PRICE FIVE CENTS

RAILWAY STRIKE THREATENING; DEMANDS UP TO ROADS

400,000 VOTES WITH MAJORITY FOR WALKOUT

Big Rail Systems Expected to Reply Tomorrow to Ultimatum of Brotherhoods

COMPANIES DECLARE NEW SCALE IMPOSSIBLE

Say It Will Add $100,000,000 to Annual Expenses of American Lines

(Associated Press by Federal Wireless)

NEW YORK, N. Y., Aug. 8.—Four hundred thousand railway employes, working for every railroad of any size in the United States, are threatening to strike and tie up 250,000 miles of lines throughout the country.

Today, through the chiefs of the four "brotherhoods" of trainmen, the employes placed formally before every railroad in the United States the question whether the roads are willing to grant their demands or submit to a strike.

The strike vote taken throughout the country in the past few weeks has been returned and tabulated. It shows a majority of the employes have favored authorizing their chiefs to call the strike if the railroad companies do not yield.

The railroads are expected to reply tomorrow.

In brief, the demands of the employes are these:

1. In all but passenger service the pay for 100 miles or ten hours or less shall be given for 100 miles or eight hours or less.

2. Overtime shall begin after 100 miles or eight hours, and shall be paid for one and one-half times the new higher pro rata rate instead of for time at the old lower pro rata.

This is in effect a demand for an eight-hour day and time and a half for overtime.

The strike would tie up freight and passenger transportation on every railroad in the United States, with a total mileage affected of 250,000 or more.

The four brotherhoods and their chiefs, who have presented the demand, are:

Brotherhood of Locomotive Engineers, W. S. Stone, grand chief engineer; Order of Railway Conductors, A. B. Garretson, president; Brotherhood of Locomotive Firemen and Enginemen, W. S. Carter, president, and Brotherhood of Railroad Trainmen, W. G. Lee, president.

The railroads assert that to grant the demands of the trainmen would mean an increase in wage of 25 per cent and an increase in overtime pay of 87 1-2 per cent. They claim that it would add $100,000,000 yearly to their payrolls. The union leaders claim that if the demands were granted it would add only $30,000,000 yearly to the payrolls of the steam railroads of the United States. No strike is to be called in Canada, the Dominion being purposedly left out of the agitation.

OFFERS $25,000 TO SAVE INFANTS

(Associated Press by Federal Wireless)

NEW YORK, N. Y., Aug. 8.—Again today startling figures in the infantile paralysis epidemic were reported for 24 hours. The number of deaths mounted to 53 and new cases totaled 183.

Richard Crane, the welathy Chicago manufacturer, announced today an offer of $25,000 to the physician who will discover the best cure and preventative for the disease.

125 PAGES TESTIMONY GIVE SMITH'S IDEAS ON SANITY OF QUEEN

William O. Smith today signed in Circuit Judge Whitney's court the transcript of testimony he recently gave regarding the sanity and mental competency of Queen Liliuokalani. The transcript consists of 125 typewritten pages. The testimony was taken in connection with the suit brought by Kuhio to break the trust in which the queen's property is held.

Col. Alessandro Barron, a Carranza officer, is to be arraigned at Nogales, Ariz. on charges of violating the neutrality of the United States.

REPUBLICANS OF BOTH SIDES ARE 'STANDING PAT'

First Territorial Committee Meeting Brings Out Neither Quorum nor Resignations

Either at sitting tight or standing pat there are certain Republicans who can bat well over .300 in the Politicians' League.

This was shown last night when the grand old party's territorial central committee tried to hold a meeting, the first meeting after the recent platform convention at which the so-called "progressives" were the victims of the strategy of the so-called "stand-patters."

There were 13 voters present last night, including the proxies which showed up, and 13 proved an unlucky number, for 16 is the quorum necessary for a territorial committee meeting. "They do say" that some of the stand-patters had proxies carefully concealed about their persons, to be used if necessity arose, but no fight developed and they sat tight in their chairs, proxies and all—if they had any—and waited for Chairman Berndt to make a move.

Chairman Berndt has said that unless there was a reorganization of the central and executive committees he would feel compelled to reorganize. He announced yesterday that "satisfactory assurances" had reached him. No move was made last night to resign, and, on the other hand, no move was made by Harry Murray and his colleagues to bring about a reorganization of the committee.

Around town today the political sharpshooters, who stand off and make bulls' eyes on the situation, remarked that Murray is going to sit tight and let the so-called "progressives" worry.

The proposal that Murray should resign and make way for John H. Wise is hailed as a grand joke on the progressives.

There will be another meeting—or an effort to hold one—next Monday evening in the Kapiolani building. The hall of supervisors, where the faithful few gathered last evening, will be occupied by city officials next Monday.

RESIGNATION OF POSTMASTER IS EXPECTED HERE

Local postoffice officials are wondering what has become of an expected resignation—that of Postmaster W. F. Young, now on the mainland. Postmaster Young's resignation was expected to materialize about August 1. It is understood that he and Mrs. Young feel that the latter's health is not such as to warrant her return here, and he has said he would resign unless she could come back.

The tip was that the local position would be vacant August 1 but the mail today brought no news of such development.

For the first time this summer, German submarines have appeared in the Aland Sea, Sweden.

CENTRAL GROUP OF STOREHOUSES WILL BE BUILT

Structures to Cost $127,000 Authorized in Letter From War Department Today

FORT SHAFTER IS SITE; RAILWAY WILL CONNECT

Reserve Supplies, Equipment, For All Army Posts Here to Be Stored For Use

A group of big army reserve storehouses, costing $127,000, located at Fort Shafter and serving to centralize distribution of equipment and supplies to every army post in the Hawaiian department, will be built at once.

Authorization to spend this large sum of money was received today in a letter from the war department to Capt. David L. Stone, constructing quartermaster, notifying him that funds are now available and directing him to proceed at once with the preparation of plans and specifications for the work and to advertise for bids as soon as practicable.

In making public the news of this appropriation for Oahu, Capt. Stone said that he believes it is a part of the sundry civil bill, which despatches to the Star-Bulletin July 29 said had become a law July 1. Nothing was said in the letter concerning appropriations in the bill which if they were passed will provide for new buildings and other military work on Oahu costing $2,077,000.

The reserve storehouses will be erected on the Fort Shafter reservation and will be of galvanized iron, with concrete walls and floors. They will be reached by a switch and spur tracks from the Oahu Railway, which passes the reservation to the south.

Considerable excavation will have to be done to provide level sites on the rocky hillsides where the storehouses will be built. All army equipment will be stored in the structures, which will house reserve material sufficient for all army posts on this island. Equipment arriving on army transports will be placed on freight cars and hauled to the storehouses, and outgoing supplies can be handled by rail or motor truck with a much shorter haul than if stored here.

The new storehouses will make it unnecessary to continue storing army supplies in half a dozen places in Honolulu, including rented structures, and the old naval warehouse. They will centralize the storing and distribution of equipment and supplies much more efficiently than has hitherto been possible.

Construction of the storehouses was discussed several years ago by the war department, but lately nothing had been said of them and the news that they are to be built came today as a surprise to the constructing quartermaster's office.

MANY PERSONS NOW ELIGIBLE FOR TEACHING

43 Per Cent of 181 Taking Examinations Successfully Pass Tests at Normal

Of the 181 persons who took examinations at the Normal school last week for teachers' permits and certificates, 43 per cent successfully passed the tests, the department of public instruction has announced. Among those who were examined, 170 sought primary grade certificates, or first or second permits leading to the primary certificates.

The following were successful in the examinations for grammar grade certificates:

Edward Smythe, Miss B. L. Hundley, Margaret Dunn, Miss W. Fukuda, Ethel Crowell, B. L. Kamakau, Mrs. K. P. Hafford, Mrs. M. C. Sisson, Miss C. Dawson, Z. McKeague, Miss A. Luscomb, Mrs. C. Y. Cockett, Miss H. Coleburn, Miss A. E. Davis, David Kaai, John J. Pavao.

Other successful applicants were as follows:

Primary certificates — Margaret Dunn, Helen Colburn, Bertha Fursey, Mrs. M. Buch, Gertie Macfie, Mrs. A. T. Wong, Mrs. A. K. Low, Frank Ignacio, Mollie Cummins.

Second permit—Minnie Fukuda, Ethel Crowell, Ah Moy Ahu, Christine Emmaley, Miss H. Hirashima, Frances Foster, Mrs. Helen Bruns, Lulu Solomon, Miss M. Lopez, Miss M. Mengler, Mrs. C. B. Mears, Eva Reis, Mrs.

HAWAII AFFECTED BY CHILD LABOR BILL IN SENATE

Shipment of Products From State or Territory Within Its Provisions

BIG POLITICS PLAYED WITH PAIR OF MEASURES

Immigration Bill is Linked to Other and May Put President in Hole

[Star-Bulletin Special by Mutual Wireless]

WASHINGTON, D. C., Aug. 8.—During a heated debate upon the child labor bill today, Senator Cummins of Iowa charged that the president is forcing the Democrats of the house and senate to adopt legislation against their judgment. He told opponents of the child labor bill, who contend that it is unconstitutional, that the "presidential assumption of legislative functions is a greater menace to the constitution than the passage of any measure.

C. S. ALBERT.

WASHINGTON, D. C., July 27.—A linking-together of the immigration and child labor measures is the rather unusual and startling proposition now before Congress. Senator Borah is responsible for this strange spectacle. He offered the immigration bill in its entirety as an amendment to the child labor measure. This was done to make certain that the immigration bill would receive some degree of consideration before adjournment.

Both of these radical measures apply to Hawaii. No exception of the territory was made in the "literacy test," which constitutes the chief objection to the immigration bill, and which caused both President Taft and President Wilson to veto it when passed by Congress.

The interpretation of terms in the child labor bill nails Hawaii down to observance of its provisions. This is done in Section 6, which reads:

"That the word 'person' as used in this Act shall be construed to include any individual or corporation or the members of any partnership or other unincorporated association. The term 'ship or deliver for shipment in interstate or foreign commerce' as used in this Act means to transport or to ship or deliver for shipment from any state or territory or the District of Columbia or through any other state or territory or the District of Columbia or to any foreign country; and in the case of a dealer means only to transport or to ship or deliver for shipment from the state, territory or district of manufacture or production."

The Republicans and Democrats

(Continued on page two)

SENATE APPROVES ARMY COMPROMISE

(Associated Press by Federal Wireless)

WASHINGTON, D. C., Aug. 8.—Without debate the senate today agreed to the conference report on the army appropriation bill, carrying $267,597,000 for the maintenance of the reorganized regular army and the national guardsmen. Senator Clapp of Minnesota, the only member to vote against adoption of the report, did so as a protest against the elimination of Senator La Follette's amendment increasing the age limit of enlistment from 18 to 20 years, unless consent of parents or guardian is secured.

FOUR STUDENTS LOST NEAR FUJIYAMA BASE

(Special Cable to Nippu Jiji).

TOKIO, Japan, August 8.—Five students of Imperial university were lost in the region near Kimbu mountain, not far from Fujiyama, and yesterday a rescue party sent out to locate the students found one of them near starvation. It is thought that the other four had died of starvation. The party will continue the search until the missing students are located.

JAPANESE TRAINING SQUADRON ON WAY TO YOKOSUKA NAVAL BASE

(Special Cable to Nippu Jiji).

TOKIO, Japan, August 8.—A wireless received from Rear-Admiral Matsunuma gives the information that the Japanese training squadron, now in Australian waters, will arrive at the Yokosuka naval base on August 22. The cruisers Asuma and Iwata are used as the trainng ships.

CRITICISES WILSON FOR URGING MEASURE

SEN. ALBERT B. CUMMINS of Iowa.

STUART WILL BE OUT WHEN NEXT JUDGE QUALIFIES

His Resignation is Accepted to Take Effect When Successor Ready to Ascend Bench

[Special Star-Bulletin Cable]

WASHINGTON, D. C., Aug. 8.—The resignation of Circuit Judge T. B. Stuart of Honolulu, taken to the White House by Senator Shafroth of Colorado, was forwarded to the department of justice late this afternoon and there made public.

It is dated at Honolulu April 18, and merely presents the formal resignation, Judge Stuart requesting that he "be relieved as soon as possible."

The resignation was immediately accepted, to take effect upon qualification of his successor.

The only names now under consideration at the department of justice are understood to be those talked over when earlier judicial appointments in Hawaii were made. So far asis known, no new name are considered.

C. S. ALBERT.

James L. Coke, former senator, is being favorably considered by the department of justice in Washington, D. C., as successor to Circuit Judge T. B. Stuart, whose resignation was taken to the White House on Monday.

This is the information which has been received by a local attorney, a Democrat, who professes to be in close touch with Hawaiian affairs as they are discussed in the national capital

"A friend of mine in Washington recently wrote me to the effect that Coke is being favorably considered," says this attorney, "and infers that the outlook as to his appointment is ecellent."

Seneitment in local political circles is that the choice of Coke for the judgeship would be an ecellent one.

SUGAR PRICE IS STRENGTHENING, ADVICES PROVE

With sugar sales reports from New York of 5.89 and 5.96, the average for the Hawaiian basis is 5.92, acording to despatches received by Alexander & Baldwin from the New York correspondent.

A despatch this afternoon is as follows:

"There was a sale today of 96 deg. cent. that affects the basis for Hawaiian sugars at 5.89.

"Cubas for delivery in New York by steamer afloat. Warner Sugar Refining Company was the buyer.

"There was a sale today of 96 deg. cent. that affects the basis for Hawaiian sugars at 5.96.

"Cubas for delivery in New York by steamer, prompt shipment. Federal Sugar Refining Company was the buyer."

An earlier despatch said:

"Fifty thousand bags of Cubas in stores sold to Federal, Howe & Warner. Offers of further quqantity are 5.89. Buyers are offering 5.75. Porto Ricos in port are offering 5.75.

"August sugars are offered 6.15. All refiners except the American Sugar Refining Company are asking 7 cents for refiners. American asking 7.35."

Harry L. Strange Wounded on Hand Fighting in West

Gas Company Manager Now With British Troops Makes Light of Injury

Harry L. Strange has been wounded slightly, fighting with the British colors "somewhere in France."

News of the injury, a wound in the hand from a German bullet, came today to Alexander Hume Ford in a letter from Strange, who makes light of the injury and says he is back in the trenches again.

The Honolulu Gas Company manager, now on leave of absence, is a first lieutenant with the Royal Engineers. It did not take him long to get his commission after joining the recruits.

He wrote to Ford a long a vivid letter, but one which for reasons of British military censorship and policy it is not wise to publish in detail, says Ford.

GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS, Aug. 6.—Combats in Pozieres are going on. In the evening separate enemy attacks at Foureaux wood and north of Somme failed. In the Meuse sector, especially on the east bank, artillery was very lively. About the former fortress of Thiaumont tenacious infantry fighting is going on. The number of prisoners captured in the Fleury sector reached 16 officers and 576 men.

We progressed further into Capitre wood, captured three unwounded officers and 227 troops.

We were successful in mine blasting northeast of Vermelles, in Argonnes and on the Combres heights. Enemy's patrols in several places were repulsed. Our patrols were successful near Craone and on Combres heights.

Anti-aircraft gunfire north of Elles brought down a hostile aeroplane, and in an air combat northwest of Bapaume.

Hindenburg's front: South of Seearecze and in Stochod we cleared up a sand hill which was occupied by the enemy and captured four officers, 300 soldiers and five machine guns. Near and northwest of Zalocze the Russians obtained a footing on the west bank of Sereth.

Archduke Carl's front, Bothmer's army: In the forefield combats are without especial importance. German successes extended into the Carpathians.

YESTERDAY'S REPORT

GERMAN HEADQUARTERS, Aug. 7.—Western war theater: Near Pozieres counter attacks reconquered trench sections temporarily gained by the English. Since yestercay evening engagements are going on between Thiepval, Bazentin and Lepetit. North of Monacu farm in the evening and this morning very strong French attacks were flatly repulsed. Engagements in Thiaumont ridge halted without success for the enemy. East of the ridge of the mountain a French attack was repulsed.

Several attacks by hostile flyers behind our front were without special effect. The bombs repeatedly thrown in Metz caused some damage.

Eastern war theater: Field Marshal Hindenburg's front, northern part: No events. Hostile detachments advancing against a sand hill south of Zarecz on the Stochod, which was cleaned by us day before yesterday, repulsed by counter advance. Russian attacks northwest and west of Zalocze are without results. Southward, fighting on the right bank of the Sereth is going on. Our flyer squadrons dropped with visible success numerous bombs on troops concentrated on and north of the railroad from Kovel to Sarny.

Archduke Carl's army: The situation of Bothmer's army is generally unchanged. In the Carpathians our troops conquered the heights of Plaik and Deerskovat on the Czeremosz.

EMPEROR AND KING EXCHANGE MESSAGES OF CONGRATULATION

(Special Cable to Nippu Jiji).

TOKIO, Japan, August 8.—Emperor Yoshihito received a cable of congratulation from King George V on the success of the Allies after three years fight, the cable being in answer to a congratulatory message forwarded to the British ruler by the Emperor.

CORONER INQUIRES INTO DEATHS ON TRAIN

Deptuy Sheriff John Fernandez of Ewa district told the Star-Bulletin over the telephone today that the coroner's inquest, with himself presiding, of the railway accident on Oahu plantation Thursday night, in which two Japanese were killed and 18 injured, would be at Waipahu at 1 o'clock this afternoon.

RUSSIAN DRIVE FORCES ENEMY TO WITHDRAW

Petrograd Claims Important Advance and Berlin Admits Line Pulled In

WOLFETTO BOMBARDED BY AUSTRIAN WARSHIPS

Italian Sea Forces Appear to Defend Port and Running Fight Follows

(Associated Press by Federal Wireless)

PETROGRAD, Russia, Aug. 8.—South and east of the Dneister river, on the southeast front, the Russians during the last two days have driven the Tenton forces back in a widespread retreat.

South of the river, in the direction of Tyszneca, the Russian soldiers have battered so heavily at the enemy that the Teutons have fallen back along the whole line for a breadth of 15 miles. The Russians have captured the town of Tlumach, in the region east of the Dneister, the ridge and the heights beyond, where the Teutons made a vain stand.

Russian cavalry is pursuing the enemy southwest of Kolomea, along the Stanislau railway.

The total prisoners taken by the Slavs in the battles of Sereth are 166 officers and 8415 men. The Russians are continuing their advance.

BERLIN, Germany, Aug. 8.—The Russians have advanced against the Teuton line from Tlumach to Ottynia. The Teutons have withdrawn to previously-prepared positions.

GERMANS GET FOOTING ON THIAUMONT WORKS

PARIS, France, Aug. 8.—On the west front today the French by hard fighting advanced east of Hill 139, along the Somme. German attempts to recapture trenches east of Monacu farm have been defeated.

The Germans today launched a series of attacks from Fleury to the north of Thiaumont fortress, obtaining a footing on the Thiaumont works. Fighting continues here. The attacks at Fleury were checked.

BRITISH SOLDIERS ON WEST WIN SUCCESSES

LONDON, Eng., Aug. 8.—The British soldiers today advanced east of Trones Wood and north of Roclincourt. British raiders entered the German lines and blew up a number of the strongly-prepared dugouts.

VIENNA DECLARES ITALY WORSTED IN SHORT FIGHT

BERLIN, Germany, Aug. 8.—News of an engagement between Austrian and Italian light sea-forces has come in a despatch from Vienna. Austrian torpedo-boats carried out a heavy bombardment of the Italian port of Wolfetto, destroying a number of military establishments, including hangars and factories. An Italian cruiser with a flotilla of six destroyers appeared on the scene and a sea-combat ensued. The Vienna despatch says that the Italian vessels were hard hit and retreated, while the Austrian torpedo-boats were unharmed.

40 CHOLERA PATIENTS QUARANTINED IN JAPAN

(Special Cable to Nippu Jiji).

TOKIO, Japan, August 8. — More than 40 cholera patients have been placed aboard the Hawaii Maru, now in quarantine at Yokohama harbor. No new cases of cholera have been reported to the health officials within the last few days.

The destroyers Dayton and Paulding left the Philadelphia Navy Yard under sealed orders.

An unidentified man, about 35 years old, was run down by a southbound Seagate car at Coney Island. He died in the Coney Island hospital.

HONOLULU ADVERTISED OVER MAINLAND AS MARRIAGE SPOT

President of Woman's Homestead Association of Boston Writes to Straighten Out "Matrimonial Tangle"

Honolulu has been advertised all over the United States as a city for marriageable mainland girls to migrate to.

So writes Charlotte Smith, president and treasurer of the "New England Woman's Homestead Association," with headquarters at 120 Boylston street, Boston, Mass.

President Smith writes to the Star-Bulletin to correct an article that appeared in the Boston Post concerning two Honolulu men who visited Boston. The Post, it appears, was misled as to the facts by a jealous swain of Boston and Charlotte Smith writes to correct the impression that she was to secure wives for the Honolulu men. She says:

'Editor Honolulu Star-Bulletin.

"Sir: Will you kindly give the enclosed space in your journal? An article has been going the rounds of the press for weeks that two young men of your city came 5500 miles to consult me about procuring wives for them. An enterprising 'Boston Post' reporter heard me say to a young lady, who had met Mr. Goeas, that if Boston bachelors would not propose Mr. Goeas and his friend would start a colony of New England girls to migrate to Honolulu when he returned, as there was a good field there for enterprising women as matrimonial and business factors.

"A beau of the girl, who is of a jealous disposition, put a 'Post' man on the story, even to borrowing the photograph of Mr. Goeas, which he had just given me before he left for home. I did not return to my office on that day, and the young lady had no opportunity to return the photograph to me. The story including the picture appeared in the 'Sunday Post' the next day. I was dumfounded at how the article came into the possession of the 'Post' and quite indignant with the young lady. Mr. Editor, there has been a great injustice done a worthy young man who has been a correspondent of mine for nearly three years, and his interests were in the homestead movement, also in the commercial advancement of his native city, Honolulu. We have many business women connected with the Homestead Association, who have friends who spend their winters in southern cities, and he thought that the commercial and social interests of our women might be advanced by visiting Honolulu. He sent me many illustrations of your beautiful city, and the result was that many members of the Woman's Board of Trade became interested in Honolulu. I hope, Mr. Editor, that Mr. Goeas and his friend will not be placed in an embarrassing position at home, furthermore, they have left no specific order with me to furnish wives for them, so the young ladies of Hawaii need not feel slighted that they tried to secure wives in Boston.

"As the result of extensive advertising through the 'Boston Post,' I have hundreds of letters all intended for the two young Hawaiians, and I have opened and read many of the letters which were addressed to me, all desiring that I use my influence to procure letters of introduction to the visiting tourists from your city. Suffice to say they have made a good impression on the girls from Maine to California. I think I will start a matrimonial bureau. I do not, however, wish to trespass on the young ladies of Hawaii or intrude on their territory. Honolulu has been advertised all over the United States as a city for marriageable girls to migrate to, and Mr. Goeas and his friend are the innocent cause of all this matrimonial triangle. I trust that you will kindly comment on the enclosed letter and set them right with the young ladies of Honolulu, but should they take offense at the slight of being overlooked by Mr. Goeas and his friend, hundreds of girls are all awaiting in the matrimonial market in the New England states who can give first class references; blonds and brunettes from nineteen to thirty years, anxious and willing to share their lives with the enterprising Honolulans, because there is a surplus of marriageable girls in these states and not husbands enough to go around.

"Trusting that the 'press' of Hawaii will give me space to set the two young tourists in the proper light before their friends I am

"Sincerely,

"CHARLOTTE SMITH,

"President of the Woman's Homestead Association."

ONE of the most interesting features in the printing situation is the type of firms and men who use Star-Bulletin Printing.

The list of Star-Bulletin Printing users shows an exceptional average as to *substantial rating* and *strong position* in affairs.

The typical user is a successful man who thinks for himself, and who owes his place in the world to his habit of **getting the facts** and using his **own judgment.** His whole habit of life has taught him to seek **efficiency.**

SUGGESTIONS FOR HILO VAUDEVILLE

Chairman L. W. de Vis-Norton of the Civic Convention committee of the Ad Club has outlined a plan for the dinner which will be held at 7 o'clock this evening at the Alexander Young Hotel. Musical numbers will be one of the features, and the wives and friends of the members have been asked to be present to hear the general discussion.

Norton said today that he would like every member to bring some suggestion for a stunt for the big vaudeville show which will be given in Hilo at the time of the Civic Convention, and these with other suggestions that have been handed in will be discussed. It is his plan to give the people of Hilo a real show that will be thoroughly representative of the Ad Club.

HAWAII AFFECTED BY CHILD LABOR BILL IN SENATE

(Continued from page one)

have been playing big politics with the child labor bill. Leading lawyers in both parties regard the proposed legislation as unconstitutional, but say Congress should enact the law and leave its construction to the courts. There is a general demand throughout the country for its enactment. Failure to place it on the statute books will be a big card for one party or the other in the coming national campaign.

How Politics Played.

The house passed the bill. Senate Democrats sought to dodge the issue and arranged for deferment until next winter. The President stepped in and compelled a reversal of this plan. Another caucus of Democratic senators was held and the child labor bill was placed on the program of legislation for this session. Immediately following the announcement of this fact by Mr. Kern in the senate, Mr. Borah gave notice that he would offer the immigration measure as an amendment. How this pretty tangle can be unsnarled nobody pretends to predict. It is certain that more than two-thirds of the senate favors the immigration bill. If added to the child labor bill President Wilson would be forced to veto the amalgamated measure or repudiate his previous action. Hence, the Democrats must contrive some way to throw off the immigration bill and leave it for future discussion in the winter session.

Politicians and laymen are watching the staging of this fight with great interest. It promises to be the enlivening spectacle of this long and turbulent session. Incidentally, it may prolong the stay at the capitol indefinitely. Representative Kitchin, the Democratic leader in the house, prophesied this afternoon that November 15 would be the earliest date for adjournment if the fight is a finish affair.

HONESTY BRINGS HIM MITIGATED SENTENCE IN POLICE COURT

Diogenes would have needed no lantern to locate an honest man in Judge Monsarrat's court this morning. The prosecution stuttered and the court stared when a defendant refused to take the stand to deny the story told by the complaining witness.

"What's the use," he exclaimed when invited to testify in his own defense. "I was drunk at the time and have no right to say whether I did or I didn't."

It was Anthony F. Joo, ex-soldier, and he was accused of threatening some women with a knife. He stood straight and sober before the judge and wore a pleasant smile throughout hi strial. Attorneys and policemen on the sidelines were attracted by the straightforwardness and the nerve displayed.

"The man has certainly violated the law," Chillingworth said in his recommendation to the judge, "but I admire his attitude here and recommend leniency."

The judge responded and fined the defendant $15 on a formal charge of vagrancy.

The government of Holland is planning to establish direct wireless communication between the home country and the Dutch East Indies.

Frank W. Tillinghast of Providence, R. I., was arrested by Federal agents in Chicago as a fugitive from justice and placed in a cell in default of $10,000 bail.

POLICE COURT NOTES

Ned Kamai, before Judge Monsarrat on a charge of second degree larceny, was discharged.

John Medeiros paid $5 in police court for assaulting a Portuguese boy.

The case against William Nelson of non-support has been dismissed.

I Inouye, charged with using unfrosted headlights, was discharged.

On an accusation of using threatening language Manuel Mendes was tried in police court and discharged.

John Silva, accused of a statutory offense against a young girl, has been discharged.

Three Chinese, Git Hui, Lau Pau and Chow Hai, were in police court for assault on another Chinese. They will be tried August 9.

William Monroe, accused of assault and battery, is on the calendar for Wednesday morning.

For violating the provisions of the taboo list J. J. Fogerty was tried in police court and given a suspended sentence.

The charge of assault against Fred Pacheco has been dismissed.

About 3000 railroad section hands of the Southern Pacific Railroad have received a voluntary wage increase of 25 cents a day.

All New York state employes serving with the militia will receive their pay regularly even though substitutes be put in their places.

The earth's atmosphere is supposed to vary in depth from 125 to 200 miles.

Every Woman's Duty

in matters pertaining to the family table is to decide not only what is best for herself, but for the husband and children as well.

Take the table drink, for instance; the housewife may like her tea or coffee. She knows that coffee and tea are harmful to many, but she uses her favorite beverage in moderation, and thinks it doesn't harm her.

But there's John. He's irritable and nervous, perhaps his irritation and sleeplessness may be due to tea or coffee.

Again, almost everybody knows that tea and coffee are especially harmful to little folks. The next thing, then, is "what to serve as a wholesome table beverage?"

In many families the quick and happy answer is

INSTANT POSTUM

Here is a delicious, "coffee-like" beverage, as hot and savory as high-grade Java coffee, yet pure and free from the drugs, caffeine and tannin, which often disagree with health and comfort.

This pure, delicious food-drink is made instantly by using a level teaspoonful in a cup and adding hot water, also sugar and cream to taste. Everyone can drink all they desire without the slightest chance of harm.

Instant Postum, a real American discovery, is made of prime wheat and a bit of wholesome molasses, blended and roasted just like coffee. Its flavor, purity and wonderful goodness have won tremendous favor everywhere.

"There's a Reason"

Grocers everywhere sell Postum.

LOCAL AND GENERAL

Regular, prompt delivery is what IS DUE YOU.

It is what we want to give you every evening the paper is published.

If you do not get your paper promptly and regularly, call phone 4911, ask for the Circulation Department and make the complaint. Serving so many thousands of homes every afternoon makes occasional lapses possible.

The Star-Bulletin maintains, until 6:30 p. m. each day, a special city service for any customer the carrier may have missed.

Excelsior Lodge, I. O. O. F., meets at 7:30 tonight.

Federal court has adjourned until 10 o'clock tomorrow morning.

The Masonic Board of Relief has a meeting for regular business at 5 o'clock this afternoon.

A meeting of the territorial grand jury will be held at 2 o'clock next Friday afternoon in the judiciary building.

A successful operation was performed at the Queen's Hospital yesterday by Dr. William C. Hobdy upon Mrs. L. G. Blackman.

Attorney-General I. M. Stainback has signed the reappointment of W. J. Coelho of the public land office, as a notary public for the first judicial circuit, transferring him from the second circuit, where he formerly lived.

Court Camoes No. 8110, A. O. F., meets at 7:30 tonight in Santo Antonio hall on Vineyard street to decide place and date for the annual picnic which will probably be Labor Day at Waialua. There will be a social session after the meeting.

The funeral of Oliver W. Paakahili, second mate of the steamer Maui, who was killed Saturday night, will be Sunday afternoon from Silva's undertaking parlors. Burial will be in the Nuuanu cemetery.

Miss Evelyn K. Biart and William B. Andrade were married Monday night in the Catholic cathedral. Rev. Fr. Ulrich officiated and Miss Lillian Biart, sister of the bride, and Clarence Spencer attended the couple.

The Beach Walk Improvement Club will meet this evening, beginning at 7:45 o'clock, at the home of Jack Milton, 280 Lewers road, for a general discussion and to hear a talk on civic beautification by Mrs. F. J. Lowrey, president of the Outdoor Circle.

Lunches and afternoon teas will be served on the lanai and grounds of the Allen home on Alakea street, near King, in the near future. Miss Helen A. Alexander has leased the place and intends to convert it into a fashionable restaurant and teahouse.

AUSTRIANS HAVE SETTLED THEIR GRAIN TROUBLES

Central Powers Confident That Crop Will Be Equitably Distributed

VIENNA.—After lengthy conferences between the ministers of the interior and of agriculture for both Austria and Hungary, a system for the equitable distribution of grain of all sorts throughout the monarchy for the year 1916-1917, beginning August 1, has been settled upon. It will differ from last year's method and will be accompanied by a rise in prices.

Under the new plan the distribution will be direct, and under no circumstances through associations, guilds or other bodies that in the past have been the equivalent of middlemen. The war grain association for the empire will be the only organization entitled to give mills orders on storage houses for the grain, and, when the grain has been milled, it must be turned over to the individual municipalities for distribution equably among the people.

The rise in prices that is in prospect promises to be due to the mills rather than to the crops, which are far better than last year if not record-breaking all around. The mills in Austria-Hungary want, this year, six kronen instead of 4.20 as last year for milling the same quantity of grain, and will get it unless the protests of the cities are made effective.

Reports from all over Austria-Hungary, especially along the lower Danube and from Bulgaria and Rumania, indicate that there will be a bumper crop. In sharp contrast to last year, the weather has been almost ideal with about the right proportion of sunshine and rain, and with little or no late frost to nip early planting. The same conditions, according to reports, prevail in Germany, which this year not only will have a big crop on her own territory but also will harvest an untold amount from the land in occupied regions—territory either that she did not occupy a year ago, or that was taken too late for cultivation and planting.

Experts here believe that the Central Powers will be almost the only countries now at war to benefit from this year's big crops, this because of the lost of territory on the one hand, and the lack of workmen and laborers on the other. The crops in certain parts of Russia it is claimed are about 80 per cent behind normal, while France and England, which never did raise enough for themselves, will be at a disadvantage in importing a sufficient quantity by reason of the growing scarcity of tonnage and the high freight and insurance rates.

A disease of the feet caused by strains undergone in playing golf has been discovered and studied by a San Francisco doctor.

Peter Casages, 14 years old, was drowned while swimming in the Connecticut River at Thompsonville late yesterday. The body was recovered.

Theodore P. Cook, widely known as a writer, died at his home at Utica, N. Y.

The Sioux City Daily News was sold at public auction to Governor Arthur Capper of Kansas for $18,000.

James B. Kerwan of Company B, 12th Regiment, is dead at Hidalgo from overexertion. His company was on a hike.

The Gold Belt Manufacturing Company at Durham, N. C., manufacturers of tobacco bags, closed its plant because the flood cut off its power.

It was declared at the treasury department that statements to the effect that 5-cent pieces were now worh 6 cents were absurd.

SUPERVISORS TO BE BUSY WITH FOUR MEETINGS

Members of the board of supervisors will earn their salary this week. According to present indications there will be four meetings of the board for them to attend, besides the usual committee meetings.

Tonight comes the regular meeting of the board, the meeting prescribed by law on the first Tuesday after the first Monday in the month. Tomorrow night it will be necessary to meet to award the contract for the work in the Sea View improvement district, bids for which will be opened tomorrow noon by the city and county clerk.

Thursday night there is scheduled a public meeting in the Chamber of Commerce rooms to discuss the proposed bond issue. Friday night it will be necessary for the board to meet to pass on payrolls and miscellaneous bills so that they may be paid on the 15th.

There is no business of large importance schedule for tonight's meeting. Report of committees on various matters such as the location of a hack stand, protest by residents against the location of a picture show in their neighborhood and the ratification of an agreement with the Queen's Hospital regarding maternity cases constitute the only business on the clerk's desk today.

CLINGING UPON UPTURNED CANOE HAS ITS TERRORS

"Were we scared?" echoed "Bob" Shingle when asked about his experience in an overturned canoe Sunday. "Why, we were so scared we never even though about sharks." Shingle in company with Prince Kuhio, Carl Widemann and James Laird, spent an hour or so in the water about three miles off Diamond Head Sunday afternoon when an outrigger canoe in which they were sailing turned turtle. The party was rescued by Henry F. Bertelmann, who saw the upturned canoe from shore.

"It wasn't long after Bertelmann came after us before C. W. Case Deering came along in his power boat, so we would have been pulled out anyway," said Shinge this morning. "But believe me, it was no joyous experience. We can all swim—about a hundred yars. I would have stuck to that boat fo ra week if necessary. It was a long ways to land, and it looked longer yet from that upturned boat."

Food speculators attempting to use the Mexican situation to boost prices will be prosecuted by the Department of Justice.

One million dollars is bequeathed to Presbyterian charitable and educational institutions in the will of C. W. Kolb, probated at Philadelphia.

Despite the war, the number of automobiles licensed in Canada showed a great advance in 1915 over the figures for the previous year.

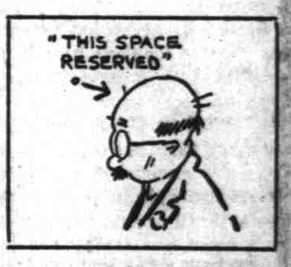
The Charter
Is One Thing Many Talk About And Know Little About



Talking is easy—and cheap.

Paid Publicity is used by men who know what they are talking about and wish the people to be guided by plain facts.

Use of Cheap Talk and cheap mediums is usually the method of cheap and ignorant men striving to slide into office by escaping the bother of telling the people what they don't know.

Paid Publicity behind a good charter will be the commanding power.

TUESDAY.....AUGUST 8, 1916.

GET READY FOR HILO.

Hilo's double event next month—the fifth Civic Convention and the Hawaii county fair—are of importance to the entire territory. There is every reason why the civic and commercial organizations of all Hawaii should be largely represented in the Crescent City during the fair and convention days.

Hilo launched the civic convention idea and after four years of successful operation the convention has swung back to the Big Island hosts, who gave it the original impetus. Each convention has been of value. Whether or not the ideas advanced by various speaker and in various papers have been adopted—and many of them have—the effect of the conventions has been to bring the businessmen and professional men of the territory into closer friendship and cooperation than ever before.

Honolulu should fill an Inter-Island steamer with visitors to the Big Island during this September event.

The Ad Club, the Rotary Club, the Chamber of Commerce are all talking of sending delegations. Get ready now! Plan your trip for Hilo next month!

A MUNICIPAL FRESH AIR CAMP.

Palama Settlement's fine work with the Waialua fresh air camp, which brings comfort, relaxation, solace and health to many a tired mother and restless, city-worn child, shows in a private capacity what progressive mainland cities are beginning to do as municipal functions.

"The Playground Camp," conducted by Los Angeles in the San Bernardino mountains, now is a permanent municipal project, one of the first of its kind in the country, where the residents of the city may have two weeks in the cool, clear, pine-scented air for a total expense of $7.50 each.

The camp is under the supervision of the Municipal Playground department. Forty-six cozy cabins, each equipped with individual iron cots, modern toilet facilities, the upper half of the walls being canvas screens which may be opened or closed, have been constructed. A large rustic lodge of stone and cedar logs, at one end of which is a huge fire-place, is now being completed. The city council of Los Angeles, after a visit to the camp last summer, appropriated $6000 for its expansion.

Each camper must furnish his own bedding. One hour's work each day improving the camp must be performed. Prospective campers are divided into three groups. First, girls are taken to the camp for two weeks. Then the boys have their turn and next the family group has two weeks in the mountains. During the days, hikes along the high mountain trails, fishing excursions, swimming contests and other athletic contests are held. A large camp fire is lighted each evening, around which stories are told and there are other forms of amusements.

The city inaugurated its plan to provide outings for its residents six years ago, when a summer camp was established at one of the beaches. The next two years a camp was established in the San Gabriel canyon. This is the third year of the camp in the San Bernardino mountains, and its first as a permanent institution.

Hopeful Democrats talk of fusion of the two main existing factions, but as long as Governor Pinkham heads one and L. L. McCandless the other there is about much chance of real fusion as of the Kaiser and the Czar exchanging any more of those "Dear Nicky" and "Dear Willie" messages.

Aala Park is open again and any spectator watching the crowds of men, women, girls and boys finding recreation and amusement there will agree with this paper that it was closed entirely too long.

THE NEW RURAL CREDITS LAW.

Announcement that President Wilson has appointed a farm loan commissioner, under the new rural credits act, lends interest to the provisions of the act, which was made law when the president on July 17 affixed his signature to the bill just passed. The new law may be briefly outlined as follows:

Provides for creation of 12 Federal land banks and permits establishment of joint-stock land banks for the making of loans at reasonable interest for long periods on farmlands.

Federal Farm Loan Board has control over banks.

Federal land banks empowered to lend on first mortgages on farmlands in amounts of $100 to $10,000.

No loan may be made for more than 50 per cent of the value of the land mortgaged and 20 per cent of the value of the insured improvements.

National Farm Loan Associations—local organizations composed exclusively of borrowers—are authorized. These associations must be stockholders in the land banks in proportion to the amount their members wish to borrow.

Reasonable interest rate established. Federal land banks are prohibited from charging more than 6 per cent.

Mortgages allowed for periods of from 5 to 40 years.

Small annual or semi-annual payments on principal a required feature.

The passage of this legislation ends a fight which has been waged by farmers' granges and some banks in the south and middle west for nearly two decades.

The United States is to be divided into 12 farm loan districts and a Federal land bank with a subscribed capital stock of not less than $750,000—each share $5—will be established in each district. Each Federal land bank may establish branches in its district. Within thirty days after the capital stock is offered for sale it may be purchased at par by anyone. Thereafter, the stock remaining unsold shall be bought by the Secretary of the Treasury for the United States. It is provided, however, that the government shall not receive any dividends on its stock.

The act provides for the creation of local National farm loan associations through which it is contemplated that the banks shall make their loans. In the event that a local loan association is not formed in any locality within a year the Federal Farm Loan Board may authorize Federal land bank to make loans on farm land through approved agents. Ten or more persons who own and cultivate farm land qualified as security for a mortgage loan under the act or who are about to own and cultivate such land, may form an association, provided the aggregate of the loans desired by the membership is not less than $20,000. Each member must take stock in his association to an amount equivalent to 5 per cent of the amount he wishes to borrow.

The districts are likely to be divided as follows:

First—To include all of New England.

Second—New York, Pennsylvania, New Jersey and Delaware.

Third—Michigan, Ohio and West Virginia.

Fourth—Virginia, Maryland, North and South Carolina.

Fifth—Kentucky, Tennessee, Arkansas, Louisiana, Mississippi, Alabama, Georgia and Florida.

Sixth—Illinois and Indiana.

Seventh—Iowa and Missouri.

Eighth—Minnesota and Wisconsin.

Ninth—Montana, Wyoming, North Dakota, South Dakota.

Tenth—Nebraska, Colorado and Kansas.

Eleventh—New Mexico, Oklahoma and Texas.

Twelfth—Washington, Oregon, Idaho, Utah, Arizona, Nevada and California.

Somehow we feel no excitement over the news from Washington that the Democrats are going to tax huge fortunes.

Seven days late, but welcome nevertheless, Judge Stuart's resignation has breezed into the White House.

If these are the dog-days, rabies must be a form of mid-summer madness.

LITTLE INTERVIEWS

—HARRY LAKE: I have discovered a new vacation resort—Kakaako. I spent the last day of my vacation there and the next time I get a week I am going to spend it all there.

—ED LORD: I put my boy, Bert, to work on Lusitana street Monday. This is the first work he has done and I am giving him a dollar a day. He is 18. I took my first job when I was 9, working for 12 hours a day carding cotton in an eastern mill for $6 a month.

—A. T. LONGLEY, superintendent Territorial Marketing Division: Although the matermelon mention in the Star-Bulletin as the largest ever brought to our market and the biggest I have ever seen, I understand one weighing 60 pounds was raised on the same farm by Fred Kilby. It was sold at the farm.

—CHARLES H. ROSE, sheriff of Honolulu: I know that the proposed Police Death Benefit Association will be popular among the policemen from the way they have responded to the suggestion. Contemplated dues of $1 a month will not be missed by the men, but it will mean a great deal to the relatives of those who are unexpectedly called.

—JEROME DULEN, Los Gatos, California: I am here for the first time to spend a month in Honolulu. Already I know that four weeks will be far from enough. Mrs. Dulen and my son and daughter are with me and they feel the same way. What is my business? Oh, nothing much. I am an attorney by profession and a rancher by intention

—C. W. CARPENTER, plant pathologist, United States agricultural experiment station: Chasing the organic molecules around the laboratory and through a dozen test tubes is exciting enough for anyone; the most fastidious could find sufficient diversion in the pursuit of the elusive chemical elements past the nose of a polariscope, but the most interesting research which I have participated in since coming to Honolulu is diving for inorganic rocks and testing the solubility of salts in waters at the beach at Waikiki.

VITAL STATISTICS

BORN.

ANDERSON—In Honolulu, August 7, 1916, to Mr. and Mrs. William C. Anderson of Puuhale road, Kalihikai, a son.

CLARKE—In the Department Hospital, Fort Shafter, Honolulu, August 6, 1916, to Mr. and Mrs. Josiah B. Clarke of 1544 Magazine street, a daughter—Olga Jessie.

LOPEZ—In Honolulu, August 5, 1916, to Mr. and Mrs. Joseph F. Lopez of Lusitana street, corner Puowaina drive, a daughter.

MARRIED.

HUSTACE-DOUGAN — In Honolulu, August 7, 1916, Charles Hustace, Jr., and Miss Grace G. Dougan, Rev. Dr. Raymond C. Brooks, acting minister of Central Union church, officiating; witnesses—Mrs. L. J. Morris Dougan and Charles Hustace, Jr.

ANDRADE-BIART—In Honolulu, August 7, 1916, William B. Andrade and Miss Evelyn K. Biart, Rev. Father Ulrich Taube of the Catholic Cathedral, officiating; witnesses—Clarence Spencer and Miss Lillian Biart.

SING-BAKER—In Honolulu, August 7, 1916, Francis A. Sing and Miss Johanna Baker, Rev. Father Rodrigue Frans of the Catholic Cathedral officiating; witnesses—Mr. and Mrs. William Davis.

FREITAS-RODRIGUES—In Honolulu, Aug. 5, 1916, C. A. Freitas, age 36, to Concelsao Rodrigues, age 25. Ceremony performed by Rev. M. E. Silva. M. A. Correa and Marion Silva, witnesses.

The women of the Philippine Islands make some of the finest lace in the world from a strong silklike fiber obtained from pineapple leaves.

Two hundred and 50 passengers on the Southern Railway Florida Special, stalled by flood near Nocona since Sunday, were brought to Asheville, N. C., by automobiles.

Arabian rebels have wiped out all traces of Turkish risistance in Mecca.

A special call for mortorcycles was issued by the 71st N. Y. Infantry regiment.

Personal Mention

D. C. LINDSAY, cashier of the Baldwin National Bank of Maui, is at the Stewart.—San Francisco Chronicle.

DAVID KALAUOKALANI, city clerk, is confined to his bed and has not been at his office this week.

MISS MARY C. MARKHAM, nurse at Palama Settlement, will leave for Maui next Wednesday for her vacation.

JAMES D. DOLE, pineapple king of Hawaii, arrived from Honolulu yesterday and is at the Clift.—San Francisco Examiner.

SAMUEL K. PAU, Hawaii county sheriff, is visiting in Honolulu and expects to return to his home in Hilo tomorrow.

JOSEPH J. FERN, former mayor and now jailer at Oahu prison, is recovering nicely from his recent illness and is able to walk about his home at Waikiki.

GEORGE P. COOKE, has returned to his home in Molokai, following a visit in Honolulu. It is reported that he will be a candidate for the senate this year.

MISS CLARA C. PEARSON, who will teach at the McKinley high school this fall, is recovering at the Pierpoint, Waikiki, from a recent illness.

CIRCUIT JUDGE C. W. ASHFORD will have charge of juvenile court and all divorce work during the absence of Judge W. L. Whitney on the mainland.

WALTER DUISENBERG, now on the mainland, cabled yesterday that he was leaving San Francisco for Arizona, where he will look over a number of mining properties.

RUDOLPH W. DUNCAN, JR., assistant scoutmaster, is departing this evening on the Kinau for Kauai. He will spend two weeks on the island doing Scout work.

REV. J. KNOX BODEL of Hilo, and Mrs. Bodel, are in Honolulu and will leave for the mainland in the Wilhelmina on Wednesday. Rev. Mr. Bodel goes to the coast to attend the general Episcopal conference.

JAMES E. DILLON, financial secretary of the molders' union of San Francisco has come to Honolulu, where he will attend to official business for the International Moldes' Union. Dillon will be here about two months.

PETER JOENS and family have left for Honolulu, where they will remain until the grape harvest. About three weeks will be spent on the islands and they intend to devote all this time to sightseeing.—Lodi (Cal.) Sentinel.

WILLIAM L. MORGAN returned home in the China today from college to spend the remainder of his vacation in Honolulu with his mother, Mrs. J. F. Morgan. Morgan has been attending Cornell university for two years and will graduate next year.

CIRCUIT JUDGE W. L. WHITNEY will leave for the mainland in the Wilhelmina Wednesday on his annual vacation. While away he will inspect detention homes and reform schools with a view to getting new ideas to apply to local institutions. He will meet Mrs. Whitney in Chicago.

LACK OF LICENSES BRINGS BUSINESSMEN TO POLICE COURT

The dispositions in police court this morning of five Chinese and one Japanese served with penal summonses for failure to secure licenses for their various businesses were as follows:

Lee Chuck, Lee Kee, Lum Kan and I. Nakayama — licenses purchased, paid $3 each as costs of court and were discharged.

You Chan—matter postponed to Aug. 10 for investigation.

Sam Lee Hop—case stricken because board of health refused to issue defendant a license.

Discovery of new wells last year increased the production of oil in the Gulf field 57 per cent over 1914, the geological survey announced.

Carelessly thrown away cigar and cigarette stubs are blamed for 1306 fires in New York City last year.

The French wine harvest of 1915 amounted to 18,100,790 hectoliters, compared with 56,134,159 hectoliters in 1914.

Box 589, Honolulu, Hawaii, or Royal Baking Powder Co., New York, U. S. A.

MARKET WEAKER; STRIKE REPORT AFFECTS BADLY

Weakness was reflected by the local stock market. At the session the few sales that were recorded were at marked down figures. Between boards Olaa was $18.25 and at the session $18. Ewa was $35.75 before and $35.50 at the session.

Total sales reported were 785. In addition to the stock mentioned, San Carlos sold for $16 at the session. Between boards Pioneer was $42.50, Hawaiian Sugar $45.25, Hawaiian Commercial $51.50, Pacific Mill $20.50, McBryde $12.25 and Pineapple $47.

Less favorable advices from the mainland relative to the strike situation was the explanation offered for the weaker stock market here.

Unlisted securities were again active but with few price changes. Sale of Mineral Products, 100 shares, was at $1.02 1-2; Honolulu Oil was $3.35 for 1000 shares, 135 shares of Mountain King sold at 75 and 864 shares of Engels Copper at $2.50. Other quotations were practically unchanged.

5-room Cottage in Palama section

The house is thoroughly modern and almost new. Has electric lights, gas, etc. Lot located not far from King Street.

$200 cash and $15.00 per month until the small price of $1400 is paid.

POSSIBILITY OF HAVING BROWN, CURRY RETURN

Ministers Considering Advisability of Inviting Noted Evangelists

John E. Brown and C. P. Curry, evangelists who thrilled Honolulu last December, will visit here again, this time for a follow-up campaign, if a proposition now under consideration by local ministers is approved.

The suggestion that the evangelists be asked to come to Honolulu again has been taken under consideration by the pastors of Central Union, Methodist and Christian churches, as well as by the ministers of the 25 or 30 churches which come under the direction of the Hawaiian Board of Missions. It is not known when their final decision will be reached, nor has any specific date been suggested for the visit.

That Messrs. Brown and Curry are willing to return to Honolulu is shown in the following letter, recently received by a local man well acquainted with the evangelists:

"As to our return to Honolulu, would say that we will gladly come for another meeting if all the churches will get behind the meetings, make it union throughout, build a good tabernacle and get under the effort to win.

"If this can be done, and the city wants the meetings, we are at the service of Honolulu at any time that can be agreed upon. I took up the matter with Mr. Brown yesterday and he, too, feels that should the call come for a united effort at Honolulu we will go into a campaign there to win.

"Of course we got only a fair start in the last meeting and under more favorable circumstances, and with the whole city behind the work there is no telling what could be done. I love Honolulu and the eagerness with which the folks interest themselves in evangelistic work. It is different than the United States. If a call comes officially and the folks are ready for a campaign to win, I assure you that we will be ready to respond."

MRS. JOHN TRENHOLM WARREN, president of the Women's Society, expects to leave for the coast on the Wilhelmina, to be absent until about December 1. During her absence any communications intended for the president should be addressed to Mrs. Randolph Graves Moore, vice-president.

MISS JOHANNA BAKER and Frances A. Sing were united in marriage in the Catholic cathedral Monday night by Rev. Fr. Rodrigue. Mr. and Mrs. William Davis were witnesses.

RUSSIAN EXILES DREAD ENGLAND'S LATEST RULING

LONDON, Eng.—Wide difference of opinion has arisen and the ground prepared for a controversy among the political leaders by the government's decision that the subjects of its Allies in the war residing in England shall enlist in the British army or be deported.

Particular objection to the decision has been engendered in so far as it may affect Russian subjects here who may be political refugees, a large element of the more liberal thinkers in public life priding themselves in the traditional asylum offered by England in this respect. Herbert Samuel, secretary of the home office, stated in the House of Commons that the plan to deport those failing to enlist would not be inforced in the case of Russian subjects, if a tribunal decided that they are political refugees.

The suggestion has been made that instead of sending back to their own country Russian Jews who have left Russia for reasons known to everybody, though not exactly political refugees, should be sent to America or deported to some other neutral country of their choice.

The desire to avoid offending Russian susceptibilities on the subject is general, for which reason the question is regarded as one of unusual delicacy. One group holds that the sending back of Russian Jews to their own country would gratify no important Russian sentiment, and might effect the reverse result. The true inwardness of the situation, according to the London correspondent of the Manchester Guardian, is that Englishmen taken into the army under conscription resent the immunity of Russian Jews and regard them as "job stealers."

LOVELY SUNSET COLORS CAUSED BY MIST ON HIGH

Explanation Offered for Crimson Glow; Cause of Wonder and Admiration

Streamers of crimson and banners of pink waved and flared in the western heavens last evening until long after the sun had disappeared. Pink blended into light blue, light into deeper blue and finally into a purple setting for the half moon that sailed high in the heavens. But it was the pink, crimson and the carmine that delighted observers and caused much interested comment.

What was the cause of the sunset after glow? Some said it was due to the volcano of Kilauea lighting up the entire sky, but such was impossible as the island of Hawaii is east of Oahu and not northwest, from whence the red light arose. Others attributed it to a plantation fire, but this too was wrong for but one spot in the sky would have been lighted up in that case. Was it the Northern Lights? It could not have been, for the glow and radiation were too far south in the heavens.

According to statements made by Prof. John S. Donaghho of the College of Hawaii and A. M. Hamrick, meteorologist of the United States weather bureau, the after glow was caused by the sun's rays penetrating mist particles high in the air. The red rays of the sun are the longest and most powerful. When the rays hit these mist particles in the air, the short and less powerful ones are refracted and stopped, while the red continues on. Thus red rays were scattered by this mist and the strange and beautiful effect produced.

On August 27, 1883, Karakatoa, a volcanic island in the Java sea, erupted, throwing dust and ashes about 20 miles into the air. The volcanic particles spread around the globe, and the entire world had after glows for about two weeks every evening until the dust and ashes had settled to the ground. Rev. Sereno Bishop of Honolulu was the first person to make this explanation at that time.

When asked if a similar instance would account for the sunset effects last evening, Hamrick said: "It probably was not a volcanic eruption or we should have received cable advices. If this after glow should continue for a week or more, then it is certain that dust thrown into the air is causing it."

The after glow started at 6:36 and ceased at 7:45 o'clock. It was at its height about 7:15.

BUILD PALACE IN KOREA.

SEOUL, Korea.—Japan will build an imperial palace in Seoul to receive the emperor and empress in case they visit the country, which is now a part of the Japanese empire. The construction of a detached palace has been contemplated for some time but was delayed by the coronation of Emperor Yoshihito.

Becomes Tired Of Supporting Whole Family

So This Girl Asked Admission to Industrial School; Advised to Return to Work

This little girl is going to try again. She is going to resume her business of selling leis and incidentally supporting her entire family, including two big brothers who would rather spend their time around the poi bowl than put some money into their pockets by the dint of manual labor.

On Monday the girl, who is part-Hawaiian and only 15, decided to quit. And she did quit. She laid aside her lei basket and determined to go to a place where she would not have to drudge early in the morning and late at night to feed all her relatives. She would let her two, lazy brothers take up the burden for a while and see how they liked it.

She went out to the girls' industrial school and asked to be admitted. Her story was told. She was tired of it all, she confessed, and thought that perhaps she might find relief at the school.

It was with firm kindness that officers at the school told the girl they could not admit her. She was neither a delinquent nor a dependent, they explained. Also, the school was pretty well crowded with girls rightly belonging there, and the institution could hardly be made to take the place of an asylum.

The girl cried a little when she was told she could not find a home there, even if only temporarily. She was advised to go back to her work, and that perhaps there would be a change in the family affairs.

So the girl will try again.

JAPANESE BANK WILL BE OPENED HERE THIS YEAR

Reports were heard today that the new Japanese bank to be launched here by the capitalist, Sumitomo of Osaka, Japan, will be at Nuuanu and King street. M. Kawakatsu, representative of Sumitomo, is now looking for a suitable site, and it is said that one is favorable opposite the Chinese bank on the same streets. The Sumitomo bank is to be the personal venture of the capitalist, not the project of his banking firm in Osaka.

PARTY TO VISIT ISLAND OF LANAI

For rest, recreation and relaxation a party of Honolulans will go to the little island of Lanai next week. The party will include Robert W. Shingle, Prince Kuhio, John McCrosson and others and Shingle said this morning that no business significance attaches to the visit. He denied specifically a rather persistent report that plans are on foot for a deal of some sort involving the sale of Lanai. It had been expected that Jay Gould would be one of the party, but the New York millionaire is now visiting with the J. H. Coneys on Kauai and does not expect to return in time to take the Lanai trip.

SALE OF TERRITORIAL BONDS UPON EXCHANGE SUBJECT OF COMMENT

Among the securities dealt in through the Honolulu Stock and Bond Exchange Monday were 7 Hawaiian Territory 3½ per cent bonds and the transaction has occasioned considerable comment among the brokers. Several of the members of the exchange thought they were the first territorial bands sold through the exchange, though such bonds have been offered at times. Other members said that this transaction was not the first in Hawaiian bonds, but it was the first sale in a long time and that it was the first sale of this particular issue to be recorded.

Most of the territorial bonds are held by mainland interests, it is said, and such as are not, mostly of one particular issue, have been and are very closely held.

The price realized Monday was 98½.

NEW ARMY LAW MEANS LESS PAY FOR SOME

Where nearly every other branch of the military service receives benefit from the National Defense Act of June 3, as concerns better pay, privates of the medical department get only $15 a month under the new law, where formerly their pay was $16.

In the corps of engineers the new law allows for a maximum of only 19 privates first-class and 59 privates in each engineer company, where formerly there were 64 first-class privates. This means a number of men in each company will have to be reduced to the grade of private. This means a loss of $3 a month in pay.

About 150 feet of the new pavement on Lusitana street has been completed. Concrete was first poured Monday. The work is going ahead after weeks of delay due to a shortage of cement and bad weather.

SUGAR CROP ON MAUI NEXT YEAR MOST PROMISING

Ample Rains, Full Reservoirs and Ditches and Fine Stands Make for Record

That the plantations on Maui appear to be assured of a history-making sugar crop for 1917 is the report brought back by John L. Fleming of James F. Morgan Company. He returned on the Mauna Kea this morning after a vacation trip which he enjoyed hugely but during which he found time to look over island conditions.

"I have been knocking around on Maui off and on for more than 25 years," said Fleming, "and I have never seen the cane fields look so fine. Reservoirs are full and the ditches are running to the brim. And such fields of cane! I never saw anything like it. Lately ample rains have continued following upon the earlier good rains and it would be difficult to conceive of a finer looking crop than can be seen there now. It promises much for 1917.

"When I was over in Hawaii I found the crop there very promising and I look for a wonderful sugar crop there also for next year. On Maui most of the present crop has been cut and ground, so interest is centering on the coming crop."

Fleming enjoyed great sport with rod and reel and devoted much of his vacation to angling. His best catch was a 35-pound ulua taken with a 16-thread line, but that was only one of many pleasant episodes in the outing.

POLICE NOTES

As a continuation of the Ah Foo-Levy feud on Asylum road, Charles and Miriam Ah Foo were arrested Sunday night and arraigned in police court today accused of assaulting Annie and Tiny Levy. It is also said the mothers, fatners, sisters and brothers took the part of their respective relatives in no uncertain manner. The case will be threshed out before Judge Monsarrat tomorrow. The judge has become quite expert on the ways of the Ah Foos and Levys from their many appearances before him in similar cases.

H. W. Laws, who was arrested Saturday night for speeding by Detective Arthur Anderson on King street, paid $5 and costs in police court.

Lau Duck forfeited a $100 bond in police court when he failed to appear for trial on a charge of selling liquor without a license at the Kahuku plant. He was arrested Saturday night by Liquor Inspector W. P. Fennell.

Mrs. E. Peters and Mrs. Kahalewai, both of Moiliili, were patients at the emergency hospital late Saturday night and early Sunday morning. Mrs. spouse relieved her of a knife with which she had expressed a determination to cut down her better half to her size and then fight him like a man, so the police say. Kahalewai and a pane of glass tangled in such a way as to demolish the window and cut her head. Policeman John Huihui reports that she was "having a good time."

Wong Hoy, a cook for the City Mill Company, took a trip to the emergency hospital Saturday night in company with Policeman A. Kawaihoa when a bottle in which he was boiling soi exploded and cut his foot.

The cases of G. Legaspi and Sam Kelipuleole, accused of using threatening language, have been dismissed in police court.

The charge of heedless driving on the police calendar against S. U. Thomas has been stricken.

Ten Chinese arrested Sunday on charges of being present at a gambling game will be tried Wednesday in police court.

Twelve Japanese arrested Sunday by Captain McDuffie's squad all forfeited $10 this morning with the exception of two who appeared for trial on a charge of gambling and were fined $5 each.

GOLD AND PICTURE ARE GIFTS OF CHINESE TO MRS. ELIJAH MACKENZIE

Mrs. Elijah MacKenzie, for many years head of the Beretania settlement, was guest of honor on Monday evening at a reception at the settlement house under the auspices of the Chinese of the neighborhood. About 500 persons were present. Among other gifts, Mrs. MacKenzie was presented with a basket of flowers in which was buried $10 in gold, and a large portrait of herself. Mrs. MacKenzie leaves in the Wilhelmina tomorrow to join her husband in Los Angeles, Cal.

SHIPPING & WATERFRONT NEWS

CHINA IS TAKING GOLD TO THE ORIENT

Carrying enough gold in her strong box to shame the proudest of Spanish galleons, the China Mail steamer China arrived this morning from San Francisco en route to Japan, China and the Philippine Islands. She arrived off port at daybreak, docked at Pier 7 at 7:30 and will sail for the Orient at 5 o'clock this afternoon, taking mail.

Passengers for Honolulu numbered only two first-cabin, three second cabin and one steerage, and freight left here was five tons and 51 packages of express matter. Through freight is 2000 tons and passengers are 122 cabin, 33 second cabin and 260 steerage. Mail for Honolulu was 589 bags. Through freight consists of steel, building material and canned goods.

From here the China will take three cabin, two second cabin and 50 steerage passengers and approximately 50 tons of freight.

Incoming passengers were Wm. L. Morgan and C. A. Woodward. Passengers booked are Mrs. N. Lamberts and two children and Miss Emma Weaver.

Fortune in Strong Box.

In the strong box the China has $100,000 for Shanghai and $750,000 for Hongkong. This money is being sent from the mainland banks to those in China, as the money supply there is low, according to Purser C. P. James.

Two new officers are on board the China this trip, J. E. Farrel, for a number of years chief steward on the Matson steamer Manoa, holds a similar position on the China, and Karl A. Heyum is the new freight clerk.

Interned Vessels Not Wanted.

When asked concerning the report that the China Mail Steamship Company was planning to buy two of the three interned Austrian steamers lying in Shanghai harbor, Capt. T. J. Dobson said: "The steamers were offered to the company and I was ordered to examine them, and found that they were not suited for our service. One is an old passenger boat and the other is a freighter. If the company does buy any more steamers they want new passenger liners and not old ones, which these are."

Among the passengers on the China are six Pacific Mail agents who are going to Japan and China to take up their duties and prepare for the Pacific Mail service, which, according to these men, has been put back on the Pacific to stay. The company will not be owned by a railroad. They are: J. E. Gardner, E. Thorp and S. R. Sheppard, who will be stationed at Yokohama; R. L. Goldsmith and H. F. Palmer, who have been assigned to Kobe, and W. B. Davenport, who is going to Hongkong. Davenport for many years was general passenger agent at San Francisco for the old company and is well known in Honolulu, where he has often visited. His family will follow him on a latter steamer.

Best of Service Promised.

"These steamers," said Davenport, "are absolutely new and the service will be the very best. A special feature of the service will be that not more than two people will be placed in a stateroom. The steamers are 14,000 tons gross and the service has come to stay."

When asked concerning a former report that the Manchuria and Mongolia are to be put back on this run he said that it was in the hands of the directors and he had nothing to say.

Other passengers on the China were: Miss Mildred Robertson, who is going to Yokohama to marry T. F. Cobbs, manager of the British-American Tobacco Company; Joseph Eichwold, also connected with the tobacco company, who is returning with his bride; V. Moroni, late manager of the Astor house in Shanghai; L. I. Sherman, real estate man of New York who is going to India, and Yee Ling, director of the China Mail Steamship Company.

ANYO HAS LARGE SHIPMENT OF NITRATE

From South America and San Francisco with a heavy shipment of nitrate the T. K. K. steamer Anyo Maru arrived here late Monday afternoon and sailed this morning for Yokohama from Pier 6.

The Anyo arrived here a week late due to a collision with the transport Crook in San Francisco harbor, in which the former suffered damages amounting to $15,000.

Passengers for Honolulu were two second cabin who got on at South American ports and will continue to Australia on the Makura, due tomorrow. Through passengers were 22 cabin, 48 second cabin and 351 steerage. Of the last 224 were Chinese. Out-going passengers were one stop-over passenger and 76 steerage. Through freight was 9218 tons, consisting of 7800 tons of nitrate, 1323 merchandise and 186 ore.

Capt. K. Watanabe is master and N. Kamiya is purser.

HARBOR NOTES

The T. K. K. steamer Persia Maru, hence July 31, arrived at San Francisco Monday.

The Canadian-Australasian steamer Makura from Vancouver is due here tomorrow en route to Australia and way ports.

The Matson freighter Hilonian arrived at Hilo Monday morning and sailed for San Francisco the same afternoon with a cargo of sugar.

The next mail from San Francisco will arrive Wednesday morning in the Matson steamer Manoa. She will dock at Pier 10.

The Danish steamer Transvaal, Capt. Knudsen, is scheduled to arrive here about August 30 from Chile for bunkers. She has a cargo of nitrate for the Orient.

With lumber for Allen & Robinson the steamer Brunswick, Capt. John Wahlgren, arrived here from Fort Bragg Monday afternoon. She left Fort Bragg July 28 and brought 450,000 feet of lumber.

Three schooners left Puget Sound ports for the Hawaiian Islands Sunday. They are the Melrose and Taurus from Port Townsend for Honolulu and Ahukini respectively and the Falcon for Honolulu.

The Inter-Island steamer Mauna Kea from Hilo and Maui ports arrived here this morning with 61 cabin and 91 deck passengers. Her freight consisted of one automobile, 29 bales of vegetables, 265 bags awa root, 600 bags of sugar and 212 packages of sundries.

The following sugar is reported by the Mauna Kea as waiting shipment on Hawaii: Olaa 36,000 bags, Waiakea 4500, Onomea 14,178, Wainaku 10,000, Pepeekeo 11,002, Hakalau 15,281, Laupahoehoe 9185, Kaiwiki 7756, Kukaiau 9115, Kamakua 102,430, Paauhau 2250, Honokaa 18,800, Punaluu 5601 and Honuapo 3700.

Wilson Ashbridge, who escaped from the Camden county jail after killing one of the guards, was arrested with his wife at Chester, Pa.

The fund to aid dependents of policemen in performance of duty was increased more than $82,000 by the field days at Sheephead Bay.

It has been decided to postpone all holidays in London until the end of the war, so that the work of supplying munitions shall be continuous.

MANOA LATE; WILL DOCK TOMORROW MORNING

One day late, the Matson liner Manoa will not arrive until tomorrow morning. She will berth at 7:30 at Pier 10, where she will let passengers off and then go over to Pier 15 after the Wilhelmina sails at 10 o'clock.

When the Manoa arrived in San Francisco on her last trip three sections of her rail were badly damaged and her bridge was slightly injured by heavy seas which she encountered off the Farallon islands. She ran into a 70-mile gale and had heavy traveling through the voyage.

The Manoa is the first steamer from the islands to enter San Francisco without the customary quarantine inspection. The new system was put in force the day she arrived, July 27, and from now on all Matson steamers will enter the Golden Gate without the formality, only the customs and immigration officials boarding.

The Manoa has 77 cabin passengers, 245 sacks of mail, 199 packages of express, 7127 tons of freight and 43 automobiles for Honolulu.

For Kahului she has 1350 tons.

At 10 o'clock tomorrow morning the Matson steamer Wilhelmina will sail from Pier 15 for San Francisco. She will take 130 passengers and 7500 tons of freight consisting of 5000 tons of sugar, 500 tons of molasses and 2000 tons of miscellaneous merchandise of which canned pines total 45,000 cases.

PASSENGERS EXPECTED

Per Matson steamer Manoa from San Francisco due here August 8.—Theo. Schroeder, Mott-Smith, Earle Gravger, Mrs. H. McNicol and two children, Chas. Peabody, C. C. Davis, H. Smales, T. S. Elston, F. F. Baldwin, Miss Moon, Mrs. Knowles, Miss H. S. Markley, Mrs. G. D. Mendell, Miss Luke, Miss Luke, Miss Eda C. Bowman, maid with Mrs. Durney and children, Dr. Mary A. Stolz, Miss Mary Barton, Mrs. V. Atkinson, Miss N. Harris, Mrs. Harris, Miss Amy Keithley, R. R. Hind, Miss Cooke, Mrs. Chas. P. Durney and two children, Mr. and Mrs. H. P. Wood, Mr. Mundell, Mr. and Mrs. C. E. Loomis, Mr. and Mrs. J. A. Gibb, Miss Eliza Cornelison, Mrs. Stoddard and maid, Miss May McIlvain, Miss Dorothy Mara, Miss E. B. Harte, A. Denovan, J. A. Young, Don Ladd, Master H. Cornelison, H. F. Taylor, A. L. Moffat, Miss Guthore, Miss Dixon, Mrs. J. French, Mr. and Mrs. Arthur Larimer, Mr. and Mrs. C. E. Conant, Miss Gertrude Wallace, Mr. and Mrs. C. A. Biglow, Mrs. M. A. Ford, Mr. and Mrs. Arthur Keithley, James Wakefield, Miss O'Keefe, Miss Ruth Dwyer J. P. Cooke, Mrs. J. P. Cooke and family, T. H. Luke and Mr. Hughes.

KIYO HERE; SAILS FOR HILO THIS AFTERNOON

The T. K. K. South American steamer Kiyo Maru was reported off Koko Head at 11 o'clock this morning. She sailed from Yokohama July 25 and is bound for San Francisco and South American ports, via Hilo.

For Honolulu the Kiyo Maru has one first cabin, one second cabin and eight steerage passengers. As she will not enter port the passengers were landed in launches. She came here only to be cleared and will proceed to Hilo later this afternoon, for which port she has 1948 tons of freight.

During her stay off port she will be inspected by the U. S. inspectors of steam vessels, Capts. Thomas Heeney and Joseph Meany, to ascertain if she is in fit condition to take passengers from an American port. When she sails for Hilo customs inspectors Rowold and Miller and Examiner Boyen will go with her to inspect the freight at Hilo.

T. K. K. HAS RAISED FREIGHT RATES ON NITRATE TO HAWAII

The department of communications has given permission to the T. K. K. to raise the freight rates on Chilean nitre. The new rates are as follows: The rate for below 100 tons of nitre between South America and Hawaii is 60 shillings, and above 100 tons, 55 shillings. The rate between South America and Japan and China for any amount below 100 tons is 64 shillings and above 100 tons is 60 shillings.

Formerly the rate to both Hawaii and Japan was 24 shillings.

BUILDING PERMITS

Laie Plantation, owner. Location, Laie, Oahu. Class rooms for school purposes. Laie Plantation, builders and architect. Estimated cost, $2200.

Laie Plantation, owner. Location, Laie, Oahu. Four residences for workmen. Laie Plantation, builders and architects. Estimated cost, $2400.

HIGH COST OF GOVERNMENT SEEN IN REPORT OF COUNTY AUDITOR

Comparative Tables Tell of Growing Expense in Nearly All Departments

"Where the money comes from" and "where it goes to," two questions that have had much public discussion during the last few months, can be answered exactly now. The city auditor has submitted his report for the period ending June 30 to the board of supervisors, and in nine large pages of figures the answer to almost any question concerning the city's finances can be found.

Receipts for the period were $705,867.34, an increase of $93,928.70 over the same period last year. Disbursements were $710,595.24, an increase of $102,116.95.

Salaries and payrolls amounted to $324,633.01; materials and supplies, $214,427.19; and permanent outlays to $171,535.14.

Most Departments Cost More.

Contrast of the expense of different departments of the city government during the first periods of 1915 and 1916 is shown in the following table compiled by the auditor:

	1916	1915
Gen. Govt.	$ 40,008.52	$ 44,874.32
The Courts	24,747.65	35,374.30
Police & Fire	155,740.29	112,249.33
Sanitation & Health	40,151.37	35,130.53
Donations	3,150,000	2,550.00
Recreation	29,716.70	26,863.81
School Dept.	37,371.37	28,390.34
Streets & Highways	115,225.10	132,023.99
Miscellaneous	31,661.38	19,595.42
Water Works	113,081.12	114,004.78
Sewer Works	26,457.01	25,992.24
	$709,536.04	$608,478.39

Permanent Improvements Made.

Prominent among the permanent improvements listed are the following:

Additions electric light plant, $9331, out of an appropriation of $24,000.

Additions to police system, $4,583.40, completing the installation of a switchboard, etc., at the police station.

Asphalt macadam road at Wahiawa, $13,236.98.

Hakipuu telford base road, $25,971.30.

Retaining wall and concrete road Pali, $9872.43.

Sidewalks and curbing, $1532.60.

Coral road at Keamanaia in the Waialua district, $2953.89.

Much Equipment Ordered.

Additions to general equipment cost the city and county the sum of $45,789.91, the largest single items being the three Seagrave fire engines, $32,250; a Pierce Arrow ambulance for the emergency hospital, $3500; a Denby truck for the garbage department, $2353; a Denby truck and trailer, $3000, and an Oldsmobile, $1100, for the road department; $834.40 for new equipment for the parks; $195.50 for additions to the law library in the attorney's department, and $470.24 for bathing suits for the public baths.

In the water works department $4326.25 was expended for the purchase of meters for the business section of the city.

The report shows new school buildings completed and under construction as follows:

Kahaku—$571.72, complete.
Kalihiuka—$593.20, complete.
Manoa—$1,193.06, complete.
Ewa (cottage)—$1,180.75, complete.
Kaneohe—$724.34, complete.
Central Grammar—$15,988.62, contract $26,660.

PRINCIPALS FOR NIPPON SCHOOLS HERE ARE NAMED

The Japanese educational board, now holding session at the educational home, Upper Fort street, yesterday elected the following principals of the Japanese schools for Honolulu:

R. Mashimo—Makiki street Japanese school.
S. Masuda—Kakaako Japanese school.
T. Takamura—Palama Japanese school.
T. Uzawa—Kaimuki Japanese school.
T. Ouchi—Hongwanji Japanese school.

At today's session representatives from all islands were in attendance, including K. Ogata, T. Kimura and K. Miho, from Maui; T. Takeuchi, M. Shibagaki, U. Iwami, T. Serizawa, from Hawaii; K. Sizo, K. Miyasaki, from Kauai; K. Mitamoto, I. Hirahata, S. Aoyama from Oahu.

Today's discussion was on Japanese penmanship.

KAMEHAMEHA ALUMNI ASSOCIATION TO TAKE NONRESIDENT MEMBERS

At a largely attended meeting of the Kamehameha Alumni Association held last night it was decided to begin a non-resident membership and a committee will begin to arrange plans at once. There are many former students and graduates on both the islands of Hawaii and Maui and it is hoped that they will rally to the home organization. President E. C. Webster and Rev. J. L. Hopwood were both present at the meeting and spoke in favor of such a move.

Bids on the new dormitory which will be built on the premises of the association will be out some time next week. The new building will consist of 22 rooms, four of which will be kept for non-resident members while visiting in the city. The following candidates were elected to membership last night: Charles E. King, Harry Apo, John K. Waiamau and Oben Kaikaka.

BUSINESS FOR EMERGENCY HOSPITAL IS ON INCREASE

The total number of cases treated during July at the emergency hospital was the largest in the hospital's history, according to Police Surgeon R. G. Ayer, who hands his report for the past month to the supervisors' meeting tonight.

The report shows that there were 176 people treated, 75 ambulance calls, 342 treatments all together, 9 investigated for insanity and 6 committed, 5 sent to the hospital as city and county charges and 9 operations performed on patients under influence of anesthetics.

Palama Summer Campers Score Gain In Weight

Fifty-four children and mothers who have spent the last two weeks at the Palama Settlement fresh air camp, returned Sunday from Waialua, boasting a total gain in weight of 145 pounds. Another happy crew of about 50 Portuguese women and children went out Monday in charge of Palama Nurse Daisy Smith to take their places. The returning delegation was in charge of Miss Mabel Smythe, another Palama Settlement nurse.

WOMEN POLICE DO GOOD WORK IN LONDON; ARE PAID $10 AND CAR FARE

LONDON, England.—Women police are making good according to the chief officer of the Women's Police Force. They are employed in munition factories very largely to search the ingoing and outgoing women workers for contraband; keep order in trains; to inspect passports and to patrol the lanes and yards. They get $10 weekly with railway fares; sergeants receive $11 and inspectors $12. The chief officer says school teachers are particularly wanted for the force as their training fits them admirably for police duties which require good temper, patience and tact with firmness.

The girls in the factories appear to be very fond of the women police and the government is asking for more to be appointed at various munition works throughout the country.

WEAR PATENT LEATHER HATS

VIENNA, Austria.—Rainy weather that has prevailed for weeks without a let-up has been responsible for the introduction of patent-leather hats which are now in great vogue among the women of Vienna. In addition to the genuine there are numerous imitation patent leathers which are not affected by dampness. The patent-leather style has also extended to include belts, cuffs, collars and other parts of the costume.

John Hosp of Ilion, N. Y., was turned and shocked when he climbed a pole bearing a 30,000-volt high tension line to watch a ball game in Moynehan Park and fell 25 feet.

DEMOCRATS TO ORGANIZE FOR BIG CAMPAIGN

Central Committee Tonight Expects to Settle Date for Ratification Meeting

All is quiet and restful in Democratic circles today. If any bombs are to be exploded the fuses doubtless will be lighted tonight. But the soothsayers of the party predict that, from now until the primaries, nothing but harmony, and that spelled with a capital "H," will prevail.

Organization of the party for the campaign at the primaries comes this evening. The members of the central committee, as well as all other loyal Bourbons who have the interest of their party at heart, will meet in the office of National Committeeman John H. Wilson, Pauahi street, and get down to work.

To date only a few Democrats have announced their intentions of being candidates for the house and senate. Hardly any of them are known to the central committee. Those who expect to run are urged to hand in their names at the meeting this evening so that the committee may be posted on what is doing.

The central committee also expects to "go after" the various precinct clubs so that those bodies will hold their organization meetings as soon as convenient.

Another item for discussion will be the ratification meeting, which probably will be held at Aala park. It is expected that the date will be set tonight.

Five persons were killed in a fire at 162 Fifth Avenue, Brooklyn.

Star-Bulletin Submarine Chase Paragraph Contest

INSTRUCTIONS

There are two sets of ships, one submarine set and one cruiser set—each set with words in them, and these are scattered throughout the advertisements printed in today's paper.

Each set, when properly arranged, forms a complete paragraph or statement. Arrange the words to suit yourself—just so the complete paragraph makes a readable statement on the subject selected for the week.

The subject for this week is "GOOD ROADS." And Wednesday's Star-Bulletin will state how many ships were in Tuesday's paper, so you may count them and thus be sure to get them all.

YOU MAY TURN IN ONLY ONE SET OF SHIPS, the submarines, which form one statement, or the cruisers, which form another statement, but both on the same subject.

And then hand in the set of ships from which you believe you have made the best statement.

Paste the ships in the squares on the official card—in their proper order—according to your selection.

You may use five additional words for each set, of your own choosing, if you find it necessary to make more complete sense, and these words must be written by you in these spaces wherever you consider an extra word necessary.

BUT YOU MUST USE ALL THE SHIPS of one kind, and you cannot omit any. It is advisable to use as few extra words as possible—because the contestant who arranges the best paragraph with the fewest extra words, will be declared winner.

This contest covers four Tuesday's issues—and the party making the best showing for the entire four weeks will be entitled to

$50.00 IN GOLD

All answers to each Tuesday's contest must be in the office of the Star-Bulletin not later than the following Monday.

No single individual is entitled to hand in more than one paragraph each week—or four paragraphs during the entire four weeks' contest.

You must get the official card from any one of the following advertisers:

Hollister Drug Co., Electric Shop, The Waterhouse Co., Benson, Smith & Co., Coyne Furniture Co., W. W. Dimond & Co., Lewers & Cooke, Smoot & Steinhauser, Ltd., Kershner Vulcanizing Co., McInerny Shoe Co., Sachs, M. McInerny, Fong Inn & Co., Trent Trust Co., Love's Bakery, The Waterhouse Co., J. U.S.Gov.experts report that oils correctly refined from asphalt-base crude "distill without decomposition" (do not break up and lose their lubricating value under cylinder heat) and "are much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils."

Motorists who use Zerolene, an oil scientifically refined from asphalt-base crude, back up the experts with reports such as these: "Covered over 16,000 miles without adjusting valves or cleaning out carbon."—"The carbon taken out of this car in 50,000 miles amounted to less than an ounce." Zerolene is for sale at dealers everywhere and at service stations and agencies of the Standard Oil Company.

ARMY & NAVY

COAST DEFENSE FORTS TO FIRE HERE NEXT WEEK

All Armament is in Readiness For 1916 Target Practise; Each Big Gun to Shoot

One week from tomorrow the big mortar batteries of Fort Ruger will boom in annual target practise, and on August 16, a week from Thursday, the big 12 and 14-inch rifles at Fort De Russy will belch forth their thunder. The occasion is the annual target practise of all forts of the coast defenses of Oahu.

August 14 to 18 is the date of the first practise, and additional practise will be held from August 22 to 28. All the armament of each coast defense fort on Oahu is in readiness for the practise, according to Capt. Charles G. Mettler, ordnance department, armament officer of the Hawaiian army district.

Following the first practise, which is under the direction of the War Department, a second practise will be held, following no set rules but fired in accordance with directions from the coast defense commander. Col. Alfred M. Hunter of Fort Kamehameha, who is commanding officer of the coast defenses of this island.

Within a few days advertisements will be placed in Honolulu newspapers by Col. Hunter warning residents in the vicinity of the big 12 and 14-inch rifles at Fort De Russy to keep the doors and windows of their houses open on firing dates.

The second practise will be for the purpose of trying out the armament and working out local problems in coast artillery work, devised by Col. Hunter.

First of the forts to hold annual practise will be Fort Kamehameha, which will fire next Monday, August 14. Ruger fires August 15, De Russy August 16 and Armstrong, the mine fort guarding the harbor entrance, holds mine firing target practise the next two days.

GUARDSMEN WILL USE 6-INCH GUNS AT FT. DE RUSSY

So pleased is Major Joseph B. Douglas, C. A. C., of Fort De Russy, with the fine target practise record made by the men of the 1st Company, C. A. C., National Guard of Hawaii, in their sub-caliber target practise last Thursday night, that he has decided to allow the guardsmen to hold this practise every two weeks, following the conclusion of coast defense target practise by the regulars this month.

Capt. G. K. Larrison, commanding the 1st Company, C. A. C., National Guard of Hawaii, made this announcement today, and said Major Douglas has expressed himself as delighted with the efficient showing made by the guardsmen. The guns used in this practise will be the 6-inch rifles, fitted with sub-caliber bore throwing projectiles about an inch and a half in diameter.

DIX WILL COME FRIDAY; TO TAKE PRIVATE MOUNTS

At daylight Friday the U. S. army transport Dix will arrive from Manila and Japan, says a radio received by the depot quartermaster from the vessel.

The Dix has 7532 tons of coal aboard, most of it for Honolulu. She will dock at navy pier No. 2, and will be here for 10 days, sailing for her home port, Seattle, after unloading.

From Honolulu the transport will take 18 to 20 horses, private mounts of army officers. These include two horses owned by Capt. E. A. Hickman, commanding Field Company E, Signal Corps, now on the border, having left last month from Fort Shafter on orders from the War Department.

Sunday morning the U. S. army transport Logan is due to arrive from San Francisco, bound for Manila. She will take 650 tons of bunker coal here.

HAWAII IS LEFT OUT OF DIVISION PLANS

That the War Department will assist the states in organizing, maintaining and equipping engineer troops of the National Guard is stated in a circular issued by the chief of engineers, U. S. army, and received here.

In the plans of the War Department, however, the Territory of Hawaii has been left out. The states have been organized tactically into 12 militia engineer divisions, but Hawaii is not included in any of them.

The circular calls attention to the need for more engineer officers and soldiers in the organized militia, and says plans should be formed for securing 650 engineer officers and 16,000 engineer soldiers in the 12 National Guard divisions.

NEW ACT MAKES PAYROLL $5000 PER MONTH MORE

Increase Only 1.5 Per Cent as Army Spends Close to $400,000 Month in Pay

Promotions of Oahu army officers under the National Defense Act have increased the payroll of the Hawaiian Department about $5000 a month, it was learned today by inquiry at the pay office of the quartermaster's department.

This is not a large increase, however, as the expenditures of the pay office for pay of officers and enlisted men, plus the cost of supplies of various kinds, now range between $385,000 and $400,000 a month. The increase consequently is not more than one and a fifth per cent.

The act of June 3 promoted large numbers of army officers in the Hawaiian Department, and the consequent increase in pay because of these promotions ranged from $40 to $75 a month per officer, according to rank.

Because the 1916 appropriation expired two months ago, when the fiscal year closed, and Congress has had to extend the old appropriation one-twelfth twice since then, there will be a delay of five days in paying off the troops of this department in August, according to the pay office. Payment will be completed this month by August 20. It is usually finished by the 15th of every month. Last month there was also a delay, due to Congress having to pass a joint resolution extending the old appropriation one-twelfth, to cover July.

In 1912 there was a slight delay here in paying troops of the department and some officers, because Congress failed to pass the army appropriation bill promptly. The new bill, providing for the ensuing year, down to June 30, 1917, is now under consideration in Congress, and it is believed it will be passed before the close of this month.

Should it not be it may be necessary for Congress to pass another joint resolution appropriating a sum to cover the difference between the cost of paying officers and men in August, 1916, over the expense in August, 1915, before the National Defense Act iwth its increased salaries and many promotions, went into effect.

IMMIGRATION STATION CHANGES BUSINESS HOURS

Beginning today the U. S. immigration station is open for business at 8 o'clock in the morning and close at 3:30 p. m., instead of from 9 a. m. to 4:30 p. m.

Can you speak personally to everyone who passes your store?

No, but your *show windows* can tell every passerby what you have to sell and tell him in the most effective manner.

But if your show windows are dark at night the man on the street will not "hear."

If they are poorly lighted they will only "whisper."

But light your windows brightly and they will "SHOUT" your message so that all may know.

Let us tell you how to make your show windows your best salesmen — by proper, efficient and inexpensive illumination.

Phone us today. There is no obligation.
