COLD SLAYS ONE IN SAN FRANCISCO

THETIS RETURNS WITH GOVERNOR

Freat Looking well After his Trip, Talks of Things he has seen and done---Attorney-General but just Recovered from long Attack of Seasickness

Ending its twenty-three days' cruise to Midway and Laysan and intermediate islands the U. S. revenue cutter Thetis, under the command of Captain C. S. Cochran and bearing Governor Freat and former Attorney General Alex. Lindsay, steamed into Honolulu harbor and dropped anchor at its old berth at 11:20 o'clock this morning. An hour later the governor's parting salute, of thirteen guns, was fired as the territorial executive and his party drew shoreward in the ship's launch.

In the official party returning were only the Governor, Judge Lindsay and David T. Fullaway, entomologist for the U. S. Agricultural experiment station, who has been making a large collection of insects among the islands visited by the Thetis.

Tanned almost to a nut brown and with the sprightly carriage of a boy, Governor Freat's verbal assurance was unnecessary to prove the beneficial effects of his long outing, and while there was no sea salt in his hair his face indicated long exposure to the salt breeze.

HAWAII COUNTY AUDIT ORDERED BY SENATORS

Hold-Over Committee Employs Accountants to Investigate Alleged Tangles

(Special Star-Bulletin Wireless.)
HILO, T. H., Jan. 7.—Hawaii county's financial affairs, about which much has been alleged and written, are to be given an impartial investigation by the territorial senate hold-over committee on ways and means.

(Continued on Page 3)

HEAD OF MEN NOW FIGHTING HARD TO END WAR

Sir Edward Grey, British Secretary of State for Foreign Affairs, the man of all others who is struggling to bring about some settlement of the disastrous war in the Balkans. At the beginning of the war in the Near East it was generally agreed that the Great Powers had determined the status quo in the Balkans should suffer no alteration.

DISMAY AMONG CITY OFFICES

TURMOIL IN BOURBON CAMP

BARRON BOASTS HE WILL FORCE OUT FIRE CHIEF

Hail to the King! For a long time it has been known here that first this man and then that was "the uncrowned king of Hawaii," or the boss of Honolulu. There no longer remains no doubt as to the real authority that sways the destinies of men here.

Shadow of the Ax and Question of Patronage Disorganizes Alike the Officials of the Municipality and the Board of Supervisors — Meeting Tonight to Receive Ordinance Cutting Salaries of Many City Employees

Deep gloom added to the nightmarish condition that prevails in every one of the city's departments save that of the Treasurer this morning. And through the gloom loomed the form of the ax, hanging by a thread that needs but the stroke of the supervisor's shears to permit the sharp blade to fall upon the stretched necks of the present office holders.

GENERAL MACOMB WILL DELAY RETURN

Sessions of the board of general officers, recently convened in Washington to consider the reorganization of the land forces of the United States, are likely to bear fruit concerning Hawaii and the plan of the general staff to raise the islands to division rank, may see fulfillment in the near future.

HOMELESS LABORER VICTIM OF FROST

Found Dead on Streets--First Case in History of City--Damage done to Citrus Crop in South Estimated at More than Twenty Million Dollars--Northern Crop Escapes

(Associated Press Cable)
SAN FRANCISCO, Jan. 7.—Frost, bitter and biting, claimed its first human victim in the history of this city last night. Some time during the night one of the homeless wanderers in the streets died, frozen by the intense cold that has gripped this city for two days. His body was discovered early this morning by the police, but so far has not been identified.

Rosecrans Rams Beach And Sinks

(Associated Press Cable)
ASTORIA, Ore., Jan. 7.—Driven by a sixty mile gale, blowing dead on shore, the oil tanker Rosecrans rammed the bar at the mouth of the harbor here late last night and her crew is drowned to a man. The tanker was on her way to Honolulu via this and other ports. This is the third time she has been wrecked within a year. The first time she rammed the beach south of San Francisco and split in two. She was taken off and rebuilt. August 27 last she caught fire while at Gaviota and burned to the water's edge. She was taken off and rebuilt. This trip was the first she has made since the fire.

Turk Tired Of Talk

(Associated Press Cable)
LONDON, Jan. 7.—Dispatches from Constantinople received here this morning, announced that the Sublime Porte has announced that he will submit no additional proposals to the peace conference. The rejection of the last made by the Turkish plenipotentiaries and the insistence by the allies upon the surrender of Adrianople are declared to have tired the Sultan, and he is determined to resort to hostilities again if necessary. It is asserted that the Turkish army has been greatly reinforced by new troops from the central districts of Asia Minor, and that it is ready to go back to fighting again.

Rockefeller Too Ill To Talk

(Associated Press Cable)
WASHINGTON, D. C., Jan. 7.—Dispatches from Nassau, Bahamas, announce definitely today that William Rockefeller, wanted to testify before the House Money Trust investigating committee is at one of the hotels in that island resort. At the same time the Rockefeller physicians filed a certificate with the committee to the effect that the badly wanted multimillionaire is utterly unable to appear before the committee. According to the statement of his doctors, Rockefeller has undergone six operations only recently, and that he is at present under orders not to speak above a whisper, and then only when absolutely necessary. The affidavit asserts that he has been suffering with gas and gouty inflammation of the larynx.

City Railroad Proves Gold Mine

(Associated Press Cable)
SAN FRANCISCO, Jan. 7.—The first weekly report of the new municipal railway, known as the Geary street line, was made public today. The figures show that the road has earned \$1125 net on the first week's business done, with every prospect that the figures will be materially increased later.

JUDICIARY BUILDING FINISHED IN FEBRUARY

Some of the offices in the remodelled judiciary building may be ready for occupation by February 1 or 15, but not before that time. This was the statement today of Superintendent H. K. Bishop after a conference with J. L. Young, of the Lord-Young construction company, which is doing the work.

RUBBER COMPANIES EXCEED ESTIMATES

The Waterhouse Company, Ltd., received gratifying cable advices today regarding the past year's crops of the two rubber enterprises in which it is interested in the Federated Malay States.

DEATH AND STORM PURSUE LINER

Terminating a half century of service in the Far East in the cause of dissemination of the gospel, Miss L. Dixon, a missionary, affiliated with one of the prominent non-missionary organizations, passed away, while traveling from Shanghai to Japanese ports, as a passenger in the Pacific Mail liner Manchuria.

Miss Dixon, forty-two years of age, was on the liner for the purpose of the foreign mission field. She was seventy-two years old at the time of her death. A pathetic feature of the demise of the woman was the fact that she was planning an extended visit to the United States, after years spent in China, India and Japan.

A general breaking down, followed by complication of ailments was assigned as the cause of death. At noon the body was removed, and cremation followed.

Miss Dixon was accompanied by Miss C. Miller, who is a through passenger in the liner and arrived at Honolulu with the vessel today.

The Manchuria battled with a typhoon for forty-eight hours following her departure from Yokohama for Honolulu. The tempest was met some six hundred miles off the last Japanese port of call. The gale reached the intensity of a hurricane. Tremendous seas engulfed the forward portion of the liner.

Captain Dixon, declared that the Manchuria bravely weathered a typhoon, but was pleased to state that the liner suffered no damage, save of a minor nature. The jack staff was one of the first things to go over the side.

The storm made it rather uncomfortable for the large delegation of steerage and second class passengers.

Purser Phillips on Vacation Bent. Continuous service with the Inter-Island Steam Navigation Company in the capacity of purser in the steamer Mauna Kea, covering a period of years, has entitled Peter T. Phillips to a vacation, and the happy and round official has packed six large trunks and a suit case, which will be deposited aboard the Matson liner Honolulu, to be joined later by the steamship man, who is bound for the Pacific coast on a well-earned rest.

Mr. Phillips will probably be away for a month or six weeks. He admitted this morning that it was found necessary to notify the Hilo folks in advance of his going away, for the arrival of the Mauna Kea at the Crescent city without Phillips beaming from the rail, would be like attempting to carry out a successful luanu with the products of a dairy lunch room.

"I find that I have been falling away to a shadow, and hope that while away to pick up considerable weight," sighed Phillips as he shook the hand of the last passenger to leave the Mauna Kea on arrival from the Big Island this morning.

MANCHURIA'S NEW RECORD

The Pacific Mail liner Manchuria, from Hongkong by the way of Shanghai and the Japanese ports of call, reached Honolulu this morning with but fifteen cabin passengers, thereby establishing a record for the smallest list of trans-Pacific travelers in any vessel flying the Pacific Mail house flag between the Orient and Honolulu in over twenty years at least.

One hundred and twenty-six Chinese servants connected with the purser's and steward's departments were on instant call to administer to the wants of this little and select company of passengers.

Of the fifteen who were passed upon by the federal quarantine officials this morning, seven are young Chinese students on their way to the United States to complete their store of knowledge of western civilization and learning.

The Asiatic steamer department in the Manchuria was far better patronized on the voyage from the far east to the United States. Two hundred and eleven travelers including 91 Filipinos, 102 Japanese, 16 Chinese and 2 other nationalities, were numbered among those who left the vessel at Honolulu.

The Manchuria is to sail for San Francisco at 10 o'clock tomorrow morning. Joining the vessel at this port are sixty cabin passengers booked at the agency of H. Hackfeld & Co.

The Manchuria is to receive prompt dispatch. Ten gangs of stevedores were placed on the job of ridding the vessel of 1,900 tons Oriental freight. These men will work all through the night if occasion demands, in order to get the vessel away for the Coast on time.

In transit for San Francisco there are 5,700 tons freight taken aboard at the Chinese and Japanese ports. A large shipment of raw silk is included in the cargo.

Fifty sacks mail from the Orient were received by the steamer.

Hawaiian Pines in Distress. The Coast papers have considerable to say concerning the fate of the Harrison Direct Line freighter Workman, which on Dec. 28th was found in a dangerous predicament near the entrance to the harbor of Rio de Janeiro.

The news of the disaster reached San Francisco just before the sailing of the Oceanic liner Sierra for Honolulu. According to the news received, the fate of ship and cargo is now hanging in the balance and at the mercy of the weather. If the fine weather holds there is said to be a good chance to float the vessel, which it is reported has been very badly damaged. Conditions are unfavorable for lightening the cargo.

The Workman is one of the best equipped freighters ever in this port and is in command of Captain Booth, a master mariner who was given command of the big ship because of the owners' faith in his careful seamanship. The Workman, which was built in 1898, has a carrying capacity of 12,174 tons, and left San Francisco with a full cargo.

TIDES--SUN AND MOON table with columns for Date, High Tide, Low Tide, Sun Rise, Sun Set, Moon Rise, Moon Set.

SHIPS. Renew Fight Against Chinese Crews. WASHINGTON, December 7.—The Great Northern Steamship Company of Seattle hires (chinamen at Hong Kong at \$10 per month for crews of its ships, according to the testimony of G. C. Lacy of the Company, in the Chinese do not understand the orders of the officers and have to have the orders translated before they can obey.

Notwithstanding this condition, Lacy declared the clause in the bill prohibiting ships from carrying crews unable to understand orders in English, if enacted into a law, would cause his company to put its fleet under the Japanese or English flags, as the company could not compete with foreign lines if higher wages were paid crews, which would be necessary if Chinese were not employed.

Bruce Gibson, representing the Marine Engineers' Association of San Francisco, declared a three-watch system in the fire rooms and a two-watch system on deck are necessary for the efficiency and health of the men. Representatives of the Lake Owners' Association testified that firemen and deckhands on the lake steamers are forced to work an eighteen-hour shift twice and sometimes three times a week.

Big Change in Pacific Mail. The local transportation world was given a surprise yesterday when it was announced that A. M. Garland, freight traffic manager, had resigned from the service of the Pacific Mail company with which he has been identified for 27 years. He will be succeeded by J. J. Connor, the announcement of his appointment also having been made yesterday.

Garland entered the Pacific Mail service as a clerk on the company's dock at Aspinwall, now Colon, and served as freight clerk and purser on the Panama run and at the time he was appointed freight traffic manager was special agent in Guatemala. He has been in poor health for some time, and will take a long rest before resuming active work.

Connor, the new freight traffic manager, was Pacific coast representative of the Panama railroad for a number of years. He gave that up to take the management of the Metropolitan Laundry company. He joined the Pacific Mail service last October as assistant freight traffic manager.

T. K. K.'s New Passenger Agent. W. H. Avery, assistant general manager of the Toyo Kisen Kaisha, has announced the appointment of William H. Magee to be general passenger agent of the Toyo Kisen Kaisha, to succeed the late Alfred E. Rennie. Magee's appointment dates from January 1. When Rennie was taken sick Magee took charge of the passenger department and has been its acting head ever since.

Magee was in charge of the Pacific Mail passenger department under a former administration. When the Toyo Kisen Kaisha started its service to this port Magee was appointed purser of the first ship, but soon left the service to accept a more important position.

For a time he was in Mexico with S. Pearson & Sons and was engaged on the Vera Cruz port works and the construction of the Tehuantepec railroad. He was in Europe for several years in the steamship business and brings to his new position wide experience. His headquarters will be at the company's office in this city.

ARRIVED. Monday, January 6. Salina Cruz, via San Francisco and Sound ports—Columbian, A. H. S. S. p. m. Tuesday, January 7. Hongkong, via Japan ports—Manchuria, P. M. S. S. a. m. Hilo, via way ports—Mauna Kea, stmr., a. m.

SEAMAN SUES FOR HIS BROKEN LEG. A suit for damages to the amount of \$2,000 was filed in the marshal's office this morning by Attorney George Davis in behalf of Anni Munroe, a seaman on the American schooner Salvator, now unloading at this port, against Captain Huls of that vessel.

According to the affidavit read in the United States federal court this morning by Attorney Davis, Munroe alleges that Captain Huls, on his arrival in Honolulu with a cargo of lumber, employed unskilled labor in taking the lumber off the schooner, and as a result of careless handling, Munroe was struck by a pile of falling lumber, receiving injuries which necessitated his being taken to the Queen's Hospital, where he is now confined with a broken leg and a number of minor injuries.

The papers were served on the master of the schooner this morning and the case is scheduled to come up on January 17.

HARBOR NOTES. The transports Sheridan and Logan sailing from San Francisco yesterday will bring down the next mail from the mainland.

The Matson Navigation steamer Lurline from the Coast will bring a late mainland mail. The Lurline is to arrive at Honolulu on January 15. The Inter-Island steamer W. G. Hall was dispatched for Ahukini, Kaula, at five o'clock last night. The vessel is due to return to Honolulu tomorrow morning.

The British ship William T. Lewis from Hamburg and European ports with a general cargo for the Hawaiian Islands, is one hundred and forty-four days out today.

The last of a shipment of lumber from the Sound and destined for Port Allen having been discharged at that port, the American schooner John Smith was dispatched for the Pacific Coast on Sunday.

United States Immigration officials raided a Chinese den in San Francisco and found five Chinese women locked in steel cells.

COUNTY AUDIT

(Continued from Page 1)

Allow me to enclose a copy of the letter of instructions sent to the Audit Company of Hawaii, Limited.

The committee desires to express its appreciation of the spirit of cooperation in this matter expressed by the board of supervisors in the report above referred to. Very truly yours,

A. F. JUDY, Chairman, Senate Hold-over Committee on Ways and Means.

Instructions to Audit Co. January 3rd, 1913. Audit Company of Hawaii, Ltd., Honolulu.

Gentlemen: You will please audit the year 1912 accounts to audit the books of the county of Hawaii, according to the instructions on behalf of the Senate Hold-over Committee on Ways and Means. This audit to be made for the committee is that of the supervisors as shown by the report of the financial committee of the supervisors, adopted at a meeting of the board on the 6th day of December, 1912, a copy of which is enclosed. I enclose also a copy of

the senate resolution under which the committee is acting.

The necessity of an audit of the county books was suggested to this committee by the Hon. board of trade, a copy of whose communication with exhibits is also enclosed.

If there is nothing substantial to the matters suggested in the exhibits to the Hon. board of trade's communication, the senate committee should be so advised by you. On the other hand, if there has been any incorrect, improper or incomplete administration of county financial affairs on Hawaii, the committee wants to know what the trouble is and how to cure it.

The committee desires you to make an investigation which will result in constructive suggestion more than in destructive criticism. If things are found not satisfactory, the committee will be more concerned with the changes which should be made to safeguard the proper administration of the county's financial affairs than with the approval of the supervisors.

While a complete and detailed audit of the books of the county from 1905 to date would be most desirable, the time at the disposal of the senate committee are limited. You must use

your own judgment as to how far to extend your examination in order to accomplish the objects set forth above. Very truly yours,

A. F. JUDY, Chairman, Senate Hold-over Committee on Ways and Means.

GEN. MACOMB

(Continued from Page 1)

away with entirely, the troops being formed into brigade inspections instead. This will organize the mobile army in both continental United States and on foreign service on a sound practical basis, making the administration more effective and more economical.

Hawaii Department
According to this plan all the troops on Oahu will be grouped as the Hawaii Department. This command must not be confused with the present Department of Hawaii, which is a part of the Western Division, as it will be one of the six independent units of the army, accountable only to Washington, the other five being the Eastern, Central, Western, Philippines and Panama departments.

The Hawaii Department, under this plan, becomes a major general's command, and each post on Oahu is considered as a detachment directly under the territorial commander, this meeting all administrative requirements. The troops of the several arms would then be formed into brigades, with a brigadier general or a colonel of the proper arm assigned as the inspector of each brigade. In the case of Oahu the mobile army here would probably be considered as one brigade inspection, for the present at any rate, under command of a one-star general, whose headquarters would be Schofield Barracks. The coast artillery would be directly under the district commander, soon to be a full colonel, and both administrative and tactically under command of the commanding general of the department.

General Macomb states in his letter that the Second Infantry is to go to Shafter and the Twenty-Fifth to Schofield, and that two of the new coast artillery companies are to be stationed at Kamehameha and the third at De Russy. This information has already been received in a cable memorandum from the Western Division, with the exception that Ruzer instead of De Russy was designated as the station for the 10th company of Coast Artillery. That company will go to De Russy, for the present at any rate.

Mexican forces fought fiercely at Colonia Juarez and many were wounded before it was discovered that one part of the federal force was fighting another part of the same force.

AUTO ENTRIES FREAR CHANCES MAY SHOW NAMES GROW SLIMMER DAY BY DAY

By C. S. ALBERT

"They have adopted my suggestion to allow entrants in the Floral Parade to place their names on their autos or floats," said James S. Frear, referring to his little interview in this paper which has borne fruit as stated. "This is very well and ought to have as good results as the same thing had in the Japanese parade last year."

"There is another thing I would respectfully suggest to the committee. Yesterday they collected money around town for the expenses of the show, but said nothing about giving the contributors of tens and fives, or whatever individual contributions might be, the privilege in return of seats upon the reviewing stand."

"There will be places reserved, no doubt, for army and navy officers and other society favorites. Why not offer a chair to the unobtrusive contributor? Chairs are cheap, even a few benches would not cost much, and there is plenty of room to provide seats for more than a favored few to see the parade in comfort. "Why not have grandstands at different points, charging a small admission, so that anybody who chose could have a seat? This would bring a considerable revenue to the management, I have no doubt, besides greatly enhancing the enjoyment of the occasion, not only to residents but to hundreds of visitors, only a few of whom otherwise can witness the pageant without the discomforts of being jammed in the crowds along the route."

THETIS RETURNS

(Continued from Page 1)

about six days later, they found the scientists had killed 700 rabbits.

"But they never will be able to kill them all off," declares Lindsay. "I hope never again to see so many rabbits as I did there. Don't think I will ever be able to eat rabbit pie again, either."

The scientists were visited again on the homeward trip from Midway, but only for a few hours, and they remained on Laysan. The Thetis probably will call for them again some time in March.

As was reported here at the time, the Executive and his friends missed their Christmas dinner at Midway, the sea proving too rough to permit a landing. The thirty-odd persons on Midway had prepared the biggest celebration they could conceive with the materials at hand, and had an enormous feast spread in the party's honor.

Gov. Frear, Judge Lindsay and Capt. Cochran got the meal, warmed over the following day, though the culinary department of the Thetis managed to prepare a dinner Christmas Day of such satisfactory proportions and quality that it took the edge off their appetites for the belated banquet.

That rough weather at Midway, holding them off the island for one day, set them back four days on the homeward run. Captain Cochran reports, and but for that unfortunate incident they would have arrived at Honolulu four days ago. The delay of twenty-four hours sent them into a storm which otherwise they would have missed.

"The bird and sea life among those islands and shoals is one of the most wonderful things I have ever seen," said Frear. "I think it was on the Hermes shoal that we found a great school of seals. They were so tame we could walk right up to them and pet them. One old female had a litter that could not have been more than a day or two old. We picked the little fellows up in our hands and fondled them. They were like little puppies."

"The crew of the Thetis killed two or three sharks, and we saw many number of them. They followed the ship, and when we landed from the small boat at one shoal the sharks followed us right up almost to the water's edge."

"There are millions of birds throughout the islands, from the great pelicans that set on an egg-spice in thousands not more than a foot apart, to a species they call the 'rail,' which has wings that are useless save as ornament and runs with incredible speed. This latter species is not only exceedingly tame, but extremely inquisitive, and insists on wandering through the houses and stealing grub from the larger. The wild canaries, such as these we captured and brought home, are there by the thousands also."

"On the east point, or eastern part of Midway is a big colony of donkeys. A few were placed there years

ago and permitted to run wild and propagate, and the number there at present is enormous."

Referring to the 188 nominations of President Cleveland whom the Republicans defeated in 1889, one Democratic senator said yesterday: "If President Taft does not want more than that held up, he had better not send in so many."

Whether to block all nominations or only oppose those in states which will have Democratic senators in the next congress, is the main concern of the Democratic committee. But the present disposition is to make the campaign of opposition rather sweeping.

Though the Thetis' wireless was unable to get into touch with the Honolulu station except when within 100 or 200 miles of Oahu, it received messages from passing ships almost continually, and obtained an almost regular service conveying mainland news. But the members got little local gossip and were in ignorance of local affairs until the Thetis steamed into port today. In one or two instances they received wireless dispatches from points 1200 miles distant.

ago and permitted to run wild and propagate, and the number there at present is enormous."

Though the Thetis' wireless was unable to get into touch with the Honolulu station except when within 100 or 200 miles of Oahu, it received messages from passing ships almost continually, and obtained an almost regular service conveying mainland news. But the members got little local gossip and were in ignorance of local affairs until the Thetis steamed into port today. In one or two instances they received wireless dispatches from points 1200 miles distant.

ROBERO, OF HONOLULU, SUICIDE FOR REVENGE

SAN FRANCISCO, Dec. 27.—To revenge himself on an elder brother, with whom he had quarreled, Frank Robero, 24 years old, a native of Honolulu, committed suicide in Oakland early yesterday morning.

A short time after the quarrel Robero told his parents that he had taken poison and that he wanted to die. He then went to his bedroom.

The frantic father called in Dr. T. B. Holmes, who could find no trace of poison. When questioned by the physician, Robero confessed to him that he had not taken any poison, but that he merely wanted to frighten his family.

His clothes and room were thoroughly searched, but as no poison could be found the physician left.

The family, which lives at 2759 East Eleventh avenue, was awakened a few hours later by the groans of the young man and found him in great pain.

Dr. Holmes was called in again, but death came before his arrival. "I am positive," said Dr. Holmes yesterday, "that the young man was bluffing when I saw him early in the evening."

"He wanted to die. His story that he was merely trying to scare his folks was simply a ruse. "He waited until he thought everybody was asleep and then took the poison, knowing that it would be too late to save him by the time the family would be aroused by his screams. "The best proof that he had not taken the poison when I first examined him was the fact that a man could not live more than an hour or two after he had swallowed what this young man took."

Household Dept. Phone 3481

New York paper has made a list of twenty-four assassinations of rulers and high officials up to the time of the killing of Premier Canalejas of Spain. The result shows that six out of the number have occurred in the United States, three in Russia, two in Portugal, two in Serbia, and one each in England, Montenegro, Turkey, France, Persia, Austria, Italy and Japan. The United States has suffered the assassination of three presidents, a governor, an ex-governor and a mayor, Russia has lost two czars and a premier, and Spain a marshal and two premiers.

There are too many special conditions surrounding the cases to make specific comparisons reliable, but it seems to be a safe conclusion that the holding of public office is no safer in the most enlightened and progressive of republics than in the most reactionary lands. It is not particularly pleasant that the political assassinations in the United States, "the land of the free and the home of the brave," have been as many as in Russia and Spain combined, nor that lands like Persia, Serbia, Portugal and Austria have records that show when put beside ours.—Detroit Free Press.

THE TASK OF HAPPINESS.

*If I have followed more or less
 In my great task of happiness;
 If I have never enjoyed my race
 And shown no glorious morning face;
 If I have seen no happy human eyes
 Here moved me not; if morning skies,
 Books, and my food, and summer rain
 Knocked on my sullen heart in vain;
 Led, Thy most pointed pleasure take
 And stab my spirit broad awake;
 O, Lord, if too obdurate I,
 Chase Thou, before that spirit die,
 A piercing pain, a killing sin,
 And to my dead heart run them in!*

—Robert Louis Stevenson.

JUVENILE DETENTION HOME IMPERATIVELY NECESSARY

Juvenile Judge Whitney's recommendations that a detention home for children be established, made in his annual report yesterday, are particularly timely in view of the early meeting of the territorial legislature.

To make provision for such a home is one of the legislature's paramount duties this year. It is a duty that must not be overlooked and cannot be shirked. The house and senate committees on finance must find a way to get funds for such a home. It is an imperative necessity.

Judge Whitney thus succinctly puts the case in his recommendations:

"This community is, above any other community of which I have heard, fortunate in the generosity and hospitality of its people, who are willing to take these unfortunate children into their homes and give them homes. The only care of the court is to find the best homes available. This can only be done by the expenditure of time and cannot satisfactorily be done when, as at present, there is no place where the child may be placed pending investigation. I earnestly hope that some provision may be made for such a home."

No longer ago than yesterday there was a multiplicity of applications for adoption of some orphaned children. It is quite true that there is no great difficulty in finding homes for the homeless little ones, but the whole system falls if the homes into which these future men and women go are not homes where their development of mind, body and character will be stimulated sanely and purely.

The Humane Society and other splendid organizations here will back a bill to be presented to the next legislature calling for an appropriation of \$50,000 for a detention home such as Judge Whitney recommends. It is not a large sum to ask, and we bespeak now the careful attention of the elected legislators on behalf of a measure of noble aim and practical method.

TAFT'S PLAN OF CABINET CONGRESSMEN

President Taft's recent message to Congress urged a measure that received little attention when the message was presented, buried as it was in the midst of matter more popularly appealing, but which since then has forced itself to the notice of statesmen and publicists all over the country. In brief, the president recommends that a change be made in the law so that members of the cabinet may have seats, though not votes, in both houses of Congress.

Mr. Taft says that present indirect methods of communication between Congress and the cabinet would be done away with, business facilitated, a better understanding of work under way and plans for the future be brought about, and the cabinet take a more personal part in legislation.

The recommendation has been received with very general approval, and probably is one of the forward steps that will be taken in the next four or eight years. Of course it was at once pointed out that the plan is no new one, most cabinet officers in other countries having seats in the legislative bodies. The present method has had comparatively few drawbacks, but as governmental structures are becoming more and more simplified, the mere fact that a present method is fairly satisfactory is no argument against the adoption of an easier and more direct plan which has proved more satisfactory elsewhere.

SOME GOOD ADVISE

Mayor Fern's message to the new board of supervisors contains many good suggestions, and the lively suspicion that the mayor did not write it and that most of the suggestions came from others should not be allowed to stand in the way

of appreciating some constructive thought the document embodies.

A new city hall should be provided somehow by this board, and a plan devised to end the warrent system and its attendant ills of discounting. The mayor's suggestion that the municipality and the army authorities cooperate in planning an intelligent system of roads should be heeded, and his approval of the local improvement plan for road-building adds another to the many voices now arguing for this progressive method. Mr. Fern is also joining a large-sized chorus in calling for the development of a system of small parks and playgrounds before land values in the crowded sections of the city become prohibitively high.

The mayor's candid plea that he should be given more powers will probably fall upon deaf ears so far as the community at large is concerned, in view of the way he is playing politics with city business. The legislature of 1913, we hope, will not give the mayor any more opportunity than he now has to distribute patronage or control city government. A concrete instance of his inability to separate a mayor's pie-counter prerogatives from a mayor's duty is his present intention to displace Chief Thurston of the fire department by an untried Democrat.

Aside from this, the mayor's message deserves study and consideration, and if half of the work he suggests is carried out in the next two years, his administration will have accomplished as much as we can expect of it.

HAWAII COUNTY'S DUTY

Hawaii county's financial affairs are to be audited by order of the senate hold-over ways and means committee and some of the present uncertainties as to the state of affairs on the Big Island will be cleared up. The employment of a firm of accountants of recognized standing assures the impartiality of the investigation.

The retiring supervisors of Hawaii county expressly indicated their approval of the senate committee's plan and the territory looks to the new board which went into office yesterday to place no obstacles in the way of a rapid and thorough investigation. Irregularities have already been proved against one trusted official and until a probe such as has been ordered is completed, other officials are sure to be the victims of gossip and suspicion. At the same time, there has been altogether too much loose criticism of Hawaii county by other counties and other communities. Men are presumed innocent until they are proved guilty, so we shall await the facts before condemning other officials.

As all the world learned, a few months ago, that Hawaii had produced the fastest swimmer that ever dove into the water, so all the world learned, a few days ago, that plans were afoot for a San Francisco-Honolulu international yacht race in 1915, and that Sir Thomas Lipton, now the leading yachting figure of his or any other country, is heart and soul with the plans.—Santa Cruz Sentinel.

Good promotion, that!

Efficiency in civic administration means the effective serving of all the people. No party bound by pre-election pledges and campaign obligations can simultaneously satisfy the party spoilsmen and obtain anything like complete efficiency. It can't be expected to.

The new city and county administration starts business with the cheering assurance that before long it will have to go on a warrant basis. Isn't there a J. Pierpont Morgan concealed somewhere in the board? The city needs a financier pretty urgently.

Fifty women have applied for permission to adopt six children. Juvenile Judge Whitney's dilemma is easy, however, compared to that of six Democratic supervisors who have to adopt two hundred and fifty job-hunters.

That new submarine dock for Pearl Harbor would come in handy now for Republican city officials who want to save their official scalps.

The new supervisors will retain the respect of the community if they retain Fire Chief Thurston.

Partisan politics in city affairs is the father of the spoils system.

Maybe the supervisors wish the situation were un-warranted.

Mayor Fern is not among the anti-third terms.

LITTLE INTERVIEWS

PATROLMAN SWIFT—Sure and sure synonym for rapidity is the name. Likewise is it one of the virtues of the department, to say the least. WM. H. SWIFT, the only improvement campaign for the widening of Kapaemahu road, the Bishop Estate has come through with a very liberal promise to give land for the purpose and already we have nearly all the land necessary pointed from the Kapiolani park to Waiatae road. The Kapiolani road is the main artery from Manoa and Kaimuki to Waikiki, where rolls the Pacific.

PERSONALITIES

CLARENCE BECKLEY has been added to the responsible committee of the board.

MRS. H. G. PLUMMER returned from the coast yesterday after a very pleasant visit there with friends.

REV. E. W. WADSWORTH expects to arrive several weeks on a visit to the islands and his journey will start at Hawaii.

C. A. GOODING, of Honolulu, who here this week, returning with Mrs. Gooding, they are accompanied by Mrs. W. E. Wash, San.

DR. AND MRS. PHILIP FREAR of Honolulu are visiting with Mr. and Mrs. G. S. Thurston, Dr. Frear is a brother of Governor Frear of the Is. of Madiera, Cal., Tidone.

MRS. OTTO WIX arrived from San Francisco yesterday to join her artist husband here. They will remain in Hawaii until Mr. Wix finishes the scores he is painting.

HENRY HAPAL, registrar of public accounts, who is reviewing the books of the banks and trust companies on Hawaii, has been delayed in his travels by bad roads and is not expected home until Saturday.

WALTER ELLIS ROUNTREE and E. B. Conner Rountree have sailed on the Honolulu for the Hawaiian Islands, where they will remain for an extended visit. They are planning a trip to the Philippine Islands and to China before returning to California.—Call, Dec. 25.

FRIENDS of the Princess David Kawanakoa are rejoicing that she is improving in health so much that she plans to visit here next month. Since leaving here she has been abroad until the past few months when she was at her home in Honolulu.—Examiner, Dec. 26.

GUSTAVE SCHMIDT, an employe of the Hawaiian Garage Company, and Miss Mary Gomer were married in the First Methodist church parsonage Saturday evening. Rev. R. E. Smith read the marriage ceremony. The young couple will make their home in this city.

LIEUTENANT RALPH C. HARRISON, U. S. A., will sail for Honolulu January 5 on the transport. He has been ordered for duty there for the next two years. He spent the last week-end at the country place of Mr. and Mrs. Frederick Sharon at Menlo.—Post, Dec. 26.

MR. AND MRS. L. W. MAKER, have received two handsome Christmas presents, from their son, Edward Maker, who is stationed with his regiment the Fifth United States Cavalry, in Honolulu. They are two beautiful silk handkerchiefs of unique design. One has the Stars and Stripes and the Hawaiian flag crossed in the center with a beautiful corner design and the other bears a splendid picture of young Maker in his uniform. The Fifth Cavalry is due to arrive in San Francisco on the 12th of February, after being stationed in Honolulu for the past eighteen months.—Oak Park, Ledger, Dec. 20.

not been analyzed. All that the colonel knows is that he has something like \$7,000 on hand, but he has not been informed as to the amount of money already appropriated against this sum.

BARRON BOASTS

(Continued from Page 1)

Have a supreme court decision in the case of the appointment of Johnny Wilson as road supervisor some years ago, that supports us in our belief that the mayor's appointment in this instance stands, despite what the board may do. Tom Cummins, if may be remembered, was the occupant of the office. The mayor appointed Wilson. The board of those days refused to approve the appointment. The case was appealed and the court upheld the mayor. The appointment of Scully is a case of a similar character.

"Thurston is going out and Scully is going in. Scully is from my precinct. He's a good Democrat. I'm fighting for him. That's enough."

SUVA HAS LONELIEST OF MASONIC LODGES

SUVA, Fiji, Dec. 15.—Masonic lodge, E. C. 1931, of this city, which recently celebrated its twenty-fifth anniversary has, the distinction of being, in a geographical sense, the loneliest and most "unneighborly" lodge anywhere.

For the ceremonies of publication message invitations were sent out, of course, to brothers of all the "nearby" lodges, with the result that answers are now being received from men in neighboring places at Sydney, 2300 miles; Honolulu, 3150 miles; Hobart, Tasmania, 3375 miles; and San Francisco and Seattle, 4800 and 5100 miles respectively.

Now, above all other times, perhaps

DISMAY AMONG CITY OFFICERS

(Continued from Page 1)

clerk \$125—\$10, filing clerk \$100—\$5, stenographer and typewriter \$100—\$5.

City and County Auditor's Department: Deputy auditor \$150—\$25, clerk \$125—\$10.

City and County Treasurer's Department: Deputy treasurer \$150, license clerk \$125, license inspector \$125.

District Court—Interpreters and Allowance for Interpreters: Hawaiian interpreter \$75—\$50, Japanese interpreter \$75, Chinese interpreter \$75, other interpreters to be used as occasion may require \$100.

Electric Light Department: Superintendent \$200, electrician, police and fire alarm system \$140.

City and County Engineer's Department: Engineer \$275, first assistant engineer \$200, second assistant engineer \$200.

Health Department: City and county physician \$225, nurse \$90, meat and food inspector \$125, meat and food inspector (Ewa) \$20, milk inspector \$100, two fish inspectors at \$90 each \$180—\$10, six sanitary inspectors at \$90 \$540.

Fire Department: Chief engineer \$225, Road Department: Road overseer, \$175—\$25, chief clerk \$175 plus \$50, first assistant clerk \$125, second assistant clerk \$110—\$5, garbage clerk \$90—\$5, stenographer and typewriter \$60.

Section 2. This ordinance shall take effect from and after the date of its approval.

Introduced by M. C. Pacheco January 7th, 1913.

The police department will be dealt with in another ordinance.

In addition to the above measure, the new board will in all probability have a chance to begin the appropriation ordinance covering the period from January 6 to the end of the fiscal year. It is also possible that an ordinance repealing the plumbing ordinance passed over the mayor's veto yesterday may be introduced tonight.

Appointments Tonight. It will be a well-attended meeting tonight. Scores of prospective office-holders and Democratic hangers-on will be present, as well as the usual crowd of the curious. The mayor will then announce his long-deferred decision regarding the appointment of fire chief, and the board's decision regarding Whitehouse will be made public.

In the treasurer's office, Col. McCarthy and his new deputy, M. H. Drummond, were hard at work getting things into shape. None of the stationery for office use has been received as yet, and the figures of the sums which the treasurer has on hand have

HE HANDLES THE COIN

M. H. Drummond, who yesterday assumed his post as deputy city and county treasurer, under the command of Colonel McCarthy.

they never looked it up before, the Marine brothers of Suva are asking, like the lawyer in Luke xi, 29, "And who is my neighbor?"

ADVANCES RECORDED IN THREE STOCKS

On the board today Oahu figured at a decline of one-eighth point to 22.87 1/2 for 25 and 15 shares. Pioneer had a similar drop to 26.37 1/2 for 10 shares, but recovered the previous quotation of 26.50 for 5 shares, at which a sale of 25 shares was also made between boards. These stocks were the only ones dealt in on the

board. Onorea is unchanged at 32 for 30, 20 and 20 shares reported. Hawaiian Commercial advanced three-quarters to 33.75 for 10 shares. Pahang Rubber advanced a point to 20 for 25 shares. Brewery gained half a point in a sale of 25 shares at 23.

There will be some new stunts in this year's Floral Parade. That is known already. There will be a lot more if citizens generally put on their thinking caps and help.

The Lusitania, the last Christmas ship to leave England for America, carried 6,978 bags of mail.

When You Ride Out To Waikiki

Take a glance to your left, over the hills to the higher elevations of Kaimuki. Everybody in Honolulu will admit that high ground is a favorite type of property for residential purposes. All the "higher spots" in and around Honolulu are today commanding the highest prices and in the years to come their values will enhance much more rapidly than properties on the lower levels. Ninety-five per cent of the residence property of Honolulu does not command a mountain or ocean view—in fact, most of them are limited to the house across the street.

We have in the New Ocean View Tract a few desirable lots at from \$500.00 to \$700.00 per lot; also the following properties:

- House and lots Puunui, near Country Club, lot 150x150; bargain price for quick sale; cash or instalments.

IN THE WOMAN'S WORLD

GOVERNOR'S WIFE RECEIVES GUESTS

The holiday season being over, society folk have turned their minds to ward social activities and the reception at the home of Governor and Mrs. Frear was well attended yesterday afternoon. As the Governor is not in Honolulu, Acting Governor and Mrs. Mott-Smith received with Mrs. Frear. She was also assisted by Mr. and Mrs. George Wilhoit of Stockton, California.

Mrs. Frear chose bougainvillea for her decorations and great branches of the vine were seen both in the reception room and on the lawn. There were also a number of beautiful palms seen about the place.

A large number of Honoluluans were present at the reception yesterday and an unusually large gathering of tourists and visitors to the islands called to pay their respects to Mrs. Frear. Punch was served by Mrs. Frank Dillingham, tea was poured by Mrs. W. W. Hall, while Mrs. Luther Severance, of Hilo, presided over the tea table. Others who assisted during the afternoon were Mr. and Mrs. Charles T. Flitts, Mr. and Mrs. W. A. Bowen, Mrs. John Erdman, Miss Juliet Howatt, and Miss Juliet Atherton.

Among those who called during the afternoon were Mr. and Mrs. Zeno K. Myers, Mrs. Arthur Richardson, Mrs. Egbert A. Roberts, Mrs. Percy Martyn Pond, Mr. and Mrs. Charles

WOMEN'S BOARD MEETS TODAY

The Woman's Board of Missions meets in the chapel of Central Union Church on this afternoon at 2:30 o'clock, devotional service being conducted by Miss Gulick.

The literary topic for the day, in charge of Mrs. J. W. Gilmore, will be "The Social Institutions of the World's Great Religions—Not Including Christianity."

Hawaiian work will be reported by its superintendent, Miss Green. Reports of the Missionary Gleaners will also be presented.

Dr. William H. Gulick of Spain will speak of the International Institute, and Miss Elizabeth Jones will favor the Board with song.

The annual offering made by the Board to the work of Fundita Ramanai will be received at this meeting.

A cordial invitation is extended to strangers in the city as well as to friends.

To prepare for a career in grand opera, Miss Jean Fletcher, who has delighted large audiences at Honolulu theaters for the past several weeks, is departing for the Coast this evening as a passenger in the Matson Navigation liner Honolulu.

Miss Fletcher proposes to spend two years in study with the best instructors in Paris.

"I was born and raised in Scotland, but the United States for mine," declared the talented young singer, who through her pleasing personality has won for herself a wide circle of warm personal friends during her brief stay in the Paradise of the Pacific.

Miss Fletcher possesses a remarkably clear voice, and the quality of her tone is in much demand on the lyric operatic stage.

"I was more than delighted with my stay in the islands," admitted the young singer. "I was wonderfully impressed with what I saw while visiting the volcano."

Miss Fletcher expects to spend about three months along the Coast before taking her departure for Europe.

PUBLICITY CIRCLE FOR KILOHANA CLUB BROACHED

A number of ladies interested in writing responded to the invitation of Miss Frances Lawrence to be present at the Kiloana Club yesterday afternoon to consider the forming of a new circle. Nothing very definite was settled, though the main idea seemed to be that the members should write short or feature articles and have a board of critics criticize openly such points that deserved criticism.

Another suggestion made was that the members should work towards having the best articles published in local papers. A number of other suggestions were made but no definite action was taken. There will be another meeting next Monday afternoon when some plans or outlines of work will probably be formulated.

Those present at yesterday's meeting were Miss A. G. Blair, Miss Louise Lucas, Mrs. Henrietta G. Hull, Miss Anna M. Paris, Miss Emily Warriner, Mrs. George G. Guild, Miss Lawrence, Miss Miriam Stacker, Miss Foote, Mrs. John Rothwell and Mrs. T. F. Sedgwick.

AT THE HAWAII

The big three-reel picture, "Written in Blood," is all that the management claim it is and then some. While the title is rather misleading, it is not the shooting and killing kind of a picture, but is a splendid subject taken in France and shows how a man changes identities with another whom he supposed killed in battle, and claims his estate, but learns afterward that the rightful owner is alive and puts him in a dungeon from which he escapes and claims his own through the assistance of carrier pigeons. The program is finished out with two very clever comedies, "Bill Tunes the Piano" and "Baby's Ghost." The same program will be shown tonight.

A WORD TO WOMEN ON HEALTH

Women are generally careful about the state of their health, and they are apt to make good use of remedies known as disease preventives. Germicides and antiseptics are included in this class, but the greatest care should be exercised in using any which contain poisons, unless prescribed by a physician.

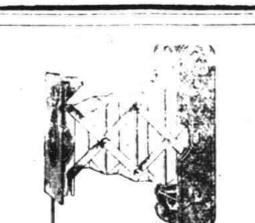

By reason of its absolute safety and its beneficial results, physicians have strongly recommended Tyree's Antiseptic Powder. It is unequalled as a preventive of contagious disease, healing diseased tissues, ulcers and delicate membrane passages, and ideal as a douche. A 25-cent package makes two gallons standard solution. Sold by druggists everywhere. Send for booklet and free sample.

Advertisement for Sanatogen featuring an illustration of a hand holding a box of Sanatogen. Text includes: 'And Sanatogen is at hand to help your nerves regain Health and Strength', 'THOUSANDS of nerve sufferers—men and women the world over—have found in Sanatogen an avenue of real help leading to renewed health and vitality for nerves exhausted and debilitated through overwork, worry or illness.', 'And if your nerves have reached the cross roads on the road to health— if you have reached a point where sleep is disturbed, digestion upset, where work is a driving effort—you may well consider the experiences of this grateful multitude who found energy and strength in the remarkable rebuilding powers of Sanatogen.', 'Sanatogen is not a secret compound. It is intended specifically as a NERVE food—scientifically combining the food elements the nerves require—purest protein and organic phosphorus. Sanatogen nourishes as well as feeds—it rebuilds and revitalizes. Easily digested—there is no strain or harmful stimulation. It reaches the nerve cells, supplying them with the material so desperately needed and helping other food to feed and nourish.', 'This same welcome relief is ready for your nerves, and when you take it you have the written opinions of over 16,000 physicians that Sanatogen does produce results, that it does help the nerves, that it does improve digestion, that it is a real ideal food-nerve.', 'Does the experience and knowledge of this vast army of medical men suggest Sanatogen as what you need?', 'A Remarkable Book FREE Upon Request. The work of a physician-author, beautifully illustrated, which tells you some really interesting things about your nervous system, facts which vitally affect your well-being and which, therefore, you ought to know. This book also tells the story of Sanatogen convincingly from the point of view of a physician, but so that any layman can understand it. Ask for a FREE copy of "NERVE HEALTH REGAINED".', 'Sanatogen is sold in three sizes: \$1.00, \$1.50, \$3.00. Get Sanatogen from your druggist—if not obtainable from him, send upon receipt of price to THE BAUER CHEMICAL COMPANY 257 IRVING PLACE NEW YORK'

BOWELS BAD, LIVER TORPID? CASCARETS If Constipated, Bilious, Headachy, Stomach Sour, get a 10-cent box of Cascarets—like one tonight

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach; remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep you "as that so," said Wix, as he husky and head clear for months. Don't forget the children. They love Cascarets because they taste good—do not—never gripe or sicken.—advertisement.

MAYOR ROLPH GOOD SAMARITAN TO LEBOLD

SAN FRANCISCO, Dec. 30.—Mayor Rolph acted the part of the Good Samaritan last night when he took Luke Lebold to the Central Emergency Hospital for first aid treatment.

Lebold, who is from Honolulu and is staying at the Goodfriend Hotel, 215 Powell street, fell from a street car at Market and Valencia streets. The Mayor was passing and had Lebold placed in his machine, rushing him to the hospital. Lebold sustained numerous bruises and scratches.

APPOINTS EXAMINERS.

The United States supreme court announced this morning that it had appointed the Hon. Wade Warren Thayer, David L. Wilkinson and Clarence W. Ashford to compose the new committee for the examination of applicants for admission to the bar of the supreme court of Hawaii.

The head bandmaster of the marine band to play at the inaugural ball, says he will have a splendid lot of easy tunes on hand in case anybody wants to do it.

Who Will Be the Lucky 1000?

This month we will produce one thousand HUDSON cars. That is a small percentage of the number of people who will want them, for before a single HUDSON was offered, more than one thousand individuals had their deposit to assure getting cars. The demand in excess of the number we can build has been in about that ratio ever since the first photographs were shown.

Electric Self-Cranking—Electrically Lighted

WHY THIS GREAT DEMAND? People recognize now the importance of engineering brains in their relation to mechanical perfection. Without knowledge a smooth, simple, safe, satisfactory car is impossible. These cars were designed by 48 skilled engineers gathered from Europe and America, representing 97 factories. They had a hand in building over 200,000 automobiles. These men represent about all that has been learned in motor car design. Some have made the greatest headway of all in designing six-cylinder cars. Some are specialists in other lines. So the combined skill and knowledge of all these men is focused upon the perfection of HUDSON cars.

All who are motor-wise recognize the importance of having a car built under such favorable conditions. That is why, with the maximum of 1,000 cars for delivery this month, only oneabove. Prices are f. o. b. Detroit.

BIG MEMBERSHIP CAMPAIGN READY

Two hundred and one new members on January 10th.

Final arrangements for the big membership campaign to be held by the Young Men's Christian Association on January 10, were completed yesterday afternoon with the organization of two teams of thirty men each. Emil A. Berndt being selected to captain the Blue team and George E. Angus the Reds. On January 10 the members of these two teams will canvass the city in the endeavor to secure two hundred and one new members to the association.

The members of the two teams were selected at a meeting of the captains yesterday afternoon. Ed Towse, chairman of the membership committee, and Secretaries Super and Larimer also being present. Out of the list of sixty of the best available men selected to secure the new members, each captain picked a man until the list was exhausted. Each team will endeavor to secure the greatest number of new members. The office of the C. M. Cooke estate will be the headquarters for the campaign day, and an attractive window display which will be arranged by A. H. Tarleton, who will be in charge of the headquarters, will inform the public every five minutes of the progress of the campaign. The student end of the campaign is under the direction of Secretary C. F. Loomis and Secretary Cross is looking out for the employed boys' department. The following men, out of sixty selected to secure new members, have expressed their willingness to serve in the campaign:

Reds—Chas. R. Frazier, A. H. Jones, W. F. Gaylor, W. A. Love, G. H. Buttolph, John Anderson, Peter E. Toshi, Jack Milton, Ray B. Ristow, C. E. Blacow, Geo. E. Smithies, F. E. Jarvis, Geo. Bustard, Carl H. Niener, C. B. Ripley, J. D. Leyenson, Dr. Dominus Scudder, M. G. Johnston, Harry Newcomb and J. L. Fleming.

Blues—F. C. Atherton, A. H. Dondero, C. J. Hunn, Willard E. Brown, Chas. S. Crane, C. H. Dickey, L. R. Killian, H. Gooding Field, Fred W. Ziegler, S. M. Lowrey, C. G. Heiser, Jr., G. C. Clark, Fred Carr, Geo. G. Gubb, Walter E. Coombs, Albert W. Terhouse, F. H. McNamara, Will P. Thomas, Geo. C. Baata, Sidney R. Francis, Frank A. Bechert, E. A. Mott-Smith and W. L. Howard.

BUSINESS ITEMS

The closing bid for Pahang Rubber at yesterday's stock board was 19 1-8, not 18 1-8 as misprinted in a report of the Pahang meeting. The asking figure was 21.

Smoked sheets rubber sold in New York on December 27 at \$1.12 to \$1.13 a pound, and later at \$1.11 a pound, advances for the month respectively from \$1.08 and \$1.05 a pound.

Murphy, Grant & Co., San Francisco, represented in Honolulu by L. Schweitzer, has been absorbed by the Moore, Watson Co., represented here by Tom O'Brien, and the local agencies will be consolidated.

"The European rabbit, introduced on Farallou Island, Cal., and Laysan Island, Hawaii," says a Washington report, "has become such a pest that efforts will be made to reduce its number on Laysan Island."

The production of Sugar Beets this year in 135.9 per cent of last year's production in the following group of countries: Prussia, Belgium, Bulgaria, Denmark, Spain, France, Italy, Rumania, Russia in Europe, Sweden and Canada.

Hawaiian stocks closed in San Francisco yesterday as follows: Hawaiian Commercial, 33.75 bid; Hawaiian Sugar, 35 1/4 bid; Honokaa, 7.25 bid, 9 asked; Hutchinson, 36.50 bid; Kilauea, 12 bid; Onomea, 32.25 bid; Pauhau, 18 bid; Union, 32 asked; Honolulu Oil, 1.15 bid, 120 asked; Honolulu Plantation, 31.75 sold.

Most of the important stocks sold higher at the opening of the New York stock exchange yesterday, but the federal supreme court's decision in the Southern Pacific case gave the bears an advantage and at closing at a lower level than previously, with trading increasing largely on the down grade.

QUEER HENS HERE

Despite his fondness for figures, speaking mathematically—Acting Governor E. A. Mott-Smith is nonplussed by a problem that has been submitted to him through the mail by Judge John A. Mattewman, of the Third Circuit court, Kona, Hawaii. The letter, which arrived Monday morning, contained the following query from the Hawaii jurist:

"If a hen and a half (the kind we have around here) lays an egg and a half in a day and a half, how many eggs will six hens lay in seven days?"

Suspecting that the territorial Executive, swamped by his work in trying to handle two jobs at one and the same time, will be unable to guess the answer, the judge suggests that Mott-Smith submit the problem to one of his sons for accurate solution.

"That problem is not so hard," says Mott-Smith, "but it also raises indirectly another question that I can't figure out. And that is, what kind of hens do they have up around Huihii, Kona?"

I read it in the Star-Bulletin. It must be so.

"Our Personal Guarantee to all Skin Sufferers"

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, based on ourselves, you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this

bottle will cost you nothing. You alone to judge. Again and again we have seen how a few drops of this simple wash applied to the skin takes away the itch, instantly. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you applied this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now on our positive no-pay guarantee.

Lenson, Smith & Co., Druggists.

'GET TOGETHER' IS FRIENDLY ADVICE OF LOS ANGELES MAN

California Capitalist Suggests Ideas for Development of Honolulu

C. R. Smead, a Los Angeles capitalist, who was here last spring to see the Floral Parade, and is now here again, with Mrs. Smead, intending to stay long enough to see the Mid-Winter Carnival and Floral Parade, has some very large ideas as to the possibilities of Honolulu development, and in answer to some questions this morning about "Los Angeles' way," he suggested that possibly Honolulu needed a little more "get together." Mr. Smead is a large real estate owner in Los Angeles, is building a \$30,000 apartment house and has built seventeen homes since he was here a year ago. "Your Carnival needs the frank and hearty co-operation of all the community," he said, "and my advice would be to 'stop knocking.' That is the Los Angeles way. Another strong factor in Los Angeles success is that our city co-operates with and has the help of its neighbors. We realize that if San Diego becomes a great city it will help us. If San Francisco grows still bigger it helps us. And so on, as to all the communities around us.

The Results in Los Angeles "As to the results of our promotion work, advertising the climate, etc., a heading in a recent Christmas issue of one of our papers speaks strongly. It is 'A Building Permit Every Ten Minutes'—the Los Angeles record for 1912. A great majority of the buildings are homes. In 1912 Los Angeles led all the Union in building permits. New York was second to Los Angeles, Chicago came third and Philadelphia fourth. That is a result of the kind of hearty promotion work we have been doing and

are doing. It has been done by pulling all together,—you may have seen the motto on some of our postcards—'Come in without knocking. Go out the same way.' Hawaii's Climate Best

"You have a climate here that is all the time like ours at its best. I have a San Diego friend who wrote to his sister while here saying that she might pick out the best day San Diego had in any year and describe it as what Honolulu has all the time. I told him I agreed with him.

Two Suggestions for Honolulu "One thing much needed here is an apartment house, such as we have so many of. It would pay on a big investment from the very start. Suites with a kitchenette, so popular in San Francisco and Los Angeles, would rapidly be filled, and as rents rule here, the profits would be large.

"I have been interested," continued Mr. Smead, who is a close observer in real estate and other business conditions, "that there is a good deal of discussion about widening streets. Honolulu might try the arcing plan, which Los Angeles is adopting in some quarters. It means having the street cars come clear to what are now the edges of the buildings, using the present sidewalk as street. The sidewalks are cut, say ten feet wide, into the buildings. This plan gives a beautiful street, a good sheltered sidewalk, and is the cheapest way of widening. You may have to do it some day.

Tourists Treated Well Here "One of the 'knocks' I have heard here is that not attention enough is given to tourists. The fact is that you do more for them than any other place I know, and your merchants generally treat them quite fairly. You see I am boosting Hawaii. It is the Los Angeles way."

McDUFFIE SIGHS FOR SUNNY SKIES

Chief Arthur McDuffie, head of Honolulu's detective force, muffled in a great shaggy fur overcoat that trailed at his heels, a cap pulled down over his ears, and frost accumulating in graceful festoons from the elevated tips of that famous mustache, stood a silent and dejected spectator to the departure of the last launch to leave the American Hataba for the Pacific Mail liner Manchuria, that was soon after to raise her mudhooks from the bottom of Yokohama harbor and sail away for Honolulu and the isles of the West.

Napoleon standing solitary and alone on St. Helena's wind-swept and rocky promontory proved no more a desolate picture than Honolulu's handsome peace officer, now marooned in bleak, snow-clad and frigid Japan, where he must perform mark time for at least six long weeks before being permitted to return to a land where bodily warmth and comfort are free as the sunshine and not sold by the coal-hod.

McDuffie is keeping company with Goo Tai Chong, the alleged bank embezzler.

Attorney Joseph Lightfoot, who made a hurried departure for Japan, returned to Honolulu this morning as a passenger in the Manchuria. Mr. Lightfoot states that the extradition papers necessary for the removal of the young Hawaiian Chinese had reached McDuffie on Christmas Day.

The chief of detectives, sent to the Orient to bring back the levitating Chinese, was slated to remain in the gilded east for at least six weeks, or until such time as all legal red tape had been unwound, and international complications had been satisfactorily cleared away.

Lightfoot claimed that he failed to see the necessity of his remaining under heavy expense in Japan, so he departed, leaving McDuffie sighing and freezing disconsolately.

The prediction was made this morning that when the well-known sleuth does finally get back to Honolulu he will be content with no employment other than driving an ice wagon. His more or less constant association with things frigid for the past several months may account for this.

INCREASE VISIBLE SUPPLY OF SUGAR

The visible supply of sugar on December 19, according to Willett & Gray, was as follows:

Total stock of Europe and America, 3,140,245 tons, against 2,666,821 tons last year at the same uneven date. The increase of stock is 674,424 tons against an increase of 691,543 tons last week. Total stocks and shipments together show a visible supply of 3,

OLAA AGENCY IS UNCHANGED

There proves to be nothing in a report published by the Hawaii Herald to the effect that Olaa Sugar Company, the first of the year, transferred its San Francisco agency to H. Hackfeld & Co., Ltd.

At the bank of Bishop & Co., in answer to inquiries, it is learned that there has been no change made in their agency contract with Olaa Sugar Company. Olaa has no San Francisco agent, but Williams, Dimond & Co. are the agents there of Bishop & Co. handling their Olaa business.

"The Hilo report was 'news' at the office of H. Hackfeld & Co. when shown to Mr. Hackfeld and Mr. Klamp. It was the first either of them had ever heard of the matter.

511, 824 tons last year, or an increase of 692,021 tons.

SAN FRANCISCANS MAKE HOME HERE

Mrs. Leontine Girardot has bought several pieces of land in different parts of Kaimuki, from the Henry Waterhouse Trust Co., Ltd., Mr. and Mrs. Girardot are from San Francisco and intend making their home in Honolulu.

RURAL DRAMA IS BEST IN ITS COMEDY

'Sweet Clover' Handled Carefully with Resultant Enjoyment for Playgoers

"Sweet Clover" is a pastoral drama flavored with melodrama, garnished with down-to-the-earth characters and was back-home settings, and served up at the Bijou this week to the accompaniment of low lights and soft, dripping, lachrymose music. It is a story told in a murmurous key with occasional high tones of comedy, and it takes the listener back to the soft and the pious-hare and the old spring and the days when "sparkin'" was a fashionable pastime in our rural centers.

The World's Fair Stock Company, under very intelligent direction, and aided and abetted by unusually effective staging makes "Sweet Clover" an enjoyable play. It is the kind of play that revives long-forgotten memories in those who have lived the country life and stimulates the imagination of those who haven't. The atmosphere is clean as the clover-fields and redolent of the quietness of living far from the noise and sooty bluish of the cities.

It needs the most intelligent handling for the play itself is just on the safe side between pathos and mawkishness. It contains quiet pathos in plenty, but so broadly painted that the players must hold themselves strictly in reserve or they make the fatal error of overdoing the homely drama. The effect of the entire play, even with the best of intentions on the part of those given the serious work is saved by the well-conceived and well-portrayed comedy that relieves many a situation which tends to become strained from mere burden of grief and pain.

Apparently Miss Virginia Brisac delights in sharp contrasts, for each bill sees her in a role of striking comparison to her last. In "Sweet Clover" she is the little country girl, Lois Holcombe, who loves a man she dare not wed and later, transferred to city surroundings, is forced to face a choice between this lover, now revealed in his worst aspect, and the man she married and has later learned to respect and finally to love in reality. Miss Brisac has a rather unenviable role this week, offering little in the way of lights and shadow, for it is all shadow, but it is her gentleness and sweetness that gives the serene atmosphere the play intends to convey. James Dillon as Eldridge Grosvenor, her high-minded but jealously unreasonable husband, J. Lindley Phipps as Albert Slade, the artist-lover, and Frank Cooley as her stern, fondly trusting farmer-father, add to the driving force of the dramatic story.

There are two sub-romances running through the main plot, both of which are set in lighter key and one of which is a genuinely good rural comedy. Margaret Nugent, as Abigail, Lois Holcombe's spinster aunt, and Howard Nugent, as Job Masson, the bachelor who had "been leadin'" up to a proposal for thirty year, come to the front with the saving grace of keen and unconscious humor. Evelyn Hamby, as Sunnie Andrews, and John G. Wray as Jack Hamilton, have a pretty little idyll of a boy-and-girl love affair that brings out the juveniles at their best.

The other parts are up to standard. There is plenty to commend in this simple drama and little to find fault with. A detail of stage management should be changed. Last night the serenaders in the wings were so down on the farm that their melodious voices covered the dialogue on the stage. A little softening of the off-stage singing would secure a much better effect.

The cast:
Jerome Holcombe.....Frank Cooley
Jack Hamilton, his nephew.....
.....John G. Wray
Job Masson, an old friend.....
.....Howard Nugent
Eldridge Grosvenor.....James Dillon
Albert Slade.....J. Lindley Phipps
Mr. Livingston.....Rodney Brandt

HILO NOW HAS A BUILDING LAW

HILO, Jan. 6. The most important action taken by the city board of supervisors at its last session, if not the most important action taken during its entire career, was the passage of the Hilo building ordinance which went through at the session this morning. The ordinance was passed regardless of the protests made by a number of prominent citizens who attempted to have action postponed on the ground that they were not familiar with the terms of the new law, although it has been on file in the county clerk's office for a number of weeks, and has been taken up in both the Hilo newspapers a number of times.

The ordinance is in exact accord with the motion passed at a public hearing some time ago, at which it was recommended that the county attorney and county engineer should draw up an ordinance which should be along the lines of the Honolulu law, save that buildings of classes B and C should be allowed and class A structures should not be required. When the vote came Austin, Kanehale and Beckley voted for the passage while Purdy, Koonoa and Lyman were against it. Lyman stating that he voted not only because he thought, in view of the statements made by John Scott and others, that there had been a misunderstanding, but a postponement would be best. This tie vote left the matter up to Chairman Lewis for a final decision and his vote in the affirmative passed the ordinance.

The first speaker against the ordinance was Attorney Wise, who stated that in his opinion the ordinance was bad, and that if a section of the Front street district should be burned down through a fire starting from the vicinity of the Hilo Mercantile lumber yard, it would never be built up under such a law. He said he thought that an ordinance affecting the blocks bounded by Pitman, King, Front and Shipman streets would be all right, but the place was too small for the restrictions which would be placed on it by the larger fire limits, with the ordinance which was proposed.

The reply was made that a building ordinance such as suggested would have the effect of preventing any such fire and that it was needed for just that purpose. John Scott said that he was in favor of a building ordinance, but was not familiar with the terms of the one proposed. He stated that he had been in Honolulu when the board first took the matter up and that he knew nothing of the contents of the law at all.

Attorney Harry Irwin stated that he was against the ordinance and represented a number of people who were, as it would prevent building in Hilo. He thought that the action of the board should be postponed till the public had been given more time to consider the matter.

Chairman Lewis ran over the entire history of the building ordinance, showing that every opportunity had been given the general public to learn the nature of the bill and if those interested had failed to inform themselves in regard to the matter, it was their own fault. He stated that the matter had been taken up in public meeting and the general action had been approved by those present, after which the ordinance had been drafted and that since that time the terms

A FOLLOWER OF INFLUENZA.

An attack of influenza is often followed by a persistent cough, which in many cases proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of his cough. Many cases have been cured after other well known remedies had failed. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.—advertisement

had been open to inspection by all. Dr. Elliot stated that he favored the passage of the ordinance, but he thought that in view of the opposition which had arisen from a misunderstanding, that it might be well to put the matter over.

Supervisor Austin, who had moved that the ordinance pass, which was seconded by Beckley, explained that it would be necessary to pass another ordinance in regard to buildings to be erected beyond the limits. The ordinance was then passed by the vote indicated above.

SUGAR 3.275 NEXT SPRING

Willet & Gray, in their review of the raw sugar market under date of December 19, give the views of buyers of Cuba sugars for along in March and April at 2c. c. & f., which is equal to 3.275c. in New York. The review is in part as follows:

New crop, being now available for shipment, there will be less variations in the business done.

Refiners now are fairly well supplied for January requirements, and that month closes rather easier.

A difference is also to be noted in the value of December shipment from December clearance, the latter giving a more definite date for arrival, which is important just now, and commands a value of 2 9-16c. c. & f., while the former (shipment) is valued by buyers at 2 1/2c. c. & f., (3.86c.), although not yet met by sellers at that price.

The first week January clearance is valued at 2 7-16c. c. & f., the first half January at 2 3/4c. c. & f., all January at 2 3/4c. c. & f., first half February at 2 3/4c. c. & f., and all February at 2 3/4c. c. & f., equal to 3.485c.

Little if any business has yet been put through beyond January, and buyers' views for distant sugars of March-April appear to be 2c. c. & f., a price that is considered by some planters as below the cost of production this season as a whole, even if some estimates can rely on this basis without loss.

A sale of San Domingo centrifugals for February-March shipment to Liverpool is reported at 10s. 3d. c. i. f., equal to about 2.08c. c. i. f. New York, of 3.76c. per lb., full duty paid. Buyers now intimate 10s. c. i. f. for further buying basis, with sellers at 10s. 3d. c. i. f.

There is a rumored sale to England of February-March shipment at 2c. f. o. b. Cuba, 96 deg., equal to 2.16c. c. & f. to New York.

The European beet crop has met with some unfavorable conditions and F. O. Licht reduces his estimates for Germany alone to 5,990 tons, bringing the total for Europe to 8,790,000 tons, against 6,246,000 tons last year and 5,165,000 tons in 1910-11. The estimate for Germany is now 2,780,000 tons. The daily quotations for beet sugar continue remarkably steady from week to week, fluctuating only 3/4c. to 9s. 6d. for December. Futures for May are 1 1/4d. lower for the week at 9s. 11 1/4d. Cane sugar (Java) opened and closed at 11s., having lost the 3d. advance made for a few days.

Suggestions come from Washington that the extra session of Congress to consider the tariff may be called for late in March instead of April 15. All sugar interests are likely to be represented by "briefs" at the hearing January 15 of the committee on ways and means.

SUFFRAGE ON STAGE

NEW YORK, Dec. 30.—Suffrage over the footlights is the newest mode of campaign for women's votes. Mrs. O. H. P. Belmont will supervise the presentation of a series of suffrage plays at a prominent theater in the early spring. It was learned today 100 members of the Junior Suffrage Club, from 15 to 25 years old, will compose the cast. They will be tutored by Mrs. Jessie Warner Stuart, dramatic teacher of Chicago. Rehearsals will commence January 9.

TWO EXTRA ACTS SURPRISE PATRONS

A genuine surprise was tendered patrons of the Liberty theater last night when, in addition to the regular advertised program, two acts which were brought into requisition and, if not materially increasing the quantity of the bill, certainly added quality, one of the acts being a new novelty, really, it being announced as Electric Master of Electricity, and to all appearances rightly named. Some of Electric's feats are seemingly impossible. He holds electric light bulbs

Grace Orma, at The Liberty

in one hand and with the other forms a circuit that illuminates the bulb, with electric sparks from his fingers lights candles, forms a circuit and causes an electric carbon to flame by holding it between his teeth, and finally, after numerous exhibitions of this nature, reposes in which is purloined to be a death dealing electric chair, allowing 1600 volts to pass through his body, the circuit being formed by the copper "cap" worn on his head. During this test, which lasts some 20 or 40 seconds, Electric's assistant ignites pieces of paper by simply touching Electric, and blue flames are visible running at random over his entire body. The act is well worth seeing.

Another new act was DeLea and Orma, which comes to the Liberty direct from Pantages circuit, and lived up to the reputation that preceded it. Grace Orma being far and above any comedienne ever seen here and while that is not a jest, inasmuch as Miss Orma is some six feet tall, she kept her audience in roars of laughter last night and is rightly billed as "six feet of comedy."

The Jourdan Operatic Quartette and new pictures completed the best vaudeville bill seen at the Liberty for some time.

Miss Isabelle Hagner, who was secretary to Mrs. Roosevelt in the White House, has been chosen to serve in the same capacity by Mrs. Woodrow Wilson.

CASTORIA

for Infants and Children. The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

The signature of *Chas. H. Fletcher* guarantees genuine Castoria.

"Your preparation known as Castoria I have used for years in children's complaints and I have found nothing better." Joux J. Larra, M. D., Cleveland, Ohio.

"For several years I recommended your 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results." Edwin F. Parker, M. D., New York City.

"Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies." Vernon H. Coffman, M. D., Omaha, Neb.

"Four Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact it is the universal household remedy for infantile ailments." J. A. Parsons, M. D., Kansas City, Mo.

Children Cry for Fletcher's Castoria.

In Use For Over 30 Years.

THE CASTORIA COMPANY, 27 BROADWAY STREET, NEW YORK CITY.

THE TRUTH ABOUT SPORT IS NEVER A KNOCK

TENNIS IS NEXT ON PUNAHOU PROGRAM

Oahu College Will Fill in Big Court Event While the Other Schools of the Interscholastic League Are Playing Soccer

School work has again begun at Oahu College, and the holidays are now only a remembrance instead of a reality but along with the studies has come an exceedingly attractive athletic schedule, and one which the Punahou students look forward to with great pleasure and anticipation.

A call for entries has been posted and the list is rapidly increasing. The tournament is open only to the boys, but the girls are to have a meet later on. The contests are for the purpose of deciding the champions for both singles and doubles and many sharp fights are expected, as Punahou can boast of a number of good players.

The tournament really has two purposes: to decide the champions and give the students something to do until the interscholastic schedule begins again, which Punahou is now out of. Punahou does not put out a soccer team, but the other schools in the league—McKinley, Kamehameha and St. Louis—do, and at present they are in the midst of practice and other work, and Punahou would be idle as far as athletics are concerned unless she took up something of her own.

The tennis tournament is certainly a happy way out of the predicament which faces those in charge of the athletics, for it is one of the best forms of competitive sport and one in which nearly every student can compete.

Track Follows About the time the tennis is over, all the schools will be ready to begin work upon the track, which is the big feature of the term. The other schools will have practically completed their soccer schedule, and so they can all begin work at once. The cross-country run comes off before the main meet, and it is a preliminary to it. Last year all honors in the cross-country went to Kamehameha, but this year the other schools are going in hard, and Kam will have to look to her laurels. Punahou has some good cross-country material, and she intends to use it to the best advantage and put one over on Kamehameha if possible.

Besides the tennis, cross-country and track, the schools in the league are trying to work in a swimming meet this term. Nothing has been definitely decided but it is very probable that the scheme will be put through and it will certainly be a great thing if it is.

INTERNATIONAL POLO DATE SET

The American and English polo teams will play for the International Trophy at the Meadow Brook Club grounds on Tuesday, June 10, and Saturday, June 14. The dates were made public through the medium of the letter which the Polo Association, which has charge of polo matches in this country, recently forwarded to the Hurlingham Club, the English challengers. The dates provide for two games. The series calls for the best two out of three games. If a third game should be necessary, the date will be decided after the second game.

The letter contains the interesting

Advertisement for Penhurst Arrow Collars, featuring an image of a collar and text: 'Penhurst meets in front and stays that way. It is non-shrinkable, has the strongest of buttonholes and ample tie space. ARROW COLLARS'

OLD FOOTBALL HERO WOULD IMPROVE GAME

Irving Bush, captain of Wisconsin in 1904 and All-Western end of that year, kicks in with several suggestions in regard to changes in the rules for 1913. He thinks that a penalty of ten yards should be inflicted when the forward pass is not thrown over the line of scrimmage. Another suggestion which he offers is that the field be given up to the captain of the team that is in possession of the ball to say how many yards, up to 15, the oval is to be brought in.

FANS SPECULATE ON COMING BOUT

Interest in the Madison-Bauerscock bout, scheduled for next Saturday night at Schofield Barracks, is steadily on the increase, and as the date for the fourth meeting of the two middleweights approaches, ring fans are busy speculating as to the outcome.

Seeing that the men have met three times before, it would seem easy to forecast the exact form that both would show in the ring, but the fact is that the addition of another five rounds to the contest puts an entirely different aspect on it. The first fight between the two men, at the Asahi theater, ended unsatisfactorily in the second round, when Referee Mike Paton awarded it to Bauerscock on a foul; both the other fights went the full fifteen rounds, the second being a draw and the third a decision for Madison.

In the last two meetings there has been a vast difference of opinion as to the merits of the referee's ruling, and the general cry has been, "If they'd only had another five rounds to go it would have been settled."

Now out at the army post the men are going to get that extra five rounds. The mill has been scheduled as a 20-round affair, and whether it goes the limit or is ended by the referee, it's likely that the much-disputed question of supremacy between Clarence Bauerscock and Eddie Madison will be settled one way or the other.

CHINESE TEAM WILL ENTERTAIN

In honor of two prominent Chinese gentlemen who have been residents of Chicago, but who are now enroute to their native land, to take an active part in government affairs, the All-Chinese baseball team will give a banquet Wednesday night. The affair, which is to be held at the Sun Shung Kwong Bo, King and Smith streets, promises to be one of the most important sports-Oriental doings of recent months.

The guests of honor are Chai King and Woo Hing See, who took a great interest in the Chinese team when it visited Chicago last year, and were instrumental in presenting a cup to the players. Now the latter have a chance to get back with a little hospitality of their own, and they intend to make the most of it.

Information that the Polo Association will waive the rules as to the ponies that will take part in the games. This will permit ponies of any size, Galloways in fact, to be used in the games.

A polo pony in this country is a horse that measures 14 hands 2 inches or less. In England the scale is 14 hands 3 inches. A Galloway is usually possesses more speed and endurance than one that is smaller. For that reason players favor ponies above the polo scale. But no player cares for a "horse" in the accepted term, as a pony is quicker on his feet than a "horse."

TEN RACES FOR \$20,000 ON MILLIONAIRE'S TRACK.

Secretary Weston of the Goshen, N. Y., half-mile track is setting a merry clip for the Grand Circuit secretaries by offering purses valued at \$20,000 for ten races at the 1913 meeting. You will remember possibly that Weston himself is a millionaire, and then there are Richard Delfield, Mrs. E. H. Harriman and several others with large bank accounts that stand ready to meet any deficit that may result from the Goshen speedfest.

JOE TINKER PLEASED WITH MANAGERIAL BERTH—FIELDER JONES WOULD LIKE TO BUY BIG LEAGUE BASEBALL CLUB

CHICAGO.—Joe Tinker, the former star shortstop of the Cubs, who recently landed the job as manager of the Cincinnati Reds, is the happiest man in this city. Nothing interests Joseph except chatter concerning the managerial position in Red Town. He believes he will be a howling success next year and will surely land his team first or second in the pennant race. Tinker recently canceled his vaudeville contract in order to devote his time to the interests of the team. Baseball experts here are of the opinion that Tinker will be a success as a manager. They point to the fact that during Chance's absence last summer Joe handled the Cubs in fine style. During the meeting of the American League magnates in this city recently Tinker and Fielder Jones, the former manager of the Chicago White Sox, were constantly together. It was thought that Jones was looking for some sort of berth in the big league, but this was denied by the former Sox leader. He says he will never handle a big league team again, but would like to buy a controlling interest in one of the American League clubs. Jones says that Tinker will be a success as a manager next season. The picture shows the pair talking baseball at the meeting in this city.

BALL PLAYERS BORN; VERY FEW ARE MADE

By CHRISTY MATHEWSON Many times have I been asked if I thought baseball is a desirable profession. It has always been my experience that no man boasts his own business, but it is ever the other fellow who is experiencing the soft snap. I want to say this for baseball—it is much like other professions, all right if you are a topnotcher.

"Would you advise a boy to take it up?" is a frequent query. Boys, as a rule, don't take up baseball. It takes them up. Ball players of the caliber of the big league are born and not made, like writers or painters. In my definition of writers I do not include myself. I never knew but one manufactured ball player, and that one is Harry McCormick of the Giants. When in college he was naturally a football player, but being fond of sports he got to chasing flies in the outfield. At last he developed so that he could catch the ball very well. One year the college team was going to take a trip. They were short an outfielder, so McCormick went along. He won the game with a long hit and has played baseball ever since.

Most ball players have the rudiments of stars born in them, but, of course, they improve greatly after a year or two in the big league. They learn the game and managers pick out little faults and endeavor to correct these. But the successful ball player of today must have brains and speed if he is to get along, unless he is a pitcher or catcher. Then the next essential is the ability to hit the ball. A man can be taught to catch the ball, but hitting is an "inborn" quality. A manager like McGraw can look at a player once and tell whether he will ever be a star.

In the twelve years that I have gone south with the Giants I have seen probably 200 youngsters come into the spring camp and be turned back. Most of these McGraw takes one look at and then pays no more attention to them, recognizing at once some cardinal fault. He permits them to go along with the club for a few days or weeks, so as to let them grow case, and then he parts with them.

This is a flaw that it seems to be impossible to correct. A man who does it steps back instinctively as most persons wince when a feint is made at the face. Managers realize that a player with this fault cannot be cured and do not waste their time on such material.

Therefore, it would seem that baseball is not a profession that can be selected and studied, like law or medicine or the other arts. If a boy is a born ball player he is bound to land in baseball. When I went to college I had no intention of being a big leaguer, but it just happened that I had a chance to join the Giants and I am here yet. I am not sorry that I came.

All players are rated much higher today than they were when I first broke into the profession. They let the ball players into some of the best homes now, and the fathers do not object to their daughters marrying members of the profession. I would advise a boy with a chance to make good to join a big league club if he receives an offer. The salaries paid are better than those in any other profession at the start and the work is by no means unexciting. Numerous byproducts have grown up within the last few years which are remunerative, writing and vaudeville being two of them.

BRESNAHAN TO WEAR CUB UNIFORM NEXT

CHICAGO, December 26.—After a long-distance telephone conversation with Roger Bresnahan today, President Murphy of the Chicago National said he was certain the former St. Louis manager would be with the Cubs next year.

SCIENTISTS WILL SOUND SPORTS' PSYCHIC DEPTHS

NEW YORK, Dec. 26.—All records for depth to which scientific discussion of sport has gone are said to be threatened by preparations for the congress to be held at Lausanne on Lake Geneva in Switzerland next May, at which the American members of the international Olympic committee have just received invitations. It is to be for scientific inquiry into the physiology and psychology of sport.

GERMANS CALL BOXING BARBAROUS

STOCKHOLM.—Mr. Diem, the general secretary of the Olympic games to be held in Berlin in 1916, has been spending some time in Stockholm gathering information from the Swedish committee which conducted the successful meeting in 1912. Mr. Diem told the correspondent of the Associated Press that the German games will be conducted on the same lines as the Swedish were, with one central body and different committees for various branches of sport.

STAR PLAYERS COME FROM SMALL TOWNS

"Most of the star ball players," announces a magazine article, "come from the corner lots of the big cities where they first began to play. They are big city products." As, for instance, C. Mathewson, who came from that world-wide metropolis, Factoryville, Pa.; Ty Cobb, from that Babylon of the nations, Roston, Ga.; Nap Rucker, from the teeming mart, Alpharette, Ga.; Walter Johnson, from that swarming beehive of humanity, Weiser, Idaho; Ed Walsh, Tris Speaker, Clyde Milan, Ed Plank, Josh Heskett, Chief Myers, Frank Baker, Charley Herzog and eighty or ninety more who broke in from the "corner lots of big cities," averaging from 200 to 757 souls, including commercial travelers and moving picture toupes who pause enroute.

A team, for another example, picked from earnest athletes who came from towns of 2000 or less would present the following flabby array of talent: Catcher, Myers; pitchers, Johnson, Gregg, Mathewson, Rucker, Walsh; first base, Daubert or Chase; second base, Doyle; shortstop, Wagner; third base, Baker; outfield, Cobb, Speaker, Jackson, Milan. Yes, it's a shame the way the big cities control the destinies of classy athletes from cradle time until they start back for Terre Haute, Medicine Hat and Vincennes.

SMITH-MORAN BOUT A FARCE

Gunboat Smith of San Francisco and Frank Moran of Pittsburg fought in San Francisco December 27 in what was termed before the bout a "white hope elimination contest." Moran was highly touted, and the sport scribes figured that the winner of the fight ought to be given a chance at the winner of the McCarty-Palmer engagement.

The fight, however, turned out to be one long, agonizing farce, according to newspaper accounts. Smith won on points in the twentieth round, when he should have knocked his man out in the first six, so wretched was the showing of the Pittsburg man. The San Francisco sporting writers didn't hesitate to pan the fight as it evidently deserved to be panned. The following is a portion of the tribute paid to the men by "Spice" Slattery of the San Francisco Call:

"Many a sickening, disgusting ring exhibition has been pulled on the long suffering fans of San Francisco since the Queensbury game took place here, but the one that Gunboat Smith and Frank Moran inflicted last evening at Dreamland figures as the blue ribbon event for ferocity. Smith won the decision, although Moran entered the ring a 10 to 6 favorite. Had the battle taken place in the days when the vigilance committee ruled the town, Moran would now be taking a ride back to Pittsburg on a pole.

"Never was there a more disappointed crowd gathered in any hall in this city. Never were there more hoots, hisses and catcalls from gallery and main floor. Half the spectators walked out after the fifteenth round. The others lingered just to have the satisfaction of roasting the two big burly stiffs.

"As an elimination contest it was a pronounced success. Both men are now eliminated from the ranks of the white hopes. For the good of the game it is to be sincerely hoped that no California promoter will even mention their names in the presence of respectable patrons of the boxing game. Let us try to forget that they were ever permitted to enter our fair city.

"It is practically impossible to describe the clownlike tactics of Moran. And Smith did not have much on his opponent at that. Although he won in every round, still he displayed that old-time fear and timidity. He should have knocked out that poor, unfortunate, helpless being from the Smoky City in half a dozen rounds, but, much to the disgust of the multitude, he allowed him to go the whole route. The rounds became worse as they were ticked off. Smith appeared to be afraid, and the other fellow did not know any better."

MURPHY'S IRON NERVE STARTED HIM TO FAME

Charles Webb Murphy, reputed owner of the Cubs, is a target for much severe criticism, but he is entitled to credit in Cincinnati. Then he bought Bill Pittenber in 1906. Then he bought a little jewelry store and later became a newspaper writer on the "Times Star," owned by Charles P. Tait.

ALL-STARS STORM FORT SHAFTER DEFENSES

Run Up Big Score in Basketball Game Against Soldiers and Are Now Tied with Fort De Russy for First Place in the 'Y' League—Some Fast Play

Table with columns: Basketball League, W., L., Pct. Rows include De Russy, All Stars, Healanis, Shafter, Cubs, Myrtle.

The Fort Shafter basketball team took an awful drubbing from the All-Stars last night, and when it was all over the score stood 48 to 3 against the soldiers. Try as they might to break up the team work of the opposition, the Shafter players failed to keep the Stars from tossing basket after basket, especially in the second half.

The team work of the Ft. Shafter five was rather weak, which was the main reason of their defeat last night. They however put up a good game, and will undoubtedly win from some of the other teams with which they have never played before. They are not poor players by any means, and with enough practice will come out quite strong.

The way the All-Star five worked together in manipulating the ball was as regular as clock work. Their system of signals worked to perfection and was instrumental in their being so successful in throwing field goals. The other teams will have to put in some very hard practice in order to keep the pace the All-Star men will set in future games.

For the first few minutes of play it seemed as though the game was going to be a close one, but the ball was in the hands of the soldiers most of the time, but through a poor pass the Stars got possession of the ball, and Nottage made the first two points for his team. After that the Shafter boys never had the ball in their possession for any length of time, and before their guards could prevent it, the All-Star team had thrown a goal. Forrest had excellent control, and every time he tied for the basket was successful. A. L. Hall as usual played a good game. He was very successful in throwing field goals and also did some accurate work in landing the ball into the basket on free throws. In the first half Forrest made three field goals. Half the same number and also four points on fouls. The All-Stars fouled only twice during the first half.

Leavitt, of Shafter, made a good toss into the basket on a foul, which was the only point scored by the team during this half. When the whistle sounded the All Stars had 18 points to their credit, while the Shafter team had 1. Score's Mounts Fast.

In the second half Nottage led off with a field throw and scored, and after this the Stars made a succession of goals which put them far ahead of their opponents. Nottage scored three while Forrest threw four baskets. Durkee and Raphael following with two each. Hall only scored one during this half, in addition making a free throw from the foul line.

In the last half the men from the army post scored on three foul throws. Glidewell succeeded in making two, Leavitt throwing the other.

After this last free throw there still remained two minutes of playing time, and the army men hoped to increase the score, but the timekeeper's whistle sounded, and the final score stood 42 to 4 in favor of the All-Stars.

Summary. Basketed from Reid; Nottage 4, Forrest 2, Hall 4, Durkee 2 and Raphael 2. Goals from fouls; Hall 4, Leavitt 2, and Glidewell 2. The officials were Referee Lau, Umpire Bernstein, Scorer Buchta. Mr. Tait advance the cash in return for Murphy's notes? Why, certainly, and Murphy landed the prize which has earned a million for him in six years.

Murphy's success excited the jealousy of other baseball men who had been asleep at his switch, with the result that they quickly got a hold on the man. But in spite of all the hammer throwing the little magnate was worn a pleasant smile.

"If you can't say anything good of me," he said to a venemous critic recently, "read me to a man, the please do not leave me out of any very interesting column."

NIKE DONLIN IS SLATED TO RETURN TO MINORS. Walters have been taken on Mike Donlin, the veteran outfielder, by the Pittsburg Club. As yet he has not been released to make an appearance in the minors, but he is due to return to the minors. Donlin did well at the bat for Pittsburg last year until he broke a toe and was forced to sit out most of the remainder of the season on the bench.

COMMITTEE CHANGES ENTRY REGULATIONS

A radical change in one of the regulations concerning entries has been approved by the automobile committee of the Floral Parade, and this is to allow each machine to carry a placard giving the name of the entrant. There has been a strict rule against this in former parades as these notices, when displayed on the entries of different business houses, were considered as advertisements.

The committee in charge of this section of the parade thinks that it will not be difficult to regulate this rule, as the cards are to be small and are to fit in with the decorations. It is also believed that these notices will not in any way mar the beauty of the show.

In addition to chairman Walker, the other members of the committee in charge of the automobile section of the parade are Mrs. H. G. Noonan, Mrs. C. S. Holloway, Mrs. J. M. Dowsett, E. H. Paris, E. E. Bodge, Gus Schuman, H. S. Gray and H. B. Giffard.

JUDGE WHITNEY'S YEAR PROVED A BUSY ONE

The following totals are the record of the last year's business handled in Circuit Judge Whitney's court, as compiled by his clerks. In probate - Petitions for guardianship granted, twenty; petitions for letters of administration granted, thirty-eight; refused, one; probate of wills granted, thirty-nine; adoptions granted, five; annual accounts accepted, fifty-five; final accounts accepted, sixty-two; petitions to sell real estate granted, nine.

LAND COURT DOES BIG YEAR'S BUSINESS

The annual report of the court of land registration, submitted yesterday morning to Chief Justice Robertson by Circuit Judge Whitney, shows that during the year 1912 forty-one petitions for the registration of titles to land were placed on file, and that there were thirteen such petitions pending on Jan. 1, 1912, making a total of such cases to the court of thirty-four.

The cruiser Denver today sent word by wireless to the San Diego immigration office that she had picked up United States Immigration Inspector Gus T. Jones, Dan Kuykendall and Engineer G. Gerolami, who were supposed to have been drowned when the immigration launch Elizabeth was wrecked off the lower coast of California in Saturday night's storm.

The men were rescued from Coronado Island, where they had suffered terrible privation, and will be brought to San Diego by the Denver.

LEGAL NOTICES.

No. 229—TERRITORY OF HAWAII. COURT OF LAND REGISTRATION. TERRITORY OF HAWAII TO E. H. F. WOLTERS; HAWAIIAN ELECTRIC CO., LTD., TERRITORY OF HAWAII, by Alexander Lindsay, Jr., Attorney General and H. K. BISHOP, Superintendent of Public Works; CITY AND COUNTY OF HONOLULU, by Joseph J. Fern, Mayor and President of the Board of Supervisors; and to ALL whom it may concern:

Whereas, a petition has been presented to said court by Charles M. Cooke, Limited, to register and confirm its title in the following-described land:

Beginning at the West corner of this piece and the South corner of Land Court Petition No. 86, on the Northeast side of Merchant Street, said point being located by the following traverse from a Government survey Street Monument near the West corner of Alakea and Merchant Streets:

a. 274' 15" 61.45 feet to the initial point of L. C. Pet. No. 86;
b. 307' 11" 34.40 feet, to the initial point of this lot, and thence running by true azimuths:

1. 227' 50" 20.5 feet, along L. C. Petition No. 86;
2. 232' 07" 48.2 feet, along L. C. Petition No. 86;
3. 314' 11" 1.0 feet, along fence;
4. 220' 25" 73.13 feet along fence;
5. 323' 40" 52.50 feet, along the South-west side of King street;
6. 53' 07" 81.50 feet, along the Hawaiian Electric Light building;
7. 42' 20" 51.45 feet, along the Hawaiian Electric Light building;
8. 127' 11" 58.90 feet along the North-east side of Merchant Street to the point of beginning. Area 7329 square feet.

You are hereby cited to appear at the Court of Land Registration, to be held at the City and County of Honolulu on the 25th day of January A. D. 1913, at two o'clock in the afternoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness the Honorable William L. Whitney, Judge of said Court, this 23rd day of December, in the year nineteen hundred and twelve.

Attest with Seal of said Court: (Signed) JOHN MARCALINO, (Seal) Registrar.
5431—Dec. 31, Jan. 7, 14, 21.

IN THE CIRCUIT COURT OF THE FIFTH CIRCUIT, Territory of Hawaii. At Chambers—in Probate. In the Matter of the Estate of John K. Gandall, of Lihue, Kauai, Deceased. Order of Notice of Hearing Petition for Administration.

On reading and filing the petition of May Gandall, of Lihue, County of Kauai, Territory of Hawaii, widow of the said deceased, alleging that John K. Gandall, of Lihue, County of Kauai, died intestate at Lihue, County of Kauai, on the 14th day of December, A. D. 1912, leaving property in the Hawaiian Islands necessary to be administered upon, valued at about \$22,340, and praying that Letters of Administration issue to the Hawaiian Trust Company, Limited, of Honolulu, Territory of Hawaii:

It is ordered that Friday, the 21st day of January, A. D. 1913, at 10 o'clock A. M. be and hereby is appointed for hearing said petition in the Court Room of this Court at Lihue, County of Kauai, at which time and place all persons concerned may appear and show cause if any they have, why said petition should not be granted. Dated at Lihue, County of Kauai, December 24th, 1912.

(Signed) LYLE A. DICKKEY, Judge of the Circuit Court of the Fifth Circuit.
Attest: GEORGE PHILIP H. ROSE, Clerk of the Circuit Court of the Fifth Circuit.
5431—Dec. 31, Jan. 7, 14, 21.

WEEK OF PRAYER BEGINS TONIGHT

Beginning tonight, Central Union and Methodist Churches will observe the Week of Prayer. The following announcement from the Central Union calendar gives the complete program: "Church will observe the Week of Prayer with our Methodist brethren on Tuesday, Wednesday, Thursday and Friday evenings. The first two evenings the meeting will be held in our Parish House, the last two in the Methodist Church. It is hoped that a very large number will attend. The subjects and leaders are as follows: Tuesday, 7:30 p. m. Topic: The Church in Prayer. Leader: Mr. John T. McTaggart. Wednesday, 7:30 p. m. Topic: The Church in Its Community. Leader: Mr. Peter E. Tosh. In The Methodist Church. Thursday, 7:30 p. m. Topic: The Church in The State. Leader: Mr. Charles G. Collins. Friday, 7:30 p. m. Topic: The Church in The World. Leader: Mr. William A. Bowen. "These meetings if largely attended and enthusiastically supported will inaugurate the work of the new year with power and will help effectively to prepare the way for the coming of Messrs. Robins and Smith to open the Men and Religion Campaign in Honolulu."

BAND CONCERT.

This evening at seven-thirty at Thomas Square, the Hawaiian Band will present the following program: March—The Overture of the Sousa Overture—Victory—Emmott—The King March—Columbia—Columbia—Some Selections—The Hawaiian Song, by Verger Scholten—Rama's Girl—Mon Kio Waltz—Nippon—The Star Spangled Banner.

WEEK OF PRAYER BEGINS TONIGHT

Beginning tonight, Central Union and Methodist Churches will observe the Week of Prayer. The following announcement from the Central Union calendar gives the complete program: "Church will observe the Week of Prayer with our Methodist brethren on Tuesday, Wednesday, Thursday and Friday evenings. The first two evenings the meeting will be held in our Parish House, the last two in the Methodist Church. It is hoped that a very large number will attend. The subjects and leaders are as follows: Tuesday, 7:30 p. m. Topic: The Church in Prayer. Leader: Mr. John T. McTaggart. Wednesday, 7:30 p. m. Topic: The Church in Its Community. Leader: Mr. Peter E. Tosh. In The Methodist Church. Thursday, 7:30 p. m. Topic: The Church in The State. Leader: Mr. Charles G. Collins. Friday, 7:30 p. m. Topic: The Church in The World. Leader: Mr. William A. Bowen. "These meetings if largely attended and enthusiastically supported will inaugurate the work of the new year with power and will help effectively to prepare the way for the coming of Messrs. Robins and Smith to open the Men and Religion Campaign in Honolulu."

BAND CONCERT.

This evening at seven-thirty at Thomas Square, the Hawaiian Band will present the following program: March—The Overture of the Sousa Overture—Victory—Emmott—The King March—Columbia—Columbia—Some Selections—The Hawaiian Song, by Verger Scholten—Rama's Girl—Mon Kio Waltz—Nippon—The Star Spangled Banner.
