VOL. X. NO. 3984

HONOLULU, TERRITORY OF HAWAII, THURSDAY, APRIL 23, 1908

PRICE 5 CENTS

SENATE STRUGGLES FOR FOUR BATTLESHIPS OUR CLIMATE "GREATEST UNDER THE CANOPY," SAYS MR. HILAND

PACIFIC MUTUAL TO WATERHOUSE TRUST C. J. HUTCHINS TO LEAVE HONOLULU

Clinton J. Hutchins is to leave Honolulu and make his permanent home near San Francisco. Mr. Hutchins in leaving has resigned his agency of the Pacific Mutual Life Insurance Company and that agency has been transferred to the insurance department of the Henry Waterhouse Trust Company, of which John Farwell is manager. The intention of Mr. Hutchins to leave the islands has been known to his intimates for some time, and it came to general public attention this morning when Mr. Hutchins' resignation as a Commissioner of Public Instruction was presented to the Governor.

and visiting the Coast. "I don't know what I shall do. I have several matters under consideration and the Pacific Mutual people have told me that they may want me, but it all depends on whether the openings are near my new home. I am going to make my home and have my business at my headquarters. Yes, of course, I am sorry to leave the islands, but my family has first call. I have resigned from most everything I have been connected with locally except my business connections outside the insurance agency." Mr. Hutchins has been in the islands long enough to be classed as a kamaaina. Although his principal business has been insurance in general and the Pacific Mutual in particular, he has been associated with many business enterprises. He is in the Hawaii Development Company, and is particularly interested in the reorganized and progressive Wireless Telegraph Company. He has many friends here who will much regret his departure. Hutchins was one of the main promoters of the Oahu Country Club and an enthusiastic charter member of the Commercial Club of Honolulu. He is a Democrat but not now working at politics.

Japanese Immigration Will Continue As Now

"The Japanese immigrants will keep coming to Hawaii, provided they have relatives here," said K. Abe, the new Japanese Vice Consul for Hawaii, who arrived on the Haeu Korea this morning. "It is correct that the newspapers have intimated that the emigration of Japanese to Hawaii has been prohibited, but so far as I know there is nothing in the report. There has been no change in the policy of the Japanese emigration to Hawaii. Those who have no relatives or business connections here, of course, cannot come; but those who have such, may come. The Japanese Government is very strict now in granting permits to those who want to come here. Unless a satisfactory showing is made by the emigrants who desired to come here, the Government will not grant permits. By this policy the volume of emigration of Japanese to Hawaii is very small."

Mr. Abe speaks English fluently and is quite a young man, being only 27 years of age. (Continued on Page 6.)

Hiland Enthuses On Hawaii

Vice President J. H. Hiland of the Chicago, Milwaukee and St. Paul Railway system, his son, and General Passenger Agent Miller are passengers on the Korea returning to the mainland after a trip through the Orient. Mr. Hiland passed through the city some months ago and stated that he expected to stop over on his return. His business detained him, however, longer in the Orient than he had anticipated and he says he will have to put off his stay in Honolulu till another year. "I tell you what it is," said Mr. Hiland to a Bulletin man this morning, "I have been in the islands long enough to be classed as a kamaaina. Although his principal business has been insurance in general and the Pacific Mutual in particular, he has been associated with many business enterprises. He is in the Hawaii Development Company, and is particularly interested in the reorganized and progressive Wireless Telegraph Company. He has many friends here who will much regret his departure. Hutchins was one of the main promoters of the Oahu Country Club and an enthusiastic charter member of the Commercial Club of Honolulu. He is a Democrat but not now working at politics."

PINE COLONY MAY BE FORMED

Kaneohe Lands Are Still Under Consideration; Nothing Definite

There is a chance that a Pineapple Association will be formed to take over the homestead lands now held in Kaneohe by J. B. Castle under a lease from the Government. This lease does not expire until 1913, and Mr. Castle does not wish to surrender it. (Continued on Page 4.)

GARTLEY TO SHIP ELECTRIC PLANT

Kekaha Plantation To Utilize Water Power

The Hawaiian Electric Company are installing for the Kekaha Sugar Company a hydro-electric plant to take water from the new ditch which drops through Waiawa and descends 275 feet to a ditch below and is then used to irrigate the fields at Mana.

There will be from 15,000,000 to 25,000,000 gallons of water per day. They propose to generate 600 kilowatts of electricity and the power will be transmitted back to three pumping stations. In stations No. 1 and No. 2 there will be installed two centrifugal pumps, each attached to 150 H. P. motor and having a capacity of from 1,600,000 to 1,500,000 gallons per 24 hours at a head of 200 to 375 feet.

At station No. 3 there will be installed two centrifugal pumps, each connected to a 200 H. P. motor. These pumps will have a capacity of from 2,000,000 to 3,000,000 gallons of water every 24 hours at an elevation of 200 to 375 feet.

Mr. Gartley, on his trip East, will look after the shipment of the apparatus for this new installation and it is expected that all of the material will be on the ground not later than July 1st and that the plant will be in complete operation in August.

The Kekaha Sugar Company contemplate planting some 600 acres of pine. (Continued on Page 4.)

CASE OF MILLS IS CONTINUED

3 P. M.—The hearing of the Past-Due Mills habeas corpus matter came up before Judge Lindsay this afternoon. Judge Quarles appearing for Mills, while County Attorney Cathcart and his deputy, Fred Milverton, appeared for Sheriff Iaukea. Milverton stated that his department had not had the time to make a return to the writ, and for this reason he asked that a continuance be granted until tomorrow at 2 p. m. This was granted as was also a motion by Judge Quarles that Mills be released in the meantime on his own recognizance. As he left the room Mills announced in a loud voice that he was going home.

Mrs. C. B. Damon Dead

News was received today of the death of Mrs. Cornelia Beckwith Damon, who died this morning at 77-bany, New York, at the home of her son, Maurice Damon after a lingering illness. Mrs. Damon was formerly a resident of the islands, and leaves a large number of friends and relatives here.

The deceased left Hawaii for the mainland about two and a half years ago and remained away ever since. She leaves two daughters and three sons, two of whom are married. The names of her children are Ethel M., Julia M., Fred B., William F., and Maurice S. Damon. One brother, Maurice G. Beckwith, survives her. He is now in the East.

It is probable that the remains will be brought here for burial.

MILLS LANGUISHERS IN STATION CELL

Habeas Corpus Case To Be Heard This Afternoon

Harry T. East-Due Mills is going to fight the case of contempt on which he was fined \$10 by Judge Andrade last Monday. Yesterday the Judge offered him the choice between paying the fine and going into custody. Having found that the appeal taken by Mills did not lie, Mills did not dig up, and as a consequence he was taken into custody by the police, and spent last night in one of the cells.

The best part of today Mills spent pacing up and down the corridor outside his cell, being allowed great latitude by the Sheriff, but he was also busy directing the defense which he intends to put up by means of a petition for a writ of habeas corpus. He declined to admit a Bulletin representative to his new apartments, but his attorney, Judge Quarles showed all possible courtesy. At about 11 o'clock Judge Quarles appeared with the petition for a writ, and Mills immediately telephoned for his attorney. (Continued on Page 3.)

PYLES FIGHTS FOR FOUR BATTLESHIPS

WASHINGTON, D. C., April 23.—Senator Pyles has offered an amendment to the Naval Appropriation bill to provide for the construction of four battleships as asked by the President.

GREAT SHIPS FOR RUSSIA LONDON, England, April 23.—It is reported here that Russia has ordered the construction of five warships each larger than the British Dreadnought.

Boycott Is Complete

SYDNEY, Australia, April 23.—The Chinese boycott of Japanese goods in this city and vicinity is almost complete.

MYSTERY OF EXPLOSION

OAKLAND, Calif., April 23.—The explosion at Supervisor Gallagher's residence is still an unsolved mystery.

JAPAN TO RECEIVE THE FLEET ROYALLY

Bishop Harris Says That
Prospect Causes
Much Joy

Bishop Merriman Colbert Harris of Tokyo, Japan, Methodist Missionary Bishop for Japan and Korea, was an arrival on board the Korea this morning, and expects to go out on her again this afternoon. He was kept busy in the forenoon, and spoke twice while here. When seen this morning, the Bishop talked freely of Japan, with which nation he has become thoroughly acquainted through long residence. Among other things, he outlined elaborate plans which the Japanese are forming for the entertainment of the Fleet upon its arrival in Japan, at the port of Yokohama.

"Public feeling in Japan is all very quiet," he said. "There is a feeling that the matter of immigration is settled, and the people regard the whole thing kindly. The whole nation is rejoicing in fact.

"And it is rejoicing over the prospective visit of the American Fleet to Japanese waters. The Japanese are very friendly, and want to take this opportunity of showing their friendship. Plans were in outline, so far as I know, and I cannot furnish details, but the preparations are elaborate. Among other things, the Emperor will give an audience to the officers, and a dinner. The citizens at Tokyo are planning things on their own account, and will furnish another reception.

"The Fleet will make the port of Yokohama first, and may not touch at any other Japanese port, though it may possibly touch at Kobe. The official receptions and entertainments will be at Yokohama and Tokyo. The ships will stay at Japan for a week altogether.

"There is at present great interest felt in Japan over the coming elections in June."

Besides outlining the above, the Bishop spoke enthusiastically of the church work in Japan and the Orient. "Christianity is now prospering," he said. "The year 1907 was the greatest year in the history of Christianity. There were 10,000 Protestant baptisms during that period. The three Methodist churches have been consolidated in Japan."

The Bishop has been a resident of that country since 1873.

At 11 o'clock this morning he spoke to the Koreans at the school on Punchbowl street. At 2 o'clock he spoke at the Methodist Church. He was invited to address the Japanese River Street Methodist Church on "Conditions in the Orient," should the steamer remain over-night, but as the boat goes out at five this engagement was cancelled.

In the party with him are Mrs. M. J. Edmunds, superintendent of nurses in the training school at Seoul, Korea; Mrs. Gillette, mother of the Y. M. C. A. secretary, P. Gillette, of Seoul; Rev. Mr. McCutcheon, of the Southern Presbyterian Mission, Korea; Mrs. Jankin and children and Miss Moreland of the same mission; Rev. Mr. Johnson and wife of Sapporo, Japan; Rev. Mr. Murphy and wife, from Nagoya; and Dr. and Mrs. Hamill, of the International Sunday School work.

MARSHAL HENDRY RECEIVES MONEY

Gets Letter Notifying
Him Of Credit Of
\$9700

United States Marshal Hendry has at last got his money. That is, he has got the money which he will pass out to other people. This morning he received a letter from The Bank of Hawaii to the effect that the Treasury Department at Washington had cabled them to place the sum of \$9,750 to his credit.

The cable was as follows: "Antelope judicial warrant fifty two thousand nine hundred and seventy five dollars." Moline, Assistant Treasurer U. S.

The island of Marshal Hendry is much relieved because of the arrival of the money. There are a number of old Hawaiians to whom money is due and they could not understand why it was not forthcoming long ago. They think that the United States is a very rich nation, and should therefore have no trouble in paying out money. They did not realize all the phases of the case, how the Marshal's bond had to be approved, how many people had to sign it, and what a lot of red tape there is to the whole business.

Anyway, the Marshal says that he is much happier now that he has the money to pay these people.

TAMARINDS

A gentleman took a jar of tamarinds to Manila. On his return he said: "Tamarinds are the finest medicine I ever took on a voyage. The value of tamarinds as a remedy for seasickness is not generally known. In countries where tamarinds do not grow the druggists sell them as medicine for seasickness, and it costs about 25 cents for three loaves. Here in Hawaii they grow in splendid perfection, and can be obtained for 25 cents a pound jar. A spoonful dropped into a glass of water, allowed to stand for a few seconds and then stirred, is the finest liver medicine and stomachic regulator. If this were generally known travelers would never leave these islands without a jar of tamarinds.

MILLS LANGUISHES

(Continued from Page 1)
a number of notaries. Notaries Bursette and Ferreira were the first to each the station, but the job was given to the latter, he having beaten Burnett by a neck. Judges Quarles then took the petition before Judge Lindsay, who issued orders to have Mills appear before him at 2 o'clock his afternoon, when the battle will be fought.

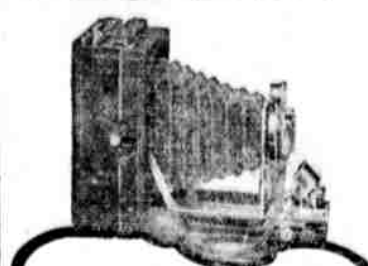

Mills in his petition sets forth that he is unlawfully imprisoned by Sheriff Laukae by virtue of a so-called mittimus issued by Judge Andrade. He goes on to give an account of the scramble which caused his imprisonment, in part, that he was addressing the Court when he was accused of opposing counsel of having assaulted him, and that this attorney then maliciously assaulted, struck and grappled with this petitioner, and without fault and provocation on the part of the petitioner; that petitioner then and there assumed an attitude of defense, but did not return or retaliate the assault, but, on the contrary, deported himself strictly on the defensive in the endeavor to ward off the attack—and to defend himself from injury, and at all times demeaned himself with due respect to the Court,—that the attack was continued for a considerable period of time, during which the petitioner made no attack, but conducted himself purely upon the defensive.

Mills goes on to show that, with the exception of an entry on the minutes to the effect that Mills had been assaulted and had tussled with his opponent, and had been fined \$10 for contempt, no judgment has been entered against him. That a mittimus was then issued, which, so he is informed, mentioned no acts on his part showing that he had been guilty of contempt. Mills then noted an appeal, but the clerk refused to accept the costs, and the appeal was not certified. Later on, it is stated, Judge Andrade withdrew the mittimus, which was probably destroyed, and another purported mittimus was issued, on which Mills believes he is now being held.

The petition alleges that this mittimus is void because it is not supported by any judgment, because it does not allege facts sufficient to constitute contempt, or that Mills was acting otherwise than in the legitimate and necessary defense of his person.

He asks that the Sheriff be required to produce him before the Court and that it inquire into the legality of his detention.

Jacob Rosenberg, on trial on a charge of receiving stolen goods, pleaded not guilty this morning, and his case was set for trial to follow the other case against him, which is set for May 4. The other arrangements were continued.

THURSDAY APRIL 23, 1908

Harry T. Mills has joined the force of mariners. He apparently goes to jail to work out a principle.

Should Cooper drop out of the list of Mayorality candidates, it will leave Jolly Jack Lucas with a clear field. Yes?

Prohibition of the liquor traffic has never been anything but a peculiar form of local option, and a mighty poor one at that.

We trust that the Japanese immigration matter is indeed settled. A new rumor every three months does not help either Japan or America.

There is no cause to argue the superior advantage of a regiment of cavalry on the Lelehu lands. The campaign to turn these lands back to the Territory has gone glimmering.

President Roosevelt is ready to take all the responsibility for the large naval appropriation needed for four battleships. Congress should gain wisdom and vote him the privilege.

Beet-sugar people have won their fight against Hawaii. Presumably they will reward the enemies of the Territory in this city who assisted their effort to discredit European immigrants.

What the Republican party most needs is work in the precincts in order that desirable candidates may be given proper support. The party has never lacked for a strong numerical force of candidates.

If the business interests of Hawaii were honestly in favor of the European immigration amendment, the record is very clear on who, in Hawaii, rendered assistance to the beet-sugar men who beat the amendment.

No one has yet arisen with a good reason why Hawaii's delegates to the National Republican Convention should not support Taft for President. Taft is in the "big-American" class, and big Americans are the salvation of the country in the Pacific.

Just what value Prohibition has to Hawaii except as a bludgeon in the hands of a few individuals is not apparent. Not one per cent of the population of the Islands want Prohibition, and half of that one per cent, don't know what they are talking about.

L. L. McCandless says that the pineapple industry will soon outstrip sugar in importance to Hawaii. This will be true if the protective tariff is not changed. And thus is an opportunity presented the Democrats of declaring against tariff revision and not repeating the error of the revisional plank in the Republican platform.

JAPANESE AND AMERICA'S POLICY IN THE ORIENT.

The American policy in the Orient and the meaning of the tour of the Fleet to these waters is treated to a new explanation every day. Our Government says little or nothing. The people of our own and of other nations furnish the variety of reasons for what the Government is doing.

These explanations and opinions are deeply interesting as they evidence the impression our policies are creating abroad. And in consequence of Japan being credited by practically all Europe as the center of all the trouble, the viewpoint of Japan's molders of opinion is particularly watched.

In this connection the Japan Gazette publishes an editorial on the present "military expansion" of America, which is a well-tempered statement of fact with reasonable conclusions. The Gazette, after noting the increased appropriations for war purposes passed by Congress, says:

"Similarly, to all appearance, the United States desires nothing but a peaceful foreign policy and a legitimate expansion of commerce by

means of ordinary commercial transactions. But in order that such transactions may be undertaken securely or, in other words, that the recognized rules for fair treatment of those engaged in those transactions may be susceptible of enforcement, it is necessary that it be able to impose those rules if they be defied. This is the explanation of increased armaments all the world over. The various nations are unfortunately not at the same stage of development. If they were, it may be freely asserted that all would agree upon a foreign policy which would preclude the necessity of the reservation of a gigantic military "gold reserve." But it happens that nations, as communities and individuals, advance in "echelon" or one in advance or in the rear of the other, so that the obligation is laid upon the strongest morally, to make provision against the possible attacks of the weakest.

"It is probably to the credit of Mr. Theodore Roosevelt that the United States has somewhat tardily realized this obligation. The fact is apparently the explanation and the justification of the rather dramatic cruise of the great U. S. Atlantic Fleet around through the Straits of Magellan to the Pacific and its forthcoming cruise through the Pacific to Japan, Manila and Australia, thence (some of it) homewards. Hence, too, we obtain an explanation and justification of this increased military vote and the news that special legislation empowers an increase in the number of American sailors to be recruited, in addition to the recurrent information as to the new defence

Kilauea Volcano

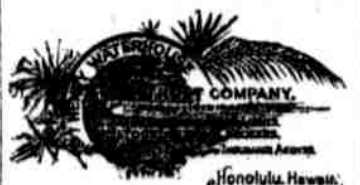

"It was the grandest spectacle on earth." "The fire was thrown within twenty feet of the top of the pit, and the floor was covered with running streams of lava." "I would not have missed the sight for any consideration."

These were the remarks made by visitors returning from the Volcano last week.

Don't wait for the activity to cease; book now while the show is on.

works being authorized on American coasts in various directions and the supply of defensive material to Manila and other points.

"America is thereby merely strengthening its military 'gold reserve' for the preservation of peace and the due execution of internationally recognized commercial rules. "There are always black sheep in every flock—in America as well as other nations—who might, unless kept in line by the fear of consequences, lead their fellows astray. It is for the benefit of such inevitable outlaws that this American 'gold reserve' of military strength is apparently being maintained. The various foreign Governments in themselves do not require the up-setting of any such system of 'watch-dogs,' but they all recognize the existence in their midst of elements which may be caused by greed or ignorance at any time to transcend proper national limits, so that all are reluctantly bound to uphold this expensive international police system.

"The points to be observed are that Western nations (and Japan so far as known) recognize the obligation of certain international rules of fair intercourse. These are roughly formulated in various international treaties and agreements. But occasionally national exigencies of need, as against weakness, cause the obscuring of national realization of such international obligations. In those cases, frequently, the most broad-minded Government has been forced to give way before a short-sighted popular or sectional military view, with the result that the world's peace has been disastrously broken.

"We deem the present American military attitude to be a warning to all foreign States, in which the United States has a commercial interest, against any attempt to violate the recognized rules of the great international game.

"Such an attitude cannot be justly construed as a threat. "It is informed by the policy perforce pursued by all Powers having great interests to protect and should be recognized as the only guarantee of international faith and confidence in the necessity of preserving world-peace, even by extreme means if necessary."

REES ASSUMES HIS COMMAND FORMALLY

"Captain Rees, I congratulate you on having fallen on a splendid command—this naval station," said Rear Admiral Samuel W. Very, U. S. N., at the lowering of his flag and the raising of the pennant of the new commandant at the naval station today noon.

The ceremony, conducted exactly at high noon, went off with military precision and suitable red tape. Captain Rees is now bona fide commandant; Admiral Very leaves on the Korea for the States, retired.

The Royal Hawaiian Band was present, and played "Aloha Oe" as the salute-gun boomed and the Admiral's flag dropped at the conclusion of the salute—13 guns. Then the band broke into the rattling air of "Dixie" as Rees' blue pennant went aloft, concluding with "The Star-Spangled Banner."

Admiral Very, after the salute, shook hands with his staff, consisting of Lieutenant Commander J. E. Carter, U. S. N., Past Assistant Surgeon Dr. C. G. Smith, U. S. N., Assistant Paymaster B. H. Brooks, U. S. N., Pay Clerk Thos. Dunn, Boat-swain P. J. Kenny and Lieutenant W. G. Fay, U. S. M. C.

Lieutenant Commander Carter was in charge of the salute. British Consul Ralph G. E. Forster was present and shook hands with Admiral Very.

From the naval station Admiral Very, accompanied by Captain Rees, drove out in his carriage. Marines, in charge of Lieut. W. G. Fay, were stationed on Ena gate with the Hawaiian band.

GARTLEY TO SHIP

(Continued from Page 1)
land to be used under this water. This is very excellent land and the yield should be very large, and, while the Kekaha Sugar Company have but a short time before their lease expires, two years' operation should be sufficient to pay for this installation, especially if the present high price of sugar maintains.

The water wheel is being built by the Pelton Water Wheel Company of San Francisco; all of the electric machinery will be built by the Westinghouse Electric & Manufacturing Company; the centrifugal pumps by the Byron Jackson Company of California; the Honolulu Iron Works Company have contracts for all the pipe line and pipe connections, and the Hawaiian Electric Company have the contract for all of this machinery and the complete installation and erection of the plant.

PINE COLONY

(Continued from Page 1)
render it, it is said, unless the proposition of letting it out for pineapple purposes, rests in the main with Mr. Van Dine and associates. The tract under consideration is 284 acres in the Halekolu district.

However, Mr. Van Dine says that he does not wish to enter into any proposition which may bind him too closely, and Acting Governor Mott-Smith this morning stated that there also was a possibility of the lands being disposed of under the new conditional sales proposition. Among those who are supposed to be associates of Mr. Van Dine in this matter is Jack Bergstrom.

Nothing definite whatsoever has been done about the lands although the Acting Governor and the lessees of the land are trying to work out a solution. There will be a conference between J. B. Castle and Governor Mott-Smith tomorrow morning at 10 o'clock.

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Fergie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ills so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Mackall Recital

Owing to the fact that the first performance of the "Mascou" has been set for April 30, Mrs. Mackall has most considerably changed the date of her recital which had been announced for April 30 to Tuesday evening, the 28th. This change is made from no personal desire or Mrs. Mackall's part but because of the fact that many people have tickets for both the first performance of the opera and the song recital.

The recital will therefore occur at the Alexander Young Hotel ball room Tuesday evening, April 28, 1908.

The Truth About Kidney Trouble

(SEDIMENT)

Sediment that can be seen with the unaided eye is not usually an evidence of a serious disease of the kidneys. Neither is a smoky appearance of the urine. Both of these symptoms are often found in people who are otherwise well, and they commonly disappear with the exciting cause if the patient, within a week or two of its discovery will diet, avoid colds and live carefully.

There are times in the lives of nearly all of us in which these symptoms have appeared and disappeared.

If, however, they persist it should be given thoughtful consideration in view of the declarations of medical writers that about the sixth month inflammation of the kidneys becomes chronic and is then incurable. The best remedy having no treatment that will allay inflammation of the kidneys, physicians prescribe a diet, and possibly an eliminant, and if early enough it is quite likely to be effective. But the new discovery, Fulton's Renal Compound, the success of which is due to the fact that it is the first thing that allays kidney inflammation, is effective to aid nature to throw off the inflammation in about 87 per cent of the cases in all stages.

As inflammation more readily yields the first few weeks of the formative period it is good judgment not to delay. If it has been unconsciously developing for some time and is in the chronic stage, there is nothing that will help at all except Fulton's Renal Compound, and even then the recovery will be slow.

Literature mailed free.

HILAND ENTHUSES

(Continued from Page 1)

noon. "There are four people with me who intend to come here next year if they can get the money to pay their way.

"What you people need here is a steamship to make a trip to the islands from the Coast each week and bring the people down here to the most magnificent climate under the canopy. I tell you I mean that, about the climate, and I am going to advocate the steamship matter when I get home.

"There is another thing. I asked the people out here at the hotel what they would charge me for a season, next year. The rate was so reasonable that anyone should be able to pay it. If they are not able to pay it, they have not enough money to travel and ought to stay at home. Don't do as they do in some of the tourist towns of the Coast, size a man up and try to take all his money except just enough for him to get home. You certainly are not doing it now.

"This is a beautiful city and I am going to come back. It is indeed the most beautiful climate under the canopy."

Mr. Hiland and his associates have been to the Orient making arrangements for business connections in preparation for the time when the Chicago and Milwaukee line gets through to Seattle. Mr. Hiland had been very busy but could not give out the details of the arrangements that had been made. His line will have steamship connections to the Orient, but Hawaii is not figured in them except as Mr. Hiland may interest himself in his own proposal that Honolulu should have passenger ships coming in every week from the Coast.

There is no doubt of his enthusiasm for Hawaii.

JAPANESE IMMIGRATION

(Continued from Page 1)

23 years old. He graduated with honors from the Higher Commercial School of Tokio and was subsequently appointed Vice Consul to Hawaii. He comes here with his wife, child and a servant. Consul and Madams Saito were at the wharf to meet him. The staff of the Japanese Consulate was also there and attended to the wants of the new arrivals.

Mr. and Mrs. Abe will in a few days look about for a home, where they intend to go housekeeping. The Japanese Consulate is pretty well filled up by the secretaries of the Consulate, and, according to Consul General Saito, there is no commodious apartment for the new Vice Consul.

Mr. Abe, accompanied by Consul General Saito, will present his credentials to Acting Governor Motz-Smith, probably tomorrow on Saturday morning.

Hahn Looks For Weak Points

The coast line of Oahu, its weak and its strong points, are being made the subject of a minute study by Major Hahn who came here a short time ago to investigate and report on the matter of Hawaiian defenses. He started out along the O. R. & L. Co. line this morning by special train, it being his idea to follow the coast line as closely as possible.

While the strong points offered by the topography are occupying a great part of the Major's attention, he is devoting his principal energy at present to a study of the weak points, looking on the coast for the places which an enemy might be most likely to go to to effect a landing of troops and guns. One great point in favor of the islands from a defensive point of view is the fact that the coral reefs, which stretch almost entirely around the islands, form a natural barrier, which in most cases would prevent the landing of large bodies of men, except under the very most favorable circumstances, while in almost all cases the reefs and the shallowness of the lagoons would make it practically impossible for an enemy to land heavy artillery with which to attack the local forts from the rear or flanks. It is the points which are found to be unprotected by such natural advantages that the Major will devote particular attention to.

HAWAII TO GET BETTER SERVICE

Superintendent Carr of the Railway mail service is at present engaged in placing into operation a system of changes in the mail routes on Hawaii, which will increase the service rendered by the residents of the Big Island. The first change, which went into effect yesterday, was made possible by the fact that the Mauna Kea makes faster time than the Kinau did on the Hilo route, reaching that city during Wednesday forenoon, in time to catch the train leaving for Glenwood at 2:15 p. m., while the Kinau did not arrive in time to make this train, and the mails for Glenwood and way points, the Volcano House and Kau towns was not sent from Hilo before Thursday morning. The change will enable the residents of the route from Hilo to Waikohu to get their mail from eight to ten hours earlier than heretofore.

Another change which will soon be placed into effect shortly will be the delivery of mail on the star routes from Kealahou to Hoopuloa during the daytime, while at present such delivery is made at night.

Finally another change will be made on the route from Kawahine to Hilo, via Kamuela, where mails will from May 1 be delivered twice a week instead of once a week as is now the case. This will also benefit the residents of Kono, whose service connects with the Kawahine-Kailua route.

CAPT. SCHLEMMER TAKES UP TANNERY

Captain Max Schlemmer is going into the tannery business. This is the announcement made by the well-known King of Laysan this morning.

The name of the new tannery firm is Heine & Co. Captain Schlemmer is the "C. Co." The firm has arranged for the employment of Mr. Wagner, who is one of the most expert tanners in the country. He was brought up in the tannery business and at one time operated a tannery in Stockton. While Mr. Wagner is not a member of the company, Captain Schlemmer states that he will be treated as if he had a financial interest.

"It is probable that one more trip will be made to Laysan Island," said Captain Schlemmer. "This trip will be in charge of Captain Miller, and if I am not able to go myself I shall make everything over to Captain Miller, and I want to say that he treated me on my last trip better than any man in Honolulu has ever treated me before. The trip will probably be made in a couple of months.

"It is probable that a number of scientists will go to Laysan on this coming trip. I think Mr. Bonine, the moving-picture man, will go to get some pictures of the birds. A man from Philadelphia will probably be in the party and Dr. Schoening of Hilo, and probably some others."

Jockey Kough will do the riding for Barney Schreiber in future. The Misourian came to terms with the lad and he will do Barney's saddle work in the East.

Boycott Of Japan

JAPANESE WORRIED OVER SERIOUSNESS OF CHINESE MERCHANTS

The Japan Mail in an editorial discussion of the Canton boycott, says:

It now appears that the original official forecasts as to the probable unimportance of the Canton boycott were much mistaken. All the telegrams agree that the movement has assumed very large dimensions, and that it is built on solid foundation in both Canton and Hongkong. Chinese traders who habitually deal in Japanese goods are said to have put up \$100 each as security for their adherence to the league, the understanding being that this money shall be forfeited by any who departs from the boycott. Japanese currency is refused, and no goods are shipped in Japanese bottoms. The Jiji Shimpo's Hongkong correspondent writes under date of the 2nd inst. that it would be very difficult for the central government to interfere, as the procedure of the boycotters is quite orderly and offers no ground for legal restraint. From this same correspondent we learn that American and German merchants are utilizing the opportunity in their own interest, and that they employ bands of music to parade the streets, accompanying their banners on which are inscribed advertisements of non-Japanese goods. Indeed this correspondent plainly hints that the organization of the Chinese boycotters has evidently been fostered and directed by Japan's foreign competitors. He thinks that much time and patient adroitness will be necessary to correct the situation, and he adds that the affair vividly illustrates China's rights-recovery mood. To most foreign observers it must be now very evident that the sweet reasonableness hitherto attributed to the Chinese people is a myth. Nothing could possibly be more unreasonable than the conduct of the Cantonese at present. The matter against which they are girding so vehemently is no longer a sub judice. It has been settled and finally disposed of, and the Japanese Government has shown a most friendly disposition in dealing with the only doubtful feature of the incident, namely, the importation of arms and ammunition into China. If every international question which is not settled entirely to the satisfaction of the Chinese nation is to be the signal of a commercial boycott, it is plain that relations with the Middle Kingdom must soon become quite impossible. The Pekin Government cannot but appreciate this situation, and one finds difficulty in believing that its efforts to restore the people of Canton to their sober senses are sincere.

A Skin of Beauty is a Joy Forever

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

Removes Tan, Pimples, Freckles, Moth Patches, Itch, and Skin Diseases, and every blemish on beauty, and restores the complexion to its natural beauty. It has stood the test of 40 years, and is so harmless we have it in our hands in every country. As you ladies will see them, I recommend the use of similar cream. Dr. T. Felix Gouraud, 37 Great Jones Street, New York.

REES LIKES SITE AT PEARL HARBOR

"I think Pearl Harbor is an ideal location for a naval station," said Capt. Rees yesterday immediately after returning from a trip to the place in the company of Admiral Very. "It is a splendid location for the uses to which it will be put."

"I did not go any further on the frolics yesterday, but I have seen a good deal of the city in the company of Admiral Very. Honolulu is a delightful place. I have been here before; about 20 years ago, but I now find a great change. The place is immensely improved, and modernized, and I am very much pleased with it indeed. A great advancement has evidently been made."

"The orders of my predecessor shall stand for some time at least and probably indefinitely. Until I have become more familiar with the place I cannot tell about this."

ARTIST KUBELIK IS ECCENTRIC

Some rather amusing incidents are related of Kubelik on his travels. In his suite are his manager and secretary, and for his personal use two valets. Then there is Madame Kubelik and the blessed twins. Madame Kubelik has with her two maids. There are instances where the great violinist in his eccentric moments has felt the need of quiet, and, perhaps, with an eye single to keeping the sound of his violin from profane ears, he has engaged the entire floor of an expensive hotel. Of course, these little things contrast well with Kubelik's early life, when he watched his father till the soil in his little garden. When his thoughts go back to the garden days, he marvels at his tremendous advance, and is pleased. He is a wonderful man, is Kubelik. For he has given to the world an idea of what a violin is in the hands of a real artist. There are players and players, and in their individual mind each is a Paganini, but there is but one Kubelik, and it will be decades before his equal will be heard here again. It is suggested that the lovers of good music engage their seats at Wall, Nichols Co. today.

Cure for Drunkenness
Orrible Treatment to be Used at Home Without Publicity, or Loss of Time from Business.

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orrine. This remarkable treatment has made so many cures that we are glad to sell it under an absolute guarantee to refund the money if it does not cure. It is in two forms: No. 1 that can be given secretly, and No. 2 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical as it costs only \$1 a box and there is no detention from the usual duties, while if a cure is not effected, there is no expense whatever. Mail orders filled on receipt of price in plain sealed package. Write for free booklet. The Orrine Co., Washington, D. C., or Honolulu Drug Co.

WILL CARE FOR BOYS.
Dr. Cofer, president of the Board of Health, expects to see the non-leprous boys from the leper settlement brought down here on Sunday by the steamer Iwaland. Before Superintendent McVeigh left for the settlement he was instructed to bring the boys as soon as he could. On their arrival they will be sent to the quarantine station to be taken care of until the home for such boys provided for by the Legislature is built. There are twenty-eight of them, and for the most part they are quite small children, three and four years old, and some a little older.

NEW HANDBALL SCHEDULE

A new arrangement of the handball schedule, for the five high men in the present tourney, is being arranged by Dr. Hand, physical director of the Y. M. C. A. The new schedule is to be in the nature of a final series for games which have now been in progress for some little time. The five men are finishing so close that further competition will be necessary to satisfactorily determine winners.

M. C. Webster and J. Q. Baptist are now the two high men, each having lost but a single game in the series. In case they lose no more, it will, of course, be a matter of light it out between them.

Others who are finishing close, and may win out through the new schedule, are H. S. Chandler, M. V. DeCulto, and Mark Johnson. One or two others have played good ball, but have not taken part in enough games to be in line for the winner's place now.

In the meantime, the matches at the Association courts go merrily on.

TWILIGHTS MAY QUIT

The Twilighters are probably to drop out of the Kapiolani League, owing to loss of players, signed by the big league club. This fact came out at a meeting of the Kapiolani Athletic Club held at the residence of Adrian Keoho last night. It was suggested that the place be filled by the Kapiolani with some other organization, however, the final decision on the withdrawal was deferred over for a week in order that more information might be obtained.

George Salva, Harry Markham and W. Mahala were admitted to membership in the organization. It was stated that work on the new Kapiolani park was being owing to the need of a couple of dump carts to be used in erecting the stones and rubbish from the park site. The Supervisors were petitioned in this regard but so far nothing has been done in the

LOCAL

SPORTS

NATIONAL

WANTS FIELD DAY FOR THE FLEET

Hand Suggests Meeting To Plan Athletic Contests

That Hawaiian track and field athletes hold one or two meets in this city, during the stay of the Fleet here, is a plan of Dr. Hand, of the Y. M. C. A., which he is following up actively. Through these columns, he suggests a meeting of men representing Kamehameha School, Punahou College, the High School, and the Y. M. C. A., to arrange such field meets, settle dates and details, and get word of the coming events to the Fleet, so that the sailor-lads may get into shape to compete with the locals. With this in view, the organization, if it is to be done, must be done in the near future.

Honolulu has much first-rate talent in this line, and it is felt, as a consequence, that the locals should make use of their abilities in this line, as well as in other sports.

Where it is expected that local men will shine particularly is on the track. In doping out such a prospective field day, honors of a high sort in the weights will probably go to some of the big men in the Navy. Where concessions will not be made by Honolulu men, in all probability, is on the cinders, for any distance from the mile run to the 50-yard dash, the last event, in particular, being the long suit of sprint-runners on the teams here. Performances of such men as En Sue or Rice or McKenzie indicate that this city can put forward runners of a class not to be excelled anywhere.

Though the project is tentative, the running and jumping is being practiced now, in anticipation of an event or two yet in the season, and the contestants should be in fine fettle.

Dr. Hand is very enthusiastic over the matter.

BOAT RACES FOR FLEET

The Healan Yacht and Boat Club now has under consideration the matter of arranging a boat race or races while the Fleet is here, to help out with the entertainment of the jacks. The Rowing Association is soon to call a meeting to get on the matter. As boat racing is a favorite pastime among Uncle Sam's sailors, such an event would be right in line.

Practice for the Newspaper Baseball League begins this afternoon.

Kite Flying Being Schemed By Mr. Osborn

It looks as though George Osborn is to have his kite-flying festival on Punchbowl hill. Moreover, it is likely to become an annual event that will not only bring out all the Japanese and Chinese for one day of the year but both haoles and Hawaiians as well, for it is to be a sort of home-international contest affair.

Osborn has interested Japanese and Chinese in his project and is now seeking co-operation in other directions. At Nagasaki, in Japan, some thirty thousand Japanese go up the sacred hill back of the city one day every year to fly their kites. It is a wonderful sight, 50,000 gaudy kites in the air and not one string crossing the other, for the Japanese pride themselves on their skill in so manipulating their kites that they never come in contact with each other. The Chinese put resin on their strings and try to saw through the cord of a rival, some of them even go so far as to attach steel blades every few yards on their cords, so that by sawing back and forth, where thousands of kites are being flown, many are set adrift.

Brother Osborn is going to have troubles when he opens his contest to all comers. The Japanese who lose their kites are apt to turn on the Chinese who cut the cords, and it is dollars to doughnuts that the Hawaiian boys, assisted by the Portuguese, will commissariat any stray kites that touch the ground within their reach; and that will make more pills.

But perhaps Brother Osborn has thought out rules and regulations and will turn out as wise a manipulator of kites as was the famous Mr. "Dick," who taught David Copperfield how to send up volumes of history into the realms of space. The Kite-Flyers' Association is, according to Manager Osborn, to take charge of the winding pathway up Punchbowl hill. It is his plan to have the Japanese and, perhaps the Rev. Mr. Usbouri assist in laying out ha-tree and bougainvillea arbors, so that the spectators may in time ascend the slope beneath a shady bower. He will ask the pupils of the Normal School to undertake to keep the pathway in order once it is planted. The completion of the Nuuanu dam makes it possible to carry water to the top of Punchbowl and let it come down in a gentle, zigzagging stream that will water the plants and vines planted in earth that will have to be carried up to holes blasted in the rock.

If Mr. Osborn's annual kite festival scheme provides the incentive that will create a decorated arborway up Punchbowl hill, he should be hailed as a public benefactor. There is no reason why the Japanese and Chinese in Honolulu should not set aside a day for the exercise of their national sport, and, if Promoter Osborn can secure a sufficient number of entries from haoles, Hawaiians, Portuguese, Chinese and Japanese by the 1st of June, he intends having the first contest for the Osborn medal brought off on top of Punchbowl hill next Kamehameha Day. The idea is certainly a pretty one and its successful carrying out will add one more charming and innocent amusement for the multitudes.

Mr. Soper will take charge, and after a small sum is paid over to the league, the balance will be turned over to me for the use of our league. Mr. Isenberg suggested that an admission of ten cents be charged to all parts of the grounds, with the exception of the reserved seats, which would be twenty-five cents. I would suggest that ten cents be charged for admission and fifteen cents for the reserved seats.

The league schedule will be as follows:

May 19—Star vs. Advertiser; Bulletin vs. Mercantile.
May 17—Bulletin vs. Paradise; Star vs. Mercantile.
May 24—Advertiser vs. Bulletin; Mercantile vs. Paradise.
May 21—Star vs. Bulletin; Advertiser vs. Paradise.
June 7—Mercantile vs. Advertiser; Star vs. Paradise.
June 14—Star vs. Advertiser; Bulletin vs. Mercantile.
June 21—Bulletin vs. Paradise; Star vs. Mercantile.
June 28—Advertiser vs. Bulletin; Mercantile vs. Paradise.
July 12—Star vs. Bulletin; Advertiser vs. Paradise.
July 19—Mercantile vs. Advertiser; Star vs. Paradise.

P. L. Peters has succeeded Ed Towse as secretary of the Press League.

RIVERSIDE LEAGUE OPENS ON SUNDAY

Close Game Is Expected When Kaalas Meet Palamas

Three days from today the Riverside Baseball League will be the talk of the town, for on Sunday, April 26th, at 2 p. m., the curtain will be raised for the opening game between the Palama A. C. and the Kaala A. C. The opening day will go down in history as one of the greatest days that Honolulu has ever had and no doubt far superior to that of the opening day of the league last year. The people of Honolulu are talking in their sleep about baseball, and the Sunday coming their dreams will be realized.

The Chinese A. C., the Japanese A. C., the Palama A. C. (champions of last year), the Kaala A. C., and the Chinese Aloha Club will be seen again this year on the Aala Park diamond, and it is impossible at the present time to pick out the winners of Sunday's game.

The first clash will be between the champions of last year, the Palama A. C. and the Kaala A. C., and the second game between the Chinese Aloha and the Japanese Club.

The first game will be hotly contested between the two clubs. The Palamas have their old war horses again on the field with only one new player and that player is considered to be one of the coming stars in local baseball. His name is Manuel G. Correa. This young man outplays Mahuka and some others in holding the first station, and if he continues to play for some time he may have a chance to play for Mike Fisher.

The new Kaala baseball team is composed of good material, and this game will be a good one, it is expected, as a consequence.

The second game will be between evenly matched teams also.

NEWSPAPER LEAGUE MEETS

Matters of interest in the Newspaper Baseball League now seem all settled, as a meeting at 5 o'clock yesterday afternoon in the roof garden of the Young Hotel resulted in the settlement of a number of questions which have been debated all along.

It was decided that any bona fide employe of any league club should be allowed to take part in the league games. Major league players will, however, be barred.

Uniforms are being ordered for the league teams and they will lack nothing in point of appearance.

The following report was read and adopted:

Dear Sir:—In obedience to your orders to have me arrange with the trustees of the Honolulu Baseball League about charging admission to the games on Sunday afternoon, May 19, and the other league games which will be played by the Newspaper League I beg to report as follows: The trustees of the Honolulu League gave me permission to charge an admission fee to our games, and asked me to consult with Mr. John Soper regarding the taking of same at the grounds, which I have done.

Mr. Soper will take charge, and after a small sum is paid over to the league, the balance will be turned over to me for the use of our league.

Mr. Isenberg suggested that an admission of ten cents be charged to all parts of the grounds, with the exception of the reserved seats, which would be twenty-five cents. I would suggest that ten cents be charged for admission and fifteen cents for the reserved seats.

JAS. W. W. BREWSTER.

The league schedule will be as follows:

May 19—Star vs. Advertiser; Bulletin vs. Mercantile.
May 17—Bulletin vs. Paradise; Star vs. Mercantile.
May 24—Advertiser vs. Bulletin; Mercantile vs. Paradise.
May 21—Star vs. Bulletin; Advertiser vs. Paradise.
June 7—Mercantile vs. Advertiser; Star vs. Paradise.
June 14—Star vs. Advertiser; Bulletin vs. Mercantile.
June 21—Bulletin vs. Paradise; Star vs. Mercantile.
June 28—Advertiser vs. Bulletin; Mercantile vs. Paradise.
July 12—Star vs. Bulletin; Advertiser vs. Paradise.
July 19—Mercantile vs. Advertiser; Star vs. Paradise.

P. L. Peters has succeeded Ed Towse as secretary of the Press League.

PROSPECT FOR TROTTERS

In spite of the cry that the harness racing game is on the down grade, well posted authorities claim that never before in the history of the trotting sport has the outlook been so bright for a successful season as it is for the season of 1908. Never before have owners and trainers had occasion to look forward to such a profitable year.

The announcement of the prominent racing associations through the country show a great number of rich purses to be offered, with the conditions along most liberal lines. Not only is this the case down the Grand Circuit, but on the Great Western Circuit and at independent meetings as well.

Beginning with the Blue Ribbon meeting at Detroit there will be, as usual, the \$10,000 Merchants and Manufacturers' stake for 2:24-class trotters and the \$5,000 Chamber of Commerce stake for 2:07 pacers. Kalamazoo celebrates its annexation to the select circuit by offering \$23,000 worth of stakes. The Michigan City will give a \$10,000 stake and a \$5,000 for trotters, beside \$5,000, \$3,000 and \$2,000 stakes for pacers.

This, with the various purse events, will make a very elaborate program. Buffalo will again give the Dominion of Canada \$10,000 for pacers and the \$10,000 Empire State Stake for trotters in addition to a number of \$2,000 stakes, while Poughkeepsie will hang up the Oakland Baron \$4,000 stake for trotters, as usual. Readville expects to have a fine program and will probably give the \$9,000 Massachusetts stake for trotters, the \$45,000 Pokapong, the \$45,000 Blue Hill, the \$6,000 Norfolk and the \$5,000 Readville stakes the same as last year.

Hartford will renew the \$10,000 Charter Oak stake and the \$5,000 Natick stake, which are well known throughout the country, while if Providence decides to give a meeting, which is a trifle doubtful just now, the \$5,000 Park Brew stake for free-for-all pacers and the \$5,000 Roger Williams stake for trotters will be on its program.

Syracuse is expected to be in line with three big stakes as was the case last season. The well known \$10,000 Empire State race, the \$5,000 Syracuse and the \$3,000 Chamber of Commerce stakes for trotters will be the headlines on the program.

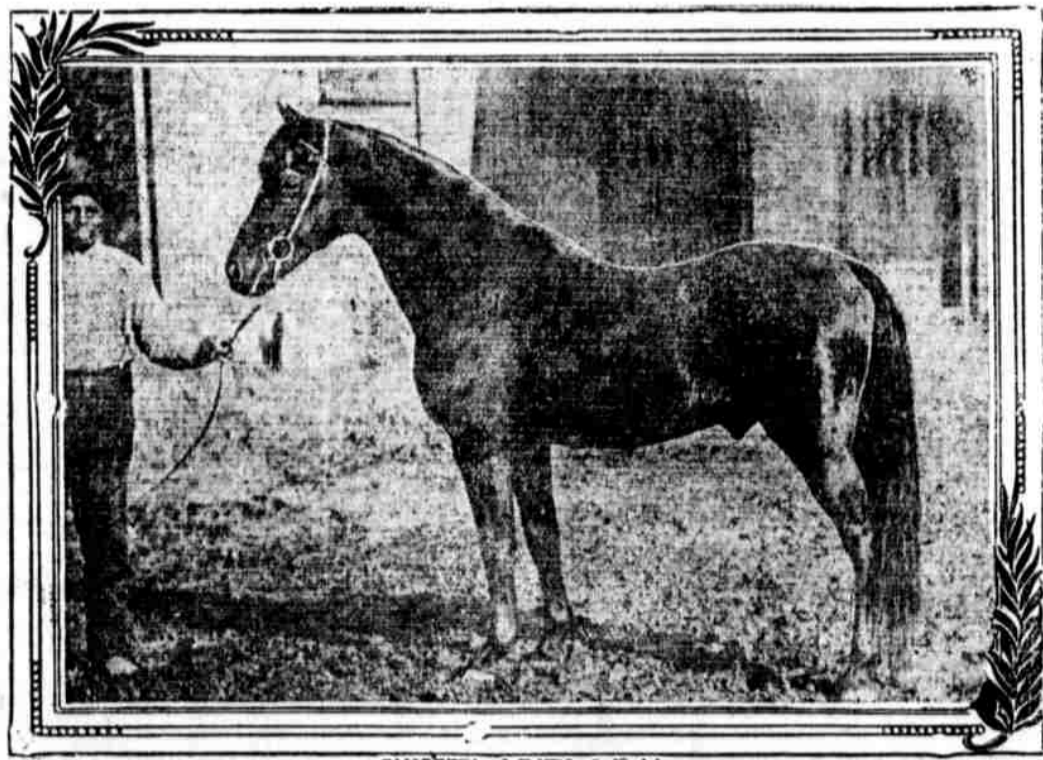

At Columbus the association has just decided to hang up \$100,000 in stakes and purses to race for, making it the richest meeting in the country for the horsemen. During the two weeks there are two \$10,000 stakes—the Hoster-Columbus and the Board of Trade and Bankers' stakes—three \$5,000 stakes and two \$3,000 stakes. In addition the Kentucky Futurities worth \$7,500, will be raced the first week and the Chicago Horse Review, the futurity worth \$10,000, the second week. Then there is \$40,500 in purses and \$1,000 for a special race. The Board of Trade and Bankers' stake is the only one in the country where the money goes six ways without a consolation.

The cities on the Great Western Circuit are giving larger stakes each year and several \$10,000 purses will be raced for by the Western horses this season. Hamline will hang up \$40,000 in stakes, while Peoria will give \$30,000 and at Libertyville some big stakes, including one of \$10,000, will be attractive features on the programs. All in all this season will be a bumper and is being looked forward to with much interest because of the fact that a large number of high-class horses will be in training to make the racing good.

The date of the opening of the Kapiolani Baseball League is as yet undecided.

Mike Griffin, the old Brooklyn outfielder, died from pneumonia at Utica, N. Y., recently. He was one of the best fielders of his time, and he led the Brooklyn Club in hitting in 1892, 1893, 1894, 1895 and 1898. He tried his hand managing the Brooklyn Club, but was not very successful.

ONE OF AMERICA'S GREATEST STALLIONS

GAMBETTA WILKES 2:19 1/4

First of all trotting-sires to be credited with two hundred representatives in the 2:30 list is the black stallion Gambetta Wilkes, 2:19 1/4, a son of George Wilkes, 2:22. He was foaled in 1881 and is still living, hale and hearty, at the age of twenty-seven. For twenty-four years he has been owned by G. & P. Cecil, of Danville, Ky., and during all this time his faithful attendant and friend, Paul Helm, has been his daily and almost hourly companion.

Gambetta Wilkes' first 2:30 trotter entered the list in 1890, when the now famous sire was nine years old. Eight of his get are now in the 2:07 list, sixteen in the 2:10 list, forty-two in the 2:15 list, eighty-three in the 2:20 list and 212 in the 2:30 list. He is the grandsire of 249 trotters and pacers with records of 2:30 or better. One of his great-grandsons is credited with eleven performers, and his descendants in the 2:30 list, all told, are now about 670 in number.

FUTURE SPORTS

- April 23—Honolulu Baseball League meeting, 12:15 p. m.
- April 23—Meeting Honolulu Cricket Club, Scottish Thistle Club, 5 p. m.
- April 24—Meeting Outrigger and Fishing Club, Promotion Committee rooms, p. m.
- April 25—Match race, Kapiolani Park, Shamrock vs. Exchange Five.
