

Many Take Part In Corner Stone Laying

Dedication Of Beginning Of Beautiful Henry Perrine Baldwin Memorial Is Auspiciously Carried Through—Most Beautiful Church In Islands

Interesting and impressive were the services in connection with the laying of the corner-stone of the new Makawao Union Church, on last Sunday morning. A beautiful day seemed prophetic of a splendid consummation of work of love so well begun, and the large congregation assembled entered into the spirit of the occasion with earnest enthusiasm. Following the Doxology, the services were opened by the minister, the Rev. A. Craig Bowdish with an invocation; and then followed a song and scriptural service appropriate to the occasion. Mr. Bowdish was assisted by the Rev. R. B. Dodge, who read a lesson from the scripture and delivered a short address.

At the actual placing of the stone, the Hon. H. A. Baldwin, on behalf of the donors of the splendid memorial, read a brief address, replete with feeling and expressive of the motives that had prompted the giving of a church that will certainly rank second to none in the Islands in point of beauty and appropriateness.

One of the most appreciated features of the occasion was the singing of two anthems by the famous Molokai Choir, which happened to be on Maui at the time. A duet by Mrs. Louise C. Jones and Mr. Harry Washburn Baldwin, was also beautifully rendered.

Sealed in a copper box and embedded in cement in the center of the corner-stone, the following: Copy of the beautiful book—"A Memoir of Henry Perrine Baldwin," by Arthur D. Baldwin; copies of programs for the inaugural recital and dedicatory memorial service of the "Henry Perrine Baldwin Organ," of the Wailuku, Union Church, June 21-22, 1913; names of the committee representing the family of the late Henry Perrine Baldwin who are erecting the new church building; a brief history of the Maui Aid Association which was revived and largely financed by Mr. Baldwin; a few brief items of church history; a picture of the old church building; a copy of the latest editions of the Maui News and of the Wailuku Times; a printed copy of program of the corner-stone laying ceremonies; a roster of the church membership; a list of the ministers who have served the church.

A Splendid Building

The work on the new church, which is a memorial to the late Henry Perrine Baldwin by his children and relatives, is progressing rapidly, and the character of the workmanship and of the materials going into the structure indicate that it will be one of the most substantial buildings in the Islands. While the cost of the memorial has not been made public, it is reported that this cannot be far from \$100,000.

Island Electric May Be Sold On Coast

Public Utilities Commission Hears That Negotiations Have Been Under Way To That End—Would-Be Buyer Has Money

HONOLULU, August 24.—That negotiations are under way for the sale of the Island Electric Company, of Maui, was made public Tuesday afternoon by Charles R. Forbes, chairman of the public utility commission, at a meeting of that body. F. E. Blake, manager of the Hawaiian Electric Company of Honolulu, was present at the commission's session, and in the course of the talk he admitted that the Honolulu concern at one time was considering the purchase of the Maui corporation's plant and property, but that negotiations failed, as a satisfactory valuation could not be agreed upon.

Forbes said he had been approached in San Francisco by a man giving the name of Van Sant, who said he intended purchasing the Maui company and wanted to get some information concerning its standing as a public utility. Blake said he had met the same man here and that he had reason to believe Van Sant was able financially to handle the deal. Mr. Van Sant had told Forbes he seriously contemplated the purchase. The talk did not disclose any figures as to the price asked by R. E. Bond, president of the Maui corporation, or the amount offered either by the Honolulu firm or by the Coast man.

It is understood Mr. Van Sant is a contractor who has handled a number of large projects on the Coast.

Harold Rice Quits Maui Agricultural

To Become Small Farmer On Big Scale—Ranch And Farm Interests To Occupy Time—Promotions On Plantation Follow

In order to devote his full time to his extensive ranch properties, Harold W. Rice, for the past five years assistant manager of the Maui Agricultural Company, has resigned his position, same to take effect September 1. His place will be filled by S. Hoeking, head luna of the Paia section of the big plantation. A number of other changes in way of promotion are likely, but as yet have not been definitely announced.

Through the acquisition of the big Cornwell Ranch, a few weeks ago, together with the very considerable other agricultural interests which he already held in Makawao, Mr. Rice expects to have his time well filled in "small farming." Mr. Hoeking, who comes into the main office at Paia, has been with the Paia plantation for twenty years or more in various capacities, and his promotion is generally held to be well deserved.

Young Engineer To Cast Lot With China

Assistant To County Engineer Cox Takes Bride And Plans To Work In Country Of His Ancestors—Bride Is Sister To Mrs. Tom Gunn

Apau Paul Low, assistant county engineer, and one of the brightest young Chinese of the Territory, was married at 8 o'clock last Tuesday evening in Honolulu to Miss Anna V. Tong, a charming American belle of San Francisco, who had arrived the same morning by the steamer Lurline. The ceremony was performed by the Rev. Henry Bond Restarick, at the home of the groom's brother. The happy young couple will make their home for the present in Wailuku. Mr. Low met his bride while he was studying at Stanford University, several years ago. She was a student at the University of California, and is the daughter of a wealthy Chinese merchant of San Francisco. She is a sister of Mrs. Tom Gunn, the young aviator, who made the only aeroplane flights ever attempted on Maui.

May Go To China

Although both Mr. Low and his bride are American-born and are very frankly American in sentiment, it is understood that they contemplate leaving for China in the no distant future, where they expect to become actively identified with the great modern development which is so rapidly awakening that vast country. Mr. Low has been connected with the county engineer's office for upwards of a year, and is said to be rendering most satisfactory service. He holds high record for scholarship in his university, and those who are acquainted with him believe a brilliant future awaits him in the practice of his profession in China.

Senator Baldwin Must Quit National Guard

Because Col. H. A. Baldwin Will Probably Be A Candidate For Re-election To Succeed Himself As Member Of The Senate, In Next Fall's Elections, He Will Be Compelled To Drop His Commission As Commander Of The Third Infantry, N. G. H. This Is In Accordance With What Has Come To Be Accepted As The Requirement Of The Organic Act Which Prohibits A Member Of The Territorial Legislature From Being "Appointed Or Elected To Any Office Of The Territory Of Hawaii."

Major Harry B. Penhallow, who does not intend to run for re-election will continue to hold his commission. The matter, which came up some months ago, was brought to a head last week through the resignation of Capt. H. L. Holstein, of Kohala, who, acting upon private advices from Washington, insisted on leaving the guard on account of the fact that he will again be a candidate to the legislature. General Sam Johnson states that an effort will be made to have the Organic Act amended by Congress so as to remove the technical disability.

PLEADS GUILTY TO FORGERY GETS OFF WITH FINE

Dumas Pacheco, of Kahului, was fined \$80 by District Magistrate McKay, on Wednesday, on his plea of guilty to a charge of forgery. The fine was paid. The young man, who had been employed by Contractor J. Emmesley, signed his employer's name to a check for \$50 which he later had cashed by L. Apana, a Kahului tailor. Pacheco's plea for mercy was based on the ground that he was drunk.

Civic Convention Plans Taking Shape

Special Rates For Maui Delegation—Program Covers 5 Days—Sight-Seeing Trips Arranged For—County Fair Should Appeal To All

HILO, Aug. 23.—Everything points to a most successful civic convention and county fair at Hilo on September 21, 22, 23, 24 and 25. The arrangements are all perfected and everybody connected with the two big affairs declares that Hilo is going to put up a record for actual business accomplished and entertainment arranged for the visitors to the Crescent Bay City.

The various committees are working hard on their parts of the program and, one and all, the members say that things are lining up in good shape.

The Inter-Island Steamship Company has quoted a reduced rate for round trips from the different islands to Hilo. Kanaui people will be able to visit Hilo and return to the Garden Island at twenty-five dollar rate. That is a great reduction and it will cover the trip from Kanaui to Honolulu to Hilo and back over the same route.

Maui folk can avail themselves of a round trip ticket which will cost twelve and one-half dollars. In both cases the Kanaui and Maui people must see to it that at least fifteen delegates make the trip. Otherwise the reduced rate will not apply on the steamers. It would be advisable to make reservations as soon as possible as it is certain that there will be a large rush of delegates seeking stateroom accommodation on the Mouna Kea.

The civic convention opens at Hilo on Thursday morning, September 21, at nine o'clock. The whole proceedings will be over by Monday afternoon and the delegates can all be home on Tuesday morning. During their stay in Hilo the visitors will have a railroad excursion to Laupahoehoe, a trip to the Volcano, a trip through Puna, a dance, a banquet, a minstrel show—provided by the Honolulu Ad Club—and a dozen other features that will keep them busy and amused when not working on convention matters proper.

The ladies who visit Hilo will be specially entertained by the committee appointed to look after them. Card parties, afternoon teas and other features will be provided for the visiting ladies. They will, of course, also be taken on the railroad and automobile trips.

The county fair plans are going ahead well and the prospects are that the huge Kulu Bay Wharf will be crowded with exhibits of all kinds. Entries are rolling in and it is predicted that every section will be filled. Beautiful silver cups and gold medals have been donated as prizes for the fair and the winners will be very pleased with the trophies they capture.

During last week representatives of the Honolulu Star-Bulletin and the Pacific Commercial Advertiser were in Hilo gathering data for a special number of each paper that will be issued before the date of the convention and fair. This shows the interest

Democrats Slow In Announcing Ticket

Baldwin Believed To Be Easy Winner For Senate Nomination—Goodness Chances Also Good—Cooke May Run

While it is understood that the democratic leaders of Maui expect to have a full ticket in the field for the primary election, now about six weeks off, they are taking their time about it, for as yet but a single bourbon has turned in his nomination papers, so far as is known. This is M. Piccano, of Wailuku, a well known stone contractor, who is willing to take a seat in the lower house of the legislature if the electors of the county see fit to send him.

The republican list seems fairly full. W. F. Pogue, whose name was mentioned last week, has gotten in the game from Makawao district, together with A. F. Tavares, who wants another term in the House. Although it is understood that G. P. Cooke, of Molokai is to run for the senate again, nothing has yet been heard definitely from him, though he may have filed his nomination papers directly in Honolulu. H. A. Baldwin, seems about certain of succeeding himself in the senate, while the wise ones think that Peruvia Goodness will have no trouble in defeating Waiaholo for a Senate seat.

Don't wait to be asked—get right out and do something for the FIRST MAUI COUNTY FAIR—November 30, December 1 and 2.

Small-Pox Suspect In Kula Prison Camp

Case Isolated And Whole Camp Under Quarantine—Victim From Wailuku—Source Of Disease Is Mystery

The entire prison gang working on the roads in Kula has been tied up hard and fast in their quarters for the past week on account of the development of a case suspiciously like small-pox in one of the men. The suspect, according to Dr. C. P. Durney, who first saw the case, is strongly suspicious, and as a result the sick man has been isolated with another convict, who has had the disease, as a nurse. The others are held simply as "contacts" and will be released from the quarantine as soon as the period of incubation is past, provided no further cases develop.

The man who is ill is a Filipino who has been in the gang but a short time. He formerly lived in Wailuku on the north side of the stream. A careful search of his former haunts fails to reveal any evident source of his infection, which consequently remains a mystery.

Pipe Delay Holds Up Waterworks Job

Lack Of Material Prevents Completion Of Important Contract—Would Relieve Situation—Garcia Would Have New Reservoir

By the present time, barring the delay in arrival of the necessary pipe, the reconstructed Wailuku-Kahului waterworks system would be supplying an abundance of pure Iao Valley water to consumers. As it is, it is impossible to say when the job will be done. A part of the pipe has arrived, but the uncertainty of getting steel products at present, together with difficulties in transportation have made the contract of the Hugh Howell Company, with the Loan Fund Commission, a pure piece of guess work. Most of the excavation and tunnel work has been done for several weeks, as has also the diverting dam and settling basin, and with the pipe on hand two weeks should see the job ready for turning over to the county.

Advices New Reservoir

Antone Garcia, superintendent of the local waterworks, in his monthly report to the County Engineer, recommends that steps be taken to have constructed a new 500,000 gallon reservoir near the present one to provide storage. Mr. Garcia, in speaking of the matter stated that the present reservoir holds scarcely sufficient for one day's supply for Wailuku and Kahului, and that in case of an accident to the supply main a water famine would be at once imminent. The cost of the new reservoir, he says, would be about \$5000.

The superintendent reported collections made for the month of July of \$1589.52.

Management Of Paia Orpheum To Be Changed

Alfred Nunes, of Paia, Has Sub-leased The Paia Orpheum From The Weller & Vasconcelos Syndicate, Together With The Film Rights Of The Larger Company Throughout The Makawao District. The New Arrangement Will Go Into Effect On The First Of September. Mr. Nunes Was Formerly Manager Of The Orph., and Consequently Is No Novice At The Game. It Is His Intention To Conduct The Business Much As It Has Been Handled Under The Management Of Manager Pharos, The Same Class Of Pictures Being Shown. By Means Of A Portable Electric Outfit He Also Plans To Give Frequent Performances In Hamakua, Hailu, Makawao And Other Points In The District. Pharos Will Confine His Energies To Central Maui Houses.

IN HONOR OF YOUNG VISITORS

The Paia Community House will be the scene of what promises to be a most jolly party and dance at which Miss Frances Baldwin of Hamakua, and Miss Ruth Lindsay of Paia will do the honors as hostesses to some fifty of their young friends. The affair is in the nature of a farewell to Frances Baldwin's cousins, Louise, Henry and Fred Baldwin, of Cleveland, who have been visiting in the Islands for some months past, and who leave next week for their home.

FARMERS TO ELECT OFFICERS

The annual meeting of the Hailu Farmer's Association will be held next Saturday evening at the Kulaha schoolhouse at 7:30 o'clock, at which time it is expected to elect officers for the year and receive some important reports. A good attendance is urged.

THE PEOPLE ARE TO BLAME

Some startling statistics are contained in a report covering the period of January to June inclusive, made recently by County Engineer Joel B. Cox to the board of supervisors.

The report shows a remarkable discrepancy in the cost of road maintenance work in various parts of the county. For instance the cost of feeding a mule for one month, which in Molokai is given at \$5.53 per month, and in Wailuku at \$6.66, in the district of East Makawao is \$20.35! This is simply the cost of feed and does not include any labor charge whatever. The total cost of a mule's maintenance per month ranged from an average of \$11.25 in Lahaina, \$15.55 in Wailuku, to \$38. in East Makawao. In like manner the cost of keeping a work mule per working day in Wailuku was only 84 cents, while in East Makawao it was \$3.11.

For the blacksmithing and horseshoeing of 15 mules in Wailuku, which worked a total of 1669 days, it cost the County \$187.40. For the same services in connection with 11 mules in East Makawao, which worked probably less than 1000 days, the sum of \$313.80 was spent.

In Kuiaha, under a contract arrangement with the homesteaders, the cost of dragging dirt roads is given in the report as \$1.50 per mile. For the rest of East Makawao the cost is given for January, \$1.84 per mile; for February, \$2.09 per mile; for March, \$4.65 per mile; for April, \$3.40 per mile; for May, \$8.60 per mile. No report is made for June.

These are the extreme examples of the variations which show all through the report. Most of it cannot be logically explained. The cost of feeding these animals cannot well be controverted, because the county has good evidence that it paid the feed bills. In many other matters reports are of little value, the Engineer admits, because there is little uniformity in the keeping of records by the district overseers of the different districts, and some overseers ignore the matter of keeping records almost altogether.

These facts are not new, and the discouraging thing about it is that few persons seem to care. When the report of the Engineer was submitted, the figures excited scarcely passing comment. And yet there is not a member of the board who would for a moment think of permitting any such loose, haphazard, and absolutely indefensible policy to exist in any private enterprise with which he might be connected.

Moreover of all the citizens of Maui who read this, it is safe to predict that not a dozen will care sufficiently to give the matter a second thought—it's the county's business. And ye in the light of such indifference, people will complain at bad roads, and inefficient public labor, and continue to blame and abuse everybody except the guilty ones—themselves.

If the responsible people of Maui, represented perhaps by the chamber of commerce, would insist on an adequate and uniform system of reports from the various overseers, and upon the fullest kind of publicity of these reports, much of the present evil would at once be eliminated. The Maui News is not making charges of dishonesty or of graft, but of inexcusable inefficiency, the results of which are almost as bad. And as in other communities where like conditions exist, the the only permanent cure lies in the people themselves.

THE PACKING MERGER MYSTERY

Just what kind of a merger the Hawaiian pineapple packers could make with the Alaska salmon packers and California fruit and vegetable canners, as is reported to be contemplated, has been puzzling a good many people, nor has the mystery been lessened through any attitude of candor on the part of the men supposed to be engineering the movement. The most likely guess is that the move is one of defense against the great Armour interests which in recent years have been making themselves keenly felt in practically every line of food packing on the Pacific Coast. It is probably true that the selling economy possible to the Libby, McNeill & Libby Company, which is the branch of the Armour syndicate handling food products outside of meats, through its comprehensive system, is an important item in competing against the unorganized packers. Nor is it to be wondered at if these independents are hoping to hammer together a marketing machine that will reduce selling costs, and at the same time keep within the pale of the federal anti-trust laws. If they can succeed, the result may be beneficial to everybody concerned through the elimination of needless middlemen; though it is not clear why any such highly desirable and commendable object should be the occasion for any great amount of secrecy.

* * * * *

Hilo is sparing no pains to make the coming Civic Convention the most important of any that have been held, and there is little doubt that she will succeed. Maui entertained the third meeting of the body, and sent a good delegation to the fourth gathering at Kauai last year. It is to be hoped that the chamber of commerce committee which at present has the matter in hand will be ably seconded by Maui citizens generally in sending a representative number to Hilo next month.

* * * * *

The abolishing of the quarantine inspection as announced, is to apply only to passenger vessels arriving at Pacific Coast ports from Hawaii, and not to vessels arriving here from the mainland. Truly the working of official medical minds is mysterious and past finding out.

* * * * *

Thirty-four members of the Honolulu chamber of commerce were all that could be stirred up to attend a meeting to consider so important a matter as a bonding of the city for much needed improvements. Sounds like the Honolulu body has the dry rot again.

* * * * *

The whole territory shouldn't be expected to dig up the money for Honolulu's streets and waterworks, but that is what the business element seem to demand when they refuse to approve a county bonding plan and ask to have the legislature help them out.

* * * * *

Perhaps the late styles of dress pattern doing with awning stripes have had something to do with High Sheriff Jarrett's decision to abolish stripes as a prison costume.

WEEKLY MARKET LETTER
There is good opportunity for careful butter makers on the other islands to get a better price for their butter at the present time. The supply from the Boys' Industrial School is very small and more is needed for the retail trade at the Division. It is possible that the whole output of the Boys Industrial School's creamery will be sold direct to a large retailer. This will mean that the Division will have to get butter from some other source to take its place. There is no change in the price of eggs.
There is a good demand for young chickens. Muscovy ducks are still plentiful and the price has dropped.
Green peppers and tomatoes are about the only vegetables to advance during the week. Figs and grapes also advanced. There are no strawberries in the market. The price of feed is still climbing.
Small pigs are continuing to come to the market. These are being disposed of at the best possible price on the wharf being impractical to hold them until a sale can be made at higher prices. There is always a sale for pigs in good condition, weighing around 150 and 175 pounds, live weight. When such stock as this is received it is generally bought at the market price by the butchers and do not care to buy, they are slaughtered and put in cold storage to be sold by dressed weight either to butchers or to the retail butcher shop of the Division.
Within two or three weeks all those having available land should put in a portion of it at least in Maui red beans and small white beans. The market for these at the present time is exceedingly good and from all indications beans harvested 'in November and December will bring good or better prices.

OUR ISLAND CONTEMPORARIES

The Reaping Of The Harvest.
Looking ahead for the development of a country, or district, is a faculty which few persons in a community have; what instinct along this line is generated by the imagination based upon experience or study, is generally crushed out by the blanket conservatism of the people at large. Anyone who has tried to start an enterprise in a community with the idea that it will be a real asset to that community in time, is often looked upon with suspicion, even if not frowned upon, while very seldom is local support given to such a venture. The suit is generally some stranger is the man who starts things in a community and then, when success comes, people wonder why they did not think of that same scheme themselves.
So it is with the tourist traffic which is turning towards the Hawaiian Islands. Now, after years of effort on the part of the Promotion Committee and the expenditure of thousands of dollars, it looks as though the sowing of the seed will result in the reaping of a harvest which only a few at this time can realize the importance of. Sugar has been, and will be for years to come, the dominant commercial force in this Territory, because the dollars are more or less immediate and sure. But let us prophesy: The time will come when the shores and bays, the mountains and the plains of the principal islands of Hawaii Territory will be dotted with the winter homes of wealthy visitors from the Mainland; when resorts and hotels will be found conveniently situated on all the islands for the benefit of the thousands of tourists who will flock to Hawaii from the ports of San Francisco, Los Angeles and Portland or Seattle.—Hilo Tribune.

The Fallacy of Paraffine Base: Eastern oil manufacturers have long extolled the superior virtues of paraffine-base motor oils. But Pacific Coast motorists have proved that Zerolene, made from selected California crude, asphalt-base, gave best results. Their experience is now supported by the testimony of international experts. Lieut. Bryan stated before the Am. Soc. of Naval Engineers: "Oils made from the asphalt-base crudes have shown themselves better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils." Zerolene received highest competitive awards, San Francisco and San Diego Expositions. Dealers everywhere and at service stations and agencies of the Standard Oil Company.

AT THE THEATERS

"The Circular Staircase"

Aunt Ray Innes is aroused at 3 a.m. by the sound of a pistol shot. Descending The Circular Staircase at "Sunnyside", she stumbles over the lifeless body of a stranger. She also finds that Halsey her nephew and Jack Bailey, his friend, in love with Gertrude Innes, have disappeared.

The mysteries surrounding The Circular Staircase continue and Louise, daughter of Banker Armstrong, is found ill at the lodge. Word comes that Banker Armstrong has died in the West.

Aunt Ray Innes discovers a secret room at the top of the Circular Staircase. She enters. The door snaps shut: she is a prisoner!

In the dead of night a mysterious visitor enters the secret room with cat-like tread. He encounters Aunt Ray and there is a desperate battle. Help comes and the stranger escapes. He falls down The Circular Staircase to his death.

There is also a strong love story, woven into the action.

Ben Blair

Ben Blair, the boy, a quivering, terror-stricken mite of humanity, alone on the prairie, cringing with fear of a brutal father, while overhead the sky glowing red in reflection of his home fast crumbling to ashes—another mark of his father's cruelty, and the grave of his only friend—his mother.

Then—Ben Blair, the man strong, determined, and resourceful, as only Dustin Farnum can depict him, a wonderful illustration of the man who fights life's battles alone, and who has the courage of his convictions.

"Ben Blair" is a play, unusual in its skillful contrasts of life on the prairie and on Broadway. It possesses action aplenty, a theme that will hold and thrill. The "Ben Blairs" of real life will find a marvelous counterpart in the "Ben Blair" which Dustin Farnum has created for the screen.

Chaplin is easily the most popular comedian of the films today, provided box-office receipts can be taken as a criterion. A trip to the Orpheum during the engagement of "Carmen" will show the answer, which is—laughs, laughs, laughs. Chaplin gets his audience with his initial appearance on the screen and he keeps it up until "the end" is written across the screen.

Diplomacy.

Marie Doro, the exquisite star whose previous screen appearances in "The Morals of Marcus" and "The White Pearl" have distinguished her, surpasses all her former stage or screen achievements in the Famous Players' Charles Frohman Company's picture of foreign political intrigue, "Diplomacy" in the stage presentation of which as co-star with William Gillette and Miss Blanche Bates, Miss Doro won a notable personal triumph. Suspected by her husband, a young diplomat, of stealing from his dispatch box the plans of the Gibraltar fortifications, Dora (the role assumed by Miss Doro) portrays with infinite skill the fear, anger hate and despair which result from the accusation. The screen version attaches added interest by the fact that the young diplomat is played by Elliott Dexter, Marie Doro's husband.

The Blindness Of Devotion.

Briefly told, the story of "The Blindness of Devotion" in which Robert B. Mantell, the celebrated dramatic star, makes his screen debut under the management of William Fox, is as follows:

Count de Carnay, a man near sixty, falls in love with and marries a beautiful adventuress, Renee Delaevois, by name. Renee does not love her aged husband, whom she has married solely for his wealth and position.

The Count is guardian to Pierre Cavereaux, a handsome young soldier on foreign service. Pierre leaves his regiment for a visit to his guardian. He and Renee meet under romantic circumstances with the inevitable result. One day, the Count discovers Renee and Pierre under the most compromising circumstances. To disarm suspicion, Bella, who has also been a witness to the scene, tells the Count that Pierre desires to marry her. The Count's fears are allayed, but he resolves to keep watch upon his wife.

Renee seeks to poison her husband. The Count skillfully turns the tables and she is her own victim. A thrillingly dramatic climax brings this remarkable screen drama to a spectacular end.

If everybody expected to see a BIG MAUI COUNTY FAIR and then left it to others to do the work, there would be no fair. Do your part.

TOKIO, Aug. 23—Cholera sweeping rapidly through Japan. Citizens' quarantine committee organized to assist officers.

Civic Convention Plans Taking Shape

(Continued from page 1.)

that is being taken in the two civic organizations which Hilo has so well worked up.

The Island of Hawaii is much interested in the convention and fair and it is felt that as Hilo originated the idea of conventions it is up to Hilo to make what will possibly be the last convention held outside of Honolulu the most spectacular and interesting of all the gatherings of the past five years.

Right from the start of this year the good people of the Island of Hawaii have been working hard to make the coming events the greatest of success and it now remains for the citizens of Oahu, Maui, Kauai and Molokai to get busy and respond to the invitation sent out by the civic convention committee. Director William McKay insisted that the number of delegates should not be limited in any way and the slogan of Hilo is: "The more the merrier."

Hilo people promises everybody a good time, an interesting experience and a mighty Aloha.

Denervo To Again Try Welcome Boy

F. H. Lacey To Handle Big Bay — McPhee Denies Rumor Of Sale, But Will Not Enter Him Again — Other Racers Sent Down

Denervo has not been sold. Refuting in positive terms the report current last week that he had disposed of the fleet Maui pacer to F. H. Lacey, Angus McPhee continued: "Money couldn't buy that horse. He's not been sold and he's not for sale. But I shall probably never race him again personally. I have let Lacey enter him in the Honolulu race next month, but Lacey is putting up the entrance money and will get the purse if he wins. I'm out of the racing game as far as Denervo is concerned."

McPhee says the varying fortunes of Denervo in his contests with Hollinger's Welcome Boy, are the cause of his decision. The apparent inability of either of these horses to win two races in succession has begun to look suspicious to some people, he thinks, and he doesn't care to go any further as a consequence.

Denervo has been at the Kahului track consistently for several weeks, being worked out by Lacey, who is confident of winning from Welcome Boy a week from next Monday. In any event the Maui horse made his easiest winning on the Kapiolani track and there are a good many who believe he will again.

Ypress and Miss Officious Entered

But if Angus McPhee disclaims any responsibility for Denervo, he does not, as regards his two runners, Ypress and Miss Officious. These two went down to Honolulu last Saturday, and he believes they will give a good account of themselves against the Honolulu horses and against the Nevada horses which have lately been brought down from the Coast by John O'Rourke.

No More Stripes For Territorial Felons

High Sheriff Jarrett Plans Radical Step In His Prison Reform Work — Is Well Pleased With What Is Being Done On Maui

High Sheriff W. P. Jarrett spent several days on Maui this week looking into the condition of the territorial prisoners which are working on the roads in the Kula section. Before returning to Honolulu on Wednesday, the High Sheriff expressed himself as well satisfied with the conditions under which his gang is working on this island. Owing to the fact that the whole bunch is quarantined on account of the small-pox suspect among them, Jarrett was not able to inspect the camp very closely, though he carried on a long-range inquiry with the prisoners.

Mr. Jarrett is still firm in his belief that his honor system of dealing with the convicts is the proper one, and that the open air work as at Kula is much better than close confinement as a mode of reformation. Another radical plan which he has in mind, and which he expects to put into effect within a few weeks, is the entire elimination of the time-dishonored prison stripes. The prisoners are soon to wear plain uniforms of blue or brown, similar to that supplied the county misdemeanor prisoners. Sheriff Jarrett states that the old stripes idea is not only useless but decidedly prejudicial to the convict's self respect, a thing that it is not desirable to have lost if reformation is to be hoped for.

Fined For Receiving Stolen Money Boy Paroled

Hida Kimura, a 12-year old Japanese boy of Paia, stole \$40 in gold from another Japanese, a few days ago, and passed the coin along to Masa Yanagihara, a helper in Alfred Nunez' garage. The theft was discovered and suspicion fastened so strongly on the boy that he soon confessed and told of the disposition he had made of the money.

In the Wailuku district court, yesterday, Yanagihara was found guilty of receiving stolen goods, and fined \$30. He has appealed the case. The boy was tried before Judge Edings, sitting in the juvenile court, and was placed in custody of relative with the understanding that he be removed to Hilo within three days. In case he is not, he is to be committed to the reform school forthwith.

URGES WIDE TIRE ORDINANCE

County Engineer Cox urges the board of supervisors to adopt a wide tire ordinance to apply to the Haiku district. The Engineer declares that such of the deterioration of the roads in the Haiku section is due to overloading wagons with very narrow tires during times when the roads are wet.

A CARD OF THANKS

Mr. William Smith, Mr. and Mrs. Pratt and family wish to thank the many friends for their kind sympathy and floral tributes sent them during their late bereavement.

Mrs. Smith, before and during her illness in the Pioneer Hospital was sent many gifts and flowers, which she asked to have acknowledged. This has not been done in many instances, so her relatives wish to convey their thanks at this time, as their kindness to her were very much appreciated.

BOY SNEAK THIEF CAUGHT

Frank Cruz, a 12 year old Porto Rican boy living up Iao valley, was arrested by Deputy Sheriff George Cummings on Wednesday for stealing a purse from the Maui Publishing Company's office on Thursday of last week. The boy stoutly denied his guilt until confronted by other boys to whom he had shown the money, when he confessed. He will probably be put under probation.

DR. HAYES LEAVES MOLOKAI

Dr. Henry Hayes, for a number of years government physician at Pukoo, Molokai, has resigned his position and left with his family last Saturday for Honolulu where it is understood he will enter private practice.

LURLINE IN PORT

The Matson liner Lurline, which arrived at Kahului this morning with 1593 tons of freight for this island, is expected to get away tomorrow evening for Kaanapali to finish taking on her sugar cargo from the Pioneer Mill warehouses. She will probably not get away from the West Maui port before Sunday night.

SALVATION BAND MADE HIT

The Salvation Army Girls' Band, which spent several days on Maui last week, returned to Honolulu by the Mauna Kea last Monday night. The unique organization made quite a hit during its visit, and the really good music produced by the youngsters was much appreciated. It is understood that the band realized sufficient from its concerts to about cover the expense of its outing.

SUBMARINES AGAIN PRACTISE OFF LAHAINA SHORES

The four submarines stationed at Pearl Harbor, K-3, K-4, K-7, and K-8 have been on a practise cruise this week on the leeward side of this island. The little boats left Oahu on Tuesday morning, and are at present somewhere in the vicinity of Lanai or Kahoolawe. They are expected to return to Pearl Harbor tomorrow. This is the regular prescribed quarterly cruise of the divers.

BAND TO GIVE SUNDAY CONCERT

There will be a Concert by the Wailuku Band on the lawn of the Maui Hotel tomorrow evening at 7 p. m., to which the public are invited. The program will include the following musical gems:

- March
- Overture
- The Golden West Waltz
- Queen of Roses
- Tango Argentine
- La Seduction
- One Step
- Come Back to Erin
- March
- Alde de Camp
- Hawaii Poniol

LINDSAYS TOURING CANADA

Friends of D. C. Lindsay and daughters, who are at present touring the mainland, received cards from them by this week's mail indicating that they have been having a splendid time in the Canadian Rockies—and without passports, too. Mr. Lindsay assures one of his correspondents. But he doesn't mention his proposed trip to Scotland.

At a meeting of the Loan Fund Commission yesterday afternoon, tenders were opened for the construction of the new concrete bridge over the Oheo stream, near Kipahulu, and the contract awarded to E. C. Mellor, at his bid of \$6000, time of work, 75 days. Three other tenders were submitted as follows: Hugh Howell Engineering Company, \$6580, time 70 days; J. C. Foss, Jr., \$7673, time 90 days; Harry Sands, \$7887, time 85 days. The Foss bid was thrown out on account of irregularity in drafting. Mellor, the successful bidder also was given the contract for extra excavating at his price of \$1.50 per cubic yard. The Howell company bid \$2 for this work; Foss, \$2.50; and Sands, \$1.75.

Mellor is new in the contracting game as an independent contractor, this being his first contract. He was formerly associated with J. C. Foss, Jr.

HIGH SCHOOL PLANS APPROVED

Superintendent of Public Instruction Henry W. Kinney, on Tuesday of this week approved the plans for the new high school building for Maui. Report from Honolulu states that Kinney has not been advised as to the exact location of the new structure.

BISHOP RESTARICK TO BE HERE

The Rt. Rev. Henry Bond Restarick, D. D., Bishop of Honolulu will visit the Church of the Good Shepherd, on Sunday. He will be the celebrant at the early Communion, at 8 o'clock, and the preacher at the service of Morning Prayer, at 11 o'clock.

In the evening, at 7:30, he will preach at the Puunene Chapel.

W. H. Field, manager of the Maui Hotel, who has been away for several weeks on a business trip to San Francisco, is a returning passenger by the Lurline this week.

SAD DEATH OF POPULAR YOUNG MATRON

Particularly sad was the death on last Sunday evening of Mrs. William Smith, which occurred in the Lahaina Hospital after an illness of several months. Before her marriage, about a year ago, to Mr. Smith, who is the electrical engineer of the Pioneer Mill Company, she was Miss Louise Pratt, daughter of Mr. and Mrs. Pratt, of Paia, and one of the most popular girls of Maui. Prior to her marriage she was kindergarten of the Lahaina Kindergarten.

Following the birth of twin daughters a few weeks ago, Mrs. Pratt's condition became critical, and though for a while her recovery was hoped for, her demise when it did come was not unexpected. One of the baby girls preceded its mother to the grave by but a few days, and the other may not survive.

A large number of friends all over Maui attended the funeral services which took place on Monday afternoon from the Lahaina home, interment being in the Lahaina cemetery. The services were conducted by the Rev. W. B. Coale, assisted by the Rev. A. Craig Bowdish and the Rev. F. N. Cockroft, and a choir of girls from the Lahaina Episcopal Church sang. The pall-bearers were—W. L. West, John Little, C. W. Lindsay, Charles Farden, William Smith, and Thomas Pratt.

HONOLULU HUNTERS HAVE DAMP TIME ON MOLOKAI

Although it rained every day except one and the weather was quite chilly at times, a party of Honolulu sportsmen, headed by Arthur G. Fase, was successful in shooting two deer on Molokai and has returned to this city tanned from outdoor life and looking fine.

Those in the party included Arthur G. Fase, Arthur E. Trofel, Dr. Harry M. Dieber, dental surgeon at Fort Shafter, F. M. Smoot, H. E. Westcott, and Ralph S. Johnstone. Smoot and Westcott returned last week and the other four came back Sunday. The hunters were at an elevation of 2850 feet most of the time and said the weather was almost cold at times. They were away two weeks.—Star-Bulletin.

DONT LIKE NEW MAIL ROUTING

Residents of Paia, Hamakunopoko, and Pauwela are making a vigorous kick over a new order requiring postmasters at these stations to send all mail matter deposited in their offices to Kahului to be routed. The result is, for example, that if a letter is posted at Hamakunopoko at noon, for some one in Haiku, that letter must be sent to Kahului, and will not arrive at its destination until the following day. The order has been especially inconvenient to residents beyond Paia, who have been in the habit of ordering meat and other perishable foodstuffs from Paia, the delay making this now impracticable.

THE FIRST MAUI COUNTY FAIR WILL BE A SUCCESS, BUT IT WILL BE A BIGGER SUCCESS IF YOU DO YOUR PART.

LAHAINA STORE'S NEW HOME TO BE OPENED, SEPT. 1.

The fine new concrete building of the Lahaina Store which has been in course of construction by the Lord-Young Company, for the past six or eight months, is now finished, and the formal opening has been set for September 1. The new structure is probably the finest store building on Maui, being unusually commodious, and attractively arranged, as well of most substantial construction.

GATHERING DATA FOR LECTURES

Albert O. Hushaw, a well known lecturer, has been on Maui for several days this week visiting the points of interest. He is on Haleakala at present and will leave tomorrow evening for Hawaii to gather further material for his work. Mr. Hushaw, who is widely known in the Islands, has been lecturing on Hawaii for the past 8 or 10 years. His son, H. E. Hushaw, is a stenographer for the Sugar Factors Company, in Honolulu.

"FLEXIBLE BUSES" FOR HILO

"Flexible buses"—that is the latest stunt for Hilo, and it is declared by the men behind the scheme that they will have a fleet of the elongated vehicles in commission on or about September 1. The "flexible bus" has come to stay, say the promoters, and they will fill a "long felt want" in the Crescent Bay City.

Six Wheel Automobile

The new kind of bus is a six-wheel affair and it is composed of the reconstructed parts of a Ford car with the additional of two extra wheels that will be attached to the rear end. The body of the car will be so much longer on account of the addition of two wheels and the extension of the understructure of the wagon for some feet, that a large number of passengers will be provided with accommodation. It is expected that twenty or so passengers can be carried on each six-wheeled machine.—Hawaii Herald.

A 5-cent fare will be charged, and the buses will have regular runs the same as street cars.

LOCAL CHINESE CELEBRATE

Headed by the Ch'eh Kung Tong, or the local Chinese society, the Chinese residents of Wailuku have been celebrating all this week what they designate as a "Decoration Day". The club of the association on Vineyard street has been the center of social activity, and here much elaborate entertaining has been carried on. During the past several evenings a grotesque parade has formed a feature of the celebration in which the brightly colored and richly embroidered Chinese dragon was conspicuous. It was the first celebration of the kind to be held in Wailuku, and will end tomorrow night.
