JAP STEAMER FOR AMERICAN RAILWAY

LET ENOUGH BLOOD TO HINT AT INJURY

DIPSOMANIAC'S DEMISE WILL BE SUBJECT OF INQUIRY THOUGH HE PROBABLY HIT HIS HEAD ON CURBSTONE WHILE DRUNK—EXAMINATION FAILED TO SHOW INJURY IN SPITE OF BLEEDING—LIQUOR FUMES FIRST EVIDENCE TAKEN.

In the not altogether explained death of M. J. McGannon a chronic inebriate has departed this life for a protracted period of sobriety, but that does not settle the question as to why science, in the character of the Queen's Hospital emergency medical examination corps, failed to find that the man was injured.

McGannon was picked up from the gutter in front of the entrance to the Criterion saloon, corner of Bethel and Hotel streets, shortly after 11:30 o'clock Monday night, sent to the hospital, declared drunk and nothing else, taken to a cell, later discovered to be sleeping too soundly, and taken to the hospital again where he died under a second examination. The second examination developed, beyond peradventure of a doubt, that the phenomenon of death had manifested.

Police and hospital people say there was no mark of injury. Nevertheless, there was mopped from the sidewalk in front of the Criterion enough blood to have indicated, to an observer, either an external wound or an internal hemorrhage. Certainly the blood on the pavement could not have been mistaken for anything McGannon may have been drinking.

An inquest, by the way of endeavoring to throw some light on the method of McGannon's death, will be held this evening.

McGannon, though there has been created an impression to the contrary, had not been drinking in the Criterion saloon. He had not been in there at all on Monday evening. This fact is evidenced by the late watch at the Criterion. He acquired his farewell jag, for there seems no doubt that he had been drinking heavily elsewhere. Incidentally he was generally refused anything to drink in the better class saloons and the Criterion force always made it a point to chase him out.

When closing time came, Monday night, a Japanese employe of the Criterion went out to close the iron gates and noticed a quantity of blood on the pavement. He removed the ugly stain as well as he could see at that time to do. In the morning a Portuguese employe was set to work to remove bloodstains that had not been removed the night before. So it may be seen that McGannon must have had some injury to have spilled so much blood.

From the attitude in which the injured man was lying and from other indications it is probable that McGannon fell, while crossing from the mauka side of Hotel street, striking his blow against the hard curb, inflicting a mortal wound, the eyebrow possibly serving to hide external indications of the injury. Whether the blood came from his mouth or his forehead is not certain.

Possibly the fumes of liquor made the examination at the hospital less thorough than might have otherwise been the case; possibly the circumstantial evidence was given more weight than it deserved; possibly poor McGannon's reputation was against him.

The second examination revealed a fracture of the skull, and death.

McGannon was a well-known and peculiar street character. Liquor indulgence had prejudiced him against toil of any kind. He went about, shuffling, night and day, with a horrid stare, and touched where he could for a dollar or a dime to quench his ever raging thirst.

When the Atlantic fleet was here, McGannon, drunk and tottering, perched on the end of a wharf to met his son who was a tar aboard one of the big battleships, but the boy was at first ashamed to come ashore to meet his old man, fearing that his comrades would guy his father when they saw he was a common soak.

But the lad was not going away from Honolulu without trying to give his father a brace and he finally came ashore and talked to him, urging him to take a hold on himself and get straight. Far from guying him, young McGannon's comrades sympathized with him and made the remark around town that it was too bad that so fine a chap as their shipmate should have a father going to the bad.

The news of his father's death will probably not surprise the son.

HAWAIIAN PAPER AT EXPOSITION

W. J. Cooper, the Hawaii Promotion Committee's editor of Hawaiian news articles for the mainland press, is going to Seattle in the transport Dix to conduct a newspaper in connection with the Territory's exhibit at the Alaska-Yukon-Pacific Exposition.

RELIEF FROM RHEUMATIC PAINS.

The great pain relieving power of Chamberlain's Pain Balm is clearly shown in cases of sciatica and inflammatory rheumatism, both of which are extremely painful, but one application of this liniment gives relief and enables the sufferer to sleep, which in many instances he has not been able to do for several days. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

Jack Bergstrom, piano tuner formerly with Bergstrom Music Co. Telephone 581. P. O. Box 40.

OAHU PLANTATION BREAKING RECORDS

WITH LITTLE MORE THAN HALF THE CROP GROUND AN EXCESS OF 2400 TONS OVER THE ESTIMATES IS SHOWN — GOOD JUICE TELLS TALE OF PROSPERITY—WAIALUA IS EXPECTED TO EXCEED ESTIMATES BY OVER TWO THOUSAND TONS OF SUGAR.

With a little over half the crop ground, Oahu Plantation has produced over twenty-four hundred tons more sugar than was estimated and Manager Bull is in the receipt of congratulations upon the fine showing from all who have heard the good news. Up to the present time the Oahu mill has turned out 19,554 tons of sugar and the cane fields which have already been cut were estimated to yield but 17,153 tons, thus making a clear excess of 2401 tons over the estimated product.

As is the case almost all over the islands the fine quality of juice is the cause of the excess. The present season with plenty of sun, which has meant lots of juice and comparatively a small amount of fibre, has been an unusually good one for these islands.

It is stated and on good authority, though not coming direct from the plantation agents, that Waialua is expected to run at least 2,000 tons over the estimate made at the beginning of the season. In fact it is said that the figure mentioned is small and it is much more likely to be substantially increased than to be diminished. Waialua is now in good shape, and while it is hardly expected that there will be an increased dividend on the stock, it is likely that one or two melons in the shape of extra dividends may be cut before the close of the year.

QUARTERLY REPORTS.

At the last meeting of the Pioneer Mill Company a resolution was passed providing for quarterly visits by a directors' investigating committee, and such a committee is now at the plantation and is expected to return Saturday. The resolution providing for such visits was following the policy of Oahu Sugar Co., which has a committee visit every month. Pioneer is to have quarterly reports from such a committee hereafter.

MAYOR FERN'S PROCLAMATION

TO THE PEOPLE OF HONOLULU:—It is planned by a number of religious and other organizations, and by many of our citizens, to observe next Sunday, May 9, as "Mothers' Day." This is an observance which has found much favor in many communities of the mainland. Its purpose is to recall, what in this age and country of separated families, is all too apt to be forgotten, the universal and abiding obligations of love and duty to the mother who bore us and whose unselfish care watched over our childhood and youth. Surely no purpose could be more in the line of promoting good citizenship and making ours a better city and country.

It is with pleasure and gratification, therefore, that I accede to the request of those who are promoting this observance, to call the attention, as far as I can, of the public, and particularly of the young men of this City and County to it, and to urge as general a participation in the observance as may be found practicable.

It is desired that the observance of the day shall be made distinctive by four things: That every young man will wear in the lapel of his coat a white flower, preferably a white carnation; that he will attend at least one service on that day in the church of his choice; that he will write to his mother (if living and absent); and that he will seek to do at least one specific act of kindness.

There can be no doubt but that a widespread observance of "Mothers' Day" will work to civic betterment.

(Signed) JOSEPH J. FERN,
Mayor, City and County of Honolulu.

Honolulu, May 5, 1909.

SALOON FOR LEILEHUA

PROMOTERS HAVE HARD TIME TO GET LOCATION — ANTI-SALOON LEAGUE WILL FIGHT.

If the lease of conveniently located property can be obtained, which at present seems doubtful, an application for a saloon license at Leilehua will soon be made to the local Liquor Board. It is understood that Charles G. Bartlett, of the Honolulu Brewery, will make the application and that he has agreed with the officers of the Fifth Cavalry that he will sell nothing stronger than beer to any of the soldiers from Camp Schofield.

There are two difficulties in the way of the location of a saloon at the Cavalry post. The first of these is that the land on which it is desired to locate the resort must be leased either from the Dowsett Estate or the Oahu Railroad. The second is the fact that the Anti-Saloon League will fight the proposition in every way before the Liquor Commissioners. In regard to the leasing of land it is stated that the Dowsett estate will refuse to lease any of its land for saloon purposes at the point mentioned. It is understood that the railroad company is liable to take the same stand.

In speaking of the stand which would be taken by the Anti-Saloon League in the matter Superintendent Woolley made the following statement this morning:

"We will fight the establishment of a saloon at Leilehua just as hard as we can, regardless of the statement that only beer will be sold to the soldiers. While I realize that the officers of the Fifth Cavalry are in a difficult position, I do not think that it is right to evade the expressed wish of Congress that liquors shall not be sold on military reservations. It seems to me certainly an attempt at evasion to encourage the placing of a saloon just across the line.

"You know just as well as I do that the proposition of selling beer alone will simply encourage the selling of so-called hard liquor illicitly. A man who gets drunk on beer will want whiskey and the blind pigs will flourish. The time has come to determine whether the number of saloons here shall be increased or kept as now, if not diminished. As I say we are not influenced by the plan to sell beer only to the soldiers."

TENGU JAPAN RICE.

The Tengu Japan Rice, a direct import from the fields of Japan which K. Yamamoto of Hotel street has received, is considered the best rice in Japan. Mr. K. Yamamoto is starting a rice mill here and expects a large trade.

PUBLIC WORKS

DEPUTY KLUEGEL WILL CARRY OUT PLANS IN THE ABSENCE OF THE CHIEF.

Some important public improvements will go right ahead notwithstanding the absence of Superintendent Marston Campbell. C. H. Kluegel, Deputy Superintendent of Public Works, is in charge of the department while the chief is absent.

One of the most needed works is the repairing of Hackfeld wharf and it only awaits the lumber for it coming in the steamer Pleiades, which has 190,000 feet of lumber for the department.

On May 15 the bids will be opened for the Palama sewer extension through Pua lane and vicinity. For this work the late Legislature voted $1500.

The same day bids will be opened for erecting a 3-room school house at Pepeekeo, Hawaii.

All proprietors affected by the proposed widening of Hotel street have come to terms excepting C. Bolte, who is absent from the Territory He owns the lot occupied by the offices of sundry doctors between Alakea and Richards streets, the strip wanted from him containing 1348 square feet.

SHOCK OF TRAGEDY PROSTRATES WOMAN

Three children playing in a house in which was a loaded shotgun, yesterday afternoon at Watertown, Pearl Harbor, resulted in the death of the two-year-old daughter of Steve Berrigan, head engineer for the Hawaiian Dredging Company, the baby receiving the discharge in the abdomen and lingering an hour and a half. The shock apparently dulled pain, and death, though slow, was seemingly without agony.

At 2 o'clock the child went to Captain Parker's house, adjoining Berrigan's, and played with her five-year-old sister and the little Parker boy. The children got hold of the gun and it was discharged, the load passing through a screen door on the other side of which baby Berrigan was.

Dr. Wayson responded in his auto to the telephone call and brought parents and body to town.

Mrs. Parker was so overcome on account of the schock of the tragedy that she had to be given opiates to control her.

THEIR IDEAS.

First Bull (being chased by several policemen)—Which way shall we go?

Second Bull—It's hard to decide.

First Bull—Let's toss a copper.

DANCE AT MOANA FOR LOGAN TONIGHT

Providing the Transport Logan arrives on time today, there will be a dance given at the Moana Hotel in honor of the officers and ladies aboard her. The Royal Hawaiian Quintet Club will furnish special music during dinner and for the dance that will follow. All hotel guests, visitors in Honolulu, and Honolulu people are invited to attend.

Watch and jewelry repairing requires the highest skill. H. Culman, Fort and Hotel, is skillful and devoted to his trade.

HUGE MUSKRAT ATTACKS MAN

READING, Pa., April 20.—While on his way home from work John Haas, of Millmont, was attached in a most peculiar manner, and then followed an experience which he is not likely to forget. He was walking along, when he felt a peculiar sensation on his left leg.

Glancing down, he saw an object which he first thought was a cat. He knocked the animal down, but it jumped at him again, and he called for help.

Several men responded, and after a fight the animal was killed. It proved to be a monster muskrat. Mr. Haas' trousers were torn and he was botten in several places on the leg.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

THE LOG-BOOK

On Friday morning the American-Hawaiian steamer Columbian is expected to appear around Diamond Head bringing nearly a week's mail for this city from San Francisco. The next mail after that will be brought to this city by the Mongolia due here next Tuesday. The Alameda took mail to the Coast this morning and the Logan, which will probably get away from here tomorrow, will take another shipment of letters and papers to the Coast.

The little schooner C. A. Thayer, which came in a few days ago from Port Ludlow, has nearly finished discharging. The German ship Freida has discharged and taken in ballast but not yet received her sailing orders.

Times are good here just now in the shipping business and each vessel that leaves port is taking a full cargo and also a full list of passengers. At the present time there has been no particular delay among those wishing to go to the Coast, as there has been plenty of accommodation. The Korea took away a good list and the remainder of those desiring to go got away this morning on the Alameda. For several weeks from now on there will be small chance to get to San Francisco, however. The next steamer for the Coast carrying passengers does not leave till April 18, almost two weeks, when the Hilonian, which only carries thirty passengers, will get away, after that the Siberia will sail on May 24, followed by the Alameda two days later.

The three steamers to be put on the joint service to Canada during the coming season by the Hamburg-American, Holland-America and North German Lloyd companies, will be the Prinz Oscar and Prinz Adalbert, of the Hamburg-American Line, and the Willehad, of the North German-Lloyd. They are comparatively new vessels, having been built during 1903 and 1904. Each steamer will have a cargo capacity of 7,000 tons, and will carry 1,200 steerage, 100 first, and 100 second-class passengers. The first vessel, the Prinze Oscar, will sail from Europe on March 18 for St. John's and Halifax and will be succeeded at fortnightly intervals by the Prinz Adalbert and the Willehad. The first steamer to reach Quebec and Montreal will be the Prinz Adalbert, which will arrive up the river about May 1, and sail from Montreal on the 8th. Mr. James Thom, of the Dominion Line, has been appointed Canadian manager.

PHILADELPHIA, April 20.—Tales about Captain Kidd's treasure being buried somewhere in the neighborhood of Beach Haven, N. J., were revived by the finding in the sand, on Sunday last, of 26 old Spanish coins, dating from 1702 to 1721. They are of silver, about the size of an American quarter, and bear the coat-of-arms of Philip V. one one side and the Spanish coat-of-arms and the date on the other. The coins are in a splendid state of preservation and seem to be none the worse for their centuries of rest on the ocean bed. Many of these coins are in the possession of the natives, who find them in great numbers in the glades near the life-saving station when wind and tide are right. It is thought that the coins found last Sunday were probably washed ashore from the wreck of some Spanish ship which foundered in the vicinity a couple of centuries ago.

QUEEN'S HOSPITAL GIVEN A HEARING

MATTER OF MUNICIPAL AID TO INSTITUTION PRESENTED TO THE BOARD OF SUPERVISORS—FINANCIAL AFFAIRS OF THE CITY COUNTY OF HONOLULU—LARGE AMOUNT OF BUSINESS TRANSACTED AT LONG SESSION LAST NIGHT.

Under suspension of the rules the Board of Supervisors last night made its first order of business a hearing to former Governor George R. Carter, W. W. North and Willard E. Brown on behalf of the Queen's Hospital. Mr. Carter gave a historical sketch of the institution, leading up to the crisis now confronting it from Governor Frear's vetoing of the $1000 a month subsidy to it in the Territorial appropriation bill. If the municipality could not aid it, at least one-half the assistance the hospital now gives to the indigent sick would stop. Should the municipality take the course of paying for patients it sent thither by the day, the lowest charge that could be made was $1.50 per diem. Some months last year the county had patients there aggregating 1000 hospital days, and at the rate stated this would cost $1500. Mr. North supplied the statistics to illuminate the subject and Mr. Brown supplemented Mr. Carter's appeal for aid. Senator Chillingworth volunteered strong advocacy of a municipal grant relating how the Senate had stood by the Territorial subsidy even to overriding the Governor's veto, but to no effect on account of the sustaining of the veto by the House. From remarks by members of the Board it was evident that assistance would be forthcoming if the revenue permitted. The chairman of the ways and means committee submitted figures showing that the increased revenue under new legislation would probably be $105,000 and odd for the eighteen months from June 30, and the increased demands on the municipal treasury at least $84,000 with a possibility of their being greater as the largest item—maintenance of jail and care of prisoners—could not as yet be exactly estimated. And these estimates allowed but $30,000 for repairs and janitors of schools, instead of $51,000 asked by the department under that head and $81,000 for building new schoolhouses. In the end the hospital matter was referred to the ways and means committee.

A hearing was next granted to Byron O. Clark backing up a letter signed by himself, M. J. Bissell and F. E. Steere, a committee of the Manoa Improvement Club, which asked that an ordinance be passed to compel owners of street frontages to keep their sidewalks clear of weeds and in good order generally. Chairman Quinn of the roads committee thought there was such a county ordinance and the letter was referred to that committee.

Treasurer Trent's report for April showed receipts of $84,967.95 including $51 004.95 on hand April 1. Expenditures were $46,594.45, leaving a balance of $38,373.50 cash on hand April 30. There is a balance of $33,-067.24 in road tax funds for all districts.

Road Supervisor J. H. Wilson received a vote of congratulation on his report on the garbage service, which showed a deficit of only $2 instead of $300 a month as formerly. Reports from him and the committee on roads, bridges and parks laid out work on the city streets for this month to call for about $12,000. Reconstruction of the Waiahole bridge in Koolaupoko, destroyed by the late storm, will be completed within a few days. On report and recommendation of Engineer Gere the Board voted $2000 to cover the restoration of the Waikane bridge and the building of a culvert at Apa in the same district.

To Deputy Attorney Milverton was allotted the task of reporting on all the laws relating to the municipality passed by the Legislature at the recent session, while the ways and means committee was instructed to prepare estimates to fit the new conditions.

J. J. Miehlstein was appointed by the Mayor and unanimously confirmed by the Board as building and plumbing inspector. He was highly recommended by the officers of the Quartermaster's department, U. S. A., in Honolulu, having been superintendent of construction for Army work here the past five years. Before that he worked as a plumber in town. He has lived here eleven years.

An expenditure of $196 was authorized to obtain new desks and chairs for the Supervisors, the present outfit being neither convenient nor comfortable.

Mayor Fern was appointed a committee of one to keep in touch with the Governor on the matter of turning over the postoffice building to the municipality for a city hall when a Federal building has been erected.

President Mott-Smith of the Board of Health invited the health committee to meet with that body on Thursday afternoon.

The Board accepted the bids of the Honolulu Iron Works for an engine, a petroilithic road roller, a disc harrow and a cultivator.

At the written request of the Superintendent of Public Works an inventory was ordered to be made of all Territorial property in the hands of the municipality.

Chief Engineer Thurston was authorized to return a decrepit horse of the fire department to the Territory.

Many minor matters were disposed of at the session, which lasted nearly three and a half hours. There was a full attendance of members and a large audience of officers and citizens.

CHANGE OF PLAY AT THE ORPHEUM TO-NIGHT

SCENE FROM A "W OMAN'S SECRET."

The Elleford company will present an entirely different class of play tonight at the Orpheum. Last night the audience laughed until it cried with the may funny situations of the farcical oddity. This evening the bill is "A Woman's Secret," or "Doris." It was a great success in the hands of the well known actress, Effie Ellsler five years ago and is a worthy successor to "Haxel Kirk," the play that made Effie Ellsler famous. Miss Due appears as Doris Vane, a wonderfully strong emotional part that gives her a great chance to show what she can do with the heavier parts. It is cast with the full strength of the company. The popular Osborn children will have a specialty that is entirely new and novel and will more than please. Ray Collins will sing the popular song success "The Flowers Outside the Cafe," with illustrations. The Saturday Matinee is attracting lots of attention with the little folks as in "Cinderella" there is a lot of things to please the children and the parents as well. The Osborns will have a new specialty and several members of the company will contribute new songs. The sale of seats is now on for all the weeks performances.

SLEEPLESSNESS

You will have no difficulty in procuring rest and sleep if you will let Dr. Miles' Nervine soothe and strengthen the tired, agitated, weakened brain nerves. So long as they remain in this condition, you will be restless, irritable, melancholy. You are welcome to your money back if first bottle does not help.

NOTICE OF REDEMPTION OF TWO HUNDRED (200) SIX PER CENT, FIFTEEN YEAR, GOLD BONDS, DATED JUNE 1ST, 1898, OF CALIFORNIA BEET SUGAR AND REFINING COMPANY, A CORPORATION, WHOSE CORPORATE NAME IS NOW CALIFORNIA AND HAWAIIAN SUGAR REFINING COMPANY.

In accordance with the provisions of a certain Bond Mortgage or Deed of Trust, dated June 1st, 1898, made and executed by CALIFORNIA BEET SUGAR AND REFINING COMPANY, a corporation (whose corporate name, since the date of said bonds, has been legally changed to, and is now, CALIFORNIA AND HAWAIIAN SUGAR REFINING COMPANY), two hundred (200) of the Fifteen Year, Six Per Cent., Gold Bonds, of the denomination of One Thousand ($1,000) Dollars each, also dated June 1st, 1898, and secured by said Bond Mortgage or Deed of Trust, were, on the 8th day of April, 1909, duly drawn by their numbers by lot, for redemption on the 1st day of June, 1909; and notice is hereby given that said two hundred (200) bonds will be redeemed in full at the office of said corporation, No. 254 California Street, San Francisco, California, on the 1st day of June, 1909, at which time and place said corporation will pay on each of said two hundred (200) bonds, so drawn, its principal, or face value, to wit: the sum of One Thousand (1,000) Dollars, together with the coupons that, on said 1st day of June, 1909 may be due thereon.

Interest on said two hundred (200) bonds so drawn will cease from and after the 1st day of June, 1909.

Said two hundred (200) bonds to be redeemed as aforesaid are numbered as follows:

3, 9, 11, 20, 50, 51, 54, 68, 87, 92, 95, 105, 107, 109, 110, 116, 118, 126, 143, 144, 152, 157, 167, 168, 181, 192, 201, 203, 204, 206, 207, 208, 209, 210, 211, 213, 221, 222, 225, 228, 236, 246, 247, 251, 255, 256, 257, 278, 290, 292, 296, 297, 309, 311, 314, 317, 328, 334, 340, 341, 350, 351, 352, 353, 354, 361, 369, 370, 374, 377, 378, 386, 387, 390, 393, 394, 395, 396, 398, 400, 401, 402, 403, 405, 411, 414, 424, 426, 427, 431, 433, 436, 482, 484, 487, 495, 496, 504, 508, 509, 510, 512, 516, 520, 522, 529, 530, 531, 533, 544, 545, 546, 548, 549, 568, 586, 596, 600, 601, 602, 603, 610, 612, 617, 618, 619, 626, 635, 636, 637, 641, 642, 650, 655, 665, 666, 671, 672, 675, 689, 698, 716, 717, 726, 742, 751, 752, 753, 754, 755, 756, 757, 770, 774, 779, 784, 787, 793, 794, 800, 801, 815, 818, 837, 841, 850, 859, 860, 861, 863, 872, 874, 876, 879, 884, 898, 899, 902, 905, 906, 911, 912, 914, 920, 921, 922, 935, 940, 941, 942, 947, 950, 951, 958, 980, 982, 987, 991, 999, 1000.

Dated: San Francisco, California, April 15, 1909.

BY ORDER OF THE BOARD OF DIRECTORS.

R. P. RITHET,
President of CALIFORNIA & HAWAIIAN SUGAR REFINING COMPANY. (Formerly California Beet Sugar and Refining Company).

IN THE CIRCUIT COURT OF THE First Judicial Circuit, Territory of Hawaii. At Chambers. In Probate. In the Matter of the Estate of Joseph Oliver Carter, the elder, deceased.

NOTICE TO CREDITORS.

Notice is hereby given that the last Will and Testament of Joseph Oliver Carter, the elder, late of Honolulu, Island of Oahu, Territory of Hawaii, deceased, has been admitted to probate by the above Court and Letters Testamentary granted to the undersigned, Joseph Oliver Carter and Henry Cushman Carter, the Executors named in said Will. All creditors of the deceased or of his estate are hereby notified to present their claims duly authenticated and with proper vouchers, if any exist, even though said claims may be secured by a mortgage upon real estate, to the said Henry Cushman Carter at his office in the Campbell Block, Merchant Street, Honolulu aforesaid, within six (6) months from the date hereof (which is the date of the first publication of this notice); otherwise such claims, if any, shall be forever barred.

And all persons indebted to the said estate are hereby notified to make payment to the said Henry Cushman Carter at the above address.

Dated at Honolulu, T. H., April 21, 1909.

JOSEPH OLIVER CARTER,
HENRY CUSHMAN CARTER,
Executors,
HOLMES STANLEY & OLSON,
Attorneys for Executors.
5ts—April 21, 28, May 5, 12, 19.

Rev. Henry Loomis, head of the American Bible Society in Japan going home in the Korea, gave an interesting address before the Woman's Board of Missions yesterday afternoon.

IN THE CIRCUIT COURT OF THE First Circuit Territory of Hawaii. At Chambers.

Aho Ah Sui Libellant, v. Ah Sui, Libellee.

DIVORCE SUMMONS.

Stamps $2.00.

The Territory of Hawaii:

To the High Sheriff of the Territory of Hawaii, or his Deputy; the Sheriff of the County of Oahu or his Deputy:

You are commanded to summon Ah Sui to appear twenty days after service hereof, before such Judge of the Circuit Court of the First Circuit as shall be sitting at Chambers in the Court Room at Honolulu to answer the annexed Libel for Divorce of Aho Ah Sui.

And have you then there this writ with full return of your proceedings thereon.

Witness the Honorable Alexander Lindsay Jr., Second Judge of the Circuit Court of the First Circuit, at Honolulu this 23rd day of October 1908.

(SEAL)

L. P. SCOTT,
Clerk.

You Want the News First?

You want Your Ads Read?

Here is some advice---

Honolulu more than any other city in the World, is a place where the EVENING PAPER gets the news first. The clock here is over two hours behind the clock at San Francisco, four hours behind New York and ten to eleven hours behind the clocks in the European capitals.

This means that when THE STAR is going to press The Day Is Closed In Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for THE STAR.

Under modern conditions it takes practically no time to prepare and transmit news and

The Star gets every Evening the Cable Dispatches giving

The News of all the World

For the day just ended

Here are some of the features that go to make the evening paper the predominating factor in an advertising campaign:

It is delivered at the home each night when the whole family has plenty of time to read it.

It is carried home by the business man when his day's work is done and it stays there. A morning paper is usually carried down town by the head of the family and hurriedly read.

The evening paper is not read hurriedly, but thoroughly, so that all the advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective purchaser time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The morning paper the day after.

The evening paper presents the news first. The morning paper merely elaborates it.

The Evening Paper

Prints Daylight News

The morning paper takes what is left.

The Hawaiian Star

DAILY AND SEMI-WEEKLY.

Published every afternoon (except Sunday) by the HAWAIIAN STAR NEWSPAPER ASSOCIATION.

SUBSCRIPTION RATES.

Local, per annum ..... $ 8.00
Foreign, per annum 12.00

Payable in Advance.

Entered at Post Office at Honolulu, Hawaii, as second class mail matter.

Subscribers who do not get their papers regularly will confer a favor by notifying the Star Office; Telephone 365.

The Supreme Court of The Territory of Hawaii has declared both THE HAWAIIAN STAR (daily) and THE SEMI-WEEKLY STAR newspapers of general circulation throughout the Territory of Hawaii, "suitable for advertising proceedings, orders, judgments and decrees entered or rendered in the Courts of the Territory of Hawaii." * *

Letters to THE HAWAIIAN STAR should not be addressed to any individual connected with the office, but simply to THE HAWAIIAN STAR, or to the Editorial or Business Departments, according to tenor or purpose.

GEORGE F. HENSHALL ..... MANAGER

WEDNESDAY ..... MAY 5, 1909

That Mothers' Day proclamation and programme appear suited to the primary class. However, as a considerable number of grown-ups seem to belong in that class anyhow, perhaps the scheme will do some good.

IS HONOLULU ASLEEP?

It is stated that an important local hotel building enterprise has been abandoned or suspended on account of the steamer travel situation. The community shows singular apathy in the face of such blows at its prosperity. It is strange that there is scarcely any agitation of a subject so vital. It is the habit of hustling American communities, when they find themselves being hit in this way by undesirable laws, to make Rome howl. Never losing sight of the real policy of fighting for a subsidy that will increase American shipping and when there is such a subsidy, coastwise laws even more severe if necessary than those now existing, Honolulu should make herself heard in the strongest manner, and constantly keep the noise going, in favor of one form of relief or another, now. The whole matter of a subsidy was discussed at much length in Congress last session, with practically no mention of Hawaii made at all. Yet the plight of Hawaii and the American nation's duty to relieve that plight, constitute an argument of considerable force. We want the coastwise laws, as a part of the American protective policy, and if they are to be suspended, we want them put into effect again as soon as is proper. But we have a right to demand that Congress by one means or the other, cease to so isolate these islands that people are afraid to come here lest they should not be able to leave when they want.

FORCING ONE ANOTHER TO WAR.

It may be doubted whether the mere fact of the expensiveness of war, or its supposed increased destructiveness, will ever stop it. The militant peoples of the earth will enter war when touched to the quick with only more enthusiasm. It is the spirit of countless thousands to be ready to lay down life itself in war against a national foe. As long as this disposition animates mankinl, it is not likely that mere expensiveness will prevent war. There are, on the other hand, some reasons to claim that the very expensiveness of modern armaments points inevitably to war instead of to its prevention. Citing the cases of Great Britain and Germany for example, does not the rivalry in fleet building point inevitably to a condition that will make war necessary? May not peace actually become as a simple economic proposition, more expensive to the human race than war would be? In both countries there is a disposition to increase expenditures on navies to the last limit of what the taxpayers can bear. Seeing that limit being strained, will it not suggest itself to statesmen in either country that the only way out is to fight it out, put the issue to the test, win or lose it all? Assuming, for example, that the British retain their intense devotion to the idea of dominating the seas, will they wait calmly while Germany, if able to do so, outdoes them in taxation and peacefully assumes control? Does not the very expensiveness of the programmes being laid out threaten a crisis?

Local merchants ought to back up the postoffice, with funds if necessary, in inaugurating a system whereby the mails from arriving steamers, from the coast at least, can be brought ashore more rapidly than they have been since Uncle Sam knocked out the old system whereby pilot boats brought mail in. The expense of launches to meet the steamers outside would be small and often they would save one or two hours.

BACK UP THE SUBSIDY FIGHT.

Why doesn't Hawaii join forces with the vast American interests, backed by President Taft himself and already having about half of Congress behind them as well, which are fighting for an American ship subsidy? A recent incident in the campaign, which may foreshadow an end of some of the Democratic opposition which has helped to kill all the subsidy bills, is an announcement by the Hearst papers of a campaign Hearst proposes to make for the subsidy.

MISSOURI POPULATING THE EARTH.

Ex-President Roosevelt ought to settle in Missouri, when he gets back from Africa. There doesn't appear to be any race suicide there. The proportion of local people who are from that State, as would appear from discussions of the Advertiser's last special cablegram, indicates that Missouri has a fair prospect of populating the universe.

If Walter Wellman wants to get to the North Pole by balloon, he had better run over and borrow one of Zeppelin's machines.

Taft is reported by some of the Washington correspondents to be entering his first real scrap with Congress. He wants a national income tax law, and Senator Aldrich, boss of the upper house and leader in charge of the pending tariff bill, is unalterably opposed to an income tax law. It is not at all impossible that before the extra session is over cartoonists will be picturing Taft without that smile.

CONSTANT TALKS ON LABOR IN HAWAII

"The Japanese residents of our country are sore because the sugar planters are trying to get a lot of immigrants from Porto Rico and the Philippines," said Mr. H. R. Constant, of Honolulu, at the Belevdere.

"Our planters have long since been weary of the Japanese, who do not give satisfaction as laborers, and would like to supplant them with other workers of any nationality. We have tried pretty nearly all races to get efficient labor. By far the best help is the Chinese, but owing to the exclusion laws of the United States, which ought to be modified in favor of Hawaii, there is no way to get these hard-working, well-behaved Orientals who give no trouble and keep faith with their employers. The Japanese we have found to be tricky and unreliable, and even if they were desirable it is the present policy of their government not to allow them to emigrate.

"Those now with us are indignant because the landowners are trying to solve the labor question by bringing in the Porto Ricans and Filipinos. My own belief is that these fresh recruits, if we get them, will be no great improvement on the Japs. I believe they are too indolent to be effective on the plantations."—Chronicle.

LANGFORD SIGNS TO BOX HAGUE

LONDON, April 20.—The projected fight between Jack Johnson, colored heavyweight champion, and Sam Langford may possibly never be pulled off, as Langford today signed articles for a contest before the National Sporting Club on Derby Day with Ian Hague, who last night wrested the championship of Great Britain from Gunner Jim Moir. Hague, who knocked Moir out in the first round in the easiest fashion, is a Yorkshire pit man. His previous opponents have been local small fry, and the ease with which he finished Moir was a great surprise. The National Sporting Club has offered a purse of $7000 together with a side bet of $1000 for the Langford-Hague fight.

THE USUAL KIND.

Her Easter gown it was a peach,
Her hat it was another;
The first it cost three thousand, and
One thousand cost t'other.

Her wrap it came from London town,
Her gloves from fair Paree;
Her stockings of the fairest silk
That ever you did see.

Her shoes they cost her twenty plunks,
Her belt some forty more;
Her sidecombs they did cost enough
To start a peanut store.

A golden bag upon her hip,
A bracelet on each wrist;
Good lands! but she would sit in church
And make all others twist.

She rose the Easter morn to greet—
She saw a fall of snow;
She heard the hail beat on the panes—
She heard the wild winds blow.

From morn to noon—from noon to night,
A steady pour it fell;
Snow, slush and rain without a break,
And what folks said was—("Gee!").

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED MAY 1, 1909.

Honolulu, May 3, 1909.

GENERAL SUMMARY.

Rainless weather conditions obtained in the Hamakua and portions of the North Kohala districts of Hawaii, and very light rains in the Hilo district. (The districts given for the several islands are those provided by the late legislative Act.)

The greatest amounts of rainfall were reported from the Koolaupoko district of Oahu, and ranged from 2.75 to 3.39 inches. The amounts of rainfall, in inches, in the other districts were: Koolauloa 1.01, Honolulu 0.32 to 1.18, and Ewa 0.11; Hawaii—North Kohala 0.00 to 0.11, Hamakua 0.00, N. Hilo 0.14 to 0.57, S. Hilo 0.24 to 0.83, Puna 0.65 to 1.72, Kau 0.68 to 0.75, and S. Kona 2.02; Maui—Hana 0.24 to 0.75, Makawao 0.27 to 0.32, Wailuku 0.31 to 0.67, and Lahaina 0.15; Kauai—Hanalei 1.26, Kawaihau 0.82, Lihue 0.60, Koloa 0.63, and Waimea 0.56; and Molokai—Molokai 0.20 to 0.36.

The total amount of rainfall was below the weekly average of ten or more years on windward Hawaii and leeward Oahu, and in scattered sections of Maui. The departures from the average, in inches, in the several districts were: Hawaii—N. Kohala —1.08 to —1.32, Hamakua 1.47, N. Hilo —2,52 to 2.53, S. Hilo —1.81 to —3.07, Puna —0.78, Kau —0.16 to +0.15; Maui—Makawao —1.23, Lahaina —0.08 and Wailuku +0.18; Oahu—Koolauloa +0.52, Koolaupoko +1.91 to +2.28, Honolulu —0.24 to —0.77, and Ewa —0.10; and Kauai—Hanalei +0.07, and Waimea +0.40.

More rainfall than during the preceding week was reported at all stations on Kauai, Molokai and Maui; at all on Oahu, excepting in the Ewa district, and at all in the Kau, Kona, and Puna districts of Hawaii. The excesses did not exceed 1.00 inch, excepting in the Kona and portions of the Puna districts of Hawaii and the Koolaupoko district of Oahu, where they ranged from 1.36 to 2.94 inches.

The mean temperatures were higher than those of the preceding week on the leeward sid of Oahu, in the N. Kohala, Hamakua and S. Hilo districts of Hawaii, generally on Maui; elsewhere they were loewr; the greatest excess over last week's was 3.0 deg. and deficiency 2.1 dg.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the group:

	Temperature.	Rainfall.
Hawaii	77.7 deg.	0.52 inch.
Maui	72.8 deg.	0.40 inch.
Oahu	73.0 deg.	1.46 inches.
Kauai	71.2 deg.	0.77 inch.
Molokai	74.2 deg.	0.28 inch.
Entire Group	72.2 deg.	0.66 inch.

At the local office of the U. S. Weather Bureau in Honolulu partly cloudy to cloudy, muggy weather obtained, with the mean relative humidity ranging high—74 to 85 per cent daily, and 77.6 per cent for the week. Measurable rain fell on four dates totaling .32 inch, .24 less than the normal, and .14 more than during the preceding week. The maximum temperature was 82 deg., minimum 67 deg., and mean 73.6 deg., .01 deg. below normal and 0.5 deg. higher than last week's. Southerly winds prevailed on the first three days, and northeasterly on the remaining, with an average hourly velocity of 6.7 miles. The mean daily barometer ranged from 30.00 to 30.14 inches, and the mean for the week, 30.00, was 0.04 inch above normal.

WHAT'S THE USE?

Some people mull around the house all day Sunday without thinking of the grandeur outside. They are the ones who do not know of the pleasures contained in a trip to Haleiwa. They know nothing of the beauties of a ride over the Oahu Railway along the surf-beaten shores in the shadows of the hills that skirt the coast. The cost of the trip is so much less than the value of the satisfaction that it is not worth considering.

EXCURSION ON MAKURA

CANADIAN-AUSTRALIAN STEAMER WILL TAKE PASSENGERS FROM VICTORIA TO SEATTLE.

On her present voyage from the Colonies to Victoria the steamship Makura will play for a record—not merely for the sake of a record, however, but to reach the northern port earlier than scheduled, to accommodate the promoters of a huge excursion scheme. Upon arriving at Victoria and Vancouver the Makura will pick up big crowds of travellers for the Yukon exposition and take them to Seattle, returning to the northern cities with full loads of returning travellers. She will be engaged four days in the work. On account of the special detail she will be expected to arrive here Sunday night of May 23 in place of the date originally set.

S'MOTHER THING.

"Look here, Brown," he said as they stood on the corner waiting for a car, "do you remember one day about the first of last November when we were wondering what the winter would be?"

"Perfectly, Mr. Green—perfectly."

"You made some predictions."

"Perhaps I did."

"You predicted more snow, more blizzards and colder weather than we had had for the last twenty years."

"I did, eh?"

"You did. You even went so far as to say that thousands of people would be frozen to death and that even the rich would suffer from the cold."

"Well?"

"Well, it has been one of the mildest winters for years. We have had very little snow and only two or three blizzards."

"Well?"

"Well, what have you got to say for yourself?"

'Simply this, Mr. Green. My name is Brown. It was Smith who was around predicting about the winter and you've got us mixed up."

"Can it be possible?"

"It is, sir. I never predict about a winter. My great specialty is predicting about the summer, and I want to tell you here and now, sir, that the coming summer will be the driest ever known. Also the hottest. Thousands of people will roast to death, and there will be thousands of fires from spontaneous combustion. The crops will wither, the lakes dry up, and tomatoes and cucumbers will be selling for a dollar apiece. Take it from me, sir—take it from me, and good morning, sir."

Fine Job Printing, Star Office.

FED BABY TO THE HOGS

AWFUL CRIME COMMITTED BY LITTLE NEGRO BOY AS RESULT OF WHIPPING.

NEW ORLEANS, April 20.—Because his stepmother had left him at home at Opelonusas, in charge of his young step-brothers and sisters, for the day, Tom Godfrey, a 12-year-old negro boy, fed the youngest of his charges to the hogs and later with an ax inflicted what probably will prove fatal wounds on the heads of the other children.

Three children were injured. Tom was placed in jail at Opelonusas. The baby's hands and feet had been eaten off by the hogs when found, but it was still alive. The stepmother straightway whipped Tom, and when she went for a doctor to attend the baby Tom seized an ax and attacked his 6-year-old stepbrother, inflicting several deep wounds. His young stepsister interfered and he crushed her skull with the ax. The girl is dying and the other two children have little chance of recovery.

LONDON, April 20.—"If the country knew the truth regarding the present condition of the navy there would be a panic," is the striking sentence in a letter from Admiral Lord Charles Beresford read at a meeting of the Navy League held at Bournemouth last night.

To this Lord Charles added:

"I wish you every luck in trying to rouse the people to the grave danger arising from our unpreparedness for war."

PROMOTION WORK MAY BE STOPPED

With the notified stoppage of subsidy from the merchants of Honolulu, and the Legislature's failure to redeem campaign promises of support, the Hawaii Promotion Committee is confronted with the menace of being stranded. There has been a little sounding of Supervisors on the outside upon the proposition of making the institution a child of the municipality.

Present indications are however, that the load of transferred and new salaries, raises of salaries and transferred services placed upon the City and County of Honolulu by the Legislature will fully meet if not overlap the increase of revenues provided. A legal question is also involved as to whether promotion work can be considered a municipal service, apart from its recognized benefit to the Territory as a whole making it a Territorial matter.

IN THE CIRCUIT COURT OF THE First Circuit Territory of Hawaii. In Probate—At Chambers.

In the Matter of the Estate of Charles H. Bishop, deceased.

Before Judge W. J. Robinson.

Order of Notice of Petition for Allowance of final accounts and Discharge in this Estate.

On reading and Filing the Petition and accounts of E. Faxon Bishop, Administrator with the Will annexed of Charles H. Bishop, deceased wherein he asks to be allowed $357.70, and he charges himself with $7,728.27, and asks that the same may be examined and approved, and that a final order may be made of Distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Administrator:

It is Ordered, that Tuesday, the 1st day of June, A. D. 1909, at 10 o'clock a. m., before the Judge of said Court at the Court Room of the said Court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this Order, in the English language, be published in the Hawaiian Star, a newspaper printed and published in Honolulu, once a week for three successive weeks the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Honolulu, this 23rd day of April, 1909.

(Sgd) W. J. ROBINSON,
Third Judge of the Circuit Court of the First Circuit.

Attest:
(SEAL)
(Sgd.) M. T. SIMONTON,
Clerk of the Circuit Court of the First Circuit.

4ts—April 24, May 1, 8, and 15,

THE VALUE OF PROPRIETARY MEDICINES

is proven by the very large percentage of physicians' prescriptions for the same remedies found in every drug store in America, but as they are written in Latin, few patients realize ths fact.

The old standard proprietary medicines like Lydia E. Pinkham's Vegetable Compound, that have stood the test of time, deserve a place in every family medicine chest, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

"For over 50 years I have always kept Ayer's Cherry Pectoral in the house. My father often told me that it saved my life when I was very young."

In thousands of homes Ayer's Cherry Pectoral is a household word. It has been used first by the grandparents, then by the parents, and now by the children. For colds and coughs, croup, bronchitis, la grippe, inflammation in the throat or in the bronchial tubes,

Ayer's Cherry Pectoral

is the standard remedy the world over. It contains no narcotic or poison. Accept no substitute.

Put up in large and small bottles.

SPORTS

INTERTEAM GOES AT FORT SHAFTER

In the Dunning series two good games of baseball were played at Fort Shafter yesterday afternoon. The E team appeared in both of them, taking a fall out of both Company G and F. Company F was beaten by a score of 11 to 5 but when it came to the contest with G the thing was different, that team winning by a score of 9 to 7.

The games in the Dunning series are of particular interest at this time, for from the teams taking part must come the nine men to achieve honors for Fort Shafter in the military league. There are unquestionably very strong players in all four of the Dunning teams, and if a powerful nine cannot be picked out of the bunch there must be something radically wrong in the manner of selecting the players.

The Fort Shafters will meet the National Guard team at Aala Park next Sunday afternoon, and it is hoped that the former will be in better shape than on previous occasions.

KALANIANAOLES TO HELP MILITARY

Unusual as it may at first appear, the Military Leabue baseball game at Aala park next Sunday afternoon will be played under the wing of the Kalanianaole League. In fact, the National Guard and Fort Shafter teams will practically be the guests of the Kalanianaoles on that occasion, for the latter will furnish the grounds, the balls, the umpire and the scorer for the game of the day. The reason for this is that the military league has no fund while the Kalanianaole have an income fro mthe rent of chairs at Aala park.

Eddie Fernandez will umpire both games on Sunday and W. Tin Chong will be the official scorer.

PROGRESS OF THE TENNIS MATCHES

Three matches in the tennis contest for the Wall cup were finished yesterday and one left with a set to play off later on. The games began on the Beretania tennis courts at 4 o'clock and resulted as follows::

A. J. Lowrey beat C. R. Frazier, 6-1, 6-1; A. R. Cunha beat I. Hurd, 7-5, 6-3; W. L. Warren beat J. J. Page, 6-1, 6-1, and Gray and Macconel quit on account of darkness, after Macconel had won the first set, 9-7, and Gray the second, 6-2.

The games today will be; At 4:30, C. G. Bockus vs. Captain Low; at 5 p. m., R. B. Booth vs. L. J Warren, and the last set of the Gray-Macconel match.

DR. WARRE'S IDEA ON FUTURE ROWING

There is no greater authority on rowing than Dr. Warre, the late headmaster of Eton, who was himself an Oxford Blue in his day. According to the Isis he recently delivered a lecture at the University boat house on sliding seat trowing, at which this year's crew and a great number of past and present Oxford rowing men were present. Dr. Warre, of course, learned his rowing in the days of fixed seats and he pointed out what we have frequently insisted upon in these columns says the Globe, the necessity of learning to row on fixed seats. Nowadays there is too great a tendency to put men on to sliding seats before they have learned even the rudiments of the art, and consequently much harm is done to them. Rowing on sliding seats is the continuation of rowing on fixed seats; one leads on from the other; and a man has nothing to unlearn when he changes from fixed to sliding seats. The function of the slide is to help the oarsman to carry out all the fundamental principles which he has learned in fixed seat rowing. The one is only an extension of the other, and every man should learn to row thoroughly on fixed seats, so that when he moves on to a sliding seat he will be able to understand why it is that he gets an increased reach and improved legwork. The average oarsman is far more likely to manage his slide properly if he has learned to use all his powers in a fixed seat, and Dr. Warre did good service to Oxford rowing by emphasizing the point.

A party of yachtsmen sailed to Pearl Harbor today to make certain arrangements for the coming yacht cruise.

WHAT SPORT COST ENGLAND YEARLY

SIX DOLLARS FOR EVERY MAN, WOMAN AND CHILD SPENT EACH TWELVE MONTHS.

England, according to an American writer in Scribner's Magazine, is a nation of sportsmen. "Sport here," he says, "is not a dissipation for idlers; it is a philosophy of life," and he goes on to state that "though England may be fighting somewhere in her vast dominions, she is also playing somewhere all the same."

Writing of the relative importance of sport, the writer states: "The first thing to attract my attention on this, my latest visit to England, was the announcement on all the newspaper bulletins: 'England's Big Task.' I happened to know that the Prime Minister was seriously ill, that there was fierce debating in the House of Commons upon the new estimates for the Navy, and upon the new Licensing Bill just brought in by Mr. Asquith and that there was fighting upon the frontier of India with a certain tribe of natives.

"But England's big task had nothing to do with these trivial matters. An English cricket eleven was playing in Australia. The Australian eleven in their second inning had made an unexpectedly big score, and England's big task was to beat that score!"

The following table estimating the cost of sport is interesting:—

	Invested.	Spent annually.
Fox-hunting ..	£15,607,000	£ 8,638,000
Shooting	4,067,000	8,128,000
Fishing	550,000	589,000
Racing	8,320,000	10,593,000
Yachting	5,600,000	3,032,000
Coursing	520,000	317,410
Coaching	290,250	237,795
Polo	87,000	110,100
Golf	525,000	725,550
Rowing	284,000	574,300
Football and Cricket	10,768,000	11,712,000

There are some 750 golf links in Great Britain.

"We may include," says the writer, "that some £46,616,250 is invested permanently and £44,775,545 is spent annually on sport.

"There is, in short, an investment in sport of about 25s. for each man, woman, and child in the United Kingdom, and a slightly smaller sum spent each year for sport."

KEWALO TEAM TO RECEIVE THE CUP

The presentation of the Fern prize cup to the champion Kewalo baseball team will be quite an event at Aala park next Sunday afternoon. Mayor Fern will do the honors. All the members of the Kewalo team will be present to receive the cup. The presentation will take place at 1:30 o'clock, afternoon.

HAWAIIAN NEWS TAKES THE FIELD

It begins to look as though there may be a booksellers baseball league ere long. The appearance of the Wall Nichols team in the field has had the effect of bringing out other stationers who think they can play the game. This morning the Hawaiian News Company's employes filed a challenge for a best two in three go with the Wall Nichols Company champions, and it is needless to say that the defy will be accepted instanter. The Hawaiian News Company has a lot of likely players in its bunch, including one big leaguer, and will likely be heard from after the proposed start is made.

CHANGES IN AALA PARK DIAMOND

Several important changes have been made in the arrangements at Aala park, all in the way of improvements. First, the score board, which was put up on the Winston building some four months ago, has been taken in to the wall of Nuuanu stream, skirting the park. There it will be conspicuous to everybody, while in its former position on the Winston vlock it could be seen by no one. In its new position the board will also mark the line between the foul and in fields.

Another change is that the whole diamond has been shifted over to the left, changing altogether the batting and fielding directions. This will be an enormous improvement for the reason that it will take the bases and running lines away from the holes that have formed there from long usage. This new arrangement will be all ready for the big games on Sunday.

AALA CAPTURE CRACK PITCHER

M. De Ponte, one of the best pitchers of the Atkinson League, who has just finished pitching the winning series for the Kewalos, was signed on last night by the Aala Athletic Club and will toss the ball the remainder of the season for that team. So successfu has De Ponte been in the past few months that the Aalas regard their capture as highly important to their interests. The new pitcher will enter the box on Sunday next in the game with the C. A. C.'s.

DIAMOND HEADS WILL HAVE DANCE

At the meeting of the Diamond Head Athletic Club, held in the Odd Fellow's building last evening, it was decided to have a big invitational ball at the Young Hotel in June, the entertainment being in the way of a fourth anniversary celebration. Edwin Fernandez, Ed. Towse and J. K. Clark were appointed a committee to make arrangements.

At the meeting last night it was announced that L. Petries, president of the club, would leave the last of this month for a tour of four months in the east. Club matters in his hands will be referred to appropriate committees.

SPORTDRIFT

There will be a meeting of the Kapiolani League at 7:30 tonight at the residence of John F. Sylva.

The committee finds itself pretty well booked up for the yacht cruise to Pearl Harbor on May 9, but as it will be possible to ring in other accommodations, the crowd will be taken care of in good shape.

Paul Super, secretary of the Y. M. C. A. announces that tennis courts will be laid on the roof of the new Y. M. C. A. building. This is a common thing in the east, but something quite new here.

At 3:30 this afternoon the High School and Punahou teams will cross bats on the diamond at Alexander field. The latter has been considerably strengthened since the last game and some good playing may be looked for.

This afternoon at 3 o'clock the Fifth Cavalry and Marines will cross bats at Aala park. The horsemen came in from Leilehua this morning and have high hopes of walking away with the sea soldiers. On the other hand, the Marines are in fine practice and may be expected to make the fur fly.

A. K. Vierra has replied to a letter of Alexander Campbell, Camp Very, in regard to a sports program on July Fourth. Inasmuch as the ball park will be used for a game by two teams of the big league on that day, the scheme proposed by the marines is regarded as impracticable. Senator Charles F. Chillingworth, whose advice in the matter had been sought, agreed with this view.

NOT A SUCCESS.

The other day I met a farmer whom I had encountered two years before, and who told me that he was pre preparing to take in summer boarders and would have an attraction over other farmers for miles around. I tried to find out what it was, but he was mum. Recalling the incident at this meeting, I asked how his attraction had worked.

"Say, I was a blamed fool!" he blurted out in reply.

"The thing didn't take, then?"

"Take! Why, man it emptied my house as fast as I could fill it! There wasn't a guest remained more than two nights."

"But what was the trouble?"

"Why, I dammed up a creek and made a frogpond of it, and I went to the trouble of catching a hundred frogs and putting them in.

"But what for?"

"So that the frogs would sing my boarders to sleep nights. I thought it was the cutest durned trick in the business."

"And the frogs didn't sing?"

"Sing? They sung to beat the band. Never heard such singing in all my born days. You could hear it a mile. Lord, but how those frogs did tune 'er up!"

"Then where was the failure?" I asked.

"In the boarders, sir. Not a blasted one of them that struck my place had an ear for music!"

Star Spangled Banner.

JOHNNY ON THE GROUND-HOG.

"My dear and loving teacher has asked me to write a composition on the ground-hog, and I will, therefore, say that he is something fierce. He has a burrow in the earth, and most of the time he sits in it and plans and conspires against human life. When he does go out it is to roam around with his eyes blazing fire and his teeth gnashing, and if he comes across a farmer's hired man in the barnyard then woe to that man. There is a terrible growl, a scream of terror, and a dead body is borne back to the burrow to be devoured at leisure.

"As to how long a ground-hog lives no one knows, but they have been found dead with 21 rings around the tail each ring representing at least a year. From his birth to his death he is man's implacable enemy and thirsts for human blood.

"When winter fairly sets in the ground-hog ceases to roam over the country, chanking his teeth and pulling down victims, and enters his burrow for a long sleep. He has awful dreams as he sleeps, and some folks think this is the cause of earthquakes. If once you hear him growl in his sleep you will have goose-flesh forever after.

"On the second day of April the ground-hog turns over on his back and wakes up and gives a yell. Then he slowly crawls out to see how the Panama Canal is coming on. If it is a bright day, he sees his shadow, and it is so mean looking that he tumbles backwards into his burrow and don't come out again for six weeks. If it is cloudy no shadow appears, and he sets off over the country to inform farmers, schoolma'ams and other interested parties that onions are up, the roses blooming, and that it is time for them to come forward and have their bones picked."

A WOMEN'S MOVEMENT.

A special call is issued to every woman convicted in any way with Central Union church or its work to be present in the Parish House tomorrow (Thursday) morning at 10 o'clock. Dr. Scudder has some matters of importance to lay before them and the Ladies Society of the church is anxious to have a large enthusiastic attendance. For some time an advance movement among the women has been in contemplation and it is in this connection that the meeting is called.

A BARGAIN.

When you can save from 25 to 50 per cent on any article, you have a bargain. When you buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at the regular price, you will probably save several times its cost in doctor's bills before the summer is over with, besides the feeling of security you will have in knowing that your family is prepared for sudden attacks of dysentery or diarrhoea. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

MAY COMBINE

There is a rumor that the Nippon Yusen Kaisha suffered a heavy loss in the last half year, ending March 31st, but the Board of Directors of the Company, through the columns of the Jiji, deny the rumor.

The Jiji publishes a rumor that in consequence of the heavy loss sustained by the Toyo Kisen Kaisha the Government authorities have suggested a combine of the N. Y. K. and T. K. K., and that in case the former consents to do so the proposed amalgamation of the two steamship companies will be effected in the near future.—Japan Gazette.

AND HE, TOO.

"Well, it begins to look like spring" observed Mr. Millington to Mr. Jones, as they found themselves side by side in the street car.

"Yes, it certainly does."

"It must be about time to go fishin?"

"Yes."

"And you will indulge in the sport?"

"I will."

"And you will tell of the big bites you had?"

"Certainly."

"And of the big fish that got away?"

"I surely will."

"And you won't hesitate to buy a big fish of someone else and pass him off as yours?"

"Not for a second."

"In fact, Mr. Jones, you, a respectable member of the community and a husband and father, and a man who should set a moral example to others, will not hesitate to lie about the fish you do or you don't catch?"

"I will not, Mr. Millington. I will lie like blue blazes to come out ahead of the other fellows."

Mr. Millington turned away with a longdrawn sigh, and for the next five minutes not another word was spoken. Then Mr. Jones turned to him and queried:

"And what about you?"

"Why—why, I believe I'll go fishing and lie, too" was the reply.

TAKE IT NOW.

It's not too late to prevent serious heart troubles if you will take Dr. Miles' Heart Cure at once, when you have dizzy spells, shortness of breath, fluttering of the heart, irregular pulse, weak or hungry spells. These are early, but urgent, symptoms of heart weakness, and must be given immediate attention. Money back if first battle fails to benefit.

Contracts have been let by the Mid-Pacific Institute for a pumping plant, pipe system and storage tanks for the institute premises, to George H. Paris.

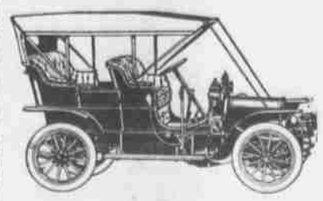
Consul General Uyeno of Japan will shortly occupy the new and palatial consular residence at Nuuanu and Kukini streets.

An Ideal Touring Car

Franklin Model D

PRACTICALLY NO TIRE TROUBLE

With its light-weight and easy-riding strong construction Model D is aptly termed the ideal of all automobiles for family use. Weighing as it does a third less than the average water-cooled automobile of smaller capacity, it gives minimum tire and operating expense. It most nearly fulfills universal requirements. Its compactness, ability, handsome body, large wheels, and the ease with which it handles place it in a class by itself—an ideal touring-car, not too large for city and business use, light-weight, refined and easy-riding.



Franklin Model D, $2800. Four cylinder, 28 horse-power, five-passenger touring-car. 36-inch wheels, same size as used on the best water-cooled automobiles weighing 1000 pounds more. Aluminum body on steel angle frame—the strongest and lightest automobile body made. Three large powerful brakes acting on transmission and rear wheels, selective type transmission, positive gear-driven oiler, Bosch high tension magneto.

A. B. Blakstad, Wahiawa train brakeman, injured through his head coming in contact with a waterpipe which crosses the track, on April 23, yesterday morning recovered consciousness and expressed surprise at the lapse of time. Dr. Cooper attending him believes he will pull through.

U. S. Commissioner George A. Davis today committed Tsuchiya to the Federal grand jury, under $2,500 bond, for harboring and maintaining a woman for immoral purposes. Tsuchiya professes to be a play actor.

Mr. and Mrs. S. B. Hord, and their daughter Miss G. Hord, who have been staying at the Moana Hotel for the past few weeks, returned to the Coast by the Alameda and were covered with leis by their many friends.

For sale: New bungalow in Manoa Valley; two bedrooms. Price $3700. New 5 room cottage with one acre of land on Kalihi stream, $1500. For rent, furnished cottage at Waikiki and at the Peninsula. "Waterhouse Trust."

The Carmen's Benefit Association gives a grand dance on Saturday evening next, May 8, in K. P. Hall, the occasion being the fourth annual celebration. Free cars will run to all parts of the city at midnight.

Miss Mary Johnson having returned from a visit to the mainland has resumed full charge of her Sanatorium on Kewalo street; Miss E. A. Freney who took her place during her absence left in the Alameda this morning for California where she intends to reside.

The directors of the Y. M. C. A. have elected officers for the year, beginning with the present month. W. G. Hall was elected vice president, the other officers being reelected for another year, as follows: President, R. H. Trent; treasurer, F. C. Atherton; recording secretary, G. S. Waterhouse. Dr. Hand was appointed acting secretary during the absence of Paul Super in the States looking up matters concerning a new building for the Y. M. C. A.

KOREAN VAGS IN FOR INVESTIGATION

Chief of Detectives Joe Leal, assisted by his capable staff, has jailed a number of Koreans taken from a Moiliili camp for investigation in regard to attempted burglaries in the Makiki district last night. The Crockett, Henderson and Marston Campbell residences were visited.

Crockett saw a man looking in at his window, lighting a match, and thought he would recognize his hands if he saw him again, but could not positively identify the man among the arrested bunch this morning. He chased a chap in white pants several blocks and fired five shots without hitting him. Henderson's wife saw a man trying to get in the window and screamed. The Henderson and Crockett residences adjoin. Mrs. Campbell also heard somebody prowling about her yard.

There are eight Koreans under arrest. They are most of them noted vagrants and have a hang-out in Moiliili. Leal believes they can throw light on last night's doings. The foot of one fits an imprint found in one of the houses visited. Leal and his men worked all night on the case.

CELEBRATE MOTHERS

EVERY MOTHER'S SON ASKED TO REMEBER HIS FIRST LOVE.

The Y. M. C. A. has moved the Mayor, His Honor Joseph J. Fern, to issue his first proclamation, a proclamation which calls folks, particularly young men, to remember their mothers on Sunday next, May 9, in celebration of the fact that they are their mothers and for all that "mother" means.

This sweet superfluity is observed on the mainland and the Y. M. C. A. thinks it ought to observed here. If there is anybody who has forgotten his mother, perhaps the novel custom of reminder by proclamation may help him to remember that if it hadn't been for his mother he would never have heard of the Y. M. C. A., nor would he ever have seen Mayor Fern.

Sunday next is Mother's Day; father's not in it for a minute and "nobody works like father," according to the song.

It is requested says President Trent of the Y. M. C. A., that on Mother's Day every young man wear a white carnation in his buttonhole. This will keep the flower girls busy, if the proclamation is obeyed. Also each chap is asked to do at least one deed of kindness, visit a sick friend for example; and, if his mother is absent, he is requested to write her. Also is he asked to attend the "church of his choice."

Inasmuch as there are some who don't go to church, there are many mothers who will have to be celebrated without benefit of clergy.

THANKS TO CAMPBELL

EDITOR HAWAIIAN STAR, City:

Dear Sir: — Kindly permit us, through the columns of your valuable paper, to publicly express our sincere thanks to Mr. Marston Campbell, Superintendent of Public Works, for his kind interest and most careful attention to the needs of the waterfront of this port. The completion of his latest piece of ingenuity, being that of screening all government electric lights bordering on the waterfront, is receiving most favorable commendation from the seafaring fraternity and for which they are truly thankful.

Heretofore, the glare from these lights have been very detrimental to the safety of handling vessels entering port and docking at night, and since the change has made such a marked improvement, we take this means of expressing our appreciation of the many improvements during Mr. Campbell's incumbency.

Thanking you for affording us an opportunity of doing so,

We remain,
Very truly yours.
HONOLULU HARBOR NO. 45.
Frank C. Poor,
Secretary.

MAY GO AFTER FILIPINO TRADE

REPORT THAT AMERICAN-HAWAIIAN MAY TAKE A HAND IN CARRYING SUGAR FROM MANILA.

It is understood that the American-Hawaiian Steamship Company is preparing to take hold of the sugar trade between the Philippines and the United States as soon as the bill allowing the entrance of 300,000 tons without the payment of duty is passed by Congress and signed by President Taft. Three new vessels have been ordered by the company, only one of which is for the local trade. The others it is understood are to be used in connection with the traffic on the Atlantic Coast. With these vessels the American-Hawaiian will be able to handle the sugar from the Philippines, which, it is understood may be brought to Salina Cruz by a new line which is being organized for that purpose.

C. P. Morse, the local superintendent of the American-Hawaiian, is still at sea in regard to whether the new boat to be built for the local trade will be a passenger steamer or not. He has taken steps to ascertain this information.

CAN USE RUBBER STAMPS ON CHECKS

Uncle Sam believes in saving time where it can be done without affecting the merit of labor and has revoked the regulation in the Treasury Department which prohibited the use of rubber stamps etc., because of their imperfection. Says a Treasury notice: There having been a marked improvement in the stamps heretofore used and on the quality of the ink used on pads and ribbons since Department Circular 7 of January 20, 1999, was issued prohibiting the use of rubber stamps or the typewriter by United States disbursing officers in filling up checks, said circular is hereby revoked.

The use of the rubber stamp and typewriter for said purpose is, therefore, hereby authorized, provided care is taken to insure perfect impressions in filling in the dates, amounts, and names of the payees on checks, and that only permanent ink be used on pads and ribbons.
