The Reason.

There are some people in Honolulu who think they are not properly clad unless the garments they wear cost $30 or $40. The reason is apparent—they are rich.

A Fact.

Everybody is not rich—in fact, most people in this world have to get a mighty move on to make both ends meet, and at the end of the year have nothing to show for their labor except an extra wrinkle or two.

Ladies.

I have something that will strike your fancy in the shape of a Jacket—a Flannel Jacket with a silk stripe—a perfect fit or no sale. I bought several cases of these Jackets very cheap for cash. They are just the thing to slip on to make a call, go to market, a picnic, or church—in fact, they are good enough or poor enough to wear anywhere and everywhere.

The Price.

Now this is the important part. After you have selected one that looks well with your dress and you find that it fits, you say, "How much?"

The Salesman

says, "$1.00, madam," or "$1.00 miss," as the case may be, and there you are. The modest Clerk does not even blush when he is told "how cheap." He is used to this kind of thing.

That tireless toiler after trade,

A fair audience was in attendance at the gospel tent last night. Rev. E. Lewis preached a good discourse on the necessity of a change of heart. Evangelist Garvin will preach to-night on the relation of faith to works, or the leper cleansed. The tent is very comfortable and a pleasant place in which to worship.

Henry Smith, Clerk of the Supreme Court, has about 700 coffee trees growing on his premises on Fort street, not quite half a mile from the heart of the city. The trees are about five feet in height and have yielded fine crops. They are of six years' growth. Excellent specimens were exhibited about town yesterday.

"That Fell Through."

First Proposition: Billy was to go in a steam launch and meet the S. N. Castle off Waianae. That fell through.

Second: Billy was to go off from Pearl harbor and be picked up by the steam launch. That fell through.

Third: Billy was to be headed up in a water cask and we knew where to put our hands on him. That fell through.

But Billy went all the same and they say he wasn't in the sugar either. That didn't fall through.

The Daily Bulletin.

TUESDAY, NOV. 27, 1894.

An editorial that appeared yesterday, on penal summons, had been in type for a week awaiting insertion. Since it was written the Government has carried out the law, in one instance, by having the editor of the Holomua cited by summons instead of arrested by warrant.

Some people need to be informed that the new Congress of the United States, elected last month, will not assemble until December of 1895. The present Congress will meet this winter, and, if the Administration finds it expedient, may have an extra session next summer. If the Democratic party takes the advice of Embassador Bayard, just before he returned to his post in London, it will yet pass a tariff law in accordance with the principles upon which it elected President Cleveland.

SUDDEN DEATH.

A Native Master Workmen Falls While at Work.

Joseph Kela, foreman of the laborers at the Honolulu Iron Works, fell in a faint at 8:45 o'clock this morning near the coppersmith shop. Several natives lomilomied the man without effect and it was decided to take him to Dr. Brodie's. He was put into a hack and sat with his head bent on his breast, until arrival at the doctor's. Some medicine was given him and he recovered somewhat. He was taken into the doctor's office and laid on a lounge. Preparations were being made to take Kela home, when he gave two gasps and died. Heart failure was the cause of death. Kela was about thirty-six years of age and leaves a wife and family. The funeral will take place to-morrow afternoon. Alex. Young has kindly volunteered to defray the funeral expenses. Kela has been in the employ of the Honolulu Iron Works for twenty years. Those who witnessed the tug-of-war tournaments some time ago will remember Joe Kela, captain of the Hawaiian team.

MORE MARINE JAG.

Its Results are the Cooler and Fines in the Morning.

The crew of the Hawaiian steamer Kimball, which has been purchased by the Wilder's Steamship Co., were paid off yesterday forenoon. Three of the men, Jansen, Leroy Childs and Wm. Houston started uptown to paint it a bright red. Towards evening two of them became quite weak in the legs and were actually helpless. Officer Kupihea met the men on Bethel street near the Bay Horse Saloon and endeavored to remove one of them to more comfortable quarters at the Station, where he could sleep without danger of being run over. Jansen objected to the removal of his shipmate, so much so that he was also arrested for obstructing justice. Houston pleaded guilty to a charge of drunkenness this morning and was fined $2 and $1 costs. Jansen was fined $5. The men were to leave on the Kinau this afternoon for Hilo on business.

The edict of the Sugar Trust to the effect that one-third of the sugar crop of these islands shall be shipped to New York via Cape Horn will have a rather depressing effect upon the Coasting vessels between here and San Francisco. It will no doubt have its effect in other ways or the Trust would not insist upon the terms of contracts with the plantation companies' there being carried out. One does not have to read between the lines in anything the Trust does—it's apparent on the face of it that the monopolists get whatever benefit there is in the change.

We are prepared now to meet the demands of our customers for goods for Christmas and we think we have a good assortment.

After many days the pocket cutlery from Wastenholms's factory has arrived and it comprises everything in the way of pocket knives suitable for little and big folks.

The demand for Haviland China with carnation pattern seems not to diminish and it is difficult for us to keep up with it. The Alameda, however, brought us a large invoice of all sorts of dishes and we can fill any orders for single dishes, dozens or sets. For gifts at any season of the year or for any occasion there is nothing prettier or more serviceable.

We have always carried a large assortment of Silver plated ware and have generally satisfied everyone except those who wanted solid silver. For this season we have purchased a stock in California which includes both plated and solid and we hope to meet the demands of plain everyday folk as well as those whose ideas run toward the elegant. Our solid goods comprise Sugar Shells, Butter Knives, Soup and Gravy Ladles, Salad Sets, Fish Sets, Preserve and Berry Spoons, Sugar Tongs, Olive Spoons and Forks, Sadine Forks, Cold Meat Forks, Lettuce Forks, Bon Bon Scoops, Pie Knives. Then there are a number of combination sets; some of them contain Tea Spoons, Butter Knife, Sugar Shell, Cream Ladle and Sugar Tongs—a very handsome present for Christmas. Other sets are for Berries, some for Oysters. One to which we call especial attention contains a half dozen Individual Butter Spreaders and the same number of plates. We think we can suit everyone as to designs because they are the very latest. We *know* our prices are right.

We have also in stock an assortment of Aluminum ware in small pieces for service or ornament.

Cooking utensils are made of this ware and are used in preference to iron or agate owing to lightness and durability. In our selection this year we have included Griddle Cake Pans and Fry Pans. Drinking Cups and Tea Sets of three pieces. They are as light as a feather and everlasting. We have also Flasks, Match Boxes, Fancy Combs and Hair Combs that never wear out. Patent lime squeezers, (an entirely new article here) card trays, Sleeve Links and many other things to suit your fancy.

A small stock of cut glassware in choice patterns only and containing articles serviceable for table use.

Our lamp department is filled with the latest designs Hanging, Bouquet and Piano Lamps. An inspection is invited.

War Rumors.

The war between China and Japan is still on. So far the Japanese have all the best of it. How long this will last, time alone can tell.

Flushed by their numerous victories, the Japanese are pushing their armies into Chinese territory. The capture of Ping Yang with its forts and treasure was their first great success.

The naval battle at the mouth of the Yalu River and the total destruction of three Chinese men-of-war followed this quickly. The final expulsion of the Chinese from Corea and the capture of Kiew Lien Chang left the road open to the Japs to both Moukden and Peking.

To carry on this warfare Japan has (so far) enlisted one hundred thousand men aside from her regular standing army, and hundreds of the bone and sinew of the land of the chrysanthemum are crowding the recruiting offices daily. This has caused the price of labor to increase 100%. In consequence Japanese material and products of every description have nearly doubled in price.

However, as we had our large Christmas order in several months ago, we will not be affected.

Why trade with firms who carry an assortment of goods that are of inferior quality or made by the cheapest labor, when you can get the best for the same price? We guarantee every article in our store to be the very best that the Japanese market can produce and at prices that were in vogue before war was declared.

For Ladies

We have an assortment of Articles both Useful and Ornamental that must please the most Fastidious. Every lady is particular about the Handkerchiefs she uses. We have all kinds—Plain, Beautifully Embroidered, Drawn and Open Work all Colors and Sizes.

Doilies, hand painted and embroidered, Crepe Silk Sashes, Silk and Crepe Shawls, and a variety of Scarfs. We also received a large variety of Silk Dress Goods.

For Gents

We have Silk Shirts—white and colored—either plain or embroidered; Cravats, Neckties of every variety, shade and shape, Smoking Jackets and Caps, that are a pleasure to wear, and Silk and Cotton Pajamas that are comfortable and well made; also the two extremes—Straws Hat and Slippers.

Nothing in Honolulu can approach the small order of Boots that we have. They were made by the best Japanese Mechanics, and we guarantee the quality, style, fit and finish — Calf, Patent Leather and Tan.

Miscellaneous

Articles, such as Tea Cosies for covering Tea Services, etc. Fine Table and Bed Covers, and pretty Chair Backs we have in profusion.

Also some Menu Cards for Thanksgiving, Christmas and New Year's that are pretty and tasty.

Children

Enjoy Christmas principally because they receive love offerings from parents and friends. Real Estate and Loans

The enlargement of the LOAN Market so as to cover the wants and necessities of the large number of honorable people who are not owners of unincumbered Real Estate was one of the most necessary innovations of recent years. To many it has meant relief from pressing claims at the very time when most essential. When properly and honorably conducted this business is of equally great importance and value to the community as Building and Loan Associations have proved themselves to be.

The Hawaiian Investment Co.

Makes a specialty of Negotiating and Procuring Loans for Borrowers who are unable to discount their Notes at the Banks and who do not care to obligate themselves to some friend or acquaintance by asking his endorsements to their Note.

This Company will make Loans upon Household Furniture, Pianos, Organs, Horses, Mules, Wagons, Carriages and Personal Property without removing the Property from the Borrower's possession, and all business will be conducted on a STRICTLY CONFIDENTIAL BASIS.

ALOHA TOOTH POWDER.

is the most perfect dentifrice yet discovered.

It is manufactured after a celebrated formula now in our possession. The materials used are the purest obtainable; contains nothing deleterious to the teeth or gums, and its use cannot be otherwise than pleasant and beneficial.

Many people while laudably attentive to the preservation of their teeth, do them harm by using a tooth powder containing excessive "grit." Daily applied such dentifrices are calculated not only to injure the enamel by excessive friction, but hurt the gums.

A trial of ALOHA TOOTH POWDER will convince anyone of its merits and the advantage of using a dentifrice of the purity of which they can be certain. It is attractively put up, and will be sure to please you in every way.

JUDICIARY JOTTINGS

Sureties of Marshal to Pay Damages —Opfergelt Minors Lose Land.

In Mrs. Batchelor vs. C. B. Wilson, the jury yesterday rendered a verdict for the plaintiff for $300. Defendant as Marshal of the Kingdom served an execution on J. Hubash, jeweler, a tenant of the plaintiff. Bishop & Co., bankers, went surety for the Marshal and are thus responsible for the amount of the judgment.

Jacob Lyons vs. J. Hubash and Mrs. C. Batchelor, co-partners, has been discontinued. It was entered for the November term, 1893. Plaintiff, who does business in San Francisco, claimed $500 with interest from Feb. 9, 1891, to the date of judgment, for money due on account between the parties. Hatch and Carter & Carter for plaintiff; C. W. Ashford and Creighton for defendant. C. L. Carter for plaintiff asked for a continuance, Mr. Ashford objected, and the Court declined the motion.

Lau Chong vs. W. F. Allen, guardian of the Opfergelt minors, ejectment, was tried before Judge Cooper this morning by the following jury: J. J. Sullivan, C. V. Sturdevant, G. Gray, L. C. Ables, F. Hustace, C. B. Ripley, J. Weir Robertson, W. L. Hopper, H. Davis, J. S. Martin, C. F. Wolfe and F. J. Lowrey. Two lots of land taken possession of by the guardian for the wards were in question. A verdict for the plaintiff was returned. V. V. Ashford, Johnson and Kahookano for plaintiff; Hatch for defendant.

Awa vs. Lee Yuen Kui, trespass, was begun this afternoon, the following jury being sworn: J. S. Martin, Henry Davis, E. F. Bishop, C. F. Wolfe, C. V. Sturdevant, F. J. Lowrey, Geo. Gray, E. M. Marshall, C. B. Ripley, W. L. Hopper, J. J. Sullivan, W. W. Dimond. Plaintiff claims damages from defendant for assault. Achi for plaintiff; Foster for defendant.

"Judiciary Jottings" crowded out yesterday will be found in the supplement to-day.

DRUNKEN DESERTERS.

The Departure of the Cadzow Forest Delayed by Them

Three sailors deserted from the British bark Cadzow Forest some time last night and were apprehended at noon to-day. The vessel was to sail to-day for the Sound, and it was evident the men had no intentions of deserting the ship altogether, but just came ashore to have a good time. The men had a pretty good load on when arrested, and were brought into the Police Station staggering. Captain McInnes was notified and he called at the station laboring under difficulties of the same nature. The three men had been entered on the book for drunkenness and the captain had to put up $18 bail, which he has forfeited rather than delay the vessel. The men were taken to the ship in irons and are probably sobered up by this time, the bark having sailed this afternoon.

Wedding Bells.

C. Wolters, manager of the Lihue plantation, is to be married to Miss H. Isenberg some time this week. Mr. Wolters is a brother of W. Wolters, who is connected with H. Hackfeld & Co. of this city. The intending nuptial couple are exceedingly popular and their friends intend giving them a rousing reception. Mr. Wolters of Honolulu has engaged the Hawaiian Quintet Club to go to Lihue on the steamer Mikahala this evening. The club goes exclusively to render vocal and instrumental music at the near approaching wedding.

Perfect Cure by Hood's Sarsaparilla

"Dear Sirs:—We have tried Hood's Sarsaparilla and find it to be all you claim for it. My wife was poisoned by ivy when a young woman, and for eight years was troubled every season with the breaking out and terrible itching and burning. She was in this distressing condition every year until she began to take Hood's Sarsaparilla, which has effected a perfect cure, without leaving any scars, and she has had

MRS. FREIMANN, who manages our Dress Making Department, has returned from Chicago and is just overloaded with fashions, styles, and tasks from morning to night about dresses being cut this way and that way, and this is in fashion and that out of fashion, about how this ought to be made and that ought to be made. It's worth your while to hear her. She says we are in it with the best of them when it gets to handling stylish goods.

Rainy weather always suggests something warm and as all Wool Flannels and Flannelettes are quite the thing we propose to decrease our stock of them somewhat during the week, at what is becoming quite well known as Quick Sales and Small Profit Prices.

Flannel is an article in every day demand, and as necessary to the complete outfit as air and light to perfect health and strength. For Night Dresses, Chemises and Knickers nothing is better, while for dresses nothing is neater or more comfortable. We are going to move these goods and now is the time to buy them, and when you are doing it, don't forget that we are making a run this week on Flannel and Flannelettes, that other bargains are offered.

To Plantation Managers.

The following letters received from Mr. Jno. A. Scott, Manager Hilo Sugar Co., refer to the AVERY FERTILIZER DISTRIBUTORS and STUBBLE DIGGERS, for which the Hawaiian Hardware Co. are sole agents. Mr. Scott first saw these implements at the Columbia Exhibition in Chicago, and was so favorably impressed with their appearance that he immediately ordered samples shipped to the Hilo Sugar Co. Mr. H. Deacon, Manager for Pepeekeo Sugar Co., secured one each of these implements from Mr. Scott and expressed his satisfaction with them in the letter published herewith:

PEPEEKEO, Aug. 8, 1894.

J. A. SCOTT,

Dear Sir:—In reply to yours in relation to the "Avery" Stubble Diggers and Fertilizer Distributors.

I would say that I have been using the Diggers almost constantly since I received them, and am highly pleased with them. As the name signifies, I find them specially adapted to the work of loosening the soil about rattoon stools, and they may be used to great advantage either before or after the Fertilizer Distributors, thereby putting the rattoon fields in the very best condition for a rapid growth. They are a light draft machine, and I would recommend them to any plantation owner.

The Fertilizer Distributor is a great labor saving machine, and I find that I shall need one more to fill our requirements here.

I remain, yours respectfully,
(Signed) H. DEACON,
Manager for Pepeekeo Sugar Co.

WAINAKU, Hilo, Aug. 9, 1894.

MR. E. R. HENDRY, Honolulu.

Dear Sir:—In reply to your enquiries regarding the working of the "Avery" Stubble Diggers and Fertilizer Distributors. I would say that I have been using the Diggers for some months and have dug some eight hundred acres of stools with them, thoroughly loosening the soil in and about the roots, thus giving them an excellent opportunity for many more shoots to come forth than usually do. And I find that there is a thicker stand of cane where it has been stubble dug. The machine works in fertilizers on rattoon stools without any further hand labor, mixing them thoroughly with the soil and allowing them to get to the roots of the plant.

The Fertilizer Distributors I have had at work for some time and I have fertilized about four hundred acres with them thus far and they are doing all the makers claim for them, distributing the fertilizers in an even manner on each side of the cane and in whatever quantity desired. They are a good labor saving machine and are doing the work of several men. These machines are of light draft and strongly made and there is nothing liable to get out of order. I can fully recommend these to plantation owners.

I remain, yours truly,
(Signed) JOHN A. SCOTT,
Manager Hilo Sugar Co.

We received by the Alameda a carload of Avery & Sons' Implements which include Fertilizer Distributors, Stubble Diggers and Improved Sugar Land Cultivators. The latter has solid discs and shovel attachments. They are admirably adapted for use in the soil here and will be found necessary on every plantation.

The Fertilizer Distributor is arranged to work on land where the furrows are irregular with the same facility as where they run even.

Any information regarding these machines will be furnished on application to

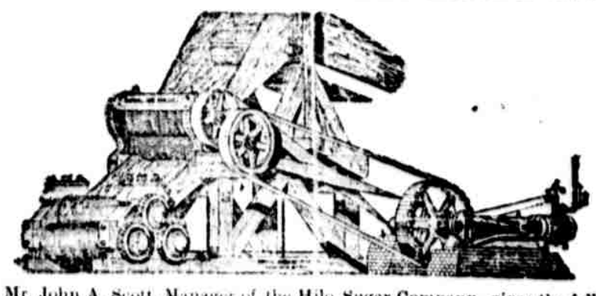
National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.



Mr. John A. Scott, Manager of the Hilo Sugar Company, gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 300¾ tons. This is fully 10 percent more than the best work of former years.

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company.

"And by its use the extraction has been increased from 3 percent to 5 percent on all kinds of cane, and in some cases 80 percent has been reached; the average being 75 to 78 percent, according to quality.

"I continue to find the megass from shredded cane better fuel than from whole cane.

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoons.

"The shredder and engine require very little care or attention."

☞ Plans and specifications of these Shredders may be seen at the office of

BY ELECTRIC LIGHT.

Kilohana Art League Exhibition on Saturday Evening.

Many people visited the art exhibition on Saturday evening, notwithstanding other attractions. Professor Berger was present with an orchestra, pleasing the ear while the exhibits delighted the eye. The electric lights were strong, and in their steady, white glow the paintings were amenable to even a more satisfactory examination than in daytime. There will be three more Saturday evenings on which to see the exhibition. It is open in daytime on other days.

Mrs. Augusta Graham has nothing in wood this time, such as gave much pleasure at the first exhibition. She has the plaster models, however, which she moulded for copying from in wood. They show a high degree of sculptural talent. The subjects are native fruits—pineapple, mango, breadfruit. Of all the pineapple is the favorite work, with the artist herself as well as visitors—not that the others are less worthy in execution, but because the pineapple is more rich in details. When the panels are reproduced in wood carving they will form rare pieces of house decoration.

D. Howard Hitchcock's painting of "The Marne—Spring" wins admiring comments. Its more prominent values are the haze, through which a castle looms grayly, and fine effects of water and shadows. The picture is prevented from producing too sombre feelings by boys playing in boats in the foreground.

W. Thrum and Harry Mist show meritorious drawings and designs in pen and ink. A decorative panel by Mr. Thrum receives nothing but praise. His copy of the architects' design of the projected Oahu College building and his mechanical drawings are also excellent. Mr. Mist's frame of designs for social cards, etc., are admired by everybody who visits the gallery.

Allen Hutchinson presents sculpture in a different line from the works he has made Honolulu art lovers familiar with. Most of what he shows on this occassion are figures of animals, and they will enhance his reputation as an artist. There is a snarl on the tiger which almost gives one a sensation of terror on approaching the object. But where every single work is strong, it is hard to particularize. The wild boar and the dragon, however, seem to be favorites with many, while others take to the lion.

One thing the League has neglected, to its disadvantage, to have published, is its rule that the same work shall not be shown at two successive exhibitions. In consequence each exhibition is entirely new, and, although many visitors might have hoped this time to enjoy seeing some masterpieces of the previous exhibition, all must have been agreeably surprised at the productive capacity of Honolulu's local artistic talent.

No one is better qualified to judge of the merits of an article than the dealer, because he bases his opinion on the experience of all who use it. Messrs. C. F. Moore & Co., Newberg, Ore., say: "We sell more of Chamberlain's Cough Remedy than all others put together, and it always gives good satisfaction." Mr. J. F. Allen, Fox, Ore., says: "I believe Chamberlain's Cough Remedy to be the best I have handled." Mr. W. H. Hitchcock, Columbus, Wash., says: "Chamberlain's Cough Remedy sells well and is highly praised by all who use it." For sale by all druggists. Benson, Smith & Co., agents for Hawaiian Islands.

No passengers have as yet been booked for the S. S. Warrimoo due from the Colonies on Saturday.

As a Rule . . .

You do not get more than your money's worth when you make a purchase; and a great many times not quite that.

Your good common sense will tell you that most concerns, if they fulfilled the pledges made in their advertisements, could not last six months. "LOOK ABOUT" and with your good judgment decide who really carries the best selected stock; whose goods are of the "FINEST QUALITY;" who gives "THE MOST FOR THE MONEY."

My goods combine the quality, with as low a price as same goods can be purchased anywhere. Such lines as I carry, cannot be purchased by remaining at home and writing for them; and for that reason I make my yearly trips to the markets of the World. Picking up a new line here, a few pieces there, until I have gathered together everything new and desirable in my many lines.

You'd be astonished to get a FINE UMBRELLA, handsomely carved head, with a fine stylish cane to match, both mounted in silver, for

$8.50.

The set for this is about what a cane alone used to cost; and yet this is what we are offering you now; and this is only one of many articles at popular prices offered this season by

PORTUGUESE INDEPENDENCE.

Patriots of Portugal Will Celebrate the Anniversary Here.

The Portuguese residents will have a grand celebration on Saturday. A committee on subscriptions has been successful. That day will be the 254th anniversary of the independence of Portugal from the Spanish yoke. Portugal had been ruled by the Spaniards for sixty years, when, on Dec. 1, 1640, thirty-two bold Portuguese by strategy and bravery secured admission into the Palace, killed all the sentries and assassinated the Prime Minister. His head was severed from the body and exhibited in one of the windows of the Palace in the morning. This bold stroke gathered all the Portuguese together and they captured the archives and government buildings and proclaimed independence.

A move was made several years ago by J. M. Vivas and others to establish the anniversary as a fixed holiday amongst Portuguese residents, but owing to conflicting politics the movement failed.

In 1642, two years after Portugal had gained her independence, Spain again tried to wrest home rule from the Portuguese, but the Spanish army was routed with heavy loss, although having overwhelming odds in numbers.

Honolulu Brewery Association.

F. H. Wagner has issued the prospectus of the Honolulu Brewery Association, with a capital of $100,000 divided into 1000 shares. The property consists of the brewery buildings erected by Gilbert Waller at Kalihi near the railroad track. The company's franchise is an exclusive one with eight years to run. It is figured that five gallons of first-class beer, the same as now imported from the United States, can be sold for $2 at large profit. Mr. Wagner intends going to San Francisco by the next trip of the Australia to procure material and machinery for the brewery.

Change of Firm.

Mitchell & Peterson, San Francisco, who have been advertising "nice things for the table" in this paper, have dissolved partnership. The business is continued by Frank B. Peterson & Co., and Honolulu grocers would find it to their advantage to write for some of the "nice things." The old firm was very agreeable to do business with, and there is no doubt the new one will prove the same.

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhœa Remedy, she concluded to try it. She found that it almost gave prompt relief. It was seldom necessary to the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by all druggists. LUCOL -:-

IS THE

BEST
PAINT
OIL!

Save Half the Amount of Your Oil Bill Through Saving in Pigment.

Every painter should use LUCOL instead of Linseed Oil, because:

1. LUCOL is more *durable* than Linseed Oil.
2. LUCOL is more *economical* than Linseed Oil.

PROOF THAT LUCOL IS MORE DURABLE.

Six years of actual use in exterior house painting in California (the most trying climate for paints), in the burning heat of the Arizona Desert, the Arctic cold of Alaska, and on the Atlantic coast, have fully and practically shown that LUCOL always outwears Linseed Oil under the same conditions. All the acid works in San Francisco have discarded Linseed Oil for LUCOL.

ILLUSTRATE THIS YOURSELF.

Put strong ammonia on Linseed and Lucol paints. The Linseed paints are destroyed in a few minutes; the Lucol paints are practically unaffected.

PROOF THAT LUCOL IS MORE ECONOMICAL.

Break up 1¾ lbs. paste white lead in one pint of LUCOL, and the same quantity in one pint of Linseed Oil. Spread the paints on similar dark surfaces for comparison. The Lucol paint spreads as far as and covers much better than the Linseed paint. To get equally good covering with the Linseed paint you have to use 2¼ lbs. of white lead to one pint of Linseed Oil. This means a saving of ¾ lb. of paste lead to each pint of LUCOL used, or 6 lbs. to every gallon, equivalent to your saving more than half the first cost of the LUCOL.

LUCOL is not in competition with cheap Linseed Oil substitutes.

The Hawaiian Gazette Company by its attorney, W. R. Castle, has appealed to the Supreme Court against Judge Whiting's refusal to grant it a new trial of J. E. Gomes' suit against it for libel.

Judge Cooper has allowed the bill of exceptions of S. K. Kane and Cecil Brown, attorneys for Kaniku, convicted when five others were acquitted of assault with a deadly weapon. A. S. Hartwell waived hearing, leaving the Judge to decide ex parte.

Judge Whiting has granted to Helen P. Kakoi a divorce from Thos. K. Nathaniel on the ground of non-support and desertion. Kaulia for plaintiff.

Kaakau Kaukaliu has been granted a divorce from Andrew Kaukaliu on the ground of desertion and non-support. Johnson for plaintiff.

C. Akima has obtained a divorce from Hannah Alo on the ground of desertion. Kaulia for plaintiff.

Judge Cooper has refused to grant a divorce to Kilikina against Hake, her Japanese husband. Plaintiff appeals. Achi for plaintiff; Kahookano for defendant. The parties were married on July 26, 1883, by Samuel C. Damon, pastor Bethel Union Church, the certificate giving their names as Hatch and Karikina.

John Hapa has filed more affidavits for a new trial for highway robbery.

John Kahoeka has been appointed administrator of the will of Anna Boyd under $500 bond.

A Commentary.

EDITOR BULLETIN:—

The changes which have been wrought in this once happiest and most contented of communities in the past two years must make angels weep. In 1892 we had recovered from the first shock of the tariff legislation of the United States, led by Mr. McKinley, and were in receipt of fair returns for our sugar and rice crops.

Our community was a united one and social intercourse brought happiness to all. Our religious societies were working harmoniously and as a consequence peace reigned throughout the islands. In 1894, how changed! We have raised issues in the United States that can only work injuriously to our material interests. Our crops do not promise to be remunerative. Our community is a factional one. Social intercourse is strained to the breaking point. Our religious societies are divided against themselves, and new societies have entered upon the field with the certain result of bringing the confusion of Babel upon us.

So far as the peace that once reigned is concerned, the best commentary upon it are the following headlines to an article in the Advertiser: "CROSS FIRE FROM GATTLINGS—THESE PIECES HAVE BEEN PLACED ON PIVOTS AT THE EXECUTIVE BUILDING—COMMAND ALL SIDES—RAPID FIRING AND DEADLY—STEEL SHIELDS TO BE USED."

What has brought about this lamentable condition of affairs? The demon of lust for pelf and the power it brings. The desire to secure the sugar bounty of two cents a pound for sugar, paid by the United States on the 17th January, 1893. Only this and nothing more.

Common Sense

Should be used in attempting to cure that very disagreeable disease, catarrh. As catarrh originates in impurities in the blood, local applications can do no permanent good. The common sense method of treatment is to purify the blood, and for this purpose there is no preparation superior to Hood's Sarsaparilla.

Hood's Pills cure constipation by restoring peristaltic action of the alimentary canal.
