THE RUSSIANS GIGANTIC TASK

BRINGING LIVE STOCK ON BOARD RUSSIAN TRANSPORT.

Before the war opened Russia was credited with having in the Far East a force of nearly 500,000 men. The land campaign has developed the fact that her force is less than a quarter of a million. The difficulties and delays of getting reinforcements to the scene of the war are tremendous. The distance and limited facilities will offer a serious handicap to the arms of the Czar.

MRS. SPRECKELS' DOWER RIGHTS

Land Court Investigation Develops The Existence of Probable Dower Rights to a Valuable Tract of Land at Waikiki, Near Kapiolani Park.

As a result of the petition of Ida Tenney Castle for a Torrens title to land at Kapiolani Park, it has been discovered that Mrs. C. A. Spreckels, who is now traveling in Europe, probably has a dower interest in over forty acres of valuable land at Waikiki, of which the present title owners of the land were wholly unaware. The title claimed by Mrs. Castle was traced from its beginning in a royal grant by Kamehameha III, at the time of the great Division of Lands in 1848, to the present time, and the discovery of flaws in the title is regarded as a striking evidence of the careless methods so long in vogue in the islands in the transfer of real estate.

Mrs. Castle's petition was for about 5,000 feet of a tract behind the beach lots, part of a general award of about 40 acres. The examination of titles made by J. M. Monsarrat shows that the Land Commission affirmed the award in 1852, and that since then there have been many transfers of the land, by deed, and by will and foreclosure. In 1892 C. A. Spreckels and wife were owners of the land and transferred it by deed, but the deed did not convey Mrs. Spreckels' right of dower. Under the view of the law most generally taken, Mrs. Spreckels has a one-eighteenth interest in the entire 40 acres, which now has many different owners, and one-ninth of three acres, of the tract in question.

Mrs. Spreckels has been notified, in accordance with the rules of the land court, of her right to appear and make her claim. It is believed that her failure to convey dower was an oversight and that she will not make any appearance, while if she should do so there would be an interesting contest. If she does not respond to the summons of the Land Court, her claim will fall by default.

The examiner of the title found other slight defects, showing irregularities in the probate proceedings of years ago, involving transfers of the land. His report says: "I beg to report the following defects in the title under search. There is no habendum in deed of W. G. Irwin to Ida Tenney Castle, recorded in book 195, page 313. W. G. Irwin quit claims to Ida Tenney Castle, her successors and assigns. Query: Does this deed convey a fee simple to Ida Tenney Castle.

"In the matter of the estate of E. T. O'Halloran, sheet No. 10, (1879) no notice by publication was given to creditors. The hearing of petition for allowance of accounts and discharge was never had, the order of the court, signed January 28, 1880, was never published and the accounts were never approved. BUY A HOME.

We have for sale on easy terms several residences in Honolulu, which it will pay you to investigate. Among them is an acre and a half near the Rapid Transit at Puunui for \$1600; an acre and a third, with dwelling, on Kamehameha Road near King street for \$4500; a quarter of an acre, with dwelling, on Azillian street Punahou for \$2,500; and a quarter of an acre with cottage at Kalia near Rapid Transit for \$2,000. Any of these will be sold on monthly installments, if preferred. Further information furnished at the office of the Pioneer Building and Loan Association, 122 King Street, A. V. Gear, secretary.

Cholera Infantum—This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil as directed, with each bottle, and a cure is certain. Since this remedy has come into such general use, there are very few deaths from cholera infantum, and none whatever when it is given. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

LADIES' SUMMER OXFORDS

JUDGES NAMED

Washington, D. C., June 14, 1904. "To W. F. Frear, Honolulu: "The President has appointed you Chief Justice of the Supreme Court of Hawaii. Please qualify at once.

"KNOX, Attorney General."

The above cablegram received late this morning by Chief Justice Frear was the first news of the judicial appointments for Hawaii. It announced Frear's appointment to succeed himself, and was quite generally expected by those familiar with the situation. At noon Acting Governor Atkinson received a cable regarding other appointments, which he at once communicated to the chief justice.

Atkinson's message was from Carter. It announced the appointment of the complete supreme bench, to consist of Chief Justice Frear, and General A. S. Hartwell and F. M. Hatch as associates. For the circuit judgeships, J. A. Mathewman succeeds Judge Edings of West Hawaii; C. F. Parsons succeeds Little of Hilo and Judge Hardy of the Fifth Circuit is reappointed for another term. All of the appointees are asked to qualify at once.

The new appointees are all well known. Hartwell having been often referred to as the "nestor" of the Hawaiian bar, while Hatch has also long been a leader of the bar.

Judge Mathewman is one of the youngest members of the local bar. He was formerly associated with W. O. Smith and recently has been in practice for himself. He was the counsel appointed to defend the county act in the recent test case arranged by the Bar Association. Mathewman was also

KILLED BY MINE

Washington, June 14th, 1904. (Received at 8:40 a. m.) To Japanese Consul, Honolulu. Admiral Togo reports that while Taihokumaru was laying mines in face of enemy in the night of the 13th inst., one mine exploded killing one officer and nineteen men and wounding two officers and seven men; damage to the ship is unimportant. TAKAHIRA. (Continued to Page 5.)

TO SEARCH FOR THE CONEMAUGH.

Associated Press Cable to the Star.

SAN FRANCISCO, June 14.—Orders have been received from Washington, D. C., at the navy headquarters here for the U. S. S. Cruiser Tacoma to proceed to sea at once to search for any tidings or trace of the missing sugar laden ship Conemaugh which is supposed to have been lost while bound from Honolulu to Delaware Breakwater.

PROVISIONS SEIZED BY JAPS.

CHEFOO, June 14.—The Japanese have seized a fleet of junks which were attempting to take provisions to Port Arthur.

RUSSIAN RESERVES CALLED.

ST. PETERSBURG, June 14.—Orders have been issued calling out the military reserves in several districts.

HEARST AND HARRISON.

SPRINGFIELD, Ill., June 14.—The Hearst and Carter Harrison Democratic delegates from Illinois have formed an alliance.

WILL GIVE UP WEI-HAI-WEI.

LONDON, June 14.—Premier Balfour today officially informed the House of Commons that the fall of Port Arthur would end the British occupancy of Wei-Hai-Wei. The place was leased by Britain from China at the close of the Sino-Japanese war when Russia took Port Arthur as an offset to Russian influence in the Gulf of Pechili. With her ally, Japan, in possession of Port Arthur, Britain would need no station there.

ATKINSON REAPPOINTS.

Acting Governor Atkinson today reappointed H. C. Meyers, deputy auditor, and P. L. Weaver, judge of the Torrens land court. Both of their old commissions expired today. The term of the deputy auditor is for four years, while the term of the judge of the land court is coterminous with that of the governor.

CARTER LEAVES WASHINGTON.

Governor Carter left Washington today for Chicago, where he will meet the rest of the Republican delegates to the national convention.

EARLY MORNING MARRIAGE.

Miss Carrie Franca and Manuel Vierra the foreman of the Silent Barber Shop will be married at 4 o'clock tomorrow morning at the Catholic Cathedral and then take the S. F. Alameda for San Francisco where they will pass their honeymoon.

For Our Readers

The Louisiana Purchase Exposition

Now open at St. Louis is destined to prove the most remarkable undertaking in the history of American civilization and progress. Whether from a historical, industrial, artistic, or educational view point, the results of this stupendous National and international assemblage will be far-reaching and profound. Its wonders and its beauties will be told about and dwelt upon when men and women now young are old. It will prove the event of a lifetime—of a century destined to be big with events. It will be by far and in every way, the greatest of expositions, and many years must elapse before even the occasion for such another can present itself.

It will, therefore, be a pleasure, almost a duty, for every intelligent man and woman to know this great World's Fair as it really is, and every one of our readers may be able to thus know it, through that

Superb Series of World's Fair Photographs ENTITLED The Forest City Art Portfolios

Ever on the alert to please our public, this paper has arranged for the exclusive right to distribute these superb photographic reproductions in this vicinity, and at a cost so trifling that everyone who earnestly desires to KNOW about the Exposition and REMEMBER about it, may easily do so.

What The Series Really Is

THE FOREST CITY PORTFOLIOS, (so named from the beautiful Forest Park, which has become the Exposition site) WILL COVER EVERY PHASE AND FEATURE OF THE FAIR. You will see reflected, as in a mirror, Superb Architecture, Palaces of Nations and States, Plazas and Waterways, Vistas, Monuments, Promenades, Gardens, Cascades, Triumphs of Sculpture and Art, and a wonderful variety of exhibits from all over the world, including strange and curious people, and objects never before seen in this country, or at any previous exposition. The entire series, when completed, will comprise

480 Superb Reproductions from the Cream of the Immense Collection of Photographs Secured by the Official Photographer of the Exposition

The original photographs are taken expressly for this work by the official photographers of the Fair and the descriptions are all written by Mr. Walter B. Stevens, Secretary of the Louisiana Purchase Exposition. The series is thus doubly official.

These reproductions will be bound into thirty beautiful Portfolios, each consisting of sixteen pages 11x14 inches, with sixteen views, appropriately described, printed on high-grade enameled paper, and substantially bound in heavy, durable cover paper for permanent preservation. One Portfolio will be issued each week.

PREDICTS TRIUMPH OF YELLOW RACE

PROF. STARR OF CHICAGO PREDICTS VICTORY OF JAPANESE AND TELLS RESULTS.

"The white race, without becoming extinct, will succumb to the yellow race in time. China will be supreme."

So said Prof. Frederick Starr of the University of Chicago, in amplifying statements made in a lecture to his class in anthropology yesterday.

"I cannot understand," said he, "why the Americans, a white race, should so strongly favor the Japanese, who are opening up the way for the ultimate supremacy of the yellow race. This sympathy for Japan is out of harmony with the extreme prejudice Americans have for the white race. Russia is the ultimate hope of the Caucasian for this is a race war and Russia will undoubtedly be the last of the whites to succumb to the yellow men. I do not favor Russia, however. It is to blame for the war and if it is defeated it alone will be to blame."

"But the yellow race is slowly and surely moving toward that great part it is to play in the world's history. Japan is opening the way for this progress, but she will not ultimately be the supreme nation. China is without doubt destined to hold this position. It has the latent power. In time it will rule the world."

"Every race has its day and there can be no reason given why the yellow race will not in time have all these qualities which determine the dominant people. All the civilization of the whites will be passed on to the Mongolian and it will in turn develop it. "On my recent trip through Japan I was struck with the power of the people. Their life is more real than that of the Caucasians, which with the exception of the Russian life is too artificial."

"Of course, these changes are centuries ahead, but they are clearly indicated and will surely come."—Chicago Daily News.

TREATMENT FOR FRACTURES. Silver Bolt Is Used by a Baltimore Physician.

BALTIMORE, June 2.—Dr. Stephen H. Watts, assistant resident surgeon at the Johns Hopkins Hospital, has devised a method for joining broken bones that is attracting interest in medical circles. After the fractured member is exposed the broken bones mortised; then a small hole is drilled through the joints thus made and a silver bolt is inserted. When the nut is screwed down the joint is immovable and the actual knitting of the bone may proceed without the interruption usually caused by a change in position and lack of rigidity.

Dr. Watts tested this method for the first time a year ago, and since that time he has used it with success. His first patient had a fracture of both legs. One was amputated to save the man's life. The silver bolt treatment was used on the other, and in a few months the patient was cured.

NO JURY AT MAUI. "By order of the court, all jurors excused for this term. Give news to papers."

This was the message received from Maui yesterday afternoon by Attorney General Andrews under the signature of Clerk Coe of the Second Circuit Court under Judge A. N. Kopoika. The

CALIFORNIA COLONIZATION.

A Committee Investigating With a View to Establishing a Colonization Bureau.

SAN FRANCISCO, May 20.—A committee appointed by the Western Passenger Association is investigating colonization conditions in California with a view to establishing a colonization bureau in this State. The report of the committee will urge that a number of land agents be given credentials by the Southern Pacific, Santa Fe and their connecting lines in the East, to establish such a bureau to be under the jurisdiction of officials of the Western Passenger Association.

The Southern Pacific has colonist agents who are employed to present the advantages of the State to homeseekers throughout the East and Middle West. The new bureau, however, will take care of the travelers on their arrival in California. It is the outcome of the invasion of colonists who have taken advantage of the low colonist rates maintained for two months in the spring and fall during the present and preceding seasons. Nearly 75,000 homeseekers journeyed to California last year over the lines of the Southern Pacific alone, and the present season has already shown an increase in the colonist travel westward.

These thousands of visitors were distributed over the State, strangers in a strange land, with no one to advise them on the varied climatic conditions, and where a prune orchard or an orange grove might be purchased. The State Board of Trade has done excellent work, but it can advise only those who seek it and therefore reaches but a small percentage of the thousands.

The railroads' colonization bureau will fill a need that has increased with the increase of travel, and the homeseekers who purchase tickets for California in future will be met by the railroads' accredited agents, who will be at their service in explaining conditions of the soil, climate and residential advantages in various parts of the State.

The bureau will probably bring more immigrants than ever before to California, and increase the business of the railroads as well as aid in the development of the State.

A recent report of Chairman McCloud of the Western Passenger Association which will establish the bureau, gives some interesting immigrant statistics. The association keeps well in touch with travel from Europe, where its agents are stationed, and the statistics show that during January, February and March of the present year, 103,685 immigrants entered the port of New York from the Old World. It is the cream of this invading host that the association works to divert to California. During the same months of this year the Southern Pacific passenger department statistics show that nearly 35,000 homeseekers took advantage of the road's colonist rates, and crossed the continent to California.

Nineteen public library buildings in the province of Ontario, Can., which have been completed during the past 18 months, were given by Andrew Carnegie.

Attorney General is unable to give any explanation of the matter unless it is due to a lack of money. The grand jury reported last week and when last heard from the trial jury was working on the case of the Territory of Hawaii v. W. L. Mossman, W. Bailey and W. Miner for robbery. Deputy Attorney General E. C. Peters left for Maui last week to act as prosecuting officer.

YOUNG WU DEFENDED CHINA.

ATLANTIC CITY (N. J.), June 2.—An audience of 2000 attended the commencement exercises of the Atlantic City High School to-day. The fact that Wu Chao Chou, son of the former Chinese Minister of the United States Wu, was to deliver the valedictory address attracted many. Young Wu, who is but 17, won the highest honors of a class of thirty-two. His thesis was "Eastern Conservatism." He defended China in her stand against what he called "too rapid progress and the change of Western nations and of Japan. He declared his country would outlast all the others, as it had outlasted the nations which have passed.

TIED UP NEWSPAPER BUSINESS.

NEW YORK, June 3.—Frank A. Munsey sold the D-Fy News to-day to Thomas C. Quinn, who has been managing editor of the paper for a year. Quinn was formerly editor of Donahue's Magazine in Boston. What Munsey got for the paper is not revealed. This story was out today that some Tammany men were backing Quinn in the purchase. He himself said the capital put in the paper came from Boston, but the paper would support Tammany politically and would be largely devoted to the interests of the laboring class. It will be an evening paper, and will move down town again.

TO ENLARGE HONOLULU FORT.

WASHINGTON, June 3.—Secretary Taft to-day approved the allotments made by the Quartermaster-General of the funds for barracks and quarters at various Army posts and forts, to be expended during the fiscal year beginning July 1st. The following amounts were allotted to forts on the Pacific: Fort Worden, Wash., \$130,100; Fort Casey, Wash., \$53,900; Fort Benicia, Cal., \$227,150; Fort Rosecrans, Cal., \$8,500.

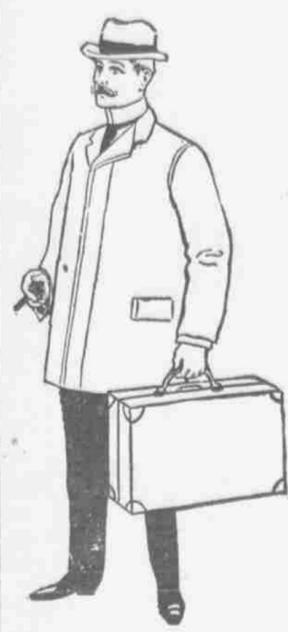

The following amounts were allotted to Western posts: Enlarging posts in Alaska, \$150,000; Fort Honolulu, Hawaiian Island \$175,750; Fort Mason, Cal., \$50,000 and Whipple Barracks, A. T., \$187,500; Fort Yellowstone, Wyo., \$8,500.

THE TENNIS TOURNAMENT.

DEMOCRATS HOLD MEETING.

A meeting of the Democratic Central Committee was held last night at Waverly Hall, for the purpose of discussing business arising from the recent convention when delegates to the Democratic national convention at St. Louis were selected. Reports of various disbursements and receipts in the interests of the party, were received. Steps were taken to settle whatever outstanding indebtedness there may be growing out of the expenses incidental to the convention. Very encouraging reports of the prospects of the party were received. The sentiment seemed to be that the organizing should be continued without awaiting the result of the convention at St. Louis. Plans for the advancement of the interests of the party were discussed. An adjournment was taken until next Monday night.

REPRESENTATION AT WASHINGTON.

The members of the business community who are agitating discussion of Hawaii's representation at Washington are on the right track. Looking back over the four years of the Territory's existence, it is impossible for anyone to say that we have been fortunate at the national capital.

Financially, the annexation of Hawaii has certainly been a most excellent bargain for the United States; leaving out of consideration the strategic benefits which the nation acquires from being established in the islands.

Are the members of Congress and the administration aware that the federal departments here are still occupying offices of Territorial buildings, rent free? The federal government has erected no buildings here. It took some as gifts from the Republic of Hawaii and occupied for its customs department the custom house of the old monarchy and kingdom.

We need more energetic action at Washington, backed, perhaps, by more unity at home. The men who are stirring up the subjects are performing a service which may lead to valuable results.

During our first two years as a Territory, almost all efforts at Washington were political. The delegate was unfortunately situated and not able to accomplish practical results.

But though we are to an extent cured of the unspeakably harmful habit of carrying all our local squabbles to Washington and though we may have friends right and left among the influential men of the nation, we shall never get the benefits we are entitled to until we have the right sort of representation at Washington.

If Roosevelt and Carter took up the discussion of all the knocks that have been sent from Hawaii, that luncheon is still in progress.

The battleship Czarevitch has been repaired and is again ready for destruction.

Roosevelt has already waited too long in the appointment of Judges for Hawaii. The commissions of the Supreme Justices and of several circuit Judges have expired. As the commissions do not provide that the holders shall continue in office until their successors qualify, the courts are suspended.

It would be highly interesting to know the discussions which have been going on at Washington regarding our judiciary appointments. If differences of opinion have developed a good guess to hazard might be that the Department of Justice has been standing up for its own appointees.

The racing day programme was a highly entertaining one, and it is a pity that its unusual attractiveness was marred somewhat by a much delay between events. The fact is that attendance at the track for some years has been diminished by a reputation for long delays between races.

can scarcely be expected that Japan will attempt anything in that part of the world, hence the Russian government is quite probably anticipating that other powers will be involved. By setting France into the fight Russia could probably force England to the assistance of Japan and thus bring on a general war, taking her chances in such a war and avoiding the near-cut, crushing defeat by Japan alone, which seems to be imminent now.

Is warfare getting too "civilized" for its purposes? There are reports from Russian hospitals praising the bullets used by the Japanese. The small bullets, entering the body at a fearful velocity, make such clean and small wounds that little harm is done. Men

In the Matter of the Estate of Francisco Gomes Capicha, Deceased.

Order to Show Cause on Executrix's Application to Sell Real Estate.

On reading and filing the Petition of Virginia Gomes, Executrix of the will of Francisco Gomes Capicha, Deceased, praying for an order of sale of certain real estate belonging to said deceased, consisting of three lots of land situated on the south slope of Punchbowl Hill, Honolulu, all of the value of about \$5,000, and setting forth certain legal reasons why such real estate should be sold, to-wit: That there is no personal property in the estate and certain claims against the estate are still unpaid.

It is hereby ordered: That the heirs and next of kin of said deceased and all persons interested in the said estate, appear before this Court on Monday, the 27th day of June, A. D. 1904, at 10 o'clock a. m., at the Court Room of this Court, in Honolulu, then and there to show cause why an order should not be granted for the sale of such estate.

And it is further ordered: That a notice of this order be published daily for ten days before the said day of hearing, in the Hawaiian Star newspaper published in Honolulu, the last publication to be not less than ten days previous to the time therein appointed for said hearing.

Dated at Honolulu, June 13, 1904.

INSURING IN HONOLULU

ATTORNEY GENERAL ANDREWS GIVES AN OPINION FOR THE INSURANCE COMMISSIONER REGARDING INSURANCE OF SUGAR AND OTHER CARGOES AND THE RIGHTS OF OUTSIDE COMPANIES TO TAKE THEM AS RISKS.

Insurance men in general, and those who handle marine business in particular, are deeply interested in a decision, or rather opinion, which was issued yesterday afternoon by the Attorney General at the request of the Territorial Insurance Commissioner, concerning the liability of certain forms of marine insurance to the Territorial tax.

In the past a large part of the insurance on the big cargoes of sugar from these islands has been effected here, while other parts of the cargoes have been covered by the plantation agencies having branches in San Francisco by policies written in that city. These circumstances have led to the necessity of a close reading of the new insurance law, as several sections of it bear directly on a business in which large risks and consequently large premiums are involved.

Section 23 of the new act provides that all companies doing business in this Territory must file an annual statement under oath giving the amount of net premiums received, and shall pay to the Treasurer, through the Insurance Commissioner, a tax of two per cent on the net profits or income, above the actual operating and business expenses and amounts paid to policy holders. Organizations failing to do this are liable to a fine of twenty-five dollars a day and to revocation of its certificate enabling them to do business.

Section 24 of the new act reads: "No insurance company or corporation licensed to do business in this Territory shall accept any application for insurance, nor shall write it, issue, or deliver any policy of insurance covering a risk located within this Territory, except through a duly appointed agent of such insurance company, who is a bona fide resident of this Territory, resident therein, and licensed as agent to write and solicit insurance for such company," &c.

Now the question arises as to whether a vessel taking sugar from these islands is, with her cargo, "a risk located within this Territory." The insurance men have urged that she is not, except for such period as she is loading and that the premium is therefore only taxable in part, if indeed it is taxable at all.

Then again, some of the plantation agencies which are exporting sugar to the mainland have been and are making contracts with marine insurance companies for covering all of their output for several years. Sometimes the value of a cargo of a single agency may amount to several hundreds of thousands of dollars, but of this amount only a portion is retained by the company writing the original policy, the remainder being re-insured. The underwriters have claimed, therefore, that they should be taxed only on that portion of the premium that the particular company receives, as it is not possible to collect from the re-insuring companies.

Another feature of this rather complicated situation is with regard to the location of the office writing different marine policies. Sometimes a cargo leaving San Francisco for Hawaii is insured in a Honolulu office and at other times the policy may be issued in San Francisco. Such a risk in either case is, in a sense, a Hawaiian risk, but the insurance companies do not relish the idea of paying a tax at both ends of the line. Their contention has been that all policies should be taxed where they are written irrespective either of where the risk emanates or what its destination may be.

It was on such points as these that the Insurance Commissioner sought the advice of the Attorney General. That officer has given his opinion as to his view of the extent in which the companies doing business locally are liable. While the exact text of his opinion has not been made public, it is understood that he ignores the contention that a ship and cargo of sugar insured in this port are liable to the tax only for such portion of time as she is actually in the waters of the Territory, nor is he inclined to mix up in the difficulties caused by the re-insurances. It is believed however that he agrees with the proposition that it would be unjust to cause companies to be taxed in two places on the one premium.

The Insurance Commissioner will act on the advice of the Attorney General at once and the companies will be informed of the action that the government intends to take within a few days.

JUDGES NAMED

(Continued from page one.)

one of the leading counsel in the Korean cases, in which a collection of \$113,000 in forfeits was attempted from E. F. Bishop, for alleged violations of immigration laws in encouraging immigration of Koreans. The cases all fell through under decisions by Judge Estee.

C. F. Parsons is a member of the firm of Smith & Parsons of Hilo, his partner being Judge Smith. He is one of the opponents of Judge Little, the latter's candidate having been H. L. Ross of Hilo, who is now away on a visit to his home in Iowa.

Carter's cable contained no reference to the postmastership. The commissions for the justices and judges have all been made out and mailed at Washington.

The terms of the other circuit judges in the islands will not expire for some time. Judge Gear's commission will be the next one to expire, about a year from now, while De Bolt's and Robinson's terms have considerably longer to run. Judge Keopikoi of Maui has only just been appointed.

Of the circuit judges originally appointed by McKinley, Little, Edings and Hardy are the only three who held for the four years.

OAT'S TERM SIX MONTHS YET

POSTMASTER'S COMMISSION WAS DATED IN DECEMBER, 1900, FOR FOUR YEARS.

There were general expectations in Honolulu today that news would be received of the appointment by Roosevelt of a postmaster for the islands, as it was thought that Oat's term expired with those of the judges. Oat's commission, however, is regarded as lasting until December, for the date of his last commission was December, 1900.

There were two commissions issued for Oat. One was in the name of "John" M. Oat, making him postmaster when the Territory was formed June 14, 1899, for a term of four years which would end today. The Senate was not then in session. In December a new commission, giving the name correctly as Joseph M. Oat, was sent to the Senate and confirmed. This commission, it is stated, will expire next December.

ACCOUNT OF FAKI DECISION.

The New York Commercial contains a report of the decision made by the Board of Appraisers last month in the appeals by S. Kinura and A. Gonzalez of Honolulu against an allowance being made for sugar that landed out before it arrived at this port. The board held that allowance must be made for such sugar. The decision was received some time ago by Customs Broker Johnson and means that considerable will be refunded by various importers by the Customs authorities.

SOLDIERS LEAVE FOR HOME TODAY

COMPANY D OF HILO LEFT BY KONAU TODAY AND CO. I LEAVES FOR MAUI TONIGHT.

The last vestige of the national guard encampment at Kapiolani Park disappeared today when Companies D and I broke camp early this morning and marched down town and went into temporary quarters at the Drill Shed. The two out-of-town companies were the last men to leave the encampment grounds. The local companies finished their services on Sunday afternoon and the other companies have been waiting until today to leave for home.

Both companies went to the Wilder wharf shortly before noon today, as the Company D, the Hilo organization under command of Captain Potter, had to embark on that vessel for home. Co. I from Waialua acted as escort. The Territorial Band was at the wharf and played the steamer away. The wharf was crowded with hundreds of people.

The Waialua company under command of Captain Bol will depart this afternoon on the steamer *Claudia* for Maui.

MANY SAW HITHET DEPART.

There was a very large crowd at the Hinchfield wharf this morning to see the bark B. P. Hithet depart for San Francisco. The vessel took a good sized crowd of passengers. She was loaded to her complete passenger accommodations. She took 2,000 tons of sugar.

THE STAR'S ART PORTFOLIOS WILL TRANSFER SIGHTSEERS TO ST. LOUIS DIRECT.

As previously announced, the Star has arranged to supply its readers with the "Forest City Art Portfolios," consisting of thirty parts, which will be issued one a week, beginning next Saturday and continuing for thirty weeks during the life of the Louisiana Purchase Exposition.

The Portfolios are 11x14 inches in size. Each number, or part, contains sixteen superb photographic views, 8x10 inches, judiciously chosen in order to make every separate number representative and complete.

The photographs are taken especially for the work by the official photographer of the Fair, and the descriptions are from the pen of Walter B. Stevens, secretary of the Louisiana Purchase Exposition. The series is therefore, doubly official.

Thousands of people all over the country feel sorrow at the thought of the ephemeral character of this greatest of all Expositions. The Gardens, Highways, Lagoons, Palaces of Nations, Amusement Halls, which for seven months will inspire the rapture of visitors from everywhere, which will prove the astonishment of foreigners, and the just pride of Americans, will disappear as effectively as the silent Arab in the poem, and be seen no more.

Every nation which has had exhibitions of any kind has been confronted with the realization of the fact that the efforts of the projectors, designers, artists, sculptors, decorators and sculptors were destined to live but for a limited period, and then be forever lost.

The same condition will now confront the American people, but happily art photography has reached a stage of wonderful perfection at the hands of expert operators. Few scenes could lend themselves so readily to photography as do those on the beautiful grounds of the St. Louis Purchase Exposition, known as "The Forest City." If we cannot retain the beauties and grandeur of the Fair, we may, at least, preserve permanent photographic reproductions of it for the continued education, entertainment and art cultivation of the nation in general, as well as for the coming generation.

The Star is doing its share of helpful work. It has arranged to secure for its readers the complete set, as issued, of official photographic reproductions, representing the choicest scenes and most brilliant features, as worthy mementos of the most wonderful gathering of the arts, sciences and industries of all nations.

The possessor of this elaborate series of World's Fair views will be as familiar with the grounds, buildings, exhibits, foreign representations and works of art as any visitor to the Exposition itself. Mental pictures fade very rapidly, especially where the variety of scenes and views is so great, as at the World's Fair; but "The Forest City" portfolios will picture them for us forever. The series also constitutes an educational possession, which every one of our readers will highly prize.

The distribution begins next Saturday, when Part I will be ready, comprising sixteen large photographic reproductions of several of the buildings already completed and of notable groups in connection with the dedication ceremonies.

Readers should read in Saturday, using the coupon on page 2 of today's paper.

MRS. SPRECKELS DOWER RIGHTS

the account and the accounts show a dividend of 53 55-100 per cent made to pay the debts. There was no balance to remit to the devisee William Lynch.

"There are no words of release of Oroville Spreckels' dower in deed on Sheet No. 17. She merely signed the deed but did not release her dower." The examiner concludes that the title is clear and good as alleged except that it "is apparently subject to a right of Oroville Spreckels, wife of C. August Spreckels."

Judge Weaver added to the examiner's report notations containing the legal authorities on the points raised, as to the right of dower. C. A. Spreckels and wife, now traveling in Europe, probably have not the slightest suspicion of the possibilities of their interests at Waikiki, but a notification is already in the mails.

THE CLERK IS THE WHOLE COURT

SUPREME JUSTICES SIT WITHOUT THEIR JUDICIAL ROBES AND CLERK ADJOURNS.

George Lucas, clerk of the court, appeared to be all of the supreme court that was left when the time for meeting arrived this morning. When the court was last in session it adjourned to June 14, by which time appointments were expected to have been settled. No appointments had been made, however, when the hour for session arrived.

Chief Justice Frear and Associate Perry entered the court without their robes of office and took seats on the bench in ordinary business clothes. There were several attorneys present. The bailiff opened the court in the usual way. Chief Justice Frear instructed the clerk to adjourn court to tomorrow and Lucas ordered the adjournment. The proceedings were apparently on the theory that the justices are out of office, but that the court is still in existence.

WEAKNESS

When you are weak, nervous, and all run down, everything seems to go wrong. Ayer's Sarsaparilla will build you up, make your nerves strong, and give you pure, rich blood. Here is what a nurse of large experience says about it.

Mrs. F. B. Chappell, Stowell, Victoria, Australia, sends us her photograph, and writes: "I have been a nurse for thirty-five years, and I take great pleasure in recording my experience with Ayer's Sarsaparilla and Ayer's Pills. I have used these medicines in different parts of the world, both for myself and my patients. I have had great success with them, especially in cases of nervous prostration, impure blood, skin diseases, and weakening illnesses in general. I most heartily recommend these medicines to all sufferers from any of the above-named distressing complaints."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas. Be sure you get "Ayer's." Ayer's Pills cure constipation. Sugar-coated, mild, but effective. Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A.

TEACHING BY WOMEN.

The Naples table association, which has for its object the promotion of scientific research by women has announced at Boston the offer of a prize of \$1,000 to be awarded in April, 1907, for the best thesis submitted by a woman, on a scientific subject involving laboratory research. This is the third prize to be offered by the association. The first prize was awarded in April 1903, to Dr. Florence Sabine of John Hopkins medical school, for a research on the origin of the lymphatic glands. Mrs. Ellen H. Richardson of the Massachusetts institute of technology is chairman of the prize committee.

ADVOCATES THE WORLD'S PEACE

CONFERENCE ON INTERNATIONAL ARBITRATION ADOPTS UNIVERSAL PLATFORM.

MOHONK LAKE, N. Y., June 3.—The conference on international arbitration today adopted a platform of principles which appeals to all persons to co-operate in diffusing such a righteous sentiment and feeling toward all classes, conditions and races to men that international arbitration will be resorted to as the best means of securing international justice whenever diplomacy fails. The leading speakers today were Justice Brewer of the United States Supreme Court and Congressman Bartholdt of Missouri, Congressman Bartholdt, who organized in Congress last winter a "League of Nations" or "International Union, addressed the conference on that subject. In concluding Bartholdt said:

"There is no question but what all other nations look with hope and expectancy to the United States. They feel how thoroughly it would accord with our plain institutions if the American Government would take the lead in this question, and call for instance, a second conference similar to that at The Hague, with a view to the negotiation of arbitration treaties between the different countries and to the renewal of the discussion of the reduction of armaments. This, indeed, will be the proposition of the American group at the St. Louis conference, and a concurrent resolution is already pending in Congress requesting the President to convene such a New World parliament. If emanating from the United States the acceptance of the invitation to the other powers will be almost certain, and especially if, by the adoption of this American proposition at St. Louis, the members of the Interparliamentary Union will use their influence with their respective governments in this direction. Then the greatest of all steps forward will have been taken. Law and justice will be substituted for brute force in international relations, as it was done long ago in civilized society, and all mankind will rejoice in this crowning glory of modern civilization."

During the afternoon Judge Gray, the presiding officer, received the following telegram from President Roosevelt: "Permit me to congratulate the International Arbitration Conference and to express my earnest hope for the success of all efforts of this kind to promote peace and justice among the nations." To this message the conference replied, expressing its thanks and appreciation.

WANTS A FIGHT.

Joe Riley has announced himself as the heavyweight amateur champion of Boston, and is anxious to fight any man in the islands, and claims he has the money to back up his challenge. Riley says that a local club management is willing to have him fight but first wants to see him in a try-out. He will therefore give an exhibition of his ability on Wednesday afternoon at the Healan Boat House at 2:30 o'clock with a "man of repute" as his opponent.

Miss Alice Bailey, of Atlanta, Ga., escaped the surgeon's knife, by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life. I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. "I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now. "You surely deserve great success, and you have my very best wishes."—MISS ALICE BAILEY, 50 North Boulevard, Atlanta, Ga.—\$2000 Perfect Original of above letter proving genuineness cannot be produced. All sick women will be wise if they would take Lydia E. Pinkham's Vegetable Compound and be well.

THE ADVANTAGES CEMENT ROOFING.

POSSESSES OVER

Tin, Iron and Steel Roofing

IT CANNOT RUST.

Gases, fumes, moisture, coal soot and smoke cannot injure or effect cement roofing.

It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known, therefore it will keep the building warmer in winter and cooler in summer than a metal roof.

TAMING MOSQUITOES.

"Dr. Schoo has observed," says Modern Medicine, "that when mosquitoes have access to acid fruits their bite becomes less poisonous, or wholly innocuous. And Professor Celli has observed that in portions of Italy where tomatoes are largely cultivated, the people are practically free from malarial infection, altho the region is naturally very malarious. The juices of the plant constitute the natural food of the mosquito. It would seem, then, that the wide cultivation of acid fruits, such as tomatoes, strawberries, and other succulent fruits, may be made an important factor in ridding the world of this very troublesome pest. How the use of acid fruits destroys the virulence of the mosquito bite has not yet been determined. It seems probable, however, that the vegetable acids may destroy the malarial parasite."

AT ST. LOUIS.

Visitors at the St. Louis fair who may attend the bronco-busting exhibition will see some of the wildest horse ever brought off the range. Twenty

head of the worst "ortlaw" ponies to be found in the state of Colorado recently were shipped to St. Louis to join a rough rider outfit.

A Dangerous Disease—Every one knows that cholera morbus is one of the most painful and dangerous diseases known to humanity. The fact that it is so swift and so often fatal in its results makes it more to be feared than almost any other malady. It often terminates in death before a physician can be summoned or medicine procured. Attacks of cholera morbus come unexpectedly and every family should be prepared. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effective medicine and if given in time will prevent serious consequences. This remedy never fails and is pleasant to take. Every household should have a bottle at hand. Get it today. It may save a life. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

GOOD PLUMBING is our forte, we don't do cheap work. You will find an exhibition in our store, all the latest fancy designs in bath room apparatus. We carry everything that goes to make up that most important part of a dwelling—the bath room—AND WE INSTALL IT RIGHT. Our plumbing is put in to last, we guarantee all work done by us, and can quote you the names of hundreds of satisfied customers.

It costs no more to have your plumbing and sewer connections done by us, and remember WE GUARANTEE THE WORK.

Delicious Ice Cream Soda

Quality in soda is everything. Our patrons are good enough to say ours has the flavor, coldness, snap and fiz that they so much enjoy and cannot get elsewhere.

Most druggists treat it as a trifle, but with us this has the same careful attention that every department of our business receives. We spare neither pains or money to make it right. The water is carbonated on the premises by our own apparatus. The juice from fresh ripe fruit is used for making flavors, served at our fountain. From start to finish it is absolutely right.

Besides all the regular flavors we have the following specialties:

ROYAL MALT EXTRACT, BIRCH BEER, CELERY PHOSPHATE, WILD CHERRY PHOS.

WAIOLA, GRENADINE PUNCH, WELCH'S GRAPE JUICE, LIME JUICE AND KOLA,

FRUIT SHERBERTS EVERY DAY, SASSAFRAS SOUR, KOMO, ALL LEADING MINERAL WATERS.

FOURTEEN WILL AGAIN DRAW PAY

FORMER EMPLOYEES OF LOCAL QUARANTINE SERVICE WILL BE REINSTATED IN SERVICE JULY 1

There will be much rejoicing in the local Marine Hospital service when July 1 arrives. The advent of the new month means that no less than fourteen employees in all grades of the quarantine service will be reinstated and receive pay. The quarantine launch Oahu will also be put into commission again. She has been out of commission for some months.

Owing to an unexpected delinquency in the appropriation, the expenses of the local station had to be curtailed. Dr. Cofer, the head of the quarantine service, was advised by the authorities at Washington some months ago to curtail the expenses of his department. This order was obeyed by laying off fourteen people, including two inspectors, four men of the launch crew and eight employees over at Quarantine Island. None of these employees were discharged, but were simply laid off until the new fiscal year of the Federal service arrived. The fiscal year of the United States Government administration begins July 1. There will be ample funds with which to operate the local quarantine service and the fourteen people will soon be put into service again on their regular pay.

PASSING OF S. A. D. JONES

The death occurred at 10 o'clock this morning of S. A. D. Jones, agent in Honolulu of the Germania Life Insurance Company of New York, after an illness of several months. Mr. Jones, who was a native of San Francisco, was in his forty-third year. He formerly represented the New York Life in Los Angeles, but he joined the Germania some three years ago. He was placed in charge of the office here over a year ago and during his residence here made a large number of friends who will sincerely mourn his loss. He had been complaining of feeling ill since the beginning of the present year and for two months past he suffered severely. Under the advice of his physician, Dr. Wyss, he had been attended by a trained nurse at his rooms in the Young Hotel for several weeks, but his condition grew steadily worse. Last night all hope was given up and his relatives in California were called to prepare for the worst. This morning he was delirious and he passed away without retaining consciousness. Mrs. Jones and four children survive the deceased, the youngest child being an infant of six months. They are at present in California. If arrangements can be concluded in time, the remains will be sent to San Francisco on the Alameda tomorrow. The late Mr. Jones was a prominent member of the Native Sons of the Golden West and at one time held high office in that order.

TO AID KAULUKOU.

Rehearsal With Orchestra At Rehearsal To-night.

This evening at the opera house all those who are singing in the Kaulukou benefit are called together for rehearsal with the orchestra. This will be followed by one more rehearsal on Thursday evening. Seats are selling freely and it looks as if the "Hawaiian Baritone" as he is styled on the bills, is to have a crowded house to bid him success on his venture.

The program is most attractive promising indeed entertainment which can hardly be overlooked by any music lover setting aside the excellent purpose for which it is being given, under Mrs. Annis Montague Turner's skillful care. Lot Kaulukou is said to have made such strides in his chosen profession as will surprise and delight even his most sanguine friends.

NO NEWS OF THE KOREA

H. Hackfeld & Company, Ltd., the agents of the Pacific Mail S. S. Company, have not received any advices yet regarding the day when the S. S. Korea can be looked for at Honolulu on her homeward trip from the Orient. Evidently the vessel is still in Japan for had she sailed the general agents would have made some idea of the time she would make from Japan to this port.

News of the movement of the Korea is being awaited with more than usual interest, as there are many people who are anxious to secure passage to the Coast on her.

SAILING OF THE NEVADAN.

For some reason the S. S. Nevadan has not departed for San Francisco from Kaula. She has been detained by some cause at the latter port. She was to have sailed last Saturday.

BROWN FOUND GUILTY.

Wille Brown, whose plea of guilty of assault with a razor was withdrawn yesterday by Judge De Bolt as a result of the defendant's statement to the court, was tried this morning and the jury brought in a verdict of guilty. His story to the jury was different to that he told the court. Judge De Bolt imposed a sentence of one month.

THE KAHE CASE.

Judge Robinson this morning granted a motion to quash the service of summons in the matter of the petition to have H. W. Kinney appointed guardian pendente lite of the Dr. Carter minors, during the appeal against the order removing Jesse Kahe. The court held that there had been no proper service of the summons.
