CONDEMN LAND ON RED HILL LINE FOR NEW ARMY POST

Federal Government Makes Move in Court to Secure Ownership of More Than Forty Acres Adjoining the S. M. Damon Tract

SAYS LAND IS WANTED FOR FORTIFICATIONS

Property Needed, Aside From Strategic Importance, as a Camping Ground for Troops Going to and From Schofield

For the purpose of erecting and maintaining a military post and fortifications, the United States government has started condemnation proceedings in federal court to secure by purchase certain lands at Red Hill, near Moanalua, and vicinity comprising approximately 42 acres.

Recently the military authorities acquired a strip of land along Red Hill from S. M. Damon, and the tract now sought, will give the army control of the what is known as the "Red Hill line."

Aside from its strategic importance, the Red Hill tract is much needed as a camping ground for troops en route to and from Schofield Barracks, and for the organized militia of the territory as a training ground and instruction camp. The property owners have always cheerfully granted permission for the use of the land, but the military authorities feel that it should be owned outright and controlled by the United States.

Petitions and summons were served by Marshal J. J. Smiddy Saturday afternoon upon 12 defendants and respondents who are either owners or representatives of the owners of the lands to be condemned. The condemnation proceeding is said to be the largest which the government has entered into in some years.

Among the defendants and respondents are Sisters Beatrice and Albertina and Abby S. Marsh of St. Andrew's priory; Henry Bond Restarick, president of the Protestant Episcopal church of the Hawaiian islands; George C. Potter, treasurer of Queen's hospital; Wade Warren Thayer, acting governor of the territory; E. F. Bishop, president of Brewer & Company, agent of the Honolulu Plantation Company; Lucy Peabody and Grace Kahanui and Ernie Cartwright, trustee under the will of Emma Kaloanani.

The lands to be condemned are described in the petition as follows: First, on Red Hill ridge along Moanalua-Halawa boundary, on the island of Oahu; second, in the vicinity of Salt Lake, on the island of Oahu; third, between Makalapa crater and county road near Salt Lake, on the island of Oahu.

The reason for the condemnation is given in the petition, in part, as follows:

"Said plaintiff and petitioner (the United States government) has been and is now desirous of purchasing, acquiring, condemning and holding those certain pieces and parcels of land and their appurtenances for the erection and maintenance thereon of a military post and fortification and army station and for other public purposes of the United States of America."

The land comprises about 42.38 acres.

STORY TELLER WILL BE SENT TO HONOLULU

Tsukasa Saito, Japanese Who Eluded Immigration Officials, Nabbed at San Francisco

(Special to Hawaii Shippo.)
SAN FRANCISCO, June 14.—Tsukasa Saito, the Japanese who eluded the immigration officials and entered San Francisco in the guise of a ship officer on the Tenyo Maru two months ago, was caught today and taken to Honolulu. He will likely be sent back to Honolulu.

It was known among local Japanese that Saito had managed to get out of Honolulu in spite of Consul Arita's refusal to issue him a passport. Saito was formerly a hotel keeper in Hilo. He went to Japan last year and returned four months ago with two story tellers who accompanied him on a tour of the islands. It is estimated that the trio cleared \$4000 by telling stories to Japanese audiences.

When the Tenyo Maru sailed two months ago it was known that Saito was aboard in hiding, supposedly with an arrangement with the crew. Immigration Inspector Halsey wired San Francisco upon the advice of the Japanese in Honolulu and the Tenyo Maru was searched. Saito could not be found but later information received here stated that he had landed. The reason Consul Arita would not issue Saito a passport was because the latter had no occupation.

THREE-YEAR TOUR MADE TO APPLY TO NON-COMMS

Word was received at army department headquarters today that the provisions of the three year tour are to apply not only for commissioned officers but also for non-commissioned officers above the grade of corporal. This means that such officers, after three years' service on Oahu, can be returned at will to the mainland without loss of grade.

The 24th, according to word received today, is coming back from the Philippines on the September transport, a fact which is taken to indicate a discontinuance of the so-called colonial policy in the Philippines, and also, presumably, in Hawaii, which will permit the removal of organizations instead of merely the transference of individuals.

Under the colonial policy certain regiments, as organizations, have been fixtures in the colonies, and individuals in order to return to the United States, have been compelled to seek transfer to different regiments.

BREWERY DEALS MAY BE PROBED, IS THE REPORT

Unconfirmed Rumors Bartlett Disclosures May Lead to Further Action

That an investigation by the Oahu liquor license commission into the affairs of the Honolulu Brewing & Malting Company may be made as a result of recent disclosures is an unconfirmed report that has been in circulation for several days past. Members of the commission have no comment to make on the report, though Secretary Long said today that no protest or notice of protest has been filed before the board which concerns any license.

The allegations made by minority stockholders in their suit involved misappropriations of money by Charles G. Bartlett, former president and general manager. Whether the commission will take any action to follow up these allegations and determine whether the brewery moneys or the former manager were involved in retail licenses remains to be seen.

After Bartlett was deposed and began to repay the brewery for money which he was charged with misappropriating, H. Gooding Field, the expert accountant who had been employed by the minority stockholders to go over the books, was said to be at work on a fuller report. Weeks have passed and this report, if it was ever made to the brewery directors, has not been made public. Bartlett is reported to have made good to the amount of approximately \$40,000 and it is also reported that he had been dealing extensively with retail dealers. That the situation is such the license commission might wish to go into it with a view to finding out how much truth there is in various rumors, is the substance of the reports of the last few days.

A rumor this morning was that the

WILSON URGES PATRIOTISM IN EVERYDAY LIFE

(Associated Press by Federal Wireles.)
WASHINGTON, D. C., June 14.—President Wilson, speaking at the Flag Day exercises here today, urged that Americans remember patriotism on days other than national holidays and carry the thought of their flag and their country ever in their hearts.

He made no direct references to the war or international questions.

PUBLIC SCHOOL CHILDREN PAY HOMAGE TO FLAG

With simple but appropriate exercises the public schools of Honolulu today observed Flag Day, this being the 138th anniversary of the adoption of the American flag. The exercises consisted largely of patriotic recitations pertaining to the Stars and Stripes, and the singing of "America," the "Star Spangled Banner," and other patriotic airs.

VISIT HERE SHOWED THEM URGENT MILITARY NEEDS

Discussion of Plans for Mid-Pacific Outpost Leads to Talks on General Policy

Substantial increases in the navy in Hawaii and the rushing of work on fortifications are advocated by the congressmen who recently visited the islands.

On their arrival on the coast the congressmen had various views concerning the sugar tariff, diversified industry and population problems here but they spoke almost without exception strongly in favor of military expansion on Oahu.

Among those urging immediate army and navy expansion for Oahu are Senator Lee S. Overman, Democrat, of North Carolina; Senator James E. Martine, Democrat, of New Jersey; Senator Albert B. Cummins, Progressive Republican, of Iowa; Senator Francis E. Warren, Republican, of Wyoming; Congressman Joseph G. Cannon, Republican, of Illinois; Congressman James R. Mann, Republican, of Illinois.

The Oakland Tribune, which interviewed a number of senators and representatives, says that the tenor of the various statements indicate plans on the part of both Democrats and Republicans to give their support, at the next session of Congress, to propositions for increasing the navy, particularly as to submarines; the building up of an efficient air corps; providing modern transportation facilities for the army; provision for a large "army reserve"; the strengthening of fortifications along all coast lines and in Hawaii, and probably an increase for the regular army.

Would Fortify Oahu.
The members were in accord in urging that Pearl Harbor, island of Oahu, be so fortified as to make it impregnable.

"Make it as strong as Gibraltar," was Senator Martine's phrase.

ENTIRE CREW OF LINER KOREA IS GOING TO SCHOOL

More than 300 students are on board the Pacific Mail liner Korea, an arrival from the Orient today.

The Pacific Mail has undertaken the education of its Chinese stewards, firemen, water-tenders and sailors in the rudiments of the English language. The provisions of the recently created Seaman's Act go into effect the latter part of the year. At that time it is believed at least 75 per cent of the Asiatic crew carried in the steamers Mongolia, Manchuria, Siberia, Korea, China and Nile will have received sufficient instruction to understand any reasonable order given them in the English language.

"This does not look as though the Pacific Mail was likely to go out of business this fall or at any other disastrous date," commented an officer in the liner, who watched with interest the progress made by the attentive Chinese in their attempt to master a new and strange language.

Germons, who, before the war were identified with the army and navy hospital service at Taingtau and other points in the Far East, are returning in force to the mainland as passengers in the Korea. Joining the vessel at Shanghai were 18 medical officers of various rank and station. Fifty-five employees of German hospitals are going to the fatherland by the way of the United States.

The Korea landed 14 cabin and 119 Asiatic steerage passengers. A number of Filipinos are to take up work with island sugar plantations.

ITALIAN ARMY THREATENS TRIESTE NOW

HUGE CAR STRIKE IN CHICAGO WITH 14,000 MEN IDLE

Believed to Be Beginning to Greatest Similar Fight in History of United States—Transportation in Chaos—Employees Want Short Hours

(Associated Press by Federal Wireles.)
CHICAGO, Ill., June 14.—As a result of the big strike on the elevated and surface street railway lines of this city, 14,000 men are now out of employment and 1300 miles of track are idle.

The widespread strike, suddenly put into effect, almost paralyzed street railway transportation in the city. It is believed to be the beginning of the greatest street car strike in the United States.

A tremendous burden of traffic has fallen on the steam roads which run local and express trains from downtown points to the suburbs, upon autos and vans of all sort, which have been pressed into employment to carry the hundreds of thousands who go to and from business in the city.

The cause of the strike is dissatisfaction among the street railway employees with the hours of service and with wages.

WEST VIRGINIA MUST PAY OLD VIRGINIA DEBT

WASHINGTON, D. C., June 14.—The supreme court today decided the long-controversial controversy between Virginia and West Virginia. It is held that West Virginia should pay \$12,383,925 as her share of the Virginia debt at the time of the partition of the states.

ELDER ABRAHAM FERNANDEZ DIES IN HIS OFFICE

Attack of Apoplexy Instantly Fatal to Well Known Merchant and Mormon Leader

While Elder Abraham Fernandez, well-known hardware dealer and Mormon church worker, was eating lunch in his store on King street shortly after 1 o'clock this afternoon, he was stricken with apoplexy and died almost instantly.

Probation Officer John Anderson and Adelaide Grune, a daughter of Mr. Fernandez, were in the store when the latter was stricken. He had been conversing with them and, according to Mr. Anderson, appeared to be in good health and spirits. Suddenly he ceased talking and fell back in his chair. Dr. St. D. G. Walters was summoned by telephone and Mr. Anderson rendered first aid, but when the doctor arrived Mr. Fernandez was dead.

Mr. Fernandez, who was 54 years of age, was born and raised in Honolulu. He is survived by four daughters and one son, all residents of Honolulu, as well as by his wife, formerly a Miss Davis.

Immediately after the death of the body of Mr. Fernandez was taken to the Silva undertaking establishment. Interment will be made at the family plot at Makiki, though no date has as yet been set for the funeral, the services preceding which will probably be held at the family home, 2001 Beekley street.

Mr. Fernandez' father was an early pioneer of the islands, and had a small business concern in Palama many years ago.

Elder Fernandez, who died today, has suffered two light apoplectic strokes before, but was considered in fairly good health.

For Girls' School

President Webster of the Kamehameha schools has succeeded in the mission that took him to the east coast of the mainland a number of weeks ago—the choosing of principals for the boys' and girls' Kamehameha schools.

He has sent brief word that the new principal of the girls' school has been chosen in the person of Miss Abbie H. Newton, but the trustees have no other information about her. It is thought likely that she has been a successful teacher in a girls' school in New England. The new principal of the boys' school, Mr. Eastwick, selected several weeks ago, was successful in his work with a manual training school in New Jersey. He is a Yale man, Sheffield '03.

Both are expected to arrive here within a few weeks. The schools will be closed for the summer but they will begin preparation for next year.

ELECTRIC PIANO COINING MONEY; BENNIE COSTLY

Supervisor Ben Hollinger's prediction that the new electric piano purchased by the city would soon pay for itself in revenues collected via the nickel-in-the-slot route appears to be coming true. Superintendent Wise of Kapiolani park deposited \$9.10 with the city treasurer a few days ago which was taken in by the piano in about a week's time.

Mr. Hollinger is now considering ways and means of making "Bennie," his protégé kangaroo, do his share, as "Bennie" was included in the plan kangaroo scheme of money-making for the municipality. "Bennie," however, has proved a disastrous investment. Mayor Kitchener, the British warden, is said to be stronger than the British people than ever since the attack made on him by the Northcliffe papers, the Times and the Daily Mail, failed to secure his retirement. However, part of his duties have been assumed by David Lloyd-George, who has become minister of munitions. It was in the handling of the munitions that Kitchener was most severely criticized.

SUPREME COURT REFUSES REVIEW FOR CAMINETTI

Declines to Take Any Action in Conviction of Californian For "White Slavery"

(Associated Press by Federal Wireles.)
WASHINGTON, D. C., June 14.—The supreme court today refused to review the conviction of F. Drew Caminetti, son of the commissioner-general of immigration, who was found guilty in the California federal courts of violating the Mann "white slave" act. Former Senator Bailey filed on May 28 an application for a review.

Senator Bailey applied today for a review of the conviction of Maury I. Diggs, comrade of Caminetti. Their cases were coupled together in the California courts.

The supreme court also declined to review the reversal of the conviction of the National Cash Register Company officials for violation of the anti-trust act.

The Fourth of July celebration in Honolulu this year, which will be held on Monday, July 5, three weeks from today, because the Fourth falls on Sunday, will surpass any past observances of Independence Day ever held in Hawaii.

The Chamber of Commerce already has a committee at work on plans, the details of which will be made public next week. In all probability ceremonies and speeches at the capitol will be a feature of the day this year, as in years past.

LUGANO, Switzerland, June 14.—Signal successes in the iste campaign continue to be won by the Italian army of east. It has forced its way across the lower Isonzo, capturing Montalcone, and is now pushing forward along the of Trieste toward the city of Trieste.

Further progress was reported today. The next town which is the objective of the advance is Nabresina.

LONDON, England, June 14.—Although the French appear elenting in their offensive, which is netting slow progress Northwestern France, the prime importance in the war situation of Europe today is the campaign in the eastern arena. Here the Russian armies, thrown back from the Carpathians, and dislodged from Przemysl, are endeavoring to rally oppose a strong front to the victorious Austro-Germans, which are driving forward flushed with the prospect of riving the Slavs out of Galicia and taking up a new offensive Poland.

An unconfirmed report today says that the Austro-German ops have reoccupied Zurawa, and that farther south they ve succeeded in crossing the Dneister and are on Russian in Bessarabia.

The Russians, however, are making a stand in Galicia after weeks of retreat. Their new effectiveness indicates that the shortage of ammunition has been overcome and that they now have weight of guns as well as men to oppose the Teuton Allies.

Moscow Riots Get Beyond Control Of Police; Stories of Poisoning

MOSCOW, Russia, June 14.—Moscow is in the throes of a two-days' riot growing out of anti-German demonstrations. The police are unable to control the looting and destruction in progress. The demonstrations were caused by the belief that pro-German sympathizers poisoned the drinking-water of a factory here.

Petrograd Says Enemy's Attacks Near Mosciska Cost 20,000 Lives

PETROGRAD, Russia, June 14.—German attempts to drive the Russians from their new positions at and near Mosciska, Galicia, have been very costly, according to reports here from the war front. It is declared that the Austro-Germans under Gen. von Mackensen lost 20,000 in killed alone in the effort to take the enemy's trenches.

Advices indicate that the Teuton Allies have abandoned their contemplated attack on the stronghold of Lemberg, now held by the Russians. The Teutons were making good progress toward Lemberg after the capture of Przemysl.

J. A. RICHARDS WINS HONORS AT EASTERN COLLEGE

Honolulu Boy Makes Fine Record in Athletics, Social Life and Scholarship

(Special Star-Bulletin Correspondence) MIDDLETOWN, Conn., June 4.—Joseph Atherton Richards of Honolulu, who will graduate from Wesleyan University June 21, has been a leader in college and class activities throughout his course. He has been a member of the varsity tennis team four years, captain of the quartet in his senior year, and has represented the college in the New England Intercollegiate Tournament four times, and two years ago was one of the team that brought the doubles championship to Wesleyan. As a result of his brilliant showing he was twice elected president of the New England Intercollegiate Lawn Tennis Association.

Richards has also been active in the social functions of the college, being president this year of the German Club, a dancing society. He was chairman of the Junior Promenade Committee last year, served on the Sophomore Hop Committee two years ago, and this year was a member of the Senior Ball Committee. "Fiji" was vice-president of his class last year, and two years ago qualified as one of the three candidates for assistant manager of the varsity football team. In addition to being a member of the Deutscher Verein, which includes men taking advanced German courses, he sings in the college choir, and has been elected class choragus to lead the singing on class day.

Richards is a member of the Psi Upsilon Fraternity, of Corps and Conflic, the Honorary Junior, and of Mystical Seven, the honorary senior societies.

POLICEMAN SHOT BY FILIPINO IS OUT OF DANGER

Two Prisoners Who Escaped Still at Large—Joe Matsugoro Lies in Hospital

Joe Matsugoro, police officer at Wahiawa, received three bullets from the gun of one of two Filipinos whom he was bringing to Wahiawa late Saturday night. Matsugoro was taken to Schofield Barracks hospital and today it was given out that he will recover. A robbery occurred Friday night at a Chinese store near Mokuiaea, and Matsugoro, who is part Hawaiian and part Japanese, started to trail two suspects. He arrested two Filipinos whom he had trailed to Wahiawa, but as there is no jail at this latter place, the officer started to walk his prisoners to Wahiawa.

At Waikakalau gulch one of his prisoners, who was walking in advance, turned about and fired at Matsugoro, the bullet entering the right side. The leader then fired two more bullets into Matsugoro and both prisoners made good their escape. At a late hour today they had not been captured.

'CHUCK HOO GOT ME THIS TIME,' SAID DYING BOY

Last Statement of Nine-Year-Old Boy to His Mother Allowed in Murder Trial

The alleged dying statement of V. Ken Yuen, the nine-year-old Chinese boy who died at the Queen's hospital April 14 from wounds said to have been caused by a heavy stool thrown by Chuck Hoo, now on trial for first degree murder, was allowed as testimony in Circuit Judge Ashford's court this morning.

"Mamma, mamma, I am surely going to die. Chuck Hoo got me this time." The mother of the dead boy testified that her son made the foregoing statement to her just before he died. Her mother testified that she and her father, the family of Chuck Hoo, were on fairly good terms prior to the alleged murder. She testified that one occasion Chuck Hoo kicked the defendant's store to reconstruction.

NO WORK, NO PAY HOLLINGER SAYS WILL BE MOT

Employees of City Engineer Department Cannot Neglect Their Jobs for Charter

Supervisor Hollinger wants an understanding, and says he is going to get it or die in the attempt. Certain of City Engineer Whitehouse's department employees are filing as nominees for the charter election to be held July 6, and if elected may have to serve 60 days without special compensation at the convention in September and October.

Hollinger wants to know whether these employees, if elected, intend to resign from their positions with the city, or if they anticipate drawing salaries as employees of the engineer's department while spending their time at the charter convention. Hollinger says that if the latter is their anticipation, then anticipation and realization will be found to be very different things.

"They may anticipate getting money from the city for nothing, but they will realize that they are very much mistaken," says Supervisor Ben.

FORTY-ONE HAVE NOW REGISTERED AS CANDIDATES

In addition to the 24 men who had already filed petitions with City and County Clerk Kalaanokalani up to Saturday as candidates for the charter convention, there were 17 others to file today. Among the latter are Supervisor Arnold, Chairman Lorrin Andrews of the civil service commission and A. K. Vierra.

The following are the 17 nominees to file today: Jesse Ujui, A. B. Peters, L. Andrews, L. M. Sarau, C. L. Crabbe, E. P. Fogarty, J. E. Jarrett, J. A. Baker, A. K. Vierra, J. N. Keola, J. K. Kupau, R. Aluma, M. Kawalupu, J. G. Pratt, C. N. Arnold, E. N. Scoville and S. Kellison.

NO 'FINANCIAL SUICIDE' SEEMS LIKELY FOR P. M.

The threatened retirement of the Pacific Mail liners from the trans-Pacific trade was characterized as "financial suicide" on the Pacific Coast when the Japanese liner Nippon Maru left for Honolulu and the Orient. Japanese officers in this vessel, which visited this port a few days ago, confirm earlier rumors that Japanese capital may eventually become interested in the operation of the fleet of passenger and freight steamers now flying the Pacific Mail flag. That they may change their flag and registry seemed a certainty to the Japanese officers.

Captain A. E. Sato, master of the N. Y. K. Seattle Maru, is reported to have said at Seattle last week that Japanese capital is being interested with a view of obtaining control of the Pacific Mail shares. He added that the Japanese flag would probably soon fly over these vessels.

Commenting on the reported elimination of the Pacific Mail, the San Francisco Journal of Commerce says: "It has not been long since the Pacific Mail Steamship Company was again reported to be about to go out of business because of the passage of the seaman's bill. It was stated by officials here that the directors were having a meeting in New York at which the question of retiring from the shipping business for all time was under discussion. But nothing was ever heard as to what conclusion this meeting reached. General Manager R. P. Schwerin was reported to have gone to New York to attend this conference on the contemplated suicide of the company, but so far as known he sent out no announcement as to its result."

SPANISH WAR VETERANS NAME NEW OFFICERS

The Military Order of the Serpent, which is the secret society of the United Spanish War Veterans, held its annual convention in Honolulu Saturday afternoon and evening, and yesterday morning the United Spanish War Veterans met and elected and installed officers for the ensuing year. The two-day convention was an unqualified success and served to bring together in pleasant companionship the men who followed the flag 17 years ago.

The Snax, as the devotees of the Serpent style themselves, held high carnival in the streets Saturday night with a parade in which a huge paper serpent was escorted by bolo men, head hunters and other illustrious gus.

Sunday morning the veterans got down to the real business of their convention and elected officers for the ensuing year. The next convention will be held at Schofield Barracks.

The Snax elected Companion Crellius of the 1st Infantry Encampment, grand gus grandissimo of the Grand Lair of Hawaii.

The veterans elected and installed the following officers: Sergt. J. T. Macdonald, Q. M. C., Schofield Barracks, department commander; W. Doty, 1st Infantry, senior vice department commander; Louis Broadus, 25th Infantry, junior vice department commander; Frank Murray, C. A. C., department chaplain; Dr. Schwallie, department surgeon.

tion, both primary and general." Act 91, providing for the special charter election, states that the general election laws shall prevail, which means that July 6 also is to be a legal holiday. This is what Maul wants, or at least should want. Many Honoluluans journey to the sister island to attend the horse racing which is always associated with July 4 on Maui, but many others are prevented from making the trip owing to the shortness of the "vacation." This year the migrators to the Maui races should be many, as the steamer can carry them to Maui leaving Honolulu Saturday afternoon and return them on Tuesday or Wednesday morning.

The advance announcement of Acting Governor Thayer will cause immediate preparation of tentative plans by the various organizations which take part in Fourth of July celebrations. In making the decision, the acting governor was influenced by the fact that only five states celebrate holidays falling on Sundays on the preceding day, while three other states and territories are listed as "uncertain." Among these three the name of Hawaii appears.

It has never sold the ships."

SUPERVISORS PREPARE TO SKIRMISH TONIGHT

There will be a meeting of the board of supervisors tonight and perhaps there will be some skirmishes, according to the forecast in the city hall. That three of the supervisors have "cards up their sleeves" is believed, but one of them is not expected to expose his "card" until a later meeting.

As the films for the theaters for the latter part of this week are not due until tomorrow, it is not likely that any applications for permits for Sunday shows will be filed with the board tonight.

WIFE OF FORMER COMMANDER OF TSINGTAU HERE

Mrs. Meyer Waldeck, On Way to Germany By Way of U. S., Entertained By Geo. Rodiek

Forced to leave a magnificent palace that crowned the slopes of the Shantung range and afforded a picturesque background to the former German military and naval stronghold at Tsingtau, North China, Mrs. Meyer Waldeck, wife of the former governor-general of Kiaochow, a peninsula upon which the Teutonic energies were bent in an effort to establish a base in the Far East, is a passenger in the Pacific Mail liner Korea to the mainland.

With the fall of Tsingtau, Gov.-gen. Waldeck was taken prisoner by the Japanese. He was sent to Japan to remain there until the close of the European war.

Mrs. Waldeck, her three children, and a maid are now hastening to the fatherland in the Pacific Mail liner Korea by the way of the United States. They were met by Consul Georg Rodiek, representing the German government in the Hawaiian islands. With Mrs. Rodiek, Mrs. Waldeck and a few prominent Germans en route to the mainland in the Korea were entertained during their stay in this city. They were taken to the Country Club for luncheon.

In common with other Germans now in transit to the United States, Mrs. Waldeck had no criticism to offer at the treatment accorded to herself and family by the Japanese.

Tsingtau was practically laid waste when it was finally surrendered by the little handful of German defenders stationed there at the beginning of the war. Many of its principal buildings were wrecked by dynamite. Improvements costing millions of marks were destroyed in a single night rather than let them fall into the hands of the captors.

Previous to its being taken by the Japanese Tsingtau was famous for its beautiful public buildings and splendid thoroughfares.

Mrs. Waldeck hopes to proceed to Germany shortly after landing in the United States. She expects to receive assistance from German consular representatives at San Francisco and New York City.

BRECKONS IS ON IN SCULLY CASE

The defense in the trial of John T. Scully, indicted by the federal grand jury on an optum charge, this morning completed its cross-examination of Ah You, a Chinese, said to have been in the house in Kalihi the night of February 3 where Scully et al are alleged to have held up Chun Chong and robbed him of about \$600. After the dismissal of Ah You the prosecution called Attorney R. W. Breckons to the witness stand. The trial has been continued until 8:30 o'clock tomorrow morning. It is expected it will come to a close this week.

NEARLY SIX SCORE ALUMNI OF WEST POINT AT CELEBRATION

Dinner by Oahu Graduates of Military Academy Saturday Night at Moana Hotel

Graduates of the United States Military Academy gathered around the festal board at the Moana hotel Saturday night, and probably the largest number of West Pointers that has ever taken part in an anniversary celebration turned out for the affair. One hundred and seventeen army officers sat down to table and enjoyed to the utmost the three and a half hours of sociability and fun provided by themselves and the committee.

Major Gen. Wm. H. Carter, class of '74, presided during the banquet, turning over the duties to Lieut.-col. John E. McMahon when the dinner was over, and the special program of stunts commenced. The oldest graduate on Oahu, Gen. John L. Rodgers, retired, class of '61, was present for a few minutes before the dinner, but did not stay for the banquet. Another West Pointer who graduated before Gen. Carter is Gen. Edward Davis, '67, who, although now in Honolulu, was unable to be present.

Speeches, songs and a special program of stunts kept the guests in high good humor during the evening. Gen. Carter made an excellent talk, and several other officers were heard to advantage.

A cablegram of congratulation to the class of 1915 was sent by the Oahu alumni. This is the largest class ever graduated by the academy, numbering 170.

Among those who provided the fun later in the evening were Lieut. E. F. Rice, Capt. P. D. Glasford, Lieut. W. A. Gance and several officers from Schofield Barracks, who gave a real, old-time hula that was quite up to expectations.

West Point songs were sung and the party broke up about 11:30 o'clock, voting the affair an unqualified success, and determined to make the Oahu alumni dinner an annual event.

The following, arranged according to classes, were present 1861-1914:

- Class of 1861—John L. Rodgers.
- Class of 1867—Edward Davis.
- Class of 1873—Wm. H. Carter.
- Class of 1874—John P. Wisser.
- Class of 1875—John P. Jefferson.
- Class of 1879—Francis H. French, Daniel L. Howell.
- Class of 1880—William C. Rafferty, George H. Sands.
- Class of 1881—Lyman W. V. Kohn, John B. McDonald.
- Class of 1882—William W. Forsyth.
- Class of 1884—Samuel D. Sturges, Waldo E. Ayer, Charles E. Tayman.
- Class of 1886—John E. McMahon, Julia A. Penn.
- Class of 1887—Michael J. Lenihan.
- Class of 1888—Guy V. Preston.
- Class of 1889—Wilmot E. Ellis, Ralph Harrison.
- Class of 1890—Charles S. Bromwell, Edmund L. Butta.
- Class of 1891—Herbert O. Williams.
- Class of 1892—George Blakely, Frank W. Coe.
- Class of 1893—William H. Cruikshank, George J. Jamerson, Edward C. Corey.
- Class of 1894—Paul B. Malore, Otho B. Rosenbaum.
- Class of 1895—Americus Mitchell, James S. Parker.
- Class of 1896—William S. Guignard, Lucius H. Holbrook, William D. Chitty.
- Class of 1897—Arthur S. Conklin, Rufus E. Longan, Clarence R. Day.
- Class of 1898—Joseph F. Janda, David L. Stone.
- Class of 1900—Julian A. Benjamin.
- Class of 1901—William S. Browning, Jerome G. Pillow, Leonard W. Prunty.
- Class of 1902—Warren T. Hannum, Charles H. Rich.
- Class of 1903—Clifford Jones, Francis M. Hinkle, Leo L. Samuelson, Homer S. Preston, Orville N. Tyler, Alexander M. Milton.
- Class of 1904—Carr W. Waller, Pelham D. Glasford, Carrol W. Neal, Irving J. Phillipson, Charles A. Meals, Joseph A. McAndrew, Clement H. Wright, Robert P. Harbold, John H. Richardson.
- Class of 1905—Louis H. McKinley, William H. Dodds, Jr., Walter E. Pridden.
- Class of 1906—Harold W. Huntley, Fred A. Cook, Clyde R. Abraham, Lloyd R. Fredendall.
- Class of 1907—Charles T. Harris, Wildo C. Potter, William A. Gance, Elmer F. Rice, Charles F. Wyman, Fred H. Coleman, George R. Harrison, Richard H. Kimball.
- Class of 1908—James E. Chaney, Frederick A. Barker, Henry W. Hall, Lester D. Baker, Robert C. Rodgers, Franklin L. Whitley.
- Class of 1909—Edward L. Kelly, Cleveland C. Gee, Frank S. Besson, George L. Van Deusen, Robert S. Donaldson, Wallace C. Philoon, Eley P. Denison, Robert Sears, Manton C. Mitchell, William A. Reed.
- Class of 1910—Louie A. Beard, Ivens Jones, Charles M. Haverkamp, Walter H. Frank, Guy W. Chipman.

- Class of 1914—Carl E. Fueses, Carl Spatz, Woodin G. Jones, Rufus S. Breton, Sheldon H. Wheeler, Howard P. Milligan.

MORE DEFENSES FOR OAHU URGED BY CONGRESSMEN

(Continued from page one)

millarists and denying that they were obsessed by any war scare, the legislators evaded directly, giving reasons for their concern regarding Hawaii.

"We should be impregnable on the entire Pacific ocean," said Congressman Mann. "The islands form one of our outposts and lend themselves easily to fortification," said Senator Martine. "The social question is a vexed one and promises to become more complicated. The Japanese are a problem," said Senator Overman.

Senator Warren intimated that the matter of somewhat revising the administration of the army might be considered at the next session, with a view to bringing about better cooperation between the different arms of the service. For the last five years, he said, Congress had deferred giving certain needed aid to the army because of divergent opinions among the staff officers of the infantry, signal corps, cavalry and coast artillery corps upon tactical questions and needs. Many congressmen were impatient at this sort of thing and had refused to act so long as it existed.

Overman's statement.

Senator Overman's statement caused special interest on account of the fact that he is senior member of the committee on appropriations and is the administration leader in the senate. He said:

"Our navy is good, but I think it should be increased. Our fortifications should be amplified and strengthened. Our submarine fleet should be greatly augmented, for the present European war has proven the value of submarines in naval warfare and has questioned, though not disproved, the efficacy of battleships.

"We must increase the supply of military aeroplanes—no question about that. And I should like to see some plan evolved for the creation of a motor transportation force. This latter is a necessary unit of modern military equipment, and the United States cannot afford to be behind other nations or any potential enemy in at least having a nucleus upon which to build an efficient war organization if required.

"I am not for a great military nation—I don't think many of us are for that—but I am for armament for peace. The greatest nation of the earth should be prepared to defend its honor if necessary.

Then Senator Overman reverted to his automobile scheme.

"I should like to see a skeleton auto brigade formed that might be utilized in case of war. To this end we must repair our present roads and construct new ones."

Senator Martine expressed the following view:

"Navy Deficient.

"I am not of a warlike frame of mind, or one that believes that the nation should assume a warlike attitude. Yet I do not believe that we are as completely prepared for the emergency of war as we should be. We have a very good navy, but it is deficient in some respects.

"While discussing the subject of appropriations during the last Congress, I was a very strong advocate of aeroplanes and submarines. My convictions in this regard have been more than confirmed. We are a great nation and I think the provisions for our defense should be equal to great emergencies, though their occurrence may be extremely remote.

"As to the general numerical strength of the naval force, I am opposed to a great navy that contemplates offensive tactics. When it comes to the defense of our country I have great faith in the American volunteer.

"As to the matter of fortifications Hawaii should be strongly protected. It is one of our outposts and the natural conditions lend themselves easily to fortification. We should make the island of Oahu as strong as Gibraltar."

Uncle Joe Speaks.

"This is Congressman Cannon's statement:

"We have a regular army of say 50,000 men, with 100,000,000 people upon the mainland and with the most extensive coast line of any nation in the world. Our people are patriotic. Considering that we are also responsible for Porto Rico, the Hawaiian islands and the Philippines, I believe the regular army should be increased.

"In my opinion it is entirely practicable, at an expense of from \$25,000,000 to \$50,000,000 a year to supply patriotic young men who are supporting themselves with the proper uniforms, arms and subsistence, and give them a small compensation, and in a year's time create a reserve of 500,000 or 1,000,000 men. They would have the proper training to make good soldiers if their services as such were needed. This first reserve might be succeeded every five years by another 500,000 or 1,000,000 men.

"In addition to this, preparedness requires a more efficient navy and the proper fortification of Pearl Harbor, which, in common with the great commercial centers along our coast lines, cannot be efficiently defended without an efficient navy, as well as an efficient army.

"Attaining military efficiency will not only make us adequately strong in case of war, but will be equal to an insurance policy against war."

Senator Cummins' View.

Senator Cummins said:

"Our scheme of national defense should contemplate a military force of sufficient strength to make our shores impregnable against an invading force. We must have strong fortifications and a navy sufficient to protect our shores; not the biggest navy in the world, but a navy for defense.

"We should have an army reserve

Mr. French was a junior at Georgetown College, Washington, when Mr. Breckons was a member of the senior class.

NEW PRINCIPALS FOR KAMEHAMEHA SCHOOLS CHOSEN

Selection of Head For Boys' School Followed By That For Girls' School

President Webster of the Kamehameha schools has succeeded in the mission that took him to the east coast of the mainland a number of weeks ago—the choosing of principals for the boys' and girls' Kamehameha schools.

He has sent brief word that the new principal of the girls' school has been chosen in the person of Miss Abbie H. Newton, but the trustees have no other information about her. It is thought likely that she has been a successful teacher in a girls' school in New England. The new principal of the boys' school, Mr. Bostwick, selected several weeks ago, was successful in his work with a manual training school in New Jersey. He is a Yale man, Sheffield '03.

Both are expected to arrive here within a few weeks. The schools will be closed for the summer but they will begin preparation for next year.

ELECTRIC PIANO COINING MONEY; BENNIE COSTLY

Supervisor Ben Hollinger's prediction that the new electric piano purchased by the city would soon pay for itself in revenues collected via the nickel-in-the-slot route appears to be coming true. Superintendent Wise of Kapiolani park deposited \$9.10 with the city treasurer a few days ago which was taken in by the piano in about a week's time.

Mr. Hollinger is now considering ways and means of making "Bennie," his protégé kangaroo, do his share, as "Bennie" was included in the plan kangaroo scheme of money-making for the municipality. "Bennie," however, has proved a disappointment for the only thing he has collected so far have been peanuts, which he refuses to eat and mush and milk, which the city must provide.

Congressman Mann urges caution: "We ought not to get hysterical on the subject of national defense, but ought to as rapidly as we reasonably can make ourselves impregnable on the Pacific coast."

Warren for Army.

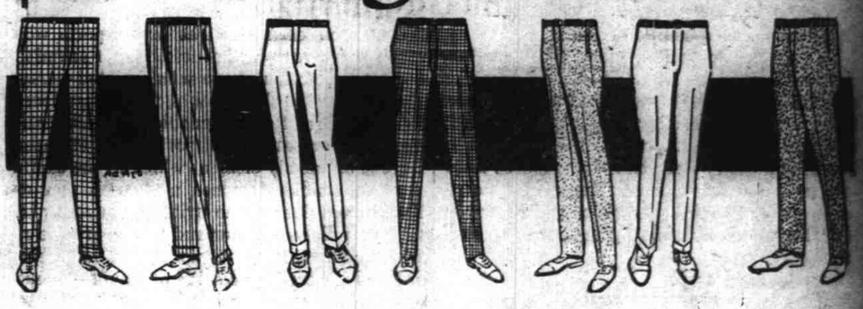

Senator Warren is for a bigger army.

"We should have our coast lines strongly fortified and fortifications need an army to back them up. I think the next session of Congress should authorize that the regular army be increased to 125,000 men. Yet this would only be a drop in the bucket in case of a war of any magnitude, and there should be a big reserve of, let us say, a million men, which could be brought into action quickly. The present reserve law has proven a failure, only enrolling 15 or 16 men, and must be changed.

"And Hawaii needs strong fortifications, an entrenched harbor where ships may rest protected."

THE CAMPAIGN AGAINST KITCHENER.

Lord Northcliffe's spectacular campaign against Lord Kitchener through the columns of the Northcliffe papers, the Times and the Daily Mail, has borne some fruit even though Lord Kitchener is retained in the cabinet. The Northcliffe press demanded a coalition cabinet and a coalition cabinet was formed. The Northcliffe press demanded that British troops in the field be furnished with more high explosives and the move whereby Lloyd-George became minister of munitions is directly in answer to this.

Lord Northcliffe and his papers have come in for a tremendous amount of criticism of the bitterest sort, both from rival papers and from British people and organizations, as a result of their anti-Kitchener campaign. Kitchener's prestige has been increased rather than hurt by the attacks on him, because these attacks were so vitriolic and persistent that they aroused first sympathy for the accused and then anger against the accusers. But the main point is that, though reaping resentment, the Northcliffe papers have accomplished their prime object of stirring up the cabinet and the whole government to the necessity of better munitions for the British soldiers at the front.

Lloyd-George gives up the chancellorship of the exchequer to take hold of the problem of increasing the output of munitions and accelerating their movement to the front. He thus takes from Kitchener's shoulders the task to which the Northcliffe papers claimed Kitchener proved unequal. Though Winston Churchill has retired as first lord of the admiralty, he remains in the cabinet in a position admitted to be a sinecure—that of chancellor of the duchy of Lancaster. In reality he is to be left free to devote his fine energies and enthusiasm to helping where his help is needed. He may have made mistakes as head of the admiralty, but Britain has not ceased to need his brains and patriotism. It will not be forgotten that it was Churchill who had the British fleet prepared for war when most of the rest of the empire was unprepared.

The British cabinet is stronger now than when the war began. The German papers generally recognize that the cabinet troubles have little bearing on the war itself and they are not deceiving themselves that the fierce storm around Kitchener's head means a weakening of British determination or tenacity.

ANSWERED.

Secretary H. P. Wood has answered the Promotion Committee's demand for an accounting of the now-famous \$225 item held up by the committee on finance as needing explanation. The secretary has cleared up this matter to the satisfaction of the committee chairman, Mr. Berndt, and it should be to the satisfaction of the entire committee. The thing to do now is to drop the movement to oust Mr. Wood and to let him retire as he planned at the end of the San Francisco exposition period.

In refusing to resign under fire, Secretary Wood did what his friends hoped he would do and the territory felt he should do if he were being wronged. The fire finally centered upon this one item of \$225, which he had spent in breaking a costly lease on San Francisco headquarters, and for which he could give no receipt. It was a mighty small matter to make a fight for his resignation upon. Small as it is, it's cleared up.

Let the fight drop.

WHAT CAN ITALY DO?

That Italy has entered the European war two months too late for the maximum effect of the move is the conclusion reached by Frank H. Simonds, the brilliant New York Sun critic. In an article in the American Review of Reviews for June, of which advance sheets have reached the Star-Bulletin, he says:

"What will be the effect of Italy's entrance? First of all, it will bring the Allies a million of trained soldiers. It will relieve the pressure now exerted on the routed Russians in Galicia and call for new contributions of German troops to defend Austria. In moral effect it will be even more impressive than in its immediate military influence. In the tenth month of a war that has become, at the least, a deadlock, the Allies gain a new army, a new nation. Nor is it at all improbable that Italy will be followed by Rumania, or that the appearance of the Italian troops at the Dardanelles will enlist Greece. Even Bulgaria may now find the time to consult future interests rather than past grievances.

"That Italy can hope to force her way far in-

to Austria is now unlikely. The nature of her frontier, the tremendous Austrian redoubt of the Trentine Tyrol, rising out of the Po Valley, precludes the hope of immediate advance on Vienna, perhaps even on Trieste, defended against her fleet by the submarines which accounted for the Gambetta. Not improbably the actual entrance of Italy will be followed by a tremendous Austro-German offensive aimed at Verona and Milan—an effort to sieze Verona, reoccupy the old Quadrilateral, hold the banks of the Adige and the Mincio. German 'terribleness' may hope to strike terror into the hearts of Italians by a successful campaign in the Po Valley, made possible by recalling the victorious corps from Galicia.

"Two months earlier, on the morning of the fall of Przemysl, the entrance of Italy would have had disastrous results for Austria. For her own sake, for the cause of her new allies, Italy, if she now enters, will come too late. Russia, has been defeated, has suffered the most terrible disaster of the war. The fighting in the west has adjourned the hope of a 'spring drive.' The Dardanelles campaign is approaching a deadlock. Italy will not 'rush to the succor of the victor,' she will enter a perilous path, driven by popular demand and secular grievances. She brings new hope to the Allies, but her share of the burden is bound to be considerable. Venice and Milan may know the destruction of Rheims and Louvain."

SHORT ON KNOWLEDGE.

The Stockton, Cal., Independent says of the congressional party's visit here:

Aside from the military questions that have come to the attention of the visitors that of admitting Hawaii to statehood has been given no little thought. Some are voicing disapproval of the plan, pointing out that the total population of the islands is but 200,000, that the vast majority of these are foreigners, a vast number being Orientals, and that it would be far more advisable to make of the islands a fortress under the supervision of the war department than to admit the islands into statehood as proposed.

In support of this attitude it is urged that the nation's best interests demand that all of Hawaii be turned over to the army and navy. As a state Hawaii has but little if anything to offer the Union, whereas as a purely military base under complete military rule it will best serve the nation with no loss to such Americans as have established homes there.

Which shows how little the Stockton Independent knows about Hawaiian trade with the mainland; also about the effort being made to develop the islands along educational and social as well as industrial lines.

As a contrast to the California paper, here is this from the Cambridge, Idaho, News:

The congressional party investigating the Hawaiian islands finds a vast improvement in those rich lands in the mid-Pacific since the American eagle took them under its wing. It was made plain during the Cleveland administration, when an effort was made to reestablish the monarchy there, that American control meant better conditions than the islands had ever known and that steady progress was assured while we remained there.

There is, unfortunately, too much truth in the documentary evidence that the various belligerents are putting forth concerning the atrocities of their enemies. The first reports were wildly exaggerated, of course. Later examination by commissions have substantiated enough of the rumors to show that on the east and west fronts the cruelties, spasmodic and systematic, were of the most heinous sort. In every army there is an unruly element which in the excitement of conflict becomes mad with passion. Then unless there is the strictest control by the officers, pillage, murder and rapine are the results. After all the vague rumors have been put aside, there yet remains plenty of evidence to show that the "atrocities fringe" of war has been present in this as in other great conflicts. The terrible hate of the present war—a hate frankly encouraged by the belligerent governments—has aroused the worst animal passions of the soldiery. Long after this combat is over, the black record of atrocity will remain to blot the escutcheons of the nations.

If Mr. Bryan expects to start a presidential boom on a resignation from the cabinet, he is in for another disappointment.

Strange to say no Italian general has yet reported the capture of 200,000 of the enemy and inestimable booty.

U. S. intervention in Mexico will soon become a necessity on account of the suffering ex-presidents.

The report that Secretary Daniels would resign seems to have been exaggerated.

Honolulu's film censors can now sympathize with their brethren of the war-zone.

FOUR SPEAKERS ARE LISTED FOR SUPPER PROGRAM

Boys of the Y. M. C. A. have a big night's entertainment scheduled for tonight in Cooke hall, where the usual Monday night supper will be served at 6 o'clock for 10 cents. The program tonight includes a talk by Paul Super on "My Trip to the States." Mr. Super will tell of the attractions at the exposition of interest to boys.

Second on the program will be baseball talks by Captain Tom Workman of the Stanford team, and by R. W. Wilcox, the Stanford manager. "College Baseball" will be the subject of their talks.

Sam Robley will talk on "It's a Long Way to Hilo," with all the local color possible worked into his story of an island trip.

The last stunt of the evening will be a rugby game in the gymnasium. Ben Hosea's orchestra will play during the intervals.

LITTLE INTERVIEWS

—FRED L. WALDRON: My letter to H. P. Wood urging him to demand acceptance of his resignation was entirely personal. It is now up to the Promotion Committee. I am pau.

—EMIL A. BERNDT: There hasn't been a rousing Fourth of July celebration in Honolulu since before annexation. It's time we got together for a real old-time patriotic demonstration. I think.

—RAYMOND C. BROWN: It certainly is surprising how few people in Honolulu realize the importance of the coming charter election and how few know anything at all about it, much less being well informed.

—ACTING GOVERNOR THAYER: I believe the observance of Flag Day should be more general, but considering the fact that it is a custom only recently established it is being very well observed. I think it is a beautiful custom.

—LESTER PETRIE, captain of the Shriners' patrol: That story of the local temple taking a team of Chinese water buffalo to the conclave in Seattle has not ceased circulating yet. Here is the first application for the job of carrying water and hay to the buffalo, coming from a Shriner in Louisville, Ky.

C. D. LUFKIN, a Hawaii banker, with Mrs. Lufkin and Miss Balcom, who is from Los Angeles and has been traveling with them, arrived at the Stewart yesterday from Chicago, which they made the eastern terminus of their tour. Recently they have been motoring through California. "We have seen some good roads and some bad ones," Lufkin said at his hotel. "Business is all right, go in any direction you like. This is a fine state, but after a week at the exposition we will have to return to Honolulu, from which we have been away two months." Norman Watkins, who is largely interested in the pineapple industries of the Hawaiian Islands, also arrived at the Stewart yesterday from Honolulu by the steamship Manoa.—S. F. Examiner.

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking
Lydia E. Pinkham's Veg-
etable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

Thumping the keys of a piano is not music, and putting successively various lenses before the eyes is not an examination, even though certain improvements in vision are obtained.

Anybody can test your eyes—you can do it yourself, but the scientific use of lenses involves something more than experimenting.

Few can examine eyes and do it intelligently and satisfactorily—quite a difference between eye-tests and eye examinations. Did that fact ever occur to you?

OZAWA DECLARES JAPANESE TO BE 'WHITE PEOPLE'

Matter of Admitting Local Nip-
ponese to Citizenship Will Be
Given Careful Study

That the Japanese race is classed as one of the four white races of the earth is the claim made by Takao Ozawa in an argument which he has filed in federal court in support of his petition for American naturalization. Ozawa's case was not called up for further hearing this morning. It is understood that the federal judges and the district attorney's office will give considerable time and study to the matter before another hearing is had.

Following is a portion of Ozawa's argument: "Any law enacted in the Congress is a written statement in which all the interests of the majority of the legislature present are expressed in a condensed form. Therefore, every word in any law must be carefully considered. Otherwise the true intent of Congress cannot justly be construed; that is, the true meaning of the law cannot be found.

"Because all the judges thought that the expression 'free white person' meant 'white persons' they could not realize that the naturalization law was not based on any race classification. Hence they committed in making disgraceful decisions which are certainly against the spirit of the famous doctrine of liberty and equality, and also that of Christian teaching.

"As I pointed out, the term 'free white person,' derived from the term 'free inhabitant' used in the Articles of Confederation, and the term 'free' was used not in the sense of liberty, but to exclude loafers, paupers and criminals, with meanings of independent, industrious and good, and the word 'white' was used simply to distinguish black people from other people as it was used in the constitution of Oklahoma and also in the Arkansas statute.

"Therefore, as long as there is not a law against Japanese from naturalization, all good Japanese who will do their best for the welfare of the United States ought to be admitted, being included within the term 'white persons.'

"Indeed, according to the modern color classification (see Century dictionary, Vol. 8, published in 1911), Japanese are now classed as one of the four white races, namely:
1. American, pale white.
2. German, blond.
3. Italian, brownish white.
4. Chinese, yellowish white.
"As far as only color concerns, Japanese are nearly the same as Chinese on account of climate. So Japanese now belong to one of the four white races existing on the earth.
"Strictly, however, there is not an absolutely white person on the globe."

JURYMAN ASKS FOR DAY'S PAY; BLAMES PAPER

One of the juryman in Judge Ashford's division of the circuit court approached Clerk Huron K. Ashford and demanded \$3 as a fee for one day's work. He didn't get the money, however, and probably will not get it.

It was this way: The jurymen came into court one day when the foreman had been excused for that particular occasion. He demanded his \$3 and, when asked the reason for wanting the money, said that a notice to the effect that the jury was not wanted on that day had appeared in a "story," and not in the local column of one of the daily papers. He claimed he had not seen the notice, because it was "not in the right place in the paper."

The clerk informed the jurymen that all he could do was to give the reporters the news, and that he could not tell them in what part of the paper to print it, whereupon the jurymen departed.

Two Lectures at University
Club By Authority on Filipinos
—To Held Leahi Home

The Philippine islands, still uncivilized in the remote portions and presenting difficult problems to the guardians of law and order, will be the subject of two lectures at the University Club on the evenings of June 21 and 24 by Dean Conant Worcester.

All America knows Dean Worcester for his magnificent work in helping to civilize the islands for the United States government when he was secretary of the interior for the Philippines. His subjects will be "Wild Tribes of the Philippines and What Has Been Done for Them Under the American Rule" and "The Filipinos." Both lectures will be illustrated with moving pictures and colored slides, and the entire proceeds are to go to the Leahi Home.

Dean Worcester is responsible more than any other one man for the progress made in the islands. The health conditions of the Filipinos who were subject to almost every disease known to the tropics, were improved so that now the Philippines are healthful and Manila is indeed the "Pearl of the Orient."

ART HELD CHIEF ATTRACTION AT BIG EXPOSITION

"Art is the main attraction of the exposition. The buildings, and not what is in them make, the Panama-Pacific exposition the greatest ever known."
That is the opinion of Paul Super of the Y. M. C. A., who returned from a visit to the fair last week. He says fair visitors unite in the conclusion that the chief points of attraction are the exteriors rather than the interiors. He believes the most comment to be heard about the fair is upon the architecture, the sculpture, the landscape gardening and the illumination, all of which can be seen from the avenues and colonnades.

Mr. Super suggests that the best time to arrive on the grounds for the best impression is about 6 o'clock in the evening. The ideal point from which to view the sunset beyond the Golden Gate is near the colonnade of the Fine Arts building. Then the lights gradually come on until the brilliant illumination of the exposition is at its height.

If time is limited, most of it should be spent outside to see the wonderful beauty and coloring of the architecture. The color scheme is in the four colors—red, orange, blue and green. Mr. Super found the Canadian exhibit to be the most interesting, next to Hawaii's.

The best book to read prior to a visit to the fair is, in Mr. Super's opinion, "Art of the Exposition," by A. Neuhaus.

SHIPPING & WATERFRONT NEWS

SONOMA MAKING HARBOR NOTES LONGER STAY THAN USUAL

Steaming from San Francisco on a new schedule which permits a longer stay at Honolulu, the Oceanic liner Sonoma was berthed at Pier 10 shortly before 9 o'clock this morning. Hereafter, the Oceanic company despatched its vessels from Honolulu to Australia between 2 and 3 o'clock in the afternoon. The Sonoma inaugurates a new departure in getting away for the commonwealth by the way of Pago Pago at 8 o'clock this evening.

Under the new schedule the Sonoma will arrive at Pago Pago earlier Monday morning, and at Sydney, N. S. W., Tuesday morning of the following week.

"The Sonoma never carried a larger cargo in leaving the Coast than that stowed beneath its hatches," said Capt. J. H. Trask. "We took all we could carry and left quantities of freight behind."

The Sonoma discharged less than 20 tons of freight at Honolulu, consisting of refrigerated fruits and dairy produce. The Sonoma is taking 350,000 pounds of butter for delivery to Australia. It is reported the butter will be transhipped to Great Britain.

Fifty passengers were landed at Honolulu. To Australia, the vessel carries 56 cabin, 40 second-class and 17 steerage passengers. The liner was far from crowded and could easily have accommodated 50 more travelers.

Directed by Capt. Trask, Purser H. J. Holtz, Dr. G. W. Clark and Chief Steward Joseph Carleton, a live sport and entertainment committee succeeded in launching a pleasing program. Miss Cecelia M. Wright, of international fame as a writer and singer, took an active part in the preparation of a series of entertainments.

A score of passengers will join the Sonoma to Pago Pago and Sydney this evening.

One of the largest mails brought from the Coast in weeks was landed this morning, when 567 sacks were taken from the Oceanic liner Sonoma.

The federal customs office has issued a license to E. K. Durvauchee to operate a new gasoline steamer between Honolulu and Maui ports. The vessel will carry a limited number of passengers.

A few military and civilian passengers will join the United States army transport Logan to steam to Manila by the way of Guam Tuesday afternoon.

The Pacific Mail liner Korea, which is to steam to San Francisco at 10 o'clock tomorrow morning, will take a big mail. The vessel will be well-filled with passengers to the mainland.

Temporary repairs to the auxiliary schooner Kaena, which went on a reef off Maui last week, have been completed at Kahului. The vessel has been operated in the meat and cattle trade to Honolulu.

The Matson steamer Manoa with 56 passengers and several thousand tons of cargo for Honolulu and Kahului, is due at this port early tomorrow morning. It will berth at Pier 15.

CARGO OF BARK AGAIN BLAZING

Fire in the cargo of coal carried by the French bark Françoise d'Ambiose from Newcastle to San Francisco, broke out in a new spot yesterday afternoon. Today stevedores were again sent into the fast-filled hold to battle with the flames and smoke.

That the greater portion of the 2100 tons of fuel will be taken from the hatches is the prediction made after a general inspection of the ship.

While a large amount of water has been forced into the compartments, which appears to quench the fire when the water is removed the coal continues to burn.

Those who have inspected the coal say that it is of a peculiar quality seldom brought to this port.

Theatrical & Amusements

SHOWS HARDSHIPS OF EARLY DAYS FILM PLEASES EVEN BELASCO

It was the new world, settled by a sturdy New England stock, which fought every inch of its way to establishing settlements and making laws that made possible a story such as "The Vengeful Vagabond," dramatized and acted by clever artists directed by one of the best producing companies in the business. Presented in two parts, this great film will be a headliner at the Empire theater today. Taken from early American life by James Oliver Curwood, a faithfulness to minute detail has been observed in staging this production. A number of engagements between settlers and Indian tribes are realistic. The ducking stool as a punishment for minor offenses is depicted.

CHILD ACTRESS SCORES HIT

Miss Alice Brady, the star of "As Ye Sow," the feature photo-play at Ye Liberty theater for the first half of the present week, gives promise of becoming as popular in the silent drama as she is on the speaking stage. Incidentally, there is a child actress appearing in this offering, whose name falls to appear in any of the press matter, who is a charming little individual and whose work in the production savors of the "natural" more than any of the entire cast.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, June 14.—While the West Point graduates were enjoying their annual dinner at the Moana Hotel Saturday evening the automobile belonging to Major H. O. Williams of the 2nd Infantry was stolen by joy-riders. Major Williams had left the machine in front of the hotel early in the evening and after the dinner went to get it and it had disappeared. A careful search was made of the premises, but the car could not be located. A report to the police brought no results, so the Major started on a still hunt this morning. He found the machine about 500 yards east of Heine's place, near Kapiolani park, where it had evidently been left by the thieves. Outside of a little rough usage the car was not damaged. The number had been removed from the rear and put under the seat.

The personnel of the Engineer Corps stationed at Shafter will be changed completely, with the exception of Lieutenant A. K. B. Lyman, in the very near future. Lieut. Gee has received notification of his promotion to the grade of captain and will take command of Co. I, temporarily only, as his tour of duty under the three year clause is up. Lieut. Matheson has passed his examination for his captaincy, and will be among those to be relieved shortly. First Lieut. Paul S. Kenacka, Corps of Engineers, has been relieved from duty at Washington Barracks, and ordered to Fort Shafter in the vacancy caused by the promotion of Lieut. Gee. First Lieut. Raymond A. Wheeler, Corps of Engineers, has been relieved from duty with the border troops at Galveston, and ordered to duty with Co. I, 3rd Battalion, stationed here.

The many friends of Captain and Mrs. George S. Gibbs will regret to hear of their early departure for the mainland, but will be glad to learn that Captain Gibbs has had the unusual good fortune to be detailed as assistant to the Chief Signal Officer of the army. Captain Gibbs is considered one of the best informed men in the army on signal corps work, and has had more field experience with the corps than any officer now connected with it. His first experience with the work was under the most trying conditions in the early days of the Philippine Insurrection where he made good. Captain Gibbs will apply for a leave of absence for one month in order to leave on the August transport instead of September as ordered, and will report for duty in Washington in September.

A board of officers consisting of Major H. O. Williams, Captain E. Cooke and First Lieut. Fredendall has been appointed to make a test of the bayonet fencing machine that has been used very successfully in Company B, 2nd Infantry, for the past three years in training men the uses of the bayonet in war. The machine is a most ingenious invention and was devised by Sergeant Knopsnyder, formerly of Company B, but now in civil life, living in Honolulu. If the machine is adopted by the war department, Sergeant Knopsnyder will have made a little fortune for himself.

Perhaps one of the most unique pictures offered at a local playhouse in months will be found in the masterpiece of Benford Kenyon, "A Study in Feet." From first to last the camera reveals little save the feet of the performers. By their movement is traced the complete story of the play. Darwin Karr, Edwin Robbins, Marion Henry and others equally well known to the silent stage have made much of an exceptional production.

"The Belle of Breweryville" is a capital comedy. "A Mother's Atone-ment" shows force in the delineation of its principal characters. "For the Cause" is a war drama with a plot woven about the adventures of a spy-

POPULAR OPENS WEEK OF OPERA

Inaugurating a series of grand opera concerts tonight, Manager Bredhoff will give the patrons of the Popular theater a rare musical treat this week. There was no matinee at this house today because it was necessary to utilize the afternoon in finishing arrangements for the first musical event this evening, when Madame Vergeri, Miss Silva, Signor Sacchetti, Signor Pucini and Signor Bonsiglia, under the direction of Chevalier Luigi di Roccia, will present their first program of acts from old and modern operas.

All of these singers were with the Bevan Opera Company during its engagement at the Bijou theater and are well known to the music lovers of Honolulu. Manager Bredhoff has provided special scenery and new costumes. Beginning tomorrow the usual daily matinees will be given at the Popular. The photo-drama feature of the entertainments will be up to Popular standards, and the pictures will intersperse the grand opera numbers. As the nightly programs have been laid out they will furnish fully two and one-half hours of delightful entertainment. The conductor says that the Popular theater is well adapted to grand opera singing and he feels assured that the programs he has arranged will delight all Honoluluans who visit the Popular this week.

POLICEMAN TAKES AWAY CAKE FOR CHRISTENING

[By Associated Press.]
BERLIN, Germany.—The regulations concerning the mixing of rye flour apply as well to housewives as to bakers. Disregard of these regulations led to a disagreeable surprise for a christening party in Berlin. The mother had baked an elaborate cake to celebrate the occasion. Just as the guests were sitting down to the table a police official appeared, demanded a slice of the cake and alleging that it was not lawfully made, confiscated it. A fine was later imposed.

DEEP INTEREST OF BENEFACTOR IN KAMEHAMEHA

Cadets of School Hear Reminiscences of Life of Late Charles R. Bishop

Memorial services for the late Charles R. Bishop were held by the Kamehameha cadets and alumni in Kawaiaho church yesterday.

Mr. Smith quoted much personal correspondence with Mr. Bishop to show the esteem with which he ever regarded Honolulu.

"Mr. Bishop," said Mr. Smith, "was a man of humble beginnings. I have often heard him tell that almost his first employment here was helping post the books in the finance department for a dollar a day."

"He believed deeply in the educational value of labor, that the best rewards of this life are born of effort. It was a maxim of his that, although different talents and different abilities may be assigned to men, the greatest opportunity of all, the opportunity to work, is given alike to all."

"He might have retired to live a life of honors, ease, self-gratification and self-development comparatively early, but he retained to the last a wish to exercise what he often called his 'stewardship' over interests that he did not regard as his own."

"I think of him as a man of scrupulous personal integrity, not only in his business dealings, but in all the other relations of life. He never made overstatements. He had perfect self-control. He was exceedingly slow to speak evil of any one or anything. He was always mindful of the courtesies due to others."

TO CELEBRATE TWENTY YEARS OF EXISTENCE

The twentieth anniversary of the founding of the Hawaiian Society, Sons of the American Revolution, will be celebrated on Thursday evening of this week by a reception and special program to be held at the University Club.

WILL REPEAT PROGRAM OF OPENING OF TAVERN

Because a great number of people were unable to secure reservations for the opening of Heinle's Tavern at Waikiki Thursday night, Manager Heydenrich has decided, by special request, to repeat his opening program on Tuesday night of this week.

SCHOOL TEACHER DIES

Death visited the Bonke home in Nuuanu valley yesterday when Mrs. Martha Bonke, wife of Paul E. Bonke, passed away after an illness of several months.

The following persons from the Hawaiian Islands are guests in the city: Dr. and Mrs. S. P. Russell of Hilo, at the Bellevue; Joseph M. Keoho of Honolulu, at the Stewart; Mr. and Mrs. J. B. Castle and Mrs. Elmar Nutting of Honolulu, at the Fairmont.

ADOPTED DAUGHTER OF NAVY EAGER TO SEE BEACH SURFING

Miss Cecilia Manuela Wright, a passenger on the Sonoma, bound for Australia.

"I want to see your famed Waikiki beach, its outrigger canoes, and the Hawaiians skimming the piling billows on surf boards. I have heard so much about it all. It is the realization of a dream long cherished."

Miss Cecilia Manuela Wright, a talented and beautiful young English girl, a keen observer, who has won international fame as a writer on sports, representing a syndicate of mainland newspapers and publications, was intent on leaving the Oceanic liner Sonoma as soon as it had docked this morning.

"They say if I were an American girl I would be called the daughter of the navy. As it is I am its adopted daughter," she added in explanation of a title which was fittingly bestowed upon the young woman after her participation in the Maine memorial services at Havana, Cuba, in March, 1912.

Accompanying Miss Wright on the tour to Australia is Captain Cushman A. Rice, an American ex-army officer who in the early part of 1912 was interested in a large plantation near Camaguey, Cuba. He met Miss Wright after she had been seriously injured in an automobile accident and at a time when her recovery was in grave doubt.

He heard of the girl, then lying at the point of death at the National hospital. He learned that she was the same young woman who had volunteered to sing at the Maine memorial. As the English girl had so generously offered her services to the American navy, Captain Rice asked the navy to aid her. Directed by Admiral Usher, every surgeon of the

fleet then stationed in Cuban waters volunteered when they heard of the desperate situation. It was on Captain Rice's plantation that Miss Wright made rapid strides toward recovery.

Miss Wright is now on her way to Blackpool, England; a journey that may take several years to complete. "I do not know how much time I shall spend in Australia. I have been commissioned to go there to write sports. I draw the line at cricket," she added. "I have heard much of Java, and hope to see that country. I want to visit America's farthest outpost in the Philippines. Should the war continue I may be obliged to change my plans in returning to the United States by the way of England. I have not seen my parents for some years."

Mayor Rolph of San Francisco added one to the collection of letters now valued by Miss Wright. "I have splendid letters, given me by the mayors or other prominent officials at all the important places I visit," she said.

The young woman is the possessor of a beautiful voice, and added to this a charming personality. Miss Wright has achieved signal success on the American vaudeville stage. Before coming to the United States she was a prima donna at the Savoy Theater, London.

"I certainly regret I am unable to extend my stay at Honolulu. It is quite possible that I may return to the United States by way of the Paradise of the Pacific," she said.

A delegation from the Daughters of the American Revolution visited the Sonoma to offer their services in entertaining the talented young singer and writer. Much of her day was spent in viewing the scenic environs of the city, the party taking lunch at the Moana Hotel.

PUNAHOU CLASS HEARS SERMON BY DR. W. H. FRY

(Special Star-Bulletin Correspondence) PUNAHOU, June 14.—Sunday evening at 7:30 o'clock the Baccalaureate service of Punahou for the class of 1915, was held. The invocation was given by Principal Charles T. Fitts, and the scripture reading was given by President A. F. Griffiths. Dr. William Henry Fry gave the address. He delivered a very impressive sermon, the subject of his talk being "Choosing Father's Successor." The Punahou glee clubs sang an anthem, "Send Out Thy Light," with great credit to themselves. Miss Pearl Sutherland was at the organ.

This was the first thing on the commencement program for Punahou. Next will come the preparatory school graduating exercises, which will be held on Tuesday morning at 9:30 o'clock.

No flowers are to be given to either of the graduating classes this year. The Academy decided first to ask their friends not to send any flowers or leis to them on graduating night, and the preparatory school immediately followed their example. This need not prevent anyone sending flowers to the homes of the graduates, if they so desire.

The academy class has also decided that the girls shall wear simple bouquets of golden shower tied with tulle, made by themselves, and that the boys shall wear boutonnières of the same flower. The students in the preparatory will wear bows of the class colors instead of flowers.
