PREMIER LEAVES PEACE DOOR OPEN, BRITISH PAPERS SAY

PROHIBITION FOR HAWAII ONE STEP FURTHER ADVANCED

Senate Rejection of Amendment Providing for Vote in District of Columbia Has Direct Bearing on Legislation for Territory

By rejecting the proposal of Senator Underwood that the question of prohibition for the District of Columbia be referred to a vote of the people in the district, the upper house of Congress advanced prohibition for Hawaii one step further.

The "dry" forces have lined up the District of Columbia and Hawaii together in their campaign. It is regarded as certain in Washington that if the District is legislated "dry," Hawaii will be also.

The following news despatch which came overnight from Washington, and the correspondence by the Star-Bulletin's representative at the national capital, outline the situation.

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Dec. 20.—The way was cleared yesterday for legislative action today in the senate on the bill providing prohibition in the District of Columbia. The amendment proposed by Senator Underwood providing that the subject of prohibition be referred to a vote of the people was lost on a tie vote.

By C. J. ALBERT
(Special Star-Bulletin Correspondence)

WASHINGTON, D. C., Dec. 20.—The fight for prohibition in Hawaii and the District of Columbia started off "like a house afire." The major movement got under way before Congress was a week old. In fact it seemed difficult to restrain the advance guard until the opening day and the president's address were out of the way. The fifth day of the session saw the senate busily engaged in discussing all forms of witness and dryness.

It is self-evident there will be no letup in the fight until March 4. There must either be legislation or a good reason for postponing it. Notice already has been served on the house that if a fair and square record vote is refused by the leaders over this prohibition will be offered as an amendment to the District of Columbia appropriation bill.

It is accepted as certain that prohibition will prevail, so far as this city and Hawaii are concerned, if a decisive vote is reached. For that reason the opponents will devote all of their energies to preventing such a vote. Various plans already are under consideration. The referendum is the one most highly favored. It is urged that the citizenship of the affected territory be allowed to express their preferences in the matter. This at least would mean delay. Senator Underwood is strongly urging that this be done.

Senator Sheppard, as heretofore, is leading the fight for prohibition. He is determined to win if possible at this session. In such an event he will bring up next year the struggle for nationwide legislation to eliminate rum. He believes the capital city and Hawaii can be made dry before the 4th of March rolls around. All those who think the same way are standing right behind him.

Present indications are that the fight will be a pretty and lively one. It will rage up and down during the ensuing three months. Whenever an opportunity is presented the subject will be brought forth for discussion. Whenever there is a full pressure will be brought to have a decisive vote taken.

SAY BOURBONS TO FIGHT BOND ISSUE

Whether the Democrats, as a party, will oppose the issuance of bonds for proposed sewer and water improvements at the plebiscite already called by the supervisors, probably will come up for discussion at a meeting this evening of the members of the territorial central committee.

The proposed bond issue, which was a feature of the last election, but which was lost, not by majority but by percentage, is said to have been bitterly attacked by the Bourbons, and there is talk in political circles that this attack will be renewed at the coming plebiscite.

Prof. W. A. Bryan, chairman of the committee, and L. L. McCandless, leader of the party, today asserted that they have heard nothing regarding the purported attack, nor do they know whether it will be taken up at tonight's conference.

HIGH SCHOOL PLAYER FATALLY HURT IN GAME

ELGIN, Ill.—Cyril Pritchard, full-back on the Elgin high school "light-weight" football team, died of injuries received in a line plunge against the East Aurora, Ill., high "light-weight" two weeks ago. He sustained a blood clot on the brain.

PROPERTIES FOR NEW TOBACCO CO. ARE NOW SECURED

Bishop Estate Conveys Lands to Old Company, With \$200,000 Improvements

Two deeds recorded Monday, under the Bishop estate to the Kona Tobacco Company and the other by the tobacco company to William R. Castle and John conveying 15.74 acres of South Kona land, mark a new stage in the progress of settlement of the affairs of the tobacco company and the turning of the property over to a new company, not yet incorporated but to be known as the South Kona Tobacco Company.

Under a lease to the Kona Tobacco Company the Bishop Estate agreed to convey to the company for \$1000 to exceed 25 acres. On 15.74 acres this the company erected its building and improved it to a value estimated at \$200,000. This is the property conveyed to the company and by the company to Castle, who will in turn convey to the new company as already agreed for \$50,000, shares of the stock of such company when it is incorporated.

Mr. Castle also says that J. Smith is now on the property and writes saying that he has the beds ready for planting and has on hand plenty of seed of Sumatra and other tobaccos, including Cuban. Castle adds that Smith's success as a grower before makes it unnecessary to bring the expert who is to be engaged and who will specialize on curing here before next June.

DREAD DISEASE AMONG MILITIA

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Dec. 20.—Three deaths were reported to the war department today of Georgia national guardsmen serving on the border, all due to spinal meningitis, and two cases of the same disease are reported among the Pennsylvania guardsmen. Army medical officers have telegraphed the department that there is no danger of an epidemic.

FUNDS NEEDED FOR TRAINED TEACHERS

Within the next two or three weeks the annual report of Henry W. Kinney, superintendent of public instruction, will be handed the governor. But few recommendations will be made as Kinney considers none are necessary.

"As to matters of legislation," says the superintendent, "the school law need not be changed so far as I know. There is now in equipment and additional teachers. The number of teachers is constantly varying with the influx of new children."

"We need more money to be able to substitute trained and experienced teachers for some of the untrained teachers whom we are now forced to employ."

Kinney says he hopes there will be some legislation providing for a raise of teachers' salaries. "We are going out to ask for the things we need although subject to act February 1, most, and one of them will be an increase," he adds. "This will be of importance, especially to those teachers now being paid the low salaries."

MOVEMENT FOR NEW STEAMSHIP LINE IS BEGUN

Frank Wiggins Writes Secretary of Chamber; Promises More Data

That already a movement is on foot to establish a steamship line between Los Angeles and Honolulu is the news received here today in a letter from Frank Wiggins, secretary of the Los Angeles Chamber of Commerce, to Raymond C. Brown of the local chamber.

The letter also thanks the Honolulu chamber for the many courtesies and entertainments accorded the Los Angeles delegation during its recent visit to Honolulu.

The letter ends by saying that as soon as further data is available on the new proposed steamship line it will be forwarded. When the Angel City men were here it was hinted that such a line might be put into operation and it is evident by this letter that no time was lost upon their arrival home to start the undertaking.

KEMP MENTIONED FOR JUSTICESHIP

With the resignation of Federal Judge C. F. Clemons, gossip and predictions as to who will be appointed to vacancies on the federal and supreme benches have turned topsy-turvy.

A report was current today that Assistant U. S. Attorney Samuel B. Kemp is being considered by the department of justice to succeed Hon. E. M. Watson as associate justice of the supreme court, and that the filling of the vacancy is being delayed as Kemp will not become eligible for such an appointment until next month.

U. S. Attorney S. C. Huber, it is said, is in line as the successor to Judge Clemons. Another report is that a local attorney will be appointed to the supreme bench and that Kemp will succeed Huber as district attorney.

Both Kemp and Huber told the Star-Bulletin today that they have heard nothing officially regarding any "promotions," but the former says he would be eligible next month for a supreme bench appointment.

DIRECTED VERDICT FREES FUJIMOTO

After the prosecution had rested its case at noon today, counsel for H. Fujimoto, charged with the murder of James B. Castle, moved for a directed verdict of not guilty. Circuit Judge Ashford granted the motion and the defendant was released.

Her left cheek marked with a livid scar, a lasting reminder of the gruesome night in August, when her husband was murdered and she was brutally slashed with a knife, Tomeko, 17-year-old Japanese widow, took the stand in Circuit Judge Ashford's court today and, in excellent English, testified in the case of M. Hiroki Emoto, charged with the murder of the little woman said that Fujimoto's brother-in-law, has opposed her marriage with Emoto. She asserted that during the two years she had lived at Fujimoto's house prior to her marriage, he had "treated her as his wife," and had repeatedly assaulted her "whenever he had a chance" and against her will.

These relations, she said, began before she was 16 years old. On one occasion, she added, Fujimoto beat her with a bamboo stick and then locked her in a room for a whole day. "I had Castle, for whom she worked, and took her away, she said.

Some suspicion was aroused in connection with the case by the discovery this morning of Chin Wee, a Chinese man of about 40 years, employed at the castle place, dead in the same cot in which Emoto was killed.

This suspicion was allayed, however, when Police Surgeon R. G. Ayer said the man died of valvular heart disease.

BIDS FOR SEAVIEW BONDS AUTHORIZED BY BOARD

A call for bids for the Seaview drainage improvement bonds was authorized Tuesday evening by the board of supervisors.

The bonds amount to \$6000, pay 5 1/2 per cent and are due February 1, 1921, to ask for the things we need although subject to act February 1, 1921, most, and one of them will be an increase," he adds. "This will be of importance, especially to those teachers now being paid the low salaries."

BOPP'S COUNSEL OPENS DEFENSE IN "BOMB PLOT" CASE

Says Germans Hired Investigators to Get Facts About Submarine Trade

(Associated Press by Federal Wireless)
SAN FRANCISCO, Cal., Dec. 20.—That submarines were built in the United States for the Allies, violating neutrality laws and practices, is the charge made today by an attorney for Franz Bopp, the German consul-general of San Francisco, who is on trial here for criminal conspiracy in so-called "bomb plots."

The prosecution rested its case against Bopp and his associates late yesterday in the U. S. district court. The last witness called to the stand by United States District Attorney Preston was Mrs. Louis J. Smith, wife of Louis J. Smith, one of the defendants and star witness for the government. Smith is reported to have been promised immunity.

Mrs. Smith yesterday corroborated the story told by her husband exposing the details of the alleged conspiracy. Smith's testimony covered a long range of movements and attempts to blow up British ships in Seattle and Vancouver and to destroy munition shipments. He testified that he had been employed by C. C. Crowley, private detective of the German consulate, who is also one of the codefendants with Consul Bopp.

Crowley has been identified by witnesses as the man who posed as a secret service operative of the federal government and investigated the explosion of a barge of war dynamite in Seattle in May, 1915.

The prosecution successfully countered the efforts of the defense to disqualify Mrs. Smith as a witness on the ground that she could not testify against her husband. Judge Hunt ruled that she might testify against the other defendants, and on this ruling she was permitted to tell her story.

In opening the defense today Attorney Roche of counsel for Bopp said he would show that the Germans had hired investigators to uncover the facts about submarines constructed by the Union Iron Works in San Francisco and shipped in separate parts for assembly in Canada. He said he would also show that a British ship transported Japanese from San Francisco to Japanese ships in the Pacific for war duty.

Attorney Roche declared emphatically that the Germans hired no dynamiters.

GENERAL STRONG TALKS AT LUNCH

Brig-Gen. Frederick S. Strong was the principal speaker at the Ad Club lunch held today at the Alexander Young Hotel. Gen. Strong congratulated the Ad Club on being a real live organization, and was pleased to have the opportunity to address the members. He said during his remarks that every officer who comes to Hawaii regrets to leave here, and any number had asked to have their stay here continued for a number of years.

Following the talk by Gen. Strong, President Wallace R. Farrington, on behalf of the Ad Club, presented the march song, "Schofield," to the U. S. Army. This march was written by Captain Henry Berger, and proved to be a successful hit when rendered on the piano by the well known band leader, Gen. Strong thanked the Ad Club and Henry Berger for the march, promising that it would be used by the military organizations of the islands.

Jack Warren in a short talk told of the good roads on the mainland. After a two-months' trip from Canada to Mexico, Warren came to the decision that the roads in Hawaii were a fizzle, and that only good, substantial roads will ever do for Honolulu. "Tourist travel follows in the wake of good roads," said Warren in conclusion.

One of the best musical programs ever presented at an Ad Club meeting was held today when Miss Jeanne Mai, Miss Pearl Jardiniere and Tim Moore of the Ingersoll Company gave a number of the real song hits. Miss Mai made a good impression with two songs which brought out her quality as a singer. Miss Jardiniere made a hit with two character songs, and Tim Moore entertained with two of his favorites, "He's in the Jail House Now," and "My Feet Keep Going." All the numbers were heartily applauded.

Reports were received on the road committee, and Leahi committee by Albin Clark and J. Morton Riggs. President Farrington called upon Corrie F. Dole for an aloha, and the march peace advocate answered by saying that he was pleased to be in attendance at the luncheon. He will address the members of the club at the next meeting. A large crowd was on hand today, and the lunch was served in the large banquet room.

REGRETS ALLIES PAY NO HEED TO PEACE PROPOSAL

Dr. Charles F. Dole Says Any Such Suggestion Demands Hearing From Belligerents

"It is a pity the Allies, for the sake of humanity, did not take more seriously than they apparently have the Central Powers' peace proposal. It is high time such a disastrous, futile war were stopped."

This is one of several forceful expressions to the Star-Bulletin today from Dr. Charles F. Dole, the distinguished author-educator, who arrived in the Wilhelmshafen with Mrs. Dole to visit their son, James D. Dole, here.

As a pacifist of renown the doctor was deeply disappointed that England and her allies have so completely disregarded Germany's step as the press despatches of yesterday indicated.

"The least the Allies might have done," he says, "would have been to ask Germany what she had to propose. Instead, they apparently did not try to make inquiries into the nature of peace arrangements."

Mr. Dole says further that the slightest indication of peace, from no matter what source or for what reason, should command the earnest attention of all belligerents in such an awful, impossible struggle.

Nearer the Middle
"Final peace plans will probably be nearer the middle with less advantage on either side than either one of the fighting factions are now willing to admit," was his opinion of final arrangements.

The doctor took a polite knock at the United States before leaving the peace discussion by saying it was too bad this country did not lead all other neutrals in a demand for peace and the encouragement of any proposals.

"I believe the whole world will now think from our passiveness after Germany's proposals," he says, "that the United States is not at all anxious for the war to stop. We should correct that impression."

Directly in line with the peace question the author of compulsory military training for war, he says, "there is nothing that incites the fear and suspicion of other countries more than a demonstration of that same fear and suspicion in this country."

If all men were like Dr. Dole there would be absolutely no military preparation, but he admits that under existing conditions a certain amount is necessary, although the push and trend should be against instead of for it. He declares conscription is the height of unbecoming.

Hughes Had Nothing to Say
There was a merry twinkle in Dr. Dole's eye when he stated that Mr. Hughes might have done a little better in the presidential campaign if he had stayed home and not gone about trying to do the impossible, winning votes without care real issue.

"The national election pointed out one thing which has not been discussed," he says, "that ought to be apparent to anyone, that is, the end of partisan platforms and more of the man in the race."

"Certainly the people of the United States did not want war; that's one reason why they returned Mr. Wilson to the presidency. But then the majority of people in any country do not want war; there is where the despicable, abjectness of the whole war plan comes in. The few control and ruin the multitudes."

TITLE TO SITE IS LIKELY APPROVED

Commenting today on information received by the Star-Bulletin that the assistant secretary of the treasury has signed warrants for \$250,000 for the purchase by the government of the Iliwa site, Assistant U. S. Attorney Samuel B. Kemp says that it is an indication that the title to the property, secured under the recent agreed judgment here, has been examined and approved by the treasury department and the attorney general.

The proceedings appear to have advanced to a point, he adds, where the payment of the money to the collector of customs here will be the next step. This money will be held by the collector until litigation now pending in the federal court to determine the owners of portions of the site contested by the W. G. Irwin Estate Company is settled.

In the opinion of the district attorney's office this litigation will have been cleared away by the time the money reaches Honolulu.

COMMENT OF PRESS IN LONDON AND BERLIN SHOWS TENDENCY TO WAIT FOR FORMAL ANSWERS

Lloyd George's Remark About Reparation Not Held of Much Weight in German Quarters—Hope For Further Discussion

Newspaper comment in London and Berlin, following Premier Lloyd George's speech in the house of commons yesterday, is to the general effect that the door to peace has not been closed by the Allies. But on the part of the Allied press there is expressed a strong indorsement of the premier's declaration that the Allies can only consent to a peace which carries out the terms they have said are imperative.

The following newspaper comment from the two capitals is illuminating:

LONDON, Eng., Dec. 20.—A chorus of newspaper approval has been raised in support of Premier Lloyd George's speech in the house of commons yesterday and of the Allied attitude which his speech outlined. The press of England with great unanimity praises his speech for the comprehensive manner in which it has set forth the determination of the Entente Powers, and yet not turning down the proposals of the Teutons without a hearing.

The general comment of the press is that if Germany wants peace she will, when the joint reply of the Allies is received, state the terms which can form the basis for discussion.

The Manchester Guardian says significantly: "Premier Lloyd George has not shut the door upon peace. Chancellor von Bethmann-Hollweg must be more explicit in his outline of peace proposals, however, before he can expect a favorable answer."

AMSTERDAM, Netherlands, Dec. 21.—Among the representative newspaper comments on the peace proposals and the speech of the British premier are the following:

The Tagliche Rundschau of Berlin says that "reparation could be demanded only if Germany had declared war on England, if we are to blame, if we have committed crimes against international law, or if we had been defeated."

The Lokal Anzeiger, an influential paper with close government connections, has the viewpoint that Premier George's remarks are of no value, inasmuch as nothing has been said about peace conditions.

The Berliner Tageblatt prefers to await the Entente reply before taking up further discussion.

"It appears that the gulf is as great from George's standpoint as that described on the German side," it says.

GERMAN OFFICIAL CABLEGRAMS

GERMAN ARMY HEADQUARTERS, Dec. 18.—No important events occurred today on the Somme and in the Meuse sector there was but little fighting.

Eastern arena, Prince Leopold's front: Northeast of Luck the Russians tried to recapture positions gained by us December 16 near Bol Prosk. The attacks, which were repeated also at night, were repulsed and we likewise gained some ground after attacks near Augustovka, south of Zborov.

Archduke Joseph's front: East of Golden, Bistrizza, a violent artillery duel is taking place in the Uz Valley, and elsewhere local engagements with varying success.

Von Mackensen's army group: Here the situation is unchanged. Hostile columns retreating toward Braila, were attacked by our flyer squadrons with noticeable success. On the Macedonian front today there was temporarily lively fire on the Czerna River bend.

GERMAN ARMY HEADQUARTERS, Dec. 20.—On both banks of the Somme today the artillery fire and mine-throwing activity temporarily increased. Northwest and north of Rheims, French detachments advancing after strong fire preparation against our trenches were repulsed.

Crown Prince's army, east bank of the Meuse: This afternoon fire engagements increased. The French attacked Fosses wood; Chambrettes, lying before our positions, remained in their hands after hand-to-hand fighting. All other places on the front they were repulsed in their attacks.

East arena, Prince Leopold's front: South of Norocz lake and south of the railroad from Tamopol to Zloczov, artillery activity increased temporarily.

Archduke Joseph's front: On Gutin and Tomatek in the Carpathian forest Russian patrols and attacks of Russian battalions were repulsed.

Von Mackensen's group: During the last two days in partial engagements more than 1000 Russians and Rumanians were brought in as prisoners and many vehicles, most of them laden with victuals, were captured. In northern Dobrudja the enemy continued the retreat northwest beyond fortified positions. Our army made advances against the lower Danube.

On the river Struma front, Macedonia, efforts were successful for Bulgarian and Turkish troops.

\$48,000 BUILDINGS TO BE ERECTED SOON

With all plans completed for the new building of Hoopschlaeger Co., at the corner of King and Nuuanu, the building permit was filed today and it is expected that building operations will commence in the near future.

The plans call for a reinforced concrete and brick building and an additional warehouse, the whole to cost \$48,000. The main structure will be two stories high and 62 by 114 feet in size. The warehouse will be 44 by 115 feet.

TURKS TO ALLOW AMERICANS TO GO

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Dec. 20.—Two hundred Americans in Syria and Palestine have been granted permission to leave, by the Turkish military authorities, on condition that they will intern themselves at Beirut for a month, to make valueless any military information that they could give. They will be taken away on the cruiser Des Moines.

TAKEN PRISONERS BY GERMAN DIVER

(Associated Press by Federal Wireless)
BREST, France, Dec. 20.—The British steamer Flimston has been sunk by a submarine in the war-zone. The captain and engineer were taken as prisoners on board the submarine.

Russians Win Some Ground In Galicia

(Associated Press by Federal Wireless)
PETROGRAD, Russia, Dec. 20.—The Russians fighting in the neighborhood of the river Bystrizza (Bistrizza) in Galicia yesterday and today succeeded in breaking through barbed wire entrenchments covering the Teutons' advanced posts, and penetrated the positions at Bohorodczany and Stare, southwest of Stanislav. The Teutons fled in disorder, leaving some prisoners.

German Aviators Raid Russ Ports

(German Official)
BERLIN, Germany, Dec. 19.—German naval planes on December 16 badly damaged a French warship of the La Patrie type by torpedo fire, 55 sea miles east-southeast of Malta.

Another submarine on December 11 sunk by torpedo fire an armed French troop transport, the steamer Maghreb, 6000 tons, southeast of the island of Pantalaris. More than a thousand white and colored troops were aboard.

German Version Of Patrie Story

(German Official)
BERLIN, Germany, Dec. 20.—A German submarine on December 12 badly damaged a French warship of the La Patrie type by torpedo fire, 55 sea miles east-southeast of Malta.

Another submarine on December 11 sunk by torpedo fire an armed French troop transport, the steamer Maghreb, 6000 tons, southeast of the island of Pantalaris. More than a thousand white and colored troops were aboard.

NOW MEN, TOO, TO BE PUNISHED

The new proposition in the anti-vice movement to prosecute the men as well as the women started in earnest this morning when Judge Mansueti fined two male defendants before him on a statutory charge \$35 each. Both women in the case had already been given six-month sentences in the circuit court. Both are married women.

The men were C. J. Butterworth, a soldier in the 25th Infantry, and H. Foster, charged with intimacy with Mrs. Mary Davis and Mrs. Annie Williams, respectively. All pleaded guilty. The women, who had already been penalized, were given sentences.

In his recommendation to the court in the Butterworth case Prosecuting Attorney Chillingworth said that inasmuch as a prison sentence would bring the defendant a discharge from the army and throw him onto the city he suggested a fine, which was given in both cases.

"There's a new angle to this vice situation," he said, "which the police must watch. If the men did not seek the women, naturally the women would not be found. The grand jury has closed its eyes. The police must continue the work."

APPRAISING BOARD IN BRIEF MORNING SESSION

To consider the question of appraising the land in the vicinity of Pier 11, now owned by the Allen & Robinson lumber yard, the board of territorial appraisers met this morning in the land office.

No appraisal has yet been made as the board wishes further to consider the value of the land before reporting. Members of the harbor board say that the site is desired for a wharf there some time in the future and also as a unit in the waterfront belt railway, which has been under consideration for some months.

MASSACHUSETTS WOMAN ASKS COUNTY CLERK TO FIND MISSING BROTHER

An appeal to find her brother, Herbert M. Littlefield, was received today by David Kalanokalani, county clerk, from Georgia Littlefield of Wellesley College, Wellesley, Mass., who has not heard from him since June, 1911.

According to the letter, Littlefield is 32 years old, 6 feet tall, weighs 150 pounds, has brown eyes and hair and when last heard from was in Honolulu.

The United States is estimated to use more than 100,000 elaborate electric protective systems against crime, about 300,000 smaller systems, and more than 2,000,000 minor devices.

British officials are seeking recruits among the natives of Egypt, according to the Overseas News Agency, which adds that the town of Cairo has been declared in the war zone.

COTTON MILLS OF SOUTH INCREASE

[By Associated Press] NORFOLK, Va. — Practically the whole of the great American cotton crop will be converted into the finished fabric in American mills 20 years from now if the present annual ratio of increase continues, declared Col. Harvie Jordan, president of the Southern Cotton Growers' Association, in an address before the Southern Commercial Congress. If this prediction should be fulfilled, he said, the ultimate annual value of each crop would reach the enormous total of \$5,000,000,000.

"The South now occupies the leading position in cotton mill consumption throughout the world," said Col. Jordan. "It consumes annually more than all of the textile mills of Great Britain, more than all those of New England and the balance of the United States combined and more than all the combined countries of Europe." A few years ago, he asserted, 75 per cent of the raw cotton had to be exported while now foreign mills under peace conditions could not expect more than 20 per cent.

Pointing out that it was the country or section which manufactures the raw material into the finished fabric that secures the maximum of value from such produce, Col. Jordan declared that the present medium yield of the South's cotton crop, sold for its full value for the first time since the Civil War, would bring growers \$1,250,000,000. He said present high prices of the staple were due largely to the federal reserve banking system and the cotton futures law.

NO NEW MOTOR VEHICLES

LONDON, *Eng.—The ministry of munitions has given notice prohibiting, until further notice, any person, firm or company engaged in the manufacture or repair of any vehicle designed for mechanical transport or traction, or any part of such vehicle, from carrying out in any factory, workshop or other premises without a permit from the admiralty, the army council or the minister of munitions, any work consisting of the manufacture, assembling or erection of any new or unused motor, cyclemotor chassis, motor wagon or any tractor or other motor vehicles of any kind propelled by mechanical means, subject to the following exceptions: Work required to complete contracts placed by the admiralty, the war office, the minister of munitions, or an allied government on or before the date of this order.

COST OF BUILDINGS UP 15 PER CENT IN WAVE OF BIG PRICES

CHICAGO, Ill.—The pinch of high prices has affected another of the most important phases of Chicago's life. The cost of building construction is 15 to 20 per cent higher than ever before in the city's history, according to information made public by contractors and builders. Both material and labor have increased in price.

DRUNKS GALORE IN COURT TODAY

Booze cases were the most prominent on the police calendar today and for a half hour the court wrestled with a proposition of how to care for men who did not, evidently, know how to care for themselves.

One defendant, John Peterson, who was arrested by Liquor Inspector W. P. Fennell on Nuanuan avenue, started the court by declaring he was not in the least intoxicated although he had sipped four stiff whiskies topped with two beers. He was fined \$3. His face was badly bruised where it had apparently come in contact with the cement sidewalk.

Henry Davis, who had been in court several times, was fined \$5 and Manuel Silva, from Camp No. 2, got a \$3 assessment. Kahaunaele, an Inter-Island sailor, was treated similarly and Manuel Sylvester, an old man who was too sick to appear, was ordered discharged when well.

Jack Edwardson, secretary of the sailors' union, took charge of William Beckman and guarantees to get him out of town on a ship, but H. P. Elliott, one of the most frequent offenders, is still being detained. Apparently the court does not know what to do with him.

NO HOUSES BUILT IN EDINBURGH (SCOT.) IN YEAR

EDINBURGH, Scotland.—Dean of Guild MacIntyre Henry, at the annual meeting of the Guildry of Edinburgh in the City Chambers, made an interesting statement regarding the stagnation in the building trade.

During the past year the dean of guilds' court did not certify the erection of one tenement or a villa or indeed a new house of any kind. Full petitions numbered about half of last year's total, and only one-sixth of that of 10 years ago, but minor applications were about three-fourths of last year's, and one-half of the figure of 10 years ago.

Not only were there no new places of amusement this year but there were no new public buildings of any kind. A feature of the minor alterations had been the number of three and four-storyed self-contained houses which had been divided into flatted houses.

He declared that the scarcity of workmen's houses was becoming more intensified. Houses could not be erected at present costs and let at anything like rents that working men would pay, except by state assistance. Municipal ownership had failed often, and it must be left to the private builder, assisted with generous loan terms, to erect houses. He expressed the belief that workmen got as good house value in Scotland as in England.

Data accompanying a recently published official map of North Dakota show that the state has 860,000,000 set apart in land as a public school endowment.

The new government eight-hour day commission will first turn to Chicago and the Middle West in their investigation of railway pay and hours of labor.

MISSISSIPPI'S FAIR GOES ON

[Special Star-Bulletin Correspondence] GULFPORT, Miss., Dec. 12.—It is announced here that the Mississippi Centennial Exposition will continue for six months, instead of four as originally planned. The executive committee in charge of Mississippi's birthday celebration, which will constitute the first great exposition held in the far South for 20 years, voted for the change after it became apparent that the wide scope of the exposition would make a four months' run inadequate. Arrangements are being made to months, the \$750,000 exhibit which the Federal government will send to Gulfport.

This section of the South has not staged a national exposition since the Cotton Centennial in New Orleans in 1886. The entire South is ripe for exploitation and development and the Mississippi Centennial, which will open December 10, 1917, expects nationwide recognition and patronage. Latin-American nations will also be among the exhibitors.

The exposition grounds lie on the picturesque gulf coast of Mexico, between the old and historic town of Biloxi, where a colony was planted in 1699 by de Berville, and the comparatively new town of Gulfport, which has been built up largely through the enterprise of northern capital within the past 20 years.

REPORT MINERAL PRODUCTS MILL STARTS UP TODAY

Telegraphic messages received this morning from Patterson, Cal., from John Watt told stockholders of the Mineral Products Company that the glidex factory was to begin operations today and that shipments to Carnegie of chrome have been resumed, in part the message, which was dated Tuesday evening, says:

"More chrome is now being shipped to Carnegie. Factory to be working tomorrow. Have written."

It is said here that the starting of the factory today is in line with the program that has heretofore been mapped out.

PERSONALITIES

P. W. P. BLUETT of Kohala, Hawaii, went home this morning.

DR. AND MRS. P. J. McADORY and Mrs. E. L. McAdory left for Hawaii on the Mauna Kea.

CYRIL O. SMITH, principal of the Normal school, has gone to Kaula to spend the Christmas holidays with friends.

LITTLE INTERVIEWS

—PORTIA NEWPORT, entertainer at the Young roof garden: I am so glad to get back to Honolulu that I can't express my gratification. I want to go on to Japan, too, if I don't earn any more than enough to pay passage for mother and I. One's travels are as much of an asset as anything, to me at least, especially when they are in this direction.

Malcolm A. Franklin, collector of customs, writes Acting Collector Raymond Sharp that he expects to return to Honolulu in February. Sharp received a letter from him yesterday afternoon by the Wilhelmina.

L. C. Thompson ("Tommy") of the local Southern Pacific ticket office, is the possessor of a large quantity of prunes today, having received on the Wilhelmina yesterday three fine boxes of the Santa Clara valley variety, from friends living in that section. He has been busy giving away samples of this old reliable boarding house standby all day.

IN THE CIRCUIT COURT, FIRST

Circuit, Territory of Hawaii—In Probate—At Chambers.

In the Matter of the Estate of Fanny Love, late of Honolulu, T. H., deceased.

Notice of Petition for Allowance of Accounts, Determining Trust and Distributing the Estate.

The Petition and Accounts of W. A. Love, J. H. Love and C. H. Cooke, Administrators c. t. a. of the Estate of Fanny Love, wherein petitioner asks to be allowed \$1575.76 and charged with \$6955.30, and asks that the same be examined and approved, and that a final order be made of distribution of the remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibility herein having this day been filed:

It is Ordered, that Friday, the 26th day of January, A. D. 1917, at 9 o'clock a. m. before the Judge presiding at Chambers of said Court at his Court Room in the Judiciary Building, in Honolulu, City and County of Honolulu, be and the same hereby is appointed the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property.

Dated the 19th day of December, 1916.

By the Court: ARTHUR E. RESTARICK, Clerk.

CASTLE & WITHERTON, For Petitioner. 6662—Dec. 20, 27, 1916; Jan. 3, 10, 1917.

UNITED STATES DISTRICT COURT

For the Territory of Hawaii.

In the Matter of A. A. Wilson, a bankrupt, No. 351.

Notice: Hearing on Discharge.

Notice is hereby given that said bankrupt has filed petition for discharge from his debts in bankruptcy and that creditors and other persons are ordered to attend the hearing on said petition before the Judge presiding in bankruptcy, at the court room, Model Block, Fort street, Honolulu, on Saturday, the 27th day of January, 1917, at 10 o'clock a. m., and there to show cause, if any, why said petition should not be granted and also to attend the examination of the bankrupt thereon.

Dated Honolulu, T. H., December 19, 1916.

GEORGE R. CLARK, Clerk.

By W. L. Rosa, Deputy. 6662-1t

BELIEVE SPLIT IS PRINCIPAL CAUSE

Governor Pinkham may or may not have received the resignation of Dr. J. H. Raymond from all offices which the doctor holds under the territory. The governor today curtly refused to state whether or not he has seen the letter.

Furthermore the governor refused absolutely to discuss the announcement made yesterday in the Star-Bulletin that the Maui doctor is through with politics, referring the question to the doctor himself. "Ask him," he said briefly.

Territorial circles today were abuzz with gossip over the break between Dr. Raymond and the governor, this being the chief topic of conversation throughout most of the capital.

Raymond Explains His Call
Raymond did not call on the territorial chief yesterday to discuss politics when he was refused admittance to the office, according to a statement which the doctor made today.

"I came to see the governor primarily to discuss the pardon of a man in the territorial prison," said the doctor. "I did not intend to bring politics into the discussion at all. The least the governor could have done would have been personally to request me to call another day. I considered the reception I received an insult."

Thinks Forbes Opposed Him
Several times today Dr. Raymond mentioned the belief that "some influence" had kept the governor from putting him again on the land board. He thinks this "influence" was made strongest during the governor's recent visit to Maui. He also stated that he had heard Charles R. Forbes had worked against his reappointment on the Maui supervising board.

The doctor emphasizes the statement that he is not fighting the governor, however. He is not with him, neither is he against him, he says. But he will mingle in politics no more so long as Governor Pinkham is at the helm.

Quotes Secretary Lane
"Secretary Lane told me in Washington that Pinkham was skating on thin ice," says Raymond, referring to the complaints that have reached him. "If these complaints continued he did not know what might happen. So I got in and did my best for the governor. Yesterday's treatment is the thanks I get."

Forbes Says Nothing
Forbes declined today to discuss the matter, saying he did not intend to become mixed in it. Will Wayne, the governor's secretary, stated at noon today that he has not yet seen the doctor's resignation.

A "split with the governor" was the cause of Raymond's resignation, as announced in Tuesday's Star-Bulletin, in the opinion of Lincoln L. McCandless, who was Democratic candidate for delegate, and William A. Bryan, chairman of the Democratic territorial central committee.

Up to Parties Themselves
"But that is a matter entirely between the governor and Raymond," says McCandless, "and I do not care to go into it. It speaks for itself. He is through with the governor; that is what he intimates."

Professor Bryan said he knew nothing of the resignation until he read it in the Star-Bulletin. "It would appear that he has 'split' with the governor," was his comment.

Charles Hills Whitney, a member of the Yale freshman class, was held criminally responsible for the death of Antonio Morcha, who was run down by Whitney's automobile at Milford.

ANOTHER WOMAN GETS 6 MONTHS

Slowly but surely the police dragnet is closing about those women of the "underworld" who are disregarding the laws controlling commercialized vice and the warning sounded by Circuit Judge Ashford when 114 of them recently were given suspended sentences.

Late Tuesday afternoon Captain of Detectives Arthur McBuffie and a squad of detectives went to a point near the Pali and arrested Annie Flores, Spanish, one of the 114 denizens of the now defunct Iwilei, in company with a Hawaiian man.

The woman was brought before Circuit Judge Ashford this morning and sentenced to six months in the city jail. She is the third woman to be sentenced for reverting to vice after having been warned to cease.

Deputy City Attorney Will T. Carden told the Star-Bulletin that the man will be prosecuted to the limit in the district court.

VICE PROMOTERS FREE ON BONDS

All three of the Japanese arrested by United States immigration officials December 13 and 14 on charges of benefiting from the receipts of prostitution and managing houses of prostitution in this city, all outside of the defunct Iwilei restricted district, are now out on bond pending hearings to show cause why they should not be deported.

This morning the last of the trio, Daichi Inouye, alias S. Yamamoto, was able to furnish \$1000 bond and was released from detention at the federal immigration station.

Tama Tanaka, the only woman of the three arrested, was released last Friday on bond. Yoshimatsu Sakai obtained bond and was released Saturday.

Hearings of the three will probably not be held until the first week in January, Deputy Inspector Harry B. Brown of the federal immigration station said today. The station wishes to get rid of its immigrants now in detention there from the Korea Maru before taking up the hearings.

ORDER XMAS CANDY NOW

The S. S. Wilhelmia unloaded an enormous stock of fresh and delicious Orange Blossom chocolates and candies today consigned to the Honolulu Drug Company for their Christmas trade, there being two tons of the sweets in this shipment.

But remember! Last Christmas Eve there was not a single box of this famous candy left for sale in town. Although this large stock arrived today, there is a large amount already reserved, and from the rate orders are coming in, this supply will be exhausted before Christmas.

We frankly advise that you place your order in advance and have the same reserved for you until Christmas and save yourself the disappointment later. Call or phone the Honolulu Drug Company today, Fort street, near King. Phone 2364.—Adv.

BOSTON VOTES "WET" ALMOST TWO TO ONE

(Associated Press by Federal Wireless)
BOSTON, Mass., Dec. 20.—The advocates of prohibition lost in a hotly-contested election here yesterday, the wets outvoting the dries by almost two to one. The election was held under the local option statute, the question being whether this municipality should or should not continue to license the sale of intoxicants. The vote stood 53,459 for license and 29,297 against.

One English invention for convalescent is a stout cane, from one end of which can be unfolded a projection to rest a user's foot.

Discovery was made that three summer residences at Ridgefield had been entered and robbed of silverware and other property.

LOCAL AND GENERAL

Hawaiian Lodge, F. & A. M., has special meeting tonight for third degree work.

One of the four holidays of the year on which the Bishop Museum closes is Christmas Day.

Felani Luakela, who was born on this island 57 years ago, died Monday at his home, 2434 Liliha street, and the funeral was Tuesday.

The Japanese Chamber of Commerce is preparing to send some Japanese novelties to the Japanese lepers at Molokai for their Christmas.

Honolulu Commandery No. 1 has a stated meeting tomorrow night at 7:30. Election of officers and important business. All members requested to be present.

Miss Lillian Edwards and Murray L. F. Proake were married Monday night by Rev. F. H. Conway, Mrs. Birdie Conway and Miss Bertha Lotstad attended.

Miss Lizzie P. Cox and Henry H. Plemmer were united in marriage Tuesday night by Rev. S. K. Kamaoipili. Mrs. M. Plemmer and Mrs. D. Sniffen were witnesses.

According to a letter received today by Raymond C. Brown, secretary of the Chamber of Commerce, from the Spokane chamber, Jay P. Graves, a prominent business man of that city, will visit Honolulu this winter.

The newly elected members of the Japanese Carnival Committee will meet at the Central Japanese Institute on Nuuanu street this evening at 7:30 to discuss the lantern parade for the 1917 Carnival. The committee represents Japanese residents in 10 different sections of the city.

The funeral of Harry T. Swinton, who died Tuesday, was to be at 3 o'clock this afternoon from Williams' undertaking parlors. Burial will be in Maiki cemetery. Swinton was born in Honolulu in 1841 and his father was sheriff here over 60 years ago. The deceased was on the sea for several years and was the first manager of Lunailo Home. He was one of the popular kamaainas and will be mourned by many.

The funeral of Mrs. Isabel Augusta Nunes, wife of the well known local inventor and ukulele maker, was held Tuesday afternoon and burial was in the Catholic cemetery on King street. Mrs. Nunes died Monday morning at 2 o'clock at the Queen's hospital and is survived by several children and grandchildren, among whom are John, Julius, George, Antone, sons, and two daughters, Mrs. H. J. Andrews and Mrs. M. Wright. She was born in Portugal 59 years ago and was one of the most popular Portuguese matrons in Honolulu.

12 CASES READY FOR GRAND JURY

A list of 12 cases, with the defendants either in custody or on bond, has been prepared by the district attorney's office for probable presentation to the federal grand jury when the members of that body meet on January 2.

Following is a list of the cases:
Otani, illicit distilling of liquor; Norberta Decaney, bigamy; Felix Sampana, statutory; Maria Birukov, bigamy; Hugo Escalona, statutory; Laf Duck, counterfeiting; Antonio Torres, alleged violation of the Mann "white slave" act; C. K. Ching, opium; John Pinto, opium; Francisco Santiago, purchasing government property; Musa Mezarashi, opium; Lau Kau, opium.

WANT NEW SCHOOL TO BE READY BY SEPT. 1

In order that the proposed new structure may be ready for occupancy when school opens next September, Henry W. Kinney, superintendent of public instruction, intends to ask the supervisors to begin work immediately on the building adjacent to the Kaahumanu school, for which there is an appropriation of \$30,000 in the present budget.

It is expected that the land commission will start proceedings shortly to condemn the Girvin premises, a portion of which is needed for the school site. As soon as the land is secured, Kinney's request will be made. The department wants the building completed and ready for occupancy by next September to accommodate the bulk of the increase of public school children.

EXPECT STOCKHOLDERS TO INDORSE PROPOSALS

It appeared to be the general expectation of a number of the stockholders of Hawaiian Pineapple Company, who were seen this morning, that the proposal of the directors to increase the capital stock of the company by \$300,000 to a capitalization of \$1,000,000 and for the payment of dividends of 1 1/2 per cent monthly beginning January, would be approved by the shareholders at a meeting this afternoon.

A SNAKE AROUND THE ANKLE

Discussing dress extravaganzas occasionally to be seen in London, the woman writer for the Liverpool (Eng.) Daily Post says that recently there was a pretty young woman dressed as a widow (one hesitates to think she was a real widow) to be seen about and round her slim and silken-clad ankle was twirled a snake in glittering black jet.

MIYAKE HEARING IS STRANGE TALE

Federal immigration officials tell an interesting story concerning alleged fraudulent methods followed by H. Miyake and Tama Tanaka, the Japanese woman he has lived with as his wife for many years while his real wife and daughter were residing in Japan, in taking steps to have their illegitimate child recorded as a lawful one, by means of adoption.

As reported by the Star-Bulletin Tuesday, Miyake's appeal to Secretary of Labor Wilson, from the decision of the local immigration board of special inquiry forbidding him permission to reenter the territory, has been denied.

Miyake has applied for a writ of habeas corpus. He was denied re-admission on returning six weeks ago from a second trip to Japan.

After the child, Kiichiro Miyake, now a young man, was born to Tama Tanaka, Miyake, according to facts discovered by United States immigration officials of this port, who have investigated the case, arranged with another Japanese to take the infant and to register it at the Japanese consulate as their own. At the time the illegitimate child was born here Miyake's true wife was living in Japan. She continued to be his wife until 1905 or 1906, and has a daughter by him.

Kiichiro Miyake was taken care of by Miyake's confederate as arranged. They registered the child as their own, all according to Miyake's scheme. A few years later Miyake took out adoption papers for the boy. Afterward he went before the territorial secretary to prove Kiichiro's Hawaiian birth. He then swore, the federal officials claim, that Tama Tanaka was his lawful wife and Kiichiro her child.

When the United States Immigration officials questioned the Tanaka woman concerning her alleged marriage to Miyake, she said the minister who had married them was dead, the witnesses dead also, the marriage certificate had been burned with their house at the time plague-infected houses were burned by the board of health, and the marriage license lost. The board has been able to find no proof of the marriage and Miyake later admitted he had never been married to the woman.

WAR VICTIM HAD BEET SUGAR INTERESTS HERE

PHILADELPHIA, Pa.—Word was received here that Count Karl Von Holstein, a son-in-law of Alfred C. Harrison, of this city, was killed in action on November 4 with his regiment in the German army. The Countess Von Holstein, formerly Miss Mildred Harrison, who was about 45 years old, came to this country about 15 years ago. He had interests in the beet sugar industry in California.

WEDNESDAY, DECEMBER 20, 1916.

THE REPLY OF THE ALLIES.

The reply of the Allies to German peace proposals was forecast with perfect assurance that prophecies would come true, and come true they did.

The Allies are in no position to quit the war, while the close of the year finds the Central Powers in by far the best position to entertain peace negotiations they have reached since the battle of the Marne.

The Allies have achieved virtually none of the objects they announced as actuating them in entering the conflict. Belgium is not won back; France has not only been unable to retake more than a small part of Alsace-Lorraine, but a much larger portion of her territory is in German hands. Russia has lost Poland and much other ground. Serbia is annihilated. Rumania is almost submerged. Italy has gained something from Austria, but not her coveted goal, Trieste.

The British navy has swept German mercantile shipping from the seas, and the Allies have killed Germany's overseas commerce and foreign trade, and conquered Germany's colonies. The German fleet has been bottled up with more than a fair amount of success, but Teuton submarines continue to do a damage to Allied and neutral shipping which is keenly felt.

Though the Central Powers have lost their valuable overseas possessions—territorial and commercial—they have materially enlarged their European boundaries. That is why they are in now the best position since the war began to talk of peace. At the very outset of the war their colonies were doomed and the fate of their sea-trade sealed, but they have slowly turned the scales of the land combat in their favor by an organization of forces which has evoked reluctant admiration even from their enemies. In brief, the Central Powers suffered their greatest losses at the beginning of the war and have since developed their greatest gains—speaking now of the factors which must count when the diplomats sit down to negotiate peace terms.

The Allies—Britain particularly—wage the war in the name of humanity and justice toward Belgium. Obviously, a peace which does not include restoration of Belgium to independence, with a huge indemnity for its ravishment, is not the peace which the Allies have said would be attained at any cost to themselves. Obviously, any peace negotiations based on the present map of Europe are impossible of acceptance to the Allies. Obviously, too, the Allies cannot enter into negotiations now without acknowledging that they are unable to force the Central Powers to the terms they have promised the world will be meted out.

Premier Lloyd George's speech could not have been a bluff, brusque refusal to discuss peace in any way. No belligerent in so-called "civilized" war can refuse to listen when suggestions for an end to conflict come from the other side. Particularly in such a desperate, exhausting war as this, with nations wiped out and other nations in the throes of life-and-death struggle, no hint of a peace plan, be it ever so slight, ever so impracticable, can be absolutely turned down without a hearing, if it comes from the other side.

But Lloyd George has made it perfectly plain that the Allies will go on fighting because they do not believe Germany will grant the only kind of peace they can now accept.

Instead of shortening the war, the present proposal may very well have the effect of lengthening it. For Germany has proclaimed the Central Powers victorious in their European campaigns, and in so many words expressed a readiness either to talk peace now or to fight on. And the Allies have reaffirmed an implacable intention of reducing the Teutons to their terms. Consequently, the peoples of the Central Empires have been told that they can carry this war through to victory, if the Allies insist that it must be war; and the peoples of the Entente group have been told that triumph awaits them if they but continue their struggles and sacrifices. In the Central countries, particularly, any move to yield to the Allies, any reduction in the terms, any concessions, will be harder to explain after the chancellor's speech than before it.

AN INCIDENT OF POLITICS.

Politics not only makes strange bedfellows but breeds strange and sudden rows, controversies and frictions. The resignation of Dr. J. H. Raymond of Maui from the various offices which he holds by gubernatorial choice is a case in point. Concerning this resignation, by the way, the doctor told differing stories to this paper and the Advertiser. He did not deny to the Star-Bulletin that he had resigned but said he was getting out of politics because he had alienated many of his best friends through politics and intended to have no more of it. He denied there was anything back of his action except the desire to get out of politics, and denied specifically that the incident of the morning, when the governor refused to see him, had anything to do with his decision to quit.

Later in the day he told the morning paper, according to its detailed version, that he is "pau with Pinkham," whom he calls ungrateful and a "double-crosser," and said the final straw came when the governor would not see him.

The discrepancy in the two statements may be explained on the ground that anger grew upon the

Maui man until he gave vent to it in the interview roasting the governor.

From the various appointments and reappointments given Dr. Raymond by the governor, the public has gathered a very decided impression that the Maui man was receiving ample rewards in the way of political honors for his political services. It now appears that his failure to receive reappointment to the land board was the moving cause for his break with the executive. It would be interesting to know whether, if the governor had received Dr. Raymond yesterday and reappointed him to the land board, the Maui man would have continued as staunch a supporter of the territorial administration in the future as he has been in the past.

The break will give new ammunition to the anti-Pinkham Democrats, particularly the poison-gas squad of Panahi street. It will be welcome to them because they need more ammunition. They have shot away all they could muster, without doing very much damage to the governor's trenches in Hawaii or disturbing his line of communication with Washington.

AS TO THE "GUN-TOTER."

A news despatch from the island of Hawaii says: HILO, December 18.—Following the three murders by Maximo Bondad and his own death near Honokaa recently, Deputy Sheriff W. J. Rickard of Hamakua, has started a campaign among the plantation men in his district to round up every man who is unlawfully carrying firearms. Last week he arrested three men, and an example was made of them by Judge Hall in the Hamakua district court.

Deputy Sheriff Rickard has instructed every store in his district not to sell ammunition to any man unless he brings a written permission from himself to buy it. He says he proposes to make it so hard for an irresponsible man to carry a revolver or to get ammunition for one in his district that promiscuous shootings there will be almost paa.

This is the right sort of action, and the sheriff of the islands and its other officials of the law should back up Deputy Rickard to the limit.

Promiscuous "gun-toting" in Hawaii has been responsible for many bloody crimes in the last three years, yet the authorities have failed to take any adequate action.

Give some irresponsible man a knife or revolver, fill him up with bad gin or worse whisky, turn him loose in a community, and tragedy follows. Sometimes the man "gets" one of his own race, sometimes of another race; sometimes his victim is shot or slashed in a quarrel, sometimes the combination of irresponsibility and booze sends the desperado amuck without apparent cause and he shoot or knifes the first man or woman in his way.

Why are there so many bloody crimes in the islands? Why so many cold-blooded and hot-blooded murders? Why is there a steady increase in these crimes?

The three main factors, we would say, are the growth of disorderly elements in the community as coolie labor is brought here; promiscuous gun-toting; and booze.

The disorderly, desperate men would be far fewer without their accompaniments of deadly weapons and booze. In fact, nine-tenths of them would probably be law-abiding.

This is not a new subject. Legislation to stop the sale of deadly weapons to irresponsible persons has been proposed. It has also been proposed that the county authorities in each county search out and disarm men carrying such weapons. It would be a big job and a hard job, but better to do it than inertly to watch the tide of violent crime rise steadily in Hawaii.

One of the most practical objections against Delegate Kuhio's bill to make the governor an elective instead of an appointive officer is that the bill is sponsored by Kuhio and the political advisers with whom he has surrounded himself, and who have surrounded him, in the last two elections. Under such circumstances, the delegate and his advisers cannot expect the people to do otherwise than regard his measure as an effort to further his own political fortunes and those of his political group. The principle of home rule ostensibly involved in his bill is the principle Hawaii likes to support, but does Hawaii wish to carry into its governorship the political activities and inactivities represented in the last four years and the last two campaigns by Kuhio and his advisers?

"Banana Jack" Kalakieta complains about the condition of roads in his section of the city. The public might be interested in finding out how the ex-legislator stands on such improvement issues as the frontage-tax and bonds. Leaders of the party which boasts of his allegiance are against these practical measures for improving street and road conditions.

Who said Secretary of War Baker is a pacifist? He is out now in favor of some form of compulsory military service. If he ever had ultra-pacifist tendencies, he must have lost them after getting into the swing of the war department.

Merchants complain to the supervisors about dust on Queen street. The weather man fixed that this week.

"Hoppe Makes Record Run," says the headline over a billiard item. Why not a record hop?

And Lloyd George did it!

KAMEHAMEHA IS STATION ISSUES LAUDED BY DYER REPORT ON PINES

That there now is and will be for some time an urgent demand for trained mechanics at Pearl Harbor and that the navy is intensely interested in the work, the Kamehameha manual school is doing toward furnishing it with skilled labor, is the substance of a talk by Paymaster George P. Dyer, U. S. N., at a dinner in the dining hall of the school Tuesday evening.

The dinner was a part of "Founder's Day" exercises. W. O. Smith, chairman of the board of trustees, presided. About 300 persons attended, including students, alumni and friends. Dyer said that Uncle Sam was a strict taskmaster, requiring efficiency and obedient employees. And military training, he declared, is the best method by which this obedience may be instilled. He related in an interesting manner how, when 15 years old, he came to Hawaii on the cruiser Charleston, which brought back the body of King Kalakaua.

Chief Justice A. G. M. Robertson related a number of interesting events in the life of Mrs. Bernice Pauahi Bishop, founder of Kamehameha, and urged the students to follow the example that noble woman set for them.

The U. S. experiment station report on the spraying of yellow pineapple plants on manganese soils with iron sulphate solutions, which has resulted in the saving of many thousands of plants and greatly increasing their yield, has just been issued by the station. This report is the first publication which the station has issued on this subject.

The report gives a description of the sprayer which has been found best suited to the needs of the local pineapple raisers and describes the many steps which were necessary before M. O. Johnson, the chemist who discovered the method, finally arrived at the correct solution. Definite figures as to the comparative yield of sprayed and unsprayed plants are contained in a table and are of special interest.

A warning is also given against the danger of spraying plants of reduced yields where the fault is not because of manganese in the soil but that the soil is worn out and the report says that this danger must be provided against by the application of fertilizers and proper provision for suitable drainage.

No Hyphen In Premier's Name

Does the new premier of Great Britain take his name with or without the hyphen? Is it Lloyd-George or Lloyd George?

Answer: He takes it without.

A newspaper correspondent gives the following timely information:

"The new premier's name is George. His brother's name is William George, and because his youngest brother, David, had a middle name, your contemporaries insist on hyphenating him. The reason for the prominence given to the middle name is out of compliment to his uncle, Richard Lloyd, who on the death of Premier George's father took the two boys and their mother into his humble home in a Carnarvonshire village and out of his meager earnings as a shoemaker supported the little family and gave the brilliant David an education that ultimately made him prime minister of Great Britain. Today the little Welsh lad who suffered, struggled, questioned and conquered is possibly the most remarkable figure in the world."

VITAL STATISTICS

BORN

LONGLEY—In Honolulu, December 19, 1916, to Mr. and Mrs. Abner T. Longley of 1224 Fourteenth avenue, Kaimuki, a son—Jack.

CABRAL—In Honolulu, December 17, 1916, to Mr. and Mrs. Manuel Cabral of 1728 Kaunualii street, Kalihi, a son—Manuel.

KAUIAIA—In Honolulu, December 17, 1916, to Mr. and Mrs. Jacob Kauiaia of Fort street, near School, a son—Jacob.

MARRIED

PLEMER-COX—In Honolulu, December 19, 1916, Henry K. Plemmer and Miss Lizzie P. Cox, both of Wailua, Oahu, Rev. Samuel K. Kamatapu, assistant pastor of Kaunakakai church, Palama, officiating; witnesses—Mrs. Meleana Plemmer and Mrs. Deborah Sniffen.

BROOKS-EDWARDS—In Honolulu, December 18, 1916, Murray L. F. Brooks and Miss Lillian Edwards, Rev. Felix H. Conway, pastor of the Seventh Day Adventist church, officiating; witnesses—Mrs. Birdie Conway and Miss Bertha Lofstad.

DIED

SWINTON—In the Queen's Hospital, Honolulu, December 19, 1916, Harry S. Swinton of this city, former manager of Lunallilo Home, a native of Honolulu, 75 years, 6 months and 18 days old.

LONGLEY—In Honolulu, December 19, 1916, Jack, infant son of Mr. and Mrs. Abner T. Longley of 1224 Fourteenth avenue, Kaimuki, a native of this city.

NUNES—In the Queen's Hospital, Honolulu, December 18, 1916, Mrs. Isabel Augusta Nunes, wife of Manuel Nunes of 76 South Beretania street, a native of Funchal, Madeira, Portugal, 55 years, 7 months and 18 days old.

LUKELA—In Honolulu, December 18, 1916, Polani Lukela of 2434 Liilua street, former prison guard, married, a native of Koolauloa, Oahu, 57 years old. Buried yesterday in Kawaiahaeo cemetery.

W. Elmer Payntar, a real estate dealer of Long Island City, was arrested, charged with larceny of \$30,000.

CUSTOMS BOARD WILL COME HERE

Making its first visit to the Honolulu custom house since its organization four or five years ago the customs efficiency board of Washington, D. C., expects to come to the islands on business some time in February, according to a letter received from the mainland yesterday in the Wilhelmina by Acting Collector of Customs Raymer Sharp.

The board has since its creation visited every custom house in mainland ports but this is the first time it has seen its way clear to visit Hawaii here. The members will make a study of the local custom house, looking into its methods and will make recommendations to Washington for increase or decrease in the present force and salaries paid employees of the customs service here.

Sharp has also been advised that F. M. Halstead, chief of the division of customs, Washington, D. C., expects to visit Honolulu at the same time the board arrives. The acting collector hopes to keep him here long enough to see the 1917 Mid-Pacific Carnival, so Halstead will be a good booster for Honolulu's annual mid-winter pageant.

LETTERS

NO FAULT OF THE POLICE

Honolulu, T. H., Dec. 20, 1916. Editor Honolulu Star-Bulletin.

Dear Sir: Since having a conversation with you this morning in regard to an article in Tuesday evening's paper, entitled "Thief Defeats Old St. Nick," I felt that in justice to the sheriff and Capt. McDuffie I should have the following facts published:

W. E. Weatherby called up the detective department and asked for Mr. Hutton. I was called to the phone and the following conversation took place over the phone.

Mr. Weatherby told me that some one had entered his home during the day by breaking the screen on one of the windows and that some articles were taken. I asked him if he had any idea of anyone in the neighborhood having done this and he stated it looked like kids' work. I told him that I would personally look up the case. He then said that only a few pencil boxes had been taken and they were of no value, but that he thought he would let me know of this matter.

I have had considerable dealings with Mr. Weatherby in my office at the police station, and taking this as a personal matter, I did not notify my captain of the affair at all.

I had intended to visit Mr. Weatherby by the following evening and go over the matter with him, and you can imagine my surprise on reading the article in your paper that afternoon.

When Mr. Weatherby states that I said, "Lots of other people in that neighborhood had been robbed and he had no particular reason to kick," he told a deliberate lie. I informed him that I was surprised to hear of his place being entered, as it was the FIRST complaint from that neighborhood that I had received.

Hoping that I have made it clear that Sheriff Rose and Capt. McDuffie knew nothing of this matter, I am, Very truly yours, W. H. HUTTON.

Perhaps you know exactly what you or friend wants.

Probably You Need Suggestions and that is exactly what the merchant is advertising for—to help you with your buying.

Read the Advertisements and you will secure exactly what you need or very close to it.

At Least You are Sure to obtain a closer approach to your ideal than you possibly could by just wondering what to do.

Paid Publicity is Service for You.

PERSONALITIES

ROBERT HIND, senator-elect, has returned to the islands from a trip to the coast.

J. M. KANEAKUA, county clerk of Kauai, is in Honolulu as a witness in a land case now on trial in Circuit Judge Whitney's court.

PETER FRANCIS and Marcus Lee are going to the Volcano to spend their Christmas holidays. They are attending St. Louis College.

JOHN HAMILTON, formerly with the Laupahoe Sugar Co. and of the board of health, left for San Francisco on Tuesday to be absent about a year.

MRS. F. J. DUNLEAVY, who was married in Honolulu in the nineties and left the islands with her husband, has written from Nova Scotia announcing the death of her father. He will sail January 27.

was born in England, was among the California argonauts, then a coal mine manager in Nova Scotia, also figured there in county and municipal government and died lately aged 91 years, all of which locally printed obituaries with his picture relate at length.

MISS CELESTINE SILVA left on the Mauna Kea for the Big Island to spend her Christmas vacation at Mahukona. She is a student at the Sacred Hearts Academy in Kaimuki.

ENGINEER M. SAIKI of the Japanese communication department, who arrived on the Korea Maru to investigate the Hawaiian wireless system, has made his home at the Mochizuki Club.

CLINTON G. OWEN, superintendent of the Honolulu branch of the Hawaiian Fertilizer Company, has been promoted to the head of the company's main office on the coast, taking the place of Vernon L. Tenny. He will sail January 27.

Mr. Motorman--

Why not buy a lot near your work and build a cosy bungalow? The lot and house together need not cost over \$2500. If not convenient to pay cash, \$500 down and easy monthly payments may be accepted. Prove to yourself what can be done by allowing us to show you what has been done.

If it's from Wichman's, you know it's good

No single fact can guarantee the quality and beauty of the gifts you have chosen than that they have come from Wichman's, the jewelry store that has set the standards of such things for nearly a third of a century here in Hawaii.

CHRISTMAS SUGGESTIONS

For the Husband, Brother, or Father

The man is a most particular being, and these suggestions will relieve many a woman of her most difficult Christmas problem.

- | | |
|---|-----------------------------|
| Gold or Silver Belt Buckles | Fountain Pens |
| Key Rings in gold and silver | Desk Sets, Calendars |
| Cuff Links in platinum and gold | Ink Wells, Letter Openers |
| Full Dress Sets | Clothes Brushes, Card Cases |
| Military Brushes, mounted with gold or silver and monogrammed | Emblem Charms or Buttons |
| Watches, Wrist Watches | Wine Sets, Decanters, |
| Chains, Fobs, Silver Pencils | Bottle Openers |
| | Silk Umbrellas |

For the Engaged Girl to give to "Him"

These suggested Gifts are very carefully chosen from a long list:

- | | |
|--|----------------------------|
| Signet Rings | Gold Locket |
| Scarf Pins | Vest Chains |
| Fountain Pens | Diamond Links |
| Card Cases | Cuff Buttons and Stud Sets |
| Desk Fittings: Clocks, Letter Openers, Blotter Pads, Ink Wells, etc. | Cigarette Cases |
| | Silver Pencils |

For Father or Mother to give to Son

- | | |
|-------------------|------------------|
| Knives | Jeweled Studs |
| Key Rings | Match Boxes |
| Full Dress Sets | Walking Sticks |
| Gold Watches | Umbrellas |
| Photograph Cases | Silver Pencils |
| Lapel Chains | Military Brushes |
| Toilet Sets | Safety Razors |
| Traveling Brushes | Shaving Sets |
| Clothes Brushes | |

Gifts for the Bachelor

- | | |
|-----------------|-----------------|
| Cigar Lighters | Cigar Holders |
| Briar Pipes | Cigar Cases |
| Match Boxes | Cigarette Cases |
| Cigar Stands | Cigar Cutters |
| Ash Trays | Tobacco Jars |
| Traveling Cases | |

There are three more days in which to accomplish the purchasing and sending of your Christmas Gifts. Selections made today and sent immediately will most surely be received in time for Christmas morning.

Jade Jewellery

The genuine Oriental Jades in settings of pure heavy Chinese gold of exquisite design. This stone is a gift sure to be appreciated; attractive yet not expensive.

- | | |
|-----------|------------|
| Brooches | Rings |
| Bracelets | Scarf Pins |
| Necklaces | Fobs |

To Give to Baby

- | | |
|---|--|
| Necklaces of tiny, perfect matched pearls | Spoons, initialed, either gold or sterling |
| Locket of platinum or gold | Child's Sets of Knife, Fork and Spoon |
| Rings | Silver Drinking Cups |

Wichman quality embodied in Leather goods

Appropriate gifts for every member of the family and every friend may be found here. They are always in the best of taste, and will be very much appreciated by the recipients. Here is a partial catalog:

- | | |
|----------------|------------------|
| Purses | Cloth Brush Sets |
| Hand Bags | Card Cases |
| Slippers | Cigar Cases |
| Collar Bags | Jewel Boxes |
| Sewing Stands | Tobacco Pouches |
| Picture Frames | |

For the Wife, Sister or Mother

Anyone of feminine mind will be delighted with presents such as we list here:

- | | |
|--|---|
| Gold-mounted Toilet Sets | Memo Pads of gold or silver, engraved with monogram |
| Mesh Bags of gold or silver | Vanity Cases of gold or silver |
| Gold or silver Lorgnettes, set with jewels or not. | Join Cases, Stamp Cases |
| Gold or silver Bodkin Sets | Engraved Stationery or Cards |
| Pendants, Brooches and Bar Pins | Also Cut Glass, Silverware, or Leather Goods |
| Vases—silver or cut glass | |

For the Engaged Man to Give to "Her"

Of all puzzling Christmas questions, what to give to the fiancee is the most delicate.

- | | |
|--|---------------------------------------|
| Diamond Rings | Birth Month Spoons |
| Lavalliers | Shopping Bags |
| Dainty Wrist Watches of platinum set with diamonds | Bouquet Holders |
| Cameo Brooches | Desk Sets |
| Diamond Bracelets | Silver Novelties |
| Sterling silver Card Cases | Necklaces of Jewels, Platinum or Gold |

For Father or Mother to Give to Daughter

- | | |
|------------------------------|--|
| Toilet Sets | Manicure Sets |
| Powder Paper Holder | Hat Pins |

SHIPPING & WATERFRONT NEWS

WILHELMINA HAS STEAMED 455,000 MILES IN SEVEN YEARS' SERVICE

Since the Matson liner *Wilhelmina* will remain on her present schedule only until March 7, when the palatial new liner *Maui*, duplicating the *Matsonia*, will take her run, it is interesting to know that in the seven years she has been in the island service she has traveled 455,000 miles.

Capt. Peter Johnson, her commander, who will command the *Maui*, probably leaving the *Wilhelmina* for the new Matson flagship after one or two more voyages, took a pencil and paper today and demonstrated that she has traveled since her launching in 1909 a distance equal to almost 19 times around the globe.

455,000 on Island Run

"The *Wilhelmina* has been running for seven years," said the veteran Matson commander. "She makes 13 trips a year, 5000 miles to each round trip, counting in the additional distances from Honolulu to Hilo and San Francisco to Crockett. That is 65,000 miles a year. Multiply this mileage by seven and it makes 455,000, not counting the 14,000 miles she steamed coming to San Francisco from Newport News, where she was built. In-

cluding the 14,000, my steamer has traveled 469,000 miles since she was launched. She has never been laid up, either, and has never lost her schedule since she went into commission.

Crew Going to New Boat

Capt. Johnson said he understands that the majority of the *Wilhelmina's* officers and crew will go over with him to the *Maui* when she is ready for her maiden voyage to the islands. She will arrive here for the first time on March 7, leaving San Francisco March 7, with the leading officials of the Matson Navigation Company, including Capt. William Matson, and many other prominent men of the Pacific coast aboard.

Will Take Lurline Run

After the *Maui* is on the run, the *Wilhelmina* will be put on a slower schedule, operating with the *Manoa* and taking the *Lurline's* run, calling at Kahului with the *Manoa*. The *Lurline* will then be free for whatever run she happens to be needed on most.

The *Wilhelmina* has a new surgeon this voyage. He is Dr. W. D. Allen. The former M. D., Dr. Charles H. Cristal, has left the Matson line's employ.

MAUNA KEA BACK ON HILO ROUTE

At 10:25 this morning, 25 minutes late, the inter-island flagship *Mauna Kea* left Hilo and way ports, returning her old run. She has been off it since December 2, undergoing repairs and a general overhauling. Repairs included new sets of boiler tubes in her two boilers. Repairs to the *Mauna Kea* were rushed day and night by the Honolulu Iron Works and were completed in time for U. S. inspectors of hulls and boilers Joseph J. Meany and Thomas J. Heaney to finish their annual inspection at 9 o'clock this morning. They report the steamer to be now in first class condition.

Copies of the inter-island's 1917 schedule are being distributed this week. There are no changes in it from the 1916 one. The same steamers and hours of departure and arrival are listed as last year.

HARBOR NOTES

Friday the China Mail liner *China* is due to steam from San Francisco for the Orient. She will arrive here December 29 if on time.

Next mail from San Francisco and Los Angeles, 540 bags, will arrive at 10 o'clock Friday morning on the Hill liner *Great Northern*.

Bringing lumber for Lewers & Cooke, the schooner *Repeat* arrived from Whilapa Harbor this morning. She was berthed at Pier 17.

After the *Great Northern* Friday morning the last Christmas mail for the year to reach Honolulu will come Monday morning in the *Oceanic* liner *Sierra*.

The Lewers & Cooke lumber schooner *Robert Lewers* entered port today. She showed up from Port Gamble about 6 o'clock this morning. She docked at Pier 2, Channel Wharf.

Due to leave Vancouver and Victoria today for Honolulu, Suva, Auckland and Sydney, was the Canadian Australasian liner *Niagara*. She is scheduled to arrive here December 27, a week from today.

A masquerade ball was held Monday night aboard the Matson liner *Wilhelmina*. Chief Steward George Paston, disguised as a peroxide blonde, was the big noise of the occasion, according to all reports.

Next mail for San Francisco will leave at 10 o'clock Tuesday morning on the Hill liner *Great Northern*. The postoffice despatched 127 bags on the *Oceanic* liner *Ventura* Tuesday afternoon. She steamed at 5:15 for the coast.

Record Christmas mail of the year, 1160 bags, arrived on the Matson liner *Wilhelmina* Tuesday afternoon. The letter mail was delivered on the afternoon delivery; the majority of the parcel post matter went out this morning and the remainder is being delivered this afternoon. The *Wilhelmina* brought 1253 bags last Christmas, the 1915 record.

Radiograms

S. S. *SIERRA* arrives from San Francisco Monday with 53 cabin passengers for Honolulu; 440 tons cargo; 840 bags mail; 20 pkgs. express matter. Proceeds to Sydney about 3 p. m.

PROPOSES TO ANTICIPATE FURTHER RISE IN ASPHALT

To save the city and county several thousand dollars a plan was suggested Tuesday evening by Supervisor Arnold for the purchase of 400 tons of asphalt before the price again goes up.

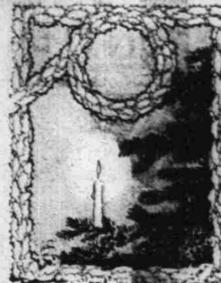

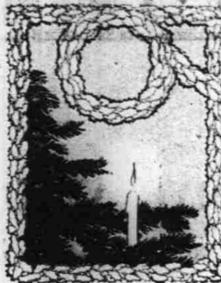

Arnold informed the members of the board that after the first of the year asphalt would cost between \$22 and \$23 a ton, while they could get it now for \$18.30.

He asked them to take it under consideration and report at the next meeting.

HATCH OPPOSES HIRING ENGINEER

Whether the engineering department shall engage another engineer as recommended by Mayor John Lane was a subject Tuesday evening of considerable argument at the meeting of the board of supervisors. Nothing definite was decided and it was referred to the finance committee for a report as to whether the city could stand the extra expense.

Supervisor Hatch said he believed the board was making a grave mistake by hiring another engineer. "I want to remind the board that we are approaching the end of our term and must keep inside our appropriations," he said.

Taking the other side, Arnold said that the engineer was for improvement district work only and was badly needed as the work is behind. He said that while the money to pay the engineer would, for the present, come out of the improvement fund, it would, as soon as the bonds for each improvement district are sold, be refunded. "We can not go fast enough to satisfy the demand," Arnold said, "and the improvement fund is able to carry the burden."

Logan and Larsen were also in favor of hiring another engineer, the former saying that it should have been done when the first improvement district was formed. Logan also pointed out that plans for engaging an engineer had already been approved, even to setting his salary.

Hollinger moved that the matter be referred to the finance committee, which was done.

COMPLAIN QUEEN STREET DUST BECOMES NUISANCE

Eight firms situated on Queen street, between Fort and Kaahumanu, have protested to the board of supervisors that the dust along Queen

street has become such a nuisance that it is not only damaging their places of business but is also a detriment to health and has requested that it be alleviated. Arnold asked that the protest be referred to the road committee and said that he would have it cleaned up.

MUST PUBLIC PAY FOR USE OF GARBAGE DUMP?

Supervisor Arnold fired a bomb into the meeting of the board of supervisors Tuesday evening when he asked why citizens of Honolulu could not dump their garbage into the public dumps. "They can," said Larsen. "That is just the point," said Arnold. "They

can not and I can cite incidents where they have been ordered away."

Arnold then moved that the board vote to have the public dump opened to the public. The other members, however, believed that there must be some reason back of the health department's refusal and the matter was referred to the health committee for investigation.

HATCH OBJECTS TO QUARRY IN PARK

Using Kapiolani park as a sand quarry was the subject of a protest by Supervisor Hatch at the meeting Tuesday evening of the supervisors. He informed the board that sand by the wholesale was being taken out of the park and asked why it was being done.

Arnold said that he understood that for each cart load of sand taken out another of soil was brought in.

In reply Hatch took out of his desk a piece of quarry rock. "This is a sample of the fine soil which is replacing the sand," he said. "Is this the way to manage a park?" he asked.

Hollinger, chairman of the park committee, appeared to be blushing and Arnold promised to look into the matter.

SUPERVISORS NOTES AND CITY BUSINESS

The next meeting of the board of supervisors will be held Thursday noon for the passing of pay rolls only.

The request of the garbage department for a raise in pay of 50 cents a day was referred to the finance committee.

For the first time in many weeks A. C. Clark was not present at the meeting of the board of supervisors Tuesday evening.

The county clerk was authorized to call for tenders for department supplies for the next six months from firms carrying the needed articles.

The first payment to the Spalding Construction Company for the paving of Kalakaua avenue has been authorized by the board. It amounts to \$3812.15.

A bill from Yee Yap for \$578.37 for 661 square feet of land on Nuuanu at the corner of Kukui, which he has deeded to the city, was approved by the board. The land is to be used for the purpose of widening Nuuanu.

According to A. M. Cristy, deputy city attorney, only one lot on Kalakaua and three on King street extension have failed to pay their frontage improvement assessments. All other improvement districts are entirely paid up.

The board of supervisors Tuesday evening adopted a resolution to have all fire and police vehicles equipped with a motor exhaust horn and these blown continuously with an emergency business through the public thoroughfares.

Jack Kalakiela, who lives on Jack lane, appeared before the board of supervisors Tuesday night and asked them to have the trees and bushes cut back on Jack lane as they have grown so thick that it is difficult for an automobile to pass.

The board Tuesday evening approved the recommendation of A. M. Brown, city attorney, that the claim of Mrs. Alice Parsons against the city for \$85 was just and it voted that the water department should pay her the money. Mrs. Parsons was injured on Hotel street when she fell into a manhole which was under jurisdiction of the water department.

That the surfacing pavement on Queen street should be torn up and a new one laid by the bitulithic people, according to the contract, instead of heating and rolling the present one, which is fast going to pieces, was a suggestion advocated by Supervisor Arnold Tuesday evening and he moved that the matter be referred to the attorney's office to ascertain just how far the city and county can go in forcing the paving company to put in a new surfacing. It was adopted.

The time grows short---Sachs' has been ready---is still ready to help you in the best possible ways---that every one on your list may be properly remembered.

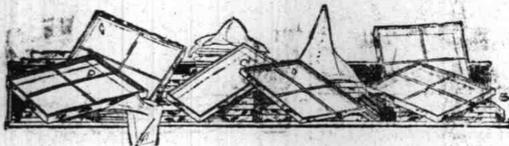

Handkerchiefs

on every Holiday Gift list.

And there are thousands of them here from which to select, for our collection is one of the most comprehensive in the city. Whether you require simple hemstitched, initialed, embroidered or lace trimmed Handkerchiefs, the assortment is ample enough to meet every demand. And the prices are attractively low.

No Two Pieces Alike

Capt. Thomas S. Marvel, former head of the Marvel Shipbuilding Company, which built the Hendrik Hudson and many other Hudson river steamers, is dead. Surrogate Fowler has appointed George Brokaw Compton to hear testimony and report what part of the Hetty Green estate is taxable under New York laws.

CLEMONS QUILTS FEDERAL BENCH

Hon. Charles I. Clemons, judge of the local federal court, has resigned. His resignation already is on its way to the department of justice at Washington, D. C. and is due to take effect January 15.

While his plans for the future are somewhat unsettled at present, he says, Judge Clemons eventually intends to resume the practice of law. Although he declined to discuss his plans today there is a possibility, it is reported, of the formation of a law firm by himself and Hon. E. M. Watson, former associate justice of the supreme court and now attorney for the public utilities commission.

A meeting of the Bar Association will be held shortly to discuss the endorsement of some local attorney for the federal bench. Members of the bar seen today by the Star-Bulletin, including two of the officers, asserted they were unable to mention with any degree of authority a local attorney who might be the choice of the organization.

Watson declares he is not an applicant nor a receptive candidate for the federal position.

GILDED 'JITNEYS' IN CIRCULATION

One more gilded nickel, an ordinary 5-cent piece coated with a film of gold and otherwise doctored to have the appearance of a \$5 gold piece, was added today to Marshal Smiddy's collection of counterfeit coins and coins that have been tampered with.

This nickel was found by George S. Raymond, school inspector, in his pocket this morning. He believes he received it last night. Much of the gold plating was worn off and in the center was a coating of lead, where an attempt had been made to cover up the "V." The nickel is similar in appearance to the one recently received by Henry W. Kinney.

Four of these gilded nickels are now in the marshal's possession, and a Chinese is under arrest on a charge of manufacturing them. The marshal also has an imitation in lead of a \$5 gold piece of the new design. One of the nickels was passed over a local bar at night and \$4.75 given in change for it. The proprietor of the place turned it over to the marshal.

The Interborough Rapid Transit Company in September carried 58,026, 654 passengers, against 48,827,637 in the corresponding month a year ago.

STOCK MARKET IS STRONG IN SPOTS

With a smaller volume of business the general tone of the stock market was strong, although there were some recessions from top prices. McBryde showed greatest strength of the listed stocks, rising to 12, but losing 1/2 of its 1 1/2-point gain over Monday's price. Other prices were Oloo 15 1/4, 15 1/2, 15 3/4, Waihua 32 1/4, Pineapple 56 and 56 1/4, Oahu 31; Ewa 31 1/4. Sales between boards were 1350 and at the session 185.

In unlisted stocks Engels Copper was the strong feature. It advanced from \$4.20 yesterday to \$4.35, \$4.40, \$4.45 and \$4.50, then declined to \$4.47 1/2. Sales of this stock were 4969. There was good news in Mineral Products, but all sales, 11,250 shares, were at \$1.12 1/2. Oil was \$4. Mountain King 45 cents, Montana Bingham 40 cents and Tipperary 4 1/2 cents.

ANNOUNCEMENT.
It is the intention of the stockholders of record on January 2, 1917, to incorporate the Tanjong Olok Rubber Plantation, Ltd., in Honolulu, under the laws of the Territory of Hawaii and to assign all the assets of the present company, which is incorporated in Victoria, British Columbia, to the new company. The capital of the new company will be the same as the old company, that is, \$300,000, and there will be 15,000 shares of the par value of \$20 each. These shares will be issued to the stockholders of the Hawaiian corporation, according to their holdings in the old company.

The stock books of the Tanjong Olok Rubber Plantation, Ltd., will be closed to transfers from December 26, 1916, to January 2, 1917, both dates inclusive.

A Misrepresentation By the Morning Paper

To the Ladies of the Outdoor Circle and the Public Generally of Honolulu:

The Morning Advertiser, in their columns of December 12th, gave a lengthy article on bill-board advertising and stated that a Chinese millinery establishment was using the billboards as a medium of advertising.

Now, as we are the only Chinese in the millinery business in Honolulu, and in justice to ourselves, our manager called at the editorial department of the Advertiser and explained that we had not attempted to do any advertising on billboards. He was promised a correction of the statement would be published. We have patiently waited for this correction, but the promise made was not fulfilled. We believe the least the Advertiser could have done was to keep their word. We think that their treatment has been doubly unfair.

Our company is composed of American citizens who have the welfare of Honolulu thoroughly at heart, and we would do nothing to oppose the efforts of those who are working for the civic pride of the city.

We trust this notice will be ample proof of our readiness at all times to help rather than retard the efforts of the good people who are desiring to make our city more beautiful.
