JACK MYER'S BASS

Mr. J. R. Myers of Kilauea deserves much credit for the introduction to the country of the Black Bass. At the cost of much care and patience as well as money he imported them from California a few months ago and placed them in one of the Plantation reservoirs. Now the reservoir and the streams connected therewith are full of small fish. They are excellent eating and even better sport; altogether a most valuable acquisition.

Wharf Is Completed

Special to The Garden Island

HANAIEI, July 31.—The Hanaiei wharf has been completed and freight is going and coming a la Honolulu style. Contractor Mahikoa has done an excellent piece of work here for which the community as a whole exclaim Amen! The wharf is large enough to accommodate several battleships at one time, and unless Nawiliwili decides pretty shortly when she intends to start the Port of Entry what's the matter with Hanaiei getting it!

Progressive Hanaiei

Hanaiei is just at present one of the most progressive places on the island. What with the new wharf, several fine residences building, and several new bridges under way you only have to stand on the brink of the valley to see Hanaiei grow.

WISE SAYINGS

G. P. WILCOX.—This continuous growth is very destructive to our new grade. It should be sprinkled or oiled immediately or else it will soon be worse than no macadam at all.

C. ROENDAHL.—(manager McBryde store). Thank goodness the crossing near our store is soon to be repaired for I'm disgusted with the constant complaints we hear about it.

K. W. KINNEY.—I must decline the endorsement of my club, though I thank the members most sincerely for their consideration. I believe they will find better representative material than I am. At any rate, you can say, I am out of the race for representative.

J. K. KULA.—My hat is in the ring again and I'll try to land the representativeship from this district. I have been requested to make a run for it, and I have placed myself in the hands of my friends.

C. S. DOLE.—We should by all means get the Mountain Trail Club of Honolulu interested in our beautiful mountain scenery. Rest houses could be established at a small expense and some of the finest scenery in the Territory opened to tramping parties.

C. A. RICE.—The crossing below the Fairview Hotel costs me at least five or six dollars in repairs to my car each month.

J. K. KULA.—Yes, I am pound master for Koloa, but its up to the police department to carry out its part of the law by running the stock in before I can do what is expected of the poundmaster.

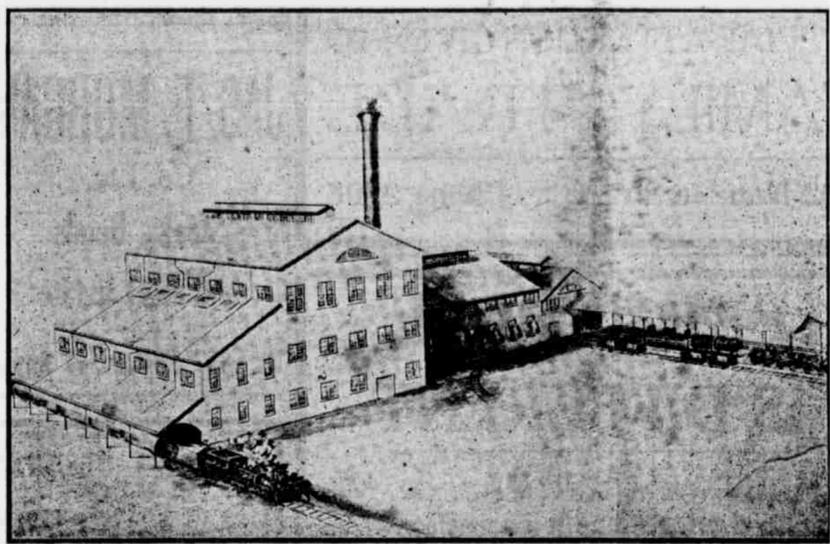

JAS. EDWARDS.—I am leaving for the coast for a visit only. My health is not as good as it should be, and a short stay in the mountains of California will, I hope, make it possible for me to return in a short time to the islands.

G. P. Wilcox Manages Kealia

According to well founded rumor, G. P. Wilcox, three years head-luna for the Koloa Sugar Co., will shortly accept the manager-ship of the Kealia Sugar Co. Gaylord is one of our foremost sugar men and is most deserving of the promotion, which was made possible through the resignation of Manager Geo. Fairchild.

Rev. Hans Isenberg is building a beach home on the beautiful Hanaiei beach.

Koloa Plantation Company Will Build In a New Location

PROPOSED NEW MILL FOR KOLOA PLANTATION

Koloa Plantation is to have one of the most modern 12 roller mills in the Territory, according to plans which have just been completed. The mill will be built on a new location, which according to G. P. Wilcox, will be near the Com-

pany's great reservoir. The main camp which includes the greater part of Koloa proper, will probably remain as it is, as the Company owns in fee simple the land upon which the plantation store stands. The old mill will probably remain

a monument to the memory of those who were instrumental in establishing the plantation which, by-the-way, was the first sugar plantation established in the Territory of Hawaii.

Takes Exception

S. Padgett has taken exception to the article appearing in our last issue relative to the marriage of his eldest daughter to Mr. Honan of Koloa. He informed a reporter that there had been no "make-up" to his knowledge, and that he and his wife were still broken-hearted over the elopement, and in fact the entire family shared in the great grief which had enshrouded his household.

Royal Treat Coming

A moving picture company will arrive tomorrow morning from Honolulu, and will open at the Lihue Hall for a four nights' engagement, beginning tomorrow night. Films of the great Gotch-Hackenschmidt, the world's champion wrestler will be featured tomorrow night, while the remaining three performances will include exciting cow boy and Indian films, runaway horses, robberies, bandits and stage hold-ups. There will also be some of the most comical films ever seen here. The prices, 10, 25 and 50 cents will make it possible for everybody to treat themselves to a first-class moving picture show.

Drowned At Waimea

Special to The Garden Island

WAIMEA, July 31.—The eldest son of Mr. and Mrs. Pah On, fell from the pier here last Friday night while fishing and was drowned. All efforts to find the body failed until eleven o'clock the following night.

McInerney Haberdashery

Messrs. Silva and Murray, arrived last Wednesday from Honolulu, with a line of Haberdashery and shoes, from the well known firm of M. McInerney, Ltd. Honolulu. They will be in Lihue Wednesday Thursday and Friday of this week. The people of Lihue will be given an opportunity to secure just what they wish in these lines and should take advantage of the exceptional offerings as to quality and prices.

The approach to the Kilauea bridge is under course of construction, in preparation for the new steel bridge.

Enjoyable Bridge Party

Mrs. H. D. Wishard was hostess at bridge Saturday evening, in honor of her sister, Miss Winstead, of Cincinnati, who is visiting Mrs. Wishard. Eight tables were arranged among artistic and original surroundings. The reception room decorations included two garlands of artificial, facsimile cards, so arranged as to form a cross over the center of the room. The dining room decorations were bouganvillea, the ceiling being decorated by hundreds of playing cards attached to a thread and dangling over the heads of the guests. They were real cards and were in such harmony with the occasion that the originality of the hostess proved a source of much admiration. The ladies first prize, a cut-glass bowl, was captured by Mrs. A. D. Hills, the second prize, a hand painted olive dish, went to Mrs. Robertson, while Miss Lulu Weber won the consolation prize, a hot pin. The gentlemen's first prize, a deck of playing cards, became the property of Charley Wilcox, the second prize, a paper cutter, was captured by J. H. Coney, and Frank Crawford won the consolation prize, an ash tray.

Bonfire Chowder In Niumalu

The bonfire chowder given Tuesday evening, July 30, by Mr. and Mrs. J. H. Moragne for the Neighborhood Club was one of the most original and enjoyable events of the season. About 6:30 the guests to the number of 40 gathered around the long table under an extemporized lanai on the Niumalu beach, every one prepared to do justice to what was coming. The mainstay of the supper was an excellent chowder of the well known Coney brand, but this was supplemented by many other toothsome delicacies. As the darkness closed in a monster bonfire illumined the scene with its pyrotechnic glory, while concealed musicians discoursed pleasant strains of Hawaiian music.

Later in the evening three large boats conveyed the happy party up the river to the strains of festive music and peals of joyous laughter. It is asserted that some of the elderly people renewed their youth for the evening, almost beyond recognition. The evening closed with three royal cheers for the hosts.

What's Doing In Koloa?

What's the matter with Koloa? The people are all so busy and mysterious over there. A certain young lady seemed restless and wore a far-away look in her eyes, so I said: "Daisy, what's up?" "Aw nothin'," she answered waltzing away among sweet "Tra-la-la, tra-la-la, lala lalas." I turned to the old man. "Say, Jack, is she not a little off?" "No," says he, "she is rehearsing her song for the concert." "Concert?" says I. "What?" says he, "don't you know that the Koloa Library is to have an entertainment? It is to be the greatest ever. Excuse me, old man, but I really must be off to rehearsal, myself. Just make yourself at home and if I don't find you here on my return, never mind, so long as we meet at the concert."

New Block For Koloa

Tax Assessor J. K. Farley is erecting a new block on main street, Koloa. The concrete foundation has been placed and unlike the majority of property owners, Mr. Farley is personally overseeing the work. The entire block has been leased for various commercial purposes and will be occupied by local firms.

Our Marine Driveway

The marine driveway which is now under course of construction will, when completed afford one of the most picturesque driveways imaginable. Thousands of tons of rock have been blasted away, lengthy fills, composed of solid rock walls are being built, and where possible, artistic little plots have been laid out which greatly enhance the beauty of this wonderful driveway.

Is Badly Scalded

Special to The Garden Island.

WAIMEA, July 24.—Leon Sang, an employee of the Waimea Rice Mill, was badly scalded in an attempt to connect the hot water leading from the mill to a bath house. One arm was severely scalded.

The best flour known, in every home—Sperry flour. tf.

OPEN AIR BUILDINGS

The Koloa hospital has hit upon a plan of furnishing fresh-air buildings for its tuberculosis suspects which appears to be accomplishing great results. The buildings consist of single rooms, screened in on all sides with mosquito netting, with awnings which are conveniently dropped when necessity requires. The patients occupying these buildings are thus practically kept in the open air at all times, yet never at any time exposed to climatic conditions adverse to that which is most beneficial. "Plans for more of these buildings are under way," said Miss Waggouer the head nurse, to a reporter, on a recent visit to the hospital. Dr. Waterhouse has invited us to pay a visit to this well regulated institution and we hope to be able to accept his kindness in the early future.

Mrs. Bomke Dies

Mrs. Wilhelmina Bomke, wife of August J. Bomke, died at her home in Kalihi July 29th, at the age of thirty-three. Besides her husband, she is survived by two sons and two daughters; by a brother, F. Weber, of Waimea, Kauai, and by two sisters, Mrs. J. F. Jansen of Kaluku and Mrs. C. Oleson.

Special Term Of Court

ORDER APPOINTING A SPECIAL TERM OF COURT.
Deeming it essential to the promotion of justice, I hereby appoint a special term of the Circuit Court of the Fifth Circuit of the Territory of Hawaii, to be held at Lihue, County of Kauai, Territory of Hawaii, beginning on the nineteenth day of August, A. D. 1912, and continuing until adjournment or until it expires according to law. Lihue, Hawaii, July 25, 1912. (sgd.) LYLE A. DICKEY. (Seal) Judge Circuit Court of the Fifth Circuit, Territory of Hawaii.

Attest, (sgd.) PHILIP L. RICH. Clerk Circuit Court of the Fifth Circuit, Territory of Hawaii.

The above appointment of a special term of the Circuit Court of the Fifth Circuit, Territory of Hawaii, is hereby approved. Honolulu, Hawaii, July 29, 1912. (sgd.) A. G. M. ROBERTSON. Chief Justice of the Supreme Court of the Territory of Hawaii.

There will be no church service during the month of August. J. M. LYDGATE.

SUNDAY'S GAMES

McBRYDE

The McBrydes tried hard to beat the Kilauea Red Sox last Sunday in Eleele but failed in the attempt even with the aid of two umpires. The final score stood 8-4 in favor of the visitors. The game was peacefully enough until the fifth inning, when war was declared. Up to that inning the score was 1-0 in favor of the home team when the Red Sox got two men on bases. A single was knocked out, the man on second scored on a passed ball due to the catcher and the other runner tried to tally also. The decision which sent him back to third was perfectly correct according to the rules, but a dispute which lasted about ten minutes had to be held. In the sixth and seventh skirmish, the visitors scored two runs in each. The last half of the seventh was eventful. The McBryde Blues filled all the corners with one down, when an infield grounder was stopped by the short stop who tagged the runner at second who was making third and rallied the ball to second, retiring the runner from first. The latter sent the ball home and would have completed a triple play had none been out at first. The umpire saw none of these plays and declared every man safe. The game was held up over twenty minutes. When they continued again they allowed one man out. The home team got two home in this spasm. The first half of the eighth saw Joe Pacheco show his disgust for the McBrydes by knocking the ball into the cane field for a homer. This brought cheers from almost everybody. It was followed by a triple. The McBryde's got one man home in their half. In the ninth the McBryde pitcher deliberately balked three times only one of them being allowed. Sanborn saw it was useless to kick after the second balk. The visitors brought one more home in this inning. The last half was a goose egg for McBryde.

LIHUE

The game on the Lihue diamond Sunday between the home team and Koloa, was one of the tamest of the season. The home team simply toyed with the visitors from start to finish. In the 7th, the Koloa scored, and as a result, a little ginger was injected into the game, but save this incident, there seemed little or no excitement throughout the game. The one run is all that saved the Koloas from a whitewash, as the game closed with a score of 9-1 in favor of the home team. Koloa's battery was extremely weak, which threw the main support of the team on the fielders, who did fairly good work. From a scientific point of view the game was not what might have been reasonably expected, but there was one noticeable feature which was the source of some comment, and that was the perfect harmony which prevailed among the two teams. Not a disputed decision occurred. When we consider that these two teams, when they met last, were ready to fly at each other with bats, their conduct Sunday was the more commendable.

WAIMEA

The Kawaihau and Waimea teams met on the Waimea field and put up one of the prettiest exhibition of baseball ever played on the home ground. It was nip-and-tuck, first one, then the other leading off, and it was simply anybody's game to the very last when the visitors did some extra stick work and won out by 2 scores. The Waimea diamond is a great deception to those who are unfamiliar with it, in so much as the sand prevents the ball from rolling when it falls, which fact makes it almost impossible to bring in a home run. The sand is also as destructive to base runners, as it is rather uphill business to negotiate a base at record speed, drilling through sand ankle deep. The game Sunday was attended by a crowd of fans which would indicate no falling off in public interest in baseball.

THE call for the republican convention appears in but one English newspaper in the Territory.

Political Poverty

Now, then, our readers will understand without further explanation, that the republican papers throughout the Territory are entitled to a certain degree of consideration by our leading politicians, and to notify each island, through its own county organ, we believe, would be what might be due consideration. Those who would learn the date of the convention must need consult the morning paper, for no self-respecting editor will let a committee of bone heads throw him down and feel the same towards them afterwards.

Hawaii has republican papers, so has Maui and Kauai has the best of all. Why then are all these papers shelved and preference given to a single paper with a circulation which doesn't include ten per cent of those who read their local papers. Another peculiar phase is that the Portuguese papers have also been passed up. In conversation with Mr. Cooper, chairman of the republican committee, we learned that there were no funds with which to pay any bills.

If the republican party is so financially embarrassed as to be unable to carry on a campaign as it should be, then by all means chuck it aside for the third party, woman suffrage or any old thing, for to remain a republican under such circumstances will be anything but a credit to any man. For the chairman of a political club to be compelled to canvas for bids on printing a notice which will not exceed thirty dollars, is a sorry spectacle indeed.

THE drowning of the Pah On boy in Waimea last Friday was nearly duplicated in Hanalei one night last week, when a Hawaiian boy, losing his balance, took a head-ender into eight feet of water. His rescuer, however, managed to reach him just in time to save him. This should teach us to be very careful in getting too near the edge of platforms—political and otherwise.

THE GARDEN ISLAND will make formal announcement of the candidacy of any member of any party for nomination on a party ticket, and the following rates will prevail:

- For Supervisors \$ 5.00
- " Sheriff, Treasurer or Auditor 7.50
- For Senators 10.00

The announcements will appear in each issue of the paper and will be in uniform style as follows:

THE GARDEN ISLAND is authorized to announce the candidacy of

JOHN DOE for republican, democratic third party, socialist or woman suffrage party for () subject to the action of () convention.

WON'T there be fun when Taft starts out to try to scare the working men with the free trade bugaboos, and points to the benefits of the high tariff, and Teddy follows him up with a declaration that the cost of living must be reduced by reducing the tariff? Yea, there will. The tariff is in the hands of its friends this year.

An exchange says a Pittsburg woman had another arrested for calling her a cat. Probably if she had called her a kitten, she would have purred delightedly over the epithet.

It is now about time for H. H. Brodie to make some further cutting remarks about those Hanapepe trees.

THE Bull Moose party is going to furnish a good deal of amusement this summer and fall.

THE slate by "citizen" in this issue is one which would be hard to beat.

WHAT'S doing in politics? Oh, nothin' much.

YRS it is hot, but not so hot as it was a year ago. Stopurekicking.

IT is rumored that opposition is expected in the race for County Attorney.

IF time is money, loafers should be able to cash in some mighty fat dividends.

THE third party will most likely get pretty well soused in its efforts to reach Kauai from Oahu.

THE third party dope reminds us of our bum railroad crossings—slow about getting into shape.

PLEASE take a look at the new wireless mast and then cease wondering why wireless messages come so high.

ACCORDING to rumor, opposition is expected in Kawaihau, Lihue and Koloa Districts to the present supervisors.

THE "dago red" policy being pursued by the Star-Bulletin would indicate that at last Honolulu's big newspapers have united on prohibition.

Inquiry as to the report that measles had again appeared in Hanalei, failed to verify the rumor. "There is nothing in the report," said a prominent citizen in answer to our inquiry.

ANOTHER week has passed and our Lihue crossings remain in the same disgraceful condition. The plantation remains as obstinate as ever, the people remain as patient as ever, and autos continue to bump over the crossings with the same damage to their machinery.

The following slate was given in to this office yesterday with a request to "give it space."

Senator—C. A. Rice.
Representative—J. K. Lota, J. H. Coney, G. P. Wilcox, S. Robinson.

Supervisors—W. F. Sanborn, J. Rodrigues, H. D. Wishard, W. D. McBryde, Francis Gay.

THE statement in the sporting columns of a recent issue of the Advertiser to the effect that a game of ball had been played between the Lihue and Kilauea teams with no friction—which was unusual—is most erroneous, as the two teams in question never have been known to play anything but a perfectly harmonious game.

THE statement that cattle and horses which roam on the public domain are chiefly owned by Portuguese, indicates that the latter are suddenly become possessed with some extremely fine stock or else that somebody is a blame big liar. It is awfully hard to convince some men that others have rights.

BETTING on ball games should be discouraged. It is bad enough for nonplayers to bet, but for players themselves to place money on the game, is inexcusable. A player who has even a moderate sum of money upon himself, if his team is playing a losing game, becomes a willing prey, to the gambler's, instinct to win the bet at any cost and at once resorts to gambler's methods, which, to say the least are far removed from good, honest baseball tactics.

INVESTIGATION by Editor Sheba in regard to the Rattery case, has brought out facts which would appear to justify a thorough investigation. The Japanese interpreter (Shirai) according to affidavits, has made statements which would appear to make matters rather serious for Rattery. If, after all, Rattery should be guilty of the crime with which he was charged, he should be severely punished. If it can be shown that an injustice has been done to the plaintiff, it is up to the attorney general to investigate and to do all in his power to right the wrong. It is the belief of many—in which we ourselves concur—that a thorough investigation should be made of the whole affair. There are many who doubt that any conspiracy existed upon the part of the Japanese, and as there seems to have been only the evidence of a confused, ignorant woman as a basis for such belief, it is not likely that such evidence will be considered conclusive in case of a further investigation.

BRIDGES COLLAPSE

A telephone message was received from Hanalei at noon to-day, to the effect that three bridges in the Hanalei District which are to be replaced with new ones, had collapsed. One bridge had been but fairly cleared by a loaded wagon, when it fell with a crash into the stream, while a second bridge went down, carrying part of the wagon with it. Fortunately the team had secured sound footing and were able to withstand the strain. A third bridge collapsed with no great loss, as the timbers were useless.
 The cause of this wholesale collapsing of bridges is attributed to the constant strain on the old timbers, during the last week when wagons loaded with crushed rock have passed over them.

CLIFFORD WHITE IN HE KNEW THE GAME
REPLY TO BALL PROTEST

Honolulu, August 1, 1912.
Editor "THE GARDEN ISLAND"
Lihue, Kauai.

Dear Sir:
Having read the protest of the Waimea Baseball Team, published in your issue of July 30th, I will appreciate it if you will allow me space in your paper to reply to same.

With regard to the first section of the protest, involving a decision at second base on an attempted steal, would say that this decision was not mine. I was umpiring at the plate during that inning. The base umpire called the runner out and any claim of blocking that runner was naturally up to the base umpire.

In reply to the second part of the protest, which claims a balk on the part of the Lihue pitcher, I will say that several statements contained therein are absolutely incorrect. To quote the letter:

"With Waimea at the bat and first base occupied, the Lihue pitcher deliberately and intentionally made a motion to throw the ball to the bat, but failed to do so."

The fact is, that the pitcher, who by the way, is left handed, was standing about a foot to one side of his box, was facing first base, and drew back his arm as if to throw to that base, and not to the plate.

Again, the letter states that: "Upon appealing to the umpire, we were informed by the umpire, after he had conferred with the Lihue pitcher and one A. R. Glaisyer, etc."

This statement is absolutely untrue. I was in my position behind the pitcher. The motion toward first base was made, a balk was claimed, and I immediately rendered a decision by shaking my head indicating that the play was not a balk. If the decision was not given immediately and clearly understood, then I will ask what caused Mr. Cox and several other members of the Waimea team to rush wildly on the field, loudly complaining, and what was their cause for complaint if no decision were rendered.

Furthermore, it stands to reason, that Dr. Glaisyer, who was on the side lines, would hardly come on the field and "confer" with me over a decision in favor of his team, until compelled to do so by the protest of the opposing team. There was absolutely no "conference" held at which captains of both teams were not present.

The protest further states that: "Upon the Waimea captain and Manager demanding that time be called to enable them to refer to the rules, this was refused and the umpire ordered play ball, and the pitcher did deliver a ball to the bat with the captain and manager of the Waimea team on the diamond demanding time."

Before the game commenced, I asked Manager Cox if there was a rule book on the grounds and he replied that there was. When this claim of a balk was made, I called time and said to Cox, who had entered the diamond to dispute my decision, "That is my understanding of the rules. However, you said you had a rule book and if you will produce it and show that I am wrong, I will reverse the decision."

Mr. Cox made no reply to this except to loudly protest and claim the decision to be a rank cheat. He made no offer or attempt to produce the book, so after a reasonable time, I ordered him off the field and called the ball into play. To the best of my knowledge he and all other members of the Waimea team were off the diamond when play was resumed. It was not until the following inning that a rule book was produced and the Waimea captain and Manager called for time to discuss the play of the previous inning. This I refused to allow, telling them that the decision could not be reversed at that stage of the game, even if I had been wrong.

Now, as to the disputed decision relative to the balk claimed, I am still of the opinion that I gave a correct and fair decision. Taking the sections of the rules as referred to in the protest, Rule 34, Section one, reads: "Any motion made by the pitcher while in position to deliver the ball to the bat" etc. The pitcher stood at least a foot out of his box, or in other words out of "position." That fact is, so far as I know, undisputed.

"I came sir, in answer to your advertisement in last night's paper. You said you wanted to employ a man who was a total stranger to fear."

"Are you a brave man?"
"I am, sir. I have given proof of my courage in many parts of the world."

"Yes?"
"I have faced bullets in Mexico and machetes in Cuba."

"Good!"
"I helped to defend the missionaries against the Boxers, and I was present at the siege of Port Arthur."

"Fine."
"I have fought the infuriated walrus of Baffin Bay and the maddened bull elephants of Central Africa, and I went through an Armenian massacre without losing my nerve."

"You seem to be the man I want. Would you be willing to go out on a field in front of 20,000 fair-minded, sport-loving Americans and umpire a baseball game honestly, deciding against the home team when necessary?"

"So that's the job, is it?" replied the man of courage, and broke into a cold perspiration and a run for the door simultaneously.

LIHUE CHURCHES

Lihue Union Church, Foreign—Rev. J. M. Lydgate, pastor.

Church Service 11 a. m. Except the last Sunday of the month. Sunday School 10:30 a. m.

Lihue First Church, Hawaiian Rev. Wm. Kamau, pastor.

Church Service 11 a. m. Sunday School 10 a. m.

Mrs. K. C. Hopper and Mrs. Mesick, her house-guest were guests of Mrs. Jas. Clapper at Kealia Monday.

That rule is therefore not applicable.

Rule 34, Section five, does not cover the case either, as it states: "Any motion in delivering the ball to the bat by the pitcher while not in position defined in Rule 30 etc." In this instance, no ball was "delivered to the bat," therefore the rule cannot apply.

Messrs. Cox and De Costa are wrong in part of their contention as contained in next to the last paragraph of their letter, to wit: "We respectfully contend that Rule 30 clearly defines the pitcher's position, and Rule 34, Section 5 prohibits a pitcher from making a motion to pitch the ball while not in this position."

The rule referred to reads: "Any motion in delivering the ball etc." It does not say, "Any motion to deliver the ball" (or to pitch) as stated in the letter. Therefore, as there was no ball delivered, there could not have been any motion made "in delivering."

It would appear that the Waimea team is basing its protest on Rule 34, Section 5, as that is the only rule referred to in summing up the case. As I have shown that this rule cannot be applied, it would seem that the chances of winning their point are rather slight. I have referred the case as I have stated it above, to several local people who are recognized authorities on the game, notably an umpire who is considered the best authority in the Islands, and in every case I have been told that the decision now under protest was correct.

Before closing, I would like to explain my position a little further. I went down to Waimea as the guest of a friend, hoping to see a good ball game, from the comfortable seat and shade of an automobile. On arrival at the grounds, I was requested to get out in the hot sun and umpire the game. At first I refused, but finally accepted on condition that my decisions be final, and on being assured by both team captains that I had their confidence. In spite of this assurance, the Waimea Team, from the first, made the game one series of protests. No decision that went against them passed without a complaint. They showed no appreciation of decisions in their favor, and there were some very close ones rendered too.

In the ninth inning I passed a Waimea runner from second to third base, as I had seen the Lihue first baseman attempt to trip him. This point had passed unnoticed by the Waimea boys, and I might easily have overlooked it, if I had been trying to "rob" the Waimea team, as Mr. Cox and a few others claimed.

In conclusion I wish to say that Continued on page 6

DIAMOND DROPLETS

There was mourning in Eleele after the game.

The Kilauea's deserved their victory.

They have a pitcher now, who knows his business—only eighteen years old and a Hawaiian.

The umpires were chiefly to blame for the trouble.

Pitcher Wood was in the outfield Sunday.

The Lihues are on the top now instead of last place.

The game in Lihue was very tame.

The visitors were toyed with as a mouse by a cat.

The home boys were evidently saving their strength for the struggle in Makaweli next Sunday.

The Waimea's have not as yet protested the game with the K. A. C's

The latter played winning ball. The whole Eastern side of the Island made a clear sweep against the Western and Southern side, Sunday.

The Koloa's may not win a game in this series.

They could not rally in the ninth like last time.

It looks like two or three teams may tie for first place in this series.

WHITE REPLIES

Continued from page 5

I did my best to give everyone a square deal. I naturally take no exception to the fact that my decision is protested. That is fair enough if the Waimea team thinks there are grounds for a protest, but I do take exception to the insinuations of the team, and of Mr. Cox in particular, that I dealt unfairly with them.

Yours very truly,

Hanamulu Hoodlums

There is a gang of Portuguese hoodlums who congregate in the vicinity of the Hanamulu Store every evening and persist in shouting and whistling as people pass by, and who are sorely in need of attention of the police department. If such conduct continues, some of those who are made the object of their annoyance, will take matters in their own hands, with results that may not be soon forgotten by these rough-necks.
