PARTING MESSAGE FROM GARFIELD

TENYO MARU RECORD

(Associated Press Cable to The Star.)

SAN FRANCISCO, Cal., June 29.—The Toyo Kisen Kaisha steamer Tenyo Maru arrived this morning, after a passage of four days and twenty-one hours from Honolulu.

This breaks the record for a trip from here to San Francisco, held by the China, which made the trip in five days and two hours. The record from San Francisco to Honolulu is four days and nineteen hours, held by the Siberia.

STRANGE EXPLOSION

SAN FRANCISCO, Cal., July 29.—Four were killed and three injured in a mysterious explosion which occurred in a saloon and grocery store in this city today.

FATAL TRAIN WRECKS

WINSLOW, Arizona, June 29.—The California Limited on the Santa Fe railroad was wrecked here today. Three persons were killed and twenty injured.

COSSACKS IN FIGHT

RESHT, Persia, June 29.—In a fight between Cossacks and the citizens here several people have been wounded. A Russian warship arrived at Enzeli this morning.

BANDITS REPULSED

MEXICO CITY, June 29.—The bandits who have been causing so much trouble lately have been repulsed, and are fleeing to the mountains.

SAIL FROM COAST

SAN FRANCISCO, Cal., June 29.—The collier Ajax and the supply ship Glacier sailed from here for Honolulu today.

SHERMAN BETTER

CLEVELAND, Ohio, June 29.—James S. Sherman, the Republican candidate for Vice-President, is improving.

FATAL CL OUBURST

WELLINGTON, Kans., June 29.—As a result of a cloud burst here, seven people have been drowned.

LURLINE'S GUESTS

COMMODORE SINCLAIR INVITES THREE FRIENDS FOR TRANS-PACIFIC YACHT RACE.

A copy of the Pasadena News received today contains the following about the ocean yacht race.

Commodore H. H. Sinclair left today in the Lurline for San Diego, where he will put her on the ways to be overhauled and prepared for the long voyage to Honolulu on the trans-Pacific yacht race which starts July 4 from San Pedro. The bottom of the boat is to be scraped and the hull painted and she will return to San Pedro the latter part of the week.

Commodore Sinclair has invited three men to accompany him on the boat, Edward J. Pyle, cashier of the Pasadena National bank being the Pasadena representative. Mr. Pyle had planned a voyage to Tahiti, but this has been given up and he will have

the pleasure of going on the racing boat. Mr. Stewart of Los Angeles and Mr. Savage of Redlands are the others who have accepted Commodore Sinclair's invitation. A crew of six and a steward will ship on the yacht.

In the first race three years ago it will be remembered that the Lurline won the race, and her trophy was a beautiful silver calabash (poi bowl), engraved appropriately, and bearing an engraved sketch of the famous Diamond Head, the point of the old crater which juts out into Waikiki bay and is the first bit of Honolulu seen by incoming steamers, and with the hull-moon of the bay fringed with its coconut trees, is the most typical view of the islands.

Three other yachts have entered for the race, the Hawaii, from Honolulu, which was recently christened by Miss Kaul Wilcox, a daughter of one of the well-known Wilcox brothers on the garden island of Kauai; the Gwendolyn II from Seattle, and one boat from San Diego. July 4 is to be harbor day at San Pedro and the harbor committee will give a special celebration in honor of the start of the race.

The Honolulu Construction Company, Ltd., make a specialty of supplying Rotted Manure, White and Black Sand, and Soil at reasonable rates. Telephone: Office, 281; Stables, 305.

Prof. Craw Is Dead

A cablegram was received from San Francisco this morning by W. M. Giffard, announcing the death of Alexander Craw, of this city. Mr. Craw has been quite ill for some time and was allowed a vacation by the Board of Agriculture and Forestry that he might make a trip to the Coast with the object of getting back in shape. The sea voyage evidently did very little good, as letters received here for the past two months have indicated that Mr. Craw was failing. His vacation was extended by the Board with the approval of the Governor, for Mr. Craw, who has been Entomologist for the Territory for many years, was considered a most valuable man and deserving of every favor which could possibly be extended to him.

PRESSMEN OF FLEET

The Executive Committee met this afternoon in the Chamber of Commerce rooms, those present being G. R. Carter, H. P. Wood, F. L. Waldron, L. T. Peck, Alexander Young, G. W. Smith, W. C. Weedon and C. H. Dickey. The offer of W. G. Irwin & Co. to give the old Wilder building on the corner of Queen and Fort streets for the use of the fleet was accepted, and a vote of thanks tendered to the firm. The matter was referred to the committee at large.

G. W. Smith reported that the Roman Catholic church would provide a reading room for the use of the men in the fleet.

July 22 was the date set for the dinner to be given by the Commercial Club to the visiting press correspondents.

The sum of \$250 was appropriated for the use of the committee at large. Also \$150 was voted to the Information committee for signs, etc. at their headquarters.

L. T. Peck reported that the Chinese community had given \$812 for the general fund. A vote of thanks was tendered Hong Quon and Chu Gem for their efforts in raising the money. The meeting then adjourned until tomorrow.

YELLOW YARN

A sensational story appeared in the morning paper about a motor boat running amuck among bathers at the Seaside Hotel beach.

As a matter of fact nobody in the water was imperiled or even scared. A surfboard rider may have been a slight exception, he having needlessly jumped into the water and let his board go. With nobody controlling it the board swung into the path of the motor boat. This was not going fast, though the optical illusion caused by the high surf made it appear to be speeding.

Bathers are used to having to dodge surfboards, which are no less dangerous to bathers than motor boats.

The Star's informant is the father of two children who were in bathing, and he says the motor boat did not cause them or him any worry.

LOVERS' DELIGHT

SECOND FLEET IN SEPTEMBER

EIGHT ARMORED CRUISERS AND EIGHT TORPEDOERS WILL ARRIVE HERE FROM SAN FRANCISCO ON SEPTEMBER 3 TO MANEUVER TO THE SOUTH AND RETURN TO HONOLULU—WILL COAL HERE AND STAY ONE WEEK ON FIRST CALL.

Rear Admiral Pillsbury, Chief of the Bureau of Navigation, has made public the itinerary of Rear Admiral Dayton's armored cruiser squadron.

The first and second divisions of the Pacific Fleet, comprising eight vessels—the West Virginia, the Colorado, the Maryland, the Pennsylvania, the Tennessee, the Washington, the California, and the South Dakota—accompanied by the second torpedo flotilla, the Hopkins, the Stewart, the Whipple, the Lawrence, the Truxtun, the Hull and the torpedo-boats Davis and Farragut, will leave San Francisco on August 24.

They will steam first to Honolulu, 2,100 miles, at about ten knots, arriving here September 3 or 4. Here the cruisers and torpedo boats will coal, leaving Honolulu after about one week's stop for Samoa, 2,240 miles, arriving the last week in September. From Samoa the Pacific fleet will, after a series of maneuvers later to be determined, return to Honolulu and from Honolulu will go to Magdalena Bay for the fall target practice.

The run from Honolulu to Magdalena Bay is 2,800 miles, and the Bureau of Navigation believes that the smaller vessels may be unable to make this long leg under their own steam. For

U. S. S. IROQUOIS CLIMBS THE REEF

LIEUTENANT COMMANDER CARTE R LOSES CONTROL OF NAVAL TUG THROUGH CRUISER'S TOW LINE GETTING AFOUL OF HER SCREW AND SHE SHOVS HER NOSE INTO THE CHANNEL REEF—SUSPOSED TO BE NO DAMAGE.

There must be a hoodoo aboard the United States tug Iroquois, for not satisfied with having to be warped to a wharf when bigger vessels slide gracefully to dock unaided, or with going stern-foremost when she is supposed to be towing the vessel that is in reality towing her, she has now gone on the reef at the channel entrance, near the outhouses, and has the tow line of the U. S. cruiser St. Louis twined about her screw-blades.

It is not supposed that she will suffer any injury, but she presented anything but a dignified spectacle in the harbor this morning, making a mess of assisting the St. Louis out. The Iroquois, as the sole representative of the Navy in this port, had it in her little book to handle the St. Louis in seamanlike style, but, sad to relate, she fouled the tow line, mixed it with her propeller and then lost her self-control and shoved her nose up on the reef on the inside of the harbor.

Lieutenant Commander J. F. Carter was in charge.

When the Iroquois hit the reef the St. Louis sent a launch to the rescue and this launch managed to move her stern around a bit so that she now lies nearer the channel wharf and in less danger of harm.

On Saturday, just at the time that the S. S. Mauna Kea was rushing stern foremost off the marine railway, owing to an accident, the Iroquois was entering the harbor with an under officer in command. By rare presence of mind the seaman in charge threw her over and cleverly dodged the onslaught of the Mauna Kea, docking the Iroquois in apple-pie order and in quick time, without warping, so there could have been nothing wrong with the vessel that caused her to go on the reef, for she has many times demonstrated that she can obey her helm beautifully when properly directed.

DRYDOCK READY

FAVORS GOOD MEASURES FOR HAWAII

THE SECRETARY OF THE INTERIOR LEAVES WITH LOADS OF INFORMATION—HE BELIEVES IN DIVERSIFIED PRODUCTS—IN FAVOR OF HARBOR IMPROVEMENT ON ALL THE ISLANDS—ALSO EUROPEAN IMMIGRATION AND SOIL RECLAMATION.

When asked for an interview on the results which he had obtained from his ten days' stay in Hawaii this morning, Secretary of the Interior Garfield spoke freely. He stated that he favored diversified crops, Federal assistance for harbor work on all the islands, the passage of an act allowing the importation of European labor under proper restrictions, the application of the Reclamation Act to Hawaii, modifications of the Territorial land laws and the fostering of true American loyalty throughout the Territory.

In response to interrogations the Secretary said:

"It is rather difficult to summarize the work which has been done since my arrival here. I have before me a large amount of material in the shape of reports, which have been made and on which I shall work out the various problems which I have looked into while here.

"The principal points in question grow from the use of land for home-steads and the diversity of the agricultural products of the Territory. A most important matter is the extension of the production of the great agricultural staples outside of sugar.

"Extremely important is the matter of increasing the harbor facilities on each of the islands, to the end that when diversified crops are produced they may have at hand a ready method of transportation. I have noted with great interest the development of the harbors of the islands which has already been made by the Territory and also by private interests. I believe that Federal assistance in giving better facilities for transportation, through improvement of the harbors, is a matter of immediate concern.

"The labor question is one which is of course hardly within my province directly, but I have obtained a great deal of information on the matter, which I shall place in form and submit to the Secretary of Commerce and Labor. I am thoroughly in favor of the proposed bill which was before Congress during the last session and which will permit the introduction of European labor.

"There may be certain modifications of the bill needed, but the principle on which it was framed is right. This matter is being made an object of special study by Mr. Trencher, of the Department of Commerce and Labor, and

upon his report the final determination of the matter will depend greatly. I believe that this Territory ought to have the opportunity of importing labor directly from Europe or through the United States.

"To come back to the land question again for a moment, the matter of irrigation is one of the greatest importance. Through the use of water it has already been most clearly shown that there is a great possibility of largely increasing the arable acreage of the Territory. This will also open opportunities for a much greater variety of crops. I shall take up the question of reclamation as soon as I return to the Coast and hope that the act covering the matter on the mainland may be adopted to cover the local situation.

"In this matter, as you know, it has been held by the Comptroller of the Treasury that the money appropriated by Congress under the Reclamation Act could not be used in this Territory. I have opened the entire subject again and hope to obtain a favorable ruling. I shall ask Mr. Newell, the reclamation engineer, to visit the islands if possible and, if he is unable to make the trip, have one of his men do so and report. What is needed here is the homesteading of land which is capable of being cultivated on small holdings by the greatest possible percentage of landholding citizens.

"I was very much pleased with the

THE LOG-BOOK

SAN FRANCISCO, June 23.—The American-Hawaiian Steamship Company's steamer Nevada, Captain J. S. Greene, will sail this afternoon for Salina Cruz with a cargo of wine and canned goods. The Nevada was engaged yesterday at Crockett unloading sugar.

Per S. S. Asia, June 29, from San Francisco, for Honolulu: Miss L. M. Silex, Mrs. A. Willett. For Hongkong: T. C. Anderson, Dr. D. L. Andrews, M. H. O'Malley, Ervin J. Bobo, R. A. Rowley, N. A. Whitehorn, Clark James, Chas. E. Ashbury, Mrs. M. H. O'Malley, Harry D. Cooper, Miss L. J. Cooper.

SAN FRANCISCO, June 22.—Never in many seasons has the ice in Behring Sea been such a menace to navigation as it is this year. Reports from the north say that a number of vessels have had narrow escapes.

On June 14th the steamer Ohio was seen in the ice 200 miles from Nome and up to June 21st had not been heard from. Whether she met the fate of the whaler William Baylies, which was crushed in the ice, is still an uncertainty.

The Occidental & Oriental steamship Asia, Captain Gaukroger, docked at the Hackfeld wharf from San Francisco at 9:45 o'clock this morning. She sailed from San Francisco on June 23 and brought 6 days later mail, 308 bags. She sails for the Orient at 5 o'clock this afternoon. For Honolulu there were two stop-over passengers, Miss L. M. Silex and Mrs. A. Willett.

There are but eleven through passengers. A few are taken here. The Asia passed the Lurline on Thursday and took her for an oil tank, not having seen her before. The Asia has aboard the lightest cargo ever taken by

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED JUNE 20, 1908.
Honolulu, June 22, 1908.

GENERAL SUMMARY.

It was cooler than during the preceding week on Kauai and Molokai; in the Hamakua, Hana and Wailuku districts of Maui; in the Koolauloa, Koolau, Honolulu and Waianae districts of Oahu, and on Hawaii, excepting in the southern portion of the Kau district. The changes, on Hawaii, ranged from -0.1 deg. to -1.8 deg., excepting +0.2 deg. at Kau; Maui -0.2 deg. to -1.2 deg., excepting +0.9 deg. in the Kula and +0.4 deg. in the Lahaina districts; Oahu -0.5 deg. to -1.3 deg., excepting +0.6 deg. in the Ewa district; Kauai -0.2 deg. to -1.2 deg., and Molokai -0.7 deg. to -1.0 deg.

The rainfall was below the average for the week at all stations in the section having a record of ten or more years, excepting at Kapoho, Hawaii, where it was normal. The deficiencies on Hawaii ranged from 0.03 to 0.71 inch; on Oahu from 0.05 to 0.36 inch, and on Kauai from 0.01 to 0.27 inch.

The amounts of rainfall, in inches, in the several districts were: Hawaii—Kohala 1.24, Hamakua 0.48 to 0.56, Hilo 0.68 to 2.65; Puna 1.13 to 1.72 and Kau 0.00 to 0.74; Maui—Hamakua 1.00, Hana 2.21, and 0.00 to 0.04 in the Kula, Wailuku and Lahaina; Oahu 0.14 to 0.56 on the windward side and 0.00 to 0.11 on the leeward side, excepting 1.79 at the higher levels of the Honolulu district; Kauai 0.09 to 0.66, and Molokai 0.26 to 0.72.

There was slightly more rain than during the previous week in the Kohala and Hamakua districts and at Honohina and Hilo, and slightly less in the remaining portions of Hawaii. In the Kula and Wailuku

her to the Orient. It is under 2000 tons and consists of flour, machinery, papers, rosin and general merchandise.

SAN FRANCISCO, June 23.—One hundred and twenty-three days out from Hamburg, having stopped at thirty ports on its round-the-world voyage, the Kosmos steamer Radames arrived in port yesterday afternoon and was towed immediately to Union No. 2 to discharge passengers and freight. The officers of the Radames, whose first voyage it is to San Francisco, reported an excellent trip, with the exception of the last few days, when off of coast strong head winds were encountered.

The Radames brought thirty passengers from different parts of call, as well as 1900 tons, consisting of coffee, saltpeper, nitrate, sugar and cocoa. Among the passengers were Sir James E. Erskine, Lady Margaret Erskine and Miss Veronica Erskine, hailing from Scotland and en route to Japan on a world tour. Sir James E. Erskine is an Admiral in the British Navy. Other passengers were Robert Haddon, Mrs. Bertha Haddon, Mrs. Maria E. Lewis, Mrs. Helen L. Brown, James Brown, Elizabeth Brown, Samuel Brown, Juanita Arias, Herman Pohl, William Boy, Mrs. Herlinda Bertram.

RAILROADS MOVING RECORD FRUIT CROP.

More Cars Employed in Hauling Fruit Than In Any Previous Year.

California will this year produce one of the largest fruit crops in its history, and the railroads are making corresponding preparations to handle more cars of fruit than ever known before. It is estimated that nearly 10,000 will be required to move the crop, which would cause a great congestion of traffic if conditions on the transcontinental roads were the same as last year during the blockades. The slump in freight traffic has enabled the railroad companies to handle the fruit in a manner that is pleasing to the growers.

The melon crop of the Imperial Valley in Southern California is beginning to move at the rate of thirty per forty cars a day. This district is but four years old, but 1500 cars of cantaloupes and other melons will be shipped from there this season. The delicious fruit shipments to date this year have amounted to 400 cars, as against 175 cars at the same time last year. Oranges will continue moving for another sixty days at the rate of fifty to one hundred cars a day.

Crops of all fruits are large, with the exception of prunes, in the Santa Clara Valley, which will have comparatively a light crop.—San Francisco Recorder.

NEWSPAPER ENGLISH.

Professor Thomas R. Lounsbury, of Yale University, who said in a recent interview that the much disputed idiom "none are" is perfectly right, is a hearty defender of what is sometimes called "newspaper English." In his book, "The Standard of Usage in English," recently printed by the Harpers, he maintains that the style of reputable journals is quite as good as the proper conditions allow, if not a little better. Indeed, Professor Lounsbury, whose very practical standard is the usage of great writers and cultivated speakers, seems inclined to permit more latitude of idiom than some editors. One characteristic pronouncement of this critic which many people are quoting is, "Language not only does change, but should change."

BE ON THE SAFE SIDE.

Your physician may be busy or out of town just at the time some member of your family has an attack of colic or diarrhoea. Such cases frequently prove fatal before a doctor can be summoned or medicine procured. No physician can prescribe a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has been in use for more than a third of a century and has never been known to fail. For sale by all dealers. Benson Smith & Co., Agents for Hawaii.

districts of Maui there was no change in rainfall conditions, while in the remaining districts of the island there was slightly more rainfall than during last week, as there also was at all stations on Oahu, excepting slightly less in the Koolauloa district, and no change in the Waianae. Stations on Molokai report from 0.26 to 0.38 inch more rainfall than during the previous week, while on Kauai the changes ranged from -0.09 to +0.27 inch—the majority of stations reporting deficiencies.

Rough seas prevailed during the latter part of the week. The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

	Temperature.	Rainfall.
Hawaii.....	70.4 deg.	1.13 inches.
Maui.....	74.3 deg.	0.65 inch.
Oahu.....	75.6 deg.	0.40 inth.
Kauai.....	74.4 deg.	0.37 inch.
Molokai.....	72.8 deg.	0.49 inch.
Entire Group.....	73.2 deg.	0.70 inch.

At the local office of the U. S. Weather Bureau in Honolulu partly cloudy and cloudy weather obtained, with traces of rain on three dates, and measurable rainfall on four, amounting to .11 inch, .05 less than the average for the week, and .10 more than during the preceding week. The maximum temperature was 81 deg., minimum 67 deg., and mean 74.7 deg., 2.3 degree below the normal, and 1.3 deg. lower than last week's. The mean relative humidity ranged from 60 per cent. to 76 per cent. and was 66.7 per cent. for the week. The main daily barometer ranged from .07 to .13 inch above the normal, and the mean for the week, 30.10, was .09 inch above the average. The prevailing winds were E. on the 18th and 19th, and NE. on the remaining dates, and for the week, with an average hourly velocity of 9.3 miles.

U. S. DEPARTMENT OF AGRICULTURE, WEATHER BUREAU

The following data, covering a period of 33 years, have been compiled from the McKibbin and Weather Bureau records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month, June for 33 years.

TEMPERATURE.	
(18 years 1890-1907.)	
Mean or normal temperature, 77 deg.	
The warmest month was that of 1900, with an average of 78 deg.	
The coldest month was that of 1905, with an average of 75 deg.	
The highest temperature was 88 deg. on the 22nd, 1900.	
The lowest temperature was 63 deg. on the 1st, 1891.

OUR CORPORATION LAW COMMENDED

DELEGATE KALANIANOOLE IS
PRAISED BY SECRETARY GAR-
FIELD.

Following are extracts from Secretary
Garfield's speech at Aala Park
which were "lifted" from Saturday's
forms on account of a crush of the
day's news:

"Now, in internal affairs, how are the
people of the Territory interested in
the success of the Republican party?
The officials who are appointed by the
President are those upon whom you
must rely if your welfare, Territorially,
is to be cared for wisely and well.
In connection with the internal rela-
tions between the Federal Government
and the Territory, your Delegate to
Congress, if he be out of touch with
the majority of the members in Con-
gress, will not be able to do what your
present delegate has so well done dur-
ing his term in office. (Applause) If
you desire to have things done for you
in the halls of Congress you must send
there a man who will be in close polit-
ical sympathy with the Administration
and with the majority of those in the
House with him, and I think it safe to
assure you that the next Congress will
again be Republican and the next Ad-
ministration will be Republican, with
a man at its head who will take no
step backward in the policies of the
present Administration." (Applause.)

"I have been pleased to find that in
your Territory the corporations under
the Territorial laws, by the returns
made and by their methods of deal-
ing, have been free from many of the
vices that have existed in the cor-
porations upon the mainland. I am
pleased to see that under the Terri-
torial laws you have taken long steps
toward the right kind of publicity in
corporate affairs. Now, that public-
ity does not mean that we should pry
into the affairs of any business cor-
poration; that we should expose their
business secrets to the prying inquisi-
tor or to the man who is desirous for
information without any good reason,
but a publicity that gives to the stock-
holders and gives to the community
that has granted the rights to these
corporations a security in the condi-
tions of the corporation, gives the
public information as to who the stock-
holders are, the amount of stock held
by them, what the assets and the liabil-
ities are, what the profits are, whether
the corporation is doing well or doing
ill—all those facts are shown upon the
corporation returns of your Territory.
Now that is the right kind of publicity;
that is the publicity that we have been
trying for on the mainland, and I have
been very pleased to see how far you
have gone in that direction here."

RACING AT MEXICO.

Government Guarantees \$250,000 for
a National Derby.

MEXICO CITY, June 4.—Another
stride has been made toward pro-
curing for Mexico a national Derby.

The Federal Government has guaran-
teed \$250,000 in sums of \$25,000 an-
nually for 10 years, to begin in 1910,
the date for celebrating the centennial
festival, and has entered into a formal
contract between the Department of
Fomento and the Jockey Club. The
subject is set at rest so far as the
Federal Government is concerned. Nom-
inations for the first Derby must be
made by December 1, 1908.

In racing circles it is said that the
conditions for the race will be changed
in some important particulars.

Fine Job Printing, Star Office.

WATTERSON SAYS IT'LL BE BRYAN

Tells Chicagoans Governor Johnson of
Minnesota is Victim of
Procrastination.

THINKS HIS VOTE 200 TO 250.

Kentucky Editor on Way to Visit Ne-
braskan Makes Issue "Halter
on Predatory Trusts."

CHICAGO, June 9.—"The cardinal
rule of the democracy is the rule of
the majority," declared Col. Henry
Watterson today, and to that epigram
expressing his opinion of the present
candidate of Gov. Johnson, whom he
first brought forward for the presiden-
tial nomination more than a year ago,
the Kentucky colonel added his pre-
diction that Bryan will be nominated
at Denver by the democrats next
month upon the first ballot and by ac-
clamation. The Louisville editor is
on his way to pass a couple of days
with Bryan at Lincoln, Neb., and he
stopped over at the Auditorium Annex
for a few hours today to shake hands
with republican leaders, to whom he
is as well known as he is to the chief-
tains of his own party.

PROCRUSTINATION VICTIM.

"Johnson's cause is a lost cause,"
said Col. Watterson. "He is the victim
of procrastination. When Bryan said
in a speech a year and a half ago that
he would step aside if shown a candi-
date who could offer more chances of
making a race promising greater suc-
cess, I took him at his word and named
Gov. Johnson. But the introduction
of the Minnesota governor into the
presidential arena fell as flat as a
stale buckwheat cake. There was noth-
ing doing. Hardly a soul jumped up
and murmured 'Hurrah!' That lethargy
lasted throughout all of 1907, and it
was not until along in March of this
year that the east took up Johnson.
The east is not the part of the coun-
try from which the advocacy of John-
son should have come, and three
months ago was not the time to es-
pouse the candidacy of Johnson.

WOULD RUIN DEMOCRATIC CHANCES.

"To bring forward Johnson and no-
minate him at this late day would be
to ruin the chances of the democrats
to carry the election. But there is no
danger of that disaster happening.
Bryan will win on the first ballot by
acclamation. I do not believe that
Johnson can have more than 200 or 250
votes at the utmost in the Denver con-
vention. Only once in the history of
the democratic party has a candidate
who entered a democratic national con-
vention with a majority of the dele-
gates been defeated for the nomination
by the workings of the two-thirds rule,
and that was in 1844, when the 'allies,'
as they would be termed nowadays,
succeeded in keeping the nomination
from going to Former President Van
Buren, who had a majority, but lacked
two-thirds of the convention.

"It is hard to look forward from
June to November, but I feel that with
Bryan we have a fighting chance this
year. I have not before seen the dem-
ocrats so thoroughly in accord with
Bryan's candidacy. There appears to
be little real opposition to him among
the democrats. Taft will certainly be
the republican candidate and I believe
that Bryan could beat Taft with cer-
tainty if the election were to be held
tomorrow without a national campaign
or the expenditure of a republican
campaign fund.

"I say a republican campaign fund,
because with two of Taft's brothers
multi-millionaires, with the 'predatory
trusts' as President Roosevelt has dub-
bed them, lined up behind the republi-
can ticket and with no law for the
publicity of campaign contributions
upon the statute books, it seems hard-
ly an exaggeration to predict that the
war on these 'predatory trusts' will be
the main issue of this campaign and I
fancy the strength of Bryan's candi-
dacy will lie in the common sense of
the voters of this country when asked
to decide whether they will trust the
job of bridling the trusts to Bryan or
to a candidate who wears the mask of
Taft, but behind whom lurk talons of
Harriman, Morgan and 'the system.'"

PLOT TO KILL THE CZAR FAILS.

REVAL, June 12.—It became known
here today that a woman school teacher
thwarted a plot to kill Czar Nicholas
just after the ceremonies in the Gulf
of Finland, on the occasion of the
king's visit. The woman had been
picked by the nihilists to throw the
bomb that would have killed the czar
and his entire family, but she commit-
ted suicide rather than carry out the
mandates of the secret order.

SAVED FROM DEATH ON GALLOWES

CHICAGO, June 12.—Just as the
jailor of the Joliet penitentiary had
marshaled his deputies in line and the
physicians had made ready for the
march to the gallows with Her-
man Bilyek, the condemned murderer
of Mary Vrzal, a messenger arrived
from the Federal court with the news
that Federal Judge Landis had granted
the prisoner a reprieve.

Instead of reading the death warrant
he had ready in his hand the
jailor told Billek the news.
The condemned man had nerved
himself to listen to the words that
would send him out of the world, and
when he heard the message that an-
other lease of life had been granted
him he almost collapsed.

Judge Landis granted the reprieve
in order to allow the attorneys for
the condemned man time to perfect
an appeal to the Supreme Court of
the United States. The court directed
the sheriff not to fulfill the order for
execution until the highest court in
the land had had time to act. He stated
in granting it that the fourteenth
amendment to the constitution of the
United States had been violated and
that he was of the opinion that the
United States supreme court should
pass on the question.

SUBMARINE BOATS PUT IN COMMISSION

VALLEJO, June 11.—The submarine
boats Pike and Grampus, which have
been recently overhauled at a cost of
\$20,000 each, have been put in com-
mission here with Lieutenant Castle in
temporary command. The crews for
two destroyers assembled at the
navy yard today and will leave on the
boats some time this week.

The submarines will leave for the
lower bay to make tests near San
Francisco. The torpedo-boat destroy-
ers Farragut and Preble have arrived
here from their visit to Portland.

FEAR VIBRATION OF GREAT GUNS

RESIDENTS NEAR SCENE OF MI-
MIC WAR BEGIN TO BRACE UP
THEIR RHOMES.

NEW YORK, June 16.—If real war
is what General Sherman said it is,
mimic war is nearly as bad. So think
the peaceful persons who dwell near
Fort Hamilton, Seagate, Bay Ridge,
Bath and around there. Assisted by
several regiments of the National
Guard, the soldiers manning the forts
which are designed to protect New
York from an attack from the sea
are engaging in practice, which will
include a mimic attack which will be
repulsed by the forts.

The residents are informed that in
the approaching sham battle the big
guns in the fort, the coast defense ar-
tillery, are to be loaded with regular
charges of powder. Even with small
charges the vibration of the gun re-
ports have done much damage to glass-
ware, windows in homes, hotels and
saloons thereabouts. So cautious de-
wellers near the bay are packing their
crockery, glassware and electric light
globes in crates and are bracing their
walls.

MONITOR FLORIDA WITHSTANDS TORPEDO

NORFOLK, June 12.—The monitor
Florida, which withstood the bombard-
ment of thirteen inch guns two weeks
ago, was made the target of a heavily
charged Whitehead torpedo, which
pierced her double bottom slightly aft
amidships today, but she still floats.
Her crew, who refused to leave at the
former test, remained on board again
today and are still on the ship. She is
barely out of commission and the dam-
age is not believed to be serious. The
attack on the Florida, however, was
pronounced successful by the experts
and the target ship was officially "de-
stroyed."

In shortening the hours of labor no
one tries to shorten the hours for
women in the household.—Birmingham
Age-Herald.

MOUNTAIN SLIDES WIPE OUT RANCHES

BUTTE, Mont., June 9.—The entire
contour of the Conklin divide has
been changed by a tremendous cloud-
burst, which has caused great rocks
200 feet long and 100 feet high to tum-
ble down the canyon at Columbia
Gardens, a suburb of Butte.

The huge rocks carried trees, fences
and everything in their path. A half
dozen small truck ranches have been
completely obliterated, but not a
dwelling was struck.

It is estimated that millions of tons
of rocks have fallen since Monday
morning. Every family in this vicin-
ity deserted their homes, anticipating
the danger.

The wife of J. A. Herman, crazed
with fear, was in her home alone Mon-
day night, when she was startled by
the rumbling noise of big rocks fall-
ing. She lost her reason and is now
in a hospital.

All roads leading to the spot where
the mountain stood have been shut off
from the people, as it is feared that
the entire wall, which was loosened by
the heavy rain, might fall at any
minute.

Neither the Great Northern or the
Northern Pacific will be able to handle
business for at least two weeks. The
latter road must replace eight station
houses which were washed away be-
tween Butte and Missoula.

Between Deer Lodge and Missoula,
distance 80 miles, the track was not
left intact for five consecutive miles
and not a bridge was left standing in
that territory. To the east the land-
slide at Jefferson Island has complet-
ly cut off connection between Butte and
St. Paul.

Butte is the western terminus for
trains bound here from Eastern points.
The Burlington road has abandoned
its through passenger schedule to the
coast and Northern Pacific is also cut
off between Missoula and Spokane,
making it impossible for 2000 passen-
gers at Missoula and Drummond to
leave.

It was estimated today that the total
damage will amount to more than \$2,-
000,000. There was no rain today,
the weather being warmer, which it
is feared may make the floods worse.
Nearly a foot of snow fell during last
week.

Did you ever notice how hard it is
for people to get along with each
other?

The Hawaiian Star

DAILY AND SEMI-WEEKLY.

Published every afternoon (except Sunday) by the HAWAIIAN STAR NEWSPAPER ASSOCIATION.

SUBSCRIPTION RATES.

Local, per annum \$ 8.00
Foreign, per annum 12.00

Payable in Advance.

Entered at Post Office at Honolulu, Hawaii, as second class mail matter.

Subscribers who do not get their papers regularly will confer a favor by notifying the Star Office; Telephone 365.

The Supreme Court of The Territory of Hawaii has declared both THE HAWAIIAN STAR (daily) and THE SEMI-WEEKLY STAR newspapers of general circulation throughout the Territory of Hawaii, "suitable for advertising proceedings, orders, judgments and decrees entered or rendered in the Courts of the Territory of Hawaii."

Letters to THE HAWAIIAN STAR should not be addressed to any individual connected with the office, but simply to THE HAWAIIAN STAR, or to the Editorial or Business Departments, according to tenor or purpose.

GEORGE F. HENSHALLMANAGER
MONDAY JUNE 29, 1908

MR. GARFIELD'S MESSAGE.

Only the future will tell the story of the benefit Hawaii will receive from the personal visit of the Secretary of the Interior. Mr. Garfield's parting words given in this issue of The Star, however, are full of promise to the Territory. He has unreservedly declared his support to the cause of diversified agriculture and the cognate one of having the public lands of the Territory settled with the material of good citizenship. As immediate objects of his official aid he will try to bring Hawaii speedily within the action of the land reclamation service and work for the proposition of harbor improvement on all the islands. The great advantage, in a general way, from the visit of Mr. Garfield will come from the first-hand knowledge he has gained of the conditions here existing. His department, which has the care of the territories, will not be working in the dark hereafter with regard to any of the leading interests of Hawaii.

LOCAL MISINFORMATION.

Abutting on a correction of the remarks of "some paper in Maine" relative to the position of Hawaii, the Advertiser makes the following display of its own lack of knowledge of Hawaiian affairs:

The key to Secretary Garfield's remark that Hawaii might expect to be treated precisely like any other Territory of the United States, is seen in his proposal, reported in this morning's paper, to give these Islands the benefit of the national irrigation law. Hawaii is slow to find out what benefits belong to her. She was three or four years in learning that she was carrying a Federal burden of lighthouse expenditure, and in the midst of all the great reclamation projects of the Federal government in the semi-arid West, Hawaii has sat by, never dreaming that she had as good a right to such aid as any other part of the common country. It has remained to Secretary Garfield to awaken us to the sense of opportunity and point out that island land which has seemed worthless for agriculture, may be made, at no cost to ourselves for a reserved supply of fructifying water, to blossom like the rose. We have deserts now—the whole islands of Lanai and Kahoolawe included—which may yet rival the richest acreage of Southern California.

"Remained to Secretary Garfield"—nothing. Hardly had the national reclamation scheme been organized before Governor Carter was after a share in it for Hawaii. On one of his visits to Washington he made so much headway with his effort as to secure a promise from the chief surveyor of the service to extend his then contemplated visit to the Pacific Coast, if it all possible, to the Hawaiian Islands for the purpose of looking over the irrigation problem here. After Governor Carter's return home the disappointing notification was received of a legal opinion at Washington to the effect that none of the general appropriation for the service could be expended in Hawaii. Governor Frear nevertheless took up the matter where his predecessor had left it on retiring from office and made it a leading issue on his two visits to Washington. The matter has been a topic of interviews with both the governors named in the local papers time and again, and, what is especially interesting in this connection, was one of the first things a reporter of The Star asked Secretary Garfield about immediately on his arrival.

How many years Hawaii slept on her rights of reimbursement for lighthouse expenditure cannot here be stated, but it was a subject of earnest representations to Washington by not only Governor Carter but Governor Dole, the first incumbent of the Territorial executive office. Is the Advertiser not mistaken also in this matter?

In the death of Alexander Crow, the Territorial entomologist, Hawaii sustains a great if not an irreparable loss. It was only through the offer of a price for his services larger than the Legislature could be expected to vote for the office that Mr. Crow was induced to leave the employment of the State of California, where his services had been for many years regarded as invaluable. He had revolutionized the system of inspection and quarantine of plants there, as he has done here in the few years since he came to these islands. California was unable to hold him for the same reason that his exclusively public employment here was not feasible. Hawaii gained him through the public spirit of the planters in providing part of the salary that he was induced to accept. Besides being an eminent specialist Mr. Crow was a model man in the private relations of life.

GOLDEN EDUCATIONAL MAXIMS.

Superintendent J. B. Montgomery, of the Michigan state public school, is evidently a man of wisdom. If the following maxims which he gives for the instruction and bringing up of children should be followed by all, it would mean much to our nation:

1. We must be sympathetic in examining and correcting the offenses of children.
2. We should spare the frequent rod and save the child.
3. We should keep our promises to children.
4. Our example is greater than our precepts.

5. Habits acquired during the first seven years of a child's life are the hardest to change.
6. Good is as easily taught as bad.
7. Lying is often the result of punishment for telling the truth.
8. Hunger for love and sympathy often leads to immorality and crime, because a child just hungering may get in with bad companions because these are kind and sympathetic.
9. The mother is the greatest earthly power for good.

A request was recently made by a local veterinarian that when the dogs were to be destroyed by the police he be accorded the privilege of making post-mortem examinations. This was to pursue the study of heart worm, which kills more dogs in this Territory than anything else and about which comparatively little is known. The doctor mentioned learned, through Saturday's Star, that fifty-six dogs had been destroyed and he had never even been accorded the courtesy of a notification.

The team which sailed from New York on Saturday, to represent America in the Olympic games to be held in London next month, may be reckoned on to bring back the honors of the year. It is a peculiar fact that America has always been able to furnish track and field athletes who could surpass those of the older nations. That the American method of strict training has had a great deal to do with this is certain and soon we shall expect to hear of its successful results once more.

Hawaii ought to rejoice in the fact that California is marketing her record fruit crop. It means an increased demand for sugar.

Secretary Garfield's praise of the corporation laws of this Territory is not flattering to the merchants of Honolulu. They fought to the bitter end in the courts the publicity feature that in particular drew forth Mr. Garfield's commendation.

NOTICE.

PAYMENT OF WATER RATES.

As provided for in Chapter 45 of the Revised Laws of Hawaii, 1905, all persons holding water privileges or those paying water rates are hereby notified that the water rates for the Six (6) months ending December 31, 1908, will be due and payable on the First day of July, 1908.

On all such rates remaining unpaid on July 15, 1908, an additional charge of 10 per cent. will be made. All privileges upon which rates remain unpaid on August 15, 1908, are subject to immediate shut off without further notice.

Rates are payable at the office of the HONOLULU WATER WORKS, Capitol Building.

OAHU COLLEGE

GRADUATIONS

Before a large assembly, filling Charles R. Bishop hall, the graduation exercises of Oahu College class of 1908 were held on Saturday evening. This was the program:

Invocation.....President P. L. Horne Salutatory—Future Building Material in Hawaii.....Kenneth Slade Winter Chorus—"Spring Tide".....Bargie Girls' Chorus.

Commencement Part—Halekaha..... Irene Blowers Alken Valedictory—Hawaiian Fishes..... Phoebe Clara Kamaka Heen Song—"The Night Has a Thousand Eyes".....Nevin Gemma Wadman, Vera Damon, Almeda Townsend, Maud de Bretjeville, Alan Lowrey, Wm. Desha. Address—Achievement..... Rev. John W. Wadman Presentation of Class Gift..... Soren Edvard Hannestad Announcement of Winners of Damon Rhetorical Prizes.

Announcement of Award of Punahou Roll of Honor and Presentation of Trustees' Loving Cup. Presentation of Diplomas. Chorus—"Spring Song".....Mendelssohn Girls' Chorus. Benediction.

CLASS OF 1908.

Class Motto: "I Luna A'e." College Preparatory Course.—William Charles Achi, Jr., Theodore Augustus Cooper, Charles Skinner Davis, Stanwood Dodge, Soren Edvard Hannestad, Stanley Carmichael Kennedy, William Orr Lidgate, Luching Yih Tao Lou, Alan Jewett Lowrey, James Lewis Renton, Frank Lawrence Stack, David William Townsend, Kenneth Slade Winter.

General Course.—Irene Blowers Alken, Vera May Damon, Emily May Davis, Doris Elizabeth Girdler, Phoebe Clara Kamaka Heen, Bertha Ching Len Kau, Genevieve Emelle Langton, Lulu Jackson Law, Charles Lyman Bishop, Julia Hope Kamaka Magoon, Florence Luana Shipman, Alice May Spalding, Gemma Whittier Wadman. Commercial Course.—Herbert Leo Kinnet, Kenneth Saxe Lidgate.

Miss Vera May Damon, who was presented with the Trustees' Loving Cup, the winning of which carries with it the honor of having the winner's name inscribed on the brass tablet in the Pauahi Hall, Oahu College, is the daughter of Rev. Frank Damon. Not only was the announcement of

GARFIELD ON KAUAI

LIHUE, June 27.—Secretary Garfield arrived in Lihue this morning by the W. G. Hall and after taking breakfast at Manager Weher's where he met a few of the residents of the place motored over to Kealia to take a peep at the now famous Kapaa lands. He is expected back here to attend a general reception in the Social Hall, between ten and eleven this morning after which he will be hurried over to Lualaba where Mr. McBryde will entertain him at lunch. The Kalaheo homesteads will be looked over and another auto will take him over to Waimea where he will have time to shake hands with half a dozen citizens before he embarks on the Kinau which will take him past Napali and Hanalei back to Honolulu and the St. Louis with its homeward-bound pennant.—Garden Island.

TRY HALEIWA.

If you are wondering where to go in order to have a good quiet time or a round at golf, stop worrying and go but goes again because of the excellences of meals and superiority of the service. The ride over the O. R. & L. road is a delightful one full of surprises. There is every comfort for the guests at Haleiwa and Manager Bidgood sees that they are distributed, no one person gets more than another. The broad verandas are inviting to the tired business or professional man and the rest he gets there wards off brain fog.

Sumida and Iwanaga will start their sake distillery at Punahou.

The winner of the Punahou Roll of Honor made last Saturday evening by President Griffiths, but the names of the winners of the Damon rhetorical prizes were made public. The contest was held a week ago and there were ten contestants. The first prize was given to Miss Muriel Howatt, daughter of Mr. Howatt. She recited "The Polish Boy," by Mrs. A. S. Stephens. The second prize was awarded to Kim Tsing To, son of Mr. Ho Fon of Bishop & Co. He recited one of Walter Scott's works, "The Death of Morris." Miss Alice Spalding, daughter of Mr. E. I. Spalding, received honorable mention. Her selection was from "Pippa Passes" by Browning. Father Damon, before he died, left a fund for prizes to be given annually to the students who have done well in elocution.

Fine Job Printing, Star Office.

BRYAN WILL GET IT EASILY

RETURNS INDICATE THAT MOST OF THE DELEGATES TO DENVER ARE FOR NEBRASKAN.

CHICAGO, June 27.—The Record-Herald says: William Jennings Bryan can read his title clear to the nomination for president by the Democratic national convention which meets in Denver July 7. Practically it is all over but the screaming and the yelling. The ground swell in his favor set in week before last, when 70 delegates were added to his already impressive list.

Fifty-four followed last week. From now on he will gain rather than lose among the doubtful, the uncommitted, the wavering and those who have been waiting for something—anything—to turn up.

He now has 663 delegates instructed for him and has been endorsed by 65 more.

PARTING MESSAGE FROM GARFIELD

(Continued from Page One.)

homesteads I saw on Kauai which showed the great success which can be made with plenty of water. It is useless to try homesteading on land that is incapable of cultivation. A man who is going to make his home does not want a farm on a stony hillside. The basis of successful homesteading experiment is good land and good water.

"I have been very much pleased with the educational facilities which have been provided here. The basis of elementary education and also the opportunity of industrial education, form just what is needed here. In this way a most desirable class of citizens can be brought up for the ultimate benefit of the Territory.

LAND LAWS.

"In regard to your land laws here, this is a matter which will require far more study than I have yet had an opportunity to devote to it. There is no doubt of the fact that the present land laws require certain modification. I am certain that it would be impossible to apply the laws in use on the mainland directly to this Territory. They would be applicable neither to the land here nor to the Territorial laws as they exist.

"This matter is being taken up by Governor Frear and he and I have been working together over the matter. I have a good deal of information in the shape of reports which I wish to digest and will take the matter up during the summer so that it may be in form before the next session of Congress.

GREAT ESSENTIAL.

"The one great essential thing here is that there be developed through your schools and other institutions the strongest, highest and most loyal type of American citizen. With this will follow the end of a loyal recognition of the sovereign power of the United States and Hawaii will strengthen every day.

"In saying goodbye I can say that I have had a cracking good time and enjoyed every minute of it. I want to thank all the people who have done so much to make my short visit one of great pleasure and hope to be able to come back here again in the near future. If anyone wants to obtain any information in regard to Hawaii when I return to the mainland I believe that I shall be in a position to furnish all that is desired."

BLANCHE ARRAL

It has been a matter of comment in musical circles that Madame Arral has appealed not only to the cognoscenti but to the masses of the people as well. As an artiste she can sing and act the most heavy and difficult arias and in a moment is interpreting a joyous Spanish chanson of an entirely different mood and character. During an evening's entertainment she runs the whole gamut of human emotion, from grave to gay she plays on the sensibilities of her audience like a pianist upon his instrument. There probably has never been so eminently a temperamental artiste as Blanche Arral upon the concert platform and those who miss hearing her sing will miss the greatest exponent of dramatic operative art. For the first time Madame Arral will be heard in Honolulu tomorrow night when she will sing some of her best songs. The demand for seats is highly satisfactory and there is every promise of a crowd of house. At 75 cents, \$1.00 and \$1.50 every seat should be occupied. The concert will begin promptly at 8:15.

PROSSER COMMISSIONED.

M. F. Prosser is once more a deputy attorney general. As the result of the attack upon Attorney George Davis made upon his position as counsel for the prosecution in the case of the Ter-

TAFT NARROWLY ESCAPES DEATH

HIS TRAIN GOING FIFTY MILES AN HOUR SUDDENLY STOPS ON CURVE.

DENNISON, Ohio, June 21.—Secretary Taft had a narrow escape tonight from being involved in a serious wreck on the Pennsylvania flyer, which was carrying him east. Prompt action of the towerman in a signal station a third of a mile east of Coshocton, and of the engineer of the flyer alone averted what might have been a dreadful accident.

As the train was speeding along at the rate of 50 miles an hour the piston rod on the left side of the locomotive broke off. Almost instantly the cylinder of the engine was cracked by the unmanageable rod. The train was just approaching a town east of Coshocton. The operator saw that something serious was wrong and threw down a signal to stop the train. The engineer applied the emergency brakes and the train of six cars came to a stop at a sharp curve.

The accident occurred at 6:30 o'clock, when many of the passengers on the train were at dinner in the dining car. Few of them realized how narrow their escape had been from an awful accident. Secretary Taft and National Committeeman Kellogg entered the dining car and sat down to dinner after the accident occurred without thought of anything serious in connection with the stopping and delay of the train. The secretary made no comment on the incident when informed of it. The engineer of the locomotive explained that it was merely good luck that averted a bad accident.

"If the piston rod, after it broke, had gone under the train," said he, "we would have gone into the ditch, as we were running 50 miles an hour, and the derailment would have been a serious matter. Fortunately the broken rod landed six or eight inches outside of the left rail. That saved us."

Immediately the towerman sent a message to Dennison for another locomotive, and after a delay of about an hour the locomotive arrived and the flyer proceeded on its way.

BROWN'S IN TOWN HERE TONIGHT

Managers Cohen and Lumley should feel proud of the reception accorded the excellent organization they brought to Honolulu. Both plays last week were well attended and applauded to the skies. Tonight, for the opening of the second week, Mark E. Swan's famous farce will be given. It is described as one continuous laugh from beginning to end. The following story will give the reader an idea of the farce:

Dick Preston marries, secretly, his father being opposed to his marrying without his consent, and until after he has finished his studies, and writes he will disinherit him if he does so. Preston and his wife are living in the country under the name of Brown. Suzanne Dacre, a friend of both, meets them and is let into the secret. Arthur Howard in love with Letty, whom he intends to marry, discovers Preston, and in order to keep Howard from knowing he is married to Letty, Preston introduces Suzanne as Mrs. Brown. Dick's father arrives, and is led to believe that Preston is visiting Brown, and that Howard is Brown, married to Letty. Carew, a gentleman of leisure, is in love with Suzanne, who he understands is Mrs. Brown married to Dick's father, whom he takes for Brown. Freda von Hollenbeck is in love with Howard, but who Preston thinks is after his son Dick.

No end of complications result, which are pleasantly unraveled at the finish. The farce is one scream from beginning to end.

"Brown's In Town" will give way to "The Virginian" on Thursday with Richard Buhler in the title role.

FEDERAL GRAND JURY

The lower hall in the Judiciary building was crowded this morning by witnesses called to appear before the Federal grand jury, which recommenced its sitting today. The first case to be taken up was that of Eugene Daly, charged with assault with a deadly weapon on the person of Captain Kokeritz, of the steam schooner Despatch.

It is probable that several more indictments against Moses Koki will be returned this morning. He was commissioned this afternoon and went on with the case. The first witness placed on the stand was Ollie Robertson, of the Survey office, who had made a map of the land from which the cattle are said to have been stolen by Marks.

GHOST LIED

Chief Taylor has received word from New York to the effect that the A. M. Fowler who recently wrote here asking about one Sleep supposed to have been murdered in the woods of Heliopoli ruter, Metercherparior, 5 1/2 miles northwest of Honolulu (in the ocean), is a spiritualist and says he got news of the alleged murder in a vision and his sister held.

Sleep, Fowler says, came to him in a vision and told all about the murder by Morris Rose and one Melbom.

The New York police write Taylor that Fowler has hallucinations.

Apparently, whenever Sleep was or is he lied to the medium, or his ghost lied.

Mrs. Kashiwahanni Kulehau, widow of the late Hon. H. Kulehau, who was a noble under the Kakaiaua regime, died at her home in Kakaiaua yesterday forenoon. She was for many years one of the leading members of Kakaiaua church, and her funeral, under the auspices of the Kaahumanu society of which she was also a member, will take place at 4 o'clock this afternoon, from Williams' undertaking parlors.

SPORTS

The large crowd that witnessed the baseball games at the league grounds on Saturday were without doubt well satisfied with the class of ball played.

In the first game the Kams succeeded in scoring a shutout against the Saints who were somewhat handicapped by having to play a couple of new men, the regulars falling to put in an appearance. There were several sensational plays made in this game.

The second game, from the spectators' standpoint, was probably the more interesting. The Jewels started out in the first by scoring three runs, two of which were made on a wild throw to first. In the fifth the Colts retaliated by scoring two runs on a wild throw to third. From this time on to the first half of the ninth, things looked pretty bright for the Heads.

In this half the Punahou had a man on second and third. Henderson hit to pitcher who threw wild to home in an attempt to shut out the man from third thus allowing both runners to tally. This won the game for the Punahous, the Diamond Heads falling to score in the last half.

The following is a summary of both games.

KAMS. VS. SAINTS.

Kams to bat: Miller singles along third base line but is caught asleep off first. Mackenzie retires on a foul fly. Lemon singles through pitcher. Vanatta out third to first.

Saints to bat: Bushnell out pitcher to first. J. Williams hits safe between second and first. Joy walks, Williams and himself advancing a bag on a wild throw. A. Williams given first, hit by pitcher. En Gee out on infield fly. Gleason struck out.

Second Inning: Jones out, short to first. Hamauku ditto, fly to third. Fern out second to first. Plada out on fly to center field. Bruns singles between third and short, steals second but is caught out trying the same stunt to third. Markham retires the side, grounder to first.

han out, second to first. Score: Kams 3, Saints 0.

PUNAHOU VS. DIAMOND HEADS.

Runs to bat: Desha walks. Hampton ditto. Kia fans. Bruns grounds between first and second hitting Hampton who is called out. Desha steals third and Bruns second. Warren struck out.

heads to bat. H. Chillingworth walks and steals to second. E. Fernandez is out, bunting on third strike. Evers gets three strikes but is safe on first, catcher dropping the ball, Chillingworth in the meantime getting to third. Akoni grounds to third who overthrows home allowing Chillingworth and Evers to tally, Akoni reaching second. St. John fans. Davis hits between center and left field scoring Akoni, but is caught out trying to make third on the tie.

Second Inning: Marcellino struck out. Lyman walks. Hoogs fans. Lyman stealing second and third. Henderson struck out.

Leslie out, bunting on third strike. J. Fernandez out to right field. S. Chillingworth out short to first.

Third Inning: Desha grounds to first. Hampton out short to first. Kia fans. H. Chillingworth struck out. E. Fernandez hits for two bags over third. Evers sacrifices and Akoni is out, pitcher to first.

Fourth Inning: Bruns out pitcher to first. Warren walks and gets to second on balk. Marcellino out short to first Warren advancing to third. Lyman struck out.

St. John and Davis fail to connect, and Leslie is out, third to first.

Fifth Inning: Hoogs fans. Henderson singles to center and steals off second, first baseman overthrowing third allowing both runners to score. Hampton out second to first, after attempting to bluff his way around to third on three balls. Kia out, short to first.

J. Fernandez walks. S. Chillingworth out on fly to pitcher, who doubles to first retiring Fernandez. H. Chillingworth walks but is nabbed between first and second.

Home run—Jones. Bases on balls—Off Lota, 3; Bushnell, 4. Sacrifice hits—Vanatta, Gleason. Struck out—By Lota, 3; Bushnell, 4.

The usual large crowd was on hand yesterday afternoon at Aala Park to witness the scheduled games in the Riverside League, and to see the Kaalas and the Chinese Alohas go down to defeat. The first game between the Kaalas and the Chinese Athletics resulted in a 3-4 score after a first class exhibition of the National game.

Table with columns AB R BH SB PO A E. Kaalas, B. H., C. A. C., Alohas, W. A., H. B., K. A. C., Palamas, A. B., B. H., Bert Bower.

Leahy Girl and Makaanala met on Saturday afternoon in their fifth race, Makaanala being a length and a half behind when the race was over.

The transpacific yacht race starts at noon next Saturday.

A medal play golf tournament will be played at the Country Club on July 4. Two prizes will be offered, one for the best gross score and one for the best net. The tournament will start at ten-thirty, and is open to all members of the club.

The first golf tournament for the Tansan cup will probably be played on July 12 on the Country Club's course. The same conditions that governed the White Rock trophy will govern the new cup, which is the prettiest cup ever seen here in the islands.

A baseball team composed of members of the Diamond Head A. C. will journey over to Kahului, Maui, on Friday, to play a series of games with the crack team at Kahului.

The first boxing matches under the auspices of the Aloha A. C. will be held on Friday and Saturday nights at the club house on Richards street near Queen. Each evening there will be a four, six and ten-round go between local men. The events will be as fol-

lows. Friday, four rounds between Vierra and Borges, six rounds Oakley and Richardson, and ten rounds between Platt and Kahaulelo. Saturday Castro and James four rounds, Wablant and Sharkey six rounds, and ten rounds between Moren and Crawford.

Both the players and the games on Saturday were late as usual. It seems very strange that nothing can be done to remedy this fault, as every one gets off at noon on Saturdays.

The local polo players will practice daily now until the tournament on July 21 and 22.

Three games in the Newspaper League were played yesterday, the Bulletin, Mercantile and Advertiser teams taking the honors by defeating the Star, Paradise and Bulletin teams. The game in the morning between the Bulletin and Advertiser teams was the best game played so far this year in the league, the Advertiser winning by the close score of 2-1 after a game which was brilliant with good plays. The Advertiser's only made one hit off Nascimento, while four were made off Correa. The first game in the afternoon between the Mercantile and the Sons of Paradise resulted in a 10-5 score in favor of the former. Heine for the victors pitching one of the best games so far this season. The second game in the afternoon between the two evening papers resulted in a 12-7 score for the King-street printers, the Stars having their bad luck with them as usual. The last three games in the league will be played either next Saturday and Sunday, or the week following.

The dance on Friday night at K. of P. hall under the auspices of the Chinese Aloha Club promises to be one of the most interesting of the athletic club dances held this year. Dancing will start at nine o'clock and will be kept up until long after midnight.

The Hawaii baseball team journeyed over to Quarantine Island yesterday morning to play with the Suspects, and after the game was over they had 7 runs to their credit while the home team had 10. The Suspect team feel confident that they will be able to defeat the Hospital team in another game, so arrangements have been made for a return game next Sunday morning.

The Kapiolani League games played yesterday afternoon at the park resulted as follows: Highlands, 13; Lehalis, 11; Reliances, 6; Twilight, 5.

The first class yacht race for the Beckley cup, which was sailed yesterday over the ocean course, ended in a fizzle, as no stake boat was off Diamond Head for the yachts to turn around. Young Bros. finally did decide to start out with their power boat but they were too late, and when they did start the kept a position out of the harbor which nearly blanketed the wind from the Helene. If the race had been declared officially a race, the Gladys would have been disqualified, as she kept the bell buoy on her starboard side in going out instead of on her port side. The Kamehameha passed the stake boat off Diamond Head five minutes ahead of the Helene, and the Helene a few seconds over two minutes ahead of the Gladys. On the run down to the stake boat off Barber's Point, the Kamehameha led, followed by the Helene and the Gladys in the order named. The Kamehameha passed 15 minutes ahead of the Helene and the Helene 6 minutes ahead of the Gladys. On the run home the Gladys passed the Helene off Pearl Harbor, but she did not pass her on the run down. The regatta committee will meet some time tomorrow, and decide on the date for the race to be sailed over.

A special meeting of the Riverside Baseball League will be held on Thursday evening in the President's office. The league has been requested to postpone its afternoon games during the

BAD PORTO RICAN CAUGHT AGAIN

AN OLD CUSTOMER ON KAUI ONCE MORE IN HANDS OF JUSTICE.

LIHUE, June 27.—Manuel Santos is in jail again, charged with the same kind of an offense as he had to answer to at the last term of Circuit Court, that of burglary. As it will be remembered Manuel was accused of luring a Japanese woman out of the room in which they were bargaining about some vegetables and, after having succeeded in this, of having found the place where she kept the savings of her husband and having ridden off with the treasure. The evidence appeared pretty conclusive to the audience, but one cannot always sometimes tell how a jury is going to look at it, and this was one of the cases when an on-looker guessed wrong. Manuel was acquitted.

Last Monday he paid a visit to Ishikawa, one of the Japanese who raise watermelons on the flat between Hanamalu and Wailua. Ishikawa was out on the field calculating his growing fortune when he noticed the back of a man disappearing through the doorway of his house. He thought that it was a friend of his and therefore did not hurry as much as he ought to have done to get back. Nearing the residence he saw the door open again and Manuel Santos depart in a more hurried than polite manner. This sudden exit struck Ishikawa so suspicious that he set up a cry of "stop thief" or an equivalent in Japanese. Manuel did not fancy the company so he swung himself on his horse and started toward Hanamalu. Meanwhile some Japanese coming along from Wailua had heard the equivalent and understood it to apply to the flying Porto Rican. They gave chase and having better animals than their quarry overtook it in the neighborhood of the store.

Manager Bergau made Deputy Sheriff Ellis acquainted with the episode and the latter soon had Manuel lodged in his old abode, the halfway house to Nihamalu. Wednesday he was arraigned before Judge Dole on the charge of having burglarized Ishikawa's house and having attempted to get away with \$14.05. He plead not guilty and was committed to the Circuit Court.—Garden Island.

The postponed game in the big league between Punahou and St. Louis will probably be played on Saturday afternoon at the league grounds. This game is a very important one for Punahou, as it only needs to win it to be tied with the Diamond Heads for the championship of the first series. A special meeting of the league will probably be held tomorrow to decide on this game.

The new director gown is expensive, uncomfortable to wear and very striking in its appearance. Which is why the dear women will insist on wearing it.—Philadelphia Inquirer.

REVOLUTIONISTS DISTURB MEXICO

Variouly Described as Anarchists and Bandits in Government Statements.

LOOTING OF PERSIAN CAPITAL. Political News of Mainland—Quiet Election in Panama. Sporting News.

EL PASO, June 25.—There are continued disturbances in Mexico. The Diaz administration declares that anarchists are responsible. Troops are being rushed toward threatened points.

WASHINGTON, June 28.—Steps are being taken to preserve the peace along the Mexican border.

EL PASO, June 29.—The Mexican revolutionists are active. Troops are guarding disaffected sections. American residents are sending their families to the states.

CITY OF MEXICO, June 29.—The stories of revolution are exaggerated. Cavalry will soon capture the bandits who are making the trouble. The government has asked Washington to assist in checking and extraditing bandits that are outfitting on American soil.

PRESIDENTIAL CAMPAIGN. OYSTER BAY, June 28.—Secretary Loeb is not a candidate for chairman of the Republican National Committee.

DENVER, June 28.—Former Congressman Bell of Colorado will be temporary chairman of the Democratic National Convention.

CHARLOTTE, N. C., June 28.—The Democrats nominated Kitcher for Governor on the 60th ballot.

THE PERSIAN TROUBLE. TEHERAN, June 29.—The situation here is gloomy. Famished soldiers are looting the city.

BLACKMAILER ARRESTED. LONDON, June 28.—Robert Siever, the famous sportsman and editor of The Winning Post, has been arrested for an attempt to blackmail a nephew of the late Barney Barnato in the sum of \$25,000.

VARSITY BOAT RACES. POUGHKEEPSIE, June 28.—In the varsity boat race, Syracuse won, Columbia second, Cornell third.

THE OLYMPICS TAKE SHIP. NEW YORK June 28.—The Olympics have sailed for London.

PEACE AT PANAMA. PANAMA, June 29.—The municipal elections, held on Saturday, were quiet.

WAIMEA COURT HOUSE. LIHUE, June 27.—Jim Morse who has nearly completed the new addition to the court house at Waimea, was given a little luau last Monday. Jim could not stay to finish up the job, so the citizens decided to dedicate their new hall of justice while he was still there. The old building that has done service for so many years looks like a little lean-to to the handsome addition. The whole block would be an ornament to the town if the old Chinese coffee shop which stands in front of it could be moved away and the lawn extended down to the main road.—Garden Island.

GRANT WAS NOT A FROZEN IMAGE

SECRETARY OF WAR TAFT'S EDITOR BROTHER COMMENTS ON THE MEMORIAL DAY SPEECH.

CINCINNATI, June 4.—In his newspaper today Charles P. Taft, brother of Secretary Taft, has a long editorial under the caption "Washington and Grant." The statement of Owen Wister that a "frozen image" of Washington had been presented to Americans through popular tradition is quoted, and the editorial then says among other things:

"From the complaints which some people have made against a speech of Secretary Taft, delivered at Grant's tomb on Decoration Day, it would seem that some of the so-called friends of the great soldier of the Civil War would have Grant 'frozen' in much the same manner. Grant was essentially human. It is a poor sort of friend who would hide that fact from his countrymen. What if he did drink heavily at one stage of his career. He later overcame the habit. It was not a whisky-soaked brain that mapped out that tremendous, brilliant campaign that ended in the surrender of Vicksburg; alcohol was not the motive power behind those dogged blows that drove Lee to Appomattox. Grant was not a demigod; he was a strong, taciturn man and a great general. If the army practically put him out in 1854, it was more than fortunate to get him back in 1861. Grant had his points of weakness and his points of strength. It is grotesque to try to hide the former that the latter may not be undermined. There was enough of strength in the real Grant to take care of all the weakness and leave a big balance on the right side of the ledger."

BISMARCK'S GRANDCHILD BETROTHED TO HER TUTOR

Secret Engagement Discovered as Probationer Prepares to Enter Priesthood.

BERLIN, June 4.—I am enabled to give the details of the romantic secret engagement of the Countess Hertha von Bismarck, the eldest living grandchild of the famous Iron Chancellor, to a young theologian of humble origin who was just about to enter the evangelical priesthood. The news of this engagement has thus far been known only in the inner circles of German society.

The young man has been engaged for several years as the private tutor of the children of the Countess Wilhelm von Bismarck, the widow of Prince Bismarck's second son, at the Castle Schoenhausen. The tutor has endeared himself not only to the Bismarck family, but also to the von Arnim family, of which the Countess Wilhelm is a member.

About a week ago he was to undergo the final stage of his probation for the priesthood by preaching his inaugural sermon in the parish church at Schoenhausen.

Two days before the appointed day the superintendent of the diocese called upon Countess von Bismarck and made the astonishing announcement that the church authorities could not permit the young man to enter the pulpit because of rumors that he was secretly engaged to one of the daughters of the Bismarck household.

The Countess summoned her three daughters, the Countess Hertha, Erna and Dorothea, aged, respectively, 22, 29 and 16, and repeated the assertion. The Countess Hertha stepped forward and blushing admitted she was secretly betrothed to her tutor.

JAPANESE PRINTING.
 Japanese "typos" have their troubles. K. Sigmura, literary editor of the Tokyo Asahi Shimbun, says that he especially admires the linotype typesetting machines. "Unfortunately we are unable to use them in Japan, for our language has forty-seven letters, as well as over 3,000 Chinese characters, and such a number of types is, of course, beyond the capabilities of any machine yet invented. In the printing office of our newspaper in Tokyo the compositor must often walk the whole length of the room to fetch one character, instead of standing in one place before a single case, as the English or American compositor can do."

APTEK SICKNESS
 The heart is almost sure to be left in a weakened condition, and should be treated with Dr. Miles' New Heart Cure, a remedy that will rebuild and invigorate the heart nerves, and enable it to offer assistance to the convalescent organs, by furnishing an abundant supply of pure blood to nourish them. Money back if first bottle fails to benefit.

Secretary Loeb seems to have been charged with complicity in about everything except the weather, and even in that matter he is under suspicion.—Newark News.

YOU WANT The News First.

You Want Your Ads Read

Here Is Some Advice—

Honolulu more than any other city in the World, is a place where the Evening Paper gets the news first. The clock here is over two hours behind the clock at San Francisco, four hours behind Chicago, five hours behind New York and ten to eleven hours behind the clocks in the European capitals.

This means that when The Star is going to press THE DAY IS CLOSED in Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for The Star.

Under modern conditions it takes practically no time to prepare and transmit news and THE STAR gets every evening the cable dispatches giving

GRANT SOUGHT CITY JOB.
 His Rejected Application to Be City Engineer of St. Louis Discovered.

ST. LOUIS, June 4.—That U. S. Grant, in 1859, applied for the position of city engineer of St. Louis, is shown by a document discovered yesterday in the office of the city register.

At that time the position of county engineer was poorly paid and its principal duties dealt with the construction of county bridges and similar work.

The paper was unmarked except by a pencil note on the back stating that it was the "application of U. S. Grant, 1859." It was a recommendation written by I. J. Reynolds, a West Point graduate and chum of Grant. The paper was attested by S. M. Frost, who explained that he also had been a chum of Grant at West Point.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

NEWS IN A NUTSHELL

Paragraphs That Give Condensed News of the Day.
The fleet is coming. Let us clean up the city.
Harmony Lodge No. 3, I. O. O. F., meets this evening.
Waimea, Kaula, has a program of twenty-five sporting events for celebration of the Glorious Fourth.
The trial of Manuel Cruz, charged with rape, was commenced before Judge De Bolt this morning.
An electric fan becomes a necessity these warm days, you can get one at very little cost at the Hawaiian Electric Co.
A special meeting of the stockholders of the Hawaiian Mahogany Lumber Co. is being held this afternoon in J. B. Castle's office.
Scotty wishes to announce that he is still doing business and will continue serving the best 25c lunch in town until further notice.
Get ready now to welcome the fleet. The N. S. Sachs Dry Goods Co. have bunting for decoration, hat band ribbons with names of battleships, and welcome badges.

Mrs. Harry Lake was taken to the Queen's Hospital this morning to undergo an operation. She will probably remain in the institution for about two weeks.
There is nothing quite so refreshing as a glass of Duffy's Apple Juice off the ice. This sparkling beverage may be had at Benson, Smith & Co., Ltd., corner Fort and Hotel Sts.
E. I. Spalding was appointed administrator of the estate of G. H. Spalding by Judge Lindsay this morning, the estate being worth \$2498, of which \$2000 is in real estate.
The widow of Manuel Machado was appointed guardian of the five minor children by Judge Lindsay this morning. The children are from eight years to five weeks in age. The estate amounts to about \$1,200.
Mr. and Mrs. Alex. Brodie met with an accident while driving from Waimea to Kekaha, Kaula, on Thursday last. The horse was scared by an automobile and precipitated the buggy into a ditch, falling on top of the vehicle. Mr. and Mrs. Brodie were pinned underneath the buggy and would have been drowned if assistance had not been promptly rendered.

ST. LOUIS MINSTREL CARNIVAL.
The big show of the St. Louis Minstrels assisted by the most popular of our local amateurs, to take place at the Hawaiian Opera House on the nights of July 9 and 11, will be without question the main attraction of that week. Commencing with the grand opening minstrel overture, more up-to-date in every respect than any of Wiltmark's arrangements, and down to the various solos, double quartet and olio numbers, will go to make up a show superior to any minstrel show seen here for a long time.
The popular and well known sweet tenor singer, James D. Doungerty, will be heard in one of the olio numbers, so also the splendid double quartet of the St. Louis Alumni Association in three well-selected numbers. Some other splendid olio numbers are now in rehearsal and will be announced later. All those desiring choice seats will do well to select them early on Monday morning, July 6, at Wail, Nicolis Co., at which time the box plan will open.

GAMBLING FORTRESS RAIDED.
Chief Taylor and Officers Reeves, Ahl, Medeiros and Townsend last night between 8 and 9 o'clock raided a fortified Chinese gambling place and captured seven players. Their cases have been put on the calendar for tomorrow.
This house, Ewa of Liliha street, a little above King, is barred at the windows and fitted with an intricate system of narrow and heavy doors and trapdoors operated by pulleys in the hands of lookouts. It is the most completely fortified place of the kind in the city.

W. W. AHANA CO., LTD.
Merchant Tailors.
Waity Building King Street.

RENT TRUST CO
\$2500 will buy a fine home. Easy terms.

GARFIELD PLAYS TENNIS GAMES

One of the most interesting sets of tennis played here in many years was played this morning between Mrs. S. G. Wilder and Secretary James R. Garfield on the courts of the Pacific Club. The score was 6-4 in favor of the Secretary, but every game he had to play very hard to win, as Mrs. Wilder kept placing the balls out of his reach time and time again, and his last two games were won by Mrs. Wilder sending the balls into the net. Both players played very brilliant tennis at times, Mrs. Wilder's back-handed strokes and the Secretary's lofting strokes being the best seen here for a long time.
After the set was over the Secretary remarked that he had been obliged to play with all his might all through the set, and that Mrs. Wilder was one of the best woman players that he had ever played with.

After the singles were over A. L. C. Atkinson and Mrs. Richard Ivers played Mrs. Wilder and Secretary Garfield in doubles, the latter pair winning two sets straight.
Among devotees of the game present at both matches were Mrs. A. M. Brown, Secretary Mott-Smith and S. G. Wilder.
Secretary Garfield played with the Lord Bishop of London against President Roosevelt and his partner on the White House courts last year when the mainland papers were so full of the accounts of the game. Secretary Garfield was considered one of the best tennis players at St. Paul's school, Concord, New Hampshire, and at Williams College, playing in several intercollegiate tournaments and finishing with some memorable victories to his credit.

JOHN MARKS ON TRIAL
The trial of the case of the Territory vs. John Marks, charged with cattle stealing, was commenced this morning in Judge Robinson's court, in spite of the strenuous objections of Attorney George Davis, representing the defence. He made a special point of attack on Attorney M. F. Prosser, who has been hired as special counsel for the prosecution by the Dowsett estate, from whom it is alleged that Marks stole two cows worth \$100.
Davis brought up several sections of the statutes to show that Prosser had no right to appear for the Territory and, when his objections were overruled by Judge Robinson, announced that he would appeal to the Chief Justice of the Supreme Court for a writ of prohibition which would keep Prosser out of the case. There were numerous sharp exchanges during the morning, which was taken up without a jury being selected owing to the many technical points which Davis hammered at Judge Robinson, being ready with a new one as soon as he had been overruled at first.
A ripple of laughter was raised when Fred Turrill was being questioned. He was asked whether he had any connection with the firm of Kinney, Prosser & Marx and replied that the only way was in the fact that he was on Kinney's black list as a member of the Democratic party.

ANOTHER MASSACRE OF JEWS IN RUSSIA
Francis Mob Burns Synagogues and Destroys Many Houses.
BERLIN, June 14.—News was received here today of a terrible Jewish massacre at Dorbian, a Russian town near the German frontier.
At a preconcerted signal, Russian mobs attacked the Jews in all portions of the town. Eighty houses were burned in the ghetto and 600 men, women and children rendered homeless. The mob burned down two synagogues.
In the fight, which was in reality nothing less than a slaughter, 38 Jews were badly injured and 3 were killed. The police stood by and watched the massacre but did not interfere.

FOULED AN AUTOMOBILE.
While Mrs. Parker Cummings with a companion was being conveyed in a Japanese hack, following the body of her sister, Mrs. Kufeliani, to an undertaker's parlors on Sunday, the driver ran the hack foul of the automobile of

ARMADA ADVANCE

U. S. NAVAL AUXILIARIES SAIL, ED FROM COAST FOR HONOLULU TODAY.

The Honolulu office of the San Francisco Marine Exchange this morning received cable advice to the effect that the U. S. Collier Ajax and the U. S. Supplyship Glacier sailed early this morning from San Francisco for Honolulu, preceding the big Atlantic fleet due here the sixteenth of next month.
The Ajax is commanded by Captain Joseph S. Hutchinson and the Glacier by Captain William S. Hogg.
The work of preparation of the fleet for its long homeward cruise is going swiftly forward on the coast. The Vermont went into dry-dock at Hunter's Point, June 10, several days ahead of the docking schedule. The Calgoa, the Panther and the Arethusia, auxiliaries, have finished taking stores at Mare Island. They will precede the fleet to Honolulu. The Arethusia, after watering the fleet at Honolulu, will return to San Francisco.

U. S. S. ST. LOUIS SAILS AT 5 P. M.

U. S. S. St. Louis sails from her anchorage off the harbor at 5 o'clock this afternoon. She left the harbor at 7 o'clock this morning and dropped a mudhook off port. She is held to give Honolulu an opportunity to answer mail received today in the S. S. Asia.
Evangelist David Russell preached twice at Central Union church yesterday.

Where Do You Spend Your Holiday?

REDUCED RATES FOR THE SUMMER AT THE VOLCANO HOUSE
For three months, beginning June 30th, a special ticket will be issued covering a stay of nine days at the Volcano House, and transportation to and from that resort; per S. S. "MAUNA KEA."
PRICE \$50.00.
To the business man or woman, looking for rest and recreation, the Volcano in its present intense activity, the many points of interest in its neighborhood, and the cool invigorating atmosphere of the mountain at that altitude, (4200 ft.) together with the comforts of a first class hostelry such as the Volcano House, offer unusual attractions as a place to spend the summer vacation.
For information regarding the trip apply to
Henry Waterhouse Trust Co., Ltd.
