STATE DEPARTMENT AWAITS REPORTS ON ARABIC SINKING

STORM SWEEPING NORTH; ST. LOUIS PARTLY FLOODED

Missouri Valley Now Getting Weather Experience—Great Lakes Region Expects It Soon—Rivers Are High Over Banks

[Associated Press by Federal Wireless]
WASHINGTON, D. C., Aug. 20.—The weather bureau has received reports that the tropical storm which swept the Gulf coast and Texas has moved north and that the weather is steadily growing worse in Missouri. It is expected that the storm will soon reach the Great Lakes region.

ST. LOUIS, Mo., Aug. 20.—The southwest section of this city is flooded as a result of a tremendous rain and windstorm that has swept up from the south.

Boats are being used to navigate the streets and the railroad tracks are under water.

The Des Peres river has increased in width from six feet to 900 in a few hours.

The flood waters are so deep in many places that only the roofs and chimneys of scores of houses are visible. Great damage is feared.

GALVESTON, Tex., August 20.—Communication between this city and the outside world has been restored, following the great storm. Eight persons were killed in Galveston and 25 others in the near vicinity. The property damage will run into millions.

SAN FRANCISCO MEN ENROLLED IN MILITARY CAMP

[Associated Press by Federal Wireless]
SAN FRANCISCO, Cal., Aug. 20.—Eighty-one men were enrolled today with prospects for a considerably larger attendance when the businessmen's military training camp opened at the Presidio. The camp will be conducted for four weeks and the businessmen will be given an insight into preliminary preparedness.

LOS ANGELES BANDITS RAID BANK OPPOSITE THE POLICE STATION

[Associated Press by Federal Wireless]
LOS ANGELES, Cal., Aug. 20.—Three holdup men today raided the Boyle Heights branch of the Home Savings Bank, opposite a police station. They succeeded in getting \$3000 and in making their escape, though only after a running fight in which a number of shots were exchanged.

CARRANZA ARMY WINS TOWN AND THEN LOSES IT

[Associated Press by Federal Wireless]
WASHINGTON, D. C., Aug. 20.—News has been received here that the Carranza forces won an important victory from the Villa army at Durango on August 13, taking the city, but that later the Villa soldiers recaptured it.

JOE COOPER WINS LONG RACE FOR CHICAGO CUP

[Associated Press by Federal Wireless]
ELGIN, Ill., Aug. 20.—Joe Cooper, the well-known racing driver, today won the Chicago auto trophy race, with Gil Anderson and Barney Oldfield second and third.

CHICAGO MARKSMAN IS WINNER OF HIGH HONOR

[Associated Press by Federal Wireless]
CHICAGO, Ill., Aug. 20.—L. B. Clarke of Chicago won the Grand American Handicap, the blue-ribbon event of the trap-shooting tournaments, today. He was placed on the 17-yard mark and broke 96 out of 100 clay pigeons.

SURGEON-GENERAL BLUE GIVEN MEDAL OF HONOR

[Associated Press by Federal Wireless]
WASHINGTON, D. C., Aug. 20.—Surgeon-general Rupert Blue was today awarded the medal of the American Medical Association for distinguished services.

CAPTAIN BLAMES SEAMEN FOR DELAY AT HONOLULU

[Associated Press by Federal Wireless]
SAN FRANCISCO, Cal., Aug. 20.—The crew of the steamer Yucatan have complained on account of a deduction in their wages. The captain says they delayed the boat at Honolulu.

'FRISCO'S MAYOR ABOUT TO ENTER HAWAIIAN TRADE?

Hind, Rolph & Company Said to Be Building Two Vessels for Run to Honolulu

Two new ships, both designed to carry passengers as well as freight between Honolulu and San Francisco—that is the new topic on San Francisco's waterfront these days, according to word reaching Honolulu which goes into further detail and says that the two ships, one of them about the size of the Matsonia, are being built now for Hind, Rolph & Company, controlled by Mayor James Rolph of San Francisco, or for the allied Rolph Navigation Company, which was organized last year, and purchased several coastwise ships.

Rumor credits Mayor Rolph with having made a frank avowal of his intention to put his two new ships on the Honolulu-San Francisco run.

That such a line of ships would stand a good chance of drawing a sugar tonnage from the islands is claimed from the affiliations of those interested in the Hind, Rolph organization. The Hind interests, it is pointed out, have large holdings of sugar lands in the Kohala district, and Hind, Rolph & Company already have branch brokerages, shipping and commission offices in Honolulu, in the Campbell block, on Fort and Merchant streets.

In some quarters of the sugar and brokerage district of the city the plan for the new ships is thought to have some connection with the fact that the new contract of the Sugar Factors with the American-Hawaiian line will be shorter lived than the previous agreement, a fact which would make the diversion of some sugar tonnage to the Hind, Rolph ships an easy matter in the not too distant future.

BAR ASSOCIATION TO LET MR. GREGORY KNOW HIS STAND APPRECIATED

The Bar Association will meet this afternoon at 4 o'clock in the room of the Honolulu Stock and Bond Exchange to pass resolutions of thanks to Attorney-general Gregory and through him to President Wilson.

This is the result of the attorney-general's action in recommending the reappointment of Chief Justice Robertson and Circuit Judge Whitney and the president's action in promptly reappointing them. The Bar Association, recognizing in these reappointments that party politics has been put aside and the best interests of an efficient judiciary observed, wishes to express its appreciation of the administration's attitude toward the Hawaiian bench.

It is probable also that resolutions will be presented expressing the association's regret at the death of Judge Hardy of Kauai.

RED CROSS WORKER TOO SEASICK TO TALK MUCH

"I'm too seasick yet to do any talking for publication," said Miss H. Pearl Josephson, a prominent Australian charity expert and Red Cross fund organizer, who arrived in Honolulu this morning from Australia for a visit with friends and relatives here.

Miss Josephson's sister is Mrs. F. L. James of this city.

MARYLAND OFFICERS HOSTS.

The officers of the cruiser Maryland will give a dance aboard the ship this evening. The affair will be an invitational one, and among the guests will be J. D. Spreckels and party. Dancing will start at 9 o'clock. The committee in charge of the affair includes Executive Officer D. A. Boyd, Lieut. H. Brown and Captain S. E. W. Kittle.

Police of Southampton, L. I., deny report that the \$50,000 necklace and the marquis diamond ring stolen from the home of Mrs. Sherwood Aldrich had been found.

THINKS PACIFIC MAIL SHIPS WILL CONTINUE ON RUN

J. Edwardson, Back From the Coast, Says Panama Liners Will Also Go to Atlantic Co.

CONSPIRACY CHARGE IS MADE BY UNION HEADS

Say Atlantic Shipowners Tried to Get Those on West Coast to Tie Up Passenger Traffic

That the transpacific liners of the Pacific Mail Steamship Company, recently transferred to the Atlantic Transport Company of West Virginia, will not be taken from the Pacific run but will continue their present schedules, is the firm belief of Andrew Furuseth, president of the International Seamen's Union, and of other high officials of the union, is the word brought to Honolulu by J. Edwardson, delegate from the Honolulu union to the big international convention recently concluded at San Francisco.

"We know of the dummy transfer of the five Pacific liners to the Atlantic Transport Company—knew of it several months ago," said Mr. Edwardson this morning. "More than that we are satisfied that the Pacific Mail's eight other ships, now running from San Francisco to Panama, will soon be turned over to the same company."

"The Panama line ships will then go into the Frisco-New York trade, and the Pacific Mail Company will go out of existence as a corporate entity. "The transfer of the ships from one company to another is really no sale, merely a legal freeing of the vessels from Southern Pacific control so that the company can operate through the Panama canal, railroad owned vessels being denied the use of that waterway."

"Not only will the transpacific liners continue calling at Honolulu going to and from the Orient, but they will remain under the American flag, and Honolulu's passenger facilities will not be reduced. The threat to switch the ships to another run under a foreign flag is merely another phase of a nation-wide conspiracy to deceive the public and an attempt to bulldoze Congress into repealing the Seamen's Act."

Mr. Edwardson smiled dryly, and continued: "That act will not be repealed at the coming session of Congress. I learned from the union officials at San Francisco that they have assurances from Democratic leaders and from a member of President Wilson's cabinet, that the Seamen's Act will not be tampered with until it has been tried out and been proven a failure."

"Why, if the bill does prove fatal to American shipping, as some ship owners claim it will, the Seamen's Union will be the first organization to make a move to have it amended or modified. We realize as well as anyone that our own prosperity rests upon the success and growth of the American merchant marine, and we shall never approve nor support any legislation which will drive American ships from the seas."

The union is officially supporting the McAdoo Ship Purchase Bill, which will undoubtedly be up for congressional consideration at the next session of that body.

The eight ships of the Pacific Mail now running from San Francisco to Panama, which Union officials believe will be transferred to the Atlantic Transport Company, are the City of Paris, City of Sydney, Newport, Pennsylvania, San Juan, Peru, San Jose and Atzac.

Mr. Edwardson, who returned to the islands in the Matsonia last Tuesday, brings word of amazing charges made during the session of the union convention in San Francisco. He says

(Continued on page two)

NEW CONTRACT FOR CARRYING SUGAR TO EAST COAST DUE SOON

A new contract for the carrying of Hawaiian raw sugars to the Delaware Breakwater via the Panama Canal, will soon be entered into between the Sugar Factors and the American-Hawaiian Steamship Company.

Street rumor has it that the final details of the contract have been agreed upon, but that the agreement has not yet been formally signed, but will be upon arrival of documents from the East.

A new scale per ton, higher than that which has been in effect, and a much shorter life to the contract than that which expires about October 1, are said to be the outstanding features of the new agreement. The present contract has been in effect since 1905 without change. The new contract, it is said, will be for two years only with option of renewal.

Two Americans Dead; Grave Issue Raised Russians Lose Last Stronghold in Poland

GERMANY CLAIMS SEA VICTORY IN FLOTILLA BATTLE

Also Official Reports Tell of Zeppelin Attacks at English Points—Say Damage Done on Thames at Ipswich

The following cablegram from official German sources was received last evening:
"German admiralty reports: "On August 17 at 2 o'clock five boats of one of our torpedo flotillas attacked a small modern British cruiser and eight torpedo boats and destroyers near Hornes off lightship, on the west coast of Jutland. We sank the cruiser and one of the destroyers with torpedoes. Our forces had no losses."
"During the night of the 17th and 18th our naval airships again attacked London. London City and important Thames establishments were liberally bombarded. Good results were observed. In addition the factories and blast furnaces at Woodbridge and Ipswich were bombarded."
"The airships suffered no damage despite heavy fire upon them and all returned."

HIS COUNTRY ANGERED AT GERMANY'S ACTIONS

King Christian of Denmark. The halting of a Danish steamer by a German submarine and seizure of the mails has excited the Danes to a high pitch.

NOVOGEORGIEVSK FALLS AND RUSS CAPITAL MAY BE MOVED TO MOSCOW; KAISER AT FRONT

EMPEROR WILHELM GOES TO FORTRESS TO CONGRATULATE TROOPS—NORWEGIAN TORPEDO-BOAT CHASES GERMAN SUBMARINE AWAY FROM STEAMER—RUPTURE BETWEEN ITALY AND TURKEY IMMINENT—FORMER DELAYS TO PROTECT SUBJECTS

[Associated Press Service by Federal Wireless]
WASHINGTON, D. C., Aug. 20.—The state department is awaiting reports from Queenstown and London as to the Arabic sinking. Ambassador Page will cable all facts promptly to the department.

LONDON, Eng., Aug. 20.—Two Americans are now known to have been killed in the sinking of the White Star Arabic yesterday morning by a German submarine.

The two are Mrs. Josephine Bruguiere of San Francisco, and Dr. Edmond Wood of Wisconsin. Several of the Americans who were rescued were injured.

The Arabic was torpedoed on the starboard side, near the boilers. Tugs are now patrolling the waters in the vicinity searching for possible survivors and other bodies. Twenty-three of those known to be aboard are still unaccounted for.

WASHINGTON, D. C., Aug. 20.—Secretary of State Lansing has directed that a strict inquiry be made into the circumstances surrounding the sinking of the Arabic.

Affidavits are to be secured by the American diplomatic and consular representatives in England and Ireland from Americans who were aboard the Arabic. The administration makes it plain that it will await a full report on the facts before reaching any conclusions.

Among the grave questions raised by the occurrence are these:

Was the Arabic warned, and if so, did she disregard the warning and attempt to escape?

Did the acceptance of a British convoy at the beginning of the voyage from Liverpool operate to waive the rights of non-combatants on board?

By proceeding to the assistance of the torpedoed steamer Dunsley, was the rule broken which forbids one ship giving assistance to another that has been torpedoed?

Von Mackensen's Army Enters Forts Supporting Brest Litovsk Defenses

The following cablegram from official German sources came late yesterday:

"German Army headquarters, August 19: Two more forts on the north front of Novogeorgievsk have been stormed by Field Marshal von Hindenberg's army and 125 cannon taken. On account of the fall of Kovno the Russians have evacuated their positions opposite Kawlarja and Suwalki.

"Von Hindenberg's armies imprisoned altogether about 8000 Russians. Field Marshal von Mackensen's army has entered the advanced positions of the fortress of Brest Litovsk. Everywhere the Russians have been driven back, pursued by the Germans."

The following cablegram from official German sources was received today:

"German Army Headquarters, August 20—The fortress of Novogeorgievsk, the last Russian stronghold in Poland, has been stormed by General von Beseler's forces after a stubborn resistance by the whole garrison. Of this garrison yesterday in the final combat more than 20,000 were taken prisoners and innumerable war materials captured.

"The German emperor with General von Beseler is at Novogeorgievsk."

20,000 Prisoners Said to be Taken in Fall of Novogeorgievsk

LONDON, Eng., Aug. 20.—Gen. von Beseler has taken Novogeorgievsk, the strong fortress north of Warsaw, and captured 20,000 prisoners and a large amount of munitions. The Kaiser is en route to the fallen stronghold to congratulate the troops upon their victory.

British Submarine Grounds and Fifteen of Crew Are Killed

LONDON, Eng., Aug. 20.—The submarine E-13, en route to the Baltic sea, grounded at Saltholm island and fifteen of the crew were lost.

British, Spanish and Norwegian Steamers Among Day's War-toll

[Associated Press Service by Federal Wireless]
LONDON, Eng., Aug. 20.—The British steamers New York City, Restormel and Baron Erskine have been sunk by German submarines. The crew of the New York City was saved but the fate of the others is not known.

Coupled with the news of the sinking of these British vessels comes the news that several more vessels of neutral nationality have been torpedoed also. The Spanish steamer Perla Castillo and the Norwegian steamer Sverresborg are victims of the submarine attack. Of the Spanish vessel's crew, three are known to have been rescued but no reports have come that the others reached shore and nothing is known as to the fate of those aboard the Sverresborg.

LONDON, Eng., Aug. 20.—The White Star liner Bovic has been sunk. The vessel had no passengers aboard at the time of the torpedoing. She is in the Australian service.

The British steamer Ben Brackie has been sunk. The crew were saved.

Italy and Turkey on Verge of War; Declaration Expected Soon

ROME, Italy, Aug. 20.—Declaration of war between Turkey and Italy is imminent. "Relations have been strained ever since Italy and Austria went to war. Italy is delaying a formal break in order to protect the interests of 12,000 Italians who are residing at various points in Turkey. It is feared that after a declaration of war they would be in great danger of violent treatment."

Chases German Submarine Away

CHRISTIANIA, Norway, Aug. 20.—A German submarine stopped the Norwegian steamer Irma but desisted and disappeared when a Norwegian torpedo boat, attracted by the halting of the steamer, arrived on the scene.

Moscow May be New Russian Capital

LONDON, Eng., Aug. 20.—The steady advance of the German-Austrian forces and the uncertainty whether they can be stopped if the Brest Litovsk line is thrust further back, is causing the Russian government leaders to consider seriously removing the capital from Petrograd to Moscow.

[Additional Telegraph Despatches on Page 7]

CITY ATTORNEY MUM ON CARNIVAL PERMIT FOR USE OF BIG PARK

The city attorney's opinion on the validity of the action of the board of supervisors in granting a permit to the Mid-Pacific Carnival Company to fence Alaia park during the next Carnival, and hold a carnival city within the park has been prepared, but will not be made public until the supervisors meet next Thursday night. The Carnival company proposes to charge an admission to the park, and there is a question as to whether or not the city can lease public property to a private corporation even though the latter is acting for the public benefit. The permit was granted subject to the approval of the city attorney.

TOO ROUGH FOR SALVAGE.
Work on raising the submarine E-4 is still at a standstill, the swell just outside the harbor entrance continuing so high that it has still been impossible to anchor the mooring bays or get the necessary cables under the lost craft.

ROAD EXTENSION PROJECTS GIVEN AN INSPECTION

Members of Board of Supervisors Look Into a Number of Proposed Thoroughfares

An inspection of certain new road propositions was made this morning by Mayor Lane, Chairman Shingle of the roads committee, Superintendent G. H. Gere of the Bishop estate, Supervisors Aha, Horner and Logan.

Kalihi was the first section visited, where the Bishop estate is desirous of negotiating for an extension of Nakuna street to the line of School street. There is a strip of public land between Nakuna street and Kamahameha school lands owned by the estate. After the party had viewed the locality with the aid of a map copied from an old one in the survey office, Mr. Gere volunteered to furnish the board of supervisors with a revised map showing the proposed new street lines.

Going by way of Melnery tract, the layout of streets there being noted with much interest, the expedition went up to Alewa Heights, where an inspection was made of the proposed improvement under the frontage tax law for which a petition was received at the last meeting of the board of supervisors. This is a roadway the residents wish to have made from a point a few yards below the main road into the section, and connected with the latter by a series of steps on the precipitous brow of the hill to Liliha street.

At present residents get to the cars on Liliha street by a shortcut through private land, but this privilege is threatened with stoppage, one of the lot owners intending to build on his property. It is believed that most, if not all, of the owners on the route of the proposed thoroughfare will grant the right of way for the benefit to their own properties.

Kaula school was the next place visited. Here a proposition from the Bishop estate has been pending for some time, to make an exchange with the territory of strips of land for the purpose of opening a new street from Liliha street to Kaula lane on a 50-50 basis.

Boys' Field involved. The former Boys' Field, into which cuts a rectangular piece of school land. Superintendent Kinney of the department of public instruction is opposed to the proposal, chiefly, it is understood, because he believes that the continuity of a public thoroughfare would destroy the quietness the school now enjoys. Its principal approach now is by a narrow lane from School street.

On the other hand, the Bishop estate is determined to open up its residence property in that locality, and it cannot make an agreement with the territorial authorities on the

ONLY FIVE LEFT OF FIRST FIJI CONTINGENT

All the Rest of Force Which Went Through Honolulu in January Dead or Wounded

Of the 65 British residents of the Fiji Islands who stopped in Honolulu last January en route to the European battle front, all but five are either sleeping the last sleep, buried in Flanders trenches, or are recovering from wounds sustained in action.

This is the news brought to Honolulu today by Orderly Percy Gates of Suva, Fiji, who is en route to London to join the second contingent of Fiji Englishmen, now fighting for Great Britain in the King's Royal Rifles.

"I missed the last boat, so I couldn't join the second contingent," said Mr. Gates, a big, red-cheeked young Englishman. "But I'm getting over to England to do my little bit with them just as soon as I can get there."

"The second Fiji contingent, of 56 men, arrived in London fully a month ago. Of the first contingent, which passed through your city in January on the Niagara, only five men are left. The others have been killed or wounded in action."

"We have a third contingent now drilling in Suva, which we will send in case of emergency, if England sends out a call for more men. The third contingent, like the first and second we sent, consists of business and professional men of the Fiji Islands who love their country just as much as those Britons living in England."

Mr. Gates expressed horror and indignation at the submarining of the liner Arabic yesterday by the Germans. "I'm going to do my little bit," he said, "and maybe I can get a few of the Germans before they get me," he remarked with no attempt at heroics.

plan mentioned, will build a road up on its own land farther back. This would place house lots against the school land, making an outlook of back yards from the school.

Mr. Shingle this morning suggested that it would be desirable for the territory, either for itself or for the city and county, to acquire the Boys' Field area, which might be done by exchange of government land remnants elsewhere with the estate. "It would make a fine ball park or playground in which the school could share," the roads chairman said.

Notice was taken by the city officials of results of "jerry-work" on the large concrete schoolhouse. Although it was built only two years ago, ugly cracks show on the steps at the end entrance. It is said that leaks have also developed in the building. The loan fund commission erected the structure.

SCULLY-CHILTON CASE ONCE MORE PUT ON SHELVES

The Case of John T. Scully, Wilmott R. Chilton and J. H. Fischer, who were indicted by the territorial grand jury on a charge of conspiracy, was continued in Circuit Judge Ashford's court today for the "nth" time.

The case was continued until September 18. The prosecution stated today that one reason why it desires to have the matter continued is that the clerk of the grand jury that indicted the defendants will arrive in Honolulu September 10. The prosecution did not state its reason for wanting the clerk.

POLICE SWARMED THICKLY AS ON KEYSTONE FILM

Policemen to the number usually employed in a Keystone comedy, swarmed around the Alaieka street wharf this morning, looking for Joseph D. Terris, a stowaway on the Makura. They arrived about 10 minutes after he had left the ship.

Terris' 10-minute start didn't help him much, however, because he was arrested by Harbor Officer Carter shortly before noon and placed in a cell at the city jail to be held for investigation.

The reason Terris is wanted so badly, is that he is charged with being a U. S. deserter. The man stowed himself away on the Makura at Auckland, and paid for his passage here by work.

A message to look out for Terris was received by the police. The immigration inspectors passed the deserter, so that he was not detained after the ship docked.

PARKER NOT ALLOWED TO LAND IN HONOLULU ON TRIP A YEAR AGO

Robert Parker, the distinguished American basso, who will appear as Madame Melba in her concert tomorrow night, said this morning on the Makura that he was in Honolulu a year and a half ago, with the Quinlan Grand Opera Company, but that he was not able to land.

"We came here on the same boat, the Makura," he remarked. "I am delighted that now, after 18 months, I am to see Honolulu. I admitted it greatly from the boat before and have remembered ever since its great scenic beauty."

Frank St. Leger, Madame Melba's accompanist, expressed his pleasure at this city's delightful appearance, and said he looks forward eagerly to seeing everything interesting there is to be seen in Oahu.

SPANIARD WHO SHOT PORTUGUESE STILL EVADING CAPTURE
(Mutual Wireless.)
HILO, Hawaii, Aug. 20.—The Spaniard who shot and killed a Portuguese at Naalehu on August 16, following a row over some chickens, is still at large, and a large posse of police is searching in the vicinity where the affair occurred. The Hilo National Guard is in readiness to take up the search, and is expecting orders today from Sheriff S. K. Pua, who is in Kauai.

WHITEHOUSE ON STAND TELLS OF CITY ROAD WORK

R. C. Brown Injunction Suit Brings Out Facts About Keeping Streets in Condition

A movement to have threshed out the question of what does, and what does not, constitute maintenance and repairs in road work was begun this morning when the case of Raymond C. Brown, acting for citizens and taxpayers of Manoa, against the city and county of Honolulu, the supervisors, et al, a suit for injunction, went to trial in Circuit Judge Stuart's court. The complaint filed by Mr. Brown was that certain road work which was being done in Honolulu was in excess of maintenance and repairs; that it was practically reconstruction and in violation of those sections of the revised laws covering the repair and maintenance of roads.

A temporary injunction issued by Circuit Judge Stuart stopped work which was being done on that portion of Queen street from the Nuuanu stream to the prison road; the approach to the Hackfeld wharf, and a portion of Beretania street running west from the intersection of Beretania and King streets, in Moiliili.

L. M. Whitehouse, city and county engineer, and one of the respondents, was the first witness called by the petitioner's counsel. On the Queen street portion, he said, the road was scarified to its original level and filled to different depths. The average depth of the filling was about six-tenths of a foot, he said, while the largest depth was about eight-tenths of a foot. The latter depth, he testified, was on the middle line of the road.

He testified further that the grade of the road was made to conform with the level established by the grade commission.

As to the work on the approach to Pier 16 the road had no established grade, Mr. Whitehouse continued, so the work was done in such a way as to secure a level in conformity with Queen street at one end and the railroad tracks at the other. This road was composed of old macadam, he said. There was no coral in it. It was full of ruts and holes, but the center was not lower than the edges, he added.

"Would it have been possible to fill in the holes leveling—to make a passable road—without scarifying?" asked the petitioner's attorney.

"No, it would not," answered Mr. Whitehouse.

"This had to be done to make the road efficient?"

"Yes—efficient and passable. If the holes had been simply filled, the road would not have lasted more than a week or two."

As to the work on Beretania, Mr. Whitehouse said that this road section had been filled with quarry waste and then rolled until it became compact.

Mr. Whitehouse was examined to some extent by J. W. Cathcart, attorney for the respondents. Speaking of the Queen street road, the engineer said it had been constructed in 1904, and that the soil underneath was adobe mud, which probably had been pumped in from the harbor.

Asked if the street had settled, he replied:

"Yes, it had settled. All the roads along the waterfront are settling."

He said that the surface of the road had been worn into hollows and ruts. After the foundation had been laid, the whole was covered with asphaltum as a binder. Before, he said, the road had been water-bound.

Mr. Whitehouse testified that he had been directed by the board of supervisors to carry out the work which has been since enjoined, and that he understood it was to be merely repair work.

The next witness was John W. Caldwell, former superintendent of public work and former road overseer. He testified that in 1912 the portion of the Queen street road from the Nuuanu stream to the prison road had been repaired by the city and county. At that time, he testified, it was full of ruts and hollows, some of them being 18 inches deep. The road was placed in condition, he added, by filling up the holes.

"Could this road have been repaired in 1915 as it was in 1912?" asked the attorney for the petitioner.

Counsel for the respondents objected on the ground that the matter of maintenance and repairs, or their excess, was a legal point which the court would have to decide. Counsel for the petitioner argued that he had a right to show whether it would have been advisable to fill the ruts and holes in the road in 1915 as they were filled in 1912, without first having to test the road up.

The court stated that such a matter could not be passed on by opinion evidence. The question with-drawn.

The federal trade commission held a hearing on the lumber industry in Chicago.

Board of health officers reopened the campaign against captains of tugs in the waters surrounding New York who allow dense smoke to emit from the stacks, in violation of the law.

If You Are Losing Weight and your nerves are in bad condition, we recommend **Renall Olive Oil Emulsion** a food and nerve tonic prescription. Benson, Smith & Co., Ltd.

GOVERNOR SAYS FIJI'S TRADE IS NOT HURT BY WAR

Sugar and Banana Industries Still Thrive, Though Copra Business Is Slow Now

War has done very little to affect business and general commercial conditions in the Fiji Islands, according to Governor Sir Bickham Escott, who stopped over here a few hours today before going on to Vancouver with Lady Escott to return to England for a visit.

Governor and Lady Escott arrived this morning on the Makura, coming from Suva, the capital, which they left August 13. They are en route to England on leave of absence, after three years passed in Suva.

"Conditions in Fiji are very fairly satisfactory despite the war," observed Governor Escott. "All our sugar is sold in Australia, also all our bananas. About the only big industry of the Fiji Islands the war has hit is copra. Our total trade reaches the nice figure of 2,000,000 pounds sterling (\$10,000,000) a year."

"We have no Germans or German vessels interned at Suva and, all things considered, the war hasn't hit the islands to the extent we thought it would. Our residents are loyal, and we have already sent 120 men to the front in two contingents."

In addition to his title as governor of the Fijis, Sir Bickham Escott is High Commissioner of the Western Pacific for the British Empire, and Consul General as well.

RECEIVER FOR HILO RAILROAD IS LIKELY STEP

In order to effect a reorganization of the company and to protect the interests of all of the investors now interested in the enterprise, the Hilo Railroad Company will probably be thrown into the hands of a receiver before long.

Two committees, one representing holders of the \$1,000,000 5 per cent bond issue of 1901, the other representing the owners of the \$4,500,000 worth of bonds issued in 1908, have long been negotiating over the actual details of the reorganization.

It is understood that the terms of an agreement have been reached and that the basis of settlement is now being drawn up in the form of a legal agreement by attorneys representing both sets of bondholders. This legal agreement is expected to be in shape early next week, after which the two committees will make public the terms arrived at.

A receivership, and subsequent reorganization is understood to be planned, together with a reduction of the rate of bond interest, and a possible diminishing of outstanding bonds.

FIVE GALLON CAN OF OIL MISSING; SHIP COMES BACK

In Fit of Abstraction Chief Engineer Starts Steamer for Panama Minus Lubricant

A five-gallon can of lubricating oil, forgotten by the chief engineer of the freighter Calliope, made the boat two hours late in getting away for Panama today.

In an abstracted mood the presiding deity of the Calliope's machinery walked aboard and left behind the needed lubricant. After the boat had passed Diamond Head he suddenly remembered, and lost no time in throwing out the clutch, or doing whatever has to be done to bring a boat to a standstill.

The Calliope turned around, came back to a point outside the harbor and anchored. Capt. Topp came ashore in a launch, got the oil and went aboard again. The anchor was creakingly hauled in, and the engines started, not to stop again until Panama is reached. Whether the chief engineer got a "call" for his forgetfulness, harbor officials wotted not.

PHYSICAL TESTS FOR WOULD-BE EMPLOYEES OF CITY WEDNESDAY

Applicants for the civil service examination to be held next Thursday night will be examined at Baron's gymnasium for physical qualification on Wednesday afternoon and evening, according to an announcement made by Mr. Barton today. The physical examination was originally scheduled for the same day, but the hour was fixed for 5 o'clock. The latest is that the physical test will start at 1 o'clock Wednesday afternoon and will continue as long as there are any applicants to be examined.

Up to this afternoon 115 candidates have filed applications to take the examination. An eligible list for the police department and a similar list for the fire department will be secured from the list of successful applicants.

THINKS PACIFIC MAIL SHIPS WILL CONTINUE ON RUN

(Continued from page one)

That it is alleged that the Atlantic Shippers' Association during the month of July made a written proposition to the Shippers' Association of the Pacific, that they jointly arrange for a complete tie-up of all passenger traffic on both coasts of the mainland, on November 4, in order to force Congress to a repeal of the Seamen's Bill. The proposition was definitely turned down by the western steamship men, says Mr. Edwardson.

MORNING ON 'CHANGE

The slump in sugar stocks goes merrily on. Oahu marked a retrogression of one-eighth this morning, McBryde is down one-quarter, Oahu Sugar is down five-eighths and Onomes, which sold at \$36, changed hands between boards at \$34.75. This was dividend day for Onomes, which paid \$1 per share; Hawaiian Agricultural, which paid \$6 per share and Alexander & Baldwin, which disbursed \$1 per share; Hawaiian Electric also paid \$1 per share dividend today. Last month's Electric dividend, stated at the time on stock sheets as 75 cents, was really \$1.

No Rear Reflections With Torics

The curved Toric shape does away with the annoyance of rear reflections entirely. Your field of vision is widened and the close-fitting edges can not interfere when you look off at an angle. Come in and see us about them.

Stops the Hair from Falling Out

Dandruff is not only disagreeable, aggravating and embarrassing—it is dangerous—it means scalp disease and loss of hair.

You may have but little dandruff at the present time, but if neglected it will increase in quantity, close up the pores of the scalp and rob the roots of the hair of proper nourishment—the moisture and heat of the scalp will soon change a loose and fluffy dandruff into an almost solid mass—it becomes sticky and forms in layers.

Nyal's Hirsutone will soon relieve this condition

Accusing Fingers Point to Coffee

Last year the Government Health Office, by authority of the District of Columbia, issued an appeal to parents, asking them not to allow their children to drink coffee or tea.

They noticed that the children who drank coffee were nervous and didn't get along in their studies, and were not healthy looking—

And those who did not drink coffee or tea, were, as a rule, strong and vigorous and were clever in their studies.

It isn't so much what Doctors, Government, Nurses or the School Teachers of the country are saying about coffee, as

How Does Coffee Treat You?

Every coffee drinker who is afflicted with nervousness, sleeplessness, heart irritation, indigestion or biliousness (and most of them are) should consider that

A cup of coffee contains about 2½ grains of caffeine—a poison. Hence the various troubles from coffee drinking.

INSTANT POSTUM

is taking the place of coffee in thousands of homes where health is valued.

This delicious food-drink, made of prime wheat and a bit of wholesome molasses, tastes much like high-grade Java but is absolutely pure and free from caffeine.

Requires No Boiling

Place a spoonful of the powder in a cup, pour on boiling water, stir and add sugar and cream to taste; and instantly you have a delightful drink of charming flavor.

"There's a Reason" for Postum

SOON TO DOUBLE NAVAL STATION EXPENDITURES

Payments to Contractors at Present Total \$150,000 a Month for New Work

BIDS FOR BIG JOBS TO BE OPENED AT CAPITAL

W. N. Concannon, Prominent San Francisco Contractor, to Look Over Situation

With present expenditures ranging close to \$150,000 a month, it is expected that next month will see contracts let at Pearl Harbor which will increase the payroll at the naval station here fully 50 per cent and perhaps 100 per cent.

Bids on the construction of concrete piers and wharfs, a marine railway, four buildings to serve as officers' quarters, freight elevators, and general supplies will be opened in Washington, D. C., at the bureau of yards and docks, navy department, in September, and work should start immediately on the award of contracts.

For the purpose of looking over conditions here before computing his bid, W. N. Concannon, a prominent San Francisco contractor, is at the Alexander Young hotel today, and will visit Pearl Harbor in order to acquaint himself with conditions there. Mr. Concannon is one of the bidders on the wharfs and piers division of the bids advertised for.

Tomorrow the department will open bids at Washington for building four one-story wooden structures, for use as officers' quarters at the harbor.

Bids on three hydro-pneumatic freight elevators are to be opened in Washington August 28. They are to be used in connection with the wharf and pier system at Pearl Harbor.

September 7 is the date set by the navy department for opening bids on cast-iron pipe, wrought pipe, gate valves, manhole covers, electrical cable, fiber conduits, transformers, fuse boxes, and meters, most of which are to be used in electrical installation at the harbor.

September 18 the big contracts will be awarded, however, when bids will be opened by the yards and docks bureau of the navy department, for the construction of reinforced concrete torpedo boat piers, ordinary concrete piers and a marine railway.

A great deal of preliminary work has been done at Pearl Harbor in the last 60 days, according to naval authorities here, in preparation for the big contracts. A coal shed and several new buildings have been erected, structural steel placed and other things done as a curtain-raiser prior to the big act.

When all Pearl Harbor fortifications and improvements are completed, the total expenditure for this naval base, the most strategic point in the Pacific, will have reached the imposing total of \$13,000,000.

GERMANY SLAUGHTERS BIGGEST OX IN WORLD

SCHWERIN, Germany. — "Sultan," the biggest ox in the world, has been brought here for slaughter. He was exhibited at all the big cattle fairs in Germany. He is a giant of flesh and bone, just a fraction of an inch under 6 feet 10 inches in height and weighs 4189 pounds. He is pure white and was bred from a sebu or Indian bull.

FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

LOCAL AND GENERAL

Under bond in the sum of \$6000, Takao Ozawa today was appointed administrator of the estate of Chotaro Miyamoto.

The final accounts of Lee Peck Yin, executor of the estate of J. Lee Wan, were approved by Circuit Judge Whitney today and the executor discharged.

A notice of the discontinuance of the case of R. Nakatsu against Masakichi Tari et al. an action for foreclosure of mortgage was filed in circuit court today.

Further hearing in the matter of the distribution of the estate of the late Alfred S. Hartwell has been continued in Circuit Judge Whitney's court until 9 o'clock Monday morning. The estate has been appraised at \$129,732.

The secretary of the University Club has written asking the secretary of the Chamber of Commerce to urge all the members of that body to be present at the reception to be tendered Dr. L. O. Howard next Monday at noon at the University Club rooms.

James McQueen has been ordered to appear before Circuit Judge Whitney on the morning of August 23 to explain why he has not paid alimony to Pauline McQueen as ordered by the court. An order to show cause, filed today, alleges that McQueen is in arrears to the extent of \$575.

The Knights of Kamehameha held a special meeting at the Y. M. C. A. last night and decided to give a musical concert and dance at Kaneohe, Windward Oahu, one week from tomorrow.

A suit for divorce has been filed in the circuit court by Alexander H. Smith against Mary Smith, the former charging a statutory offense against his wife. Both are residents of the Molokai settlement.

Students and teachers of the territorial summer school are praising the hot noon lunches which were furnished during the session. Mrs. Jane M. Otremba, who had charge of the lunches, reports a profit of 83 cents.

The Hawaiian band, which played at the departure of the Makura this afternoon from Pier 7, will play tonight between 7 and 8 o'clock at Kawaiahae church. Tomorrow afternoon the band will be at the baseball park and tomorrow night will give a concert at Aala park.

Ah Poi, charged with having sold liquor at Watertown without a license, and Ah Po, charged with smuggling opium, were arrested by U. S. Marshal J. J. Smiddy yesterday afternoon. Preliminary hearings of the cases probably will be held by U. S. Commissioner George S. Curry tomorrow.

School board commissioners will meet Monday to take up different matters of business concerning the work of the coming year. A report will be submitted by the committee that has been working on a revision of the course of study. Appointments of several instructors will also be made.

A dance will be given at the home of Miss Charlotte Aholo, Hotel and Punchbowl streets, tomorrow evening under the auspices of the Knights of Kamehameha. The affair will be known as the "President's Dance" and will be the first of a series of dances which has been planned by the organization.

Circuit Judge Stuart tomorrow will hear a motion to set for trial the case of Capt. A. F. Cassels, First Field Artillery, against Charles T. Wilder, tax assessor for Oahu. The case is to determine whether the assessor has the right to tax automobiles which may have been on a federal reservation on the first of the year.

A bunch of big Bluefield bananas, grown in Kaimuki, and placed for exhibition in the window of the Promotion Committee, attracted considerable attention among passersby this morning. The bananas were picked by Zeno K. Myers, a former member of the Promotion Committee, and an active booster.

PERSONALITIES

MANAGER S. AWOKI of the Yokohama Specie Bank, will have as his guests at a reception this evening, the members of the Meiji University ball team.

COLLECTOR OF CUSTOMS MALCOLM A. FRANKLIN met Madame Melba this morning, boarding the Makura outside quarantine, and extending the famous queen of song the good offices of the customs department, in seeing that her baggage was placed ashore with as little delay as possible.

JOHN HARPER, chief commissioner of the New South Wales railways, part of Australia's state railway system, is in Honolulu today, accompanied by Mrs. Harper. Mr. Harper is here on a vacation trip, and will stay in Honolulu until the Makura, which he came in on this morning from Australia, returns on her next voyage to Auckland and Sydney, leaving here September 6.

FRENCH PASTRY.

The French pastry supplied by the Alexander Young Cafe is superior to any hitherto sold in town. Prices reasonable. Samples always on view. Fresh daily. Prompt delivery. Phone 4166.—Adv.

SHEEDY DUCKED IN SURF TRYING LAHAINA LANDING

Boatload of inter-island Officials and Inspectors Upset Wednesday Afternoon

Lahaina landing, for the second time, was demonstrated to be a dangerous place for putting passengers ashore, when, on Wednesday afternoon, a boatload of inter-island officials and federal inspectors, were overturned in the surf, only a short way from where, on the night of May 1, occurred the accident that resulted in the drowning of two deck passengers, a Japanese woman and a Chinese.

The boat which was upset in the treacherous waters on Wednesday afternoon contained no regular passengers. It was a special boat, and filled with men who had gone especially to make a study of the landing to see if the conditions there bore out the testimony of witnesses in regard to the former accident. Hiku, the former boat-steerer, was in control of the steering oar.

Joseph E. Sheedy, general superintendent of the company, had charge of the boat, and smiled broadly today when asked if he knew anything of the upsetting.

"I ought to," he answered, "for I was one of those who was in it. In fact I guess the joke is on me. We were making an investigation of the landing," continued Mr. Sheedy, "and we had told Hiku, the boat-steerer, to take us to the scene of the accident, and show us as near as possible how it all had happened. He showed us as best he could."

"Capt. Berg, who was in charge of the Kilauea on the night of the accident was in the boat with me, together with the federal inspectors. I was standing up, preparatory to taking a picture of the place, when a roller hit us and took us over. Some of the men swam ashore, but others walked, as the water was very shallow. The affair was not serious at all and would not have happened had the men been pulling. We were about 150 feet from the wharf, but out more in the breakers than was the boat on the night of the accident."

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Aug. 20.—The leave of absence for two months recently granted 1st Lieut. C. R. Abraham, 2d Infantry, has been extended eight days. Lieut. Abraham expects to leave the department about the first part of October and will return on the December transport.

Company I, 3d Battalion of Engineers, have demonstrated that a sapper can shoot a rifle as well as dynamite, and out of an enlisted strength of 157 men Capt. Gee, commanding, announces a total of 103 qualified. Considering that the engineers have been split up into small groups scattered all over the island, this is a remarkable achievement and a splendid record. Lieuts. Lyman and Benson, the only officers shooting with the company, both qualified as sharpshooters. Lieut. Lyman missing expert by four points. Sgt. Stewart and Pvt. Varner, the football star, tied for first honors, each having a total of 261 to his credit out of a possible 300. Other experts were Mitchell, 258; Bishop, 254; Kempton, 254, and Elliott with 253. Capt. Gee, being an expert rifleman, did not fire.

After the "movies" last evening Lieuts. Silvester, Jones, Polhemus and Dr. Deiber gave a house warming in their new bachelor apartments on Mallard lane. All of the young folks of the garrison were present and a most enjoyable time was had. Rarebits and sandwiches, root beer and pop, dancing and singing all helped to liven up the mansion and give it a proper christening befitting the dignity of duckville.

The recruits of the 1st and 2d Battalions, 2d Infantry, have started practice over Course A, while the band, mounted ordnance and officers and sergeants of the companies now in the post are holding pistol practice. Lieut. Vernon W. Boller, 2d Infantry, was the only officer of Companies A and B to make expert and no enlisted men qualified.

Upon the recommendation of the commanding officer of Company F, 2d Infantry, the following promotion and appointment is made in that organization: Cpl. Stanley Satterwhite to be sergeant and L. Cpl. James McCarthy to be corporal, vice Satterwhite.

Lieuts. S. H. Foster and E. L. Hoffman, 2d Infantry, now on leave of absence in the United States, have received orders to remain in San Francisco until the arrival of the 24th Infantry from the Philippines. They were recently transferred to the 24th.

Upon the recommendation of his company commander the following appointment is made in the Machine Gun Company: Pvt. Cecil Kistler, Co. B, to be sergeant, vice McPalmer reduced.

At his own request and with the approval of the commanding officer of the Machine Gun Company, Sgt. James C. McPalmer of that organization is returned to the grade of private.

Pvt. Harold G. Johnson, Co. F, 2d Infantry, has been transferred to Field Co. E, Signal Corps, and will re-

COMMITTEE OF FIFTEEN MEETS MONDAY MORNING

Chairman L. Tenney Peck of the committee of 15, appointed yesterday evening to take up with local American steamer lines the matter of alleged passenger congestion, has called a meeting for Monday morning at 9 o'clock in the rooms of the Chamber of Commerce.

The committee which will consult with the Pacific Mail, Matson, Oceanic and American-Hawaiian Steamship companies in the matter of the alleged congested passenger traffic on ships running between Hawaii and the mainland, was appointed yesterday by Edward I. Spalding, president of the Bank of Honolulu, who was in the chair at the Chamber of Commerce meeting on Wednesday when the shipping situation was discussed.

The committee consists of the following:
L. Tenney Peck, chairman; F. C. Atherton, R. W. Breckons, E. A. Berndt, George R. Carter, A. L. Castle, W. F. Frear, C. R. Hemenway, F. J. Lowrey, F. W. Macfarlane, W. H. McInerney, R. W. Shingle, George W. Smith, Harry L. Strange, D. L. Withington.

Cpl. Frank Imucelli, Co. E, 2d Infantry, will be discharged from the army by purchase.

Cpl. Forrest C. Murphy, Q. M. Corps, Fort Shafter, has been ordered to Honolulu for station.

Hans Karpeles, 12 years old, was killed by falling down an elevator shaft in his home in New York.

WHAT CATARRH IS

It is said that every third person is troubled with catarrh in some form. Science has shown that nasal catarrh indicates a weakened condition of the body; that the secretions of the mucous membranes are quickly affected, and local treatments in the form of snuffs and vapors, do little if any good.

To correct catarrh you should treat its cause by enriching your blood and improving your general condition with the all-food in Scott's Emulsion which is a medicinal-food and a building-tonic, free from alcohol or harmful drugs.

Scott's Emulsion is not a patent medicine but a concentrated medicinal-food, prescribed by the best physicians for forty years.

Honolulu Star-Bulletin

RILEY H. ALLEN EDITOR

FRIDAY, AUGUST 20, 1915.

GERMANY ACCOUNTABLE

Such meager details as are now available in regard to the sinking of the White Star liner Arabic give to this occurrence the gravest portent. It is difficult to see how the United States can regard the torpedoing of this steamer as other than a "deliberately unfriendly act" within the meaning of the American note of July 21.

It appears, in fact, just such a violation of American rights as President Wilson has persistently warned Germany against in a series of diplomatic exchanges urgently directed toward preserving this country from the horrors of war.

If the Arabic was unwarned—the captain says she was not warned; if the passengers were given no chance to escape; if Americans are among the killed, then Germany must disavow responsibility for the act of her submarine commander or stand convicted of an offense not only against the principle of humanity upon which President Wilson insists, but against neutral rights based upon unimpeachable international law.

The Arabic was not carrying contraband, arms, soldiers or anything else to any belligerent. She was on her way out of the war-zone and toward an American port. The grounds on which Germany strove to justify the sinking of the Lusitania are not here applicable.

On the record as now known the sinking of the Arabic appears an act of deliberate ruthlessness.

So much for an interpretation of the early details, some still to be confirmed, which have reached Hawaii. Americans here without reference to political creed or ancestry will be observing the highest patriotism if they await the action of the administration and stand by the president and his cabinet in whatever course they decide upon.

NO RED TAPE

Probably no one knows the need for immediate action better than the members of the Chamber of Commerce committee of fifteen named yesterday. It may fairly be expected that they will lose no time in tackling their task of finding out exactly the facts as to congestion of passenger traffic between here and San Francisco and seeing what can be done about it.

It is to be hoped no narrow view will be taken of the committee's powers. This is essentially not a time for red tape. The entire community looks to the Chamber of Commerce to attack this subject on a broad and constructive basis. The committee should not confine its inquiry to the Oceanic, Pacific Mail, Matson and American-Hawaiian companies, if they can offer no early prospect of relief. Why not get in touch with the Great Northern steamship company and learn what it can do?

Everybody but the unhappy non-combatant is convinced that the Zeppelin raids are failures.

Falaba, Cushing, Gulfight, Wm. P. Frye, Lusitania, Arabic—what next?

Yesterday was certainly bargain day in Pacific Mail liners.

FLAG DAY SET FOR ANNIVERSARY OF BALBOA'S FINDING PACIFIC

September 26 is Date on Which Explorer First Glimpsed Vast Western Ocean

Sometimes coincidences are remarkable. Last night at a meeting of the delegates of every nationality of the Pan-Pacific Club, it was decided to make Saturday, September 26, "Pacific Flag Day," when the presentation of all flags of the Pacific would be made to the Pan-Pacific Club.

This morning, some of the chairmen of committees got together to arrange for a Pan-Pacific banquet on Balboa Day, when that great Spaniard discovered the Pacific. To their astonishment they found that September 26, 1513, was the day of the discovery. Consequently, there will probably be an official declaration making September 26, "Pacific Day," with its consequent annual Pan-Pacific banquet of all nationalities of the great ocean.

Pacific Flag Day has outgrown the bounds of the local club. At the meeting last night on the Outrigger grounds, delegates from all of the Pacific countries were present at a dinner to discuss the presentation of their flags to the Pan-Pacific Club, and so great was the enthusiasm that fol-

lowing the lead of Mayor Lane it was decided to have Pacific Flag Day a public celebration to be held on the capitol grounds. As it is proposed to send the flags of all Pacific nations to the Civic Convention on Kaula with the delegates and speakers from the Pan-Pacific Club, it was decided to make September 26 Pacific Flag Day, when with fitting ceremonies the flags of Pacific nations, colonies and states will be presented on the steps of the capitol building.

The Portuguese, the Chinese, the Japanese, the Koreans, the Filipinos, the Australians and even the Canadians, Alaskans, Oregonians, Californians, Washingtonians and New Zealanders resident in Hawaii will take part, and if the plans are carried out there will be some wonderfully picturesque processions on the capitol grounds on the afternoon of September 26. Mayor Lane stated that we would have the co-operation of Prince Kuhio in the presentation of the Hawaiian flag. Col. C. P. Taylor gave assurances that Queen Liliuokalani would sew the first stitches in the flag to be presented by the Hawaiian people, which Mrs. A. P. Taylor will secure. Hawaiian ladies, to complete after the queen has made the start.

TAKING THE PRECAUTIONS AFTERWARD

The inquiry into the Eastland disaster at Chicago is developing facts uglier than those of the Gen. Slocum disaster or the Iroquois fire. Confessions have been made by various steamship and federal officials which include the following statements:

That they knew the boat to be unsafe; that U. S. Inspector Reid had granted an increase of 250 in the carrying capacity of the boat; that Ericson was given a soft berth as chief engineer of the Eastland shortly after the increase permit was given; that Ericson is Reid's son-in-law; that it took seventeen minutes to load the boat; that the water ballast tanks were empty; that the tanks refused to work properly the morning of the accident, and finally that there would have been time enough to unload the boat from the time she first started to list until she went over.

It took the horrors of the Iroquois fire for Chicago to make the city's theaters safe. It is taking the loss of more than 1300 lives in the Eastland to make safe the excursion steamers on the Great Lakes.

Taking the precautions after the tragic disasters is not a characteristic confined to the American people but in them it is perhaps most strongly developed.

Admiral Tseng Ju Cheng of Shanghai, who barely escaped death from a bomb, must remember that it was the Chinese that invented gunpowder.

Now we expect a howl because that Chamber of Commerce committee of fifteen doesn't seem to include any "deserving Democrat."

The prophets who staked their reputations on the war ending August 1 are now staking their reputations on the war ending December 31.

Some Honoluluans are so conservative they still insist the Pacific Mail liners are going to keep on running in the same old way.

It's an ill-wind, etc. While the Texas hurricane was blowing we were thankfully shy of news from south of the Rio Grande.

Among the news which is important if true is that the city is going to pave Kalakaua avenue and Beretania street.

There are about forty-seven other states, though, that would be mighty proud to claim Ex-governor Slaton.

Doubtless the battered Russian soldiers are vastly consoled by the thought that Britannia still rules the seas.

Russia has the greatest standing army and is rapidly getting the reputation of the greatest running army also.

Unfortunately, Dr. Dernburg is not in America to explain how trivial after all is the sinking of the Arabic.

"American Dollar Is Standard Coin," says a headline. We had suspected it for a number of years.

Pacifism is 'way below par today.

The mayor stated that the Hawaiian band would be in attendance and play the air of each nation and state as its flag was presented, and the committees of each country are now getting together to arrange for fitting ceremonies in the presentation of its particular flag.

GEN. VILLA PREFERS CARRANZA TO U. S.

EL PASO, Tex.—"Rather than see armed intervention in Mexico I would surrender to Carranza and say to him: 'You can rule the country,'" said Gen. Francisco Villa in Juarez, in discussing recent developments of the Mexican situation. He said that the United States government's conception of the situation was accurate and thorough.

DES MOINES MAYOR WRITES OF CHARTER

The experience of Des Moines with commission government is one of the most interesting and instructive in the annals of American cities. The mayor of Des Moines, Hon. James R. Hanna, has written for the Star-Bulletin an interesting letter of comment on his city's experience. It will be published as part of the series of this paper is running in preparation for the Honolulu charter convention. Watch for it.

HOONUI MAY TRY FOR RETURN TO FORMER SYSTEM

Home Ruler Expected to Urge Only Territorial Government for City and County

According to reports in political circles the abolition of city and county government and the return to territorial jurisdiction will be advocated by Paulo Hookii, Home Ruler, at a mass meeting which Hookii has called for tomorrow night at Aala park. The Home Ruler was elected as a delegate to next month's charter convention from the 11th precinct of the 5th district, Palama. At a recent meeting of the board of supervisors he asked for permission to hold a mass meeting in Aala park on Saturday night, August 21, for the purpose of arousing interest in the coming charter convention. He was given the desired permission.

It is declared that Hookii will oppose any attempt in the convention to introduce proposed charters of the commission form or managerial system of government for Honolulu. The information received is to the effect that Hookii will prepare a resolution which practically will call upon the legislature to abolish city and county government and restore all rights now held by the county officials to the territory.

GUARD NON-COMS SMOKER WILL BE RECORD BREAKER

The "Non-Coms" club of the National Guard will not hold a regular business meeting this evening, but instead will give a smoker in the social hall. The regimental band will be the guests of honor at the entertainment. The membership committee, which has been busy during the week to get other non-coms of the guard interested in the club, report that they will have a large number of candidates ready for admission this evening. Cpl. McEldowney, who was appointed a committee of one to prepare a program for the smoker, has been a busy man and has arranged for some interesting stunts to be pulled off for the benefit of those who attend. He has also seen that the refreshments will be enough to supply a large gathering.

The regimental band will render its first concert during the evening, beginning at 7:30 o'clock. Chief Musician A. Petersen of the band has arranged an "interesting" program for the occasion.

The committee in charge of the benefit dance which will be given next month has about completed plans for the occasion and tickets will be on sale by the members of the club in a few days. The dance will be given in the armory hall.

JUDGE INSISTS UPON QUICK DELIVERY OF YOUNG WOMAN'S PHOTO

C. W. Young, who works down the country, has a picture of a certain Honolulu young lady, and if he does not turn it over to Circuit Judge Ashford within a week, he is liable to meet up with considerable trouble in the court of the first judge.

Young was called into court a month ago to explain an alleged charge of assault on this certain young lady. Young told the court that he had not insulted the lady, that he only wanted to return a picture to her. The court told Young to return the picture in double-quick time, and to appear in court today so that the judge might learn what his conduct had been during the month.

At 9 o'clock Young was in court. He said he hadn't returned the picture as he had been working down the country and had not been to town.

Judge Ashford told him he thought he had ignored the court's authority about enough. He was told to return the picture to the judge within one week from today.

"Just a little bit more of this will send you across to the reef," commented Judge Ashford.

Four hundred million cigarettes, for delivery Sept. 1, will be made for the troops of the Allies by the Lorillard company of New Jersey.

Personal Mention

CHARLES H. BROWN, a member of the house of representatives in the last legislature, celebrated his sixtieth birthday anniversary yesterday. He was born in New York City on August 19, 1855.

JOHN DETOR, manager of the Union Grill, and Demosthenes Lyeurgus, manager of the Kilauea Volcano House, will leave for the mainland in the Matsonia Wednesday to visit the exposition.

WILLIAM HENRY, former high sheriff, was a visitor in Honolulu yesterday. He says that the latest stride to be taken by Kaneohe, Windward Oahu, is the erection of a brand new motion picture theater.

J. W. WALDRON, who was appointed by the governor yesterday as a member of the Oahu board of prison inspectors, may not be able to attend the congress of the American Prison Association in Oakland, Cal., October 9 to 14. Mr. Waldron had planned to leave the mainland for Honolulu on the day of the opening of the congress.

LITTLE INTERVIEWS

SHERIFF ROSE: Indeed, I have not answered Gen. Carter's letter on Iuaua.

CHARLES J. MCCARTHY: I'll soon have more room in my offices. In the meantime I must endure countless days of listening to pounding of hammers and sawing of saws.

C. K. AI: There is no doubt that the work of the Pan-Pacific Club is tending to bring about a broader and more kindly feeling among the representatives of the various races.

ERNEST J. MORGAN: The article in Thursday's Star-Bulletin about the Maryland's band is no joke. If you want to hear some good music just drop down to Pier 7 during practice. This organization is one of the best that has visited Honolulu in a long time.

MISS C. B. CHANDLER: The girls of the Y. W. C. A. summer camp at Halopua are out today on a picnic at the end of the Peninsula. They are making plans for a visit to the Eva plantation and will arrive time early next week. We plan to run the camp until after Labor Day.

A. P. TAYLOR: From a Promotion Committee standpoint, I believe the proposition for a committee of 15 to investigate the entire shipping situation, including the Seamen's Act as it affects Hawaii, will clear up the atmosphere here, that its report will undoubtedly be along constructive lines, and the community will be benefited by it. I have had no doubt all along that the situation would adjust itself.

JAMES D. DOUGHERTY: On my last Sunday in San Francisco I saw Art Smith, the famous exposition aviator, give his farewell exhibition to a crowd of 110,000 people. Smith had his machine arranged so as to give out a stream of smoke from the sides. He described on this day a series of 21 loops and finished by writing the words, "Roosevelt" and "Good-bye—Art Smith" at an elevation of 2000 feet. San Francisco fairly idolizes the daring fellow.

PIEPER PLEADS INNOCENCE IN MURDER CASE

"Not guilty" was the plea entered in Circuit Judge Ashford's court today by William Pieper, who was indicted by the territorial grand jury on a charge of having shot and killed Susie Pieper, his Hawaiian wife, the night of July 31.

Pieper is an American. The police say that following the alleged murder he turned the gun on himself and inflicted injuries from which he has just recovered. His mother was in court today and wept copiously throughout the proceedings.

The case will go to trial Tuesday morning, September 7, at 9 o'clock.

Officials of the Brooklyn navy yard admitted there is a possibility of barring the public from the yard to insure the safety of the ships there.

TO CABLE MORE MONEY TO CHINA EARLY IN WEEK

Consul Woo-huan has called a meeting of the committees of the Chinese Merchants' Association, who are in charge of soliciting subscriptions to the relief work for Chinese flood sufferers, to make the necessary arrangements for sending off the money as far collected.

The meeting will be held on Sunday, and it is expected that at least \$1000 will be lumped together at that time from the seven committees which are at work.

Wong Chow, treasurer of the committees, announced today subscriptions for the last two days of \$79.25. From Wahiawa yesterday, \$23.75 was sent in. Chun Lum of this city has given \$45, and Long Tai Chun of Lihue, \$10.50.

The only subscription received this week by the Chinese Christian Union was announced today by Yap Kwai Fong of the Bank of Hawaii, as \$100 from the Inter-Island Steam Navigation Company.

The cost of properly cabling the money from here to Hongkong or Canton is \$22. C. K. AI of the City Mill Company, who has charge of the money collected by the Chinese Christian Union, says that he thinks a meeting will be called Sunday by these workers to arrange for sending the \$800 now on hand.

NEW YORK REVIVAL BROKEN UP BY FROGS

NORWICH, (Conn.)—A sack of frogs, turned loose in a church at Plymouth, near here, in the midst of an exciting revival service, created such excitement that women climbed out of the windows. Among the audience were twenty farmer boys, who enjoyed the proceedings hugely.

Women members of the church have been detailed to discover the guilty ones.

A cozy bungalow, on an excellent lot in "Makiki Beautiful," can be secured by a first payment of \$500, the other payments to follow regularly at the rate of \$48 monthly. The total cost of home and lot will be \$3450. There are just 5 of these opportunities.

Brains and Health as Much Needed as Beautiful Voice

Madame Nellie Melba, who, on her arrival at Honolulu this morning, gave some advice for ambitious young singers.

"Not only is a good voice, plus plenty of brains, necessary if a young man or woman singer wants to succeed in grand opera or concert work, but an abounding supply of perfect health is one of the first essentials."

"Those who see us on the stage perfectly gowned, wearing jewels, think 'What a perfect existence a singer's must be!' Let me tell you, the concert and grand opera singer works far harder than the public realizes. A concert tour requires a reserve supply of strength almost inexhaustible."

Madame Nellie Melba, world-famous singer, gave out this bit of advice to ambitious young music students this morning on the deck of the Makura, just before the Canadian-Australasian liner jockeyed at Pier 6, coming from the great diva's home country, Australia.

"I am so glad to really be in Honolulu," said Madame Melba to a Star-Bulletin reporter who boarded the liner outside the harbor. "Your people and your city are both lovely, and I know my stay here will be very pleasant. I would have paid Honolulu a visit 12 years ago, but there was an epidemic of rats or something, and I was not allowed to land. So this is my first visit to your city."

Asked how she enjoyed the voyage, the great singer replied enthusiastically, "I loved every moment of the trip. Capt. Phillips was kindness personified. If you want a cheery voyage, take a trip on the Makura."

Speaking of her concerts here, Madame Melba inquired how tickets were selling, and was informed that every seat has been sold for tomorrow night's recital. She expressed great satisfaction at this.

"Do you—" she asked.

At this point the steamer whistle blew a long blast.

"People like"—(another blast)

"English songs?" she smiled, when the tumult had subsided. She was assured that they do, and that any song she chooses to sing will meet with favor.

"Well, I shall include in Saturday's program a number of English songs also Tosti's 'Good-Bye,' the 'Mad Scene' from Hamlet, 'Se-Seran Rose' and others," she added.

"Do you think opportunities for young singers who are ambitious to do concert work and grand opera are as good now as they were 20 years ago?" Madame Melba was asked.

"There are more opportunities existing today than then," she quickly answered. "Not while the war is going on, of course, but later."

"I see no reason why talent, in young men or women, should not come to the front. There are other things than voice necessary, however, to produce a great singer. Brains, intelligence, cleverness and health are absolutely essential."

"The life of a concert singer is really what you call a 'grind.' It is not easy. In fact we do more work and live under a strain far greater than the average professional man or woman. Those who see us singing in concert do not realize the difficulties and hardships we constantly face. They

forget the years of practise and training, the time spent in preparation."

At this point, Madame Melba remarked that her voice has earned \$152,500 for the Red Cross European war relief work. "My concerts in Australia for this fund realized 20,500 English pounds," she said. Madame Melba has a letter from the Australian government authorities, paying her a merited tribute for her magnificent work in this cause.

"Last night we had a masked ball on board the Makura," the diva said as she concluded the interview. "I appeared as Britannia. It was great fun."

During her stay in Honolulu Madame Melba will occupy a suite at the Moana hotel.

Following is the program for Madame Melba's first concert here tomorrow night:

Piano—
(a) "Nocturne," D flat,.....Chopin
(b) "March Militaire".....Schubert-Tanisig

Mr. Frank St. Leger
Prologue—"I Pagliacci".....Leoncavallo
Mr. Robert Parker
Scene—Mad Scene ("Hamlet").....Ambrose Thomas
Madame Melba

Songs—
(a) "Dreams in the Twilight"
(b) "Lover's Pledge".....Strauss
Mr. Robert Parker

Songs—
(a) Les Anges Pleurent.....Bemberg
(b) Chant Venitien.....Bemberg
Madame Melba

Interval.
Piano—Paraphrase ("Eugen Onegin").....Tschalkowsky-Pabst
Mr. Frank St. Leger

Song—"Good Bye".....Tosti
Madame Melba

Serenade—"Don Juan".....Arditi
Madame Melba

Valse Song—"Se-Seran Rose".....Arditi

RARE SPECIMEN OF SEA HORSE IS DISCOVERED

A. L. Mackaye, genial host of "Kaneohe Hale" and enthusiastic booster for the famed Coral Gardens on windward Oahu, telephoned the Star-Bulletin today that a remarkable discovery has been made at Mokapu—nothing less than the finding of a real sea-horse there. The sea-horse was taken in a fisherman's net and this morning brought to Kaneohe Hale, where it is now shimmering in lively fashion around in a glass jar filled with water. "The only other place I ever saw one like this was in the Mediterranean," says Mackaye. "And that was much smaller. This is six or seven inches long and is a true sea-horse. L. O. Howard, chief of the U. S. bureau of entomology, and Prof. August Busck, who is here for the bureau studying the cotton boll-worm, are expected at Kaneohe Hale tomorrow and will be given a chance to cast the discriminating eye of science upon the sea-horse. It is reported to be the first of its kind ever found in Hawaiian waters, but this statement will probably bring forth a dozen hot denials, so it is ventured with some hesitation."

AMERICANS GO DOWN IN ARABIC? NATION'S OFFICIALS AWAIT DETAILS OF SINKING OF WHITE STAR LINER; GRAVITY OF SITUATION REALIZED

Steamer Ramm'd While Racing to Save Lives of Stricken Ship Dunsley

AMBASSADOR GERARD MAY BE RECALLED

Passengers Praise Heroic Conduct of Captain in Face of Grave Danger

[Associated Press by Federal Wireless] WASHINGTON, D. C., Aug. 20.—The report of the sinking of the Arabic, which was bound from Liverpool to New York, came as a shock to the officials here, in view of the terms of the note despatched a month ago to Berlin, which has not yet been answered.

While the officials have not spoken in their official capacity, it is known that they have expressed the opinion that, even if the list of dead of the Arabic contains the names of no Americans, the fact that the attack upon her was made without warning and contrary to the laws of humanity and international convention, makes the action on the part of Germany one "deliberately unfriendly" to the United States.

Many Supposed Lost

Awaiting an official report on the incident, the attitude of the administration has not been indicated, but it is believed likely that, if the report shows that any Americans aboard the liner have lost their lives, the administration will at once recall Ambassador Gerard and hand Ambassador von Bernstorff his passports, severing diplomatic relations with Germany.

Only meager reports have been received, but it is known that the dead are practically confined to the crew, advice last night being that all the passengers but six had been accounted for.

Eritons Stricken

The London press despatches state that the torpedoing of the Arabic has taken precedence in the news over all the other war reports, despite the fact that these reports continue to tell of German advances in Russia of a nature that may soon affect the developments in the other theaters of the war.

TWO AMERICANS ARE REPORTED MISSING

LONDON, August 20.—Checking the list of known survivors at Queenstown

against the listed American passengers on record at the offices of the White Star line here, it seems virtually certain that a Miss Brugiere and Edmund Woods, both Americans, were killed by the German torpedo that sank the British liner Arabic yesterday morning, fifty miles from the spot where the Lusitania met the same fate.

Although the Arabic sank in eleven minutes' time, four minutes less than the Lusitania, there was not the same appalling mortality. Thirty-two passengers are missing and following the melancholy precedent established among those first reported missing when the Lusitania went down, they must with almost absolute certainty be counted at this late hour among the dead.

Six Unaccounted For

Six others have not been checked up. That is, the count does not show whether they are among the survivors who landed but have not been identified, or must be added to the list of "missing."

The survivors have all been brought to Queenstown, where they are being cared for at hotels, at the expense of the White Star line. Many of them were landed from the small boats scantily clad, suffering from exposure, shock and wounds. They praise the conduct of the crew and captain.

Actor Seared Charmed Life

Kenneth Douglas, one of those saved, is an English actor, who also was rescued from the Lusitania.

The spot where the Arabic was attacked is fifty miles east of the Head of Old Kinsale, off which the Lusitania was sunk. Survivors tell how, while scanning the sea from the promenade decks, they saw a column of foam and water rise from the side of the British steamer Dunsley, also outward bound from Liverpool and within easy range of unaided vision.

The Dunsley, though she did not sink immediately, began to list badly and, seeing that she was in distress, the captain of the Arabic put on full steam and went to her assistance, knowing the danger he himself was running.

Survivors Praise Captain

None of the survivors are selfish enough to blame him for his humanity. His was not a warship, but a peaceful merchantman, and the passengers praise him for doing his duty, even though it carried them into peril.

Stricken on Errand of Mercy

But the Arabic never arrived to succor the Dunsley. She herself was mortally stricken and settled with terrifying rapidity. It is recalled that the sudden sinking of the Lusitania was said in the official German explanation to be "doubtless" due to the secondary explosion of the ammunition and explosives she carried, and that there was nothing in previous experience to indicate that she would be so shattered by a torpedo. The Arabic carried no ammunition or explosives, though, like the Lusitania, she was a modern ship, fully provided with watertight compartments and bulkheads.

OLD FOUNTAIN AT GRAMMAR SCHOOL TO BE REMOVED

Among the items of improvement of the Central Grammar School grounds taken up by the ways and means committee of the board of supervisors is the removal of an ancient fountain from the Emma street front, also a sort of open fernery. A few yards from the fountain, besides having become nuisances through improper use by stragglers, the structures are obstructions on the limited area of the playground.

At the last meeting of the board the chairman of the ways and means committee requested the roads committee to remove the fountain and fernery, taking its compensation in the material contained therein. The structures are of plastered brick and the brick can be put to various uses by the road department. Chairman Shingle of the roads committee promptly made a motion to comply with the request, which was carried.

Superfluous trees are to be culled from the school grounds and other improvements made so that, with the new sidewalk just finished, the Central Grammar School premises will become something of an attraction, as they were when the place was the residence of royalty.

You—Or No One Else cares to be bald. Yet that is what will happen if your hair does not stop falling out.

Remell "93" Hair Tonic

In our opinion is the best hair tonic on the market. Sold only by us—50 cents. Benson, Smith & Co., Ltd.

IN WAR ARENA

SLAVS ADMIT KOVNO HAS FALLEN

LONDON, Eng., Aug. 20.—The official bulletin from Petrograd today admits that Kovno, a fortress of the greatest strategic importance, has fallen, although desperately defended, and that strong enemy forces, under Field Marshal von Hindenburg, have advanced beyond; into the adjoining district between the Niemen and Villa rivers.

"The enemy," says the bulletin, "continues to develop vigorously the successes he already has attained." Besides capturing Kovno, Berlin asserts that the Germans have taken additional forts in the ring of defenses forming the stronghold of Novogeorgievsk and have penetrated the outer defenses of Brest-Litovsk.

ITALY REPORTED READY TO STRIKE AT TURKEY

TARANTO, Italy, Aug. 20.—Italy and Turkey stand on the brink of war and a declaration of hostilities against the Porte will be made immediately upon receipt of news that Turkey has declined to accede to the Italian demands.

A number of Italian subjects are being held by the Ottomans and their immediate release and an apology from Turkey for their detention has been demanded.

Should war come, Italy is prepared to strike a quick blow. A squadron of fast cruisers is here, ready to sail at once for the Turkish coast, while advice from Brindisi state that an army of five corps has been concentrated at Apulia, prepared to leave for an as yet unknown destination.

VIENNA PUBLISHES ALLEGED PACT OF ALLIES

BERLIN, Germany, Aug. 20.—The terms of an alleged contract between Great Britain, France and Russia for the prosecution of the war are published today in Vienna.

One clause provides that England and France were to force the Dardanelles and take Constantinople.

Russia was to support the Allies from the Bosphorus and at the conclusion of the operations was to be given Constantinople. Since such a disposition, however, would not be looked on with favor in Bucharest, Rumania was to be kept in ignorance of it.

Russia was to march into Berlin at the end of March.

KAISER CONGRATULATES FRANK JOSEF ON BIRTHDAY

AMSTERDAM, Holland, Aug. 20.—The 86th anniversary of the birth of Emperor Franz Josef of Austria was elaborately celebrated yesterday at both Berlin and Vienna. The Kaiser and the German princes joined in a telegram of congratulation from Berlin, the text of the message including an expression that "whatever the fortunes of war may be, good or bad, there will be no break in the friendship of Germany and Austria."

BRITISH RELEASE U. S. OIL TANKER

WASHINGTON, D. C., Aug. 20.—The state department has received notification from London that the American tanker *Bretania*, which had been seized and taken into Kirkwall by a British patrol boat, has been released and has proceeded on to Malmo, Sweden, with her cargo of oil.

FRENCH CAPTURE TRENCH BEFORE ARTOIS

PARIS, France, Aug. 20.—The French offensive north of Arras resulted yesterday in the capture of a trench before Artois, near Souchez, and the occupation of the crest of the Vosges in an advance from Lingre.

RUSSIA CALLS OUT RESERVE VETERANS TO COLORS

PARIS, France, Aug. 20.—The Russian embassy here reports that the Russian ministry of war has called the class of 1916 to the colors.

ARTILLERY DUEL ACROSS DANUBE

NISH, Serbia, Aug. 20.—An artillery duel between the Austrians and Serbians across the Danube is in progress.

KAUAI'S BIG DITCH IS PRONOUNCED SUCCESS

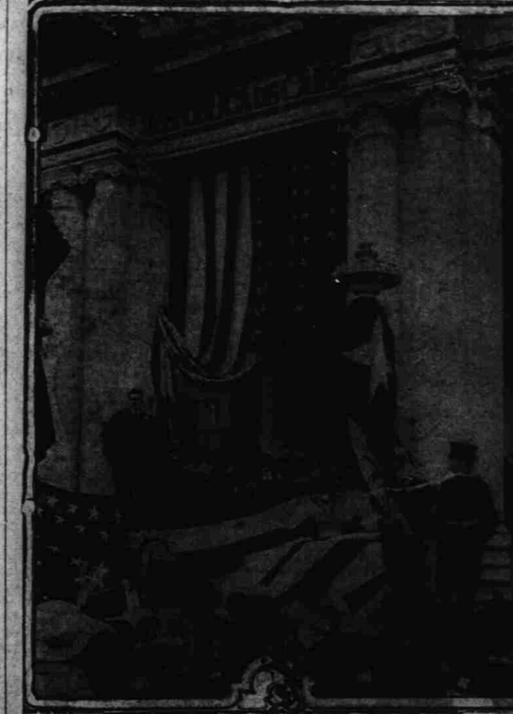

The big irrigation ditch of the Lihue Plantation Company on Kauai, which was formally opened last Monday, is carrying daily approximately 100,000,000 gallons of water.

The entire system is four miles long, made up of 12,000 feet of tunnel, 800 feet of fluming and practically 8000 feet of irrigation ditches. The system starts at the Waiala river and flows to the Kahulu river, from where it is carried through nine tunnels to the Kaia stream. Water can be supplied to Koloa, Lihue, Grove Farm and McBryde plantations. The work of construction was done under the direction of J. L. Robertson, and has taken one year and eight months to finish.

RUSSIA HOLDS BIGGEST EXISTING GOLD HOARD

ST. PETERSBURG, Russia, Aug. 20.—The largest hoard of gold in the world is that held in the vaults of the Russian state bank, amounting now to about \$850,000,000. Yet a visitor may travel from one end of the Russian Empire to the other and not see enough gold coin to buy a pair of shoes. Paper currency is used universally.

Cuba's Palace Dedicated at San Francisco

The huge Cuban Pavilion, erected at a cost of \$200,000, was dedicated recently at the Panama-Pacific International Exposition at San Francisco amid imposing exercises. This photograph shows the speakers' stand and main entrance to the pavilion.

VENICE AT NIGHT IS DARK AS FORGOTTEN CITIES OF DESERTS

ROME.—While life in the other great cities of Italy goes on much as usual during the war, without the usual summer air of festivity perhaps, and with a graver expression on the faces of the inhabitants, Venice, the Queen of the Adriatic, is transformed and the life of her people is entirely changed.

The elegant bathers at the Lido are no more; the gondoliers wait idly for passengers that do not come; the chatter and laughter of the gay luxurious cosmopolitan crowd at the Cafe Florian in the Piazza San Marco on the lovely summer evenings is no longer heard, for Venice, except when the moon shines, is plunged into darkness and at night lights of any kind in the houses or on the water are strictly forbidden.

MONEY IS LAVISHLY SPENT FOR RECRUITS, SAYS INDICTMENT

SAN FRANCISCO, Cal., Aug. 20.—That the local British and German consuls furnished, directly and indirectly, sums aggregating a quarter of a million dollars to the men recently indicted by the federal grand jury for alleged violation of the neutrality laws of the United States, is the allegation made in the text of the indictments returned.

Henry S. Graves, chief of the United States forestry service, is on his way to Alaska to collect data to support the forestry department in opposing the abolishment of any of the Alaskan forest reserves.

Home Course in Advertising

To be Conducted in this Paper by Alex. F. Osborn, Instructor in Advertising, Business YMCA, High School

PURPOSES OF THE COURSE:—(1) To increase returns for the retailer who now advertises. (2) To show the non-advertising retailer how he can lower his prices, yet increase his profits. (3) To suggest to the jobber and manufacturer a cautious method to create demand and increase good-will. (4) To prepare the person with latent advertising ability for a place in this new "profession."

This course, when delivered personally to a class of students, costs \$15. It is equivalent to a correspondence course which costs \$95. The entire 90 lessons will be given exclusively with this newspaper free of charge.

CHAPTER LXIV. DETAILS OF A GENERAL CAMPAIGN.

A general national advertising campaign has to do mainly with the creation of demand. Such publicity must reach the consumer, whether it be through street car cards or magazines or newspapers or how.

You have found your product. You have settled your manufacturing problems. You have decided on the method of distribution. You have got your sales organization. After all those big details are settled, you are ready to start on the advertising details at last.

If you are a big enough organization, you have an advertising manager. He has studied your distribution. He has worked with your sales manager to find out from the salesmen what sort of competition you are up against, what the market is, and what are the possibilities of repeat on your goods. Maybe, then, after you have found out all these different details in regard to your market, in regard to the prospect and in regard to the very product itself—then you can decide on a certain line of campaign to fit in with the conditions which surround your particular problem. Now, if you have not already done so, you will probably call in an advertising agency. An advertising agency is an organization which is supported by the publications, and other mediums. You tell this advertising agent that you have decided that you can afford to spend \$100,000 the first year on an advertising cam-

MANY DEAD AND MISSING IN WAKE OF GULF STORM

Galveston Still Out of Touch With Outside; 264 Reported Missing

[Associated Press by Federal Wireless] HOUSTON, Tex., Aug. 20.—Outside of those killed at Galveston, the death toll of the great hurricane which now has left southeastern Texas is estimated to be 233.

Of these 161 are known dead and in addition there are 264 missing, of whom it is estimated that probably one-half have perished.

A steamer arriving here yesterday from Galveston, which is still out of communication by wire with the rest of the world, reported that the dead there in the city proper would amount to less than 20.

BRITAIN OPENING UP NEW AFRICAN HOLDING

LONDON.—Two lines of English steamships are preparing to have their vessels call at the ports of the conquered German territory in German Southwest Africa.

Heretofore the British steamship lines have not been allowed to call at the ports of Swakopmund and Luderitz bay, although German ships were allowed free access to the British ports on the African coast.

It is expected that direct railway communication between the port of Swakopmund and Rhodesia will be established shortly.

SWEDEN HAS SENT SO MUCH MEAT TO GERMANY SHE FACES SHORTAGE

STOCKHOLM.—The shortage of meat in Sweden, caused by the large exports of the past twelve months to Germany, is beginning to be seriously felt here, and retail meat dealers have petitioned the government to forbid further exports.

During the first three months of 1915 the country's exportations of cattle were three times as heavy as a year ago, and there was similar increase in the exports of dressed meat.

GERMAN AGENTS NOT RESPONSIBLE FOR DISORDERS

Attorney-general Gregory Exonerates Teutons for Recent Labor Strikes

[Associated Press by Federal Wireless] WASHINGTON, D. C., Aug. 20.—Attorney General Gregory has reported to the President that the investigation carried on by the department of justice into the recent industrial disorders in the various munition plants of the United States fail to disclose any evidence to justify the charges made that these strikes are due to the activity of German agents in the United States. No grounds can be found, also, for the British complaint that German agents operating in the United States have instigated the various attempts to destroy railroad and ammunition factory property in Canada.

ENGINEERS MAKE DEFINITE PLANS FOR CONVENTION

At a meeting of the Hawaiian Engineering Association held last night in the McCandless building, officers were nominated as follows:

Chairman—A. C. Wheeler, Carl Andrews, Marston Campbell, W. A. Ramsay and W. J. Dyer.

Secretary—H. Stuart Johnson, George McEldowney and W. C. Furey. Treasurer—Irwin Spalding, incumbent.

Directors—Hawaii (one to be elected), George Duigan and W. Wylie; Maui (one to be elected), Charles Cowan, A. W. Collins, J. C. Pous and H. McCabbin; Kauai (one to be elected), H. S. Truscott and E. Kopke, Jr.; Oahu (three to be elected), James T. Taylor, C. H. Kinsey, R. Henton Hind, E. Kopke, Sr., George Angus and R. Nennaud.

Plans were also made for the annual convention, the members desiring to hold it on October 24 to 26 inclusive. A picnic, swimming party and a banquet at the Commercial Club were among the features decided upon for amusement.

The Star-Bulletin's Page of Sport

SCULL RACE AS FEATURE OF REGATTA DAY PLANNED; CLUBS PICKING CREWS

Much Interest Being Taken in Annual Water Carnival in Harbor

A new and exciting feature will be added to the list of water sports on Regatta Day, when the Myrtles and the Heanani clubs stage a sculling race. The single scull race has not yet been introduced to the Hawaiian sport lovers, but it has long been an established spectacle at all water carnivals on the mainland. On the coast and in the eastern states there is no race of the day which excites more interest than does the single sculling. It is an event which calls for an equal effort of brains and muscle. In the barge races, even in the pair oar races, the crew has a coxswain to do the thinking for them, guide the boat and keep tab on the opponents. But in a sculling race the man has all these tasks to perform at once. He has to watch the tides, keep his boat going in a straight line (no little task in itself), set his own stroke, gauge his strength for the finish and, above all, keep two oars working. Good oarsmen are hard enough to find to fill out a competent barge crew, but it is even harder to find a single expert to handle the sculls. One thing that makes the race particularly interesting to the spectators is the fact that it is a true test between individuals. In a crew race one may often loaf while his fellows have to make up for his weakness, and it is a familiar spectacle to see an oar dragging in the water before the end of a race. But in the sculling contests there is no room for any such work. The men have to work and keep working from the beginning to the end and the man who combines the most muscle with the best headwork wins.

There are at present only two sculls on the island and both of these are in the possession of the Heanani Club, but in a generous effort to advance a worthy sport the Heanani are loaning one of their boats to the Myrtles, despite the fact that shells are extremely liable to injury.

The Heanani Club tossed up a coin last night, which explains why the boat goes to the Myrtles rather than to the Honolulu Yacht Club, so that in this event the two old rivals will once more be opposed to each other. The race will probably be rowed over the pair-oared course.

The Heanani Club will select its sculling representative from among the following competitors: J. I. Whittle, C. Cunha, E. J. Nell, C. O. Murray and Walter Grace. It is possible that more than one of these men may be used, for if the event promises to attract the interest of which it is worthy, more than one race may be rowed.

For the other crews the Heanani are narrowing the field more and more and the crews will probably be selected from the following men:

Senior Crew: Six-Oared Barge.
A. H. Armitage, H. Bertelmann, E. P. Brown, L. S. Cain, Ed Hedemann, L. Cunha, J. N. Phillips, F. W. Wichman.

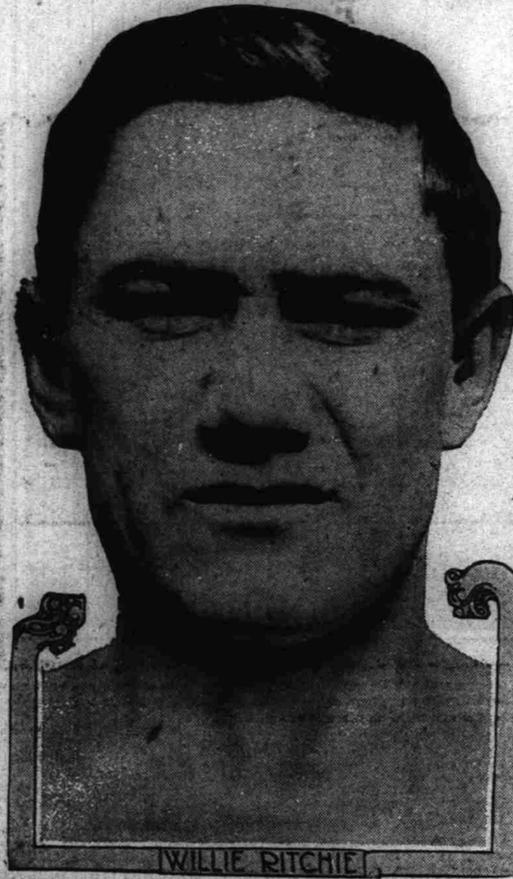

Pair Oared.
C. P. Brown, L. Cunha, A. H. Armitage, Hay Wodehouse, J. Hollinger, Juniors, Six-Oared Barge.

W. Barnhard, A. K. Clymer, Allan Cunha, H. L. Derby, Charles Franz, F. F. Fredericks, John Hollinger, J. P. Horan, H. Lemke, C. A. Rickard, Hay Wodehouse.

Pair Oared.
H. L. Derby, Allan Cunha, J. P. Horan, C. A. Rickard, E. Keefe.

Freshman, Six-Oared Barge.
F. B. Cosgrove, C. S. Franklin, L. M. Fisher, F. O. Gall, H. A. Gunther, Wm. Hollinger, R. Kanakani, E. Keefe, G. E. Macfarlane, M. Perry, L. B. Reeves, F. Swan, R. Swan.

Ritchie Hoping To Climb To Top of Ladder Again

WILLIE RITCHIE

RITCHIE WILL FIGHT SHRUGUE ON OCTOBER 1

Ex-Champion Back in Ring With Intention of Winning His Former Title

With the news that Willie Ritchie has been matched with Joe Shrugue to fight 10 rounds in New York on October 1, fight fans all over the world will begin to fix their eyes upon the ex-champion lightweight again. Willie has never been widely popular in the ring but he has always been respected. Combining the coolness of Joe Gans and the hitting power of Herrera, Ritchie's rise to fame was swift. As the saying goes, "He awoke one morning to find himself famous."

As a champion he fought neither frequently nor very impressively and it was not a great surprise when clever Freddie Welsh relieved him of the world's title in England. The trouble with Ritchie is that he fights more or less wide open, glad to take half a dozen blows if he can get his "one-two" punch in on the return. This accounts for his defeats at the hands of Charlie White and Welsh. The former simply surprised the champion with his terrific hitting power and happened to land a haymaker at the beginning of the fight that kept Willie stunned throughout the 10 rounds. In fact the most wonderful thing about that fight was not White's success but Ritchie's ability to stay with the battle for ten rounds after he was practically knocked out. Men who watched the fight from the ring-side state that the San Franciscan was unquestionably dazed every minute of the fight. He was merely working mechanically.

If this is the case it would be well for White to steer clear of the ex-champion in the future. Possessed of the most deadly one-two punch that ever crushed an opponent, Ritchie is dangerous in every round. He cannot be bluff, he cannot be kidded like poor Terry McGovern, and he cannot be cowed by punishment. He has really never been decisively defeated. In the London fight Welsh merely danced around and did fancy boxing.

Ritchie in that fight tossed a hundred straight punches off his rugged head and he could have tossed away a hundred more and not felt them. He was clearly outpunched but he was not out-fought. If he could ever get the champion into an American ring for a finish fight there is not a sportsman in the country who would not beg, borrow and steal every penny he could raise to place it on the ex-champion.

Willie has had a ten months' rest and he comes back fit for the hard work of climbing back to the top of the ladder. His fight with Shrugue will be an excellent workout. Joe was accounted one of the most dangerous men in the business a year ago. Since then he has had severe trouble with his eyes, but he has recovered now and will give the best of them a hard run for their money. Should Willie beat him he will be in line for a match with White and then can force Welsh into a match, willing or not willing.

TOO MUCH COMMERCIALISM IS KILLING INTEREST OF FANS

"Baseball Must Be Given Complete Rest," Says President of Oahu League

"Baseball is dying fast in Oahu," said Lieut. G. L. Van Deusen, president of the Oahu League, in conversation yesterday afternoon. "With six teams in the Oahu League and four teams in the International, besides numerous other irregular aggregations, the appetite of the public has been cloyed with too much of a good thing."

Professionalism is the cause of most of the falling away of interest. This results in two ways, upon the players and upon the public. The public doesn't want to spend its money to see a lot of indifferent games, and the players themselves are apt to play their best only when they see a large crowd in the bleachers.

Formerly the teams around here used to represent something more than the dollars they made. The fellows went out to play the game for the love of it, and they gave everything they had in an effort to beat the opposing aggregation; but this was only true while the game was strictly amateur. As soon as the players began to receive part of the gate receipts they lost interest in everything except the amount of money they could wring out of a series, and whether they won or lost was a minor matter.

"Of course this reacted upon the spectators, who soon saw that the men on the field were not trying to do their best. I have had a good deal of experience with baseball in the army and I know that today there is more real interest shown at an inter-company game than there is over a game between the All Army and one of the league teams. The reason is not hard to find. In the company games the teams are standing for something; you might say that in a way they are towns in the world."

fighting for a cause, and the spectators know it. What most of the fans want is not a high brand of ball, but a hard fought game.

"Several things have happened in the last year to put a damper upon the sport. When Venice came here last fall there was that squabble over the Athletic Park and the result was no game on Thanksgiving day and a lot of resulting discontent among the fans."

"Again, when the All-Nationals and the All-Americans came over the boys turned out to see them practise for a couple of days, but the big fellows played so listlessly that the fans were disgusted. It simply goes to show what I said before, that what the fans want is to see two hard fighting teams in the field no matter what is the brand of ball. And if they would not support the major leagues why should they support our semi-professionals?"

"Interest has fallen away to such an extent that not one team in the leagues will make enough to pay expenses, and it is doubtful if there is enough in the treasury to pay the mere cost of operation. It goes to show that the greed of the players has defeated their own ends."

"About the only good fans left here are the Orientals. They will always get out to support one of their own teams, but their motive is more that of patriotism than a true love of the sport. As for the rest of the people, they prefer swimming and automobileing to indifferent baseball."

"The only cure that I can see for all these evils is a long rest. Let people forget all about the present teams, and then let the sport be revived on a purely amateur basis. It's a good game and is bound to win out if it's handled in the right way, but the present system is killing what was once one of the best baseball towns in the world."

SAILORS GOING TO TAKE GLOVES TO BIG SMOKER

Deepsea frolics and dry land jokes will be the order of the night when the crew of the good ship Maryland get together with the garrison of Fort Shafter at a smoker which will be given by the soldiers soon on a date not yet definitely fixed.

The sailors will put up the same stiff fight which they exhibited at the navy dock last May before thousands of enthusiastic spectators, and the army will be on hand with their own brand of amusements.

It is possible that the crew of the Maryland may give another boxing show before they leave port, but it is too soon after their dance at the Young Hotel for any definite plans to be announced.

If the ship is in harbor for an extended period, however, it is very probable that the sailors will attempt to duplicate their great success of last spring.

MANY ENTRIES FOR SCHOFIELD RACES RECEIVED

Post Officials Gratified at Response to Plans for a Sport Day

(Special Star-Bulletin Correspondence) SCHOFIELD BARRACKS, Aug. 21.—The number of entries received for the races to be held at Schofield Barracks next Saturday has surpassed all expectations and promises an afternoon of excellent sport.

A number of ponies from the Oahu and Maui polo teams will start in competition with the army ponies. The officers' steeplechase will bring together representatives of several famous strains of race horses, while the steeplechase for enlisted men will have a field of 10, five from the 4th Cavalry and five from the 1st Field Artillery, and a lively race is expected.

There will be a number of good ones in the two flat races open to civilians and several of the best horses in the mounted regiments will start also.

The Hawaiian horses are fast for distances under a mile, and it will be interesting in the six-furlong race, open to all, to see how the thoroughbreds foaled in Hawaii will run with those foaled on the mainland.

Capt. Laurence Redington, N. G. H., who has been assisting in the preparations for the race meet, was a visitor at the post on Thursday afternoon. He was enthusiastic in his praise of the work being done by the enlisted men in preparation for the mounted competitions to be held at the Panama-Pacific exposition in October, and for the events and races to be held next Saturday.

AEROPLANES TO RACE ACROSS CONTINENT FOR \$100,000 PRIZE

Daring Aviators Will Commence Flight From New York to the Panama-Pacific

The greatest event in the history of aviation will occur in September when the great cross continental airplane race starts from New York for San Francisco. The greatest daredevil in the sport will fight each other past the Alleghenies, over the Mississippi, through the Rockies, over the high Sierras and last will swoop down in a beautiful flock over the Panama-Pacific exposition grounds.

Although the great aviators of Europe will not be able to compete, owing to the fact that aeroplanes are contraband of war and also because their countries need them at home, still there are enough daring flyers in the United States alone to furnish

the most spectacular event of its kind that has ever been attempted.

One hundred thousand dollars is the great first prize for which the aviators will risk life and limb in their cross-continental dash, and numerous other prizes running down to \$5000 will be offered.

Numerous checking stations will be established across the continent, into each of which the aviators will descend, and their time will be checked from station to station. At the last one they will be held until they have all assembled and they will start from there together, the purpose being to make them arrive over the exposition grounds as close together as possible. A wonderful spectacle it will be when they dart down out of the clouds and circle swiftly to the landing place which will mark the termination of the great 3000-mile race.

Speculation as to the probable winner is idle when such experts as Art

VISITOR CRITICIZES AMOUNT OF SEAWEED ON WAIKIKI BEACH

The following criticism of conditions which have developed recently at the Outrigger beach at Waikiki was received by the Star-Bulletin today from a visitor from the mainland: "Editor Honolulu Star-Bulletin: "Sir: As a visitor who daily enjoys the sports at Waikiki it does not become one to criticize too freely except where the good of Hawaii is concerned. For the last two days the beach has been covered with seaweed to such an extent that bathing is not a pleasant experience.

"On a beach so world renowned it seems a shame that such a small objection should not be taken care of without the criticism of a visitor.

"The Outrigger Club, with a membership of about 1000, should well be able to hire a couple of men for a day to trim their beautiful spot of such a nuisance. Or, if not this club, I am sure a 10-cent subscription from bathers any afternoon would cover all expense.

"A VISITOR"

More than half of the 400 employees of the Nitrated Products Co., at Pottsville, Pa., voted to strike for an increase in wages from 37 1/2 to 75 cents an hour. The company recently received a large order from the Allies for gun cotton.

Smith, whose daring tumbles and loops thrilled the thousands at the exposition not long ago, Walter Brookins, Glen Martin, Niles, and Farnum Fish, the originator of the side-tip spiral, are competing. The only thing that is certain is that all records will fall by the way before the contest draws to a close.

BELMONT'S HARD LUCK

August Belmont is experiencing the worst of luck with his race horses in England. How Tracery was brought down by a madman when racing for the Ascot Cup is well remembered. Danger Rock so badly cut himself in the Dullingham Stakes at Newmarket two weeks ago that it is doubtful whether he will ever race again.

FOOTBALL AND THE WAR

LONDON, Eng.—The Football Association has decided that there shall be no international cup-ties during the coming season, but leagues will be allowed to arrange friendly matches, provided that these do not interfere with war work. Only Saturday matches will be allowed and players would be unpaid and unregistered.

According to a report from Stockholm the government of Great Britain has granted permission to the Swedish Cotton Spinners' Association to ship to Sweden 55,000 bales of cotton now in English ports if it is not re-exported.

YESTERDAY'S SCORES IN THE BIG LEAGUES

NEW YORK, N. Y., Aug. 19.—As a result of today's games in the big leagues Brooklyn took the lead in the National League by two points over Philadelphia and Detroit, with a series of finely-fought victories, is up to within two points of Boston in the American league. Today's scores:

NATIONAL LEAGUE.
At Brooklyn—Brooklyn 6, Chicago 5.
At Philadelphia—Pittsburg 3, Philadelphia 3.
At Boston—St. Louis 4, Boston 1.
At New York—Cincinnati 6, New York 1.

AMERICAN LEAGUE.

NOTICE.

The Honolulu Civil Service Commission will hold a general competitive and classified examination at the McKinley High School, corner of Beretania and Victoria streets, Honolulu, on Thursday, August 26, 1915, at 7:30 p. m., for United States citizens desiring positions in the Honolulu Fire Department and the Police Department of the City and County of Honolulu, said examinations to be held under the rules and regulations of said Commission for the following positions:
General entry examination for the Fire Department.
Mounted patrolmen, foot patrolmen (including country officers and guards), traffic officers and sub-station officers for the Police Department.
Application and medical certificate blanks can be obtained at the office of the City and County Clerk, McIntyre building, corner of Fort and King streets, same must be filed with said City and County Clerk not later than 4 p. m., Tuesday, August 24, 1915.
All applicants must call at Baron's Gymnasium, King street, on Wednesday, August 25, 1915, at 5 p. m., for physical and muscular test.

By order of
HONOLULU CIVIL SERVICE COMMISSION,
D. KALAUOKALANI, JR., Secretary.
6239-121

RESOLUTION NO. 223.

Be it Resolved by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of Four Thousand Two Hundred Dollars (\$4200.00) be and the same are hereby appropriated out of the Permanent Improvement Fund of the Treasury for an account to be known as Sidewalks and Curbing in the locations hereinafter specified:
(1) The Allen, Richard, Halekaula and Alakoa street boundaries of the old Territorial Fish Market; (2) The Ewa side of River street, from Queen to Vineyard streets; and (3) The King street, College Walk and Beretania street boundaries of Ala Park.

At a regular meeting of the Board of Supervisors of the City and County of Honolulu, held Tuesday, August 17, 1915, the foregoing Resolution was passed on First Reading and ordered to print on the following vote of said board:
Ayes: Ahia, Arnold, Hollinger, Horner, Larsen, Logan, Shingle. Total 7.
Noes: None.
D. KALAUOKALANI, JR., City and County Clerk.
6245-Aug. 18, 19, 20.

RESOLUTION NO. 225.

Be it Resolved by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of Seven Hundred Dollars (\$700.00) be and the same is hereby appropriated out of all moneys in the Permanent Improvement Fund of the Treasury for an account known as Curbing, Young Street and Pawa Road.

At a regular meeting of the Board of Supervisors of the City and County of Honolulu, held Tuesday, August 17, 1915, the foregoing Resolution was passed on First Reading and ordered to print on the following vote of said board:
Ayes: Ahia, Arnold, Hollinger, Horner, Larsen, Logan, Shingle. Total 7.
Noes: None.

6245-Aug. 18, 19, 20.

RESOLUTION NO. 227.

Be it Resolved by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of Two Thousand Three Hundred and Fifty-three Dollars (\$2353.00) be and the same is hereby appropriated out of all moneys in the General Fund in the Treasury of the City and County of Honolulu, for an account to be known as Purchase Denby Garbage Truck.

At a regular meeting of the Board of Supervisors of the City and County of Honolulu, held Tuesday, August 17, 1915, the foregoing Resolution was passed on First Reading and ordered to print on the following vote of said board:
Ayes: Ahia, Arnold, Hollinger, Horner, Larsen, Logan, Shingle. Total 7.
Noes: None.
D. KALAUOKALANI, JR., City and County Clerk.
6245-Aug. 18, 19, 20.

PROPOSALS will be received at the Bureau of Supplies and Accounts, Navy Department, Washington, D. C. until 10 o'clock a. m., September 14, 1915, for delivering fire hose and racks, and angle globe valves at the naval station, Pearl Harbor, Hawaii. Apply for proposals to the navy pay office, Honolulu, Hawaii, or to the Bureau, SAMUEL MCGOWAN, Paymaster General, U. S. N. 7-28-15.
6241-Aug. 13, 20.

WANT TO CUT PAPER PRICE.
(By Associated Press.)
BERLIN.—As one means of reducing the price of printing paper the authorities have concluded to remove the duty on mechanically and chemically prepared cellulose. Sweden and Austro-Hungary are the largest exporters of this material to Germany.

THEATRICAL OFFERINGS
SEEKS JUSTICE, FINDS ONLY LAW

A comedy-drama imploring that justice be tempered with mercy and that the "law be tempered with justice," will be presented at the Bijou theater tomorrow night by the Jane O'Rourke-Broderick O'Farrell Company. "The Law" is the title of the playlet and it will be the initial offering of these artists in Honolulu.
In the role of Marie Miss O'Rourke has won high praise from critics, professional and otherwise. Mrs. Franklin McClusky of Phoenix, Arizona, former member of the faculty of Northwestern university and prominent in club circles, says of Miss O'Rourke:
"Miss O'Rourke plays the part of the Italian wife and mother. Three babies in six years of marriage at twenty-two! She comes knocking at the door of Justice and finds Justice merely 'The Law.'
"In a delightfully correct costume and makeup Miss O'Rourke rings true in her part. Her facial expression is as clear as a mirror. The eyes are very good."
A superior photo-play, "Alias Jimmy Valentine," will also be shown at the Bijou in connection with the theatrical offering.

ELSIE JANIS IN PLAY OF HER OWN

Captivating and capricious Elsie Janis, one of America's leading comedians and mimics, proves a maker of merriment in large packages at the Liberty theater.
"The Caprices of Kitty," a photo-play written for Elsie Janis by herself, is her medium. Elsie, in the role of Kitty, would be hard to beat, while her support includes Courtneet Foote, Herbert Standing, Vera Lewis, Mar-

PARISIANS RUN OVER TO LONDON TO FIND GAITY

Paris No Longer Frivolous as of Old, But London Retains All Its Night Life
LONDON, Eng.—One of the paradoxes of the war is the visiting of Parisians to London for a bit of excitement and gaiety. Paris is nothing like its old self, for its theaters are closed, motor buses at the front, most of its taxis laid up and a large number of its hotels closed. But London has sacrificed but little of its old life. Hotels are full, tea rooms and restaurants as crowded as ever, theaters, especially the music halls and revues, will attend, and Hyde Park and upper Thames have their usual crowds of holiday makers.
But this does not mean that London does not feel the war. The hotel guests are mainly purchasing agents for the allied powers, visiting attaches on official business and agents for American factories looking for supply contracts. Comparatively few of the younger men seen in the fashionable tea places and restaurants wear civilian clothes. Khaki is also the prevailing color among the men at the revues. The "Piccadilly Knut," as the young men who set the fashions are called, has largely disappeared from his old haunts.
London's gaiety is in one sense largely kept up by the war. Men living the hard routine of duty at the training camps or a life of constant danger at the front seem to find a complete change and rest of mind in a frivolous show as in nothing else. The first idea of a wounded man on getting out of the hospital is a round of restaurants and variety halls. Officers and enlisted men with arms in slings and on crutches are sights too common there to attract more than passing notice.

NEW SOUTH WALES HAS HELPED WAR CHARITIES.
SYDNEY.—New South Wales has contributed more than \$5,000,000 to war charities since the beginning of hostilities. The proceeds from "Australia Day," will probably add another million and a quarter to the total of the first year of the war.
The colony's donations include about \$1,500,000 sent to Belgium, \$500,000 for the Red Cross work, and \$1,000,000 for local use.

BY ONE JUMP HE SAILS.
NEW YORK, N. Y.—William M. Metzga caught the Holland-America liner Noordam by a flying leap when she sailed from Hoboken for Rotterdam. To be exact, the steamship's crew caught him.
When he reached the pier he learned he could not get home to Switzerland through the German lines unless he had his passport vised by the German Consul General here. He hurried from the pier and had the passport countersigned, but returned after the gangplank had been drawn in and the Noordam had begun to back out into the river.
The gangplank was run out to within three feet of the steamer and the shore end was weighted down by longshoremen. Metzga ran out on it, threw his satchel on board and leaped after it. Several members of the crew grabbed him as he soared down on the deck.

X-RAY USED ON HAND FOR HOUR; NO INJURY
NEW YORK, N. Y.—Physicians from several of the leading hospitals of this city discussed the discovery of what was described as a harmless X-ray. Fourteen physicians had witnessed a demonstration of the new ray by Charles Stanley, an electrician, who claims to have eliminated the danger heretofore said to surround the application of the X-ray.
Stanley held the bulb with the revolving in his hand for an hour to show the physicians that it produced no harmful effect.

NOTICE TO PRESENT BONDHOLDERS AND OTHERS CONCERNING APPLICATIONS FOR NEW BONDS OF THE MUTUAL TELEPHONE COMPANY.
The Mutual Telephone has provided for an issue of not to exceed \$700,000 or 5% gold coupon bonds to be dated October 1, 1915, redeemable October 1, 1920, due October 1, 1930, and to be secured by a trust deed of all its present and future-acquired property. Of this issue, bonds to the amount of \$200,000 will be disposed of on October 1, 1915, for the purpose of redeeming the present outstanding \$200,000 of 6% bonds, and the remainder will be held in the treasury, such amounts thereof as may be required to be issued from time to time for improvement of the plant and property. These bonds will be of denominations of \$100, \$500 and \$1000.
The company, being desirous of accommodating the holders of the present bonds as far as practicable, offers to sell to such holders, at the rate of \$101.50, bonds of the new issue to such amounts as may be desired and as may be practicable in view of the denominations of the bonds but not exceeding the amounts of the present bonds held by the holders thereof respectively. Accordingly, the undersigned will receive applications until and including August 31, 1915, from the holders of the present bonds, each application to set forth the numbers and aggregate amount of the present bonds held by the applicant and the amount (par value) of the new bonds desired by the applicant.
Applications will also be received until and including August 31, 1915, from the public for such of said proposed first \$200,000 of the new bonds, if any, at the rate of \$101.50, as may be available for sale after accommodating the holders of the present bonds as hereinabove set forth, the application in each case to set forth the amount (par value) of new bonds desired. In case applications are received from the public in excess of the amount of bonds so available for sale, the company reserves the right to apportion such bonds among the applicants in such manner as it may deem equitable and to reject any or all applications in whole or in part.
MUTUAL TELEPHONE COMPANY,
By J. A. BALCH, Treasurer.
