DR. HOBDY FOR PRESIDENCY; HE REFUSES.

FLEET MANEUVERS TO BE STRENUOUS

DECLARE LOWRIE HANDLED MEN BADLY

Vigorous attacks on the business ability and judgment of W. J. Lowrie while manager of Hawaiian Commercial and Sugar Company's plantation on Maui are being made by witnesses called for the defense in the suit brought by Lowrie against the Castles and Alexander & Baldwin to recover \$400,000. The deposed manager of Hawaiian Commercial is being scored as incompetent, unable to handle plantation labor properly and unable to meet situations that arose in the management of the big sugar property.

Physician Will Be Urged Again

Republican Committee Will Not Abandon Plan For Health Chief

Dr. W. C. Hobdy will be endorsed by the Republican territorial central committee for the presidency of the board of health if the committee can secure Dr. Hobdy's consent to take the position. Twice offered the endorsement of the committee, with the practical certainty, it is said, that he would then receive appointment by the Governor, Dr. Hobdy has twice declined to be a candidate for the position in any sense of the word and has made what amounts to a flat refusal to consider the presidency of the board.

Big Strike Threatens London

(Associated Press Cable.) LONDON, Eng., Aug. 17.—A general strike of trades unionists has been ordered. Indications are that it will mark the beginning of a great industrial war. It may embrace 600,000 men, women and children.

Warships Here To Work-Cowles

Commandant Says Cruisers And Flotilla Will Have Little Spare Time

Work not play is to be the program for the big warship fleet during its visit here late in September and during October. Shore-leave for the men will probably be comparatively scant, and practically the entire time of the fleet will be taken up in arduous and long maneuvers.

Party Not Coming Now

Washington, D. C., Aug. 17. Kuhllo, Honolulu. Session extension compels abandonment of Congressional party. McCLLELLAN.

Taft Vetoes Wool Bill

(Special Bulletin Cable.) LONDON, Eng., Aug. 17.—A general railway strike throughout the United Kingdom is threatened.

MANY GRAFT CASES DROPPED IN 'FRISCO

(Associated Press Cable.) SAN FRANCISCO, Cal., Aug. 17.—Obeying the mandate of the Appellate Court, Judge William P. Lawler today dismissed the indictments against Thornwell Mully, Patrick Calhoun, Tiry L. Ford and William M. Abbott in the so-called "trolley bribery" cases.

TOGO, BANQUETING, GETS INDIGESTION

(Special Bulletin Cable.) BOSTON, Mass., Aug. 17.—Admiral Togo has been stricken with acute indigestion and his program of entertainment has been cancelled.

SENATE ADOPTS TARIFF AMENDMENTS

(Associated Press Cable.) WASHINGTON, D. C., Aug. 17.—The Senate has adopted the steel and iron tariff revision and the amendment to the cotton bill.

ARIZONA STATEHOOD PLAN IS WORKED OUT

(Associated Press Cable.) WASHINGTON, D. C., Aug. 17.—The conferees on the Arizona statehood bill, vetoed by the President, have agreed upon a resolution eliminating the judiciary recall provision. It is stated to be acceptable to Taft and its adoption is expected.

DR. WILEY COMES BACK WITH CHARGES

(Special Bulletin Cable.) WASHINGTON, D. C., Aug. 17.—Dr. Harvey W. Wiley of the U. S. bureau of chemistry today issued a statement charging that a report he made against falsely-labeled glucose was suppressed after Secretary Wilson had approved it.

AVIATOR NEARS N. Y.

(Special Bulletin Cable.) CLEVELAND, O., Aug. 17.—Harry Atwood, the aviator, flying from St. Louis to New York, arrived here today.

SUGAR

ROME, Italy, Aug. 17.—The pope today took the first solid food that he has been able to eat since he became ill.

CITY TO HAVE OWN GARAGE; CHARGES OF "MILKING" MADE

The Governor has granted the county a piece of land at the jail for the purpose of putting up a garage. The step has been taken by the city fathers because of the amount that it is costing them for their automobiles. Charges that the various garages have been "milking" the city and that where gasoline has been charged for it has not been put in, are made by Supervisor Eben Low.

WILSON MAKES MANY CHANGES

Carl Wideman and A. K. Vierra are new officials who have been added to the clerical department of the Honolulu Road Department, their appointment taking effect with today and at instance of Road Supervisor Charles Wilson.

CHINESE POI DEALERS SUE COUNTY FOR \$30,000

The rumor that some of the Chinese poi shop owners were to bring action against the city and county has now become a concrete fact, eleven of them having combined and are claiming damages to the extent of over thirty thousand dollars.

START IN ON HARBOR WORK

An examination has been made of the piles at the Alakea street wharf and with one exception they have been found to be sound. There were some minor repairs to be made but these have all been fixed up.

Weekly Bulletin \$1 per year.

HONOLULU'S PROSPERITY IS SHOWN IN MORGAN'S REPORT

Honolulu's rapid growth, increasing prosperity and assured future were dwelt upon in glowing terms yesterday by James F. Morgan, who ended his fourth year as president of the chamber of commerce. In closing his long term at the head of the commercial organization, the retiring president delivered an address reviewing briefly the business development of the city and territory and urging the necessity of preparing for still greater things to come.

President Morgan refused to accept a fifth term and Vice-President J. P. Cooke declined to be elevated in the natural order of succession. The nominating committee that had been named to choose a ticket for the annual election nominated E. L. Spilling, vice-president and manager of the Bank of Honolulu, and he was unanimously elected. The other officers and trustees were nominated and elected as follows:

Vice-president, J. A. Kennedy; sec-

retary and treasurer, H. P. Wood; trustees, E. F. Bishop, J. P. Cooke, C. H. Cooke, T. Clive Davies, J. D. Dole, J. M. Dowsett, F. Klump, Jas. F. Morgan, E. E. Paxton, E. D. Tenney, W. W. Waldron, Albert Waterhouse.

On assuming the chair, the new president made a brief address, declaring that he would endeavor to maintain the record set by Mr. Morgan and asking the cooperation of every member of the body.

Review of Business.

President Morgan's report reviewed business development here in the past, with a mention of the principal factors that have built it up. He spoke of the increase of commerce, evidenced by the reports from various Federal officials here, customs, internal revenue and postoffice, the harbor development, both in local waters and at the other islands. He emphasized the growth of inter-island

(Continued on Page 5)

FORT SHAFTER GETS FINE BAND

Twentieth Infantry Musicians Coming—Changes at Post.

The days of "field music" are nearly at an end out at Fort Shafter. Official telegram from the adjutant-general's office states that the Twentieth Infantry band has been ordered from Manila to Fort Shafter on the transport leaving the Philippines August 15, 1911, for temporary station, Fort Shafter, and to return to United States with Second Battalion, Twentieth Infantry.

A Welcome Change.

For the past four years the Second Battalion of the Twentieth has been stationed at Fort Shafter, with nothing but field music for guard mounting and parades, except on rare occasions when Berger's noted band would appear at the post for an hour or so for entertainment. "The soldiers appreciate this, but have long wished for a band they could call their own. It seems that upon the arrival of the next transport from the islands that desire will be satisfied and a good band will be stationed in the post.

Make Post More Popular.

Even at the present time, without the assistance of a band, Fort Shafter as a military post is one of the attractions that every tourist and sightseeing person of Honolulu is interested in. With the arrival of the band, the popularity of that little post will increase to a maximum, and Fort Shafter will be a place of entertainment as well as a spot pleasing to the eye.

Dances, Band Concerts, Etc.

The men at Fort Shafter are just now living in great anticipation of the good times that are to come. When the band puts in an appearance, band concerts, dances and a musical guard mounting will be just the proper thing, and although this will put the soldiers a little more to the task, the popular voice of the men says that it will be a great change and look forward to it with great pride. The monotony of the daily routine will be broken during the rest of the battalion's stay on the island, and then, too, this will serve to make the men more acquainted with real regimental duties when they join the rest of the regiment in the States.

Several Changes.

First Lieutenant Martin C. Wise, Twentieth Infantry, who has been on duty at the U. S. Military Academy, West Point, N. Y., will join for duty upon the arrival of the next transport from the States.

Captain R. W. Mearns, who has been on sick leave at the U. S. General Hospital, San Francisco, Cal., has again regained his health and has taken leave of absence for one month. Captain Mearns is expected to join his battalion upon the arrival of the September transport.

Sergeant John W. West of Company H having been discharged upon expiration of term of service, leaves a vacancy in the company for another sergeant. Corporal Charles H. Ramer, being the ranking corporal of the company, has been appointed to fill the vacancy left by West, and Rollie Lakes to fill vacancy made by the promotion of Corporal Ramer.

WHARF EXCHANGE IS PROPOSED

Commissioners Plan New and Important Waterfront Features.

A tentative arrangement depending on the attitude taken by the Inter-Island and Steam Navigation Company and which has in view the exchange of wharves between the Matson company and the local traders was made by the Board of Harbor Commissioners at their meeting late yesterday afternoon. This has been done in order to meet the needs of the Matson Navigation Company.

The idea is to give the Inter-Island company the Brewer wharf in exchange for the present bulkhead wharf at the end of Queen street. This will leave the Inter-Island company with three wharves and the Matson company with two. The local boats will have the Brewer wharf, the Kinau wharf that is to be rebuilt, and the Mauna Kea wharf. The suggestion of the trade came from James Wakefield.

The arrangement is tentative inasmuch as the Inter-Island people have yet to be heard from, but it was stated the Matson wharf was built expressly for them and then turned over to the Matson people because it was felt that they must have some better place. It seemed to be the impression of the board that the arrangement can be carried out satisfactorily.

If the exchange is made the Queen street wharf will be remodeled and the vacant space between the shed and Queen street built over with a large shed, thus giving space for the handling of freight and also a chance for the draying companies to work more headily.

Proposed Regulations.

Several letters were received from the various companies as to the proposed regulations drafted out by the board for the handling of freight on the wharves. At their last meeting they expressed the idea that three days will be plenty of time for a cargo to be cleared off the wharves.

The Inter-Island company asks for four days owing to the necessity of freight having to lie on a wharf when being transhipped. Brewer & Company put in a schedule that wanted twelve days for handling 3500 tons, exclusive of Sundays and holidays. Lewers & Cooke pointed out that in handling a lumber cargo it would mean 70,000 feet a day, which was an impossibility.

The commissioners liked the idea of working it out on a tonnage basis, as suggested by Brewer & Company, but could not fall in with the idea of allowing as much as twelve days.

Strict Ruling.

In connection with the handling of freight a strict rule was passed with what might be termed dangerous cargo. The rule provides that "no gasoline, kerosene, paints, paint oil, distillate, turpentine or hay shall be allowed to remain on a wharf after five o'clock in the afternoon of the day of discharge, and all such remaining on the wharf after such time shall be placed back on board the vessel."

New Mail Landing.

The commissioners are of the opinion that any improvements to McGregor landing at Maul would be useless and that what is wanted to meet the situation is a new landing at Kihel. It was stated that the Hawaiian Commercial and Sugar Company some time ago was willing to give the Territory the land needed to place its building on. The secretary was commissioned to ask whether or not the sugar company would be willing to deed over the necessary land in case of a landing being placed there.

The matter of the Malukona wharf project on Hawaii as stated in the Bulletin yesterday afternoon is to be put out for tenders, subject to certain minor alterations. The wharf is also to be used for freight as well as passengers.

LONDON RUBBER SHOW UNIQUE

LONDON—Information of a most interesting nature is to be obtained not only by those connected with the rubber industry, but by those interested in the development of a product which is so largely used in every-day life, by a visit to the second International exhibition now open at the Royal Agricultural hall, Islington.

The show is considered to be the most comprehensive display of its kind that has ever been held. Visitors to this interesting exhibition are able to trace the manufacture of rubber from the moment that it is drawn from the tree in the form of latex. That is to say that rubber trees are there from which the latex is extracted and passed through the necessary process until it is eventually turned into rubber.

A huge rubber ball, the largest ball of this nature ever exhibited in this country, is also shown. It is said that the weight is approximately a ton. Prizes will, however, be given at the close of the show to those estimating the correct weight of this mass.

Five hundred smaller rubber balls weighing about 55 pounds each are also seen piled up in the form of a pyramid some 20 feet. Calculating the price of rubber at 6s. a pound, the price of each ball will be 16 guineas, the cost of the 500 amounting to £8400 (\$42,000).

Rubber products from no fewer than 33 British and foreign countries are to be seen. The exhibits contributed by Germany and her colonies cover a space of about 6000 square feet, while to Holland and Brazil approximately the same area has been allotted. The Belgian, Ceylon, Malay states and Straits Settlements exhibits each occupy over 2000 square feet.

Castle and Cooke have been notified through cable that the Matson Navigation steamer Lurline with passengers, freight and mails for Honolulu and the islands sailed from San Francisco at noon yesterday.

BRECKONS HAD NARROW ESCAPE

U. S. District Attorney Breckons and Miss Breckons, who have been visiting in Napoosoo, Kona, Hawaii, escaped a serious injury last Thursday, when a Japanese hack in which they were riding was turned completely over. The horses attached to the vehicle were frightened at a rolling stone. Breckons and his daughter were just getting out of the hack, when the horses shied and turned maukward, throwing the hack over.

According to the kamaainas, Breckons was largely responsible for the accident. It happened that before Breckons and his daughter came to Napoosoo from Miss Paris', they went down to Kealakekua, where Breckons bumped into Captain Cook's monument. The statue stood immovable, and when Breckons had driven over to Napoosoo, on a business mission, the accident occurred. The kamaainas there say that Breckons was in error when he attempted to bump into Captain Cook's monument, without first holding a chanting ceremony. The United States attorney and his daughter are uninjured.

POLICE COURT NOTES.

J. Connors, bailing from the corner of Waiuku, who has been on a continuous sou'wester and round of pleasure since his arrival in this city, was assessed \$5 by the magistrate.

O. Carlson, a jovial little Swede from off the dredger Turbine, was initiated into the sacred sanctums of sweet dreamland by the booze route last night and was charged four dollars upon awakening in the cosy boudoir of the police station.

J. Pieper, up for an assault on his wife, after receiving the worst of it, appeared in court this morning with his face mapped out like town lots. His case was stricken from the calendar, the court ruling he had been chastised enough.

F. Castro, a Porto Rican, threatened another Porto Rican of feminine makeup to a good sound thumping. The evidence against him was not sufficient and he was allowed to go his way.

The case of the fake fanatics for carrying on unlawful religious dealings was suspended for one week.

ALL The Newest Metropolitan Models For Autumn Wear

All the daintiest ideas in feminine footwear designed for this season by exclusive New York and Paris custom boot-makers have been carefully reproduced in smart Women's Regal models, and now await your selection here in our store.

REGAL SHOES for Women

have no equal here or anywhere else in other ready-to-wear shoes for women. Regal styles are correct in every detail, and have a daintiness and charm of their own. We recommend Regals for exact fit and perfect comfort. Regal quality needs no endorsement—it is the recognized standard.

Entered at the Postoffice at Honolulu as second-class matter

THURSDAY AUGUST 17, 1911

One's relations with others should be direct instead of diplomatic. A. C. Benson.

They seem to have caught the fever from the House of Lords, all along the Liverpool docks.

If there are any terms on which Dr. Hobdy will take it, he should state them, and thus secure an early settlement of the matter.

If Honolulu can't furnish a man agreeable to everyone for the place, it is well to remember that Washington islands who would have at issue made

Opposition to a man for an important public office is mighty small potatoes if based on no other reason than that you don't like him.

Taking care of the fleet will be an especially pleasant duty if the year 1911 marks the entrance into Pearl Harbor of the first American warships of any size and number.

A month and a half of the Pacific Fleet will be a very pleasant season for the town, and it is well to bear in mind that in a few years Pearl Harbor will be the haven for as many or some warships twelve months in the year.

Inability of the members of Congress to visit the city will be generally regretted, but it will improve the statement for the biennial period by something like twenty thousand dollars, and perhaps as much more that doesn't appear on the public record.

Who was it that was "hollerin'" so loud about the "politics" of the Board of Supervisors, and is now doing politics to beat the band in connection with the Presidency of the Board of Health? Why not have the test of efficiency and experience applied to this most important office of the Territory?

A fleet of warships following so soon upon the trail of the Peace Promoter Jordan, will give the community lessons in the waste of money through battleships. But if the community vote were taken, it would go overwhelmingly for the warships, and let peace take care of the next generation.

What Hawaii will miss is the liberal education that the Congressmen would have secured by a trip through these islands, and a view of the sugar industry first hand. Such an education would undoubtedly have saved them from the danger of errors that may be made when considering the tariff question, particularly the tariff on sugar.

In this unexpected advance in the price of sugar, and the unexpected dividend return to the people of this Territory, to revive the feeling that there are more certain and much safer propositions on the mainland in which the people of the islands should invest their money in order to have "an anchor to windward." How many people are there in the islands who would have at least made a fair profit on their investment had they bought the cheapest stock on the Honolulu market, instead of the green certificates that now mark the spot where their money was poured into a hole in the ground.

Jas. F. Morgan, the retiring President of the Chamber of Commerce, should be given full credit for keep-

ing the Chamber among the progressive institutions of the town. Memory doesn't have to go back so very far to recall the days when the principal duty of the Chamber of Commerce was to sleep, and grunt with injured disgust when poked. Mr. Morgan had an idea that the Honolulu Chamber of Commerce should be so large and so popular as to leave a place for no other commercial institution. Not all agreed with this view, but the activity of Mr. Morgan did much toward improving conditions and promoting courage among the "smaller men of the town" to at least get up in meeting and dare to say that their soul is their own.

FINDING AVAILABLE MEN.

If it be true that the Governor sent the nomination of Dr. J. S. B. Pratt to the Republican Territorial Committee so as to throw the rejection of Dr. Pratt upon the shoulders of the committee, such an act would represent political and official treachery of the ultimate limit.

While there is no telling what the Governor may do, we cannot believe that he would countenance such despicable cowardice, for that is what it amounts to.

The Bulletin has been surprised at the very general support Dr. Pratt has received, rather than opposition. As the executive officer of the Board Dr. Pratt has had much of the dirty work to do, that makes enemies, for anyone. He has been through the fire of criticism that is frequently centered on the President of the Board, and which will sooner or later be directed against any man who takes the position. Under the circumstances, he seems to have come through it in pretty good shape. Whether a President of the Board new to the position would find himself in as good standing six months hence is something that no human being can forecast with any degree of certainty.

Revival of the talk for Dr. Hobdy is natural perhaps if Dr. Hobdy will consent to accept a public position for which he receives a stated salary, with "something on the side" from private or semi-public sources. Dr. Hobdy would surprise the public if he accepted such terms.

As stated in these columns yesterday, it is very easy to say who should not be President of the Board of Health, and quite another to pick the man for the place and get him to accept. A new broom looks clean, but it doesn't take long for a new President of the Board of Health to be splattered over with all the unpleasant criticism imaginable.

In the list of men proposed and available, no improvement has yet been made on Dr. Pratt, who has had the special training that should equip him in making a thorough success of the position.

WARSHIPS HERE TO WORK

S. S. Zealandia, will arrive from Victoria, 11 a. m. tomorrow on a deal for Sydney, 5 p. m., 48 passengers for Honolulu.

David Kalanikalanui has filed a joinder in demurrer in connection with his case against G. L. Sanson.

Waterhouse Trust

Land of Puupueo Manoa Valley

WHEN a man buys something useful which at the same time is steadily increasing in value he is twice fortunate. It is only a little over ten years ago since the pioneer settler on the land of Puupueo made his home there. Then there were none of the many conveniences required by the exacting suburbanite. Now all the advantages that can possibly be asked for are procurable: Mountain spring water, telephone, electric light and Rapid Transit service, and gas for cooking.

BE TWICE FORTUNATE, and purchase one of the most desirable house lots to be had within three miles of the Capitol.

Remember, Easy Terms Are Offered.

HOME COMPANY GETS BUSINESS

Yesterday was the first day that the newly organized Home Insurance Company has been fairly at work, and the volume of business secured by Manager Zeno K. Myers is astonishing. Mr. Myers said this morning that the business has started out in a very encouraging way and that the people of Honolulu are standing by the home company in a way that is gratifying to the stockholders.

The company is carrying out its announced policy of exchanging business with agents for other companies, and this feature is proving popular. Its own risks, says Mr. Myers, are very conservatively written and it finds itself able to place a great deal of insurance with other companies.

"We are finding also that much new insurance is developing, as people are desirous to encourage a home company," he said today. His office on the sixth floor of the Stangenwald building is now a busy one, and if business continues to develop, will be one of the busiest in the Territory.

KALIHI SEWER WORK PUSHED

Tenders are now being called for the sewerage scheme for Kalihi and this time it is for the wrought iron pipes. Superintendent of Public Works Marston Campbell has a most comprehensive scheme laid out for the carrying on of the work.

The tenders will be called and the contracts so let that as soon as the pipes arrive here from the coast the contractors will be ready to start their work and in some cases it is thought that they will even have the ground broken ready for the pipes to be laid. The earthenware pipes are to be delivered on the ground thus doing away with any doubt as to who is responsible for any breakage.

RUBBER JUMPS 20 CENTS POUND

Rubber has jumped in the world market, according to news received yesterday by the Waterhouse Company, rubber factors, and the increase will mean a difference at a rate of \$800 on the output of the two Malaysian plantations, Pahang and Tanjong Olok.

F. T. P. Waterhouse, yesterday, discussing the news, was much encouraged over the general outlook for rubber. From Sumatra comes the announcement that the General Rubber Company has acquired 70,000 acres of land and that 20,000 acres will be planted to rubber in 1912.

"This does not look like the rubber trust is afraid of overproduction," he commented smilingly. Plenty of labor is reported also.

Since July 1 what is known as "plantation sheet" rubber has advanced from \$1.10 and \$1.11 per pound to \$1.31 and \$1.32. This price is as of July 31.

Increasing demand for rubber for the world over is probably the cause for the better prices, although the latest advices do not assign a cause. At any rate, the threatened overproduction would not seem to be materializing, otherwise such extensive preparations for further planting in Malaysia would not be going forward.

WILL CONSIDER HILO PROTEST

"The matter will have my most careful consideration," remarked Governor Frear this morning in connection with the protest that has been lodged by the Hilo folks against the granting of the permission to the Hilo railroad there to run a spur across Front street.

The Governor further intimated that he did not know just exactly what could be done as there was no strong point in the protest that would carry much weight when it came right down to facts. It was something like the question of the kick raised against the moving of the armory. The matter was before them for six months and they never did anything until just at the last moment.

The Celtic Chief case came up for hearing again this morning before Judge Charles F. Clemens in the United States district court and the taking of the evidence was continued. W. M. Clark was put on the stand and gave some technical evidence as to the position of the steamer and the work done by the tugs.

PHYSICIAN WILL BE URGED AGAIN

(Continued from Page 1)

The appointment of Dr. J. S. B. Pratt as president of the board of health is that the governor doesn't care particularly for Pratt anyway, but didn't want to turn him down himself. So he handed the name over to the Republican committee knowing that it

would not adversely on account of Dr. Pratt having been indifferent to the requests of the committee when appointments of inspectors were made.

Just how much truth there may be in this is not known for as one business man put it, "Anyone who knows what the governor wants or intends to do must be a wonder."

The suggestion of Dr. Hobdy has been one that came naturally to the front from the outset, but it has been assumed that he would not take the position for the salary and the only source from which an addition could be made to the salary would be the shippers' wharf committee because no official would be justified in accepting payment on the side from any private institution despite the fact of its being pretty well known that this has been done and possibly is being done at the present time.

The engagement of Miss Esther Lyman, daughter of F. S. Lyman of the Hilo Union school, to William McCluskey, principal of the schools of the Hilo district, has been announced.

Travellers' checks, sold by the Bank of Hawaii, Ltd., are as convenient and as readily cashed as "green backs" and are as safe as letters of credit. Greatest thing in the world for travellers.

Negotiations are pending between the St. Louis ball team and the Promotion Committee, whereby it is hoped that the ball tossers will make a tour of the Pacific States engaging in ball games and promotion work.

Dr. Hugh B. Mitchell, Dentist, has returned from the States and resumed practice in newly equipped offices in the Young Building, having removed to Rooms 43-44, at corner of King and Bishop Streets. Telephone 2684.

Hawaiian Sugar at the Isthmus.

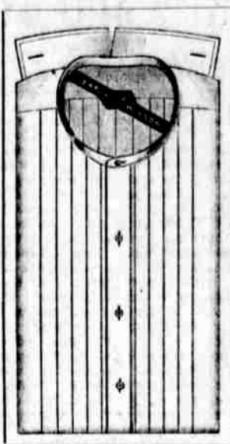

The eleven thousand tons sugar gathered at Hilo and Port Allen by the American-Hawaiian freighter Arizona has reached Salina Cruz and that vessel's arrival at the Tehuantepec port was reported on Monday.

The Lunallo Home people had a day at the beach on Tuesday. The Rapid Transit Company very kindly sent a car over the line for their benefit. They were treated to a picnic at the public baths and had a grand time splashing in the surf. Old men who could hardly hobble around on land, went into the water and swam like trout.

All was well on board the Matson steamship Wilhelmina last evening according to a wireless message received at a time the liner was steaming 126 miles from Honolulu. Captain Peterson reported fresh north-east winds and moderate seas. The Wilhelmina with one hundred and twenty-three cabin passengers is due to arrive at San Francisco on next Tuesday morning.

The examination of Tom Mason in connection with the case in which the Miller Salvage Company, the Inter-Island Company and the Matson Company are claiming salvage from the owners of the bark Celtic Chief was continued yesterday in the United States district court. Mason gave further evidence as to the work done by the Miller company's boats in pulling the bark off the reef.

Twelve appeals were perfected yesterday for the circuit court. They are from the district court and are John Gomes and Joe Fraga, sentenced to ten days for using profane language. Ah Chong and eight others fined for being present where a gambling game was being conducted; K. Umeda fined five dollars and costs for selling a pair of shoes on Sunday. Lee Lay and six others charged with being present where a gambling game was being conducted have demanded a jury trial.

CALIFORNIA GIRL WEDS POPULAR PAUKA MAN

(Special Bulletin Correspondence)
HILO, Aug. 14.—A very pretty wedding took place in this city last Friday evening when Mr. Earle Duncan Cameron, of Pauka, and Miss Alice Newcomb, of Napa, California, were joined in the bonds of matrimony by the Rev. Dr. Drabms, of this city. The bride who is a very dainty and pretty California girl arrived in Hilo on the morning of her wedding day, by the Wilhelmina and the ceremony took place in the parlor of the Hilo Hotel in the evening, being followed by a wedding supper given in the hotel banquet room.

Mr. Cameron is the son of Head Luna L. J. M. Cameron, of the Pauka division of the Onomea Sugar company, and holds a position of responsibility with Contractor A. A. Wilson, who is constructing the new Hamakua extension of the Hilo Railroad. The bride was gowned in white satin, carrying a bouquet of white flowers and was given away by Mrs. Eddie Weight, of Papakou. She was attended by Miss Lena Cameron, the groom's sister. The young couple, after a short honeymoon, will make their home at Honohina, on this island.

LOCAL AND GENERAL

An execution returned unsatisfied on a judgment given in the South Hilo district court was filed in the supreme court yesterday. This was done in order to be able to levy on real estate owned by Z. S. Paaluh. The fine German ship Alexander Isenberg is at quarantine wharf today where after fumigation, the windjammer will be dispatched for Portland, Ore., where a shipment of wheat will be supplied destined for Europe. The Isenberg has been discharging a varied cargo of European merchandise and supplies for some weeks past. Captain Behring has most enjoyed his stay at the port where he has a host of friends.

BIGGEST DIRIGIBLE JAPAN'S Secretly Building 600-Foot Monster After Plan of Germans.

LONDON, Aug. 5.—The receipt by an English sewing machine manufacturer of an order for some specially constructed machines has revealed the fact that Japan is secretly building the largest dirigible airship in the world. The ship is 600 feet long and fitted with six motors of 120-horsepower each, making a total twice as great as the powerful dirigibles recently finished by Great Britain. These engines are expected to be capable of driving the ship thirty miles an hour against a 40-mile gale. Japanese agents have been studying the German dirigibles for many months, obtaining the latest ideas for this new monster.

In consequence of the heavy curtailment of production in the cotton mills many operatives have left Fall River for Canada.

"MAYOR" LOW'S CAREER OVER

Mayor J. J. Fern, who has been obliged to absent himself from his mayoralty duties and at the same time remain afar from the gaze of the public, owing to the presence of a well-developed boil situated on the tip of his nasal appendage, has caused bulletins to be posted at the "city hall" that he expects to be presentable and on view again on Monday morning.

His Honor will therefore be on hand at the regular meeting of the city fathers to be held Monday evening, at which time matters of considerable importance will be brought up for consideration.

The return of Fern to public life after his brief period of enforced retirement will cause the partial eclipse of "Mayor" Elmer E. Low, who has officiated as the guiding spirit of the past few gatherings of the supervisors.

Chairman Murray is understood to have negotiated for the expert services of a sign-painter, who will be entrusted with the exacting duty of preparing a beautiful engraved four-sheet poster setting forth resolutions of regret at the retirement of Low from that high-splendid office upon which he has ruled the deliberations of the board during the absence of Mayor Fern.

It was believed that the matter of suitable inscribed sentiments of respect had all been settled until the question of color for the whitewash proved a stickler. Murray stood out for a deep anarchoistic red, while Dwight hoped for a more peaceful shade and something to match the particular weave of Secretary Ribbenburgh's official toga.

Kreuger rushed into the breach with a demand for violent yellow, and the conference broke up with the suggestion from the mildest-mannered man on the board that the work be done in "preserving paint."

Any way, Low feels assured that he has had the time of his life in prodding up his conferees on points of order and other little details in which he considers a learned lawmaker should be versed.

SANITATION TO BE THE THEME

Residents of Nuuanu Valley section will hold a mass meeting tonight at 8 o'clock, in the Merchants' Association rooms, Young Hotel, to take up important sanitation matters of the district. The result of the meeting is expected to be some kind of an organization that will work for more and better streets, sewers and storm drains, less wet land and more residence lots.

Senator A. F. Judd, a leader in sanitation matters, has been asked to preside and said this morning that the Fifth District will be well represented. This section of the city, needing improvements perhaps worse than any other, has little organized activity to get them, but from now on will probably be to the fore.

HAWN-COM-IS STILL ON RISE

Hawaiian Commercial is recording a steady rise on the local sugar market today, and from Coast reports it is even stronger in San Francisco. \$1.50 was bid for this stock at the session of the exchange this morning without takers, the last sales being at 41 between boards. It is 41.75 in San Francisco according to reports.

Next month will see a fifty-cent dividend on this stock, according to well-defined gossip in financial circles, and the reports help to swell the price. Another report today connected Pioneer with a 2 per cent extra beginning in October to continue so that the dividends for the year will reach 24 per cent. Pioneer was one of the plantations that cut dividends some months ago, now paying 11-2 per cent.

Bonds were very strong on the market today, particularly McBrady, which sold at 97 readily. Blocks of \$20,000, \$10,000, \$5000 and \$4000 were bought in, largely by the agents, Alexander & Baldwin, it is said.

Olan dropped a little, selling down to 2.875, even this being a high price. Olan was firm and active at 32.375. McBrady was off a little, dropping a quarter of a point, some small sales being made at 7.125.

Raws are quoted at 4.52 today, and with the price of sugar continuing to ascend, the brokers expect the market to stay firm with probably slight advances shortly.

HACKMAN KNEW HIM

According to the evidence that is piling up around him Toogood, who is held for investigation in the case of the murder of his wife a few nights ago, will, the police think, have a strenuous time shaking off the charge of murder that is fast closing about him like a cloak.

Evidence was brought out that the hack, alleged to have been stolen by Toogood for the purpose of conveying the body of his dead wife, belonged to the only hackman in the city who could positively identify Toogood. It was also brought out that the two men, in times back, had many squabbles and rows while they were both employed by the city, and that in the matter of identification Look Ek is pretty sure of the man who jumped out of the stolen hack and made down the street when he yelled at him to stop.

Many other points were brought up that will tighten the toils about Toogood. The inquest will be continued tonight.

President Taft sent a cable of congratulations to the 13-year-old shah of Persia, Ahmed Mirza, on the occasion of the second anniversary of his accession to the throne.

NEXT GAME DRAWING NEAR

Polo on for Saturday Should Surpass That of Last Week.

Oahu and Kauai showed the enthusiasm the greatest and most perfect game of polo on the Moanania field last Saturday that the inter-island tournaments have ever known.

It was as hot a contest, chuck full of cayenne and chili peppers, ever served to his Majesty, General Sport. It was bluff, bang and hammer away from one period to another, and the Oahus won just because they could smash a little bit harder.

The members of both teams opened up the throttles, gritted their teeth and turned on the steam with the lever thrown to last notch ahead.

It was a tough game for any team to lose, and a great, wonderful victory for any team to win.

But that game, full of scrap and fight from the start to its very finish, is all past now; its flashy record is written big in the history of inter-island polo. Saturday the fans will be treated to another that, according to hope, should contain more of the Jamaica than the other. The two contesting teams, the Fifth Cavalry and Kauai, promise the enthusiasts traveling down to Moanania next Saturday the snappiest conception of clean, hard-fought polo ever dished up before anyone.

Malina, the Rice boys will tell you, apologetically, was far from his best in the last game, but say that in the coming event he will show up and shine out of the thick of battle with all the brilliancy in him. The game, they claim, freshened up his playing wonderfully, and the practise held this week will put the finishing touches on, enabling him to come through with the great playing ability stored in him.

The Kauais are all rough-house riders, sparing neither horse, club, spur, nor even their own necks.

Charles Rice and John Molina's horsemanship is unsurpassed, with the other two Rice boys following so close behind that it's hard to draw a dividing line, and, best to say, the horsemanship of the Kauai team as a whole is unsurpassed.

Just what the Cavalry can do remains to be seen. The team has worked hard—harder than any other—and believes itself capable of smashing down all other teams with fast horseriding and perfect stickwork.

Hanson is a daredevil rider, never missing an opportunity to swoop in and flash out again with the globe in his possession.

Forsyth, Quakemeyer and Sheridan have improved wonderfully, putting up an awful rugged game to buck against in all their practise games. With the glory and two cups at stake, they will be inspired into action, at Moanania Saturday in a way well worth witnessing.

The battle to be waged between Kauai and the Cavalry should be even more spectacular than the previous match, for so much is at stake. Should Kauai beat the Cavalry and the Cavalry skin Oahu out, the tournament would be called off until next year. There will be no decisive game if each team wins a game and makes matters even; it will just be considered no tournament.

This makes wagering bad, because the last game would be like a nitroglycerine explosion. Just who the referee will be is not decided yet.

The teams line up as follows:

Kauai. Lieut. P. Sheridan, Arthur Rice, Lieut. A. Hanson, John Malina, Capt. Forsyth, Phillip Rice, Lieut. Quakemeyer

Cavalry. Lieut. P. Sheridan, Arthur Rice, Lieut. A. Hanson, John Malina, Capt. Forsyth, Phillip Rice, Lieut. Quakemeyer

**BRITAINS TO PLAY
IN NEW YORK SOON**

The international match between Great Britain and the United States to determine which country shall meet Australasia for the Davis Cup, will be played on the courts of the West Side Tennis Club in New York some time between September 6 and 10. It is up to England to agree as to the dates suggested.

The country which manages to win this match will send a team over to Australia to play in the challenge match for the Davis Cup, known as the highest trophy for tennis.

The tennis players in Australia are talking a great deal over the play for the Davis Cup at the present time, as it looks as though Anthony Wilding will not be able to play for the Australian team in the coming tennis contest.

New Zealand has been the place named where the tennis contest will be fought out by the different teams this year.

2185 editorial rooms — 2256 business offices. These are the telephone numbers of the Bulletin.

SPORT CALENDAR

Saturday, Aug. 19.
Polo—Kauai vs. Cavalry at Moanania.
Sunday, Aug. 20.
Baseball—J. A. C. vs. P. A. C. at Athletic Park.
Hawaii vs. Stars at Athletic Park.
Saturday, Aug. 26.
Relay Race—Ten Miles: Fitzgerald against Jackson, King, Zinks, at Athletic Park.
Polo—Oahu vs. Cavalry at Moanania.
Baseball—All Chinese vs. Cavalry at Athletic Park.
Sunday, Aug. 27.
Baseball—Hawaii vs. J. A. C.; Stars vs. P. A. C. at Athletic Park.

RELAY RACE MAY BE POSTPONED

Fitzgerald Working Hard— Labor Day May Be Date for Races.

The ten-mile relay race will probably take place on Labor Day instead of the twenty-sixth of August.

This plan is agreeable to the three relay men and the ball players, but Fitzgerald has not stated yet whether this date would be suitable to him or not. A meeting will be called for tomorrow evening to settle the change of date.

It is believed that Fitzgerald was expecting to meet Kaoo over the marathon distance on this date, but Jimmie can be assured right now that the "Wahala Horse" is out of it until he is offered \$5000 loss or win, and this seems to be impossible to be given by any promoter.

To pull the ten-mile relay race off on Labor Day will be a benefit for the runners, as it being a holiday more fans would turn out to see the race and baseball match.

The ball game between the All-Chinese team and Cavalry is drawing much attention, and the baseball fans are anxious to see the soldier team in action on a local diamond.

In the last encounter between the two teams, the Chinese came out winners by a narrow margin—2-1—after an exciting game.

As the Chinese team leaves for Maui and Hilo tomorrow, it is not expected to return until August 30. This would prevent them from meeting the Cavalry on the twenty-sixth.

It is almost entirely up to Jimmy Fitzgerald to have the date changed over to Labor Day, which falls on Monday, September 4.

All the runners are training hard for the coming event, and it looks as though the race will be the prettiest relay race seen here.

There is no calling a turn on the winners of the relay. Fitzgerald says that he is going to do some running in this race, and King is going to run also.

SPECIAL SERIES EXPENSIVE

In spite of the boycott made on the Athletic Park during the special Kelo series, the park management claims the series a success.

The total gate receipts of the series ran up to \$6000, and it would easily have reached \$10,000 if there had been no unpleasantness brought about by a partial boycott started by some of the Japanese fans.

The expenses of running the series will no doubt surprise many, as they totaled \$6000. The park management says it is no easy thing to promote such a series. Thomas Treadway, who was at the head of the management of things during the series, did not believe they would gather in so much as gate receipts. He says everybody thought that they were making all kinds of money. They would have made several thousands if the boycott had not prevailed. The park management cleared \$2000 net from the series.

Some may ask how the expenses ran so high. Just as an example, half of the expenses went for the teams, the big sum of \$3500. Besides this, it took nearly \$800 for board for the Kelo team which residing at the Walkiki clubhouse during the month of July.

From these figures it will be seen that the venture was not a losing one, although it might have been if the boycotting of the park had commenced earlier.

CHINESE TEAM GOES TO MAUI

Boys Leave Tomorrow For Valley Isle and then to Hilo.

The All-Chinese baseball team, headed by Manager En Yate Pung, will leave Honolulu by the Claudine tomorrow evening for the Valley Isle, where it is to meet some of the Maui teams.

The boys will leave twelve strong and expect to do great things while away. From Maui the team will journey to Hawaii, where it will encounter the teams of the Rainy City. The boys will spend two weeks on the trip.

The team will be minus three valuable players—Akana, En Sue and Apau, the old standby in the box. They are prevented from going by business reasons.

The boys who are fortunate enough to be able to get away will have a swell time, and many luau will be prepared for them while on Maui.

The first game will take place Saturday afternoon at 4 o'clock in the little town of Waiuku. On Sunday the second match will be played, at Kahului.

The team will remain on Maui until next Friday, when it will pack up and sail away for Hilo, where it will meet some hard nuts to crack, as Hilo has some good ball players and when the pick of the city is put up against the Chinese there will be some hard fighting for the game. Bill Vannatta, Eddie Desha, Alex Desha, W. Todd, Lyman, Sam Hussey and a few other oldtimers, who are still in the game, will be some of the players in which the Chinese team will meet while in the Crescent City.

The team that will sail tomorrow will be as follows: Ah Toon, c.; Asam, p.; Ah Lee, 1b.; Kan Yen, 2b.; V. Ayau, ss.; L. Tin, 3b.; Sing Hung, lf.; Ching Duck, cf.; Tin Yen, rf.; A. Wong and En Gee, substitutes.

From the above list Ah Toon, who came from the Stars, L. Tin and Kan Yen come from the same team; Asam, captain of the team, will be missed on the J. A. C. nine. V. Ayau, who played a swell game for the Hawaii last Sunday, will leave a big hole in the Hawaii team.

The team expects to come back with colors flying, also with a clean sheet.

DRAW FIGHT IN HILO

(Special Bulletin, Correspondence.)
HILO, Aug. 14.—About as poor an exhibition of boxing as has been seen in Hilo for many months took place last Saturday night at the Hilo Armory, when Ben De Mello and Young Greene met in a ten-round contest. The attendance was very small, and those present were considerably disgusted when the announcement was made by Referee Milne that the fighters had agreed that the decision was to be a draw if both men were on their feet at the end of the tenth round. The disgust increased as the exhibition went on.

Favorable comment was heard upon but one particular of the bout—the gameness of Green. He was outclassed from the start, though De Mello was unable to put him away, and still took everything that came his way and was always looking for more. At times the two men wrestled all over the floor, while there was considerable hitting in the clinches which was supposed to be barred, and there was little or no clever work. Ben showed better action with his left than he has in his previous contests, throwing Greene's head back again and again, and worrying him, though doing little damage. The two men never should have been matched in the first place, and another bout such as that of Saturday night will hurt the sport locally in a manner which it will take a long time to recover from.

FANDOM AT RANDOM

Frank Chance, leader of the Chicago Cubs, has come to the front and picked the winners of the coming series of the big leagues. He claims the Athletics will win the American League pennant easily and the Cubs that of the National League. This means that the same two clubs which met in the world's series last year will again battle for the supremacy in 1911.

There is doubt whether Manager Marcellino will allow his three Chinese players to make the trip with the All-Chinese team to Maui tomorrow, as he needs them for the game against the Hawaiians on Sunday. The Stars have made a good start this series, and he wants the team to keep it up if possible.

Ex-heavyweight champion Jim Jeffries left for the North on August 7, sailing from Seattle with his brother. They are going hunting in Alaska, and will start on August 21.

RIOTS MAY BRING FAMINE

LIVERPOOL, Eng., Aug. 16.—Rioting was renewed in this city today by the strikers and their sympathizers, but later subsided when more troops were rushed to the city and bivouacked in the streets.

More Strikes Ordered.
All of the street car men have been ordered to go on strike tomorrow, and the added number of idle men is expected to complicate the situation.

The strike along the waterfront has caused great delay in sailings, and steamer communication between this port and the Isle of Man has been suspended.

Famine Is Threatened.
Owing to the strikes and the interruption of transportation, a serious shortage of all kinds of provisions is threatened and already the pinch has been felt and prices are going up.

Lord Raglan has appealed to one of H. B. M.'s cruisers in port to bring supplies to the city.

Tie Up Railroads.
LONDON, Eng., Aug. 16.—Officers of the Railway Employees' Union asserted tonight that a general strike of all the railway men would start tomorrow morning at 8 o'clock.

The railway managers have appealed to the government and insist upon protection. They promise that trains will be in readiness to instantly tranship as many as 25,000 troops to any threatened district.

The electric lines have made certain concessions to the union, which have been accepted provisionally.

AVIATORS SHY AT THE WEATHER CONDITIONS
CHICAGO, Ill., Aug. 16.—A strong wind was blowing today over the aviation field, and the aviators present protested against going up in their machines on the ground that it would be courting death.

The managers, however, in the face of the great crowd assembled, bullied the aviators to make an ascent and some of them made short flights. Aviator Stone, in an aeroplane, was blown over the lake and fell into the water. He was rescued by a motorboat.

POULTRY COMBINE MEMBERS TO JAIL
NEW YORK, N. Y., Aug. 16.—Thirteen members of the so-called poultry trust were today sentenced in the United States District Court for the Southern District of New York, to three months each in jail and the payment of \$500 fines.

The prisoners were convicted upon charges of conspiracy for restraint of trade. It was asserted that the alleged trust had formed a pool to keep up the prices of chickens by storing immense quantities in cold storage.

MEXICAN REBELS ATTACK FEDERALS
CUERNAVACA, Mex., Aug. 16.—Revolutionary forces under General Emiliano Zapata are attacking the Eighteenth Battalion of federal infantry. The federal troops were entering the city of Yautepac de Zaragoza, in the State of Morelos, at the time the attack was made.

ARRESTED ON CHARGES OF DEFAUDING GOVERNMENT
PORTLAND, Ore., Aug. 16.—John H. Bullock and Charles E. Houston, prominent business men here, were arrested today on charges of conspiracy to defraud the government through making excessive prices for Alaskan coal.

TROOPS TO DUTY.
SAN DIEGO, Cal., Aug. 16.—The 115th Coast Artillery was chosen for duty and leaves Fort Rosecrans tomorrow en route for the Mexican border to assist in preserving order if necessary.

ATWOOD REACHES TOLEDO.
TOLEDO, O., Aug. 16.—Aviator Atwood arrived here this evening after a flight of 133 miles, punctuated with one stop. He will leave for New York tomorrow morning.

SPLATZ WRITES ABOUT OFFICES AND THE CIRCLE

Editor Evening Bulletin:—In your short editorial touching on the resignation of Mott-Smith as president of the Board of Health, you say, "no one is yet on record as having come boldly into the open with the announcement that he wants the place."

To my way of thinking it will be some time before anybody comes into the open and asks for the place for this reason: It has been printed and written and preached and warned besides several other methods have been used to convey the fact that whoever takes upon himself the job of keeping this city in a healthful condition (for that covers the whole routine) must be a physician and a good physician.

There is where I take issue with you, Mr. Editor. I believe there are men in this city who could keep the city in the pink of health that don't know any more about the science of a physician than a jack rabbit. The placing of the affairs of a state or a city in the hands of men whose previous calling was of a nature totally foreign to statecraft, has proved a success in every instance. The best supervisor I ever knew was a com-

HOTEL STEWART
SAN FRANCISCO
 Geary Street, above Union Square
 Just opposite Hotel St. Francis

European Plan \$1.50 a day up
 American Plan \$3.00 a day up

Steel and brick structure, furnishings cost \$300,000. High class hotel at moderate rates. Omnibus meets all trains and steamers. Hotel Stewart now recognized as Hawaiian Island headquarters. Cable address, "Trawets" A. B. C. Code. Reservations made through Trent Trust Co., Fort Street, Honolulu.

Hotel St. Francis
 Union Square, San Francisco
 Under the Management of JAMES WOODS

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravanserai in the world.

WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.

CONKLING GIVES HAWAII A BOOM

Treasurer's Activities for Bond Issue Attract Favorable Mention.

Treasurer D. L. Conkling is getting more valuable publicity for Hawaii than almost any other individual in the islands just now. Conkling's hustling work for the \$1,500,000 bond issue, together with his boasts for Hawaii generally, occupy columns of the mainland press, and this Territory and its needs and achievements are presented to the public in a straightforward way.

The New York Sun conservative to a degree, prints a column about Conkling and Hawaii in its issue of July 22. The Sun says:

D. L. Conkling, Treasurer of the Territory of Hawaii, is a boomer; he wouldn't be all the way over here in New York selling 4 per cent. Hawaii-territorial bonds if he wasn't. But he is not one of that kind of real Western boomer who tell stories of watermelons used to sprinkle the streets in Grey Wolf or of alfalfa in Oklahoma that grows so fast it chokes the cows in the pasture. The Hawaiian ally needs no painting, according to Mr. Conkling's creed.

Yes, Hawaiian territorial 4 per cent. bonds, that's what brought him here, and any day you may find him at the Hotel Belmont ready to answer questions touching upon the value of these 4 per cent. investments. If you ask questions about our little sister of the palms out in the Pacific Mr. Conkling will answer them without flinching. He used to be a newspaper man in Honolulu before the cable got there, and the papers did not have to wreck themselves paying telegraph tolls; therefore he knows the island of Oahu and all the rest of the group backward and forward.

"The boy has outgrown his old suit of clothes and he needs another—badly," is the explanation Mr. Conkling gives for the necessity of the issuing of these territorial bonds. "We're growing so fast down there in the islands that we haven't been able to keep up with ourselves, so we're borrowing money on our first class credit to spend in fixing ourselves up with some necessities."

"There are \$1,500,000 worth of these bonds on the market. The entire public debt of the Territory of Hawaii, including these bonds when they are sold, will be only \$5,500,000. That's pretty good when you stop to consider that the assessments of the Territory run about \$155,000,000."

"The money that we raise on these bonds is going right into public improvements. The water and sewer systems of Honolulu need extension. Within the last two years between 500 and 600 new homes have been built on the outskirts of Honolulu and the town is growing away beyond its original limits. Then there are the roads in the islands—always good, but needing extension and repair. The Territorial Legislature has already appropriated \$150,000 for the purchase of property within the city of Honolulu for the erection of necessary buildings for the College of Hawaii; we want to put \$75,000 into those buildings at the start."

"Another necessity down in the islands is the improvement of the harbor and dock facilities in Honolulu. We anticipate a doubling and tripling of our trade and of the number of steamers that will put into our harbor after the Panama Canal is opened. The Federal Government takes care of our outer harbor, but it is up to the Territorial Government to make Honolulu harbor capable of accommodating all of the increased business that will surely come our way when the big ditch is dug."

The Territorial Treasurer said that the preponderance of the population of the islands was still with the Orientals; there are about 60,000 of these, as against 25,000 whites. But the Chinese, he said, were showing themselves more and more amenable to Americanization. They were worthy citizens, good laborers and peaceable residents. One native born Chinese, whose name is Tony Ahlo, was graduated from Oxford in England and is now a member of the highest court in China.

"The effort of the Territory to bring over a lot of Russians to do the labor on the plantations a little more than a year ago was a failure," Mr. Conkling said. "They came from Harbin in Manchuria, and the Territory paid their passage out. When they got there the Russians were not satisfied, quit their jobs and drifted back to Manchuria or over to San Francisco and Portland. Labor is a big problem in Hawaii; we need all the white laborers we can get."

"The Japanese in the islands are on the decrease. Much that has been written about the menace of the Japanese from within is twaddle. We do not consider them a menace, and we should be the best judges of this situation. The Japanese vote increased 200 per cent. between the years 1908 and 1910, but that doesn't signify much. The native born Japanese voted in 1908 and six voted two years thereafter."

The Hawaiian boomer was asked about the progress of the work on the

defenses of the islands. He said that when the Pearl Harbor works, including the largest dry dock in American territory, were completed and the various batteries for Diamond Head, Waikiki and other places manned by the 15,000 infantrymen and artillerymen scheduled by the War Department the islands would be safe against any conceivable naval strength. The Government would spend \$10,000,000 on Pearl Harbor before it became the completed naval base of the Pacific, he added.

"And you may say that Hawaii is no forgotten byway," Mr. Conkling added. "Receipts from the Territory paid into the Federal Treasury since annexation amount to about \$18,000,000 in customs, internal revenue and corporation taxes. In the fiscal year of 1910 Hawaii paid into the Treasury more than three times the total amount collected from Arizona, New Mexico, Porto Rico, the Philippines and Alaska. That is some indication of the business we do down there."

TELLS OF GOOD BOOST SCHEME

Editor Evening Bulletin:—All good citizens of Hawaii, when they find a moment's lull in the crush of local events, which are at present of the three-speed, sliding gear, transmission variety, should devote those lulls, which are few and far between and getting more so every day, to the incubation of some boost scheme or promotion stunt.

Such a moment came to me yesterday, and for the object of promotion I would suggest the following: At some point in the Promotion Committee rooms there be placed a series of Hawaiian Island views, each one to be of one of the attractive spots of the group, such as the Paia, the Volcano, Iao Valley, Rainbow Falls, and in fact, any special feature that the tourist would possibly be interested in. Let these views be of fairly good size, and each placed in a stall by itself, under a reflected light, and to be viewed through a lens that will magnify many times and bring out beauties that would otherwise fail to catch the eye.

Alongside of each view might be placed an information card giving the locality of the subject, the best route to get there, transportation charges, auto and hotel rates, the time consumed in making a round trip to that point and other information that would not only be helpful to a tourist but a temptation as well.

MID-PACIFIC FOR SEPTEMBER

The September number of the Mid-Pacific is now out and for sale at the various book stalls in the city. The leading article, entitled "Haleakala—the House of the Sun God," by Mr. Ford, the manager of the magazine, is filled with interest in every line. Mr. Ford places the great wonder of the island of Maui so clearly before the reader that, with the accompanying pictures, one can almost grasp the grandeur of it all from the pages of the book.

Regatta Day in the mid-Pacific, and what it means to the people of these islands, is given special attention in a well written article.

There are many other articles with illustrations that are of great interest to people living right here in Hawaii and will be much more so to those living on the mainland.

Mid-Pacific for September is a splendid number, and should be sent to one's friends on the mainland.

BAND CONCERT.

The Hawaiian Band will give a public concert this evening commencing at 7:30 at the Hawaiian Hotel. The program follows:

March—Manhattan Beach..... Sousa
 Overture—Ivan..... Conterno
 Chorus—Tannhauser..... Wagner
 Reminiscences of All Nations.....
 Vocal—Hawaiian Songs..... Godfrey
 Medley—The Best of the Bunch..... Williams
 Waltz—The Source..... Waldteufel
 Polka—Red and Black..... Coote
 The Star Spangled Banner.

Transport Sherman on the Way.
 Before the transport Sherman sailed from Manila it was reported that applications for transportation to the United States exceeded the number who had been allotted accommodation, at a ratio of about three to one. The Sherman sailed from Manila on last Monday and spent the following day at Mariveles quarantine where troops were removed for disinfection. The transport is now on the way to Nagasaki, Japan, and will probably remain there three days taking on a large shipment of coal before resuming the long journey across the Pacific to Honolulu. The Sherman should arrive here on or about September 4th.

Inter-Island and O. R. & L. Shipping books for sale at the Bulletin office, 50c each.

PROMOTION WORK FOR PAST YEAR

Secretary Wood Shows Immense Amount of Advertising Being Done.

Widespread work by the Hawaiian Promotion Committee is shown in a report from its secretary, H. P. Wood, made to Chairman G. Fred Bush, and submitted to the Chamber of Commerce at its annual meeting yesterday afternoon.

Secretary Wood reviews the work of the committee for the past year. He showed that the work of the committee now reaches every part of the globe, that literature advertising Hawaii can be found at Cairo and the Nile as well as at San Francisco and New York, and that the office here is keeping the world supplied with reading matter about the islands.

The committee mails approximately a thousand pieces of matter daily. In addition to this, Secretary Wood notes that many lecturers are at work. He says:

Rev. Charles A. Payne, who is much sought after for Chautauqua programs throughout the United States.

Franklin Matthews, the brilliant correspondent of the New York Sun.

Rev. Henry I. Stark of the Roman Catholic University at Washington, D. C.

Lloyd Childs with his company of singing boys.

Rev. Dr. Wadmann, one of Hawaii's most earnest workers.

Prof. Geo. H. Barton, Miss Mary Maxwell and others.

Rev. Rowland B. Dodge of Walluku, on his recent trip to New England gave a great many lectures on Hawaii, distributing a large number of our folders.

Rev. Mr. Turner of Makawao will soon be leaving on an extended trip and will take with him over one hundred of our best slides with which we may rest assured he will do good work.

The lectures given during "The World in Boston Exposition" illustrated by moving picture films and slides under the management of Rev. Mr. Olsson attracted a great deal of attention.

Ernest Kani and his troubadours advertised Hawaii very thoroughly throughout Australia and New Zealand on their recent trip.

Speaking of the volume of advertising done, he says:

Five thousand copies of a special circular were distributed among the delegates to the National Educational Association, which recently met at San Francisco.

Several thousand selected postal cards were sent out in a general round-up of old addresses with good results.

Twenty thousand copies of a special illustrated mailing card, "Winter Sports in Hawaii," were distributed among railway and steamship agents.

Two thousand copies of the same subject on a large card were sent out as hangers.

A special message card was mailed to some fifteen thousand bank officials, again with excellent results.

In all, some fifty thousand signed special letters have been sent out during the year to various parties dealing with different subjects. We have found from experience that this method of advertising is most effective.

In our campaign of advertising the 1911 Floral Parade we distributed 10,000 posters, 5000 5x8 1/2 reductions, 20,000 postal cards and 50,000 stickers, besides several thousand copies of marked papers.

The foregoing was in addition to the distribution through regular channels of our standard offices.

Twenty thousand copies of the 5x8 mailing card advertising the Volcano of Kilauea, a design for which was accepted at the last weekly meeting of the committee will be mailed during the coming month.

Mr. Wood speaks of the various excursions planned for the islands, but which did not materialize for one reason or another, but emphasizes the fact that the value of the advertising gained thereby is immense.

In closing, he thanks the press of the city as follows:

In conclusion I should not fail to state that the encouragement and help given the committee by the local press at all times has proven of the very greatest assistance. Without it indeed we would be badly handicapped.

VULCANIZING COMPANY HAS INCORPORATED

The articles of incorporation in connection with the Kershner Vulcanizing Company, Limited, were filed at the office of the Treasurer yesterday. The capital is \$10,000, divided up into 500 shares of \$20 each. The first officers are: President, J. W. Kershner; vice-president, A. A. Wilder; secretary, F. E. Thompson; treasurer, Ada M. Kershner; auditor, W. B. Lymer.

Rev. E. F. Bostwick, pastor of the Western Avenue Baptist Church, at Chicago, who said recently that he could not get married on \$1200 a year, has not only been married, but his salary has been raised to \$2000 a year.
