibility until all the facts point to him as the man. But the game is going on nevertheless. It should be stopped.

The central fact is that a great error is being committed and the sooner the people take a hand to check it, the better.

It is not right that Hawaii should be GOVERNED and not have a word in the GOVERNING.

Call a halt, till the character of this bill and the probable results are fully determined.

Are we of Hawaii subjects of a king, that we are given a constitution which is to be amended by those nearest to the throne and we be consulted last, if at all?

What are the hypnotic influences that operate about the departments and clubs of Washington, D. C.? Was it not Governor Carter who went to Washington and returned with a great enthusiasm over how much better Hawaii would enjoy life if its status were that of a colony? He remembered, however, to come home and talk it over before the bill was introduced.

The Bulletin is informed that the police were out all last night, walking the streets, looking for burglars. Now that's fine. It is better than walking the floor of the police station. Lest they forget, their memory is jogged with the fact that the burglar who entered a house nearly two weeks ago, left his hat and his shoes and got a broken head, is not yet captured. If it be true that the police have waked up, is it not time for them to deliver a few results?

Republican leaders held a conference in New York and decided to let State Chairman Woodruff distribute the offices not under the control of Governor Hughes.

Deputy Sheriff Oscar Cox of Waialua arrived in town this morning with the report that a Japanese living in the Waialua village had committed suicide last Monday. It appears that the man had been suffering from an incurable disease for some time past, and this accounts for his action. He shot himself through the neck with a revolver in the shack in which he lived, and was dead when found. He left three letters in which he asked the pardon of his relatives and friends for his deed, and also a sum of money which he had collected for Saloonkeeper Madeiros, by whom he was employed.

COELHO IS AFTER CAMPBELL'S SCALP

Appointment Of Kunewa Causes Him To Oppose

"I shall be against Treasurer Campbell in the coming session of the Legislature," said Senator Coelho of Maui this morning. "My position is that of standing by the Maui Republican County Committee, which recommended for the position of Tax Assessor of Maui the names of two men, both of whom had held office for years and were entitled to promotion, namely: James Keola and George Dunne. The Treasurer saw fit, however, to disregard the recommendations of the committee, and appointed another man instead."

SAILINGS OF AMERICAN-HAWAIIAN FREIGHTERS

The steamer Alaskan of the American-Hawaiian line sailed last night from San Francisco for this port. The Alaskan, which will arrive here on the 30th, brings freight from New York (via Tehuantepec), Tacoma, and Seattle. A large consignment of mules for Gus Schuman of Honolulu will reach here on the Alaskan.

Tomorrow the Texan will sail from San Francisco for this port. The Texan brings San Francisco freight only, not having visited either Tehuantepec or Puget Sound.

The Pleiades, recently chartered by the American-Hawaiian Company from the Boston Towboat Company, will sail from Puget Sound on January 1 for this port direct. Here she wil take on board a cargo of sugar for San Francisco.

The Virginian of the American-Hawaiian line will sail from San Francisco for this port on January 3. She brings San Francisco freight only, not having touched at Tehuantepec or the Puget Sound ports. The Virginian will bring the horses of the first and third squadrons of the Fifth Cavalry.

HOW TAFT WENT TO THE PHILIPPINES

Tells Story of McKinley's Request For Him To Be Governor

NEW YORK, N. Y., Dec. 13.—President-elect William H. Taft, speaking tonight at the dedication of the McKinley memorial organ in Metropolitan Temple, told an audience which repeatedly interrupted him with applause the story of his official association with the late President. Taft declared with reference to the Philippine Islands that the policy laid down by McKinley in 1900 had been the policy of the present, as it will be the policy of his own administration in the White House. Andrew Carnegie and John J. McCook also spoke.

"It was in February, 1900," said Taft, in relating the personal narrative of his resignation from the bench and entry into public life, which in eight years has brought him to the Presidency, "that I received from Mr. McKinley a telegram which read like this: 'If you have no other engagement you will do me a great favor by calling on me in Washington some time next week.'

Called to the Philippines

"I did not know of any vacancy existing on the Supreme Court bench at that time, but I went to Washington just the same. Arriving at the White House I was ushered into the Cabinet room and there I met the President. 'Judge,' said he, 'I'd like to have you go to the Philippines.' I said, 'Mr. President, what do you mean by going to the Philippines?' He replied: 'We must establish a government there and I would like you to help.' 'But, Mr. President,' I said, 'I am sorry we have got the Philippines. I don't want them and I think you ought to have some man who is more in sympathy with the situation.'

"'You don't want them any less than I do,' replied the President. 'But we have got them and in dealing with them I think I can trust the man who didn't want them better than I can the man who did.'

Expected Seat on Bench

"You can readily understand," continued Mr. Taft, "the feelings of a man whose only object in going to Washington was in the hope of finding a vacant cushion on the Supreme Court bench to be asked to go 10,000 miles from home. But after I had talked with Mr. McKinley and with Secretary Root I decided I would go, and in a hurry."

Taft said that it was the cause of deepest sorrow to McKinley that it was necessary to secure tranquility in the Philippines through the exercise of the sword, adding:

"We are trying to educate the people in the islands and to teach them through partial self-government to attain the point where ultimately they will be able to govern themselves."

WASHINGTON, D. C., Dec. 13.—James S. Henry, Washington correspondent of the Philadelphia Press has been appointed chairman of the press committee and Charles H. Boynton of New York vice chairman of the committee on finance for the inauguration of William H. Taft on March 4 next. Major General Barry, commanding the Army of Cuban Pacification, has been designated to command the regular army division of the inaugural parade and Rear Admiral Sperry, commanding the Atlantic Battleship Fleet, will command the naval division.

DRIER PLACE LEASED TO U. S.

F. A. Schaefer and Cecil Brown, executors of the will of August Dreier, this morning asked permission of the Court to lease the Dreier place at Waikiki to the United States Government, the latter to take possession at once, at an annual rental equal to 7 per cent. per annum on a valuation of the whole property at $14,250.

The United States will condemn this land later on, and take it over for garrison purposes, the reason for the lease being that possession is wanted of the land right away, while the condemnation proceedings will take considerable time. An agreement was reached leasing the property.

The interest of August Dreier, deceased, in the property amounts to $11,043.75; the interest of Mrs. Emma Dreier (exclusive of her dower right) amounts to $1066.75; and the interest of Adele Dreier is named at $2137.50.

Miss Ruby Abrams, who was recently graduated at the head of the art class in Cooper Institute, New York, is deaf and until a few years ago was also dumb.

HOW TO REFORM WHILE YOU'RE ASLEEP

Rev. Rose Explains System Of Correction On Modern Lines

The Rev. Henry C. Rose, in the Church of the Redeemer, Newark, N. J., of which he is pastor, declares that every fault, sin, or crime could be prevented, every bad habit cured, by mental suggestion given in homeopathic doses while the patient slept.

"Show me one hundred children addicted to swearing, lying, or other vice and I will reform thirty-five merely by sitting down beside their beds as they sleep and talking to them," Mr. Rose said. "Forty-five of the Hundred will be greatly benefited by the treatment, and only twelve will fail entirely to respond.

"By sleep I do not mean hypnotic sleep. Natural rest is far more preferable to the neurologist for this kind of work. Then, although the conscious self is slumbering, the subconscious self is wide awake and on the alert. The sub-conscious self never sleeps. It is keenly susceptible to suggestion and asserts itself to abide by such suggestions when the conscious self is aroused."

Good for Adults

Mr. Rose cited an instance in which he and the Rev. Elwood Worcester, pastor of Emmanuel Protestant Episcopal Church of Boston, engaged jointly, in which 100 children were "treated" for depravity with the result he outlined.

"While the mind of a child is more susceptible to mental suggestion during sleep than that of an adult," continued Mr. Rose, "the adult can be reformed by persistency. I know of women whose homes were made unhappy who reformed their husbands by waiting until the latter slept, then sitting down beside their beds and talking to them. One, whose husband drank, told me that she spoke about as follows:

"'I am going to have a little talk with you, Henry. You will not awake, because I am going to tell you pleasant things, and because I will not harm you, but love you, you will listen. You will not be alarmed, but will listen to me closely, because we will both be very happy.'

Forgets His Club

"Having dealt with him negatively, she then spoke positively: 'Tomorrow, when you will have finished your work, you will not go to the club and drink and carouse. You will return home, where you will find a good dinner and a happy family. The evening you will spend with me, because I will entertain you so that you will not want to leave.'

"The next day the husband came home as his wife said he would, forgot his club, and soon, after persisting in the treatment, the wife had entirely cured him. If such treatment is beneficial to husbands it will be good for wives, too. They might be kept from immoderation in spending or dress, and many unhappy homes would be brightened."

NEW MACHINE WILL MACERATE ALGEROBA

How to macerate algeroba beans has been solved, it is believed. C. W. Renear of this city has perfected a machine which, it is claimed, will perform the task satisfactorily. Application for patents covering the original points of Renear's invention have already been forwarded to Washington.

The algeroba bean makes a fine fodder, the only drawback to its general use, heretofore, having been an inability to find a machine which will macerate the beans. The pulp of the beans is so sticky that it is inclined to gum up any machine and put it out of business. It is claimed that this obstacle has been successfully overcome in the Renear machine.

KEIZO WILL BE REPRIEVED AGAIN

Morito Keizo will receive another lease on life. Acting Attorney General Whitney has heard from Hemenway in Washington, stating that he is bringing the mandates of the Supreme Court with him. This means that the mandate for Keizo's execution will not arrive here until January 15, while Keizo's last reprieve gave him until the 7th to live.

Another reprieve will be made out, extending the date of his execution until after Hemenway has returned from Washington. The authorities here would not carry out the execution without the mandate of the Supreme Court.

TAFT, ROCKEFELLER, CARNEGIE ALL GOING

Are Sure of Heaven So Countess Oracle Says

CHICAGO, Ill., Dec. 4.—William H. Taft is going to heaven when he dies, and there is hope that John D. Rockefeller and Andrew Carnegie will go, too.

This is the statement made today by Countess Aurelia Bethlen, the Benaist teacher, who, three weeks ago, announced her arrival in Chicago on her missionary journey around the world. She does not speak of a definite heaven, however, for her belief is that heaven is a condition, not a place.

She says that Mr. Taft will merit a divine reward, after the tribulations that he will meet during his tenure of office, and that if Messrs. Carnegie and Rockefeller can avoid dying until 1917, when the millenium will begin, they may be saved.

A great change is coming over the world, according to the countess. The world is getting better. People are paying more attention to religion, even if they do not go to church as regularly. This is the beginning of the change. But before the nine years are over and the year 1917 appears, the world will suffer dire calamities, which must be undergone by all people as penitence. But the people will not know this, and they will blame their governments for their misfortunes.

Because America is so money-mad, Americans will suffer the greatest of trials, and Mr. Taft will get the greatest blame. Therefore, his trials will have been the most woeful, but he will be sure of happiness after death, says the visitor.

Countess Bethlen declares Carnegie is misguided in buying libraries instead of food for the poor. Mr. Rockefeller, she says, can only save himself by "grasping the strong rope of salvation."

Forestry in Sweden, under the direction of a royal commission, resulted last year in supplying wood, lumber, and other forest products to the value of $13,250,000, and yet accumulated timber resources by a growth of twice the amount of the standing timber felled.

SANTA CLAUS WILL LAY OVER AT MIDWAY

Santa Claus Pilts will probably set a new precedent for old Kriss Kringle and remain and celebrate Christmas Day with the good folk to whom he carries Christmas cheer. The Flaurence Ward, which is now at Midway, will probably remain there until the 26th or 27th, that the castaways may have the genial captain with them to help make merry.

This Christmas trip of the Flaurence Ward has proved a joyful affair to more than one person. Not only were dainties of all kinds carried to the table company's employes, but a band of Japanese stowaways, starving on a barren island, was picked up.

The Flaurence Ward is expected here about January 10 next, unless heavy seas delay her.

CHIEF CLERK HAS GAINED 5 POUNDS

Lloyd Conkling has written from Kona to his friends here, stating that his vacation has already done him worlds of good. He has gained five pounds already, and it is to be feared that, if the alarming increase continues, Lloyd will have to quit eating lunch as well as dinner. The strain of election time, and the hard work attendant thereto made it necessary that the genial Chief Clerk should lead the simple life for a short time, and this he is doing in Kona.

TALKS WITH LURLINE

Nine hundred miles out at sea, the Matson liner Lurline was in communication with Kahuku Point wireless station for quite a while last night. The Lurline reported pleasant weather and all well on board. The spark was clear and distinct, and the atmospheric conditions seemed ideal for wireless sending.

The appointment of Count Jacques Aldebert de Chambrun as French military attache at Washington will probably be followed soon by other changes in the personnel of the embassy. His brother, Viscount Charles de Chambrun, secretary of embassy, and M. des Portess de la Fosse, counselor, may be transferred. Captain de Chambrun's wife is a sister of Nicholas Longworth.

WOMAN SLAVE TRAFFIC BIG

Federal Grand Jury Brings In 22 Indictments

Twenty-two indictments were brought in by the Federal Grand Jury this morning, the majority of them concerning the ringleaders in the wholesale slave traffic that United States District Attorney Breckons has unearthed. Four people were arrested yesterday in this connection, on warrants sworn out by Breckons, but they have not as yet been indicted by the Grand Jury.

Three indictments were brought in against Yoshi Kuwano, charging him with keeping an alien woman for immoral purposes. A Japanese woman by the name of Kuwano was also indicted on three counts of the same charge.

"Hundred-dollar-note" Isoi was indicted on six counts for harboring alien woman, Iwana Tsuramaki and Miya Takizawa, and keeping them for immoral purposes. Isoi's wife, Chise, was indicted on six counts for the same charge.

Fugi Kujima was indicted on a charge of illicit distilling. Three couples were indicted for violation of the Edmunds Act.

HAD LOVE FEAST

The Republican County Committee and the Republican Supervisors-elect held a meeting last night in the office of A. F. Judd. The press was not allowed to be present, but it appears that the meeting was sort of a general love feast, at which it was explained that the misunderstandings which had arisen between the County Committee, the Central Committee and the Supervisors had all been amicably settled, and that now everything was serene. The Supervisors agreed to submit questions to the County Committee.

The New Ford Touring Car

ACTU AL WEIGHT, FULLY EQUIPPED, 1400 Lbs.

WE HAVE JUST RECEIVED a shipment of the new FORD TOURING CAR—the car that will work a revolution in car-building. It is built of Vanadium steel throughout—and any steel expert will tell you that that steel will stand 50 per cent. more tension torsion, and wear than any other. Other manufactories will have to get in line and use this steel—but it will take them two years to do it. And our car is just that far ahead of all others—Two Years.

This car is full of improvements. The low tension magneto is built right in the car, a construction that will eliminate all IGNITION TROUBLES.

The ENGINE and TRANSMISSION are in one unit, arranged on the famous three-point suspension plan, and all enclosed, making it OIL and DUST-PROOF. The water-jacketed cylinder head is a SEPARATE UNIT, easily removed for cleaning, adjusting, etc. This construction makes it unnecessary to tear apart an engine to decarbonize a piston or grind a valve. It is only necessary to remove twelve nuts to get at all four cylinders, four pistons, and eight valves.

This is truly a splendid car, and all autoists who know the good points of a machine will be delighted with it. We want you to come and see it, and try it out.

The new car is now here and on exhibition in our show rooms. Autoists have been looking at it, and every one of them was surprised that a car of such high quality should be put on sale at such a low price.

GREAT BASEBALL GAME PROMISED

PICKED JAPANESE TEAMS WILL MEET NEXT MONTH

Nine Will Be Composed of the Best Nipponese Ball-Players in the Territory and Imperial Consul-General Will Witness Game

The greatest event that has taken place in a long time, from the viewpoint of Japanese baseball fans, will be the game between the Asahi and Fusoo nines, which will be played either on January 3 or 10. The Asahi and Fusoo teams are considered the strongest Japanese baseball aggregations in the Territory, both being composed entirely of picked players from the different clubs.

The exact date of the great contest has not been set, but K. Iida, the Japanese baseball impressario, is authority for the statement that it will be either the 3d or the 10th of next month.

In honor of the great occasion, a gala festival is being arranged. The Imperial Japanese Consul-General will be present in the grand stand and will make an address to the players. Suitable arrangements will be made for the reception of the official and the ceremonies will be very interesting.

The line-up of the two nines has not yet been made public, but it is known that the best Japanese ball-twirlers of Honolulu will be seen in the uniform of one team or the other. Baseball of a very high order is promised, and the probable outcome of the game is causing much healthy argument among Japanese baseball enthusiasts.

As far as the Japanese baseball men are concerned, the game will be one of the greatest events ever pulled off here. The American fans will doubtless flock to the game in large numbers, for excellent baseball is assured.

YULETIDE GREETING WILL TRAVEL FAR BY WIREBESS

"Merry Christmas!" "Merry Christmas!" "Merry Christmas!" For fifteen minutes the above message will be shot forth upon the air from Kahuku Point wireless station tomorrow night. Operator Branch will repeat the greeting for just a quarter of an hour, to let all seafarers know that Honolulu does not want her celebration all to herself, but has a little surplus of joy on hand to pass along to those who may be traveling upon the briny deep, and therefore are unable to enjoy the natal day of the Christian faith as others can.

With the powerful sending apparatus now installed at Kahuku, there is no telling how far the messages may carry, and reports from far-away places which have received the greeting will be awaited with interest.

Kahuku's greeting may start an endless chain, which ships at sea, equipped with wireless apparatus, may join with and send the message of Christmastide far and wide throughout the hemisphere.

ROSECRANS STOPS FOR TURKEYS ONLY

Touching here only long enough to take on a supply of Christmas turkeys the oil steamer Rosecrans, from the Pacific Coast, continued on her way to Kaanapali this morning. The Rosecrans was sighted shortly after 8 o'clock, and a couple of hours later was in the stream. By wireless the officers had notified local purveyors of Christmas supplies of what was wanted, and the "turks" were all ready for the ship by the time she got in.

The Rosecrans is equipped with a powerful wireless equipment, and has been in communication with Kahuku for several days. Long before Kahuku could make the Hilonian understand her signals, the operator heard the ship talking with the Rosecrans, the latter craft then much farther east than the Matson liner.

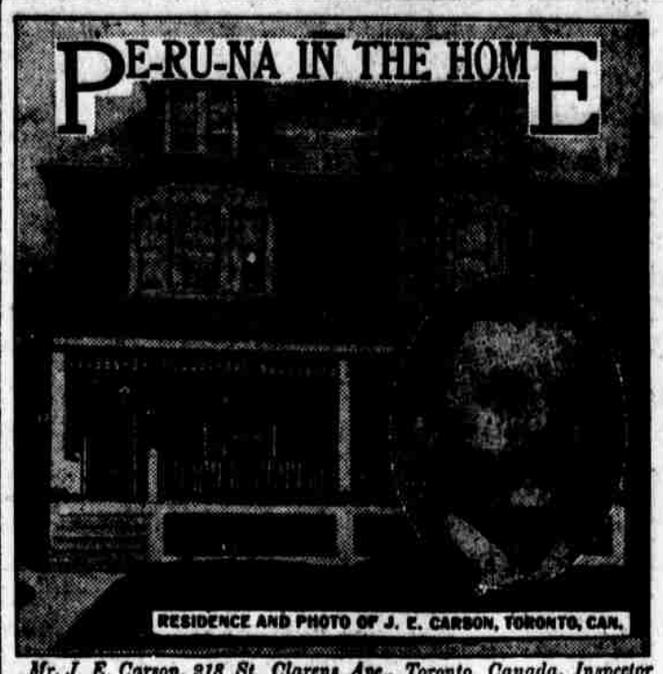
PE-RU-NA IN THE HOME



RESIDENCE AND PHOTO OF J. E. CARSON, TORONTO, CAN.

Mr. J. E. Carson, 218 St. Clarens Ave., Toronto, Canada, Inspector London Life Insurance Co., London, Canada, writes:

"I have used the popular remedy known as Pe-ru-na, and I can testify as to its merits. I regard it as one of the best tonics now on the market."

TORONTO is one of the most beautiful cities in the world. It is a city of homes and churches, a city of intelligence and good government, a city of healthful climate and beautiful scenery.

Among the many beautiful homes which make up the city of Toronto, is the home of J. E. Carson, 218 St. Clarens Ave. In this home Peruna is revered as a family medicine.

Peruna can boast of being a fixture in over a million such happy homes on this continent, where it is used for the petty ailments that afflict the family.

Coughs and colds, catarrh of the head and throat, sore throat in various forms, disturbances of digestion, catarrh of the stomach, and other internal organs. These ailments, petty in themselves, are often the beginning of very serious diseases.

A dose or two of Peruna taken in the beginning may quickly avert tedious if not fatal illnesses.

Head Stopped Up.

Mr. G. W. Martin, Hartford, Ontario, choir leader at St. Paul's Episcopal Church, writes:

"I have been troubled with catarrh for a great many years, and always trying something for it, but was able only to secure temporary relief until I used Peruna. Only five bottles rid my system of all traces of catarrh, and I have not noticed the slightest trouble for several months. My head was stopped up, my breath offensive, and it is a relief to be able to breathe freely once more."

Lungs and Bronchial Tubes.

Mr. J. C. Hervus Pelletier, Dept. de l'Agriculture, Ottawa, Ont., writes:

"The Peruna is particularly efficacious in the cure of catarrhal affections of the lungs and bronchial tubes.

"Six bottles cured me this winter of bronchitis. I am completely restored and I owe thanks to the Peruna.

"I have recommended this remedy to a large number of my friends afflicted with the same trouble, and they have verified my good opinion of this valuable remedy."

QUAINT CEREMONY AT WU'S HOME

Funeral Rites Participated In By Washington People

WASHINGTON, D. C., Nov. 21.—A quaint ceremony in memory of the dead Emperor and Dowager was held in the Chinese Legation this afternoon from 3 to 5 o'clock.

Minister Wu, his staff, and some other Chinese of importance, all wearing long black cloaks and heavy black beaver hats, were in the small parlor of the Legation to receive those who called to offer condolence.

The crimson walls were draped in imperial blue, the color of the new reign, and the altar in the reception room was decorated with yellow and white chrysanthemums. Tall tapers among the blossoms illuminated two bannerets of pale blue satin, one bearing the name of the Empress, the other that of the Emperor.

An usher appointed to conduct visitors to the memorial altar patiently instructed each newcomer how to proceed, the chief requirement being a deep obeisance. Later each guest greeted the Minister, and, bowing solemnly down the line, retired, escorted by the usher.

From the balcony above the main reception hall the women and the children of the Legation peeped coyly over the balustrades, but no woman appeared officially in the service, nor were the ladies of the diplomatic or official world invited.

The Italian Embassy telephoned for information on the subject of women attending and when the Ambassador and his staff appeared no woman accompanied him.

Uninvited Feminine Callers

Among the few women who did call, in ignorance of Chinese etiquette, was Baroness Hengelmuller, wife of the Austrian Ambassador. She was resplendent in a green Directoire gown and a Charlotte Corday hat of velvet trimmed in gilt braid and pink rosebuds. She walked down the line shaking hands and giving a word of greeting to each member of the receiving group.

Mrs. Newberry, wife of the Acting Secretary of the Navy, was among the American women there. After gracefully bowing before the tablets she turned to Mr. Wu and presented the proper apologies for the non-appearance of Mr. Newberry.

The French Ambassador and his suite arrived first and in common with others displayed visible anxiety about what to do.

Closely following the French Ambassador came Assistant Secretary of State Bacon, who asked for and gracefully followed directions. After the ceremony he presented to the Minister Secretary Root's condolence and regret that, having met with an accident to his foot, he could not attend.

Late in the afternoon Admiral Dewey's aide, in full uniform, appeared and after performing his obligations, presented Mr. Wu with the Admiral's regrets.

Among callers were Vice President Fairbanks, John W. Foster, Gifford Pinchot, Secretary of Interior Garfield, the Minister from Bolivia, the Minister of Hayti, Justice Brewer, Justice Brown, and Mr. Do Amaral.

The Ambassador from Japan was among the late callers. Baron Takahira, whose presence created a visible ripple of interest among the ushers, first presented his regards to the Minister, ceremoniously shaking hands three times before turning to the altar, before which he bowed profoundly several times. After standing for a second motionless Baron Takahira again turned to Mr. Wu and held a prolonged conversation.

Almost on the stroke of 5, the President's aide, Col. Bromwell, in full dress uniform, was ushered into the reception room. Bowing three times before the flower-decked altar, Col. Bromwell gave his name and delivered the President's message of condolence. In addition to the President's card, Col. Bromwell brought with him the cards of the President's secretary, Mr. Loeb, and Capt. Archibald Butt, one of the White House aides.

DIPLOMATIC BOBBY

"Bobby," called his mother, "did you give your baby brother a slice of that raisin pie?" "Yessum," answered Bobby, "and, mamma, after I had given it to him I noticed that he had the slice with all the seeds in it." "You careless boy! Never the least consideration for your little brother, I suppose." "Oh, yes, mamma, I had lots of consideration." "You did?" "Yes, indeed. When I saw all those seeds I was afraid they might give him appendicitis, so I ate his slice, too."

JAPANESE WANT TARIFF RAISED

Letter Is Written To Hawaiian Planters' Association

As a result of the exchange of communications between the Planters' Association and Japanese Association for Higher Wages, a conference will probably be held in the near future by the officers of the associations to consider the wages of the Japanese laborers on the plantations. According to the members of the Japanese association the wages paid the laborers at present are so inadequate that it is necessary that something should be done to encourage the laborers. That is what the agitators say.

Fred K. Makino, chairman of the executive committee of the Japanese association stated yesterday that he had received a large number of letters from plantation Japanese, expressing themselves in favor of the attitude taken by the association. Some of the plantation Japanese are already in town, prepared to respond to any interrogations that they may be required to answer. They are anxious to know the result of the conference. Makino and Negoro, who are handling this delicate question are highly pleased with the receipt of a letter from W. O. Smith of the Planters' Association, and hope that mutual benefit will result following the conference.

The following communication, together with the resolution, passed and adopted by the Japanese association were sent to the Planters' Association. The Planters' Association letter also follows:

Honolulu, T. H., Dec. 17th, 1908.

Sir:—We have the honor to address you this letter and t orespectfully request that you will kindly confer with us in relation to the wages question of the Japanese laborers in the plantations, and that you will, for that purpose, appoint the time and the place of the desired conference.

We have the honor to be, sir,

Very respectfully yours,

FRED K. MAKINO,
Chairman, Executive Committee.
M. NEGORO,
Secretary, of the Higher Wages Association.

To Hon. W. O. Smith,
Secretary Planters' Association,
Honolulu T. H.

P. S.—We beg to hand you a copy of the resolution passed by our executive committee.

RESOLUTION

Whereas, the interest of Japanese laborers and that of the planters are identical and the prosperity of one is the prosperity of the other, therefore be is resolved by the Executive Committee of the Higher Wages Association that the sugar interest of Hawaii demands that the present duty on foreign sugar be maintained;

That the tariff should not only not be reduced, but that it should be raised;

That the free admission of the Philippine sugar is detrimental to the sugar interest of Hawaii;

That the further reduction of tariff on the Cuban sugar is detrimental to the healthy development of Hawaii on the traditional American line of civilization; and

The Executive Committee further resolved that Congress in session now provide as adequate protection for other Hawaiian industries, such as steal, pineapple, tobacco, rice and coffee industries of Hawaii.

Honolulu, T. H., December 18, 1908.

Honolulu, T. H., Dec. 21st, 1908.

Mr. Fred K. Makino, P. O. Box 749, City.

Sir.—The communication dated December 19th and signed by yourself, as chairman, and M. Negoro, secretary of the Higher Wages Association, came to hand this day

The communication will in due course be submitted to the Trustees of the Hawaiian Sugar Planters' Association.

Yours truly,

(Signed) W. O. SMITH,
Secretary H. S. P. A.

BELATED SHOES HERE IMMENSE REGAL STOCK

The long-expected shipment of Regal shoes has arrived. It came on the Hilonian yesterday, and furnished work for the whole force of salesmen till late last night, unpacking for a big Christmas sale today. Manager Vickers was determined to have the mammoth stock unpacked and ready for Christmas shoppers this morning, and as a consequence, is looking tired and happy today.

Regal shoes are very popular as Christmas gifts, and the Regal Shoe Store has done a big business with their Christmas shoe certificates. Everyone is sure of a fit in the Regal quarter sizes.

MAYFLOWER

A STAR PERFORMER

MAYFLOWER

in our district, just south of us, is the famous "North Star" Mine, which has produced to date over $20,000,000.00 in gold, and which is producing now about $1,000,000.00 annually. Down to the 800-foot level the "North Star" made but little money, but, after sinking below that depth, values grew richer and ever richer. The "North Star" is mining today from the 4,200-foot level and there is no question that its gold-encrusted rock continues down to a point where the blast and the drill cannot reach.

WE HAVE THE "NORTH STAR" VEIN, AND THE DEEPEST WORKINGS OF THE "MAYFLOWER" ARE NOT DOWN MUCH MORE THAN 700 FEET. Verb. Sap. BUY "MAYFLOWER" STOCK. BUY IT NOW. Of the other veins crossing our estate the ones principally worked hitherto have been the "Mayflower" and the "Beekman" lodes. The first has returned a saving in the mill of approximately $30.00 per ton; the "Beekman," about $200.00 per ton. Rich values these, but in connection therewith let this impressive fact sorter sink into your soul: Neither the "Mayflower" nor the "Beekman" vein, nor any of our other veins have been followed down more than 700 feet, where big values always begin. BUY "MAYFLOWER" STOCK. BUY IT NOW. The uniform experience of all the great mines surrounding us has been the "North Star's" experience — values increase with depth without exception. We are going down to chase the richest of it to a stand-still. And we have eight prominent veins to sink on—not merely one—and a gold gravel channel to play with, on the side. If you want confirmation of these statements, and you are entitled to it before investing your money, call for the U. S. Government Reports. BUY "MAYFLOWER" STOCK. BUY IT NOW. "Weight not so much what men assert, but what they can prove," said an ancient wisdom merchant. He nailed it there. Proof is the thing. We have proof, full up and running over, and all ready for you, concerning every statement we make about the "MAYFLOWER" Mine. In the meantime, we recommend the Stock at 25 Cents. Buy it! The more you buy, and the quicker you buy, the happier you'll be by and by. It's your move. BUY "MAYFLOWER" STOCK. BUY IT NOW!

BEACHED SHIP REPAIRED

Looking every bit as good as when she sailed from San Francisco several months ago, which resulted in her being wrecked on a reef off San Miguel island, the German steamer Anubis, of the Kosmos line, sailed again on November 25 for Hamburg with a cargo of grain and case goods. The Anubis was repaired at a cost of nearly $100,000.

CASTLE ADDRESSES HARVARD ALUMNI

W. R. Castle, Jr., assistant dean of Harvard University, was the guest of honor at a dinner given by President Horne of the Kamehameha Schools to the alumni of Harvard. Castle made an informal address, speaking at some length of the position which the faculty had taken in regard to athletics.

"Harvard has always stood for the principle of winnig games if possible but not at any cost," said Castle. "To go in and do the best you possibly can to win by all fair means, but to go not an inch farther. General interest in othletics is what we are now working for, more games and a better chance for everybody to play."

Mr. Castle then spoke of the falling off of entries to the university from the eastern states. f He stated that this years there were eighty less freshmen than the year before. He attributated this in great part to the hard times. Harvard, Yale and Princeton all fell off while Columbia gained, which proved that New York parents who would otherwise have sent their sons to one of the above-named institutions, had sent them to Columbia so that they could live at home.

Other speakers wer: E. A. Mott-Smith, W. R. Castle Sr., Dr. Brinckerhoff, C. H. Alton, Professor Babson and D. L. Withington.

Those who were present were A. L. Castle, W. R. Castle, Sr., W. R. Castle, Jr., P. L. Horne, R. S. Horne, R. H. Hosmer, E. A. Mott-Smith, H. G. Spencer, J. W. Gilmore, C. H. Fitts, E. V. Wilcox, J. MME. STEINHEIL HELD FOR FAMOUS PARIS MURDER

[The arrest of Mme. Steinheil, whose husband was strangled to death in his home in Paris last May, has caused a tremendous sensation in France. Many exciting episodes have resulted from the efforts of the police to clear up the mystery of the artist's death, and the arrest of Mme. Steinheil followed damaging statements she had made against several other persons. The woman's name is now linked with the death of Felix Faure, President of France, in 1899. Although hushed up at the time, it is alleged now that it was common knowledge that Mme. Steinheil was with Faure at the Elysee palace when he died.]

THE FIVE TRIPS WILL BE APPORTIONED AS FOLLOWS:

District No. 1--The City and County of Honolulu
District No. 2 --The County of Hawaii
District No. 3--The County of Maui
District No 4.--The County of Kauai

THE FIFTH TRIP IS FOR THE CHAPERONE WHO IS CHOSEN BY THE LEADING CONTESTANT.

First Grand Prize

Trip to Seattle, Including Chaperone

This trip includes first-class transportation both ways, meals, and all accommodations while en route, and Hotel accommodations in San Francisco and Seattle furnished by the BULLETIN.

A FREE TRIP FOR EACH DISTRICT

There will be a free trip to Seattle given in each of the four districts above mentioned, it being one of the rules of the contest that no two winners can be residents of the same district. Each candidate, however, is entitled to receive votes from all the districts.

Four Separate and Distinct Contests Offered Now.

The leader in each of the four districts mentioned will go to Seattle. You only have to compete against the contestants in your district, but if you secure the highest individual vote over all you will have the honor of selecting the chaperone.

Free Trip to Seattle for Chaperone

In addition to winning a free trip to Seattle for herself, the most successful candidate in the four districts will be privileged to select a chaperone to accompany her to Seattle. The BULLETIN to stand the expense on the same basis as that of the contestants. The chaperone will be chosen by the candidate receiving the largest vote, irrespective of district.

Every Young Woman Is Eligible To Compete

Who lives in Honolulu City or County, or any other part of the Territory. Persons living in any district or town may vote for their favorite candidate, no matter from what district she is entered, providing the contestant is a resident of the territory included in the BULLETIN contest, using for the purpose of voting coupons obtained on subscriptions, or those clipped from the BULLETIN. Those who are already subscribers to this paper may secure votes in the contest by paying in advance as long as desired.

WHO IS YOUR FAVORITE for this TRIP at the BULLETIN'S EXPENSE? Five young women are to be sent. The young women to take this trip will be determined by popular ballot of the BULLETIN readers and friends of the contestants.

THIS IS AN OPPORTUNITY for five young women to see the Alaska-Yukon Exposition FREE OF CHARGE.. Votes are allowed as follows, when paid in advance:

"Costly thy habit as thy purse can buy,
But not expressed 'in fancy;' rich not gaudy;
For this apparel oft proclaims the man."

The Hats we are showing for Christmas are rich, and express no extreme fancy. They are such as will be selected by those who want hats of quiet style and assured quality that will be suitable and correct for most occasions. The price of these hats show a reasonable profit, and it is this REASONABLE PROFIT principle that has made the enviable reputation of

The Doctor Says:

"Drink Beer" to the weak and the convalescent. They need strength---need a food and a tonic. If it is good for them, isn't it good for you, for the same reason?

How much better than a mere "medicine" or "tonic" that nauseates you is a delicious beverage that is both a food and tonic of the highest quality?

PRIMO BEER is absolutely pure, contains the best malt, barley and hops, and has less than three per cent. alcohol in it. A glass with meals will tone you up.

H. N. LANDFORD HAS PASSED AWAY

For Forty Years He Has Been Central Maui Resident

PENSIONED BY PLANTATION FOR HIS SPLENDID SERVICE

Carpenter by Trade—Leaves a Large Family, Many of Whom Are Grandchildren

(Special to the Bulletin)

Wailuku, Maui, Dec. 22.—Henry Newell Landford, of Kahaupali, below the Maunaolu Seminary, Paia, died at 5 o'clock Monday afternoon of heart failure. Mr. Landford was born in Vermont February 19, 1830, and would have been 79 years old at his next birthday. He came here about forty years ago and has been a resident of Hamakuapoko and Paia all that period. His death removes from life an old landmark of Central Maui, for he is the oldest white resident of either Makawao or Wailuku districts, and has been in the employ of the Hamakuapoko and Paia plantations all his life in these islands. He was a carpenter by trade, but was also handy in other vocations. When the Hamakua ditch was begun some thirty-five years ago, Mr. Landford laid the lines without any technical knowledge of civil engineering, but his work has been praised by civil engineers who have gone over the line. On account of feeble health owing to his great age, Hon. H. P. Baldwin placed Dr. Landford on the pension list in recognition of his invaluable services to his plantation interests in central Maui. This deed of gratitude Mr. Landford always mentioned with deep appreciation.

Mr. Landford leaves a native wife and a daughter, Mrs. Minerva McLean, with his first wife and several grandchildren, among which are Mrs. Minerva Kalama, wife of Senator S. E. Kalama, Misses Annie and Julia Landford, Mrs. Mary Soulett, and several great grandchildren and other distant relatives to mourn their loss. His remains will be interred in the family cemetery near his home, whore were also buried his first wife and eldest daughter.

Mr. Landford had been ailing for several months, but it was not expected that he would pass away so soon, although Dr. W. F. McConkey, his family physician, was aware of the seriousness of his condition. Early yesterday morning Mr. Landford got up early as usual. About 3 o'clock in the afternoon those in the home saw him go out on the veranda. He returned to his room and laid down on his bed. Five minutes later when Mr. Kalama and others of the family entered his bedroom to ascertain his condition they found him dead, his limbs being almost cold. Mr. Landford was well known throughout central Maui and was liked by all who knew him for his gentle nature and amiable disposition.

HARMONY PROMISED IN REPUBLICAN RANKS

At an executive session of the Republican County Committee and the Republican Supervisors-elect last evening, it was agreed to have harmonious reference of all matters of public or party interests between the two bodies. The meeting last night was presided over by Chairman Crabbe, and the County Committee was represented in person and by proxy by twenty members, and all the Republican Supervisors-elect were present. No reference was made to appointments to be made under the coming administration.

WARNING TO ALL PEOPLE

"Your duty is to poison rats," says the Citizens' Health Committee, "and in this way prevent the spread of the dreaded bubonic plague."

This warning of danger from the plague epidemic must impress every citizen with the imperative necessity of destroying the rats that infest our city and are a menace to our very life.

The most reliable poison and one that is recommended by national and local authorities is Stearns' Electric Paste, which drives rats out of the house to die.

Wherever used it kills off the rats, usually in a single night. It is absolutely guaranteed to exterminate them or the money will be refunded.

Protect your home and your city with Stearns' Electric Paste.

ARMY, NAVY AND MARINE CORPS

Major General Weston has designated from January 20 to April 19, both dates inclusive, as next year's season for target practise in the Philippines.

Organizations having to pursue the target course at stations other than their own will be allowed an extension of the season to include June 30, 1909.

The division rifle and pistol competitions will be held at Fort William McKinley, Rizal, beginning May 3, 1909, in accordance with the provisions of Part VII, Small Arms Firing Regulations. Skirmish fire for Philippine Scouts in instruction and record practice will be conducted with the equipment prescribed in paragraph 7a, General Orders, No. 177, War Department, series 197, excepting that the following articles will be omitted from the blanket roll: 5 shelter-tent pins, 1 shelter-tent pole, and 1 blanket.

For this practice, and until the adoption of a new method of carrying the Scout equipment, the blanket roll will be carried in the manner prescribed in the Infantry Drill Regulations and not as directed in General Orders No. 20, Headquarters Philippines Division, Series 1907.

General Grant has reported to the War Department that the bakers' and cooks' schools at the Washington barracks have continued successfully under the supervision of Captain F. J. Koester of the subsistence department. "Through them," says General Grant, "this department is rapidly being supplied with trained bakers and cooks who are capable of preparing the army ration properly and of giving the maximum amount of nourishment and satisfaction. Good health, contentment and greater efficiency among the soldiers have consequently resulted. The courses in these schools are very complete, covering the preparation of the army ration, the baking of all kinds of bread used both in garrison and in the field, besides fancy breads and pastries, and a practical course, including the proper method of the cooking of every article of food used in the Army.

The following transfers in the Philippines have been ordered consequent upon the abandonment of Boac as a military post:

First Lieut. Frederic E. Jenkins, Medical Reserve Corps, now at Boac, will be relieved from duty and will, after final disposition of all property for which he is accountable, proceed to Camp Gregg, Pangasinan, reporting upon arrival to the commanding officer for duty.

Captain Louis Brechemin Jr., Medical Corps, now on temporary duty at Camp Gregg, will, upon arrival of First Lieut. Jenkins at that station, proceed to Fort William McKinley, Rizal, for permanent station, reporting upon arrival to the commending officer for duty.

The authorities of the War Department have decided that the law prohibiting military bands from taking outside employment in competition with civilian bands applies not only to the band as an organization, but to the individual members thereof as well. In explanation of the action of the Department it is stated that the members of Army bands have been recently granted a substantial increase of pay in consideration of the outside patronage, of which they were deprived by the restrictive legislation relating to outside employment.

Importance of lessening the baggage carried by the enlisted men of the Army is forcefully set out in various reports of the department commanders to the Secretary of War. Various articles now carried by the soldier, it is suggested, might be very profitably dropped to the end of lightening his burden without sacrificing anything absolutely necessary for his comfort and convenience.

HOUSEHOLD HINTS

SUGGESTIONS FOR THE HOUSEWIFE

Radishes fried with beefsteak have a flavor not unlike mushrooms. They should be sliced.

Burning oil is spread by water. To extinguish it throw down flour, sand, or earth. The idea is to prevent the oil spreading.

Fried chicken with cream sauce and corn fritters is an old dish, but one that too seldom finds a substantial place in the home.

A faint scent of violets is imparted to handkerchiefs by adding a small piece of orris root to the water in which they are boiled.

Finger marks on doors can easily be rubbed off with a piece of clean flannel dipped in paraffin. Afterward wipe over with a clean cloth wrung out of the hot water to take away the smell.

To soften hard water, put one ounce of quicklime into four gallons and a half of water. Stir it thoroughly and allow it to settle. Then pour off the clear solution, which will be enough to add to four barrels of hard water.

Fruit, vegetable, coffee, and tea stains may be removed from white goods as follows: Heap salt on the spot, rub hard, then rinse in hot water in which a good amount of borax has been dissolved and the stain will disappear immediately.

Obstinate grease spots can be removed by placing them in benzine, placing them on a double pad of blotting paper, and, after laying another pad of the same over the top, pressing with a moderately hot iron.

All bar soap for household purposes should be kept for a few weeks before being used. It should be placed in the sun and air as much as possible, when it will last twice as long as if used at once. This applies equally to cake soap for toilet purposes.

To save expense when using a gas stove have a piece of sheet iron large enough to cover the top of the stove and turn on only one burner. The heat will be diffused enough to cook a whole dinner. This also solves the problem of keeping things hot on a gas stove.

If the vessel in which the clothes are washed, steeped, or boiled becomes rusty at the bottom, spots of rust are apt to form on the garments. This may be prevented by cutting out a round of unbleached linen to exactly fit the boiler or pot, and laying this at the bottom before putting in the clothes. The requisite shape may be obtained by drawing a round by means of the covers, an inch all round being allowed for the hem.

MANY WOMEN WALK TOO FAST FOR GRACE

Nearly every woman walks far too rapidly for anything like grace to enter into her movements.

Tall women, for some reason, walk more slowly than little ones. Their elbows, shoulders, and hips move side to side with every movement of their feet.

If you want to be graceful, don't look at your feet, but hold your head well up in the air.

Don't shuffle. A little thoughtfulness and practice in high stepping will soon break you of this ugly habit.

Don't bend your back at the waist, under the impression that you are thereby walking erectly. It throws the stomach forward and is almost as inimical to grace as round shoulders.

Finally, don't allow yourself to walk "pigeon-toed"—that is, with the toes turned in or straight. You can never be graceful in movement while you do.

It is always hard to tell what to do with the hands. The natural way, to have them hanging at the sides, or loosely clasped in front, is not beautiful.

To have them glued to the sides as far as the waist line, and then bent in at the elbow, is not only awkward in itself, but elevates the shoulders in the most unlovely way. Therefore, most women try to obviate the difficulty by carrying something.

HAND-SEWED LACE HAS PREFERENCE

It may take more time to put lace on by hand instead of by machine, but one will find that it is time well spent.

No matter how inexpensive or how costly the lace edging on undergarments or dresses may be, if put on by hand, the lace is held toward you, and so "fulled" a little.

This will allow for shrinkage in the laundering and will in that way add length of life to the lace.

Be it ever so carefully stitched the lace will draw a little and so will soon begin to show wear.

Border dresses are stunning made up with the peplum overdress.

Santa Claus should not overlook Malle perfume. Benson, Smith & Co., Ltd.

The Secret

PURE, PREPARED PAINT

looks as fresh and new as ever when other, cheaper, and less pure, paints are old and faded and wrinkled.

Hump Wins Victory In Six-Day Contest

NEW YORK, N. Y., Dec. 12.—That famous old humpbacked jump, that made big Floyd MacFarland one of the greatest sprinters that ever whirled down a stretch, won for himself and Jimmy Moran at Madison Square Garden tonight, the best and fastest six-day bicycle race ever raced.

By the margin of half a wheel's breadth he beat Walter Rutt, the champion of last year, across the broad black line that marked the end of 142 hours' ceaseless work.

Lapped on Rutt's rear wheel was Walter Demara, the San Francisco boy, whose wonderful dash into the six-day game was the marvel of the race.

Finish Very Close

They finished so close that the proverbial blanket could have covered all three, and it was only Big Mac's great jump that won for him; that jump that means an added sprint at a moment when the rider is sprinting at a pace that it seems impossible to improve upon.

They started off slowly when the riders of the five vanquished teams had been called o ffthe track, and a pistol shot sent them on the important ten-lap journey.

The big German took the lead. At his wheel, not more than six inches off, rode Lanky Floyd, and back of the Californian, less than a foot, was Demara. For six laps they kept in just those positions, with the crowd so silent and tense that the yells of the trainers calling off the laps awoke echoes in the garden.

On the seventh lap Rutt bent until his head seemed almost to touch his handle-bars and shot out with automobile speed. But not an inch did he gain. The same half-foot separated his rear wheel from MacFarland's, and Mac's from the little San Francisco lad.

Spurt on Death Curve

At dashing speed they whirled off the eighth lap and the ninth and three-quarters of the tenth, and then, on the high bank of the famous death curve, only twenty-six yards away from the finish, the big broad back of MacFarland, arched like that of an angry cat, swayed from side to side. His head went down, and his legs took on the speed of an automobile piston. Forty yards from the finish he was shoulder to shoulder with Rutt, 30 yards away, and he was still on even terms, 20 yards from the tape. It looked as though a dead heat would be the best he could do. But then the final jump, the thing that seemed impossible; it was only a little more speed, only a supreme effort for a second, but it was there, and the big fellow whirled over the line a winner.

A few yards more and Rutt would have been forced into third place, for Demara was sticking close to MacFarland and was almost abreast of him.

A patriotic roar that lasted five minutes greeted the lanky victor and the band struck up Yankee Doodle.

Demara Gets Roses

As MacFarland went to dismount he was seized by his partner, Moran, and an ecstatic swarm of trainers, and literally lifted off his wheel. Demara, finishing third in his first big race, was hailed with scarcely less enthusiasm. Some one, his fiancee, the romantic spectators insisted, flung him a big bunch of roses which he carried around for a lap on his bars.

While the band played national anthems each of the three riders, now joined by his partner, rode an exhibition lap and the big show was over.

MacFarland and Moran, the winners, will receive a prize of $1500 in addition to bonuses, and Rutt and Stol get $1000 and Demara and Hill $700.

At the finish the score stood: MacFarland-Moran, 2737.1; Rutt-Stol, 2737.1; Hill-Demara, 2737.1; Walthour-Root, 2737.0; Collins-Mitten, 2736.9; Galvin-Wiley, 2736.8; Anderson-Vanoni, 2736.4; Palmer-Drobach, 2723.4.

Previous record, 2733.4.

Horsemen Start For Hawaiian City

When the Mauna Kea pulled away from her dock yesterday noon and started on her way, she had on board a goodly representation of horsemen headed for Hilo to witness the races which will be held there on January 1 and 2.

Despite the fact that the Mauna Kea will make no special New Year's excursion to Hilo, it looks as though Honolulu will be well represented on Hawaii at the time of the meet. During the past two weeks many horsemen have migrated, and the next trip of the Mauna Kea will doubtless see many more booked.

Reports from Hilo, regarding the progress of the arrangements for the meet, are decidedly encouraging, and it looks as though the coming event might constitute the most successful racing meet in the history of the Islands.

\# \# \#

There won't be much of a team to meet the Reach All-Americans when they return here, unless folks get out and get busy. There has been a little desultory talk, so far, but that is about all that has been accomplished and there seems to be mightly little hope of anything much stirring just yet.

Those Sea Wrens will be coming along pretty soon now, and then there will be room for a goodly bunch on entertainment in the boat racing line. If the Wrens do all that reports promise for them, they will probably prove about the most popular litt'e craft that have ever been seen here.

Republican reformers in House of Representatives plan to amend rules.

CHRISTMAS SOCCER LOOKS PROMISING

HIGH TEAMS WILL WRESTLE FOR SUPREMACY ON FIELD

Mailes and Y. M. C. A. Will Test Strength—Punahou Eleven Greatly Strengthened, Promises To Be Much in Evidences—May Result in Draw

Christmas Day will see the most interesting game of the soccer series. The Mailes and Y. M. C. A., who are tied for first place, will meet and endeavor to settle the question of supremacy. Incidentally the Punahous and Diamond Heads will again try conclusions.

Each of the teams in the league has played four games. The Maile, Y. M. C. A., and Diamond Head elevens have each won two of the games. The Y. M. C. A. and the Mailes have each suffered one defeat and played one tie game; the Diamond Heads have been defeated twice. At the bottom of the list comes in the Punahou aggregation without a single victory, but with two drawn games to its credit.

The Punahous have been strengthening their team wonderfully of late and the showing which they have made against the high percentage elevens lends color to the belief that they will have to be counted in at the finish. If they should win tomorrow and again on New Year's Day, they will upset things to a considerable extent and force some additional play to determine the final standing of the teams.

It is said that the Punahou bunch is now considerably stronger than it was last Saturday, and as it held down the Mailes to a 1-1 score then, the outlook is most promising.

The Mailes and Y. M. C. A. have not met since December 5. Their respective showings against the other two teams in the league have been so varied that one can hardly base any opinion concerning the outcome on them.

Chicago, Dec. 7.—"Giant Jeff" Overall went to work as a cattle sorter for Van Norman, Lawlor & Co. in the stock yards this morning, and tomorrow another of the star pitchers of the two time world's champion Cubs will have taken the first step in the path that is labeled "beef baron" if you succeed. Mordecai Brown will began at the Hammond packing company plant tomorrow morning.

NOTED SOCIETY SPORTSMAN AND WIFE, WHO SUES FOR SEPARATIOM

[Mrs. Foxhall Keene, wife of the famous society sportsman, champion polo player, and automobilist, has applied in the courts at Mineola, N. Y., for a legal separation. The Keenes were married on Dec. 10, 1892. Mrs. Keene was then the widow of Frank W. White, a son of Loomis White, a banker. She had one son. She is a daughter of Colonel Frederick N. Lawrence, a former president of the New York Stock Exchange. Both Mr. and Mrs. Keene are well-known figures in society and are very wealthy. Incompatibility is given as the cause of the domestic breach.]
