Publicity is the oxygen to trade---the Bulletin furnishes it by home circulation

# EVENING BULLETIN

3:30 O'CLOCK

A BUSINESS NOT TALKED ABOUT IS DEAD AS A DOORMAT

EDITION

Common Report is the name of the greatest factor a man can have in his business. "Common Report" is a live instrumentality, moving almost with the swiftness of light. It sets people talking and thinking about that business. It tells them all about it, what its opportunities are to them, what its facilities for meeting their needs. When a merchant advertises in the EVENING BULLETIN he recruits to his trade Common Report.

HONOLULU, TERRITORY OF HAWAII, TUESDAY, FEBRUARY 5, 1907

PRICE 5 CENTS

## TRYING TO PROVE HARRY THAW INSANE

### More Dollar Boats Will Come Here To Enlist Labor

#### HUI HAS CHARTERED TWO STEAMERS

The appearance in several Japanese newspapers of advertisements offering transportation to the Coast for \$30 a month on board the steamship Ohio has created considerable interest in labor circles. This advertisement also promises the establishing of a line of two steamers which will make three calls at Honolulu monthly. The full text of one of their advertisements is in translation as follows:

The steamship Ohio, 8,400 tons, 15 knots. Has accommodations for 1,000 men. The fare between Honolulu and San Francisco will be \$30. The first trip will be made from Honolulu March 4.

Some steamship companies would have it believed that they are the kings of the Pacific trade. They have their passengers examined and their baggage fumigated, making great inconvenience to their passengers. Especially the steamship company owning the Alameda has their passports and their eyes examined, without reason, and charge a fee for the latter service. This company will never give its passengers that kind of inconvenience.

The California Transfer Steamship Co., in order to avoid those inconveniences, has decided to open a line here and have two steamers on it, making the passage three times a month. The advantages of this company are as follows:

1. The employees on these steamers are all Japanese.
2. All the provisions are Japanese. All the hot and cold water desired is furnished.
3. The beddings are all new and clean.
4. The staterooms were formerly for cabin passengers, but are now given to the steerage, so all is clean and sanitary.
5. If any passenger gets seasick the steward will take good care of him.
6. If anyone wishes to go to the United States, no passport is needed. The \$30 passage money is all that is necessary.
7. The examination on landing is very simple.
8. In case of a happening like that which recently happened with the Alameda, where passengers are treated as contract laborers and refused a landing, the company will

pay damage in the sum of \$5 a day. CALIFORNIA TRANSFER STEAMSHIP CO., Honolulu Ticket Agent, Proprietor of Honolulu Hotel, San Francisco, UEDA MITSUZO, Nuuanu Street 1121.

The Promotion Committee people were very much surprised at seeing that the Ohio, which will bring the Los Angeles Chamber of Commerce excursion here, was billed to take away Japanese, and as a consequence Secretary Wood had the following correspondence by cable with the Los Angeles Chamber of Commerce:

"Wiggins, Secretary Chamber of Commerce, Los Angeles, Cal.: Reported here Ohio arranging take back load Japanese laborers. Unfortunate if true. Immediate reply desirable. "WOOD."

"Wood, Honolulu: Report false. We control ship. "WIGGINS."

A search made by a reporter for the office on 1121 Nuuanu street revealed but an empty store sandwiched in between two Chinese tailoring establishments. However, a gentleman named Geo. Murrige, who is one of the parties connected with the proposition, was found at the Queen Hotel on Nuuanu street. Murrige arrived here recently from San Francisco together with Ueda, the man who signs the advertisement quoted above, and another San Francisco Japanese, named Ito.

Murrige explained that the facts stated by the advertisement were correct with the exception of the reference to the Ohio.

"We made arrangements for the charter of two boats," said Murrige. "Those who are doing this are Ito, a lumber merchant from San Francisco; the law firm of Leonard & (Continued on Page 2)

### TWO GUARDIANS GET SHORT ARM JOLTS

Judge Lindsay Roasts Fullerton and Archer

#### DISAPPROVES OF CONDUCT OF CARELESS TRUSTEES

#### ONE MAN FIRED FROM THE POSITION AND ORDERED TO MAKE GOOD THE LOSSES

Judge Lindsay this morning handed out a roast to James E. Fullerton that must have made that gentleman's hair curl. Frank Archer also got a jolt that made his teeth rattle. The Judge had his war paint on and he was after careless guardians with a big stick. He got Fullerton and Archer and they will probably remember for some time to come the Judge's expressed opinion of their way of looking after the affairs of their wards.

The matter arose over the reports of John Marcellino as Master, which he turned in to the Judge last week. Marcellino found much that didn't look right in the way Fullerton and Archer had fulfilled, or, rather, failed to fulfill, their trusts, and his report was an uncomfortable one for the men in question.

This morning the Judge took up the matter of the reports. Both Fullerton and Archer were present. Archer got off easy as compared with what Fullerton got. Addressing Fullerton, Judge Lindsay said:

"Mr. Fullerton, I am not satisfied with the way this estate has been conducted. From the master's report it is apparent that you have invested these funds in what then at least appears to be a fourth mortgage; that there were three other mortgages outstanding against this same property, and that the Court is informed that these other mortgages were made in the name of James E. Fullerton in some of the prior mortgages at least, which made this transaction a little more mysterious, requiring a little more light thrown upon it. I understand now that these mortgages have been released, so that this would appear to be a first mortgage on what now turns out to be no property; that the mortgagor had no interest in the land; in fact, all the acts of the guardian show negligence, that he has not handled the estate of these minors as he would have handled—as a prudent man should have handled—his own affairs. That is what I understand is the guide to a guardian's duties in such matters. The mortgage as it now stands is absolutely worthless as it appears on paper; the first part of the mortgage, purporting to be all the right, title and interest that these mortgagors held in certain lands in Kona, not stating what lands they are. There may be nothing. The mortgage simply purports to give a quit claim (Continued on Page 2)

### WHAT VERY SAYS

When questioned in regard to the Associated Press cablegram which was published yesterday by the Bulletin in regard to the maneuvers of the American naval fleet in the Pacific, Admiral Very said:

"There is nothing in the dispatch on which one can base any surmises. There have been various plans for the distribution of the fleet in the Pacific since I can remember and it is probably the working out of one of these. There has been a good deal of talk recently in regard to dividing the navy into two strong fleets, one to be on the Pacific and the other on the Atlantic, each fleet to be commanded by an admiral, and this may be what has been done. There is nothing new whatever in Admiral Brownson having command of a cruiser squadron as he had been in command of such a division for some time. I have no theory to offer on the matter, and have offered none."

### VALUATION WAS HIGH

The valuation at which the government accepted the properties it took in exchange for the Lunal land, and the prices paid for these properties by the original owners are materially. The Kamakua property was valued by the government at \$6,500, but only \$5000 was paid for it. The Coney property was transferred for \$54,000, but valued at \$70,000. The Maertens home was valued at \$20,000, and was deeded for \$20,000, but the Hopper place was valued at \$17,500 and deeded for \$14,000. This makes the valuation of the government \$21,000 higher than the sum for which the properties were transferred.

### BENEFIT FOR BARNEY JOY

Barney Joy has decided that he will go to the Coast and the baseball players of the city are now preparing to give him a sendoff which will make him look back with regret on the days when he was a member of the H. A. C. To accomplish this in the proper way it has been decided to give Joy a benefit, which will take the form of a game between the H. A. C. team as it lined up last year and a picked team from the rest of the league. The game will take place on February 16. The makeup of the picked team has not been decided but will be arranged in the next few days. It will be an easy matter to pick up nine men who will give the H. A. C. a hard rub as every ball player in Honolulu is anxious to take part in the contest.

Weekly Bulletin \$1 per year.

### NUUANU DAM NOT INJURED BY FLOOD

Practically No Damage Done By Heavy Rain

#### MAKIKI STREAM TO ADD TO CITY'S WATER SUPPLY

#### WILL BE USED FOR EQUALIZATION OF THE HIGH PRESSURE SYSTEM BEING INSTALLED

The heavy rain of Saturday night did no appreciable damage to the Nuuanu dam. Assistant Superintendent of Public Works Howland visited the dam yesterday, and reports that with the exception of a little gravel washed into the diverting dam, the work is in as good condition as it was before the rain. The first heavy rain did possibly a thousand dollars damage to the dam, but the work is now so far advanced that it does not suffer so easily.

Some little injury was done to the road leading to the dam being constructed at the head of Makiki valley, but it will not amount to much. This dam is for the purpose of aiding in the equalization of the high pressure system. The water coming up from Nuuanu creek loses much of its force by the time it gets to Manoa and College Hills, friction reducing the pressure considerably. The addition at that end of the system of the water coming down Makiki creek will go far toward equalizing the pressure.

Assistant Superintendent Howland states that Makiki stream discharges a minimum dry-weather flow of about 350,000 gallons, while at present it is not less than 2,000,000—a fifth of the total of 10,000,000 gallons consumed here daily.

The construction of the dam is only a small bit of work, comparatively, but it is a valuable one.

The new \$200 centrifugal pump for the sewerage pumping station, constructed for from the Honolulu Iron Works, is expected to arrive on the Nevada tomorrow, and will be installed as soon as possible. Its arrival will be very welcome, as Mr. Howland states that the old pumps are in very bad shape. The new pump is a 15-inch, with a 13x12-inch vertical engine. It has a capacity of 7000 gallons per minute, working against a maximum head of 30 feet.

The new pump may be installed within two months. As soon as it is in working order, the old pumps will be repaired and will be kept on hand as auxiliary pumps.

Where there is good music there are good people.

### Thaw Family Physician Testifies On Insanity

NEW YORK, N. Y., Feb. 5.—Dr. Wiley, the family physician of the Thaws, was put on the stand today by the attorneys for Thaw. He testified that the shooting of Stanford White by Harry Thaw was the act of an insane man. Dr. Wiley was subjected to a severe cross-examination by District Attorney Jerome.

### Briggs Is Named By New Jersey

TRENTON, N. J., Feb. 5.—F. O. Briggs was today elected United States Senator from New Jersey in place of Senator Dryden, who withdrew from the contest.

### Gans To Fight With Harry Lewis

PHILADELPHIA, Pa., Feb. 5.—Joe Gans and Harry Lewis have signed articles for a finish fight.

### Floods In Oregon

PORTLAND, Ore., Feb. 5.—Floods have done much damage in this section.

### New York Snowed Up

NEW YORK, N. Y., Feb. 5.—A fierce snowstorm is raging in this city and vicinity.

### Total Loss

REDONDO, Cal., Feb. 5.—The steamer National City is ashore and is probably a total loss.

### Snow Slide Kills Eight

SALIDA, Col., Feb. 5.—Eight were killed and fourteen injured today by a snowslide at the Monarch mining camp.

There is no safety in under-the-mattress security; you never can tell who is going to learn your secret hiding place for your valuables. But when you have your papers and valuables in a safe deposit vault you need not care who knows it. Four dollars a year with us.

MORE DOLLAR BOATS

(Continued from Page 1) Rich of Santa Cruz; Harris & Rich; Mrs. Rich, and others. Mr. Rich is the city attorney of Bowler Creek.

"We have given bonds with the Dollar Steamship Company whereby we secure the charter of two steamers until May. After that we have an option whereby we can continue the charter, if we should wish to do so.

"We have no labor arrangement connected with the proposition. It is a pure and simple passenger-carrying business. When I left I did not know what steamer would be the first one to sail and when it would arrive, so I cabled to Rich to find out.

"I can understand that the Pacific Mail and the Oceanic Steamship Co. people might kick, but I don't see why the community of Honolulu should object to our carrying Japanese.

"Mugridge explained further that he was especially interested in a mining proposition, and that the main object of his visit to the islands was to sell stock of the Anglo-Californian Mines Consolidated Co., which has properties in Amador County in California.

"I understand, it is the duty of a trustee to be faithful, honest and prudent in his investments, and it seems to me there has been no prudence at all, and under all the circumstances of the case, it seems to me no more than just and proper that you, as guardian, should be discharged with the sum of \$2,681.30.

"Fullerton swallowed the above dose with a rye face, but made no answer. He simply faded out of the door.

Frank Archer's faults were laid by the Judge to an inability to understand. There was no hint of intentional dishonesty in the homily the Judge delivered in his case, but it wasn't pleasant.

NOT HEREDITARY. Baldness Due to a Living Minute Germ. Many people, even unto the present day of grace, consider baldness due to hereditary influence.

### ACHI SUED ON THREE OLD JUDGMENTS

The Union Feed Company, Ltd., has filed suit against W. C. Achi for the sum of \$532.30 with interest from April 8, 1904.

The complaint sets forth that on the date above mentioned, Lyle A. Dichey, then judge of the District Court, gave judgment in favor of the plaintiff and against the defendant for three amounts, one for \$123.50, one for \$152.46 and a third for \$246.60. These judgments, it is stated, have not been annulled or satisfied wholly or in part, and suit is again brought to recover the total amount.

The assumption of Joseph P. Mendonca vs. Wing Chong Wo was up before Judge Lindsay this morning on appeal on the part of the plaintiff from the judgment of the District Court. The case was dismissed by Judge Whitney, which gave rise to the appeal.

Three more demurrers were filed this morning in the Afong case, in addition to those which are already on file. Tony Afong, Etta P. Whiting and Martha Daugherty demur to the petition of Mrs. Afong. The grounds are the same as in the other demurrers.

### THE AFONG MATTER

It is one of the provoking things in life—accidents come at the most inopportune moments. And none of us are immune. The president of the Southern railway, Mr. Spencer, was killed some weeks ago in a wreck on his own road. A policy in the Standard Life & Accident Insurance Co. would not remember you. Hawaiian Trust Co., agents.

Judge De Bolt has given judgment in favor of the plaintiffs in the matter of Abigail K. Campbell Parker, Joseph O. Carter and Cecil Brown, trustees of the estate of James Campbell, vs. John H. Cummings. The action was for restitution of certain premises claimed by the plaintiffs and held by the defendant. Jury was waived and there was no appearance for the defendant. The same plaintiffs brought ejection proceedings against Niau, otherwise known as Nonahoe and Hookahi. Defendants confessed judgment and Judge De Bolt finds for the plaintiffs, plaintiffs to pay the costs.

Competition is the life of trade and the death of sloth.

You cannot conquer the world for good by winning over its wickedness.

Mistakes are only funny when they don't hurt.

### WEEKLY WEATHER BULLETIN

HONOLULU, T. H., Feb. 4, 1907.

#### GENERAL SUMMARY.

The greatest amounts of rainfall during the week occurred on the island of Oahu, and ranged from 3.46 to 6.58 inches. Rains in amounts from 2.42 to 3.74 inches occurred on Molokai, in the Puna and eastern portion of the Kona districts of Kauai, in the Waialuku and Lahaina districts of Maui, and the Puna district of Hawaii. In the remaining districts the total rainfall did not exceed 1.85 inches.

HONOLULU, T. H., Jan. 28, 1907.

At stations having a record of ten or more years the rainfall was above the average for the week from +2.38 to +6.13 inches on Oahu; +1.88 in the eastern portion of the Kona district of Kauai, and +2.02 inches in the Puna district of Hawaii. In the Hilo district of Hawaii deficiencies ranging from -1.10 to -2.13 inches were reported. In the remaining districts the positive or negative departures did not equal 1.00 inch.

The rainfall for the week was less than that of the preceding one at all stations on Hawaii, excepting in the Kohala and one in the Kau districts, at all on Kauai, Molokai and Oahu, and all on Maui, excepting in the Kula and one in the Koolau districts. The greatest excesses occurred on Oahu and ranged from +2.53 to +6.25 inches. Excesses ranging from +2.00 to +4.44 inches were reported from Molokai, the Puna and eastern portion of the Kona district of Kauai, the Waialuku and Lahaina districts of Maui, and in the Puna district of Hawaii. The greatest deficiencies occurred in the Kula and southern portion of the Koolau districts of Maui, and ranged from -1.34 to -1.58 inches. Practically all stations report a lower mean temperature than during the preceding week, the greatest difference being -2.5°.

Thunderstorms occurred on the 27th at Kohala Hill, Hawaii; 28th, 30th, at Kohala Mission, Hawaii; 30th, Waianalo, Oahu, and Waialuku, Maui; 30th and 31st, Kaunohi Ranch, Hawaii, Haku and Kaanapali, Maui, and Ewa and Honolulu, Oahu; and on the 31st at Paauilo, Pepeekeo and Kealahou (Wallace), Hawaii.

A heavy snowfall occurred on Mauna Kea on the 31st. High winds were quite prevalent thruout the section during the 30th and 31st.

Kealahou (Wallace) reports that there are no signs of activity in the crater of Mauna Loa.

TEMPERATURE, RAINFALL.		
Hawaii	68.3°	1.07 inches.
Maui	70.0°	1.69 inches.
Oahu	70.6°	5.02 inches.
Kauai	69.2°	2.54 inches.
Molokai	69.2°	3.31 inches.
Entire Group	69.1°	2.00 inches.

At the local office of the U. S. Weather Bureau in Honolulu the maximum temperature was 78°, the minimum 63°, and the mean 70.7°, 3° below the normal, and .9° lower than during the preceding week. The mean daily barometer ranged from 29.74 to 29.92 inches, and the mean for the week, 29.84, was 0.13 inch below the monthly mean. The total rainfall was 3.46 inches, 2.38 above the normal, and 2.53 more than last week's. The mean relative humidity was 80.0%; the average cloudiness 5.10ths; and the prevailing wind direction south, with an average hourly velocity of 11 miles.

#### REMARKS BY CORRESPONDENTS.

(Note:—The figures following the name of a station indicate the date with which the week's report closed.)

#### ISLAND OF HAWAII.

Puuheue Ranch (31)—The total rainfall was .68 inch, that amount greater than last week's.—S. P. Woods.  
Puakea Ranch (31)—The rainfall was 1.39 inches, that amount greater than last week's.—M. D. Mason.  
Kohala Hill (31)—The mean temperature was 69.2°, and the rainfall .94 inch, .16 above the average for the week, and .48 more than during the preceding week.—T. Holtum Lillie.  
Kohala Mission (1)—The total rainfall was .75 inch, .43 less than the average, and .60 more than last week's. The mean temperature was 70.4°.—Dr. B. D. Bond.  
Niuli (31)—The mean temperature was 70.6°, and the rainfall .65 inch, .16 less than last week's, and .32 below the average.—F. C. Paetow.

Waimea (31)—The rainfall was 1.60 inch, .09 less than the average, and 1.00 inch greater than last week's. The mean temperature was 54.4°.—James Laird.

Paauhau (31)—The mean temperature was 70.4°, and the rainfall 1.85 inches, .38 inch above the average, and .93 more than last week's.—Paauhau Sugar Plantation Co.

Paauilo (31)—The mean temperature was 64.4°, and the rainfall 1.18 inches, .72 inch more than last week's.—C. R. Blacow.

Ookala (31)—The rainfall was .89 inch, 1.36 inches below the average, and .18 inch less than last week's. The mean temperature was 69.8°.—W. G. Walker.

Papaaloa (31)—The week was cool and cloudy, with but 1.40 inches of rain.—C. McLennan.

Honohina (31)—The total rainfall was .70 inch, .02 more than last week's, and 1.94 inches less than the average.—W. Elliot.

Hakalau (31)—The mean temperature was 71.2°, and the rainfall .98 inch, .08 more than last week's and 1.30 inches less than the average.—Hakalau Plantation Co.

Pepeekeo (31)—The mean temperature was 71.0°, and the rainfall 1.04 inches, 1.42 less than the average, and .76 inch more than last week's.—Win. H. Rogers.

Papaikou (31)—Warmer days and cooler nights prevailed, with 1.51 inches of rainfall, 1.34 more than last week's.—John T. Moir.

Hilo (31)—The mean temperature was 70.1°, and the rainfall .99 inch, .83 more than last week's, and 1.10 inches less than the average.—L. C. Lyman.

Ponahawai (31)—The mean temperature was 66.9°, and the rainfall .56 inch, .41 more than last week's.—J. E. Gamalielson.

Kaunahua (31)—The mean temperature was 66.0°, and the rainfall .61 inch, .07 more than last week's, and 2.13 inches below the average.—J. E. Gamalielson.

Kapoho (31)—The mean temperature was 70.0°, and the rainfall 3.69 inches, that amount greater than last week's, and 2.92 above the average.—H. J. Lyman.

Paiala (30)—The rainfall amounted to .72 inch, .13 less than the average, and .24 more than during last week. The mean temperature was 69.1°.—Hawaiian Agricultural Co.

Naalehu (30)—The rainfall was .17 inch, .99 below the average, and .08 less than last week's.—G. G. Kinney.

Kealahou (31)—The rainfall was 1.92 inches, 1.57 more than last week's.—Robert Wallace.

Kealahou (30)—The mean temperature was 70.8°, and the rainfall .30 inch, .59 less than the average, and .29 more than last week.—Rev. Samuel H. Davis.

### Dyspepsia of Women

Caused by Female Disorders and Cured by Lydia E. Pinkham's Vegetable Compound

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines usually prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has a peculiar tonic effect on the female organism.

As proof of this theory we call attention to the case of Mrs. Maggie Wright, Brooklyn, N. Y., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes:

"For two years I suffered with dyspepsia which so degenerated the entire system that I was unable to attend to my daily duties. I felt weak and nervous, and nothing that I ate tasted good and it caused a disturbance in my stomach. I tried different dyspepsia cures, but nothing seemed to help me. I was advised to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a well woman. I have recommended it to many suffering women."

No other medicine in the world has received such widespread and unqualified endorsement or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.

### NEW - TO-DAY

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii, In Probate, at Chambers. In the Matter of the Estate of Joshua R. Williams, deceased. Order of Notice of Petition for Allowance of Final Accounts and Discharge in This Estate. On reading and filing the petition and accounts of William R. Castle, Executor of the estate of Joshua R. Williams, deceased, wherein he asks to be allowed \$163,566.22 and he charges himself with \$163,566.22, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Executor, it is ordered that Monday, the 12th day of March, A. D. 1907, at nine o'clock a. m., be the day for said court at the court room of the said court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this Order, in the English language, be published in the Evening Bulletin newspaper printed and published in Honolulu, once a week for three successive weeks, the last publication to be not less than two weeks previous to the time herein appointed for said hearing.

Dated at Honolulu, this 5th day of February, 1907.

ALEXANDER LINDSAY, JR., Second Judge of the Circuit Court of the First Circuit.

Attest: JOHN MARCALLINO, Clerk of the Circuit Court of the First Circuit.

3608—Feb. 5, 12, 19, 26.

### MOTOR-CARS KEEP OUT

Berlin, Jan. 19.—A decree has been issued forbidding the passage of motor cars through Thuringia. The principal city is only 333 square miles in area, and the reigning prince is very fond of driving over his domain behind very spirited horses.

According to the published decree the use of motor cars in Thuringia is forbidden because of the danger which would be run by Prince Schwartzburg-Sonderhausen in the event of his horses being frightened by an automobile.

Furnished 5r. cottage, Manoa Valley, Ideal Summer Home. Large Pool for swimming. Mountain air. Stable. Near car line.—\$17.00 per m.

7-room Cottage near Kaiulani School—\$16. per m.

### Delicious Milk Bread

with its thin, crisp crust, its light texture and nutritious wholesomeness can be made as easily as any other kind, if the proper ingredients are used. And of these the most important is the milk.

### Carnation Cream

(Sterilized) gives you a full-flavored loaf, rich and sweet, because it contains nearly three times the percentage of butter-fat that is in ordinary milk. You can use it for all baking or cooking purposes where milk is used, but with better results.

### Milk Bread

Take 1 can Carnation Cream to 3 pints hot water. When lukewarm, add 1 tablespoonful sugar, 1 tablespoonful salt, and 1 cake compressed yeast dissolved in 1/2 cupful warm water. Use enough flour to make a stiff batter and let rise for 1 hour. Add enough flour to knead well. Cover and let rise till light. Then knead in pans and let rise half as much as before, and bake for 40 to 50 minutes.

Phone Main 22.

### WOULDN'T YOU?

Want your clothes made to your measure by a tailor, if you could get them for the same price as you pay for ready-to-wears (or hand-me-downs)?

We make garments that have individual distinction and give the wearer a grace and style not acquired in ready-to-wears. In other words, they fit and give satisfaction for the same price.

**Geo. A. Martin.**  
HOTEL STREET.

### LIFE INSURANCE

is not a Luxury; it is a Necessity. But you must have the BEST and that is provided by the famous and most equitable Laws of Massachusetts, in the

### New England Mutual Life Insurance Co.

OF BOSTON, MASSACHUSETTS. If you would be fully informed about these laws, address

### Castle & Cooke,

GENERAL AGENTS, HONOLULU, T. H. JEWELER, 1029 MAUNAKEA ST.

### SHIRTS THAT STAND IN A CLASS BY THEMSELVES

THE SHIRTS we make to order have a touch, a tone, or an air about them that at once suggests dressiness.

Shirt wearers are beginning to recognize "that little difference" between a shirt that fits perfectly and one that does not. And its just that difference that adds greatly to your comfort as well as appearance.

### We Make Shirts To Order

We make them to fit perfectly: besides they're made stronger and will wear longer than the usual ready-to-wear kind. A large quantity of fresh new samples now on display. It will take only a minute to look them over and leave your order.

TUESDAY, FEB. 5, 1907.

It takes money to make war and no nation is looking for investments in this line.

No admiral who ever sailed the broad Pacific was such a glorious admiral as Admiral Beckley.

The Hawaii Yacht Club out of debt signals 1906 as the greatest year in the history of Hawaii yachting.

Bring on the Congressmen. The more we get here, the larger the appropriations for Federal work in Hawaii.

Fresh from Hongkong dry docks Admiral Brownson should have a flying squadron well fitted for a record trip to Honolulu.

If a large section of the combined fleet under Admiral Brownson does not come to Honolulu, what is the sense of the maneuvers?

Not the least gratifying fact is evidence that the strategists have become convinced that the United States is a great nation.

Admiral Very says he has no theories to offer. Officers of the United States navy obey orders and leave the theorizing to the public.

Guardians who hereafter come into Judge Lindsay's court will be particularly careful that the record of their stewardship is not illumined with carelessness.

It is not altogether surprising that statisticians who took part in the Nuuanu dam mess should figure that the Honolulu water works is a losing investment.

Opposition to the water works transfer or even a test of the authority to transfer bears testimony to the fact that the spirit of centralization still lives, notwithstanding local governments have made a success of what has thus far been undertaken.

KUHIO'S CONGRESSIONAL PARTY. Delegate Kuhio's plan for a visitation next summer from a good-sized delegation of Senators and Congressmen is one that should command immediately favorable action from representatives of the people in the Legislature.

As it is deemed best, on account of the time when the invitation should be extended, not to wait for the Legislature to attend to the formalities, the business organizations should by all means take the initial step, extend the invitation and make all preliminary arrangements.

The Bulletin can at present writing see no good reason why the business organizations should not go forward on the assumption that the Legislature would later back them up, morally and financially.

A visit from leading members of Congress from both national parties would be thoroughly territorial in its benefits, and therefore absolutely non-partisan. We are anxious that the men who do the law-making and shape the appropriations of the country shall know exactly what the Territory looks like, though they may

not be able to learn all about it in the brief period of their visit. It will be of inestimable value to Hawaii for these men to come to the islands and, while becoming acquainted with the physical characteristics of our harbors and lines of defense, etc., etc., also get in touch with the atmosphere of the place, the character and sentiment of the people.

Assuming that a cost of \$20,000, would be involved in the transportation and entertainment of the party, the actual return to the Territory in dollars and cents would justify the expenditure of twice that amount.

According to all indications, the present Congress will appropriate more than a million dollars for various lines of public work in this Territory.

Is it not a good business proposition for the Territory to expend what amounts to two per cent. of that amount on the further education of National representatives?

They will see where the amount already appropriated is to be expended and cannot fail to be more deeply impressed with the necessity for following up the good work, that Hawaii may more speedily and more effectively fulfill its National destiny.

We are forever demanding that Congress shall not be playmate in its treatment of Hawaii. Now here's a case where Hawaii can show Congress how not to be playmate. Here is an opportunity to demonstrate that Hawaii is so much in earnest that it is prepared to bring the National legislators down here to see for themselves. We know they will be convinced. No United States Congressman has ever visited Hawaii and returned to be other than friendly disposed toward our appropriations.

Secretary Taft is known to not love us, but that is because he loves the Philippines more. The Congressmen he brought here, though whisked through as quickly as possible, are generally friendly.

Now comes an opening for the people of the Territory, business organizations, political parties, and what-not, to get together and help Hawaii. No better inspiration for working together is needed than the fact that it is for Hawaii.

There is no doubt of what the Legislature will do if the solid sentiment of the people is, as it should be, behind this very excellent National promotion program for Hawaii.

Help it along, because it boosts Hawaii.

LOS ANGELES PARTY PLANS.

Secretary Wood's work in settling the rumored Japanese side issue of the steamer Ohio's trip from Los Angeles was snappy and good. In view of the advertising appearing in the Japanese papers it is easy to understand how the yarn started.

It was certain that the Los Angeles party would not knowingly allow a pleasure trip to be turned into a contract labor-enlistment campaign. They are not built on that plan.

The only question was whether some of those connected with the steamer were engaged in a scheme on the side. This seemed possible.

The telegram of Wiggins in response to Wood's query firmly establishes the original assumption that the Los Angeles trip of the Ohio will be entirely under the direction of first class business men of Southern California out to enjoy themselves, see what beauties and enjoy what pleasures Hawaii has to offer.

They will have a good time. Hawaii can depend upon it that there will be cause only for congratulation that another live business section is brought into closer relations with our people.

TROUBLE TALK IS NOTABLY UNOFFICIAL.

The best solution of the latest unofficial dispatches bearing on the relations between Japan and the United States is, that Europe is back of Japan's vigorous representations to the United States to the extent of inflaming friction. Strained relations that would injure American prestige and trade but not bring on a foolish war would serve more than one European interest.

The day when a nation goes to war just for the fun of fighting passed long ago. The Japanese will not go to war with the United States unless they have become a nation of fools. And they are not that. It will be victory enough for them if the equality of their children is recognized in San Francisco schools. And it is hard to understand President Roosevelt's summons of the San Francisco city government heads to Washington, if it be not for the purpose of convincing them of the error of their ways.

There is just enough of tension in the situation to give a color of the big stick to the naval order issued yesterday for maneuvers of the American fleet in the Pacific. Hitherto all the bombast has come from the Japanese side. It may have reached the point where the United States sees the value of convincing the participants and on-lookers that fear is not the impelling force behind its endeavors to straighten out a difficult situation.

This fact should be borne in mind: nothing official or having official earmarks has been issued that would indicate any cessation of the negotiations between Japan and the United States for better regulation of the emigration of laborers and recognition of fundamental rights under the treaty now in force.

The public will very quickly learn of any break in the negotiations or serious differences.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day for a year.

Coal On Board Will Be Needed For Her Return Trip

The transport Thomas arrived this morning from Manila and will leave for the Coast this afternoon at 4 o'clock.

She was expected to remain in port for several days, discharging the 3876 tons of coal which she has on board, but received orders on her arrival to proceed directly to the Coast. The reason for this order is not stated but is probably on account of the fact that the coal which she has on board will be needed for the return trip to the Philippines as the fuel famine is by no means over.

The vessels leaving San Francisco are getting only enough coal to allow them to reach their destinations and Uncle Sam evidently does not intend to take any chances with the ships of his fleet. The Thomas struck a typhoon on Jan. 28 which lasted for three days and the big vessel was tossed about like a plaything. If this had occurred when she was short of coal it might have meant trouble for her, and the army officials do not intend that anything of this sort shall happen.

There was no great amount of damage done by the wind and heavy seas were encountered but the tossing of the ship made things very unpleasant for the passengers.

The Thomas brought back 31 sick in her hospital and also 21 prisoners who will be turned over to the military authorities for imprisonment on Alcatraz. Mrs. W. H. Bowen and infant, accompanied by a Japanese nurse were the only passengers for this city.

There are several officers of high rank on board, among them being Major-General Jesse M. Lee, Brigadier-General W. S. Ederly and Brigadier-General G. P. Borden, all three of whom are accompanied by their wives.

Keep a bottle of the Bitters handy if you would save a lot of suffering.

When the Stomach, Liver or Kidneys are unable to perform their work a few doses will help wonderfully.

It never fails in cases of Dyspepsia, Indigestion, Constipation, Sour Stomach, Poor Appetite, Liver or Kidney ills or Malaria.

GEN. LEE DOES NOT LOOK FOR ANY WAR

Maj. Gen. Jesse M. Lee, who is returning from the Orient and Manila on the Thomas, made the following statement this morning to a Bulletin reporter:

"I failed to see any spirit antagonistic to the American people while I was in Japan and the American consul at Nagasaki stated that as far as he could see there was none. I think that this war talk is simply a matter which is being used among the politicians for their capital and do not believe that there is anything in it.

"There is still some little trouble in the Philippines in Samar, but outside of that everything is going on very well and we are well satisfied with the progress which has been made. I am going to the mainland to be retired and will make my home in California.

Finale—"Hilo Bay", Berger

"The Star Spangled Banner."

Miss Genevieve McGraw, a schoolmistress of Hammond, Indiana, has been compelled by the school board to send in her resignation, because she is so pretty that she is persecuted by admirers.

SEA SERPENT SEEN AGAIN

Stockholm, January 1.—The latest sea-serpent story is told by M. Victor Ankarstrom, Master of the Swedish Royal Hunt and one of King Oscar's closest friends, who declares it is the perfect truth.

The sea-serpent, according to M. Ankarstrom, appeared off the fashionable resort of Saltstaden, near Stockholm, where he and three friends observed it while they were walking along the shore. Here is his description of the monster:

"We saw, at a distance of 200 yards, an animal sixteen to twenty yards long swimming through the water at a speed equal to that of a good motorboat, throwing up large waves and causing a heavy swell all along the shore.

"The movements of the animal in the water were similar to those of a worm. Its head was above the water, and looked very much like the body of a turtle, being abnormally large compared to the circumference of the body. The body was round and without any fin or outgrowth; its color was grayish brown.

"After several minutes the animal slackened speed and then suddenly disappeared, whereupon the water became still."

WOLVES DEVOUR MEN

Seattle (Wash.), Jan. 15.—The news that two and perhaps three home-owners have been devoured by wolves comes from Davidson, Saskatchewan. Two bodies were found today in the Deer Lake district partly devoured by wolves. They are believed to be those of home-owners.

The recent cold weather, the coldest that the Saskatchewan region has experienced in years, has resulted in the freezing of several persons, and the bodies ravaged by the wolves are accidentally those of two men overcome by the cold, who fell helpless before the denizens of the forest.

## SARGENT LANDS COOLIE LABORERS

The San Francisco Call of Jan. 26 says: United States Immigration Commissioner North wired an elaborate report yesterday to Commissioner General Sargent regarding the 421 Japanese laborers who arrived on the steamer Korea from Honolulu.

It disclosed, among other things, that a number of the immigrants had come to Hawaii originally as a result of the work of the immigration societies in Japan inducing their immigration. When evidence is obtained to the effect that such is the case the immigrants are not allowed to land, says North.

North's report shows that the Japanese on board the ship 160 had left Japan as late as December, and 366 of them had departed from that country for Hawaii during 1906. The Commissioner had a careful examination made of seventeen whose cases he thought should be looked into, and thirteen of them were found to be contract laborers. One hundred and sixty-two of the Japanese said they were going to work for a railroad, but were unable to say what road.

The recent arrivals, the report states, are such as have been guaranteed work in Hawaii from one to three years by the immigration societies in Japan. On their arrival at Honolulu they are met by labor agents from the mainland, who offer them higher wages than they were promised, and they come to San Francisco.

The admission in the report that thirteen out of seventeen of the Japanese were found to be contract laborers, coupled with the fact that despite the report the thirteen were landed here by order of Commissioner General Sargent, is inexplicable. North refuses to explain it and refers his questioners to Washington for a solution of the mystery. The fact that Sargent ordered the thirteen landed after having been advised that they were contract laborers is unprecedented in the history of the immigration service.

## LOCAL FORTS WILL EMPLOY 700 MEN

Secretary of War Taft has plans for the coast defense of Hawaii and in the event of the carrying out of these plans it would mean the stationing here permanently of over 700 men to look after the guns and mortar batteries.

As by the plans of Secretary Taft the equipment would consist of six 12-inch guns, four 6-inch guns and sixteen 12-inch mortars.

The sixteen mortars would be divided into groups of four mortars to a pit, and would require 342 men.

The six 12-inch guns when placed in commission would require attention from 260 enlisted men, and the four 6-inch guns call for a complement of 105 men.

## PROMINENT IOWAN FAVORS PROMOTION

Mr. Kenyon, president of the Des Moines Commercial Club, and now visiting this city, tells how they do things back east in the promotion line. The club, of which Mr. Kenyon is chief executive, has for its motto "Des Moines Does Things."

This motto has been stamped upon thousands of buttons, similar to the well known presidential button, and are being conspicuously worn by all loyal citizens of his home city. Mr. Kenyon is a great believer in promotion schemes and thinks that wonder could be done for Hawaii in the tourist line if more publicity could be obtained. He says that thousands of people from his state make yearly pilgrimages to Southern California and the majority of them know nothing about Hawaii.

## NEVADA SENATOR EXTOLS HAWAII

C. M. Williams, a mining man, and ex-member of the Nevada Senate, who has just returned from a five days' visit to the volcano, expresses himself highly delighted with these islands, collectively, individually and every other way.

Mr. Williams will remain here another month and will then return to the mainland to attend to his large volume of mining business. He expressed himself in the following terms yesterday: "I think these islands are an earthly Paradise, but I would like to see more Americans here."

Mr. Williams says that he will surely return here next winter.

### Debt Of Hawaii Yacht Club Is Wiped Away

C. A. BROWN AND ADMIRAL BECKLEY GIVE GENEROUSLY

The annual meeting and banquet of the Hawaii Yacht Club, which took place last night at the Seaside Hotel, was the culmination of the most prosperous year which has ever been experienced by the organization. As a result of last night's meeting and the generosity of two of the local lovers of the sport of yachting, the club is now free from debt. The two men mentioned are C. A. Brown and Admiral Beckley.

"Cable" Brown started the ball rolling when he was called on to speak. After a few preliminary remarks in which he complimented the club, of which he is an honorary member, on the successful management of the past 12 months, he announced that he would give the sum of \$150 towards clearing the club of its \$400 debt, which had been mentioned by Treasurer T. H. Pettie in his report made shortly before. He was greeted by cheers and applause and shortly after made a second announcement in which he stated that he would raise the amount to \$250.

This turned out to be a little too much for Admiral Beckley, who is one of the few life members of the club and he authorized and then made himself the announcement that he would give the \$150 needed to clear the club of debt. He also donated \$20 worth with which to pay for the music for the occasion.

The action of the board of directors in donating a rowboat to the Kinohiwa Girls' Rowing Club was approved by the members of the club.

There were thirty-five plates laid for the banquet and a most enjoyable meal was served, which was followed by speeches and toasts. The speech of the evening was made by Commodore Cooper, who reviewed the events of the past year, complimenting Capt. Macfarlane on his remarkable record in the Trans-Pacific yacht race with the little yacht La Palma and speaking of the cordial relations which had been brought about through the visits of the La Palma and the Anemone.

This brought up the subject of the race for next year and the building of a new yacht was touched on and Capt. Macfarlane offered in case there was no new vessel built for the purpose, to make the trip once more in the La Palma.

W. H. McInerney received many compliments in the course of the speeches for the good work which he has done during the year. To him as much as to any one man in the club was given the credit for the progress made by the club.

Admiral Beckley made a speech in which he called attention to the good fellowship shown and offered to do what he could to help the affairs of the club forward. He made the statement that he was probably the only member of the club who was licensed to take a large vessel like the Mongolia or the Siberia in San Francisco. He afterwards showed some of the members the papers which give him the right to navigate any vessel between here and San Francisco, in the coastwise trade, on the Alaskan or the Asiatic coast.

Treasurer Pettie in his report showed that the club had brought its indebtedness down from \$1437.32 to a little less than \$400 during the past year and that there had been a gain of twenty-two members during that space of time.

The evening was completed with a dance in which the members and their friends took part and at midnight everyone returned to the city after the most enjoyable festivities which had been held by the Hawaii Yacht Club since its organization.

### SULLIVAN WRITES ON A. A. U. MATTERS

At the meeting held yesterday afternoon to consider the arrangements which had been made for the Championship track games, Rev. E. B. Turner read two letters from James E. Sullivan, the president of the Amateur Athletic Union of the United States telling of the position which he would take in regard to the bringing of the athletes of Honolulu under the fold of the A. A. U. The chief matter of interest is found in the fact that he says that the records of the men may start with the formation of an amateur organization here and need not go back to their previous performances. He suggests, however, that the "rabit and rank professionals" be eliminated.

The letters are as follows:

New York, January 2nd, 1907.  
Mr. E. B. Turner, 778 King Street, Honolulu, H. T.

My Dear Mr. Turner: I desire to acknowledge receipt of your communication of the 12th inst.; I have noted the contents.

I would suggest that you "call together" all your clubs and form a Hawaiian Islands Association of the A. A. U., adopting the constitution which I herewith enclose, commencing on page 122.

You must have four clubs. You must elect fifteen members as a board of managers; then elect your officers and registration committee; your six delegates-at-large and six alternates to the A. A. U. Then you send to me an application to create this new association, and I will take it up and submit it to mail-vote, and it will be created.

I note your inquiry regarding credit.

Yours truly,  
J. E. SULLIVAN

Upon motion it was ordered that a meeting be called for next Monday.

(Continued on Page 8)

### REPUBLICANS WILL CARRY OUT PLEDGES

Three Measures Adopted By the Central Committee

OTHER BILLS IN PROCESS OF PREPARATION

TAX REVISION COUNTY EDUCATIONAL COMMITTEES AND TAX APPOINTMENTS MEASURES

The Republican party is going about to carry out the pledges made to it in its platform of the last session. It is evident that these pledges were not made merely for the sake of getting votes. They were made to be kept. At least measures have been drafted for the carrying out of most of them, and bills are in process of preparation looking toward the meeting of the next session.

At the meeting held last night of the Republican Central Committee the sub-committee on legislation through its chairman, C. H. Bellamy, reported on several measures which had been drafted and stated that the others would be ready soon.

The bills completed were presented to the committee and three of them were adopted.

The first bill adopted was a very broad joint resolution looking toward a revision of the present law system, which it declares to be variously defective, unscientific and unfair, as well as in the operation and effect as to the appointment of the officers derived therefrom to the Territory of Hawaii and the several Counties thereof.

The resolution provides for the appointment by the Governor of a Commission of three members to examine and investigate the law books of the Territory and consider ways and means for their revision and improvement, as they shall deem necessary or advisable. The Commission is to report to the Governor not later than July 1, 1908. Each committee member shall receive \$250 for his services. An appropriation of \$750 is provided for the compensation and expenses of the commission. This resolution was adopted by the committee without discussion.

County Educational Committees

Another measure provided by the sub-committee on legislation is an act providing for the appointment of committees on education in the Counties.

This measure provides for the appointment in each County of a committee of five members to be styled the Committee on Education for the County. The Superintendent of the County shall be the chairman of the committee; the other four members of which shall be appointed by the Board of Supervisors for a term of two years.

Such Committee of Education shall have the privilege of the public schools in their respective Counties, subject to the direction and control of the Department of Public Instruction of the Territory, and shall act as an advisory body in matters pertaining to the improvement and maintenance of the public schools in the County.

The above measure, an action of W. H. McInerney was adopted.

Having the consideration of the measure a discussion arose as to the words of the measure "subject to the direction and control of the Department of Public Instruction of the Territory, and shall act as an advisory body in matters pertaining to the improvement and maintenance of the public schools in the County."

The above measure, an action of W. H. McInerney was adopted.

Having the consideration of the measure a discussion arose as to the words of the measure "subject to the direction and control of the Department of Public Instruction of the Territory, and shall act as an advisory body in matters pertaining to the improvement and maintenance of the public schools in the County."

The above measure, an action of W. H. McInerney was adopted.

## SPORTS

(Continued from Page 7)

evening at 7:30, or representatives of  
all athletic clubs in the city, to form  
an association as a branch of the A. A.  
U. The association thus formed will  
have charge of all sports in the islands,  
with the exception of baseball.

A written report of the committee  
on eligibility was read and ordered  
adopted.

Though the rules of the A. A. U. will  
not be rigidly enforced at the coming  
field meet, the committee strongly  
recommended that no person should be  
allowed to compete in the coming  
games who had taken part in profes-  
sional athletic contests, such as prize-  
fights, etc. They report against ath-  
letes who have acted or now act as  
coaches or physical instructors for pay  
being allowed to compete.

The report also suggests that the  
secretary furnish the committee with  
the names of all those entered in the  
championship games by noon of the  
Tuesday preceding the games, and that  
on the Thursday thereafter they shall  
hold a meeting to consider protests  
against any candidate, and that they  
make their decision, if possible, before  
the day of the games. A majority vote  
of the committee will disqualify an  
athlete, but if there is not time to take  
all the evidence, an athlete will be al-  
lowed to compete under protest, but, if  
later he is disqualified, the results of  
the games will be given as though he  
had not contested.

## BOWLING ALLEYS WILL OPEN SOON

The later part of this week will see  
the revival of one of the best games  
which is to be found in all sporting  
circles. The bowling alleys under the  
new Hotel Baha will be opened. There  
was some little delay in getting the  
pins and balls but they arrived Satur-  
day on the Enterprise and with the ex-  
ception of a little finishing work the  
alleys are now in fine condition.

The plans for the opening have not  
been completed but will probably take  
place with a tournament at which the  
best bowlers in the city will take part,  
and which will be quite an event social-  
ly.

## REPUBLICANS WILL CARRY

(Continued from Page 7)

responding gain by some of the other  
Counties.

The amendment provides that for  
the purposes of the division and pay-  
ment of the taxes collected, the  
amount of taxes on income of corpora-  
tions collected in a County other  
than that wherein the principal prop-  
erty of the corporation is situated,  
shall be regarded as having been col-  
lected in the County in which its  
property is so situated.

At present, for instance, a big cor-  
poration may have its principal prop-  
erty in Kauai and its offices in Hono-  
lulu. The tax returns are made in  
Oahu County, and this County gets  
fifty per cent. of the taxes collected,  
while Kauai gets nothing.

As this is the case with many cor-  
porations, it is figured that the pas-  
sage of the measure will mean the  
loss to Oahu County of about \$50,-  
000. There was some discussion on  
this measure, but most of those present  
appeared to feel that, as it is in  
accordance with one of the pledges of  
the Republican platform, it should  
be carried out, and the measure was  
adopted.

C. G. Ballentyne stated that several  
other bills were in process of prepa-  
ration. He submitted another one  
that caused a long discussion, and  
upon which action was finally defer-  
red until the next meeting. This is

An Act providing for the nomination  
of candidates for elective offices by  
direct vote. It means doing away  
with nominating conventions, substi-  
tuting therefor a primary election  
such as is in use in most of the  
States. The measure as presented by  
the sub-committee on legislation will  
be given in full in the Bulletin to-  
morrow.

## Water Works Plank

The question as to the carrying out  
of the water works plank in the party  
platform aroused a lengthy discus-  
sion. Ballentyne stated that he  
thought it was a question whether  
the platform committee at the Wai-  
luku convention had not made a mis-  
take in incorporating that plank in  
the platform. At present, he said,  
the Oahu system is run at a loss of  
\$6,000 a month. An additional \$4,-  
000 would be needed to carry on nec-  
essary construction work and for  
keeping up of the system. He did not  
think the County was prepared to  
shoulder such a burden at the present  
time, especially in view of the  
fact that the people now enjoy all the  
advantages of the system without  
owning it.

This brought John Hughes to his  
feet. "I think," he said, "that no  
business in God's world is conducted  
in so unbusinesslike a manner as that  
of the water works of the Territory  
of Hawaii, and especially that part  
of it up Nuanuu valley. How do we  
know that it is run at a loss? Who  
did the figuring for us? I have been  
assured by an ex-Representative that  
the water works is a money-making  
proposition, and I think it looks like  
a case of flim-flam."

"If the Counties want that plank  
and it kills them, let it. I am going  
to work for that plank in the Legis-  
lature. I believe that this Territory  
is going to be Americanized some  
day."

Mr. Farrington supported the idea  
of carrying out the plank. He said it  
had been put in to make a test of the  
power of the Territory to turn over  
to the Counties property which now  
belongs to the Territorial Government.  
As to saddling a burden upon the  
County which it is at present in no  
position to take up, he could not see  
that there is any immediate danger  
of that. The matter would have to  
go to the courts, and, taking it for  
granted that they would find it un-  
constitutional, it would be necessary  
then to get Congressional action.  
That would require action on the  
part of the Legislature first, which  
could not be had for two years, and  
by the time Congress should have  
acted on the matter, four or six years  
would have elapsed.

There was considerable further  
discussion by various members pre-  
sent, including W. O. Smith, Fred  
Macfarlane, Hughes and Farrington,  
but on motion of Mr. Farrington it  
was finally resolved to let the matter  
go over to the next meeting, at  
which time Ballentyne said he would  
have the figures to present to the  
committee.

On a suggestion that the other  
Counties are preparing bills to be  
presented to the Legislature, Mr. Far-  
rington moved that the secretary be  
instructed to write to the County  
Committees instructing them to send  
in the drafts of their proposed bills.  
The motion was adopted and the  
meeting adjourned until 7:30 next  
Monday night.

## KAISER CHANGES MOTTO

Berlin, January 12.—The Kaiser has  
ordered a new motor car to be made  
for him. This is nothing extraordinary,  
but the device is. Instead of the old  
German motto, "Gott mit uns" (God  
with us) being painted on the panels,  
the Emperor has ordered that the mot-  
to shall be rendered thus, "Gott mit  
mir" (God with me).

**WERE ON TOP**

WHEN the goss, turns to Wall  
Paper, Decorations and Paint-  
ing, we're at the top of the heap.  
If you have in mind the changing over  
of any room in the house, talk it over with us—our  
experience is valuable.

**Stanley Stephenson.**  
PAINTER AND DECORATOR PHONE 426.

**This Hotel**

has a reputation from one end  
of the mainland to the other,  
and it won it fairly. We have  
the same reputation here be-  
cause we pay equal attention to  
island guests as we do to out-  
siders. If you would enjoy your-  
self for a few days come to  
Haleiwa.

**We Repair  
Carriages**

We have fully equipped premises on  
Queen Street between Fort and Ala-  
keas Streets, and are in shape to do  
first-class repairing, painting, etc.

This department is in charge of  
skilled workmen, who, besides doing  
repair work build wagons, drays and  
carriages.

Prices are exceedingly moderate  
and the service unequalled in the Ter-  
ritory.

VICTOR TALKING MACHINES

Compare the talking machine of five  
years ago with the Victor of today  
and note the wonderful advancement.  
It is impossible to conceive of any fur-  
ther improvement in this almost hu-  
man machine.
