## PHILADELPHIA WINS AGAIN DISASTER MEETS AIRSHIP OVER OCEAN

### Collector Lets Out Tried Men

#### Veterans In Local United States Customs Service Suddenly Dropped

Four of the best known men and oldest in point of service in the Honolulu customs tendered their resignations to Collector E. R. Stackable by 9 o'clock this morning, and before the termination of a protracted hearing, it is predicted that at least a half dozen more employees of the service will have also filed similar documents with the chief of the service.

C. H. Raven, deputy collector and chief of the outdoor staff of the local customs; E. A. Jacobson, deputy collector and inspector; G. A. Bowers, day inspector, and T. J. Noyes, day inspector, had tendered their resignations to Collector Stackable almost immediately following the opening of the customs house this morning.

All sorts of rumors are afloat concerning the reason for the apparent wholesale withdrawals of familiar faces from the local customs service.

Collector Stackable positively refused to make any statement whatsoever concerning the retirement of a number of his employees, save a bare admission that they had called upon him this morning, each armed with a brief letter tendering his resignation.

"I can not make any statement concerning the matter until after my report has been submitted to Washington," declared Collector Stackable this morning.

Asked if a number of other men connected with the inspectors' division might be included in the list of those who defected it and proper that they retire from the pay and service of Uncle Sam, Collector

Stackable continued firm in refusing to make any statement. "I will say this," vouched the collector in terminating his interview, "and that is that these men are not leaving the customs service through any dealing in opium."

There is no question but that the resignations turned into the collector's office by Messrs. Raven, Jacobson, Bowers and Noyes were not voluntary. Collector Stackable stated this morning, however, that the resignations of men in the Civil Service could not be demanded under the existing regulations.

The collector evaded all inquiry that would serve to draw out the real reason why the retiring employees were induced to take a step that will serve to separate them from their positions with the United States Government.

During the morning hours Collector Stackable's office was an animated place of business. Before the inquisition is completed it is understood that practically every one of the sixty-five employees connected with

(Continued on Page 3)

There was a long drawn out case at the police court this morning and it all revolved around a baseball game that was played at Kalihi two weeks ago. The captain of one team was arrested and charged with having assaulted a spectator. The defense was that the spectator was so drunk that he was a nuisance, and that he got just about what he deserved.

The accused was found guilty and fined \$10.

### WALTER WELLMAN FAILS PICKED UP BY STEAMER

WALTER WELLMAN

COPYRIGHT, 1910 BY HARRIS-ERLING

### Aviator and Five Companions Abandon Airship In Atlantic

(Associated Press Cable.)  
 NEW YORK, Oct. 18.—Blown from their course by heavy winds, battered high in air above furious seas, Walter Wellman and his five companions have abandoned their attempt to cross the Atlantic in the dirigible airship America.

Today the steamer Trent picked up the six men, who had descended

from the airship and taken refuge in a lifeboat and were at the mercy of the wind and waves. They were then a hundred and fifty miles off Cape Hatteras, where they had been blown by gales that carried the frail air craft along at great speed. The descent into the lifeboat was hazardous, and the entire party narrowly escaped death.

### COUNT TOLSTOI CAMPBELL HOPES NEAR DOORS OF DEATH FOR RESULTS SOON

(Associated Press Cable.)  
 ST. PETERSBURG, Oct. 18.—Count Leo Tolstoi, novelist, religious teacher and social reformer, was taken suddenly ill today with fainting spells and has been unconscious for hours. His death is expected. He is eighty-two years of age and has been in poor health for some time.

Private advices received in this city from M. I. Silva, who with A. J. Campbell is in Portugal for the Territory Board of Immigration to recruit immigrants, are to the effect that there is a good prospect of success in getting immigrants in the near future.

### CRIPPEN TRIAL IS COMMENCED

(Associated Press Cable.)  
 LONDON, Oct. 18.—The trial of Crippen was commenced today. An immense crowd thronged the courtroom. Crippen is charged with the murder of his wife, Belle Elmore. He fled with his stenographer, Miss Lenoir, to America, but was taken back to London.

### PAGE AGAIN FOR SENATE

MONTPELIER, Vt., Oct. 18.—Senator Page has been reelected.

### FEDERAL PAY IS URGED FOR GUARD

General Wood In Speech at St. Louis Tells of It.

COL. JONES SAYS WOULD BE FINE

At Present Hawaii Guardsmen Receive No Pay from Territory When Called Out—Men of States Get \$2 Per Diem.

A plan for a Federal salary for officers and men of the National Guard is now on foot. Details of it have reached National Guard officers of the Territory, who heartily endorse the move.

The plan was commended by Major-General Leonard Wood, chief of staff of the regular army, in an address before the National Guard Association at St. Louis on October 3.

The idea is to pay officers below the rank of general 15 per cent, of the pay of officers of the same rank in the regulars, commanding officers 25 per cent, more, and enlisted men 5 per cent, of the pay of enlisted men in the regular establishment.

Colonel Jones' Opinion.  
 Colonel Jones of the Guard of Hawaii, when seen this morning on this proposition, said that it was decided upon at the last meeting of the National Guard Association, held at Los Angeles, and at that time a bill was drafted for presentation to Congress which had the hearty support of regular officers.

"In the United States proper," said Colonel Jones, "the men of the guard each receive State pay if they are called out by the Governor, and that pay amounts to two dollars a day for every day they serve. In

(Continued on Page 3)

### KING MANUEL IS CONDEMNED TO EXILE

(Special Bulletin Cable.)  
 LISBON, Portugal, Oct. 18.—The republican government today issued a decree of permanent exile for the members of the house of Braganza. The deposed King Manuel, Queen Mother Amelia and the other royal relatives are forbidden to return to their country.

### DESTRUCTIVE FLOODS IN FLORIDA

(Associated Press Cable.)  
 ST. AUGUSTINE, Fla., Oct. 18.—Destructive floods are sweeping through the business section of Jacksonville and doing thousands of dollars' damage. Southern Florida has been completely cut off from communication by the severe storm that is raging through the State.

### SUGAR

SAN FRANCISCO, Oct. 18.—Beets: 88 analysis, 9s. 23-4d.; parley, 3.95c. Previous quotation, 9s. 51-4d.

### ASIA PASSED FRENCH SHIP.

Captain Gougeon master of the Pacific Mail steamer Asia reports having passed a three masted French ship displaying signals which read "J. K. H. C."

### Athletics Are Again Victors

#### Defeat Chicago Cubs In Second Game For World's Title

PHILADELPHIA, Pa., Oct. 18.—A whirlwind batting session early in the game today drove "Three-fingered" Brown, the great Chicago Cub pitcher, from the box and cinched the second game of the world's series for the Philadelphia Athletics. Continuing their onslaught on Lou Richie, who succeeded Brown, the Athletics administered the second straight defeat to the Cubs by the score of 9 to 3.

As was the case yesterday, the Athletics were marvels at the bat and on the bases. Their four errors did not help the Cubs to stem the tide of defeat. Coombs, one of Connie Mack's great boxmen, pitched a fine game, holding the Chicago team to eight scattered hits, while the Athletics gathered fourteen off Brown and Richie.

Score: Chicago—Runs, 3; hits, 8; errors, 3. Philadelphia—Runs, 9; hits, 14; errors, 4.

Batteries—Coombs and Thomas; Brown, Richie and Kling.

### HOLD-UP CASE IS NEVADAN IN TROUBLE

LAST NIGHT

Last night at twelve o'clock, an old Portuguese was badly assaulted and robbed at the entrance to the road that leads to the Athletic Park. Two youths are now in custody, and charged with highway robbery. It appears that the Portuguese, who was a trifle intoxicated, wandered into a dark spot and there was beaten up by the lads. The first known of the affair was when a man heard some one groaning; the man went to investigate, and there he found the old man on the ground. The news was turned into the police station, and the patrol wagon took the man to the hospital.

In the meantime the two youths—Andrews and Rebble—had proceeded up the street to an ice cream parlor. One of them changed a ten dollar piece there and the Japanese proprietor identified both men as having been in his store. A police officer saw the men running towards the ice cream parlor, and he set sail after them. At the refreshment place the officer arrested both youths, and shortly afterwards they were lodged in the police station.

Chief McDuffie investigated the matter and both the youths told different stories to account for the ten dollars they had changed. Tomorrow morning they will appear in court and answer to the charge of highway robbery.

Has an accident befallen the Matson Navigation chartered steamer Nevada?

This morning a cable was received by the Merchants' Exchange to the effect that the Nevada is returning to San Francisco reported full of water. The Nevada was scheduled to sail from San Francisco for Puget Sound port on October 16th. The vessel was covering a run of the Hydrex.

Castle and Cooke, the local agents for the vessel, sent a cable to San Francisco at noon today making inquiry concerning the extent of damage to the Nevada. At three o'clock this afternoon no reply had been received.

### TEN DAYS MORE GIVEN COUNSEL

Ten days have been given counsel for Edward C. Lane, accused of criminal assault on a female child under the age of nine years, to file further papers in the case, and the motion to dismiss the motion to quash the indictment was granted by Judge Cooper this morning.

The case was to come up for plea at ten o'clock but the whole time of the court until noon was taken up in the arguments of counsel on the motion to quash the indictment. At

### EXPLORER IS HERE FOR SURVEYING AND SOUNDING

Hawaii's coast and shore lines will be surveyed and charted before the little United States Coast and Geodetic Survey steamer Explorer, now at the port of Honolulu, quits the waters of this Territory.

The Explorer was an arrival this morning, thirteen days from Dutch Harbor, Alaska. The little craft, resplendent in white and buff paint, awakened much curiosity as she lay off the harbor limits and waited for her turn with the quarantine and customs officials.

She came alongside the Alaska wharf by 9 o'clock and Captain W. C. Dibley, who has been identified with the survey service for many years, came ashore and paid his respects to the government officials.

The Explorer will remain within the boundaries of the Territory for a number of months. It is believed that it will be the latter part of March before the work now planned will have been completed.

228 tons net and is constructed of wood. She is of sufficient size to carry machinery that can send her through the water at a rate of approximately ten knots per hour.

The little steamer encountered head winds and very rough seas on the way down from Alaska. She carried six officers and a crew of thirty-six men.

Six years of constant service have fallen to the Explorer since she was launched and made her initial trip on the Atlantic. In 1906 the vessel was sent around the Horn, and since that time she has been engaged in survey work in the Pacific and Arctic waters.

Practically the whole of the summer was spent in Alaska. While there a complete survey was made of the fisheries in and about Nushagak and Dutch Harbor.

2185 editorial rooms—2256 business office. These are the telephone numbers of the Bulletin.

### "RUSSIAN PROBLEM" IS NOW SOLVING ITSELF AT IWILEI; MANY GOING TO PLANTATIONS

The "Russian problem" at Iwilei is solving itself, according to reports from the camp. Within the past few days the immigrants have begun to seek plantation labor of their own accord and steadily the inhabitants of the camp are diminishing in number.

Almost daily the Board of Immigration is sending laborers and their families out to plantations, says Dr. Victor S. Clark, of the board. The movement is quite well defined, the immigrants having investigated various plantations, decided where they want to work and then applying to the board for employment. Since almost any of the plantations are in the field for labor, the Russians, when they manifest a sincere desire to go to work, have no trouble in doing so.

Dr. Clark thinks that little by little the Russians will be scattered over these islands, and will merge into the population without taking any employment away from the Hawaiians. He finds that probably ten per cent of the Russians are artisans skilled in some kind of craft, and these have not much difficulty in finding jobs when they really mean to work.

The board is pursuing a painstaking and intelligent investigation of the labor conditions in the colony, with the results so far reached noted above. Dr. Clark thinks that the problem of disposing of the Russian immigrants will not be difficult. A good many of those now going out to the plantations had previously tried it and quit, but now, getting better acquainted with island conditions, are ready to tackle it again.

### STRAIGHT TICKET TALKS

BY E. D. TENNEY.

I will vote the straight Republican ticket. I believe this is the only sane course to pursue. I do not understand how any man vitally interested in the progress and prosperity of this Territory can do otherwise. Personal preference for individual candidates should be put aside and the people of this Territory should get solidly behind the candidates of that Party whose policy has made these little islands the most prosperous community on the globe. A vote for the Republican policies is a progressive and constructive one; a vote for the Democratic policies, a reactive and destructive one.

Have It Done the

Regal Way

Of course you have your shoes repaired—you know you usually can get a good deal of additional service from them after the first sole is worn out. But how do you have it done? By the ordinary cobbler's method?

If you do, your experience has undoubtedly shown you how unsatisfactory this method is. You must likely get inferior materials and clumsy workmanship. Besides this, the usual method of "tapping"—that is, placing the sole midway in the shoe—gives the shoe a decidedly unsightly look.

Then, again, the nails sometimes used by the cobbler cause no little discomfort to the foot. They are driven clear through to the inside of the shoe and are clinched on the inner sole.

So, when the cobbler hands you your shoes, they look like the photo below, don't they?

THE ORDINARY WAY OF HALF-SOLE REPAIRING. THE "REGAL WAY" OF REPAIRING SHOES.

Now, take the "Regal Way". First, the work is done by expert shoemakers, using just the same methods by which the first soles were attached at the Regal factories. The old, worn-out sole and heel are removed. A new sole of genuine OAK BARK TANNED leather is sewed on. Bear in mind that this sole is complete—it extends from toe to heel, and it is SEWED on, not nailed. A new heel, built of whole lifts of this same unquilted stock, is attached. All edges are carefully beveled and finished, just as they are in the Regal factories.

When you get your shoes back they are just as comfortable and practical as when you first bought them. And it does not cost a lot, either—no more than any first-class cobbler would charge.

The next time you want your shoes repaired bring them to this store. Tell our salesman you want them repaired the "Regal Way." Then you'll get a job that looks just like the photograph at the top of this page.

Regal Shoe Store.

LOCAL AND GENERAL

The tablet sold by the Bulletin for a nickel is twice as large as the tablet usually sold for this price.

Autos, \$4 per hour. Lewis Stables, Bethel St. Hack Stand, Phone 1152. Try a case of Pinectar. It is pure. Phone 1557.

The Board of Supervisors meets tonight at 7:30 o'clock.

It goes without saying that every thing is best at the Encore.

The Democratic meeting tonight is at Atkinson park. Most of the party candidates will be present.

J. T. McCrosson left this morning for a trip to Hilo in connection with the proposed Kan ditch project.

The six hundred mark has been passed in the automobile register at the police station and the total now is 601.

Pay cash and ask for green stamps. They're free. Call at the show rooms and see what you get free for stamps.

No appointments have so far been made to fill the place vacated by Ben Zablan and Henry Clarke at the police court office.

For distilled water, Hiro's Root Beer and all other popular drinks. Ring up Phone 2171. Consolidated Soda Works.

A bunch of five gamblers were found guilty this morning and ordered to pay fines of \$9 each. Judge Andrade attended to the affair.

Henry Chairman was this morning found guilty of having assaulted a Chinese and was sentenced to thirty days' jail by Judge Andrade.

Fred H. McNamara has removed his store, The Curio Den farther down town taking the store at 1119 Fort street just above Hotel street.

Sam Kahi, the prisoner who escaped from the Queen's Hospital, has not yet been captured, but there is little doubt that he will soon be in custody.

Miss Lambert has removed her dressmaking parlor temporarily to 1065 Punchbowl St., near Hotel, where she will be pleased to see her patrons.

Dr. Decker, Eye, Ear, Nose, Throat, 1159 Alaieka street (opp. Royal Hawaiian Hotel). Hours 9-12:30 and 1:30-4:30. Sunday, 10-11. Evenings by appointment.

HAVANA NEWS BOOMS STOCK

Smiles and sunshine was reported today by the weather bureau along the coast. The weather being due to a marked rise that affected the market generally and caused the dealers in sugar securities to get a good hold on an optimistic feeling.

A buoyant trend in sugar stocks is easily noticeable, coupled with a good deal of trading both on and off the board. There was a good deal of movement in Ewa and Oahu, and Brewery stock got quite a play.

Two things, the brokers think, conspired to revive the sluggish and falling market. One was that stocks had gone so low that few of the shareholders were willing to sell, and the demand caused a reaction, and the other is the floods in Cuba.

It is anticipated that the tornado and floods that swept both the cities and provinces will do an immense amount of damage in the cane fields, with a consequent rise in the price of sugar. Hence the bull movement in local sugar stocks.

The San Francisco market is stronger also, as Hawaiian Commercial is reported in demand, and the local quotation is 25, a distinct rise. Ewa jumped to 29 after weeks of dropping Oahu to 28 1/2, and there were a good many bids that brought no sales.

THREE INQUESTS IN QUICK ORDER

Coroner Charles Rose is hard worked at present, and three inquests in three days is the record so far. The aged Hawaiian who died from a wound in the throat, which he said was caused through his falling onto a pointed stake, was the first case.

The next was the suicide case of W. Brede, who shot himself yesterday morning at Thomas Square. A jury returned a verdict of suicide last night, but no cause for the rash act was discovered. Brede wrote a joint letter to his wife and daughter, but merely said "Good-bye," and gave no explanation as to why he should kill himself.

The third case that Rose is busy on is that of the dead Chinaman who was found on the beach near the lighthouse. So far the man has not been identified, and it is not known whether he fell overboard from a steamer, was murdered and thrown over, or tried to evade the immigration laws by swimming to the beach.

Coroner Rose is working on the case of the Chinese now, and although it is rather a hopeless matter, as the man can not be identified, an investigation will be held.

Our New Phone Number Will Be 1281 City Transfer Co. (Jas. H. Love)

ASIA'S OFFICIAL STAFF STILL IN TRANSITION

MANY HINDOO DEPORTEES ON BOARD—BRINGS LATE MAIL BUT FEW PASSENGERS—LUMBER LADEN VESSELS REPORTED LEAVING THE SOUND—NEW YORK CARGO BY AMERICAN-HAWAIIAN STEAMERS.

"There are still a few of us left," was the rejoinder of one official connected with the Pacific Mail Intermediate steamer Asia as she came along side of Alaieka wharf promptly at eight o'clock this morning after a fine run down from San Francisco.

At the time of departure of the Matsun steamers Hilonian and Enterprise on October 8th, it was currently reported in waterfront circles of San Francisco that there had been a wholesale cleaning out in the headquarters and engineering staff of the steamer Asia.

There were rumors of a sweeping change in the officers directly connected with the navigation of the popular vessel.

Such however proved quite incorrect though when the Asia drew near her berth this morning a number of new faces were noticed in the ship's personnel.

Among the important changes made in the staff since the last visit of the Asia is the resignation of Second Officer Bonasson, who is believed will connect with one of the coasting lines.

Third Officer Matthews well known to travelers in the Asia has been promoted to the position vacated by Baronson. H. Thomas who has sailed the seas in several steam vessels that touch at Honolulu, has found a berth as Third Officer with the Asia and he is making his first trip to the east in that vessel.

Freight Clerk Cummins was also numbered among those who decided to leave the Asia and the office was found ably filled by W. J. D. Young this morning. Young is not a stranger to the Orient and at one time he was associated with the Hongkong office of the Pacific Mail company. He is thoroughly conversant with the exacting duties connected with the handling and manifesting of freight.

In the Asia engineering department are found new First, Second and Third engineers.

Purser M. H. Hunt had 76 through and two Honolulu cabin passengers under his care on the voyage. He reports a fine trip down from the coast and the weather left little to be desired.

There is certainly every indication that the Asia is becoming exceedingly popular with those travelers blessed with large families.

The decks and companion ways fairly swarmed with children of assorted sizes and conditions this morning. They are in the main the youthful progeny of returning missionaries and also employees connected with the Philippine insular government.

The Asia's famed phonograph was worked overtime in a laudible endeavor to entertain the women and children.

Federal Immigration inspectors are getting quite busy in keeping down the so-called Hindoo invasion of California.

In the steerage of the Asia are 126 East Indians who failed to pass muster with the Immigration and Health authorities. Forty deported Chinese are also being returned to their native land. The total steerage passenger list totals 253 persons.

A number of business men are returning as passengers by the Asia. The Asia steamed through the channel setting rather high out of the water. Nevertheless she has what is termed a "respectable" cargo and it probably tallies about a thousand tons of general merchandise.

The vessel will sail for Japan ports and Hongkong at four o'clock this afternoon. Being a for-jan bottom no freight was left here save a quantity of over carried cargo.

One hundred and sixty one sacks of mainland mail was received by the local postal officials.

Two passengers traveling to the East by the Asia decided to remain for a season at Honolulu one of them being W. H. Baugh who has visited the Paradise of the Pacific on several previous occasions. Mr. Baugh intends remaining here for some weeks before taking up the journey to Japan ports and Hongkong.

E. Martin, Mrs. R. A. Dow, Mr. Frague, Miss Graa, Mrs. R. A. Small, Miss Field, Miss Moffitt, Mrs. Farsterane, Mrs. Mullen, Mrs. James W. W. Brewster and child, Mrs. Kirkland, Mrs. Davis, L. H. B. Robinson, Mrs. J. Kirkland, Mrs. S. N. Brooks, Mr. and Mrs. E. Hill.

Enterprise Off for Hilo. Notwithstanding that five Matsun Navigation vessels were at Honolulu yesterday, the steamer Enterprise was dispatched for Hilo shortly before five o'clock last evening bearing nearly four thousand tons of miscellaneous freight for Hawaii. Included in this shipment was a quantity of dynamite and kerosene oil. The Enterprise will sail from Hilo for San Francisco direct and will not touch at Honolulu again on the present voyage.

Mexican Due Here Monday. The American-Hawaiian freighter Mexican with general cargo from New York by the way of Tehuantepec is expected will arrive at Honolulu on next Monday. The Mexican is steaming down from Puget Sound ports. The vessel will be supplied with a quantity of pineapples and a quantity of sugar and will be promptly dispatched for Salina Cruz by the way of Pacific coast ports.

Miscellaneous On Her Way. The American-Hawaiian freighter M. Duran with a quantity of general cargo from New York, transhipped at Tehuantepec has arrived at San Francisco according to late advices. The vessel is scheduled to proceed up the coast and gather additional freight at Puget Sound ports and then take up the voyage to Honolulu. The Mission should arrive here on or about November 6th.

Philips to Hilo. A shipment of hard wood railway ties will be taken by the American schooner Philips now at the Bishop wharf. This vessel has about completed her work at this port and will soon be ready for fumigation before taking up the voyage to the Cross at City on Hawaii.

Santa Maria Arrived at Coast. A cable received by the local branch of the Merchants Exchange reports the arrival at Port San Luis of the American tank steamer Santa Maria. The vessel sailed from Honolulu on October 6th after having discharged a shipment of fuel oil.

Schooner Allen for the Sound. The American schooner S. C. Allen has completed the discharge of a shipment of lumber to the agency of Allen and Robinson and that vessel is expected will get away for Puget Sound ports this afternoon or tomorrow.

Alaha Has Sailed. According to late advices, the American schooner Alaha with lumber for the islands has sailed from Port Townsend. The vessel brings cargo consigned to H. Hackfeld and Company.

Schooner Hume Enroute. Six days out from Columbia River ports the American schooner W. H. Hume is enroute to the islands with a shipment of lumber.

Machinery for the Hawaiian Dressing Company's big turbine-driven dredger is slowly arriving. The hull itself was delayed four days by trouble on the Portland bar.

Bill of exception was dispensed in the Supreme Court today in the case of Territory against Wong Chew et al. as the defendants failed to file a brief in the time required by law.

Joseph H. Miles of Falls City, Neb., has been declared by the courts to be the "rightful heir to an estate valued at \$1,600,000." His brother contested their father's will for many years.

WEBB WILL BE BROUGHT BACK

William Webb, the man who insulted and annoyed the Catholics of Honolulu by mailing indecent cards to different people, will before long be brought back to Hawaii and be tried for the offense.

The matter created a stir in Honolulu some six months ago, and for a time it looked as if there would be trouble on account of the vile pictures that were being distributed broadcast through the mail and by hand delivery.

The Federal authorities got busy, and aided by Sheriff Jarrett, managed to get conclusive proof that Webb had received parcels containing hundreds of the objectionable pictures from the mainland. The handwriting on several letters of Webb's proved to be identical with that on wrappers containing cards, and Webb, becoming alarmed, disappeared. It was alleged that he went to Australia, and a letter asking that his mail be sent on there was received here.

Later on it was discovered that Webb had returned to the United States, and the Federal people then got busy. Proceedings are now being taken to have Webb brought back to Hawaii, and before long he will have to stand his trial for sending indecent matter through the postoffice.

The Federal authorities got busy, and aided by Sheriff Jarrett, managed to get conclusive proof that Webb had received parcels containing hundreds of the objectionable pictures from the mainland. The handwriting on several letters of Webb's proved to be identical with that on wrappers containing cards, and Webb, becoming alarmed, disappeared. It was alleged that he went to Australia, and a letter asking that his mail be sent on there was received here.

EIGHTEEN DAY MAIL SERVICE

The matter of an eighteen day mail service between New Zealand ports and San Francisco by the way of Honolulu has not been permitted to become a dead issue with the various commercial bodies that flourish in thriving cities of the southern continent.

It has only been a few months ago that an understanding was effected with the Oceanic Steamship Company and the big Union Steamship Company operating in southern waters whereby several changes were made in the existing steamer schedules that permitted of an interchange of mails at Tahiti intended for the Antipodes.

A copy of a letter from the Secretary of the Postal Department of New Zealand addressed to the officials of the Union Steamship Company from D. Robertson the secretary has been received at Honolulu that would bear out the indication that there is yet hope that some satisfactory arrangement will be concluded that may give Honolulu an additional steamship connection with the Southern continent.

In the course of his communication Secretary Robertson says "When in San Francisco I had a conversation with Mr. Samuels, of the Oceanic Company, who led me to understand that he had been considering whether a satisfactory service between San Francisco and New Zealand could be arranged by employing one of his company's steamers, such as the Sierra, your company providing one steamer. Sir Joseph Ward has given this question considerable attention, and directs me to say that, in view of the fact that he is about to open negotiations for a connecting service at Fiji with the Vancouver steamers, it is unlikely that the Wellington-Tahiti service, in its present form, can be maintained. He considers it should not be difficult for your company, either alone or in conjunction with the Oceanic Company, to carry out a service between New Zealand and San Francisco, steamers running the whole distance, including stoppages, in 18 days, and is prepared to offer a reasonable subsidy for this purpose. An 18 days' four-weekly service to San Francisco, timed to connect with the S. S. Lusitania or S. S. Mauretania at New York, would reduce the course of the post to and from London to 28 days. Such a service, alternating with a close connection at Fiji, would give New Zealand a mail service much superior to that at present available. I am to inquire, therefore, whether your company is prepared to undertake the work, and if so, what subsidy would be required. The port of call on either the outward or inward voyage would be Auckland.

So rapidly is the rubber industry growing in the Malay States that Consul-General Du Bois estimates that exports will aggregate \$50,000,000 in value in the next three years.

With a big Packard machine, the same as Quinn's, took measurements with a trolley car the same size as the one upon which Bright was riding, the automobile and trolley car being in the same positions as those mixed up in the accident.

When court was called this morning after several witnesses were examined, including the motorman of the car, Superintendent Pratt of the Rapid Transit Company was put on the stand to testify as to speed of cars at their measurements.

He was followed by E. E. Bodge of the Ham Young automobile department who gave expert testimony on automobiles.

DAMAGE CASE BEFORE COURT

Expert testimony in the \$5000 damage case brought by Andrew Bright against Tom Quinn for knocking him off the running board of a car on Hotel street a year ago by his automobile was taken in Judge Whitney's court today.

Yesterday morning after the jury was empaneled all went out to Hotel street between Alapai and Punchbowl to look at the scene of the accident and in the afternoon the case went on trial at two o'clock.

Late in the afternoon after several witnesses had been examined the court again took a recess and the jury went over to the scene again and

## MORE SALARY FOR GUARD

(Continued from Page 1)

case they are called out by the United States they receive the regular pay of privates in the regulars, 50 cents a day, but the State makes up the difference of two dollars a day.

"Here in Hawaii there is absolutely no pay for the men when they are called out by the Territory, and it is manifestly unfair to take a man from work, where he may be making from two and one-half to four or five dollars a day, as a skilled mechanic, and pay him nothing for the time he serves the Government."

Case Is Cited.

"In the Lahaina riot, when the guard was called out, not one of the men received a cent of pay, and the officers had to make up a deficit of \$250 from their own pockets."

"It is no more than right that some pay should be received from the Federal government, since the guard has been put into the first line of defense with the regulars, where formerly they were the second line."

Colonel Jones says there is something always coming up which took money from the pockets of officers and men nearly every month, and as the Territory did not make any provision for pay whatever, it was an imposition on the men of the guard to call them out.

In closing, the colonel said that if this scheme of pay passed next Congress, it would help materially in the Guard of Hawaii and give both officers and men a greater incentive than they had had before to bring the organization up to the utmost perfection.

What Wood Thinks.

The St. Louis Times of October 4 has the following account of General Wood's plan for payment of the guard:

General Leonard Wood, chief of staff of the United States army, in an address before the National Guard Association Tuesday, said that he was in favor of the Federal government paying the enlisted men and officers of the State National Guard a salary, based on the number of drills in which they participate.

"I am glad to be with the National Guard," said General Wood, in prefacing his brief address, "and I want to assure you that I recognize the value to the nation of such an organization as this that you have established."

"The development of the National Guard is now well under way, and I want to assure you that I stand ready to aid and cooperate with you in every possible way to make the National Guard more effective and to raise it as nearly on par with the regular army as is possible."

"I favor the plan of paying the men constituting the National Guard, and I think that the proposed schedule is about right. This schedule gives officers below the rank of general 15 per cent, of the salary of officers of the same rank in the regular army. The commanding officer is allowed 5 per cent, more, while enlisted men are allowed 25 per cent, of the enlisted men of the regular army."

"This salary is based on the maximum number of drills. The law provides that there must be no fewer than 24 drills, and if the full number of 48 drills is participated in the officers and men get the salary as outlined. If they drill a less number of times than 48 they will obtain pay in proportion."

## COLLECTOR LETS OUT MEN

(Continued from Page 1)

the Honolulu customs service will have had a somewhat painful audience with the chief of staff.

"That the resignations of those now out of the service were demanded by Stackable is looked upon as a foregone conclusion. In practically every instance the offices held by the employees were close to the top of the service and the pay was in keeping with the position."

Deputy Collector Raven has been associated with the customs service for the past ten years. He joined the department on October 7, 1901, and from the position of inspector he has steadily risen from the ranks until he had been placed in charge of the entire force of day and night inspectors. Raven has a wide circle of friends, and he is admittedly a faithful and conscientious worker. Deputy Collector and Inspector Jacobson dates his connection with the customs back to a time when it was operated under the republic. His acquaintance among shipping and business people in the city is an extensive one. He has been rated as one of the best men in the service.

G. A. Bowers, a day inspector, and one of the staff who has now

The first aid to a weak stomach, sluggish liver or constipated bowels should be the Bitters, because it has proven its right to be called "the best." It is for Indigestion, Costiveness and Malarial Disorders. Try it.

For sale by Benson, Smith & Co. Ltd.; Hollister Drug Co., Ltd.; Chambers Drug Co., Ltd.; Hilo Drug Co.; and at all Wholesale Liquor Dealers.

parted from the service, assumed his duties the first of October, 1901.

Joining the staff in July, 1905, T. J. Noyes, now a day inspector, has risen from the position of night watchman. All of these men have many friends who are loth to believe that they have committed an offense that would call for such drastic measures as have been pursued following the investigation.

Collector Stackable was busy this morning going over the list of eligible candidates on the Civil Service list with his chief clerk, J. W. Short.

Before the decapitations are concluded, it is freely predicted that a number of additional heads will fall into the collector's basket. This will mean that a number of eligibles on the outstanding customs lists will receive a call to join the service.

It may be necessary to hold an examination at once in order to secure those proficient to fill the vacated positions.

## HOME CURE FOR ECZEMA

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, can not be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find IMMEDIATELY that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows AT ONCE.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

Honolulu Drug Company.

## GOVERNMENT IS LOSING MONEY

"The Territory is losing money because there are many public lands upon which the leases have run out and no leases have been made, several of these now being before the land board and have been there awaiting action of that body for several weeks," said Land Commissioner Campbell this morning in response to a question.

In speaking of Kapaia lands, which were all ready to lease and for which leases had been made out ready for action just before the passage of the amended Organic Act, the commissioner stated that these were still hanging fire in the land board for no apparent reason except the members of the board were trying to get out of the responsibility of having anything to do with this lease.

"There are hundreds of acres of this land, and it is doing absolutely nothing," he said this morning. "There have been no applications for opening this land for homestead, the Portuguese saying they do not want it unless the Mahee Sugar Co. remains there, where they may sell the cane or other products they raise on the land."

"Without the plantation the small landholders would have no place to sell their product, and in consequence they do not want the land,"

## CONSUL UYENO'S MEETING

At 4 o'clock this afternoon, an important meeting will be held in the private office of Consul General Uyeno, for the purpose of arranging for a reception to be tendered the officers of the Japanese squadron, due to arrive here from Japan, November 2. A number of the prominent Japanese, it is said, have been invited to be present.

Today's arrivals include the Inter-Island steamer Niihau from Honolulu, the vessel arriving this morning with a shipment of 3500 sacks of sugar, 394 sacks of coffee and 38 packages of sundries. The Niihau met with considerable rough weather on her outward voyage and the seas were rough during the greater portion of last week.

Republicanism means something more than the mere selection of men. Republicanism stands for Americanism. Democracy is lined up against Americanism. How do you intend to vote?

Voters of the mainland are voting down the Bosses everywhere. What will they think of the patriotism of the Hawaiian Americans if a majority of our electorate vote to establish Boss rule in this Territory?

Honolulu should bestir itself to have able representation at the Congress to be held next month in California to promote the American merchant marine. Hawaii should make itself heard early and often for more ships flying the American flag.

Should an unkind Providence have visited serious disaster upon the sugar cane fields of Cuba, the inhabitants of Hawaii will endeavor to view the situation philosophically and offer the hope that Providence will quit the hurricane business before reaching these islands.

### STRAIGHT REPUBLICAN DOCTRINE.

E. D. Tenney's views on the political situation in this Territory in the Fall campaign, are of more than ordinary interest and significance.

Mr. Tenney is not now and never has been a politician. He is one of the business men who figures out the situation for himself and votes independently. He declares in today's issue of the Bulletin for the straight Republican ticket.

While allied with important interests, he has never been in the political game like Faxon Bishop, and could not be appealed to as a one-time campaigner who should step in to the breach at a critical period.

Mr. Tenney has the reputation throughout the islands of looking at both sides of every question and making up his mind with absolute independence. Politically he is generally classed with the split-ticket voters who are not ashamed.

Consequently when such a man comes to the front and states as his conclusion that the present situation is one of issues more than men; that the broad interests of the Territory demand the solidification of all the forces that are naturally Republican, naturally for protection of our industries, naturally for the development of the islands by Americans, naturally for progress as against retrogression and decay, naturally for local self government as against Government by Commission, it is safe to assume that the time has come when the opposition party is threatening the very foundations of our prosperity, and jeopardizing the status of Hawaii as an independent, self governing Territory of the United States.

Independent men are thinking along new lines in this campaign. They have been brought to it by the utterly reckless methods and statements of the Democratic Boss.

They have had their eyes opened by the conspiracy that has been hatched by the Boss and his henchmen to make of the public service in the city and county of Honolulu a feeding trough on which they may fatten politically and take care of the members of their ring at the expense of the taxpayers.

The citizens who ordinarily go off on tangents of personal preference for particular candidates regardless of party, see that in the campaign of Boss McCandless, and the terrific effort he is making to land himself in Congress, the first steps are being taken to bring about conditions that will force government by commission in Hawaii whether the people here want it or not.

These independent thinkers can clearly foresee that the success of the Boss McCandless party will be accepted in Washington as a declaration by the majority of Hawaii's

Misrepresentation is promised by the Democrats. There are no candidates on the Democratic ticket who interpret the platform the same, or who speak twice alike in expounding their views to the voters.

electorate that they are opposed to Americanizing Hawaii.

Boss McCandless may talk as he pleases in Washington about his platform, but his talk will have no more effect in changing the conclusion of the members of the American Congress, than his talk before the Committee on Territories led the Democrats of that Committee to endorse his views on the land laws. The Democratic members voted for the land measure of Delegate Kuhio.

Intelligent, thinking men can plainly discern a most serious situation for the people of this Territory if the men who are now in control of the Democratic party are successful.

Therefore they are voting the straight Republican ticket.

They know that the interests of the Territory of Hawaii demand that the patriotism and integrity of our electorate shall be demonstrated in Washington. The issues are such that this can only be done by a sweeping Republican victory.

Senator Stephen B. Elkins is ill at his home, Elkins, W. Va. Worry over the talk regarding his daughter and the duke of the Abruzzi is said to be the cause.

## BOSS WANTS TO GO TO MOLOKAI

Although the Republican and Home Rule campaign managers have agreed to keep their candidates and speakers away from the leper settlement at Molokai, Link McCandless is making an effort to go there himself. The Democratic Boss issued orders to a lieutenant this morning to get him a special permit from the Board of Health.

This morning, before the Mauna Kea pulled out into the stream, McCandless, leaving for Maui, told T. R. Ryan his confidential friend to get a special permit from the Board of Health, so that he could go to the settlement, where he said, the inmates there want to hear him.

Ryan promised to do his part, and if it is obtainable, he will forward to the Boss at Waiuku the necessary permit.

Lightning at Eastonville and Elbert, Colo., killed four persons.

## KAKAAKO FOR REPUBLICANS

Voters Throng to Meeting and Cheer Good Government Speakers.

Republicans of Oahu fired the first guns of the local political campaign last night at a big meeting at Kakaako, with practically every county and legislative candidate present and most of them speakers. Hot shot was poured into the Democratic ranks and verbal artillery rattled and roared, and the Fourth District voters liked it.

A lot of Link McCandless' theories were punctured like toy balloons by the Republican speakers. His attack on immigration was discussed a good deal more seriously than almost anything else, for this is his chief weapon in the campaign, and his policy of misrepresentation is based chiefly on this. Facts and figures were given by the Republicans that made the boss' pet arguments and catch-phrases look foolish.

As a matter of fact, there was less spread-eagle oratory at the meeting than is usually the case at any political gathering. There was more sound sense, and instead of making many bold, high-sounding statements, the Republicans got down to hard facts and by doing it gained a lot of friends in the audience.

The principal addresses were made by Prince Kuhio, John C. Lane, candidate for mayor, and Norman Watkins, candidate for the House. The Prince took up in detail some of the many charges McCandless has been flinging broadcast, and after giving undeniable figures on what he has secured for the Territory, he turned to immigration. "Immigration is a necessity," he declared. "If we do not add to our voting population, in a few years the islands will be overrun by Japanese, and they will fairly force us out of the way."

"We need skilled laborers in the Territory now, and there is no danger of taking employment away from the Hawaiian. But if we are ever to get Statehood, we must have a strong body of citizens here." He also took up the land questions briefly, showing that McCandless' promises are idle.

The question of employment was also discussed by Norman Watkins. Watson collected a number of important figures on waterfront employment, some of which were published in the Bulletin a few days ago. They prove conclusively that the Russians are not driving the Hawaiians away from the docks, but, on the contrary, the Hawaiians are always chosen first for stevedore work. Mr. Watkins was flustered in his charge that McCandless' statements are not borne out by the facts in this case.

John C. Lane, candidate for mayor, devoted his time to a discussion of needs for improvement in municipal affairs. He reviewed his record on many public questions, showing that he has been active in working for the interests of the Territory and of the Hawaiians, and was heartily applauded.

Speakers Well Received. A dozen more candidates spoke of campaign issues and were well received. In fact, the Kakaako meeting was so far ahead of recent Democratic meetings in enthusiasm that the Republican managers are jubilant.

Tonight the Fifth District will hold a big rally on Liliha and School streets. There the Republican guns will continue to roar and demolish the flimsy structure of misrepresentation that Boss McCandless has built up around his campaign of promises.

## OLESON TO GIVE LECTURE TODAY

W. C. T. U. to Elect Officers For the Ensuing Year.

Rev. Wm. B. Oleson, secretary of the Hawaiian Board, one of the influential speakers in the islands, will deliver a lecture to the members of the W. C. T. U., who will meet this afternoon at the residence of Mrs. J. M. Whitney, their president.

Before 2:30 o'clock, the hour set for the meeting, the members will elect their officers for the ensuing year. It is expected that Mrs. J. M. Whitney will be re-elected president of the society. Mrs. Dornamus Scudder, the vice president, will probably succeed herself, according to one of the members this morning.

It is expected that Miss Yarrow and Mrs. Cohen will be respectively elected as corresponding and recording secretaries, and that Mrs. J. W. Wadman and Mrs. E. W. Jordan will act as directors of the society.

## HYPNOTIC KANAKA'S MARRIAGE ANNULLED

Linda Brown, the Bride, Was Under Age; Deserted, — She Says.

Hypnotized into a marriage with a gay Hawaiian and deserted before she came out of her trance was the experience of Linda Brown of 159 Third street two years ago, according to her testimony before Judge Graham yesterday says the R. F. Examiner of Oct. 9. The girl said that besides being under the complete influence of Charles Hivalana at the time of her marriage she was not of age. Judge Graham annulled the marriage on the latter ground.

Miss Brown told the court she met Hivalana at a dance in the city and fell under the spell of his eyes. For two days, she said, she followed him, doing everything he asked. She said he locked her in a room on Third street for a week, when she married him. A week later he left her and she has never seen him since.

Mrs. Elizabeth Williams, her mother, testified that she had never seen the Hawaiian, but that her daughter disappeared for ten days about November 25, 1908. When she returned she said she had married a man who had deserted her.

- Thomas Jefferson Morewood ..... Charles Murphy
- William Rufus Morewood ..... Robert McKim
- Lamuel Morewood ..... George B. Howard
- Bessie Brayton ..... Betty Johnson
- Mrs. Bruce Guilford ..... Marion Dunn
- Cal Higbee ..... Guy Hiner

Yes, Mr. Howard, you can stay as long as you want to.

That's the answer to the question asked by Mr. George B. Howard last night, when he made a little talk across the footlights at the New Orpheum, in the course of which he said that he and the other members of the company will stay as long as Honolulu wants them to.

For Mr. Howard and his capable company have a crowded house of "first-nighters" a delightful surprise last night, presenting that funny George Ade comedy, "Father and the Boys" in a way that made an instantaneous hit and proved that Honolulu knows and appreciates clever plays and clever staging.

"Father and the Boys" is William H. Crane's most popular vehicle, and the interpretation by the George B. Howard company follows closely the lines of the Crane performers. It is the more credit, therefore, that the company now here does not lose favor by comparison, and particularly to the credit of Howard, who can step right into Crane's shoes and not just as much out of the part of the parent as Crane did.

The story of the play centers around a rich and hard-working father and his two idle and pleasure-loving sons. How he finally flings dull care away and goes a pace that makes them look like selling platers furnishes the theme of the play and the framework for the comedy.

Mr. Howard is very good indeed. The play is clean, bright, wholesome comedy, with all of Ade's masterful satire on social conditions, and every member has a chance to gain applause. Applause was plentiful last night and the company received many curtain calls. Before the last act Mr. Howard made a tactful, but little speech, thanking the audience, hoping that they and the company would be friends, and declaring that if he is ever born again, it will certainly be in Hawaii.

Mr. Howard carries off the bulk of the honors, but Mr. Oliver D. Bailey furnishes a good if slightly exaggerated effect as Major Bellamy Bidsworth, a sporting character, Mr. Arthur Elton and Mr. James B. Norton hold along a lot in minor parts, and the two sons, portrayed by Mr. Charles Murphy and Mr. Robert McKim, are in capable hands. Miss Betty Johnson has the leading feminine role, that of Bessie Brayton, a breezy western girl, but Miss Dorcas Matthews as Emily Donelson and Miss Eva Martello as Frances Berkley give splendid support. Guy Hiner as Cal Higbee and Miss Marion Dunn as Mrs. Bruce Guilford have small but important parts that are well done. A clever touch is added in the race-track scene by James B. Norton, who takes the part of a tout.

The same bill will be presented to-night and Wednesday night. Beginning Thursday and for the rest of the week's the play will be "The Witching Hour," John Mason's great success. There is no question that the Howard company is liked already. In spite of the obvious difficulties of an opening, they got along splendidly. A drawback to the enjoyment of the audience was the fact that the house was filled with smoke throughout the play and complaints were heard on every side. Smoking lends a certain Bohemianism to the evening at the show, but unless better arrangements are made for ventilation at the Orpheum, it could be dispensed with to the satisfaction of three-fourths of the players.

#### PERFECT DANCERS WIN APPLAUSE

Perhaps the most perfect exhibition of dancing ever seen in Honolulu was that of the Brown and Wilmott team at their opening performance at the Park Theater last night. When Brown concluded a series of difficult steps danced to music that changed rapidly in all the variations from slow to furiously fast, a ripple of approving applause grew in volume to the

## WHO?

MISS BETTY JONSON. Who is with the Howard Company at the New Orpheum.

applause of enthusiastic approval. The applause spoke all languages and showed without doubt that Honolulu audiences are capable of distinguishing the imitation from the real in dancing. Miss Wilmott's contribution to the dancing part of the program was taken as a signal for more applause. She and her dancing mate did a fantastic march to the music of "Marching Through Georgia," in which it was shown that she was as much of a dancing paragon as is Brown. Miss Wilmott scored a success also in her imitation of a little girl in which she tells a kid story or two and sings a song in a winsome manner. With this clever team, Alberto, the skillful illusionist, and Harney and Haynes, the singing team, the Park has the best bill ever presented on the picture-vandeville circuit.

## KAOO-KING SIGNED UP

All Arrangements Made in Big Race For Sunday Meet.

Articles were signed up this afternoon at 1:30 for the Kaaok King fifteen-mile race. The men have agreed to run at the Athletic Park for two-thirds of the gate receipts. This money will be divided 60 and 40 per cent, by the men, the winner to take the large end.

Officials will be announced on Friday, and it is probable that some of the officers from Leluchua will act in the capacity of judges. W. T. Rawlins will be one judge, and the others will be selected on Friday.

On Saturday King, Hlee and En Sue will give an exhibition at Alexander Field and a big crowd is sure to turn out to see the stars run. On Sunday King will run an exhibition mile at Kapiolani Park, and some of the Honolulu cranks will take part in it.

On Sunday night King will run three miles while two skaters—in relay—do five miles. George Wilkinson will do three miles and Sarceni, the well-known pugilist, will cover two miles.

Tomorrow afternoon King will do a ten-mile run at the Boys' Field, and he will make the pace solid from start to finish. The Police Gazette medal adorns King's bosom at present and it is a fine trophy.

#### THE DRUGGIST SCORES.

"I've made up my mind to retire and give the young M. D.'s a chance," said the old doctor who had pined up a fortune. "My motto is 'Live and let live.'"

"Well," rejoined his friends, the druggist, "you can't very well live up to that motto without retiring."

## NOTICE

### POLITICAL ADVERTISING—POLITICAL ADVERTISING

## REPUBLICAN LIE NAILED; METZGER DENIES CANARD

"The report that I am opposed to L. L. McCandless is absolutely without foundation," stated D. G. Metzger, democratic candidate for Senator from the island of Hawaii, yesterday morning. "I have never said anything whatever to justify that report and the truth of the matter is that I am not opposed to McCandless but am standing with him."

So is another Advertiser lie nailed. The Tiser, with great simulation of glee and its usual attempt to appear truthful, announced recently that Metzger had refused to stand for McCandless' anti-assisted immigration policy and had broken with him on that point. Mr. Metzger's denial of that canard is what might have been expected, and only proves once more, if proof be needed, that the Republicans and their sacred organs will not stop at deliberate falsehood or anything else in their desperate attempt to win a losing fight.

The indecent attempt of the Republican bosses and of the Advertiser to frighten McClellan and Pettie off the Democratic ticket by the veiled suggestion that unless they withdrew their positions with the corporations for which they work might be in danger has failed. Both candidates remain on the ticket and will remain until they are elected on November 8. Coercion and intimidation are the weapons of the Republicans, but they won't succeed in Hawaii.

The Republicans, realizing that they have but small chance of winning cut all along the line, are centering their vicious attacks upon L. L. McCandless and R. H. Trent. With the able assistance of the Advertiser they will probably elect both those gentlemen by overwhelming pluralities.

L. A. Thurston and Theodore Richards are engaged in a row that has the merit of being at least amusing. There is an old adage that says that when thieves fall out, honest men may get their dues. Of course, nobody would apply the term "thief" to either of the very highly respectable gentlemen named, but their brawl may have the result of aiding honest men, just the same.

W. H. Babbitt wanted to resign from the election board of his precinct because, as he told the Governor, he expected an immigrant ship in about election time. He should have been allowed to get off the board. Surely it is more important to look after the unloading of a lot of assisted immigrants brought to Hawaii to take from the Hawaiians the chance to earn an honest living than it is to serve on a board of election.

The Republicans are making a desperate and, as the result will prove, a fruitless effort to save Kau for themselves. It is reliably reported that they have already sent an average of \$8 per vote to Kau, but they will find out on election day that the Hawaiian voters will not sell their votes.

"Democracy should explain," vociferates the Advertiser in editorial headlines. Democracy has nothing to explain. It is the Republicans who are trying to perform that difficult stunt just now and they are making a pitiable failure of it. There are some things that can't be explained.

Kuhio's work, says the morning paper, has brought to Hawaii millions more than any other member of Congress was able to get, considering the relative sizes and importance of the constituencies. Does any one for a moment imagine that it is because of the solicitation of Delegate Kuhio that the United States government is spending millions of dollars for the fortification of Hawaii? The Republicans harp on the appropriations for Hawaii as if they were being spent here for our sole benefit. Those same appropriations would have been made even if Hawaii had no representative in Congress. Uncle Sam is protecting himself, not trying to gratify Cuid.

And Col. Knox, Willie Crawford, Charlie Clark and Charlie Achi are also Republican leaders. Verily, of such is the kingdom of Republicanism. THE DEMOCRATIC COMMITTEE.

## HOTTER GROWS THE CAMPAIGN

Republicans of the fifth district, aided by strong party workers from the fourth, will hold a rally tonight at Liliha and School streets, the second of the active Honolulu campaign. The first was under the auspices of the fourth district last night.

Although Kuhio, McCandless and Notley, the three heads of the Territorial tickets, will all be absent tonight, the campaign will go forward with plenty of vigor, and the Republicans particularly are making a fight. At the meeting tonight, most of the county and legislative candidates will be present. The tone of the meeting last night is undoubtedly to be repeated. Threat of Link McCandless' arrogant, foolish assertions and wild promises to the Hawaiian voters, the Republican speakers will go down the line against him and for a government of performance and not promises.

Norman Watkins, candidate for the house on the Republican ticket, who gave McCandless the lie last night when he brought out figures showing the true state of labor on the waterfront, declared today that he is ready to repeat every statement he made last night.

"For the past ten years," says Mr. Watkins, "I have been auditor for the McCabe, Hamilton & Renny company, and when I passed the lie to McCandless, I knew what I was talking about. I did not pass the lie without being informed and ready to back up everything I said."

With the departure this evening to Kaula of Prince Cupid, present delegate, and Chas. K. Notley, Home Rule candidate for delegate, and the departure this morning on the Mauna Kea to Maui of Link McCandless, Honolulu has temporarily lost all of the three candidates who are trying to capture the Congressional seat.

Kuhio and Notley will take the Kilauea, which sails this afternoon at 5 o'clock. They will stop together on the Garden Island and, will probably return together on the same steamer next Saturday.

Rev. Stephen Decha, the silver-tongued orator of Hilo, will accompany the Delegate. Notley will go single handed. He is ready to meet the emergency, which he expects to experience after arriving at Kaula.

McCandless, who left this morning, was accompanied by Kuhio, the "Cannon Ball of Kohala." They will go direct to Maui, where they expect to strengthen their political stronghold. They will go over to Hana, Kipahulu, Kaupo, Nahiku, Kaunae and Huelo, before returning to Wailuku, to catch the steamer to go to Molokai. They will also take a hurry-up trip to Hawaii, before returning to Honolulu.

## PAPERS FILED IN APPEAL

Complete record in the case of Emily D'Herblay against Charles Macomber for setting aside the deed whereby the defendant obtained possession of Norris Ranch was filed in the Supreme Court today.

This action was taken on appeal by the plaintiff from decision of lower court sustaining demurrer of defendant and dismissing the bill brought.

The case involves the Norris Ranch at Kau, Hawaii, and two notes alleged to have been given by Norris to the D'Herblay woman about twenty years ago each for \$16,000.

Plaintiff asks for the face of the notes and interests at the legal rate, which brought the total amount involved up to \$44,000 to recover which she has brought suit in the local courts to get judgment and the setting aside of the deed whereby Colonel Norris gave Charles Macomber his 180,000 acre ranch just before he died for the consideration of one dollar.

Meanwhile other claimants have appeared from Norris home in Denmark and the case will probably drag through the courts for many years.

L. B. KERR & CO.,  
ALAKEA STREET

WEATHER REPORT

HONOLULU, T. H., Oct. 17, 1910. GENERAL SUMMARY.

There was more rain than during the preceding week in the North Kohala, Hilo and Puna districts of Hawaii, and on Kauai; and less rainfall in the remaining districts of Hawaii, and on Maui, Oahu and Molokai.

The greatest amounts of rainfall were reported from the Hilo and Puna districts of Hawaii and ranged from 2.04 to 4.16 inches. Moderate rains occurred in the North Kohala and Hamakua districts of Hawaii; in the Makawao and portions of the Hana districts of Maui, and the Hanalei, and portions of the Koioa districts of Kauai. Elsewhere the amounts of rainfall reported were small, or none.

The following are the total amounts of rainfall, in inches, reported from the different districts of the several Islands: HAWAII—North Kohala 1.32 to 1.93, Hamakua 1.43 to 1.86, North Hilo 4.16 (all reports from Laupahoehoe to Honohina, inclusive, are missing), South Hilo 2.76 to 3.50 (Hakalau missing), Puna 2.04 to 3.54, Kau 0.00 to 0.07, South Kona 0.77, and North Kona 0.67; MAUI—Makawao 1.57 to 1.84, Hana 0.53 to 1.88, Waikuku 0.00 to 0.03, and Lahaina 0.13; OAHU—Koolauloa 0.28, Koolau 0.22 to 0.85, Honolulu 0.02—at the lower levels, Ewa 0.00 to 0.30, Waianae 0.00, and Waialua 0.07 to 0.20; KAUAI—Hanalei 1.11, Kawahau 0.38, Lihue 0.80, Koloa 0.23 to 1.41, and Waimea 0.24; and MOLOKAI—Molokai 0.11.

The following are the departures from the average for this week, for ten or more years, in the several districts—in inches: HAWAII—North Kohala -0.54 to -1.12, Hamakua -0.56 to -1.11, North Hilo -2.24, South Hilo -0.21 to -0.38, Puna -0.27, Kau -0.62 to -0.70, and North Kona -0.77; MAUI—Makawao -0.51, Hana -0.59, Waikuku -0.19, and Lahaina -0.08; OAHU—Koolauloa -0.31, Koolau 0.00 to -0.41, Honolulu -0.26, Ewa -0.28, and Waianae -0.22; KAUAI—Hanalei -0.16, Kawahau -0.41, Koloa -0.25, and Waimea -0.04, and MOLOKAI—Molokai -0.29.

The mean temperatures, as a rule, differed less than 1.0° from those of the preceding week, being generally lower, excepting in the Honolulu and portions of the Koolau districts of Oahu; on Molokai; in the Lihue district of Kauai; in portions of the Waikuku and Hana districts of Maui, and in the North Kona district of Hawaii.

INSERT AFTER KAPOHO—Hawaii. Kaula (12)—There were daily rains which amounted to 3.54 inches, 1.18 more than during the preceding week. The mean temperature was 69.7°.—L. F. Turner.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

Table with columns: Island, Temperature, Rainfall. Rows: Hawaii, Maui, Oahu, Kauai, Molokai, Entire Group.

At the local office of the United States Weather Bureau in Honolulu generally partly cloudy weather obtained, with traces of rainfall on the first three dates and 0.02 inch on the 12th, 0.26 below the normal for the week, and 0.31 less than during the preceding week. The maximum temperature was 83°, minimum 69°, and mean 76.8° 0.4° above the weekly normal, and 0.8° higher than last week's. The mean daily relative humidity varied from 62° to 73°, and the mean for the week was 67.3°—about 3° below normal. Northeasterly winds prevailed on the 9th and 15th, and easterly on the remaining dates, with an average hourly velocity of 8.7 miles. The mean daily barometer ranged from 30.01 to 30.12 inches, and the mean for the week, 30.06, was 0.11 inch above normal.

REMARKS BY CORRESPONDENTS. (Note: The figures following the name of station indicate the date with which the week's report closed.)

ISLAND OF MOLOKAI. Molokai Ranch (14)—The mean temperature was 76.6°. Showers occurred on the first two dates and totaled .11 inch, .29 below the average, and .47 less than last week's.—L. B. Nevill.

CASTORIA

for Infants and Children. Don't Poison Baby.

Forty years ago almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium.

The signature of Dr. H. Fletcher guarantees genuine Castoria. Physicians Recommend Castoria. "I have frequently prescribed Castoria for common ailments of children with good results."

Children Cry for Fletcher's Castoria. In Use For Over 30 Years.

Children Cry for Fletcher's Castoria. In Use For Over 30 Years. The Centaur Company, 27 Murray Street, New York City.

DESERTIONS FROM ARMY

September Showed Them From Posts In East and West.

Desertions from the United States Army continue regularly. If the description and reward circulars received at the office of United States Marshal Hendry can be taken as evidence, for the month of September there were nine men who left the army, whose descriptions have been sent broadcast over the country.

Formerly there was no effort made to apprehend men who deserted from the service in time of peace, but in the past few years the desertions have grown to such proportions that drastic steps have been taken by the military authorities to stop this practice if possible.

On the head of every man who now deserts there is a price of \$50, which will be paid for his arrest and delivery to the nearest army post from the place where he is apprehended.

Of the nine men who deserted during September, only the artillery and cavalry branches were represented, with the exception of two recruits who had not been assigned to any branch of the service.

One of the men for whom a reward is offered was a soldier less than a month before he took French leave of the service, enlisting the latter part of August and deserting the middle of September.

Desertions took place at posts scattered from Fort Preble, Me., to Wyoming and Washington, practically all taking place at points in the northern part of the States, none being reported from places in the south or southwest.

DAMAGE CASE IS BEFORE THE COURT

Trial of the \$5000 damage case brought by Andrew Bright against Tom Quinn began yesterday in Judge Whitney's court, the case arising out of alleged reckless driving in October of last year when the plaintiff was knocked from the running board of a street car on Hotel street by the machine of the defendant.

The accident occurred between Ala-pai and Punchbowl streets, Quinn driving Waikeiki on the mauka side of the street and knocking Bright from the running board in passing.

After the jury was drawn for the case an adjournment was taken and the jury men went over to the scene of the accident, the case being continued till afternoon.

FUNERAL SERVICES FOR MRS. MACHADO

Funeral services were held Sunday for Mrs. Mary Machado, of 1463 River street, who died at 8 o'clock on Saturday morning at the family residence. The body was buried in the Catholic cemetery.

CONSUL TO FORMOSA TO MAKE TALK HERE

NEWS NOTES FROM KAMEHAMEHA SCHOOLS

This afternoon the Red and White third teams will meet in a baseball game on the school grounds. The cadets turned out Sunday afternoon under arms. This was the first time the battalion used the guns since school began. The Kamehameha rifle club will hold its first meeting early next week, at which time new officers will be elected for the coming year.

Tuesday, Nov. 8—Baseball; fifth teams. Saturday, Nov. 12—Soccer; first teams. Tuesday, Nov. 15—Baseball; first teams. Saturday, Nov. 19—Field day. The grammar schools will hold a swimming contest on October 29, and all students under the age of eighteen can enter from this school. There are many good swimmers in school who should join the school team. David Kahanamoku is one of the best young swimmers in school. He will be one of the star swimmers of the team. There will be only twenty-five members allowed on the school team. The races will take place Saturday afternoon, Oct. 29, at 2 o'clock, in the harbor. Prizes will be awarded to the winners in the form of ribbons. Four places will be counted—5, 3, 2 and 1 points. One of the interesting events will be the 160-yard relay race, each boy swimming forty yards. The entries so far are as follows: D. Kahanamoku, E. Akana, Kalelahe, Kukailani, L. Kauihi, Keahinu, Kallikole, H. Spencer, J. McKinney, G. Manoha, J. Spencer. The program is as follows: 1, 20 yards, boys under 80 pounds; 2, 40 yards, boys under 95 pounds; 3, 60 yards, boys under 115 pounds; 4, 80 yards, any weight; 5, 160-yard relay race, each boy swimming 40 yards, four boys on a team.

## REPUBLICANS OF MAUI BUSY

### Campaign Manager and Candidates Off On Tour of Island.

(Special Bulletin Correspondence.)  
WAILUKU, Maui, Oct. 15.—Campaign Manager S. E. Kalamia will leave today for a tour of Molokai. The Senatorial and Representative candidates will all tour with him. Supervisor T. T. Meyer of Molokai will accompany the party while on that island, and Candidate G. P. Cooke will make the visit of his comrades a memorable one—in votes especially.

The Wailuku Brass Band gave another delightful moonlight concert at the Couthouse grounds last evening. It was the first appearance of Bandmaster Schraeder and boys in their new military uniform, and the boys did present a most spectacular appearance, winning at once the admiration of all. They have improved wonderfully since their organization over a year ago, and the band has no where an established institution of the county.

The Ladies of the Catholic Aid Society will give a bazaar, where various fancy articles will be sold at fancy prices for the benefit of the Catholic girls' school in this town. The leading Catholic ladies have the matter in hand and they are busy this afternoon getting the Wailuku Townhall in readiness for the reception of the many hundreds who will turn out this evening to help the good cause.

The Kahului Young Men's Club will give a dance at their hall next Saturday, October 22.

## DELEGATE KUHIO IS GUEST AT DINNER

### Maui Officials Gather to Honor Head of Republican Ticket.

(Special Bulletin Correspondence.)  
WAILUKU, Maui, Oct. 15.—Assessor and Mrs. J. H. Kuewa gave a little pot dinner to Delegate Kalaniana'ole at their home on Church street, Wailuku, on Wednesday evening. Among those present, besides the host and hostess and the Delegate, were the following: Rev. Stephen L. Desha, the prince of Hawaiian orators; Hon. A. N. Kepoikal, Judge J. W. Kalua, Supervisor T. B. Lyons, County Attorney D. H. Case, Clerk E. H. Hart, Auditor Chas. Wilcox, Sheriff Clem Crowell, Captain of Police Chas. Lake, and Miss Mary Hart, who was accorded the post of honor on the right of the Prince.

Mr. Lyons proposed a toast to the Prince and ended by saying that he wished the Prince success. The Prince responded. The host and hostess were toasted by Judge Kepoikal, while Mr. Case offered the final one of the evening to his Hawaiian friends. When the Prince and party arose to start for Waihee that evening, where he was scheduled to make a speech, the ladies sat down and enjoyed their part of the luau as much as did the men. The following ladies sat down: Mesdames' Fannie Kuewa, Rosalie Lyons, Esther Crowell, Hana Hart, and Mossman.

### PERRY DAVIS' PAINKILLER

A feeling of security comes by having this famous remedy on hand. It is a dependable safeguard against colic, diarrhea, cramps, 25c, 50c and 50c bottles.

### LEGAL NOTICES.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii.—At Chambers, In Probate, in the matter of the Estate of Pierre Marie Lucas, Deceased. On reading and filing the Petition and Accounts of Emma Josephine Lucas, of the City and County of Honolulu, Territory of Hawaii, executrix of the Will of Pierre Marie Lucas, late of said Honolulu, deceased, wherein she asks to be allowed \$476.25 and charges herself with \$78.75 and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in her hands to the person thereto entitled, and discharging her from all further responsibility as such executrix; it is ordered, that Wednesday, the 2nd day of November, 1910, at 10 o'clock a. m., before the Judge of said Court at the courtroom of the said Court at Honolulu aforesaid, be and the same hereby is appointed as the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted. Dated at Honolulu, T. H., this 27th day of September, 1910. By the Court: M. T. SIMONSON, Clerk. Holmes, Stanley & Olson, attorneys for petitioner.  
4734—Sept. 27; Oct. 4, 11, 18.

**TWO K'S, KAOO AND KING,  
MEET IN RACE ON SUNDAY WEEK**

**MAN FROM COAST DID GOOD RUN YESTERDAY AT BOY'S FIELD—SOLDIER SPRINGS ALONG IN GREAT STYLE. KAOO WOULD DO BETTER OVER MARATHON DISTANCE.**

Everything is going off well in connection with the big fifteen-mile race between Soldier King and Antone Kaoo. As announced in yesterday's Bulletin, the event will be run off on Sunday week, and it will take place at the Athletic Park, which has been secured for the purpose.

As regard the chances of rain falling, King yesterday remarked: "Well, if Kaoo can run in mud, so can I. Cross-country races are pretty tough propositions as regards mud, and I've done a good deal of that." The man from the Coast astonishes the people who meet him. He is so small and light that one wonders where he stores the energy which he undoubtedly possesses. Weighing but 114 pounds, and being so short in stature, it is a puzzle to most people how he strides along as he certainly can. He springs along in a fashion that makes it appear as if he were built of piano wires.

**Different Styles.** Two more different styles of runners than Kaoo and King can hardly be imagined. Everybody knows how the old Waialua Horse glides along mile after mile at the same rate of speed, and many the follower of running who has wondered how on earth the old fellow does it.

Kaoo has a sprint that, even after going ten miles, is as fast as most runners can get up when starting fresh. The old fellow has shown what he can do over the full-Marathon distance, and also over a ten-mile course. It will take a good man to beat him over the fifteen-mile course, but there are many who would like to see the old "horse" race King the full Marathon distance.

The two "Ks" will certainly draw a big crowd to the park, and as King is a pretty shrewd man, the affair should be a success from every point of view. The soldiers from the different branches of the service will be sure to be present in force, and the whole bunch will be broke for six months afterwards if King loses.

All Hawaii will pin its faith on Kaoo, and the result should be a race that will be remembered for years to come. The finish between Kaoo and Tsukamoto about a year ago at the Athletic Park was sensational enough for anything, and the race on October 29 promises to be just as good.

**Real Marathon Better.** Kaoo would appear to have a better chance of defeating King over the full Marathon distance, and it is to be hoped that, no matter how the shorter race goes, that the two men will be brought together over the 26 miles 385 yards distance. Anyone who saw Kaoo run the Marathon distance, without once stopping for a drink or a rub-down, must feel that he will take a wonderful man to beat him.

Yesterday afternoon at the Boy's Field, King did a five-mile run that was as good as has ever been done in Hawaii. The little fellow cut out the distance in 29 1-2 minutes and, consequently, averaged under six minutes to the mile—if the track is measured right.

King has a taking style of running, and he bounds along as if the weight he has to carry is nothing—114 pounds is not much, anyhow. He is a wonderful human machine, and, seemingly, does not get warmed up properly till he goes a few miles at a rattling fast pace.

**Jackson Present.** Nigel Jackson, hero of three Marathons, second in two more, and third in the sixth race, was also on deck. The Marathon Kid tried a lap or so with King, and then adjourned to fix up the track. If Jackson were only in anything like the condition he was when he romped away from everyone—including Kaoo—at the league grounds long ago, he would surprise a lot of people who were not in the country when he was in his prime.

It is probable that Jackson will get a match with King over some distance, and then it will be seen

that the New Zealander is not all talk, as some people seem to think. The race between the Waialua Horse and King should be the greatest athletic event of years, and it is being spoken of everywhere. Should Kaoo win, there will be a great scene of excitement for sure.

**Sprints on Program.** Besides the fifteen-mile race between the two champions, there will be a program of sprints pulled off. In fact, the races that were scheduled for last Sunday will be run, and an opportunity will be given to see Bill Rice and Pat McDonagh go up against one another for a hundred yards.

The 220 and half-mile will also be run, and those events should attract a big crowd. Lots of people want to see the fastest men in the Territory at work over the short distances, and there is no doubt that all Honolulu will back Rice to win.

**WHITE IS BEATEN AT CHESS BY JUDGE**

**Ballou Takes Two Games from Young Champion.**

Last night at the Y. M. C. A. Judge Ballou defeated J. W. White in two games of chess. The struggle was watched by a big crowd, and the moves were duplicated on a board that everybody could see. Dr. A. N. Sinclair refereed the game and also showed the moves on the large board.

The first game lasted one hour and a quarter, and White was checkmated on the twenty-second move. In the second game White got into such a bad position that he had to retire. The tourney will be continued till one man has taken four games from the other. The next game will be played at the University Club on Thursday evening; play will begin at half-past seven o'clock, and if Judge Ballou wins two more games the tourney will be finished.

**DOTS AND DASHES.**

CINCINNATI, O., Oct. 9.—The world's record for the long-distance throwing of a baseball, that had stood for 26 years, was broken at the field day between the Cincinnati and Pittsburg National League teams here today, when Sheldon Lejeune of the Evanville club of the Central league threw the ball 426 feet 6 1-4 inches, 25 feet 10 3-4 inches over the old record. The previous record was made by Tom Hatfield and was 400 feet 7 1-2 inches. In the field events that followed Pittsburg was unable to carry off any honors. In two events the visitors succeeded in getting ties, but were outdone in the finals.

Harry Godfrey, the well-known athlete of Kamehameha Schools, is city editor of the Tri-Weekly Handicraft, which is issued by the schools at the schools. The paper is well gotten up and is full of good stuff. A full page is given to sports, and some interesting dope is to be found in it. A press club has been formed, and Managing Editor A. Hottendorf is the president of it. Good luck to the school sheet!

Conrad Hubbenetti, quartermaster of the Hiltonian, is a good all-round athlete, and he says he is going to Sweden in 1917 to compete in the Olympic sports. Hubbenetti is a champion high diver, and at the Heanani bathhouse did some fine stunts yesterday.

Harold, eldest son of Senator Reed Smoot, recently married Miss Alice Nibley in Salt Lake City. They will live in Washington.

PARIS MEDICINE CO., St. Louis, U. S. A.

**TENNIS.  
CHANGES AT  
BERETANIA**

**MAUKA FENCE IS BEING SHIFTED BACK**

More Space at Ends of Courts. Clubhouse Is to Be Re-painted—No Play for Four Days.

For the next four days there will be no tennis on the Beretania courts; the mauka fence is being moved back ten feet, and that means that the whole courts will be shifted five feet further mauka. This will prove to be a great advantage, and the extra room will be much appreciated by players who have in the past, gone up against really fast servers.

The courts will also be re-surfaced, and that will make a great difference also; the top dressing was getting a bit rough, and the fixing of it up will be a boon. The clubhouse will also come in for its share of improvements, and a fresh coat of paint will add to its beauty. In fact, as President Bockus remarked this morning: "The whole place will be fixed up in real 1915 style."

The Beretania club has always been very popular, and the membership list remains absolutely full all the time. The courts are good ones, and many tournaments are brought off there every year. Some of the world's best players have shown what they can do with a racket on the courts, and men of the caliber of McLaughlin, Long and Parker, have played there.

The Wall cup play will be starting up again soon, and there will be the usual interest shown in the tournament. Then there is talk of a match between young Eklund of Ewa and Atherton Richards. These two young experts would put up a great game for sure.

**ROWING.  
THREE CREWS ARE READY**

**RACE WILL BE ROWED ON SUNDAY**

**New Men Showing Up Well—Shell Race Should Be Fine Event—Many Swimmers in Training.**

Down at the Heanani Boat Club all is bustle now-a-days, and three shell crews are in active training for the race which is to come off next Sunday. It will be a two out of three event, and three crews will compete in it. The lads have been hard at work for some time now, and the result is that all the oarsmen are shaping up in fine style.

One crew will use the Olympic boat, and the other two will be seated in the Australian lap craft. The lads are all rowing a fine even stroke now, and the improvement shown is marvelous. Lycurgus is a new man at the game, and he is doing good work; Grace and Turner also are new, and they are doing just as well as Lycurgus.

The crews that will race are as follows: No. 1—Barry, Longley, Lightfoot and Lycurgus. No. 2 Boat—Cunha, Brown, Mayne and James. No. 3 Boat—Kamakow, Hamakua, Grace and Turner.

Rowing has revived a lot lately, and the interest in the sport is being well sustained by the impromptu races that are being rowed. The members are also going in for swimming a lot, and pastmasters in the art, like Bill Kinstea and Bosun Johnson do great stunts every afternoon.

Robert Alphonso Taft, son of the President, who graduated from the Yale academic department in June, will enter the Harvard law school this fall.

Weekly Bulletin \$1 per year.

**TROTTING.  
UHLAN MAY DO BETTER STILL**

**CHAMPION IS THOUGHT TO BE EVEN FASTER**

Trotter Did Not Have Help of Wind Shield as Lou Dillon Did When She Broke the Record.

When Uhlán stepped a mile at Cleveland recently without a wind shield in 1:58 1/2, he became in reality the two-minute trotter which the harness world has been anticipating for the past decade. This performance, within a quarter second of the mark set by Lou Dillon with the artificial aid, eclipses in quality her mark of 1:58 1/2, which has stood since 1903.

Critics who were present at North Randall say the handsome black has not reached the limit of his speed and predict a lowering in actual time of the record of the trotting queen and that without the windbreak. Uhlán's recent feat of reeling off a mile to wagon in 2:01, also without wind shield, gives to Mr. Billings' trotter the two most coveted honors of the trotting turf.

That the New York sportsman, formerly a Chicagoan, drove Uhlán in the first of his record-breaking performances, is an honor merited by his devotion to the sport which has prompted him to spend the money necessary to secure performers which possessed the ability of Lou Dillon and Uhlán. That Mr. Billings personally will take another tilt at "time" behind the new champion is the prediction of those who know his love of the sport.

It is worthy of note in considering the future of Uhlán that Mr. Billings does not campaign his valuable string for profit. Therefore, if the great gelding possesses any greater possibilities for time annihilation they will receive every consideration unhampered by contemplation of what the earning capacity of the horse might be for exhibition purposes.

Uhlán's rise to fame has been rapid. Less than two years ago he started in his first race in the 2:20 class at Boston, and a little more than a month later gained a record of 2:07 3/4 at Columbus. He trotted four races in this first campaign winning them all. In his first race last season at the Cleveland grand circuit meeting his record dropped to 2:03 1/2, and two weeks later he was finishing heads apart with Hamburg Belle in 2:01 1/2, after having trotted a long mile on the outside of the mare from start to finish.

When the two matchless trotters met again a fortnight afterward in Boston, Uhlán defeated Hamburg Belle decisively on a slow track in 2:04 1/2 and 2:03 1/2. He could outscore her, outfinish her and outfoot her at every spot and place, and Mr. Billings after seeing this performance paid \$25,000 for the horse. Starting to beat his record at Columbus shortly after this race, Uhlán trotted in 2:02 1/2. This was his last appearance in public until Mr. Billings drove him a mile in 2:01 to wagon at Cleveland.

Charles Sanders, a Boston merchant, who bought the horse from his breeder, A. H. Parker of Bedford, Mass., developed his speed in amateur races over the Readyville track. He was trained and driven in his public races last year and in 1908 by Robert Proctor, a Boston trainer. When Mr. Billings bought Uhlán he passed into the hands of Charles Tanner, a pupil of John Splan, who has long had charge of Mr. Billings' matinee and speedway trotters and who is known as one of the best conditioners and caretakers in the country.

Uhlán's sire, Bingen, 2:06 1/2, is a son of May King, 2:20, by Electioneer, Blonde, the dam of Uhlán, was by Sir Walter Jr., 2:18 1/2, a grandson of Aberdeen, formerly owned by Major S. T. Dickinson of New York, who by a singular coincidence also owned the dam of Hamburg Belle. The granddam of Uhlán was a Kentucky saddle mare by Black Eagle, a Morgan bred horse.

The best time ever made by any other trotting horse without the aid of a wind shield was the 2:01 of Lou Dillon at Memphis on November 11, 1904. Her best record with the aid of a wind shield was 1:58 1/2. Performances made in this way are no longer recognized by the National Trotting Association.
