NEW YORK, N. Y., Aug. 22.-The defender Reliance won the first race of the international series agains the Shamrock III by a margin of nine minutes. It was one of the best cup races ever held, the Shamrock's lead on the first leg adding sest to the struggle and the wind blowing strong enough to test the sailing qualities of the boats to the full.

There was a brisk 10-knot breeze when the big yachts Reliance and Shamrock III began their maneuvering for the start. Signals were set for the course fifteen miles to the wirdward and return.

The Reliance crossed the line nine minutes ahead of the Shamrock, making the American beat an easy winner after giving the Shamrock its time allowance.

The race was sailed in three hours and twenty-seven minutes.

NEW YORK, N. Y., Aug. 25.—The American defender Reliance won her second race from the Shamrock III today by the narrow margin of 1 minute 22 seconds corrected time.

The race was over the triangular course and the stiff nine-to-ten-knot breeze that was blowing gave the skippers good opportunity to bring out the best sailing qualities of their boats. The Reliance turned the first mark 2

the Shamrock. In the second mark the Reliance steadily drew away from the challenger and turned the mark with a lead of 4 minutes. The Reliance crossed the finish line with an advantage over the Sham-

ock of 4 minutes and 40 seconds, having gained in actual sailing time 1 minute 19 seconds corrected time. Figuring the time allowance, it was announced from the judges' boat that the race goes to the Reliance by 1

The result of this race puts the Shamrock III in a class with the best work ever done by any the British challenging yachts. On September 16 1:85, the defender Puritan won from the Genesta by the narrow margin of 1 minute 52 seconds. October 13, 1893, the Vigilant won from the Valkyrie II by 40 seconds. In the races of 1901, the Columbia in the first race defeated the Shamrock II by 1 minute, 20 seconds, and in the third race of this series the American boat won by the narrow margin of 41 seconds.

It is like cutting into a hot pie and finding ice-cream, to read of the panicky conditions in New York, while the whole of the rest of the United States is in so prosperous a condition. The panic however is merely the result of a battle between financial giants. who can see their wealth, represented by collaterals, shrink millions R. G. Brown Trustee daily, without in the least crippling them. A panic in London would convulse the woole world, but a like condition in New York is merely an incident, because the real financial backbone of the United States is not located in New York, but is rather found in the hundreds of large cities scattered throughout the United States. and an universal panic throughout the United States, such as that A. W. How & Co. Trustees . 883 experienced in 1837, has become well nigh impossible. As long as no graver cause for panic exists than a flurry or even a crash in A. W. Blow & Co. Trustees ... That New York city, the people of the United States generally need pay little heed to the matter.

The arrival of five first class polo ponies on Maui is interest ing of itself, but behind it lies a matter of still greater interest, Maui is now in position to cope with Honolulu, and the combined forces of Honolulu and Maui are prepared to put up an even game against coast teams. There are many enthusiastic polo players in Calfornia who would be glad to come down to the Islands and play Edward Barry Trustee. match games with our local teams. Polo enthusiasts on the Islands Edward Barry Trustee. should now begin to lay their plans to secure a California team for Baward Barry Trustee. next year's tournament. Such an event would not only bring a Edward Barry Trustee number of wealthy and enthusiastic polo men down here, but also Edward Barry Trustee. a large following, and the results of the games would be telegraph- Edward Barry Trustee. ed all over the United States which of itself would be one of the Edward Barry Trustee. best advertisements that could be devised. By all means, let us Edward Barry Trustee have an inter-state polo tournament next year.

D. C. Bates Trustee 149 notably Great Britain, are so loaded down with foreign possessions D. C. Bates Trustee 158 they are compelled to stand by in grim silence and see Russia D. C. The insurrection against the sugar trust which the NEWS D. C. Bates Trustee. frankly urged the sugar interests of the Islands to inaugurate, has D. C. Bates broken out on the mainland, and the beet sugar men of Colorado and other western states are to be invited to co-operate in a battle with the sugar trust. Unlikely as it may seem such contests are most favorable to the weaker party, for the trust as a business D.C. Bates Trustee. proposition, cannot afford the tremendous loss entailed by cut D. C. Save as a matter to gratify national pride, the outcome of the D. C. Bates international yacht race will prove barren of results. The world will be no better nor wiser whether the Reliance or the Shamrock D. C. Bates Trustee. wins, and it seems half a p'ty that so much time, morey and energy should be wasted on so fruitless a sport. Once the race is won, D. C. Bates Trustee. both yachts will be of value only as junk, because a racing yacht is absolutely useless for any other purpose, and the winning boat D. C. Bates Trustee. has no useful lesson to teach.

And now comes Delegate Kuhio with his opportunity at the extra session of congress. Of course he cannot be expected to accomplish much in the matter of practical results during his first term, but there is no one man in whose band it lies to do so much for the Islands, as that of our delegate. And if his work is done as he can and probably will do it, the Islands will reap the benefits for many years to come.

The performance of Lou Dillon on the Readville track last Monday has realized the dreams of horsemen that a trotter would make a mile in two minutes flat. As the mare is still young, there is strong reason to believe that she will yet beat two minutes.
