

## DIRECT LINE TO PORTLAND WOULD BE MONEY MAKER

That's the View of Ben Selling, Backer of Alaska Steamship Line, Who Will Take Matter Up With His Chamber of Commerce at an Early Date

## CAPITALIST SEES MANY WAYS TO MAKE DEAL PAY

Lumber, Northern Fruits and Canned Salmon as Outbound Cargoes, is Suggestion—No Lack of Passenger Business to the Islands, it is Said

Forty years ago Allen & Lewis, then an infant wholesale establishment of Portland, Ore., made what the sagebrush philosophers called "a reckless venture." They sent the schooner Jane Falkenberg to Honolulu loaded with canned goods and salmon and other products of the Oregon country, and the good old ship returned with bags of gold in her antique iron box, and a full cargo of island sugar in her hold. And the Jane Falkenberg made many more such trips, as kamaunas can testify, until she went where all ships go sooner or later—to Davy's locker.

Today Allen & Lewis and other large wholesalers and shippers of Portland send their wares to Honolulu by a different method. Instead of sending a schooner direct from the Columbia river to Honolulu, the ships are made of steel and they travel by steam power. They come up the Pacific coast from Panama and they load the cargoes at Panama and then they go to Puget Sound and from there they change their course for Honolulu and the returning gold bags finally find their way to Portland via San Francisco.

"Now what is the sense of we Portlanders shipping our goods to Honolulu in New York or other eastern-owned ships, in ships that travel in roundabout triangular courses, when we can ship in our own steamers direct to Honolulu from the Columbia river?" said Ben Selling, pioneer of Oregon and leading citizen of Portland, at the Moana hotel last night, when he was discussing at Portland the evident lack of foresight in the matter.

## FLORAL PARADE MAY AGAIN BE A CARNIVAL EVENT

Director-General Cooper Hopes to Have Two Special Features, Including Big Electric Float Display—Announcement of Appointment Made

A revival of the floral parade on which the Mid-Pacific Carnival was founded and which for years was the main feature, is planned by Director-General Cooper. Director Cooper is now at work on several ideas which may give Honolulu the biggest and prettiest floral parade ever held.

In fact, there may be an afternoon and evening parade. Judge Cooper is considering a plan whereby the afternoon parade will consist of decorated cars and the evening parade decorated floats. Furthermore, he has taken up with the Rapid Transit company the idea of having the floats on flatcars, beautifully embellished, the parade then being held over the Rapid Transit lines to Aala park.

This may further develop into a splendid display of electric decorations, since the light could be obtained from the trolley-lines.

"This still is to be decided upon and worked out, but the plans are progressing hopefully," said Director Cooper today. "It will be a matter of getting the car-equipment now stored and then decorating these bodies or frames."

In planning to separate the parades of floats and autos the director-general is heeding the comment of those who have entered decorated autos in the past but felt they were somewhat overshadowed by the huge and highly ornamental floats often but a few feet away.

Another idea in connection with the floral parade revival is that each entrant in the auto parade may reserve a particular kind of flower to be used on his or her car and nowhere else. Judge Cooper is getting in touch with the Japanese makers of artificial flowers, so that in case the parade is decided upon the flower-making industry can be systematized and patrons be assured service at moderate prices.

"Much of the making of these artificial flowers is in the hands of Japanese now working as house-servants. If orders can be sent them a long time

## MANCHURIA WILL BE LAST TO CALL

H. Hackfeld & Company made the following announcement this morning:

"The Vice-President and General Manager of the Pacific Mail Steamship Company, San Francisco, has instructed this agency by cable to announce to the public that owing to the burdensome provisions of the Seamen's Bill, passed during the last session of Congress at Washington, the Company has fully decided to carry out the sailings of its steamers in accordance with a schedule prepared some time ago.

"This schedule provides that the last steamer of the Pacific Mail Steamship Company flying the American flag bound from San Francisco for the Orient will call at the port of Honolulu on October 22 next, the S. S. Manchuria, and the last steamer of the company under the American flag from the Orient bound for San Francisco will call at this port on or about September 23, also the S. S. Manchuria. After that the only steamers of the company making Honolulu a port of call will be those under the British flag, the S. S. Persia and the S. S. Nile, the latter being temporarily withdrawn.

"Any bookings for passages or freights made at Honolulu for sailings after the dates mentioned above must be considered as cancelled, but as far as outward business is concerned will be gladly transferred to the S. S. Persia, if agreeable to interested parties.

"H. HACKFELD & COMPANY, LTD."

## SUBSCRIBE \$10,000 TO COVER BILLY SUNDAY CAMPAIGN BILLS

Guaranty Fund Assures Costs, Including Erection of Monaster Tabernacle

As the result of a guaranty fund established by the Inter-Church Federation, Honoluluans have pledged \$10,000 to cover any deficiencies which may arise in the general fund of a proposed campaign to be conducted in this city in 1916 by William A. ("Billy") Sunday, the famous evangelist.

The \$10,000 has not been collected. Interested persons have simply pledged certain sums of money in case it is needed to cover deficiencies in the expenses of the proposed campaign. There is a probability that not a cent of the money will be collected, for as a rule free-will offerings cover all expenses. On the other hand, if there is a deficiency of, say, \$100, this amount will be pro-rated among the various subscribers, and paid.

On November 3, 1914, the Inter-Church Federation started a movement to have Billy Sunday conduct a campaign in Honolulu. He was invited to come here. Mr. Sunday replied that it would not be possible for him

EXPENSES OF PROPOSED BILLY SUNDAY CAMPAIGN	
Salary of eight people (exclusive of Mr. and Mrs. Sunday) including time of traveling at \$500 a week	\$3,000
Five weeks' boarding while here for the whole party of 10 at, say, \$132 a week	550
Eleven round trip steamer fares at \$110	1,210
A tabernacle seating 2500 people	5,000
Incidentals, estimated	230
	\$10,000

The foregoing table of estimated expenses was compiled by Dr. Doremus Scudder, president of the Inter-Church Federation, and by Mr. Sunday himself.

At Pittsburgh—Boston 5, Pittsburgh 1.  
At St. Louis—New York 11, St. Louis 9.

## AUSTIN RETURNS AFTER TRIP TO FAR EAST CITIES

The first of the Hawaiian congressional party who went on to the Orient to return to Honolulu is Congressman Austin, who arrived here today aboard the U. S. Transport Logan, after a journey of more than two months' duration, during which he visited Manila the other parts of the Philippines, China, and various cities in Japan.

Recently in Manila, Congressman R. W. Austin of Knoxville, Tennessee, created tremendous excitement at a banquet given in honor of himself and Senator John F. Shafroth of Colorado, when he said he would rather be dead than be a coward and live to see the Philippines declared independent.

The noted congressman arrived this morning on the United States transport Logan, with his family. He enjoyed an automobile ride around the city and out to the Country Club as the guest of Supervisor Robert W. Shingle. He will probably leave tonight for San Francisco on the Logan, but his wife and daughter may remain over until the next transport.

In advance they will do the work much more cheaply in their spare time," says the director-general. "The idea of arranging so that auto owners may choose their own flower and avoid duplication or conflict can be worked out satisfactorily, I think. One auto would be decorated with lilies, the next with roses, then cherry-blossoms, etc. This would give a striking effect."

The following appointments were announced by the director-general today:

Chief of the staff of Carnival artists—Francis Josef Catton, draftsman with Ripley & Davis. He has already shown the director-general that he possesses marked talent in poster work and decorative design.

Chief of Electrical Display—Theodore Hoffman, superintendent of the Alexander Young Building company.

Chief of the Water Pageant—Joseph E. Sheedy, general superintendent of the Inter-Island Company.

## SALOON MAN WHO WAS UNDER FIRE IS GETTING OUT

Philip F. Cornyn, better known as Dick Sullivan, is getting out of the saloon business in Honolulu, according to documents filed yesterday with the Oahu liquor license commission.

Sullivan was under fire during the annual meeting of the commission in June and his connections with Charles G. Bartlett, erstwhile brewery manager, were never satisfactorily explained to the commissioners. He is selling out his saloon, the Fashion, to Manuel Andrade, now a bartender at the Criterion Saloon. The figure is not made public. Yesterday Sullivan filed with the commission a letter asking leave to transfer his license, and Andrade filed application to take over the business. Members of the commission today said they understand Sullivan is going out of the liquor business in Honolulu permanently and one of them intimated that his retirement is due to the commission's investigation of his operations.

## KATHERINE PAGE WEDDING GREAT EVENT IN LONDON

LONDON, Eng., Aug. 4.—Miss Katherine Page, daughter of U. S. Ambassador and Mrs. Walter Hines Page, and Charles Loring of Boston were married here today. The king, queen and numerous high officials sent gifts.

## Pope's Peace Appeal is Explained

ROME, Italy, August 4.—The Osservatore in an inspired statement today concerning the Pope's recent appeal for peace says that the appeal was the result of the Pope's solicitude at the spectacle of the misery and anguish of a year of war, and carried no consideration as to who is at fault for the conflict.

## Prize Court Confirms Dacia Capture

PARIS, France, August 4.—The prize court has confirmed the capture of the steamer Dacia, which was seized by French cruisers while bound for Rotterdam from the United States.

## HAWAII TOURIST TRADE WILL GET AN AWFUL BLOW

When P. M. Quits in November Accommodations for 2500 Passengers Will Be Cut Off

## ONLY TEN PASSENGER SHIPS IN EACH MONTH

Mail Congestion Will Follow; Big Liners Now Average 1000 Sacks a Month

During the past year the Pacific Mail steamers have brought approximately 2500 passengers to and from the Hawaiian Islands and with passenger traffic already congested, it is common opinion that Honolulu's influx of tourists must decrease by at least 2000 annually when the Pacific Mail Company quit the transpacific trade, unless the Matson and Oceanic companies add more steamers to the island passenger trade.

An Associated Press despatch from San Francisco received last night states that definite announcement was made late yesterday from the offices of R. P. Schwinn, vice-president and general manager of the Pacific Mail that its transpacific service will cease November 3, because of the requirements of the seamen's law, which goes into effect in November.

The only other hope for a continuation of the present number of tourists coming to the islands, or for a growth of the annual influx, lies in congressional action, either a repeal of the seamen's act or suspension of the coastwise act insofar as passenger traffic to Hawaii is concerned, so that the Toyo Kisen Kaisha, the only foreign company now operating with Honolulu as a port of call, can partly make up the loss through the quitting of the Pacific Mail.

The T. K. K. Company operates four steamers across the Pacific while the Pacific Mail is now operating five steamers under the Stars and Stripes

(Continued on page three)

## AMERICANS AT NOGALES UNDER FUNSTON'S CARE

NOGALES, Ariz., Aug. 4.—Gen. Maytorena's bombardment of the Mexican part of Nogales, in Sonora, was begun today. The Carranza forces are only two miles from the city to shell the Mexicans if Americans are endangered by flying bullets.

The outposts are falling back. Chinese have crossed the line to the American side under guard.

WASHINGTON, D. C., Aug. 4.—Representatives of the American Powers who are jointly working on a plan for bringing peace to Mexico are convinced that the success of the plan hinges upon the restoration of the ban on the shipment of munitions into the republic.

EL PASO, Texas, Aug. 4.—A new Mexican faction has grown up in the state of Chihuahua, under Gen. Ochoa Contreras Garcia, pledged to a triangular affiliation with Villa in the North, Carranza as First Chief of the Constitutionists, and Eulafio Gutierrez as president.

## JAPAN CABINET MEMBERS WON'T TAKE BACK JOBS

TOKIO, Japan, Aug. 4.—The members of the Okuma cabinet who recently resigned decline to reconsider their action. Led by Baron Kato, minister of foreign affairs, who was one of the centers of controversy, the ministers adhere to the resolutions to retire into private life.

## BRITISH AFTER YEAR OF WAR PLEDGE STRUGGLE TO VICTORY

RULERS WHOSE LAND MAY PLUNGE INTO WAR

Above—King Constantine of Greece. Below, his consort, Queen Sophie. Both are said to be very much opposed to abandoning Greece's neutral attitude.

## WIDE DISASTER AND DEATH ARE STORM RESULTS

Fifty Killed Near Erie, Pa.—Railroads Tied Up—North Jersey Coast Battered

NEW YORK, N. Y., Aug. 4.—Widespread disaster and death has been wreaked by the great storm which swept over Erie, Pa., and other parts of Pennsylvania, northern New York and Canada yesterday. The deaths at Erie, where a cloudburst occurred, amount to 50, the breaking of the Glenwood dam increasing the drownings and destruction of property.

All railroad traffic in the storm centers has been tied up and the washouts are unprecedented for number and seriousness. Suburban streets have become rivers. A 60-mile gale is playing havoc with the small craft in the various harbors. The North Jersey coast was badly battered by the wind and waves and New York suffered considerable damage.

## ANOTHER TURN IN REVOLUTION OF HAYTIANS

CAPE HAYTIEN, Hayti, Aug. 4.—The government officials have fled to Fort Liberté to seek refuge from the revolutionists, who are entering the city. Marines have been landed from the U. S. S. Nashville to restore order. Guillaume's commander, Gen. Blot, has resigned, assuming that Admiral Caperton's peace plans will be successful.

## BUDDHIST CONGRESS ON

(Special to Nippon Jiji)  
SAN FRANCISCO, Cal., Aug. 4.—The Buddhist congress was opened successfully Monday morning at the fair. Sogen Yamagami of the faculty of the Buddhist College at Tokio, read a paper prepared by High Priest Mikusen Heiki, who is also attending the great gathering. The congress will last during the week.

## NO PEACE UNTIL GERMANY IS BEATEN; RUSSIANS HOLDING WARSAW BUT ARE HARD BESET

GERMANS REINFORCE WITH TROOPS FROM FRANCE—U. S.—BRITISH DISPUTE ON CARGOES LIKELY TO BE TAKEN TO INTERNATIONAL COMMISSION—ALLIES CONFERENCE WITH GREECE, SEEKING TO INDUCE LATTER TO JOIN FIGHT—PRIZE COURT CONFIRMS DACIA CAPTURE

[Associated Press Service by Federal Wireless]

LONDON, England, August 4.—Throughout the British Empire today there were services in commemoration of a year of war, it being a year ago today since Great Britain declared war on Germany.

At noon at St. Paul's there was a monster service, with King George and Queen Mary in attendance. Prayers were offered for the victory of the Allied arms.

The meeting was made notable by the presence of hundreds of soldiers who have come home wounded from the front. At every meeting pledges were taken that Great Britain will prosecute the war until victory is won.

PETROGRAD, Russia, August 4.—Official bulletins today claim that Warsaw has not yet fallen and hopes are rising that the Russians will be able to hold the Polish capital. There is severe fighting near the city with both sides losing heavily.

In order to hurl fresh forces at the battered but still formidable Russian lines, the Germans are reinforcing their armies in Poland with troops from France.

Gen. von Hindenberg's successes in Courland and the possibility that Riga will be captured soon have caused all banks and schools to be transferred from Riga to Tula.

## Leopold's Crack Bavarians Are Ordered to Capture City of Warsaw

BERLIN, Germany, August 4.—Prince Leopold's crack fighting organization of Bavarians are now carrying out a series of charges to accomplish the capture of Warsaw.

Their rushes have taken Blonie and the Russians who were holding this outer line have been thrown back upon the inner line of the city's defense.

## United States Stands by Protest to Britain on Detention of Its Cargoes

WASHINGTON, D. C., August 4.—The United States will not recede from the firm protest it has lodged against the British blockade of German trade which has been used to detain cargoes en route to neutral ports of the Continent.

Immediately following the receipt of the two British notes, which assert the British right to seize cargoes on the ground that although shipped to neutral ports they are destined ultimately for Germany, the president has ready the U. S. reply. In this reply the United States concedes that the conditions of this war are unusual but continues the vigorous protest, declaring that the capture of ships voyaging to neutral ports is illegal.

It seems to be evident that ultimately this controversy will be submitted to an international commission.

[The substance of the British notes and other overnight telegraph despatches are published on Page 9 today.]

## Allies Would Induce Greece to Join in War; Premier in Big Conference

LONDON, England, August 4.—That the Allies are conferring with Greece to induce King Constantine's country to join them in warring against the Teutons is the significance attributed to a conference in Athens between diplomatic representatives of the Entente Powers and the Greek premier, Gotunaris.

Cablegrams from Athens say that the Allies' diplomats are discussing the situation with the premier and local attention is centered on the probable outcome of the conference.

## Reports Current in Lisbon of Three Serious Revolutions in Portugal

LISBON, Portugal, August 4.—Sensational reports are current that three separate revolutions are in progress in Portugal. There are riots in streets and public buildings and assaults every day.

## Belgian Steamer Sunk; Crew Saved

LONDON, England, August 4.—The Belgian steamer Koohandel has been sunk by a German submarine. The crew was saved.

# JAPANESE WANT NEW TEXT BOOKS TO SUIT HAWAII

### Those Now in Use in Their Schools in Territory Being Found Unsuited

A uniform textbook of Japanese, specially compiled with reference to Hawaiian conditions, and to be used in the hundred or more private educational institutions in the Territory of Hawaii, is being considered today at the second annual convention here of the Japanese Teachers' Association of Hawaii.

Nearly 50 delegates, representing every Japanese school in the islands, are attending the convention, which is being held in the Japanese school on Nuuanu street. The main object of the gathering is to adopt a textbook in the Japanese language which will be the standard for use in the curriculum of all Japanese private schools in the islands.

The present textbooks, while satisfactory for use in Japan, do not prove entirely appropriate for use in the Territory of Hawaii, where Hawaiian phrases are needed as an auxiliary to the language of Nippon itself.

This is the second annual convention of the association, and is being attended by representative Japanese educators from all the islands.

One of the prominent men on the program to deliver an address is the Japanese consul, H. Arita, who is to speak on the theme, "Education." The convention will probably be in session several days.

The new textbook idea is the working out of plans given publicity in the Star-Bulletin earlier in the year.

# CHINESE AFRAID JAPANESE LINES MAY RETALIATE

That the prime motive back of the proposed American-Chinese steamship line between San Francisco, Honolulu and China is the fear of the Japanese lines, the T. K. K. and N. Y. K. refusing to accept shipments of Chinese merchandise from China to this city and the mainland ports, as a retaliation for the existing boycott in China against Japanese goods, was authoritatively stated here today by prominent Honolulu Chinese merchants and businessmen.

With the Pacific Mail going out of business entirely in November the only recourse left Chinese merchants here will be to order their goods shipped here from China by the Japanese lines.

Honolulu Chinese fear the Japanese lines may refuse to accept Chinese merchandise for shipment, unless the Chinese boycott is called off.

Prominent Japanese this morning were inclined not to take the boycott rumor seriously, and said they did not believe the Japanese lines would refuse to accept Chinese merchandise for shipment after the Pacific Mail withdraws its service.

# REGIMENTAL BAND TURNS OUT FOR DEAD SOLDIER

Escorted by the regimental band and a detail from Company M of the 3d Infantry, the remains of William Howard, who died at the Fort Shafter hospital July 20, after a short illness, were placed on board the U. S. transport Logan this morning, to be taken to San Francisco for shipment to his home in the East. Howard was a private in Company A of the 3d Infantry.

# Will Opportunity FIND YOU FIT?

That's the idea—fit physically—fit mentally. And it's largely a matter of right living—which includes the right kind of food.

# Grape-Nuts

is not only a delicious food but it contains all the nutriment of wheat and barley, including the mineral elements so vital for building sturdy bodies, brains and nerves.

Grape-Nuts is scientifically prepared for easy digestion and assimilation. A delicious, nourishing, economical food for making one fit and ready for opportunity.

"There's a Reason" Sold by Grocers and Stores.

# SEND STOWAWAYS ON LOGAN BACK TO PHILIPPINES

### Four are Germans, Thought to Have Deserted Refugee Ships at Manila

Four German stowaways on board the United States army transport Logan, which arrived in Honolulu from Manila via Nagasaki this morning, are believed to have taken "French leave" from German refugee ships in Manila bay. In addition to the Germans, who refuse to identify themselves or to affirm or deny the belief that they are from refugee steamers, one Japanese and one Filipino stowed away on the Logan.

All are under guard and will be taken off the ship at San Francisco to be sent back to Manila on a later transport. The Logan is serving as a "death ship" on her voyage to San Francisco. She will carry three bodies back to the mainland. J. F. Clements, about 45 years old and a foreman of the department of public works at Manila, was returning on the transport to his home on the mainland to better his health when he died at sea yesterday of tuberculosis.

The body of Cpl. Ernest Matthews, colored, who died on the transport Sherman en route here to join Company D of the 25th Infantry, was taken off the Sherman on July 14 and is to be returned to the mainland in the Logan tonight. The remains of Pvt. William L. Howard, who died July 20 at the post hospital, Fort Shafter, will be placed in the steamer before she departs for the mainland at 6 o'clock tonight.

There are 60 local army and navy officers and territorial employes trying to get accommodations on the Logan for tonight's trip, while there are only 23 places to accommodate them on the steamer. The Logan arrived about 10 o'clock.

# CANVAS MATS ON F-4 ARE TORN BY ACTION OF WATER

Jack Agras dropped down to the harbor floor this morning and made an examination of the sunken submarine F-4. He found the boat in the same position as at the last inspection with no appreciable drifting of sand. However, the big canvas mats used to cover the gaping hole in the submarine's bow, are somewhat torn. The lines are still in place, but the action of the water has cut up the covering itself.

According to Capt. Crittenden, commanding the submarine division, there will be no repair work attempted, as the cruiser Maryland, with gear for raising the sunken boat is expected inside of 10 days.

The submarines are all to be dry-docked prior to the annual engineering competition runs. The F-2 went on the dock last Monday morning. It will require about 10 days to thoroughly overhaul each of the boats.

# CHINESE ON HAWAII SEND CONTRIBUTION FOR FLOOD RELIEF

C. K. Ai, chairman of the Honolulu Chinese Christian Union, said this morning the union has already sent a total of \$3360 to aid the flood sufferers in Southern China.

This morning Mr. Ai received a check for \$30, the amount contributed to the fund by Chinese residents of Naalehu Kau, Hawaii. He expects to forward this sum, together with more money raised yesterday and today, the first of next week.

The United Chinese Benevolent Society has forwarded \$400, and today's contributions will add nearly another \$100 to the list. Other Chinese organizations also report contributions to be coming in well.

# KEEPS UP COURT WORK EXPECTING TO HEAR OF SUCCESSOR EVERY DAY

After a month's vacation William L. Whitney was back in harness today as second judge of the local circuit court. He handled but one case, that of the appointment of an administrator.

John Marcallino, who returned yesterday after visiting Seattle with the local Shriners, was back at the clerk's desk. Kaeli Aona, bailiff, who has been "loafing," as he puts it, while Judge Whitney was away, also was back on the job.

The divorce and probate divisions of the court's business have been transferred back to Judge Whitney by Judges Stuart and Ashford respectively. The juvenile and land courts probably will be transferred this afternoon or tomorrow.

"Nothing doing," was Judge Whitney's reply today when the prediction that he may be reappointed was broached. Within a few days Judge Whitney says he expects to hear something definite from the attorney general in Washington, D. C. Until that time, however, he will continue with his court work.

# MAYOR LANE NAMED BROWN ON RECOMMENDATION OF CATHCART

### Thought Outgoing City Attorney Should Know Who'd Be Good Successor

"My appointment of Arthur M. Brown to the position of city and county attorney," says Mayor Lane, "was chiefly on the strength of the recommendation of John W. Cathcart, the outgoing attorney. Mr. Brown has served under Mr. Cathcart for so long a period of time that I believe Mr. Cathcart knows fully whether or not his successor is qualified to fill the position."

This is a statement made by the mayor in explanation of the advancement of Mr. Brown from the position of deputy city and county attorney to the chief of the office, to fill the place left vacant by the resignation of Mr. Cathcart.

"The appointment was rather hurried, of course," continued the mayor, "but quick action had to be taken. With the resignation that recently came in from Deputy Attorney Lymer, followed so soon by that of the attorney himself, I felt that it was time to act in the matter of making the appointment."

"I feel that the good services that Attorney Cathcart has rendered the city and county in his long period of office should be a sufficient guarantee to citizens that the attorney had no thought in view save the good of the city when he recommended his deputy for the position," continued the mayor.

A. M. Brown's appointment was sprung as a surprise at last evening's meeting of the board of supervisors, and was approved without a dissenting vote.

Mr. Brown, when asked this morning whether or not he contemplated any radical changes in the office policy, replied that he did not.

"The office force," he said, "will remain the same, save for the vacancies that will have to be filled. I am hoping that Mr. Smith will accept the position of first deputy, but I have chosen the one yet for the second deputyship."

Mr. Cathcart will remain in the office

until the first of September to finish up business that has not yet been completed. The most important of this unfinished business is the suit over the city street work which is being carried on by the Manoa people. Mr. Cathcart was asked by the board of supervisors last night to stay with this case until it is finished.

"We plan," continued Mr. Brown, "to have the regular office force established in working order by the first of September. Criminal cases at that time, and the constant attention of myself or a deputy will be required there."

"I was disappointed," says Mr. Brown, "to find that criticism of my appointment should begin before I am fairly in the office. I have been under fire so long, however, that I am getting used to it."

Cathcart's resignation was read at the meeting of the supervisors last night. Supervisor Shingle, moved that the resignation be accepted, but said in so doing that it was with the utmost regret that he saw Mr. Cathcart leave the office in which he had so faithfully served the city and county.

"I understand," said Mr. Shingle, "that Mr. Cathcart very much desires that his resignation be accepted by the board, and I therefore move that this be done."

Supervisor Logan, who rose to second the motion of Mr. Shingle, spoke of the faithfulness and patience that the retiring official had always shown during the period of time when the supervising board was being established. The motion to accept the resignation was unanimously carried.

Immediately following the acceptance of the resignation, a communication was read from Mayor Lane, stating that he had appointed Mr. Brown to fill the vacancy, the appointment being subject to the vote of the supervisors. No opposition arose to the appointment and a unanimous vote gave Mr. Brown the position.

By a motion from Mr. Shingle, however, the board voted to ask Mr. Cathcart to serve as a special attorney for the city in the road work case which is before the court, a thing which Mr. Cathcart readily assented to do.

# AD CLUB IS MAKING NO PROBE OF GAMBLING SITUATION HERE

### Meeting Last Night Was Merely Informal Gathering of Members at McDuffie's Request

Anything which may have transpired at an informal gathering of Ad Club members at detective headquarters last night, where Chief of Detectives McDuffie explained the methods employed by the police in running out che-fa banks, was not done in the name of the Honolulu Ad Club, according to officials of that organization.

Charles R. Fraxier, a member of the club, said that no committee had been appointed to look into the details of che-fa or to discuss the popular north end pastime. McDuffie agrees with this, and says he invited certain of the club's members to his office last night because the name che-fa had been connected with a mention of the police department at one of the club's luncheons.

McDuffie also denies having berated the Star-Bulletin for alleged failure to publish the facts. He says that the Star-Bulletin had always given the police department a "square deal," and declares that his only reference to this newspaper was made when he said that the Star-Bulletin failed to take sides against the Advertiser and take up his, McDuffie's, burden.

McDuffie denied further today that his department has suppressed police news wherever there was any possibility of its being truthfully presented to the public. So did Sheriff Rose and Deputy Sheriff Aesch, but in the same conversation, the latter both refused to allow a Star-Bulletin reporter to interview William Pieper, a prisoner in the county jail.

Pieper was arrested Saturday charged with killing his wife, and then attempting suicide. Detective Captain McDuffie got a complete confession from Pieper, so he said, in the presence of five witnesses at Queen's hospital last Saturday night. McDuffie was entirely willing to allow the reporter access to Pieper, but referred him to Rose as the prisoner is now in the sheriff's custody. Rose admitted that Pieper's confession was such that it could not be easily denied and his only excuse for barring the newspaperman was that he said "it might have some effect at the trial."

Captain McDuffie declares his records are open to honest inspection at any time. Speaking to a few Ad Club members last night, McDuffie estimated that not more than \$500 changes hands daily through che-fa banks. He said that a bank that did \$100 a day business is considered a prosperous one. He said that if the maximum sentence of \$1000 or one year in jail were to be imposed a few times, che-fa bankers would soon quit.

He further declared that che-fa has not been in existence in the islands for more than a year or two and that the Orientals always will gamble. Formerly it was tinkau, then fan-tan and then some other game, one succeeding the other as the police broke up the old games. Now, he said, the Chinese are getting into the habit of hiring automobiles and going to the country where they are "shooting craps" in the glare of the headlights, on the ground. He said that a "drag" is held out of each "pot" to pay the chauffeur.

Present at the sheriff's invitation last night were Thomas M. Church, Alexander Hume Ford, G. Brown, R. E.

Lambert, F. Q. Cannon, H. L. Strange, J. D. Levenson, Merle Johnson, W. Hampton and Rev. John W. Wadman, superintendent of the anti-saloon league.

# Morning on CHANGE

Hilo, common, took a little brace this morning after having been weak at 45, and sold at 50 in large blocks, with closing bids at that figure, and no offerings under 55. Olaa holds at \$6.75, and McBryde at \$8 per share, with all the higher priced issues firm or advancing fractionally. Trading this week has been a little lighter than previously, both at the session calls and between boards.

# RODIEK WILL HANDLE ANTON CROPP ESTATE

Under bond in the sum of \$50,000, Georg Rodiek has been appointed by Circuit Judge W. L. Whitney as administrator of the estate of Anton Cropp, late of Wiesbaden, Germany. Mr. Cropp died at Koenigsstein, in the Taunus, Germany, in December, 1913.

The estate is valued at approximately \$151,235. It consists of stocks and bonds in Hawaiian corporations, and promissory notes to the value of \$63,000. The heirs, according to the petition for letters of administration, are Emma Cropp, widow, residing at Wiesbaden, and John Cropp, brother, of Oldenburg, Germany.

J. Andrade, William Simpson and John Marcallino have been appointed appraisers of the estate. It has been ordered that an inventory of the estate be filed within 60 days.

The action of the district magistrate at Walluku, Maui, in committing one Ah Sing to jail to await trial at the next term of the court, has been declared by the supreme court to be an error, and the case has been remanded with instructions to discharge the defendant. The same course was taken in the case of one Ah Lin, where the circumstances, with the exception of the charge, were identical.

BY AUTHORITY.

# PROPOSALS FOR MATERIALS AND SUPPLIES.

Proposals for materials and supplies will be received at the office of the Board of Harbor Commissioners, Honolulu, T. H., until ten (10) o'clock a. m., Saturday, August 7, 1915. Blank forms may be obtained upon application at the Office.

BOARD OF HARBOR COMMISSIONERS.

By its Clerk, (Signed) FRANK C. POOR. Honolulu, August 4, 1915. 6233-1t

# BY AUTHORITY. ORDINANCE NO. 37.

AN ORDINANCE RELATIVE TO THE ESTABLISHMENT OF GRADES AND SIDEWALK LINES ON BERETANIA STREET, FROM THE MAUKA BOUNDARY OF KING STREET, IN PALAMA, TO THE MAUKA BOUNDARY OF KING STREET, IN MOILILI.

Be it Ordained by the People of the City and County of Honolulu:

Section 1. Curb Grade, Finished Center Line Grade, Datum Plane. The curb grades and finished grades of the center line of Beretania street, from the mauka boundary of King street, in Palama, to the mauka boundary of King street, in Moilili, in the District of Honolulu, City and County of Honolulu, are hereby established in reference to a datum plane being mean tide at said District of Honolulu, and the same located as follows, to wit:

A bench mark at the foot of the pillar on the left side of the front entrance to the Judiciary building, in said District of Honolulu, is 16.5 feet above said datum plane. Said grades are above said datum plane, the distances specified on a map which is on file in the office of the City and County Engineer, and is marked Grade Map No. 14.

Section 2. The sidewalk lines, which are also the curb lines of said Beretania street, shall be parallel with (except where otherwise noted on Grade Map No. 14), and at distances from the described offset line shown on Grade Map No. 14, which is hereby made a part of this ordinance.

Section 3. The offset line from King street, in Palama, to the monument at Punahou street, is parallel to and 20.0 feet from the mauka property line of Beretania street. The next course (course 14) is parallel to and on a 10.0 foot offset from the mauka side of Beretania street and the remaining courses are parallel to and on a 30.0 foot offset from either side of Beretania street.

The offset and parallel line to the mauka side of Beretania street is hereby established as follows:

Beginning at a City Survey Monument, which is at the point of intersection of the 20.0 foot offset line from the mauka side of King street, between Liliha and Beretania and the 20.0 foot offset line from the mauka side of Beretania street, between King street and Nuuanu street, the co-ordinates of this monument referred to Punahou Triangulation Station ( ) are North 164.230 feet, and West 5135.80 feet, as shown on Grade Map No. 14, and running thence by true azimuths as follows:

1. 320° 00'—2158.6 feet to a City Survey Monument near the Ewa side of Nuuanu street;
2. 319° 38'—446.5 feet to a City Survey Monument on Fort street;
3. 319° 50'—560.5 feet to a City Survey Monument near the Ewa side of Emma street;
4. 328° 39'—516.35 feet to a City Survey Monument opposite the end of Richard street;
5. 350° 21' 30"—330.10 feet to a City Survey Monument near the Ewa side of Miller street;
6. 339° 43' 30"—318.08 feet to the beginning of a curve to the left, the radius of which is 260.0 feet; thence along this curve for 131.57 feet, the azimuth and distance of the long chord being:
7. 315° 19' 45"—120.16 feet; thence:
8. 300° 45'—217.30 feet to a City Survey Monument near the Waikiki side of Punchbowl street;
9. 300° 04'—281.20 feet to a City Survey Monument;
10. 303° 55'—548.55 feet to the beginning of a curve to the left, the radius of which is 1257.0 feet, thence along this curve for 237.30 feet, the azimuth and distance of the long chord being:
11. 298° 30'—236.97 feet; thence:
12. 293° 06'—136.85 feet to a City Survey Monument near the Waikiki side of Alapai street;
13. 291° 12'—637.15 feet to an old government survey monument near the Ewa side of Punahou street;
14. 291° 12'—3342.4 feet to a City Survey Monument at the intersection of the 10 and 30 foot offset lines; thence:
15. 323° 04'—922.57 feet to the beginning of a curve to the left, the radius of which is 200.0 feet; thence along this curve for 50.29 feet, the azimuth and distance of the long chord being:
16. 315° 51' 45"—60.16 feet; thence:
17. 308° 39' 30"—365.70 feet to the City Survey Monument opposite concrete monument set by J. S. Emerson at the intersection of the mauka boundaries of Beretania street and Moilili street.

Section 4. Profile and Plan. That Grade Map No. 14, on file in the office of the City and County Engineer, is hereby approved and adopted as the profile and plan of said grade and sidewalk lines.

Section 5. This ordinance shall take effect on and after the date of its approval.

Introduced by, ROBERT W. SHINGLE, Supervisor.

Date of introduction: July 13, 1915. Approved this 4th day of August, A. D. 1915.

JOHN C. LANE, Mayor, City and County of Honolulu, T. H. 6233-Aug. 4, 5, 6.

# BY AUTHORITY. BILL NO. 122. ORDINANCE NO. 56.

AN ORDINANCE AMENDING ORDINANCE NO. 56, KNOWN AS THE "TRAFFIC ORDINANCE," BY AMENDING SECTION 32 THEREOF, BE IT ORDAINED BY THE PEOPLE OF THE CITY AND COUNTY OF HONOLULU:

SECTION 1. Section 32 of Ordinance No. 56, known as the "Traffic Ordinance," is amended to read as follows:

"SECTION 32. LIGHTS. From thirty minutes after sunset until thirty minutes before sunrise there shall be displayed on the front of every automobile, or other similar vehicle while being operated or driven along or upon any public highway, at least two lamps, one on each side, giving a reasonable bright light in the direction in which said automobile or other similar vehicle is going, and so placed as to reflect upon the road in the direction in which it is proceeding, and there shall be displayed on the rear of every such automobile, or other similar vehicle, one tall light, which shall display a red light visible from the rear, and a white light which shall reflect upon the number in such manner as to make such number plainly visible and legible during the hours specified.

"Every prestostyle or acetylene headlight with a burner of more than five-eighths (5-8) of a foot capacity per hour, so displayed or used on any such automobile or other similar vehicle, shall be screened by frosted, ground or corrugated glass, such frosting, grinding or corrugations to be of a permanent character and covering the entire face of the glass, and every electric headlight so displayed or used shall be screened as above provided, or, in lieu thereof, equipped with frosted globes, the frosting on which shall cover the entire globe, and be of a permanent character."

"MOTORCYCLES. The foregoing shall apply to motorcycles, motortricycles and other similar vehicles, except that no tall light, and only one headlight, shall be required, and the reflection of lights shall not be deemed applicable.

"OTHER VEHICLES. Every animal drawn vehicle shall display two lights, one on each side thereof, showing a white light visible within a reasonable distance in the direction towards which such vehicle is proceeding.

"All animal driven vehicles shall display, at least one light plainly visible upon approaching from the rear, whether identical with a light used as a front light or otherwise."

SECTION 2. This Ordinance shall take effect sixty days after the date of its approval.

Introduced by, W. LARSEN, Supervisor.

Date of introduction, August 3, 1915. At a regular meeting of the Board of Supervisors of the City and County of Honolulu, held Tuesday, August 3, 1915, the foregoing Bill was passed on First Reading and ordered to print on the following vote of said board:

Ayes: Ahia, Arnold, Hollinger, Horner, Larsen, Logan, Shingle. Total 7. Noes: None.

# HAWAII TOURIST TRADE WILL GET AN AWFUL BLOW

(Continued from page one)

and two others under British registry, all except one with a regular call at Honolulu. In addition to the loss of the steamer accommodations for at least 2500 passengers to and from the islands annually, Honolulu will lose passengers who have a decided preference for big steamers like the Manchuria and Mongolia and refuse to travel on the smaller boats of the local lines.

In the event that Congress suspends coastwise legislation which now prohibits foreign registered ships from carrying passengers to and from the islands and the mainland, then American shipping will lose more on the Pacific than the fathers of the La Follette seamen's act had hoped to gain by the enactment of this latter law, say local shipping men.

The mail situation is not so serious. Approximately 1000 bags of mail are hauled each way between San Francisco and Honolulu each month by the Pacific Mail. During July 1316 bags were brought to the islands by Pacific Mail boats, and 244 bags were sent back. The Matson line carries about double this amount.

Under ordinary conditions the islands would get coast mail every Tuesday morning in the Matson boats and every other Monday morning on the Oceanic steamers. The T. K. K. line carries about the same amount of mail for the islands and from Honolulu as the Pacific Mail.

An average of 15 passenger steamers a month visit Honolulu from the mainland and about the same number depart monthly. The Pacific Mail steamers average three boats a month coming one way and two boats a month the other direction, the number alternating each month. Thus after November 2 Honolulu will get only 10 passenger steamers each way per month, under existing schedules.

Recent despatches from San Francisco are to the effect that President Asano of the T. K. K. line, who is in San Francisco, may arrange for the purchase of his company of the Korea, Mongolia and Siberia, or for a consolidation of the two lines.

The Pacific Mail is now operating under American registry the steamers Mongolia, Manchuria, Siberia, Korea and the China in the transpacific trade, carrying local passengers for Honolulu, and the steamers Nile and Persia have been operated on the same run under British registry. The Nile is at present temporarily withdrawn.

The Matson line operates four passenger ships a month, one coming and going each week. They are the Matsonia, Wilhelmina, Manoa and Lurline. The Oceanic company's two Australian-San Francisco route steamers, the Ventura and Sonoma, carry local passengers to Honolulu every two weeks and the same company operates the Sierra on the San Francisco-Honolulu run, with a trip each way every month. The Sierra is at present on the drydock for repairs but probably will be back in service by the time the Pacific Mail quits.

The Canadian-Australasian line, operating the Makura and Niagara, calls here with passengers to and from Vancouver once each month. Two T. K. K. steamers call here going to and from San Francisco each month, but under the coastwise act they cannot carry any except lay-over passengers between the mainland and the islands, except under a line of \$200 for each passenger.

The 13th steamer in the United States army transport. One call going to the coast and one from the coast is made each month. There are the Logan, the Sherman, the Sheridan and the Thomas in transport service. In addition the transport Dix, the "horse boat," calls here about every two or three months.

"I wrote to H. P. Wood, our representative at the San Francisco exposition, July 28, asking him to interview the Pacific Mail Steamship Company and obtain from it a definite statement as to its future plans," said Acting Secretary A. P. Taylor of the Hawaii Promotion Committee, when seen this morning relative to the situation.

"I instructed him to find out exactly how the Pacific Mail stands as concerns the Honolulu service and advised him to cable us if necessary. To date I have received no answer but am expecting one almost any day."

Mr. Taylor has at the committee's rooms in the Young building a copy of the Chicago Commerce, the Chicago Chamber of Commerce's official publication. This organization is preparing a strenuous fight against the La Follette seamen's bill.

## HARVARD-YALE CONTEST ON LINKS IS PUT OFF

Owing to the poor condition of the Moanalua links and the difficulty in securing certain players for both sides in the proposed Harvard-Yale golf contest, which was to have been held this coming Saturday, an agreement has been made by Attorney Arthur G. Smith and Charles R. Hemenway, leaders of the respective teams, to postpone the tournament.

Saturday, August 14, has been set as a new date for the contest.

Three old cases were wiped off the federal court calendar today when Judge Sanford B. Dole ordered the discharge of Ching Lum, Wong Yuen and Sul Joy, petitioners for writs of habeas corpus. Upon the arrival of the petitioners in Honolulu, they were detained by the local federal immigration authorities, pending an investigation of their former residence in the territory. The petitioners alleged that they were residents of the territory prior to annexation, and were thus eligible for readmission.

# MINIATURE SWIMMING POOL WILL SHOW RISE OF FUND FOR Y. M. C. A.

## Report at Noon Meeting Shows Campaign is Under Way; \$100 Already Raised

At 1 o'clock this afternoon the Y. M. C. A. swimming pool campaign teams reported \$100 secured as a result of this morning's work in the first day of the effort to raise the \$3000 necessary to make the pool a reality.

The team workers met for luncheon in Cooke hall and tomorrow is expected to see the tide of subscriptions well over the \$1000 mark.

In the lobby are two large signs, one on which the standing of each team is to be printed, the other representing a swimming pool, showing how high the amount secured each day is.

"A chance to turn cash into character" is the keynote of the campaign. General Secretary Paul Super emphasized this at today's luncheon, and at last night's dinner which started the ball rolling.

Today's feature was the mailing of 723 letters to association members whom it was thought are most interested in the pool. "I am pleased to say that a number of the men who received the letters mailed us their check immediately," said Mr. Super. "They are all Ad Club men, and are up to snuff in these matters."

The letter tells of the pool, and gives figures concerning its cost and methods by which the \$3000 may be secured. "Because the letter says nothing of dollar subscriptions doesn't mean that we don't want them," explained Mr. Super. "We will be just as pleased to have men hand us a dollar or more as to receive \$100."

The next team reports will be heard tomorrow at noon in Cooke hall. "Tomorrow will see things stirring," is the way one team worker expressed his enthusiasm.

One of the most active team workers is R. E. Lambert. On his team are G. S. Raymond, C. M. P. Nelson, R. M. B. Purvis, I. Spalding, C. R. Frazier, H. Gunter.

On W. F. Gaynor's team are A. M. Cristy, W. P. Thomas, R. Anderson, G. S. Waterhouse, J. A. Noble, H. G. Dillinzham, W. R. Coombs, F. O. Boyer and Percy Deverill.

Jack Milton's team consists of G. L. Dorre, C. L. Hall, I. P. Canfield, L. B.

Stiles, J. G. Stone, C. S. Franklin. Those forming J. S. Nott's team are J. B. Guard, J. C. Anderson, C. C. Clark, A. K. Lucas, E. G. Hallman, George Bustard, J. B. Brown, H. S. Canario.

H. B. Newcomb's team consists of Gilbert Brown, J. P. Morgan, R. H. Lawrey, R. N. Linn, W. J. Peterson, B. H. Burdick.

A. T. Young heads a live team of Chinese young men, who have already shown a disposition to do their part. J. E. Santos is captain of a team from the P. B. C. S. On the team are Frank Branco, Abel Rodriguez, Ernest Soares, Charles Branco, Clifford Melim, Joe Meleiros, Frank Vivas, Clark Soares, and Cooke Soares.

John Haglund is leading in the work amongst the intermediate department young men.

Other names in addition to these have been chosen on teams. They will be listed when they report for their assignment of "prospects."

## COMES TO TAKE CHARGE OF NEW Y. W. C. A. WORK

To take charge of the educational extension work of the local Y. W. C. A., Miss Annetta Bieckermann, a graduate of Cornell University, class of 1909, arrived in Honolulu in the Wilhelmina yesterday. She is the housewife of Professor and Mrs. A. L. Andrews in Manoa, and will begin work next Monday morning.

While on her way to Honolulu from the East, Miss Bieckermann visited several large associations, where she secured a large amount of valuable information. She comes here well prepared for the work.

The educational extension department of the local Y. W. C. A. is entirely new. An effort will be made to organize and create interest in educational clubs and classes.

## THE CITY ATTORNEY APPOINTMENT.

The appointment of Arthur M. Brown as city and county attorney puts an opportunity in the hands of a man who can in the next two years make a record of which both he and the city will be proud—a record for vigorous, conscientious administration. He can make a record for honest enforcement of the law, above favoritism and above laxity. A record to be made or a record to be marred.

This community is not fighting old fights nor reviving old criticisms of Mr. Brown. The mayor and the supervisors have entrusted to him the responsibility for law and order in Honolulu so far as it lies in the power of the city attorney's office to promote law and order. That there has been criticism in the past of his acts as a public officer should spur Mr. Brown now to all the greater determination to make a record above reproach. The community is ready to back the new city attorney and endorse his efforts in just the degree of real devotion and intelligent energy he puts into his duties. It is distinctly "up to Mr. Brown" and he has the future in his own making.

## POLICE PUBLICITY.

Captain of Detectives McDuffie says he is not satisfied with the newspaper publicity he is getting. He tells a delegation of Ad Club members invited to confer with himself and the sheriff that the Advertiser misrepresents the detective department work and that the Star-Bulletin does not go behind the Advertiser reports and tell the public the truth of what the detectives are doing to enforce law and order.

What Captain McDuffie evidently really means in his reference to this paper is that the Star-Bulletin isn't defending him zealously enough from the Advertiser's attacks.

The Star-Bulletin has something else to do besides answering from McDuffie's side every criticism printed in the Advertiser. A lot of them are not worth answering. When this paper feels that a real injustice has been done McDuffie and that as a newspaper publishing facts there is an opportunity for usefulness in preventing unfairness, we state the case. The Star-Bulletin objected to the unfair manner in which McDuffie was attacked before the civil service commission something over a year ago, and every contention made by this paper was upheld in the commission's final decision. The Star-Bulletin has repeatedly drawn attention to the good work done by the detective department. We have printed numerous letters from the captain and other members of the force. But this paper is not now, never has been and never will be in the business of chronically defending the detective department from Advertiser's censure. Life is too short, real news too pressing. The Star-Bulletin can't be run as a personal organ of the detective department—and that is what it would have to be to answer all the Advertiser's attacks upon the department and its captain.

Inasmuch as the sheriff and the detective captain have asked the Ad Club to give police matters "proper publicity," we suggest that the Ad Club committee, if it takes up this subject at all, start in by getting the facts as to what has been published for and against Mr. McDuffie and his associates. Since the captain mentions the Star-Bulletin, the Ad Club committee is invited to ascertain from the printed records what has been published about the detective department and its work.

McDuffie is quoted as saying that heavier fines in police court would help the police. This is no original thought. Both papers have reiterated it and when exemplary fines were imposed have drawn attention to that fact.

Publicity—by all means give the detective department thorough publicity! The Star-Bulletin believes it will be beneficial. Captain McDuffie hasn't complained to the Star-Bulletin that his department is not done justice in the columns of this paper, but if that is the impression he has given the Ad Club members, they are at liberty at any time to ascertain the facts so far as we are concerned.

## ACKNOWLEDGMENT.

The Star-Bulletin has received from Newton and Valkyrie Campbell \$10 for the Palama Settlement Fresh Air Fund. It will help make some tenement mother and children happier and healthier.

Hard work is the best politics for public officials.

of the frontage-tax lay office primarily on the city taxpayers. The office would enforce this law vigorously. The mayor declared that the city's executive improvements by this progress. And the community looks to its officials to carry out their pledges. Any attempt to side-step, to evade the issue, or to let matters drift comfortably along will be fatal to the success of this administration and a blow to the Republican party, for the Republicans at the last campaign made a distinct platform of the frontage-tax plan. The supervisors now labor under a growing public impression that in recent street-work they have stretched the law so that what is really construction has been done not by local assessment but out of the general funds. There is not the slightest question that this impression is beginning to take hold in the public mind. It is certainly up to the supervisors to carry out the spirit of the law so emphatically that the community will recognize their sincerity. Otherwise their sincerity is bound to be questioned.

## SWEDEN PREPARES FOR WAR.

Despatches from Europe a few days ago brought news that the Swiss army has been brought up to 540,000 men, the largest in the nation's history. It appears that Sweden is fearful the country may not be able to remain neutral, with war on three sides and a dangerous zone of sea on the other, and is preparing to fight well if fighting is its fate.

It is officially announced that Sweden now has 350,000 regulars and 175,000 landsturmiers. Supplies of ammunition and war material have been brought up to date, and the Swedish military writers state that the army has never before stood at such a high point of efficiency. Five thousand new officers and non-commissioned officers have been appointed, and all old soldiers have been called up for a course of supplemental training.

There's rioting in the capital of Hayti and American marines are sent on the jump. There's rioting in Mexico City and American marines aren't sent at all. They watchfully wait, and so do the border troops. Why this difference? The answer is easy. Uncle Sam has no trouble at all spanking Hayti into being good but an attempt to spank Mexico is going to cost a lot of American lives, to say nothing of American money. Mexico can't "lick his dad" but he can give Uncle Sam plenty of physical exercise for awhile.

A Star-Bulletin reader declines to believe that a bowlegged man who tried to cross Fort and King streets was stopped by the traffic cop because he didn't take the corner square. That's nothing. A cross-eyed man at the same place the other day was hit by two autos at once and both drivers said the unlucky pedestrian was looking the other way.

Some cynical incredulity has been aroused by an item in the telegraph news yesterday that the Italians had killed 10,000 Austrians by rolling rocks down the mountains on them. Still, there are those who scoff at the story of David and Goliath.

Every man is a disk, to be played again and again in life's phonograph; and it's no phonograph, at that! Once in a while the audience gets tired of him and puts him away for a season—then out he comes!—Leavenworth New Era.

President Yuan Shih-Kai has dismissed forty-seven of his advisers. And they were all on salary! Evidently the Peking brand of patronage isn't permanent.

Another dispute is now staged between those who speak of our "unpreparedness" and those who insist that the word "unreadiness" is more striking and euphonious.—Chicago Daily News.

Some people waste entirely too much time waiting for the unexpected to happen.—Leavenworth New Era.

Men differ less in their endowment of talents than in their inclination to keep those talents always in use.

Thirty million dollar heiress is coming to Honolulu. Yes—but as a bride!

## BILLY SUNDAY EXPENSE FUND IS SUBSCRIBED

(Continued from page one)

June 15, this year, the federation, on behalf of Central Union church, the Methodist church, the Christian church, the Y. M. C. A. and the Salvation Army, authorized a committee composed of William A. Bowen, Richard H. Trent and James Wakefield to secure the services of Mr. Sunday for a campaign in Honolulu in 1916. This same committee was authorized to solicit subscriptions to cover any deficiencies which might arise in the general campaign expense account.

It was reported today that subscriptions to the sum of \$10,000 have been solicited and promised.

With regard to the expenses of the campaign, the following facts were pointed out today by a member of the committee:

1. The money received in collections taken at the various meetings of the campaign goes toward the general expense of the campaign; that is, steamers, fares, boarding, erection of a tabernacle, etc.

2. Billy Sunday does not receive a cent of the money taken in such collections.

3. The only remuneration that Mr. Sunday receives for his personal work is through a special collection generally taken at the final meeting of the campaign.

4. In case it is found that the amount of collections is going to exceed the amount of general expense, the collections are stopped. In some cases collections have been continued and the money devoted to some charitable purpose.

5. Should the total collections amount to less than the amount of general expense, the deficit is to be covered by money taken from the \$10,000 already subscribed.

Residents of Honolulu were asked to subscribe to the guaranty fund under the following conditions:

"In consideration of the benefits expected by us for ourselves and for the community at large, from the evangelical meetings of Billy Sunday, now being arranged to be held in Honolulu sometime in the year 1916, we, the undersigned, hereby subscribe, each for himself or herself, and not for one another, up to but not to exceed the amounts set opposite our respective signatures, as below, to constitute a guaranty fund which shall be used only towards the payment of such deficiencies as may arise in the general fund of the Billy Sunday campaign (estimated to be not more than \$10,000).

"The said sums shall be used to cover and protect such part only of the said expenses as may not be covered, protected and paid for from and out of the collections solicited therefor, and taken from time to time at the meetings of the said campaign, except, however, the one usual specific collection to be given entirely as an honorarium to Mr. Sunday.

"It is further mutually understood and agreed by us that the amount payable on each subscription shall be in the proportion that each subscription bears to the entire amount hereinafter subscribed.

"And it is further agreed that no subscriptions hereon shall be binding upon the respective subscribers unless the total amount of the subscriptions hereon shall be at least \$10,000."

While Mr. Sunday has intimated that he may be able to come to Honolulu next July, it is the idea of the federation and the churches to have him come earlier if possible.

"Some people who felt prejudiced toward Mr. Sunday's coming to Honolulu, when the idea was first proposed, have, after carefully weighing the various editorial comments of eastern papers, experienced a change of mind and are ready to take part in the support of the idea at the present time," said Mr. Bowen today.

With \$10,000 guaranteed, Honolulu appears to have done its share, and the rest lies with Mr. Sunday.

## WANT \$500 BOND PUT UP FOR EACH DANCER

(Special to the Nippon Jiji.) SAN FRANCISCO, Cal., Aug. 4.—The federal immigration officials here, who refused to allow the fair cherry dancers from Japan to enter the country on the ground that they are "contract laborers," today ordered the promoters of the cherry dance at the fair to put up \$500 dollars bond for each girl before they be allowed to enter the country temporarily.

Today the Japanese fair commissioners and Y. Numano, the Japanese consul at San Francisco, presented vigorous protests against holding the Nippon dancers, claiming that the maidens are all "professional dancers," not contract laborers.

## DIRECT LINE TO PORTLAND WOULD BE MONEY MAKER

(Continued from page one)

of trade to and from the Hawaiian islands.

"I'm going to take this matter up with the Portland Chamber of Commerce just as soon as I get back to Oregon soil," he declared, "and maybe our Portland business men will see what a grand opportunity they are overlooking."

And Mr. Selling will do it, too. It was he who dug into his right-hand trousers' pocket a year ago and plunked up the coin that started the Portland-Alaska steamship line, a company owned and controlled by Portland capital.

"Why do you know," says Mr. Selling, "that the opportunity offered Portland shippers and business men is far greater in a Honolulu-Portland steamship line than it ever could be in entering the Alaska trade? It is unfortunate that we haven't a sugar refinery at Portland, but there are many other ways to make a line to this port pay. For example, Portland is the heaviest lumber shipping port on the Pacific coast and yet you are getting most of your lumber elsewhere. The answer is that 'elsewhere' has the ships.

"Then again, we are the heaviest shippers of canned salmon. There ought to be a good market for that here. Our fruits, both canned and fresh, are fruits that cannot be successfully raised here, and which are valuable as an export to the islands. As to passenger traffic, it would be a waste of time to argue over it. All one has to do is to notice the crowds that go to the coast in the Vancouver boats."

Discussing the hopes of steamship owners for a deep channel from Portland to the sea and the possibilities of a deep channel over the Columbia river bar, Mr. Selling said:

"That is a certainty. We now have a 30-foot channel over the bar and government dredges are now making this 40 feet. We will soon have one of the best fresh water harbors in the country and the only real fresh water harbor on the Pacific coast. I have watched the progress of the harbor work not only as a business man but also as a member of the port of Portland commission, which is similar to your harbor commission."

Besides taking an active interest in all business matters that brood for the good of Portland and Oregon and the United States, Mr. Selling delights in politics. He is an active fan at this interesting game. He was a candidate for the United States senate on the Republican ticket in 1912, but Roosevelt split the party and the Progressive candidate succeeded in coaxing enough Republican votes away from Mr. Selling to elect the Democrat, Harry Lane. But Selling proved a dangerous competitor.

In November of 1914, at the state election, he led the entire ticket for representative from Multnomah county at the legislature. He also was elected speaker of the Oregon house for the 1915 session. He was asked to state his opinion of national politics in 1916.

"There's nothing to it," he asserted, "the Republicans will win in a walk. The last election, in November, when the Democrats lost in both branches of Congress, showed which way the wind blows. And almost any Republican candidate can defeat Wilson."

Mr. Selling in everyday life is a Portland business man. He and Mrs. Selling came on the Wilhelmina yesterday and they will go to the volcano tomorrow, returning on the same steamer Sunday. They will remain here until August 25, returning to the Matsonia.

## BEACHWALK CLUB WILL BE ACTIVE

Active work has been begun by the Beachwalk Improvement club, which effected permanent organization at a meeting held last night at the home of Jack Milton on Saratoga Road, Beachwalk. The club does not intend to confine its work to its own comparatively small ballfield and last night authorized the appointment of a committee to see whether residents and property-owners in the entire surrounding district, extending perhaps as far as the Seaside Hotel on one side and John Ena road on the other, will wish to join in beautification measures.

By-laws were adopted last night and the temporary officers elected last

## Personal Mention

CHARLES LYCURGUS returned to his home in Hilo in the Manna Kea today. He has been spending the last week in Honolulu.

E. C. S. CRABBE, deputy Internal revenue collector, left for Kaula on a business trip last night.

J. D. MARQUES of the Bank of Hawaii left for the mainland in the Lurline yesterday. He expects to be absent from the territory a month, during which time he will visit the exposition at San Francisco.

## LETTERS

RAYMOND C. BROWN (secretary Chamber of Commerce): The chamber may take up the Pacific Mail service suspension matter at its meeting next Wednesday. If we can do anything to keep the Pacific Mail boats on the run to Honolulu, you bet we will do it.

First Lieut. C. A. Meals leaves this afternoon on the Logan to attend the Army Signal School at Fort Leavenworth. Lieut. Meals has been on Oahu since the 25th Infantry came here for station early in 1913. It is unlikely that he will be ordered back here after his year at the signal school. Lieut. Meals has been one of the most enthusiastic golfers at Lelueha, and it is largely due to his efforts that the present 18-hole course there was built and improved.

"Chauncey Depew says the world is losing its sense of humor." "I expect he's right." "You think so?" He seems to have proof. The world no longer laughs at his jokes, and they are the same jokes with which he won many a laugh 50 years ago."—Houston Post.

week made permanent. The club will hold meetings every two weeks.

This paper will treat as confidential signatures to letters if the writers so desire, but cannot give space for anonymous communications.)

## ENTERPRISING NEWS-MAKING.

Honolulu, T. H., Aug. 4, 1915.  
Editor Honolulu Star-Bulletin.  
Sir: My attention was called to an item of news in this morning's Advertiser stating that Mr. M. A. Silva, formerly of Honolulu, was returning from the coast to take charge of the Portuguese weekly, O Luso, as its editor. Being the present editor of the above paper and owning a controlling interest in the same, which has not been sold, I am entirely ignorant of the above fact and cannot understand why the morning sheet should publish the above without any foundation or truth in it, unless the lack of a fillet led some one of its enterprising reporters to turn in this made-to-order piece of news. Thanking you for the valuable space,

M. G. SANTOS,  
Editor, O Luso.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."

—Mrs. J. M. Rescort, 1900 West Broadway, Louisville, Ky. Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

DON'T waste your time in buying hosiery that lasts only two weeks at best. Don't darn them and darn them, again and again. Holeproof Hose ends all that. Six pairs are guaranteed to wear six months without holes. Every stitch is protected, not just the heels and toes. If a single pair wears out, tears, rips, or "runs" you get a new pair free.

Holeproof Hosiery \$1.50 to \$3.00 a box. B. F. Ehlers & Co.

SOCIETY

Naval Academy, class of 1910. Miss Margaret Wilson is now at Chautauqua, N. Y., where she will take a four-week course of study. She is planning to have a pleasant vacation with boating and athletic sports as well as the more serious side of the summer school work.

Mme. da Gama, wife of the Brazilian ambassador, and Mr. and Mrs. Montagu La Montagne, who are the guests of Mr. Leonard Richards on board his yacht the Carola, arrived at Narragansett Pier and attended the dance at the Casino.

Mr. and Mrs. Charles Heath Barnard of Philadelphia have announced the engagement of their daughter, Miss Margaret Yorke Barnard, and Ensign Edmund Smith McCawley, U. S. N., son of Mr. and Mrs. William Morris McCawley of Haverford, Pa.

King George and Queen Mary will be present at the marriage of Miss Katherine Page, daughter of the American ambassador and Mrs. Walter Hines Page, and Mr. C. J. Loring of Boston, which will take place August 4 at the Chapel Royal, St. James' Palace. The king and Dowager Queen Alexandra have sent handsome presents to the bride.

Admiral Frank F. Fletcher will be present at the marriage of Miss G. Knight, daughter of Rear Admiral Austin M. Knight, and Miss Harriet W. DeLano, U. S. N., daughter of their father's aide, Rear Admiral W. D. Alexander, Kan.

Other interesting visitors to this city are Col. and Mrs. J. C. Parke and Miss Pauline Parke, who will be in California during the remainder of the summer. Col. Parke was military attaché at Brussels when the war began. He and his family returned to America several months ago.

Gen. Arthur Murray and Lieut. Conner Pratt left Wednesday for Yellowstone Park on a tour of inspection of the army posts in that section. They will be away about a month.

Mr. and Mrs. W. C. Furer returned in the Wilhelmnia yesterday, after extended visit on the mainland. Furer and child have been visiting in Nashville, Tennessee, since December.

Mrs. W. S. Wilcox was a passenger in the Wilhelmnia yesterday.

Lieutenant and Mrs. J. H. Titton arrived in the Wilhelmnia yesterday.

Miss Victoria Marjorie (Countess Agelloni), daughter of Italy, and Miss Agnes Titton (Countess U. S. Sarti) of Rome, the home of the Laurance R. Sister-in-law, will be married at S. M. C. and a brother and street north of Titton, U. S. Sarti, 1824 S. perform the ceremony. Father J. H. witnessed of New York, which will be Titton's. Laura Riheldaffer more, they, Lieut. and Mrs. the newly McNeal of Haiti of the biate family, owing to the movement in the family by her son.

Eric Knudsen home. They will return on August 14.

Mr. and Mrs. H. L. Wagner and her granddaughter of Texas, who for the past few weeks have been residing at the Moana Hotel, are planning to return to the mainland in the Wilhelmnia, leaving one week from today.

Dr. and Mrs. George H. Huddy are expecting to arrive here from Hilo in the Wilhelmnia en route to the mainland.

CALLING DAYS FOR HONOLULU.

- Mondays—Punahou, Makiki. Tuesdays—Waikeiki, Kapiolani Park, Kaimuki, Palolo. First Tuesday—Fort Ruger. Wednesdays—Nuuanu, Paunoi. Pacific Heights. First and third Wednesdays, above Nuuanu bridge; second and fourth Wednesdays, below bridge; fourth Wednesday, Pacific Heights; first and third Wednesdays, Alewa Heights. Thursdays—The Plains. Fridays—Hotels and town. Fourth Friday: Fort Shafter, first Friday: Manoa, College Hills, first and third Friday. Saturdays—Kalihi, third and fourth Saturdays: Kamehameha schools, last Saturday. Fort Shafter—Calling day every Friday.

Note—The telephone number of the Society Editor is 2793.

Other interesting visitors to this city are Col. and Mrs. J. C. Parke and Miss Pauline Parke, who will be in California during the remainder of the summer.

Other interesting visitors to this city are Col. and Mrs. J. C. Parke and Miss Pauline Parke, who will be in California during the remainder of the summer.

TEACHERS FROM BOSTON OF HALEAKA

Professor Barton, Former Mayor, Remembers Paths on Valley Isle

Professor Barton, who was a member of the Hawaiian government survey in 1881 and 1883, remembered the islands very well. He has made one trip here since that time. Waikuku in those days was a small place, and he says he remembers vividly all the little bridge paths about the island. He was greatly pleased with the vast improvement he noted in the splendid roads and the fine buildings. Several of the people of Maui he remembered very well and asked about a number of others whom he used to know in earlier days. His work in the islands in the eighties was under Prof. W. D. Alexander.

NEW BRONZE SHADE. An addition to the host of lovely tans and browns that are an evolution of the popular sand color is a new shade called bronze. This name hardly describes the color, which really seems to change its hue with each new color combination. It harmonizes equally well with yellow or green; in fact it has the advantage of artistic combination with almost any color and can be matched easily in silk, velvet and net. Here is something different for the woman who is tired of the most evident greens, browns and yellows.

FOR DRY FEET. Wooden sandals to keep the feet dry when working on a damp floor are made of a piece of wood three-quarters of an inch thick, shaped like the shoe soles with straps to attach them to the shoes. Two cleats, one inch wide, are fastened to the bottom of the wood sole to raise the shoe high enough to keep it out of the water.

A Food and Nerve Tonic is frequently required by old age. We always recommend Rexall Olive Oil Emulsion containing Hypophosphites as an ideal combination for this purpose. Benson, Smith & Co., Ltd.

British Guiana in 1913 imported goods valued at \$7,750,988.

FINE DISPLAY OF UNUSUAL GOWNS. The new parasols are painted by delicate pastel effects on silk gauze. One such model, of white satin has alternate panels of aniline and plain chiffon, pale blue iris being touched in with hand colors in the plain fabric and little knots of blue and black velvet ribbon trimming the edge of the panels. Another dainty model of cream lace has inserts of cream mousseline, on which are painted purple orchids and tea roses. This unusual parasol will accompany a trousseau frock of cream embroidered net, a leghorn hat trimmed with tea roses and black velvet ribbon, and silk slippers worn with natural silk stockings to carry out the creamy ceru tone of the costume.

## SIGNAL CORPS ON OAHU HAS NO OFFICERS LEFT

General Exodus Includes Capt. G. S. Gibbs, Department Signal Officer

The Hawaiian Department will be without a single officer of the signal corps for some weeks, owing to changes of station and leaves of absence affecting all the officers of the corps here.

Capt. George S. Gibbs, who for three years has been both commanding officer of Field Company E, Signal Corps, and department signal officer, leaves this afternoon on the transport Logan, to take station at Washington, D. C. His relief as department signal officer, Maj. Edgar Russel, is not due here until the September boat. In the interim Lieut.-col. Arehlwald Campbell, department adjutant, has charge of the signal office.

The new C. O. of Field Company K, Capt. Joseph B. Douglas, will not arrive until the next transport from the coast and as Lieut. R. E. Love, on duty with the company, goes on leave today, Lieut. J. A. McAndrew, 2d Infantry, a recent graduate of the Army Signal School, assumes command of the outfit. First Lieut. F. F. Black, commanding the telegraph and telephone detachment of Company M, S. C., stationed at Shafter, is also on leave at the present time, so Lieut. McAndrew takes over this command in addition to the field company.

Capt. Gibbs leaves many warm friends in the Hawaiian Department. He and Mrs. Gibbs and their children have occupied quarters at Fort Shafter where they have been generally popular. Capt. Gibbs and his company probably know Oahu better than any single outfit stationed on the island. While other organizations have specialized more or less in sections of the island, the Field Company has climbed every range and camped at every bay. They have made wireless tests and laid land lines and made themselves generally familiar with the terrain.

Maj. Warren T. Hannum and Mrs. Hannum leave Oahu on the transport this afternoon. Maj. Hannum is ordered to Fort Leavenworth for station. He came here in command of Company I, 3d Battalion of Engineers, which organization he commanded until he received his promotion a couple of months ago.

Capt. Herman Hall of the cavalry is a returning passenger in the Logan. Capt. Hall is being joined here by Mrs. Hall, who has been spending several months in Honolulu with her father, Gen. John I. Rogers, retired.

Lieut.-col. Merritte W. Ireland, one of the best known officers of the medical corps, is a passenger in the Logan, en route to San Francisco for station. He has been serving at Manila.

Two well-known coast artillery officers are leaving Oahu today, their tours of duty here having been completed. They are 2d Lieut. H. F. Nichols and 2d Lieut. G. F. Humbert, both of whom are accompanied by their wives.

Capt. Walter H. Johnson, 2d Infantry, is another old-time Oahuian who leaves the department today, accompanied by Mrs. Johnson and their two children. Capt. Johnson goes on three months' leave, but as his tour here is up, there is no chance of his returning. He came to Oahu in 1911 as inspector-instructor of the National Guard of Hawaii. Later he went on duty at department headquarters as officer in charge of militia affairs, after which he was assigned to the 2d Infantry. He has been in command of C Company continuously.

## ELEVATOR CABLE PARTS DURING REGULAR TEST

Tenants of the Bank of Hawaii building took considerable compulsory exercise today, walking up and down stairs, because the elevator went out of commission at 8:30 o'clock this morning when the weight cable broke while it was being given its regular strength test.

The inspector had just pulled the safety trigger, as is usual during the test. The additional ton or more of weight added to the cable pull proved too much for the strand of steel and it parted. The cable weight dropped about 39 feet making a loud crash when it hit the bottom of the shaft.

No passengers were in the cage at the time, the only occupant being Jimmy Wong, the assistant elevator boy. The cage stopped two and a half feet above the second floor, making it necessary for Wong to crawl out as best he could after opening the elevator door shaft.

## 'GO LIGHTLY' HAS QUEER ALPHABET FOR SOUTH SEAS

Famous Evangelist Sends Letter to "Sunny Jim" With Aloha to Ad Club

G. L. Morrill, the famous evangelist, pastor of the People's church at Minneapolis, who was in Honolulu for a time in February on his way for a tour of the South Seas and Australasia, has sent the following letter to "Sunny Jim" (J. S.) McCandless: "My dear Sunny Jim: "Home again from the South Seas, and with most pleasant remembrances of all you did for me and mine in Honolulu. I send you my two last written books of travel, "Go Lightly Around the Globe," and "To Hell and Back." My new book, "South Sea Silhouettes," is well under way. Remember me to the Ad Club bunch! I love them and their beautiful city and islands.

"Yours sincerely,  
"G. L. MORRILL."

Enclosed with the letter were a number of clippings, not the least interesting of which is the following "South Sea Alphabet," as compiled by Mr. Morrill:

"Atolls, Beach-combers, Copra (dried coconut), Dances, Egotism, Fruits, Gambling, Hurricanes, Idleness, Jealousy, Kava (native drink), Licentiousness, Missionaries, Natives, Outrigger canoes, Pearls, Quiet, Racing, Songs, Tapa-cloth (made from mulberry tree), Union Steamship Line, Volcanoes, Wrecks, Exploitation of natives, Yaws (tropical skin disease), Zoology."

The Minneapolis News prints a long interview from "Go Lightly" Morrill, from which the following excerpts have been taken:

"Says "Laziest People."

"One does not have to go west of the Hawaiian islands to find all that is brightest and best in the Pacific ocean. Many of the other islands are extremely interesting in several ways, but none more modern. One can see the simple life in its strictest sense at Tonga of the Friendly Islands group. The people are the laziest I have ever seen. They only dance, drink and dream. The only thing that works is the coral insect. I had the pleasure of visiting the only king left in the South Seas, George II of Nukalofa. He is a dead beat.

## SUGAR INDUSTRY IN PHILIPPINES IS DEVELOPING

(J. F. Boomer, correspondent, Manila, June 7.)

Petitions to the Government Sugar Central Board for funds up to \$3,500,000 have been received to date. The total funds at the disposal of the board are \$1,000,000. The disposition of the board seems to be to put the available funds into the large projects rather than into a number of small ones, in the belief that thereby the greatest good can be done to the industry.

A corporation composed of Spaniards and Filipinos, with \$200,000 authorized capital stock, with \$40,000 subscribed, has been organized in Iloilo to establish a sugar central with the aid of the government.

A new sugar central company has been incorporated at Hinigaran, Occidental Negros, with \$500,000 capitalization, of which \$110,000 has been subscribed. All the incorporators, except one American, are Filipinos.

A movement is on foot among the sugar men to obtain legislation governing the packing and shipping of sugar similar to those which have recently been established for hemp. The desire is to secure government guarantee as to the quality of sugar packaged under a given label. It is probable that legislation looking to this end will be introduced in the legislature during the next session.

(Manila Daily Bulletin, June 15.)

New Central Will Be Largest in the Islands.

The erection of a sugar central far larger than any at present operated in the Philippine Islands has just been assured by the signing of a contract between members of the well-known Yulo family of Occidental Negros and allied interests and a syndicate of Honolulu sugar capitalists, who have agreed to advance the parties first mentioned \$250,000 gold to be used in development work.

The contract just signed calls for the erection of a 2,000-ton capacity central at Binabagan, Occidental Negros, the cost of which will be approximately \$1,250,000. The plan-

## THROW AWAY YOUR EYE-GLASSES

A FREE PRESCRIPTION

You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions can be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store, get a bottle of Optona. Measure one ounce bottle with warm water. Dissolve in one Optona tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—advertisement.

## RAISING LIMIT ON FRENCH DEFENSE BONDS

PARIS, France.—The ministers of finance, M. Ribot, introduced in the chamber of deputies a bill raising the limit of issue of national defense bonds from 6,000,000,000 francs (\$1,200,000,000) as fixed in the law of May 18, to \$7,000,000,000 francs. Subscriptions already have exceeded the previous limit by 150,000,000 francs.

The French public in 11 months has taken 8,400,000,000 francs of national bonds.

It is understood that the Honolulu Iron Works will install the machinery necessary to fully equip the proposed plant, and work on the project will be begun in the near future.

## LIGHT DIMMING ORDINANCE MAY PASS THIS TIME

Larsen's New Measure Meets But Little Objection When Given First Reading

Supervisor Larsen's new "dimming" ordinance passed its first reading last night with a smoothness and alacrity that was good to see after the numerous delays that had perplexed the supervisor in his effort to pass his former measure.

For one brief moment it seemed as if the new ordinance were going to meet with rough going, for Supervisor Horner arose, objecting to the word "reasonable" in a clause that provided for lights of reasonable brightness.

"The word 'reasonable,'" he said, "is a part of the wording of the regular ordinance. It has served this long, and I see no reason why it should not continue to serve. Furthermore that has nothing to do with my resolution."

This explanation, together with a statement by Supervisor Arnold that he thought the new ordinance a good one, quieted the chairman of the police committee.

### MEMO'S OF MEETING OF CITY SUPERVISORS

The meeting of the supervisors, called for 7:30, began last night at 8:05. The next meeting of the board is called for Thursday evening, August 12.

The Honolulu Draying Company is the only party making bids for furnishing and delivering crushed rock. Their price within the main limits of the city is 70 cents a cubic yard.

Claims amounting to \$87.15 were made last night in a letter from A. Louis of the Metropolitan Meat Market. They were for damages resulting to a horse and wagon of the market, when struck by one of the fire department wagons. The communication was referred to the police committee.

Supervisor Arnold's city planning ordinance was deferred last night from second reading to be taken up as a special subject of discussion at the next meeting of the board.

An appropriation of \$1000 was made for the Waimanalo fill and for bridge improvement and maintenance. Supervisor Arnold stated that the cost of the fill had been reduced to this price through an offer from plantation managers of the use of their equipment.

An annual fair will be held by the women of the Epiphany Mission, Kaimuki, on October 23. Although the place has not been definitely decided upon, it will be somewhere in the Kaimuki district.

The bids on new school buildings, which were closed yesterday, have been turned over to the ways and means committee, with power to act.

Sheriff Rose has asked the board for two new automobiles for himself and deputy. The sheriff states that the two now in use are about done for.

Lum Mon Hing and Lum Foo Chin, Chinese who had property taken and damaged near the Kaimuki poi factory when the construction of a street was in progress by the city, have instructed the supervisors through their attorney, W. J. Robinson, that unless an offer to turn over the said property to the city for \$650 is accepted within 15 days, a suit for damages will be instituted.

In reply to a communication from the board, following the receipt of a letter from the Anti-Saloon league, which asks that licenses be not issued to drivers of automobiles who use intoxicating liquors, Sheriff Rose denies the fact that "many serious accidents involving the life and limb of our fellow citizens occur," as stated in the letter from the league. Mr. Rose replies that very few automobile accidents occur as a result of chauffeurs being under the influence of liquor.

Husband—Is this butter perfectly fresh? Wife—The dealer told me it was just from the crematory.—Birmingham Age-Herald.

## TO POST 'SAFETY FIRST' RULES IN MANY LANGUAGES

By a decision of the Public Utilities Commission yesterday, in an effort to prevent some of the accidents that occur to seamen of the Inter-Island company, a set of rules on "Safety First" will be made out in different languages and placed upon vessels of the company.

C. R. Forbes, chairman of the commission, stated that he felt everything possible that could be done in preventing accidents should be tended to, and that he believed the public utilities corporations were of the same belief in the matter.

The members of the industrial accident board, who were present by invitation, stated that they should be glad to work together with the commission on all lines where work was found to be similar.

The commission voted to recommend that Henry P. O'Sullivan be granted six weeks' leave of absence on full pay, in order to attend the national shoot at Jacksonville, Florida, as a member of the National Guard of Hawaii rifle team. Mr. O'Sullivan was instructed to write a letter to the governor stating the situation and asking leave of absence on pay.

## ASK OWNERS TO BUILD SIDEWALKS AT OWN EXPENSE

A resolution introduced last night by Supervisor Robert Shingle of the roads committee, provides that work be at once begun in the laying of sidewalks of full width on the four sides of Central Grammar School square.

The resolution, while fixing no difficulty in passing the board, served as the starting point for a general discussion concerning sidewalk lines, and the laying of them within the fire limits. Mr. Shingle stated that he believed it possible to go ahead at once with a request to citizens within the fire limit district to lay their sidewalks. He said that he believed at least 90 per cent of such citizens would respond willingly.

Those who do not thus respond could be compelled to do so as soon as sidewalks were laid, but it was Mr. Shingle's idea that the work could be expedited by issuing such a request at once.

"The public press has advocated in editorials," said Mr. Shingle, "that we begin at the central parts of the town and work out, rather than begin work in some outlying district, and I believe the press is perfectly right in the matter. If we wait to establish grades in the fire limit district, the matter must needs suffer months and months of delay."

Mr. Shingle said that a resolution covering the request would be presented at the next meeting of the board. A general discussion by the other supervisors evinced the fact that they were willing for him to go ahead with it.

## PORTUGUESE OF HILO WILL TRY SUGAR MILLING

Hiho district is to have an independent sugar mill. Capital sufficient to establish a company, which is to be known as the Kaimuki Milling Company, has already been paid in, and the promoters expect to begin operations in March, 1916. The 150 stockholders are all Portuguese.

More than 500 acres of cane are now being cultivated by Hiho ranchers for the first crop. The factory is to be located on the old Correa property in Kaimuki, several miles from the town. The corporation will not cultivate any cane of its own at the present time.

The mill will be able to produce 12 tons of sugar daily and will cost, with complete equipment, \$50,000. The Honolulu Iron Works is to be the builder.

Temporary officers of the company are: Peter Silva, president; Manuel Pereira, Jr., vice-president; Ezekiel Vieira, secretary; Michael de F. Spina, treasurer, and Antonio M. Cabrita, auditor. With these officers, the following will compose the board of directors: Joseph da Rocha, John Pereira, Jose Francisco Ferreira, M. T. Ferreira, J. S. Coelho, Mariano Deniz and Mariano Cabral. Among the stockholders is Consul-general Senor Agnelo da Cunha Pessoa.

STAR-BULLETIN GIVES YOU TODAY'S NEWS TODAY

## ADOPT CHEAPER PLAN OF PAVING FOR LUSITANA

In consideration of the fact that the territory is assuming the larger part of the cost of improvements on Lusitana street and following a request from Charles R. Forbes of the public works department that a change in specifications for the street be made, the board of supervisors voted last night to rescind the old Lusitana improvement ordinance.

Following the vote, a new resolution, in accordance with plans of the public works department, was introduced and passed. Under it the territory assumes 57 per cent of the cost and the remaining cost is divided about equally between property owners and the city and county. Of the cost of actual work the city and county is supposed to pay but 10 per cent but with the purchase of land to widen the street, this expenditure will be increased.

The main change in the specifications is from bitulithic to Warrenite, it being maintained that the latter paving will serve the same purpose as the former at considerably less cost to the citizens of Lusitana street, most of whom are of limited means.

## CALL MADE FOR ARMY RESERVES TO HELP ITALY

In the call issued from the Italian consulate for reserves, the first, second and third categories of the following classes are asked to report to the consulate:

All officers and non-commissioned officers on leave of absence.

All soldiers on unlimited leave of absence of all classes and categories belonging to the corps of the R. Carabinieri and Custom House Guards.

All of the first and second category of every corps and specialty of the classes of 1888 up to 1895 included.

All of the first and second category of the classes 1886 and 1887 belonging to the Corps of Bersaglieri, artillery, "genio," "treno" or having done sanitary, supply or automobile service.

All of the first and second category of the "milizia mobile" of the classes 1882-3-4-5 belonging to the artillery (mountain) ("artiglieria da montagna"), "treno" sanitary and supply corps.

All of the first and second category of the classes 1882 and 1883 belonging to the alpine corps.

All of the first and second category of the class of 1885 belonging to the corps of campaign artillery ("artiglieria da campagna").

All of the first and second category of the "territorial army" of the classes of 1876 up to 1881, belonging to the automobile, engineering, sanitary and supply corps.

All of the first and second category of the classes of 1877 up to 1881 belonging to the infantry.

All of the first and second category of the classes of 1878 up to 1881 belonging to the corps of alpine and fortress artillery.

All of the third category who have already been instructed in the service, because they originally came from other categories, and who belong to the classes of 1876 up to 1895.

All of the third category who have not been instructed and who were born in the years of 1888 up to 1895. Navy reserves are also called for.

### FREIGHT ZONE MEPELY WIDENED BY CARRIERS

The cut in 20 per cent on freight rates from San Francisco to points in the Middle West on refined sugar, announced about two months ago by the Southern Pacific, instead of being a new cut in charges, merely marked an extension of the area to which the cut ordered last August by the Interstate Commerce Commission will reach. The order last August included the territory between San Francisco and Chicago, and became effective in February. The new order of the Southern Pacific merely extends the zone to include Minneapolis as well as Chicago.

A package of autographed photos was received by Stewart F. Hancock from Colonel Roosevelt for distribution among the "twelve good men" who decided that the Colonel had not libelled William Barnes.

## DETENTION PLAN GIVEN HEARING BY SUPERVISORS

Ways and Means Committee Recommends \$2900 Appropriation for Alterations

What promises to be some sort of solution to the question of a detention home for the city and county comes in a letter read before the supervisors at last night's meeting, following an investigation of the need of an emergency receiving ward at the police station instead of at the hospital as is now the case. It recommends both an emergency station and a place of detention.

The letter and recommendation which was signed by the committee on ways and means, and which met with a favorable reception from the board, is as follows:

"Your committee on ways and means, in conjunction with the health and police committees, the city and county physician and the hospital emergency physician, the sheriff, and the building inspector, has investigated the matter of providing an emergency receiving station and a place of detention for juvenile delinquents, the latter to serve also as an inquest room when so required.

"Your committee finds that such additions to the present accommodations can be made in the rear of the police receiving room. The building inspector has prepared a preliminary sketch, and estimates the cost at \$2900.

"Your committee therefore recommends that the appropriation of \$2900 be made out of the permanent improvement fund for the purpose above stated.

## BRITISH NOTE ON BLOCKADE POLICY SAYS U. S. PRECEDENT FOLLOWED

### Notifies America That Obstruction of German Sea-borne Trade Will Be Maintained

[Associated Press by Federal Wireless] WASHINGTON, D. C., Aug. 4.—The context of the two British notes received in reply to the protests of the American government over the enforcement of the British orders in council declaring a blockade against all trade with Germany, both imports and exports, and further asserting the British right to seize and detain cargoes consigned to neutral ports if there be grounds for belief that the ultimate destination is Germany, were made public yesterday.

Both notes reject the American contention that the orders in council are illegal in international law, while the course being followed by the British is held to be in conformance with both the spirit and the letter of international law.

The reply dealing particularly with the blocking of neutral ports which serve as supply bases for Germany states that the American protest cannot be sustained either in international law or in the principle of international equity. This note holds that the changed condition of warfare requires that a new application of international law be allowed.

The carrying on of a submarine warfare against unarmed merchant ships, sinking ships without first warning them and giving their crews an opportunity to escape, as required by all recognized rules of civilized warfare, the use of airplanes for the bombardment of undefended towns and the killing of non-combatants, including women and children, and the atrocities practiced by the German military authorities in their policy of frightfulness in Belgium, are all advanced in justification of the extreme measures brought into use by Great Britain to prevent supplies of any kind from reaching the enemy.

The note contends that the principle of a blockade, recognized for many years, entitles a belligerent to cut off the sea-borne trade of an enemy.

Blockade will be maintained. The British reply also states that it is the intention of Great Britain to continue to maintain her blockade of Germany, both the direct blockade of German ports and the indirect blockade by preventing supplies reaching Germany through neutral ports. The note states, every effort will be made to avoid embarrassing neutrals in the carrying on of their legitimate trade with neutral nations.

The claim advanced in the American note of protest that the United States is suffering great losses thereby is noted in the British rejoinder which states that it recognizes this loss to the United States but believes that it is being more than compensated for by the added trade being done by the United States with other countries.

tries, due to the activities caused by the war.

Grey Justifies Measures Taken. In the note addressed by Sir Edward Grey, the British secretary of state for foreign affairs, to Ambassador Page, the British secretary states that he hopes that the ambassador will be able to convince Washington of the American right to adapt to the old and recognized principles of blockade, brought up to date to fit the new conditions that have arisen.

Sir Edward refers in his note to the Belgian atrocities, to the proof that the Germans in their attempt to defend German West Africa poisoned all the wells and waterholes in their retreat, and to the inhumanity shown in the submerging of the Lusitania and the killing of 1100 non-combatants, men, women and children, drawing attention to these to show how necessary it is that the British use all justifiable methods in carrying on their defense.

Precedent Quoted. Great Britain, says the secretary's note to the ambassador, can not accept the American contention that the commerce of a belligerent should be allowed to pass unchallenged and unrestricted through adjacent ports, and the secretary refers to the blockade of the South during the Civil War, when 8000 miles of coast line were declared blockade at a time when the North could only place a comparatively few ships along the blockaded coast and when, if the blockade to be effective had required a continuous and constant patrol of all the blockaded coast, the legality of the blockading order could have been called into question, something the British government did not do.

Sir Edward reminds the ambassador of the blockade of neighboring neutral territory which afforded convenient centers for shipment to the Confederacy, and recalls the incident of the seizure of the British ship Spinnaker by an American cruiser, at which time the American state department justified the readjustment of the doctrine of continuous voyage by the plea that the changed circumstances of warfare demanded an adaptation of the old principle to the new circumstances.

Case Are Parallel. The British secretary states that he holds that Great Britain today faces the same difficulties that the United States faced 50 years ago as a result of the numerous routes through neutral countries by which supplies may reach Germany. Sir Edward holds that the principles under which the British are enforcing their blockade of neutral ports are of general acceptance to all other neutrals, their justification being recognized.

In the case of the Spinnaker, says the note, it will be remembered that she was seized by the Americans while en route to the British West Indies, the justification for her seizure being the American belief that her cargo was intended ultimately to reach the South. The matter was carried to the Supreme Court of the United States by the owners of the vessel and the cargo and the Supreme Court upheld the legality of the seizure. At that time, the ambassador is reminded, the British government entered no protest at Washington against the seizure of the British vessel, recognizing the American right to adapt old principles to new circumstances, the same right that the British now claim.

Right of Self-Preservation. The note states that the importance is recognized of not adapting old rules unless the adaptation is consistent with the principle of international law, and in this case the United States must admit the right of a belligerent to protect itself by preventing supplies reaching the enemy, provided the essential fastness of the blockade is not to injure the person or the property of neutrals.

Great Britain is complying with these conditions, said the secretary. Answering the caveat notice filed that the United States would not agree to recognize the findings of the British prize courts in the matter of the cargoes seized and detained by the British, Sir Edward Grey holds that the orders in council under which the neutral vessels were seized are within international law. He states that Great Britain would work with the Americans in those cases in which Americans desired to appeal from the findings of the prize courts.

## EXPRESSMEN LOSE CONTRACTS WITH U. S. GOVERNMENT

### WASHINGTON, D. C., Aug. 4.—Beginning August 16 all government funds and securities will be transported by registered mail instead of by express.

The express companies have been handling this business for 25 years and the loss in revenue to them will amount to \$500,000 annually.

## EXPLOSION IN ARSENAL KILLS THREE WORKERS

### PHILADELPHIA, Pa., Aug. 4.—Three persons were killed yesterday at the Frankfort arsenal of the United States army by an explosion in an experimental bombproof.

LOVE OF RASPBERRY JAM MAY HAVE CAUSED THEFT. A fondness for raspberry jam was probably the motive which led a part-Hawaiian boy, 10 years old, to enter the home of Martin F. Goodwin, who lives in Eighth avenue, Kaimuki, yesterday, and to take a child's bank which contained about \$3.

Mr. Goodwin discovered the loss of the bank, and neighbors informed him that they had seen a small boy crawling through a window of his house. He notified Probation Officer "Johnny" Anderson, who soon rounded up the culprit. It is said that the boy invested the greater part of the money in a raspberry jam, which he purchased from a nearby Chinese store. A hearing of the case was to be had this afternoon.

United States cavalry and scouts are searching the woods and mountains on the western side of Yellowstone National Park for the highwayman who held up tourist coaches at the point of a rifle.

## TERRIFIC STORM CLAIMS HEAVY TOLL OF LIVES

### Cloudburst Buries Town of Erie Under Water, and Many Are Drowned

[Associated Press by Federal Wireless] BUFFALO, N. Y., Aug. 4.—Twenty-five persons are known to have been drowned and millions of dollars of damage has been done by a terrific wind and rain storm, amounting at Erie, Pa., to a cloudburst which swept across northwestern Pennsylvania, northern New York and Lakes Erie and Ontario into Canada late yesterday.

The focus of the storm was at Erie, 90 miles from here. Thus far, all the deaths have been reported from that city and the immediate vicinity. Erie Flooded.

A cloudburst first filled the streams to overflowing and flooded the business district of the town five feet deep. Then all the overburdened dams supplying the city water system and power plants burst and a wall of water rushed down on the town, which is now flooded to the second stories of many houses.

Heroic Firemen Drowned. The city is in absolute darkness and it is known that one house, containing two women and four children has floated off down the foaming current of Mill Creek, ordinarily a placid rivulet. Several firemen—just how many is not known in the general confusion—were drowned in attempting to rescue them. The furious flood overturned their shift and swept them away.

Steamer Ashore; Crew Saved. Near Toronto, on Lake Ontario, the British steamer Alexandria was driven ashore on the Canadian side. The captain and crew leaped into the breakers and were dragged up the beach by Hessianers with lines.

A small paper-wrapped and cotton-padded package was found by a policeman under a Pennsylvania Railroad bridge, Baltimore, addressed "White House, Washington, D. C., Explosive."

Three hundred thousand pounds of meat was shipped from Chicago to war sufferers in Poland by the Polish central relief committee.

## BRITAIN WANTS MECHANICS FOR MUNITION WORKS

### CHICAGO, Ill., Aug. 4.—Advertisements appear in the morning papers here today offering work to skilled machinists on government contracts in England.

It is assumed without question that their services are desired in ammunition factories, though the advertisements do not so specify. Free transportation both ways and a six months' wage contract are guaranteed.

## STREET FIGHTING IN MEXICO CITY AND CHIHUAHUA

### WASHINGTON, D. C., Aug. 4.—Rioting in Chihuahua, held by Villa, and street fighting in Mexico City between the soldiers of Gonzalez, Carranza's general, and bands of Zapatistas are reported in despatches to the state department.

TYROLEANS ROLL HUGE BOULDERS DOWN HILLS TO SMASH ITALIANS. Innsbruck.—While both Germans and Austrians are fighting with 42 centimeter cannons, and with weapons that are the last word in the art of the arms manufacturer, the Tyroleans who have been drawn into the war by the entry of Italy find that the weapons used in the Napoleonic wars are still effective, and are using them with what is reported as great success.

The old "weapons" are nothing less than huge boulders which they are rolling down avalanche-ways, onto the Italians as the latter attempt to storm the heights. They are proving quite as deadly as any shells have done in this war.

Georgians have sold \$5,000,000 worth of mules to British buyers.

## TEACHING OF AGRICULTURE IS SPREADING ON MAINLAND FAST

### News Letter of Department of Agriculture Says 19 States Have Laws on Subject

In connection with the teaching of vocational subjects in the Honolulu public schools, it is interesting to note that an increasing amount of attention is being paid throughout the United States to agriculture, a branch of education not neglected in any way in this city.

A copy of the United States department of agriculture's weekly news letter, received today by the Star-Bulletin, states that in the rural districts of the nation about 11,000,000 children are enrolled in schools and in more than 19 states the demand for the teaching of agriculture in country schools has been so great that it is now required by law.

In answer to the great number of inquiries from teachers of these and other schools for assistance in planning and carrying out their agricultural work, the department's specialists in rural education have presented in bulletin No. 258, lessons in elementary agriculture for Alabama schools, a plan which may be adapted to local needs in the instruction of agriculture.

It advocates classroom recitations, book work, laboratory work and the application of this work to practical agriculture. In selecting a particular state, it has been shown how such a plan may be definitely worked out, and although the department does not contemplate issuing publications on this subject at this time for other states it stands ready to cooperate in making studies as to agricultural and school conditions and in outlining courses adapted to the conditions.

A monthly sequence plan is followed in the bulletin in the presentation of lesson topics, the purpose being to teach the principles of agriculture at the season when they should be practiced. Only the salient features of each lesson topic are outlined but specific references are made to the textbook on agriculture adopted by the state and also to the bulletins of the Alabama Polytechnic Institute and to farmers' bulletins of the United States department of agriculture.

It is suggested by the author that agriculture and some other subject, such as physiology, be alternated throughout the school year. Two lessons a week for eight months are recommended.

Practical exercises to be carried out in the school garden or at home are suggested in connection with each lesson. If the course is to be made most effective, it is pointed out, the practical work should take the direction very largely of club activities or home projects.

## Fort Shafter Notes

### (Special Star-Bulletin Correspondence) FORT SHAFTER, Aug. 4.—Major William R. Dashiell, recently transferred to the 2d Infantry from the 27th Infantry has been assigned to command the 1st battalion, relieving Capt. McCleave.

The new bachelor building in the cantonment has been completed and will be occupied shortly by four of the young bachelors, who will have to pay the price of single blessedness and make way for the more heroic who have taken the robes of double responsibility.

The cantonment is to be given a coat of paint shortly and will be greatly improved in appearance thereby. The quartermaster has asked for details of painters from the companies and all of the work will be done by soldier labor, the men being placed on extra duty, receiving extra pay for their labors. The new bachelor building is receiving the first coat. The color is to be dark green.

In the absence of officers of the Signal Corps, Lieut. J. A. McCleave, 2d Infantry, has been detailed to take command of the Field Company of the Signal Corps and also the telephone and telegraph company. The lack of officers is caused by the relief of Capt. Gibbs, whose tour of foreign service is complete, and Lieut. Shank and Love being on leave of absence. One or two officers are due on the next transport coming from the states.

The Machine Gun Company, 2d Infantry, left yesterday for a four hour hike and coming expedition to Koko Head, where they will join the 1st battalion now in camp. The 1st battalion and the machine gun company will return to the post on Saturday. Advantage will be taken of the opportunity to train the members of the cooks and bakers' school to use the field ration on the trip and all of the students were ordered to join for the purpose.

Lieut. Fred A. Cook, recently a member of the 2d Infantry, has received his assignment to the 19th Infantry, Texas, after the expiration of his two months' leave of absence.

The following medical officers stationed at the department hospital and ordered to the states on the October transport have received assignment to posts as follows:

Capt. Leartus J. Owen to the Leartus hospital at Presidio of San Francisco; Capt. Larry E. McAfee to Fort Riley, Kansas; Capt. Edward D. Kromers of Fort McDowell, Cal.

Each of these officers are ordered to join station upon expiration of leaves of absence granted them.

The transport leaving this afternoon for the mainland will take with it a number from Fort Shafter whose foreign tour has expired, and the incoming transport will bring many new faces to the garrison. Those leaving today are:

Capt. and Mrs. George S. Gibbs, Miss Jessie Gibbs, Master George Gibbs and Master David Gibbs. Lieut. Robert H. Love, Signal Corps, Mrs. Love, Mrs. Lawrence, Miss Dorothy Love and Master Robert Love. Lieut. and Mrs. Ira Longmeyer, 2d Infantry, and Master Ray Longmeyer.

Capt. and Mrs. J. R. D. Ballou, Corps of Engineers, and their three small children. Capt. and Mrs. Walter H. Johnson, 2d Infantry, Miss Louise Johnson and Master Walter Johnson.

The aerodrome was the scene of the most successful aerodrome night rally held off last night and a number of the acts were good. The show was packed and enthusiastic. Prizes were awarded to Davis & Co. for "Brown's Trouble," Wright of the Hospital Corps for "Harmonics Harmonics," second, and Baker & Company's second, and Baker drew first with a vocal duet.

Entries for "ladies night," which is to take place upon the return of the troops from the field, are coming in rapidly, but everyone eligible is asked to do her share and make the night a success. Miss Ellaline Boyer Roberts, a vocalist, has promised to take part, and her example will no doubt lead many others to volunteer.

## Home Course in Advertising

To be Conducted in this Paper by Alex. F. Osborn, Instructor in Advertising, Chicago, Ill.

**PURPOSES OF THE COURSE:**—(1) To increase returns for the retailer who now advertises. (2) To show the non-advertising retailer how he can lower his prices, yet increase his profits. (3) To suggest to the jobber and manufacturer a cautious method to create demand and increase good-will. (4) To prepare the person with latent advertising ability for a place in this new "profession."

This course, when delivered personally to a class of students, costs \$15. It is equivalent to a correspondence course which costs \$95. The entire 90 lessons will be given exclusively with this newspaper free of charge.

CHAPTER I. ANALYSIS AND MAIL-ORDER.

After you have analyzed your product and prospect, and all the conditions which surround both, you will be ready to decide on your method of distribution. As a wholesaler or manufacturer, your first impulse may be to seek to sell to the ultimate consumer direct.

That is the usual temptation. Why? Because the successes in this phase of mail-order business are so romantic. They tower over even the largest retail giants. They invite the man of imagination to go and do likewise.

But beware. There have been many millions lost in the chase for mail-order fortunes. If you have not the resources to wait and wait, you had better use the usual methods. And if your product and merchandise does not happen to suit the mail-order method, you cannot possibly succeed with that plan of distribution, although you may win out handsomely in selling through dealers.

Let us suppose that you are to manufacture shoes. The mail-order plan is selected. You tell folks what you have and ask them to order by mail. Can you market your shoes successfully in this way? The public knows how the shoes are made. They know they are about the same as shoes they have bought at their department store for \$3.50. If you offer those shoes for \$2.50, providing you prove you are reliable, people may send for them because they know the value and they can compare.

But if you had goods whose value was not so obvious

as in the case of shoes—even though they might be really cheaper in price—you could not sell by mail simply for the reason that you could not make the people see and appreciate your price argument. Take, for instance, investment bonds. There has been considerable advertising of these in the general publications.

Unless those bonds were government bonds or something of similar obviousness of value, you could not sell them to the general public unless you explained the bonds to the prospects personally. For very few people outside of the investment people know just how much a certain kind of bond should cost. Consequently, when you say in your ad that your bond is a fine opportunity to make money, the average person does not understand. They are not able to say to themselves, as they would in the case of something of known value, such as shoes: "This is worth so-and-so. At the price offered in this ad I can buy to my profit."

There is another element which you have got to consider before you decide to distribute your product through any system of direct-by-mail. Remember the factory that was not content with a \$300,000 business, selling through the dealer at a minimum profit to themselves. They thought that if the dealer could get \$5 more than he paid for this product which they offered, then there was no reason why they could not get \$4 more from the public than they were getting from the dealer for this article. And so, without further consideration, they embarked on a mail-order campaign. The first thing that happened, of course, was that their customers—the dealers—left them for good and all. The dealers were mad. They did not like to have this factory say to people, "Don't buy from your local dealer—buy direct from the factory and save money."

Consequently, there was no chance that this manufacturer would ever get back those retail dealers on whom they had spent so much time and money. As far as the public was concerned, they found that they got some orders by mail—but not enough to pay for the cost of getting the orders. Success was further precluded by the fact that what they were selling possessed no "repeat" quality. In other words, during a lifetime a person might buy two of these articles—say one now and one twenty years from now. Consequently, even if the manufacturer gained a family as a customer at an expense of two or three dollars' worth of advertising and selling to bring that customer on their books, even then that customer could not give that manufacturer any more business for twenty years. Consequently, the cost of getting a purchase would have to be all swallowed up in that first sale. Each sale they made amounted to less than \$10. The gross profit was less than \$3. The cost of getting the mail-order was over \$3. The concern failed. They had tried to conquer the world by mail-order.

But, like thousands of other such disasters, they found that the iron hand of economics decreed that the mail-order method was not the avenue to fortunes after all.

## MAUI PEOPLE WORKING FOR PUBLIC LIBRARY

(Special Star-Bulletin Correspondence) WAILUKU, Maui, August 2.—Vice-President D. H. Case of the Maui Library Association has called the annual meeting of that organization for Thursday evening, August 5, at 8 o'clock at the Library building. There is a special effort being made this week to increase the membership. It is hoped that in the near future all dues belonging to the organization may be done away with, making the library a free public library. The matter relating to this feature has been thoroughly discussed by the administration committee of the library in several meetings held in the past, and these reports are to be made at the annual meeting in the hope that some definite action will be taken greatly enlarging the scope of the work of the organization that has been so successful during the last three years.

Great Britain in one year spends nearly \$150,000,000 on tobacco.

## OAHU LEAGUE TO START SCHEDULE ALL OVER AGAIN

### Chinese and Portuguese Will Meet at Moiliili Field Sunday

Baseball is to be resumed at Moiliili Field by the Oahu Leaguers next Sunday afternoon at 2:30, with a game between the All-Chinese and the Portuguese aggregations. This will be the first game of the new schedule, and hereafter, every Sunday, the Oahu League will furnish the public with a game between two of its teams not otherwise playing at Schofield Barracks. A new schedule of prices for the games at Moiliili has been adopted, with 15 cents for general admissions and 25 cents to any part of the grandstand.

Next Sunday's game will mean the first between the Chinese team, champions of the Far East and Parema's stars. Although the Chinese met defeat at the hands of the 4th Cavalry at Lelehu last Sunday, this does not mean that the Chinese cannot play the game. The defeat at the hands of the soldiers may be blamed to the absence of Lang Akana and Luck Yee, two star players who were unable to make the trip but will be in the line-up next Sunday according to Manager Akia Laha, who has lately succeeded W. Tin Chung, owing to the latter's resignation, as the manager of this team.

Akia Laha has given out the following as his line-up: Kan Yin, c; Luck Yee, 1b; Woon Chung, 2b; Hoon Ki, 3b; Akia, 3b; Kai Laha, ss; Lang Akana, lf; Cheng, cf; and Yen Chin, rf.

Portuguese is yet undecided as to who will play in his team against the Chinese, but announced that Keater and Louis Souza will form his battery.

## BIG LEAGUE NOTES

"To my mind there are really two parts to a ball game," says Herzog. "There is the first half and the second half, and they must be played differently. For all the runs you can get in the first five innings. A manager does not know how many runs he will need nor how his pitching will hold up."

"The chance taking, therefore, and all the run producing efforts of a club should be exerted in the first five innings."

"If the game is close and pitching is of very good order it is best to play just one run and use every scientific means of getting it. One run very often is a big thing near the end of a game, and not so much value is placed on it at the start."

"That Eddie Plank of the St. Louis team is still a competent pitcher is being proved by his successful work in the Federal league. Plank surely is a wonderful veteran. He has passed the 40 mark, and yet continues to show rare form as a twirler."

Chief Bender, on the other hand, is not making good. He has won but a game or so this season, and most of the time has been hit hard. Bender gave signs of going back last year when he was with the Athletics, but Plank, while he cannot do a lot of work, will win a majority of his games if given the proper amount of rest between them."

By Fish was pitching for New York, and the Sox fans were having fun with his name.

"Mince is pitching!" yelled one joker.

"Lemon Pie!" howled a bleacherite.

"He's our huckleberry!" shouted a third.

Pieh stopped to object to a decision on a ball.

"He cursed hard," howled a punster.

"Awful crust he has, trying to beat the Sox."

"Don't mince matters!" screamed another.

"Three strikes!" howled the ump.

"Got his asserts!" yelled a New York fan, and the horror was over.

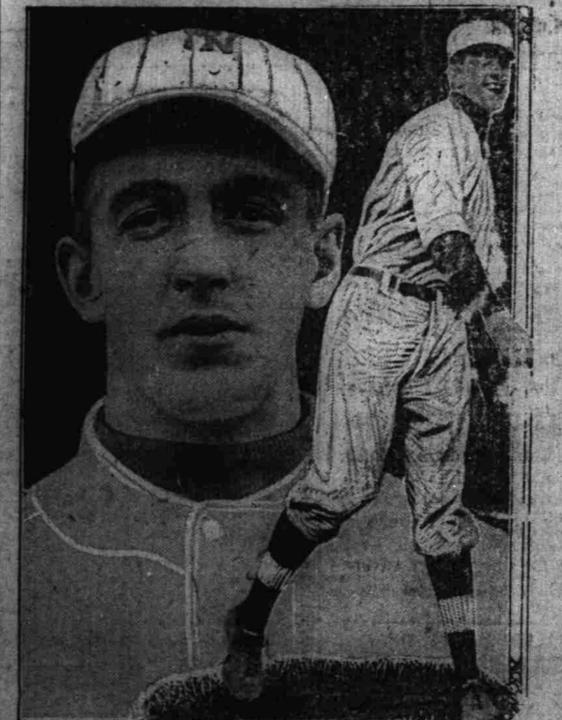

The Boston Braves, it is said, are hitting the first ball, figuring that opposing pitchers, knowing their tactics of last year, would expect them to wait 'em out. On the other hand, the Phillies, who were known as first ball hitters under Doolan, are waiting on the pitchers to the limit. It wins, either way, if you hit the ball safe when you decide to swing.

Frank Crocroft, who was managing ball games when Arthur Irwin was a player, estimates the age of the pinch specialist. "When I ran a ball club," Crocroft says, "the other day, 'the nine men' started the game with were expected to be good in a pinch."

### CHICAGO TO PLAY HERE!

(Special to the Nippon Jiji.)  
SAN FRANCISCO, Cal., Aug. 3.—The Chicago University baseball team, under the supervision of Professor Wright, left Chicago last night on a round-trip to Japan, to meet Waseda, Keio, and other Japanese college teams on the diamonds. The team will stay at Honolulu 10 days before proceeding to Yokohama, at which port the team will arrive on September 12.

## PITCHER IS ONE OF THE BEST OF PINCH HITTERS

RAY CALDWELL

Who said that a pitcher couldn't hit?

Raymond B. Caldwell, the star hurler of the Yankees pitching staff, established a modern record by accumulating three home runs in four times at bat. At the same time he set a new pinch hitting mark when he hit for a homer twice in succession while enacting the role of a substitute hitter. These three circuit wallopers scored seven runs.

Caldwell always has been a good hitter. "Bill" is really a great ball player, and if he would only take the game a little more seriously there is not the least doubt he would be one of Cobb's hottest rivals. "He is a big, good natured, careless fellow, more interested in pleasure than work. Baseball is somewhat of a joke to Ray."

However, this year seems to be attracting his attention more than usual, for his pitching as well as his batting has improved, and by the end of the season the lanky one promises to be the surprise of the year.

Three home runs in four times at bat is not the record. Back in the old days of heavy sluggers, when they used to hunt 'em over the fences (so they say), Caldwell's mark was bettered on three different occasions by three different men. Dan Brouthers, Jimmy Love and the famous Ed Delahanty all succeeded in driving out four homers in five times at bat—and in a single game, too.

## WHITE SOX NOT TO TRAIN NEXT SEASON IN CAL.

CHICAGO, Ill.—Florida, the land of the alligator and the big golden orange, is calling the White Sox for their spring training in 1916. President Coniskey of the South Side club admitted recently that his team probably would not go to California next spring and that plans were being made for his players to condition themselves in Florida in 1916. Miami is the place under consideration as the future training quarters of the Chicago American leaguers.

Miami Ideal Place to Train.  
The climate of Miami is said to be almost ideal for the conditioning process of a major league club. A stadium is being constructed there for athletic games and if the Sox should go to that city this playground would be turned over to the Old Roman for the use of his ball club, it is said.

"Yes, it is true that my club will probably not train in California next season," admitted the Sox magnate when confronted with a query on the subject today.

"We have been in California seven times and have trained there three years in succession. Pasa Robles was a good training camp, but one could not depend on favorable weather conditions out there. It rained several days last spring and that might have been a handicap had not Manager Rowland kept the boys going. Looking for a Good Camp."

"California is a great state and has some good training camps, but we have journeyed out there seven times. The club drew fairly well in California last spring considering conditions, but it is the camp we are seeking. If we can find a better place than Pasa Robles, there I will take my club."

"Miami seems to have the natural advantages to make an ideal training camp. The climate is such as to be conducive of the best training results. It is exempt from the rigors of the northern section of the state some times hit by cold spells. It is so situated as to have a warm climate and be exempt from bad weather conditions existing in many sections of the south in the spring."

What Is Needed in a Camp.  
"Warm weather with very little rainfall is the most essential thing in spring training. We had an ideal camp at Mineral Wells, Texas, but they have had a bad year there since we trained in that town in 1911. From all the reports I can get the southern part of Florida has the ideal climatic conditions for a big league training camp."

"I have a representative negotiat-

ing with the Miami people now and he probably will report favorably, although the deal has not been closed."

Florida furnishes great natural advantages for a training camp. It is the rendezvous of health and pleasure seekers from the north in the winter months. It teems with luxuriant vegetation and is considered one of the healthiest states in the union.

Miami is a city of about 8000 inhabitants and is situated between the everglades and Biscayne bay. The White Sox could make week-end jaunts of Key West and Havana. On the trip home the Sox could stop off and play exhibition games in Jacksonville, Fla.; Savannah, Ga., and other southern cities.

"Daughter, who was that young nuisance honking in front of the house last night?" "It was Montmorency, father. Sixteen homes means I love you."—Life.

## TWO NO-HIT NO-RUN GAMES IN A ROW NEW RECORD

### Kruse of Makaweli Team Sets Mark That is Probably Unique in Baseball

One no-hit no-run game is something that a pitcher can talk about for quite a while. Two such games puts him among the very top notchers. Two in succession is something that sounds like a new world's record. The complete pitching dope of the last 50 years is not available for comparison, but it is doubtful if anything like the performance related below has been hung up before in any league, big or little.

The following communication was received this morning from A. Q. Marcallino, formerly manager of the Oahu League, and now a resident of the Garden Island:

Makaweli, Kauai, Aug. 2, 1915.  
Sporting Editor, Honolulu Star-Bulletin.

"A few days ago I read a newspaper account of a no-hit, no-run game in which one of the young Japanese pitchers of the Hilo league covered himself with glory. We all realize that it is rare luck to see the performance of such a feat in baseball and I therefore imagine that I can go your correspondent one better when I write how Kruse, pitching for the Makaweli nine in the Kaula league, pitched a no-hit, no-run game two Sundays in succession."

In the first of these games, played with the Japanese team, who, by the way, had worked up to a play-off for the first series championship, not only did Kruse hold his opponents to no hits and no runs, but during the entire game only three men faced him in each inning, excepting one, when, on an infield error, a runner reached third. Incidentally Kruse struck out 14 of his rivals.

On the following Sunday Kruse faced the Lihue aggregation, and though Lihue is considered the weak sister of the league, yet on that last meeting of these two teams the boys from the Capital City had given Makaweli a severe drubbing. This put Kruse on his mettle and once more a no-hit, no-run game was chalked up to his credit and, as on the Sunday previous, only 27 batters again faced Kruse, one man alone reaching first on an error by the catcher, only to be caught on the next moment, pitcher to first. In this game, also, he took the strike-out route for the bench.

To one that has watched and been interested in baseball for years, Kruse seems to be a coming pitcher, and some of the wide-awake managers of the Oahu league would do well to give this youngster the "once over." Only 19 years old, standing some six feet two in height and weighing about 175 pounds, Kruse is as strong as a bull and, like Barney Joy, he amuses himself during his working hours, swinging a hammer in the Kekaha Sugar Company's machine shop.

With all this, Kruse is a good, consistent worker, and if handled by such men as Al Castle or "Foxy" Pat Gleason it would be no surprise to see this youngster make good in big company within the near future.

Very respectfully yours,  
TONY MARCALLINO.

## SEND ENOUGH BEER TO FRONT FOR BIG ARMY TO TAKE A SWIM IN

(By Associated Press.)  
MUNICH, Germany.—Some idea of the enormous quantity of beer manufactured for the use of Bavarian soldiers in the field can be gathered from the figures of the authorities of the First Bavarian Army Corps, just published.

Munich breweries alone deliver, it is estimated, 140 car loads of beer in kegs and 60 car loads of bottled beer each week. The first contain an average of 1320 gallons per car load, and the second 5500 three-quarter liter bottles. Other breweries deliver 50 car loads of keg beer, 1320 gallons to a car.

## GREAT BRITAIN GETTING READY FOR NEXT ELECTIONS

LONDON, Eng.—Registration of voters for the next general election in Great Britain—whenever that may occur—closes this month. Britons who are at home may consult the registry lists which are posted on doors of chapels, churches and public buildings throughout the country, and may petition their town clerk for the correction of any omission or mistake.

But the thousands of men who are fighting abroad or in training at home, and who therefore cannot safeguard their interests, are protected by a special wartime act of parliament, which provides that no man may lose his civic privileges through serving his country as a volunteer. Any other person may appeal in his behalf for the correction of errors in the lists, and no soldier may be disqualified during his absence, on the ground that his wife or family has received assistance from the local poor-relief fund.

Germany is credited with having no fewer than 100,000 motor vehicles in military use.

## GOLF ALIBIS

I was set for the drive.  
And my stance was correct.  
I was sure of a "five."  
'Twas the most to expect.  
But I dabbled it because  
As I started my stroke  
Behind me there was  
A rude fellow who spoke!

With the brassie I'm fair,  
All who know me admit,  
And the ball lying there  
I'd certainly hit.  
But I missed it because  
When my club came aloft,  
In that tense second's pause  
Some one, back of me, coughed!

I'm not one to complain  
Of the luck of the game,  
For the troubles that rain  
I am often to blame.  
But I had number ten  
In a four, if you please,  
Had not some one just then  
Thrown me off by a sneeze.

The rough and the fair  
I am willing to take,  
And men's laughter I'll bear  
For the bad shots I make.  
But it isn't a joke.  
When you're set on your toes,  
And you've started your stroke,  
And a chap blows his nose!

## NEW YORK FANS KICKING OVER THE UMPIRING

### Crack Field Judges of League Have Only Been Seen in Seven Games

[By Latest Mail.]  
NEW YORK, N. Y.—New York is the best baseball city in the world, no matter whether her teams are winning or losing, and Chicago comes next. In a few other cities, such as Boston, Pittsburgh and Brooklyn, crowds will flock to the parks if it appears that the local clubs are making a bid for the pennants, but most of the other cities in the major circuits seldom keep the turnstiles working overtime except on Sundays, holidays and Saturdays in July and August.

From these facts it will be seen that the "fans" of New York and Chicago are doing more than their share to support the national pastime, and year after year many teams which have lost heavily on their home ground have made enough in these two cities to keep them from being seriously embarrassed financially.

It, therefore, would seem to be both fair and good policy to do anything within reason to please the "rooters" of Manhattan, but oftentimes a directly contrary policy is carried out by the powers of the National League.

This is particularly true this year with reference to the umpires. Almost from the beginning of the season John K. Tener, president of the parent organization, has sent his most incompetent indicator holders to preside at the games played at the polo ground. From the very beginning of the season the teams of Byron and Orth and Rigler and Hart made such fearful blunders that the "fans" lost all confidence both in their judgment and their ability to preserve order without giving way to an unseemly fit of temper as even the most vexed player showed.

Klem and Emalle, the only competent pair of field judges in the National League to-day, have been at the Polo Ground in just seven games, but the greater part of their time has been spent in cities where a week day crowd of 5000 persons practically is unknown. Since this city is paying a large share of the bills of the National League, why not let the organization's only real umpires come here a little more frequently, that local patrons occasionally may see a contest unspiced by almost constant quarrels between the indicator holders and the players of both teams?

The following table will show the number of times each umpire has judged a game in which the Giants took part on the local diamond this season:

Umpires—	Games
Rigler and Hart.....	14
Byron and Orth.....	15
Byron and Eason.....	8
Quigley and Eason.....	3
Quigley and Orth.....	1
Klem and Guthrie.....	1
Klem and Emalle.....	7

Klem and Emalle worked last in this city in a double header, played on June 28.

"I suppose you are saving up for a rainy day?" "No," replied Farmer Cornstossel. "Out this way we pray for rain. I'm saving up for a drought."—Washington Star.

## INTER-CLUB TENNIS WILL BE SETTLED

### Delayed Tournament for the Hawaiian Championship This and Next Week

Finals of the inter-club tennis championship of Hawaii will be played off within the next few days, Friday to Tuesday, inclusive. For two months now this tournament has hung fire, but the preliminary rounds have been finally played off, giving the Pacific Tennis Club the right to challenge Beretania for possession of the handsome trophy donated three years ago by Wall & Dougherty.

Pacific won out when W. F. Dillingham and H. K. Castle defeated McKeever and Renton of Ewa in the deciding match of the Pacific-Ewa series. Beretania, present champion, will be represented in singles by A. L. Castle and W. H. Hoogs and in doubles by Robertson and Hoogs, A. L. Castle and C. Henoch and Nowell and Warren, with Pfleger and George Waterhouse as substitute team. Pacific, challenger, has A. J. Lowrey and H. K. Castle as its singles representatives, and Lowrey and Davis, H. K. Castle and Dillingham, and Judd and King, with Littlejohn and J. T. Waterhouse, as substitutes in the doubles.

Matches will be played on both the Beretania and Moana hotel courts, the schedule being as follows:

Friday, 4:30, Beretania courts—Lowrey (P) vs. A. L. Castle (B).

Saturday, 4, Beretania courts—Judd and King (P) vs. Nowell and Warren (B).

Sunday, 9 a. m., Moana courts—Lowrey and Davis (P) vs. Robertson and Hoogs (B).

Monday, 4:30, Beretania courts—H. Castle and Dillingham (P) vs. A. L. Castle and Henoch (B).

Tuesday, 4:30, Beretania courts—H. Castle (P) vs. W. H. Hoogs (B).

### RUSSIAN HONORS FOR ENGLISH.

LONDON, Eng.—It was announced here that Emperor Nicholas of Russia has conferred the Cross of St. George upon all the officers and crew of the British submarine which recently sank a German battleship in the Baltic.

## OPEN COURTS WEDNESDAY

"My employes divide their time between the check and the mirror." "Mine, too. And soon the thermometer will be in the running."—Puck.

### For Rent

**FOR RENT.**  
Five-room, modern cottage; elegantly furnished. Rent \$35. Apply John Doe, 761 Rabbit lane.

Sample of new "display classified" advertisement, now obtainable in the STAR-BULLETIN at the rate of

**9c PER LINE PER DAY**  
**45c PER LINE PER WEEK**  
**\$1.05 PER LINE PER MONTH**

The above sample is a ten-line ad. Everyone that looks at this page will see it at a glance.

**IT'S GOOD ADVERTISING.**  
We advocate this form of advertising for those wishing something a little more attractive than the ordinary "liner classified" adv., yet do not want to go into large display advertising, where a contract is necessary.

No contract is necessary for this form of advertising—and you can take as much space as you wish. Try it and be convinced of its merit.

**THE "AD MAN."**

**WANTED**  
In the UNITED STATES DISTRICT Court for the Territory of Hawaii. Action brought in said District Court, and the Petition filed in the office of the Clerk of said District Court, in Honolulu.

**THE UNITED STATES OF AMERICA, Plaintiff, vs. LUCY PEABODY, et als., Defendants.**  
THE PRESIDENT OF THE UNITED STATES OF AMERICA, GREETING:

LUCY PEABODY; GRACE KAHOLALI; THE PROTESTANT EPISCOPAL CHURCH IN THE HAWAIIAN ISLANDS, a corporation organized and existing under and by virtue of the laws of the Territory of Hawaii; ST. ANDREW'S PRIORY; HENRY BOND RESTARICK; SISTER BEATRICE, whose full and true name is unknown; SISTER ALBERTINA, whose full and true name is unknown; THE QUEEN'S HOSPITAL, a corporation organized and existing under and by virtue of the laws of the Territory of Hawaii; BRUCE CARTWRIGHT, Trustee under the Last Will and Testament of EMMA KALELEONALANI, deceased; THE TERRITORY OF HAWAII; C. H. BELLINA; HONOLULU PLANTATION COMPANY, a corporation organized and existing under and by virtue of the laws of the Territory of Hawaii; and JOHN BROWN, JAMES BLACK, MARY DOE and JANE BLUE, unknown owners and claimants.

You are hereby directed to appear and answer the Petition in an action entitled as above, brought against you in the District Court of the United States, in and for the Territory of Hawaii, within twenty days from and after service upon you of a certified copy of Plaintiff's Petition herein, together with a certified copy of this Summons.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment of condemnation of the lands described in the Petition herein and for any other relief demanded in the Petition.

WITNESS THE HONORABLE SANFORD B. DOLE and THE HONORABLE CHARLES F. CLEMENS, Judges of said District Court, this 10th day of June, in the year of our Lord one thousand nine hundred and fifteen and of the independence of the United States the one hundred and thirty-ninth.

(Seal) (Signed) A. E. MURPHY, Clerk.

(Endorsed)  
"No. 37, UNITED STATES DISTRICT COURT for the Territory of Hawaii. THE UNITED STATES OF AMERICA vs. LUCY PEABODY, et als., SUMMONS. JEFF McCARN and J. W. THOMPSON, Plaintiff's Attorneys.

United States of America, District of Hawaii, ss.  
I, A. E. MURPHY, Clerk of the District Court of the United States of America, in and for the Territory and District of Hawaii, do hereby certify the foregoing to be a full, true and correct copy of the original Petition and Summons in the case of THE UNITED STATES OF AMERICA vs. LUCY PEABODY et als., as the same remains of record and on file in the office of the Clerk of said court.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said District Court this 34th day of June, A. D. 1915.

(Seal) A. E. MURPHY, Clerk of United States District Court, Territory of Hawaii.

**THEATRICAL OFFERINGS**  
**'OLD DUTCH' WILL FINISH TONIGHT**

Following a week's successful engagement, Law Fields in "Old Dutch" closes at the Bijou theater tonight to make way for the latest innovation in the photo-play world, the talking-motion pictures. Law Fields is of the old school. Should the new prove as successful as the old, much may be expected from the talking-pictures.

"Old Dutch" is one of Field's most successful stage offerings and as a photo-play it promises to out-do even its stage success. In the picture, as on the stage, the Messrs. Shubert have seen to it that Fields is surrounded with a galaxy of talent that would be hard to beat. They are not afraid of Fields' inability to hold his own against all comers—and their confidence is not misplaced. Fields, with the aid of Vivian Martin who essays the role of his daughter, through his kindly and sympathetic ability makes himself almost the whole show—and a good one it is.

About the only purpose served by "Old Dutch" is to make folks laugh, and any who are opposed to this method of recreation are advised to "pass up" this picture, as it is a rapid-fire mirth provoker, and brings smiles to all.

**BIG INTEREST ON TEN CENT PIECE**

"David Harum" leaves the Liberty theater after tonight. William H. Crane is one of the leading character actors on the American stage today. His greatest characterization is David Harum, probably the most quaint and one of the most lovable characters ever given to the stage.

David Harum in the book and David Harum on the screen are identical. Anyone who has read the book can hear David grumble comically at the poor widow against whom he holds a mortgage, as he tells her to come to his office in a hurry. They can also hear him recite the story of his running away to the circus when a small boy and of the widow's husband caring for him and presenting him with a dime which he refused to allow him to spend.

All eyes become moist as David progresses with his story and says: "Mrs. Cullum, your husband made an investment that day, and here is the interest." Meanwhile, handing over the cancelled mortgage and then displaying, carefully wrapped in tissue paper, a dime, with the remark, "And here is the principal."

**PLOT SPARES NEITHER PARTY**

Few photo-plays that have been shown in Honolulu recently excelled in plot, photography and staging the problem film running this week at the Popular theater, "Should a Woman Divorce?" is a feature full of human interest, and the company presenting it, headed by the beautiful Lea Leland and Leonid Samoiloff, a talented actor, is excellent.

"Should a Woman Divorce?" deals with the errors of present-day society, and the lesson it teaches is one that most persons have personal knowledge of. Neglect of a woman who loves

**PLAN CAREFUL CHECK ON IMPORTED SUGARS**

A survey of the methods used in checking imported sugar used in these islands in canned pineapple for export is to be made by John W. Short of the local customs house, and W. D. Wilder, deputy collector of customs. The government allows a drawback on such imported sugar, and the whole duty is remitted except a small amount to cover the cost of checking. No money is involved in the survey, the idea being to save money for the canners. Upon the completion of their investigation Messrs. Short and Wilder will make recommendations to the treasury department regarding the best and simplest methods of tracing the imported sugar from its raw state in Hongkong or Mexico to a refinery perhaps in San Francisco, thence to the wholesaler and finally to the local canneries. Upon this information the department will fix a cheaper and more adequate method of tracing the sugar. Similar investigations are being carried on throughout the United States.

**GREAT BRITAIN HAS DESTROYED THEIR TRADE**

WASHINGTON, D. C.—American meat packers appealed to the state department to demand that Great Britain stop interfering with their cargoes consigned to neutral ports and settle for \$14,000,000 worth of their products now held up in prize courts. They charge the British government with the destruction of commerce in food products between the United States and other neutral nations.

The weekly statement of the Bank of France shows an increase in gold of 5,952,000 francs, and a decrease in silver of 1,199,000 francs.

owed, of 644 Magellan avenue, Punchbowl, a native of St. Michaels, Azores, Portugal, 65 years old.

**SEALED TENDERS.**

Sealed tenders will be received by the Board of Harbor Commissioners up until 2 o'clock p. m. of Wednesday, September 22, 1915, for the Construction of Reinforced Concrete Piers known as Piers No. 8, No. 9 and No. 10, at the foot of Fort street, Honolulu, T. H., and on the exact location as shown on Plans, Numbers H. C. 24.1 to H. C. 24.21, which plans, specifications and blank forms of proposal are on file in the office of the Board of Harbor Commissioners, Capitol building, Honolulu, T. H.

The Board of Harbor Commissioners reserves the right to reject any or all tenders.

(Signed) CHARLES R. FORBES, Chairman, Board of Harbor Commissioners.

Honolulu, July 21, 1915, 6221-July 21, 24, 28, Aug. 4, 7, 18, 25, Sept. 7, 14, 21

**NOTICE TO BIDDERS ON JOE NO. H. C. 24.**

Notice is hereby given that the last sentence in Paragraph 20, Page 9, of Specifications on the above entitled job for construction of Piers Nos. 8, 9 and 10, at the foot of Fort street, Honolulu, T. H., which reads as follows, has been stricken out:

"Bidders must state in bid the exact kind and character of bars and stirrups which is intended to be furnished."

Bidders will omit requirements of the above clause in filling out proposals.

BOARD OF HARBOR COMMISSIONERS, (Signed) CHARLES R. FORBES, Chairman.

Honolulu, T. H., August 2, 1915, 6223-Aug. 4, 5, 6, 7, 18, 25, Sept. 7, 8, 14, 21.

**NOTICE.**

All claims remaining unpaid against the City and County of Honolulu to June 30, 1915, should be presented at once in duplicate to the auditing department.

Claims must be itemized and bear reference to the department of the City and County to whom service was rendered.

A prompt settlement of all such outstanding obligations is desired by this department.

JAMES BICKNELL, City and County Auditor. 6231-Aug. 2, 3, 4.
