### LANSING OIL CARGO NOT ALLOWED TO LAND

Department Of Public Works Says It Is Dangerous

### UNION OIL COMPANY NOT COMPLETED TESTS

### LOW FLASH ON FUEL CAUSES GOVERNMENT OFFICERS TO HOLD UP CARGO--LIKE NITRO-GLYCERIN

The cargo of 39,000 barrels of oil brought to this city from Port Harford by the steamer Lansing of the Union Oil Company has not been allowed to land by the Department of Public Works on account of the low flash test which the Department tests have shown. The tests have not been completed, however, and more will be made which may change the situation.

The Department test show an average of 86.12, while tests made by Chemist Shorey of the local Federal Experiment Station, taken from the same point in the tanks of the Lansing, show an average of 95. Even at the test last mentioned the oil falls short of the law, which requires oil furnished for sale or sold to be at least 100.

The same trouble occurred once before when the Argyle, of the same company, brought a cargo, the flash test on which was from 84 to 85 some six or eight months ago. At that time the Government questioned the advisability of landing it, but finally allowed it to come ashore with the assurance, which was followed out, that it should be mixed with oil in the company's tank which was of a high enough test to bring the mixture above the 100 required.

It is stated that at this time counsel for the oil company promised to prevent all of this grade from being brought, by every means possible.

The Department contends that although there is no law preventing the landing, oil of 85 test is dangerous and as such comes under the law prohibiting a nuisance, and on this ground, backed up by the Attorney General, the fuel has been kept in the Lansing and an employee of the Public Works Department has been stationed at the Railroad wharf to prevent its being landed secretly. The Department claims that it is as dangerous as nitro-glycerin.

On the other hand, the officers of the Lansing, all familiar with the handling of oil, do not consider the cargo dangerous, as is shown by the fact that the first officer and chief engineer both have their wives and children on board the ship and the little tots play around as freely as if in their homes.

The dangerous character of the Lansing's cargo is commented strongly upon along the waterfront and the statement has been made that every boat on the waterfront is keeping clear of her. To counteract this, the fact that the same company which

### RAPID TRANSIT AND JOHNSON DISAGREE

Company Wants County To Fix Roads Between Tracks

### QUESTION PASSED UP TO BOARD OF SUPERVISORS

### TRACK ROADBED HAS NOT BEEN FIXED AND THE ELECTRICAL EQUIPMENT IS ALSO DAMAGED

Who shall repair the roadbed between the Rapid Transit car tracks--the County or the R. T. & L. Co.? This question has arisen between Road Supervisor Sam Johnson and Manager Ballentyne of the Rapid Transit. Johnson says that the grade of five inches on a 75-foot road, fixed by the grade commission, is utterly too small, and he is therefore raising a crown on both sides of the car track, but the space between those he left to the R. T. & L. Co. to fix up. Ballentyne said this was deleterious to the company's equipment, and said it was up to the County. He and Johnson could not agree, so they decided to pass the question up to the Solomonic Board of Supervisors for a decision. Ballentyne accordingly wrote the following letter, which will come before the Board at its meeting tomorrow evening:

Honolulu, Oct. 19, 1906.  
John Lucas, Esq., Chairman Road Committee, Board of Supervisors, Honolulu.

Dear Sir:--We respectfully desire to draw your attention to the practice of the Road Supervisor, when macadamizing the streets upon which our tracks are laid, of raising the surface of the street above the surface of the rails, thereby making the space occupied by the track a waterway for the flow of water during rainy weather. This is notably the case on Beretania street, between Pili and Pensacola streets, where, during the recent rainy spell, the track was submerged as much as three inches, to the great danger of impairment of the electrical equipment of the cars and injury to the clothing of passengers riding on the running board by reason of the water being thrown out, unavoidably, by the wheels.

"We might state that these tracks, in every instance, were laid to the grade adopted by the grade commission, and are, therefore, occupying a strictly legal position. "We do not wish to be understood as standing in the way of street improvements, of which we are in hearty sympathy, and commend the good work being done by the Road Committee, but we are of the opinion that the necessary facilities for the drainage of this water should be provided when the work of macadamizing is being done.

Trusting that this matter will receive your favorable consideration, we are, yours faithfully,

HONOLULU RAPID TRANSIT & LAND CO.,

Manager.

### MELLO DENIES MAKING STATEMENT FOUND IN DEMOCRATIC AFFIDAVIT

The great discovery of the Democrats of the pernicious work of the "Sam Johnson machine," which, through the affidavit of one F. S. Mello, demonstrated to the full satisfaction of any Democratic mind that Sam's favorite Kakaako district had been "colonized," was given a sad blow today by the very same F. S. Mello.

Mello today denied the very most essential feature of the affidavit, namely: that Chas. Costa had called the road workers together and told them to move to Kakaako. He also hedged considerably on his other statements, and declared out and out that Sam Johnson was not to blame.

Mello said that Costa had asked him where he lived and, on being told that he lived on Punchbowl, had said that he had better move to Kakaako. He would give him a day to think it over in. Two days later Mello's team of mules were transferred to the Diamond Head road, and Mello was put to work on the water works, but this job lasted only a few days on account of rains. He then laid his case before Sam Johnson, who promptly put him back to work on the street-sweeping gang, where he is still working. Costa had been very angry with him for complaining to Johnson and had threatened to lick him.

"Did you see Costa call the boys together and tell them from the steps that he would fire the men who would not move to Kakaako?" asked the reporter.

"No; I never saw that," answered Mello.

"Did you hear Costa ask anyone else to move to Kakaako?"

"No."

"But the affidavit says you said this: 'That afternoon, however, when the gang had come in from work Charlie Costa called the boys together and mounting on the steps told all present (about 30 or 40) that if they wanted to hold their jobs they would have to move into the Kakaako precinct and live there thirty days before the primary election so that they could vote there then. He said he wanted everyone to understand that there was no job for anybody who did not do as he told him and move down into that precinct.'"

"I never said that."

"Did you not read the affidavit before you signed it?"

"I only read the two first pages of it. They were all right. Then they told me to sign, and I signed it."

As a further and still more concrete proof of the utter worthlessness of the affidavit are the very registration records, which disprove the statement made in the affidavit, as follows:

"Among others, there were Manuel Raposo, a married man who lives on Quarry street, Punchbowl, near where I live; two men from Punahou, both of whom were married, one by the name of Martins, and another by the name of Frank Goveia, also Frank Silva, a married man living at Panoa; Mike Freitas, a married man, living on Emma street in the Punchbowl district, and Everett Gomes, who lives on Punchbowl, Quarry and Kinau streets. All of these men I have mentioned moved into the Kakaako precinct and I think they are registered there to vote at the coming election, but as I have above stated no one of them made any change in the residence of his family."

The register of voters for the Kakaako precinct fails to show the names of Manuel Raposo, Frank Goveia, Frank Silva, Mike Freitas and Everett Gomes, showing conclusively that these men did not register there. The precinct does contain the name of one Martin, but whether it is the same Martin as is referred to in the affidavit is a question.

### LANAI ISLAND IS NOW OFFERED FOR EXCHANGE

Governor Carter stated this forenoon that the Administration has decided to dispose of the island of Lanai by land exchange. The value placed on the island by the Territorial Government is \$107,000. The island of Lanai has been the subject of the attention of the government for some time. In its present condition the island is being blown out to sea. There is little water there and the ranching operations have failed on that account. No homesteader or small settler can do anything on the place because it is so dry. The Governor has finally decided that the island will be exchanged by the government and, if any corporation or individuals can offer land or property to the Territory to the value of \$107,000, the island is theirs. This is deemed the only practical way to make the island of value to anyone. Land Commissioner Pratt valued the island higher. A commission was sent to the island to appraise it. The figure finally settled on by the Governor is supposed to be sort of a happy medium between Pratt's high figure and the commissioner's low one. "Take the island of Nihau," said the Governor. "If it were not in the hands of Gay, it would be a barren waste. A man who owns property is willing to put out money for benefits which his estate may reap. If he can only lease it for a comparatively brief period, he cannot afford to do things he would otherwise. The policy in dealing with the smaller islands must be directly the reverse of that on the large islands where the small settler has some show."

### CIVIC FEDS. DID NOT CONSULT M'GARTHY

While the Civic Federation seems pleased with Col. McCarthy, showing this by endorsing him as a candidate for Senator, it does not appear that the Colonel is quite so pleased with the Civic Feds. "I feel that some member of the Federation should have consulted me first," said the Colonel this afternoon. "They should at least have found out how I stood on the question of high license and local option. I have now no opportunity of rejecting the endorsement, but at least I want my friends to understand that I did not seek it."

The chairman of the Board of Registration has reported to the Governor that twenty men who are registered from a lodging house connected with a saloon are suspected of being non-residents and of having, therefore, no right to vote. The list of the names was given to Governor Carter, who referred the matter to Attorney General Peters for investigation. Two of the men are said to be sailors and it is thought that the rest did not give their correct addresses. Taken back to Nagasaki on board the transport Sherman, escaped from the hospital of the vessel early this morning, and up to this time has not been caught, although the police have been looking for him. He boarded the Sherman at Nagasaki on her last visit to that port, and was being taken back. The captain of the Sherman, it is understood, had to put up a bond to insure his capture, before the vessel was allowed to leave this morning.

### SHRINERS READY WITH SUBSCRIPTION TO HELP BAND BOYS

Potestate C. B. Cooper of Aloha Temple, Mystic Order of Shriners, has appointed R. W. Breckons a committee of one to collect a fund for the Hawaiian band from among the members of the Temple. The band boys have always responded cheerfully on all occasions when called upon by the Shriners and it is not for these men to withhold their assistance when the boys are in pinikis.

UP TO TRENT  
The Advertiser this morning contained the following: After a day or so the machine straight-ticket people made a violent kick and the Bulletin folks went sadly to the Democrats and asked permission to settle accounts and drop the Democratic column then and there. "Settle accounts, nothing," said the Democrats. "If you refuse to publish our matter any longer you won't get a cent for what help you have given us so far."--Advertiser. The foregoing published by the Advertiser is an absolute lie. There is not the slightest semblance of truth in the statement in any particular. If you can get Mr. Trent or any other Democrat who had to do with the leasing of space in the Bulletin to corroborate your statements in writing we will recall ours.--Advertiser. Mr. Trent when spoken to about this matter, said that the assertions of the Advertiser are absolutely false. Owing to the advice of friends he hesitated to enter into a controversy as he feared the Advertiser was trying to lead him into a trap. It is now up to R. H. Trent. George Turner Deacon, the chief engineer of Waiialua mill, died from heart disease this morning. He will be buried tomorrow at 3 p. m. under the auspices of Hawaiian Lodge, F. & A. M.

### REPUBLICANS ACCEPT DEBATE CONDITIONS

The committee of Republicans appointed to attend to the joint debate with the Democrats met this forenoon to discuss the matter. They decided, in order to show their absolute readiness to have the affair come off, to accept practically all the Democratic conditions. As a result the following letter, explaining the Republican standpoint, was sent to the Democrats: Honolulu, Oct. 24, 1906. H. J. Mossman, Esq., Chairman Democratic County Committee, Honolulu. Dear Sir:--Your note of yesterday containing a counter proposition in regard to the proposed joint debate was duly received. The conditions submitted by you are satisfactory to me with one exception, and that is in regard to the order of debate. In this matter I must adhere to the original proposition, that the speakers shall alternate, the Democrats opening. Yours very truly, HARRY E. MURRAY, Chairman, Republican County Committee, County of Oahu, October 24th, 1906. H. E. Murray, Esq., Chairman, Republican County Committee, County of Oahu. Dear Sir:--Yours of today acknowledging receipt of our note of yesterday re joint debate, duly received. We note therein your insistence that the Democrats shall open and that the speakers thereafter shall alternate. (Continued on Page 4.)

Dear Sirs:—About two years ago a very fine, well bred mare I own got what seemed to be a bad sprain of the off fore fetlock, which made her very lame; I blistered her and let her run out for about four months when I took her up she was better but still lame and got worse when worked. I then tried another kind of blister with about the same results. Last Spring I bought a bottle of your Save-the-Horse from your agent in this city. After treating the mare with this for about two weeks I gave her some slow driving; she improved very much, and by the time I had used up the bottle I was able to drive her twenty or thirty miles without any apparent bad effects. She now goes sound; I also with the same bottle removed two wind galls from her hind legs. Hoping that this will be of some benefit to you, I am, your truly, MARTIN BURNELL, 401 California St. San Francisco.

Purser Smith received many condolences for the trouble prospectively in store for him, and numerous anxious inquiries were made of the doctor as to whether or not he had laid in a large enough supply of parogoric. The entire after part of the vessel was swarming with children. The Alameda took about all the freight she could carry with such a large list of passengers in the steerage. She had in all about 1900 tons of cargo, including 6000 sacks of refined sugar and 2000 sacks of raw. There were also 4500 bunches of bananas, together with a mixed assortment of other freight. The Alameda blew her departing whistle at 10:15.

Silva, who thundered forth in his usual stormy manner at the Democratic meeting at Emma Square last night. "They say that some Portuguese disturbed a meeting held there. Who was to blame for that if it was not the party which gave free beer and whisky to every man and child at the meeting? Was it done on purpose? Why did they throw open a saloon not fifty feet away and give everyone a general invitation to have all they wanted because it had been paid for? This was a double insult to the Portuguese. The first insult was in trying to buy their votes with booze, and every Portuguese voter ought to resent the insult. Do the Republicans think that they can buy a Portuguese with a glass of wine? That is the opinion the Republicans have of the Portuguese and it is insulting. "Then they blamed the row on two or three boys who had nothing to do with it and even went around and tried to have these boys fired from their jobs. Is that a way to help the Republican ticket, by getting some boys fired? "They go around, in Kakaako and Iwilei, for instance, with beer and whisky as arguments. When a party gets so low that it has to do this it is time to bury it so deep that it will never rise again, and I believe that you realize with me that that time has come. "Fred. Terrill, another fire-eater, also made an ultra-strenuous speech, roasting the Republicans in general, and jumping more especially on Sam Johnson and the "road machine." Regarding Brown he said: "I go out to Moiliili and I find a one-armed kanaka speaking for Brown. He tells the Hawaiians on the side that Brown won't arrest them unless they commit a serious crime. What does Brown want? Does a man have to murder here before the police will touch him? Laukea is a man, honest and square. He will carry out the law and he will have men like Silva and others to change the laws and make them right. The people on the hill have had sand thrown in their eyes long enough and they are going to do different. The lease on Punchbowl runs out in a few years, but have the Republicans said anything about how the Portuguese are going to get their land and homes there? Are these lots to be sold like those at Makiki, with an upset price covering all the improvements? Get next to yourselves and send men to the Legislature that will give the people a chance. "Charles Rose accused Sam Johnson of packing the Republican meeting. Fred. Weed amused himself with the liquor law. Trent jumped on the Republican beer campaign. Mrs. Puahli appealed to the voters, as the mother of a family, to down the party which ruined the young by giving them booze. H. J. Mossman welcomed the Civic Feds., who, he hoped, would help the Democrats to secure a fair count on election day. Moore reviewed all the work he had done as a Supervisor. With a big passenger list, the steamer Alameda, the Alameda, steamed out of the harbor this morning on her way to the coast. There was the usual big crowd down to see the steamer off and to bid goodbye to departing friends. Purser Smith received many condolences for the trouble prospectively in store for him, and numerous anxious inquiries were made of the doctor as to whether or not he had laid in a large enough supply of parogoric. The entire after part of the vessel was swarming with children. The Alameda took about all the freight she could carry with such a large list of passengers in the steerage. She had in all about 1900 tons of cargo, including 6000 sacks of refined sugar and 2000 sacks of raw. There were also 4500 bunches of bananas, together with a mixed assortment of other freight. The Alameda blew her departing whistle at 10:15.

KUHIO AND NOTLEY RETURN THIS WEEK Both Due Next Saturday And McClanahan Tomorrow. At the end of this week the campaign will be enlivened by the presence of the three candidates for Delegate to Congress, Kuhio Kalaniana'ole, the Republican candidate, E. B. McClanahan, the choice of the Democrats, and Charles K. Notley, the Home Ruler. The presence of these three head candidates in person will do much towards enlivening the campaign. Considerable uncertainty has been felt regarding the movements of Kuhio, who is at present stumping somewhere on Hawaii. John C. Lane yesterday sent a letter to him, in the care of Purser Beckley of the Kinau, who will deliver it to him wherever he can find him. In this letter Lane asks the Prince to return on the Kinau next Saturday, and he feels certain that he will come. Charles Notley is expected to return from Hamakua in the Kinau next Saturday. The following Monday, the Home Ruler will signalize the event by holding a general rally at Aala park, at which Notley will be the main speaker. McClanahan will return in the Claudine tomorrow from Hawaii and Maui, where he has been stumping for the past few weeks. On Saturday the Democrats will hold a grand rally at Aala park, at which McClanahan will be the chief attraction.

## CIVIC FEDERATION METHODS DENOUNCED

### Doremus Scudder And His Associates Roasted

### REPUBLICANS HOLD GOOD RALLY ON VINEYARD ST.

### CANDIDATES EXPRESS THEIR VIEWS ON THURSTON, THE ADVERTISER AND THE CIVIC FEDS

At the Republican meeting on Vineyard street last night the Civic Federation and its methods were handled by some of the speakers without gloves. A number of the candidates who have been endorsed by that organization utterly repudiated the action taken and stated that the endorsement of the Civic Fed was entirely without authorization from them and without their knowledge or consent. They did not desire any such endorsement and wished to have nothing to do with an organization the main object of which is to defeat the Republican party.

In spite of the rain which fell at intervals, there was a good crowd present at the meeting, and much interest was shown by the audience. There were no disorders of any kind and the candidates were listened to with the closest attention.

Vida called the attention of the voters to his prediction of what the Civic Fed was going to do. "I told you," he said, "that they were going to endorse Lauka for Sheriff. Do you want a man for Sheriff who is going to be dictated to by Thurston and the Civic Federation, or do you want a man who for the past ten years has stood by his party and its principles?"

Vida referred to the charges made against himself and Sheriff Brown by Doremus Scudder and the other members of the Anti-Saloon League, that they are in the habit of discharging without trial people brought to the police station drunk, and their expressed opposition to the saloons of the city. "But," said Vida, "Scudder endorsed Frank Harvey and Charlie McCarthy. That shows you what the Civic Fed and L. A. Thurston are. What Thurston wants to do today is to disfranchise the Hawaiians.

Vida said that Scudder and his associates have blacklisted J. S. Kaleo because he is far better than the man they have put up against him. I think you have too much sense to want to be put back under the kind of government you had before, run by L. A. Thurston and his associates.

"I have been for the last two or three months the subject of attacks by L. A. Thurston and the Advertiser, but I defy any of them to prove any charges that have been made against me. I am going to stand by the people and fight the Civic Federation and L. A. Thurston to the bitter end. An Assistant Sheriff to Sheriff Brown, I think I have been true to my people, and if I am elected to office, I am going to do the same again."

S. P. Correa stated that his name had been published in the Advertiser as a candidate on the Civic Federation ticket without his knowledge or consent. That was the first he knew anything about it. The truth of the matter is, he said, that the Civic Federation has been sleeping. It suddenly waked up to the knowledge that it had no suitable candidates, and is trying to pick them from the other parties without any authorization on the part of the candidates in question.

Correa stated that he wants the people to understand that he is a Republican and does not consent to any such action on the part of the Civic Fed.

Lilewi was of the opinion that the action of the Civic Federation in picking out men from the various tickets would result in much confusion. If these men should be elected to the Legislature, some would be pulling one way for the Republicans, some another way for the Democrats and some still another for the Civic Fed.

Lilewi compared the Republican party to the old lady who sent her sons out to gather breadfruit. She told them to gather the kind that had wax covering the outer skin. They did so and brought it back, and the

## A TRAINED NURSE

### After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Mariba Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down, painful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I was almost after eating, and frequently become nauseated. I had pain down through my limbs so I could not walk. It was a case of female trouble I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicines fail. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now endorse Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, backache, bloating (or flatulence), general debility, nervousness and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excita-

whole neighborhood was saved from starvation. The Republican party is like that, he said. It saves the people.

Lilewi said that he wished to have nothing to do with the Civic Federation. "If you ever hear of my name being on a ticket of the Civic Federation," he said, "take no stock in it. I don't know these people and I don't want to."

Lilewi was followed by James Bicknell, candidate for County Auditor. Bicknell attacked the correctness of the claim made by Trent that he is entitled to the credit of having instituted the payment of 100 cents on the dollar on all payments made by the county. The payments were ordered by the Supervisors, and Bicknell, as Auditor, drew up the warrants, which were authority to Trent as treasurer to pay 100 cents on the dollar. Bicknell stated that though he had been endorsed by the Civic Federation, he had not sought any such endorsement.

W. O. Smith urged the voters to send back to Congress Delegate Kuhio, a man who has already been there several years and is fully conversant with the ways of Congress and knows best how to get the most for his people. He urged the support of Kuhio and of the entire ticket which Kuhio represents.

A. M. Brown told the people that the Civic Federation is merely using Lauka as a tool. They have no use for him except as an instrument for defeat-

bility, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. No other female medicine in the world has received such widespread and unqualified endorsement. The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is strictly confidential.

ing Brown. But they can't do it with such a candidate. Brown said he was willing to stand on his record of what he had done for the people and the way in which he had conducted his office.

Link McCandless also took a crack at the Civic Fed. He stated that he didn't care for any endorsement by that organization. He said he is a nominee of the Republican party and intends to stand by that party. It makes no difference whether the Civic Federation endorses him or not.

In outlining the make-up of the Democratic party, consisting largely of disgruntled Republicans, A. V. Gear said that there is a young man, well known in this community, who four years ago was helping the Republican party. Now he is with the Democrats and was chairman of the Democratic subcommittee of the Fifth District. He is going about now advising the Hawaiians to vote only for Hawaiians.

Mr. Gear advised the Hawaiians to pay no attention to any question of race, but to stand by the party and vote the whole Republican ticket from top to bottom.

Charles Chillingworth in his address branded as utterly false the charge made by the Democrats that he is advising the Hawaiians to vote only for Hawaiians and not for the haoles. There is no truth, he said, in that statement. Speaking in Hawaiian, he advised the Hawaiians to vote the straight Republican ticket without reference to race.

Carthy, Chas. Broad, C. P. Lauka, W. P. Jarrett, W. W. Thayer and R. H. Trent will speak.

The Honolulu Iron oWrks has secured the contract for building a nine-roller mill for Aguerre Plantation in Porto Rico, of which W. J. Lowrie, formerly of Ewa, is the manager.

Wm. Haywood, who was recently appointed United States consul at Seoul, will spend the winter in Arizona on account of illness.

## REPUBLICANS AGAIN

### BRAVE PUNCHBOWL DANGER

The Republicans will hold two meetings tonight, one at the corner of Punchbowl and Luau streets, the place where the stone-throwing took place the last time the Republicans went there, and the other at Mauna Kama, the vacant lot on the corner of King street and the Asylum road.

At the Punchbowl meeting the speakers will be: W. O. Smith, W. W. Harris, J. H. S. Kaleo, J. W. Cathcart, Henry C. Vida, E. W. Quinn, A. V. Gear, W. T. Rawlins, A. M. Brown, L. L. McCandless, Jas. Bicknell, P. T. P. Waterhouse, C. F. Chillingworth, Chas. Hustace, Jr., S. C. Dwight, D. Kalaukalanani, Jr., E. A. C. Long, John A. Hughes, A. D. Castro.

At this meeting Jas. F. Morgan will preside.

The Palama meeting will be in charge of David Kama. The speakers will be as follows:

W. O. Smith, John L. Pao, W. W. Harris, C. B. Malle, Henry C. Vida, S. P. Correa, A. V. Gear, John C. Lane, Joe Kalana, A. M. Brown, H. Kahala, L. L. McCandless, A. S. Kaleo, J. W. Cathcart, E. P. Waterhouse, C. F. Chillingworth, Chas. Hustace, Jr., S. C. Dwight, Jas. Bicknell, D. Kalaukalanani, Jr., Wm. K. Lilewi, S. Pahl, Maletua, H. M. Kaunihouli.

## ANTONE SILVA BACK IN JAIL AGAIN

Antone Silva, would-be pugilist, woman beater and convicted larcenist, is back again at the old stand. He was surrendered by his bondsman, Y. Ahui, in this afternoon and was arrested by Officer Dhus and lodged in the jail.

Silva was convicted in Judge Whittier's court last week of stealing ten dollars from an Iwilei woman, and was sentenced to spend ten months on the reef. Some of his friends backed him with money for an appeal, however, and he was released on a bond put up by Ahui.

Last night and this morning he was discovered hanging around the wharves and the ships in the harbor, and last night he slept on board one of the steamers. These actions looked suspicious, and his bondsman concluded that he no longer cared to be responsible for Silva's appearance when his case is called in court.

Kaikama was arrested this afternoon by Officer John Kauna on the charge of having had intercourse with a girl under sixteen years of age.

VOL. I. OCTOBER 24, 1906. No. 9.

DEMOCRATIC MEETINGS TONIGHT

Fourth District—Kamohili Church Fifth District—A. Morris's Place, Palms. Speakers—McCarthy, Broad, Laukae, Moore, Gandall, Hopkins, and others.

OPEN LETTER TO HON. W. O. SMITH

In your letter to the Advertiser this morning you say: "If beer has been furnished to the people coming to these meetings, it has not been during the times when I was present, so far as I have been able to see or know. And from reliable information which I have obtained, I must believe that the published statements in regard to the supplying of beer at or after the close of the meetings are very much exaggerated and overstated."

Would you allow me to ask what statements as to the use of beer at Republican meetings you consider "exaggerated and overstated"? Having tacitly admitted the use of beer at or after the close of such meetings, is it not up to you to give a full statement of what you admit has been done? Who is furnishing this beer? What is the amount furnished—the justification for its use, and the circumstances under which it is furnished? Your letter and your report are being utilized to smooth down and belittle the whole matter. Should not you then give the public the facts, so they can judge for themselves as to the "exaggeration and overstatement", rather than give a generalized assertion to the public that you think there is nothing in it? What is your purpose in stating that "if beer has been furnished, &c.", it has not been during the time when I was present so far as I was able to see, &c.? Is that a suggestion that the beer was not used at all or merely a personal apology for your seeming connection with it? Which is it?

You say further in your letter: "If at some of these meetings, there are persons present who are disreputable or even vile, is it not all the more important that honest and responsible citizens should teach them sound doctrine and seek to obtain their votes for responsible candidates and especially so if, at the meetings, large numbers of children attend?" The Democrats want to know what part free beer has in "teaching" the "disreputable or even vile" or large numbers of children "sound doctrine". The tendency to use liquor in campaigning is strong in both parties but the Democrats have made a determined effort to shut it out altogether and very seldom have these injunctions been disregarded by their own people. One determined effort on your part would shut it out from Republican meetings, and the disreputable or vile and the children will cease to consider booze as part of "sound Republican doctrine".

Yours truly, W. A. KINNEY.

AUX ARMES, CITOYENS!!

We have just been treated to a disgraceful spectacle that reveals the infinite unfitness of Brown and Vida for the offices they now occupy and to which they are seeking re-election. When we contemplate the unabashed pandering of these officers of the law to the low passions of the denizens of luilei, and their denunciation of lauauka and the Civic Federation as representatives of a base and brutal tyranny which imposes a degrading restraint upon the natural rights of men and women to give free rein to their animal propensities, we do not wonder that the arm of these minions of the law has been thrown around the bestial keeper of the low brothel, and the person of the poor defenceless girl has been abandoned to the tender mercies of the besotted rufes who frequent these moral pest-holes. Let us "either make the tree good, and his fruit good; or else make the tree corrupt and his fruit corrupt"; or should we welcome the "gospel of dirt" with its debasing doctrines of infidelity and immorality, that undermines personal responsibility—enjoins the reformer and the philanthropist from activity—closes the eyes of society to the vices of its members and seeks to lay its hand upon the mouth of the Judge before whom stands a man who has committed crime? "Oh God! for a man!"

FORMER JUSTICE PERRY SETS A GOOD EXAMPLE

All believers in law and order will heartily approve of the action of Antonio Perry, formerly a Justice of the Supreme Court of Hawaii, in withdrawing his support from A. M. Brown for the office of Sheriff of the County of Oahu. If there were nothing in Brown's past record to lose him the support of right-thinking people, the character of the campaign that is now being conducted in his behalf is enough to drive them from his camp. It may be good "practical politics" to appeal to the vicious element with beer and booze to secure their votes, but the vicious element are not the "whole thing", and a day of reckoning is bound to come to the man or the party who will cater to the low and the degraded to the neglect of the righteous and the good. Judge Perry is to be commended for the stand he has taken, and he will not be lonesome in it.

THE IWILEI LOVE-FEAST

What a blessed time the brethren had at the Republican love-feast at Iwilei the other evening! Father Brown called his dear children around him and assured them of the paternal care he had always exercised over them in their many lapses from virtue. He told them how on a Sunday morning, when they had slept off the effects of the Saturday night's hilarity, he gave them a gentle slap to bring them to their senses and then sent them away with the fatherly injunction to amend their ways. Not so would it be with them if lauauka were Sheriff. He would keep them in durance vile until Monday morning, when he would ruthlessly fall them before the beak, who would impose a fine on them. The most fitting close to a scene so "very touching" would have been a benediction pronounced by Stephen Umauma, or some other gentleman with a reputation equally as savory.

NO LAUKEA SALOONS

The Advertiser has the following to say in its editorial columns this morning: "Since Monday morning two or three disreputable saloons, known as 'Brown Headquarters', have displayed pictures of lauauka. The object is to offset the Clark exposure. 'Lauauka is not using the saloons and the saloons have no hope of using lauauka. They agree with Brown that lauauka would 'enforce the law'. 'Don't be deceived by roorbachs, pictorial or otherwise.'"

SPEAKING FOR CIVIC RIGHTEOUSNESS

The Democratic candidates in this campaign are to a man standing for civic righteousness, and are openly denouncing from public platforms the pernicious practices that are being resorted to by their opponents in order to win the votes and support of the vicious and degraded elements of the community. One after another of the Democratic candidates declared in speeches last night that if beer and booze were to be the price of their election, they would prefer to stay at home. And we believe the right-thinking people who, after all, are legion, will endorse the clean campaign of the Democrats by their votes on election day.

RAWLINS AND THE FUNERAL

The cold dews of approaching political death are already benumbing the faculties of our brethren of the enemy's camp, and Talkaboy Rawlins is getting ready for the funeral. We shall be sadly glad to supply undertaker, grave-digger, parson and pallbearers, and enough wheelbarrows for the paid mourners, when the auspicious occasion arrives. Telling bells shall cheerfully "Ring out the old" and "Ring in the new", and on the graves of the departed dead we'll sow malt and hops, and keep them green with beer and booze. "Requiescat in pace."

## SPORTS

### SWIMMERS MEET FRIDAY NIGHT

A meeting of the crack swimmers of Honolulu has been called for Friday night and will take place in the Young Building at 8 o'clock.

The object of this meeting will be to take preliminary steps toward the organizing of a swimming club in this city. Swimming is a sport which is in keeping with this country and climate. All over the world the Hawaiians are noted for their great feats in the water and strangers remark about the nicker divers who meet every incoming and outgoing ship.

This is a sport which has been neglected here owing to the want of some one to push it ahead. The talent is here and in fact everything but the organization. While our swimmers have made names for themselves away from here and helped advertise this country, still this, the grandest of all sports, has never been fostered at home. Renner, Weidemann, Kopke, Cooke, Alexander and Withington are a few who have done things in the swimming line away from home.

When Ernest Kopke returned from the Olympic Club of San Francisco he brought with him and introduced here the crawl stroke as taught by Prof. Cavill. Kopke in turn taught the boys at the Myrtle Beach Club this stroke and some small relay races were pulled off between the Honolulu Iron Works boys and the members of the Myrtle Beach Club.

This started the sport going and a 100-yard match race was arranged between Renner, Kopke and Kimoko. Renner broke the 100-yard record and swam the distance in 1 minute flat. This race was followed by a relay race between the two boat clubs and the Heulaniis won. This little meet drew such a crowd that it was decided to hold a Water Carnival, to be pulled off by the two boat clubs and a cup was to be hung up by the management to be contested for. The affair was successfully handled and thousands were on hand to see the swimming and diving. Out of this grew the Hotel Baths, which are to open shortly. These baths will give the many swimmers here a chance to develop.

At this meeting Friday night the prospects of a swimming club will be talked over and the chances are that the result will be a permanent organization to promote swimming and diving. If successful there will be yearly championship meets held in the winter and handsome prizes will be offered for the different championship events. Relay races between the different clubs will be a feature of these meets. The Diamond Head club is already getting its men together and have appointed Archie Robertson as manager of the swimming team. Oahu college can get a strong team together and have a tank in which to practice. The Myrtle team is also a crack organization and can swim some.

Water polo will also be introduced by the new swimming club and this popular sport is sure to make a hit here. At the Olympic Club, Chicago Athletic and New York Athletic clubs this is one of the favorite sports. Geo. Cooke will teach the boys the game here. George was the captain of the Yale team and knows all about this aquatic sport.

The club will probably have one night a week at the Baths in which to practice their swimming and diving and at the end of the first year if there are not some records broken we will miss our guess.

### GARMEN TO HAVE GYM

The busy motormen and conductors, who gather the shiners for the Rapid Transit Co. are going to have a fully equipped gymnasium in which to spend their leisure time and take the exercise in which everyone should indulge in this tropical climate.

These garmen are showing an active interest in athletic sports and are being encouraged by the management, who realize the benefits that the boys will gain from an indulgence in healthful exercises.

The gym, that the company proposes to erect will be equipped with everything necessary to keep the boys busy. There will be bars, rings, weight machines, striking bags and wrestling mats. One of the principal features if possible will be a place to play handball, which is one of the finest games ever invented by man. Mr. Boyer, the assistant engineer, is very active in the latest move and doing all that he can to promote the scheme.

In the meantime the ball team is out at Makiki two or three times a week practicing hard. They have such men as Plunkett, Fern and Aylett in their line-up.

The Rapid Transit club will be looking for the scalps of some of the other clubs.

### SOZODONT Tooth Powder

If people will experiment with imitations of SOZODONT, they must be willing to stand the pain and suffering resulting from teeth injured and perhaps ruined forever. Do not experiment. Stand by the old honest DENTIFRICE and your teeth will stand by you.

## Ayer's Hair Vigor

will certainly satisfy you. Do not be deceived by cheap imitations which will only disappoint you. Make sure you get AYER'S Hair Vigor.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

launched their new yacht, known as the "Ding Ding," and on one of their first cruises they were overturned off Waikiki and Reeves, Davis and Holan were given a good ducking. A Japanese sampan came to the rescue and got the boys and boat ashore.

### THREE HUNDRED MEMBERS

The Oahu Country Club now boasts of a membership roll of 300 of Honolulu's best people. This is by far the largest organization that has ever been together for any sporting project in this country. The Club's membership is increasing daily and the chances are that when it opens there will be 350 members on the roll.

When it is taken into consideration the beautiful home that this place is to have and the many things that the club will have to offer its members there is no doubt but what it will live and prosper.

With a beautiful golf course, far better than anything in this country, a couple of tennis courts and a swimming pool, besides the club house, the members will find ample amusement and have no kick coming at the pleasures afforded by this new institution. It is bound to be a great success.

### SPORTING GOSSIP

Harry Huff, a great sprinter of Cheyenne, recently ran 100 yards in 9 2-5 seconds, which lowers both in the amateur and professional records.

A man by the name of Ellis was killed in a football game at Toronto.

Harry Lewis knocked out Willie Fitzgerald in one round. These men have fought before.

Jimmy Gardner has issued a challenge to Joe Walcott.

Joe Thomas and Dick Fitzgerald were to have fought at Colma last night.

Whalen and Keefe, two Coast pitchers, will be given a chance with the New York Americans next season.

Denver offered \$10,000 for the final game between the two Chicago teams.

The famous race mare Tradition, by Goldfinch, out of Reclaire, by Reform, is now at J. B. Hagglin's Elmendorf stud in Kentucky. Tradition won \$35,000 on the turf and bears the distinction of being one of the only two performers who ever beat Synonby. She is now four years old and will probably be mated to Watercross next spring.

Dr. Koller of Seattle defeated Frank Gotch in a handsp wrestling match.

The Berkeley Freshmen defeated the Stanford Freshmen in a game of Rugby. The game is not popular at either school.

Jim Casey and Bob Ward are to box in San Francisco.

Oliver Kawaiaka, last year's quarterback of the Kam school football team, is dead.

FEDS. REPUDIATED

AT PAUOA BY HARRIS AND RAWLINS

The Republican audience at Pauoa last night was fairly large in spite of the copious rain. Chas. Booth acted as the chairman of the meeting. W. O. Smith said that Hawaii now was a beautiful country and needed good and honest men to run its government. The Home Rule party was not recognized at Washington, but the Republican, through Kuhio's good work, was. He asked the audience to look ahead. John Hughes, assisted by Capt. Nahaha as interpreter, next addressed the audience. While he was talking about the machine business, interpreter Hipsa told the audience to kill the frogs in the party. Frank McCandless said that he was employing Hawaiians and Portuguese in his building at the corner of King and Bethel streets, while Moore, a Democratic member of the Board of Supervisors, who could not pay his poll tax of \$5, did not have work to employ Hawaiians and Portuguese on. He asked the audience to vote the Republican ticket on the 6th of November and promised, if elected, to work for the good of all men. W. W. Harris most appropriately said that he had heard the song, "The Rain Kuaehine o Manoa," but denied having heard the song "The Rain Tuhine o Pauoa." It was raining at the time. He said some of the Republicans who had pledged to support and to abide by the action of the Republican convention, had since joined the Democratic party, and attacked them strongly as being unreliable and unworthy of consideration. In closing he stated that he did not care for the endorsement of the Civic Feds. Elias Long said that there were three parties in this country with separate platforms, and that the people could not vote for the Home Rule, Democratic or the Republican party without being inconsistent. He said the Democratic party was without principle while the Republican party stood for good government, and its organization was perfect, strong and honest. John Mana, a kamaaina of Pauoa, made a few remarks. W. T. Rawlins made the most interesting remarks of the evening, as Captain Hipsa took occasion to say a few extras. He attacked the action of the Civic Feds, and said he did not want their endorsement, and told the audience to give the grandest Democratic funeral on the 6th day of November, with Deacon Trent as priest, Fred Weed as a hearse driver, Moore as director of the funeral, and Civic Feds, as the pallbearers. Laughter. In closing he asked the audience to vote for a straight Republican ticket, as it contained good and honest men. A. V. Gear promised if elected to finish up the horseshoe road of Pauoa, and told the audience that he had no strings on him. He promised to work for the good of all the people. Fred Waterhouse with his shark story was materially supported by Judge Mahaulu of Waihua, whose knowledge of Hawaiian meles aroused the old Hawaiians. He attacked the action of the Civic Feds, and asked the audience to stand together and vote for a straight Republican ticket on the 6th day of November. Chas. F. Chillingworth told the audience to draw no color line, but to support from Kuhio down to their high priest Kanihouli from Waihua. He praised Brown for employing and keeping more Hawaiians on the police force and promised, if elected, to work for the good of the whole community. A. D. Castro asked the audience to support the Republican party, as it stood for good and honest government. Sam Dwight said he had been out at Waihua begging for votes and had just got back. He told the audience that he had heard a good many candidates telling the people that if they were elected they would raise the pay of the government laborers. So far as he was concerned, he said he would try his best, and further stated that the Board of Supervisors could not spend money freely without authority. He told the audience to send good men to the Legislature to make good laws. A man in the audience arose and propounded a question to the speaker. "Would you fix and finish our horseshoe road if you were elected?" Mr. Dwight in response promised if elected to have the road fixed. The interrogator, on being satisfied, stated that he would vote for Dwight. Henry C. Vida, after making a general attack on the Civic Feds, and the Democrats, asked the audience to vote for a straight Republican ticket. The other speakers were Wm. Aylett and Sheriff Brown whose arrival had been anxiously awaited.

## STRAIGHT TICKET VERSUS SCRATCHED BALLOT

Republicans should remember on election day that Thurston opposed the County Act, and so did the Advertiser. It is now the law of this Territory. Thurston and the principal scratchers will do all they can to get the Act repealed. Thurston has contracted the civic itch and wants everybody in Honolulu to scratch his back. Thurston was a Republican; he now advocates the election of an incompetent Democrat to the office of Sheriff. Thurston wants the electors to believe that the Civic Feds, Home Rulers and Democrats will unite and that harmony, reform and purity will be the result. Do you believe him? Will a Democratic police machine with an incompetent Sheriff in control, improve the conditions in Honolulu?

Will Iaukea state specifically what reforms he will introduce in the police department? Will the Republicans of Honolulu scratch their ballots to dismiss Republican policemen and fill the police force with Democrats? The scratched ballot is a vote for the repeal of the County Act. The saloons can only be regulated by legislation. The Sheriff cannot make law. Don't be misled by Thurston and the Advertiser. Don't scratch your ballot to put in office incompetent and irresponsible office seekers. Say why before you vote.

## TRANSPORT SERVICE MEN ARE ON TRIAL

The case of P. Marcello, charged with stealing linen from the transport Buford, is going on before Judge Dole in the Federal Court.

The morning was taken up with the testimony of five witnesses for the prosecution. Quartermaster Captain Fieldt, and the fourth officer, deck quartermaster, master-at-arms and second steward of the Buford.

The testimony went to show that napkins had been placed up the back of Marcello's coat by Costa, the Steward, who is also charged with the same crime. It also shows that Marcello became frightened, believing that he was about to be caught and jumped out of a large port hole and swam ashore.

The prosecution sprang a surprise in the afternoon by placing Costa, the other defendant, on the stand as a Government witness. He described the stealing of the napkins clearly and made a very strong witness, after which the defendant took the stand in his own behalf and made a general denial of the charges, saying that he knew nothing about what he was charged with till told by Quartermaster Captain Fieldt.
