LOCAL STOCKS IN 'FRISCO

REPORTED HEAVY DEMAND FOR HAWAIIAN SECURITIES.

Local Brokers Say There are No Stocks on Sale at the Coast Except Those Listed on the Board.

Letters received by the Alameda from parties interested say there is a big demand for Hawaiian securities in San Francisco, but there are none to be had in the market. That since the annexation of the islands there has been a constantly increasing inquiry concerning Hawaiian sugar stocks, and a knowledge of the large dividends paid has already caused a considerable demand for them. One gentleman, who had a few Hawaiian stocks, writes that he had sold them all at a good profit and was coming down to buy more. That he did not come on the Alameda was because he could not secure proper accommodations. Other reports say that some \$300,000 of Hawaiian securities have been disposed of lately, in San Francisco, not including Hawaiian Commercial, Hana and Hutchinson.

A prominent local stock broker who has San Francisco connections, when questioned about the matter today, said: "I don't believe there is anything in it. There is no speculation in San Francisco in Hawaiian stocks except in the three that are listed on the stock board. I know pretty much where all the stock has gone to that has been sold since the local board went into operation and beyond one lot of thirty shares of Oahu that I bought for a Honolulu man now in San Francisco the sales are all for local account. There may have been a few private sales of isolated stocks between friends but no such amount as \$300,000 has changed hands there. There will be no speculation in Hawaiian securities in San Francisco until they are regularly listed on the board there. I only wish there was."

STOCK EXCHANGE.
There were no sales made on the Exchange this morning nor no exchange board sales reported.

Bids of 142½ for Oahu assessable and 157 for Oahu paid up were made but found no sellers.
Asking prices for other stocks were: Ewa, 230; Hawaiian Sugar, 175; Honolulu, 310; Honokaa, 350; Kahuku, 140; Kipahulu, 110; Oahu assessable, 145; Olawalu, 130; Paia, 230; Pepeekeo, 205; Pioneer, 385; Wailuku, 285; Waimanalo, 195; Wilder Steamship, 120; Inter-Island, 155; Hawaiian Electric, 202½; Mutual Telephone, 144.

BIG CUSTOMS RECEIPTS.
Collector Jackson of San Francisco reports the receipts of the custom house for the month of September as \$469,684.79, which is nearly \$200,000 more than the receipts for September, 1897. The receipts for one day were \$50,000. The increase is due to the advanced business prosperity of the country under Republican administration.

SIGNED THE DECREE.
In the equity case of Melekina and Kaluna and others against Hana Kuoha and her husband, defendants, a bill to set aside a deed, Judge Perry has signed a decree ordering and adjudging that the deed in question be cancelled and set aside forthwith to execute and deliver to plaintiffs a deed of five-sixths interest in the lands in question.

RESEARCH CLUB.
The Young Men's Research Club will hold its opening meeting of the season tonight in the parlors of Central Union church. A. P. Taylor will read a paper on "Government of the District of Columbia"; W. C. Parke one on "Government of United States Territories," and A. A. Hobson one on "Government of English Colonies."

SENT TO REFORM SCHOOL.
Pa Pal, a young native boy, was sent to the reform school for six months today by the police judge.

MESSANGER SERVICE.
Honolulu Messenger Service delivers messages and packages. Telephone, 378.

FINEST CHOCOLATE CANDIES.
They can be obtained at the New England Bakery. Fresh chocolate marshmallow drops, chocolate cordials, chocolate walnuts and other chocolates.

We take pride in turning out only the very best of work and will call for and deliver it to any part of the city.

Pearson & Hobron
312 Fort Street. Telephone No. 565
Opposite Lewers & Cooke's.

STILL MORE STEAMERS

NORTH GERMAN LLOYD INVADE THE PACIFIC.

Asserted That This Big Company will Put on a Line Between the Coast and Manila.

The North German Lloyd Steamship Company is going to run a line of steamers between this or some other California port and the Orient, says the San Francisco Bulletin. The company has not yet decided whether the line shall be operated from San Francisco or a port south of here. Dr. Weigand, general manager of the big corporation, is in the city overlooking the ground, but has not yet reported to his office the result of his investigation.

For some weeks past there has been a rumor in business circles that the steamers of the German company were to sail from here, but only the agent of the concern could give any information, and this he refused to do. It is pretty generally understood however that a number of responsible business houses have been approached and requested to give their opinions of the feasibility of putting on first class boats from here to Honolulu, Japan and Hongkong.

Mr. Herman Oelrichs is agent for the North German Lloyd in this city. Dr. Weigand and his party are the guests of the gentleman. Neither Dr. Weigand nor Mr. Oelrichs care to discuss the subject of the line, but it is learned from other sources that the corporation will certainly put on two, and perhaps three steamers, and the only question that is to be decided is, at which Pacific coast port the company's offices and docks will be located.

The North German Lloyd Steamship Company is one of the largest and most prosperous steamship companies in the world.

Two large steamers are being constructed in Europe for the Lloyd line, and when the vessels are completed it is surmised that the new ships will be placed on the route between Bremen and Hongkong, and two of the ships now operating on that branch sent to the Pacific coast. There are at present four vessels plying between Bremen and the Orient.

The annexation of the Philippines or even the retention of a port of entry at Luzon, would mean the establishment of a number of lines of steamers between Pacific coast ports and Manila and Hongkong.

THE SALVATION ARMY.
Captain and Mrs. Merriweather are Now in Charge Here.

Staff Captain and Mrs. Merriweather have just arrived in Honolulu as the successors of Adjutant and Mrs. Simonson, in charge of the Salvation Army work on the islands. They are both experienced officers, having for a number of years had charge of the army work in some of the largest cities in the states; also having had charge, as district officers, of the work in Florida and Georgia, and for three years of the Connecticut and New York division. Their last command in the states was of the California Young Men's Training School, located at Oakland. A grand public meeting will be held in the Salvation Army hall on Sunday, at 8 p. m. Miss Viola Monroe, who helped to open the army work in this city, will be present, and will render some of her beautiful songs. The staff captain and his wife are good singers, as well as being very interesting speakers. All are invited to attend.

DISILLUSIONED.
Business in Porto Rico is reported at a standstill owing to the fluctuations of the local currency just at the time the planters need money for their crops. They are offered mortgage loans at 18 per cent interest, but they can do nothing until the rate of exchange is fixed. This government's fiscal agents believe that it should be about two for one, and will probably report on the subject to the treasury department. The fiscal agents also say that many of the speculators who flocked to Ponce are returning to the United States disillusioned and convinced that the island is not an Eldorado. So Hawaii is not the only place where the ardent speculator gets disillusioned.—Bradstreet's.

PEERAGE FOR KITCHENER.
LONDON, September 26.—General Sir Herbert Kitchener has been elevated to the peerage.

Rob Roy!
A little beauty, \$250.
McNERNY'S SHOES.

WHY NOT BUY A SINGER?
You want a sewing machine? Then why not buy a Singer; there has been more of them sold than any other make. They wear longer, run lighter and do better work than any other make. They have never been a cut price machine, the workmanship on the Singer will not admit of cut prices. A few dollars in the original cost between a good machine and a poor one counts for nothing. B. Bergerson, agent, Bethel street.

SHIPS THAT DEWEY SANK

THEIR CONDITION DESCRIBED BY A MONTANA MAN.

Life in Garrison at Cavite—Insurgents Starving Their Spanish Prisoners and Getting Troublesome in Manila.

An officer of the First Montana infantry writes to a friend here from Cavite under date of September 31st: "The Manila fight was over before we arrived. We found six troops of the Fourth cavalry, the South Dakota regiment and a battery of the Sixth artillery stationed here, but the Dakota regiment was sent to Manila today, as the insurgents are said to be getting gay there, and the cavalry went to Subig Bay yesterday. We have lost three men since landing, but none on board ship. It is very warm here and although this is the rainy season we have seen very little wet weather. The town of Cavite is simply a dirty Asiatic bunch of adobe and stone roosting dens. The natives are filthy and dirty. We are quartered in the barracks and buildings formerly occupied by the Spanish soldiers and officers. Our battalion was first ordered to quarters in a lot of old wet casemates but an appeal was made to the commanding officer and we were given houses in the town, so we all sleep upstairs now. Some of the men were coming down with malaria from the wet casemates and sleeping too close to the ground, but the general health is good now.

"We have about 12,000 Spanish prisoners in Manila. The ships Dewey sank lie in the bay with spars and upper decks only above water. There seem to have been some good ones among them. The Christina carried eight breech loading rifles of about seven inch calibre. All the ships now show evidences of fearful punishment. One that lies about 300 yards back of my quarters has her guns standing on end and the gun shields knocked clean loose. The dead on board smell pretty loud when the tide is out.

"The insurgents have two posts in Cavite and have some Spanish prisoners who, I think, are being starved. They look like it. The insurgents I have seen don't amount to much. I think we could handle a couple of regiments of them out of town in an hour. I suppose you are all under the Old Flag, but we have no news of it yet. The mosquitoes here are awful and monkeys sell for 50 cents each."

CHINESE CONSULATE.
The Chinese Consul Yang Wei Pin has secured the Maerten property, just Walkiki of Thomas Square, between Young and Beretania streets, and as soon as it is made ready for him will be his residence and the Chinese Consulate. This will probably be in about two weeks. The house is a large one and the grounds extensive.

In the meanwhile the rooms of the United Chinese Society on King street near Nuuanu have been tendered and accepted as the Consulate. Wong Kwai and Goo Kim Fui are the vice consuls.

BOARD OF EDUCATION.
At the special meeting of the board of education yesterday afternoon the committee on teachers, to which, with Mr. Von Holt, had been referred the matter of Professor Hilt's suspension, unanimously reported exonerating him from the charge of neglect of duty. The committee found that Professor Hilt had not only not neglected his duty, but had arranged a course of study in drawing for all the schools, preparing written instructions for the teachers, besides holding teachers' meetings for oral instruction and consultation every week. Under his direction drawing was now taught in more schools than ever before.

The report was adopted.
S. R. Dowdle was given a position in the Paauilo school.
Inspector Townsend's recommendation to raise the Ulupalakua school to the fifth class was adopted.

A REPLEVIN SUIT.
In the replevin suit of K. Lazarus vs. Joseph O. Carter, recently decided by the supreme court an order has issued to the district magistrate to take cognizance of the same and carry out the provisions of the decision.

CONTEMPLATED IMPROVEMENTS.
Our store front is to be improved soon.
We are making room.
FAIRCHILD'S SHOES.

PHOTOGRAPHS OF HONOLULU.
Cyril O. Smith's new Honolulu photographs may now be obtained at the Woman's Exchange.

FRESH IMPORTS.
By the S. S. Australia, Camarinos received cherries, rhubarb, asparagus, celery, cauliflower, fresh salmon, crabs, flounders, oysters (in tins and shell), apples, grapes, figs, lemons, Burbank potatoes, pure olive oil, dried fruit, new crop of nuts, raisins, etc. California Fruit Market, King street.

OPEN TO CONVICTION.
Anyone who is open to conviction as regards the merits of different makes of bicycles are requested to call at our salesrooms and allow us to explain why the STERLING is the best wheel on earth. Pacific Cycle and Manufacturing Company, agents.

CLOSE ON TWO MILLIONS

INVENTORY OF THE ESTATE OF THE LATE T. H. DAVIES.

T. R. Walker and F. M. Swanzy Appointed Administrators Under One Hundred Thousand Dollars Bonds.

In the probate division of the circuit court this morning Thomas Rain Walker and F. M. Swanzy were duly appointed administrators of the estate of Theophilus Harris Davies, deceased, under bonds of \$100,000. The petitioners were present in court with their attorney, Cecil Brown, and there was no one to contest the proceedings. The usual proof of the will was made and it was duly admitted to probate and the inventory filed.

The inventory foots up \$1,794,682.92, of which \$54,270 is real estate, and \$1,740,412.92 is personal property, as follows:

REAL ESTATE.
Land and residence in Nuuanu valley, \$25,000; land and residence at Waikiki beach, \$4,000; land and houses on Lanialoa street, \$5,500; land and houses on Green street, \$9,000; land and houses on Thurston avenue, \$4,000; land on Thurston avenue purchased from the government in May last, \$2,270; half interest in land at Puhuehu, Kohala, Hawaii, \$4,500. Total, \$54,270.

PERSONAL PROPERTY.
Two hundred and fifty shares Kahuku, \$22,500; 1,500 shares Hamakua Mill Co., \$150,000; 2,500 shares Waiake Mill Co., \$250,000; 5,000 shares of Laupahoehoe Sugar Co., \$500,000; 250 shares Union Mill Co., \$20,000; 30 shares Oahu Plantation, \$65 paid, \$1,950; half interest in Beecroft plantation, \$5,000; half interest in Kukaia mill, \$60,000. Total, \$709,450.

Five hundred and twenty shares of Honolulu Iron Works, \$52,000; 6,055 shares in Theo. H. Davies & Co., \$605,500; 60 debenture bonds of same, at \$5,000, \$300,000. Total, \$957,500.

The balance of the personal property includes \$52,792.92 cash in the hands of T. H. Davies & Co., a mortgage on the half of the Kuhua ranch, of \$20,000; 20 shares of Mutual Telephone stock, and 3 shares of the Pacific club, besides items of furniture and leaseholds.

DANFORD-MULLINGER.
Coming Wedding to Take Place at Paauilo, Hawaii.

Lady Herron leaves for Hawaii on the Oceana today to be present at the wedding of her son, Harry Danford, to Miss Mullinger, niece of Ex-Senator Charles Notley. She will be accompanied by her daughters, Mrs. W. L. Stanley and the two Misses Danford. The ceremony will take place at Paauilo next Thursday and will be quite a society event. Rev. H. C. Tompkins will be the officiating clergyman.

CUBA SUGAR FOR NEW YORK.
A New York paper of September 24 says: "An interesting incident in the sugar trade is the announcement that 16,000 tons of sugar are being exported from Cuba this week. This is the first export since the war was declared with Spain."

THE HAWAII JUDGE.
Gardner K. Wilder and Carl Smith of Hilo and George A. Davis, Lyle A. Dickey, George de la Vergne and George D. Gear of this city are mentioned in connection with the vacancy caused by the death of Judge Hitchcock.

MILITARY ORDERS.
By orders received yesterday on the Alameda, General King and all the troops in Camp Otis will go to Manila on the Arizona which is now on its way from there here. The military district of Hawaii will be discontinued and Colonel Barber will be in command of all the forces here.

AROUND THE ISLAND.
Captain Hitchcock's command of the New York regiment got back to Camp McKinley this morning from their trip around the island. They report a most enjoyable outing.

FOR JUDGE HITCHCOCK.
The flag over the Judiciary building is at half mast today by order of the chief justice in memory of the late Judge E. G. Hitchcock. There was no session of the supreme or circuit courts yesterday for the same reason.

A GUARDIAN'S ACCOUNT.
J. A. Magoon has filed his account as guardian of George Iuko, a minor, showing that he has received \$221.32, paid out \$29.50, and has \$191.82 on hand.

MONEY FOUND IN HONOLULU.
One of the most pleased men in the city, judging from the smile on his face, was heard to remark "The money I have saved by trading at L. B. Kerr's is just like finding it."

PARTICULARLY CHOICE.
The hats and bonnets to be exhibited at Sachs Dry Goods Co.'s Autumn millinery opening, tomorrow and the following days, will far exceed any past shows. Exclusive styles and superb colorings will be very much in evidence, and the whole collection will be found particularly choice.

HOT FOOTBALL TOMORROW

THE PENNSYLVANIAS AND TOWN TEAM PLAY.

Line Up of the Local Eleven—Soldiers Have Some Crack Players—Cricket Pau for the Present.

An exciting game of football may be expected tomorrow afternoon. The men from Pennsylvania have some players with big college reputations. They have been practicing and have the prestige of their state and military organization to sustain. Their comrades in arms are interested and the Pennsylvania eleven may be counted on to do good work.

The town team are going to fight for victory. They are on their mettle and will employ their best tactics. The line up of the town team is as follows:

Center, Houghtaling; right guard, H. Cockett; left guard, L. Cockett; right tackle, Prince Cupid; left tackle, J. Lane; right end, A. Lawrence; left end, D. Koff; quarter back, G. Waterhouse; right half, Sam Johnson; left half, Walter Camp; full back, Louis Singer.

The game will be played at the old baseball grounds at 4 o'clock. A very large attendance is expected. A great many of the soldiers will be there.

Tickets can be secured at the gate. The cricketers are not going to play any more cricket until the British man of war expected by the first of the year, at the latest, arrives. They do not wish to clash with the football players, for many of the cricketers play football. Besides there has been a season of twenty-two months of cricket, and it is felt that a break in continuous play will be beneficial.

Following the season of College Association football there will be a season of the Rugby game. Three teams have already been organized, the Iolani College team, the Town team and the Regiment team.

WORKMAN INJURED.
B. Kalua employed by the Honolulu Iron Works, met with an accident this morning that sent him to the hospital. He is employed in the machine shop, but went into the pattern shop. His arm caught in a band saw and was severely injured. He was taken to the Queen's hospital.

LAST OF THE MOHICAN.
The Mohican, one of the old time relics of the navy has been ordered out of commission, and it is more than probable that she will go to sea no more. The navy in general will be glad of it, for a man took more chances in going to sea in her than he did in going to war in one of the new craft. The Mohican has seen much service, but many years ago she was a back number. There is no room for her class in the new navy. A board of survey has condemned her boilers, and in a few days she will be relegated to Rotten Row. Her crew will no doubt be sent to join the Asiatic fleet.

NEW LUMBER SCHOONER.
EUREKA, Cal., September 27.—A new four-masted schooner was launched today at Fairhaven from H. D. Bendixen's ship yard and christened the James H. Bruce, as a compliment to the well known underwriter, Captain Bruce of San Francisco. The vessel has been built for the coast lumber trade, has a capacity of 600,000 feet, cost \$30,000, and is the one hundred and second vessel launched from this yard.

Drive away the blues and be happy. Gramophone will do it. Wall, Nichols Co., agents.

JUST IN TIME.

Arrived. Per stmr. Mikahala, from Kauai, October 14—O. P. Emerson. Departed. Per S. S. Alameda, for the Colonies, October 13—Allan Jones, W. Smith and wife, Fred Turrell.

KITCHENER COMMENTS.

LONDON, September 30.—The Gazette today prints General Sir Herbert Kitchener's report of the Omdurman expedition. The Sirdar praises his subordinates, naming several hundred of them. He warmly commends the commissary, medical and transportation departments, and the "excellent rations which were always provided and kept the men strong, healthy and fit to endure all the hardships of an arduous campaign, enabling them at a critical moment to support exceptional fatigue, continuous marches and fighting for fourteen hours during the height of a Soudan summer."

COURT NOTES.

In the libel of Russell Colegrove against the steamship City of Columbia in which libellant obtained judgement for \$1,000, his attorneys have filed an amended notice of appeal.

In the matter of the estate of Louis R. Rosa, a minor, an affidavit of Robert Grieve has been filed relating to the posting of certain notices.

THE WORLD'S EXPORT TRADE.

A translation of an article in the Antwerp Journal of Maritime Interests gives figures of the export trade of leading nations of the world for 1896, as compared with 1872, 1890's omitted, as follows: Countries. 1872. 1896. England \$1,335,000 \$81,422,000 United States 430,583 1,050,692 Germany 559,700 994,692 France 726,066 656,393 Russia 270,586 513,908 Austria-Hungary 250,900 369,016 Belgium 193,000 283,324

VEGETARIANS AHEAD.

Vegetarians came out ahead in a recent 100 kilometer (64 miles) walking match at Berlin, with a time limit of 18 hours. Out of 22 competitors, 8 of whom were vegetarians, only 6, all vegetarians, covered the distance in the time specified, the winner finishing in 14 hours and 15 minutes.

FLINTS STILL IN USE.

It may surprise you to hear, says a New York Herald contributor, that, in spite of the millions of modern guns and rifles nowadays turned out, the ancient flintlock is not quite a thing of the past. There is still in England at least one manufactory of flints for this use. The flints are all made by hand, being placed on the operator's knee and chipped with a hammer to the proper shape. Of course a number of these flints are used for fire making. These go principally to countries like Spain and Italy, where the duties on ordinary matches and wax matches are so high as to convert them from the absolute necessity that they are in Great Britain and the states to a positive luxury, so that flint and steel are used.

THE Hawaiian Fertilizing Co.

Is prepared to furnish Nitrate of Soda, Bone Meal, raw or dissolved, Florida and Lady Elliot Island Guano Sulphate of Ammonia, Murate and Sulphate of Potash and Kainite, Coral Lime Stone and Manures. In quantities to suit.

Beautiful Living.
Finds expression on the table, in cut glass, fine china, artistic designs wrought in gold and silver, but refined taste demands in addition a great variety of foods delicately served.
We have foods from most everywhere; from wherever there is good food.
Our experience of a quarter of a century teaches us whence best foods come and how to get them, and at what season of the year.
Manufacturers and producers in all lands know us as buyers of novelties and constantly send samples of new foods.

KANSAS GREET'S OUR ROSE
JOURNEY TO TOPEKA A ROYAL PROGRESS.
The Sunflower State Goes Wild Over the Daughter of Hawaii, Their Chosen Carnival Queen.

TOPEKA, September 29.—Miss Anna Rose of Hilo, Hawaii, who is to officiate as Queen of Carnival, arrived in Topeka on the Santa Fe at 4:25 p. m. yesterday. She was given an ovation such as no other person ever received in this city, not excepting even Blaine, Harrison, McKinley and other personages who have honored Topeka with their presence.
Every available foot of space around the depot was occupied and Fifth street was packed for two blocks both ways, Sheriff Cook and Marshal Strauss, with their assistants, had to use force to get the people into the side streets to make an outlet for the carriage of the Queen and her attendants.

People thronged the streets along the line of march all the way to the home of Mr. and Mrs. W. W. Manspeaker, 100 Harrison street, where the queen is to stop during her sojourn here, and everywhere the greatest enthusiasm was manifested.
At the Manspeaker home she found a beautiful canopy, stretching from the street to the house, and a carpeted walk in her honor.
Miss Rose's arrival in the city was announced by the booming of cannon, the ringing of bells and the tooting of whistles. The train was 25 minutes late, and the crowd became quite restless, but did not diminish. On the contrary, it continued to grow.

Last night Miss Rose was given a public reception in the state house that, in point of attendance, was perhaps as notable as any reception ever held in Topeka. For almost three hours the state house was a Mecca for thousands.
No estimate of the size of the immense throng that passed Miss Rose during the evening would be thoroughly reliable. There were five thousand at least. Perhaps there were twice that number. For an hour after 8 o'clock the crowd surged into the reception room four abreast, Miss Rose could, of course, make little effort at handshaking until the crush was over, and most of those who passed through the senate chamber during the first hour caught but a mere glimpse of her.

Miss Rose's journey all through Kansas was a triumphal procession. At almost every town the whole population turned out with brass bands and reception committees to greet her.
During her stay in Topeka she will be the recipient of many social attentions. A great many dinners, teas and receptions in her honor have already been arranged.

TOPEKA, September 30.—At the coronation of Miss Rose today as Queen of the Harvest Festival the tiara used was the finest ever worn in the United States, over 300 jewels being used in its construction. It contains a profusion of rubies, sapphires and emeralds, with twenty-six pearl pendants. The royal dress was of old gold silk, the waist being trimmed in rare old lace, real pearls, rubies and emeralds. The skirt was a mass of beads and pearls worked on a silk net over old gold silk. The girdle was of Egyptian pattern used in the production of the play of Cleopatra, and was composed of various hued silks, with a generous sprinkling of jewels. The Queen carried a scepter of gold.

AVERAGE FAMILIES.
The average size of families in Europe is: France, 3.03 members; Denmark, 3.61; Hungary, 3.70; Switzerland, 3.94; Austria and Belgium, 4.05; England, 4.08; Germany, 4.10; Sweden, 4.12; Holland, 4.22; Scotland, 4.46; Italy, 4.59; Spain, 4.35; Russia, 4.83; Ireland, 5.20.

ARMENIAN MYTHS.
Noah's wife is said by Armenians to be buried on Mount Ararat, and the Armenians trace their ancestry back to Japhet in one long genealogical tree. They have a tradition that the Garden of Eden was located in Armenia.

Bailey's Bike Bits
ITEMS OF INTEREST TO BICYCLE RIDERS.
Rubber is very scarce and steadily advancing in price. Bicycle tires and tubes, also carriage tires, are likely to advance in price; 50 cents a PAIR advance already on some tires. NO ADVANCE WITH US.
The 30 inch wheel will not take the place of the 28 inch '99 as advertised by some manufacturers. A canvas of various makers has resulted in an estimated output of from 3 to 10 per cent in 30 inch. "The Cycle Age" says it is a passing fad, like the 30 inch front wheel of a few years ago, and the very low head of this year. Proportionate strength has to be followed out to insure reliability, which gains and keeps the popular favor.
Bicycles will be decorated, and appearance in '99 studied even by those makers who have held back from using transfers, stripping, etc. The demand is for decoration, and Bikes will be ornamented to suit the taste of the purchasers.
BAILEY'S HONOLULU CYCLERY,
23 King street, has good second hand wheels at \$15, with new tires \$20 to \$25. NEW Bicycles \$30, '97 model. The Reliable Stormer Wheels, '98 model, at \$40, guaranteed one year, M. & W. tires.
Repairs of all kinds. Baked enamel and decorations to suit.
One dollar per month keeps your bike cleaned, oiled and punctures repaired; a popular feature, at

Vapo-Resolene
Cures white Whooping Cough, Asthma, Croup, Catarrh, Colds.
Oresolene when vaporized in the sick room will give immediate relief. Its curative powers are wonderful, at the same time preventing the spread of contagious diseases by acting as a powerful disinfectant, harmless to the youngest child. Sold by druggists. Valuable booklet free.
HOLLISTER DRUG CO., HONOLULU, H. I. Agents.

Solid Facts.

We do not profess to sell everything on earth cheaper than everybody else, but when the question is legitimate merchandise in our line we flatter ourselves to be right on top of the heap.

We aim to please.

Our prices are so low that they permit no discount. The qualities we give are the best premium you could ask for.

These are Undisputed Facts.

There is no lever so powerful as plain and simple facts. This is the reason we are making and presenting them to the people every day.

WE WARRANT OUR PRICES TO BE RIGHT.

That is, we absolutely guarantee them at least as low, if not lower, equal all round excellence considered, than can be found elsewhere in Honolulu.

We appreciate our old patrons' constancy, and court the trade of all.

FRIDAY, OCTOBER 14, 1898.

Frank Stockton has evidently been struck by the comical side of the capture of Guam, and under a thinly veiled pseudonym tells the story in his inimitable way. Who would have thought that the campaign would have furnished a rattlingly funny story.

Prejudice has at length given way and a bust of Cromwell, the Great Protector, has been placed in Westminster Hall. Among the rulers of England Cromwell takes the very highest rank; few indeed have been his equals. The qualities of Cromwell were lost sight of in the flood of abuse which royalist sycophants poured forth after his death. Even Sir Walter Scott in Woodstock gives a very prejudiced picture of him. That the bust should be placed in Westminster Hall shows how immensely opinion has changed.

The Russian railways have been borrowing largely in the Berlin money market. Though ostensibly private corporations, they are under the direct control of the government and their securities are supported by a guarantee from the Imperial Treasury. The loans which amount to several million of roubles have been negotiated by the Russian Minister of Finance. The money is to be used for branch lines, especially in the grain producing provinces, but the extra line, which will arouse most interest, is the one which is to connect the Trans-Siberian line directly with the Black Sea. This will give Russia a clear course from the Mediterranean to the Pacific. She will want the Dardanelles more than ever now.

The Indian uprising in Minnesota may be said to be directly due to the action, or rather non-action, of Congress. These Indians were to be moved from their present reservation to another, and it is claimed, a more favorable section. But upon their present reservation they had made permanent improvements and they considered that they should be paid for them. A bill for this purpose was brought in but was dropped, and the present trouble is the direct outcome of this. It will cost the lives of many hundred Indians, of a good many regulars, and will probably entail the destruction of many farms and homes. And it might have been settled by the payment of from thirty to forty thousand dollars.

Strikes are costly pieces of amusement. Recently some statistics have been published showing the losses caused by the Welsh coal miners' strike, which was ended recently. The cost is estimated at \$30,000,000, or \$1,500,000 per week during the period of the strike. Of course in a strike of this sort it is not only the industry itself that is affected, but allied industries and their employes also suffer. For instance, the loss on coal freights alone was estimated at \$7,000,000, and the railroads calculated a loss of \$2,000,000. Then, there was a large loss in seamen's wages and finally, what cannot be calculated, the diversion of the coal trade to other countries. The effect of the strike was to give a decided boom to the American export trade in coal to British Colonial ports. There was talk of a strike here a while ago; it is just as well to see what other strikes cost.

According to the report given to the Board of Education and also from statements made by members of the board, it appears as if there was not a clear understanding as to the duties of the traveling normal instructor. The Legislature never intended that this officer should do inspecting work, but after the inspector general had visited a district, he was to point out to the normal instructor what schools needed instruction and the latter officer would be able to spend a week or more at the schools indicated. The work of inspection has grown so much, that it was considered impossible for the inspector general to do the normal work required, but it certainly never entered the heads of the Legislators that there should be two inspectors. It was the very thing that they wished to avoid. The nor-

mal instructor should follow the inspector general, not precede him.

COLONEL PARKER.

Colonel Parker has been giving his views upon Hawaii to the Chicago Times-Herald. He sums up his estimate of the Hawaiian as follows: "What the native Hawaiians need to fit them to become good citizens of the United States is a thorough going education. I don't mean an education after the old fashioned New England type, for that has signally failed among them. They need an education suited to their environments, and adapted to draw out their best native qualities. To my mind they need an education which centers around manual training and the mechanical arts."

The Board of Education should take these words to heart. Unfortunately the funds available for the purpose of industrial and manual training are not large, only amounting to \$2,000. But even with this a good deal can be done. The introduction of sewing into the schools is being extended, but the aim should be to have no single school without its sewing class, at present there are many without a sewing class.

In dealing with the boys, where it is possible, gardens should be set aside and they should be instructed in the proper cultivation of plants and vegetables. In places where there is no land available for gardening purposes some of the modifications of the Swedish Sloyd system should be used. And here again, there should be no school without a class in some one or other of these pursuits. It is upon such lines that the schools of the future should be developed.

Colonel Parker says that when he came to the Islands he was not an annexationist, but after his visit he is satisfied that annexation was for the best interests of all the people in the country. His visit taught him, as every carefully thinking man must have been taught, that in order that the development of the resources of this country might steadily progress, the only thing required was stable government, and stable government was to be obtained in no other way than by annexation.

What interested Colonel Parker more than anything else, according to his interview, was the opportunity of studying the geological structure of the group, and he seems to have paid much attention to the subject, which later he will work up into a lecture.

To get the views of an intelligent and trained observer like Colonel Parker is very satisfactory, we can learn much ourselves from what he says, and he gives a far better picture of our social, economic and educational conditions than even we can ourselves, and thus instructs the world at large. Colonel Parker's interview in the Times-Herald is one of the best contributions towards an understanding view of the Islands that has been published of late, and certainly there has been a very great deal published and among it a very great deal of rubbish.

THE PERFECT PLOWS

In all agricultural countries it is on a good plow that the tiller of the soil relies for a good crop. We carry all kinds of plows from the large

Sulky Plows

to the smallest

Rice Plows

But it is on our

Plantation

Breaking and

Double Mold

Board Plows.

that we chiefly pride ourselves. These are in use on nearly every plantation on the Islands. Only within the last three weeks we have sold a number of the large plows to take the place of plows from other firms which had been returned as unsatisfactory.

The great advantage of the Perfect plow is that it requires less animals to draw it, and cuts an excellent furrow without digging down.

LAST OF THE FILIBUSTERS

STORY OF GUSTAV LINDQUIST OF THE TILLIE.

The Chief Officer of the Isaac Reed was a Member of the Ill Fated Expedition.

Gustav Lindquist, chief officer of the American ship Isaac Reed, now in port, has the distinction of having been in one of the last, if not the very last, filibustering expedition to Cuba before the war made filibustering expeditions necessary.

He was chief officer of the steamer Tillie, which left New York January 19th last ostensibly for Tampa to freight cattle between that port and Havana. The Tillie was fog bound two days in the lower part of New York bay, and it was not until the 21st that the Tillie really got started. After they were at sea Lindquist was told by the captain, John Berry, for the first time, the real character of the voyage.

The Tillie made for Montauk Point where arms and ammunition, including forty tons of dynamite, were lightered out to her, and a party of sixteen Cubans under John O'Brien, "Dynamite Johnny," came aboard. The Tillie was under the suspicion of the Spanish and American authorities and revenue cutters were on the lookout for her. The arms and ammunition were accordingly hastily put aboard and she sailed without waiting to stow them below. The Tillie left Montauk Point about 1 o'clock in the afternoon of January 22nd. Early next morning the chief engineer reported that she was leaking and that the pumps would not work. She was then about seventy-five miles from Montauk Point and was put about. The Cubans were organized as a bucket brigade, but the weather was bad, the sea rough, the men seasick and they were not very efficient until daylight enabled them to see the water steadily rising in the hold.

The water soon got so high that the fires under the boilers could not be kept going with coal, and kerosene, waste and any inflammable substance at hand was used. Even with this steam could not be kept up continuously and by noon the fires were out and the vessel practically water-logged.

About 1 o'clock the boats were gotten out. There were only two of these, one capable of holding about eleven men and the other not large enough for more than two. The captain and fifteen men got into the large boat, leaving Lindquist, the assistant engineer and five others on board with only the small boat. The men in the boat remained near the water-logged craft till finally some of the men in it got tired of their cramped quarters and the high seas and came back to the Tillie.

During the afternoon the schooner Governor Ames hove in sight and rescued the men in the boat. Then the second mate and a volunteer crew took the boat and came up to the Tillie and took off the seven men who had been left there at first, all the boat could carry in the high seas that raged. Even then it could not come alongside the Ames, but sheltered somewhat under her stern a rope was thrown to the men and they were hauled in one at a time. As the last man was rescued the boat was smashed against the rudder post.

It was pitch dark by this time and the sea so terrible that it was impossible to man another boat to go after the four men still on the Tillie. By daylight the Tillie had gone down, with the steward and three Cubans.

The Ames took the rest of the company to Providence, whence they went to New York, where most of them were arrested, though afterwards released on bonds.

The breaking out of the war soon afterwards probably led to the discontinuance of proceedings against them. Lindquist was not arrested and soon afterwards sailed on the Isaac Reed for this port.

MAJOR HUGH SIME.

Warm Praise of His Conduct From the Ranks.

Private Fred Healy of the First California, writing to the Call about the capture of Manila, says:

"Though there were many officers whose conduct on the day of days entitles them to praise, yet there is one man whose splendid courage, excellent judgment, steadfast perseverance and unwavering determination entitle him to the very first honors of the whole army and who is already beginning to receive the reward of his gallantry in the respect and esteem he is held in by the non-combatant residents and the regular army and navy officers stationed here, both aboard our own ships and those of the foreign nations now stationed here. That man is Major Hugh T. Sime, commanding the Second battalion, who personally led the whole army to success and was the first officer or man to reach the goal. Let this be published, if you cut all else of my stuff, for in doing so you will only be doing justice to a man whose bravery is splendid enough to stand out before the best, but whose modesty would never allow it to be known were it not witnessed and commented upon by others."

Major Sime was a schoolmate and is a warm friend of Deputy Collector J. F. Clay. The latter accordingly feels very proud of this recognition of Major Sime's qualities.

A GREAT FIRM.

The great firm of Schneider & Co., at Creusot, France, is almost as important to the government as a couple of regular dockyards. Since 1839 the firm has built about 170 marine engines for war vessels and 110 engines for merchant ships on ocean, lakes and rivers. The first engine was for the corvette Pluton of 660 horsepower, and it has now in hand the engines of 19,600 horse power for the armored cruiser Dupetit Thonars.

A Tumor Formed

Finally It Broke Inwardly and Discharged

Trouble Began With Dyspepsia and Impure Blood

Thorough Course of Hood's Sarsaparilla Completely Cures.

There is danger in impure blood. Disense and suffering are surely coming to those who neglect this threatening symptom. Read this:

"Gilliam, Missouri.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen:—My troubles began with nervous headaches, which would last me for two or three days. The doctors pronounced my trouble dyspepsia, but they could not do anything for me, and advised a change of location. At the age of 55 a tumor formed on my spine, which

Was Very Painful

but did not rise or discharge. The doctor thought best to cut it out, but I objected. It finally broke and discharged a great deal. The doctors said they could do nothing for it. Then the tumor began to rise inwardly and discharge. I read much about cures by Hood's Sarsaparilla and thought I would try it. Before I had finished taking one bottle I was much relieved. I continued the use of Hood's Sarsaparilla, and after taking 12 bottles I was entirely cured. I am now well, have a good appetite and feel that I owe my life to Hood's Sarsaparilla." W. D. FORD.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Sold by all druggists. \$1; six for \$5.

Hood's Pills act harmoniously with Hood's Sarsaparilla.

GET IT AT WATERHOUSE'S.

In Time of Light Prepare For Darkness

On Wednesday evening between 9 and 10 o'clock some of the business houses which depend entirely on electricity were, without notice, left in darkness.

Many had not so much as a lamp in the house; others had lamps but no chimneys, and for a time it looked as though they would have to close up shop.

We stand in a position to help you to forestall any such inconvenience in the future.

Our stock of lamps is the most complete of any in the city—many new and attractive designs.

Don't wait till you are caught without lights again. It will be better to be thoroughly prepared for such an emergency than be forced to suspend business at a time when it would be a detriment to your bank account.

We do not say that such a thing will occur in the residence portion of the city, but if it does occur in one portion why not in the other?

"Forewarned is Forearmed."

**Hawaiian
Electric
Company.**

The cleanest, brightest safest and really the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came near setting fire to the house and burning my children and I take no more risks."
This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light.
Just think it over and make up your mind what you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.
We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers

Poor Blood Nervous Prostration

Tested and tried for 35 years in all parts of the world.

Such is the testimony of Mrs. E. B. Chopell, of Stawell, Victoria, Australia. She says:

"It is with great pleasure that I record my experience as a nurse for thirty-five years with the wonderful curative effects of

AYER'S Sarsaparilla

and Dr. Ayer's Pills. Both of these I have used in different parts of the world, including Australia, for myself and my patients, in cases of nervous prostration, poor blood, skin diseases and all complaints from weakness peculiar to women. I most heartily recommend these preparations to all sufferers from any of the above named distressing complaints."

For constipation take Dr. Ayer's Pills. They promptly relieve and surely cure. Take them with Dr. Ayer's Sarsaparilla; one aids the other.

BIG CHINESE RAILROAD

TO RUN FROM HONGKONG TO HANKOW.

Will Open Up a Rich and Populous Country—An American Will Build the Road.

SEATTLE, Oct. 2.—A. W. Bash, general agent of the Chinese Development Company, sails on October 10th, with W. Barclay Parsons, chief engineer of the company, for China to start work on one of the greatest railroads to be built in China.

The Chinese Government has granted to Bash and a number of wealthy capitalists the right to build and operate a line of railroad from Hankow to Canton and the sea opposite Hongkong, about 800 mile in all. The line will traverse the richest and most extensive tea-growing district of the empire. It will also tap one of the finest coal fields in the world, besides draining a country of one million people.

The company is capitalized at \$40,000,000, which, it is said will be required for the construction of the road. Under the agreement the line is to be in operation three years after construction work has begun.

No less than 200,000,000 feet of lumber will be used in making the ties and bridge timbers for the road. Grading camps will be supplied with flour and other articles from this Coast.

SAN FRANCISCO, October, 2.—General William Barclay Parsons, Chief of Engineers on the staff of the Governor of New York, with the rank of Brigadier General and for many years chief engineer of the Rapid Transit Company of the City of New York, is expected to arrive here within a few days. He is going to China with a corps of engineers and surveyors to survey a route for a railroad that is to connect Hankow with Canton and Hongkong, and will sail from here with his party early in the present month.

The American company is to build and equip the road for the Chinese Government, which will retain the ownership of the property. The company will accept Chinese Government bonds in payment, taking for security a mortgage on the railroad and a lien on its revenues. Certain Belgian interests now have a contract for constructing a line from Peking southward to Hankow. This, with the line to be built by the American company, will make a through line of about 1,500 miles between Peking and Canton.

General Parsons is expected to make a hasty but thorough study of the route of the proposed line and submit a report within eight months. The country through which the road will pass is almost unknown, and no maps of the region which are of any value can be obtained. Therefore an important part of the work of the surveying party will be to secure data from which fairly accurate maps can be prepared, and the reconnaissance survey of General Parsons will thus be an important contribution to geographical knowledge.

Seven representatives of the Vanderbilt interests, the presidents of several trust companies, Calvin S. Brice, John D. Rockefeller, William Rockefeller, Levi P. Morton, George T. Bliss and the Carnegie Steel Company are interested in the enterprise.

ZEALANDIA IN A TYPHOON

ESCAPED DESTRUCTION BY HER SEAWORTHINESS.

Boats, Ventilators, Railings, Deck-houses and Everything Moveable Carried Away—Seven Hurt.

The transport Zealandia had a terrible time of it in the typhoon that drove her into Nagasaki for repairs, says the Call. It was known that she had been damaged and was put on the drydock in Japan for an overhauling, but it was not known that nothing but the vessel's seaworthiness saved her. From a letter written by one of the Zealandia's crew to a relative in this city the following extract was taken. "We were pretty badly shaken up. The typhoon carried away boats, ventilators, railings, deck-houses, and, in fact, everything moveable on deck. Even the anchors broke loose and took charge for a while. I tell you it was risky work securing them.

"The quartermaster's arm was broken and the butcher had his shoulder broken, while five of the firemen were scalded by a bursting steam pipe. Everything was wrecked in the steerage and the steward's room and storeroom were flooded. In consequence we had neither sugar nor salt for two days.

"But all's well that ends well, and say what they may, the Zealandia is as stout a seaboat as I ever set foot on. The people here on the other ships are surprised that we escaped as easily as we did as a typhoon generally plays havoc with whatever it catches. We have been on the dry dock three days and it will be three more before we get off. The pintles of the rudder are sprung and the men are working on them now. It will take some time to make the necessary repairs, but I hope to be home before Thanksgiving."

A PLEASANT AFFAIR.

Company D's Hop Last Night a Delightful Success.

Company D's hop at Progress hall last night was a decidedly pretty affair. The uncertainty about the lights kept many away, but in spite of this untoward circumstance it was a delightful success.

At one time yesterday afternoon the committees were on the point of announcing a postponement, the electric light company having notified them that it could not furnish either power for the elevator nor a current for the lights. Superintendent Buck of the Government electric light service came to the rescue and furnished lights, but meanwhile the report had got in circulation that the affair had been postponed.

The floor was in the best possible condition, many declaring it the most perfect that has ever been presented to the devotees of Terpsichore in Honolulu. Music was furnished by a native orchestra, and the platform was given a military appearance by the decorations used.

CABLE AGITATION.

The Matter Will Get Early Attention in Congress.

WASHINGTON, October 1.—In addition to the bills affecting the army and navy which are to come up during the last session of the fifty-fifth congress that body will probably devote a good deal of time to other measures of the utmost importance to American commerce.

The question of chartering a Pacific cable is being agitated. Bills to that end are pending in both bodies, and the necessity for quicker communication between the United States and Hawaii, in addition to the desirability for a purely American cable between San Francisco and Luzon, has given impetus to the project. It is announced here that ample capital to connect the Philippines with San Francisco by way of the Ladronez and Hawaii will be available within thirty days from the time the charter is granted, and representatives of capitalists assert that before the end of a year after the signing of the bill cable communication over an American wire will be possible between Manila and San Francisco.

NEW TRANS-PACIFIC LINE.

Canadian Pacific Vessels Between Vancouver and Vladivostock.

VANCOUVER, B. C., October 2.—Canadian Pacific Railroad will establish a new trans-Pacific line. The steamers Tartar and Athenian of over 4,500 tons will run between Vancouver and Vladivostock. Vladivostock will be the terminus of the trans-Canadian and trans-Asian lines respectively. The Athenian will sail first, loading here and then proceeding to Portland and Seattle, where grain will probably be placed on board for Russia.

HAD MANY ILLMENTS.

"For years I have been taking medicines for liver complaint, heart trouble and nervous prostration, but three bottles of Hood's Sarsaparilla have done me more good than any other medicine I have ever taken. I heartily recommend it to others." Mrs. S. A. Judd, Vernon, Michigan.

HOOD'S PILLS are the only pills to take with Hood's Sarsaparilla. Easy, yet efficient.

If you have a house for rent tell it in The Star.

ACRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

THE PACKERS AT THE BATTLE OF SANTIAGO DE CUBA WERE ALL HEROES—THEIR HEROIC EFFORTS IN GETTING AMMUNITION AND RATIONS TO THE FRONT SAVED THE DAY.

P. E. Butler, of pack train No. 3, writing from Santiago de Cuba, on July 23rd, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush, and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrades and myself had the good fortune to lay in a supply of this medicine for our pack train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines Iowa. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for Hawaiian Islands.

LANDS For Sale.

1st.—18 Lots at Kalihi, opposite H. C. Meyers' premises.

2nd.—4 Lots at Kalihi, next to Hon. D. H. Kahaniello's new castle.

NEWS IN A NUTSHELL.

Bits of Paragraphs that Give Condensed Notes of the Day.

Tomorrow's football game commences at 3:30.
 Judge Perry was hearing a Chinese civil suit this afternoon.
 Patriotic stationery can be obtained at the Golden Rule Bazaar.
 The Fairchild's shoe store will put a new front in their store soon.
 The ship Isaac Reed expects to sail Monday or Tuesday for Hong Kong.
 The steamer J. A. Cummins arrived this afternoon from Oahu ports.
 The government will pay off September bills on the 15th, next Tuesday.
 Ah Kean was fined \$15 and costs by Judge Wilcox this morning for gambling.
 The meeting of the Young Men's Research club will begin at 7:30 this evening.
 H. Hackfeld & Co. have sent two cases of curios to the Bremen Museum.
 Work has commenced on the new corrugated iron porch in front of the postoffice.
 Hawaiian Lodge of Masons meets tonight specially for work in the second degree.
 The R. P. Rithet secured a berth at the Oceanic wharf this morning and is discharging.
 The steamship Centennial was advertised to leave Seattle for Honolulu on the 5th inst.
 Fred Turrill, formerly port surveyor here, sailed yesterday on the Alameda for Australia.

The annual meeting of the Library and Reading Room Association will be held this evening.
 An article of value has been found and the owner can learn of same by calling at The Star office.
 The Hollister Drug Company present some solid facts in their advertising space in this issue.
 The part of the New York regiment which was overlooked at the last pay day got its money yesterday.
 Hawaiian Lodge F. & A. M. hold a special meeting at 7:30 this evening. Work in the second degree.
 Waterhouse is prepared to furnish lamps of all kinds. Their stock is complete and prices reasonable.
 The afternoon meeting at the Y. M. C. A. next Sunday will be addressed by Rev. Silas F. Perry of Kamehameha.
 The Alameds did not sail yesterday until 8 o'clock in the evening. She took on a quantity of coal which delayed her.
 Sunday school superintendents, teachers and workers will hold a meeting this afternoon at 4:30 at the Y. M. C. A.

The arrests made today were of a Portuguese and a native for assault and battery and a Portuguese woman for profanity.
 The annual meeting of the Wailuku Sugar Company is called for Monday next, October 17th, at C. Brewer & Co.'s office at 3 o'clock p. m.
 Ah Hon, the third Chinese to be arrested in this city this year for drunkenness, forfeited \$9 bail money this morning rather than appear in court.
 The man who burglarized Mrs. Mansara's house has not yet been captured. It is positive, however, that he did not get away on the Alameda.
 Only a few of those choice building lots in Manoa valley are left unsold. Messrs. Dortch & Schnack have found ready customers for their subdivision.
 The Bergstrom Music Company employ an experienced tuner, George Brand of San Francisco. They guarantee satisfaction in all work entrusted to them.
 There was an excellent rehearsal of the Amateur orchestra last night. Music was selected and practiced for the forthcoming entertainment of the Kilohana Art League.

The Semi-Weekly Star was issued early this morning, and is fully up to its usual standard. Copies can be procured at the news stores or at this office at 5 cents each.
 The annual meeting of the stockholders of the Honomu Sugar Company will be held at the office of C. Brewer & Co. on Wednesday, October 19th, at 10 o'clock a. m.
WRAY TAYLOR'S TRIP.
 Wray Taylor, who is a member of the Board of Agriculture, concluded to take a trip to the Tantalus forest this morning, and see for himself how things were going on. He found the work of thinning out the forest being well done by the Portuguese, under Forester Haugh's direction. The nursery and young trees were looking well, but the roads were heavy.

MME. CARNOT DEAD.
 PARIS, October 1.—Mme. Carnot, widow of President Carnot, who was assassinated by an Italian anarchist, at Lyons, on June 24, 1894, died yesterday at the Chateau de Presle.

ABOUT REPAIR WORK.

There is a great deal that might be said about repair work and a great deal that it is better to leave unsaid.

We claim to have the facilities, workmen and experience which enables us to turn out work that is entirely satisfactory to you and to us. We never slight any work entrusted to us but rather, the reverse, by making a little better job than you anticipated. In the long run it pays us—for when you next have a job—you naturally bring it to us.

Do you like our policy?
