PACIFIC FLEET IN STEALTHY ATTACK

JILTED, WONG FORGIVES; SHE GETS MARRIED

(Special Bulletin Wireless.)

HILO, Aug. 28.—William Heen and Miss Mercy Akau were married last Saturday, the ceremony causing considerable surprise. The engagement of Miss Akau to Samuel L. Wong, of Honolulu, was announced last week. The bride, it is said, wirelessed a message to Wong breaking off the engagement suddenly and the Honolulu man has answered that he forgives her.

IMMIGRATION OF JAPANESE TO BE STUDIED

That the imperial Japanese government intends to make a searching investigation of the treatment of its subjects, now residing in this Territory, by the immigration and quarantine officials, as well as by the planters, is evidenced by the arrival this morning of two Japanese officials from San Francisco, where they made a thorough inspection of the methods used by the government toward their immigrant countrymen.

The two officials are Dr T. Kitano, medical inspector of the Prefecture of Kanagawa, Japan, and Dr. K. Iwai, medical inspector of the port of Kobe. They passed through here about two months ago, and are now on their way home.

While here it is the intention of the two medical inspectors to scrutinize thoroughly the system under which the local Federal quarantine and immigration officials examine the Japanese arriving from Japan. The results of their investigation will be reported to the Japanese government.

Dr. Kitano, in an interview with a Bulletin reporter on board the Mongolia this morning, stated that he and Dr. Iwai will spend at least a week here. It is his desire, said Dr. Kitano, to familiarize himself with the methods of the quarantine and immigration officials here, with reference to the examination and inspection of Japanese laborers coming to Hawaii.

He stated that in San Francisco he found the medical inspection of the Japanese by quarantine officials most satisfactory, but claimed that the immigration inspection was not quite satisfactory. Asked what he meant, Dr. Kitano refused to go more into detail.

One of the most important matters that will occupy their attention during their stay in this port will be the inspection of the Japanese by the quarantine officials. It is intimated that certain information has been submitted to the Japanese government, charging local officials with making careless inspection of the immigrants before they were finally permitted to land in Honolulu. Dr. Kitano would not disclose information on this particular point. He contended that it is their specific duty to investigate the general treatment of Japanese laborers here both by the port officials and by the planters.

As soon as Dr. Kitano and Dr. Iwai arrived today, they were met by Secretary Nakamura of the Japanese consulate, who escorted them up to meet Consul-General S. Uyeno. During their stay in Honolulu the commissioners will stop at the Mochizuki Club. It is expected that they will visit the plantations before returning to Japan in the Toyo Kisen Kaisha liner America Maru.

Dr. Kitano and Dr. Iwai are graduates of the Tokio Medical College.

CRUISERS WILL TRY TO CAPTURE HAWAIIAN ISLANDS

BY C. S. ALBERT.

(Special Bulletin Dispatch.)

WASHINGTON, D. C., Aug. 17.—Four great armored cruisers of the Pacific fleet, under command of Rear-Admiral Thomas, are preparing to swoop down on the Hawaiian Islands. They will seek to take the land forces ashore and effect a landing in some secluded and comparatively unprotected bay. It will be the duty of the land forces to be on the alert and prevent the warships from annihilating them.

It was at first intended to send the entire Pacific fleet, comprising 25 armored cruisers, the best in the American navy. It was a little later decided to send only four vessels on the attacking expedition, and leave two on guard duty in the vicinity of San Francisco. The Maryland and Pennsylvania will not participate in the cruise for the mock attack and assault, for last reason.

(Continued on Page 4.)

M'CLELLAN EXPLAINS WHY TRIP OF CONGRESSMEN WAS DROPPED

George McK. McClellan, the Delegate's secretary, has sent the following letter to the Chamber of Commerce, explaining why the proposed Congressional visit to Hawaii has been postponed:

Washington, D. C., Aug. 17, 1911.
The Chamber of Commerce,
Honolulu, Hawaii.

Gentlemen:—I am enclosing herewith copy of letter sent to members and senators who had been invited for the Congressional party. The action of the democratic caucus yesterday will, in the judgment of the leaders of Congress, continue the session until the 25th, and possibly until September. This has made it impossible for me to count on more than half a dozen definite acceptances, and as it was necessary for me to close definitely the transportation arrangements there was nothing left but to cancel all arrangements for the party.

An important additional reason for this action was in the fact that I have not been able to secure acceptances from any member of either Ways and Means committee or Committee on Rivers and Harbors, that the chairman of the committee on territories and all senior members have had to decline by cause that their acceptances and that out of the four senators invited only three have been able to accept.

Regretting that the proposed vacation has made it impossible to secure a representative party of Congressmen for this year, I remain,

Very truly yours,
(Sgd.) GEO. McK. McCLELLAN.

BARRACKS BIDS FINALLY CALLED

After long delay, bids for the construction of the marine barracks at Pearl Harbor are again being called for. The Bulletin today carried an advertisement calling for tenders on this work, the previous bids having been rejected and the whole work held back for months.

The headquarters of the U. S. Marine Corps, Quartermaster's Department of Washington, is receiving bids for the bids for the construction of officers' quarters and barracks, including at Naval station.

These bids will be received in Washington until 11 o'clock December 5, at the above-named place and not publicly opened.

The official plans and specifications may be had upon application, but modified until they are received from the Bureau of the present Washington office.

A deposit of $50.00 will be required of each applicant to secure the set of plans. The deposit will be refunded to the two lots which have been turned over which were never sold.

"Also," added the Governor, "the act only states that we may use the money for purchasing land. As a matter of fact we can turn it back to the general treasury fund. This we are not doing, however."

BUSINESSMEN OUT WITH RULES FOR COMMERCE OF PORT

Widely differing from the ideas of the Territorial parties commission, the special committee named by the Chamber of Commerce and Merchants' Association to consider proposed rules for commerce in the port of Honolulu has handed its work. Its recommendations will be laid before a joint meeting of the commercial bodies at 2 o'clock tomorrow afternoon.

Recommendations that will be made as to the handling of freight, domestic and foreign, in the port are given in the following complete summary:

Foreign cargoes.

Foreign freight may remain on wharf after custom house order.

Cargoes of less than 2500 tons—48 hours.

Cargoes of more than 2500 tons—72 hours.

Domestic cargoes from outside territory.

One day allowed for removal of each 500 tons.

Inter-island cargoes.—Freight must access from a wharf within three working days.

Outgoing freight from Honolulu district.—Three days' free storage prior to commencement of loading to be allowed.

Outgoing freight beyond Honolulu district.—Recommended that at present no regulations be adopted until better warehouse facilities are provided; if government insists, at least ten days be given prior to commencement of loading vessel.

Gasoline, kerosene, etc.—To be removed by 5 o'clock of day on which discharged.

Hay to be treated as general merchandise.

Demurrage.—On freight originating in Honolulu district, 25 cents per ton per day; on freight awaiting transhipment, 10 cents per ton.

The above conditions contemplate a wharf unimpeded by any other cargo and to which consignees have full access.

JUDD SEES BRIGHT FUTURE FOR KAUAI HOMESTEADERS

That there is every chance of the homesteader on Kauai making good is the opinion of Land Commissioner Charles S. Judd, who returned yesterday from his first trip of inspection. He attended the selection of the lots in connection with the Opaka settlement association and also visited Kapaa and Lawai districts.

"I think there is every opportunity of the homesteader being able to do well," he said this morning. "Although this was my first trip I could see that there were a number of them making good. All they want is better transportation and this we are arranging for in the Kapaa district where they need it most.

"Some of them are growing cane and others have taken to pineapples. In some cases they are trying both. From what I could hear there is every opportunity of a man making a good living. Of those going in for cane we must watch that they do not get under any obligation to the plantations so that the latter will control them.

"There has been some discussion over the matter of granting a lease to the Makee Sugar company and this will bear directly upon the situation of the homesteaders at Kapaa for the company has stated that if the lease is granted it will build a railroad.

"One of the main difficulties that will have to be overcome is this matter of transportation. We will do what we can with the money that comes in from the sale of lands. I saw the McBryde pineapple plant at work and loads of pines were coming in from the various homesteads around. They are rather frightened about putting out pines, however, as it is two years before they receive anything back.

"From what I saw I have great hopes for the future and think that matters will gradually improve."

CHARLES S. JUDD
Land Commissioner.

HILO NO KICK SAYS GOVERNOR

Governor Frear gave out some figures today which do not coincide with those published in the morning papers in connection with the money that has been spent at Hilo by the Territory.

"During the last year," he said, "the entire proceeds of all sales of public lands at Hilo which could be used for purchasing other land at Hilo has been $12,241. One small purchase was made for county road purposes out of this and there is now $10,818 remaining which we hope to use in part for parcelling out land for the new Union school which is costing $85,000. We have not yet been able to obtain the titles to the land although we have been trying for a year or more.

"During the year we have turned over to the county of Hawaii two of the valuable lots in Hilo for fire stations. Thus the sales have not amounted to a great deal but the proceeds have been divided as rapidly as possible

MORTON TO ESCAPE FINE

Captain Harry Morton, master of the Pacific Mail liner Mongolia, at the port today discharging a small shipment of general cargo before proceeding on the voyage to Japan ports, Manila and Hongkong, is in line for a remission of a substantial fine assessed by the Federal authorities on the Coast, in that it is alleged that the Pacific Mail skipper unlawfully carried explosives on the Mongolia on a recent transpacific voyage. The collector at the port of San Francisco has ruled that Captain Morton is liable to the fine, while Supervising General George Uhler is in receipt of a letter from the Department of Commerce and Labor at Washington which advises that no ruling will be made at the present time on the alleged infringement of Federal regulations upon the part of Captain Morton.

Captain Morton declined to discuss the matter upon his arrival this morning. It is understood on board the vessel that as matters now stand the skipper stands a pretty good show of escaping the severe penalty inflicted in such cases.

CENSUS FIGURES IN DETAIL ARE OUT

Director of Federal Bureau Announces Statistics for Hawaiian Islands.

WASHINGTON, D. C., Aug. 17.—Director Durand of the Census Bureau issued a preliminary statement today showing the distribution of the native-born population of Hawaii by color or race and of the foreign-born population of that Territory by country of birth. These figures have been obtained from the earlier tabulations of the returns of the Thirteenth Census and are, therefore, subject to possible revision by reason of later tabulations, but it is hardly probable that such revision will materially affect the figures as given.

The native-born population numbers 98,157, distributed by color or race as follows: Hawaiian, 26,041; Caucasian Hawaiian, 8772; Asiatic Hawaiian, 5,734; Portuguese, 13,766; Porto Rican, 4899; Spanish, 357; other Caucasian, 9917; Chinese, 7195; Japanese, 19,889; Korean, 562; black, 98; mulatto, 594; and all other, 2612.

Of the total native-born population, the Hawaiian, Caucasian Hawaiian and the Asiatic Hawaiian together formed 58.3 per cent.; the Chinese 7.3 per cent., the Japanese 20.3 per cent., the Portuguese 14 per cent., and the Porto Rican 5 per cent.

The foreign-born population totals 93,783, distributed by country of birth as follows:

Australia, 150; Austria, 176; Azores, 444; Belgium, 24; Bulgaria, 2; Canada, 349; French, 5; Cape Verde Islands, 19; Central America, 6; China, 14,486; Cuba, 9; Denmark, 67; England, 629;

(Continued on Page 4.)

M'CORMACK BIG MAN, SAYS FREAR

Dr. John N. McCormack, who arrived this morning on the steamer Mongolia and who is to lecture in the Opera House Wednesday night next, called on the Governor today. He hails from Kentucky and is chairman of the Committee on organization of the American Medical Association, secretary of the Kentucky State Board of Health and a noted lecturer on health matters.

"He has been very prominent in the medical profession in the United States," said the Governor this morning, "and has taken a great interest in public health matters, devoting himself to the question for the last ten years. As chairman of the organizing committee of the American Association he has spent several years in organizing state and county organizations throughout the United States on similar lines so that they can all cooperate for the betterment of the public health.

"For a number of years he has been through different parts of the country with a view to calling greater attention to the prevention rather than to the cure. He is coming down here by invitation and his lecture will be something that the people of Honolulu should appreciate greatly for he has come all this distance to help us out at our request. There should be a large turn-out on Wednesday to hear him."

Headquarters in further the candidacy of Woodrow Wilson for President have been opened in New York by Lawyer William P. McComb Jr., a champion of the Governor of New Jersey.

PERSONALITIES

REV. R. B. DODGE returned from Kauai yesterday on the Kinau.

MISS KELLY of the Circuit Court has returned from her vacation.

MISS MARIAN AUSTIN of Kohala will attend Wellesley College this year.

MRS. C. E. KING of Hawaii, will make a visit to Honolulu for medical treatment.

MRS. GEORGE B. CURTIS is reported to be gaining health fast after the operation a few days ago.

DR. SCUDDER returned to Honolulu yesterday, after a lengthy vacation spent on the other islands.

DR. AND MRS. BOND of Kohala will go to the mainland with their daughter, Alice, who is to enter college there.

MRS. R. C. BOWMAN of Hilo was among the returning passengers in the Pacific Mail steamer Mongolia this morning.

ALFRED W. CARTER, manager of the Parker ranch, is back in Honolulu after a stay of some weeks on the big island.

SENATOR FAIRCHILD was an incoming passenger in the Kinau yesterday. He came over to meet Mrs. Fairchild, who returned on the Mongolia.

CHIEF CLERK JAMES THOMPSON of the Supreme Court leaves tomorrow morning for a fortnight's vacation to Hawaii. His trip will be partly business and partly pleasure.

C. M. GOETHE, a wealthy Sacramento real estate owner, is numbered among the round-the-world trippers in the Pacific Mail steamer Mongolia, which made a call at Honolulu this morning.

JOE CRAMER, was taken to the Queen's Hospital yesterday for treatment for a serious injury to his face caused by a blow from one of the levers on a winch he was working at Pearl Harbor.

MISS M. ARAKAWA of Hilo, who visited in the States for about two months, returned this morning in the Mongolia. She will return to Hilo in the Mauna Kea, sailing at 10 o'clock tomorrow morning.

DR. R. W. ANDERSON, a local dentist, returned from a vacation of several months spent on the coast. He was an arrival this morning in the Pacific Mail liner Mongolia. Mrs. Anderson accompanied him.

MRS. ANNA E. BROWN, mother of Raymond C. Brown, inspector in charge of immigration at Honolulu, was an arrival this morning in the Pacific Mail liner Mongolia. She will make an extended visit with her son.

REV. J. W. WADMAN writes from Bangor, Maine, under date of August 16, that he is returning from a trip through Canada, where he has given his lecture on Hawaii at many places. He has engagements in Portland, Me., and Boston.

GEORGE C. BECKLEY and bride, nee Miss Beatrice Campbell, were recipients of a rousing greeting from a large concurse of friends and relatives upon the arrival of the Mongolia at Alakea wharf this morning. The Beckley party were accompanied by Mrs. C. T. Bird, and also a chauffeur and maid.

MISSES IRWIN, Hawkins, Tinsley, Izey, Tucker, Reed, Barker and Jackson are members of a party of over fifty missionaries who are en route to Japan and China as passengers in the Pacific Mail liner Mongolia. The missionary delegation was met by local religious workers at the wharf this morning.

SHUNG AI SUN, charge d'affaires for China and stationed in Mexico, is returning to his home government to attend an important conference. Shung is understood to be the last Chinese diplomat connected with the legation, which affairs are now said to be handled through the American authorities.

DRS. IWAI AND KITANO, two Japanese medical men, are returning to their native country after having conducted an exhaustive research and investigation of American methods for quarantine and immigration service. The medical officers intend to remain at Honolulu until the arrival of the America Maru, by which vessel they will continue the voyage to the Far East.

CHALMERS A. GRAHAM, "angel of commerce," making one of his periodical trips across the Pacific in the interests of the Valvoline Oil Company, was an arrival in the Mongolia this morning. Mr. Graham proposes to remain in the islands for a couple of weeks before proceeding to Japan, Hongkong and Manila. In years agone Graham was one of the travelers for the Honolulu Iron Works and is a well known figure in business circles here.

MRS. WM. LINDSAY intends to leave for Kohala with her daughter, Anna, and her adopted daughter, Abbie Allen, during the first week of September, where she will place the two girls in the seminary. After Mrs. Lindsay's return she will journey to Honolulu, accompanied by her two sisters-in-law, Misses Lizzie and Christina Lindsay, and her two sons, William and Charles. William will enter the Kamehameha Manual, and Charles the Preparatory. Mrs. Lindsay will be in the metropolis till after she has witnessed the wedding of her sister, Annie, to Captain Anderson. While in the city, she will be the guest of Mr. and Mrs. Chas. K. Notley.—Kohala Midget.

Shio Nogami has applied for a divorce from Isohei Nogami on the grounds of non-support.

FIVE HUNDRED PASSENGERS REACH PORT IN PACIFIC MAIL MONGOLIA

One Hundred and Twenty-Five For Honolulu—Liner Persia Also In From the Orient With a Host of Chinese Students. Inter-Island Steamers Are Loading For Various Ports of Call.

Missionaries, married and single, with families and without, pretty and plain, blondes and brunettes, to the number of nearly fifty, were quite a factor in the daily life of some five hundred passengers who arrived at Honolulu from the coast this morning with the Pacific Mail liner Mongolia.

Despite the "hoodoo" which the gentle missionary generally inspires in the breast of the sailor man, the good ship Mongolia came alongside Alakea wharf at ten o'clock without an unpleasant incident.

Officers report a rather quiet trip. Despite the crowd in the cabin, there was no very great display of hilarity, unless a delightful little hop arranged by Captain H. E. Morton and Purser Ludwigsen, could be counted upon as a marked diversion.

Some interest centered in the George Beckley bridal party, which before embarking at San Francisco was the recipient of a boisterous demonstration upon the part of the Hawaiian delegation always to be found at the coast port.

The Beckleys returned in the bridal suite de lux, with a retinue of servants including a secretary, maids and chauffeurs.

For Manila, there is a number of Philippine Insular government employees who will take up work with the service in various capacities. The missionaries are to leave the vessel at the several Japanese ports and from there become scattered throughout Japan, Korea and North China.

Leaving the Mongolia at Honolulu were 94 cabin, 30 second class and 1 Asiatic passenger. The through list included 147 cabin, 11 second class and 229 Asiatic passengers.

Before the vessel departs for Japan and Manila at five o'clock this evening, some seven hundred tons general cargo will be left here. The Mongolia was brought alongside the wharf without difficulty through the pilotage of Captain Lorenzen, though the liner was well down in the water with over nine thousand tons freight and supplies for discharge at the Philippine port.

No complaint was registered against the weather. The passengers were permitted to spend the greater part of the days out of doors. No sickness is reported and but few changes in the official staff. The Mongolia now has a new store keeper in the person of G. A. Cleghorn, who takes over the duties formerly presided over by F. Jones.

A mail amounting to 390 sacks were received by the postal officials.

A large delegation of aJpanese are booked to depart for the Orient this evening

One of the picturesque incidents with the arrival of the Mongolia from San Francisco this morning was the advent of thirteen Gypsies who are said hope to connect with a steamer for Australia. Three women and seven men besides a number of children were in the party. They proved an attraction for spectators at the wharf, arrayed as they were in the gayest attire.

Wharf Gates Please Officials.

After a year or more trying experience at Alakea wharf with a crowding host of idle spectators with the arrival of most every steamer, the harbor commissioners have scored one point which will go clattering down the corridors of time and at the same time meeting with the approval of a squad of customs and wharf officials.

The upper gallery of the wharf has been fenced. When the general public surged to the upper levels this morning to await the berthing of the Mongolia they for once found their way blocked by a substantial barrier. The fence extends across the gallery at a point sufficiently distant from the gangway to keep it clear of spectators. Entrance to the reserved portion of the gallery was through a gate over which presided Wharfinger James Fox, and one or more customs officers. Only to those who had business with the ship was admittance granted to that portion of the enclosure from which the gangway leads to the ship.

The innovation worked out very satisfactory. Passengers leaving the Mongolia were not jostled and obliged to force their way through packed lanes of idle curious, insistent hack and automobile chauffeurs and runners for a variety of steam laundries as has been the rule for months past and to the distress of all concerned with the berthing and handling of steamers.

Welch to Fumigate.

The bark Andrew Welch will, after taking several hundred tons additional sugar ballast, be hauled to quarantine wharf, there to receive fumigation prior to the dispatch of that vessel for San Francisco. A half dozen passengers have signified their intention of embarking in the well known windjammer for a voyage to the mainland.

Much Sugar at Makaweli.

Sugar awaiting shipment on Kauai according to report from Purser Kent of the steamer Kinau includes the following: K. S. M. 2400, V. K. 1250, Mak. 57,292, C. & R. 1250, K. S. Co. 2000, L. P. 12,150.

Repeat Ready for Sea.

The American schooner Repeat has been made ready for sea and it is the intention to dispatch this vessel for Puget Sound this afternoon. The Repeat was lying at the quarantine wharf undergoing fumigation this morning.

LITTLE HOPE FOR EMPRESS LINER

There is but little hope of saving the British liner Empress of China, now almost entirely submerged some forty miles from Yokohama, Japan, according to reports brought here this morning by Captain A. Lockett and Chief Officer Hill of the Pacific Mail steamer Persia.

The wrecked Empress of China was within plain sight of the officers and passengers in the Persia when the Pacific Mail steamer departed from Yokohama and began the ten-day voyage to Honolulu. It is said that nearly the whole of the cargo has been taken out from the liner, and at present divers are busy at work patching up the holes in the hull of the ship. Work is reported as progressing satisfactorily. The discharging of cargo is still proceeding and up to the present 31,810 bags of flour have been discharged, and 165 packages of general merchandise. It is now hoped to get the fire started in one of the boilers, which will give steam to assist in the pumping operations.

The Persia officers say that the crew had been exceedingly well treated—their wages being paid up to the time of their arrival in Hongkong—and in order to give some expression to their appreciation, each member had subscribed twenty sen. The men were directed to the consul-general.

The Persia is well filled as far as cabin accommodations are concerned. Of the ninety-four through passengers, seventy-five are Chinese students proceeding to the mainland to take up a five-year course of instruction at the best universities and colleges in the land.

Four first-class, one second-class and twenty-nine Japanese passengers left the vessel at Honolulu. During the stay of the Persia at the Waikiki side of Alakea wharf, some three hundred tons of oriental merchandise and supplies were discharged.

A small number of Asiatic passengers are bound for the mainland in the steerage.

The Persia has a fair-sized cargo for the States, it consisting mainly of tea, silk and matting.

Taking the mail to the mainland, the liner will be dispatched for San Francisco at 4 o'clock this afternoon.

STUDENTS SEEK WESTERN IDEAS

Chinese Imperial Commissioner Tan Hui Chang, and Chung Wen Ao, in charge of seventy-four Chinese students en route to the United States by the way of San Francisco, spent a profitable day in sightseeing in Honolulu during the brief stay of the Pacific Mail liner Persia at this port.

Through courtesies granted by Federal Immigration and Customs service, the students were given the freedom of the city and in a body they marched up town, leaving the ship very shortly after the lines were made fast at Alakea wharf.

In quest of western learning, ideas and methods, the young Chinese, sixty-two being wards of the Imperial Chinese government, while ten are private pupils, are bound for the mainland, where they will be assigned to prominent American colleges, and there take up a course of study and training which will require five years to complete.

Tan Hui Chang, commissioner in charge of the party, proved an agreeable conversationalist when approached by a representative of the Bulletin.

Well Versed in Western Learning.

The commissioner is no stranger to the United States or even the continent of Europe. He is a university graduate and has acted in the capacity of commissioner to several former student parties.

"The students will be distributed at a number of first class colleges, beginning with the west and continuing on to the Atlantic seaboard," he stated this morning.

(Continued on Page 4)

KAPAA LAND IS NOW UP AGAIN

Governor Frear expects that some understanding may be come to during this week in connection with the Kapaa land deal. He is expecting Senator Fairchild up to see him during the week, when some understanding should be come to one way or another.

"I have only just this morning got some information which I have been after all along," he said. "This was just exactly what was the action taken by the land board on the question. I asked Mr. Fairchild's attorneys for it time and again, but could get no satisfaction.

"I also tried to get the minutes of the land board, but could not. I have now an understanding of the whole situation and expect that Senator Fairchild and I will talk it over during the week, as he stated that he would see me when he came up again."

A. B. Arleigh & Co. make a specialty of school books. Largest stock and smallest prices in the city.

Judge W. J. Robinson has issued the final decree in the divorce suit of Joseph E. Silva against Margaret Silva.

The bi-weekly sewing meeting of Epiphany guild of Kaimuki will be held at Mrs. Bickerton's home this afternoon at 2:30.

Governor Frear has received a letter thanking him and his administration for the part they took in the Coronation proceedings.

The decree of divorce in the case of Skikasho Shigi vs. Skikasho Kichiro was granted this morning by Judge W. J. Robinson.

The final decree of divorce was issued this morning by Judge W. J. Robinson in the case of K. Naaluulu against John Naaluulu.

David Paaniani filed his answer in the Circuit Court this morning in connection with the suit against him for divorce by Martha Paaniani.

Marston Campbell, Superintendent of Public Works, is to bring some prosecutions under the old act of 1884 in connection with the waste of water from artesian wells.

The Celtic Chief case was continued this morning before Judge Charles F. Clemons. Captain Miller was again on the stand but they expect to get through with him today.

The storekeepers on Maui are waking up and one of them called on Food Commissioner Edward B. Blanchard this morning to find out just exactly what he had to do to avoid getting into trouble.

One hundred dollars and costs of court was the sentence which Police Judge Monsarrat handed down to Kaolelo this morning, for selling liquor without a license. It appeared from the evidence adduced in Police Court this morning that the defendant sold liquor to a large number of people on Nuuanu street for some time, and that Liquor Inspector Fennel had been on the watch.

IN CUBA'S OWN CLIMATE

—In Tampa, Fla., we make our cigars.
Thus we avoid paying a duty that would equal their cost.
This saving is put into the cigar. It shows in the tobacco—the choicest Havana leaf that Cuba produces)
—In the finish—the deft handiwork of expert Cuban workmen.
And no imported cigar, at double the price, rivals in quality—in fragrance or in flavor—

PORT GAMBLE Sailed: Aug. 28, schr C. S. Holmes, for Hilo.

WORK DAY AND NIGHT ON DRY DOCK BOTTOM

Two shifts are now working, day and night, rushing the driving of thousands of piles into the Pearl Harbor drydock bottom.

One shift goes on at 4 o'clock in the afternoon and drives piles all night until 8 o'clock the next morning. In the daytime the contractors discontinue the driving and put their divers to work cutting the tops from the submerged piles and laying forms underneath the water for the concrete.

The piledrivers are having a little trouble due to a mistake in the shipment of steam hose they had ordered. The work will not be set back to any great extent, if it is held back at all. The engineers are hoping the hose used at present will hold out. They sent an order to the Coast for 4½-inch hose, and when the shipment arrived it proved to be of 4-inch material, which is far too small.

The Inter-Island steamer Kinau is returning to Kauai ports tomorrow evening with carry a goodly shipment of supplies for Garden Island plantations. The vessel was an arrival yesterday bringing in addition to a large list of cabin and deck passengers, the following lines of cargo: 4160 bags sugar, 200 bags taro, 40 bags Mochigome rice, 144 cases honey, 13 empty wine barrels, 25 empty beer barrels, 4 bundles hides, 10 bags coffee, 28 crates alligator pears, 3 crates lemons, 14 packages United States lighthouse inspector's outfit, 3 horses and 200 packages sundries.

CHICAGO LEADS BY CLOSE MARGIN

The standings of the three big leagues show that the fight for the championship of the season is still on.

In the National League Chicago is holding her lead by a narrow margin, New York being close behind. Pittsburg is still at third place and is running well with the leaders.

The Athletics have a good lead on the Detroit team in the American League, and the race for the pennant will probably be fought out by these two teams.

The Pacific Coast League is headed once more by the Portland team, which was down to second place last week. The Vernons are a very close second.

The standings of the three leagues mentioned are as follows:

MRS. BALDWIN DIES.

Death came yesterday afternoon to Mrs. Elizabeth Baldwin, seventy-three years of age and a resident of the Islands for a number of years. She was the widow of the late Dr. A. C. Baldwin, and died yesterday afternoon at half-past three o'clock at Waialae, near Kahului, this island. [illegible] The funeral will take place Tuesday.

WHY HESITATE?

An Offer That Involves No Risk for Those Who Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestines of descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowles. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 25c. and 50c. Sold only at our store—The Rexall Store, Benson, Smith & Co. Ltd.

ASAHIS BREAK WINNING STREAK

At the Athletic Park yesterday morning, before the largest crowd of fans that has ever witnessed the games, the Oahu Junior League series was continued.

PASSENGERS ARRIVED

Per stmr. Mikahala, from Maui, Molokai and Lanai ports. [illegible]

[illegible]

The much anticipated trip to the volcano for the soldiers out at Fort Shafter has been mysteriously postponed. No one seems to know just the exact reason and so the men are looking forward to the pleasure of the trip early next month. It has been stated that since the arrival of the message ordering the troops to the States, the trip may be put off altogether. Just what the outcome will be will be determined in a few days and the men will know just what to look forward to.

For the first time in some months Company E's baseball nine went out on diamond for a game last Thursday. They matched themselves against G company and got beat. The score being eight to three. The game was a good one all the way through, two three base hits being made as well as a home run. G company found a loop hole in the third inning and piled up five runs and after that E company never got above par.

In response to invitations issued by Principal R. Tsunoda of the Japanese high school on upper Fort street, a large number of the Japanese residents and foreigners gathered on the premises of the Japanese school yesterday afternoon to witness the exhibitions of wrestling, fencing, jiujitsu and archery. The shows were exceptionally interesting.

Preceding the exhibitions, a literary program was gone through in the large assembly hall of the school. Reserved seats were provided for the guests around the walls, while the pupils seated themselves directly in front of a platform, which was fittingly decorated with banana plants.

Entered at the Postoffice at Honolulu as second-class matter

MONDAY ..... AUGUST 28, 1911

The man whom money has is the poorest man in the world.—Madison C. Peters.

One lickin' apiece is a pretty fair record with which to close the polo season for 1911.

To have it complete, the local militia should be roped into the work of defending Oahu.

Scorching is not such jolly sport as it might be when it leads to the Police Magistrate with a disposition for heavy fines.

When our baseball teams are playing games that score 1 to 0, it is not quite fair to claim that baseball is not what it used to be.

Senators are harder to secure for guests than Congressmen. Can it be that the Senators have more to explain this year than is usual.

"They're off! For the 1912 campaign. Everyone hopes they'll not smash the fences so badly that there'll be no repairing them next Fall.

If you do something to help make Honolulu a thoroughly clean and sanitary town, you have added at least one ounce to the measure of protection that is worth tons of cure.

That Chamber of Commerce building ought to be practical this year. It is far better to invest the surplus in building up the town than to send it out for the benefit of other sections of the country.

Can it be that the gentleman who wrote that dispatch for the British Foreign Office doesn't know that Hawaii is annexed? It's a fair question, for half our own people get mixed half the time.

Everyone is glad to see the Army win at polo. The cavalry team has set a new pace for wild riding and accuracy. It is a clear case of winning on merit and that never hurts the feelings of a sportsman.

If anyone can tell what President Taft stood for, after reading the interpretation of the morning cablegram, he is entitled to all he gets from it. Certainly the President does not intend to make La Follette the keynote of his campaign.

Population adds to the prosperity of any city. If the added population happens to be American soldiers, must we then cease talking of prosperity? Some residents of the town would be glad to have the increase made up of anything but Americans.

With all due respect to what men from other cities may think, the water meter system has no proper place in the city of Honolulu. If forced to an issue, it will be put to a vote and the party organization that stands for it will go down and out.

When it seems highly probable that the flood of mosquitoes is a direct result of flooding the rice fields, the problem to solve is merely one of whether Honolulu prefers the rice fields of personal comfort and safety for its citizens and transient residents.

The New York Excise Commission has issued a letter of suggestion in which the chairman asks that the saloon keepers assist in upholding the law. If the saloonkeepers don't drop dead with surprise at being treated with common courtesy in connection with their business, an entirely new atmosphere is likely to pervade the saloons of New York State. When men are treated like muckers they are much more likely to act the part, than when recognized as having a right to existence.

Hawaii can't afford to back any other Presidential candidate than William H. Taft. He's the only one of the lot who understands conditions here and American interests in the Pacific generally.

Honolulu's street construction problem is a very different affair from what it was five or ten years ago. The traffic is heavier on the central sections of the town, and the length of suburban streets has probably doubled. So it calls for bigger men to handle the situation.

Honolulu Americans will raise no objections whatever to the stay of the fleet being largely taken up with the work of playing the war game. A navy that is efficient is more to be desired than the old-fashioned type that spent all its time in the harbors giving everyone a good time, doing nothing.

It is very unfortunate that two such excellent men as President Taft and Senator La Follette should have to be at war. Roosevelt when President had much the same idea of La Follette that Mr. Taft now expresses, but since he has got down among the people he is much more of a La Follette man. Can it be that the Wisconsin Senator looks better from the citizen's standpoint than from the official's.

PUBLIC MARKET INFLUENCE.

According to the experience of the successful ones, the public market such as that proposed under the new Territorial law, works both ways. It assures a prompt market for the producer and secures a cheaper market for the consumer.

How this operates in the city of Des Moines, Iowa, is told in a recent issue of the Des Moiens Capital:

Today's quotations on the market are far below those prevailing at the groceries. Some of the prices are: Grapes, 25 cents a basket; apples, 15 cents a peck; eggs, 16 cents a dozen; cabbage, 3 heads for a dime; corn, 15 cents; pickling cucumbers, 3 dozen for a quarter; tomatoes, 5 cents a pound; turnips, 1 cent a dozen; radishes, 2 bunches for a nickel.

Chickens fresh from the country sold for 6 cents a pound at the municipal market place today. This is the cheapest that the popular fowls have sold in Des Moines for many months. While no young chickens were offered at this price, buying was heavy.

Competition has lowered prices at the market place during the past week, according to Market Master Larry O. Pouchot. Since the market was started its fame has spread among farmers and gardeners for many miles around Des Moines. Consequently the producers are eager to get in the game and dispose of their wares. Master Pouchot believes that the prices on foodstuffs at the market place will be forced even lower by the strenuous competition rife among the sellers.

"This is one great advantage of the market place," said Mr. Pouchot, "and when the market was established we took into consideration the fact that prices would be kept down by rivalry among the dealers."

Some of those prices make a Honolulu householder's purse swell with hopes of better days. We are not likely to reach the Des Moines figures for certain farm products, but a Territorial market should promote local trade in local products.

CRUISERS WILL TRY TO CAPTURE

(Continued from Page 1)

lands and the Navy Department will issue the usual orders later.

An effort will be made by the big cruisers to establish a record for sailing the distance between San Francisco and Honolulu. The celerity with which the Islands can be captured will also be a record-breaking event, if possible. This dash across the Pacific to Hawaii is expected to furnish much valuable data on which to base future contemplated operations in the Orient, if occasion for real activity should arise.

After the attack is over the fleet will assemble in Pearl Harbor and an opportunity afforded for the officers and men to enjoy shore leave.

Rear-Admiral Thomas will command the Pacific fleet vessels visiting Hawaii. It was at first intended to send Admiral Murdock, but the assignment was changed.

The torpedo boat destroyers of both the first and second divisions of the Pacific fleet will accompany the armored cruisers. The four vessels of the first division are the Whipple, Hopkins, Hull and Truxton. The four vessels of the second division are the Barry, Preble, Paul Jones and Stewart.

SAN FRANCISCO, Cal., Aug. 17.—President Taft yesterday gave orders for the most startling war game ever attempted by the United States navy.

The entire Pacific fleet is involved. Every man of war, from the heaviest armored cruiser down to the fleetest torpedo boat destroyer, has been ordered to prepare for the severest test ever applied to the navy.

The field on which the war game will be played is the 7000 miles of ocean highway between San Francisco and Honolulu. The problem to be solved is the ability of the Pacific fleet, scattered along the coast from Bremerton to San Diego, to concentrate at San Francisco and then dash across the ocean to the nation's outpost in the mid-Pacific—Hawaii—and protect it from an imaginary attack from the fleet of a hostile nation.

Gives Navy Surprise.

President Taft took the navy by surprise—just as he did last March when, without a word of warning, he ordered an army of 25,000 troops mobilized on the Mexican frontier.

The men-of-war of the Pacific fleet are scattered up and down the coast from Seattle to San Pedro. Some of the huge armored cruisers are in the repair yards at Mare Island. Others are in the navy yards at Bremerton. The torpedo flotilla is in Seattle waters.

The orders issued by President Taft yesterday include every available warship on the Pacific Coast.

Every Boat Ordered Out.

The President and the Secretary of the Navy, planning to reproduce conditions of an actual national emergency, ordered every ship in the fleet—armored cruisers, cruisers, gunboats and torpedo boat destroyers—to concentrate in San Francisco bay. Here would be the natural base of the fleet against any foe which might attack American possessions in the Pacific.

CENSUS FIGURES IN DETAIL ARE OUT

(Continued from Page 1)

Finland, 22; France, 76; Germany, 905; Greece, 31; Holland, 27; Hungary, 6; Ireland, 234; Italy, 36; Japan, 59,800; Luxemburg, 1; Mexico, 20; Newfoundland, 3; Norway, 200; Poland, 4; Portugal, 7585; Roumania, 4; Russia, 1,073; Scotland, 532; South America, 47; Spain, 1622; Sweden, 103; Switzerland, 28; Turkey in Asia, 1; Turkey in Europe, 5; Wales, 22; at sea, 83; other countries, 4932; including Africa, 13; Asia, N. S., 10; Atlantic Islands, 450; Europe, N. S., 1; Great Britain, N. S., 2; India, 34; Korea, 4172; Pacific Islands, 216; Turkey, N. S., 4; and West Indies, 30.

Of the total foreign-born population, the Chinese formed 15.5 per cent., the Japanese 63.8 per cent., the Portuguese 8.1 per cent., and the Korean 4.5.

The foreign-born population of the Island of Hawaii number 28,151; Kahoolawe, 1; Kauai, 13,415; Lanai, 19; Maui, 14,196; Midway, 29; Molokai, 554; Niihau, 26; and Oahu, 37,661.

Of the 14,486 Chinese, there are 8492 on Oahu, 2246 on Hawaii, 1919 on Maui, 1743 on Kauai, 1 on Lanai, 4 on Midway and 81 on Molokai.

Of the 59,800 Japanese, Oahu shelters 20,563; Hawaii, 26,341; Maui, 9724; Kauai, 9018; Kahoolawe, 1; Lanai, 10; Midway, 13; Molokai, 105; and Niihau, 25.

There are 3394 Portuguese on Oahu, 1777 on Hawaii, 1337 on Maui, 1071 on Kauai, and 6 on Molokai.

The Koreans number 1525 on Hawaii, 1024 on Oahu, 875 on Kauai, 728 on Maui, 7 on Lanai, and 15 on Molokai.

Of the 254 foreign-born persons living on the Island of Molokai, there are 81 Chinese, or 31.9 per cent.; 105 Japanese, or 41.3 per cent.; 15 Koreans, or 5.9 per cent.; 14 Germans, or 5.5 per cent.; 3 Belgians, 4 Canadians, 1 Dane, 4 Englishmen, 1 Frenchman, 2 Hollanders, 3 Irish, 2 Norwegians, 6 Portuguese, 1 Russian, 1 Scitchman, 2 Spaniards, 3 Swedes, 1 Swiss, 2 born at sea, 2 Pacific Islanders, and 1 West Indian.

The above figures were referred to briefly in recent cable dispatches.

The administrator's account in the estate of the late Fred Valcos shows a deficit of $6.

EVENING SMILES

Th Worst of It.—"I'm sorry you've got to leave Eden and go to work simply because I gave you the rest of that apple," said contrite Eve.

"Never mind," answered Adam. "The ultimate consumer always gets the worst of it."

A Wonder.—"What's your husband so angry about?"

"He's been out of work six weeks."

"I should think that would suit him first rate."

"That's it. He's just got a job."

"He wants a divorce from his beautiful young wife because she inhales cigarette smoke."

"How unreasonable of him! Does he expect her to eat her cigarettes?"

"John, I listened to you for half an hour last night while you were talking in your sleep."

"Thanks, dear, for your self-restraint."

Land of Puupueo
Manoa Valley

WHEN a man buys something useful which at the same time is steadily increasing in value he is twice fortunate. It is only a little over ten years ago since the pioneer settler on the land of Puupueo made his home there. Then there were none of the many conveniences required by the exacting subnrbanite. Now all the advantages that can possibly be asked for are procurable: Mountain spring water, telephone, electric light and Rapid Transit service, and gas for cooking.

BE TWICE FORTUNATE, and purchase one of the most desirable house lots to be had within three miles of the Capitol.

Remember, Easy Terms Are Offered.

STUDENTS SEEK WESTERN IDEAS

(Continued from Page 2)

"These students are selected with great care from Ching Hua College, an educational institution at Peking, which is under the direction of a corps of American instructors. This institution is established upon funds derived from the large American indemnity paid the Chinese government soon after the close of the Boxer trouble. It is interesting to note that business economics is a pursuit that is to the fore in the anticipations of the students. They desire a business training which will fit them to take their place as engineers, constructors and participate in the great work of awakening China to her latent possibilities.

Railways Are a Problem.

According to the opinion expressed by the Commissioners, China will eventually be covered with a network of railway lines. It is the purpose of the Chinese government that these lines of transportation be built and operated by their nationals. The contention is raised that the spirit of railroad construction has taken hold of the Government. In the enlightened provinces of North and East China the people talk railways, they think railways, and with the advent of Tuan Fang as the Director-General of Railways, seem set upon building railways. The need of opening up this wonderful Empire is an oft-repeated tale, not now needing to be reiterated. In every province in the west of the Empire there is known to be a wealth in the earth that will in time allow China to vie with the United States in natural resources. For her own inter-communication and exchange of products, China's first need is the railway. If her exports are to increase in proportionate measure with her opportunity of natural development China must have a network of railroads to enable her speedily to transport her products to the coast. The need is there, and, aided by the great Four Nation Loan, China should now be able to move with enormous strides. By virtue of size alone, China must seek the aid of every railway-building in the world if she is to complete her proposed scheme within the time limit she has made for herself. The problems of railways only touch the difficulty of construction and initial expense. The stage where the relation of the railway to society and commerce become more and more complicated has not yet arrived.

Chinese Delighted at Courtesies.

The Chinese were loud in their praise of the many little courtesies shown them on the trip across the Pacific by the obliging staff of officers in the Persia. Commissioner Tan Hil Chang spoke in highest terms of the treatment accorded the party by Captain Lockett, also Purser J. R. Albers and Chief Steward Al Evans.

The party was keen upon viewing Honolulu for the first time. They were taken in hand by local Chinese and shown much of the city before the hour of departure.

Phoebe Haasenritter filed an answer to the divorce suit against her in the Circiut Court this morning and asks that it be heard immediately and dismissed.

The supplemental answer of the defendant in the case of the Troy Laundry Machinery Co. against the Sanitary Steam Laundry Co. was filed in the Circuit Court this morning.

Sibyl Isabel Reed filed a motion in the Circuit Court this morning asking that personal service of the divorce summons against James A. Reed should be made in San Francisco.

FREE ADVICE TO WOMEN

Women suffering from any form of illness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

Get it, a nickel at a time. Ask the man on Alakea. •

The Kohala Sugar mill will finish grinding this week.

It goes without saying that everything is Best at The Encore. •

Go and see Jos. Roman to have your hat cleaned. 122 Beretania St. •

'Round the island summer rate, $30. Lewis' Stables and Garage. Tel. 2141. •

Surfing and bathing were indulged in by hundreds at the beaches yesterday.

Fine assortment of Lily Bulbs, $1 per dozen. Mrs. Taylor, Florist, Phone 2339. •

The races on Regatta Day should be perfect if high training counts for anything.

Oceanic Lodge No. 371, F. & A. M., will meet in Masonic Temple at 7:30 o'clock this evening.

A large number of people spent a perfect Sunday at Kahala where the bathing is splendid.

If you want a good job done on an auto or carriage take it to Hawaiian Carriage Mfg. Co., 427 Queen St. •

For distilled water, Hire's Root Beer and all other popular drinks, ring up phone 2171. Consolidated Soda Works. •

Delicious fish from the California coast and Columbia river are to be had at the Metropolitan Meat Market. Salmon, smelts and haddock.

The King's Daughters will hold their regular meeting at the residence of Mrs. L. C. Ables, Kewalo street, this evening at 7:30 o'clock.

The penetentiary prison services were postponed from 11 to 2:30 o'clock yesterday, to allow Dr. Ryder and the Central Union church quartet to participate.

The working of the "caterpillar" engine have been watched with some interest by Messrs Ivers, Chalmers and Robertson on Kauai, where it was used to pull a number of gang plows.

Kaolelo, a Hawaii, was arrested by the police yesterday and charged with running a "blind pig" at the corner of Kukui and Nuuanu streets. A number of drunken Hawaiians and quantities of liquor were found when the police dropped in.

THREE NEW MEN FOR CIVIL ENGINEER GAYLER

The Mongolia brought three men this morning to be under the supervision and help out Chief Civil Engineer Lieutenant G. R. Gayler, U. S. Naval Station, who has charge of the Pearl Harbor Naval Station construction. The new arrivals are Harold W. Marvin, S. M. Sarratt and F. Melbain.

Marvin is an electrical engineer and will have charge of the installation of power plant and all electrical work.

Starrett will act in the capacity of inspector. He is late of the Naval Training Station, Lake Bluff, North Chicago.

Melbain is transferred from the same place as a general draughtsman.

The duties of all three will start immediately.

RUGER WILL RESUME PRACTICE TOMORROW

The small-caliber guns of the Fort Ruger mortars will resume practice tomorrow, firing at a moving target. There has been no practice since last Friday morning as Saturday, Sunday and Monday are the days of rest for the Fort, except during the evening of the latter day when they participate in searchlight and signal practice.

Friday the waters were rather rough and made the work difficult. The percentage of the firing was between 75 and 80.

A Cold Bottle
Of Primo Beer

Goes well at any time, but it tastes best when taken with the evening meal.

It sharpens the appetite, aids the digestion, and quiets tired nerves. It is the best beer you can drink, because it is the purest.

And it is the best tonic you can take and the most pleasant one, too.

Primo
The Beer That's Brewed To Suit The Climate

POTTER HOTEL PROMOTES SPORT

California Hostelry Arranges Elaborate Program For Its Patrons.

Attracting thousands of tourists from all over the world, including large numbers from this city, will be a series of athletic events to be held next spring at Santa Barbara, Cal. News of the program already arranged has traveled far and wide, and parties of sport enthusiasts, and others, who wish principally to visit beautiful California, are being arranged.

To Milo M. Potter, manager of the Potter Hotel, of Santa Barbara, is due much of the credit for the exceptionally attractive program of events. Mr. Potter has offered a prize of $500 for a flying machine to encircle the Potter Hotel, landing at a point of vantage on the grounds. It is expected that many prominent aviators, as well as a number of amateurs, will try for this trophy.

The finest polo grounds in the West surround the Hotel Potter, and attractive prizes for the winners in this picturesque and exciting game have also been offered by Mr. Potter.

Equalling the polo grounds in excellence of site and equipment, are the golf links and tennis courts. Some of the world's champions will compete for the prizes offered for these games.

Perhaps most attractive of all, will be the series of yachting events. Yachting at this point is said to be the best in California waters and considerable advance preparation has been made to make the water competition a memorable one.

An engagement with the St. Louis baseball team has also been made. This means there will be a series of fast and furious games.

The Potter is a palatial hostelry operated entirely on the American plan. Its reputation among tourists is fast becoming world-wide.

AN INVITATION TO PHYSICIANS

(Following appeared in every San Francisco daily on Feb. 13, 1911.)

We invite you to inspect a recovery that is now in process on Clay street, in a case of chronic Parenchymatous Nephritis involving chronic albumenuria and general dropsy.

This case will interest you because it was carefully diagnosed by specialists at one of our best hospitals. Patient had been tapped twice and parents notified that recovery was impossible. An operation (decapsuling the kidney) was advised, but as no assurance could be given that any results could be hoped for the parents accepted the inevitable and took the patient home to die. Before leaving the city they decided to make one more effort.

A physician was called in who put the patient on Fulton's Renal Compound, aiding it with heart, tonic and eliminative treatment. The sixth day results began to show. At this writing, 60 days later, the albumen is nearly gone, the dropsy completely so the patient is playing about the room and the attending physician believes he will be ready to be taken home in another month.

This case having been carefully diagnosed by some of the best professional talent in this city and in one of the best hospitals and recovery being theoretically impossible, the actual recovery that is now in process should interest those who still believe in the incurability of chronic Bright's disease and particularly physicians and hospitals who have patients slowly succumbing under the old methods. The physician in charge will make an appointment with and meet physicians who may be interested.

JOHN J. FULTON CO.,
645 Battery St., San Francisco.

Fulton's Renal Compound is for sale by all druggists.

BUSINESS MEN'S CLUB IS PLANNED BY Y. M. C. A.

Following the lines adopted at Denver, Columbus, and many of the other cities on the mainland the local Y. M. C. A. is planning to run a business men's club in connection with the new building. Lockers have been provided for a hundred and one of the handball courts will be reserved during certain hours of the afternoon.

The lockers will be of an extra large size and will be in a room in the basement which will also be fitted out with cold water showers. In addition to this there will be a room for reading and lounging.

There will be special classes held every afternoon probably between the hours of 4:30 p. m. and 6 p. m. A special gymnasium class will be held during three afternoons through the week.

The system has worked well in other cities and those in charge here see no reason why it should not also catch on under local conditions. It is sometimes slow in becoming popular but once it is properly started then there is always a waiting list. The above plans are only tentative and may be altered slightly before the opening comes around.

MANUAL AND AUTO WORK TO BE TAUGHT

The directors of the Y. M. C. A. have passed favorably on the plan for establishing a manual training class and also for inaugurating an automobile class.

The benches for the manual training are to be fitted up in the basement and the boys will be able to learn all sorts of useful things that will come in handy to them after they have left school or even while they are still there.

The automobile class is to teach young fellows to not only drive an automobile but also to make general running repairs. Two automobiles will be kept on the go. One of them will be in the repair shop being pulled to pieces while the other will be out on the road with an embryo chauffeur at the wheel. This is a system that has been tried out on the mainland and has given great satisfaction, the classes always being full.

HAWAIIS LOSE CLOSE GAME TO J. A. C. NINE

Mike Hardy Pitched Fine Game for Hawaiis—P. A. C.s Put It All Over the Stars—Barney Still on the Bench.

Alas! Alas! The J. A. C. managed to beat the Hawaiis in one of the closest games played by Oahu League teams, the score being 1-0. The teams went in for all they were worth and fought for every point.

Both Mike Hardy, who was allowed to pitch for five innings only, on account of his work, and George Clark pitched splendid games. Before Mike was through playing he had retired nine Nipponese to the bench by the strike-out route, and it was a pity that he had to leave so soon, as it was he who had the American Japanese players guessing right through the five innings he had twirled. His smokeless shots puzzled the batters very much. On the other hand, George Clark, the ex-Hawaii player, who has now shifted over to the J. A. C. team, pitched a star game for his nine.

The crowd was a good one, and if the teams put up such games as they did yesterday, the fans will no doubt turn out in larger numbers.

One thing that can be said against the game yesterday is that there was altogether too much talk between players and Umpire Joy.

The J. A. Cs. won their game from the popular Hawaii nine in the eighth inning, when Akana, who left the ranks of the bachelors Saturday night, made the lone and winning run after a close call.

The first contest turned out to be most exciting, as time and time again both teams would have men on third and then finally have their chances spoiled.

In the second inning the Hawaiis pulled themselves out of a bad hole, when the J. A. Cs. had bases full and no outs, Clark, Friesell and even Chillingworth failing to bring any of the waiting men home.

Notley of the J. A. C. played a star game, pulling down all kinds of flies. He was at bat four times, and on each occasion reached first safely. The Hawaii team put up some good double plays during the afternoon.

In the second match of the day Marcallino's ball-tossers were badly defeated at the hands of the struggling P. A. Cs., who can smile now as being tied with the J. A. Cs. for first place in the series. The score was 8 to 2. The Stars just by accident managed to get two runs in the first inning, but from then on the scoreboard showed eight ciphers for the Stars, who failed to shine very brightly.

Hits on both sides were plentiful. The Portuguese netted fourteen hits off Williams, who seemed to have a bad day.

The game was 2-2 up to the lucky seventh, when the P. A. C. bunch added three runs, and then again in the ninth they touched Williams for four more runs, making the total score 8-2 in favor of the P. A. C. aggregation.

First Game.

The Hawaiis were the first to face the music, and Clark had them going in short order. The J. A. Cs. started out well. Friesell bunted and soon after reached second when Akana knocked a beauty over short. Both Franco and Brito fanned, while Akana died at third.

The Nipponese came back in their half of the second, and it looked as though they would pile up two or three runs. Notley got safe on a bunt; Kealoha bingled to third, who threw to second, but Ayau fumbled. Both safe. Louis came up and swatted one to first, who threw to Markham to nab Notley on third, but it was too late. Full bases and nobody out. Clark came up and what did he do but strike out. Friesell came up next, but did not manage to lay the ball on the ground, so he was out on a fly to second. "Kiddo" Chillingworth, the lad who does great things at times, made the third unsuccessful attempt to get a man home by being out on a hit to third. It was certainly a great relief to the Hawaiis when he was disposed of.

In the fourth the Hawaii boys had a chance to score, but Notley, who had no right to catch Mike Hardy's long hit to center which looked good for a run by Markham, a two-base hit for himself, spoiled the soup by pulling down the liner for three outs.

This act on the part of Notley made Mike sore, so when the J. A. Cs. came in Notley was the first to face him and was given free transportation to first. Well, this made him more sore, so when Kealoha came up to the plate he sent some smokeless shoots over the plate and then gave Kealoha a free pass to the bench by the strike-out road. He had two more tickets left, so he handed them to Clark and Louis, who also failed to connect.

In the sixth the Hawaii bunch missed another chance to score. Ayau, who was given a free pass to first, stole second and third in quick fashion, and stole home on Desha's bunt, but the latter was too late in reaching first, so the run did not count. Ayau was the first man to get a walk off Clark, in the sixth.

Mike Hardy, who had been cutting the edge of the plate in fine style with his almost invisible curves, had to quit in the fifth, so Lota filled his position in the sixth and allowed the first man to walk.

Markham started the seventh with a two-bagger, but his team-mates failed to bring him home.

It was a sad week for the Hawaiis in the eighth, when Akana, who had been twice struck out by Hardy, romped home for the winning run. It happened this way: Chillingworth walked, Akana hit to third, and Henry was forced out at second. Then Ayau tried to make a double play, but threw wild, and Akana went to second. Franco was out on a bingle to third. Brito came up to the plate with a smiling face and, to everybody's surprise, sent out the winning hit over short which brought Akana home. Notley was retired on a fly to left field.

In the ninth the Hawaiis failed to score, and the J. A. Cs. won their first game from the Hawaii nine after a hard rub.

Second Game.

In the very first inning the P. A. C. netted two runs and got four hits off Williams for a start. Bushnell was safe on a bunt, Ornellas landed a two-bagger to right field, Bushnell came home. Deponte placed one to the same spot and Ornellas arrived.

In the second inning the Stars annexed one, Aylett doing the trick. Marcallino sent a dandy to third, who muffed it, and Aylett romped home.

The third inning was in favor of the P. A. C. Souza, the hard worker of the Portuguese team, made the inning lively by stealing second and third in short order. He then started to steal home and would have been safe if he had gone all the way, but he turned back before he got half way and as a consequence died at third.

In the fifth Miller made the last run for the Stars. In the seventh the P. A. Cs. struck luck and added three runs, Lino, oSares and Flizer making the circuit. In the ninth Williams was hit hard, and before he had a chance to leave the box the Portuguese had four more runs. Souza, Bushnell, Soares and Freitas were the ones to add to the score on this occasion. This ended the game, 8-2, after a very interesting contest.

The C. Y. A. team defeated the Kukui A. C. at Aala Park yesterday afternoon to the tune of 11 to 5. The game was close up to the seventh inning, when the C. Y. A. took a lead by making three runs, which made the score stand 11 to 5.

The lineups of the teams were as follows:

C. Y. A.—Kwong Hou, ss.; Yin Chin, c.; Wong Pui, 2b.; Ah Hoo, 3b.; Ah Yan, cf.; Luke Chuck, lf.; Kai Shoon, 1b.; Kai Fun, p.; Ah Yei, rf.

Kukui A. C.—C. Wun, lf.; Yee Kin, rf.; Ah Dun, ss.; J. Tong, 3b.; Ah Wui, p.; Y. Yong, 2b.; Kim Moon, 1b.; Ah Sin, c.; S. Fung, cf.

Another game may be played in the near future, and the teams will try and provide just as good fun and ball as they did yesterday.

ORDINANCE NO. 29.

AN ORDINANCE

PROVIDING FOR THE PROTECTION OF CERTAIN FOOD AND FOODSTUFFS FROM DUST, DIRT, CONTACT OF, AND CONTAMINATION BY FLIES AND OTHER INSECTS, AND FROM PROMISCUOUS HANDLING, AND OTHER CONTAMINATION.

BE IT ORDAINED BY THE PEOPLE OF THE CITY AND COUNTY OF HONOLULU:

SECTION 1. It shall be unlawful to expose for sale, or to sell from any stock-in-trade, within the City and County of Honolulu, Territory of Hawaii, any food or foodstuffs, for human consumption, of the names and descriptions hereinafter mentioned, unless such food or foodstuffs shall be protected from dust, dirt and from contact of and contamination by flies and other insects and from promiscuous handling and other contamination, in the manner or manners herein prescribed.

SECTION 2. The food or foodstuffs which shall be protected as herein prescribed shall comprise the following generally and specifically named and described articles, to-wit:

(a) All dried fruits and vegetables, all fruits and vegetables which are not sold whole, and all compounds, essences, extracts and substances derived in part or in whole from fruits, vegetables, nuts and roots, or from one or more of such sources.

(b) All of the fruits, vegetables and products of land or sea called and known by the names and descriptions here following, viz.: Apples, apricots, berries of all kinds, celery, cherries, dates, figs, grapes, mangoes, ohia (mountain apple), peaches, pears, plums, tomatoes, and other plants sold for food which do not have their surfaces removed before eating.

SECTION 3. All such food or foodstuffs shall be protected from dust, dirt and contact of, and contamination by flies and other insects and from promiscuous handling and other contamination, by means of a glass covering or by wire net screens of a mesh not less than fourteen wires to the inch, as may be sufficient to insure such protection.

Any such wire net screen may be of any form suitable for its purpose, but it shall be fastened to a rigid frame work and when in place must leave at least three (3) inches of clear space between the net or its framework, at any part, and the exposed surface or surfaces of the food or foodstuffs which it protects. All such glass coverings and wire net screens must be so constructed and placed as to properly and sufficiently protect all food or foodstuffs herein mentioned from dust and dirt contact of and contamination by flies and other insects and from promiscuous handling and other contamination; and shall always be subject to the inspection of the City and County Physician and of any duly authorized food or sanitary inspector, or police officer of the City and County of Honolulu.

SECTION 4. This Ordinance shall not apply to food or foodstuffs kept or exposed for sale in unbroken original packages unless the surfaces of their contents, when of the descriptions hereinbefore specified, are exposed to the outer air; nor to any articles of food kept in covered or sealed containers, whether to be sold in such containers or not, providing said articles are never exposed to the outer air excepting while being handled in due course of business; nor to any food or foodstuffs kept in refrigerators, meat safes, or compartments protecting the same from dust and dirt, contact of and contamination by flies and other insects and from promiscuous handling and other contamination.

SECTION 5. No food or foodstuffs hereinbefore mentioned shall be exposed for sale or displayed unless the bottom of the box or other receptacle, containing such article, is raised at least two (2) feet above level of the floor or sidewalk.

SECTION 6. No person afflicted with any infectious or contagious disease shall engage, or be employed, in exposing for sale or selling any of the food or foodstuffs hereinbefore mentioned, when such engagement requires or permits the handling of the same.

SECTION 7. The provisions of this Ordinance shall apply to all markets, market stalls, stores, stands, cafes, restaurants, and other places, whether licensed or unlicensed, at which food, foodstuffs, confections or provisions for human consumption are kept for sale, and to all licensed or unlicensed vehicles from which any food, foodstuffs, article of diet or confection is sold or offered for sale.

SECTION 8. It shall be the duty of the City and County Physician, the food and sanitary inspectors and the police officers of the City and County of Honolulu to enforce the provisions of this Ordinance, and for such purpose all of the said officials and officers shall, at all reasonable hours, have access to any market, market stall, store, stand, cafe, restaurant, or other place herein mentioned, for the purpose of inspection.

SECTION 9. Any person who shall molest, hinder or in any manner prevent any inspector or other officer from performing any duty imposed upon him by the provisions of this Ordinance, and any person who shall violate any of the provisions of this Ordinance, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding One Hundred Dollars ($100.00) or by imprisonment for a term not exceeding ninety days, or by both such fine and imprisonment.

SECTION 10. This Ordinance shall take effect thirty days from and after the date of its approval.

Introduced by
WM. H. McCLELLAN,
Supervisor.

Dated this 4th day of August, A. D. 1911.

Approved this 24th day of August, A. D. 1911.

JOSEPH J. FERN,
Mayor.

5014—Aug. 25, 26, 28.

Sealed proposals will be received by the Loan Fund Commission of the City and County of Honolulu up to 12 o'clock noon of September 28, 1911, for the constructing of twenty-six thousand, three hundred fifty-eight and seven-tenths (26,358.7) lin. feet of highway, designated as Section One of the Oahu Belt Road, and extending from the north end of the Heeia rice fields to the Waiahole bridge, in the district of Koolaupoko, City and County of Honolulu.

Proposals shall be on forms furnished by the Commission.

Each bidder shall state in his proposal:

1. A specific sum for which he will furnish all labor, tools, and material, except as specified to be furnished by the City and County of Honolulu, necessary to complete the work in accordance with the plans and specifications.
2. The time within which he will agree to complete the work.

Proposals shall be in a sealed envelope, addressed to T. H. Petrie, Secretary of the Loan Fund Commission, City and County of Honolulu, and plainly marked on the outside, "Proposal for the Construction of Section One, Oahu Belt Road."

All proposals shall be accompanied by a certified check as provided for in the specifications for a sum equal to five per cent. (5%) of the amount of proposal.

The Commission reserves the right to reject any or all bids and to waive any defects.

Plans, Specifications and Forms can be had on application to the Engineer of the Commission, Room 10 McIntyre Building. A deposit of Ten Dollars ($10.00) will be required on each set of plans and specifications.

ANDREW ADAMS,
Chairman, Loan Fund Commission,
City and County of Honolulu.
5010—Aug. 27, 27, 28, 29, 30, 31; Sept. 1, 25, 26, 27.

Sealed proposals will be received by the City and County Clerk up to September 19, 1911, at 7:30 o'clock p. m., for resurfacing 2298 square yards of Queen street between Fort and Alakea streets with a two-inch (2") wearing surface.

Each bidder shall state in his proposal:

1. The material which he proposes to use in the construction of the wearing surface and the specifications under which he agrees to lay the same.
2. The price per square yard of such wearing surface, which price shall be understood to include the removal of the present wearing surface.
3. The price per cubic yard for such concrete as may be necessary.
4. The time within which he will complete the work.

Proposals shall be in a sealed envelope addressed to the City and County Clerk of the City and County of Honolulu, and plainly marked on the outside, "Proposals for Resurfacing Queen Street."

All proposals shall be accompanied by a certified check as provided for in the specifications for a sum equal to five per cent. (5%) of the amount of the proposal.

The Board of Supervisors of the City and County of Honolulu reserves the right to reject any or all bids and to waive all defects.

Plans and specifications can be had on application to the City and County Clerk.

D. KALAUOKALANI JR.,
City and County Clerk.
5015—Aug. 26, 28, 29, 30, 31.

SEALED TENDERS.

Sealed tenders will be received by the Superintendent of Public Works until 12 m. of Monday, October 16, 1911, for furnishing the Department of Public Works with three 18", one 12" and one 15" Venturi Meters with recording apparatus.

Specifications are on file in the office of the Superintendent of Public Works, Capitol Building.

The Superintendent of Public Works reserves the right to reject any or all tenders.

MARSTON CAMPBELL,
Superintendent of Public Works.
5015-10t

Honolulu, T. H., August 23, 1911.

Tenders are called for by the Department of Immigration, Labor and Statistics of the Territory of Hawaii, for Three Hundred (300) three-tier iron hospital beds with pencil spring wire mattresses or equivalent, to be delivered and erected at the receivnig station of the department, Alakea street, Honolulu, not later than November 15, 1911.

Bids will close at noon, September 5, 1911.

VICTOR CLARK,
Commissioner of Immigration, Labor and Statistics of the Territory of Hawaii. 5012-10t

CANADIANS AVOID STRIKE

(Associated Press Cable.)

WINNIPEG, Man., Aug. 27.—Trouble such as is now threatened on the American railways has been averted by the action of the officials of the Canadian Pacific Railroad, taken at a conference held in this city today.

An official notice will be issued tomorrow to all the mechanics on the western division of the road that they will be granted an increase in wages of 8 per cent, beginning with the first of the month.

This increase affects several thousand men employed in the various shops of the trunk line and branches throughout western Canada.

To Demand Recognition.

CHICAGO, Ill., Aug. 27.—A special committee representing the federation of shop employes of the Illicois Central Railroad will arrive in this city tomorrow for the purpose of holding a conference with the officers of the company in regard to the granting of the demands by the various unions composing the federation.

Kruttschnitt Firm.

SAN FRANCISCO, Cal., Aug. 27.—Julius Kruttschnitt, traffic manager for the Southern Pacific railroad, arrived in this city today from Chicago to hold conferences with the presidents of the various unions of the company's employes.

Manager Kruttschnitt stated that to recognize the federation means the employes of the railroad would assume practically the control of the company's business. He asserts that he is willing to meet any representatives of the individual unions.

TAFT THROWS OUT LINES FOR COMING CAMPAIGN

HAMILTON, Mass., Aug. 27.—The presidential campaign for 1912 was practically opened yesterday at Essex, near here, before a most enthusiastic gathering, at which President Taft fired the first official shot of the campaign.

The President was cheered with great vigor when he referred to the coming campaign and added that the country was Republican in sentiment and would be found lined up with the old party next year.

Brands La Follette.

In the course of his address, President Taft accused Senator La Follette, Speaker Champ Clark of the House of Representatives and Chairman Underwood of the ways and means committee of the House and Democratic leader on the floor, with inconsistency in playing politics with the tariff bills introduced during the special session.

The address was a strong exposition of the work of the Republican party in meeting the problems it has had to face and in carrying out its pledges to the people.

MADERO WILL BE NOMINATED FOR OFFICE

MEXICO CITY, Mex., Aug. 27.—Delegates from a majority of the states of Mexico have arrived in the capital to attend the national convention of the Progressive party, which convenes in this city tomorrow.

It is a foregone conclusion that General Francisco Madero will be nominated as candidate for the presidency. There are four candidates for the nomination as vice-president on the ticket with General Madero.

Another Plot Discovered.

PUERTO CORTEZ, Aug. 27.—Government officials today discovered a plot, with headquarters in this city, for a revolutionary uprising. A great quantity of arms has been seized and two of the ringleaders have been arrested.

MANY KILLED IN MOVING PICTURE THEATER PANIC

CANONSBURG, Pa., Aug. 27.—Following a cry of fire in a moving-picture theater in this city last evening, came a panic in which twenty-five persons were killed and sixty were injured.

The slight blaze was put out before the panic really started, but the efforts of a few cool-headed men were insufficient to avert the horrible fatality.

In attempting to escape, a narrow stairway became jammed with men, women and children, and in the struggle to get out the victims were trampled to death. Many injured suffer broken bones.

REJECTED LOVER THROWS SWEETHEART OVERBOARD

CHICAGO, Ill., Aug. 27.—One of the most sensational tragedies which have come to the attention of the police of this city for many years took place on a lake steamer today, and Charles Hopper is held in custody charged with the murder of Miss Grace Lyons.

The couple were passengers on the steamer, and it is asserted by the police that Hopper, enraged by a refusal of the girl to marry him, deliberately threw her overboard when near the center of Lake Michigan, and she was drowned.

A Tonic Free from Alcohol

Are you pale, weak, easily tired, and do you lack nerve power? Ask your doctor if Ayer's Sarsaparilla would not be good for you. He knows, and will advise you wisely. Not a drop of alcohol in this medicine. It puts red corpuscles into the blood, gives steady, even power to the nerves; and all without stimulation. Make no mistake. Take only those medicines the best doctors endorse. Ask your own doctor.

NAVAL AIRSHIP GUN WILL SHOOTS HIGH

WASHINGTON, D. C., Aug. 27.—The latest invention under the auspices of the government is a remarkable naval gun designed to repel attacks by airships, which will shoot effectively to a height of 18,000 feet, or slightly over three miles.

POPE RECEIVES VISITORS.

ROME, Italy, Aug. 27.—The pope was in a cheerful mood today and in better health than for some time. He received his first visitor since his convalescence.

HOTEL POTTER

MILO M. POTTER, Manager **SANTA BARBARA, CAL.**

ONE of the first things that greets the eye of the traveler as he alights from the train at Santa Barbara, is the gleaming welcome over the entrance to the **HOTEL POTTER** grounds, only a minute's walk from the station.

Here, in the midst of a floral park, facing the rising sun, with the tropic sea lapping the beach a thousand feet from its front door, Hotel Potter offers an ideal place for rest and recreation.

Santa Barbara has long been famous for its climate, the most equable and delightful known to man. Naples, Nice, Cairo, Honolulu and the Islands of the Sea do not compar ewith it in climatic advantages.

A more charming environment cannot be imagined, and the **HOTEL POTTER** in its matchless situation provides everything to enable the visitor to enjoy the advantages of climate and surroundings to the utmost.

HOTEL POTTER is exceedingly easy to reach. It is on the main line of the Southern Pacific (Coast Line), between San Francisco and Los Angeles, and the depot is almost a part of the hotel grounds. Free stop-over privileges are granted on through railroad tickets, enabling travelers to stop over at **HOTEL POTTER** without inconvenience or added traveling expense.

HOTEL POTTER is an immense establishment in the old Mission style of architecture. It has wide verandas, roof gardens and sun porches. Every room is an outside room. **HOTEL POTTER** crowns the knoll formerly known as Burton Mound, on which for unknown centuries a healing sulphur spring of wonderful medicinal quality has bubbled forth. The hotel is built over this and the water still sparkles up into a marble basin in the lobby. The beautiful grounds surround the building, extending down to the Palm Boulevard which fronts on the Beach and the sea.

In them one finds acres of velvet lawns, towering palms, rose gardens containing thousands of rose bushes which bloom almost the year through, a full mile of asphalt walks and driveways, bordered by banks of scarlet geraniums, cacti gardens, lily beds, and hundreds of other flowers and shrubs. In one part of the grounds is a menagerie and deer park, containing specimens of California deer. Here, also are located the garage and livery stables.

Four excellent tennis courts are found within the hotel grounds. These are of asphalt and up to the full regulation professional requirements. Spectators' seats adjoin.

HOTEL POTTER is open all the year and is operated on the American plan only. It offers the maximum of comfort at a minimum of cost at all times. It has accommodations for one thousand guests. The rooms are all handsomely furnished and decorated, have immense closets and bath rooms, steam heat, telephone, electric lights and every convenience and luury demanded by the discriminating traveler.

HOTEL POTTER table has long been recognized as the standard by which others are judged. While there are many reasons for this, two of them stand out unique. The first is that **HOTEL POTTER** maintains its own dairy and stock ranch, on which the milk, eggs, vegetables, butter, cream and cheese and much of the pork, beef, veal and lamb used on its table, are produced. It also has its own squab and poultry ranch, conducted exclusively for its use, and some sixty thousand birds are raised here annually.

Within the house are all manner of things to amuse and divert.

There are rooms set aside for bridge and other games of cards, a complete stock market, a curio room that is beyond description, four regulation bowling alleys, billiard and pool tables, wireless telegraph stations, club rooms, barber shop, manicure and hairdressing parlors, music room, private dining rooms, banquet rooms and breakfast and tea rooms. The great ball-room, where the Saturday night balls are given each week is a symphony in green and gold and the joy of every dancer. The lobby and piazzas are filled with comfortable easy chairs that invite to rest while one listens to the music of the orchestra.

HOTEL POTTER not only makes its guests comfortable and at home while they are indoors, but offers them every facility for the enjoyment of the outdoor life to which this pleasant climate invites. A very complete garage is maintained where automobiles may be obtained at reasonable rates at all times. It also has the largest livery stable in California—nearly two hundred horses being kept up for riding and driving.

In the harbor are anchored many private yachts, sailing boats and high-powered motor boats. Santa Barbara Channel is one of the most attractive to the yachtsman, and each year the annual regattas which are held here bring a fleet together of white-sailed vessels and power boats representing nearly every important club on the Coast. During these events the **HOTEL POTTER** is the recognized headquarters and the center of all the social activities

The Santa Barbara Channel affords splendid deep-sea fishing and many large catches are made there each season. Yellow-tail, barracuda tuna, sea bass, rock cod and many others are among the most plentiful

The Potter Country Club as an adjunct to the **HOTEL POTTER**, offers its members and guests not only every facility for all sorts of out-door sports, but the comforts and conveniences of any first-class club.

From the verandas of the club-house almost the whole of the club grounds can be seen—the polo field and race track, the golf course and the pleasing approach of Palm Avenue, which leads in from the main gate of the ranch.

The Potter Country Club Grill is operated in conjunction with the Potter Hotel dining room, which is famed for its excellent cuisine and service. Breakfasts, luncheons and teas are served either in the dainty grill room or on the verandas—"al fresco," looking out upon the mountains and the wooded hills. Tempting southern dishes and the highly seasoned Spanish cookery are made a specialty at the Club.

The Golf Course at the Potter Country Club well deserves its description as "sporty." It is an easy looking but deceptive course calculated to bring out all the strong (and weak) points of each player's game. Instructors are in attendance.

The Polo Field is of full regulation size, surrounded by an exercise and race track, five-eighths of a mile long. Ample stabling accommodations for ponies are provided on the field and at the Potter Stables.

On this field many hard-fought contests for supremacy take place. Santa Barbara has its own excellent team, as has the Potter Country Club, Coronado, Los Angeles, Pasadena and Burlingame.

Members of the Potter Country Club need not go far afield for excellent fishing. Back in the fastnesses of the mountains are streams which will test the angler's skill. Here brook trout and steel-head are to be found during the season. These fishing grounds can be conveniently reached.

Hunting is good within a reasonable distance of the Potter Country Club. Quail, doves, rabbits and squirrels abound. In the season thousands of wild ducks and geese are to be seen on the marshes. If one cares to go a day's journey or so into the mountains, he will find deer, bear and mountain lions. The lover of sport will find ample opportunity here.

HOTEL POTTER is operated on the American plan only. Each room has outside exposure. Rates asked are less (Service, Cuisine and Surroundings considered) than can be found in any other hotel in America. Baggage may be checked direct to Hotel Potter from anywhere in the United States or Canada. Wire ahead for reservations, at our expense. For rates, pamphlets and full particulars concerning Hotel Potter, address: OTTO GERTZ, P. O. Box , Honolulu.

American Plan $3.00 a day up
Steel and brick structure, furnishings cost $200,000. High class hotel at moderate rates. Omnibus meets all trains and steamers. Hotel Stewart now recognized as Hawaiian Island headquarters. Cable address, "Trawets" A. B. C. Code. Reservations made through Trent Trust Co., Port Street, Honolulu.

Hotel St. Francis
Union Square, San Francisco
Under the Management of
JAMES WOODS

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravansery in the world.

OAHU EASY MEAT FOR CAVALRY

Outplayed and Outclassed from Start to Finish Oahu Sinks Deep in Defeat.

Walter Dillingham, Captain of Oahu: "The Cavalry outrode and outhit us badly as if they had us over a barrel. They played the best game they ever played. They had it coming to them and surely earned it. They deserve a great deal of credit."

Lieutenant Quekemeyer, Captain of Cavalry: "We have worked hard to accomplish something this year and feel highly elated to have won from such a fine team as that of Oahu. The playing was clean and friendly throughout, no penalties being scored on either side."

Outclassed and ouplayed from the very start Oahu was carried from the field last Saturday at Moanalua, to the death tune of 13 to 6, composed by the Cavalry squad.

Never once during the entire contest did the local players have a look-in, but they stood up gamely and tried in a lame manner to block up and frustrate the rapid-fire onslaught of the Fifth Horsemen. The way the Leilehua boys tore up and down that field, scattering Oahu as wheat chaff in a gale, would have been an eye-opener ot the polo champions of the world.

They scored so fast and with such ease the ponies got weary running from one goal to another.

The contest started off in an excited spectacular manner and ended the same. Oahu did not seem to be able to get in the game at all. The Cavalry romped around and made the opposition eat the dirt they kicked up all the time.

It was a wonderful game though, with all its onesidedness, and will afford talk for the sport gossips for many a moon.

The day couldn't have been more perfect. The occasional showers did no harm but on the contrary did lots of good, cooling the hot brows of the rivals and their mounts' bodies, giving them more life than has ever been seen.

All the elite and high society of both Honolulu and Leilehua packed the side lines, filling the air at all times with their yells of encouragement. It was the largest gathering of enthusiasts that ever motored, drove, rode or walked to beautiful Moanalua.

The Cavalry's success came from the consistent, hard practice they have done this year, with their whole heart and soul plunged into it. They had it coming to them and sure deserved it. The team has played in hard luck ever since they organized themselves a few years ago. The high efficiency to which they have arisen during those years has been done faster than any team on record, and should they be able to play together in the tournaments to come there will be no island team entered that can stand one, two, three with them. Their squad is the most wonderful bunch that has ever trotted upon the Moanalua gridiron, and it will be the greatest that ever will take its position on the fine field for many a year. Their entire working system never experienced a single hit. The engines shot with gatling rapidity never missing stroke once.

Oahu put up a great game, but something seemed sadly absent and their efforts seemed as those of the drowning man who grasps frantically for the proverbial straw.

A. F. Judd, the referee, had an easy time of it, the contest being free from fouls or safeties, although a couple of plays looked rather dubious. He kept the game smashing fast by losing no time whatever in throwing the ball into play.

Lieutenant Hanson put up the star game of the day, riding like one possessed, scoring eight points for his team. Captain Forsyth played wonderfully at three, better than any man ever tagged with that number on the island, and succeeded in bringing four more points into camp. The thirteenth and unlucky point for Oahu, was smashed between the posts by Lieutenant Sheridan. Lieutenant Quekemeyer put up a thrilling game, riding and shoving off opposition for all he was worth, and at the same time holding his men together in a grip of steel. So well did all the Cavalry boys play it would be right to say no one showed above the other. Their mounts were equal to any emergency put before them, whirling and turning with every move of the ball with the ease and speed of a dragon fly.

The Oahu ponies were rather slow in comparison with the rivals, and stood no chance in running them off. They wheeled when the globe was smashed back past them as if their feet were of lead and by the time they had their stride it was too late—the Cavalry would be far up field making spectacular accurate drives for the goal.

Walter Dillingham, not at his best by any means, played an agressive, brilliant game, and for several periods was the whole team himself, during which he scored once. Harold Castle was not in his old form, but fought every inch of the way and scored three goals for his team. Robert Atkinson put up the greatest game of his life and made the fans side up and take notice. He was always in the thick of play and twice sneaked the ball out, driving two beautiful goals. Harold Dillingham roughhoused for all he was worth and did some fine riding off but he was far from his best.

The game was clean from start to finish, more so than one would expect considering the blood-thirsty manner in which it was fought. Several spills were taken, Hanson receiving the hardest near the makai goal, where he and his mount slid for about five yards. The game, snappy little rider was soon seated again and fighting away for all he was worth.

The points were made during the periods as follows:

First Period.

Three goals driven in all. Hanson and Forsyth each made one for the Cavalry and Castle cops one for Oahu. Score: Cavalry 2, Oahu 1.

Second Period.

No scoring until end, when Hanson escorts the globe through the posts in spectacular manner. Score: Cavalry 3, Oahu 1.

Third Period.

Three points made in this. Walter Dillingham gained the first in 30 seconds of play and Hanson and Sheridan grab two. Score: Cavalry 5, Oahu 2.

Fourth Period.

Atkinson after six minutes of brilliant play rams the pill between the posts. Score: Cavalry 5, Oahu 3.

Fifth Period.

Oahu with a chance to recuperate, fall flat and allow Forsyth to make a goal one minute after play. Hanson riding like field, follows with two more. Score: Cavalry 8, Oahu 3.

Sixth Period.

Hanson comes to front again, enlarging number on scoreboard along with Sheridan. Score: Cavalry 10, Oahu 3.

Seventh Period.

Oahu wakes up and Castle and Atkinson bring a point each to camp. Forsyth takes offense and makes two himself. Score: Cavalry 12, Oahu 5.

Eighth Period.

Oahu still game to the last and Castle scores, with Hanson making one soon after. Final score: Cavalry 13, Oahu 6.

The championship for this year is tied each team winning and losing apiece. It is hardly probable they will clash again this season for the decision and the matter will go over until next year.

MYRTLE CLUB GETS NEW BOAT

This morning the new Keenan six-oared barge arrived for the Myrtle Boat Club, and it was a happy crowd of Myrtle boys that gathered at the Mongolia to take a first glance at the new craft, which is a dandy.

The boat was ordered some time ago, and for many days the members of the club have been anxiously waiting to see the new barge. The boat is a fine one, and when the Myrtle boys get into their seats on the day of the race there will be something doing. The boat is low and very light.

Now each of the three clubs can boast of its new boat, and there will be no kick coming on the day of the race of one club having an old boat.

All the Myrtles who could get down to the wharf this morning were on hand, and they were delighted with the new craft.

The Myrtle senior crew will take the new boat out this afternoon for a trial spin, and there is no doubt that the members will turn out in full force to see what their new craft can do when pushed through the water.

The Puunene club men will be in town during the latter part of this week, and then the three crews will keep their eyes on each other.

* * *

KAOO MAY RUN FITZGERALD

Antone Kaoo has heard some noise like money lately, and he has stated that if the talk is true he is willing to run Jimmie Fitzgerald over the full Marathon course.

A proposition has been made that if Kaoo should tackle Fitzgerald and run he will be given $500 by the promoter, and should he lose he is to get $300. This does not look so bad to Kaoo, so he is willing to go into the running game again if the promoter makes good on the proposition.

The race should be a good one if pulled off, and many people would turn out to see the event.

Fitzgerald would be more than pleased to meet Kaoo on the track, as he has been anxiously waiting for a contest with the Hawaiian champion. Jimmie would need to go some if the race materializes. It remains to be seen what can be done in the way of arranging a race between the two.

No bailiff to replace Dan Kikaha is to be appointed for the United States district court until the return of Judge Dole. Judge Clemons made this announcement Saturday.
