PROF. BRYAN STILL IN RACE FOR GOVERNOR

May Be Offered as 'Harmony' Candidate in Effort to Defeat Pinkham

COUNTY COMMITTEE IN MEETING LAST NIGHT

Democrats Determine to Have a United Front Provided They Must Fight for It

Professor William A. Bryan of the College of Hawaii is not out of the gubernatorial race. That much was made certain last night at a spirited meeting of the Democratic county committee.

At the meeting of the committee last night Professor Bryan appeared and made a short speech, following which the proposition of agreeing upon a "harmony candidate" was taken up and Professor Bryan's name was mentioned in that connection.

In another connection he said that he had become a candidate for the gubernatorial position, being urged by his friends to do so.

Professor Bryan stated this morning that he would accept the endorsement of the party here and renew his efforts for the nomination.

The meeting last night was spirited and barely missed coming to an abrupt end once or twice.

The name of L. Parrish was suggested for Kinley's place, which met with strong opposition at the hands of the presiding officer.

It was after he had left that Professor Bryan spoke. He pointed out the great necessity for the Democrats to get together in the territory in order to succeed in the present administration.

As long as the party is divided it will be able to accomplish little, he said.

There will be another meeting of the committee soon, and from one or two of the members it is learned that Professor Bryan's name will probably be laid before the committee with the recommendation that he be endorsed as a proposed "harmony candidate."

UNPRECEDENTED WATER SHORTAGE IN HAWAII NOW

The September monthly report of the hydrographic division of the Bureau of Agriculture and Forestry made at a board meeting today, states that a condition of almost unprecedented drought exists on all of the islands of the territory.

During the month G. K. Larison, superintendent, and C. T. Bailey, assistant engineer, completed a reconnaissance of all streams on Maui between Haun and Kaupo.

On the islands of Maui and Kauai construction and improvement work in the nature of new automatic clock register stations, and new trails over territory previously considered impossible, has progressed rapidly.

NEW ELEMENT INTRODUCED IN WAR GAME

Superior Force Is Divided and Junction Is Necessary to Carry Out Mission

BLUES AND REDS STILL IN BLOODLESS BATTLE

Today's Maneuvers Most Interesting of Series of Diversified Field Exercises

By LAURENCE REDINGTON, Star-Bulletin Staff Correspondent in the field with the 1st Hawaiian Brigade.

IN CAMP NEAR CANTNER, Oct. 17, 11 a. m.—It will take the combined legal talent of General Macomb and his entire staff of umpires to argue the case of Blues vs. Reds, heard this morning. So complex has the situation become, owing to a scarcity of blank ammunition, which prevented the commanders and umpires from telling the location and extent of opposing fire, that when recall sounded at 12:05 it was impossible to tell whether the Reds had succeeded in holding the crossing of Kaukonahu gulch or whether the defending Blues had driven the invaders back.

The problem moved slowly for several hours when a sharp fight finally developed in the neighborhood of Wahiaua dam and to the west of it, with the 1st infantry, commanded by Major Tayman, bearing the brunt of the battle.

Today's maneuver brought in a new element in that the superior force was divided, the two regiments on the Blue side having to effect a junction before carrying out their mission. In many ways this turned out to be the most interesting of an exceptionally diversified and interesting series of field exercises.

The Blue force today consisted of the 1st and 25th infantry, and one battery of field artillery, while the 2d foot became the Red invaders, who

MILL ENGINEERS COME TOMORROW FOR CONVENTION

Delegates from All Over Territory Will Discuss Vital Problems of Sugar Industry

Delegates from many parts of the territory will arrive tomorrow morning on the Mauna Kea, to attend the first annual convention of the mill engineers of Hawaii.

Informal sessions will be the rule until Monday, when the formal program begins. Thirty-two delegates have been named from various plantations, and in addition there will be in attendance a large number of sugar men—plantation managers, members of agencies and representatives of the Planters' Association.

Eighteen delegates from Maui and Kauai are expected on the Mauna Kea tomorrow morning, and will be met by a special reception committee from the Hawaiian Engineering Association, under whose auspices the convention has been arranged.

On Sunday morning, after the arrival of the Kauai delegates, a trip to Pearl Harbor offers an attractive program. Through the courtesy of Admiral Moore, the naval tug Navajo will take the delegates and their guests to Pearl Harbor to inspect the engineering work of the drydock, power plant, coal-handling equipment and buildings of the naval station.

The following sugar mill engineers will attend the convention: R. E. MacKenzie and Thos. Murray, Paauhau Sugar Co.; Alexander Milne and Geo. Duncan, Olaa Sugar Co.; F. P. Beckert, Kakaia Mill Co.; Wm. Napier, Nihihi Mill and Plantation Co.; Wm. Wylie, Onomea Sugar Co.; Joseph Wylie, Pepeekeo Sugar Co.; Jas. E. Kennedy, Hakalau Plantation Co.; Harry T. Walker, Hamakua Mill Co.; James Ogg, Hawaiian Agricultural Co.; James Russell, Hawi Mill and Planta-

ZEPPELIN EXPLODES IN MID-AIR; ARMY MEN DIE
Huge German Dirigible Bursts, Victims Fall 900 Feet

Zeppelin dirigible of similar type to the one that exploded today. Photograph taken during recent aerial maneuvers and yacht races at Kiel.

BERLIN, Germany, Oct. 17.—The greatest disaster in the history of aviation and one of the most sensational occurred today when the huge Zeppelin dirigible L-11 exploded in mid-air and killed more than a score of army officers and military aviators.

The L-11 was the newest of the German Zeppelins and was on her trial trip. The huge, swollen structure of the dirigible, 500 feet long, burst almost with the suddenness of a toy balloon when the explosion occurred 900 feet in the air above the city of Johannisthal.

So rapidly did the flames envelope the dirigible that almost before the Zeppelin crashed to the ground the aluminum and steel used in the framework had been burned bare. The Zeppelin dropped into the main street of Johannisthal, a twisted mass of metal framework in which lay the bodies of most of the victims.

Only one man remains alive of those who took the trial flight. The survivor, Lieut. Baron von Bient, was terribly injured, both eyes being burned out. He was in such agony that he begged his rescuers to kill him.

Witnesses to the accident say that first there were small explosions near the motor amidships, then the violent explosion came which shattered the covering and started the flames. The Zeppelin carried a ton of gasoline and balloons.

Besides the disaster to the Zeppelin, three military aviators were killed today in separate accidents. Count Zeppelin has been having unusual success with his dirigibles recently, although on September 16 one of them was caught in a gale and blown to sea a hopeless wreck.

(Note—For list of casualties in aviation see page four.)

M'CARTHY SAYS MARKETMEN ARE FACING ARREST

Board of Health and Supervisors Fail to Agree and the Treasurer Will Act

His patience exhausted at the failure of the board of health and the supervisors, after four months of effort to reach a satisfactory agreement with the fish market merchants for a sanitary permit to be issued to them, Col. Chas. J. McCarthy, city and county treasurer, will take the matter in his own hands.

Arrests may be made tomorrow of every merchant doing business at the two markets. Saturday may see the fish markets empty and without trading. The arrest of the vendors there is the only course the treasurer now sees open to him.

Makes Adverse Decision. The committee on health of the supervisors recommended to the board of health that the sanitary permits be issued to the fish market merchants, but following an inspection of the two markets yesterday afternoon the board decided adversely to the recommendations, announcing that it would not grant the permits with the markets in their present condition.

It was this decision which led Colonel McCarthy to state this morning that he did not feel justified in waiting longer for a settlement, and that it would now be necessary for him to arrest the merchants for doing business without a license.

Many specified improvements have been directed to be made, some by the committee on health of the supervisors, some by the joint committee of the board of health, and some by

BLACK HORSE BATTERY SETS FINE RECORD

Famous Field Artillerymen Do Remarkable Shooting at Schofield Wednesday

Remarkable firing done by the famous Black Horse battery of the 1st Field Artillery at Schofield last Wednesday is believed to have gained for this noted battery a record never before equaled in field artillery gun practice.

The Black Horse battery, Battery F, was under the eye of the artillery inspector, Maj. L. S. Lyon, as well as under the stimulus of the presence of Gen. Funston, Col. Rafferty, commanding the artillery district, and Maj. Conklin. If the final reports prove up to the enthusiastic statements of those who saw the battery in action, a record for the entire country has been created.

The battery had a target 250 yards away, consisting of four dummy machine guns and the dummy figures of 23 men. Thirty-six shots were fired by the Black Horse in four minutes, this period including the determining of the range.

Of the four dummy guns, one was smashed to pieces and all the others struck. All but one of the 23 dummy figures of men were hit. The time of the battery is said to have been better than that of any other battery in the army.

NO CLASH BETWEEN LOCAL SUGAR MEN AND REFINERS

Local sugar men say there is no truth whatever in the report of a clash with the American Sugar Refining Company as one of the causes for the decision of the sugar factors to

JOSHUA D. TUCKER HONORED BY MASONS

Joshua D. Tucker.

SAN FRANCISCO, Oct. 17.—Joshua D. Tucker of Honolulu today was elected grand standard bearer of the grand lodge of Masons in session here.

Tucker went to San Francisco a short time ago to attend the annual meeting of the Grand Lodge, F. and A. M., of California, which is now in session, as a delegate from the Honolulu Masonic lodge, which are all under the jurisdiction of the California body.

His appointment to the office of standard-bearer is a distinct promotion.

Under the contract that Hawaii has with the American Sugar Refining Company, the increase in sugar tonnage to the coast refineries was allowed for, and the change is now made for reasons of business economy already set forth.

SULZER REMOVED BY VOTE OF 43 TO 12; IS FOUND GUILTY ON THREE COUNTS

Court Votes Him Innocent of Five Charges Preferred in the Articles of Impeachment—May Hold Office Again in State.—Glynn Becomes Governor

ALBANY, N. Y., Oct. 17.—William Sulzer, guilty as charged in three out of eight articles of impeachment, is no longer governor of New York. He was formally removed this morning by a vote of 43 to 12 in the court of impeachment.

This vote followed the taking of the ballots on the separate articles of impeachment. All four of the ballots taken today resulted in a verdict of innocent. As the four counts balloted upon yesterday brought verdicts of guilty on three and innocent on one, the executive of the state has been convicted as charged in three out of the eight articles of impeachment.

The counts upon which he has been found guilty are: 1. That he filed with the secretary of state a false statement of his campaign receipts, expenditures, disbursements and liabilities.

2. That he was guilty of perjury in stating under oath that his statement of his campaign receipts, expenditures, disbursements and liabilities was correct.

3. That he was guilty of suppressing evidence in using threats to keep witnesses from testifying before the legislative committee.

The charges of which Sulzer is declared innocent are: 4. That he was guilty of bribing witnesses to withhold testimony from the legislative committee which investigated his campaign expenditures and receipts.

5. That he was guilty of preventing and dissuading a witness, Frederick L. Colwell, from attending under subpoena the sessions of the legislative committee.

6. That he used money and checks contributed to his pro-election campaign to speculate in stocks, and that he was thereby guilty of larceny.

7. That, as governor, he threatened to use his office and influence for the purpose of affecting the vote or political action of certain public officers.

8. That, while governor, he corruptly used his authority or influence to affect the current prices of securities listed and selling on the New York stock exchange, in some of which securities he was at the time interested.

After the vote removing Sulzer from office, a ballot was taken on the question of whether he should be prohibited from taking any other office of honor or trust in the state. The vote against disqualifying him from so doing was unanimous, with the exception that Presiding Judge Edgar M. Cullen excused himself from voting.

Martin H. Glynn, lieutenant-governor and acting governor since it was decided that Sulzer's impeachment disqualified him from acting as the executive, will continue as acting governor.

ALBANY, N. Y., Oct. 17.—Lieutenant-governor Martin H. Glynn became governor today, following the removal of Sulzer, and Robert Wagner, leader of the majority in the senate, was made lieutenant-governor.

The cost of the impeachment proceedings was \$5,167.

Diplomats Unable to Reach Plan to Help Out Mexico

WASHINGTON, D. C., Oct. 17.—Official dispatches received today by the state department bring the news that the conference of diplomats called on Wednesday had not been able collectively to agree on any solution for the Mexican troubles.

It is stated that President Huerta plans to assemble the diplomats again within a few days to make to them a statement on the present situation.

American Miners Killed in Jalisco State

GUADALAJARA, Jalisco, Mexico, October 17.—Two American miners have been murdered near here, but whether by federals or rebels there is some doubt.

Chinese Brigands Spread Terror; Missions Burned

PEKING, China, Oct. 17.—Chinese brigands under General Hwang Li-ang have murdered 300 people in the province of Peikim. Two American mission churches were burned but the missionaries are reported to be safe.

WITNESSES FOR OFFICER ACCUSED OF MALTREATING KOREAN DENY ABUSE

Bicycle Officer Barry Sizemore, following the evidence of yesterday and this morning, was suspended pending a thorough investigation of the charges against him, according to an announcement made by Sheriff Jarrett this afternoon.

That Bicycle Officer Barry Sizemore did not maltreat a Korean named Ko Sung Woon, in effecting an arrest on Wednesday afternoon was the declaration of half a dozen witnesses called at central police station this morning to give testimony before Sheriff William Jarrett, in his investigation of charges alleging cruelty upon the part of that officer.

Sizemore was given opportunity to tell his side of the story and denied in many essential details the allegations made by Messrs. Bellina, Mossarrat and Henriques, who proved the main witnesses for those representing the Korean, who is at present an inmate of the hospital, suffering from bruises and possible internal injuries.

Even while the policeman and his friends were giving their testimony, the Korean prisoner he struck, Ko Sun Woon, was under treatment at the Queen's hospital. Expert medical statements to the Star-Bulletin show unmistakably that the Korean was badly clubbed, and the hospital authorities say, moreover, that he gave no evidence to them, when he was brought to the hospital, of being under the influence of liquor.

"I was called to the corner of Ku-

LEGAL OPINION ASKED ON USE OF FORESTS

Whether Uncle Sam's warrior's while out on exploration or exercise marches, should have the privilege of taking firewood for their camps from forest reserves, was a question discussed at the meeting of the board of agriculture and forestry in the board room of the Waterhouse Company, Ltd., this morning.

District Fire Warden Wheeler had reported that two details of soldiers had applied to him for the privilege with respect to the Pupukea forest reserve on this island, but, being doubtful of whether the concession to the military might not encroach on the rights of homesteaders in that locality he thought best to refer the matter to the superintendent of forestry.

It was clearly the sentiment of the meeting, without a formal statement, that as between the soldiers and the homesteaders the latter had prior rights. As yet the homesteaders had not been heard from on the subject.

Commissioner von Holt thought the general law gave the public the right to enter government lands and take therefrom deadwood for fuel, sand, etc. At the suggestion of Commissioner Dowsett the matter was referred to the forestry committee, it to obtain an opinion from the attorney general.

An application from Arthur M. Brown, who is interested in the Cornwell ranch, Maui, for permission to erect a summer house within the confines of a forest reserve adjoining that ranch, was deferred for a report on the matter by Forester Hoamer after viewing the ground.

# SAINT HELENS TO LOAD ISLAND PRODUCTS

To load a shipment of island products, the most part consisting of preserved pineapples, the steam schooner Saint Helens, now at the Alaska wharf slipway, being discharged of over a million feet of lumber, will return to the coast with considerable cargo, if the offerings now in sight are secured by her representatives.

The Saint Helens is today stated will take freight for San Pedro, San Francisco and thence to the Columbia river, where upon arrival the vessel is to receive another shipment of lumber, destined for the Hawaiian Islands. The vessel is believed will be discharged of the consignment of material for the local quartermaster's department by the earlier part of next week. There is a possibility that the steamer will be given a quantity of junk and scrap iron. The refuse of some of the can factories may also be shipped to the coast.

The Saint Helens is expected to return here with at least 1,500,000 feet of lumber.

# SIERRA TO SAIL WITHOUT SUGAR

The Oceanic liner Sierra, to sail for San Francisco at noon tomorrow will, it is stated, take no sugar in the 1500 tons of island products to be forwarded to the mainland in that vessel.

C. Brewer & Company have supplied the vessel with 25,000 cases of preserved pines, these having been received from several canning concerns on the island. Five thousand bunches of bananas are listed on the outgoing manifests. Arrangements were made today to transport 9000 crates of fresh pines. Other items of cargo include 1500 sacks of rice, 500 sacks of coffee, while a quantity of sundries, such as hides, honey and empty gasoline containers are billed.

The vessel will depart with 70 cabin and 45 stowage passengers. A delegation of Spanish and Portuguese will sail for the mainland in the Sierra.

**Cruiser Albany Due Hourly.**  
The United States cruiser Albany, from Asiatic waters, where the vessel has been station for the past several years, is due to arrive at this port at any moment, according to late wireless advices. The Albany is proceeding to the coast, there to go out of commission and receive extended repairs. The vessel is to remain here for several days, to receive coal and supplies. The Albany is returning with time expired and discharged men of the navy. The cruiser Galveston that passed through Honolulu some days ago, is proceeding to the Far East to relieve the Albany.

**James Tuft Not for Islands.**  
The barkentine James Tuft, which for years has been identified with the coal trade between Australia and the islands, will bring fuel from Newcastle, N. S. W., to Vancouver, according to a report received here today. To better cope with the shortage created by the coal strike at British Columbia ports two vessels are now said to have been chartered to carry Australian coal. The Tuft sailed from the South Pacific on September 10th. The British freighter Baitin Abby is also a fixture from Newcastle to British Columbia.

**Tatoosh Wireless is Far Reaching.**  
With the completion of a high power wireless station on Tatoosh island by the government the navy yard at Bremerton is now in direct communication with the entrance to the Strait of Juan de Fuca. Heretofore communication with Tatoosh was by way of North head. For several days the station at Tatoosh has been undergoing a thorough test to the satisfaction of the naval authorities.

**VESSELS TO AND FROM THE ISLANDS**  
(Special Cable to Merchants' Exchange)

Friday, Oct. 17.  
YOKOHAMA—Arrived, October 17, 3 S. Nippon Maru, hence October 6.  
Sailed, October 15, S. S. Siberia, for Honolulu (1150 tons for Honolulu); arrives October 24.  
AKUINI—Arrived, October 13, schooner H. D. Bendixon, from Port Gamble.

# GAYLORD FAILS TO MOVE BARK FROM ROCKS

The bark S. C. Allen has not been removed to any extent from its resting place on the coral and rocks that surround Diamond Head, despite twenty four hours of terrible strain placed upon the vessel through the efforts of the big dredger Gaylord, now employed by the Hawaiian Dredging company to remove the wrecked vessel and save a portion of the cargo of lumber.

The Allen lies almost broadside on the reef. Yesterday two eight ton anchors were planted, and to these the dredger is moored. By the aid of the powerful steam winches with which the Gaylord is supplied, an attempt is being made to draw off the bark. The strain put upon the cables at the last high tide failed to accomplish anything. There is hope that with the tide early this evening, the Allen can be moved to deeper water.

Arrangements are under way this afternoon for the removal of the remainder of the cargo of lumber carried on deck. It is planned to send it over the side, where it will be rafted to the harbor.

# BANANA COURT ADJUSTS LAST OF THE CLAIMS

The last banana claim was adjusted by the "banana court" yesterday evening, and the total amount awarded claimants now reaches \$35,644.55, or nearly \$5000 less than the sum set aside by the legislature for their payment.

Within the next few days these judgments will be in the hands of Commissioner E. F. Fernandes and claimants will be notified by advertisement in the newspapers that they may obtain the papers by calling in person at his office. In each and every case the judgments will be given only to the claimant, personal representatives, assigns or attorneys not being recognized. By presenting these judgments at the office of the territorial auditor the claimants will receive warrants and these in turn will be presented to the territorial treasurer, where the coin may be obtained.

Commissioners Fernandes and Manley K. Hopkins will finish signing the judgments this afternoon. The original documents will be bound in book form and sent to Auditor Fisher, who will be given time to prepare warrants for all the 762 judgments before the copies are presented by the claimants.

# MILL ENGINEERS COME TOMORROW FOR CONVENTION

(Continued from page one)

In addition the Hawaiian Sugar Planters' Association plantation managers and agencies and the Cuban and Porto Rico sugar men now visiting the islands, have been invited to attend the convention, so that together with the members of the Hawaiian Engineering Association it is expected that 75 men will be present at the meetings in the Library of Hawaii.

The formal program, including many interesting papers, begins at the Library of Hawaii at 9:30 o'clock Monday morning.

Lurline Has Heavy Cargo.

With 3200 tons of mainland freight destined for Honolulu and 220 tons of cargo for discharge at Kahului, Maui, the Matson Navigation steamer Lurline is nearing the port, and will reach a berth at Queen street wharf on Tuesday morning. In the absence of wireless messages, no mention is made of the number of passengers to arrive at Honolulu in the Matson steamer.

**WARRING ARMIES MAY BURY THE HATCHET**

(Staff Correspondence.)  
IN CAMP WITH THE 1ST HAWAIIAN BRIGADE NEAR JONES RANCH HOUSE, Oct. 17.—Probably the Reds and the Blues of General Macomb's brigade will bury the hatchet after tomorrow's game of war, and spend Saturday, the last day of the brigade exercises proper, fighting as a single tactical unit. This is the program at present, but it is not yet known just what form of maneuver the three regiments of foot will execute. This will be announced from brigade headquarters possibly this afternoon.

—WILL MILES: I'm still dreaming of seeing a horse running wildly toward me drawing a carriage with two little kids in it.

# NEW ELEMENT INTRODUCED IN WAR GAME

(Continued from page one)

all this week have been operating from their landing point on the north and Waianae coast of Oahu. Colonel Kennon commanded the Blues, with Major Tayman in command of the 1st Infantry. Major Smith commanded the Red forces, consisting of the 2d Infantry and one battery of artillery.

**Position of Troops.**  
Major Smith, with his one regiment of infantry and one battery, was under orders from the commander of the theoretical Red force at Haleiwa to defend the line of the Kaula gulch between the Waialeale dam and the Christy trail. The point of his advance guard was one mile north of the gulch by 8:30.

Colonel Kennon, with the 25th Infantry, was supposed to have reconnoitered the Pearl City-Ewa road, and the Mountain (Kunia) road to the vicinity of the artillery cantonment at Schofield, and at 9 a. m. he actually arrived at a point near the foot of Kolekole pass, having marched out of the maneuver camp at 7:30.

Major Tayman, with his regiment and one battery, was supposed to have reconnoitered the Pearl City-Haleiwa road. At 9 o'clock he had reached a point near the water tank at Castner, and he then was handed by the umpire the following order from the Red general at Pearl City: "Effect a junction with Colonel Kennon and proceed to occupy the high ground south of Poamoho gulch. Communicate these orders to Colonel Kennon, who is reconnoitering the Kuaia road towards Kolekole pass." The umpire also informed Major Tayman that a native had brought word that the bridges across the gulch near Waialeale had been destroyed.

Major Smith decided that the conditions of the problem called for a position of readiness to be taken up, this position to be such that a police defense plan could be put in operation with the least possible delay. The first step towards this end was that the patrol be pushed forward in the general direction whence the enemy might be expected to approach, the object of this being to afford the information as soon as possible upon which the actual assignment of defensive positions for the troops would be based.

At 9:45 Colonel Kennon, near Kolekole pass, received his message from the 1st Infantry, Lieut. Campbell making a record ride to deliver it. Colonel Kennon then directed the 1st to proceed to the gulch and effect a crossing at the dam, if possible, while the 25th was ordered to make a junction and form the left of the line. The 1st was in a sharp fight before the colored troops arrived, Major Tayman having sent three companies across the dam, apparently without opposition, to execute a flanking move on the right. Although they were not fired upon, a soldier, standing in the middle of a pineapple field wildly waving a signal flag attracted the attention of the umpire, and on investigation it proved that he was simulating the firing of seven companies of infantry and a machine-gun platoon, the outfit being out of blank ammunition. The troops were sent back and then allowed to advance again and finally the situation became so complicated that neither side knew which had won when General Macomb ordered the sounding of recall. A battalion of the 25th under Major Caldwell acted as a left flanking guard for Colonel Kennon's regiment and, taking cover in a gulch, and advancing on the Red right, proved an important factor.

The line-up of the umpires for today's problem was as follows:

Blue.

Senior umpire—Colonel E. H. French, 2nd Infantry.

Umpires with 25th Infantry—Headquarters, Capt. Wm. Newman; 1st Battalion, Capt. E. C. Carey; 2nd Battalion, Capt. C. S. Lincoln; 3rd Battalion, Capt. C. E. Bell.

Umpires with 1st Infantry—Headquarters, Major E. L. Butts; 1st Battalion, Capt. J. E. Hunt; 2nd Battalion, Capt. D. W. Chamberlain; 3rd Battalion, Capt. W. S. Sinclair.

Supernumerary—Capt. P. B. Malone.

Red.

Senior umpire—Lieut. Col. R. L. Hirst, 1st Infantry.

Umpires with 2nd Infantry—Headquarters, Capt. J. F. Janda; 1st Battalion, Capt. H. Tapes; 2nd Battalion, Capt. W. G. Fleischhauer; 3rd Battalion, Capt. W. S. Maper.

# Police Notes

John Bright, found guilty of embezzlement of \$43 entrusted to him by a Hawaiian woman, was today sentenced to serve one year at the city and county jail, when arraigned before Judge Monsarrat at district court.

The police ambulance was called yesterday afternoon to convey M. Rodrigues from Mollifill quarry to the hospital, the man having met with an accident to his hand while operating a drill. The member was badly crushed.

Eight alleged gamblers were rounded up on lower Hotel street this afternoon by the police and were brought to the station, where they were booked. Several were afterward released upon depositing bail. Their cases will come up for hearing at district court tomorrow morning.

The inquest over the death of Akana, a well-known Chinese who passed away at the Queen's hospital yesterday, conducted by Coroner Rose, brought forth a verdict that the man died from chronic heart affliction. It was first announced by the police that the Chinese had succumbed to opium poisoning. The autopsy revealed the fact that death was not due to this cause.

Investigation by the police of the attempted suicide of a Japanese named Engimoto, has brought out the statement from witnesses who reside in the same building that the man also took a quantity of poison before trying to sever an artery through the use of a knife across his neck and abdomen. The Japanese was alive at the hospital this afternoon, though it was believed that his chances for complete recovery are very unfavorable.

John E. Shoemaker appeared to be much relieved this morning when he was sentenced to serve two months at the city and county jail, following his arraignment and plea of guilty to the charge of stealing a bicycle. Shoemaker is an artilleryman stationed at Fort Ruger. He is alleged to have admitted to Officer Akui that he wanted to get "bottled" out of the army and hoped through his conviction to receive this kind of discharge. He offered no resistance when placed under arrest by the officer last evening.

# NOTARIES PUBLIC MAY LOSE THEIR COMMISSIONS

Failure to pay their annual license fee to the territory likely will result in the cancellation of a large number of commissions held by men throughout the territory as notaries public. Though the last fiscal year expired July 31 and the fees were due then, Attorney General Thayer says a considerable number of these officials have not made the financial return required. A number of these are well known, such as Land Commissioner Joshua D. Tucker, Editor R. O. Matheson and Rufus A. Lyman.

In the last-mentioned case the holder will not have permission to renew his license, because he has been convicted of a felony and is now serving time at the Volcano jail on Hawaii.

The attorney general is sending out notices to the notaries in arrears, giving them ten days more in which to make payments or have their commissions cancelled. It is probable that those of Tucker and Matheson will be permitted to lapse, as they are for use in the fourth and third judicial circuits, and the holders are now residing in Honolulu.

The following men in the fourth judicial circuit are being notified: Noa W. Aluli, now living in Honolulu; S. W. Haabee, George W. Jakins, John W. Macrole, A. D. Palfrey, Joseph Berger, Jr., J. E. Ray, J. U. Smith, and A. J. Pulte. In the third judicial circuit, the following notarial commissions have lapsed: John H. Ahu, M. T. Kurado, James P. Hewitt, Jr., William Hochmann, Waichi Kawamoto, S. W. Kekuewa, Lot K. Kauwe, Lou H. Rogers, J. W. Russell and O. E. Shlman.

# MUCH PROGRESS IN FOREST WORK BEING ACHIEVED

The report of the division of forestry of the board of agriculture and forestry for the month of September 1913, shows activity in a number of directions. Four forest reserve projects were brought to the point of final action during the month, and made ready to be acted on at the public hearing held by the governor on October 8. The reserves are called Kohala Mountain, Upper Waialeale, Upper Oloa, Hawaii, and Honolulu watershed, Oahu.

Marked progress was also made in preparing for the construction of forest fences on certain of the forest reserves. Toward the end of the month three stretches of fence of this sort were definitely authorized, at Nahiku, Maui, at Makawao, Maui, and at Molokai, Kauai. This example of practical forest protection is made possible through the use of the water-revenues from forest reserves, which by action of the last legislature are, in part, now available for forest work.

Another forest project that has been got under way by the division of forestry is the planting with koa and kukui trees of the upper slopes of the side valleys leading off from Maiki, below Mt. Sugar Loaf. A part of the Honolulu watershed, this area, now covered with grass and bushes, should be got back under forest cover. This will be accomplished by the proposed planting, and that in the comparatively near future.

Each month the division of forestry distributes to the public many seedling trees, free or at cost price. The total given out in September was 7817, besides 10,000 more, started for plantation companies and other corporations.

September was free from forest fires in Hawaii, but it is noted that two men who started a fire on Molokai in July were arrested, pleaded guilty and were fined \$25 each. The forest fire law has teeth that will be used if there is need, but the best plan is not to let fires get away.

# PACHECO LET DOWN WITH \$10 FORFEITURE

Frank Pacheco, proprietor of a local barber shop, who was alleged by the police to have conducted a gambling game at his home on Vineyard street, which place was raided by the officers the first part of the week, succeeded in escaping the clutches of the law with the forfeiture of \$10 bail, when his name was called at district court this morning.

Upon the charge of operating or conducting a gambling game, the name of Pacheco was ordered stricken from the calendar by Judge Monsarrat, at the suggestion of the prosecution.

Pacheco had deposited \$10 to insure his appearance at the lower court to face a charge of being present at a gambling game. It was this sum that he forfeited by not being present this morning.

It is understood that the matter has now been dropped.

# MARKED PROGRESS IN FOREST WORK BEING ACHIEVED

# MCCARTHY SAYS MARKETMEN ARE FACING ARREST

(Continued from page one)

the latter body independently of the others. In a few cases the improvements specified have been impossible to carry out, it has been argued. And it has also been argued that it is impossible to make the present markets thoroughly sanitary.

**License Fees Total \$2000.**

For more than four months city and territorial officials have been attempting to get the fish market merchants to make improvements. James T. Wayson, city and county physician, recently informed the board that after a careful inspection of the two places he found them to be in better condition than ever before, and the committee on health, following his report, recommended to the board of health that the licenses be issued.

It was stated that though the markets were not in all respects sanitary, they were in a far better condition than they were a few months ago. The committee suggested that as there is a new statute allowing a merchant's license to be revoked at any time for cause, it would be advisable to issue the licenses to the marketmen and, if their stalls are not kept in good shape, the license should be cancelled later.

But as the board of health has refused to follow the suggestions, the situation is left with Colonel McCarthy to cope with and it probably will be coped with via arrests. The license fees from the markets amount to about \$2000 and the city needs the money, says the treasurer.

"I arranged to borrow \$50,000 from the Bank of Hawaii and the Bishop & Company bank. This money is mostly spent, and I will barely have enough to carry the city and county through until next month when tax money begins to come in. At the time I made the loan, I did not know that the supervisors had ordered about \$20,000 of motor trucks and one thing and another, so I am shorter than expected. But with all the license money in, I now figure to be able to squeeze through," said Col. McCarthy.

"I don't like to take an unfair

course against the fishmarket men. But in other cases, where we find merchants doing business without a license, we promptly arrest them. The penalty is double the amount of the fee."

A conference will probably be held late this afternoon by the treasurer with the attorneys representing the fish market men, when he will advise them that their clients may expect to be arrested at once.

# HAWAII WELL GUARDED FROM INSECT PESTS

Many pests were intercepted, in protection of Hawaiian agriculture, in the month of September, according to the report of the division of entomology by J. C. Bridwell, assistant superintendent of entomology.

Out of 1245 lots and 37,074 parcels inspected, 33 lots and 42 parcels were fumigated. Four lots and one parcel were treated before releasing.

Of 15,022 bags of rice from Japan, 500 were found infested with rice weevil and rice moth. Eight packages of vegetables and 33 packages of fruit taken from the baggage of passengers were destroyed.

Several shipments of apples and pears were infested with codling moth. Rhine aphid infested roses from San Francisco.

Brother Matthias Newell, inspector at Hilo, found nothing deleterious in 207 lots and 3188 packages arrived at that port.

### DAILY REMINDERS

Do not forget the delicatessen sale. Meet me at Rawley's at 10 a. m. Saturday to get baked beans and butter-milk doughnuts such as mother used to make.

Stamped velvet is one of the new materials which bespeaks the extrav-

agance of the day in the matter of dress materials. It will be used not only for trimming, but for entire gowns or wraps.

Crep, ribbons in the Bulgarian effects come in various widths. They are used for collures, trimmings, sashes and girdles, and also for bandings on gowns or wraps.

# "Colonial Etchings"

Something new in Photography.

A decidedly unique, artistic and pleasing treatment of photographs which enhances their value and gives a "charm" not found in a mere portrait print.

See the sample etchings at the studio and you will desire your next photograph treated in the "Colonial Etching" way.

Won't you call soon? You know it's getting along toward Christmas.

### LOCAL AND GENERAL

A meeting of the Promotion Committee will be held in the rooms of the committee, Bishop street side, Young hotel building, at 3:30 o'clock this afternoon.

Clubs for the study of Spanish, German and other languages are to be formed at an early date in connection with the educational classes at the Young Men's Christian Association.

The Associated Charities referred the matter of its proposed central employment bureau to the Merchants' Association yesterday afternoon for the approval of that body. President Guild has placed it in charge of the trade and finance committee for investigation.

Suit was filed in circuit court today by Ripley & Davis, architects, against the Kapiolani Estate for approximately \$1000 alleged to be the balance due for their work in connection with the construction of the Kapiolani block at the corner of Alakea and King streets. The papers are filed by Thompson, Wilder, Watson & Lymer, representing the plaintiff.

"Kaimuki Improvement Club—Why You Should Join" is the subject of a 24-page booklet which has just been issued by the East End booster organization, and which contains a number of interesting reports upon such topics as membership, roads, transit and public improvements, the clean suburb, and sidewalks and curbing. It is a booster proposition pure and simple and well worth one's time to read.

Alleging extreme cruelty, William A. Spencer has filed a petition in circuit court asking a divorce from Le-wai Bright Spencer. He says the wife and mother did not give proper care to the home and the 9-year-old child and asserts that "in company with male persons of low morals" she took "automobile rides in and about Honolulu, remaining away from her home and duties for days at a time."

Edward W. Quinn filed suit in circuit court today to attach a \$5000 warrant due J. R. Davis from the city and county for work performed for the municipality by Davis. The suit is based on a judgment obtained by Quinn in December, 1911, against Davis, E. W. Congdon and A. W. Meyer, when they were co-partners in the Chambers Drug Company. The judgment was for \$666.50, none of which plaintiff says has been paid.

An unusually large number of immigrants are in detention at the federal immigration station owing to the arrival recently of the Korea, Hong-kong Maru and Shinyo Maru from the Orient. Inspector-in-Charge Halsey said this morning that, in spite of a few objections due to trachoma, the general condition of the immigrants is good. A large number of "picture brides" are among the new arrivals.

The B. F. Dillingham Company has given notice that it intends to foreclose a mortgage which it holds against the Miller Salvage Company Ltd., a Hawaiian corporation, and the property conveyed by the mortgage will be sold at auction at the rooms of the James F. Morgan Company on November 15, at noon. The property to be sold consists of the steamship James Makee, the schooner Sailor Boy, the launch Carrie, the launch Spray, a spare ship's boat, a skiff and a cargo boat, and also a quantity of ship's fittings.

The federal grand jury may finish its labors temporarily tomorrow and be excused until called again by the new U. S. district attorney, Jefferson McCarr. Asst. Dist. Atty. C. C. Bittling said today the jury has been working with dispatch this week, completing investigation of a large number of cases of minor importance and that practically all these may be finished tomorrow morning or afternoon. The office will then be ready for the new incumbent from Nashville, Tenn., and R. W. Breckons will leave tomorrow afternoon for Hilo, to resume his work as special prosecutor in the Hawaii county graft affair.

The community extension committee of the Y. M. C. A., composed of Dr. S. D. Barnes, Rev. D. C. Peters, George Andrus, G. W. Paty and L. R. Killam; met at the association yesterday afternoon to plan the work which is to be carried on by them during the coming year. It was decided to continue the noon shop meetings at the Honolulu Iron Works and the Cotton, Neil Company. Work along these lines will probably be started for the men at the O. R. & L. shops and at several of the military posts. The members of the committee were asked to investigate the conditions and determine whether or not the men desire to have the association hold such meetings.

To determine the control of a valuable tract adjoining the old Campbell homestead at Waikiki a friendly suit between Cecil Brown, trustee of the James Campbell Estate, and the four heirs of the estate, was heard by Circuit Judge Lyle A. Dickey yesterday. The parties desired to determine whether the tract, consisting of about three-quarters of an acre, should be vested in the trustee of the estate or whether it should be divided among the heirs, each parcel to be dealt with as the individual owner chose. The heirs are Mrs. Alice K. Macfarlane, Mrs. Robert Shingle,

## SIZEMORE ON STAND ADMITS HE USED CLUB

(Continued from page one)

Kul and Nuuanu street to take charge of what was stated was a drunken man, who was alleged to have used insulting language before a number of women," said Sizemore. "Arriving there I found the Korean acting as if drunk or crazy. I placed him under arrest and was taking him to the police call box at the corner when he managed to get away and started down Kukui street. I followed and caught up with the man after he had gone about 150 feet. In running, I swung my club several times." Sizemore professed belief this morning that the stick never struck the man in his flight. In the mele, Sizemore and the Korean tumbled and rolled over on the ground. Regaining his feet, the officer grasped the prisoner and again started for the patrol box, says the former. Sizemore declared that the Korean made a number of vicious kicks at him, several landing on his leg. He insisted that he never used his club, despite what he alleges was a torrent of profanity and abuse being heaped upon him by the Korean. Interrogated by Attorney Atkinson, representing the Korean's interests, Sizemore admitted that in bringing his prisoner to the box on the second trip he used the stick to move him in a more peaceable manner. "The Korean is declared to have grasped Sizemore by the collar and the officer says that he experienced difficulty in freeing himself from the clutches of his charge. "I used my club on this man but once, never at any time kicking him while standing or while he was on the ground," concluded Sizemore. The officer admitted that Bellina and Monsarrat stepped into the arena and attempted to call him down while he was engaged in the performance of his duty. "I told Bellina to shut up and not to butt in," added the officer. Says Profanity Was Lurid.

Profanity alleged as coming from the Korean was pronounced to be of a lurid type by M. A. Silva, an undertaker, who claims to have been present and saw the encounter between the officer and Korean. "I heard Sizemore's statement in many of its details," Silva added that the Korean used his coat in holding the officer over the head while held at the patrol box and awaiting the wagon. He saw the prisoner make his break for liberty and his recapture. Silva was positive in his statements that Sizemore never used his club or kicked the man. He saw the Hawaiian strike the Korean a couple of blows in the vicinity of the stomach. Silva was asked if he had seen Levy, the hackman, there, but claimed that he had not.

D. K. Kahanu, when brought before the sheriff, stated that he had seen nothing of the encounter between the Korean and the officer. According to A. Nelson, the Korean was using vile language to the officer. He also stated that the prisoner made a successful attempt to escape and was finally recaptured, struggling and attempting to kick the officer. He insisted that Sizemore never used his club and was equally positive that the officer did not kick at his prisoner. He saw Sizemore try to place his hand over the mouth of the Korean.

Miss Lydia Rodriguez and Mary Gouveia, testified to hearing the Korean swearing at the officer and witnessing part of the struggle. They stated that they did not see Sizemore hit the prisoner or kick him. Their story was in effect that the Korean proved to be the attacking party in the affray. The Hawaiian was seen by the girls to strike the Korean in the stomach.

That the Korean was taken to the Queen's hospital in an unconscious condition, scratched in several places and in the state of one who has been "knocked out" by a blow, was the statement made this morning by a physician attending the injured man. "The Korean showed all the signs of having been struck. According to a doctor who attended him when he first came here, he was very much in the condition of a football player who has been knocked out by a blow in the game," said the physician this morning.

"I do not know at what part of the body he was struck. His condition has never been serious, and he is now recovering rapidly. The only thing he has said, relating to the cause of his injuries, so far as I know," was that the policeman did not understand him."

Mrs. George Beckley and Muriel Campbell. Decision was reserved by the court.

The parlor of the Young hotel was the scene of a pretty wedding yesterday afternoon when Miss Mhka Glade, daughter of Mr. and Mrs. G. Glade, became the wife of L. Weinzheimer, manager of the Pioneer Plantation at Lahaina, Maui; Rev. Emil Engelhardt, pastor of the German Lutheran church, officiating. Only a few intimate friends were present, and the wedding came as a surprise to those who know the young couple. Mrs. Weinzheimer left Honolulu when a child; returning here recently to visit her brother, Hjalmer Glade of Hackfeld and Company. She had met Weinzheimer when he was in Germany two years ago, and the date of wedding was as good as set. They decided finally yesterday. Pastor Engelhardt was asked to go to the Young hotel, and the ceremony was performed. The couple will make their home at Lahaina.

STAR-BULLETIN GIVES YOU TODAY'S NEWS TODAY.

## MERCHANTS TO ASK U. S. TO HELP ON ROAD

George G. Guild, acting president of the Merchants' Association, held out for a big public improvement yesterday afternoon when he advocated the urgent need of repairs on the Diamond Head road before a meeting of the merchants. His branching of the matter led to the association authorizing him to appoint a committee to confer with General Funston, in command of the Hawaiian Department, to ascertain whether or not the war department would be in a position to aid in these repairs. The road is now federal property, was the statement, and the city government has no authority to carry on repairs.

The committee was named this morning and consists of W. R. Farrington, T. M. Church and Norman Watkins. The road is a part of the Diamond Head military reserve and at one time was considered the finest driveway in or about Honolulu. In late years it has become full of chuckholes, making it exceedingly dangerous for automobiles and other conveyances. Should the occasion demand, the military authorities could block the road and refuse thoroughfare to civilians. The Promotion Committee is another organization which is advocating the repair of the road, as the drive around Diamond Head is considered one of the best tourist attractions. It is said that automobile drivers use the road but little, and then only when passengers wish it, on account of the damage done their cars by the condition of the highway. The territory built the road and it was maintained by the county up until the time when it became included in the Diamond Head military reservation.

In reply to a resolution which was adopted recently by the merchants with regard to the desired changes for the parcel post service in the second and third zone areas, George W. Carr, assistant superintendent of the railway mail service, was present at the meeting and informed the members that he would prepare a report to be submitted to the head of his department setting forth the facts concerning these changes.

Fancy buckle shapes are plentiful, the newest being in bow effect, with small tassel ends.

### NOTICE OF INTENTION TO FORECLOSE AND OF SALE.

Under and by virtue of the power of sale contained in that certain chattel mortgage, dated the 2nd day of July, 1912, made by Miller Salvage Company, Limited, a Hawaiian corporation, as Mortgagor, to The B. F. Dillingham Company, Limited, a Hawaiian corporation, as Mortgagee, and recorded in the office of the Registrar of Conveyances, Honolulu, on the 5th day of July, 1912, in Liber 369, on pages 190-199, and pursuant to Section 2161 of the Revised Laws of Hawaii as amended by Act 59 of the Session Laws of 1907 and Act 108 of the Session Laws of 1911, the undersigned, The B. F. Dillingham Company, Limited, hereby gives notice that it intends to foreclose said mortgage for condition broken, to-wit, the non-payment of the principal sum secured by and interest due under said mortgage when due.

Notice is hereby likewise given that the property conveyed by said mortgage will be sold at public auction at the auction rooms of Jas. F. Morgan Co., Ltd., No. 125 Merchant Street, Honolulu, auctioneer, on the 15th day of November, 1913, at the hour of 12 o'clock Noon of said day.

The property conveyed by said mortgage, to be sold, consists of the following:

- Steamship "James Makee," together with the masts, bowsprit, boats, anchors, cables, chains, rigging, tackle, apparel, furniture and all other necessaries thereunto appertaining and belonging, together with supplies and plant on board.
- Schooner "Sailor Boy," together with the masts, bowsprit, boats, anchors, cables, chains, rigging, tackle, apparel, furniture and all other necessaries thereunto appertaining and belonging, together with supplies and plant on board.
- Launch "Carrie," together with engines, tackle, rigging, furniture and other necessaries thereunto appertaining or belonging.
- Launch "Spray," together with engines, tackle, rigging, furniture and other necessaries thereunto appertaining or belonging.
- One spare Ship's Boat.
- One Skiff.
- One Cargo Boat.

Also property of the mortgagor, located on shore at the new Bulkhead, consisting of wire rope and wire, spars, water tanks, chronometers, anchors, chains, and engineers' tools, etc.

And all other property set forth and described in the foregoing chattel mortgage, as well as property acquired subsequent thereto and now in the possession of the Mortgagor. Terms, cash, United States Gold coin. Deeds at expense of purchaser. For further particulars apply to Prosser, Anderson & Marx, Stangenwald Building, Honolulu, attorneys for mortgagee, or to Jas. F. Morgan Co., Ltd., Honolulu, auctioneer. Dated at Honolulu, T. H., this 17th day of October, A. D. 1913. THE B. F. DILLINGHAM COMPANY, LIMITED. (Seal) By B. F. DILLINGHAM, Its President. By A. W. VAN VALKENBURG, Its Secretary.

# THE CLARION

### ANIMAL DISEASES TESTED BY THE VETERINARIAN

In this report for September, Territorial Veterinarian Norgaard relates further progress in the testing of dairy cattle in the city and county of Honolulu. Referring to action taken at a convention in England this year, Dr. Norgaard makes interesting statement that Honolulu was four years in advance of Europe in taking effective measures against bovine tuberculosis. Details of the work here in September are furnished by Assistant Veterinarian L. N. Case.

Dr. Norgaard urges a strenuous following up of the fight against cerebro spinal meningitis, regarding which he reported the previous month an important discovery. This was that various apparently distinctive maladies, having symptoms allied to those of the disease mentioned, all harked back to similar causes found in feed and water. His discussion of the question in the August report was in relation to a distemper that was decimating plantation mules on Maui.

The Oahu Auto Stand's crack baseball nine will meet a fast aggregate a week from tomorrow at Moiliili field when the Schumacher-Carrigan Company tossers cross bats with the chauffeurs.

The Hawaiian Electric Company asked permission of the board of supervisors today for the use of a portion of Alakea, from Halekuanuia to the end of the cold storage plant of the company. It was stated that the request was made because in remodeling the plant it would be necessary to put considerable material on the street for a time.

### EWA PLANTATION TOLD TO CEASE MISUSING THE COUNTY ROAD

Complaints having been made to the supervisors of the misuse of the road running through the Ewa plantation, the board directed a notice to be sent to the plantation today morning that if the nuisance was not stopped at once proceedings would be instituted against it.

The matter was brought before the board at its meeting today at noon. Supervisor Petrie, chairman of the roads committee, He stated that complaints had been made to him, and in some of them it was stated that the road is almost impassable, due to the overflow of the ditches of the plantation along the highway.

"I ask that the clerk be instructed to send a communication to the plantation advising that unless the nuisance ceases at once we will proceed against it," said Petrie.

A regular meeting of the Hawaii Promotion Committee will be held at the rooms of the committee today at 3:30 o'clock p. m.

FRIDAY ..... OCTOBER 17, 1913

Honesty is not greater where elegance is less. —Johnson.

## A TIMELY CONVENTION

Next week there will be held in this city a convention of extreme importance to the chief industry of Hawaii and just now of extreme importance to general prosperity. It is the first of what is expected to be a series of annual meetings of the mill engineers of the territory.

The mill engineers are the men who turn the cane into sugar. They are the practical experts in the manufacturing end of the industry. They form a highly important link in the chain of the industry that begins with the tilling of the soil and ends with the deposit of money in the bank.

The mill engineers, as shown by their plans for annual conventions and by their program for the opening meeting, are alive to the opportunities for improvement in the industry that gives Hawaii its prosperity. They realize the situation now facing this territory—that the cost of production must be lowered, the yield from the cane increased, in order to offset in some degree the reduction in the tariff. Their work in developing the efficiency of the sugar-growing industry is needed now as not before for many years. Conventions of the kind they plan will result in a valuable interchange of ideas and the raising of all the mills to greater efficiency.

## EMERGENCY HOSPITAL NEEDED

That a prisoner in a serious condition from the effects of a beating could be thrown into an ordinary cell at the police station and kept there until someone happened to notice his injuries furnishes another argument for the establishment of some sort of an emergency hospital at the station. The civil service commission is asking authorization for such a hospital from the supervisors. It will cost little and may be the means of saving a good many lives.

Every person brought to the station who shows signs of physical disorder should be given immediate medical attention. It sometimes happens that men picked up from the streets as "drunks" have in reality collapsed from illness or are victims of drugs. Unless they are given prompt attention, they are quite likely to have a serious time of it in a prison cell. Instances of this kind come to mind locally. The police surgeon is indefatigable, but he cannot be everywhere, and, what is more serious, he is without facilities at the station. An emergency hospital should be established with constant attendance. And one of the pieces of equipment should be a pulmotor, kept where it will be available at all times and on call from any part of the city.

## BARTERING THE GOVERNMENT

Governor Sulzer, disgraced, barred from the office to which he is elected, stained now with the sinister stain of dishonesty, is the victim of the political system that has permitted government to be a matter of barter and sale by corporations.

For Sulzer's weakness Sulzer is personally responsible. For the opportunities of grafting that beset him he is not responsible.

Sulzer is guilty of filing a false statement of campaign expenditures, guilty of swearing that he had filed a correct statement, and guilty of suppressing evidence in his case. He has been found not guilty of bribing witnesses, of larceny of campaign funds, or of using his political power to manipulate stocks. The sum of the court's judgment is that Sulzer misrepresented campaign contributions.

The evidence has showed plainly that the funds were juggled by the New York governor. He has not played fair with his party, his state or the people.

The funds that Sulzer juggled were primarily the funds that "big business" raised to help him in his fight. "Big business" would not have raised those funds had the corporations not ex-

## NEW HOMEOPATHIST HAS CONFIDENCE IN HONOLULU

Among the recent arrivals in Honolulu, who believe in the city and see a large future for it is Dr. W. H. Ketchum, homeopathic physician and surgeon, who decided upon locating here after an extended trip through the western section of the United States.

"Honolulu looks good to me," said Dr. Ketchum this morning, "and when I came here in February and took the examination before the local board of examiners it was only after I had thoroughly investigated conditions in

pected to get from the man they made governor value received for their money investment. And the lesson of the Sulzer case, with its disgraceful features, is the lesson that the money power of corporations must be kept out of politics. Corporations will do things that their individual directors would not stoop to do. That is the danger.

Happily, in Hawaii there is a law prohibiting corporations from contributing to campaign funds. Such cases as that of Governor Sulzer bring home the need of strict enforcement of this law.

## STANDARDIZING THE POSTOFFICE

Postmaster-general Burleson, to increase the efficiency of the service, has decided to standardize the methods of handling parcel-post matter. Three offices have been selected which will be under the supervision of experts until the forces have reached a high degree of skill and have worked out time and labor-saving methods. These offices will then be taken as the standard offices and every postmaster in the country will receive instructions in handling parcel-post matter as it is handled at these three points. It is expected that the postmaster-general will apply this idea to other classes of mail-matter also. The Honolulu postoffice may benefit in the future if the plan works out successfully.

## CHECKING THE DRUG HABIT

The board of health's statement of the opium situation should result in some systematic plan of cooperation between the board and the medical fraternity here. Dr. Pratt's idea is that if physicians would refuse to issue prescriptions for opium, cocaine and other drugs except after the most stringent examination, the growth of the drug-habit would be checked. Certainly, after such a statement as that made yesterday afternoon, some action is necessary. Most of Honolulu's physicians already observe the precautions the board of health suggests; the names of those who do not should be given by the board to the medical association.

John F. Curtis, an attorney of the Orient known to a number of Honoluluans, is taking a prominent part in the case against Judge Rufus H. Thayer of the United States district court of Shanghai. He has charged Judge Thayer with "faking" his books, declaring that the jurist loafed when he turned in accounts as attending to court affairs. The case is before the congressional investigating committee.

Rube Marquard, having alienated the affections of Actress Blossom Seely, has now paid his baseball winnings over to her husband. Looks like a case of diamond cut diamond.

Great Britain has launched a superdreadnought. Pshaw! That's nothing. All Uncle Sam has to do is to launch an ultra-superdreadnought and sit back comfortably.

There is a place for Police Officer Sizemore on the Mexico City force. Huerta needs men like him.

Santo Domingo is evidently going to see that the "revolution belt" maintains its reputation.

Those wishing marriage licenses after October 1 will have to get into the wed-line.

Aviation will be one of the lost arts if the present mortality rate keeps up.

Seems like the new Hilo wharf is just one blunder after another.

The Mexican crisis is getting to be a continual performance.

Sulzer is a fallen idol, betrayed by his own weakness.

the coast states. I had been practicing in Kentucky for the past 10 years and had decided upon a change. Honolulu is the town that appealed to me more than any other. Not for the reason that it is not a healthy country, but because I am or the candid opinion that it is bound to grow. I believe there is a great future for this city and I have every desire to grow up with her."

Several property owners on Miller street petitioned the board of supervisors at its meeting at noon today for improvements to be made on that street between Punchbowl and Lualaba streets. They asked that the

property line on the Ewa side of the street be made uniform with the line set several years ago when the property was contributed by a majority of the owners for that purpose. They also asked that the street be macadamized. The petition, which was signed by J. A. Vieira, the Queen's hospital; James Silva, Jr., Mrs. Keohale and the Hawaiian Evangelical Association, was referred to the roads committee. Supervisor Petrie, chairman of that committee, stated that he would look into the merits of the request.

Private F. A. Walker of the 68th company, coast artillery, died in the Fort Kamehameha hospital shortly af-

## ACCIDENTS IN THE AIR MANY DURING 1913

Since the first of the year the following fatalities in aviation have been reported in the Star-Bulletin:

January 24—Charles Nieuport, designer of the fastest aeroplane, and his mechanic, killed at Etampes, France.

March 28—Two Japanese military aviators killed.

April 8—Lieut. Chandler killed at San Diego, Lieut. Brereton being injured, aeroplane.

May 2—Aviator Janssen decapitated trying to start his hydroplane at Oakland, Cal.

May 3—Takaishi, aviator, killed at Kioto, Japan, fall from machine.

May 5—Charles Carlson, a Milwaukee aviator, killed near Silver Lake, machine falling when engine stopped.

May 9—Lieut. J. D. Park, U. S. A., killed at Los Angeles, aeroplane striking a tree. Ninth army victim.

May 27—Lieut. Desmond Arthur, aviation corps British army, killed at Montrose, aeroplane turning turtle at great height.

June 1—Joseph Wilson, aviator of many years' experience, scraped off trapeze bar by telegraph wires, fell 30 feet, killed almost instantly, at Newman, Cal.

June 1—James Colovan, pupil in aviation, killed at Cicero aerodrome, Chicago, wire of his Curtiss biplane having caught in a tree.

June 6—Aviator Bernard and a passenger killed at Buc, France, biplane turning turtle in midair.

June 12—Andrew Drew, pupil of Orville Wright, killed at Lima, Ohio, by fall 200 feet when his biplane took fire.

June 17—German aviator killed at Myttho, Indo-China, by fall of machine 1000 feet.

June 19—Aviator Krastel and his mechanic killed at Johannesthal aviation course, machine turning at 60 feet height.

June 20—Ensign William D. Billingsley killed, Lieut. John H. Towers seriously injured, at Annapolis naval academy, biplane collapsing.

July 8—Lieut. Loren Carl, army aviator, killed in biplane accident at Houston, Texas. Fourth army victim.

July 14—M. Bertin and son killed at Paris. Aviator Dieterichko killed at Muhlansen, Germany, in making a landing.

July 15—Lieut. Stoll of German aviation corps, died at Jueterborg as result of machine striking a tree in landing.

July 17—Major W. Hewitson, member of Royal Artillery Corps and Military Flying Corps, England, killed at army aerodrome by falling of monoplane.

August 21—Lieutenant Schmidt killed by aeroplane collapsing at Halberstadt, Germany.

August 25—Lieut. Sansevere and Sapper La Forge killed at Villacoublay, France, aeroplane.

Sept. 6—First Lieutenant Moss L. Love, 11th Cavalry, U. S. A., student at army aviation school, San Diego, Cal., killed while operating army aeroplane over North Island. Eleventh army victim.

Sept. 4—Two lieutenants of German aviation corps killed at Breig, Prussia, by plane collapsing in difficult maneuver.

Sept. 9—Herr Ringer, German aviator, killed at Berlin.

Sept. 11—Four persons killed at Buechenburen, Germany, by military aeroplane plunging into a crowd.

Sept. 12—Aviator Hans Lorenz killed at Muenser, Germany, said to be 325th fatality since heavier than air machines came into use.

Sept. 16—P. C. Davis died at Chicago from tetanus, result of accident in exhibition flight.

Oct. 7—Ruth Hildreth killed and her sister Helen fatally injured—struck in crowd by Lincoln Beachey's aeroplane at Hammondsport, N. Y.

Oct. 14—Aviator Albert Jewell vanished while high in air at New York, supposed to have been blown to sea.

ter 9 o'clock yesterday morning, death being due to an overindulgence in alcohol, it is believed. Walker was found to be in a critical condition early in the morning, the case being reported to the authorities and the man removed to the hospital.

## MEDICOS MAY INSIST ON PUBLICITY

Contention That Physicians Sell Drug Prescriptions Arouses Professionals

It is reported that the Medical Society of Hawaii will make demand of Dr. J. S. B. Pratt, president of the territorial board of health, that he publicly disclose the names of the two white physicians whom he accused, before the board of health yesterday, of supplying cocaine and opium promiscuously to persons by selling prescriptions to them.

Members of the Medical Society today declared the disclosure should be made in justice to all the other practicing physicians, that their patrons and friends may know they are not the ones alleged to be responsible to a certain extent for the growth of the terrible drug habit in the territory.

Use of the two deadly potent drugs, cocaine and opium, has been spreading insidiously throughout Honolulu and Oahu for the last six months, according to a statement of Dr. Pratt and it already has reached serious proportions. His attention, he said, was called to the traffic about six months ago by an army officer, when its prevalence was discovered among the enlisted men stationed on Oahu. As near as they could ascertain at that time the traffic had its principal source in or near Iwilei, but the exact center of distribution could not be found and definite proof to support prosecution obtained.

"There is only one way we can cope with the situation effectively," declared Dr. Pratt today. "That is by the close cooperation of all the physicians of the islands, all agreeing to give no more prescriptions for the drugs. Unless they will do that we stand little chance of stamping out the evil. If they will cooperate, however, it will not be so difficult to locate the few druggists who may be weak enough to sell it without prescriptions, and those places can be quickly put out of business."

"We are up against a serious proposition in the islands, however, for we have no up-to-date laws on the drug business. As it is now anyone who happens to know the patent medicines which carry a large percentage of the drug they desire, can easily obtain those medicines at any grocery store. Under the existing laws any merchant can obtain a license to sell the medicines and all the small corner or country groceries throughout the islands can handle them freely, selling to all comers."

Dr. Pratt told the health board yesterday of an instance where a physician has been known to give a prescription for as much as a half pound of opium, and for an ounce of cocaine—enough in either case to kill 50 men unused to the drug.

## YOUTHFUL FOOTBALL PLAYER IN HOSPITAL FROM BLOW IN GAME

Sam Carter, son of Mr. and Mrs. F. W. Carter of Emma street, and full-back on the McKinley High School football team, was removed to the Queen's Hospital at an early hour this morning, suffering with a hemorrhage of the nose resulting from a blow received while engaged in football practice. Three doctors are in attendance on him, and his condition is reported as being serious.

Carter was struck in the nose during a practice game Wednesday afternoon, and that organ commenced to bleed violently. He went home and a doctor was called. Yesterday morning he appeared to be all right, but the hemorrhage returned when he ran for a street car. A physician worked over him the greater part of last night, and this morning advised Carter's removal to the hospital. The bleeding continues at intervals, and the doctors are as yet unable to ascertain the cause. Carter was one of the mainstays of the High School team and his absence from the game tomorrow will be keenly felt.

of the important matters before it to Dr. James T. Wayson for his consideration.

—E L M E R SCHWARZBERG: Dressed as a lady suffragette, I went into the Young cafe after the Ad Club show the other night. The waiters are still blushing at the thought of me.

—A. F. COOKE: It is deplorable that "Three Weeks," which in book form is shut out of the libraries of the country, should be shown on a local stage. However, I understand that the play is so poor that few people will go to see it.

## SPANISH CONSUL BELIEVES ROSE IS PERSECUTED

That there is some outstanding force which is egging on a certain clique of Spaniards in Honolulu to bring charges against Joseph Rose, interpreter and special officer for the immigration station, was the statement made by the Spanish consul this morning when speaking of the visit paid him last evening by 50 members of the local Castilian colony, who laid before him complaints which they allege to have against Rose.

The consul chose to speak but briefly on the matter. He said that he had not told the delegation that he would cease entirely to employ Rose in matters connected with the consulate, nor did he tell the visitors that he did not want Rose in his office. "I told them that if their charges against Rose proved to be true, then I would cease to employ him," he said. "This is the first complaint that I have ever heard against Rose. I am averse to publicity in the matter, and I will act only if the charges are true."

The visit of the Spaniards to the consul seems to have grown out of some trouble which Rose is said to have had with one Manuel Rodriguez, who attempted to leave for the mainland without having first secured his naturalization. The matter called for a severe criticism of Rose, to which he answered, but which did not seem to clear the situation. The Spanish consul believes that there is a frame-up in order against Rose.

## WOLTER SAYS HEALTH BOARD ACTED WISELY

"The board of health did right in not issuing a permit for a merchants' license to the fishmarket merchants," declared Supervisor Wolter, chairman of the health committee of the supervisors, which committee recommended that the permits be issued.

"You will remember," he went on, "that I was the last one to sign the report with the recommendation. I signed it because Supervisor McClellan advised me to, and not because I believed the fishmarkets are in good condition. As a matter of fact, they are very insanitary."

"McClellan thought that as under the new law the board of health has the right to revoke a license issued, we should consent that the merchants get their license. He said that if they didn't keep their place right, the license could be cancelled."

"It was because of this argument that I agreed to sign the report with the recommendation. I am glad the board of health has done what it has."

A communication was read at the meeting of the supervisors at noon today from the assistant clerk of the civil service commission, notifying the board that the commission had found the appropriation made for them inadequate to meet all their expenses. An additional allowance of \$259.20 was asked. The communication was referred to the ways and means committee.

## NEW TODAY

IN THE DISTRICT COURT OF the United States, in and for the Territory of Hawaii, in Bankruptcy No. 242. In the matter of the City Contracting and Building Company, a Co-partnership, bankrupt. No. 242. Bankrupt's Petition for Discharge. To the Honorable Charles F. Clemons, Judge of the District Court of the United States for the Territory of Hawaii:

The City Contracting and Building Company, a co-partnership consisting of Wong Hong Yuen, Chun Ping, Lau Chung, Au Hung Hing, Au Tin Kwai, Au Ne Chong and Wong Gock, respectfully represent that on the 5th day of February, 1913, last past, said co-partnership was duly adjudged a bankrupt under the Acts of Congress relating to bankruptcy; that said co-partnership has duly surrendered all property and rights of property of said co-partnership and has fully complied with all the requirements of said acts and of the orders of the court touching the bankruptcy law.

Wherefore, said co-partnership prays that it may be decreed by the court to have a full discharge of all debts, accruable against the estate of the said co-partnership under said bankrupt acts, except such debts as are expected by law from such discharge.

CITY CONTRACTING AND BUILDING COMPANY.

By (Sgd.) WONG HONG YUEN, (Sgd.) CHUN PING, (Sgd.) LAU CHUNG, (Sgd.) WONG GOCK.

Subscribed and sworn to before me this 12th day of October, 1913.

(Seal) (Sgd.) WM. L. ROSA, Deputy Clerk, United States District Court, Territory of Hawaii.

IN THE DISTRICT COURT OF the United States, in and for the Territory of Hawaii, in Bankruptcy No. 242. In the matter of the City Contracting and Building Company, a Co-partnership, bankrupt. Order of Notice of Bankrupt's Petition for Discharge. On this 13th day of October, A. D. 1913, on reading the foregoing petition:

It is Ordered by the Court that a hearing be had upon the same on the 1st day of November, A. D. 1913, before said Court in Honolulu, City and County of Honolulu, in said District, at 10 o'clock in the forenoon, and that notice thereof be published in the Star-Bulletin, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And It is Further Ordered by the Court that the clerk shall send by mail, to all known creditors, copies of said petition and this order, addressed to their places of residence as stated.

Witness the Honorable Charles F. Clemons, Judge of said Court, and the seal thereof, at Honolulu, in said District, on the 13th day of October, A. D. 1913.

(Seal) A. E. MURPHY, Clerk, U. S. District Court, Hawaii. By (Sgd.) F. L. DAVIS, Deputy Clerk.

A true copy: Attest: A. E. MURPHY, Clerk. By F. L. DAVIS, Deputy Clerk.

HIGH SHERIFF'S SALE NOTICE.

Under and by virtue of a certain Writ of Execution issued by the Honorable J. M. Monsarrat, District Magistrate of Honolulu, City and County of Honolulu, Territory of Hawaii, on the 13th day of October, A. D. 1913, in the matter of Harry T. Mills, Plaintiff, vs. I. Yamamoto, Defendant, for the sum of Ninety-Nine and 93-100 (\$99.93) Dollars, I did, on the 16th day of October, A. D. 1913, levy upon and shall offer and expose for sale and sell at public auction to the highest bidder the property hereinafter referred to, to satisfy the said Writ of Execution at the City Auction Rooms, Fort Street, Honolulu, City and County of Honolulu, Territory of Hawaii, at 12 o'clock noon of Tuesday, the 18th day of November, A. D. 1913, all of the right, title and interest of the said I. Yamamoto in and to the following property of the defendant unless the sum due under said Writ of Execution, together with interest, costs and my fee and expenses are previously paid.

Property to Be Sold.

That certain lease of premises situate on the South side of Liliha street, Honolulu, containing an area of 3/10 acre and being the same lot with house thereon leased by Tom May to Ichiro Yamamoto dated August 1st, 1909, for a term of five years.

Terms cash in United States Gold Coin.

Dated Honolulu, City and County of Honolulu, Territory of Hawaii, this 16th day of October, A. D. 1913.

WM. HENRY, High Sheriff, Territory of Hawaii. 5678—Oct. 17, 27, Nov 7. 17.

## NEW TODAY

IN THE DISTRICT COURT OF the United States, in and for the Territory of Hawaii, in Bankruptcy No. 242. In the matter of Lau Chung, Voluntary Bankrupt. Bankrupt's petition for Discharge. To the Honorable Sanford B. Dole and Charles F. Clemons, Judges of the District Court of the United States for the District and Territory of Hawaii:

Lau Chung, of Honolulu, City and County of Honolulu, Territory of Hawaii, in said district, respectfully represents that on the 6th day of May, 1913, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property; and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such discharge.

Dated this 2d day of October, A. D. 1913.

(Sgd.) LAU CHUNG, Bankrupt. Subscribed and sworn to before me this 2d day of October, 1913.

(Seal) (Sgd.) WM. L. ROSA, Deputy Clerk, United States District Court, Territory of Hawaii.

IN THE DISTRICT COURT OF the United States, in and for the Territory of Hawaii, in Bankruptcy No. 242. In the matter of Lau Chung, a bankrupt. Order of Notice of Bankrupt's Petition for Discharge. On this 13th day of October, A. D. 1913, on reading the foregoing petition:

It is Ordered by the Court that a hearing be had upon the same on the 1st day of November, A. D. 1913, before said Court in Honolulu, City and County of Honolulu, in said District, at 10 o'clock in the forenoon, and that notice thereof be published in the Star-Bulletin, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

# HEAVY SELLING CAUSES DECLINE IN COMMERCIAL

"There is no physical reason for the decline in Hawaiian Commercial. The reason for its decline yesterday is found in the fact that some 1300 shares of the stock were thrown on the market."

John Waterhouse, of Alexander & Baldwin, made this statement this morning when asked the cause of the sudden drop of Hawaiian Commercial, which was selling at 25.75 Monday and fell to 24 yesterday.

"At this time the market is unusually sensitive, and that is the reason the price of Hawaiian Commercial fell some," he said.

Brokers on the "street" are expecting the stock to recover at once.

"It is selling way under value now," said one this morning, "and no doubt many will come in to buy at the low price, which of course will force the stock up."

"The trading is getting better all the time. The exchange is doing more business than it has for months."

# Morning on 'CHANGE

Heavy trading in Hawaiian Commercial, at its low price reached yesterday, was the feature of the stock market this morning. Between boards and during the session, Hawaiian Commercial was poured on the market, going at 24. It closed with 23.87 1/2 offered for it; 24.25 was asked.

Other stocks changed hands with the brisk market this morning. Fifteen shares of O. R. & L. went at 130. H. B. & M. sold between boards at 21.50 to the extent of 156 shares; Olaa stayed at 1.25, and Oahu Sugar at 12.25. Ewa went in a parcel of 45 shares at 16; Hawaiian Sugar at 25.

The demand for stocks is undoubtedly increasing. The trading today was done in a good active market with bidding sharp for different stocks.
