

The Garden Island.

ESTABLISHED 1904. VOL. 15. NO. 43.

LIHUE, KAUAI, TERRITORY OF HAWAII, TUESDAY, OCTOBER 28, 1919

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

ARMISTICE DAY BIG CELEBRATION

"The Biggest, the Best and the Largest Celebration ever held on the Island of Kauai" is the slogan of the committee in charge of the events to be held on November 11, Armistice Day, at the Waipouli race track.

The plans so far made have never been equaled here. The sports will commence at ten sharp with the running of the first race and will continue through the day until three in the afternoon, with something doing every minute of the time.

There will be six races which will bring some of the best horses on the island together in matched races. Besides the races, one of the main events of the day will be the tug of war for the championship of the island of Kauai. The tug of war will be pulled off between races and so prevent delays.

Cowboy relay races, potato races on horseback, trick horses, and many other stunts will take up the time between the races and will keep the attention of the spectators at the highest pitch and make them forget there is such a thing as an hour hand on their watches.

Mr. Harris has kindly consented to exhibit his trick horse, "Woodrow Wilson," which, judging from the praises of those who have seen it perform, is a horse that will astound the people with his intelligence. Many have said that he is better than trick horses on the stage in the States.

The children are not being forgotten, as is usually the case, for the committee is trying to make this a children's day as well as a service men's holiday. Many sports are being arranged for them; one of which will be catching the greased pig. The prize will be the pig for the lucky boy or girl who is successful in catching and holding him.

The tug of war is creating a great deal of interest in the different parts of the island and already challenges have been hurled between districts. Enthusiasm will be at top point for each one of the pulls as the spectators see their favorite team winning or gamely fighting a much heavier team.

Transportation difficulties are being solved, so that by the day of the sports as many people who wish to come will find ample accommodations for them. Special trains will be run to the park, garage and rest service drivers will charge the lowest rates possible, trucks will leave the different parts of the island in plenty of time to be on hand for the first races. Further particulars and schedules of trains and trucks will be published in a later issue of this paper.

Parking space this year will be divided into two classes, general parking, for which a charge of 75 cents will be made for each auto, and reserved parking space with a charge of \$1.50. As there will be no grandstand erected, those purchasing the reserved space will get spaces around the judges stand. In order to give everyone a fair chance for the reserved parking space an innovation has been made. The spaces will be numbered, and corresponding numbers will be placed in a box. When a man purchases his space he will draw a number, and this number will designate the space he is to get. This will allow people who have a long distance to travel to have an even chance to get the best space with those who have but a little way.

A nominal charge of 25 cents for every general admission will be made to cover the cost of prizes and purchases as well as the general running expenses of the day. Any excess cash will be turned over to the treasury of the Kauai Post of the American Legion.

Everyone is urged to attend the sports and help in making this, the best anniversary of the signing of the armistice, a day that will be long remembered.

Mr. and Mrs. E. Cropp, of Koloa, rejoice in the addition of a son to their family, born Thursday, Oct. 23.

The Homesteaders Contract

The meeting of the Kapaa Homesteaders on Sunday to consider and condemn the proposed new planting contract with the Makee Sugar Co. did not get very far.

The committee appointed at an earlier meeting to seek advice and assistance, Messrs. Aguilar, Kaahu and Cunningham, reported that they had seen an experienced sugar man and that he had advised them to stand together; make it clear to themselves just what they wanted; then secure the services of a competent attorney who could frame a counter proposition in the way of contract and advise them as to how best to see it through. It was simply a matter of a business deal and the Makee Sugar Co. would be amenable to reason backed by pressure which they could respect.

There was some considerable discussion as to the advisability of sending this committee to Honolulu to confer with the Governor in the matter, but it was finally decided to let the matter stand until he came to Kauai, which, it was understood, would be within ten days or so.

The situation, in a nut shell is this: The present contracts are, in a way, experimental short term ones, tentatively entered into to see how things would work out. These new contracts are for new planters, and they alone are directly involved, but this new contract form will probably become the permanent standard one which will supplant that now in force.

Under the present contracts the mill takes the cane, loaded on the cars in the field, whereas the proposed new contract stipulates that the cane be delivered by the planter on the main track—this, the planters claim is an additional burden imposed on them, of from 30 cents to \$2 a ton of cane, or from \$2.70 to \$18 a ton of sugar, which very materially skims off any cream that the homesteader might have coming to him.

There is also an "act of God" clause in the new contract, which protects the company from damage suits in case of serious injury to the mill by fire, earthquake, flood, etc., which may prevent the mill from manufacturing the cane of the planters. The homesteaders object to this clause. This, however is not a very serious objection.

The Kouia Case

Judge Dickey, of the Circuit Court, has received a plea in bar from the attorneys of Gay & Robinson, defendants in the Kouia water suit, which is now before that Court. This plea sets forth that they have perfectly valid and perfect title to the Kouia land and water in a Royal Patent issued in 1877 and based on Mahele Award No. 55.

The attorneys arrived this morning with the documents pertaining to the case, and the first hearing before the Court is now on as we go to press. All indications point toward a lengthy and hard fought case.

MAKAWELI NOTES

The Hawaii chapter of the Roosevelt Memorial Association is well represented in membership at the Makaweli school. As the result of a campaign for members to aid in building the monument in memory of Theodore Roosevelt, the Makaweli school enrolled 139 members. Miss Thompson and her staff of teachers deserve praise for the results of their efforts.

Last Sunday's games were witnessed by over five hundred spectators, who saw, for the first time of the season, Camp 4 go down to defeat. The results of the games were as follows:

Camp	P	W	L	Pc
Camp 4	4	3	1	750
Camp 2	5	3	1	800
Camp 1	5	0	5	000
Camp 5, 4, 2	4	2	2	500

Makaweli Filipino Baseball League	P	W	L	Pc
Camp 2	4	3	1	750
Camp 4	5	3	1	800
Camp 5	5	0	5	000

Makaweli Baseball League	P	W	L	Pc
Makaweli	4	4	0	1000
Camp 1	4	2	2	500
Camp 5, 4, 2	4	0	4	000

Judge Robertson and J. Lightfoot, Honolulu attorneys, are down on the Gay & Robinson water case.

Mr. Horner's Talk May be Illustrated

Mr. Foster Horner who is to talk on his personal experiences in France and at the Front is trying to make arrangements by which he will be able to show some very interesting official war pictures he has after the talk. It is doubtful whether he will be successful, but every effort will be made to have this ended feature added to the program.

The pictures illustrate every phase of the war, from the landing in Liverpool to the French and Belgian Refugees. Besides the official pictures he has some thirty or forty aeroplane pictures which were actually used in the fighting to pick out the enemy machine gun emplacements in Belgium.

As he is not certain that arrangements can be made, he is not promising that they will be shown. However the talk even if the pictures fail will be amply illustrated by maps some of which are worn from front line use.

Tickets for reserved seats will be on sale at Lihue Store, commencing Friday morning at a dollar a seat.

Members of the Chamber of Commerce, who have already reserved seats will find them set aside under their name. Members of the Chamber of Commerce and American Legion who have not already reserved seats are requested, if they wish to sit in their respective sections, to state where they wish to sit.

The Waimea Water Supply

There is a movement on foot in Waimea to make a dead set for a water supply that will come from the Olokele stream instead of, as at present, the Waimea. This will call for about 3 1/2 miles of expensive pipe as well as the acquisition of the water required from the Gay and Robinson interests, which may mean a good deal of money. The Board of Supervisors are somewhat reluctant to spend any considerable amount of public money unless it is necessary.

If this plan is carried out it will solve the problem of the Kokee summer camp sanitation, as Waimea will then not care what the summer campers do with their dead goats and their waste water.

How much of this agitation is a bona fide anxiety on the part of Waimea, and how much is the result of Board of Health propaganda is not evident.

Director of Industrial Training Visits Kauai

Mr. Kenneth C. Bryan, Territorial director of industrial training in the public schools, spent last week on Kauai visiting our schools with Mr. Creevey, industrial supervisor for Kauai.

This was Mr. Bryan's first trip to the outside islands in his new capacity. He reports a very enjoyable and profitable stay in spite of the rain.

Industrial work in the schools is to be extended beyond the shops. Kitchens, gardening and sewing classes as primary handwork is to be started in all the lower grades, but it will not be possible to go into this work as extensively as desired on account of the limited territorial appropriations for industrial work.

Mr. Bryan expressed pleasure at the progress of the work on Kauai, and especially commended the Board of Supervisors for the assistance they have given the work.

TO KALALAU BY TRAIL

Revs. H. P. Judd and Charles Keahi made the trip from Haena in to Kalalau and back one day last week. They did it the whole way afoot, a notable undertaking considering the condition of the trail, which is badly grown up with lantana. They found Kalalau absolutely deserted and given over to goats and solitude, save for an unexpected glimpse of a hermit Jap, whom they took to be the outlaw who is known to be there. He made himself scarce, and so did they. It was mutual modesty and shyness.

C. B. Hofgaard & Company have bought a quarter of acre four of this paper for a year. They are going to have something interesting to tell you each week. Watch their space.

Executive Committee of Kauai Post Acts

On Friday evening October 24th, 1919, a meeting of the executive committee of the Kauai Post of the American Legion was held at the offices of Philip Rice. The meeting had full attendance.

Many matters were taken up for action. The committee on members decided to start an elaborate drive for members. The following men were placed in charge of the different districts for the drive, W. W. Wright, Lihue; Arthur Betts, Koloa; N. E. Weight, Keala; Gerhard Hofgaard, Waimea; Charles Rea, Eleele; A. S. Bush, Kapaa.

The plans for Armistice day were discussed and the plans in the hands of the committee in charge were heartily approved.

It was resolved that the Adjutant be instructed to write a letter to the Chamber of Commerce extending to them the thanks of the whole Kauai Post for their hearty cooperation in making Armistice Day a success and also for the generous financial support rendered the Post.

A committee was appointed to take charge of the Victory Ball to be given by the Kauai Post on the evening of November eleventh at the Lihue Armory. This dance is to be one of big functions of the year, and is to aid the finances of the Kauai Post. It will commence at 8:00 p. m. with the best musicians on the island furnishing the music.

The following is a list of committees of the Post:

Executive Committee: Arthur Betts, commander; D. K. Hayselden, vice-commander; A. S. Bush, adjutant; W. F. Horner, finance officer; Geo. Raymond, historian; W. W. Wright, master of Arms; Gerhard Hofgaard, member; Ross, member; Henry Sheldon, Jr., member.

Armistice Day Committee: W. F. Horner, Philip Rice, A. H. Case, G. S. Raymond.

Membership Committee: Albert S. Bush, W. W. Wright, N. E. Weight, A. H. Case, Philip Rice.

The Governor's Visit to Kauai

Governor McCarthy and his party, consisting of Dr. Trotter, president of the Board of Health; C. T. Bailey, of the Land Department; C. S. Judd, of the Forestry Department, and Kirk Porter, Secretary of the Board of Health, will arrive on Kauai on the morning of the 4th of November, and will remain here during the week.

They will spend the first two days in the Napali park region; will be the guests of the Chamber of Commerce at a dinner session on Wednesday evening; will remain for a short time in Waimea, then will make Lihue headquarters for the balance of the stay.

As indicated by the personnel of the party, sanitation and land matters will receive special attention, to which may be added the Nawiliwili harbor and Kapaa homestead contracts.

Richards Case Again

The Richards gross cheat case came before the Circuit Court on Friday and was promptly nolle prossed by the County attorney on the ground that gross cheat involves a direct lie, and in this case there was no such lie.

As the County attorney formulated the charge in the first instance, he ought to know. There are times when the County attorney knows more about law than at others.

Finding himself relieved, and a free man, Richards received the congratulations of his attorney, and walked out of the court room all smiles and sunshine, only to be arrested at the door on a charge of embezzlement.

They will finally get him by a process of elimination if not by a lucky guess.

Peter Jensen, manager of the Mahelona Hospital Farm at Kapaa, died last night at his home there. He has been seriously ill for some time. The funeral will take place this afternoon at the Lihue Union Church. He leaves a wife and a number of children.

Y. M. C. A. Notes

Electric lights have been installed in the club house at Lawai for which the Y club, for one party, is very grateful to the management. The new lights were "dedicated" last Saturday night by a very successful social. All members of the club were present and spent a jolly evening in games and music, with three intervals of ice cream, cake and soda water.

Up to the present 161 students are enrolled in the night schools not counting Makaweli. Mr. Damkroger is getting this work lined up in addition to his busy athletic schedule in the public school and plantation camps.

Eleele public school has just been equipped with basket ball and volley ball outfits and Mr. Walworth is regularly conducting athletics there on Friday afternoons.

Progress is being made in organizing a Boy Scout Council for Kauai which will serve local troops where ever it is desired to organize them. Plans are being worked out in conjunction with the Child Welfare Committee for interscholastic sports.

The Sunday Evening club at Lihue listened to Mr. Lydgate's story of Theodore Roosevelt last Sunday night with deep interest and profit. The Roosevelt Memorial week has been an invaluable patriotic impulse to the boys and girls of Kauai. Next Sunday evening there will be a free moving picture exhibition in the armory to which young men and women both are invited.

The Waimea young men are planning a banquet to be held at Waimea hotel next Saturday night. A large attendance is expected. One of the business features will be a discussion of proposals for a permanent club with headquarters in a centrally located building.

Makaweli Plantation to Have Monthly Paper

Makaweli Plantation is endeavoring to keep its employees posted on what is happening on the plantation, especially along welfare work lines, and therefore is to publish a monthly paper.

The paper will be called the "Makaweli Plantation News" and will be printed in three languages: English, Filipino and Japanese. It will, of course, make a start on a small scale, but if it proves "to fill the bill" will be increased in size.

Time Extended

W. D. McBryde, local chairman of the Roosevelt Memorial drive, received the following wireless from M. F. Prosser:

"Oahu quota assured, Maui also, Hawaii lagging." Also, received through Mr. Prosser the following: "Roosevelt Memorial Campaign almost universally a success. Most of States assured of quota. To encourage those behind closing of Campaign postponed until Nov. 1st. All sure of making quota then. Pacific Coast States will exceed minimum set. Most of California counties now over the top. San Francisco going big." (Sgd.) ESBERG, California chairman.

Rainfall for the Week

Rainfall for week ending Oct. 25:	
Wainiha Intake	0.81
Wainiha Power House	0.90
Kilauea	0.25
Keala	3.35
Lihue	9.75
Koloa	4.27
McBryde	3.62
Makaweli	1.44
Kekaha	0.35

NEW OFFICE AT MAKEE

The Makee Sugar Company is building a fine new and commodious office facing the road just beyond the present office and store building. The present quarters will be given over to the store.

Mr. and Mrs. W. H. Grote will occupy the Gaylord Wilcox beach home at Waipouli pending the building of a home for them at Keala. They will move to this temporary home in the course of a few days.

INSPECTOR FINDS BAD CONDITIONS

M. B. Bairos of the Territorial Board of Health, returned to Honolulu last Saturday after spending a week inspecting the food stores, restaurants, coffee shops, hotels, bakeries, soda works, meat shops, candy and cake factories, poi shops, ice cream parlors, etc.

Local Inspector Frank Cook, accompanied Mr. Bairos, and together they inspected 135 places of business.

The purpose of the inspection was to look into the quality of food and drugs kept or offered for sale, as to adulterations, misbranding and food insanitation. Mr. Bairos reports that the conditions were found to be about the same as found on the other islands; some excellent, some satisfactory, and some very bad.

The most frequent offense found was that of carelessness and untidiness. This was especially marked in storerooms, and was found in the large as well as small stores.

It was found necessary to ask a few of the filthy places to close up and clean up or to be subject to legal prosecution.

The worst places found were those of Hop Sing opposite the school in Hanalei, whose store and bakery were found to be in a very untidy and filthy condition; Wing Wo, of Hanapepe, absolutely filthy place for food and Chinese drugs; Hop Wo, of Kapaa, kept food in very dirty condition; Yee Sing, restaurant keeper of Hanapepe, had a very dirty kitchen; K. Uno, of Waimea, had his store in such a untidy condition that it was almost impossible to inspect the goods.

Following are some of the most important faults noted: Soda water not labeled; no statement of net weight on candy and soda water; salt salmon fly and maggot infested; food on filthy shelves; swelled tin goods on shelves; bakery with tables and shelves dirty; insect infested dried fish; use of newspaper for wrapping food and merchandise; decomposed salt salmon; poison on sale without proper license; cough medicine on sale misbranded; poi shop unsanitary; food in dirty and untidy store rooms; bread loaves below standard weight; ice cream below standard, dried fish contaminated by leather beetle; smoking while preparing food in restaurant; soda water bottles not properly washed; decomposed meat in ice box; common drinking in use; dirty fish pedlar wagon; food exposed to flies; soda water containing much sediment, etc.

The inspectors destroyed quite a quantity of food during their tour, most of which was tin and bottle goods. There was, however several pounds of salt salmon, cod fish, herring and other salt and dried fish, dried apricots, prunes, peaches, etc.

Mr. Bairos says he did not find a single place on the island where the ice cream came up to the standard. The law requires that all ice cream shall contain at least 14 per cent butter fat. According to the formulas given him, some of the so-called ice cream contained no more than two or three per cent, butter fat, the best grade found having about seven per cent. He informed the proprietors of the refreshment stands that if they desired to sell to the public this inferior grade of goods they must display a sign plainly stating that they the selling "frozen sweets" and not ice cream.

Night Schools for Makaweli Plantation

Each camp on Makaweli plantation is soon to have night school classes in beginners' English. The classes will be held in the camps, which will mean that all who desire can attend and not have to leave camp to do so. The classes will be taught by experienced English teachers.

The first class will start in Camp 8 on Monday, October 27th and will be followed by other camps as soon as the organization can be perfected. The work is under the supervision of E. L. Damkroger.

Lihue Store announces some specialties in their ad on page six this week that will help you materially in your grocery shopping.

TWELVE CENT SUGAR

Sugar is now selling in Honolulu at retail at 12 cents a pound, in spite of the ruling of the U. S. Food Administration which has set 11 cents as the maximum price. The wholesalers are charging 10 cents, which means that the retailers must, or think they must, have 12 cents. Huber, the district attorney, says that he has no authority to prevent or reduce this price.

Locally the Lihue store and other retailers are selling at the same price, which they claim is a fair one since they have to pay for an additional freight and handling. This of course is for refined. Island washed sugar is being sold for 8 cents—and Island washed is good enough for anyone.

In view of the fact that refined costs 50 per cent more than our own washed home product, and in view of the farther fact that the latter has a flavor and a color which make it a most delicious sugar, we should all use it in preference to refined and leave the 12 cent sugar on the hands of those who think they must have that price for it.

LEST WE BE CALLED SLACKERS

There seems to have been more or less misunderstanding in regard to the contributions for the Roosevelt Memorial, especially on the part of the public schools. The term "voluntary contribution" has been interpreted by some people to mean that no effort should be made to insure such reasonable contributions as would make up our quota, on time, or any other time.

The schools in many cases seemed to be all at sea, with no clear understanding of what to do and how to do it, and there were conflicting instructions in regard to the disposition of money collected.

The consequence is that we are away behind in our collections, and are in danger of being rated as slackers.

The time has, however, been extended to November 1st, in order that we and some others may get in by the skin of our teeth.

Voluntary of no voluntary, we must raise our quota of \$3,000, even if some one has to get out and rustle.

Hawaii has adopted the slogan "Imua No Hawaii"—Hawaii to the Front! It's about time for she has generally tagged along pretty far behind!

WHAT WE ARE EATING

The findings of Food Inspector Bairos on his recent tour of inspection, detailed elsewhere in this issue, confirm what a great many people have long suspected, viz: that we are being fed a lot of punk stuff by stores, restaurants and other unscrupulous caterers. And they know it and don't care.

We have no desire to injure any man's legitimate business, but we hope that the delinquents will be blacklisted and boycotted good and hard until they mend their ways.

Goodness knows we are paying enough for things to have them good quality—pure, clean, wholesome and sanitary.

It is somewhat of a surprise to learn that we have nothing on the Island worthy to be called ice-cream. And yet, for some time back, not only here but in Honolulu also, the stuff has tasted like ice-butter, and a poor quality of butter at that.

We trust that these food inspections may become a regular thing, and that we may be kept informed as to the quality of the food we are buying and eating, and may know what dealers to avoid and what ones to patronize.

Last Services

The resignation of Mr. and Mrs. Lydgate from the charge of the Lihue Union and Koloa Union churches takes effect October 31, so that the Sunday services were the last in the pastoral capacity.

At Lihue the services took the form of a brief historical outline of the organization and development of the church, and of its more outstanding activities during the twenty-three and a half years of the pastorate, and included a great deal that was of general community interest, and which will be of increasing historical interest as time runs on and the participators pass away. The address should be preserved in the archives of the Historical Society.

There was a large and appreciative audience, and there were many expressions of regret at the sundering of the relations, coupled with satisfaction that Mr. and Mrs. Lydgate were to remain in the community.

At Koloa the services took somewhat the same form with the added feature of the communion service. The relations at Koloa have been particularly pleasant and amicable and the support and backing very loyal and there were many heartfelt expressions of regret at the severance of the ties.

The amount collected by the teachers and pupils of Koloa school for the Roosevelt Memorial Fund was \$26.20 (twenty-six dollars twenty cents) the number of subscribers was 342.

Labor Combination

Minimum wage of \$3 a day, elimination of the present bonus system and shorter hours will be the demands the Japanese plantation workers on the island of Hawaii will present to the sugar planters when the annual convention of the Hawaii Sugar Planters' Association is held here in December, it was decided by a joint meeting of the Japanese Young Men's Associations of the Hamakua, Hilo and Puna districts of the Big Island Sunday at Hilo, according to a message received by the Nippu Jiji, Oct. 21.

More than 80 delegates, representing more than 30 of the young men's associations of Hawaii were present at the meeting, the Jiji's report adds. The deliberation lasted from 9 o'clock a. m. to 4 o'clock p. m. before resolutions embodying the demands were passed.

As the first step to bring the higher wage movement to a successful termination, a Japanese labor union will be formed on each of the plantations throughout the Islands, it was decided. The editors of the Japanese papers in Hilo, the Jiji's despatch says, will start on a tour of speech-making to urge the Japanese laborers to take immediate action.—Advertiser.

Sale of Bonds Assured

Obtaining a premium of nearly three percent, Territorial Treasurer Delbert E. Metzger, in New York, has disposed of Hawaii's \$1,500,000 bond issue for \$1,542,210, or \$1023.14 per \$1000 bond.

Bids were opened in New York yesterday, Governor Charles J. McCarthy received the cabled information from Treasurer Metzger at 1:45 o'clock Wednesday afternoon.

"I am very much pleased," said the Governor. "It looks as if Metzger will be able to go East again, to take up the second instalment, in January."

Treasurer Metzger's message to the Governor read: "Eight bids. Six above par. National City Bank and associates, best at \$1,542,210. Waiting Honolulu results."

Governor McCarthy at once cabled Metzger approving the bid and congratulating the treasurer on his success.

The issue of bonds just sold will be used for the following purposes: Pier 2, \$270,000 (bids to be opened Thursday); dredging Honolulu harbor, \$50,000; Pier 15-A, \$45,000; Waimanalo

wharf, \$10,000; purchase of Robinson property on waterfront, \$452,286; purchase of Allen Property on waterfront, \$139,492; purchase of Oahu railway property, \$25,000; purchase of Bishop estate property, Kewalo basin, \$125,000; Oahu prison irrigation system, \$3600; extension of the division of plant inspection, \$9500.

Concrete bridges, Hawaii, \$125,000; Keamoku road construction, Hawaii, \$75,000; Hilo memorial hospital, \$150,000; Kula, Maui, pipe line, \$12,500; total, \$1,502,378.

Governor McCarthy wired the Hawaii county supervisors yesterday afternoon to the effect that \$5000 would be allowed at once, from the loan fund, for plans and specifications in connection with the \$125,000 item for concrete bridges for the Big Island.—Advertiser.

Engineers Get Increased Pay

Engineers of the Inter-Island company's steamers will be granted heavy increases in pay as a result of the request of the Marine Engineers' Beneficial Association, Local No. 100, made to the company last week. It was announced Monday that the company has informed the engineer force that increases of pay had been granted. In the case of chief engineers of the company's largest steamers the increase will be one-third.

In future the pay of chief engineers of the Mauna Kea and Kilauea will be \$305 a month instead of \$215. In the case of chief and assisted engineer on the other steamers the increase will be based on a schedule approved by the U. S. Shipping Board and Marine Engineers' Beneficial Association of America, for vessels of the steam schooner class, under which classification the local union has agreed to place all the company's vessels except the Mauna Kea and Kilauea, which come under class E, single screw vessels of below 5000 tons.—Advertiser.

Filipino Washed From Rocks; Sharks Eat Him

Constancio Rosalis, a Filipino, was drowned at Ookala Friday afternoon at 2 o'clock while fishing from the rocks of the beach, with two companions of his own race. Acting as coroner, Police Captain Moore returned a verdict of accidental death by drowning.

His two companions report that Rosalis ventured too far out on the

rocks seeking ophids. An extra large wave washed him off. He attempted to save himself by swimming, but after about five minutes of struggling in the turbulent surf, he went down. He came up three times and then disappeared. His companions hurried to Laupahoehoe and led the police party to the scene.

The body was discovered at about 5 o'clock p. m. lodged in a pool at the foot of a high pali near the Hamakua-North Hilo boundary line. Captain Moore considered it unsafe to attempt a descent at that time and decided to leave the body until morning. A visit to the spot then revealed nothing but a few sharks cruising lazily about the vicinity.—Tribune, Oct. 19.

To Return Early in November

Princess J. K. Kalaniana'ole received a letter by the Ventura from her husband, Delegate J. K. Kalaniana'ole, dated at Washington October 8, stating that the latter was in a hospital suffering from a severe attack of inflammatory rheumatism, says the Star-Bulletin of the 23rd inst.

Wednesday a cablegram was received by the princess from the delegate stating that he had arrived in San Francisco and had secured reservations on the Manoa, due here November 4th.

It is the intention of the delegate to return to Washington with the commission headed by Governor C. J. McCarthy early in January.

Woman Shot by Husband Completely Recovered

Mrs. Alice Olepau, who was shot twice by her husband, Joseph Olepau, at their home on Kapahulu road several weeks ago, has completely recovered from her wounds, says the Star-Bulletin.

Olepau killed himself after mortally wounding his aunt, Mrs. Nahuine Apa. He had become estranged from his wife and in a fit of rage fired four shots at his wife, his aunt and himself. The tragedy created considerable excitement at the time.

EVANGELICAL ASSOCIATION IN NEED OF MORE FUNDS

An appeal for more funds to finance the increasing work of the organization is being sent out by the Hawaiian Evangelical association. During the past year more missionaries have been added to the force already in the islands, as well as a traveling expert on Sunday schools. It will be necessary to raise \$15,000 to meet the deficit of last year and carry on the

work. The appeal for funds is signed by W. F. Frear, chairman of the ways and means committee, J. P. Erdman, chairman of the secretarial council, and Theodore Richards, treasurer.

FAMOUS DETECTIVE IN FICTION, STONE SEEN IN "VICKY VAN"

Who, hat loves a detective story, is unfamiliar with that famous character created by Carolyn Wells, the American Sherlock Holmes, and hero of many of her novels—Stone. He will be seen in the flesh in "Vicky Van," Paramount's screen version of one of Miss Wells' latest novels, in which beautiful Ethel Clayton is the star, and which will be shown at the Tip Top theatre next Saturday.

Ethel Clayton will be seen in the name part, a sort of dual role. She is in reality Ruth Schuyler, wife of a wealthy man old enough to be her father. With a legacy of her own, to escape the hateful monotony of her married life, she assumes a different name. "Victoria Pan Allen" and disguising herself, holds weekly bohemian parties in an adjoining house she has purchased. Her husband discovers the game and abuses her. He is later found dead—there enters the mystery and the detective who

solves the problem frees the young widow from suspicion.

"Vicky Van" is a modern detective story with all the attendant thrills of a narrative of that description. It will appeal to all who like a romance with a touch of mystery and much suspense. Miss Clayton is ably supported by a fine cast and the direction by Robert G. Vignola, is said to be highly artistic.

One of the daintiest packages ever wrapped by the hand of nature is the Litchi. We speak of it as a nut, but it is no more a nut than the peach or the apricot is a nut. Most of us know it only in the dried state, which of course doesn't do it justice,—any more than dried apples or dried peaches. It is a native or Southern China, but will grow in almost any subtropical country.

Our Chinese friends introduced it into Hawaii years ago, and there are occasional trees to be found wherever these people have lived. There are several bearing trees in the neighborhood of Lihue, some specially fine ones at Kapala in connection with the Chinese Joss house there. The translucent white flesh of the fruit is juicy, meaty, and of delicious sub-acid flavor, somewhat suggesting the muscat grape. Because of its

protecting outer hull it keeps well and can be shipped long distances. It deserves much larger recognition at our hands than it has received. Every garden should have at least one tree.

Head the Garden Island

For the Roosevelt Campaign

During the two days Wednesday and Thursday of last week Mr. and Mrs. Lydgate made a tour of the schools from Kekaha to Haena in the interest of the Roosevelt memorial. Starting in the morning at Kekaha it was fine weather and the schools were assembled on the lawn either sitting or standing at attention. In each case there was more or less of a program consisting generally of patriotic singing following which came the address of the occasion, which was enlivened by graphic and diverting series characteristic of the great man whose memory was being honored.

At Makaweli the skies were darkening and there were mutterings of thunder, and by the time Elelele was reached it was pouring. So that out-of-doors was impossible, and the children, as far as possible were gathered on the long veranda and the program was carried out just as if there had been no rain. At Kalaheo and Koloa a similar plan was adopted.

The second day the beginning was made at Wainiha, working back from there toward Lihue. The aggregate number of the various schools addressed was between 2500 and 3000.

Some of the smaller schools perhaps appreciated and enjoyed the experience the most; some of them in out-of-the-way places seldom hear a strange voice and a visitor, especially a visitor who will tell them stories is a most welcome novelty.

Mr. Warner kindly helped out in the schools in and about Lihue and at Kapaa.

The following is the program of the exercises at the Kapaa School for Roosevelt Memorial Day, Oct 22, 1919:

America (New Air).....Song by school.
The American's Creed.....Mary Textiera, Grade V.
Just a Wearin' for You; Some Little Children Hear a Song.....Songs by Grade IV A.
Uncle Sam's Young Army.....Patriotic Recitation, Grade III: Lizzie Ishida, Mary Souza, Jonesia Napolis.
Salute the Flag, Children.....Grade III A.
Hymn to Our Country.....Song by Grade VII girls.
Roosevelt and the Japanese.....Ritsuyo Hirai, Grade IV A.
The 25th Infantry and Roosevelt.....Julia Cummings, Grade IV A.
Patriotic Quotations.....Grade IV C.
Daniel Ani, Manuel Nunes, Toshisuke Nishida, Joseph Contrades.
America Hymn—Quartet.... Mrs. Sheldon, Miss M. Webb, Mrs. Raymond, Miss Mladinich.
Roosevelt as a Man..... Mary Aguir, Grade VIII.
Roosevelt as a Statesman..... Jorgen Jensen, Grade VIII.
Patriotic Recitation..... Our Flag, Grade IV B; Angeline Rodrigues, John Krueger, John Victorino, Hajime Kubo.
Loyalty.....Song by School.
Roosevelt's Early Life.....Paul Prigge, Grade VI A.
Roosevelt's Later Life.....Hideyo Kimura, Grade VI B.
Address.....Father Hubert.
Address.....Mr. Warner.
The Star Spangled Banner.....Song by School.

The Comfortable Old Clothes

The Youth's Companion, in a recent issue, contains an article entitled "The Joy of Old Clothes," which will doubtless be proscribed by most women, but will strike a responsive chord in the hearts of most men.

For women the important question about clothes is, "How do they look?" For a man, it is, "How do they feel?" A woman will stand almost anything in the way of discomfort and constraint, if only she looks well. Whereas a man, very often, doesn't care a hang about looks if only he is comfortable. There are times when he simply must dress up—put on his Sunday best, including a stiff shirt and a high collar, and he not only feels uncomfortable—he looks it as well. Old clothes for him, mean release, and abandon and comfort and enjoyment. That is why he loves the very sight.

So when the rummage sale committee is about gathering up things for their sale, please give them anything but our comfortable and easy old clothes.

The Companion once told the story of a blunder by which the British government sent a shipload of sand to the edge of the Libyan Desert for use in building trenches. The United States government not long ago did about as stupid a thing by putting steam heat into a government building at Hilo, thirty-two miles from the active volcano of Kilauea. The Hawaiian climate is so warm that coal stoves are rarely used even in the kitchens.

If you have anything to sell, or there is something you want, put a little notice in the Garden Island, and you will get results. It does not cost much.

The Churches in Convention

The semi annual association of the churches of Kauai met at the Hawaiian church, Lihue, on Tuesday and Wednesday of last week, and devoted the time to matters of church business, and religious interest.

In addition to the usual subjects of consideration and discussion, the church power drive, and the coming missionary jubilee, memorial of the advent of the early missionaries one hundred years ago, received much attention.

The Roosevelt memorial, and suffering Armenia found a place on the program, and an appropriation of \$15 was made to each of these causes.

United States Industries

(From the Merchants' Association of Greater New York)

A public speaker recently pointed out that while the United States has only six per cent. of the population of the world and only seven per cent. of the land, it produces:

- Sixty per cent. of the world's supply of copper.
- Forty per cent. of the world's supply of lead.
- Fifty per cent. of the world's supply of zinc.
- Sixty per cent. of the world's supply of aluminum.
- Sixty-six per cent. of the world's supply of oil.
- Seventy-five per cent. of the world's supply of corn.
- Sixty per cent. of the world's supply of cotton.
- Forty per cent. of the world's supply of silver.
- Fifty-two per cent. of the world's supply of coal.
- Forty per cent. of the world's supply of iron and steel.
- Twenty per cent. of the world's supply of gold.
- Eighty-five per cent. of the world's supply of automobiles.
- Twenty-five per cent. of the world's supply of wheat, and refines eighty per cent. of the copper and operates forty per cent. of the world's railroads.

Maui Did it Right

Returning visitors to the Maui fair speak in the highest praise of the fair itself and of the courteous and generous treatment which was shown them. They were regarded as official delegates of Kauai and were given the freedom of the fair and places of distinction and vantage at every turn. Maui knows how to do things right!

KAUAI

By Mary A. Burbank.

In the November Paradise of the Pacific.

Elders and fairest of the group of sisters

That greet the mariner while passing by.

Standing serene, with noble head uplifted.

Veiled in the cloud, alike from earth and sky.

Strong rivers flow in winding, silvery courses.

White casades dash adown the chasms deep—

The grateful earth responds with verdant forces.

Marshalled in valley and on mountain steep.

The sea around in sparkling waves is dancing.

Light and caressing in the sunlight sweet.

Or the wild billows raise on high a fountain.

Beautiful tribute laid at Beauty's feet.

Along in dark, mysterious mazes burrow caves.

Napali lifts its dizzy bluff above the waves.

There off, in honor of a high chief's night.

Like meteors torches sped into the night.

In brilliant, varied colors he, the canyons—

Glowing beneath the great Sun's ardent gaze—

With cool stream gleaming far down in the distance.

A vision to remember through all days.

Not only Nature, with her lavish giving,

Marks that fair isle beyond the common plan—

Here too has been untaught in halls of learning,

"The noblest work of God": high minded man.

Here on these shores, and on these plains and mountains,

Loved of his people—walked a monarch free—

Honored by those who came from far—the strangers—

The last of Kauai's kings—Kaunua-ali.

Howard I Stribling, assistant agriculturist at the H. S. P. A., arrived by the Kinau last Friday morning.

He landed at Koloa.

Airplanes Still In Demand

Those who see no future in commercial aviation are dealt with anecdotally by The Aerial Age Weekly (New York, September 1), as follows: "One of these chronic pessimists who have been standing in the way of aeronautic progress was arguing with Mr. Glenn H. Curtiss that he could not see much of a future for civilian aviation.

"I don't know anybody who is buying an airplane," he said, with a tone of finality, and apparently fully convinced that his argument was unanswerable.

"Do you know anybody who is buying a piano?" inquired Mr. Curtiss. "Of course he did not, nor do you, gentle reader. You do not ever know anybody who is buying a Ford or a hat or a pair of shoes. Yet the piano factories are as busy as ever—and the last report had it that Henry Ford had paid the best part of one hundred million dollars for the minority stock of the Ford company.

"Nevertheless, over five hundred airplanes have been sold and delivered to individual owners since March, 1919, and the reason not over that number have been delivered is that the manufacturers could not produce faster. The demand is as great for \$7,500 pleasure airplanes as it is for \$2,500 airplanes. A great many buyers acquired Curtiss training airplanes because they could not get the Oriole type of pleasure airplane—or any other type.

"The first Oriole was built for the Second Pan-American Aeronautic Exposition, which was held at Atlantic City in May, 1919. It will be recalled Roland Rolfs flew it to Atlantic City on May 1 in a storm, carrying the Hon. Victor Hugo Barranco, special representative of the President of Cuba, as passenger. By June the demand for this type of machine caused the Curtiss Company to put it in production. It was decided to build ten, then twenty, then thirty-five, then one hundred and thirty-five. We will not give away trade secret by stating the present number of Orioles and flying-boats sold today, but we may state that over one hundred people are waiting patiently—and some impatiently—for deliveries.

"Here is another case. A well-known veteran aviator secured the agency for second-hand military training airplanes and inserted five advertisements in Aerial Age. He got over four hundred orders and inquiries—but has been unable to get airplanes fast enough to fill the orders. Another Aerial Age advertiser had only one airplane to sell and wanted \$7,500 for it. He sold it—and had a score of prospective customers to spare."

IN THE CIRCUIT COURT OF THE FIFTH JUDICIAL CIRCUIT, TERRITORY OF HAWAII JANUARY TERM, 1919.

THE TERRITORY OF HAWAII BY LYMAN H. BIGELOW, SUPERINTENDENT OF PUBLIC WORKS, Plaintiff & Petitioner

v. HENRY WATERHOUSE TRUST COMPANY, LIMITED, TRUSTEES UNDER THE WILL AND OF THE ESTATE OF KALEIPUA KANOA, LIHUE PLANTATION CO. LTD., G. N. WILCOX, MRS. ELIZA HOLT, S. K. KAE0, JOHN DOE, MARY DOE, AND RICHARD ROE, Unknown owners and claimants. Defendants & Respondents.

TERM SUMMONS

THE TERRITORY OF HAWAII TO THE HIGH SHERIFF OF THE TERRITORY OF HAWAII, OR HIS DEPUTY, THE SHERIFF OF THE COUNTY OF KAUAI, OR HIS DEPUTY.

You are commanded to summon Henry Waterhouse Trust Company, Limited, Trustees under the Will and of the Estate of Kaleipua Kanoa, Lihue Plantation Co., Ltd., G. N. Wilcox, Mrs. Eliza Holt, S. K. Kaeo, John Doe, Mary Doe, and Richard Roe, unknown owners and claimants, defendants and respondents, in case they shall file a written answer within twenty days after service hereof, to be and appear before the said Circuit Court at the term thereof pending, immediate after the expiration of twenty (20) days after service hereof. PROVIDED, HOWEVER, if no term be pending at such time, then to be and appear before the said Circuit Court at the next succeeding term thereof, to wit, the January 1920 term to be holden at Lihue, County of Kauai in the second Wednesday of January next at ten o'clock A. M., to show cause why the claim of the Territory of Hawaii, by Lyman H. Bigelow, Superintendent of Public Works, Plaintiff and Petitioner, should not be awarded to it pursuant to the tenor of this annexed complaint, and have you then and there this writ with a full return of your proceedings thereon.

WITNESS, the Honorable Presiding Judge of the Circuit Court of the Fifth Judicial Circuit, at Lihue aforesaid, this 8th day of September, A. D. 1919.

(Sgd.) J. A. THOMPSON, Clerk Supreme Court Territory of Hawaii, and Ex Officio Clerk Circuit Court 5th Circuit.

COUNTY OF KAUAI, ss.

TERRITORY OF HAWAII } I, JOSEPH ANDRE SOUSA, Clerk of the Circuit Court of the Fifth Judicial Circuit, Territory of Hawaii, do hereby certify that the foregoing is a full, true, and correct copy of the original summons in the case of the TERRITORY OF HAWAII v. HENRY WATERHOUSE TRUST COMPANY, LTD., et al, as the same appears of record and on file in the office of the clerk of said Court.

I further certify that the petition herein prays the condemnation for use for public rights-of-way and warehouse sites for the Nawiliwili Harbor projects, of the following described lands and its appurtenances situate at Nawiliwili, Island and County of Kauai, Territory of Hawaii, to wit:

"Beginning at a + cut in a large boulder at Low Water mark, near "Carter's Point", the coordinates of said point of beginning referred to the Government Triangulation Station "Nawiliwili" being 4197.3 feet South and 2195.6 feet East, and running thence by true azimuths:

1. 81° 27' 4147.0 feet to a rock marked by a + and pile of stones. (From this point the Triangulation Station "Nawiliwili" bears N. 22° 29' 30" E)
2. 156° 50' 2031.0 feet, crossing the Huieia river to a concrete post marking the Southeast corner of the Kanihewa Reservation.
3. 238° 31' 145.8 feet to a peg on the Northwest side of main road.
4. 205° 29' 503.0 feet along the West side of road to bench in fence at gateway to Kaiwi's.
5. 253° 18' 985.9 feet.
6. 214° 15' 201.6 feet along the upper edge of pali
7. 243° 40'30"299.7 feet along the upper edge of pali
8. 226° 13' 412.6 feet along the upper edge of pali
9. 226° 29'30"206.8 feet along the upper edge of pali
10. 208° 13' 391.3 feet to bend in

11. 219° 47' 918.4 feet to South corner of Kaeo's kuleana (L.C.A.5415:3)
12. 231° 18'30"217.8 feet along Kaeo's seawall.
13. 199° 32' 257.5 feet to an iron bolt marking the Southwest corner of the Lihue Plantation's wharf lot.
14. 217° 17'30"110.0 feet.
15. 313° 17'30" 21.3 feet along remainder of said lot.
16. 10° 20' 121.0 feet along remainder of said lot.
17. 307° 17'30" 94.0 feet along remainder of said lot to low water mark
18. 50° 04' 260.2 feet along low water mark.
19. 51° 18'30"217.8 feet along low water mark.
20. 30° 47' 87.7 feet along low water mark.
21. 31° 06' 284.8 feet along low water mark.
22. 40° 45' 550.0 feet along edge of coral ledge at low water mark. (At 184 feet this line crosses over a concrete pier.)
23. 34° 12'30"125.4 feet along edge of coral ledge at low water mark.
24. 25° 32' 144.5 feet along edge of coral ledge at low water mark.
25. 4° 49' 104.8 feet along the shore line at low water mark.
26. 45° 02' 140.4 feet along the shore line at low water mark.
27. 65° 45' 140.7 feet along the shore line at low water mark.
28. 60° 21' 691.0 feet along the shore line at low water mark.
29. 38° 53'30"159.4 feet along the shore line at low water mark.
30. 29° 00' 234.9 feet along the shore line at low water mark.
31. 97° 21' 227.0 feet along the shore line at low water mark.
32. 65° 17' 117.6 feet along the shore line at low water mark.
33. 69° 10'30"547.2 feet along the shore line at low water mark.
34. 26° 45' 121.7 feet along the shore line at low water mark.
35. 355° 23' 291.8 feet along the shore line at low water mark.
36. 333° 42' 1125.5 feet along the shore line at low water mark.
37. 327° 17' 331.0 feet along the shore line at low water mark.
38. 298° 04'30"324.0 feet along the shore line at low water mark.
39. 275° 50' 462.4 feet along the shore line at low water mark.
40. 267° 40'30"606.2 feet along the shore line at low water mark.
41. 260° 52' 809.5 feet along the shore line at low water mark.
42. 250° 53'30"223.0 feet along the shore line at low water mark.
43. 267° 43'30"450.8 feet along the shore line at low water mark.
44. 239° 28' 146.9 feet along the shore line at low water mark.
45. 267° 31' 516.4 feet along the shore line at low water mark.
46. 276° 30' 172.2 feet along the shore line at low water mark.
47. 291° 03' 220.8 feet along the shore line at low water mark to point of beginning

All persons having any interest in or claim to the land and its appurtenances sought to be condemned, are hereby warned that unless they appear at the said Circuit Court at Lihue, Island and County of Kauai, Territory of Hawaii, on or before the 16th day of January, A. D. 1920, they will be forever barred from contesting said petition or any judgment thereon.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Circuit Court this 13th day of September, A. D. 1919.

Outer Circumference around Inflated Tube 107"

Inner Circumference 85"

Difference 22"

Where are you going to get those extra 22 inches?

Any inner tube when inflated is radically longer around its outer circumference than around its inner circumference as is shown by the illustration above.

Recognizing this basic principle, Michelin Scientists have built this difference into the Michelin Tube by making it ring-shaped.

But every other tube is made perfectly straight—it's outer circumference being of practically the same length as the inner circumference.

Since all tubes when in service must fill the inside of the casing, it is obvious that straight tubes must be stretched on the outer circumference or compressed next to the rim or both, whereas Michelin Tubes, being shaped to fit, are free from all strains of tension or compression.

Mrs. J. A. Hogg, Prop.

Why Should the Public Show This Remarkable Preference?

Today, public preference for Goodyear Tires has assumed such immense proportions, as to make even the maximum productive capacity of our factories all too small.

In other words, although our present volume is the largest ever attained by a tire manufacturer, there still are not enough Goodyear Tires to go 'round.

What causes the public to demand Goodyear Tires in such quantity as to make even our enormous production (approximately 25,000 finished tires daily, Akron—2,000 finished tires daily, Canada) insufficient?

What underlies the remarkable public preference that leads us, in the hope of meeting needs in future, to undertake work on a plant in Los Angeles having several thousand tires additional daily capacity?

Could it be anything less than that Goodyear Tires deliver matchless satisfaction, and that under every condition their per-

formance is superlatively fine? Surely, the world's largest single group of tire-buyers would not year after year sustain Goodyear leadership, did Goodyear Tires not yield them exceptional service.

We are employing every proper means to expand our present production, in an attempt to make Goodyear Tires as easy to get as they are worth while to use.

In the meantime we suggest that you let your Goodyear Service Station Dealer show you how to care properly for the Goodyear Tires you now have, as a means of assuring you their maximum usefulness.

He will be glad to instruct you in the application of Goodyear Tire-Savers, which are designed especially to prevent troubles and to prolong tire life.

By following his recommendations you gain not only increased satisfaction, but a very material profit in mileage as well.

NEW CONCRETE BRIDGE

The fine, new concrete bridge across the Huleia river at Kipu mauka, to replace the old wooden bridge, is now completed. It is a very fine structure 150 feet long and 17 feet wide within the parapets, and high up above any possible reach of storm water.

NOTICE

Any one found shooting on any Grove Farm Plantation lands will be prosecuted to the full extent of the law.

IN THE MATTER OF THE PETITION OF SAKUICHI KUBO AND MINOR CHILDREN FOR CHANGE OF NAME.

DECREE.

On consideration of the Petition of Sakuichi Kubo of Kapaa, County of Kauai, Territory of Hawaii, for a Decree changing his surname, and that of his four minor children from Kubo to Terayama, and there appearing to me to be good reason for granting the said Petition.

NOW, THEREFORE, by virtue of the Authority in me by law vested, and thereto me enabling, I, C. J. McCARTHY, Governor of the Territory of Hawaii, do hereby ORDER AND DECREE that the names of Sakuichi Kubo, Hajime Kubo (son), Tsugio Kubo (son), Kazuko Kubo (daughter), and Ayao Kubo (son), be and the same are hereby changed to Sakuichi Terayama, Hajime Terayama, Tsugio Terayama, Kazuko Terayama, and Ayao Terayama respectively, and that a copy of this Decree be published for at least four consecutive weeks in the GARDEN ISLAND, a newspaper of general circulation in the Territory of Hawaii, published at Lihue in said County and Territory.

DONE at the Executive Building, Territory of Hawaii, this 20th day of October, A. D. 1919.

C. J. McCARTHY,
Governor of Hawaii.

IN THE CIRCUIT COURT OF THE FIFTH JUDICIAL CIRCUIT, TERRITORY OF HAWAII AT CHAMBERS—IN PROBATE

In the Matter of the Estate of Nohili Hattie Costa, Deceased.

NOTICE TO CREDITORS

Notice is hereby given that Letters Testamentary have been issued to Jacintho Costa as Executor of the Estate of Nohili Costa, late of Kalau-papa, Molokai, Territory of Hawaii, deceased.

All creditors of the said deceased, or her Estate, are hereby notified to present their claims, with a proper voucher, or duly authenticated copies thereof, even if the claim is secured by mortgage upon real estate, to the said Jacintho Costa, at the office of Phillip L. Rice, Esquire, his attorney, in Lihue, County of Kauai, Territory of Hawaii, within six months from the date of this notice, which is the date of the first publication hereof; otherwise such claims, if any, shall be forever barred.

All persons indebted to said Estate are hereby notified to make payment to the said Jacintho Costa at the office of his said attorney.

Dated, Lihue, T. H., October 21st, 1919.

JACINTHO COSTA,
Executor of the Estate of Nohili Hattie Costa, Deceased.
PHILIP L. RICE,
Attorney for Executor.
