STOCK TRANSFER ORDERED

JUDGE HUMPHREYS DECIDES AGAINST HUSTACE ET AL.

Amended Bill Can Be Filed after the Original Decision, and Be Considered Part of Original Case.

Circuit Judge Humphreys announced this morning that he would render a judgment against Frank Foster, J. J. Egan and Frank Hustace for the return of \$120,000 worth of paid up stock of the Kamalo Sugar Company, in the suit of Hitchcock and others against the promoters of the Kamalo Sugar plantation. This determination was reached as the result of the motion and arguments made by plaintiffs' counsel for leave to file an amended bill to the original complaint which prayed for general relief against the defendants. This amendment asked that the defendants be required to return \$120,000 worth of stock.

When the case was called the court said that after considering the matter he had decided to grant the motion of the plaintiffs. Mr. Robertson the defendant's attorney asked permission to file additional evidence in the case but this the court overruled. In passing upon the matter the court briefly reviewed the case. He said that it had been shown that by means of a motion before the board of directors which the defendants controlled they had appropriated \$120,000 worth of paid up stock. Hustace had refused to surrender the books of the concern even after his successor had been elected, claiming that the company still owed him \$6,000. The plaintiffs instituted suit against Hustace and the other defendants on account of the fact that Hustace had kept the books they knew nothing of the transfer of this stock so in their bill they had asked merely for the restitution of \$120,000. It was alleged to have been fraudulently appropriated and further asked for general relief.

From evidence the court was satisfied that the three defendants had entered into a criminal partnership to fraudulently appropriate a portion of the stock of the concern. The evidence was as equally applicable to the \$35,000 as to the \$120,000 worth of stock subsequently appropriated. Inasmuch as the original complaint did not refer to the appropriation of the larger amount and merely asked for general relief the court was in doubt as to whether it could give judgment for the second appropriation. The matter was argued and the court in looking up authorities found that in such cases where general relief had been prayed for, he could permit an amended bill to be filed even after the first decision had been made and consider it a part of the original complaint. He announced that he would therefore render a judgment against the defendants directing them to return 6,000 shares of paid up stock or its equivalent could not be made the money equivalent of the stock at the time of the transfer, based upon a recent Massachusetts decision, should be paid.

W. A. Kinney stated that he had been retained by Mr. Foster and that certain contracts between his client and the other defendants would, he thought throw a different light upon the relations of Foster with them and prove that Foster should not be affected to such an extent by the judgment as the others. Mr. Kinney announced that he would file a motion upon this point so the court granted him time in which to protect his client by the motion for the introduction of additional evidence.

LILUOKALANI WINS POINT.
Circuit Judge Humphreys heard the petition of Liluokalani against Wong Kwai this morning asking that the latter as plaintiff in a suit against her for specific performance, be compelled to secure the defendant against loss on account of an injunction now issued against her, by increasing his bond to \$5000. The court ordered the bond increased to \$4,000.

A safe vote, is a straight Republican vote from Sam Parker to the end of the ticket. Mark only those names who are endorsed by the Republican party.

Members of Honolulu's 400 should call at the Golden Rule Bazaar 316 Fort street for the daintiest and very latest thing in society stationery. New shades. New shapes and all right up to date.

TWO SETS OF BALLOT BOXES

NEW PLAN FOR THE CROWDED PRECINCT PROBLEM.

Votes Up to 5 O'clock Go in One Set of Ballot Boxes—Those After 5 in Another.

Editor Star: If Secretary Cooper's plan of keeping the polls open later than 5 o'clock, when necessary to give all voters an opportunity to vote, shall be carried out, I have a suggestion to make that I think at least worth consideration.

It is very evident that there is grave doubt of the legality of Mr. Cooper's plan. If it is illegal, the consequences will be far reaching, unsatisfactory, and in all probability extremely expensive. On the other hand, if it is legal and the ballot boxes that have been used during the day, then in a situation, it will at least give every voter a chance to exercise his franchise.

The suggestion I have to make, will I think enable the plan to be carried out without jeopardizing the legality of the election.

The suggestion is this. At 5 o'clock, in all those precincts where there seems to be necessity for keeping the polls open later, let the election officers close and seal the ballot boxes that have been in use during the day. Then use a new set of boxes to be used for all ballots received after 5 o'clock. Then when the election officers count the ballots, let them first count the ballots received up to 5 o'clock and make footings of totals on their tally sheets. When that is done, let them count the votes received after 5 o'clock, and make full returns of these.

The effect of this will be that if keeping the polls open until after 5 o'clock does not change the result from what the votes received up to 5 o'clock would show, no one would be interested in raising the question as to the legality of the proceeding, and the matter would end there.

If it did change the result, a contest could and probably would be made, which would test the question. But if the courts decided that the polls should not be kept open after 5 o'clock, all those votes received after 5 o'clock, being thrown out by the court, and the results as shown by the footings up to 5 o'clock would be the result of the election, and the election itself would not be invalidated.

Votes received after 5 o'clock would be mere surplusage or functus officio, or any other harmless thing, for which the lawyers can doubtless find an appropriate name in the terminology of their profession.

On the other hand, the courts should hold that it is legal to prolong the time of voting, no one will have been deprived of his vote.

In other words, by this means, the legality of the election need not be jeopardized at the same time that an opportunity may be given every elector to cast his ballot.

CITIZEN.

HANRAHAN'S NAMESAKE.

Fined for Being Drunk in Honolulu Yesterday.

"Hanrahan!"

The shade of the late police officer refuses to dawn. The name was called loudly in the police court this morning and a red-faced man, with a nose that showed the expenditure of vast sums upon color, rose to respond.

"What is your real name?" asked Deputy Sheriff Chillingworth.

The prisoner insisted that it was Hanrahan. Stephen Hanrahan. He was charged with being drunk yesterday.

"Yes, I was drunk, your honor," he said to the judge, and he was given the usual fine. Stephen came in last night, and he insisted upon giving the name of Hanrahan, in spite of official orders. As he would give no other name, the name appears on the calendar though there are those who say that it is a joke on the departed court officer. If it is it matters little now, for the court officer is far away, and is not likely to ever find it out.

POLICE CHANGES.

High sheriff Brown has a new clerk, H. C. Mossman, who was formerly messenger in the attorney-general's department. Clerk Crowell has been made deputy sheriff of Koolau, and will leave for his new place in a few days. Crowell has been clerk for quite a long time, and has proved very efficient. Until he leaves for Koolau, deputy sheriff McGurn will fill the office left vacant there by the resignation of Frank Pahlia, who is a Republican candidate for the legislature.

M. W. Bergen, who has been doing special work in the police station lately, has been appointed deputy sheriff at Hanalei. He will leave for his new post next week. Bergen is a Japanese interpreter, and will be a valuable man to the department.

WALKOUT OF CARPENTERS

UNION MEN QUIT WORK ALL OVER THE CITY.

Refuse to Work More Than Eight Hours and May Formally Order a Strike Tomorrow.

All the union carpenters in Honolulu laid off work today, on account of yesterday's refusal of the contractors to inaugurate the eight-hour system. The men say that it is not a "strike" and that they are opposed to strikes, but they have stopped working. They declare that this is only to await action to be taken at a regular meeting of the union tomorrow evening.

All the local contractors are effected by the walk-out, with the exception of E. O. Hall & Sons, who granted the eight hour day demands of their men. Work on the big buildings including the Post Office building, was practically at a stand still today and will be tomorrow.

The contractors met yesterday in the former United States consulate, with George Lucas in the chair. The meeting was called to consider the action taken some time ago by the carpenters, who notified the employers that after November 1 the eight-hour system would be asked for.

The employers discussed the matter at some length and agreed to postpone to January 1 the consideration of the matter.

This was not satisfactory to the men, and this morning most of them left their work. There are 126 men in the carpenters' union, constituting, it is stated, almost the entire force of carpenters here. The men claim that there are not 20 non-union carpenters in the city, and the walk-out of this morning resulted in a fairly complete stoppage of carpenter work in all the shops.

The carpenters appeared to be anxious today that their action should not be considered as a strike. It was stated that they had given notice that eight hours must be a day after November 1 and when this morning came and they found that their employers had not met the demand, they decided to stop work until they had considered the situation in regular meeting.

The union will meet tomorrow evening in its rooms on King street, and the decision of the contractors will be the principal business for discussion.

As a result of the meeting a formal strike may be ordered, or a new proposal may be made to the employers. In the meantime, up to tomorrow night there will be little carpenter work done in Honolulu.

"We are opposed to strikes and think they work great injury to all parties," said one of the leaders of the men this morning, "but we decided this morning not to work in the interval until we have acted as a body upon the counter proposals submitted to us by the contractors. We do not think there is going to be any struggle over the matter, but at present we are not working."

"It's not a strike," said another man at the meeting on King street, "but we have all taken a holiday."

Some of the men say that the action of the contractors is designed to "job" them. They declare that the two months that will elapse before next January will put the contractors in condition to dictate terms, as they will then have some of their big contracts out of the way and will moreover, have had time to prepare for a walk-out. "If we wait till January," said one man, "they will be for cutting our wages to \$3.50 a day, on the strength of allowing us eight-hour days."

The carpenters now get \$4 per day. Their demand is for an eight hour day, beginning at eight in the morning, and a change in the rate of wages.

"If it isn't a strike, I'd like to know what it is," said one of the contractors today. "The men have all quit work without any notice. They are not on the sick list. As far as I know, when men walk out like that because things don't suit them, they are striking, and this is a strike."

"If the men were going to wait till tomorrow evening before they decided whether to strike or not, why did they not work till that time? They seem to have gone on strike before they decided whether they were going to strike or not. At present there is a strike on, whatever the men say."

The builders and contractors meet again next Saturday, to further consider the demands of the men. By that time they will have received the decision of the union as to what course the men will pursue.

GOOD SAILING.

Now they want \$1,000,000 to improve the harbor at Manila, but Dewey found the sailing excellent there.—Chicago Record.

MUST PAY FEDERAL TAXES

SALE OF ALCOHOL LIKELY TO PROVE VERY EXPENSIVE.

In Order to Avoid Local Law Stuff Must be Methylated But This Requires Rectifier's License.

The decision of Circuit Judge Humphreys prohibiting the sale of alcohol will have a much further effect than had been anticipated as the dealers will come within the pale of the Federal law, if they take the only method open to try to evade the territorial law, by methylating the stuff.

In future if the drug stores and others desire to sell alcohol by means of methylating the spirits they will have to pay an additional Federal tax of \$100. This ruling was announced this morning by collector of Internal Revenue Haywood. Soon after Mr. Haywood came into office he notified the dealers in alcohol who were required to pay a nominal tax to the United States that if they wanted to sell methylated alcohol which means the introduction of foreign water into the pure alcohol they would be required to take out a regular rectifier's tax which amounts to \$100. Naturally none of them cared to pay this sum when it was thought they could dispose of their goods with out paying the Federal government too.

Now that the territorial judiciary has decided against the druggists and other dealers, the only way out of the difficulty will be to pay the Federal rectifier's tax or else buy their goods from some person who is a rectifier.

"We have no choice in the matter," said Mr. Haywood "and we will have to enforce the law if we find any body attempting to sell methylated alcohol if they rectify the stuff themselves. They were informed of the law some time ago and I will not serve them with any further notice. It is the duty of every body to know the law not the place of officials to warn them."

HOW TO MARK BALLOTS

OFFICIAL DIRECTIONS OF REGISTRAR OF ELECTIONS.

Notices Telling People Exactly How to Mark Their Ballots Will Be in Every Voting Place.

If the voters want any information regarding the way in which to cast their ballots next Tuesday, they will find it in the notices printed and placed by the registrar for enlightenment, for the government will not furnish any more information upon this score until the day of election.

Wray Taylor, the registrar of election, was seen this morning regarding this matter, and he said that the law does not require the government to publish any directions or anything else concerning the voting, and nothing more was to be said by his office.

On the day of election, however, every voter would receive enlightenment upon the proper method to mark his ballot, for there was to be an official notice, both in the Hawaiian and English languages, posted inside the voting places. These notices will give full and complete directions as to the method of voting. In addition the different style of ballots to be used will be posted on the walls, so that the voters may understand what is meant by reference to the different colors. The directions contained in these notices are as follows:

- "1. The voter immediately upon entering the polling place shall proceed to the table of the Chairman of Election, Election in charge of the ballot boxes. Thereupon he shall receive from the said chairman folded ballots, blue for Senators, white for Representatives, red for Delegate to 56th Congress, yellow for Delegate to 57th Congress.
- "2. Immediately upon receiving his folded ballots from the Chairman of Election, the voter must go into one of the compartments, and with the pen provided he shall mark the ballot, when voting for Senators, Representatives or Delegates, mark on the ballot a cross, thus X, on the right hand side of the ballots, in the spaces provided for such purpose, opposite the names of the candidates for whom he desires to vote.
- "3. The voter is then to re-fold the ballots just as he received them from the Chairman of Inspectors, and thus folded deliver them to the Inspector of Election in charge of the ballot boxes. Thereupon the voter is to leave the polling place forthwith.
- "4. If a voter spoils a ballot he may obtain one other, upon returning the spoiled one. The ballot thus returned shall be immediately cancelled, and the reason of its cancellation endorsed thereon and signed by the Chairman of Inspectors.
- "5. No voter is allowed to take a ballot outside the polling place.
- "6. If the voter hands to the Inspector in charge of the ballot boxes any other ballots than those given to him by the Chairman, his ballots shall be void.
- "7. Each voter is entitled to vote for SIX (6) Senators.
- "8. Each voter is entitled to vote for SIX (6) Representatives.
- "9. Each voter is entitled to vote for ONE (1) Delegate to 56th Congress, and ONE (1) Delegate to 57th Congress."

LAST TRIP OF DAVID.

This afternoon Prince David and party will address a crowd at a naval wharf at 3 o'clock. The party have chartered the steamer Waialeale and will speak from the boat. About 5 o'clock the steamer will take the party on their farewell tour before the election. They will go to Kahului and principal Maui ports stopping at several Molokai ports. The party expect to return home Sunday.

HORSE'S BLOODY RECORD

WILD LOT OF BRONCHOS ON THE CONEMAUGH.

One Animal That Has Killed Two Men—Arizona Cowboys Come With Them.

The wildest lot of horses ever seen in Honolulu is the lot that came on the transport Conemaugh, and are now at pasture. One of them has a bloody record to his credit, having killed two men in his time. Though a blooded animal, he is regarded as the worst brute among a large lot consisting of nearly all bronchos.

There will be lively times when the Conemaugh's animals are turned over to the army men. They have never been handled except by cowboys. Most of them are Arizona bronchos, and when the army bought them it engaged the cowboys to handle them. There are thirty-one of these crack horsemen on the steamer.

The bronchos are all supposed to have been "ridden," according to the purchase agreement, but some of the men who are to ride them again will think they have not. "The cowboys have jumped on their backs, and let them run all over the ten-acre lot," said Lieutenant Smith, the quartermaster in charge, "and after that they are supposed to have been ridden."

There are 100 horses in the Conemaugh's lot. The men speak of them in sulphurous language. The horses have wicked eyes, and a generally wild appearance, and when they go into action they are guaranteed to cut the air in as many directions as a well-used Indian club. A mule can kick and has a reputation to that effect, but the long-eared animals, though they may have a bit more weight where their heels strike, cannot get into action as quickly, nor cover as many points of the compass as the Arizona broncho.

There are 180 mules on the Conemaugh as well as the horses. The cowboys handle both bronchos and mules with wonderful success, and there was no much trouble in loading them at San Francisco.

The horse that killed two men is a splendid looking animal, the finest on board the steamer, but he is too vicious for any ordinary purpose. The sea voyage of eleven days took some of the ginger out of him, and perhaps when he has been doing army service in the Philippines for a few months he will become a quieter animal.

MONSTER RALLY TONIGHT

REPUBLICANS TO HAVE PARADE AND SPEAKING.

Biggest Parade of the Campaign to Be Held—Flambeau Torches—The Speakers.

Unless all signs fail the Republicans will outdo all other political gatherings ever held in the territory, as the gathering tonight is scheduled to be the biggest and most enthusiastic of the campaign. There will be two parts to the affair, the street parade and a meeting at the Drill Shed, where the leading orators of the party will be heard.

Special efforts have been put forth to make the parade the most successful and novel ever held here. It is a burnd flambeau torches will be in the hands of two well-drilled squads, and in addition an object lesson is to be given the public in the Drill Shed from the National Republican Committee, and have proved most effective throughout the States.

Walter Cunningham will have his party of Rough Riders bedecked with Teddy hats and full cowboy regalia. This is expected to make one of the features of the parade. Various other organizations will take part in the parade. Major Zeigler is the grand marshal, and his aides are Captain Johnson, Captain Kenake, Captain Kea, Major White, Lieutenant Foster. The various divisions of the parade column will be formed shortly before 7 o'clock at the Drill Shed, and a few minutes after 7 the column will start to march. The route is along Hotel street to Fort, down Fort to Merchant, out Merchant to Nuuanu, out Nuuanu to Vineyard over to Fort, down Fort to Hotel, and back to the Drill Shed.

By this time the shed will have been crowded by the people who intend to hear the speakers. W. C. Achi will preside. In the musical line there will be several selections by the Tuxedo Quartette and the band. The speakers will be R. D. Silliman, Jonah Kumalea, George A. Davis, D. L. Naona, Sam Parker, and T. McCants Stewart.

CIRCUIT COURT JURORS

NAMES DRAWN FOR THE TERM OF NOVEMBER.

Citizens Who Will Try the Coming Series of Jury Cases in the Upper Court.

The trial jury for the November term of the Circuit court has been drawn, and the summonses are out for those who are to serve. The list of those chosen includes many well-known citizens and a lot of excellent jury material.

The following is the list of men who will try the next lot of jury cases: Joseph C. Carter, A. Nicholas, Braham, John S. Andrade, Adam Peirce, James Steiner, Charles Everitt, Henry Vilda, James K. Merseberg, Fitzhugh L. Dortch, Manly Hopkins, Charles A. Bellina, Henry Zerbe, D. H. Hitchcock, Carl C. Rhodes, Nathaniel F. Burgess, Frederick Goudie, Edwin H. Paris, Edward S. Hart, F. T. P. Waterhouse, J. W. Akana, Bernard Bergerson, C. R. Dement, Charles B. Lemon, John Good, William L. Easton, John Jones, Harlem G. Walty, Clarence M. White, Carl Wiedemann, John C. Cluney, Charles Notley, Herbert S. Ewing, John Mitchell, George Haffner, Samuel P. Woods, George Macy.

A number of the men in the list are thinking up good excuses to avoid serving, as many of them are very busy men. Excuses that were acceptable were quite scarce the last time Judge Humphreys listened to them, however, and there is general realization this time that hot air will not work.

TIME FOR CLOSING POLLS

The question of the time for closing the polls was the subject of some discussion in the executive council this morning. Secretary Cooper's ruling was talked over at some length, and he defended the stand taken by himself and claimed that the various statutes quoted fully sustained his position.

Several members of the council, as well as the Governor, took part in discussing the matter. It was said that while the law was mandatory on the question of limiting the number of booths, it was not so positive upon the point of closing the polls. Several contended that the purpose of the law was merely to serve as a direction and not an inviolable rule for the guidance of those in charge.

The original suggestion of Mr. Cooper was amended slightly it being urged that to keep the polls open as long as people kept applying to cast their legal votes was wrong. It would be perfectly proper however, to permit those who might be in line at the time of closing to remain and cast their ballots for it would seem a hardship to deprive them of their franchise by the lack of a few minutes in time. This suggestion seemed to meet with general approval and practically no opposition was made to it. The council did not take any action in the matter however.

The matter of making sewer connections between the houses and the sewer system was also brought up. The cost for the connections and similar incidental expenses were considered but nothing was done, the matter going over to a subsequent meeting.

TWENTY THOUSAND TONS. Navy to Have a Big Coal Pile in Honolulu. WASHINGTON, D. C., October 15.—The United States has more than 50,000 tons of coal distributed at various points throughout the world; for the use of its warships, and this amount will be increased by additions to be made by schooners en route. The largest coal pile is at Manila, where there are 24,000 tons. As large a quantity is now on the way to the far East. At Guam there are 2,855 tons, and a station to accommodate 10,000 tons is to be established. Honolulu has a naval coal pile of 19,918 tons, and Rear Admiral Bradford has prepared plans for putting 20,000 tons there. There are 2,500 tons at Pago Pago, and an increase of 2,500 tons will be made upon the completion of the coal house, under construction at the point. At San Juan, Porto Rico, the navy controls 3,426 tons.

For the use of the North Atlantic squadron, during the coming winter, Rear Admiral Bradford will send to Guantanamo two coal barges, carrying 1,700 tons, which are now at Port Royal. The navy also has coal at Annapolis, Boston, League Island, New London, Norfolk, Port Royal, and Key West, on the Atlantic coast, and at Mare Island, and Puget Sound, on the Pacific coast. It is expected that the North Atlantic squadron will not start on its winter cruise much before January 1.

BOARD OF HEALTH. Several Resignations Acted Upon at the Meeting.

The Board of Health held a meeting yesterday afternoon and appointed Engineer Kane as assistant plumbing inspector. The resignation of Plumbing Inspector Duffy was accepted, but no one was appointed in his stead. The resignation of Dr. Garvin was also accepted. He will serve as executive officer until his successor will have been appointed. A communication was received from Dr. McConkey, of Paia, Maui, asking for orders regarding children who were absent from school when he came to give them medical examination. He also wanted to know if such children should be debarred from attending school. He will be informed that a rule of the board of health provides that no child shall attend school without the government physician's certificate. Dr. Cleveland, examining physician for the girls' school of Honolulu, reported that the health of the children was better than last year. She has examined 1,052 pupils and given certificates to 1,050.

Citizens in the Puna district sent a communication to the board complaining of the failure of the government physician to attend sections in that district. Dr. Garvin reported that arrangements for disposing of the water in the proposed cemetery at Pearl City had been completed. The water, which came from a spring in the cemetery grounds, would be used exclusively for irrigating purposes. A few other matters were acted upon, after which the board went into executive session.

CAN NOT SELL ALCOHOL. Circuit Judge Humphreys sustained the finding of the lower court yesterday in the case against Benson, Smith and Company, charged with selling alcohol in violation of the statute. The court held that while it was a valuable therapeutic agent, if its sale was unrestricted the effect would be harmful. A nominal fine of \$1 was imposed upon the defendants, who gave notice of an appeal to the Supreme court.

THE ELITE OPENING. An Elegantly Furnished and Excellent-ly Fitted Resort.

Hart & Company, Ltd., opened their new and handsome establishment last night in their equally handsome Elite building. The doors were thrown open at 8 o'clock to the public. Hundreds of people came to see and admire the handsome fittings and furnishings of the Elite resort. The firm kept open house throughout the entire evening. Van Praag's orchestra furnished an excellent musical program. The officers of the company, James Steiner, president, C. J. Ludwigen, manager, and C. H. Ramsay, secretary, were in attendance on the guests all evening. The lighting and ventilation of the establishment, as well as the internal arrangements and the fittings and furnishings represent the most advanced improvements and ideas of elegance in such establishments.

SALVATION ARMY. The Salvation Army will give a "house warming" of its new hall, corner of King and Nuuanu streets, tonight. One of the features will be a coffee supper. Donations of cake for this occasion will be gladly received. Since April 5th 200 meetings have been held by the Army. The attendance at these gatherings totaled 26,390, and 279 persons have professed conversion. The membership has increased 24, the circulation of the Weekly War Cry has gone up from 330 to 770, the monthly "Harbor Lights" from \$5 to 100.

Be a genuine republican. Be a straight ticket republican.

A GOOD THING. There's a good thing when they feel dry. That business men cannot pass by. For far and wide it's fame you hear, They stop to drink of "Rainier" beer On draught or in bottle at Criterion.

A vote for other than the straight republican ticket is a vote lost.

REAM OF PROF. MEAD

TELLS WHAT HE THOUGHT HE SAW.

Says Politics in Hawaii Are Becoming Corrupt—Foreign Political Bosses Getting in Their Work—The Natives.

CHICAGO, Oct. 18.—Professor George H. Mead, of the University of Chicago, just returned to Chicago from Hawaii, where he has spent his summer vacation, says that the politics of the island is becoming corrupt through the scheming of foreign political bosses. "The natives," he said, "are just waking up to the fact that there are many possibilities for them in politics. Cunning foreigners are taking things into their own hands, and are gaining a measure of civil influence. They easily control the voices of the natives, who are indifferent to public questions. "Labor and immigration questions are puzzling the natives just at present. They have effectually shut out the Chinese and Japs, and are offering tilled lands to incoming whites. The exclusion of Orientals made laborers scarce. They don't work themselves. A farm laborer can now get \$18 a month, whereas he could only get \$14 before the immigration law was passed."

LIQUID AIR.
"If a spray of liquid air is applied to the skin," says "Omega," "the part at once becomes anemic and perfectly colorless. If the application is made only for a few seconds, the color as quickly returns and the skin is congested for some minutes thereafter. Within much less than a minute's time, by means of a spray, the part is frozen as hard as ice, but, strange to say, in a few minutes circulation returns without injury to the tissue, providing the part is not in the end of some extremity. There is no pain in the application excepting at the very beginning; but there is a slight burning or tingling. It also completely anesthetizes the part to which it is applied without freezing it solid."

EASY.
Perhaps Cyrus Kingman can also prove that the emperor of Germany is in the pay of the Boxers.

MEETING NOTICE.

The annual meeting of stockholders of E. O. Hall & Son, Ltd., will be held at the company's office, corner Fort and King streets, at 2 o'clock on Thursday, November the 1st, 1900.

THURSDAY, NOVEMBER 1, 1900.

THE BIG SNAG.

Secretary Cooper has given a judgment upon the time allowed for election which is calling forth a considerable amount of comment. The Star said yesterday:

"Secretary Cooper, has ruled that the polls may be kept open after 5 o'clock, if voters are in line and waiting to vote. This is a solution, but whether it will stand the test of law is quite another thing. A defeated candidate might challenge such a procedure and nullify the election. If you can keep the polls open against the express statement of the law, you might just as well increase the number of voting desks."

No amount of verbiage, nor any amount of briefs, are going to disturb this position. If the polls close at 5 p. m. and persons have not voted, there is an end of the matter. The defeated candidates can have nothing to say. But on the other hand if the polls are kept open beyond the legal time, the defeated candidates have a very reasonable grounds for objection and for legal action. You can no more monkey with law than you can with a buzz saw, in each case you are bound to cut your fingers.

The difficulty was first pointed out in The Star some weeks ago, and one must give Secretary Cooper credit for having tried to reach a solution. But the trouble is that as the law stands there is no solution now. There might have been had the matter been foreseen in time, for the law provides for the sub-division of precincts at a fixed period before election. But the very fact that the law has provided a remedy, if taken in time, militates against the plan of Secretary Cooper. The law can say you had a remedy, you failed to use it. It is no business of the law to consider that you failed to do so. It is no excuse for you to say that you did not foresee. Secretary Cooper's ruling is going to bring endless trouble. There is acrimony enough now politically, he has only opened the door to infinitely more. As a fact he has paved the way for vitiating the election in at least two districts.

If a polling place can be kept open after 5 o'clock, why should not all polling take place after that hour? It would certainly be convenient for many voters. As the law now reads the polls can be closed as soon as every registered voter has voted in his precinct. Now suppose the voter of a precinct did not vote during the day, and at 4:45 p. m. lined up for voting purposes. It is very clear that evasion of the law could be forced, if Mr. Cooper's ruling is upheld. Again, if voting is allowed after five o'clock, when is it going to end. Can it be kept on indefinitely till next day? By dilatory tactics in the booths it might be kept on for a very great length of time. The proposed plan, though perfectly honest, is impracticable, and thoroughly dangerous. It is an expedient, but it is not law.

THE COST OF CRIME.

The cost of crime to the United States is appalling. What the cost of crime to the whole world may be has not been calculated, but some idea may be formed when the figure for the United States is put at \$600,000,000. This was brought forward by Eugene Smith, a New York lawyer, who spoke before the National Prison Association in Cleveland. This is a matter which we can think over too. The number of criminals in our jails and lockups is always increasing, and they cost us for food, guards, and various odds and ends, close on to fifty cents a day each, and that does not take in consideration the money invested in buildings and what is spent in repairs.

The vast sum expended upon the criminal classes of the United States exceeds the value of the entire cotton crop, exceeds the value of the wheat crop and as Mr. Smith points out is "all of it sheer spoliation, without any compensating consideration or benefit, a terrifying incubus upon the industry and prosperity of the people."

The cost to the people of criminal trials is enormous. In civil suits the expenses are borne by the individual litigants, but in criminal cases the expense of prosecution has to be borne by the Government, which means the people. In the recent Molneux case in New York this amounted to hundreds of thousands of dollars.

Mr. Smith takes New York city and county as an example to base his calculations upon. In that city and county he finds that \$20,000,000 were spent during the year 1899 in the repression and correction of crime out of a total expenditure of \$90,000,000. This means a crime taxation of six dollars per head. In San Francisco the cost of repression and correction of crime is five dollars per head. But it is quite a question whether the community is as severe in San Francisco as in New York, and whether granted that the taxation is less, the predatory exactions may not be more. In small cities the "crime"

tax averages three and a half dollars per head and in the open country one dollar per head is considered a conservative estimate. Thus it is possible to come at tabulation of the annual cost of crime taxation in the United States which will run as follows:

City and county taxation chargeable to crime, 30,000,000 inhabitants of cities at per capita rate of \$3.50..... \$105,000,000
 Town and county taxation chargeable to crime, 45,000,000 inhabitants of the open country at per capita rate of \$1.00..... 45,000,000
 Federal and state taxation chargeable to crime, not less than..... 50,000,000

Total..... \$200,000,000
 This outlay of \$200,000,000 represents an expenditure only in prevention and correction of crime. It does not take into account at all the immediate and necessary results of criminal wrongdoing. Mr. Smith admits that "no possible statistics can itemize all losses sustained through acts of forgery or arson or theft and any attempt to compute those losses directly must be fragmentary and conjectural"; but he adds, "statistics based on a broad induction" shows that the average habitual criminal realizes from his spoiliations at least \$1,500 a year. This is the figure named by a committee of criminal experts before the Prison Association of New York, and it is confirmed by the independent investigations of Recorder Hill, of Birmingham, England. Mr. Smith considers this estimate "incontestably conservative."

The next question involved is the number of habitual criminals in the United States. Mr. Smith says:

"Their census has never been taken. It is probable that a free invitation issued by the Government to all habitual criminals to enroll themselves as such would not meet with a hearty response; and such compulsory registration as has been effected by 'rogues' galleries and otherwise affords meager data. The number of prisoners in confinement in the United States at the present time is not far from 100,000; of this total, instinctive and habitual criminals are estimated by the best authorities to compose from forty to fifty per cent."

"The numerical ratio of criminals out of prison to those in prison has been variously estimated; some authorities have asserted that there are ten times others that there are five times, as many criminals at large as there are in prison. If we adopt the latter and more conservative estimate, it will give the total number of criminals at large in the United States, 500,000; and of these at least one half, or 250,000 must be taken to be habitual criminals, criminals who make a living by crime. Two hundred and fifty thousand criminals, at \$1,500 each, represent an aggregate annual income of \$400,000,000. Add to this the yearly taxation caused by crime of \$200,000,000, and it gives the enormous total of \$600,000,000."

The concluding remarks of this thinker are worth quotation in full. They are to a certain extent pessimistic, but they contain a germ of hope. The world is truly very evil, or rather the people who inhabit are evil. The forces of evil and of good seem to be and are for ever at war. But we always have the hope that the good will prevail. Mr. Smith's works in conclusion of his argument say:

"The social and moral aspects of crime infinitely transcend its financial phases. Crime is waging a ceaseless war not only against all property, but against all law, all government, against civilization itself. All that we hold dear and all that makes life worth living is at stake; all is dependent upon the forces that keep crime under. Nations and civilizations that can be compared with those of the modern world have flourished in the past and have become extinct. . . . Crime is now working with the same fierce activity that it has ever shown from the beginning, disintegrating nations and subverting civilizations. If the time shall ever come in this country when crime shall break down the barriers that oppose it, and gain supremacy over the forces that hold it in check, then the United States will be doomed to destruction as certain and as utter as that which overwhelmed the ancient civilizations of Rome and Greece, of Assyria and Egypt and Chaldea, and which now threatens Turkey and China. There is one differentiating fact in our favor, and it lies for us the only hope for the future; it is the vitalizing and regenerative energy of Christianity."

There is the whole question. Is the civilization of Christianity able to overcome forces for evil which the civilization and tenets of Buddha, of Zoroaster, of Confucius, and many other world teachers have failed to meet? It has not up to the present, as Mr. Smith's figures show. But that does not mean that it will not eventually overcome. At any rate, we, of this generation, have every faith in this eventual victory.

The year's sugar crop is a phenomenal one and comes pretty near the 300,000 ton mark, making us one of the factors worth considering in the world's cane sugar supply.

It is a curious thing when Hawaiian is ruled a foreign language, but it is correct nevertheless. English is the language of our legislature, there can be no interpreter employed as Bob Wilcox thinks.

The death of Johannavitz from a shock of electricity shows how much care should be taken by the electric light companies to patrol and keep their lines in order. The wonder is, not that Johannavitz was killed, but that more people were not killed. Several people received shocks and some small fires were started. It was only the other evening that there was a live wire blazing away on the Pauoa valley road. Fortunately no one was hurt and help was sent to put the matter in order. We are so apt to treat such matters very lightly here, and consider that they are unavoidable. But accidents are avoidable if proper precautions are taken, and the question is are proper precautions taken by the electric light people.

How the rain pours, and how the grass grows, and how useful a good Lawn Mower is now! Our splendid new model Lawn Mower has been sold in this market by us for the past five years, and we have yet to hear of the first complaint. Easy to run, easy to sharpen, durable, and reasonable in price.

We have all sizes, from the little croquet mower to the large golf machine.

We will have something interesting for you concerning rubber garden hose later on, when the rain lets up; for the present we advise you to use diligently other garden implements.

POLITICS ON THE FRONT

HUSTLING FOR THE STEVEDORE VOTE.

Large Crowds of Workmen, Mostly Natives, Listen to Campaign Speeches During the Noon Hour.

The noon hour is a lively one on the water front these last days of the political campaign, meetings being held all along the wharves, from the old Honolulu Iron Works to the new buildings of the same company.

Republicans, Democrats and Independents are in the race for the votes of the men who are at work on the docks and vessels. The latter are mostly natives. The employees of the stevedores all over the front are almost exclusively native Hawaiians and the candidates are losing no opportunity to pour their eloquence into their ears.

When the noon whistle blew today spell binders were ready at several points to tell the workmen how to vote. While the laborers ate their midday meals, which most of them carry with them in the well-filled dinner pails that have always been the rule in Hawaii, the orators opened up for business, and the workmen had politics while they ate.

After lunch a short siesta has been the rule with many of the water front laborers, who were wont to seek a bale of hay or some other soft place and enjoy a slumber till the whistles announced one o'clock. Now politics has to take the place of sleep.

The Republicans had seven meetings on for the noon hour on the front today. They were at Brewers wharf, the Oceanic wharf, Pacific Mail wharf, Honolulu Iron works, Waikiki and Ewa shops, railroad wharf and railroad shops. The speakers were the legislative candidates.

Wilcox showed up at Brewer's wharf and the Pacific Mail, where he addressed large crowds of natives in their own language. This afternoon at 4 o'clock the Republicans are to have a meeting at the fishmarket, where the speakers are to be Achl. Stewart and Kaikaula.

THE WEATHER.

W. F. DILLINGHAM, Captain.

OF THE MULTITUDES

who have used it, or are now using it, we have never heard of any one who has been disappointed in it. No claims are made for it except those which are amply justified by experience. In commending it to the afflicted we simply point to its record. It has done great things, and it is certain to continue the excellent work. There is—no medicine which can be used with greater and more reasonable faith and confidence. It nourishes and keeps up the strength during those periods when the appetite fails and food cannot be digested. To prevent imitations this trade mark is put on every

bottle of "Wampole's Preparation" and without it none is genuine. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Taken before meals it creates an appetite, aids digestion, tones the nerves, renews vital power, makes the blood rich, red and full of constructive elements and gives back to the pleasures and labors of the world many who had abandoned hope. Dr. S. H. McCoy, of Canada, says: "I testify with pleasure to its unlimited usefulness as a tissue builder." Its curative powers can always be relied upon. One bottle convinces. Effective from the first dose. Sold by chemists here.

DIVIDEND NOTICE.

A dividend is due and payable to the stockholders of the Inter-Island Steam Navigation Co., Ltd., at their office, Queen street, at 10 o'clock a. m., on Friday, November 2, 1900.

The stock books of the company will be closed to transfers from November 2nd to the 5th inclusive.

Nerve Tonic
Builds up the System. Strengthens.
This warm climate is very trying to
all. The blood easily becomes impure
and the nervous system greatly debilit-
ated. But you can retain your health
and keep your nervous system strong.
This is the portrait of Mr. William
Fanning, of Beaconsfield, Fremantle,
Western Australia. In his letter he says:

"Upon arriving in Western Australia three
years ago, I found that my blood was in bad
condition and my general system all run down.
I suffered greatly, especially from indigestion.
I had heard so much about

**AYER'S
Sarsaparilla**
I thought I would try it. I did so, and only
three bottles restored my strength, built up
my system, and cured my dyspepsia. And I
have also found it a great nerve tonic."

If you are bilious, constipated, or are
troubled with headache, take Ayer's Pills.
Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A.

HONOLULU, H. I.

THE PACIFIC CABLE ROUTE
SELECTED BETWEEN HONOLULU
AND MANILA.

It is 4,812 Miles in Length—Great Ab-
ysses Found Near the Island of Guam.
A Very Long Route.

Admiral Bradford is ready to report to
Congress an exact route for a telegraph
cable from San Francisco to the Philip-
pines. Since the 23d of April last
the steam collier Nero, under command
of Capt. Belknap and afterward Lieuten-
ant-Commander Hedges, has been
at work surveying the bottom of the
ocean. Lieut. Hood, who was on the
Maine, when she blew up in Havana,
has had actual charge of the sound-
ings, and has selected a complete route
from the Hawaiian Islands, 1,160 knots
a little north of Midway Islands, then
west of Guam, and then 1,372 knots a
little north of west to Manila. From
Guam almost due north 1,332 knots a
branch line has been surveyed to Yo-
kohama.

The bottom of the ocean is similar to
the surface of the earth. It is made up
of mountains, valleys, hills, canyons,
ridges, prairies and varies thousands
of fathoms in depth. Economy, as
well as safety requires that a sub-
marine cable shall be laid upon a bot-
tom as nearly even and level as possi-
ble, avoiding rocks which wear the
wires and other obstructions which in-
terfere with the work of maintaining
and repairing it. Therefore, Lieuten-
ant Hood has gone over the ground
or rather the water between Honolulu
and Manila as carefully as possible in
order to select a level surface upon
which to lay the wire. The route he
has selected is 4,812 knots in length and
was examined at intervals of every
two miles in some places and every ten
miles in others. The characteristics of
the bottom soil, the temperature of the
water and other conditions were ob-
served at every sounding, and these,
with the meteorological records and fre-
quent observations of specific gravity
and the currents of the water will be
an important contribution to the phy-
sics of the Pacific ocean. Samples of
the soil at the bottom at each sound-
ing were brought home and with the
records of the observations have been
submitted to the Smithsonian Institu-
tion for a report. The soil on the bot-
tom is of great significance because we
do not want to lay our cable over a
submarine volcano.

Two remarkable discoveries were
made by Lieut. Hood, and they caused
him a good deal of trouble. They will
also add considerable to the expense
of laying the cable. One of them is a
submarine mountain nearly 13,200 feet
high, situated a short distance west of
the Midway Islands, and its peak is
only eight-two fathoms from the sur-
face of the water. The other obstacle
is one of the deepest submarine abysses
yet found in the world, compared to
which the Grand canon of the Colorado
is merely a scratch in the ground. It
lies about 500 miles east of Guam and
is 25,400 feet deep, and too wide to stretch
a cable across it. Therefore, Lieut.
Hood was compelled to go a long dis-
tance around both the mountain and the
canon. The route selected for the cable
is comparatively level and averages 18-
000 feet deep between Midway and
Guam and 12,000 feet deep between Hono-
lulu and Midway.

FATHERS' QUEER PLIGHT.
Arrested for Murdering Son Who is
Alive.
Over in Vernon county, Missouri, to-
night a whole neighborhood is dragging
a river for the body of John Medlin and
Medlin's father, Joshua Medlin, recently
of Howard county, Indiana, is in jail
at Nevada, charged by his wife with
the murder of the son, while John is in
the city waiting for a train to take him
home and secure his father's release.
Young Medlin and his father quarrelled
last week and he left home, coming
here and taking work on a farm. Three
days ago his father was locked up,
charged with his murder. The boy's
mother, who is helpless from paralysis,
had crawled to the house of a neighbor
and by letters and motions accused her
husband of having murdered the boy
and thrown the body in a creek.—Chica-
go Record.

GLOUCESTER PLOWING MATCH.
A plowing match will be held next
Friday for the championship of Glou-
cester township. The match, which will
take place on the farm of Mr. Joe McEwen.
—Ottawa Journal.

WHEN IT IS A CINCH.
If Lipton would allow anybody to tell
him anything Joseph Leiter might com-
municate the information that a corner
is not a dead certainty until it is over.

This Company reserves the right to make changes in the time of departure and arrival of its steamers WITHOUT NOTICE, and it will not be responsible for any consequences arising therefrom.

Consignees must be at the landing to receive their freight. This company will not hold itself responsible for freight after it has been landed.

Live stock received only at owner's risk. This company will not be responsible for money or valuables of passengers unless placed in the care of the pursers. Passengers are requested to purchase tickets before embarking. Those failing to do so will be subject to an additional charge of twenty-five percent.

The company will not be liable for loss of, nor injury to, nor delay in delivery of baggage or personal effects of passengers, or freight of shippers, beyond the amount of \$100, unless the value of the same be declared when received by the company, and an extra charge be made therefor.

All employees of the company are forbidden to receive freight without delivering a shipping receipt therefor in the form prescribed by the Company, and which may be seen by shippers upon application to the pursers of the Company's steamers.

Shippers are notified that if freight is shipped without such receipt it will be solely at the risk of the shipper.

SHE ATTENDS THE PRINCE'S
LUAU LAST NIGHT.

The Prince Receives Royal Welcome at the Pall—A Big Meeting at Waemae Church.

Prince David received a royal welcome last night at the top of the Pall, and one of the biggest Democrat gatherings of the campaign was held. Half a hundred Democrats mounted on horses, followed by scores more in wagnettes and various conveyances, rode up to the summit of the historic pass, and there waited the arrival of the Prince from his tour of the windward side of the island. Sky rockets and fireworks of various descriptions were used to light the return of the Prince.

At Maemae church the party stopped and attended a rousing meeting. C. W. Booth spoke first. He said that the Democratic party could have come to them with gun and asked them to vote, but this would have savored of bribery. On the contrary, they came in a straightforward manly way and asked the people for their votes.

Sam Kaunooana said that owing to the Republican policy, the price of goods was high now. He urged the people to vote against those who had taken away their rights.

J. O. Carter made an eloquent address in which he told why he was a Democrat. The Democratic party had been the one which had acted honorably to the Queen. Grover Cleveland was the speaker thought, the greatest man in the Democratic party today. Mr. Carter compared the Republican party to Jacob who stole Esau's blessing from Isaac.

E. C. Macfarlane declared that it was the Republican party which was at the bottom of the overthrow of the monarchy. It had caused the flag of Hawaii to be blotted out of existence. The Democratic party had done what was right by the Hawaiians, for it had been Commissioner Blount who had restored to them their flag. He deplored the alliance which certain worthy men had made with the Independent party, and then gave a brief account of the overthrow which he had had with the Independents. Wilcox was not the man to send to Congress, declared the speaker. Macfarlane thought that Wilcox was attracted by the \$5,000 a year salary.

John E. Bush made some telling points against Wilcox. In speaking of the franchise, Mr. Bush said: "Wilcox claims that he gave you this franchise. While the matter was being considered, Wilcox was at Seattle, and while there he published the story of his sons and wife being royal. He did this simply to attract attention for the crown lands claims. When Wilcox was on Maui, he stayed with Kalua, and at a meeting he said that it was the Republican party who gave you the franchise."

Prince David appeared at this juncture, and after the cheering had subsided, the speaker paid a tribute to the Prince and his candidacy after which the latter was introduced and made a brief address. He was followed by Thomas Clark, after which the party proceeded to the Prince's residence at Maikiki to attend a luau and reception. En route, the party stopped at the Royal Mausoleum on Nuuanu street.

The Queen attended Prince David's luau and sat at the head of the table. Her suite was also present.

MILITARY ELECTION.
An election will be held November 37 at Regimental headquarters to choose a major or succeed Major J. M. Camara, who resigned October 21. Captain L. T. Kenaké will probably be elected. Col. Soper's leave of absence has been extended from sixty to ninety days. George H. Karnatt has been made first sergeant of company B. Private Franz Bechert has been transferred from company F to company A.

MISSION CHILDREN.
The Hawaiian Mission Children's Society will hold its monthly meeting on Saturday, November 3, at the residence of Charles Atherton, on King street. All members are requested to make a special effort to be present, as some new features will be introduced, and discussion had on topics of interest to the society.

FOOTBALL SATURDAY.
There will be another game of football at Makiki on Saturday afternoon. The teams will be a Scotland team and the regular Iolani team which has played two games. The Scotland team extends up as follows: Goal, McGill; fullbacks, Lennie and R. Anderson; halfbacks, Lennie, Bottomly, Cockburn; forwards, Kay, Munro, Cotton, Irvine, Fiddes.

VICTOR MANUEL III.
Not a few readers of the newspapers must have been puzzled by the fact that the new King of Italy calls himself and is called "Vittorio-Emmanuel III." The existing kingdom of Italy has hitherto had only two kings in all, and as one of them was named Umberto, it was natural to ask how this one could be the third bearer of the first king's name. The explanation lies in the circumstance that, before the creation of modern Italy, the present king's grandfather was King of Sardinia, and he was the second Victor Emmanuel to bear that title. He did not change it on assuming the more spacious throne, and the curious result is that Italy calls her first Victor Emmanuel her second and her second her third. He belongs to a family that has kept tabs on itself since the year 1032.

CURIOS.
The prohibitionist candidates in Kentucky should have drawn large crowds there as curiosities on the same principle that Mark Hanna attracts the multitudes in Chicago.—Chicago Record.

SMALL HOPES.
The politician who does not look like Lincoln or who is not a man of destiny cannot hope to climb very high on the ladder of success.—Chicago Record.

Be a genuine republican. Be a straight ticket republican.

JAMES REED INJURED.
Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniments, and a half gallon of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by all dealers, Benson Smith & Co., general agents for Hawaiian Islands.

Vote Straight Republican Ticket.

SPECIAL MEETING. Hawaiian Elec. Co., Ltd. Mounted Reserve. FOR SALE. Real Estate. Thanksgiving Turkeys. MICELLANEOUS. L. B. Kerr & Co.

NEWS IN A NUTSHELL.

Bits of Paragraphs that Give Condensed Notes of the Day.

Henry Davis has Thanksgiving turkeys for sale. Twenty-one inches of rain fell at Luskaha during the month of October.

All rough riders of Hawaii are urged to join the Mounted Reserve at the Kawaiahao church at 7 o'clock. J. Lightfoot has for sale real estate in the best parts of Honolulu.

The monthly business meeting of the Christian Endeavor Society of the Central Union church will be held tomorrow evening. A large attendance is hoped for.

Let the Hawaiian boys give their support to the Republican party by joining the Rough Riders and shouting for Roosevelt. Report at Kawaiahao church at 7 o'clock.

A special meeting of the stockholders of the Hawaiian Electric Company, Limited, is called for Saturday, November 10, 1900, at 10:30 a.m.

The adjourned annual meeting of the Board of Supervisors of the Free Kindergarten will be held at the Y. M. C. A. on Friday morning, November 9.

Miss Rio Murakami was married to T. Masuda Monday evening, District Magistrate Lyle A. Dickey officiating. The groom is the general agent of the Nippon Immigration Company.

HONOLULU STOCK EXCHANGE.

FACTS ABOUT FISH.

In Alaska there is a queer fish that can be used as a candle when dried. The tail of the fish is stuck in a crack of a wooden table and its nose is lighted.

The reason that fish are slimy is to protect them from a certain fungus, a form of plant life, that is found in all waters. Should a fish be so injured that a spot was no longer covered with slime the fungus lodges there and grows until it eventually kills the fish.

The whale is the only fish that has a brain larger than a man's. We think the machinery of the human body is very wonderful, with its many bones, but few people know that every time a fish breathes it moves 4,356 bones and muscles.—Chicago Record.

WHAT THEY WANT.

Emperor William wants Germany to become a second Rome and just at present Italy would be pleased if it could become a second Germany.—Chicago Record.

BEATS HILO.

News from New Brunswick is calculated to make the Chicago weather man feel jealous. It has rained 108 hours up there.—Chicago Record.

A vote for other than the straight republican ticket is a vote lost. Continue prosperity by voting the straight Republican ticket.

PACIFIC HEIGHTS

Magnificent View, Refreshing Breezes, Easy of Access, An Unsurpassed Residence Site

These lots are on the Pauoa side of Pacific Heights. They face on Pauoa Road, now being widened and macadamized, and adjoin the Pacific Heights Electric Railway.

A Chance for Investors:

Any one with money to invest looking for something that will bring good returns on sums invested, has here a fine opportunity. Houses built on these lots will find ready rental at strong rates by good tenants.

Attractions Offered in this Site to Homeseekers:

LOCATION. They are located on high ground at an elevation of from 200 to 500 feet, affording unsurpassed scenic and marine views. ELECTRIC RAILWAY AND LIGHTING. The Electric Railway makes access most easy, and power for lights may be had at most reasonable rates. WATER. Water will be supplied at the rate of \$15 per year for each lot, from our Pacific Heights Water System. This is less than city rates. SPECIAL INDUCEMENTS TO BUILDERS. To all who will be in the erection of houses within 60 days, we will make special inducements in the matter of transportation of building material over our railway. LOW PRICES, GOOD TERMS. Prices of lots range from \$400 to \$750 each, according to size and location. One-fourth cash only is asked. Balance in installments at terms to suit purchasers. HEALTHFUL AND COOL. The air is always cool and bracing. We can recommend this property as being especially desirable and attractive to persons seeking a choice location for a home at a moderate cost.

For Further Particulars Apply to BRUCE WARING & CO. Progress Block, Fort Street
