AND STILL THE SCANDAL GROWS.

(Special Correspondence of THE INDEPENDENT, by Charles A. Edwards.)

WASHINGTON, June 8:

The scandal in the Post-Office Department is still holding the boards as the chief attraction in the nation's capital. It has grown to such proportions that some of the republican politicians are beginning to gasp and to ask where it will end and who will be the next victim to land in the toils. The outcome of this thing has verified all my predictions anent the rottenness that would come to the surface, if it were pursued to a logical conclusion. Ever since the return of the Postmaster General, who was paralyzed by the revelations that confronted him, he has been doing his level best to cover up the investigation and to suppress it.

The top has only been scratched and the people do not know one-tenth of the corruption that lies beneath.

More and bigger scandals are yet to come out, involving officials of high degree provided they are not suppressed by the administration. It is not likely that the whole truth will ever be known, for even if a congressional investigation were ordered it would be in the hands of the republicans who are interested in suppressing the facts that could be uncovered. The railway mail service offers a fine field for exploration, and if some of the reports are true that are openly talked in Washington, the worst scandal by far has not yet been developed. The Star Route frauds, of malodorous memory, would never have been unearthed, if a democratic Congress had not been elected and the whole truth about present conditions will lie concealed until the voters conclude to give the democrats the opportunity to clean out the Augean stables. Fraud and corruption are rarely uncovered by the political friends of those guilty of the crimes. Aside from this there are so many congressmen either directly or indirectly involved that great pressure will be brought on the honest men to let up for "the good of the party." The truth will be brought out only by the intervention of democratic investigators. The people know how to get them if they want them.

The manner in which clerk Gilmer was reduced in salary and placed in such a position that he could no longer stick his inquisitive nose into the business of some high officials who were interested in a graft will be a lesson to other government clerks to keep their eyes and ears closed. They must never see or hear anything that is crooked. That is peculiarly a republican method of teaching honesty in public office.

The Postmaster General "regrets to report" that one of the assistant attorneys in his department has been arrested for boodling. It is also sad to relate that the prisoner charged with the crime is a good

THAT HIGH LIFT PUMP.

This cry of "water for the higher levels" has become an old saw. Way back in the old days "water for the higher levels" was the slogan in every campaign of the Ministry for money for the Nuuanu valley system. Certain it was, each time, that if the appropriations were forth coming there would be "water for the higher levels." Then a vast and expensive pumping system, with an immense reservoir far up on the slope of Punchbowl, was planned. At the time the money was solicited of the Legislature it was represented that if it was not forthcoming the "higher levels" would simply go to — — the lantana and mangoose. It was stated at the same time that if the new system was authorized there would no longer be any trouble, and that the very dear "higher levels" would be forever saved. Then came the agitation for a high lift pump, with the same old chest nut. Now we have it that the Beretania pumping machinery, which has hardly had time to wear off its factory grease, is getting along in its dotage, and that there must be the lift pump and a reservoir still farther up the mountain to save the "higher levels."

How long is this thing going to last? If the "higher levels" persist in this bi-yearly plea for money, it would seem to be pertinent to inquire into the value of the property to be benefitted. In place of pouring out money like water to supply this sparsely settled and undesirable residence locality, it might be cheaper and a stroke of economy for the government to buy the land and turn it into a public goat pasture.

The practice of land agents in opening large tracts, without the ordinary but most important convenience of water, is to be condemned. There should be a law prohibiting the opening of suburban tracts for settlement until there is ample water on the lots for household purposes and protection from fire. Senator Achi is particularly derelict in this regard. Were it not that the houses are far apart his Puunui settlement would have been wiped off the map by fire long ago, and the people up there still have to sift the wigglers out of their drinking water. Kaiulani tract is better, but at large public expense—all for the benefit of the promoter. Now Mr Achi wants the new high lift pump installed in Kalihi to further enhance the value of the lots he has there for sale.

We say sell this pump for its cost, $17,000, and put the money back into the treasury where it belongs. If Mr Achi wants additional water on his property, let him buy the pump and instal a system, as Gear, Lansing & Co. and others have had to do.

TOPICS OF THE DAY.

So the Hanalei brought a load of beach sand from Midway Islands as ballast. It is now in order for Mr E P Dole to make them take it right back, it having been procured below high water mark.

It was noised about that the Governor was to send in today to both the Senate and House a veto message, which he is having prepared, on the bill relating to the unpaid bills, but he had no opportunity to do so, as the Senate adjourned within five minutes of meeting and the House some fifteen minutes or more later. The Governor's ten days limit expires today on that bill. What the outcome will be, is yet to be seen.

Representative Chillingworth was about correct in caucus on Thursday when he said that "the Pahoa Water Works was like Banquo's ghost, it will not down. It managed to creep in in more ways than one; through the windows, under the desks and over, and now it has come into the Loan Bill." This was reiterated yesterday by Representative Andrade with regard to the insertion of the survey of the School street extension.

At Keokuk, Ia., President Roosevelt was presented with a miniature fac simile of the first American flag made by Betsy Ross, a gift of a descendent of the flag-maker. It is not stated, however, that the donor called attention to the fact that the Betsy Ross flag is not the one that was raised over Hawaii against the will of the people; and now is made to stand for an un American colonial system in the Philippines. That change was made by the Republicans.

The House Chaplain, in his invocation at the opening of this morning's session, offered thanks for yesterday's success in the efforts of both the House and Senate in the cause of charity towards the coming enjoyment for our afflicted ones, and further, he asked forgiveness for those who made light of his prayers yesterday, for they did know not what they were doing. Many were the suppressed laughters, while his eyes were closed and his arms outstretched, when he came to these passages in his invocation.

"I would rather have a gambling license in Honolulu than a license to steal," remarked a business man who is in position to know the profits of this species of industry. A few hours later a saloon man, in another part of the city was heard to say: "Without gambling the saloons of Honolulu will never pay again." His theory was that with poker, etc., and gambling in the saloons there would be more "treating" and money would flow more easily. It seems to us that the two opinions disclose the very best of reasons for putting the screws down even tighter on gambling.

We consider the message of Governor Dole to the Legislature in regard to the method of considering and pro rating the County items in the loan bill a piece of raw impertinence. His proposition is sound enough; but Legislators are supposed to know their duty, and the action of the Governor in butting in with his caution can only be classed as Executive "gall." The House did exactly right in tabling the message, and it is to be hoped that the next time the Governor wishes to make a grand stand play he will think twice.

Under the Federal law the available land would be thrown wide open to everybody, and people already here, whether farmers or not, could obtain large tracts subject to mild conditions. It would be possible for big land-owners to stake out dummies and get the best of the public domain for grazing or speculative purposes.—Advertiser.

The Federal land laws do just the opposite to the averment in the last sentence quoted. It requires the home-steader to settle upon and improve the land, and even after the period of homesteading is over every discouragement is thrown in the way of the transfer of small holdings to big land-owners and speculators. Here, under the Hawaiian law, there is no such safeguard and protection.

Paralysis

is sometimes caused by overwork, either mental or physical. There are many other exciting causes, such as exposure to cold, excesses, emotional influences, etc. The approach of the disease is generally gradual. Frequently the first warning is a vague feeling of headache, vertigo and muscular weakness.

Dr. Williams' Pink Pills for Pale People

restore the nutrition of the nerves and have cured many cases of paralysis when all other remedies and methods of treatment have failed. The record of this remedy entitles it to a thorough trial.

Perhaps there is no man better known in the city of Lawrence, Kansas, than Mr. G. H. Snyder. To a reporter Mr. Snyder related a wonderful story. He said:

"I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not relish my food. At last I became so bad I was unable to move about. I consulted several distinguished physicians, one telling me that I had locomotor ataxia, another that I had creeping paralysis. I took their medicines but they did me no good and I continued to grow worse.

"One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I immediately commenced their use, throwing all other medicines away. Before I had finished my first box I found that they were benefiting me. I used twelve boxes in all and was perfectly cured."
—*From the Journal, Lawrence, Kan.*

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent, postpaid, on receipt of price, 50c. a box or six boxes for $2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.

IN EXTRA SESSION.

The Second Legislature for the Consideration of Appropriation Bills.

THE SENATE—FORTY THIRD DAY.

Met pursuant to adjournment, and after disposing of the usual preliminaries, adjournment was immediately taken within 5 minutes.

THE HOUSE—FORTY-THIRD DAY.

The Vice Speaker called order, and after the usual preliminaries had been disposed of, Kealawas immediately presented the following resolution:

"Resolved, by the House of Representatives, the Senate concurring that the members of the baseball teams who muffed all balls yesterday, and who failed to find them, should be made to run around the the Capitol Building five times at 12 o'clock noon this day." Ruled out of order. He also presented two others, both treated in the same way, one being to increase the pay of the D puty High Sheriff for the able manner in umpiring yesterday's game, and the other with reference to the Senate.

Bills on second reading were then taken up and disposed of as follows:

Senate Bill 14, extra Senate expense, was, on suspension of the rules, passed, although Kupihea moved to refer to Public Expenditures and failed. Senate Bill 13, giving an appropriation for the Auditor to prepare blanks and books for the respective counties, was also passed on suspension of the rules, and the same with House Bill 6, unpaid bills of Lahainaluna Seminary, and Senate Bill 12, to extend the time of the Emergency Bill passed at the regular session.

On motion of Paele, adjournment was taken at 10:30 o'clock to 10 a m Monday.

The House Wins.

Those who imagined that members of the Senate and House could not play baseball have another guess coming. It was clearly demonstrated yesterday afternoon that fully one half of them knew what to strike at when they saw a ball coming their way, and not over two men tried to hit the sphere when driven from bases or field to the catcher. The fielding was good, especially when the outposts could bunch and get their open hats together under the ball. Rips in the air, made by false lunges of the willow, were stitched up promptly and will probably not seriously interfere with pitching and batting this afternoon.

About 1,000 people witnessed the game, and it is believed that the receipts net will reach $300, which will be sent to Molokai for the leper's July 4 program. The score at the end of the game stood 18 to 14 in favor of the "inferior" House.

The receipts so far as known are as follows: On the grounds, gate receip's, $34.80, and sale of chairs, $18 25, making a total of $103 05. Tickets sold by the House realized $127 and by the Senate over $90, with more yet to hear from.

Kinau In Early.

The Kinau, from Hawaii and Maui ports, arrived shortly after 10 o'clock this morning after an uneventful round trip. She brought the following passengers:

Mrs C M Solan, J C Cohen, J T Stayton, F Davey, Major Harris, A Garvie, wife, child and maid, W S Wood, Miss Angus, Alexander A Young, Miss M Havens, Mrs M S Cook, Joe Taylor, Brother Mathias, Mrs J T Verstom, Albert Nawahi, J A Maxfield, Mrs Col French, Mrs Major Harris, Master M Kopa, E W Barnard, Mrs E C Bond, Mrs E A Irish, Miss Mary Logan, Miss E R Quinn, Rev S W Kekuewa, Miss Lily L Williams, M F Botelho, Geo H Robertson, A L Ahlo, Miss Helen Nakashiki, G W Hayselden, J F Darcy, Yee Sheong, Dr Y Miyata, Rev J Mathews.

She brought the following cargo: 1 horse, 74 hogs, 86 cords wood, 9 sks coffee and 150 pkges sundries.

Baseball Game.

This afternoon's baseball games at the new League park promise to be the most interesting yet played this season. Down town entusiasm brightened up to a white heat during the week, and indications are of a record audience for both games. Betting is about even on the Punahou-Honolulu game, which started at 1:30. In the Kamehameha-Elks game, which starts at 3:30, betting is two to one on the side of the big Elks.

republican and was vouched for by that good and great man, Senator Fairbanks. The good state of Indiana seems to be furnishing more than her share of these patriots for pelf discovered in the post-office scandals.

The republican post-office stew is getting thicker by the addition of ingredients almost every day. It is now reported that a United States Senator is mixed up in a charge of boodling in the interest of one of the get-rich quick concerns for which he used his influence with the department. Evidently this is what the republicans call "running the government and the country on a business basis."
