

BRITISH CRUISERS SWEEP ATLANTIC FOR GERMAN RAIDER

HAWAII TO PAY HIGH HONOR TO ADMIRAL DEWEY

Orders Expected at Pearl Harbor for Impressive Ceremonies; Other Federal Offices Get Notification

Hawaii will do honor officially on Saturday to the memory of the late Admiral George Dewey, hero of the battle of Manila Bay, whose funeral will be held that day in Washington. Orders from the navy department at Washington are expected to reach the Pearl Harbor naval station momentarily containing instructions as to the procedure to be followed in honoring the memory of the great naval hero. In view of the fact that the custom house received a cablegram today from Washington ordering that flags be flown at half-mast from all custom house buildings, it is believed that Pearl Harbor will honor Admiral Dewey's memory to the fullest extent prescribed by naval regulations. These regulations provide that flags on all naval stations, all public buildings, all posts and all naval vessels, remain at half mast until sunset the day of the funeral. There must be 15 minute-guns fired at noon from each navy yard and from the senior vessel afloat. The navy department must be draped and all officers of the navy and marine corps wear the badge of mourning on their uniforms for a period of 30 days. The navy department must be closed all day Saturday in Washington by executive order.

BREWING CO. TO MEET SATURDAY; ANNUAL SESSION

Will Elect Directors and Matter of Possible Prohibition is Sure to Come Up

In advance of the annual meeting of the Honolulu Brewing & Malting Company, which is to be held Saturday morning, there is much speculation as to what action will be taken by the stockholders and several rumors have been heard. It is generally agreed that after the election of directors the matter of prohibition for the territory and consequent effect upon the company will hardly be otherwise than that the pending in Washington, with the promise that there will be introduced in the territorial senate a bill to close the saloons in the territory, it could hardly be otherwise than that the possibilities and probabilities of prohibition would be uppermost in the minds of directors and stockholders alike. It has been suggested by some of the stockholders that it would be advisable to name a director from each of the islands. In that connection the name of C. W. Spitz was mentioned from Kaula and C. A. Peacock of this island. It was learned today, however, that this plan would probably be abandoned owing to the difficulty in securing meetings of such directors and the delays in holding such meetings that would be unavoidable in consequence. A report has also been heard that Gustave Schuman would be asked to again accept the presidency, which he formerly held, but Schuman told a representative of the Star-Bulletin today that he would not consider such a proposal, that he had sold his stock and had not even been approached in the matter. It appeared probable that F. C. Hime would be elected.

HUBER SURE TO BE U. S. JUDGE, JURIST THINKS

Report is Kemp in Line for Circuit Bench and Ashford for Federal Job

U. S. Attorney S. C. Huber probably stands higher in the estimation of the department of justice than any other man in the territory," declared a prominent Honolulu jurist today, discussing the vacancy on the local federal bench. "I am convinced that Huber will be appointed to succeed Charles F. Clemons. Should Huber not be appointed, then I think the position will be given to a mainland." This is not the first report received by the Star-Bulletin that U. S. Attorney Huber is in line for promotion to the federal bench. The jurist expressing the foregoing opinion adds that there is only one thing standing in Huber's way, and that is his excellent record here as district attorney. In the opinion of the jurist, the department, because of this record, may desire to have Huber continue in his present work. Circuit Judge Ashford is said to also be in line for the appointment. The Star-Bulletin has learned that his qualifications for the promotion were recently sought by officials and others in the national capital. The present prediction around the courts is that Huber will succeed Clemons and that Assistant U. S. Attorney Samuel B. Kemp, former Texas judge, will be appointed to fill one of the vacancies on the circuit court bench. This change, it is believed by some, would mean the appointment of two mainlanders to the local U. S. attorney's office.

LEGISLATORS IN CAUCUS DECIDE ON CHARTER CHANGES

Senators and Representatives Meet, Alter Plans in Seven Important Respects

Discussion of the city charter proposed by the charter convention and adopted on November 12, 1915, was held last night by a general caucus of Oahu representatives and senators, resulting in suggestions for half a dozen vital changes in the draft of that date. The caucus was in the Commercial Club. Democrats and Republicans were there alike—no differences of party being forgotten in the effort to arrive at a decision for united action in the legislature, which is scheduled to convene next month. Practically all of the delegation was present. Among the tentative suggestions made were the following: 1. That the city supervisors be elected from districts of Honolulu—three from the 4th and three from the 5th. (The proposed charter provides only six supervisors, all elected at large.) 2. That the hold-over system for supervisors in office be adopted, half to remain two years after the other half has passed out, making a four-year term for each group after the system is in running order. 3. That the territory keep the collection of taxes, not the county, as proposed in the charter draft; larger amounts of tax money to be given to the counties than heretofore. 4. That an officer of the county should not hold an office in the territory. 5. Bonds should be provided, in every case by surety companies, not by personal bondsmen. 6. The office of superintendent of city works should be elective as provided in the proposed charter, with the additional qualification that he be a man of known executive ability and should file \$25,000 as a bond upon nomination. 7. The salary of city attorney should remain at \$3600 as now and not be reduced to \$3000 as provided by the proposed charter. 8. The night's caucus was the most important yet held by the Oahu legislators, according to opinions expressed today by members who were present and took part in the discussions. The vote to work on the proposed charter came early in the meeting and from that time on this theme formed the subject of debate. C. H. Cooke, representative from the 4th district, made the suggestion that supervisors should be elected according to districts, and it was he who made the suggestions regarding taxation which precipitated warm discussion. Cooke was named as chairman of the taxation committee, which will report at the next meeting. Senator A. L. Castle insisted upon the amendment which would prevent a county officer from holding office in the territory. The double office of Deputy City Attorney W. T. Carden, who is also a public utilities commissioner, was cited as a specific example of the present case. Senator R. W. Shingle, formerly a city supervisor, moved for the vote which would retain one-half of the supervisors in office after the other half had finished a term. The question of recall brought up hot discussion and was probably the longest argued of any proposals. Opponents to the recall system as drafted by the charter convention argued against the system of letting petitioners amounting to 20 per cent of an officer's vote, bring about his recall. As the next meeting, which will be held Wednesday night, the duties of city offices as provided for in the proposed charter will be considered.

ALLIED SHIPPING SUFFERING MANY MILLIONS' LOSS; RUMOR GERARD OFFERS RESIGNATION

London Hears Report U. S. Ambassador at Berlin Stands by Speech Which Wilson Questioned

(Associated Press Service by Federal Wireles) NEW YORK, N. Y., Jan. 18.—With Allied shipping reported to be suffering many millions of dollars' loss from the mysterious German raider loose in the South Atlantic, the British navy has sent squadrons of fleet cruisers to comb the seas off the coast where the raider is now thought to be operating. The possibility that the raider is continuing its swift and deadly operations has sent owners of ships and underwriters, as well as shippers of cargoes, into a state of extreme nervous tension, fearful hourly of news of further sinkings. The losses already ascribed to the black-funnelled free-lance of the ocean reach fifteen or twenty millions. A cordon of British cruisers, it was reported today, is sweeping the South Atlantic. Various reports come of the identity of the German craft. In some quarters it is believed to be the auxiliary cruiser Vineta; in others, the Moewe, the raider which once before slipped through the North Sea patrol and created havoc among Allied shipping a year ago. The possibility that the raider armed and manned the prizes which it took in the form of steamers, and has despatched them somewhere and then continued its mission of preying on hostile merchantmen, is a source of anxiety. The fate of the 4600-ton British steamer Yarrowdale, which is said to be carrying the crews of the vessels that were sunk, has not been ascertained.

MARSHAL GIVEN CARE OF MONEY TAKEN IN RAID

Portion Given Attorneys of Alleged Smugglers; Smiddy Banks Rest

By a stipulation between parties in the civil suit brought by Arthur Alms and Jose Rey, charged with trafficking in opium, against Acting Collector of Customs Raymond Sharp, an action for the recovery of \$6388 taken from the plaintiffs in a recent raid on their home in Manoa, the money on Wednesday afternoon, was turned over to Marshal J. J. Smiddy. The raid, which brought about the arrest of Alms and Rey, was made by detectives and treasury department agents. The money secured was turned over to Sharp. In their suit Alms and Rey seek the return of not only the money but several other articles, including clothing, photographs and trunks. Five thousand dollars of the amount has been deposited by Smiddy in his special fund, and the balance, \$1388, has been turned over to George A. and Charles S. Davis, attorneys for the two men. The money will remain in the marshal's possession until the civil suit is disposed of.

Renowned Hindu Poet, Tagore, to Visit Honolulu

Indian Mystic, Nobel Prize-Winner, to Give Reading Tuesday Afternoon

Rabindranath Tagore, Hindu poet and philosopher winner of the Nobel peace prize for letters, and knighted by Britain as one of her illustrious sons, will visit Honolulu for a few hours next week and will give readings here under the auspices of the Footlights, Honolulu's leading amateur dramatic organization. As the result of efforts of members of the club, some here and some on the mainland, the renowned poet has consented to appear on the afternoon of the day he arrives, next Tuesday, on the Roof Garden of the Young Hotel. The club was busy today arranging for the sale of 450 seats—the limit of accommodation. The seats will go on sale tomorrow at Cunha's music store, 78 S. King street. No seat reservations will be made, and "first come, first served" will rule with the ticket as well as in the seating on the Roof Garden. The proceeds will be devoted primarily to the endowment of the boys' school in India which Tagore is promoting. Tagore has been in the States for several months. He went to Japan from India and from Yokohama went by the northern route to the United States. He has lectured and traveled widely on this tour and has been received with the greatest appreciation. It is his second U. S. tour. On the first he was unknown and received with little attention. Then came the award of the Nobel prize, which gave him world-wide advertising, increased when he was knighted. His second tour has been a triumph. He is 55 years old, a poet, musician, dramatist and more lately more or less of a speaker on Indian political subjects. One faction of Hindus is very bitterly opposing him, declaring that he has favored the Allies for selfish reasons, and on the Pacific coast recently he complained that he was in danger of assassination. He left one of the coast cities hurriedly to avoid what he said was grave danger. Tagore is a passenger on the Siberia Maru and had not intended to speak in Honolulu, but Mrs. J. R. Galt and Mrs. F. R. Day, members of The Footlights now on the mainland, were instrumental in securing his consent to give the reading here. He is said to have visited the mainland on a guarantee of \$15,000 for his tour.

ROTARIANS WILL ENDOW BED FOR SICK CHILDREN

Decision to establish an endowed bed in Kaula Children's Hospital was made unanimously by the Rotary Club at its regular weekly lunch today.

Just before Christmas each member of the club purchased a gift or gifts and the club in a body visited the Children's Hospital and played Santa Claus. At the following meeting Harry Bailey moved that the club establish a bed in the hospital and this movement resulted today in the presentation of a resolution by President Towse, read and advocated by Marston Campbell, that the bed be endowed. President Towse named Norman Watkins chairman of a committee to put the plan into practicable shape, after which subscriptions will be made by the members. It is expected that the endowment will reach \$5000.

The Rotarians today welcomed home Sumner S. Paxson, one of the founders and first president. He retired from the presidency not long ago because of a prolonged absence on the mainland on a vacation trip. Returning this week much benefited and ready to resume residence here, he was greeted with Rotarian cordiality.

Three visitors spoke briefly at today's luncheon—R. J. Trimble and T. J. Donohue of Omaha, Neb., and J. Otto Thilow, secretary of Henry A. Dreer, Inc., a big seed and bulb house of Philadelphia. Thilow is here to study Hawaiian horticultural conditions. He spoke warmly in praise of Hawaii and its trees and shrubs, telling of some which can be tried out on the mainland. He also explained how the work of the Promotion Committee through the Lyman Howe travels had brought him to Hawaii. Thilow says there is possibility of a considerable industry in seeds, plants, etc., between Hawaii and the mainland.

PROTEST REPORTED AGAINST PRACTISE BY ARMY DOCTORS

Formal protest by civilian doctors of Honolulu against the private practice of medicine by army doctors, made to the secretary of the Medical Society of Hawaii in November, has resulted in an investigation here by army headquarters, according to a report which was verified from an authoritative source today. Attorney Robert W. Breckons is said to be representing the Honolulu doctors in Washington. According to a member of the society today several of the local physicians have been called before the inspector general of the Hawaiian Department for questioning in the matter.

EVENTS TREND TO AMUSEMENT PARK

Emil A. Berndt, chairman of the Hawaii Promotion Committee, is highly enthusiastic over the bright prospects for the proposed amusement garden, as he cautions it, in Kapoli park, which he is fostering, especially since the favorable talk about a Waikiki beach road has started and also since the downtown amusement pier plan failed to gain harbor board support. "Everything is working towards the Kapoli park amusement park plan, he declared, "and I expect to prepare a letter at once, recommending it to the harbor commissioners and suggesting that they call a public meeting to discuss it. If it goes through, and I am pretty sure the people are for it this time, it will mean real fun for the local residents, additional funds for the territorial government and an added and invaluable amusement and attraction for what is rapidly becoming one of our greatest assets—our visitors."

Berndt says he favors some kind of a pavilion at the downtown waterfront to accommodate the crowds at Hawaii's two greatest and most popular events—Regatta Day and the Carnival, but believes other amusements should be out on the beach at the end and as a kind of an objective and climax to the proposed beach road. These work hand in hand, he believes.

MAN, 50, CAUSED TROLLEY CRASH SO HE COULD SEE "FUN"

EDWARDSVILLE, Ill.—"We just wanted to see some fun," said Curtis Force, farmer, 50, confessing to the police that he and Charles Craig, a crony, pulled spikes from the rails of the Illinois Traction system and caused the wreck, October 26, that resulted in the death of one and the injury of a score of passengers. Alfred T. Bennett, a rural mail carrier at Geneva, N. Y., mysteriously disappeared.

DIES AFTER 40 YEARS RESIDENCE

James Lycett, born 1843 in Sydney, New South Wales, died of heart disease at his home, 1054 Kinau street, this morning. The funeral will be held at 3:30 Friday afternoon at the family residence. Burial is to be in Nuuanu cemetery. He was downtown yesterday in his usual good health. The deceased came to Hawaii in 1876, accepted an offer from Alexander Young, then manager of the Honolulu Iron Works, as superintendent of the boiler department and was with that concern for 24 years, during which time he designed and constructed a great deal of the earlier sugar mill machinery. He retired on account of ill health. Surviving Mr. Lycett are the widow Mrs. Annie Lycett; the following children, John Lycett and Sarah Harries of San Francisco, and Emma McKeague, Maud Cottrell, Edith G. Alice Camp, William Lycett, Ada Lycett, Florence Giles, Bertha Lycett and May Wright, all of Honolulu, and 11 grandchildren.

New Russian War Minister Is Named

LONDON, Eng., Jan. 18.—Reports from Petrograd today say that General Belfrage has been appointed war minister to succeed General Chonvichin. The resignation of the Russian premier Trepoff a week ago is reported to have been followed by several other important cabinet changes at that time.

Rumor Gerard Quits If Talk Criticised

LONDON, Eng., Jan. 18.—A report has reached here indirectly from Berlin that James Gerard, U. S. ambassador at Berlin, has offered to resign if President Wilson disapproves the speech he made in Berlin at the banquet tendered him after his return from his recent trip to Washington. The report is that Gerard's speech contained a statement that relations between the United States and Germany had never been better since the outbreak of the war, and that it remained with Germany to continue them so. After the report of the statement was cabled to the United States, the president was said to have asked Mr. Gerard what he said. It is now reported that Gerard sent a cablegram in explanation and added that he would offer his resignation if the explanation should prove unsatisfactory.

BANK OF ENGLAND DISCOUNT LOWERED

LONDON, Eng., Jan. 18.—The Bank of England discount rate was lowered today from 6 to 5 1/2 per cent. This action is regarded as proof that the gold situation and foreign exchanges are well in hand.

GERMAN OFFICIAL CABLEGRAMS

BERLIN, Germany, Jan. 6.—Official report for January 16 says that on the west there was little important activity. On the east, south of Smorng, engagements have developed.

GERMAN ARMY HEADQUARTERS, Jan. 16.—Western arena: Attempt of French detachments to enter near Luivraignes, south of Roye, into our positions was frustrated by the trench garrison. Otherwise fighting on both sides was within moderate limits today. Prince Leopold's sector, east front: Nothing important.

Archduke Joseph's Carpathian sector: Yesterday again hostile attacks between Kasinu and Susita valley remained fruitless. Rumanians, who had entered one place, were completely driven back by counter-thrust. On this occasion an officer and 200 men were prisoners.

Von Mackensen's front: After violent artillery preparation on both sides of Punden strong Russian masses advanced for the attack in storming waves, but broke down some 100 meters before our positions in a curtain fire. In the evening the attacks were repeated and feeble detachments arrived in our trenches, but were immediately driven away again. The enemy losses were great. On the Macedonian front the situation is unchanged.

HARRY THAW IMPROVING

(Associated Press by Federal Wireles) PHILADELPHIA, Pa., Jan. 18.—The condition of Harry Keniall Thaw is satisfactory. He is improving steadily from weakness caused by the cutting of his throat and wrists. It was learned today that he is planning to fight extradition to New York, where he is under indictment by a grand jury on the charge of assassinating Fred Gump, Jr., a youth of Kansas City.

German Lines On West Forced Back

BERLIN, Germany, Jan. 18.—The evacuation of German positions near Serre, on the Somme, is announced in the official report today.

A British attack at Loos was repulsed after violent fighting, according to today's official statement.

AUSTRIA AND GERMANY TO DISCUSS FOODS?

LONDON, Eng., Jan. 18.—A Vienna despatch to Reuter's Telegram Agency says that Premier Clam-Martino of Austria and General Hofer, one of the food supply officials, have departed for Berlin to discuss the food situation with high German authorities.

KAISER HAS NAMED VICEROY FOR POLAND

LONDON, Eng., Jan. 18.—A despatch to the Central News Agency reported here, and dated in Warsaw, says that Kaiser Wilhelm has appointed Prince Vaulhelm von Niemovskski as viceroy of Poland.

REICHSTAG NOT TO ASSEMBLE THIS MONTH

LONDON, Eng., Jan. 18.—The Central News Agency today says that the German Reichstag will not assemble this month, but will meet on February 10.

EIGHT SOLDIERS ESCAPE DEATH IN KANEHOE WATERS

A report which reached Honolulu shortly after noon today to the effect that six soldiers were probably drowned off Mokapu Point, near Kaneohe, was traced to its source in the capsizing of a boat with eight soldiers, of the engineering corps, while engaged in taking sounding off the shore. The men were saved, but their rescue was a fortunate one. They were in the water for nearly two hours and when rescued were in an exhausted condition. The men who took out the boat are part of the engineering detachment of 24 men from D Company of Engineers, Fort Shafter, who for about a month have been doing survey work on the proposed Waimanalo military reservation.

The men went out in a large boat and were about 7000 yards from shore when the boat capsized. A powerboat from Kaneohe hotel and a Japanese fishing sampan went to the rescue when the plight of the men was noticed, and they were picked up. Capt. R. A. Wheeler of the company this afternoon said the escape was miraculous. The men got into lifebelts and were able to save their instruments.

Pvt. Dixon of the 8th Ohio Infantry will be called before a summary court to answer the charge of having snatched a "round robin" for 400 members of the regiment and sent to an Akron, O., newspaper, but intercepted en route.

San Francisco Shivers; Fuel is Short, No Cars!

(Associated Press by Federal Wireles) SAN FRANCISCO, Cal., Jan. 18.—The San Francisco bay cities are in the grip of a coal shortage, to which the chilly weather adds unusual hardships. A third of the fuel dealers reported today that they have not a sack of fuel for sale at any price. The shortage of cars to bring in the fuel is blamed on the dealers, as predictions of the shortage were made weeks ago. Luckily the cold snap is moderating.

CRIMINAL CASES PRESENT PUZZLE

What is to become of the criminal cases now pending in the circuit court? City Attorney Brown does not know, Judge Ashford does not know and Judge Whitney is too busy trying to untangle the Kahana land case to be seen.

PROPOSE CHANGE IN LICENSE LAW

Proposal to change the licensing of peddlers in country districts from once a year to once every three months is said to have been made by members of county police of Maui, with a view to having it brought before the legislature.

It is claimed that the change would provide an increase in revenue, through less evasion of the law than is now practiced, the argument being that many of those who evade payment of the license now are men who sell for only a week or so a year in certain outside districts.

WEEKLY PRODUCE REPORT

Table with columns for Butter and Eggs, Poultry, Vegetables and Produce, Fruit, and Livestock. Includes prices for various items like island butter, eggs, chickens, and produce.

FIRST JUDGE SETS CASES FOR TRIAL

Honolulu attorneys, attention! Have you any jury or jury-waived cases pending in the circuit court? If you have, give heed to a decision reached by Circuit Judge Ashford today.

VOLUMINOUS CASE AT LAST ENDED

LONDON, Eng.—The longest and one of the most unique lawsuits ever heard in the English courts has just been decided. It involved the ownership of \$2,500,000 in gold which the Amalgamated Properties of Rhodesia, Ltd., owners of a million acres in Rhodesia claimed that the Globe and Phoenix Gold Mining Company, which owns the richest gold mine in the world, had taken from the Rhodesia property.

More than 50,000 questions were put to witnesses and answered. In the final summing up counsel for the defendants spoke for 45 days. Chief counsel for the defense received a fee of \$5000 and his "refresher" or daily charge was \$500.

The documents in the case were so voluminous that two large rooms were crowded with maps, assays and reports. The proceedings were enlivened by stirring scenes between opposing counsel and apologies were ordered by the court.

WARRANTS CLASSIFIED

TO RENT. Furnished front room for rent in a private family; cool neighborhood; near Punahou car line. 1579 Piikoi street. 6686-3t.

FOR SALE. \$8 Note Pianola Piano, was \$650.00; mahogany case; good condition; now \$325.00. Box 472, Star-Bulletin. 6686-6t.

NOTICE TO CREDITORS. The undersigned, having been duly appointed Ancillary Administrator of the estate of Carl O. Poss, late of Ke-kaha, Kauai, deceased intestate, hereby gives notice to all persons having claims against said estate to present the same, duly verified and with proper vouchers (if any exist), even though such claims be secured by mortgage, to the undersigned at his office, Mutual Telephone building, Adams lane, Honolulu, T. H., within six months from the date of the first publication of this notice, or they will be forever barred.

**MAKIKI MURDERS WAKE MEMORY
OF LANAI KAHUNA TRIPLE TRAGEDY**

**Mother of Two Murdered Boys
Was Accused of Complicity
But Escaped Conviction**

Investigations of the Makiki double murder, for which Keawi Keawekane confessed early yesterday afternoon and the mother of her knowledge of it later in the day, unearthed a startling feature branching back into the mists of ancient Hawaii.

The police announce they have discovered that Mrs. George Kanoa, mother of the murdered boys, George and Kama, was one of the defendants in the famous Lanai murder sensation which started the islands a quarter of a century ago.

Kamaianas about the police station are busy recalling the details of that awful affair—one of the last and greatest horrors of kahunaism or Hawaiian sorcery.

Attorney Reserves Plea

Keawekane was arraigned in the district court this morning. Attorney Lorrin Andrews represented him and reserved plea. The case was set for January 20, but he will be arraigned before the grand jury tomorrow.

Attorneys S. F. Chillingworth and W. J. Sheldon, both of whom were living in the islands at the time of the Lanai affair, offered most of the information relative to it with considerable prompting from others.

Chillingworth was sheriff of Maui with jurisdiction over Lanai at the time, but as it happened 26 years ago he is not certain of names and dates. With others assisting he tells the story briefly.

Story of Lanai Affair

"Puuloa, a Hawaiian woman, was the kahuna. Just a few weeks ago she was pardoned from prison, where she has been ever since for her part in the crime. She is now living in Kaimuki with the former and real husband of Mrs. Kanoa, mother of the murdered boys.

"Her present mate was also implicated in the murder, a triple one, and served time but was released before Puuloa. He and Puuloa are now living together, I understand, because the man found that his wife, Mrs. Kanoa, had taken up with another during his imprisonment and had given birth to two boys, the murdered lads. Woman Has Strong Influence

Three persons were killed on Lanai in 1890, I believe it was, through the evil influence of Puuloa, assisted by several. She had absolute domination over the others and forced them to do such strange things as going naked, when the spirit moved her.

"I was sheriff of Maui at the time and arrested and indicted eight persons for the murder of the three. Included were Mrs. Kanoa, whose own son had been killed, her husband and Puuloa. As I remember six of these were convicted and two discharged. Mrs. Kanoa was one of them.

"The three killed were a man, a woman and a boy. The boy was Mrs. Kanoa's. They were all offered as sacrifices to the gods at Puuloa's order. The woman's back was broken by her own husband at command of Puuloa and thrown into a burning house with the man and the boy. They all perished.

"As I remember the story the husband of the sacrificed woman rushed into the flames at the last moment and dragged her body forth to save it, but the other two perished in the blaze.

Grand Jury to Consider

"Because he is a minor will not in any way interfere with the prosecution of Keawi Keawekane on charges of murder," City Attorney Arthur M. Brown said today. "Anyone who is over 14 years old and charged with a criminal offense can be prosecuted."

City Attorney Brown was at work today on the Keawekane case. As related in the Star-Bulletin's exclusive story Wednesday, the 16-year-old Hawaiian boy has confessed the murder of little George and Kama Kanoa in their home far up Makiki valley a week ago last Monday morning.

When the territorial grand jury meets at 2 o'clock tomorrow afternoon, Attorney Brown intends to present the case for investigation by that body. Two charges will be placed against the boy, each alleging first degree murder.

This probably will be the only case presented to the jury tomorrow. Brown says that if a report is made it will be presented to Judge Ashford.

C. U. CHURCH SENDS GREETINGS TO DR. AND MRS. SCUDDER

Upon motion of Frank C. Atherton members of Central Union church at their annual meeting Wednesday evening, unanimously voted to send a cablegram of greeting to Dr. and Mrs. Doremus Scudder, now in Tokio, Japan. Dr. Scudder formerly was pastor of Central Union but resigned to become minister of the Foreign church at Tokio.

The cablegram sent to Dr. and Mrs. Scudder follows:

"Central Union church, in annual meeting assembled this evening, sends you and Mrs. Scudder greetings and all good wishes."

A message similarly worded will be sent to Rev. A. A. Ebersole, former associate pastor, if his cable address can be obtained. When last heard from he was in Budapest, Hungary, on his way to prison camps of the Allies to conduct Y. M. C. A. work.

THIS IS SCOTCH NIGHT AT THE Y. M. C. A.; TALK ON LAND OF THISTLE

Tonight will be a Scotch night at the Y. M. C. A., when Dr. J. F. Dickie will give an illustrated talk on the "Land of Scott and Burns." In addition Stanley Livingston will sing some Scotch songs. The lecture is a part of the regular series of talks held every Thursday evening at the Men's Association. Dr. Dickie is from Detroit and has traveled over many of the countries of the world. He has for the past 23 years been connected with the American Presbyterian church in the city of Berlin. His experiences during the war are highly interesting. The talk this evening will begin at 8 o'clock and will be held in Cooke hall.

COLDS CAUSE HEADACHES LAXATIVE BROMO QUININE

LOCAL AND GENERAL

Honolulu Commandery No. 1 has installation of officers tonight.

Olive Branch Rebekah Lodge No. 2, I. O. O. F., has social meeting tonight.

A demurrer to an indictment charging Lai Duck with counterfeiting has been overruled in the federal court.

Federal trial jurors not engaged in the case of Lai Duck have been excused until 9 o'clock next Monday morning.

Sentence of C. K. Chong, hawkey with trafficking in opium, has been postponed in the federal court until January 20.

German organizations and societies will meet at 8 o'clock tonight in the German school rooms to hear annual reports on Red Cross and war relief work.

Newly elected officers of Hawaiian Post, Veterans of Foreign Wars, will meet at 7 o'clock tonight in the harbor commission rooms of the capitol for installation.

Suits for divorces have been filed in the circuit court as follows: Emily Low against William Low, non-support; Frank Williams against Rose Williams, desertion.

The Mills Club will meet on Thursday, January 25, at 3:30 p. m. at the home of Mrs. A. J. Campbell, 1591 Beretania avenue. Miss Persis Coleman will be the guest of honor.

A Jaughter, Madeline Kalama, was welcomed Wednesday at the home of Mr. and Mrs. Robert Parker, Jr., of 889 Kinao street, Palama. Parker is assistant clerk in the supreme court.

Mary Medeiros, aged three years, was found Wednesday by Mrs. H. P. Green and taken to the police station, where she was later claimed by her mother, Mrs. Jesse Medeiros of 233 Magellan street.

The members of the various German organizations and societies will meet this evening at 8 o'clock in the rooms of the German school to receive the annual reports of the committees on Red Cross and war relief work.

HOTEL DAVENPORT IS OPENED WITH DANCE

With a large number of invited guests present the formal opening of the Hotel Davenport, formerly the old Wilder residence at Lunaliio street and Davenport place, was held last night.

Dancing was enjoyed, Kala's orchestra furnishing its usual excellent music. Refreshments were served. About a hundred persons attended and presented their good wishes for a successful season to Miss J. Jessie Rae, the proprietor and manager of the new hostelry.

RECORD ENGINEERING FEAT IN REPLACING MISSOURI BRIDGE

OMAHA, Neb.—The old steel bridge of the Union Pacific railway over the Missouri river between Omaha and Council Bluffs, which has been in service for 39 years, was recently removed and replaced by a new steel bridge which had been built on false work alongside the old.

The actual operation of removing the old bridge, which weighed 5,600,000 pounds, and putting in place the new, which weighed 11,200,000 pounds, required 55 minutes, 4 1/2 for removal of the old and 50 1/2 to replace it with the new. Five hoisting engines, equipped with block and tackle, were used. Union Pacific officials said the work was an unusual engineering feat.

This is the third bridge built across the Missouri on the same site. Certain historical interest attaches to the place, for it was here that pioneers first crossed the river on a flat boat.

DEWEY'S MEMORY HONORED TODAY

Orders to lower the flags on all custom house buildings of this port to half-mast in honor of the memory of the late Admiral George Dewey, the hero of Manila Bay, whose funeral will be held in Washington Saturday, were received today by Acting Collector of Customs Raymer Sharp from the treasury department.

In accordance with the instructions which arrived this morning, the flags were lowered at once and will remain so until after the funeral. Similar orders were sent out today to mainland custom houses and flags are at half-mast on all custom houses throughout the country and in the Philippines as well as Hawaii.

RILEY H. ALLEN

EDITOR

THURSDAY, JANUARY 18, 1917.

WAS LANSING RIGHT?

President Wilson's note to the belligerents asking them to define their war aims was conceived weeks before Germany's peace proposals—and Germany's move was made largely because of the acute diplomatic crisis between Berlin and Washington.

This declaration, with a wealth of confirming detail, is printed by the New York World, the newspaper closer than any other to the president—so close that it is virtually the unofficial organ of the administration.

The story told by the World is the most startling commentary on the international situation that has reached Honolulu. It should bring to the minds of residents of these "Isles of Peace" a realization of the fact that their country is not far from the whirlpool of war. In the light of this story, the explanations of Secretary Lansing are significant. Lansing, it will be remembered, said the United States was in danger of being drawn into the maelstrom. Though the president caused him to revise his first explanation, it is not impossible that this first addendum to the president's note held the kernel of truth.

Briefly, here is the World's statement, and as it was not even hinted at in telegraphic despatches, it is absolutely new to Honolulu:

Throughout the latter part of November and early in December, evidence came to the state department that Germany was not respecting the pledges on submarine warfare it had given Mr. Wilson. Information came that Germany was about to engage in a ruthless warfare, with a large number of new and powerful U-boats, and also that Berlin had remained silent when Uncle Sam asked what punishment had been given to submarine commanders who violated the pledge.

The diplomatic negotiations came to a more and more critical pass. The Sussex note had placed this country finally on record as threatening to sever diplomatic relations with Germany. It was obvious that with a resumption of ruthless warfare, Germany would again transgress her pledge, and that the United States would have no course open but that of severing relations—perhaps leading to war.

On December 8 the crisis became acute and at this time the president decided to put into effect, as the World declares, a plan he had long considered—of sending a circular note to all belligerents "calling attention to the fact that the interests of the United States as a neutral nation had been most seriously affected by the war, and that the concern of the United States in its conclusion arose out of a manifest necessity to determine how best to safeguard its own interests if the war was to continue."

The World goes on to relate that the president then formulated his so-called "peace terms" note. "Count von Bernstorff," the World continues, "either received an intimation or learned indirectly of the proposed steps. In any case, he became thoroughly convinced of the acuteness of the situation and of the danger that Germany ran of having the United States sever relations with her."

This knowledge, and the pressure of the internal situation in Germany, caused Germany to plan its peace proposals. The World declares that the proposal was to be made through the Vatican during Christmas week, as the time best calculated to reach sentiment at home and abroad. But von Bernstorff's report on the acuteness of the submarine situation caused the German government to hasten its action, and accordingly Chancellor von Bethmann-Hollweg went before the Reichstag on December 12 with his now-famous speech.

The international situation was revolutionized. The submarine crisis was at once "blanketed" and public attention turned to this new phase. President Wilson determined merely to transmit the German proposals without comment on his own, and later to follow the plan he had already decided upon—that of the circular note to belligerents.

The World says also that Lansing's first statement was the true explanation of the Wilson note, and this pro-Wilson paper declares that there is no question but the danger to the United States caused Mr. Wilson to make his move.

The World article and those of other New York and Washington newspapers, with resultant comment, bring the sobering conviction that the United States is in more imminent danger of being involved in the actual war than at any time since the sinking of the Lusitania. Meanwhile, under the veil of diplomatic secrecy events are occurring in Washington, Berlin, London and the other capitals at which we outsiders can only guess.

NORWAY HARD HIT.

There seems little doubt that Germany is directing her submarine campaign as much against Norway as against the Allies. Norwegian vessels are being sunk daily. In fact, the German press contains frequent significant comments to the effect that Norway is getting what she deserves for not siding more with the Teutons.

Norway had lost 242 vessels from the beginning of the war to the end of November, 1916, of which 182 were steamships and 60 were sailing vessels. Their total tonnage was 335,415 register tons, and the insurance on them amounted to 145,700,000 crowns (about \$41,000,000). Since December 1 at least 40 more vessels must have been sunk.

"WHY NOT IN HAWAII?"

The question just above is asked by a Star-Bulletin reader, who sends to this paper the following extract from a news article in the De Kalb, Illinois, Daily Chronicle:

The supreme court yesterday upheld a verdict of a Kane county jury ordering the Aurora Brewing Company et al. to pay Mrs. Louise Greenacre of Hinckley \$3000 for the death of her husband under a Burlington train. Mrs. Greenacre sued for \$10,000 naming as defendants the Aurora Brewing Company and Otto Elby and Adolph Weiss of Hinckley, saloonkeepers. Mrs. Greenacre claimed that her husband who was killed November 15, 1913, was run down while intoxicated. He got the liquor at a saloon run by Elby & Weiss, Mrs. Greenacre alleged. The building in which the saloon was located was owned by the Brewing company.

Suit was filed under the dramshop act under which both the saloon owner and the owner of the building where the saloon is located may be held for damages for the death or injury of a person who is injured as the result of being intoxicated.

Inasmuch as there is evident a movement among legislators to amend the liquor law at the coming session of the legislature, this suggestion is brought to their attention. It possibly saved the widow of the dead man from hardships no woman should be called on to face on account of John Barleycorn.

FALKENHAYN: ONCE PLANNED, NOW LEADS

From the American Review of Reviews. The latest addition to the list of successful German commanders in the field is General Erich von Falkenhayn, who is fifty-five years old. He had been minister of war when the great conflict began, and had assumed the office of chief of the general staff in October, 1914, when Count von Moltke retired after the German defeat at the battle of the Marne. For nearly two years Falkenhayn remained in that important office, when he, too, was dismissed after the German failure at Verdun. Falkenhayn, however, was immediately placed in command of an army to cooperate with Mackensen in the attempt to crush Rumania.

The brilliant staff officer proved to be an equally brilliant field officer. His was the task of ridding Transylvania (Hungary) of Rumania invaders, of capturing the mountain passes, and of marching upon Bucharest from the north and west while Mackensen came from the east and south. To Falkenhayn, as chief of staff, had been given credit for planning the Serbian campaign. In his Rumanian operations, however, during November and December, he rose to greater heights as a strategist. German experts declare that his swift advance upon Bucharest is without parallel in military history.

Another notable German military figure is General Erich von Ludendorff, Hindenburg's quartermaster-general and indispensable "right-hand man." It has been said that "Ludendorff plans and Hindenburg decides;" that "Ludendorff is Hindenburg's brain." The two are inseparable.

NEBRASKA'S CHIEF BOOSTER.

The new governor of Nebraska is evidently a "live wire."

Nobody ordinarily thinks of Nebraska as a tourist state.

It raises fine grain, but little scenery; plenty of fat hogs, but not much special climate.

Yet Governor Neville in his inaugural message made a plea for the establishment of a state publicity bureau, "so that other people outside of the state might learn about Nebraska."

The new governor is only 33 years of age—the youngest executive the state ever had. His advocacy of systematic publicity as a means of putting Nebraska among the best-advertised states on the map gives an indication of why the people of Nebraska elected him. He is "up and coming."

Today is an historic date in United States history. On this day it can be said that the sun never sets on Uncle Sam's territory. Yesterday's completion of purchase of the Danish West Indies makes this possible. Up to yesterday, Great Britain was the only nation whose subjects could make the boast. Now Americans can chime in with a little imperialism of their own. Incidentally, Hawaii is a very important link in this "Sunshine Belt" around the globe.

Those merry souls who are chortling over a large prospective increase of income in 1917 are invited to gaze upon the details of the proposed federal income tax. It is warranted to shrink any substantial personal revenue.

Somehow the wrecking of the U. S. cruiser Milwaukee to save the submarine H-3 reminds us of the farsighted way in which Hole 16 was saved for the Country Club.

Mount Lassen invariably gets into action a week or so after Kilauea has been sending up fireworks. The Native Sons are a jealous bunch.

If Thomas W. Lawson stays long in Washington, Chicago is in danger of losing its nickname of the "Windy City."

Query: What terrestrial phenomenon has more perfectly good explanations than the high cost of living?

The Russo-Rumanians won a glorious victory yesterday, running only ten miles instead of twenty.

EDUCATIONAL CLASSES OF Y. W. C. A. MAKE SPLENDID 1000 PER CENT GAIN

Y. W. Budget Campaign
January 31, February 1-2

"The growth of 1000 per cent in educational classes at the Y. W. C. A. is due to many things," said Miss Annetta Diekmann, educational secretary, today. "New equipment has been a big help in enlarging the classes, and instructors who proved to be efficient helped in many ways."

"When the cooking class was first started, the members did their work in a private kitchen. Now we have a domestic science room with two cooking classes actively engaged. The Japanese ladies of the city have taken an especial interest in the domestic science course, and many have testified that their husbands are very much pleased with the new dishes that have formed a part of the meal at their homes."

The growth of the clubs has been another factor in increasing the membership in the classes. The clubs brought in the members and the members then took advantage of the opportunities presented by the educational department. Excellent instructors were secured and the classes in music and millinery have shown a big growth during the past year.

The Business Girls' Club has also become interested in the various courses that have been established. Discussions at meetings brought about the need for instruction in certain lines, and when a certain number requested a class the association began a course. The educational work has grown from nothing to something. Needs Quickly Met

"Whenever a certain number of young ladies become interested in any line of work, where a class will be of

benefit, the association has always believed in meeting their needs. Dramatic classes were formed, instruction in dressmaking was given and these courses have been unusually popular.

"For the coming year the association has planned to have an advanced class in cooking, where the members will have an opportunity to make pastries, puddings and other dishes. In addition to this a class in household efficiency will be started. Hawaiian dishes with the best of each will be given, and members will be told how to keep down the expense in the home."

Many Classes Are Planned
"Other classes planned are millinery, dressmaking, typewriting, English composition, dramatics, and an effort is being made to establish special courses in china painting, current events, and the study of paintings. Altogether we expect another big increase in the educational work during 1917," she concluded.

Citizenship is Taught
As part of the educational work of the week the Citizenship Club of the association will hold a meeting at the Public Library at 2:30 on Saturday afternoon. All Japanese girls of high school age are invited to be present. It is expected that more than 100 girls will attend the meeting.

The 100 girls will be divided into five groups, and different members of the staff will explain the library courses to the groups. Miss Caroline Green will explain the card system in effect at the library; Miss Elizabeth Richards will tell the girls of the uses of the reference books; Miss S. Maud Jones will explain the system of loaning books; Miss Helen Stearns will give a talk on the travel library and Miss Mary Lawrence has promised to tell stories to the groups.

WANT INFORMATION ON KUHIO WHARF QUESTION

A. C. Wheeler, harbor board official on Hawaii, will be asked for more information concerning the substitution of a Hawaii Railway motor for running the sugar conveyor machinery at Kuhio wharf before the harbor commissioners vote on the question.

Letters are being prepared today asking for statistics on the amount of sugar now on hand at Hilo, the amount to be received in the next month, and what boats will probably

call for it. Wheeler suggested in a recent letter that as the motor which the Hawaiian Electric Company has agreed to furnish has not been delivered, the machinery might be run with a substitute.

PREPARE NAVAL WAREHOUSE

Men from the office of the constructing quartermaster were put to work this morning preparing one of the warehouses on the naval reservation at the foot of Richards street for use by this division of the department. The constructing office will move from the Hotel street building within 10 days.

Advice

Is Always Timely, Especially in Reference To Paid Publicity.

Here is The Advice that comes from one who has done business, and that successfully:

"Put Paris Green on your worry-bugs.

"Blow Flea Powder on your Fear-Insects.

"Deposit a few poisoned biscuits where your remorse-rats can get them.

"Kill Off everything that holds you back.

"Fumigate your whole frame. Clean house.

"Start Fresh.

"Think and Think a lot about yourself. If you don't deserve this self-respect, buy a lot more poison."

That is Especially sound advice for the man who is in business and plans to go ahead. After he is in good mental condition and can think well of himself, believe in himself, he will automatically go forth through Paid Publicity and tell his prospective customers what splendid opportunities await them.

Paid Publicity is Power.

MAIL ORDER METHODS

Mr. Herman Rosenthal, advertising manager for Sears, Roebuck & Co., of Chicago, recently told the members of the American Ad Club one of the methods by which that company extended its trade.

"We have a bureau whose duty it is to read, each week, the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers, and when we find a town where the merchants are not advertising in the local paper, we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants all the time use their local paper."

Stangenwald Building.

PERSONALITIES

MR. AND MRS. H. W. EVERETT of Santa Rosalia, Mexico, arrived in the Matsucia.

FRANK GODFREY, one of the veteran newspapermen of the city, has been ill at his home for the last three weeks. He is recovering nicely.

C. A. CHANNELL, president of Cedar Polish Company of Chicago, and a popular clubman there, is a visitor in Honolulu who arrived in the Great Northern.

MRS. H. STARKOSCH and daughter, Miss Avery Stratkosch, are visiting in Honolulu from New York. They are at the Meana Hotel and will go on to the Orient when they leave here.

MR. AND MRS. DAVID RICE of Marlton, Mass., returned in the Wilhelmina for a visit here. Rice is one of the business men in the pineapple industry and Mrs. Rice is a daughter of C. C. Hartley, former chief justice of the supreme court under the Hawaiian monarchy.

American sled dogs are being used by the French army in the campaign in the Vosges.

VITAL STATISTICS

MARRIED

KENDALL McNAMEE—in Honolulu, January 15, 1917, James Kendall and Mrs. Sarah McNamee, Rev. Samuel K. Kamaiohili, assistant pastor of the Kaunakapili church, officiating; witnesses—Mrs. Ella B. Ware and E. Nelson Ware.

LITTLE INTERVIEWS

C. W. DICKEY, Oakland, Cal., architect: "Don't call me a visitor or a tourist, please. Although I was not born in the islands my mother was, and I was raised here."

M. J. SULLIVAN, general manager American Can Company, Pacific coast: "My business visit to Hawaii is really a pleasure trip to me; at least I make it so in spite of my work."

Typewriters instead of pens for school children were advocated by Prof. Franklin Bobbitt of the school of education of the University of Chicago in addressing the Illinois Woman's Legislative Congress.

Lieut. Stimpson, an American flyer with the French army, was mentioned for gallantry a short time before he was killed in action.

Legal pitfalls in the making of your will.

THE making of your Will may seem a very simple matter indeed, involving only the matters of arithmetic and one's right to do what he pleases with his own property.

Such, however, is not the case. The courts are crowded with civil suits that would not exist had there been proper legal skill employed in the making of Wills.

Not only must your will be easy to understand, but it must be impossible to be misunderstood.

The fee you pay a good lawyer for drawing up your will, may be paid for many times over in the saving of court costs to determine the meaning of a loosely constructed document.

The first consideration is the naming of an executor.

A corporate executor, such as the Trent Trust Company, Ltd., has these advantages over an individual:

It will never die;

It is legally and financially experienced in such matters;

It is absolutely trustworthy and responsible.

The advice and assistance of our Legal Department concerning the making of your Will may be called upon at any time. If this company is named as Executor, there will be no charge for drawing up all necessary papers.

It is not wise to put this matter off.

SHIPPING & WATERFRONT NEWS

MANOA BRINGING REAL BIG CARGO **LOW MAY BUILD BIG TANK BOAT** **PIER 6 SHED IS GOING UP WELL**

There are 74 cabin passengers, no mail, 113 packages of express and 7631 tons of cargo aboard the Matson steamer Manoa for Honolulu, according to a wireless received this morning by the shipping department of Castle & Cooke, Ltd., the local Matson agency.

The San Francisco postoffice has despatched all the mail by the Siberia Maru, the message shows. The Manoa left the coast Tuesday and the Siberia yesterday afternoon. The T. K. K. liner thus has a week's accumulation, probably 300 bags or more. Both liners are due to arrive here Tuesday morning at the same time.

Automobiles are the center of interest here so far as the Manoa's cargo is concerned. There are 133 of them on board, in seven shipments, 71, 15, 30, 5, 3, 2 trucks and 7 cars belonging to passengers. The shipment of 30 autos is for a Hilo firm, the others for Honolulu dealers.

Feed is large, 4261 tons; hay is 1030 tons; fertilizer—1291 tons; cement is plentiful, there being five shipments, of 1160, 4000, 8400, 5480 and 6410 bags.

Other miscellaneous items are as follows: Shingles, 2012 bundles; hay, 1461 bales; feed, 4000 racks; box shooks, 1083 bundles; deer, two lots, 25 and 600 kegs; one 16-ton launch, owned by James W. Jump, the Los Angeles game fisherman, who was here last winter and is aboard the Manoa for another fishing season here; one 12-ton tractor, a 5-ton lift, three 6-ton lifts, one 3-ton lift; seven steel girders.

Kahului cargo is 1103 tons and includes 1265 boxes of merchandise, 521 sacks of feed, 34 bales of hay and 238 bags of cement.

Eben Low, superintendent of the Oahu Shipping Company, is considering the construction of a tank-boat to be used for the furnishing of gasoline or distillate to launches and sampans in the local harbor.

He has referred the plan to the harbor board for consideration also, and the board has referred it to the acting chairman, W. C. Woodward.

Low says that he would put a 25,000-gallon tank into operation if he should decide to equip such a boat, and that it would be used for his own fleet which plies the waters around Oahu, and also for such other launches as desire to secure fuel from him.

Good progress is being made this week on the Pier 6 shed extension by Contractor Henry K. De Fries, who said today that the end of the pier will be clear of all lumber and other material by the first part of next week and that the whole job will be done, if good weather prevails in the meantime, by another two weeks.

Owing to the rotten condition of the old stringers on the Waikiki side of the pier's open end was necessary for De Fries to put in new stringers. This held up the work a week longer than had been estimated and will add \$100 to the contract price, which was \$1024.

Five trusses for the roof of the shed extension are being put together this week by the contractor and his workmen. They will be up and ready for the roof by the first part of next week. The extension will add 89 feet to the shed's length and cover the entire makai end.

Because the Oceanic liner Sierra arrives from Sydney January 30, the same day as the Great Northern, the Hill turbine will probably be berthed across the slip, at Pier 7, instead of her old berth at 6. The Sierra has to have Pier 6 because there are 1000 tons or more of sugar for her to load for San Francisco. Much of the sugar is now on the pier.

HARBOR NOTES

At 8 o'clock last night the Oceanic steamer Ventura was 696 miles from Honolulu bound for Pago-Pago and Sydney.

The U. S. army transport Dix, due at daylight tomorrow from Milke, Japan, with coal for the army, will dock at Navy Pier No. 2.

Today the Standard Oil tanker Atlas left for Port Richmond, near San Francisco. She arrived Wednesday with a cargo of light oil from the same port.

Next mail from San Francisco will arrive Tuesday morning in the Matson steamer Manoa and the Siberia Maru of the T. K. K. The Manoa left a day ahead of the Siberia.

The Inter-island steamer Mauna Loa will return Tuesday to her regular Maui-Hawaii run, according to Marine Superintendent William McKay of the company today. The Kilauea will be kept in reserve as usual.

The Inter-island steamer Claudine arrived today from Maui ports, bringing 17 cabin and 30 deck passengers. Her inward freight included 47 head of cattle, 57 hogs, 50 crates of chickens, seven pigs, one of turkeys and 250 packages of sundries.

The American-Hawaiian freighter Minnesota will arrive here from New York via the canal at 8 o'clock Saturday morning, according to General Agent C. P. Morse of the local agency. At 8 o'clock last night the steamer was 670 miles from Honolulu.

Freight Clerk J. F. Mackenzie of the Claudine reports that the steamer towed the schooner Annie Larsen to sea from Hana Tuesday. The bark Cruzon is still discharging nitrates at Kahului. There are 900 bags of sugar awaiting shipment at Kipahulu.

At 1:30 Wednesday afternoon the Siberia Maru of the T. K. K. fleet steamed from San Francisco for this port and the Orient. She is due early Tuesday morning, to leave about 5 p. m. for Yokohama, taking the next mails to Japan, China and the Philippines.

Next mail for San Francisco will leave on the Matson liner Wilhelmina at 10 o'clock Wednesday morning. Mails close at 8:30 a. m. at the postoffice. It is unlikely any despatch will be made by the Pacific Mail liner Ecuador, due to leave the same day, as her schedule allows her eight days for the voyage to the coast against the Wilhelmina's six.

"Ca" Stone, passenger and traffic manager of the Great Northern Railway and as well known in Honolulu as on the mainland, announced in Seattle recently that a Norwegian line will soon place four large vessels, costing \$3,000,000, on the run between Seattle and the Orient. The company will be known as the Norwegian-American line. The ships will be built by Japanese in Yokohama.

There is room for 3400 bunches of

SAMPANS FISH IN HARBOR CHANNEL

Evidently thinking the middle of the harbor channel was a much better place to fish in than the rolling deep outside, two Japanese sampans anchored in the middle of the channel, half way down, last night and proceeded to fish.

They were warned by the keeper of Honolulu harbor light, on Sand Island, not to block the fairway by anchoring there, but ignored the warning. Capt. William R. Foster, the harbormaster, was advised of the situation and lost no time in ordering the sampans' skippers to move at once. They did so.

The harbormaster today reported the case to the customs authorities. The sampans' numbers were 182 and 84. There is a federal regulation that no vessel can anchor in a fairway and Acting Collector of Customs Raymond Sharp is expected to look into the case further as it comes within his jurisdiction as acting collector of the port.

bananas in the Oceanic steamer Sierra, due here January 30 from Sydney. Cargo space available when the liner left Sydney was 2000 tons, but some of this will be taken up at Pago-Pago. The local agency will be advised how much room is left after she leaves the Samoan port. The Sierra will dock at Pier 6 and leave that evening for San Francisco.

Cable advices received today by the Merchants Exchange from San Francisco say the American ship Charles E. Moody sailed on January 3. The port she left from is not mentioned, but it is believed to be Newcastle. The Moody was there waiting to load a coal cargo for the west coast. She is under charter to the Hawaiian Fertilizer Company to bring nitrates here from the South American nitrate ports after taking coal there from Australia. The Moody arrived at Newcastle November 13 and has experienced delay in getting her coal cargo because of the recent miners' strike.

The N. Y. K. freighter, Tsushima Maru, which reached San Francisco Sunday with a fire in her midships hold, is one of the line's cargo boats running between Japan and New York via Panama. The service was recently begun with six cargo steamers of about 7500 tons gross register and 10,500 tons total deadweight on the route. The names of the steamers are Tsushima Maru, Tokushima Maru, Tottori Maru, Tokuyama Maru, Toyooka Maru and Toyama Maru, and they call at the ports of Manila, Hongkong, Shanghai, Kobe, Yokohama, San Francisco, Panama, Colon and New York. Sailings are one a month.

Latest sugar quotation: 95 deg. test, 5.205 cts., or \$104.10 per ton.

FEW CHANGES IN PRICES RECORDED

Once more unlisted shares commanded more attention than did listed securities in the local market today. Sales of listed securities between boards were 846 shares and at the session 250, while sales of unlisted stocks were nearly 4,000. Of course, there is a great difference in the par values of the two classes.

Changes in quotations of listed securities were few. Olaa was 16, McBryde 12, Pioneer 41, Hawaiian Commercial 30 1/2, Oahu 20 1/2, Waialua 35, Waialua 31 and 20 1/2, Haiku Pfd. 19 1/2, Ewa 33 1/2, San Carlos 17 1/2, and Brewer 18 1/2.

Mineral Products, Engels Copper and Honolulu Oil were chief in interest among unlisted stocks. Engels fell back to 8 1/2 and advanced again to 8 3/4 and at noon was quoted 8 3/4-4 1/2. Oil advanced to \$4.70 and Mineral Products was \$102 1/2. Montana-Bingham sold back to 44 cents and Madera to 33 cents. There were no changes in quotations on Mountain King and Tipperary. Totals of shares sold were Mineral Products 18,225, Engels Copper 7665, Oil 2100, Montana-Bingham 8000 and Madera 2100.

EVERY day one meets the man who "can do so much better" with his money than put it in life insurance, but the man of sixty is seldom met who can show you the \$5000 he has saved by regularly setting aside and investing for twenty to thirty years the amount of an annual life insurance premium.

BIG CROWD GOES TO SEE VOLCANO

More than 100 Honoluluans are leaving for Hilo at 5 o'clock this afternoon on the Matson liner Wilhelmina, Capt. Peter Johnson, from Pier 19, to visit Kilauea volcano, now the most tremendous spectacle of many years.

There are a number of prominent mainland tourists going on the Wilhelmina as well as local kamaaina. The big liner will take out a larger list for Hilo than she has had in years. It will be close to 125 or 130, with every stateroom filled and with three persons in many rooms. So big has been the rush that a number of tourists who arrived this week on the Ventura could not get accommodations for Hilo on the Wilhelmina and had to leave yesterday on the Mauna Kea, a day earlier.

Among the prominent Honoluluans leaving this afternoon on the steamer are Mr. and Mrs. Arthur Wall and two children, Mr. and Mrs. Harold B. Giffard, Miss J. Kennedy, W. G. Wall, Mrs. F. W. Klebahn and two children, Dr. C. B. Wood, Mr. and Mrs. E. D. Tenney, S. Johnson, Mr. and Mrs. H. Focke, Mrs. Charles Chillingworth, J. D. McInerney, President Fred Koster of the San Francisco Chamber of Commerce and Mrs. Koster are among the prominent Californians making the trip.

200,000 PENNANTS WILL ADD COLOR TO HONOLULU STREETS AT CARNIVAL

Two hundred thousand pennants in yellow and green, the Carnival colors, and of red, white and blue are to be used in decorating the business streets of Honolulu during Carnival week, according to a plan which has been approved by the Carnival directors. American and Hawaiian flags, six feet long and four feet wide, also are to be used prominently in the decoration scheme.

Differing from all former years, the flags and pennants are to be strung on wires at intervals of 10 feet across the streets instead of running parallel. The objection to the transverse scheme, as always raised in the past, has been that the constant winds of Hawaii would soon wind the decorating material around the wires from which it was hung and deprive the decorations of all attractiveness. This objection will be overcome this year by the simple expedient of placing a small lath down the center of the pennants. The strip can either be sewed in the pennant or tacked on and painted the color desired. The piece of wood will not deprive a pennant of its life, and will effectively keep it from winding around the wire above. The flags are of such a size that it will not be necessary to use the same precaution in keeping them free. Use of this wood strip on pennants has been tried successfully in San Francisco, where the winds create like difficulties.

Use Many American Flags

L. E. Davis, chairman of the decoration committee, intends to place an American flag at one end and a Hawaiian flag at the other end of every wire run across the streets. Every second wire will have pennants of the American colors and all the others

'THE STRONGER LOVE'

(From 'Well of Thunder Mountain')

Here is a photoplay so unusual in its solution that one would be safe in venturing no opinion concerning its outcome up to the last minute of its closing. The struggle of this little girl of the mountains, first to save her city lover from death at the hands of the mountaineers and then to save the heart of her mountaineer lover, who has been true to her in spite of ample opportunities for misunderstanding, furnishes a theme that is not only thrilling, but that will hold the interest of all to the last foot of the film.

Dreaded an Operation More Than Anything

MRS. MARY E. FRANSE

acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened, rundown system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

Tried Fruitola and Traxo and Has Never Since Been Troubled with Gall Stones.

Mrs. Mary E. Franse, whose address is West Point, Nebr., Box 411, has written to the Pinus laboratories a very strong endorsement of Fruitola and Traxo. "About ten years ago I was about to undergo an operation for gall stones when I heard of your medicine. Dreading an operation above everything, I determined to try Fruitola and Traxo and have never been sorry I did so, as I have never been troubled with gall stones since."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased in Honolulu of Benson, Smith & Co., wholesale distributors, and leading drug stores; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened, rundown system.

COAST MUSIC COMPANY'S SCHEME NOT INDORSED

A scheme by which local merchants who take advantage of the offer may increase their business 25 per cent was submitted Wednesday to the retail trades committee of the Chamber of Commerce by J. W. Fraser, representing the Eller Music Company of the mainland and was turned down because the members of the committee thought the proposition would set a bad precedent and was unethical. It was also voted to acquaint the Chinese and Japanese associations with the decision.

The Clarion

Fort and Hotel Streets

Horace Greeley's

advice to men, young and old, was: "Save—live within your means, no matter how small they may be. If you have but 50 cents buy a peck of corn, parch it and live on it rather than owe a penny."

This policy was one of the features which made famous and successful the great editor, founder of the New York Tribune.

A young man who begins to save is building for the future. A savings account is a better recommendation than that of being a spender. If you want to win recognition among "the people who count" in the community or the world at large, a growing bank account will do it for you. If you can deposit only a dollar a week it puts you on the road to competence, growing more rapidly than you suspect.

ARMY & NAVY COMPANY A HAS SMALL TURNOUT

Lacking only in point of attendance, Company A, 1st Infantry, National Guard, which turned out last night for inspection, made a creditable showing in the ranks through which Maj. Rufus E. Longan, army officer, put its members.

However, only 36 men besides the three officers of the company, were present, according to guard officials today. Arrangements have been made to round up other members of the company and put them into other organizations for inspections which are yet to be held.

The men were on the floor for practically an hour and a half last night working in extended and close order, signaling, fire discipline and control and nomenclature of the piece. Men were picked at random by Maj. Longan to answer questions on this last part of the examination.

Although full field equipment was worn last night by members of Company A, only field uniforms will be worn from now on. It being felt that time will be saved by having the men appear without field equipment, which can later be inspected in the armory.

DIX IS MAKING FIVE MILES PER HOUR

Five miles an hour is the reckless pace the old reliable transport Dix is making toward this port from Nagasaki, according to a wireless message received from her at the office of the quartermaster. At 8 o'clock last night the Dix was out from here 415 miles. She reports that she will arrive some time tomorrow. She will dock at Navy Pier No. 2.

Coal for this port is on the Dix, having been taken into her hold at Mikki, Japan, and amounting to 5674 tons. Following a stay of some days here she will proceed to the coast.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)

FORT SHAFTER, Jan. 17.—Capt. Charles A. Lewis, recently ordered for duty with the 20th Infantry, has been assigned to the 2d Infantry by an order amending his station, and the captain will probably arrive for duty on the March transport.

Maj. Otto B. Rosenbaum, 2d Infantry, left Wednesday, Jan. 17, for Hilo with Gen. Samuel Johnson, Hawaiian National Guard, for the purpose of inspecting the National Guard companies on the island of Hawaii.

First Lieut. Lester D. Baker and his sister have removed from Quarters No. 5 in the cantonment, to the bachelor quarters in the main post.

Mrs. Livingston, the wife of Chaplain Thos. Livingston, was a passenger en route to the Philippines to join her husband, stationed at Fort Mills, Philippine Islands, in the 13th Infantry; and many of the old friends of the chaplain in the 4th Cavalry and at Fort Shafter were present at the transport to send greetings to the chaplain and bid Mrs. Livingston bon voyage.

The Officers' Literary Club of Fort Shafter will meet at the quarters of Lieut.-Col. William R. Dashiell, infantry, this evening. The subject for discussion will be "Map Reading" and the "Foreign Relations of the United States."

The order has arrived which directs that 1st Lieut. Henry O. K. Muhlenberg, Frederick A. Barker and Aldred H. Hobbie, all of the 2d Infantry, to report to the examining board at Fort Shafter for the examinations required for promotions to the grade of captain. The same order also includes 1st Lieut. Wallace A. Philoon, aide to the commanding general, Hawaiian Department.

The regular Friday concert to be given on the main parade at 4:15 p. m. will be given by the 2d Infantry band, under the direction of Band Leader Albert Jacobsen.

The hop committee of Fort De Russy has issued invitations to the officers of Fort Shafter for the regular hop to be held Friday, Jan. 19, at 8:30 p. m.

The mounted service hop committee announces the following dates for dances in Fort Schofield: February 7, regular hop; and February 14, masquerade dance, to which all officers and ladies of Fort Shafter are invited.

TO EXAMINE ENLISTED MEN FOR COMMISSIONS

Two examining boards to test the fitness of enlisted men at Fort Shafter and Schofield Barracks have been named at department headquarters. The boards are composed of the following officers:

Fort Shafter—Lieut.-Col. William Weigel, Maj. E. H. Hartnett, Capt. W. E. Hunt, 1st Lieut. B. K. Stumberg and 1st Lieut. Thomas J. Camp.

Schofield—Maj. Herschel Tupes, Capt. Philip J. R. Kiehl, Capt. Henry H. Blodgett, 1st Lieut. Robert G. Calder and 1st Lieut. Charles M. O'Connell.

TWO ORGANIZATIONS ARE TO BE INSPECTED TONIGHT

Two organizations of the National Guard—Company E, 1st Infantry, and 1st Company, Coast Artillery Corps—will be inspected today and tonight. Company E's inspection is scheduled for tonight in the armory, while the artillerymen will be inspected today at Fort De Russy from 4:30 until 6 o'clock.

Capt. Charles F. Coster, commanding Company E, and Capt. G. K. Larison, Artillery, are both urging their men to be out for a full attendance at the inspections. Maj. Rufus E. Longan, inspecting the infantry companies, is staying in the city during the period which will last probably two weeks for the entire regiment. He will then inspect the guardsmen on Kaula.

NATIONAL GUARD NOTES

SPECIAL ORDERS NO 5

Capt. Charles R. Frazier, 1st Regiment, Hawaiian Infantry, is granted a leave of absence of 15 days from January 17, 1917, with permission to travel throughout the territory.

Subject to future examination, the following promotions in the infantry arm of the National Guard are announced:

Second Lieut. Walter L. Haney, 4th Infantry, to be first lieutenant, with rank from January 15, 1917. Assigned to 4th Regiment, Hawaiian Infantry, N. G.

Second Lieut. Manuel V. Fernandes, 4th Infantry, to be first lieutenant, with rank from January 16, 1917. Assigned to 4th Regiment, Hawaiian Infantry, N. G.

The following named enlisted men will be honorably discharged to accept commissions in the National Guard of the United States and of the Territory of Hawaii:

First Sgt. James K. Burgess, Company K, 4th Regiment, Hawaiian Infantry.

First Sgt. A. C. Caldeira, Company H, 4th Regiment, Hawaiian Infantry.

Pvt. Robert Cullen, Company I, 4th Regiment, Hawaiian Infantry.

Subject to future examination, the following appointments in the National Guard are announced:

William W. Westcott, to be first lieutenant of infantry, with rank from January 16, 1917. Assigned to 2nd Regiment, Hawaiian Infantry.

James H. Burgess, to be second lieutenant of infantry, with rank from January 15, 1917. Assigned to 4th Regiment, Hawaiian Infantry.

A. C. Caldeira, to be second lieutenant of infantry, with rank from January 15, 1917. Assigned to 4th Regiment, Hawaiian Infantry.

Robert Cullen, to be second lieutenant of infantry, with rank from January 15, 1917. Assigned to 4th Regiment, Hawaiian Infantry.

Harold Blomfield, to be second lieutenant of infantry, with rank from January 16, 1917. Assigned to 2nd Regiment, Hawaiian Infantry.

The above named officers will report in person or in writing to their respective regiment commanders for assignment and for duty.

Pvt. J. A. Balch, M. G. Company, 1st Regiment, Hawaiian Infantry, is granted a furlough of three months from January 15, 1917, with permission to travel beyond the limits of the territory.

Pvt. R. M. Purvis, M. G. Company, 1st Regiment, Hawaiian Infantry, is transferred to the Quartermaster Corps.

Pvt. John Kinyone, Company C, 2nd Regiment, Hawaiian Infantry, is transferred to Company A, 3rd Regiment, Hawaiian Infantry, to date from December 6, 1916.

Sgt. Manuel F. Martins, Company G, 4th Regiment, Hawaiian Infantry, is transferred as a private to Supply Company, 1st Regiment, Hawaiian Infantry, as of date hereof. The expenses

of the transfer will be borne by the soldier.

Cpl. Marcus R. Culburn, 1st Separate Company, Hawaiian Engineers, is transferred as a private to Headquarters Company, 1st Regiment, Hawaiian Infantry.

Pvts. Louis Banikan and John T. Warren, 1st Company, Hawaiian Coast Artillery, will be honorably discharged from the service. The before named soldiers have not subscribed to the oath and contract of enlistment required by the act of June 3, 1916.

The following named enlisted men of Company F, 2nd Regiment, Hawaiian Infantry, none of whom have subscribed to the oath and contract of enlistment required by the National Defense Act of June 3, 1916, will be honorably discharged.

Pvts. Lenor Rafael, Mateo Vilariosa, Pedro Maceda, Hector Jenerosa, Alexander Adams, Yangat Maceno, Mateo Saraga, Alejo De Castro, Geremio Malgapo, Juan Bautista, Ilmoza Damaso, Bartolomeo Lazaro, Frank Perez, Geom Andro, Rio Salvilla, Gabriel Rubio.

Capt. William F. Kaao, 3rd Regiment, Hawaiian Infantry, to Officers' Reserve Corps, N. G. H.

Second Lieut. Robert K. Wilcox, 3rd Regiment, Hawaiian Infantry, to Officers' Reserve Corps, N. G. H.

The French Chamber of Deputies adopted a motion abolishing the political censorship, while retaining the diplomatic and military censorship.

Highlander Milk

Condensed Milk

If you had a cow on the premises

You could not secure purer, better milk than the Highlander tin offers you—nor perhaps as good. Good milk must be produced by healthy cows, and New Zealand's milk products are world renowned for their high quality. New Zealand butter and cheese tops the market. Moreover the dairy legislation of New Zealand ensures a particularly high standard of cleanliness and efficiency. Highlander Condensed Milk is prepared from the purest and richest milk of specially selected herds in the rich pasture districts of Southland, New Zealand. The cows are subject to Government supervision and are carefully tested at regular intervals by the Company's own inspectors. Milking is conducted under conditions of perfect cleanliness. Scrupulous care and the most modern scientific apparatus combine in the treatment of the milk—it is then filtered and subjected to a process which destroys all disease germs.

(full cream) represents the highest grade of condensed milk the world over—in purity, quality and flavour it is unequalled. You owe it to yourself to test this famous Condensed Milk. Order a tin from your Store—try it and prove it against the brand you are now using.

A FREE COOKERY BOOK FOR YOU!

There's a free copy of the Highlander Cookery Book awaiting you—nearly 200 beautifully illustrated pages of practical, economical tested recipes. Send your name and address to-day to "Highlander," Dept. "A"

SENATE EXPECTED TO CONFIRM NEW SHIPPING BOARD

Commerce Committee Orders a Favorable Report on Wilson Nominees

(Associated Press by Federal Wireles)
WASHINGTON, D. C., Jan. 18.—The senate commerce committee yesterday ordered a favorable report on the nominations made by President Wilson to the new shipping board.

WASHINGTON, D. C., Dec. 22.—President Wilson today nominated the following to be members of the government shipping board: John A. Donald of New York; John Barizer White of Kansas City, Mo.; William Demman of San Francisco; Bernard N. Baker of Baltimore and Theodore Brent of New Orleans.

The board will have general supervision over freight rates in American waters. It is empowered to organize a \$50,000,000 corporation to build or buy merchant ships. Forty-nine per cent of the stock will be available for public subscription, and that which is not subscribed will be taken by the government.

The ships will be available to lease or charter by private interests, but may be operated by the government should private concerns fail to take them. The intent of the law, aside from being to restore ships for American commerce, is to give private capital does not consider yet profitable enough for it to enter.

Mr. Donald, a Democrat, was nominated for four years. He has had a life-long experience in the steamship business. Born in Scotland, he became a citizen of the United States in 1890. As a young man he worked with a ship broker in Glasgow, and later was employed by a steamship firm.

Mr. White, a Republican, was nominated for three years. He is a lumberman and exporter. He was born in New York.

Mr. Demman, who gets the longest term of six years, is a Democrat and a lawyer with experience in admiralty cases. He is a graduate of the University of California. He was chairman of a committee to investigate municipal corruption in San Francisco in 1908 and has been prominent in a movement in California for the election of non-partisan judges.

Mr. Baker, who has had wide experience as a ship owner and for 20 years was president of the Atlantic Transport Line. He is a Democrat, a native of Baltimore and a graduate of the Sheffield Scientific School at Yale. When the shipping bill was pending he acted as an adviser of Secretary McAdoo, the chief advocate of the measure. He was formerly president of the Baltimore Trust and Guaranty Company, is a director of many commercial enterprises, a trustee of Johns Hopkins University, chairman of the Maryland Conservation Commission, and a member of the National Joint Commission on Conservation. He is a Democrat.

Mr. Brent, the second Republican, was nominated for two years. Born in Muscatine, Iowa, he was educated there and at Pasadena, Cal. He is a railroad man, and from 1906 to 1910 was assistant to the vice-president of the Rock Island-Frisco lines. His part in reshaping the traffic policy of those lines brought him in contact with lake and coastwise shipping. He also has had charge of traffic affairs of the terminal lines of the Union Stock Yards and was general manager of the Chicago Lumber Company. At the White House it was said he was a Republican with "progressive ideas."

Under the law the board elects its own officers.

CHINESE WILL GIVE AID TO THEIR OWN INDIGENT

In order that the large number of Chinese beggars in Honolulu who are dependent on charity may be properly cared for, Chinese businessmen of the city met Wednesday and appointed a committee composed of Consul Tsang Wochuan, chairman; Yee Yap, C. K. Ai, T. K. King, Pang Lin Mew and Roy, Y. T. King. While this committee will work in conjunction with the Associated Charities it will have full charge of the indigent Chinese. The organization of this committee is largely due to Mrs. Frank Damon.

GRAIN DEALER IS ISLAND BOOSTER

"California has been sun-kissed, but Hawaii is sun-hugged."

This is a little witticism of these islands which J. B. Scott, a wealthy grain dealer of Chicago who is visiting here, scribbled on a postcard to a friend. He believes it, too.

Here's another: "Hawaii has what California advertises—the climate." Scott does not care to cast reflections on the big state; he has spent many a happy day there and recently arrived with a large party from a vacation on the coast. But he can not say anything too nice for the islands.

"I am sorry to say this is my first trip here," he says, "and glad it won't be the last."

With Scott is Mrs. Scott, Mrs. R. W. Phillips and her son, R. W., Jr., and Mr. and Mrs. Joseph Shriver. They came in the Great Northern, have been at the Young hotel and are going to the Moana for about two weeks.

IN WAR ARENA

BRITISH BITE DEEP INTO TEUTON LINES ON WEST NEW YORK, N. Y., Jan. 18.—After a lengthy period of comparative quiet the British north of the Somme river struck at the German lines defending the little town of Beaucourt, on the Arras-Albert railroad, and consequently in direct line with the Allied advance in the direction of Bapaume.

The smash was effective, for the British reports tell of a 600-yard gain over front line extending from Beaucourt to the hamlet of Citeaucourt. The Germans made desperate efforts to retake the ground lost because of its strategic advantages, but failed although they launched a number of successive waves of men against the new British trench line.

Berlin admits the retirement here, but claims that the British paid dearly in men for the ground they took.

ALSACE PREFERS TEUTON RULE, SAYS BERLIN

BERLIN, Germany, Jan. 18.—A demonstration in favor of a continuance of German rule over Alsace marked the initial session of the district parliament of Lower Alsace on January 15, according to a report of the Overseas News Agency, the semi-official German Press agency.

The news agency report says that the parliament expressed the opinion that the reply of the Entente to President Wilson's note asking what would be its terms of peace is "simply grotesque" in face of the present military situation.

NORWEGIAN STEAMER SUNK IN WAR ZONE

LONDON, Eng., Jan. 18.—The Norwegian steamship City of Tampico has been sunk in the war zone, it was announced last yesterday by Lloyds shipping agency. It is not stated whether the vessel was sent to the bottom by a mine, torpedo or gun fire. The City of Tampico was of 354 tons register and was commanded by Captain Syvertsen.

MAIGHTON'S LEIS GIVE HAWAII WIDE PUBLICITY

Judging from the many letters of appreciation which are commencing to come in, Chiropactor Mighton's novel advertising scheme is bearing fruit.

MORGAN TO FLOAT ANOTHER BRITISH LOAN

(Associated Press by Federal Wireles)
NEW YORK, N. Y., Jan. 18.—Another huge British loan is to be floated in the United States by the firm of J. P. Morgan & Company, it was announced here yesterday. The loan will be for \$250,000,000 in short term, convertible notes. A country-wide syndicate has been organized by Morgan to offer the notes to individual participants in the big loan. The notes will bear 5 1/2 per cent interest, and at the price at which they will be put on the market will actually yield 6 per cent. They will be secured by high grade collateral.

Just Talks With Scouts

(Copyright, 1917, by M. P. Chilson.)

To make a thing a success we must believe in it. Certain people in Honolulu believed in Kakaako; believed that the boys there if given the right start would make good as pupils, as club members and as scouts. Well, those people were not mistaken. With the cooperation of Miss Angus and the teachers of her well-disciplined school the scoutmaster and others interested in welfare work are certainly showing good results.

Last week the commissioner thought he would take a cozy little peek in at Troop VII. He did so, but the peek widened into a good big look. Then he sat down in a perfectly good and comfortable chair and spent a long time looking over Troop VII, listening to it talk, hearing it sing, watching it do things. He went in a sober man, he came out smiling. "It is remarkable," said he to me, "what those boys are doing. Their scoutmaster has reason to be glad. If it may be said in passing that Mr. Knott's boys are still glowing over their recent defeat of Troop V—that live wire that so enjoys a challenge." During the past week second-class tests were passed by six tenders, and the boys are so ambitious that the scoutmaster believes three of them at least will be first-class within a month.

Another troop that has passed tests in large numbers lately is Troop IX. At last Friday night's meeting Scout Leader Kuehn was in the chair. The first part of the evening was given over to passing tests. This part of the program being past, the scouts who were to take part in Friday night's entertainment stayed and rehearsed. Those who passed tests were as follows: For tenderfoot, Edward Lake, Melchi, Philip Ani and Kelikini; for knife and hatchet, E. Lake, Shearer (second class) Martin (tenderfoot), C. Morgan, Arthur Blindt and Scouts Naichi, Kinney and Hewitt; for cooking, Martin and Kinney; for compass, Scout Mackintosh and C. Morgan; scouts pace, Martin, Kinney, McGuire, Corbally, Chung and Morgan. William Lau passed first aid for second class and was awarded his pin.

The program for next Friday evening (which is intended as a get-together evening for those directly interested in scouting) is to be followed by an inspection of the boys' work in the Liliuokalani rooms and a general happy time. Following is the program:

1. Opening speech, John Guild.
2. Signaling, International, First-Class Scout Crane, Second-Class Scout Chang; semaphore, First-Class Scout Kuehn.
3. Firemaking, three kinds—Tepee, Crane; log cabin, Parisk; without matches, Kuehn.
4. Musical numbers (Troop XX assisting), vocal solos, Mrs. Charles Crane; accompanist, Mrs. Macdowell.
5. Loan-to building with Indian bed, Washburn, Crane and Morgan.
6. First aid demonstration, Kuehn Chang, Lau, Parisk and Douse.
7. Demonstration of various knots, Macmaster, tenderfoot.

Along in February comes the anniversary of scout founding here in the islands. We don't know just how two are going to celebrate, but as Mr. Thomas and Mr. Anderson have the matter in hand we are not worried.

Troop VI is not saying much just now, but the boys are doing a lot of thinking and studying, and are soon to give a little play, entitled "Daniel Boone with the Pioneers." Won't it be fun to see Japanese boys doing Daniel Boone?

Troop VIII held its regular meeting last Friday evening. Aichi Ho and Clifford Mayre were admitted into the troop. Tests were then passed. After each scout reported his good turn the meeting adjourned.

It is fine to hear that so many of the troops are admitting new members. It must be that the scout business is growing.

A troop that is priding itself on tracking is Sgt Sanderson's troop at Schofield. And what do you think they are tracking, boys? Automobiles. Sure enough, if any fellow in town thinks he's going to play a joke on another fellow and run away with his automobile, he'd better not choose the Schofield road. Sniffing the air filled with gasoline perfume is part of their work, and as soon as your runaway car has passed they have it spotted. They know the different marks in the dust; they can tell whether it's a Studebaker or a Cadillac; if it's tires are worn or its spirits downcast; if it is lame in one leg or blind in one eye. No, these fellows don't have to see your car—they just sense it.

Troops XVIII and XIX are busy with indoor baseball, having formed two teams. Sgt. Long and Mr. Cannon are both working with the boys, and Mr. McVeey reports that while there is no great excitement going on, the work and interest are steady.

That mina bird that hops up on to the Bulletin window-sill has just hopped up again. He didn't stay very long this time owing to a pressure of business—feeding the children at home—but he managed to drop a few sentences out of his bill, which ran something like this: "At a meeting of the scoutmasters on Saturday night there was a wonderful showing of friendliness, and all the men seemed so happy together, all working freely for the uplift of the boys who love

Experts Taken To Lanai With Pineapple Men

Financial circles yesterday afternoon and today regarded the pending sale of the island of Lanai, as told exclusively by the Star-Bulletin yesterday, as highly significant.

Further confirmation of the proposed sale to pineapple interests was secured today when it was learned that M. O. Johnson, chemist at the U. S. experiment station, also left with the party which sailed Tuesday on the Mikahala. This is the third time that pineapple men have recently visited Lanai. On the second trip they brought back considerable soil, which has been analyzed, and it is understood found suitable for pineapples.

The negotiations have been carried on very quietly but several days ago report that they were nearing a close was afloat in business circles and the subsequent movements of the Libby, McNeill & Libby and Hawaiian Pineapple Company representatives confirmed it.

The trip of the expert agriculturists and soil analysts is regarded as conclusive that the sale is about closed and only confirmation is awaited of estimates previously made of the productivity of the soil for pineapples. Dr. H. L. Lyon of the planters' experiment station accompanies the party, as told yesterday.

A. W. Neely Sees Blue Shark Off Makapuu Point

How many people in Honolulu ever saw a blue shark? A. W. Neely, deputy tax assessor for Oahu and a veteran fisherman, says that they are about as scarce as the proverbial blue moons, but he saw one the other day on a fishing trip in a Japanese sampan.

Neely says that the blue fellow came close—so close he could almost reach out and touch the shiny blue sides. He swung in by the rudder of the sampan, which Neely was tending.

Blue sharks have teeth that point back into their mouths, according to Neely, and these teeth were visible to the fishermen as Mr. Shark came sailing by. He showed little fear of the men in the boat.

"I have never heard of more than one or two blue sharks having been seen around local places," says Neely. "I remember having been told by old kamaaina that they are very scarce. This one was large, however, real blue, as I can prove by the Japanese fisherman that was with me. We were anchored about a mile off Makapuu."

ST. LOUIS YOUTH IS FIRST TO QUALIFY FOR AVIATION SCHOOL

CHICAGO, Ill.—Joseph Van Waleh-shausser of St. Louis is the first applicant to pass successfully all examinations for admission as a student in the United States aviation school here. He is enlisted as a prospect member of the signal officers' reserve corps.

sworn into the troop. He was placed in the Stag patrol.

Philip Mark was passed in map drawing and also in the stars. Ah Wai was passed in his lone scout. Kula in his compass, and McCarty in his stars.

The baseball game with Troop V was postponed until next Wednesday. This game is to be played in Palama gymnasium.

We had Kim's game and signaling practise.

The meeting adjourned at 8:29 p. m.

HONG YING, Acting Scribe.

TROOP XV ELECTS LEADERS

Troop XV had 12 scouts and two officials present at its first meeting in the new year.

Eagle patrol, 6 scouts present and 1 patrol leader and 1 scout absent.

Lion patrol, 5 present and 3 scouts absent.

Tiger patrol, 1 present, 6 absent, patrol leader sick.

All the dead wood ordered to come to life on February 8 or a bonfire. Carried by 100 per cent vote.

The Lion patrol elected Sylvester Gurrero as its patrol leader and Eddie Peiler as assistant patrol leader.

The Eagle patrol elected Addison Kinney as patrol leader and Robert Kavalik as assistant patrol leader.

Tigers re-elected Andrew Cox as their patrol leader.

Addison Kinney was appointed senior patrol leader and troop scribe by the scoutmaster.

In the patrol scout pace contest the lions showed their strength by coming first with an average of 9.99 minutes.

Eagle second with an average of 8.23. Eagle patrol leader Kinney, 19 minutes. Lion Assistant Patrol Leader Peiler, 19 minutes. The contest was over a two-mile stretch.

Total enrolled, 23; present, 12; sick, 2; at school, 1; sharing the home duties, 7; absent from other causes, 1.

"Be prepared, do a good turn to some one every day, and never give up," was shouted at each week home.

WILBERT SANDERSON.

WIRELESS WAKENS TO NEW DANGERS

Despite the fact that a representative of the Star-Bulletin nearly a month ago informed John A. Balch, treasurer of the Mutual Telephone Company and superintendent of the wireless department, of the legislation being considered in the United States senate to control all wireless systems along the coast including Alaska, Porto Rico and the Hawaiian Islands and this paper pointed out the possible hardships which such a law would cause if allowed to pass, it is evident that the company did not realize the full seriousness of the bill until last Monday when copies were received here.

As a result Balch left Tuesday for Washington and Wednesday afternoon the Chamber of Commerce adopted a resolution asking Del-gate Kullo to have the bill delayed until a protest could be received from here. Copies were also sent to the chambers on Hawaii, Maui and Kahala requesting them to also wire Washington as the bill comes before the committee today.

When Balch was seen last December he said that the bill was not causing him any worry as it was the fourth time it had been up, and that no action would be taken by the company unless matters looked serious.

The bill was introduced December 19 by Senator Fletcher and proposes that radio stations shall have a logarithmic decrease not greater than the limits which may be fixed by the department of commerce. It also fixes the wave length for which the local company's station is not equipped and prescribes that where government and coastal stations interfere the time shall be divided between the two, each taking alternate hours.

If the law is passed the Mutual Company will have to either go out of business or obtain new equipment.

COMPLETE TUNNEL FIVE MILES LONG

Builders of the longest railway tunnel on the American continent are in Hawaii for a holiday. It is the Connaught tunnel, named for the duke of that title.

They are the famous Foley brothers, builders of many projects in the great Northwest. They are at the head of a party from St. Paul, which includes all told Mr. and Mrs. Timothy Foley, M. H. Foley, Miss Helen Foley, Miss Eva Boggs of New York, Mrs. Ellen and Miss Anna Hall, Mrs. N. and Miss Kathleen Hlaw of Winnipeg, Canada. All came on the Great Northern and are at the Moana Hotel.

The Connaught tunnel in British Columbia is five miles long and cost approximately \$5,500,000 to bore through solid rock in less than two years, starting on each end and meeting in the center. It was turned over to the operators last month by Foley Brothers, Welch & Stewart, the railway contracting firm which the Foleys represented. After the big job the party came to Honolulu to celebrate.

The contractors also did work on the Great Northern, Northern Pacific and Burlington routes in the West and recently completed 1650 miles for the Grand Trunk.

ASK TO INCORPORATE AUTO REPAIR COMPANY

Petition for incorporation papers for the Waipahu Automobile Repair Shop, Ltd., was filed Wednesday at the office of the registrar of public accounts, the signers being all Japanese. They are Eisuke Ikinaga, Torakichi Nitta, Nabe Seriyaku, Unosuke Matoyoshi, Kaneichi Nii and Tokutaro Tomoto. The firm will be capitalized at \$15,000.

AUTO CLUB WILL NAME NEW PRESIDENT FRIDAY

Members of the Automobile Club of Honolulu will meet at Lanikaia on Friday noon for lunch. A new president of the organization will be elected, and other matters of interest to club members will be reported. Wallace R. Farrington is prominently mentioned as the choice of president of the club.

Mrs. Bennet of Brooklyn, age 105, prepared her Christmas dinner.

TREATIES NOT PEACE SURETY, SAYS BRITAIN

(Associated Press by Federal Wireles)
WASHINGTON, D. C., Jan. 18.—A note, signed on behalf of the Entente Allies by Arthur J. Balfour, the British foreign secretary, amplifying the note of the Entente sent from Paris in reply to the peace note from President Wilson, was handed yesterday to the state department by the British ambassador, Sir Cecil Spring-Rice.

The new note, which deals more specifically with the suggestion of the president that a world's league to enforce peace should be formed at the conclusion of the war, takes the position that mere international treaties will guarantee nothing so long as there exists a Germany which exalts might over right and which refuses to be bound by its own solemnly entered into conventions and agreements.

Treaties No Security "Those who think that the world's peace is to be insured through international treaties have ill learned the lessons taught by recent history," says the British note, relative to the suggestion by the president that "peace may be nearer than we suppose."

Continuing, Mr. Balfour wrote: "So long as Germany remains the Germany which overran and barbarously ill-treated the country it was specifically pledged to defend there can be no security placed in the German agreement of peace.

"While Germany shows this callous disregard for her treaties, no state and no regard for right can be secured without some better protection than a treaty, however solemnly entered into."

The note asserts that Belgium is not the only victim of the German reign of terror, which is the German method of making war.

Great Britain, says the British foreign secretary, desires peace, but it does not believe that any peace secured at the present time would be a durable peace "unless the aggressive aims of the Central Powers can be called into disrepute among their own people and unless unrest may be removed or materially weakened.

"Behind international law and treaties must be some form of international sanction, devised to give pause to the hardest aggressor.

CENTRAL UNION NAMES OFFICERS

Frank C. Atherton, Clarence H. Cooke and Judge William L. Whitney were elected trustees of Central Union church at the annual meeting of the church Wednesday evening. Other officers were chosen as follows:

Walter F. Frear and John M. Whitney, deacons; Mrs. Andrew Brown and Miss Margaret L. Hopper, deaconesses; Arthur F. Griffiths and Robert D. Williams, councilors; Ernest P. Chase, clerk; Stanley Livingston, treasurer; Arthur E. Larimer, Bible school superintendent; Charles H. Atherton, chief usher.

The meeting was preceded by an informal reception and chowder supper. Miss Bernice Holmes sang, accompanied by Mrs. J. Oscar Phillips. Reports were read from the various departments of the church, showing that each department has done excellent work during the last year.

FEDERAL SOCIALISM IS COMING, SAYS HARDING

(Associated Press by Federal Wireles)
NEW YORK, N. Y., Jan. 18.—Senator Warren G. Harding of Ohio, in an address to the convention of the National Boot and Shoe Manufacturers' Association here last night, declared that the nation is "drifting unhindered and unheeding upon federal socialism."

He declared that the federal ownership of railroads is the logical consequence of current processes of control, and that it is the likely, almost certain outcome. "These are not only evolutionary but revolutionary times," he said in closing.

CUE GAME MAKES GREAT PROGRESS IN PAST SEASON

Hoppe, Moore, Taberski, McCourt, Gardner and Shoemaker Stars in 1916

- *****
- CUE CHAMPIONS OF 1916**
- Balk line, professional, all styles—William F. Hoppe, New York City.
 - Three-cushion, professional—George Moore, New York City.
 - Pocket, professional—Frank Taberski, Schenectady, N. Y.
 - Interstate Three-Cushion League—Charles McCourt, Cleveland, Ohio.
 - Balk line, amateur—Edward W. Gardner, Montclair, N. J.
 - Pocket, amateur—J. Howard Shoemaker, New York City.
- *****

The old year has marked an eventful era in billiards, its close finding the gentleman's game in a healthier condition than ever before in history. Perhaps the quotation "variety is the spice of life" happily fits the king of indoor pastimes, but whether it is variety, competition, organization or just plain the game itself, that has caused its boom, the fact remains that billiards is at the height of its popularity.

William F. Hoppe enters upon another year champion of the professional balk line, as usual holding the titles at all three styles—18-1 and 18-2 and 14-1. His old foe, George B. Sutton of Chicago, was the only player who dared challenge him and Sutton met his customary defeat at St. Louis in his match on October 29 and 30 and November 1, the score ending 1500 to 508 after a one-sided contest.

In sharp contrast to the inactivity of the balk line experts, the three-cushion and pocket champions and challengers were busy as bees, the titles in both classes changing hands with such frequency that the average fan could scarcely keep track of them.

The performances of George Moore, of New York, and Frank Taberski of Schenectady, respectively three-cushion and pocket world's champions, stand out brilliantly and mark the title-holders as champions of the highest degree. Moore regained the coveted Brunswick emblem he lost to William B. Huey of Chicago, a little more than a year ago from Hugh Heat of Toledo, who had won it from Charles McCourt, now of Cleveland, after the latter had captured it from Charles Ellis, now of Milwaukee, Ellis having taken it from De Oro, who got it through Huey's forfeiture. De Oro tried to come back recently and lift the title from Moore, but George beat him soundly, forcing the famous Cuban into temporary retirement.

Taberski, after winning the pocket championship from Jack Layton, Emmett Blankenship's conqueror, at Sedalia in sensational fashion, overcoming Layton's lead of 117 points at the opening of the last night of play, and later trouncing two other challengers, Ralph Greenleaf and E. I. Ralph, in much the same manner, has stamped the "Silent Pole" a player possessed of rare gift and generalship, destined to hold his high place in the profession a long time.

Charles McCourt made a name for himself when he beat Ellis and Maudpote out in a driving finish for the Interstate Three-Cushion League championship. All three were practically tied when McCourt went on the road for his final and most important swing around the circuit. He had four games left to play and he won all of them.

There were 133,442 more cattle and horses and 605,335 more sheep and goats using the national forests in 1916 than in 1915. This increase was in spite of large eliminations of grazing lands from the forests. It is accounted for by improved methods of handling the stock and by more intimate knowledge of the forage on the ranges and their carrying capacity.

Maj. Powell Clayton, formerly attached to the general staff of the war department, and recently assigned to the 16th cavalry on the Mexican border, is dead.

Dutch Played Golf On Ice In Old Days

"You have to be a fine rider, do you not, to play golf?" was the common question in regard to the game not more than 25 years ago. At that time the man who traveled about with a set of golf clubs was an object of some astonishment to his fellow travelers.

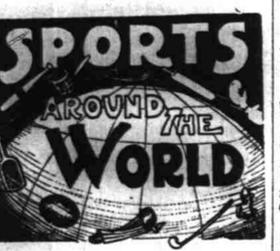

And yet the game of golf, according to the new Encyclopaedia Britannica, goes back at least five centuries. It is portrayed by early Dutch painters, who generally showed it being played on ice! But one of the pictures in a Dutch illuminated Book of Hours, now in the British Museum, is a painting of three men putting a hole in the turf as in our modern golf. Although the Dutchmen played and painted golf, they did not write about it, and we have no records describing the game.

Just when Scotland took up golf is unknown, but by 1457 it was already so popular, says the Britannica, that it interfered with the more important pursuit of archery. In May, 1471, an act of the Scottish parliament was passed forbidding this sport: "Futeball and Golfe forbidden. Item, it is statut and ordnait that in na place of the realm there be used futeball, golfe, or uthir ilk unprofitabil sport, etc."

It is rather curious that this is an edict of James V, who later became very much attached to the practise of the "unprofitabil sport"—not only he, but his daughter, Mary Stuart. It was alleged by her enemies that, as showing her shameless indifference to the fate of her husband, a very few days after his murder, she "was seen playing golf and pallmall in the fields beside Seton."

Golf has from old times been known in Scotland as "The Royal and Ancient Game of Golf." Many monarchs have made it their favorite diversion, and since its introduction into America, all the presidents have found it a favorite form of exercise.

There is still standing in Edinburgh a monument of the prowess of James II as a golfer. After the restoration, James, then Duke of York, was sent to Edinburgh in 1681 as commissioner of the king to parliament. He was challenged by two Englishmen, nobles of his suite, to play a match game against them for a very large stake, along with any Scotch ally he might select. With his partner, who was one "John Paterson," a shoemaker, the duke easily won the game. He made over half of the large stake to his humble coadjutor, who there with built himself a house at 77 Canongate, which has always been called "Golf-er's Laird."

Joe Tinker was once sold for \$150 and last week figured in a \$6,000 deal. That's quite a bridge to span.

The principal topic of discussion in Honolulu in athletic circles this week is hinged on the game between the Braves and St. Louis at Athletic park. Even the tennis players are talking about the game between sets. Nelson and Hayselden will perhaps begin the battle, although Markham looked awfully good against the Braves the last time out. Kuriaki, who should give Kan Yen a rub in the next year, will be behind the bat for the St. Louis team, while Bill Lee will handle the shoots for the Braves.

John Genzel, who has signed to manage the Kansas City Blues, and who is also attempting to purchase the franchise, offered George Tebeau \$175,000 for the club, whereupon the price was jumped to \$200,000.

Word from Tris Speaker, who is wintering at his home in Texas, has been received. Tris says that he expects to make the road as hard going for Tobby next season as he did last summer.

Lee Tannehill, for many years third baseman of the White Sox, has been secured to manage the Jacksonville, Fla., team.

BILLY WILLIAMS MAY ENTER SWIMMING MEET

LOS ANGELES, Cal.—There is a strong chance that Billy Williams, Pacific Coast diving champion, will journey to Honolulu next month for the big swimming carnival to be staged there. Williams has been invited to swim in the far-away classic, but has not been able to arrange his affairs up to this time so that he could get away. Now, however, it seems that he will be able to make the grade and that he may copy many of the honors in the Honolulu affair.

Dorothy Burns and Aileen Allen

RIVERSIDE POLO PLAYERS DEFEAT CORONADO STARS

SAN DIEGO, Cal., Jan. 8. The Coronado polo tournament opened yesterday with a thrilling game between the Riverside and Coronado clubs. Riverside won by 2-1 to a 1-4 and has now "two leas" in the Jessop trophy.

Col. Max Fleishman, the well-known Cincinnati millionaire, was seriously out in the face by a blow from a mallet, but luckily continued to play.

Hugh Drury, whose fine polo is familiar to San Francisco crowds through his appearance on the Midwick team at the exposition, was his customary adequate self in defense. Eric Pedley, the young Stanford athlete, identified more with swimming than polo in the past, electrified the large crowd by some dashing riding and dextrous stick work.

This is Pedley's first appearance in an important tourney. He has been described as "the most promising player in Western America."

Drury scored six goals, good even for him. Hopping was as prolific for Coronado.

The lineup and summary were: Riverside—Untermeyer, No. 1; one goal; Pedley, No. 2, one goal; Drury, No. 3, six goals; Fleishman, back, two goals. Penalties: Foul by Pedley; safety; Drury.

Coronado—Robertson, No. 1, two goals; La. Boutillier, No. 2, one goal; Hopping, No. 3, six goals; Ross, back, no goals. Penalties: Safety by Hopping, Ross, La. Boutillier.

Followers of golf throughout the United States and Canada will be glad to learn that the reported death of James Eraid, famous Scotch professional, was based upon a case of mistaken identity, and that Eraid is very much alive and looking forward to the time when conditions abroad will permit him to visit this country and play in a series of exhibition matches.

Early in the month a short despatch from London announced that James Braid, the famous golfer, had been killed while boarding a moving train in the Waterloo station. It is further stated that Braid had been thrown backwards from the train and had died on the way to the hospital, apparently from a fractured skull. The report was given wide publicity and it was not until recently that it was learned that the man killed was not the open champion of 1901-05-06-08-10.

The James Braid who was killed in the manner described was a professional golfer employed by the Southsea Club and so far as known no relative to the James Braid, who, with Ray, Vardon, J. H. Taylor and one or two other players, stand out as the most famous exponents of the ancient and honorable game.

It is unfortunate that the golf courses in Honolulu are not in the best of shape at the time when Jack Neville is a visitor. Charles E. Maud has been a great booster for Hawaii. He was here last year, and returned for a little golf and sunshine. It is to be hoped that Neville will prolong his honeymoon tour enough to be able to play more golf here.

Dr. White has been making some low scores on the Schofield links. He has a record to his credit on the course, and is making an effort to lower it.

TENNIS SCHEDULE

Tennis players will meet in the Class B tournament this week at the Hawaii Polo and Racing courts. The program as outlined for the tourney follows:

Thursday, 4:30 p. m.—A. M. Neville vs. Lieut. T. Vinson, at Polo courts.

Friday, 4:30 p. m.—A. Marshall vs. B. Knollenberg, at Polo courts.

Friday, 4:30 p. m.—Billy Warrea vs. A. Silverman, at Polo courts.

Saturday, 3 p. m.—J. H. Barnes vs. Jimmy Rothchild, at Polo courts.

Saturday, 4:30 p. m.—Semi-finals, Class B tournament, at Polo courts.

Sunday, 9 a. m.—Ewa vs. Hawaii Polo and Racing Club, at Polo courts.

Swamp and overflow lands in the United States embrace an area greater than that of the Philippines.

A Salt Lake city man is the inventor of an undershot water wheel that will run when wholly submerged in a stream, the blades folding on the upward stroke.

will go to the Carnival regardless and will endeavor to wrest victory from their opponents of the islands.

COMING ON SATURDAY

The Star-Bulletin Almanac will be out again on Saturday. There will be a bunch of new stars in the constellation and expressions from the zodiac. You may be among these stars. Who knows? The queries of the men who ask to know will be answered and other items of interest will be explained. If you would long to be an astronomer, do not fail to secure the Star-Bulletin on Saturday afternoon.

STUDENT BASKETBALL PLAYERS MEET AT "Y"

Captains of the Student Basketball League teams met at the Y. M. C. A. yesterday evening and in very short order thrashed out the pillars of the league. The schedule of games was revised in order to avoid conflict with other events and now everything is in readiness for the opening of the series tomorrow night. This opening as well as each week's program, will be a double-header. In this week's performance the Triple A meeting the Golden M in the first game and the Night School taking on the H. A. C. in the second contest.

Captains and leaders present were R. Higgins, H. A. C.; J. Bosker, A. A. C.; M. Borthwick, Golden M.; K. W. Emerson, Night School; Richard Whitcomb, leader H. A. C.; Don Ladd, chairman and leader Golden M.; and J. Alf. Rousseau, secretary.

The revised schedule of the Student Basketball League is as follows:

Friday, January 19—A. A. C. vs. Golden M. Night School vs. H. A. C.

Friday, February 2—Golden M. vs. H. A. C.; A. A. C. vs. Night School.

Friday, February 9—A. A. C. vs. Golden M.; Night School vs. Golden M.

Friday, February 16—Golden M. vs. A. A. C.; H. A. C. vs. Night School.

Friday, March 2—Golden M. vs. H. A. C.; Night School vs. A. A. C.

Friday, March 9—H. A. C. vs. A. A. C.; Golden M. vs. Night School.

PITTSBURG MERMAIDS MAKE GOOD SHOWING

Judging from reports, Pittsburg promises to place in the field this season a group of girl swimmers able to make a determined bid for signal honors. Miss Lillian Aeton is credited with covering 50 yards in 31 seconds, Miss Hazel Fowler is said to be doing close to 1 minute 10 seconds for 100 yards and 6 minutes 50 seconds

HAWAII DEFEATS CALIFORNIA IN GOLFING MATCH

Bell and Halstead Win From Neville and Maud in Contest at Moanalua

Hawaii defeated California at golf yesterday afternoon at Moanalua when Alex Bell and Frank Halstead defeated Jack Neville, former Pacific Coast champion, and Charles E. Maud, one of the leading players in California, 4 and 2. The match was best ball.

Bell came within one stroke of equaling Grier's record for nine holes when he made a 27 on the last round. He made a 39-37-76, which ties Grier's record for the 18 holes. Neville played excellent golf, making under 80 for the two rounds. Despite the condition of the course there were a few enthusiasts who followed the players around, and the match was interesting throughout.

Neither Halstead nor Maud played their usual game, but Bell and Neville had a number of lively duels. Bell started out in the last round with a good score, and was 21 at the end of the eight holes, but got in trouble on the last hole, taking a six for this one. His score for the last nine was as follows: 3-3-4-5-4-4-6-37.

If the weather continues to be fair Neville and Giffard will meet Bell and Halstead at the Oahu Country Club on Sunday. There were a number of golf enthusiasts who had planned on following the match at Moanalua but the foreboding was made up at the last moment, the players deciding they would try the course out despite the inclement weather. It is expected that there will be a large gallery out on Sunday.

for the quarter mile, Miss L. Wilson is plunging to 60 feet, Miss Henrietta Cook has swum 100 yards on her back in 1 minute 25 seconds, and Miss Edith Beck is rated good for 100 yards with the breast stroke in the astonishing time of 1 minute 16 seconds. If these girls can show similar performances in the title tests they will be extremely hard to beat in all but the sprinting races.

An automobile built for the car can be converted into a motor sleigh by replacing the front wheels with runners and placing chains on the rear ones.

Honolulu Boy Stars In Big Swim Program

OAKLAND, Cal.—A dark "water dog" may win the Pacific Coast intercollegiate conference swimming meet, scheduled for March 31 in the Piedmont tank. St. Mary's College is the animal in question. Despite its many championships in other forms of athletics the Oakland institution has been rather inactive aquatically, but the discovery of a number of champion and near-champion mermen has changed its attitude.

Walter Grace, a St. Mary's lad from Hawaii, who has repeatedly flashed through 50 yards in 25, is expected to take the measure of any college sprinter in the West. Grace has competed for various Hawaiian organizations and his record shows that he has twice placed second to the mighty Duke Kahanamoku.

Jack Robertson, who won the P. A. 100-yard championship this year, is also registered at St. Mary's, and if his form continues is conceded the century in the conference meet.

Then there are Herbert McInerney, also a Hawaiian; "Bill" Howell, who has a good record for distance swimming in southern California; Parks Wilson, the son of the ex-Seal catcher, who has developed into a fairly good turlong man, and Malachi ("Snake") Hogan, this year's quarterback on the St. Mary's football team, from whom the Red and Blue can choose a relay four that should give a hard tussle to the best of the other college teams.

CANARIO LEADS COAST LEAGUERS

The averages of the local bowlers in the Coast League, as compiled by Score W. A. Rasmussen, follow:

Names	Games	Ave.
Canario, J. W.	21	175.52
Tinker, C. W.	18	182.44
Wikander, C.	27	180.18
Scott, L.	18	180.00
Chamberlin, J. C.	24	179.75
Soares, O. P.	9	176.33
Mills, G.	6	170.83
Hall, P. C.	3	168.00
Scott, R. E.	3	164.33
Winne, J.	3	160.00
Gear, H.	3	152.33

CROSS COUNTRY RUN ONE SPORT WHICH ADVANCES

Mills School Excels in Only One Branch of Sport; Should Be Continued

There has been much discussion regarding discontinuing the cross-country run. The William Orr trophy, which was awarded to the school winning the trophy three times is a permanent cup, and it does not look at present as fitting that the run should be abolished.

Mills has a strong team this year, having built up an organization by hard work. Kamehameha has captured the event twice, and Mills once. This year Mills looks like a favorite. In justice to Mills school it does not seem fair that the one sport in which they have an opportunity to compete on even terms with the others should be dropped from school athletics.

Mills always enters a football team in the league. They have never yet scored a victory over the other teams but still keep on trying. Punahou has won the laurels in football. The same holds good in baseball. St. Louis has a great team and is almost certain to win the championship, but notwithstanding, Mills enters a team in baseball.

Regarding the danger to cross-country running, the schools of the mainland have found that it is a benefit instead of a danger, and cross-country running has improved in popularity throughout all schools in the intercollegiate world. Hundreds of schools adopted this form of sport last year. Mills attends to it that all athletes participating in the run are examined by a physician. The other schools might follow the same principles.

\$40 FOR PADDLING AWARDED TO YOUTH

MODESTO, Cal.—After deliberating three hours, a jury awarded Frank Gran, a 15-year-old schoolboy, \$40 damages for a "padding" administered by Miss Olive Peterson, his teacher. Damages of \$4000 were asked for the whipping, which was alleged to have ruined the boy's health.

FORM FIT

The **TALBOT** New **ARROW** Form Fit **COLLARS** are curve cut to fit the shoulders perfectly.

Cluette Peabody & Co., Inc., New York

What kind of a cigarette would YOU call sensible?

Check up and see how nearly this comes to fitting in with your own ideas:—

A SENSIBLE cigarette must taste good. It must be cool and smooth to your throat and tongue. It must be properly mild—mild enough so that you'll feel all right even though you may smoke more than usual.

In short, it must be comfortable. If it isn't, it can't be sensible.

Fatimas are comfortable because of the balance of their Turkish blend. The milder tobaccos in this blend are in such perfect balance with the richer, fuller-flavored leaves as to entirely off-set that uncomfortable, "oily heaviness" found in so many other cigarettes.

You'll notice the difference as soon as you try Fatimas.

TOPIC IS OLD, HANDLING NEW

"The Stronger Love," a late Oliver Morosco Photoplay Co. production, with Vivian Martin in the stellar role, comes to the Liberty theater tonight for the balance of the week. As is usual in Morosco work, whether in stage production or the "newer art," the unusual is noticeable. Morosco travels far from the beaten path whenever opportunity affords. He refuses to follow any set rules and thereby has proved a great success as a producer. Occasionally it is in the captions that he differs from his fellow-producers. Sometimes it is in the general setting of the story and often it is in the story itself. The coming Morosco feature takes hold of an old subject—mountain moonshiners, revenue officials, illicit stills and a beautiful daughter of the mountains and her "stranger" lover—but works it out along novel and unique lines.

The management of the Liberty announces a change in the presentation of its program from now forward. The performance will open with the current serial and the Weekly News Letter will be presented just before the intermission. It is believed that this change will meet favor in the eyes of those few who do not care to follow the serial photodrama but are deeply interested in current events as shown on the screen.

WILLIAM FARNUM GOOD AS SAILOR

"Battle of Hearts"—a romantic drama of the sea—is the method employed by William Fox in describing his latest offering and starring vehicle for William Farnum, the present Hawaii theater feature. The description covers the film admirably, except that it leaves a great deal to the imagination. Farnum as a sailor is Farnum in a "different" role, but Farnum is always good wherever placed and can always be relied upon to pack any theater. He is one of the male favorites of picture fans.

There are few followers of the films who are not doubly attracted by a photoplay that boasts a good, manly scrap. Such a scene is included in this feature. Be it known that William Farnum is most opposed to "faking" and when a fight is ordered he strips to the buff, figuratively speaking, and is ready for the mill. While it is all good-natured and for the success of the film Farnum insists on sufficient reality to make it of interest. The result is usually all that could be desired.

Maurice Costello, another big Hawaii favorite, is the hero of the latest Hawaii serial, "The Crimson Stain." This is another mystery serial and the opening episode whets the appetite for more to come.

VAUDEVILLE IS MORE POPULAR

As their engagement lengthens the popularity of the vaudeville artists now appearing at the Bijou theater continues to show a decided increase. Also, their work is improving with each performance. Bertie Ford, the tight-wire artist, is pressing the balance of the acts hard for "top" honors in popularity. This fascinating little lady is 100 per cent "pep" and her work throws life into the entire performance. She is "rapid-fire" on the high-wire, not losing a moment while she is on the stage—at least off the stage. This characteristic, however, is nothing new with this performer as she is a strong favorite wherever vaudeville is vogue from the Atlantic to the Pacific.

The Corelli Trio continues to dispense sweet and pleasing music. Their execution on harp and violin is most delightful. This is an act that is well out of the ordinary and pleases all sorts and conditions of theater-goers.

Degnon and Chilton, in their hand-to-hand balancing act, have one of the most effective vaudeville turns ever presented. Their work is clean-cut and performed with an ease that is most remarkable. Their entrance and exit is not the least part of their act. It is something different. The balance of the bill continues to make good.

EMPIRE OFFERS NOVEL PROGRAM

"A Temperance Town," with Francis Merridith in the title role, will be a headline attraction in the novelty program of new films to be shown at the Empire theater today. Merridith has played many roles on the screen, including those that depict the gentleman of very elegant leisure. In his clever interpretation of the man-about-town in the three-part comedy-drama today, he is said to excel all former efforts. "Temperance Town" is said to have more real thrills than any recent production in which Merridith has recently figured. A well-selected cast of players, many new to Honolulu, will be featured.

Lewis Stone in "A Sea Mystery," a film version of the powerful drama of the same name by Henry Sheldon, is a one-act play that gives great possibilities for artistic photography. Miss Estelle Hanson, a film favorite

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a Moist Cloth Through Hair and Double its Beauty at Once

Save Your Hair! Dandruff Disappears and Hair Stops Coming Out

Immediate?—Yes! Certain—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Adv.

Rock Island Railroad Sued for Six Millions

NEW YORK, N. Y.—The Colorado & Southern Railroad Company recently filed three supreme court actions against the Chicago, Rock Island & Pacific Railway Company to collect about \$6,000,000 damages.

The first action is to recover \$5,829,718, half the cost of constructing the Trinity & Brazos Railroad. This road was built by the plaintiff and defendant companies. The second suit is to recover \$50,545, interest paid on equipment bonds, for which the defendant is alleged to be liable.

The third suit is for the interest already paid by plaintiff on bonds for the erection of the Galveston terminal.
