KOOLAU R. R. QUESTIONS ACT OF COMMISSION

Public Utilities Asked to Define
Meaning of Word 'Request'
Before Receiving Data

AUTHORITY OF BODY IS DOUBTED BY THE CARRIER

Chairman Mott-Smith Replies
That 'Request' Was For-
warded as a Demand

In a letter received by the Public Utilities Commission this morning from the Koolau Railway Company, the latter questions the authority of the commission to demand information regarding its utility business and at the same time raises the question of the commission's jurisdiction, according to Chairman E. A. Mott-Smith. The letter is a reply to a communication from the commission requesting that it be furnished with schedules of rates, fares and classifications made or charged by the company in the transaction of its public utility business. In reply to the communication, Chairman Mott-Smith has demanded that the company comply with the request of the commission.

Following is the letter sent by the commission by the Koolau Railway Company by its secretary, F. B. McStockier:

"I am in receipt of yours of the 11th instant, wherein you request certain information and data in regard to the business of the Koolau Railway Company. Before complying with the same, I am instructed to ask whether in your communication 'request' means order, or that you are asking for information covered by communication as a matter of courtesy. If the latter is the case I shall be pleased to furnish you with the same."

In reply to this communication, Chairman Mott-Smith, writing for the Public Utilities Commission, says:

"Replying to your favor of the 12th instant, I have to inform you that the request in the commission's letter of the 11th instant, to which you refer, is in the nature of an order and demand that you comply therewith. A similar request has been made of other railroads in the territory as well as of telephone, gas and electric companies. The commission takes this

Japanese Plan to Take Active Part in Mid-Pacific Carnival

Nipponese Features Expected
To Be Most Interesting of
Big Celebration

ADMIRAL COWLES MAY VISIT HERE ON ASIA DETAIL

Will Take Command of Asiatic
Fleet, According to Change
in Navy Dept. Order

Honolulu will soon have a chance to renew acquaintance with Rear-admiral Walter C. Cowles, formerly commanding of the naval station here, who is ordered to command the Asiatic Fleet. This means that the admiral will probably take one of the liners touching at Honolulu, and it is certain that his welcome here will be a royal one.

Commenting on the recent change of fleet commands, the Army and Navy say:

The orders directing Rear-admiral Thomas B. Howard, U. S. N., to assume command of the Asiatic fleet, have been changed so that he will be commander-in-chief of the Pacific fleet, to succeed Rear-admiral Walter C. Cowles, who will take command of the Asiatic fleet, relieving Admiral Reginald F. Nicholson, U. S. N.

It is as illogical as it is unfair to hold Rear-admiral Howard chiefly responsible for the hullabaloo made over the incident of the Carabao dinner. Had that been allowed to pass with a quiet intimation that the new administration took a different view of the matter from that heretofore held in official circles, the same result would have followed, and the tender sensibilities of our Philippine wards would not have been disturbed, as they never had been before by the singing of naughty songs by the bad boys of the Carabao. "Under the circumstances we did not want to send Admiral Howard to the Philippines," said Secretary Daniels. "But as we have every confidence in him we did not want to give him a command that would be in any way appear to be punishment, so we decided to send him to the Pacific Mexican squadron. This arrangement is entirely satisfactory to Admiral Howard."

This recalls the story of the man who was asked if the brother who had just departed this life was "reconciled." "My God!" was the reply, "he had to be." Admiral Howard is not the man to quarrel with his orders.

When asked what he thought of the change in the program assigning him to the command of the Asiatic fleet, giving that fleet to Rear-admiral W. C. Cowles and assigning Howard to the Pacific fleet, Admiral Howard made this characteristic reply: "My only comment is Admiral Howard always obeys orders." "Give your decisions," said a retiring judge to the young lawyer who succeeded him, "but don't undertake to give your reasons for them. Your decision may be sound where your explanations of it may be challenged." The reasons given for a change in the assignment of the command of the Asiatic fleet challenge common sense. Would it not be well to consult all the powers whose territory borders on the waters over which Admiral Cowles will have jurisdiction as to whether his assignment will be agreeable to them? As he is a relative of Theodore Roosevelt perhaps the Filipinos may object to him on that account.

Kaimuki will be represented in the Floral Parade again this year with an elaborate float. This was decided upon at a meeting of the Kaimuki, Waialae and Palolo Improvement Club last night. Alphonse F. Clark and Ben Hollinger were named a committee to have charge of preparing and entering the float, but they are to have the assistance of the Kaimuki Mothers' Club in the matter of designing and decorating.

The cuts of the Japanese committee chairmen appearing on page 8 were kindly loaned to the Star-Bulletin by the Hawaii Shimpou and the Hawaii Hochi.

SUGGESTIONS ASKED OF PUBLIC FOR ADVERTISING OF HAWAII IN 1915 FAIR

"In what manner can the Hawaii Fair Commission best advertise Hawaii's climate at the Panama-Pacific Exposition at San Francisco in 1915?"

The question is asked by H. P. Wood, chairman of the commission, and through the Star-Bulletin, he requests the residents of Honolulu and Hawaii, also tourists, to offer suggestions. What the commission wants, Mr. Wood explained this morning, is suggestions for some sort of feature which will impress upon the minds of those who visit the exposition that "It is always May in Hawaii." Mr. Wood requests that persons having suggestions to offer either mail them or call at the offices of the Promotion Committee.

"The commission will have relief maps of all the islands for the fair, with lines showing the temperature and rainfall," he said, "and also bulletins which will show the temperature at Honolulu each noon during the exposition. But the commission wants some new feature to advertise the climate: something that will make an impression to the effect that it is always summer in these islands."

Carnival Program

FIRST DAY—SATURDAY, FEBRUARY 14th.
1:30—Baseball, Inter-Island Series, Athletic Park, two games.
8:00 P. M.—Grand Carnival of Nations, Capitol Grounds. Admission free. Dancing and confetti throwing by public. Exhibition of national dances by experts. Seat tickets, 50c.
SECOND DAY—SUNDAY, FEBRUARY 15th.
11:00 A. M.—Special services in all churches, of interest to strangers in city.
1:30 P. M.—Baseball, Athletic Park, two games.
3:30 P. M.—Band Concert, Kapiolani Park, Hawaiian Band.
7:30 P. M.—Special services in all churches.
9:00 P. M.—Sacred Concert, Royal Hawaiian Band, Roof Alexander Young Hotel.

MRS. FIELD FOUND GUILTY IN SHORT TIME AFTER LENGTHY TRIAL

In less than 20 minutes a jury in federal court returned a verdict of guilty this morning against Mrs. Alvin C. Field, who has been on trial several days on a charge of selling liquor at her camp near Schofield Barracks without paying the special federal liquor tax. She will be sentenced by Judge C. F. Clemons at 10 o'clock.

PETRIE WOULD WORK PRISONERS IN ROCK QUARRY

Jarrett Says Majority Are in the
I.W.W. Class and Doubts the
Success of Experiment

JAILOR ASCH HAS 100 WHO NOW ARE ELIGIBLE

Prison Inmates May Choose
Between Outdoor Occupation
and Life in Dark Cell

A change may be made in the occupation of the city and county prisoners—a change from picking leaves in the parks or dozing under shady algaroba trees.

Supervisor Petrie, chairman of the roads committee, stated at the meeting of the supervisors yesterday that he is considering putting the prisoners to work at the quarry.

"The municipality at present employs 20 laborers there. I see no reason why the prisoners should not be allowed to do this work. Let them all work there, quarry as much rock as possible, which would mean money to the city and county. We only have a short lease on the place, so the more rock quarried the more money saved the city and county."

"I know that under a federal decision prisoners cannot be forced to work. They can choose between working or staying in a dark cell."

Jailor Julius Asch stated yesterday that there are 100 prisoners who could be put to work. It was at first suggested that they do street work, but Petrie is now in favor of sending them to the quarry. Sheriff Jarrett has his doubts if the prisoners will prove good workmen.

"Most of them were put in jail for not working," he observed. "They don't take to it readily. However, it won't be hard to try."

Petrie has not decided when to try the experiment.

BARON LE GAY ASKS BALM FOR NUMEROUS ILLS

Nobleman, Who Tarried in Ho-
nolulu, Sues R. T. Co.
for \$11,630

Asking total damages of \$11,630 for injuries alleged to have been received when he fell from a street car at Pa-wa junction on December 30, Baron Charles Ette Le Gay has filed suit in circuit court today against the Honolulu Rapid Transit & Land Company.

He avers the accident was due to carelessness, the motorman starting the car without warning, as the baron was dismounting. He received serious bruises and a bad injury to his leg,

he says, necessitating confinement to his bed for 12 days, preventing him from organizing a proposed new bank in Honolulu; also delaying his proposed journey to China. The local bank was to have been organized the day following the accident, he states, but as he was unable to close the deal at that time, William G. Schroeder, the Chicago man supposed to be interested in the enterprise, departed for home January 1.

Among other interesting facts alleged is that the Baron is the recipient of the munificent salary of \$1500 a month from the Reform Organization of China. In brief, his list of damages is itemized as follows:

Physical suffering, \$5,000.
Business in China, \$1000.
Salary from the Reform Organiza-tion of China, \$1500.
Physician's and surgeon's bill, \$130.
Loss by reason of inability to orga-nize Honolulu bank, \$4000.

FLOATS COMMITTEE'S CHAIRMAN IS SEEKING ENTRIES INFORMATION

The Floats Committee, of which Chas. R. Frazier is chair-man, wants to know just what wagons, horses, drivers and auto trucks will be in line for the Floral Parade by those making entries.

Mr. Frazier requests those who have not made full arrangements to communicate with him at once by phone or otherwise. Phone 1371.

The Floats Committee also wants reported any float entries that have not already been turned in.

JARRETT AND HOLT ARE UNDER HACKMEN'S FIRE

Sheriff and Inspector Accused
of Showing Favoritism in
Granting Permits

NEW STATUTE AND BACK TAX CLAUSE INVOLVED

Test Case in Supreme Court Is
Held as Excuse for Lack
of Police Action

Charges against George Holt, hack inspector for the police, and against Sheriff Jarrett, based upon alleged favoritism shown by the two officers in benefit of clique of hack drivers, are being made today, the charges coming from drivers in a so-called "un-favored clique." According to their representations and assertions they will make it hot for the two officers ere the troubles comes to an end.

Once more—and in connection with the charges—the new license statute comes into prominence and is discovered to be the seat of the trouble, as it was with a group of Chinese merchants recently. It is in the enforcement and the lack of enforcement of this statute that the complaints are made, the charge being that Holt enforces the law against some drivers, while he allows others, with the approval of Sheriff Jarrett, to escape its requirements.

The statute, short in itself and, at first glance, of trifling importance, requires persons doing a licensed business to pay all taxes due at the time the license is issued or renewed. In other words, all arrear taxes must be paid, and this includes the poll taxes—which many have been successful in dodging for a decade or more.

The claim is made by a clique of hack drivers, headed by Arthur Kahauhinui, that Holt forced them to pay eight, nine and 10 years of back poll taxes before he would give them a permit. A driver's license is issued by the city and county treasurer, the permit by Holt. The two are dissimilar—the license gives the driver the right to engage in the hack business, the permit averts that he is qualified to drive. Kahauhinui and his followers say

(Continued on page four)

SOLDIERS WILL BE BROUGHT ON OAHU RAILWAY

Arrangements Concluded with
War Dept. and Infantry Will
Not Have to March

Schofield's thousands of soldiers coming to Honolulu to take part in the Mid-Pacific Carnival will not have to march from Leilehua. Arrangements have been completed between the Oahu Railways & Land Company and the war department for the transportation of the infantry troops by O. R. & L. trains. The arrangements were quickly made yesterday and this morning. Yesterday was the first time the O. R. & L. officials knew that the government was willing to have the troops brought by train, and this morning the arrangements were concluded whereby the troops will be brought here and returned to the post without charge. They will come on Tuesday and Wednesday of next week. It is estimated that about 3400 men will be brought.

MISS ESTHER ERICSON
RESIGNS AS HEAD OF
HONOLULU'S Y.W.C.A.

Miss Esther M. Ericson, general secretary of the Honolulu Young Women's Christian Association, has tendered her resignation to the board of directors of that organization her resignation to take effect June 1, 1914. No reason has as yet been made public for Miss Ericson's action, but it is believed that she has received a call from the National Y. W. C. A. Committee to take a higher position, probably in the East.

Miss Ericson has been affiliated with association work for a number of years, and during the three years she has spent in Honolulu, as head of the local organization, not only has she been one of the prime movers in causing the membership to rise from 200 to 800, but she has put the association on a firm financial basis.

After leaving the local association, Miss Ericson plans to journey to her home in Minneapolis, where she intends remaining for three or four months.

A Hawaiian musical will be given at the Pleasanton Hotel Sunday evening. Several new songs are to be sung with a string-instrument accompaniment.

DRYDOCK BOARD IS NAMED; UNCLE SAM MAY FINISH WORK

Civil Engineers to Estimate Cost of Carrying Out
of Noble's Plans and Determine Whether
New Private Contract be Made

The following cablegram was received today by President W. R. Farington of the Merchants' Association from C. S. Albert, Washington cor-respondent of the Star-Bulletin, who is keeping the association informed on the Pearl Harbor drydock situation:

WASHINGTON, D. C., February 13.—A board was appointed this afternoon to prepare estimates for completing the Pearl Harbor drydock. The board consists of Leonard M. Cox, civil engineer at the Norfolk navy yard, and F. R. Harris, New York navy yard.

This board will estimate the cost of completing the drydock under the plans of Alfred Noble, the expert sent to Honolulu some months ago, and will determine whether to make a new contract with private parties or to recommend that the government itself perform the work under direction of members of a board of civil engineers.

TOKIO AGAIN RIOT SCENE; POLICE USE SABERS ON CROWD

Minister Resigns, Saying He Feels Himself Responsible for
Disorders Arising out of the Navy Graft Accusations

TOKIO, Japan, Feb. 13.—Scenes of disorder, of violence and revolt against the government exceeding even the riots several days ago were enacted in Tokio today.

Five hundred police, called out by the emergency, charged the crowds in the streets, endeavoring to disperse them, and the police used their sabers freely in the encounter. The riot was suppressed and 200 arrested.

Minister Osaka has resigned, saying that he feels himself responsible for the disorders arising from the accusations of graft in the navy department which favor the disorders.

"Minister Osaka," referred to above, is probably a mistake as there is no such name in the Japanese cabinet. Minister Haiko of the navy department is believed to be the official who has resigned.

Evers Signs with Boston Team With Big Salary and Bonus

NEW YORK, N. Y., Feb. 13.—Johnny Evers, player-manager of the Chicago Cubs last year and suddenly cast adrift by Owner Charles W. Murphy after a quarrel, signed today one of the most advantageous contracts in baseball. He has agreed to a four-year contract with the Boston team of the National league at a salary of \$10,000 yearly and received a \$2000 bonus for signing. His contract further provides that there shall be no trading or sale of players or of himself without his consent. Also, if the Boston team finishes the race of 1914 in first, second or third place, Evers will get an additional bonus.

New York Suffers From Cold Many Deaths And Prostrations

NEW YORK, N. Y., Feb. 13.—New York's sudden cold snap increased in severity last night and today and nine deaths from cold are reported. Homeless refugees have been driven from the streets and alleys into all the homes and public institutions where they can find asylum. A blizzard is predicted and the police and hospitals are kept busy with numerous prostrations.

Wilson Ill With Cold And Misses New Jersey Reception

WASHINGTON, D. C., Feb. 13.—President Wilson is again a victim of a bad cold, which is so severe that at the orders of his physician he is obliged to keep to his room and today was unable to attend the New Jersey reception at the White House. The reception, however, was held and hundreds of people from New Jersey were present.

Bertillon Dies In Paris

PARIS, France, Feb. 13.—Alphonse Bertillon, inventor of the Bertillon system of classifying and identifying criminals, died today from an affection of the kidneys.</

Auction Sale OF Automobiles

On Friday, February 20, 1914, at 12 o'clock noon, J. F. Morgan & Company, Auctioneers, will sell at public auction at our Salesrooms, in rear of the Alexander Young Building, a choice lot of upward of fifteen re-built automobiles.

These automobiles will be sold without a limit; they must be closed out to make room for new stock arriving.

This is a splendid opportunity to buy a serviceable car at your own price.
The following is a list of some of the cars to be sold:

The terms will be:

Cars selling at \$500.00 and below:

2-3 cash, balance in six (6) equal monthly installments;
secured by car;

Cars selling above \$500.00:

1-2 cash, balance in six (6) equal monthly installments;
secured by car.

The following is a list of some of the cars to be sold:

- 5-Passenger Buick touring car
- 5-Passenger Oakland touring car
- 7-Passenger Oldsmobile touring car
- 4-Passenger E-M-F roadster
- 5-Passenger Hupmobile touring car
- 5-Passenger Hudson touring car
- 5-Passenger Packard touring car
- 2-Passenger Buick runabout
- 5-Passenger Everitt touring car
- 2-Passenger Maxwell runabout
- 3-Passenger Pope-Hartford roadster
- 7-Passenger Stevens-Duryea touring car
- 7-Passenger Peerless touring car
- 5-Passenger Cadillac touring car
- 1-Ton Buick truck
- 1000-Lbs. Stoddard-Dayton delivery wagon

AND OTHERS

Wait for this splendid opportunity.

All of the cars will be sold at bargain prices.

The list includes a number of high-grade used cars, well designed and constructed, and made of the best material, which will remain a valued possession for a number of years.

Compared with a NEW CHEAP car, bought at the same or a higher price, you will have more comfort, more enjoyment motoring, the satisfaction that comes from the ownership of a luxurious, distinguished car, with little, if any, greater cost for purchase, no greater cost for operation, and, in years to come, a car that will be worth more money.

These cars will be on show at a parade through the main down-town streets on February 18th and 19th at 12 o'clock noon.

The von Hamm-Young Co., Ltd.,

King and Bishop Streets

JUDGE COOPER STILL DENIES RESIGNATION AND LUCA STORIES

Despite Circuit Judge Henry E. Cooper's denial the rumor persistently comes from Washington that he has resigned. The latest Washington correspondence says:

"In view of the fact that Judge Cooper resigned and fixed a specific date for leaving the bench his name was given no consideration for re-appointment. The absence of Judge Cooper's name from the list of recommended

ment. The judge left the service because he desires to develop the new group of islands recently acquired by him south of Hawaii."

"The situation is no different today than it was when I returned from the mainland," said Judge Cooper to day when again asked concerning the story from the East. "I sought only an extension of leave of absence. Nothing was said then, nor since, concerning my resignation. I certainly have not resigned."

The absence of Judge Cooper's name from the list of recommended

tions for judicial appointments, sent forward by Governor Pinkham some time ago, has caused some speculation locally. His was not the only name of judges now serving that was left off the list, however, and the governor has caused it to be understood that the omissions were due to lack of time in which to consider all of them at once. It also is believed that no further recommendations will be sent forward until the president and senate have taken some action on those already made by Governor Pink-

OFFICERS' TIME ON OAHU MAY BE EXTENDED

There is still some uncertainty as to the length of the tour of duty for army officers in Hawaii. A few weeks ago it was announced that four years was the time set, but now, it seems, there is talk of making it even longer. While this would be a boost for Hawaii, as a health resort, it is doubtful whether officers could care to be so long separated from mainland ties, and a longer tour might tend to make the station most unpopular.

The Army and Navy Journal of recent date says:

Owing to the fact that the war department has not yet localized the regiment stationed in Hawaii no foreign service roster for Hawaii has been prepared. The department has decided to fix the tour of duties in Hawaii at four years at the present, but even this may be changed when final action is taken on the status of the Hawaiian regiments. It will be two years before any of the Hawaiian regiments are due under the old schedule to return to the United States, and for this reason it is not necessary for the department to pass on the question until shortly before a regiment would come under the old arrangement. In the meantime the tour of four years will be required in Hawaii for staff officers and the coast artillery. On account of the delightfulness of the climate it is not believed that Hawaii should be on the same basis as the Philippines. Even at four years a tour of duty in Hawaii is to be preferred to that in the Philippine Islands. It is contended by some members of the general staff that the tour of duty in Hawaii should be extended beyond four years, as a great many officers would prefer to live in Hawaii rather than in some parts of the United States.

Morning on 'CHANGE

The only new price established this morning was in Pioneer which showed a gain of a half point. There was one sale of that stock, involving a block of 25 shares—it was the only deal made at the session—selling at 18. Between boards Oahu Sugar, Hawaiian Commercial and Hilo Com. all sold at their old prices. Thirty shares of Oahu Sugar went at 13.50; 65 Hawaiian Commercial at 23.50 and 15 Hilo Com. at 3.25.

MRS. JOHN W. KALUA OF WAILUKU LAID AT REST LAST SUNDAY AFTERNOON

Mrs. John W. Kalua passed away at the Malulani hospital on Friday as a result of the stroke she suffered on Thursday morning. The obsequies were held on Sunday afternoon at 2 o'clock. From the house the flower-laden casket was taken to the Kahumana church, which was already half-filled with mourners when the large funeral cortège arrived, and many people had to remain outside. A more beautiful and imposing funeral has seldom been seen on Maui. The police and part of Company I headed the procession. People came from all parts of Maui, and even from Honolulu, among whom was W. O. Smith, an old and faithful friend of the Kaluas. The pall bearers were S. E. Kalama, Charles Wilcox, W. F. Kane, J. H. Kuneawa, Ben Lyons, Joseph Welch, Joseph Cockett and M. P. Waiwaiole.—Wailuku Weekly Times.

On statutory grounds John F. Butler yesterday was granted a divorce from Mary P. Butler by Circuit Judge Whitney.

FRIDAY FEBRUARY 13, 1914

Corporations cannot commit treason, nor be outlawed or excommunicated, for they have no souls.—Sir Edward Coke, (1549-1634).

Words are the only things that last forever.—A. C. McClurg.

SOME UNDIGNIFIED REMARKS

Director-general Dougherty's call for the Carnival Spirit to rule Honolulu for the next few days is echoed by every loyal citizen of Hawaii.

Why not cut loose and have a good time? Why not drop false dignity and pride, all ye high-brows, and mingle with us low-brows and the middle-brows in one general jollification. Can we do it? Sure we can.

The Carnival Spirit is about the easiest thing to get in this world of sorrow, strife, income-taxes and poor roads. It doesn't cost anything.

You can assimilate it without money and absorb it without price. Smiles are gratis, leis are cheap, Carnival canes—and pugnats are to be sold for a song—and it doesn't have to be much of a song at that.

Tomorrow afternoon that grand old American sport, which has followed the flag around the world and is civilizing even presidents, bankers and owners of limousines,—that grand old sport baseball,—will open the big show. Tomorrow night there is to be a grand Carnival of Nations at the palace grounds, where Hawaii's wonderful cosmopolitanism will show all nations mingling as one—Republicans, Democrats and Bull Moosees fraternizing right jovially.

Lock dull care up in the burglar-proof safe and forget the combination! King Carnival is ready to step on the throne and greet his subjects from all over the world.

THE "RADeUM CURE" UNPROVED

Recent cases of cancer treated by the radium method have attracted world-wide attention, and the publication yesterday of the fact that a grain of this precious substance had been ordered by Honolulu physicians for the treatment of a Honolulu woman now arouses much local interest. Yet it should be said now that the radium treatment is far from being a proved success. Even those experts who hope most from it make no hard-and-fast predictions.

From time to time extravagant claims are put forth for the merits of certain cures for ravaging diseases. So it was with the alleged tuberculosis cure advertised widely a year ago when Dr. F. F. Friedmann of Berlin announced the discovery and perfection of a new treatment. In at least one case a resident of Honolulu went to New York for treatment, only to meet with bitter disappointment. Thousands upon thousands of victims of the white plague, who had taken hope when the Friedmann treatment was announced, relapsed into blackest despair a few months later when the Berlin physician was stripped of his pretentious claims.

The study of radium as a possible cure for cancer has developed but a comparatively small body of definite knowledge. The "radium cure" is still in an experimental stage and its use in

JARRETT AND HOLT ARE UNDER HACKMEN'S FIRE

(Continued from page one)

they have no right to make because they had to pay the arrear taxes. Their charge is that while they were required to pay up, other drivers—drivers belonging to the favored clique—are allowed to go untouched, and are now doing business without a license but with a permit. Jack Long, a driver with a stand near the fish markets, is one they say who has been favored. He frankly admits that he has not a license, but was given a permit from Holt notwithstanding. Other drivers are said to be in the same position.

Just now test case, testing whether such arrear taxes can be required as a condition precedent to issuing a license, is in the supreme court, taken there by 15 hackdrivers who had a writ of mandate issued to compel the treasurer to give them a license. The two lower courts have held in favor of the official.

Though the present two cliques involved in the charges, the favored and the unfavored, are not parties to the action, Jarrett said this morning that until the final decision is handed down he would not interfere with the drivers. He said that the decision would cover satisfactorily the entire situation. If it holds that the drivers must

pay all arrear taxes before getting a license, he said he would issue an order to arrest all drivers doing business without a license. But until the decision is handed down, he declared he would let things take their course.

Holt said he did not take it to be his affair to inquire whether a driver had or had not a license; that he was only concerned in giving them permits. However, hack men say that he forced some to get a license before giving them a permit, and that in the case of Long he took the matter up with the sheriff and that the sheriff told him to give Long a permit and do nothing about the latter's lack of a license.

—JAMES A. WILDER: Honolulu V is the proudest troop of Boy Scouts in the territory, as it is the possessor of a beautiful flag presented by Queen Liliuokalani. The members of the troop are to be complimented on the manner in which they conducted themselves yesterday.

—NIGEL JACKSON: I have been told that just because Santa Claus is brought into the limelight once a year is no justification for one to appear in public with face lumberjacks. I am almost persuaded that I will indulge in shave.

—CAPTAIN WILLIAM FOSTER: I am glad that the number of the territorial wharves has been completed. The confusion heretofore existing in designating the several piers is now a thing of the past.

—RAYMOND C. BROWN: While some people can extract a lot of excitement and thrill in juggling dynamite bombs and toying with quantities of giant powder, I manage to secure considerable diversion from serving in my humble capacity in handling tickets at the various Mid-Pacific Carnival attractions.

—SENATOR J. L. COKE: As a former resident of Maui and a loyal baseball fan, I'm going to root for the

LITTLE INTERVIEWS

—WILLIAM L. FRAZEE: The light along Kalakaua avenue will be on in a day or two. It will make the avenue look like a real boulevard.

—SUPERVISOR PETRIE: We might as well put the prisoners to work in the quarry. As our lease is now there, the more rock we get out the more money the county saves.

—CHARLES A. CUTTRILL: I have heard many addresses on Abraham Lincoln, but the one delivered by Chaplain Oscar Scott at the Y. M. C. A. last evening was by far the best I have ever listened to.

—W. T. RAWLINS: Duke Kahanamoku probably will set at least one new record at the coming carnival swimming meet. He may not set any new times, but he likely will be the first man who has ever swum in seven

ENTRIES FOR BIG SWIMMING MEET REPORT SAYS ROSENFELDTS ARE ARE GIVEN OUT AFTER DIVORCE

the treatment of internal cancer results fatally in a large percentage of cases, according to testimony recently given before the house mines committee by Dr. William H. Campbell, director of the radium clinic of Pennsylvania. Dr. Campbell told the committee that so far as the deeper cancers are concerned "we cannot tell today what the outcome of the radium treatment will be."

"We can tell," he said, "that there is a disappearance of tumor; that the radium causes the disintegration of the tissues of the cancer, but something is created in that disappearance which is absorbed by the blood and which kills my patients. I cannot tell, nobody can tell, for four or five years, just what the result will be. I can treat patients at 4 cents per milligram of radium per hour, on an investment of \$3000, and double my money in a year."

He was asked how many of his patients had died as a result of the treatment and after some hesitation answered that two out of five ended fatally. These two cases, he insisted, were already far advanced.

It is well, then, for the world not to put too much confidence in the radium treatment. It promises well, many skilled scientists have considerable faith in its efficacy, but it is still unproved.

One of the things that should not be missed during Carnival Week is the hibiscus, palm and fern exhibit to be held in the national guard armory next Wednesday afternoon. Even the common varieties of hibiscus are beautiful and at this show will be displayed rare and gorgeous specimens of bewildering form and color. Among the palms and ferns will be seen some private collections that are priceless.

Uncle Joe Cannon complains that President Wilson breaks too many precedents. Uncle Joe is one of the boys who find it hard to get used to the new way of doing public business.

"Yellow and dark-green—not light-green—is the proper and beautiful combination," observes a Carnival official with an artistic eye.

If they label the booze bottles "poison" there is a good chance that somebody will get hold of the carbolic acid bottle by mistake.

The Tampico water supply has been cut off by the rebels. Now if it had been mescal, we might expect a speedy surrender.

The new civil service commission is entirely civil. It has still to prove whether or not it is of service. It has started well.

Right now seems to be the psychological moment to agitate for a safe, sane and profitable Carnival.

Now, if our climate doesn't slip a cog for the next few days

Meanwhile, what about Hawaii's exposition building?

Decorate, decorate, DECORATE!

With a large list including the cream of the Hawaiian swimming talent and six picked men from the coast developed into even quicker entries for the carnival swimming meet closed at 5 o'clock last night. Competition from the mainland will make this meet the most interesting ever held in the islands, since swimming became a recognized competitive sport, and the chances are that the stands on the navy wharves will be packed on the morning of Saturday, the 21st.

A whirlwind courtship and wedding in Honolulu and a quick voyage to San Francisco for divorce on the part of Mr. and Mrs. Leo A. Rosenfeldt, according to news received here from San Francisco.

Mrs. Rosenfeldt, who was Miss Ruth Leo Yoemans of Tacoma, and was visiting here as a tourist, is reported to have left for Seattle and my husband for Chicago.

The San Francisco Examiner of Jan-

uary 4 says:

"Mr. and Mrs. Leo A. Rosenfeldt, newlyweds, who arrived from Honolulu on the steamship Manchuria Monday and denied they had any intention of seeking a divorce, failed to take a taxi to the nearest jewelry store to purchase a new wedding ring to replace the golden circlet which a greedy little rock cod in the Golden Gate.

Instead they drove pell-mell to the office of Attorney Wilbur G. Zeigler and demanded that he immediately file action of divorce.

"How did it happen that you came to me?" remarked Zeigler when he had listened to the story. "You do not know me."

"Oh, we didn't know any attorney in San Francisco, so we looked in the city directory and found your name the last in the list," explained Rosenfeldt.

Leave Office in Disgust.

"I would like to take your case," said the attorney, "but I cannot. You say your home states are Illinois and Wisconsin, respectively, and the women will have to be brought there."

"The Honeymeers who were married in Honolulu after a quick fire courtship, left in disgust.

Mrs. Rosenfeldt boarded the 8 o'clock train for Seattle and declared that as soon as she arrived there and had greeted her mother, Mrs. W. C. Yoemans, wife of the millionaire lumber king and president of the Lumber Manufacturers Association, she would bring action to have her marriage with Rosenfeldt annulled.

Rosenfeldt has left for Chicago and he also declared that he would bring suit for divorce.

In the meantime, according to advice received from Honolulu, the Seattle lumber baron is rushing to San Francisco on the steamship Nile and hopes to get home in time to stop the divorce proceedings.

Slight Quarrel Is Cause.

"Several of the passengers of the Manchuria declare that the young people began to quarrel through a slight misunderstanding and if the father of the bride gets to Seattle in time peace and harmony may again return."

"An interesting feature of the story is found down at Fisherman's Cove, where the Italian fishermen congregate with the boats heaped with fish after the day's catch.

"According to the marine lookouts stationed there, every fish is carefully investigated by the fishermen, who hope to discover the little rascal that swallowed the ring and thereby gain possession of a talisman which will prove lucky for the owner."

At Mr. Yoeman's hotel it was said today that he is still in Honolulu.

SOLDIER BRIDEGRoOM ON TRANSPORT; WINS BRIDE IN DASHING COURTSHIP

Married after a dashing courtship in San Francisco, the call of duty has taken a soldier from the side of his bride to the far-away Philippines. Second Lieutenant Edward William Austin, Philippine scut, is the soldier, and he is a passenger aboard the transport Sherman which arrived last night.

From San Francisco comes the news that Lieutenant Austin met Miss Mary Helen Assalena on Saturday, January 31 and they were married the following Monday. The bride is the daughter of E. L. Assalena of Sacramento and was a musician in San Francisco when Lieutenant Austin wooed and won her. They were married by the Rev. Charles F. Aked. Mrs. Austin is to join her husband in a few months.

—J. W. JONES (adjutant general of the national guard): The national guardsmen are going after some new world's records in several events at the military tournament tonight and tomorrow night. It is possible they may equal or even better at least one record—that for the wall-sealing test.

All jurors from outside of the island of Oahu in attendance at the United States district court are ordered to appear at the federal court at 10 o'clock Saturday morning, February 14, 1914.

A jury in Circuit Judge Whitney's court returned a verdict for the plain-

tiff in the sum of \$200 in the suit of Carl Nieper against Tanaka Kitaro for damages to a horse which fell into an open sewer in Nuuanu street.

CONSOLIDATED CIVIC BODY COMMITTEE IS PLANNING NEW LAWS

Judging from the amount of work now being done by the joint committee of the Chamber of Commerce and the Merchants' Association, appointed recently to draft a constitution and by-laws for the proposed organization to be known as the Greater Honolulu Chamber of Commerce, it is probable that the project will be completed in about two weeks. This fact was pointed out at a meeting of the members of the committee yesterday afternoon.

At the initial meeting of the committee, the old constitution and by-laws, drafted more than a year ago when the question of a greater chamber first was brought up, were divided into sections, these having

ANNOUNCEMENT

been distributed among the members for suggestions or alterations. According to a statement made this morning by a member of the committee, the old by-laws seem to be meeting with approval, and very few changes thus far have been made. The committee, however, intends taking plenty of time before making a definite report. The next meeting of the committee will be held Thursday afternoon.

Finals in several of the competitive events, and a dance given by officers of the guard will be held Saturday evening. The exhibition of Swedish drill, by a feature of the affair tonight will be the marine corps.

Traveling Aboard.

"Why did you come back and give yourself up?"

"I knew I'd soon be traced," answered the abductor. "The temptation to mail souvenir postcards was too great to resist."—Louisville Courier-Journal.

NATIONAL GUARD ARMORY OPENED THIS EVENING

Tonight the National Guard of Hawaii will throw open the doors of its new armory to the public, and for several hours a program of military exhibitions and contests will occupy the attention of the spectators. Squads from the nine guard companies on Oahu and the three from the outside islands, will compete in various events, including manual of arms, tent rolling, wall scaling, bayonet fencing, foil fencing, bayonet exercises, and Butts' physical drill. It is a well selected program, and with every company in the 1st infantry striving for success, the contests should be keen and interesting.

The first event, blanket rolling, is scheduled for 7:30. Shelter tents will be pitched on the armory floor, secured with small stakes instead of pins, of course, and at the command of the squads will strike their tents, make the blanket rolls, and turn again at attention. The various competitions and exhibitions will follow. A large space has been chalked off on the floor of the armory for the contests, seats being arranged around the sides and on the balcony.

Following the contests there will be a dance, at which the enlisted men of the guard will be the hosts. Altogether, the opening of the new armory, marking as it does a new era in national guard efficiency, should be a big success. All the funds taken in will go toward furnishing the armory, which is now only a bare hall.

Finals in several of the competitive events, and a dance given by officers of the guard will be held Saturday evening.

At the exhibition of Swedish drill, by

KARNIVAL KOMMENT

The Bishop Museum will be opened to the public during the Carnaval week as usual, and on Wednesday, February 18, in addition. It will be closed only on Sundays until Wednesday, February 25th, when the usual schedule will be resumed.

T. P. Melvin, the superintendent of mail of the local postoffice, is responsible for the neat and beautiful decorations that will be placed on the front of the postoffice for the week of the Carnaval. He will begin the work on Friday afternoon.

Chairman Jack Young feels enthusiastic over his big feature, "Everything seems to be coming our way now," he declared jubilantly at a meeting of his committee held yesterday afternoon. "It looks as though we are to give the best show of the carnival."

One of the Carnaval features that should prove a great attraction will be the sacred concert by the Royal Hawaiian band on the roof barden of the Young hotel Sunday evening at 9 o'clock. An exceptionally fine program is being arranged by Captain Berger for this occasion.

The Honolulu Ad Club has been invited by the Rev. Doremus Souder to be the guest of the Central Union Church at a special service to be held on Sunday, February 22. The invitation has not yet been acted upon, but it is understood that it will likely be accepted.

Six bands will have a place in the big water carnival on the harbor next Friday night. Besides the Hawaiian band, the other five are military bands from the 1st, 2d, 25th Infantry, 1st field artillery and 4th cavalry. These bands will be placed upon different water craft and scattered through the line of vessels which will form the great nautical parade.

James Wilder, commander of the Boy Scouts, this morning tendered the services of his youthful forces in connection with the Floral Parade. It is understood that the boys in uniform will assist in policing the streets during the passage of the parade, and while they may not be equal to suppressing a 200-pound hoodlum, it's believed that they will render efficient aid to the regular police in guarding the roped off areas and in directing spectators to advantageous positions for viewing the pageant.

William H. Wilson, the pyrotechnical expert, met with the committee yesterday, and explained in detail the fireworks part of the show. He is to be provided with a large scow anchored about 500 feet off the end of the Alakea wharf (No. 7). The parade will form near the Myrtle boat house and proceed around the mauka side of the harbor, passing in review between the fireworks float and the shore. At this time the effects of red fire, and all the illuminations that can be devised, both on the boats, on van tag points on shore and on the fire works float, are promised to be most magnificent.

Charles R. Frazier, chairman of the floats section committee of the Floral Parade, reported today that he has been advised that the Portuguese community expects to make a very elaborate horse-drawn float entry for the big event. This is the first year that the Portuguese have attempted to be represented in this distinctive manner, although the Portuguese citizens have always been in the front ranks in working for the carnival. Editor Santos, of O Luso, is one of the prime movers in the present project, and it is understood that a number of the Portuguese benevolent societies are co-operating.

Already a large number of the downtown stores have been decorated for the Carnaval, and the comment heard concerning the appearance of the adopted orange and green colors scheme is universally favorable. A force of electricians has been at work for several days on the Young hotel, which is now strung with hundreds of light bulbs, which indicate a very beautiful effect. "Every store in the business part of town, and a very large number over in Chinatown will be decorated by the first of the week," declared Chairman E. A. Bechtel, of the decorations committee, this morning. "The committee is greatly pleased with the co-operation which has been so willingly given everywhere, and the town will be by far the best dressed in its history."

NOON AND DE VON SISTERS HIT OF NEW OFFERING AT THE BIJOU THEATER

The third bill, "The Politicians," produced by the Soaudling Musical Comedy Company, opened last night at the Bijou with Paisley Noon and the De Von sisters easily in the lead as the headliners of the company. Their numbers were the features of the program throughout both shows and they were repeatedly called back by encores. Eddie Murray might have been funny in his role but he wasn't. He eliminates all humor from the situations by repeating the actions which first resulted in a laugh. He should vary his comedy if he expects to make good in Honolulu; also the Murray brand of vulgarity is most obnoxious to Honoluluans.

The tango dance was one of the pretty specialties which the chorus executed with grace and technique. The moving picture by George Spaulding, Hattie de Von and Paisley Noon was a new and clever stunt. All the musical numbers were good.

MOANA DANCE FOR TRANSPORT

Tourists, local army and navy and society folk are invited to attend a dance given this evening at the Moana Hotel in honor of the first cabin passengers of the transport Thomas. A Hawaiian Quintette will play during dinner.—advertisement.

ROOF GARDEN CONCERT

Those who like comfort and good service and who enjoy good music can find all three combined Saturday evening on the Young Hotel Roof Garden while the concert is in progress. Prof. Carl Miltner's orchestra will perform from 9 to 11:15—advertisement.

WHAT'S INDIGESTION? WHO CARES? LISTEN!

"Pape's Diapepsin" makes Sick, Sour Gassy Stomachs surely feel fine in five minutes

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night it is handy to give the quickest, surest relief known.

A Moorish woman regards it as a point of honor to be absolutely ignorant of her age.

WHAT TO SEE in Honolulu has probably been better answered by Katherine M. Yates than any other writer who has attempted to tell tourists what to do and what to see in Honolulu. Her book is entitled "One Month in Honolulu" and can be obtained at the rooms of the Hawaiian Promotion Committee, Young Hotel Block. Katherine Yates has schemed out a trip for each day of a month's stay.

Katherine Yates' first day was spent at the Moana hotel on Waikiki Beach, where she enjoyed the wonderful bathing. On Sunday night she listened to the Hawaiian singers at the Moana. The Aquarium near the end of the King street car line gave her an idea of the wonderful fish that inhabit the waters of Hawaii.

Her first motor trip took her about Diamond Head, through Manoa Valley, where the homes are beautiful and the mountains tower close and green on three sides. Then to the Pali. Here the motor stopped at a sheer precipice and below stretched a marvelous panorama of valleys and sea.

One morning at 8:30 she started on the trip around the island, out through the Pali, down its winding road, and along the windward side of the Island, stopping for refreshments at Aubrey's Hotel, then to Haleiwa, where a fine luncheon was enjoyed at a splendid little hotel. The trip was 88 miles long, through pineapples, sugar cane, past Schofield Barracks, and through quaint settlements of natives.

A tramping trip up Palolo Gorge, started from the beginning of a trail, which can be reached in a taxicab. The trail is covered with beautiful ferns and vegetation. A waterfall of great beauty is hidden in the upper end of the valley.

Through Moanalua Gardens she journeyed one day to a sugar mill on the outskirts of the city and in the evening she enjoyed a splendid concert by the Hawaiian Band.

The drive up Tantalus, on the slopes of which are splendid homes, gives a fine view of the Honolulu side of the island, and on the way back Punchbowl, an extinct volcano, rises 498 feet high out of the city streets.

Alexander Young Hotel

Central, Palatial, Absolutely Fireproof. Has the most popular Cafe and Ratskeller. Roof Garden one-third of an acre in extent—a favorite resort.

Katherine Yates' first day was spent at the Moana hotel on Waikiki Beach, where she enjoyed the wonderful bathing. On Sunday night she listened to the Hawaiian singers at the Moana. The Aquarium near the end of the King street car line gave her an idea of the wonderful fish that inhabit the waters of Hawaii.

Her first motor trip took her about Diamond Head, through Manoa Valley, where the homes are beautiful and the mountains tower close and green on three sides. Then to the Pali. Here the motor stopped at a sheer precipice and below stretched a marvelous panorama of valleys and sea.

One morning at 8:30 she started on the trip around the island, out through the Pali, down its winding road, and along the windward side of the Island, stopping for refreshments at Aubrey's Hotel, then to Haleiwa, where a fine luncheon was enjoyed at a splendid little hotel. The trip was 88 miles long, through pineapples, sugar cane, past Schofield Barracks, and through quaint settlements of natives.

A tramping trip up Palolo Gorge, started from the beginning of a trail, which can be reached in a taxicab. The trail is covered with beautiful ferns and vegetation. A waterfall of great beauty is hidden in the upper end of the valley.

Through Moanalua Gardens she journeyed one day to a sugar mill on the outskirts of the city and in the evening she enjoyed a splendid concert by the Hawaiian Band.

The drive up Tantalus, on the slopes of which are splendid homes, gives a fine view of the Honolulu side of the island, and on the way back Punchbowl, an extinct volcano, rises 498 feet high out of the city streets.

After getting a permit at army headquarters, Young Hotel, Katherine Yates inspected the Diamond Head fortifications, getting some idea of the strength of Uncle Sam's hold on those islands.

The Country Club afford's a wonderful golf course, as does also Haleiwa and Moanalua Gardens. There is hunting and fishing, too, on the islands. The hunting season is open now only for plover, although there are doves and pheasants.

The fish markets on King street are always interesting to the tourist, as are also the piers, where the giant liners of the Pacific dock.

Pearl Harbor, where the United States is constructing an enormous naval station, is the scene of great activity at the present time.

Koko crater is 15 miles from Honolulu. Here the waves rush into a cave, forming an air cushion, spouting water through a hole two feet across.

Shark fishing is great sport and torching for fish with a native is an unique and fascinating pastime.

The Bishop museum has a comprehensive collection of Hawaiian relics; it is filled with knowledge of the past and present of the islands.

The Pali by moonlight is delightful. You can motor to Makapuu point in the daytime and see one of the largest lighthouses in the world.

Take the train to Makapuu and tramp to Waiauane and see the caves and barking sands. Visit Kaau crater 1500 feet up in the mountains; go to Hananu Bay, near Koko crater.

And here is the last word. Whatever you do, don't fail to take the trip to the Island of Hawaii and see the Kilauea Volcano and the wonderful scenery of the Big Island. You can get your information from W. A. Campbell, Union street, near Hotel.

FILIPINO NOT YET READY TO TAKE UP BURDEN OF RULE

The Catholic Ladies' Aid Society, last night, presented Father McMullen at the Young hotel roof garden and the latter delivered a most interesting lecture on the Philippines and the present burning question of self-government for the Filipino. Fr. McMullen disagreed with the policy advocated by the present administration, contending that the native is not as yet fitted to take hold of the reins of government.

Going into lengthy detail Fr. McMullen gave an interesting description of the city of Manila and paid a high tribute to the Japanese race.

He said in part:

"The Filipinos are a long way from being ready for self-government. Only 3 per cent of the Filipinos have the right to vote. The other 97 per cent for various reasons, have no say in the government and if independence were given to these people it would only be these 3 per cent that would reap the benefit."

"Americans have seen the American flag trampled upon and ground in the dust by Filipinos who belonged to a secret organization called the Katupuan. These outrages grew to be so common in late years and the disrespect to Americans so great that this organization was legislated out of existence and the flag of the order forbidden to be hung in private dwellings."

"The present legislature, which is practically controlled by Filipinos," continued Father McMullen, "has enacted laws which will change the names of the old historic streets to the names of officers who fought the American soldiers 15 years ago under the Katupuan flag. This is taken as a direct insult by the American residents of Manila."

"But 6 per cent of the business in Manila is done by Filipinos. Why not wait," he continued, "until these people have advanced a little further before independence is given them?"

Johnnie Williams, until the end of last season one of Harry Wolverton's pets and now a prospective Detrotter, returned from Honolulu yesterday, where he went on his honeymoon following his marriage to a prominent Los Angeles society girl. Williams will remain in town for a few days and will then go south with Mrs. Williams to visit with her relatives until the team is sounded for spring training. — Chronicle.

JAPANESE WORK HARD FOR CARNIVAL SUCCESS

Y. Akai, chairman Japanese finance committee.

F. K. Makino, chairman publicity committee.

M. Komeya, chairman Japanese Lantern Parade committee.

(Continued from page one)

Japanese business community will be represented, and from this feel quite certain that in size the parade will be bigger than ever before given in Honolulu. One firm that I know of is preparing to enter a very elaborate lantern float and to have this float supported by at least 50 men in its employ. Another firm has already imported a lot of decorations from Japan especially for this occasion.

"The lantern parade will probably be headed by some 500 or 600 school boys, perhaps in some kind of simple uniform, carrying lanterns or torches. If the weather only proves favorable

K. Wada, marshal Japanese Lantern Parade.

Y. Mikami, chairman Japanese correspondence committee.

I am sure we shall have an effective parade."

"It isn't easy," Mr. Ozawa continued, "to find out much about the details of any of the entries, for almost all of those who are preparing to make entries are jealous of their work and ideas and will try to make as much of a surprise as possible when the night of the parade arrives. There is a lot of rivalry in these matters."

The Japanese lantern parade will form in Aala Park and will march down King street to the Capitol grounds, and return to Aala park, probably on Hotel street, where it will disband. The procession will pass the grandstands and bleachers in the Capitol grounds, where an excellent view may be had by spectators.

The only thing the Japanese fear in connection with the parade is rain. It rained in the evening two years ago, and the paper lanterns and elaborate paper floats and decorations suffered severely, but even with this handicap, the procession made a great impression upon thousands of spectators who braved the wet and mud to see it.

How Citizens Can Help.

"There is just one thing in connection with our parade," said Chairman Ozawa, "in which I hope we shall have the full co-operation of everybody, and that is that people who employ Japanese servants or other help will try to arrange it so that these workers may be able to get away from their work early. Much of the success of the parade depends upon being able to get a large part of the Japanese together before too late. If persons who depend upon Japanese cooks and other servants can arrange to have their dinners early, it will help us greatly."

Japan in Floral Parade.

The Japanese community is also preparing several elaborate entries for the daylight floral parade a week from Saturday. It is known that at least two official entries will be made, and there will perhaps be others. One of these will be an automobile float, and the other a horse-drawn float, and both are said to be exceedingly handsome and clever in design.

The sons of Nippon will also be in evidence in the great water pageant on the harbor next Friday night when an indefinite number of fishing sampans will join in the brilliant procession. For the reason that these fishing boats go coming and going all the time, it is impossible to tell at present just how many will be available. If there are as many as there
