

THE LOAN BILL ITEMS WHICH CARTER HAS PICKED OUT

GOVERNOR CARTER AGREES WITH SUPERINTENDENT HOLLOWAY THAT CERTAIN EXPENDITURES FOR THE ISLANDS ARE FOR THE GENERAL GOOD OF THE TERRITORY—DIFFERENT ITEMS WHICH WILL BE ATTENDED TO BY PUBLIC WORKS DEPARTMENT.

There has been a change of base on the part of Governor Carter in regard to the expenditures of public money under the Loan Bill which was passed by the last legislature. This bill called for the expenditure of no less a sum than \$1,377,000, but in a letter written by George Carter to Treasurer A. J. Campbell, under date of September 13 last, he proposed to cut this amount down to \$750,000 and instructed the treasurer to proceed to procure the necessary data for the approval of the President to make the issue for the amount he named. In the Governor's letter were the following paragraphs: "I think you will agree with me that in the case before us we should not necessarily lay down the theory that no Territorial loan money should be expended upon road work of any kind, but rather that under the present bill, if we deviate from those general appropriations which the Legislature has admitted were Territorial in every sense, and make any selections from those amounts which were apportioned to each Island, we must then, in fairness, undertake a proportionate

amount of work in each of the other islands. "Therefore, instead of passing on the advisability and necessity of those appropriations, it seems wiser to limit our coming loan for the next two years to \$750,000.00, and to carry out the amount only of those appropriations that the Legislature itself considered to be for the benefit of the whole Territory." It may here be explained that the Loan Bill, as it is familiarly called, is divided into several different headings, the moneys appropriated being arranged under the captions "General Appropriations for all Islands" and then in turn, for Hawaii, Maui, Kauai and Oahu. Thus it would appear obvious that when the Governor wrote that it would be advisable to carry out the appropriations "to be for the benefit of the whole territory," he had in mind only those which were included under the term of "General Appropriations." These appropriations, it may be noted, came in all to \$861,160.00. (Continued on page five.)

COUNTERFEIT MADE BY HAND

BAD TEN DOLLAR BILL IN BRECKONS' POSSESSION WAS DRAWN WITH PEN AND INK—INVESTIGATIONS GOING ON IN HONOLULU, SAN FRANCISCO, NAGASAKI AND MANILA—MUCH BAD MONEY PASSED IN NAGASAKI

The counterfeiting investigation started in the Orient than American, for every ed here when the transport Sherman paper certificate from Washington is was in port is going in in four widely known to be just as good as gold it separated parts of the world. The au-self, and the scheme is thought to have thorties are working in Honolulu, Sanben to use the money in cities like Francisco, Nagasaki and Manila. TheNagasaki, where a more or less imper result is not unlikely to be an impor-fect bill is easier to pass than it would tant exposure of making of bad Ameri-be here or in America. The attempt to can money in the Orient, in whichpass a bill here was very likely due to clever Japanese artists may play a large part. No money is easier to pass (Continued on page five.)

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

The uniform success of this remedy has made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. For sale by all dealers. Benson Smith & Co., agents for Hawaii.

RUSSIA IN THE GRIP OF STRIKERS

(Associated Press Cable to The Star).

ST. PETERSBURG, October 25.—Over half of European Russia is in the grip of the striking railroad men. It is expected that by tomorrow the capital will be cut off from the outside world by way of the continent as the strikers are expected to be able to shut down every railroad line. This condition will also suspend postal communication. Anarchy prevails at Riga where many have been killed and wounded. The government spirit shops have been looted and destroyed by the rioters. Two bloody conflicts between rioters and the soldiers occurred at Ekaterinoslav where volleys were fired at the mob by the soldiers.

TROOPS IN SANTIAGO

SANTIAGO-DE-CHILE, October 25.—A force of 3,000 troops has arrived here and order has been restored. The record of fatalities in the recent tax rioting will probably show that 60 persons were killed and 200 wounded.

PRESIDENT IS IN ARKANSAS.

LITTLE ROCK, Arkansas, October 25—President Roosevelt arrived here today and was accorded a big reception.

MAYOR BELCHER LOCATED

THE NEW JERSEY EMBEZZLER FOUND IN QUEENSLAND PASSED THROUGH HONOLULU SOME TIME AGO.

NEW YORK, October 15.—William Henry Belcher, Mayor of Paterson, N. J., fugitive from justice and embezzler of more than \$200,000 from financial institutions, has been located at Yebri, Queensland, Australia. He is residing there with his old friend, James Robertson, a former Patersonian, who left home under similar circumstances more than fifteen years ago.

Leaving Paterson on July 31 last, Belcher boarded a train at Little Falls, three miles from Paterson. At Newark he boarded a train for the West, arriving in San Diego, Cal., five days later. He had shaved off his mustache and otherwise attempted to disguise himself.

Belcher passed several days at San Diego, and this fact assisted him in defeating an attempt at capture at the instigation of Governor Stokes and Prosecutor Emley when the ship on which he had engaged passage as "William H. Pitcher" was searched at San Francisco, and Honolulu. When placed under arrest in San Francisco, Belcher called upon his San Diego friends to prove his identity and they did so, claiming him to be a business man of that city. When the ship was en route to Honolulu, Governor Stokes cabled the Sheriff at Honolulu, informing him of the suspicions of the local authorities.

Again the vessel was stopped. Belcher had made a friend on board the ship or taken a confederate with him from San Diego. This man informed the authorities that the man they had picked out as Belcher was a San Diego business man on his way to Australia. The story was believed and Belcher once more escaped arrest.

PROFANITY CASE CONTINUED.

Eugene Devauchelle was arraigned before Judge Whitney this morning to answer to the charge of profanity. By his attorney W. T. Hawkins the defendant entered a demurrer to the complaint on the grounds that the complaint did not specify the nature of the profanity which Devauchelle was alleged to have uttered. The demurrer was overruled and the court allowed the complaint to be amended in order to specify the language. Devauchelle was alleged to have uttered rather uncomplimentary things about Sheriff Brown. The case was continued until tomorrow.

ARRIVING.

Wednesday, October 25. Stmr. Claudine, F. Bennett, from San Francisco, at 12:30 p. m.

HILO.

Arriving, October 14.—Am. ship Falls of Clyde, Matson, for San Francisco.

SAUNDERS HELPED BELCHER

CLAIMED THAT HAS MASTER OF MANCHURIA NOT SPOKEN ABSCONDER WOULD BE ARRESTED

SAN FRANCISCO, October 17.—Captain J. W. Saunders of the Manchuria, who is in trouble with the Federal authorities over his naturalization papers which are alleged to have been forged, may also find himself in trouble with the police when he returns from his present voyage to the Orient.

When William Henry Belcher, the defaulting Mayor of Paterson, N. J., who has been located in Western Australia came to this city he took passage on the Manchuria, representing himself as a preacher named Pitcher. Detective Ed Gibson was watching the passengers boarding the steamship and arrested Belcher from a photograph sent from New Jersey. Belcher was indignant, claiming that his name was Pitcher, a preacher. He appealed to Captain Saunders and the captain told Gibson he had made a mistake, as he had known Pitcher for several years. On that positive statement Gibson allowed Belcher to leave with the steamship.

If Gibson had held his prisoner he would have been entitled to a reward of \$500 which was offered for Belcher's capture.

CLAUDINE HERE FROM THE COAST

STEAMER ARRIVED AFTER BEING OVERHAULED AT SAN FRANCISCO—MADE A FINE RUN DOWN.

Looking as trim and fine as a yacht the steamer Claudine, the rejuvenated vessel of the Inter-Island Company, arrived at 12:30 o'clock today from San Francisco. The vessel returned from receiving a thorough overhauling. She left here July 1 and during practically all of that time has been in the ship yards. She was given new boilers and was rebuilt so far as the superstructure is concerned. Her upper deck is similar to that of the steamer Kinau. The vessel left San Francisco October 17 and, although this was later than any previous boat the mail was not put aboard her. Her time was 7 days, 21 hours and 57 minutes, including an hour's stop to repair a small pipe leading to one of the pumps. She has been fitted with bilge keels.

Captain Bennett who went up with the vessel returned in command of her. The families of a number of the officers of the boat returned on the vessel. The vessel has about 600 tons of freight for this port. She is to go on the Maui run,

DOWDELL MAKES CHARGES AGAINST PILOT JOHNSON

SAYS THE ALAMEDA WAS UNDER THE SOLE CHARGE OF THE PILOT AT THE TIME OF THE DISASTER AND ANY NEGLIGENCE WAS HIS—NO FOG SIGNALS BLEW UNTIL AFTER THE ALAMEDA WENT AGROUND.

SAN FRANCISCO, October 13.—No foghorns or danger signals of any sort were sounded until the Alameda grounded upon the rocks—such is the testimony of five witnesses examined before J. K. Bulger and O. F. Bolles, local inspectors of steam vessels, yesterday morning during the inquiry into the accident. Not a foghorn was sounded until the gallant vessel was hard and fast upon the rocks. Before the inquiry was begun a communication from Captain Thomas Dowdell, master of the vessel, was read charging that the neglect (if any) that caused the disaster lay with the pilot, Charles B. Johnson, as he was in full charge of the steamer when she struck.

This proceeding was taken on the advice of the inspectors to facilitate matters. The communication reads as follows:

Messrs. Bolles and Bulger: As master of the steamer Alameda at the time the same was stranded at Fort Point, on the morning of the 30th day of September, 1905, I hereby prefer charges against the pilot, Charles B. Johnson, whose license is No. 23,854, nineteenth issue, date October 16, 1902, and state that, at said time, said pilot was in sole charge and command for the purpose of navigating her through the Heads, being under special employment of the steamship company for that purpose, and the fault or neglect, if any there be, in the navigation of said vessel, which resulted in said stranding, was the fault, or neglect of said Charles B. Johnson, and no other. And I respectfully ask that the said Charles B. Johnson be summoned before this board to answer to this board in such manner as in law and justice is meet and proper. Respectfully,
CAPTAIN THOMAS DOWDELL,
Master Steamship Alameda.

The stories told by First Mate P. Anderson, Third Officer Lewis S. Jordan, Surgeon E. J. Rice, Quartermaster John Ellis and Lookout T. Olson all agree with Captain Dowdell's version. Following is Captain Dowdell's official report of the grounding:

At 11 a. m. we left pier No. 7 with Pilot C. B. Johnson on board. I backed the ship out from the wharf

and straightened her up along the wharves. I then told the pilot to take her and steady her up to suit himself and he answered, "All right, captain," and from that time he alone directed the course of the ship until she struck.

About halfway between Alcatraz and Lime Point a thick fog set in. I thought it was only a bunch that would pass away. It partially cleared for a few seconds and we saw high land on the starboard bow, but it got thick again. I remarked to the pilot that we ought to hear Lime Point whistle. He answered yes, but we heard nothing, except for what I took for a steam launch as it was a sharp whistle on the starboard side. Shortly after this the pilot ordered the wheel to starboard but how much I do not know as I was on the starboard side of the bridge, keeping a lookout and listening for the foghorns and other signals. But I heard him call out "Steady." A very short time after this First Officer P. Anderson from the forecastle head sang out "Fort Point right ahead, sir," and at the same instant the pilot ordered the wheel hard port.

I went to the port side of the bridge and heard the whistle for the first time. Then the vessel struck and the pilot ordered the engines stopped. I then took charge and sounded distress signals and ordered the boats swung out and the bilges sounded, finding the wells dry. I then sounded around the ship and found three fathoms forward and three and one-half amidships and four and one-half under the beam. I had all passengers transferred to the steamer Golden Gate, which came to our assistance. At high water we tried to back off with our own engines but could not move. Later four tugs tried, but she would not move then.

From the time we left the wharf until the ship struck Lewis S. Jordan, third officer was on the bridge in charge of the engine-room telephone and also passed the word from the pilot to the man at the wheel. I was also on the bridge from the time she started to the time she struck, but gave no orders or even suggestions regarding the steering of the vessel after turning her over to the pilot.

GOES TO JAPANESE LINE.

F. R. Newton, who for five years has been chief steward of the liner Coptic, has left the service of the Occidental and Oriental Steamship Company to take charge of the steward's department on one of the Toyo Kisen Kaisha liners. He will return to the Ori-sha liners. He will join his new ship at Yokohama. Newton is considered one of the best stewards on the Oriental run. He will be succeeded by C. Sewall, who has been acting as assistant port steward for the Pacific Mail Company.

Standing Up Quality

is what counts in a shoe. There are so many technical parts about the general make-up of a shoe that most people don't always know where to find imperfections. Let us explain these technicalities in a common sense way:

- First. The inside making of a shoe.
- Second. The imitation leather counter.
- Third. Those cut off vamps.
- Fourth. Poor leather in tops.
- Fifth. Poor lasting of a shoe.

These are some of the imperfections that are found in so many of the medium grades of shoes.

These imperfections we are proud to say, do not exist in our great "ALL AMERICA" line of shoes for men.

They have stood the test for forty years in the art of good honest shoemaking at good honest prices.

Come in and let our salesman explain in detail.

Shoe trees add to the longevity of your shoes.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu, Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

METEOROLOGY OF OCTOBER.

Local Office, U. S. Weather Bureau. The following data, covering a period of 29 years, have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month October for 29 years.

TEMPERATURE, (1890-1904.)

Mean or normal temperature, 77°

The warmest month was that of 1896, with an average of 77°

The coldest month was that of 1903, with an average of 75°

The highest temperature was 90° on October 10, 1891.

The lowest temperature was 63° on October 30, 1892.

PRECIPITATION (rain) (1877-1894 and 1904.)

Average for the month 1.76 inches.

Average number of days with .01 of an inch or more, 13.

The greatest monthly precipitation was 4.33 inches in 1884.

The least monthly precipitation was 0.44 inches in 1885.

The greatest amount of precipitation recorded in any 24 consecutive hours was 2.56 inches on October 29, 1882.

CLOUDS AND WEATHER. (1890-1904.)

Average number of clear days, 10; partly cloudy days, 17; cloudy days, 12.

WIND.

The prevailing winds have been from the northeast.

The average hourly velocity of the wind during October 1904, was 8.1.

The highest velocity of the wind during October 1904, was 23 miles from the northeast on the 26th.

Station: Honolulu, T. H.

Date of issue: September 29, 1905.

ARBOR DAY PROVIDED FOR

GOVERNOR CARTER DOUBLES A SUBSCRIPTION FOR A PRIZE IN EVERY SCHOOL.

The Arbor Day programme was reported to Secretary Atkinson yesterday afternoon by Superintendent of Public Instruction Davis and Professor Hosmer who constituted the committee of arrangement. A subscription list aggregating \$355 was turned in, and Governor Carter wrote a check for a like amount, doubling the subscription. The programme was reported as follows: "We are heartily in favor of the proposed contest, because we believe it is based on the true spirit of Arbor Day which is to awaken and maintain a continued interest in the planting and care of trees on school grounds and elsewhere.

"To carry out the plan in a successful way, and to arouse the lasting interest of both teachers and children, we recommend:

"First, that to every school making application to the Superintendent of Public Instruction, a prize of not less than five dollars in value, consisting of some object of beauty or utility, to be selected by the teachers of the school, be offered in each of the public schools of the Territory, to the grade planting on school grounds on Arbor Day, November 3, 1905, or before November 15, 1905, the tree which as the result of being well cared for is in the best condition on the succeeding Arbor Day, and that the prize be re-awarded each year thereafter under the same conditions.

"Second, that the prize be the property of the grade winning it for the period of one year, and each year it shall have attached to it the name of the grade winning it, and a record kept of the names of the children in the grade.

"Third, that the planting be done in strict accordance with the directions prepared by the Superintendent of Forestry and furnished by him to the principal of each school. These directions will be drawn up so as to cover the various conditions existing in the various parts of the Territory.

"Fourth, that the trees be judged before hand by the school agent of the district, after an examination of them and consultation with the teacher of each competing grade and the prize publicly awarded on Arbor Day."

The following is the subscription list: For a five dollar prize in each of the 154 schools in the Territory Governor G. R. Carter.....\$770.00

PAPERS RETURNED BY THE JUDGE

CAPTAIN A. ZEEDER AND QUAYLE RECEIVE CREDENTIALS AGAIN—OTHER CASES NOT SETTLED.

SAN FRANCISCO, October 7.—Captain Abner Zeeder of the Korea, whose citizenship rights have been under investigation by Secret Service Agent Helms, was reinstated to citizenship yesterday by Judge Murasky, to whom Agent Helms had referred the captain's papers. It was shown that Zeeder had come to this country when he was 17 years old and had subsequently taken out his papers as a minor. Later he shipped on board a foreign vessel for a two months' cruise. The ship was delayed, and Zeeder did not again reach the United States until his intention papers had been clouded by his continued absence. Judge Murasky ruled that, as Captain Zeeder had never abandoned his intentions of becoming a citizen of the United States, he should not be held responsible for a delay in the return of a vessel upon which he had shipped.

Chief Mate Leopold Quayle of the City of Sydney, was also rehabilitated as a bona fide citizen of the United States by Judge Murasky. Quayle's contentions were substantially the same as Zeeder's, and he was given back his naturalization on the same grounds.

Captain J. H. Rinder of the Minnesota, whose naturalization papers are questioned by Secret Service Agent Helms, will be up before the United States District Attorney at Seattle. Chief John E. Wilkie of the secret service in Washington, notified the local office to this effect yesterday. A recent opinion handed down by the United States Attorney in Washington makes it improbable that Rinder will remain a citizen of this country.

Judge W. W. Morrow of the Circuit Court will pass upon the application of John G. Hitchfield, captain of the Mongolia, to be reinstated to citizenship. Hitchfield appeared before the clerk of the Federal Court yesterday and swore to his qualifications to become a citizen in spite of the fact that his credentials have been under official investigation for some time.

MISTAKEN DIAGNOSIS.

There are many people who have pains in the back and imagine that their kidneys are affected, while their only trouble is rheumatism of the muscles, which can be cured by a few applications of Chamberlain's Pain Balm, or by dampening a piece of flannel with the Pain Balm and binding it over the affected parts. A pain in the side of chest should be treated in the same manner and prompt relief is sure to follow. For sale by all dealers. Benson Smith & Co., agents for Hawaii.

The Governor Changes Front

Governor Carter's letter to the Hilo Board of Trade seems to make it clear that he has changed his mind in regard to the method of selecting items from the loan fund appropriation bill to be carried out. In his letter of September 13, to deviate from those general appropriations which the legislature has admitted were Territorial in every sense, and make any selections from those amounts which were apportioned to each Island, we must then in fairness, undertake a proportionate amount of work in each of the other islands. Therefore, instead of passing on the advisability of those appropriations, it seems wiser to limit our coming loan for the next two years to \$750,000, and to carry out the amount only of those appropriations that the legislature itself considered to be for the benefit of the whole Territory.

In his letter to the Hilo Board of Trade, dated October 21, the Governor says: "In consultation with the Superintendent of Public Works (and not a little influenced by your own recommendations), I have concluded that it is probably a sounder course to ignore the classifications under Islands, as contained in Act 6, and weigh the different appropriations purely from the point of view of whether it is businesslike and sound to borrow money for such an expenditure, and in a general way undertake only those works which produce a direct revenue or affect the health and commerce of the community, in addition to buildings for educational purposes."

This is a complete reversal of form, to borrow the language of the race course. It is a complete change of front. It is a complete change of principles of selection.

September 13 the Governor laid down the proposition that he would carry out only those public works which the legislature itself says were Territorial matters. October 21, he abandons this principle of selection altogether, and says the improvements to be carried out shall be selected on the sole consideration of whether it is businesslike and sound to borrow money for such an expenditure.

That the Governor, in a purely executive matter should have the right to change his mind and his policy is incontestable. That it is often the part of wisdom to do it, is universal experience.

BUT THIS IS NOT AN EXECUTIVE MATTER.

This is a matter of legislation. The only authority for borrowing money at all, or expending it after it is borrowed, is legislative authority. The legislature has acted. It has authorized a bond issue of \$1,377,000, no more and no less. It has directed by specific appropriation just how the money derived from this bond issue shall be spent. It has not left any executive discretion or selection in the matter. There is no authority in law for the Governor to "make any selections from those amounts which were apportioned to each Island," nor is there any legal authority for him to "conclude that it is probably a sounder course to ignore the classifications under Islands."

The truth is, as The Star has pointed out before, the Governor is usurping legislative functions. It is for the legislature, and not for the Governor to "weigh the different appropriations purely from the point of view of whether it is businesslike and sound to borrow money for such an expenditure," and the Governor has no right or authority to apply that or any other test of selection, AFTER HE HAS SIGNED THE BILL.

The bill as it passed the legislature and was approved by the Governor made certain appropriations "for all Islands," and then made a list of appropriations for each of the Islands separately. When the Governor's letter to Treasurer Campbell was published, it was universally understood that it was these "general appropriations for all Islands" that the Governor intended to carry out. That was the assumption in all the newspaper discussion of the letter both on this and on the other Islands. It was on this assumption that the Hilo Board of Trade wrote its letter which the Governor has just answered. The Governor has never by any hint or statement indicated that this was not the correct interpretation of his letter. It was the appropriations listed under each Island separately that the Governor in public and private conversations has declared were a mere matter of bargaining among the several Islands and were not put in the bill on their merits. It was these that the Governor has now decided he will select some items from.

Governor Carter has assumed to set aside and ignore the enactment of the legislature, and to substitute his own will and pleasure. Will President Roosevelt stand for this?

Secret Candidates

There can be no doubt that the governor has the legal right to ignore the public entirely in his selection of a head for the department of Public Instruction. The law gives him the power, when the Senate is not in session, to issue a commission, and he need not consult anyone about the selection. He has the same right to pursue this policy as Vanderbilt had to say, "the public be d—." It is not, however, the sort of policy to be expected from an executive who has made as much display as has Governor Carter, of a disposition to "Americanize" our local customs and institutions, and to regard public officials as public servants rather than rulers. The Department of Public Instruction is one in which everyone is interested. The selection of a suitable head for it concerns every resident of the Territory. It is therefore only quite natural that the public should expect to know who is after the position, and should also expect to have a chance of protest if an unsuitable aspirant should be among those on the list. It was announced yesterday that the applicants had asked that their names be kept secret. The governor very obligingly granted their request. But no man has a right to apply for a public office and ask that his application be kept from the public. Those whom the governor of his own initiative considers without consulting them, are in a different class. The governor has no right, without their consent, to place them in the position of candidates. The man who sends in an application has no right to secrecy.

In filling Cabinet positions the late President McKinley pursued a policy of consulting the public by means of tentative announcements of his selections. Names which were being considered were allowed to become known, and the President watched the result, testing national approval or disapproval of the possible appointees. It is very seldom that any large appointment is made in the White House without being fairly well known in advance. The man who is appointed has usually been discussed pretty thoroughly by the press and public. American presidents generally recognize that the public are entitled to some say in such matters. There is no law requiring such action and, as already stated, there is no law here to compel the governor of Hawaii to do likewise. So the public must be patient and wait until the governor decides who he wants and lets his desire be known by carrying it into effect.

It's a proud man that Admiral Togo will be today. He met William Jennings Bryan yesterday.

Collins, the accused bigamist, is in jail in San Francisco but after all he may be happier in jail in San Francisco than free in Victoria, B. C.

Since the homesteads were opened up in Palolo Valley, that center of agriculture has been added to the list of places from which crop and weather reports are sent to the local office of the Weather Bureau.

It is all right for the Board of Agriculture and Forestry to throw open the nursery to the school children. But if it really wants to make itself popular let it throw open mango orchards and melon patches, in their respective seasons.

Perhaps congress ought to be asked to build a marine fence around Diamond Head reef to keep the ships off of it.

Secretary Jack makes so many trips to Washington it might be cheaper to keep him there all the time as a sort of Agent-General such as the Australian colonies maintain in London.

The coming poultry show ought to be a most interesting and well attended exhibition.

At the strides the pineapple industry is making now, it won't be long before pineapple fields—or should one say orchards—will dot every landscape.

Perhaps those Hilo Railway rails were shipped from the country too soon. They might be needed to build a road from Honolulu to Wahiawa.

Opium smoking is said to be largely on the increase in Honolulu. Hawaii is pretty nearly the only civilized country in the world that has no law against opium smoking and opium joints.

For constancy and fidelity to a sentiment, commend us to the local branch of the W. C. T. U.

If Librarian Lydecker keeps on he may find the original patent of nobility of some of our local princesses.

The Hilo Board of Trade seem to have made about \$35,000 by writing one letter.

Hawaii will be pretty well represented in Washington this winter. The people will be represented by their Delegate in Congress; the commercial interests by F. M. Hatch; the Queen by her

AGREEMENT MADE BY DOLE WAS IGNORED

FRANK LUCWEIGO FILES SUIT IN THE SUPREME COURT FOR DAMAGES FROM THE TERRITORY AND THE RAPID TRANSIT CO.—AGREEMENT MADE BY DOLE HAS BEEN IGNORED, HE SAYS—ACTION IS BEGUN ORIGINALLY IN SUPREME COURT.

Frank Lucweigo has brought a suit in the Supreme Court against the Territory and the Honolulu Rapid Transit Company for damages and to cancel a deed which he claims to have made to the Territory under an agreement made by Governor Dole but never carried out by the Territory. He claims to have deeded property to the Territory for certain considerations which Governor Dole agreed to carry out and says that by mistake of both sides it was held that Dole had power to make such an agreement, but that in fact Dole had no authority to commit the Territory to the agreement and that now, as a matter of equity, he should have compensation.

CHARTS SHOW DEEP WATER

AMERICAN MAPS ARE NO BETTER THAN ANY OTHERS WHEN DIAMOND HEAD IS CONSIDERED.

The fact that the last two ships to pile up on the Diamond Head reef have been, respectively British and French, both strangers in these waters, has caused a number of jibes to be made at the expense of the cartographers of those two usually careful countries, but an investigation of the latest American charts of the waters in the neighborhood of Diamond Head show that there is a large sized beam in the eye of those responsible for these matters at home.

The Britisher Don and the Frenchman Ernest Reyer both went ashore at practically the same point and in both cases the blame was placed on faulty charts.

This morning an examination of the most recent charts of the Diamond Head waters in the Territorial Surveyor's office showed that the local records are also astray. At the very point on which the Ernest Reyer struck the chart shows 9 fathoms, or 54 feet and even close in to the reef, at the very edge in fact, 3 1/2 fathoms is marked. All along the immediate shore the soundings are given as 10, 9, 8, 12, 10 and 11 fathoms ample water of course for either of the vessels which came so near going to Davy Jones locker.

The latest chart is compiled from the Hawaiian Government Survey of 1878, for shorelines and topography; from the survey of the U. S. S. California for hydrography and corrected by the U. S. S. Pensacola, by the U. S. S. Boston in 1892 and the U. S. S. Bennington in 1897.

LOOKING IN THE RIGHT PLACE. A physician in New Orleans hopes soon to locate the yellow fever germ. There is no doubt that he is looking in the right neighborhood.

The courts are taking in hand the music publishers who pirate melodies, but nothing can be done with the composers who do the same thing.

FOR THE COMING POULTRY SHOW

ARRANGEMENTS CONCLUDED FOR THE BIG SHOW WHICH IS TO TAKE PLACE NEXT MONTH.

A special meeting of the Hawaiian Poultry Association was held last evening at the auction rooms of Will E. Fisher for the purpose of appropriating money for the expenses of the coming show. The exhibit will be held on December 7, 8 and 9.

Governor G. R. Carter has expressed a desire to put up a very substantial prize and G. P. Wilder has donated a silver cup for the largest number of exhibits by any one person.

The Exhibition Committee reported that they had engaged from W. G. Irwin & Co., a large well lighted and spacious hall on Merchant street, formerly occupied by the C. F. Herrick Carriage Company.

Admission to the exhibition will be twenty-five cents on Thursday and Friday and 10 cents for children under ten years old on Saturday.

THE CONDOR AT APIA AGAIN

THE RETURN TO HER STATION OF THE GERMAN WAR VESSEL THAT VISITED HERE.

The Samoanische Zeitung in announcing the return to Apia of the German warship Condor says:

The S. M. S. Condor left Apia on the 15th of August and called at both Christmas and Fanning Islands, stayed at each place a day and visited the shore. She arrived at Honolulu on the 30th August, two days later than was expected owing to having encountered very bad weather.

The Condor fired a salute while entering the harbor which was returned. All those on board had a wonderfully good time during their stay in Honolulu. Every one speaks most highly of the hospitality they received. There was some new diversion every day, and every evening music at the Symphony Club, where an open invitation was extended.

Perhaps the greatest festivity was a festsabend, held at beach, given by the Germans living at Hawaii, in honor of the officers and crew. Long accounts of the affair appear in the Honolulu papers, and show that everyone thoroughly enjoyed himself, in fact as the Star says "it was a 'Hoeh der Kaiser' night."

During the two Sundays the vessel lay in Honolulu the native band, conducted by Mr. Berger played to an overflowing audience.

Ribbons of "S. M. S. Condor" were so much sought after by the fair and dusky damsels of Hawaii that the supply was absolutely inadequate to meet the demand, and some tearful eyes were left behind.

The Condor arrived here on Sunday last at 7 a. m. and most of the residents hoisted their flags to welcome the vessel back.

MEDAL FOR MARKSMEN.

The National Rifle Association has sent Colonel Jones a "Members' Match Medal" for competition among the shots of Hawaii. It is made of bronze, with a gold center standing out in relief, bearing the inscription, "Members' Match Medal."

A similar medal is sent out by the National Rifle Association to each of its branches every year in order to stimulate interests in rifle shooting.

The local National Guard has recently been admitted to membership with the National Rifle Association.

The shoot for the medal will probably take place on New Year's Day at 200, 300 and 500 yards ranges.

Only military rifles may be used, but anyone may join the Rifle Association and compete for the medal, whether he be a member of the National Guard or not.

from an acre planted in pines. The fruit grown for canning purposes average about four pounds in weight when grown in the usual haphazard way, but by careful cultivation attains a weight about fifty percent higher. The number of plants allotted to the acre is about 7000. On Maui the Fruit Company has begun to plant the pines closer together thus making the acre support 10,000 plants. This has been done in order to prevent the plants proper from being too luxuriant to the detriment of the fruit. With a yield of 14 tons of fruit to the acre the planter would have an income of \$175 as the company is ready to enter into a contract with the planter to take all the pines he can furnish at a price of \$12.50 per ton.

Allowing \$75 per acre for loss and cultivation, the planter would still net \$100 and a family with ten to fifteen acres devoted to the cultivation of pines would be assured of a comfortable living.—The Garden Island.

HALEIWA.

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, fresh and salt water bathing, shooting, fishing, riding and driving. Tickets, including railway fare and one full day's room and board, are sold at the Honolulu Station and Trent & Company for \$5. For departure of trains, consult time table.

On Sundays, the Haleiwa Limited, a two hour train, leaves at 8:22 a. m.; returning, arrives in Honolulu at 10 p. m.

COUNTERFEIT MADE BY HAND

(Continued from page one).

an emergency in the finances of a soldier, but it has probably exposed the whole scheme.

A careful examination of the counterfeit ten-dollar bill now in the possession of District Attorney Breckons shows that it was made by hand, apparently carefully drawn with pen and ink. This is the bill which was offered at Spreckels Bank while the transport Sherman was in port. Under the microscope it appears as a very poor imitation of the real bill. The portrait of McKinley is quite badly drawn. The general appearance of the bill, if merely glanced at in an ordinary way, is fairly good, however.

Only this one bill has come into the possession of the authorities here, and it is thought to be the only one in town. There was one other attempt to pass a bill, it is believed, at the Young Hotel. A soldier from the transport offered a bill at the bar, handing it to the bar-keeper folded up in such manner as to hide some portions. As he saw the bar-keeper opening it up and examining it, he quickly reached for it and handed out some silver.

The federal grand jury here will return some indictments, it is said, against some of the men now in custody, though there is believed to have been only these two attempts to pass the money here. District Attorney Breckons' investigations have led to some important revelations regarding the bad money and the whole story of the making will probably eventually be revealed.

A large sum of the money was passed in Nagasaki, when the Sherman was there on her way here. Japanese were easily imposed on by the bogus bills and they were "stuck" to the amount of six or seven hundred dollars. In San Francisco another arrest was made yesterday as a result of investigations.

District Attorney Breckons said this morning that he knew where the money was made and who made it, but the whole story of the counterfeiting is an official secret so far. It is thought that Manila is where the work was done. The labor of making a ten-dollar bill by hand, as the one seized here was evidently made, would be worth at least ten dollars to an ordinary artist.

SHIPPING INTELLIGENCE

KAHUNAISM IS RAMPANT IN KONA

WITCH DOCTORS ARE PRACTICING THEIR ARTS ON SICK PEOPLE IN THE HAWAII DISTRICT. The kahunas are working overtime throughout the Kona district. Some days ago Mrs. Levi Perkins was taken ill with a fever. Some kahunas were first called and subsequently a physician was asked to prescribe for her. He did so but the kahunas forbade the woman taking the medicine. The result was that through lack of proper treatment the woman died. Her illness had not been especially serious and it is thought that had she followed the orders of the physician, she would have recovered her health.

TAFT AND THE YELLOW PERIL.

Hereafter there will not be much use in trying to get Mr. Taft excited about the yellow peril.

LEAVES CUSTOMS SERVICE.

Miss Laura M. Walker resigned her position as stenographer at the Custom House and left for the mainland by the transport Logan last Monday. Miss Walker was, in addition to being a stenographer, a news writer and wrote a number of articles on Hawaii for eastern papers.

\$20.00 Reward

For the return to E. W. Quinn, Honolulu one dark chestnut horse which strayed away from house above Pearl City Court House last Friday night.

THE LOAN BILL ITEMS WHICH CARTER HAS PICKED OUT

(Continued from page one).

It transpired recently, however, that orders had been given for the construction of a sewer from the new immigrant corral on Channel street, next to the United States Immigration station.

This building was erected by the Planters Association, and the story went the rounds that the Governor only consented to have the sewer built at the expense of the Loan Fund after pressure had been brought to bear by Senator Faxon Bishop. The appropriation of \$28,500 for sewer extension on Oahu is not in the list of "General Appropriations" to which the governor referred in his letter.

"The Governor and I went over the Loan Bill very carefully," said C. S. Holloway, Superintendent of Public Works, this morning "and we say that while some items are under the heading of different islands, they are more properly to be classed as for the good of the whole territory. The matter of sewers seems to me to be one of these primarily. Here are the items which will be proceeded with—"

Superintendent Holloway took a pencil and checked off the following on a copy of the Loan Act:

Table with 2 columns: Item and Amount. Includes Extension of Wharf system, Educational buildings, Oahu, Kalia school, etc.

All of the foregoing items were in the list of "General Appropriations." The superintendent set a query mark against the items of \$8,000 for a court house and \$1,500 for a court house at Keokea, Maui.

Proceeding under the separate island appropriations he checked off the extension of the Hilo sewer system, reducing the amount from \$20,000 to \$15,000.

The item of \$3,150 for the approaches from the Government road to McGregor's landing was all that Maui got. Oahu's \$35,000 for sewer system and storm drains was cut down to \$20,000, and the \$14,500 for new laundries was approved. An item for \$6,100 for water pipe lines and right of way in the College Hills district was the last checked off.

"Those are the works which will be undertaken," said Superintendent Holloway "and I think that the good judgment of the people will declare them to be most necessary. The suggestion that the Planters' Association had anything to do with the Channel street sewer is absurd. That work was laid out over a year ago and is absolutely necessary. It will cost only \$550 for the labor, for we have the pipe on hand. Probably it would be worth \$1000 altogether."

To the Public!

We beg to announce that having been appointed the local agents of the Continental Casualty Co. of Chicago, we are prepared to issue Accident Insurance Policies of the most approved kind. Our agents will gladly tell you all about the Continental Policies and furnish descriptive literature upon application.

CARTER ON LOAN FUNDS

THE GOVERNOR EXPLAINS HIS POLICY IN A LETTER TO THE HILO BOARD OF TRADE—SAYS THE LOAN MONEY SHOULD BE USED FOR IMPROVEMENTS APPROVED BY SOUND BUSINESS POLICY.

Governor Carter yesterday sent to the Hilo Board of Trade his answer to the Board's letter regarding loan appropriations. The letter sets forth the executive's views regarding the loan expenditures, and defines his attitude in allowing use of loan funds. The general policy stated is an entire abandonment of the policy announced in the letter to Treasurer Campbell directing a bond issue of \$750,000, and the substitution of the Governor's own judgment of the sound policy of any appropriation for the judgment of the legislature.

October 21, 1905.

Hilo Chamber of Commerce, Hilo, Hawaii.

Gentlemen:—Up to the present I have not had an opportunity to reply to your letter of Sept. 23d, re the bond issue.

It pleases me to note your approval of the plan of keeping the debt of the Territory at a minimum. Common sense would dictate such a course. With this three-quarters of a million dollars the Territory will have exhausted fifty per cent of her borrowing capacity, and will be paying nearly \$500 a day interest, and this without any provision as yet being made by the Legislature to meet this indebtedness.

During the last session of the Legislature, Treasurer Campbell made a suggestion (which I approved) that the revenues and proceeds from the sale of public lands be set aside for the redemption of our bonds. The revenue for the last year was some \$130,000, and the sales under \$40,000, with which, if not increased, it would take some twenty-four years to pay off our present debt. Such an act would not bind the future, and whenever the sales or revenues from the lands increased to such an extent that they made too large a sinking fund, the amount could be reduced. But no, it did not appear as if either the people of the Territory or their representatives felt any responsibility as to the debt they were creating. It was easier to let posterity do the worrying.

Many of the arguments brought forward in regard to this loan question seem to miss the point entirely, and dwell rather on the necessity of the work contemplated than upon the wisdom of making an expenditure with borrowed money.

Previous to the passage of this loan bill, a county act had been passed which, if constitutional, would revolutionize our whole system of government. The Legislature had been through one experience where such an act had been declared unconstitutional, and they could not foresee the result of the second act, and could not legislate in any way with certainty. There must of necessity in such a change be a transition period—one of friction and difficulty. For instance: If they had legislated on the theory that the counties were to take charge of the roads entirely, and the county act had been declared unconstitutional, it would have been impossible to do any work on roads at all without a special session of the Legislature.

Now the situation has been entirely altered as the act has been tested and found constitutional.

There seems to have been an indefinite plan that the Territory should build new roads and the counties repair and maintain the old ones. But no definition has as yet been laid down as to what is new road work. Everybody has a different idea in regard to it.

I note you, too, make a distinction between work on "new" and "old" roads, and I would be very much obliged if you would give me a definition of what you consider a NEW road, for I have had all kinds of arguments presented to me in regard to this question, and it is often apparent that the desire for the appropriation molds the argument. You know, a shovelful of dirt taken out of the gutter and thrown on the road can be considered as "new" work; it is "new" in the sense that it has never been done before.

It was argued during the last session that certain districts with a small population and long distance would require assistance in their road work. And there was considerable talk of the Territory maintaining the belt roads around the Islands as Territorial. But nothing could be done with any certainty at that time, and in my opinion it is absolutely necessary that the Legislature should declare just what roads are to be Territorial roads, and whether or not the Territory is to be responsible for their maintenance as well as construction. I know of no authority by which the Executive could settle such a question.

You argue that road extensions are largely Territorial matters because the counties outside of Honolulu have not the means to carry out such work. Is it not then the means that you want rather than that the Territory should build roads? If so, all that is necessary is that the Legislature should allot the revenues as to give the counties outside of Oahu sufficient means to carry on the work. I can not agree in the argument that until all the means are given to the counties, they are entitled to Territorial assistance. The trouble now is that Territory and county are too much mixed up.

You state in your letter that it would be in line with the idea of developing county government to place the responsibility on the county of selecting the specific purposes of county expenditures. I am willing to follow this to the extent of their own current revenues, but I believe that before the counties are allowed to borrow money they should in each instance go to the Legislature with a request or recommendation for the right to issue a certain amount of bonds for specific purposes.

The amount of means that the county or the Territory possesses depends entirely on the amount that the people will give them. One of my objections to the present form of county government has always been that it did not carry with it the right to levy a tax. In this way an extravagant administration of a county is not felt by the taxpayers and does not react against such an administration. On the other hand, an economical set of officials who reduce the expenditures and relieve the taxpayers receive no credit for such a course. This, to my mind, tends to put a premium on extravagance. The reply to this, that the county act limits the expenditures to the income, is insufficient, as experience will show that such a limit can not be enforced.

Returning to the loan bill proper, in consultation with the Superintendent of Public Works (and not a little influenced by your own recommendations), I have concluded that it is probably a sounder course to ignore the classifications under islands, as contained in Act 6, and weigh the different appropriations purely from the point of whether it is businesslike and sound to borrow money for such an expenditure, and in a general way undertake only those works which produce a direct revenue or affect the health and commerce of the community, in addition to buildings for educational purposes. In my opinion, it is not right to expend many of the small appropriations thrown into that bill as a sop to several of the districts or to carry out this idea of giving definite proportions to each island. When the bonds fall due, in many such cases there will be nothing left to show the expenditure. We have no right to ask posterity to pay for any public work or building that will not be in existence when the bonds mature, and thus leave them to pay for something the use of which they will not enjoy.

In 1888 the inhabitants of these islands wiped out their last public obligation and were free from all debt. Afterwards, the theory of a public debt was justified only for such projects the revenue from which would not only pay the interest, but finally the principal. From this we have digressed until the Legislature has actually appropriated

The "Run Down" Condition

"Why do I feel used up and all run down most of the time?"
How many ask themselves this question daily? The answer is simple. It is lack of nerve force. Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength. But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some pronounced "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

The experience of Charles E. Stacy is a case in point.

Brooklyn, N. Y., Aug. 12, 1904.—"Paine's Celery Compound cured me of chronic biliousness of many years' duration. I was all run down and I thought I never could feel better, I had tried so many remedies without success. It affords me pleasure to state, however, that four bottles of the Compound made an entire change in me and I now feel better than I have in years. I will always heartily recommend Paine's Celery Compound to all suffering from derangement of stomach and liver."—Chas. E. Stacy, 450 Fifth Ave.

Prof. Edward E. Phelps, the famous discoverer of Paine's Celery Compound, was the first physician to openly declare twenty years ago that the health of the human body depends entirely upon the health of the nerves.

Paine's Celery Compound furnishes food for the nerves themselves, and, while gently stimulating them, restores them to their original strength and vigor and at once all the organs of the body take up their work and health is restored.

Paine's Celery Compound sends new life throbbing through every artery and gives that glorious feeling of perfect health.

For the past 17 years this great nerve vitalizer and tonic has been the most universally used prescription in the world. Pale, sickly children, weary women, broken-down, discouraged men find strength and happiness in this great prescription.

It cures disease by removing the cause. Whenever you suffer from rheumatism, headache, sleeplessness, dyspepsia, nervousness or "run-down" condition you can be cured by Paine's Celery Compound. Its effect is almost immediate.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable druggists sell and recommend it.

WELLS, RICHARDSON & CO., BURLINGTON, VERMONT.

CARTER ON LOAN FUNDS

(Continued from page six.)

money out of the loan fund to buy so perishable an article as road machinery; in other words, this community has gotten to a point where they appropriate loan money to eke out what they ought to pay out of their own pockets. It is very easy to borrow where you have a credit, but when you borrow it has to be paid back, and our children will groan and complain when it becomes necessary (as it surely will) to increase the taxes in order to pay the interest and principal of our debt. The former debt was paid by annexation, and from that experience it would seem that we still trust in some such incident to again come to our relief.

If the readjustment I have indicated be carried out in the present loan of \$750,000, it can be made to include the Hilo sewer system, \$15,000, and the Hilo high school, \$20,000, provided we leave out the purchase of Pauoa water, which is, of course a direct revenue producing item and would, if we followed our definition strictly, come within the items to be expended, but in order to keep within that limit this item of \$80,000 must be left out. In doing this, I certainly expect the administration to receive the hearty support of the Hilo Chamber of Commerce.

Very sincerely yours,
G. R. CARTER, Governor.

BAND CONCERT.

The Hawaiian band will give a public concert this evening at 7:30 at the Palama railroad station.

PART I.

March—"True Blue".....Telke
Overture—"Poet and Peasant".....Suppe
Intermezzo—"Whispered Thoughts".....Johnson
Selection—"Bohemian Girl".....Balfe

PART II.

Vocal—Hawaiian Songs, arr. by Berger
Mrs. N. Alsop.
Intermezzo—"Tola".....Johnson
Waltz—"Philips".....Anthony
Medley—"The Winner".....Mackie
"Star Spangled Banner."

LADIES SINGLES RESULTS.

Following were the results of yesterday's games in the ladies singles tennis tournament:

Mrs. S. G. Wilder won from Mrs. F. C. Field, 6-4, 6-1.
Mrs. H. V. Murray won from Mrs. A. M. Brown, by default.

Miss E. Horner won from Miss N. Adams, 6-0, 6-2.
Miss S. Van Vliet won from Miss L. Ward, 6-2, 6-3.

The following matches will be played today on the Beretania courts:

At 4 p. m.—Miss Horner vs. Mrs. H. V. Murray.
At 5 p. m.—Mrs. S. G. Wilder vs. Miss S. Van Vliet.

JAPANESE CHARITY REPORTED UPON

INTERESTING STATEMENTS MADE AT LAST NIGHT'S MEETING OF THE SOCIETY.

The semi-annual meeting of the Japanese Benevolent Society was held last evening at the Japanese Primary school Nuuanu street. Reports submitted gave the following information:

Total number of persons aided is 49, of which number, 25 were received and cared for, free of charge, at the Japanese Charity Hospital. The average number of days each patient remained in the hospital is 79. Also 10 out-patients of 66 days' average.

One hundred and ninety-nine pay-patients were also received and cared for at a moderate rate in the hospital.

Passage to Japan was given to seven and funeral expenses defrayed for five. Total receipts of the society, including the balance of \$672.10, brought forward from February 28, 1905, \$255.19 Total disbursements, \$259.50, leaving a balance of \$665.60.

Total receipts of the hospital, including the balance of \$201.75 brought forward from February 28, 1905, is \$7,989.75. Total disbursements being \$7,902.15, thus leaving a balance of \$66.60 on the right side of the ledger.

The following list of subscriptions to the society and hospital was presented:

Messrs H. Hackfeld & Co., Ltd., \$1,263.00
Dr. Iga Mori..... 50.00
T. James..... 10.00
S. Matsumoto..... 2.00
O. Okazaki..... 4.00

Total.....\$1,332.00

The following were elected officers for the ensuing year:

Rev. Imamura, president; W. Moto-shige vice president; I. Vakamura, secretary; K. Miyakawa, treasurer; K. Hiyama, auditor.

Fine Job Printing, Star Office.

NOT FIGHTING FOR OAHU COUNTY

GOVERNOR CARTER EXPLAINS TERRITORY'S ATTITUDE IN THE INCOME TAX MATTER.

Governor Carter has written a letter to the Hilo Board of Trade on the income tax proposition. He refers to the case brought by Kauai county, to force collections of income taxes there instead of here, so that Kauai would get half instead of Oahu, and says that the Territorial attorney general did not appear in the case in behalf of the county of Oahu, but to defend the Territorial tax assessor, who was sued. The matter of apportioning the taxes to the different counties is one for the legislature, says the governor, and he concludes his letter as follows: "Now, rightly or wrongly, Oahu had previously received the bulk of the income tax, and the representatives from Hawaii, Maui and Kauai, who could have controlled the matter, so far as I am aware raised no objection to such a method of proportioning the revenues. The proposition proposed was agreed upon and carried out, and now it appears that their constituents are dissatisfied.

"This does not surprise me, for not one of the islands would care to have the exactions or contributions taken from its wealth spent for the benefit of any other county. But instead of complaining against the Territory or its attitude in the matter, it would appear only fair that they should blame their own representatives.

"I have always endeavored to the best of my ability to act justly and fairly between the islands, and I hope that perhaps some day this will be realized and appreciated.

"Very sincerely yours,
"G. R. CARTER,
"Governor."

PLANTING NEW MARINE PARK.

The new marine park on the water front is being rapidly laid out. All of the curbing has been laid and the sub-soil is being added. A number of palms have been planted in the park.

MAKES STRONG HEARTS.

Thousands of weak hearts have been made strong and healthy by the use of Dr. Miles' New Heart Cure. It acts directly upon the heart muscles and nerves, quieting the excited condition, nourishing and building up their wasted energies. It regulates the circulation, stimulates the appetite and tones up the stomach. If first bottle fails to benefit, money back.

NO. 66. TERRITORY OF HAWAII. COURT OF LAND REGISTRATION.

TERRITORY OF HAWAII TO GEORGE RODIEK, MRS. MARY FOSTER, H. A. ISENBERG, TERRITORY OF HAWAII BY LORRIN ANDREWS AS ATTORNEY GENERAL AND BY J. W. PRATT AS COMMISSIONER OF PUBLIC LANDS; ELIZABETH K. PRATT, NIHONUI (K), MAKANUI (W), LUKALIKIA KEAWEHANO or her heirs, and to all whom it may concern:

Whereas, a petition has been presented to said Court by CARL du ROI and JOHANN FRIEDERICH HUMBERG to register and confirm their title in the following-described land:

Beginning at a 2 1/2 inch galvanized iron pipe marking the west corner of this Grant and the north corner of Grant 4543 to F. Harrison, from which Government Survey Trig. Station Na-huluia is by true azimuth 53° 29' 24.2" S-10 feet, and azimuth to Leahi (Diamond Head) is 45° 57' 39", and running by true azimuths:

1. 207° 39' 10" 0-10 feet along Government Land;
2. 245° 50', 152 0-10 feet along Government Land to a 2 1/2 inch galvanized iron pipe at the north corner of this lot and the west corner of Grant No. 4541 to J. F. Westford;
3. 238° 05', 334 5-10 feet along Grant 4541 to J. F. Hackfeld;
4. 251° 05', 145 0-10 feet along Grant 4540 to Chas. F. Peterson;
5. 75° 40', 173 5-10 feet along the Kukui Drive;
6. 154° 30', 382 0-10 feet along Grant 4543 to F. Harrison, to the initial point. Area 2 21-100 acres; Being Land Patent No. 4542 to C. du Roi and J. F. Humbert, situated on Tantalus Heights, Kona, Oahu, part of Hilo of Poloko and of Opu.

You are hereby cited to appear at the Court of Land Registration to be held at Honolulu, Island of Oahu on the 24th day of November A. D. 1905, at one o'clock and thirty minutes in the afternoon to show cause if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, PHILIP L. WEAVER, Esquire, Judge of said Court, this 24th day of October in the year nineteen hundred and five.

Attest with Seal of said Court.
(Seal) W. L. HOWARD,
Registrar.

Upon the application of L. L. McCandless, the owner of Lot Number 2 in Luahuale, Waianae, District of Ewa, County of Oahu, Territory of Hawaii, requesting the Commissioners that a day be appointed upon which the Commissioners will meet all parties interested, or their Agents upon the land, etc., according to the provisions of Section 392 of the Revised Laws of Hawaii.

Public Notice is hereby given to Samuel H. Dowsett, or the Dowsett Company, Limited, or other persons who may be interested.

That the Commissioners on Saturday, the 11th day of November, A. D. 1905, at 12 o'clock of said day, will meet said Samuel H. Dowsett, or the Dowsett Company, Limited, or other persons who may be interested, or their Agents, upon Luahuale, Waianae, District of Ewa, County of Oahu, Territory of Hawaii, to pass over and view the line of such fence; to decide equitably on the kind of fence to be built by the owners of adjoining lands, and the share which each owner shall build or maintain, designating the time within which the work shall be done; and to decide all disputes arising between the parties interested in relation to the fence.

Given under our hands this 16th day of October, A. D. 1905.

EDWIN OSCAR WHITE,
ALBERT WATERHOUSE,
CHARLES A. BROWN,
Commissioners of Fences for the District of Ewa, County of Oahu, Territory of Hawaii.

WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

Dear Mrs. Pinkham: "I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women."

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

Kalaupapa Jobs Are In Demand

MANY PERSONS WANT TO GO TO LEPER SETTLEMENT—A YOUNG GIRL IS REFUSED.

Leper Settlement matters occupied much of the time of the Board of Health at the meeting this afternoon. President Pinkham recommended some improvements at the Kalaupapa Station, to provide private rooms for suspects who are kept there. His report also contained the following:

"We have a number of petitions for kokua at the Settlement. The Superintendent states that the services of at least six kokua are required at that place. These can, undoubtedly, be soon furnished in a way that will convenience some of the inmates and the Board. Superintendent McVeigh recommends the refusal of the request of Lui Hoolapa as unnecessary and unjust to a girl of eighteen years; but the petition of Mrs. Kanamu Hokuhau be granted, as she is one of the most worthy inmates and now over seventy years of age; also that of Mrs. Hawea. "The Kalaupapa Fishing Company desires the privilege of establishing a bakery at the Settlement. While it would seem that line of business would be over-done at that place. Superintendent McVeigh can see no tenable ground on which this petition can be refused.

"The Sisters at the Kapolani Girls' Home for non-leperous female children of leper parents, have almost entirely by their own efforts and their common employees enlarge the accommodations of the Home and are now prepared to receive all the girl children at the Settlement. I have directed Dr. Goodhue to make an examination of the children and that all found clean be sent to Honolulu within sixty days. This course will strain the resources of the Home. For the appropriation granted by the Legislature never contemplated the number of children that must be supported.

"The Boys' Home should have our attention at the earliest possible moment. We are obliged to delay a few months, as the appropriation will not carry through the fiscal period."

The rules and regulations passed by the Board of Health for extermination of mosquitoes have been returned with the disapproval of Governor Carter. The disapproval is based upon technical reasons, and a discussion will be had, with a view to changing the rules so that the governor's objection will be met.

Waiting For Claims For Salvage

LOCAL AGENT OF FRENCH SHIP ERNEST REYER HAS RECEIVED ONLY ONE CLAIM.

Up to noon today only one claim for salvage had been made against the French ship Ernest Reyer. This claim was put in by Captain Olsen, the master of the tug Fearless. The sum asked for the part that the Fearless played in pulling the French ship off the reef at Diamond Head yesterday was \$20,000. The Inter-Island Steam Navigation Company will make a second claim for the part played by the steamers Like-like and Nihau in helping to float the stranded ship and a third claim by Captain Miller of the Pacific Oil Transportation Company, for the share of the steamer Lehua, will also be made.

Jack Low of Hind, Rolph & Co., the agents of the French ship, is waiting to receive the claims before taking any action. He stated this morning that he would receive all of the claims and then notify the owners of the vessel and arrive at some decision regarding the disposition of the claims. President Kennedy declined to state this morning just what claim he would put in for the Inter-Island. There is a dispute over the amount of assistance that the steamer Nihau gave to the work of salvaging the ship. It is claimed by some that her towing hawser was not tight when the vessel came off but Captain Haglund, the port captain of the Inter-Island Company, who had charge of the Inter-Island vessels that were at Diamond Head, says that the Nihau did materially contribute toward getting the French ship floated. Captain Miller negotiated with Captain Dieulangard for the payment of the services of the Lehua and an agreement was reached. The amount asked is not stated. It is quite probable that the claims will aggregate \$50,000 at least. Should the agents refuse to pay the claims then libels will probably be taken against the ship. It is not likely however that any large salvage bill will be paid willingly. The probabilities are that the matter will have to be eventually settled in the courts or else through compromise. Large salvage claims are rarely paid there being a very big difference between the amount of the claim and the amount actually paid out by the ship owners.

The Ernest Reyer is leaking slightly. She is making water at the rate of about an inch every twelve hours. The cargo will be discharged as it is consigned to the Inter-Island Company, and after the cargo will have been put out, a diver will be employed to ascertain the extent and nature of the leak. A leak on a steel vessel is always a serious condition and every effort will naturally be made to locate the leak.

Captain Dieulangard of the ship has been the object of a great deal of sympathy for, in addition to meeting with the unfortunate mishap of getting his vessel ashore, he learned upon coming into the harbor and receiving his mail that his fourteen-year-old daughter had died recently in France. The Ernest Reyer is lying at the Channel wharf.

J. K. BROWN IS DEAD

WELL KNOWN HEAD OF THE CHINESE BUREAU DIED ON THE TRAIN AT STOCKTON.

Word was received in the city by cable this morning of the death of Joshua K. Brown, Chinese Inspector of the United States Government, who had been stationed here in Honolulu since 1900.

The deceased had been ill for several months and for many weeks past had been on leave of absence, a serious bronchial trouble forbidding his attendance to his work. Accompanied by his wife and by his son J. K. Brown Jr, he left by the S. S. Ventura last Tuesday, October 17, for the Coast. It was his intention to proceed to his old home in Columbus, Ohio, there to recuperate. The fates decided otherwise, for the meager details received by the Customs House people this morning state that he died this morning on the train at

on Merchant street, back of Emmeluth's store.

Riding Horses! Driving Horses! Express Wagon! Phaetons!

Buggies! Harness!

One bunch of eight young horses broken to saddle.

Driving horses will be hitched up and driven.

One ladies' driving horse—a beauty.

Elegant Studebaker Phaeton, new.

SATURDAY, OCTOBER 28, 1905. AT 10 O'CLOCK A. M.

JAS. F. MORGAN, AUCTIONEER.

Stockton, California, while on his way east. Mrs. Brown was with him at the time the end came, but it is understood that his son did not proceed any farther than San Francisco.

The deceased was the father of five sons of whom two, J. K. Junior and R. C. Brown are both in the government employ here. The three other sons are in business in the east.

The late inspector was much esteemed by his fellow employees in the service. He was always obliging and his loss occasions sincere regret while the family have the most sincere sympathy of the community.

The deceased was born in Ohio 66 years ago. He served for four years in the Union army during the civil war, being mustered out with the rank of major. He was a member of the Military Loyal Legion and while here was one of the most active members of the Ohio society.

Aluminum Cooking Utensils

Aluminum is fast displacing other wares for cooking utensils; it possesses many advantages not to be found in any other metal, viz.: Lightness, Cleanliness and Freedom from rust.

The durability of aluminum ware is well worth a house-keeper's attention. If properly cared for, can be handed down to another generation as clean and bright as when first purchased.

SOME REASONS WHY ALUMINUM COOKING UTENSILS ARE THE BEST:

1. They are light in weight, bright as silver, and absolutely pure and wholesome.
2. There is no enamel or plating to flake or wear off. The finish is the natural finish of the metal.
3. They will not burn or scorch food as readily as other metals.

This ware exhibited in our Household Department.
