Honolulu Star-Bulletin

3:30 Edition

Evening Bulletin, Est. 1882, No. 6542
Hawaiian Star, Vol. XXIV, No. 7585

14 PAGES—HONOLULU, TERRITORY OF HAWAII, TUESDAY, AUGUST 1, 1916.—14 PAGES

PRICE FIVE CENTS

GERMANY REFUSES U. S. PLAN OF POLAND RELIEF

JUDGE STUART'S RESIGNATION TO BE OFFERED SOON

Senator Shafroth Has Document in Possession With Jurist's Swan Song

EXPECTED TO TURN IT OVER TO PRESIDENT

Communication is Addressed to Mr. Wilson, Not to Department of Justice

[Special Star-Bulletin Cable]

WASHINGTON, D. C., August 1.—The resignation of Circuit Judge Thomas B. Stuart of Honolulu was not presented either at the White House or the department of justice today, and the schedule Judge Stuart indicated in the "personal" letter to President Wilson he would follow has not been observed.

Senator Shafroth of Colorado, to whom Judge Stuart sent his first two letters of resignation, said today he has the latest document in his possession. He said he would deliver it "in a day or so."

He also said that the resignation is addressed to the president, not the department of justice. It seems certain that Shafroth will turn it over to the president tomorrow or Thursday, whenever he can get an engagement at the White House. This was impossible today because of a cabinet meeting.

C. S. ALBERT.

STUART LETTER WAS CHALLENGED BY J. A. MAGOON

Five Days Before His Death Honolulu Attorney Sent Letter to Wilson

Five days before the accident in Baltimore, Maryland, which resulted in his death, John Alfred Magoon, well-known Honolulu attorney, addressed a personal letter to President Wilson challenging the attack made by Circuit Judge Stuart on the chief executive, Secretary Lane and Attorney General Gregory—probably his last undertaking as a citizen of Hawaii and a stanch Republican.

A copy of the letter was received last night by Circuit Judge W. L. Whitney, accompanied by a brief note signed by the late Mr. Magoon. The latter's note read as follows:

"Dear Judge:

"Am having a delightful time. Met Mrs. Whitney on the overland train, but got off at Ogden, Utah, and she came on through. Saw Stuart's letter in one of the San Francisco papers and have sent the original of this to the President. Am going to tour around the East in an auto and will start home about the end of October.

"Have not seen McCarn.

"Your friend,

"J. ALFRED MAGOON."

The letter to the President, challenging Stuart's attack, reads as follows:

"Washington, D. C., July 21, 1916.

"The President,

"The White House.

"Sir: I cannot permit the letter of Judge T. B. Stuart of Hawaii, attacking Secretary Lane and Attorney General Gregory, to go unchallenged. I do not doubt the good intention of the judge, but it is misleading in fact and dangerous in effect.

"Measured by qualifications, no better man could have been appointed governor than Mr. Pinkham. He is honest, brave, capable and, what is in fact the highest qualification in Judge Stuart's estimation, is not of the plutocracy. He is a friend of the people and stands for their rights as against all comers.

"He is a true Jeffersonian Democrat, as I understand that term, in that he is an indefatigable worker for the public good. His entire time is devoted to the duties of his office and neither threat nor cajolery, praise nor denunciation can swerve him from the steadfast purpose to do the right.

"While I do not know of any mistake that he has made in the matter of homesteading the government lands; if he has made mistakes it is not to be wondered at, for homesteading is one of the most difficult propositions we have in Hawaii; to properly discuss which cannot be thought of in this letter.

"As to Judge A. G. M. Robertson, it may be said that he was practically the unanimous choice of the Hawaiian people for the office of chief jus-

INFANT DEATHS MOUNT; HEAT IN NEW YORK GREAT

Fifty-seven Deaths and 159 New Cases is Record for Twenty-four Hours

(Associated Press by Federal Wireless)

NEW YORK, N. Y., Aug. 1.—A new and appalling record in infant mortality due to infantile paralysis was set down here today when reports for the last 24 hours showed that there were 57 deaths and 159 new cases.

The increase is attributed to the terrific heat, which today was the worst of the season.

DELAYED GOODS ARE COMING ON MANOA FROM S. F.

Letter Received By Santa Fe Agent Here Good News For Honolulu Merchants

Good news for Honolulu merchants who have been unable to get shipments of new goods here from the mainland, is contained in a letter received today by General Agent H. E. Vernon of the Santa Fe System's Honolulu office, from G. W. Lupton, Santa Fe freight agent in the Bay City.

This letter, dated July 26, says that from all indications on that date the Matson Navigation Company would take all of the old merchandise for Honolulu on the steamer sailing August 1, the Manoa, due to leave at 4 o'clock this afternoon.

"The Matson line has requested the Santa Fe to deliver to them 10 cars of merchandise, and it looks as though we will get orders for eight or 10 cars more," said Vernon this afternoon. "Merchandise shipments are less than carload lots, and from 10 to 20 consignees may be interested in each car. They include drugs, dry goods, shoes and general lines of merchandise."

CONTEMPLATED RAISE OF FREIGHT RATES IS EARNESTLY PROTESTED

Cabled protest against the contemplated $0.22 1-2 a hundred raise of freight rates east of San Francisco was forwarded through George McK. McClellan to the interstate commerce commission by the chamber of commerce Monday night. The action was decided upon at a meeting of the board of directors late Monday afternoon.

"The pineapple pack is sold but it cannot be moved owing to a shortage of bottoms," said Raymond C. Brown, secretary of the chamber, in explanation. "The price obtained is based on the present rate. If that rate is increased September 1, as contemplated, there would be a loss to the packers. We asked that the raise be deferred until January 1 to give the pineapple crop a chance to move."

DEMOCRATS ARE ORGANIZED FOR THEIR CAMPAIGN

Territorial Committee Meets and Elects Officers and Plans Work

PART OF PLATFORM TENTATIVELY DRAWN

Prof. W. A. Bryan Succeeds Pacheco, Who Has Other Aspirations for Office

Starting their campaign with a declaration of confidence and promising that it will develop into a whirlwind the Democratic territorial central committee met yesterday and last night.

Prior to passing on first reading a number of planks, printed in full in today's edition of the Star-Bulletin, which will comprise much of the party platform, it effected a complete reorganization in its lineup of officers.

William A. Bryan, professor in the College of Hawaii and mentioned as a candidate in the coming senatorial race, was elected chairman to succeed Manuel C. Pacheco, chairman for the last four years. Pacheco was nominated, but withdrew in favor of Bryan. He has other political campaigns in view.

Horace Crabbe was elected vice-chairman to succeed Jesse Uluihi; Thomas McVeagh was named secretary to succeed Frank C. Benevedes, and E. H. F. Wolter was elected treasurer, succeeding T. J. Ryan, recently appointed clerk in Circuit Judge Clem K. Quinn's court at Hilo.

Pacheco Explains Withdrawal.

As his reasons for withdrawing as a candidate for chairman of the central committee Pacheco says that he is contemplating running for one of three offices.

"But I am entirely in the hands of my friends in this matter," he declares. "Some have urged me to run for senator from the third senatorial district, and others have suggested that I run for supervisor.

"Since Governor Pinkham has, in the case of James L. Coke, established the precedent that a senator may resign, I feel that I am in a position to run for senator and then, if the postmastership is tendered me, I can resign as senator, should I be elected. But I am in doubt as to whether the governor has the power, under the Organic Act, to accept the resignation of a senator.

"I am confident that my name will be considered for the postmastership. I know the department will give me consideration and, in our own platform, we will support the home rule plank in the national platform."

Platform is Considered.

The meeting yesterday was held in the office of National Committeeman J. H. Wilson in Pauahi street. Following the election of officers the committee resolved itself into a committee of a whole for consideration of the various tentative platform planks. A sub-committee then was appointed to prepare a draft of the tentative platform for presentation to the committee.

The sub-committee is composed of Thomas McVeagh, M. C. Pacheco, Joseph Kalana, Horace Crabbe and William St. Clair.

In its tentative report the sub-committee presented the platform planks printed in the Star-Bulletin today. These planks passed first reading. They will be open to amendment upon second reading, which will be done at another meeting to be held at 7:30 o'clock tomorrow evening.

Following are the tentative planks which have passed first reading:

We, the representatives of the Democratic party of the Territory of Ha-

Late News At A Glance

BERLIN SAYS ZEPPELIN RAID EFFECTIVE

(Associated Press Service by Federal Wireless)

BERLIN, Germany, Aug. 1.—A squadron of Zeppelins on Monday night attacked London and the eastern Enggland counties, dropping bombs on coast works, anti-aircraft batteries and industrial establishments. The Zeppelins returned undamaged.

BRITISH STEAMER BLOWN UP OFF CHILE

VALPARAISO, Chile, Aug. 1.—The British steamer Ecuador has been blown up off the port of Ilico, with a loss of 20 lives.

The Ecuador is a British steamer, the property of the Pacific Steam Navigation Company.

CHINESE PRESIDENT CALLS FOR UNITY.

PEKING, China, August 1.—Addressing the Chinese parliament at the opening today, President Li Yuan Hung urged that consideration be given to non-partisan reconstruction to build up the republic. Contrary to precedent, he wore European civilian attire in opening parliament. The parliament will probably reconvene in two weeks if party differences are reconciled.

ST. LOUIS BALL TEAM GOING TO JAPAN

St. Louis College baseball team will make a trip to Japan in October, under the management of J. I. Arcia. Word was received this morning by Arcia from T. Yoshikawa, manager of the Keio University team, stating that expenses would be guaranteed the Honolulu team. The squad will play 12 games in Japan.

NO NEW DEVELOPMENTS IN ESTATE MATTER

Up to press time this afternoon the final decree in the appointment of Charles R. King as a trustee of the Bishop Estate had not been signed, nor had King filed his bond of $100,000. It is expected that these matters will be attended to tomorrow morning. The intended appeal of the remaining trustees may also be filed tomorrow.

ELECTRIC COMPANY CHARTER AS APPROVED MADE PUBLIC.

At the meeting of the public utilities commission this afternoon the ratification by Congress June 30 of Act 153, S. L., granting the Lihue-Koloa, Kauai, electric franchise, was made public. A copy of the act as approved by the president after ratification was received by the commission today. Hans Isenberg is the principal promoter of the project.

WHITNEY TO INSPECT MAINLAND INSTITUTIONS.

A large part of Circuit Judge W. L. Whitney's six-week vacation will be spent in inspecting reform schools and detention homes on the mainland, with a view to gaining ideas to incorporate in proposed institutions for Honolulu. Judge Whitney will leave for the coast a week from tomorrow in the transport and will visit Washington and New York. He will join Mrs. Whitney at Chicago.

HILLEBRAND GLEN PROJECT RECEIVES $1000

The Hillebrand Glen water project is to go ahead. At its meeting today the Oahu loan fund commission voted to turn over to its engineer, F. G. Kirchhoff, the preliminary survey made by Engineer James T. Taylor, who said he thought the entire job could be done for $25,000. The city water department's figure some time ago was $33,000.

After taking this action the commission appropriated $1000 for expenses of locating the route of the open, concrete-lined ditch which will be built to carry the water from the glen to Reservoir No. 4 in Nuuanu Valley, and making plans and specifications. Taylor was present at the meeting. Lester Petrie presided as chairman.

"DESIRE FOR PEACE STIRRING" KAISER TELLS HIS CHANCELLOR

(Associated Press Service by Federal Wireless)

BERLIN, Germany, August 1.—Kaiser Wilhelm has sent a message to Chancellor von Bethmann-Hollweg reading in part as follows:

"There are hard times ahead. After two years of war, the desire for the sunshine of peace is stirring in all human hearts. The war continues because the battle-cry of the enemy is still the destruction of Germany.

"Confidence has never left me that Germany is invincible. Germany knows she is fighting for her existence."

At last reports the Kaiser was on the western front, moving from spot to spot where the heavy battles were in progress.

BASEBALL RESULTS TODAY

NATIONAL LEAGUE

At Philadelphia—Chicago 2, Philadelphia 0; Philadelphia 3, Chicago 2.

At Boston—Boston 1, St. Louis 0.

At Brooklyn—Brooklyn 5, Cincinnati 2.

At New York—Pittsburg 4, New York 3.

AMERICAN LEAGUE

At Chicago—Chicago 3, Philadelphia 0; Chicago 3, Philadelphia 2.

WILLIAM JOHNSTON WINS LONGWOOD TENNIS FINALS

(Associated Press by Federal Wireless)

BOSTON, Aug. 1.—William Johnston of San Francisco, national tennis champion of America, won the finals of the Longwood tennis tournament singles from Joseph Armstrong 6-0, 6-3, 2-6, 6-2. Johnson took the first two sets handily and then allowed Armstrong to take the next set. The California player had the game well in hand throughout. Armstrong lives in Philadelphia, and was ranked in the second ten last year. R. Norris Williams was the winner of the Longwood finals last season.

A decree granting the change of name of Kum Lung Achuck to Warren W. Achuck has been issued by Governor Lucius E. Pinkham.

Great Submarine Chase Is Now On!

Here is Splendid Chance to Win $50 Prize

Look for Directions on Page Three of This Issue and Get Busy

They're off!

In all the splendor of their newness, and with decks stripped for action, they cleared port today and steered for the blue of the open sea.

Fathers, mothers, brothers, sisters, grandmas, grandpas, cousins, aunts, the cook, the housemaid, the yardman, the debutante and society queen—all are after the Star-Bulletin's submarines and cruisers and that fine little prize of $50.

Today begins the first chase, when everybody is going to study good roads and what they mean to Honolulu. The three following Tuesdays the chase will be continued and after that the records of the contestants will be carefully examined and the winner of the big cash prize announced.

The chase will be an easy one because the ships are of two kinds only—submarines and cruisers—and they will be scattered through the advertisements of the Star-Bulletin for four Tuesdays, beginning today.

Each ship bears a printed word. The submarines or the cruisers clipped from today's Star-Bulletin and properly arranged on the Submarine Chase cards, which you procure at any store, will form a complete statement on good roads.

The words may be arranged to suit the chaser, only they must form a complete paragraph and five additional words for each set of ships of the contestant's own choosing may be used.

Go over today's advertisements carefully, and to make doubly sure that no single ship has escaped your eyes or scissors tomorrow's Star-Bulletin will print the number of ships appearing in today's edition.

All the stores whose ads appear in today's Star-Bulletin will have stacks of Submarine Chase cards for distribution. Just ask for one or as many as your family needs and get busy.

It Will Be Very Interesting And That Big Prize May Be Yours

The cards for each week should be sent to the Star-Bulletin by the following Monday. First read the card of directions on Page 3 of this issue. Then draw up to the table, spread out your Star-Bulletin and go Submarine and Cruiser chasing.

Each member of the family may share in the fun, for all should have a chance at the generous prize that goes to the winner—the one who forms the most concise, hit-'em-in-the-eye statements from the words on the ships.

Cut out your submarines and cruisers tonight. Tomorrow, bright and early, drop into one of the stores and ask for your Submarine Chase cards. Get busy and get in early to avoid the rush.

Bomb Set Off in Chicago; Jewish Paper the Object

Publisher Recently Testified Against Labor Leaders; New Jersey Congressmen Want an Embargo on Munitions

(Associated Press by Federal Wireless)

CHICAGO, Ill., Aug. 1.—The latest bomb explosion occurred in Chicago today. A bomb was set off under the building of the Jewish Daily Press.

Publisher Liebling of the Press was a witness for the state in a recent trial of a score of labor leaders charged with conspiracy.

(Associated Press by Federal Wireless)

NEW YORK, N. Y., Aug. 1.—New Jersey officials, federal officials and members of congress held a conference here today, discussing developments in connection with the disastrous explosion at Communipaw, N. J., Sunday morning. Representative John J. Eagan and James Hamill of New Jersey announced that Mayor Fagan of Jersey City would accompany them to Washington to demand that an embargo be placed on the shipment of explosive munitions from Atlantic ports.

Eagan announced that he will offer a resolution in the house to this effect.

HUGHES OUT FOR WOMAN SUFFRAGE

(Associated Press by Federal Wireless)

NEW YORK, N. Y., Aug. 1.—Candidate Charles E. Hughes, in a letter today to Senator Sutherland of Utah, declared himself in favor of an amendment to the federal constitution providing for woman suffrage.

President Wilson favors settlement of the suffrage question by the states. Most of the suffrage organizations advocate the federal amendment.

GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS, July 31.—British enterprises in Pozieres and Longueval, lasting until yesterday, followed by the French and great Anglo-French thrust between Longueval and Somme. At least six divisions this morning made a uniform attack. During the day time German curtain-fire detained the enemy between Pozieres and Longueval. Towards the evening separate attacks carried out by strong forces. The enemy was everywhere repulsed with heaviest of losses, and no yard of our terrain was lost. All hand-to-hand fighting, thanks to the gallant Bavarian and Saxon reserves, Schleswig Holstein troops, decided in our favor.

We captured 12 officers, 769 men and 13 machine guns.

South of Somme artillery duels are going on. In the vicinity of Prunary feebler French attacks broke down in our fire.

East of Meuse artillery fire increased to its highest intensity. Southwest of Thiaumont small hand grenade combats.

An enemy's air attack on Conflans was answered by fire on Pont-a-mousson. A French air squadron engaged against Muelheim was attacked and routed and chased to the vicinity of Nuenburg by our forces.

An enemy aeroplane northwest of Muelhausen was shot down. Lieut. Hoehndorf, north of Bapaume, shot down his eleventh aeroplane. A French biplane was shot down west of Pont a Mousson, another by anti-aircraft gun fire south of Thiaumont.

East front, both sides of Freidrichstadt, Russian detachments were repulsed. Russian attacks west of Logishain and near Nobel failed.

Linsingen's army front: Continued attacks of Russian masses yesterday were vigorously repulsed with largest losses. Fighting at the principal points on both sides of the road between Kovel and Sarviy between Vationez and Turya, south of Turya and on both sides of Lipa. Well-prepared German counter attack drove back the enemy, penertated the vicinity of Searza. Up to now, 1889 Russians, among whom nine officers, were prisonered.

Our air squadron during the last few days caused considerable damage to lodging places of marching and camped troops and rear guard communications.

Bothmer's army: Russians west and northwest of Bucsasz penetrated several places on the first line, being ejected. All attacks were repulsed.

NEW ASSISTANT MANAGER ASSUMES HIS DUTIES

N. E. Gedge, who was recently chosen as assistant manager of the Inter-Island Steam Navigation Company, assumed the position of his new office this morning. It has not been yet decided who will be the new secretary-treasurer of the company.

EASTERN LINES SMASHED IN BY RUSSIAN BLOWS

Von Bothmer's Army Reported Almost Enveloped in Galicia; Germans Withdrawing

TEUTON DESPATCHES STILL DENY LOSSES

Enemy's Advances and Attacks Made at Huge Cost, Berlin Says

(Associated Press by Federal Wireless)

WASHINGTON, D. C., Aug. 1.—Germany has refused to enter into further negotiations with the United States on the plan for Uncle Sam to undertake Poland's relief. Germany says her refusal is "on account of impracticable conditions imposed by England upon the shipment of foodstuffs from America into Poland." The German government adds that harvest prospects are good and relief will be unnecessary after October 1.

BERLIN, Germany, Aug. 1.—The British troops which penetrated the German positions west of Foureaux Wood have been driven out.

Anglo-French losses on the Somme amount to 350,000. In the east the enemy has also suffered hugely. The Russians are exhausting themselves against the German line on the Stockhod river, their attacks being fruitless.

(Associated Press by Federal Wireless)

LONDON, Eng., August 1.—Russia's blows on the Germanic-Austrian lines in the east are battering in the Teuton defenses, according to today's despatches from the Slav zone.

Gen. von Bothmer's army is reported almost enveloped by the Russian armies in Galicia. This report comes from Rome.

After the victorious Cossacks occupied Brody, they are reported to have made a series of raids upon the railroads back of the Austrian armies, cutting the railway lines and imperilling the retreating soldiers.

Germany is withdrawing heavy artillery, food and munitions from Kovel, and has evacuated Vladimir, Volynsk and the corresponding line, says a Rome despatch.

PETROGRAD, Russia, August 1.—The Russians in the region of Velickikuchary have forced the Teutons backward. Teutonic counter-attacks in the Kovel and Lutsk region have been repulsed.

ZEPPELIN FLEET THOUGHT TO HAVE REACHED COAST OF ENGLAND LAST NIGHT

(Associated Press by Federal Wireless)

LONDON, England, Aug. 1.—Seven or more Zeppelins are believed to have reached the English coast some time last night on a raid, accompanied by aeroplanes.

One of the flyers was caught by the dazzling beams of a searchlight and anti-aircraft guns were turned on it. Its fate is unknown.

BRITISH STEAMER TELLS OF SUBMARINE BATTLE IN MEDITERRANEAN SEA

(Associated Press by Federal Wireless)

MONTREAL, Canada, Aug. 1.—The British steamer Clodmoor from Genoa reached here today with a story of having battled with a submarine in the Mediterranean sea. Capt. Hutter believes that he left the submarine in a sinking condition.

FRENCH SOLDIERS CHECK TEUTON CHARGES ON WEST

(Associated Press by Federal Wireless)

PARIS, France, Aug. 1.—North of Avre, on the west line, the Germans today attempted attacks but failed. Repeatedly the Germans made counter attacks without gains.

LONDON, England, Aug. 1.—A German attack today on the west, north of Bazentine le Petit, was repulsed by the British soldiers.

OAHU AUCTION SALE IS HELD, MARKET PRICE PAID BY PURCHASER

Oahu shares sold at public auction this morning, the sale being conducted by James F. Morgan Company. They were the fractional shares resulting from the issuance of the stock dividend and there were 175 even shares in the lot. There was but one bid and that was $36.75 per share. Asked how many shares he desired the visitor replied, "All." In the stock market Oahu also sold at $36.75.

DEMOCRATS ARE ORGANIZED FOR THEIR CAMPAIGN

(Continued from page one)

wall, in committee assembled, reaffirm our allegiance to the National Democratic party and the principles of that party as enunciated in the national party platform adopted at St. Louis and as exemplified in the legislation enacted by the Democratic congress during the past three years.

We point with pride to the legislation placed upon the statute books during the period of President Wilson's wise, progressive and fearless leadership. Attention is called to the progressive legislation dealing with banking and currency, the reduction of tariff rates to revenue basis, the income tax, labor laws, postal savings bank, anti-trust laws, and the many other legislative acts which all tend to enlarge the freedom of the average citizen without encroaching on the legitimate rights of any class.

We gladly indorse the action of the Democratic national convention in nominating Woodrow Wilson and Thomas R. Marshall to succeed themselves as president and vice-president, respectively, of the United States, and predict that they will again lead our party to victory, thus assuring to the people of this territory and to the nation at large four more years of national peace and prosperity.

TARIFF.

The national Democratic party has fulfilled its promises to reduce the tariff to a revenue basis and has fulfilled this promise so effectually that the tariff question has been practically eliminated as a national issue. The tariff question has been so fairly settled that the Republican party has been, and now is, in despair over the want of an issue with which to beat Wilson.

We concur in the action of the national administration in repealing the free sugar clause of the Underwood Tariff Act, owing to the exigencies of the times, believing that the revenue tax on sugar is the least onerous and the easiest collected of any tax imposed by the national government.

For once in the history of this nation the Republican party is not able to delude the voters by the cry of a full dinner pail. Never before in the history of the nation have the wheels of industry been turning so fast and so productively notwithstanding the dire predictions of disaster made by our Republican opponents when the Democratic administration was inaugurated, the dinner pail is now full and overflowing.

EDUCATION.

The aims and policy of the Democratic party in this territory regarding this subject were fully set forth in our platform of 1914, and we reaffirm our belief in the principles therein set forth and point with pride to the growth and development of our public school system under the able and efficient management of the present superintendent of instruction. The establishment of vocational schools as advocated in that plank of the platform is now an accomplished fact throughout a large part of the territory. We pledge our party and the candidates for the house and senate to provide for the further development of this branch of the educational system and to provide for sufficient appropriations to the end that the public school system of the territory may be fully developed and improved.

We further pledge our legislative candidates to use every effort to enact such legislation as will extend the usefulness of the College of Hawaii. We believe that this institution ought to be granted every assistance, financial and otherwise, to the end that it may adequately serve the purposes for which it was created, and occupy a position in this territory similar to that of other colleges of the same nature through the states of the Union.

We pledge our party to provide for the development of education in accordance with the increase in the school population, with the view that all facilities needful may be provided, so that our growing population may have supplied opportunities to develop into efficient and useful citizens. Increased opportunity should be provided along the lines of vocational training now in force in many parts of the union and we pledge our candidates to cooperation in working out in conjunction with the school such opportunity.

HONOLULU HARBOR.

We pledge all our candidates for the legislature to memorialize congress for the enactment of legislation and the appropriation of sufficient funds to enlarge the harbor of Honolulu by dredging a channel from Honolulu harbor to the Kalihi entrance to that harbor; and by condemnation proceeding, or otherwise, to acquire all necessary lands in any place in the territory for the purpose of wharves to meet the increasing demands for greater shipping accommodations. We pledge our delegate to congress to work for the necessary appropriations for the completion of the above improvements and for all other such harbor, wharf, and breakwater improvements within the Territory of Hawaii as may from time to time become necessary.

HOMESTEADING AND HOMESTEAD ROADS.

One of the greatest obstacles to successful homesteading in this territory has been the lack of roads during the first few years when the homesteader is performing his homestead duties. At the very time when the law, as it now stands, compels the homesteader to work and live on his homestead in many instances the lack of roads has rendered a compliance with the law almost, if not entirely, impossible.

We advocate now, as we did in 1914 the establishment of a revolving fund for the purpose of building these roads as soon as the public lands are homesteaded. We therefore pledge our representatives and senators to enact legislation providing for such a revolving fund of sufficient size to allow the prompt building of roads as soon as the homestead tracts are opened, the money from the sale of such homestead lots to be turned back into the said revolving funds on hand to provide for the prompt building of the said homestead roads as soon as the public lands are opened for homesteading.

In connection with the actual opening up of public lands to homesteaders, we point with satisfaction to the increased activity of the present commissioner of public lands in this regard. The government lands available as agricultural lands are being fast thrown open to the public, the aim of homesteading these lands is and should be the settlement upon the lands of a permanent class of citizen farmers. We believe in the homesteading of public lands under such regulations and rules as will prevent the said lands being eventually turned over to the sugar corporations and large holders and will succeed in establishing upon the lands of a permanent class of citizen farmers.

CITY AND COUNTY GOVERNMENT.

We again reiterate our faith and belief in county government, and we pledge our representatives and senators to the enactment of such legislation as may be necessary to amend the present charter of the City and County of Honolulu with a view to the efficient and responsible administration of local government by elected heads of departments who shall be directly responsible to the people for the efficient management of their particular departments so as to insure the taxpayer against the repetition of the profligate waste of public funds by the lavish and extravagant appropriations of the present board of supervisors. The extravagant administration of affairs under the present city government has largely increased the tax rate and has decreased the respect of our citizens for the present city government. We demand a return to that simplicity and economy which befits a Democratic government and a reduction in the number of useless offices, the salaries of which divert public funds from more legitimate and necessary public improvements.

We further pledge our legislative candidates to amend the other county charters in so far as such amendments may be desired by the citizens of the respective counties as expressed through their duly-elected representatives and senators.

FISHERIES.

The aquatic resources of the territory is an important asset that should be conserved and developed.

We favor an appropriation by our local legislature that will provide a suitable site as an inducement for the establishment by the federal government of a fish cultural and biologic laboratory similar to those already established in a similar manner in many states on the mainland.

The demand for an increased supply of fish at a cheaper price is an urgent one in these islands and one with over hundreds of miles of coast line that can be met by the application of scientific methods of fish culture.

TAXATION.

We believe that the present system of taxation is wrong in theory and in the way it works out in practise. We urge that the tax system should be made less uncertain in its operation and more equitable in its incidence. The party pledges its candidates to the promoting of legislation calculated to insure a fair and just valuation of property for the purpose of taxation and urge that the value of the land be separated from the value of improvements thereon and the reappraising of land values and the improvements at regular intervals.

We favor the general principal of assessing the cost of public improvements, when practicable against the property benefited. We further believe that the present frontage tax law is impracticable in its operation in the improved portions of the city and county of Honolulu and should be made applicable only to the opening of new tracts for residential purposes.

The party is on record as favoring the election by the people of tax assessor for each and every county and again pledges its candidates to support such legislation.

LIQUOR LAW.

The present territorial law dealing with the sale of intoxicating liquor seems to be in accord with the desires of the majority of both political parties, and therefore is not made an issue in this campaign. In view of the rising tide in favor of restriction throughout the nation we confidently look forward to a time when still greater advance may be made in the curtailing of the liquor traffic.

STATEHOOD.

The plank in our platforms of 1912 and 1914 pledged the party to introduce a bill at the first opportunity to provide for an act whereby Hawaii may be admitted into the union as a state. We again pledge our delegate to Washington to urge this important matter upon the attention of the Congress, recognizing, however, that the unusual nature of the electorate and the development of the islands as a great naval and military outpost present problems that are best handled through Congress in the interests of the nation as a whole.

CHAMBER OF COMMERCE PROTESTS WITHDRAWAL OF VESSEL INSPECTION

"Protest against withdrawal inspection of vessels coming to this territory for same reasons as Territorial Board of Health in communication which went to surgeon-general."

This cable was sent to George McK. McClellan, Washington representative of the Chamber of Commerce, last night by instruction of the board of directors of the organization. The board of health believes that incoming vessels are liable to bring the malaria mosquito, yellow fever, smallpox or any one of a number of dangerous insects or diseases unless there is strict inspection here.

FEW CHANGES IN STOCK PRICES SEEN IN MARKET

Waialua, Olaa and McBryde were most in interest in the stock market today if the shares dealt in as compared with total volume be considered. Once more the dealings were not large and prices showed little change from the previous day. Total sales were 1370 shares of listed securities. Waialua seemed most sought but dealings in Olaa were considerably larger. Olaa sold throughout the day at $18.75, McBryde $12.62 1-2, Waialua $37.75, Oahu $35.75, Ewa $36.50, Hawaiian Sugar $45.50, Hawaiian Commercial $52.75, and Hawaiian Pineapple $46.75. Pioneer sold down 50 cents to $55 during the day's trading.

There was more general interest than for several days displayed in the unlisted stocks. Sales of Mineral Products totaled 1000 shares, all at $1,07 1-2; Oil was off and 500 shares sold at $3.07 1-2; 600 shares of Engels Copper sold at $2.60 and 250 shares of Mountain King at 80 cents. Other unlisted stocks were unchanged.

STUART LETTER WAS CHALLENGED BY J. A. MAGOON

(Continued from page one)

tice. Democrats and Republicans alike united for his reappointment. His legal and judicial career has won for him the absolute confidence of the people and it would have been a grave mistake not to have reappointed him.

"If there is a man of the patrician class who has been born and raised in the Hawaiian islands and who is fitted for the high office he holds, it is Judge Robertson. I do not intend by this to disparage in any way the first associate justice, Judge Quarles, for he is an able jurist of the strictest integrity and respected and liked by all; but, as between him and Judge Robertson, there is no question whatever that the latter was the man the Hawaiians wanted for chief justice.

"I could repeat almost word for word as a justification for the reappointment of Judge William L. Whitney as second judge of the first circuit court, what I have said about the reappointment of Judge Robertson as chief justice, but I will content myself by saying that it would be difficult to secure a much higher tribute for a man than Judge Stuart himself gave to Judge Whitney at the time I was securing indorsement for his reappointment.

"Of the four Democrats in Honolulu holding judicial positions, three unqualifiedly authorized me to cable you for his reappointment. Judge Stuart himself authorized me to say, as I remember his words: 'If anyone other than a Democrat is to be appointed, I favor Judge Whitney.' I presume this cable is on file in the office of the attorney-general and speaks for itself.

"Despite our political affiliations, let us be consistent and fair.

"J. ALFRED MAGOON."

R. T. EXTENSION PLANS RECEIVE WOODWARD'S O. K.

"I have approved the work," said W. C. Woodward, acting superintendent of public works, this morning after completing his inspection of the plans and specifications for the King street extension of the Rapid Transit to Fort Shafter.

City and County Engineer George A. Collins was asked by Woodward to check over the plans. He intends to submit them to the road committee of the board of supervisors' meeting at 4 o'clock this afternoon prior to the supervisors' session tomorrow night.

Collins examined the plans today in Woodward's office to see whether the 1300 foot extension which will follow the main Pearl City highway to the west end of the Fort Shafter military reservation follows the correct alignment in its right-of-way. There are three blank spaces on the plans for signature of Manager C. G. Ballentyne of the Rapid Transit, Acting Superintendent of Public Works Woodward and City and County Engineer Collins. Ballentyne's signature has already been affixed.

The Pennsylvania railroad appealed to its 14,000 employes to stand by the company in case of a strike.

FRENCH APPEAL FOR CHURCH AID REACHES HAWAII

A personal letter of appeal from the Federal Council of Churches of Christ in America, sent to Judge S. B. Dole by Charles S. MacFarland, the general secretary, was before the war relief committee today for consideration, but was referred back with the suggestion that it should more properly go before the ministerial association. The appeal is for assistance in raising a fund of $150,000 for the immediate needs of 500 French Protestant churches.

Secretary MacFarland writes that these churches are in a pitiable condition, the pastors insufficiently paid and that the church organizations might be disastrously weakened. Their delegates who came to America to solicit funds raised only about $23,000. The argument is made that in the coming days of reconstruction and reconciliation the churches should be alive to play their part.

The war relief committee here feels that contribution to this fund is outside its scope and should be referred to church or other religious organizations.

SECOND GAMBLING CASE DISMISSED BY REQUEST PROSECUTION

Thirteen Chinese, arrested the same night of the now famous county attorney's raid and charged with being present at a gambling game, were discharged this morning by Judge Monsarrat upon recommendation of Prosecuting Attorney Chillingworth, who says there was insufficient evidence for a case.

There were only four other cases, all of a minor nature, in the police court this morning.

W. H. Smith, commissioner from Hawaii, has informed Supt. Henry W. Kinney that he will be unable to attend a meeting of the school commission scheduled for 10 o'clock tomorrow morning. In case Commissioner Eric Knudsen of Kauai cannot be present, the meeting will be postponed for want of a quorum.

IN THE CIRCUIT COURT, FIRST Circuit, Territory of Hawaii—In Probate—At Chambers. No. 4975. In the Matter of the Estate of Alberta Ellis Saylor, Deceased.

Order of Notice of Petition for Allowance of Accounts, Determining Trust and Distributing the Estate.

On Reading and Filing the Petition and Accounts of Hawaiian Trust Company, Limited, Executor of the Will of Alberta Ellis Saylor, late of Honolulu, Territory of Hawaii, wherein Petitioner asks that the same be examined and approved and that a final Order of Distribution of the remaining property to the persons thereto entitled be made, discharging petitioner from all further responsibility herein;

It is Ordered that Monday, the 11th day of September, A. D. 1916, at 9 o'clock a. m., before the Judge presiding at chambers of said Court at his courtroom in the Judiciary Building, in Honolulu, City and County of Honolulu, Territory of Hawaii, be and the same is hereby appointed the time and place for hearing of said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted and may present evidence as to who are entitled to the said property.

Dated the first day of August, A. D. 1916.

By the Court.

(Sgd.) A. K. AONA,
Clerk of the Circuit Court of the First Circuit.

6542—Aug. 1, 8, 15, 22

In the Matter of the Petition of Kum Lung Achuck Wong for a Change of Name.

Decree of Change of Name

On consideration of the Petition of Kum Lung Achuck Wong of the City and County of Honolulu, Territory of Hawaii, for a decree changing his name to Warren W. Achuck, and there appearing to be good reasons for granting the said Petition;

Now, therefore, by virtue of the authority in me by law vested and me hereunto enabling, I, Lucius E. Pinkham, Governor of the Territory of Hawaii, do hereby order and decree that the name of Kum Lung Achuck Wong be and hereby is changed to Warren W. Achuck, and that a copy of this decree be published for at least four consecutive weeks in the Honolulu Star-Bulletin, a newspaper published in the City and County of Honolulu, Territory of Hawaii.

Dated at Honolulu, this 31st day of July, A. D. 1916.

LUCIUS E. PINKHAM,
Governor of Hawaii.

6542—Aug. 1, 8, 15, 22, 29

TWO PARTIES TO TAKE AUTO TRIP NEXT SUNDAY

Next Sunday the Trail & Mountain Club will run an auto-bus excursion to the Wahiawa region and return, and the Pan-Pacific Club will conduct a motor trip around Oahu. Both motor busses will leave the Pan-Pacific rooms at the corner of Fort and Merchant streets at 8 o'clock sharp.

The main feature of the Wahiawa excursion will be the hike to the summit of Mount Kaala, the highest peak on Oahu. Joseph Stickney of the Trail & Mountain Club, who has been over the ground a number of times, will lead this hike. The auto-bus will take the trampers almost to the foot of the trail, and the trip to the summit and return can be made in four hours. The cost of the whole trip, including auto-bus to Wahiawa and return and a lunch put up by the Wahiawa hotel will be $1.25. For those who do not care to make the hike, there are other things of interest to do and see.

The trip around the island will include stops at Haleiwa and Hauula, and will cost $1.75.

Reservations for both trips can be made by phoning the Pan-Pacific headquarters, 2988, or by calling in person.

New York State has 251 savings and loan associations.

GUN OWNERS WHO FAIL TO REPORT TO PAY PENALTY

New Report Blanks Sent Out and Prosecution of Those Negligent Follows

The name of every man who buys a gun in Honolulu after today will be known to the sheriff.

Report forms were sent to the eight dealers in firearms in the city this morning and hereafter a weekly report of sales will be made to the county clerk, David Kalauokalani, and a duplicate forwarded to the sheriff. The law requires the purchaser of firearms to report to the clerk also and by a comparison of the two reports the names of the buyers who fail to do so will be easily ascertained. Violation of this provision of the law is punishable by a fine of $500, or six months' imprisonment, and W. T. Carden, deputy city attorney, says the penalty will be enforced.

"Purchase of a gun does not give a man the right to carry it concealed," he declared. "Suspicious characters who buy weapons will be watched by the sheriff and his men. If he believes they are carrying concealed weapons he has the right to search them and if he finds his suspicions justified to arrest them."

The number of Filipinos who have filed in federal court during the last week and a half their declarations of intention to become American citizens, bids fair to reach the 100 mark within a very short time. Late Monday afternoon six natives of the Philippines filed their declarations. They were Calisto Amante, laborer, native of Albay; Balentin Serar, laborer, native of Cebu; Hipoliti Buco, laborer, native of Pampanga; Raymundo de Vera, laborer, native of Pampanga; Bonifacio Reyes, laborer, native of Santa Cruz; Simplicio Glaraga, laborer, native of Occidental Negros.

"THE HOUSE OF HOUSEWARES"—53-65 HONOLULU

LESSON IS READ FROM SHOOTING AFFAIR MONDAY

Police Captain Points Out Ease With Which Weapons May Be Secured Here

Ease with which a desperate character or an irresponsible person may purchase firearms in Honolulu to menace the lives of law-abiding residents was forcibly demonstrated Monday when a Japanese woman, Singaye Tumi, was shot nearly to death by a countryman, thought by the police to be Takachi Hagaki, alias Araki Yasuma, now under arrest.

Capt. Arthur McDuffie, who investigated the premises of the shooting late Monday afternoon with Detective A. S. Kozuki, Japanese interpreter, reports two interesting discoveries. One was that Yasuma is an ex-convict on parole and another that he had purchased two pistols. The one which fired two shots into the woman's body yesterday was purchased quite recently, after another, of larger caliber, had been secreted by the woman in a neighbor's house.

"I know where the pistols were purchased," says McDuffie, "but at present there is no law against their sale to any Tom, Dick or Harry. If we had a law forbidding the sale of guns to any one who did not have a permit from the police, there would be fewer murders, suicides and attempted killings in this city."

Records in McDuffie's office show that a Japanese, Araki Yasuma, was sentenced December 6, 1910, in Hilo, to five years in prison for first degree larceny and was paroled April 20, 1915. McDuffie says Hagaki is no other than Yasuma.

The interpreter, Kozuki, says the woman discovered that the man with whom she had been living and for whom she had divorced her husband was an ex-convict and refused to live with him. Hagaki took to drink, says Kozuki, and did the shooting.

The woman is in the Queen's Hospital today, recovering rapidly. The man's self-inflicted wound is not serious and he will be arraigned soon in the police court, charged with attempting murder.

According to neighbors who saw the shooting, Hagaki chased the victim from her house about noon, across a vacant lot, firing at her several times as she ran. When his pistol was empty, they say, he reloaded from a box of cartridges concealed in the grass and escaped to the woman's house while the neighbors dragged the wounded woman away.

Inside the house the gunman barricaded the doors and fired a bullet which passed along his stomach, making a flesh wound. The bullet was found in the wall by McDuffie after Hagaki had been arrested.

MAUI PASTOR IS CANDIDATE FROM THIRD DISTRICT

Another hat was thrown into the third district legislatorial ring (Maui) this morning when the nominating petition of Rev. Lincoln B. Kaumeheiwa of Wailuku, Maui, arrived by mail, signed by the requisite number of qualified voters of the Valley Island.

Rev. Mr. Kaumeheiwa is pastor of the Spreckelsville Evangelical church, having held that position for nearly 10 years. He is a candidate for representative from the third district and is the second man to announce his candidacy, Levi Mahiai having been the first.

Down to this afternoon no nominating petitions had arrived from Hawaii or Kauai and to date none have been filed by Oahu candidates for the legislature. Petitions must be filed with the secretary of the territory on or before September 7.

Kam Kai, little son of Mr. and Mrs. Yong Hing of Liliha and Vineyard streets, died and was buried Monday in the Manoa Chinese cemetery.

The British Association has its annual meeting at 7:30 Wednesday night in the Love building, 1140 Fort street. Officers will be elected.

Although the date has not yet been definitely set, the board of health will probably hold its regular monthly meeting at 3:30 o'clock Thursday afternoon.

Hearing of an order to show cause in the case of Young Hee vs. Malia Young Hee has been continued in Circuit Judge Whitney's court until 9 o'clock next Tuesday morning.

The summer school which has been conducted at the normal school closed today. Examinations will begin tomorrow, about 185 teachers to undergo the tests.

While working on Kapahulu road this afternoon Moses Keahi cut a deep gash in his foot and ankle. The wound was dressed at the emergency hospital. He is a county employe.

With Rev. H. P. Judd of the Hawaiian Board officiating, Edward Henry Lamont and Miss Frances Isabelle James were married last Saturday, the witnesses being A. R. Higgins and Mrs. Ida Irwin.

Kamada and wife went to the emergency hospital Saturday night with slight bruises received by jumping off a moving Rapid Transit car in pursuit of some oranges that had rolled from their laps.

Twelve automatic pistols were stolen from the Market Sporting Goods Company store on King street opposite the fish market Sunday night, according to a report made by Policeman Isaac Iaea.

Congress will adjourn Saturday, August 19, according to word received from George McK. McClellan by the Chamber of Commerce. He says that the Democratic caucus settled on the date.

Hearing of the suit brought by Delegate Kuhio to break the trust in which the property of Queen Liliuokalani is held is scheduled to begin in the supreme court at 10 o'clock next Thursday morning.

An auto driven by M. P. Gabral and a Rapid Transit car were in a mixup last night on Luso street, near the Mormon church, which resulted in a broken rear wheel and bent axle on the auto.

George Siders, a 12-year-old boy, fell from an iron junk pile today at the corner of Pele and Iolani avenues, lacerating his leg. Four stitches were taken in the cut at the emergency hospital.

Bail in the sum of $500 has been fixed in the case of Ned Kamai, charged with second degree burglary. Kamai will plead in Circuit Judge Ashford's court at 9 o'clock next Saturday morning.

Due to leave on the Lurline today for San Francisco was George F. Henshall. He will visit his brother at Steamboat Springs, Colorado, and afterward enter the coast newspaper game. Mrs. Henshall will leave next month to join her husband.

Henry Bredhoff will show a number of war pictures at Cooke hall this evening at 8 o'clock. The films depict the drives of the Teutons last year showing the action of the fight against the Russians. Army officers and members of the Y. M. C. A. have been invited to attend the exhibition.

In honor of his thirty-eighth birthday anniversary, Rev. Father Ignatius Fealy, chaplain of the 1st Field Artillery, was the guest of honor at a luau given by his friends Monday evening at the grounds of St. Augustine-by-the-Sea, the Waikiki Catholic church.

The largest volcano crater in the world is in Asosan, in southern Japan. It measures 14 miles across one way and more than 10 miles the other.

AD CLUB LUNCH PROGRAM HOLDS FORTH PROMISE

Interesting Speakers Are to Be Heard, and Important Discussion

Thomas Watson, associated for many years with Alexander Graham Bell of Bell Telephone fame, will be the principal speaker at the Ad Club luncheon Wednesday at the Alexander Young Hotel. Watson knows the telephone business from every angle and much of the progress of the telephone industry is due to his efforts.

Consul-General R. Morol of Japan will be another speaker. He has shown an interest in advertising the good things of Hawaii, and is expected to tell something of what he has found in that line during his stay in Honolulu. The musical feature of the day will be given by S. B Miller, the tenor soloist.

On the program announcing the luncheon the Civic convention discussion is placed last, but according to Tom Sharp, acting secretary of the club, this will be one of the important topics at the luncheon. The committee will make a report on what arrangements have been made for the participation of the Ad Club in the Civic convention program at Hilo.

Candidates

Promise Big Things, But Do They

Know Big Things?

One of the Tests of their knowledge is what they are able to tell the Public through Paid Publicity.

If They Know what they are talking about they should be anxious to spread their views before the public in properly controlled and clear cut form.

Hit or Miss methods have no place with big men who use Paid Publicity.

MAIL ORDER METHODS

Mr. Herman Rosenthal, advertising manager for Sears, Roebuck & Co., of Chicago, recently told the members of the American Ad Club one of the methods by which that company extended its trade. He said:

"We have a bureau whose duty it is to read, each week, the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers, and when we find a town where the merchants are not advertising in the local paper, we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants all the time use their local paper."

A mosque, composed almost entirely of reinforced concrete, nearly all the materials of American origin, is being built in the Federated Malay States.

Official figures show that frogs are more frequent on the coasts of Maine and New Hampshire than on any other parts of the coasts of the United

A report from Ottawa states that Lord Curzon will succeed the Duke of Connaught as the Canadian viceroy in the fall.

Star-Bulletin Submarine Chase Paragraph Contest

INSTRUCTIONS

There are two sets of ships, one submarine set and one cruiser set—each set with words in them, and these are scattered throughout the advertisements printed in today's paper.

Each set, when properly arranged, forms a complete paragraph or statement. Arrange the words to suit yourself—just so the complete paragraph makes a readable statement on the subject selected for the week.

The subject for this week is "GOOD ROADS." And Wednesday's Star-Bulletin will state how many ships were in Tuesday's paper, so you may count them and thus be sure to get them all.

YOU MAY TURN IN ONLY ONE SET OF SHIPS, the submarines, which form one statement, or the cruisers, which form another statement, but both on the same subject.

And then hand in the set of ships from which you believe you have made the best statement.

Paste the ships in the squares on the official card—in their proper order—according to your selection.

You may use five additional words for each set, of your own choosing, if you find it necessary to make more complete sense, and these words must be written by you in these spaces wherever you consider an extra word necessary.

BUT YOU MUST USE ALL THE SHIPS of one kind, and you cannot omit any. It is advisable to use as few extra words as possible—because the contestant who arranges the best paragraph with the fewest extra words, will be declared winner.

This contest covers four Tuesday's issues—and the party making the best showing for the entire four weeks will be entitled to

$50.00 IN GOLD

All answers to each Tuesday's contest must be in the office of the Star-Bulletin not later than the following Monday.

No single individual is entitled to hand in more than one paragraph each week—or four paragraphs during the entire four weeks' contest.

You must get the official card from any one of the following advertisers in whose advertisement a ship appears:

Hollister Drug Co., Electric Shop, The Waterhouse Co., Benson, Smith & Co., Coyne Furniture Co., W. W. Dimond & Co., Lewers & Cooke, Smoot & Steinhauer, Ltd., Kershner Vulcanizing Co., McInerny Shoe Co., Sachs, M. McInerny, Fong Inn & Co., Trent Trust Co., Love's Bakery, The Waterhouse Trust Co.

Honolulu Star-Bulletin

RILEY H. ALLEN - - - - - - - - - - - - - - - EDITOR

TUESDAY...............AUGUST 1, 1916.

Risking A Reputation

Honolulu is justified in a vigorous protest to Washington against the discontinuance of federal medical inspection for vessel arriving here from Pacific coast ports.

The arguments for and against this inspection are too well-known to need repetition. The Star-Bulletin recited them when the suggestion was made recently before the Promotion Committee that this safeguard to the public health should be swept away. It appears that the U. S. Public Health Service in Washington would discontinue the inspection only on American vessels arriving from American ports on the Pacific, but since these arrivals constitute the bulk of passenger steamers touching here, the main safeguards against the admission of dangerous disease will be, if not wholly broken down, at least very much weakened.

Hawaii has no more potent argument in building up a great tourist traffic than the assurance that these islands are free of disease-scourges. In tropical and sub-tropical countries eternal vigilance is price of health. This port has fought for many years to win, establish and hold not only the reputation of being a clean port, but the reputation of being a vigilant port, a well-guarded port.

It is a reputation worth keeping. One or two instances of inconvenience to passengers caused by this medical inspection, and one or two incidents of alleged discourtesy and over-officiousness on the part of the examiners, caused a cry to be raised against the system. Inconvenience and discourtesy may be remedied in a short time, but once let epidemic disease be brought here on some ship, and it will take ten years to remedy the harm done Hawaii. It will cost years of effort and an untold amount of money to redeem the reputation we have secured and have deserved.

LILIUOKALANI GARDENS.

Honolulu is fast waking up to the paramount necessity of preserving scenic spots as public parks. With the aid of such organizations as the Ad Club, the Outrigger Club and the Civic Federation, attention is directed to the fact that what should be public property has passed into private hands probably forever, and that no time is to be lost in saving what remains.

No city in the world—and this is not the slightest exaggeration—has had more opportunity for parks and playgrounds within easy walking-distance of every congested section. The very wealth of opportunity, the ease with which grass, flowers, shrubs and luxuriantly-foliaged trees are grown, have made people here neglectful of preserving and developing these parks and recreation-spots. But now the Tantalus-Round Top park is assured—a priceless asset to the poorer people who need the coolness of the hills quite as much as the richer people—and now the Liliuokalani Gardens gift has been made to Honolulu through the Civic Federation.

This latter spot is comparatively little known, yet even in its present neglected condition it is very beautiful, with its little canyons and glens, its miniature waterfalls, its magnificent trees and winding paths. As nearly as possible it should be left in a natual state. In most of this lovely spot artificiality will ruin the charming effects. It should remain as nearly as possible a glimpse of old Hawaii, the idealized Hawaii whose vision is so colorfully evoked in the musical phrases of Mark Twain.

With a cruiser, a college and two baseball teams of the same name, no one here need think of the late convention city when St. Louis is mentioned.

Beef has jumped in price and as usual there is a perfectly good reason.

AMERICAN RED CROSS AT WORK AT HOME.

Though busy with large tasks in the European and Asian war-fields, the American Red Cross has begun lately important work at home. The Red Cross has undertaken to supply comforts and necessaries to the national guardsmen on the Mexican border and to this end has established receiving stations in nearly all the large Pacific coast cities where supplies and contributions are received. These supplies are to be shipped to the border where they will be distributed through the Red Cross agents.

Under a recent proclamation of President Wilson all supplies and comforts for the guardsmen must pass through the Red Cross. For this reason the society has established receiving stations in all the chief cities of the country. Appeal is being made for reading matter, games, comfort bags, pajamas, cotton socks, towels, pipes, tobacco, cigarettes, electric fans for base hospitals, chewing gum, chocolate in tins, hard candies, coffee, evaporated cream, canned fruits and a thousand other articles.

Pamphlets have been sent out in which the articles desired are described and the method of making the hospital supplies most needed.

CANDIDATE HUGHES AND THE "PLOTTERS."

Democratic orators and Democratic papers have been twitting Candidate Hughes because he has been pledged the support of German-American organizations and has been given the praise of German-American citizens since his nomination.

The twitters have tried to make political capital out of this, declaring that Hughes had won such support by silence upon the issue of "professional hyphenism." They obviously sought to create the impression that the Republican candidate, subordinating patriotic conviction to political expediency, would not denounce unneutral plots in the United States as President Wilson has denounced them.

The Carnegie Hall notification ceremonies last night afforded Mr. Hughes his first opportunity for a speech upon the big campaign issues. How he seized this first opportunity is shown in the following telegraphed extract from the speech:

"We denounce all plots and all conspiracies formed in the United States in the interest of any foreign countries. We regard it as utterly intolerable that our soil should be made the breeding place of such alien intrigues. Every American must unreservedly condemn these practises, and must rally to the support of the government in any efforts it may make to suppress them."

To the rapidly-growing roll of crimes or attempted crimes with deadly weapons there were added two new entries yesterday—that of a Japanese woman and the jealous lover who shot her and then himself. Two more good arguments for the passage of a territory-wide law rigidly restricting the purchase of weapons and permits to carry them. The law cannot be passed until the session of the legislature next spring, but the board of supervisors can by ordinance help matters in this city and county.

Once more the immigration bill with its venerable literacy-test provision has gone into the congressional pigeon-hole. There will be plenty of excuses that measures more vital to the country had to take precedence, but part of the reason for its side-tracking is that the Democratic party is, as always, unable to get through public business with efficiency and despatch. Its congressional leaders are not men of action.

Germany's recital of the great conquests by the Central Powers since the war began makes it all the more obstinate of the Allies not to conclude peace on Teuton terms!

LITTLE INTERVIEWS

—CHARLES M. HITE: I certainly am in love with Honolulu, and when I finish my law course down in Mississippi I'm coming right back here.

—JOHN A. DOMINIS: I don't think Reno has a thing on Honolulu when it comes to divorces. One a day has been the rocord for July, and I expect there will be just as many next month.

—HAROLD GODFREY: The members of the Kamehameha Alumni Association are well pleased with the appointment of Charles E. King as a trustee of the Bishop Estate. It will mean a lot to have a graduate of Kamehameha on the board.

—PHILIP C. HALL, tourist agent, Young Hotel: Summer tourist travel to the islands this season is a great deal larger than usual. All the hotels are enjoying better business and indications are that it will continue until the winter season starts.

—DAVID KALAUOKALANI, city clerk: Appropriation for six months' supplies for my office is only $75, and with but one month gone I have had to spend $51 for printing weekly report forms for dealers in firearms. Hard lines.

—D. L. MACKAYE, secretary anti-tuberculosis bureau, board of health: When a tubercular patient thinks he is cured because he feels better we put a sample of his sputum under the microscope, and if we find any tuberculosis germs back he goes for more treatment. The "t. b. bug" can be easily seen through our instrument.

—JOHN GRACE: It is to be hoped that Harold Giffard's horse, Furlong, arrives in time for the September meeting, as this entry is certain to create much excitement here. At Reno the horse is well liked, and the showing made against Scarlet Oaks tends to make him a favorite for the autumn events at Kapiolani Park.

—W. T. CARDEN, deputy city attorney: Every person who owns firearms or ammunition should report the fact to the city clerk. The law says that possession as well as purchase shall be reported. The penalty for violation is a $500 fine or six months' imprisonment or both. It is to be enforced from now on.

—ROLLA K. THOMAS: The around the island hike which is being made by the boys of the summer school of the Y. M. C. A. is proving to be popular, as the word reaches us that they are all having a good time on the trip. It is certain that there will be a large number to make the trip to Kauai after the Oahu hike is completed.

—F. FURNESS, England: "It's a Long Way from Tipperary" to Honolulu, and I couldn't stay away from the islands when I got as far West as San Francisco. Very little is heard of Hawaii in England, but publicity of the islands becomes more noticeable as one travels towards them. In New York little was said about them but on the Pacific coast you can hear little else in the traveling line except "go to Honolulu."

—TOM MERLE: It brings me fairly close to the 212 degree Fahrenheit point when I see about town such a collection of monstrosities manufactured to represent the American flag. A flag (supposedly an American flag) made of pastry, is exhibited in a window in this city, which has seven red stripes below the blue field. No telling how many it has above these for the fold hides them. It would be interesting to know how many red stripes the maker of this flag would have put there if the whole flag had been constructed. It ought to be a crime, or even lese majeste, to contort the sacred emblem of this country, or any other country, to the extent that is being done here. At least one ought to be ashamed to make such an exhibition of ignorance of the flag of the country in which he is living. It seems to me that one of the first moves in Americanizing these islands should be in teaching the school children properly to construct an American flag.

GENERAL EVANS FAVORS FORMING AERO CLUB HERE

"Aero Club of Hawaii' is Name Offered for Island Branch of Aviation Body

An Aero Club of Hawaii, affiliated with the Aero Club of America. This is the plan of Brig.-Gen. R. K. Evans, commanding the Hawaiian Department, and member of the military and naval aviation committee of the Aero Club.

"I certainly do favor the establishment of a local branch of the Aero Club of America in the islands," said Gen. Evans today, "and I am going to go about its organization very soon. I favor calling it the Aero Club of Hawaii, and to have it affiliate with the Aero Club of America."

The general added that the defense plans of Oahu call for an aero squadron, and that the National Defense Act of June 3 provides that aviators may be sworn in as reserve officers of the Aviation Corps of the U. S. army.

"We should have 10,000 aviators in the mainland United States, and a good number on Oahu," said Gen. Evans. "With trained aviators, Honolulu men, we could determine the direction of an enemy attacking this island and be ready for him when he neared our shores."

JARRETT AND ROSE RETURN FROM MAINLAND

Reporting the finest vacation ever and showing it, too, William P. Jarrett, high sheriff, and Charles H. Rose, city and county sheriff, returned in the Wilhelmina today from a three months' combined official, business and pleasure tour on the mainland.

The Honolulu officials were greeted at the dock today by a cordon of police, prison officials and friends and spent the morning shaking hands and answering questions "about the states."

Rose says he has learned some "things" about traffic management and intends to gradually inaugurate in Honolulu some of the latest and most approved methods of the police in the large mainland cities.

When it comes to prisons, Jarrett says that he has many ideas and hopes to start some of them in the new territorial prison.

Together the Hawaii men saw most of the famous prisons of the United States, including San Quentin in California, Joliet, Sing Sing, The Tombs and the federal prison at Fort Leavenworth, Kansas.

RESTARICK AND WILDER NAMED TO CLERKSHIPS

Two vacancies in the local circuit court were filed today with the appointment of Arthur E. Restarick as clerk in Circuit Judge Whitney's court, and the appointment of Harry A. Wilder as clerk in Circuit Judge Ashford's court. Their commissions were signed this morning by the two circuit judges.

Restarick is the son of Rt. Rev. Henry Bond Restarick, bishop of Honolulu, and succeeds Charles M. Hite, who shortly will leave for the mainland to complete his study of law at the University of Mississippi. Wilder, who has been with the territorial tax office for the last year, succeeds Huron K. Ashford, who also is to leave for the mainland to finish a law course at the University of California.

The new clerks probably will not enter into their new duties until the departure of their predecessors. Restarick, who has been on the mainland for about two years, is now on his way to Honolulu.

Mrs. Chung Sing, a popular Chinese resident of Chung Hoon lane who died Sunday, is to be buried this afternoon. She has born in China 48 years ago.

INFANTILE PARALYSIS CASE REPORTED; IS FIRST SINCE JULY 3

Another isolated case of infantile paralysis has been reported to the board of health, the first since July 3.

"The case is what would be considered well marked but mild," said Dr. J. T. Wayson, city physician, today. "The child was taken sick last Saturday night. There is a partial paralysis of the left leg, not complete, but with a loss of function. The boy is doing nicely and will recover the use of his limb within a few weeks or months. No other case has been reported. It is simply a sporadic one."

Cardinal Farley ordained 17 priests and 25 deacons at St. Patrick's cathedral, New York City.

Personal Mention

BROTHER LOUIS of Kalawao, Molokai, is visiting in Honolulu.

JOHN A. DOMINIS, clerk of the local circuit court, began his annual vacation today.

GEORGE F. HENSHALL, the newspaperman, sailed on the Lurline today for a mainland visit.

DARRELL MEEK of the immigration office is back from a week's business trip on the Big Island.

MRS. L. L. McCANDLESS and Miss Loy McCandless were arrivals on the Wilhelmina today, after a mainland visit.

JUDGE AND MRS. WILLIAM B. LYMER are home from a mainland trip. They arrived on the Wilhelmina.

A. KALEI AONA, clerk in Circuit Judge Whitney's court, has returned to his work after a vacation of two weeks.

SAY KAN LAU, Chinese interpreter in circuit court, and Mrs. Lau, wel... Saturday the arrival of a

Bi... NS left on th... mpleting ... con... tion with his molasses contracts.

MR. AND MRS. HAROLD V. GEAR, the former the son of Mr. and Mrs. A. V. Gear, arrived on the Wilhelmina today. They are here for a honeymoon visit.

MRS. HELEN M. HELVIE, superintendent of the Bishop Museum, leaves in the Lurline tomorrow for California where she will spend a two months' vacation.

R. O. MATHESON, editor of the Advertiser, was a caller yesterday upon the secretaries of war and interior and the postmaster-general, according to mainland advices.

J. H. FISCHER of the anti-tuberculosis bureau of the board of health, returned to his office today rather shaky but still in the ring, following a minor operation for an old trouble.

TAX ASSESSOR CHARLES T. WILDER will return from the Big Island, where he has been passing his vacation at Kilauea Volcano, at 7 o'clock Friday morning, August 4, says a letter received by his deputy, Arthur W. Neely, today.

RUDOLPH STEIN, detective and German, Russian and French interpreter in Captain McDuffie's department, returned in the Sonoma from a month's visit at various places in California.

CHARLES M. HITE, whose resignation as clerk in Circuit Judge Whitney's court becomes effective tomorrow, will leave for the mainland in ... transport Sherman next Friday ... secure transportation. Hite will enter the University of Mississippi for a year's course in law.

MR. AND MRS. J. A. LYLE were arriving passengers this morning on the Wilhelmina. They have been gone about two months, visiting the coast of the mainland and traveling extensively elsewhere.

COUNTY SHERIFF CHARLES H. ROSE came home on the Wilhelmina today after a business and vacation trip. He looked into prison and police methods on mainland cities and attended a fraternal convention.

NORMAN G. CAMPION, former chief engineer for Ewa plantation, in the sugar business in the Philippines, continued his journey to the mainland in the Lurline today. He stopped here for some weeks on his way from Manila.

HIGH SHERIFF W. P. JARRETT returned today from an extended mainland visit. He went to St. Louis as a contestant for the position of Democratic national committeeman, but was beaten. On the mainland he visited penal institutions.

NARROW ESCAPE ON RIM OF VOLCANO IS THRILLING EXPERIENCE

To discover that their automobile was hanging over the edge of the crater and that they themselves had all but dropped over the precipitous brink for a fall of hundreds of feet was the terrifying experience of David Forbes, manager of the Waiakea mill and Francis M. Swanzy of Theo. H. Davies & Company, according to advices received from Hilo.

Forbes and Swanzy were driving near the sulphur banks beyond the Volcano House when they became enveloped in smoke. Proceeding they lost direction until their car suddenly stopped and they discovered that the wheels were over the edge and the contact of the axel with the ground had stopped the car. The machine was rescued by Robert F. Lange of Hoffschlaeger & Company, who chanced to drive near by.

Scheduled to last until Friday, the general conference of priests of the Hongwanji sect in Hawaii will begin at 7:30 o'clock this evening. The sessions of the conference will be held in the dormitory of the Japanese high school, Fort street.

ALL DAIRIES IN TERRITORY HAVE BEEN INSPECTED

Sanitary Survey Made; Report Shows Health Board to Have Spent $417,942.84

Every dairy in the territory has been inspected and a sanitary survey made of it, according to the annual report of the board of health, made to Governor Lucius E. Pinkham and signed by Dr. J. S. B. Pratt, president of the board.

"A complete sanitary inspection has been made of every dairy in the territory, for the use of the milk commission appointed by you on January 20, 1916," says part of the report.

Relative to physicians in the territory, the report adds that there are now 138 licensed doctors in the islands, of which 74 are American, 41 Japanese, 13 British, four German, four Chinese, one Portuguese and one Norwegian.

Receipts of the board of health for the year from July 1, 1915, to June 30, 1916, were $37,827.40, while expenditures in the same period were $417,942.84.

Dr. Pratt takes occasion to inform Governor Pinkham that the present condition of the Honolulu water supply is below the standard adopted by the U. S. public health service for water furnished by a common carrier in interstate traffic.

"Attention of the Honolulu water works was called to the mixing of the Nuuanu Valley supply with the artesian supply in the business section below School street, due to leaky valves. After considerable delay new valves have been installed on Nuuanu below School and at Fort and School, which should remedy the trouble. The chlorination plant for the Nuuanu supply has not worked satisfactorily at all times," adds the reference.

Relative to physical defects reported among pupils of the public schools, the report states that in eye defects Japanese lead with 48.4 per cent of the total number of eye cases reported. Chinese are second, Portuguese third and part-Hawaiian fourth. (As the Japanese preponderate in number of pupils, so do they lead in number of physical defects reported, it should be remembered.)

Teeth defects were found in 1635 Japanese pupils, where Chinese had 944 cases, Portuguese 939 and part-Hawaiian 779.

MILLS SCHOOL SECURES HOME OF W. A. KINNEY

Sale of the W. A. Kinney home in Manoa to the Mid-Pacific Institute has been made by the Trent Trust Co. The three acres of beautiful park land next to the Mills school will be used for school purposes this coming year, it is said. There are two buildings on the grounds, also a swimming pool and tennis court.

The reported consideration is $40,000.

FEWER WEDDINGS IN ISLANDS THAN IN YEAR BEFORE

Births, However, Are 100 Per Cent Above Deaths; Health of Territory Good

Dan Cupid was not so busy last year as previously and as a result there were 65 fewer marriages in Honolulu for the fiscal year ending June 30, than for the year before, and 14 less in the territory, says a portion of the annual report made by President J. S. B. Pratt of the territorial board of health to Governor Lucius E. Pinkham.

Total marriages in the territory for the year were 2716. The largest number of weddings were performed in August and December, 1915, and the smallest in September and November, 1915, and May of this year.

Despite this decrease, the stork has been just twice as busy as the undertaker. The report shows that there was 100.48 per cent increase in the number of births above deaths. Births were 7829, while deaths totaled only 3940. Births were 977 more than in the previous year.

An interesting item concerning births is that Japanese babies form nearly two-thirds of the total. There were 4639 births recorded at the Japanese consulate in the year.

Deaths in the territory, 3940, were 384 more than for the fiscal year of 1914-15. Excluding deaths from external causes, of which there were 286 in the territory, the death rate in the islands for the year was 15.38 per thousand.

In Honolulu 1321 deaths occurred, 158 more than for 1914-15, making the death rate 19.43 per thousand. Excluding deaths from external causes, 77, the death rate in this city is 18.29 for every thousand inhabitants.

The death rate from typhoid fever in Honolulu was lower than any year on record. It was only 20.6 per 100,000 inhabitants. There were 43 less cases of paratyphoid than in 1914-15. "With improvement in sanitary conditions in the coming year it is hoped for a still further reduction," says the report.

"While an analysis of the mortality and morbidity reports," says Dr. Pratt's report in part, "shows that there has been a slight increase of 1.20 in the mortality rate over the previous year, and on account of measles a considerable increase in morbidity reports, yet on the whole the health of the territory has been good."

ACID STOMACHS ARE DANGEROUS

Nine tenths of All Stomach Trouble Said to Be Due to Acidity.

A Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary bisurated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach itself as it would be for a man who stepped on a tack to rub liniment on the foot without first removing the tack. Remove the tack and the foot will heal itself—neutralize the acid and stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity, and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisurated magnesia from their druggist, and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, of necessary, this being the dose which the doctor has found most efficacious in all cases. For sale by Benson, Smith & Co., Chambers Drug Co. and Hollister Co.—Advertisement.

Miss Kathleen Bergstrom and Ernest K. Richardson were married Monday night by Rev. Samuel K. Kamaiopili at the latter's residence. Miss Elizabeth K. Iaea and Arnold B. N. Richardson attended the bride and groom. Several intimate friends witnessed the ceremonies for the popular pair.

The United States marketed 1731 short tons of asbestos of domestic production last year before.

HIGHER LIVING COSTS HIGHER, MEAT PRICES UP

Advances Will Not Affect the Cheaper Cuts But Better Selections Rise

The price of wholesale steer beef goes up one cent today in Honolulu, cost of prime retail cuts advances 2½ cents, but the rougher and cheaper cuts remain the same.

G. J. Waller, Jr., secretary of the Hawaii Meat Company, Ltd., says there is no particular reason for the rise, but it is understood that scarcity of steer beef due to drought and the absence of the Australian supply since the war are causes. The Hawaii company recently obtained the army contract here, which makes island beef dearer.

That all prime cuts of steer beef will go up 2½ cents today was the announcement of Antone Louis, proprietor of the Metropolitan Meat Market. He says this rise will be generally observed in all markets here, but that prices of other meats will not be affected.

A. T. Longley, superintendent of the Territorial Marketing Division, had not heard of the new prices when questioned this morning about the division prices, but said the latter would quite likely correspond with prevailing prices in other markets.

Waller couldn't say whether there would be another advance. He pointed out, however, that poorer people will not be affected by the rise.

The output of Alabama coal in 1915, according to the United States geological survey, acting in cooperation with the Alabama geological survey, was 14,927,937 short tons, valued at $19,066,043, a decrease of 665,485 tons in quantity and $1,783,876 in value, compared with 1914.

The United States is the greatest wool consuming country, while Great Britain does the bulk of the manufacturing.

TWO STEAMERS OF MATSON CO. IN, ONE DEPARTS

With a full cargo of freight the Matson steamer Wilhelmina, Captain Peter Johnson, arrived here this morning from San Francisco at 9:30 and docked at Pier 15. She will sail for Hilo Thursday evening at 5 o'clock from Pier 19.

Passengers on board the Wilhelmina totaled 112 cabin and 21 steerage, mail 165 sacks, express 38 pieces and freight 6390 tons. Freight for Honolulu was 5309 tons and for Hilo 1080 tons. Sailing time from San Francisco was 5 days 21 hours.

The principal items of freight were 8200 bags of cement and 4500 bags of fertilizer.

Purser L. E. Hamilton said that the Matson wharves at San Francisco are piled high with freight and the congestion is causing trouble. "Every day," he said, " a long line of carts stands outside the sheds waiting to unload and many are forced to stay there all night."

At noon today the Matson steamer Lurline, Captain T. K. Smith, sailed for San Francisco with a full passenger list and her hold filled with cargo. Passengers numbered 54 and the total freight was 9000 tons, and included 6000 tons of sugar, 1200 tons of molasses, 24,000 cases of pineapples and 2700 bunches of bananas.

Another Matson steamer which arrived today from San Francisco was the Hilonian which docked at Pier 18 at 8 o'clock. She also brought a large cargo of 2903 tons, which consisted of 15,305 bags of cement, 10,176 bags of fertilizer and 23,774 bundles of shooks. For Hilo the Hilonian has 75 tons, for Kahului 12 tons and for Port Allen two tons, making a total of 2892 tons. She sailed from San Francisco July 22.

HARBOR NOTES

The schooner Robert Hind is discharging lumber at the railroad wharf at Hilo.

The Matson steamer Matsonia, hence July 26, arrived at San Francisco today.

The Matson steamer Manoa is scheduled to leave San Francisco for Honolulu today.

The Inter-Island steamer Kaiulani will arrive this afternoon from Hilo with firewood.

The next mail for San Francisco goes Friday, August 4, on the U. S. army transport Sherman.

The Matson steamer Enterprise left Hilo Sunday with a full cargo of sugar for San Francisco.

The next mail from San Francisco will arrive on the China Mail steamer China due here Tuesday, August 8.

The British steamer Kestrel will not leave for Fanning Island before August 18, according to Fred L. Waldron & Co.

The schooner A. F. Coats arrived at Port Townsend Sunday 18 days from Hilo. She will load lumber at Port Angeles for Kahului.

The China Mail steamer China is due to leave San Francisco today for Honolulu. She will arrive here August 8 and sail the same day for the Orient.

The T. K. K. steamer Dairen Maru arrived at San Francisco Sunday 14 days from here. This is very slow sailing time and she must have been delayed by strong winds.

No word has been received from the American steamer Santa Rita, Captain Lancaster, but according to a cablegram from San Pedro, Cal., she should arrive here Wednesday morning from that port.

According to advices from San Francisco the Matson docks at that port are badly congested with freight. On July 24, say the reports, 100 teams were in line outside the docks and eight barges were tied up alongside waiting for an opportunity to unload.

No more orders for ships are being taken by the Union Iron Works of San Francisco, according to an announcement made by J. J. Tynan, the manager. The company, according to Tynan, is not in the market for the building of any more vessels and is not likely to be for some time.

The Commercial Pacific Cable schooner Flaurence Ward arrived late Monday afternoon from Midway island 23 days out. She brought two operators, Gordon Pimley and T. F. McTighe. According to Captain Piltz, the schooner ran into a number of severe squalls.

At midnight last night the Oceanic steamer Sonoma was 118 miles from Honolulu, according to the Federal wireless. The Oceanic steamer Sierra arrived at San Francisco Monday at 3:50, making the run in 5 days and 20 minutes, according to a radio received this morning at C. Brewer & Co.

The Inter-Island steamer Mauna Kea from Hilo and Lahaina arrived here this morning with 71 cabin and 83 deck passengers. Her cargo consisted of two automobiles, 13 bales of vegetables, 13 bundles of flooring, 34 bags of telephone pins, 142 bags coffee, 800 bags sugar, 21 cord wood and 207 packages sundries.

The Mauna Kea reported the following sugar waiting shipment on the island of Hawaii: Olaa 18,000 bags, Walakea 4500, Wainaku 800, Onomea 10,378, Pepeekeo 9900, Honomu 500, Hakalau 3912, Laupahoehoe 8232, Kaiwiki 5018, Kukaiau 9115, Hamakua 15,984, Paauhau 58, Honokaa 27,745 and Punaluu 6007.

A new steamship line between San Francisco and New York via the canal and touching at Cuban ports, will be inaugurated by the Alaska Steamship Company in November. The first steamer, the Alaska, will sail from San Francisco November 26, and will carry both passengers and freight. A 27-day service is planned by the company, which has its headquarters at Seattle. The company operates 28 vessels.

After lying at the bottom of the sea for more than a year off Fenwick island the American-Hawaiian steamer Washingtonian may again be floated. Capt. Lester H. Blake, formerly master of the American-Hawaiian steamers Californian and Ohian, is at the head of a syndicate which will attempt to raise the vessel. The Washingtonian was launched in the latter part of 1914, and is of 6650 gross tons. She was sunk January 25, 1915.

Tuesday, August 8, will be one of the busiest days the harbor has seen in a number of years, with seven steamers scheduled to arrive. They are the Matson steamer Manoa from San Francisco, the China Mail steamer China from San Francisco, the T. K. K. South American steamer Anyo Maru from San Francisco, the O. S. K. steamer Panama Maru from Yokohama, the T. K. K. steamer Tenyo Maru from Yokohama, the U. S. A. T. Dix from Manila and the T. K. K. steamer Kiyo Maru from Yokohama, although she will only call here to be cleared and then proceed to Hilo. The other six steamers, however, which are to dock, will give harbor officials plenty to do.

OLD P. M. BOATS TO RETURN ON FORMER RUN

The Mongolia and the Manchuria a few months will again be sailing between San Francisco and the Orient, via Honolulu.

This is the good news brought by C. M. Landers, former purser on the steamer China, who is returning on the Persia Maru, from China in expectation of obtaining a berth as purser on one of the new Pacific Mail steamers which will shortly begin their runs.

Landers said Monday afternoon just before the Persia Maru sailed that he was told this by a man who is in close touch with the business transactions of the American International Corporation and the Pacific Mail and had later verified it himself.

As these two vessels are American-built they will be able to take both passengers and freight between Honolulu and San Francisco, which the Ecuador, Venezuela and Colombia will not be able to do unless the present legislation now before Congress is passed, giving special dispensation to vessels under the American flag, although foreign-built, running to the Hawaiian Islands.

Landers also said that the Pacific Mail is going ahead with the plans for the building of two large 26,000-ton steamers to be used on the local run. "The plans of these steamers," he added, "were drawn up by the old Pacific Mail Company before the Panama Canal was opened and it was planned to run the steamers from New York through the canal."

SAINT PATRICK ARRIVES WITH EXPLOSIVES

The British steamer St. Patrick, Capt. James McCurdy, from New York via the Canal with 6500 tons of freight for Vladivostok, arrived here this morning. A part of the cargo consists of 2500 tons of explosives for the allies. She left New York July 11 and Balboa July 21 and will also touch at Japan and China ports. Capt. McCurdy expects after discharging his cargo in the Orient to take on a cargo at Manila and return to New York via Honolulu. She will take on 350 tons of bunkers here and proceed late this afternoon or tomorrow morning.

An unusual meeting occurred this morning between Capt. McCurdy and Capt. William Foster, harbormaster.

As the Saint Patrick swung into Pier 7 McCurdy asked Captain Madsen, the pilot, who that man was standing on the pier. "That is Capt. Foster," replied Madsen. "What, not Bill Foster," cried McCurdy. "The very same," said Madsen. Thirty-five years ago, as boys, they went to school together in Liverpool, England. The sea called them both and now as captains after many years they have met again.

The meeting between the two old salts was very touching, and as they gripped each other's hands and looked into each other's eyes, the years fell away and they were boys again in old England.

This evening a grand reunion is planned and—well, we will tell you what happened tomorrow.

BUFORD ARRIVES WITH CARGO OF COAL

With 1200 tons of coal for Honolulu the U. S. army transport Buford, Capt. J. P. Stephenson, 14 days and 20 hours from Nagasaki, arrived here this morning at 9 o'clock and is docked at Pier 6. It is not known when she will sail for Newport News, Va., but she will stay here two days at least before leaving. She left Manila July 2.

The Buford has 38 passengers on board from Manila and two from Nagasaki. Three of these, S. Bonsal, member of the P. U. commission, and wife and J. H. Mixer, will leave the Buford here and take passage on other boats for San Francisco. The former will probably go on one of the regular liners and the latter, who is an indigent American, will go on the U. S. army transport Sherman when she sails from here August 4.

The Buford also has 11½ tons of household goods as through freight From here she will take 150 tons of freight, including empty cement sacks, officers' household goods and ordnance supplies. No passengers will go from here.

Gold bars valued at $2,400,000 received by J. P. Morgan & Company from Canada, were deposited at the assay office in New York.

Natives of Algeria bury with their dead all the medicines used in their last illness.

NO. 348.
TERRITORY OF HAWAII
LAND COURT

TERRITORY OF HAWAII TO BANK OF HAWAII, LIMITED; CITY AND COUNTY OF HONOLULU, BY JOHN C. LANE, MAYOR AND PRESIDENT OF BOARD OF SUPERVISORS; TERRITORY OF HAWAII, BY I. M. STAINBACK, ATTORNEY GENERAL, AND BERTRAM G. RIVENBURGH, COMMISSIONER OF PUBLIC LANDS; H. M. WHITNEY, AND REBECCA HART, and to ALL whom it may concern:

Whereas, a petition has been presented to said Court by Lydy Elizabeth Lucas to register and confirm her title in the following described land:

Being a portion of Grant 5676, Section A2, to Cecil Brown and a portion of Lot B of the Kaalawai Beach Lots, a portion of L. C. A. 8559B ap. 32, to W. C. Lunalilo, R. P. 8165, Kapahulu, Honolulu, Oahu, T. H.

Beginning at an iron bolt at the Northeast corner of this lot on the South side of Diamond Head Road, the coordinates of said bolt referred to Government Survey Triangulation Station "Leahi," being 762.3 feet South and 3657.9 feet East, and running by true azimuths:

1. 344° 45' 320.0 feet along Grant 4634 to C. W. Booth and deed Supt. Public Works to Mrs. E. K. Booth and husband;
2. 90° 41' 150.5 feet along fence, along Kaalawai Beach Lot C to a galv. pipe at fence corner on the North side of the Beach Road;
3. 78° 50' 99.8 feet along fence, along the North side of Beach Road to a galv. pipe;
4. 174° 09' 455.2 feet along the remainder of Kaalawai Beach Lot B and Grant 5676, Section A2, to Cecil Brown, to a galv. pipe on the South side of Diamond Head Road;
5. 247° 27' 67.0 feet along the South side of Diamond Head Road to the point of beginning.

Area, 1.021 Acres.

You are hereby cited to appear at the Court of Land Registration, to be held at the City and County of Honolulu on the 26th day of September, A. D. 1916, at two o'clock in the afternoon, to show cause if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness the Honorable Wm. L. Whitney, Judge of said Court, this 1st day of August, in the year nineteen hundred and sixteen.

Attest with seal of said Court:
(Seal) CHAS. M. HITE,
Acting Registrar.

PASTOR PETERS CRITICISED BY JAPANESE PRESS

He Answers With Letter Telling Why He Did Not Attend Buddhist Ceremony

Japanese newspapers yesterday afternoon and this morning print strong editorial criticism of David Cary Peters, pastor of the Christian church, because, though advertised as a speaker at the corner-stone-laying ceremonies of the Hongwanji mission (Buddhist) on Sunday, he did not appear.

In reply to their criticism and condemnation, Pastor Peters today made public the text of a letter he wrote to Bishop Imamura, head of the mission, on Saturday afternoon, notifying him that he could not appear, and why. The letter shows a strong stand against any indorsement of Buddhism.

"Narrow-minded," "un-Christian" and "discourteous" are some of the terms used in the Japanese editorials, the writers of which say that Mr. Peters did not notify the bishop of his action. As a matter of fact, this paper is informed that Bishop Imamura received the letter by special messenger on Saturday.

The Japanese papers say that when the Japanese Ministers' Union heard that Mr. Peters was to be present at the corner-stone ceremonies and would speak, members of the union immediately opposed any such action, saying that the Japanese Christians could not countenance anything which appeared like an indorsement of Buddhism. The Japanese papers say that two Japanese pastors presented the matter in this light to Mr. Peters and he decided to withdraw from the program.

After learning today that the Japanese papers had taken the incident up and were insisting that he had not notified Bishop Imamura, Mr. Peters made public the following letter, dated last Saturday:

July 29, 1916.

"Rev. I. Imamura, Pastor Hongwanji Mission, 1429 Fort Street, Honolulu, Hawaii.

"Dear Sir:—When I accepted your invitation to speak at the corner-stone laying of the proposed Hongwanji temple, I did so with the feeling that the occasion would allow me to say some things which I think are important to the future of these islands, and it was accepted only upon the assurance from Mr. Tsunoda that I should say anything I thought the occasion called for.

"However, since accepting your invitation, I have learned that I have been advertised to make a 'congratulatory' speech. That I can not do. While I recognize every man's right under the constitution of the United States to accept and practise any religion he thinks best, I do not want to be put in the light of 'congratulating' Honolulu upon the founding and establishment of a religion in which I do not believe, and which I do not think is the best agency for the Americanization of the young Japanese of these islands.

"It has also appeared to me that my presence at this meeting was being construed as a representation of the Christian part of the community, and tacitly at least, as an indorsement of Buddhism. I in no way represent anybody except myself, and I regret exceedingly that any other construction should be put upon it.

"So now in view of the fact that my motive in being present has already been misconstrued, and in view of the fact that with the announcement that has gone forth the Christian part of this community will be misrepresented if I attend, and further in view of the fact that my presence can result only in confusion and misunderstanding, and so far as I can now see, in no good at all, I deem it advisable to withdraw my consent to speak.

"Yours very truly,

"DAVID C. PETERS."

Armenians Will Get Relief From Hawaiian Funds

Special Committee Forwards $3000; Total Now Reaches Almost $120,000

Three thousand dollars, forwarded today to the American Red Cross to relieve sufferers in Armenia, brings the total fund sent by the war relief committee of Hawaii to $118,654.40. There is a balance of $433.65 and contributions are still coming in.

The war relief committee held a brief meeting at 11 o'clock and accepted the report of Treasurer J. A. Rath, taking action then to forward the Armenia relief money. It will be sent to the American Red Cross in New York, with instructions to send it to the American ambassador at Petrograd, if it is a fact, as reported here, that Russia has most of Armenia in her possession now, having driven out the Turkish army.

The statement of the relief committee to date is:

Fund Distributed:

Belgium	$ 48,700.00
Poland	23,725.00
Armenia	26,600.00
Servia	10,725.00
France	7,000.00
Austria	1,000.00
Prince of Wales	75.00
Germany	42.00
Children's fund	11.15
American Red Cross	773.00
Wireless message	2.25
	$118,654.40
Receipts to date	$119,088.05
Disbursements to date	118,654.40
Balance	$ 433.65

LIVELY WEEK IN REAL ESTATE IS SHOWN IN SALES

The last week has been an active one, considering the season, for the real estate department of th Trent Trust Company. Besides the $20,000 sale of the W. A. Kinney property to the Mid-Pacific Institute, the following are reported: Sarah B. Clayton to S. P. Winsor, residence on Saratoga road, $35..; Sarah ... Clayton to Mrs. Jessie Milton, residence ... Beach Walk road, $3000; Mrs. J. G. Kiakona to J. H. A. Johnson, Kalihi, residence, $1350; C. H. Dickey to Mary K. Punohu, Eleventh avenue lot, $900; Trent Trust Company to W. R. Warren, two lots in Kaimuki, $900; Trent Trust Company to V. A. Hansen, one and a half lots on Kinau street, $1400.

BUILDING PERMITS

Mrs. Sophie Overend, owner. Location, Kaimuki, Waikiki-mauka corner of 12th and Pahoa avenues. Garage and dwelling. H. Knauck & Co., builders and architect. Estimated cost, $6120.

IRON SULPHATE STOCK RUNS OUT, MORE IS ORDERED

New Remedy for Pineapple Plants Distributed Among Local Growers

Iron sulphate, which used to be disbursed in 5 and 10-pound lots as a disinfectant, has been handed out in 100-pound lots this last week and will probably be sold in ton lots hereafter, according to George W. Smith, president of Benson, Smith & Company. This is a result of the discovery of M. O. Johnson, chemist of the United States agricultural experiment station, that the ferrous sulphate used as a spray will revivify pineapples.

The drug company had about 800 pounds of it when Johnson's discovery was first announced. Before any of the pineapple planters could get to the store Johnson was at the telephone with a request that none of the stock on hand be sold until all of the planters had had a chance to order and that then it be divided among them. Three times that day Benson, Smith & Company had orders for "all the iron sulphate you have on hand." The next day it was disbursed in 100-pound lots and an order for 5 tons cabled to the coast. "We have not had a reply to that cable, but presume that the order will be shipped on the Manoa," said Mr. Smith. "If the lot is taken up as quickly as it promises to be we will order more immediately."

Costs Much Reduced.

It has cost the planters about $60 an acre for fertilization of manganese soil with manure, with unsatisfactory results. Johnson's spray of iron sulphate costs about $2 an acre. Contrast of untreated and treated pineapples grown in adjoining rows leaves no doubt as to its results. "They are all experimenting with it now. Pearl City Fruit Company, Libby's, Thomas, Haley, McBryde—all of the planters—and everyone is probably working out a different method of application, using a different sort of spraying machine," said Johnson this morning.

"Leaf Feeding" is Natural.

J. M. Westgate, director of the station, pointed out that the pineapple plant is a member of the Spanish moss family, which derives its sustenance from the air. "That explains the ability of the plant to absorb the iron through its leaves," he explained. "It is accustomed to obtain a certain amount of its food from the air, through its leaves, and when the one substance it needs is sprayed on its leaves it seizes on it eagerly."

Westgate added that until Johnson succeeded in his efforts to revive the yellowing pineapple plants he had never heard of a crop of any sort that had been successfully fed through its leaves. "It is a departure from established practice—absolutely a new method," he said.

Two persons were drowned and damage of $150,000 was caused by the overflow of Canisteo River at Hornel, N. Y., caused by a succession of cloudbursts.

An appeal for an emergency appropriation of $75,000, with which to purchase motor trucks, has been made to the state comptroller by the New York National Guard.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)

FORT SHAFTER, July 31.—On Saturday evening Company I, 2d Infantry, entertained in the cantonment in its mess hall for the 1st Platoon, the occasion being to celebrate the 1st Platoon's victory over the others on the target range in the 1916 target practise just completed, which is an annual custom in this company. Stunts of all kinds were pulled off and jokes galore were made during the evening. Songs were sung by Driscoll, Williams and Wicher. The bathhouse qaurtet made a big hit and were encored repeatedly. Only members of the company were present and a most enjoyable evening was spent by all and a delicious supper was served before the party broke up.

Upon the recommendation of the commanding officer, Machine Gun Company, Cpl. Otto L. Wetzel (Company F) has been promoted to the grade of sergeant and transferred to Company G, vice Welsh, reduced.

The Department Commander has sent a circular to the various army posts on the island directing that all lieutenants and mounted enlistment men of infantry at the various posts be tested by a board of officers as to their proficiency in horsemanship and necessary steps be taken to instruct those who may be found deficient. The board which has been appointed at Fort Shafter consists of Maj. William Weigel, Capt. Otto B. Rosenbaum and Lieut. Joseph A. McAndrew, all of the 2d Infantry. The board will meet on Tuesday, August 1, to determine those who may be proficient and later an instructor will be appointed for the class.

The troops in Oahu will probably be paid late this month, due to the fact that the quartermaster has reported lack of funds on hand, owing to the failure of Congress to make necessary appropriation for the payment of troops. However, he expects a cable from the War Department relative to funds shortly after August 1.

Capt. Albert Clark, Medical Corps, has been relieved from duty as recruiting officer at Fort Shafter and Maj. B. J. Edgar has been appointed in his place.

The army troops at Fort Shafter were mustered on Monday at 9 a. m. on Company parade grounds in garrison uniform. The battalion commanders inspected and mustered their respective battalions and Col. B. W. Atkinson inspected and mustered Company I, 3d Battalion of Engineers, post non-commissioned staff, Detachment Hospital Corps, Q. M. Department, detachment of bakers and cooks, T. & T. Platoon, Company M, Signal Corps, and casuals.

Lieut. A. H. Hobley has been detailed to audit the accounts of the post exchange, and Lieut. Wyman the accounts of the Signal Corps.

ARMY MEN EXPECTED TO ARRIVE ON LOGAN

Many prominent army officers are coming on the U. S. army transport Logan, which is scheduled to sail from San Francisco August 5, according to advices from there. Among the officers who have been booked for Honolulu are the following: Lieut.-Col. W. B. Banister of the Medical Corps, Maj. W. C. Short, Lieut. H. E. Pitz, Lieut. E. R. Householder, Lieut. S. M. Decker, Lieut. C. J. Pallinger, Lieut. John Kahle. The Logan is expected here August 13, and will probably sail two or three days later for Manila.

PRIZES TO BE GIVEN FOR BEST COSTUMES

In place of the usual "plain clothes" dance held Saturday nights in the National Guard armory on Hotel street, the dance this coming Saturday evening will be a bal masque, and prizes will be awarded by the management for the best costumes.

At the last dance there were 130 couples on the floor, and it is expected that this week's bal masque will exceed that number considerably. Music will be furnished by the usual orchestra of Hawaiian musicians, playing the distinctive and haunting music of the islands.

CHINESE GIRL OF 17 IS SOLD FOR $1100

SACRAMENTO, Cal.—Rose Joe, 17-year-old daughter of Chin Joe, Chinese restaurant keeper of Marysville, Cal., and a graduate of the Marysville grammar school, was sold by her father to Lee Dow, a wealthy San Francisco merchant, for $1100 and became the bride of the man she had never seen before. The bridegroom is 25 years older than Rose Joe, who is pretty and a talented pianist.

WRITES ONE-LINE WILL AFTER KICK BY HORSE

SEATTLE, Wash.—Containing a single sentence, "I will my property to I. N. Hazlett, 2228½ First avenue," the shortest will on record in Kings county was filed in the superior court. The instrument was drawn by A. J. Keller, who died on June 16 from injuries received from being kicked by a horse. The doctors at the hospital where Keller was taken told him he had but a short time to live, so Keller, using a single small sheet of yellow scratch paper, wrote his last will and testament in a firm, unshaken hand and then died.

Air sirens for short distance signaling have been invented by a Frenchman, and, mounted on the masts of ships, have been heard as far away as two miles.

RIETOW RESIGNS AS 2ND DEPUTY FEDERAL CLERK

Lack of Funds to Retain Permanent Assistance Probably Cause of Resignation

Ray Baker Rietow, second deputy clerk in United States court, today handed his resignation to Clerk George R. Clark. The resignation will be accepted, Clark says.

Lack of funds with which to permanently employ a second deputy clerk at the usual salary of $100 a month probably prompted Rietow's resignation. On July 1 the federal judges were informed by the department of justice that the clerk would be authorized to expend only $600 a year for additional clerk hire, indicating that, from that date, only $300 would be available for the remainder of 1916.

Although the judges have written to Washington, pointing out the increase in court work and recommending that the position of second deputy clerk be made permanent, no intimation has been received from the department that it may reconsider its ruling.

Rietow was retained in office during July, but was on vacation during the last 15 days of that month. For his work during that month he will be paid the usual salary of $100. This leaves but $200 available for additional clerk hire from now until the first of 1917.

"Mr. Rosa and myself will do the work of three clerks until we find we need assistance," says Clerk Clark, "and then we will secure an extra man under the ruling of the department."

Rietow has been second deputy clerk since the appointment of Foster L. Davis as clerk last November. He says he has a position in view but declined today to discuss its nature.

Trappers Catch 18,327 Rats and Mongoose Here

Waging a war against rats and mongoose, board of health and U. S. public health service trappers caught 18,327 of the pests in the year which closed June 30, says a part of the annual report made by Dr. J. S. B. Pratt, president of the board of health, to Governor Lucius E. Pinkham, for incorporation in his annual report.

"With only seven trappers and 984 traps set daily, rats and mongoose taken were 18,327," says the report referring to the rat-catchers' activities. It quotes a report made by Dr. F. E. Trotter, chief quarantine officer of the U. S. public health service in Hawaii, as saying:

"There is hardly a single wharf in Honolulu harbor that can be classed as rat-proof. It is considered necessary to assign one trapper to trapping and poisoning on the wharves as well as in the immediate vicinity, and the rat yield has been very satisfactory."

One man is known to have been killed and four are missing as the result of an explosion in the Rock Island Brewery, Rock Island, Ill.

The lid is at one side of the top of a new tea kettle instead of at the center to lessen the danger of scalding to persons holding it.

HONOLULU, TERRITORY OF HAWAII, TUESDAY, AUGUST 1, 1916. NINE

F. E. MIDKIFF, PUNAHOU INSTRUCTOR, WRITES OF MONTEREY TRAINING-CAMP

How Hundreds of Students, Business and Professional Men Are Fitting Themselves for Patriotic Duty—Local Man Enlists Interest of Army Authorities in Punahou's Problems

(Frank E. Midkiff, Punahou instructor and athletic coach and also commandant of the institution's cadet corps, is now at the civilian training camp at Monterey, Cal. He was sent there by the trustees of Punahou to increase his military experience and to study the problem of adapting military drill and physicial training to the needs of the boys of Hawaii. He is availing himself of all the training offered to general attendants and in addition he is being coached in Keeler's (physical director of West Point) method of physical culture, in rifle calisthenic exercises and in fencing. Mr. Midkiff has been able to interest several army men in the Punahou drill problem and they are giving him the benefit of their experience.

In the following article written for the Star-Bulletin Mr. Midkiff tells interestingly of life at the Monterey camp.)

MONTEREY, Cal., July 24.—The military training camp at Monterey for civilian instruction is beginning its third week of work. There are four weeks devoted to the training, including from July 10 to August 5.

The Monterey camp is one of the first in the country. It, as well as the Plattsburg camp, was organized in the summer of 1913 and has been operated for four seasons. On account of the failure of Congress to appropriate for these civilian camps none of the students' expenses is paid. This fact has cut the enrolment down very materially. There are about 1200 men now in training. It is because of this limited enrolment that the officers who had been detailed from Honolulu were not needed at Monterey and were ordered to remain at their posts on the island. In general there are two officers and three non-commissioned officers in charge of each company; some large companies have more.

The encampment covers a broad expanse of about 80 acres, exclusive of the country included in "open order" work and frequent marches. There are tents for a full regiment of three battalions of men, besides officers' quarters, exchanges, mess tents, hospital, stables, etc. Furthermore, there are four companies of coast artillery regulars encamped on the site. The Presidio and firing range of Monterey is three miles distant.

Purpose of Camp.

The purpose of the training camp may be said to be three fold: To help properly qualify men to fill the great deficiency in officers and non-commissioned oficers that would immediately arise in case of national emergency, by giving them four weeks of intensive military instruction in the field under regular officers, and with troops of the regular army; to foster a patriotic spirit and to spread among the citizens of the country some knowledge of military history, military policy and military needs; to instil in four weeks of healthy outdoor life the habits of obedience, discipline, command and self-control that are the prerequisites of efficiency in every business or profession, and to send men home from the camps better prepared to take care of themselves and of others.

Those in attendance at this camp are required to be citizens of the United States, of sound health and capable of standing severe military instruction, between the ages of 18 and 50 years, with a good elementary education. There is a considerable amount of studying of manuals and of text-books, maps, etc. This is essential, in addition to the prescribed field drilling, for those men desirous of becoming proficient in military knowledge.

How Monterey Helps.

The camp sites, drill grounds, water and lights for streets, officers' tents, mess tents, and Y. M. C. A. are furnished by the citizens of the community of Monterey, assisted by generous contributions from all over the West. The camp and field equipment, including ordnance, is loaned by the government. Each man provides his own uniform and personal equipment and pays for his own board, transportation and equipment depreciation and breakage fee. The government provides medical examination and inspection, hospital service, etc., free for all enrolled.

The instruction at Monterey is under a corps of most efficient and enthusiastic regular army officers. Nearly all the officers have had previous details as training camp instructors. The first effort of the officers was to school the men in the nature and use of personal and camp equipment. Next, each man is drilled rigidly in the "school of the soldier"—facings, steps, salutes, courtesies and honors, use and care of ordnance, etc. Following this comes the "school of the squad," "school of the company" and "school of the battalion" in close order work. As early as possible deployments as skirmishers, formation of firing lines, fire control, principles of attack and defense, patroling and outpost duty, etc., were drilled into the men.

Although the close order drill is very thorough and rigid for the purpose of teaching discipline and control, the chief aim of the camp training is "preparedness." Hence the most of each day is spent in open order work. It is the work of securing information and security and the problems of attack and defense in platoon, company and battalion that chiefly concern the officers. It is the aim of the corps of instructors that all men who attend this camp shall understand how to do battle and to take care of themselves and of others in war time, and that they shall have much practise and repeated practise in these arts.

All men are put through a careful range practise in both slow and rapid fire at all ranges up to 1000 yards. All men are taught and drilled in the use of the bayonet.

Training Is Strenuous.

The training at Monterey is very strenuous. The men do just about all they are physically and mentally able to do. The daily program will show the nature of the work. It is as follows:

First call for reveille	5:45
Reveille (band airs)	5:55
Assembly	6:00
Roll call and setting-up exercises, 15 minutes.	
Recall from exercise	6:15
Mess call	6:30
Fatigue	7:00
Sick call	7:00
Recall from fatigue	7:10
Inspection of quarters	7:10
Drill call	7:20
1st Sergeants' call	7:27
Assembly	7:30
(Five periods of drill of 40 minutes each, with 10 minutes' rest each.)	
Recall from drill	11:30
1st Sergeants' call	11:75
Mess call	12:00
Drill call (p. m.)	12:30
1st Sergeants' call	12:57
Assembly	1:00
(Three periods of drill)	
Recall from drill	3:50
1st Sergeants' call	4:15
Assembly	4:25
(Battalion and regimental parade.)	
Adjutants' call (upon notice).	
First call for retreat	5:45
Assembly	5:55
Retreat	6:00
(Star Spangled Banner and Flag Ceremony.)	
Mess call (immediately after retreat).	
Tattoo	9:00
Call to quarters	9:45
Taps	10:00

Only the last four calls are sounded on Saturday afternoons. Sundays are without calls except for fatigue and mess. Monterey and Del Monte at these times and during evenings offer varied attractions to the "rookies." Polo, tennis and golf for national and western championships are in progress at this time. Surf bathing, walking, driving, motoring, fishing, etc., are seasonal attractions which some in camp take time to enjoy. Hotel Del Monte cordially opens its

(Continued on Page 10.)

REFINERS MUST BUY MORE SOON, STOCKS ARE LOW

Czarnikow-Rionda Report Says Atlantic Port Holdings Much Smaller Than in 1915

(From Czarnikow-Rionda, 112 Wall Street.)

NEW YORK, July 14.—Slightly increased activity was experienced in our market during the period under review, as evidenced by reported sales to refiners of 30,000 tons Cubas, mostly in nearby positions and at 5.375c c. f (6.40c), although a cargo of about 7000 tons in port here was sold on the 11th inst. at the lower level of 5.25c c. f. (6.27c). In addition the week's business included 7000 tons Porto Ricos, of which 1500 tons, afloat, were disposed of on the 10th inst. at 6.20c c. i.f, while .07c per lb. more was obtained next day for the remaining 5500 tons of July shipment.

This reported business in raws, however, is not commensurate with the much larger quantity of refined sugars estimated to have been closed this week for domestic consumption, and as pending shipments from Cuba against outstanding contracts with United States buyers are very small, further generous purchases of raw supplies by our refiners doubtless will be necessary in the very near future.

Operations in August shipment Cubas have so far been practically nil, only a very small quantity for clearance that month for Philadelphia at 5.44c c. f. (6.46c) appearing in the list of sales hereto annexed.

That foreign buyers in various quarters must continue to look to Cuba for their requirements is shown by further sales of 5000 to 6000 tons of her product to Argentina at 5.10c, a moderate quantity for July shipment to United Kingdom at same price and about 3500 tons to Spain at 5.20c, all on f. o. b. terms.

A small amount of business in United States refined sugars for export has also been done, and at the close it is rumored and generally believed that a deal has been concluded with our refiners involving an exchange of about 50,000 tons raws for a similar quantity of refined.

The week's receipts at the Atlantic ports were comparatively heavy, at over 81,000 tons, owing to the combined contributions of 35,400 tons from Porto Rico and Hawaiian Islands. However, a portion of these arrivals went into warehouse for account of importers, whose stocks here now aggregate 110,789 tons, as compared with 120,805 tons at corresponding date last year, while the holdings of refiners at the three Atlantic ports are estimated at only 178,482 tons, or 88,329 tons less than the stocks in their hands a year ago.

The United States lumber industry employs 700,000 wage-earners.

Germans Find Detention Camp Not Unpleasant

Passenger on Persia Tells How Well Prisoners Treated Near Hongkong

A very interesting description of the English prison camp near Hongkong was given Monday afternoon by C. M. Landers who passed through here on the T. K. K. steamer Persia Maru from China where he went as purser on the American-Hawaiian steamer Georgian.

It was at this place that the German, Austrian and Turkish passengers taken from the China Mail steamer China by the British cruiser January 18 were detained until released after the United States had made a vigorous protest.

"The camp" said Landers, "is situated across the bay from Hongkong in a district called Kowloon and is a model prison camp in every way. Large barracks have been constructed by the English inside of a compound and here the Germans who lived in Hongkong and other parts of China when the war broke out have been placed.

"The men are segregated in one part of the camp and the women in the other, but on certain days the husbands may visit their wives and there are also certain days when friends may visit the prisoners," continued Landers. "The English feed the prisoners in the camp very abundantly and the food is always well-cooked."

The best evidence that the English government is doing everything in their power to make the Germans stay in the camp pleasant is the fact that spending money is given them. Landers said that the first of every month is pay day and all the prisoners on that day come to the quartermaster's department to receive the money which the government allots them.

"While the confinement is strict," said Landers, "many pleasures are allowed the Germans. Musicals and plays are often put on and athletic programs are arranged."

Fisherman Feared Dead Was Sleeping

Solicitous Chauffeur's Misgivings Start Rumor of Tragedy at Koko Head

Rumors that Kenneth McGuire, railroad freight clerk at Pier 20, had drowned while on a fishing trip to Koko Head on Saturday evening, were found to be untrue late yesterday.

McGuire hired Ah You, Chinese chauffeur at a local auto stand, to take him out to Koko Head on Saturday evening, and informed him that he would phone for the automobile in the morning to convey him home. Morning came and no phone message had been received by Ah You. Becoming anxious, Ah You phoned Frank Stillman, knowing he was a close friend of McGuire, and told him the story. He thought perhaps the boy might have drowned while fishing.

In the meantime, while at Koko Head, McKuire found the sea too rough for fishing and started home about midnight, walking the distance, and arriving home about 2 o'clock on Sunday morning. Feeling tired he remained in bed until about noon. While his friends were looking for him he was in bed.

HUGHES ASSAILS ADMINISTRATION FOREIGN POLICY

Addressing Enthusiastic Audience in New York, Declares for Preparedness

(Associated Press by Federal Wireless)

NEW YORK, N. Y., August 1.—In his address accepting the presidential nomination at the hands of the Republican party, Charles E. Hughes last night abandoned the judicial reserve of which he had been accused, and flayed, without mercy the administration's diplomatic appointments, its international policy, and its treatment of the Mexican situation.

Carnegie Hall, one of the largest gathering places in the city, was packed to the doors with an enthusiastic crowd, including the Republican leaders from almost every state in the nation.

Beginning with a hot attack upon the administration's foreign policies he went straight to his first big point, the diplomatic appointments of "deserving Democrats" in places where men of ability were needed. He cited in illustration of what he meant the appointment of Minister Sullivan to Santo Domingo, and quoted from the now famous letter from William J. Bryan, then secretary of state, regarding the reasons for appointing Mr. Sullivan.

Stands for American Rights.

He assailed the administration for its course in reference to the Mexican problem, and declared for the maintenance of American rights abroad, particularly as affected by the European war. He declared that it shall be his policy, if elected, to see to it that America is fully and adequately prepared to meet any reasonable emergency, and he urged the necessity of adopting a new policy of "firmness and consistency."

"We denounce all plots and all conspiracies formed in the United States in the interest of any foreign countries. We regard it as utterly intolerable that our soil should be made the breeding place of such alien intrigues. Every American must unreservedly condemn these practises, and must rally to the support of the government in any efforts it may make to suppress them."

DEATH COMES TO DR. M'LENNAN AT DAUGHTER'S HOME

Dr. Donald McLennan, one of the oldest medical men in Honolulu, died yesterday afternoon at the home of his daughter, Mrs. E. G. Rivenburgh, 1835 Makiki street, at the age of 68 years. The physician had been seriously ill for some time and the widow is speeding home.

The funeral will be private. The body, on view at Williams' undertaking parlors to friends from 2 to 3 o'clock this afternoon, will be cremated and the ashes held until Mrs. McLennan's arrival.

The deceased was a native of Nova Scotia, Canada, and came to Hawaii in 1891. He was a charter member of Court Camoes, No. 8810, Ancient Order of Foresters, and gave his professional services free to that lodge.

The only child surviving is the daughter, Mrs. Rivenburgh, wife of B. G. Rivenburgh, territorial land commissioner.

CASE OF YOUNG GIRL FURNISHES PROBLEM COUNTY CANNOT SOLVE

Too Vicious For the Industrial School, Too Sane for the Asylum, Say Officials

Would "Over the Hill to the Poor House" be a popular song here?

Police Surgeon R. G. Ayer and several others say it would be very appropriate and desirable in many instances. The doctor says an average of five cases are submitted to him each month, with the request that they be sent to the Insane Asylum, that he considers subjects proper only for a poor farm or a home for feeble minded or defective persons. There is no such home in Honolulu.

The case of a 16-year old girl from Wailuku, Maui, has accentuated recognition of the lack of such a home in Honolulu. For incorrigibility in Maui she was committed by the court to the Girls' Industrial school in Moiliili, Honolulu. The girl's story is that she was in jail in Wailuku for a time but this is not substantiated. She is said to make many dubious statements. But in Honolulu she has been shifted from one place to another since no one seems to want her. Yet some one must keep her, for she is a public charge.

Refused At Industrial School.

Miss Sadie C. Sterritt refused the girl accommodations at the Industrial school, because, says the superintendent, "she is too vicious." Maria went to the Insane Asylum. There she stayed a very short time. Dr. L. L. Patterson could not keep her unless she were committed and Doctor Ayer refused to recommend a commitment. Because the girl is afflicted with a nervous ailment, Dr. R. W. Benz became interested in the case and induced a charitable organization to temporarily furnish a cot in Queen's hospital. And there is 16-year-old Maria today—Maria, who once was a Salvation Army Home ward, whose mother is dead and who claims she married recently. But she will not be permitted to stay at the hospital. When she goes out, where will she go?

"We will not see her go to the street, although that is her apparent disposition," says Miss Sterritt. "We will make a bed for her in the garage or in the laundry before that but there certainly is dire need of some institution for people of her character."

Term Girl "Vicious."

Miss Sterritt claims the girl is so vicious that she would corrupt the moral of her wards and break up the Industrial school's system and efficiency. There is an attractive little campus of green and a half dozen comfortable looking buildings, housing nearly a hundred blue-gowned and contented girls, mostly Hawaiians, at Moiliili, just a short distance off Waialae road, and Miss Sterritt is proud of it. She naturally wants no confusion and claims this would ensue if Maria were with them long.

"The girls here are from 8 to 18 years old," says Miss Florence Wood, a teacher at the Industrial school, "and they rapidly learn domestic science, handiwork and something of school work. They do their own laundrying, cooking and repairing, and are obedient and pleasant, but Maria has none of these qualities. She has the mind of a six-year-old girl and the temper of a tiger."

Seek to Start Home.

"It's a hard proposition we are up against," says Dr. Ayer, "and something definite must soon be done. Even now Miss Sterritt, Probation Officer Agnes Maynard, Dr. Patterson, myself and several others are endeavoring to start in an unassuming way, a home for unfortunates who do no properly come in the insane, industrial or the hospital cases. It is surprising with all of Honolulu's charitable institutions that there is none of this nature. Nearly any city of consequence in the states has its poor farm or home for indigents or something similar and there is a pressing need for one here. With assistant we will have one."

Another Case Comes Soon.

Another case will develop to further puzzle the city authorities when one of the Industrial school girls who is weak-minded and helpless passes the 18-year limit which excludes her from the school.

"She is the kind that should go to a poor farm or an institute for feeble-minded if there were such a place," says Miss Sterritt. "But I do not know what we can do with her since there is none. In a similar instance we once put the girl on a small salary and retained her at the home as an assistant, but we can not do this with many cases. And what can we do?"

Judge Recognizes Need.

Juvenile Judge Whitney says that the case of the young girl, Maria, shows the need in Honolulu of a home for idiots and imbeciles.

"She could not be kept in the Industrial school because she chased the teachers and frightened the other girls," he says. "It is declared she is not dangerous enough to be sent to the Insane Asylum, and I suppose that they will not keep her at the Queen's hospital very long. She might be cared for at the Girls' Industrial school if she had a guard, but there are no funds with which to secure a guard. If this case had arisen on the mainland, the girl would have been immediately placed in a home for defectives. But we have none here."

IN WAR ARENA

TEUTON AIRSHIP BUSY ON BRITISH COAST

LONDON, Eng., Aug. 1.—German airships attacked various towns on the southeast coasts. One dropped bombs in the estuary of the Thames. The attack was proceeding as this despatch was written.

SLAVS CAPTURE HUGE ARMY OF TEUTONS

LONDON, Eng., Aug. 1.—Petrograd officially announced that during the first half of the Russian summer campaign the Slavs have taken from their Teuton foes 350,000 prisoners.

BRITISH COMMONS STILL AT SEA ON IRISH QUESTION

LONDON, Eng., Aug. 1.—A vigorous debate in the House of Commons yesterday on a motion to urge the government to disclose its plans for the government of Ireland during the period of the war, brought the issue no nearer a satisfactory conclusion, an amicable settlement appearing to be as distant as ever.

DYNAMITE GANG 'HEADQUARTERS' DIVULGE CLUE

Evidence Incriminating Labor Men of Coast Reported Seized in Raid

(Associated Press by Federal Wireless)

SAN FRANCISCO, Cal., August 1.—Documentary evidence of a "startling nature," and which District Attorney Fickert declares will mean the conviction of the men and women accused of being implicated in the bomb explosion that killed seven and wounded forty-three during the preparedness parade in this city ten days ago, was secured by a raid of the police yesterday.

The alleged headquarters of the supposed "bomb gang" was broken into by the police acting along clews discovered by the detectives working on the case, and a mass of evidence was obtained, it is asserted.

Information Startling.

Mr. Fickert says that the information and letters secured are of so startling a nature, and make such tremendous revelations of a far-reaching conspiracy, that "It is unwise to give them to the public at this juncture."

It has been learned, however, that the authorities are confident that these letters connect Thomas Mooney, W. K. Billings, Mrs. Mooney, Weinberg, and Edward Nolan, all of them prominent in labor circles with the plot. All of these suspects are already in custody, together with several others held on suspicion.

GROWTH OF CITY IS SHOWN TO BE REASON GOVERNMENT COSTS LARGER

City Treasurer Makes Comparisons Between 1909 and Last Year

By D. L. CONKLING.

In 1915 it cost the city of Honolulu $27,000 to care for its indigent sick at the Queen's hospital—five years ago $8600 was sufficient for the purpose.

The pauper dead cost the city $2300 last year for burials—$500 was paid for all the city funerals in 1909.

These statements show something and that is that the city has grown in five years and as it has grown its needs have increased.

There are many functions of government for the municipality to perform other than the two mentioned above. With the growth of the city the expenditures of government have correspondingly increased.

Conserving Health Requires Money.

Casually going over the more important duties of the city it is seen that the garbage handling which in 1909 cost $16,000 last year cost $23,000; food inspection in 1909 cost $3200 and $6800 last year; the city physician took $1800 in 1909 and in 1915 twice that amount. A new branch of the physician's department has lately been added to the cost of government. It is the up-to-date emergency hospital and ambulance.

It is only necessary to go over the big work done by this bureau of the police department to see how necessary was its establishment if Honolulu is to be classed with towns of its size on the mainland. Even the expense of finding the cause of death among the residents of the city is greater, as there were more investigations by coroner's juries; in 1909 $700 was sufficient for this, last year $1100 was needed.

Police and Fire Departments Grow.

Besides taking care of the health of its residents and burying some of them, the lives and property of the people have been safeguarded by the police and fire departments at an expense of $232,698 last year as against $162,326 in 1909. To run the police department in that year it cost $93,000, last year $138,000 was needed. There are many more policemen employed than formerly. This is made necessary by the growth of the limits of the city and the new and enlarged traffic to be handled in the streets. The fire department was carried on for $52,000 in 1909, last year $68,000 was the expense. The scope of the firefighter has greatly increased as time has gone on and what was ample for protection in 1309 is far below what the city needs now. The extension of the fire and police alarm system has entailed a small increase, as in 1909 it cost $2900 and now is being run for $4400 a year. This charge has been sufficient each year since 1912.

Cost of Jailing Soars.

The cost of maintenance of the county jails has increased 50 per cent since 1909, when $14,000 took care of the city's wards; $21,000 was the bill in 1915.

Honolulu likes recreation as well as food inspection, medical and hospital attendance and fire and police protection, so she has increased her expenditures for pleasure from $31,000 in 1909 to $56,000, which it cost last year to maintain the band and develop and maintain the parks and playgrounds of the city.

There are school buildings to be built and maintained. This cost about $70,000 of the total income of the city last year.

Contributions Are Larger.

Donations to the Hawaii Promotion Committee, Humane Society, Associated Charities, Children's hospital, Palama settlement and Salvation Army home, care of dependent children and support and maintenance of indigent sick have increased from $2100 in 1909 to $8100 in 1915.

The expense of running the general government, including the offices of mayor, supervisors, clerk, auditor, treasurer, attorney, sheriff (not police), water sewer rates, rent and janitor service has increased from $65,000 in 1909 to $85,000 in 1915.

The expense of the circuit courts alone have increased $35,000 in four years from $18,000 to $53,000. In other words, it costs more than half as much to run the circuit courts alone as it does for the whole general government of the city.

During the time from 1909 to last year the general fund income of the city has increased but $78,000.

WILL HOLD HEARINGS OF KAUAI JAPANESE

To act on two-year old applications of Hawaiian-born Japanese for certificates of Hawaiian birth, Eben S. Cushingham, chief clerk to the secretary of the territory, will leave today for Kauai.

There are 125 applications, all made prior to April, 1914, when Secretary Wade Warren Thayer suspended the issuance of certificates. James H. Hakuole will accompany Cushingham to act as interpreter. Hearings will take about a week. Cushingham has to return at the end of that time to attend to primary election matters.

DO NOT PICK CEREUS

The trustees of Oahu College have requested the Star-Bulletin to make the following announcement:

The night blooming cereus hedge on the stone wall on the Punahou street and Wilder avenue sides of the grounds will be in full bloom about the end of this week. The exact date will be announced later.

Heretofore permission has been given to pick the flowers late in the evening, but so many have been picked early in the evening as practically to destroy the effectiveness of the exhibit.

Visitors are therefore specially requested not to pick the flowers. The sole object of this request is to give pleasure to as many as possible.

Please pass the word on to others and help preserve the flowers.

LABOR DEPARTMENT WILL ENDEAVOR TO PLACATE N. Y. GARMENT WORKERS

(Associated Press by Federal Wireless)

WASHINGTON, D. C., Aug. 1.—The department of labor yesterday appointed Ethelbert Stewart, assistant commissioner of labor statistics; John A. Moffitt of Grange, N. J., and Charles W. Mills, a coal operator of Philadelphia, to act as a conciliation board in an effort to settle the garment strikers' strike in New York.

HAWAIIAN BAND AT THOMAS SQUARE TONIGHT

Beginning at 7:30 tonight the Hawaiian band will give a public concert in Thomas square. The program for the occasion will be as follows:

America.
March—"The Southlanders" (new) ..... Lithgow
Overture—"Morning, Noon and Night" ..... Suppe
Intermezzo—"The Whispering Willow" (new) ..... V. Herbert
Grand Selection from Gounod's Opera "Faust"..Arr. by A. F. Godfrey
Five Hawaiian Songs .....
.....Hawaiian Band Glee Club
Selection from "So Long Letty" (new) .....E. Carroll
Mazurka—"Lucerne" ..... Orth
One-Step March—'My Grandfather's Girl" (new).....W. A. Dillon
Aloha Oe; Hawaii Ponoi.
The Star Spangled Banner.

By skilfully grouping 250,000 grains of corn an Iowa boy has made a remarkable and clever model of the American silver dollar.

ALLIES REITERATE STAND ON RED CROSS SUPPLIES

(Associated Press by Federal Wireless)

WASHINGTON, D. C., Aug. 1.—Great Britain in a formal note to this government yesterday refused again to permit red cross supplies to enter territory controlled by the Central Powers unless the supplies are assigned to red cross units. The note reiterates the stand taken by the Entente Allies prior to this, and repeats the arguments used in former statements.

COAST AVIATOR HAS MIRACULOUS ESCAPE

(Associated Press by Federal Wireless)

SAN FRANCISCO, Cal., Aug. 1.—Joseph Boquel, an aviator who was making a night flight near here last night, fell from the height of 1500 feet and sustained but minor injuries. He jumped from his machine when near the ground.

IMMIGRATION BILL GOES OVER TO NEXT SESSION

(Associated Press by Federal Wireless)

WASHINGTON, D. C., Aug. 1.—Democratic senators in caucus have voted to postpone action on the administration's immigration measure until the next session of congress.

ONTARIO BRUSH FIRES CLAIM HEAVY TOLL

(Associated Press by Federal Wireless)

TORONTO, Canada, Aug. 1.—Premier Hearst last night declared that 184 deaths from the forest fires have been reported and that hundreds are homeless.

MIDKIFF TELLS OF TRAINING-CAMP DRILL AT MONTEREY, CALIFORNIA

(Continued from Page 9.)

doors to the "rookies," who do not hesitate to take advantage of the entree. Frequently lectures and addresses on military subjects are offered in the evenings.

Many Professions Among Members.

The 1200 men attending the camp are of all ranks and professions—senators, ex-army officers, bankers, lawyers, teachers, doctors, clerks, artisans—all branches of business are represented. Many western firms have paid their employes' transportation charges and continue their regular salaries during the men's stay in camp. Many are youths out for a lark; many are "tired businessmen" who wish a change from their ordinary work and associations; many come because they are urged by relatives; but, as a general rule, these 1200 men are in camp because they feel that they should know how to use their ability and strength to defend their homes and country should the occasion arise. They brought a spirit of patriotism with them and their own sparks of enthusiasm have united and augmented and formed a great fervid flame of national responsibility and loyalty and love capable of supporting genuine and prolonged sacrifice, if need be.

Performing Patriotic Service.

This camp is performing a genuine patriotic service—one that will be cumulative and ever-extending. Officers and men are highly pleased with the progress and promise of the work. Gen. J. F. Bell says the officers are working harder than they have ever worked before.

The officers in charge are:

Col. Arthur Williams (retired), inspector and instructor of civilians.

Maj. G. U. McAlexander (infantry), inspector.

Maj. C. F. Farber (retired), quartermaster.

Maj. W. F. Lewis, (medical corps), surgeon.

Maj. J. T. Nance (retired), inspector and instructor of civilians.

Maj. M. C. Buckey, (C. A. C.), treasurer.

Maj. C. H. Hilton (C. A. C.), adjutant.

Capt. W. S. Overton (retired), assistant to treasurer.

Capt. J. A. Moore (C. A. C.), post exchange and mess officer.

Capt. W. A. Covington (C. A. C.), assistant to quartermaster.

Capt. H. R. Casey (C. A. C.), ordnance, signal and police officer.

Capt. Richard Park (C. of E.), engineer officer.

Capt. F. M. Hinkle (C. A. C.), range officer.

1st Lieut. Harold Geiger (C. A. C.), instructor in aviation.

1st Lieut. H. LeR. Muller (C. A. C.), instructor in aviation.

1st Lieut. R. F. Cox (C. A. C.), assistant to post exchange and mess officer.

1st Lieut. Charles Hines, (C. A. C.), assistant to adjutant.

1st Lieut. C. R. Richardson (M. R. C.) medical reserve corps.

1st Lieut. G. H. Taubles, (M. R. C.), medical reserve corps.

1st Lieut. W. A. Morrison (M. R. C.), medical reserve corps.

Instructors of Civilians with Provisional Regiment.

Col. Frederick Perkins (infantry).

Maj. L. R. Burgess (C. A. C.).

Maj. J. F. Ryan (retired), with 1st Battalion.

Maj. A. S. Morgan (C. A. C.), with 2d Battalion.

Maj. Edward Kimmel (C. A. C.), with 3d Battalion.

SUPERVISORS TO HAVE LOOK INTO R. T. EXTENSION

Following a conference Monday between C. G. Ballentyne, general manager of the Honolulu Rapid Transit & Land Company, and Acting Superintendent of Public Works W. C. Woodward, in the latter's office, Woodward said he would confer with the city engineer before taking any action relative to approval of the company's plans to extend its King street line to Fort Shafter.

"I looked over the plans this morning with Mr. Ballentyne," he added, "and I could see nothing in them adverse to the public welfare. I shall take them up with the city engineer, however, and see what he thinks of them. The plans, I expect, will probably go to the supervisors for their approval tomorrow night. If the board O. K.'s them, work will be started this week, provided this office gives its approval in the meantime."

'SURVIVAL OF THE FITTEST'

A proprietary medicine like everything else that comes before the public has to prove its merit. It has to meet competition. The law of the "Survival of the Fittest" applies to this as to other things. The fact that Lydia E. Pinkham's Vegetable Compound after forty years of success is still one of the largest sellers proves that it is a dependable, standard remedy for the ailments of womankind, and one in which they may have perfect confidence.—Adv.

GAMBLING CASES GIVE WORK TO POLICE COURT

Seventy-six gambling cases were on the police court calendar Monday. Of these, 37 were those arrested recently by the county attorney's office. Others, and their dispositions, were as follows:

Seven Filipinos, charged with playing monte in Kakaako Friday. Fined $20 each.

Eight Chinese, accused of playing tin kau Saturday night near corner of Nuuanu and Hotel streets. Fined $5 each.

Eight Chinese, playing tong ngan Saturday night. Fined $5 each.

Seven Hawaiians, shooting "craps." Four forfeited $10 bonds and three fined $5 each.

Seven Chinese found guilty of playing sup chai. Fined $5 each.

NEWS OF DEATH OF FORMER CONTRACTOR HERE IS RECEIVED

J. J. Belser received news yesterday of the death of C. D. Vincent, who was well known in the city some years ago as a member of the contracting firm of Vincent & Belser. Mr. Vincent with Jack Belser's father did much of the large contracting work in this city some 15 years ago. His death resulted from ptomaine poisoning.

FORT ARMSTRONG WINS GAME FROM SHAFTERS

Fort Armstrong continues to win games on the diamonds around Honolulu, its recent victory being against the C Company of the 2nd Infantry on Sunday at Fort Shafter. Hudnall pitched for the Armstrong team and held the Cees to five hits, winning out by a score of 5 to 4. Holloback for the Shafter team pitched a good game throughout. Laraway and Bosko were the leading hitters. The score:

	Hits and runs by innings
Fort Armstrong	0 0 2 0 0 1 0 1 1—5
Base hits	0 0 1 1 0 2 0 1 1—5
C Company	0 0 0 0 0 0 1 0 1 2—4
Base hits	0 0 0 1 1 0 0 2 1—5

Summary: Two-base hits, Laraway 1, Bosko 2, Bennett 1; hit by pitcher, Hollcback 1; bases on balls, off Hudnall 2, off Hollcback 3; struck out, by Hudnall 8, by Holloback 11; wild pitches, Hudnall 1, Holloback 3; passed balls, Hudnall 1, Holloback 2; umpires, Collahan and Smith; time of game, 1 hour and 50 minutes.

great work in judging the play brought out much applause from the gallery.

Castle to the Fore.

Harold Castle was in the play throughout the periods and really played a dashing game. He made a number of misses, but in following the play and driving the ball down the field he showed some of the work that has gained him the honor of being one of the best polo players in America. His hard riding with Genesee in the fourth chukker gave Arthur Rice an opportunity to score.

Both Rice and Bob Shingle played good polo, and considering that the game was more of a test of ponies, there was much interest in the play. Shingle got away nicely in the first chukker and scored a goal. Beard backed a shot into Shingle's knee in the seventh period and time was taken out, but Shingle recovered his play and continued in the match. Rice and Castle worked together well in the fourth and seventh chukkers and Rice scored two goals, securing the most points for the Oahus.

Watch the Army.

If the work of Haverkamp and Beard is any criterion, then the Oahus must expect a hard fought match for the championship. These two players showed the dash and hard riding that was so noticeable in the Kamehameha Day program, and their work of yesterday in every department was excellent. After watching the play of yesterday and taking into consideration that the Army team will be better mounted than in the last game with Maui, the Army team should have an even chance to win the championship, despite the great polo ability of Castle and Dillingham.

Spalding in Form.

That his showing on Wednesday was not a flash in the pan was evidenced when Spalding played a consistent game against the Oahus. He played good polo throughout, and although a number of misses were made he followed the play and during the afternoon made two pretty goals.

Both teams scored in the first chukker and throughout this period the play was even. Castle was on Kaiulani, Dillingham on Gray Dawn, Shingle on W. R., a veteran, while Beard led off with Sally Wabbles. In the second period the match was hard fought and a number of good saves were made. Gould was on Keoki, and in this chukker Dillingham brought out Helen C., considered the best polo pony in America.

Helen C. in Game

Shingle rode a stock pony, Koa, and Castle took Buttons out. Dillingham's play in this period was of the best and Helen C. showed almost human intelligence in following the ball and placing herself for the stroke.

Two fouls were made by Beard and Dillingham in the third period, and in the fourth Rice and Haverkamp scored. The Visitors went to the fore in the next period when Beard, Gould and Spalding made goals. During the fourth period Gould rode a pony owned by Mrs. Richard Ivers, and Dillingham was on Special Delivery.

Oahus Score Twice

With the score 4½ to 1½ in the seventh period Castle and Rice sent the ball through the lattice for goals, but in the last chukkur a pony scored a goal and Spalding made another shortly before the whistle sounded.

Peter Hannon was out yesterday watching the match, and when Gould came out on the field he stated that it was like old times again watching the popular player, as he had watched Gould with his father, George Gould; his brother, Jay Gould, and Ben Nicolls at Lakewood. "Gould was always a good player and the spectators always found enjoyment in watching the boys play," he concluded.

Visitors: Goals—Beard 2, Spalding 2, Gould 1, Haverkamp 1, pony 1. Total, 7. Fouls — Beard, Spalding. Score, 6.

Oahus: Goals—Shingle 1, Rice 2, Castle 1. Total, 4. Fouls—Dillingham, Castle. Score, 3.

Referee, Lieut. John K. Herr; timekeepers, C. H. W. Norton, Lieut. R. E. Hoyle.

He Returned to Game Yesterday For Oahus

Walter Dillingham, who is considered one of the four greatest polo players in American by many critics. He has not played much of late owing to his illness, but in the match yesterday against the visitors showed enough to warrant the statement that he will be ready for the championships. In this picture Dillingham is shown making one of his favorite strokes. Dillingham has done much to promote polo and racing here, and it was greatly through his efforts that the Hawaii Polo and Racing Club was organized.

HAROLD CASTLE HAS SWILL TIME AND GETS STUNG

How doth the little busy bee
Improve each shining minute?
He keeps at work throughout the day;
He works for all that's in it.

But busy bees and motor cars
Have often caused a spill;
The moral is—Keep off the bees
Or else you'll spill the swill.

Harold Castle had a swill time. This wasn't at the polo match yesterday, but while he was touring. While driving along in his car yesterday Castle got stung—that is, he got stung twice, and twice in the same place. He was bowling along, if one might use the term, when a bee flitted toward the car.

After the aforementioned bee had done much flitting it decided to light, and not being at all particular found a resting place on Castle's arm. Appreciating the fact that the bee was industrious, but also musing that the worker should take his labors to some other spot, Castle reached for the bee. In reaching for the stinger Castle got stung, and took his eye off the road.

In the offing was a Japanese curio collector who had been paying a visit to the back yards and gathering the swellest of the swill. Like the bee he was busy. After the battle with the bee Castle looked up and found he was running into the curio collector. He continued to bump, and swill went up. The Japanese did a flying leap and landed in the street with the curios. Castle swept along, and then the collector bargained with Castle. Despite the damaged wagon and contents, which were worse off than the wagon, Castle got stung the second time, and purchased the lot. There is a sign hanging out of a window in the downtown district which reads, "For Sale Cheap—one Swell Swill Wagon and Contents." On another card is a motto. "Never Mind the Busy Bee—Look Ahead."

SCHMIDT LEADS DOUGLAS GRANT FOR GOLF TITLE

Heinrich Schmidt Surprises Golf Enthusiasts By Winning Finals, 7 and 6

DEL MONTE, Cal., July 22.—Heinrich Schmidt, the game little golfer of the Claremont Country Club, is 1916 Western golf champion. The young man, who has figured in many of the important Pacific coast tournaments, at length has reached a height that counts. Today he captured the Western title from a finished golfer, Douglas Grant, Northern California champion, seven up and six to play, and if this is not sufficient evidence of class then we would like to be shown.

Grant did not show the golf of which he was capable, but at the same time he was up against a straight, clean game, which would be hard to beat in any society. Heine drove a clean, straight ball down the fairways, putted in decisive style and when the match ended there could be no argument as to who had won on the day's play.

First Final.

For a number of seasons Schmidt has reached several semi-final brackets, but today's victory is his first important tournament in this state, and it may be said that he will be a much feared factor in all future events in this royal ancient pastime.

Douglas Grant did not play the game of which he is capable, except perhaps in the afternoon round. His tee shots in the morning were wild and his approach chip shot did not work in the style which he has made justly famous in these confines. After luncheon, though, the Northern California champion took a considerable brace and the gameness and the quality of golf which he displayed added considerable credit to his already lengthy list of accomplishments.

Schmidt Great in Morning.

In the morning round Schmidt turned the 18 holes of the course in 71 strokes. This is under par, and a performance which any of the best golfers on the Pacific coast would be proud of. Going out in 36, he bettered par by one, and returning in 35, just did make the weight at the clubhouse green. On several occasions his putting on the greens was uncanny to behold. He holed several "young drives," and his tee shots always lay straight and true in the facility, with enough length to make his seconds playable for the green.

A gallery of larger proportions than is generally seen on the Del Monte course during the important tournaments turned out for the afternoon round of the course. Grant, very naturally, had been figured as the loser by this stage, but the manner in which he returned in a measure to his true game was a wonder.

The following is the result of the second round of play in the championship flight. Grant defeated Armstrong:

Heinrich Schmidt defeated Kenneth Monteagle, 6 and 5.

E. H. Bankard, Jr., defeated Dewitt Balch, 4 and 3.

Harold Lamb defeated George R. Balch, 5 and 3.

R. D. Lapham defeated J. S. Worthington, 1 up.

C. E. Mangham defeated F. H. O'Keefe, 6 and 5.

R. W. Salisbury defeated Charles Grimes, 2 up.

E. S. Armstrong defeated Robert Hunter, 4 and 3.

Douglas Grant defeated Jack Neville, 1 up.

ROBERT BOYD MAKES NEW RECORD TO POST ON BICYCLE SUNDAY

Robert Boyd of Troop V, Boy Scouts, made a new bicycle record to Schofield and return on Sunday, when he covered the distance in 3 hours and 21 minutes. The best previous time was made by Philip Zane, who took 4 hours and 49 minutes for the trip. Boyd left the Star-Bulletin office at 7:01 a. m. and arrived at Schofield Barracks at 8:47 a. m. He was timed there by Lieut. L. W. Brunty of the 4th Cavalry. He left Schofield on his return trip at 11:15 and arrived back at 12:50.

BOB FLEISHMAN WANTS TO MEET CHEROKEE JOE

Sporting Editor, Star-Bulletin:

In reply to the challenge of Cherokee Joe I wish to state that I will meet him at his supposed weight in a 10-round bout at Chaplain Fealy's next boxing card to be held at Schofield Barracks, with the approval of Chaplain Fealy. He may communicate with me at Troop G, 4th Cavalry.

SGT. BOB FLEISHMAN.

Vice-President and Mrs. Marshall returned to Washington after an absence of nearly a week.

Company A	0	0	000

(Special Star-Bulletin Correspondence)

FORT SHAFTER, H. T., July 31.—Before the largest crowd of the season last year's champions were hopelessly outclassed in every department of the game by Company I, 3rd Battalion of Engineers, the latter team winning by a score of five to one. With Williams pitching masterly ball and his teammates giving him perfect support, D Company's chance of copping was one in a hundred. Lack of team play was clearly evidenced by the D tribe and their fielding will have to show a decided improvement if they hope to wind up anywhere near the top of the league.

Lieut. Lyman's absence is keenly felt by the followers of the last year's league leaders and makes a hole in the team not easily filled. Their stickwork, too, is mediocre, Jackson, Bennett and Garland appearing to be about the most dependable hitters. The Engineers, on the other hand, are improving as the series advances and in today's game got everything that came within fielding distance, no misses being registered against them. Williams' pitching, however, was the main feature in today's struggle, he striking out the first five men to face him in the first and second periods, and but 16 batsmen faced him in the first five innings of play. In the sixth he eased up a little, five men managing to face him, these eventually being disposed of without any damage. He struck out 14 and allowed but three measely binglets of the scratch variety.

McGavin Stars.

McGavin at the receiving station did good work and made a neat play in the seventh when he nipped Medina off first on Peed's strikeout. Beeler at third and Zuber at short for the Engineers pulled off several nice fielding stunts. For D Company, Bennett and Wenzel showed up to good advantage, Bennett at the hot corner accepting several hard chances with speed and accuracy, while Wenzel executed a pretty double unassisted which undoubtedly cut off a couple of scores in the beginning of the ninth, and came in for some much deserved applause. Hampton negotiated first on his hit to left; Robey fanned and Jackson pegged to first in an endeavor to get Hampton, who had taken a big lead; first failed to hold the throw, the ball winding up near the coacher's line and Hampton on second; Zuber dropped a short high one just beyond short which Wenzel, Savage and Vickers made an effort to get. About this time a strong puff of wind took the descending sphere in hand, blowing it beyond three pairs of waiting hands, turning a sure out into a safety. With Hampton on second and Zuber on first, McGavin smacked one of Peed's fast ones on the nose, the ball traveling on a line in the direction of the keystone station and with a speed that gave it the earmarks of a double at least. Wenzel, by some sort of intuition, started toward second at the crack of the bat, leaped for the ball while going at top speed, gathering it in just behind second and completed the double when he stepped on the sack that Hampton had vacated on his mad flight toward third.

Zuber Scores.

Following is a more detailed account of the performance:

D Company took the field and Zuber, the first bridge builder to face Peed, laced one to right that was good for the initial station; McGavin sent him to second on a neat sacrifice and himself looked safe; Cain singled to left, and on the throw to get Zuber at the plate, went to second while Zuber registered safely; Cain then pilfered third; Yatsko whiffed; with the count two and three against Williams at bat, Cain attempted to steal home but failed to make good, making the third out. D Company in its turn went out on nine pitched balls, all hands striking out.

In the second period each team went out in order but the Engineers again came through with another run in the next session. Hampton walked and went to second on a passed ball; Robey struck out; Zuber out, third to first, Hampton going to third on the play; McGavin lined to left, scoring Hampton; Cain ended the session, popping to Bennett. D Company got a man as far as first in this period but this is the extent of the damage done.

Up in the Air.

In the fourth spasm there was nothing doing for either side but in the fifth the "Champs" suffered a balloon ascension after two had been disposed of. Hampton, first up, out third to first; Robey lined to Wenzel for the second out; Zuber hit to left for his second safety; McGavin drove a long liner to center; Savage got in front of the drive in fine shape and then muffed it. Savage recovered the pill as Zuber was nearing the rubber and McGavin rounding second; Savage hoisted the ball back into the diamond, Bennett and Peed both going after the ball, Peed getting it as McGavin was nearing third; with no one on third to receive the throw, Peed heaved to that sack to cut off McGavin, the runner scoring while the pill continued its mad journey toward the bleachers; Cain prevented any further ascensions when he sent an easy bounder to Wenzel, going out at first.

No further scoring was done until the eighth. In this session Cain singled to left, made second after being caught off first by Peed, first making a bad peg when Cain suddenly decided to try for second; Cain then started for third on the next play, changed his mind and started back to second; Jackson tried to beat him to it by pegging to second but the heave landed in center, Cain finally landing on third; Yatsko breezed for the third time; Williams hit to right, scoring Cain, and went to second on a wild pitch; McGill walked; Beeler hit the Breeze with Williams going out at the same time when he attempted to swipe third. D Company did nothing in this session and in the ninth both teams were retired without creating any havoc; the Engineers threatening to do things, but which Wenzel prevented in executing the double play mentioned earlier in this account.

WRECKERS AND CHINESE WILL CLASH AT POST

Injury to Crafton May Make Local Team Favorites on Sunday Afternoon

For the first time in more than a year the Chinese baseball team will invade the home of the 25th Infantry team and do battle with it on Sunday afternoon. This will be the best aggregation to make the trip to Schofield this year and the wrecking crew is certain to receive a battle on its own lot.

Much of the offensive and defensive strength of the wreckers has been lost, and owing to the recent injury to Crafton the 25th team will have to shift its lineup somewhat. Fagin may go to second and Goliah is slated for the left field job. Crafton is a popular ball player and the fans will miss his aggressiveness on the diamond. It is expected that the fleet left fielder will be out of the game for at least a month.

Hoon Ki will most likely be the selection for the Chinese on Sunday, with Leong behind the bat. In the game with St. Louis last Sunday Frank Tyau at third showed an improvement in his play and may be taken along to guard the difficult corner. Should Ah Lee play he may go to second, with Kan Yen at third and Kai Luke at short. This would give the Chinese plenty of defensive play.

The government of India will extend its wireless system until every army post has a station in the charge of a trained officer.

The negro population of the United States is aproximately 12,000,000, the larger part (probably 10,000,000) being in the Southern States.

IN THE REALM OF THE FEMININE

Correct Riding

A RECENT CHAT about horseback riding and its beautifying effects brought forth a number of letters as to how to ride, and what to wear. "As I want to look as pretty riding as when at a dance," writes one young girl, "I think you should suggest the most becoming costume for me."

So I waited only long enough to borrow the best looking riding togs from a leading New York shop, and to have it photographed on one of their models. This is the smart habit of the season—for, of course, no one rides side-saddle any more. The smartest girls in all our big cities are turning out in such fetching togs as these.

This shepherd's plaid will be becoming to every type of woman. It is semi-fitting, with a knee-length flaring skirt to the coat. The knickers beneath are cut full and protected, where the knee grips the saddle, by a piece of black cloth. The high boots conceal the leg, and protect it from briars and underbrush when riding through the country.

Side-saddle riding is apt to hurt the horse's back, and certainly throws out of place the spine and hips of the rider. It was started because Anne Boleyn was lame in one foot, and ashamed to show it when riding. And court ladies in those days followed their queen's lead in fashions—a habit they have sensibly outgrown since the days of Henry VIII.

Yes, dress yourself sensibly and ride as much as you can, good weather and bad. It will improve your digestion, clear your skin and add lustre to your eyes. There is no other outdoor sport like it for joy and health.

Dressed in a suit like this, a woman is master of her horse. Even if he throws her, she is free and unhampered by skirts to leap away from him as he jumps.

Questions and Answers

Is dandelion wine good from a medicinal standpoint? How is it made?—Housekeeper.

Reply—I do not think there is any special medicinal value to it. Dandelion in itself is an excellent blood purifier, but the alcohol necessary to preserving the wine does the system little good. I do not know how it is made.

A habit absolutely correct for the present-day fad. Sensible and modest

Will you tell me where I can find out about the Yogi breathing written up in your column some weeks ago? Could I get back copies of the paper? Will other articles appear on this topic?—Myra James Kelley.

Reply—Several other articles will appear upon this interesting topic in the future. You can get back copies of the paper containing these in the circulation department.

[Protected by George Matthew Adams]

HANDY FOR BOUDOIR.

The woman of individuality, unless she cares little for the dainties of the toilet, usually has all her boudoir fittings to match. It does not matter much to her in what sort of packages her powders and creams are bought, she puts all in matching receptacles when they take their place on her dressing table.

She has a bottle of sunburn lotion, one for an astringent lotion, jars for creams, a bottle, perhaps, for brilliantine, receptacles for the various pastes and unguents needed for manicuring—and they all match. There are jars and bottles that can be bought in sets for all sorts of pastes, pomades, creams and lotions.

The newest thing is glass, painted by hand, in matching sets. Very often these glass receptacles have oil flowers on them and, of course, one would select the flowers that harmonized with the chintz hangings of the summer bedroom. Perhaps the smartest of the new painted glass receptacles are those that show simple black bandings or conventional designs. Stripes, of course, are very smart this summer, and the woman who would take the fad for stripes into her boudoir can do no better than to buy a set of striped bottles and jars—with black stripes on the uncolored glass.

There are also all sorts of dressing table fittings covered with chintz, cretonne and silk to match the other decorations of the room in which they are used. There are always little flower vases to go with these dressing table sets, covered three-quarters of the way up with the silk or cretonne, and usually trimmed, like the other things, with a bit of braid or gimp.

The hawksbill turtle, from which commercial tortoise shell of high grade is obtained, is extremely plentiful along the northwestern coast of western Australia.

SEALED TENDERS

FRONTAGE IMPROVEMENT NUMBER TWO—KING STREET EXTENSION AT MOILIILI.

SEALED TENDERS will be received up to, and opened at, 12 o'clock noon on August 17, 1916, being the twentieth day after the first publication hereof, at the Office of the Clerk of the City and County of Honolulu, Room 8, McIntyre Building, Honolulu, Territory of Hawaii, for constructing, and for the furnishing and paying for all materials, tools, equipment and labor to construct, the street improvements in "FRONTAGE IMPROVEMENT NUMBER TWO — KING STREET EXTENSION," at Moiliili, District of Honolulu, City and County of Honolulu, Territory of Hawaii, including among other improvements the grading, paving with "Bitulithic" on a crushed rock base, construction of new curbing, and storm drains, in said improvement, all to be under and by virtue of Sections 1793-1813, Revised Laws of Hawaii, 1915, as amended by Act 164, Session Laws of Hawaii, 1915, and of the proceedings thereunder, and all to be constructed according to detailed plans and cross-sections, specifications (including general conditions and specific details).

Proposal, contract and bond, relating to said Frontage Improvement, incorporated herein by reference, the same being on file in the Office of the City and County Clerk, form of which may be had upon application at said Office and leaving a deposit of Fifty Dollars ($50.00).

The Engineer's approximate estimate of the amount of pavement to be laid is 12,450 square yards, exclusive of 3,324 square yards to be paved by the Honolulu Rapid Transit and Land Company.

Tenders must be on forms of proposal furnished as aforesaid and must be accompanied by a certified check as set forth in the specifications.

The Board of Supervisors reserves the right to reject any or all tenders and to waive all defects.

D. KALAUOKALANI,
Clerk, City and County of Honolulu

In the Matter of the Estate of Barnard Leibman, Deceased.

Order of Notice of Petition for Allowance of Accounts, Determining Trust and Distributing the Estate

On Reading and Filing the Petition and accounts of Harry Halpern, Administrator of the Estate of Barnard Leibman, deceased, wherein petitioner asks to be allowed $2461.55 and charged with $3038.78, and asks that the same be examined and approved, and that a final order be made of Distribution of the remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibility herein;

It is Ordered, that Friday, the 18th day of August, A. D. 1916, at 9 o'clock a. m., before the Judge presiding at chambers of said Court at his courtroom in the Judiciary Building, in Honolulu, County of Honolulu, be and the same hereby is appointed the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property.

Dated the 10th day of August, 1916.
By the Court.
(Seal) CHAS. M. HITE,
Clerk of the Circuit Court of the First Circuit.
6524—July 11, 18, 25, Aug. 1

ESTATE OF MARIE SCHUBERT, DECEASED

NOTICE TO CREDITORS

The undersigned, having been duly appointed Administrator of the Estate of Marie Schubert, Deceased, hereby gives notice to all creditors of said deceased to present their claims, duly authenticated and with proper vouchers, if any exist, even if the claim is secured by mortgage upon real estate, to the undersigned, H. A. Schroeder, at his office, H. Hackfeld & Co., Ltd., corner Queen and Fort streets, Honolulu, Territory of Hawaii, within six months from date of the first publication of this notice, or within six months from the day they fall due or the same will be forever barred, and all person indebted to the said estate are hereby notified to make immediate payment to the undersigned as such Administrator.

Dated, Honolulu, July 24, 1916.
H. A. SCHROEDER,
Administrator of the Estate of Marie Schubert, Deceased.

Officers From Cruiser Seeking To Find Homes

Have you a furnished house to rent?

There are 14 chief petty officers on the cruiser St. Louis. Most of them have families. Stationed a year here, a year there, but few of them own furniture. It is cheaper and more convenient to rent a modest place furnished.

There is a scarcity of furnished places in Honolulu now. None of the real estate agencies have places listed such as these men want—modest homes that rent for $25, $30 or $35 a month. They will stay here at least a year. They will bring their families as fast as they can find homes for them.

If you have a place to rent write or telephone—4911—to the advertising manager, Star-Bulletin.

The increased cost of blasting powder, due to the war, is becoming a problem in the mining industry.

LOST

INTELLIGENT SHOPPERS:

Are the ones who read what the progressive merchants are offering---and then cooperate with their efforts to assist their patrons by doing as much of their shopping as possible "with the merchant who advertises," because he is showing a disposition to please and help his customers by advertising. Furthermore it is in the stores of such merchants that one is most likely to find the things desired.
