Home Rule Leader Schemes For Hawaii Party

Poepoe Wants To Organize Hawaiians Into Special Party

HOME RULE LEADER'S POLITICAL TALK

The approach of the campaign is commencing to create a stir among the Home Rulers. It is unattended by no small uneasiness to them. When interviewed yesterday, Mr. Poepoe, one of the leaders of the Home Rule party who was candidate for Sheriff at the County election, did not hesitate to express the fear that the importation of the Molokans into the Islands will cut some hole in their voting power. While it would not affect them very much this time, still he fears that the time is not far distant when it would tell, if the proposed immigration measures are carried out.

While the party has been reorganized, still nothing has been done in precinct clubs. Mr. Poepoe, when asked as to whether or no the Democrats and the Home Rulers would fuse again, was indisposed to answer the question directly, but referred to the victory of Messrs. Trent and Moore at the county election, which he hinted was at the expense of the Home Rule vote to a large extent.

He contends that if the straight ticket had been voted for by the Fusionists, some of the other candidates on the fusion slate would have been elected. Beyond this, which he terms singular, he would say anything. He left his interviewer with the strong impression, however, that the Home Rulers will oppose any terms of fusion.

Mr. Poepoe's idea is, as appears from the editorials in his daily paper known as the Kanaiaupuni, that Hawaiians should all belong to, or form, one political organization. When asked if the intention of such course, if pursued, would not be for the purpose of maintaining the cry, "Hawaii for Hawaiians," Mr. Poepoe said, "Not at all. We

High Official Declares Reformers Should Get a Lawyer

LET W. C. T. U. AND CIVIC FEDS QUIT POLITICAL GAME

MR. RICHARDS WANTS OFFICIAL BACKING—COOKS FROM GOA. CHOP HOUSE WISDOM AND HOT AIR.

I'm a member of the Civic Federation and I'm proud of it," said The High Official at Nolte's chop house this morning, tearing up his ten-cent coffee check in a fit of earnestness. "I'd like to know though what is the object of the Federation."

"I'd like to know also," remarked the Consular Representative.

"Me, too," said the Broker.

"And I," chipped in the Pedagogue.

"They say they're going to purify politics," said the Reporter.

"Oh, violets!" said the High Official, "the sooner the Civic Federation and the W. C. T. U., and such, drop newspapers and politics and get down to work, the sooner will they begin to accomplish something. I told Teddy Richards so this morning. Teddy was real mad. He wants to fight the saloons and he's been nagging me to back him up."

"What did you tell him?" asked the Pedagogue.

"I told him," said the High Official, "that he'd never accomplish anything by trying to put holokus on prizefighters or by saying mean things about the saloons. 'Do what the reformers do on the continent,' I told him, 'retain a good lawyer like Billy Rawlins,' I said, 'and go about the business in the right way. Let your lawyer find out how to punish the jawbreakers.' Without a lawyer these sons of light will never turn a stone. Richards complains that the courts don't hit liquor offenders hard enough. Again I say: Violets! Let them hie speedily to a lawyer."

"What's your attitude in the game?" inquired the Broker, breaking a toasted bun and raking together his "scrambled Spanish."

"What game?" asked the High Official, He's always sparring for time.

"Politics," said the Broker with his mouth full.

"I don't know, nor do I care a thing about it," said the High Official, looking to see what the Reporter was scribbling on the marble table slab. "I don't ever expect to be a Higher Official and I have nothing in the world to lose except my present High Official job. I'm not paying any attention to politics. I'm a Civic Fed."

The Consular Representative dropped his spoon. The Pedagogue proceeded to be lost in an article entitled "Nothing for Nothing" in Town Talk. The Broker spluttered so he had to rake his "scrambled Spanish." The Reporter made another note on the marble.

"What are you all laughing at?" inquired the High Official. "That's the chief trouble I have to buck against—you people won't take a man seriously.

BREAKING INTO SCHOOL

Or a "Mystified Mother's" story of her attempts to gain education in Honolulu schools for her children. Every parent should read this statement that will appear in

SATURDAY'S BULLETIN.

Third Special Venire

This afternoon the second venire of jurors in the Johnson case was exhausted, and still half the peremptory challenges are left on both sides. During the afternoon session the prosecution used one of its challenges on C. F. Merrifield, while the defense excused E. A. Lloyd and Wm. Rose.

The following special venire, the third in the case, was then issued and made returnable at 10 a. m. tomorrow:

John H. Markham, David Notley, Henry D. Silliman, Chas. H. Pfeiffer, O. C. Swain, Chas. Valpoon, John Neill, A. B. Doak, Henry Foster, Henrich Gumpfer, Henry C. Carter, Wm. Allen, Julian D. Harries, Geo. W. Scott, Jas. D. Cockett, J. R. Logan, Fred J. Smith, D. O. Sherman, J. W. McDonald, Fred C. Clark, Bertram V. Damm, Alexander Gardner, John Brown, J. W. Maguire and Chas. W. Booth.

CLAIMS WASHINGTON WILL OBJECT TO FILIPINO SCHEME

"There will be a telegram from Washington stopping this Filipino business should Marsden's suggestion be followed out," said a man this morning who might know something of the immigration business.

"If we can get Filipinos from the Philippines, we can also get Japanese. If we can get Japanese, we can also get Chinese, provided they will come, and there is nothing special doing in the Philippines, so if they have any surplus of that character we might get them. I don't know anything about it, but I am inclined to think that the Filipino proposition will not work. I haven't the least idea that the planters would change over to the Japanese or Chinese of the Philippines, but I just make the prediction that the proposition will not be allowed."

GOVERNOR ATKINSON VISITS THE OREGON

Acting Governor Atkinson this afternoon paid an official call on board the Oregon, where he was given the Governor's salute. He was accompanied by Captain Sam Johnson and Dr. Wylie.

STOCKS ADVANCE

The Waterhouse Trust Company this morning received cable quotations from San Francisco on the following stocks: Hawaiian Commercial and Sugar Co., $84; Makaweli, $34.75; Paauhau, $19.25; Onomea, $29; Honolulu Plantation, $31.

With a population of only 3,315,345 Switzerland has a foreign trade of more than $400,000,000 a year.

IN THE MATTER OF YOUR WILL

It is a most common occurrence that one says, "Oh, I will attend to my Will later," and then loses the opportunity to do so, either through accident or sickness. It is not wise to delay making your Will. Better do it at once. We shall be happy to give you any advice that lies in our power and will help you to draw up your Will in proper legal form.

Hawaiian Trust Co., Limited., Fort Street, Honolulu

Co. D. IS CHASING The Admiral FOR FIRST PLACE

MOST SENSATIONAL ADVANCE IS MADE

Hawaii certainly touches the high places when it comes to an automobile. Only a few days ago Admiral Beckley was looked upon as the Hawaii candidate of this year and started off at a pace that made everyone look up. Suddenly Co. D of Hilo, which had been following along in the "also ran," class, began to loom a little. It jumped to fourth place. This week it puts in something over eighty thousand votes and comes so near getting ahead of the Admiral that it is up to his followers to hustle.

Co. D has been rolling up votes at a tremendous rate and is still believed to have friends in reserve. It all goes to show that an automobile is never won till the last votes are counted. What one there is down low in the list who will be looming up in the near future, would be very difficult to predict, but it is a foregone conclusion that there are more than ten in this race to stay.

St. Louis College Alumni were dropped down one this week through the phenomenal advance of the Hilo Co. D boys. They are keeping up their consistent balloting, however. They have an army of supporters who can be depended on to put in just about so many each week, and the subscriptions come along very regularly. St. Louis can bank on about ten thousand a week with all over that figured as gain.

Next to the Co. D boys Purser Friel of the Mauna Loa has made the largest individual advance. He is now up in the five figure list with more than fourteen thousand. His votes come from all over and it would not be surprising to see him chasing the leaders with a larger sized backing of votes one of these days.

Maui has kept well to the mark with Judge Kepoikai, though he has not quite reached the hundred thousand mile post. He has a first class backing. Some of the friends of others thought the judge ought to quit, so they might get his votes. That isn't the judge's style. He was asked to quit office once and the people know what he did. They might just as well ask the judge's friends to throw him into Kahului bay as to urge them to lay down in this little affair. It is no secret that Maui expects to land the auto this year.

Kauai has kept up its end without any notable change of position. The Kegel Club and Mrs. Wright are keeping together by about the same margin. Miss Sheldon's friends cast about five hundred for her, and J. de Braga remains at the same figure as last week. This voting business is like life. You can't stand still. If you don't go ahead you certainly go back for the other fellow is always active.

In Honolulu the contestants outside the notable leaders have done fairly well. The Diamond Head boys cast a lot of individual ballots and the Aala club did the same. Mrs. Dickerson's friends cast nearly an even thousand to her account, while Louis Miranda comes up among the first people in the two thousand row.

One of the new entries this week is the Anti-Swear Society. It is probable that this will have to be cut out as it is impossible to locate its headquarters or find anyone who will make affidavit that he is not eligible. There is no swearing among the Bulletin contestants. They are all getting a square deal.

As a guarantee that all the votes will be available for the final count the Bulletin has made arrangements with the Henry Waterhouse Trust Company to place the ballots in their big safe deposit vaults. If there is any safe place in town, that is one and as soon as the votes are counted each week they will be sent down to the vaults, where they will remain until the official counters get in their work and decide what shall be done with them. Every vote cast in the contest will be preserved so that a complete recount may be made if the final judges deem it necessary. The standing after the count this morning follows:

Admiral Geo. C. Beckley	151131
Co. D, N. G. H., Hilo	141238
St Louis College Alumni Association	117636
Judge A. N. Kepoikai	98977
Diamond Head Athletic Club	30624
Lihue Kegel Club	28211
Mrs. Lucy Wright, Waimea, Kauai	23483
Jas. L. Friel (Mauna Loa)	14222
Leo Lorrillard Cummins	13314
Aala Club	11654
Thos. C. White, Kealakekua	10739

Fighting Blood Is Stirred

There was considerable more of a spirit of controversy shown in the argument of the demurrer and motion to quash in the Kapiolani Park case today than one had a right to expect in a test case before Judge Lindsay today. Attorney General Peters and County Attorney Douthitt presented their cases with some warmth and even handed each other some backhanded compliments.

The case was brought by E. C. Peters, representing the Pacific Oil Transportation Co., in the form of mandamus proceedings against County Auditor Bicknell, to force him to pay the County a claim for material sold to the Kapiolani Park, for the purpose of ascertaining by a decision of the Supreme Court whether the County has a right to expend money on parks under the control of the Park Commissioners. Douthitt filed a demurrer to the writ on the grounds that it did not state sufficient facts, and a motion to quash on the grounds that the demand was made on the Supervisors by F. C. Miller, while the Pacific Oil Transportation Co. appeared as the petitioner,

(Continued on Page 5)

Wong Hong Is Again In Trouble

Wong Hong, the Chinese gentleman who sold a friend a certificate of Hawaiian birth to assist him in smuggling himself to the mainland, was this afternoon arrested on a charge of subornation of perjury by Marshal Hendry. The complaint shows that Wong Hong suborned one Wong Koch Yii to commit perjury before Immigration Inspector Cully. This fact was brought out in the preliminary examination of Wong Kock Yii, who testified that Wong Hong gave him a paper giving the answers which he wanted him to give the officials in order that he could make himself tally with the description of the man whose name was on the certificate he had bought.

Wong Hong was a few days ago arrested on a charge of conspiracy to violate the immigration laws. He waived examination before United States Commissioner Maling and was committed. He was released on bail and the added charge of subornation, which under the law is as serious offense as perjury, undoubtedly comes as a surprise to him. Wong Hong is the man who is alleged to have claimed that he had bribed some of the Immigration officials.

The Acting Governor believes that the new liquor license laws have caused an alarming increase of drunkenness, especially among dock laborers, and that much adulterated liquor is being sold.

The heads of the various committees of arrangements for the Eastern Star Fair to be held at Haalelea Lawn on May 5th will meet at the home of Mrs. H. H. Williams, corner Richards and Beretania streets, Friday evening at 7:30. *

Argument on the beef trust demurrers was closed yesterday. Judge Dole allowed the defendants ten days in which to file briefs, the United States ten days thereafter to answer, and the defendants five days subsequently for closing briefs.

BREAKING INTO SCHOOL

Or a "Mystified Mother's" story of her attempts to gain education in Honolulu schools for her children. Every parent should read this statement that will appear in

SATURDAY'S BULLETIN.

The Acting Governor has answered the Kealia petition, asking him to prevent the issuing of licenses to a couple of saloons, by stating that the last Legislature took away the Governor's power to act in the matter, and calling the attention of the petitioners to the desirability of having this change cancelled.

Albert Afong has received a cable from Davenport, Iowa, announcing the serious illness of Mrs. Whiting, mother of Miss Bessie Whiting, who visited here last year with Mrs. Julia Afong. Mr. Afong may leave on an early steamer. The marriage of Mr. Afong and Miss Whiting was to have taken place in June.

The Acting Governor has set certain days on which he will see the department heads. On Wednesdays he will see Land Commissioner Pratt, Superintendent of Public Instruction Babbitt, High Sheriff Henry, Surveyor General Wall and Attorney General Peters, and on Thursdays President Pinkham of the Board of Health, Treasurer Campbell and Superintendent of Public Works Holloway.

Rough weather is reported at Keanoe by the steamer Claudine, which arrived from Maui ports at an early hour this morning, with 6000 bags of Kohala plantation sugar on board. Prevailing southerly and westerly winds were experienced on the return trip. The Claudine carried a lot of excursionists from Lahaina and Kahului to Kipahulu to attend a Sunday school convention. The bark Foohng Suey and schooner Kineo are loading sugar for New York at Kahului and the schooner Allen A is at Mahukona loading for San Francisco.

CRITICISES INSPECTORS

DISPOSITION OF GARBAGE IS DIFFICULT PROBLEM

BOARD OF HEALTH PASSED QUESTION UP TO ATTORNEY GENERAL FOR A LEGAL OPINION.

The question of the disposal of garbage exercised the ingenuity of the members of the Board of Health when they met yesterday. As the Supervisors refused to run the crematory and the dumps had been declared insanitary, there was now no legal way to dispose of garbage. Dr. Judd said that to use the dumps again was to take a step backward at a time when on all sides efforts were being made to beautify and improve the city.

"If the Supervisors could put up a lot of money to have Park Expert Robinson come here to beautify the town, they ought to be able to spend some on the crematory," suggested Fernandez.

"I think the same," said Dr. Wayson.

"How would it be to appoint a committee to talk the matter over with the Supervisors?" asked Judd. "Perhaps they don't quite understand the situation."

"It's not a question of understanding," said Wayson. "They understand all right. It would be of no use to appoint a committee. Jack Lucas would only let out a lot of hot air, and that would be the end of it. That Dr. Cofer thinks the dumps are sanitary, as they say, has nothing to do with the case. We don't think so."

It was finally decided, on motion by Judd, to have the President confer with the Attorney General about the matter.

A letter was read from J. L. Woods regarding the establishing of a natatorium on the Ewa side of the Y. M. C. A building. The water will be taken from the Young Hotel artesian well, which, as it comes from a depth of 6,000 feet, is free from microbes. Pinkham stated that the plans submitted were satisfactory, and the Board decided not to interfere as long as the baths were sanitary.

The action of President Pinkham in discharging Morgue Attendant Miller and making some other changes in the Board of Health staff was approved. In this connection Dr. Wayson got in a shot at the inspectors.

"There are some very poor inspectors on the force, who are not worth half their salary," he said. "Although some have been in the employ of the Board for years. This can be seen by going through their districts. It is necessary that all the inspectors be good men."

The contract for the delivery of paiai to the Settlement was awarded to Alex. Dowsett.

PRATT REPORTS ON ON SANITATION

At the meeting of the Board of Health yesterday afternoon the following reports were submitted by Dr. Pratt:

Herewith is submitted my report for the month of January, 1906.

During the month six complaints of nuisances were investigated and all were abated.

Forty-five recommendations for hotel, restaurant and lodging-house licenses were issued and 3492 persons can be lawfully lodged in the buildings. Three recommendations held over from previous months were issued and 251 persons can be lawfully lodged in the buildings. Twenty-five are still held over from this month and three from previous months until the places are put in sanitary condition.

There were 66 inspections of graves made. In Oahu cemetery one box was exposed, and in the King street Catholic one coffin was buried in a foot of water.

Twenty-one permits to keep pigs and four to keep ducks were issued.

Four trips were made to Waipahu, two to Aiea and one each to Waimalu, Pearl City, Wahiawa, Ewa Mill, Honouliuli and Waimanalo, special reports of which have been made to you.

Herewith is submitted my report for the month of February, 1906.

During the month thirteen complaints of nuisances were investigated and were abated.

Eight recommendations for hotel, restaurant and lodging-houses were issued and 378 persons can be lawfully lodged in the buildings. Nineteen recommendations held over from previous months were issued and 753 persons can be lawfully lodged in the buildings. One is held over from this month and nine from previous months.

There were sixty-two inspections of graves made. There were also two interments. In Moiliili cemetery two boxes were opened and one in Kawaiahao.

Nine permits to keep pigs and seven to keep ducks were issued.

One death was investigated near Waipahu.

There was one case in the Circuit Court on appeal from the District Court. The party was found guilty and sentenced to pay $25 and the costs of court.

One trip was made to Aiea and Pearl City in company with Food Commissioner Duncan. A trip was made to Hawaii lasting two weeks and a verbal report was made to you of the special work done.

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75¢ per month. Weekly Bulletin, $1 per year.

FOR CITY BEAUTIFUL

CENTRAL IMPROVEMENT COMMITTEE IN CHARGE

STANDING COMMITTEES' SPECIAL WORK—BY-LAWS OF OAHU'S EXECUTIVE BODY—ADVISORY BOARD.

The executive committee of the Oahu Central Improvement Committee met yesterday afternoon in the Promotion Committee rooms. City improvement work as mapped out by Park Expert Robinson has been given into the Central Committee's hands by the Promotion Committee. Maps are being prepared of city divisions under the control of the local improvement clubs.

The Oahu Central Committee appointed the following standing committees: Committee on vacant lots, of which L. A. Thurston was made chairman; committee on streets, sidewalks, street cleaning, etc., of which General Davis was appointed chairman; committee on signboards, poles, fences, etc., of which Hon. W. F. Frear was appointed chairman; committee on valley and mountain roads and trails, of which George P. Thielen was appointed chairman.

The Advisory Board, formerly working in conjunction with the Promotion Committee on improvement work, and consisting of R. S. Hosmer, Alexander Young, Superintendent of Kapiolani Park, Mr. Haughs and Mr. McIntyre of Moanalua, was appointed to act as the advisory committee of the Oahu Central Improvement Committee.

Following are, in brief, the by-laws of the Central Committee:

The objects of the committee shall be to encourage and aid the formation of improvement clubs, define their districts, serve as a congress of the several clubs, and promote improvements of general character or interest in Honolulu and on the Island of Oahu.

The committee shall be composed of delegates selected by the several improvement clubs regularly enrolled on the records of the committee.

Each club may select one delegate to be a member of the committee until its annual meeting next following his selection, or until his successor is selected; he shall present to the Secretary a written certificate of his selection signed by the secretary of his club.

The officers of the committee shall be a president, vice president, treasurer and secretary, and such other officers as it may deem advisable.

The officers shall be elected by ballot at the annual meeting to serve for one year from that date, or until their successors are elected.

The annual meeting shall be held in February.

Special meetings may be called at any time by the president, and he shall call a special meeting at any time at the written request of not less than five delegates.

Seven members shall constitute a quorum.

It shall be the duty of the President to preside at all meetings of the committee, to call special meetings as provided in Article V, to present at the annual meeting a report reviewing the proceedings of the committee during the preceding year, to bring any subject before the committee and make any suggestions which he may consider to its interests. In addition to his vote as a member he shall have a deciding vote in case of a tie. In the absence or disability of the treasurer or secretary the presiding officer shall appoint a treasurer or secretary pro tem.

In the absence of the president the vice president shall perform his duties.

In the absence of the president and vice president a chairman pro tem shall be appointed at any meeting from among the members present.

The treasurer shall collect all dues and assessments, and take charge of the funds of the committee and pay out the same under the direction of the executive committee. He shall keep an account of all monies received and expended, and render a detailed account thereof at the annual meeting.

The secretary shall keep a record of the proceedings of the committee, and shall present at its meetings communications received by him officially. He shall give proper notice of meetings. He shall keep a complete record of the several improvement clubs, and shall attend to correspondence under direction of the executive committee.

The officers, together with one other member to be selected by the central committee, shall constitute an executive committee which shall have general control and management of the affairs of the central committee, with power to appoint such special committees as they may deem necessary.

Disillusioned.

Hixby—You think you know it all.
Bixby—Lord, no; I'm married.—St. Louis Post-Dispatch.

BY AUTHORITY

HILO HIGH SCHOOL BUILDING, HILO, HAWAII.

Proposals will be received at the office of the Superintendent of Public Works, Honolulu, T. H., until 12 o'clock m. of April 16th, 1906, for erecting and completing a High School Building for the Territory of Hawaii, located in Hilo, Hawaii, T. H.

Plans, specifications and blank forms of proposal may be obtained at the office of the Asst. Supt. of Public Works, Honolulu, and of L. Severance, School Agent, Hilo, Hawaii, for which a deposit of $5.00 is required, which sum will be refunded intending bidders after they have returned the plans and specifications.

Proposals will not be accepted unless submitted on the blank forms furnished, enclosed with a certified bank check in an amount equal to five per cent. (5%) of the amount of the proposal, in a sealed envelope, endorsed "Proposal for Hilo High School Building, Hawaii," and delivered previous to 12 o'clock m. of the day specified at the office of the Superintendent of Public Works, who reserves the right to reject any or all bids.

C. S. HOLLOWAY,
Superintendent of Public Works.

SPECIAL WARNING NOTICE.

FIRES TO CLEAR LAND — EWA BASIN, OAHU.

Notice is hereby given that in accordance with Section 6 of Act 71 of the Session Laws of 1905, it is forbidden to start fires for the burning of brush, dry grass, etc., for a period of six months (6) from date, unless the written permission of the District Fire Warden has been first obtained, for all that portion of the District of Ewa, Island of Oahu, lying above the mauka boundaries of the cane fields of the Honolulu, Oahu and Ewa Sugar plantations; and for that portion of the District of Walanae, Island of Oahu, lying between the Government Road from Pearl City to Waialua and the ridge of the Waianae Mountains.

The law reads "such fires shall not be started during a heavy wind or without sufficient help present to control the same, and the fire shall be watched by the person setting the same, or by competent agents of his, until put out." The District Fire Warden is Mr. W. F. Dillingham of Honolulu.

RALPH S. HOSMER,
Superintendent of Forestry and Chief Fire Warden.

THURSDAY.....MARCH 22, 1906.

Boer war claims are certain to be long lived if not profitable.

When a Grand Jury is packed the most natural question is, Why?

There were at least a few blows struck in the Hilo jail and the incident gives promise of making the attendants at Hawaii's detention homes less brutal if not more kindly.

Activity on the Stock Exchange demonstrates that Hawaii can always revive regardless of how much out of joint it may have been thrown by the vagries of a speculative sugar market.

No one thought the Federal Government could assume control of insurance companies, but it is gratifying to have the legal lights of the House of Representatives say so and put an end to the agitation.

Secretary Taft has been severely criticised because he is believed to support the cry of the Philippines for the Filipinos. In which case it might be a fair compromise to transport a few of them to Hawaii.

Judge Humphrey of Chicago has won a reward of merit from the corporations. He may thus gain a place in the list of available men for the Presidential nomination of whichever party the octopuses aim to control.

It is rather remarkable that the House of Commons should reject a scheme to investigate the importation of Chinese in the Transvaal. The leader of the party in power made opposition to such transportation one of his campaign features. His position may now be that having landed them in the Transvaal, the less said about it the better.

Mr. Poepoe's idea of organizing the Hawaiians on the political lines of the Civic Federation shows how much good is done Hawaii by men who assume all the virtue of the community and go about smashing political loyalty and allegiance to party principal. The other fellow always figures that it is a poor rule that does not work both ways.

THE GARBAGE SQUABBLE

The garbage problem, on which the County Fathers and the Board of Health seem not to have reached an understanding, is one that the average citizen does not give much attention provided the garbage is taken away from his door every morning. It is a matter, however, in which there should not be a what's-yours-isn't-mine contention between the County and Territory.

A garbage crematory which cost the Territory several thousand dollars is lying idle, originally closed, we believe, on account of lack of Territorial funds. This now represents an investment that is rusting out. The County having taken over the garbage service, is burning the rubbish on various dumps. This is the old scheme before the construction of the elaborate and not inexpensive crematory.

From the taxpayers' standpoint, it is not good business to allow this crematory to gradually decay, as it is bound to do if left idle. It at least represents an expense of interest on the original investment. The taxpayer cannot look with indifference on a technical squabble as to the authority to operate the plant. If the County can take over and operate the electric light works, it should have authority to operate the garbage plant.

If it be not a question of technical authority, but merely one of whether the County will or will not operate, then the point arises as to whether it is indeed true that the construction of that crematory was a waste of good money.

Citizens accustomed to doing business in a business-like way soon tire with haggling over the expenditure of County funds on semi-Territorial institutions. Results are sought—not monkeyshines.

According to the statements made before legislative committees the appropriation for the garbage crematory was needed. We assume the crematory was needed as well. There must have been a great mistake somewhere if it is now found that it is better for the taxpayer to have this plant go to rust than for the County to shoulder the expense of operating it.

ANTI-SALOON MEN

SUGGEST FRAUD

IN KONA AFFAIRS

Editor Evening Bulletin:—The following are the facts concerning two saloons in Kona. There has been considerable interest around among the people there by opposing petitions for saloons. A man by the name of Sing Sing, Kainaliu, Kona, had twenty-four signers of a petition in his favor; among this number there are nine outside the limit prescribed by law and upon being approached two of the signers deny that they had their signature acknowledged. However it is claimed that all these appeared before Mr. Mills July 8, 1905, and were identified upon oath of D. N. Kilinahe.

Another saloon man by the name of T. Shibayama, Kealakekua, Kona, obtained eight signatures on his petition, of which names five are those living outside the limit,—one of them only claiming to be agent for land within the limit. Three of these men deny acknowledging their signature, and yet it is claimed that they have appeared before David K. Baker September 20, 1905. It is noteworthy that this same Shibayama is an applicant for another saloon at Holualoa, too. It would seem as though no petition in his favor should be allowed to stand as warrant for the new plea.

Treasurer Campbell has been notified of these facts and the demand has been made that these facts when verified are sufficient to warrant the revoking of the licenses and should affect the standing of the notary publics in question. It is desired that large publicity be given to such fraudulent methods of securing saloons.

THEODORE RICHARDS,
Chairman.

E. B. TURNER,
Secretary Committee of Anti-Saloon League.
Honolulu, March 22, '06.

GREECE AND HAWAII AND THE LYCURGI

Demetrius Lycurgus is expected back in Honolulu in a month or so from Greece. Upon his return Mr. and Mrs. George Lycurgus will go to Greece for a couple of years. Geo. Andrews, managing the Grill, expects to return to Greece to settle upon the return here of Mr. and Mrs. Geo. Lycurgus. Demetrius Lycurgus will manage the Volcano House while Mr. and Mrs. Geo. Lycurgus are in Greece.

According to a Berlin letter in a London journal there is a growing probability that the demand for the payment of members of the Reichstag—a demand which has been refused by every Chancellor from Bismarck to Prince von Buelow—will receive the consent of the authorities at no distant date.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day. For $1 a year.

ELECTRIC PLANT READY IN JUNE

McBryde Plantation's Valuables Asset Reported On

DROUGHT FORCED COMPANY'S IMPROVEMENT SCHEMES

ANNUAL MEETING — MANAGER STODART'S REPORT—$234,026.72 IN PERMANENT WORKS LAST YEAR.

The annual meeting of the McBryde Sugar Co., Ltd., was held this morning at the offices of Theo. H. Davies & Co., the following officers for the ensuing year being elected:

President, D. P. R. Isenberg; vice president, B. F. Dillingham; treasurer, F. M. Swanzy; secertary, T. C. Davies; auditor, H. W. M. Mist. Directors: W. D. McBryde, Albert Wilcox, R. W. T. Purvis, J. M. Lydgate, F. M Swanzy

Manager Wm. Stodart's report for the year ending December 31st, 1905, was, in part, as follows.

Rainfall and General Weather Conditions were both decidedly unfavorable. Severe cold spells were numerous and a drought of marked severity, beginning about September 1st of the previous year(1904), continued to the month of August, 1905, a period of eleven months. The rain came too late to overcome the effects of the drought, except as to the young cane just planted or planted, and as a consequence the crop of 1905 then being harvested fell short 500 or 1000 tons, and the crop of 1906 now being harvested, which was estimated at 13,000 tons when six months old, will fall to something under 10,000 tons. The young cane, however, for the crop of 1907 was not appreciably affected.

Previous experiences with touches of dry weather materially reducing our yields had satisfied us that the plantation needed to increase its pumping capacity and to depend less upon its streams and reservoir water, and with that in mind plans were set on foot more than two years ago to secure a cheaper motive power than coal which resulted in the leasing of the Hydro-Electric power plant now being installed by the Kauai Electric Company, Limited, upon the Wainiha River on the windward side of Kauai. This plant, it is expected, will be completed and ready to deliver power this June.

It had been planned to first alter the present steam pumping stations so that they could utilize the electric power and later to take up further water development, the whole to be done more or less leisurely so as to spread the expense over a considerable period of time; but the severe lesson of last year's drought and its losses forced our hand and led last May to the beginning of active operations in developing more water and preparing to utilize it as soon as possible. The results of these efforts were so satisfactory that it has led to the establishment of two new pumping stations in Hanapepe Valley, to be operated by electric power, and the ordering of three pumps for the same of a total capacity per 24 hours of 13½ million gallons.

One steam pumping station now operated by a Worthington pump is being prepared for electric power this Summer by the installation of a pump of the same class as those ordered for the two new stations.

The Hawaiian Sugar Company delivered to us a total of 1,920,852,233 gallons of Hanapepe water throughout the year.

The 1905 crop turned out 13,109 tons. 1456 tons were on hand and credited to the realizations of the 1904 crop, the amount being $113,414.19; 163 tons of the same crop made last December and now shipped, the returns for which are not yet received, are estimated to realize $9,814.75, giving a total income for the year's crop of $918,652.25.

The yield from the 1907 crop will depend largely on the date when we are able to deliver the additional supply of water, now being developed.

Our net operating expenses for the year, including taxes, but exclusive of interest, bond expenses and depreciations, were $607,268.76 or $50,605.73 per month. The increased cost of operating expenses this last year over the previous year was due primarily to the drought, calling for continuous pumping from January to November, involving an extra expense of $35,839.42. Makawell water also cost us $12,000 more than the previous year. Increase in taxes also contributed to the result. Bond expenses involved in the large sale of bonds last year added $8,591 to the normal outlay under this item.

On permanent improvements last year $134,026.22 were expended, not including $36,960.00 paid for Sugar Factors' Stock and $150,560.00 for Kauai Electric Co. stock. Two additional reservoirs were installed, one in Appo gulch and one in Omao gulch, both reaching storm and surplus water in those gulches for the first time. Our permanent railroad track has been completed into Koloa village and a branch line has been constructed from the main line at Kalaheo up to the foot of fields 15 and 16 on the slopes of Kukuiolono, making the total permanent track upon the plantation 19¼ miles. Six miles of forest fence, protecting the entire forest reserve of the plantation has been built, and the Farley tunnel carrying storm water from the Wahiawa River enlarged.

Counting the permanent investments made by the company in the stock of the Sugar Factors Company, Limited, and Kauai Electric Company, Limited, we have added to our permanent assets available as security under our bonded debt, the sum of $321,546.22; so that while it has been a poor year for the stockholders, much has been done to add to the permanent value of the assets of the Company, and with the completion of the present water development, the stability and value of the plantation, both from the standpoint of the stockholders and bondholders, will have been materially advanced.

The installation of the Kauai Electric Company power plant is well along toward a satisfactory completion. At this writing about 14,040 feet of tunnel line and 1950 feet of the ditch line have been finished, leaving only 2860 feet of tunnel and 5050 feet of ditch still to do.

In order to hasten the work on certain tunnels where the rock is uncommonly hard, the contractor is about to install power drills which will insure the timely completion of the contract.

The following is an extract from a report by Mr. A. Gartley, General Manager of the Hawaiian E lectric Company, Limited, with regard to the electric power plant:

"The Hawaiian Electric Company, Limited, have undertaken the installation of the plant from the fore-bay to the point of delivery of the electric current to McBryde Sugar Company. The whole undertaking has presented many difficulties, but I believe the work is now well in hand and that it will be completed during the month of June.

"This plant represents, in my opinion, a very valuable asset of McBryde plantation. It will have been installed at a comparatively small expense considering the large amount of power available. The plant can be increased one-half at a comparatively small expenditure.

"When the present plant is completed, it is calculated to furnish 2400 horse-power at McBryde and with the one-half increase would give 3600 H. P. available.

"We have aimed at simplicity in construction and the result will be efficient and simple operation."

The Reporter here never gives me credit for my conscientiousness. Maybe he thinks I'm gluffing. Let's change the subject."

"Talking about getting labor for the plantations," said the Consular Representative, "there's something else just as important and that is getting good cooks for Honolulu homes. Now I'm in favor of importing a certain bunch of Hindoos from Goa. They are good Christians and can cook. They have been cooking for centuries. I've talked with some Honolulu ladies about them, and they suggest that Joe Marsden be sent to Goa to get some."

"Oh, Goa way!" said the High Official.

"Are you going to the Hawaii Yacht Club benefit at the Opera House tonight?" asked the Broker.

"Yes, you'd look well in a box," said the Consular Representative.

"Can't afford it," said the High Official; "that's what comes of being honest. I may go in the gallery."

The Consular Representative lit a cigarette. The High Official, the Broker and the Pedagogue don't smoke. The Reporter moistened a piece of paper with a wet napkin and pulled a proof of his pencil notes on the marble slab. A Civic Fed. looked in at the door and beckoned the High Official and the meeting adjourned after each of the others had repeated the catch-phrase: "Now remember, I've said nothing for publication, but if you must print it, for the sake of peace in the family, don't use my name."

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75¢ per month. Weekly Bulletin, $1 per year.

SLOW WORK TO SECURE JURORS

Six Excused For Cause In Johnson Murder Case

SMITHIES WANTED TO HANG THE DEFENDANT

KANNEGIESSER SPORTS PECULIAR ABBREVIATION — USED TO HAVE INSANE FRIENDS.

Very little progress was made in the securing of a jury to try the Johnson murder case today, and it begins to look as if the jury examination might last into next week. This forenoon not a single peremptory challenge was used, only one juror qualified and six were challenged for cause on various grounds. The defense has thus far used four of its peremptory challenges, and has eight left, when the prosecution has availed itself of two and has four left.

Yesterday afternoon the following special venire was issued, of which return was made this morning:

A. E. Lloyd, Wm. Rowan, Robt. D. Mattox, Henry M. Rogers, L. Jamieson, A. G. Kannegeiser, F. W. Maage, Chas. Spencer, John W. Smithies, H. Gares, Manual Andrade, Ed. P. O'Brien, Jas. oNtt Jr., Bruce Hartman, Howard W. Adams, Chas. J. Ludwigsen, M. A. Gonsalves, Fred E. Steere, A. C. Dowsett, Wm. Kahlbaum, Jno. Gomes, Louis Sweitzer, Arch. A. Dunn, Uala Napoleon, Frank McIntyre.

A. G. Dunn was the first juror examined. He was passed by the prosecution, but challenged by the defense as he expressed a prejudice against insanity defenses. The challenge was allowed.

John Wm. Smithies' examination was short and sweet. He had read of the case ein the newspapers, he said, and had formed an opinion. He wanted to hang the defendant. On this showing Smithies was challenged by the prosecution and excused.

The examination of A. G. Kannegiesser created considerable amusement. Kannegiesser is a nice elderly gentleman who would evidently not disagree with anyone for worlds, so he agreed with both the defense and the prosecution on the most diametrically opposed propositions. He had also had some insane friends some years ago, but he did not claim to be an expert on insanity. The juror was finally excused. As he left the box Judge Robinson asked him if he did not go by another name than Kannegiesser.

"Oh, yes; my friends call me Wilson, for short," answered Kannegiesser with an obliging smile.

Bruce Hartman was called next, but was almost immediately challenged by the prosecution and excused as he was opposed to capital punishment.

A. C. Dowsett was challenged by the prosecution because he had formed an opinion on the case and had known the Wharton family for over twenty years. The challenge was allowed.

M. A. Gonsalves was challenged by the prosecution because he had formed an opinion; and was excused.

A. E. Lloyd was passed for cause, a challenge by the defense being disallowed.

Jailor Maby Is Acquitted

(Special to The Bulletin)

Hilo, March 20.—The trial of Jailor Maby, John Kailie and Keomoku, indicted for assaulting a prisoner in the Hilo jail, was finished here after 9 o'clock tonight, the jury having been out six hours. County Attorney Chas. William prosecuted and C. M. Le Blond and W. S. Wise ably defended.

This is the case that brought High Sheriff Henry here to investigate a few months ago and the one which caused him to grill the grand jury for indicting the men. After a thorough investigation at that time the High Sheriff expressed himself as satisfied that the case would not be proved and until it was he would make no change in the personnel of the jail. When the High Sheriff was here there was a suspicion that politics were at the bottom of the charges, but this was not brought out today.

Morito, the prosecuting witness, is the Japanese who was yesterday convicted of murder in the first degree. He testified to having been assaulted by one of the guards when he demurred at accepting his ration of meat at a dinner meal one night last December. At the time of the trouble he was handcuffed to another prisoner and when he appealed to the guard for meat with less fat on it he was told to see the boss, Capt. Maby. As he grew insistent the guard took him by the neck with one hand and struck him on the head with the other. To a certain extent this testimony was corroborated by a Japanese, who swore that the guard struck Morito several times. The prisoner could not say exactly who hit him because the blow came from behind and landed on the back of his head, but he felt sure it was Kaiele, because he had taken hold of him and the blow came immediately afterward.

Conradt Hays, the jail cook, testified to seeing the whole affair; he saw Kaiele hit the Japanese once with his fist on the back of the head, was sure there was only one blow struck. Rulia, another prisoner, was also present in the room and saw the difficulty. He was just as positive the guard used his open hand and not his fist and that he merely shoved the man. Captain Maby came on the scene when he was attracted by the loud talking; he went directly to the place where the men were, unlocked the handcuffs, and shoved the Jap out on the veranda and instructed another guard to take him to the dark cell. Two of the prisoners told how Maby had punched and kicked the man, while others said it was only a shove and that the man was not kicked at any time. Only two of the defendants were called to the stand and their evidence was a direct contradiction of that presented by the prosecution.

Both sides waived argument and Judge Parsons' charge was clear and sound as to the duty of jailors and guards. Being presumably guided by the evidence presented, his remarks were considered favorable to the defense and when the jury retired it was not thought possible that more than ten minutes would be occupied in securing a verdict. But there were some of the jurors who had rather decided ideas as to the manner of treating criminals, as well as the quality and quantity, of food furnished and as they could not see where the officials had kept within the law they persistently voted for conviction for six hours.

WEATHER REPORT

U. S. Weather Bureau,
Local Office.
March 22.

Wind—6 a. m., velocity 6, direction N.; 8 a. m., velocity 4, direction N. W.; 10 a. m., velocity 9, direction W.; noon, velocity 15, direction W.

Rainfall during 24 hours ended 8 a. m., 00. inch.

Total wind movement during 24 hours ended at noon, 169 miles.

ALEX. McC. ASHLEY,
Section Director, U. S. Weather Bureau.

Washington, March 7.—There will be a provision in the legislative, executive and judicial appropriation bill that after 1913 all Government clerks reaching the age of 70 years shall be immediately dismissed from the service.

This provision is intended to act as a seven-year warning to old clerks now in the Government service. The scale of pay has been arranged for old clerks during the next seven years. This scale prohibits the payment of more than $1400 a year to any clerk 65 years or over, $1200 to any clerk 68 years or over and $840 to any clerk 70 years of age or over.

The Supreme Court has, in accordance with the mandate of the United States Supreme Court, remanded the Bishop Estate fishery case to the Circuit Court, but declined to issue execution or tax costs.

The Union Steamship Guide for March devotes two pages to the Canadian-Australian Royal Mail line stopping at this port. Honolulu is given a leading position with Vancouver and the places touched along the route.

The New Policies of

THE MUTUAL LIFE INSURANCE CO.,

OF NEW YORK

Have been carefully drawn so as to avoid as far as possible the use of unnecessary technical terms. The agreements and privileges are clearly and precisely stated, and the contract may be easily understood by its possessor.

They are the best of life insurance contracts and are issued by the BEST of all the companies in the world.

LIMITED PAYMENT LIFE POLICY.

By the terms of this contract the amount of the insurance is payable upon the death of the insured, and the premiums are payable during a limited number of years—twenty, fifteen or ten years.

The Limited Payment Life Policy is in many respects and for a large class of insurers a most desirable contract, providing as it does that the premiums shall all be paid in the early and productive years of life, thus the policy becomes fully paid-up for the whole amount in a fixed number of years. Dividends are payable annually, or at the end of 5, 10, 15 or 20 years.

HOW MUCH WILL IT COST?

Between the ages of 25 and 31 years, inclusive, six to seven cents a day will be the "first cost" of $1000 good life insurance.

Between the ages of 32 and 52 years, seven to fifteen cents a day.

Between the ages of 53 and 65 years, sixteen to twenty-nine cents a day.

Is there any healthy man or woman in America at work for wages who can not afford this "first cost" of a good $1000 policy in the best and strongest company on earth?

A little self-denial in small things—pleasant things, perhaps, but unnecessary things—will pay the bill easily.

Different forms of policies cost various prices.

OUR TWENTY-YEAR DISTRIBUTION POLICY on continuous life and limited payment plans affords the maximum of security at the minimum of cost;

OUR GUARANTEED INCOME POLICY provides a guaranteed income, secure investment, and absolute protection;

OUR ENDOWMENT POLICY provides a certain guaranteed sum, payable with profits at a fixed time;

OUR 4 AND 5 PER CENT. BONDS furnish the best and most effective forms of indemnity and fixed annual income to survivors;

OUR CONTINUOUS INSTALMENT POLICY so adjusts the payment of the amount insured as to create a fixed income during the life of the beneficiary;

OUR ANNUITY POLICIES offer an excellent opportunity for persons to obtain a high rate of interest on their capital for the remainder of life; an income safe beyond mishap. This form of investment is particularly recommended to those who desire to make provision for declining years, and to be free from business cares.

We have prices to fit all known wants. All we want to know is what you want. If you do not know, tell us enough of your condition and surroundings and we can suggest the policy best suited to your purpose.

Rates and guarantees cheerfully furnished on application.

HONOLULU.

PREPARING SURPRISES FOR LOVERS OF FUN

The Kona Orphanage and Lusitana benefit entertainment is quickly reaching a state of perfection. The actors are all jubilant over the prospects. The sale of the exchange tickets began yesterday and already it can be seen that a big house is assured. Do not lose the opportunity to see the play and more especially to do good with your little contribution of 50 cents, 75 cents or $1 to the little ones at the Orphanage, and the club.

The people of Honolulu will be agreeably surprised to see how well adapted to the profession of the stage those selected for the play really are. Why, we do not need to import actors, comedians and tragedians to entertain us—we have them right here. All we need are such instructors as Messrs. Drum and Auerbach.

Particular mention must be made of one of the actors. He is inexperienced, but the way that he went through his part really surprised Mr. Drum. This gentleman has a difficult part to act, "The Reverend," but he can put on that sedate, melancholy and fatherly voice as well as the best of them.

The part of the wooing school marm is taken by Mrs. M. A. Silva, the wife of the popular grocer of Vineyard street, to whom great credit is due for her generosity and good will towards the club and the Orphanage. Her friends must not fail to see her.

The tickets are now being sold by canvassers. You can exchange them for seats on the 28th from 9 a. m. till 5 p. m. at the box office.

PINKHAM REPORTS ON RATS AND MOSQUITOES

The following report on the sanitary work done in Honolulu and Hilo during January and February was submitted to the Board of Health:

Honolulu inspectors in January performed work as follows: Inspections, 16,643; order given, 2489; orders finished, 2409; order outstanding 60; pig permits issued, 28; number of pigs allowed, 1349; duck permits issued, 11; number of ducks allowed, 3500; number of days special allowed, 57½.

For February this was the Honolulu record: Inspections, 11,295; orders given, 1763; orders finished, $1735; orders outstanding, 84; pig permits issued, 7; number of pigs allowed, 383; duck permits issued, 2; number of ducks allowed, 300; number of days special duty, 78.

In Hilo the work in February was as follows: Inspections, 251; orders given, 236; orders finished, 236.

Hilo mosquito campaign: Cesspools oiled, 483; catch basins oiled, 24; ponds, pools, etc., oiled, 13; breeding places destroyed, 84; inspection of breeding places, 638.

Hilo rat report.: Traps set, 1038; rats caught, 47; poisoned food placed, 2413; poisoned food taken, 800; rats found dead, 8.

Plumbing Inspector Keen reported as follows:

Plumbing plans filed and permits issued for same, 33; separate pieces of plumbing finished and accepted, 32; number of fixtures installed in above, 100; defective plumbing inspected and ordered repaired, 12; houses connected with sewer system, 19; building permits issued, 17.

The following inspections were made: Sewer connections made, 18; nuisances investigated, 3; building sites examined, 8; buildings under construction examined, 14; repairs of buildings examined, 8; plumbing, 178. Total inspections, 229.

"HELD BY THE ENEMY"

FOR YACHT CLUB BENEFIT

AT OPERA HOUSE

A splendid play by the Buhler company is offered the public at the Opera House tonight, when "Held by the Enemy" will be presented for the benefit of the Hawaii Yacht Club. This is the nineteenth week of the Buhler season and the wind-up will be worthy of the triumphant record gone before. For the remainder of the week the Buhlers show at the Opera House for the benefit of the yacht club, an institution worthy of the most generus patronage.

The club has gone to much pains in getting up a beautiful souvenir program which will be distributed free among the audience by young ladies who have distinguished themselves in boat club events.

A full house is certainly the only logical expectation, for the Buhlers will appear to immense advantage in the play chosen, the yacht club has a host of friends, and everything that could be thought of to please and delight the people has been carefully provided for.

"Held by the Enemy," a play as full of varying excitement and charm as can be, gives every opening for the display of the individual talent of the popular actors and the stage effects will be in keeping with the general excellence of the performance.

Tomorrow evening "Thelma" will be produced.

R. W. Shingle was yesterday elected secertary of the Honolulu Stock and Bond Exchange in place of W. A. Love, who lately sold his seat on the board. He has been a member, as representative of the Henry Waterhouse Trust Company, almost from the start of the Exchange. Resolutions of respect and condolence on the death of Albert Raas were passed by the Exchange. Viggo Jacobsen is to engross a copy for Mrs. Raas and family.

LOCAL AND GENERAL

Autos for hire at Ter Stables.

After skating, take home an Oyster loaf from the Cobweb Cafe.

The ship Elwell sailed March 9th from Port Townsend for Lahaina.

The ship Hawaiian Isles sailed from Newcastle for Honolulu March 9.

Island jams and chutney made by Mrs. Kearns, 184 Hotel St. Blue 1411.

Two days' later San Francisco papers were brought by the Enterprise today.

Morgan will sell at his salesroom Friday, at 10 a. m., the furniture of a 7-room house.

A probate notice in the matter of the estate of Hoopii Silva, deceased, is published in this issue.

The schooners Alice Cooke and Wm. H. Marston will probably sail for San Francisco tomorrow with full loads of sugar.

The bark Pactolus was fifteen per cent reinsured on March 10 in San Francisco. She is bound to Honolulu from Newcastle.

The trial jury for the special February term of th United States District Court was this morning discharged by Marshal Hendry on the order of Judge Dole.

The March number of the Paradise of the Pacific is on the newsstands, full of the attractive features, pictorial and literary, for which this popular magazine is noted at home and abroad.

The Chamber of Commerce met yesterday afternoon. J. F. Morgan reported progress in the matter of raising funds for the Promotion Committee and asked for further time. There was no other business except the reading of the minutes.

The steamer Helene, from Makaweli with 11,000 bags of sugar, is discharging at the railway wharf for the steamship Hawaiian, which is due from Seattle next week to load sugar for New York. She will load for Hamakua ports about Saturday.

BREAKING INTO SCHOOL

Or a "Mystified Mother's" story of her attempts to gain education in Honolulu schools for her children. Every parent should read this statement that will appear in

SATURDAY'S BULLETIN.

The members of the Woman's Auxiliary and Guild of St. Andrew's Cathedral are specially requested to be present at the sewing meetings held in the Sunday school room at 2 p. m. on Fridays during Lent. As there is much work to be done it is hoped that so many as possible will attend the meetings.

The Matson Navigation Company's freighter Enterprise is at the Railway wharf with general cargo and two passengers from San Francisco by way of Hilo, from whence she sailed yesterday morning, arriving here at 10 o'clock a. m. Captain Youngren expects to sail for San Francisco via Hilo on Saturday or Sunday with a full cargo of refined sugar.

Edward A. Johnson, for many years past a trusted and popular clerk at Lewis & Company, Ltd., died suddenly this morning at his room in the Elite building. He has been suffering from a general breakdown for some months past and only a few days ago quit active work, expecting to return after a short vacation. He was about thirty years of age, quiet and gentlemanly, and his death was a shock to all his acquaintances. He was a native of San Francisco, near where his family resided. The funeral services will be held at noon tomorrow at Williams' undertaking parlors. Interment at Pearl City cemetery.

FIGHTIN GBLOOD IS STIRRED.

(Continued from Page 1.)

and that the writ was not in the name of the Territory.

Peters had a kick coming against the bringing up of the demurrer and motion to quash, and expressed it very tersely. First of all, he said, it was not proper to file the two at the same time, and furthermore such pleadings were merely dilatory and technical, while the object was to test the merits of the case. Douthitt had himself approved of the form of the writ.

Douthitt said that he was County Attorney, and as such he must take all the advantages he could in the case. If he did not do so, when a case was brought against a County officer, he would be violating his trust. Peterrs was mistaken, he said, when he stated that Douthitt had approved of the form of the pleading. He did not do so. All he had said was that he would not take advantage of any technicalities. The bringing of the demurrer and motion to quash was not a technicality. It was a question which went to the very root of the matter. He had a right to file them both at once. As a matter of fact he had done so in order to facilitate the progress of the matter by having all his objections before the Court at the same time.

Judge Lindsay stated that he thought it proper to take up the demurrer.

Peters immediately objected to the form of the demurrer, which stated that the writ did not set forth sufficient facts. He held that the demurrer to be of value should show specifically wherein the writ was insufficient in its statement of facts.

Judge Lindsay overruled the objection and the argument began on the demurrer, which was finally overruled. The motion to quash was then argued at length and finally denied.

Douthitt asked the Court to allow him an appeal to the Supreme Court from the interlocutory order, but Lindsay refused to do so, and Douthitt noted an exception. The Court gave him five days in which to file his answer.

During the latter part of the proceeding the County and the Territory exchanged a few salutes. Douthitt intimated to the Court that he thought the points he had raised were pretty good ones. Peters cut in with a remark that some of his opponent's contentions reminded him greatly of the elemental propositions of the law school. Douthitt replied that Peters' efforts had seemed to him to have a decided class-room flavor. Peters said that that was only when he had to reply to Douthitt's contentions.

Nothing adds so to domestic comfort as good beer. It braces a man for the day's work and cheers his hours of rest in the bosom of his family.

PRIMO LAGER

fills the bill in every respect and is essentially a household beer. It is absolutely pure and wonderfully wholesome. Order a case today.

SEEING HIM OFF.

FIELD DAY SATURDAY

The largest field meet of the year will take place on Saturday when the Boys' Clubs pull off their annual track meet on their frounds on Liliha street. In all 96 of Hawaii's best athletes are entered. All these men have been preparing for this event for many weeks and when the pistol cracks some great performances are looked for.

The cinder path at the field has been placed in the best of condition and much credit is due the Rev. Mr. Turner for the manner in which he has arranged the preliminary steps.

Three teams consisting of the Kam. Schools, Diamond Head Athletic Club and Oahu College, are entered. Of these the Kams and Diamond Heads are considered to have the best chance for first place. It looks as though the Kams have a stronger team than they entered in the last Y. M. C. A. meet when they were defeated by the Diamond Heads. Kanae, one of the Diamond Head's star weight men, is now using his strength for the Kams. He is almost certain to take the hammer throw.

With En Sue and Akana in their line-up the Diamond Heads should have an excellent chance for the short sprints. McCandless, of the Kams, and Lyman, of Oahu College, are also dangerous men in these events.

Sharsch should prove a strong man for the Heads in the distance races and Sylva should have an excellent chance for the hurdles. Unless the unlooked-for happens these two men will take these events. Ayres is sure to take the walk unless he breaks a leg.

McCandless, of the Kams, is expected to do great things. He is picked to win the greatest number of points and thereby get the special prize awarded for so doing.

Some new faces will be seen in this meet. The McLeod brothers of Ewa will do some weight work for the Diamond Heads. Just what these boys can do is not known, although they come with reputations.

Not much is known of the Oahu College team, although Lyman and Joe Pa are considered good men. Reed, the football coach, will throw the hammer for the College boys.

Sam Chillingworth, the trainer of the Diamond Heads, had the following to say: "Our team is in the best of physical condition and if we lose this meet we shall have no excuse to offer. We have a better team than was put on the field last meet and there is no good reason why we should not win. It is true that we lose Kanae, but we have Sylva to take his place."

Tickets for this big event are on sale at Woods & Sheldon's sporting goods store

DOWSETT TRUSTEE

At a meeting of the baseball trustees held at the office of Lorrin Thurston last evening J. M. Dowsett was elected to take the place of Mr. Allen. Dowsett was a popular choice of both the teams and the trustees. He is an old baseball player and should know the duties of a trustee.

Those present at the meeting were. Paul Isenberg, Harry Whitney, Lorrin Thurston and Mr. Dowsett. Chas. Chillingworth was absent owing to the fact that he was out of town.

The question of the division of receipts was brought up and the trustees decided to give the teams 70 per cent instead of 75 per cent that was asked for. The other 5 per cent will be retained to make some necessary improvements at the grounds. This seems a fair offer and will probably be accepted by the teams.

JOY IN GREAT SHAPE

When Barney Joy, the "Big Chief" of the baseball pitchers, steps into the box this season the fans will have the opportunity of witnessing some interesting exhibitions. Joy is doing hard graft by wielding a sledge at the Iron Works and the brother workmen at the shops look at Barney as a second Jeffries. Barney is a boiler maker to be sure and when he dons a uniform this season he will be in fine physical condition. Hard work is making him solid and when he unhooks that mighty left the batter must be wide awake to meet the ball.

Everyone remembers how Joy pitched in 1901 and 1902 when Sonny Cunha was behind the bat. At this time Barney was a boiler maker and now that he has resumed the hard labor the wise ones are looking for a pitching record again this season. It will be all that little Soares, who catches Joy, can do to stand up under the mighty pitcher's speed this season.

The Mailes have been out working the last couple of weeks. They are trying out new men; of these, one of the Camp McKinley boys, a third baseman, is showing up well. A semi-professional from San Francisco is also turning out with them.

Punahou will start to practice on Monday at Oahu College. They will probably arrange a series of games with the college boys. The latter has a strong line-up this year and they will probably give the Puns some good work outs.

The Oahus and Kams are also getting in shape for practice and as soon as the field day is over it is expected that they will all get down to business.

The High School will not enter a team in the School League this season. This is due to the lack of material at the school.

BASEBALL GOSSIP

During the recent meeting in New York of baseball club owners the name of "Deacon" Ellis was brought up, says Will Kirk, of the New York Journal:

"Ellis was an eccentric chap," remarked one of the magnates, "but he was no easy mark, or he wouldn't have been a club owner as long as he was. I'll never forget one time he was playing in our town, and he sent in a young fellow who had just come on from Cincinnati. This lad had been touted as a swell twirler, and Ellis put him against our boys with a great deal of confidence. In the first inning he gave three bases on balls, hit the next batter, and then allowed six hits, eight runs crossing the plate.

"Coming in after the side had been retired he took a seat on the bench beside Ellis. Wiping his perspiring brow, he remarked:

"'Mr. Ellis, I was a little off today.'

"'So you were,' said Ellis grimly. 'And you'll be a whole lot father off tomorrow. Here's car fare back to Cincinnati!'"

Outfielder James J. Callahan, of last year's Chicago Americans, who will manage a semi-professional team this season, says: "The first requisite for a professional is to know what to do with the ball when he gets it. He should have the play figured out before the ball gets to him. For instance, if he is playing second base with a man on first and one out, and the ball is hit to him the play is at second for the double. If the batter is a fast man and the ball is hit to your left and you come up with it clean, make one out sure; do not make a hurried play of it—nothing is gained because a double play is impossible, owing to the batter's speed. You may get plenty of applause for making a one-hand stop and throwing while out of position, but if you throw to the wrong place the manager takes a fall out of you for dumb ball playing."

HANLON ABOUT BRITT

"I feel that I am Britt's master, and am more than anxious to fight him. Every man that I have tackled was forced to extend himself to the last ounce, and as I have been able to get inside of the cleverest boxer of them all, Abe Attell, I should certainly manage to keep on top of Jimmy all the time, which style of milling is sure t beat him. His left would be of no advantage to him, and by gradually wearing him down with body punches, figure that I could knock him out before the twentieth round loomed up. I have always felt that I could win over Britt, and am just itching for a crack at him. From what I can learn, it appears as though the March date would be filled with a go between us two. If it does not come about, it will be no fault of mine, as I stand ready to take any reasonable concession that Britt demands."

Bill Huihui, who for some time was the pride of the natives as a boxer, has forsaken the prize ring for the cinder path. Bill has entered the mile walk for the Kam team. The sports are wondering if Bill will lay down. Some one should put Ayres, the crack heel and toe artist, wise to Bill, for as sure as the native pug gets within close quarters he will foul. Sullivan is backing Hui in this match as he knows how hard it was to catch the native in the ring.

MRS. MARY GREGOVICH

Of Philipsburg, Montana, Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich, of Philipsburg, Montana, under date of Nov. 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terribly, and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Philipsburg, and the doctor strongly recommended it to me. After 3 or 4 applications my hair stopped falling out, and is coming in again quite thick. I used to be troubled greatly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Hollister Drug Co., special agents.

The deposits in Prussian savings banks have almost doubled within the last ten years.

RULE FOR CONTESTANTS WHO SEEK THE AUTO

The Bulletin finds it necessary to establish a new rule in connection with the automobile contest, to-wit:

A change in the delivery of a paper from the person now receiving it to another of the same family cannot be accepted as a new subscriber, nor will an additional paper sent to a person already receiving the paper be accepted as a new subscriber.

The Bulletin has been very careful that there shall be absolute fair play in dealing with the contestants. It must also see that the contestants are equally straightforward in their relations with the paper. The matter is brought early to the attention of the many people interested in order that there may be no misunderstanding as to what constitutes a new subscriber.

THE SUPREME TEST.

There are friends who come in when
black sorrow's your guest,
To weep with you over your dead;
Friends who seem, in the midst of your
heartache's unrest,
To know just what ought to be said.
But the Prince of them all, when grim
Trouble stalks by,
And your heart can do nothing but
bleed,
Is the fellow who comes when there's
no one else nigh
And whispers: "How much do you
need?"

Father, tenderly bless all the friends I
have known
Who came in the depths of my woe,
Just to stand by my side when I felt
so alone,
That I might their sympathy
know;
Oh, I love every one for each hand-
clasp and tear,
And aye shall I wish them godspeed;
But a crown for the one who, when
none else was near,
Said softly: "How much do you
need?"

How to get votes to win a place in the BULLETIN'S $2000 Contest

The Bulletin office has been asked a hundred times in the last week, by contestants and their friends, for a list of its subscribers. This cannot be granted, as it would be unfair to the persons not having the list. The real, live, earnest prize-winning way is for contestants to solicit votes from ALL their friends—if they already take the paper (which is likely), then their votes on old subscriptions may be secured; if they do not now take The Bulletin, it is up to the vote-hunter to see they subscribe at once, thereby getting the needed vote coupon and placing in the hands of the new subscribers the best newspaper publish in the Territory of Hawaii.

The prizes are a **$1400** *REO TOURING CAR, 16 horsepower, seating five people. The Second Prize is a* **$350** *KROEGER PIANO; Third, a* **$5000** *INSURANCE POLICY; Fourth, A SILVER PUNCHBOWL; Fifth, a* **$40** *STORE ORDER; Sixth, a DOMESTIC SEWING MACHINE; Seventh, a LEATHER GOLF BAG and SET OF STICKS; Eighth, a WINCHESTER REPEATING RIFLE; Ninth, a SOLE LEATHER SUIT CASE; Tenth, a KODAK DEVELOPING MACHINE.*

Votes may be had as follows:

For New Subscriptions.		Votes.	For Old Subscriptions.		Votes.
Daily, 1 year	$8.00	3500	Daily, 1 year	$8.00	3000
Daily, 6 months	4.00	1500	Daily, 6 months	4.00	1200
Daily, 3 months	2.00	750	Daily, 3 months	2.00	600
Daily, 1 month	.75	250	Daily, 1 month	.75	200
Weekly, 1 year	1.00	425	Weekly, 1 year	1.00	400
Weekly, 6 months	.50	200	Weekly, 6 months	.50	175

☛ *THE BULLETIN'S TEN PRIZES are of interest to everybody, and everybody is given an opportunity to win them.*

☛ *POPULARITY AND VOTES will win in this contest—NOTHING ELSE CAN.* ☚

LOCAL HARBOR WORK
Since Annexation
AND THE MONEY REQUIRED
SENATORS TALK OF SUM NEEDED

[Hearing of Hawaii's Business Delegates before Senate Committee—continued from Wednesday.]

The Chairman. Since annexation?

Mr. G. W. Smith. Yes, sir. The only harbor is the harbor of Honolulu. There is a harbor at Hilo, an open roadstead, with a wharf extending out on one side that small steamers may reach. The other island landings are made in ships' boats. We have a fleet of island steamers. A steamer will lie from 1 to 3 miles off shore and the landing is made in ships' boats to the shore. There is a wharf with a crane generally reaching out over the wharf and sometimes a basket. The passengers get into the basket and are lifted up to the wharf with the crane, which also brings up packages of goods. Those wharves or landings have been erected by the Territorial government in many instances. In some instances, where the plantation abuts on the sea, they have been built by the owners of the land.

The Chairman. The water is too shallow, I infer from what you say, to allow vessels to come in?

Mr. G. W Smith. It is not so much the shallowness of the water as the danger from the current and the liability of the steamer being thrown onto the shore.

The Chairman. Is there any way to overcome that difficulty?

Mr. G. W. Smith. No, sir; not on the other islands. The conformation of the islands is such that harbors could not be made. Every island has a chain of mountains running through the center and sloping toward the sea. Around this island there will be a belt of land from 1 to 3 miles wide, which is cultivated in sugar. As a rule the sides of the island are quite precipitous. In some cases they will run down to the sea gradually, but not often. On the island of Hawaii the sides of the island are precipitous for miles and miles and a landing is made in little coves or where a valley runs from the mountains down toward the sea.

The Chairman. What sort of harbor improvements do you contemplate making there, if you have studied the matter at all?

Mr. G. W. Smith. The harbor improvements under the system adopted by the United States Government include a deepening of harbors.

The Chairman. I do not care for those. I am speaking of what you yourselves think about harbor improvements.

Hilo Breakwater.

Mr. G. W. Smith. I am not prepared to state. There is a breakwater needed at the harbor of Hilo. As I stated, it is an open roadstead with one wharf on the side where a small steamer can get in. There ought to be a breakwater out there where vessels can go in.

The Chairman. What would be the amount required to construct the breakwater?

Mr. G. W. Smith. Mr. Loebenstein can state that.

The Chairman. Mr. Loebenstein, tell me what would be the amount required, approximately?

Mr. Loebenstein. I may say that a survey is now in progress by Lieutenant Slattery, of the engineers. Congress made an appropriation of $1600 for the survey. In conversation with Lieutenant Slattery he gave me to understand that the cost would come to between $900,000 and $1,200,000. He could not state it exactly.

The Chairman. Whatever it may be, the United States Government is already giving attention to the subject.

Mr. Case. Mr. Chairman, I wish to state that we would naturally like to have all of this appropriation, if made at all, expended for Territorial purposes, but our feeling has been very strong that if we must confine the request strictly to Territorial purposes we would not be so likely to get assistance from Congress, and we left it to the discretion of Congress to use it not only for Territorial but for Federal purposes if it was so desired.

Get at the Plan.

The Chairman. The reason why I am asking these questions is that I happen to be aware, of course, that Congress is addressing itself to these harbor improvements which you are supposed to need, and I did not know whether you contemplated, as I inferred you possibly did, making those improvements yourselves.

Mr. G. W. Smith. That is not contemplated, I think.

The Chairman. The Federal Government will in time make them. It proceeds a little deliberately sometimes about these matters, but it is now making surveys. The whole thing is under consideration, and no doubt the Government will make there all the harbor improvements that you need in its judgment. So we do not need to make a provision here that would cover an expenditure of that kind to be incurred by the Territorial government. This bill also speaks of expending this money for military and naval defenses. The Government is addressing itself to that whole subject also.

Mr. G. W. Smith. Yes, sir; it is introducing a large encampment now into Honolulu.

Senator Wetmore. There is a question I wish to ask you. Is it your idea if you get this 75 per cent not to ask the Government for any appropriation for these specified purposes?

Mr. G. W. Smith. We had not considered not asking the Government.

Senator Wetmore. When I say specified purposes I mean for harbor improvements and military and naval defenses.

Mr. G. W. Smith. We felt that the Government itself would handle the matters connected with the Army and Navy and harbor improvements out of the direct appropriations made for those purposes.

Senator Wetmore. Then those lines ought to be stricken out of the bill.

Mr. Loebenstein. I should like to make an explanation.

Mr. G. W. Smith. Two hundred thousand dollars was contemplated for the harbor. The bill at the last session called for $400,000 and only $200,000 was appropriated for the improvement of Honolulu harbor. It was expected that this would probably be taken out of the $750,000 at once. But we do not feel that we are competent nor that we would be called upon to undertake purely Federal work.

The Chairman. The Federal Government would not want to turn it over to you, I am sure, especially the military and naval defenses or the harbor improvements.

Help for Local Works.

That was the object of my question. We are addressing ourselves to that subject, and anything in the way of harbor improvements and military and naval defenses will be done by the Federal Government. It takes a good while to make the preliminary surveys and arrive at an intelligent plan, especially when there does not seem to be any great emergency about it, nor so much emergency perhaps as in other places. So I think, after all, what you need to get help from us for is perhaps only for your domestic necessities—for your school buildings and your local public buildings.

Mr. G. W. Smith. Yes, sir; and roads and bridges.

Senator Piles. I should like to ask if a committee has at any time looked into the necessity for these public buildings and public improvements?

Mr. G. W. Smith. Federal public buildings or Territorial?

Senator Piles. A Congressional committee.

Mr. G. W. Smith. No, sir; no Congressional committee has examined into this subject.

Senator Piles. I did not know but that some committee might have gone there and looked into the matter.

Mr. Case. We would be very glad to have a committee come there.

Mr. G. W. Smith. Secretary Taft on his way to the Philippines stopped in Honolulu and was entertained by the commercial organizations. Mr. Galt was on the committee to point out the necessity for public buildings. Some members of the party were taken around the city in automobiles and shown sites that would be good for that purpose and the necessity for it.

Senator Piles. But there has never been any committee that has made a report on the subject?

Mr. G. W. Smith. No, sir.

Permanent Harbors.

Mr. W. O. Smith. In regard to the matter of harbor improvements, the harbor of Honolulu is the main harbor, and there is one at Hilo, on Hawaii, and at Kahului, Maui, that would probably receive attention in the course of time from the Government.

The Honolulu harbor is being attended to, but the smaller harbors, which are so important for the development of the industries of the islands and facilitating getting the produce to markets, would probably never get attention from Congress, or it would be many, many years. If there was a fund of this sort, purely a Hawaiian fund, for such improvements, not reaching beyond our current expenses at all, we would be a great deal more likely to get those smaller harbors, and they would be of great importance in the development of the islands. The great difficulty in getting Americans or Anglo-Saxons of Europe to come from the industrial class to settle is because they can not make a living. With these inaccessible place, the cost and difficulty of getting their products to market are so great that these harbors would be very useful for inter-island trade.

Mr. G. W. Smith. Yes, sir; and it would be almost idle to expect Congress to make an appropriation for those smaller places.

What Massachusetts Does.

Senator Wetmore. That would be rather analogous to what I understand the State of Massachusetts does. I understand that State appropriates for some of the minor harbors money out of its own treasury, irrespective of appropriations by the National Government.

Mr. W. O. Smith. It is a matter of great importance to our development. We have great difficulty in attracting the right kind of population to the islands.

The Chairman. Now, we understand that it is only for those minor harbors that you want help. What can you tell us would probably be required on that account?

Mr. G. W. Smith. On this account, Senator?

The Charman. Yes; you spoke of building a dike or breakwater a while ago—I believe you called it a breakwater—at a cost of perhaps $900,000.

Mr. G. W. Smith. At Hilo.

The Chairman. The Government will undertake that work if it is necessary, I have no doubt.

Mr. W. O. Smith. At the harbor of Kahului the Kahului Sugar Company and the Kahului Railroad Company, a private corporation, have made dredging contracts that will cost from $130,000 to $160,000 for the improvement of that harbor, not only for their own benefit, but for the benefit of the island. It will be impossible to estimate without having surveys made, but without being extravagant or expending it in any one year, or in any two or three years, I should think that from one to two million dollars could be spent with very great advantage to the internal trade.

The Chairman. To the inter-island trade?

Mr. W. O. Smith. The inter-island trade.

Senator Wetmore. The appropriations to spread over several years?

Mr. W. O. Smith. Yes. In regard to the public works of different kinds it would be difficult to specify, but we hope to grow and to have more to do, for with the facilities of transportation by water and by land that we have now and the roads we do a certain amount of business. We want to have more, and we want to have more Anglo-Saxons come, who would find it worth while to stay there, instead of depending entirely upon Asiatics, as we have to do so much now.

The Chairman. We have under consideration in this committee Senate bill 1916, making an appropriation of $35,000 for filling in that portion of the naval station at Honolulu, Hawaii, known as the reef, and for necessary dikes or retaining walls. That illustrates what I suggested a while ago, that as to all these most important matters the Federal Government is already taking steps. But I recognize very much that you have minor harbors and ports that you might need help with, respect to, simply because the Federal Government might not take any steps there to improve them.

Mr. McInerny. Both the present and the former Delegate from the Territory have been trying ever since the Territory has been organized to get some action in the matter of Federal buildings, and so far we have not even progressed to the stage of getting a place in an omnibus bill at all, and that although the members have been free to say personally that our claims were very just and that the needs were very great.

I think the object in including public buildings in this bill was to make it possible for us to actually use what the members of the committee concede we are entitled to when it comes to a question of that sort. Hawaii is so far away when it comes to making up a public-building bill that unless we have some fund of this sort to draw upon it seems extremely unlikely that at any time in the near future we are going to get a place in a public-building bill for a regular Federal building. I am referring now to the different needs that may arise in a Territorial sense.

Mr. G. W. Smith. The matter to be considered, Senator, is that the topography of the islands is such, separated as they are by channels of water, that the cost of the administration of the Territorial government there is greater than it would be on the mainland, where the area was contiguous and where it was simply a State. Everything has to be done by crossing the water with us.

The Chairman. Is there anything else that any of the gentlemen wish to state to the committee?

Senator Piles. I should like to ask you a question, Mr. Smith. I understand that out of this fund which you ask us to create you have received about $700,000 or $800,000 a year?

Mr. G. W. Smith. That is, Congress has held that in the Treasury.

Senator Piles. That much would be placed in the fund annually?

Mr. G. W. Smith. Yes, sir.

Senator Piles. Is it necessary for your purpose that $700,000 or $800,000 should be placed for twenty years in this fund?

Mr. G. W. Smith. It would do much to build up the Territory, sir, and to increase the population we are seeking to obtain there.

Senator Piles. About $800,000 would give you all the school buildings you want?

Mr. G. W. Smith. Yes.

Senator Piles. How much do you figure now would meet your immediate necessities for other public buildings?

Mr. G. W. Smith. Of course that $800,000 would not be spent in one year.

Harbor Improvement.

Senator Piles. I assumed that it would not be spent in one year, but $800,000 in a lump sum would answer your school purposes. How large a lump sum would answer at the present time for the other public improvements you have in contemplation?

Mr. G. W. Smith. Well, an insane asylum, a Territorial jail, and a courthouse probably would require from $750,000 to $800,000. The material has all to be brought there. A Territorial building would be very expensive.

Senator Piles. Suppose you say $2,000,000—what is the necessity for extending the time over a period of twenty years?

Mr. G. W. Smith. By that time the Territory hopes to so arrange its economic and internal conditions as to be in a position to have funds in the treasury to extinguish its public debt of over $3,000,000, and to be so placed that the necessity for borrowing will not again arise.

(To be continued)

POEPOE WANTS TO

(Continued from Page 1.)

have become American citizens by adoption, and if any cry should be maintained, it should be 'Hawaii for Americans,' meaning the citizens at large. If the Hawaiians are concentrated, it should be made incumbent upon them to see for the best interests of all, that deserving Hawaiians as well as whites, receive their attention."

Mr. Poepoe's idea is not to confine the favors of such an organization to Hawaiians only. The organization may follow a course identical with that of the Civic Federation, that is, selecting and supporting men who are worthy of any favor. In pursuing such a course, the Hawaiian organization could not help but command recognition, and a "give or take" process may ensue between it and the other organizations. Mr. Poepoe claims his views are not calculated for selfish ends.

When asked why the Home Rulers would not throw their lot with the Republican party, and thus have the Hawaiians more or less concentrated, he said that such a course would be objectionable for two reasons. First, it would destroy wholly the identity of a Hawaiian political organization, which he contends should be maintained, and secondly, it might subject the Hawaiians to the caprice of a few running the machine in the Republican party.

Mr. Poepoe says that the Home Rule party has no fear of any political move by Mrs. Theresa Wilcox. He said that it would not hurt them in any way unless, perhaps, one of the big guns in their rank, has promised to throw his lot with her.

When asked if he was aspiring for any elective office at the coming campaign, Mr. Poepoe emphatically stated that he was not out for any.

BREAKING INTO SCHOOL

Or a "Mystified Mother's" story of her attempts to gain education in Honolulu schools for her children. Every parent should read this statement that will appear in

SATURDAY'S BULLETIN

Attorney General Peters today received a cablegram from Attorney John W. Cathcart, who has been on the mainland for a couple of months, stating that he would return on the Korea, March 28. Cathcart appears as attorney in a number of criminal cases, which have awaited trial until he should return.

NEW - TO-DAY

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii. At Chambers; in Probate. In the matter of the Estate of Hoopii Silva, deceased. Order of Notice of Hearing Petition for Allowance of Final Accounts, Distribution and Discharge. On reading and filing the petition and accounts of William O. Smith, executor of the will of Hoopii Silva, deceased, of Honolulu, Island of Oahu, wherein he asks to be allowed $1308.56 and charges himself with $1308.56, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such executor, it is ordered that Monday, the 30th day of April, A. D. 1906, at 10 o'clock a. m., before the judge of said court at the court room of the said court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this order, in the English language, be published in the Evening Bulletin newspaper printed and published in said Honolulu, once a week for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Honolulu, Oahu, this 31st day of March, 1906.

ALEXANDER LINDSAY, JR.,
2nd Judge First Circuit Court.
3338—Mch. 22, 29; Apr. 5, 12.

POUND MASTER'S NOTICE.

Notice is hereby given that the animals described below have been impounded in the Government pound at Makiki, Kona, Island of Oahu, and unless the pound fees and estray on road are sooner satisfied, will be sold at the date hereafter named, according to law:

Mar. 20, 1906—White horse; no brand; has ringbone on right foot.

The above animal will be sold on Saturday, March 31st, 1906, at 12 o'clock noon, if not called for before the date mentioned.

WILLIAM J. KARRATTI,
3338-3t Pound Master.

AUCTION SALE
—OF—
Taro Food Factory

TUESDAY, APRIL 3, 1906,
AT 12 O'CLOCK NOON,

At the premises, Liliha street, opposite Vineyard, I will sell at Public Auction, the property comprising:

Real Estate

A valuable lot on the corner of Liliha St., and Parker lane, having a frontage of 87 ft. on Liliha street, and from 79 to 112 ft. deep.

The lot is high ground and is well drained.

In this property there has lately been erected a well-built, new frame building, 25 x 100 feet, wired for electricity, flush closets, porecian fittings, etc. Building is covered with corrugated iron. The factory is well supplied with new machinery, comprising:

1 20-H.P. steam tubular boiler 36x100
1 8x8 class B horizontal engine.
1 No. 4 mill for manufacture of poi.
1 No. 2 mill for grinding grain, taro, etc.

Shafting, belting, pulleys, scale, tools, etc.

The above will be first offered as a whole, and if not sold will be sold in lots.

All particulars at my office.

JAS. F. MORGAN,
AUCTIONEER.
