ROW OVER BONES OF A CHINESE

HILO CHINESE HAVING A LIVELY RUMPUS OVER THE REMOVAL OF SOME REMAINS.

The bones of a Chinese who had been dead about eight years were dug up in a Hilo cemetery recently, and the resulting row has caused the biggest stir Hilo's Chinatown ever had, and has even spread to Honolulu. The man who dug up the bones has been charged with disinterring remains without a permit, and in the hearing of his case in the Hilo district court recently a native woman told of having been paid $2 to induce her to testify just the opposite to what she did testify, wherefore prosecutions for subornation of perjury were begun.

The bones case has divided the Chinese community in Hilo into two factions, and there is a big row over it, with possibly rival cemetery associations at issue. Carl Smith represents the Chinese who are prosecuting those who removed the bones and R. W. Breckons, who left for Hilo on the Kinau today, appears for the other side.

There are some very peculiar law questions involved in the cases, and the Hilo court is likely to have an interesting time over them.

ASTRAL MAY LOSE CHARTER

UNLESS SHE ARRIVES TO-NIGHT SHE WILL NOT GET A CARGO OF SUGAR FOR THE BREAKWATER.

Unless the ship Astral arrives to-night she will lose her sugar charter. Her time expires to-night. The vessel is now out 22 days from Yokohama. If she arrives in time she will load about 5,500 tons of sugar for Delaware Breakwater, being one of the Cape Horn sailing fleet. She was late leaving Yokohama for Honolulu. It would be surprising if she were to make this port tonight just inside of her charter time. In event of her losing her charter she will probably continue in ballast to San Francisco.

There will be no trouble about the ships Arthur Sewall and Wm. P. Frye securing cargoes of sugar as they have been guaranteed cargoes. They are out 46 and 47 days respectively from Manila.

TWILIGHTS HAVE ANOTHER CHANCE

TWILIGHTS WILL BE ALLOWED TO PLAY ONE MORE GAME—THEN IF THEY DO NOT IMPROVE THEY WILL BE ASKED TO GO AND THE PLANTATION TEAM WILL TAKE THEIR PLACE IN THE WINTER LEAGUE.

The Sunday Baseball League met this noon and decided to give the Twilights one more chance. They will be allowed to play next Sunday and then if they do not do better they will have to leave the League and let the "Sugars" or the Aeia Plantation team take their place.

The league met in the office of Charles Falk with all of the managers of the winter league teams present. Considerable discussion was indulged in for the committee appointed to watch the Twilights practice seemed to have passed the matter up and consequently there was nothing doing when they tried to tell how the Twilights played.

The following communication was read. Each of the managers of the Winter League had received one from Edward Ayau the manager of the "Sugars."

Aiea, Oahu, T. H., July 26, 1906.

Dear Sir. I now propose putting in the field an "all-plantation" baseball team same to be known as "Sugar" in place of the Twilights should their rights and privileges as a ball team be revoked at the meeting of the representatives set for next Monday, July 30th, 1906.

I am writing to Mr. Charles Falk, manager of the Sunday League laying before him and to the members of the league in general application or rather a proposition as to the advisability of me putting such a team in the field, and I can assure you that if it meets with his and your approval there is no doubt but what I could put a line up as strong or even stronger than the best team now in said league and a combination that is hard to beat. We now have two San Jose players with us and also have the assurance of A1 ball tossers on this and the neighboring plantations. I therefore wish to secure your co-operation in this matter and hope that you will do all in your power to my proposed team in. However, I have written to the representatives of the other teams for their co-operation and trust there will be no obstacles in the way but success.

Yours truly,

EDWARD AYAU,
Manager of the "Sugars."

After next Sunday if the Twilights do not improve materially the Sugars will be allowed to take their place.

TAKING LARGE SUGAR CARGO.

The S. S. Alaskan is to take a very large cargo of sugar this trip to the Atlantic seaboard. Her allotment is as follows: At Honolulu, 5,832 tons; at Kaanapali, 1,700 tons; at Kahului, 3,096 tons, and at Hilo, 972 tons; total, 11,400 tons. She is expected to get away Thursday night for Kaanapali.

TO CALL A PASTOR

There will be a meeting of the members of Central Union church on Wednesday evening, August 1, at 8 o'clock for the purpose of considering a call of a pastor for the church. The vote to elect a pastor must be supported by not less than two-thirds of the members of the church present at the meeting who are entitled to vote upon the question. It is important to have all present who can possibly attend. The call will in all probability be extended to Rev. J. Walter Sylvester, the present acting pastor.

FIERCE MUTINY OF TROOPS

(Associated Press Cable to The Star.)

HELSINGFORS, Finland, July 31.—A portion of the garrison at Sveaborg mutinied last night. A sanguinary struggle ensued. The mutineers were joined by the artillerymen who trained guns on the loyal troops, 600 being killed and wounded during the fighting that followed.

Warships are now bombarding the fortress as a large portion of the fortress is still in the hands of the mutineers.

An outbreak of troops also occurred at Skatudden. The mutineers made their officers prisoners, one officer being killed. The torpedo boat destroyer Finn is bombarding the fortress at Skatudden.

ACHI SAYS NOTLEY IS A BETTER MAN THAN KUHIO

THE NOMINEE OF THE HOME RULE PARTY HAD IT ALL ARRANGED FOR THE DRAMATIC INCIDENT OF THE SINGING OF HAWAII PONOI FOLLOWING HIS NOMINATION—HOW HE EXPLAINS THE COLOR LINE IN THE PLATFORM.

Wherever politicians gathered today the sole topic of discussion was the work accomplished by the Home Rule convention and the relative merits of Candidate Charles K. Notley, the Home Rule nominee, and Prince Kuhio, who is almost certain to get the nomination from the Republican party for the office of Delegate which he has filled for the past four years.

Notley seems to have a good many supporters outside of his party as far as he is personally concerned, but most of them do not like the platform or the party which has named him as their candidate and had him take an oath to the effect that he would support all provisions in the platform. All these admirers agree that Notley is a very able man and one well versed on Hawaiian needs and affairs. But they seem to balk when asked if they will support him. The chief reason for their backing down on the support question is that he is not a Republican but a Home Ruler.

There was considerable surprise expressed among different politicians that the Home Rulers refused to affiliate with the Democrats, but should express themselves as being determined not to fuse with any other political organization until after the Territory should become a state. It was said by several that by the time the Territory became a state and was admitted to

WHAT'S IN A NAME

"What is your full name?" asked Clerk Simonton, in the usual formal manner of a court clerk addressing a witness just sworn.

"Kaikinakaoiliilikea o Lonoikainakahikikapuokalani," said the witness without a tremor.

Simonton for some reason or other wanted it again. He is not hard of hearing, nor slow in making court minutes, but for some mysterious motive he asked the witness to say it again, and try to say it slow. Then, with deliberation, the witness recited his unearthly name.

"Kaikinakaoiliilikea o Lonoikainakahikikapuokalani," said the witness and unmistakeable answer, and of course any competent clerk ought to have been able to get it on the jump, but Simonton couldn't. He wondered why the "o" was put in to spoil the continuity.

However, the name was finally registered and the taking of the testimony of the witness who owned it was proceeded with, before Judge Robinson, in the matter of the Kuniakea estate. The estate does not amount to over a thousand dollars, but there is nearly a score of claimants, and they are having a lively time in proving ancient Hawaiian family connections in order to prove their various rights as heirs and heiresses.

The witness whose awful name interrupted the proceedings, and which all concerned are supposed to stop now and then in the argument and pronounce "Kaikinahaoiliilikea o Lonoikainakahikikapuakalani," is the father of the Rev. Manasse. He is quite an important witness in the case, and after his name was once thoroughly settled, he gave his evidence without further pilikia.

DEMOCRATS PLAN TO RUN A "BUSINESS MAN"

NOMINATION OF NOTLEY LEADS TO PLANS BY DEMOCRACY TO NAME A WHITE MAN, REPRESENTING THE BUSINESS COMMUNITY, FOR DELEGATE TO CONGRESS—FUSION PROPOSITION PROBABLY DEAD ON ALL THE ISLANDS.

The nomination of Notley by the Home Rulers probably means the nomination of a white man,—one who answers to the description of a "business men's candidate" such as some Republicans would like to put up,—by the Democrats. They are now figuring on whom they can select to make the run, and thus the fight for delegateship to Congress will probably be a three-cornered one, with Kuhio, the regular Republican nominee, generally regarded as the winner.

Notley's candidacy is regarded by many as a joke, but the earnest Home Rulers are planning to make a real fight for him. Leading Republicans and Democrats alike, however, regard him at this time as not a serious element in the campaign. It is not thought now that he will even poll the normal Home Rule vote.

The nomination of Notley is a part of the rejection of fusion, which has been predicted all along by some. Notley's election to the presidency of the party, many months ago, meant the same thing, for he declared himself immediately after the last election as unalterably opposed to any more fusion. He said that the fusion didn't fuse, so to speak: The white Democrats didn't vote for fusion Poepoe for sheriff. On all the islands the Home Rule organization is expected to fall into line in support of Notley, in spite of reports of fusion already accomplished on Hawaii.

The Honolulu Democrats would like to make the fight with some one like W. A. Kinney as their nominee for Congress, but Kinney is not expected to agree to any such proposition. Leaders of the party are casting about for some other white man, of the "business man's candidate" stamp, who is willing to oppose Notley and Kuhio. It is conceded that he would poll a very large vote, especially in Honolulu. In fact such a nomination would furnish something of a test of the real strength of the movement for a "business" candidate, which movement has been talked of in every campaign since the first. The three-cornered fight, of Kuhio and the Democratic nominee would therefore be a very interesting one.

Democrats able to qualify as representative of the business element, and who would like to run for Congress, will please make themselves known to the leaders of the Unterrified.

Government Retains Hold On All Its Land

LAND COMMISSIONER PRATT SAYS THAT NOT AN ACRE OF GOVERNMENT LAND IS BEING DISPOSED OF WITHOUT A PROVISO IN THE LEASES THAT SETTLERS MAY HAVE THE LAND AT ANY TIME.

Not an acre of land owned by the Territory of Hawaii is being leased to any applicant, plantations or others, without any provision in the lease that the government may at any time take back the land if there are settlers who want it. This is a condition in all the leases that are now being made by the land office.

In answer to Judge Robinson's letter regarding the land policy, Land Commissioner Pratt this morning said that not only are Judge Robinson's facts inaccurate, to say the least, but that the present policy of the land department involves a thorough appreciation of the paramount duty of the government to give the settlers the first rights in all land propositions.

Pratt said this morning that Judge Robinson had evidently been misinformed as to the specific cases which he mentioned in his letter to Senator Perkins, published this morning. At the same time Pratt declared that he did not want to enter into a controversy over the proposition.

"The land department," he said, "is not transferring any lands under lease except with a provision that the government may take over the land at any time for the purpose of giving it to real settlers. This is a condition of every lease that we grant to anyone. Hence if the settlers come and want the land, the way is always open for them to get it."

ATTORNEYS TOE THE MARK

THE ORDER FOR THE DISPOSITION OF CASES IN THE COMING TERM.

The new order, for the September term of the First Circuit Court, has been prepared by Judge De Bolt, giving the rules which the court will make for the disposition of cases. It is in form as follows:

"All cases, civil and criminal, appearing upon the calendar for the September Term, 1906, of this Court, are and will be presumed and held ready for trial as reached. It is, therefore, hereby ordered that each or all of said cases shall be taken up and disposed of in their order, irrespective of the manner in which preceding cases may be disposed of, unless otherwise specially ordered.

"2. When a case is reached on the calendar and neither party appears, the case will go to the foot of the calendar, or be continued for the term or dismissed, as in the discretion of the Court may appear proper.

"3. When a case is reached and but one party appears, the trial shall nevertheless proceed, or such order shall be made therein as may be proper.

"4. Application for a continuance or for other disposition of a case, must be made in writing and copies of the moving papers served on the other party twenty-four hours before the hearing thereon, which hearing shall be noted for the hour of 9 o'clock a. m., and also prior to the time when the case, in its order on the calendar, would, otherwise, be reached for trial.

"5. All Jury Civil cases appearing upon the calendar for said Term are hereby assigned to the Third Judge of this Court.

"6. All Jury-waived cases, Civil and Criminal, appearing upon the calendar for said Term are hereby assigned to the First Judge of this Court.

"8. During said Term upon application to the presiding Judge, all cases not appearing upon the calendar may be placed thereon and assigned by said presiding Judge to either of the other Judges, as in his discretion may seem proper; whereupon said cases shall come within and shall be governed by the provisions of this order."

LAND LAW UNSATISFACTORY

CIRCUIT JUDGE THINKS AMERICAN SYSTEM OUGHT TO BE ADOPTED.

Senator Perkins has turned over to the Interior Department a letter from Circuit Judge Robinson in which the latter advises the application of American land laws to Hawaii, with provisions reducing the area each settler may have. The judge declares that in his opinion this is the only practicable manner in which the Territory can be Americanized. After discussing efforts to settle the lands of the Territory, the judge says:

These local land laws give the Commissioner of Public Lands of the Territory of Hawaii arbitrary power, with the consent or permission of the Governor, to sell or lease such parts or portions of the public lands as he may think fit, and at such price or prices or upon such terms and conditions as the arbitrary exercise of such arbitrary power may dictate. These sales, if sales are made, are at public auction, but at not less than an arbitrary "upset" price previously fixed by the Commissioner.

The practical construction and application of this elastic law are oftentimes truly marvelous. For instance, if a sugar plantation is desirous of acquiring title to a piece of public land, conveniently situated in reference to its mill, it petitions to the Commissioner for leave to purchase the same and offers $1000 per acre for the land desired, which amount is promptly fixed by the Commissioner as the "upset" price per acre. It may be that the upset price per acre is the actual value of the land to the plantation, but the actual value of the land may not be more than $50 per acre on the open market to an actual bona fide settler.

CURIOUS EFFECT.

A curous instance of the manner in which this arbitrary power vested in the Commissioner is sometimes exercised by him may be gathered from an item which recently appeared in one of the local papers. It seems that a hui, or company, had been formed by nineteen citizens, with a view to the purchase of nineteen hundred acres of public land on the island of Hawaii. The members of this hui petitioned the Commissioner for leave to purchase the land desired in lots of one hundred acres by each member, and offered what they considered to be the actual value of each lot of one hundred acres desired by each intending purchaser, but the Commissioner, according to the newspaper, denied the prayer of the petition, not, apparently, on the ground that the amount offered was insufficient, but upon the ground that the land desired was suitable for the cultivation of sugar cane and that a better price could be obtained from some plantation which desired the land as a whole.

No government, to my knowledge, has yet become prosperous by retaining large tracts of unproductive land, though arable and intrinsically valuable, waiting for an increase in the price of real estate. As far as the development and enrichment of the political entity is concerned, it would be far better to sell the land at the lowest price obtainable, or even give it away, to an actual bona fide settler, who proposes for himself and family, to become an integral part of that political entity.

It will, perhaps, be necessary to modify the general land laws in their application to the Territory of Hawaii, because of the comparatively small area of arable land in this Territory subject to pre-emption and homestead; but the number of acres subject to pre-emption and homestead by one climant could, I believe, be limited to one-eighth, and even to one-sixteenth, of a section, without otherwise changing the terms of the law, and I feel confident that the allotments of even the smallest size indicated would find ready claimants.

I have at hand no means of ascertaining the area of public land in this Territory subject to pre-emption and homestead under the general land laws, if extended to include Hawaii, but I imagine that the Interior Department at Washington could furnish this information.

Trusting that upon consideration the suggestion I have made may meet with your approval and that you will render your assistance in aid of what I honestly believe to be the most natural and logical means to employ in the development of this Territory along American lines, I am, very sincerely yours,

(Signed) W. J. ROBINSON.

E. L. COLEMAN DEAD.

E. L. Coleman died suddenly at his home yesterday at 7:10 p. m. He was one of Honolulu's best known citizens. For some time he was a motorman on one of the electric cars of this place but recently he has been working on the dredger.

The deceased was about 50 years of age and was a member of the fraternal Order of Eagles. He leaves a wife.

Funeral services will be held today at 1:30 p. m. at the undertaking parlors of H. H. Williams.

WEST LEAVES HOSPITAL.

HOME RULERS NAME NOTLEY

C. K. NOTLEY NAMED FOR CANDIDATE FOR DELEGATE TO CONGRESS ON HOME RULE TICKET.

The Home Rule Territorial Convention completed its labors yesterday afternoon soon after naming Charles K. Notley as a candidate for the delegateship to Congress. Notley accepted immediately amid the cheering of the entire delegation. The nomination was unanimous.

Following is the platform adopted by the Home Rule party for the coming election:

1. That time is not ripe for the Hawaiians of this territory to affiliate with any political party other than the Home Rule party and will not be until Hawaii has become one of the states of the Union. Wherefore we favor statehood.

2. We favor county government inasmuch as it gives the Hawaiians some share in the government of the different counties of the islands.

3. We protest against the drawing of the color line in politics as un-American and misleading, but maintain that in the interests of the territory the delegate to Congress should be of the Hawaiian people.

4. We thank the Congress of the United States for bestowing on the Hawaiian people the privilege of franchise.

5. We favor the purity of the ballot, the operation of which must be above suspicion, which was not the case in the election of 1904.

6. We favor the introduction of American labor in the territory at the American scale of wages.

7. We are of the opinion that fines, costs of court, and all moneys collected for licenses by the county, should be devoted to the use of the county.

8. We favor the election of county assessors and tax collectors by ballot.

9. We favor increased taxation of both real and personal property exceeding the value of $2000 at the rate of 1½ cents on the dollar.

J. W. Kalua moved that the platform be referred to a committee. The following committee was named: J. H. Keoaulana, J. L. Ahia, C. L. Kookoo, D. H. Kahauleilo, J. W. Kalua, J. M. Poepoe, J. Makainai, J. Kauimakaole, S. Mahoe, J. Nakookoo, Kahookahi. J. W. Kalua was appointed chairman of the committee.

After the platform was adopted by the convention Charles K. Notley was offered the nomination for Delegate to Congress. He accepted during the wildest of excitement all of the delegates getting to their feet and singing "Hawaii Ponoi."

It was decided that the convention meet in the evening at Aala Park and listen to speeches by the leaders of the party. Before the convention left the hall an oath was administered to the delegates and to Notley to support the platform of the party.

THE KICK IN THE JAP CASE

CARTER RECEIVES A LETTER FROM THE ACTING JAPANESE CONSUL.

Governor Carter has received the complaint of the Acting Japanese Consul in the case of the Japanese who claims to have been unlawfully detained at the police station recently. The governor has not yet taken any action in the matter, and is undecided as to what he will do. The Territorial executive has no control over the local police, and it is a question whether the matter is one for the governor to take up. The letter of the Consul is as follows:

"Hon. G. R. Carter, Governor, Territory of Hawaii, Honolulu, T. H.

"Sir:—In re Japanese by name of Hideichi Komori, who claims to have been detained at the police station, in Honolulu, without having an 'examination after arrest,' a complaint is placed before me, as the accompanying documents show.

"Komori is of the opinion, and has made an affidavit to the effect that his detention in the police station for nineteen days without any examination before the court or magistrate, was an illegal deprivation of his liberty, for which he asks remedy. I wrote to Mr. A. M. Brown about the matter some time ago, and got his answer, a copy of which is annexed hereto. His reply was not very satisfactory and so I failed to appease persons interested. Not arrogating to myself, however, the power to construe the action of the local authorities, I will venture to refer the matter to you.

"Will you be so kind as to look into the matter and take steps which you deem proper about the case. I shall be much obliged. I am, Sir, Your most respectfully,

"K. MATSUBARA,
"Acting Consul for Japan."

A Duty to The Public

The charges of police brutality made on behalf of Y. Marn Young, a Korean held on accusation of a very serious crime, are so serious and so circumstantial as to have challenged the attention and aroused the interest of the community. If they are true, the community wants to know it, ought to know it. If they are not true, but made for some ulterior purpose, or in too innocent confidence in the word of a Korean of Y. Marn Young's class, the community is entitled to know that fact.

The attorneys who made the charges, or one of them, is quoted as saying that they will have no difficulty in proving the charges and that they propose to present the matter to the consul representing Korea, and that they do not care if an international matter is made of it. In fact the tone of what this attorney is represented as saying indicates that he would rather like an international matter to be made of it.

It would be very much more to the point, however, if instead of presenting the matter to the Japanese Consul, who at best can only present it to some one else, if a more direct issue were made of it and the matter brought before a more satisfactory tribunal. If the facts can be proved, as is asserted, the very first thing to be done should be to have a warrant sworn out for the arrest of Assistant Sheriff Vida and have him brought before the District Court for a hearing on the charge. Simultaneously with this a suit for damages might be brought against Sheriff Brown. These two proceedings would at once bring the matter into forums in which the public have confidence, and before courts whose findings would carry conviction to the public of the certainty of the facts determined.

A judgment in either case declaring the charges true, in effect, would be conclusive with the public. It would leave no doubt in any unprejudiced mind that they were true. A judgment for damages against the sheriff, would be the most satisfactory conclusion of the matter that could be reached so far as the accusing Korean is concerned, and would go far toward preventing any repetition of such atrocities.

An appeal to a consul and an attempt to bring the matter under diplomatic consideration, is not likely to prove very satisfactory to either the accuser or the public—assuming that the charges are brought in good faith. Any finding of facts made in this way will lack altogether the conclusiveness and the satisfactoriness that would follow the findings of fact of a court, and there is no certainty that there will ever be any findings of fact or anything else, or any conclusion to the matter. There are a number of very estimable people in this community, who presented claims to their respective consuls ten years or more ago, who cannot see that they are any nearer to the end of the matter than they were at the beginning.

The charges were made in an affidavit in a matter in which the court summarily said it could not be used, a conclusion which one of the attorneys who filed the affidavit is quoted as saying is correct. There is much talk of making complaint to the Japanese Consul, and of 'making an international affair of it." It is asserted that there is abundant evidence of the truth of the charges. Yet withal there is no move made to bring the matter before a tribunal which has the machinery for determining the truth of the matter and whose findings would satisfy the public, and if in his favor, satisfy the accuser. These things do not tend to convince the public of the truth of the charges. Nevertheless, the charges may be true. If they are, the public ought to know it, and it would seem to be the duty of the attorneys for the accuser, as good citizens, to bring the matter before a tribunal that could determine the matter, instead of before one, which in the form it is brought, cannot determine the matter, or of talking about bringing it before another which in all probability will not take it up, and if it does, its findings will not carry conviction to the public mind. If the accusations are true they ought to be made where their truth can be established and where punishment of the wrong-doer will follow.

Drawing The Color Line

Nominee Notley cannot understand how The Star could think the Home Rule convention had drawn the color line. Perhaps Nominee Notley has not read the platform upon which he is expected to stand. For instance, what is this, if it is not drawing the color line? "That the time is not ripe for the Hawaiians of this Territory to affiliate with any political party fother than the Home Rule party, and will not be until Hawaii has become one of the states of the Union." If this isn't drawing the color line what is it, unless it is that the party has already drawn the color line and is merely keeping it drawn?

Then there is the third plank in the platform: "We protest against the drawing of the color line in politics as un-American and misleading, but maintain that in the interests of the Territory the delegate to Congress should be of the Hawaiian people."

Of course this isn't drawing the color line. It is merely a protest against others drawing it against the Hawaiians, while the Hawaiians of the Home Rule party draw it against all others except themselves.

If the nice distinction between drawing a line and merely maintaining one that has already been drawn, and the equally nice distinction between drawing a color line generally, and drawing it as to one particular and specific thing, is observed, one can understand Nominee Notley's failure to understand how anyone could think the Home Rule convention had drawn the color line.

Still, after you have figured it out with all these allowances, it still looks like the color line had been drawn.

The Red Cross Convention

The progress of humanity in the carrying on of hostilities is reflected in the new rules adopted by the Red Cross Convention held lately at the city of Geneva, in Switzerland. The first chapter of the convention requires belligerents to respect and care for sick and wounded officers and soldiers attached officially to the enemy's army. The final occupant of a field is to adopt measures to find all wounded and dead and to protect them against pillage before the final disposal of the bodies by burial or incineration. A scrupulous examination of the bodies by the enemy is enjoined, and the immunity of the field hospital corps is provided for. This immunity, however, is to cease when those in question commit acts prejudicial to the enemy. The protection to the various branches of the hospital corps is defined in chapter 3, which exempts the members of that corps from the treatment given prisoners of war. Besides the leading states of the world, China, Korea, the Kongo Free State and Siam were represented at the conference, and it is recorded that the Russian and Japanese delegates took a most active part in the proceedings and manifested a most friendly spirit.

DR. W. E. TAYLOR DIED AFTER LONG ILLNESS

DISTINGUISHED NAVAL SURGEON EXPIRED LAST NIGHT—WILL BE BURIED BY MASONS.

After an illness of long duration Dr. William Edwin Taylor, U. S. N., died at his residence on Kapiolani street near Kinau last night at 8:42 o'clock. The end had been expected, for he had been unconscious much of yesterday. Although he had rallied on previous occasions from very critical attacks, all hope of his recovery had been given up yesterday.

As a medical inspector in the navy, Dr. Taylor held the rank of commander and the funeral will be conducted under the Masonic rites with naval escort. At 2 o'clock this afternoon the remains will be removed from the residence to the Masonic Temple and he laid in state. The services will be held at 3 o'clock and following the the services, the remains will be removed to a receiving vault from where they will subsequently be taken and cremated.

In addition to the members of the Masonic order in the city, of which the deceased had been a member, Captain Very the commandant of the naval station attended by all of the officers and employees of the station as well as a guard of marines will attend the services. The pall bearers will be Dr. A. G. Hodgins, Dr. Blanchard, U. S. A., Dr. C. G. Smith, U. S. N., Dr. I. Katsuki, Dr. J. T. Wayson, Dr. M. E. Grossman, Paymaster I. T. Hagner, U. S. N., Dr. H. V. Murray, Dr. C. B. Cooper, Dr. L. E. Cofer, M. H. Service.

The body bearers will be six enlisted men of the navy. Major Fuller will have command of the marines, about 40 in number. Officers from the army post will also attend the services.

The deceased was a native of Virginia and was 68 years at time of his death. He came to settle permanently in Honolulu in 1898 and since that time had been a practicing physician and surgeon. He stood atthe head of his profession and was regarded as a man of authority by medical fraternity not only of these islands but of the mainland.

He was appointed to the navy in 1859 and saw active service on the Modaddock, St. Mary Saranac and Pensacola. Because of ill health he retired from the naval service on January 14, 1881 with the rank of medical inspector. He was subsequently reappointed on active duty in the service in 1901.

After his retirement from active service in the navy Dr. Taylor was professor of Surgery in the medical department of the University of California and was also President of the Medical Association of the city and county of San Francisco. He held the chair in the University of California for eighteen years. During his residence in Honolulu Dr. Taylor had served as president of the local medical society and also served on the medical and dental boards of examiners of the territory. He leaves a widow but no children.

Had Dr. Taylor lived a short time longer he would have become a medical director in the naval service with rank as captain, as a recent amendment to the navy appropriation bill permitted him among others to take the next higher grade than that under which they had previously retired.

HOME RULERS BEGIN WORK

MEETING WAS HELD LAST EVENING AT AALA PARK AND PARTY LEADERS ADDRESS PEOPLE.

The Home Rulers began their active campaign when they met last evening in Aala Park after the Territorial Convention had been held for the purpose of hearing the party leaders explain the stand to the people that the convention had taken when it adopted the platform of the party.

On the platform were Candidate Notley, Judge J. W. Kalua, Supervisor J. K. Paele, Vice President William Mossman, D. Kaona, Edward Wilcox, David Kalauokalani, L. C. Kookoo and Mrs. Theresa Wilcox.

Speeches were made by Judge Kalua C. L. Kookoo, Vice President Mossman of the party, Rev. J. Kekipi, J. M. Poepoe, David Kalauokalani and Candidate Notley.

In the early part of the evening there were but a few people present but the crowd grew as the moments went by until at last there was a fair sized crowd present.

Candidate Notley expreshed the opinion that he was a better man than Kuhio and that if he is sent to Congress he will get the refund bill put through. The candidate was given quite an ovation when he first toook the stand.

JAP WOMEN DID NOT FANCY LUNA

Deputy Sheriff J. Fernandez of Ewa came to the city this morning and reported that there had been a strike at Waipahu yesterday. According to his statements about 200 women had quit work until a Japanese luna who was in charge of them, had been discharged.

It appears however that the conditions were not so serious. For a week or so past a number of women working on the Oahu Sugar Company's plantation had taken a dislike to a luna and they made complaints against him. Finally they refused to work under him any longer. His discharge was not asked and Manager Bull satisfied their demands by putting another luna in charge of them and sending the objectionable man elsewhere.

The disagreement had some amusing features and it was one, if not the first of the kind in the islands.

NOTLEY AND HIS LINEN DUSTER GO

HOME RULE LEADER DEPARTED BY THE KINAU TODAY FOR HIS NEW HOME IN HAMAKUA.

Delegate That-Ain't-To-Be Charlie Notley departed by the steamer Kinau today for his new home in Hamakua. The Sage of Hamakua, as the Home Rule leader delights to be called, was attended at the vessel by quite an enthusiastic gathering of Home Rulers, et al. A Hawaiian orchestra discoursed sweet music in his honor and as the steamer pulled out played Aloha Oe, which when played upon the departure of Home Rule delegate candidates, is the Hawaiian for "I Don't Care if You Never Come Back." But Notley says he is coming back soon. He has to go to Hamakua to his new homestead for a while, but he will be on deck with the voice when the campaign starts.

Notley, as the candidate of the people, the meek and lowly and downtrodden, wore no brilliant tels upon his person, but appeared in the humble and cleanly garb of a linen duster. He wore other clothes besides too. That duster will probably win him many votes.

Ex-Judge Kalua was on the deck of the steamer too, but he wore no linen duster. He wore whiskers and leis.

MISS BLUNT'S ACCOUNTS.

EDITOR STAR:

Miss Olive M. Blunt, who acted temporarily as secretary of the Y. W. C. A. of this city, during the first three months of this year, writes from Japan, relative to conditions there, referring especially to her deposits to the Famine Fund on behalf of Honolulu contributors. She has forwarded receipts from the Foreign Committee of Relief covering all Honolulu contributions made through her, to the amount of $128.50, as also for collection taken up by her on the steamship Siberia to the amount of $12.25, and again $5 is acknowledged by the Publication Committee of the American Baptist Missionary Union, for Bibles, this amount having been given by a Honoluluan for that purpose.

She wished a statement made in all three of the Honolulu papers to this effect. She has apparently discharged her full responsibilities in the delivery of the funds entrusted to her care.

Miss Blunt held three meetings on the Siberia on the deck among the steerage passengers. Her ability to speak the Japanese language counted greatly in her favor.

NOTLEY BETTER MAN THAN KUHIO

(Continued from page one.)

Democratic party. We would be better off if we fused with the Republicans, for then we would be able to elect a man to an office once in a while. To fuse with the Democrats would be not only to lose our standing but also killing ourselves when there is no need of it."

When asked if he had tried to influence the party not to fuse, he replied: "No, I have not said a thing to them. I am on the fence, and if it goes either way they cannot pick a flaw in me. I do not lay my self open to attacks from the members of my party."

Evidently Mr. Notley had the nomination for delegate in view and so he made friends of all the factions. So successfully did he do this that the crowd that was backing up Judge J. W. Kalua for the delegateship were snowed under and lost from sight so completely that they caused not a murmur. Even they were brought around with so much vim that they were among the first to jump to their feet and start the good old "Hawaii Ponoi" after a unanimous nomination of Notley. Mr. Notley looked surprised but it appears this morning that he was not surprised at all, that he had expected and had known that it was coming. It is murmured about that he even had given to the stringed instruments orders to start the national anthem immediately after the nomination was made. It was a great little scheme and it worked.

William Charles Achi, in comparing Notley and Kuhio, said: "As a man Notley is ahead of Kuhio in my estimation. He is better educated, better versed on Hawaiian affairs, is better suited for the job, for he would make a speech occasionally, and if he were asked a question he would be able to answer it for he knows. He is a better versed man than Kuhio."

When asked if he meant by that that he would support Notley, Achi said: "No, because he is not a Republican."

And then there is one other matter that is being discussed a good deal and that is the "color line" as drawn by the Home Rule party. They state in their platform that no one aside from a Hawaiian should be elected to Congress, and they also say that the party should not affiliate with any other party. That is taken by everybody but Home Rulers that the "color line" has been drawn. Republicans and Democrats say that it has and the Home Rulers say that it has not.

President Notley stated that the clause had nothing to do with the color line. He says that if any white man comes to the party and wants to sign their roll book and support their platform, that no matter what color he is, as long as he is a citizen the right to join them will not be denied him.

Mr. Notley was asked if such a man would ever be allowed to get an office provided that he was white. Mr. Notley replied, "He might."

THE HOME FIRE AND MARINE HAS GONE UP

W. J. DUTTON, THE PRESIDENT, ANNOUNCES THAT HIS COMPANY, ORGANIZED OVER FORTY YEARS AGO, AND FOR MANY YEARS DOING A PROSPEROUS BUSINESS, WILL HAVE TO END ITS CAREER—LOSSES TOO GREAT.

The San Francisco Examiner of July 22, received by the Alaskan, says:

The Home Fire and Marine Insurance Company, a well-known local institution and companion of the Fireman's Fund, finds itself unable to meet obligations and will go into liquidation. The directors will endeavor to come to some arrangement with the creditors to the end that the company may not be thrown into the hands of a receiver.

"Regretfully and reluctantly we find ourselves compelled to wind up the Home Fire and Marine," said President Dutton yesterday. As he spoke tears stood in his eyes.

"In the earlier days following the conflagration we thought the Home might be assisted through its troubles so that it could pay its losses and save its capital. We of the Fireman's Fund gave $600,000 to the Home to aid it in its purpose. We thought at the time we had a perfect right to act as we did, and that there would be ample margin left the Fireman's Fund to discharge all its obligations in full. Since then the situation had developed, and now we feel that owing to the close relationship of the Home to the Fireman's Fund, and taking into consideration all that has occurred, the only practicable course, in justice to the policy holders and all concerned, is to wind up both companies together.

"At the present time, the resources of the Home, including the $600,000 transferred from the Fireman's Fund, aggregate about $1,400,000. But the losses in the San Francisco conflagration, as far as we can estimate, will run from $1,500,000 to $2,000,000. We had hoped to get at least twenty-five per cent salvage, but we realize now that the total losses will be the rule and partial losses the marked exceptions. Besides, we have $1,000,000 reinsurance and there is trouble over that. So, as our capital and all will be swallowed up, there is nothing for it but to liquidate.

"The step we have decided upon has been taken after a conference of directors, and upon the advice of our attorneys. If we are allowed to conduct the winding up ourselves we shall make the best settlements possible with the available funds. We have sent out notices to ur agents, telling them the circumstances and calling upon them to cancel policies. Our outstanding liabilities we shall reinsure. The Home has a reinsurance reserve of over $800,000, and it may be that the new Fireman's Fund Insurance Corporation will find its way to do the reinsuring. If not, we shall reinsure with some Eastern corporation.

The disaster which has befallen the Home Fire and Marine was not altogether unexpected. Directly after the conflagration it was known that both the Fireman's Fund and the Home, individually and through their joint policies of the Pacific Underwriters, were very heavy losers. The first announcement made was of the incorporation of a new concern called the Fireman's Fund Insurance Corporation, with a capital of $1,000,000 and a surplus of like amount, for the carrying on of new business. Then came the announcement that an assessment of 200 per cent had been levied on the stock of the Home Fire and Marine and that the stockholders of the Fireman's Fund had transferred $600,000 of its property to the Home to make that assessment good.

There was trouble over that transfer. Persons interested in the Fireman's Fund complained that the directors were depleting its treasury to aid another company. Then the whisper ran around that the $600,000 given by the Fireman's Fund to the Home had a string to it and would be taken back again as soon as the books should be set straight. Country agents commenced to protest and cancellations to come in. In that way the failure of the Home Fire and Marine was precipitated.

The Home was organized in 1864 to do insurance on the mutual plan, being known as the Home Mutual Insurance Company. In the earlier times of insurance business on the Pacific Coast it changed its form of operation and became a stock company. Then, when in 1892 insurance companies dropped one by one from the coast, the Fireman's Fund bought up its stock and took it into camp. Its surplus was increased, and it became successful, paying dividends regularly and doing a first-class coast business. W. J. Dutton is president of both the Fireman's Fund and the Home Fire and Marine.

At the close of last year the Home had a capital of $200,000 and a surplus of $303,695. Since that time the surplus has increased to $515,000. Had it been possible to effect a settlement of San Francisco losses so as to leave the capital unimpaired it was the intention of the company's directors to continue in business.

The Fireman's Fund has losses amounting to at least $5,000,000, and its resources, calculated at the top-notch figure, do not exceed $3,500,000. In all probability the directors of this corporation will ask the creditors to accept a part payment of all the cash available after all the proofs of loss are in and time notes for the remainder. The Fireman's Fund did this very thing after the great fire in Chicago, but a run of unusual prosperity almost immediately afterwards enabled the company to take up its notes before they were due.

THE WEATHER BULLETIN

For the Week Ended July 28, 1906.
Honolulu, T. H., July 30, 1906.

GENERAL SUMMARY.

The most marked feature of the week was the great deficiency in rainfall, as compared with the preceding week, in the Kohala, Hamakua, Hilo and Puna districts of Hawaii, and in the Koolau and Hamakualoa districts of Maui. The deficiencies in the Hawaiian districts ranged from —1.9 to —6.7 inches, the greatest differences occurring in the Hilo district and thence northwestward along the coast to the extreme northern point of the island. In the Maui districts referred to, the deficiencies were not so great,—ranging from —1.4 to —3.9 inches, the latter occurring in the inland section of Hamakualoa. All stations report less rainfall than during the preceding week, but excepting in the districts aforementioned, at Kealakekua (Davis) —1.0 inch, and in the eastern half of Kauai, they were slight, and did not equal one-half inch.

No rain occurred in the Wailuku district of Maui and thence westward.

The mean temperatures for the week were generally higher than those of the preceding one, on Hawaii, excepting at two coast stations in the Hamakua and two inland in the Hilo districts. Stations in the central and southern portions of the Wailuku districts of Maui show somewhat lower mean temperatures than during the preceding week, while slightly higher mean temperatures are reported from the remaining portions of the island. At Waimanalo, Honolulu, and Waianae, the mean temperature was lower than the preceding week, and higher mean temperatures were reported from the remaining stations. The changes were slight, excepting —2.4 deg. at Waianae, +1.2 deg. at Waiawa, and +1.4 deg. at Kahuku. All stations on Kauai report mean temperatures +.5 deg. +1.5 deg. higher than during the preceding week excepting —.2 deg at Lihue, and —1.5 at Makaweli.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the group:

	Temperature.	Rainfall.
Hawaii	73.8 deg.	0.45 in.
Maui	77.4 deg.	0.50 in.
Oahu	78.9 deg.	0.03 in.
Kauai	77.5 deg.	0.04 in.
Entire Group..	75.9 deg.	0.34 in.

At the Local Office of the U. S. Weather Bureau in Honolulu, clear and partly cloudy weather obtained, with traces of rainfall on two dates. The mean barometer was 30.00 inches; mean relative humidity, 66 per cent; prevailing direction of the wind was northeast, with an average hourly velocity of 8 miles; maximum temperature, 85 deg., minimum, 71 deg. and mean 78.9 deg., a departure of +0.8 deg. There was a deficiency of .35 inch of rainfall during the week.

INVESTIGATION IS STILL ON

THE MYSTERY OF THE SHIP ATLAS BEING FURTHER INQUIRED INTO.

The investigation of the death of a stowaway on board the ship Atlas, or the throwing him overboard after he was injured, was continued yesterday before United States Commissioner Maling. Breckons called the mate and several of the crew as witnesses, and there was some remarkably contradictory testimony.

Kawabata, the boatswain who is said to have ordered the man thrown over on hearing that he was wounded, testified that he didn't hear anything about the man, after hearing several days before the tragedy that he was aboard. Haseu was recalled and told of Kawabata's order to throw the man overboard, and then Kawabata changed his testimony. He was asked to explain his denials, but the best he could do was to say that he "was not exactly lying."

The hearing continued during the day with a number of witnesses to be heard, among them being the mate. In the meantime there are warrants out for many members of the crew, charging them with being unlawfully in the United States. The present case is merely a charge against the captain, of failure to report in his log the death of a sailor at sea, but it is thought that several more important prosecutions may arise out of the case.

FEW SUICIDES ARE RECORDED

ALTHOUGH THOUSANDS ARE LEFT PENNILESS IN SAN FRANCISCO SUICIDES ARE RARE.

SAN FRANCISCO, July 17.—Although thousands were made homeless and penniless through the recent fire, the records of the coroner's office tell an interesting story with regard to the number of suicides since the fire, as compared to a like period before it and a corresponding period last year.

For the months of May, June and the first fifteen days of July this year sixteen attempts at suicide have been successful only. For the corresponding period last year the number of suicides was forty-six. During the months of January, February and March of this year the coroner's record show seventy cases.

The suicides of the past two months and a half, juding from the records, average fewer than those of one month previous to the disaster. The month of June of this year shows but three successful attempts, while during the same month last year there were seventeen. In May of this year there were but five cases, as compared with fourteen last year. During the first fifteen days of this month eight cases are recorded, whereas for the entre month last year there were fifteen cases.

The decision of the board of arbitration, with W. O. Smith dissenting, in the case of the application of the Waimea Wine Company for a license, was filed yesterday afternoon with Treasurer Campbell, and a license was immediately issued by him in accordance with the ruling of the board. Wireless notice was sent to the managers of the company in Waimea, and it is presumed that the company resumed business yesterday afternoon, after being held up for about a month by the protest against giving it a license.

The board's difference was mainly over the proposition of whether further evidence should be taken. A protest bearing ostensible signatures of over a majority of the voters of the precinct in which the applicant does business was presented to Treasurer Campbell and on such protest, in accordance with the law, he denied the application for a renewal of license. Then came affidavits by enough of the signatories to the protest to make it invalid, to the effect that they had signed it either by mistake or through fraud.

The majority of the arbitration board J. W. Cathcart and A. McBryde, hold in their decision that the protest was made invalid by the affidavits to the effect that many of the signers placed their names on the document either by mistake or through fraudulent representations. Smith's dissenting opinion urges that the further evidence should be obtained on the proposition.

CONSUL HAS NOT RECEIVED ANSWER

GOVERNOR HAS NOT AS YET REPLIED TO THE COMMUNICATION OF THE JAPANESE CONSUL.

The Japanese Consul has not as yet received an answer from the Governor in regard to the matter which he laid before him regarding the imprisonment of K. Komori, a Japanese, without any charges being filed against him. He is expecting a letter within a day or two.

The consul is now looking into the matter of the Korean, Marn Young, who charges Henry Vida, Assistant County Sheriff, with giving him the water cure and otherwise brutally treating him while examining him at the police station. He is engaged in reading over the affidavits in the case and will not form an opinion until he has given the matter more attention. He stated this morning that he does not know just what steps he will take in the matter.

CHILLINGWORTH TO THE RESCUE

WELL KNOWN ATTORNEY WILL VISIT WAIPAHU PLANTATION THIS AFTERNOON.

Attorney Charles F. Chillingworth who settled the last strike at Waipahu so successfully, will visit the plantation this afternoon to acquaint himself with conditions there with some of the laborers. Chillingworth has been informed that about 200 Japanese couples struck because of resentment against a Japanese luna. The attorney will try to arrange a settlement if such has not already been arranged.

Advices from the plantation this morning were that the trouble had been amicably adjusted and nobody had stopped work.

FROM JAIL TO HOSPITAL.

W. Moore a Federal prisoner at Oahu prison, was taken to the Queen's Hospital this morning to be operated upon for appendicitis. Dr. Smith of the naval station and Dr. Cofer of the marine hospital assisted by several other physicians, performed the operation. Moore is serving a two months sentence for having been mixed up in a counterfeit money deal. He was arrested with the transport Sherman crowd some months ago.

PICTURES OF WAINIHA.

In the corner window of McInerny's Clothing Store is exhibited a set of pictures of the Kauai electric plant at Wainiha, Kauai. They are complete in every detail showing the ditch and tunnels in which the water is carried to the power house, the country about the power house and the power house itself. The plant is to be formally opened on next Saturday at which time a large delegation from this city will be on hand to watch the water turned onto the wheels.

TO FORECLOSE MORTGAGE.

"MINE HOST SCOTTY."

A special dinner is served every evening at the Royal Annex Cafe, corner Merchant and Nuuanu. "Scotty" gives personal attention to his patrons and provides a meal for 50 cents that can not be duplicated in Honolulu. Dinner is served between 5 and 8 o'clock and a cordial welcome awaits the diner.

Changes

To accommodate the several new lines we have taken on and to make room for the large stock of goods that we have just bought from the Pacific Hardware Co., we are obliged to make a number of changes. This means a lot of moving about of stock, carpenter work, painting and varnishing. It also means dirt, noise and confusion for a short time, and we are unable to care for our customers as promptly and as well as we would like to. All possible haste will be made and in a short time we will have everything in place, and, with a large well arranged stock, with every convenience to handle and deliver same promptly, we will do our best to satisfy all our customers.
