DEMOCRATS OBJECT TO NEW INCREASE OF SUGAR TARIFF

But Imperative Need May Force Restoration of Payne-Aldrich Rates; Consumers' Tax Entirely Unlikely

By C. S. ALBERT
(Special Star-Bulletin Correspondent)
WASHINGTON, D. C., Jan. 14.—Sugar appears to be held as a reserve force in all the plans thus far proposed for raising sufficient revenue to meet the promised deficit of \$300,000,000. All suggestions regarding additional taxation on that article are purely tentative and brought forward by legislators of lesser prominence, who will have little to do with shaping final results. Numerous other articles, including coffee and tea, are given preference when the subject of increasing the dutiable list is mentioned. This is due to the fact that the Democrats were pledged to "free sugar," becoming effective nearly a year ago, and do not care to recede from that position more than is absolutely necessary. The chief proposal concerning sugar is that of increasing the present tax of 1 cent per pound to the former rate carried by the Payne-Aldrich act. The Republicans would join the Democrats in any effort looking to the accomplishment of such legislation. It would be a triumph for their protective tariff doctrine. The Democrats do not care to afford the Republicans such ground for gratification and crowing if it can be avoided. The plan to impose a consumer's tax on sugar, payable at the refinery, frequently is broached but meets with little favor. Senator Simmons and other members of the finance committee are unalterably opposed to this idea. They realize this tax must be paid directly by the consumer and would add to the cost of the poor man's breakfast. For this and other sentimental reasons they are steering away from a consumer's tax. They would maintain the present tax by almost any other method. That would even go so far as the direction of bringing coffee up to a level with sugar, as viewed from a purely domestic basis, before further taxing sugar. In addition, the Democrats could hope for no assistance from the Republicans in placing a consumer's tax on sugar. The minority party would oppose in all possible ways the imposition of a tax on the consumption of sugar. The entire matter of taxation now being threatened. The items most often mentioned for further levies are whisky, beer, war munitions, automobiles, license, tobacco, coffee and tea. Less is said of sugar than any other article subject to taxation. This is due to Democratic pledges and the disinclination of the president to go further backward. The fact remains and cannot be gainsaid that heavy levies must be made to cover governmental expenditures. Emergency outlays will be met by selling the remaining Panama canal bonds. Those otherwise incurred must be supplied by additional taxes. As time progresses and figures are arranged, sugar necessarily will come into greater prominence. The "best bet" is that the Payne-Aldrich rates will be restored. Unless the situation becomes worse than acute the consumer's tax will be abandoned.

AMUSEMENT PIER FROWNED ON BY COMMISSIONERS

Harbor Board Does Not Agree With Forbes on Project He is Forwarding

Harbor commissioners do not agree with their chairman, Charles R. Forbes, as to the needs of an amusement pier at the foot of Fort street. It was learned today, and as a result the plans announced by that official some months ago are likely to be thrown into the discard. Forbes' proposed plan had to do with the construction of a big auditorium and dance hall, about which various concessions would lease space, the whole to form a big amusement center for the city. About the only amusement portion that the commission favors, it was said today, is a gallery on the outer side of the second story from which townspeople may watch arriving or departing friends. This portion can also be fitted with bleachers when swimming meets are held, as can be the lower floor also. It is the intention of the board to place in the second story proper, government offices from time to time as the needs for them arise, but the idea of an amusement pier there does not set well.

HOPE ABANDONED FOR MILWAUKEE

(Associated Press by Federal Wireles)
EUREKA, Cal., Jan. 15.—Late today it became evident that the Milwaukee was worked farther inshore and seaward. The list to seaward is greater and the engines and boiler rooms are flooded. The stranded submarine H-3 is high and dry now.

TWO AUTO ACCIDENTS

There were two rather serious auto accidents Sunday although no one was badly hurt in either. H. Kinoshita and K. Yoshita, riding a motorcycle, were struck by auto No. 3467, driven by A. E. Lau, on King street near Fort Shafter, and I. Shiraki, in hack No. 212, was struck by auto No. 1833, driven by Lieut. J. N. Smith, on King street, near Kawaiahoe. The latter agreed to pay all damages.

Admiral Dewey Is At Point of Death

Hero of Battle of Manila Bay Sinking Slowly, After General Breakdown—Seriously Ill for Five Days

(Associated Press Service by Federal Wireles)
WASHINGTON, D. C., Jan. 15.—Admiral George Dewey, president of the General Navy Board, is seriously ill here and grave alarm is felt over his condition. He has been confined to his bed for five days suffering from what the physicians say is a general breakdown. They issued a bulletin today saying that he is "slowly sinking."
Later in the day it was given out that Dewey is dying. He is at his home and unconscious, and the chances that he will linger for 35 hours longer are considered remote. It is given out that the main cause of his illness is arterial sclerosis.
By a coincidence, Rear-Admiral Allen Vischer Reed, retired, died today at the age of 79. Admiral Reed, who was a classmate of Dewey's, graduated from the Naval Academy in 1858, at the head of his class. He is a year older than Dewey. He saw service during the Civil War and had a long record of achievement. He retired at his own request after 40 years' service, on June 11, 1898, and was advanced to the rank of rear-admiral on June 29, 1906.

DIGGS AND CAMINETTI HELD; VIOLATED MANN LAW
WASHINGTON, D. C., Jan. 15.—One of the most notable decisions of the United States supreme court was handed down today when the court upheld the decision of the lower court in California, where Drew Caminetti and Maury I. Diggs were convicted of violating the Mann "white slave" act, in taking two girls to Reno. The supreme court holds that the Mann law is not limited to commercial vice but covers the transportation of women on immoral escapades. The court was divided in its opinion. Justices White, McKenna and C. Clark dissented from the majority verdict. Justice Day wrote the opinion. Justice McReynolds, who, as attorney-general, had a part in the prosecution of the two Californians, did not take part in the decision handed down today. Each of the two defendants is out on \$10,000 bail.

POINT WON BY DEFENSE IN MOONEY TRIAL
SAN FRANCISCO, Cal., Jan. 15.—What is considered a victory for the defense came in a ruling of Superior Judge Griffin today in the trial of Thomas J. Mooney, charged with being a ringleader in a gang of "direct action" anarchists who are said to have done the drumming in the San Francisco "preparation" parade last July, resulting in the death of 9 persons. Judge Griffin declared public property a number of letters seized by the district attorney in the raid on the offices of The Blast, the Socialist organ published by Alexander Berkman. The district attorney's office based on these letters charges that the group to which Mooney belonged plotted the assassination of Governor Johnson and the destruction of the government. The district attorney said the letters could not be given out without grave danger.

BAR MEMBERS HONOR JUDGE CLEMENS ON RETIREMENT
Best wishes for his success in private practice were tendered Federal Judge Charles F. Clemens this afternoon by members of the bar at a brief meeting in the U. S. court room. Judge Clemens' resignation takes effect today. Those who spoke were Walter F. Frear, president of the Bar Association; U. S. Attorney S. C. Huber, Attorney Lorin Andrews, Attorney W. O. Smith and Federal Judge Horace W. Vaughan. About a dozen attorneys and officials were present.

FIRE FROM EXPLODED KEROSENE STOVE DOES DAMAGE OF ABOUT \$700

Ching Lum's one-story frame dwelling on Alapai lane and King street in Palama was nearly destroyed by fire between 11 and 12 o'clock this morning when a kerosene stove exploded. According to Chief Thurston, who answered the alarm with the Palama fire department, George Sanford, one of the tenants, had gone off leaving the stove burning and Paul Helm, another tenant, caused it to blow up when he came in, found it burning and tried to turn it off, probably turning it on instead. The occupants' loss was about \$200 and the owner's about \$500, according to a rough guess made by the chief.

MINNESOTA, BRITISH STEAMER, IS SUNK IN COLLISION, SAYS LLOYDS

(Associated Press by Federal Wireles)
LONDON, Eng., Jan. 15.—The steamer Minnesota sank at her dock after a collision, says a Lloyds' despatch.
This is believed to be the British steamer Minnesota, 3216 tons, built by Harlan & Wolff, Belfast, 1887, owned by Atlantic Transportation Co., London.

TWO MORE VESSELS IN FROM BALBOA AND SOUND

Two more vessels arrived this afternoon, the American bark George Curtis, listed in the Guide as from Bellingham, Wash., for Honolulu, and the British steamer Chinese Prince, from Balboa, for bunkers. The Curtis, which is believed to be from Seattle with general cargo, docked at the railroad wharf. The Chinese Prince was berthed at Pier 16.

MAN'S ARREST AT DOCK BRINGS OUT STORY OF GIRL LEFT DESTITUTE

Despite the sheriff's order that he be not released and regardless of a young girl said to be left here practically destitute, James C. Warrington, who said he was fifth officer on the Great Northern, was released on his own recognizance this morning by Judge Monsarrat of the district court, to appear for trial when the big ship returns. Warrington told arresting officers that he was going up for examination for third officer in the Pacific Mail service and did not intend to return here, so they are wondering with interest when Honolulu authorities will see him again. A. E. Carter made the arrest, and the release by the police judge followed soon after. Sheriff Rose says about two months ago Warrington was living here, while employed by the Inter-island, with a young girl said to be left here practically destitute. James C. PROPOSED BILL WOULD PERMIT PROHIBITION

Mainland mails have brought copies of the Randall bill which grants power to the Hawaii legislature to enact laws prohibitory to intoxicants. This measure applies to Hawaii only and does not include Alaska which, according to advice recently received, is included in another measure.

"Granting to the legislature of the territory of Hawaii the power to prohibit the importation of intoxicating liquors into the Territory of Hawaii; to prohibit the manufacture and sale of such liquors therein, and to submit to the qualified electors of the territory the question of whether the importation, manufacture and sale of liquors may be prohibited.

"Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that in addition to the other powers now vested in the legislature of the Territory of Hawaii the said legislature shall have, and is hereby vested with, the power to prohibit the importation of intoxicating liquors into the Territory of Hawaii, and to prohibit the manufacturing and sale of such liquors therein.

STOWS AWAY TO FIND HER SISTER

"I did it because my 10-year-old sister is in trouble in Honolulu and I had to come to her," was the only reason Miss Grace Williams, 25, a pretty young woman, who stowed away on the Oceanic liner Ventura in San Francisco and arrived here this morning, gave to officers of the steamer as her motive.

Miss Williams did not try to hide. She walked aboard the Ventura, mingled with the first cabin passengers and when Purser "Bob" Ahesoon asked her for her ticket after the steamer had passed the Heads and San Francisco was far back on the horizon told him she had none. She was dressed stylishly and neatly and told passengers she had plenty of money here to travel on.

To Capt. J. E. Dawson, the Ventura's commander, Miss Williams said she is an American and comes from a town in Illinois. She was put to work assisting the second cabin stewardess, Mrs. Fortuna.

During the voyage Mr. and Mrs. S. Paxon of this city, returning passengers on the Ventura, heard of Miss Williams' story. They took the girl under their care and she is now working for them, caring for their small child.

A man stowaway also arrived on the Ventura. His name is Frank Harris, also an American. He hid in the hold, being found the second day out. He said he did not know there was another stowaway aboard. Harris said he had never seen Miss Williams.

WANTS TO SUE ON CHAIN TAX

When is a charitable institution not a charitable institution. Attorney General I. M. Stainback says it is when that institution is in New York.

At least that might be the understanding from an opinion just handed down by that official regarding inheritance taxes. As our law exempts charitable institutions from the inheritance taxes, the question was put up to the attorney as to whether or not property in Hawaii, left for a New York organization for charity could rightly be taxed.

Stainback holds that it can be, and incidentally the annual fees therefrom will net the territory between \$4000 and \$5000.

In another opinion which the attorney has handed down the stand is taken that stock in a foreign corporation held by a resident of the territory at time of his death is subject to the territorial inheritance tax.

"DADDY" SILVERWOOD OF LOS ANGELES TO VISIT HAWAII SOON

"Daddy" Silverwood, sometimes known by his "business name" of Frank B. Silverwood, is coming back to Hawaii.

The famous Shriner of Los Angeles found during his trip here a few months ago that he was in better health than for a long time. Returning to the coast a rheumatic trouble returned. His doctor advised him to visit Hawaii for a few months and he is coming on the Manoa, arriving January 22.

On the same steamer is James W. Jump of Los Angeles, wealthy sportsman, fraternalist and general "wire-wire" booster. Jump is bringing a party and also a fishing launch, for he expects to add to the game-fishing exploits he recorded on his previous visit.

Spreckels Home May Be Opened to Knights Templar

The historic and beautiful Claus Spreckels home on Panahou street, long closed and tenanted, may be opened for a brief space to a gay crowd of visitors during the Carnival season.

"Jim" McCandless, hunting for a place to put up the big party of coast Knights Templar during their visit here next month, has under consideration plans to house them in the Spreckels mansion. He said today that Manager Thiele of the Territorial Hotel Company has offered to furnish the home with new furniture, ordered for the Moana Hotel and now awaiting the completion of the Moana enlargement. The plan of using the great house which was closed when Spreckels left Honolulu in anger, vowing never to return, may be adopted.

The Great Northern Pacific Steamship Company is willing to take care of the visiting knights on board the Great Northern, if they cannot find accommodations ashore. F. L. Waldron, Ltd., the local agency, has a message to that effect from the coast. Unless shore quarters are found, they will stay on the liner all night.

McCandless said today that he fully expects the party of more than 30 to come for Carnival Week.

BEACH BARRIERS STILL STANDING

Although the board of harbor commissioners voted several days ago to visit Waikiki beach and decide for themselves as to what should be done toward clearing away fences that obstruct the right of way along the water, no date has been set as yet for this journey.

Meanwhile residents along the beach are wondering when such a visit will be made, and whether it will net any real results regarding a question which has been discussed as one resident puts it, "from time immemorial."

Sunday, with the usual crowd of persons wishing to make their way along the beach from the Outrigger Club toward town, the question of obstructions came up again stronger than ever. Wilbur C. Woodward, chairman of the board, is now on Maui, and it is possible that he will set a date for the visit upon his return, as one member suggested today.

REVENUE DEPARTMENT DEFINES FAMILY HEAD

Instructions just received today at the internal revenue office define the head of a family as a "person who actually supports and maintains one or more individuals who are closely connected with him by blood relationship, relationship by marriage or adoption, and whose right to exercise family control and provide for these dependent individuals is based upon some moral or legal obligation."

Specific exemption is allowed under the new law of \$2000 for a single man and \$4000 for a married man or head of a family.

WELL KNOWN RESIDENT OF MAUI PASSES AWAY

John Kalaho, a well known resident of Kahului, Maui, died at that place on Saturday morning, according to word that has been received here by William J. Coelho of the land office. The deceased was formerly pastor of Pala church and was about 50 years of age, according to friends here. He served on the territorial legislature in 1908. His daughter, Miss Esther Kalaho, was for several years on the faculty of Kawatahoo Seminary, this city.

PERSONALITIES

CIRCUIT JUDGE C. W. ASHFORD is spending a brief vacation at Waialeale, this island.

J. OTTO THILLOW, president of the Henry A. Dreer Seed Company of Philadelphia, with his two daughters will visit Hawaii in the very near future. Thillow is widely known as a lecturer on flora.

FLOYD EMMANS is recovering rapidly from an operation and is expected to be back at his desk at the Y. M. C. A. Tuesday. Donald Ladd, who was injured in the National Guard-Army football game, returned to his work today. Ladd will not take part in athletics for at least a month.

MRS. SEYMOUR VAN CLEVE of London, England, a sister-in-law of Mrs. W. W. Hall, arrived in the city this morning on the Ventura. She is a guest of Mr. and Mrs. Malcolm MacIntyre of Manoa Valley. Mrs. Van Cleve is the mother of Mrs. J. Jenkins, the organizer of the knitting factory for the Red Cross. A number of residents of Honolulu have contributed to the factory fund.

LITTLE INTERVIEWS

BEN HOLLINGER, supervisor of the birds at Kapiolani Park which Larsen says are being mistreated are only molting, which accounts for their bedraggled condition. We are, however, collecting all the feathers and will present them to Larsen in the form of a lei when we have enough.

Armed with a search warrant, Marshal J. J. Smiddy visited Windward Oahu on Sunday to investigate a number of opium dens said to be in existence there. The marshal, however, found none.

ADOPT PLANS ON PIER STRUCTURES

Plans for the construction of the buildings which are to be placed on Piers 8, 9 and 10 soon after the piers themselves are completed were discussed at a meeting of the harbor board last Saturday night.

The meeting lasted from 7:30 to 10:30 o'clock, the commissioners getting down to hard work upon the subject. Among the things decided upon as a result of the meeting are the following:

1. That the street makai of Alton, running toward the harbor, should be narrowed from its present width of 60 feet to 20 feet, so as to allow the widening of the shed on Pier 8 to that extent.
2. That the mauka wall of Pier 9 be at right angles to Pier 8 instead of corresponding with the angles of the two outside walls, and that it be carried to within 60 feet of the present customs building.
3. That the structure for Pier 10 be built to occupy the entire area up to Fort street, including the Allen street entrance to the wharf which will be housed over. The old brick warehouse now leased to Brewer & Company will be torn down and the new structure built to cover that area.

Congressmen In Favorable Mood Towards Hawaii

Writing from Washington to the editor of the Star-Bulletin, Robert W. Breckons, Republican national congressman, who is working on several pieces of legislation with Delegate Kuhio, says:

"We find very favorable news on the part of congressmen towards our 'home-rule' campaign, and while the bills introduced may not go through owing to more important business, it will not be an account of any antipathy towards us. There seems to be an inclination to favor us in every way."

He adds that the delegate's recommendations are listened to with deference. On tariff legislation he says that it is not unlikely a tariff may be placed on coffee and an increased tariff on sugar.

RANDOLPH HITCHCOCK REPORTED SERIOUSLY ILL IN CAMBRIDGE

Word has been received that Randolph Hitchcock, son of Mr. and Mrs. H. R. Hitchcock of Molokai, is seriously ill in Cambridge, Mass. Hitchcock is an all around athlete, and was a member of the Harvard football team last season. The message comes as a shock to his relatives and friends as he was in excellent health throughout the gridiron season.

LOCAL AND GENERAL

The fifth annual accounts of the trustees of the late A. S. Clegorn have been filed in circuit court. They charge themselves with \$627.44 and ask to be allowed \$276.52.

The case of F. C. Bertelmann, et al., against Mrs. Elizabeth Kaio, et al., a bill of accounting, has been appealed to supreme court from a decision recently handed down by Circuit Judge Ashford.

Pleading guilty to a charge of the illicit manufacture of liquor, Otani Japanese, was sentenced to serve one month in Oahu prison and pay a fine of \$100, a penalty of \$500 and costs in federal court.

Federal Judge Vaughan today refused motions for a new trial, arrest of judgment and mitigation of sentence in the case of J. G. Reyes, recently found guilty of counterfeiting in the local U. S. court.

Clerks in the offices of the board of health are busy mailing out reports of the registrar of vital statistics for the fiscal year ending June 30. About 200 copies will be forwarded to the mainland and about 200 to various parts of the territory.

In order that the legislature may have facts on which to go when it takes up the discussion of giving Honolulu a free sewer system, Harry Murray, superintendent, is busy drawing up a report of what it will cost to run the department.

TOURIST BUSINESS IMPORTANT

The Tourist Association of San Francisco has written to A. P. Taylor, secretary of the Hawaii Promotion Committee, asking for information as to the amount of money spent by tourists in Hawaii, Taylor said today that this would be hard to figure out to an exact amount, but believes that the amount would reach a big total.

As an example of what tourists bring here, Taylor said that one hotel in this city which was unable to accommodate two parties announced that they would lose \$5240 because it did not have the facilities for taking care of the visitors. One man interested in the tourist travel said that Hawaii received much more than \$1,000,000 in one year from the visitors.

DEATH CALLS MRS. MALUAI

Mrs. Ellen Maluai, an assistant to the nurses at Kapihi hospital, died this morning of heart trouble. Mrs. Maluai was a native of the island of Molokai and was about 50 years of age. The attack which caused her death came so suddenly that no doctor could be summoned. An autopsy was to be held this afternoon.

Y. M. C. A. NOTES
 The first of a series of monthly prayer meetings was held in Cooke Hall today at noon. Richard Trent led in prayer and Stanley Livingston conducted the musical program.

Richard Whitcomb will speak at the employed boys' bean supper at the Y. M. C. A. this evening. He has selected as his subject, "Training for Athletics."

The Apollo Club is practicing for its concert which will be given in the future. George Andrus, leader of the club, is confident that the musical organization will prove a big success.

BOURBONS WANT W. C. PETERSEN AS POSTMASTER

Honolulu's next postmaster will be a local resident, and not a mainland-er, if recommendations made by the territorial Democratic central committee are followed by the postoffice department in filling the vacancy now existing in the Honolulu office.

The Star-Bulletin today confirmed a report that the central committee, following a meeting held a short time ago, sent a cablegram to Washington recommending that William C. Petersen, acting postmaster, be appointed postmaster. The report was confirmed by Prof. William A. Bryan, chairman of the central committee.

NEW PAROLE SYSTEM HELPS TO ELIMINATE "COMEBACKS," HE SAYS

Under the new parole system recently adopted by the board of industrial schools, 35 per cent of the usual "second terms"—that is, boys released from the reform school at Waialeale and sent back again for other offenses—will stand by their agreements and behave themselves, in the opinion of Supt. Frederick Anderson.

The new system, details of which were published in the Star-Bulletin's exclusive story Saturday, goes into effect immediately and, from now on, inmates of the school who earn 5000 credits for good behavior and obedience of rules will be paroled with the choice of going to school or work. They will be firmly bound by an agreement that they will behave, and any violation of the agreement will mean a speedy return to the school.

Those boys on parole will report to Parole Officer W. J. Scott, who is also secretary of the board. It takes somewhat less than a year for a boy to earn 5000 credits if he behaves.

HILO TO HAVE Y. M. C. A. WRITES L. R. KILLAM

L. R. Killam writes from Hilo that the Crescent City will soon lay plans for the formation of a Y. M. C. A. in that city. For some time past Hilo has been interested in the organization of an association in that city, and from time to time reports have shown that there is a real campaign on foot to place an up-to-the-minute association there.

Hilo has a number of athletic organizations and many clubs, and according to the members of the local association who have visited the Crescent City, much interest is being aroused in a plan to erect a building which would take care of all such activities. Killam will perhaps confer with the residents of Hilo, giving them some of the benefits of his experience in association work.

HUDDY ANNOUNCED AS HANAIEI MAGISTRATE

Governor Pinkham this morning announced the appointment of William Huddy as magistrate of the district of Hanalei, Kauai. Huddy will serve for two years under the appointment, which is a continuation of his present office. Governor Pinkham commented on the appointment today, saying that Huddy had been recommended by both political parties on the Garden Island.

A MOTHER'S TROUBLES

A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time.

Any mother who is weary and languid should start taking Scott's Emulsion of Norwegian Cod Liver Oil as a strengthening food and bracing tonic to add richness to her blood and build up her nerves before it is too late. Start Scott's Emulsion today—its fame is world-wide. It is free from alcohol.

EXTRADITIONS FROM ENGLAND ARE VERY FEW

[By Associated Press] LONDON, Eng.—One of the effects of the enforcement by the United States of more stringent passport regulations, is that there are no further extradition cases of Americans from England.

During many years before the war there were a substantial number of such cases, so many that dealing with them constituted an important division of the work of officials at the embassy. So well have the new regulations governing the issuing of passports served the cause of justice that during the current year there has not been a single case of an American criminal or suspect being arraigned at Bow street police court for extradition.

DESTROY PORKERS WHEN FOODSTUFFS ARE HIGH

[By Associated Press] LONDON, Eng.—Because of the high cost of feeding-stuffs farmers have been destroying litters of young pigs at birth, much to the dismay of a government agricultural committee, which has been conducting a campaign to induce stock-raisers to help ward off a pork famine. Farmers defended their action with the statement that the government was allowing export of meat to Holland, which ought to be kept in this country. The consequent increased price of feeding pigs, the farmers contended, made it impossible for them to make a profit on their pigs.

OPIMUM MYSTERY STILL UNSOLVED

Further light on the mystery of the arrest, detention and discharge of the prisoner booked at police station under the name of Castel was secured today. It was learned that the suspect was at first thought to be the much sought "B. Castoy," who supposedly brought to the islands the two trunks of opium seized by customs officials, but it developed that he was a steward employed on the Matsonia and that with such definite knowledge his release followed.

The release of Castel leaves the problem of the attempted smuggling of the two trunks of opium still unsolved. Two men, Rey and Alaina, both booked under several aliases, are in the custody of federal officials charged with smuggling and otherwise handling the "poppy drug."

Use Different Steamers
These men, according to federal officials, arrived in Honolulu on separate steamers. In charging them with smuggling, the government officers allege that each brought opium to this port. Castel came after the other two arrived, and it is alleged that one of the pair met him at the dock. The trunks of opium were found by Customs Inspector John H. Oliveira. Federal officers say Oliveira is the only official who has seen Castel, and that it may prove difficult to identify the man if he is still in Honolulu.

The next development was the arrest of one of the men. This was followed by a raid on a house in Manoa, which had been occupied by Rey and Alaina, by detectives and agents of the treasury department. Shortly after the raid the other man returned to the house and was also apprehended.

Find Much Money
More than \$5000 was found in a trunk in the house, and about \$1500 was taken from the man who was arrested upon his return to the place. This money was turned over to Acting Collector of Customs Ruymer Sharp.

Federal officials claim that articles of clothing alleged to be the property of the mysterious Castel were found in the house. Rey and Alaina declare they are innocent of being entangled in any opium deal and have retained counsel. They allege the raid on the Manoa house was made by officers who had no search warrant, and one asserts he was struck in the face by one of those making the raid.

A hearing of the case of Rey and Alaina was to be had this afternoon before U. S. Commissioner George S. Curry.

Alleging desertion, S. Tsurumaki has filed in the circuit court a suit for divorce from Tei Tsurumaki.

Federal officials have arrested a Japanese named Otani, who is charged with illicit manufacture of liquor.

Masue Uweda has filed in the circuit court a suit for divorce from Hajime Uweda. Non-support is charged.

Honolulu Lodge No. 1, Hermanns Sohne, will hold a regular meeting tonight in the Knights of Pythias hall.

Reports from the Queen's hospital indicate that Liquor Inspector W. P. Fennell, whose condition was serious last week, is recovering.

Under bond in the sum of \$2500 Jose Fernandez has been appointed administrator of the estate of the late Elias Fernandez.

A dinner was given at the Commercial Club Saturday night by John Guild for the Boy Scouts' scoutmasters. Plans for the year's work were discussed.

Charged with concealing and otherwise handling opium, C. K. Ching pleaded guilty in the federal court today. He will be sentenced Thursday morning.

Under the auspices of the League for Good Films, the picture, "Little Lady Alleen," featuring Marguerite Clark, will be shown for children at a Liberty matinee. There will also be a Burton Holmes travelog.

Circuit Judge Whitney has appointed Georgina Scott, widow, as executrix of the estate of the late W. G. Scott. In the will a son, Walter, is left one-half of an insurance policy. The widow receives the remainder of the property.

Inmates of the boys' industrial school at Waialea will enter a float in the Mid-Pacific Carnival parade on February 22, and will come to Honolulu to march in the pageant. They will march in company formation and carry wooden muskets now being made at the instance of Supt. Frederick Anderson. At a meeting of the industrial school board Friday afternoon Secretary W. J. Scott was appointed parole officer.

BOOSTS FOR HOME WHILE TOURING

Hawaii's sugar output last year was just about the same as Montana's wheat crop, approximately \$50,000,000, according to C. R. McClave, a wheat buyer and flour mill builder of the Northwest, who left in the Great Northwest this morning with his wife and little son after a flying business visit and pleasure jaunt to the islands.

McClave made some more approximate comparisons, which were interesting. He said that Montana produced about twice as much in copper as Hawaii did in sugar for 1916—about \$120,000,000 worth, and about half as much in livestock or about \$30,000,000. Up in the Northwest the farmers now think and talk wheat and go to bed dreaming of it, he says. There used to be gold mines in Montana in the ground; now they bloom instead on top in the form of golden harvests to the tune of \$1.50 and more a bushel until the ranchmen even hate to waste a half acre of space on garden truck.

Building mills, operating them and buying wheat from the farmers is McClave's chief business. In the meantime he never misses an opportunity to boost "the wheat" flour he represents, even here in Hawaii, or to put in good words for his home state.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Adv.

LIQUOR CAUSES MANY ARRESTS

There were several interesting occurrences and happenings at the police station last week but possibly the most extraordinary stories and sad incidents were all connected with booze which could be appreciated when it was discovered that of 104 arrests made in that seven-day period about half of them were in some way connected with the bottle, bar or demijohn.

Men fell off of cars, attacked one another with knives, fought in the streets, assaulted their wives, waxed profane, indulged in threatening language, loafed, stole, begged and hummed through its baneful influences; drove their autos too fast and recklessly, in a few cases wrecking them; forgot to support their wives, were parties in statutory offenses, gambled and laughed at the law all for too much friendliness to the friend of no one but himself—John Barleycorn.

Running over the police court calendar, examining the police blotter, reading the policeman's reports one continually finds the all-explaining phrase: Under the influence of liquor.

IRWIN SITE NOW IS UNCLE SAM'S; FINAL ORDER PUT ON FILE

A final order condemning the Irwin site, and vesting the title to that property in the government, was filed today in federal court. So far as the government is concerned, this brings the process of acquiring the site to a close.

The warrant for \$200,000, recently sent here by the treasury department to pay for the site, has been turned over to Clerk George R. Clark. It was expected that some of the money would be paid out this afternoon in accordance with a recently issued order of division.

Those who will receive the money are William T. Rawlins and wife, Mrs. Victoria Ward, the Spreckels interests and the W. G. Irwin Estate Co. Advances from Washington are that work on the new federal building will be begun about the middle of 1917.

ENGELS' FINE SHOWING STARTS COPPER BOOM

QUINCY, Cal., Jan. 7.—From the northern part of Plumas county come reports that options have been taken on copper properties in the vicinity of Genesee Valley by interests connected with the Iron Mountain and other big copper companies in Shasta county. It is said they have obtained control of nearly every promising copper prospect in the section between the Engels and Walker copper mines.

It is reported that options have been taken on the Big Cliff group, the Iron Dyke group, the Eagle claims, the Native Son group, the Five Bears mine, the Green Ledge, Tutt, Providence and other copper locations.—San Francisco Chronicle.

SOLDIER FINDS IWILEI CLOSED

"It is reported Iwilei is running wide open," a reporter said to Sheriff Rose this morning.

"All right," answered the sheriff. "I'll tell you a little story about a Saturday night affair and you may judge for yourself."

The news man was all ears at once and said so. The sheriff went on: "A big cavalry sergeant from Troop M at Schofield Barracks tried to enter an Iwilei resort about 9 o'clock Saturday evening. The girl who was still living there told him to get out, that she wasn't allowed to receive men down there any more. He refused to leave, tried to come in and had nearly succeeded when Policeman E. K. Richardson, on duty there, answered her call for help and took a hand.

"When Richardson intervened the soldier refused to leave. He had taken a little too much liquor, I guess, so Richardson brought him to the station. There he kicked Policeman A. H. Gunderson in the loins when the latter started to search him and Gunderson promptly unbound on him. Sunday I turned the bad man over to the military authorities. He gave names of R. V. Harding and W. Mead. At least he doesn't think Iwilei is wide open."

CRIMINAL MATTERS ASSIGNED BY COKE TO JUDGE ASHFORD

Prior to leaving the circuit bench for the supreme court on Saturday Judge James L. Coke issued an order assigning all criminal cases to Circuit Judge Ashford's division. This order doubtless will remain in effect until Judge Coke's successor is appointed. This means that there will be no delay in the trial of criminal cases in the circuit court owing to Judge Coke's promotion. The divorce cases have been assigned to Circuit Judge Whitney. The members of the grand jury will meet at 2 o'clock next Friday afternoon and report to Judge Ashford.

VICE COMMITTEE MEETS TOMORROW FOR REPORT

Following a meeting this morning of the sub-anti-vice committee of the Chamber of Commerce, a meeting of the entire committee is called for tomorrow afternoon at 2 o'clock. The sub-committee has now practically completed its investigation and is ready to report. The meeting tomorrow, it is understood, will decide whether meetings of the citizens shall be called to hear facts concerning the conditions which prevail in Honolulu.

SUMMER TRAVEL RECEIVES BOOST

Summer travel to Hawaii is receiving much attention at present and the Hawaii Promotion Committee has been waging a campaign which promises to bring many tourists to Hawaii this year. A number of letters were sent out to the leading transportation men of the country and many replies have been received which indicate that the mainland agents are working along these lines.

J. G. Deleplaine of the Burlington route, St. Louis, writes that the residents of the Missouri metropolis are showing more interest in the summer tour to Hawaii than during the winter season. He also writes that a large part of St. Louis' summer touring delegation will arrive in Honolulu the latter part of January.

L. F. Voburn of the New York Central lines writes that Hawaii will be given a prominent place in the booklet which is issued by the company, "America's Summer Resorts." This booklet has a circulation of more than 50,000.

Plans are being laid by the committee to create interest in travel to Hawaii after the war. It is certain that there will be much travel to Europe when the conflict ends, and the new arrangement of making a tour which will be called "Looping the Globe" will be encouraged by the committee. Many Honolulu people wish to see Europe after the war and the committee believes that if this holds good mainland travelers will want to go also and something must be done at once to turn the tide of travel toward Hawaii.

DR. DOLE TALKS ON "NEED OF COURAGE IN OUR DEMOCRACY"

Dr. Charles F. Dole addressed about 100 high school students at McKinley high school on Saturday evening. The lecture was given under the auspices of the citizenship education committee. Dr. Dole selected as his topic: "The Need of Courage in a Democracy." He said that courage of standing against the masses is of the highest type, and worth more than military courage.

The citizenship education committee has arranged a series of talks which will be given each week at the high school. The next lecture will be given by Prof. W. A. Bryan of the College of Hawaii. He will deliver an address on "The Biography of Benjamin Franklin."

HOW APPENDICITIS CAN BE PREVENTED

Honolulu people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-ka has easiest and most thorough action of anything we ever sold. The Hollister Drug Company.—Adv.

WHERE FACTS TALK.

Honolulu's careful attention is invited to the information in news articles and advertisements from the Young Women's Christian Association is systematically placing before the public.

This information is preparatory to a three-days' budget campaign beginning at the end of this month.

It is a terse truism that "money talks." Every businessman appreciates the philosophy in this bit of colloquialism.

Facts talk also. Figures talk. They are as eloquent as any flight of oratory.

The Young Women's Association has the facts and the figures to prove the worth of the work it is doing in this community. These facts and figures it is putting before the public for three weeks prior to the budget campaign.

On Saturday and Sunday the advertising was run in evening and morning papers, and will be repeated frequently. News articles will also be frequent.

It is the theory of the board of directors and the executive staff of the Y. W. C. A. that if the facts about their association can be placed fully before the public, the funds to finance it through the most fruitful year of its existence will be quickly subscribed.

The Star-Bulletin agrees absolutely with that theory. The proposed budget passed the first "test" by the scrutiny of the Chamber of Commerce charities and social welfare committee. It was thoroughly examined and received the stamp of approval.

Now the budget is before the committee of public opinion. There is no question that if it is thoroughly examined, it will receive the stamp of approval from this great committee, too.

THE QUINN OPINION.

Attorney-General Stainback's opinion on Senator Quinn's numbering contract with the territory gives an interpretation of the territorial statute providing public officials from participating in public contracts. As already pointed out, the opinion is in effect, that to come within such prohibition, a public official must be an active agency in the letting of the contract on behalf of the territory.

It is reasonable that the opinion is too long for quotation in full, since it is a highly important matter and one which has been the subject of a great deal of controversy. The attorney-general sums up his opinion in two closing paragraphs as follows: "We may conclude them by saying that this statute recognizes the common-law rule that an agent owes to his principal a loyal adherence to his interest and cannot act for a party whose interest is adverse to his principal's or, as one case quaintly says, 'to describe an old as holy writ that a "man cannot serve two masters." For the same reason one cannot be a party and an agent for the opposite party.

The statute goes further than the common law in that it not only makes a contract made in violation of Section 192 void but makes a violation of this section a criminal offense.

Mr. Quinn, in contracting with the territory, is acting as an agent for the territory and is not defending the interests of the territory in such transactions; that duty devolves upon the superintendent of public works and inasmuch as Mr. Quinn is not acting in reference to the subject of his agency and his contract has no relation to his office such contract does not come within the prohibition of the statute any more than a contract made by a notary public or inspector of elections or a national guard with the territory for the performance of such work.

On the facts as now known, no blame should be attached to the Outrigger Club for the unfortunate death of a swimmer at the club diving platform yesterday afternoon. The swimmer dove into shallow water—the very thing which plain signs warned him to do. "Beware of danger signs brought death to the man who ignored them. Nevertheless, the club president is wise in ordering the spring-boards removed from the platform. So long as they are used by heedless or unskilled swimmers are likely to be fatal chances. When, after the death of a swimmer at another part of the beach, proposal was made that additional safeguards be installed, the Outrigger Club president was the first to come forward with offer of cooperation. But no precautions were sufficient to stop all recklessness. The community deeply deplores yesterday's tragedy and regrets particularly that a visitor should lose his life on a beach that is perfectly safe if precautions are observed.

Recent local attacks on Governor Pinkham have had the usual effect—eliciting information from Washington that the governor is as "strong" with his powers that be as ever. Chief among these news is Secretary of the Interior Lane. Private news which have just come from the capital say that there is no question that Mr. Lane will stick by the governor, and his present attitude indicates that the governor is very likely to be appointed for a second time.

Having the U.S. is going to be about the most extensive public job on record.

NAVAL UNCERTAINTIES.

Preparedness, if it has not brought forth an armada for the United States, has had a tendency to bring forth considerable information regarding the navies of some of the leading nations of the world, up to a certain date, namely, about the middle of July, 1914, since which time the veil of secrecy has been closely drawn about the naval construction of foreign nations, especially so by the belligerents.

We are aware of the contemplated naval building program of the nations, now at war, up to the date quoted above. If such program has been strictly adhered to or exceeded, the latter condition more likely than otherwise, our navy department at Washington knows nothing of it.

When the peace of Europe was broken by the declaration of war, the United States program of naval construction called for four dreadnoughts and four battle-cruisers for 1917. At that date we had in commission and fighting trim, eight dreadnoughts and 22 pre-dreadnoughts but no battle-cruisers. With our program of construction carried out, it would place our naval strength in a very fair position as compared with other navies of the world, providing their building program has not been added to.

This would be especially so as compared with Japan, whose naval strength in big fighting machines at that date, consisted of two dreadnoughts, 13 pre-dreadnoughts and two battle-cruisers, with a program of construction framed that would add 5 super-dreadnoughts.

It was given out two years ago that Japan's naval construction program would not be fulfilled for seven years, but Japan's veil of naval construction secrecy fell with those of the rest of the nations that saw war hovering over all, and it is doubtful if this nation will ever know the extent of Japan's or any other nation's naval construction unless they become involved in war.

The official naval figures of two of the belligerent powers now at war, at the opening of hostilities were: Great Britain: Twenty dreadnought type battleships, 40 pre-dreadnought battleships, nine battle-cruisers and 34 armored cruisers. Germany: Thirteen battleships of the dreadnought type, 20 of the pre-dreadnought type, four battle-cruisers and nine armored cruisers.

The strength of the belligerent navies today is problematical.

A social event of great popularity will be given every afternoon this week on Kalakaua avenue, in the form of a paving dansant. Concrete will be poured by Engineer L. M. Whitehouse, and the color scheme will be carried out from Kalua road to Kapiolani park. Covers will be laid every time it rains, and favors are distributed to the guests each morning in the form of hoes, shovels, picks and time-tickets. After the paving dansant is concluded some weeks hence, the general public is cordially invited to join the festivities with motoring parties de luxe.

Respecting Mr. Vanderlip's assertion that the American people are economic illiterates, he will at least admit that they made wonderful use of their efficient knowledge when they established the Federal Reserve banking and currency system and the farm loan banks. A country that could do that must have a few inhabitants who can read and write simple words.—New York World.

The Times has great sympathy with that prisoner at the Federal Penitentiary who wanted for a Christmas present "some humane way to exterminate poets." We would not use it on all poets, but only upon those who think it shows genius to be able to grind out rhyming lines regardless of meter.—Leavenworth Times.

These are the days when the "stratagists" lay down the map of Rumania and begin polishing up on peace negotiations, armistices, treaties and other phrases that come in handy settling Europe's troubles for her.

It is not difficult to believe the report that Germany would give the Trentino to Italy if she would sign a separate peace. That is Austrian territory.—Philadelphia Ledger.

Some of the European nations think that in his peace-note the president has turned the other cheek; some say it was just another cheek.

A reader objects to the new designation of Circle Drive—"Double Crossroads." Perhaps he would be better suited with Sidestep Lane.

But what would the Puunui belligerents have done without Mr. Stokes to conduct the note-exchanges?

About the easiest thing in the world is to criticize the other fellow's idea when you have none of your own.

It is officially reported that the eastern, western and Puunui war arenas are comparatively quiet.

British are evidently trying to cut the Germans adrift from their Ancre.

MUCH CARE SEEN IN SELECTIONS

The program for tonight's Moss-Lewers concert at the Opera House was given out this morning and shows that the Chopin selections which Moss promised have been selected with the eye of a man who thoroughly understood the great composer. Chopin's "Fantasie in G Minor" has been placed at the head of the program and for the closing group four of his shorter and well known compositions have been arranged. The complete program is as follows:

- (a) "Fantasie in G Minor," Op. 49, Chopin.
- (b) "Etoch Arden," Poem by Alfred Tennyson. Music by Richard Strauss.
- (c) "Lullade, G Minor," "Berceuse," "Waltz, E Minor," "Scherzo, E Minor," Chopin.

The central feature of the evening is the "Etoch Arden" number, the reading of which will occupy about 50 minutes. Frank Moss, who plays the Chopin program in this number, also plays the Richard Strauss music, written especially for the classic, and the reading is by William Lewers, who has devoted the past weeks to its study. Conscientious work by both has already guaranteed that the full beauty of poem and music in their relation to each other will be effectively brought out tonight.

Up to the opening of the box office tonight what remains of the tickets are being sold at the Territorial Messenger Service.

DR. WADMAN'S WORK TO BE DISCUSSED AT W. C. T. U. MEETING

Work that Dr. J. W. Wadman, superintendent of the local Anti-Saloon League, has done and is now doing in Washington, D. C., in the cause of prohibition for Hawaii, will be discussed in detail at the annual meeting of the Woman's Christian Temperance Union at 2:30 o'clock tomorrow afternoon.

Officers for the coming year will be elected, reports for the last year will be presented, and a number of matters, regarding past and future work of the union in the islands, will be talked over.

Mrs. J. M. Whitney, president, said today that no action will be taken with a view to securing prohibitory legislation in the next legislature. This work, she added, will be left to the Anti-Saloon League.

PERSONALITIES

MR. and MRS. R. F. CLAYTON are spending a few days on Hawaii. They left Saturday on the Mama Kea.

CAPT. CHARLES B. BATES, 25th Infantry, Schofield Barracks, returned on the Great Northern from a short trip to the mainland.

FREDERICK DONNELLY, chief clerk at Hawaiian department headquarters, left Saturday for a visit to the volcano of Kilauea.

JOHN R. ALLEN, advertising manager of the Christian Science Monitor of Boston, Mass., is visiting in Honolulu. He is a guest at the Moana Hotel.

MRS. J. F. CHERRY of Astoria, Ore., is visiting here with Mr. and Mrs. H. A. Wilder, 1522 Hastings avenue. She arrived on the Great Northern.

MISS CAROLINE CHURCHMAN of Walla Walla, Washington, is staying for two weeks at the Young, having arrived on the Great Northern. Miss Churchman is accompanying Miss Helen McCarthy of the same city.

HENRY BREDHOFF will leave on the Matson steamer Manoa, February 12 for a visit of several months with his wife and family in Oakland. His son, C. H. Bredhoff, will arrive early next month to take charge of the Hawaii Film Supply Company's business during his father's absence. Bredhoff, Sr., has not been to the mainland for four years.

E. C. SMITH of Council Bluffs, Ia., arrived on the Hill liner Great Northern for a three months' visit in Honolulu with his son, E. Q. Smith, superintendent of construction in the public works department. The elder Smith is a businessman of Council Bluffs and is a former New Yorker, having been connected with the New York Life Insurance Company for 40 years.

MR. and MRS. JULIUS LEHFELDT, their daughters, Miss Sylvia Lehfeldt and Mrs. Hortense Morton, and Mr. and Mrs. Jurgan Kuhr, all of Chinook, Montana, comprise a jolly party of Northerners at the Seaside Hotel. Lehfeldt is a merchant and Kuhr is interested in sheep. They

BOND CAMPAIGN READY TO START

With the election on the water and sewer bond issue only a little more than a month away, plans are being rapidly formulated by the board of supervisors to carry on an active campaign. Speeches advocating the bond issue will soon begin about the city and the speakers, headed by Mayor Lane, are already gathering data to present to the voters.

Maps showing where the new sewer and water pipe lines are to be laid have just been finished and in a few days will be scattered all over the city. Small maps with literature explaining the city's need for such extensions will also be mailed to every voter in the county.

At a meeting last week of the municipal affairs committee of the Chamber of Commerce, Supervisors Hatch, Logan and Hollinger explained to the members what they intended to do. They also asked the committee's cooperation and the members said they believed that the bonds should carry.

That the present board of supervisors will not spend any of the \$480,000 for which the issue calls is evident from the following dates: The election is held February 21. It will take at least two months for the President of the United States to approve it and two months before the contract for the work can be let. This means that the work cannot possibly start before July.

PUUNUI CLUB TO SUPPORT BOARD

Although disapproving the action of the board of supervisors in choosing Hawaii street extension instead of Circle Drive, members of the Puunui Club at a special meeting held at the residence of W. O. Barnhart, Puunui, adopted a resolution promising to support any practical outlet. The resolution follows:

"Resolved, that the Puunui Improvement Club deprecates the fact that the plan for Circle Drive adopted by the City Planning Commission has not been upheld by the board of supervisors but that we intend to support so far as practicable to our interest any outlet road adopted by them in lieu thereof, in the broadest community spirit possible."

LITTLE INTERVIEWS

—VALENTINO MORONI, manager Moana and Seaside Hotels: The sea danstans which are being held three times a week at the Moana are apparently becoming very popular with the visitors.

—ARTHUR G. SMITH: As a private in one of the National Guard coast artillery companies I enjoy the work immensely. There is certainly enough to learn all the time to keep the work from becoming monotonous.

—SERGT. JOHN KELLETT of the detectives: What the police department would appreciate more than anything else would be a big gymnasium exercise every day. If they were required to spend at least an hour a day there it would not be long before they would do so voluntarily, and then they would be always in fighting trim for any emergency.

—EDDIE FERNANDEZ: I notice some criticism by the deputy city attorney because a bad gang hangs around my merry-go-round at Aala park and the suggestion that I go somewhere else. This amusement I offer is entirely innocent and I will be the first to cooperate with the police in effective measures to see that bad characters do not hang around, but that they do is no sound argument against the merry-go-round in its present location. Honolulu needs more, instead of less wholesome amusements for the poor people.

The work of classifying and opening to homestead entry such lands in the national forests as are chiefly valuable for agriculture is progressing rapidly. Already over 70,000,000 acres have been covered by field examinations and the final reports acted upon.

The Federal Reserve Board heard a petition of businessmen of Louisville, Ky., for the establishment there of a branch of the reserve bank of St. Louis.

LETTERS

REASONS ARE ASKED

Editor Honolulu Star-Bulletin. Sir: I have been asked by many people in town, not Puunui people, what were the real reasons of Supervisor Logan and Larsen for switching on Circle drive. As I did not care to be sponsor to the inquirers for either of these gentlemen, I addressed to you the following letter, inviting one of them who had broken into print (Mr. Logan) to express his reasons:

"Editor Honolulu Star-Bulletin. "Sir: Supervisor Logan's excuse in the Star-Bulletin of the 10th for turning down the city planning commission in 'switching' Circle drive, was not especially interesting, but his reasons would be:

"Respectfully, (Signed) JOHN F. G. STOKES." Here is Mr. Logan's reply: "Editor Honolulu Star-Bulletin. "Sir: The letter of J. F. G. Stokes in the Star-Bulletin Thursday supplies part of the reason for the defeat of Circle drive—i. e., the true color of its chief sponsor.

(Signed) "DANIEL LOGAN." As many people in Honolulu are asking for these reasons, I hope you will publish this communication (a copy of which will be given early to Mr. Logan), with his reply since it is a matter of general interest.

JOHN F. G. STOKES. P. S.—It is useless to ask for Supervisor Larsen's reasons. LLOYD GEORGE NOT A HYPHENATE

Niuli Plantation, Kohala, Hawaii, January 10, 1917.

Editor Honolulu Star-Bulletin. Sir: In your semi-weekly issue of Friday, January 5, 1917, I note with interest your editorial comment on the British premier. Pardon me to inform you that he is no hyphenate. You seem to have sadly neglected your ancient history in quoting him as such. David Lloyd George is a Welshman, appointed to the premiership of the United Kingdom of Great Britain and Ireland by His Majesty King George V.

There were cut from the national forests in the fiscal year 1916 604,320,000 board feet of timber. Of this amount 119,523,300 board feet was cut under free use privilege by 42,055 individuals. In all, 10,440 sales of timber were made, of which 97 per cent was under \$100 in value, indicating the extent to which the homesteader, rancher, miner, small millman and others in need of a limited quantity of timber draw upon the forests.

THE ADVANTAGE of coming to this company lies in the fact that here you will find listed the best properties in just that same district which you prefer. Here is

"Successful Farming"

Recently Gave It's Readers a Good Talk on
Paid Publicity.

"If the Railroads did not carry freight, the passengers would have to pay higher fares.

"If Magazines and newspapers did not carry advertising, the subscribers would have to pay much more money for each copy.

"If the passenger trains were all taken off, the freight rates would go up.

"If we were to send you nothing but the advertisements, the advertisers would have to pay more for the service.

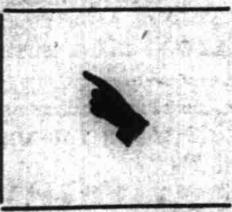

"There is a Railroad to the top of Pike's Peak that carries passengers, and probably carries little or no freight. The fares are higher than on other roads and when you get to the end of the road there is just a magnificent view but no business, or any way to earn a living.

"There are a few publications without advertising, but they are expensive and after you have read them you have only a beautiful theory, but no way to put it into practise.

"Freight trains on the railroad are intensely practical and useful to the people who ride on passenger trains and who need food and clothing and furniture and all manner of things that the freight train carries.

"The advertising pages of Successful Farming are intensely practical and useful to the people who read the editorial matter and who need implements and incubators and seeds and automobiles and building material and food and clothing and scores of other things that are described in the advertising columns by advertisers whose promises are guaranteed by Successful Farming."

Paid Publicity Doctrine is Sound.

MONTHLY REPORT TELLS OF WORK

More endowments and an increase both in subscriptions and fees from members were reported at the Y. M. C. A. board of directors' meeting Friday afternoon.

The report of Treasurer Richard Cooke showed that the association equipment was free from debt and that \$21,000 had been raised towards a \$25,000 fund required for the property purchased at Fort and Vineyard for an interracial building to serve primarily American-born students of non-American parents. There was a current expense deficit of \$1871.81, however, due to the increased cost of operating the enlarged association program.

Physical Department Work
A fine program of gymnasium classes and athletics was shown by the report of the physical department. The association is serving a variety of groups in this department, cadets, grammar school boys, employed boys, students, intermediates, seniors and businessmen. The association's part in the Stockton high school athletic series did much to make this trip a success and to boost for a big Hawaiian olympiad.

Educational Work Improves
Over 400 young men and boys are enrolled in the Y. M. C. A. night and day schools. A new system of examination and standardized courses is putting the association educational department on a par with other high grade educational institutions. New classes to open this month are the ukulele club, January 26; Spanish, Japanese and penmanship classes.

There were several club sojals, dinners and entertainments for different groups in the association, culminating the largest and most successful New Year's president's reception and open house in the history of the Y. M. C. A. Religion Has Attention

Twenty-one religious interviews were held and 18 young men referred to churches. Twenty different Bible classes and clubs met regularly during the month. Thirty-one men and boys were interviewed during the month and advised regarding employment. Sixteen men and six boys were definitely placed in positions.

Reports were given on Boys' Club work by R. H. Trent, on membership by Ed Towse and on the general association outlook and program by President Frank Aharson. Other directors present were James Wakefield, W. G. Hall, Robert Anderson, C. H. Atherton, C. B. Ripley and Chas. F. Clemons, with Secretaries Larimer, Urie and McCallis, who reported on important phases of the Y. M. C. A. work.

HONOLULU HARBOR ENLARGEMENT IS ONCE MORE BEFORE CONGRESS

Delegate Kuhio has introduced in the house several measures on harbor improvements for the territory. They are now in the hands of the rivers and harbors committee.

The enlargement of Honolulu harbor, a project much under discussion two years ago, is again taken up in the following bill:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the sum of \$200,000 is hereby appropriated, to be paid out of any money in the treasury not otherwise appropriated, to be immediately available, to be expended under the direction of the secretary of war and the supervision of the chief of engineers, for the improvement of the harbor at Honolulu, island of Oahu, territory of Hawaii, for enlarging and extending the present harbor toward the Kapalama basin, in accordance with report submitted in Senate Document Numbered 392, Sixty-fourth Congress, first session: Provided, that the secretary of war may enter into a contract or contracts for such material and work as may be necessary to complete the said enlargement and extension, to be paid for as appropriations may from time to time be made by law, not to exceed in the aggregate \$200,000, exclusive of the amount herein appropriated."

Delegations may from time to time be made by law, not to exceed in the aggregate \$499,000, exclusive of the amount herein appropriated."

He also reintroduced the measure for the Nawiliwili, Kaula, breakwater. It is as follows:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the sum of \$200,000 is hereby appropriated, to be paid out of any money in the treasury not otherwise appropriated, to be immediately available, to be expended under the direction of the secretary of war and the supervision of the chief of engineers, for the improvement of the harbor at Nawiliwili, island of Kaula, territory of Hawaii, for the construction of a breakwater, in accordance with report submitted in Senate Document Numbered 609, Sixty-second Congress, second session: Provided, that the secretary of war may enter into a contract or contracts for such material and work as may be necessary to complete the said breakwater, to be paid for as appropriations may from time to time be made by law, not to exceed in the aggregate \$200,000, exclusive of the amount herein appropriated."

Only Successful Remedy For Treating Gall Stones

MR. W. C. DILLEHAY

Fruitoles and Traxo Brought Relief After Doctor Said Nothing but Operation Would Help.

In the opinion of Mr. W. C. Dillehay, 513 Morton St., Nashville, Tenn., Fruitoles and Traxo is the only successful remedy for gall stone trouble. In a letter to the Pinus laboratories Mr. Dillehay says, "After a leading Nashville physician had failed to relieve my wife, and we were told an operation was necessary, I heard of Fruitoles and Traxo and we decided to at least give it a trial. I gave her this medicine as directed and after four doses she was relieved of nearly a quart of gall stones, conclusive evidence that an operation was by no means necessary."

Fruitoles and Traxo are compounded from the original Edsall formulae at the Pinus laboratories in Honolulu of Boston, Smith & Co., wholesale distributors, and leading drug stores; a doctor's prescription is not necessary. Fruitoles is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild the weakened, rundown system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

TREASURER PAYS CITY EMPLOYEES

Today is the first pay day in 1917 for city employees and all those who have received warrants are to be paid at the office of the city treasurer instead of the banks. This is done because the cash basis fund, amounting to \$157,072.35, is now available. The object of the fund is to pay all city expenses for the first four months of each year, or until the taxes are received. The fund, however, is not large enough for that because of the constant increase in the city's expenses and will only last until about the middle of March. Tuesday registered warrants on the sewer works fund will be paid, amounting to \$11,680.

ESTIMATE TOURISTS TO SPEND \$30,000,000 IN CALIFORNIA THIS YEAR

Hotel men in California estimate that tourists will spend \$30,000,000 in that state during the winter season. This year is expected to excel all other seasons in the tourist "crop." A. P. Taylor, secretary of the Hawaii Promotion Committee, is confident that Hawaii will get her share of the money expended. It is estimated that 45,000 tourists will come to California during the winter season. It is reckoned that the average first-class tourist spends \$30 a day, and that he stays 30 days. These figures would give an expenditure of \$27,000,000. Taylor believes that Hawaii will receive a large number of the 45,000 tourists following the Carnival.

Isamu Onaka, the eight-year-old Japanese boy, who was lost from Lakaoko Friday, was found late Saturday afternoon and returned to the Japanese boarding school. He had wandered into Kailahi valley.

DIVE INTO SHOAL WATER IS FATAL

Failure to heed danger signs of warning and diving into shallow water of a depth of only three or four feet cost the life of George H. Chamberlin, a visitor from Rockford, Ill., Sunday afternoon. Chamberlin, diving from one of the boards on the Outrigger Canoe Club platform, his head coming into violent contact with the sandy bottom and his neck being broken. Mrs. Fred G. Shouley, sister of Chamberlin, and her husband are also visiting here and took charge of the body. They expect to return with it to the mainland, leaving on the Lurline Tuesday.

E. G. Jahnie and Thomas Gedge of Honolulu were near Chamberlin when the accident occurred and took him to shore while he was still breathing, but he passed away before the emergency ambulance arrived. Police Surgeon R. G. Ayer, who examined the body, says the trachea was crushed when the victim struck sharply on his forehead, bending the head forward to his chest.

Chamberlin was 40 years old, unmarried and a native of Chicago. He was a florist and is survived by two brothers in Seattle. On a visit here last year he climbed some of Oahu's highest peaks and was to have gone to Kilauea this week. He stopped at the Vida Villa. Mr. and Mrs. Shouley are at the Halekulani Hotel. Since sand had been carried into the hole by the diving raft signs have been conspicuously displayed calling the attention of bathers to the danger. H. B. Campbell, president of the Outrigger Club, says that now the spring boards are to be removed. This is not the first time that drifting sands have filled up the diving hole, but always in the past the sand has later been carried out again and it has been hoped that this would again happen.

CLEMONS RETIRING FROM U. S. BENCH

Hon. Charles F. Clemons' resignation as judge of the local United States court takes effect at midnight tonight. Tomorrow he will leave the bench, but may remain in his office for a few days to "clear up his desk," preparatory to entering private practice of law. Judge Clemons, with Hon. E. M. Watson, attorney for the public utilities commission and former associate justice of the supreme court, will form the law firm of Watson and Clemons and will probably have offices in the Kapiolani building.

"I have no idea who my successor will be," Judge Clemons said today.

GREAT NORTHERN OFF IN SUNSHINE

Glorious Honolulu sunshine, balmy trade winds and a cool day made the departure of the Hill turbine Great Northern at 10 o'clock this morning as pretty a sight as the harbor has witnessed in many months. The weather was "made to order."
 The palatial liner left from Pier 16 promptly on the stroke of 10. There was the usual rush of last minute clerks with letters for the steamer, at least 15 of them bringing mail up to within half a minute of steaming time. There was one honeymoon couple leaving, Lieut. and Mrs. Charles H. McMorris, the bride having been Miss Betty Case, who were plentifully showered with rice while Peter Kalani had the Hawaiian band play the wedding march, which is now almost a regular part of the band's steamer day program.
 There were 155 first cabin, 35 tourist and 50 steerage passengers leaving, making the total number departing 240. Freight out was 1000 tons.
 Among the Honoluluans who sailed on the Speed Queen of the Pacific were Dr. and Mrs. F. W. Taylor, Mrs. F. Wallace, Walter Dulsberg, Mrs. A. Balch, J. P. Foster of Palo, A. W. Howe, D. Leith, Miss Jeanette Matthews, G. A. Schroeder, Mrs. H. E. Solcer, M. M. Whan and Fred W. Wichman.
 The Matson tug Intrepid helped swing the turbine around in the Ewa basin, taking a bow line from her and turning her around just off Pier 10. One woman told wharf employes that she had lost a pearl pin on the wharf while waiting for the liner to go out. There was enough serpentine lying on the wharf after the Great Northern had left to make a big bonfire.

VENTURA BRINGS LARGEST CARGO TO HONOLULU; NOTABLES PLENTY

Bringing the largest cargo to Honolulu any Oceanic steamer has ever landed here since the line took the Sierra of the San Francisco-Honolulu run, the Oceanic liner Ventura, Capt. J. H. Dawson, commander, docked at Pier 7 at 8:15 this morning and leaves for Pago-Pago and Sydney at 5 o'clock this afternoon.
 The Ventura brought to this port 653 tons of cargo, including considerable overland and San Francisco freight. One of the biggest items was 80,000 pounds of meat, brought in the cold storage space for the Hawaii Meat Company.
Only One Stormy Night
 Capt. Dawson reported a nice voyage. There was only one bit of rough weather, on Friday night, when a heavy beam sea pounded the steamer, the sea accompanied by high winds from east, east-southeast and south. This lasted only two hours.
Good Honolulu List
 Purser Robert S. Acheson reported the passengers for Honolulu to be 52 first cabin, 23 second and eight steerage. Through passengers are 37 first cabin, 23 second and seven steerage. Mail for this port was 514 bags and there are 1100 bags for Sydney. Cargo for Australia is 1929 tons.
War Veterans Returning
 Among the passengers arriving on the Ventura this morning were Mr. and Mrs. S. S. Paxon and child of this city, who returned from a trip to the coast for Paxon's health; Mr. and Mrs. R. E. Bristol of Ogdun, Mrs. Bristol's mother living here; T. J. Donahue, a cattle and sheep man, and R. I. Trimble, a fruit grower, both of Omaha; J. O. Thillow and two daughters, prominent Philadelphians; Mr. and Mrs. T. B. Patterson, the former being a son of an official of the National Cash Register Company; the Misses Katherine and Mary Wheeler, tourists from Santa Barbara, Cal., and others.
 Prominent among the through passengers are four Australian war veterans returning from the front. They are Capt. Bede E. H. Clifford, T. W. Price, an enlisted man named Leslie J. Hempton, and Dr. O. F. Paget.
Dancing on Deck
 The Ventura's passengers enjoyed dancing on deck every night except Friday. There was a fine program of deck sports at sea as well. J. P. Thibette is chief officer, G. H. Senter chief engineer, G. W. Black chief steward, and Dr. F. W. Townsend surgeon.

MATSON STEAMER SLIGHTLY LATE HYADES COMING WITH BIG CARGO

An hour and a half late, the Matson steamer Wilhelmina, Capt. Peter Johnson, will arrive off port at 3 o'clock tomorrow morning from San Francisco, says a wireless received today by the shipping department of Castle & Cooke, the local Matson agency.
 The liner will dock at Pier 15 between 8:30 and 8:45 in the morning, bringing 154 bags of mail, 47 packages of express matter, 29 automobiles and 5900 tons of cargo. Hilo cargo is 992 tons.
 At 5 o'clock Thursday afternoon the Wilhelmina will leave for Hilo. She will have the biggest passenger list for the volcano any Matson steamer has carried in years. There will be between 225 and 130, of whom more than 100 are from Honolulu. The others will arrive here tomorrow on the liner and continue on to Kilauea crater Thursday.
 Bringing everything from beer, iron, fertilizer and limes, to pianos, barley, oil and automobiles, the Matson freighter Hyades, Captain William Rind, will arrive about daylight Wednesday, according to a wireless received by Castle & Cooke's shipping department today.
 Honolulu cargo in her holds is 2825 tons. There are 800 tons for Port Allen and 37 for Kahului. Cargo for this port includes the following items: Coke, 570 tons; mail, 39 tons; iron, two lots, 1198 and 80 tons; fertilizer, three lots, 2400, 2065, 3037 bags; lime, three lots, 350 barrels, 10 tons, 750 barrels; beer, two lots, 450 and 200 barrels; piano, 14, boxed; hay, 4 tons; gasoline, 200 drums; cement, 1160 bags; barley, 1000 bags; oil, 300 cases; automobiles, seven shipments, 18, 1, 14, 2, 1, 2 and 3 cars.

HARBOR NOTES

LACK OF STEAMERS LOSES HAWAII MANY TOURISTS, SAYS KYES
 L. J. Kyes, district passenger agent of the Union Pacific System, in a letter to A. P. Taylor, secretary of the Hawaii Promotion Committee, writes that Hawaii can depend upon the actual support of all passenger agents in his section. Touching upon the subject of tourist travel which is lost to Hawaii he writes:
 "Hawaiian travel from this vicinity will be very heavy this winter, and I regret to say that we have a number of parties who wanted to make this trip who have had to cancel their plans and go to California or Florida for the reason that they were unable to secure steamer passage from San Francisco."
 "I do not remember in my experience when the steamer travel to your city was as heavy as it is now, and certainly as long as the war is it will continue to be better, and it would look as if more steamers could be used for this travel."
MONGOLIAN TRIES TO WIELD MEAT CLEAVER
 Using a meat cleaver with which he had a few minutes before been chopping cakes of ice apart, a Mongolian deckhand of the British steamer City of Vienna, taking bunker coal today at Pier 15, tried to chop off the head of another Mongolian sailor of the boat about 1 o'clock Saturday afternoon.
 The men were separated in the nick of time by Customs inspector M. R. Medeiros, William Jarrett and Theodore Niferost of the inter-island coal barge which is bunkering the freighter. The deck hand who was assailed suffered only a slight cut on the head. Captain John Farrington gave both sailors a kick and told one to go forward and the other aft.

LITTLE CHANGE SEEN IN PRICES

Saturday's half holiday is reflected in the stock exchange sheet today in the report of between board sales which were 595 while at the session sales they were 610 shares and \$6500 in bonds. Changes were not many nor large, sales and prices being as follows: Olan 16 and 16 1/4, Waiata 31 1/4 and 31, Ewa 33, Pioneer 41, Hawaiian Commercial 51, Oahu 30 1/2, McBryde 12 1/4, Brewery 18 1/2, Hawaii Railway A-9, \$5000 O. R. L. 58 1/2, and \$1500 Hawaii Railways 58 5/8. Unlisted stocks were strong and some were higher. Engels Copper stood at 87 and was in demand at that price. Oil was stronger and in demand at \$4.25. Mineral Products sales were 700 shares at \$1.10. Montana-Bingham scored advances to 48 and 49 cents and Madera to 37 and 38 cents. Mountain King sold at 25 cents.

EVERY day one meets the man who "can do so much better" with his money than put it in life insurance, but the man of sixty is seldom met who can show you the \$5000 he has saved by regularly setting aside and investing for twenty to thirty years the amount of an annual life insurance premium.

THEATRICAL OFFERINGS

VAUDEVILLE TO BE MADE BETTER FINDS HER HELP IN GOOD FAIRIES

The management of the Bijou promises that tonight the vaudeville program will be much improved. Acts that fell flat have been put into the discard and changes suggested for other acts to bring the program up to the standard desired.

Two numbers so poor as, by contrast, to make good numbers seem exceptional and mediocre numbers seem good, opened the vaudeville program at the Bijou Saturday evening. If the public of Honolulu was hungry for good vaudeville, its appetite remains unsatisfied.

The bright and particular star of the Bijou program is Bertie Ford and her wife work is essentially good. In contrast to the two acts that preceded her act it seemed to be exceptional. She was a whirlwind of quickness, lithe, graceful and some of her balancing feats were really marvelous. The spectators were loath to let her leave the stage.

The Coralli trio rendered a highly pleasing number and were repeatedly recalled. A harp well played is always enjoyable and at the Bijou it was well played and the violinists who accompanied were as good as the harpist. It was a specialty worth while and repeated recalls attested appreciation.

Deagon and Clifton did some "strong arm" stunts that won well merited applause. They staged their act differently from the usual and the unexpected added to effectiveness.

There are many amateurs in Honolulu who can act better than Moore and Elliott and the situation of the farce bordered on vulgarity.

Ambrose and Peggy Barker managed to get by with an act that contained little of novelty.

There are three acts in the program that are worthy of "big time" and those were heartily enjoyed. As a whole the performance is a splendid boost for moving pictures.

URIC ACID POISONING!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric, which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, headache, pains here or there, you can obtain Anuric at any drug store and get relief from the pains and ills brought about by uric acid.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous uric acid, which settles in the tissues of the feet, ankles, wrists or back as uratic salts; or under the eyes in bag-like formations.

It is just as necessary to keep the kidneys acting properly as to keep the bowels active to rid the body of poisons.

The very best possible way to take care of yourself is to take a glass of hot water before meals and an Anuric tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a cleansing and tonic effect.

Step into the drug store and ask for a 50-cent package of Anuric, or send Dr. Pierce 10c for trial package. Anuric—many times more potent than Uric, eliminates uric acid as hot water melts sugar. A short trial will convince you.—Adv.

DOLLARS AND TEN CENTS (\$28,338.10) be and the same are hereby appropriated to be paid out of all moneys in the Sewer Works Fund of the Treasury of the City and County of Honolulu, for Salaries and Payrolls, Material and Supplies, Interest on Bonds and Sinking Fund, for the period beginning with the first day of January, A. D. 1917, and ending with the thirty-first day of June, A. D. 1917, said payments to be made in accordance with the following schedule, to-wit:

Table with columns: Item, Not pro-rated, and Total. Lists Maintenance and Upkeep, Interest on Bonds, and Sinking Fund.

AND BE IT FURTHER RESOLVED, that the Auditor of the City and County of Honolulu is hereby authorized and directed to draw warrants on the Treasurer of the said City and County for any of the sums named herein, or parts thereof, upon having filed with him schedule of salaries fixed by law and other salaries, of donations named herein, of payrolls and accounts for materials and supplies and general expenses accompanied by original vouchers and certified by the City and County Clerk as having been duly passed and allowed by the Board of Supervisors at any regular meeting or any special meeting called for the purpose of considering expenditures;

AND BE IT FURTHER RESOLVED, that to make expenditures under this resolution, it shall be necessary that all salary lists, items covering donations, payrolls, accounts and general expenses shall, before being presented to the Board of Supervisors, be passed upon by a Committee or Committees and by such Committee or Committees be reported to the Board of Supervisors with their recommendations, and sums found to be lawfully filed and payable may then be voted upon singly or collectively as convenient, on a call of the eyes and noses. In the event of any such Committee, failing or neglecting so to pass upon any such matters or to make any recommendations in regard thereto, the Board may thereupon act.

AND BE IT FURTHER RESOLVED, that no liability under this resolution shall be incurred in any month in excess of the monthly pro-rata sums herein authorized.

AND BE IT FURTHER RESOLVED, that this Resolution shall take effect upon its approval.

Introduced by DANIEL LOGAN, Supervisor. Honolulu, Hawaii, January 2, 1917.

Approved this 12th day of January, A. D. 1917. JOHN C. LANE, Mayor, City and County of Honolulu, T. H. 6883—Jan. 15, 1917.

"Do you believe in fairies?" asks Maud Adams at the conclusion of "Peter Pan," and every man, woman and child in the theater invariably joined in the chorus of affirmatives. Marguerite Clark, the fascinating Little Famous Player star, now appearing at the Liberty theater in "Little Lady Eileen," does not ask the same question at the conclusion of this performance for the simple reason that she is there only in the hearts of her audience and in picture. However, were it possible for her to ask this same question there is not the least doubt but that she would receive the same answer as did Maud Adams.

Just as the characters in the photoplay, with the exception of Little Lady Eileen, are inclined to laugh at the idea of fairies, so is the audience. Just as the characters change their ideas so does the audience. Eileen believes in fairies and all of her fairies are of the good variety. They lead her to her true love, they deny the impostor who would steal her fortune and they do everything in their power to aid her for her trust in them. Seeing this, the family and friends of Eileen quickly share her views.

"Who's Guilty?" is proving as popular as any of the several strong serials shown at the Liberty during the past years.

James Oliver Curwood wrote the book and he called it "Peter God." It proved one of the "best sellers" and most interesting stories of Curwood's many popular novels. Ralph W. Lee of the Vitagraph producing staff undertook to tell the story of "Peter God" in the photodrama. This he has done and named it "The Destroyers." The results of the combined efforts of Curwood and Lee may be seen at the Hawaii theater, where "The Destroyers" is the feature offering of the early part of the week. It is good.

Lucille Lee Stewart is the featured star in a story that deals with the rottenness of municipal politics as they frequently are found. The story tells of the prosecution of an honest man by the forces of evil so prevalent in the world of politics. How his ruin is gradually but surely worked out is a high tribute to the ability of the politicians, but a thorough condemnation of the system which allows such a condition to exist.

The final blow comes when, through the efforts of his political enemies, the man's wife is separated from him. With the loss of this beautiful creature he gives up all hope and flees. He finds the peace he craves and the loyal hearts of whom he had dreamed in the wilds of Canada.

"The Girl and the Game" with Helen Holmes in the leading role, continues a popular serial attraction.

COL. CROXTON ISSUES ORDERS FOR INSPECTION OF GUARDSMEN

With the time drawing near for federal inspection of the local companies of the National Guard, company officers are busy with efforts to meet all the requirements necessary under the new defense act and make a good showing for the regiment.

Orders announcing the hours of inspection, together with officers who will make it for various companies have been issued as follows:

1. Pursuant to instructions from headquarters, Hawaiian department, January 6, 1917, the annual inspection of organizations of the regiment will be made by Maj. Rufus E. Longan, 32nd Infantry, as follows:

- Company A—Wednesday, Jan. 17, 7:45 p. m.
- Company E—Thursday, Jan. 18, 7:45 p. m.
- Company I—Friday, Jan. 19, 7:45 p. m.
- Company C—Sunday, Jan. 21, 9 a. m.
- Company F—Sunday, Jan. 21, 7:45 p. m.
- Company G—Monday, Jan. 22, 7:45 p. m.
- Headquarters, 1st Battalion and Company D—Wednesday, Jan. 24, 7:45 p. m.
- Headquarters, 2nd Battalion and Company H, Thursday, Jan. 25, 7:45 p. m.

Headquarters, 3rd Battalion and Company K—Friday, Jan. 26, 7:45 p. m.

Regiment Headquarters and Company L—Sunday, Jan. 28, 9 a. m.

Company M—Sunday, Jan. 28, 7:45 p. m.

Company B—Monday, Jan. 29, 7:45 p. m.

2. Detachment Medical Department, 1st Hawaiian Infantry will be inspected by Col. Rudolph G. Ebert, Medical Corps, at 9 a. m. Sunday, Jan. 21, 1917.

3. Headquarters Company and Machine Gun Company, 1st Hawaiian Infantry will be inspected for recognition by Lieut.-Col. R. C. Croxton, 1st Infantry, as follows:

- Headquarters Company, Thursday, Jan. 18, 7:45 p. m.
 - Machine Gun Company, Thursday, Jan. 18, 5:15 p. m.
- Federal recognition can be extended to these two organizations by the commanding general, Hawaiian department, and in case the special inspection is satisfactory, it is probable that they will be inspected by Maj. Longan about Feb. 1 or 2.

By order of Col. Croxton:
WALTER V. KOLB,
Captain and Adjutant,
1st Regiment Hawaiian Infantry, N. G.

Schofield Notes

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Jan. 15.—Maj. Rufus A. Longan, 32nd Infantry, will leave the post in a few days and will reside in Honolulu for the next month for the purpose of inspecting the National Guard of Hawaii, on which duty he was recently detailed. Part of the time will be spent on Oahu and the remainder on Kauai. Capt. C. H. Meak, 32nd Infantry, will inspect the Signal Corps of Oahu at a later date.

Many changes will shortly be made in the officers of the various regiments at Schofield Barracks and it will seem like a new garrison. Many have been ordered to sail on the next transport for the mainland and others will come on the February transport to take their places. Each month in future will see many more go and come, as the war department recently announced that the foreign service roster again was in force. The 1st Field Artillery and the 25th Infantry will have the greatest changes, as five officers of each organization have been ordered to the mainland and four from the 32nd Infantry.

From the 1st Field Artillery Capt. Ballard Lyster has been ordered to the 3rd P. A., Capt. Truby C. Martin to the 4th and 1st Lieut. Joseph O. Daly to the 3rd. First Lieuts. Wilbur Rogers and Percy Deshon have also received their orders. To take their places the following officers have been ordered to sail on the next transport for Honolulu: Capt. Sherman Miles, from the 3rd P. A. and 1st Lieut. Philip L. Thorber from the same regiment. Also 1st Lieut. Karl C. Greenwald and John Meager from detached service.

From the 25th Infantry the following officers have been ordered to the mainland and join the regiments as given: Maj. Joseph E. Janda to 3rd Infantry, Capt. Charles F. Bates to 18th, Capt. James A. Higgins to 24th, Capt. Frederick F. Black to 28th and 1st Lieut. Richard T. Taylor to 22nd. To take their places the following will join the 25th Infantry: Maj. Hunter B. Nelson from the 3rd Infantry, Capt. Jere H. Baxter, 23rd; Capt. Merrill E. Spalding, 28th, and Capt. William E. Hillis, 28th.

From the 32nd Infantry Col. R. W. Atkinson has been ordered to the 9th Infantry at Laredo, Tex.; Capt. Donald D. Hay to the 26th, 1st Lieut. Douglas T. Greene to the 21st and 1st Lieut. William A. McCulloch. The following officers have been ordered to the 32nd Infantry: Col. Lucius L. Durfee, 9th Infantry; Capt. Corbit S. Hoffman, 24th; 1st Lieut. John E. Andre, 12th, and 1st Lieut. William R. Schmidt from the detached service.

The 1st Infantry will lose the following officers: Maj. American Mitchell will go to the 9th Infantry, Capt. Knestland S. Snow to the 24th and Chaplain William A. Aiken to the 18th. Chaplain Heywood L. Winter has been ordered from the 18th Infantry to the 1st.

The following first lieutenants have been ordered to the 9th Field Artillery: David E. Cain and Ernest Sedelbeck.

Maj. Walter C. Short, 4th Cavalry, has been ordered to the 16th Cavalry and Maj. Frederick T. Arnold, 16th Cavalry, has been ordered to the 4th Cavalry.

The death on December 6 of Maj. William J. Lutz, with station at Laredo, Tex., came as a great shock to his many friends in Oahu. The major was well known by many officers at Schofield Barracks, as he had for nearly been stationed with numerous ones here. The major had been assigned to the 1st Infantry and was to have come on the February transport.

Lieut. Lester D. Baker, 32nd Infantry, has selected quarters No. 5 in the casement which house has been vacant since Lieut. Clyde R. Abraham left the post for Schofield almost six months ago.

Capt. Charles H. Rich, 25th Infantry, now on leave of absence in San Francisco, has transferred to the 32nd Infantry with Capt. Eugene R. Householder. As Capt. Rich has been in Oahu for four years it is not thought he will return, but will be assigned to a regiment on the mainland.

Capt. Harry H. Blodgett, Medical Corps, has been granted a two months' leave of absence under exceptional circumstances, to take effect on February 1.

First Lieut. Frederick Hadr, Medical Reserve Corps, who arrived on the Thomas, has been ordered to Schofield Barracks for duty.

STRONG CALLS ON JOHNSON
Brig.-Gen. Frederick S. Strong, commanding the Hawaiian department, called today upon Brig.-Gen. Samuel I. Johnson at National Guard headquarters. Gen. Strong was accompanied by his aid, Lieut. Wallace C. Philoon.

There were cut from the National Forests in the fiscal year 1916, 604,920,000 board feet timber. Of this amount 119,483,500 board feet was cut under free use privilege by 42,055 individuals. In all 10,840 sales of timber were made, of which 97 per cent were under \$100 in value, indicating the extent to which the homesteaders, ranchers, miners, small millmen, and others in need of a limited quantity of timber draw upon the forests.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Jan. 15.—Lieut. Frederick A. Barker has been placed in command of the quarantine camp for the recruits who arrived on the transport recently.

The recruits marched up from the transport under the command of 1st Lieut. Carl A. Harding and were taken to the quarantine camp for dinner and then were marched to headquarters at 1 p. m. for properly reporting to headquarters, where it was directed that one non-commissioned officer from each company to which recruits had been assigned should be present to take care of the recruits and supply their needs for the camp.

Pvt. Bayers of Headquarters Company, 2nd Infantry, is available for transfer to any of the lettered companies of the regiment. Pvt. Bayers was formerly the barber in the Headquarters Company.

The examinations for certain advanced grades in the medical department at Fort Shafter will take place in the department hospital before the appointed board of medical officers to determine the fitness of certain enlisted men for promotion to the grade of master hospital sergeant, medical department, on Monday, January 22, and the following enlisted men are ordered to report to the board: Sergeants, First Class, Frederick S. Simmons, George C. Young, Emmett C. Kauffman and Dorsey W. Thickston.

On Monday morning, February 6, at 8 o'clock, the following enlisted men will report for examination to the grade of hospital sergeant, medical department, before the fully appointed board of medical officers. Names: Sergeants, 1st Class, Andrew S. Donnan, Otis M. Hovring and Samuel J. Koon.

On February 10, at 9 a. m., in the department hospital, before the proper board of medical officers, Sergeants Arthur T. Swanson, John A. Bush, Ernest H. Evans, Paul J. Shea and John W. Fryar will report for examination for promotion to advance grade of sergeants, first class, medical department.

Lieut. Albert T. White, Dental Surgeon, will be transferred from Schofield Barracks and relieve 1st Lieut. Arnett P. Matthews, who will take 1st Lieut. Oscar G. Skelton's place as dental surgeon at the department hospital at Fort Shafter. Lieut. Skelton is going to Schofield Barracks.

The Ladies' Auxiliary of the Spanish War Veterans, acting as a committee of entertainment, gave one of the most delightful dances at Mansfield Club in Fort Shafter that the organization has ever known. About 100 persons were present and as a result of the committee's successfully-carried out plans and the unusually beautiful dance music of the 2nd Infantry band, conducted by Band Leader A. Jacobson, those present enjoyed a happy evening. The refreshments added much to the charming entertainment of the evening, and the guests from the post and Honolulu, with one accord, pronounced it one of the most enjoyable affairs of the new year.

Cpl. John D. Hoskins of D Company, 3rd Engineers, has received word from Washington that he has successfully passed his examination to the grade of a probationary second lieutenant in the regular army, and he is receiving the congratulations of his comrades upon his successful advancement.

The cool weather of the past week has been a reminder not only of a winter on the mainland but also a suggestion to the designers of new homes for army posts, in that an open fireplace, while not an absolute necessity at Fort Shafter as a rule, yet when coldness and dampness come together, as they do nearly every winter, such a comfort in the house as a fireplace would add much to the cheerfulness and satisfaction of each household, and could also be added to the lavatories of the barracks without infringing upon needless extravagance.

Lieut. Lester D. Baker, 32nd Infantry, has selected quarters No. 5 in the casement which house has been vacant since Lieut. Clyde R. Abraham left the post for Schofield almost six months ago.

CASES TO HOSPITAL.
Two cases of measles, one of tuberculous meningitis and several cases of influenza were transferred to the hospital at Fort Shafter Friday upon the arrival of the transport Thomas from the mainland.

The department of commerce reports the exports of cotton for the week ended December 16, at 189,655 bales.

A savings account will not do you much good unless the money is allowed to remain in the bank long enough for it to accumulate interest and to grow to an appreciable extent by regular additions.

DENBY TRUCKS

For Trail or Pavement

THE DENBY is a truck through and through. The strong, simple construction has none of the shortcomings of the pleasure car truck type.

It is adaptable to any kind of a load.

It is sturdy enough for heavy work, yet has the speed and low operation cost which enables it to economically carry light loads and prove equally reliable and efficient in both classes of service.

It is an ideal truck for hurry-up calls as well as for long hauls with frequent stops. It is built to give economical service, not for a short time, but year after year.
