THE Daily Bulletin

Pledged to neither Sect nor Party, But established for the benefit of all.

WEDNESDAY, OCT. 8, 1890.

The BULLETIN has before had occasion to censure the indiscriminate discharging of fire-arms within the city limits. We wish to again refer to this public nuisance and suggest it is now time for the authorities to interfere in the matter. Burglaries have virtually ceased and there remains absolutely no excuse for these nightly disturbances, taking place at many points in the suburbs. This reckless use of guns and pistols, if not speedily checked, will become as great a nuisance as the average politician—and every body will admit the average politician is no joke.

It is somewhat astonishing there has been such frequent demand for Civil Service Reform from the ranks and organ of the Reform Party since election. It is most astonishing the gentlemen now strenuously advocating such reforms (on principle of course) scouted the idea for some three years preceding the last election. It is not, however, an astonishing conclusion, which most people have already reached, that a great deal of the present preaching by the Reform Party for Civil Service Reform is nothing more or less than a mild form of political hypocrisy, delinquent in practise and unscrupulous in profession.

A MERCHANT'S OPINION.

As one who is directly interested and who has felt the evil effects of sending forth unreliable reports concerning our state of political and social affairs, I wish to say a few words through your valuable columns. First, I wish to compliment the BULLETIN for the stand it has lately taken, against the politicians, in favor of home protection, which course should receive the support of every business man and mechanic throughout the islands, and chiefly of the residents of Honolulu.

We have had nothing but wrangling and political disturbances here for the past three years, and as a business man, who keeps his eyes open I believe, I may safely say this disturbed period has cost every retail merchant in Honolulu several thousands of dollars a year of his legitimate profits.

But let me further ask, what good do these untruthful reports sent abroad accomplish? or those sending them? Nothing, personally, and certainly nothing for the country. If we had fifty, instead of one or two newspapers, trying to rebuild our interests abroad and induce tourist travel and other facilities for the lines of desirable immigration, all the good they could accomplish would soon be broken down, as it has been, by the evil and unjust reports repeatedly sent out by one or two Honolulu editors.

Allow me to say further that while I do not agree with the political principles of the party towards which it is understood the BULLETIN has a leaning, still this is a question of more importance to the country than party disputes and justly calls the support of all conservative people and business men generally to the aid of the cause of Hawaiian re-education after political abuses, by thus giving expression to their moral support. RETAIL MERCHANT.

MR. CASTLE'S LABOR PROPOSALS.

EDITOR BULLETIN:—Mr. W. R. Castle proposes to introduce ten thousand of Chinese coolies for the planters, and as the coolie is like "Paddy's flea" which the law of the land, according to Castle, will be powerless to control, the whole business of procuring and controlling this ten thousand addition to our Mongol Army, is to be granted to the Chinese Commercial Companies.

Some years ago the community were in arms against a bank charter scheme, which only aimed at a commercial advantage, but now the unfortunate foreign trader, the mechanic, and the laborer is brought to the edge of the long dreaded rapids, and the gospel according to Castle & Co., is, that "over he goes."

The late Ministerial champion of the workingman was present to hear Mr. Castle's proposals. I have some recollection of a grand manifesto on Chinese restriction—like the flash of a meteor, alas it was; or like Paddy Castle's flea, it wasn't there yesterday when it was wanted. When the government shall—as proposed—confess itself unable to control its population of Asiatic aliens, is it not about time to petition Uncle Sam, or John Bull or both, to act the part of saviour from the inevitable?

The annexation idea is likely to assume a new shape—one that will settle the mongol question at all events. HONORARY.

A FRIEND OF MR. BISHOP.

EDITOR BULLETIN:—While I do not suppose you will publish this well-merited rebuke after your ungentlemanly attack upon the venerable editor of the "Friend," made in your two last issues, I will forward it to you in any event so that you can see what at least one respectable man in the community thinks of you.

Why you, of all men, being relatively a new-comer, should take it upon yourself to denounce the actions of old and respected residents, whose lives have never presented a flaw, and hold such up to ridicule and contempt under the hypocritical plea of defending Hawaiian interests, is more than I and many other good people in this community can pretend to say.

What, sir, have you done for "Hawaiian interests?" What indeed, if not to aid, with your scurrily pen, the defeat of the very men who hold Hawaiian interests most dear and who were rescuing them from the sink-hole of political corruption up to the very day Mr. Thurston and his friends were wantonly removed from office to make places for alien spoils hunters. It is to return to us this period of political redemption that such honorable and upright patriots as the Rev. S. E. Bishop throw their personal and religious influence against the present evil political party, which has, through corrupt means, temporarily triumphed over the right.

You will find, sir, there are more good people in Honolulu ready to express contempt for you and the BULLETIN, than for such upright and disinterested patriots, as the Rev. S. E. Bishop. KAMAHAHA, Honolulu, Oct. 6th.

CIVIL SERVICE REFORM.

EDITOR BULLETIN:—It is really amusing, the attitude of the Advertiser, with regard to above named bill. Being the mouth-piece of the Reform Party, the party that made wholesale dismissals of competent officials with others, supplying their places with aliens and strangers, whose only qualifications were, subservience, unbounding cheek, and a low hatred of the native element. Anyone in the days of 1887 willing to shout out "hang the King," and "damn the kanaka," were in the sure line of promotion.

Now the Advertiser seeks by "boosting up" a civil service bill to keep the Reform Party (?) roosters in their ill-begotten places, in the hope of having their guerrilla assistance in the "sweet by and bye." The whole course of the Advertiser proves that it would enlist Dick Turpin, Claude Duval, and such-like characters into its fold, if they only promised support to the party. If the Advertiser wishes for the future to use the language of truth, let it drop the word "Reform" from its vocabulary, and write of the party of "Spills." Since that party took power, up to the turn of the tide, there never was such a record made by any Ministry for forty years, for looseness, reckless expenditure, business bungling, questionable contracts, scandalous opium transactions, the drug all over the country being as cheap as oleomargarine, and more easily obtained. Everything was counted "all right" in the grooves of Reform. Go it, boys, make hay while the sun shines, after us the deluge. The deluge has arrived quicker than anticipated by the spoilsmen, and the Advertiser tried to save their scalps by "Civil Service Reform."

Vain hope, the bill is killed; and no doubt there is weeping and wailing and gnashing of teeth in the camp of the "close corporation." Ring down the curtain—the incident is closed. Alas, alas! LOMEIE.

Berlin, Sept. 20.—The Count of Schaumbourg-Lippe shot himself last night through the head. He was in love with a ballet dancer, who involved him heavily in debt, and proved to be unfaithful to him.

FIRE POLICE INAUGURATION.

First Monthly Meeting... Celebrated with a Feast.

The first regular monthly meeting of the Honolulu Fire Police was held last night at the hall of Mechanic Engine Company. Mr. Thos. Krouse, captain, presided, and Mr. Armitage, secretary, was at the desk. Among other business it was resolved that accepted candidates who do not pay their entrance fees by next monthly meeting be then struck from the list.

After adjournment a collation was served, followed by a bill of toasts. "His Majesty the King and the Royal Family," was drunk with honors.

"The Honolulu Fire Department," was answered by Mr. C. B. Wilson, Chief Engineer. He gave an account of the organization of the new corps, which realized an idea of his own, and congratulated the company on its auspicious beginning.

"The Honolulu Fire Police," the response to which was delegated by Capt. Krouse to Mr. Walter Hill, treasurer. The speaker happily referred to a compliment paid the corps, at an organization meeting, by an officer of the department, in calling it a "fine body of men." They would endeavor to deserve all praise by doing their duty.

Foreman Robert More, next to the Chief of the oldest member of the department present, responded for "Honolulu Engine Company." Foreman E. R. Ryan, for "Mechanic Engine Company," Assistant Foreman Wm. Keawe, for "Hawaii Engine Company," Foreman Henry Kaia, for "Protection Hook and Ladder Company," Mr. Lau Chong, for "China Engine Company," Mr. B. Ordenstein, for the "Veterans," Mr. J. C. White, for himself as "Fire Marshal," and Mr. D. Logan, for "The Press."

The speakers chaffed "the fine body of men" good naturedly, one proposition being that the appropriate helmet for the fire police would be a black plug hat. Songs were well sung by Messrs R. More and Chas. Lynn, Mr. Geo. Norton, Assistant Engineer, made a speech, and the company dispersed with "Auld Lang Syne."

THE PLANTERS IN COUNCIL.

THIRD DAY.

The representatives of the planting interests of the country met again this morning, pursuant to adjournment from yesterday afternoon.

Vice-President Atherton called the meeting to order, at 9:30 o'clock. The minutes of the previous meeting were read by Secretary Smith and approved.

W. R. Castle, from the special committee appointed to consider and report on the subject of Chinese Immigration, presented and read a report in which the committee stated, in substance, that they had given the matter careful consideration. They had had an audience with a number of the leading Chinese and the unanimous opinion of those gentlemen was that, if the proposed restrictive permit to enter was hedged about with very many conditions, that the enactment of such a law would be futile and would produce no result whatever. The matter of procuring labor for agricultural purposes, at the present time, is of vital importance and no measure authorizing the importation of such labor will be of any use if surrounded with such restrictions as will prevent labor from coming. The committee recommend that the Legislature be petitioned to amend the present Chinese Restriction Act, being Chapter XXVIII of the Laws of 1887, somewhat on the lines of the Bill No. 161 now before the Legislature.

* * * As the committee believe that the most successful way of dealing with this matter will be through a Chinese company or companies they further recommend that Section 2 of the Legislative amendatory bill be so amended so as to do away with the photograph proviso and that Sections 5, 7 and 10 be stricken out. * * * The committee also recommend that the Minister of Interior or Board of Immigration should be authorized by said Act to permit the entry into the Kingdom of any specified number of Chinese agricultural laborers in place of others who may depart, either at the expiration of a special residence permit, or such as being resident might return permanently to China and also that the Legislature be petitioned to authorize the Hawaiian Government to enter into a labor convention with the Chinese Government at the earliest opportunity.

After reading, the report was adopted as also a resolution that "the same committee be ordered to draft a bill, embodying their recommendations, to be presented to the special committee of the Legislature having this subject under consideration.

T. R. Walker presented information on the subject of East Indian immigration and on motion the trustees of the company were instructed to ascertain further facts relative to that subject. The secretary read a letter addressed to the company, from Mr. Marques and in which the writer denied statements which had been published as having been made by W. D. Smith, to the effect that "he nearly brought the Company into difficulty in the matter of Portuguese Immigration."

The secretary was instructed to acknowledge receipt of the letter and

to present a statement of the facts in the case.

The meeting then, at 10:30 o'clock adjourned until 9:30 a.m. to-morrow.

DEPARTURES. Oct 3 - Steam Leha for Nuu and Hakalanu.

GARDES FROM ISLAND PORTS. Steam Leha - 40 bags rice.

PASSENGERS. For Maui per Likelike, Oct 7 - Hon R. D. Walbridge.

SHIPPING NOTES. The steamship Farallon is due Friday from San Diego via Hilo.

BORN. HOOGS - Honolulu, Oct. 7, 1890, to the wife of Wm. H. Hoogs, a son.

DIED. YOUNG - At Queen's Hospital, of inflammation of the bladder, Oct. 7th, John L. Young.

LOCAL & GENERAL NEWS. FURNISHED rooms, single or in suites, are to be had at No. 27 Alakea street.

Mr. L. J. Levey has just received from London a fine lot of Ascherberg pianos which he will sell cheaper than the cheapest.

Mr. L. J. Levey, auctioneer, will sell a large lot of sugar bags, in bales of blue stripe, at his salesroom at 10 o'clock next Friday morning.

If you have not joined a watch club yet, now is the time to avail yourself of the opportunity of getting a gold watch. Club 5 is now being formed.

An entrance fee of fifty cents will be charged at the Gleamer's lawn party to be given next Saturday, in order to increase the funds of the society. Refreshments will be served by the members.

THERE will be a meeting of the Steinitz Chess Club at its rooms, tomorrow evening at 7:30 o'clock. Matters of importance will be discussed and a full attendance of members is requested.

Mr. John L. Young, an American of long residence in the Islands, died at Queen's Hospital yesterday, aged sixty years. He leaves a widow and a young family of nine children, who will probably need substantial sympathy from the community.

Mr. Young for some years industriously wrought at saddle-making on the corner of King street and Robello lane, Palama.

IMPORTANT IMPROVEMENTS. A sale has been made by Col. G. W. Macfarlane of one of his "International property" lots, facing Nuuanu street.

There are eleven more lots, of similar size, on this property, extending to Hotel and Bethel streets upon which, it is understood, Col. Macfarlane and others will shortly erect bazaar and retail stores, after the style of the Burlington Arcade in London.

Mr. Jas. Ochs also sold yesterday to Messrs. Wong Kwai and Thomas a block of his land on Nuuanu street, thirty-three by forty-five feet, for \$7,000, on which three more fire-proof stores will be built to connect with those being built on the Macfarlane property adjoining.

This block will not only be one of the most central but one of the most valuable in the city.

THE LEGISLATURE.

NINETY-SEVENTH DAY. WEDNESDAY, OCT. 3.

The House met at 10 o'clock, a quorum being present twenty minutes later.

REPORTS OF COMMITTEES. Rep. Lucas for the printing committee reported a bill printed.

Rep. Hookano presented the report of the judiciary committee on the bill to divide Hana into two districts with two magistrates, recommending that the bill pass to engrossment.

Rep. Kanealii moved that the report be adopted. Minister Brown moved that it be laid on the table to be considered with the bill.

Rep. Hookano wanted the bill engrossed and considered on its third reading. Rep. Pachaole thought there was no need for deferring consideration, as the bill was plain and no new information available.

Laid on the table as moved. Rep. Waipuilani presented the majority report of the select committee on the Governor bills, signed by J. H. Waipuilani, W. H. Halstead, W. H. Rickard, and H. A. Widemann.

They recommend the indefinite postponement of the bill to repeal the Act of 1888, and the passage of the bill to establish Governors with certain amendments. Laid on the table for consideration with the bills, the amended bill to be printed.

Noble Macfarlane presented the report of the select committee on the claim of H. G. Crabbe for three months' salary as station house keeper. They find that Mr. Crabbe was treated shabbily by the late Government, but, as there was no appropriation to pay the claim, they recommend the matter on its merits to the consideration of the House.

Laid on the table to be considered with the Appropriation Bill. Noble Phillips presented the report of the sanitary committee on the petition of inmates of the Kalia Hospital, for the retention of Sister Rose Gertrude as nurse in the institution, as follows:

Hon. J. S. WALKER, President Legislative Assembly. Sir - Your Sanitary Committee to whom was referred petitions Nos. 391 and 392 relating to the retention of Sister Rose Gertrude at the Kalia Receiving Station, beg leave to report that they have given the matter careful consideration and they would respectfully represent they consider that to take any action in the matter to accomplish the desired end would be subservive of the dignity of the House and would be besides an unwarrantable interference in the business of the Board of Health, a separate bureau and one which cannot be justly interfered with in matters of this nature, viz: the employment, retention or discharge of persons connected directly with that bureau as employees.

Your committee would state further, that they find the lady mentioned resigned from the position occupied by her of her own free will and accord and no presentation has been made to your committee to show that Sister Gertrude has any desire to be retained or reinstated.

Your committee would therefore respectfully recommend that the petitions Nos. 391 and 392 be referred to the Minister of Interior for presentation to the Board of Health.

Respectfully submitted, JOHN PHILLIPS, A. P. PAEHAOLE, J. MARSDEN.

Rep. Nawahi said that if it was subservive of the dignity of the House to interfere in the case of Sister Rose, it would be equally so to interfere in the case of Dr. Lutz. Now, the select committee on the latter case had obtained from Dr. Lutz the conditions on which he would remain, one of which was the retention of Sister Rose as nurse. He moved that the report be laid on the table to await the report of the other committee. Carried.

Noble Macfarlane presented the report of the finance committee on the claim of the Board of Genealogy, as follows:

HONOLULU, Oct. 3, 1890. Hon. J. WALKER, President of the Legislative Assembly. Sir - The finance committee to whom was referred petition No. 229, asking the sum of \$1,256.66 be paid to the officers of the Board of Genealogy for salaries due and unpaid, beg to report as follows: That they find that there is justly due to these parties the following sums: To the President Poomaikalani, salary for August, September, October and 21 days in November, at the rate of \$106, \$614.20; to Joseph Liwai, secretary, salary for same time at \$70, \$259; to Manu Kahunaiole, salary for same time at \$70, \$259, aggregating in all the sum of \$1,132.20.

The office of the Board of Genealogy was abolished on the 21st day of November, 1887, and at that time there was an unexpended balance remaining to the credit of this appropriation of \$4,923.26 and as the salaries of these officers were not paid after July 31st, your committee therefore recommend that an item of \$1,132.20 be inserted in the Appropriation Bill for the payment

of these claims up to the time of the abolition of the Board of Genealogy.

E. C. MACFARLANE, C. J. MCCARTHY, E. MULLER, A. HORSER.

Rep. Waipuilani moved the report be laid on the table to be considered with the Appropriation Bill. Rep. Kanealii said this Board was a thing of the past, for which money was appropriated, but which accomplished nothing. In the name of the people he protested against paying this claim. He moved that the report be indefinitely postponed.

Noble McCarthy fully agreed with a good many of the remarks of the hon. member for Waialua. But they found that the Board existed under a law until that law was repealed on Nov. 21, 1887. They also found a letter press copy of a letter from the late Minister of Interior, saying that there was no money in the treasury to pay on account of the Board's appropriations. The claimants were paid their salaries up to July 31st.

Rep. R. W. Wilcox thought the House should relieve the committee, as they had done their duty. He was opposed to paying the money. Where were the records of this Board? What genealogical information had it compiled for the \$30,000 or \$40,000 expended?

Minister Brown said there were no records in the archives of the Government. (Laughter.) Rep. Pachaole said the indefinite postponement of the report would be an insult to the committee, which was part of this House. It should be tabled for consideration. The Board was a foolish institution, but it had a legal standing.

Minister Brown said that when the Ministry of 1887 took office, they decided to dismiss the officers of the Board. They paid their salaries for the current month of July, but no longer. What the Minister of Interior said about no funds probably referred to the state of the treasury, not to the appropriation, as that was not exhausted. The Ministers did without their salaries for a time, so that there would be money for necessary expenditures. After July 31 these officers made no claim, and apparently considered that they were dismissed.

Noble Macfarlane said the committee were of the same opinion as the members who had just spoken, but they found that the Board existed under a law of the land. Noble Widemann - Did they do any work except try to draw their salaries after July 31?

Noble Macfarlane could not speak as to that. It was immaterial to the committee what action the House might take. He would say that in the lengthy petition of the Board, they stated that they offered their records to the Government, which declined to receive them.

Noble Isenberg considered that they should be paid up till the time they were notified of their dismissal. Noble McCarthy read two letters written by the late Minister of Interior to the Board, the first notifying them that there was no money in the treasury to pay the bills. The second was in reply to a communication from the Board, saying its work would be continued, and the Minister replied that he had no objection so long as the Board did so at their own charges.

Noble Isenberg said they should be paid up to the date of the first letter. Minister Brown said that was done.

Noble Widemann did not know what all the members thought of the matter, but as for him he would not vote for paying this claim. The report was laid on the table for consideration with the Appropriation Bill.

RESOLUTIONS. Rep. Nawahi presented a resolution that an item of \$24,000 be inserted in the Appropriation Bill for a subsidy to a steam line to San Diego, and that said line be paid \$1000 a round trip in accordance with a contract to be made with the Minister of the Interior.

Noble Muller moved the resolution be laid on the table. The matter had been already disposed of by the indefinite postponement of a bill on the subject.

Rep. Hookano moved the resolution be laid on the table for consideration with the Appropriation Bill. Minister Brown thought the question could be settled on a point of order. The principle of the rejected bill was the same as the resolution, only that the amount of the subsidy was altered.

Rep. Pachaole was in favor of laying the resolution on the table as moved. The hon. Noble might just as well say that because he had breakfast yesterday he needed none to-day.

Noble Widemann said the hon. member for Molokai was very learned in the rules, but when a rule did not suit him he could not find it. But there is a rule that when a matter has been indefinitely postponed it cannot be renewed again in the same session. That was a subsidy and this is a subsidy, and he failed to see how it could be acted upon.

Noble J. M. Horner thought there ought to be some way of coming at a proposition again if there is new light on the subject. In the discussion on the Tahiti line the other day, fresh information came out incidentally on the San Diego line,

which made some members regret their action on the matter. Rep. Pachaole regarded Noble Widemann wrong as usual in attempting to put him straight. There was a case under Mr. Gibson's government in which a matter was decided but renewed in a different form. Another case occurred this session when Rep. Rickard, after having a bill on school age rejected, whipped it round the stump and brought it in a new bill on the same subject.

Noble McCarthy did not see that the resolution was barred by the rule, and cited a case from 1888, when a subsidy to the paper Paradise of the Pacific was refused and afterward granted. He considered it was parliamentary to receive the resolution.

Noble Widemann did not recollect the Paradise incident as related, but was aware that the free postage to foreign countries granted that paper, the same session, could not be carried out because it violated postal treaties. He contended that the resolution and the rejected bill were absolutely the same matter and therefore came under the rule.

Recess, on motion of Rep. R. W. Wilcox, from 12 to 1:30.

F. Talbot, a passenger from Tahiti on the Tropic Bird, reports having met Robert Louis Stevenson, the well-known author, a few months ago at Humphrey's island, 70 degrees south of the equator. Humphrey's island is a circular coral reef covered with coconut trees. There is a population there of 800 natives and half a dozen whites. Stevenson was making arrangements to leave for his old home in Scotland. He had abandoned his yacht in which he sailed from San Francisco, owing to the expense, and was making the tour of the islands in a small trading steamer. He was making collections and purchases of mats, tools and implements on each of the islands he visited, and took a large number of photographic views. At Humphrey's island, he engaged a number of native women to perform the hoola-hoola dance, and made numerous photographs of the performance. Stevenson expressed himself as charmed with life in the South Seas.

THE LEGISLATURE.

NINETY-SIXTH DAY.

TUESDAY, Oct. 7.

AFTERNOON SESSION.

The House resumed at 1:43.

Second reading of bill defining highways and defining and establishing certain rights and duties in connection therewith. (Introduced by the Minister of Interior and amended by Committee on Commerce.)

Rep. Brown, in moving the passage of Sec. 2, said that outside of Honolulu the Government did not have title to the road.

Noble Baldwin drew attention to a grammatical error, which was thereupon corrected.

Noble J. M. Horner said he would strongly object to the Government having power, by its title to any road, to sell the land occupied by the road in case of the abandonment of the road.

Rep. Brown said the Government would not claim any road that had not already been surrendered without compensation.

Noble Horner was still of the belief that when the Government abandoned a road the land should revert to the original owner whether he was paid for it or not.

Noble Widemann thought the objection that trouble would arise was fanciful, and the opinion that the land should revert to the original owner, even if he was paid for it at first, was more fanciful still.

Rep. Brown quoted Secs. 168 to 188 of the Civil Code, in answer to the objection of Noble Horner, those sections providing for the opening of new roads, with a provision that the Minister of Interior may give other land in return for that taken for roads.

Noble Horner had never heard of roads being taken by the Government of any country in the manner provided in this section.

Noble Widemann said that the Minister could not open a new road or close an established road without following the course laid down in the laws. The established roads, that is, those on which public labor has been done, are now the property of the Government, and he did not think that this bill was really necessary.

Rep. Pachaole agreed entirely with the hon. Noble from Hamakua. When they came to "places" and "trails" in the section, they were lost. The Island of Lanai was covered with trails, and these were to be public highways.

Noble Muller thought that if the hon. member for Molokai had read the section to the end he would not have made his objection. The section referred to roads, etc., "dedicated or abandoned to the public as highways."

Noble Widemann wanted to say something more to the hon. member for Molokai, but as he had spoken several times he would move that the House go into committee on the bill.

The motion was lost.

Noble Widemann moved that the bill be indefinitely postponed.

The bill was indefinitely postponed on a rising vote, and a motion to reconsider was lost.

Second reading of bill relating to the preparation of jury lists and the drawing of jurors on the Island of Oahu. Read a second time by title, on motion of Rep. Brown, and referred to select committee on another jury bill.

Second reading of bill to amend Chap. 27, Laws of 1886, to relieve certain articles of import from customs duties. Read a second time by title.

Rep. Knudsen, on a discussion as to what committee the bill should go, said he thought the exemption of coconut products, etc., from duties was against our own people. He would prefer to see a high duty put on such articles.

Referred to finance committee. Second reading of bill to amend the internal taxation laws (introduced by Rep. Rickard). Read a second time by title and referred to finance committee.

Second reading of bill relating to the compulsory school age of children. Read a second time by title and referred to the committee on education.

Second reading of bill to settle the title to certain unawarded lands, and to authorize a compromise with the trustees under the will of the late Bernice Pauahi Bishop. Read a second time by title and, on motion of Minister Peterson, referred to a select committee to be called "the unassigned lands committee."

Second reading of bill to amend the law relating to pounds and estrays. It authorizes the impounding of animals trespassing on public roads or grounds.

Minister Peterson said the bill was made necessary by a recent decision of the Supreme Court, in which it was held that there was no

authority for impounding animals trespassing on the public roads. He moved that the bill pass.

Rep. Waipitani moved that the bill be indefinitely postponed. In the country the roads often ran through pasture lands, and a person who got appointed as a luna would make a good thing by impounding animals caught on the roads. It was very well in theory to prevent animals from trespassing on the roads, but the bill would work hardship in practice.

Rep. Brown said that the bill ought not to be indefinitely postponed. It was absolutely necessary to have a law on the subject. Honolulu was the only place where animals could be kept off Government land, and that only in an area devoted to the water works. Horses and cattle were turned out on the roads at night, and accidents were frequent from horses stumbling and carriages being upset over the animals lying in the road.

Rep. Kaula said if the law was confined to Honolulu it might be all right, but it would be a hardship to the country people. The case referred to arose in his district of Ewa, which was a grazing country. There cattle were to be seen on the highways every night, with bulls digging up the roadway. If the bill passed there was no fear that Mr. Dowsett's cattle would be disturbed, because he would probably belong to the crowd that would put the law in force. Anybody having a difficulty with the road board would be sure to have his cattle impounded the first opportunity.

Rep. Pachaole gave his version of the case lately decided, and said the representative of the first district was one of the counsel, which perhaps accounted for his opinion.

Rep. Brown said the decision simply showed that the law was defective, and he wanted to have it corrected.

Rep. Pachaole continued his remarks, holding that the proposed law would be a hardship to the country people.

Rep. Brown, to set the minds of his rural friends at rest, moved an amendment confining the provisions of the bill to "any city or village of the kingdom." Noble Widemann told of a man, not a poor man, but a man away up in the social scale, who turned his horses out on the streets. The speaker tried to keep the road near his premises clean, but those horses were sure to get on the grass, and, if the gate was left open a moment, they would be inside his enclosure. It cost two dollars to get a horse to the pound in Honolulu, and property owners ought to have some protection. He knew that the bill would cause an outcry from the country members, and thought it would be a sin and a shame to impound animals straying on the road where there were no fences. Therefore the amendment should be passed.

Minister Peterson was surprised at the breeze this little bill excited. It was nothing new but only confirmed a right the Government believed it possessed from away back. Had either the member for Molokai or the member for Ewa ever heard of any hardship arising from the exercise of this supposed right?

Noble Cornwall could see that the bill would work well for Honolulu, but it would put the country people at the mercy of the chairmen of road boards. One hundred and fifty cattle walked a quarter of a mile on the Waikapu road every day for water. But if the bill was to be confined to Honolulu he was satisfied.

Rep. Knudsen thought that "private street or road" was superfluous, as private owners had the right to impound trespassing animals. He moved an amendment accordingly.

Noble Cornwall moved an amendment limiting the provisions to "any of the roads in and around the city of Honolulu."

Rep. R. W. Wilcox moved the previous question, which carried.

The President called for the amendments in writing.

Noble von Tempky passed up an amendment, but, as it was not moved before the previous question, it was ruled out of order.

Noble Cornwall's amendment, which was found to cover that of Rep. Knudsen, passed, and the bill passed as amended, to be read a third time Monday.

The House adjourned at 3:55.
