DIRECT LINE TO PORTLAND WOULD BE MONEY MAKER

That's the View of Ben Selling, Backer of Alaska Steamship Line, Who Will Take Matter Up With His Chamber of Commerce at an Early Date

CAPITALIST SEES MANY WAYS TO MAKE DEAL PAY

Lumber, Northern Fruits and Canned Salmon as Outbound Cargoes, is Suggestion—No Lack of Passenger Business to the Islands, It is Said

Forty years ago Allen & Lewis, then an infant wholesale establishment of Portland, Ore., made what the aggressive philosophers called "a reckless venture." They sent the schooner Jane Falkenberg to Honolulu loaded with canned goods and salmon and other products of the Oregon country, and the good old ship returned with bags of gold in her antique iron box, and a full cargo of inland sugar in her hold. And the Jane Falkenberg made many more such trips, as kamaainas can testify, until she went where all ships go sooner or later—to Davy's locker.

Today Allen & Lewis and other large wholesalers and shippers of Portland send their wares to Honolulu by a different method. Instead of sending a schooner direct from the Columbia river to Honolulu, the ships are made of steel and they travel by steam power. They come up the Pacific coast from Panama and they load the cargoes at Portland and then they go to Puget Sound and from there they change their course for Honolulu and the returning gold bags finally find their way to Portland via San Francisco.

"Now what is the sense of our Portlanders shipping our goods to Honolulu in New York or other eastern-owned ships, in ships that travel in roundabout triangular courses, when we can ship in our own steamers direct to Honolulu from the Columbia river?" said Ben Selling, pioneer of Oregon and leading citizen of Portland, and heading sixteen of Portland, and the Moana hotel last night. Selling aired his disgust at Portland's evident lack of foresight in the matter.

FLORAL PARADE MAY AGAIN BE A CARNIVAL EVENT

Director-General Cooper Hopes to Have Two Special Features, Including Big Electric Float Display—Announcement of Appointment Made

A revival of the floral parade on which the Mid-Pacific Carnival was founded and which for years was the main feature, is planned by Director-General Cooper. Director Cooper is now at work on several ideas which may give Honolulu the biggest and prettiest floral parade ever held.

In fact, there may be an afternoon and evening parade. Judge Cooper is considering a plan whereby the afternoon parade will consist of decorated cars and the evening parade decorated floats. Furthermore, he has taken up with the Rapid Transit company the idea of having the floats on flatcars, beautifully embellished, the parade then being held over the Rapid Transit lines to Aala park.

This may further develop into a splendid display of electric decorations, since the light could be obtained from the trolley-lines.

"This still is to be decided upon and worked out, but the plans are progressing hopefully," said Director Cooper today. "It will be a matter of getting the car-equipment now stored and then decorating these bodies of frames."

In planning to separate the parades of floats and autos the director-general is heeding the comment of those who have entered decorated autos in the past but felt they were somewhat overshadowed by the huge and highly ornamental floats often but a few feet away.

MANCHURIA WILL BE LAST TO CALL

H. Hackfeld & Company made the following announcement this morning:

"The Vice-President and General Manager of the Pacific Mail Steamship Company, San Francisco, has instructed this agency by cable to announce to the public that owing to the burdensome provisions of the Seamen's Bill, passed during the last session of Congress at Washington, the Company has fully decided to carry out the sailings of its steamers in accordance with a schedule prepared some time ago.

"This schedule provides that the last steamer of the Pacific Mail Steamship Company flying the American flag bound from San Francisco for the Orient will call at the port of Honolulu on October 22 next, the S. S. Manchuria, and the last steamer of the company under the American flag from the Orient bound for San Francisco will call at this port on or about September 28, also the S. S. Manchuria. After that the only steamers of the company making Honolulu a port of call will be those under the British flag, the S. S. Persia and the S. S. Nile, the latter being temporarily withdrawn.

"Any bookings for passages or freights made at Honolulu for sailings after the dates mentioned above must be considered as cancelled, but as far as outward business is concerned will be gladly transferred to the S. S. Persia, if agreeable to interested parties.

"H. HACKFELD & COMPANY, LTD."

SUBSCRIBE \$10,000 TO COVER BILLY SUNDAY CAMPAIGN BILLS

Guaranty Fund Assures Costs, Including Erection of Monster Tabernacle

As the result of a guarantee fund established by the Inter-Church Federation, Honoluluans have pledged \$10,000 to cover any deficiencies which may arise in the general fund of a proposed campaign to be conducted in this city in 1916 by William A. ("Billy") Sunday, the famous evangelist. The \$10,000 has not been collected. Interested persons have simply pledged certain sums of money in case it is needed to cover deficiencies in the expenses of the proposed campaign. There is a probability that not a cent of the money will be collected, nor as a rule free-will offerings cover all expenses. On the other hand, if there is a deficiency of, say, \$100, this amount will be pro-rated among the various subscribers, and paid.

On November 2, 1915, the Inter-Church Federation started a movement to have Billy Sunday conduct a campaign in Honolulu. He was invited to come here. Mr. Sunday replied that it would not be possible for him

CHINESE AFRAID JAPANESE LINES MAY RETALIATE

Hint at Refusal of Chinese Tonnage as Revenge for Boycott Going on in Asia

That the prime motive back of the proposed American-Chinese steamship line between San Francisco, Honolulu and China is the fear of the Japanese lines, the T. K. K. and N. Y. K. refusing to accept shipments of Chinese merchandise from China to this city and the mainland ports, as a retaliation for the existing boycott in China against Japanese goods, was authoritatively stated here today by prominent Honolulu Chinese merchants and businessmen.

With the Pacific Mail going out of business entirely in November the only recourse left Chinese merchants here will be to order their goods shipped here from China by the Japanese lines.

Honolulu Chinese fear the Japanese lines may refuse to accept Chinese merchandise for shipment, unless the Chinese boycott is called off.

Prominent Japanese this morning were inclined not to take the boycott rumor seriously, and said they did not believe the Japanese lines would refuse to accept Chinese merchandise for shipment after the Pacific Mail withdraws its service.

If orders can be sent them a long time in advance they will do the work much more cheaply in their spare time," says the director-general. "The idea of arranging so that auto owners may choose their own flower and avoid duplication or conflict can be worked out satisfactorily, I think. One auto would be decorated with lilies, the next with roses, then cherry-blossoms, etc. This would give a striking effect."

The following appointments were announced by the director-general today:

Chief of the staff of Carnival artists—Francis Joseph Catton, draughtsman with Ripley & Davis. He has already shown the director-general that he possesses marked talent in poster work and decorative design.
Chief of Electrical Display—Theodore Hoffman, superintendent of the Alexander Young Building company.
Chief of the Water Pageant—Joseph E. Sheedy, general superintendent of the Inter-Island Company.

Denning Duer, former United States consul of Lisbon, Portugal, and later attached to the consulate at London, died at his home in New Haven.

HAWAII TOURIST TRADE WILL GET AN AWFUL BLOW

When P. M. Quits in November Accommodations for 2500 Passengers Will Be Cut Off

ONLY TEN PASSENGER SHIPS IN EACH MONTH

Mail Congestion Will Follow; Big Liners Now Average 1000 Sacks a Month

During the past year the Pacific Mail steamers have brought approximately 2500 passengers to and from the Hawaiian islands and with passenger traffic already congested, it is common opinion that Honolulu's influx of tourists must decrease by at least 2000 annually when the Pacific Mail Company quits the transpacific trade, unless the Matsuo and Oceanic companies add more steamers to the island passenger trade.

An Associated Press despatch from San Francisco received last night states that definite announcement was made late yesterday from the offices of R. P. Schwarz, vice-president and general manager of the Pacific Mail that its transpacific service will cease November 7, because of the requirements of the seamen's law, which goes into effect in November.

The only other hope for a continuation of the present number of tourists coming to the islands, for a growth of the annual influx, lies in congressional action, either a repeal of the seamen's act or suspension of the coastwise act insofar as passenger traffic to Hawaii is concerned, so that the Toyo Kisen Line, the only foreign company now operating with Honolulu as a port of call, can partly make up the loss through the quitting of the Pacific Mail.

The T. K. K. Company operates four steamers across the Pacific while the Pacific Mail is now operating five steamers under the Stars and Stripes.

CANVAS MATS ON F-4 ARE TORN BY ACTION OF WATER

Diver Agraz Makes Another Inspection; No More Repair Work to Be Attempted

Jatk Agraz dropped down to the harbor floor this morning and made an examination of the sunken submarine F-4. He found the boat in the same position as at the last inspection with no appreciable drifting of sand. However, the big canvas mats used to cover the gaping hole in the submarine's bow are somewhat torn. The lines are still in place, but the action of the water has cut up the covering itself.

According to Capt. Crittenden, commanding the submarine division, there will be no repair work attempted, as the cruiser Maryland, with gear for raising the sunken boat is expected inside of 10 days.

JAPAN CABINET MEMBERS WON'T TAKE BACK JOBS

[Associated Press by Fed. Wireless.] TOKIO, Japan, Aug. 4.—The members of the Okuma cabinet who recently resigned decline to reconsider their action. Led by Baron Kato, minister of foreign affairs, who was one of the centers of controversy, the ministers adhere to the resolutions to retire into private life.

KATHERINE PAGE WEDDING GREAT EVENT IN LONDON

[Associated Press by Fed. Wireless.] LONDON, Eng., Aug. 4.—Miss Katherine Page, daughter of U. S. Ambassador and Mrs. Walter Hines Page, and Charles Loring of Boston were married here today. The king, queen and numerous high officials sent gifts.

RUSSIANS DEFENDING WARSAW THROWN BACK ON INNER LINE

RULERS WHOSE LAND MAY PLUNGE INTO WAR

Above—King Constantine of Greece. Below, his consort, Queen Sophia. Both are said to be very much opposed to abandoning Greece's neutral attitude, but the country at large is for war, as shown by recent elections. The Allies are now trying to arrange terms on which Greece will join the fight against the Teutonic nations and Turkey.

LEOPOLD'S CRACK BAVARIAN FIGHTERS ORDERED TO TAKE CITY BY DESPERATE CHARGES

GERMANS REINFORCE WITH TROOPS FROM FRANCE—U. S.-BRITISH DISPUTE ON CARGOES LIKELY TO BE TAKEN TO INTERNATIONAL COMMISSION—ALLIES CONFERR WITH GREECE, SEEKING TO INDUCE LATTER TO JOIN FIGHT—PRIZE COURT CONFIRMS DACIA CAPTURE

[Associated Press Service by Federal Wireless] PETROGRAD, Russia, August 4.—Official bulletins today claim that Warsaw has not yet fallen and hopes are rising that the Russians will be able to hold the Polish capital. There is severe fighting near the city with both sides losing heavily.

In order to hurl fresh forces at the battered but still formidable Russian lines, the Germans are reinforcing their armies in Poland with troops from France.

Gen. von Hindenberg's successes in Courland and the possibility that Riga will be captured soon have caused all banks and schools to be transferred from Riga to Tula.

BERLIN, Germany, August 4.—Prince Leopold's crack fighting organization of Bavarians are now carrying out a series of charges to accomplish the capture of Warsaw.

Their rushes have taken Blonie and the Russians who were holding this outer line have been thrown back upon the inner line of the city's defense.

United States Stands by Protest to Britain on Detention of Its Cargoes

[Associated Press Service by Federal Wireless] WASHINGTON, D. C., August 4.—The United States will not recede from the firm protest it has lodged against the British blockade of German trade which has been used to detain cargoes en route to neutral ports of the Continent.

Immediately following the receipt of the two British notes, which assert the British right to seize cargoes on the ground that although shipped to neutral ports they are destined ultimately for Germany, the president has ready the U. S. reply. In this reply the United States concedes that the conditions of this war are unusual but continues the vigorous protest, declaring that the capture of ships voyaging to neutral ports is illegal.

It seems to be evident that ultimately this controversy will be submitted to an international commission.

[The substance of the British notes and other overnight telegraph despatches are published on Page 9 today.]

Allies Would Induce Greece to Join in War; Premier in Big Conference

LONDON, England, August 4.—That the Allies are conferring with Greece to induce King Constantine's country to join them in warring against the Teutons is the significance attributed to a conference in Athens between diplomatic representatives of the Entente Powers and the Greek premier, Gounaris.

Cablegrams from Athens say that the Allies' diplomats are discussing the situation with the premier and local attention is centered on the probable outcome of the conference.

Reports Current in Lisbon of Three Serious Revolutions in Portugal

LISBON, Portugal, August 4.—Sensational reports are current that three separate revolutions are in progress in Portugal. There are riots in streets and public buildings and assaults every day.

Belgian Steamer Sunk; Crew Saved

LONDON, England, August 4.—The Belgian steamer Koohandel has been sunk by a German submarine. The crew was saved.

Prize Court Confirms Dacia Capture

PARIS, France, August 4.—The prize court has confirmed the capture of the steamer Dacia, which was seized by French cruisers while bound for Rotterdam from the United States.

[Additional Telegraph Despatches on Page 9]

SUSPECT JAPANESE OF SMUGGLING IN PEARLS

[Special to the Nippon Jiji.] SAN FRANCISCO, Aug. 4.—Four custom inspectors from the San Francisco customs service have examined the books and stocks of Mitsubishi, one of the Japanese pearl exhibitors at the Panama-Pacific international exposition. It is rumored that Mitsubishi is suspected of smuggling the pearls.

CHANGE DATE SELECTED FOR JAPAN DAY AT FAIR

[Associated Press by Fed. Wireless.] SAN FRANCISCO, Aug. 4.—Japan Day at the exposition, which had been formerly set for August 17, was today postponed to August 25. The plan of celebrating this special day is already under way, every indication pointing out that the day will be one of the great attractions of the fair.

HAWAII TOURIST TRADE WILL GET AN AWFUL BLOW

(Continued from page one)

and two others under British registry, all except one with a regular call at Honolulu. In addition to the loss of the steamer accommodations for at least 2500 passengers to and from the islands annually, Honolulu will lose preference for big steamers like the Manchuria and Mongolia and refuse to travel on the smaller boats of the local lines.

In the event that Congress suspends coastwise legislation which now prohibits foreign registered ships from carrying passengers to and from the islands and the mainland, then American shipping will lose more on the Pacific than the others of the La Follette seamen's act had hoped to gain by the enactment of this latter law, say local shipping men.

The mail situation is not so serious. Approximately 1000 bags of mail are hauled each way between San Francisco and Honolulu each month by the Pacific Mail. During July 1316 bags were brought to the islands by Pacific Mail boats, and 244 bags were sent back. The Matson lines carries about double this amount.

Under ordinary conditions the islands would get coast mail every Tuesday morning in the Matson boats and every other Monday morning on the Oceanic steamers. The T. K. K. line carries about the same amount of mail for the islands and from Honolulu as the Pacific Mail.

An average of 15 passenger steamers a month visit Honolulu from the mainland and about the same number depart monthly. The Pacific Mail steamers average three boats a month coming one way and two boats a month the other direction, the number alternating each month. Thus after November 2 Honolulu will get only 10 passenger steamers each way per month, under existing schedules.

Recent despatches from San Francisco are to the effect that President Asano of the T. K. K. line, who is in San Francisco, may arrange for the purchase of his company of the Korea, Mongolia and Siberia, or for a consolidation of the two lines.

The Pacific Mail is now operating under American registry the steamers Mongolia, Manchuria, Siberia, Korea and the China in the transpacific trade, carrying local passengers for Honolulu, and the steamers Nile and Persia have been operated on the same run under British registry. The Nile is at present temporarily withdrawn.

The Matson line operates four passenger ships a month, one coming and going each week. They are the Matsonia, Wilhelmina, Manoa and Lurline. The Oceanic company's two Australian-San Francisco route steamers, the Ventura and Sonoma, carry local passengers to Honolulu every two weeks and the same company operates the Sierra on the San Francisco-Honolulu run, with a trip each way every month. The Sierra is at present on the dry-dock for repairs but probably will be back in service by the time the Pacific Mail quits.

The Canadian-Australasian line, operating the Makura and Niagara, calls here with passengers to and from Vancouver once each month. Two T. K. K. steamers call here going to and from San Francisco each month, but under the coastwise act they cannot carry any except lay-over passengers between the mainland and the islands, except under a fine of \$200 for each passenger.

The fifth steamer is the United States army transport. One calling to the coast and one from the coast is made each month. There are the Logan, the Sherman, the Sheridan and the Thomas in transport service. In addition the transport Dix, the "horse boat," calls here about every two or three months.

"I wrote to H. P. Wood, our representative at the San Francisco exposition, July 28, asking him to interview the Pacific Mail Steamship Company and obtain from it a definite statement as to its future plans," said Acting Secretary A. P. Taylor of the Hawaii Promotion Committee, when seen this morning relative to the situation.

"I instructed him to find out exactly how the Honolulu service and advised him to cable us if necessary. To date I have received no answer but am expecting one almost any day."

Mr. Taylor has at the committee's rooms in the Young building a copy of the Chicago Commerce, the Chicago Chamber of Commerce's official publication. This organization is preparing a strenuous fight against the La Follette seamen's bill.

WAS PIONEER IN CONGO DEVELOPMENT

WASHINGTON, D. C.—Richard D. Mohun, one of the few surviving comrades of Baron Dhanis in development of the Belgian Congo and the only white survivor of the party which connected the east and west coasts of the dark continent by telegraph, died at Royal Oak, Md., from wounds received in 20 years' service in Africa.

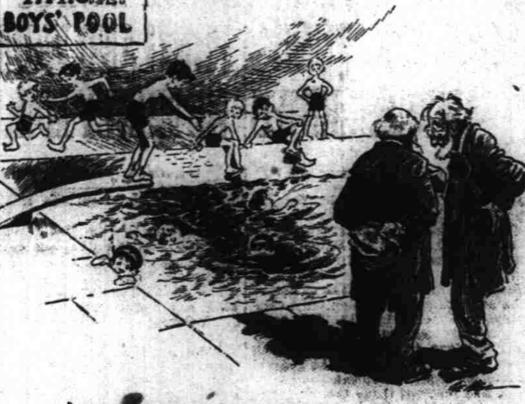

For his work in the Congo, Mr. Mohun had been decorated by England, Belgium and France.

The sultan of Zanzibar decorated him for his work as intermediary with the British force which took that country. He had done much to break up Arab slave traffic, and helped break up cannibalism. He went to Africa 20 years ago as commercial agent of the United States in the Congo and made his life work on the dark continent. Mr. Mohun was 50 years old.

M. Gabriolovich, the new Serbian minister to the vatican, presented his credentials.

SWIMMING POOL FOR Y. M. C. A.

Y.M.C.A. BOYS' POOL

"Show, our old swimmin' hole want in it!"

MINIATURE SWIMMING POOL WILL SHOW RISE OF FUND FOR Y. M. C. A.

Report at Noon Meeting Shows Campaign is Under Way; \$100 Already Raised

At 1 o'clock this afternoon the Y. M. C. A. swimming pool campaign teams reported \$100 secured as a result of this morning's work in the first day of the effort to raise the \$3000 necessary to make the pool a reality.

The team workers met for luncheon in Cooke hall and tomorrow is expected to see the tide of subscriptions well over the \$1000 mark.

In the lobby are two large signs, one on which the standing of each team is to be printed, the other representing a swimming pool, showing how high the amount secured each day is.

"A chance to turn cash into character" is the keynote of the campaign. General Secretary Paul Super emphasized this at today's luncheon, and at last night's dinner which started the ball rolling.

Today's feature was the mailing of 723 letters to association members whom it was thought are most interested in the pool. "I am pleased to say that a number of the men who received the letters mailed us their check immediately," said Mr. Super. "They are all Ad Club men, and are up to snuff in these matters."

The letter tells of the pool, and gives figures concerning its cost and methods by which the \$3000 may be secured. "Because the letter says nothing of dollar subscriptions, doesn't mean that we don't want them," explained Mr. Super. "We will be just as pleased to have men hand us a dollar or more as to receive \$100."

The next team reports will be heard tomorrow at noon in Cooke hall. "Tomorrow will see things stirring," is the way one team worker expressed his enthusiasm.

One of the most active team workers is R. E. Lambert. On his team are G. S. Raymond, C. M. P. Nelson, R. M. B. Purvis, I. Spalding, C. R. Frazier, H. Gunter.

On W. F. Gaynor's team are A. M. Cristy, W. P. Thomas, R. Anderson, G. S. Waterhouse, J. A. Noble, H. G. Dillingham, W. R. Coombs, F. O. Boyer and Percy Deverill.

Jack Milton's team consists of G. L. Dorre, C. E. Hall, I. P. Canfield, L. B.

Stiles, J. C. Stone, C. S. Franklin. Those forming J. S. Nott's team are J. B. Guard, J. C. Anderson, C. C. Clark, A. K. Lucas, E. G. Hallman, George Bustard, J. B. Brown, H. S. Canario.

H. B. Newcomb's team consists of Gilbert Brown, J. P. Morgan, R. H. Lowrie, R. N. Linn, W. J. Peterson, B. H. Burdick.

A. T. Young heads a live team of Chinese young men, who have already shown a disposition to do their part. J. E. Santos is captain of a team from the F. B. C. A. On the team are Frank Branco, Abel Rodriguez, Ernest Soares, Charles Branco, Clifford Malin, Joe Metelros, Frank Vivas, Clark Soares, and Cooke Soares.

John Haglund is leading in the work amongst the intermediate department young men.

Other names in addition to these have been chosen on teams. They will be listed when they report for their assignment of "prospects."

SOLID WEAVE OF BARB WIRE MILE THICK ON FLANDERS BATTLE LINE

[Associated Press] LONDON.—The War Office, as well as the Admiralty, is receiving and sifting proposals of new devices, covering the whole range of land warfare, guns, explosives, shields, movable armored fortresses of attack and defense, together with plans for the great utilization of some of the defenses already known, such as barbed wire.

This one item of barbed wire is working almost a revolution in the accepted ideas of land warfare. One of the chief officers, after returning from the trenches in Flanders, said that at many points of the line he saw barbed wire laced into almost solid weave a mile wide in front of the trenches.

Mounted police of the Sheepshead Bay police station, Brooklyn, were sent to round up 100 seats which wandered from their barns. Their owner, James Murdock, was sent to jail for 40 days for keeping them.

The famous bronze and copper lion that stood on the battle field of Waterloo has been torn down and is being made into German shells, according to Holland advice.

LOCAL AND GENERAL

A coroner's jury has held that Ching Chong, Chinese cook, who lost his life in a fire at Beretania, near Alexander street Monday morning, died from burns received accidentally in the fire.

The "stunt" committee of the Ad Club contingent of the Kaula Civic Convention, to be held in Lihue September 25 and 27 are planning to hold a meeting soon to arrange the details of their "show." The various Ad Club committees report favorable progress and give assurance of a general good time to all who accompany the Ad Club to the Garden Isle next month.

A series of "national days" will feature the Pan-Pacific Club's weekly luncheon Tuesday at noon in Cooke hall, Y. M. C. A. building. There will be "Japan Day," and a Japanese speaker, appointed by his fellow countrymen here, will tell in a 15-minute talk of things accomplished by Japanese here in the way of promoting good citizenship. The August 17 luncheon will be Chinese day; August 24, Korean, and August 31, Portuguese.

A further hearing was to be had before District Judge Monarrat this afternoon of the matter of Harry T. Mills against D. F. Turin, an action for damages in the sum of \$11. Mills acting as representative of Rudolph Stein, a member of the detective department. It is alleged by Stein that when he and Turin took a couple of cabaret singers to Walkiki not long ago, gave them something to eat and drink and later treated them with a joy ride, Turin refused to foot half the bill, amounting to \$11.

Having completed their studies in American universities, Karn in Chun and Foo Kow Lee, two young Chinese men who are graduates of the McKinley High School here, are again in Honolulu. Mr. Chun is a graduate dentist, receiving his diploma from the University of Southern California College of Dentistry, in Los Angeles, last June. Mr. Lee has just completed a course in modern agriculture at Kansas State Agricultural College, Manhattan, Kansas.

Honolulu Star-Bulletin

RILEY H. ALLEN - - - - - EDITOR

WEDNESDAY.....AUGUST 4, 1915.

THE FRONTAGE-TAX ISSUE.

THE CITY ATTORNEY APPOINTMENT.

The appointment of Arthur M. Brown as city and county attorney puts an opportunity in the hands of a man who can in the next two years make a record of which both he and the city will be proud—a record for vigorous, conscientious administration. He can make a record for honest enforcement of the law, above favoritism and above laxity. A record to be made or a record to be marred.

This community is not fighting old fights nor reviving old criticisms of Mr. Brown. The mayor and the supervisors have entrusted to him the responsibility for law and order in Honolulu so far as it lies in the power of the city attorney's office to promote law and order. That there has been criticism in the past of his acts as a public officer should spur Mr. Brown now to all the greater determination to make a record above reproach. The community is ready to back the new city attorney and endorse his efforts in just the degree of real devotion and intelligent energy he puts into his duties. It is distinctly "up to Mr. Brown" and he has the future in his own making.

POLICE PUBLICITY.

Captain of Detectives McDuffie says he is not satisfied with the newspaper publicity he is getting. He tells a delegation of Ad Club members invited to confer with himself and the sheriff that the Advertiser misrepresents the detective department work and that the Star-Bulletin does not go behind the Advertiser reports and tell the public the truth of what the detectives are doing to enforce law and order.

What Captain McDuffie evidently really means in his reference to this paper is that the Star-Bulletin isn't defending him zealously enough from the Advertiser's attacks.

The Star-Bulletin has something else to do besides answering—from McDuffie's side—every criticism printed in the Advertiser. A lot of them are not worth answering. When this paper feels that a real injustice has been done McDuffie and that as a newspaper publishing facts there is an opportunity for usefulness in preventing unfairness, we state the case. The Star-Bulletin objected to the unfair manner in which McDuffie was attacked before the civil service commission something over a year ago, and every contention made by this paper was upheld in the commission's final decision. The Star-Bulletin has repeatedly drawn attention to the good work done by the detective department. We have printed numerous letters from the captain and other members of the force. But this paper is not now, never has been and never will be in the business of chronically defending the detective department from Advertiser censure. Life is too short, real news too pressing. The Star-Bulletin can't be run as a personal organ of the detective department—and that is what it would have to be to answer all the Advertiser's attacks, upon the department and its captain.

Inasmuch as the sheriff and the detective captain have asked the Ad Club to give police matters "proper publicity," we suggest that the Ad Club committee, if it takes up this subject at all, start in by getting the facts as to what has been published for and against Mr. McDuffie and his associates. Since the captain mentions the Star-Bulletin, the Ad Club committee is invited to ascertain from the printed records what has been published about the detective department and its work.

McDuffie is quoted as saying that heavier fines in police court would help the police. This is no original thought. Both papers have reiterated it and when exemplary fines were imposed have drawn attention to that fact.

Publicity—by all means give the detective department thorough publicity! The Star-Bulletin believes it will be beneficial. Captain McDuffie hasn't complained to the Star-Bulletin that his department is not done justice in the columns of this paper, but if that is the impression he has given the Ad Club members, they are at liberty at any time to ascertain the facts so far as we are concerned.

ACKNOWLEDGMENT.

The Star-Bulletin has received from Newton and Valkyrie Campbell \$10 for the Palama Settlement Fresh Air Fund. It will help make some tenement mother and children happier and healthier.

Hard work is the best politics for public officials.

No passivity in enforcement of the frontage-tax law will be tolerated by the city taxpayers. The supervisors went into office primarily on the declaration that they would enforce this law vigorously, thoroughly, impartially. The mayor declared he would take the lead as the city's executive in pressing improvements by this progressive method. And the community looks to its elected officials to carry out their pledges. Any attempt to side-step, to evade the issue, or to let matters drift comfortably along will be fatal to the success of this administration and a blow to the Republican party, for the Republicans at the last campaign made a distinct platform issue of the frontage-tax plan. The supervisors now labor under a growing public impression that in recent street-work they have stretched the law so that what is really construction has been done not by local assessment but out of the general funds. There is not the slightest question that this impression is beginning to take hold in the public mind. It is certainly up to the supervisors to carry out the spirit of the law so emphatically that the community will recognize their sincerity. Otherwise their sincerity is bound to be questioned.

SWEDEN PREPARES FOR WAR.

Despatches from Europe a few days ago brought news that the Swiss army has been brought up to 540,000 men, the largest in the nation's history. It appears that Sweden is fearful the country may not be able to remain neutral, with war on three sides and a danger-zone of sea on the other, and is preparing to fight well if fighting is its fate.

It is officially announced that Sweden now has 350,000 regulars and 175,000 landsturmiers. Supplies of ammunition and war material have been brought up to date, and the Swedish military writers state that the army has never before stood at such a high point of efficiency. Five thousand new officers and non-commissioned officers have been appointed, and all old soldiers have been called up for a course of supplemental training.

There's rioting in the capital of Hayti and American marines are sent on the jump. There's rioting in Mexico City and American marines aren't sent at all. They watchfully wait, and so do the border troops. Why this difference? The answer is easy. Uncle Sam has no trouble at all spanking Hayti into being good but an attempt to spank Mexico is going to cost a lot of American lives, to say nothing of American money. Mexico can't "lick his dad" but he can give Uncle Sam plenty of physical exercise for awhile.

A Star-Bulletin reader declines to believe that a bowlegged man who tried to cross Fort and King streets was stopped by the traffic cop because he didn't take the corner square. That's nothing. A cross-eyed man at the same place the other day was hit by two autos at once and both drivers said the unlucky pedestrian was looking the other way.

Some cynical incredulity has been aroused by an item in the telegraph news yesterday that the Italians had killed 10,000 Austrians by rolling rocks down the mountains on them. Still, there are those who scoff at the story of David and Goliath.

Every man is a disk, to be played again and again in life's phonograph; and it's no phonograph, at that! Once in a while the audience gets tired of him and puts him away for a season—then out he comes!—Leavenworth New Era.

President Yuan Shih-Kai has dismissed forty-seven of his advisers. And they were all on salary! Evidently the Peking brand of patronage isn't permanent.

Another dispute is now staged between those who speak of our "unpreparedness" and those who insist that the word "unreadiness" is more striking and euphonious.—Chicago Daily News.

Some people waste entirely too much time waiting for the unexpected to happen.—Leavenworth New Era.

Men differ less in their endowment of talents than in their inclination to keep those talents always in use.

Thirty million dollar heiress is coming to Honolulu. Yes—but as a bride!

BILLY SUNDAY EXPENSE FUND IS SUBSCRIBED

(Continued from page one)

June 15, this year, the federation, on behalf of Central Union church, the Methodist church, the Christian church, the Y. M. C. A. and the Salvation Army, authorized a committee composed of William A. Bowen, Richard H. Trent and James Wakefield to secure the services of Mr. Sunday for a campaign in Honolulu in 1915. This same committee was authorized to solicit subscriptions to cover any deficiencies which might arise in the general campaign expense account.

It was reported today that subscriptions to the sum of \$10,000 have been solicited and promised.

With regard to the expenses of the campaign, the following facts were pointed out today by a member of the committee:

1. The money received in collections taken at the various meetings of the campaign goes toward the general expense of the campaign; that is, steamer fares, boarding, erection of a tabernacle, etc.

2. Billy Sunday does not receive a cent of the money taken in such collections.

3. The only remuneration that Mr. Sunday receives for his personal work is through a special collection generally taken at the final meeting of the campaign.

4. In case it is found that the amount of collections is going to exceed the amount of general expense, the collections are stopped. In some cases collections have been continued and the money devoted to some charitable purpose.

5. Should the total collections amount to less than the amount of general expense, the deficit is to be covered by money taken from the \$10,000 already subscribed.

Residents of Honolulu were asked to subscribe to the guaranty fund under the following conditions:

"In consideration of the benefits expected by us for ourselves and for the community at large, from the evangelical meetings of Billy Sunday now being arranged to be held in Honolulu sometime in the year 1915,

"We, the undersigned, hereby subscribe, each for himself or herself, and not for one another, up to but not to exceed the amounts set opposite our respective signatures, as below, to constitute a guaranty fund which shall be used only towards the payment of such deficiencies as may arise in the general fund of the Billy Sunday campaign (estimated to be not more than \$10,000).

"The said sums shall be used to cover and protect such part only of the said expenses as may not be covered, protected and paid for from and out of the collections solicited therefor, and taken from time to time at the meetings of the said campaign, except, however, the one usual specific collection to be given entirely as an honorarium to Mr. Sunday.

"It is further mutually understood and agreed by us that the amount payable on each subscription shall be in the proportion that each subscription bears to the entire amount hereinafter subscribed.

"And it is further agreed that no subscriptions hereon shall be binding upon the respective subscribers unless the total amount of the subscriptions hereon shall be at least \$10,000."

While Mr. Sunday has intimated that he may be able to come to Honolulu next July, it is the idea of the federation and the churches to have him come earlier if possible.

"Some people who felt prejudiced toward Mr. Sunday's coming to Honolulu, when the idea was first proposed, have, after carefully weighing the various editorial comments of eastern papers, experienced a change of mind and are ready to take part in the support of the idea at the present time," said Mr. Bowen today.

With \$10,000 guaranteed, Honolulu appears to have done its share, and the rest lies with Mr. Sunday.

WANT \$500 BOND PUT UP FOR EACH DANCER

(Associated Press by Fed. Wireless.) SAN FRANCISCO, Cal., Aug. 4.—The federal immigration officials here, who refused to allow the fair cherry dancers from Japan to enter the country on the ground that they are "contract laborers," today ordered the promoters of the cherry dance at the fair to put up \$500 dollars bond for each girl before they are allowed to enter the country temporarily.

Today the Japanese fair commissioners and Y. Numano, the Japanese consul at San Francisco, presented vigorous protests against holding the Nippon dancers, claiming that the maidens are all "professional dancers," not contract laborers.

DIRECT LINE TO PORTLAND WOULD BE MONEY MAKER

(Continued from page one)

of trade to and from the Hawaiian islands.

"I'm going to take this matter up with the Portland Chamber of Commerce just as soon as I get back to Oregon soil," he declared, "and maybe our Portland business men will see that a grand opportunity they are overlooking."

And Mr. Selling will do it, too. It was he who dug into his right-hand trousers' pocket a year ago and plunged up the coin that started the Portland-Alaska steamship line, a company owned and controlled by Portland capital.

"Why, do you know," says Mr. Selling, "that the opportunity offered Portland shippers and business men is far greater in a Honolulu-Portland steamship line than it ever could be in entering the Alaska trade? It is unfortunate that we haven't a sugar refinery at Portland, but there are many other ways to make a line to this port pay. For example, Portland is 'the heaviest lumber shipping port on the Pacific coast and yet you get getting most of your lumber elsewhere. The answer is that 'elsewhere' has the ships.

"Then again, we are the heaviest shippers of canned salmon. There might be a good market for that here. Our fruits, both canned and fresh, are fruits that cannot be successfully raised here, and which are valuable as an export to the islands. As to passenger traffic, it would be a waste of time to argue over it. All one has to do is to notice the crowds that go to the coast in the Vancouver boats.

Discussing the hopes of steamship owners for a deep channel from Portland to the sea and the possibilities of a deep channel over the Columbia river bar, Mr. Selling said:

"That is a certainty. We now have a 30-foot channel over the bar and government dredges are now making this 40 feet. We will soon have one of the best fresh water harbors in the country and the only real fresh water harbor on the Pacific coast. I have watched the progress of the harbor work not only as a business man but also as a member of the port of Portland commission, which is similar to your harbor commission."

Besides taking an active interest in all business matters that brood for the good of Portland and Oregon and the United States, Mr. Selling delights in politics. He is an active fan at this interesting game. He was a candidate for the United States senate on the Republican ticket in 1912, but Roosevelt split the party and the Progressive candidate succeeded in coaxing enough Republican votes away from Mr. Selling to elect the Democrat, Harry Lane. But Selling proved a dangerous competitor.

In November of 1914, at the state election, he led the entire ticket for representative from Multnomah county at the legislature. He also was elected speaker of the Oregon house for the 1915 session. He was asked to state his opinion of national politics in 1916.

"There's nothing to it," he asserted, "the Republicans will win in a walk. The last election, in November, when the Democrats lost in both branches of Congress, showed which way the wind blows. And almost any Republican candidate can defeat Wilson."

Mr. Selling in everyday life is a Portland business man. He and Mrs. Selling came on the Wilhelmina yesterday and they will go to the volcano tomorrow, returning on the same steamer Sunday. They will remain here until August 25, returning to the Matsonia.

BEACHWALK CLUB WILL BE ACTIVE

Active work has been begun by the Beachwalk Improvement club, which effected permanent organization at a meeting held last night at the home of Jack Milton on Saratoga Road, Beachwalk. The club does not intend to confine its work to its own comparatively small ballwalk and last night authorized the appointment of a committee to see whether residents and property-owners in the entire surrounding district, extending perhaps as far as the Seaside Hotel on one side and John Eola road on the other, will wish to join in beautification measures.

By-laws were adopted last night and the temporary officers elected last

Personal Mention

CHARLES LYCURGUS returned to his home in Hilo in the Mauna Kea today. He has been spending the last week in Honolulu.

E. C. S. CRABBE, deputy internal revenue collector, left for Kanai on a business trip last night.

J. D. MARQUES of the Bank of Hawaii left for the mainland in the Lurline yesterday. He expects to be absent from the territory a month, during which time he will visit the exposition at San Francisco.

LITTLE INTERVIEWS

—RAYMOND C. BROWN (secretary Chamber of Commerce): The chamber may take up the Pacific Mail service suspension matter at its meeting next Wednesday. If we can do anything to keep the Pacific Mail boats on the run to Honolulu, you bet we will do it.

First Lieut. C. A. Meals leaves this afternoon on the Logan to attend the Army Signal School at Fort Leavenworth. Lieut. Meals has been on Oahu since the 25th infantry came here for station early in 1913. It is unlikely that he will be ordered back here after his year at the signal school. Lieut. Meals has been one of the most enthusiastic golfers at Lilehua, and it is largely due to his efforts that the present 18-hole course there was built and improved.

"Chauncey Depew says the world is losing its sense of humor." "I expect he's right." "You think so?" "He seems to have proof. The world no longer laughs at his jokes, and they are the same jokes with which he won many a laugh 50 years ago."—Houston Post.

week made permanent. The club will hold meetings every two weeks.

LETTERS

(The Star-Bulletin invites free and frank discussion in this column on all legitimate subjects of current interest. Communications are constantly received to which no signature is attached. This paper will treat as confidential signatures to letters if the writers so desire, but cannot give space for anonymous communications.)

ENTERPRISING NEWS-MAKING.

Honolulu, T. H., Aug. 4, 1915. Editor Honolulu Star-Bulletin. Sir: My attention was called to an item of news in this morning's Advertiser stating that Mr. M. A. Silva, formerly of Honolulu, was returning from the coast to take charge of the Portuguese weekly, O Luso, as its editor. Being the present editor of the above paper and owning a controlling interest in the same, which has not been sold, I am entirely ignorant of the above fact and cannot understand why the morning sheet should publish the above without any foundation or truth in it, unless the lack of a filler led some one of its enterprising reporters to turn in this made-to-order piece of news. Thanking you for the valuable space,

M. C. SANTOS,
Editor, O Luso.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumor; growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. Resch, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

DON'T waste your time in buying hosiery that lasts only two weeks at best. Don't darn them and darn them, spin and spin. Holeproof Hosiery ends all that. Six pairs are guaranteed to wear six months without holes. Every stitch is protected, not just the heels and toes. If a single pair wears out, tears, rips, or "runs" you get a new pair free.

SOCIETY

Jones' Dance at Country Club.
The calico ball given by Mrs. Bell Jones for her three daughters, Helen, Margaret and Catherine, took place at the Oahu Country Club on Monday evening. Both the girls and boys were dressed in calico costumes and it is said that the girls looked more charming than at any of the dances where satin and taffeta were worn. Hoops marked the important feature in many of the ladies' gowns, and surely some of the dainty misses presented an 1860 picture with their corkscrew curls and tresses.

The Country Club was prettily decorated for the occasion with palms and ferns and cut flowers. The party danced to excellent music furnished by Dude Miller's quintette.

Daughter of Great Artist Weds.

That romance lingers in the bridal path has been shown countless times. A rather curious turn to the usual ways of Dan Cupid was made public recently in the announcement of the marriage of Miss Marie Theresa Schumann-Heink to Joseph Hubert Guy at San Diego. Some time ago Miss Schumann-Heink rescued Mr. Guy from what might have been a disastrous runaway. His mount threw him and in doing so his foot caught in the stirrup, dragging him, when the young woman pluckily caught the frightened horse and probably saved Mr. Guy's life. This is the second marriage in the Schumann-Heink household this year, the singer's son, R. C. Ferdinand Schumann-Heink, and Miss Margaret McCann of New York being married last month. Five of the artist's children have married within the past four years.—San Francisco Examiner.

Of Interest to the Service Set.

Lieut. Kirkwood Donavin, United States Navy, will visit San Francisco in the near future, as he is coming through the Panama canal with the midshipmen from Annapolis. He is attached to the Missouri. Lieut. Donavin has a host of friends in this city. He was stationed for some time at Mare Island, and married a San Francisco girl, Miss Dorothy Draper. Lieut. and Mrs. Draper have been stationed at Annapolis for the past year.—San Francisco Chronicle.

Born.
Capt. and Mrs. Frederick Kellond are receiving congratulations from their many friends on the arrival of a little daughter in their home at Columbus Barracks, Ohio. The little girl will be named Jane Lapham. Mrs. Kellond visited in San Francisco last summer, when she was here several weeks with her parents, Mr. and Mrs. E. A. Seifridge at their home on California street.—San Francisco Chronicle.

Miss Harriet Hatch, Miss Elizabeth Carter, Miss Phoebe Carter, Miss Peggy Carter, Miss Mary von Holt, Miss Hilda von Holt, Miss Betty Case, Miss Nora Swamy, Miss Rosamond Swanzey, Jack Galt, L. Young Corretthers, F. P. Withington, Lieut. Eugene Fales, Clarence Dyer, Ellsworth Bunker, Hermann von Holt, Ronald von Holt, Bert Clarke, Bradley Clarke, Walter Spalding, and others departed in the steamer Kinau for Kaula. The party made up two house parties, one to go to the Robinson place and the other to the

Sure Way to Kill Rats

Worst and Most Expensive Household Nuisance.
Millions of dollars of property are destroyed, yearly by rats simply because people do not appreciate the destructive power of rats and do not know how easy it is to kill them. Simply get a two-ounce box of Stearns Electric Paste from your druggist for 25 cents and use it at right in accordance with the simple directions, and in the morning there should not be a rat in the house. Nothing else is as effective as Stearns Electric Paste in exterminating rats, mice, cockroaches and other vermin. The government uses it in its fight against rats. Directions in 15 languages in every package.—Ad.

Eric Knudsen home. They will return on August 14.

Mr. and Mrs. H. L. Wagner and her granddaughter of Texas, who for the past few weeks have been residing at the Moana Hotel, are planning to return to the mainland in the Wilhelmina, leaving one week from today.

Dr. and Mrs. George H. Huddy are expecting to arrive here from Hilo in the Wilhelmina en route to the mainland.

Mrs. Edward Dekum was a returning passenger in the Wilhelmina yesterday. Mrs. Dekum was gone from the islands for some months, visiting friends and relatives throughout the states of California and Oregon.

Dr. and Mrs. A. G. Hodgins and their child returned from the mainland in the Wilhelmina yesterday. The Hodgins have spent about two months on the coast.

Other interesting visitors to this city are Col. and Mrs. J. C. Parke and Miss Pauline Parke, who will be in California during the remainder of the summer. Col. Parke was military attaché at Brussels when the war began. He and his family returned to America several months ago.—San Francisco Chronicle.

Gen. Arthur Murray and Lieut. Conger Pratt left Wednesday for Yellowstone Park on a tour of inspection of the army posts in that section. They will be away about a month.—San Francisco Chronicle.

Mr. and Mrs. W. C. Furer returned in the Wilhelmina yesterday, after an extended visit on the mainland. Mrs. Furer and child have been visiting in Nashville, Tennessee, since December.

Mrs. W. S. Wilcox was a returning passenger in the Wilhelmina yesterday.

Lieutenant and Mrs. J. O. Daly arrived in the Wilhelmina yesterday.

WASHINGTON SOCIETY

(Special Star-Bulletin Correspondence)
WASHINGTON, D. C., July 22.—An interesting event will take place when Miss Vittoria Maria Tittoni, daughter of Signor Carlo and Signora Tittoni (Countess Angelina Alberti) of Rome, Italy, and Ensign John Laurance Riheldaffer, U. S. N., will be married at the home of the bride's brother and sister-in-law, Lieut. Renato Tittoni, U. S. M. C., and Mrs. Tittoni, 1824 S street northwest. Rev. Father J. H. O'Rourke, S. J., of New York, will perform the ceremony, which will be witnessed by Mrs. Laura Riheldaffer of Wheeling, W. Va.; Lieut. and Mrs. Tittoni and Miss McNeal of Baltimore, the immediate family, owing to the recent bereavement in the family of the bridegroom.
The bride, who will be given away by her brother, will wear a white lingerie gown and carry a bouquet of lilies of the valley. There will be no attendants.
Ensign Riheldaffer is the son of the late J. C. Riheldaffer and Mrs. Laura H. Riheldaffer of Wheeling, W. Va. He is a graduate of the United States

TEACHERS FROM BOSTON CLIMB UP HALEAKALA

Professor Barton, Former Surveyor, Remembers Bridle Paths on Valley Island

(Special Star-Bulletin Correspondence)
WAILUKU, Maui, August 2.—Professor George H. Barton, director of the Teachers' School of Science of the Boston Society of Natural History, arrived on Maui Saturday evening last. Landing at Lahaina he spent the night at the Pioneer hotel and went about Lahaina Sunday morning, arriving in time for lunch at Wailuku. There are nine teachers in the party besides Mrs. Barton and the professor's daughter, Miss Barton. The other members of the party are the Misses E. M. Esterbrook, Mabel W. Hall, M. S. Scott, Mary de Lee, Elizabeth Pease, Mr. and Mrs. A. E. Goddard and Mr. and Mrs. H. D. H. Williams.

This morning early they visited Iao Valley and about noon under the arrangement made by Manager W. H. Field the party began the trip to Haleakala. They return by noon tomorrow, and are planning to take in the Wahee grass village, and the trip to the mouth of the valley, returning from Wahee in time for dinner. Wednesday morning a part of the company will tramp up Waikapu valley. They will leave on the Wednesday afternoon boat from MacGregor's for Hilo, where they spend several days on Hawaii.

Professor Barton, who was a member of the Hawaiian government survey in 1881 and 1882, remembered the islands very well. He has made one trip here since that time. Wailuku in those days was a small place, and he says he remembers vividly all the little bridge paths about the island. He was greatly pleased with the splendid roads and the fine buildings. Several of the people of Maui he remembered very well and asked about a number of others whom he used to know in earlier days. His work in the islands in the eighties was under Prof. W. D. Alexander.

Admiral Frank F. Fletcher will give a dance on the flagship Wyoming at Newport in honor of Miss Katherine G. Knight, daughter of Rear Admiral Austin M. Knight.

Mr. and Mrs. Victor Murdock have announced the engagement of their daughter Marcia, and Lieut. Harvey Delano, U. S. N. The wedding will take place August 28 in Wichita, Kan.

FINE DISPLAY OF UNUSUAL GOWNS

Afternoon and evening dresses of the unusual kind are being displayed at the Jeffs Fashion Co., Inc., rooms 302-303-318 Hawaiian Trust Bldg.—Adv.

SOME NEW PARASOLS ARE PAINTED BY HAND.

Some new parasols are painted by hand into delicate pastel effects on silk or gauze. One such model, of white chiffon has alternate panels of striped and plain chiffon, pale blue iris being touched in with hand colors in the plain fabric; and little knots of blue and black velvet ribbon trimming the edge of the panels. Another dainty model of cream lace has inserts of cream mousseline, on which are painted purple orchids and tea roses. This unusual parasol will accompany a trousseau frock of cream embroidered net, a leghorn hat trimmed with tea roses and black velvet ribbon, and silk slippers worn with natural silk stockings—to carry out the creamy ceru tone of the costume.

SHIPPING & WATERFRONT NEWS

KANSAS CITY HAS BEEN FOR SALE SINCE MAY

The fact that the Union Iron Works is offering the steamer Kansas City for sale does not indicate that there is no possibility of her entering the Honolulu-San Francisco service for the Oceanic Steamship Company, according to the opinion expressed along the waterfront today, but on the contrary it is said that the very fact that the ship is offered for sale strengthens the rumor that she will enter the island trade.

"Why this sudden surmise about the Kansas City rumors being shot to pieces by the appearance of an advertisement in the San Francisco Guide offering her for sale?" a waterfront man remarked today. "It was at the time the Kansas City was first offered for sale that the rumor started. Probably the fact that she was offered had something to do with the starting of the rumor."

It was last May that the advertisement mentioned was first inserted in the Guide, and it has appeared in each issue of that publication since.

LOOK ASKANCE AT ASSIGNMENT OF THETIS

No word has been received by the newly organized Hawaii naval militia commission from Washington with regard to having a training ship assigned to the islands' proposed naval reserves. Efforts are being made to get the submarine tender Alert, it being rumored that the Rainbow, which is a much larger and more modern ship, is to replace the Alert as tender for the Honolulu sea ways.

On the waterfront, however, it is believed that if a local ship is to be assigned the naval militia is more likely to get the coast guard cutter Thetis, but the militia heads look upon such a gift as a "rude" hoax. The Thetis is said to be good for five miles an hour with full steam and all sails set with the wind.

The Thetis is to go to Pearl Harbor in a few days for extensive repairs to her engines. Such repairs are not being made with an idea of preparing her for any lengthy sea voyage. It is said, as it is improbable that the ship will make another voyage before she goes to the junk pile. A tug will take her to Pearl Harbor.

PASSENGERS EXPECTED

The following passengers were booked to sail by the S. S. Manoa, which left San Francisco on August 3.—Maxwell O. Johnson, Mrs. Maxwell O. Johnson, Miss Mae Anderigg, Miss Ovelia Nash, Miss E. Gronendyke, Mr. Wakley, J. Vincent, P. B. Danky, E. R. Methuen, L. Conrad, Duke Kahana-moku, Jess Duto, George Wells, G. B. Scott, W. W. Chamberlain, Miss K. Pederson, Mrs. H. S. Witte and infant, W. H. Smith, Mr. Niblock, Mrs. Niblock, Samuel L. Moore, Mrs. Samuel L. Moore, W. C. McGonagle, R. A. Gould, Dr. Homer Smith, John Ingram, G. S. McKenzie, George Cornes, C. A. McWayne, Harry Holt, R. F. Dempsey, Oscar Schmidt, J. Atherton Richards, Chris Lewis, Mrs. Chris Lewis, H. N. Castle, Mrs. H. N. Castle, Mrs. D. C. Lefferts, D. C. Lefferts, Miss L. Wagner, Miss E. White, Miss B. White, Miss Edna Laschum, Miss Edna Ache, Mr. J. E. Schermerhorn, H. S. Williams, Master W. B. Waterhouse, Master J. Waterhouse, Miss E. Waterhouse, Master J. Waterhouse, Miss P. Waterhouse, Miss E. Duto, Mrs. John Waterhouse, H. E. Pitchford, Mrs. H. E. Pitchford, S. S. Paxson, Mrs. S. S. Paxson, W. Schultze, Mrs. C. N. Patterson, Miss A. A. Patterson, Mrs. F. H. Bensen, Miss O. K. Franca, A. H. Bensen, Mrs. S. I. Shaw, A. L. Willis, W. T. Rawlings, Mrs. W. Schultze.

INCOME TAXES BRING IN SMALLER TOTAL THAN IN JULY 1914

Honoluluans last month paid into the coffers of the territory \$2616 more in taxes than they did during July, 1914, according to the July report of the territorial tax office.

Two slumps were noted last month, one in the amount of dog taxes and the other in income taxes. In July, 1914, the dog tax amounted to \$108.91. Last month it totaled \$79.60, a decrease of \$27.31. Income taxes last month amounted to \$398.55, while in July of last year they amounted to \$668.16, a decrease of \$269.61.

Road taxes collected last month amounted to \$5391.57; real and personal taxes, \$4937.05; poll tax, \$566.82 and school tax, \$1722.26, all of which are material increases over taxes collected in July of last year.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh yourself again. It isn't a question of how you look or feel or what your friends say and think. The scale and tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

TO OMIT CALL AT SEATTLE

The American-Hawaiian freighter Georgian, which went ashore Monday on Dixbury reef, just north of Golden Gate, during a dense fog, will reach Honolulu on schedule, though she has been towed back to San Francisco for repairs.

The extent of the damage to the big sugar carrier has not been cabled to Honolulu, but advices to the Sugar Factors are that the Georgian will leave San Francisco on August 15 and come direct to Honolulu, omitting her scheduled trip to Puget Sound ports and in that manner keeping to her schedule, so far as Honolulu is concerned.

HARBOR NOTES

The American steamer Yucatan started loading pines for Libby, McNeill & Libby today at the railroad wharf. She will take 100,000 cases to the mainland and probably will finish loading Sunday night.

The Pacific Mail steamer Manchuria will be off port at noon Friday from San Francisco with 49 cabin passengers, 16 second-class and one steerage passenger for Honolulu. Her total cabin passenger list is 237 and 30 are in the second cabin. She has 232 Asiatics in the steerage. She brings 50 tons of cargo for Honolulu and will take 1100 tons of bunker coal here before proceeding to the Orient.

The American-Hawaiian steamer Panaman is due off port at 4 o'clock this afternoon with 1170 tons of New York cargo for Honolulu and 1200 tons of general cargo from Sound ports. She also brings 100,000 feet of lumber from Puget Sound.

Joseph E. Sheedy, superintendent of the Inter-Island, said on his return from the Big Island that it is probable that the U. S. S. Princeton, now at Tutuila, American Samoa, will call here on her way from that port to Mare Island, for bunker coal. No arrangements have been made to give the Princeton coal at the Big Island port.

Mail for the coast in the United States army transport Logan closes at 4:30 this afternoon. After that hour mail will be received at the gangplank of the steamer, Pier 6, up to sailing time at 6 o'clock this evening.

The Lurline, which departed for the coast Tuesday afternoon, was not given any mail. The entire shipment of mail went in the Nippon Maru this morning, as the T. K. K. steamer probably will arrive at San Francisco sooner than the Lurline, despite her later departure.

No Answer About Ventura.
No answer has been received as yet by the local agents of the Oceanic Steamship Company, C. Brewer & Company, 15 the cablegram sent by the latter concern to the head office of the steamship company asking permission to sell second class tickets to San Francisco on the steamer Ventura August 12. The Ventura will take 90 first cabin passengers from here, leaving an overflow of 60 people, many of whom are willing to travel second class.

The schooner Louise, here with lumber from Hoquiam, is expected to finish discharging today and probably will sail tomorrow for north coast ports.

BY AUTHORITY.

IN THE OFFICE OF THE TREASURER OF THE TERRITORY OF HAWAII.
NOTICE OF DISSOLUTION OF PARTNERSHIP.
Notice is hereby given that the law partnership firm of Holmes, Stanley & Olson has been dissolved.
Dated, Honolulu, T. H., August 3, 1915.

HENRY HOLMES,
W. L. STANLEY,
CLARENCE H. OLSON.
6233-Aug. 4, 5.

STATEMENT OF CO-PARTNERSHIP OF HOLMES & OLSON.

To the Treasurer of the Territory of Hawaii, Honolulu, T. H.:
Henry Holmes and Clarence H. Olson, both of the City and County of Honolulu, Territory of Hawaii, hereby certify that they have entered into and formed a general partnership, and herewith make the following statement:

1. That their names and residences are:

Henry Holmes, Ahio lane, Liliha street, City and County of Honolulu, Territory of Hawaii.
Clarence H. Olson, Oahu avenue, College Hills, City and County of Honolulu, Territory of Hawaii.

2. That the nature of the business of said co-partnership is the general practice of law in the Territory of Hawaii.

3. That the firm name of said co-partnership is "Holmes & Olson."

4. That the place of business of said co-partnership is at 883 Kaahumanu street, Honolulu, City and County of Honolulu, Territory of Hawaii.

Witness our hands this 3d day of August, 1915.

HENRY HOLMES,
CLARENCE H. OLSON.

Territory of Hawaii,
City and County of Honolulu, ss.
On this 3d day of August, 1915, appeared before me Henry Holmes and Clarence H. Olson, personally known to me to be the persons described in and who executed the foregoing instrument and acknowledged that they executed the same as their free act and deed.

SIGNAL CORPS ON OAHU HAS NO OFFICERS LEFT

General Exodus Includes Capt. G. S. Gibbs, Department Signal Officer

The Hawaiian Department will be without a single officer of the signal corps for some weeks, owing to changes of station and leaves of absence affecting all the officers of the corps here.

Capt. George S. Gibbs, who for three years has been both commanding officer of Field Company E, Signal Corps, and department signal officer, leaves this afternoon on the transport Logan, to take station at Washington, D. C. His relief as department signal officer, Maj. Edgar Russell, is not due here until the September term. In the interim, Lieut.-col. Archibald Campbell, department adjutant, has charge of the signal office.

The new C. O. of Field Company E, Capt. Joseph B. Douglas, will not arrive until the next transport from the coast and as Lieut. R. E. Love, on duty with the company, goes on leave today, Lieut. J. A. McAndrew, 2d Infantry, a recent graduate of the Army Signal School, assumes command of the outfit. First Lieut. F. F. Black, commanding the telegraph and telephone detachment of Company M, S. C., stationed at Shafter, is also on leave at the present time, so Lieut. McAndrew takes over this command in addition to the field company.

Capt. Gibbs leaves many warm friends in the Hawaiian Department. He and Mrs. Gibbs and their children have occupied quarters at Fort Shafter where they have been generally popular. Capt. Gibbs and his company probably know Oahu better than any single outfit stationed on the island. While other organizations have specialized more or less in sections of the island, the Field Company has climbed every range and camped at every bay. They have made wireless tests and laid land lines and made themselves generally familiar with the terrain.

Maj. Warren T. Hannum and Mrs. Hannum leave Oahu on the transport this afternoon. Maj. Hannum is ordered to Fort Leavenworth for station. He came here in command of Company I, 3d Battalion of Engineers, which organization he commanded until he received his promotion a couple of months ago.

Capt. Herman Hall of the cavalry is a returning passenger in the Logan. Capt. Hall is being joined here by Mrs. Hall, who has been spending several months in Honolulu with her father, Gen. John I. Rogers, retired.

Lieut.-col. Merritte W. Ireland, one of the best known officers of the medical corps, is a passenger in the Logan, en route to San Francisco for station. He has been serving at Manila.

Two well-known coast artillery officers are leaving Oahu today, their tours of duty here having been completed. They are 2d Lieut. H. F. Nichols and 2d Lieut. G. F. Humbert, both of whom are accompanied by their wives.

Capt. Walter H. Johnson, 2d Infantry, is another old-time Oahuian who leaves the department today, accompanied by Mrs. Johnson and their two children. Capt. Johnson goes on three months' leave, but as his tour here is up, there is no chance of his returning. He came to Oahu in 1911 as inspector-instructor of the National Guard of Hawaii. Later he went on duty at department headquarters as officer in charge of militia affairs, after which he was assigned to the 2d Infantry. He has been in command of C Company continuously.

ELEVATOR CABLE PARTS DURING REGULAR TEST

Tenants of the Bank of Hawaii building took considerable compulsory exercise today, walking up and down stairs, because the elevator went out of commission at 3:30 o'clock this morning when the weight cable broke while it was being given its regular strength test.

The inspector had just pulled the safety trigger, as is usual during the test. The additional ton or more of weight added to the cable pulley proved too much for the strand of steel and it parted. The cable weight dropped about 30 feet making a loud crash when it hit the bottom of the shaft.

No passengers were in the cage at the time, the only occupant being Jimmy Wong, the assistant elevator boy. The cage stopped two and a half feet above the second floor, making it necessary for Wong to crawl out as best he could after opening the elevator door shaft.

'GO LIGHTLY' HAS QUEER ALPHABET FOR SOUTH SEAS

Famous Evangelist Sends Letter to "Sunny Jim" With Aloha to Ad Club

G. L. Morrill, the famous evangelist, pastor of the People's church at Minneapolis, who was in Honolulu for a time in February on his way for a tour of the South Seas and Australasia, has sent the following letter to "Sunny Jim" (J. S.) McCandless:

"My dear Sunny Jim:
"Home again from the South Seas, and with most pleasant remembrances of all you did for me and mine in Honolulu. I send you my two last written books of travel, "Go Lightly Around the Globe," and "To Hell and Back." My new book, "South Sea Silhouettes," is well under way. Remember me to the Ad Club bunch! I love them and their beautiful city and islands.
"Yours sincerely,
"G. L. MORRILL."

Enclosed with the letter were a number of clippings, not the least interesting of which is the following "South Sea Alphabet," as compiled by Mr. Morrill:

"Atolls, Beach-combers, Copra (dried coconut), Dances, Egotism, Fruits, Gambling, Hurricanes, Idleness, Jealousy, Kava (native drink), Licentiousness, Missionaries, Natives, Outrigger canoes, Pearls, Quiet, Racing, Songs, Tapa-cloth (made from mulberry tree), Union Steamship line, Volcanoes, Wrecks, Exploitation of natives, Yaws (tropical skin disease), Zoology."

The Minneapolis News prints a long interview from "Go Lightly" Morrill, from which the following excerpts have been taken:
Sees "Laziest People."

"One does not have to go west of the Hawaiian islands to find all that is brightest and best in the Pacific ocean. Many of the other islands are extremely interesting in several ways, but none more modern. One can see the simple life in its strictest sense at Tonga of the Friendly Islands group. The people are the laziest I have ever seen. They only dance, drink and dream. The only thing that works is the coral insect. I had the pleasure of visiting the only king left in the South Seas, George II of Nukalofa. He is a dead beat.

"We were in New Zealand Easter week and here is a strange inconsistency on the moral question. They will not permit street cars or theaters to run on Sunday as being immoral, but they not only permit gambling, but the government participates in it.

"Australia is a big, barren country. Most of the five million inhabitants live in Sydney and Melbourne. Sydney has a beautiful harbor, but if God made the harbor the devil surely made the city.

"At Rarotonga I called on the governor of the island at 2 a. m. It was the most informal visit I ever made to royalty. The governor received us in his pajamas and introduced his wife, who appeared in her nightgown."

SUGAR INDUSTRY IN PHILIPPINES IS DEVELOPING

(J. F. Boomer, correspondent, Manila, June 7.)

Petitions to the Government Sugar Central Board for funds up to \$3,500,000 have been received to date. The total funds at the disposal of the board are \$1,000,000. The disposition of the board seems to be to put the available funds into a number of small ones, in the belief that thereby the greatest good can be done to the industry.

A corporation composed of Spaniards and Filipinos, with \$200,000 authorized capital stock, with \$40,000 subscribed, has been organized in Iloilo to establish a sugar central with the aid of the government.

A new sugar central company has been incorporated at Hinigaran, Occidental Negros, with \$500,000 capitalization, of which \$110,000 has been subscribed. All the incorporators, except one American, are Filipinos.

A movement is on foot among the sugar men to obtain legislation governing the packing and shipping of sugar similar to those which have recently been established for hemp. The desire is to secure government guarantee as to the quality of sugar packed under a given label. It is probable that legislation looking to this end will be introduced in the legislature during the next session.

(Manila Daily Bulletin, June 15.)
New Central Will Be Largest in the Islands.

The erection of a sugar central far larger than any at present operated in the Philippine Islands has just been assured by the signing of a contract between members of the well-known Yulo family of Occidental Negros and allied interests and a syndicate of Honolulu sugar capitalists, who have agreed to advance the parties first mentioned \$250,000 gold to be used in development work.

The contract just signed calls for the erection of a 2,000-ton capacity central at Binalagan, Occidental Negros, the cost of which will be approximately \$1,250,000. The plan-

THROW AWAY YOUR EYE-GLASSES

A FREE PRESCRIPTION
You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used to say: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona. Fill a two-ounce bottle with warm water, drop in one Optona tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time—advertisement.

RAISING LIMIT ON FRENCH DEFENSE BONDS

PARIS, France.—The ministers of finance, M. Ribot, introduced in the chamber of deputies a bill raising the limit of issue of national defense bonds from 6,000,000,000 francs (\$1,200,000,000) as fixed in the law of May 18, to \$7,000,000,000 francs. Subscriptions already have exceeded the previous limit by 150,000,000 francs.

The French public in 11 months has taken 8,400,000,000 francs of national bonds.

Control about 15,000 acres planted in cane and are confident of their ability to furnish sufficient cane to keep the mill working at full capacity during the ordinary milling season.

It is understood that the Honolulu Iron Works will install the machinery necessary to fully equip the proposed plant, and work on the project will be begun in the near future.

LIGHT DIMMING ORDINANCE MAY PASS THIS TIME

Larsen's New Measure Meets But Little Objection When Given First Reading

Supervisor Larsen's new "dimming" ordinance passed its first reading last night with a smoothness and alacrity that was good to see after the numerous delays that had perplexed the supervisor in his effort to pass his former measure.

For one brief moment it seemed as if the new ordinance were going to meet with rough going, for Supervisor Horner arose, objecting to the word "reasonable" in a clause that provided for lights of reasonable brightness. Stillness settled down over the meeting and Mr. Larsen groaned audibly as he rose to explain.

"The word 'reasonable,'" he said, "is a part of the wording of the regular ordinance. It has served this long, and I see no reason why it should not continue to serve. Furthermore that has nothing to do with my resolution."

This explanation, together with a statement by Supervisor Arnold that he thought the new ordinance a good one, quieted the chairman of the police committee.

As a matter of formal procedure, the famous "dimming" ordinance which had been the pride of Mr. Larsen's heart in other days, was tabled, and a vote was taken which passed the new ordinance on its first reading. The only difference between the old one and the new is that the new law provides that lights may be dimmed by the use of frosted globes as well as by ground glass. In the early days of the dimming question, Supervisor Larsen was a stickler for the first method only.

MEMO'S OF MEETING OF CITY SUPERVISORS

The meeting of the supervisors, called for 7:30, began last night at 8:05. The next meeting of the board is called for Thursday evening, August 12.

The Honolulu Draying Company is the only party making bids for furnishing and delivering crushed rock. Their price within the main limits of the city is 70 cents a cubic yard.

Claims amounting to \$87.15 were made last night in a letter from A. Louis of the Metropolitan Meat Market. They were for damages resulting to a horse and wagon of the fire department wagons. The communication was referred to the police committee.

Supervisor Arnold's city planning ordinance was deferred last night from second reading to be taken up as a special subject of discussion at the next meeting of the board.

An appropriation of \$1000 was made for the Waimanalo fill and for bridge improvement and maintenance. Supervisor Arnold stated that the cost of the fill had been reduced to this price through an offer from plantation managers of the use of their equipment.

An annual fair will be held by the women of the Epiphany Mission, Kaimuki, on October 23. Although the place has not been definitely decided upon, it will be somewhere in the Kaimuki district.

The bids on new school buildings, which were closed yesterday, have been turned over to the ways and means committee, with power to act.

Sheriff Rose has asked the board for two new automobiles for himself and deputy. The sheriff states that the two now in use are about done for.

Lum Mon Hing and Lum Foo Chin, Chinese who had property taken and damaged near the Kajihi pot factory when the construction of a street was in progress by the city, have instructed the supervisors through their attorney, W. J. Robinson, that unless an offer to turn over the said property to the city for \$650 is accepted within 15 days, a suit for damages will be instituted.

In reply to a communication from the board, following the receipt of a letter from the Anti-Saloon league, which asks that licenses be not issued to drivers of automobiles who use intoxicating liquors, Sheriff Rose denies the fact that "many serious accidents involving the life and limb of our fellow citizens occur," as stated in the letter from the league. Mr. Rose replies that very few automobile accidents occur as a result of chauffeurs being under the influence of liquor.

Husband—Is this butter perfectly fresh? Wife—The dealer told me it was just from the crematory.—Birmingham Age-Herald.

TO POST 'SAFETY FIRST' RULES IN MANY LANGUAGES

By a decision of the Public Utilities Commission yesterday, in an effort to prevent some of the accidents that occur to seamen of the inter-island company, a set of rules on "Safety First" will be made out in different languages and placed upon vessels of the company.

C. R. Forbes, chairman of the commission, stated that he felt everything possible that could be done in preventing accidents should be tended to, and that he believed the public utilities corporations were of the same belief in the matter.

The members of the industrial accident board, who were present by invitation, stated that they should be glad to work together with the commission on all lines where work was found to be similar.

The commission voted to recommend that Henry P. O'Sullivan be granted six weeks' leave of absence on full pay, in order to attend the national shoot at Jacksonville, Florida, as a member of the National Guard of Hawaii rifle team. Mr. O'Sullivan was instructed to write a letter to the governor stating the situation and asking leave of absence on pay.

ASK OWNERS TO BUILD SIDEWALKS AT OWN EXPENSE

A resolution introduced last night by Supervisor Robert Shingle of the roads committee, provides that work be at once begun in the laying of sidewalks of full width on the four sides of Central Grammar School square.

The resolution, while finding no difficulty in passing the board, served as the starting point for a general discussion concerning sidewalk lines, and the laying of them within the fire limits. Mr. Shingle stated that he believed it possible to go ahead at once with a request to citizens within the fire limit district to lay their sidewalks. He said that he believed at least 90 per cent of such citizens would respond willingly.

Those who do not thus respond could be compelled to do so as soon as sidewalks were laid, but it was Mr. Shingle's idea that the work could be expedited by issuing such a request at once.

"The public press has advocated in editorials," said Mr. Shingle, "that we begin at the central parts of the town and work out, rather than begin work in some outlying district, and I believe the press is perfectly right in the matter. If we wait to establish grades in the fire limit district, the matter must needs suffer months and months of delay."

Mr. Shingle said that a resolution covering the request would be presented at the next meeting of the board. A general discussion by the other supervisors evinced the fact that they were willing for him to go ahead with it.

PORTUGUESE OF HILO WILL TRY SUGAR MILLING

Hilo district is to have an independent sugar mill. Capital sufficient to establish a company, which is to be known as the Kaimuki Milling Company, has already been paid in, and the promoters expect to begin operations in March, 1916. The 150 stockholders are all Portuguese.

More than 500 acres of cane are now being cultivated by Hilo ranchers for the first crop. The factory is to be located on the old Correa property in Kaimuki, several miles from the town. The corporation will not cultivate any cane of its own at the present time.

The mill will be able to produce 12 tons of sugar daily and will cost, with complete equipment, \$50,000. The Honolulu Iron Works is to be the builder.

Temporary officers of the company are: Peter Silva, president; Manuel Pereira, Jr., vice-president; Ezekiel Vieira, secretary; Michael de F. Spinola, treasurer, and Antonio M. Cabrinha, auditor. With these officers, the following will compose the board of directors: Joseph da Rocha, John Pereira, Jose Francisco Ferreira, M. T. Ferreira, J. S. Coelho, Mariano Deniz and Mariano Cabral. Among the stockholders is Consul-general Senor Aguelo da Cunha Pessoa.

ADOPT CHEAPER PLAN OF PAVING FOR LUSITANIA

In consideration of the fact that the territory is assuming the larger part of the cost of improvements on Lusitania street and following a request from Charles R. Forbes of the public works department that a change in specifications for the street be made, the board of supervisors voted last night to rescind the old Lusitania improvement ordinance.

Following the vote, a new resolution, in accordance with plans of the public works department, was introduced, and passed. Under it the territory assumes 57 per cent of the cost and the remaining cost is divided about equally between property owners and the city and county. Of the cost of actual work the city and county is supposed to pay but 10 per cent but with the purchase of land to widen the street, this expenditure will be increased.

The main change in the specifications is from Warrenite to bitulithic, it being maintained that the latter paving will serve the same purpose as the former at considerably less cost to the citizens of Lusitania street, most of whom are of limited means.

CALL MADE FOR ARMY RESERVES TO HELP ITALY

In the call issued from the Italian consulate for reserves, the first, second and third categories of the following classes are asked to report to the consulate:

All officers and non-commissioned officers on leave of absence.

All soldiers on unlimited leave of absence of all classes and categories belonging to the corps of the R. Carabinieri and Custom House Guards.

All of the first and second category of every corps and speciality of the classes of 1888 up to 1895 included.

All of the first and second category of the classes 1886 and 1887 belonging to the Corps of Bersaglieri, artillery, "genio," "treno" or having done sanitary, supply or automobile service.

All of the first and second category of the "militia mobile" of the classes 1883-4-5 belonging to the artillery (mountain) ("artiglieria da montagna"), "treno" sanitary and supply corps.

All of the first and second category of the classes 1882 and 1883 belonging to the alpine corps.

All of the first and second category of the class of 1885 belonging to the corps of campaign artillery ("artiglieria da campagna").

All of the first and second category of the "territorial army" of the classes of 1876 up to 1881, belonging to the automobile, engineering, sanitary and supply corps.

All of the first and second category of the classes of 1877 up to 1881 belonging to the infantry.

All of the first and second category of the classes of 1878 up to 1881, belonging to the corps of alpine and fortress artillery.

All of the third category who have already been instructed in the service, because they originally came from other categories, and who belong to the classes of 1876 up to 1895.

All of the third category who have not been instructed and who were born in the years of 1888 up to 1895. Navy reserves are also called for.

FREIGHT ZONE MERELY WIDENED BY CARRIERS

The cut in 20 per cent on freight rates from San Francisco to points in the Middle West on refined sugar, announced about two months ago by the Southern Pacific, instead of being a new cut in charges, merely marked an extension of the area to which the cut ordered last August by the Interstate Commerce Commission will reach. The order last August included the territory between San Francisco and Chicago, and became effective in February. The new order of the Southern Pacific merely extends the zone to include Minneapolis as well as Chicago.

A package of autographed photos was received by Stewart F. Hancock from Colonel Roosevelt for distribution among the "twelve good men" who decided that the Colonel had not libelled William Barnes.

DETENTION PLAN GIVEN HEARING BY SUPERVISORS

Ways and Means Committee Recommends \$2900 Appropriation for Alterations

What promises to be some sort of solution to the question of a detention home for the city and county comes in a letter read before the supervisors at last night's meeting, following an investigation of the need of an emergency receiving ward at the police station instead of at the hospital as is now the case. A recommendation both an emergency station and a place of detention.

The letter and recommendation which was signed by the committee on ways and means, and which met with a favorable reception from the board, is as follows:

Your committee on ways and means, in conjunction with the health and police committees, the city and county physician and the hospital emergency physician, the sheriff, and the building inspector, has investigated the matter of providing an emergency receiving station and a place of detention for juvenile delinquents, the latter to serve also as an inquest room when so required.

Your committee finds that such additions to the present accommodations can be made in the rear of the police receiving room. The building inspector has prepared a preliminary sketch, and estimates the cost at \$2900.

Your committee therefore recommends that the appropriation of \$2900 be made out of the permanent improvement fund for the purpose above stated.
