Rust Resisting

O

cal"mous, full of impudence and wholly suffering to stop with tropical conditions, starts to rust almost immediately after being exposed to the weather.

Armo iron resists rust. It is 99.94 per cent pure and there are no internal stresses to weaken it. Armo is made to resist the rain and sun of the tropics.

It pays to specify "Armo".

JOIN THIS WEEK

The Kauai Automobile Club's drive for new members was held up by the traffic police between Liliuokalani Park and Waihauhi, so the membership drive is now, and has been, a month停下

The drive starts this week.

If you happened to be one of the sixteen that was held up by the traffic police between Liliuokalani Park and Waihauhi, you already know why the club intends to do it. It intends to make automobile driving on Kauai, the scale, everyday affair that it should be. You may have been a little late at the cops or the club at first, but, now that you think the matter over, you see that it is a good thing, don't you? And you want to help the club to abolish bad corners, skid marks and things generally that make driving unsafe. It will cost you two dollars and a half to join the club for the rest of this year. As LiiLii says, "Okey that impudent" and join now.

A GREAT ENGINEERING FEAT

It has been said that "It is cheaper to move than to pay rent". However, truthful this statement may have been, it may not always have been so. In Hawaii an entire city of 5,000 inhabitants is to be moved to a distance of three miles to make room for improvements. The Waiheke river is to be dammed. A great dam one mile in length and thirty feet high is to be constructed in order to create a reservoir for the irrigation system of the island. This reservoir, when complete, will have a shoreline of several miles and all houses within reach of the water are to be removed. It is all in the spirit of the Oregon Shortline railroad. This great engineering fact would have been considered a marvel fifty years ago but today we marvel at nothing, neither do we raise any doubts concerning the feasibility of the undertaking. We know that it can be done and that it will be done in the interest of public welfare.

THE GREAT AMERICAN ROUND UP
The Largest Number of Competing Cowboys and Cowgirls Ever Assembled In 5000 Feet of Film

MOTION PICTURE of CHAMPIONS and RIDERS FROM ALL WESTERN STATES RISKING THEIR LIVES in the WORLD'S MOST SENSATIONAL CHAMPIONSHIP CONTENTS.

Real cowboys competing in the sports of the range, riding wild horses and bucking bronchos, bull-dogging wild steers, relays, race horses, hipping, chutes, and chariot races. Thousands of spectators come from all parts of California, for the cowboy is king and still holds sway over the old West. A crowd team with excitement seen the cowboy and cowgirl in their glory, taking part in death-defying dangers seen nowhere else on the face of the earth.

The perils of the range rider are brought before the audience when they witness the broncho-busting. The wildest horses are ridden merely to test the strength of the proud cowboy in subduing the bucking and biting mass killers.

NEXT SUNDAY'S GAMES
A double header is scheduled at Li-

hua grounds next Sunday as Owa-

town meets Eihan, while Kauai will

play the Engineers. In all probabi-

ty there will only be one game, as

the Engineers have apparently given

up the ghost.

The Grove Price-Liben game should

be a dandy affair, as the former

have a new pitcher and the latter

have a new center fielder. The

score will probably be similar to

the last encounter.

With Summer comes the Rush Season for Ford Cars

Each year thousands have been compelled to wait for their cars after placing their orders. Sometimes they have waited many months.

By placing your order now, you will be protecting yourself against delay. You will be able to get reasonably prompt delivery on your own Ford car. And you will have it to enjoy when you want it most—this summer.

Don't put off placing your order.
