

## ISLANDS GO DOWN IN THE SEA

TWO ISLANDS DISAPPEARED DURING THE TERRIBLE HURRICANE WHICH SWEEP GROUP.

AUCKLAND, (New Zealand) March 12.—The steamer Tavini, from the Samoan islands, has arrived here bringing additional details of the storm which swept over the Society, Tuamotu and Cook's islands on February 7th and 8th.

The war ship Zelee reports that Tuamotu, a low archipelago, suffered severely. The small islands of Vaero and Hukuera are said to have disappeared. Heavy seas swept over many islands, the natives seeking refuge by climbing cocoa palms.

Six lives were lost on the island of Tahiti, including Father Paul, a Catholic missionary, who, after having sought safety in a tree for several hours, fell into the waves. Twenty-five persons were drowned on Anaa island, of which the once beautiful district of Tuirare was reduced to a bare coral strand. There were six deaths on the island of Motutonga, where native divers saved the lives of many people who had been in the water twelve hours. It will probably be some time before the damage to the Tuamotu islands is known.

## Delay In Nuanu Reservoir

ACTING GOVERNOR ATKINSON TAKES UP THE MATTER OF SETTLING DISPUTES.

Acting Governor Atkinson has taken up the matter of the long delay in completing the Nuanu reservoir dam and this morning he went to the dam with Contractor Whitehouse and F. E. Thompson, attorney for the latter, as the first step in settling some disputes which are delaying the work.

The lack of rain and lowness of the water in the other reservoirs have served to call attention to the need of completion of the new reservoir, which will give an ample supply, according to plans. The matter will be taken up with Superintendent Holloway the acting governor and the contractor.

"We want to find out the cause for the delays," said Atkinson. "There seems to be many troubles over specifications and other matters and in the meantime work is delayed and we do not get our dam. The matter ought to be settled without delay."

The Nuanu dam is a big engineering enterprise and has been the subject of much study. At one time there was a report that the work was not being done on a safe plan and that a break in the dam might be expected. Investigation of the proposition, however, failed to establish ground for these kicks and the work is going ahead.

### THE PROPER CAPER.

People often wonder what the proper caper is. Going to the Criterion is the very properest caper.

### DON'T FORGET IT.

A business man enjoys Laidler Beer with his lunch—so does his wife with her lunch.

## Make Your Will

Have you given any thought to making a Will? Do you realize how uncertain life is, and that while in good health one seldom thinks of death? till death comes to everyone sooner or later, and often when least expected.

The matter is one of importance, and you should give it attention. We shall be happy to give you any advice that lies in our power and will help you draw up your Will in proper legal form.

## HOPE FOR THE REFUND

THE DELEGATE TO WASHINGTON FROM MAUI RETURNS THIS MORNING ON THE ALAMEDA.

Dan H. Case, County Attorney of Maui, and one of the delegates to Washington in the matter of the refund bill, returned this morning on the Alameda. He seems pleased with the work accomplished by the delegation and especially pleased at the reception afforded the delegation in Washington by the members of the House and prominent men.

Just before leaving San Francisco Case telegraphed for the latest news and received the following telegram from G. B. McClellan, private secretary to delegate Kuhlho: "More encouraging for 5 year term. Committee considering. Enthusiasm lacking."

Mr. Case said that he thought the bill would pass when amended to a 5 year period of time. And even if the bill did not pass much good would occur to Hawaii from the visit of the delegation.

The chief reason for the non-passage of the bill would be the precedent it would establish. Congressmen were afraid of that and would hesitate before committing themselves. Still there was a chance of the bill passing, and it was almost a certainty that the committee on territories would report it favorably to the House.

"Every congressman who had ever visited Hawaii," said Mr. Case, "is our staunch friend and will help all that they can."

The delegation received every consideration from members of both the House and the Senate. Heads of departments were every ready to give their attention to the delegates.

The remainder of the delegation, with the exception of Mr. Loebenstein of Hilo, will return on the Korea March 25.

Mr. Case will proceed to Maui this evening on the Claudine.

## Power of Court at Washington

TOUGH LEGAL QUESTION WHICH THREATENED TO ENGAGE SUPREME COURT HERE.

The question of the power of the Supreme Court of the United States to issue an execution for costs against property of the Territory of Hawaii is another feature of the fisheries execution matter which was discussed in the Supreme Court. It came up on Attorney B. L. Marx' "demand" that the mandate of the United States Supreme Court be followed in the case. The local court appeared disposed to fight shy of that proposition.

"That is a question," said Justice Hartwell, "which I would prefer not to have to decide, and I hope it will not arise. I am not prepared to express views either way on the question without considerable study, but it does not appear to be necessary to raise such a question now at this time and I hope it will not be raised."

The fact remained, however, that the order of the Washington court, addressed to the Justices of Hawaii, declared that the winning party should have costs and have execution therefor and said to the Justices "you therefore are hereby commanded that such execution and further proceedings be had," etc.

The court here remanded the case to the circuit court, all the members of the court agreeing that now was not the time to assess the costs. Justice Wilder pointed out that on a new trial the fishery claimant might lose again, in which case costs would not lie against the territory. As the matter stands the territory either through the Attorney General's department of a legislative appropriation, will stand the costs.

### MUSIC.

The Charles Guitar and Mandolin Studio has been removed to the residence, 762 Lunaillo street. Instruments given to pupils without extra charge.

### TO SUFFERING HUMANITY.

Are you troubled with sciatica, lame back or rheumatism? Give Chamberlain's Pain Balm a trial and you will be delighted with the result. Our application gives some relief from pain. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

### SALE OF EMBROIDERIES.

Sachs' big sale of embroideries begins Monday morning, March 19th. Exceptional opportunity to lay in a supply for present and future use.

## SPRECKELS IN A NEW DEAL

(Associated Press Cable to The Star.)

SAN FRANCISCO, MARCH 23.—Claus Spreckels says that he may organize a street car company here for the purpose of constructing an underground system.

## SENATE AND STATEHOOD

WASHINGTON, D. C., March 23.—The Senate has decided to insist upon its amendments to the Statehood bill which is now in conference committee with the House.

## IS INTER-STATE BUSINESS

WASHINGTON, D. C., March 23.—The House Committee on Judiciary has decided that insurance is inter-state commerce.

### ANOTHER PRIZE VESSEL FOR JAPS.

TOKIO, March 23.—The prize court has condemned as a forfeiture to the Japanese Government the British bark Antiope which was seized during the recent war by Japanese cruisers for carrying contraband.

### NEW BRITISH MINISTER TO MEXICO.

LONDON, March 23.—Reginald Tower has been appointed British Minister to Mexico.

Reginald Thomas Tower has been in the diplomatic service of England since 1885. He was secretary of the British legation in Peking in 1900. He has also served in Washington as second secretary of the British Embassy.

### LIST OF MINE VICTIMS INCREASING.

CENTURY, West Va., March 23.—Twenty-one miners are believed to have been killed in the recent coal mine explosion. Fourteen bodies have already been recovered.

### GOVERNOR PATTISON IS IMPROVING.

COLUMBUS, Ohio, March 23.—Governor Pattison is improving.

## ALAMEDA BROUGHT VERY HEAVY MAIL

VESSEL ARRIVED AT NOON TODAY FROM SAN FRANCISCO WITH LARGE CROWD.

Four hours late, the S. S. Alameda arrived at noon today from San Francisco. Head winds most of the way held the vessel. She sailed from San Francisco March 17, so had nine days later mail. She had a good sized crowd of passengers for this port.

D. H. Case of the Rebate Commission returned from Washington.

Captain I. Bray who took the steamer Lehua to San Francisco returned. G. H. Umben the San Francisco real estate dealer arrived for a visit.

The Alameda sighted nothing of the bark R. P. Rithet. The Alameda will sail for San Francisco at 10 a. m. next Wednesday.

### MOKIHANA REPORTED WRECKED

The schooner Mokihana is reported to have been wrecked on Maui some days ago. No lives were lost.

## THE BAND AT WAIKANE

BAND GIVES A CONCERT AT WAIKANE AND DID NOT STOP PLAYING UNTIL 3 A. M.

According to a telephone message received by the County clerk this morning the band was given a grand reception at Waikane last evening. A luau was given and it was 3 a. m. before the band boys were allowed to stop playing and get some sleep.

The band left here yesterday morning in a rally-ho. They play today in Koolauloa where great preparations are being made for their reception.

Samuel E. Woolley, Mormon Bishop of these islands, left yesterday for Laie, the Mormon settlement. He goes to prepare a luau for the boys who will play there tonight. A steer is to be killed and a good time is promised generally. The band will spend tonight and tomorrow night at Laie.

The band will take the train Sunday for Haleiwa where they will play Sunday returning to Honolulu Sunday evening.

A ball was given in honor of the Oregon officers last evening at the Young Hotel. A dinner was also given with Captain Merrill as the guest of honor.

## HONGKONG HAS MUCH SMALL-POX

THERE WERE SIXTEEN DEATHS DURING TWO WEEKS ENDING FEBRUARY 20.

Small-pox now prevails at various ports in the Far East. The S. S. Siberia arrived last night after having had two cases and last week the S. S. Copie arrived with one case that broke out after leaving Yokohama.

The small-pox evidently has originated in Hongkong. There was no small-pox in any Japanese port up to the last reports received by the local quarantine officials, but in Shanghai and Hongkong there had been evidence of the disease. At Shanghai for two weeks ending February 23 there was one death but at Hongkong for the two weeks ending February 20, there was a total of 19 cases with 16 deaths.

While this is not very large for a big city like Hongkong, still the steamers coming from the Orient have been unlucky. However the health precautions that are taken are such as to make the spread of the disease very unlikely.

## TO OPEN BIDS FOR NEW SLIP

KILAUEA SLIP EWA OF ALAKEA STREET SLIP IS TO BE CONSTRUCTED SHORTLY.

Bids for the construction of the second new slip for the Territorial government will be opened March 30. The new slip is to be known as the Kilauea slip and will parallel the new Alakea street slip, lying Ewa of the Alakea street docks. Lord & Belser have started on the construction of a sea wall about the new Kilauea street slip. This contract includes the wall about the Kilauea slip, as well as the wall at the head and on the ewa side of the Alakea street slip.

The government has formally accepted the new Alakea street slip. The cost was \$165,000. The contract was let on February 14, 1905 to John Walker but was sublet by him to Lord and Belser. Work was not commenced until July 5 of last year. Owing to various mishaps, there were frequent delays in the work and the slip was not finished within the contract time. The slip is large enough to accommodate the biggest steamers coming to this port and two can lie in the slip at the same time.

Automobiles can be hired day or night at Club Stables, Fort Street.

## LARGEST CHURCH IN THE ISLANDS

THE PRESENT MORMON CHURCH ON PUNCHBOWL STREET HAS BECOME TOO SMALL FOR CONGREGATIONS THAT ASSEMBLE IN IT—MORE LAND HAS BEEN BOUGHT AND NEW BUILDING WILL COMMENCE VERY SOON.

The Mormons expect very soon to begin the erection of the largest church edifice in the islands. Their plans are for a structure that will have a seating capacity of 1500 and into which on occasion 2,000 can be crowded without discomfort.

The present church on Punchbowl street has become too small for their congregations.

Elder Fernandez says that the Church of Jesus Christ of Latter Day Saints numbers 1600 members in Honolulu, and 7,000 in the Islands. Nearly thirty missionaries sent here from Salt Lake—including their women, more than forty—are at work in different parts of the group.

The annual meeting of the Saints in the Islands is to be held at Laie beginning April 5, and representatives of churches and missions on other Islands are already beginning to arrive.

Property adjoining the church on Punchbowl street has been purchased and other adjoining land is now being negotiated for. When these transactions are completed building operations will be begun. The present structure will not be torn down but will be re-modeled for other purposes of the church.

## Alarm For The Bark R. P. Rithet

SHE IS OUT 33 DAYS TODAY FROM SAN FRANCISCO AND MAY BE SHORT OF WATER.

A great deal of apprehension is being felt here over the bark R. P. Rithet. The vessel is out 33 days today from San Francisco. The danger to the vessel is not so much bad weather, as the possibility that she may have run short of water. She left San Francisco with ten passengers for this port. She carries a crew of about 16 officers and men. In addition to the human beings aboard she had a deck load of 250 hogs. Such a condition necessitated a greater supply of water than usual.

It is doubtful in the minds of many well informed sea faring people if the vessel was able to take a sufficient supply of water to last for 33 days. It was probably figured that she would not require more than 25 days in which to make the run to this port. She is now eight days over that period. There is of course, a possibility that the vessel may have renewed her supply of fresh water by means of rains but whether she encountered and rains is problematical. It may have been necessary for her to throw some of the hogs overboard in order to save sufficient fresh water to enable her to complete the run to this port.

On the other hand, she may get through all right but the general feeling is that the crew and passengers may have to go on short rations of water to accomplish this result.

The vessel is making one of the longest passages on record from San Francisco to this port. It is doubtful if as good a vessel as the Rithet has ever been out, as long as she is on the present trip. No official record of long passages appears to have been kept by anyone in the city but the general impression among sea faring people is that 40 days was about the longest period for a vessel to take to make the trip from San Francisco to Honolulu.

Times of the tide were taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu, Hawaiian etc. dard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

# U. S. DEPARTMENT OF AGRICULTURE-WEATHER BUREAU.

The following data, covering a period of 29 years, have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month, March, for 29 years.

Temperature. (1890-1905).

Mean or normal temperature, 71°.

The warmest month was that of 1897, with an average of 73°.

The coldest month was that of 1903, with an average of 68°.

The highest temperature was 89° on March 18, 1895, and March 30, 1901.

The lowest temperature was 53° on March 4, 1891.

Precipitation (rain). 1877-89 & 1905.

Average for the month, 2.59 inches.

Average number of days with .01 of an inch or more, 11.

The greatest monthly precipitation was 13.29 inches in 1890.

The least monthly precipitation was 0.13 inches in 1878.

The greatest amount of precipitation recorded in any 24 consecutive hours was 5.62 inches on March 7, 1890.

Relative Humidity.\*

Average, 9 a. m., 70% 8 a. m., 65% average, 8 p. m., 78% (1890-1904); 8 p. m., 68%, (1905).

Clouds and Weather. (1890-1905)

Average number of clear days, 9; partly cloudy days, 15; cloudy days, 7.

Wind.

The prevailing winds have been from the northeast.

The average hourly velocity of the wind during March, 1905, was 3.5 miles.

The highest velocity of the wind during March, 1905, was 34 miles from the west on the 10th.

Station: Honolulu, T. H.

Date of issue: February 27, 1906.

\* 9 o'clock averages from records of Territorial Meteorologist; 8 o'clock averages from U. S. Weather Bureau records.

ALEX. McC. ASHLEY, Weather Bureau.

# BUILDERS AND TRADERS' MEET

ADOPT NEW BY-LAWS AND DECIDE TO INSPECT ROOMS IN THE CAMPBELL BLOCK.

The Builders and Traders' Exchange met last evening in the Elite building on Hotel street. New by-laws were adopted and the plan of getting new quarters was discussed. It was decided to inspect the rooms in the Campbell block to day.

At present there are 32 members on the roll. Of these there were present 11 as follows: W. W. Harris, president, E. G. Keen, secretary; J. H. Craig, John H. Wilson, A. F. Clark, G. F. Bush, Stanley Stephenson Thomas Sharp, James Nott Jr., Marston Campbell, A. D. Scroggy.

# LAND SALE AT PUNA.

At 12 o'clock Monday at the Land office, 60 acres of territorial land, located in Kawaili, Puna, was sold at auction and bought by Henry J. Lyman, price \$700. The land contains a considerable amount of the awa tree, and it is for this that it is bought. Gathering awa root is becoming something of an industry.—Hilo Tribune.

# NERVOUS HEADACHE.

You are tired, nervous; your brain is overworked—and your head aches. Dr. Miles' Anti-Pain Pills act gently on the nerves, soothing and allaying the irritation which causes the pain in your head, and in a few moments you are entirely cured. 25 doses, 25c. Never sold in bulk.

## The New Policies of The Mutual Life Insurance Co. Of New York

Have been carefully drawn so as to avoid as far as possible the use of unnecessary technical terms. The agreements and privileges are clearly and precisely stated, and the contract may be easily understood by its possessor.

They are the best of life insurance contracts and are issued by the BEST of all the companies in the world.

### LIMITED PAYMENT LIFE POLICY.

By the terms of this contract the amount of the insurance is payable upon the death of the insured, and the premiums are payable during a limited number of years—twenty, fifteen or ten years.

The Limited Payment Life Policy is in many respects and for a large class of insurers a most desirable contract, providing as it does that the premiums shall all be paid in the early and productive years of life, thus the policy becomes fully paid up for the whole amount in a fixed number of years. Dividends are payable annually, or at the end of 5, 10, 15 or 20 years.

### HOW MUCH WILL IT COST?

Between the ages of 25 and 31 years, inclusive, SIX TO SEVEN CENTS A DAY will be the "first cost" of \$1000 good life insurance.

Between the ages of 32 and 52 years, SEVEN TO FIFTEEN CENTS A DAY.

Between the ages of 53 and 65 years, SIXTEEN TO TWENTY-NINE CENTS A DAY.

Is there any healthy man or woman in America at work for wages who can not afford this "first cost" of a good \$1000 policy in the best and strongest company on earth?

A little self-denial in small things—pleasant things, perhaps, but unnecessary things—will pay the bill easily.

Different forms of policies cost various prices.

OUR TWENTY-YEAR DISTRIBUTION POLICY on continuous life and limited payment plans affords the maximum of security at the minimum of cost;

OUR GUARANTEED INCOME POLICY provides a guaranteed income, secure investment, and absolute protection;

OUR ENDOWMENT POLICY provides a certain guaranteed sum, payable with profits at a fixed time;

OUR 4 AND 5 PER CENT BONDS furnish the best and most effective forms of indemnity and fixed annual income to survivors;

OUR CONTINUOUS INSTALMENT POLICY so adjusts the payment of the amount insured as to create a fixed income during the life of the beneficiary;

OUR ANNUITY POLICIES offer an excellent opportunity for persons to obtain a high rate of interest on their capital for the remainder of life; an income safe beyond mishap. This form of investment is particularly recommended to those who desire to make provision for declining years, and to be free from business cares.

We have prices to fit all known wants. All we want to know is what you want. If you do not know, tell us enough of your condition and surroundings and we can suggest the policy best suited to your purpose.

Rates and guarantees cheerfully furnished on application.

**W. A. WANN,**

District Superintendent, Office 932 and 933 Fort St. Honolulu.

### THE NOTLEY CASE.

The Notley will case was argued and submitted before the Supreme Court yesterday on the motion of proponents to quash the writ of error for taking the case to the United States Supreme Court. Holmes & Stanley for the motion; Kinney, McClanahan & Cooper and Holmes & Stanley against it.

### WEDDING IN HILO.

Dr. J. J. Grace, of Hilo, and Miss Vera Greenfield, of Honokaa, will be married at the residence of the bride's father, Dr. C. B. Greenfield, at Honokaa, on Wednesday, March 28, Rev. Lindsay of Paauilo officiating. The doctor and his bride-to-be will leave immediately for Honolulu by way of Kawaihae, on a wedding trip to New Zealand, where they will visit Dr. Grace's mother for three months before returning to Hilo where they will reside.—Hilo Tribune.

## BONDS FOR THE JUDICIARY

AN ORDER TO PATRONIZE ONLY  
ONE COMPANY WITHDRAWN BY  
FREAR.

Considerable discussion was aroused by a note from Henry Smith clerk of the Judiciary, on his letters notifying judiciary officers that they must file bonds, naming the Pacific Surety Company as the concern from which to get the bonds in question. The matter was called to the attention of Chief Justice Frear, who had a new notice sent out stating that those securing bonds might go to any company they chose. Smith stated that he had selected one company for convenience, expecting the companies to rotate. The Pacific's rate is \$6 for bonds under \$10,000 and a bill for \$10 from another company led to an order by Frear that the government will pay \$6 only and that officials who go to a more expensive company must pay the difference.

Before recommending a company Smith wrote to Treasurer Campbell, stating that it appeared to be necessary to name some company, in order to avoid a lot of correspondence with officials in the outside districts. Campbell in reply named the various companies here which have complied with the law, and Smith thereupon wrote the following letter to the treasurer:

"Dear Sir: Thank you for your reply to mine of even date. I am now sending off a request to each of the several district magistrates and others to qualify in various amounts, and telling them to an once communicate with the Pacific Surety Company, through the Hawaiian Trust Company, its agent in Honolulu; at the same time, I will inform that surety company that I have referred to it the various officers of this department in the matter of qualifying. I do so for convenience, not because of any preference on my part. But I will take good care to tell the officers, as commissions expire from time to time (there are now a good many which will expire in six months, some before and some after, with the idea), that the second surety company and the third surety company on your list should have their turns in the order given. As I have the dates when commissions should expire, there ought to be no difficulty in regulating time when the next company should have its turn, etc. Yours very truly,  
"HENRY SMITH,"  
"Clerk Judiciary Department."

### WEEDON WINS.

Judge De Bolt yesterday denied the motion of defendant to quash service of summons in each case, in the damage suits of W. C. Weedon against Mr. and Mrs. C. W. Chapin of New York. E. M. Watson for the motion and A. Perry contrary.

Two sailors from the battleship Oregon were attacked by highwaymen at the old fishmarket last night and knocked senseless after which the robbers rifled the pockets of the helpless sailors.

### SIBERIA HAS THE SMALL-POX.

The S. S. Siberia arrived off the port last night from the Orient considerably ahead of time. She was put into quarantine for small-pox. After leaving Hongkong a passenger in the steerage was attacked with the disease. He was landed at Yokohama. Two days after leaving Yokohama another passenger was taken sick and died. The vessel will be quarantined until tomorrow morning. She will then come into the harbor discharge her cargo of freight and sail in the afternoon for San Francisco. Among the passengers for Honolulu is Dr. N. Russell.

### Foreign News By Cable

**THE FAMINE IN JAPAN.**  
NEW YORK, March 23.—Advices from Japan state that sixteen millions of dollars will be required to relieve the famine sufferers. One million people are starving.

**GREAT CHEMIST DEAD.**  
NEW YORK, March 23.—Robert O. Doremus, the chemist, is dead.

Robert Ogden Doremus was born in New York in 1824. He developed the use of compressed granulated gunpowder, which was adopted by the French government, and has patented methods of extinguishing fires and other chemical processes.

## TO CARRY POWER ACROSS AN ISLAND

MANAGER STODART AND MANAGER GARTLEY TELL OF THE PROGRESS OF GREAT WORK.

The following report on the progress of the Kaula Electric Company which is to provide electric power for pumping on McBryde Plantation was submitted to the annual meeting of McBryde Sugar Company yesterday:

The installation of the Kaula Electric Company power plant referred to in my last report is well along toward a satisfactory completion. At this writing about 2,040 feet of tunnel line and 1,550 feet of the ditch line have been finished, leaving only 2,560 feet of tunnel and 500 feet of ditch still to do.

In order to hasten the work on certain tunnels where the rock is unusually hard, the contractor is about to install power drills which will insure the timely completion of the contract. The power furnished by this plant will enable us very largely to dispense with the use of coal which has heretofore been one of our largest items of current expense.

The following is an extract from a report by Mr. A. Gartley, general manager of the Hawaiian Electric Company, Limited, with regard to the electric power plant now being ordered for the Kaula Electric Co.:

"The Hawaiian Electric Company, Limited, have undertaken the installation of the plant from the fore-bay to the point of delivery of the electric current to McBryde Sugar Company. The whole undertaking has presented many difficulties, but I believe the work is now well in hand and that it will be completed during the month of June. The progress of the work can be best expressed by giving the progress of the different items:

"The Fore-Bay—No work has been done.

"Pipe Line—All the material is in Honolulu and work is progressing on the excavation for the pipe line. The lower end is completed and the men are on the ground ready to begin the laying of the pipe.

"Power House—The foundations are nearing completion. The building is at McBryde ready for shipment as soon as the foundations are ready; the traveling crane for the building has already been shipped to Kaula; four of the large transformers, the switchboard and exciter are in Honolulu awaiting shipment; the first main generator is due within two weeks and the second one a month later. An erecting electric engineer is now on the ground at Wailua and is capable of rapidly prosecuting the work.

"The poles, cross-arms, braces, telephone brackets and insulators are erected from McBryde Plantation to the top of the Divide, a distance of approximately 21 miles, on the Hanalei side, approximately six miles are completed. This is well under way and all the material including the wire is on hand except about 3000 main line insulators. We expect these to arrive within two weeks. The balance of the insulators and a large part of the wire have been distributed and we expect to begin stringing the wire next week.

"While the ditches and tunnels are not under my supervision, I understand from the superintendent, Mr. Rowell, that the work is well in hand and that rapid progress is being made on such tunnels as would delay the work and he anticipates that these tunnels and ditches will be completed during the month of June.

"This plant represents, in my opinion, a very valuable asset of McBryde plantation. It will have been installed at a comparatively small expense considering the large amount of power available. The plant can be increased one-half at a comparatively small expenditure.

"When the present plant is completed, it is calculated to furnish 2400 horse-power at McBryde and with the one-half increase would give 3600 H. P. available.

"In the designing and laying out of this plant we have aimed to furnish the best machinery which could be obtained and all material which has entered into it has been first class in every particular. We have aimed at simplicity in construction and the result will be efficient and simple operation."

## WARNED AGAINST CHECK PASSER

SHERIFF SAYS STORE KEEPERS SHOULD BE VERY WARY OF CASHING CHECKS PRESENTED.

Another bogus check was passed last night. The victim was a Chinese storekeeper on Nuuanu street. Fifteen dollars was the amount of the check, part of the money was taken out in goods and the remainder in cash. The Chinese was unable to give the police a very good description of the man.

Sheriff Brown says that the credulity of the average store keeper is beyond comprehension. "In spite of the fact" said the Sheriff this morning "that a man has been operating with bogus checks for some days past and in spite of the fact that warning has been published in the papers about the game, there are store keepers who are so credulous as to allow themselves to be swindled continually by this scheme. Even a saloon was victimized yesterday by means of a bogus check. In future every store keeper should be very wary of cashing checks offered by strangers.

"While the operations of the check passer are of a small character, it is nevertheless a source of annoyance to the mercantile class whether Oriental or otherwise, to know that there is such a person or gang of operators at work in the city. The police have not been given a very good description of the man or the men whether it be one or more, who have passed the checks. Until the perpetrator or the perpetrators of the crimes be apprehended, it would be well for the community to be careful about cashing checks presented by strangers."

## LOCAL JAPANESE TO AID SUFFERERS

CABLEGRAM THIS MORNING HASTENS WORK OF RELIEF FOR STARVING COUNTRYMEN.

This morning a committee composed of men from all different trades among the local Japanese met with the consul general of Japan and outlined a plan to hasten aid for the relief of their starving countrymen in Northern Japan. The Associated Press cablegram in regard to the extent of the suffering led them to hasten their work.

The most prominent men of the committee were M. Kishi, manager of the Yokohama Specie Bank of this place; Kobayashi, Dr. Haida, Rev. O. Kumura, Rev. Ho, Rev. Kato and Dr. Katsunuma. These men decided to make the Yokohama Specie Bank their headquarters with M. Kishi as treasurer. The committee have taken the name of The Relief Committee for Aid of Famined Sufferers in Northern Japan. An active campaign will be started immediately for contributions for financial Japanese. The fund will be sent from time to time to Japan and the work will close April 30.

The Consul had the following to say: "As I sometimes meet gentlemen who are so kind as to ask me about the famine sufferers in Northern Japan and about the proper channels of contribution for them, I have the following to say about it. It is true that in the said provinces there is much suffering and dire need of relief, arousing the sympathies of the philanthropic minds of the world. Contributions are highly appreciated and it is only proper that the solicitation of contributions be carried on privately and not by a representative of His Majesty's government. As it was deemed inconvenient however that there are separate undertakings to solicit contributions, an effort has been made to get the project under one head. As a result there are formed a Relief Association, and that is the committee that met this morning. Mr. Kishi of the Yokohama bank will accept and forward properly all moneys handed him."

## OREGON SAILS TOMORROW.

The Battleship Oregon will sail at 1 p. m. tomorrow for San Francisco provided the mail that is expected by the S. S. Hong Kong Maru is distributed in time. The Oregon is receiving visitors aboard this afternoon from 2 to 4.

The S. S. Hong Kong Maru is due this afternoon from San Francisco. She will go to the Channel wharf and probably sail for the Orient tomorrow forenoon.

## ATTORNEY DOUTHITT MAKES ANSWER

HE REPLIES TO THE PETITION FOR MANDAMUS IN THE KAPOLANI PARK TEST CASE.

County Attorney Douthitt has made the following answer to the petition for mandamus in the Kapiolani Park test case:

Respondent denies that the petitioner the Pacific Oil Transportation Company, a Corporation, is now or ever was the legal owner of a certain or any claim or demand in the sum of three hundred twenty-five dollars or in any sum, chargeable against or payable by the County of Oahu, for two hundred forty barrels or any barrels of crude petroleum oil, or for any other materials or supplies, or at all.

Respondent further denies that said two hundred forty barrels of crude petroleum oil or any other barrels or any other materials or supplies were, in the month of February, A. D. 1906, or at any other time or at all, furnished or supplied by petitioner herein to or on behalf of the County of Oahu, or by anyone, in its behalf, to the County of Oahu at the special instance and request or special instance or request or at all of said County of Oahu.

Respondent denies that said claim or demand of said petitioner herein, or any claim or demand of said petitioner was ever legally examined or allowed or ordered paid by the Board of Supervisors of the County of Oahu on the 6th day of March, A. D. 1906, or at any other time or at all. And in this behalf, respondent further alleges, avers and shows that the pretended claim or demand of petitioner herein is not now and never was legally chargeable against the County of Oahu or enforceable as such against said county, and said Pacific Oil Transportation Company has not now and never has had any legal claim against the County of Oahu for such materials or supplies, or for any materials or supplies, or for said sum of Three Hundred twenty-five dollars or for any sum; and that the purported resolution of the Board of Supervisors of the County of Oahu on the 6th day of March, A. D. 1906, purporting to authorize and direct respondent to draw a warrant upon the Treasury of the County of Oahu for the sum of three hundred twenty-five dollars in favor of and payable to Frederick C. Miller on behalf of petitioner herein, was and still is null and void, for that the said pretended order or resolution of said Board of Supervisors so made as aforesaid, was on said date and at any other time and still is beyond the power and scope of said Board of Supervisors, and was and still is ultra vires.

Further answering this respondent alleges, avers and shows that said pretended claim upon said County of Oahu so made by petitioner herein as aforesaid for said sum of three hundred twenty-five dollars was for materials ordered by, and furnished, supplied and delivered to the Honolulu Park Commission, at the special instance and request of said Park Commission, and over said Commission, or any member thereof, neither the County of Oahu nor the Board of Supervisors thereof, has, or ever had, any control, management or direction whatsoever.

Further answering this respondent alleges, avers and shows that said materials and supplies set forth in the petition of petitioner herein were not furnished and supplied by said petitioner to the County of Oahu, or on behalf of the County of Oahu, or on behalf of the County of Oahu, but, on the contrary, said materials and supplies set forth in the petition of petitioner herein were furnished and supplied to the said Honolulu Park Commission at the special instance and request of said commission, for the benefit and for the use of a certain park known and designated as Kapiolani Park in Honolulu, Island of Oahu, Territory of Hawaii, over which neither the County of Oahu nor the Board of Supervisors thereof has, or ever had, any possession, control, management or direction whatsoever, for that the said park and the custody, possession, control and management thereof, were and are vested in a Board of Trustees as prescribed by law, over which or whom, or any of them neither the County of Oahu nor the Board of Supervisors of said County has, or ever had, or ever exercised, any control, management or direction whatsoever.

And in this behalf, respondent further alleges that the said Kapiolani Park was, at all the times herein mentioned and still is, a Territorial park in the sole and exclusive possession, control, management and direction of a Board of Trustees appointed by the Governor of the Territory of Hawaii, known and designated as the Honolulu Park Commission, for the benefit of which neither the County of Oahu nor the Supervisors thereof has, or ever had, any legal right, power or authority to make an appropriation or appropriations of public moneys.

## ABOUT DIALECTS.

John Ackworth, an English dialect novelist who has made a special study of the dialects on Lancashire, Yorkshire, the east coasts and also of the Danes, shows that the Danes by their early landings and sojournings in England have influenced the language of the east coasts of Britain to an extraordinary degree, and that the Danes and the British, in spite of apparent differences, are one practically in speech and language as well as in the relationship of blood. "So strong is the English of the east coasts of England imprinted with Danish," John Ackworth once said, "that I am sure that if a fisherman from the east coasts of England were to be wrecked on the shores of Denmark, he would only speak in his true native dialect, that fisherman would be able to make himself understood."

## SPLENDID YACHT CLUB BENEFIT

The course of true love runs none too smooth even in times of peace, so when dread war is on, and civil war at that, when brother is opposed to brother, love has certainly a very strenuous task. Thus it is in "Held by the Enemy," a most stirring war drama in which rebel beauty falls in love with Yankee courage and northern sons of battle woo the daughters of the south. Naturally such a play must draw the cheers and, occasionally, the tears. It drew both at the Opera House last evening. Mind you, the tears were not all of sympathy; there were tears of laughter, too, for the drama appeals to every emotion. The title is a good one for, when the last curtain falls, there are several happy hearts "held by the enemy."  
The Bühler company of players deserve great praise. Richard Bühler played the hero of course. He's a Yankee officer in love with a girl of the South, played by Brenda Fowler. These two produce admirable effects. He is dashing and strong. She is appealingly delightful.  
Henry Auerbach and Juliette Chand-

## SIBERIA HAD HAD SMALLPOX

VESSEL ARRIVED OFF PORT LAST NIGHT FROM THE ORIENT—WILL SAIL TOMORROW.

The S. S. Siberia arrived off the port last night at 8 o'clock from the Orient with a record of one death and one case of smallpox since she left Hong Kong. The vessel left Yokohama for Honolulu and San Francisco March 14. One day before she reached that port a case of smallpox was discovered in the Chinese steerage. The patient was put ashore and the passengers and others aboard were vaccinated. Other precautions were taken with the vessel. She was two days at Yokohama. On March 19 a second case appeared in the Chinese steerage. The patient died the following day and was buried at sea.

Dr. Cofer the head of the local quarantine service, decided that the vessel would have to go into quarantine. In addition to the Asiatic steerage there were 14 cabin for Honolulu and a large number of through cabin passengers for San Francisco. It was decided that all of the steerage and crew should go to Quarantine Island while the quarters on the Siberia were being disinfected. The steerage passengers for Honolulu will be kept in quarantine 14 days. Nobody was permitted ashore from the vessel today and the disposition of the cabin passengers had not been decided by Dr. Cofer up to the time of going to press.

In event of the vaccination having taken with the local passengers, they will be permitted ashore but should the vaccination not having taken, those passengers will be required to remain at Quarantine Island until their status as healthy people be determined. The through cabin passengers will be allowed ashore. Conditions may change with the vessel however during the afternoon and night so that Dr. Cofer may decide not to permit through cabin passengers ashore.

The vessel has about 800 tons of freight for this port. She will come into the harbor tomorrow morning about 7 o'clock and go to the Hackfeld wharf where she will discharge cargo. She will sail about 4 or 5 o'clock tomorrow afternoon for San Francisco. Cabin passengers booked for her from Honolulu will be permitted to take passage by the vessel. Unless some additional case of smallpox appears between Honolulu and San Francisco it is probable that there will be little delay for the cabin passengers at San Francisco. The mail will no doubt, be sent by the Siberia as she will arrive at San Francisco ahead of the battleship Oregon.

The Siberia makes the second vessel from the Orient that has arrived here recently with small pox. The Coptic last week had a case. The smallpox evidently originated in Hong Kong where there have been quite a number of cases recently.

\*\*\*\*\*  
ler are hero and heroine of the second set. He plays the Yankee war artist Rupert Drum, as the rebel spy, was powerful, splendid. Place and Lowell appeared to good advantage. Louise Orendorf, as an elderly maiden lady of the South, was every bit the character.

The enthusiastic reception given each player at the outset, and the applause which followed each one of the stage spoke eloquently for the estimation in which the Bühlers are held here.

Between acts Ernest Kaal's musicians fascinated all with the witching harmony of stringed instruments. Dainty little maidens in white sailor costumes acted as ushers and program distributors. A large number of boys from the Oregon attended the play.

Tomorrow night "Held by the Enemy" will be repeated.  
To-night and at tomorrow's matinee "Thelma," the greatest of Corelli's romances, will be presented.

These performances are for the benefit of the Hawaii Yacht Club, and all who know the Bühler talent and who want to help along the yacht club are sure to turn out.

# PROSECUTE IN FOREST FIRE CASES

BOARD OF AGRICULTURE AND FORESTRY PREPARING TO TAKE SOME ACTION.

The Board of Agriculture and Forestry yesterday afternoon passed the following resolution: "Resolved, that the Superintendent of Forestry be and hereby is instructed, without further action by the Board, upon each occasion when brush or forest fires take place to make an investigation, either in person or through local fire wardens, as to the origin of each such fire; and if in any case the facts appear to warrant further investigation or prosecution, to require the assistance of the appropriate police authorities and prosecuting attorney to secure evidence and prosecute the person found responsible for such fires."

Forester Hoerner's report contained references to recent fires which have threatened great damage and have been controlled only at considerable expense. New fire wardens were appointed as follows: Hugo Hansberg for Kipahulu district, Maui; Fred Myers for Waianan district; H. J. Rhodes for Palolo district. David Haugh was appointed a deputy fire warden for the territory.

Dr. Norgaard reported the discovery of three more cases of glanders. One of the animals had been the property of a Jap, who it appeared, did not know about the disease or regulations regarding it. Norgaard said he had arranged to have the regulations published in Hawaii Shippo.

A letter from Charles Furneaux of Hilo was read, reporting the cutting of oia trees along the Volcano road and asking that steps be taken to stop it. The matter was ordered referred to the County Attorney of Hawaii and the prosecution of the cutters requested.

It was decided to purchase 24 fire warden shields and to have a seal made for the board. The design of the seal will be the territorial arms with the words "Board of Agriculture and Forestry, Territory of Hawaii" encircling them.

Leave of absence for three months was requested by the Superintendent of Forestry and was granted.

# LETTER OF THANKS TO THE JOURNAL

PROMOTION COMMITTEE SENDS A LETTER TO THE OREGON JOURNAL COMMENDING GIRLS.

The following letter is a copy of the one sent to the Oregon Journal by the Promotion Committee thanking the Journal for sending such charming representatives to Hawaii:

March 22, 1906.  
Mr. Charles S. Jackson, General Manager, Oregon Daily Journal, Portland, Oregon.

Dear Sir: At the last regular weekly meeting of the members of the Hawaii Promotion Committee I was authorized and instructed by a unanimous vote to extend to the management of your paper the thanks of the Committee for having so favored Hawaii by sending to our shores the ten charming representatives of your glorious State, who had been chosen by your subscribers for the trip.

The selection of Mrs. Westherrer as a chaperon was also a very happy one, this lady being remarkably well fitted for the part assigned to her.

Before this letter reaches you our young friends will have returned to their homes, their reports will be in, and while it may be egotistical we cannot help believing that one and all will say "There is no place like beautiful, hospitable Hawaii."

As a direct result of your enterprise we may soon expect to see a largely increased number of visitors from the territory covered by the Daily Journal.

It is needless to assure you that we shall always have a soft spot in our hearts for Oregon and will ever do our utmost to make her citizens welcome to Hawaii.

Trusting that the Journal may continue to meet with the success its enterprise deserves, and hoping that in the very near future Portland and Honolulu may be more closely connected commercially, I remain,  
Yours very truly,  
H. P. WOOD,  
Secretary.

C. E. PROGRAM.

The following is the program to be given at the Christian Endeavor Rally tonight at the Kawahalo Church: Song service, led by Miss Yarrow; Scripture reading by Rev. Wadman; Singing, chorus by Kaunakapili Society; Dialogue, by Mills Institute Junior C. E.; Short Talks on Temperance; "Holy City," by the Kakaako Glee Club; Remarks by Senator Dickey and benediction. The rally opens at 7:30.

# PETITION THE SUPERVISORS.

At a meeting of the Republican Club of the Third Precinct of the Fourth District last night at the residence of Charles Booth a petition was drawn up asking the Board of Supervisors to pay some attention to Puaou valley. They need some road work done and claim that they are being neglected.

This petition is signed by over two hundreds residents and property owners of Puaou valley and the adjacent region, among these being the names of Judge Sanford B. Dole, A. Cleg-horn, the Bishop Estate, J. O. Carter, G. P. Castle, Mrs. B. C. Coleman, the Hawaiian Trust Co., J. B. Atherton Estate, C. C. Von Hamm, E. A. Mott-Smith, E. O. White, C. W. Booth, A. W. Neely and Mrs. Mary Foster.

# CHAMBERLAIN'S COUGH REMEDY ACTS ON NATURE'S PLAN.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Let it when you have a cold and it will allay the cough, relieve the lungs, aid expectoration, open the secretion and aid nature in restoring the system to a healthy condition. Sold by all dealers. Benson, Smith & Co., agents for Hawaii.

Thugs, and succeeded Murderer Funakoshi as boss of the gang. With two others he beat a rival to death, Kaizo using an axe to cut open the victim's head. One of the three turned state's evidence. Kaizo was sentenced yesterday by Judge Parsons. It is understood.

# HEARTS CURED.

Almost every case of heart disease can be cured with Dr. Miles New Heart Cure. In the early stages, quickly and surely; in advanced stages, with persistent use—almost as surely. Let us send you testimonials from those cured, where symptoms were like yours. DR. MILES MEDICAL CO., Elkhart, Ind.

Demetrius Lycurgus will be back from Greece soon to take charge of the Volcano House. Mr. and Mrs. George Lycurgus will visit Greece after they turn over the management of the House.

**A SAILOR WITH FIFTY-FOUR DOLLARS**

A DRUNKEN SAILOR FROM THE OREGON SAVED BY SHIPMATES FROM BEING ROBBED.

Last evening in the proximity of the Opera house a sailor with more liquor than he could well carry sat himself down and refused to move. A nearby policeman, not caring to arrest the fellow spoke to some of the other sailor lads and told them to get him in some out of the way place where he could sleep it off.

When the sailor boys went to the assistance of their shipmate one of the boys suggested that they see if he had any money so they might take it and give it to him next morning when he was in his proper senses. He was searched and found to have \$54.

SHAMEFUL CASE OF CRUELTY. Kamiyawa the driver of a dray, was taken into custody on a charge of cruelty to animals. One of the rear

hoofs of a horse had been seriously affected and the animal was in agony every time it placed its foot to the ground. Sentence was suspended on the defendant today by Judge Whitney and the prosecution of the owner of the rig will it is stated, be made.

**TO BE COMPLETED WITHIN THREE YEARS**

THE JAPANESE CONSULATE IS TO BE BUILT AT AN EXPENSE OF 200,000 YEN.

The Japanese Consul stated this morning that according to the Japanese newspapers and through personal letters he was advised that the new consulate to be built here is to cost 200,000 yen or \$100,000, and be completed within three years.

"I have not been officially informed as to this matter," said the Consul, "but all of the newspapers have an account of the matter. It was appropriated by the Japanese Parliament and is to be completed within three years."

"The papers also contain an account of the Parliament considering the bill that provides for the government ownership of railroads. Whether this will be passed or not is still a question. I think it likely to be passed though. If it is passed it will mean greater efficiency in the roads than is obtained under private ownership."

**STILL TRYING TO GET JURY**

JOHNSON MURDER TRIAL CONTINUES TO MAKE SLOW PROGRESS BEFORE ROBINSON.

The Johnson murder trial continued all this morning with slow progress in getting a jury. Of the venire of twenty-five yesterday only thirteen were served, and five of these were entitled to excuses, leaving only eight with which to proceed.

David Notley was passed for cause and appeared to be an eligible juror until Attorney General Peters made a statement which suggested disqualifications. Notley answered all of the questions of Deputy Attorney General Prosser and Attorney Harrison for the defense satisfactorily to the court, but during recess the attention of Peters was called to his being on the jury and Peters made a statement which caused Notley's retirement. It was to the effect that Peters and Fleming were counsel for Notley in the Notley will case and had assisted him financially, so that he was indebted to them. Peters said he thought it only fair to the defense to make the statement, before Notley was finally accepted as a juror.

Notley asked to be excused. He said that while being examined by Prosser he had not thought of his relations with Peters, who will also take part in the prosecution. He thought he had better not sit, in view of the relations existing, and he was therefore excused.

William Allen was among those excused by the judge and he appeared to have excellent reason. His wife died about two months ago, and he has eleven children to look after, while his father is dying at his home and his mother is also dependent upon him for support. He is an employe of the Honolulu Iron Works, and Judge Robinson lost no time in telling him he was not to be called upon to serve his country as a juror.

**OREGON SAILORS WERE ASSAULTED**

THREE WERE KNOCKED DOWN BY FOOTPADS AT OLD FISH-MARKET LAST NIGHT.

Three bold hold ups occurred last night at the old fishmarket. Sailors from the battleship Oregon were the victims. All of the men were knocked insensible with some object by the robbers. One of them was A. L. Watlin, another was Electrician Garey and a third was a sailor whose name was not learned this morning.

All of the men were attacked from behind by one or more highwaymen and knocked down with some blunt instrument. Watlin was robbed of his shoes, hat and some money. Garey came to his senses in time to shout for help and scare his assailants away.

There is no clue to the robbers. The police were inclined to think that there had been no such robberies but the sailors bear excellent reputations aboard the vessel and there seems little question but they were attacked.

An investigation by the police goes to show that the three victims of the rather mysterious assaults last night were attacked by men from the battleship. A fight had occurred up town and the sailors who are thought to have struck Watlin and the others, laid in wait for them at the fishmarket. No arrests have been made.

**PROBABLE FATAL ACCIDENT.**

Manuel C. Teves an employe of the Inter-Island Steam Navigation Company, met with an accident about noon that is likely to prove fatal. He was driving a dray along Punchbowl street and when mauka of the Mormon church was seized with a fit and fell from the seat. He fell in the track of the wagon and the wheels passed over him breaking his back. He was taken to his home near the Paoan Bridge. This afternoon he was not expected to live.

**AUCTION SALE OF Poi Food Factory**

ON TUESDAY, APR. 3, AT 12 O'CLOCK NOON.

At the premises, Liliha street, opposite Vineyard, I will sell at Public Auction, the property comprising:

**REAL ESTATE**

A valuable lot on the corner of Liliha St. and Parker lane, having a frontage of 87 feet on Liliha street, and from 70 to 112 ft. deep.

The lot is high ground and is well drained.

JAS. F. MORGAN, AUCTIONEER.

**AUCTION SALE**

ON SATURDAY, MAR. 24 AT 12 O'CLOCK NOON.

At my salesroom, 847 Kaahumanu street.

LOTS 43-44, BLOCK B.

KAPIOLANI PARK ADDITION, CORNER LOTS.

**JAS. F. MORGAN, AUCTIONEER.**

**FOR PRIVATE SALE!**

The new pleasure yacht "Kapolei" fastest sloop in the Hawaiian waters. Oak frames, planking, decking, cabin of eastern cedar.

Complete set of racing sails, spinnaker, balloon and storm jibs.

Further particulars can be obtained from

HARRY ARMITAGE, Stock and Bond Broker, Honolulu.

**CAMPBELL WILL IN COURT AGAIN**

MANY INTERESTS PRESENTING THEIR LEGAL VIEWS TO CIRCUIT JUDGE LINDSAY.

Judge Lindsay this morning began the hearing of the suit to have a legal construction of the will of the late James Campbell, in order to settle moot questions as to disposition of the income. There are many parties involved and the problems are quite complicated. The principal questions are as to what funds of the estate shall be applied to the allowances provided for Mrs. Campbell-Parker.

Cecil Brown, one of the trustees, was a witness this morning regarding the condition of the property of the estate. The probate records were introduced in evidence and the court now is to consider the legal questions on briefs to be submitted by the attorneys and guardians for the various interested parties.

J. J. Dunne appears as guardian for the Princess Kawananakoa, E. M. Watson for her minor children and E. C. Peters for Muriel and Beatrice Campbell. The three guardian-attorneys will file briefs within ten days, and five days more were allowed by the judge for the attorneys for Mrs. Campbell-Parker to present their views on the subject.

TOWING DREDGER TO KAHULUI. The tug Fearless departed this morning shortly after 11 o'clock for Kahului with the dredger Reclamation in tow. It is expected that the tow will be made in 17 hours if the weather be good. The dredger is to start to improve Kahului harbor.

**LOVE SICK KOREAN HELD.**

Yee Man Young was arraigned before Judge Whitney this morning to answer to the charge of assault to commit murder on Chun Sun Dok. The Korean defendant waived preliminary examination and was committed to the circuit court.

**LIQUID VENEER MAKES OLD THINGS NEW**

Liquid Veneer is a wonder! It will make re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beautiful results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer. Liquid Veneer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other mahogany, and is highly beneficial to Golden Oak, White Enamel, Gilt, Silver and other finishes. In 8 oz., 1 quart and 1/2 gallon bottles, at
