### CLEVELAND LATE IN COMING

#### Big Globe-Circling Excursion To Arrive Tomorrow Afternoon -- Promotion Committee Will Welcome 380 Passengers To Hawaii--Vessel Sails Early Saturday

**PROGRAM.**  
Cleveland arrives off port tomorrow afternoon about 3 o'clock.  
Reaches wharf at 6 o'clock.  
Passengers spend Friday in Honolulu.  
Luncheon at Moana hotel Friday noon.  
Parties arranged for round-the-island trips and excursions to near-by points.  
Cleveland sails 9:30 Saturday morning.  
Special arrangements for entertainment here include lei decorations by promotion committee.  
Bonnie Hawaiian pictures at popular theatre Thursday evening and Kaala's Troubadours at Opera House Thursday evening.

The Hamburg-American excursion steamship Cleveland with three hundred and eighty round-the-world travelers, who are completing a tour of three months' duration, will be delayed in arrival at Honolulu tomorrow.

Sailing from Yokohama, Japan, the Cleveland met with weather conditions which will prevent the big German liner reaching the port at an early hour in the morning as was first expected.

The Cleveland will steam to an anchorage at the quarantine between three and four o'clock tomorrow afternoon, according to the present prediction from Captain Kier, master of that vessel. Captain Kier further adds in his wireless message received at H. Hackfeld and Company, that the hour now set for arrival applies unless there is a decided change in the weather.

Federal officials will lend every assistance in granting the big steamer a prompt practice. Dr. F. E. Trotter, inspector in charge of the quarantine service at the port, will place a full corps of medical officers at the disposal of the liner.

**Extend Courtesy of the Port.**  
The Federal quarantine officials have signified their intention to meet the Cleveland immediately upon her arrival at the quarantine anchorage. From advices so far received from the vessel through cables and later by wireless, there has been no serious illness on board the steamer practically from the time of starting on the extended cruise.

To pass the liner, with its 380 passengers and a crew of four hundred and fifty officers and men, it is believed will not occasion but the minimum amount of delay.

The Cleveland in reaching quarantine before four o'clock tomorrow afternoon should be at the Waikiki side of Alakea wharf before six o'clock, if all goes well and formalities can be carried out according to the present program.

The United States immigration and custom officials have also promised to render every assistance in the dealing with the passengers and entering the steamer.

Cleveland to Sail Daylight Saturday.  
Daylight Saturday morning is the

### Promotion Man

H. F. Wood  
Head of the Honolulu boosters, who will meet the steamer Cleveland when she reaches here tomorrow afternoon and help instruct them in the delights of Hawaii.

### BANK OF HAWAII IS KEEPING UP STRONG SHOWING

An increase of \$8,318,521 in deposits and \$3,609,324 in resources for the past five years formed part of the cheerful message to the stockholders of the Bank of Hawaii, Ltd., presented by W. H. Cooke, president, at the annual meeting of the corporation held this morning. Today is a milestone in the history of the bank, being the fifteenth anniversary of its establishment.

Mr. Cooke, for the management, reported that "the year of 1912 has been most prosperous, and that all departments have shown a substantial gain."

### HARD FIGHT FOR FEDERAL BLDG. FUND INCREASE

By C. S. ALBERT  
[Special Star-Bulletin Correspondence]  
WASHINGTON, D. C., Jan. 10.—A determined fight has been started to secure additional funds for the federal building in Honolulu. It is proposed to increase the original allowance by one-third. The extra sum would be applicable for both the site and the structure.

### TO IMPROVE HONOLULU'S QUARANTINE

#### Surgeon General Blue Urges Immediate Work on Installation of New Sewerage System Here

By C. S. ALBERT  
[Special Star-Bulletin Correspondence]

WASHINGTON, D. C., Jan. 10.—Elaborate plans are being prepared for the establishment of a sewage system at the Honolulu quarantine station. The supervising architect of the treasury has the matter in charge. An appropriation of \$35,000 is available for the installation of the system.

Officials of the public health and marine hospital service have been urging the treasury department people to begin work on the project at once. The vast amount of labor entailed by an avalanche of public buildings authorized by congress threw the supervising architect's office nearly three years behind. Because the matter was of the utmost urgency it was taken up out of turn. It is expected plans will soon be in such shape as to permit advertisements for contracts to perform the work.

Surgeon-General Blue informed the Star-Bulletin correspondent that the installation of the new sewage system will go far in the direction of removing all complaints possible against the quarantine station at Honolulu. He said the system had long been an obvious necessity, but much time was required and difficulty encountered in securing an appropriation of the required funds by congress.

It was also declared by Dr. Blue that no complaints of any kind have been received by him regarding the detention of passengers from the steamer Makura. He said no information on the subject had yet reached him beyond clippings from the Star-Bulletin, detailing the inconvenience to which passengers were subjected because of alleged insanitary conditions and unpreparedness.

"There is no reason why the Honolulu quarantine station should have been unprepared. It is the duty of the officials and employees there to always be in readiness for proper service."

"Dr. Trotter, the chief quarantine officer, is one of the most efficient and capable men in the service. He fully understands his duties and what is required of the station. I must first hear from him before commenting on any possible condition of unpreparedness."

(Continued on Page 4)

### Dr. Rupert Blue

Surgeon General urges immediate construction of sewerage system at Honolulu's quarantine station.

### WOMEN LISTEN TO PLEA FOR CITY METERS

The urgent necessity of installing water meters throughout Honolulu as a means of preventing useless waste, which, if not checked, may some day cut short the city's entire artesian supply, was explained in comprehensive detail by Governor Frear and Superintendent H. K. Bishop, of the department of public works, to a committee of women representing the Outdoor Circle of the Kilohana Club, at a conference this morning.

As a result the committee, which had called to enter a protest against the installation of the meter system, has agreed to give the subject further consideration, possibly withdrawing opposition, explaining the gravity of the situation to the other members of the Outdoor Circle and eventually co-operating with the government in eliminating unnecessary usage of water in the municipality.

The committee, headed by Mrs. Isaac Cox, of Kaimuki, argued that the setting of a meter rate, compelling householders to pay according to the amount they use, will have a deleterious effect on the lawns, as many proprietors will prefer dry or dead grass to the expenditure of money, especially in instances where consider-

### MILITARY FIELD DAY FOR CARNIVAL

#### Board of Army Officers Formulate Plans—Meet to Be the Most Ambitious Ever Held on Oahu—Kapiolani Park Chosen as Site

Plans for a field day of military sports which will undoubtedly prove one of the big drawing cards of the carnival were formulated this morning, by a board of officers representing all arms of the service which convened in compliance with an order of the department commander issued yesterday. With five regimental organizations, five companies of coast artillery and a company of engineers on Oahu, the meet promises to be the most ambitious ever held in the Western Division. The sports will be held at Kapiolani Park on the afternoon of February 22, commencing at 8 o'clock, according to present plans.

Honolulu got a taste of military competitions last Fourth of July, when two troops of the Fifth Cavalry went through a number of spectacular drills, but the competitive element of the coming meet and its far broader scope, should make it more general interest.

Major Joseph Frazier is president of the board which this morning was in session for nearly three hours at department headquarters, and which is this afternoon going over the ground on which the meet will be held. Other officers designated by various commanders to represent their organizations, are: Captain Facht, Fourth Cavalry; Captain Mason, First Field Artillery; Captain Taylor, Fort Kamehameha; Captain Carpenter, Fort Ruger; Lieutenant Packer, First Infantry; Lieutenant Rose, Second Infantry; Lieutenant Saunders, Twenty-fifth Infantry; Lieutenant Besson, Engineers.

The field day is to be divided into two distinct parts—spectacular and competitive. The first four events on the program are military displays, while the other eight events are to decide supremacy between the various organizations. Colonel J. W. Jones, adjutant general of the National Guard of Hawaii, who has charge of the military features for the carnival organization, met with the committee this morning and discussed the general matters and space allotment.

Following is the proposed program:  
1. Bayonet drill. Company C, First Infantry.

### Millionairess Weds Today

Miss Helen Miller Gould, whose marriage to F. J. Shepard took place today in Tarrytown, N. Y.

### QUIET MARKS WEDDING OF HELEN GOULD

[Associated Press Cable]

TARRYTOWN, N. Y., Jan. 22.—A ceremony notable for its comparative simplicity among the fashionable and elaborate weddings of the season to day united Miss Helen Miller Gould, daughter of the late Jay Gould, to Finley J. Shepard, the St. Louis railroad man. The ceremony took place at 12:30 o'clock today at Miss Gould's country place here, and was witnessed by a small but notable gathering of relatives and intimate friends, including some of the neighbors of Tarrytown and Irvington. The wedding was followed immediately by a wedding breakfast.

While the ceremony itself was simple, there was an elaborate musical program prepared by Nanian Franko's orchestra, consisting of forty pieces. Shepard is himself a musician and some of the music was his choice. The Lohengrin wedding march and compositions from "A Midsummer Night's Dream" were prominent.

Several of the Goulds were present, most of the family being represented. Miss Gould's brother-in-law and sister, the Duke and Duchess de Talleyrand and their son, Prince de Sagan de Paris, were among those who came from abroad.

One of the features of the wedding was the unusual assortment of presents from organizations which had felt the touch of Miss Gould's charity. The railroad Y. M. C. A. of the country sent a gift to the home and the sailors of the North Atlantic squadron also paid tribute to her friendship for them. Many presents were sent from army posts where there are branches of the Y. M. C. A.

The guardian of Margaret A. Robertson was granted the privilege of Circuit Judge Whitney this morning of selling certain property of the estate on Kukui street for a valuation of not less than \$6000.

### SURRENDER ALMOST SURE

#### Grand Council of the Ottoman Empire Votes to Abandon Sacred City of Adrianople And to Permit Powers to Dispose of the Islands in Aegean Sea--Loss in Recent Naval Battle Powerful Argument Against Resumption of Fighting

[Associated Press Cable]

CONSTANTINOPLE, Jan. 22.—Turkey is on her knees at last. The rout of the fleet set to guard the mouth of the Dardanelles Jan. 18, and her further losses at Adrianople taken together with the ravages of the cholera and her shortage of funds to prosecute the war should it come to fighting again, are believed to have brought the Ottoman to terms at last.

The Grand Council of the Empire, which has heretofore stood against granting the demands of the allies, this morning voted to abandon Adrianople and to commit the future of Turkey to the Great Powers. The vote carried with it the assent to the formal proposal of the Powers filed some days ago and mentioned in these dispatches.

The proposed abandonment of Adrianople is taken to mean that the authorities here have reached the realization of their utter defeat and their helplessness and the consequent victory of the allies. Adrianople is and has been the standing obstruction to the settlement of the terms of permanent peace by the conferees in London.

The council also voted to permit the Powers to determine the question of the disposition of the islands in the Aegean sea, another of the most points that raised trouble in the conference.

It is openly stated here that the heavy losses suffered by the Turks in the last naval battle are responsible for the sudden shift in the attitude of the council. Reports of the damage done by the Greek shells at that engagement have begun to leak out, although closely guarded by the Turkish authorities. It is semi-officially declared that forty officers and seamen were killed and one hundred and eighty-four were wounded. Another report says that a Greek shell exploded in the turret of the Turkish battleship Tergut Reis, killing the entire crew of the two eleven-inch guns and putting the guns themselves out of commission.

### TEDDY ON STAND TALKS OF IRON COMPANY MERGER

[Associated Press Cable]

NEW YORK, Jan. 22.—Former President Theodore Roosevelt took the stand today in the government's suit to dissolve the Steel Trust, and testified regarding his action in permitting the merger of the Tennessee Coal and Iron Company with the Republic.

Mr. Roosevelt, who was looking extremely well, spoke at length of his reasons for permitting the consolidation. "I was dealing with panic conditions," he said, "and saw no other way of averting the most serious consequences of the money stringency." Continuing, he declared that "no matter what the motives of the steel trust may have been I should have felt compelled to act just as I did."

### Splendid Singers Come With Men And Religion Team

THE INTERNATIONAL ASSOCIATION QUARTET. Reading from left to right: P. J. Gilbert, Des Moines, first tenor; P. H. Metcalf, Youngstown, O., second tenor; C. M. Keeler, New York, baritone, and E. W. Peck, Minneapolis, bass.

### Campaign Will Be Launched When Men Arrive Tomorrow

Fred B. Smith of New York, and Raymond Robbins, of Chicago, who are on their way around the world in the interest of the Men and Religion Forward Movement, will arrive in Honolulu tomorrow morning at about eleven o'clock on the Pacific Mail liner China, accompanied by the International Quartet, for the purpose of conducting a week's campaign in this city.

### WILSON BARS MEXICAN FRUIT

(Associated Press)  
WASHINGTON, Jan. 22.—Secretary Wilson announced today that he has ordered a strict quarantine of Mexican fruit. The Mexican fruit fly has been spreading and its ravages are said to be constantly growing and the danger to the fruit growing interests of Southern California is on the increase. In his statement today Secretary Wilson says that the Mexican fruit fly is fully as dangerous as the Mediterranean fly.

### ROCKEFELLER'S DOCTOR TALKS

(Associated Press)  
WASHINGTON, D. C., Jan. 22.—The personal physician of William Rockefeller today testified before the Pujio money trust investigating committee regarding the state of health of the oil magnate. He said that Mr. Rockefeller's throat is in a serious condition, that the multi-millionaire suffered repeatedly from hemorrhages during the voyage between Nzaasu and Florida and that at times his life was despaired of. The doctor insisted that twenty minutes conversation would likely choke Mr. Rockefeller and might reasonably be expected to kill him.

for the reception of the excursion steamer at this port. The Cleveland will be furnished with a large quantity of coal as well as other lines of supplies.

ALTERATIONS FOR THE NILE

Extensive alterations are planned for the Pacific Mail liner Nile upon the arrival of the vessel at San Francisco.

With a view of affording more room for the storing of cargo, the Nile will swarm with a force of carpenters and shipwrights as soon as her oriental freight has been discharged at San Francisco.

Eleven cabin and four second class passengers were left here.

Among the passengers en route to the mainland were a delegation of performers identified with the Raymond Teal Company, which organization has completed a successful tour of the Far East.

Arizona Has Large Cargo. Advice received by C. P. Morse, general freight agent for the American-Hawaiian line, is to the effect that the freighter Arizonan from Manila Cruz by the way of Pacific coast and Sound ports is bringing down a large cargo of general merchandise and supplies for the islands.

Sonoma Wireless. The following wireless message has been received by the agents from the S. S. Sonoma, on voyage from Sydney and Pago Pago to Honolulu:

S. S. Sonoma, position at 8 p. m., Jan. 12: Latitude 1° north, longitude 155°22' west, 12 1/2 miles from Honolulu, making 13 knots, should arrive at Honolulu 11 p. m. Saturday night, Jan. 25.

Harlequin Arrives for the Coast. The last of 4,500 tons Australian coal was discharged from the British steamer Harlequin yesterday and the big gray freighter sailed for northern California ports last evening, taking ballast only.

Sailer Boy for Island Ports. The schooner Sailer Boy sailed for island ports including Hilo last evening. The vessel has been recently overhauled and cleaned following her long term of inactivity as a fixture in "rotten row."

China-Bringing Fifty-one Passengers. Fifty-one passengers are aboard the Pacific Mail liner China destined for Honolulu. The Chinese steaming from San Francisco with a total of 100 passengers aboard, is expected to arrive here on or about ten o'clock Thursday morning.

The board of harbor commissioners this afternoon let the contract for the construction of the Kibel wharf to Hugh Howell for \$7,777.77. This sum comes within the balance remaining in the appropriation for this wharf, the entire amount being \$7,815.88.

TIDES--SUN AND MOON

Table with columns for Date, High Tide, Low Tide, Sun Rise, and Moon Set. Rows for Jan 20, 21, 22, 23, 24, 25, 26.

Full Moon, Jan. 22, at 5:09 a. m.

VESSELS TO AND FROM THE ISLANDS

Wednesday, Jan. 22. SAN FRANCISCO--Sailed, Jan. 21, 5 p. m., S. S. Honolulu, for Honolulu.

Much Mail for Clevelanders. Messrs. Klebahn and Bayer of the shipping department at Hackfeld & Company have added duties these days in the care of a large amount of mail intended for the several hundred travelers as well as officers and men aboard the Hamburg-American liner Cleveland.

MILITARY FIELD DAY

2. Butts' manual (to music). One battalion, Second Infantry. 3. Cavalry drill. Two troops Fourth Cavalry.

3. Machine gun platoon contest. Platoon from each infantry and cavalry regiment.

8. Wall scaling contest. Teams of one non-commissioned officer and seven men from all five regiments, coast artillery and engineers.

The trial of Pua Weawe, accused of attacking Jacob Jensen aboard the ship W. G. Hall on the high seas November 5, is in progress in the federal district court this afternoon.

The board of harbor commissioners this afternoon let the contract for the construction of the Kibel wharf to Hugh Howell for \$7,777.77.

SONOMA NOW DUE SATURDAY

For a liner steaming along with but one engine and propeller, the Oceanic steamship Sonoma, in crippled condition, with her starboard propeller out of commission, from Sydney, N. S. W., to Honolulu by the way of Pago Pago, is certainly making excellent time.

The Sonoma will arrive at Honolulu quarantine some time Saturday night, according to the prediction coming from Captain Trask, who, in a wireless message received by C. Brewer & Company, gives the position of the disabled vessel.

At eight o'clock last night the Sonoma was in latitude 1° north and longitude 165°22' west, and 12 1/2 miles from Honolulu. The officers announced that the liner was going thirteen knots per hour, which for a vessel using but her port engine, is generally considered as highly creditable.

The Sonoma should reach here at a late hour on Saturday night, and in which event she will receive attention at the hands of the Federal quarantine, immigration and customs officers at daylight Sunday morning.

Many of the fraternal orders and similar organizations here are preparing to greet their brothers and fellow lodges members tomorrow and several launches will probably be chartered by Shriners, Elks, etc., to take the reception committees out to the big liner.

Secretary H. P. Wood of the Promotion committee yesterday received the following letter telling of the promotion literature put on the Cleveland at Yokohama and also commending the good work of the committee in general:

Dear Mr. Wood:—Yours of December 4, as well as the two cases of advertising matter, came duly to hand. Yesterday we placed the two cases on board of the Cleveland and hold a receipt for same.

I am always glad to hear of the continued prosperity of Honolulu and the islands in general. Though the bottom seems to have gone out of sugar stocks at present, conditions in general, from all accounts, appear to be very good.

With best wishes for a successful Carnival. Sincerely yours, D. M. MACKENZIE.

REAL ESTATE FOR SALE

Spalding & Co., Kaimuki, Tel. 4266. Eight room house, Kaimuki, corner lot, ocean view, near cars, with or without furniture. Owner wants some cash. Cheap, good terms; \$3600.

CLEVELAND

(Continued from Page 1) time now set for the departure of the Cleveland for San Francisco. The original plan called for the sailing of the vessel between five and six o'clock Friday evening.

While the Cleveland tourists will be delayed some hours in stepping ashore in the "Paradise of the Pacific," the extension of the schedule gives all visitors additional time in which to enjoy themselves.

Manager Klebahn of the shipping department of H. Hackfeld and Company has been a mighty busy man today following the receipt of the first definite wireless information concerning the arrival of the Cleveland. A multitude of details have been covered

Stenographer and bookkeeper employed during the day, would like work to do at home at night. "Stenographer," this office. 5450-1w.

Experienced chauffeur; does own repairing. References. Write Phillip Bollitz, Oakland Hotel, Honolulu. 5450-1w.

MEN AND RELIGION

on the campaign for the past two months. Big Banquet Arranged. Tomorrow evening the opening banquet will be held at the Commercial Club rooms at which time one hundred and fifty of the leading business and professional men of the city will be given the opportunity to meet Smith and Robins. Invitations have been sent out during this week and already a large number of acceptances have been received by the executive secretary, L. Tenney Peck, chairman of the executive committee, will preside at the dinner and make the opening remarks in which he will give a brief explanation of the purpose of the movement.

Following his address the International Quartet will render several selections, and then Raymond Robins will be introduced and will deliver an address on social service.

The program of the address and the meetings which are to be held during the visit of the team will be read, and at the close of the dinner those present will have an opportunity of talking personally with the two leaders, Messrs. Smith and Robins are, by the way, not unknown in Honolulu, as a number of the local men have known Smith for a long time and many have heard him speak in different parts of the states. Two of the members of the quartet are Oberlin men and have classmates and friends in Honolulu,

so the party does not come to Honolulu unknown. Afternoon Work Important. The importance of the afternoon institutes cannot be over-emphasized. The chief aim of the campaign, is to train men in the modern methods of church work, relating especially to the men's movements and brotherhoods in the churches. Mr. Smith's institutes will deal with religious work while those of Mr. Robins will be devoted to social service and boys' work. The institutes will begin at half-past four o'clock, and as they are to be held but three afternoons, Friday, Monday and Tuesday, it is hoped that a large number of men will get excused from their work half an hour earlier so that they will be able to attend. The meetings at night should pack the opera house to its full capacity, for there never has been two speakers in Honolulu who have been greater than Fred B. Smith or Raymond Robins. The Star-Bulletin will publish a complete program each day during the stay of the team, telling where the afternoon and evening meetings are to be held and which of the two men will speak.

Special Meeting for Women. A large number of the women of the city have been inquiring as to whether they will have a chance to hear Raymond Robins speak, and in compliance with this general desire, a special meeting has been arranged for women, under the auspices of the Young Women's Christian Association, which will be held in Central Union church next Sunday evening at half-past seven o'clock. Mr. Robins will speak on some phase of social reform, and will doubtless have something to say concerning the question of woman suffrage, for it was Raymond Robins who induced Theodore Roosevelt to put the woman suffrage plank in his platform. Robins realizes the tremendous power that votes for women has in the big movement in favor of reform. It was also Raymond Robins who interested Miss Jane Addams in the progressive movement in the States. Mr. Robins is not a politician but he realized that no great and permanent social reform can be accomplished without legislation, and legislation and politics have at least a speaking acquaintance.

Change in Program. One slight change has been made in the program for the week's campaign. The Saturday night meeting at which Fred Smith will speak especially to the men of the churches, will be held in the Methodist church instead of in Delaney's memorial hall as previously announced. The men of the city who are members of the federated churches are especially requested to attend this meeting for Mr. Smith will have many things of importance to say concerning the great mass meeting which is to be held at the Bijou theater next Sunday evening. This mass meeting will doubtless be the feature of the entire campaign, for Smith will deliver one of those addresses which have given him the reputation of being the greatest speaker to men in America today.

All acceptances for the opening dinner tomorrow night must be in not later than the first mail tomorrow morning.

Beckley Now Owns THE BECKLEY GARAGE. George C. Beckley is now owner in his own right of the garage at the south corner of Hotel and Alahea streets, including the simple title to the land on which it stands, containing an area of 7903 square feet. He having fully paid up the sum of \$30,082.95 advanced to him by his father, the late George C. Beckley, to set him up in the automobile business at that site, under an agreement made between them on June 10, 1910, the trustees of his father's estate have conveyed the entire property to him, also automobile No. 402, and transferred to him a policy on his life. Mr. Beckley, Sr., died on July 4, 1910, or within one month from the date of the agreement mentioned.

WRONGED WIVES TO MEET TODAY Jesse W. Clark, or James C. Steele, arrested some weeks ago on a charge of bigamy and now held by the federal authorities on the new statutory charge, was to be arraigned this afternoon before U. S. Commissioner C. S. Davis. He was rearrested yesterday and is held in jail pending today's hearing. It is thought he probably will waive that and that the father of his Honolulu wife, who furnished the original bail of \$1,000, will refuse to yield to the same risk the second time. If this proves true, the accused man will be detained in jail until his case is called for trial in the federal district court.

Mrs. Steele, the San Francisco wife, and Mrs. Clark, the Honolulu wife, probably will meet face to face for the first time this afternoon, as both have been summoned to attend the preliminary hearing. One is Italian, with the ring Italian features; the other is Portuguese. It is now learned that Mrs. Steele is not on her first visit to Honolulu. On the contrary, it is said, she and Steele lived together at Kaimuki in a house which he had purchased, until a thunder storm at that time a bolt of lightning struck the house and Mrs. Steele sustained injuries which compelled her removal to the coast for treatment. She had not been gone more than a few months before the marriage of Jesse W. Clark and the Portuguese girl was solemnized. It is understood Clark and his bride took up their residence in the same house formerly occupied by Mr. and Mrs. J. C. Steele, at Kaimuki.

# READY TO SELL WATER LICENSE

Land Commissioner Joshua Tucker left this morning for Hilo, where he will conduct the sale tomorrow of the Waialuku river water license. This is the license on which Governor Frear and L. S. Conness, the Hilo editor, recently spent considerable time preparing, and which is to be purchased by the Hilo Traction Company, of which Conness is promoter, and which is to install an electric streetcar service in that city. Final plans for the incorporation of the new concern were announced yesterday in the Star-Bulletin.

It will be remembered that the water right license which the land commissioner sells tomorrow is featured by the first successful effort in the territory to establish a public utilities commission. In preparing this license the governor included a clause providing for control of the company's rates, or of any other company's charges which may obtain power from the use of the Waialuku river water, by a commission to be chosen by the governor; this commission to serve until another commission may be provided by special law.

Tucker will delve into a number of other matters during his stay on the big island. One of these will be the perfecting of arrangements for the survey and subdivision into lots of the Waialuka tract in the suburbs of Hilo, recently released by the Waialuka Mill Company.

## WOMEN LISTEN

(Continued from Page 1)

able irrigation is necessary to keep the lawns in the best condition. Conceding this point, the governor and the superintendent explained the artesian water situation. They told how the artesian level is gradually sinking year by year and how, if this continues, as it undoubtedly will so long as householders may waste water without paying a financial penalty, the wells will go dry or the supply will become mixed with salt water, as is already the case on some of the other islands. The officials explained that it is not the intent to make householders pay more for all the water they need,

# LEWERS & COOKE, Ltd.,

Announce the arrival of

**MR. MORGENTHALER** with a line of the very latest Wall Paper and Wall Hangings, which he will be pleased to show to all who are interested in interior decorations. Mr. Morgenthaler will take orders for special and exclusive designs to be made up by M. H. Birge & Sons Co., Buffalo, N.Y., upon Mr. Morgenthaler's return to the factory.

We will be pleased to have you call during Mr. Morgenthaler's stay (which will be for a few days only) even if you are not contemplating any immediate wall decoration, and we believe your visit will be of value to you in arranging in the future any scheme of decoration.

Special Appointments on Request

# LEWERS & COOKE, Ltd.

177 So. King St.

## SCHAEFER DISCHARGED

Carl Schaefer was found not guilty of fast and heedless driving of an automobile when arraigned at district court this morning and was discharged, despite the rather strong case worked up by prosecuting Attorney Brown, who had summoned a number of witnesses. Schaefer was charged with heedless driving in running down Arthur Parish, who with Miss Irma Wodehouse was riding on a motor cycle on last Sunday when the smaller machine came into collision with the auto driven by Schaefer.

S. Commissioner Davis. Decision has been reserved until next Monday morning.

## SCHAEFER DISCHARGED

Carl Schaefer was found not guilty of fast and heedless driving of an automobile when arraigned at district court this morning and was discharged, despite the rather strong case worked up by prosecuting Attorney Brown, who had summoned a number of witnesses. Schaefer was charged with heedless driving in running down Arthur Parish, who with Miss Irma Wodehouse was riding on a motor cycle on last Sunday when the smaller machine came into collision with the auto driven by Schaefer. Parish and officers connected with the police department stated under oath that Schaefer upon reporting the accident at the central station on Sunday, January 12, declared that his machine was going at a rate of between thirty-five and forty miles an hour when he ran into the Parish motor cycle, near the junction of McCully and Bergantia streets. This Schaefer positively denied, this morning. He was of the opinion that the officers who professed to have heard him make such a damaging statement were mistaken. The case awakened considerable interest and drew out a crowd of spectators at police court, owing to the prominence of the parties involved in the accident. Schaefer admitted this morning that his machine might have been proceeding at between eighteen and twenty miles an hour when he accidentally ran down the motor cycle with Parish and Miss Wodehouse.

## BANK OF HAWAII

(Continued on Page 3)

Loans in 1907 were \$1,473,259 and in 1912 \$3,652,181, an increase of \$2,178,922. Bonds for the same years respectively, \$433,765 and \$1,062,699, an increase of \$628,934. Cash and due from banks, \$627,183 and \$1,391,580, an increase of \$764,397. Capital and surplus, \$1,021,459 and \$1,223,935, an increase of \$202,476. Deposits, \$1,676,964 and \$4,995,485, an increase of \$3,318,521. Resources, \$3,800,034 and \$6,310,363, an increase of \$2,510,329. In the statement of condition on December 31, 1912, the capital is shown to be \$600,000 and the surplus and undivided profits \$628,935.16. The pension fund is \$28,618.30. Officers and directors for the ensuing year were re-elected, as follows: Officers—C. H. Cooke, president; E. D. Tenney, vice-president; A. Lewis, Jr., vice-president and manager; F. B.

Damon, Cashier; G. G. Fuller, assistant cashier; R. McCarrison, assistant cashier; Frank Crawford, cashier. Li-true branch; H. H. Walker, auditor. Directors—C. H. Cooke, Managing Director Charles M. Cooke, Ltd.; E. D. Tenney Vice-President Castle & Cooke, Ltd.; A. Lewis, Jr., Vice-President and manager; E. F. Bishop, President C. Brewer & Co Ltd.; F. W. Macfarlane, Pres. Libby McNeill & Libby, Hon. J. A. McCandless Pres. Hawaiian Electric Co., Ltd.; C. H. Atherton, Treasurer Ewa Plantation Co., Ltd.; Geo. R. Carter, Director Hawaiian Trust Co., Ltd.; I. A. Cooke, Director Lewers & Cooke, Ltd.; F. B. Damon, Cashier; F. C. Atherton, Sec. Dir. J. B. Atherton Est. Ltd.

President Cooper's report said: To the Stockholders of the bank of Hawaii, Limited, Honolulu, Hawaii, Gentlemen: The year just closed marks the 15th anniversary of your institution, and it is again with pleasure and pride that your management reports that the year of 1912 has been most prosperous, and that all Departments have shown a substantial gain. On September 3, 1912, the territory of Hawaii offered \$1,500,000 4% public improvement bonds. These bonds were sold on the mainland and also in Hawaii to the successful bidders on an average interest rate of .0355 against a like rate the year previous on an interest rate of .0388.

During the year work was begun at Lihue, Kauai, on the new building for the Lihue branch. The same is about completed, and in its improved quarters that branch should make a substantial growth. The work on remodeling and enlarging our quarters in the Judd building has occupied the entire year, and has worked a hardship on our officers and staff on account of the cramped quarters. I desire to express my personal thanks to all who have worked so cheerfully under the trying circumstances, and trust that we shall soon be enjoying our commodious and well-fitted bank home.

The sugar season of 1912 amounted to over 595,000 tons, the largest in the history of these islands, which combined with the good price received has made the year just completed one of unusual prosperity. The growing and canning of pineapples have also made a marked growth, and ranks easily second in our agricultural industries. The pack of the past year amounted to over 1,130,000 cases, with a value of over \$4,000,000 as against 845,000 cases for 1911.

While the coming year promises lower prices for sugar and probable tariff revision, I am pleased to state that your institution is in its accustomed strong position to care for the commercial needs of its clients. Respectfully submitted, C. H. COOKE, President.

## SUES CHINESE FOR \$7,500 WORTH OF SWILL

Impressive in title, uncommon in character but rather unclean in details is the so-called "slop case" which has recently been filed in the U. S. district court by Eugene Murphy against Chang Chau. Murphy, counsel at law, ranchman and hog fancier, is suing the Chinese restaurant proprietor for \$7500, which he declares due him in damages and by the actual loss of the swill he otherwise should have received from Schofield Barracks since January 15, 1912.

It appears that Murphy, who owns interest in a large hog-raising farm near the fort, bargained some time ago with the government for the use of all the slops and swill from the army cantonment; but that on January 15 of last year Chang Chau began taking the swill, thus depriving Murphy and his hogs of its use.

In legal phraseology the suit in equity is entitled "trespass de bonis asportatis." Murphy charges that Chang Chau carried away an average of 250 gallons of slop per day and that this had an aggregate value, to Murphy, of \$1620. He alleges further damage however by reason of his unavailing efforts to obtain the slop and his efforts to induce the Chinaman to desist; in all, he claims he is entitled to a total of \$7500. The suit was filed several days ago, but has not yet been set for trial.

## KAAI CONCERT IS DRAWING BIG CROWD

Practically all of the seats for the Kaai concert tomorrow night have been sold; some have been merely reserved and the only chance for people who have not already paid for theirs to get some will be to call promptly at noon on the clerk at the promotion committee rooms and gather in what the tardy ones neglect to call for. To quote the ticket agent in the committee rooms: "We were almost mobbed on Tuesday by the crowd anxious to hear the singers."

Mr. Kaai says the man Keaukai, who essays the role of the great Kamehameha in the play, is a descendant of the royal chiefs, a typical Hawaiian of the old school and a picture of manliness. The women in the play trace their ancestors back to the days when women took part in the battles and blew conch shell announcing victory for the great conqueror. It has been a difficult task to secure the services of these women and men, but Kaai accomplished it and the concert will be all the more attractive in consequence. The best hula dancers in the country will be on the stage to take part and they will be directed by a woman who was a favorite dancer in the court of Kalakaua. Strangers are advised to get what seats they can at the Promotion committee rooms tomorrow.

The entire Mahuka site condemnation proceedings, so far as the U. S. district court of Honolulu is concerned, will be practically completed by the middle of next month. The last of the five suits, which will be to ascertain the damages due E. O. Hall & Son, will be taken up February 10, and U. S. District Attorney Breckons says it should be finished in less than a week's time.

## WILLIAMS TO SERVE A YEAR

Walter A. Williams will be obliged to serve one year imprisonment at Oahu penitentiary, having been found guilty of gross cheat by Judge Monarrat at district court this morning. Williams was charged with having uttered a number of worthless checks, including paper presented to the Y. M. C. A. and a local clothier for payment.

The young man has been more or less prominently identified with the Y. M. C. A. in its athletic department. He also figured in several contracts about the city and Peairi Harbor in concrete and plaster work. Detective Kellert worked up the case against Williams, who while given an opportunity to make good his fraudulent checks failed to advance the money. In passing sentence, the court imposed, six months imprisonment on two counts.

### DIVORCE MILL

The divorce mill in Circuit Judge Whitney's court has started off in the new year with a rush. This is the twenty-second day of the year, and Court Clerk John Marcellino stated this morning that just twenty-two cases have been handled—and there may be one other added to the list before court closes this afternoon. Of the twenty-two cases heard, twenty-one divorces were granted. The following divorces were granted this morning: Wass Makashima from Sohiro Makashima, desertion, and non-support; Ju Tarasawa from Jubel Tarasawa, non-support; Moto Kawamura from Ichizo Kawamura, non-support; Joseph Castro, Jr. from Maria Mendonca Castro, adultery.

## NEW TODAY

### NOTICE

The annual Stockholders' meeting of the Pinecar Sales Co., Ltd., will be held at their office, Room 203, Boston Building, on Saturday, January 25th, 1913, at 3 p. m.

D. SMITH-BIORTH, Secretary.

### NOTICE

Mid-Pacific Carnival and Floral Parade. No obligation for material supplied or labor to be performed will be recognized unless accompanied by an order properly signed by Fred L. Waldron, Chairman, or A. W. T. Bottomly, Treasurer of the finance committee. CHAS. F. CHILLINGWORTH, Director General. 5450-e.o.d.

### ELECTION NOTICE

At the regular annual meeting of the Yee Hing Association, held on the 11th day of January, 1913, the following officers were elected to serve for the year 1913:

- Wong Tin Look.....President
- Chock Sing.....Vice-President
- W. Tin Yan.....Eng. Cor. Secretary
- Lee Lin.....Eng. Rec. Secretary
- Lum H. Chee, Chinese Cor. Secretary
- Lum Git Chew, Chinese Rec. Secretary
- Lau Yin.....Treasurer
- Quon Leong.....Auditor
- Yee Long Wo.....Auditor

YEE HING ASSOCIATION, By W. TIN YAN, Eng. Cor. Secretary. 5450-31.

### ELECTION OF OFFICERS

The Bank of Hawaii, Ltd. At the annual meeting of the stockholders of the Bank of Hawaii, Ltd., held on Jan. 22, 1913, the following officers and directors were elected to serve for the ensuing year. C. H. Cooke—President. E. D. Tenney, Vice-President. A. Lewis, Jr.—Vice-President and Manager. F. B. Damon—Cashier. G. G. Fuller, Assistant Cashier. R. McCarrison, Assistant Cashier. F. C. Atherton, Secretary. H. H. Walker, Auditor. Directors—C. H. Cooke, E. D. Tenney, A. Lewis, Jr., E. F. Bishop, F. W. Macfarlane, J. A. McCandless, C. H. Atherton, Geo. R. Carter, R. A. Cooke, F. B. Damon, F. C. Atherton, Secretary.

### NOTICE

To the Shareholders of the Norris Midway Oil Co.

In a meeting of shareholders of the Company, January 28, 1913, representing 135,000 shares, the assessment has been discussed and it has been decided to take steps to prevent the collection of said assessment of 10 cents per share. In order to present our case successfully, Mr. G. H. Buttolph will leave for the coast per S. S. Sonoma on Saturday. It is of importance to have as many shares as possible backing up Mr. Buttolph's mission and we therefore ask all the shareholders to sign proxy and power of attorney for G. H. Buttolph which are laying out for signature at the office of Williamson & Buttolph, 83 Merchant Street, City. Every shareholder will assist us to protect his interest by calling on Williamson & Buttolph as soon as possible to give his signature.

We have the majority of issued stock here in these islands and by getting together we can easily protect our interests. MEETING OF SHAREHOLDERS of the Norris-Midway Oil Company, Jan. 20, 1913. 5450-21.

# Men's Silk Hose

Have you ever tried wearing Silk Hose? They are not a luxury. They are economy in the long run.

WE HAVE THEM

Every pair perfect. Made of fine quality silk, and obtainable in black, tan, gray, maroon, lavender and purple, and at values that will carry you off your feet.

THAT SPRING SUIT IS READY

Cut and made to our specifications; strictly hand-tailored; the last word in style backed up by the lasting qualities of the cloth.

## THE CLARION

# For Every Face

A massage cream prepared from non-poisonous ingredients on scientific principles imparts a smoothness to any complexion, producing the freshness of youth without injurious effects.

## Pompeian Cream

accomplishes this and enables the middle aged to retain the attractive complexion of the young.

EDITOR

WEDNESDAY ..... JANUARY 22, 1913

All hearts grow warmer in the presence  
Of one who, seeking not his own,  
Gives freely for the love of giving,  
Nor reaps for self the harvest sown.  
—Whittier.

## THE WILSON IDEA

Governor Wilson's declaration yesterday that justice will guide him in the distribution of patronage, and his still more significant action in refusing to remove the Republican state labor commissioner of New Jersey, mark this ex-college professor as a man of extraordinary courage and resolute conviction. Nothing but the stiffest of backbones could sustain him in such an action at this stage of national affairs and party politics.

President-elect Wilson's stand ought to be mighty comforting to the friends of good government in Hawaii. This territory has several efficient public servants who should not be ousted for purely partisan reasons. It is all very well for the Democrats to point out that the destinies of the country have been entrusted to them by the people of these United States, but Wilson himself, now the titular and acknowledged head of the Democratic party, has come out on record in favor of the man who has "made good in office" as the man he wishes to continue in office. In Hawaii the Democrats are looking forward to occupation of most of the principal federal and territorial offices. If Wilson sticks to his text of progressivism, he will not displace good Republicans for poor Democrats.

## COTTRILL DESERVES RETENTION

If Woodrow Wilson carries his declaration of yesterday into the handling of Hawaiian affairs, one of the men who by all means deserves retention in office is Charles A. Cottrill, collector of internal revenue. Here is a man who is a life-long Republican, who has spent years in public service, but whose record in public office is one of fine efficiency and who, moreover, commands admiration and respect for qualities of manhood that have overcome the barriers set up in the negro's path of progress.

Hawaii is familiar with Cottrill's work since he came here in March, 1911, to assume his duties as revenue collector. Hawaii is familiar, too, with the circumstances under which he took office. A hard fight had been made against him. He was opposed on nothing but the fact that he was a negro. His opponents, many of them sincere, urged that his color would prevent success in office here, that he would be ostracised, that his assistants would not work with him. Obstacles were thrown in his way from the start, until Cottrill himself arrived on the scene and went about his duties.

He has been in office two years. It is not exaggeration to say that he has secured some very unusual and flattering results. At the end of June 30, 1912, the first full fiscal year since he took office, the revenues collected showed an increase from about \$229,000 to about \$270,000, approximately 20 per cent. The Hawaiian district, by its good work, stood sixth in the list for proportionate increase, and more rapidly-growing communities were left far behind. Last year the collector had an absolutely clean slate so far as delinquencies are concerned. Organization of his office, hard and intelligent work by himself and his assistants, brought this district to the point where the Washington Star commented on it as one of the first six offices in the United States.

Figures do not, however, tell all or even half of the story. The larger part of it is in the very favorable impression that Collector Cottrill made from the first and has steadily heightened, in the respect he is held by the businessmen and corporations with whom he has to deal, and in the fact that even though he is a strong party man and took a prominent part in the last Republican campaign as a speaker on national issues, he is now spoken of by many influential Democrats as a man they hope to see retained in office. To those familiar with his record, this is not surprising. He has been a public servant for many years, through both Republican and Democratic national administrations, and has been kept through the Democratic regimes only because of his ability.

Two weeks after his arrival, Cottrill bought his own home here and henceforth considered Hawaii as his permanent residence. He is educating a son here.

Collector Cottrill is a strong race man. Yet,

with all his loyalty to his race, he has steadily grown in favor among all classes in Hawaii. His services as an orator are always in demand, and indeed, he has given many people here a new idea of the negro and the negro's ability. Otherwise, when the first possibility of ousting him appeared, there would have been a rush to help do the ousting. Instead of that, Hawaii wishes to see him remain.

These are some of the reasons why Collector Cottrill deserves to be kept in office. Such a course on the part of the Democrats who command national patronage will set an example far more valuable than any demonstration of partisan politics.

## TENDENCIES

Says Collier's Weekly: "We have come a long way without realizing it. There is not much left of the doctrine that a man can do what he will with his own. A New York man owns a farm in Virginia; a New York woman thinks this farm ought to be owned by the nation as a public shrine; the owner has no idea of selling it. To be sure, the farm is called Monticello and was the home of Thomas Jefferson; yet the present owner's title is the same as that of any other farm in Virginia, and it came to him as an inheritance. There is no statute anywhere by which a man's farm can be taken away from him under these circumstances; but what any observer can see is that Congressman Levy, the owner of Monticello, looks worried in the midst of this agitation. Not long ago one of those public men who is ranked as decidedly among the more conservative of the Progressives suggested, as a remedy for certain economic conditions in Hawaii, that the sugar mills in those islands be made public-service institutions, subject to the same regulations with regard to rates and contracts that are applicable to railroads and the like. It is only about fourteen years since the idea that the state could regulate even railroads became familiar to the public. Before that time railroad rates were looked upon as private contracts with which the community had nothing whatever to do."

Honolulu has an unusual opportunity tomorrow to put in some good, hearty licks, as people from one section of our country say, in the booming of Hawaii. The steamer Cleveland will bring nearly 400 passengers here at the end of a world-cruise. If the residents of this city can present themselves as a little prouder of their land, a little stronger in its praise, than the residents of any other land the globe-circlers have touched, there will be some effective promotion work done without any cost whatever.

The Outdoor Circle of the Kilohana Club has a practical way of getting things done that ought to be an object-lesson to many a man who does nothing but criticise the board of supervisors. The ladies of the Outdoor Circle carry their plans directly to the board and enlist its cooperation and support at once. While a large part of Honolulu has been sitting on its lanais and discussing plans for beautifying the city, the Outdoor Circle has gone quietly about practical work. The results are showing.

The Men and Religion Forward Movement takes active shape here tomorrow with the arrival of Fred. B. Smith and Raymond Robins, two of the most remarkable soldiers of everyday religion that ever stood on the fighting line. The story of this movement is one of inspiring achievement, and there is every reason why Honolulu should mark another great campaign won with signal honors.

How does Governor Wilson's stand for a Republican in a New Jersey office affect the Democratic campaign to secure the official scalp of Hawaii's governor?

President Taft is going to have a special bath tub built for his New Haven home. No wonder he instructed the attorney-general to bust the bathtub trust!

That blue-black silence emanating from the local Democracy since Wilson's declaration of yesterday means anything but consent.

Wilson leaves no doubt as to his intention to run the government on business principles.

What show has that Democratic commission against "Soapbox"?

## LETTERS ON TIMELY TOPICS

[The Star-Bulletin invites free and frank discussion in this column on all legitimate subjects of current interest. Communications are constantly received to which no signature is attached. This paper will treat as confidential signatures to letters if the writers so desire, but cannot give space to anonymous communications.]

### A CORRECTION IN THE SPECKELS CASE.

Editor Honolulu Star-Bulletin.  
Sir:—Although I am the son of an editor, the father of an editor and the brother of two former editors, I have always tried my cases outside of the newspapers, and rarely correct mis-statements concerning them.  
Allow me to violate this rule and correct a misstatement which originated in the Advertiser, and has been repeated in your paper and in the Advertiser again, that I have said that our clients, Claus A. and Rudolph Speckels and Mrs. Emma Ferris, intended to appeal to the supreme court of the United States. Neither we nor they are contemplating such an appeal. The only reporter who inter-

viewed me was an Advertiser reporter, to whom I stated that we were preparing the papers on appeal to the supreme court—of course meaning the supreme court of Hawaii, to which court alone the appeal would lie. He, innocently, and probably influenced by the fact making the story better, quoted me as saying that we were appealing to the supreme court of the United States. In this case it is, I think, not improper to say I do not expect that our clients will have to take an appeal to the supreme court of the United States.

I will add that the items in last evening's paper and this morning's Advertiser are equally erroneous in reference to the form of judgment entered. They purport to recite the final judgment rendered, and leave out the point of controversy, which was ruled in our favor by Judge Cooper, viz., that the judgment could not provide for putting plaintiffs into possession, but only that they should share with the defendants as tenants in common. The words "share in" in the judgment as rendered have been left out in the purported quotation, which are the material words.  
DAVID L. WITHERINGTON.

## LITTLE INTERVIEWS

JUDGE C. F. CLEMONS—In deciding the case of the ship Orteric I was passing not so much on the validity of the bond on which the suit was brought as on an official act of a former college classmate of mine, Benjamin R. Cable, who happened to be acting secretary of commerce and labor when the ship's violation of the passenger act arose.

W. R. FARRINGTON—I beg to suggest that the Chamber of Commerce of Greater Honolulu have a committee on education. This is a subject that is attracting the attention of live businessmen and bankers throughout the country and more especially in communities dependent on agricultural industry. It is good business for business leaders to give time, thought and cooperation to education.

TOM MERLE—I never knew anybody who was "slick" at cards, especially gambling games, that was prone to blow about the accomplishment. I don't believe that Ed Towse or Bob Breckons know as much about faro or poker as a cow knows about a drug store. You can say that I challenge them both to a three-cornered game of tiddle-dy-winks on the night of the Carnival, and that they had better take it up and save their card reputations.

WM. BUSH—In our Kapahulu road widening campaign we have discovered a peculiar thing in that on the Ewa side of that road from the park to the Waialae road not a foot of the land is owned by an American, excepting the United States military pumping station. The distance must be about a mile and a half, and the land is owned by Hawaiians, part-Hawaiians, the Bishop estate, Campbell estate, Beckley estate, an Italian, a number of Portuguese, the territory of Hawaii, a number of Chinese and one Japanese. I wonder if other roads in Honolulu are the same.

## TO IMPROVE QUARANTINE

(Continued from Page 1)

ness, or any statement that the passengers quarantined were unduly inconvenienced.

"Detention of passengers, when a ship is supposed to be infected, is a necessary evil. It is for the good of all the people in Honolulu that every possible precaution be taken against the admission of the plague, or any other disease. In doing this some hardships must necessarily follow. I am unwilling to believe any unnecessary hardships were imposed or that the station was in a condition of unpreparedness."

Dr. Blue said that immediately upon the receipt of formal complaints he would refer the entire matter to Dr. Trotter for investigation and report.

## PROF. E. S. SHEPHERD ON WAY TO WASHINGTON

SAN FRANCISCO, Cal., Jan. 15.—Bringing tubes and gases, secured in perilous descents into the volcano of Kilauea at Hilo, for the geophysical laboratory of Washington, Professor E. S. Shepherd arrived here yesterday from Honolulu, after eight months spent in important research and analysis of the famous crater.  
Professor Shepherd descended into the crater to a lower level than ever

## PERSONALITIES

B. VON DAMM, who has been on the mainland for some time, is expected to return next week.

H. GODDING FIELD has been asked to address the annual meeting of the Merchants' Association tomorrow on the plans for the Greater Honolulu Chamber of Commerce.

ATTORNEY HARRY IRWIN has been offered by Governor Frear the office of boundary commissioner which was held by Judge Parsons and later on by Judge Wise.

MRS. GEO. SHERMAN, with Miss Lawrence, and a number of other ladies, are arranging for an auto entry in the Floral Parade and will reproduce some historical incident of Hawaii.

R. A. WADSWORTH, the district deputy supreme chancellor of the order of Knights of Pythias, last Thursday conducted the installation of officers in the Hilo lodge and on Friday officiated in the same way in Honolulu.

CAPTAIN RODGER ALLMAN, who has just resigned command of the Pacific Mail liner China, was a passenger in the Matson Navigation steamer Wilhelmina yesterday morning. He may decide to remain in Honolulu for an indefinite period.

JAMES A. KENNEDY, President and General Manager of the Inter-Island Steam Navigation Company accompanied by Mrs. Kennedy, Stanley Kennedy and Miss Jessie Kennedy, returned from a month's stay along the coast, as passengers in the Wilhelmina yesterday morning.

MR. AND MRS. W. H. REDDINGTON of Chicago are numbered in the party of Chicago tourists who reached the islands yesterday in the Matson liner Wilhelmina. Mr. Reddington is identified with a large office supply manufacturing concern at the Windy City.

CAPTAIN GAME, Second Infantry, and Captain Edwards, now enjoying leave of absence; A. F. Judd, L. M. Judd, Gerrit Wilder, S. G. Wilder, and S. G. Wilder, Jr., form a party which left yesterday on the Likelike for Kaula, Molokai, where they will spend a week hunting and fishing and enjoying life generally.

MISS HELEN McLEAN, who is now attending the Marlborough school in Los Angeles, will according to a society note in a Los Angeles paper, return to her home in Honolulu for the marriage of her sister, Miss Carrie McLean, to Alfred Eames, although at present there is no certainty as to how soon the trip may be necessary. The date for the wedding had not been announced.

before in order to secure the samples of gases, which the Carnegie scientists will use in their work of attempting to ascertain what is inside the earth.

"I believe these are the first gases that have ever been obtained from a volcano," said Professor Shepherd. "Gases can be obtained from the edge of the crater, but the gas we were after was the gas which had not been burned or mingled with other vapors, such as water, dust and smoke. It is impossible to secure samples from the volcanoes along the Mediterranean, because they are the explosive kind, and so we chose the volcano on Hawaii. Our idea in collecting the specimens was to learn something more about the formation and chemical construction of the gases of the inner earth."

In securing the gases Professor Shepherd was lowered into the crater by ropes and ventured as close as he could to the boiling lava in the pit of the crater.

## HEAVY RAINS HARM ROADS ON BIG ISLAND

A great amount of damage has been done to the roads on Hawaii as a result of the heavy rains which have fallen on the big island during the past week. Reports brought to Honolulu yesterday by passengers on the Mauna Kea are to the effect that the greater amount was done on last Saturday and Sunday, when the rain fell continuously for nearly twenty hours. A flood at Four Miles has blocked the road to Oloa, causing the traffic to be held up, and on the Pahoa road a flood has been washing over the road

at several points. The mail has not been held up, however, as it is now being carried by pack animals, and will be delivered in this way until the roads are repaired.

The weather conditions were well withstood by the Hilo Railroad Company's traffic, the only delay being caused by a small landslide near Kawaiulu. Other than this the traffic is unhindered.

C. E. Wright of the Volcano Station declared to the Star-Bulletin this morning that the roads to the volcano were in good shape, he having sent a number of auto parties over them since the heavy rains.

**Country Club Entertains.**  
A number of dinner parties have been planned for the Country Club entertainment this evening. If the affair proves a success there will probably be a series of such entertainments on the evening of the full moon of every month. After dinner there will be cards and a dance, insuring for each guest some manner of entertainment. Some of those who have reserved tables for tonight are Mrs. E. D. Tenney, Miss Beatrice Castle, Mr. and Mrs. Frederick Klamp, Miss Louise Lucas, Mr. Tom Gray, Mr. and Mrs. W. R. Castle, Mr. and Mrs. R. B. Reidford, Miss Wilhelmina Tenney, Mr. and Mrs. R. F. Dillingham, Mr. and Mrs. Wm. Williamson, Mr. Percy Morse, Mr. Jack Belsor, Mr. and Mrs. L. Tenney Peck, Mr. J. D. McInerney, Mr. Cecil Brown, Mr. J. H. Calton, Mr. M. F. Prosser, Mrs. E. F. Bishop, Mr. H. H. Walker, Mr. and Mrs. C. H. Cooke,

Mrs. von Holt, Mr. and Mrs. James Lole, Dr. and Mrs. George Herbert, Mr. and Mrs. A. J. Campbell, Mr. and Mrs. B. L. Marx, Mr. R. W. Perkins, Mr. L. H. Camp, Mr. John Guild, Mrs. C. G. Bockus, Mr. William McInerney, Mr. and Mrs. Geo. Angus, Mr. Walter Duisenberg, Captain Alfred Aloe, Judge Antonio Perry, Mr. Walter Kendall, Mr. J. S. Walker, Mr. J. M. Riggs, Mr. and Mrs. W. W. Thayer, Mr. Jno. Kinney, Mr. Fred Jamieson, Mr. J. H. Drew, Mr. and Mrs. F. L. Myers, Mr. F. C. Hagen, Mr. J. Waldron, Mr. J. F. C. Adams, Mr. R. B. Goodell, Dr. and Mrs. W. T. Monsarrat, Mr. G. H. Buttolph, Mr. Albert Homer and others.

A number of dinner-parties have been planned to precede the Kaal concert at the opera house tomorrow evening.

**Punahou Dance Postponed.**  
Owing to the many entertainments on the tapis given this week the Punahou dance has been postponed.

**Mrs. Harry Wilder to Entertain the Card Club.**  
Mrs. Harry Wilder will entertain the Card Club this week.

**Mr. and Mrs. R. R. Goodell Entertain.**  
Mr. and Mrs. R. R. Goodell entertained at a pretty appointed dinner at the Moana on Monday evening in compliment to Major and Mrs. William P. Wooten. After the dinner hour a most enjoyable evening was

devoted to bridge. The guests included, Major and Mrs. William P. Wooten, Dr. and Mrs. Cooper, Dr. and Mrs. Stoner, Mr. William McInerney.

**Miss Epsy Dockery the Bride of Captain William D. Forsythe, Fifth Cavalry, U. S. A.**  
The following announcement will be of interest to the Army and Navy folk of Honolulu.

Miss Epsy Dockery, youngest daughter of Mr. and Mrs. D. M. Dockery was married on December 30 at Hernando, Miss., to Captain William D. Forsythe, Fifth Cavalry, U. S. A. This is interesting to Honolulu from the fact that it was while Miss Dockery was visiting her brother, Lieutenant A. B. Dockery of the Fifth Cavalry at Schofield Barracks that the friendship was formed which has ended in this happy marriage.

Mr. Carl F. Heintz of Hilo is in the city for a few days and is registered at the Young.

**Mrs. A. N. Campbell to Entertain.**  
Mrs. A. N. Campbell is entertaining at tea tomorrow afternoon for Madam Campbell and Miss Clara Campbell.

**Mrs. A. G. M. Robertson to Entertain.**  
Mrs. A. G. M. Robertson has invitations out for a tea next Monday afternoon.

Mr. and Mrs. H. K. Bishop are taking a party to the Country Club this evening.

**Mr. Walter Duisenberg Entertains.**  
Mr. Walter Duisenberg was host at an enjoyable dinner party at the Pleasanton last evening. Covers were

laid for nine including Mr. and Mrs. A. B. Dohmann, Mr. and Mrs. Thornton White, Miss Aaa Boyer, Mrs. Rink, Mr. Wilder, Mr. C. H. Olsoa and Mr. Duisenberg.

Miss Beatrice Castle is entertaining a party of friends at the Country Club this evening prior to the dance.

Mr. and Mrs. James A. Kennedy, Miss Jessie Kennedy and Mr. Stanley Kennedy were home coming passengers in the Wilhelmina yesterday morning.

Mr. and Mrs. Mark A. Robinson (Agnes Armour) returned yesterday in the Wilhelmina from a wedding tour in the east.

Mr. and Mrs. Gerrit Wilder left for Molokai yesterday afternoon and will be the guest of Mr. and Mrs. George Cooke. Later they will take a trip to Maui and will be the guests of Mrs. John Walker. The Wilders will return to Honolulu in two months.

Miss Helen McLain who is attending school in California will return to Honolulu sometime in the spring to attend the wedding of her sister, Carrie, to Mr. Alfred Eames, Jr. Though no definite date has been decided upon for the wedding it will probably take place in the early summer.

Mr. and Mrs. E. H. Kent will arrive in Honolulu on the third of February and will give lectures on the canal. While in Honolulu they will visit their sister, Mrs. E. F. Bush of Kewalo street.

**Will Make Home in Hawaii.**  
The issue of December 30 of the Pasadena News contains the account of the wedding of two prominent young people who will make their home in Hawaii—that of Miss Bessie Mattison, only daughter of Dr. Fitch C. E. Mattison, one of the leading physicians of Pasadena, and Ernest Behr, only son of Dr. and Mrs. Arno Behr, formerly of Pasadena, now of Berkeley. Mr. Behr is the brother of Mrs. Rufus Spalding of Kauai and was a visitor at his sister's home last year and is known to many Honolulu young people who met him then. The wedding cards announce that Mr. and Mrs. Behr will be at home after Feb. 15 at Kealia, Kauai. The account of the wedding follows:

At the home of the bride's father Dr. F. C. E. Mattison, Miss Bessie Mattison of West California street was married Saturday evening at 8 o'clock to Ernest Behr of Berkeley, the ceremony being performed by Rev. Leslie E. Learned of All Saints Church in the presence of several hundred guests. The bride was gowned in heavy white satin made with court train and trimmed with real lace. Her veil was caught with orange blossoms, and she carried orchids and lilacs of the valley. Her only ornament was a necklace of pearls, a gift of the bridegroom. Mrs. Behr wore a K. Douglas attended as matron of honor, and wore her wedding gown, a heavy white satin made with court train draped from the shoulders. She carried a stunner bouquet of pink roses. The bridesmaids, Miss Emily McBride, Miss Elizabeth Childs, Miss Edith Edlinson and Miss Mabel Selbert, were gowned in white satin with green chiffon overdress and silver ornaments. Each carried a shower bouquet of pink roses. Lloyd Tallaferrro served as best man and others were Messrs. Benjamin Douglass, Cecil Thomas, Irving Reynolds, and Irving Benton. The home was decorated in a pink and white color motif. In the living room where the ceremony was performed, white roses and greenery were used. An altar of white roses banked with ferns and palms was fashioned in one part of the room. The path leading from the stairs to the altar was lined with greenery and silver pedestals placed at intervals to which were fastened white satin streamers caught with fluffy bows. The dining room was in pink Manan Cochet roses and ferns and it was here that the electric table for the bride was placed. A mound of lilies of the valley and pink roses was used as a centerpiece and vases of the same flowers were placed at intervals. The library was in American beauty roses and the same shade tulle. An orchestra under the direction of Sollic Hellbrunner furnished music for both ceremony and reception following. At the former, the Lohengrin wedding march was played preceding the service and later the Mendelssohn recessional. At the reception, favorite music of the bride was played. Following the supper and reception, Mr. and Mrs. Behr left on a wedding journey, and after their return will go to Kauai, Hawaii, to make their home. Mr. and Mrs. Arno Behr, parents of the bridegroom, came from Berkeley where they are making their home to be present at the ceremony. The Behrs were former Pasadenans. Mr. and Mrs. Ernest Behr are well known throughout social circles of Southern California, and many functions have been given in their honor.

**Party of New Residents.**  
One of the pretty affairs of the week was the bridge party given Monday by Mr. and Mrs. George McClellan, from Washington, D. C., who have come to Seattle to reside. Christmas decorations prevailed in the various rooms, where six tables of bridge were played. Miss Hester and Miss Leonora Hill presided at the punch bowl. Miss Agnes Parker and Dr. N. N. Wiger were the prize winners.—Seattle Post Intelligencer.

Everything in the printing line at Star-Bulletin, Alakea street; branch, Merchant street.

"How's the June bride getting along?" "All right. She's settled down in the rut of married life." "So. In what way?" "Well, she's got so now that she doesn't care how she looks at breakfast time."

Mrs. Tinkle: Did you ever see the Great Divide? Mrs. Dimple: Well, I've been to Reno three times.

An "At Home" will be given at the Susannah Wesley Home, 1444 E. King street, Saturday, January 25, 1913, from 2:30 p. m. to 5 p. m. All those having invitations for the "At Home" dated November 22 or interested in this work, will be welcome.—advertisement.  
Declaring that since the day of their marriage on October 15, 1910, his wife had been the constant victim of the green-eyed monster and has continually nagged, threatened and subjected him to physical and mental pain, Nobijiro Nakamura has sought relief of the circuit court in a petition for divorce from Haru Nakamura. He says she even pursued him to his place of business and humiliated him before his friends by unjustly accusing him of infidelity. Finally, he alleges, she left him on June 5 of last year and has not resided in his home or on his bounty since that time.

**ANNUAL CHURCH SUPPER TONIGHT**  
The annual church supper of Central Union Church will be held in the parish house tonight at 6 o'clock, after which the annual meeting of the church and congregation for the hearing of reports and for transacting any other business that may be brought up will be convened. A cordial invitation is extended to all members of the church and congregation and any interested in the work of the church to be present. The chowder supper will afford a delightful social hour and the reports which follow will be brief, spirited and interesting. It is hoped that as many as possible will take this opportunity of becoming better acquainted with the work and the workers of the church.  
**A GERMAN LAW.**  
The laws of Germany hold all persons, owning or renting property, responsible for fires that occur thereon, punishing them by fines or imprisonment, for such an occurrence. It is not so much the idea as to what a fire might cost the owners or renters, but the danger to their neighbors, and the damage it might cause them and the community at large. The United States would do well to place a similar law in force. The Denio System will help all. Who will be wise and let them.—advertisement.

**PINEAPPLE GROWERS ON THE DEFENSIVE**  
In consequence of an attack on the pineapple tariff made by a Portland, Ore., man, the Hawaiian pineapple growers cabled to Mr. Eames of Wailua, who was in San Francisco, asking him to proceed to Washington with Delegate Kuhio and fight for the retention of protection to this rapidly expanding industry. The information the pineapple men had of the attack was contained in the following cablegram from the delegate:  
"The only action taken in re-pineapple tariff on record before the Underwood committee is a brief letter from Mr. Stevens, of Portland, Ore., who alleges that under the Dingley tariff thousands of cases were imported. That under the present tariff it naturally is precluded bringing in of any pineapple and that none have been imported for three years, there-

**OUR TOBACCO IS REDEEMED**  
**New York Experts Declare Hawaiian Leaf 1911 Crop High Class**  
Far from being discouraged by the conflagration a few months ago which destroyed the entire year's crop, the Kona and Hawaiian Tobacco Plantations are making even greater preparations for the marketing of a bumper tobacco harvest this season, and Manager W. B. Schrader, of the Hawaiian Tobacco Plantation, in a letter to one of the company directors in Honolulu, predicts that the 1913 growth will be of even finer quality than the 1912 crop, which excelled all previous productions in this respect.  
In attempts to get Hawaiian grown tobacco before the New York market the poor burn of the 1910 crop, due to improper fermentation, handicapped efforts to get a hearing from buyers for the succeeding crops. At first the buyers would not touch it, but since the New Year coast wholesalers, New York and San Francisco especially, have begun to "take notice."  
A well known broker of thirty-two years' experience says our tobacco is a distinct type—that samples of the 1911 crop submitted cannot be classed with the 1910 crop, but compare favorably with fancy Sumatra, most of it valuing \$2 a pound and the balance at least \$1.50.  
And the samples of Havana style wrappers submitted were valued at \$1.50 for light and \$1.20 for dark, with the filler tobacco at 60 cents.  
A cable from the Hackfeld New York office recently says: "No trouble with selling if the goods right. Trouble with 1910 crop burns uneven and too dark Dealers (naming them) will pay \$200 per bale good wrappers like sample," or about \$2.50 per pound. It stated the dealers declared emphatically it could not be compared with the 1910. Manufacturers, whose names were given in the cable, spoke similarly.  
**BUSINESS ITEMS**  
With ups and downs all told, stocks were considerably stronger on the New York exchange yesterday than for some time previous.  
The trustees of the Bishop Estate have sent to San Francisco for an architect to give an estimate on a building that may cover the entire strip of land opposite the Young Hotel, from King to Hotel, on Bishop street.  
Hawaiian stocks in San Francisco closed yesterday as follows: Hawaiian Commercial, 38.13 1/2 bid; Honolulu, 7.12 1/2 bid, 9 asked; Hutchinson, 18.37 1/2 bid, 16.62 asked; Kilauea, 12 bid; Onomea, 11.87 1/2 bid, 22.50 asked; Paauhau, 16.12 bid; Union Sugar, 30 asked; Honolulu, 30 bid.  
The Wailua Water Company has secured a right of way from the Bishop Estate for the company's tunnel through the Koolau range, also a lease of the estate's water rights at Wailua for fifty years. The company is to pay a minimum rental of \$1875 a year and a percentage on the water used.  
San Francisco's commerce for 1912 was as follows: Imports, \$22,744,186; exports of domestic merchandise, \$54,707,850; shipments to Alaska, \$2,575,556; shipments to Hawaii, \$18,193,850; shipments to Guam and Tutuila, \$95,163; total shipments domestic merchandise, \$75,882,419; exports of bullion not included in merchandise, \$10,712,126 gold and \$5,121,916 silver—making a grand total of all shipments, not including coin nor foreign merchandise, \$91,406,451, all by sea.  
fore, no revenue to the government. That the Hawaiian growers are given a monopoly to disadvantage of consumer, enabling them to obtain higher prices than warrantable. They ask for a reduction of the pineapple tariff."

Any: I am so glad that your sister Ella is to be married, and to that rich Mr. Munlev, too. Was it a case of love at first sight? Bill: No; first ask.  
**A Thinker's Thoughts**  
If you are a thinker your brain wears away in proportion as you use it and this waste must be rebuilt by food (there's no other way) else the brain grows dull and is a poor instrument.

## SUPERVISORIAL HUI BOBS UP AGAIN AT MEETING OF THE BOARD

The loving trust in each other between Supervisors Wolter and Pacheco, which has been evident since the assumption of government by the present board, was again made manifest last night, when the former solemnly did a right about face at a hint from the latter. It was over a small matter but shows that the lines drawn over patronage still holds firm. Supervisor Petrie had been instructed to find out why R. G. Wallace, of Beckley street refuses to turn over to the city a strip of land about eight by 200 feet for road purposes. His neighbors have given their share, but Wallace, it was said, is holding out for a cash payment. Petrie was instructed to find out his price.

Wolter went on his feet in an instant, with a warning against buying land in such a "backwoods street as Beckley." This surmise, on his part, riled Pacheco and he rushed to the defense of Beckley street. Thereupon Wolter changed his mind and declared himself an ardent advocate of anything and every thing that might be for the advancement and betterment of that thoroughfare.

Much of the session of the board last night was taken up by the ladies of the Kilohana Club, with a description of the work they are doing and planning for the beautification of Honolulu. The committee from the club was made up of Mrs. E. J. Lowery, Mrs. Sherman, Miss Frances Lawrence, Mrs. Lowery, speaking for the club said that the plans for the betterment and beautifying of the city included, planting of trees, laying of concrete sidewalks, removal or repair of old fences, abolition of billboards in residential sections of the city, clearing up of vacant lots, the planting of hibiscus in profusion throughout the city, parking of empty spaces and the establishment of playgrounds for the city's youngsters.

Mrs. Lowery also told of the work that is being done in Kalaikoa avenue where the club is planting coconut trees as far as possible, between the coconut trees already planted. She asked that the city continue watering these plants three times a week as heretofore.

In response to an attack on the plaza at Kinau street, Mrs. Lowery said that she drives around this plaza many times a week and has found it no obstruction.

The horse Chief formerly belonging to the road department, but by the

last board turned over to Miss Rose Davison for her use as humane officer, jumped into the lime-light again last night. Superintendent Petrie wanted to know. He had heard, he said, that Miss Davison, who owing to the action of the present board is no longer an employe of the city, has hung on to the horse and declines to give it up. Supervisor Pacheco moved that the road committee be instructed to secure possession of the horse and this motion passed.

Acting on the opinions handed in by Attorney Milverton the board will probably allow the claims made by Joana Kamaka, who broke his leg while in the employ of the road department and asked for ten days pay. It turned down the claim for fifteen days pay made by Rosa formerly inspector at the district court, on the ground that he was discharged prior to January 1, and has done no work for the city since that time. The re-appointment of Charles G. Murasky as assistant to the building and plumbing inspector was received.

Citizens of greater Kapiolani asked for street repairs and more electric lights. Kahaaloaha lane residents want one electric light. A petition signed by representative citizens of Beretania street was presented by J. W. A. Palmer, calling attention to the wretched condition of this thoroughfare due to the heavy traffic which passes over it from Kalaikoa. The petitioners declare that after the gas pipes were laid, the street was never properly repaired; that it has not been cleaned in six months; that refuse from other streets is dumped on Beretania street to be ground into dust by wheels; that sections of it are impassable to pedestrians, and that it is so improperly sprinkled that clouds of dust hang over its entire length.

They asked that the street be cleaned and repaired as soon as possible and that the sprinkling be done early in the morning before the heavy traffic starts to move, and again in the late afternoon when the traffic is at its height. They also ask for permanent paving as soon as conditions will permit. Referred to the road committee.

Resolutions were introduced by Supervisor McClellan, and passed, re-appropriating balances in the general fund and the permanent improvement fund, left by the old board, and which are due for construction work on the streets.

## FLORAL PARADE TO STATUES ADORN BUILDING OF Y. M. C. A.

Not only will the Hawaiian historical parade be seen in Honolulu next month by hundreds of tourists from the mainland and the colonies, but it will be shown on the moving picture screen before millions of people throughout the states, and other parts of the world.

Bringing with him a complete outfit for taking the "movies," Raymond Gaumont, who represents one of the largest moving picture firms now in operation, arrived in Honolulu yesterday on the Wilhelmina to await the mid-Pacific Carnival. He is the son of the founder of the great concern which he represents, and will personally conduct the taking of the pictures which will no doubt afford an enormous amount of publicity for Hawaii. Besides being interested in the Carnival, Mr. Gaumont has already in mind many other fields in the islands which will prove the source of many reels of interesting pictures, and he is planning to get some pictures of a shark hunt, having conferred with Director-general Chillingworth on this matter, and the latter will arrange a hunt to take place in the near future.

Next Friday Mr. Gaumont will leave for Hilo on the Wilhelmina, remaining there about ten days, at which time he will visit the crater of Kilauea for the purpose of getting both day and night pictures of Hawaii's greatest wonder. During his stay in the second largest city, he will be guided around by Manager Wright of the Volcano Stables. When the Cleveland arrives tomorrow morning Mr. Gaumont will meet another representative of his company who is aboard that vessel, and together they will take pictures of the crowds on that cruiser.

### SOME "INSIDE DOPE"

"Jack" Atkinson, who was with the money gathering end of the Progressive campaign prior to the last election is going to give a talk before the Commercial Club at the luncheon hour Friday noon. His subject will be "The Business Side of a National Campaign." A large crowd is expected and those in charge of the affair are anxious to have as many as possible hear Mr. Atkinson.

The ten pieces of statuary, ordered some time ago for the new building of the Young Men's Christian Association, were delivered this morning and will be assembled and put in place tomorrow.

During the campaign for funds for the erection of the new building, the association was presented with a gift of \$250 for the purchasing of appropriate art decorations. A committee composed of W. A. Love, Robbing Anderson and Richard Cooke was appointed to make the selection, and at this time another \$250 was donated for the same purpose. With this money available the committee made an investigation of the best suitable decorations and finally decided upon several pieces of statuary and several plaques. There were ordered from Capron, of Boston, and the goods arrived this morning in first class condition.

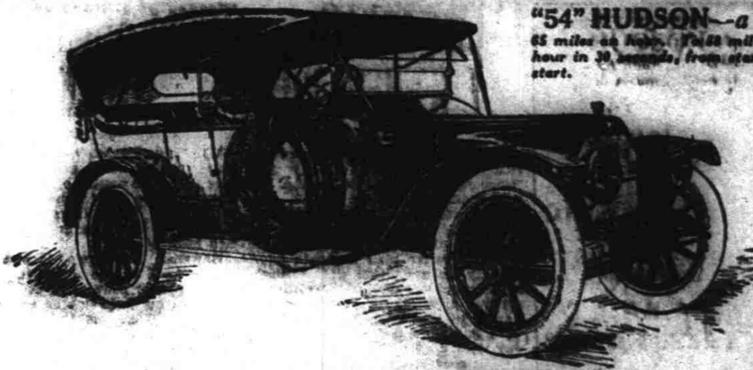

The statuary will be distributed throughout the building in the following manner:—"The Fighting Gladiator" sometimes called the "Borghese Fighter," will stand in a corner of the reading room at the left of the entrance. It is a beautiful statue, the figure being of heroic size. "The Wrestlers," which cost dollars, will stand by one of the columns in the lobby. "The Scout" an Indian on horseback, which is three feet tall, will be placed in the boys' department. "Washington Crossing the Delaware," a bas relief eight feet long and five feet high, will hang on the mauka wall of the boys' department. Another relief the famous "Spirit of '76," will also be placed in the boys' department and will hang on the makai wall. A heroic bust of Abraham Lincoln will be placed in the reading room on one of the book cases.

All the statuary is ivory finished and will furnish not only an addition to the furnishing of the association but also a general contribute to the artistic life of the city. For statuary in Honolulu is all too scarce and the average citizen seldom sees any.

### WOMEN WILL BRING MISCREANT TO JUSTICE

Active work by the Women's Cooperative League, which is developing the "Big Sister" movement here, has begun to bring to justice a soldier of the Second Infantry who left here on the last transport. According to the information furnished the authorities, the man has seduced a young girl of this city and is now leaving her to shift for herself. The Women's Cooperative League has taken the matter up vigorously, and stands prepared to see that justice is done in this and in other cases for the protection of girls here.

"What makes you think that Kurt is marrying me for my money?" "Well, he must have some reason."

"54" HUDSON—a Six 65 miles an hour, 70.68 miles an hour in 30 seconds, from standing start.

## The Two New HUDSON Cars That 48 Engineers Built

The picked engineers from 57 European and American automobile factories combined in building the New HUDSON cars.

There are 48 experts in the organization, at the head of which is Howard E. Coffin, America's leading automobile engineer and builder of six famous cars.

Combined, these men had a hand in building more than 200,000 motor cars.

No car can be greater than its engineers planned it to be. We believe mechanical perfection is more quickly and thoroughly accomplished through combining the experience and skill of many men than is ever possible if dependence is placed entirely upon one man.

### The Six

The "54" HUDSON supplies every demand made of any automobile, in speed, get-away, safety, power, luxurious equipment, distinctive appearance and comfort.

It is not merely a "Six," made so by the addition of two cylinders to a good four-cylinder car. It is capable of a speed of 65 miles an hour with full equipment and will jump to a speed of 58 miles an hour in 30 seconds from a standing start.

Its equipment is complete in every detail which includes an electric self-cranking, electric lighting—dynamo type—and ignition system known as the Delco, patented. Illuminated dash and extension lamp, mobile top, curtain, rain, vision windshield, speedometer, clock, demountable rims, 36x4 1/2 inch tires, 127-inch wheel base, etc.

The seat cushions are 12 inches deep. Turkish type. The finest materials are used throughout. No detail of finish or equipment is skimped or overlooked.

"54" HUDSON Modeler, Five-passenger Touring Car and Coupe and Two-passenger Roadster, \$2200 each. L. S. B. Modeler, Seven-passenger Touring Car, \$350 additional. Accessories, 1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49-50-51-52-53-54-55-56-57-58-59-60-61-62-63-64-65-66-67-68-69-70-71-72-73-74-75-76-77-78-79-80-81-82-83-84-85-86-87-88-89-90-91-92-93-94-95-96-97-98-99-100.

### The Four

No man need be told that Howard E. Coffin leads all in building four-cylinder cars. No designer has built as many successful automobiles.

In building the HUDSON "37" all his skill and experience contributed to its perfection. But in addition there was also worked into the car the skill and experience of his 47 expert associates.

Thus was produced a car such as no one else is capable of building. It is truly a composite masterpiece. The "37" combines all that these experts know in the art of automobile building. Its detail of comfort, beauty, distinctiveness and equipment is precisely the same as that furnished on the "Six."

The car has sufficient power for every requirement. It is quiet and free from the degree of vibration common to most automobiles.

It is a simple, accessible, durable car—the best our 48 engineers know how to build; therefore we unhesitatingly recommend it as the Master of any four-cylinder car, regardless of cost, power or make.

Modeler, Five-passenger Touring Car and Coupe and Two-passenger Roadster, \$1875 each. L. S. B. Modeler, Seven-passenger Touring Car, \$350 additional. **CLEWS TAKES CHEERFUL VIEW**

In his special letter of January 11, Henry Clews of New York says that "since January 1 the stock market has been marking time, showing a distinctly better undertone without any pronounced increase in activity or strength. Underlying conditions are certainly better than a month ago." January disbursements were estimated at about \$245,000,000, which had not yet appeared in the investment market to any extent. In big flotations Baltimore & Ohio had led the way with a \$64,000,000 issue. The present ease of the local money market has already had the effect of starting gold exports. The loss of between \$300,000,000 and \$400,000,000 by the Balkan war aggravated a strain in the European money markets caused by excessive speculation, and exports of ten millions in gold to Europe were likely to be increased to ten million dollars before the demand was satisfied.

"That we should be shipping gold at this season is somewhat unusual," says Mr. Clews. "In spite of the return of \$40,000,000 or \$50,000,000 American securities at the time of the Balkan outbreak, this country should still have a liberal credit abroad, considering the large excess of exports over imports which continued through 1912. The unusual character of this movement emphasizes two points. First, the exceptional strain in Europe, and, second, our ability and readiness to give financial aid to Europe. The Bank of England rate remains unchanged, loans having been reduced \$34,000,000 this week and the reserve increased \$13,400,000. In all probability an advance in the bank rate would have occurred had we insisted upon importing gold, a few weeks ago, as was within our power. Once more Europe is depending upon New York for financial aid in time of stress."

Mr. Clews refers to the judicial and legislative developments in Washington and concludes as follows:

"The unfavorable effects of tariff and trust agitation have been pretty thoroughly discounted. So, too, has the lessened activity of business, gold exports and the Balkan war. Prices for many of the best stocks and bonds are at a figure that yield very attractive returns, especially when compared with the recent fall in money rates. Cheap money usually means better prices for stocks, and in view of the sharp decline, from 5 to 20 points in the best shares during December, the market is now entitled to a reasonable recovery. There is a steadily improving demand for investments which will become more marked as the month advances. Bonds are already improving. January disbursements were much larger than usual, and in spite of the increased cost of living, a goodly portion of these funds will seek reinvestments. Taking the situation as a whole, we are still inclined to the more hopeful views expressed in these advices a week ago. The situation is by no means entirely an optimistic one, but the business mind as well as the political mind has been over-impresed with pessimistic views, and it is time to assume a more cheerful attitude in order to get back to the normal and recover our balance financially as well as politically. For the time being at least the market will most likely have the support of powerful banking interests who have underwritten the new flotations."

**COURT TAKES CHILD FROM SICK MOTHER**

At the bedside of the ill and widowed mother Judge Whitney conducted a juvenile court yesterday, legalizing the adoption of the baby of Mrs. Maggie Hundorp by Mr. and Mrs. M. R. Quintal, of 981 Dowsett Lane. Mrs. Hundorp's husband is said to have deserted her some time ago and she confessed her inability to care for the infant. Though confined to her bed, she was strong enough to raise to a sitting position as she took the oath of renunciation to a mother's right and to sign the necessary papers.

The foster mother, the clerk of the court and the probate officer were present. The child had already been named "Dorothy," but the foster mother will conduct a christening at its new home today giving her a new name.

**25 CENT "DANDERINE" FOR FALLING HAIR AND DANDRUFF—GROWS HAIR**

Don't Pay 50 Cents for Worthless Hair Tonics — Use Old, Reliable, Harmless "Danderine" — Get Results

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Knowlton's

**THREE SUGAR STOCKS RISE**

With considerable trading between boards, and a small amount of business at today's session of the stock exchange, prices show a substantial improvement. While there are no declines, Ewa, Hawaiian Sugar and Onomea have advanced.

Hawaiian Commercial is steady at 33.37½ for 5 and 25 shares in excess, with a quarter more being asked. Onomea sold up three-eighths to 32.37½, in lots of 65, 20 and 15 shares. Pioneer is unchanged at 26.50 for 35 and 10 shares, a point more being now asked. Brewery holds 24 for 50 shares and Pahang Rubber 19.87½ for 15 shares reported.

On the board Oahu sold at 23.37½, which is still the asking price, two lots of 5 shares each changing hands. Hawaiian sugar sold up three-quarters of a point to 36.25 for 50 shares. Five shares of Ewa sold up three-quarters to 26 and 5 more brought a quarter point better.

**HILO JAILER HOLDS PRISONER OVER TIME**

HILO, January 20.—News of more trouble in the Hilo jail has leaked out to the effect that, through an error in bookkeeping, Panlu, a Filipino, had been kept in jail four days more than his sentence called for and that, to appease him, Jailer Maby paid him a sum of money.

The Filipino was arrested on December 4, and was sentenced to serve thirty days in the jail. On January 9 he was released. He at once made a demand for indemnity, and as Jailer Maby refused to give him the amount which he demanded, Panlu took the matter to an attorney. The rest of the matter was taken up by County Attorney Beers, who states that the Filipino was actually kept in the jail four and a half days longer than his sentence called for. An offer of ten dollars by Maby failed to soothe the feelings of the Filipino, and the offer was turned down. Panlu taking his complaint to another attorney. This attorney, on the other hand, came to Beers and offered to settle the matter for the trifling consideration of three hundred dollars, but Beers could not see through this and came back at the attorney with an offer of \$22.50, figuring the time which the Filipino spent in the jail after his sentence had expired, at five dollars a day, and this was, according to Beers, more than the Filipino could earn working by the day.

The matter was dropped for a time and then the Filipino came back and offered to drop the matter for the \$22.50, with an additional \$15. After considerable discussion this amount was cut down to \$30, which probably ended the matter.

**TO DEDICATE TABLET TO GENERAL ARMSTRONG WEEK FROM TOMORROW**

As a tribute to his work toward greater education, the memorial tablet which has been erected in honor of the late General Armstrong will be dedicated at Punahou Thursday afternoon, Jan. 30, at 3:30. This day is considered especially appropriate for the ceremony as it is the anniversary of the birth of Armstrong.

Following the dedication ceremonies, W. R. Castle will speak upon "Armstrong in Hawaii," in which he will tell of the influence which Hawaii had on the educational theories of the general which resulted in the founding of Hampton College. Dr. N. B. Emerson will tell the effects of Armstrong's college at Williams on his later career, and C. A. Cottrell will speak in behalf of the race for which Armstrong's educational work has done so much. Armstrong's school days at Punahou will be told by Rev. W. H. Gulick.

**PERSONALITIES**

MRS. S. L. GERALD, sister of Leonard E. Thayer and aunt of Attorney General Wade Warren Thayer of this city, is an arrival in the Matson Navigation steamer Wilhelmina from the coast. The meeting between brother and sister was the first in seven years. Mrs. Gerald is accompanied by Mrs. J. N. Blodgett of Franklin, N. H.

A helmsman's error in sighting shore lights was responsible for the wreck of the Rosecrans off Astoria, when thirty-three men lost their lives.

Labor organizations are now busily engaged in raising over \$1,000,000 to put up bonds to release the thirty-two union labor leaders jailed at Indianapolis last week.

**The Choicest Table Butter**

There is no other butter on the market to equal PURITAN CREAMERY BUTTER. We receive shipments by every local steamer, which insures its freshness and sweetness of flavor.

**OIL ASSESSMENT IS RESISTED**

Local shareholders of the Norris-Midway Oil Company are not going to submit to the assessment of ten cents a share recently levied on the stock by the directors in California. Being a majority of the stockholders, the local investors in this company are likely to have their way. At a meeting on Monday representing 135,000 shares it was decided to take steps to resist the assessment. Accordingly G. H. Buttolph will leave for the coast in the steamer Sonoma on Saturday to present the case of the local stockholders.

So as to have as many of them backing Mr. Buttolph's mission as possible, a form of proxy and a power of attorney for him are lying at the office of Williamson & Buttolph for the signatures of stockholders.

**GREAT ANIMAL FILMS SHOWN AT LIBERTY**

The Alaska-Carnegie pictures at the Liberty this week are making the biggest kind of a hit. Pictorially, the photos are wonderful; as an achievement of the moving picture art they are even more wonderful.

The photos were taken by L. L. Lane during the expedition that the Carnegie Museum of Pittsburgh sent to Alaska and Siberia to study animal life at close range. The lassoing of polar bears, on a short rope, too, give some idea of the wonderful life and movement of these pictures. The theater is showing them only one week. Each night the performance begins at 8 o'clock. There will be a Saturday matinee, and in the evening the pictures will be shown for the last time. They are mighty well worth seeing, especially for the children.
