

SENATOR TILLMAN STRICKEN

SALOON LOCATION VOIDS MORTGAGE

FIRST OPINION WRITTEN BY JUSTICE DE BOLT OVERRULES AN ORDER OF JUDGE ROBINSON—STRICT CONSTRUCTION OF AN AGREEMENT OF MORTGAGE RELEASES WIDOW OF DEAD MAN FROM HER OBLIGATION AS HIS SURETY

Justice De Bolt's first opinion as a regular incumbent of the Supreme Court bench is that of the court in the case of H. Hackfeld & Co., Ltd., against Frank A. Medcalf, administrator of the estate of John Kai Akina, and many others. It is a foreclosure suit and the defendants, Mary Kai, John Kai, William Kai and David Kaluna Kai appealed from an order of Judge Robinson overruling their demurrer to the plaintiff's bill, the other defendants having answered. The four defendants were made parties to the suit and prosecuted the appeal as heirs of one Malla Kehula Akina, deceased. By the unanimous decision of the court the order of the circuit judge overruling the demurrer is reversed and the cause is remanded. Thompson, Clemons & Wilder for plaintiffs; C. F. Peterson and W. C. Achi for defendants.

MERCHANTS COMMITTEE WANTS FACTS

The committee on Publicity and Promotion, of the Merchants' Association, Chairman C. C. Von Hamm, requests all local residents or tourists who have experienced difficulty in securing passage to or from the islands in the past year, to send in the particulars of such hardship at once, the same to be used in making up a report on the subject to be submitted by Delegate Kuhio to Congress in his fight for improved passenger facilities. A letter requesting information of this character was received from the delegate a few days ago. The committee to whom the matter has been referred is composed of C. C. Von Hamm, chairman; Ed. Towse and C. S. Crane. The desire is to get as many of these personal letters as possible, corroborating the same, well understood, facts; and it is desired that such letters be submitted to the committee as speedily as possible.

HONOLULU WIRE BED COMPANY

Jacob S. Bailey, Maria Bailey, William Bell, Frederick C. Bailey and Henry B. Bailey have incorporated the Honolulu Wire Bed Co., Ltd., with a capital of \$30,000 in 1500 shares of the par value of \$20 each and the privilege of increasing the stock to \$100,000. Jacob S. Bailey has 1210 shares, the others one share each. The company takes over the Bailey woven wire mattress business at a valuation of \$24,210 and cash of \$8 is paid in therewith. It is proposed to conduct a manufacturing, furniture and upholstering business on the premises on Alapai street and the store premises in the Kapiolani building, King and Alahea streets. Officers of the corporation are Jacob S. Bailey, president; Maria Bailey, vice president; William Bell, secretary; F. C. Bailey, treasurer; Henry B. Bailey, auditor.

SCORCHERS ARE FINED

MOTORCYCLE BEATS AUTOS—SCULLY HAS 27 TRAPS SET—\$25 AND COSTS EACH.

In police court this morning John Waterhouse, Richard Cooke and John Choy Lo were each fined \$25 and costs for exceeding speed limits as provided in City Ordinance 11.

Complaints were sworn to, in each case, by Speedometer Scully.

Waterhouse and Cooke were caught in automobiles between Alapai and Kapiolani streets, Waterhouse going at 20 miles an hour and Cooke hitting it up at 22 miles. Mr. Lo, a Chinese boy who operates a motorcycle, was running at 25 miles an hour, and Lo, the poor Chinese was assessed a dollar a mile.

Scully has not yet failed of conviction and has over a score of traps to his credit. Today's defendants all pleaded guilty.

Tomorrow there may be another lot of autoists hauled up, for exceeding the fifteen mile limit in city streets. Scully, by the way, has twenty-seven stretches of good automobile road in the city limits all measured, spaced and marked off, each constituting a trap for the unwary auto speeder.

NEW RICE MILL.

The K. Yamamoto Rice Mill is the largest as well as the finest in the islands. All the machinery is of the very latest pattern. The famous Tengu Rice is cleaned at this mill. They are able to handle considerable outside particular work which they guarantee.

QUESTION OF WOMAN SUFFRAGE

(By ELEANOR RIVENBURGH.)

The question which has all but reached a climax in England, and is smouldering throughout the United States of America—in every land in fact where civilization controls the ruling voice of the people—has reached Honolulu and has touched the heart string of the home is the question of prohibition. Already meetings of all classes of women have been called and the serious proposition moved, seconded and approved whereby the women sent a petition to Congress to grant them the right to vote.

Women from every part of the city came together on a commonly footing and banded together for a good cause.

MINISTER TO CHINA TO BE ENTERTAINED HERE

The board of governors of the Commercial Club met this afternoon and perfected arrangements for the entertainment of Minister Calhoun, who will call here next Tuesday on his way to his post at Peking. The principal entertainment will be a dinner in honor of the visitor. To this function will be invited: Chinese and Japanese consular officials, officials of all commercial bodies of the city, government

(Territorial and United States) officials and other prominent persons. It is anticipated that the Chamber of Commerce and Merchants' Association will look after the remainder of the day. As soon as the Chiyo Mar. is in touch, a wireless will be sent to Mr. Calhoun, advising him of these arrangements. G. Horton, of Theo. H. Davies & Co., was elected to membership.

REGULARS BEAT THE REFORMERS

(Special Cable to The Star.)

PHILADELPHIA, February 16.—The regular Republicans utterly routed the reformers in the city elections.

POSTAL SAVINGS BILL IS IN DANGER

WASHINGTON, D. C., February 16.—An amendment proposed by Senator Root to the Postal Savings Bank bill threatens to result in the defeat of the bill. Root's proposal is that the Postal Savings banks be compelled to invest their funds in government bonds. It is strongly predicted that if this amendment is made, the whole bill will be defeated.

BIRD CATCHERS GIVEN FIVE DAYS TO PLEAD

Defendants indicted yesterday in the Federal court were arraigned before Judge Robertson this morning. All pleas were reserved until tomorrow, excepting the twenty-three Japanese charged with bird poaching on Laysan and Lisianski islands. These were given until February 21 to plead, as they wished to procure counsel and to cable to Japan for advice. Those charged with the smuggling of opium had their bonds fixed at \$500 each.

Carl On Tai for buying things belonging to the United States from soldiers, gave a bond of \$1000 with George H. Holt and Ailka C. Dowsett as sureties. Keio Ishibashi, under an old indictment for violation of the Edmunds Act, was sentenced to imprisonment for three months and payment of costs. Muta, under an old indictment, was placed on trial for harboring a woman for immoral purposes. Assistant District Attorney Rawlins appeared for the prosecution and E. C. Peters for the defense. The jury empaneled consisted of Samuel Lindsey, A. L. Louissou, Alonzo J. Wilson, William K. Isaac, Robert F. Forrest, H. B. Giffard, Percy G. H. Deverill, E. St. C. de Lacy, Archibald F. Robertson, Robinson A. McWayne, J. M. Keauna and Wm. C. McGonagle.

MOST NOTED SOUTHERN LEADER HAS A STROKE

(Associated Press Cable to The Star.)

WASHINGTON, D. C., February 16.—Senator Tillman of South Carolina was taken suddenly ill in the Capitol building today. It is thought that his condition is serious.

FRISCO HAS A NEW ROW ON

(Associated Press Cable to The Star.)

SAN FRANCISCO, February 16.—A contest was begun today over the right of Mayor McCarthy to oust the executive boards and appoint successors. Taylor of the Board of Education obtained an injunction restraining the McCarthy board from assuming authority and under power of the injunction the McCarthy board was ousted from the board's meeting place.

ELKINS' NIECE ATTEMPTS SUICIDE

(Associated Press Cable to The Star.)

KANSAS CITY, February 16.—Miss Agnes Elkins, a niece of Senator Elkins, multi millionaire, attempted to commit suicide today by shooting.

SAN FRANCISCO, February 16.—Rudolph Spreckels and Claus Spreckels, Jr., have applied for their appointment as administrators of the estate of the late Mrs. Claus Spreckels.

WASHINGTON, D. C., February 16.—The House Military Committee today reported favorably on the recommendation to make Sickles a lieutenant general.

MAG'S KEEPSAKE FOR SHRINERS

"How is that for a souvenir?" asked "Sunny Jim" McCandless as he toted a nest of Shriners feathers of cocoanut leaf into the McCandless building elevator this afternoon.

"We're going to have a thousand of these at New Orleans this year," he gleefully added.

Mr. McCandless never fails, year by year, to invent some novel design for boosting Hawaii at the annual national convulse of the Mystic Sarmes.

H. M. AYRES' VIEWS ON THE HAWAIIAN PROHIBITION PROBLEM

EDITOR STAR:—Leaving the merits of Prohibition out of the question, does it not seem that too much importance is being paid to the use of alcoholic liquors in seeking for a reason for the decrease of the Hawaiian people? Nearly every city in the world has its liquor problem to solve and the relation of alcoholic liquors to the state of the "submerged tenth" is no more closely allied in Hawaii than in the case anywhere else. This relation, however, has been exaggerated and intensified in Honolulu by the dragging of every liquor-soaked corpse into the limelight of newspaper publicity, for the purpose of proving that Hawaiians have become a decadent race, chiefly through the use of alcoholic liquors. Only a few years ago sentiment in favor of the Hawaiian race was not nearly as strong as it is today and it would only be consistent with the present display of Christ-like interest in the welfare of the Hawaiians to seek for further reasons for their decreasing numbers and the causes once found,—to try and remedy them. First and foremost the Hawaiian people are disappearing as a race chiefly through inter-marriage with those of other races. They will eventually be entirely assimilated and a better, braver, though not a kinder race, will populate these islands. This is Hawaii's destiny and it cannot be side-tracked. Ignorance and carelessness of the laws of sanitation and health are making dreadful inroads in the Hawaiian population and will continue to do so until the lessons of sweet-

ness, purity, light and fresh air are drilled into the young Hawaiian's mind along with religion, the drop-stitch, the history of the middle ages and the geography of Europe. Let us teach the Hawaiian that eating his mutton raw is likely to result in serious physical discomfiture; that he will be stronger and harder for sleeping with the window of his room open and the members of his family distributed around the rest of the house; that a doctor is generally more effective than a kahuna in the case of serious ailment; that it is inadvisable to keep wet shoes on the feet longer than is necessary, and that to dry wet clothes on the person, is as a rule an unsafe as well as an unpleasant proceeding. Here are a few instances where friends of the Hawaiians may do most effective missionary work. The use of alcoholic liquors has done its share to decimate the natives of these islands, but, to use a slangism, "there are others."

TAFT TELLS NEWSPAPERMAN HE IS LONESOME IN WHITE HOUSE

WASHINGTON, February 1.—President Taft pleaded guilty to a sense of isolation in the White House in his talk to the newspaper men at an informal reception tendered him at the rooms of the National Press Club yesterday afternoon. He confessed he was very human and liked to walk along the streets, look in the shop windows, have some folks come along and to give him a glance and then pass on without further notice, and even to have others take a glance, look again, nudge their companions and then, with a due sense of reverence to the presidential office, say, "Hello Taft." The President left his desk, a little earlier than usual yesterday afternoon. Attired in a gray sack suit and sweater he started out for his afternoon walk. He was accompanied by Capt. Archibald M. Butt, his aid, and Mr. Carpenter, his secretary. His first stopping place was the National Press Club rooms, at 15th and F streets. MEMBERS ON HAND IN NUMBERS. Here he was greeted by a large turnout of the members, who had been quietly tipped off in advance what was likely to happen. Arthur J. Dodge, president of the club, and Elmer Paine vice president, with other members of the board of governors gave the President formal welcome. He was shown through the library, the card room, the billiard rooms and other points of interest, finally repairing to the large assembly room which was crowded with members and fairly rang with applause upon his entrance. After the knights of the quill had been presented to him, each more or less in a novel way that frequently aroused shouts of laughter, in which he heartily joined the President made a brief address. He expressed admiration for what he had seen, especially the paintings and cartoons that adorned the walls, and said he was glad the newspaper men had a place where they might enjoy themselves after their hours of labor, if there were ever any hours when they were free. He referred to the pleasure he had received in meeting the Gridiron Club and paid a side-compliment to the humbler correspondents of the papers in the smaller towns. APOLOGY FOR COSTUME. "I have to apologize for appearing before you in a garb that I have found convenient to wear when walking through the purlieus of Washington," he said. "There are, I suppose, some limitations upon presidential pedestrianism but I have not found them as yet, except in tired muscles. "It is a very great pleasure to me to walk along the street, look into the windows and pass by a great many people who don't know who I am, and at times to meet a fellow who looks once at me and then passes on without any further curiosity, and another fellow who looks twice, nudges his friend, and then with that degree of reverence that he all feel for high office, says, 'Hello Taft.' "But there is in the White House a sense of isolation due to the fact that generally nobody drops in. Everybody who comes, comes by engagement, and you don't have that pleasant surprise that comes from having neighbors look in on you at odd times and with a feeling that they have a right to come. "I don't know that that feature of the White House life can be changed—perhaps it ought not to be; perhaps if we change the system we would only long to return to the system of engagements, for the engagements are many, times passes rapidly and business is active." GLAD HE CAME. In conclusion the President thanked the club for the courtesy of its invitation to pay it a visit and expressed his pleasure in meeting its members. "I hope I will remember every one of you," he said. "I want to, but I am sure that I won't. The only way one remembers is by constant association, and I am sorry to say that, as I look about here, there is only one-eleventh of this assembly I am likely to see. "However, I shall be glad to see any one of you who honors me by coming up to the office and who can get by Carpenter and Stone. We have inaugurated a new system there now, so that everybody gets in—at least, I think everybody gets in, judging by the fact that I do not get to my lunch until after 2 o'clock. "In any event, when you do honor me I shall be delighted to see you." After remaining to chat with individual members a few minutes, the President, accompanied by Captain Butt and Mr. Carpenter, took his departure amid a shower of applause and invitations to come again. Heavy lines were drawn on the club's register under the place where he and his companions had inscribed their names, that the historic event of their visit may stand out in due prominence. QUICK RESULTS. It is seldom necessary to take a second dose of Dr. Miles Anti-Pain Pills. One pill will, in most cases, relieve all distress caused by headache, backache, neuralgia, nervousness, ear-sickness, stomach ache, etc. When not entirely relieved, take another in 30 minutes. That's about the limit to which you endure pain. 25 doses, 25c. Never sold in bulk.

MAKING A PLEBISCITE VALUELESS.

It is hardly conceivable that the legislature would refuse or fail to pass a prohibition law if the people of the Territory should by plebiscite demand such a law,—except under one condition. There is one weak point in the proposed programme to secure a law by plebiscite: It must be remembered that the election of July will be followed by another election in November, a regular election, in which the opposing parties will have platforms which may or may not deal with the liquor question: If they do deal with it, members of the legislature elected on such platforms will be able plausibly to state that they have an instruction from the people which is later than that of the plebiscite of July,—and the question may thus be opened again. The proposition that should be submitted to the voters here is whether a federal prohibition law is wanted or not. It is not an interference in our local affairs to have a federal law passed in this way. It is, on the contrary, a most remarkable and unprecedented example of Congress waiting upon the people here for their expression of opinion. It is a most conspicuous application of the home rule doctrine to Hawaii by the Congress of the United States. But a July plebiscite to instruct a legislature which is to meet in February, with another election to take place between July and February, is of very doubtful value, unless there is a special session of the legislature before the regular election.

Delegate Kalaniana'ole's handling of the matter in Washington has shown remarkable and extraordinary and even unexpected shrewdness and generalship. But if he has at heart the two propositions to which he is supposed to be committed—prohibition for the people of his country and preservation of their local home rule,—he made a mistake in urging a purely technical recognition of the latter to the extent of disapproving a chance to have Hawaii vote on a law to be passed by Congress. It must be realized that the Prohibition, if to be applied here at all, will be more effectively applied by the federal authorities, and it must also be realized that Congress could hardly give a stronger and more striking recognition of the principle of home rule here than to ask the people of Hawaii to vote on a proposed federal law.

It really doesn't need any evidence to convince any ordinary business man that the Pacific Mail Steamship Company maintains a set policy of discouraging travel to Hawaii, as compared to travel to the Far East, and sidetracks all bookings for this port until assured before a given steamer leaves that she will have empty cabins unless Honolulu passengers are taken. The proposition speaks for itself. It is nothing to the discredit of the company. No reasonable business man would suggest that the company ought to sell tickets to Honolulu, and fill its steamers with passengers who will get off here and leave the three quarters of their journey with empty cabins.

Bryan is again a poor second. He is making speeches somewhere or other in South America. But Teddy, nabbing dik-diks in South Africa, gets all the space.

The Ontrigger Club yesterday took a very proper stand against professionalism, or too much financial element, in sports. It is a lead which we hope other athletic and sporting associations here will follow. Let us have athletics for fun, for health, for rivalry, not for profit.

The direct primary law appears to furnish another example of statutes bringing about results exactly contrary to those which the reformers who urged them expected. It was thought that they would purify politics, eliminate undue partisanship and, most important of all, give the people more direct voice in the selection of representatives. In Oregon a first result was the forcing of a Republican Legislature to send a Democrat to the United States Senate, because the Democrat in question had spent enough money to win at primaries even in a Republican year. Now comes the news that Senator Flint of California will not be a candidate for another term. The reason is that, being a poor man, he does not feel able to undertake the necessary expenses of a primary fight. Thus does it come about that measures whose sponsors thought they would reform politics, destroy machines and elect good men, lead directly to conditions worse than machinery and partisanship.

DRAINS UPON THE COUNTRY.

An Examiner editorial describes in striking terms a cause of American financial difficulties. It says:

"More than \$300,000,000 is sent to Europe every year by aliens in the United States to be deposited in savings banks or invested in lands. The figures are semi-official and doubtless not far from the truth.

"Italy, Hungary, Japan and other overcrowded nations are poor. They send their workers here by the hundreds of thousands. Wages are high here, and the cost of living in the countries named is low. The thrifty aliens save their money and send it home. From San Francisco and the Pacific Coast cities alone the Japanese are sending home an average of a million dollars a month.

"There is no way to prevent this enormous drain of American cash. The aliens earn it, save it, and may do as they please with it. But their thrift hurts the United States.

"There are other serious drains of American millions. Every year, for instance, Americans send \$300,000,000 to owners of foreign ships. These millions, earned in the United States, go to swell the deposits in foreign banks.

"From \$100,000,000 to \$200,000,000 is taken from the United States every year by rich American tourists.

"It would be difficult to estimate the number of millions sent to Europe every year by rich Americans for luxuries. In the fiscal year 1908-9 Americans sent to Europe \$32,000,000 for diamonds and jewelry. They sent \$5,000,000 for millinery and \$11,000,000 for feathers and flowers.

"The one glimmer of light in the matter is that the United States is the richest nation on the globe and can afford it." There is no other part of the country to which this applies so strongly as to Hawaii.

This was authorized, the additional amount to come, if possible, from the sale of the present Y. M. C. A. building.

THE IDEAL SPOT.

Every one is looking for it and everyone feels he has discovered it when he has spent a day or two at Haleiwa. It is the pleasantest and most restful spot in the Territory. Broad lanai, pleasant climate, delightful surroundings and good meals. The distance from Honolulu makes Haleiwa easy of access to motor car or train over the Oahu Railway.

Commercial News

BY L. D. TIMMONS.

This has been another very quiet day in stock circles, transactions being few and there occurring no surries as to prices which could not be easily accounted for. While the disposition to buy was not pronounced, certainly there was no rush to sell. Between boards 20 Pioneer sold at \$217.50. There were no bids recorded on the board this morning, although the stock was offered at \$220. A considerable block of Hawaiian Sugar—100 shares—sold at \$52.75. This morning \$52 was being offered and \$53 asked.

McBryde held at \$7.25, and Oiaa at \$6.875, both selling on the street and Oiaa on 'Change at those figures. For McBryde \$7.125 was bid this morning and \$7.50 asked. Oiaa was \$6.875 bid and \$7 asked.

Between boards 10 Hawaiian Commercial sold at \$38.50. This morning \$38.375 was bid and \$38.75 asked. On the boards this morning 50, 100 and 10 Pineapple sold at \$29.50. The same was bid for more, but holders demanded \$29.75.

Thirty and 10 Oahu changed hands at \$36. At the close \$35.50 was bid and \$36.25 asked.

The new Matson steamship Wilhelmina wirelessed in last night that she would arrive at 3:30 this afternoon, having been delayed. This morning, however, she stated that she could not make port before 5 o'clock.

SPORTS

STREET TALK OF A BALL COMBINE

A new suggestion has been made by baseball fans in regard to a series for the big league. The idea is undoubtedly the outgrowth of the difficulty experienced in arranging an attractive season at the league park—a series of games that would attract and hold the crowd. Baseball is now so common that the city will not go far to witness any game, however good. All of the big leaguers know that, and some of them propose to meet the situation by coming into town—or doing what Mo-homet had to do to the mountain. The suggestion as it is being passed around is to make a combination with the Oahu League for joint games at Aala Park. For instance, on Saturdays there would be one Oahu and one big league game, or vice versa, and on Sundays the same. These games would follow each other, so that the one admission charge would cover both. A difficulty in the way of this plan, however, is that the Punahou will likely not be willing to play on Sunday. It is stated in reply that the schedule can be so arranged that all of the games in which the Punahou take part be played on Saturday. It must be understood that neither league has discussed this matter officially, and that up to now it is only talked of by the fans. A meeting of the Oahu Baseball League will be held on the evening of March 3 for the purpose of reorganizing for the season of 1910, and it is possible that something definite on the matter above indicated will be presented for consideration at that time.

JEFFRIES BETTER THAN THE "SMOKE"

Recent measurements taken of Jeffries and Johnson have led experts to believe that Jeffries will have the better of the fight if it should happen to be a long-drawn-out affair. The fact that he possesses such enormous chest capacity is pointed out as indicating wonderful endurance, which, of course, is essential in a long battle. The former champion's chest capacity is nothing short of wonderful and excels Johnson's so much that it is contended the colored champion would be apt to tire much easier than Jeffries. The strength of the heart and muscular condition play important parts, and in the former, too, Jeffries seems to have the better of the argument. In but one thing does Johnson excel, and that is in the remarkable development of the upper part of his body and arms. These are most wonderful and capable of delivering a blow which should lay almost any opponent low.—Seattle Star, Jan. 29.

TWO DAYS OF ROPE PULLING CONTEST

A. K. Vierra is making excellent progress in the arrangements for a big tug-of-war series at Athletic park. All of the teams heretofore spoken of have been regularly listed for the competition, and it seems likely that one or more additional teams will enter. There will be two days of the sport—February 27 and March 6. This is made necessary by the fact that there will not be time in a single day for the final championship competitions. The latest team to show up for entry caused the manager to scratch his head and think. It is a police bunch. A rule already established fixes the maximum weight of competitors at 200 pounds. Of course the policemen would go above that and then some. In fact 250 or 300 pounds would come nearer catching them. If nothing else can be done the big policemen may be allowed to pull the winning crew in a final contest. It is feared even now with a maximum of 200 pounds weight, that the Japanese will be entirely out

of it, as they would be too light to do much. The prizes, which run up to \$150, are sufficiently large to ensure the warmest of competition.

WAIALUA RACES TRIPLE HEADED

Nigel Jackson stated this morning that he had obtained three more substantial prizes for the races to Wai-alua on Sunday week. He has enough shoes, baseballs and whatnot up now to start a first class country store, and certainly every runner will be able to annex a prize of some sort. The original plan of having a Marathon only has been changed considerably, motorcycle and bicycle competitions having been added. The motorcycle race will start at 7 o'clock so as to clear the road before anything else starts out. Five minutes later the bicycles will start and at 7:15 the Mayor will fire the starting gun for the runners. In the meanwhile the excursion train will get under way and will be at Halelwa in time for the finish.

MEMSIC-POWELL DRAW. LOS ANGELES, February 16.—Memsic and Powell fought a draw here last night.

ANOTHER GAME IN HANDBALL SERIES

Although no game in the Y. M. C. A. handball schedule was set for yesterday afternoon, two of the players met there and decided to have their "go" out. This was agreeable to Dr. Hand, and a moment later Purvis and Ewalko were in one of the fiercest handball mixups ever seen in the old "gym." It was pitiful day for the Hawaiian, however, Purvis winning the match by a score of 45 to 21. This brings the series down to the last bunch, and all of them will be played on the 18th as follows: Fook On vs. Nott, at 5 o'clock; Sing Hung On vs. Gertz, at 5:30; Cushingam vs. Evans, at 7:30. Thus far the series has been quite successful, although the students are being gradually left behind by the veterans with whom they are competing.

At the meeting of the Outrigger club held yesterday the following officers were elected for the ensuing year: Judge S. B. Dole, president; Alexander Hume Ford, first vice president; Judge P. L. Weaver, second vice president; F. T. P. Waterhouse, treasurer; G. H. Tuttle, secretary; Ralph Lyon, auditor; Kenneth Brown, captain. House committee—A. H. Ford, chairman; Alan Herbert, Ed. Dekum, Charles Hustace and D. Center. Reports read showed the club to be in a very satisfactory state in all particulars. The rules and by-laws were read and adopted, but not until a proposal to allow the juniors to take money when offered for taking tourists out in canoes, was quashed. A majority of the members desired that nothing like money making be allowed to creep into the sports or plans of the organization.

AVOIDED. Diphtheria is usually contracted when the child has a cold. The cold prepares the child's system for the reception and development of the diphtheria germs. When there are cases of diphtheria in the neighborhood children that have colds should be kept at home and off the street until recovered. Give them Chamberlain's Cough Remedy and they will not have to remain at home long. It also cleans out the culture beds, which form in a child's throat when it has a cold, and minimizes the risk of contracting infectious diseases. For sale by all dealers. Answer This Question

When thousands of women say that they have been cured of their ailments by a certain remedy, does this not prove the merit of that remedy? Thousands of women have written the story of their suffering, and have told how they were freed from it by Lydia E. Pinkham's Vegetable Compound—for thirty years these reports have been published all over America. Without great merit this medicine could never have gained the largest sale of any remedy for woman's ills—never could have become known and prized in nearly every country in the world. Can any woman let prejudice stand between her and that which will restore her health? If you believe those who have tried it you know this medicine **does** cure. Read this letter from a grateful woman, then make up your mind to give Mrs. Pinkham's medicine a chance to cure you. **Brooklyn, N. Y.**—"I am a firm believer in Lydia E. Pinkham's Vegetable Compound. I was a great sufferer from organic female troubles for years, and almost despaired of ever being well again. I had bearing-down pains, backache, headache and pains in my abdomen, and tried Mrs. Pinkham's Compound as a last resort. The result was astonishing, and I have used it and advocated it ever since. It is a great boon to expectant mothers. I have often said that I should like to have its merits thrown on the sky with a search-light so that women would read and be convinced that there is a remedy for their sufferings. My husband joins me in its praise. He has used it for kidney trouble and been entirely cured."—Mrs. E. A. Bishop, 1915 Atlantic Ave., Brooklyn, N. Y. For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Senator Crawford Presents Well Worn Theory to Account For High Prices.

(Associated Press Morning Service.)

WASHINGTON, February 16.—General Wotherspoon and Major Ham of the army and Commander Maxwell of the navy left yesterday for Panama to select sites for the fortifications which will be erected in the canal zone. General Crozier, chief of ordnance, and General Marshall will follow shortly.

The location of the canal fortification will rest practically in the hands of these officers, who will also report on the size and number of the guns needed. It is the intention of the government to make Panama as nearly impregnable as possible.

CHINA'S RULER AND WASHINGTON

Hon. Liang Kwo Ying, Consul for China, has invited Governor Frear and other officials to a reception in honor of the birthday of H. M. Pu-yi (Hsuan tung), Emperor of China, from 2 to 3:30 p. m. on Tuesday, February 22. His Majesty was born February 11, 1896, according to the throne under a regency in 1908. The true anniversary of his birth therefore came this year in the midst of the Chinese New Year jubiliations. Possibly it is a good omen that the consular celebration of the event falls on Washington's birthday. Pu-yi may grow up to be the father of his country.

BY AUTHORITY

BILL NO. 29.

AN ORDINANCE PROVIDING FOR THE INSPECTION OF MILK AND DAIRIES AND DAIRY COWS, AND REGULATING THE SALE OF MILK, AND PROHIBITING AND PUNISHING THE DEFILETION OF UNWHOLESOME, IMPURE OR ADULTERATED MILK IN THE CITY AND COUNTY OF HONOLULU.

Be it ordained by the People of the City and County of Honolulu:

SECTION 1. No milk producer or milk vender shall after this Ordinance becomes operative, either himself or through his agents, servants or employees, offer or expose for sale or sell or deliver for sale, use or consumption within the City and County of Honolulu, any milk without first having obtained from the Board of Supervisors of the City and County of Honolulu a permit so to do as hereinafter provided:

SECTION 2. To procure such a permit, the applicant therefor shall present to the Board of Supervisors a written application, and shall state therein the name and business and residence addresses of the applicant, the source or sources from which said applicant obtains or will obtain supplies of milk, the number of cows in the possession of said applicant, the daily average quantity of milk produced, and the daily average quantity of milk disposed of by said applicant, and the manner and character of such disposition. He shall within four months after the filing of such application furnish a certificate from a veterinary surgeon showing that all such cows are free from tuberculosis. The Board of Supervisors shall provide for the testing of cows and the furnishing of such certificate without charge to the applicant. Such application shall be made to the Board of Supervisors upon printed blanks to be furnished by said Board for such purpose. Such application shall further state the specific brand or business name, if any, under which said milk is to be sold, exchanged or distributed.

SECTION 3. If the Board of Supervisors, upon such application, shall determine that the statements therein made are true and satisfactory, it shall be the duty of the Board of Supervisors to direct the City and County Clerk to issue, and said City and County Clerk shall thereupon issue to said applicant a permit to sell, expose or offer for sale, exchange, deliver or distribute milk within the City and County of Honolulu.

SECTION 4. One such permit shall be required for each place of production, general sale or storage of milk. Such permits shall be issued only in the names of the owners of the supply of milk thus on storage or for sale, and shall for the purpose of this Ordinance be conclusive evidence of such ownership. No such permit shall be sold or assigned or transferred. Such permit shall be subject at any time to revocation by said Board of Supervisors in its discretion upon sufficient cause therefor shown; provided, however, that no permit shall be revoked until after a hearing given by the Board of Supervisors in the matter of the revocation of such permit after (5) five days' notice in writing has been served on the owner of such permit, which notice shall state the ground of complaint against such owner, and the time and place of such hearing; and provided further, that no permit shall be revoked by said Board of Supervisors for the first offense without the unanimous consent of all the members of said Board.

At least once each year every person or persons, firm or corporation holding such permit shall register with the City and County Clerk his or their name and permit number, and shall make a written statement to said Board of Supervisors containing all the information required to be given by applicants for permits in their written applications for permits as hereinafter provided; and all applications for permits and all such written statements required as aforesaid shall be registered in a register to be kept by the City and County Clerk for that purpose.

SECTION 5. No person or persons, firm or corporation shall sell or expose for sale or exchange or deliver or distribute, within the limits of the City and County of Honolulu, milk from any wagon or vehicle, unless such wagon or vehicle shall have exposed on both sides thereof the permit number of the person or persons, firm or corporation selling or offering or exposing for sale, or distributing or delivering or exchanging such milk. Such permit number shall be

pointed on said wagon or vehicle in Arabic numerals not less than three (3) inches in height, and shall be placed on said wagon or vehicle under the direction of a duly appointed milk inspector, and in case milk is sold from cans or vessels (not carried in any wagon or vehicle), then the permit number as aforesaid shall be put in a conspicuous place on such can or vessel immediately below the opening thereof, so as to be plainly visible on superficial inspection; or if such milk is sold or exposed or offered for sale, delivery, distribution or exchange within a store or house, or on the sidewalk of any street in the City and County of Honolulu, then such permit number shall also be constantly exposed in some conspicuous manner of the place where such milk is sold or kept, so as to be plainly visible.

SECTION 6. It shall be unlawful for any person or persons, firm or corporation, by themselves or by their agents, servants or employees, in the City and County of Honolulu to render or manufacture, sell, offer for sale or exchange, deliver, distribute, or have in his, their or its possession with intent to sell, expose or offer for sale or exchange, or distribute for human consumption, any impure, adulterated, unhealthful or unwholesome milk, or any milk from which the cream has been skimmed or separated unless the same is specifically and openly stated to be skimmed milk.

SECTION 7. Milk shall be deemed to be impure, adulterated, unhealthful and unwholesome within the meaning of this ordinance under the following stated conditions, viz:

1st—Milk containing less than eight and one-half per centum (8 1/2%) of milk solids, excluding milk fat

2nd—Milk containing less than three per centum (3 per cent.) of milk fat.

3rd—Milk drawn from cows within fifteen days before or within five days after parturition.

4th—Milk drawn from cows fed on any unhealthful or unwholesome feed.

5th—Milk drawn from cows kept in an unhealthy or unsanitary condition, or from cows affected with any form of infectious, contagious or transmissible disease, or milk which contains more than one million bacteria per cubic centimeter.

6th—Milk from which any part of the cream has been removed, and milk which immediately upon being drawn from the cow shall not have been cooled by submerging the vessel in which the milk is contained in cool water to a depth equal to that of said milk in the vessel, or else cooled by a process of aeration, and kept in a cool place at a temperature of not higher than seventy-seven degrees (77 deg.) Fahrenheit until removed for delivery thereof.

7th—Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever.

8th—Milk drawn from cows or by milkers that are themselves in a condition of filth or uncleanness.

9th—Milk which is shown by analysis to contain any substance or substances of any character whatsoever not natural or normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk.

10th—Milk containing any preservative or antiseptic.

SECTION 8. It shall be unlawful for any person or persons, firm or corporation to have or carry on any wagon or vehicle upon or from which milk or cream is being or is brought, carried, stored, deposited, sold, exchanged, delivered or distributed, or offered or exposed for sale or distribution as food for any human being, any swill, garbage, refuse or any decaying or fermenting, putrefying, foul unwholesome, noxious or filthy matter, or any cans or receptacles containing any material or substance with which cream or milk might be diluted, adulterated or rendered impure, unwholesome or unhealthful.

SECTION 9. The Board of Supervisors of the City and County of Honolulu shall appoint one or more milk inspectors as may be necessary to carry into effect the provisions of this ordinance. The salaries of such inspectors shall be fixed by the Board of Supervisors. Said inspectors shall have all the powers and shall perform all of the duties provided in this ordinance, and shall have such other powers and perform such other duties as may be hereafter prescribed by the Board of Supervisors.

SECTION 10. It shall be the duty of the City and County Physician to exercise practical supervision in respect to such milk inspectors, and said milk inspectors shall be subject to the direction at all times of said City and County Physician. Said milk inspectors shall make weekly reports to the said City and County Physician of their official doings.

SECTION 11. In order to carry out the purposes and provisions of

this ordinance the City and County Physician, the milk inspector or inspectors and any other duly authorized officers of the City and County of Honolulu, and any member of the health and sanitation committee of the Board of Supervisors, shall have the right at any and all times to enter upon or into the premises of any producer or vender or distributor of milk authorized under the provisions of this Ordinance, and any refusal on the part of such producer or vender or distributor to allow such entry and such inspection as may be required by such City and County Physician, milk inspector or other officers, may be punished by the revocation of the permit of such producer, vender or distributor by the said Board of Supervisors. And it shall be unlawful for any person or persons, firm or corporation to obstruct or interfere with the City and County Physician, a milk inspector or any other duly authorized officer or employee of the said City and County in the performance of any of the duties required by this Ordinance.

SECTION 12. It shall be the duty of the milk inspector or inspectors to inspect from time to time all dairies and other milk establishments in the City and County of Honolulu, for the purpose of satisfying himself or themselves that the provisions and requirements of this Ordinance are being observed and obeyed.

SECTION 13. The City and County Physician, the milk inspector or inspectors and other officers of the City and County as hereinbefore described shall have the right to enter and have free access, egress and ingress to all places where milk is stored or kept for sale, and to all wagons, carriages or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the carrying or transportation or delivery of milk for the purpose of consumption in the City and County of Honolulu.

SECTION 14. The City and County Physician and the milk inspector or inspectors shall have the right at any time to take samples of milk from any person, persons or concern selling or exposing for sale or exchanging or delivering or distributing milk in the City and County of Honolulu not exceeding one quart for each sample, such sample to be taken in full view and in the presence of the person from whom said sample is taken, and shall then and there furnish to the person from whom such milk is taken one-half of such sample sealed, and shall retain and seal the other half of said sample. Such sample so retained shall have written thereon an identification number, the date of the taking of the sample and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person taking such sample in a book to be kept for that purpose, showing the name of the owner or driver from whom taken, the date when the same was taken and the number of the dealer's permit.

SECTION 15. Nothing herein contained shall be construed to prevent the use, sale or manufacture of what is known as condensed milk, or what is known as buttermilk, or what is known as sour milk, provided the same are made, compounded or prepared from pure, clean, fresh, wholesome and unadulterated milk within the meaning of this Ordinance, and are in sound and wholesome condition; and provided also that in the case of condensed milk the proportion of milk solids shall be not less than twenty-eight per cent. (28 per cent.), of which not less than twenty-seven and one-half per cent. (27 1/2 per cent.) shall be milk fat.

SECTION 16. Pure skimmed milk shall be permitted for sale or delivery, provided that the cans or vessels containing it shall be distinctly labeled "Skimmed Milk" in letters one and one-half inches high.

SECTION 17. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than five dollars (\$5.00) and not more than one hundred dollars (\$100.00), or by imprisonment for a term of not exceeding three months, or by both such fine and imprisonment.

SECTION 18. This Ordinance shall take effect thirty days after the date of its approval.

QUESTION OF WOMAN SUFFRAGE

(Continued from Page One.)

of the home is affected by the ballot and the women of Great Britain rich and poor alike, wealthy or destitute, have risen in a mighty body to no longer appeal, seeing that attitude was useless, but to demand the rights controlled only by the ballot and defined them and their children for so many generations. It is because the British laws are so stringent in their decrees whereby, for instance a widow at her husband's death is deprived of the management of her own property, even though it has descended from her own people, and because the eldest son alone and his direct heirs on through posterity are given the sole bounty, that the mothers have found more sorely their need of a voice in need, are naturally more desperate, so the fury which has driven our English sisters to acts of violence, has not been transmitted to us. Although there is not the vital need of woman's suffrage in America, as in the older countries, yet the venturing into commercial fields where so many thousands of our women have been forced, compels it. Woman has found her commercial value and she is now encountered in every path of the professions and the business world.

And if this be true of the mainland, why not of Honolulu and in fact all other parts of the so-called civilized world?

In Hawaii as is well known, at least thirty-five per cent of our women are out in the world following various and diversified occupations, such as teachers, office employees and heads of many departments.

On the plea that there is no justice in discrimination we must assume that if Congress grants to our women the right of suffrage on this particular question it must grant it in all those laws which affect the family life.

Women for example, have no voice in the education of their children. And who is more fitted to decide this vital and all important feature than the mothers of those children? True, there are women on boards of education, but these are appointed by men. Little young lives are easily moulded and for the small children it has been frequently asserted, the older and more experienced teachers should be selected.

There have been some very strong arguments made by women in Honolulu in favor of woman's suffrage. One made by a bright, experienced woman of education was as follows:

"For myself I totally disapprove of men juries for trying women. The law tells us we are tried by a jury of our peers, but are men my peers? Can men understand the feelings and motives of women? I think not. And if I commit a crime, for which men find me guilty, I at least want something to say in the making of the rope whereby I must be hanged. I should not like to see young inexperienced school girls on juries, understand, but women of experience in life, preferably those who are or have been wives and mothers. Women sometimes say to that, 'Well you would not be dealt with so mercifully,' what an absurd declaration. Is the court room a charitable institution? I should not expect mercy there, but justice. And that by the way is what we do not often find in juries composed of men. Let me cite you an instance on record.

"A few years ago in Rhode Island a pitiful case came into court. A woman driven to desperation by the drunken stupor of her debauched and worthless husband in a mad frenzy struck and killed him. All night she trudged through the country with her five little children and carrying a young child in her arms. They caught her at last and she was thrust into prison. They waited till her baby was born and weaned, and then in the face of protests from women all over the country, and in the face of the fact that she pleaded she was frenzied with care and grief and knew not what she did, they hanged her. A jury of women would have understood that woman's feelings, and not only would they have pardoned her but willingly helped her to earn an honest living with her children. I feel perfectly sure, though had she been young and pretty, and had committed the same crime under a little different circumstances, she would have even so been acquitted."

A learned woman, who has faced life in its various phases said as follows:

"Why do I advocate woman's suffrage? Because what uplifts man, uplifts woman and if we were to put a man in bondage giving him only one half his rights denying him representation, yet compelling him to support the civic part, there would soon be dissention. While a woman is a

home-maker no civilized man of today classes her as a house slave, but places her beside him as his complement and equal. If the low lived foreigners who have made our slums can vote, I most certainly cannot see why an intelligent American woman cannot. She may possess land and estates, and if so she must pay her taxes. And as a criminal she is treated like a man. So it seems to me it is reversing civilization, when she is denied the vote with her brother, lover or husband. In Stockholm the women vote with the men, and the result is a beautiful city cleared of infamous resorts and is one of the cleanest and most beautiful cities of today. Men will argue that as there are sixty thousand questionable women in New York City alone the vote if given to them would insure unclean government. I should like to ask these men in reply, how many immoral men are there in New York City, some of whom are ruling its government today?"

A prominent tourist who is visiting Honolulu, spoke as follows:

"Every woman with large estates, should have a right to vote especially while she has no man to voice her sentiments. If a man who has absolutely nothing is permitted the ballot, I think the daughters of those great men who helped to build our country financially and otherwise should not be barred out."

A prominent lady in very high social standing who is well known to have the interest of the Hawaiians at heart gave her views:

"Woman's suffrage is certainly not a thing to be lightly treated and should be deeply thought over."

"I do not believe that, the vote should be given to women at large—there should be a limit, but I do think that women holding property and paying taxes thereon should be given the right and a voice in public affairs. Women, who are competent and endowed by nature, should be recognized and given the right to fill and hold responsible positions. I firmly believe, that when man shall and will give to woman her right of heritage and will work with her as his equal, granting to woman the 'spheres' were she is best suited and is the 'better judge' of how and when to do and by her keener intuition is the better master."

In plain words, if a woman has the brain and ability to become a lawyer, doctor, etc., she should have the right and perfect liberty to do it—without restraint I do not believe in the suffrage by storming and a woman woman lowering herself."

Mrs. Frear is heading the movement in Hawaii which promises to become interesting. She said:

"The women have shown themselves worthy of great things in coming so promptly to the front. I have no doubt if suffrage were granted the Hawaiian women, they would take a great interest. It is a matter of history that the rank in olden times descended from the side of the mother, who were great factors in the early days. Yes, if women were given the ballot I would vote. I should feel it a duty; realizing as men do the necessity of balancing the votes of the opposing parties I think every intelligent woman would do the same."

Mayor Fern was asked for his view "Do you think that the Hawaiian women, if allowed a vote, could be bought for the price of a hat as it has been said women electors could be?" Is the way the question was put to him.

The mayor smiled and delivered an utterance of Solomonian wisdom but Delphic ambiguity: "I know of men who can be bought for a lot less than the price of a hat," said His Honor.
