NEUTRAL NATIONS OF EUROPE CONSIDER NEW PEACE MOVE

PROHIBITION FOR HAWAII ONE STEP FURTHER ADVANCED

Senate Rejection of Amendment Providing for Vote in District of Columbia Has Direct Bearing on Legislation for Territory

By rejecting the proposal of Senator Underwood that the question of prohibition for the District of Columbia be referred to a vote of the people in the district, the upper house of Congress advanced prohibition for Hawaii one step further.

The "dry" forces have lined up the District of Columbia and Hawaii together in their campaign. It is regarded as certain in Washington that if the District is legislated "dry," Hawaii will be also.

Though action on the District of Columbia measure has gone over until after the holidays, it is generally believed the bill has a splendid chance of passage then.

The following news despatches which have come from Washington, and the correspondence by the Star-Bulletin's representative at the national capital, outline the situation.

(Associated Press by Federal Wireles)
WASHINGTON, D. C., Dec. 20.—A parliamentary display by Senator Ashurst of Arizona today upset the plans for an immediate vote on the bill for prohibition in the District of Columbia, and the prohibition advocates were obliged to agree that the bill go over until after the holidays.

(Associated Press by Federal Wireles)
WASHINGTON, D. C., Dec. 20.—The way was cleared yesterday for legislative action today on the amendment on the bill providing prohibition in the District of Columbia. The amendment proposed by Senator Underwood providing that the subject of prohibition be referred to a vote of the people was lost on a tie vote.

By C. J. ALBERT
(Special Star-Bulletin Correspondence)
WASHINGTON, D. C., Dec. 10.—The fight for prohibition in Hawaii and the District of Columbia started off "like a house afire." The major movement got under way before Congress was a week old. In fact it seemed difficult to restrain the advance guard until the opening day and the president's address were out of the way. The fifth day of the session saw the senate busily engaged in discussing all forms of wetness and dryness.

It is self-evident there will be no let-up in the fight until March 4. There must either be legislation or a good reason for postponing it. Notice already has been served on the house that if a fair and square record vote is refused by the leaders over there prohibition will be offered as an amendment to the District of Columbia appropriation bill.

It is accepted as certain that prohibition will prevail, so far as this city and Hawaii are concerned, if a decisive vote is reached. For that reason the opponents will devote all of their energies to preventing such a vote. Various plans already are under consideration. The referendum is the one most highly favored. It is urged that the citizenship of the affected territory be allowed to express their preferences in the matter. This at least would mean delay. Senator Underwood is strongly urging that this be done.

Senator Sheppard, as heretofore, is leading the fight for prohibition. He is determined to win if possible at this session. In such an event he will bring up next year the struggle for nation-wide legislation to eliminate rum. He believes the capital city and Hawaii can be made dry before the 4th of March rolls around. All those who think the same way are standing right behind him.

Present indications are that the fight will be pretty and lively one. It will range up and down during the ensuing three months. Whenever an opportunity is presented the subject will be brought forth for discussion. Whenever there is a lull pressure will be brought to have a decisive vote taken.

BIDS FOR SEAVIEW BONDS AUTHORIZED BY BOARD

A call for bids for the Seaview frontage improvement bonds was authorized Tuesday evening by the board of supervisors.
The bonds amount to \$6000, pay 5 1/2 per cent and are due February 1, 1921, although subject to call February 1, 1918.

Bids may be made for all or a part of the bonds which are of \$500 denomination.
L. C. Thompson ("Tommy") of the local Southern Pacific ticket office, is the possessor of a large quantity of prunes today, having received on the Wilhelmnia yesterday three fine boxes of the Santa Clara valley variety, from friends living in that section. He has been busy giving away samples of this old reliable boarding house standby all day.

PROPERTIES FOR NEW TOBACCO CO. ARE NOW SECURED

Bishop Estate Conveys Lands to Old Company, With \$200,000 Improvements

Two deeds recorded Monday, one by the Bishop estate to the Kona Tobacco Company and the other by the tobacco company to William R. Castle and both conveying 15.74 acres of South Kona land, mark a new stage in the progress of settlement of the affairs of the tobacco company and the turning of the property over to a new company, not yet incorporated but to be known as the South Kona Tobacco Company.

Under a lease to the Kona Tobacco Company the Bishop Estate agreed to convey to the company for \$1000 net to exceed 25 acres. On 15.74 acres of this the company erected its buildings and improved it to a value estimated at \$200,000. This is the property conveyed to the company and by the company to Castle, who will in turn convey to the new company as already agreed for \$50,000, shares of the stock of such company when it incorporates.

Mr. Castle also says that J. Smith is now on the property and writes saying that he has the beds ready for planting and has on hand plenty of seed of Sumatra and other tobaccos, including Cuban. Castle adds that Smith's success as a grower before makes it unnecessary to bring the company into being and who will specialize on curing here before next June.

DREAD DISEASE AMONG MILITIA

(Associated Press by Federal Wireles)
WASHINGTON, D. C., Dec. 20.—Three deaths were reported to the war department today of Georgia national guardsmen serving on the border, all due to spinal meningitis, and two cases of the same disease are reported among the Pennsylvania guardsmen. Army medical officers have telegraphed the department that there is no danger of an epidemic.

FUNDS NEEDED FOR TRAINED TEACHERS

Within the next two or three weeks the annual report of Henry W. Kinney, superintendent of public instruction, will be handed the governor. But few recommendations will be made as Kinney considers none are necessary.
"As to matters of legislation," says the superintendent, "the school laws need no changes so far as I know. The need now is equipment and additional teachers. The number of teachers is constantly varying with the influx of new children."
"We need more money to be able to substitute trained and experienced teachers for some of the untrained teachers whom we are now forced to employ."
Kinney says he hopes there will be some legislation providing for a raise of teachers' salaries. "We are going to ask for the things we need the most, and one of them will be an increase," he adds. "This will be of importance, especially to those teachers now being paid the low salaries."

BOPP'S COUNSEL OPENS DEFENSE IN "BOMB PLOT" CASE

Says Germans Hired Investigators to Get Facts About Submarine Trade

(Associated Press by Federal Wireles)
SAN FRANCISCO, Cal., Dec. 20.—That submarines were built in the United States for the Allies, violating neutrality laws and practices, is the charge made today by an attorney for Franz Bopp, the German consul-general of San Francisco, who is on trial here for criminal conspiracy in so-called "bomb plots."

The first witness for the defense today, Vice-Consul E. H. von Schack, said that Germany had ordered him to get information as to the munition shipments of the Entente powers, and that he had hired C. C. Crowley and Louis J. Smith.

The prosecution rested its case against Bopp and his associates late yesterday in the U. S. district court.

The last witness called to the stand by United States District Attorney Preston was Mrs. Louis J. Smith, wife of Louis J. Smith, one of the defendants and star witness for the government. Smith is reported to have been promised immunity.

Mrs. Smith yesterday corroborated the story told by her husband exposing the details of the alleged conspiracy. Smith's testimony covered a long range of movements and attempts to blow up British ships in Seattle and Vancouver and to destroy munition shipments. He testified that he had been employed by C. C. Crowley, private detective of the German consulate, who is also one of the codefendants with Consul Bopp.

Crowley has been identified by witnesses as the man who posed as a secret service operative of the federal government and investigated the explosion of a barge of war dynamite in Seattle in May, 1915.

The prosecution successfully countered the efforts of the defense to disqualify Mrs. Smith as a witness on the ground that she could not testify against her husband. Judge Hunt ruled that she might testify against the other defendants, and on this ruling she was permitted to tell her story.

In opening the defense today Attorney Roche of counsel for Bopp said he would show that the Germans had hired investigators to uncover the facts about submarines constructed by the Union Iron Works in San Francisco and shipped in separate parts for assembly in Canada. He said he would also show that a British ship transported Japanese from San Francisco to Japanese ships in the Pacific for war duty.

Attorney Roche declared emphatically that the Germans hired no dynamiters.

PINKHAM TAKES UP SECRETARYSHIP

Governor Pinkham has communicated with Secretary Franklin K. Lane of the department of the interior over the vacancy in the office of territorial secretary on January 1, when the resignation of Wade Warren Thayer becomes effective.

Whether or not he has recommended one man or several men the governor today declined to state. He said there would be time enough to announce further details when he has heard from the department at Washington. He intimated that the correspondence with Secretary Lane in the matter had been by letter.

Official notification that Secretary Thayer had resigned was not received by Governor Pinkham until a few days ago, until which time he declined to take up the resignation with Washington officials.

SAY BOURBONS TO FIGHT BOND ISSUE

Whether the Democrats, as a party, will oppose the issuance of bonds for proposed sewer and water improvements at the plebiscite already called by the supervisors, probably will come up for discussion at a meeting this evening of the members of the territorial central committee.
The proposed bond issue, which was a feature of the last election, but which was lost, not by majority but by percentage, is said to have been bitterly attacked by the Bourbons, and there is talk in political circles that this attack will be renewed at the coming plebiscite.
Prof. W. A. Bryan, chairman of the committee, and J. L. McCandless, leader of the party, today asserted that they have heard nothing regarding the purported attack, nor do they know whether it will be taken up at tonight's conference.

Late News At A Glance

THIRTEEN KILLED IN GUATEMALA EXPLOSION
SAN SALVADOR, Salvador, Dec. 20.—A volcanic explosion occurred today near the village of Lower Verapaz, Guatemala, 15 people being killed.

DES MOINES MAYOR ORDERS COAL SEIZED TO RELIEVE POOR
DES MOINES, Ia., Dec. 20.—By order of the mayor the Des Moines police today seized a carload of coal, for delivery to the poor of the city who are suffering from cold. The mayor notified the owners that the coal was seized by virtue of necessity and that accordingly a check for the coal at wholesale rates was mailed to the company.

ANOTHER BATTLE WITH VILLISTAS REPORTED
JUAREZ, Mex., Dec. 20.—Baudelio Uribe, an ex-Villista, said to be the originator of the practise of cutting off the ears of Carranzistas, and 17 of his followers have been executed by the "home guards." Many Villistas have been killed in a battle southwest of Chihuahua City with the "home guards," according to reports today.

WANT MORE MONEY FOR KUHIO WHARF CONVEYOR
Because the amount of \$321.37 is lacking to complete the installation of conveyer machinery at Kuhio wharf, Hilo, Chairman Charles R. Forbes of the harbor board was authorized this afternoon to ask the governor for this sum. The accompanying bill went over to await the chairman's report.

BISHOP TRUSTEES FILE REPLY ERIE
That the justices of the supreme court were qualified to appoint William Williamson to succeed S. M. Damon, resigned, as one of the trustees of the Bishop Estate, is one of the contentions of the trustees in a reply brief filed in supreme court this afternoon. Circuit Judge Ashford appointed Charles E. King to succeed Damon and the trustees appealed.

LAVA LAKE RISES WITH EXCESSIVE SPEED
Word was received this afternoon that the volcano has risen to within 130 feet of the edge of the crater, and is rising at an excessive speed. Professor Jaggar sends word that it is "the spectacular sight of a generation." The volcano is at the highest point that it has reached in 63 years. Judging by past performances the volcano will begin to fall some time after the first week in January.

LOW BID LACKS CERTIFIED CHECK
Lower by far than either of the two rival offers for the construction of a shed on Pier 6, that of S. Sasaki at \$720 was referred to the attorney general at the meeting of the harbor commission this afternoon because an ordinary bank check instead of a certified check accompanied it. Daniel B. Cummins made a bid of \$1980 and Henry De Fries of \$1034. No award will be made until the attorney decides whether or not the lack of a certified check will make the low bid illegal.

COX WANTS REPAIR MONEY FOR DAMAGED AUTO
Declaring that he has reached the point where his patience is ceasing to be a virtue, Frank Cox of Kauai, in a letter read to the harbor board this afternoon, makes vigorous complaint because he has not yet received payment for the automobile rented weeks ago to R. H. Lowrie, board inspector, and almost completely wrecked in a collision. The damages are estimated at \$371. Cox declared his belief that somebody was trying to worm out of paying a just bill and informed the board that he intended to raise the rent charge from \$30 to \$50 a month until the car is restored. The matter was taken under consideration.

COAST DEFENSE COMPANIES TO START COMPETITION
The 91st Company, Coast Artillery Corps (now the 3d Company, Fort Kamehameha) has just completed its small arms target practise for 1916, and has established a record even more remarkable than that of last year, when this organization led the coast artillery in firing. Out of 106 men completing the course, 65 men qualified as marksmen, 37 as first class, 3 as second class and 1 unqualified. The marksmen's course calls for 150 points out of 200. The company average this year was a little better than 151.

Now that the season is over a coast defense shoot has been arranged at Fort Kamehameha to be participated in by companies from each post. Five men are to constitute a team. The post exchanges have combined in offering a handsome trophy for the winning company. Capt. Sloan, the coast defense ordnance officer, has offered a handsome repeating rifle for the high gun.

REGRETS ALLIES PAY NO HEED TO PEACE PROPOSAL

Dr. Charles F. Dole Says Any Such Suggestion Demands Hearing From Belligerents

"It is a pity the Allies, for the sake of humanity, did not take more seriously than they apparently here the Central Powers' peace proposal. It is high time such a disastrous, futile war were stopped."

This is one of several forceful expressions to the Star-Bulletin today from Dr. Charles F. Dole, the distinguished author-educator, who arrived in the Wilhelmnia with Mrs. Dole to visit their son, James D. Dole, here.

As a pacifist of renown the doctor was deeply disappointed that England and her allies have so completely disregarded Germany's step as the press despatches of yesterday indicated.

"The least the Allies might have done," he says, "would have been to ask Germany what she had to propose. Instead, they apparently did not try to make inquiries into the nature of peace arrangements."

Mr. Dole says further that the slightest indication of peace, from no matter what source or for what reason, should command the earnest attention of all belligerents in such an awful, impossible struggle.

Nearer the Middle
"Final peace plans will probably be nearer the middle with less advantages on either side than either one of the fighting factions are now willing to admit," was his opinion of final arrangements.

The doctor took a polite knock at the United States before leaving the peace discussion by saying it was too bad this country did not lead all other neutrals in a demand for peace and the encouragement of any proposals.

"I believe the whole world will now think from our passiveness after Germany's proposals," he says, "that the United States is not at all anxious for the war to stop. We should correct that impression."
Directly in line with the peace question the author flayed militarism, preparedness and compulsory training for

MOVEMENT FOR NEW STEAMSHIP LINE IS BEGUN

Frank Wiggins Writes Secretary of Chamber; Promises More Data

That already a movement is on foot to establish a steamship line between Los Angeles and Honolulu is the news received here today in a letter from Frank Wiggins, secretary of the Los Angeles Chamber of Commerce, to Raymond C. Brown of the local chamber.

The letter also thanks the Honolulu chamber for the many courtesies and entertainments accorded the Los Angeles delegation during its recent visit to Honolulu.

The letter ends by saying that as soon as further data is available on the new proposed steamship line it will be forwarded. When the Angel City men were here it was hinted that such a line might be put into operation and it is evident by this letter that no time was lost upon their arrival home to start the undertaking.

German Version Of Patrie Story

(German Official)
BERLIN, Germany, Dec. 20.—A German submarine on December 12 badly damaged a French warship of the La Patrie type by torpedo fire, 55 sea miles east-southeast of Malta.

Another submarine on December 11 sunk by torpedo fire an armed French troop transport, the steamer Maghellan, 6000 tons, southeast of the island of Pantallaria. More than a thousand white and colored troops were aboard.

Petitions for his discharge as administrator with the will annexed of the estates of Claus and Anna C. Spreckels, late of San Francisco, have been filed in the circuit court by Lorin A. Thurston. He says that he has never received nor paid out any money. Circuit Judge Whitney will hear the petitions on January 29.

COMMENT OF PRESS IN LONDON AND BERLIN SHOWS TENDENCY TO WAIT FOR FORMAL ANSWERS

Lloyd George's Remark About Reparation Not Held of Much Weight in German Quarters—Hope For Further Discussion

(Associated Press Service by Federal Wireles)
PARIS, France, Dec. 20.—The Japanese steamer Taki Maru has been sunk by a submarine and only three members of a crew of 35 rescued.

BERLIN, Germany, Dec. 20.—Norway, Sweden, Denmark and Switzerland are considering cooperating with Holland in a peace movement, according to a deputy in the Dutch parliament, says the Overseas News Agency.

PEKING, China, Dec. 20.—Vice-Minister of Foreign Affairs Hsia Yi Ting in a statement in the lower house of parliament today denied that China is considering entering the European war.

Newspaper comment in London and Berlin, following Premier Lloyd George's speech in the house of commons yesterday, is to the general effect that the door to peace has not been closed by the Allies. But on the part of the Allied press there is expressed a strong indorsement of the premier's declaration that the Allies can only consent to a peace which carries out the terms they have said are imperative.

The following newspaper comment from the two capitals is illuminating:
LONDON, Eng., Dec. 20.—A chorus of newspaper approval has been raised in support of Premier Lloyd George's speech in the house of commons yesterday and of the Allied attitude which his speech outlined. The press of England with great unanimity praises his speech for the comprehensive manner in which it has set forth the determination of the Entente Powers, and yet not turning down the proposals of the Teutons without a hearing.

The general comment of the press is that if Germany wants peace she will, when the joint reply of the Allies is received, state the terms which can form the basis for discussion.
The Manchester Guardian says significantly:
"Premier Lloyd George has not shut the door upon peace. Chancellor von Bethmann-Hollweg must be more explicit in his outline of peace proposals, however, before he can expect a favorable answer."

AMSTERDAM, Netherlands, Dec. 20.—Among the representative newspaper comments on the peace proposals and the speech of the British premier are the following:
The Tagliche Rundschau of Berlin says that "reparation could be demanded only if Germany had declared war on England, if we are to blame, if we have committed crimes against international law, or if we had been defeated."

The Lokal Anzeiger, an influential paper with close government connections, has the viewpoint that Premier George's remarks are of no value, inasmuch as nothing has been said about peace conditions.
The Berliner Tageblatt prefers to await the Entente reply before taking up further discussion.
"It appears that the gulf is as great from George's standpoint as that described on the German side," it says.

GERMAN OFFICIAL CABLEGRAMS

GERMAN ARMY HEADQUARTERS, Dec. 18.—No important events occurred today on the Somme and in the Meuse sector there was but little fighting.

Eastern arena, Prince Leopold's front: Northeast of Luck the Russians tried to recapture positions gained by us December 16 near Bol Prosk. The attacks, which were repulsed also at night, were repulsed and we likewise gained some ground after attacks near Augustovka, south of Zborov.

Archduke Joseph's front: East of Golden, Bistrizza, a violent artillery duel is taking place in the Uz Valley, and elsewhere local engagements with varying success.

Von Mackensen's army group: Here the situation is unchanged. Hostile columns retreating toward Braila, were attacked by our flyer squadrons with noticeable success. On the Macedonian front today there was temporarily lively fire on the Czerna River bend.

GERMAN ARMY HEADQUARTERS, Dec. 20.—On both banks of the Somme today the artillery fire and mine-throwing activity temporarily increased. Northwest and north of Rheims, French detachments advancing after strong fire preparation against our trenches were repulsed.

Crown Prince's army, east bank of the Meuse: This afternoon fire engagements increased. The French attacked Fosses wood; Chambrettes, lying before our positions, remained in their hands after hand-to-hand fighting. All other places on the front they were repulsed in their attacks.

East arena, Prince Leopold's front: South of Norocz lake and south of the railroad from Tarnopol to Zloczow, artillery activity increased temporarily.

Archduke Joseph's front: On Gutin and Tomnatek in the Carpathian forest Russian patrols and attacks of Russian battalions were repulsed.

Von Mackensen's group: During the last two days in partial engagements more than 1000 Russians and Rumanians were brought in as prisoners and many vehicles, most of them laden with victuals, were captured. In northern Dobruja the enemy continued the retreat northwest beyond to fortified positions. Our army made advances against the lower Danube.

On the river Struma front, Macedonia, efforts were successful for Bulgarian and Turkish troops.

The Lincoln School, the original grammar school house of Englewood, N. J., was destroyed by fire.

TURKS TO ALLOW AMERICANS TO GO

WASHINGTON, D. C., Dec. 20.—Two hundred Americans in Syria and Palestine have been granted permission to leave, by the Turkish military authorities, on condition that they will intern themselves at Beirut for a month, to make valueless any military information that they could give. They will be taken away on the cruiser Des Moines.

TAKEN PRISONERS BY GERMAN DIVER

BREST, France, Dec. 20.—The British steamer Filimston has been sunk by a submarine in the war-zone. The captain and engineer were taken as prisoners on board the submarine.

Russians Win Some Ground In Galicia

PETROGRAD, Russia, Dec. 20.—The Russians fighting in the neighborhood of the river Bystrizza (Bistrizza) in Galicia yesterday and today succeeded in breaking through barbed wire entrenchments covering the Teutons' advanced posts, and penetrated the positions at Bohorodzany and Stare, southwest of Stanislaw. The Teutons fled in disorder, leaving some prisoners.

German Aviators Raid Russ Ports

(German Official)
BERLIN, Germany, Dec. 19.—German naval planes on December 16 bombarded Russian sea forces in Port Sulina, shooting down a hostile aeroplane by machine gun fire.

MORE PUBLICITY

The last issue of Collier's to be received contains a well illustrated two-page article on Hawaii.
Christmas will be celebrated at the Salvation Army Home, Manoa, this evening. There will be a tree and distribution of gifts and candy.

(Continued on page 20)

GENERAL STRONG TALKS AT LUNCH

Brig-Gen. Frederick S. Strong was the principal speaker at the Ad Club lunch held today at the Alexander Young Hotel. Gen. Strong congratulated the Ad Club on being a real live organization, and was pleased to have the opportunity to address the members. He said during his remarks that every officer who comes to Hawaii regrets to leave here, and any number had asked to have their stay here continued for a number of years.

Following the talk by Gen. Strong, President Wallace R. Farrington, on behalf of the Ad Club, presented the march song, "Schofield," to the U. S. Army. This march was written by Captain Henry Berger, and proved to be a successful hit when rendered on the piano by the well known band leader, Gen. Strong thanked the Ad Club and Henry Berger for the march, promising that it would be used by the military organizations of the islands.

Jack Warren in a short talk told of the good roads on the mainland. After a two-months' trip from Canada to Mexico, Warren came to the decision that the roads in Hawaii were a fizzle, and that only good, substantial roads will ever do for Honolulu. "Tourist travel follows in the wake of good roads," said Warren in conclusion.

One of the best musical programs ever presented at an Ad Club meeting was held today when Miss Jeanne Mai, Miss Pearl Jardiniere and Tim Moore of the Ingersoll Company gave a number of the real song hits. Miss Mai made a good impression with two songs which brought out her ability as a singer. Miss Jardiniere made a hit with two character songs, and Tim Moore entertained with two of his favorites, "He's In the Jail House Now," and "My Feet Keep Going." All the numbers were heartily applauded.

Reports were received from the road committee and Leahi committee by Albion Clark and J. Morton Riggs. President Farrington called upon Charles F. Dole for an aho, and the noted peace advocate answered by saying that he was pleased to be in attendance at the luncheon. He will address the members of the club at the next meeting. A large crowd was on hand today, and the lunch was served in the large banquet room.

KEMP MENTIONED FOR JUSTICESHIP

With the resignation of Federal Judge C. F. Clemons, gossip and predictions as to who will be appointed to vacancies on the federal and supreme benches have turned topsy-turvy.

A report was current today that Assistant U. S. Attorney Samuel B. Kemp is being considered by the department of justice to succeed Hon. E. M. Watson as associate justice of the supreme court, and that the filling of the vacancy is being delayed as Kemp will not become eligible for such an appointment until next month.

U. S. Attorney S. C. Huber, it is said, is in line as the successor to Judge Clemons. Another report is that a local attorney will be appointed to the supreme bench and that Kemp will succeed Huber as district attorney.

Both Kemp and Huber told the Star-Bulletin today that they have heard nothing officially regarding any "promotions," but the former says he would be eligible next month for a supreme bench appointment.

MASSACHUSETTS WOMAN ASKS COUNTY CLERK TO FIND MISSING BROTHER

An appeal to find her brother, Herbert A. Littlefield, was received today by David Kalaokalani, county clerk, from Georgia Littlefield of Wellesley College, Wellesley, Mass., who has not heard from him since June, 1911.

According to the letter, Littlefield is 32 years old, 6 feet tall, weighs 190 pounds, has brown eyes and hair and when last heard from was in Honolulu.

APPRAISING BOARD IN BRIEF MORNING SESSION

To consider the question of appraising the land in the vicinity of Pier 11, now owned by the Allen & Robinson lumber yard, the board of territorial appraisers met this morning in the land office.

No appraisal has yet been made as the board wishes further to consider the value of the land before reporting. Members of the harbor board say that the site is desired for a wharf there some time in the future and also as a unit in the waterfront belt railway, which has been under consideration for some months.

\$48,000 BUILDINGS TO BE ERECTED SOON

With all plans completed for the new building of Hoffschlager Co., at the corner of King and Nuuanu, the building permit was filed today and it is expected that building operations will commence in the near future.

The plans call for a reinforced concrete and brick building and an additional warehouse, the whole to cost \$48,000. The main structure will be two stories high and 62 by 114 feet in size. The warehouse will be 44 by 115 feet.

Further hearing of the case of Mrs. Helen Kinney against the Oahu Sugar Company, an action for ejectment, was had in Circuit Judge Whitney's court today.

DIRECTED VERDICT FREES FUJIMOTO

After the prosecution had rested its case at noon today, counsel for M. Fujimoto, charged with the murder of Hiroki Emoto, who was chauffeur for James B. Castle, moved for a directed verdict of not guilty. Circuit Judge Ashford granted the motion and the defendant was released.

Her left cheek marked with a livid scar, a lasting reminder of the gruesome night in August, when her husband was murdered and she was frightfully slashed with a knife, Tome Emoto, 17-year-old Japanese widow, took the stand in Circuit Judge Ashford's court today and, in excellent English, testified in the case of M. Fujimoto, charged with the murder of Hiroki Emoto.

The little woman said that Fujimoto, her brother-in-law, had opposed her marriage with Emoto. She asserted that during the two years she had lived at Fujimoto's house prior to her marriage, he had treated her as his own wife, and had repeatedly assaulted her "whenever he had a chance" and against her will.

These relations, she said, began before she was 15 years old. On one occasion, she added, Fujimoto beat her with a bamboo stick and then locked her in a room for a whole day. Harold Castle, for whom she worked, came and took her away, she said.

Some suspicion was aroused in connection with the case by the discovery this morning of Chin Wee, a Chinese man of about 40 years, employed at the Castle place, dead in the same cottage in which Emoto was killed. This suspicion was allayed, however, when Police Surgeon R. G. Ayer said the man died of valvular heart disease.

REGRETS ALLIES PAY NO HEED TO PEACE PROPOSAL

(Continued from page one)

war. He says there is nothing that incites the fear and suspicion of other countries more than a demonstration of that same fear and suspicion in this country.

If all men were like Dr. Dole there would be absolutely no military preparation, but he admits that under existing conditions a certain amount is necessary, although the push and trend should be against instead of for it. He declares conscription is the height of undemocracy.

Hughes Had Nothing to Say
There was a merry twinkle in Dr. Dole's eye when he stated that Mr. Hughes might have done a little better in the presidential campaign if he had stayed home and not gone about trying to do the impossible, winning votes without one real issue.

"The national election pointed out one thing which has not been discussed," he says, "that ought to be apparent to anyone, that is, the end of partisan platforms and more of the man in the race."

"Certainly the people of the United States did not want war; that's one reason why they returned Mr. Wilson to the presidency. But then the majority of people in any country do not want war; there is where the despicableness of the whole war plan comes in. The few control and ruin the multitudes."

Dr. Dole is intensely interested in the assimilation of the Oriental people in Hawaii and may write something about conditions among them, although he came here with no intention of doing so. He says much of his writing has followed a suggestion or a request rather than deliberate intention on his part.

SEVERAL OFFICES YET FOR PINKHAM TO FILL

With the drawing of the old year to a close several appointments are still unannounced by Governor Pinkham, chief of these being that of territorial auditor, which J. H. Fisher has been holding down since his term expired last spring without any official notification of whether he is to go or stay.

There is also to be appointed a member of the industrial accident board of Hawaii, several commissioners of boundaries, a member of the loan fund from Maui county, a member of the naval militia, the second district magistrate of Honolulu, a similar office in Lahaina, Maui, and the tax appeal court. This last does not begin work until April.

REPORT MINERAL PRODUCTS MILL STARTS UP TODAY

Telegraphic messages received this morning from Patterson, Cal., from John Watt told stockholders of the Mineral Products Company that the dioxide factory was to begin operations today and that shipments to Carneys of chrome have been resumed. In part the message, which was dated Tuesday evening, says:

"More chrome is now being shipped to Carnegie. Factory to be working tomorrow. Have written."

It is said here that the starting of the factory today is in line with the program that has heretofore been mapped out.

WOMAN IN THE CASE WAS CAUSE OF STREET FIGHT

It took Prosecutor Chillingworth some time to get to it in a case before him in police court but finally he arrived. He was trying to find out the trouble which caused the fight between Fred Kiley and William Baise. The latter averred that there had never been any trouble between them. At last he did admit that there was a woman in the case. Kiley was tried on a charge of assaulting Baise. He was discharged.

DRUNKS GALORE IN COURT TODAY

Booze cases were the most prominent on the police calendar today and for a half hour the court wrestled with a proposition of how to care for men who did not, evidently, know how to care for themselves.

One defendant, John Peterson, who was arrested by Liquor inspector W. P. Fennell on Nuuanu avenue, startled the court by declaring he was not in the least intoxicated although he had sipped four stiff whiskies topped with two beers. He was fined \$3. His face was badly bruised where it had apparently come in contact with the cement sidewalk.

Henry Davis, who had been in court several times, was fined \$5 and Manuel Silva, from Camp No. 2, got a \$3 assessment. Kahaunalele, an inter-island sailor, was treated similarly and Manuel Sylvester, an old man who was too sick to appear, was ordered discharged when well.

Jack Edwardson, secretary of the sailors' union, took charge of William Beckman and guarantees to get him out of town on a ship, but H. P. Elliott, one of the most frequent offenders, is still being detained. Apparently the court does not know what to do with him.

PLAN CHRISTMAS FESTIVALS EARLY

Honolulu is to have the biggest Christmas celebration in its history if the extent of arrangements now being made by churches, schools, societies and institutions count for anything. There is hardly an organization of importance that will not do something and the poor children and the needy families will be well looked after.

The children of the Christian church will have their entertainment this evening and the price of admission will be one Irish potato. There will be motion pictures and other forms of entertainment and the kiddies may bring their parents.

Under the auspices of Kaunakapili church Christmas exercises will be held this evening in the chapel in the rear of the Palama fire station. The Sunbeam class of the Central Union Bible school celebrated Christmas this afternoon with the members of the Cradle Roll present with their guests. Miniature Christmas trees decked each class table and trimmed the little stage and a big tree crowned the decorations of the parish house.

The members of the Kawaihāho church Sunday school will have their celebration at 7:30 o'clock tomorrow evening in the church. In the windows of the Regal Shoe Store are many handsome articles made by the students in the school for detectives. These are on sale and the proceeds will be used for tuition purposes for children during the coming year.

FORBES SUBMITS MONEY ESTIMATE

Charles R. Forbes, superintendent of public works, today submitted to the governor the estimate from his department for appropriations needed from the coming legislature.

Chief among the recommendations is that for a territorial office building to stand in the Capitol yard, estimated to cost \$350,000. This will be a four-story structure, according to Forbes' present plans, which is one story higher than he previously announced through the Star-Bulletin. He has also raised the estimate by \$100,000 in view of the extra floor.

The ground floor will contain offices for the auditor, assessor, bureau of conveyances and treasury. The second floor will be used by the public works department, holding the main office, drafting rooms and library. The third floor will be for survey offices, the attorney general and the land office, while the fourth floor will contain a general board room and rooms for the public utilities commission, accident commission and lavatories.

For restoration of heiaus \$5000 is asked; for repair of the judiciary grounds, \$21,000; for the mausoleum, \$35,000, and for a powder storehouse in Kakaako, \$10,000.

DENTIST IS ARRESTED BY FEDERAL OFFICERS

Charged with the commission of a statutory offense, Dr. Edson L. Hutchinson, local dentist, was arrested today by Marshal J. J. Smiddy. Hutchinson was in the country when the warrant was issued. The marshal telephoned to him and he came to Honolulu. Hutchinson has been released on bond in the sum of \$500. A preliminary hearing of the case will be held at 10 o'clock next Saturday morning. The woman mentioned in the complaint is Lani Wong Kong.

KAUAI RAIN DOES DAMAGE

Word that a heavy rain on Kauai had washed out a bridge at Waipaa near Hanalei was received last night in a wireless message to Henry D. Wishard, member of the Kauai board of supervisors, now in Honolulu. The harbor board also received a request for the pile driver hammer in their possession and it is supposed that the instrument is wanted to repair the bridge. It was shipped last night.

TITLE TO SITE IS LIKELY APPROVED

Commenting today on information received by the Star-Bulletin that the assistant secretary of the treasury has signed warrants for \$200,000 for the purchase by the government of the Irwin site, Assistant U. S. Attorney Samuel B. Kemp says that it is an indication that the title to the property, secured under the recent agreement judgment here, has been examined and approved by the treasury department and the attorney general.

The proceedings appear to have advanced to a point, he adds, where the payment of the money to the collector of customs here will be the next step. This money will be held by the collector until litigation now pending in the federal court to determine the owners of portions of the site contested by the W. G. Irwin Estate Company is settled.

In the opinion of the district attorney's office this litigation will have been cleared away by the time the money reaches Honolulu.

LOCAL AND GENERAL

A suit for divorce has been filed in the circuit court by Kaninau Pai against Alfred L. Pal.

Five Filipinos, charged with having kidnaped the wife of a fellow countryman, will be placed on trial in Circuit Judge Ashford's court at 9 o'clock tomorrow morning.

A Chinese boy, 16 years old, charged with being a nuisance and disturbing teachers and pupils at the Kauluwela school, has been sentenced to a year in the reform school.

The petition for a writ of habeas corpus filed in the federal court by H. Miyake, by which he seeks release from the custody of the immigration authorities, will be heard on January 3.

Because a quorum was not present the regular monthly meeting of the Chamber of Commerce called for 2 o'clock this afternoon was adjourned until the next meeting in January or a notice from the chair.

Malcolm A. Franklin, collector of customs, writes Acting Collector Raymer Sharp that he expects to return to Honolulu in February. Sharp received a letter from him yesterday afternoon by the Wilhelmina.

PERSONALITIES

P. W. P. BLUETT of Kohala, Hawaii, went home this morning.

DR. AND MRS. P. J. McADORY and Mrs. E. L. McAdory left for Hawaii on the Mauna Kea.

CYRIL O. SMITH, principal of the Normal school, has gone to Kaula to spend the Christmas holidays with friends.

LITTLE INTERVIEWS

—PORTIA NEWPORT, entertainer at the Young roof garden: I am so glad to get back to Honolulu that I can't express my gratification. I want to go on to Japan, too, if I don't earn any more than enough to pay passage for mother and I. One's travels are as much of an asset as anything, to me at least, especially when they are in this direction.

The United States is estimated to use more than 100,000 elaborate electric protective systems against crime, about 300,000 smaller systems, and more than 2,000,000 minor devices.

WANTED

Yard boy is wanted at Roselawn, 1366 South King street. 6662-64

IN THE CIRCUIT COURT, FIRST

Circuit, Territory of Hawaii—In Probate—At Chambers.

In the Matter of the Estate of Fanny Love, late of Honolulu, T. H., deceased.

Notice of Petition for Allowance of Accounts, Determining Trust and Distributing the Estate.

The Petition and Accounts of W. A. Love, J. H. Love and C. H. Cooke, Administrators c. t. a. of the Estate of Fanny Love, wherein petitioner asks to be allowed \$1575.76 and charged with \$6095.20, and asks that the same be examined and approved, and that a final order be made of distribution of the remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibility herein having this day been filed:

It is Ordered, that Friday, the 26th day of January, A. D. 1917, at 9 o'clock a. m. before the Judge presiding at Chambers of said Court at his Court Room in the Judiciary Building, in Honolulu, City and County of Honolulu, be and the same hereby is appointed the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property.

Dated the 15th day of December, 1916.

By the Court:
ARTHUR E. RESTARICK, Clerk.

CASTLE & WITHINGTON,
For Petitioner.
6662—Dec. 20, 1916; Jan. 3, 10, 1917.

UNITED STATES DISTRICT COURT
For the Territory of Hawaii.

In the Matter of A. A. Wilson, a bankrupt, No. 351.

Notice: Hearing on Discharge.

Notice is hereby given that said bankrupt has filed petition for discharge from his debts in bankruptcy, and that creditors and other persons are ordered to attend the hearing on said petition before the Judge presiding in bankruptcy, at the court room, Model Block, Fort street, Honolulu, on Saturday, the 27th day of January, 1917, at 10 o'clock a. m. then and there to show cause, if any, why said petition should not be granted, and also to attend the examination of the bankrupt thereon.

Dated Honolulu, T. H., December 19, 1916.

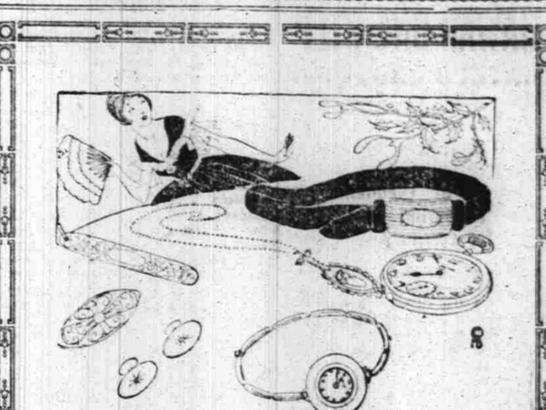

GEORGE R. CLARK,
Clerk.

By W. L. Rosa, Deputy.

BELIEVE SPLIT IS PRINCIPAL CAUSE

Governor Pinkham may or may not have received the resignation of Dr. J. H. Raymond from all offices which the doctor holds under the territory. The governor today curtly refused to state whether or not he has seen the letter.

Furthermore the governor refused absolutely to discuss the announcement made yesterday in the Star-Bulletin that the Maul doctor is through with politics, referring the questioner to the doctor himself. "Ask him," he said briefly.

Territorial circles today were abuzz with gossip over the break between Dr. Raymond and the governor, this being the chief topic of conversation throughout most of the capitol.

Raymond Explains His Call
Raymond did not call on the territorial chief yesterday to discuss politics when he was refused admittance to the office, according to a statement which the doctor made today.

"I came to see the governor primarily to discuss the pardon of a man in the territorial prison," said the doctor. "I did not intend to bring politics into the discussion at all. The least the governor could have done would have been personally to request me to call another day. I considered the reception I received an insult."

Thinks Forbes Opposed Him
Several times today Dr. Raymond mentioned the belief that "some influence" had kept the governor from putting him again on the land board. He thinks this "influence" was made strongest during the governor's recent visit to Maul. He also stated that he had heard Charles R. Forbes had worked against his reappointment on the Maui supervising board.

The doctor emphasizes the statement that he is not fighting the governor, however. "He is not with him, neither is he against him," he says. "But he will mingle in politics no more so long as Governor Pinkham is at the helm."

Quotas Secretary Lane
"Secretary Lane told me in Washington that Pinkham was skating on thin ice," says Raymond, referring to the complaints that have reached him. "If these complaints continued he did not know what might happen. So I got in and did my best for the governor. Yesterday's treatment is the thanks I get."

Forbes Says Nothing
Forbes declined today to discuss the matter, saying he did not intend to become mixed in it. Will Wayne, the governor's secretary, stated at noon today that he has not yet seen the doctor's resignation.

A "split with the governor" was the cause of Raymond's resignation, as announced in Tuesday's Star-Bulletin, in the opinion of Lincoln L. McCandless, who was Democratic candidate for delegate, and William A. Bryan, chairman of the Democratic territorial central committee.

Up to Parties Themselves
"But that is a matter entirely between the governor and Raymond," says McCandless, "and I do not care to go into it. It speaks for itself. He is through with the governor; that is what he intimates."

Professor Bryan said he knew nothing of the resignation until he read it in the Star-Bulletin. "It would appear that he has 'split' with the governor," was his comment.

Charles Hills Whitney, a member of the Yale freshman class, was held criminally responsible for the death of Antonio Morcha, who was run down by Whitney's automobile at Milford.

ANOTHER WOMAN GETS 6 MONTHS

Slowly but surely the police dragnet is closing about those women of the "underworld" who are disregarding the laws controlling commercialized vice and the warning sounded by Circuit Judge Ashford when 114 of them recently were given suspended sentences.

Late Tuesday afternoon Captain of Detectives Arthur McDuffie and a squad of detectives went to a point near the Pali and arrested Annie Flores, Spanish, one of the 114 denizens of the now defunct Iwilei, in company with a Hawaiian man.

The woman was brought before Circuit Judge Ashford this morning and sentenced to six months in the city jail. She is the third woman to be sentenced for reverting to vice after having been warned to cease.

Deputy City Attorney Will T. Carden told the Star-Bulletin that the man will be prosecuted to the limit in the district court.

VICE PROMOTERS FREE ON BONDS

All three of the Japanese arrested by United States immigration officials December 13 and 14 on charges of benefiting from the receipts of prostitution and managing houses of prostitution in this city, all outside of the defunct Iwilei restricted district, are now out on bond pending hearings to show cause why they should not be deported.

This morning the last of the trio, Daichi Inouye, alias S. Yamamoto, was able to furnish \$1000 bond and was released from detention at the federal immigration station.

Tama Tanaka, the only woman of the three arrested, was released last Friday on bond. Yoshimatsu Sakai obtained bond and was released Saturday.

Hearings of the three will probably not be held until the first week in January, Deputy Inspector Harry E. Brown of the federal immigration station said today. The station wishes to get rid of its immigrants now in detention there from the Korea Maru before taking up the hearings.

ORDER XMAS CANDY NOW

The S. S. Wilhelmina unloaded an enormous stock of fresh and delicious Orange Blossom chocolates and candies today consigned to the Honolulu Drug Company for their Christmas trade, there being two tons of the sweets in this shipment.

But remember! Last Christmas Eve there was not a single box of this famous candy left for sale in town. Although this large stock arrived today, there is a large amount already reserved, and from the rate orders are coming in, this supply will be exhausted before Christmas.

We frankly advise that you place your order in advance and have the same reserved for you until Christmas and save yourself the disappointment later. Call or phone the Honolulu Drug Company today, Fort street, near King. Phone 2364.—Adv.

BOSTON VOTES "WET" ALMOST TWO TO ONE

(Associated Press by Federal Wireless) BOSTON, Mass., Dec. 20.—The advocates of prohibition lost in a hotly contested election here yesterday, the wets outvoting the dries by almost two to one. The election was held under the local option statute, the question being whether this municipality should or should not continue to license the sale of intoxicants. The vote stood 53,459 for license and 29,297 against.

One English invention for convalescent is a stout cane, from one end of which can be unfolded a projection to rest a user's foot.

Discovery was made that three summer residences at Ridgfield had been entered and robbed of silverware and other property.

LOCAL AND GENERAL

Hawaiian Lodge, F. & A. M., has special meeting tonight for third degree work.

One of the four holidays of the year on which the Bishop Museum closes is Christmas Day.

Polani Lukela, who was born on this island 57 years ago, died Monday at his home, 2434 Liliha street, and the funeral was Tuesday.

The Japanese Chamber of Commerce is preparing to send some Japanese provisions to the Japanese lepers at Molokai for their Christmas.

Honolulu Commandery No. 1 has a stated meeting tomorrow night at 7:30. Election of officers and important business. All members requested to be present.

Miss Lillian Edwards and Murray L. F. Brooks were married Monday night by Rev. Felix H. Conway. Mrs. Birdie Conway and Miss Bertha Lofstad attended.

Miss Lizzie P. Cox and Henry H. Plemer were united in marriage Tuesday night by Rev. S. K. Kamaoipili. Mrs. M. Plemer and Mrs. D. Sniffen were witnesses.

According to a letter received today by Raymond C. Brown, secretary of the Chamber of Commerce, from the Spokane chamber, Jay P. Graves, a prominent business man of that city, will visit Honolulu this winter.

The newly elected members of the Japanese Carnival Committee will meet at the Central Japanese Institute on Nuuanu street this evening at 7:30 to discuss the lantern parade for the 1917 Carnival. The committee represents Japanese residents in 10 different sections of the city.

The funeral of Harry T. Swinton, who died Tuesday, was to be at 3 o'clock this afternoon from Williams' undertaking parlors. Burial will be in Makiki cemetery. Swinton was born in Honolulu in 1841 and his father was sheriff here over 60 years ago. The deceased was on the sea for several years and was the first manager of Lunallilo Home. He was one of the popular kamaainas and will be mourned by many.

The funeral of Mrs. Isabel Augusta Nunes, wife of the well known local inventor and ukulele maker, was held Tuesday afternoon and burial was in the Catholic cemetery on King street. Mrs. Nunes died Monday morning at 2 o'clock at the Queen's hospital and is survived by several children and grandchildren, among whom are John, Julius, George, Antone, sons, and two daughters, Mrs. H. J. Andrews and Mrs. M. Wright. She was born in Portugal 56 years ago and was one of the most popular Portuguese matrons in Honolulu.

12 CASES READY FOR GRAND JURY

A list of 12 cases, with the defendants either in custody or on bond, has been prepared by the district attorney's office for probable presentation to the federal grand jury when the members of that body meet on January 2.

Following is a list of the cases: Otani, illicit distilling of liquor; Norberta Decaney, bigamy; Felix Saupana, statutory; Maria Birukov, bigamy; Hugo Escalona, statutory; Lai Duck, counterfeiting; Antonio Torres, alleged violation of the Mann "white slave" act; C. K. Ching, opium; John Pinto, opium; Francisco Santiago, purchasing government property; Musa Mezarashi, opium; Lau Kau, opium.

WANT NEW SCHOOL TO BE READY BY SEPT. 1

In order that the proposed new structure may be ready for occupancy when school opens next September, Henry W. Kinney, superintendent of public instruction, intends to ask the supervisors to begin work immediately on the building adjacent to the Kaahumanu school, for which there is an appropriation of \$20,000 in the present budget.

It is expected that the land commission will start proceedings shortly to condemn the Girvin premises, a portion of which is needed for the school site. As soon as the land is secured, Kinney's request will be made. The department wants the building completed and ready for occupancy by next September to accommodate the bulk of the increase of public school children.

EXPECT STOCKHOLDERS TO INDORSE PROPOSALS

It appeared to be the general expectation of a number of the stockholders of Hawaiian Pineapple Company, who were seen this morning, that the proposal of the directors to increase the capital stock of the company by \$300,000 to a capitalization of \$1,000,000 and for the payment of dividends of 1 1/2 per cent monthly beginning January, would be approved by the shareholders at a meeting this afternoon.

The meeting was called for 3 o'clock at the offices of the company.

A SNAKE AROUND THE ANKLE

Discussing dress extravagances occasionally to be seen in London, the woman writer for the Liverpool (Eng.) Daily Post says that recently there was a pretty young woman dressed as a widow (one hesitates to think she was a real widow) to be seen about and round her slim and silken-clad ankle was twirled a snake in glittering black jet.

MIYAKE HEARING IS STRANGE TALE

Federal immigration officials tell an interesting story concerning alleged fraudulent methods followed by H. Miyake and Tama Tanaka, the Japanese woman he has lived with as his wife for many years while his real wife and daughter were residing in Japan, in taking steps to have their illegitimate child recorded as a lawful one, by means of adoption.

As reported by the Star-Bulletin Tuesday, Miyake's appeal to Secretary of Labor Wilson, from the decision of the local immigration board of special inquiry forbidding him permission to reenter the territory, has been denied.

Miyake has applied for a writ of habeas corpus. He was denied re-entrance on returning six weeks ago from a second trip to Japan.

After the child, Kichiro Miyake, now a young man, was born to Tama Tanaka, Miyake, according to facts discovered by United States immigration officials of this port, who have investigated the case, arranged with another Japanese to take the infant and to register it at the Japanese consulate as their own. At the time the illegitimate child was born here Miyake's true wife was living in Japan. She continued to be his wife until 1905 or 1906, and has a daughter by him.

Kichiro Miyake was taken care of by Miyake's confederate as arranged. They registered the child as their own, all according to Miyake's scheme. A few years later Miyake took out adoption papers for the boy. Afterward he went before the territorial secretary to prove Kichiro's Hawaiian birth. He then swore, the federal officials claim, that Tama Tanaka was his lawful wife and Kichiro her child.

When the United States immigration officials questioned the Tanaka woman concerning her alleged marriage to Miyake, she said the minister who had married them was dead, the witnesses dead also, the marriage certificate had been burned with their house at the time plague-infected houses were burned by the board of health, and the marriage license lost. The board has been able to find no proof of the marriage and Miyake later admitted he had never been married to the woman.

WAR VICTIM HAD BEET SUGAR INTERESTS HERE

PHILADELPHIA, Pa.—Word was received here that Count Karl Von Holstein, a son-in-law of Alfred C. Harrison, of this city, was killed in action on November 4 with his regiment in the German army. The Countess Von Holstein, formerly Miss Mildred Harrison, who was about 40 years old, came to this country about 15 years ago. He had interests in the beet sugar industry in California.

WEDNESDAY, DECEMBER 20, 1916.

THE REPLY OF THE ALLIES.

The reply of the Allies to German peace proposals was forecast with perfect assurance that prophecies would come true, and come true they did.

The Allies are in no position to quit the war, while the close of the year finds the Central Powers in by far the best position to entertain peace negotiations they have reached since the battle of the Marne.

The Allies have achieved virtually none of the objects they announced as actuating them in entering the conflict. Belgium is not won back; France has not only been unable to retake more than a small part of Alsace-Lorraine, but a much larger portion of her territory is in German hands. Russia has lost Poland and much other ground. Serbia is annihilated. Rumania is almost submerged. Italy has gained something from Austria, but not her coveted goal, Trieste.

The British navy has swept German mercantile shipping from the seas, and the Allies have killed Germany's overseas commerce and foreign trade, and conquered Germany's colonies. The German fleet has been bottled up with more than a fair amount of success, but Teuton submarines continue to do a damage to Allied and neutral shipping which is keenly felt.

Though the Central Powers have lost their valuable overseas possessions—territorial and commercial—they have materially enlarged their European boundaries. That is why they are in now the best position since the war began to talk of peace. At the very outset of the war their colonies were doomed and the fate of their sea-trade sealed, but they have slowly turned the scales of the land combat in their favor by an organization of forces which has evoked reluctant admiration even from their enemies. In brief, the Central Powers suffered their greatest losses at the beginning of the war and have since developed their greatest gains—speaking now of the factors which must count when the diplomats sit down to negotiate peace terms.

The Allies—Britain particularly—wage the war in the name of humanity and justice toward Belgium. Obviously, a peace which does not include restoration of Belgium to independence, with a huge indemnity for its ravishment, is not the peace which the Allies have said would be attained at any cost to themselves. Obviously, any peace negotiations based on the present map of Europe are impossible of acceptance to the Allies. Obviously, too, the Allies cannot enter into negotiations now without acknowledging that they are unable to force the Central Powers to the terms they have promised the world will be meted out.

Premier Lloyd George's speech could not have been a bluff, brusque refusal to discuss peace in any way. No belligerent in so-called "civilized" war can refuse to listen when suggestions for an end to conflict come from the other side. Particularly in such a desperate, exhausting war as this, with nations wiped out and other nations in the throes of life-and-death struggle, no hint of a peace plan, be it ever so slight, ever so impracticable, can be absolutely turned down without a hearing, if it comes from the other side.

But Lloyd George has made it perfectly plain that the Allies will go on fighting because they do not believe Germany will grant the only kind of peace they can now accept.

Instead of shortening the war, the present proposal may very well have the effect of lengthening it. For Germany has proclaimed the Central Powers victorious in their European campaigns, and in so many words expressed a readiness either to talk peace now or to fight on. And the Allies have reaffirmed an implacable intention of reducing the Teutons to their terms. Consequently, the peoples of the Central Empires have been told that they can carry this war through to victory, if the Allies insist that it must be war; and the peoples of the Entente group have been told that triumph awaits them if they but continue their struggles and sacrifices. In the Central countries, particularly, any move to yield to the Allies, any reduction in the terms, any concessions, will be harder to explain after the chancellor's speech than before it.

AN INCIDENT OF POLITICS.

Politics not only makes strange bedfellows but breeds strange and sudden rows, controversies and frietions. The resignation of Dr. J. H. Raymond of Maui from the various offices which he holds by gubernatorial choice is a case in point. Concerning this resignation, by the way, the doctor told differing stories to this paper and the Advertiser. He did not deny to the Star-Bulletin that he had resigned but said he was getting out of politics because he had alienated many of his best friends through politics and intended to have no more of it. He denied there was anything back of his action except the desire to get out of politics, and denied specifically that the incident of the morning, when the governor refused to see him, had anything to do with his decision to quit.

Later in the day he told the morning paper, according to its detailed version, that he is "pau with Pinkham," whom he calls ungrateful and a "double-crosser," and said the final straw came when the governor would not see him.

The discrepancy in the two statements may be explained on the ground that anger grow upon the

Maui man until he gave vent to it in the interview roasting the governor.

From the various appointments and reappointments given Dr. Raymond by the governor, the public has gathered a very decided impression that the Maui man was receiving ample rewards in the way of political honors for his political services. It now appears that his failure to receive reappointment to the land board was the moving cause for his break with the executive. It would be interesting to know whether, if the governor had received Dr. Raymond yesterday and reappointed him to the land board, the Maui man would have continued as staunch a supporter of the territorial administration in the future as he has been in the past.

The break will give new ammunition to the anti-Pinkham Democrats, particularly the poison-gas squad of Panahi street. It will be welcome to them because they need more ammunition. They have shot away all they could muster, without doing very much damage to the governor's trenches in Hawaii or disturbing his line of communication with Washington.

AS TO THE "GUN-TOTER."

A news despatch from the island of Hawaii says: HILO, December 18.—Following the three murders by Maximo Bohdad and his own death near Honokaa recently, Deputy Sheriff W. J. Rickard of Hanalei, has started a campaign among the plantation men in his district to round up every man who is unlawfully carrying firearms. Last week he arrested three men, and an example was made of them by Judge Hall in the Hanalei district court.

Deputy Sheriff Rickard has instructed every store in his district not to sell ammunition to any man unless he brings a written permission from himself to buy it. He says he proposes to make it so hard for an irresponsible man to carry a revolver or to get ammunition for one in his district that promiscuous shootings there will be almost pau.

This is the right sort of action, and the sheriff of the islands and its other officials of the law should back up Deputy Rickard to the limit.

Promiscuous "gun-toting" in Hawaii has been responsible for many bloody crimes in the last three years, yet the authorities have failed to take any adequate action.

Give some irresponsible man a knife or revolver, fill him up with bad gin or worse whisky, turn him loose in a community, and tragedy follows. Sometimes the man "gets" one of his own race, sometimes of another race; sometimes his victim is shot or slashed in a quarrel, sometimes the combination of irresponsibility and booze sends the desperado amuck without apparent cause and he shoot or knifes the first man or woman in his way.

Why are there so many bloody crimes in the islands? Why so many cold-blooded and hot-blooded murders? Why is there a steady increase in these crimes?

The three main factors, we would say, are the growth of disorderly elements in the community as coolie labor is brought here; promiscuous gun-toting; and booze.

The disorderly, desperate men would be far fewer without their accompaniments of deadly weapons and booze. In fact, nine-tenths of them would probably be law-abiding.

This is not a new subject. Legislation to stop the sale of deadly weapons to irresponsible persons has been proposed. It has also been proposed that the county authorities in each county search out and disarm men carrying such weapons. It would be a big job and a hard job, but better to do it than inertly to watch the tide of violent crime rise steadily in Hawaii.

One of the most practical objections against Delegate Kuhio's bill to make the governor an elective instead of an appointive officer is that the bill is sponsored by Kuhio and the political advisers with whom he has surrounded himself, and who have surrounded him, in the last two elections. Under such circumstances, the delegate and his advisers cannot expect the people to do otherwise than regard his measure as an effort to further his own political fortunes and those of his political group. The principle of home rule ostensibly involved in his bill is the principle Hawaii likes to support, but does Hawaii wish to carry into its governorship the political activities and inactivities represented in the last four years and the last two campaigns by Kuhio and his advisers?

"Banana Jack" Kalakieta complains about the condition of roads in his section of the city. The public might be interested in finding out how the ex-legislator stands on such improvement issues as the frontage-tax and bonds. Leaders of the party which boasts of his allegiance are against these practical measures for improving street and road conditions.

Who said Secretary of War Baker is a pacifist? He is out now in favor of some form of compulsory military service. If he ever had ultra-pacifist tendencies, he must have lost them after getting into the swing of the war department.

Merchants complain to the supervisors about dust on Queen street. The weather man fixed that this week.

"Hoppe Makes Record Run," says the headline over a billiard item. Why not a record hop?

And Lloyd George did it!

KAMEHAMEHA IS LAUDED BY DYER

That there now is and will be for some time an urgent demand for trained mechanics at Pearl Harbor; and that the navy is intensely interested in the work the Kamehameha manual school is doing toward furnishing it with skilled labor, is the substance of a talk by Paymaster George P. Dyer, U. S. N., at a dinner in the dining hall of the school Tuesday evening.

The dinner was a part of "Founder's Day" exercises. W. O. Smith, chairman of the board of trustees, presided. About 500 persons attended, including students, alumni and friends.

Dyer said that Uncle Sam was a strict taskmaster, requiring efficiency and obedient employes. And military training, he declared, is the best method by which this obedience may be instilled. He related in an interesting manner how, when 15 years old, he came to Hawaii on the cruise; Charleston, which brought back the body of King Kalakaua.

Chief Justice A. G. M. Robertson related a number of interesting events in the life of Mrs. Bernice Pauahi Bishop, founder of Kamehameha, and urged the students to follow the example that noble woman set for them.

No Hyphen In Premier's Name

Does the new premier of Great Britain take his name with or without the hyphen? Is it Lloyd-George or Lloyd George?

Answer: He takes it without.

A newspaper correspondent gives the following timely information: The new premier's name is George. His brother's name is William George. And because his youngest brother, David, had a middle name, your contemporaries insist on hyphenating him. The reason for the prominence given to the middle name is out of compliment to his uncle, Richard Lloyd, who on the death of Premier George's father took the two boys and their mother into his humble home in a Carnarvonshire village and out of his meager earnings as a shoemaker supported the little family and gave the brilliant David an education that ultimately made him prime minister of Great Britain. Today the little Welsh lad who suffered, struggled, questioned and conquered is possibly the most remarkable figure in the world.

VITAL STATISTICS

BORN
LONGLEY—In Honolulu, December 19, 1916, to Mr. and Mrs. Abner T. Longley of 1224 Fourteenth avenue, Kaimuki, a son—Jack.
CABRAL—In Honolulu, December 17, 1916, to Mr. and Mrs. Manuel Cabral of 1728 Kaunualii street, Kalihi, a son—Manuel.
KAUIAA—In Honolulu, December 17, 1916, to Mr. and Mrs. Jacob Kauiaa of Fort street, near School, a son—Jacob.

MARRIED
PLEMER-COX—In Honolulu, December 19, 1916, Henry K. Plemmer and Miss Lizzie P. Cox, both of Waiataua, Oahu, Rev. Samuel K. Kamatopili, assistant pastor of Kaunakakai church, Palama, officiating; witnesses—Mrs. Meleana Plemmer and Mrs. Deborah Sniffen.
BROOKS-EDWARDS—In Honolulu, December 18, 1916, Murray L. F. Brooks and Miss Lillian Edwards, Rev. Felix H. Conway, pastor of the Seventh Day Adventist church, officiating; witnesses—Mrs. Birdie Conway and Miss Bertha Lofstad.

DIED
SWINTON—In the Queen's Hospital, Honolulu, December 19, 1916, Harry S. Swinton of this city, former manager of Lunallilo Home, a native of Honolulu, 75 years, 6 months and 18 days old.
LONGLEY—In Honolulu, December 19, 1916, Jack, infant son of Mr. and Mrs. Abner T. Longley of 1224 Fourteenth avenue, Kaimuki, a native of this city.
NUNES—In the Queen's Hospital, Honolulu, December 18, 1916, Mrs. Isabel Augusta Nunes, wife of Manuel Nunes of 76 South Beretania street, a native of Funchal, Madeira, Portugal, 55 years, 7 months and 18 days old.
LUKELA—In Honolulu, December 18, 1916, Polani Lukela of 2434 Liliha street, former prison guard, married, a native of Koolauloa, Oahu, 57 years old. Buried yesterday in Kawaiahao cemetery.

W. Elmer Payntar, a real estate dealer of Long Island City, was arrested, charged with larceny of \$30,000.

STATION ISSUES REPORT ON PINES

The U. S. experiment station report on the spraying of yellow pineapple plants on manganese soils with iron sulphate solutions, which has resulted in the saving of many thousands of plants and greatly increasing their yield, has just been issued by the station. This report is the first publication which the station has issued on this subject.

The report gives a description of the sprayer which has been found best suited to the needs of the local pineapple raisers and describes the many steps which were necessary before M. O. Johnson, the chemist who discovered the method, finally arrived at the correct solution. Definite figures as to the comparative yield of sprayed and unsprayed plants are contained in a table and are of special interest.

A warning is also given against the danger of spraying plants of reduced yields where the fault is not because of manganese in the soil but that the soil is worn out and the report says that this danger must be provided against by the application of fertilizers and proper provision for suitable drainage.

CUSTOMS BOARD WILL COME HERE

Making its first visit to the Honolulu custom house since its organization four or five years ago the customs efficiency board of Washington, D. C., expects to come to the islands on business some time in February, according to a letter received from the mainland yesterday in the Wilhelmina by Acting Collector of Customs Raymer Sharp.

The board has since its creation visited every custom house in mainland ports but this is the first time it has seen its way clear to visit Hawaii. The members will make a study of the local custom house, looking into its methods and will make recommendations to Washington for increase or decrease in the present force and salaries paid employes of the customs service here.

Sharp has also been advised that F. M. Halstead, chief of the division of customs, Washington, D. C., expects to visit Honolulu at the same time the board arrives. The acting collector hopes to keep him here long enough to see the 1917 Mid-Pacific Carnival, so Halstead will be a good booster for Honolulu's annual mid-winter pageant.

LETTERS

NO FAULT OF THE POLICE

Honolulu, T. H., Dec. 20, 1916.
Editor Honolulu Star-Bulletin.

Dear Sir: Since having a conversation with you this morning in regard to an article in Tuesday evening's paper, entitled "Thief Defeats Old St. Nick," I felt that in justice to the sheriff and Capt. McDuffie I should have the following facts published:

W. E. Weatherby called up the detective department and asked for Mr. Hutton. I was called to the phone and the following conversation took place over the phone.

Mr. Weatherby told me that some one had entered his home during the day by breaking the screen on one of the windows and that some articles were taken. I asked him if he had any idea of anyone in the neighborhood having done this and he stated it looked like kids' work. I told him that I would personally look up the case. He then said that only a few pencil boxes had been taken and they were of no value, but that he thought he would let me know of this matter.

I have had considerable dealings with Mr. Weatherby in my office at the police station, and, taking this as a personal matter, I did not notify my captain of the affair at all.

I had intended to visit Mr. Weatherby the following evening and go over the matter with him, and you can imagine my surprise on reading the article in your paper that afternoon.

When Mr. Weatherby states that I said, "Lots of other people in that neighborhood had been robbed and he had no particular reason to kick," he told a deliberate lie. I informed him that I was surprised to hear of his place being entered, as it was the FIRST complaint from that neighborhood that I had received.

Hoping that I have made it clear that Sheriff Rose and Capt. McDuffie knew nothing of this matter, I am,
Very truly yours,
W. H. HUTTON.

GIFTS

Can Best Be Determined After Reading Paid Publicity.

Rain or Shine, the central thought these days is what you will give your friend as an expression of your good will or give your relatives as an expression of affection.

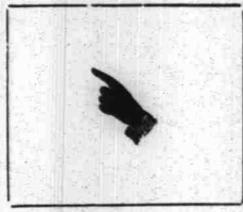

Perhaps you know exactly what you or your friend wants.

Probably You Need Suggestions and that is exactly what the merchant is advertising for—to help you with your buying.

Read the Advertisements and you will secure exactly what you need or very close to it.

At Least You are Sure to obtain a closer approach to your ideal than you possibly could by just wondering what to do.

Paid Publicity is Service for You.

PERSONALITIES

ROBERT HIND, senator-elect, has returned to the islands from a trip to the coast.

J. M. KANEAKUA, county clerk of Kaula, is in Honolulu as a witness in a land case now on trial in Circuit Judge Whitney's court.

PETER FRANCIS and Marcus Lee are going to the Volcano to spend their Christmas holidays. They are attending St. Louis College.

JOHN HAMILTON, formerly with the Laupahoehoe Sugar Co. and of the board of health, left for San Francisco on Tuesday to be absent about a year.

MRS. F. J. DUNLEAVY, who was married in Honolulu in the nineties and left the islands with her husband, has written from Nova Scotia announcing the death of her father. He was born in England, was among the California argonauts, then a coal mine manager in Nova Scotia, also figured there in county and municipal government and died lately aged 91 years, all of which locally printed obituaries with his picture relate at length.

MISS CELESTINE SILVA left on the Mauna Kea for the Big Island to spend her Christmas vacation at Mahukona. She is a student at the Sacred Hearts Academy in Kaimuki.

ENGINEER M. SAIKI of the Japanese communication department, who arrived on the Korea Maru to investigate the Hawaiian wireless system, has made his home at the Mochizuki Club.

CLINTON G. OWEN, superintendent of the Honolulu branch of the Hawaiian Fertilizer Company, has been promoted to the head of the company's main office on the coast, taking the place of Vernon L. Tenney. He will sail January 27.

Mr. Motorman--

Why not buy a lot near your work and build a cosy bungalow? The lot and house together need not cost over \$2500. If not convenient to pay cash, \$500 down and easy monthly payments may be accepted. Prove to yourself what can be done by allowing us to show you what has been done.

If it's from Wichman's, you know it's good

No single fact can guarantee the quality and beauty of the gifts you have chosen than that they have come from Wichman's, the jewelry store that has set the standards of such things for nearly a third of a century here in Hawaii.

CHRISTMAS SUGGESTIONS

For the Husband, Brother, or Father

...The man is a most particular being, and these suggestions will relieve many a woman of her most difficult Christmas problem.

Gold or Silver Belt Buckles
Key Rings in gold and silver
Cuff Links in platinum and gold
Full Dress Sets
Military Brushes, mounted with gold or silver and monogrammed
Watches, Wrist Watches
Chains, Fobs, Silver Pencils

Fountain Pens
Desk Sets, Calendars
Ink Wells, Letter Openers
Clothes Brushes, Card Cases
Emblem Charms or Buttons
Wine Sets, Decanters, Bottle Openers
Silk Umbrellas

For the Engaged Girl to give to "Him"

These suggested Gifts are very carefully chosen from a long list:

Signet Rings
Scarf Pins
Fountain Pens
Card Cases
Desk Fittings: Clocks, Letter Openers, Blotter Pads, Ink Wells, etc.

Gold Locketts
Vest Chains
Diamond Links
Cuff Buttons and Stud Sets
Cigarette Cases
Silver Pencils

For Father or Mother to give to Son

Knives
Key Rings
Full Dress Sets
Gold Watches
Photograph Cases
Lapel Chains
Toilet Sets
Traveling Brushes
Clothes Brushes

Jeweled Studs
Match Boxes
Walking Sticks
Umbrellas
Silver Pencils
Military Brushes
Safety Razors
Shaving Sets

Gifts for the Bachelor

Cigar Lighters
Briar Pipes
Match Boxes
Cigar Stands
Ash Trays
Traveling Cases

Cigar Holders
Cigar Cases
Cigarette Cases
Cigar Cutters
Tobacco Jars

There are three more days in which to accomplish the purchasing and sending of your Christmas Gifts. Selections made today and sent immediately will most surely be received in time for Christmas morning.

Jade Jewellery

The genuine Oriental Jades in settings of pure heavy Chinese gold of exquisite design. This stone is a gift sure to be appreciated, attractive yet not expensive.

Brooches
Bracelets
Necklaces
Rings
Scarf Pins
Fobs

To Give to Baby

Necklaces of tiny, perfect matched pearls
Locketts of platinum or gold
Rings

Spoons, initialed, either gold or sterling
Child's Sets of Knife, Fork and Spoon
Silver Drinking Cups

Wichman quality embodied in Leather goods

Appropriate gifts for every member of the family and every friend may be found here. They are always in the best of taste, and will be very much appreciated by the recipients. Here is a partial catalog:

Purses
Hand Bags
Slippers
Collar Bags
Sewing Stands
Picture Frames

Cloth Brush Sets
Card Cases
Cigar Cases
Jewel Boxes
Tobacco Pouches

For the Wife, Sister or Mother

Anyone of feminine mind will be delighted with presents such as we list here:

Gold-mounted Toilet Sets
Mesh Bags of gold or silver
Gold or silver Lorgnettes, set with jewels or not.
Gold or silver Bodkin Sets
Pendants, Brooches and Bar Pins
Vases—silver or cut glass

Memo Pads of gold or silver, engraved with monogram
Vanity Cases of gold or silver
Join Cases, Stamp Cases
Engraved Stationery or Cards
Also Cut Glass, Silverware, or Leather Goods

For the Engaged Man to Give to "Her"

Of all puzzling Christmas questions, what to give to the fiancee is the most delicate.

Diamond Rings
Lavalliers
Dainty Wrist Watches of platinum set with diamonds
Cameo Brooches
Diamond Bracelets
Sterling silver Card Cases

Birth Month Spoons
Shopping Bags
Bouquet Holders
Desk Sets
Silver Novelties
Necklaces of Jewels, Platinum or Gold

For Father or Mother to Give to Daughter

Toilet Sets
Powder Paper Holder
Powder Boxes
Coin Cases
Sewing Cases
Perfume Bottles
Stationery
Friendship Bracelets
Bead Necklaces of many kinds

Manicure Sets
Hat Pins
Lingerie Clasps
Chain Purses
Chatelaines
Birth Stone Settings in rings, lavalliers, bracelets, etc.
Hair Combs

For the Bachelor Maid

French Enameled Novelty Sets
Shirt Waist Sets, Sewing Sets
Umbrellas

Vanity Cases, Perfume Bottles
Bodkin Sets
Smelling Salts Bottles

SHIPPING & WATERFRONT NEWS

WILHELMINA HAS STEAMED 455,000 MILES IN SEVEN YEARS' SERVICE

Since the Matson liner *Wilhelmina* will remain on her present schedule only until March 7, when the paternal new liner *Maui*, duplicating the *Matsonia*, will take her run, it is interesting to know that in the seven years she has been in the island service she has traveled 455,000 miles.

Capt. Peter Johnson, her commander, who will command the *Maui*, probably leaving the *Wilhelmina* for the new Matson flagship after one or two more voyages, took a pencil and paper today and demonstrated that she has traveled since her launching in 1909 a distance equal to almost 19 times around the globe.

455,000 on Island Run

"The *Wilhelmina* has been running for seven years," said the veteran Matson commander. "She makes 13 trips a year, 5000 miles to each round trip, counting in the additional distances from Honolulu to Hilo and San Francisco to Crockett. That is 65,000 miles a year. Multiply this mileage by seven and it makes 455,000, not counting the 14,000 miles she steamed coming to San Francisco from Newport News, where she was built. In-

cluding the 14,000, my steamer has traveled 469,000 miles since she was launched. She has never been laid up, either, and has never lost her schedule since she went into commission."

Crew Going to New Boat

Capt. Johnson said he understands that the majority of the *Wilhelmina's* officers and crew will go over with him to the *Maui* when she is ready for her maiden voyage to the islands. She will arrive here for the first time on March 7, leaving San Francisco March 7, with the leading officials of the Matson Navigation Company, including Capt. William Matson, and many other prominent men of the Pacific coast aboard.

Will Take Lurline Run

After the *Maui* is on the run, the *Wilhelmina* will be put on a slower schedule, operating with the *Manoa* and taking the *Lurline's* run, calling at Kahului with the *Manoa*. The *Lurline* will then be free for whatever run she has to be needed on most.

The *Wilhelmina* has a new surgeon on this voyage. He is Dr. W. D. Allen. The former M. D., Dr. Charles H. Cristal, has left the Matson line's employ.

MAUNA KEA BACK ON HILO ROUTE

At 10:25 this morning, 25 minutes late, the inter-island flagship *Mauna Kea* left for Hilo and way ports, resuming her old run. She has been off it since December 2, undergoing repairs and a general overhauling. Repairs included new sets of boiler tubes in her two boilers.

Repairs to the *Mauna Kea* were rushed day and night by the Honolulu Iron Works and were completed in time for U. S. inspectors of hulls and boilers Joseph J. Meany and Thomas J. Heeney to finish their annual inspection at 9 o'clock this morning. They report the steamer to be now in first class condition.

Copies of the Inter-Island's 1917 schedule are being distributed this week. There are no changes in it from the 1916 one. The same steamers and hours of departure and arrival are listed as last year.

HARBOR NOTES

Friday the China Mail liner *China* is due to steam from San Francisco for the Orient. She will arrive here December 29 if on time.

Next mail from San Francisco and Los Angeles, 540 bags, will arrive at 10 o'clock Friday morning on the Hill turbine *Great Northern*.

Bringing lumber for Lewers & Cooke, the schooner *Repeat* arrived from Willapa Harbor this morning. She was berthed at Pier 17.

After the *Great Northern* Friday morning the last Christmas mail for the year to reach Honolulu will come Monday morning in the Oceanic liner *Sierra*.

The Lewers & Cooke lumber schooner *Robert Lewers* entered port today. She showed up from Port Gamble about 6 o'clock this morning. She docked at Pier 2, Channel Wharf.

Due to leave Vancouver and Victoria today for Honolulu, Suva, Auckland and Sydney, was the Canadian Australasian liner *Niagara*. She is scheduled to arrive here December 27, a week from today.

A masquerade ball was held Monday night aboard the Matson liner *Wilhelmina*. Chief Steward George Paston, disguised as a peroxide blonde, was the big noise of the occasion, according to all reports.

Next mail for San Francisco will leave at 10 o'clock Tuesday morning on the Hill liner *Great Northern*. The postoffice despatched 127 bags on the Oceanic liner *Ventura* Tuesday afternoon. She steamed at 5:15 for the coast.

Record Christmas mail of the year, 1160 bags, arrived on the Matson liner *Wilhelmina* Tuesday afternoon. The letter mail was delivered on the afternoon delivery; the majority of the parcel post matter went out this morning and the remainder is being delivered this afternoon. The *Wilhelmina* brought 1253 bags last Christmas, the 1915 record.

MAINLAND ARRIVALS ON LATEST STEAMER

Mrs. C. D. Reohr, a tourist, arrived on the *Wilhelmina*.

Mr. and Mrs. Gerrit P. Wilder returned on the *Wilhelmina*.

Mrs. James A. Kennedy returned on the *Wilhelmina* with her husband.

Dr. I. J. Shepherd returned on the *Wilhelmina* from a trip to California.

Mr. and Mrs. J. A. Gilman returned on the *Wilhelmina* from a trip to the coast.

Dr. W. D. Baldwin of Haiku, Maui, was an island resident coming back on the *Wilhelmina*.

Fred B. Damon, cashier of the Bank of Hawaii, returned with Mrs. Damon on the *Wilhelmina*.

Percy M. Pond returned on the *Wilhelmina* after a vacation of several months on the mainland.

Mr. and Mrs. E. Lyman, tourists from New York, came on the *Wilhelmina* to see the islands.

Mr. and Mrs. W. A. Pardee of Chicago were among the tourists who came on the *Wilhelmina*.

Judge and Mrs. S. W. Stewart of Salt Lake arrived on the *Wilhelmina* for a visit in the islands.

Robert Hind of Puuwaawaa cattle ranch, Hawaii, came back on the *Wilhelmina* from San Francisco.

Frederick F. Haley, postmaster of Maunawai, this island, was a returning Oahu on the *Wilhelmina*.

John T. McCrosson, capitalist, of 1563 Wilder avenue, returned on the *Wilhelmina* after a trip to California.

Mrs. W. L. Stanley, wife of Judge Stanley of Honolulu, is home from a visit on the mainland. She came on the *Wilhelmina*.

Miss M. R. von Holt, sister of H. M. von Holt, returned to the islands on the *Wilhelmina*. She has not been here for nine years.

Mr. and Mrs. L. Tenney Peck are expected to arrive on the Hill liner *Great Northern* Friday from an extended vacation on the mainland.

E. D. Baldwin, manager of the Hawaiian Sugar Company, and Mrs. Baldwin were returning passengers on the *Wilhelmina*. Baldwin is postmaster of Makaweli, Kauai.

Mr. and Mrs. J. G. McAllister of Salt Lake City, Utah, arrived on the *Wilhelmina* to pass the winter here. They are prominent residents of the Utah metropolis.

Mr. and Mrs. E. D. Tenny, who were expected to return on the *Wilhelmina*, will not arrive until the end of this month. They are staying in San Francisco to witness the launching Saturday of the new Matson liner *Maui*.

Lieut. Charles D. Daly, 1st Field Artillery, Schofield Barracks, returned on the *Wilhelmina* after a furlough on the coast. Mrs. Daly came back with him. He has been coaching the successful West Point football team.

Mr. and Mrs. E. V. Pasquel and family of San Francisco came on the *Wilhelmina* to visit the islands. Pasquel is a well-known uniform manufacturer of San Francisco, whose uniforms are sold throughout the country.

VESSELS TO AND FROM THE ISLANDS

(Special Wireless to Merchants' Exchange.)

MAHUKONA—Arrived, Dec. 19, 3 p. m., bark R. P. Rithet from San Francisco.

SAN FRANCISCO—Sailed, Dec. 19, 2:40 p. m., S. S. *Sierra* for Honolulu. Sailed, Dec. 19, 9 p. m., S. S. *Manoa* for Honolulu.

Arrived, Dec. 20, S. S. *Christian*, hence Nov. 29.

PORT TOWNSEND—Arrived, Dec. 19, S. M. E. *Foster*, hence Nov. 29.

YOKOHAMA—Arrived, Dec. 19, S. S. *Konkon Maru No. 2*, hence Nov. 30.

S. S. *SIERRA* arrives from San Francisco Monday with 53 cabin passengers for Honolulu; 440 tons cargo; 840 bags mail; 20 pkgs. express matter. Proceeds to Sydney about 3 p. m.

PROPOSES TO ANTICIPATE FURTHER RISE IN ASPHALT

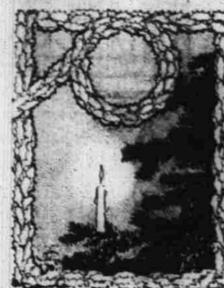

To save the city and county several thousand dollars a plan was suggested Tuesday evening by Supervisor Arnold for the purchase of 400 tons of asphalt before the price again goes up.

Arnold informed the members of the board that after the first of the year asphalt would cost between \$22 and \$23 a ton, while they could get it now for \$18.30.

He asked them to take it under consideration and report at the next meeting.

HATCH OPPOSES HIRING ENGINEER

Whether the engineering department shall engage another engineer as recommended by Mayor John Lane was a subject Tuesday evening of considerable argument at the meeting of the board of supervisors. Nothing definite was decided and it was referred to the finance committee for a report as to whether the city could stand the extra expense.

Supervisor Hatch said he believed the board was making a grave mistake by hiring another engineer. "I want to remind the board that we are approaching the end of our term and must keep inside our appropriations," he said.

Taking the other side, Arnold said that the engineer was for improvement district work only and was badly needed as the work is behind. He said that while the money to pay the engineer would, for the present, come out of the improvement fund, it would, as soon as the bonds for each improvement district are sold, be refunded. "We can not go fast enough to satisfy the demand," Arnold said, "and the improvement fund is able to carry the burden."

Logan and Larsen were also in favor of hiring another engineer, the former saying that it should have been done when the first improvement district was formed. Logan also pointed out that plans for engaging an engineer had already been approved, even to setting his salary.

Hollinger moved that the matter be referred to the finance committee, which was done.

COMPLAIN QUEEN STREET DUST BECOMES NUISANCE

Eight firms situated on Queen street, between Fort and Kaahumanu, have protested to the board of supervisors that the dust along Queen

street has become such a nuisance that it is not only damaging their places of business but is also a detriment to health and have requested that it be alleviated. Arnold asked that the protest be referred to the road committee and said that he would have it cleaned up.

MUST PUBLIC PAY FOR USE OF GARBAGE DUMP?

Supervisor Arnold fired a bomb into the meeting of the board of supervisors Tuesday evening when he asked why citizens of Honolulu could not dump their garbage into the public dumps. "They can," said Larsen. "That is just the point," said Arnold. "They

can not and I can cite incidents where they have been ordered away."

Arnold then moved that the board vote to have the public dump opened to the public. The other members, however, believed that there must be some reason back of the health department's refusal and the matter was referred to the health committee for investigation.

HATCH OBJECTS TO QUARRY IN PARK

Using Kapiolani park as a sand quarry was the subject of a protest by Supervisor Hatch at the meeting Tuesday evening of the supervisors. He informed the board that sand by the wholesale was being taken out of the park and asked why it was being done.

Arnold said that he understood that for each cart load of sand taken out another of soil was brought in.

In reply Hatch took out of his desk a piece of quarry rock. "This is a sample of the fine soil which is replacing the sand," he said. "Is this the way to manage a park?" he asked.

Hollinger, chairman of the park committee, appeared to be blushing and Arnold promised to look into the matter.

SUPERVISORS NOTES AND CITY BUSINESS

The next meeting of the board of supervisors will be held Thursday noon for the passing of pay rolls only.

The request of the garbage department for a raise in pay of 50 cents a day was referred to the finance committee.

For the first time in many weeks A. C. Clark was not present at the meeting of the board of supervisors Tuesday evening.

The county clerk was authorized to call for tenders for department supplies for the next six months from firms carrying the needed articles.

The first payment to the Spalding Construction Company for the paving of Kalakaua avenue has been authorized by the board. It amounts to \$3813.15.

A bill from Yee Yap for \$578.37 for 661 square feet of land on Nuuanu at the corner of Kukui, which he has deeded to the city, was approved by the board. The land is to be used for the purpose of widening Nuuanu.

According to A. M. Cristy, deputy city attorney, only one lot on Kalakaua and three on King street extension have failed to pay their frontage improvement assessments. All other improvement districts are entirely paid up.

The board of supervisors Tuesday evening adopted a resolution to have all fire and police vehicles equipped with a motor exhaust horn and these blown continuously while on emergency business through the public thoroughfares.

Jack Kalakiela, who lives on Jack lane, appeared before the board of supervisors Tuesday night and asked them to have the trees and bushes cut back on Jack lane as they have grown so thick that it is difficult for an automobile to pass.

The board Tuesday evening approved the recommendation of A. M. Brown, city attorney, that the claim of Mrs. Alice Parsons against the city for \$85 was just and it voted that the water department should pay her the money. Mrs. Parsons was injured on Hotel street when she fell into a manhole which was under jurisdiction of the water department.

That the surfacing pavement on Queen street should be torn up and a new one laid by the bitulithic people, according to the contract, instead of heating and rolling the present one, which is fast going to pieces, was a suggestion advocated by Supervisor Arnold Tuesday evening and he moved that the matter be referred to the attorney's office to ascertain just how far the city and county can go in forcing the paving company to put in a new surfacing. It was adopted.

CLEMONS QUILTS FEDERAL BENCH

Hon. Charles F. Clemons, judge of the local federal court, has resigned. His resignation already is on its way to the department of justice at Washington, D. C. and is due to take effect January 15.

While his plans for the future are somewhat unsettled at present, he says, Judge Clemons eventually intends to reenter the practice of law. Although he declined to discuss his plans today there is a possibility, it is reported, of the formation of a law firm by himself and Hon. E. M. Watson, former associate justice of the supreme court and now attorney for the public utilities commission.

A meeting of the Bar Association will be held shortly to discuss the in-forcement of some local attorney for the federal bench. Members of the bar seen today by the Star-Bulletin, including two of the officers, asserted they were unable to mention with any degree of authority a local attorney who might be the choice of the organization.

Watson declares he is not an applicant for a receptive candidate for the federal position.

GILDED 'JITNEYS' IN CIRCULATION

One more gilded nickel, an ordinary 5-cent piece coated with a film of gold and otherwise doctored to have the appearance of a \$5 gold piece, was added today to Marshal Smiddy's collection of counterfeit coins and coins that have been tampered with. This nickel was found by George S. Raymond, school inspector, in his pocket this morning. He believes he received it last night. Much of the gold plating was worn off and in the center was a coating of lead, where an attempt had been made to cover up the "V." The nickel is similar in appearance to the one recently received by Henry W. Kinney.

Four of these gilded nickels are now in the marshal's possession, and a Chinese is under arrest on a charge of manufacturing them. The marshal also has an imitation in lead of a \$5 gold piece of the new design. One of the nickels was passed over a local bar at night and \$1.75 given in change for it. The proprietor of the place turned it over to the marshal.

The Interborough Rapid Transit Company in September carried 58,026, 654 passengers, against 48,827,637 in the corresponding month a year ago.

STOCK MARKET IS STRONG IN SPOTS

With a smaller volume of business the general tone of the stock market was strong, although there were some recessions from top prices. McBryde showed greatest strength of the listed stocks, rising to 12, but losing 3/4 of its 1/2-point gain over Monday's price. Other prices were Oahu 15 1/2, 15 3/4, Waialua 32 1/2, Pineapple 56 and 56 1/2, Oahu 31; Ewa 31 1/2. Sales between boards were 1380 and at the session 185.

In unlisted stocks Engels Copper was the strong feature. It advanced from \$4.30 yesterday to \$4.35, \$4.40, \$4.45 and \$4.50, then declined to \$4.47 1/2. Sales of this stock were 4969. There was good news in Mineral Products, but all sales, 11,250 shares, were at \$1.12 1/2. Oil was \$4, Mountain King 45 cents, Montana Bingham 40 cents and Tipperary 4 1/2 cents.

ANNOUNCEMENT.
It is the intention of the stockholders of record on January 2, 1917, to incorporate the Tanjong Olok Rubber Plantation, Ltd., in Honolulu, under the laws of the Territory of Hawaii and to assign all the assets of the present company, which is incorporated in Victoria, British Columbia, to the new company. The capital of the new company will be the same as the old company, that is, \$300,000, and there will be 15,000 shares of the par value of \$20 each. These shares will be issued to the stockholders of the Hawaiian corporation, according to their holdings in the old company.

The stock books of the Tanjong Olok Rubber Plantation, Ltd., will be closed to transfers from December 26, 1916, to January 2, 1917, both dates inclusive.

A Misrepresentation By the Morning Paper

To the Ladies of the Outdoor Circle and the Public Generally of Honolulu:

The Morning Advertiser, in their columns of December 12th, gave a lengthy article on bill-board advertising and stated that a Chinese millinery establishment was using the billboards as a medium of advertising.

Now, as we are the only Chinese in the millinery business in Honolulu, and in justice to ourselves, our manager called at the editorial department of the Advertiser and explained that we had not attempted to do any advertising on billboards. He was promised a correction of the statement would be published. We have patiently waited for this correction, but the promise made was not fulfilled. We believe the least the Advertiser could have done was to keep their word. We think that their treatment has been doubly unfair.

Our company is composed of American citizens who have the welfare of Honolulu thoroughly at heart, and we would do nothing to oppose the efforts of those who are working for the civic pride of the city.

We trust this notice will be ample proof of our readiness at all times to help rather than retard the efforts of the good people who are desiring to make our city more beautiful.

BEST WARSHIP ON EARTH IS DEMAND UNITED STATES

Rear-Admiral Badger Says Japan is Laying Out Mammoth Program

By C. S. ALBERT
(Special Star-Bulletin Correspondence)
WASHINGTON, D. C., Dec. 8.—The naval program proposed for this session of Congress, in furtherance of the better preparedness policy, includes 42 new vessels, in addition to which are suggestions for the largest ship afloat, which Congress, in the naval bill passed last session, asked Secretary Daniels to submit. It is estimated that this ship would be limited to a displacement of 60,000 tons in order to go through the Panama canal, and cost, without armament, from \$30,000,000 to \$35,000,000.

The preparedness program as estimated for this session, will require additional expenditures, exclusive of the giant battleship, amounting to \$115,000,000 to \$130,000,000. This includes three battleships, costing \$16,000,000 each; one battle cruiser costing \$24,000,000; three scout cruisers costing \$5,000,000 each; 15 destroyers, costing \$1,200,000 each; four fleet submarines, costing \$1,000,000 each; eight submarines, costing \$500,000 each; one submarine tender and one destroyer tender.

"I am in favor of making our fighting ships in the future," said Chairman Padgett, "just a little stronger, bigger and better, equipped with thicker armor and larger guns with greater power, and manned by better men with better aim, than any other nation in the world. I am not content with just stopping when we equal what has been done somewhere else."

Rear Admiral Badger of the General Board of the Navy told the House Naval Affairs Committee that Japan is building a larger, more powerful and swifter battleship than any thus far built or provided for in the American navy. He said the Japanese ship will have a main battery of twelve 16-inch or 18-inch guns against twelve 14-inch guns on American vessels now building and eight 16-inch guns for ships authorized last year.

Admiral Badger said the new building program of Japan includes three battleships, two battle cruisers, nine light cruisers, seven destroyers, one destroyer tender and eight submarines.

"I don't believe this will change her relative position among the nations," he said.

The battleships proposed by the General Board, Admiral Badger explained, called for twelve 16-inch guns, a speed of 23 knots and a displacement of 40,000 tons. He recommended that the best ships possible be constructed without attempting simply to equal the efforts of other nations.

Representative Oliver asked Admiral Badger why the General Board had in the past recommended 14-inch guns for the battle cruisers instead of 16-inch guns. Admiral Badger declared that the purpose was to keep these vessels to the lowest displacement possible, keeping them speedy at the time. This could be done, he said, with a saving in cost without lowering efficiency.

"The battle cruisers are not expected to meet other than battle cruisers," he said. "It's a case of dog eat dog." "I believe," said Mr. Oliver, "that there is a feeling in the house that it would be wise to spend a few more million dollars and get stronger guns on these vessels."

STRONG HAND PUTS DOWN REVOLUTION IN PORTUGAL

(Associated Press by Federal Wireless)
MADRID, Spain, Dec. 20.—Advisers from Lisbon state that the recent revolution in Portugal was put down by the suspension of all constitutional guarantees and the arrest of thousands of revolutionists.

JAPAN STANDS BY ALLIES

(Special Cable to Hawaii Hoehi)
TOKYO, Japan, Dec. 20.—United States Ambassador Guthrie called upon Viscount I. Motono, minister of foreign affairs, yesterday and presented a message from President Wilson which officially notifies Japan on the terms of peace offered by the Teuton Powers.

Soon after the American ambassador left the office a cabinet meeting was called by Premier Terauchi, and it was decided to reply to the United States, after consultation with the Allies, that it is forbidden to the Entente Allies to conclude a separate peace.

Premier Terauchi and Mr. Motono called at the imperial palace in the afternoon and reported the details of the message to the Mikado.

Japanese papers published here declare that it is not the time to talk peace and are bitterly attacking the Teutonic government, asserting that their conditions of restoring peace lack sincerity.

As a result of the American ambassador's formal notification the prices of various stocks, especially that of steamship companies, have fallen again.

Star-Bulletin's Growth Shown in Volume of Paper Issued in Edition

The growth of the Star-Bulletin to its present size is attested by the large bulk of paper made up in the regular editions. The picture above shows part of the Saturday issue, banked up almost half way to the ceiling in the newsboys' room, ready for the street sellers and carrier. This photo was taken last Saturday when only part of the edition had been run off, one entire section being still to be added. An indication of the height of the piles may be gained by comparison with the height of the counter on the left, which is considerably higher than a table. Last Saturday's issue totaled more than two tons. This picture is also an illustration of why the rapidly increasing price of "news print" paper is a serious problem for publishers.

GIRLS MUST BE "CHILLED STEEL" IN THEIR LIVES

Life Just One Banana Peel Hidden Away for Them to Step On

By FRANCIS WAYNE
The modern girl, who is decent and wants to go straight these days, must be 90 per cent chilled steel to withstand the snares and temptations set for her undoing.

This view was expressed by Miss Louise Stearns of Milwaukee, Wis., head of the national traveling library commission, vice president of the Milwaukee City Club, former vice president of the General Federation of Women's clubs, who is in Denver to speak before the librarians today and before the Women's Club tomorrow.

Of all the peppy notables arriving in Denver with a kit of ideas, with which to regale the public, Miss Stearns is the peppiest, the widest awake, the most practical, the easiest to interview. Her sentiments are on a hair trigger.

Banana Peels Hidden in Modern Literature

Witness the following: "For the modern girl every agency of life seems to be a disguised banana peel. The young girls of this country never before lived in such a period. Life is wide open to her and she must be the most tactful of mothers who brings her daughter safely to port. When the girl of today is ready to leave Louise Alcott what does she find awaiting her? Elinor Glyn, Robert Chambers, the unspokeable Cosmopolitan or Eddy Brook's equally unspokeable and inane Ladies' Home Journal."

"The purpose of the Women's clubs of America should be to put these journals out of business in the interest of the safety of their girls, and protest! Protest! Protest!"

Another thing the women's clubs must turn their attention to is the "modern picture."

"What we need today is more of the old-fashioned mother in the home and the old-fashioned girl sitting with her feet on the rug."

Women's clubs were the first agency to give old age its waiting orders. "There are no old women today; not even old maids. Mothers Not Cheated By Failure to Wed"

"Unmarried women who have refused to marry for a home or to insure support are not going to be cheated out of the joys of motherhood because they haven't acquired a husband. They are becoming mothers by way of the adoption route and making the best sort of mothers at that. Women are no longer left over in the refrigerator of life."

"The reason men refuse to marry in so many instances is because hotels and clubs make life so easy for them; high prices make marriage so uncertain and the extravagance of girls makes it too scary."

"One splendid thing I have noted in my travels," added Miss Stearns, "is that the balance of political power has passed from the so-called educated East to the able and alert West. Western women hold the key to the situation in decency of government; they have shown themselves deaf to scandal and independent of parties and party bosses. Hereafter the East must look to the West for ideas and ideals—and for candidates."

These things and many more Miss Stearns said as she sat in the living room of Mrs. Henry B. Teller's home. If the women of the city really want to bear something worth while they will go to the Woman's Club tomorrow afternoon and listen while Louise Stearns tells of the "Passing of the Borneo."

FIVE MILLION CONTRACT FOR MACHINE GUNS

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Dec. 20.—Following the official announcement by Secretary of War Baker of the failure of the Lewis machine gun to equal the demands of the exhaustive tests to which it was submitted by a board of ordnance officers, the war department announced yesterday that orders have been placed for 4000 Vickers-Maxim machine guns and accessories, the contract prices totaling \$5,500,000. In announcing this contract the war department states that this is only the first of other contracts for machine-guns to be placed in the near future.

WAR SECRETARY SAYS ALL CITIZENS SHOULD SERVE

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Dec. 20.—The agitation for some form of compulsory military service in the United States is receiving the support of Secretary of War Baker yesterday. He adds that he believed the national guard system should be given a fair trial.

THE X-RAY MACHINE

Has often demonstrated to the skeptical that subluxations of vertebrae do occur, and that they are corrected by adjustments. Bending, twisting, nodding all disprove the statement that vertebrae are immovable. X-ray plates showing subluxated vertebrae can be seen at the following addresses:
W. C. WEIRICK, D. C. Graduate, Palmer School of Chiropractic-Former Director of Clinic Pacific College of Chiropractic. 424 Beretania Street.

CELEBRATE FEAST OF DEDICATION

The Feast of Dedication (Chanukah) commenced at sundown Tuesday and lasts for eight days. It celebrates the successful ending of a war against religious tyranny. Its predominant message therefore is religious liberty. In the year 162 before the present era, the Syrian king, Antiochus Epiphanes, set up a statue of a pagan deity in the Jewish temple of Jerusalem and tried to compel the Jews to worship it and abandon their own historic faith. This effort at forcing an alien religion upon the Jewish people provoked a bitter revolt in which the Jews, led by the famous Judas Maccabees and his brothers, finally defeated the Syrian armies, reentered the temple and rededicated it as the center of Jewish worship. In honor of this rededication the Feast of Chanukah (dedication) was established, its eight days to be holidays, days of song and thanksgiving.

The holiday is marked by special prayers of thanks and psalms of praise inserted into the daily ritual and by the kindling of the Chanukah lights. The usual custom is to light one light on the first day, two on the second, three on the third and so on, adding one each successive day of the feast. As to the reason for this custom of kindling the lights, legend tells that when Judas Maccabees and his victorious army rededicated the temple and cleansed it of all the impurities of idolatry, he found that there was only enough pure oil to keep the perpetual light burning for one day, and it would be long before new oil could be procured. But miraculously this small amount of oil lasted for eight days and the perpetual light was not extinguished. For this reason it was ordained that every year lights should be kindled for eight days in every household. It became customary for the lights to be placed in the windows and the doorways, so that the streets of the cities be lighted up. Thus the feast came to be known also as the Feast of Lights.

The Jewish date for the beginning of this feast is the 25th of the month of Kislev. According to one tradition, the reason that Judas selected this date is because it fell exactly three years after Antiochus had defiled the temple; according to another tradition it is because that was also the day when the Israelites, after being delivered from Egypt, completed the tabernacle in the wilderness.

FULL LIST OF NEW BRITISH CABINET OFFICERS AND THE "WAR COUNCIL"

LONDON, Eng., Dec. 19, 7:35 p. m.—Official announcement was made tonight that the government had been constituted, with a war cabinet comprising the following:
Premier, David Lloyd George; Lord president of the council, Earl Curzon, who also will be government leader in the house of lords; Arthur Henderson, minister without portfolio; Lord Milner, minister without portfolio, and Andrew Bonar Law, chancellor of the exchequer, who has been asked by the premier to act as leader in the house of commons, and also as member of the war cabinet without being expected to attend regularly.
The other members of the ministry, who are not in the war cabinet, are:
Lord high chancellor, Sir Robert Bannatyne Finlay.
Secretary of state for the home department, Sir George Cave.
Secretary of state for foreign affairs, Arthur J. Balfour.
Secretary of state for the colonies, Walter Hume Long.
Secretary of state for war, the Earl of Derby.
Secretary of state for India, Austen Chamberlain.
President of the local government board, Baron Rhondda.
President of the Board of Trade, Sir Albert Stanley.
Minister of labor, John Hodge.
First lord of the admiralty, Sir Edward Carson.
Minister of munitions, Dr. Christopher Addison.
Minister of blockade, Lord Robert Cecil.
Food Controller, Baron Davenport.
Shipping controller, Sir Joseph Paton Maclay.
President of the board of education, Herbert A. L. Fisher.
First commissioner of works, Sir Alfred M. Mond.
Chancellor of Duchy of Lancaster, Sir Frederick Cawley.
Postmaster-general, Albert Hlingworth.
Minister of pensions, George N. Barnes.
Attorney general, Sir Frederick E. Smith.
Solicitor general, Gordon Hewart, K. C.
Secretary for Scotland, Mr. Munro.
Lord advocate, James A. Clyde, K. C.
Solicitor general for Ireland, Thomas B. Morison, K. C.
Lord lieutenant for Ireland, Baron Wimborne.
Chief secretary for Ireland, Henry E. Duke.
Lord chancellor for Ireland, Ignatius J. O'Brien, K. C.

KOENIG EXONERATED; TUG CAPTAIN GUILTY

(Associated Press by Federal Wireless)
NEW LONDON, Conn., Dec. 20.—As a result of the findings of the board of inspectors in the case of the sinking of the towing tug Scott by the German commercial submarine Deutschland off this port, when departing on her recent return trip to Bremen, Captain Koenig of the Deutschland has been exonerated from all blame.
The ramming, report the inspectors, was the result of a mistaken bell signal given by Captain Gurney of the tug, upon whom the entire blame must rest.

Agnew T. Dice, president of the Reading Railroad, who was stricken with typhoid fever at a conference of railway heads at Washington, has virtually recovered.

RATE CASE EVIDENCE IN HEAVY MANUSCRIPT

Evidence taken in the Inter-Island rate hearing and transcribed from stenographic notes has already reached a volume of 1700 typewritten pages to be reviewed and gone over by the commission as the hearing comes to an end.
Chairman Forbes has announced that the commission will begin at once a review of the testimony with a view to arriving at a final decision upon the questions at issue. Judge E. M. Watson, recently appointed attorney of the commission, has been furnished with a copy of the evidence thus far as well as the special report of Auditor H. Gooding Field.

Apparatus has been invented to permit a man about to undergo a surgical operation to administer his own anaesthetic.

FRENCH TO STUDY U. S. BUSINESS

PARIS, France.—Next summer 50 young Frenchmen will be sent from France to the United States and Canada to study American commercial methods in large typical banks, factories and shipping firms, and to become acquainted with the American mind and its principal viewpoints. They will stay a month in the United States, visiting in banks, factories and shipping offices at New York, universities and spinning mills in Boston, lumber mills and tanneries in Montreal, canning factories in Chicago, the seat of government at Washington, iron and steel works of Pittsburgh, the petroleum industry in Philadelphia, grain stores at Baltimore, and "culture in general" at St. Louis. Meanwhile 50 young Americans will be doing exactly the same sort of thing in France with a view of getting a notion about French commercial methods and French points of view.
A steamship company has agreed to charge only 1200 francs per student for the voyage to and fro, the families and towns concerned paying one-half and the Chambers of Commerce the other. The feeding of the youths and traffic arrangements generally will be undertaken by a travel agency.
The students in order to qualify for the trip must have the diploma of a commercial high school or agricultural college, and be able to speak well English and French respectively. The choice of the students in France will be made by the "Franco-American States" committee in connection with American Chambers of Commerce, and, correspondingly, in France. The French youths arriving in New York will be personally conducted in groups by expert instructors. Two French professors will guide the American students in France.
M. Guisthau, president of the "Franco-American States," as Frank Vanderlip is president of a similar committee in New York, tells the Associated Press that it is hoped to establish after the war institutes in France and America which will supply all necessary commercial information, display specimens of goods and in general promote reciprocal economic knowledge between the two countries.

'LOST AD' BRINGS BACK LOST SUIT

The power of one small "ad" in the classified columns, and the multiplied action of two, was forcibly demonstrated by the return to Lieut. A. P. Matthews, U. S. dental surgeon, of a suit of clothes he lost last week.
The doctor believes that advertising is a great game inasmuch as he paid two daily papers to recover his missing apparel, but as each paper did its all-effective bit he smiles and says nothing.
When Matthews' newly-pressed and ready-to-wear coat and trousers, wrapped in a neat little package, disappeared from the dentist's auto while he was driving around with one door open in the tonneau he immediately made a bee line for the Star-Bulletin office to insert a "lost ad." Then he went back to his office, calmly and somewhat doubtfully awaiting the work of the little "ad."
Imagine his surprise a few days later when he saw in the morning paper under the "found" column a notice of his suit's recovery. The boy who got a liberal reward had heard there was a "lost ad" for a suit, took it to the Advertiser, where a "found ad" was inserted. And the doctor paid both bills and smiles for it was a good suit, so he says.

HOUSE VOTES RAISE TO DEPARTMENT EMPLOYEES

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Dec. 20.—By a unanimous vote in the house yesterday, a salary increase for all the employees of the legislative, executive and judiciary departments now receiving less than \$1800 a year was passed, included in the appropriation bill for those branches of the government.
The increases range from a minimum of five per cent to a maximum of ten per cent in the existing salary rates. Some sixteen thousand employees will benefit from this salary increase.

BILL FOR FEDERAL CONTROL OF ALL RADIO SERVICES

WASHINGTON, D. C., Dec. 20.—Senator Fletcher of Florida yesterday introduced his promised bill under the provisions of which it is designed to give the federal government complete and exclusive control of the radio services being carried on or to be established between shore stations and ships at sea and between the mainland and the outlying possessions.

3 MORE SHOPPING DAYS TILL XMAS

PEOPLE DO NOT REALIZE FULL VALUE ON EXPENDITURES FOR PUBLIC USES

[By Associated Press]
 NEW YORK, N. Y.—People do not get their money's worth out of the three billion dollars annually expended for public purposes, declared Prof. Thomas Sewall Adams of Yale University before the Association of Life Insurance Presidents, in advocating the creation of standard units of governmental performance by which to measure the quality and quantity of the output in each department of public work.

"Public expenditures seem to thrive on opposition," said Prof. Adams, "in the very face of the unceasing opposition of the taxpayer."

"For the year 1913 the federal census supplies a combined expense account for the national, state and local governments (excluding incorporated places having less than 2500 inhabitants) which gives us a general idea of the purposes for which our money is spent. The total costs amounted to just about three billion dollars, of which the largest item was for protection to person and property—in other words, military preparedness and police.

Much Waste is Involved

"Next to their remorseless increase, the most general characteristic of public expenditures is the waste which they involve. In most city and state government there are some departments which overlap, while others are engaged in work which is no longer necessary. Government employees as a rule work neither so long nor so earnestly as those in private employment. Supplies and equipment are not purchased to advantage, nor properly charged and checked when distributed; specifications for bids are loosely or carelessly drawn in many cases; labor-saving devices are slowly and sometimes reluctantly introduced; there is great waste in public printing. Above all there is not the same incentive or reward for economy in public as in private enterprise.

Public Not Well Advised
 "The fundamental trouble is that the public has no means of accurately ascertaining whether a particular activity of government is productive or unproductive, efficient or inefficient. We must somehow devise standard units of governmental performance by which to measure the quality and quantity we could directly measure the output with as much accuracy as most factories measure departmental productivity.

Efficiency Commissions Needed

"And almost always we have the deadly parallel, the comparison with the activities and costs of similar departments in other places. In short, the solution of our problem lies in the permanent maintenance of practical efficiency commissions. Their first functions should be to uphold the hands of the public servant who is doing his work well. There should be both public and private efficiency commissions. We have tried them tentatively in the past. They have been guilty of some 'bonehead' plays. But that merely means that they are just learning the game. We must rise above our mistakes—put more heart, more 'pep,' more time, more money in this unavoidable undertaking, which in the end will pay big dividends."

BRITAIN MAKES BIG SUGAR BUY

(Special Correspondence Nevins & Callahan, Wall Street.)
 New York, Dec. 8.

A dull and narrow market for near-by sugars prevailed throughout the past week, with the few transactions made showing a slightly firmer tendency. Following a small sale of spot Cubas early in the week at the unchanged price of 4 5/8c basis 96 deg. c. & f. (5.64c), holders of Cubas generally advanced their ideas to 4 3/4c basis 96 deg. c. & f., but thus far have been unable to obtain this price. Holders of full duty-paying sugar also raised their views to the same parity, say 4 1/2c basis 96 deg. c. i. f., but subsequently accepted 4-7-15c basis 96 deg. c. i. f. for 5000 bags Perus in port, which transaction advanced the spot quotation to 5.7c. The market closes quiet with small quantities of nearby Cubas and full duty-paying sugars offering at 4 3/4c basis 96 deg. c. & f. and 4-7-15c basis 96 deg. c. i. f., respectively, and with buyers' ideas not over 4 5/8c basis 96 deg. c. & f. and 4 3/8c basis 96 deg. c. i. f., respectively. The first lot of new crop Porto Ricos, consisting of 8000 bags for prompt shipment, was sold during the week at 5.64c basis 96 deg. c. i. f. to a Boston refiner, the buyer paying the cost of transshipment to Boston.

The principal features of the market this week was the news of the consummation of a very large business in new crop Cuba sugars with the British Sugar Commission and a local refiner, generally estimated to aggregate 350,000-400,000 tons for January, February and March shipments. Approximately 200,000-250,000 tons were sold to the British commission at 3.60c basis 96 deg. f. o. b. Cuba, and 125,000-150,000 tons to the American S. R. Co. at about 4 1/8c basis 96 deg. c. & f., it being reported that the latter buyer sold in turn to the British commission 125,000-150,000 tons of refined sugar, but this latter phase of the transaction lacks full confirmation. Later in the week some further small sales of new crop Cubas were made at 4 1/8c basis 96 deg. c. & f. for January, February and March shipments, as noted below. At the close, a European operator secured 10,000 bags February and 10,000 bags March shipment Cubas at 5.50c f. o. b. Cuba, and there are further buyers at this basis.

The weekly cable from Cuba on December 4, reported weather fine and that two Central, the "Tingaro" and "Ciego de Avila," had commenced grinding on that date. Last year the first Central started grinding on December 1, and by December 4 there were seven Central grinding. The stock of old crop sugars at Cuban shipping ports on December 4 amounted to 35,600 tons, as compared with 34,200 tons at the corresponding date last year.

The grinding in Porto Rico also commenced on December 4, when the "Guánica" and "Mercedita" Central started up. Messrs. Fritze Lundt estimate that this crop will reach 463,000 tons. Messrs. Willett & Gray give the total output of the last crop at 421,000 tons.

FRANCE MAY BAN PRIVATE MOTORS FOR WAR PERIOD

PARIS, France.—The private automobile is a luxury which can be dispensed with in war time, in the opinion of the economics commission. Considering that in the present circumstances all of the resources of the country must be devoted exclusively to the national defense, the commission in a report made public today urges the government to suppress without delay or reduce the number of all automobiles not strictly utilized in the public service or destined for industrial or commercial uses.

DINNER - DANSANT MOANA HOTEL

TUESDAY, DECEMBER 26TH, FROM 6:30 to 8:30

The management of the Moana Hotel wishes to announce herewith one of its popular DINNER-DANSANTS.

During the dance Mr. and Mrs. Nicholas F. Monjo will entertain with a demonstration of the latest CASTLE HOUSE society ballroom exhibition dances.

This charming couple is just out of school and is of an entirely different type from the usual dancers. Their dancing is a welcome change from the much overdone syncopated dancing.

Reservations for tables can now be made. The management further wishes to announce that Mr. and Mrs. Monjo will be permanently located at the Moana Hotel after January 1st, and will do exhibition dancing at the TEA-DANSANTS which are shortly to be inaugurated.

To meet a general request, the management has decided to commence a series of TEA-DANSANTS, beginning with the New Year. These popular DANSANTS will be given, until further notice, on Monday, Wednesday and Friday afternoons from 4 to 6.

At these delightful functions Mr. and Mrs. Monjo will be pleased to dance with their guests and friends.

These TEA-DANSANTS, as mentioned above, are the beginning of a season of entertainment at the Moana Hotel which will include daily music and the usual dances.

SEND US A SHIPLOAD OF TOADS, GUAM CABLES U. S. TO CURE CATTLE DISEASE

WASHINGTON, D. C.—Common toads are wanted by the governor of Guam and Capt. Roy C. Smith, U. S. N., in an effort to eradicate a deadly disease prevalent among cattle of the island possession. Toads with ravenous appetites and particularly fond of snails are especially preferred as, the captain says, snails are responsible for the disease. Capt. Smith appealed to the navy department urging that an immediate shipment of toads be sent him. Navy officials confess they are unable to comply and will forward his request to the department of agriculture.

\$500 PEARL RUINED IN OYSTER STEW BY PUEBLO CHEF

PUEBLO, Colo.—Sterling Croch bit into an oyster the other night and almost broke his tooth on a pearl. It was a large one, and estimated to be worth at least \$500. When a jeweler examined it this morning he told Croch that a cooked pearl was of no value whatever. The oyster was one of the boiled parts of a stew, and the pearl was ruined.

Holiday Gifts

for MEN

CHRISTMAS will mean everything to Him in the way of gifts that you would have it, if you buy his presents at McINERNEY'S. We are displaying in our new store a more varied and tasteful assortment of men's wearing apparel than ever before. We have exhausted every buying resource in a great effort to place before you this Christmas such a profusion of Holiday goods as this city has never seen. When you visit us you will be willing to concede that our effort was not in vain.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, December 20.—A board of officers has been appointed consisting of Maj. Otto B. Rosenbaum, 2d Infantry; 1st Lieut. Henry C. K. Stuhlenberg, 2d Infantry; and First Lieut. Bernhard K. Stumberg, Medical Reserve Corps, to consider as to whether the wound of Pvt. George Barrett, C Company, 2d Infantry, was in the line of duty.

The Sunday school at Fort Shafter, under the instruction of Chaplain William Reese Scott, will celebrate the Christmas feast at its regular session Sunday morning, December 24, by the usual gifts and prizes for the attendance during the year; and the Christmas carols and service will be held Sunday after Christmas, December 31, at 9:30 a. m.

Nurse Laura E. Lanes, Army Nurse Corps, who recently arrived on the transport Sheridan, has been assigned for duty to the Department Hospital at Fort Shafter.

Capt. Charles L. Wyman, 25th Infantry, left with his family and household effects today for Fort Schofield, where he will assume command of his new organization. The members of the entire Fort Shafter garrison regret the departure of Capt. Wyman and his family.

There will be night firing on the "A" range tonight at 6 p. m. by the Machine Gun Company, 2d Infantry. This is to test the ability of the gun crews to spot the targets and practically demonstrate their ability to hit the target under the altered conditions of time and landscape appearances.

Invitations have been received by the officers and their families at Fort Shafter from Gen. and Mrs. Strong to a New Year's Day reception at their home at Waikiki, from 4 until 6, Monday, January 1, 1917.

There will be a meeting today of the special court-martial of which Capt. Charles L. McKain is president, in the Library.

SCHOFIELD SOLDIERS STUDY MACHINE GUNS

Thirty-two Maxim machine guns—one for each company of infantry at Schofield—worked on the range at that post on Monday under the general direction of Maj. Henry Eames, commandant of the school of fire. Officers of the school assisted in the work.

During the remainder of this week a progressive course of instruction will be given to the men of the machine gun squads that they may gain a fairly comprehensive idea of what would be required of them in real battle.

"JACK LONDON"

The soul of genius winged its flight
From mortal frame to stray
In great beyond—where truth is found,
Our world is poor today.

In manhood's fullest prime he stood,
On highest peak of fame,
Wearied with climbing—now he sleeps
Nor answers to his name.

The rugged form of him who braved
The icebound arctic's shore;
In peace now rests—mid scenes he
loved—
His soul—where does it soar?

The mighty brain which formed, conceived
And teemed with storied lore;
Again will ne'er respond to touch—
As oft it did before.

The isles of sunny, fair Hawaii
Shall miss the pictured tale,
Lonely his "Valley of the Moon"
And each wild mountain trail.

The hills with poppies golden dressed,
'Neath trees where shadows meet—
Through fernclad dells—the babbling
brook
No more will lure his feet.

Thousands with him have crashed
through snow
And sailed o'er surging waves,
Or with him galloped knee to knee
And lived the life youth craves.

Forgetting for a few short hours
Their needs or twinging pain;
Transported by the red blood's throb
From age to youth again.

In hall of fame—a niche well earned
In his by work and grit.
This epitaph beneath his name—
"He did his little bit."
Nov. 24, 1916. —R. S.

KILL PRUSSIAN CAPTIVE TRYING TO SLAY CHAPLAIN

LONDON, Eng.—According to despatches from the French front, a Prussian officer, who had been captured by a French chaplain, turned on his captor and was about to kill him, when he himself was shot dead by a British infantryman.

The chaplain, attended by a small force of men, was searching the battle field of the Aisne for wounded men hidden in the shell craters during the British advance when he came upon an isolated trench occupied by four hundred Prussians. The Prussians surrendered.

The chaplain ordered the men to file out upon the open ground, preparatory to passing them back with an escort, when the officer, seeing the small size of the force which had trapped him, attempted to rally his men and overcome it. As he attempted to kill the chaplain he fell dead, pierced by the infantryman's bullet, and the Prussians again held up their hands in their eagerness to surrender.

The trial of J. V. Thompson, the Uplontown banker, was set for the week of January 8 in Pittsburgh.

SOUTH NOW SEEKS TO KEEP ITS NEGRO LABORERS IN FIELDS AT HOME

(By Associated Press)
ATLANTA, Ga. — In an effort to check the widespread migration of southern negroes to northern labor fields, negro leaders and white economists have joined forces and at mass meetings which are being held generally are pointing out that no permanent gain awaits the average negro in the North. It is estimated that fully 100,000 negroes already have left the Southern states since the northward movement began last summer.

Alluring offers of high wages and easy work made by labor agents in all parts of the South appear to have met with a general response from negroes in all sections. Varied reasons have been advanced for the apparent willingness of so many negroes to leave their homes.

A serious shortage of labor in the cotton fields next spring and summer is feared if the exodus continues.

When the movement began several months ago, it was not viewed seriously but when labor agents were successful in inducing thousands of negroes to go North to work, employers of labor in the South became alarmed. Efforts were made to hamper the agents by law. In some cities ordinances providing a prohibitive license fee for such agents were passed. Old laws were scanned to ascertain if some means could be found to stay the migration. These efforts resulted in slight checks but in the main the movement has continued on a large scale.

The negroes were brought in from the country and small towns to concentration points and in many instances shipped north in trainload lots. After several hundred had been collected at Montgomery, Alabama, something went amiss with the agent's plans and the negroes were left without money and away from home. It was then that the situation was first taken seriously in Alabama.

In most cases the Southern negroes have been placed where labor has been scarce in the more thickly populated districts. Reports of their welfare vary but those which have

gained the widest circulation in the South tell of hardships suffered principally because of the cold weather, which the negro as a race cannot stand. One report told of an old negro farmer who had sold everything he owned but a mule and had gone North. Soon after cold weather came his wife received this telegram: "Sell the mule and send money to me. It's cold and I want to come home."

MAY'S TAKING CELERY ORDERS

Henry May & Co. are taking orders for celery, cauliflower and other choice vegetables. Patrons should order early, as the supply is limited.—Adv.

UNIONS PROTEST WOMEN AS DRIVERS OF TAXICABS

LONDON, Eng.—Taxi driving by women is prejudicial to public morals, in opinion of the head of the London drivers' union. For this reason he has launched a campaign to thwart the taxicab owners in their plan to relieve the shortage of cabs due to the wholesale enlistment of men in the army, by employment of women. He announced that he would send protest letters to the authorities, including the police.

In view of the employment of women in men's places in virtually every branch of activity, the taxi concerns see no reason why they should not hire women to drive their cars.

Col. Austen Colgate of New Jersey, who was given a temporary appointment as adjutant-general to fill the vacancy caused by the death of Wilbur F. Sadler, declined the appointment.

Pies never taste so good as when the crusts are made with

Tools that Work

Tools that are reliable—tools that are ready when you are—tools that will do hard work on hard material. Such tools are

KEEN KUTTER Quality Tools

Each the best of its kind. Each bears the trademark which guarantees it.

SOCIETY

EXILE from Europe for three summers has taught many Americans much that they never suspected of their own country, but even three summers at home, so to speak, have not enabled the world of fashion in the great urban centers to know the truth about our one hundred million inhabitants, or to understand sympathetically the people of smaller cities and villages. Thousands of native Americans, born of the earliest and soundest stock, have skimmed the continent in swift express trains, north, south, east and west, without suspecting the interest, the charm, the sweetness and the soundness that lie between the expensive hotels of a few great and widely scattered cities. Even the motor car has not sufficed to promote true intimacy between the various parts of a vast population. The tourist has started with a somewhat languid interest at a few extreme types and has remained blind to the distinctively local human characteristics.

How many visitors to Maine have discovered the "pioneer" traits surviving among its inhabitants? What summer girl or man from California, New York or Georgia knows that New Hampshire still shelters rural families who live upon paternal acres that have been inherited in an unbroken line for two centuries? The Gulf states, the Middle West, the lower Mississippi valley have constituted a terra incognita to most of us, an undiscovered country to which only a few daring explorers made expeditions. It is a revelation to the northerner when he encounters the hovering tenderness of the negro waiter in the Chesapeake region, a servant yet unspoiled by the extravagant tips and equally extravagant demands of waiters with money to burn and time to kill. These dusky ministering angels, soft-voiced, magically anticipatory, deft of hand, and silent of foot, seem to exist solely for the comfort of those they serve, and to be forever automatically bent upon interlocking air cushions between the traveler and every rude jolt. Nor is there one northerner in a hundred thousand who suspects the amazing dignity and courtesy of those unpretentious whites of the same region, descended maybe for 10 generations from simple fisher folk.

If the traveling American could be persuaded to abandon now and then for the "local accommodation" his luxurious express train, which makes a blur of the landscape between Maine and Florida, he might discover his unknown fellow citizens. The enforced residence on this side of the Atlantic gives the genuine Americans of all regions a chance to further their native unity by becoming better acquainted. We have need enough of such reinforced solidarity, and, both as a nation and as individuals, we shall be the better, the wiser, the happier and the safer for closer acquaintance.

The pilgrimage to Concord with its revolutionary memories and its Sleepy Hollow of Emerson and Thoreau, stirs the heart of the visitor from the South or the Middle West, or the northern neck of Virginia; while the birthplace of Washington and of many another distinguished leader of the old dominion holds for the New Englander and for all of us, unsuspected emotions of poignant patriotism. In the presence of the memorials cherished by the original 13 states, Americans can forget that the hyphen has ever had a place of honor in our national nomenclature. We have no Westminster to make us one, but the scarred Nelson House, Yorktown, the seemingly brick front of Independence Hall, the yellow gable of Faneuil Hall, the velvet lawns of Mount Vernon, and the charming old colonial homes of Annapolis cry aloud against whatever would divide us into semi-alien groups. To know these places and their native inhabitants is to be an American without any sort of modifying qualification, or apology, an American in the absolute.

THE J. T. WARRENS TO RETURN SOON

Mrs. John Trenholm Warren and little daughters, Katharine and Marion, who left for the coast early in August, will return home on the Great Northern a few days before Christmas, sailing December 16 from San Pedro. Mr. Warren returned on the last voyage of the boat.

Mr. and Mrs. Warren motored from Victoria and Vancouver to San Diego in their car, and also made several side trips, visiting the Camp of the Clouds in the shadow of Mt. Rainier, Crater lake and other fascinating places on the West coast, making 3500 miles of driving. Mrs. Warren also accompanied Mr. Warren East on a brief business trip, two weeks being spent in Chicago and the remainder of the time in short stops in Cleveland, Rochester, New York city, Boston, Providence, Philadelphia, Washington, D. C., and New Orleans. In Washington a day was spent with Mr. Warren's only sister, Mrs. Frank Leighton Gibson, and Mr. Gibson, who were formerly stationed on Molokai in the public health service. The evening was spent meeting a large number of members of the League of American Pen Women, of which Mrs. Warren is a member.

Studio, Lanikae, 1041 Alakea St.

Mrs. Willard Chamberlain of San Francisco, a leader in coast society. She visited here recently and has since been an admirer of Honolulu.

who had come to call on their representative in Hawaii.

In San Diego Mr. and Mrs. Warren were guests of Mr. and Mrs. J. H. Holmes of the U. S. Grant hotel and in Pasadena were most hospitably entertained by Mr. and Mrs. D. M. Linnard at Hotel Maryland.

The following clipping is from the December 2 issue of the Californian, the weekly magazine issued in the interest of the three states—Maryland, Huntington and Greer, of which Mr. Linnard is the manager.

"Pasadena just now is intent on entertaining Mrs. John Trenholm Warren of Honolulu. And why shouldn't they? She was dear Grace Tower till about seven years ago when she married one of Honolulu's leading young men, Jack Warren. She is the same dear Grace Tower in the hearts of the hundreds of friends she has in Southern California, who knew her as the most brilliant newspaper woman that Southern California had ever known. She took a trip to the Hawaiian Islands once upon a time, and left her heart out there. They say that home is where the heart is, so when Jack Warren asked her to live in Honolulu, Grace put her newspaper career on a shelf and went out to find both heart and home in 'The Land of the Aloha.'"

"That her pen has not lost its cunning is attested by the article she has kindly contributed to the Californian under the above title.

"Many beautiful social affairs have been given in Mrs. Warren's honor and several more are on the tapis for the interim of her departure for home December 15. She is the house-guest of Mrs. D. M. Linnard, who has entertained for Mrs. Warren on two occasions.

"The first charming courtesy accorded Mrs. Warren was a luncheon of elegant appointments given at the Maryland at which the guests were old friends of Mrs. Warren from all over Southern California. They were gathered about a large circular table whose hollow center was filled with ferns and great American Beauty roses illuminated underneath with a soft electric glow that must have reminded the honoree of the colorful effects of her beautiful country. Name cards were quaint Japanese designs brought by Mrs. Linnard from Japan on her recent trip to the Orient.

"Covers were laid for the following: Mrs. George Gerald Guyer, Mrs. Robert J. Burdette, Mrs. R. H. Pinney, Mrs. Paul Holm, Mrs. Theodore Coleman, Mrs. B. O. Kendall, Mrs. Elliott Lee Ellingwood, Mrs. W. Harrison Bayard, Mrs. Newell Matson Hayden, Mrs. Benson McMechen of Pasadena, Mrs. Eddy Willis Reider of Glendora, Mrs. Henry G. Tinsley of Pomona, Mrs. Ralph Arnold of South Pasadena, Mrs. Thomas Frank Cooke of Hollywood, Mrs. Sydney Smith of Hollywood, Mrs. J. Powers Flint of Los Angeles, Mrs. H. W. Harker of Los Angeles, Mrs. Aaa Ware Morgan and Mrs. I. Carlton Sample of San Diego.

"On Saturday afternoon the new palm room of the Maryland was the setting for a bridge tea at which Mrs. Linnard entertained another set of Mrs. Warren's friends. It was a rose tea and everywhere about the room were tall silver vases or low bowls of long stemmed roses, pink, white, red and yellow, while palms and ferns gave a tropical effect. The score cards were exquisite color sketches from Japan while the prizes at each table was a Japanese bag for needlework.

"Those playing bridge were Mme. Estelle Heatt Dreyfus of Los Angeles, Mrs. Roy Bradley Wheeler of Los Angeles, Mrs. Arthur Holliday of Los Angeles, Mrs. Roydon Vosburgh, Mrs. Henry Vitas, Mrs. William Bayard Meikle, Mrs. W. W. Kellogg, Mrs. Fred B. Harris, Mrs. William Letthead, Miss Irene Grosse, Mrs. M. J. McCamant, Miss Jessie McCamant, Mrs. A. T. Newcomb, Miss Matie Stratton, Mrs. Howard Fish, Miss Jos-

ie Easley, Miss Ellen Lowry, Mrs. Neal K. Traylor, Mrs. Ira Smith, Mrs. James Parker, Mrs. Z. T. Malaby, Mrs. Ruth, Mrs. Walter Raymond, Mrs. Floyd James, Mrs. Henry Newby, Mrs. Head, Mrs. Warren and Mrs. Linnard.

"Among those who came in for tea were Mrs. W. D. McGilvray, Mrs. John Wadsworth, Mrs. John Bradford, Miss Bunnele, Mrs. L. P. Crawford, Miss Lonnie Crawford, Miss Winifred Webb, Mrs. Pearl Wickens Duce, Miss Elizabeth Jones, Mrs. R. H. Pinney, Miss Tower, Mrs. S. P. Sverengen, Mrs. Robert H. Meredith, Mrs. S. W. Doo-ittle, Mrs. Walter Nichols, Mrs. Una Nixon Hopkins, Mrs. Louise George, Miss Clark, Mrs. Bertha Belcher, Mrs. George W. Wilberell, Mrs. E. M. Nold, Mrs. S. D. P. Randolph, Miss Anne Whitmore, Mrs. W. P. Hawk of Honolulu, Mrs. Inness Kinney and others. Mrs. W. W. Kellogg poured tea while Mrs. Walter Raymond presided at the chocolate table.

SNOW COTILLION PLANS

The Snow Cotillion that is to take place on Thursday evening of next week promises to be the social event of the week. The young people who are dancing in the cotillion are busy at rehearsals three times a week and many new ballroom steps will be danced here for the first time. The Roof Garden is to represent a snow scene. The decorations for this are to be exceedingly pretty. The requests for reserved tables on the Roof Garden have been numerous so the committee decided that any one desiring to reserve a table on the Roof Garden could do so by paying an extra charge. The tables are not the supper tables, however, as the supper is to be served in the mauka pavilion from a buffet. The tables on the Roof Garden are simply a place for friends to sit around and chat and when the supper hour arrives everyone, whether holding Roof Garden table privileges or not, has to sit at the tables in the pavilion. The following is a list of those taking part in the cotillion:

Madame Les'er, Misses Mary von Holt, Ruth Anderson, Ruth McChesney, Martha McChesney, Pauline Schaefer, Marjorie Cepps, Katherine Williams, Stephanie Wichman, Thelma Murphy, Nora Swany, Letitia Morgan, Elizabeth Rosenbaum, Margaret Thurston, Doris Noble, Dorothy Harker, Messrs. Ransford, Hermann von Holt, "Bob" White, Lieut. Coval, Capt. Tilghman, Howard Worrall, William Warren, P. Schaefer, Lieut. Guyer, Douglas Young, George Bennett, Richard Whitcomb, Lieut. Haw, Harry Parker, Harold Morgan, Hogarth Pettijohn.

Mrs. Augustus E. Murphy, chairman of the ticket committee, requests that all members of the Outdoor Circle who have been given tickets to sell turn unsold tickets and the proceeds of those disposed of in to her not later than Saturday.

"SHOP EARLY"

As usual some of the shopping that might easily have been done during November has been put off until today and tomorrow. One wonders if people will ever learn to shop sanely, for truly the mad last rush of this week in some quarters is a form of insanity. It may be that the shoppers do not get the "Christmas spirit" until the last week, but at what a frightful cost! Poor, weary, smiling clerks, who are on their feet from 7:30 until 5—and perhaps all evening—how they can endure over the Christmas spirit is rather a question. If the buyer would sit down and make up the Christmas list in June and then in October start buying the gifts that go to friends, not a soul would be tired—no rush—just a calm satisfaction that you have done your part the way it should be done. Of course, there will always be a few who only derive happiness from some one else's

effort. Those of you who have not shopped as you should this year, turn over a new page and make it your business to shop early next year!

PLEASANTON HOTEL DINNER-DANCE

The management of the Pleasanton Hotel is giving a dinner-dance and an exhibition of the hotel on Friday evening of this week. The affair there have become justly popular and two weeks ago about 500 guests thronged the lawn and lawn of the hotel. One hundred extra guests dined at the hotel, most of these being dinner parties. A special dinner is to be served on Friday evening. A quartet will furnish music during the dining hour and for the dancing that is to follow. The management cordially invites the army, navy, the tourists and local society set to come and make merry.

A COMING WEDDING OF NOTE

One week from this evening one of the most popular of Honolulu's society girls will be married. On that evening will occur the wedding of Miss Betty Case and Lieut. Charles Horatio Morris, U. S. N.

Miss Case has been here several years and is such a great favorite that Honolulu must claim her as its own. Mr. and Mrs. David Case and Miss Case have been here over four years, and have made a welcome niche for themselves in this community. When Mr. Case retires they are coming back to make their home in this their adopted land.

AMONG NAVY FOLK AT MARE ISLAND

MARE ISLAND, Cal., Dec. 2.—Mrs. J. M. Reeves, wife of Cmdr. Reeves, captain of the yard at Mare Island, gave a luncheon at her home here last Thursday afternoon in honor of Mrs. Harold Elbright of Benicia. Col. and Mrs. Lincoln Korman are making their home at Pebble Beach, near Monterey. They intend to remain there for the next 60 days. It is expected that many of their friends at the navy yard will be their guests at their winter home during the holiday season.—San Francisco Chronicle.

THE NIGHT AFTER CHRISTMAS

Usually things social are most active the night before Christmas, but the night after Christmas is to be featured at the Moana hotel. The management has issued invitations to local and service society people to come and enjoy a dinner-dance, an innovation in Honolulu that will be very enjoyable. A number of tables have been reserved.

Miss Cleo Case of Honolulu, and Miss Armida Dutton of Nebraska are spending the weekend in Vallejo as the guests of Miss Agnes Pennycook, having accompanied her home from Mills College for the holidays.—Vallejo Chronicle.

Rev. and Mrs. Charles F. Dole of Jamaica Plain, Mass., come in on the Wilhelmina. They plan a lengthy visit here as they have many relatives, who are anxious for the visit.

Capt. and Mrs. Samuel Frankenberg have been made very happy with the arrival of a baby girl. The wee mite has been given the name of Ruth.

Mrs. Henry Waterhouse and her daughter, Miss Nora Sturgeon, who have been away for nearly six months, came home on the Wilhelmina.

Mr. and Mrs. Gerrit P. Wilder are home again. Mrs. Wilder's illness in San Francisco took her husband there for what proved to be a two months' trip.

Miss Marie von Holt is being heartily received by her large circle of friends, who are all delighted and charmed at her return to Hawaii.

Mr. and Mrs. C. A. Brown are in Honolulu on their annual trip— glad to be here, where one does not have the fear of the below-zero register.

Mr. and Mrs. J. A. Gilman, Miss Cordelia Gilman and J. Atherton Gilman are home for the Christmas holidays, coming on the Wilhelmina.

Mr. and Mrs. B. D. Baldwin were home-coming passengers on the Wilhelmina after three months in San Francisco.

Lieut. and Mrs. C. D. Daly of Fort Slaughter returned on the Wilhelmina after a pleasant visit to the mainland.

Mrs. Charles K. Stillman, after four months spent in San Francisco, is home for the Christmas holidays.

Mr. and Mrs. Charles Marquez, who have been to the coast for a short trip, returned on Tuesday afternoon.

Mr. and Mrs. Fred Damon, after a delightful visit on the coast, are home just in time for Christmas.

Mrs. William H. Hiserman of Hilo will be an arrival on the Great Northern on Friday morning.

Mr. and Mrs. James A. Kennedy are home after a short mainland visit to friends and relatives.

Mr. and Mrs. E. J.yman were incoming passengers on the Wilhelmina.

Mr. and Mrs. Harold Giffard are spending a short time at Kahala.

Mrs. W. L. Stanley was a home-coming passenger on yesterday's boat.

Mr. and Mrs. W. A. Pardee were arrivals on the Wilhelmina.

Dr. and Mrs. W. D. Baldwin returned on yesterday's Wilhelmina.

LIFE INSURANCE EXPERT THINKS AMERICAN VITALITY IS ON DECREASE

(By Associated Press.)
 NEW YORK—Estimating that 100,000 Americans are annually rejected out of a total of 1,200,000 examined for life insurance, E. E. Rittenhouse of the Equitable Life Assurance Society urged the need for improving the physical preparedness of the people of the United States.

"The composite physical American looks smooth, pink and healthy," said Rittenhouse. "He is a good liver (I said is, not has). He hurries. He has no time to waste. The average age at death of the American people is about 40, the medium age, 43. He is trying, with the aid of new knowledge and inventions, to crowd the experiences of two life-times into one. He is having some success but the strain is telling on him.

All Organs Overworked
 "His digestive organs have been given so many new and arduous duties to which they were not trained that they are showing signs of rebellion. He is seriously overstraining his heart, arteries, kidneys, nerves and digestion as their rapidly increasing death rate shows. He could detect and head off these troubles if he would go to his doctor for an occasional examination. He is more than well-rounded at the belt and slightly so at the shoulders. Under exertion he is short-winded, due to lack of exercise or a bad heart. His 400 muscles are virtually all soft and weak from lack of use. He is designed as an erect, outdoor animal with feet and legs for service, but he lies down by night and sits down by day. He never walks when he can ride. He scurries around at his work, gets tired and

by his deadly excess and errors in eating and drinking. There is no burden too great for him to put upon his digestive system. He would not think of mixing bricks or scrap iron or gravel with the fuel for the furnace which heats his house but he does not hesitate to follow this plan in furnishing the fuel for his body. He feeds his stomach with all sorts of tasty junk, much of which cannot be fully digested, and which results in the trouble that comes from auto-intoxication. Auto-intoxication has a fascination for him. He seems to think it is some automatic way of getting pleasure. Slowly the fact is sinking in that his accumulation of fat is due to the excessive use of meats, sugar, butter, sweets, cream and other rich, fat and oily foods—minus exercise. With every pound he gains of excess fat, his chances for a shortened life increase. He should note the insurance records which show that with those, above age 40, having fifteen to eighty pounds overweight, the excess death rate ranges from nine per cent to seventy-five per cent above the average of all policy-holders combined.

Thinks Resistance Declining
 "With these statistical and other facts before us, it seems reasonable to assume that the power of our people to resist fatigue and the physical stress of modern civilization is declining rather than advancing. It is probably true that when our ancestors left the trees for the caves, if they did, they had a high mortality experience until adjusted to their new living conditions. It may develop that the same will be true of our change from physical active lives, chiefly

PLAN TO SETTLE OIL LAND CASES

Perhaps explaining the recent strength of Honolulu Oil stock, which in the local stock market followed an earlier advance in San Francisco, comes an article which appeared in the San Francisco Examiner of December 12, received by the last mail. This article indicates an early settlement of oil land troubles with the government, which, it is believed, would be upon a permanent basis. In the article the Examiner says:

"California's oil land troubles will be settled, for all time, if the compromise proposed by the Oil Industry League of California is accepted by the federal government.

"This proposed compromise was sent to Washington yesterday by Roy N. Bishop, president of the Oil Industry League, and was considered informally by the senate lands committee.

"The plan is to have the Standard Oil Company and the Associated Oil Company relinquish, without remuneration, holdings in Section 1 of the California oil tract, consisting of 38,000 acres.

"In return for this the claimants have been promised that the navy department would withdraw all opposition to the Phelan amendment, which provides for much needed relief to the oil producers of this state.

"The amendment provides that oil producers shall be permitted to secure patents on their lands, and that those to whom patents cannot be granted will be permitted to work their holdings on leases.

Both Corporations Willing
 "When Secretary Daniels made his stipulation to the Oil Industry League, Bishop began working to secure the consent of the Standard and Associated companies to the compromise.

usements GALAXY OF STARS ON HAWAII SCREEN

Robert Mantell, Genevieve Hamper, Stuart Holmes, Claire Whitney and the fascinating little Jane Lee are a few of the stars who come to the Hawaii theater today to present Wm. Fox's stirring drama, "A Wife's Sacrifice." Other favorites appearing on the new Hawaii program are Edna Mayo and Henry B. Walthall, who

starred in "The Strange Case of Mary Jane," now in the 13th episode, and becoming more involved with each succeeding chapter.

"A Wife's Sacrifice" deals with the unjust persecution of a young wife by a gang of adventurers who learn that she has a half-brother, the son of her mother before her marriage. They realize that should this news come to the count, her husband, there would be trouble. The wife is made to pay toll to the blackmailers. The count finds his wife in the embrace of her half-brother and, not knowing the relationship, shoots the man and divorces the woman.

The count marries one of the adventurers but later runs this step, while the villain and villainess are eventually compelled to pay the price of their sinning.

NEW PARALYSIS GERM LONG AGO, SAYS WELCH

BALTIMORE, Md.—Dr. William H. Welch, director of the Rockefeller Institute of Public Hygiene, says that the work which the Johns Hopkins physicians were doing with the health department on infantile paralysis had not developed anything which would change the "laws of the disease previously held."

Christmas Candies in Oddly Beautiful Holiday Packages for Presentation

Our assortment is second to none in Honolulu. Our Foster & Crear and Christopher's Chocolates, deliciously fresh, are now ready for Christmas delivery.

Jackie Saunders, Star in "The Grip of Evil" at the Liberty Theater on Thursday Evening.

FARCE COMEDY AT BIJOU HAS ALL THE INGREDIENTS OF GOOD PLAY

A farce comedy, with all the requisite ingredients for laughter and merriment, is the present offering of the Ingersoll Musical Comedy Company at the Bijou theater. "Parle Francais" will be offered for the last time tonight and, despite the inclement weather of the last few days, box-office receipts indicate that the theater-goers of Honolulu are well satisfied with the high-class offerings at the Bijou. Despite the fact that it is the week preceding Christmas, when the theatrical business is usually at its lowest ebb, the attendance at the Bijou is highly satisfactory. The entertainment is responsible for this condition.

The musical numbers being present-

ed by the several members of the Ingersoll company are particularly worthy of notice. The management is endeavoring to give to Honolulu the kind of entertainment Honoluluans desire and if the right track is missed the first time it is willing to make a change. This has been done and it is now the consensus of opinion that it has "hit the ball."

Tim Moore, the negro entertainer who has done yeoman work upon his every appearance in this city, is one of the particular features of the present bill. Tim is paramount as an interpreter of the melody and comedy of the negro and his act is almost a show in itself.

SWEET LOVE TALE ON LIBERTY FILM

Dustin Farnum in "Davy Crockett" at the Liberty theater is one of the banner screen attractions in recent months and should not be missed. "Davy Crockett" will be shown for the last time tonight. The same remark might be made about "The Iron Claw." This gripping serial in which the popular Pearl White is the featured heroine, concludes with the current chapter and there are thousands of Honolulu theater-goers who have been following the trials and tribulations of this heroine through 20 weeks of film. They have watched with interest the intervention of the Laughing Mask whenever the villain has almost had the situation in his grip. They have wondered who the Laughing Mask could possibly be and they will learn who he—or she—is through the concluding chapter.

A delightful love story that is told in "Davy Crockett" is well known to the majority of people. For the benefit of the few who are unfamiliar with Davy's emulation of Lochinvar it may be stated that it is one of the sweetest and cleanest stories ever conceived and is one of the most pleasing films ever presented. The photography and art work is particularly pleasing.

MAY & CO. WILL BE OPEN NIGHTS

Henry May & Co. will remain open evenings, beginning Wednesday, December 20, until Christmas.—Adv.

TABLES FOR THE OUTDOOR CIRCLE DANCE

There have been urgent requests for reserved tables on the Roof Garden for the Outdoor Circle dance, December 28.

As the space is limited, parties wishing to reserve them will be granted that privilege for the extra charge of \$2.00 per table, by applying at the Territorial Messenger office on (Thursday), December 21st, at 9 a. m.

The regular \$2.00 admission will entitle all patrons to seats and to such tables as are not reserved. Supper will be served from 10 to 12 o'clock in the mauka pavilion from a buffet, not on the roof garden.—Adv.

"FISHY" PRACTISE STOPPED

[By Associated Press]
 BERLIN, Germany.—The authorities have discovered a clever though simple method of getting around maximum prices for butter and the general prohibition of selling it in more than quarter pound lots. It consists of "battered herring," consisting of one very small, thin herring, encased in about a pound of butter, which has been selling on the Berlin market for some 9 marks a pound. Before the authorities discovered the ruse, dealers who had managed to get both fish and butter from Denmark and elsewhere had succeeded in disposing of hundreds of pounds. Many customers bought in 20, 50 and 100-pound lots, gladly paying the extraordinary price or any price for the chance to get butter again, even though most of them threw away the tiny fish and with it lost some little of the butter that clung to its skinny sides.

TWO KIDS, 5 CENTS, IS CHICAGO PRICE IN MOVIE FIGHT

CHICAGO, Ill.—Two children for five cents is the sign which adorns three churches in the North Side Ghetto district, in which movie shows will be given as a result of dissatisfaction with the program in the regular theaters. Comic and educational films only will be shown.

The Great Western Petroleum Corporation was incorporated at Denver, Del., with a capital stock of \$5,000,000.

The Finest Collection of Hawaiian Views Fine Art Prints and Framed Pictures

in the Territory to turn to in this last week of preparation for CHRISTMAS.

Here is almost an unlimited fund of rich Christmas suggestions to draw from, and at costs that begin at 2 for 5c and go up all the way to \$25.00.

The Hawaiian Views are all out in the most convenient way for quickest selection. The subjects include nearly every picturesque spot on the Islands, and the prints are very fine.

The ART PRINTS are photo reproductions of the works of the masters. There are no cheap or gaudy chromos here. Many are hand colored, mounted richly on mats or appropriately framed. The subjects include masterpieces of Raphael, Rubens, Millet, Van Dyke, Soord and many modern academicians.

The FRAMED PICTURES include both Hawaiian views and fine art reproductions.

Everybody loves pictures. In our stock is an appropriate subject for every one of your friends.

LIFE INSURANCE EXPERT THINKS AMERICAN VITALITY IS ON DECREASE

(By Associated Press)
NEW YORK.—Estimating that 100,000 Americans are annually rejected out of a total of 1,500,000 examined for life insurance, E. E. Rittenhouse of the Equitable Life Assurance Society urged the need for improving the physical preparedness of the people of the United States.

"The composite physical American looks smooth, pink and healthy," said M. Rittenhouse. "He is a good liver (I said is, not has). He hurries. He has no time to waste. The average age at death of the American people is about 49, the medium age, 43. He is trying, with the aid of new knowledge and inventions, to crowd the experiences of two life-times into one. He is having some success but the strain is telling on him.

All Organs Overworked

"His digestive organs have been given so many new and arduous duties to which they were not trained that they are showing signs of rebellion. He is seriously overstraining his heart, arteries, kidneys, nerves and digestion as their rapidly increasing death rate shows. He could detect and head off these troubles if he would go to his doctor for an occasional examination. He is more than well-rounded at the belt and slightly so at the shoulders. Under exertion he is short-winded, due to lack of exercise or a bad heart. His 400 muscles are virtually all soft and weak from lack of use. He is designed as an erect, outdoor animal with feet and legs for service, but he lies down by night and sits down by day. He never walks when he can ride. He scurries around at his work, gets tired and over-worn and thinks this is physical exercise, whereas his muscles and joints have been virtually idle. And yet he looks smooth, pink and healthy, for the most of these signs of deterioration are not outwardly visible.

Too Little Physical Activity

"The evil effects of his physical inactivity have been greatly aggravated

by his deadly excess and errors in eating and drinking. There is no burden too great for him to put upon his digestive system. He would not think of mixing bricks or scrap iron or gravel with the fuel for the furnace which heats his house but he does not hesitate to follow this plan in furnishing the fuel for his body. He feeds his stomach with all sorts of tasty junk, much of which cannot be fully digested, and which results in the trouble that comes from auto-intoxication. Auto-intoxication has a fascination for him. He seems to think it is some automatic way of getting pleasure. Slowly the fact is sinking in that his accumulation of fat is due to the excessive use of meats, sugar, butter, sweets, cream and other rich, fat and oily foods—minus exercise. With every pound he gains of excess fat, his chances for a shortened life increase. He should note the insurance records which show that with those, above age 40, having fifteen to twenty pounds overweight, the excess death rate ranges from nine per cent to seventy-five per cent above the average of all policy-holders combined.

Thinks Resistance Declining

"With these statistical and other facts before us, it seems reasonable to assume that the power of our people to resist fatigue and the physical stress of modern civilization is declining rather than advancing. It is probably true that when our ancestors left the trees for the caves, if they did, they had a high mortality experience until adjusted to their new living conditions. It may develop that the same will be true of our change from physical active lives, chiefly outdoors, to physically inactive lives in the caves and pigeonholes of our modern dwelling places. But wholly aside from the question of declining national vitality, surely there can be no doubt as to the urgent need of improving the physical preparedness of our people for the protection of the state and of posterity."

L. C. GILMAN STRONG BOOSTER FOR HAWAII ON RETURN FROM G. N. TRIP

PORTLAND, Ore.—Portland people ought to know more about the most spectacular volcano in the world," declared L. C. Gilman, president of the North Bank road and the Great Northern Pacific Steamship Company, on his return from a voyage to the Hawaiian Islands. "It has never been described. It never can be adequately described. The sacred crater of Kilauea, reached by a fine automobile road that passes within a stone's throw of its fumigating brim, gives one new ideas and new thrills."

Mr. Gilman made the journey from San Francisco to Honolulu on the steamer Great Northern. He describes the round trip as "5000 miles without a whitecap," with perfect weather and a sea as smooth as oil.

"One day on the Big Island (Hawaii) was spent in inspecting the volcano," Mr. Gilman said. "One can stand at the very brink and look down into the pit of Halemauau at the molten lava boiling and seething like a furnace. Halemauau means 'House of Ever-burning Fire.' The level of the lava is only 200 feet below one's feet. Last year it was 600 feet. It seems to be rising gradually. The scientist in charge, however, declares it will never fall over, though one could well have such a fear. It is rising and falling all the time. Next year it may lapse back."

Because of the extreme ease with which the rim of the crater can be reached from Hilo, Mr. Gilman believes that the time will come soon when it will be one of the best-known scenic spots of the world. He describes the crater by night as a most terrifying sight, with the smoke, shot from beneath with flame, hanging like a fiery veil over the sky.

Mr. Gilman expressed extreme gratification over the reports of improved business conditions which he found on his desk upon his return. "He said there is no question but that Portland and Oregon industries will move forward with new vim as soon as the car shortage situation is relieved."

GERMANS TO FREE LITHUANIA AND ASK ARMY AS PAYMENT

PARIS, France.—Germany is about to follow up her declaration of Polish independence with a similar announcement regarding Lithuania, according to despatches from Switzerland to the morning newspapers. The despatches say that the new state probably will receive Prince Eitel Friedrich, second son of the emperor, as its sovereign, and will form a state of the German empire with a similar status to that of Bavaria or Saxony. As in the case of Poland, the despatches add, a Lithuanian army will be formed to fight under Field Marshal von Hindenburg. It is estimated that Lithuania could raise 150,000 men.

Cardinal Furlay addressed a letter to the clergy of the Archdiocese of New York in which he appeals for aid for the sufferers of the Eastern and Near Eastern war zone.

PLAN TO SETTLE OIL LAND CASES

Perhaps explaining the recent strength of Honolulu Oil stock, which in the local stock market followed an earlier advance in San Francisco, comes an article which appeared in the San Francisco Examiner of December 12, received by the last mail. This article indicates an early settlement of oil land troubles with the government, which, it is believed, would be upon a permanent basis. In the article the Examiner says:

"California's oil land troubles will be settled, for all time, if the compromise proposed by the Oil Industry League of California is accepted by the federal government.

"This proposed compromise was sent to Washington yesterday by Roy N. Bishop, president of the Oil Industry League, and was considered informally by the senate lands committee. "The plan is to have the Standard Oil Company and the Associated Oil Company relinquish, without remuneration, holdings in the center of what is known as Section 1 of the California oil tract, consisting of 38,000 acres.

"In return for this the claimants have been promised that the navy department would withdraw all opposition to the Phelan amendment, which provides for much needed relief to the oil producers of this state.

"The amendment provides that oil producers shall be permitted to secure patents on their lands, and that those to whom patents cannot be granted will be permitted to work their holdings on leases.

"Both Corporations Willing
 "When Secretary Daniels made his stipulation to the Oil Industry League, Bishop began working to secure the consent of the Standard and Associated companies to the compromise.

Officials of both notified him yesterday that they would consent to their lands in Reserve No. 1 if Congress passed the relief measure.

The deed of these lands to the government will mean that oil which the geological department says is sufficient to supply the navy department for 50 years will be conserved. Will Leave Reserve No. 2

"The compromise will enable unrestricted operation under patents and leases on Reserve No. 2, upon which there is so much patented land that its use for a source of oil supply for the government is precluded. Bishop said yesterday:

Ewing Confirms Compromise

"FRESNO, Cal., Dec. 11.—D. S. Ewing, a member of the executive committee of the Oil Industry Association of California, said tonight that he had received a telegram earlier in the day from the Standard Oil Company, stating that it would agree to deed its holdings in Section 1 to the government if the remedial legislation passed. Ewing has been corresponding with both the Standard and the Associated on behalf of the Oil Industry Association in an effort to get them to deed their holdings in Section 1 to the government."

ANTI-TEUTON RIOT BREAKS UP WAGNER CONCERT AT ROME

ROME, Italy, Nov. 20.—An attempt to introduce Wagner's music into a concert conducted by Toscanini resulted in an uproar which brought the performance to a premature conclusion. The orchestra had commenced the funeral march from Gotterdammerung when there were loud shouts, "It is for the victims of Padua." A storm of imprecations against Wagner and Germany came from all parts of the great auditorium and the concert had to be abandoned.

There's one thing that will be most surely appreciated before the glad day is done--

Christmas Stationery!

Thousands of merry, happy people will sit down at once to write letters of gratitude and good wishes to those who have remembered them. You can make this little social amonity doubly delightful for your friends if you give them dainty, appropriate stationery.

U. S. RESTRICTS COMMISSARIES

(By Associated Press)
PANAMA.—A law to abolish privileges of purchasing at the commissaries of the Panama Canal, by others than employees of the United States government, has been passed by the assembly of Panama and signed by the president. It has not, however, been published in the Official Gazette, and will not become effective until three days after such publication.

The presence of the commissaries, with their advantages of no rent, no tariff, and reduced steamship and railroad charges, has long been a thorn in the flesh of the Isthmian merchants. The number of influential persons who have enjoyed the privilege, given by the president of Panama, of buying in the commissaries has been an obstacle in the way of preventive action. The restriction of the use of the commissaries to the people connected with the canal and its defense

POLO PROSPECTS BRIGHT FOR BIG SEASON IN 1917

Young Players Take Up Game; Second Team Will Play; Small Boys Practise

No better example of the theory that strength lies in the substitutes has been shown than in polo on Oahu. It was the great strength of the Boston substitutes which carried the Red Sox to a world's championship and it has been the same in football and other sports.

Hawaii has taken a step forward in the baseball line by encouraging baseball among the junior players. Hawaii has taken more than one step in polo, and when the time comes when the first rank players in Oahu give up the game others will be ready to take their places.

Oahu Ranks High
The Oahu team has ranked well with the leading polo teams of America. The mainlanders were surprised when the local mallet wielders journeyed to the Pacific Coast, and startled the spectators by their play. Hawaii has become as well known in polo as in any other sport, with possibly the exception of swimming. That the game will continue to flourish here is a certainty, especially with the encouragement that has been given the younger players.

This year Oahu won a clear title to the championship, and the team, which included Walter Dillingham, Harold Castle, Walter Macfarlane, Arthur Rice and Bob Shingle, has taken a deep interest in the promotion of the sport. Walter Dillingham, especially, has journeyed out to the polo field on many occasions to give the players the benefit of his experience.

Interest in Game
Early in the year a number of players turned out to practise polo and they were a raw lot. The last practise game showed unusual ability on the part of the players. Walter Dillingham remarked that he had never found a collection of players which showed more interest in the promotion of the sport. Walter Dillingham, especially, has journeyed out to the polo field on many occasions to give the players the benefit of his experience.

Enough novices have turned out for practise, together with many who have played before, to make up two teams, and there have been a number of spirited matches staged. At the first of the year some of the players handled a mallet much after the fashion of a telegraph pole, while there was a different aspect after two months of hard practise. That these players will be able to show some excellent games next year is certain and there has been a call for second team games for next season.

Among the players who have been performing on the second squad are Charley Lucas, Harold Dillingham, Charley Lyman, Bob McCarriston, George Ahlborn, Bob Purvis, Fred Wichman, Alan Lowrey, Francis Brown, Lieut. Rogers, Douglas Damon, Leighton Hind and William Pfeuger.

Youngsters Play
In the choice of polo players also comes the youngsters who have taken up the game in real earnest. Every afternoon a number of the boys, ranging from the ages of 9 to 16, practise on their ponies and Peter Hannon has been teaching them the inside play. The youngsters have formed a team, and in addition to the fun that they obtain have learned many of the finer points of the game.

Among the boys who have played this year are Walter Macfarlane, Harold Erdman, Jack Walker, "Buster" Brown, Henry Afong and Fred Trotter. Other boys have taken up the game and one of the features of the polo season next year may be a contest between the youngsters. Polo is growing in Hawaii and next year promises to be a banner season for this sport.

COL. HODGES TO HEAD SCHOFIELD BARRACKS CLUB

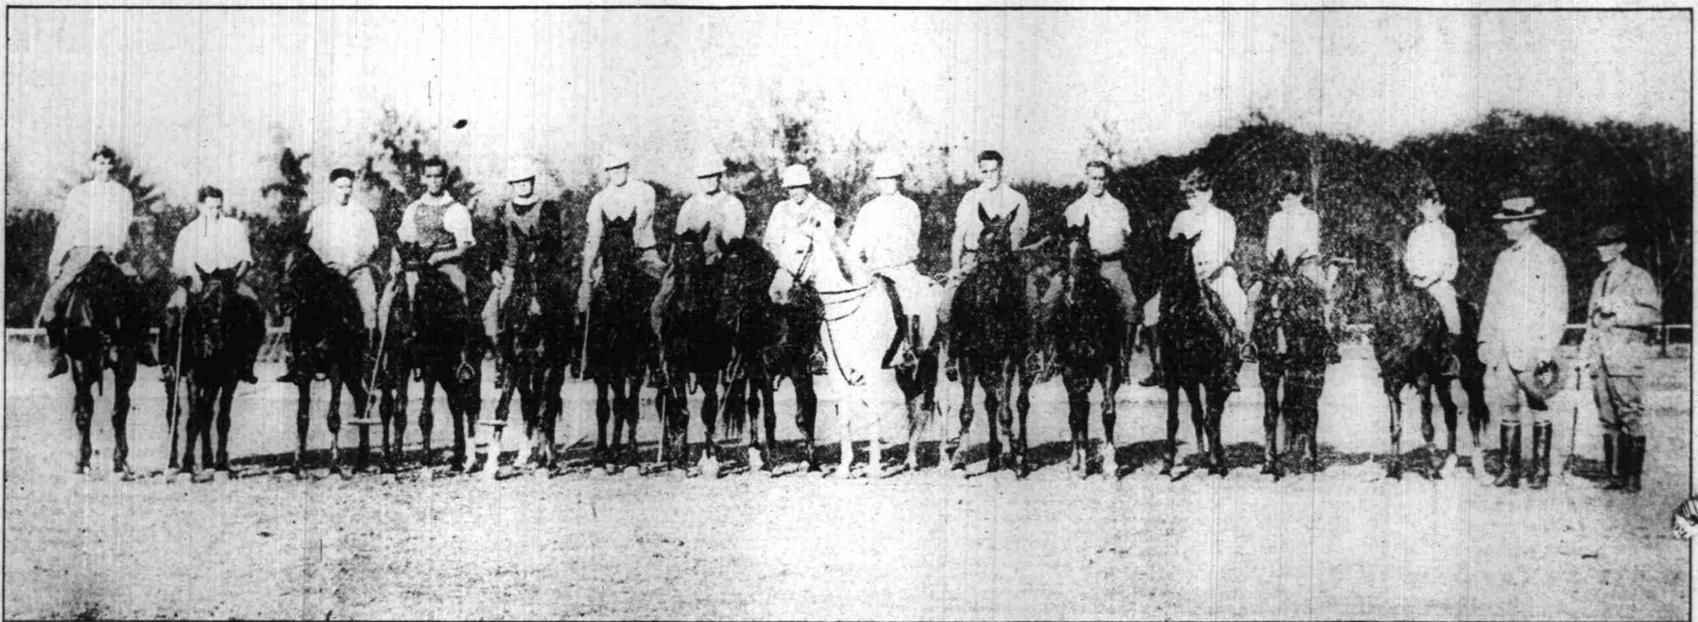

Col. Henry C. Hodges, Jr. of the 1st Field Artillery was elected president of the Schofield Barracks Golf Club at a meeting held last evening at Club. Other officers elected were Col. John E. McMahon, 3rd Field Artillery, vice-president; Captain K. S. Snow, 1st Infantry, secretary, and Capt. A. J. Macnab, 25th Infantry, treasurer.

Members of the executive committee elected are: Col. William B. Banister, Medical Corps; Capt. K. S. Snow, 1st Infantry; and Capt. J. K. Herr, 4th Cavalry. At the meeting Brig-Gen. Treat was made honorary president. He is an expert golf and polo player, and is a lover of all outdoor sports.

It was decided that a dressing-room would be located near the No. 1 for use of associate members from Honolulu. The next tournament will be between the 25th Infantry and 1st Infantry. It will be played some time between Christmas and New Year's.

Dr. C. M. Lorenz, assistant statistician of the interstate commerce commission, was appointed secretary of the commission to investigate operation of the Adamson wage increase law.

Honolulu Ranks Well Up in Polo World; Beginners Show Excellent Form in Play

Group of poloists in practise match at the polo field at Kapiolani Park. They are from left to right—Lieut. Rogers, Francis Brown, Charles Lu, Pfeuger, Alan Lowrey, Fred Wichman, Bob McCarriston, Charles Lyman, Harold Dillingham, Bob Purvis, George Ahlborn, "Buster" Brown, Harold Erdman, Jack Walker, Walter Dillingham and Peter Hannon. Very few cities the size of Honolulu could show the polo players that can be seen in practise here throughout the year.

NORRIS WILLIAMS RANKE FIRST IN TENNIS PLAY; KUMAGAE FIFTH

LEADING TEN PLAYERS.
Rating. Player. Home.
No. 1—R. N. Williams II. Phila.
No. 2—W. M. Johnston. San Francisco

No. 4—R. L. Murray. Niagara Falls
No. 5—Ichiya Kumagae. Tokio, Japan
No. 6—C. J. Griffin. San Francisco
No. 7—W. M. Washburn. New York
No. 8—Willis E. Davis. San Francisco
No. 9—J. J. Armstrong. Philadelphia
No. 10—Dean Mathey. Cranford, N. J.

NEW YORK.—R. Norris Williams II of Philadelphia, national singles champion, is the ranking lawn tennis player of the country, according to the official lists made public here today by the ranking committee of the United States National Lawn Tennis Association. William M. Johnston of San Francisco, 1915 title-holder and runner-up to Williams this season, is placed second, with George M. Church third, R. Lindley Murray fourth and Ichiya Kumagae, the Japanese player, fifth.

M. E. McLoughlin, former national champion and famous Davis cup contestant, is not ranked among the first hundred through lack of data, and for the first time since 1909 his name does not appear in the singles review except as an addenda to the records of the ranked tennis experts. This is due in part to the request of Dr. Sumner Hardy, president of the Pacific States Association, that where California players did not compete frequently enough to furnish complete data

been teaching them the inside play. The youngsters have formed a team, and in addition to the fun that they obtain have learned many of the finer points of the game.

Among the boys who have played this year are Walter Macfarlane, Harold Erdman, Jack Walker, "Buster" Brown, Henry Afong and Fred Trotter. Other boys have taken up the game and one of the features of the polo season next year may be a contest between the youngsters. Polo is growing in Hawaii and next year promises to be a banner season for this sport.

Paul Withington Heads Athletics At Wisconsin U.

MILWAUKEE, Wis.—Dr. Paul Withington, the former Harvard football and crew star, has been engaged by Wisconsin as football coach for next year, with the complete staff of assistants, including E. W. Soucy and his other Harvard graduates, who worked with Wisconsin in the past season. Wisconsin also made Dr. Withington a faculty member, with a contract for the whole year, instead of merely for the three months of the football season, taking effect July 1. Dr. Withington will be in charge of the football team and other athletics during the next fall semester, and in the spring semester will be an instructor in the college.

BOWLERS CHALK UP GOOD SCORES AT "Y"

The local boys put up some high scores against the San Jose, Cal., Y. M. C. A. five in last night's match of the Pacific Coast Bowling League. In all three games they rolled well up into the nine centuries and finished off with a total pinfall of 2805, their best this season.

ZEPPELIN SKIPPER VICTIM OF AEROPLANE HE SCORNED

BERLIN, Germany.—The commander of the Zeppelin L-32, one of the two destroyed in the raid on England Sept. 23, was Lieut. Werner Peterson, who in September, 1915, gave an extended account of the repeated visits of German airships to the British capital and coast towns.

PALAMA DEFEATS KAULUWELA TEAM

Last night at Kauluwela the Palama and the Kauluwela indoor senior team played their first game of the present series, and, taking the game in all, which was won by Palama by the score of 22 to 15, the teams are about 50-50 except in the catching department. Chinto Moriama, the Palama catcher, is the fastest, brainiest and best all-round indoor baseball player in the business.

The Palamas knocked Alexander out of the box in the third, at which time 13 runs had been scored, and Marks, relieving him, held Palama to eight hits and nine runs for the remainder of the game and five of the nine runs were the direct cause of errors.

Two men were severely burned in a gun explosion on the third floor of the Federal Composition Company's factory at Nos. 264-268 Forty-first street, Brooklyn.

TWO BIG CHRISTMAS EVENTS WILL BE HELD ON SAME FIELD NEXT MONDAY

Stockton Baseball Team to Play St. Louis at 1:30; National Guard vs. 32d Inf. at 3

Honolulu fans will have the opportunity of watching a double header at Athletic park on Christmas Day. It will include the two banner events staged for Monday all on one field. The St. Louis baseball team of the Pacific League will meet the Stockton high school team at 1:30 o'clock in the curtain raiser, and the National Guard will play the 32nd Infantry football team in the second event, which will begin about 3 o'clock.

Gen. Sam Johnson, who is much interested in both baseball and football, got in touch with Glenn Jackson of the Y. M. C. A. who has charge of the trip of the Stockton boys, and it was decided that inasmuch as the athletic lovers of the city would be split up if one game was staged on one field and one on another for the great interest of the sport the two features be staged on one field.

Stockton Team Fast
According to Eddie Neil, the Stockton baseball team has a fast organization, and St. Louis will have to play ball to win. With two such pitchers as Markham and Hayselden, the St. Louis boys will have a good start. Without a doubt the local team will give the visitors a good battle. The Stockton boys will arrive on Friday on the Great Northern and will begin practise for their game on Friday and Saturday afternoon.

The 32nd Infantry has a strong squad, and many believe that the big eleven will give the National Guard a hard game. Tschynzke, the big full back, is said to be a star in every department, and the fact that this will be the first appearance of the team in Honolulu will assure a large crowd. Glenn Jackson announced this morning that the prices for both events would be 25 for the bleachers and 35 and 50 cents for the grandstand; box seats will be sold at 75 cents.

An unidentified man, about 35 years old, committed suicide by leaping from the platform of the elevated station at One Hundred and Tenth street and Eighth avenue, New York, a distance of 100 feet.

WOULD HAVE JAPAN SECURE JAVA AND SUMATRA FROM HOLLAND NOW

[By Associated Press]
THE HAGUE, Netherlands.—If Japan gets Java and Sumatra from Holland as a present, the hundred thousand emigrants in the United States can be recalled, so that America will also then be satisfied," declares the Japanese ex-minister and publicist, Yasuhiro Takekoshi, in his latest contribution to a well-known Japanese review, that has served once again to fan Dutch suspicion regarding the Land of the Rising Sun. "I therefore think that country is in entire agreement with our policy," he adds.

The article in a plain, unvarnished demand by this former minister of education that Japan shall take advantage of the present favorable juncture to annex The Netherlands East Indies. "If," he exclaims, "things are allowed to go on as they are going, there is every chance that Japan will get as good as nothing for the mobilization of a big army. I do not desire that the government shall pursue a quietistic policy, but I do desire that it shall strike a great blow to secure the safety of the nation and increase its influence, now that such a fine opportunity offers, an opportunity which, if allowed to slip by, will not recur in a century."

Should Germany prove victorious he argues, she will get the British and French colonies, and Java and Sumatra will also fall into her hands; if the war ends indecisively, Germany will cede Alsace-Lorraine to France in exchange for French possessions like Annam and Tongking, in which case the position of Java and Sumatra will be seriously threatened; while if, on the other hand, the Allies win Great Britain will turn egotist and in that case again the fate of those islands will cause Japan much anxiety. "In view of these considerations," reasons Yasuhiro Takekoshi, "it is better for Japan to demand Java and Sumatra from Holland now, for the Powers at present leave Japan a free hand and do nothing but nurse her friendship and good will." He further urges the necessity of Japan, as an industrial country, having more tropical territory whence in time of need it can get its raw materials, and on the other hand throws doubt on Holland's record in the matter of preserving neutrality in its colony and on its

future ability in this respect, thus rendering the East Indies a potential, handy basis for Japan's enemies. The Dutch press emphatically refutes all suggestions that The Netherlands has not strictly carried out the duties of neutrality in every instance, and while not inclined to exaggerate the importance of such solitary utterances as the foregoing it considers it wise that the nation not let this campaign escape its attention, "waged as it is by a man of influence in Japan against the highest interests of our country."

IT'S A WONDERFUL WORLD

Lupulin, or "hop-meal," a fine yellow resinous powder, found upon the strobiles of fruit of hops and containing the bitter principle of hops, together with their other essential oils, largely determines their value for brewing. Lupulin is used by some brewers as an addition to hops and by the wholesale drug trade in the preparation of proprietary medicines. It is obtained mostly through the collection of the nuts that fall in the course of preparing and packing the hops. These nuts are then put through a series of sieves and screens until the "hop meal" is clean.

A unique product comes from Brazil in araroba or roa powder, containing the substance known as chrysoarobin, widely used in medicine, especially in the treatment of parasitic skin diseases. The product is found in the form of a pulp or small solid masses in crevices of the heart wood of the tree known locally as "amargoso do matto," and is said to be a morbid growth.

The Canadian Pacific railway's research department is working upon a method whereby a commercially satisfactory paper pulp can be made from flax straw. Hitherto the straw had to be burned for want of proper methods of treatment.

A species of Mexican snail of the family of Glanididae, has acquired such a reputation for cannibalism that it is actually being considered as an exportation to France to abate the plague of common snails with which the French farmer is afflicted. An adult Glanidina is said to have eaten 10 snails in 24 hours.

A fly bacteriologically examined has been found to carry 100,000 bacteria.

STATE TELEPHONE FOR MOSCOW PLANNED AT \$10,500,000 COST

STOCKHOLM, Sweden.—The telephone establishment in Moscow is to be transferred to the state, according to a decision of the Russian government. A Swedish company has exploited the telephone for many years. The value of the installation is said to be \$10,500,000.

FRENCH SOLDIERS IN GOOD HEALTH

[By Associated Press]
FORT VAUX, France.—French soldiers have withstood the awful rigors and privations of the fighting during the wet fall in the sector around Verdun with notably little sickness. The army doctor in charge of a division told The Associated Press correspondent the number of sick in many of the battalions was as low as three or four per thousand.

Men in the front line are put to the trying experience of remaining for days at a time in the open crouching in shell-holes which have been joined together by stiff spade-work. At this period of the year the frequent rains and wet mists drench them to the skin, while the mud in which they lie soon changes their uniforms from light blue to a color which is indistinguishable from the field-gray of the Germans or the khaki of the British. At the same time, their food, which, of course, has to be eaten cold, is often spoiled by the foul water penetrating their haversacks, and their small supply of water or other drink is often exhausted long before they are relieved.

PEORIA WITHOUT COAL: MINES SHIP OUT TRAINLOADS DAILY

PEORIA, Ill.—Peorians have discovered that coal in trainload lots is being shipped from mines in the vicinity of Peoria and central Illinois to eastern markets.

Dealers refuse to make any explanation other than to say that coal in eastern markets brings just about double the price Peorians are paying for it.

Peoria citizens are now paying 22 cents a bushel for coal and are unable to get anything but a few days' supply at that price. A few weeks ago coal bins in Peoria were filled at 12 cents a bushel.

Peoria factories are in many cases unable to get an adequate supply. The mines are running full blast.

INVENTOR OF "TRIAL DIVORCE" WEDS AFTER 2 EXPERIMENTS

CHICAGO, Ill.—Mrs. Fannie Smith Trude, celebrated as the inventor of the "trial divorce," is a recent bride. Announcement is made that she has been married to Harry Riley, a circus performer. Mrs. Trude's adventures in matrimony number three. She was married when 16 to a boy named Daggett, but the marriage was annulled through the efforts of George A. Trude, later a judge of the superior court here, who then married her himself. In 1911 they separated and made public announcement that they had agreed to a trial divorce. If it proved satisfactory it would be made permanent later. The real divorce came in 1915. Riley is said to have been a boyhood sweetheart.

Mrs. Trude, following her separation from the jurist, testified in court that she spent \$2000 a year for "perfumes, powders, and such things."

GERMAN OFFICIALS USE SEVERAL LANGUAGES IN GOVERNING OF BELGIUM

[By Associated Press]
BRUSSELS, Germany.—The Germans have been administering things in Belgium so long now that most of them have acquired a workable knowledge of the various languages that prevail there. Accordingly the chief authorities in Brussels have issued new and drastic language regulations for all their subordinates.

In towns or districts in which the Flemish language preponderates, it is in future to be used solely both in spoken communications and in official acts, letters and notifications. The only exceptions to this rule permit French to be used when a reply has been specifically requested in that language, or when the original letter of inquiry was in French.

In Greater Brussels the authorities may make use of either French or Flemish, yet from the first of January, 1917, all communications from authorities of the various sections of Brussels to the outlying Flemish districts must be in Flemish. All notifications and public notices are to be issued in Flemish, with French translations accompanying them when desirable.

MAYOR IN MURDER TRIAL SOBS TALE OF UNWRITTEN LAW

BATESVILLE, Ark.—V. Gilbert Richardson, wealthy mayor of Batesville, sobbed on the witness stand as he recounted the events which, he said, led him to kill Farrell Padgett two weeks ago at a dance. Padgett, 23 years old, repeatedly tried to lure away the 17-year-old wife of Richardson, the mayor testified. The mayor said he entered the tent of a carnival company where Padgett had been dancing with Mrs. Richardson and saw Padgett make a motion as if to draw a pistol. Then Richardson fired. Richardson is 37 years old.

Shipments of bituminous coal over the Philadelphia & Reading during September were 1,515,580 tons.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapepsin" Makes Sick, Sour, Gassy Stomachs Feel Fine

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—adv.

FRANCE WILL SHOW GRATITUDE TO HER PEASANTRY FOR ITS SERVICES

Recognition of Response to Call of Nation Will Come at End of War

[By Associated Press]

PARIS, France.—The farmers of France have done well for the country and their efforts in the wheat field as well as on the battlefield must be recognized," said Ch. Brilland de Lajardiere head of the great national agriculturalists' society of France, to a correspondent of the Associated Press. "Farm hands alone furnished more than a third of our fighting strength—more than the men of any other occupation, and their exploits have furnished pages of citations in the Journal Officiel. The peasants at home—particularly the women, have, in their

way, done quite as well. They have really been the 'staff of life' to France during these trying two years, since they have provided the bread, but until lately they got only praise while those at the front got decorations.

Will Decorate Women

"Every peasant woman or farmer's wife or daughter who has replaced a man called to arms shall have a sort of decoration, too, in the form of a diploma that will tell what she has done for her country, just as a general's citation makes known an act of heroism on the battlefield."

M. Lajardiere is qualified to speak for the rural population; he feels the pulse of French agriculture every morning when he opens the thousands of letters that come to his office from farms all over the country. He pre-

sides over the Syndicate Central des Agriculteurs de France. This is not quite the same thing as the National Grange in the United States but in many ways it bears the same relation to its members. Its membership comprises more than a thousand local syndicates besides 17,000 individual members among the elite of the French agriculturalists.

Farmers Fully Organized

"The French farmer was formerly essentially individualist," said M. Lajardiere, "but he has learned the value of association and nearly every farming community is organized. There are 6178 agricultural syndicates in France with a membership before the war of 1,250,000, assembled in 85 different unions of syndicates."

"A single one of these syndicates in the department of Loir and Cher bought for its 18,000 members to the equivalent of a million two hundred thousand dollars annually before the war."

"Our syndicates are not merely the sales and buying agents of the individual farmer; they go farther; they stand between the farmer and the man from whom he buys or to whom he

sells in any misunderstanding, saving him from lawsuits and expenses; and they act as his banker, in a way, through the organization of mutual agricultural loan societies which are separate from the syndicates.

Loans Readily Obtained

"Any landowner can borrow the money he needs to exploit his farm, from one of our 98 regional or 4000 local agricultural loan banks, whose combined capital was 35 million francs in 1912; the state has also placed at their disposition sums aggregating 86 millions. They discounted about 370 million francs of farmers' paper in that year."

"We not only help the farmer but we help to train his children to be farmers—do all we can to attach them to the soil. We teach them the scientific part of grain and stock raising, and of butter and cheese making, we show them how to keep farm accounts so that they may know whether they are making money out of any given crop; the farmers' daughters are taught farm housekeeping with special attention to the rational utilization of foodstuffs; when we get through with them they have no longer any excuse for haphazard or wasteful use of provisions."

"War prices have helped the farmer in one direction and hampered him in another. He gets the equivalent of \$1.97 a bushel for his wheat, or 47 cents more than before the war. He gets the equivalent of 84 cents a bushel for oats as against 74 cents before the war, and this year, the oat crop was a record one. Wheat was deficient as compared even to last year, but the farmer probably realizes more in cash than for last year's crop. On the other hand he pays a great deal more for all that he buys—fertilizers, fuel, salt, sugar, flour."

Difficulties Will Follow War

"The French farmer will after the war still be beset by difficulties that we must lighten. Traction farm machinery, now almost prohibitive in price to the individual farmer, must be provided to make up for the lack of farm labor."

"The desertion of the farm for the town had long ago developed a crisis that will be aggravated by the wastage of war and the upheaval of conditions afterwards; it is another of the problems these syndicates are trying to solve."

"Farmers' sons and simple farm hands in the long watches in the trenches alongside of the city boys have learned many things they never knew about town life," M. Lajardiere thinks. "Curiosity aroused by tales of the town will draw them in even greater numbers than ever after the war unless counter attractions are provided. The syndicate proposes to make their life on the farm more attractive by higher comfort in their habitations and by such distractions as are transportable from the city to the country."

"Opposed to the alluring descriptions of city life they will set forth the higher cost of living and the illusory character of the supposed town diversions."

Make Farm Homes Pleasant

"The new farm construction will be made more pleasing than before, and for the long winter evenings profitable light occupations will be provided such as the manufacture of toys by men and lace by women, already tried in a number of localities with promising success."

"The mutilated farmer-soldier will also require attention. Improved implements will be required to keep him at home, and they will be provided. He must have machines that can operate as easily and effectively as he did before his physical capacity was diminished."

"In working on that question we are at the same time contributing to the movement for repopulation. The farmer in France, we calculate, needs a child for each 25 acres of land, which is far above the average. We organize competitions of large farmers' families. There were 74 women in the competition of the Syndicate of Loir et Cher in 1914 who had altogether given birth to 738 children, an average of just about 10, and the children already had given birth to 470."

"The organizers of these competitions in which the recompenses are purely honorary propose to go farther and help the modest farm hand to acquire a little plot of ground of his own that will attach him to the soil and encourage him to raise a family."

"Farm hands, as a rule, pay from 100 to 150 francs a year rent for their habitations. The syndicate offers to pay half that rent on the birth of the third child, three-quarters on the birth of the fifth, and all of it on the birth of the sixth, in addition to the use of one and a quarter acres of land in proximity to his habitation."

BIRDMAN BANNED AS A DESIGNATION OF MALE AVIATOR

WASHINGTON, D. C.—in a formal statement announcing the results of deliberations, the National Advisory committee for aeronautics asserts that any person, man or woman, who operates an air craft, should be called an aviator. In response to an inquiry, the committee, which is headed by Director Durand of the bureau of standards and includes four high army and navy officers and six prominent civilian scientists in its membership, states that such names as birdman, birdwoman and aviatrix "appear undesirable and unnecessary."

James Grant, a negro, charged with slashing a white man to death with a razor, was taken from the county jail at Melville, La., and hanged to a tree by a mob of 20 men.

Nuxated Iron to make New Age of Beautiful Women and Vigorous Iron Men

Say Well-Known Physicians—Quickly Puts Roses Into the Cheeks of Women and Most Astonishing Youthful Power Into the Veins of Men—It Often Increases the Strength and Endurance of Delicate, Nervous "Run-down" Folks 200 Per Cent in Two Weeks' Time

A Wonderful Discovery Which Promises to Mark a New Era in Medical Science.

NEW YORK, N. Y.—Since the remarkable discovery of organic iron, Nuxated Iron or "Nuxale," as the French call it, has taken the country by storm. It is conservatively estimated that over five million persons daily are taking it in this country alone. Most astonishing results are reported from its use by both physicians and laymen. So much so that well-known doctors predict that we shall soon have a new age of far more beautiful, rose-cheeked women and vigorous men.

Dr. King, a well-known New York physician and author, when interviewed on the subject, said: "There can be no vigorous iron men without iron. Falter means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale. The flesh flabby. The muscles lack tone; the brain fags and the memory fails and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degerminated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cookery, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

Dr. Bauer, one of the most widely-known physicians in this country, who has studied abroad in great European medical institutions, said: "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only throw away their present medicine and nutritious concoctions and take simple nuxated iron, I am convinced that

the lives of thousands of persons might be saved who now die every year from pneumonia, grippe, consumption, kidney, liver, heart trouble, etc. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by a lack of iron in the blood."

"Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with a blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man. In fact, a young man he really was, notwithstanding his age. The secret, he said, was taking iron—Nuxated Iron had filled him with renewed life. At thirty he was in bad health; at forty-six he was care worn and nearly all in. Now at fifty, a miracle of vitality and his face beaming with the buoyancy of youth, iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, or tincture of iron simply to save a few cents.

The iron demanded by Mother Nature for the red coloring matter in the blood of her children is also not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless. Many an athlete and prizefighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena; while many another has gone down in ignominious defeat simply for the lack of iron."

Dr. Schuyler C. Jacques, another New York physician, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance, will find it a most remarkable and wonderfully effective remedy."

NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in nuxated iron, that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lack iron, and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all good druggists.

In the Woman's World

IT'S EASY TO DRESS WELL NOWADAYS

Most women dress well nowadays. The impression the majority of young women give one at present is that of being extraordinarily well groomed. They are so neat, their heads particularly so, and, of course, so are their carefully shod feet. Then rarely in these days. Some perhaps may be a little too obviously cared for, but those really skilfully handled are a satisfactory natural in appearance, whatever they may be actually. Eyes are bright, figures alert and the freedom of movement permitted by the newer styles makes for an attractive appearance.

With an antithesis must have been the period of the esthetic craze of dress of 50 years ago—depressing colors, sallow complexions, lank hair and figures, and a general floppiness of aspect. That amusing pose, we may take it, broke up affection and unattractiveness, and whatever criticism we may choose to hurl at the modern girl it is certainly not that of pretending to be other than she is—a creature youthfully ready for any fun that comes along, but equally ready to take her share in the work of the world if it becomes necessary. A lover of pretty clothes and extraordinarily dexterous in achieving them, untiring in her efforts to keep the small details of her toilette spick and span, the modern girl has an infinite capacity for taking pains where her personal appearance is concerned.

Good to Look Upon
Even on rainy days she is good to look upon. She no longer presents a bedraggled appearance whenever the skies scowl, but is as trim and smart a figure as any one could wish to see.

To be sure the new raincoats have had a great deal to do in effecting this change. The mackintosh has witnessed quite a revolution in its make-up since the days of its first appearance. Instead of being a plain, ungainly garment, with nothing artistic in make-up or finish in its favor, the new mackintosh is a smart affair, made either of delicate silk or of specially proofed serges, or cloths or pontine, the new material which has a waterproof morocco finish on one side and is lined with silk on the other.

For Rainy Days
Though a garment of grace, the new mackintosh, in its pleasing phases, has lost none of the utilitarian qualities of its less attractive sister. Made in fashionable lines, the waterproof coat of the present season can be worn for all occasions. Its surface is delicate of appearance, and at first sight the coat looks as if it were just an ordinary every-day fabric. The picture changes when the rain comes down. The texture is so proofed against the weather that the heaviest downpour has no ill effect on the fabric. The raindrops simply fall to the ground and the wearer looks fresh and neat when the sun shines again.

The umbrella industry has suffered its severest blow through the rain-proof millinery that made its debut early last autumn. For women who never liked carrying umbrellas and for those who invariably left them behind, the rainproof hat has been a perfect boon.

When it first appeared the wet weather hat, like all pioneer goods, was not a thing of beauty. Made of shiny black patent leather, it was clumsy in appearance and heavy in weight.

New rainproof hats are made in a more practical and becoming way. Of leather or silk, they are shaped to better advantage, and are finished with a neat little brim and trimmed with rainproof flowers. Black and white is the favorite color blend, and the hats are as a rule just big enough to protect the hair of the wearer.

FOOTGEAR FASHIONS.
Shoes are an expensive necessity as well as luxury in these days, when leather is scarce and consequently high in price. The shops, however, show no lack in styles and varieties, and some persons of very moderate income are wearing expensive fancy shoes in the streets.

Because of the continued popularity of the short skirt (in spite of the fashion-maker's efforts and predictions in behalf of longer skirts), the styles in shoes and stockings are very much in view and not over substantial.

The woman who will not wear gaudily colored shoes, as well as the woman of limited purse and unable to afford them, will find consolation in the thought that black shoes and white shoes are always in good style and taste.

Pumps may be had with or without the new ankle straps. Those with straps are new in design, and will be found most comfortable.

The woman who is careless about her shoes and persists in wearing them unblackened and run down at the heels is lacking in neatness and good judgment, for nothing detracts from the personal appearance any more than sloddy and unclean footwear.

NEW METHOD OF TEACHING CHILDREN

Many ideas have changed in the last generation, but none have undergone a more radical change than the ideas on raising children. The ancient axiom, "Spare the rod and spoil the child," has been almost completely lost in this day and generation. We have learned to recognize that each child is a real individuality, not to be coerced or driven, but to be reasoned with and taught to use his own mentality and judgment.

Now, when we come to the question of child training, there are still thousands of theories offered, but very few along the line of coercion or corporal punishment. Even in the schools there is gradually creeping in the evident desire to make lessons a pleasure to the youngsters rather than the old-time drudge.

In the kindergarten we find the instructors teaching the little kiddies their figures and letters in quite a different way from formerly. Now they appeal to the imagination of the youngsters, and consequently the young mind not only remembers what it learns but the little pupil takes pleasure in learning. A certain woman tells of visiting a kindergarten where the children were learning their figures in this attractive way. She says that the teacher asked her to question her young charges a little. So she put the figures 9 and 5 on the board and asked one little toddler what they were. He named them right off, and the guest asked how he knew which was 9 and which was 5.

Appeals to the Imagination
"Why, don't you know?" the little one piped up. "Mr. Five is a short, jolly man with a big fat stomach, and he is tipping his hat, and Mr. Nine is a tall, skinny man with a big head."

This explanation had stuck in the children's heads and would stay there, because their imagination had been aroused, whereas the usual way of calling each figure by its name without any descriptive addition takes weeks to learn.

Now, you mothers who are about to start your children on the study of some art, can by picking the teacher carefully, make their studies a pleasure to the little ones. There never was a child who really enjoyed practicing scales or doing the preliminary exercises of dancing by the hour.

It is a wise teacher who can make the technique of any art interesting and agreeable to children. But there is a big new movement afoot in almost every branch of art to make the preliminary steps appeal to the children's imagination.

In the Form of a Game
If your little one, for instance, shows a fondness for dancing, instead of putting her under an instructor, who will kill all her love for the art by driving the dull, technical part full force into her, start her with one of the new school of teachers, who teach their pupils to relax, to govern their bodies from top to toe, and to learn original interpretations, all through appeal to their imagination.

All children should learn dancing at some time or another, not such dancing as teaches them self-consciousness of their own bodies, but rather the natural, imaginative kind, which teaches them absolute control and real grace, without making them the least bit conscious or tired.

The same methods are being worked out in teaching piano and other instruments to children. They are taught to look upon the scales in the light of a game, full of fun and pleasure. They are made to look upon their fingers as the players in the game, and the whole art of music becomes an imaginative game instead of a dull drudgery to the child.

Children can be trained in all the arts so that they will love them. Instead of being made to practise their exercises, they enjoy the fun, which the stimulus to their imagination gives them. Have your children trained in this new school rather than in the old-fashioned, dry, technical way.

Brassieres are still an essential of the wardrobe, and many attractive and artistic models are to be had. One of the latest Paris creations is of tulle, braided with fine silk soutache and with ribbon shoulder straps, tied in generous size bows at the top.

LATE LINGERIE NOTES DIRECT FROM PARIS

A lovely petticoat of net and lace has tiny bows and ends of narrow ribbon in color all the way around as a finish to the top of a deep lace flounce.

Simple little nightgowns are of dotted swiss, with narrow lace edging as their only trimming.

The latest models in bodice caps in London, as well as Paris, are of gold or silver tissue, some trimmed with jeweled banding, other enhanced with ribbon and still others with tissue lace.

A fad of the moment is to trim the bodice cap with ribbon matching in color the trimming of the nightdress, be this a delicate touch of colored embroidery, a binding of colored material at neck and sleeves or the ribbon that draws the gown up about the neck.

Fine needlework in the form of handkerchiefs and hemstitched edges is the only ornamentation on some lovely new lingerie of French inspiration.

A dainty chemise of crepe de chine is devoid of any trimming save a lacing of satin ribbon in self color up the front.

Empire in cut are many of the latest chemises and combinations, and many of these have lace or net ruffles at the knee edge.

A novel satin petticoat for evening wear is slashed into points from the hem to above the knees and has insets of accordion-plaited chiffon that give a decidedly bouffant effect to the lower edge of the garment.

Sheer batiste, lace and hand embroidery as trimming make a charming set of chemise and drawers; the drawers fashioned on the lines of infants' "stork pants," the chemise a ribbon shoulder-strapped brassiere attached to a straight gathered skirt.

Soft colors, like mauve, pink, pale blue and flesh color, are chosen for the lingerie combination made of taffeta, crepe de chine and satin, which are combined with lace, net and ribbon.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foetid, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember a good "inside cleanser" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

PHILADELPHIA, Pa.—Do you wear glasses? Are you a victim of eyestrain or other eye weaknesses? If so, you will be glad to know that real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read anything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of

many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona tablets. Drop one Optona tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Optona is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family."—Adv.

BY AUTHORITY PROCLAMATION

MUNICIPAL BOND ELECTION FOR WATER AND SEWER EXTENSIONS AND IMPROVEMENTS TO BE HELD FEBRUARY 21, 1917

TO THE VOTERS OF THE CITY AND COUNTY OF HONOLULU.

In accordance with the Organic Act of the Territory of Hawaii and the provisions of Chapter 123 of the Revised Laws of Hawaii, 1915, as amended by Act 46 of the Session Laws of Hawaii, 1915, the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, do hereby proclaim that an election will be held on Wednesday, the 21st day of February, A. D. 1917, throughout the City and County of Honolulu, Territory of Hawaii, upon the question of the issuance of Municipal Bonds of the said City and County of Honolulu to the aggregate amount of Four Hundred and Eighty Thousand Dollars (\$480,000.00), or to the amount of such specific part thereof as shall be approved by the affirmative vote of 60 per cent of the registered voters voting of said City and County of Honolulu at such election, the proceeds to be used for all or any of the following specific purposes in the following specific amounts as the same shall be approved, to wit:

I. For installation and equipment in Nuuanu Valley of a filtration plant and accessories, and installation, renewal, relaying and reconstruction of water mains and the installation of valves, manholes, fire hydrants and accessories as a part of the water system of the City and County of Honolulu \$253,200.00

N. B. This amount to be allotted solely for the following purposes and according to the following estimates:

(a) Installation and equipment in Nuuanu Valley of a filtration plant and accessories as a part of the water system of the City and County of Honolulu \$150,000.00

(b) Installation, renewal, relaying and reconstruction of water mains and the installation of valves, manholes, fire hydrants and accessories as a part of the water system of the City and County of Honolulu: Makiki and Manoa 7,400.00 Waikiki 3,800.00 Kaimuki 37,000.00 Kalihii and Palama 8,000.00 Central Districts, bounded by Lilihua Street, Keolu and Waiolu Streets, Waterfront and Wylie Street 47,000.00

2. For the installation of sewer mains and laterals, manholes, reservoirs, pumps, equipment, accessories and buildings as a part of the sewer system of the City and County of Honolulu \$226,800.00

N. B. This amount to be allotted solely for the purposes and according to the following estimates:

Kewalo District \$33,000.00 Punahou District 4,000.00 Kalihii District 40,000.00 Iwilei District 16,500.00 Nuuanu District 3,300.00 Waikiki District, installation of sewer mains and laterals, manholes, reservoirs, pumps, equipment, accessories and buildings 130,000.00

The proposed Municipal Bonds shall bear interest at the rate of 5 per cent per annum; said bonds shall be redeemable by lot at any time after five years and payable in fifteen years from the date thereof.

The precincts and polling places established for City and County elections and for the Territorial general elections shall constitute the precincts and polling places for the election upon this proposed election for the issuance of said Municipal Bonds, and the general laws relating to elections shall apply to said election.

In Witness Whereof, the Mayor and Clerk of the City and County of Honolulu thereunto duly authorized and on behalf of the Board of Supervisors of the City and County of Honolulu have affixed their hands and the seal of the City and County of Honolulu this sixteenth day of December, A. D. 1916.

BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF HONOLULU.

By JOHN C. LANE, Mayor of the City and County of Honolulu. Attest: D. KALAUOKALANI, Clerk of the City and County of Honolulu. (Seal.) Dec. 16, 18, 19, 20, 21, 1916

BY AUTHORITY NOTICE

PUBLIC HEARING—JAN. 2, 1917. PROPOSED IMPROVEMENT OF HOTEL STREET, BETWEEN NUUANU AVENUE AND BISHOP STREET, IN HONOLULU, TERRITORY OF HAWAII.

TO THE OWNERS, LESSEES AND OCCUPANTS OF LANDS ABUTTING ON SAID STREET PROPOSED TO BE ASSESSED FOR THE IMPROVEMENT OF SAID STREET, AND TO ALL PERSONS INTERESTED GENERALLY.

NOTICE IS HEREBY GIVEN that in accordance with Resolution No. 643 and Resolution No. 654, the Board of Supervisors of the City and County of Honolulu propose to improve Hotel Street, in the District of Honolulu aforesaid, upon a frontage basis.

I. CHARACTER OF IMPROVEMENT. Hotel Street shall be widened along the properties of John D. Deter and the Estate of James Campbell, between Fort and Bethel Streets, including a reconstruction of all buildings and other improvements, to conform to a new street line which is a continuation of the present property line of Hotel Street at Bethel Street.

II. FRONTAGE TO BE ASSESSED. The entire frontage, both sides included, abutting on Hotel Street, to be assessed for the said proposed improvement begins at the southeasterly property line of Nuuanu Avenue and ends at the northwesterly property line of Bishop Street, excluding the frontage of John D. Deter and the Estate of James Campbell, and is divided into zones for assessment on a graduated basis per front foot, as follows:

ZONE I is made up of all that frontage, both sides of Hotel Street included, lying between Nuuanu Avenue and the southeasterly property line of Bethel Street.

ZONE II is made up of all that frontage, both sides of Hotel Street included, lying between the southeasterly boundary of Zone I and the northwesterly property line of Fort Street.

ZONE III is made up of all that frontage, both sides of Hotel Street included, lying between the southeasterly boundary of Zone II and the northwesterly property line of Bishop Street.

III. ASSESSMENTS PROPOSED. The proportion of cost of acquiring new land for road widening and for incidentals to be borne by abutting property shall be paid by assessments, as follows:

ZONE I. The frontage in Zone I subject to assessment (being 485.5 feet) shall be assessed at the maximum rate of \$12.82 per front foot.

ZONE II. The frontage in Zone II subject to assessment (being 307.4 feet) shall be assessed at the maximum rate of \$5.62 per front foot.

ZONE III. The frontage in Zone III subject to assessment (being 671.7 feet) shall be assessed at the maximum rate of \$12.82 per front foot.

IV. NEW LAND TO BE ACQUIRED. The following described land is required for widening Hotel Street:

Parcel (a)—John D. Deter. Portion of L. C. A. 621. Beginning at the east corner of this piece, said point being the present west corner of Fort and Hotel Streets, the co-ordinates of which referred to the Government Survey Triangulation Station "Punchbowl" being 843.90 feet south, and 4124.24 feet west, as shown on Government Survey Map No. 805, and running by true azimuths:

- 1. 50° 39'—13.20 feet along northwest side of Fort Street;
2. 146° 22'—36.65 feet along new line;
3. 229° 14'—13.50 feet along L. C. A. 621 to new line;
4. 326° 45'—37.01 feet along old line to initial point—Area 488 square feet.

Parcel (b)—James Campbell Estate. Beginning at the east corner of this piece, said point being by true azimuths and distance 146° 45' 37.01 feet from present west corner of Hotel and Fort Streets, the co-ordinates of said point as beginning referred to Government Survey Triangulation Station "Punchbowl" being 812.95 feet south, and 4144.53 feet west, as shown on Government Survey Registered Map No. 805, and running by true azimuths:

- 1. 49° 14'—13.50 feet along L. C. A. 621 to S. Reynolds;
2. 146° 22'—112.00 feet along new line;
3. 223° 50'—13.90 feet;
4. 325° 47'—33.04 feet along old line;
5. 55° 19'—0.30 feet;
6. 326° 45'—77.90 feet along old line to the initial point—Area 1534 square feet.

V. ESTIMATES OF COST. (1) Cost of acquiring new land \$40,000.00 (2) Incidentals, Engineering, etc. 1,000.00 Total cost of improvement \$41,000.00 (3) Proportion of cost to be borne by the City and County, 25% of \$40,000.00 10,000.00

(4) Proportion of cost to be assessed against abutting property \$31,000.00 ZONES I AND III. (5) Rate of assessment per front foot in Zones I and III for road widening \$ 12.82 ZONE II. (6) Rate of assessment per front foot in Zone II for road widening \$ 5.62

VI. FURTHER DETAILS. The map and general plans, and other data so prepared by the Engineer in his preliminary report dated December 2, 1916, and adopted by the Board, with respect to the proposed improvement (incorporated herein by reference) may be seen and examined by any person interested at the Office of the City and County Engineer and of the City and County Clerk, at any time during business hours, prior to and including January 2, 1917. Resolutions No. 643 and No. 654 (incorporated herein by reference), are

on file in the Office of the City and County Clerk.

VII. HEARING. A Public Hearing respecting the proposed improvement will be held by the Board of Supervisors at their Assembly Hall on January 2, 1917, at the hour of 7:30 o'clock p. m., or as soon thereafter as those interested may be heard, at which time and place a full opportunity will be given to all persons interested to present suggestions or objections to the proposed improvement or any part or detail thereof.

Dated, Honolulu, Territory of Hawaii, December 8, 1916. D. KALAUOKALANI, Clerk, City and County of Honolulu. 6652—Dec. 8, 9, 11, 12, 13, 14, 15, 16, 18, 19, 20, 1916; Jan. 2, 1917.

MORTGAGEE'S NOTICE OF INTENTION TO FORECLOSE MORTGAGE AND OF SALE.

Notice is hereby given that, under and in pursuance of the terms, covenants and conditions of that certain mortgage made, executed and delivered by K. Fujita of Honolulu, Island of Oahu, Territory of Hawaii, to Mutual Building & Loan Society of Hawaii, Limited, an Hawaiian corporation, dated September 7th, A. D. 1915, and recorded in the Office of the Registrar of Conveyances at Honolulu aforesaid in Liber 437 on pages 8-11, the undersigned, Mutual Building & Loan Society of Hawaii, Limited, Mortgagee aforesaid, under the power of sale therein contained, intends to foreclose the said mortgage for breach of covenant and condition broken, namely, the nonpayment of monthly installments and interest when due, as provided in and by the promissory note secured to be paid by said mortgage, and to sell the premises and property therein described.

Notice is hereby likewise given that the premises and property covered by said mortgage and intended to be sold, consist of the following described real estate, premises and property, to wit:

All that certain lot, piece or parcel of land situated at Kahawale (Hauhaui), Kapalama, Honolulu, Island of Oahu, Territory of Hawaii, being a portion of the land described in Land Patent Number 8293, L. C. A. 8520, Apana 1, Part 3, to Josua Kaeo, and more particularly bounded and described as follows, to wit:

Commencing at the West corner of this parcel of land, the same being the South corner of the premises of Y. M. Wee, and running thence

- 1. N. 55° E., 75 5/10 feet along the premises of Y. M. Wee to R. P. 5718, L. C. A. 6238; thence
2. S. 34° E., 44 85/100 feet along said R. P. 5718, L. C. A. 6238; thence
3. N. 57° E., 9 feet to the gable corner of a three foot right of way; thence
4. S. 14° E., 30 feet along the makai side of said three foot right of way; thence
5. S. 50° 30' W., 64 3/10 feet along the Northwest boundary line of said three foot right of way; thence
6. S. 54° W., 8 7/10 feet along said right of way; thence
7. N. 34° 20' W., 80 1/10 feet to the point of beginning. Containing an area of 6234 Square Feet, more or less, and being the same premises conveyed to the said K. Fujita by J. H. Schnack by Deed dated September 1st, A. D. 1915, and recorded in the office of the Registrar of Conveyances in Honolulu aforesaid in Liber 422, pages 472-473.

Together with the rights, easements, privileges and appurtenances thereunto belonging will be sold at public auction at the Auction Rooms of James F. Morgan Company, Limited, Auctioneers, on Merchant Street, Honolulu, aforesaid, on Saturday the 20th day of January, A. D. 1917, at 12 o'clock noon.

Terms of sale: Cash in United States gold coin. Deeds at expense of purchaser. Ten (10) per cent of purchase price to be paid on fall of hammer. For further particulars apply to Trust Company, Ltd., 916-920 Fort Street, Honolulu, or to said Jas. F. Morgan Co., Ltd., Auctioneers. Dated, Honolulu, T. H., December 13th, A. D. 1916. MUTUAL BUILDING & LOAN SOCIETY OF HAWAII, LIMITED. By RICHARD H. TRENT, Its Secretary.

W. J. ROBINSON, Attorney for Mortgagee, 916-920 Fort St., Honolulu. 6656—Dec. 13, 20, 27, 1916; Jan. 3, 1917.

MINISTER WORKS A WHOLE EVENING MARRYING FAMILY

LARAMIE, Wyo. — Mrs. Mary Schwatke, a widow, was married here the other night to Otto Krueker. At the same time and by the same minister her son, Eric Schwatke, was married to Miss Esther Palmer. Immediately after this double wedding ceremony, the minister baptized and christened an infant grandson of Mrs. Mary Schwatke, the child of another of the woman's sons.
