CONGRESSMAN HINTS AT STOCKMARKET SCANDAL IN HANDLING OF WILSON NOTE

TAKES OWN LIFE WHEN HE FACES DEPORTATION

H. Miyake Ends His Earthly Woes By Cutting His Throat in Brother's Home

H. Miyake will not go back to Japan. He is dead by his own hand. The order of immigration authorities, the force of the police and the laws of Hawaii mean nothing now to the Japanese businessman who has been in the public eye for weeks. With a razor he cut his throat and bled to death about 9 o'clock this morning in the home of his brother, Nerio, in Kalihi-ka'i.

Sheriff Rose investigated the death and will hold an inquest this afternoon. The victim's surviving wife and 19-year-old son, H. Miyake, who were hurriedly called to the dead man's side, say the only reason they can ascribe for the suicide is the worry of continued prosecution by local authorities.

The dead man was the proprietor of the Miyake store on Fort street, opposite the Central fire station, and also of the Myrtle rooming house near there. The son is in charge of the business, but the store is closed today.

Upon Miyake's recent return from Japan with his son he was detained by the immigration authorities upon evidence collected during the trial in police court of Mrs. Miyake on a charge of conducting a disorderly house, and shortly afterwards he was ordered deported. His last chance to stay in the territory was in an appeal for a writ of habeas corpus to be heard in January. He had lived in Hawaii about 24 years.

The deceased was about 50 years old and has only one child here, the son, although it is said that the lawful wife lives in Japan with a daughter.

Those who recall the fortitude with which Mrs. Miyake stolidly tramped to police court day after day during the disorderly house cases would possibly have been surprised had they seen the big Japanese woman overcome with grief and sobbing in the arms of her son this morning in the little cottage of the Japanese camp at the foot of Puuhale road, where Miyake came to his end.

Without making any explanation Miyake left the home back of the store this morning and went directly to his brother's house behind the police factory. There he asked his sister-in-law, Eto Nerio, to telephone his wife and son where he was. This done he professed weariness and asked to lie down. Eto gave him a bed in a little side room and he asked for another comforter. When she came back he was bleeding to death and in a desperate struggle to take the razor from him the woman was cut, although not seriously, on the hand.

Two letters were found on Miyake's person, one evidently written shortly before the suicide, willing all his property to his son and giving Okubo a power of attorney, and another written while he was in the immigration station, telling his son not to worry about the deportation. "I will live in Yokohama and act as the Japanese agent and buyer for our store here," he wrote.

Rain fairly poured some of the time and we were marooned at the volcano for two days because of rain and wash-outs. The volcano is the grandest now that I have ever seen. That was my eleventh time there."

FORBES LIKELY TO RESIGN FROM ONE COMMISSION

Department of Public Works Head Will Probably Leave Utilities Board Soon

Charles R. Forbes, chairman of the public utilities commission, will probably resign that office early in the coming year. This announcement, made this morning to the Star-Bulletin, conveyed a distinct surprise today to territorial officials later apprised of it.

Forbes stated at first that he would resign from the position as soon as he has completed the digest of the testimony taken in the Inter-Island rate hearing, now drawing to a close. Later he said that he will remain with the commission until the legislature has convened.

"I have been seriously considering resigning from this office," said the chairman, "and I have practically made up my mind to do it. My health has been such of late that I have decided it is wise to take such action."

Forbes has also practically decided to leave for a trip to the mainland within a few days, provided he can get his work in shape to get away. Ill health is also the cause for this decision. It is understood that he will leave on the Great Northern if possible.

"There are some matters to present to the legislature in connection with the public utilities commission," the chairman said, "and these I wish to take up before tendering my resignation."

A. J. Gignoux, commissioner, expressed surprise at Forbes' announcement today, stating that he regrets exceedingly to hear of the chairman's intended action. During Forbes' term in office the commission has handled several cases of more than ordinary import, the last and largest being the present hearing of Inter-Island rates. Among the work carried out by the commission have been investigation of all the telephone companies of the territory, the Hawaiian Electric Company, various ice companies and the Honolulu Gas Company. His appointment was made by the governor.

Forbes is also superintendent of public works, ex-officio head of the various county loan fund commissions and chairman of the harbor board.

HOT BRITISH CRITICISM OVER PRESIDENT'S MOVE FOR PEACE

Feeling Grows in Washington That United States Hopes to Become Clearing House For Peace Discussions—Other Neutrals May Follow Lead

(Associated Press Service by Federal Wireless)
 WASHINGTON, D. C., Dec. 22.—Congressman William R. Wood of Indiana, Republican, introduced a resolution in the lower house today calling for an investigation of "conflicting interpretations of the president's note by the state department to determine if any high official or officials, or their relatives, have profited from the resultant stock market fluctuations. The resolution was referred to the judiciary committee.

LONDON, Eng., Dec. 22.—It is generally predicted this evening that President Wilson's note will be met with an identical reply from the Entente Powers. Each member of the Entente, however, will be free to express his individual views.

NEW YORK, N. Y., Dec. 22.—Monster demonstrations for peace, with the reading of a manifesto "from Americans to the world in the cause of peace," will be held on New Year's Eve in New York, Chicago, Denver and San Francisco, according to announcement today by the American Neutral Conference.

LONDON, Eng., Dec. 22.—President Wilson's move for peace, in calling on belligerents to outline the terms for which they are fighting, has been met in some quarters here with stinging criticism, in others with a bluff refusal of consideration, and in others with the statement that it should be carefully thought over.

Officially, no definite statement is made by the British government or any of the ministers, the answer to inquiry being that the president's note and the situation it has brought up must be given time for consideration.

Germany Ready To Outline Her Terms

(Associated Press by Federal Wireless)
 LONDON, Eng., Dec. 22.—A Hague despatch today says that Germany's leaders are announcing that should the reply of the Entente Powers to Germany's peace proposals be such as to leave the door open for peace negotiations, Germany will immediately make public the chief terms which the Central Powers are prepared to demand and accept.

Under the heading, "What's the Matter With Him?" the London Globe today says: "We sincerely hope Wilson is not ill. Yet we find ourselves getting very doubtful as to his physical well-being."

The Star terms the note a "Christmas bombshell," but says "we ought to treat it with most sympathetic respect and give it most friendly and careful consideration."

The Evening News says emphatically that Wilson's proposals can not be acceded to by the Allies, and that "without a moment's hesitation we should say 'No!'"

Bonar Law, chancellor of the exchequer, told interviewers today that "the question can only be dealt with by communication with our Allies. It is impossible to make a statement now."

Sunk With All Aboard

 BERLIN, Germany, Dec. 22.—A German submarine on November 26, about 50 sea miles northwest of Lisbon, sunk a hostile warship by torpedo. This was the French warship Suffren, which, according to report of the French navy ministry dated December 8, was lost with her whole crew.

The Suffren, which is evidently referred to in the despatch above, is of 12,500 tons, completed in 1903, carrying 615 officers and men.

LITTLE ACTIVITY ON BATTLEFIELDS

(Associated Press by Federal Wireless)
 LONDON, Eng., Dec. 22.—Parliament was prorogued today, the session being brought to a close by act of the king, without any information being given to members of either house as to what action the government will take on President Wilson's note.

A speech by the king was read to both houses. In this the monarch expresses confidence in the ultimate victory of the Entente Allies. He does not mention either the proposals of Germany or Wilson's note.

He declares that the Allies will "prosecute the war until we have vindicated the rights ruthlessly violated, and established the security of Europe."

SUICIDE DELAYS SETTLEMENT OF LA ZACUALPA-HIDALGO

News Reaches Local Stockholders That Mortgage Holder Kills Self

News has reached some of the many local stockholders in La Zacualpa-Hidalgo coffee estates in Mexico that a death by suicide has set back indefinitely important arrangements to reorganize the company's finances. The story is told in the San Francisco Chronicle of December 7, as follows: "The death by suicide in Tapachula, Mexico, of Jose Revuelto, a Spanish capitalist holding mortgages on the coffee properties of the old La Zacualpa and Hidalgo companies, has again delayed the settlement of the difficulties surrounding these interests. "Revuelto had agreed to accept in full settlement of his claim \$185,000, to be paid \$50,000 in cash, \$100,000 in gold notes and \$35,000 in preferred stock of the new company. Fernando J. Braun, joint holder of the mortgage, had agreed to accept \$130,000, to be paid \$40,000 in cash, \$60,000 in gold notes and \$30,000 in preferred stock.

"Revuelto left here for Mexico several weeks ago, giving his power of attorney to J. S. Linares of this city. On November 27 both parties accepted the conditions, which were to be embodied in an agreement, and a meeting was held December 1, at which the agreement was to be signed. Some of the terms were not satisfactory, but changes were agreed upon, with the understanding that the papers should be signed and the money paid over at a subsequent meeting. "On December 2, E. R. Stackable, president of the company, received a despatch from Graham Ker, the company's manager in Mexico, saying Revuelto had committed suicide that day. Thus, it is probable that a final settlement will have to be made with Revuelto's heirs, who live in Spain.

MILLIONAIRE SUED FOR WOMAN'S DEATH

Associated Press reports received in Honolulu are to the effect that Miss Minnie Coggins has brought a \$50,000 damage suit against John Spring, multi-millionaire of San Francisco, for the death of her mother, Mrs. Mary Moore, in Honolulu about a year ago. Mrs. Moore was run down by an automobile driven by Dorothy Spring, daughter of the millionaire, who had as a passenger Dr. John C. Peden, formerly of this city. Mrs. Moore died of her injuries. Miss Spring and Peden were arrested and charged with failing to assist a person injured by an automobile. These cases were noble pressed and Miss Spring paid a fine of \$350 on a charge of heedless driving.

ASHFORD TALKS ON COMMUTATION AND PAROLING

Judge Says Legislature Should Amend Law to Give Some Discretion

That he has considered the indeterminate sentence law unconstitutional, but has bowed to the decision of higher tribunals; that paroles cannot be granted until the minimum sentence has been worked out, and that the governor has no authority to commute sentences, is the opinion of Circuit Judge C. W. Ashford as pointed out in a statement given the Star-Bulletin. Judge Ashford says he feels that the legislature, if wedded to the idea of a parole system, should so amend the law as to vest the discretion in the executive officers to grant the parole at any time after conviction, irrespective of the length of the sentence. He calls attention to the Filipino murderer on Hawaii whose sentence recently was "commuted" from death to life imprisonment by the governor. "In my opinion," says Judge Ashford, "the governor has and had no authority to commute that sentence, and it follows that the prisoner should either be hanged or pardoned. I sincerely hope that the legislature will look into this case and into the general subject of commutations."

LORD WILL NOT ATTEND SESSION

Though a special request has been made for his presence, Ed Lord, president of the Lord-Young Engineering Company, will not attend the meeting of the harbor board tonight, called to discuss the accusations against the plans and specifications which he made in Wednesday's meeting.

Neither will Lord present his complaint in writing, according to a statement made at noon today. He declares that he has taken action enough to warrant the board's acting now. "I have been given to understand that an outside board of investigation will be appointed to consider this thing," said Lord after a talk this morning with members of the harbor commission. "However, I am standing by the statement I made at Wednesday's meeting to the effect that the wall is out in some places as much as five inches, absolutely the fault of the plans as they have been drawn. The board members know this, or they should know it at least, for their inspectors on the job know it and have talked it over with me. The fact can be proved by cutting inside the pier wall and measuring the present line with the former one."

Forbes said today that William D'Esmond will sign the sworn statement on the condition of the piers to be presented tonight.

COL. ROOSEVELT POSTPONES TRIP UNTIL NEXT YEAR

Former President Writes That He Hopes to Visit Hawaii One Year Hence

Former President Theodore Roosevelt will not be in Hawaii this winter as has been expected. Alexander Hume Ford received a letter from him this morning in which Col. Roosevelt said that he would not visit Honolulu until a year hence, when he would be pleased to accept the invitation of the Pan-Pacific Club and be its guest and that he looked forward with pleasure to meeting the people of the Pacific countries here. It is likely that a similar letter has been sent to the Chamber of Commerce, but up to noon it had not been received.

The first intimation that Col. Roosevelt might have postponed or foregone his proposed trip to Hawaii, Samoa, the Fiji Islands and other Pacific countries came in a despatch published in a mainland paper, which said that Roosevelt had deserted the Fiji for a devil fishing trip. This despatch was as follows: "DANVILLE, Va., Dec. 9.—Col. Theodore Roosevelt plans to ship before the mast, be an ordinary seaman and fisherman and abandon his projected Fiji Island trip for the lure of devil fishing.

"Russell J. Coles, wealthy tobacco leaf dealer, is authority for the story—and he says he's just back from Oyster Bay.

"The colonel, Coles said, will ship as a member of the crew at Punta Gorda in March. Coles denied, however, that the colonel intends to foot the bill, or that the trophies of the hunt will be turned over to the American Museum of Natural History.

"After the recent campaign Roosevelt let it be known that he intended to sojourn a time with the Fiji islanders and their ilk, but Coles' persuasion made the former president believe that after all there is a lot more fun—and fight—about devil fishing than about sojourning with the Fijis, be their South Sea land ever so fair.

JACKSON FORESEES FLOOD OF TOURISTS

On his first trip to the land where the coming of the ship he represents is such a momentous event, H. A. Jackson, general traffic manager of the Great Northern Pacific Steamship Company, sailed into Honolulu this morning, accompanied Mrs. Jackson and their two little girls down the gangplank and to the Young Hotel, took a big breath of the "liquid sunshine"—considerably liquid—and exclaimed, "This is fine!"

"Our passengers will be riding the letters on the side of the boat, hanging on with hooks and camping in the rigging after January 1," is the steamship man's way of expressing the unprecedented tourist traffic soon.

He says there was never anything like it and that the sister ship, the Northern Pacific, could easily be filled for at least two trips if she were able to leave her regular Pacific Coast run, which is doubtful in view of the difficulty of obtaining another ship to take her place there.

Millionaires and men of prominence all over the United States have the Hawaiian bee in their bonnet more busy than ever this year, according to Mr. Jackson, which he attributes to the excellent publicity work done by A. P. Taylor of the Promotion Committee and the Great Northern's own advertising.

To try out the business' conditions in the transportation line after the tourist season has passed, two additional runs have already been arranged for the Great Northern. Unless more trips are planned, which he hopes for but does not promise, the big ship will be last seen here this season on May 11.

INSURANCE MEN TO VISIT HAWAII

To visit the Hawaiian Islands and obtain first-hand information relative to their business a large number of insurance company managers of the big mainland companies is coming here on the February trip of the Great Northern, according to A. W. Brown, manager of the von Hamn-Young insurance department.

Brown recently returned from a trip to the coast and says that the insurance companies are deeply interested in the islands. Among those who are coming are: E. C. F. Knowles, Phoenix Insurance Company; Adam Gilliland, Hartford Fire; Rollo V. Watt, Royal Insurance Company; Edwin Parrish, Niagara Insurance Company; E. T. Niebling, California Insurance Company, and Mr. Gardner, Oceanic Accident & Indemnity Company.

JAPANESE COUPLE ELOPE BUT LICENSE IS REFUSED

Because Kono and Yaye Nakamura, two young Japanese people, were very anxious to get married before the irate family of the girl caught up with them, they attempted to obtain a marriage license at 9 o'clock last night, but Palmer ("Cupid") Woods was on the job, and as Yaye is only 17 years old, the license was refused. Today Joseph Leal, probation officer, is searching for the couple, as neither had returned to their respective homes this morning.

Up to Thursday evening Yaye sold candy on Aala lane, but at 6:25 she eloped with Kono, and although diligent search was made by the parents, the only word heard of the pair was last night when they attempted to obtain a marriage license.

ESTIMATE BOARD PASSES BUDGETS

Members of the board of estimates for schools in session this morning voted to raise the special budget for the coming two-year period from \$763,250 to \$762,500, making an increase of \$750.

Chief of the items in the increase was that of \$5000 for furnishing the new high school on Maui for which \$25,000 has already been donated by the Baldwin family.

For Kaula the increase also contains an item of \$1000, and for Hawaii, \$3250. The estimate for the general fund was \$226,540, which was passed as drawn.

As passed, the special fund for islands is as follows: Hawaii, \$260,850; Maui, \$118,500; Oahu, \$307,350; and Kaula \$75,800.

SAKE IN WINE CLASS, SAYS FEDERAL OFFICE

Final confirmation that sake is to be classed with wine instead of beer has been received at the internal revenue office in a special wireless from Washington.

According to Acting Collector Ralph Johnstone this will mean an increase in revenue from this district of approximately \$25,000. The revenue charges are more than doubled by the new law. A barrel of sake which formerly called for \$1.50 in stamps will now require \$3.10.

STRANGE EVIDENCE IS BROUGHT INTO COURT

A broken door, splinters of wood, a lantern and a stool were among articles of evidence carried into Circuit Judge Ashford's court today for a hearing of the case of 38 Chinese, charged with being present at a gambling game. A demurrer to the complaint was overruled and the defense asked for a bill of particulars, which City Attorney A. M. Brown proceeded to give. The case was continued until December 28 for further proceedings.

FRIDAY DECEMBER 22, 1916.

THE BOYS FROM STOCKTON HIGH SCHOOL.

The boys of the Stockton High School are with us today.

Our hats are off to these youngsters. They earned their trip to Hawaii—earned it by scholarship, by athletic ability, by good behavior. They will continue earning it by making special study on various assignments during their visit.

The trip of the Stockton lads raises a very timely question.

Why shouldn't Honolulu invite other high schools in the states—a large number of them—to send each a group of boys here on similar plans? Why not do this on a big scale, say, for 1918, or indeed for the summer of 1917? Get the boys here at the same time and then stage a big interscholastic entertainment, or a big interscholastic meet, or both, the proceeds to go towards defraying the expenses of their trip?

It would be a mighty fine thing for the boys and a mighty fine thing for Honolulu.

Think it over, members of the Hawaii Promotion Committee, of the Chamber of Commerce. Think it over, Ad Club and Rotary Club, and all the other clubs.

The advantages of such a plan will appeal to anyone who reads the following explanation of the trip of the Stockton boys, from an article in a Stockton paper:

"For the past eighteen months the student body of the high school has been giving entertainments to raise funds to defray the expenses of the trip. Many generous citizens have also sent in their checks to aid the boys in their plans. Each boy selected has also contributed \$50 toward the expense fund, though that is but a fraction of the cost. The party will return for the opening of school, following the Christmas vacation, January 2.

"In selecting the Honolulu team," said Principal Noel H. Garrison, who made the announcement, "we made scholarship the first requirement. No student was eligible who was not above grade in three-fourths of his subjects. As a matter of fact, all of those selected were above grade in all of their subjects but one boy, and that one boy was below in only one subject. Secondly, we made all around athletic ability the basis of selection. It happens that the school's best swimmer did not measure up in other branches of athletics, so that made him ineligible. Third, we picked the team not only for what the boys will do at Honolulu, but for what they have done for the school, for the things that they stand for in school life. They are a fine, representative lot of boys, and the Stockton high school is glad to be judged by them.

"There were a number of boys who were eligible to go on the trip, but their parents failed to give consent, so that left them out of it. The committee will assign to each of the boys some particular subject for investigation during the trip. He will observe closely and make a report to the student body on his return. In that way all of the students, those who go and those who stay at home, will be enabled to get the most possible out of the trip."

Boys that measure up to what Principal Garrison has outlined are the kind of young Americans Honolulu is glad to welcome. We judge also that their home town is proud of them, for here is what the Stockton Record said of their departure:

"Stockton is going to give the nine-school boys who make the Honolulu trip a royal send-off.

"The boys will leave Stockton next Thursday evening by boat, chaperoned by Amos Elliott, and will sail from San Francisco on the steamer Great Northern the following day, to contest with academic teams on the islands in baseball, tennis and swimming.

"Thursday afternoon there will be an automobile parade around the principle streets of the business section by the high school students at 4:45 o'clock.

"At 5:30 o'clock the parade will rest at the head of Stockton channel, at the steamer landing, where a quartet will sing several Hawaiian selections. These will be followed by speeches by Noel Garrison, principal of the high school, and members of the student body. It is expected that nearly the entire school will turn out to see the boys off. A big serpentine demonstration is also planned by the students.

"At 6 o'clock it is planned to blow all of the factory whistles of the city. A committee consisting of three members of the student body, three members of the junior chamber of commerce and three members of the senior chamber of commerce will also be on hand to see the athletes depart."

Why not invite the high schools of California to send their young leaders here under a similar plan in the summer of 1917 or 1918? Or perhaps widen the field, to include other states?

"HOW LONG CAN GERMANY HOLD OUT?"

From the Review of Reviews. If you think of Germany in terms of a contestant in a relay race, with her rivals putting in a fresh runner at each heat—now French, now Russian, and last of all British—while the German runner has to make the whole course alone, you will exactly catch the idea that is in the Allied mind and the basic principle of Allied strategy.

We do not know the present state of German manpower. We do not know what reserves remain; but we have just seen in the Rumanian case that Germany has been able to put in a new army without weakening her other fronts visibly. This would seem to indicate that German exhaustion has not become absolute, and that Allied calculations have been too optimistic. But we do know that Germany had less men to start with than her enemies; that her losses by comparison with those of Russia or of Britain have been disproportionately high, regard being had for the total of available manpower, while they have been about equal—equal in percentage, I mean—to the French. As for Austria, her losses as compared with Italian have been enormous, and her existing resources cannot be larger than those of Italy alone, without regard to Russia.

We may have a whole year of pounding before there is any real evidence of exhaustion; conceivably more, although this is unlikely, but the inexorable logic of a war of attrition must not be mistaken, and the attention of observers should not be distracted from this sordid detail by any brilliant strategic combination which wins a local triumph against a new foe at the cost of another set of casualties, which must hasten the day of ultimate exhaustion.—From "Germany Strikes Rumania and Saves the Balkans," by Frank H. Simonds, in the American Review of Reviews.

POPULARITY.

This is from the advertisement of a great Chicago department store: "\$3.50 Ukuleles—\$1.85."

Charles D. Hilles, former Republican chairman, lays the Republican defeat to Hughes' lack of magnetism. Apparently the old-line leaders cannot get it into their craniums that the progressives, in states where the state ticket and state leaders were stand-patters, refused to swallow Hughes. This was primarily because they didn't like the trimmings of their political dish.

Shark skins are now proposed as a substitute for leather. This forecasts the day when the progressive community on the Atlantic coast will turn the man-eater scares into a source of dividends.

Nolle's Board of Strategy is preparing to take up the Pinkham-Raymond campaign just as soon as it closes up affairs on the Somme and in Rumania.

Dr. Raymond, Justice Watson and Judge Clemens have rather disposed of that familiar theory that "office-holders may die but never resign."

The Brooklyn Eagle calls it the House of Perhapsburg. How about the House of Mishapsburg?

"Hats Double in Price" says a headline. Ain't it awful how the overhead charges go up!

Terrible mortality is reported among the "war babies" of the New York stock market.

The Rotary Club is a highly successful sort of a Santa Claus.

Latest occupation of the harbor board is "peering at the piers."

HILONIAN FULL TO HATCH TOPS

Laden clear up to her hatches, the Matson freighter Hilonian, Capt. J. W. ("Joe") Jory, arrived this morning and docked at 8:15 at Pier 20, bringing every pound she could carry from San Francisco.

Alfalfa meal was the topmost layer in her hatches and besides this there were dry goods, porcelain plumbing ware and about every kind of merchandise, from fertilizer to automobiles. Of the motor cars there were 22, all crated. Only one was left behind. The biggest portion of the Hilonian's cargo, Capt. Jory reported, is fertilizer and feed.

Having just come off drydock, where she was on a week getting a general overhauling, cleaning and annual inspection, the Hilonian picked up her feet and did the voyage here from the Bay City in 7 days, 17 hours and 46 minutes. She was off port at 6:25 this morning, having run under slow bell since 1 o'clock this morning.

Cargo brought to Honolulu by the Hilonian is 352 tons for Honolulu and 481 for Kahului.

Strong trades and rain squalls all the way down from San Francisco were reported by Capt. Jory. The freighter has the same officers as before. Her purser, Henry G. Austin, is in the hospital at San Francisco, so the sturdy oil freighter has none this voyage. This is her one hundred and first voyage. She has been on the run 10 years.

The Hilonian met the Matsonia, Ventura and Lurline at sea, all at night, and all going to the coast.

McCabe, Hamilton & Renay put 150 stevedores to work the minute the Hilonian docked and discharge of cargo is being expedited. Skipper Jory and his crew will probably celebrate Christmas in port here before going over to Kahului.

TRIAL TRIP OF MAKEE IS MADE

With several invited guests on board at the invitation of Supt. Eben Low, the power schooner James Makee, latest addition to the Oahu Shipping Company's fleet, made a short trial voyage this morning, returning about noon.

The James Makee will probably ply between Honolulu and ports on the leeward side of Hawaii, principally to Kahala, carrying general merchandise and other cargo to Kailua and bringing general cargo back.

Completely rebuilt and equipped with a new 240 horsepower Diesel type engine, the James Makee is now ready for many years of service. Capt. John Diggs is master of the schooner. The trial trip today is reported to have been very successful.

An inspection of the Makee was to be made at 1 p. m. today by the local U. S. inspectors of hulls and boilers.

AERO CLUB YEAR BOOK IS MAILED TO MEMBERS

Members of the Aero Club of Hawaii have received copies of a well-gotten up "club year book." It is accompanied by a letter which contains Christmas greetings and a suggestion that the members make the club a present of a new member for Christmas.

The aero club book carries on its cover in gilt the design of its emblem. Within the covers are a list of the officers, charter of incorporation, constitution, bylaws and roster of members. It contains 36 pages, of which 12 are filled with the list of members.

JAPANESE CHURCHES TO CELEBRATE CHRISTMAS

The Palama Japanese Christian church will celebrate Christmas Sunday evening, the River street Japanese Methodist church, and Nuuanu and Kakaako Japanese Congregational churches will celebrate Monday night and Makiki Japanese church will celebrate Tuesday night.

Late Thursday the Japanese steamer Kongosan Maru entered port for bunkers from Aptofagasta for Vladivostok with 7200 tons of nitrates. She took 1000 tons of coal from the Inter-island, having only been allowed, Capt. S. Sufuki claims, 480 tons by the canal authorities at Balboa because they said the supply was short. The skipper says they advised him to go to San Francisco for bunkers, but he refused to do so because of the rough weather prevailing on the Great Circle route at this time of year. The freighter resumed her voyage to the Siberian port today.

MARKET STILL IS WEAK IN SPOTS

Though less weak than yesterday, the local stock market did not recover as the Wall Street stocks from the shock given traders by President Wilson. There was a larger volume of business among the listed securities and no serious declines, but no striking advances. On the other hand there was weakness among the unlisted stocks.

Sales of listed stocks between boards were 2589 shares, but at the session only 45. Waiulua sold at 39 1/2 and then 30, Oiaa 15, and furnished a large portion of the between boards sales. Ewa was 33, Pineapple 57 and Brewery 17 1/2.

Mineral Products was weak and sold down from \$1.10 to \$1.02 1/2 on sales of 4800 shares. Mountain King was even weaker and sold down 30 cents. Engels held at \$4.25. Oil was strong at \$4 and Montana-Bingham was quoted at 39@41 cents.

INSPECT GUARD EARLY IN YEAR

Hawaii's National Guard will begin its annual inspection early in the new year, according to an announcement today at guard headquarters. It is probably now that the 1st Infantry will be inspected about January 15.

Officers will be detailed from the Hawaiian department to make the inspection, and the present plan is for two officers to be assigned to the four regiments of infantry, one officer taking two regiments. It is also probable that a third officer will be given the inspection of the coast artillery companies and the signal companies.

According to a statement at department headquarters it is usual for the inspection of National Guard organizations in the states to be held near the first of the year, the law requiring that it be made by March 31.

Next mail from Europe, Canada and the Northwest states will arrive on the Canadian-Australasian liner Niagara Wednesday morning.

Next mail from San Francisco leaves at 10 a. m. Tuesday on the Hill timber Great Northern, mails closing at 8:30 that morning at the postoffice.

BATTALIONS TO JOIN SUNDAY FOR PRACTISE

Joining for target practise next Sunday on Punchbowl, the 2nd and 3rd Battalions, 1st Infantry, N. G. H., will begin the final round of record firing. Owing to the fact that rainy weather interfered with the work of the 1st Battalion, this group did not finish the practise course and will not come in for the final competition in record practise.

PERSONALITIES

ENGINEER M. SAIKI of the communication department of Japan has moved from the Jochizuki Club to the residence of Dr. Hijima on Nuuanu street. Dr. Hijima is an old college mate of Saiki.

MRS. EMMA D. YOUNG of San Francisco, Mrs. Dean of Petaluma and Mr. and Mrs. Wm. Vosburg of Los Angeles arrived on the Great Northern to stay several months. The party is at the Donna.

Cable advices received this morning by Manager F. W. Klebahn of H. Hackfeld & Company's shipping department from Yokohama, say the Pacific Mail liner Venezuela left the Japan port yesterday, Oriental time, and will arrive at Honolulu January 2, instead of December 29, as scheduled. She has only 100 tons of cargo for this port, the message says.

CAPT. NOGGLE TO GET DELINQUENTS

"And if chronic non-attenders are not present next Thursday night at drill we intend to detail a squad of buskies to round them up and bring them in."

So spake Capt. R. L. Noggle of Field Company A, Signal Corps, N. G. H., last night as he announced a special drill—the last of the year. This drill will be substituted for the regular Monday night work because the latter night is Christmas.

Capt. Noggle intimated last night that he has about reached the limit of patience with certain members of the company who have persisted in absence from drills and it was when he came out with the final announcement that those present pricked up their ears. "I'll drill them for three hours when I get them here," Noggle added.

KAIMUKI COMPANY TO HOLD DRILL IN ARMORY

First Lieut. S. T. Hill, commanding the 2d Company, Coast Artillery Corps, N. G. H., has announced that members will drill tonight at the armory instead of Fort De Russy.

ADMISSION, 50 CENTS LADIES FREE

BOLD KIDNAPERS SENT TO PRISON

If one wants a wife he should go to her house and take her, whether she be the wife of someone else or not. This is what four Filipinos did for another one and, as a result, the wife hunter and three of his friends have gone to jail and the fifth has been given a suspended sentence.

The Filipinos were charged with having kidnaped one Ramon Rojas and taking her from the home of her husband at Ewa to Honolulu. All were convicted in Circuit Judge Ashford's court late Thursday afternoon. Facarila Lucas was given not less than two years and a fine of \$1000; Fidel Delzon will spend the next two years in prison and pay a fine of \$1000; Sebilo Buen got not less than 18 months and costs and Emeteiro Ayala was sentenced to not less than 15 months and costs. Pantollia got a suspended sentence of 15 months.

Circuit Judge Ashford expressed regret that the maximum sentence for kidnaping is only two years and a fine. He intimated that at least one of the defendants should spend not less than five years in prison.

DOES NOT FULLY APPROVE JURORS

That he did not entirely approve of verdicts rendered in three murder cases was the comment made by Circuit Judge Ashford today when he excused the members of the jury panel, probably for good.

He called attention to the cases of Tateishi, You Chil Yong and Gregorio Endoso, who were charged with first degree murder but convicted of less severe charges, saying that, in his opinion, all of these men should have been convicted of the capital offense. He said he believed in the old scriptural rule, "An eye for an eye and a tooth for a tooth."

However, he sincerely thanked the jurors for the diligent work they have done during the last two months, saying that they have shown by their verdicts and their work that a man, however lowly, will be given a square deal at the hands of a jury in Hawaii. He also complimented the work of the city attorney's office, saying that it had been highly efficient.

DENIES REPORT HE WAS 'SORE'

No statement to the effect that he was "sore" because the bar association failed to endorse him for the supreme bench has been made by Circuit Judge Ashford, he told the Star-Bulletin today.

"I told the members of the Democratic territorial central committee," he adds, "that unless they take some stand and make some recommendations in a case of this importance they are abdicating their functions and are not fit to represent the party." "But I have not asked anyone for his support nor have I asked the committee as a whole or the national committee to support me. I merely insisted that it was their duty as well as their privilege to support someone and get into the ring without delay."

JOSEPH IS COMING AND BRINGS MORE ANIMALS

Ellis Joseph, the "animal man," is returning to Honolulu and is bringing with him, as he often does, animals and birds. Only this time he is coming from America and his consignments of animals are usually from the other direction.

Joseph will be here on the Niagara and is due December 27. He says that he has a number of bears and in the list includes polar, grizzly, Kadiak, black and cinnamon. He has elk but does not specify whether he has more than one, and he has a large number of Panama parrots and pheasants. All of these he will offer to local animal fanciers before proceeding on his southwestward journey.

GALE IS MET BY HILL STEAMER FROM HILO

Speed Queen Brings 95 More in First Cabin Than on Last Voyage; Heavy Swell

Bringing 95 more first cabin passengers from the coast than on her last call at this port the Hill liner Great Northern, Captain A. Ahman, docked at Pier 6 at 9:45 this morning, from San Francisco, Los Angeles Harbor and Hilo, ahead of time despite bad weather the latter portion of the voyage.

There came down the new gang-plank today 268 first cabin passengers, 61 second and 13 steerage. The first cabin list is larger today by nearly 100 persons than on December 4, when she brought only 173 first class. It is within three of the number arriving on her first voyage this season, November 14, when 271 first cabin walked ashore.

Today's List Larger

Total passengers in all classes arriving from the coast today were 342, against 266 December 4, and 366 November 14.

Big Mail Is Brought

From Hilo there came today 20 first cabin, 13 second and 39 steerage, total 72. Purser John S. Ford reported 601 bags of mail from the coast. C. H. Wall is chief officer, W. E. Russell chief engineer, and Dr. Henry Esmond surgeon.

Freight arriving today was 2526 tons, including 47 automobiles. It is another capacity cargo. The Northern Pacific, her sister ship, is also enforcing an embargo on freight on the San Francisco-Portland run, officers of the Great Northern said today.

Heavy Swell Experienced

"We had good weather from San Francisco to San Pedro and it was nice the first two days out from San Pedro, then on the third day we ran into a very heavy swell from the southeast and northwest," said Capt. Ahman. "It came boiling up and continued practically to Hilo. We left Hilo at 12:10 this morning and ran into a northeast gale blowing all of 40 miles an hour. That continued to Honolulu."

Landed in Launches

Steaming time from Hilo here was 8 hours and 47 minutes. From San Pedro (Los Angeles Harbor) to Hilo four and a half days. The liner arrived at Hilo at 8 o'clock yesterday morning and anchored about 500 yards off Kulo wharf, using her boats and launches to land passengers. She then went outside, taking her passengers aboard last night from launches.

The weather during her stay at Hilo was quite choppy. The Great Northern passed the Wilhelmina off Lahaina at 9 o'clock this morning.

SPORTS WRITER SAYS BIJOU PLAY 'BATS OVER 300'

Some time after I had ceased juggling a coterie of green peas on my knife at the food emporium and had looked longingly at the egg which is now a luxury, I decided that inasmuch as the high cost of manure had sent my evening check to 65 perfectly good coppers, that I should at once and speedily look at the stock market.

Inasmuch as the exchange was shut tighter than a buffet in Seattle, I looked around and cast my cheaters, with the shell running board, on a sign which said, "A Dead in Stocks," by George Broadhurst. George is some writer of ha-ha's, and inasmuch as the sky juice was playing a two-two on the pavement, or asphalt wash-board, I decided that it was me for the Bijou to see George do it.

The penetration, which has a joyful of pen to it, is about a wildcat who endeavors to sell Montana, Ltd., Olex and Mineral Products about 64 degrees above par. The scene is laid in a hotel. The plot was hatched in the hotel, and between the laid and hatched it brought out the usual effect, "Chickens." And if you have any hesitancy about that part of it you should have seen the Chickens on Parade when they dashed down the running board over the heads of the audience. In a race between the costumes and song the costumes won out by four lengths, and there were not any trains on the trousseaus, either. The song was reminiscent of the lonely egg which was touched upon earlier in the narrative.

The big hit of the nighttime spasm was Bessie Hill. She stood up on the center of the stage and sent forth a lot of swell warbles on "There's a Little Bit of Bad in Every Good Little Girl." Gee, she put it over, and one fellow who wasn't married wanted to know if she ever went swimming out at Waikiki. This was the hit of the evening from a musical angle, but her rendition of the ragtime numbers with the squad of young ladies, including "Cutie," the big hit of the show from a grab-your-seat standpoint. Take it from the baseball standpoint, the bunch could hit 300 in any old league. They weren't bad to look at. And the song with the whistle in it was another hit for about three sacks.

There was Tim Moore and the rest in the show and world will still revolve on his axis if this stock show play by George goes down and out, but clever teamwork on the part of Pearl Jardiniere, the Woolworth buildingesque comedienne, and Jeanne Mai, who is a clean-up hitter in the vocalistic end, if she can't whistle. "Here Come the Married Men," from "So Long Letty," was let loose by Pearl Jardiniere and it went over the fence for a homer. Bob McGreer blossomed out as the proprietor of a hotel last eve, and he should have been in there at that old plate instead of warming the bench. As a pinch hitter he sure hammered out some good old Thespian elucidations, and that's all there is to it.

At 6:25 this morning the Matson freighter Hilonian, Capt. J. W. Jory, arrived off port from San Francisco, as her skipper wirelessly in Thursday he would do. She docked at the railroad wharf to discharge her Honolulu cargo.

STOCKTON TEAM ARRIVES TODAY

Twelve members of the Stockton high school athletic team accompanied by Amos Elliott, the athletic director of the school, arrived on the Great Northern today and were met by a delegation headed by Glenn E. Jackson and were escorted to the Y. M. C. A. where lunch was served.

Amos Elliott was one of the best-known athletes who ever attended the University of California. He was a baseball star and for four years played on the California rugby team. Elliott was named as one of the members of the All-American rugby team during his stay at Berkeley. Elliott visited Honolulu once before, making the trip around the world with the American and National League teams.

"For more than a year the students of Stockton High school have been talking about Honolulu," said Elliott today. "The trip was planned about 15 months ago, and the students began to raise funds for the trip. One of the Stockton theaters gave us the use of their show house for five nights during the year and a large sum was realized in that way.

"At one of the big shows during the year we realized \$380 for the trip. Each boy deposited \$50 as his part of the expenses. When the students return they will each give some different idea of Hawaii. A student had to be up in his studies to make the trip. It will be a big boost for both Honolulu and Stockton," he concluded.

Stockton will meet the Reds in a basketball game this evening at the Y. M. C. A. Last evening they played two games at Hilo, winning one and losing the second by a score of 22 to 20. The team opposing the Reds tonight will be as follows: First team—Patterson and Spayd, forwards; Raggio, center; Alley and Dunn, guards. Second team—Hornage, Davis, forwards; Burgess, c; Parker and Leffler, guards.

The tennis players are Parker, Raggio and Hornage. The swimming team which meets Punahou Saturday night is: Raggio, Alley, Dunn, Patterson and Elliott. The baseball team which meets St. Louis Christmas Day follows: Raggio, c; Alley, p; Dunn, 1b; Parker, 2b; Patterson, 3b; Burgess, ss; Leffler, rf; Hornage, cf; Spayd, lf. "We are weak in swimming, but expect to make good in tennis, baseball and basketball," said Elliott.

SAYS KIDNAPERS LET OFF TOO EASY

Circuit Judge Ashford has two subjects in mind which he believes should be considered by the next legislature. They are these:

First, that automobiles, teams, drays, trucks and other instrumentality of injury or damage should be held primarily responsible for the payment of any damage or injury they might inflict.

Second, that, for the offense of kidnaping, a maximum penalty of 10 years in prison, in place of the present maximum of two years, should be provided.

Speaking of injury by vehicles, Judge Ashford is of the opinion that, should his suggestion be carried out, owners of autos and other vehicles might, perhaps, be more careful to whom they entrust their valuable machines. At present, he says, the loss falls on the victim.

As regards kidnaping, Judge Ashford asserts that it is almost as serious a crime as homicide.

CITY NOT LIABLE FOR STREET WORK

That the city and county of Honolulu is not liable for damages because of grading is the opinion of A. M. Cristy, deputy city attorney, in regard to the protest of C. F. Peterson, who claims that his property on Vancouver highway has been damaged as the result of the street being filled in.

According to Cristy, the right to grade streets is vested in the city and county and in the absence of constitutional or statutory laws it is discretionary and also the entire street need not be improved.

Christmas Spirit Pervades City As Day of Festivity Draws Near

Following is a brief summary of Christmas services and celebrations to be held by churches, schools, institutions and organizations of Honolulu:

CENTRAL UNION CHURCH
Christmas Sunday will be celebrated at Central Union church with a special program in which music, Scripture and address will express the spirit of the day. At the morning service the double quartet choir will sing the Christmas anthem, "There Were Shepherds," by J. Lamont Galbraith, and Mrs. Charles L. Hall will sing the offertory anthem, "Blest Be Thou, O Christ Eternal," by Samuel Richard Gaines, accompanied by a violin and cello obligato. The subject of Dr. J. H. Williams' address is "The Babe of Bethlehem."

The double quartet, augmented by Carl B. Andrews, bass, and Stacy Ayers, tenor, is preparing under the leadership of Stanley Livingston, Dudley Buck's cantata, "The Coming of the King," as the special musical feature of the Christmas season. By vote of the standing committee of the church this cantata will be given as a Christmas vesper service at 4:30 o'clock on Sunday afternoon.

This hour is set in order to avoid conflicts with Christmas Eve celebrations in the homes, as well as to give to the elderly people and the children of the church an opportunity to hear this exceptionally beautiful musical setting of the story of the birth of Jesus. This service will take the place of the regular Sunday evening service. It will be a short service, not occupying more than an hour, as there will be no address.

The outline of the cantata, briefly stated, is something on this order: Organ Prelude—"Noe," Miss Alice E. Harrison at organ. Soprano Solo—"Prophecy," Mrs. Charles L. Hall. Chorus—"Advent."

Alto Solo—"The Annunciation," Mrs. George K. Tackabury. Tenor Solo—"Hail, Hail, Thou Art Highly Favored."

SANTA CLAUS VISITS THE CHILDREN'S HOSPITAL

Santa Claus made an unexpected visit to the Kaula Children's Hospital yesterday just after noon. The Rotary Club of Honolulu decided some time ago that it would play Santa to the four-score youngsters at the hospital and each member went to the weekly luncheon yesterday laden with packages for the visit. Mayor Lane sent the Hawaiian Band and a group of Kamehameha students sang selections, while the Rotarians, 50 strong, crowded the hospital wards and helped the kiddies at their suddenly arranged Christmas. A tree had been contributed by a Rotarian and his wife and it was brightly decorated. President Ed Towse of the Rotarians was master of ceremonies. Sam Robley of the Y. M. C. A. was Santa Claus—dressed to suit the part—and Miss Janet M. Dewar, superintendent of the hospital, with W. O. Smith, one of the trustees, received the visitors. The pictures herewith show one of the wards with the tree in it and (below) a group of happy youngsters in a bed, surrounded by toys they already loved.

Big Christmas For Schofield Barracks

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Dec. 23.—Christmas will be duly observed at Schofield Barracks this year and many preparations are being made to make every one feel happy. All of the companies of the various regiments are planning amusements of some sort for the men and for the past few days the men have been out in the hills gathering evergreens and palms for decorations for barracks and for the mess hall. The "great American bird" will be in abundance at every table in the dining rooms and each mess sergeant is trying to give the most attractive menu. Commencing on Saturday all military duties will be suspended until January 2 and the men will be permitted to spend their time as they desire. Each regiment is having its own Christmas tree and Santa Claus for the little ones and indications are good that the entire post will spend a most delightful and happy Christmas.

A Joint Gathering
Christmas will be observed in the 1st and 32nd Infantry regiments with a joint Christmas tree, which will be set up in the 1st Infantry amusement hall Sunday afternoon, and to which all the children of the two regiments as well as the officers and enlisted men and their families are invited. The exercises will begin at 6 o'clock with a program of recitations and music by the children, followed by the arrival of Santa Claus and the distribution of toys, candies and oranges. The tree will be electrically illuminated and there will be Christmas remembrances for all.

Following the children's program Chaplain Aiken has arranged a service for the enlisted men with the hymns and an address on "The Real Meaning of Christmas." Mrs. Blodgett will sing a solo. The Castner quartet, a favorite in the garrison, will also sing and a Christmas film will be shown on the screen.

The post Sunday school will meet Sunday morning in the post chapel at 10 o'clock and the morning service will be held at 10:45. On Christmas morning at 10:30 Chaplain Aiken will hold Christmas service in the post chapel.

Letter From Santa
The children of officers and enlisted men of the 25th Infantry as well as some of their little neighbors living on the reservation, were made happy by the receipt last week of the following letter from Santa Claus:

"Santa Claus Headquarters, November 25, 1916.
"Dear Child: I understand that you have been quite good this year, so I want to shake hands with you on the stage at the 25th Infantry amusement

SCHWAB WANTS LOWER RATES FOR AMERICAN SHIPS THROUGH CANAL

(Associated Press by Federal Wireless)
NEW YORK, N. Y., Dec. 22.—Charles M. Schwab, president of the Bethlehem Steel Works, in an address last night declared that the United States should see to it that Congress enact regulations providing for lower tolls for American ships passing through the Panama canal than are charged foreign ships. "Otherwise," he added, "America will find after the war that she is at a most tremendous disadvantage, and will refuse to compete with the vast number of foreign vessels which will pour through that waterway."

AMERICAN GOLD TO REBUILD FRENCH TOWN

(Associated Press by Federal Wireless)
VITRAMONT, France, Dec. 22.—With simple but appropriate ceremonies the corner stone of the first building to be rebuilt in this village was laid yesterday by United States Ambassador Sharp.

Vitramont, utterly destroyed early in the war by gunfire from both the Germans and the French, was one of the many beautiful French villages that were wiped out during the German drive towards Paris.

G. O. P. LACKED LEADER, HENCE DEFEAT—HILLES

(Associated Press by Federal Wireless)
NEW YORK, N. Y., Dec. 22.—At a meeting of the Republican leaders, held here yesterday to discuss plans for the next presidential campaign, Charles D. Hilles, former chairman of the Republican national committee, attributed the defeat of the party at the last election to the lack of a strong party leader. He said:

"The Republican party failed at the November election because we did not have a strong leader. Hughes lacked the magnetic qualities necessary in a presidential candidate to fire the imagination of the country."

OMNIBUS BILL CAUSE OF SHARP CRITICISM

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Dec. 22.—Executive heads of the national government are opposing the \$28,000,000 omnibus bill, which provides for government buildings, was the charge made yesterday by Chairman Clark of the house public buildings committee. "The reason the executive heads of the government are opposing the om-

PLANT MEN KEEP INFECTED FRUITS AND FLOWERS OUT

Coconuts from Panama are being brought here for planting, three attempts to smuggle alligator pears ashore from the Sonoma were frustrated and a box of orchids from New Jersey had to be fumigated before delivery because infested with an aphid, according to the November report of Superintendent E. M. Ehrhorn of the division of entomology, just filed with the board of agriculture and forestry.

"During the month 37,317 bags of rice and 1183 bags of beans arrived from Oriental ports," says the report in part, "and after careful inspection were passed as free from pests. Pests intercepted: Approximately 3778 pieces of baggage belonging to passengers and immigrants from foreign countries were examined and nine packages of fruit and one package of vegetables were seized and burned.

"One package of walnuts was taken in the baggage of a passenger from China. These were infested with the larvae Ephestia stultella. Three packages of chestnuts in the baggage of passengers on three vessels from Japan were infested with the chestnut weevil and were destroyed by fumigating first and then burning. One box of violet plants from the coast was found infested with Aphids and fumigated before delivery.

"One case of orchids from New Jersey had to be fumigated before delivery on account of finding a few infested with an aphid and a scale insect. Five small sago palms were found in the baggage of a passenger from Japan and were fumigated and all soil removed and replaced with sterilized soil before they were landed. Coconuts From Panama

"Two thousand one hundred coconuts for planting arrived from Panama on November 24. These were fumigated as a precautionary measure before delivery. Ten coconuts were found in the baggage of a passenger from American Samoa. They were samples for a fiber company and were fumigated before delivery because infested with scale.

The Pears Did Not Land
"On November 28, just when the Sonoma was sailing at 10 p. m., a member of the crew tried to land three alligator pears from Samoa. They were seized and have been destroyed. During the day two other attempts were made to land these fruits, but the packages containing them were sent back on board.

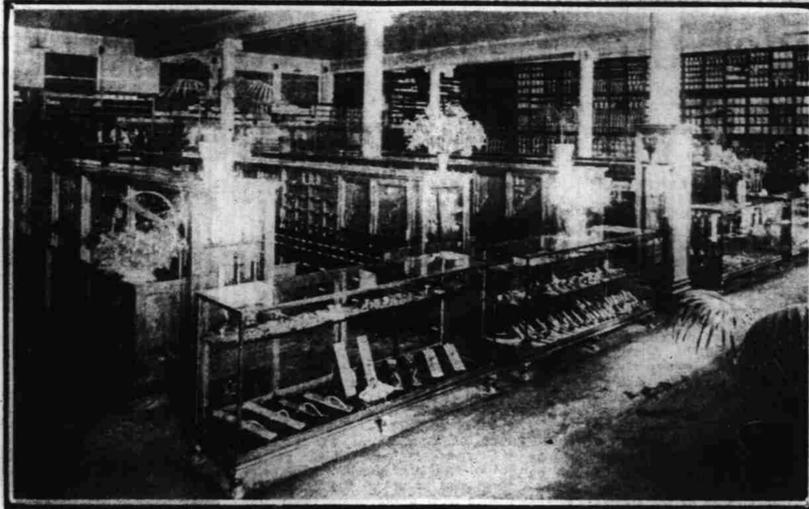

Plant Inspection Quarters
"During the month I have been compelled to remove the laboratory and fumigating chamber located on Pier No. 10 (Oceanic dock). The laboratory was carefully taken down and stored. The fumigating chamber was removed to the Kilaukea street lot and a roof built over same. This is a condition which had to be complied with on account of harbor improvements and unfortunately it very materially weakens the equipment of the quarantine work."

LANAKILA HOME
On Saturday afternoon at 3 o'clock the girls at the Lanakila Home, Palama, will have a community Christmas celebration on the playground. There will be a tree and presents for everyone. This year the girls are caring for a Hawaiian widow and her five children and, with the assistance of the trustees, are furnishing them with food, bedding and furniture. On

We are inclined nowadays to "go it too hard," to overwork, worry, eat and drink too much and to neglect our exercise, rest and sleep. This fills the blood with uric acid. SHOWS CONTROL OF UTILITY BODY

If Congress is willing, there is, in the nature of things, no legal objection to the creation of a territorial commission which will have as much jurisdiction and control over the interterritorial commerce as state commissions now have over intrastate commerce, as distinguished from interstate.

This is one of the interesting paragraphs of the lengthy opinion submitted yesterday afternoon by Deputy Attorney General Arthur G. Smith at the request of the public utilities commission for a decision as to whether or not that body has control over the Hawaii Railway Company.

As announced in this paper yesterday Smith's decision is that such control is in the power of the commission, along with the control exercised by the Interstate Commerce Commission. He emphasizes the belief, however, that this does not necessarily mean that the latter power might not at certain times be paramount.

"We are inclined to suggest," says the opinion, "that, in all probability, the Interstate Commerce Commission would be disinclined to interfere at all with this commission in its efforts to regulate the intra-territorial business of this carrier."

AUDITING FORCE BUSY WITH TWO-YEAR REPORT

Preparation in the territorial auditor's office of the report which will be submitted to the next legislature to cover the two-year period since that body last convened is keeping the staff especially busy at the present time.

Miss Allene Bertelmann, former stenographer in the land office, has been employed for a short time to help prepare the report. Auditor J. H. Fisher stated today that it will not be ready until early in January.

THURSDAY SHORTEST DAY; MORE DAYLIGHT COMING

Thursday was the turning point of the winter. The night of Wednesday to Thursday morning was the shortest of the year. The minutes of daylight from sunrise Thursday to sunset were the fewest in all of the now failing year. From now until the 20th of the year the daylight hours will steadily increase and the nights equally shorten.

On the main land in the North and East colder weather is now being anticipated for the old saw "When the days begin to lengthen the cold begins to strengthen" is still quoted. There the stormy weather is yet to come. Here in Hawaii the saw means nothing.

TERRITORIAL FAMILY TO RECEIVE WITH GOVERNOR

Heads of the various territorial departments, together with their wives, will be with Governor Pinkham in the receiving line New Year's Day when the governor holds his big annual reception.

Letters from the governor's office have been sent out to the various departments asking that their officials assist him in receiving guests.

As previously announced in the Star-Bulletin, no reception or dance will be held on New Year's Eve, this being Sunday night. The usual custom has been changed for this year, with the afternoon reception to be given at the governor's residence, Hackfeld and Lunailo streets.

JAPANESE ORGANIZE CARNIVAL COMMITTEE

Tasaka, K. Wada and D. Shimizu and as secretary, K. Shibayama.

AUTO BREAKS LEG OF MISS KRUGER

Miss Gladys Kruger, daughter of Frank J. Kruger, sustained a broken leg last evening when she was hit by an automobile driven by Cyril Hoogs on King, Waikiki of Pihoi street. She was hurried to the emergency hospital, where first aid was given, and then taken to the Queen's hospital.

Miss Kruger was crossing King carrying a large, dark umbrella pointed in the direction from which the automobile was coming and as the spot she was not seen by the occupants of the car until it hit her. Hoogs says he was observing every requirement of the traffic law and the accident was unavoidable.

When the automobile hit Miss Kruger she was carried several feet on the fender before sliding off into the street. Her leg was broken below the knee. At the hospital she said she had left the sidewalk because it is torn up.

Construction experts at Washington have completed tests which they declare demonstrate that the new battleships will be practically torpedo-proof.

ACID STOMACHS ARE DANGEROUS

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized and its formation prevented, and the best thing for this purpose is a teaspoonful of bisaturated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisaturated magnesia, which can be obtained from any druggist and should always be kept handy. HOW INGERSOLL CONVINCED JURY

"Gentlemen of the Jury: I am aware that there is a prejudice against any man who manufactures alcohol. I believe that from the time it issues from the coiled and poisonous worms in the distillery until it empties into the jaws of death, dishonor and crime, it demoralizes everybody that touches it, from its source to where it ends. I do not believe that anybody can contemplate the object without being prejudiced against the liquor crime.

"All we have to do, gentlemen, is to think of the wrecks on either banks of the stream—of deaths, of suicides, of the insanity, of the ignorance, of the destitution, of the little children tugging at the faded and withered breasts of weeping and despairing mothers, of wives asking for bread, of the men of genius it has wrecked, the men struggling with imaginary serpents—produced by this devilish thing; and when you think of the jails, of the almshouses, of the asylums, of the prisons, of the scaffolds upon either bank, I do not wonder that every thoughtful man is prejudiced against this damned stuff called alcohol. Intemperance cuts down youth in its vigor, manhood in its strength, old age in its weakness. It breaks the father's heart, bereaves the doting mother, extinguishes natural affection, erases conjugal love, blots out filial attachments, blights parental hopes, brings down mourning age in sorrow to the grave. It produces weakness, not life. It makes wives widows; children orphans; fathers fiends, and all of them paupers and beggars. It feeds rheumatism, invites coolers, imports pestilence, and embraces consumption. It covers the land with idleness, misery, crime. It fills your jails, supplies your almshouses and demands your asylums. It engenders controversies, fosters quarrels and cherishes riots. It crowds your penitentiaries and furnishes victims for your scaffold. It is the life blood of the gambler, the element of the burglar, the prop of the highwayman and support of the midnight incendiary. It countenances the liar, respects the thief, esteems the blasphemer. It violates obligation, reverences fraud and honors infamy. It defames benevolence, hates love, scorns virtue and slanders innocence. It incites the father to butcher his offspring, helps the husband to massacre his wife and the child to grind the parricidal ax. It burns up men, consumes women, detests life, curses God, despises heaven. It suborns witnesses, nurses perjury, defiles the jury box and stains judicial ermine. It degrades the citizen, debases the legislator, dishonors the statesman, and disarms the patriot. It brings shame, not honor; misery, not safety; despair, not hope; misery, not happiness, and with the malevolence of a fiend it calmly surveys its frightful desolation and unsatisfied havoc. It poisons felicity, kills peace, ruins morals, blights confidence, slays reputations and wipes out national honor, then curses the world and laughs at its ruin. It does all that and more. It murders the soul. It is the sum of all villainies, the father of all crimes, the mother of all abominations, the devil's own best friend and God's worst enemy."

HONOLULU

Who then, would see our city.
In fairy garb befit;
Must walk abroad at eve, tide,
"Before the lights are lit."

When day is slowly dying,
With vision clothed in mist;
When glows take on the tints of
Orange and amethyst.

When brick and stone look unreal,
In half lights meet the eye;
Cornices brightly tinged with
Glamour of western skies.

To watch each changing vista,
Create a picture new;
Again 'tis but to wonder,
"Has fairyland come true?"

'Tis then that dark'ning half lights,
With play of color free;
Form a gleaming enchantment,
And their own mystery.

Aladdin never conjured,
Nor genii'er submit;
Such opal tints at evening,
"Before the lights are lit."

SHAKEUP FEARED IN COMMAND OF AUSTRIAN ARMIES

LONDON, Eng.—A despatch to the Morning Post from Budapest says: "The Prussian General Gramond has been appointed aide de camp to Emperor Francis Joseph. The announcement of his appointment is viewed with no friendly feeling in certain Austrian military circles where it is openly declared this is another step in the alleged Prussianization of Austria. "On the other hand the political leaders view the appointment with jubilation, predicting that the new appointee will exercise a wholesome influence in opposition to the group of alleged military intriguers at court. "According to reports current in political circles, drastic changes may be expected shortly in Austrian military commands, including the resignation of Field Marshal Baron Conrad von Hoetsendorf, chief of staff."

DINNER - DANCING MOANA HOTEL

TUESDAY, DECEMBER 26TH, FROM 6:30 to 9:00

The management of the Moana Hotel wishes to announce herewith one of its popular DINNER DANCINGS.

During the dance Mr. and Mrs. Nicholas F. Monjo will entertain with a demonstration of the latest CASTLE HOUSE society ballroom exhibition dances.

This charming couple is just out of school and is of an entirely different type from the usual dancers. Their dancing is a welcome change from the much overdone syncopated dancing.

Reservations for tables can now be made.

The management further wishes to announce that Mr. and Mrs. Monjo will be permanently located at the Moana Hotel after January 1st, and will do exhibition dancing at the TEA-DANCINGS which are shortly to be inaugurated.

To meet a general request, the management has decided to commence a series of TEA-DANCINGS, beginning with the New Year. These popular DANCINGS will be given, until further notice, on Monday, Wednesday and Friday afternoons from 4 to 6.

At these delightful functions Mr. and Mrs. Monjo will be pleased to dance with their guests and friends.

LANSING SCORED BY PRO-GERMANS

An "open letter" to Secretary of State Robert Lansing, sent by Issues and Events, a pro-German publication in the United States, says that no protest has ever been made by the American government against deportation of German and Austrian citizens by Russians. The letter says:

"Sir: You have seen fit to protest— for humanity's sake, of course— against the deportation of able-bodied male Belgians into Germany where they will meet with the terrible fate of having to work for their livelihood instead of being permitted to live on charity."

"Pray, did you protest against the deportation by the Russians of old men, women and children from East Prussia and Galicia to Siberia? Has your heart, overflowing with humanity, remained untouched by the fate of the thousands who have not been accounted for?"

"Was your recent protest really made for humanity's sake only or was it designed to help the Belgians? Did you protest against an alleged injustice for humanity's sake only or was your protest an attack on Germany because that country happens to be at war with England, who may eventually derive moral benefit from your protest?"

"Humanity knows no difference of nationality and a maltreated East Prussian woman has at least as much right to your protest for humanity's sake as anybody else. Why then did you protest?"

"If you protested to the Germans though because you wished to afford protection to the Belgians as a nation belonging to the English group of belligerents and not because their imaginary sufferings appealed to your tender heart, why then prostitute the meaning of the word humanity by substituting it for prejudice?"

"Will you, please, explain, if you can, what claim the Belgians have on your or our humanitarian feeling

GIVE AWAY 19,000 TREES ARBOR DAY

According to the report of David Hauslin, forest nurseryman submitted to the board of commissioners of agriculture and forestry, 19,297 trees were distributed on Arbor Day, November 17. These trees were sent to all the islands and a large number of people took advantage of the offer.

The schools of the territory came in for their share although many of the school grounds are now well stocked and there is little room left for tree planting. The total number of trees applied for by schools amounted to 1957. Homesteaders on all of the islands drew heavily on our stock. The trees mostly wanted by them consisted of eucalyptus robusta, ironwood and gravelleus. The amount of trees supplied to the different military posts was not so large as last year. This was probably due to the fact that they have been receiving large quantities of trees during the year at intervals.

The number of trees sent to the different islands, including those sent to the schools, are: Oahu, 9537; Kauai, 1549; Maui, 4091; Hawaii, 3997; Molokai, 70.

The species distributed are as follows: Ironwood, 4680; swamp mahogany, 3033; silk oak, 1956; African tulip tree, 1024; pepper tree, 1004; jacaranda, 853; lemon gum, 783; Japan cedar, 692; golden shower, 691; pink shower, 602; royal poinciana, 585; pink and white cedar, 462; St. Thomas tree, 210; ear pod tree, 292; Texas umbrella, 291; yellow poinciana, 171; blue gum, 692, and others, 1164.

The shortage of office and errand boys in New York City has become so acute that many business firms are employing elderly men for the work usually performed by youngsters.

which the East Prussians or Galicians have not?"

GRAND JURY AND POLICE BLAMED

In last evening's Nippon Jiji there appears an editorial dealing with the Fujimoto case, the defendant having been acquitted of the charge of murder by a directed verdict. The paper waxes indignant at what it terms "tramping on personal rights" and places the blame quite as much on the grand jury as on the police, the former for holding Fujimoto for trial and the latter for its failure to have sufficient evidence before presentation of the case to the grand jury. The editorial says:

"It is rather unexpected that in the case of Waichi Fujimoto, who had been arrested by the police as murderer of his countryman, H. Emoto, the chauffeur of James B. Castle at Waikiki, there should be a verdict of not guilty because of insufficient evidence."

"After Fujimoto was taken into custody as the suspected murderer of H. Emoto, his case was investigated by the territorial grand jury, and after such investigation he was formally charged with murder in the first degree. Since that time we have been watching this case with great interest and its developments were carefully watched by the Japanese community of the territory."

"There was no strong evidence against this man Fujimoto as the murderer of Emoto discovered since his arder for the crime. The police could not find any evidence except Fujimoto's immoral relations with the wife of the murdered man before her marriage."

"But we had believed there was some strong evidence against Fujimoto discovered and gathered by the police and that it was sufficient for the grand jury and for later prosecution of the case. But we were surprised when we found that the prosecutor had really nothing of proof against Fujimoto. The so-called evidence which was gathered by the police in this case was entirely worthless

FIND LIVESTOCK IS WELL KEPT

The report of L. N. Case, assistant territorial veterinarian, on the condition of cattle on Oahu during November relative to the tuberculosis control, shows that 64 head of dairy cattle were tested out, of which number 40 were passed and tagged and four condemned. Of the four condemned cattle, four belonged to Dr. Straub, and one each to Oahu College and Geo. Holt.

Regarding hogs, the report says: "A general inspection of hogs throughout Mollili and a large part of Kailua was made during the past month. Altogether a total of 4862 head were inspected and without exception found in fine condition, no evidence of disease of any kind, nor did any obtainable history point to the presence of any disease among them for the past three or four years. With a few exceptions the sanitary conditions of the piggeries were good."

and, therefore, the defense moved for a directed verdict of not guilty and Judge Ashford granted the motion and freed Fujimoto. The case was on trial in the court for only a few hours.

"We are greatly astonished at the prosecutor's unpreparedness in this case. Incompetency of the police department is well known to the public and it is not necessary to discuss it further, but as to the grand jury we cannot overlook its responsibility in this matter. Defendant Fujimoto has suffered for more than five months behind the bars under such weak evidence as this, and during this time his family and his relatives were almost reduced to destitution and their lives and reputations seriously injured."

"We cannot help but consider the conduct of the territorial grand jury towards this case. How thoughtless, how irresponsible and how careless the police and grand jury are! We cannot help but be indignant over this case that tramples on personal rights."

DECLARES WOMAN CAN'T BE FRIEND

NEW YORK, N. Y.—An important discovery, which is likely to affect the attitude of men toward women and women toward men, was made by Charles Gray Shaw, professor of philosophy at New York University, who has devoted considerable time and effort in research work on the problem of "Can a woman be a friend, and if not, why not?"

"She cannot be a friend," Prof. Shaw announces, "for although the word is given in both genders, the fact alone is masculine. The reason for this state of unfriendliness in woman is that to be a friend a clear cut personality and a disinterested outlook on life are required. Woman lacks both of these. Woman is never a friend because she is never an individual, and to be an individual, one must stand alone. Woman is a planet—a satellite—well adapted to revolving around some center, but not organized so as to stand alone. "Men's clubs, of which they are so proud, are combinations made for killing time and fostering laziness. On the other hand, the woman's club is an attempt to generate feminine friendship. It is a hothouse for tender plants."

Prof. Shaw once walked from Philadelphia to this city in 24 hours.

BRAVES CONTEST RIGHT OF SAINTS TEAM TO TITLE

SPORTING EDITOR, STAR-BULLETIN.

Sir: "Some may claim that the Braves, by defeating St. Louis some time ago, have a better team." This is taken from an article which appeared in this morning's Advertiser, entitled, "The St. Louis Are Ready for Christmas." I am one of the "many" not the "some" that claim that the Braves are by far the better team of the two.

Referring to the game between St. Louis and the Braves, which ended in the Braves' favor. The item in the Advertiser calls this a "so-called contest" because six of the regulars were not in the lineup. I should like very much to know whether Brother Elmer would let a team with only three regular players go into the field as the St. Louis team. Moreover, does the following lineup, which played the Braves, represent only three of the regular players: Spencer, c; Hayselden, p; Lai Sin, 1b; Haneberg, 2b; Kapua, ss; King, 3b; Lopes, cf; H. Haneberg, rf; Chun Chew, cf? If you will kindly look up the lineup of St. Louis, which is on record with the officers of the Pacific League, the above question will need no further explanation. It is true that the contest lasted only five innings, but if it lasted the full stretch, the Braves would have walked away, for in the last part of the game the Braves were facing Hayselden easily and walking away with him.

The writer of the article in the Advertiser is evidently quite mixed when he tries to connect the St. Louis of the Pacific League with the men that he names in his writup.

The Nippons defeated St. Louis 1 to 0 and Kinsabe played for his own team. The Braves defeated the Nippons very easily to the tune of 8 to 1. This would show that the Braves have some foundation for claiming honors, and I state, as did the writer of the Advertiser's article, that "a truth is a truth."

The Braves have been anxious to meet St. Louis for the past two months, but their challenges and requests have been made in vain. If the writer of the article in the Advertiser thinks that St. Louis is a better team it might interest him to know that the Braves are still waiting and are ready for Christmas or the St. Louis at any time. The results of a game between St. Louis and the Braves would then speak for itself.

A FAN.

Inasmuch as the St. Louis college team is the logical squad to play the Stockton boys, there is no dispute regarding this point, and the Braves acknowledge the right of the Saints to play the visitors as they are a school team. One man who has been opposed to the Pacific League tried to arrange a game with the Chinese Travelers and Stockton, but despite his efforts St. Louis was given the game. Glenn Jackson and Frank McKiff did not look upon the proposal favorably to stage the Chinese and gave St. Louis the game.

Without a doubt St. Louis and the Braves would play a great game, and there are hundreds of fans in Honolulu talking about this contest. If the two teams can get together in a nine-inning game in the very near future the point as to which team is the better will be settled. The fans in Honolulu would welcome such a contest and it is to be hoped that it can be arranged.

MISS FANNY DURACK HAS RIVAL IN GREAT PHILADELPHIA STAR

Miss Fanny Durack, the world's champion girl swimmer from Australia, is likely to find a dangerous rival, in the sprints at least. Last week Miss Olga Dorfner of the Philadelphia Turngemeinde, competing in a 100-yard club handicap, was caught by three watches in 1 minute 8 2/5 seconds, and she actually covered 101 yards 4 inches, for the pool measures 90 feet 8 inches. Obviously, then, she must have passed the century mark in about 1 minute 8 3/5 seconds, as against Miss Durack's world's record of 1 minute 6 seconds. This is no great margin to bridge, particularly in view of the fact that Miss Dorfner had done no serious training since summer.

"NICK" CARTER WINS NEW HAT IN POOL TOURNAMENT

Despite frequent showers, Harbor Policeman A. E. ("Nick") Carter is now sporting a new hat that would do credit to a "rah-rah" boy and explanations to many inquirers tell of a pool tournament in the Phoenix Lodge which was recently concluded with "Nick" in the lead of several contestants. The jovial waterfront man, thinks his prize sky piece is all right and is willing to enter other competitions boasting similar gifts, although he professes no unusual skill in the cue and cushion art.

BABY WRECKERS DEFEAT RUGERS

The Fort Ruger ball tossers went down to defeat at the hands of the "Little Potatoes" of the 25th Infantry at Fort Ruger for the second time Thursday, the final score being 11 to 6, with the "Gunners" on the short end. The game was a fast and well played one, with the exception of the first and second innings, the "spuds" crossing the rubber five times in the first on two hits and three errors, and the artillerymen did the same stunt in the second on three hits, a sacrifice, a base on balls and five stolen bases. No errors were chalked up in this inning, but the rule book fails to provide for "errors of omission."

The game was featured by the heavy hitting of both teams, three three-base hits and one four-base being sent to the garden. Tuttle, who was on the mound for the visitors, did some fine pitching, allowing but six bingles off his delivery and striking out 11 batsmen. Stewart seemed to be a little off, but did very well considering the support that he had. He sent six men to the water pail and was touched for 11 hits, about five of which should have been "outs" had the men behind been playing their positions.

The game was classed as anybody's until the seventh inning. The game was called at the end of the sixth on account of parade. This allowed the players to get cold and very little "pep" was shown in the last three innings, the Rugerites being the ones to suffer most for the layoff.

The two teams will meet again in the near future and it is a safe bet that the "Potatoes" will have to go some to hold their end of the score up.

JOHNSTON, M'LOUGHLIN AND STRACHAN MAY BE DECLARED PROFESSIONALS

Members of the Pacific States Tennis Association are rallying to the support of three of California's greatest stars to prevent the national body from disqualifying them as amateurs. The proposed new amateur rule, recommended by the executive committee of the United States Association, which calls for the elimination from tournaments after April 1, 1918, of all persons engaged in the handling, buying or selling of tennis goods, would mean the disbarment of Maurice McLoughlin, William Johnston and Johnny Strachan of their amateur standing. Johnston is employed by a tennis firm here, and Strachan only recently accepted a position in a sporting goods store. McLoughlin has a store of his own in Los Angeles.

FRED MITCHELL WILL BE MANAGER OF CUBS

NEW YORK, Dec. 12.—Fred Mitchell of the Boston National League team is ready to become manager of the Chicago National League club on the terms which the Cubs have offered him, he announced here today. The closing of the deal hinges on what players' President Weeghman of the Cubs is willing to give for Mitchell's release. Leslie Mann is one of the Chicago players that Boston wishes, it is understood.

Three hundred men and women of Bayonne, N. J., will start an eight-day campaign for an addition to the Bayonne hospital.

Santa Clara Boy Composes Hit In Visit To Hawaii

Joseph M. McKiernan, Jr., a student at the University of Santa Clara, went to Honolulu last summer with the college orchestra which accompanied the baseball team. When he returned he wrote a poem and entitled it "Good-Bye, Good Luck, Old Hawaii." Then he composed some music to fit the words. When he had it all arranged just the way he wanted it, he asked his friend, Jimmie Bonetti, also a Santa Clara boy, to interpret it on the piano, and another friend, Minor Reed, to do so vocally. It seemed to "go pretty good," so between them, with Ed Redmond's permission, they presented it at the Victory theater a month ago. When an enthusiastic audience called, "Author," after the first rendition, little Joe, who had draped himself over the rails at the back of the theater, slipped out of the house and did a marathon down First street.

An unusually large sale followed the introduction of the song here. San Francisco, always eager for the latest, has taken the ballad to its heart and everywhere orchestras are playing and people are singing, whistling and humming "Good-Bye, Good Luck, Old Hawaii." Seattle, Spokane, Portland, Los Angeles and other coast cities have taken their places in line with San Francisco, and when Chicago's first consignment of 500 copies went like the hot-cake of history, the manager of a chain of 900 stores scattered all over America wanted to know what it was all about, anyway, "all this fuss over another of those Hawaii songs"—and when he found out, he ordered copies sent to every store in the chain.

The consignment is now under way and thus at the tender age of 16 years, little Joe McKiernan, who is as modest as he is brilliant, is enjoying a success such as many men fail to achieve in a life-time of endeavor.—San Jose Mercury.

BOSTON TO BID \$60,000 FOR WALTER JOHNSON

BOSTON, Mass., Dec. 9.—The Boston Americans will bid \$60,000 for the services of Walter Johnson, crack pitcher of the Washington club, if he is on the market, President Harry Frazee of the local club stated today. His statement was made in connection with a report that the Cleveland team was prepared to bid \$50,000 to obtain Johnson. President Frazee said nothing had been done officially in the matter as yet.

Twenty-five persons were killed and 13 others injured in Michigan during the game season.

Stockton Boys Arrived Today On Hill Liner

Members of the Stockton high school athletic squad arrived in Honolulu this morning on the Great Northern. They were met by a delegation composed of players from the Reds basketball team, Y. M. C. A. men, Punahou students and students of St. Louis College. The boys were taken in machines and escorted to the Y. M. C. A.

This evening at the Y. M. C. A. the visitors will play their first game, meeting the Reds in a basketball contest. Inasmuch as the Stockton five are the champions of the Pacific Coast School League, and the Reds are the champions of Honolulu, the event should be an exciting one from start to finish.

The first game of the evening will be a battle between the M-6 and G. H. fives. This game will begin promptly at 7:30. It is expected that the second contest will begin about 8:15.

Lineups for tonight's games will be: Reds—Sgt. John A. Brush, Roger Noyes, J. W. McCrillis, forwards; M. Johnson, Harrison, center; Donn Ladd, Emerson, Williams and Ross Page, guards.

M-6—Honey Auerbach, Geo. Dunn, E. McTaggart, forwards; W. Scott, center; J. W. and A. Wilkinson, guards.

G. H.'s—Paul Keppeler and Victor Kahn, forwards; F. D. Clinton, center; Harold and Mendel Bortwick, guards; G. Perry and H. Santos, utility men.

JACK MORRILL RETURNS TO HAWAII FOR WINTER

Jack Morrill of Medford, Oregon; Chicago and New York is a visitor in Honolulu. Morrill was here last winter accompanied by Mr. and Mrs. George Carpenter, who are now in Egypt. Morrill is an all-around athlete and is especially expert on the links. While here last winter Morrill proved to be one of the leading golfers among the tourists, and his return to Honolulu, where he will remain for the winter, is due to the excellent golf courses to be found of Oahu. Morrill spends his winters in various playgrounds, and Honolulu has captured him for the last two years.

The Home Shampoo
Each of the effectiveness of a shampoo depends upon where and how the hair is dried. If it is possible to dry the hair in the sun and in a breeze, it will do the head three or four times as much good as

The hair must be kept antiseptically clean—use soap twice at every shampoo

snails and dries out much of the new oils that the massage and the hot water have already sent into the tiny hair-shafts. The chief trouble with the home shampoo is that women do not realize that it takes an awful lot of soap to make the head thoroughly clean.

Tar soap or liquid castile is best, the hair should be wet all over with hot water and the soap rubbed in. The latter should be rubbed hard over the entire scalp and worked with the fingers till every bit of the hair has been gone over again and again with the cleansing suds. Then it should be rinsed off in water even a trifle hotter than the first water. And then comes the important part of the shampoo. The whole head should be gone over a second time with soap and hot water, the latter rubbed into the scalp, and rinsed again in hot water. See the amount of dirt that comes off in this second rinse and see how much glossier your hair is afterwards, and you will realize that one soaping is not enough.

For the head must not be just clean, it must be antiseptically clean, to avoid dandruff and falling hair. And there is a difference between them.

Of course, every woman knows how carefully the hair must be rinsed and dried, and that a tonic rubbed on immediately after is always advisable.

Questions and Answers
To R. P. B. Vapor or dry hot air baths will certainly help your rheumatism, and while improving your general health, will also do wonders in clearing the skin. Buy bath cabinet, or, seated and undressed upon a chair under which you have placed your steaming lamp and pan of hot water, spread sheet and blanket about you to form a tent from the neck down. These will hold in the heat, the hot water will be kept at proper temperature by the spirit lamp and if the steam will circulate inside your improvised tent, and the pores of the skin will open, throwing out all dirt and poisons. After a time (and you feel faint, putting an ice bag on the head will relieve you) go into the bathroom or wherever you have placed your tub, and get into a bath of tepid water, followed by one of quite cool water. These close the pores. If the water is quite cool finally, you will not catch cold, though an alcohol rub as a final will prevent any possible danger.

fore, that the nearer to a vegetable existence our babies live during the first year of life the better for them. And this apart from the hours of sleep altogether.

For these the surroundings of the child should be carefully regulated. Ample ventilation of the room is indispensable for healthy rest; so is the freedom from weighty and constricting clothes, and the safeguarding from light and as far as possible from sudden noise.

Don't "Hush" Baby to Sleep
It should be superfluous to remark that no baby should be accustomed to "patting" or rocking to sleep. This is well known in theory, but in practice is still often ignored by young mothers and inexperienced nurses; often it is purely selfish indulgence which is the cause, for there is something fascinating, undoubtedly, in hushing a baby to sleep—when one feels inclined! There can be no excuse for it, however for it is deliberately training a child in a habit which will have to be broken, and which will cause mother or nurse endless occasions of worry and waste of time.

A baby should be "put to bed" warm and dry and with every care to its comfort, laid on its side (changing from one to the other alternately each night), and with due attention to the proper position of the little ear—and then left to go to sleep by itself. Sometimes a sudden noise will waken the child, or some unknown cause arouse it, probably with crying; even then, however, it should not be taken up unless absolutely necessary, but simply turned over, its pillow reversed in hot weather to obtain refreshing coolness, and gently soothed as it is placed in the new position.

Then in the majority of cases it will go off naturally to sleep again. Babies and children suffer very much from thirst, so milk may be added that a teaspoonful or so of boiled water can always be given, and will very often comfort and soothe a child off to sleep again with marvelous celerity.

SOME SEWING SUGGESTIONS
These few hints on sewing a novice will do well to remember. If a spool unwinds too rapidly as the sewing machine is used, rub a piece of soap across the surface of the spool of silk or thread. This will regulate the unwinding.

Lamp wicks or candle cord will be found excellent for padding a scallop that is to be buttoned. It takes much less time than to "stuff" the space with thread and needle.

Button molds or disks of cardboard that are to be covered for the foundation of a bag or doilie case, will be more rapidly covered if the discs of the material cut a trifle larger than the pattern are overcast coarsely with a stout thread. This thread is then drawn up so that the material is taut over the mold and then fastened tightly.

In sewing buttons onto garments that are to have hard wear, always slip a pin across the face of the button and sew through the eye holes of the button over this pin. This allows sufficient play of thread to add to the life of the button.

The steamer Stacker Lee of the Lee line of river packets struck a hidden obstruction in the Mississippi river eight miles north of Memphis and sank in about 15 feet of water.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

FADS AND FANCIES.

Sock stockings, the lower part to sock, length of some striking pattern, the upper of flesh tint, are one outcome of short skirts.

Engraved crystal and aluminum buttons are a novelty worth considering. Frayed pongee makes a jaunty sailor collar on a sports blouse. This should suggest a good trimming note for the amateur dressmaker.

A smart auto set consists of a cap of plaid silk, a veil of chiffon to slip over hat and face and a scarf of the plaid silk to be tied in a handkerchief knot at one side.

There is a very generous use of the under sleeve, either puffed or flowing. Full short veils, facetiously called "tea veils," because they leave the mouth free, are a permanent trimming on many new hats.

A navy blue ribbon with a red selvedge is a novelty used as a garnish on an afternoon frock of blue taffeta.

HIGH COLLARS.

High collars are again being worn by some women. Fashion decrees many things which are not looked upon with favor. This is one of them. Let women refuse to wear them and they cannot become popular in this age of comfortable fashions.

WOULD EGG HENS ON TO LAY EGGS

WASHINGTON, D. C.—Out of the din and clamor for federal legislation to deal a solar plexus to the high cost of living come a unique and eugenic suggestion from a Southern representative.

This legislator announced his intention of introducing a resolution for compulsory egg control for hens. He expressed belief that it might be easy to curb output, but was perplexed as to the practicability of speeding up the lay to any appreciable extent.

He says, however, he believes his plan makes the Fitzgerald suggestion pale into insignificance.

LADIES, HOW LONG DOES IT TAKE YOU?

NEW-YORK, N. Y.—That 20-minute dressing record of Mrs. William G. McAdoo, daughter of President Wilson, isn't in. Here are a few New York records:

Amateur
Mrs. Charles H. Truax—Fifteen minutes; hair, bath and all.
Professional
Elsie Janis—Four minutes, 30 seconds.
Charlotte Greenwood—Three minutes and a half. Says: "Use hooks; no pins."
Juliette Day—Four minutes.
Lillian Tashman, show girl—Witnessteth: "I'd feel perfectly well dressed if I'd put on somebody else's clothes in the dark in two minutes, especially if I was hungry for supper."
And the booby price—
Anna Held says: "Many times it has taken me two or three hours to dress and I am proud of it."
