THE ITALIAN LABORERS

DELEGATE WILCOX SAYS THEY WILL BE WAYLAID

Can Only Get as Far as San Francisco as California Has a Few Troubles of Her Own.

Delegate Wilcox does not intend to leave for Washington until November. He says there is nothing doing there at the present time. Everybody is away from the Capitol trying to cool off in some secluded nook and it is no use to try to do anything now. He has taken the cue and come home to get cooled off. When Mr. Wilcox returns to Washington in November, he will have a great many things "up his sleeve." The time that elapses will be used to get all of his propositions in shape.

In regard to the third judgeship matter, Mr. Wilcox says that the people in Washington are waiting to hear what Judge Humphreys has to say about it. If he states that there is a necessity for another judge of the Circuit Court, there will be no question of the appointment. Edgar Caypless has the inside track. In fact, the commission is already made out and all that now remains is the signature of the President.

Speaking of Italian laborers, Mr. Wilcox said that there was no doubt whatever of the intention of laborers from the South coming to the islands. He talked with some of the men who know most about these matters and from them obtained the information. As to their ultimate arrival here, Mr. Wilcox had the following to say:

"I know well what will happen upon the arrival of any lot of Italian laborers in California and in San Francisco in particular. They will simply be snapped up by men who are lying in wait there for laborers for various enterprises. California is in great need of laborers and such men as I refer to are just the kind they want. The Italians from the Southern States have worked there for years on the plantations and they know just exactly how to carry on all kinds of farming. If they are valuable to Hawaii they are considered by California people as being more valuable to them. About the only way to get around the California barrier would be to send the Italians around the Horn."

SALVATION ARMY WORK.

The Salvation Army took a day off yesterday and went to Waikiki to enjoy the bathing and the delights of Kapiolani park.

In the evening, the Salvationists went out to Palama chapel where a rousing service was held. P. C. Jones acted as chairman and led the preliminary song service. Miss Yarrow presided at the piano. Col. French took for his text the following: "He receiveth sinners and talketh with them." At the conclusion of the service, the Salvation Army people, headed by their band, marched back to their own hall where a banquet in honor of the visiting leaders was served.

Tonight, Major Harris will lead an ex-drunkards demonstration.

The program mapped out for tomorrow's work is as follows: At 7 a. m. Major Wood leads a sunrise prayer meeting; 10 a. m., meeting for sailors on the old Fishmarket wharf, with Captain Lewis in charge; 11 a. m., Col. French in the Christian church, subject, "Unlikely Saviors," and Major Harris in the Army hall, subject, "A Clean Heart;" 12:30 p. m., jail meeting; 1:30 p. m., Sunday school; 7:30 p. m., Col. French in Central Union church, subject, "Darkest America;" 8 p. m., Major Harris in the Army hall.

The proposition of continuing the games of baseball a month or so longer has met with such favor that it seems almost certain now the series will be played over again.

Answers Filed in U.S. Condemnation Suits

The Honolulu Plantation Company and the Oahu Sugar Company have filed answers to the petition of the Government of the United States in the condemnation proceedings against Pearl Harbor lands. The answers in each case demand a jury trial and among things allege that the land in question cost them three-fourths of a million and one million dollars respectively.

By stipulation the trustees of the Bishop Estate have been given ten days extension of time in which to answer.

The first important question to be decided in this important litigation will be the claim set up by the defendants for a jury trial. The United States statutes in condemnation proceedings, confer upon the judge the responsibility of making appraisement of values.

Any one who knows Judge Estee knows that he would rather have the question of the value of the Pearl Harbor lands decided by a jury than to decide it himself. On the other hand, if the law imposes the duty upon the judge, he will unflinchingly confront the task. There is no doubt, however, that Judge Estee would gladly avail himself of any legal provision by which the facts in the big case would go before a jury instead of himself.

IS AKI'S BIRTHDAY

MAUNA LOA STEWARD FITTINGLY REMEMBERED

Dinner Under the Direction of Port Steward Frank Costa on the Kona Liner Today.

There was a gay scene aboard the steamer Mauna Loa today at noon. It was the occasion of the testimonial dinner to Chief Steward Aki of the Kona liner. The dinner was under the direction of Port Steward Frank Costa and was a very delightful affair.

In the large dining saloon of the steamer two tables were laid. They were beautifully decorated with cut flowers and greens. The saloon was transformed into a garden; potted plants and ferns were artistically placed, and festoons of bright flowers and maile were strung from walls and ceiling, making the apartment look like a fairy bower.

Concealed among a bank of ferns at the end of the room was a quintet club, which rendered many beautiful airs during the progress of the meal. At the conclusion, toasts were drunk to Chief Steward Aki, for the celebration of whose fifty-second birthday the dinner was given. The officers of the vessel and of the company fittingly responded to toasts, and the chief steward and company were pledged many times in flowing bumpers of root beer, ginger ale and lemonade.

The menu served was as follows:

Eastern Oysters.
Clam Chowder.
Entree, Chicken a la Saute.
ROASTS.
Boned Turkey, Cranberry Sauce.
Prime Ribs of Beef, with Potatoes.
Young Pig, with Apple Sauce.
VEGETABLES.
Cauliflower, Asparagus.
Poatoes a la Creme.
PASTRY.
Mince Pie, Pear Pie.
California Cheese.
FRUIT IN SEASON.
Apples, Peaches, Pears, Grapes.
Lemon Ice Cream, Assorted Cakes.
Root Beer, Lemonade, Ginger Ale.

SUPREME COURT OPINION.

Decision was handed down by the Supreme Court yesterday in the case of William Blaisdell vs. I. R. Burns, Chief Justice Frear and Judge Perry concurring, Justice Galbraith, dissenting. The suit grew out of partnership relations of the parties. The majority opinion holding that sufficient evidence was in to show a partnership and reversed the decree. The minority opinion holds that the evidence showed no partnership and that the decree of the court below should not be disturbed.

U. S. MAY INTERVENE

DUNNE ASKS DELAY IN LAND CASE TILL HE WRITES

Department of Justice Concerning Action Desired Under 1000 Acre Clause--Cause Goes Over to September.

The case of J. B. Atherton vs. the Wahiawa Sugar Company was continued by Judge Gear today until September 3, upon the request of Acting United States District Attorney Dunne. The continuance was asked in order to give him time to write the Attorney General of the United States and receive a reply upon questions relating to the 1000 acre land limitation in the Organic Act. Attorney Dunne will ask the department of justice for instructions as to whether the United States should intervene in the present suit and seek to enforce the provisions of the Organic Act limiting the possession of land by corporations to tracts of not more than 1000 acres. He will ask for full and detailed instructions as to the course which should be pursued by the officers of the United States Court in this land business.

The Attorney General of the United States will be telegraphed from San Francisco to give the matter his earliest attention because the suit is pending now in court.

The case came up this morning and, Attorneys Hatch & Silliman for the plaintiff vigorously contested the proposition to continue the case. Judge Silliman contended that if the Federal Government made a move to dispossess a corporation under the Act referred to, it would not do so as an intervenor in a prviate law suit.

The hitch in the case grows out of the recent decision by Judge Gear, that the 1000 acre limitation is a matter which can only be enforced on the motion of the government itself.

INDECENT EXPOSURE.

Manuel M. Teixiera appeared in the Police Court this forenoon on the charge of indecent exposure, which has been hanging over his head for several days. He pleaded not guilty through his attorney, A. A. Wilder. The young ladies who were witnesses to the disgraceful actions of the Portuguese testified in a straightforward manner and so as to leave no doubt in the mind of the court as to the guilt of the defendant.

The trouble all came about through the failure on the part of the people living in the same place as the young Portuguese ladies to keep their chickens at home. The defendant had often warned them to keep the fowls out of his yard, but no heed was given. It is supposed that Teixiera became so angered at this that he resorted to low methods to bother his neighbors in return. Teixiera was found guilty and fined $25 and costs. Judge Wilcox remarking that he believed the case to be a very bad one.

Moonshiners In Court.

The five Kalihi men charged with distilling spirituous liquor without a license a fornight or so ago appeared before Judge Dickey this forenoon. Each defendant pleaded not guilty. The Japanese found on the premises of Kalihui was in doubt as to what he should say in reply to the charge, since he was working for natives and had no part in the responsibilities. However, he, too, pleaded not guilty later on.

By agreement of the attorneys on both sides, Judge Dickey agreed to continue the case until Wednesday morning.

ALOHA TO ZEALANDIA.

The Zealandia was given a very big send-off yesterday. The friends of her officers and crew were down to bid them good-bye, as it is is probable that it will be a long time before the old vessel comes here again.

The band came from the Thomas and Philadelphia to play the old mail boat away, and the big crowd on the vessel and wharf greatly enjoyed the sweet music.

It is reported that Captain Dowdell and Chief Steward Jas. Seeley will be transferred to the Alameda when she is put in commission at the end of this month. This will be glad news to the friends of the two officers here. They have both made many friends in Honolulu, as have all the officers of the old boat.

Bishop Doane of Albany, is always accompanied in his walks about that city by a large dog of the Great Dane breed. Frequently when the bishop enters a house he hands the dog his shovel hat and the animal holds this it, his teeth without budging until te bishop returns.

BOARD OF EDUCATION

ABOLISHES NIGHT SCHOOLS AND APPOINTS TEACHERS

Superintendent Authorized to Proceed in Matter of Lands for Industrial School at Waialae.

At the meeting of the Board of Education this morning, the most important matter that came up aside from routine business was the radical change of mind announced by Superintendent Atkinson upon the subject of night schools. Heretofore the superintendent has been a strong advocate of the night school and at six different places in the city, night schools have been kept up at an expense of $400 to $500 per month. Mr. Atkinson moved today that they be discontinued absolutely. The motion carried. The reasons given for this change of mind were that the night school had become nothing more than a place for Japanese and Chinese to learn the English language. The actual attendance at these schools was Chinese, 173; Japanese, 66; Portuguese, 48; Hawaiians, 16.

Superintendent Atkinson was authorized to make formal application to Commissioner E. S. Boyd for lands to be set aside for the industrial school at Waialea.

THOMAS SAILS AWAY

TEACHERS CHEERED AND SANG COLLEGE SONGS

Big Crowd and Abundance of Leis at the Sailing---Man Overboard and Black Bottle.

The transport Thomas sailed for Manila about half-past 12 today. There was an immense crowd present to bid the teachers good-bye, and the departing passengers were loaded down with leis. Cameras were in evidence everywhere, and two good snaps were had. One was of a young man who fell overboard from the wharf and the other was of a sailor who tarried too long uptown. He arrived on the wharf just in time to grab the bowline and was hauled aboard by his mates. On his trip up the side of the vessel a large and suspicious-looking black bottle fell out of his pocket into the water. The native boys swimming near got it and soon it was empty, its contents serving to make the swimmers very merry.

The teachers cheered Honolulu and sang college songs as the big steamer pulled out into the stream.

HOW THEY WILL PLAY

PERSONNEL OF TEAMS FOR TODAY'S GREAT STRUGGLE

Same Will Begin at 3 O'clock Sharp--Oahu College Grounds the Pace of Battle.

All is ready for the championship game on the grounds of Oahu College this afternoon between the Stars and Honolulu. The men are all in good trim with the exception of Moore of the Stars. He is most anxious to play and will probably be allowed to do so. On account of his bad leg he will have some one run for him.

A meeting of the league was held last night for the purpose of arranging the final details of the game. It was decided to start play at 3 o'clock sharp. If this is done, everything should be finished up by 5 o'clock. The matter of the resignation from the board of appeal of Morris Keohokalole and Harry Whitney was brought up and these two experts on the game were at once made the umpires, a step which had been in contemplation for a week or ten days.

The teams as arranged for this afternoon's game are as follows:

Stars—Gorman, catcher; Castle and Babitt, pitchers; Davis, first base; Moore, second base; Bowers, third base; Brown, shortstop; A. Marcallino, right field; Kiley, center field, and J. Marcallino, left field.

Honolulu Athletic Club—Dayton, catcher; Kaai, pitcher; Pryce, first base; Thompson, second base; Williams, third base; Gleason, shortstop; Antone Louis and Aylett, right field; Kaanoi, center field, and Hansman and Jones, left field.

As will be seen from the above list, the Honolulus have put other men in the team in order to be ready for any emergency. They are confident that they will win but they do not intend to take any chances. In Kaai, their pitcher, they have the utmost confidence and do not feel that they will have to put any other man in the box. In their opinion, he will be able to pitch the game through to its very finish. The Stars are not so sure of their pitcher and so have put Castle on the list with Babbitt. Both these men while good for a little while, cannot stand hard work like Kaai and Joy, the latter of the Police team.

Both Kiley and Davis of the Star team will have to get a little faster move on this afternoon than was evident during the game against the teachers day before yesterday or else they will help snow their own team under. If people will but watch the game closely this afternoon, they will see that Gorman is the man who will work the hardest to win for the Stars.

The Stars have arranged the following batting order: Moore, Gorman, Brown, Kiley, Davis, J. Marcallino, Castle, Babbitt, A. Marcallino and Bowers. The Honolulus have not given out their batting order yet nor will they until the umpire shouts: "Play ball."

The only talk in baseball circles today is the game this afternoon and every man has been picked to peices thoroughly. Weak points have been located and from the sum total of these dissections, the sports have formed their opinions and placed their money.

It is expected that there will be a crowd of over a thousand people out to see the game. It is even said by some that the number will approach closer to the two thousand mark.

A number of police officers were at the Zealandia yesterday afternoon on the lookout for Matsuda, a Japanese wanted on the charge of embezzling $360. The simplicity of preparation recommends it to contractors and especially to any one not accustomed to such work.

Deputy Sheriff Chillingworth gave a number of the teachers of the transport Thomas a good time last evening. After a slumming trip to some of the most notorious dives of the city, the boys were given a dinner at the Grill. The following were present: Messrs. Moore, Gallup, Waldron, Sullivan, Johnson and McGovern, of the Thomas, and Messrs. Chillingworth, Cruzan, Agnew, Cam Chillingworth, Crook and Brooks of this city.

Exposure to Wet, dampness and cold invariably results in a sudden chill, which if not attended to immediately will cause a cold. By mixing a teaspoonful of Perry Davis' PAIN-KILLER in half a glass of warm water or milk, the whole system will be heated and the danger of cold avoided. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

NEW ORGAN DEDICATED

The program in connection with the dedication of the new organ at Kawaiahao last evening was carried out in a thoroughly satisfactory manner under the direction of Wray Taylor. There were no long waits between the numbers and everything went off smoothly. The church was very well filled, although there were quite a number of unoccupied seats. Prominent among those present was Queen Liliuokalani who sat in her enclosed pew with a number of lady friends. In the audience was a very liberal sprinkling of teachers from the transport Thomas. Honolulu music lovers were out in force.

The new organ, although a little stiff on account of its having never been played on before, gave forth rich tones that showed what it is capable of doing and also the perfection of the instrument itself. Its capabilities were best shown in the "Frolic of the Fairies" and the "Intermezzo" from Cavalleria Rusticana by Wray Taylor and "The Last Chord" by Prof. Ingalls.

One of the very best numbers on the program was the vocal solo by Mrs. Tenny Peck. Her voice has a quality that must delight any who hear her. She sang with ease and grace, her voice dying away in the last notes until just a perceptible murmur could be heard. An attempt was made at an encore but, realizing the place, the audience did not insist.

Prof. Maurice Beckwith showed his great familiarity with music in his rendition of that very difficult production of Mendelssohn, "O God Have Mercy." Miss Edith Rodgers, one of Honolulu's new singers, sang most pleasingly "Beyond the Gates of Paradise."

The Amateur Orchestra added very materially to the success of the evening's program, giving two well rendered selections under the leadership of Wray Taylor. Kawaiahao's well trained choir sang an anthem in the Hawaiian language in such good form as to bring forth hearty applause. The program of the evening was concluded with "Aloha Oe," "Hawaii Ponoi" and "The Star Spangled Banner" by Wray Taylor on the organ.

Mrs. F. Berger has donated a year's telephone subscription to ithe Y. W. C. A. much to the delight of the young ladies. Mrs. Berger had the telephone put in while Mrs. Brown was away.

SATURDAY.....AUGUST 3, 1901.

Japanese residents are putting Dr. Cofer in training for the Governorship.

Either Acting Governor Cooper is being assiduously misquoted as to his views on the special session or those who purport to quote him correctly are doing some tall prevaricating.

No sooner are the proprietors of illicit stills rounded up in the Police Court than a duly authorized legal distillery is broached. The coincidence is no reflection on the business scheme, but suggests that there is no reason why a business proposition should not be successful if the illicit joints find it profitable.

Delegate Wilcox states an unpleasant truth in depicting the difficulty of getting Italian labor through the gauntlet of San Francisco When San Francisco treats Hawaii's interests with such scant courtesy, it is about time for business men to consider the feasibility of patronizing another port for labor transportation at least. San Francisco is merely cutting off its nose to spite the face, since shortage in the labor supply here means a reduction in the volume of total trade done with this Territory.

The jury list for the August term of the Circuit Court is one that no one can complain of, except it be the leading business men, who under the administration of the High Sheriff were seldom if ever called to do jury duty. It is to be hoped these leading citizens will set a good example and not attempt to evade jury duty by various and sundry excuses. If they will accept the task in the proper spirit, their action will serve to influence others and the duties of the citizen will not be marked by a general scramble to shirk.

Honolulu has not extensively wined and dined the visiting teachers, but has extended all the courtesies outside the convivial features of entertainment. What has been done seems to have been thoroughly appreciated by the visitors and they leave with mutually pleasant memories of their stay. They have robbed no pineapple orchards, furnished the police with no amusement, thereby establishing a good name for Uncle Sam's new army of occupation not always upheld by the first one that passed through. If the United States has any more transport loads of schoolmasters and schoolmarms it is to be hoped they will be sent out by way of Hawaii.

MR. HITCHCOCK'S BUREAU OF EDUCATION.

The Bulletin has ever maintained that Acting Governor Cooper's appeal to McKinley was a huge joke, a farce comedy worthy of kindergarten play at American government. But it has remained to the evening echo of the kindergarten government in an inspired article to add the finishing touch that completes the amusement of the situation.

On a second reading of Secretary Hitchcock's letter it appears the Acting Governor finds his question "has not been answered at all." This inspired outburst of the echo teems with rich flavor of childish simplicity superior to anything sprung on the public by back country legislators or the immortal freak resolutions of Hoogs. There are, however, bright particular gems of expression bringing out the sentiments of Hawaii's Chief Executive that should be preserved in the archives of the Historical Society.

In the general discussion of the contents of Secretary Hitchcock closely typewritten three page letter stating that further legislation is required to make the Republic of Hawaii bond issue available for the Territory of Hawaii, there appear these expressive remarks:

"Is really no reply at all to the question put."

"This was not news to anyone in Hawaii."

"And the local government knows no more now than it did before Hitchcock wrote his letter."

"It is not the first experience of the kind local officials have had in correspondence with Washington THEY SAY."

"Secretary Hitchcock stated in his letter that he had not thought it WORTH WHILE to submit the question to the President."

"This appears to LOCAL OFFICIALS as a MASTERLY EFFORT at MISUNDERSTANDING."

Isn't this awful. Neither the resolutions of the Legislature nor Japanese citizens in mass meeting assembled have produced such an array of serious charges against any public official as is now registered against Secretary Hitchcock by the Chief Executive of Hawaii. A joint resolution signed by the two governors of Hawaii and possibly thirty-seven members of the Bar Association is now in order calling for the removal of Secretary Hitchcock. How can Hawaii expect to do business when such a secretary remains in office.

Each time these remarks of local officials are reviewed the clouds gathering about the horizon of Secretary Hitchcock's official head grow more ominous. He has written a letter on a subject of such importance that the Acting Governor held up the whole Legislature and patiently waited for the "next steamer." And Hitchcock after many days has responded with "no reply at all," something that "was not news to anyone," "and the local government knows no more now than it did before Hitchcock wrote his letter." Perish the thought. The fountains of knowledge have run dry and that too when A. T. Atkinson is Superintendent of Public Instruction and editor of the inspired evening echo.

But this is but the beginning of the righteous official wrath. Witness that "it is not the first experience of the kind local officials have had in correspondence with Washington they say." Worse and more of it. Correspondence from Washington is not accompanied by a map. This the local officials demand shall not continue. Having passed a resolution calling for Hitchcock's removal it should now be in order to return his letter with no news in it and demand that it be put in "such shape" as to meet the approval of local officials, particularly the Governors of the Territory.

The horror of the situation is finally depicted when it is stated that Secretary Hitchcock did not thnk it "worth while to submit the question to the President." Who is this man Hitchcock that holds up the correspondence of Hawaii's Acting Governor and doesn't even submit it to the President. Has the Acting Governor no rights under the constitution to impress upon Secretary Hitchcock the importance of these propositions that the President may drop everything else and attend to our wants.

Finally comes the verdict of the judge and jury: "this appears to local officials as a masterly effort at misunderstanding." Not ordinary but masterly. This man Hitchcock is no ordinary criminal. He is a bad man all around. Second thought suggests that removal is too good for him. The "local officials" sitting as judge and jury should have him sentenced to imprisonment during an interminable "transition period" from which there is no appeal.

Failing to accomplish the ends of justice in thus dealing with Secretary Hitchcock, the Bulletin would suggest that the critical and irate "local officials" petition Washington to accompany correspondence with a brick that the purport and intent of Washington correspondence may be hammered into the head of Hawaii's Chief Executive. The plain meaning of Secretary Hitchcock's letter was nothnig if not a polite reminder that the Chief Executive of Hawaii must do business with the Legislature, that the President has enough to take up his time without furnishing explicit directions for the government of Hawaii when Congress has given the Territory an Organic Act, that Hawaii must shift for itself and cease bothering the Federal departments wth its childish troubles. Had Hitchcock spoken his mind we doubt not that he would have asked the Acting Governor if Hawaii had a police force and if so direct that the Acting Governor summon one of its members and detail his troubles.

Even thin it is highly probable an inspired article would appear in one of the official organs to the effect that Secretary Hitchcock had not answered the question at all.

JAPANESE UP IN ARMS

The Japanese residents of Honolulu are up in arms against Dr. Cofer, the Federal quarantine officer, on account of alleged indignities committed upon Japanese people aboard the America Maru which recently arrived from an Oriental port. At a mass meeting last night on Nuuanu street there gathered over 2000 Japanese to denounce Dr. Cofer for alleged indignities imposed upon Vice Consul S. Okabe and wife and a number of young ladies who arrived here with them on their way to the United States to enter universities. According to statements made by numerous speakers last night, these Japanese were compelled by the quarantine officers to strip off their clothing and submit to a rigid examination, because there was a suspected case of the plague on board. The orators last night claimed that the wife of the consul and other Japanese ladies submitted to this treatment because they supposed that the Caucasian passengers, as well, would be inspected in the same way. When it was found that the Orientals were the only ones stripped, they began growing indignant and kept on growing indignant until the meeting last night.

The mass meeting was orderly. The speeches were temperate but sincere and earnest. It was clear that the Japanese felt that they had been subjected to abuse and in a calm, dignified, emphatic manner they registered their protest. The following resolutions which were adopted, with enthusiasm, express the sentiment of all the addresses:

Whereas, upon the entrance into port of Honolulu of the steamship America Maru from the Orient bound for San Francisco, upon July 25th, A. D. 1901, it was reported by the ship's physician to the Federal quarantine physician for the Port of Honolulu, to wit: Dr. L. E. Cofer, that there was a case of bubonic plague upon said vessel, and

Whereas, the said Dr. L. E. Cofer, as such Federal quarantine physician for the Port of Honolulu, made no attempt, upon boarding said vessel, to proceed with an investigation of the case of alleged bubonic plague, but at once proceeded to make a personal examination of all the Oriental passengers on said vessel without first ascertaining the necessity therefor, and

Whereas, the supposed case of bubonic plague was in fact not a case of bubonic plague but an entirely distinct disease and in no wise dangerous to the community at large, and

Whereas, such fact could have been readily and easily ascertained by a preliminary examination of the supposed sick person, and

Whereas, in the examination of the Oriental steerage passengers they were in some cases stripped partially naked, regardless of sex, and subjected to an examination by the male subordinates of the said port physician, acting under his orders, and

Whereas, said examination was conducted in an indecent and unnecessary manner, and misused by the said examining physician for the infliction of the grossest outrages upon the persons of said passengers, and

Whereas, this examination was confined to Oriental steerage passengers of other nationalities being made merely to pass before said physician and no attempt being made at examination, and

Whereas, no attempt was made to examine in any way the Caucasian first cabin passengers, they being merely required to pass before the examining physician, and

Whereas, among the first cabin passengers were the Japanese Vice Consul for the City of Honolulu, Mr. Saburo Okabe, his wife, and other ladies, together with other Japanese gentlemen, and

Whereas, the said Vice Consul and the other Japanese gentlemen were subjected to a physical examination of their persons after the Caucasian first cabin passengers had been passed by the examining physician with no investigation whatsoever, and

Whereas, the said Japanese ladies were first forced to expose their persons and then were subjected to a physical examination thereof by the male examining physicians, in a manner outrageous and revolting to their feelings and delicacy, after the Caucasian lady passengers had been passed by the physician with no examination whatsoever, and

Whereas, these examinations were made by the direct orders and under the supervision of said United States physician for the Port of Honolulu, Dr. L. E. Cofer, and

Whereas, all these facts are of general notoriety and have been established by the undenied statements made under oath by those subjected to this outrage, and by the statements of other witnesses thereof; and as a part thereof have been admitted by the said Dr. L. E. Cofer;

Now, therefore, be it resolved, by the Japanese citizens of the City of Honolulu, in general mass meeting assembled:

First: That the entire examination as conducted in this case was precipitate, uncalled for and due solely to the lack of foresight and to the impetuousness of the said Dr. L. E. Cofer in proceeding therewith before ascertaining whether the necessity for such examination existed.

Second: That the method of examination was unnecessary, unusual and in violation of common decency; that it was an insult to womankind at large, regardless of race or color;

Third: That as such it deserves the reprobation and condemnation of every honorable man; and that those who are responsible therefor are deserving of the sharpest censure and punishment for their participation therein.

Fourth: That the examination as conducted was an unjust and unreasonable discrimination between the Oriental and the Caucasian passengers and a direct and personal insult to the former, and to the Japanese Government in the person of its Vice Consul for Honolulu.

Fifth: That the said Dr. L. E. Cofer, Port Physician of the United States for Honolulu, has, by his conduct in this matter and his responsibility therefor, shown himself a person of narrow mind; hasty and ill-advised in action; actuated by race prejudice and local feeling; lacking in courtesy and decency and a proper respect for womankind; that he is an unworthy representative of the Government of the United States for the important position that he at present occupies; that his conduct in this matter deserves, and we do hereby give it, the strongest censure and condemnation.

Sixth: That his conduct in this matter has shown his total unfitness for his position; that his continuance in office at this port, where there is constantly a large Oriental travel, will be a source of constant bitterness and friction between the Japanese and himself and between their respective Governments.

Seventh: That for all of these reasons we do hereby ask his removal from the office which he now holds and for the appointment of some other person more suited therefor by education, training and judgment.

Eighth: That a copy of these resolutions be forwarded to the President of the United States, to the Senate of the United States, to the House of Representatives and to the Japanese Minister at Washington, with the request that action be taken thereon.

GROCERS SHOWN UP!

OFFICE OF
CARROLL WHITAKER
ATTORNEY.
HILO, HAWAII.

Hilo, Hawaii, June 7, 1901.

Dear Sirs:—In my innocence I purchased here in Hilo a jar of your Pin-Money Pickles (put up by Mrs. E. G. Kidd, Richmond, Va). It brought me great trouble, and one of three things must occur:

1. You must stop making them; or,
2. I must get them at less expense; or
3. I'm a ruined man.

Since my first venture I've had many "jars." My family from early morn cry "Pickles;" neighbors ring the door-bell and shout "Pickles;" relatives visit me in expectation of "Pickles." Your pickles are my Nemesis. Please, Dear Sirs, quote them by the Keg, Barrel, Hogshead, Ton or Shipload, and "preserve" me.

Yours very truly,
CARROL WHITAKER.

PACIFIC UNION OIL CO.

Located in the Famous Coalinga Oil Fields of California.

Proven oil lands, completely surrounded by as rich oil-producing wells as there are in the State, yielding from 50 to 250 barrels per day.

Contract prices for oil at the Coalinga wells, 70 cents per barrel.

With twenty-five producing wells of 100 barrels each per day, you can make your own calculation as to profits.

The oil industry of California is in its infancy, yet many fortunes have been made by judicious and lucky investments in oil stock. Many more will be made in the near future.

The average advance on original sales of oil stock in twenty leading companies in California has been from \$1 to \$168 per share.

Oil lands have advanced from \$1.25 to \$1,000 and \$2,000 per acre.

When the Pacific Union Oil Company has a number of producing wells on its property, its stock will have the same show for even a greater advance, as some oil stock has advanced from \$1 to \$1,500 per share.

The Pacific Union Oil Company has no salaried officers, and is controlled by well-known gentlemen of integrity, who will see that the money derived from the sale of stock will be legitimately applied to the development of its property.

For further information, apply to J. H. FISHER & CO., Stock and Bond Brokers, and Hawaiian agents for the sale of a limited amount of Pacific Union Oil Company stock. Stangenwald building, Merchant street.

At Murphy Hall.

There was a large attendance of school teachers from the transport Thomas at the meeting in Murphy hall last evening, it having got abroad that Franklin Austin was to deliver a lecture on the Hawaiian Islands. Mr. Austin welcomed the visitors and told them that he hoped they would go forth into the Philippines and carry on the good work of winning people away from strong drink. After a few songs by various people on the program of the evening, Mr. Austin proceeded to give the teachers a description of the manner and customs of the Hawaiians, touching very briefly on ancient history and the transition period.

MANY A MOTHER'S WISH.

Many a mother of a peevish, restless sickly child has wished that her little one was as strong and rugged as an Indian babe. Such mothers can make their children strong and well, if they rid the child's system of worms, which cause nine-tenths of children's troubles. Kickapoo Indian Worm Killer will do it. For centuries the Indians used it to make their babes rugged, powerful, fearless. What it has done for the child of the forest it will do for the child of the civilized—cure. That is what it has been doing for years. You can get it of your druggist for 25 cents. Be sure to get the genuine. The child's life is too precious to trifle with worthless substitutes. PROTECT THE FORESTS

The civilized world seems at last to recognize the necessity for saving the great forests which the progress of manufacturing industries is bent upon destroying. England has appropriated an enormous sum to be devoted to the preservation of the famous and historical Epping forest; France has made the destruction of trees without the consent of direct authority a misdemeanor, punishable by fine and imprisonment, and our own Congress and Legislatures are seriously considering this important matter. Even the Board of Aldermen of the city of New York has appointed a committee to inquire into the matter of saving the stately elms which now adorn the upper Boulevard, and must be removed in the construction of the underground railroad.—New York Ledger Monthly.

Colorado has paid a great deal of attention to fish and game, but has neglected the forests. The people of the State do not seem to realize that the passing of the forests will be the passing of the game and fish. The mountains will no longer retain the snow, feeding it gradually to the streams. The snow will melt quickly, the water will flood the country, and after the flood will be dry creeks and naturally the complete extermination of the fish will follow. With the drying of the streams, too, irrigation will become an impossibility and the present rich agricultural lands of Colorado will become barren wastes, not fit even for taxation.—John P. Brown, in Denver Field and Farm.

A. L. Fellows in the same journal pointedly says: In spite of the self-evidence of the proposition that every individual in the State is inerested in the conservation of our water supply to its greatest possible extent, there is a woeful apathy to the wholesale destruction of our forests, which are after all our best regulators of flow, a fact easy of demonstration. Communities seem to take pride in denuding as rapidly as possible our forest areas, even those that are highest up on the streams where the timber is most needed. This is done, too, without reference to the reforestation, but apparently with the intention of clearing the land in such a way that trees shall never grow there again. Large and small trees are cut indiscriminately and the branches left lying about in such a way as to invite forest fires and thus destroy the undergrowth.

Mrs. Enpeck—You acted like a fool when you proposed to me.

Enpeck—That wasn't acting, my dear.

Doesn't sound as if it could be true, does it ?

BUT IT IS TRUE, AS WE INVITE YOU TO DISCOVER THIS MORNING. There are several hundred of them—these Corsets—in eighteen different styles ; and none of them were ever before sold for less than a dollar and a quarter. Reason why they're so cheap ? Fact is we have too many. Free to confess that. Everybody makes mistakes in buying sometimes, and we—well, we must "pay the piper." Come in and see them, it will be strange enough if you don't find some among them that will fit you as comfortably as the proverbial old shoe, and fit you without sacrificing stylishness, either.

IN THE CIRCUIT COURT OF THE FIRST Circuit, Territory of Hawaii. In probate, at chambers. In the matter of the estate of A. C. Pestana, deceased. ORDER TO SHOW CAUSE ON APPLICATION TO SELL REAL ESTATE. On reading and filing the petition of M. A. Gonsalves, of Honolulu, Island of Oahu, as administrator of the estate of A. C. Pestana, deceased, late of Honolulu aforesaid, praying for an order authorizing and licensing the said administrator to sell certain real estate belonging to said estate described as follows: All that certain parcel of land, situate on the East side of Makiki Street, Honolulu, Oahu fronting 141 feet on said Makiki Street, with a depth of 170 feet, and bounded on the mauka side by land of John Ouderkirk on the Waikiki side by land of Hoogs, and on the makai side by Enos Lane, being a portion of the land described in Royal Patent No. 6035, and containing an area of 2,690 square feet, with two cottages thereon; and setting forth certain legal reasons why such real estate should be sold to wit: That there is not sufficient personal property belonging to said estate to pay the valid debts against the same, and that such debts aggregate the sum of $2551.91.

And it is further ordered that notice of this order be published at least three successive weeks before the said day of hearing in the Evening Bulletin, a newspaper of general circulation, published in Honolulu aforesaid, the last publication to be not less than ten days previous to the time therein appointed for said hearing.

Dated Honolulu, T. H., this 31st day of July, A.D. 1901.
